

Dig Deeper Into Lamarre's Story

Senate Investigators Told More Details On Salary And Padding Of Accounts For General Meyers; Expense Of Decorating Meyers' Apartment Chalked Up To Firm

Washington, Nov. 18—(AP)—Eliot L. Lamarre told Senate investigators today that Aviation Electric Company paid Maj. Gen. Bennett E. Meyers \$17,972.14 in "salary" and "padding" from expense accounts in 1941 and footed a \$10,000 bill for decorating the general's apartment.

The 35-year-old president of the Dayton, Ohio, concern previously had testified to the Senate investigating committee that Meyers was the "real owner" and that he "kicked back" to the general all but \$2,957.66 of his \$31,000 salary as head of the company.

Meyers was wartime deputy chief of air force procurement (purchasing) and the senators are investigating his relations with companies which received war contracts.

The Senate group recessed until afternoon without clearing up the question of whether there was any over-lapping in the various amounts Lamarre testified were paid to the general.

Under committee questioning, Lamarre identified three series of checks which he said went to the general:

1. A group aggregating \$39,462.72, paid in 1940-41. Lamarre said this was repayment of \$38,310.24 which the general advanced the concern plus \$1,152.48 of interest.

2. A series amounting to \$17,972.14. Lamarre said this was salary at \$1,000 a month to the general less social security taxes plus \$6,000 listed as travel and entertainment costs. He agreed when Senator Ferguson, R-Mich., described the "entertainment" as "padding."

3. A \$10,000 series to Neta Davis, in 1941 a Washington interior decorator. Lamarre said this was for decorating the general's Washington apartment and was listed on the company's books as "selling expense."

But later, Lamarre said both the travel entertainment costs and the "selling expenses" were listed as part of his salary when auditors protested they could not be justified.

Lamarre repeated again today his claim that Meyers was the actual owner of the company which received subcontracts of \$1,053,000 during the war.

GIVES REPORT ON PROBE OF STATE CO-OPS

Charlotte Judge Submits Statement To House Ways And Means Committee

Washington, Nov. 18—(AP)—Growth of tax-exempt cooperatives in North Carolina "has been so great" the state legislature this year began an investigation of them, Judge Frank Sims, of Charlotte, N.C., said today.

Sims submitted a statement to the House Ways and Means Committee which is considering revision of tax laws applicable to cooperatives.

He said he represents the American Hardware Equipment Co., Charlotte, which does not want "to discredit or destroy these organizations. All we ask is tax equality. This is only just and fair."

He reported the North Carolina cooperatives "do over \$40,000,000 worth of business annually. There are over 80 cooperative associations with more than 72,000 members in North and South Carolina."

"North Carolina's largest farm cooperative is the Farmers Cooperative Exchange, Raleigh, N.C. It serves over 40,000 member-patrons in North and South Carolina, and distributes farm supplies through 37 centrally managed retail service stores, 32 independent co-ops and 23 private dealer agencies.

The Farmers Cooperative Exchange sales volume has sky-rocketed since the war from \$1,213,498 in 1945 to \$15,171,507 in 1946 and to \$28,851,510 in 1947 (the fiscal year ending July 31). Earnings for the last year exceeded \$700,000, of which \$84,000 was paid in cash dividends on stock and \$590,000 was to be allocated as patronage dividends. If past indications are any criterion, most of this patronage dividend is being withheld for expansion of the big co-op.

He said the co-ops' contention that they pay taxes "just like a partnership seems to be to be ample reason for the committee to start revising the income tax laws with respect to cooperatives, for all information concerning the co-op method of operation points conclusively to the fact that cooperatives are not partnerships. They are corporations. Let them pay for enjoying those advantages just as any other business pays."

But officials said that, in general, the effect on prices and on volume of imports will be slow to come, since few foreign countries are producing enough goods to ship them overseas.

Also, many of the thousands of foreign tariff cuts, which should widen the door for American exports, will be nullified for a time by other types of control, such as exchange (currency) restrictions and restrictive import quotas.

Many European and other nations will continue the quotas, officials said, in order to keep out unessential goods and conserve their dwindling supplies of dollars for essential food, fuel and reconstruction materials.

Six Army fliers die in wreck of bombing plane

Havana, Ark., Nov. 18—(AP)—Six unidentified Army fliers were killed last night when an Army bomber crashed into towering Mt. Magazine near here, exploded and burned, during a rainstorm last night.

Five bodies, three of them badly charred, were found soon after the crash and later Arkansas state police reported finding a sixth.

Papers in a billfold carried by one of the men indicated that two of the fliers were officers.

Sheriff Earl Ladd of Yell County said the plane was a B-25, and headquarters at Barksdale Field, La., reported that an unconfirmed report had been received there that the plane was a B-25 enroute to the field from Chicago.

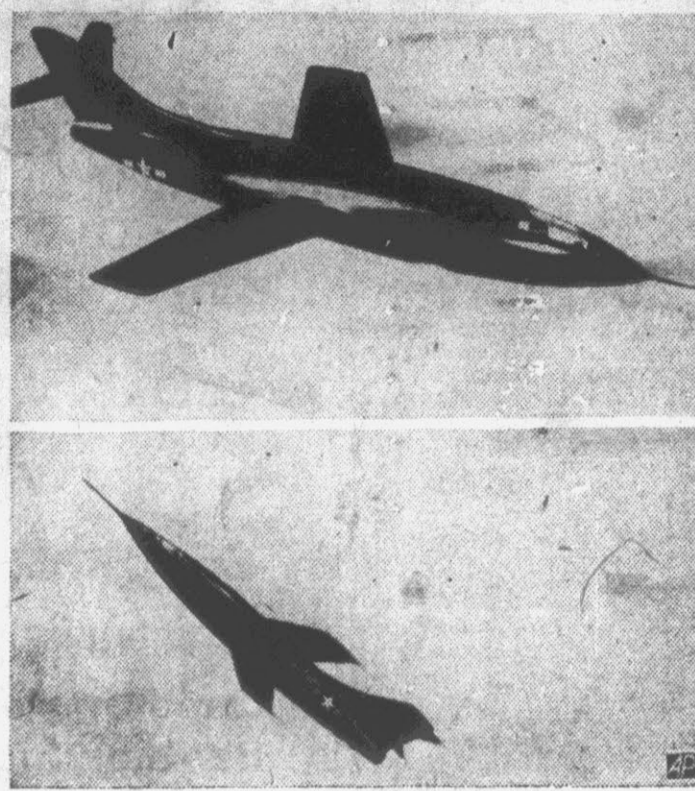

Wreckage was strewn over a radius of 75 yards.

China Inflation Again Goes Up

Shanghai, Nov. 18—(AP)—China's inflation bounded upward today, reflecting, businessmen said, lack of confidence in the Chinese dollars engendered by U.S. Secretary of State Marshall's unwillingness to underwrite this country's economy on a larger scale.

Marshall's proposal to combat inflation with \$300,000,000 in aid to China over a 15-month period already has had an adverse effect on this nation's galloping economy. The Chinese dollars has dropped in the last 48 hours to an all-time low of 104,000 to \$1 U.S.

Navy's New Jet and Rocket Plane

Construction of the Navy's new needle-nosed jet-and-rocket airplane, the "Skyrocket," has been completed at the Douglas Aircraft Corporation's plant at Segundo, Calif. Here is an artist's conception of the plane's sideview (top) while in flight and how it looks in a steep climb (bottom). It is expected to fly at 650 to 750 miles per hour. A novel feature is the needle-like lance in the nose, containing the pilot static tube for the airspeed indicator system. It is powered by a turbo-jet engine plus extra thrust of a liquid-fuel rocket. (AP Photo from U. S. Navy.)

Tariff Cuts Will Begin January 1

U.S. To Make More Than 3,500 Cuts In Import Duties Under Terms Of Geneva Trade And Tariff Agreement Announced Last Night

Washington, Nov. 18—(AP)—The government hoped today it would slash tariff duties set for January 1 will save Americans money without arousing a storm among industries left with less protection against foreign competition.

Under terms of the Geneva trade and tariff agreement made public last night, this country will make more than 3,500 cuts in import duties as part of a 23-nation pact affecting half the world's commerce.

"The general effect should be to ease the burden on the consumer—we hope for a substantial benefit," said one State Department official commenting on prospects for lower prices.

At least one such result—a drop of 30 cents a "fifth" bottle in the retail price of Scotch and Canadian whisky—was forecast by the National Association of Alcoholic Beverage Importers.

But officials said that, in general, the effect on prices and on volume of imports will be slow to come, since few foreign countries are producing enough goods to ship them overseas.

Also, many of the thousands of foreign tariff cuts, which should widen the door for American exports, will be nullified for a time by other types of control, such as exchange (currency) restrictions and restrictive import quotas.

Many European and other nations will continue the quotas, officials said, in order to keep out unessential goods and conserve their dwindling supplies of dollars for essential food, fuel and reconstruction materials.

U. S. OFFICERS WILL ADVISE GREEK FORCES

Scope Of Military Mission To Greece Broadened; American Planning Staff

Athens, Nov. 18—(AP)—Dwight P. Griswold, head of the U.S. aid mission to Greece, told a news conference today that in future American Army officers will "be observers and advisors on all military matters with the Greek Army."

The officers will be part of an Army group which up to the present has been able only to procure and advise on the subject of equipment.

"The officers," Griswold said, "will have advisory functions and no command functions."

Maj. Gen. William G. Livesey, head of the U.S. military mission in Greece, said this meant that American officers "inevitably but incidentally" would get into combat areas while fighting was going on.

Griswold said he recommended about 10 weeks ago that the authority of the present Army group be broadened "to help the success of the mission and to win the war."

An American planning staff, he said, will aid in Greek military operations to "win the civil war" against leftist guerrillas.

The U.S. Army announced in Washington last Friday that the American military mission in Greece, now mustering 40 officers and men, is to be increased by about 90 additional officers and 80 enlisted men.

"The Army said the Americans would help Greek soldiers assemble and use equipment sent under the Truman aid program in the fight against the guerrillas. The Army said they would furnish advice to Greek units down to the level of divisions."

Livesey said that while the Americans would have no command functions, they would advise on tactics and operations.

DISORDERS IN ITALY MOUNT

De Gasperi Says He Will Not Leave Middle-Of Road Course

Rome, Nov. 18—(AP)—Political disorders spread to new areas of Italy today despite a declaration by Premier Alcide de Gasperi that "with forecasts of revolution" would not sway him from his present middle-of-the-road course.

De Gasperi, speaking before the national congress of his Christian Democratic party last night in Naples, made a direct appeal to the Communists to stop their clamoring so that Italy could be assured of financial help from the United States.

Even as he spoke, however, his government ordered "a strong column of motorized carabinieri and public security police" into the southeastern province of Puglia to put down new disorders and political "agitation" raging in several towns there, the news agency ANSA reported.

At Corato and at Dolo demonstrators wrecked the offices of the rightist Uomo Qualunque (Common Man) Movement, thus carrying out the pattern of demonstrations the length and breadth of Italy last week. At Manfredonia, nearly 2,000 demonstrators tore up the offices of the Christian Democratic, Liberal and Common Man parties.

Wilmington, Del., Nov. 18—(AP)—At least five persons were reported killed today as a Constellation plane crashed and burned at nearby New Castle Airport.

Last Sections Of Mercy Train Near New York

New York, Nov. 18—(AP)—Symbolizing American generosity, the last two sections of the Friendship Train rolled toward the New York metropolitan area today, its snow-balling length of cars loaded with gifts of food for Europe's hungry.

New Yorkers prepared a gala welcome for the "mercy" train, the northern section of which is scheduled to pull into Manhattan about noon.

From the 12 boxcars that pulled out of Los Angeles behind a locomotive 10 days ago, the Friendship Train, gathering additional donations as it progressed on its trans-continental journey, has grown to more than 200, split into three sections. Most of the food is destined for France and Italy.

Falls In Cement Mixer; Injured

Glendale, Calif., Nov. 18—(AP)—Robert G. Austin, 25, fell into a cement mixer while it was mixing yesterday, suffering critical injuries.

He tumbled into the big mixer while feeding materials into it from a platform on a concrete block works. His shouts brought help and he was removed with the aid of acetylene torches. Both his legs were fractured and he suffered numerous lacerations and bruises.

Republicans Launch Attack On Truman Domestic Plan

FRENCH LABOR AGAIN TYING UP INDUSTRIES

Miners, Auto Workers Out; Other Key Unions Hint Action In Pay Demands

Paris, Nov. 18—(AP)—France's labor pot boiled over again today, giving up or threatening wide sections of nationalized industry as the center parties negotiated formation of a strong government to meet the crisis.

These were the labor events: 1. Seventy-two per cent of the country's 114,000 coal miners were on strike, with the rest expected to follow later in the day.

2. The 25,000 employees of the nationalized Renault auto concern stopped work.

3. Merchant marine union locals debated calling their second strike in a month. The merchant marine likewise is nationalized.

4. The federation of all unions in the Paris region threatened a general strike.

5. The civil servants union called a strike for Friday if their demands are not met.

All have demanded 25 per cent salary advances pending negotiations for raises.

On the political front, former Premier Paul Reynaud continued the conversations he began yesterday with various political leaders in an effort to set up a working majority in the National Assembly which would permit formation of a strong government to succeed the socialist led cabinet of Premier Paul Ramadier.

The apparent alternatives, should he fall, were appointment of Socialist Leon Blum as premier or enlargement of the present cabinet to include both Reynaud and Blum as members.

Washington, Nov. 18—(AP)—The Senate Appropriations Committee called today for an inventory of American food supplies before Congress acts on President Truman's request for \$597,000,000 emergency aid to France, Italy and Austria.

Chairman Bridges (R-NH) told a news conference the committee had decided unanimously to make an exhaustive inquiry into domestic food supplies to learn how much can be spared for export.

Complaining that the Administration is demanding speedy action on a stop-gap program without laying down detailed estimates, Bridges said:

"There is an effort here to stampede the country and our committee into action without the proper background of information. We are not going to be stampeded into action without knowing what is available in this country. We don't want to deliberately short change the American people."

The New Hampshire senator said that the committee's action should not be considered as indicating opposition to the emergency aid proposal. He said the Senate group simply wants to know all of the facts before it acts.

Stassen Heads For New Orleans

Little Rock, Nov. 18—(AP)—Harold G. Stassen headed for New Orleans today for a major speech on foreign policy, after pausing here yesterday to canvass Arkansas support of his candidacy for the Republican presidential nomination.

Washington, Nov. 18—(AP)—The future of the free nations of Europe hangs in the balance. The future of our own economy is in jeopardy.

Mr. Truman not only asked Congress for limited wage and price controls and rationing authority of one, but called for \$597,000,000 emergency winter aid for France, Italy and Austria. He declared this foreign relief would be convincing proof that America is determined to support the nations of Western Europe in efforts to remain free and to become entirely self-supporting, and added:

"If that action is followed by the enactment of the long-range European recovery program, this Congress will have written a noble page (Continued on Page Four)

New Naval Chief

Admiral Louis E. Denfeld shows his feelings with a broad smile in Washington after President Truman announced his appointment as chief of Naval Operations, succeeding Admiral Chester W. Nimitz. (AP Wirephoto.)

Bitter Opposition Spells Almost Certain Death In Congress For President's Standby Wage-Price, Rationing Program; Taft And Others In Forefront

Washington, Nov. 18—(AP)—Angry Republicans today marked for almost certain death in Congress President Truman's plea for standby power to invoke limited price-wage controls and rationing.

Led by Senator Taft of Ohio, an avowed presidential aspirant, and House Speaker Martin of Massachusetts, GOP legislators launched such a bitter attack on these two of the President's top cost of living proposals that they appeared certain to become top issues in the 1948 political campaign.

Taft, replying to the President by radio eight and one half hours after Mr. Truman addressed a joint session of Congress yesterday, sounded this Republican battle cry:

"This is the police state contemplated by the President himself only a month ago. This is the end of economic freedom."

In his message to the lawmakers Mr. Truman summoned back into special session to vote aid for Europe and try to keep rising prices at home, the President asked for immediate authority to allocate scarce commodities, control exports, tighten credit and impose other inflation curbs.

Back of these he asked for power to clamp down with "selective" price and wage controls, together with rationing, if he found such steps necessary to keep essential living costs in check.

"At a news conference October 16, Mr. Truman told reporters, in response to questions that controls, including these over rents, represent police state methods even in wartime.

"He added that such methods sometimes must be used in an emergency and that in this country they are used through the will of the people rather than that of one man."

Taft said there "will never be a time when an emergency cannot be summoned up" and demanded to know whether this country should abandon its philosophy of freedom "for the police state methods which have brought the rest of the world as seekers for charity at our door."

New Haven, Conn., Nov. 18—(AP)—Russia wants to compete next year in the Olympic games, says Robert J. H. Kiphuth, Yale's director of athletics and head U.S. Olympic swimming coach—provided . . .

Kiphuth last night told a meeting of the Junior Chamber of Commerce here that Russia had applied for the first time in history to the General Admissions Board for permission to compete in the Olympics next year in England. But, said Kiphuth, there are certain restrictions in the Russian application.

He identified these "stipulations and conditions" accompanying the Russian application as requests that Russia be made an official language of the games; that a Russian be placed immediately on the Olympic governing board, and that representatives of all assist countries be excluded from the games.

Russia Would Join Olympics But Sets Terms

Two Ex-Convicts Surrender After Farmhouse Siege

Neillsville, Wis., Nov. 18—(AP)—Two youthful ex-convicts were in jail today after surrendering to law enforcement officers to whom they related, apparently without remorse, their week-end orgy of killing and rape and their frantic attempt to evade capture.

The three-day pursuit of the young desperados by Wisconsin law enforcement officials ended yesterday when they surrendered to a sheriff's posse after a 12-hour siege at an isolated farm near this small north central Wisconsin community.

Child Plunges In Open Manhole, Is Swept Away

Seattle, Nov. 18—(AP)—A 5-year-old girl walking between her father and an aunt across a rain-swept residential street intersection last night plunged into an open sewer manhole and was swept away by the swift waters 12 feet below.

No immediate trace of the youngster, Sharon Irene Rothrock, was found in a block-by-block search of the sewer.

Den Rothrock, the father, told police Sharon had begged to go along as he accompanied her aunt, Mrs. Ambrose Smith to a bus stop.

Neck Deep In Politics

Price And Wage Controls, As Well As Rationing Will Probably Be One Of Main Issues In 1948 Elections; Powerful GOP Leaders Oppose The Whole Idea

Washington, Nov. 18—(AP)—The battering of Congress, living costs whole business of price and wage controls and rationing is now neck-deep in politics.

Don't expect their return. The chance is very dim. But they probably will be one of the main issues in the 1948 elections of next November.

President Truman asked Congress for power to use those controls again if, and when, he thinks they're needed to cope with living costs.

The Republican-controlled Congress would have to pass a law to give that power to Mr. Truman, who probably will be the Democratic candidate for president next year.

But the two most powerful Republican leaders in Congress have denounced the whole idea.

"They're Senator Taft of Ohio, who wants to be the Republican candidate for president, and Rep. Martin of Massachusetts, speaker of the House.

Taft made such a savage attack on the whole idea in a radio talk last night that it seems impossible he could ever change over.

For that reason, he was basing a lot of his political future on whether time would show he was right.

Since the summer of 1946, when the OPA began to collapse under the

Six Army Fliers Die In Wreck Of Bombing Plane

China Inflation Again Goes Up

Shanghai, Nov. 18—(AP)—China's inflation bounded upward today, reflecting, businessmen said, lack of confidence in the Chinese dollars engendered by U.S. Secretary of State Marshall's unwillingness to underwrite this country's economy on a larger scale.

Marshall's proposal to combat inflation with \$300,000,000 in aid to China over a 15-month period already has had an adverse effect on this nation's galloping economy. The Chinese dollars has dropped in the last 48 hours to an all-time low of 104,000 to \$1 U.S.

Rocky Mount Chief Of Police Shoots Himself

Rocky Mount, N.C., Nov. 18—(AP)—The death of Police Chief J. R. Thomas, 47, following an automobile accident yesterday has been ruled a suicide.

Dr. J. G. Raby of Tarboro, Edgecombe County coroner, said that a jury ruled that Thomas "came to his death by reason of a bullet wound inflicted by himself."

Dr. Raby quoted testimony of Mrs. W. A. Browne, who operates a dog kennel near the scene of the automobile crash, as indicating that the chief shot himself with his service pistol shortly after the accident.

Browne told the jury that he reached the scene first and that although Thomas was injured and appeared to be in great pain, he was not shot. The chief asked Browne for a glass of water.

Mrs. Browne said that when she arrived with the water, she found Thomas slumped over in the car with a wound in the head. She said that neither she nor her husband heard a shot fired.

Browne testified that Thomas told him he swerved his car to avoid striking a dog. The car apparently out of control, left the highway and traveled about 100 yards before striking the abutment of a bridge.

Senators Hoey And Umstead Endorse Truman Speech On Relief, Inflation

Washington, Nov. 18—(AP)—Senators Hoey (D-NC) and Umstead (D-NC) agreed today that Congress should speedily provide relief for Europe recommended by President Truman.

Hoey commented: "The President's message was clear and concise, touching on the immediate needs to Austria, Italy and France in order to prevent starvation and extreme suffering for the next four months."

He dealt in candid and frank manner with price spiralling in essential foods, wearing apparel and

C. J. Moore returned to Wood-Herring hospital in Wilson for treatment this morning.

Mr. and Mrs. H. F. Jones, Jr. and Mrs. Dubney Foster of Baltimore, Mrs. Morgan Gibson of New York and Mr. and Mrs. H. F. Jones and Mrs. Burwell Temple of Kinross will spend tomorrow with Mr. and Mrs. Vance Perkins.

Mrs. J. C. Rittenhouse and little daughter of Hillsboro are spending this week with Mrs. Rittenhouse's parents, Mr. and Mrs. Paul Flye.

Mrs. R. M. Manning, Mrs. Lucile Holoman, Mrs. Perry Manning and Mrs. Johnnie Cooley of Belvoir and Mrs. R. L. Manning of Farmville spent Tuesday in Danville, Va.

Successful Bridge Tournament
The American Home Department of the Woman's club wishes to extend thanks to all those who so generously helped to make the tournament a success: to Mrs. Hicks Corey, chairman of the ways and means committee who with her able assistants planned and carried out the whole affair; to Mrs. Harvey Ward who secured the prizes and all those who donated them; to Mrs. Dink James who had charge of the refreshments and all the members who furnished and helped serve them; to Mrs. James Phelps, Mrs. S. L. Daughtridge, Mrs. J. L. Evans and Mrs. Ed Ricks who had charge of the tables and Mrs. J. A. Watson who decorated the club; and all the players who came.

The prizes were presented by Mrs. Howard Mims as follows: Mrs. H. R. Rogers and Miss Jane Hadley, the grand prizes consisting of a turkey and a cake. The bridge prizes were won by: Mrs. Boutab Brown, Mrs. Bob Whishard, Mrs. J. R. Etheridge, Mrs. Lather Herring, Mrs. James Phelps, Mrs. James L. Evans, Dr. W. S. De Loeh, Mr. John Karsnak and Mr. C. W. Davis.

For setback: Mrs. Leo Hawkins, Miss Virlyne Ussery, Mrs. Tavasso, Mr. Richard White, Mr. Stewart Hawkins and Mr. A. B. Corey.

Sunday School Council Meets
The Sunday School Council of the Eighth Street Christian Church will meet for the annual supper conference on Wednesday evening at 6:30 in the junior room of the Sunday school. At that time Rev. Robert W. Bradshaw will address the group and a business session will follow. Robert S. Moye is general superintendent.

Represent College at Savannah Dr. L. P. Brewster and Dr. H. A. Coleman of the social studies department of East Carolina Teachers college represented the college at the meetings of the Southern Historical Association, which was in session at Savannah, Georgia, on November 13-15.

SOCIAL CALENDAR

TUESDAY

7:00 p. m.—Misses Marie Hale and Eleanor Branch will entertain at dinner at Clark's honoring Miss Evelyn Tucker, bride-elect. Hannah will be hostess to the Inter Se Book club.
8:00 p. m.—Chapter 149 of the Eastern Star meets.
8:00 p. m.—St. Elizabeth's chapter of St. Paul's Church meets in the parish house.

WEDNESDAY

10:30 a. m.—Mrs. Charles Horne, Jr. and Mrs. Sid Crane will be hostesses at a coffee hour at the home of Mrs. Charles Horne, Sr., honoring Miss Rosamond Van Dyke.
3:30 p. m.—West Greenville P. T. A. meets.
7:30 p. m.—Dinner meeting of the Eastern Carolina Cosmetologists Association at Air Port Inn.
8:00 p. m.—Training School P. T. A. meets. Rev. J. A. Neilson guest speaker.

THURSDAY

3:30 p. m.—Executive Board of the Woman's Club meets at the club house.
7:30 p. m.—Pitt County Insurance Exchange holds regular monthly dinner meeting at Respass.
8:00 p. m.—Mrs. Stuart Page and Mrs. J. M. Baratt will entertain at bridge at the home of Mrs. Baratt, in honor of Miss Evelyn Tucker, bride-elect.
8:00 p. m.—Lydia Wooten class of the Methodist Church meets with Mrs. George Clapp, 108 E. 8th Street.
8:30 p. m.—Mrs. W. J. Stell will entertain at dessert bridge at her home on Ayden highway in honor of Miss Rosamond Van Dyke, bride-elect.

FRIDAY

6:30 p. m.—Kiwanis Club.
8:00 p. m.—Garden club meets in the club house.

West Greenville P. T. A.

The West Greenville P. T. A. meets Wednesday afternoon at 3:30. There will be a guest speaker. All members are urged to attend.

Social and Personal

Chief F. H. A. Meets
The Jolly Echers Club met November 3rd in the school Home Ec. department with 23 members present. This was the third consecutive meeting.

The meeting was called to order by the president, Frances Edwards, who asked the group to stand and repeat the club motto, "Success comes in cans. I can, you can, we all can." After that, old and new business was discussed.

The meeting was then turned over to the program committee. Naomi Rouse and Nina Lou Page gave a very interesting program, the topic: "Dating." Nina Lou read an article on how to insure a good time for ourselves concerning suggestions on "Topics of Conversation." Naomi then read articles on, "Financial Pretence and Extravagance," "Being Considerate of Each Other," "Sincerity," "Straightforwardness" and "Getting the Habit of Speaking Kindly of People."

The meeting was adjourned and the members then joined in a social hour, enjoyed by all. During this time refreshments, which were furnished by Mrs. Page, advisor, were served by Christine Stancill and Mildred Mills, representatives of the third-year class. The refreshments consisted of a very attractive and appetizing plate with company tea.

At a previous meeting it had been decided that we would meet twice monthly—once in the Home Ec. department, and once in the home of one of the members. The Jolly Echers will meet again on November 17, in the home of Irene and Nina Lou McGowan. Jean Mills, reporter.

Birth Announcement

Mr. and Mrs. Leo John Sullivan, of Pomona, Calif., announce the birth of a son, Gregory Ambrose, on November 16.

Mrs. Sullivan is the former Miss Bernice Brown Manning, of Greenville, Route 4.

Conduct Conference

Students serving as assistants in the Nursery school at East Carolina Teachers college during the fall quarter met on Monday and Tuesday with parents of children attending the school and conducted a series of conferences on the work being done for pupils there. The meetings were planned under the direction of Ruth Lambie of the college home economics faculty, director of the Nursery school and were the first such discussion groups to be held for the school. Creative work done by pupils was shown and discussions on suitable Christmas gifts for young children were held.

United Effort In TB Fight Urged By Dr. Phillips

The united efforts of all groups in the community are needed to eradicate tuberculosis, which last year killed 38 Pitt County residents, Dr. S. J. Phillips, county health officer, said Monday night in a radio talk commending the work of the Pitt County Tuberculosis Association and urging support of its Christmas Seal Sale.

Pointing out that the association derives the entire support for its extensive tuberculosis control program from funds contributed by the public during the Seal Sale, which opens Nov. 24 and continues until Christmas, Dr. Phillips said it is to the interest of every member of the community that the Seal Sale be a success.

"The tuberculosis prevention and control projects conducted by the association in our community have helped make this a safer, healthier place in which to live," he continued. "We cannot afford not to support its work."

Because tuberculosis is a communicable disease, even one case in the community is a threat to every other resident, Dr. Phillips said, and no effort should be spared to find every case in the community. "Tuberculosis has a long, symptomless onset," he explained. "People may, therefore, have the disease—and spread it to others—before they realize they are ill. Early tuberculosis can, however, be discovered."

WIFE INHERITS

mothers habit of serving NABISCO 100% BRAN! More flavorful as cereal-lighter for muffins. And it's finer-milled for gentler action. Let your family enjoy some today!

Try this simple, satisfying way to help relieve constipation due to insufficient diet. If condition continues, see a doctor.

MADE BY NABISCO NATIONAL BISCUIT COMPANY

40 Years Ago

THE DAILY REFLECTOR November 18, 1907.

All interest is centered at Cottendale, where on Thursday will take place the marriage of Mr. Douglas B. Wesson of Massachusetts and Miss Elba B. Cotten.

A merchant in town today bought a possum dog for which he paid \$15. That doesn't look like hard times but it looks like 'possums if the dog makes good.

The chief of police will arrest anybody he catches trying to take a photograph of the mud on the streets.

ered by means of the chest X-ray. That is why your tuberculosis association and your health department urge every adult to have a chest X-ray at least once a year. The case-finding activities of the association, which have been extremely helpful to the health department, are financed by the sale of Christmas Seals. Let's show our approval of the association's work by being generous in buying Christmas Seals."

Cases Tried In Police Court

The following cases were tried in Police Court Monday:
Contempt of court: Jake Watson, colored, a witness, drunk in the courtroom, 30 days in jail.

Drunk: Laura D. Taylor, \$15; Willie M. Dixon, \$15; Alonza F. Harrington, \$15; Jesse Jones, \$15; Rob-

ert Harrington, colored, 30 days in jail; Sylvester Vick, \$20.

Gambling: Pete A. Ford, Laura D. Taylor and Romie J. Jones, each \$10. Jones gave notice of appeal.

Speeding: William J. Gorham, colored, \$20, and recommended that his driver's license be revoked for six months; Edwin D. Averett, \$20. Assault: William T. Wooten and Clarence D. Pridgen; Wooten guilty, appealed; Pridgen not guilty.

Forceful trespass, larceny and

drunk: Pittman Stocks, guilty, appealed; Mervis Lee Stocks, larceny and forcible trespass, guilty, appealed.

Larceny and trespass: Daniel L. Braxton, turned over to juvenile authorities.

Assault with a deadly weapon (a knife): Charlie Mabry, colored, 12 months on the roads in one case, two years in another.

Reckless driving: James Smith, colored, \$25.

Coldest Day

Today was the coldest day this fall. The official thermometer at the local weather bureau registered 31 degrees early this morning and there was a heavy frost. Mrs. C. E. Maiden, observer here for the Weather Bureau, U.S. Department of Commerce, stated, December 22 is the first day of winter.

Quality First . . . "FORBES"

WHY THESE

FROCKS STAND OUT

It's only natural for quality and style to stand out in any social gathering. One look will convince you that the proper attire is very simple to obtain if you select them at the store whose reputation for the best exclusive styles and quality has never been disputed. We suggest that you consult our store force for your future needs.

Make it the most romantic and beautiful holiday season ever... in our new lush party frocks that go to all new lengths to be so feminine, beautiful and flattering. Before the holiday parties start, select your frock to dance and romance the holiday through.

Strength FOR THE DAY

STRENGTH FOR THE DAY
COOLING OFF PERIOD
Industry today is almost univer-
sally committed to the "cooling off"
provision in labor legislation. No
strikes until a cooling off period
has elapsed.

It would be good for us all to
put it in our personal codes. No
stinging rejoinder until a cooling
off period. No divorces until the
contemplating parties have had a
few months to think what their ac-
tions will mean to them and their
families. No lawsuits until the lit-
igants have a chance to ponder the
expense, mental and moral as well as
financial, of going to law. No hasty
judgment of an associate, no
scratching of anybody off the call-
ing list, no throwing up of a satisfac-
tory job, no hasty dismissal of an
employee until the cooling off
period has had time to substitute
cool reason for hot passion.

Most things over which people
quarrel are so ridiculously petty and
insignificant that one scarcely knows
whether to laugh over spiteful per-
formances or to weep over them.
Feuds lasting for generations have
often started over matters forgotten
in a few weeks, although the feuds
went on.

Neck-Deep . . .

(Continued from Page One)
last night that he's sharply aware
of the political importance of all
this.
He said that, from a political
standpoint, it might be better for
Congress to let Mr. Truman have
the controls he asks because the
public would get mad at the Presi-
dent.
But the senator said such controls
in peacetime would mean a "police
state" and he wants no part of it.

CAN'T SWING IT . . . EH?

Opportunities come and go and all of them pass you by . . . because you never have the money . . . "TO SWING IT."

A good chance to buy a house . . . but not enough money. Could a bought a lot . . . but couldn't swing it. We know that song forward and backward and all of the verses . . . and we also know a pretty good answer. It can be summed up in one word . . . SAVINGS.

Savings added to persistently, grow amazingly. Little money soon gets to be big money. Dividends that we pay regularly help quite a bit.

In addition to all that . . . there is a lot more than meets the eye in becoming acquainted with the person to whom a financial institution may grant a loan.

Thrift, persistence and reliability are qualities that can not be underrated in dollar value.

Folks who save money regularly for some reason usually have those qualities.

And for some reason those qualities seem to give people confidence in themselves and they inspire it in others. See what we mean?

Maybe you can't swing it . . . but maybe you haven't tried steady savings yet. It's a marvelous builder of financial strength. Try it.

OUT AHEAD IN New Cab Comfort

Better Looking... Better Riding
Better Built and A Better Buy

Above — Seats are ad-
justable 3 1/2 inches. Thick upholstery and 73 individually wrapped springs assure extra comfort and long wear.

Center — Cabs are ven-
tilated by a circulating fresh air system equal to the finest cars. Forced air heating and defrosting are also available.

Below — Grilles are
protected and reinforced by bars of heavy bumper stock. They're frame-mounted and angle-braced.

New light and medium duty GMCs lead the field with a long list of outstanding comfort features. For roominess, there's more leg room, hip room and elbow room. For riding comfort, there's the 3-point cab mounting with rubber stabilizers . . . adjustable seat with nearly double the number of springs . . . scientific insulation and soundproofing. For visibility, there's 22% more area in windshield and windows. For ventilation, there's a revolutionary fresh air circulation system.

Add to all these comfort features the distinctively styled, rugged new front end design . . . war-prowed and improved engines . . . stronger and sturdier chassis . . . and you'll appreciate why the new GMC is truly The Truck of Extra Value.

Arrest Woman For Transporting Booze

Pitt County ABC Officers J. M. Ward, J. L. Taylor and Deputy L. E. Manning arrested Mrs. Annie Ree Moore of the St. John's section yesterday and charged her with transporting bootleg liquor. Her car had stopped on the Maple Cypress road near St. John's Church and she could not start it when the officers arrived.

The officers quoted the woman as saying she was trying to make a little money on the side. She was recognized for her appearance in County Court November 25.

Pirates Lost To WCTC Saturday By 28-0 Score

The Western Carolina Teachers College Catamounts combined a nice ground game with a beautiful passing attack to score in every period and another East Carolina's Pirates 28-0 in Cullowhee Saturday night.

The Pirates could not slow the little to handicap the charges of Coach Tom Young, who struck through the air for three scores and then combined a passing attack with several line plunges for their final tally.

The Western Carolina line held the visitors to a total of minus eight yards rushing, and the Cats rolled up 136 on the ground and 89 via the air route.

Humphries was outstanding in the line for the Catamounts, while Bryson, Whitaker and McConnell performed creditably in the backfield.

For the Pirates it was Stanly Peel and John Wyatt in the line and Roger Thrift and Jack Davis in the backfield, who gave worthy performances.

The Pirates arrived in Greenville Sunday night and brought no alibis—all readily agreed that they "were completely outclassed."

Believe Russia Has Superforts

Washington, Nov. 18—(AP)—Gen. Carl Spaatz says Russia apparently has succeeded in duplicating the B-29 Superfortress, which at the end of the war was the only aircraft in service capable of dropping an atom bomb.

Spaatz told the President's Air Policy Committee the Soviet Union has tried to place orders recently for B-29 tires and landing gear.

"This leads us to believe that Russia has built B-29s," he said yesterday.

He added that the Russians did not get the parts they asked for.

Thirty-One Die In Blazing Store

Christchurch, New Zealand, Nov. 18—(AP)—Thirty-one persons died today in a fire of undetermined origin which destroyed the four-story Ballantyne Bros. Department Store, largest retail establishment in this south island city.

Firemen made several dramatic rescues and brought the spectacular blaze under control after two hours, but the whole interior of the building collapsed, and the heat was so intense that rescue parties were forced to curtail their search for victims.

OPERATE ON DIMAGGIO

Baltimore, Nov. 18—(AP)—An operation to remove bone chips from the throwing arm of Joe DiMaggio, New York Yankee outfielder, was pronounced a success at Johns Hopkins Hospital last night by Dr. George E. Bennett.

Bennett said he also removed a lesion from the limb.
