

Increasing cloudiness and slightly warmer tonight. Rather cold Tuesday.

Envoy Raps Allies Work Among Japs

USSR Ambassador Critical; Hits 'Discriminatory' Controls On Soviet Trade

Washington, Jan. 26 (AP)—Soviet Ambassador Alexander S. Panushkin is critical of the job the Allies are doing to prevent a re-birth of militarism in defeated Japan.

The new Russian envoy told a reporter in his first formal interview here that he wants to draw serious attention to the record of the 11-nation Far Eastern Commission in promoting democracy in Japan.

In this regard the situation cannot be considered as satisfactory, he said.

In addition to his duties as ambassador Panushkin also serves as Russian representative on the commission which supervises Allied occupation policy toward Japan.

His criticism was interpreted by diplomatic officials as the possible prelude to a full-fledged Russian attack within the commission against the policies carried out by General Douglas MacArthur.

Replying in person to a series of questions submitted in writing by this reporter 24 days earlier, Panushkin also struck out at what he considers discrimination by the United States government against Soviet-American trade.

He said this is something "certain circles" in the United States are trying to develop.

As far as the Soviet Union is concerned, he asserted, "it has never refused the development of trade with the United States on conditions of normal business practice."

But, the former Russian cavalry officer added, American government trade agencies are applying controls "of a discriminatory character" to trade with the Soviet Union.

Panushkin also said in commenting on problems between Russian and the United States:

1. He does not propose to "take the initiative" in seeking a \$1,000,000,000 American loan to Russia although he regards such a credit as "a normal business undertaking which is in the interests of both countries."

2. The fundamental differences between the Russian and American forms of government should prove no insurmountable barrier to improving economic and cultural relations between the two countries.

3. The Soviet government already has presented "concrete proposals" to the State Department which it hopes will settle the \$11,296,000,000 lend lease account with the United States.

4. "Fulfillment" of the Yalta and Potsdam agreements on reparations by the United States and Britain would have a "great positive meaning" in helping Russia rehabilitate war-devastated areas.

5. It is "desirable" that Soviet-American relations improve, especially since the people of both countries "are equally interested" in bettering these relations.

Rental Market Said Shrinking

Washington, Jan. 26 (AP)—Housing Expediter Tighe Woods said today "there is only one cure for rent control and that is a lot of rental accommodations."

Woods told a Senate banking subcommittee that some plan must be devised to attract "big, private investors" into the rental housing field. He suggested that depreciation might be written off more rapidly for tax purposes.

A Review Of India-Pakistan Dispute; Quarrel Over Kashmir; Strife And UN Negotiations; Why It Is That Indian Religious War Would Be So Horrible

By DEWITT MACKENZIE

Committee Vote Tomorrow On Knutson's Tax Measure

Washington, Jan. 26 (AP)—The tax-writing House Ways and Means Committee looked over the Republican-backed \$6,300,000,000 tax-slashing bill today and agreed to take a vote on it tomorrow.

Chairman Knutson (R-Minn.), author of the measure, said: "The committee will approve my bill tomorrow. The House will begin debate Thursday and pass the bill next Monday."

Other Republican leaders agreed that Knutson's schedule is what they look for. They said the bill will pass the House with only two or three Republican votes against it and "substantial" votes for it from the Democratic side.

But they said they do not expect the measure to get the two to one margin which would be necessary to pass it over President Truman's disapproval. Mr. Truman has left little doubt he will veto the bill if it reaches him in its present form.

After House action, the measure will go to the Senate where it may be revised.

Both the Republican and Democratic leadership were in agreement that the vote on passage will not reach two-thirds proportions.

A top GOP official, who did not want his name used, sized up the prospects this way:

"We will lose two or three Republican votes at the most. We'll get a

substantial vote from the Democrats but I don't think we'll get two-thirds and we aren't trying for it.

"We aren't retreating an inch from plans to pass the bill over a veto. But it doesn't count to get two-thirds now. We'll get it when it does count. That will be on the bill that finally goes to the White House after the senate makes some changes and we reach agreement."

Rep. McCormack (D-Mass.), who rounds up party votes as Democratic whip, also predicted there will be no two-thirds vote next Monday. But his reason was different.

"The Republicans would try for two-thirds if they could get it. But they know they can't because they won't get enough Democratic votes."

Vandenberg Clears Air

British Plans For Leaving Palestine Expected Soon

Washington, Jan. 26 (AP)—Marshall Plan critics conceded today that Senator Vandenberg (R-Mich.) has trimmed congressional opposition to the European Recovery Program with his proposal for an independent administrator responsible only to the President.

Senator Taft (R-Ohio), who has been critical of both the \$6,800,000,000 fund request for the first 15 months and Administration insistence that the State Department have final control said of the Vandenberg compromise suggestion:

"It seems to be a very constructive and sound approach to the problem."

Another Republican senator, who said privately he still plans to vote against the program, told a reporter the new Vandenberg plan "probably will swing 10 or more doubtful senators over to support of the legislation."

This senator is a member of the group of 20 Republican senators who have been discussing the foreign aid program at private sessions. Senators Wherry (Neb.) and Ball (Minn.) are leaders of this group. They plan another of their special night conferences on the Marshall Plan this week.

Arab Leader To Choose Spot For Tel Aviv Attack

Cairo, Jan. 26 (AP)—Ahmed Hussein, leader of the Young Egypt Party, said today he would leave soon for the Egyptian-Palestine border to choose a spot for reopening the southern front. "The main objective, he said, will be Tel Aviv. 'The world will hear soon,'" Hussein added, "of a decisive blow struck by the Arabs at a Palestine Jew."

Hussein denied reports that Fawzi al-Kaukji, commander of the Arab armies, is in Palestine. The commander is still in Syria, he said. "Kaukji will enter Palestine at the head of a large army," he predicted.

Brief Respite For Both Carolinas From Icy Cold

By THE ASSOCIATED PRESS

A bright sun greeted North and South Carolinians today bringing promise of relief from winter's longest siege which directly or indirectly claimed at least eight lives in the two states.

The respite from the severe cold, however, was termed only temporary by U. S. weather observers who grimly forecast a freezing rain headed toward the Carolinas from Gulf states. The chilly overcast is expected to envelop the two states by tomorrow.

Meanwhile, life in most Carolina cities returned to a semblance of normalcy despite a heavy coating of ice left by Friday night's swirling snow and sleet storm. Highways and plane traffic, paralyzed Saturday, was restored Sunday, but highway officials of both states urged motorists still to exercise extreme caution.

Rural schools in scores of North Carolina communities remained closed today, and the weather even caused postponement of federal district court at Fayetteville, N. C.

The ice on many Carolina highways turned into a deep slush Sunday as the temperature climbed steadily from sub-freezing levels which fell as low as 10 degrees at Raleigh. Snow town, however, saw mercury tumbling again and all parts of the two states were held in a deep freeze last night.

Six deaths in North Carolina were attributed to conditions resulting from the weather. Elizabeth City had one death by drowning and Lexington two. One person was burned fatally at Statesville and another at Salisbury and a fall cost the life of a Greensboro man.

Two deaths in South Carolina both in traffic accidents on ice-coated roads, were reported during the weekend.

Helicopters And Blimps In Search

Washington, Jan. 26 (AP)—Blimps and helicopters joined today in a widespread search along the East Coast for a missing Coast Guard plane with four crewmen aboard.

Legislator Ill

New York, Jan. 26 (AP)—Rep. J. Parnell Thomas (R-NJ), stricken seriously ill at sea, was being rushed to Cristobal, Panama, today aboard the SS Ancon.

An Army bomber dropped two kits of blood plasma alongside the ship last night but Capt. David Swinson, the master, radioed the plane crew that it was decided not to stop the ship to pick it up. Bad weather already had delayed the ship.

Army Chief Nominated

Truman Formally Nominates Bradley For Chief Of Staff

Washington, Jan. 26 (AP)—President Truman today formally nominated Gen. Omar Bradley as Army Chief of Staff to succeed Gen. Dwight Eisenhower.

He sent the nomination to the Senate which must approve it before Bradley can take the Army's top post.

The White House did not specify the date on which Bradley will take over the duties. The nomination was made effective simply on the date of his being sworn in.

There have been reports that Eisenhower wanted to leave about Feb. 15.

Eisenhower, who withdrew last week from a possible presidential race, is to take over the presidency of Columbia University after a rest. Mr. Truman had made known months ago that Bradley was his choice to succeed Eisenhower.

Now 54, Bradley has been chief of the Veterans Administration but left that post two months ago. During the war, he commanded the 12th Army group in Europe.

Accuse Pair Of Slaying Witness

Lumberton, Jan. 26 (AP)—Solicitor F. Ertel Carlyle has announced that he will ask the Robeson county grand jury to return true bills of indictment charging two men with slaying of a witness who was slated to testify against them.

Carlyle re-called that McNeill Hunt and Wilbur Hunt were charged with the slaying of Willie Smith who was fatally wounded Friday night by blasts from a shotgun fired through the window of his home here.

The AFL executive board last week opposed the third party bid of Henry A. Wallace for president, and the action was seconded by the executive board of the CIO-Political Action Committee.

The AFL council may decide to hold off a declaration on the third party until its February 4 meeting, in the opinion of some members.

Green himself threw no light on his plans. A total of 22 subjects are listed for consideration of the union leaders, including selection of a director for the political league.

Washington, Jan. 26 (AP)—An immediate ban on all exports of petroleum products was recommended today by the house interstate commerce committee.

The action is necessary, the committee reported to the house, because of too optimistic estimates of supplies, the weather, and "the gravity of the outlook in oil supplies in the event of a war emergency."

Washington, Jan. 26 (AP)—The Ne wHanover County Board of Commissioners today rejected a plea of civic and World War Two organizations to permit Sunday sports events at American Legion Stadium. The stadium is inside Wilmington's city limits but is owned by the county.

Admits Four Robberies

Local Parolee Confesses To Series Of Safecrackings

By CHESTER WALSH

Walter J. McKeel, 27, paroled convict who was given 20 years in State Prison in 1939 for robbing with a sawed-off shotgun J. Carroll Waldrop at the Nehi Bottling Company's plant on Otanchoe Street and now being held without bail by Greenville police, has admitted four safecracking jobs in Greenville, police stated today.

McKeel was paroled in 1945 and was wanted for violating his parole in a Raleigh robbery, the SBI said. Police arrested McKeel last Thursday at his mother's home, 322 Pitt Street, on the charge of stealing the company's store Christmas Eve and safe that night smashed the safe combination but could not get it open. The paroled convict also admitted to police that he entered and cracked the safe at Bray's Radio Shop, across the river, the night of November 28. He also admitted robbing the National Biscuit Company's office of about \$15 from a cash drawer. Police quoted him as saying the big safe there was left unlocked and a smaller safe was burglarized.

The day after the Greenville Auto Finance Company's office was robbed an SBI agent from Raleigh came here looking for McKeel as a parole violator. He showed identification Specialist Lester D. Page McKeel's photograph, and police got to work and arrested McKeel and found burglar's tools and a pistol in his car.

Since his arrest, McKeel made four statements that he robbed 1945.

AFL Leadership Assembles For Political Study

Miami, Fla., Jan. 26 (AP)—The AFL leadership assembled today to take the deepest plunge into national politics it ever has attempted, with repeal of the Taft-Hartley Act as its prime announced objective.

The 15-man executive council went into mid-winter session, to be climaxed February 4 with a meeting of the federation's full-dress political strategy group of 30 members.

President William Green, who hopes to raise \$2,000,000 in voluntary contributions from federation members to finance the AFL's political activities, says the newly-formed "labor's Political Education League" may even go so far as to endorse a presidential candidate this time.

In other years the AFL has scarcely dipped its toes in the swirling current of a presidential contest. Principally, however, the AFL and CIO both will concentrate on Congress.

The CIO executive board last week opposed the third party bid of Henry A. Wallace for president, and the action was seconded by the executive board of the CIO-Political Action Committee.

The AFL council may decide to hold off a declaration on the third party until its February 4 meeting, in the opinion of some members.

Green himself threw no light on his plans. A total of 22 subjects are listed for consideration of the union leaders, including selection of a director for the political league.

Late News Briefs

Washington, Jan. 26 (AP)—An army helicopter crashed today on the edge of Fayetteville airport four miles north of here and killed the pilot, the sole occupant. Fort Bragg officials identified the dead man as First Lieutenant Robert Chandler, 27, attached to the 376th airborne division of the 82nd Airborne Division.

The Pennsylvania draft Eisenhower League left without a candidate today, it nevertheless "will stay in business" for the time being under the same name and "will go back to the people" for instructions on future moves in the 1948 presidential campaign.

Washington, Jan. 26 (AP)—The second trial of a state driver's license examiner and two law enforcement officers on charges of highway robbery will be called in April, according to Solicitor Jack

Stassen To Invade Taft Home State

Home State

Taft Supporters Press Campaign; Will Take On Competitor In Nebraska Primary

Washington, Jan. 26 (AP)—The decision of Harold E. Stassen to take on Senator Robert A. Taft in the Ohioan's home state in the May 4 primary to choose national convention delegates found Taft supporters ready today to force an even earlier test of sentiment for the Republican presidential nomination.

They disclosed plans to make an all-out race in Taft's behalf in the April 13 Nebraska free-for-all primary. That test comes three weeks ahead of the Ohio balloting which Stassen announced he will enter.

Taft himself was silent on the Nebraska development, but he left no doubt that he welcomes the competition on his own grounds where he insists, Stassen "has no chance for success."

The former Minnesota governor said in his weekend announcement that he has a high regard for Taft and would have preferred the test to come in some other state.

"But" Stassen added, "the differences between us on both foreign and domestic policy represent the major issues within the Republican party and before the country. It is important that the people have an opportunity to express their views upon these policies prior to the national convention next June."

In saying that, Ohio appears to afford the only opportunity for such a test, Stassen apparently had in mind that just about everybody who amounts to anything in the GOP presidential contest is likely to find his name on the Nebraska preferential ballot.

This is the result of a campaign to get all of the announced aspirants, as well as such potential dark horses as Senator Arthur Vandenberg of Michigan and Gen. Douglas MacArthur, before the people.

Stassen therefore appears determined upon a head-on test between Taft's policies and his own which he has described as steering a "liberal course" in the Republican party.

MacArthur Plans To Stay In Japan

Tokyo, Jan. 26 (AP)—General Douglas MacArthur said today he would stay in Japan until his task is completed, unless called away by some "extraordinary occurrence."

The supreme commander of allied powers in Japan repeated, on his 68th birthday, what he said last year—he wants to return to the United States when his job here is done.

Fate, hearty and erect, MacArthur in an exclusive interview did not explain what he meant by "extraordinary occurrence."

Manila, Jan. 26 (AP)—Another strong earthquake shook the battered city of Iloilo on the central Philippines island of Panay at 10:12 p.m. tonight (9:12 a.m. Eastern Standard Time), followed by secondary shocks which lasted four minutes.

The city already had been damaged heavily and 27 deaths were reported in a series of heavy quakes which rocked it over a period of four hours before dawn Sunday followed by moderate shocks which continued up to noon today.

Yawning fissures paralyzed overland traffic and exposed smashed water mains in Iloilo. In one suburb a deep crevice 90 yards long and a yard wide was reported sending geyser of water and black sand as high as nearby coconut palms.

Describing the scene 12 hours after the first terrific shock Manila Times Correspondent Jesus P. Ramos wrote: "A two-minute quake is rocking Iloilo. People again are running pell mell into the streets. . . . A woman hysterically screams as she leads her child: 'More are coming! Oh, mother of God, could this be the end?'"

One Australian, James Hoffman, 61, employ of a stevedoring company, and one unidentified American were reported among the dead.

Panay, Negros, Cebu, Leyte and Marinduque Islands all were jolted, but Panay on the basis of early reports seemed hardest hit. Iloilo City, a port of 125,000 population, noted for sugar, rum and copra exports, is 285 airline miles south-

Cripps Says Britain Does Not Plan Currency Devaluation

Franc Cut To Half Of Old Value

Schuman Goes Ahead Despite Objections By International Monetary Fund

Paris, Jan. 26 (AP)—France cheapened her money today, a step enabling her, in theory, to sell abroad at about half the old price.

She devalued her franc despite objections from Britain, which feared for the value of the pound and from the International Monetary Fund, which saw danger of world competition in currency depreciation.

Premier Robert Schuman promised an explanation today to the French National Assembly. The devaluation threatened to boost prices in France and provoked opposition from fixed-income groups.

The currency reform, worked out by French Finance Minister Rene Mayer, took effect with publication today in the official journal of the government's exchange stabilization fund.

It was announced last night in Paris, in London and in Washington, headquarters of the international fund. Cripps and Mayer had been talking it over in their capitals. The fund's board of directors had been discussing it in Washington.

The effect of cheapening the franc will be to make the dollar worth more in Paris—to foreign buyers, tourists and investors. More dollars in France would spur the country's export industries and enable her to buy badly needed imports.

The old franc had one official price in foreign exchange—roughly 119 to the dollar.

The new franc will have two prices. The first has been fixed by the government at about 124 to the dollar. The second will rise or fall with quotations on a new free-money market in Paris.

There has been no legal money market here. There has been a black market. The latest quotation there is 337 francs to the dollar.

Another Strong Tremor Rocks Battered Philippines

Manila, Jan. 26 (AP)—Another strong earthquake shook the battered city of Iloilo on the central Philippines island of Panay at 10:12 p.m. tonight (9:12 a.m. Eastern Standard Time), followed by secondary shocks which lasted four minutes.

The city already had been damaged heavily and 27 deaths were reported in a series of heavy quakes which rocked it over a period of four hours before dawn Sunday followed by moderate shocks which continued up to noon today.

Yawning fissures paralyzed overland traffic and exposed smashed water mains in Iloilo. In one suburb a deep crevice 90 yards long and a yard wide was reported sending geyser of water and black sand as high as nearby coconut palms.

Describing the scene 12 hours after the first terrific shock Manila Times Correspondent Jesus P. Ramos wrote: "A two-minute quake is rocking Iloilo. People again are running pell mell into the streets. . . . A woman hysterically screams as she leads her child: 'More are coming! Oh, mother of God, could this be the end?'"

One Australian, James Hoffman, 61, employ of a stevedoring company, and one unidentified American were reported among the dead.

Panay, Negros, Cebu, Leyte and Marinduque Islands all were jolted, but Panay on the basis of early reports seemed hardest hit. Iloilo City, a port of 125,000 population, noted for sugar, rum and copra exports, is 285 airline miles south-

God Willed It Says Woman 110

Wapwallopen, Pa., Jan. 26 (AP) God willed it, said Mrs. Mary O'Neill today, as she celebrated her 110th birthday.

This English-born immigrant trail and small but with a twinkle still in her dimming eyes, is one woman not ashamed to admit she's the oldest person in Pennsylvania—and state medical society records back her up.

13 Above Zero

Frigid weather prevailed in the Greenville area during the weekend. Following Friday night's and Saturday morning's sleet and rain storm the streets were left caked with ice and hail, interrupted pedestrian and vehicular traffic. Saturday night the skies were clear, with a full moon.

The lowest temperature here Sunday morning was 13 degrees, the coldest of the winter. The highest that day was 33. This morning the U.S. Weather Bureau thermometer registered 17 for lowest and 35 degrees shortly before noon and 35 degrees shortly before noon.

Will Reply This Week

Marshall Plan Critics Admit Opposition Is Reduced

Late Success, Jan. 26 (AP)—Informed quarters said today Britain intends to present to the United Nations early this week her plans for giving up rule in Palestine.

The information will come in the form of answers to a list of specific questions submitted by the five-nation Palestine Partition Commission.

Persons close to the commission said the British replies—assuming they are complete—would immediately plunge the UN body into the decision stage of its work. One of the results would be drafting of a UN timetable, covering such points as the commission's own entry into Palestine.

So far, the commission has been feeling its way along in preliminary discussions without knowing the exact British plans for surrendering the old League of Nations mandate. Publicly, the British said only that they would give up their rule May 15 or earlier. They cautioned the UN commission to stay out of the Holy and until two weeks before the switchover.

It was understood that British replies having to do with specific dates of withdrawal and evacuation would be kept secret because of the tense situation in the Middle East, where Arabs are fighting partition.

Synthetic Oil Program Urged

Washington, Jan. 26 (AP)—\$9,000,000,000 outlay over the next five to ten years to produce synthetic oil and gasoline on a commercial basis was proposed to Congress today by Secretary of the Interior Krug.

With winter-accentuated petroleum shortages sharpening his words, Krug said in a formal report: "It is clear now that the United States cannot rely exclusively on petroleum to supply all future requirements for liquid fuels and related products."

Marshall Plan To Date

A Review Of What Has Happened To European Relief Program Since Its Inception; What It Originally Called For; Questions Since Raised; Arguments Still On

By JAMES MARLOW

Washington, Jan. 26 (AP)—This will bring you up to date on the Marshall Plan if the arguments about it are making you foggy. The arguments will go on for months while Congress is working on the plan.

The Marshall Plan—put together by thousands of government experts here and abroad—called for this: Sixteen European nations agreed to help themselves and one another try to recover. We would give them the extra help they need.

The cost to us? Billions of dollars: in loans, and gifts like food, fertilizer, machinery, fuel. The reason: to help those countries and to stop the spread of Communism in Europe.

The Democrats and most of the top Republicans seem agreed we'll have to help Europe, with the Marshall Plan or some form of it.

Any such plan, and the money to be spent on it, will have to be okayed by Congress.

President Truman, backed by Secretary of State Marshall, gave the plan to Congress early this month and asked quick and full approval for it.

But the Republicans are boss in Congress. Any plan they approve probably will be a bit different from the Marshall Plan as it stands. They, the Republicans, want to

Fear That French Revaluation Will Affect British Pound Is Apparent; British Cabinet In Emergency Session; Repercussions In Sterling Areas

London, Jan. 26 (AP)—Sir Stafford Cripps declared today Britain does not contemplate devaluing the pound despite French action in cutting the value of the franc.

"We do not believe that this will be rendered necessary or advisable," the chancellor of the exchequer advised the House of Commons. Earlier government securities had dipped on the stock exchange, reflecting investors' fears that France's action will damage the pound sterling.

Investors rushed to "get into gold." The demand forced up the price of South African gold shares. These shares also opened strong on the Capetown market, indicating a belief that, sooner or later, the pound must be cheaper. It is now officially worth \$4.02, but has sold down to \$2.50 in uncontrolled markets.

London newspapers, reporting the pound is jeoparded, said the break in government bonds wiped out millions of pounds in market values. Market sources attributed this break to lack of demand rather than general liquidation. There was a sell-off, however, in the early trading.

Most other sections of the London market were quiet. Industrials were about steady. Base metals and commodities were fully firm.

Any lowering of the pound's value would mean that Britain would have to put up more pounds for purchases abroad. That would imperil the Labor government's entire recovery program. It sought vainly last week to have France temper her devaluation.

Repercussions of the French move were heard throughout the sterling area, the world's largest trading bloc.

Directors of the Bank of Denmark went into closed session.

Cairo Exchange Chairman Emilio Ibrahim said that the sterling reaction usually follows franc devaluation.

In Singapore, a great international trading center, markets were closed for a Hindu religious holiday. However, financial sources said traders were nervous. Malaysian money is based on sterling.

Price cutting in foreign markets was suggested in many circles as a means for Britain to protect the pound and her economic recovery program, with its emphasis on greatly increased exports.

Engineers Will Survey Damage Done By Flood

Congressman Herbert C. Bonner today informed the Daily Reflector that the U. S. Soil Conservation Department is

Registered Nurses To Meet
The regular monthly meeting of the Registered Nurses' Club will be held on Tuesday evening, January 27, at 8 o'clock at the home of Miss Jane Smith, 210 W. Second street. All registered nurses are requested to be present.

To Give Recital
The piano pupils of Miss Eva Hodges will give a recital on Tuesday evening at 7:30 at Third Street school.

Birth Announcement
Mr. and Mrs. T. W. Lundy announce the birth of a daughter, Janet Sue, on Saturday, January 24 in Dr. Joseph Smith's clinic.

Christian Science Service
"Truth" was the subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday, January 25.
Golden Text: II Timothy 2:15. "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."
Among the citations comprising the lesson-sermon were the following from the Bible: "In that day shall this song be sung in Judah: . . . Open ye the gates, that the righteous nation which keepeth the truth may enter in." (Isaiah 26:1,2). And from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christian Science brings to light Truth and its supremacy, universal harmony, the eternities of God, good, and the nothingness of evil." (Page 292).

B. D. Johnston New Manager Belk-Tyler Store in Greenville

B. D. JOHNSTON

Announcement was made today by A. L. Tyler, vice-president of the Belk-Tyler stores, of the appointment of B. D. Johnston of Rocky Mount as manager in charge of the local unit.

Mr. Johnston has a long and active experience in the mercantile field. For 15 years he was manager of Coburn's shoe store here. He was president of the Merchants Assn. and was a charter member of the Lions Club.

In announcing this appointment today, Mr. Tyler made the following statement: "It is with deep satisfaction and pleasure that I announce the appointment of Mr. B. D. Johnston as the new manager of the Greenville store. Mr. Johnston has been with our organization for a number of years serving in the capacity of assistant manager of our Wilson and Rocky Mount stores. He has made an outstanding record with us and we feel that this advancement in keeping with our policy is fully merited by his splendid service in the past. Mr. Johnston is a man of sterling character and exceptional ability, an aggressive man who will make many new friends in Greenville. It is our purpose under the able leadership of Mr. Johnston to constantly improve our service and to give to the people of this section a store in keeping with our usual standards. We feel that he will be a worthy addition to the business and civic life of your fine city."

In taking over the store, Mr. Johnston said: "It is with sincere

which makes you NERVOUS, HIGH-STRUNG on such days?

Are you troubled by distress of female functional monthly disturbances which makes you suffer from pain, feel so nervous, cranky, restless, weak—at such times? Then no try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent medical test it proved remarkably helpful to women troubled this way. Why don't you get smart and try it yourself?

Pinkham's Compound is what Doctors call a uterine sedative. It has a grand soothing effect on one of woman's most important organs.

Taken regularly—Pinkham's Compound helps build up resistance against such distress. It's also a great stomachic tonic!

NOTE: Or you may prefer LYDIA E. PINKHAM'S TABLETS with added iron.

Assigned to New Field
Pvt. Harry L. Jones, 406 W. 5th Street, Greenville, has been assigned to Supply Squadron, 43rd Maintenance and Supply Group, Davis-Monthan Air Field, Tucson, Arizona. His former station was Langley Field, Virginia.

Pfc. Jones, whose wife, Mrs. Mary A. Jones, and father, Mr. George A. Jones, reside in Greenville, enlisted in the Air Force November 17, 1947. Previously, he served with the Artillery for 17 months in the ETO as a cannoner.

Among other decorations, Pfc. Jones received 3 battle stars.

Marselle is located on the site of ancient Kreek Hassalia.

West Greenville P. T. A.
The West Greenville P. T. A. held its first meeting of the new year on Wednesday, January 21, in the school auditorium.

The vice president, Mrs. W. E. Baugh, called the meeting to order, and introduced Dr. Moore, the speaker for the afternoon. Dr. Moore spoke on "Teeth," and the importance of having our children's teeth attended to before they get so bad.

Mrs. McLin gave a most inspiring devotional. Miss Hadley read the minutes and Mrs. Gardner gave the treasury report.

The prize for attendance was won by the second grade, whose teacher is Miss Jane Hadley.

Plans were made for a study group to be held at a later date.

At the conclusion of the business session, we enjoyed a very helpful and educational movie. We plan to have many more of these in the near future.

J. N. Perry Assumes Position At Brody's

James N. Perry of Statesville has assumed the position of manager of Brody's shoe department. Before going to Brody's, he formerly was manager of several shoe stores in North Carolina and Kentucky. He has had many years' experience in fitting arch type shoes—and hard to fit feet—several years being spent in stores specializing in arch type shoes. Because of the many nationally advertised shoe brands Brody's features, Mr. Perry stated that he feels right at home.

State Master Is Present At Local Grange Supper

State Master Harry B. Caldwell was present at the annual supper of the Beaver Dam Grange at Ballard's Crossroads on Thursday night, January 22. The supper was well attended by farmers throughout the area.

Grange members were present from Wilson County, also a good representation of farmers from Greene County.

After a picnic supper and music, State Grange Master Harry B. Caldwell discussed many of the current farm problems as they affect N.C. farmers internationally and locally.

At the conclusion of his address, Mr. Caldwell made an appeal to all farmers to pledge their support to an organization that is designed to build a prosperous agriculture and nation.

Pirates Risk Conference Leadership Here Tonight

East Carolina Teachers, the only unbeaten team in the North State Conference, risks its first place position tonight against the Appalachian Mountaineers at Greenville.

ECTC a surprise contender in the topey-turvey race, has won twice against league teams while Appalachian has split even in four games. The standings were shuffled last week as Catawba was beaten in successive encounters with Western Carolina and Appalachian after winning four straight.

The Mountaineers also suffered their second loss, this time to Western Carolina, and Appalachian surprised High Point in a Saturday night overtime struggle at Wilson 63 to 62.

In the individual scoring ranks, Bob Tate of WCTC is out in front with 171 points in 12 contests. Larry Graham of Catawba is second with

155 in 16 games and Ted Moran of High Point is third with 146 in 12 outings.

The Appalachian-ECTC encounter is the only game scheduled tonight.

The remainder of the week's schedule:

Tuesday—Elon at Guilford; Catawba at Lenoir Rhyne; Appalachian at Atlantic Christian.

Wednesday—McCrory at High Point; Maryville at Western Carolina; Naval Apprentice at ACC.

Thursday—Lenoir Rhyne at Elon; Friday—McCrory at Guilford; High Point at Appalachian.

Saturday—Elon at Catawba; East Carolina at ACC; High Point at Lenoir Rhyne.

Gil Dodds Eager To Try Longer Distance Runs

Boston, Jan. 26—(AP)—In mid-season form and apparently suffering from a dearth of competent opposition, mile champion Gil Dodds, the Boston A. A.'s invincible "flying parson," is eager to attempt longer distances to improve his Olympic chances.

His hopes of wearing the U. S. Olympic shield in the 5000-meters event next summer and he figures he could prime himself best for that by engaging in two and three mile races during the indoor season. Europe has too many faster 1500-meter stars.

But major meet promoters appear unwilling to co-operate. Since the mile is the feature of their track programs, Dodds has been overwhelped with pleas to stick to his specialty.

"If Gil ever gets a chance to try two-miles in fast company, he'll break Greg Rice's five-year-old 8:51 mark in his first start," boasts Jack Ryder Dodds's veteran coach. "Only a week ago, he ran that distance in 9:06 in sub-freezing temperature on an outdoor track. But, apparently I'm the only one who wants to see him run two-miles."

Dodds opened his 1948 campaign by winning the O'Reilly Memorial mile in last Saturday's Knights of Columbia meet here in 4:08.4, the fastest time ever turned in anywhere so early in the season.

Swiss Told AHA Must Be Banned From Olympics

St. Moritz, Switzerland, Jan. 26—(AP)—A usually reliable informant said today members of the International Olympic Committee had told the Swiss they must ban the United States Amateur Hockey Association team from the winter games.

The AHA squad has been recognized by the Swiss organizing committee as the official U. S. representative in the games—an action strongly protested by the U. S. Olympic committee, which has entered its own team.

If the AHA is barred, indications are the International Hockey Federation may order all its teams out of the competition.

This would be a hard blow to the box office-scoons Swiss since hockey is the big money sport of the games. Some 60,000 fans are counted on to watch the semifinals and finals.

ECTC Guns For Third Loop Win

By JACK HEDGEFETH

Coach Howard Porter's ECTC Pirates, currently on top of the North State Conference race with two wins against no losses, will be gunning for their third straight conference win when they meet the Appalachian Cagers tonight at 8 o'clock in the college gym.

ECTC defeated Elon Saturday night 31-29, while the Apps were downing Catawba 66-51.

The Pirates, boasting one of the finest defensive records in the state, will have their hands full in stopping the high-scoring Mountaineers, who are led by Charles Elatt, high-scoring ace of the Apps.

In Center Frank Maennie, freshman from Kearney, N.J., Coach Porter has found one of the outstanding basketballers in the conference. Standing well over six feet, Maennie controls the backboards as if he owned them, and is always among the top offensive scorers.

Two other freshmen, Roger Thrift of Chapel Hill and Len Bauer of Norfolk, have fitted into the Pirates' style of play with ease, and have been a deciding factor in the Pirates' conference wins.

These men, along with Charlie Bill Moyer, Larry James, Blaney Moyer, Ben Harrison, Jack Wilson and Hal Perry, are intent on keeping their record intact tonight, by posting a win over the Mountaineers.

A preliminary tilt preceding the Varsity game promises to be another thriller. It brings together the ECTC "Outlaws" and Coach Johnson's "Baby Pirates," scheduled to start at 6:30 o'clock. The "Outlaws" are composed of a group of ECTC athletes who are not eligible for Varsity play but who boast a fine ball club. The "Baby Pirates" are fresh from a 72-71 win over the Wilmington Jr. Collegers, and the tilt is booked as a toss-up.

Williams Favored To Keep Title

Philadelphia, Jan. 26—(AP)—Lightweight Champion Ike Williams is a heavy favorite to whip Freddy Dawson of Chicago, tonight in their 10-round non-title fight but he may be glad his title is not on the line before his third encore against the Windy City mittman is over.

Dawson has won eight straight bouts—the last four by knockouts—and he's been no shrinking violet in predicting openly he'll set the champion up for a lullaby.

The last time the two fighters met on Jan. 28, 1946, Dawson held Williams to a draw in a bitterly fought battle.

Ed McKeever Is Chicago Coach

Chicago, Jan. 26—(AP)—Youthful Ed McKeever, who has coached football at five different schools in a dozen years, declared today that his three year contract as the new skipper of the Chicago Rockets "makes me the highest paid coach in professional football."

"What is more," he beamed, "the money covering the three years is in the bank."

McKeever is in the delta of the Lena River are composed partly of ice and partly of earth and it is believed they would sink below the surface of the water if the summers were long enough to melt the ice.

Confession May Be Due To Cold

Baltimore, Jan. 26—(AP)—Authorities speculated whether the cold weather had prompted a 51-year-old man to walk into central police station last night and say he had robbed a Detroit bank of \$47,000 a year ago.

Lt. Fred Johnson queried Detroit police and was told there was no record of a bank robbery a year ago, and no bank in Detroit with a name resembling that given by the self-styled robber.

However, noting that the temperature outside was 22 degrees, Lt. Johnson allowed him to remain in a cell for the night.

Explosion, Fire Destroys Church

Newton, Jan. 26—(AP)—An explosion, followed by fire destroyed the \$35,000 North Newton Baptist Church during services yesterday but the congregation calmly filed out and no one was seriously injured.

Firemen stated the explosion probably was caused by a defect in the hot air heating system.

Three worshippers were treated for glass cuts.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Circumcision which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Circumcision blends bethwood creosote by special process with other time tested medicines for coughs, contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Circumcision with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you will have your money back. (Adv.)

Bauer Clinches Win For Locals Against Elon

The ECTC Pirates racked up their second straight conference win Saturday evening at Elon College 31-29, as Lin Bauer put on a one-man scoring sprint in the final minutes of play for the margin of victory.

Coach Howard Porter's aggregation led at half-time, 16-15, but at the ten-minute mark in the second half the Christians had pulled ahead 26-21 on the accurate shooting of Andrews and Ganes.

ECTC tied it up at the three-minute mark, 29-29, as Bauer was good on a free throw. A minute later, Bauer sank a field goal, and neither team was able to score for the remainder of the game.

Fishing villages on the shores of the Caspian Sea in 1823 were ten miles inland 30 years later due to the silting up of the sea.

Strength FOR THE DAY

A TRUE AND FAITHFUL STATEMENT

From a missionary friend I received a few days ago a communication in which was incorporated a Bible text. In the letter was the statement that this text had been chosen by a Moslem convert as one which he would cherish as a life text. Here it is: "Faithful is the saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners, of whom I am chief."

The verse is from the first chapter of First Timothy. It was written by the Apostle Paul. The Moslem convert felt that it expressed everything that his conversion and his subsequent Christian experience had meant to him.

Paul declared that he was chief of sinners. The man who can look at his fellows and compare himself with them to his advantage will get nowhere in living the Christian life. We are all so much below what we ought to be in matters of goodness and kindness that we had best not get puffed up about our superior virtue. And the Moslem convert realized that the message of the Bible is not that men are saved in a haphazard sort of way, or indefinitely or by chance, but that there is a special source of human salvation, namely Jesus Christ, and that he saves men not because they are sinners but because they are sinners. The requirement is faith; and when this is met, there is no one too low to be lifted, too evil to be forgiven.

WASHINGTON LETTER

By JANE EADS

Washington—Lt. Col. Francis W. Williams, President Truman's handsome new pilot, has flown 10,500 hours and never has had an accident.

Active in military and commercial aviation since 1931, Williams is 41 and a Californian. His mother is Mrs. Rhoda Allen of Orosi, Tulare County.

He is a modest, soft-spoken man, blue-eyed, dark haired with a touch of gray at the temples. He says he "expects to enjoy" his new job very much, but when you ask him is he thrilled at the appointment he replies ironically:

"It's an assignment."
He has the easy-going, matter-of-fact detachment that distinguishes most men who spend the majority of their time in the air.

Williams succeeds Lt. Col. Henry "Hank" Myers, who piloted the

Life Means Famine For The Vulture

REG-MANNING

"Sacred Cow," a DC-4, more than 430,000 miles for President Roosevelt and Truman and later flew the new Douglas DC-6, "The Independence," named after President Truman's home town.

Hank Myers was also unofficial pilot for the government, serving as flying chauffeur for such men as Marshall, Baruch, Eisenhower and visiting big-wigs such as Winston Churchill.

He is returning to service with American Airlines after a flying trip around the country to break his successor into the routine of presidential piloting.

The trip will be made in the "Sacred Cow," which is being used while "The Independence" is undergoing inspection at the factory. Williams likes to play golf with his wife the former Irene Smith a comely brunette he met at Santa Barbara College, where he was educated to teach physical culture. He also likes to bike with his daughter, Liana, a lass of eight. He is fond of Chinese food, the movies, dancing.

He lives in a snug brick house which he recently bought in Arlington Forest, Va. The pictures on the walls are color photographs of airplanes.

The Army taught Williams to fly. During the war he served in Hawaii, Brazil, Morocco. He flew mostly for the Air Transport Command. From October 1945 until September 1947 he flew as captain for American Airlines on the Los Angeles-El Paso-Dallas-Tulsa circuit.

He returned to the Air Force last summer with the temporary rank of lieutenant colonel and permanent rank of captain. He was assigned as special assistant to the ATC commanding general with the "primary duty" of pilot of the Independence on January 6.

The Independence went into service July 13, has flown more than 50,000 miles. Its first trip was to Greece, when Myers flew former Gov. Dwight Griswold of Nebraska head of the American-Greek aid program.

The four-engine "flying White House" is luxuriously fitted, capable of cruising 315 miles an hour with a top speed of 358. It has a cruising range of 4,400 miles, accommodations for 24 day passengers or 12 in berts in addition to the presidential suite.

ICY ROADS DELAY COURT

Fayetteville, N.C., Jan. 26—(AP)—Icy roads have delayed until tomorrow the opening of a term of federal district court here.

Judge Don Gilliam announced at his home in Tarboro yesterday that he had decided on a day's postponement.

Snell, colored, \$25.
Speeding: James A. Smith, \$20.
Gambling: Romie J. Jones, guilty,
withdraws appeal to Superior Court,
and accepts judgment of lower court.

Beer Drinker Is Dairy Champion

London, Jan. 26 —(AP)—Bridge
Birch, a beer-drinking Friesian cow,
is the world's biggest milk producer,
her owner says.
R. A. Pierson, of Moortown, Farm,
Ringwood, said that on a diet in-
cluding a half gallon of stout a day,
Bridge Birch gave 41,952 pounds of
milk for 329 days ended last night.
Pierson said the record for 365 days,
held by an American Holstein Frie-
sian, was 41,943.

GRASSHOPPERS HAMPER SPORTS IN AUSTRALIA

Adelaide, Australia —(AP)—When
clouds of grasshoppers descended on
Adelaide, members of bowls clubs
were mobilized by radio to save
their greens from being eaten away.
They hoisted the greens contin-
uously to prevent swarms of grass-
hoppers from settling, and the fol-
lowing Saturday the game was able
to go on.
The hopper plague also inter-
fered with tennis matches, and
players said they had difficulty in
seeing the ball at times.

Marshall Plan . . .

(Continued from Page One)
The Marshall Plan calls for an
administrator who'll handle the plan
but take orders from the secretary
of state.
The reason given: The Marshall
Plan, although its purpose is to help
Europe, involves this country's for-
eign policy. And—
Since the State Department han-
dles our foreign policy, the boss of
the Marshall Plan should be tied

partment of Agriculture. 26-12

in closely with the State Depart- ment. Otherwise, the State Depart- ment's reasoning goes, we'd have two secretaries of state.

But Republicans are talking of
making the Marshall Plan boss in-
dependent of the secretary of state
or putting the plan under some
kind of joint board of Democrats
and Republicans.
Why are you getting hit with so
many arguments about the plan
now? This is the reason:
Two committees of Congress —
Senate Foreign Relations and House
Foreign Affairs—are holding hear-
ings on it.
They're listening to prominent
men, like Hoover, and the repre-
sentatives of big organizations talk
for or against the plan. Most have
been for it or, at least, for giving
Europe some help.
When the committees finish hear-
ing witnesses they'll decide whether
they think the Marshall Plan, or
some form of it, should be okayed.
Then they'll tell the full House
and Senate. Then those two Houses
will debate and vote on a plan and
the money to be spent on it.
All that will take months. Mr.
Truman wanted the Marshall Plan
okayed and working by April 1. Con-
gress probably will take a lot longer.

Deafened Now Hear Whispers 5 Feet Away

Tests by the American Medical As-
sociation's Council on Physical Med-
icine show that science has now en-
abled deafened people to hear faint
sounds, to easily understand whis-
pers from 5 feet away, aided by a
tiny hearing device so light you
hardly know you are wearing it.
With it thousands now enjoy music,
sermons and friendly compani-
ship. Finger tip controls let you ad-
just it instantly to changing sound
conditions. No separate battery pack,
wires or harness bulge to weigh you
down. The makers of Beltone, Dept.
25, 1450 W. 19th St., Chicago 5, Ill.,
are so proud of their achievement
that they will gladly send you a
free descriptive booklet and explain
how you may test this remarkable
device in your own home without
risking a penny. Write Beltone to-
day.

Community Chest Report Shows Over \$11,000 Fund

The annual meeting of the Board of Directors of the Greenville Community Chest was held Friday afternoon, January 23, 1948. President J. B. Kittrell gave the final report of the 1947 campaign showing that the citizens of the city fully subscribed the budget for the current year. In presenting the formal report of Mr. Lee Folger, campaign chairman, Mr. Kittrell paid high praise to Mr. Folger, the various committee chairmen and members of committees who assisted him in the annual solicitation. The report showed that gifts totaling \$11,271.75 were made to the Chest for the purpose of supporting the eight participating agencies this year, and Mr. Kittrell stated that this splendid showing was not only attributable to the magnificent manner in which these agencies did their work in Greenville but also was due to the excellent work of Mr. Folger and his volunteer staff.

After a consideration of other business, nominations were canvassed for six directors. Mrs. H. L. Ormond and Messrs. Louis Stuart Ficklen, Lee Folger A. C. Ruffin Sam B. Underwood, Jr. and T. E. Wilson were elected for a term of three years. The Board of Directors is composed of eighteen persons; and, each year, the terms of six directors expire.

After the election of directors, officers for 1948 were elected as follows: President, Mr. Sam B. Underwood, Jr.; Vice-President, Mr. Louis Stuart Ficklen; Secretary, Mr. Joseph S. Moye; and Treasurer, Mr. J. W. Overton. The retiring president, Mr. J. B. Kittrell, was given a vote of thanks in appreciation of the years of untiring service he has given the Chest and in particular for his leadership during the past year.

Mr. Kittrell said that he was leaving the office of President in capable hands as he recalled the years in which Mr. Underwood has served on the Board of Directors of the Community Chest and also previously as county chairman of the United War Fund. Mr. Underwood was on the Board of Directors of the North Carolina United War Fund and also was appointed in 1945 by Governor Cherry to the Fund Raising Information Committee, where he has served on the executive group of that body. Mr. Underwood is a member of Jarvis Memorial Methodist Church. He is a member of the Pitt County Bar and the American Bar Association and is a vice-president of the North Carolina Bar Association.

Vets To Meet

City School superintendent June H. Rose announced today that on Wednesday night at 7:30 in the Greenville High School building there will be held a meeting for white veterans who are interested in taking some high school work in the afternoons and evenings.

Mr. Rose said that this will not apply to "on-the-job trainees."

Classes can be had in English, Mathematics, commercial courses, including bookkeeping, typing and general business. Other courses will be available should there be a need for them.

Expenses for this school can be met under the 'GI Bill' said Mr. Rose.

Abducted Girl Talked Suitor Into Giving Up

Merrill, Mich. Jan. 26—(AP)—A 20-year-old spurned suitor accused of breaking into his ex-fiancee's home and abducting her on a 300-mile car ride before she talked him out of driving her further was held in the Saginaw county jail today.

Assistant Prosecutor Henry Haegley said he would seek warrants charging the youth, William Mayers, with both kidnapping and breaking and entering.

Pretty, quick-thinking Joan Pelouquin, 17, was returned safely to her parents' home here Sunday afternoon, 16 hours after sheriff's officers said she was forced by Mayers to leave with him as she dressed for a date with another man.

Mayers, whose engagement to the girl was broken off a year ago, was arrested a few minutes later as he drove toward nearby Saginaw to give himself up after dropping Miss Pelouquin off at her home.

Officers credited the slim beauty operator with talking Mayers out of his intent of abducting her to Chicago.

Instead, they reported, she convinced him of his folly, took over the wheel of the car from him and turned the vehicle back towards home as they reached Three Rivers, Mich. While the frightened girl was doing this hundreds of officers in Michigan and adjoining states were searching for the pair.

Hog Market

Raleigh, Jan. 26—(AP)—(NCDA)—Hog markets weaker with tops of 25.25 at Clinton-Warsaw, Lumberton, Chadbourn and Richmond; 25.00 at Rocky Mount, Smithfield, Mount Olive, Goldsboro, Washington and Fayetteville, and 24.75 at Greenville.

Poultry and Eggs

Raleigh, Jan. 26—(AP)—(NCDA)—Raleigh egg and poultry markets steady; U. S. grade A large 53; fryers and broilers 37.

N. Y. Cotton

New York, Jan. 26—(AP)—Cotton futures opened 25 to 50 cents a bale lower.

Noon prices were 80 cents to \$1.45 a bale lower than the previous close. March 34.42, May 34.51 and July 32.98.

Futures closer \$1.35 to \$2.05 a bale lower than the previous close.

News Briefs

(Continued from Page One)

Tarboro, Jan. 26—(AP)—Two Tarboro residents, Billy Moore, 24, and Alvin Moore, 17, were hospitalized today with injuries suffered when a light plane crashed near here yesterday.

Hindu, Moslem . . .

(Continued from Page One)

We had a preview of this when the dominions were first formed. Many Hindus found themselves living in Pakistan territory, while great numbers of Moslems were in similar straits in India. The communal slaughter in some cases was reminiscent of the dark ages.

But the most appalling aspect of a general religious war on the peninsula would, as I see it, involve the 700,000 defenseless little villages which cover the length and breadth of that great land. No, I'm not making any mistake in my figure. It's seven hundred thousand—something like 90 per cent of the whole population lives in these villages.

In many places the hamlets lie so closely together along the plains that, viewed from an airplane, they look like ant hills which almost

Colored News

Funeral services for Mack Diggins, who died Friday at 3:30 o'clock at his home, will be held Tuesday at 2 o'clock at Mt. Calvary F. W. B. Church with the Rev. E. M. Hill officiating. Burial will follow in Jordan cemetery near Falkland.

Surviving are his wife, 3 sons, 2 sisters, 2 brothers and a host of relatives and friends.

He had been employed by Cannon's Transfer company as a truck driver for a number of years.

John W. Huff Died At Vanceboro Home

John W. Huff, 67, died at his home in Vanceboro Saturday afternoon at 4:20 following a heart attack. Funeral services were conducted at his home this afternoon at 2:30 by the Rev. W. R. Crowder, Methodist minister of Vanceboro. Burial was in the New Salem cemetery on the Huff farm.

He was born in Craven county and had spent his entire life in the Vanceboro community. He had been a deputy sheriff for 25 years and retired three years ago to manage his farm. Surviving are his wife, Mrs. Elsie Holton Huff; three sons, John W., Jr., James G., and David H. Huff, all of the home; six daughters, Mildred Huff of High Point, Mrs. V. F. Large of Phoebus, Va., Mrs. J. F. Williams, Jr. and Mrs. W. E. Butler, both of Vanceboro, Mrs. Mack Harrington of Ayden, and Frances Huff of the home; nine grandchildren; and four sisters, Mrs. Jesse Mills of Farmville, Mrs. Ava Jones of Ayden, Mrs. Warren Summrell of Vanceboro, and Mrs. Horace Cox of Portsmouth, Va.

Funeral Services Mrs. Bessie Forbes

Mrs. Bessie Forbes, 81, widow of Silas Forbes, died at her home near Greenville at 8 o'clock Saturday morning. She had been in declining health about five years. Funeral services were conducted at the home this afternoon at 3 o'clock by the Rev. Walter B. Nobles, Free Will Baptist minister of Winterville. Burial was in the Forbes cemetery nearby. Mrs. Forbes was born in Greenville and was reared in this community. She had spent all of her life in and around Greenville. Surviving are two daughters, Lulu and Irene Forbes of the home; two sons, Louis Forbes of near Winterville, and Sam Forbes of the home; 11 grandchildren and five great-grandchildren.

Carries Case To Supreme Court

Washington, Jan. 26—(AP)—Mrs. Ada Lois Sipuel Fisher, 23-year-old Negro woman, asked the Supreme Court today to order the University of Oklahoma to admit her to its all-white law school.

In a petition filed with the court, her attorneys noted that the law school's new term begins Thursday. They said an order for the school to admit her is necessary if she is to have the benefit of the Supreme Court's recent ruling that Oklahoma must provide immediate law school facilities for her equal to those furnished for white residents of Oklahoma.

Legislator Says 'Disclosures' Will Be Made

Washington, Jan. 26—(AP)—The congressional hunt for any commodity gamblers among government "insiders" went forward on two fronts today with a prediction from Rep. August H. Andresen that "spectacular" disclosures are near.

Andresen heads a special house committee which has been working under wraps while a similar senate group has held a series of explosive sessions centering chiefly around charges by Harold E. Stassen directed at Edwin W. Pauley.

Andresen said his committee will be ready to start its own public hearings "soon" and promised reporters they will turn up "spectacular" market operations by government employees.

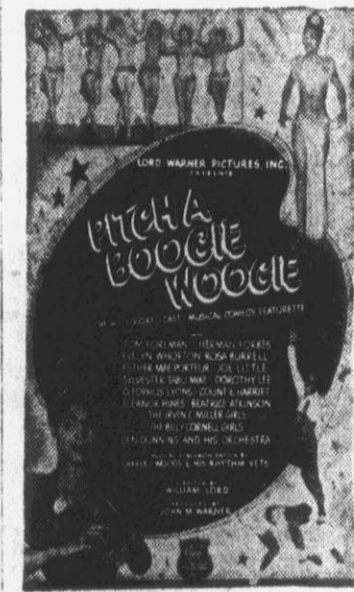

Andresen steered clear of any direct hints but said a large number of subpoenas for both records and persons have been issued by his committee and that the information turned up may involve "big names."

Grain Market

Chicago, Jan. 26—(AP)—Grains were marked down sharply on the board of trade today as the southwestern winter wheat belt received good snows and receipts of cash corn expanded.

Wheat closed 3 1/4-6 1/4 lower, May \$2.89-\$2.88 1/2, corn was 2 1/4-5 1/4 lower, May \$2.59 1/2-1/4, oats were 1 1/4-3 1/4 lower, May \$1.24-\$1.23 1/4, and soybeans were 4 to 5 1/4 lower, March \$4.16.

HERE'S WHY YOU SHOULD USE 15% LESS HEATING OIL THIS WINTER

The heating oil supply situation is critical. Unless you and other users of heating oil burn 15% less than normal the balance of this winter, your home may be cold! Today the industry's production is the greatest in history — BUT — still not enough to meet the record demand. To save you 15%, take these steps now: Set thermostat at 68°. Turn down to 60° at night or when away... keep radiators off in all unused rooms... use fireplace whenever possible — keep flues closed when not in use.
