RETALIATE FOR ARAB ATTACKS IN HOLY LAND

Thousands Of Angry Jews Stone Arab Vehicles; Death Toll Over 100

Jerusalem, Dec. 6—(AP)—Thousands of angry Jews swarmed into downtown Jaffa road today to stone Arab vehicles in retaliation for recent attacks on Jewish buses by Arabs protesting partition of Palestine.

Police armored cars and Hagana (Jewish defense army) men bored into the mob in an attempt to restore order. Traffic was stalled by the milling throngs. Richard Graves, British chairman of the municipal commission, was caught in a melee, but emerged unhurt.

The stoning began, following a quiet morning in the Holy Land, after a Jewish ambulance passed and Jewish sources said the crowds were angered by reports that three Jews had been stabbed, near a burned-out theater.

The toll of death in the Middle East stood more than 100 and damage mounted into the millions of dollars, with nearly 60 dead and uncounted hundreds wounded in Palestine alone, where the norm, at best, has been tension and unrest.

Both the Arab and Jewish quarters of Jerusalem and Haifa were quiet this morning and Arab shops were opened for the first time since an Arab general strike began Tuesday to underline Arab protests against the United Nations decision to divide Palestine into two separate states—one Jewish, one Arab.

In the border area between all-Jewish Tel Aviv and Arab Jaffa, one of the hottest spots in the land, curfew still was in effect and all was quiet. Some shops reopened but smoke still curled from a fire set last night by Jews fleeing to safety from Arab-owned homes.

Thousands See Freedom Train Now In Raleigh

Raleigh, Dec. 6—(AP)—The American Heritage Foundation's Freedom Train, making its fourth stop in North Carolina came here today and thousands stood in line to view its 100-odd historical documents and flags.

Drizzling rain during a part of the day yesterday failed to cut into the number of persons passing through the train corridors at Greensboro, where a donation of \$1,500 was made to the Freedom Train project by the Greensboro Foundation Inc.

Walking lines at Greensboro extended for several city blocks. Ceremonies preceding the train's opening featured music by the North Carolina A and T College (Negro) band.

Finnish Ballots Going 'Right'

Helsinki, Dec. 6—(AP)—A trend to the Right was indicated today in partial returns from Finland's municipal elections, with the Popular Democrats—a coalition of Communists and other Leftist groups—suffering losses in 75 per cent of the few districts reporting.

Heavy voting throughout the country was reported in the elections Thursday and yesterday to choose some 10,000 municipal councilors. In Helsinki, an estimated 80 per cent of the voters turned out.

War Is Being Waged

"Cold War" Between Russia And Democracies Is A Real War, A Fight To A Finish; Why Are Conferences Held In Such An Atmosphere? Each Hopes For Strength

By DEWITT MACKENZIE

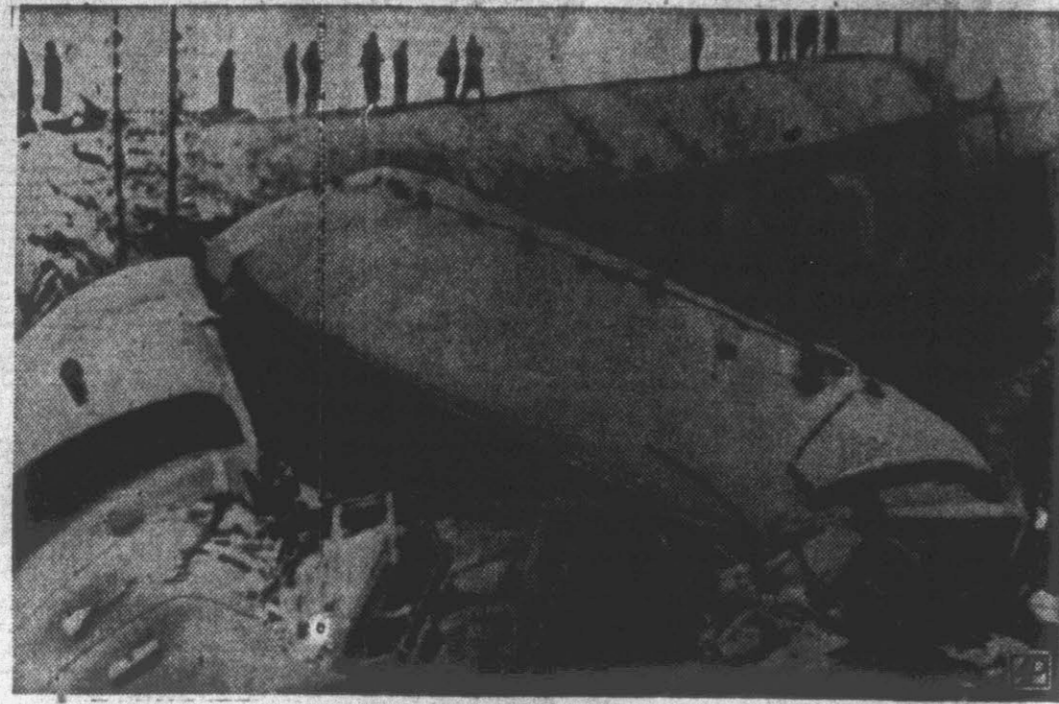

We are faced with the tragic but certain fact that war—"cold" but nevertheless war—is being waged between Russia and the democracies, that Moscow's purpose is to commiserate the world and that the democracies are determined to prevent this. It is a fight to a finish.

The question arises therefore why the combatants devote so much time and energy to international conferences which rarely reach agreement. Take for instance the bogged-down conference of Big Four foreign ministers in London—called to draft a German and Austrian treaties. On the face of it this parley is serving mainly to ruffle tempers and act as a sounding-board for propaganda.

Soviet Foreign Minister Molotov shows signs of being worried over the determination of the democracies to proceed with the organization of Western Germany without Russia if the London conference fails. Secretary of State Marshall, British Foreign Minister Bevin and French Foreign Minister Bidault are gravely concerned over the Bolshevik upheavals in France and Italy—key objectives in Moscow's effort to stymie the whole Marshall Plan for rehabilitation of Western Europe and thus open the way for Russian domination of that area.

Train Wreck Blamed On Saboteurs Kills 20

The splintered wreckage of a French passenger train en route from Paris to Lille is strewn along the track near Arras, France, in a tragedy attributed by some government officials to saboteurs. The Arras hospital estimated 20 persons perished in the wreck. About 40 were injured. Deputies in the French National Assembly were told saboteurs derailed the train by unbolting sections of the track. (AP Wirephoto via radio from Paris).

NEW SENTENCE FOR PRISONER

Boy Who Robbed Town While Still In Jail Given 20 Years

Walter, Okla., Dec. 6—(AP)—The world was very small today for 18-year-old Bill Bennett—Cotton County's free-ranging prisoner who made and used a cell key to mix night time burglary with daylight chores as a model trusty.

A humorous court heard his plea of guilty yesterday, and young Bennett heard four steel doors close behind him and saw 30 years in prison stretch ahead.

"My first duty is to the defendant," said District Judge Floyd Jackson "and my second duty is to society. I have never seen a more difficult case."

The judge found for society. First, he gave Bennett five years for a hardware burglary last spring that put him in jail in the first place.

Then he ordered the boy to serve 15 years more to pay for the burglaries he committed while "in jail."

In court as a spectator was Bennett's former lawyer, Gordon Coker. Coker had arranged for Bennett to be freed Nov. 21 on a continuance.

Only a few hours before the scheduled liberation, the boy walked into Sheriff Boyd Vantine's ambush near an old cotton gin where he had stored his loot and Coker learned his young client was the burglar who had robbed his home of cash, guns and clothing a few days before Coker withdrew from the case.

Jury Clears Meyer In Paternity Suit

New York, Dec. 6—(AP)—John W. Meyer, party-giving press agent for Howard Hughes, is not the father of blonde Patricia Miles' 10-month-old son, a three-man court of special sessions ruled yesterday after deliberating only seven minutes.

"The charges were so fantastic," Meyer said as he walked smilingly from the courtroom.

Law Provides Heavier Penalties For Sabotage; Awaits Presidential Signature; Proceedings Delayed By Reds Hoping For Showdown

Paris, Dec. 6—(AP)—After a tumultuous 21-hour session, the Upper Chamber of the French legislature approved Premier Robert Schuman's drastic new anti-strike, anti-sabotage law today, 217 to 82.

The bill, which heavily increases the punishments for sabotage and sets up penalties for persons inciting strikes or keeping them going, was approved by the National Assembly, the lower chamber, Thursday morning.

It now goes to President Vincent Auriol for signature and is expected to become effective today or tomorrow.

The measure was demanded by the Schuman cabinet to guarantee non-strikers the right to work without interference, to suppress sabotage and to allow the state to use force in accomplishing these purposes.

The French press agency earlier today quoted Schuman as saying that Auriol had already refused a demand by the Communist-led General Confederation of Labor (CGT) that the bill be sent back to the assembly for revision.

Although the bill was the center of a hot legislative fight in both chambers, the government for several days has been making use of virtually the same powers given it by the measure and to all intents and purposes it is in effect now in the struggle to break Communist-engineered strikers who have killed more than 2,000,000 men.

The government announced in the assembly last night that police had been empowered to use firearms in defending themselves against mobs, if necessary.

The all-day and all-night session of the Upper Chamber, the Council of the Republic, was the longest in its short history. The proceedings were blocked time after time by the delaying tactics of Communist members, who cast the only votes against the bill.

The labor crisis appeared to be at the showdown stage with police directed to use firearms if necessary and strikers under orders from the Communist leadership to "hold firm for the last quarter hour that will decide the victory."

Governor Has No Plans To Call Special Session

Raleigh, Dec. 6—(AP)—Governor Cherry has no plans at present for calling a special session of the Legislature to act on increased pay for teachers.

The governor said that he had received a telegram from C. Reid Ross, president of the North Carolina Department of School Superintendents, notifying him of a resolution adopted by the superintendents while meeting at Wilmington. The resolution urged the governor to call a special session "immediately" to increase the pay of teachers.

"I wrote him back," the governor said after acknowledging receipt of the resolution, "that I understood the problem but that I have no plan for calling a special session of the general assembly in the near future."

One-Time Popular Band Leader Dies

Cleveland, Dec. 6—(AP)—Austin Wylie, popular dance band leader of the 1920's, died in Crite Veterans Hospital yesterday at the age of 54.

Wylie's name was known wherever musicians and jazz dancers gathered. In his band were such performers as Art Shaw, Vaughn Monroe, Claude Thornhill and Eddie Peabody.

PRESIDENT TO DEDICATE PARK

Truman To Speak At Everglades City, In Florida

Everglades City, Fla., Dec. 6—(AP)—This generally sleepy little village, whose 600 souls live on the outer fringe of the vast, mysterious Everglades swamps, prepared today to welcome the nation's number one citizen.

The President, Harry S. Truman, his aides and the important men who travel with presidents were scheduled to arrive here by plane this morning to officially dedicate the nation's 28th national park area.

In Key West, which is fast becoming Mr. Truman's winter vacation headquarters, the President spent yesterday enjoying the warm sunshine, taking a 15-minute swim, and polishing off the rough corners of his dedication address.

Yesterday, in one of his top moods, the President was given a new weapon "to deal with Congress and any dissenting politicians."

The weapon, in the form of a scroll and commission, formally designates the Chief Executive as a submariner, a veteran of a Nov. 21, 1946, submarine drive of 450 feet at Key West.

"The admiral of the undersea navy charges all officers, seamen, marines, soldiers, aviators, politicians, senators, representatives, bureaucrats and landlubbers under his (Truman's) command to be obedient to his orders and respectful of his opinions as a qualified submariner," the scroll read.

Los Angeles, Dec. 6—(AP)—Mrs. Charles H. Clarke, 52-year-old Thurmont, Md., mother of 24 children, visited the Red Cross blood bank here yesterday to contribute her 19th pint of blood.

Mrs. Clarke is in Southern California on a trip sponsored by a Thurmont service club in recognition of her outstanding record during the war years, in donating blood.

Babson Discusses Diamonds

New York, Dec. 5—This week I am making no definite recommendations to anyone; but with the mess the world is in today, here are some facts for readers to consider. Moreover, they relate to changes which I have personally witnessed in my short lifetime.

German Episode My first job, after graduating from the Massachusetts Institute of Technology in 1898, was as a statistician for a Banking House in Boston. At that time, the leading banks of New York, Philadelphia and Boston were recommending the Reichmark 3s as the safest bonds obtainable—better than U. S. Bonds. The Reichmark, at that time, sold for about 24c.

Within twenty years, I saw these German Government Bonds become practically worthless. It is true that the German Government redeemed them in "Marks" but these Marks had dropped from 24 cents to 10-10,000 of a cent. Moreover, holders of German insurance policies and bank deposits suffered the same loss. Nothing like this will

SEEK RUSSIAN POSITION ON REPARATIONS

U.S. Delegates To Press For Answer Concerning Demands On Germany

London, Dec. 6—(AP)—Secretary of State Marshall and key American economic advisors decided today to press Soviet Foreign Minister Molotov today for an answer on whether Russia will diminish its \$10,000,000,000 reparations demand and defer collections until Germany is back on its feet.

The United States delegation met privately for two hours in advance of today's Big Four council session. Diplomatic informants said Marshall, with support from British Foreign Secretary Ernest Bevin, takes the position that there can be no agreement on Germany's economic unity until the reparations issue is settled, and may insist as well upon an accounting of the amount already extracted by Russia from Eastern Germany.

Bevin brought the issue out into the open yesterday, reminding Molotov that the Western powers were spending millions to feed and support Western Germany and tardily declaring that one ally should not expect to collect reparations from another.

Behind this maneuvering over reparations lies the determination of the Western powers to interlace Germany's industrial machine, or at least the Western half, into the plan for Europe's economic rehabilitation.

Members of the American delegation, mindful of congressional sentiment, privately have expressed their recognition that any agreement to begin meeting Russia's reparations claims in the immediate future would jeopardize chances for getting the vast appropriations necessary for the Marshall Plan.

Developments so far in the Foreign Ministers Council have indicated the virtual partitioning of Germany between Russia and the Western powers for an indefinite time.

FINAL JAB AT TRUST SUITS

Investment Bankers Discuss Suits; Convention Closes

Hollywood, Fla., Dec. 6—(AP)—Investment bankers from all parts of the United States took a final collective jab at the government's anti-trust suit here yesterday as they closed the 36th annual convention of the Investment Bankers Association of America.

Julien H. Collins, Chicago, newly elected president, told the bankers in his inaugural address that "nothing has been more generally discussed at this meeting and nothing is more important to our business and our association than the anti-trust suit."

The association and 17 firms were charged on Oct. 31 in New York with conspiracy to monopolize the investment banking business and to thwart compulsory competitive bidding for certain types of new securities.

"This action in which 17 firms are specifically named actually involves every firm in this business," Collins declared. "Failure on our part to win this case will adversely affect every individual firm."

"It is outrageous that our more than 700 members have been subjected to the expense and implications of this litigation."

Edward Hopkinson, Jr., of Philadelphia, retiring president, told reporters at the close of the session that he believed the bankers had been encouraged on the outlook for Europe after hearing Eugene R. Black U. S. executive director of the World Bank, and other economists discuss various aspects of the European aid program.

Huge Magnet For Cyclotron Completed Today

Irvington, N. Y., Dec. 6—(AP)—A huge magnet outweighing the steel in a U. S. destroyer was completed today for Columbia University's new giant cyclotron designed to delve into some of the deepest secrets of atomic structure.

The cyclotron will be the most powerful in the world, but not the largest, Columbia physicists said. It will fire atomic bullets at new high energies of 400 million electron volts, enough to smash the cores of even heavy atoms like lead into 10 to 20 component parts. The bullets will be protons, one of the fundamental building blocks of all atoms.

Boston, Dec. 6—(AP)—New England's flying Santa Claus Edward Rowe Snow, has set a course of 4750 miles for his annual Yuletide tour and has listed gifts for 1,000 persons at 340 lighthouses from Canada to Florida.

Potato Quotas

Washington, Dec. 6—(AP)—Department of Agriculture potato specialists said today the government is considering reducing 1948 goals for early commercial potatoes in California and increasing those for North Carolina.

"Officially announced goals being considered for revision, they said, 'are 52,000 acres for California and 27,100 for North Carolina.'"

"If growers exceed goals, they cannot receive the benefits of price support," said G. R. Grange, government potato specialist.

This year California's goal was 53,300 and North Carolina's 28,000.

Yesterday at a conference of North Carolina members of Congress, Carolina potato growers and department specialists, the Tar Heels said the present pace of California production will push North Carolina potato business "out of the picture."

NAM MEETING COMES TO END

Advocate "More Work" Program To Fight Inflation

New York, Dec. 6—(AP)—An anti-inflation program ranging from greater productivity in industry to a federal budget ceiling was urged upon the American people and upon Congress today by the National Association of Manufacturers.

The NAM warned Americans that they must work "harder and longer" and asked Congress to set a budget ceiling of \$31,000,000,000 for the fiscal year 1949.

Much of the closing day action of the NAM's 52nd annual congress of American industry came on resolutions adopted last night.

Beside asking Congress to limit expenditures and commending "to the American people" the entire NAM anti-inflation program, the resolves touched on a wide range of subjects.

The NAM urged collective bargaining on plant and company level, instead of on an industry-wide basis "in order to assure maximum production and industrial peace."

Industry-wide bargaining, the resolve said, leads to monopolistic practices.

On housing the congress adopted a resolve seeking removal of "restrictions imposed or practiced by unions, contractors or government agencies."

It asked that any foreign economic aid not be accompanied by re-imposition of controls.

Industrialists were asked in another resolve to re-examine their operations with a view to providing additional jobs for disabled veterans.

ULTIMATUM BY REDS IN ROME GIVEN GOV'T

Give Three Days For Government To Accede To Demands; Leftist Attacks

Rome, Dec. 6—(AP)—Communist-led Rome workers today gave the Italian government three days to accede to their demands for employment and for punishment of police who "fired on men, women and babies" in bloody disorders last night at the capital's gates.

The demands came from the newly organized workers' high command for the capital and Rome province, the existence of which was announced in today's leftist press along with its demands.

The organization's name was given as the "Provincial Committee of Congress of Management and of Internal Commissions." The press announced that it would "direct the battle of Roman labor."

The new-born committee's first act was to publish a bitter communique denouncing police action in the slum suburb of Primitale yesterday, when a worker was killed in street fighting with police.

"The sub-machine guns of the government of plutocrats have struck men, women and children indiscriminately," the Communist paper L'Unita declared.

The story, which appeared under the headline "ultimatum to the government which fires on unemployed" concentrated its wrath on Premier Alcide De Gasperi and Interior Minister Mario Scelba (who commands Italy's police) and the new mayor of Rome, Salvatore Rebecchini.

One workman died of a gun shot wound, several other demonstrators were injured, 10 police were hurt, one lieutenant seriously.

The demonstrators threw up-paving stone barricades from behind which they shouted demands for the public works department to employ them.

L'Unita declared that the new labor organization represents 300,000 working men and women.

Denounce Dulles And U.S. Before French Assembly

Paris, Dec. 6—(AP)—Communist deputies attacked John Foster Dulles today and succeeded in reading in to the national assembly's records a protest that Americans were trying to dictate to the French cabinet.

Last night Dulles, the Republican adviser to the American delegation at the foreign ministers' meeting in London, told newsmen here he did not consider the Communists a French political party.

He made the statement in saying he would confer with leaders of any French political party who wished to see him during his visit in France, but not with the Communists.

The Communist deputies' communique said: "Americans have come openly and cynically to Paris to dictate their orders to French ministers and politicians. The odious statements of Dulles set up arbitrary differences between Frenchmen in the same manner that the Hitlerite occupants did."

Grand Jury's Action

Ten Hollywood Figures Indicted By Grand Jury For Contempt Of Congress; An Explanation Of Indictments, Grand Jury, Felonies, Misdemeanors; No Secrets

By JAMES MARLOW

Washington, Dec. 6—(AP)—A federal grand jury has indicted ten Hollywood movie writers, directors and producers.

The House Un-American Activities Committee booked them on a contempt of Congress charge for refusing to say whether they are or have been Communists.

What is an indictment? And what is a grand jury? Here's an explanation: There are two kinds of jury: a grand jury, made up of 23 men or women, and a petit jury, made up of 12 men or women.

The grand jury's job is to decide by a vote whether an accused person should stand trial for an alleged crime. That's done secretly. The petit jury, after hearing the case tried in court, decides whether an accused person is guilty or not. A person appearing before a grand jury may be accused of a felony or a misdemeanor.

Congressional Leaders Hold Firm To Plan Despite Campaign In House To Cut Administration's Request; House To Act On Senate Version Tuesday

Washington, Dec. 6—(AP)—Congressional leaders today held firm to their plan for sending the European winter aid bill to President Truman by the end of next week despite a determined campaign in the House to scale down the administration's \$907,000,000 (million) request.

A severe cut might threaten delay while the compromise is reached by the Senate and House versions. The Senate has approved the whole \$907,000,000.

House members who contend that France, Italy and Austria can be aided over the cold months for millions less than Mr. Truman asked prepared to fight the issue out on the floor Monday with a series of proposed amendments to the bill.

The House schedule calls for final action on the Senate-approved bill Tuesday. It then will go to a House-Senate conference committee which will iron out differences between the two measures.

Undersecretary of State Robert A. Lovett declared yesterday that current strikes in France and Italy are inspired by Communists and demonstrate "an extension of Soviet foreign policy."

He urged the Senate Appropriations Committee to provide the full sum asked by the administration for stopgap relief abroad, saying this country should "not get frightened out" of its plan by the Communist maneuvering.

With both chambers in recess for the weekend, Senate Republicans concentrated meanwhile on drafting their own substitute for the anti-inflation program which President Truman tied in with the European relief project.

Instead of the limited price-ways and rationing powers requested by Mr. Truman, indications were that the Republicans would place the emphasis on a voluntary program of allocating such scarce items as steel.

The main battle over the European aid bill in the House centered around the amount of money to be authorized but several members also drafted amendments intended to meet inflationary threats which they said the huge outlay of U. S. goods would entail.

150 Planes Off On Last-Chance Wreck Search

Frankfurt, Germany, Dec. 6—(AP)—More than 150 planes took off today in a last-chance search for a U. S. Army C-47 transport, missing eight days with 20 persons aboard. Air force officials expressed fear that all may have perished in the bitter cold.

They still had some hope however, and widen the scope of the search, which now embraces five countries, including Northern Italy, Switzerland, Austria, Eastern and Southern France and Southwest Germany.

There was no radio signal or fresh rumor to give the searchers a clue where to look for the plane which disappeared a week ago yesterday on a flight from Pisa, Italy, to Frankfurt.

If it's a felony and he's convicted he can be sentenced to one or more years in jail. If it's a misdemeanor, the penalty is from one month to one year in jail.

The ten Hollywood writers are accused of a misdemeanor. Whether on a grand or petit jury, federal jurors receive \$4 a day for every day they work. In both cases they serve three to 18 months. They are chosen this way:

A judge—in the District of Columbia or any one of 93 other federal districts—appoints three jury commissioners. They pick names from the city directory or some other list.

## Third Street School News

Trip to Raleigh  
The seventh grade is planning to go to Raleigh on Saturday, December 6. We will charter a bus and leave at 6:30 a. m.  
We are going to Raleigh mainly to see the Freedom Train. Among the famous documents that we will see will be the Declaration of Independence, Treaty of Paris in 1783, Bill of Rights, Emancipation Proclamation, Lincoln's draft of Gettysburg address, and many other original papers. We have studied about many of these papers.  
After we leave the Freedom Train, we will have lunch at the S & W cafeteria.  
Later, we will visit the governor's mansion, the capitol, the museum and a few other interesting and historical places.  
We are all looking forward to going.

Elizabeth Ann Williams  
Thanksgiving Offering  
On Wednesday, November 26, the boys and girls of Third Street School assembled in the auditorium to take part in the Thanksgiving offering. Canned goods, fresh fruits, candy and money were donated. Some of the canned goods were sent to The Friendship Train and the fresh fruit was boxed and given to sick people.

Movie Projector  
Through Mr. Rose and the P. T. A. of Third Street School, we have secured a movie projector. We are expecting to enjoy many educational films. Last Tuesday the 7th grade saw a film on Mexico which showed many of the things we had learned in our study of Mexico.

## CASTLETON'S Exquisite Pattern—

Ma Lin in Ching-Chih Yee

Ma Lin, named for the 12th Century Chinese master, with its deep warm colors and unusual treatment of design, is steeped in Chinese tradition. Created by Ching-Chih Yee, well-known contemporary artist for Castleton, it reflects the timeless loveliness of an ancient culture. . . Castleton's ivory-toned body, exquisitely translucent, brings out the beauty of the colors and fragility of the design. . . On the classically restrained Century Shape this unusual pattern will find favor not only with the conventional but also with the modern minded hostess, for Ma Lin is complementary to all periods and motifs.

Dr. Harold J. Dudley Speaks At Tyson-May Reunion In Farmville

Farmville—Featuring the younger generation, the Tyson-May reunion was held at the Mayor Benjamin May D.A.R. chapter house Friday, November 28 with Dr. Harold J. Dudley, pastor of the First Presbyterian church, Wilson as guest speaker. He stated that he had given a great deal of time and thought to the subject, "Our Descendants," due to the fact that he wanted to be able to advise the parents in his audience of the most important thing, "the best thing," as he said, "in the whole universe, that you can give to your children."

KIWANIS CLUB HAS BANQUET

Civic Club Celebrates Ladies' Night; Sparking Program

By CHESTER WALSH The Kiwanis Club's "ladies' night" banquet at the Woman's Club last night was a brilliant social function and was attended by nearly all of the 30 Kiwanians and their wives and sweethearts. A turkey dinner was served. President Ed. Bloom presided. Raymond King directed the program and it was one of the most entertaining and sparking the club has had in recent years.

Lieut. Governor Edwin E. Rawl, who won the Carolina Kiwanis District governor's cup for being the best lieutenant-governor in the Carolinas, made a happy and eloquent after-dinner speech. The speaker reviewed the club's history during the last 26 years and urged the Kiwanians to carry on the good work. He enumerated many things of which he and the Kiwanians are proud, and reminded that "wherever you see a man doing good work, there is a good woman behind him, urging him on." His tribute to the part the women play in Kiwanis was impressive.

President Bloom paid tribute to the three charter members still in the club—Guy T. Smith, W. E. Woodard and Marvin E. Bloom, and called on Mrs. B. W. Moseley to read a letter which she had written to the club. Mrs. Moseley, who is a multimillionaire, sought by the letter, who wished to be advised as to what he could do to protect his heirs coming ten years hence from the vicissitudes of life and to spare them the hardships he had undergone. A sketch of his life revealed that he was himself the product of colonial families for 250 years or ten generations, and had 1094 ancestors. In calling attention to this fact, the lawyer pointed out to the multimillionaire that his unborn heir of 2127 A. D. would have the blood of the same number of ancestors flowing in his veins. Telling his inquirer the story of a young man on death row, Billy the Rat, who was descended from several generations of degenerates, the barrister declared that Christian education, which elevates each generation as it rises, would be the one chance he would have to endow his heir with happiness, eliminate the possibility of reproducing a Billy the Rat, and as a means of bringing Jesus back on earth.

Comparing Christian education with education in a general sense, the speaker pointed out that the latter can be had in a heathen country and may be used to train up clever devils as exemplified by the Nazis under Hitler's regime. He closed with an appeal for the cause of Christian education as the soundest and best investment, a defense against pagan philosophy and a bulwark of democracy. "As an investment," Dr. Dudley declared, "it is a permanent method of producing rich dividends, and the only solution for problems of the world today and tomorrow. This alone will succeed."

Mrs. Ellen Lewis Carroll introduced the speaker. The meeting was presided over by John T. Smith of Wilson who addressed the group on the subject, "Honesty."

Dr. James Y. Joyner of La Grange who recently celebrated his 85th birthday made remarks about the chapter house and the Duke-Carolina game.

Miss Mary Thorne Tyson was re-elected secretary, C. V. Cannon of Ayden, first vice president was elevated to the presidency and Mrs. O. H. Moringo, second vice president, who succeeds him, spoke briefly.

Among those appointed to committees were Mrs. Travis Hooker, Greenville, arrangements and decorations; Miss Carolyn Jones of Winston, registration; Walter G. Shepherd of Snow Hill, program; Mrs. Henry T. Smith and Mrs. Paul B. Burdick, Fountain, food; James L. Jefferson, Fountain, antique exhibits.

Serving as pages were Misses Elsie May and Sallie Tyson, Jack Turnage and Preston Murphree, Jr. A number of original poems were read by their author, Mrs. Janie Tyson Hall of Greenville.

In the heirloom exhibit, which will become an annual feature, Mrs. Preston Murphree, who displayed a hair watch chain made for her grandmother, Mrs. Sarah Hoor Carr, prior to 1860, by a German jeweler in Baltimore, Md. won a bar pin of antique design given by Robert's, Jewelers for the most unusual piece of jewelry.

The silver vase, offered by D. R. Morgan's Jewelry store, for the most unusual piece of china or glass, was awarded Donald Batoum by the judges for his amber thousand eye hobnail glass water set, a wedding gift of his grandmother, Mrs. W. A. Pollard, Sr.

At 1 o'clock a basket lunch was enjoyed.

Writers Thought Jersey Joe Won Over Louis

New York, Dec. 4.—(AP)—In a poll of 33 sports writers who saw last night's Joe Louis-Jersey Joe Walcott fight, 30 thought Jersey Joe won.

Wilbur Wood, sports editor of the New York Sun and a man who has seen almost every championship fight in the last 25 years, scored 11 rounds for Walcott and four for Louis—and was very emphatic about it.

Frank O'Donnell of the Waterbury Republican gave 12 rounds to Walcott with two for Louis and one even. John Carmichael, sports editor of the Chicago Daily News, voted 11 to 4 in favor of Walcott. Ted Meier, of the Associated Press, had Walcott on top, 11-3-1.

Even the radio version of the fight seemed to favor Walcott. The experts, however, agreed on one point. Joe Louis is ready to be taken.

Attorney Frank M. Wooten, who appeared before the Board of Aldermen last Thursday night with Attorney Louis J. Gaylord, Jr., and Miss Pattie Frase of the Blind Center and requested the board to allow the motion picture theaters to operate continuously Sunday afternoons and nights, presented the following statement today for publication:

"In Friday's edition of the Daily Reflector, it was erroneously stated that those persons who appeared before the Board of Aldermen at its Thursday night session and spoke in behalf of opening the theaters from 6 until 9, did so in behalf of the Pitt Theater. This has been ascertained not to have been the case, but rather that they did so on their own initiative. The course of action was prompted due to their convictions that the city would be in part satisfied were the theaters permitted to run continuously, as was done in the war years, or to open at a more reasonable hour for the Sunday night showing."

The statement in Friday's paper to which Mr. Wooten refers follows: "The Board of Aldermen in session at the City Hall Thursday night rejected a petition of the Pitt Theater and other movie houses to allow the theaters to operate during church services on Sunday nights. ## Three Divisions Of Servicemen Spent Time Here

By CHESTER WALSH  
There is a spot in Greenville that is known to people all over the world. It is the Servicemen's Home, operated by the Salvation Army at Fifth and Pitt Streets during World War II and now for the benefit of servicemen. Mrs. John Horne—"Mom", as she is affectionately known to thousands of servicemen and former servicemen—was mother to all of them.

The Servicemen's Home was opened December 1, 1942, to provide recreation and shelter for servicemen visiting Greenville. During the past five years 42,860 boys in uniform have registered there to spend a night, or to drop in to freshen up a bit after a trip, and to meet and greet other men in the armed forces. Servicemen continue to spend weekends there because it indeed has been and is a home for them under the watchful care of "Mom" Horne. There are a lot of college boys living at the Servicemen's Home now, but everyone is an ex-serviceman.

Mrs. Horne recalled today that when the armed forces were overseas, on islands in the Pacific, many of the boys in uniform who had been to Greenville, between battles, reminisced over good times they had here, they wrote. She still hears from boys in various parts of the world.

Give Fighting Irish 13-Point Edge On Trojans

Los Angeles, Dec. 6—(AP)—Notre Dame's Fighting Irish, seeking their first all-winning season in 17 years and a clear claim to the national grid title, collide head-on with Southern California's Trojans today before a probable season record crowd of 103,000.

Rain, which fell plentifully as the Irish arrived yesterday, was forecast for the game, but it would take flood waters to keep many enthusiasts away from mammoth Memorial Coliseum.

This is the one that local football followers have been waiting for since 1929, the last appearance of the Irish here. It was sold out two months ago.

Coach Frank Leahy's machine from South Bend, Ind., was a 13-point favorite over the Trojans, who won the Pacific Coast Conference without a loss and were tied only by Rice, 7-7.

Undeclared and untied in eight games, Notre Dame hoped to take the Trojans by (a) one point, which would give the school its first unblemished season since 1930; or (b) 20 or 30 points, which would strengthen the Irishers' place as the top collegiate team of 1947 in most experts' opinion. USC ranked third nationally in the latest Associated Press poll.

The Trojans meet Michigan, currently ranked No. 2 nationally, in the Rose Bowl. There is little doubt that Notre Dame will be battling to put points on the board for Michigan to shoot at.

Louis Still Champion But Old Fire Missing

Walcott Floors Louis Twice, Backpedals And Hits Champ Time And Again; Split Decision Favors Brown Bomber

New York, Dec. 6—(AP)—Joe Louis held his world heavyweight championship today by means of a split, hotly disputed decision over Jersey Joe Walcott on whose behalf a claim was staked to the title. Louis' hand was raised amid boos after 15 rounds, and Walcott was cheered by a crowd of 18,194 that paid \$216,477 in Madison Square Garden last night, a record gate.

Twice the champion was knocked down, once for the count of seven. The 33-year-old Louis, ten years a champion, rarely managed to catch up with Walcott, his equal in age but so lightly held before the fight that the odds were one to 10 in Louis' favor. It was even money that Walcott would not come out for the fifth. Louis outweighed the challenger, 211 pounds to 194 1-2.

Walcott back-pedaled, then punched, side-stepped, then swung, to the bewilderment of the Brown Bomber whose blows seemed to have lost the lethal force that resulted in 21 previous knockouts as champion. But Louis always kept coming on, even with his left eye almost shut and blood seeping from his nose.

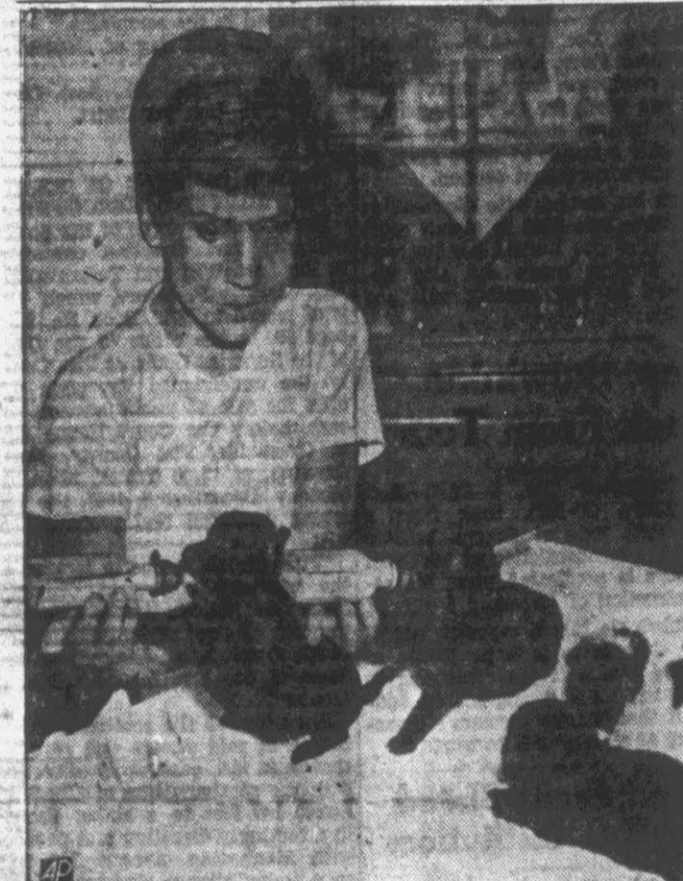

Judge Frank Forbes voted eight rounds for Louis, six for Walcott, and one even. Referee Ruby Goldstein favored Walcott, seven rounds to six, with two even. Judge Marty Monroe tipped the balance in the champion's favor, nine rounds to six.

In the turmoil that followed Louis' 24th successful defense of his championship, Walcott's manager, Joe Webster, declared he had told Chairman Eddie Egan of the New York State Athletic Commission that he claimed the title for Walcott, wanted a public hearing, and based his protest on "your own point scoring system."

The official score cards when totaled showed 37 points for Walcott and 32 for Louis. Up to four points can be won in a round depending on how decisively the scorer favors one contestant. However, decisions are not based on aggregate points. The crowd was brought to its feet in the first round when Walcott landed a hard right and Joe half-slipped, half-fell to his knees for the count of two.

In the fourth, Walcott's right brought down the champion, and no mistake about it. His left eye already puffing, Louis rested on one knee up to the count of seven. Towards the end the roar became deafening. When the bell rung to close the 15th round, Louis walked rapidly to the ropes and was half way out of the ring before his trainers pulled him back. He explained afterwards that this was because of his disgust with himself.

In 1945 the U. S. postoffice handled 14,277,000 "dead" letters which could not be delivered because of improper addresses.

Expect Durocher Announcement Sometime Today

Brooklyn, Dec. 6—(AP)—Leo Durocher's return to his old job as manager of the Brooklyn Dodgers is expected to be announced today at a press conference called by President Branch Rickey at the club's downtown office. Anything else will be a complete surprise. Events of the last few days have drained most of the mystery from the "Who'll manage Brooklyn?" thriller. First, Rickey asked and received what has been interpreted as a "green light" from Commissioner A. B. Chandler who suspended Durocher for the 1947 season April 9 for "conduct detrimental to baseball." Then yesterday the Catholic Youth Organization, which with-

Will Reinstate Aviation Cadets

Wartime-qualified aviation cadets whose hopes for pilot training with the Air Force were ended by the curtailment of the Aviation Cadet Program in 1944-45 may be reinstated, Lt. George C. Blinbury, PA, said today. The United States Air Force estimates that there are approximately 35,000 young men who had qualified for aviation cadet pilot training during the war who were either awaiting assignment to or actually undergoing flying instruction when the program was curtailed in 1944 and 1945 because of the successful progress of the war, he said. The acceleration of the Aviation Cadet Pilot Training Program to a total of 3,000 aviation cadets during 1948 will make it possible for the Air Force to fulfill its obligation to many of these men who volunteered during the war.
