CLAIM TRUMAN WILL SIGN GOP ECONOMIC BILL

Intimates Of President Predict Signing Of Measure Despite Reluctance

Washington, Dec. 20—(AP)—Intimates of President Truman predicted today he will sign the Republican "voluntary" anti-inflation bill despite his conviction that it is far from adequate to hold the line on the cost of living.

They said he will accept the bill mainly because of sections which (1) continue his export control power over scarce commodities, (2) continue his authority to allocate transportation facilities such as boxcars and (3) restore his wartime power to restrict use of grain for liquor.

At the same time the President is expected to declare that the GOP plan of voluntary industry agreements will never keep the lid on inflation and to renew his demand for standby wage-price controls and rationing authority.

Victorious Republicans quickly called on the President to encourage agreements under the bill without delay in the steel and oil industries, all of which have been described by Administration spokesmen as critical spots in the economy.

The measure authorizes the President to approve voluntary agreements by industry, business and agriculture to provide for: (1) transportation facilities; (2) rationing of commodities and inventories; (3) regulation of speculative trading on commodity exchanges.

He also is authorized to set up a food conservation program and one to promote food and livestock feed production—both voluntary.

Finally, the bill asks the President to submit for possible congressional action a program for dividing up any cost of living items which become "critically short."

Italian Strike In Food Industries May Soon End

Rome, Dec. 20—(AP)—A nationwide strike in Italian food industries—latest labor problem to harass Premier Alcide de Gasperi's newly re-shuffled cabinet—began this morning but indications were that it would be settled by tonight.

A union spokesman said "notable progress" in getting employers and workers together was made at night-long conferences in the office of Labor Minister Amintore Fanfani.

An estimated 300,000 employees of food factories, stores and shops were affected by the strike. Bakeries, milk distributors and ice plants were exempted.

The government, harried for the past five weeks by leftist-led disorders which have claimed 23 lives, won a substantial vote of confidence last night from the Constituent Assembly.

Italians Riot Over Christmas Dole

Naples, Italy, Dec. 20—(AP)—Five persons were wounded here today in a riot set off by an argument among workers as to whether to accept a Christmas unemployment dole which some held insufficient.

The casualties were two demonstrators and three policemen. Some gunfire sounded during the fighting.

Presidential Message

In Presenting Details Of Marshall Plan, President Truman Left Little To The Imagination; Will We Avert Global Conflict By This 'Investment'? The Import

By DEWITT MACKENZIE

There's nothing left to the imagination in President Truman's message to Congress detailing the Marshall Plan.

We get a stark picture of a war-torn Europe which is struggling in an economic slough of despond from which it cannot escape without outside help. Meantime aggressive Communism is threatening to overrun the distressed countries.

"The next few years," warns the President, "can determine whether the free countries of Europe will be able to preserve their heritage of freedom."

If they can't, such a turn of events might well compel America to modify her own economic system and forego many of her freedoms and privileges. And the Chief Executive makes this grim point:

"The last two decades have taught us the bitter lesson that no economy, not even one so strong as our own, can remain healthy and prosperous in a world of poverty and want. Our deepest concern with European recovery, however, is that it be essential to the maintenance of the civilization in which the American way of life is rooted."

That's the big issue. Apart from any altruistic viewpoint on our part, the Western hemisphere is threatened by the Red tide. And what is the cost of helping Europe regain

her feet and of maintaining our own way of life? Of this Mr. Truman says:

"The program of aid to Europe which I am recommending is well within our capacity to undertake. Its total cost, though large (about \$17,000,000,000) will be only about five per cent of the cost of our effort in the recent war."

Obviously the corollary is that it would be cheaper to head off a third world war than to fight it, and that's a point which this column has emphasized before. Seven billion dollars—or what will you—is a powerful lot of money, and its expenditure brings small cheer to the hapless tax-payer, but to my mind this mountain of cash doesn't matter a tinker's dam as compared with another outlay which war would involve.

Did you ever stand beside one of those great military cemeteries which are the product of the last two world wars? Thousands upon thousands of white crosses stretching off across the acres as far as the eye can reach. You can't balance the dollar sign against one of those emblems of sacrifice.

The world needs no further evidence of America's willingness to fight if necessary. We'll fight all right when the occasion demands.

Adjourning Congress Complies With Half Of Truman Appeals

President Gets Bulk Of Stopgap Foreign Aid Fund; Anti-Inflation Program Scuttled With 'Voluntary' Bill As Substitute

Washington, Dec. 20—(AP)—Congress today handed President Truman a \$52,000,000 aid fund for France, Austria and Italy as the main fruit of a 33-day special session.

Along with it went a Republican-sponsored bill calling for voluntary measures by business and agriculture to combat cost of living increases at home while relieving want abroad.

The stopgap relief fund, approved just before adjournment last night, was \$75,000,000 less than the Administration wanted to buy food, fuel and fertilizer for the three European nations during the winter months.

It had fared far better during its trip through Congress, however, than the President's ten-point anti-inflation program featuring standby wage, price and rationing controls, which met with a congressional thumbs down.

The appropriation bill carried, in addition to the European aid money, an \$18,000,000 grant to China. The Administration had made no such request but the Senate decided to toss it in as a sign of support for Chiang Kai-shek's battle against the Chinese Communists.

In its final form the bill also provided \$340,000,000 to meet occupation and relief costs for American forces in Germany, Japan and Korea, a compromise figure worked out by a House-Senate conference committee.

The State and Army Departments had asked \$490,000,000 for these purposes and the Senate allocated the full amount. The House, which had voted a \$260,000,000 cut, finally settled for one of \$180,000,000.

There was one other major last-minute dispute between the two chambers. It was over the amount of wheat, flour and wheat products which must be retained in the U.S. on July 1, when the new crop year begins.

The House put this at 150,000,000 bushels over strong Administration protests. The Senate voted to let President Truman reduce the total to 125,000,000 bushels on March 1. The House figure finally was accepted by Senate conferees.

Reaction Heralds Rough Going For Marshall Plan

Majority GOP Leaders Line Up Behind Taft Proposal Of Year-To-Year Commitments; Some Democrats Are Critical

Washington, Dec. 20—(AP)—Sharp attacks from both Republican and Democratic ranks today forecast rough going for the four-year, \$17,000,000,000 Marshall Plan when Congress comes back to work Jan. 6.

Republican leaders—excluding Senator Vandenberg of Michigan—apparently were lining up behind a proposal by Senator Taft (R-O.) that any formal pledge of European aid be limited to one year.

Taft wants Congress to review the program annually and decide whether it should be continued. This would favor with at least one year.

Senator Hatch (R-NM), a close personal friend of Mr. Truman and a strong supporter of the program, told a reporter that if a one-year commitment is the price for getting the economic aid underway, he would be willing to go along.

Spencer, N.C., Dec. 20—(AP)—C. A. Fink, president of the State Federation of Labor (AFL), says his organization will appeal to the United States Supreme Court yesterday's State Supreme Court decision upholding the North Carolina anti-closed shop law.

Fink said the appeal would be made by George Pennell of Asheville and Herbert H. Thatcher of Washington, who argued the cases before the state high court last month.

Army To Probe Black Markets

Washington, Dec. 20—(AP)—The Army was preparing a full investigation today into charges that American personnel in Germany have engaged in black market activities and other violations.

In response to a query, Department of the Army officials said the charges, which were received recently, had been passed on to Gen. Lucius D. Clay, the American military governor.

Washington, Dec. 20—(AP)—A five-week-old puppy was due to become the nation's top dog today.

Fella, a silver buff Cocker Spaniel, was scheduled to move into the White House pool shed formerly occupied by Fala, the late President Roosevelt's Scotty.

The new presidential pet was en route to the capital by air freight as a gift from Mrs. Peter J. Marsden of Galena, Ill. Mrs. Marsden once was a nurse for President Truman's mother, the late Mrs. Martha E. Truman.

Brig. Gen. Wallace H. Graham, Mr. Truman's physician, got the job of raising the pup.

SEC. ANDERSON READIES LIST SPECULATORS

Will Make Public Names Of Some 14,000 Traders Perhaps Next Week

Washington, Dec. 20—(AP)—Secretary of Agriculture Anderson today prepared to make public on a "let the chips fall where they may" basis a list of some 14,000 speculators in such commodities as wheat, corn and butter.

Backed by a congressional resolution bearing President Truman's signature, Anderson told Agriculture Department workers to get the names together as quickly as possible and said he may be able to give them out within the next week.

He already had made it plain that the list will include the names of congressmen, if any, as well as officials in the government executive departments, if any, who have fattened their bank accounts by large-scale gambling in commodities during the upsurge in the cost of living.

Washington interest was whetted by the fact that Anderson himself, during a speech Oct. 9 in Chicago denouncing speculators, said he could "name names" and that "some of them are public figures."

This was followed by Republican demands that he hand over to Congress the names of any government officials who might have used inside information to play the commodity markets. Anderson insisted on getting formal authorization from Congress first.

He said the Commodity and Exchange Act required him to keep confidential the information he regularly receives on large scale transactions, involving for instance 200,000 bushels or more of grain, 1,000 tons of feed or 25 carloads of butter, and other data obtained in occasional spot checks of commodity exchange records.

Plans Holiday In North Carolina

Washington, Dec. 20—(AP)—Secretary of State George C. Marshall planned to leave for Pinehurst, N.C., for a holiday week with Mrs. Marshall.

The Secretary, back from the Big Four conference at London, hoped to stay at the Marshalls' Pinehurst home through Christmas, but developments will determine the length of the holiday, according to Marshall's aides.

Adjutant General J. Van B. Metts has announced the guard plans to start selecting its officers in the near future for its new air service, with a recruiting drive to follow.

Governor Releases Two Rehabilitated Fugitives

Raleigh, N.C., Dec. 20—(AP)—Two convicts, who proved while they were fugitives from North Carolina prison camps that they could be successful, respectable businessmen, were free again today—but this time legally.

Governor Gregg Cherry has commuted the remainder of the sentences of 34-year-old William Philpott, who married and became a mine foreman at Gilbert, W. Va., after escaping 13 years ago; and Virgil Shipes, who escaped three years ago and became treasurer of a general manager of a cement

tery business at Fairfax, Va. Philpott returned to prison Sept. 13 and Shipes four days later.

The governor said he was releasing both men through commutation rather than parole because their rehabilitation indicated that they required no further supervision.

Philpott had one year left to serve of a five-to-eight-year sentence on an armed robbery conviction in Forsyth when he escaped. Shipes was serving five to 10 years in confinement on convictions of the breaking and entering and larceny in Mitchell County at the time of his escape.

Babson Discusses 'Having A Business Of Your Own'

Babson Park, Mass., Dec. 20—Many letters come to me from young men asking what kind of business they could enter, in order to have a business of their own. They also ask what is the minimum amount of capital that they should have. Neither the kind of business nor the products manufactured and sold are important. It is important that the man must be born a good merchandiser; he must love to sell goods if he expects to succeed.

Capital Required
I have always enjoyed selling, believing that both the employment of labor and the enjoyment of goods by consumers depends largely upon the great bridge between labor and living standards on the other. The very fact that salesmen are the only group that have never needed a labor union shows that they are performing the most important service of all.

It requires very little capital to start in business oneself as a merchandiser. Begin by getting the

Orders Non-Suit In Trial Of R. L. Fritz

SET DATE FOR MEYERS TRIAL

Former General And Associate's Trial Set For Jan 7

Washington, Dec. 20—(AP)—The government today set January 7 as the tentative date for bringing Maj. Gen. Bennett E. Meyers and Blierio H. Lamarre, a former business associate, into court on indictments charging perjury.

Both are accused of telling false stories to the Senate War Investigating Committee in its inquiry into Meyers' private business deals while he was deputy wartime purchasing chief for the Air Force.

The perjury counts a federal grand jury voted against Gen. Meyers yesterday charge that he falsely denied to the Senate committee (1) that he had a financial interest in a Dayton, O., plane parts firm, (2) that the company bought him a new Cadillac automobile, and (3) that the firm paid \$10,000 to decorate his Washington apartment.

In addition, Meyers was charged with inducing Lamarre to testify falsely to the Senate committee on all three points.

Commenting on the indictment last night at his home in Huntington, N.Y., Gen. Meyers said he had no statement to make "other than to say what I've said repeatedly—that I welcome any trial before any tribunal which will give me the right to cross-examine witnesses and to call witnesses on my own behalf."

Abandon Plans Trade School

Raleigh, N.C., Dec. 20—(AP)—Governor Gregg Cherry has announced abandonment of plans to open a state-supported vocational trades school at Camp Butner near Durham.

The governor said the thousands of dollars worth of tools and machinery obtained from the War Assets Administration will be distributed among high school vocational training shops in the state.

Chinese Announce 1948 Economic Plan

Nanking, Dec. 20—(AP)—The government today announced its economic policy for 1948. More stringent control over private banks, continued suspension of loans to non-productive enterprises and relentless war against the money black markets.

This help would be in gifts and loans. So some of our help we'd give for free. For some we'd expect to get paid back. How much back? No guess.

The plan would cover all kinds of help: food, ships, farm machinery, steel, coal, and so on, all things Europe needs.

Will it go through Congress? Probably not in the form asked by Mr. Truman. Republican leaders there don't see eye to eye with him. They say this:

1. It may be a bad idea to promise help for four years. Instead of one year at a time. They don't want to be tied up to a promise four years.

Secretary Says Helping Western Europe Is Probably Only Way To Force Lasting Peace On Soviet Russia; Repeatedly Blames Molotov For Big Four Failure

Washington, Dec. 20—(AP)—Secretary of State Marshall today handed America the job of helping western Europe reach the high level of economic recovery which he said is probably the only way to force a lasting peace on hostile Russia.

In a sober report on the failure of the London foreign ministers' conference, Marshall said there is a "frustration tactics" in London and her "frank declaration of hostility" to the \$17,000,000,000 European aid plan bearing his name.

If the Marshall plan succeeds, he said, it will fill a "political vacuum" created by the war and result in "forms of government which guarantee true freedom, opportunity to the individual, and protection against the terror of governmental

leaders "openly practicing restoration will not take place." The Secretary said in his radio address last night, and added:

"Until the result of this struggle becomes clearly apparent, there will continue to be a very real difficulty to reach even on paper agreed terms for a treaty of peace."

Marshall spoke from his State Department office only a few hours after his return from London, and shortly after President Truman had presented the Marshall plan to Congress.

The Secretary repeatedly blamed Foreign Minister Molotov for failure of Britain, France, the United States and Russia to reach agreement on the German and Austrian peace treaties.

"I realize that the many lengthy statements and the frequent and fundamental disagreements were very confusing to the general public," he said.

"Also, the continuous accusations against the good faith, the integrity and the purposes of the governments of the western powers, particularly the United States, necessarily added greatly to the confusion."

Commenting on Molotov's insistence on setting up a German central government without first unifying Germany Marshall said any such government would be "a sham and not a reality."

"This," he said, "was the first clear evidence of (Molotov's) purpose to utilize the meeting as an opportunity for propaganda declarations which would be pleasant to German ears."

Moscow Ignores Truman, Marshall

London, Dec. 20—(AP)—The Moscow radio ignored today President Truman's statement on the European Recovery Program and Secretary of State George C. Marshall's report on the Big Four foreign ministers' meeting in London which collapsed Monday.

The morning Moscow broadcast contented itself with detailing various facets of what it called "American imperialism" in Greece, in Italy, in Austria, in Germany, in France, in Britain, and in the Big Four.

Marshall Plan ABC

Sixteen European Nations Included; Four-Year Program To Cost \$17,000,000,000; All Kinds Of Help Included; Clash Between Administration And Congress Ahead

By JAMES MARLOW

Washington, Dec. 20—(AP)—Here's an ABC on the Marshall Plan, which will be big news for months to come.

President Truman yesterday asked Congress to help Europe recover and save it from Communism.

And last night Secretary of State Marshall, father of the plan, backed up Mr. Truman. He said peace in Europe depends upon it.

Briefly, this is the plan: For the next four years, starting April 1, we'd give 16 European nations taking part in the plan about \$17,000,000,000 total.

This help would be in gifts and loans. So some of our help we'd give for free. For some we'd expect to get paid back. How much back? No guess.

The plan would cover all kinds of help: food, ships, farm machinery, steel, coal, and so on, all things Europe needs.

Will it go through Congress? Probably not in the form asked by Mr. Truman. Republican leaders there don't see eye to eye with him. They say this:

Strength FOR THE DAY

LIVING WITH PURPOSE
The most stabilizing belief a man can ever entertain is a deep-seated belief that life has purpose—that it is headed in a definite direction and that it is going there in spite of all man may do against it.

Human life is not just a great physical phenomenon in a great physical universe. It is an eternal heritage promised to everyone who has faith and who lives by that faith. We are on a pilgrimage. What happens to us on that pilgrimage, what we achieve and what we suffer, what we get and what we lose, what our position in life may be or our possessions—these are only trifling little incidents of the pilgrimage. The end is celestial triumph.

We have the promise that the end will be eternal life with God. Every day of fidelity and endurance takes us one step nearer to a realm in which there will be no more weeping or crying, neither shall there be any more pain, for the former things are passed away.

Eternity is not something we can take or reject. Eternity is our portion whether we like it or not. But that eternity will be one of joy and light or of anguish or darkness, depending upon the way we press our pilgrimage on this side of the veil. Life has purpose.

Marshall Plan . . .

(Continued from Page One)
for France, Austria and Italy.
(Those countries badly need help to carry them till April. So last night Congress voted \$220,000,000 for those three countries. And it added \$18,000,000 for China.)

(This \$240,000,000 voted by Congress yesterday has nothing to do with the Marshall Plan.)
This is how the Marshall Plan got started:

Since the war's end we've been helping Europe, giving some help here, some there. There was no general plan.

Europe, in spite of this help, was not getting well. If it got sicker, nation by nation might fall to Communism.

So last June 5 Secretary Marshall told the European nations this:
1. We'll continue to help you as much as we can if—

2. You get together, work out a plan for helping one another, and then tell us how much help you need from us and other countries.

Sixteen European nations took Marshall at his word. They met in Paris, worked for weeks, and came up with a plan for self-help and help from us.

(Russia and the countries of Eastern Europe dominated by Russia refused to take part. Communists threatened to wreck the plan, if they can.)

The sixteen nations taking part are: Austria, Belgium, Britain, Denmark, France, Greece, Iceland, Italy, Luxembourg, Netherlands, Norway, Portugal, Sweden, Switzerland, Turkey.

While the 16 nations were drawing up the plan in Paris, Mr. Truman told government agencies and special committees to find out how much help we could give Europe without ruining ourselves. They said we could give

The 16 nations finished the plan and sent it here by mid-September. Mr. Truman turned it over to government experts to check and analyze.

They worked for two months, cutting down a bit what the 16 nations said they needed. The result of their work was the Marshall Plan which Mr. Truman turned over to Congress yesterday.

The light in Congress will start right after Jan. 6.

Presidential . . .

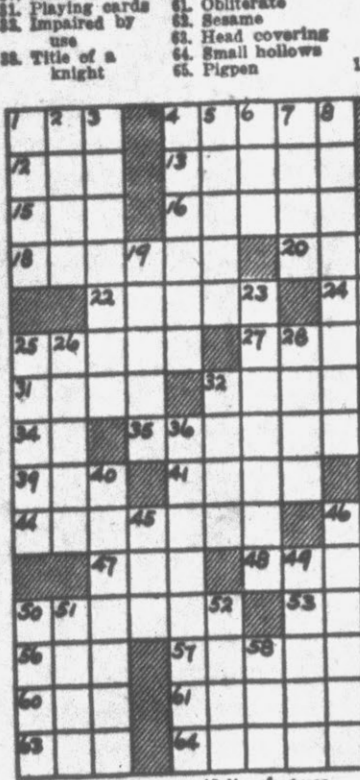

(Continued from Page One)
But we're not going to send your sons and mine across to fight again just to avoid paying taxes to avert another global conflict which likely would be so disastrous as to make the last one look insignificant. The cash investment would pay big dividends. Of this Mr. Truman says:

"As an investment toward the peace and security of the world and toward the realization of hope and confidence in a better way of life for the future, this cost is small indeed."
So far as concerns the threat from Bolshevism, none need question that. The consensus of impartial observers is that this constitutes the greatest menace which free nations have faced since the days of the great conquerors.

THE DAILY REFLECTOR
December 20, 1907

Meror Tyson left this morning for Baltimore.

W. B. Wilson came home today from Bingham school, Asheville.

Bascom Wilson came home Friday evening from the University at Chapel Hill.

Miss Verda Waldrop, of Hendersonville is here to spend the holidays with Miss Hennie Ragsdale.

There was hardly standing room today, so many people around the stores and on the streets.

Miss Mary Elizabeth Austin, who is a member of the faculty of the high school in Oxford, N. C., is spending the holidays here with her parents, Mr. and Mrs. Edward Austin.

Bill Kittrell, son of Mrs. Retha Kittrell of Winterville, is quite ill in Sanatorium Hospital, Rocky Mount. He underwent an operation on his knee which became necessary as the result of injuries received while playing football at E. C. T. C. at the beginning of the season.

Mr. and Mrs. C. B. Haley, Jr., and daughter, Peggy, of Brentwood, Tenn., are spending the holidays with Mrs. Haley's parents, Mr. and Mrs. J. F. Davenport.

Mr. and Mrs. Rolla B. Holt of Washington, D. C., have arrived in Greenville to attend the Rawlinson White wedding and spend Christmas with Mrs. Holt's mother Mrs. Walter F. Taylor.

Miss Peggy Rose Smith arrived this afternoon from Duke University to spend Christmas with her parents, Mr. and Mrs. Milo Smith.

Francis Jordan has returned from State College, in Raleigh, to spend the holidays.

Mr. Hugh Carawan has returned from Duke hospital where he has been for the past two months.

Parking Meter Kept Driver Out Of News

Mount Vernon, Wash., Dec. 19 (AP)—Only a parking meter kept a Mount Vernon woman driver from breaking into the news. Her car went out of control on a hill yesterday and headed down into the business district. She swerved to a curb, snapped off the parking meter and managed to stop it on the sidewalk, just two feet from a plate glass window next to the news desk of the Mount Vernon Daily Herald.

Orders Non-Suit . . .

(Continued From Page One.)
Evidence offered by the state was, in the court's opinion, sufficient to permit the inference of guilt, and therefore the court overruled the defendant's motion for judgment as of non-suit after the state rested its case. Ordinarily the defendant's evidence should not be considered upon motion of non-suit. However, where the evidence of the defense in explanation of facts established by the state's evidence is reasonable and is not disproved by the state's evidence, and where such explanatory evidence is sufficient to rob the defendant's conduct of its criminal character, then the court is warranted in entering judgment of non-suit upon all the evidence.

Welter Champ Hospitalizes Opponent In Six

Detroit, Dec. 20 (AP)—Welterweight Kink Ray Robinson's second challenger—Chunky Chick Taylor—rested in a hospital today, a sixth-round victim of Sugar Ray's still very lethal blows.

Robinson's technical knockout of the cocky Coalport, Pa., aspirant before 16,975 fans here last night cleared away any fears that he might be slipping.

From the outset the result seemed obvious and everytime the champion moved in on Taylor the crowd expected the "kill".

But Taylor, always on the aggressive, cut short every Robinson rally through three rounds. In the fourth Sugar Ray connected with a barrage of rights and lefts to the head and body that left Taylor groggy.

The fifth round was much the same but the plucky challenger weathered it. Taylor came out fast for the sixth and was met with another flurry of left and right jabs and uppercuts.

One looping left sent Taylor sprawling to the canvas. He got to his feet at the count of nine but he might as well have stayed down.

Robinson, lightning fast and hitting hard, floored Taylor again a few seconds later. Taylor's manager Jack Laken, threw in the towel as the count continued, and Referee Johnny Weber stopped the fight as the 10-count was sounded. Only 53 seconds remained in the round.

Future Farmers Of America Organize Federation Chapter

By CHESTER WALSH
Future Farmers of America chapters of this county at a meeting in Winterville recently organized the Pitt County Federation of Future Farmers of America under the direction of S. F. Peterson, FFA teacher and adviser of the Ayden chapter. Each chapter sent three delegates — a president, secretary and an individual member.

L. A. Arnold of the Grimesland chapter was chosen president; Manley Wooten of Farmville, vice-president; Noah Buck of Onslow, secretary; Bill McLawhorn of Ayden, treasurer and Raymond Jones of Winterville, reporter.

The Federation chapter by-laws requires that the adviser be from the same chapter as the president. W. E. Little of Grimesland was named adviser.

A "Progress Day" was discussed at length. One of the outstanding functions of the Federation is to

Upset By Bethel

Washington, N. C., Dec. 20—The Bethel High School Basketball team recently defeated the Washington Class A champions of last year last-night by the score of 29-24 in one of the biggest upsets of the new-born cage season.

The Bethel team has won every game this season with the exception of a single loss to the ECTC junior varsity.

Bethel led at half-time, 11-12, and held their advantage throughout the remainder of the contest.

conduct contests which will be carried out during the fiscal year period. The contests will include seed judging, livestock judging, public speaking and ritual and parliamentary procedure. J. H. Mobley, agriculture teacher at the Winterville High School predicted success for the newly organized federation chapter.

Christmas Spirit At Last Night's Kiwanis Meeting

By CHESTER WALSH
The Christmas spirit prevailed at the Kiwanis Club's weekly supper meeting last night and fellowship featured it. President Eli Bloom near the end of his successful administration, reviewed the good work of the Kiwanians during the year, and bespoke the same support for incoming President Nathan C. (Jefferson Standard) Brooks.

Bloom, on behalf of the club, presented Mrs. Ray Tyson, director of music, and Mrs. J. K. Spivey, who provides the food for the club with cash Christmas gifts.

Another feature of the meeting was Chairman Arthur Tripp's report of spending during the year more than \$1,100 in underprivileged child work, and \$272 of this was for Christmas cheer locally and at various juvenile institutions.

Miss Martha Lee Cowell and Mrs. Blanche Cherry were special guests of the club to receive the toys the members donated for distribution by the King's Daughters at Christmas.

Invited guests included Dr. J. Hicks Corey, Jr., Billy Earnhardt, from the Methodist Orphanage, a guest of Senator Arthur B. Corey; Miss Terry Tripp, Ed Barrett, Dr. Rod T. Williams and H. D. Moye of the Farmville Kiwanis Club; Col. Owen Marshburn, Calvin Claudel, William McDonald, Clarence Tugwell and others.

President-elect Brooks announced the appointment of committee chairmen for 1948. After the regular meeting the chairmen conferred and co-chairmen and committee members were named.

Next Friday night, the last meeting of the year, the program will be "Appreciation Night," Chairman Archie Rogers said.

POLICE RADIO PROVES VALUE

Greenville police did some fast work Tuesday night with radio cars when they arrested Sam Snead 30-year-old Negro, on a charge of breaking into the Barbecue Inn at 14th and Charles streets and the larceny of a quantity of foodstuffs.

Police recovered the loot and in police court yesterday morning Judge J. W. H. Roberts found Snead guilty of larceny of merchandise valued at less than \$50 and sentenced him to two years on the roads.

Snead picked the lock with a pocketknife, police said. Chief Beauford Drum said he and Detective M. E. Corbett were cruising in the police radio car shortly before last midnight when they saw Snead trudging through the residential section of the city with a potato bag bulging at the corners. They stopped him and examined his bag. It contained three dresses, five pounds of lard, 10 pounds of sugar, two cans of corn and a new hammer. Two other police officers, Mobley and Christopher, in the meantime radioed from another police car that the Barbecue Inn had been robbed.

Radio cars were functioning like a watch, Chief Drum said, when Deputy Sheriff Lloyd Manning came up in another car. "The chief quoted Snead as saying that someone had left the stuff with him to keep. Police contact with the manager of the cafe resulted in his identifying the merchandise as his property. It was returned to him after court today.

Police quoted the cafe manager as saying he had discharged Snead a month ago when stuff was being missed.

Snead pleaded guilty in Police court.
