

'Left Wing' Cry By Republicans

Set Out To Counter President's State-Of-The-Union Proposals With Own Law-Making Program; Taft To Air Comparisons; Others Charge Politics In Address

By JACK BELL Washington, Jan. 8 (AP)—Republicans pinned a political "left-winger" label on President Truman today as they set out to counter his State of the Union proposals with their own law-making program in preparation for next November's ballot battles.

But Senator McGrath of Rhode Island, chairman of the Democratic National Committee, replied that the President has offered "a business-like, practical program of progressive liberalism."

Senator Taft of Ohio, an announced presidential candidate and chairman of his party's policy committee in the Senate, will take to the air tonight (ABC—8:30 p.m., EST.) to compare Republican ideas for new laws with those of the President.

Taft, who drew criticism from some Republican colleagues for his attack last November on Mr. Truman's 10-point anti-inflation program, said he plans "a dispassionate discussion" of the differences between the GOP and Democratic objectives.

Amid cries that the President's proposal for a \$40 a year "cost of living" tax cut for each taxpayer and dependent was "purely political," even some Republicans conceded that Mr. Truman may have made hay with individual voters while taking a poke at corporations.

The President asked that business taxes be boosted \$3,200,000,000 to keep federal revenues at their present levels despite the proposed income tax slash.

Rep. Keen (R-NJ) commented to reporters that "the average voter has no special sympathy for an inanimate corporation," and Taft asserted, "It's smart politics. I guess, if it is smart to be smart."

The Ohioan is expected to reiterate Republican opposition to the compulsory price-wage and rationing controls for which Mr. Truman asked indirectly in a 43-minute message received by the lawmakers yesterday in a silence broken only six times by scattered applause.

In the first 25 minutes, while he was discussing the social welfare legislation he said Congress should enact to elevate living standards at home, there wasn't a single hand-clap from his listeners. He first broke the ice when he promised to enforce the Taft-Hartley Labor Act despite his dislike for it.

Rep. Robinson (R-KY.) said the message got "the coldest reception of any I've heard in nearly 25 years."

The President's proposals for such social welfare legislation at national health insurance touched off Republican contentions that he is attempting to "out New-Deal the New Deal," as Senator Jenner (Ind.) put it.

Discuss Changes Regulating Milk Raleigh, N.C., Jan. 8 (AP)—Proposed changes in North Carolina's milk regulations were discussed at a public hearing by the State Department of Agriculture here today.

The principal change would require persons dealing in milk shipped into North Carolina to obtain permits from the commissioner of agriculture.

Religion And Russians Throughout A Nation Ruled By Atheistic Communism, Religious Folk Went To Church on Their Christmas Day; Fight Against Religion; Incompatible Relationship

By DEWITT MACKENZIE Religious people of Russia celebrated Christmas yesterday — that being December 25 according to the calendar of the Orthodox Eastern Church — and throughout the vast union ruled by atheistic Communism the churches were crowded with worshippers.

Now that's both interesting and vastly important, because it provides further striking evidence that belief in God cannot be stifled.

Truman Tax Plan 'Dead' Says Critic

Knutson Plans Press Own Tax Reduction Program For Quick House Approval

Washington, Jan. 8 (AP)—The first big election year battle between President Truman and the Republican-controlled Congress exploded today with a declaration by Rep. Knutson (R-Minn.) that the President's tax program "is as dead as a mackerel."

The chairman of the tax writing Ways and Means Committee simultaneously announced plans to press his own \$5,600,000,000 tax slashing bill to quick approval in the House.

Mr. Truman asked Congress yesterday to grant a \$40 "cost of living" tax cut for every member of a household—thereby freeing perhaps 10,000,000 low income persons from further taxation—and to make up the revenue loss by \$3,200,000,000 in new levies on corporations.

"It is just a political gesture. It will get no consideration at all," said Knutson. To which Speaker Martin (R-Mass) added:

"I don't expect the President's proposal to get far and I don't think the President expected it would when he made it."

"We (Republicans) will have a tax bill of our own that will give more benefits to the little people and will be one that will stimulate instead of hurting business. We are not going to increase anybody's taxes, for the time has come to get rid of wartime taxes."

But Rep. Rayburn of Texas, the House Democratic leader, quickly backed up the White House plan and, in a retort to Knutson, declared: "I don't concede anything."

When the Minnesota introduced his bill in the last hours of the recent special session, he labelled it "veto proof." But the President's message left little doubt that if it goes to the White House in its present form it is certain to be rejected.

Mr. Truman last year twice killed a Republican-backed, \$4,000,000,000 tax-cutting measure, saying it was the wrong kind of tax reduction at the wrong time.

Resume Efforts To Refloat Ship Southport, N.C., Jan. 8 (AP)—Three Coast Guard vessels today resumed efforts to re-float the Sinclair Refining Corporation's tanker Sinclair Opaline. The tanker is aground about two miles southeast of the Cape Fear River.

The tanker is out of Houston and was bound for Wilmington with a cargo of oil.

Soviet Satellites Prepare Recognize 'Red' Greece London, Jan. 8 (AP)—Eastern European's Soviet satellites are preparing to recognize the Communist Greek government of Markos Vafiadis despite Western warnings that the move will bring about a major international crisis, high diplomatic authorities representing those countries said here today.

These informants predicted that recognition of the Vafiadis regime was at most a question of months. Only yesterday Britain and the United States advised Yugoslavia and Bulgaria of the "serious implications" of such a step, which they said would be contrary to the principles of the United Nations Charter.

Reinforcing this warning was a disclosure that Britain has deferred indefinitely a scheduled early evacuation of her 5,000 troops in Greece. Moreover, according to official spokesmen, she has reached a "broad agreement" with the United States not only on joint diplomatic action to be taken in the event of recognition, but also on military steps to support the Athens regime in its fluctuating fight against the guerrillas.

"Every means short of war" will be used by the British and American governments to keep Greece within their own strategic and ideological orbit, one government source said.

The British Foreign Office, without saying so formally, takes the view that the fall of Greece to Communist-led guerrillas might precipitate a political landslide in the Middle East.

Morgenthau Next To Face Inquiry Washington, Jan. 8 (AP)—A Senate committee investigating grain speculation is going to look into trading activities of Henry Morgenthau, Jr., former secretary of the treasury. Senator Ferguson (R-Mich.) said today.

Ferguson told reporters the appropriations subcommittee which he heads at least will want to know the extent of Morgenthau's grain dealings and whether they extend back to the time he was in the cabinet.

UN Meets Tomorrow

Will Work On Carrying Out Partition Of Palestine

Lake Success, Jan. 8 (AP)—After a six-week interim during which violence and bloodshed have swept across Palestine, the United Nations will get down to work tomorrow on carrying out the General Assembly decision to partition the Holy Land into Jewish and Arab nations by Oct. 1.

At 11 a.m. (EST) Friday Secretary-General Trygve Lie will open the first meeting of the five-nation Palestine partition commission set up by the assembly in New York Nov. 29, when the plan to split Palestine was finally approved. The commission will elect officers and plunge into the task of working out methods for carrying up the Holy Land in the face of violent Arab opposition.

Lie was still working today on the text of his opening remarks. There were reports that he would issue a stern warning to delegates of the difficulties and problems ahead, along with a special plea for action to overcome opposition and violence if possible.

The commission's first major task will be to arrange for consultations with the British who, as mandatory power, still control Palestine.

Security Force

Lake Success, Jan. 8 (AP)—Trygve Lie, secretary-general of the United Nations, said today he would raise the question of a Palestine security force at the opening meeting of the U. N.'s five-nation Palestine partition commission here tomorrow.

Lie told his weekly news conference he had discussed the Palestine security question with members of his staff but he denied published reports that he had conferred with any member nations on the need for such a force.

Hearings To Open Jan. 12

Rationing, Wage-Price Control Bills To Be Taken Up

Washington, Jan. 8 (AP)—The Senate Banking Committee decided today to start hearings Monday on rationing and wage-price control legislation.

Chairman Tobey (R-NH) announced the hearings as Republicans in Congress showed little inclination to grant President Truman these and other powers he says are necessary to control inflation.

Tobey told reporters the committee voted to complete the hearings as rapidly as possible with government witnesses testifying first. The senator said initial testimony will deal with bills by:

1. Senator Barkley (D-KY.) to grant the Administration stand-by authority to impose wage and price controls, as requested by Mr. Truman in his 10-point anti-inflation program.

2. Senator Taylor (D-Idaho) to reserve price controls and rationing at the discretion of a director of price and allocation. This measure also provides for a temporary "freeze" of prices at the highest levels of last November.

3. Senator Capehart (R-Ind.) to "freeze" prices of all commodities at the levels which prevailed last December 13, pending study of other methods of controlling inflation.

Tobey said the hearings later will cover a stand-by meat rationing plan which Senator Flinders (R-Vt.) plans to introduce shortly.

He added that all bills proposing rent control extension beyond Feb. 29 will be referred promptly to a rent subcommittee for hearings.

Brazil Bans Reds Having Govm't Jobs

Turbulent Legislative Session Removes Communists From Elective Posts

Rio De Janeiro, Jan. 8 (AP)—The last vestige of legality was withdrawn today from the Brazilian Communist party, probably the largest in the Western Hemisphere.

The Chamber of Deputies enacted, and President Eurico Gaspar Dutra immediately signed last night, a law removing all Communists from elective posts throughout the nation. Those affected included a senator 14 deputies, 60 members of state legislatures and 18 members of the Rio De Janeiro city council. The Senate had passed the bill previously.

The Communist party itself, which claims from 180,000 to 200,000 members and which polled about 800,000 votes in state and local elections last January, was outlawed on May 7 by a three to two ruling of the Supreme Electoral Tribunal. That ruling did not affect the status of office holders previously elected.

Brazil broke off diplomatic relations with the Soviet Union on Oct. 21 because of articles in the Russian press attacking the president and the Brazilian army.

The Chamber of Deputies approved the new law, 181 to 74, at the end of one of the most turbulent legislative sessions in Brazilian history.

Three deputies pulled guns on Communists in the chamber but did not fire. Fist fights broke out. Police clashed with mobs inside the chamber, and there was such turmoil outside that police almost had a riot on their hands before quelling the disturbance.

As the ballots ended, spectators in the galleries and the Communist deputies on the floor shrieked: "Traitors! The Communists yelled: "Viva Luis Carlos Prestes." (Prestes is secretary general of the party and its lone senator.)

Communist deputy Mauricio Garbino cried that President Dutra's "Fascist" regime had sold out to "Wall Street and North American imperialism."

Graham's Broker Questioned By Senate Probers

Washington, Jan. 8 (AP)—A Senate committee investigating speculation has received secret testimony from the broker who handled the account of President Truman's physician and from the broker's wife, herself a heavy trader and a navy department worker, it was disclosed today.

Committee members confirmed that they have questioned Harry Brisker, a customer's man for Bache and Company, and his wife, Mrs. Eva M. Brisker, a clerk in the navy department.

They said, further, that Brisker is the broker who personally handled the account of Brig. Gen. Wallace H. Graham, Mr. Truman's physician.

The committee already has served notice that it will call on Graham to explain his trading activities, probably tomorrow following the reappearance of Harold E. Stassen, Republican presidential hopeful, who contends that administration "insiders" have been profiting in commodity deals.

These disclosures came following the publication of a new list of corn traders on which appeared the name of Henry Morgenthau, Jr., former secretary of the treasury.

Morgenthau acknowledged that he owned 195,000 bushels of corn futures last June 30, but he said in a statement issued in New York that he lost money.

Secretary Of State Warns Congress 'Either Undertake To Meet The Requirements Of The Problem Or Don't Undertake It At All'; Outlines Arguments For Program

By JOHN M. HIGHTOWER Washington, Jan. 8 (AP)—Secretary of State Marshall appealed to Congress today for an adequate, prompt and effectively administered European aid program and bluntly challenged the lawmakers:

"Either undertake to meet the requirements of the problem or don't undertake it at all."

At the same time the soldier-turned-diplomat rejected outright the Republican backed proposal to create a new government corporation to administer the projected aid program. He called for a single administrator responsible to the President and working in harmony with the Secretary of State on foreign policy questions.

"There cannot be two Secretaries of State," Marshall asserted. "The man whose name designates the 'Marshall Plan' for European recovery appeared before the Senate Foreign Relations Committee as the first of more than a dozen officials assigned to present the Democratic administration's case to the Republican Congress for a four-year, multi-billion dollar program of assistance to western Europe."

Of the need for such aid, Marshall declared: "Dollars will not save the world—but the world today cannot be saved without dollars."

The Cabinet officer's briskly written, 5,500-word statement sketched the arguments for the huge project—unprecedented in American peacetime history—told how and why he thinks it should work, why he considers it necessary and what it ought to cost.

"I described the alternative which President Truman proposed for the first 12 months of the plan, as a precision figure which 'does not represent a generous estimate of requirements. It is not, he said, an 'asking figure' based on expected cuts by Congress."

Aid in the full amount, Marshall declared, is required "to initiate a program of genuine recovery and to take both Europe and this nation out of the blind alley of mere continuing relief."

"Three principles," Marshall said, "should determine the amount and (Continued on Page 12)

L. S. Kuter Is Named As Next CAB Chairman Washington, Jan. 8 (AP)—President Truman today selected Maj. Gen. Laurence S. Kuter for chairmanship of the Civil Aeronautics Board, succeeding James M. Landis.

In order to clear the way for Kuter's nomination, Mr. Truman asked congressional action on a bill to enable him to serve as a member of the board without disturbing his military status.

Kuter is the United States representative on the council of the International Civil Aviation Organization.

Landis was dropped as CAB chairman, at the end of last year. Mr. Truman gave no explanation of his decision, not to reappoint the former New Dealer to the post.

Kuter is 43, a native of Rockford, Ill., and a graduate of the military academy.

Truman Legislative Successes Doubtful

Most Of Major Plans Appear Headed For Congressional Wastebasket; Some Few Features Expected To Get Attention

Washington, Jan. 8 (AP)—Most of President Truman's major 1948 legislative proposals, particularly tax reduction and anti-inflation plans, appeared headed today for a congressional wastebasket.

But several, including rent control extension, foreign aid, broadened social security coverage, higher minimum wages and civil rights guarantees, seemed likely to pass in compromise form.

Still others, such as national health insurance and compulsory military training, were lumped in the "highly doubtful" category.

Mr. Truman outlined the program yesterday in a 43-minute speech to a politically minded and election-conscious Congress which reacted generally along partisan lines. Republicans claimed Mr. Truman was playing politics, Democrats credited him with statesmanship.

But leaders of both the Republican majority and the Democratic minority left little doubt that they look for the President's tax and anti-inflation plans to be rejected after prolonged wrangling likely to lay the foundation for this year's presidential and congressional elections.

Mr. Truman asked Congress to give every individual taxpayer an immediate cut of \$40 for himself and each dependent and to offset the estimated \$3,200,000,000 revenue loss by boosting corporate taxes.

He asked also for the inflation curb powers he was denied last month, including standby wage-price control and rationing authority.

Describing his tax plan as a "cost of living" credit to provide relief for the low income group, the President said corporations are well able to make up the revenue loss. He insisted that so long as inflation threatens, total revenues should not be reduced.

In requesting standby rationing and price-wage control powers, Mr. Truman said the current price spiral is "undermining the living standards of millions" and "holds the threat of another depression."

"High prices," he said, "must be our only means of rationing."

Republican reaction on this score was reflected generally in the comment of Chairman Wolcott (R-Mich.) of the House Banking Committee, that "Mr. Truman wants to turn this country into a police state."

Miss Shuff Honored at Luncheon
One of the loveliest pre-nuptial parties, to honor Miss Phyllis Shuff, was given on Saturday at 1 o'clock when Mrs. S. M. Crisp and Miss Mary Rose Crisp were hostesses at a luncheon shower at their home on East Fifth street.

The bride's table, in the dining room was spread with a white satin cloth and had as a centerpiece a miniature wedding scene. Wedding bells with long streamers of white tulle were showered from the chandelier. The honoree's place was marked by a corsage.

At small tables in the living room a bridal motif in the decorations was repeated. A large basket made of an old fashioned nosegay with ribbons and flowers cascading from the basket held the gifts of linen presented to Miss Shuff.

Hostesses at Coffee Hour
Mrs. Wendell then turned the Mrs. Willard T. Kyser were hostesses at a coffee hour Tuesday afternoon at 5 o'clock at the home of Mrs. Kyser, in compliment to Miss Phyllis Shuff, bride-elect of Sunday.

Twenty-five guests were entertained in rooms attractively decorated with pink glads and white pom poms.

A beautiful bowl of white pom poms flanked by pink candles, centered the table from which canapés,

The Chatham Book Club held its first meeting of the new year on Tuesday, January 6, at 3:30 at the home of the hostess, Mrs. E. R. Conway.

In the absence of the president, Mrs. F. A. Bendall presided over a short business session. Books were exchanged and the hostess, assisted by Mrs. W. D. Tucker, served a delicious sweet course with coffee and nuts.

Mrs. Bendall then turned the meeting over to Mrs. W. P. Moore, program chairman, who introduced Miss Jane Hadley as guest speaker. Miss Hadley, in her own inimitable fashion, reviewed the book "Enrica Caruso" which was written by his devoted wife, Dorothy Benjamin Caruso.

She sketched his early life, his lack of formal education and his struggle through adversity to a niche in the Hall of Fame as the greatest tenor of all time.

Though generous to a fault, he was incredibly jealous and a most meticulous person and in recounting incidents to prove these points, Miss Hadley made him live again in the minds of her listeners.

She went on to tell of his great love for his wife and of the illness which finally caused his untimely death, of his burial in the place of his birth, the beautiful city of Naples, where thousands of visitors go to pay tribute to one whose wonderful voice once thrilled all who were fortunate enough to hear him.

In conclusion, Miss Hadley played some of his most famous recordings, "O Paridis!" from L'African, "Flower Song" from Carmen, "Vesti La Giubba" from Pagliacci, "M'Appari" from Marta.

Sand Covering Grounded Boat Off Ocracoke

Norfolk, Va., Jan. 8.—(AP)—The menhaden fishing vessel Charlie Mason, which grounded off Ocracoke Island last Friday with the loss of one of her 21 crew members, was beginning to leak today and was gradually becoming covered with sand, the cutter Cherokee, which with the buoy tender Conifer has been trying to free her, reported.

The skipper of the Cherokee radioed that the Mason is buried in five feet of sand forward and eight

Good News For Folks Who Suffer From

- STOMACH GAS
- SOUR FOOD TASTE
- ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment, sour food, acids, gas and gas frequently cause a morbid, lousy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula, which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Intensive Drive For World Student Service Fund Ahead

An intensive drive for the World Student Service Fund to be conducted January 13 through 16 is now being planned by the two Y organizations on the campus of East Carolina Teachers College. Heading the drive this year for the YWCA are Co-Chairmen Mae Sheppard of Wilmington and Mildred Oakes of Hookerton; for the YMCA, Co-Chairmen Nicholas Fokakis of Wilmington and Floyd Collins of Cerro Gordo.

The living conditions of students in universities of war-torn countries

of Europe have grown progressively worse since UNRRA ended last year, according to reports received from abroad. The money collected in this drive will go toward alleviating the depressing conditions of these university students.

Climaxing the World Student Service Fund drive will be a play night which is to be sponsored January 16 in the Wright auditorium on the ECTC campus. Students in charge of the Wright building arrangements for play night are Mrs. Francis Bailey of Kinston, president of the Women's Athletic Association, and Willard Pendleton of Greenville, president of the Men's Athletic Association. Faculty advisors for the drive and for play night are Lois Grigsby of the Eng-

lish department and Louise Williams of the mathematics department.

Strength FOR THE DAY

HE WENT TO STONE JOHN WESLEY.

One of the most remarkable ministers of early Methodism was converted at a meeting which he had attended for the sole purpose of breaking up. He went with a crowd of rowdies to stone John Wesley and run him out of town, but the Spirit of God laid hold on him; and to the end of his life he counted it his greatest glory to serve in the ministry of that gospel at which he had scoffed.

The sword of the Spirit is a very valiant weapon, and we steel our hearts against it to our own peril. That man is indeed a fool who knows God is speaking to him, because his conscience tells him so every day, and yet who persists in his sin. The dreadful calamity that awaits him is that some day his conscience may cease to speak; and if it does, then he will in truth be left in outer darkness. When God leaves a man to himself, He leaves him indeed. There is no more conflict with conscience, but neither is there any more hope.

WASHINGTON LETTER

By JANE EADS
Washington—The busiest office on Capitol Hill is the telephone room in the sub-basement of the new House office building. If there isn't a call coming in, there's one going out every second of the day. Top daytime load during a session of Congress is estimated at some 48,000 calls. These are handled by some 60 girls operating 1,700 lines that plug into the Capitol, the Senate office building, the old and new House office buildings and every government agency in town, not to mention the White House.

Miss Nena C. Thomas, chief operator of the U. S. Capitol telephone exchange, admits she's been hovering over that hot switchboard for 24 years. When folks remark that she could not have been more than five or 10 years old when she started, the serene, smiling-eyed youngish looking woman says she guesses it's the job that keeps the gray from her hair. "It's always interesting," she declared. "It keeps you on your toes and people as a whole are so nice to deal with."

You get service when you dial National 3120. That's the Capitol number. Each operator, who has 80 stations to answer, knows all the members of Congress, what states they came from, whether they are Democrats or Republicans and of course, their office numbers. They also know the names and numbers of various committees and committee members. They know the names and numbers of most of the congressional secretaries. When there's a change of politics they learn quicker than you can dial 1-2-3 who succeeded whom. They know ahead of time where each member is going to be located. Within a week Miss Thomas says they've gotten to know the "man behind the voice."

This doesn't mean, however, that the operators would recognize Sen. Bourke B. Hickenlooper of Iowa or Sen. Kenneth S. Wherry of Nebraska or Wayne Morse of Oregon or Congressman Thomas B. Abernathy of Mississippi or Congressman Paul B. Dague of Pennsylvania when they see them on the street. Lots of members Miss Thomas says she has never seen face to face though she has talked with some of them for years over the phone. Miss Thomas says the work was extremely heavy during the war, but it's even heavier now. "Everything's centered on the Hill now. We're kept busy all the time, even when Congress is in recess. The members keep their offices open now, whereas 25 years ago they used to lock them up for a spell when they went back home."

Bustiest time of the day for the "hello girls" is from 9 a. m. to 12 noon and from 2 p. m. to 6 p. m. Miss Thomas says the load is tremendous in the afternoon.

In addition to the local exchanges there are about a dozen exchanges

Barnum Was Right

Just handling long distance calls. These come from all parts of the world and average from 2,000 to 2,400 daily at peak times. Miss Thomas was born and educated in Washington. She lives in a comfortable apartment with her 14-year-old white Angora cat, Wanni, which has one green eye and one blue eye.

Cars Parked Near Corners Hold Up Traffic In City

By CHESTER WALSH
Traffic moves so slowly at Third and Evans streets that the congestion comes in for considerable discussion by businessmen, pedestrians and motor vehicle drivers. A heavy motor vehicle to make a turn at this intersection "moves about as slowly as a steam locomotive on a turntable in a railroad yard," one man said yesterday. Traffic is heavy at the intersection and it is frequently congested because cars are parked too near the corners, it was pointed out by another observing citizen.

The city passenger buses and freight trucks find it dangerous making turns at Third and Evans streets. And similar conditions prevail at Second and Evans. Another man who takes an interest in all community affairs suggested that the Board of Aldermen employ a traffic engineer to smooth out the tangle at this and other intersections and speed up traffic. Another observer, while watching a heavy truck with merchandise for stores in the neighborhood "make a dangerous five-miles-an-hour turn," said the free movement of vehicular traffic is more important than parking—"that vehicles have wheels on them and must go somewhere."

The opinion of observers generally expressed in the neighborhood is that if the police prohibit parking cars too near the corners, traffic will be speeded up and accidents will thereby be prevented.

In the Fiji Islands, the human head is considered sacred, and it is an insult to reach above the head of another person.

Negroes Of Pitt Topped Quota In TB Fund Drive

Negro residents of Pitt County have contributed generously to the 1947 Christmas Seal Sale, Mrs. M. T. Simpson, Seal Sale chairman, announced today in commenting on a report received from H. B. Sugg and W. H. Davenport, co-chairman of the Negro Seal Sale committee. The report showed that the committee collected \$551.17 from the sale of seals after setting their goal at \$500.

Mr. Sugg, principal of Farmville Negro school, directed the campaign through the 38 county schools and collected a total of \$408.17 while Prof. Davenport, principal of the C. M. Epps high school organized the work in Greenville and reported \$92 for the high school and \$51 for Fleming Street school.

In making his report Mr. Sugg said, "We are very glad to have had a part in this noble work. We believe that this dreaded disease can be conquered but it cannot be done easily. It requires courage, strength and endurance."

This report of the Negro Division brings the total for the Pitt County Christmas Seal Sale to \$7,338. Plans are being carried forward at this time to set up the mass X-Ray survey within the next few months.

ATTENDED MEETING OF MATHEMATICAL SOCIETY
Dr. Percy C. Attended Columbia Univ. Convention

Dr. Martha Pingel, faculty member of the English department at East Carolina Teachers College, attended the Second Inter-American Congress at Philosophy which met at Columbia University, New York City, last December 28 through 31. During the convention, Dr. Pingel was elected to full membership in the American Philosophical Association. She is the only member of this association in Eastern Carolina. Dr. Pingel joined the department of English at East Carolina last fall.

Berlin's Face Red Over Honor Roll Of Citizens

AP Newsfeatures
Berlin—A red-faced city government recently discovered that the list of Berlin's "honorary citizens" still bears the names of Adolf Hitler, Hermann Goering, Josef Goebbels and a number of other leading Nazis.

An immediate purge was ordered which will also include the restoration of honorary citizenship to persons from whom it was withdrawn during the Nazi era on racial or political grounds.

The only person to whom honorary citizenship has been granted in Berlin since the war is the white-haired, septuagenarian Wilhelm Pieck, chairman of the Communist and co-chairman of the Russian-sponsored German Socialist Unity Party.

New Navy Education Units Established; 7 USAFI Branches

Navy education service units have been established in seven overseas branches of the United States Armed Forces Institute to speed up the service and better accommodate a more than doubled percentage of Naval personnel participating in off-duty classroom and self-study courses during the last year. The Navy units, each under an officer in charge, have been established at USAFI branches in Tokyo, Manila, Guam, Honolulu, Seattle (for Alaska), Balboa, and San Juan. Currently, about 12 per cent of all Naval personnel participate in the education program through organized classes aboard ships and stations, through self-study texts, through USAFI correspondence courses, or through correspondence courses offered by 59 cooperating colleges and universities. The education facilities of USAFI are the main component of the Navy's Educational Services program, which aims at enabling all personnel to further their education at all levels in vocational, technical and academic fields.

Dr. Messick In Address To Future Teachers

Dr. John D. Messick, president of East Carolina Teachers College, speaking at the regular monthly meeting of the Future Teachers of America last Tuesday on the subject, "Characteristics of a Good Teacher," challenged the future teachers to build interest in their work and to instill in their own minds the idea or service to others rather than to themselves.

Citing from personal experience as an educator, Dr. Messick stressed several important characteristics of a good teacher. Heading this list was personality; closely following were sympathetic understanding, scholarship and dress.

Dixie Gurley of Goldsboro, program chairman, introduced Dr. Messick and Howard Whitehurst of Greenville, presided.

Prior to Dr. Messick's speech, a short business session was held, at which plans were made to attend the FTA State Convention in Asheville April.

Snakes Alive Are Worth More For Farmers

AP Newsfeatures
Rapid City, S. D.—Herpetologist Earl Brocklesby says more people die every year in the United States choking on popcorn in movie theaters than from venomous reptiles. Brocklesby, who operates a reptile garden here, protests the use of poison gas to exterminate snakes. "Such tactics," he says, "destroy all the harmless snakes along with prairie rattlers."

"The harmless varieties save South Dakota farmers thousands of dollars annually. U. S. Department of Agriculture reports indicate bull snakes, for example, destroy enough rodents annually to save each farmer about \$100. "Use of gas is an expensive way to get rid of rattlesnakes," Brocklesby insists.

C., offer for sale and sell to the highest bidder for cash, subject to a prior deed of trust thereon to W. W. Lee, Trustee, of record in Book T-24 at page 523, the following described real property:

That certain lot or parcel of land in Greenville Township, Pitt County, N. C., and in the City of Greenville, beginning at a stake 94 feet eastwardly from the northeast corner of the intersection of First and Jarvis Streets and running thence in an eastwardly direction along the northern boundary line of First Street 86 feet to a stake, thence in a northerly direction parallel with Jarvis Street 75 feet to a stake, thence in a westerly direction and parallel with First Street 86 feet to a stake, thence in a southerly direction and parallel with Jarvis Street 75 feet to the beginning and being the same lot conveyed by R. G. Clark and wife to William H. Phillips and wife by deed recorded in Book U-24 at page 300 of the Pitt County Registry.

The chocking purchaser at said sale will be required to make a cash deposit of 10 per cent of his bid with the trustee at the time of the sale. This the 9th day of December, 1947.

R. B. LEE, Trustee
DALTON CLARK, Owner of Debt.

Promise Expose Depredations By Atlanta Youths

Atlanta, Jan. 8—(AP)—A wholesale expose of juvenile depredations involving 20 additional boys was promised today by the attorney for two of four sons of prominent families bound to the Grand Jury for the "thrill" wrecking of automobiles.

Former Congressman William Schley Howard said he had the names of other offenders and would disclose them to city, county and federal authorities.

Four teen-agers, whose parents are either wealthy or influential, were bound to the Grand Jury yesterday on Atlanta and Fulton County charges of malicious mischief and vandalism. Top bond totalling \$3,200 was set for Assistant Scoutmaster Danny Payne, 19, self-identified leader of the thrill kids.

In between appearances yesterday at city court and the Fulton County police headquarters, the youngsters were hustled into the police's "black Maria" for a block-long ride.

They took it as a jaunt, but it was a different kind of "thrill" ride from two which officers allege they made Sunday night. On the Sunday night excursions, say investigators, the youngsters loosed the brakes on at least 24 automobiles in a swanky residential area and sent them crashing downhill to do damage amounting to \$8,000.

Report Marine Killed In China

Tsingtao, China, Jan. 8—(AP)—The Chinese garrison commander reported today that Chinese Communists killed one of five U.S. Marines who became lost on a hunting trip in this north China area Christmas Day.

U.S. Navy authorities are continuing to withhold the identities of the Marines.

Marine headquarters here had reported four Marines disappeared in Communist territory on the holiday hunting trip and said a fifth was AWOL and missing in the same area.

All-Day Battle Close To Manila

Manila, Jan. 8—(AP)—Seventeen men were killed in an all-day battle between five companies of Philippine constabulary and ukbalahaps (armed peasants) within 15 miles of Manila yesterday, and firing was reported continuing this morning. Constabulary headquarters reported 14 ukbalahaps were captured from the squadron of "Bulacan Boy," one of central Luzon's most notorious outlaws. Three civilians living in nearby villages were wounded.

Free Zionist From Hospital

Jerusalem, Jan. 8—(AP)—Seven Jews today liberated from a hospital one of their comrades who was wounded and captured yesterday during an armored car attack on Arab crowds at ancient Jaffa Gate in Jerusalem.

Police said an armed band of seven walked into the Red Shield clinic where the wounded Jew was being treated and that several carried him from the hospital while the remainder covered their retreat with revolvers.

Question Raised, Is Stalin Dead?

Bern, Switzerland, Jan. 8—(AP)—Der Bund published today a question-mark headline: "Stalin Dead?"

Der Bund said that according to information reaching Bern "there is a serious background to these reports" of Stalin's death, and that the rumor was "the topic of the day in Moscow."

Der Bund has close relations with the Swiss federal government.

In London, spokesmen for the Soviet embassy and the official Soviet news agency, Tass, described the report as "nonsense."

Last week the Swedish press, without citing any authority, speculated that Stalin had cancer. Dr.

Ellis Berven, Stockholm cancer specialist, made a hurried trip to Moscow at the weekend. He said four Russian doctors asked him to come to Moscow for consultations but he did not know who his patient was.

Missing Durham Girl Said Safe

Durham, N.C., Jan. 8—(AP)—Miss Mary Elizabeth Seeley, 22, daughter of a Duke University professor who was reported missing Sunday, telephoned her parents yesterday that she was in West Virginia.

Her father, W. J. Seeley, notified authorities that his daughter was safe and that the widespread search that had been launched could be called off.

He did not say where she telephoned from.

Worst Year Of Polio Since 1944

Chapel Hill, Jan. 8—Emphasizing the urgent need for all counties to meet the quota in this year's March of Dimes campaign, Mrs. Phillips Russell, director of organization, pointed out today that "for some mysterious reason 1947 was the worst infantile paralysis year in North Carolina since 1944."

The 100 infantile paralysis chapters in the State—one in each county—"have been hard-pressed for funds to meet mounting costs," she said. "Twenty-five percent of the chapters, in fact, have completely run out of funds and have had to call on national headquarters for assistance."

Reports show there have been 317 new cases of polio since January 1,

1947. The cost has been \$345,000, \$1550 of this amount was advanced by national headquarters. Cost of equipment for polio treatment units was \$7000. Moreover, the cost of 172 old cases that were given needed aid amount to \$45,000.

Noted Musician Dies In London

London, Jan. 8—(AP)—Richard Tauber, 56, noted singer, composer and conductor, died at a London nursing home today.

One of the leading tenors of the German-speaking world, Tauber was one of the greatest interpreters of Mozart, and was frequently heard at Mozart festivals in Munich and Salzburg.

He was born in Linz, Austria, in 1892, and made his debut in 1913, scoring an immediate success.

'Humanizing' Jap Emperor

Tokyo, Jan. 8—(AP)—The Nippon Times, in a feature story reporting Emperor Hirohito's efforts to "humanize" himself, said today among other things:

"... It is not everybody who can take a fan between his toes and fan himself. Not only can Emperor Hirohito perform this stunt but he is able to do so while swimming. He can also swim in the rain holding an open umbrella in one hand."

Flood Still Threat For Northwest

By the ASSOCIATED PRESS
 West lowland areas of Oregon, Washington and Idaho were inundated today as flooding rivers swept through widely scattered valleys of the Pacific Northwest states.
 Five persons have drowned in Oregon, where damage will be in millions of dollars.
 The populous middle Willamette Valley of Oregon braced for crests of six to eight feet above flood stage as the Willamette River receded from upper valley sectors where some 2,000 are still homeless near Eugene.
 Rich farmland, and the cities of Corvallis, Albany and Salem, the state capital of Oregon, face the cresting floods today and tomorrow on top of rising waters that already have severed highways and isolated scores of villages.
 Normal transportation services are reduced to an uncertain trickle. Trains are behind schedule, buses are unable to complete terminal to terminal runs and motorists have

been ordered off many highways.
 In north Idaho, students of the University of Idaho at Moscow were driven from a veterans' village. At Princeton, the water was two feet deep in the main street last night. Cattlemen near Pocatello were driving livestock out of the valleys.
 A number of Washington roads were severed in northeastern Washington and the Evergreen Route through the Columbia River gorge was only partially open because of landslides. Elberton, Wash., was isolated when a bridge was flooded over. At Pullman, Wash., all male students of Washington State College were working on dikes around a veterans' trailer village where 300 students and their families live.
 There were reports also that winter wheat plantings in eastern Washington and Oregon were badly eroded by rain but there was no official estimate of damage.

Local Woman Signs Warrant Charging Attempted Assault

By CHESTER WALSH
 Mrs. Maude Briley, 59, of the Mill Village, swore out a warrant yesterday against her son-in-law, John E. Vernon, 24, charging him with attempted criminal assault, the record at police headquarters shows. She lives at her son-in-law's home. Police quoted her as saying at the time she signed the warrant that her daughter was in Kinston, where

she works, last Tuesday night, when Vernon attacked her. Police said that when Mrs. Briley asked for the warrant they warned her that the charge was a capital offense and could carry the death sentence. She was unable to sign her name and made her (x) mark on the warrant before witnesses. She went with police and pointed out Vernon to the officers, who arrested him. He is in jail.
 It was learned at police headquarters today that Mrs. Briley had since tried to withdraw the warrant. When a warrant is signed and docketed it has to go through court and cannot be withdrawn, the law provides.
 Vernon will be given a hearing before Judge J. W. H. Roberts in Police Court tomorrow morning.

Angier Men Facing Charges Of Murder

Dunn, N.C., Jan. 8—(AP)—Marvin Matthews, 24, and Wyatt Adams, 23, both of Angier, today faced murder charges in the death of a 50-year-old Negro, Charlie Smith, at Angier Nov. 23.
 The Harnett County grand jury yesterday returned a true bill of indictment against the two, who are held without bond.

Big Waves Batter Stricken Russian Ship Off Japan

Tokyo, Jan. 8—(AP)—Fifty foot waves lashed the disabled Russian ship *Dvina* off northeast Japan today, but her condition was regarded as improved and officials considered towing the vessel and her 780 passengers to safety.

Three rescue ships were standing by and six others were hurrying toward the leaking vessel, which had been pounded by massive waves 24 hours. The heavy seas prevented any attempt to remove the passengers during a daylong, American directed rescue effort.

Standing by the stricken ship at nightfall were a Russian patrol boat, the tanker *Yoko Maru* and the freighter *Taihoku Maru*, the latter two Japanese manned. A second Russian ship was reported two hours distant and six American controlled but Japanese-manned vessels were enroute to lend assistance.

The Far East Air Force reported that a rescue plane would circle the *Dvina* throughout the night. Naval authorities said her situation was "considerably improved" and that it might be possible to tow the *Dvina* to shore.

Earlier reports had said the ship might sink in a few hours. An American airman reported at 11 a.m. (9 p.m., Wednesday, EST), that the *Dvina's* decks were awash.

Later, the crew of a B-29 reconnaissance plane said—after circling the ship five hours—they had been unable to contact the ship by radio or blinker signal.

"While we were over the ship, a Japanese tanker appeared and came

within 200 yards of the Russian ship and stopped," said Lt. Henry Deutschedorf of Tulsa, pilot of the 31st Reconnaissance Squadron plane. "We were flying at 1,000 feet and were unable to see whether the tanker got a line aboard."

Decline Comment On Marine Move

Morehead City, Jan. 8 — (AP) — The Public Relations Office at Camp Lejeune has declined to comment on a submarine and an LST (landing ship tank) docked at the local port terminal yesterday, but observers said loading operations involved an estimated 500 Marines and equipment.

Officers on the scene also refused comment on the operation. In Washington Navy officials said Marine Corps engineers and advance units of the Second Marine Division will leave Camp Lejeune soon to prepare for 90 days of winter maneuvers in the Caribbean, beginning about Feb. 15.

Demands Open Hearings On Any Steel Program

Washington, Jan. 8—(AP)—Henry J. Kaiser, steel coast industrialist, today demanded "goldfish bowl" hearings on any plan for voluntary rationing of steel in order to insure that small business and new manufacturers will not be "starved to death."

He urged the steel industry to create an impartial anti-inflation commission charged with policing a voluntary agreement by industrialists to "distribute their products fairly among all customers at reasonable prices."

Otherwise, Kaiser asserted in a statement prepared for a meeting of top steel executives with Secretary of Commerce Harriman, "allocations have the danger of crushing the little fellows in new enterprises."

The conference was due to discuss allocation of steel under the voluntary anti-inflation bill passed by Republicans at the special session of congress as a substitute for President Truman's plan of compulsory controls over scarce commodities.

He suggested that his proposed steel anti-inflation commission consist of national leaders "who have no conflicting present connection with steel producers, steel consumer or the government."

Claims Spy Ring In U.S. Allowed Go Free

New York, Jan. 7—(AP)—The January issue of Plain Talk, a monthly review magazine issued today, said J. Edgar Hoover, director of the Federal Bureau of Investigation, pleaded with the White House and the State Department to allow the arrest of a Russian-led spy ring which obtained valuable atomic data but that not even the Russian leader was molested.

The story said the Russian undercover agent, who went under the name of Arthur Adams, has disappeared without a trace, taking with him invaluable atomic data, and that dozens of American citizens involved in the espionage have never been arrested.

President To Soon Lose Private Pilot

Washington, Jan. 7—(AP)—President Truman soon will lose his personal pilot, Lt. Col. Henry T. (Hank) Meyer, who has flown presidential planes and their famous passengers thousands of miles without mishap.

"Hank" a one-time Tifton, Ga., boy who has become one of the country's best known plane operators, is returning in the spring to his first love, the commercial airlines. He has 14,300 flying hours to his credit, 4,500 of them as an Air Transport Command and presidential pilot.

Audiences jeered Giacomo Puccini's "Madame Butterfly," now one of the most famous operas when it first was produced in 1904.

March Of Dimes Will Benefit Polio Victims

The ultimate goal of the March of Dimes is the discovery of a preventive for infantile paralysis, L. L. Murray, chairman for the March of Dimes drive in Pitt County said today, in revealing polio vaccine studies which are being carried on at Johns Hopkins University with March of Dimes funds.

The March of Dimes campaign starts here on January 15 and ends on the 31st. Committees have been appointed in all townships and at the schools.

"No one has discovered a preventive or cure yet," he said, "but optimism in this field has never been higher. With continued support we may soon be able to place polio among the limbo of conquered diseases. Half the funds we raise goes toward research and education and half remains here for medical care of those stricken."

Chairman Murray said \$13,741,403.91 in March of Dimes funds had been allocated on research and education since establishment of the National Foundation for Infantile Paralysis 10 years ago. During this time, he added, some \$35,000,000 has been spent on medical care.

In reporting on the Johns Hopkins vaccine studies, he released this summary of the work as received from headquarters of the National Foundation:

Aiming toward the development of a preventive, workers at Johns Hopkins have determined that clinical resistance to the disease in monkeys can be obtained only if protective antibodies are present in the brain and nervous system. It was previously believed that these antibodies could be produced in the nervous system only by previous infection of that system.

They further show a relationship between polio antibodies circulating in the brain and those developed in the blood. When the level of antibodies in the blood is sufficiently high, the antibodies will "spill over" into the central nervous system and provide clinical resistance to the disease.

British Supply U.S. Films Is Dwindling

London, Jan. 7—(AP)—A blackout threatens the silver screen in Britain.

Backlogs of American movies, shipped here before Hollywood banned new films for Britain because Britain imposed a 75 per cent tax on their earnings, have just about run out, the Cinematographic Exhibitors' association reported today.

Another informed source in the industry said about 10 American films are left for release in the next two months.

Wound Car Theft Suspect In Gun Battle; Arrests

Wilmington, N.C., Jan. 8—(AP)—Two New York State men were arrested on automobile theft charges today after one of them, wounded and attempting to escape, fell from a three-story building onto an awning and then tumbled off onto a policeman's back.

Police Officers J. M. Bryan and C. E. Thompson, Jr., identified the men as Richard E. Sweeney, 24, of Patchogue, N.Y., and Benjamin Zalefsky, 25, of the Bronx, New York City, whom they stopped at 3:35 o'clock this morning for questioning about a stolen car.

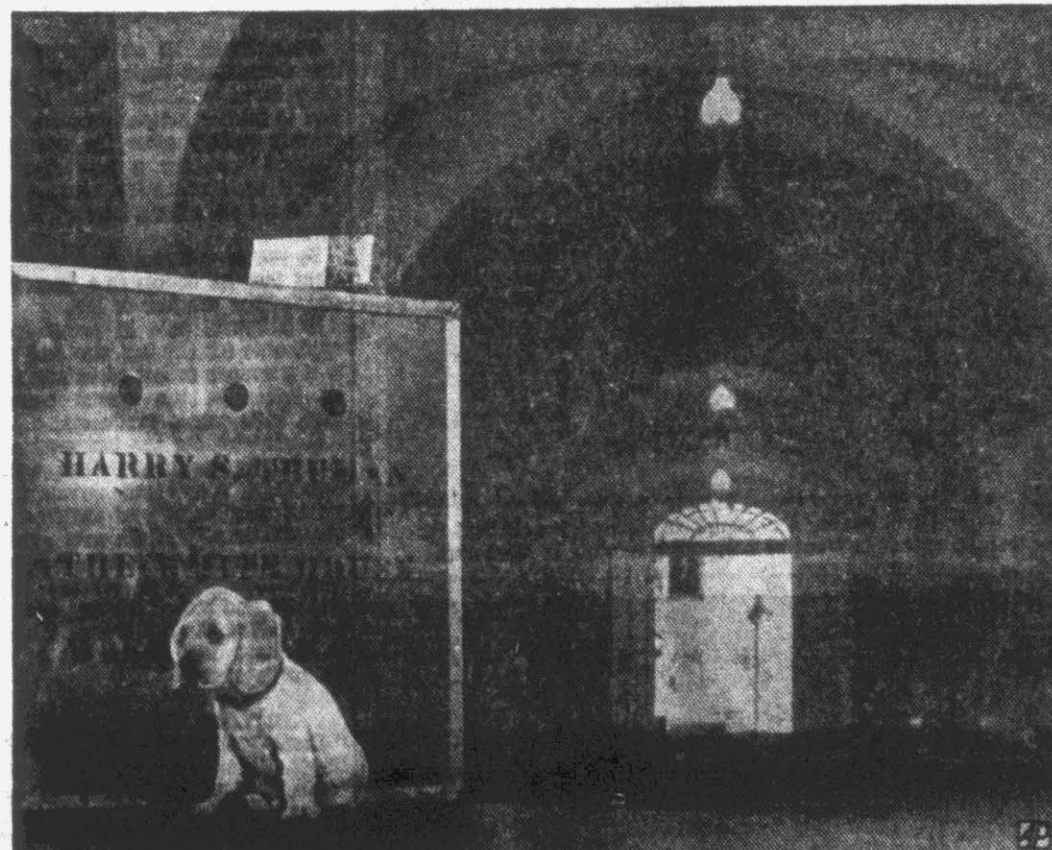

Officer Bryan said Sweeney attacked him with a 10-inch knife, then ran into a darkened alley, and later called out to the pursuing officer: "O. K., copper, I'm going to let you have some lead." Bryan said he shot Sweeney through the abdomen, but that the wounded

man ran up a fire escape and disappeared into a third-floor window. Minutes later, Bryan said, Sweeney was sighted again attempting to descend on a sign on the front of the building, but that he slipped and fell.

Wilson's Weekly Bulletin
By George Rector
Food Consultant to Wilson & Co.

It's Economical! It's Tasty!

Every homemaker is looking these days for economical dishes that are really tasty. The dish shown below meets both of these requirements... makes good use of leftover bread, too.

a Rector Recipe

Sausage Upside-down Roast

Arrange 1 lb. Wilson's Certified Pork Sausage Links in the bottom of a casserole.
Make a bread dressing by mixing thoroughly:
2 qts. dry bread cubes
2 Clear Brook Eggs, beaten
2 tbsp. minced onion, browned lightly
4 tbsp. Certified Bacon drippings
1/2 tsp. sage
3 tsp. B-V dissolved in 2 tbsp. boiling water
milk of water to moisten

Pack dressing on top of sausages and bake 45 min. in a moderate oven, 350°F. Unmold and serve hot. Makes 5 servings.

Colorful Menu

Roast chicken, crisp apples add zip and color to this unusually tasty main dish. Buttered spinach, creamed onions, and mixed fruit salad served with Wilson's Mayonnaise finish off a main course which is economical enough for an everyday meal... delicious enough for guests. Dried apricot-betty, served with hard sauce or cream, is a good finisher-order for this combination.

Please the Youngsters

You'll be a favorite of the young fry if you serve plenty of gravy with the sausage upside-down roast. No meat drippings! Then use Advance Shortening for the fat and B-V for the meat flavor.

To make two cups of delicious gravy, melt 1/4 cup Advance over moderate heat, add 1/2 cup flour and stir until well blended. Add 2 cups milk or water, and stir until smooth and thickened sufficiently. Stir in 2 tsp. B-V which has first been dissolved in a small amount of the hot mixture. It's really super.

Look Ahead

Hard sauce for the dessert may be made ahead and stored in the refrigerator to be used as needed: Cream 1/4 cup Wilson's Certified Margarine or Clear Brook Butter with 2 cups sifted confectioners' sugar. Add 2 tsp. each of boiling water and vanilla, lemon, or almond extract. Chill slightly before serving. If you like to play around with a pastry tube, here's your chance.

Trustees Appointed For Proposed New Hospital

By CHESTER WALSH
The Board of County Commissioners at a meeting at the courthouse Monday appointed a board of fifteen trustees for the proposed modern 140-bed general hospital for Pitt County. A trustee from each of the 13 townships was named, except in Greenville, where three trustees were named.

The hospital trustees appointed are as follows:
One year—Mack G. Smith, Bell Arthur; Elmo Dupree, Belvoir; Woodrow Wooten, Falkland; Joseph S. Moye, Greenville; and Alton Gardner, Ayden.

Two years—Jerome Perkins, Stokes; L. C. Venters, Chisoc; Clarence M. Smith, Fountain; Dr. E. B. Aycock, Greenville; and Mrs. Paul Davenport, Sr., Pactolus.

Three years—Thurman J. Williams, Grifton; S. C. Ives, Bethel; W. A. Allen, Farmville; C. S. Carr, Jr., Greenville; and Wayland S. Hunsucker, Winterville.

Funds for construction of the proposed hospital will be provided by the U. S. Public Health Service, N. C. State Medical Care Commission and Pitt County. Each would pay one-third.

The Board of County Commissioners last summer authorized an election for the citizens to approve a \$352,000 bond issue as the county's share of the cost and the election carried. Since then the heirs of the late J. R. Moye donated a site of 17.3 acres of land opposite the Greenville radio station on the Falkland highway as a site for the proposed hospital and the commissioners accepted it after it was approved by federal, state and county authorities.

Federal and state authorities are giving priority to the building of new hospitals to those counties in which there are very limited or no hospital facilities. Pitt county will take its turn in the priority schedule. It has been proposed by Pitt General Hospital officials to turn over the hospital equipment to the new hospital and to dispose of the building.

The proposal to build a thoroughly modern hospital in this county originated with a committee of 100 representative business and professional men and women, more than a year ago. The proposal met with approval by the general public and the movement to secure a hospital proceeded progressively. District State Highway Commissioner John G. Clark and C. S. Carr of Greenville did outstanding work in arousing public interest and contacting proper federal and state authorities.

'Lacking Proper Attitude' Poland Weeds Out Judges

AP Newsfeatures
Warsaw—Poland is getting rid of old judges and lawyers "who in many cases were hostile or indifferent towards the new regime."

Minister of Justice Henryk Swiatkowski declared the "situation now has changed and the government hopes to achieve soon a true democratization of Polish jurisdiction."

Swiatkowski, in an interview in the Communist-backed newspaper Glos Ludu, explained that Poland had to get her judicial processes operating quickly after the war and couldn't wait for a new crop of judges, prosecutors and attorneys to be turned out after a long university course.

So the government established an eight months course as a prerequisite for the practice of law.

Swiatkowski said in many cases applicants for the bar who had only a grammar school education fared better in the special courses than high school graduates.

Candidates for the bar were appointed by "political parties, social organizations and trade unions, thus giving a guarantee of their moral qualifications," Swiatkowski said.

Under the new system, "old judges and attorneys" who operated after the war and lacked the proper attitude toward the new Polish democracy, have been weeded out of the judicial system.

Phantoms Play Edenton Here On Friday Evening

Greenville's Green Phantoms take to the hardwood courts Friday night in an attempt to gain their initial win of the current season, when they meet the Edenton Aces for their second Northeastern Conference game in as many starts. The locals have dropped their first two contests to Wilson and Kinston.

Last week's game with the Kinston Red Devils found the performance of the Phantoms greatly improved over their other outing against Wilson's Cyclones. Up until the beginning of the fourth quarter, the Greenies were playing on even terms with their opponents, but the switch in defensive tactics enabled the Red Devils to pile up a large lead.

Edenton enters the contest with a win over Columbia and a 36-17 loss handed them by Washington's Pam Pack, last year's conference champions. The Aces, who split their games with Greenville last season, have three of last year's starting five returning to their lineup.

Joe Allgood, the locals' sharpshooting forward, along with teammate George Minsnew, who also holds a forward position, have shown up well during the practice sessions this week.

Following the Edenton game the Greenville five has an open date on Tuesday but entertains the Tarboro Serpents in another home game the following Friday.

Enforcement Of 'Sanity Code' Is Termed Doubtful

New York, Jan. 8—(AP)—The NCAA's "sanity code" starts through the final mill today with athletic chiefs freely predicting its approval but many of them foreseeing failure in the accomplishment of its aims.

"You can't enforce it," one prominent coach said. "Many will vote for the code while figuring out ways to beat it."

Such expressions as "just a scrap of paper" and "rules without teeth" were bandied about as the National Collegiate Athletic Association's Executive Committee prepared to dig into the code today.

The code, a group of proposed constitutional amendments designed to curb athletic subsidization, will be placed before the entire NCAA membership Saturday. Indications are it will meet only scattered and no organized resistance.

Representatives of the southeast, southwest and southern conferences, where the loudest protests were expected, said last night they expected the new standard of conduct to be approved "without trouble."

But many of them were cynical, asserting it would do little to purify college athletics.

"I am sure you will still see a lot of poor boys going to college because they are good halfbacks," commented Coach Carl Snavely of North Carolina.

Texans Contest Tar Heel Lead For Ball Clubs

Dallas, Jan. 8—(AP)—Texas will have seven professional baseball leagues with 37 and possibly 38 clubs next season—the all-time high for the state.

Still another league than operated last year has been formed—the La-Tex, a Class D circuit made up of six Texas and Louisiana cities. The Longhorn League, Class D loop that started up last year, plans to expand from six to eight clubs but is having trouble getting there.

Texas will have every classification of baseball from Class D to Class AA.

This was the year the baseball leaders thought the state would become the nation's leader in total clubs but North Carolina, the only state to eclipse Texas last year, held the pace. That state will have at least 40 clubs in seven leagues next spring and may have still another circuit.

Food Appeal To Wilson Citizens

Wilson, Jan. 8—(AP)—An appeal to the people of Wilson for food has been received from a German woman.

In a letter to the mayor of Wilson, Maud Herrman of Osnobrook in the British occupation zone said: "My husband was fighting in Russia as a German soldier, and I have not heard from him. I hate to think that he is dead. My little child weeps and cries for food. Kindly help me and my mother who is old. Send us some food lest we starve, and I am afraid of the terrible winter."

Aid For China Bill In Making

Washington, Jan. 8 (AP)—The new proposal of American aid for China forecast by President Truman will be submitted to Congress after special envoys of Chiang Kai-shek have been consulted, Administration officials said today.

Calling for \$300,000,000 or possibly more, it is expected to be put into final shape within the next two weeks.

The special envoys are Yu Tzu-tai, Chiang's minister of communications, and Pei Tsu-ye, former director of the Central Bank of China. They were scheduled to leave for Washington today.

Officials said they will advise on final details of the China recommendation in much the same manner that representatives of the 16-nation Paris conference were consulted in preparing the \$17,000,000,000 Marshall Plan.

The suggestion that the special Chinese mission be consulted in advance came from the Nanking government and was accepted by the State Department.

Arabs Expecting Another Attack On Jaffa Gate

Jerusalem, Jan. 8 (AP)—Five more persons died in scattered violence throughout Palestine today and in Jerusalem the Jaffa Gate besieged by Arab armament. Rumors spread that a new Jewish attack would be launched against the Gate.

Arabs began arming the gate after the rumor spread that four British armored cars had been stolen, possibly for a new onslaught on the old walled city. An Arab source said several hundred armed Arabs were massed at the gate, "ready to repel attacks." Roadblocks were augmented and sten guns and rifles were made ready upon the walls.

Heavy sniper fire was heard frequently in the area, apparently a continuation of the duel between Arabs and some 1,500 Jews besieged inside the old city.

Walked Streets In Prison Garb Unchallenged

Toledo, O., Jan. 8 (AP)—A 22-year-old police hand from Kentucky told police today he traveled through West Virginia, Ohio and Kentucky dressed in "stripes" after escaping September 1 from the Moundsville, W. Va., prison.

Detective Edward Cahill identified him as Fred Diles, of Martinsville, Ky.

Cahill said Diles told this story: He slipped out of the West Virginia institution with a companion, walked through Moundsville streets in his prison uniform with white vertical stripes and numbers, boarded a bus, rode 60 miles on it, and then took another bus to Ohio.

He went to his home in Kentucky, stole some clothes from his brother and went to Gibsonburg, O., as a section hand. Yesterday, however, he saw his brother apply for a job with the gang and feeling recognition was near, came to Toledo and surrendered.

'Saucers' Again

Louisville, Ky., Jan. 8 (AP)—The Kentucky National Guard headquarters revealed here today that Capt. Thomas F. Mansell, Jr., 35, was killed in a plane explosion near Franklin, Ky., yesterday while chasing what was believed to be a "flying saucer."

Mansell was one of three National Guard officers sent yesterday to investigate a reported "flying saucer" in the air near Fort Knox. The object also was reported visible at Hopkinsville, Ky., Nashville, Tenn., and other points in the two states.

Communist-Led Strike Grips City Of Trieste

Trieste, Jan. 8 (AP)—A Communist-sponsored general strike gripped this free city today in protest against the trial of a group of partisans arrested Sunday at nearby Opicina on charges of illegally wearing uniforms in an unauthorized demonstration.

Brig. Gen. Ridgely Galtier, senior civil affairs officer of the Allied Military Government, termed the strike "provocative" and broke off negotiations with Communist representatives until the strike is called off.

By noon, police reported that many hundreds of workers had gone to their jobs in shipyards and docks. Officers previously had estimated the strike was 75 percent effective.

High Point Man Accused In Death Of His Wife

High Point, Jan. 8 (AP)—W. W. Jones, 58, was accused of murder today in the knife-hatchet slaying of his 55-year-old wife who was found butchered to death in their home last night.

Chief of Detectives W. C. Johnson said Jones signed a sworn statement while in a hospital bed, where he is being treated for severe cuts on his neck and legs, that he killed his wife and then attempted suicide.

The Jones' children, Wendell and Celeste, found the body of their mother in a hallway with a 12-inch butcher knife near her side. The father was discovered lying in a bedroom bleeding profusely.

Jones said he was angry with his wife because she ignored him. He said in the statement that he first attacked his wife with a hatchet while she was in the kitchen. Later, the statement said, he attacked her again in the hall where she was found with the butcher knife.

Truman Naming Geo. V. Allen To State Dept.

Washington, Jan. 8 (AP)—President Truman today announced he is appointing George V. Allen, now ambassador to Iran, as Assistant Secretary of State for Public Affairs.

Presidential Press Secretary Charles G. Ross made the announcement for the President.

Allen, a native of Durham, N. C., will succeed William Benton, who recently resigned.

The post carries with it direction of the State Department's "Voice of America" broadcasts and other foreign information programs.

Allen, 44, was understood to be Secretary of State Marshall's choice for the job.

Mr. Truman must send a formal nomination of Allen to the Senate which can approve or reject his selection for the post.

Wilson Minister To Speak Girl Scout Banquet

By CHESTER WALSH
Rev. Howard J. Dudley, pastor of the First Presbyterian Church in Wilson, will be the speaker at the annual meeting and banquet of the Greenville Girl Scout Council at the Rotary building Wednesday night, January 14, at 7 o'clock. A special program will be presented. Mrs. J. Knott Proctor, new commissioner, and other officers will be installed at the conclusion of the program. Mrs. E. L. Henderson, executive secretary, will preside. Reports of the past year's activities will be made and plans for the coming year will be outlined.

Mr. Dudley is expected to bring a worthwhile and wholesome message. He is chairman of the Recreational Workshop in Wilson and takes a leading part in young people's activities. He was pastor of the First Presbyterian Church in Kingston for several years in the 1930s and was pastor of a church in California before he went to Wilson.

Officers to be installed in addition to Mrs. J. Knott Proctor as commissioner are Mrs. J. G. Riddick and Mrs. J. K. Long, first and second deputies; Mrs. R. G. Lang, secretary, and Mrs. D. S. Spain, Jr., treasurer.

Flames Cut Old Cincinnati Hall

Cincinnati, Jan. 8 (AP)—A fire that shot flames hundreds of feet into the air gutted the upper stories of historic Turner Hall, on the edge of uptown Cincinnati, early today.

The five-story, brick and frame building, once used as a drill post for the army of the Republic, now houses the Turners Athletic Association bowling alleys and gymnasium. A U. S. postal sub-station occupies the first floor.

Orders Study Of Secrecy 'Leak'

Washington, Jan. 8 (AP)—Attorney General Clark today ordered a "thorough study of the alleged premature disclosure of confidential information" about the Air Force's XS-1, rocket-powered plane.

The Justice Department said the purpose will be to determine whether any federal law has been violated.

The Air Force asked a Justice Department investigation after the magazine, Aviation Week published Dec. 22 a story that the XS-1 had flown faster than the speed of sound in tests at Muroc Air Base, California.

New Oil Field Found In Texas

Pittsburgh, Jan. 8 (AP)—Walter S. Hallahan, president of the Plymouth Oil Co., announced through his offices here today the discovery of a new oil field in Western Texas said to be the greatest in that state in 15 years.

About 800 acres immediately surrounding the well are jointly owned by Plymouth and the Slick-Oil Co., of San Antonio, Tex.

Hint Renewal Of Indonesian War

Batavia, Java, Jan. 8 (AP)—A reliable informant here said the Netherlands East Indies government had informed the United Nations good offices committee that, unless a cease fire agreement is reached soon with the Indonesian Republic, the Netherlands "reserves its right of freedom of action."

The reported declaration was similar to the one which preceded the start of Dutch "police action" last July. Dutch sources said a confirmation or denial of the report would have to come from The Hague.

Germans Accept Zonal Proposal

Frankfurt, Germany, Jan. 8 (AP)—Western German political leaders accepted today an American-British proposal for establishing a "German economic administration" bearing strong similarities to the U. S. and British forms of government.

The administration would have far more extensive powers than the present native government of Bizonia. The military governors of the merged zones, Gen. Lucius D. Clay and Sir Brian Robertson, emphasized at a news conference that the administration will not be "a new German western state."

'Good Reaction' To Truman Talk

Washington, Jan. 8 (AP)—The White House said today that reaction to President Truman's State of the Union message yesterday was "quite favorable."

Press Secretary Charles G. Ross told newsmen that telegrams and messages "seemed to be four or five to one favorable," and that they still are coming in.

WENT WRONG WAY

English, Ind., Jan. 8 (AP)—Mr. and Mrs. Peris W. Mock went to Florida a week ago to escape winter's cold.

Today, pansies bloomed on the lawn of their home here.

Marshall . . .

(Continued From Page One)
timing of our aid. It must be adequate. It must be prompt. It must be effectively applied."

"On the question of providing sufficient funds to do the job, he told the lawmakers that the first appropriation should be enough to get the program under way "on a broad, sound basis and not in a piecemeal manner."

"An inadequate program" he added, "would involve a wastage of our resources with an ineffective result. Rather undertake to meet the requirements of the problem or don't undertake it at all."

"On the question of time, Marshall said, "the sooner this program can get under way the greater its chances of success. x x x unless the program can be placed in operation on or soon after April first, there will undoubtedly be a serious deterioration in some of the basic conditions upon which the whole project is predicated."

In connection with the problem of cost, Marshall gave this reply to whether the American people can bear the costs and make the "sacrifice" he considers necessary to success: "A world of continuing uneasy half-peace will create demands for constantly mounting expenditures for defense. This program should be viewed as an investment in peace. In those terms, the cost is low."

The "investment in peace" should pay out, Marshall said, by enabling Europeans to restore their war ravaged economies "against the avowed determination of the Soviet Union and the Communist party to oppose and sabotage" the recovery program "at every turn."

He pictured the alternative to economic recovery as a western European collapse in which "the historic base of western civilization x x x will take on a new form in the image of the tyranny that we fought to destroy in Germany."

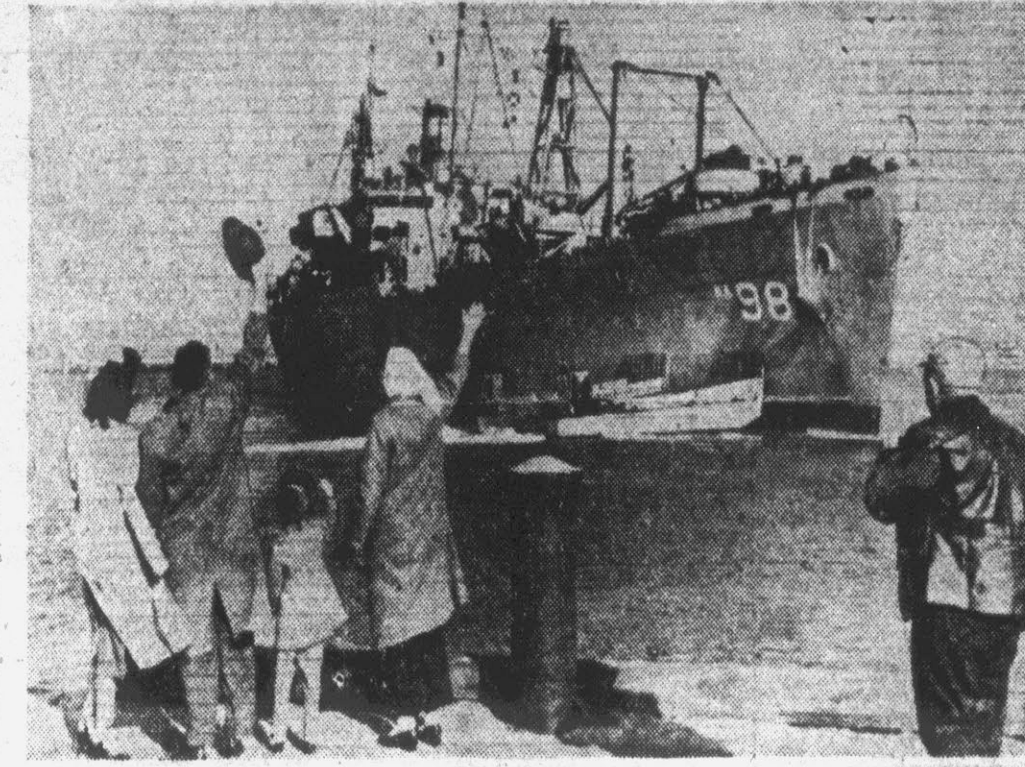

"Our national security will be seriously threatened," he said. "We shall live in effect in an armed camp, regulated and controlled."

Marshall appealed to his congressional audience not to attach strings to the aid beyond seeing that the funds and goods are "effectively used to promote recovery and not diverted to other purposes whatever their nature."

Marines Set Sail For Duty In Mediterranean

Then, if the Republicans refused to pass Mr. Truman's plan, you'd get no tax cut in 1948. Who'd be to blame? Mr. Truman or the Republicans?

Then there's the cost of living. A couple of months ago Mr. Truman asked Congress for power to put back price control if he thought it was needed.

The Republicans refused Mr. Truman asked for it again yesterday. Will the Republicans give it to him? Maybe not.

Then who'll be to blame—Mr. Truman or the Republicans—if prices climb out the window? You think it's easy to tell? Just look back a bit. Who really ended OPA? That happened only a little over a year ago Mr. Truman says the Republicans did it. Some of them say he did it. Who did it? Do you know for sure?

But the blame-calling won't be limited to 1948 or even the last three years in which Mr. Truman has been president.

Just two days ago Gov. Thomas E. Dewey of New York—he'll be looking for the presidential nomination—had a word to say on high living costs.

First, he blamed Mr. Truman. Then he went way back and blamed some of President Roosevelt's policies in the 1930's.

So you'll probably be hearing a lot about Roosevelt, too, in 1948—from the Republicans.

Tonight Senator Taft of Ohio, an out-and-out candidate for the Republican presidential nomination, will make a radio talk to answer Mr. Truman's talk of yesterday.

Listen to it and, just to start the new year off right, try to decide whether you agree with Mr. Truman or Taft, or either.

Religion And . . .

Indeed, some months ago the Right Rev. Monsignor Fulton J. Sheen, professor of philosophy at Catholic University, Washington, stated that there were signs of a revival of religious feeling in Russia and Russian-occupied territory, despite official attempts to suppress religion over many years. Others, including your correspondent, also have noted this revival.

Still, one has the uncomfortable feeling that Bolshevism may be making progress with one vastly important but non-vocal section of the populations under Red totalitarian rule. I refer to the children. If they are deprived of religious training, and atheism is driven into their young minds, they may come to regard religion as "the dope of the masses." One safeguard against this is that parents who already have religion will, in some way
