RUSSIAN-IRAN OIL TROUBLES AGAIN RAISED

Soviet Protests "Hostile Act" By Voiding Proposed Oil Concessions

London, Nov. 21.—(AP)—Russia has delivered to Iran a stiff note charging that by voiding proposed oil concessions to the Soviet Union a month ago the Iranian government committed a "hostile" act, Moscow radio said today.

The broadcast said the note, delivered to Premier Ahmed Qavam yesterday in Tehran, was a "resolute protest" against "the hostile actions of the Iranian government in regard to the Soviet Union, which are incompatible with normal relations between the two states."

In making this strong hint at a break in diplomatic relations, the note "charged the government of Iran with responsibility for the consequences of this," the broadcast added.

The note was dispatched, Moscow said, in response to a message from Qavam dated Nov. 5, advising the Soviet Union that the Iranian Majlis (Parliament) "considered the agreement on the foundation of a joint Iranian-Russian oil company, concluded on April 4, 1946, as null and void."

The broadcast said "the Iranian government has thus treacherously" (Continued On Page Eight)

Meyers Admits Signing Of Two False Affidavits

Washington, Nov. 21.—(AP)—Red-faced and flustered, Maj. Gen. Bennett E. Meyers acknowledged today that he once signed a false affidavit concerning use of the Cadillac automobile which has figured in the Senate investigation of his wartime activities.

The acknowledgement came as members of the Senate war investigating committee cross-questioned him on his story that he set up the Aviation Electric Company solely to help a girl friend, Mrs. Mildred Lamar, wife of the man who became its president.

Mentioning the Cadillac, which B. H. Lamar said Aviation Electric bought for Meyers, Senator Ferguson (R-Mich.) asked Meyers whether the car had ever been used by Aviation Electric prior to January 1, 1942—that is, prior to a wartime government freeze on deliveries of new cars.

"No," Meyers replied.

Then why, Ferguson shot back,

had Meyers signed an affidavit to the District of Columbia Auto License Bureau that the car had been "bought, paid for and used by the Aviation Electric Company before Jan. 1, 1942?"

"Is that your signature?" Ferguson demanded, turning the affidavit over to Meyers.

Flushing, Meyers said it was, but that he had signed it as "just a routine thing." He said "anybody would have signed it."

Ferguson commented that there would not be much point to affidavits if they could be explained away as Meyers was trying to.

Meyers acknowledged that he also signed a second affidavit that "was incorrect" to obtain a District of Columbia license for the same large blue car.

The second affidavit also listed the electric company as owner and user of the car at the fashionable apartment where the general lived at one time during the war.

While the Senate hearing progressed, the Meyers case got attention elsewhere.

AMVETS, organization of veterans, demanded in a statement that the army revoke the distinguished service medal and Legion of Merit awarded to Meyers and re-examine his right to a monthly disability pension of \$461.

On the House floor, Rep. Bennett (R-Mo.) alluded to the Meyers hearing and declared:

"If the army does not soon take action to court-martial that scoundrel I shall introduce legislation to require it."

Bennett said Meyers draws a total of \$550 a month "from the American taxpayers, getting other allowances as well as \$461 disability pension."

The Justice Department has announced it is investigating and proposes to bring an income tax case against Meyers when the Senate hearings conclude.

"Shylock?"

New York, Nov. 21.—(AP)—Russia's Andrei V. Vishinsky said today that conditions laid down by the U. S. for aid to Europe under the Marshall plan could be compared to the "guarantee sought by Shylock."

He told the general assembly of the Secretary of State Marshall and Senator Vandenberg (R-N.Y.) which had shown in recent speeches "that kind of guarantee" the U. S. would seek from western European countries trying to get American aid.

Blum Tells France Republic In Danger

Goes Before Assembly Seeking Authority To Form Cabinet; Socialist Cites Menace From Rightists And Leftists

Paris, Nov. 21.—(AP)—Premier-designated Leon Blum told the National Assembly today "international communism has openly declared war on French democracy" and that "the republic is in danger" also from Gen. Charles de Gaulle's right wing People's Party.

"The situation is grave," the 75-year-old Socialist leader declared.

Blum sought assembly authority to form a government to replace that of Socialist Premier Paul Ramadier, who resigned Wednesday. As he spoke, a half million workers were on strike in critical industries throughout France and the labor situation hourly was growing worse.

Blum needed a simple majority—310 of the 618 assembly votes—for authority to form a cabinet. He was certain to be opposed by both the extreme left and the extreme right.

SEEK IMPROVE HIGH SCHOOLS

Federal Commission Of Educators To Promote Changes

Washington, Nov. 21.—(AP)—Dr. John W. Studebaker, federal commissioner of education, said today a commission of educators will meet here next month to promote sweeping changes in secondary education.

The changes are needed, Studebaker told a reporter, because too many of the nation's high schools fail to meet the educational requirements of 60 per cent of their \$500,000 students.

The task of revising curricula will take at least 10 years, and would be a great deal simpler, Studebaker said, if the nation had 10,000 high schools instead of 29,000 and none with less than 300 students.

He added that 19,000 high schools have fewer than 200 students each and their administration accounts for a great share of the nation's \$1,250,000,000 high school cost.

"High schools today generally provide adequate courses for the 20 percent of their students going to college and for the 20 percent who go into vocational fields," Studebaker said.

"But the remainder, who are interested neither in academic nor vocational training, drift out into life with no special training for the work that will be available to them."

"We must bore under that group and discover the curricula to meet its needs."

"UNCLE DAVE" DIES

Raleigh, Nov. 21.—(AP)—"Uncle Dave" Haywood, elderly butler at the governor's mansion, died today after a long illness. He was serving his 14th consecutive governor. Haywood attracted nationwide attention last summer when he inspected the kitchens at the White House, one of the few persons ever allowed to do so.

EDUCATORS AT COLLEGE OPEN ANNUAL MEET

Convention Begins With Nearly Thousand Attending; Welcome By Messick

Teachers from 22 counties of the northeastern section of the state gathered today on the campus of East Carolina Teachers College to attend the 25th annual convention of the Northeastern District of the state education association. Approximately 1000 teachers are attending the general sessions and the departmental meetings included in the program for the day.

With John T. Biggers of Winterville, president of the Northeastern District Association, as presiding officer, the first general session got under way this morning at 10:30 o'clock in the Austin auditorium of the college. Two sessions by the Greenville High School choir, directed by Oma Shindler, opened the meeting. The Rev. J. A. Nelson of the Immanuel Baptist Church gave the invocation.

Dr. John D. Messick, president of East Carolina Teachers College, welcomed guests to the campus. He stressed the aim of the college to train the best type of teachers for the schools of the state. In an effort to better its program, East Carolina, he said, has established a bureau of field services operating this year for the first time. He mentioned also the courses at the college, many of them on the graduate level, which are open to in-service teachers.

D. H. Conley, superintendent of the Pitt County schools and district director of the NCEA, spoke briefly on the progress of the membership drive of the association in the northeastern counties.

A. C. Dawson, Jr. of Southern Pines, vice-president of the NCEA, extended greetings from the state association. In a brief address he stressed the importance of the local unit in furthering the plans of the NCEA. Emphasis laid on the study of international affairs and on public relations work in the schools, he mentioned as valuable recent trends in the field of education.

Bertha Cooper of Elizabeth City, state NEA director, discussed the program of the National Education Association.

The two principal speakers of the morning were J. E. Miller, associate director, Division of Instructional Service, State Department of Public Instruction, Raleigh; and Nathan Yelton, executive secretary, Teachers and State Employees Retirement System of North Carolina, also of Raleigh.

Miller pointed out the "tragic trend" away from elementary education. Students, he said, are no longer desirous of training themselves to be elementary teachers and, as the need grows greater, the number of teachers in the elementary schools grows smaller. He outlined a number of promising practices in elementary education at the present time, especially better planning in school programs. The good elementary school, he said in conclusion, is a school that knows where it is, where it is going, and how to go, and that is busy going somewhere.

In explaining the state system of retirement, Yelton outlined the history of the system since its establishment in 1941. Members, he said, now number 70,000 teachers and other state employees. The greatest progress in the system was made by the legislature of 1947, when the legislature appropriated \$11,000,000 to increase benefits. At present, he stated, there is a retirement reserve of \$1,250,000.

Republicans In Senate Plan Own Anti-Inflation Scheme

General Bradley Next Army Chief

Spy Boobytrap

Washington, Nov. 21.—(AP)—R. N. Cannon (D-Mo.) reported today a House committee learned on a secret wartime visit to the Oak Ridge, Tenn., atom bomb plant that foreign spies were working there.

"In fact," Cannon said in an interview, "we were told there were spies from all the enemy nations."

After their discovery, he said, they were permitted to stay on the job so they could be watched and the spy network traced. He added:

"We were told these spies couldn't do any damage because workers in one building were never allowed to know what workers in another building were doing. Besides, a system was set up to foil them."

President Names Carl Gray To Be Veterans Administrator; Other Appointments Announced In News Conference

Washington, Nov. 21.—(AP)—President Truman today named Carl R. Gray to be veterans administrator and announced he is making Gen. Omar Bradley Army Chief of Staff.

Gray, vice president of the Chicago and Northwestern Railway Association, will take over the Veterans Administration duties January 1.

Bradley will succeed Gen. Dwight D. Eisenhower, who is retiring as chief of staff to become president of Columbia University.

The President said he does not know just when Eisenhower is donning his uniform.

In the meantime, he said, Bradley is going back to the Army Department and make a survey of its facilities.

Mr. Truman said he is appointing Gen. C. V. Cates as commandant of the Marine Corps succeeding Gen. A. A. Vandegrift.

At the same news conference, the President disclosed that Maj. Gen. Robert M. Littlejohn is resigning as war assets administrator November 28.

The President said Deputy Administrator Jess Larson will take over Littlejohn's duties as acting head of the War Assets Administration which is to be liquidated by next June except for real property.

The Federal Reserve Board sets credit margins on stock dealings. It can require up to 100 per cent margin—which means no credit and all cash for stock purchases. At present, however, the margin is 75 per cent—meaning 75 per cent must be put up in buying stocks.

Asked whether he wanted to establish the same margins on commodity trading, Mr. Truman declined to discuss specific figures but said the government ought to have the same type of authority. Commodity trading margins at present are fixed by individual exchanges.

Mr. Truman met with the newsmen a short time before Republican senators gathered to consider demands for a GOP anti-inflation program to counter Mr. Truman's proposals. Two groups were ready with different suggestions.

Initial hearings by the Senate House Economic Committee on the President's request for the inflation controls were scheduled after the meeting of GOP senators.

Although Chairman Millikin said he doubts any final decisions will be made by the Republican conference, bloc led by Senator Flinders of Vermont and Senator Capehart of Indiana planned to urge what both have called "positive" party action.

Policeman's Son Admits To Arson

Philadelphia, Nov. 21.—(AP)—John Allen, 20-year-old son of a Philadelphia policeman, has been charged with arson after admitting in a signed statement that he set the fire which destroyed historic St. Anne's Roman Catholic Church on Armistice Day. Fire Marshal George J. Gallagher said.

The blaze, routed through the church for 90 minutes, leaving only the side walls of the church standing.

Two Object Lessons

Italy And France Are Prime Examples Of How Communism Works In Attempting To Take Over A Country; Present Situation Had Its Roots In 1917; A Review

By DEWITT MACKENZIE

The incipient Red revolutions against the governments of France and Italy provide prime object lessons of communism's methods for all free people who are smart enough to take a good look.

The present situations in these two key states of Western Europe are neither haphazard affairs nor have they developed overnight. They are typical in their growth. They are the result of long and careful maneuvering from small and ostensibly peaceful beginnings. In both countries the Bolsheviks started to bore in soon after the Russian revolution of 1917, a generation ago, and they have continued ever since, although they were driven underground in Italy during Mussolini's rule.

There were the agents of the Comintern—the fifth communists and fellow travelers—the "social" and "educational" fronts with innocent sounding names—the pink organizations in schools and universities, and the "liberal" teachers who secretly were Communists—their obnoxious entrance into politics—and most important of all, the infiltration into trade unions and the capture of strategic executive positions.

All these schemes were pushed vigorously but quietly until today we see Communist parties in France

GOP Program Will Result From Study Of All Proposals Including That Of The President; Truman Amplifies Plan For Commodity Market Controls

Washington, Nov. 21.—(AP)—Senator Millikin (R-Colo.) said today that Senate Republicans will develop an anti-inflation program, based on "sound measures," as their answer to President Truman's cost-of-living proposals.

The Colorado senator is chairman of the Senate Republican conference and talked with reporters after a meeting of that group.

He said the drafting of a GOP program will have to await a study by committees of all of the proposals thus far made. He said these would include President Truman's 10 suggestions for legislative action.

"We will have a program to do the best we can with anti-inflation and it will consist of sound measures," he said.

President Truman, at a news conference earlier, had given a little amplification of one of the measures he proposed.

Mr. Truman said he wants Congress to grant authority for control of credit margins on commodity market transactions in the same way the government regulates stock exchange dealings.

He made that response at a news conference when he was asked for amplification of his anti-inflation proposal for regulation of speculative trading on commodity markets, which deal in wheat, cotton and similar products. The proposal was one of 10 steps for combating price rises which he outlined in a message to Congress Monday.

The Federal Reserve Board sets credit margins on stock dealings. It can require up to 100 per cent margin—which means no credit and all cash for stock purchases. At present, however, the margin is 75 per cent—meaning 75 per cent must be put up in buying stocks.

Tobacco Industry Seeks Assistance In Congress

Ask For Legislation To Increase Leaf Exports Under Long-Range Program; Industry-Wide Committee Gives Plan

Washington, Nov. 21.—(AP)—Tobacco industry leaders asked Congress today for legislation to increase tobacco exports under a long-range program.

An industry-wide committee, which leaders said was the first for tobacco in the United States, laid a three-point program before tobacco state congressmen.

The aim, they said, is to increase shipments from a prewar average of 340,000,000 pounds yearly to about 365,000,000 pounds annually.

J. B. Hutson, president of Tobacco Associates, an organization of growers, warehousemen and dealers formed to boost exports, outlined the three points:

1. Include tobacco among products to be sent 16 countries under any proposed foreign aid program, like the Marshall Plan.
2. Increase exports through financial aid from the Export-Import Bank.
3. Ship an initial supply of 50,000,000 pounds of tobacco, bought by the government, to start German cigarette factories.

The industry committee includes Hutson; J. C. Lanier of Greenville, N.C.; and Josiah Fort, formerly of Clarksville, Tenn., both representatives of the Tobacco Association of the United States; Hugh W. Taylor, formerly of Lewisport, Ky., executive secretary of the Burley and Dark Leaf Export Association; and Judge Lorenz K. Wood, of Louisville, Ky., counsel for the burley leaf tobacco dealers.

WILL APPEAL COURT RULING

Housing Officials Seek New Test Of Rent Control Law

Cleveland, Nov. 21.—(AP)—Housing officials said today they will recommend immediate appeal of a U.S. district court decision holding rent controls unconstitutional in a peacetime economy.

And in Washington, Sen. Taft (R-Ohio) said he doubted the ruling would alter congressional plans to consider extending rent ceilings beyond the present Feb. 29, 1948 expiration date.

In ruling yesterday that the Housing and Rent Act of 1947 is unconstitutional, Judge Paul Jones made these points:

1. The President's proclamation of the termination of hostilities issued last Dec. 31. This, Jones said, inaugurated a "peace in fact" and the act "is not by any expressed words or implied provisions tied up with any war powers of Congress."
2. The act speaks of an emergency without defining it and gives no indication of continuing the exercise of war powers residing in its constitutional prerogatives.
3. "To impose federal restrictions upon the free use of the defendant's property is as effective a taking as to condemn it."

The statement that Jones' decision would be recommended for appeal came from Paul Marshall, chief of the litigation unit in the Cleveland regional office of the housing expediter.

Plane Crashes In Sea; Submarine Picks Up Pair

San Diego, Calif., Nov. 21.—(AP)—A Navy Lockheed Neptune patrol bomber with 11 men aboard crashed at sea 102 miles off San Diego early today, and 11th Naval District headquarters reported that two survivors had been picked up.

The craft flashed a distress signal shortly before crashing, a naval spokesman said. The submarine U.S.S. Pomodon, cruising in the area, picked up the two men and was searching for others.

The U.S.S. Bairoko, an escort carrier, also was in the vicinity looking for survivors. The Bairoko took the two men aboard, but there was no immediate information of their condition or identities.

The plane had left Miramar, near here, shortly before the crash on a scheduled 14-hour operational flight.

Heavy Machinery Still Is Being Sold To Russians

Washington, Nov. 21.—(AP)—President Truman said today he sees no reason to stop the sale of heavy machinery and farm equipment to Russia at this time.

Questioned at a news conference about such shipments, Mr. Truman said the Soviet government has a purchasing commission here and has been allowed to purchase machinery for the rehabilitation of electric dams destroyed by the Germans, as well as the farm equipment.

The Russians have purchased \$113,700,000 in goods from this country during the first nine months of this year. Included was several million dollars worth of industrial machinery.

Italian Carabinieri Attacked During Bloody Riots; More Dead, Wounded

Rome, Nov. 21.—(AP)—Bloody skirmishing in the strikebound Apulia agricultural region of southeastern Italy yesterday added three or four more persons to the growing toll of deaths exacted by leftist-inspired disorders during the past week, dispatches to Rome papers said today.

At least 13 others—seven of them carabinieri who were reported to have used their rifles in self-defense—were wounded, said the independent organ Messaggero.

Ada Cherry Class to Meet
The Ada Cherry Sunday school class of Jarvis Memorial Methodist Church will meet Monday night, November 24, at 8 o'clock at the home of Misses Ella Tucker and Frances Smith, 1020 Johnston street.

The Thalian Club
The Thalian Book Club was delightfully entertained at the home of Mrs. J. L. Horton Tuesday, November 18, 1947, at 1 o'clock. A delicious luncheon was enjoyed by members and guests. Mrs. R. M. Garrett, Mrs. J. E. Nobles, Jr., and Miss Betty Maunda from Ireland. Mrs. R. M. Garrett most graciously gave an entertaining and informative program pertaining to the origin and arrangement of flowers. According to a Chinese proverb, "It is absolutely necessary that flowers should have butterflies, hills should have springs, rocks should have moss, water should have watercress, tall trees should have creepers and human beings should have hobbies." Flower arrangement originated in Japan. Mrs. Garrett stressed in detail the unity in harmony, color and shape of flower arrangements.

After thanking Mrs. Garrett for a most interesting and enlightening program the books were distributed and the meeting adjourned.

Immanuel Baptist Church
The service on Sunday morning will be in the nature of a Thanksgiving service. The Melody and Chancel choirs will sing: "Prayer of Thanksgiving," by Krenmer, and the Junior choir will sing: "We Thank Thee, Lord," by Quail. These choirs will be under the direction of Mrs. Moye Dail, minister of music. The pastor will bring a

the recreation committee. Play-ground equipment has been purchased; Junior Jim bare, cross bars, new chairs for swings and balls. The Kiwanis club donated money for a beautiful slide.

The rainy day situation was helped by Miss Wahl asking parents to either send money by the child to get his lunch at the cafeteria or to pack a lunch. This will eliminate so much traffic confusion.

We voted to send money to Mrs. Gardner for expenses for the district P. T. A. meeting held here.

It was also voted that we join the Greenville P. T. A. Council instead of the Pitt County P. T. A. Council.

Everyone was invited to the lovely refreshment table where delicious punch and cookies were served by Mrs. M. P. Hoot hospitality chairman, Mrs. Arthur Tripp, Mrs. Tom Henderson and Mrs. William Taft.

Each teacher cordially welcomed the parents to visit the class rooms which attractively displayed the children's work.

COATS... YOU'LL
GREATLY ADMIRE

As the season goes on, Coats will be more in demand... The styles are exceptionally pretty and the materials are all wool... for dressy occasions and general wear, featuring gabardine and broadcloth for the better garments.

The late styles or boxy, semi-fitted and swing models. Sizes for Women, Misses and Juniors.

Lovely fur-trimmed models predominate in the dressy styles in bright blue, red and green. Black with rich fur trimming is always in front.

Remember... The excise tax on fur trimmed coats is eliminated.

HOST TO KIWANIS
Guy V. Smith, a past president of the Greenville Kiwanis Club and now a member of the board of directors, entertained the club offi-

cers and directors at a turkey supper at Clark's last night. President Eli Bloom will be host to the group at the December meeting.

The average farm in the United States was 200 acres in 1945, and increase of 20 acres over the 1940 average and 50 acres over 1920.

On U. S. S. Coral Sea
James Roy Case, pharmacist's mate, second class, of Route 1, Greenville, N. C., is a crew member of the large aircraft carrier U. S. S. Coral Sea, based at Norfolk, Va.

Third and last ship in the Midway class of aircraft carriers, the Coral Sea was launched in 1945 and commissioned in 1946 at Newport News, Va. Her sister ships are the Midway and the Franklin D. Roosevelt.

Since she is one of the three longest and heaviest ships yet built for the Navy, the Coral Sea can carry more than 100 aircraft.

Coffee Hour Honors Miss Van Dyke
Mrs. Sidney Crane and Mrs. Charles Horne, Jr., complimented Miss Rosamond Van Dyke, bride-elect of this month, at a coffee hour at the home of Mrs. Charles Horne, Sr., on Wednesday morning.

The home was decorated with lovely arrangements of chrysanthemums and other fall flowers. Miss Van Dyke was presented a gift of china in her chosen pattern.

Mrs. Herbert Hadley presided at the coffee service assisted by Miss Evelyn Lyons, serving party sandwiches, potato chips, and fruit cake. The table was centered with an attractive Thanksgiving arrangement.

observed at the Eighth Street Christian Church on Victory Day when every member of the church is urged to demonstrate his loyalty in every way to the program of the church. Pledges will be completed Sunday for the support of the church's enlarged program for the year 1948. Members are asked to come to the church and at that time sign their pledges and in that way it will not be necessary for a solicitation to be made house to house.

At the service Sunday Miss Clarissa Edwards will sing a special number and the choir will also sing a special hymn entitled "Now Thank We All Our God" and the pastor will preach on the theme, "The Joy of Tasks Well Done."

On Wednesday evening the young people of the church will sponsor an "all church social evening" of fun and fellowship to which all members and their friends are invited. The "party" begins at 7:30.

The Eighth Street Church will unite with the other churches in the community in two significant union services. The first one is on Sunday evening at 7:30 at the Presbyterian Church in a welcome service to the new pastor of that church and his family. The second one will be the union Thanksgiving service to be held in the Memorial Baptist Church on Thursday morning at 11 o'clock when the Rev. J. A. Neilson will bring the annual Thanksgiving sermon.

The church membership is responding in a noble way to the inconvenience of meeting in the Sunday school building and Sunday morning an unusual feature in music will be presented.

Auxiliary Meets

At the regular meeting of the American Legion Auxiliary on Monday, November 24, at 3:30 p. m. to be held at the home of Mrs. Sam Worthington, the Gold Star Mothers will be honored. Mr. Leonard Topping, pastor of the Presbyterian Church, will address the group.

New Charter For Old North State Insurance Co.

By CHESTER WALSH

The Old North State Insurance Company, organized in Greenville nearly a year ago, was voluntarily dissolved on November 15 by unanimous consent of all of the stockholders, and a new charter was issued by the secretary of state on the same day, a company official announced today.

A spokesman for the company gave as the reason for this the advisability of reducing the par value of the stock from \$10 to \$5 a share and increasing the authorized number of shares of stock from 100,000 to 200,000. When a charter is issued to a corporation under the North Carolina law the company is required to start business in a specified period. Issuance of a new charter will give the company an additional year in which to complete its financing, plans for which already have been made, and they will be announced at a later date. Good progress is being made by the organization.

The Old North State Insurance Company's home office will be in Greenville.

Sale Of Christmas Seal Bonds Reported

Large contributors to the Christmas Seal Sale had purchased a total of \$750 in Christmas Seal bonds as of yesterday, according to figures reported today by Ercell S. Webb, chairman of the Personal Solicitation Committee of the 1947 Christmas Seal Sale.

Christmas Seal bonds are available in denominations from \$5 to \$1,000, Webb said. Proceeds from the bond sale will be added to the funds raised through the mail sale of Christmas Seals, which opens Monday and continues until Christmas, to support the TB program of the Pitt County Tuberculosis Association.

Strength FOR THE DAY

PATHS OF THE COMMONPLACE
I ask no dream, no prophet
visions,
No sudden rending of the veil
of clay—
No angel visitant, no opening
skies;
But take the dimness of my soul
away.

So runs the familiar hymn. Some-
times when we sing it, we wonder
if we really mean it. Do we not
desire some sudden rending of
the veil of clay? Do we not long
for shining skies and such a divine
certification of the way we should
travel that we will be sure not to get
off the road?

Perhaps we do, but a little reflec-
tion convinces us that life is not
made after that pattern. We are
earth-born and earth-bound crea-
tures. To say this is not to speak
disparagingly of human nature.
There are limitations of the flesh,
and even the divine Son of God
when he became incarnate had to
submit to these limitations.

No, there will not be for most of
us any prophet visions, nor any
sudden rending of the veil of clay.
We plod along to the office or the
mill or the field every day. There
will be dishes to wash to the end
of time, hungry mouths to feed,
crying children to pacify. And amid
these things most of us live. A few

people paint great pictures and com-
pose magnificent symphonies, but
if we know any such people or read
the biographies of any such who
have lived before, we would not
want to change places with them.
Let us be ourselves; this is the
earnest prayer of every good man
and woman. Lord, take the dimness
of my soul away as I walk the paths
of the commonplace!

Big Trade . . .

(Continued from Page One)
would do the same so more goods
could be exchanged among the 23
countries.

The delegates, experts from the
23 nations, worked until about Oct.
31 and then announced a general
agreement.

Among them the 23 nations agreed
to cut tariffs on about 45,000 differ-
ent items that they imported from
one another. (The United States
agreed to cut tariffs on 3,500 items.)
Does Congress have to approve
what our delegates agreed upon?
No. They acted under the same
reciprocal trade agreements men-
tioned above.

(This latest version of the act
was passed last year and continues
in effect, without congressional ap-
proval, until June 12, 1948.)
(In short, it leaves it up to the
President, meaning his trade ad-
visers, to cut tariffs without okay
from Congress.)

Our imports this year from other
countries amount to about \$8,000-
000,000. But the stuff we send them
amounts to about \$19,000,000,000.
So it's to our advantage to have
other countries cut down the size
of the tariff on the goods we send
them.

This trade agreement lasts until
Jan. 1, 1951 but, in the meantime,
if any country decides it means a
hardship for any of its industries,
it can get the others to make some
changes.

But what does all this mean in
every day terms? Perhaps this will
illustrate what is meant:
Scotch whisky is the biggest sin-
gle item we import from the United
Kingdom. We have had a tariff on
it of \$2.50 a gallon.

(That means, we put a tax of \$2.50
on every gallon of Scotch whisky
brought in here from any country
in the British Empire. In addition
to the price per gallon.)
Under the agreement worked out
at Geneva, we'll cut the tariff on
Scotch whisky from \$2.50 to \$1.50
a gallon.

In turn, the British Empire will
cut the tariff on a lot of goods we
send to countries in the empire.
Take France for example: France
has a tariff of 70 per cent on every
automobile we send there. It's cut
the tariff to 35 per cent under the
agreement.

(That was a tax of \$700 on a
\$1,000 automobile. That's been cut
to \$350 a car.)
In turn, we cut the tax on French
perfume brought into this country.
The same thing goes for the other
22 countries which agreed to the
trade agreement with the U.S.

The general idea, as noted above,
is to promote trade between the
countries so that all will benefit.

Next Tuesday's Rat Control Day In County

Next Tuesday, November 25, has been set as "Pitt County's Rat Control Campaign Day." The poison bait will be mixed next Tuesday and will be distributed by the person with whom you place your order. The bait will be available any time after 2:30 p.m. on that day. The price of the bait is \$1 for a three-pound package. It will be packaged so it can be handled by school children going home by school bus.

Orders may be placed with the following persons:
Ayden School, S. F. Paterson, vocational agriculture teacher; Bell Arthur School, J. L. Cashwell, principal; Belvoir School, F. H. Hodges, principal; Bethel School, S. D. Dewar, vocational agriculture teacher; Chicod School, J. W. Dewey, vocational agriculture teacher; Falkland School, Miss Elizabeth Spain, principal; Farmville School, E. P. "THE LADIES' STORE"

AN IMPORTANT MESSAGE TO THE PUBLIC IN GENERAL

We feel it our duty to advise you the serious situation regarding Fuel Oil and Kerosene. Since October, 1947, we have been receiving these two important products on an allotment basis every 30 days, and under present conditions our supply runs short at the end of each month. This situation is serious now that the cold weather is in our midst, when more fuel is being consumed.

THINK TWICE BEFORE YOU MAKE ANY CHANGE

Recently many have changed over from other fuel to oil, which has aggravated the oil supply considerably. It's only natural and good business to want a larger volume of business, but at the same time, we can only sell and deliver from our incoming supply, which is limited. Therefore, we advise that you do not make a change to oil until the situation changes, more favorable for ample supply of oil and kerosene to all who wish to use it.

Scout Leaders To Meet Tuesday In Rocky Mount

Scouters of the East Carolina Council, Boy Scouts of America, will hold their annual meeting next Tuesday night at 7 o'clock at the Ricks Hotel in Rocky Mount. About 250 registered Scouters and their wives are expected to attend the dinner meeting, representing the Cub Packs, Scout Troops and Senior Units of the council which covers 20 counties of Eastern North Carolina.

N. M. Schaum, president of the council, will preside at the meeting. The principal speaker on the program will be O. B. Evenson, assistant national director of Rural Scouting.

Also scheduled on the program will be the election of new officers for 1948 and the presentation of the Silver Beaver Awards. (The Silver Beaver Awards are given each year to Scouters for outstanding work in the service to boyhood.) The attendance prize is given each year to the district having traveled the most miles per person to the meeting.

FARMER REGAINS 20 LBS. ON RETONGA; BACK ON JOB

"Many Days I Could Hardly Walk Around And It Looked Like I Would Have To Quit Farming," Says Mr. Stephens. Feels Good Now Even After A Hard Days Work

Among the thousands gratefully praising Retonga is Mr. W. H. Stephens, one of the best known farmers of Wake County, N.C., whose farm is located on RFD 4, Box 129, Raleigh. Discussing his happy experience with Retonga Mr. Stephens declares:

"I had about given up hope of finding anything to help me. I did not dare eat solid food, and the light diet I lived on made me suffer tortures from acid indigestion and

gas bloating. I hardly knew what a good night's sleep was like. I had to take strong laxatives every day, and it often seemed to me that every muscle in my body ached like the toothache. I lost 25 pounds and felt so weakened and run down it looked like I would have to give up farming altogether.

"No one can be more thankful for the relief Retonga gave. My appetite is fine. I eat anything, and have regained 20 pounds. I sleep soundly, work hard all day and still feel good when night comes. Retonga deserves all the praise I can give it."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency, and constipation. It is what's in the bottle that counts. Retonga may be obtained at Bissette's Drug Store. —Adv.

Play Tonight

The East Carolina Pirates play host tonight to the State College "B" squad in a football game, slated to get under way at 8 o'clock in Guy Smith Stadium. Tonight's engagement with the State "B" team replaces the game originally scheduled for tomorrow night with Milligan College, which was cancelled by Milligan officials.

It will be the final tilt of the year for Coach Johnson's charges, who are seeking their fourth win of the '47 season.

Carver Library News

Book week like all good holidays, belongs to everyone. During the week of November 16-22, your public library, located on Sheppard street, is joining many other libraries in celebrating the importance of reading books.

Reading, always the kernel of the library's existence takes on an even greater emphasis each November with the coming of Book Week.

We never grow too old for books. Different kinds of books as we grow older, but still books—just as we make changes in our diet as the years go by, but require food as long as we live. Horace Mann had this nurturing process in mind when he wrote: "Good books are to the young mind what the warming sun and the refreshing rain of spring are to the seeds which have lain dormant in the frost of winter." They are more, for they may save from that which is worse than death, as well as less than which is better than life.

The element of choice that is involved is basic. Mere reading is not necessarily constructive. In the book "Give Yourself Background," P. Fraser Bond cites some reasons

Ministers Plan Welcome Pastor

On Sunday evening at 7:30, in the First Presbyterian Church, the Rev. Leonard M. Topping, the pastor, will be welcomed to Greenville by the members of the other churches in the city.

By action of the Greenville Ministerial Association, it was decided at a recent meeting that this Sunday night would be designated for the purpose, and some of the churches of the city will disband their own services in order for the ministers and their people to attend the First Presbyterian Church and hear the Rev. Mr. Topping.

The members of all churches in the city have been extended an invitation to participate in this welcoming service at the First Presbyterian Church on Sunday night.

for reading: Many people read in order to gossip; many read to obtain precise information; the vast majority of readers read to escape from reality; many people turn to books for inspiration, guidance and comfort; some read for aesthetic enjoyment and critical appreciation; some read for relaxation. However, Mr. Bond points out that over the foregoing purposes, "The power and glory of literature will always be that enlarges and enriches life." Books and print convey such ideas and ideals.

Our job is to get books for peace and enlightenment to men everywhere, to all people in plentiful supply no matter where they live. Our shelves are being replenished daily with new books. Visit your library and select a book of your choice. "Books for the world of tomorrow."

Library hours from 2 to 3 p. m. daily.

Jap Legislators In Fist Fight

Tokyo, Nov. 21—(AP)—Japanese House of Representatives members staged a 40-minute fist-swinging melee last night, with chamber guards, government party members, Communists and oppositionists joining in the clash. No injuries were reported.

Some had claimed there was no quorum present, but Speaker Komakiichi Matsuo said there was, and ordered the reading of an agriculture report. Fighting followed, but the report droned on. After 40 minutes, party chieftains ordered their battlers to the sidelines.

Secret Naval Society Banned

Washington, Nov. 21—(AP)—The Navy today issued orders banning forever the 40-year-old Annapolis secret society known as the "Green Bowl," because of "rumor and speculation" that its members had the inside track for promotions and high-ranking jobs.

A Navy "memorandum to the press" said there is no evidence that the group had any such influence. But there had been, it added, an "adverse effect to a limited degree on service morale, because of the

Stassen Cheered In Florida Talk

Orlando, Fla., Nov. 21—(AP)—Harold Stassen, campaigner for the Republican presidential nomination, winged northward to Chicago today after sounding a call for Southerners to develop two-party government on their own terms.

The former Minnesota governor was cheered last night when he told a public meeting:

"I strongly urge concentrated effort in the states of the South to build a strong Republican party and to participate in a two-party system."

Prominent N.C. Physician Dies

Greensboro, Nov. 21—(AP)—Dr. Frank A. Sharpe, president of the North Carolina Medical Society and prominent Greensboro physician and surgeon for more than 20 years, died at his suburban home, Owl's Roost, last night.

He was found in his bed this morning, apparently having succumbed several hours previously. Associates said Dr. Sharpe was "feeling badly" last night when he had retired.

Alvin Deans Dupree Died Columbia, S.C.

Alvin Deans Dupree, 65, died at a hospital in Columbia, S.C., Thursday. Funeral services will be conducted at S. G. Wilkerson & Sons' Funeral Home at 2:30 p.m. Sunday by Rev. Richard E. Hardaway, pastor of Memorial Baptist Church. Burial will be in Cherry Hill cemetery.

Mr. Dupree was born and reared in Greenville. He had been away from Greenville for the past 30 years. He had made his home in Miami, Fla., and Columbia, S.C.

Surviving are a son, Alvin Deans Dupree, Jr., of Miami, Fla., a sister, Mrs. John F. Lynch of Erwin, N.C., and two brothers, Thomas O.H. Dupree and William Dupree of Miami, Fla.

Blum Tells . . .

(Continued from Page One)

Blum told the deputies: "Civil liberties, public peace and peace itself are menaced."

"The danger is double. On one hand, international communism has openly declared war on French democracy. On the other, a party has been constituted in France which has as its objective, and perhaps its only objective, the separation of national sovereignty from its fundamental traditions."

Obviously he was referring to De Gaulle's proposals to revise the constitution.

violated its undertakings," and concluded:

"The Soviet government cannot pass by the fact that the decision of the Majlis, while British oil concessions in the south of Iran are being preserved, is an act of rude discrimination against the U.S.S.R."

The Majlis, on Oct. 22, passed by vote of 102 to 2 over Qavam's protest, a resolution nullifying the oil understanding the premier reached with Soviet Ambassador Ivan Sadchikov in April, 1946.

to cease. He declared in a speech at Naples:

"Having failed in the parliamentary plane, which is the normal means of democratic political competition, x x x there remains only revolutionary force."

Meantime in neighboring France President Auriol has been taking drastic measures. He has recalled 140,000 conscripts to the army to get set for eventualities, and at the same time has been seeking to reorganize the cabinet on a middle-of-the-road basis politically. The recall of the troops brought home to Frenchmen the gravity of the crisis as nothing else could have done.

It is in this tense atmosphere that the Big Four foreign ministers are assembling in London to try to reach agreements leading to European peace. President Truman wished Secretary of State Marshall "God speed and good luck" as the general prepared to take off for London. The only sure thing about the conference at this juncture is that Marshall will need all the luck he can get, for things certainly look tough.
