Republican Leaders Agree On Four-Point Program For Enactment During Present Session Of Congress; Immediate House Action Is Announced

Washington, Dec. 10.—(AP)—Republican congressional leaders agreed today on a four-point anti-inflation program for enactment during the present session of Congress.

Senator Taft of Ohio, chairman of the Senate Republican steering committee, and House Republican leader Halleck of Indiana, announced the program provides for

1. Voluntary industry-wide agreements to hold living costs in line. Anti-trust laws would be set aside temporarily for such agreements and the administration would be given money to promote such a program.

3. Increase, from the present 2 per cent to 40 per cent the gold reserves required behind currency issues by federal reserve banks and increase from 25 to 35 per cent of the gold reserves that federal reserve banks must carry to support the deposits of commercial banks.

The Republicans drafted the program as a reply to President Truman's request for broad power to resume rationing and price controls if the administration should decide they are necessary.

A draft of a bill covering most of the president's request was presented by Secretary of Commerce Harrison yesterday to a Senate judiciary subcommittee, but Republicans have made clear that meas-

Taft said a single bill embodying all four points of the Republican program will be introduced in the House immediately by Chairman

Wolcott told reporters he plan to hold hearings on the bill tomorrow and said they should not last more than one day.

Taft and Halleck announced the plan following a meeting of Senate and House GOP leaders in the office of Speaker Martin. They said they hope that the single bill can be enacted in time to permit Con-

Tuesday, November 19, the Lector Club met at the attractive new home of Mrs. Harold Forbes on the Falkland highway. Mrs. Herbert Hadley, president, presided. The secretary, Mrs. Howard Waldrop, read the minutes which were approved. The Lector club, the most recently chartered book club, voted to follow in the foot steps of her sister organizations and purchase a tuberculosis bond. Mrs. Hadley stressed the importance of the T. B. Seal sale and urged each member to contribute liberally to such a worthwhile cause. At the conclusion of the business session, Mrs. Ray MacKenzie gave a brief but informative paper on the History of Pitt County and Greenville. Portraying the role of one of our earliest planters, Mrs. MacKenzie re-traced the heritage that our fore fathers left to us by presenting important and interesting facts in diary form "to the youth of my descendants, ever faithful to every duty. I dedicate this little Journal of Pitt County and Greenville." Thus were recorded true facts in a fictional manner.

Mrs. Forbes served delicious cake and coffee.

Miss Annie Shields Van Dyke, acting as hostess in the absence of Mrs. A. H. Van Dyke, delightfully entertained members of the Lector Club on Tuesday, December 2. Mrs. Herbert Hadley, president, opened the meeting with a cordial welcome to each member. Mrs. Howard Waldrop submitted the minutes of the previous meeting and they were approved. We were most happy to welcome Mrs. Sidney Crane, who has recently returned from Korea, as our guest speaker. Mrs. Crane painted a mental picture for us of the size and geographical conditions of Korea. Touching briefly the education and religious viewpoints of Koreans as a whole, Mrs. Crane explained why this country is in such dire need of help, loyal Christian guidance and help. Korea, as is the United States, is divided into two separate sections, the U. S. with its Mason-Dixon line and Korea with its 38th parallel. Northern Korea is entirely Communist, while in the southern zone we find democracy firmly planted by the presence of our U. S. army and missionaries. Mrs. Crane told of how poor Korea really is and how much she needs a strong government that can rule in the Russian held and occupied northern zone, as well as in the democratic south. Mrs. Crane passed among our members beautiful linens and souvenirs given to her by friends she made while in Korea as a chaplain's wife. She told of the customs and explained how different they were to our American way of life. After answering her many questions in regards to her experiences in Korea, Miss VanDyke favored us with a delectable sweet course and coffee.—Reported.

Negro Woman Was Kidnaped, She Tells Police

By CHESTER WALSH

The FBI is investigating the reported kidnapping of a Negro woman here Thanksgiving Day. Alice Lee Sugg, Negro, 116 Cotanche Street, reported to police that Henry (Buddy) Fleming, 30-year-old Negro of Richmond, Va., came to her house Thanksgiving Day and asked her to ride with him and show him the house. She complied and Fleming forced her to ride with him to Richmond, Va., and occupy the same room with him at a rooming house until December 2, police quoted her as saying.

Police also quoted her as saying that she had no money and could not get away from her abductor, and that she had communicated with a white friend in Greenville for help. She said that when Fleming learned of this he bought a bus ticket to Greenville and let her go. After preliminary investigation Greenville police turned the case over to the FBI.

Christmas Seal Booths Opened For One Week Sales

Christmas Seal booths were opened Monday at busy points throughout Greenville for the convenience of those who may not have received Christmas Seals through the mail and those who wish additional seals, according to Mrs. W. L. Whedbee, county seal sale co-chairman.

Staffed by members of the Service League as volunteers, the booths will be open for one week under the direction of Mrs. Hoover Taft, street sale chairman. The volunteers wear armbands designed as a contribution to the Seal Sale by Hatfield Carnegie, New York couturier. The armbands display the double-barred cross, international emblem of the crusade against tuberculosis.

Booths are located at J. C. Penney's, the Post Office, Guaranty Bank and the State Bank. According to Mrs. Taft, citizens who have misplaced their mail envelopes may find it convenient to leave their contribution at one of these booths.

Police Report Bogus Checks Circulating

Police today warned merchants and business places about bogus checks being circulated in the city. Two forged checks have been turned over to authorities for investigation. One check was for \$26, the other for \$47, and both were cashed without proper identification by retail stores.

The check flashers have a habit of making purchases and then giving an endorsed check for more than the amount of purchase and getting the change. Police in other cities in Eastern Carolina report similar check-flashing activities, it is understood.

Strength FOR THE DAY

LIFE INVOLVES STRUGGLE
Thoreau once said that most people live in quiet desperation, and Mark Twain wrote that it is hard to see why some people fear to die who have been compelled to live.

Thoreau and Mark Twain were realists. The writers today who picture life as a glorious pilgrimage, a thrilling adventure, are not realists. One would hesitate to call them idealists. The truth of the matter is that they just don't know their way out. Anyone who has reflected at all on life and pondered his own experience knows that there is an element of struggle in life which practically no one escapes. Some may seem to escape it but actually they do not. We are all being tossed about in the swiftly flowing rapids of existence. And lucky we are if we can get through the troubled waters and come now and again to quiet little lakes of peace.

But let us always remember that it is the good God Himself who has made the waters of life turbulent. We are here in the world to grow strong, and this means testing. But the good God who troubles the water is extending at all times His strong hand of rescue. The water is turbulent not that we may be tortured but that we may be trained.

**James L. Evans
Named President
Bar Association**

By CHESTER WALSH
The Pitt County Bar Association at a supper meeting at the Airport Inn last night, with 15 members present, elected James L. Evans president, Harry M. Brown vice-president, James R. Worsley secretary and Eli Bloom treasurer. S. O. Worthington, J. H. Harrell, A. B. Corey and T. K. Fountain compose the Executive Committee. President Marvin K. Blount presided.

The manner of handling drainage taxes was discussed at length. The Executive Committee was instructed to confer with courthouse authorities and endeavor to have proper maps filed in the register of deeds office and records kept in the tax collector's office, so that payments could be made to the tax collector and that the amount of tax due be ascertainable at all times.

President Blount suggested that

**Christmas Program
At Rotary Club On
Tuesday Evening**

By WYATT BROWN
The Rotary Club had a Christmas program Tuesday night, presented by Rev. Stephen Gardner of Washington. Mr. Gardner spoke and sang Christmas carols—one had the Christmas message but was composed by the speaker in the anthem style.

Speaking in general of the spirit of Christ Mr. Gardner commented that the spirit so fills the world that it is a wonder that all men do not adopt it, for the power of it is felt even by those who do not believe. Then indicating the place of music he told how the first news of the birth of the Christ was that sung by the angels announcing the birth to the shepherds. Words bearing the Christian message and set to music have brought more souls to Christ than many sermons he brought out.

In popular music, he brought out, the time is the most important consideration but in religious music the words are most important. He suggested that people read hymns before singing them in order to get the most from the writer's message.

Next Mr. Gardner took up specific carols and told something about them and sang them. "O Come All Ye Faithful" was sung as early as 1797 but is of obscure origin being used with the tune of "Adeste Fideles." The carol "O Little Town of Bethlehem" was written by Phillips Brooks and his organist for a children's Christmas program but has persisted. Finally "Glory to God in the Highest" for which Mr. Gardner wrote the music.

Billy Edwards of Washington was a guest of the club last night. Visiting Rotarians were: John Mewborn of Farmville and Henry Harding, Albert Edwards of Washington. Dr. E. R. Browning, head of the Business Education Department at ECTC, was greeted as the newest "Baby" Rotarian. The program was presented by James Fleming, chairman of the program committee. Bob Bradshaw, president, presided. President Bob announced that a leader had been found for the Sea Scout ship which the Rotary Club sponsors and that a meeting place is being sought—about the size of an abandoned garage. The Sea Scout program he explained is attractive to older boys.

**Here's a new Champ
for your Chassis**

**Put 1947 Power into your car
with this brand-new
Buick Fireball engine**

OWN up. Don't you dream about bossing a hoodful of flashing 1947 Buick Fireball power?

Doesn't your pulse quicken at the thought of nudging the treadle and feeling the surge of lift and determined drive these sleek new babies have?

Then here's something you'll be glad to know about.

You can get a brand-new 1947 engine for your car—a factory-fresh, Fireball straight-eight for any Buick built in the last ten years. It's the selfsame Dynaflex beauty going into new Buicks every day.

You see, we can build engines faster than we can build cars. It's sheet steel, bodies and other parts that are short and that hold back complete automobiles.

So we have these engines right now. We can lift out your present one, lower a gleaming new one in its place, and there you are with one of the keenest, liveliest power plants on the road today, and with a car worth lots more when you're ready to turn it in.

It doesn't take long—far less time than a thorough overhaul. And it usually costs less in the bargain.

So here's your chance to get snappy, powerful 1947 performance. It's next best to getting a new Buick. Drop around and let us give you facts and figures.

Chandler Favors Expansion of Major Leagues

New York, Dec. 10—(AP)—Commissioner A. B. Chandler joined the major leagues today in endorsing the long-range plan to bring in four teams of the Pacific Coast League for the purpose of expanding each major league from eight to ten teams.

The commissioner, who was a member of the five-man committee which visited the coast last August, intends to bring the plan before the joint major league meeting tomorrow.

Along with the National and American Leagues, Chandler is of the opinion that the 10-club plan is the most practical and could be accomplished with the "least trouble to baseball."

National League owners touched on the coast league problem yesterday as the three-day winter meetings began, although league president Ford Frick declined to reveal the decision. It was learned that the senior circuit rejected both PCL requests.

They held: First, the eight cities involved at the moment cannot support major league baseball; second, it would be unfair to the two other Triple-A leagues to grant the PCL special privileges without doing the same for them.

The American League is expected to take pretty much the same action today.

Car Used In Safety Demonstration

Automobile drivers are often heard to remark, "I can stop it on a dime." The students of Greenville High School will participate in a series of tests to determine the size of that dime at various speeds Thursday afternoon at 2:30. The demonstration will be made on Summit Street between Third and Fifth Streets.

It will be conducted by Harry M. Pontious, safety director of the Farm Bureau Insurance companies, with a specially equipped automobile. Yellow paint bullets fired from revolvers mounted on the front bumper of the car will show graphically how much time each driver requires to place his foot on the brake pedal and how far the car travels before coming to a full stop.

In operation, the driver being tested will be signaled to stop by the unexpected firing of a red "stop" signal above the radiator of the car. The first shot will mark the pavement at the spot the signal is given; a second shot will mark the street where the brake pedal is first depressed, thus showing the driver's reaction time; and the third gun will be fired when the car is stopped, showing the distance required for stopping.

Because of extreme hazards in making emergency stops at high speeds, the tests will be limited to 20, 30 and 40 miles per hour. Police drivers will be used for the high-speed tests.

The program will begin with a 30-minute lecture and movie in the high school auditorium to be followed by the demonstration on the street. Students, teachers and traffic officers will do the actual driving for the tests. A group of students will do the measuring and recording of the results.

Pontious will also give a demonstration of correct and incorrect methods of turning a car around along with other safe driving rules.

Farm Bureau safety demonstration programs have been given before the student bodies of more than 1400 high schools and colleges in 14 eastern states. Their popularity is evidenced by many invitations for return engagements and an increasing demand for the program to be brought to other schools. Principal Dowd said that invitation is extended to the general public to attend both the lecture and the street demonstration.

Gives Statistical Study Of Chemists Trained In South

Dr. W. S. DeLoach, associate professor of science at East Carolina Teachers College, discussing "Southern Chemists: Their Training and Careers" before the Faculty Lecture Club of the college on last Tuesday evening, presented a statistical study of chemists and chemical engineers in eleven Southern states and stated that the South is losing many of its best trained specialists in those fields to other parts of the country.

Basing his remarks mainly on a study of data about Southern chemists listed in the 1906 and 1944 editions of "American Men of Science," he gave information on where Southern chemists get their training, where they settle after completion of their education, and into what types of work they go.

Unions Plan . . .

(Continued from Page One)
wanted price controls removed and labor wanted the government's wartime control of wages ended.

Both got what they wanted. This left business free to boost prices as high as it wished. It left labor free to get wage raises as high as it could force employers to pay.

Prices, meaning living costs, kept going up and are still going up. Food prices now are the highest in history.

Since the war the CIO has won two rounds of wage increases. Now it wants a third round to offset the steadily rising living costs.

This third round will be cancelled out if business, claiming the wage boosts mean higher business costs, hikes prices some more to offset the wage hike.

Labor won't gain in that deal but the ones who will suffer most cruelly, the ones who are suffering most now, are the country's non-organized people.

What can be done? Congress could set up price controls and, maybe, cut taxes to give people more money.

But business wouldn't stand idly by if anything like that happened unless Congress set up wage controls again, too. And labor doesn't want wage controls.

So the CIO, by its wage demands, is putting a big problem up to Congress and to business, too.

Situation . . .

(Continued from Page One)
members of the Soviet commission on the ground of "subversive activities in France," but recently expelled 19 other Russians on charges of interfering with the French strike situation. Russia, in cancelling the trade talks, bitterly accused France of "hostile" actions, and declared that the Soviet government "holds the French government responsible for the consequences."

France's internal crisis, however, eased materially. The French General Confederation of Labor—which is dominated by the Communists—ordered the 2,000,000 strikers back to work today. This was in response to a government ultimatum to the strikers to get back on the job by today. The capitulation came after the Communists had declared their intention of defying the order. In short, the Bolsheviks backed down, and the chief reasons were two: the strong and aggressive attitude of the government, and the heavy dropping off of support for the Red program by the rank and file of French labor.

In Rome, too, there was a slight easement when the Communist-led Chamber of Labor cancelled its ultimatum to inaugurate a general strike in the capital and province unless the government acquiesced in

the Red program. However, there were fresh disorders in Sicily and the position of the country as a whole remained grave.

All in all, the situation in Western Europe was rather brighter for democracy.
