

Fair and not so cold tonight. Friday partly cloudy and becoming colder again. Low temperatures tonight in east portion 18 to 24.

Administration's Program Opposed

Sharp Criticism To Anti-Inflation Proposals From Democratic Ranks; Harriman's Testimony Is Target Of Attack; GOP Attitude "Nothing Doing"

Washington, Jan. 15 (AP)—Sharp opposition to the administration's anti-inflation plans cropped out in Democratic ranks today in the wake of President Truman's new appeal for compulsory action to curb living costs.

Senator Maybank (D-SC) contended that "all this talk about rationing and price control is only serving to frighten people and will do more harm than good."

The South Carolina lawmaker told a reporter he is "all for anti-inflation but let's be reasonable about it." He said he was particularly irked by Secretary of Commerce Harriman's testimony that the administration plans to slap price controls on textiles and steel if Congress grants the cost of living powers Mr. Truman is seeking.

Harriman also told the Senate Banking Committee yesterday that he would place price ceilings on lumber and farm machinery. And Secretary of Interior Krug testified that he would "freeze" prices of coal, fuel oil, gasoline and other petroleum products for 60 days if Congress provides the authority.

The outcome of an Interior Department study would determine whether there would be any attempt to cut prices later or to extend controls on these items beyond the freeze period, Krug said.

Maybank, a member of the Banking Committee expressed his opposition to Harriman's plans a few hours after Mr. Truman sent his second annual economic report to Congress.

The message contained an urgent plea for prompt enactment of the President's full 10-point anti-inflation program, including hold-in-reserve power to restore rationing and wage-price controls on a selective basis.

Few Democrats have lined up against Mr. Truman on these controls, but Republicans generally have said "nothing doing."

The President said in his message that unless his program is adopted quickly, there may be a "serious" business recession.

The Chief Executive's report went to the Senate-House Economic Committee headed by Senator Taft (R-Ohio).

More Names Appear On Trade List

Washington, Jan. 15 (AP)—The name "Mrs. Edith Thomas" turned up on a new list of 5,851 cotton traders today as senators investigating commodity speculation continued their study of transactions by Senator Elmer Thomas (D-Okla.).

The senator's wife is named Edith. When the same name appeared on a similar list last week Thomas said his wife has her own money and trades in commodities.

He said he, too, has dealt in stocks and commodities but has never used any "inside" government information.

Mrs. Thomas declined to comment. Later Thomas furnished a Senate appropriations subcommittee headed by Senator Ferguson (R-Mich.) with a memorandum of his own trading.

Asked by newsmen today whether the committee will invite Thomas to appear as a witness, Ferguson replied: "All I can say is that we are studying the memorandum."

The committee has taken secret testimony from several men who said they were commodity traders and friends of Thomas. Asked whether they will appear at public hearings later, Ferguson replied "we do not announce the names of witnesses unless we are going to hold an open hearing."

The only open hearing now scheduled is on Jan. 23, when Republican Presidential Aspirant Harold E. Stassen and Edwin W. Pauley, special assistant to Secretary of the Army Royall, are slated to be heard.

The committee made public last week the record of its closed-door investigation of trading by John Kerr Rose, a Library of Congress employee who helped write a world food report for the special House committee on foreign aid headed by Rep. Herter (R-Mass.).

Rose said he made a dozen or more transactions in the commodity markets in 1947, most of them in oil futures, and he said he suffered a net loss of \$1,744.75.

William Yandell Elliott, staff director for the Herter committee, testified at the same session that Rose had access to all the information Congress could obtain on the food picture and saw some of it "even before Congress could see it."

Italian Vets Met By Carabinieri Force

Rome, Jan. 15 (AP)—Club-wielding policemen injured three or four of several hundred Italian war veterans of today who marched on Viminale Palace, the Italian government building, to protest what they termed the government's lack of interest in their plight.

Schedule Hearing On Rent Control

Legislation For Extension Of Controls Will Be Taken Up Saturday; Sen. Cain (R-Wash.) Chairman Of Subcommittee

Washington, Jan. 15 (AP)—Senate committee hearings on legislation to extend rent controls now due to expire Feb. 29, will begin Saturday.

Senator Cain (R-Wash.), chairman of a banking subcommittee on rents, today announced plans for the hearings. He said rent administrator Tighe Woods will be among the first day's witnesses.

Extension of these controls is called for in one section of President Truman's 10-point cost-of-living program. It is one of the points he appears to have the best chance of getting from Congress although there is opposition.

It has not drawn the fire, however, that has been leveled at the President's request for price-wage controls. Sharp opposition to that cropped out in Democratic ranks today with Senator Maybank (D-SC) asserting that "all this talk about rationing and price control is only serving to frighten people and will do more harm than good."

Cain told a news conference that other witnesses scheduled to appear Saturday include Secretary of Commerce Harriman and Senator Myers (D-Pa.), sponsor of a rent control bill.

Cain said that in accepting chairmanship of the rent subcommittee, he had written Senator Tobey (NH), chairman of the full banking committee, as follows: "As you probably know I have been a vigorous critic of both the theory and practice of rent control. I think that it is most unlikely that I shall change this position but my personal attitude is quite beside the point. The Congress and the Administration have said they want to continue rent control for some months."

"I shall, therefore be disinterested and objective in my approach to the subject in the hope your subcommittee can provide a recommended law which is both reasonable and constructive."

Reveal Plan To Destroy U.S. Effort

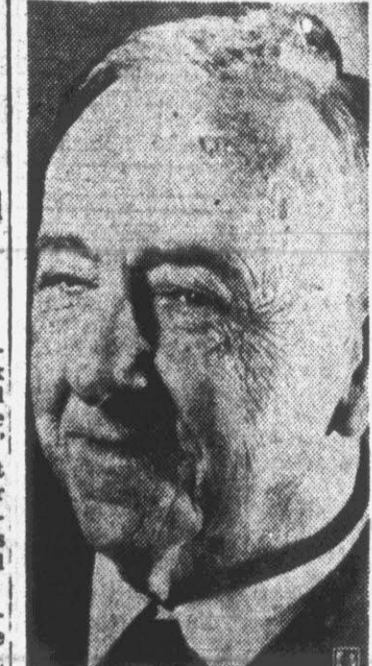

Berlin, Jan. 15 (AP)—Details of a Cominform plan, identified as "Protocol N," drawn up in the form of a military operational order and designed to smash the Marshall Plan, appeared today in the French-licensed newspaper Der Kurier.

The Kurier dispatch, from Dortmund in the British zone, said the plan, brought to light in western Germany, would be coordinated by the Cominform—the Communist "information agency" set up by Communist leaders of nine nations in Poland last fall—and supported fully by the Soviet Union.

The dispatch said the plan described the winter as decisive for the working classes of the world and said all the weapons of the proletariat must be used in the movement, with an aim to cripple the economy of western Germany, even though Germans suffer in the process.

The plan, as quoted in Der Kurier, declared that the immediate goal was "the breaking of the monopoly-capitalist attacks and the so-called Marshall Plan."

Tar Heel Dies

Josephus Daniels (above), 85-year-old publisher of the Raleigh News and Observer, and only surviving member of President Woodrow Wilson's original cabinet, died today at his home after being ill for several days with pneumonia. He was Secretary of the Navy under Wilson, and later was ambassador to Mexico under President Franklin D. Roosevelt. (AP Photo.)

Dies After Brief Illness

Josephus Daniels Succumbs; Funeral Plans Not Completed

Raleigh, Jan. 15 (AP)—Josephus Daniels, Raleigh publisher, died at 1:30 p. m. today. He was 85 years old.

Daniels served as navy secretary under President Woodrow Wilson and was the last surviving member of Wilson's war cabinet. He was the trusted advisor of President Franklin D. Roosevelt, and served as ambassador to Mexico from 1933 to 1941. But in the years before and after his service in public life, he was the fighting editor-publisher of the Raleigh News and Observer.

He died of pneumonia and other complications resulting from a severe attack of bronchitis. It was his first serious illness in all his 85 years, but he was badly injured in an automobile accident in Atlanta in 1942. Funeral arrangements have not yet been made.

His four sons, Joseph, Jr., Frank, Jonathan and Worth, were at his bedside when death came. A brother, Charles C. Daniels of New York City and nine grandchildren also survive.

Daniels caught a severe cold New Year's day. However, he insisted on going to church the following Sunday. He was an active and devout Methodist.

His condition steadily grew worse and doctors placed him under an oxygen tent as they fought to save his life.

He had been in a coma for several days before he died.

As secretary of the navy, Daniels was remembered by many navy officers for an order banning the serving of alcoholic beverages aboard navy vessels. The order remained on the books until late in World War II.

Daniels himself was proudest of the navy's record of conveying 2,000,000 doughboys to Europe through submarine-infested waters without the loss of a single life through enemy action. He also instituted an educational program for enlisted men, and he insisted that enlisted personnel be permitted to go to the navy academy at Annapolis.

Selective Service Bill May Be ERP Alternative-Royall

African Air Base Shows U.S. Intent

Washington, Jan. 15 (AP)—The reopening of a wartime American air field in North Africa fits into a strategy of expanding American strength in the turbulent Mediterranean area where Greece, Palestine and Trieste are focal spots for trouble.

The field, Melaha Airport, near Tripoli, is calculated to increase substantially the ability of the Air Force to operate the North African ferry route to the Middle East and keep American supplies and key personnel moving in and out of the troubled areas.

Beyond that, however, the move shaped up as the latest in a series symbolizing the intention of the United States to make good its commitments and to protect its interests in that part of the world which probably is getting more official attention here than any other.

The trend of developing policy was disclosed in a State Department report last night on the status of the North African Air Force since the war ended.

Two years ago, said Press Officer Michael J. McDermott, the State Department began negotiations with the British for military rights at Melaha. Britain administers the former Italian colony of Libya, where the field is situated.

In June last year, the Army decided to close down the Air Transport Command facilities there, so the whole question was dropped.

Then, in November, the Army decided to reactivate the North African ferry route, McDermott related, and the State Department was asked again to take up the question of rights with the British. This it did, obtaining permission to reopen the field last month.

American Air Force headquarters in Wiesbaden, Germany, announced yesterday that the field was being put into service again with a small maintenance staff.

Solon Says New Labor Law Can Curb Petrillo

Washington, Jan. 15 (AP)—Rep. Hartley (R-NJ) declared today that even if the Lea Act won't work against James C. Petrillo "I'm satisfied that the Taft-Hartley Act will."

Fuel Famine

Washington, Jan. 15 (AP)—President Truman probably will issue an order today or tomorrow directing rigorous conservation of fuel oil and gasoline by all government agencies, Max W. Beal, director of the Interior Department's Oil and Gas Division, said today.

Beal said the petroleum shortage confronting the nation is "more serious" than just an emergency of this winter and may continue four or five years.

Truman Tax Proposal Introduced But Knutson Plan Gets Nod

Washington, Jan. 15 (AP)—Republicans today passed a "file and forget" tag on President Truman's proposal for a "cost of living" cut in income taxes balanced by a new excess profits levy on corporations.

With even key congressional Democrats showing little enthusiasm for the White House plan, the majority leadership signaled instead for action on a measure by Rep. Knutson (R-Minn.) to reduce income taxes \$5,600,000,000 a year, mainly on a percentage basis.

The house ways and means committee which Knutson heads was summoned to take up his bill tomorrow, Secretary of the Treasury Snyder was invited as the first witness.

The President's proposal went before Congress late yesterday after he conferred at the White House with Reps. Doughton (D-NC), Cooper (D-Tenn.) and Dingell (D-Mich.), all members of the ways and means committee.

To the surprise of many it was introduced by Dingell instead of Doughton, who is House manager of tax measures. The party also headed the committee when Democrats controlled Congress.

"I wasn't ready to take a position," Doughton told reporters. "I wasn't consulted before the bill was drafted."

Uncounted Toll In Train Wreck

Parent, Que., Jan. 15 (AP)—Unofficial estimates of the dead ran as high as 20 today as rescue workers and passengers continued to pull bodies from the wreckage of two westbound passenger trains near Wykes far up in Quebec's frozen northland. At least nine persons were known to be dead and 55 injured.

Secretary Of The Army Underscores U. S. Interests In Stable Western Europe; Implies U. S. Has Choice Of Economic Or Military Bulwarks For Peace

Washington, Jan. 15 (AP)—Secretary of the Army Royall told senators today that the alternative to a European Recovery Plan may be drafting men for military service.

Royall made the statement to the Senate Foreign Relations Committee today in response to questions from Chairman Vandenberg (R-Mich.) and Senator Lodge (R-Mass.).

The Army secretary testified yesterday that unless the recovery plan is accepted, the Army and its budget will have to be "measurably and immediately" increased.

Asked how this can be accomplished, Royall said either through an increase in voluntary enlistments, which he said is doubtful, or "some method of selective service."

If we assume that voluntary enlistments have not produced as many men as necessary, that leaves only the draft, Lodge commented.

Royall replied that this is correct. In other words, Lodge said, we have the alternative of the European Recovery Plan, or "else going back to the draft."

Royall said this is the "logical conclusion" unless some ways can be found through increased compensation or some other means.

Royall agreed with Lodge that enlistments are "not producing the manpower that we need" and added that they "will not over the next few months." Lodge termed this a "very stark prospect."

Vandenberg commented that Royall is "not undertaking to wave a red flag" and is not attempting to put the committee under "hypothetical pressures." He is "simply underscoring" the fact that the United States has a "terrible situation."

Urge Production, Consumption Of Milk In N. C.

Raleigh, N.C., Jan. 15 (AP)—Both Governor Cherry and Dr. Clyde A. Erwin, state superintendent of public instruction, today urged more production and consumption of milk in North Carolina.

Speaking at the opening session of the 14th annual convention of the North Carolina Dairy Products Association, Governor Cherry said that regular consumption of wholesome milk by children in particular would contribute much to the health of the state's citizens.

Both the governor and Erwin urged that more milk cows be distributed over the state. There is an outstanding need for them in Eastern Carolina, the speakers said.

Not only from a health standpoint, they said, would increased production be feasible, but there also would be an economic benefit.

British, French In Economic Talk

London Jan. 15 (AP)—Britain and France widened the range of their economic discussions today but, upon American advice, temporarily pigeonholed plans participating in the Marshall Plan.

Government officials expressed belief a new 16-nation conference would not be held before mid-February at the earliest, dependent upon how speedily Congress translates the plan from paper into terms of money and material.

Chill Hand Of Winter Is Felt In Southern States

By the ASSOCIATED PRESS

The chill hand of winter held a double burden for the South today—freezing temperatures and an acute fuel shortage.

The one was productive of the other. As the mercury tumbled to the mid-twenties over much of the region and down as low as 18 degrees in places such as Macon, Ga., many southerners rushed to place that long delayed order for fuel oil or coal.

Those dependent on oil and kerosene for heating ran head-on into a hard, cold fact: the predicted fuel oil shortage was an actuality.

Terroristic Oracle

Communist Premier Of Bulgaria Threatened Socialist Critics With Imprisonment And Death For Opposition In Assembly; He Spoke Language Of The Comintern

By DEWITT MACKENZIE

It's going on ten years now since I sat with an aged Greek amid the ruins of Delphi, looking up the silver slopes of Mount Parnassus, while we discussed the ancient glories of his country—the "cradle of liberty."

We consulted the oracle, too, and received comforting personal messages. However, while the rumblings of the coming Hitlerian war were beginning to be heard in the Balkans, the mystic voice from the cavern of the earth gave us no inkling that within a decade Greece would be fighting for her very life against an aggressive Communism which was yet to develop into a world menace.

Who, indeed, could foresee then that Red guerrilla forces today would be attacking loyal troops on Mount Parnassus? Who could foresee that Greece's neighbors, Albania, Yugoslavia and Bulgaria—would be transformed into Bolshevik satellites of Moscow and be supporting the Red revolt against the Athens government?

Who could have foreseen then that Bolshevism would have become such a menace to free men as was demonstrated two days ago in the Bulgarian Parliament when Communist Premier Dimitroff hurled a horrible threat against nine Socialist deputies who had dared to criticize the government's budget.

Speaking directly to them, he reminded them of the execution of Nikola Petkov, the Agrarian leader, who was convicted of plotting against the state and was hanged, despite vigorous protests by the United States and Britain. Said Dimitroff:

Chinese Flying Missionaries Out Of Danger

Chengchow, China, Jan. 15 (AP)—Transport planes sped the evacuation of missionaries from this Communist-menaced center today. Civil war fighting, however, hid the fate of an unknown number of Americans and others who had sought safety in Loehokow to the southwest.

Four have been killed in recent days—three of them slain by armed Chinese who shouted "Americans must die!" and the fourth was fatally injured by a grenade explosion in Communist-government fighting.

As missionaries and other foreigners gathered at the busy Chengchow airport, one American said the spread of civil warfare and of anti-foreign sentiment had convinced him "It's time for us all to get out of China again." (There are more than 500 in danger spots, mission leaders said.)

A missionary for many years, he lived through the 1927 flareup of anti-foreign violence, when 6,000 endangered missionaries were evacuated from Central China.

Communists were reported within three miles of Chengchow, but this rail city 300 miles north of Hankow is strongly defended.

Two Known Dead In Train Collision

Little Rock, Jan. 15 (AP)—At least two persons were killed and an undetermined number of passengers and crewmen were injured when two Rock Island trains, one a passenger and the other a freight, collided near the western limits of Little Rock early today.

Siamese Declare King Murdered

Bangkok, Siam, Jan. 15 (AP)—Young King Ananda Mahidol's death in June, 1946, was murder, the government radio announced tonight.

The announcement said the gun found beside the body of the monarch in the royal palace was the weapon with which he was shot.

The Siamese police will ask continued detention of all suspects, principally palace attendants. The identity of those held has not been disclosed.

Carolinians Pay Tribute To 'First Citizen'

Washington, Jan. 15 (AP)—The death of Josephus Daniels, Raleigh, N. C., newspaper publisher and former secretary of the navy, brought these tributes to his memory from friends and former associates in Washington:

Comptroller General Lindsay C. Warren, formerly of Washington, N. C., who is ill in a local hospital—"Mr. Daniels was the first citizen of North Carolina. x x x As a crusading editor of strong conviction who never surrendered, he saw many of his battles culminate on the statute books of state and nation."

Senator Hoey (D-NC)—"The passing of Mr. Daniels is the loss of one of the great leaders of the career of North Carolina's development. He served in many places of power and prominence in the nation and always with distinction to himself and credit to his native state."

Speaking Of Politics

This Is An Election Year But No One In Washington Really Knows What's Going To Come Of It; Race Is Wide Open, With Rumors Flying In All Directions

By JAMES MARLOW

Washington, Jan. 15 (AP)—This is the election year of 1948 but, if you run into someone from Washington, don't ask him:

"Who's going to get the Republican nomination for President? Taft? Dewey? Stassen? Who?"

How would anyone here know the answer to that one at this time? Right now the Republicans themselves—and that includes Stassen, Dewey, Taft and anyone else you can think of—don't know.

Maybe there's magic in the name Washington. Or maybe people here are supposed to have some special wisdom.

It never fails. Travel away from here say to New York, and you're bound to run into some one who asks:

Carolinians Pay Tribute To 'First Citizen'

Washington, Jan. 15 (AP)—The death of Josephus Daniels, Raleigh, N. C., newspaper publisher and former secretary of the navy, brought these tributes to his memory from friends and former associates in Washington:

Comptroller General Lindsay C. Warren, formerly of Washington, N. C., who is ill in a local hospital—"Mr. Daniels was the first citizen of North Carolina. x x x As a crusading editor of strong conviction who never surrendered, he saw many of his battles culminate on the statute books of state and nation."

Senator Hoey (D-NC)—"The passing of Mr. Daniels is the loss of one of the great leaders of the career of North Carolina's development. He served in many places of power and prominence in the nation and always with distinction to himself and credit to his native state."

James E. Webb, formerly of Oxford, N. C., the budget director—"His outlook was much broader than the state and included every important national problem. He will be sorely missed in the trying days just ahead."

Rep. Bonner (D-NC)—"There was no end to his energy and sincere intention to serve his people through the press and by his personal efforts otherwise."

That hasn't happened yet, so far as the people working here know. If it has, it's a well-kept secret.

The race is so wide open that if you're living in some little old whistle-stop near Keokuk, you know as much as the people here.

New Massacre Worries India's Fasting Prophet

New Delhi, India, Jan. 15 (AP)—Mohandas K. Gandhi, demonstrating for harmony among India's religious communities, entered the third day of his peace fast today in growing danger of starvation and openly worried over a new massacre in Moslem Pakistan.

The Indian government said last night Pathan tribesmen in Pakistan's West Punjab ambushed a refugee train Tuesday and only 750 of the 2,400 non-Moslem passengers were known to have survived the attack.

Later Gandhi, holding his nightly prayer meeting, referred to this report and told followers, "It distresses me." In a released text of his remarks, the 78-year-old Hindu spiritual leader was quoted:

"How long can the (Indian) Union put up with such things? How long can I bask on the patience of the Hindus and Sikhs in spite of my fast?"

"Pakistan has to put a stop to this state of affairs. They must purify their hearts and pledge themselves that they will not rest until Hindus and Sikhs can return and live in safety in Pakistan."

Gandhi began his fast at 11 a.m. Tuesday. His doctors, reporting him through the first 31 hours "without any complication," warned yesterday that "every day passed without food increases both the immediate and future danger" to his life.

Air Transports Evacuate Mukden

Nanking, Jan. 15 (AP)—Residents of besieged Mukden are being evacuated "because of lack of food," a government source said today and reported large scale air evacuation of the big Manchurian city had begun.

"It is easier to fly people out than to fly food in," he explained.

Government sources emphasized that every effort would be exerted to prevent capture of the city by Chinese Communist armies in its vicinity. They conceded Mukden's fall would shatter the backbone of government resistance in Manchuria.

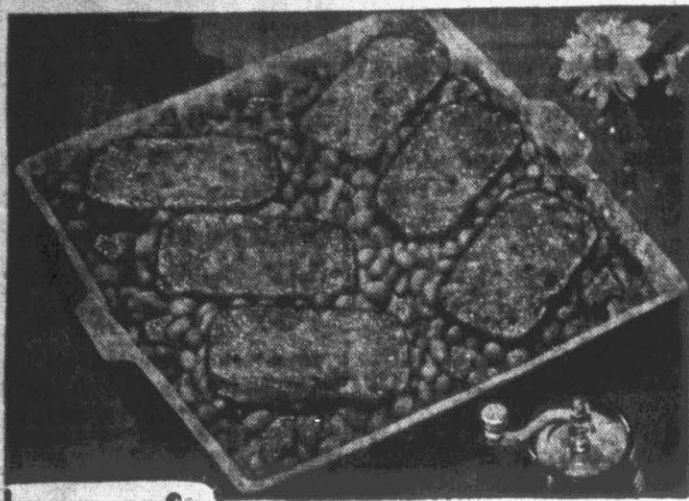

Wilson's Weekly Bulletin

Supper from the Pantry Shelf

When you're late getting home from bridge club or an afternoon of shopping, a quick supper is top-most in your mind. If you have the makings of a casserole of Mor Pork and Beans on the pantry shelf you're lucky and so is your family.

MOR PORK 'N' BEANS
Cut 1/2 can MOR PORK into 6 slices; cube remaining half.
Mix 1/2 tsp. mustard
Add 2 tbsps. brown sugar
2 tbsps. dark corn syrup
1/4 cup catchup
2 tbsps. grated onion. Blend well. Combine with 2 cans baked beans
Four into a baking dish and top with MOR slices
Bake in a moderate oven, 375° F., for 20 min. Serves 6.

A Quickie Meal
Add Mor Pork 'n' Beans to your list of quickie meals. Only 20 minutes baking and they're ready for the table. Here's a supper menu that will rate special praise from the family. Serve Mor Pork 'n' Beans, lettuce wedges with Thousand Island dressing, and Boston brown bread (canned or from the bakery) with Wilson's Certified Margarine or Clear Brook Butter; baked apples for dessert.
The Mor Pork 'n' Beans and the apples agree on oven temperatures so they may be baked at the same time. Stuff the centers of the apples with a mixture of brown sugar and chopped nuts to which has been added chopped figs, dates, raisins, candied ginger, or crushed pineapple. Another idea: substitute cream cheese for the brown sugar in stuffing the centers, then sprinkle the brown sugar on the tops of the apples.

The Wilson label protects your table

Social and Personal

THURSDAY

1:00 p. m.—Mrs. Hortense Mays and Mrs. Clara Mays Shackle will entertain the executive board of The King's Daughters and Sons of North Carolina branch and the circle presidents at their home on Evans street.

8:00 p. m.—Fidelis Class of Memorial Baptist Church will meet at the home of Mrs. R. E. Hardaway, 309 Green Street.

8:00 p. m.—Y. F. W. Auxiliary will meet in the Red Men's Hall.

FRIDAY

8:30 p. m.—Kiwanis Club.

SUNDAY

4:00-8:30 p. m.—Council of Eighth Street Christian Church will hold open house at the parsonage in honor of Dr. and Mrs. Haney.

son, Mrs. Harry Peede and Miss Louise Moore all of Greenville, N. C., one step-sister, Mrs. George Anderson of Chula, Va., her father and step-mother, Mr. and Mrs. T. L. Moore of Baltimore, Md., three brothers, W. J. Moore of Portsmouth, Va., T. J. Moore of Washington, N. C., and Hugh Moore of Pensacola, Fla.

Birth Announcement
Mr. and Mrs. J. C. Darden of Farmville announce the birth of a daughter on Tuesday, January 13, in Pitt General Hospital.

Mrs. Darden is the former Miss Jean Murphy of Greenville.

Wesley Foundation Has Visitor

Troy Barrett, State director of the Methodist Student Movement, was the guest of the Wesley Foundation last week-end. He spoke at the student class in the Methodist church school Sunday morning and participated in the service of morning worship. Open house was held at the student center on Sunday afternoon, and a discussion was led by Mr. Barrett from 6 to 7 o'clock. A large number of students called at the student center on Saturday evening and Sunday to meet Mr. Barrett.

Grimesland PTA Has Meeting Tuesday; Membership Doubled

Grimesland, Jan. 15—The Grimesland Parent-Teachers Association met in the school auditorium on Tuesday night, January 13. Devotionals were conducted by the principal L. L. Murray. Mrs. Kitty Edwards announced that the association's membership had more than doubled last year's maximum.

The theme for the evening's program—Music in Everyday Life—was carried out with several musical selections by the primary department of the school and the rendition of religious selections by a quartet from the Porter community near Simpson.

The parents were guests of the school at basket ball games between the school varieties and those of Grifton.

ACTING YWCA HEAD

Jean Bostian of Wilmington, junior at East Carolina Teachers College, is serving as acting president of the YWCA at the college during the winter quarter. Miss Bostian, who was elected vice-president of the organization last spring, is filling the office during the absence from the campus of Alm Arrington, of Hollister, YWCA president, who is now doing student teaching in the Tarboro city schools.

READ-ALOUD GROUP

Under the leadership of Dr. Lucile M. Charles, director of speech and dramatics at East Carolina Teachers College, a "reading-aloud" group has been organized at the college and has begun a series of weekly meetings on Friday evenings in the drawing room of the Classroom building on the campus. Membership in the group is open to students and faculty members at the college and to townspeople of Greenville.

The wild goose has about 12,000 muscles, 10,000 of which control the action of its feathers.

If Stomach Gas or Sour Food Taste Robs You of Sleep

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food In a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. An age advances the "old stomach" needs more help. The reason is this: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, nervous condition, loss of appetite, underweight, restless sleep, weakness. To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that 888 Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the 888 Tonic formula, which contains very special and potent activating ingredients. Also, 888 Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with over-eat of acids and other acids to counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food for body strength and repair. Don't wait until you're too late and happy people 888 Tonic has helped millions of bottles sold. Get a bottle of 888 Tonic from your drug store today. 888 Tonic helps Build Sturdy Health.

40 Years Ago Today

THE DAILY REFLECTOR

January 15, 1908
So many people from points below here are attending court this week that an extra coach had to be added to the A. C. L. train.
Messames J. L. Little and E. B. Picklen went to Farmville this morning to spend the day with friends.
Nearly everybody sneezes or has a cough.
Cotton is doing some getting up. It is crowding 13 cents.
Mrs. C. S. Carr went to Tarboro today.
These fellows who have nothing else to do but try to stir up strife between the United States and Japan ought to be given a term of service on the roads.

EMERGENCY LANDING

Miami, Fla. Jan. 15—(AP)—A four-engined DC-4 cargo plane en route from San Juan, Puerto Rico, to Jacksonville, Fla., landed at Nassau early today after reporting a fire in its No. 1 engine, the Coast Guard reported.

17 Above Zero

The Weather Bureau here recorded one-half an inch of snow here yesterday, but the fleecy flakes did not stick.

The temperature here at 7 o'clock this morning was 17 degrees above zero 15 degrees below freezing. The day dawned with clear skies and bright sunshine. The mercury in the official thermometer ranged in the 20s during the day.

There is no rainy season in Puerto Rico.

Tired Kidneys Often Bring Sleepless Nights

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's give heavy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

ACTING YWCA HEAD

Jean Bostian of Wilmington, junior at East Carolina Teachers College, is serving as acting president of the YWCA at the college during the winter quarter. Miss Bostian, who was elected vice-president of the organization last spring, is filling the office during the absence from the campus of Alm Arrington, of Hollister, YWCA president, who is now doing student teaching in the Tarboro city schools.

READ-ALOUD GROUP

Under the leadership of Dr. Lucile M. Charles, director of speech and dramatics at East Carolina Teachers College, a "reading-aloud" group has been organized at the college and has begun a series of weekly meetings on Friday evenings in the drawing room of the Classroom building on the campus. Membership in the group is open to students and faculty members at the college and to townspeople of Greenville.

The wild goose has about 12,000 muscles, 10,000 of which control the action of its feathers.

If Stomach Gas or Sour Food Taste Robs You of Sleep

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food In a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. An age advances the "old stomach" needs more help. The reason is this: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, nervous condition, loss of appetite, underweight, restless sleep, weakness. To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that 888 Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the 888 Tonic formula, which contains very special and potent activating ingredients. Also, 888 Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with over-eat of acids and other acids to counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food for body strength and repair. Don't wait until you're too late and happy people 888 Tonic has helped millions of bottles sold. Get a bottle of 888 Tonic from your drug store today. 888 Tonic helps Build Sturdy Health.

Girl Scout Council On The March

By CHESTER WALSH
"Recreation can be the means of developing the physical and spiritual life; it leads to worship; it teaches us to make work play, and convinces us that the bodies of children are the temple of the Holy Ghost," said Rev. Harold J. Dudley, pastor of the First Presbyterian Church of Wilson, last night at the annual meeting and banquet of the Greenville Girl Scout Council at the Rotary building.
"Recreation is not a cure-all for delinquency, but it leads to the more abundant life, and is a tonic and stimulant for character building among our young people. It is more than a physical pastime: Recreation improves the mind, inspires good morals, fair play and good-will and

MRS. J. KNOTT PROCTOR

Mr. Dudley talked heart-to-heart with the fathers and mothers at the Girl Scout Council banquet, and he smilingly reminded them that adults have a very thorough program of recreation for themselves, but frequently have to be reminded by young people that they find much of their recreation in attending movies and "riding around."
Rev. Leonard Topping, pastor of the First Presbyterian Church, introduced the speaker for Dr. S. M. Crisp, who was unable to attend. Mrs. E. L. Henderson, Girl Scout executive secretary, presided.
Mrs. J. Knott Proctor was installed as commissioner of the Girl Scout Council. She has been identified with Girl Scouting since it was organized here eight years ago and is exceptionally well qualified to serve as commissioner. Mrs. Henderson said. Other officers are Mrs. J. G. Riddick and Mrs. J. K. Long, deputies, Mrs. R. G. Lang, secretary, and Mrs. D. S. Spain Jr., treasurer.
Special guests recognized were Mrs. J. B. Kiltrell, first commissioner here; John Fleming, Boy Scout executive; Mrs. L. B. Jenkins, Mrs. Maude Baynor Foy, Mrs. K. M. Harris and Mrs. Courtney Mitchell of Winston, and Mrs. Norman Winslow of Washington.

Strength FOR THE DAY

WE NEED TO REFLECT

The person today who believes it is wrong to drink usually feels that he stands almost alone. A generation ago most people believed that drinking was wrong; today, few people believe it to be so. It is now held that what we have today in the new drinking habits is only a change of custom.

But is this true? The nub of the matter is that alcohol, a habit-forming drug, has not changed in any respect with the passing years. Peoples attitude toward alcohol may have changed but alcohol has not changed. It still remains true that liquor is the cause of most of the world's crime, that it promotes immorality, injures family life and often destroys it. Sensible people need to ask themselves whether they can take a tolerant attitude toward a devastating commodity of this variety and still be on the right side of the line ethically.

The people who make and sell liquor and most of the people who drink are trying to shift the whole liquor question over to a non-moral basis. Liquor-drinking they say is not a matter which involves morals one way or the other; it is purely a social custom, and social customs change from generation to generation. But what does not change is the nature of a commodity which, through the centuries, has held first place as The Great Destroyer.

A rat is said to do at least one dollar's worth of damage a year on the farm and twice that much in the city. The total annual damage is estimated at \$200,000,000.

Relates Service Experiences In Troubled East

Reginald Mitchell of Brighton, Sussex, England, now a student of journalism at the University of Georgia, was guest speaker on Tuesday evening at a joint meeting of the International Relations and the Home Economics Clubs of East Carolina Teachers College.

Basing his remarks on experiences and observations as a member of the Royal Marines and later of the British army in India, Burma and Siam, Mitchell discussed economic and political conditions in Britain and in the East. Of special interest to members of the two clubs was a graphic account of recent events in India, where Mitchell was stationed at the time of recent changes in the government.

Louise Caviness of Holly Springs, East Carolina student and state president of the college Home Economics Clubs of North Carolina, introduced the speaker. In charge of arrangements for the program were Jack Kimbrell of Waxhaw, president of the IRC, and Annie Maude Bivins of Graham, president of the Home Economics Club.

Wilson Librarian Speaks At ECTC

Nancy Gray, librarian from Wilson, talked at East Carolina Teachers College Tuesday evening at the regular January meeting of the Association for Childhood Education and discussed with members new books of interest to children. Miss Gray displayed and commented on volumes suited to the interests of the child and, at the close of her talk, conducted an informal discussion of recently published works for young readers. Ellen Joyce Clark of Everett, president of the ACE, introduced Miss Gray and presided at the meeting.

Lucile Blalock, junior from Timberlake, reported to members on Puerto Rico was known as Borinquen by its Indian inhabitants before Columbus' time.

New Commander Marine Division

Jacksonville, N.C., Jan. 15—(AP)—Maj. Gen. Franklin A. Hart will take over as commanding general of the Second Marine Division and commanding officer of marine barracks at nearby Camp Lejeune, on Jan. 31, it was reported here yesterday.

Hart will succeed Lieut. Gen. Thomas E. Watson, who has been named commanding officer of the Fleet Marine Force of the Pacific, the report said.

THE TRUTH ABOUT PIN-WORMS

Serious facts are revealed by recent medical reports. One out of every three people examined was found to be a victim of Pin-Worms—some without suspecting it! And this ugly infection can cause real distress if neglected.

So watch for the warning signs that may mean Pin-Worms—especially the aggravating anal itch. Get JAYNE'S P-W Wafers away. P-W is a medically sound treatment based on an officially recognized and highly effective drug element. The small, easy-to-take P-W tablets work in a special way to remove Pin-Worms easily and safely.

Ask your druggist: P-W for Pin-Worms!

Proceedings Of Civil Term Superior Court

By CHESTER WALSH

Ten divorce decrees were granted during the two-day session of civil Superior Court here this week with Judge John J. Burney of Wilmington presiding. Nine of them were on the grounds of two years' separation, one was an annulment.

R. T. Joyner vs. Annie M. Joyner, Helen J. Nutter vs. L. B. Nutter, Elijah Haddock vs. Martha Haddock, Thomas Cannon vs. Mildred Kite Cannon, all white.

Eddie McKenzie vs. Mary T. McKenzie; Evangeline B. Jefferson vs. Roosevelt Jefferson; Gladys Brown vs. John H. Brown; Joseph Atkinson vs. Blanche T. Atkinson; William Cox vs. Alice Lee Cox; Mary C. Johnson vs. David Johnson, annulment, all colored.

In the case of R. F. McLawhorn & Sons vs. W. S. Forbes, involving a debt, a jury fixed the value of a peanut picker seized under claim and delivery proceedings at \$105, and judgment was that the amount be credited on the defendant's account.

Moses Wooten and wife, Sarah Wooten, colored, suing the Society of Christ Our King, Inc., Eleanor T. McMenany, trustee, for \$178, balance due on a note under a deed of trust, were given judgment the deed of trust was cancelled, and the defendant is to pay court costs.

In the action of Mrs. Hannah Morris vs. Carlton Morris, involving ejectment proceedings and rent due, the plaintiff withdrew her appeal from a magistrate's court judgment and the case was settled.

A non-suit was ordered in the action of Hubert Moxingo and Allen Moxingo vs. A. C. Rowland, Sr. and A. C. Rowland, Jr.

An action by J. A. Karsnak vs. Lula Mckee, involving a rent action, was dismissed.

Judge Burney adjourned court Tuesday afternoon.

It is estimated that college enrollments may reach 2,000,000 by 1950.

FOR SALE—1940 1 1-2 TON CHEV-rolet truck, insulated body. If interested call Swift and Co., Dial 3413. 15-3

WANTED TO RENT—1 HORSE crop. House must have lights. James F. Elks, Greenville, Route 2, near Bell's Fork. 15-3.

Enjoy CAPUDINE'S quick relief from HEADACHE!

You'll agree that Capudine is wonderfully fast and effective. Relieves so quickly because it's a liquid. Follow directions on label.

Marriage Licenses Issued During Week

The register of deeds issued marriage licenses to the following couples since last Friday:

White: Walter R. Hite and Audrey Ayers of Washington; John T. Worthington of Washington and Addie M. Beaman of Greenville; Charles A. Odum and Ruby Lee Paul of Greenville.

Negro: Raymond Blount and Eleanor R. Fosley of Greenville; Arthaniel Pippine and Lillie Mae Moore of Greenville; John W. Spruill and Emma M. Ward of Farmville; Harvey L. Carr and Daisy L. Andrews of Tarboro; George L. Howard of Bethel and Pearl M. Hines of Greenville; William Andrews and Fannie Cromwell of Bethel; Leon Evans of Greenville and Gladys Chapman of Vanceboro; Jesse Lee Bess and Clara Mae Glast of Bethel.

Smaller Potato Crop Planned By Farmers

Raleigh, N. C., Jan. 15—(AP)—North Carolina farmers have indicated that they plan to plant 28,400 acres of commercial early Irish potatoes this year, two per cent less than the 29,000 acres they harvested in 1947. The intended acreage is a big drop from the 10-year average of 35,850 acres.

Hoey's Secretary To Become Postman

Washington, Jan. 15—(AP)—Charlie Wilson, of Shelby, N. C., is going home to be what many a Tar Heel boy has dreamed of being—a postman.

Wilson, who has been a secretary of Senator Hoey is leaving today to carry the mail "on some route" from his home town into his home county, Cleveland.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germy laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Wilson Quintet Takes Phantoms Again, 56-42

By SPYRIDON SIDERIS
Wilson's Cyclones made it two straight over the Green Phantoms of Greenville by turning back the

locals 56-42 in a non-conference game played in Wilson. In the preliminary contest the Greenville Jayvees lost a one-sided affair to Wilson's Juniors, 44-18.

The Phantoms' zone defense, which worked well against Edenton, backfired against the Cyclones, who were able to rack up a 12-4 lead in the first quarter and increase that to a 28-13 score at half time.

Glyn Perkins, Greenville center, led the scoring parade with nine field goals and a free throw, for a total of 19 points. Crowder and Newstone, with 16 and 12 points respectively, led the winners.

Control under the baskets was one of the deciding factors, and Wilson led the Green team in that department. On defense the Cyclones were an alert team, intercepting many passes which were turned into field goals.

Greenville started the first half by dropping in a long shot to take a 2-0 edge. Wilson tied this up with a crisp and went ahead to stay on another field goal. With a tight defense the Cyclones limited the Phantoms to only two more points in the first stanza. The winners ran the score to 16-4 before Greenville was able to make a shot. From that point until the second half, the locals matched Wilson nearly goal for goal but left the court at the intermission trailing 28-13.

Coming back for the third quarter the Cyclones pushed their margin to 33-13, but the Greenville five narrowed it to 33-18. Dropping in three baskets before the losers made another goal increased the lead to 39-18, in favor of the Wilson quint.

Greenville came within fourteen points of the leaders when they

Athlete Of 1947

New York, Jan. 15—(AP)—Johnny Lujack, Notre Dame's All-America quarterback, today was named male athlete-of-the-year for 1947 in the annual Associated Press year-end poll.

The 22-year-old star, winner of the Heisman Memorial Trophy and named the standout player of the Jan. 1 East-West Shrine game at San Francisco, drew almost twice as many first place votes from the nation's sports editors as his nearest competitor.

Fifteen thought Lujack was the No. 1 man and eight voted for runnerup Jack Kramer and eight for Joe DiMaggio.

reached the 35-49 mark. Both teams wrinkled the nets for a total of seven points each in the remaining time, thereby making the final score read 56-42.

In the Jayvee game, which Wilson won 44-18, there was a four way tie for scoring honors. Lupton and Aman led the G-Men with six points each, and Hardee and Holley were tops for Wilson, also with six markers apiece.

Won On Monday, Lost On Tuesday

Grimesland, Jan. 15—The Grifton High School cagers took a double win from the Grimesland teams Tuesday night, January 13. The Grifton girls battled to a 23 to 19 victory after trailing for the first half. Braxton led the visiting girls with 15 points while Galloway and F. Edwards shared honors for the local lassies with 7 each.

The undefeated Grifton boys continued their string of victories by defeating the Grimesland boys 34 to 20. The Grimesland boys slept through the second quarter and allowed their opponents to rack up 22 points. Sharing honors were Jones for Grifton with 11 points and Jackson with 7 for Grimesland.

The Grimesland basketball teams won a doubleheader from the Maury High school teams on Monday night, January 12 in the Grimesland gymnasium. The local lassies won an easy victory of 24 to 13. Martha Campbell's 9 points and Frances Wood's 6 points took top honors for the home and visiting teams respectively. As an unusual note, 17 of the game's 37 total points were foul shots.

The Grimesland boys won one of their toughest victories with their win at 21 to 20 over the Maury boys. Doc Hodges with 7 points led the Grimesland team while K. Dail led the visitors with 6 points. Both teams were held scoreless during the last four minutes of the game.

AIRLINES RIDE HERD ON DEER IN RUNWAYS

Billings, Mont. — (AP) — While hunters stalked deer in nearby hills, many of the canny animals invaded the Billings airport which is closed to hunting. At one time, Airport Manager Dick Logan had to shoo the deer from a runway so a passenger liner could come in for a landing.

Three Areas In State Seeking VA Hospital

Washington, Jan. 15—(AP)—The Veterans Administration has before it today appeals from three North Carolina groups concerning the location for a 1,000-bed neuro-psychiatric hospital proposed for the state. Yesterday, two groups asked that

the proposed hospital be built in the western part of North Carolina. One of the groups seeking the western location was from Winston-Salem, while the other group was from Greensboro and High Point.

The third group represented approximately 30 towns in the eastern part of North Carolina and requested that the hospital be located in that part of the state.

Komotine and Xanthe are the largest inland cities in western Thrale.

Italian Banks Open Doors After Strike

Rome, Jan. 14—(AP)—Italian

banks, which have been closed since December 21, opened their doors today. Settlement of the strike averted the danger of a threatened nationwide general walkout by the Italian General Confederation of Labor.

\$500,000 Quota For Polio Drive

Chapel Hill, N.C., Jan. 15—(AP)—The 1948 March of Dimes campaign for North Carolina began today with a quota of \$500,000 set for the state.

The drive will be given a flying start tonight when Governor Cherry and little Eleanor Butler of Morganton, chairman of the children's division of the campaign, talk over a state-wide radio hookup (7:30 p. m.).

Tar Heels raised \$425,000 last year, almost 25 per cent more than their quota of \$363,000.

Enters Race For Seat In House

Greensboro, N.C., Jan. 15—(AP)—Thomas Turner, 47-year-old former state legislator, announced yesterday his candidacy for the sixth congressional district seat held by Rep. Durham at Chapel Hill since 1938.

Turner, a native of High Point, is a Greensboro attorney and war veteran. His announcement, not unexpected, broke the ice for Guilford County's spring primary campaign.

Puerto Rico was discovered by Columbus on November 19, 1493, during his second voyage to the new world.

FORD TRUCKS

Bonus Built

Built Stronger to Last Longer!

More Than 139 Models!

NEW All Through!

Bonus* Built—THE AMAZING RESULT OF AN ENGINEERING PRINCIPLE THAT ASSURES WIDER USE, LONGER LIFE...and ONLY Ford Trucks Have It!

EVERY single one of the great new Ford Trucks for '48 is Bonus Built... designed and built with extra strength in every vital part. But that's only a part of this great and vital truck engineering principle...

This extra strength provides WORK RESERVES that pay off in two important ways:

- FIRST, these WORK RESERVES give Ford Trucks a greater range of use by permitting them to handle loads beyond the normal call of duty. Ford Trucks are not limited to doing one single, specific job!
- SECOND, those same WORK RESERVES permit Ford Trucks to relax on the job... to do their jobs easier, with less strain and less wear. Thus, it's easy to see that Ford Trucks last longer, because they work easier!

Yes, Ford Trucks are Bonus Built... built stronger to last longer! They give wider use, longer life! That's why there are more Ford Trucks in use today than any other make!

*BONUS: "Something given in addition to what is usual or strictly due..." Webster's Dictionary.

ONLY THE NEW FORD BONUS BUILT TRUCKS GIVE YOU ALL THESE BIG ADVANCEMENTS!

Hog Market

Raleigh, Jan. 15—(AP)—(NCDA)—Hog markets steady with tops of 26.25 at Fayetteville; 26.00 at Chadbourn, Lumberton, Clinton, Warsaw, Washington, Goldsboro, Smithfield, Mount Olive, Greenville and Rocky Mount; and 26.50 at Richmond.

Grain Market

Chicago, Jan. 15—(AP)—An easter trend in grains ended abruptly on the board of trade today when the weather bureau forecast a severe cold wave for the Midwest and reports from Kansas City said the government had re-entered the wheat market in the southwest.

Corn went to a new record high in the closing minutes when May sold at \$2.69 1/2, up 1/4 cent from yesterday's peak.

Wheat closed 1 1/2-3% higher. May \$3.03 1/2, corn was 1/4 lower to 2 cents higher, May \$2.69 1/2, oats were 1/4 higher, May \$1.27 1/2, and soybeans were unchanged to 2 cents lower, March \$4.38.

Poultry and Eggs

Raleigh, Jan. 15—(AP)—(NCDA)—Raleigh egg and poultry markets steady! U. S. grade A large 60; fryers and broilers 38.

N.Y. Stock Market

New York, Jan. 15—(AP)—The stock market negotiated mild recoveries here and there in today's apathetic session but many leaders continued to doze in losing territory. Transfers tapered to around 750,000 shares, smallest for a full stretch in two weeks.

Selective Service

(Continued from Page One)

interest" in a stable Western Europe, Vandenberg added.

The chairman said Royall is "not engaged in a militaristic proposal" because his testimony favors a course which would "minimize" militarism.

Vandenberg reviewed Royall's previous statement that to suspend dismantling of German war plants would be "both inadvisable and futile." Royall agreed he took this position because:

1. The plants to be dismantled are not essential to maintenance of German economy and a level contemplated there the next five years.
2. None of the plants being dismantled, except the "tag-end remnants" of three will be sent to Russia, and that the shipping of those to Russia will be completed by April 1.
3. The dismantling of plants other than for Russia are for the benefit of the Western Allies.

Royall said some of the plants

scheduled for dismantlement could have to be examined in the light be allocated to Russia, but no such of whether the Russians are living allocation is contemplated now. He up to the Potsdam and other inter-said such a move in the future will national agreements.

On a heavy-duty job, give me new Advance-Design **CHEVROLET TRUCKS** and here's a "load" of reasons why...

Only Advance-Design Trucks Have All These New and Floor Features:

- ★ Cab that "breathes"
- ★ Flexi-Mounted cab
- ★ Unweld, all-steel construction
- ★ Larger, more durable, fully adjustable seat
- ★ 22% greater visibility
- ★ New, rear-corner windows
- ★ Stronger, new frames
- ★ Full-floating hypoid rear axles
- ★ Specially designed hydraulic truck brakes
- ★ Valve-in-Head Thrift-Master or Load-Master engines
- ★ More efficient loading (stake and high-rack bodies)
- ★ New, thorough sealing insulation
- ★ Standard, cab-to-axle-length dimensions permitting interchange of bodies
- ★ ... and MANY more!

There's nothing like the cab that "breathes" for comfort! ... fresh air is drawn in from the outside—heated in cold weather—and used air is forced out. The cab is cushioned on rubber—Flexi-Mount—with 12 inches more foot room, and eight inches more seating space. There's 22% greater visibility, too, they tell me. The seat is fully adjustable. Men, this is it!

Look—rear-corner windows! Now it's a cinch to back up without jackknifing. Yes, air, these trucks are brand new—really different with Advance-Design. And they're packed with power—Chevrolet's a Valve-in-Head engine. Fresh air heating and ventilating system and rear corner windows optional at extra cost.

Here's a special, heavy-duty job and an extra-special truck! Take your pick from 107 different models and eight wheel-bases. There's one made for your special kind of job.

Come in and see these trucks—today! There's a Chevrolet Advance-Design truck to meet your specific needs and offer you TRANSPORTATION UNLIMITED!
