

Says Dewey Will Accept Nomination

Aide Makes Announcement; Taft and Farley Seek To Strengthen Party Lines

Albany, N.Y., Jan. 16 (AP)—Governor Thomas E. Dewey will accept the Republican presidential nomination if it is offered him at the Philadelphia National Convention next June.

James C. Hagerty, executive assistant to the governor, said in a statement "I am informed that a group of Governor Dewey's friends in Oregon have entered his name in the preferential primary in the state."

"I know that the governor warmly appreciates the support and loyalty of his many friends in Oregon. As the governor has frequently said, he is fully engaged with the work of the legislative session and cannot actively seek the nomination of his party for president, but if nominated he would accept."

It was the first formal statement on the 1948 presidential nomination by any member of the Dewey staff. Dewey, himself, has made no definite statement.

Washington, Jan. 16 (AP)—Democrats moved to shore up their defenses against raids by Henry A. Wallace today as Senator Taft (R-Ohio) hammered at what he called President Truman's "war spending" budget.

Taft, who is seeking the GOP presidential nomination, told the Providence, R.I. Republican Club last night that \$3,000,000,000 can be cut out of the President's \$38,669,000,000 budget for the year beginning July 1.

Taft proposed an increase in Air Corps funds as an alternative to Universal Military Training and a \$1,000,000,000 cut in foreign aid spending plans. He accused the Treasury of juggling figures to prevent a tax cut last year and demanded a cut now in individual income levies.

Meanwhile James A. Farley, Democratic national chairman during the first two terms of Franklin D. Roosevelt, lashed out at Wallace in a speech at Lynchburg, Va. He said the third party candidate had failed to find "happiness" in either the Republican or Democratic parties and expressed the hope "now that he has a party of his own, he can be happy in it and loyal to it."

Approve Drastic New Curbs On Alien Visitors

Washington, Jan. 15 (AP)—Attorney General Clark today approved drastic new controls to curb subversive activity by alien visitors to the United States.

Designed to provide much closer surveillance over the activities of such visitors, the new regulations are scheduled to become effective about March 15.

After that time, the ordinary one-year visiting permit now in common use will be abolished, and the visiting privilege limited to three to six months.

Extensions may be obtained, but they will require a showing that a more extended stay is justified. Department officials said the new rules are aimed solely at the alien who gets in as a visitor and then engages in subversive activity.

Freight Car Program

Washington, Jan. 16 (AP)—Construction of 10,000 freight cars a month for at least two years was urged by a Senate Interstate Commerce Subcommittee today to relieve a national shortage.

Unrest Over Food Shortage In German Zones Growing

Berlin, Jan. 16 (AP)—The strike situation eased tonight in the industrial Ruhr but unrest over the food crisis continued throughout the British-American zone.

About 50,000 workers struck in Duisburg, Muehlheim and Dinslaken in protest against shortages. They were expected to return to their jobs tomorrow.

Hans Boeckler, leader of the German Federation of Trade Unions, said he did not expect any new strikes in the Ruhr soon.

German authorities said hunger riots might develop in the American zone. American authorities appeared to expect the food crisis to spread from the Ruhr, where many of the 4,000,000 workers are on near-starvation diets. The crisis is in its earliest stages, the U.S. authorities said, and far bigger shortages of essential fats and meat are expected in February and March.

German officials in British-American Bismarck warned citizens they might receive little meat and "not a single gram of fat" beginning Feb. 1.

"For the first time since the end of the war we really face famine," Dr. Gerhard Seel, president of the Bismarck Executive Committee, told reporters.

In Darmstadt, industrial city in the American zone, Deputy Burgomaster Julius Reiber said the bakers have flour for one day.

In Frankfurt, economic capital of the two zones, the Butchers Guild said one cow was brought in today for slaughter to provide meat for the city's 600,000 consumers. The food office said there would be no meat next week, and that only children and heavy workers would get fat.

Some 160,000 workers have struck during the week in the Ruhr in protest against food shortages but by tonight 110,000 were back at work.

Simultaneously, Germany's sputtering political situation boiled up. Several old line German Communists revealed they had split with Moscow-directed Communists and formed an opposition party.

The Moscow radio added its bit to the Ruhr's turbulent political pot by broadcasting a special program to hungry Ruhr miners seeking to prove that the way to more potatoes was through the Communist party.

The Ruhr, which has remained comparatively quiet since last winter's food riots, sprang suddenly into the European picture when the 1,550 calory subsistence ration level dropped in many places to 1,200 and even 1,100 levels.

Although British-American food imports have been on schedule, collections from German farmers have not.

American and British military officials blamed German officials for failure to collect. German officials in turn blamed the military governments for not giving them power to enforce collections.

Price Lids For Canada

Ottawa, Jan. 16 (AP)—Canadian consumers, beset by steadily soaring living costs, looked for at least partial relief today in the government's reimposition last night of price controls on meat and butter.

In addition, the government said it will ask Parliament to extend rent controls until March 31, 1948.

Hearings On Foreign Aid Still Go On

Vandenberg Suggests Provide Means For U.S. To See Getting Money's Worth

Washington, Jan. 16 (AP)—Senator Vandenberg (R-Mich) suggested today that "half the criticism" of the European recovery program would disappear if means are provided so the United States "can follow our dollars abroad and see we are getting our money's worth."

The senate foreign relations committee chairman made the comment after John J. McCloy, president of the International Bank, recommended that "no fuzzy loans" be made under the Marshall plan "in order to avoid the consequences of the English loan."

McCloy referred to the \$750,000,000 loan by the United States to Great Britain as "ineffective." He said that loan has been criticized here and in England because there was a "lack of knowledge" as to "what the money was used for."

Vandenberg, apparently agreeing, said that if a loan protective feature can be placed "at the base of the European Recovery Program" that this "would do more to satisfy the American public than anything that can be done."

Hearings on the plan continued at Secretary of State Marshall and Senator Taft (R-Ohio), differed sharply over how much the self-help program for 16 western European nations should cost. The administration has asked \$6,500,000,000 for the first 15 months' operation of the program.

Taft suggested a \$1,000,000,000 slash in this total last night as the secretary asserted any radical change would endanger the whole Marshall plan to help Europe.

Taft, chairman of the senate Republican policy committee, has said before that the administration's \$6,500,000,000 figure for the first 15 months of the European recovery plan is too high.

A number of other Republicans have agreed. In the total he predicted by Senator Ball (R-Minn.), one of the leaders of an informal organization of 20 senators who want to make some changes in the program.

Sub-Freezing Temperatures In Both Carolinas

By the ASSOCIATED PRESS

Carolinas shivered in sub-freezing temperatures today with the weatherman making a prediction of much colder weather for both North and South Carolina tomorrow.

The Charlotte Municipal Airport weather bureau predicts low temperatures of from eight to 12 degrees in the western part of North Carolina tonight, while South Carolina is expected to have low temperatures from 14 to 18 degrees over the northwest portion.

Asheville's 13 above was the lowest mark reported this morning. Other readings for places in the Carolinas today: Charlotte 20, Greensboro 19, Spartanburg 24, Charleston 20, Columbia 21, Hatteras 26, Mt. Mitchell 15, Myrtle Beach 19, Wilmington 21, Florence 20, Anderson 21, Greenville, S. C., 22, Winston-Salem 20, Raleigh 21, and Greenville, N. C., 18.

The forecast for both Carolinas is increasing cloudiness today, and somewhat warmer, "followed by clearing and colder" tonight with possible snow flurries in the mountains tonight and fair and much colder tomorrow.

Promise Airing Of Speculation By Utah Senator

Washington, Jan. 16 (AP)—A thorough public airing of any commodity transactions by Senator Elmer Thomas (U-Okla) was promised today by a committee of his colleagues.

Thomas declined to say whether he will appear at such a hearing or invoke his congressional immunity against testifying.

Snyder Virtually Promises Veto Of Knutson Tax Plan

Washington, Jan. 16 (AP)—Secretary of the Treasury Snyder today virtually promised the Republican-controlled Congress that President Truman will veto any attempt to reduce income taxes without boosting other federal revenues.

He laid what looked like an administration ultimatum before the House Ways and Means Committee, whose GOP majority is bent on passing a tax-cutting measure quickly. It went like this:

"The revenue loss resulting from any tax adjustments should be offset by upward revisions in other taxes. There must be no reduction in aggregate revenue."

Snyder said the President's own plan of a \$3,000,000,000 cut for each taxpayer would be matched by a \$3,000,000,000 loss of corporation profits which exceeds a greater average would fill the bill.

But he declared a measure by Chairman Knutson (R-Minn) to cut income taxes without making up the loss elsewhere, would wipe out part of this year's budget surplus and create a \$2,600,000,000 deficit in the 1949 fiscal period starting July 1.

Furthermore, Snyder declared, the Knutson bill would cost the government \$6,200,000,000 a year instead of the \$5,600,000,000 estimated by the Minnesota.

"The cold facts are," Snyder said, "this present economic condition, budgetary considerations, inflationary pressures and debt management problems require the maintenance of government revenues at present levels."

In his prepared statement as opening witness at the committee's tax hearing Snyder stopped short of calling President Truman's plan the only one the administration will accept.

But he called it the "safest" and "most realistic" of a number of "cost-of-living tax adjustments" to ease the hardship of price increases on families with low incomes.

Snyder blasted at the Knutson bill point by point. He gave the administration view on three important parts of that measure as follows:

1. Extension to all states of the community property principle now effective in only 12 states, whereby married couples obtain lower tax rates—this should be given a high priority among tax revisions later on. It should not be adopted now because it would mean a government revenue loss of \$803,500,000, of which 97.5 per cent would go to those with incomes above \$5,000.

2. Increasing the personal exemption (Continued on Page Six)

One Viewpoint

Moscow, Jan. 16 (AP)—This is the situation on the Marshall Plan, as portrayed by Iervista: Wall Street is drawing tighter the noose of "assistance." The United States is attempting to fit European economy into the American business cycle.

Even such people as Senator Vandenberg have abandoned all pretense that the plan represents United States "beneficence."

The United States is planning to send a "whole army" of agents into Western Europe, attached to military attaches' offices. Many of the agents will be from the FBI.

Steel Gray Market Hit By Report

Industry Told Must Clean Own House To Avoid New Government Controls

Washington, Jan. 16 (AP)—A Senate committee told the steel industry today it must take the lead in wiping out a flourishing "gray market" if it hopes to avoid new government controls.

A report filed with the Senate by Chairman Martin (R-Pa.) of the small business subcommittee on steel said members of his group themselves oppose the renewal of wartime government powers to divide up the supply.

The report declared, however, that something must be done to curb the gray market deals in which steel is sold at far above normal prices.

Despite its public hearings on the subject, the committee said, "the gray market still flourishes and, if anything, becomes better organized."

It is clearly the responsibility of the steel industry to take steps to wipe out such activity and to assure the return of such tonnages to normal channels of trade.

Even before the report was filed, Senator Murray (D-Mont.) had criticized it as incomplete and premature.

Murray said the committee failed to attack the basic problem, which he said is that of the capacity of the nation's steel industry.

On this point, the report of the Republican-dominated committee said the country "cannot have prosperity today unless we have enough steel to make that prosperity possible."

It did not estimate whether the present capacity should be increased above present plans except to say that "the pros and cons of steel production and capacity must come down to earth and be contained in the physical and economic limitations which are self-evident."

Declaring there is a tendency in the Administration "to consider foreign needs to the detriment of our own people at home," the report said a realistic survey would probably show that "all steel production now available is needed in the domestic economy."

Cost Of Snow Storm Cleanup In Millions

New York, Jan. 16 (AP)—New York City's 25.8 inch snowfall Dec. 26 has cost approximately \$255,000 an inch to remove so far and there is still plenty remaining.

The Board of Estimate said snow removal costs for the one storm have reached \$6,605,000—a record amount for storm cleanup.

PAPER MONEY

Shanghai, Jan. 16 (AP)—Mayor K. C. Wu's salary will be raised this month to \$9,095,000 (Chinese currency) a month.

At the current black market rates, that's a little over \$50 U.S.

UAW Wage Demand Set

Auto Workers To Seek 25 Cents An Hour Hike; Benefits

Detroit, Jan. 16 (AP)—The CIO United Auto Workers announced today they would seek a wage increase of 25 cents an hour and an additional five cents for other benefits in forthcoming negotiations with the motor car industry.

The demands, approved by the union's 22-man executive board, are aimed at obtaining a third round of cost-of-living adjustments since the war.

Also included are demands for a guaranteed weekly wage and a three weeks vacation for workers with five years seniority.

A 25 cent wage increase would boost average pay for the auto workers to roughly \$1.75 an hour.

The additional five cents an hour would cover hospitalization health, medical and surgical insurance.

"A 25 cent wage increase is necessary," the board's statement said, "to restore the buying power of auto workers' wages to the level obtained in June, 1945, the last month of effective price control."

The board said it used the Federal Bureau of Labor Statistics consumer price index in determining the 25 cent figure.

Either Chrysler Corp. or General Motors Corp. is expected to be the UAW-CIO's first 1948 target. Ford Motor Co., other member of the Big Three, has a contract that expires later in the year.

The union statement repeated assertions that auto industry profits were "exorbitant" and said its efforts to obtain price roll backs either by government or by the industry itself "have proven fruitless."

Daniels' Rites Will Be Held Saturday In Raleigh

Raleigh, Jan. 16 (AP)—Funeral services will be held at 2:30 p.m. tomorrow for Josephus Daniels, 85-year-old editor and publisher of The Raleigh News and Observer and last survivor of the original Woodrow Wilson cabinet. He died yesterday.

The services will be in Raleigh's Edgerton Street Methodist Church where Daniels insisted on attending services Jan. 3 after contracting a severe cold. Bishop W. W. Peele of Richmond, Va., former pastor of Daniels church and a close personal friend, will conduct the services.

The cold developed into bronchitis and then into pneumonia. Hope for his recovery had been abandoned a week ago.

He will be buried in Oakwood Cemetery here. Pallbearers will be eight Negro men long associated with the Daniels household or the News and Observer.

Daniels a confidant of Democratic Presidents since Grover Cleveland was secretary of the Navy during World War One and ambassador to Mexico under Franklin D. Roosevelt.

Learn of the death yesterday of Josephus Daniels, North Carolina editor and publisher, whom she described as a "very close friend."

Striking Union To Run Business

Boston, Jan. 16 (AP)—A union spokesman announced today striking Boston truck drivers would run their own truck business.

About 100 trucks of the McLean Transportation Company, North Carolina, will arrive in Boston tonight to be manned by members of the striking AFL Teamsters union, Lester Hunt, a representative of the union's international president, Daniel Robin, said.

Approximately 6,000 greater Boston AFL truck drivers are on strike for higher wages.

Your Own Congressman

A Congressman's Feelings Are Pretty Sensitive; Take It From An Ohio Republican, Who's Been 'In' For Years; Warns Of Too Much Praise, And Barbs Of Criticism

By JAMES MARLOW

Washington, Jan. 16 (AP)—Have you been saying anything about your congressman lately? Think of his feelings.

One Congressman, who recently went home to tell what Congress is doing, used half his speech to talk about a Congressman's feelings.

He's no chicken in politics, either. He's Rep. Homer A. Ramey, an Ohio Republican. He's been in Ohio politics 28 years and in Congress five.

It just goes to show you, when you read what Ramey said, that you ought to think about it and before you rock a Congressman's canoe.

Suppose you praise him. He has to be careful that it won't "hull him into a false sense of security."

And criticism! He may look upon it as "murderous barbs hurled at him" or, sometimes, as "torrents of abuse."

And there's always the danger, if you say nasty things about him, that you'll make his skin thick. How thick? Thicker than an elephant's.

Here's some of what Ramey said: "There are those (meaning people everywhere) who say Congress is doing nothing. They are equalled in number, sound and fury by those who insist Congress is doing too much."

The first group says Congress is neglecting its duties. The second

holds that Congress is going far beyond the bounds set for it by the Constitution. x x x

"On the one hand we hear that Congress is bent on destroying free enterprise. Not long ago I was accused of being in sympathy with the Communists."

Coast Guard Cutter On Way To Listing Vessel

Norfolk, Va., Jan. 16 (AP)—When the American freighter, Adriatic Victory, listing dangerously in heavy seas, wallowed some 300 miles off the Virginia Capes, a Coast Guard cutter sped to her aid this morning.

Also ready to lend aid to the stricken ship were the Esso tanker Raleigh and a Coast Guard patrol plane whose take off from Elizabeth City, N.C. this morning hinged on the weather.

In sight of the distressed ship—endangered when her phosphate cargo shifted—and apparently ready to aid in removing the crew was the Argentine merchantman Estrella Australis.

The last radio reports received from the Adriatic Victory by the Coast Guard last night painted a picture of a weary 83-man crew fighting to save their ship, listing so that her starboard weather railing was "riding in sea."

The crew, according to last report, had moved over 500 tons of oil and water by hand to correct the list and was preparing to move another 150 tons by the same method.

The report also told of the ship rolling 45 degrees in the heavy seas and said that she was proceeding southward, the only course permissible with the bad list. The Coast Guard has asked the ship to steer a westward course when the seas moderate enough to permit the change.

New Truce To Be Signed By Dutch And Indonesians

Batavia, Java, Jan. 16 (AP)—The United Nations Good Offices Committee officially confirmed today that the Indonesian Republic has accepted truce proposals "offered by the government of the Netherlands." It indicated the truce will be signed tomorrow afternoon aboard the United States Navy transport Revillon off Batavia.

The committee said the republic agreed also to "a number of principles for settlement of the political dispute which previously were agreed to by The Netherlands delegation."

The U.N. has been trying since last summer to settle disagreements between the Dutch and the republic and so end hostilities that grew out of Dutch military "police action" begun July 20 against the Indonesian Nationalists in Java, Sumatra and Madoera. The committee has been negotiating 11 weeks.

The department said Bittelman is a Russian alien and it is alleged that he "believes in, advises, advocates and teaches" the violent overthrow of the United States government.

Bittelman, the department said, has been a resident of New York City since December 1931. He is alleged to have used 14 aliases.

Battelman was taken into custody last night in an apartment hotel in Miami, Fla., where justice officials said he was "presumably on vacation."

Ban Movies Of Six U.S. Actors

Budapest, Hungary, Jan. 16 (AP)—The Hungarian Ministry of Interior today banned the films of six Hollywood stars who it said testified before the House Committee on Un-American Activities last fall in Washington.

The ban, effective Jan. 22 named Robert Taylor, Gary Cooper, Adolphe Menjou, Allan Jones, George Murphy and Robert Montgomery.

Arrest Russian Alien In U.S. For Deportation

Washington, Jan. 16 (AP)—The Justice Department today announced the arrest for deportation of Alexander Bittelman of New York, a national committee member of the Communist party in the United States.

The department said Bittelman is a Russian alien and it is alleged that he "believes in, advises, advocates and teaches" the violent overthrow of the United States government.

Escape Serious Loss From Frost

Lakeland, Fla., Jan. 16 (AP)—Except for scattered reports of damage, Florida's multi-million dollar fruit and vegetable crops appeared today to have escaped serious harm from the last two days of freezing temperatures.

Temperatures last night and early today generally were above Thursday's and after daybreak today the mercury began rising over the state.

A heavier frost fell over Florida last night and today.

READY TO NEGOTIATE

Washington, Jan. 16 (AP)—Soviet Ambassador Alexander S. Panuyshkin said today Russia is ready to resume negotiations to settle her \$11,200,000,000 wartime lend-lease account with the United States.

Under the existing law, landlords up to the start of this year—up to the start of this year—could raise rents by as much as 15 per cent in cases where tenants agreed to an increase in exchange for a lease running through 1948.

Congress wrote in this provision last June on the assumption that rent controls probably would not be extended beyond February 20. If they did expire then, tenants who signed leases would have 10 months more protection against uncontrolled rents than those who did not.

But most Congress members predict now that controls, in one form or another, will be extended.

Bricker, a member of the rent subcommittee, told a reporter it would be "unconscionable" for Congress "to be in the position of having lured some tenants into paying more rent with the promise of added protection, and then have them find that they need not have paid more."

The members of Jarvis Memorial Church are urged to make a special effort to attend the morning service on Sunday morning, at which time the pastor will present the report of the committee appointed to consider the matter of the building fund. The morning message will center about that report, which is one of the most significant proposals ever offered to the church. It is very important that every member of the church have an understanding of and an appreciation of the plan that is to be proposed, and for that reason it is hoped that all members will try to be present.

For those who are prevented from being present, the service will be broadcast over WOTC. We are indebted to the Immanuel Baptist Church for making an exchange in

#### Third Street School P. T. A.

The Parent-Teacher Association of Third Street School held its regular monthly meeting on January 14th with 40 members present.

The fifth grade had charge of the devotional. Alice Faye read the 131st Psalm and Lou Cheatham led in prayer. A New Year's poem was read by Marie Clark.

Mrs. R. B. Lee, program chairman, then introduced Dr. B. McK. Johnson, who gave a very instructive talk about the care of our children's teeth. He emphasized the importance of carrying children to a dentist when they are 2 1/2 or 3 years old. He deplored the fact that so many parents neglect their children's teeth due to a wrong belief that they are going to lose their baby teeth anyway and it doesn't matter about having their cavities filled. He said that it is so much wiser to have these small cavities filled when they first appear in order that the children may have sound teeth and better health during the years before their permanent teeth come. Dr. Johnson expressed the hope that eventually the schools will require a child's teeth to be in good condition before he is permitted to enter school, as is required in the case of certain vocations.

Mrs. Vance Arnold, president, presided over a short business session. The minutes were read by Mrs. James Brewer, secretary, and Mrs. T. F. Smaw, treasurer, reported a balance of \$300.02 in the treasury. Mrs. Arnold expressed regrets that Mrs. F. R. Bowen, hospitality chairman, is leaving Greenville.

The prize for attendance was won by the first grade, whose teacher is Miss Elizabeth Norman. Refreshments were served.

## 40 Years Ago Today

THE DAILY REFLECTOR  
January 16, 1908

Greenville has not a monopoly on the grip. It is all over the county. The tobacco market is having light sales now, and the warehouses are making plans for next year. People are worse scared than hurt over the financial situation. Conditions will right themselves and business move along smoothly if allowed to do so. The men who hurt the situation most are those who keep harping on the panic and predict hard times. Some of such talk is with the view of taking advantage of somebody else's disadvantage.

#### Christian Church Announcements

The Eighth Street Church will cooperate with the other Protestant churches of the city in making a thorough survey of Greenville between the hours of 2 and 4 Sunday. All people are asked to remain at home until the visitors have come or leave full information with responsible persons.

The church will cooperate also with the city wide Training School which will be held at the Immanuel Baptist Church beginning on Sunday afternoon, January 26, and continue through each evening till Thursday. Classes will be offered in all departments.

The Woman's Council will meet on Monday afternoon at 3:30 at the home of Mrs. J. K. Proctor with the Young Matrons as hostesses. The speaker of the meeting will be Miss Etta Nunn, one time missionary to Mexico and now minister of missions at the First Christian Church in Washington, N. C.

The Christian Youth Fellowship will meet at 6:30 this evening and every member is asked to bring a bag supper for the social hour. Continuing the discussion of the various vocations the pastor will speak on full time religious service. A discussion by the group will follow.

#### Dr. Messick Was Speaker NCEA Unit Meeting

By CHESTER WALSH  
Dr. John D. Messick, president of East Carolina Teachers College, discussing "Education in the Atomic Age," at the North Carolina Education Association's Pitt County unit at the Grimesland High School Wednesday night, gave 20 vital needs of the educational program of the nation which must be fulfilled if we are to keep in step with the rapid changes made in the scientific field. County Supt. Don H. Conley introduced the speaker.

L. L. Murray, principal of the school, led the devotional. Factious Principal Ola Forrest welcomed the guests. Grimesland, Factious, Bethel and Stokes schools were hosts at the meeting. The Grimesland Glee Club, under direction of Miss Oma Bliss Lewis and Albert Gainey, presented a program of songs.

A letter from NCEA headquarters acknowledging the Pitt County contribution to the Overseas Relief Fund was read. Miss Katherine Foreman and Miss Pattie Jenkins led the group singing.

At the conclusion of the meeting the guests inspected the various class rooms. Refreshments were served in the home economics department by Mrs. C. H. Spiggle, Mrs. Mahue Godley, Mrs. Robert Wilson, Mrs. Eleanor Watkins and Mrs. James Clark.

## State Officials Kings Daughters And Sons Meet

The Executive Board and Circle Presidents of the North Carolina Franch of The King's Daughters and Sons met with Mrs. Hortense F. Moye and Mrs. Clara Moye Shackell, at the home of the former on Thursday morning at 11 o'clock.

Executive Board members present were: Mrs. Z. A. Rochelle, Mrs. Nannie B. Cheek, Mrs. Spear Elicka, all of Durham; Mrs. W. T. Ueltsch of Raleigh; Mrs. Fred Savage of Willard; Mrs. Clara Moye Shackell, Mrs. Hortense F. Moye of Greenville.

Circle Presidents present were: Mrs. J. G. Baldwin, Mrs. W. Frank White, Mrs. D. J. Ammott, all of Durham; Miss Lucie Shine of Rocky Mount, and Mrs. Shackell of Greenville.

The meeting was called to order by the state president, Mrs. Z. A. Rochelle. Mrs. Spears Hicks gave a very inspirational devotional which was an incentive to all present to obey the call of Isaiah said when he obeyed the call and answered: "Here am I, send me."

Each officer of the state branch gave her reports.

The Executive Board decided to take as the state objective for the next two years the International Convention, which will be invited to North Carolina in 1950, during the Bi-Annual International Convention to be held in Miami, Fla., on April 4-8.

The following delegates and alternates were named to the International Convention in Miami as follows: Mrs. Z. A. Rochelle, Mrs. Nannie B. Cheek, Mrs. A. J. Dennis, Mrs. T. W. Young, all of Durham; Mrs. Mack L. Gay, Mrs. W. E. King of Rocky Mount; Mrs. Fred Savage of Willard; Mrs. L. L. Mott of Wilmington; Mrs. Cora Powell of Greenville; Clara Moye Shackell of Greenville; and Mrs. W. T. Ueltsch of Raleigh.

Alternates were: Mrs. M. B. Allsbrook, Raleigh; Mrs. R. E. Stancell, Rocky Mount; Mrs. C. H. Shipp, Mrs. C. L. Haywood, Mrs. Ralph Baker, Mrs. P. H. Hawkins, Mrs. George Bailey, Mrs. W. H. Rowe, Mrs. W. Frank White, Mrs. J. W. Plumer and Mrs. C. L. Council, all of Durham.

Attention was called to the State Convention to be held in Rocky Mount on May 19 and 20 at which time a motion will be made by the Executive Board to have a home for aged men and women established in the state. This will be another project in the state work for the coming year.

Following the business session, Executive Board members, Circle Presidents and officers of the Patient Circle of Greenville, were entertained at a five course luncheon by the hostesses, Mrs. Hortense F. Moye and Mrs. Clara Moye Shackell, at the home of Mrs. Moye.

The house was decorated throughout with white gladiolas. In the center of the dining room table were white carnations.

#### Clifton H. Edwards Buried In Greenwood

Funeral services for Clifton Hugh Edwards, 53, prominent business man of Greenville, who died at his home on the Ayden highway Tuesday at 2:30 p. m. following a heart attack, were conducted at the home Thursday at 11 o'clock by his pastor, Dr. H. G. Haney, pastor of Eighth Street Christian Church, assisted by Rev. R. W. Bradshaw, pastor of Jarvis Memorial Methodist Church. Burial was in Greenwood cemetery.

Active pallbearers were Alva Dunn, Dr. Fred Irons, W. P. Moore, K. W. Cobb, Heber Forbes, Doug Morris of Wilson, J. T. Little, Reynolds May, W. H. Woolard, Roy Davenport, W. E. Cain and Jim Clark.

Out of town people at the funeral included Mrs. Henry Elliott of Hertford; W. E. Whitehurst, Mrs. C. C. Barker, Mrs. L. C. Bray, Mrs. Johnnie Gregory and Mr. and Mrs. S. G. Etheridge of Elizabeth City; Mr. and Mrs. Emerson Worthington, Mrs. George Worthington, Mrs. T. G. Worthington, Fred Worthington, F. M. Kilpatrick and Mr. and Mrs. Dixie Cannon of Ayden; Dr. and Mrs. B. D. Moore of Mount Holly; Durant Gallup of Fayetteville, Kenneth Gallup of Sanford and Mr. and Mrs. George Vick of Raleigh.

STONE WALLS DO NOT A PRISON MAKE  
Butte, Mont.—(AP)—A Butte city jail prisoner was given permission to use a telephone and walked out while the jailer's back was turned. Picked up a short time later as he strolled near the jail, he explained "I just wanted to get a little exercise before dinner."

A half-million species of insects have been catalogued by mankind.

### Pirates To Meet ACC Cagers Here Saturday

The East Carolina Teachers Pirates meet the Atlantic Christian Bulldogs tomorrow evening at 8 o'clock in the feature game of a twin bill in the college gym.

It will be the first conference game of the year for the Pirates who dropped an overtime tilt to Erskine Tuesday night, and then lost to the Duke JV's Wednesday 42-38 after leading all the way into the final minutes of the game.

The game will once again bring to life the "Bohunk Trophy," an old wooden bucket that has passed between the two rivals throughout the years. The Pirates are now in possession of the "Bohunk," and are intent on keeping it by posting a win over the fast-breaking aggregation from Wilson.

A preliminary tilt between the Pirate Jr. Varsity and the Conway All-Stars will be played at 7 o'clock.

### Giants Pay Cash For Cleveland Player

New York, Jan. 16 (AP)—The New York Giants have obtained infielder Jack Conway from the Cleveland Indians in a straight cash deal.

The price was not announced but it was believed that the \$10,000 price was the amount. A 26-year-old native of Bryan, Tex., Conway appeared in 24 games last season as a relief man for Manager Lou Boudreau.

### Paid His Way To Olympics; Now Can't Compete

St. Moritz, Switzerland, Jan. 16 (AP)—The saddest person in this continental winter playground is a 24-year-old Australian, Tony Aslanoglou, who paid his own way from Melbourne to ski in the winter Olympics—and broke his left leg.

He related his tale of woe today, flat on his back and flat broke, from a hospital bed in Clinic Bernhard.

"I spent fifty days on a cargo ship, the cheapest ride I could buy after being denied permission to work my way," he said, with an occasional glance out of the windows at the snow blanketed mountains where his lifelong ambition to compete in the Olympics ended in disaster.

Tony said he had saved up a meager amount for expenses by working in the sports shop of a department store.

### SWIMMING TRIALS

Seattle, Jan. 16 (AP)—Ray Daughters, coach of the American women's Olympic swimming team, said today, three meets would be held before the Olympic trials at Detroit July 9-11 and "by that time we should have an excellent idea of the lineup."

### 'Flop Of 1947'

New York, Jan. 16 (AP)—Joe Louis' dismal winning effort against Jersey Joe Walcott was the biggest disappointment of 1947 to the sports editors of the nation who contributed answers to the annual Associated Press year-end poll.

Those who had come to expect the Brown Bomber to make short work of all opposition were let down by his dull effort against the 33-year-old challenger who twice knocked him down. Entirely aside from any disagreement with the disputed verdict, the editors apparently were shocked most of all by the sudden disintegration of the heavyweight champion.

### Play Basketball In Wheelchairs

Spartanburg, S. C., Jan. 16 (AP)—Players in a March of Dimes benefit basketball game here Jan. 30 will move around the court in wheelchairs, one team because they have to and the other to even things.

The McGuire Veterans Hospital of Richmond, Va., will meet a Spartanburg club billed as the all-stars.

Wheelchair basketball was introduced at McGuire by a Columbia, S. C., veteran who lost the use of his leg muscles in a glider crash during the war. The South Carolinian heard about the innovation from a buddy in a California veterans hospital.

When Columbus landed at what is known now as Puerto Rico, it was the first and only time that his feet trod on what is now U. S. territory.

The population of Jerusalem is about 150,000.

### NYU Trounces North Carolina By 63-34 Score

By the Associated Press

North Carolina's high flying White Phantoms today were among the also-rans in basketball circles, victims of a surprising New York University victory, 63-34.

Playing wretched ball from the outset that netted them only nine points in the first half, the Tar Heel quint was no match for the undefeated Violets in New York's Madison Square Garden last night. It was the first defeat in 13 starts for North Carolina and NYU's eleventh straight victory.

While the Phantoms connected for only four baskets in 26 tries the first half, plus one free throw in eight tries, the Violets were on their game. Loser to North Carolina by a 50-48 count last year, NYU retaliated last night by romping to a 15-2 lead in the first 11 minutes and pulling away to a 29-9 advantage at halftime.

In the second period, North Carolina, led by Roger Scholbe and Bob Paxton, managed to narrow NYU's margin to 31-19 but another Violet outburst put them ahead 46-26 and ended all hopes for the Southern Conference boys.

### Baseball Scouts Want Pitcher

Valley Stream, N. Y., Jan. 16 (AP)—Scouts from a half-dozen major league baseball clubs camped today on the doorstep of Harry Nicholas' home after the promising 18-year-old pitcher had been declared a free agent by Commissioner A. B. Chandler.

The commissioner's ruling fined the New York Yankees \$500 for having signed Nicholas before he or his class graduated from high school and took away the club's right to deal with the youth. The Yankee management had no comment to make on the decision.

### Pitt Delegation To Washington Given Some Encouragement

The delegation from here which met with Gen. Carl B. Gray, administrator of the Veterans' Administration in Washington, D. C., Wednesday, reported a satisfactory conference. The group made the trip for the purpose of making an effort to secure the proposed veterans hospital for Eastern Carolina.

In the delegation were Congressmen Herbert C. Bonner, Graham Barden, Harold Cooley and John H. Kerr and representatives of 24 Eastern Carolina towns, including Greenville. Bonner was spokesman for the delegation and introduced his colleagues and one delegate from each county represented. These men pointed out the time and trouble and expense of getting veterans in hospitals in Roanoke, Va., and Fayetteville for observation or treatment and the dire need for this hospital facility at a central point in Eastern Carolina.

General Gray, recently appointed by President Truman to succeed Gen. Omar Bradley as administrator of the Veterans' Administration, heard the comments of the delegates and seemed to take a personal interest in the efforts of the group. He commented favorably on the interest and unselfish attitude shown and stated that although he could give no definite answer, he would give it any consideration possible when it comes to his desk.

Members of the delegates from Pitt county were John B. Fleming, Clay Burnette and Leon Roebuck and Redmond R. Newton of Farmville.

### SWISS FREEZE WAGES AND LIVING COSTS

Bern (AP)—The Swiss government has adopted the principle that there shall be no living costs and salary increases before the end of October, 1948.

The action was intended to arrest an inflationary tendency.

Among a series of exceptions was one that permitted wage increases in cases where it was necessary, to re-establish the pre-war real wages in relation to the cost of living.

### IT'S NO FUN to drive with POOR LIGHTS

## Strength FOR THE DAY

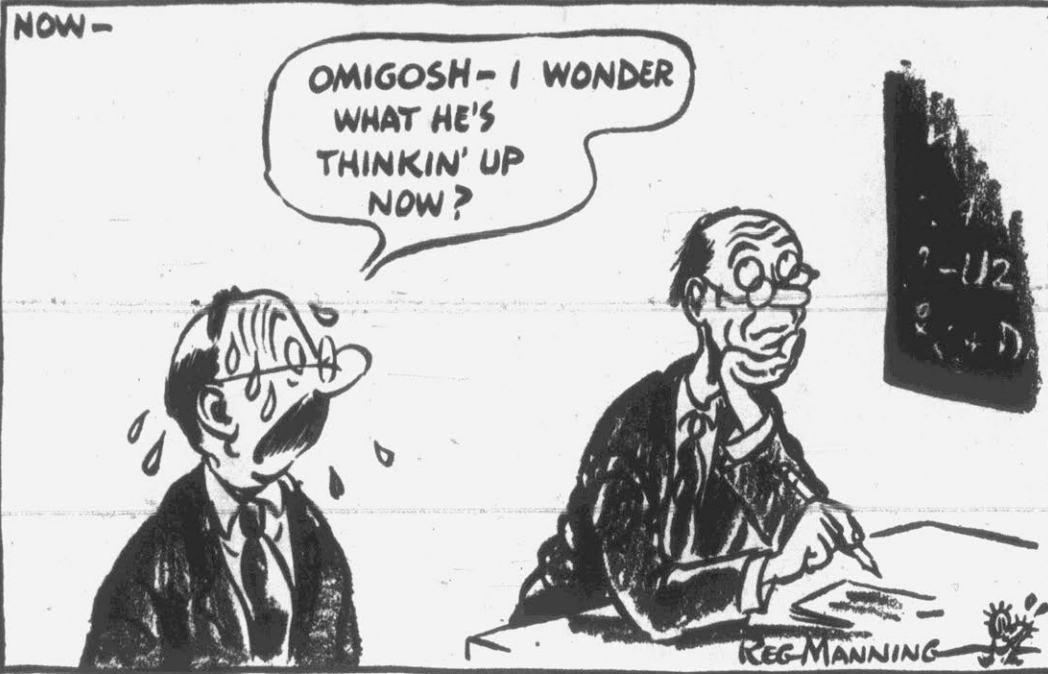

### EVANGELISM UNDER DIFFICULTIES

A missionary in China, interned by the Japanese during the war, was put under the surveillance of a guard who followed him wherever he went. We can readily see how annoying this could become.

At first it seemed unbearable. Then the missionary said to himself: "I wonder if the Lord didn't arrange things this way so that I could make a Christian out of that fellow I'll try. He did, with the result that before the war ended, the guard assured his prisoner that henceforth he could be counted upon as a Christian disciple."

Some very earnest European Christians were anxious to get into Russia before World War II began in order to try to start religious work in that atheistic nation. Nothing ever came of their efforts. During the war, however, they were herded into labor camps and there came in contact with a number of Russians. They went to work to convert these Russians to Christian faith. Their efforts were not en-

tirely successful, but in many instances they were.

The moral is that the most fertile field for Christian service is right where we happen to be, and it often happens that the more troublesome the situation is in which we find ourselves, the greater is the opportunity offered us to serve God.

## WASHINGTON LETTER

By JANE EADS  
Washington—Mrs. Truman, plenty

of rank, Robert Taylor, plenty of gold braid, Meyer Davis' band, bare shoulders, the Marine and Navy bands, eats and dancing will make this year's Navy Relief Society ball something super in capital glitter.

It has been seven years since the Navy group spurned to raise money. Mrs. John Nicholas Brown, wife of the assistant secretary of Navy for Air, who heads the executive committee, says she hopes the going will be seven times as good.

During the war the Navy Relief Society held "phantom balls." Tickets were mailed out for a dinner and people sent in their contributions, but the event never took place.

This year the event will really take place, with an expected attendance of more than 1,000. Mrs. Truman has already said she'll be present. Robert Taylor will be master of ceremonies, coming from Hollywood with the Davis band.

Navy brass will be on hand along with heroes, diplomats, society folk and top officials.

Some of the meetings have been held at Decatur House, owned by Mrs. Truxton Beale, a member of the Navy Ball committee. Decatur House was the first private residence constructed on Lafayette Square after the White House was built. Commodore Stephen Decatur built it in 1818 with the prize money he won in the wars with Barbary pirates.

## Funeral Services Mrs. Martha Warters

Mrs. Martha Dixon Warters, 79, widow of John W. Warters, died at her home near Hookerton at 1 p. m. Thursday after a long illness. Funeral services will be held from the residence at 3 p. m. ## More Hospitals Now Admitting Polio Patients

Chapel Hill, Jan. 16.—Thanks to the specially trained personnel, more adequate equipment, and an intensive educational campaign, 20 North Carolina hospitals are now willing to admit infantile paralysis patients, whereas only one would knowingly admit an acute case when the 1944 epidemic began.

Such was the encouraging report made here by Philip S. Randolph, field representative for North Carolina headquarters of the National Foundation for Infantile Paralysis, who pointed out that contributions made in the annual March of Dimes campaign had contributed in large measure to the improved hospital facilities.

"By this spring it is hoped that each of these 20 hospitals will be permanently and adequately equipped to care for any type of case," Randolph's report said.

## UN Council Hears India

### Warns Full-Scale War May Develop With Pakistan

Lake Success, Jan. 15—(AP)—In-  
dia told the United Nations Security  
Council today that a full-scale war  
with Pakistan may develop unless  
the U. N. take measures to halt  
fighting in Kashmir.

Delivering the opening speech in  
support of India's charges against  
Pakistan, the Moslem dominion,  
Minister Gopalaswami Ayyangar  
contended that "there is at this  
moment a small war going on in  
Kashmir."

He declared that the situation  
was growing "graver with every  
day."

Ayyangar addressed the second,  
1948 meeting of the council and  
the first one to which the Soviet  
Union, a newly elected member,  
has assigned a delegate. Vassily A.  
Tarasenko was named to the  
Ukrainian seat and Gen. A. G. L.  
McNaughton was nominated to be-  
gin sitting for Canada. Dr. Jose  
Arce of Argentina, the third new  
nation on the council, was present  
at the first 1948 meeting last week.

Ayyangar closed his 27-page  
speech with a reference to the fast  
by Mohandas K. Gandhi, declaring  
"we can make no greater contribu-  
tion to the saving of his life" than  
by notifying the Hindu leader of  
a settlement of the Kashmir prob-  
lem.

Fighting has been going on in  
Kashmir, a princely state in the  
northernmost area, almost since the  
partitioning of British India along  
Hindu-Moslem lines last Aug. 15.

## Greenville Firm Wins Nash Award

Mr. R. W. MacKenzie, general  
manager of the Greenville Equip-  
ment Co. Inc., has been notified by  
H. C. Dose, vice-president of Nash-  
Kelvinator Corporation, that his  
dealer organization and facilities  
have qualified for the "Nash 10-  
Point dealer" award.

Dose, who is general sales manager  
of Nash Motors, said that formal  
presentation of the award will be  
made by some officials of Nash Mo-  
tors in the near future. The 10-  
point award is the highest honor  
Nash can bestow on a dealer for  
excellence in all branches of ser-  
vice, management and sales.—Adv.

## State Resources Will Be Discussed At Conference

### Radio Programs Farmville And Ayden Schools

As part of a state-wide program  
of education in the use of the nat-  
ural and human resources of North  
Carolina, a resource-use conference  
will be held at East Carolina Teach-  
ers College on Saturday, January 31,  
according to an announcement from  
the office of Dr. John D. Messick,  
college president. Meetings will be  
held in the Classroom building on  
the campus and will begin at 9:30  
in the morning. Invited to attend  
and to take part in the activities of  
the all-day session are representa-  
tives from 16 counties in the eastern  
section of the state, including  
representatives of state agencies, su-  
perintendents, principals, and teach-  
ers in the public schools, farmers,  
businessmen, ministers, leaders in  
industry and editors of newspapers.

East Carolina Teachers College is  
one of six colleges in the state se-  
lected to serve as area headquarters  
for the resource-use program in  
North Carolina. Emphasis at the  
meeting will be placed on the  
opening of the teacher-training  
institution to be of service in edu-  
cating toward the best use of the  
resources of the state.

A panel discussion centering  
around the question "How Can the  
Public Schools and Teacher-Train-  
ing Programs Be More Effective in  
the Improvement of Living?" will  
be led by John E. Ivey, Jr., of Chap-  
el Hill, executive secretary of the  
Resource-Use Education Commis-  
sion, and will be a chief event of  
the program presented in the morn-  
ing. Among those invited to partic-  
ipate and the topics on which they  
are scheduled to speak are Mrs. J.  
B. Spilman, Greenville, employment;  
D. H. Conley, superintendent of  
Pitt County Schools, public schools;  
President Messick of ECTC, teacher-  
training; John A. Parker, Chapel  
Hill, community planning and de-  
velopment; and the following from  
Raleigh: Margaret Lane and Iris  
Flythe, welfare; Dr. Carl V. Reyn-  
olds, health; L. O. schaub, exten-  
sion; E. B. Garrett, soil conserva-  
tion; and E. K. Belcher, forestry.

The afternoon session will include  
talks by Dr. Leo W. Jenkins, dean,  
and Dr. Howard J. McGinnis, di-  
rector of the Bureau of Field Serv-  
ices, ECTC, both of whom will dis-  
cuss the resource-use program at  
the college here; and Dr. Richard  
Weaver of Chapel Hill, program  
director of the Resource-Use Educa-  
tion Commission, who will outline  
work in the state.

## Recruiting Team 'Sold' On Army

Boise, Idaho, Jan. 16—(AP)—The  
Army recruiting staff in Boise did  
a fine job of talking themselves  
into it.

At a public ceremony today, all  
12 recruiters assigned to this dis-  
trict will be sworn in extending  
their present enlistments to five  
years.

M-Sgt. James Hicks, recruiter in  
charge, said he believed this was  
the first time that 100 per cent  
participation in extension of en-  
listments had been done by any re-  
cruiting office.

### B. B. Sugg, Jr. Is President

The Greenville Junior Chamber

of Commerce at a supper meeting at the Old Towne Inn last night, unanimously elected B. B. Sugg, Jr., tobacco warehouseman, president for 1948. Howard Hodges, Jr., was chosen vice-president, Louis W.

Gaylord, Jr., secretary, and Bill Fruden, treasurer. Van C. Fleming, Jr., the retiring president, presided. Charles Cobb Clay Burnette and Milton L. Adams were elected directors for two-year terms. Sam Weeks and Thomas M. Sellers for one-year terms.

### Witness Says He Was Drunk; Two Cops Say Sober

By CHESTER WALSH  
In Police Court today, Judge J. W. H. Roberts convicted Dollie Mills, 23, of near Greenville, of driving a car without an operator's license, reckless driving and hit-and-run. He sentenced her to six months in the women's division of State Prison ordered her to pay John Cox, colored, \$70 and \$5 to Willie James, colored, for doctor's bills, and fined her \$50, costs deducted. She appealed to Superior Court. Bond was fixed at \$300.

In another warrant Dollie Mills was charged with hit-and-run and personal injury. She pleaded guilty and the court found probable cause and bound her over to Superior Court under \$300 bond.

Floyd V. Nichols, 29, owner of the car, was fined \$20 and his driver's license was ordered revoked for six months. Ernest V. Deaver, also in the car was fined \$15 for being drunk.

Nichols testified that he was drunk, and did not know the woman was driving his car. Policemen Peterson and Whitchard, who made

the arrests, testified that he was not drunk. Judge Roberts also Solicitor Eli Bloom commented that Nichols was the first person they had seen in court trying to convict his own self. The court accepted the officers' testimony.

### Donald Bowling, Jr. Died Duke Hospital

Donald Wesley Bowling, Jr., year-old son of Sgt. Donald W. Bowling and Mrs. Bowling, died at Duke Hospital Thursday at 3 p.m. after several days' critical illness. He had been ill since birth.

Funeral services will be held at S. G. Wilkerson & Sons' Funeral Home Saturday at 2:30 p.m. Dr. H. G. Haney, pastor of Eighth Street Christian Church, will officiate. Burial will be in the McLawhorn family cemetery at Hanrahan, near Ayden.

Surviving are his parents, Sgt. Donald W. Bowling, stationed at Selfridge Field, Mich., and Mrs. Bowling, who lives with Mrs. Marie Ramsey Bowling, 206 East Fourth Street; the paternal grandmother, Mrs. Bessie Bowling, and the maternal grandparents, Mr. and Mrs. H. R. Ramsey of Greenville.

**FIRE DEPARTMENT BUSY**  
Fire yesterday afternoon about 4:30 did nominal damage to a frame storage house at Cold Storage, Inc., 311 West ninth street, when a vat in which lard was being rendered caught fire. The alarm was sounded from Box 62.

The fire department was called this morning to Early's Pool Room,

Bonner's Lane and Pitt streets, where a small blaze started from a cigarette in a trash basket in a rest room. The department was called on telephone.

### Hog Market

Raleigh, Jan. 16—(AP)—(NCDA)—Hog markets steady with tops of 26.00 at Fayetteville, Clinton, Warsaw, Lumberton, Chadbourn, Washington, Goldsboro, Smithfield, Mount Olive, Greenville and Rocky Mount and 25.50 at Richmond.

### Grain Market

Chicago, Jan. 16—(AP)—The steady upward march of grains continued on the board of trade today, smashing all-time records for corn and oats and providing a strong market in wheat. Gains were not unusually large, following the pattern of most recent sessions where advances of a few cents have been made.

May corn made a record for any corn future at \$2.70 1/2, March oats set a record for any oats future at \$1.30 and March soybeans set a record for any soybeans future at \$4.41.

Wheat closed 1/2 to 1 1/2 higher. March 43.15, corn was 1/4 to 2 cents higher, May \$2.70-\$2.69 1/2, oats were 1/4-1/2 higher, May \$1.28 1/2, and soybeans were 1/2 to 2 cents higher, March \$4.40.

### N.Y. Cotton

New York, Jan. 16—(AP)—Cotton futures opened unchanged to 20 cents a bale higher.

Noon prices were unchanged to 35 cents a bale higher than the previous close. March 35.67, May 35.70 and July 34.62.

Futures closed 30 cents to \$1.60 a bale lower than the previous close.

### N.Y. Stock Market

New York, Jan. 16—(AP)—Short covering and other buying by professionals brought a brief rally for rails and assorted industrial stocks today although many market pivots lingered behind minus signs. Transfers for the full proceedings held to around 800,000 shares.

During the German occupation, 3,000,000 of Greece's 16,000,000 acres of timber were hacked away to make winter quarters for Germans on the Russian front.

tion from \$500 to \$600—the \$500 exemption is "too low" by far and the \$100 boost is "inadequate" for present high living costs. The President's \$40 tax credit would do more for lowest income groups.

3. Percentage cuts in the tax rate—as soon as inflationary forces have been checked "it will be proper to fit rate reductions into a well-balanced tax revision program designed to maintain incentives and broad consumer markets." But tax relief now "should be concentrated at the bottom of the income scale," and the President's plan does it best.

The Treasury chief declared the Knutson bill would mean a direct loss of \$6,200,000,000 a year in revenue—\$600,000,000 more than Knutson has estimated.

Snyder asserted that "under current conditions" a tax reduction of this size "would constitute a major threat to the nation's financial integrity and economic stability."

So if we take the protocol as a true bill, the Communists are to make the scuttling of Germany one of their earliest objectives and it must be admitted that this is a logical procedure from Moscow's standpoint because an economically ill Germany means a sick Europe. Such a scheme would contemplate a rebellious German upheaval which would create chaos upon which the Communists could build a Soviet dictatorship.

Apologies of this we shouldn't overlook that the so-called Cominform is widely believed to be a revival of the old Comintern, or Third International, which the Bolsheviks originally created as a general staff to direct the projected world revolution for the establishment of
