Speculators List Includes High Government Officials

Senator, Ambassador And New Assistant Director Of The Budget On List; Agriculture Dept. Suspends Three Employees, Investigating Others

Washington, Jan. 27—(AP)—A senator, an ambassador and the newly-appointed assistant director of the budget were listed by the Agriculture Department today as speculators in commodity markets since Jan. 1, 1946.

A new list of speculators made public by Secretary Anderson included the names of:

Frank Pace, Jr., who has yet to take the oath as assistant budget director.

James Bruce, ambassador to Argentina.

Senator Elmer Thomas (D-Okla.), Mrs. Edith Thomas, his wife, Harry C. Westphal, secretary to Senator Bushfield (R-SD), Walter S. Salant, an economist with the President's Council of Economic Advisors.

His brother, William A. Salant, assistant chief of economic affairs for the State Department.

Their mother, Mrs. Joseph S. Salant, New York.

Winthrop G. Brown, chief of the division of commercial policy of the State Department and a former end-lease official.

The list was released for publication a few hours after the Agriculture Department announced that it has suspended three of its own employees for speculating in commodities and is investigating about 20 others.

The announcement was made last night by Jesse B. Gilmer, administrator of the Production and Marketing Administration, which handles government purchases for foreign relief and price support purposes.

Gilmer said "none of the three suspended was in position to have any inside information as to government buying."

Today's new list included 738 traders reported by brokers as employed by the federal government or as members of immediate families of federal employees.

Anderson last month requested brokers to report names of such persons in the markets between Jan. 1, 1946, and Dec. 15, 1947. No details of their operations were given.

The information was obtained in connection with congressional inquiries to determine whether government "insiders" have profited in the markets.

Pace, who served as executive assistant to Robert E. Hannegan while the latter was postmaster-general, was recently appointed by President Truman to the No. 3 spot in the Budget Bureau, but has not yet taken the oath of office.

He told newsmen he had speculated in cotton and eggs and had made \$1,500 to \$1,700, "but certainly not as the result of any inside information." He said he had been in the markets since February.

Tried Too Hard To Be Policeman

Detroit, Jan. 27—(AP)—Tony Rea who has been trying unsuccessfully for five of his 23 years to qualify for the Detroit police force, was accused today of hiring a brawny friend to take a physical examination for him and a brainy one to pass the mental test.

Rea appeared in traffic court yesterday with 200-pound Robert Gilligan and student Joseph Sokolowski, identified by police as the brawn and the brain. Both officers said, passed their tests with flying colors.

East Europe Program

Poland And Other Countries Inside Soviet Orbit Boast Of Great Progress Towards Industrial Recovery; Claim Beaten America To The Punch; Great Strides Taken

By LARRY ALLEN

Warsaw, Poland, Jan. 27—(AP)—It may be called the "Eastern European Plan," but whatever it is, Poles say they and neighbor countries in Soviet Russia's orbit have beaten America to the punch.

Says the controlled Polish press: "American plans are still only words. We have passed from words to deeds."

Poland claims that while America and the 16 countries participating in the Marshall Plan are still talking about how much and when and where, Poland, Czechoslovakia, Yugoslavia, the Balkan nations and Russia have forged steadily ahead to sound industrial and economic recovery.

Furthermore, there has been a constant integration of industries in the eastern European countries. Poles and Czechs say a federation of states or a customs union isn't needed. They say they can accomplish all they desire by following a more or less uniform pattern in their recovery efforts.

The United Nations Relief and Rehabilitation Administration, pouring \$450,000,000 worth of food, industrial equipment and other aid in 1944 and 1945 with shipments still coming, generally is credited with laying the foundation for Poland's recovery.

Negotiations

London, Jan. 27—(AP)—Foreign Secretary Ernest Bevin has begun talks with Arab leaders on Middle East problems, including what British government sources said is a program for an anti-Communist security system in the Arab world.

They forecast that American and British military strategy eventually would be involved.

The informant expressed belief that Bevin's fear of Soviet ambitions in the Middle East would supersede Jewish-Arab problems in Palestine.

They said Bevin is trying to set up a bulwark against the effect of the Suez Canal of a possible guerrilla victory in Greece, and on British-American supremacy in the Mediterranean.

By CHESTER WALSH

In Police Court Monday, Judge J. W. H. Roberts found probable cause against Walter J. McKeel, paroled convict, in four cases charging breaking, entering and larceny and bound him over to Superior Court in each case under \$1,000 bond.

At the preliminary hearing, it was testified that McKeel cracked a safe at the Greenville Auto Finance Company, Globe Hardware Company and Bray's Radio Shop, and robbed the National Biscuit Company's office.

McKeel was given 30 years in State Prison in 1939 for the sawed-off shotgun robbery of J. Carroll Waldrop at the Nehi Bottling Company's plant. He served six years of the sentence and was paroled in 1945. He was arrested here on information from the SBI, who wanted him for violating his parole. He was apprehended two days after the finance company's safe was stolen and taken to woods and robbed.

Officers took McKeel back to State Prison yesterday. He had served six years of the 20 years when paroled, and now will have to serve the full term.

Miners Descend Smoking Shaft

St. Clairsville, O., Jan. 27—(AP)—A full day-shift crew went down into the giant Willow Grove mine today, apparently undisturbed by a sudden fire which routed the night-force from the shaft where 72 men perished in a fire and explosion eight years ago.

The night crew of 158 was caught 167 feet underground, and a mile from the elevator, when fire broke out last night in a narrow tunnel used to pump air into the mine.

Former Air Force Pilot Charged With Treason

New York, Jan. 27—(AP)—A former Army Air Forces lieutenant, accused by the FBI of broadcasting for the German propaganda ministry over a Berlin radio station during the war, was held here on a treason charge today.

Ball was denied, a spokesman for the U.S. attorney's office said, because of the possible death sentence faced by the prisoner, Martin James Monti, 27 of Florissant, Mo.

The FBI, which seized Monti as he was discharged from military service yesterday at Mitchell Field, N. Y., said he broadcast from Berlin under the name of Martin Wietaupt.

The prisoner's father, Martin A. Monti, Jr., said in Florissant after the arrest that the former fighter pilot had told of making 15 to 20 radio propaganda transmissions for the Nazis in Germany "at the point of a gun."

The New York FBI office gave this account of the bureau's case against the ex-soldier.

Monti, while stationed in Karachi, India, in October, 1944, got a hitch-hike ride to Italy in an Army plane. There he stole a U.S. Army photographic plane and flew to German-held territory.

After the Nazi capitulation he made his way back to Italy and joined the U.S. Fifth Army at Milan. Later, he was returned to the United States by military authorities and court martialled for theft of the photographic plane and desertion. The sentence was remitted, and Monti was allowed to reenlist as a private. He had advanced to sergeant by the time of his discharge yesterday.

Monti carried 88 Elite Corps credentials while in Germany, the FBI said.

Hospital Vote In Wayne County

Goldboro, N.C., Jan. 27—(AP)—Voters of Wayne County went to the polls today to decide on the issuance of \$700,000 in bonds to expand and modernize the Goldboro hospital.

If the bond issue is carried county officials expect to apply for \$900,000 in state and federal funds to provide \$1,500,000 for the work on the hospital.

Said Ready For Austria Peace Pact

East-West Deadlock May Be Easing But Russia Keeps Five Major Demands

Vienna, Jan. 27—(AP)—Russia was reported here today to be ready to deal on a peace treaty for Austria.

An Austrian government spokesman said hope for a settlement of his occupied country's future, long blocked by an east-west deadlock, now appeared "brighter."

The Austrian press agency said five conditions had been laid down by the Russians for discussion at the Big Four deputy foreign ministers conference in London next week:

1. That Russian demands regarding the big Cistersdorf oil fields, northeast of here, remain unchanged. Russia wants two-thirds of the field's production and an equal share of the equipment.

2. That the oil field concessions remain effective for 50 years.

3. That Russia be paid \$200,000,000 within two years for all other German assets in Austria now controlled by Russia. (One of the toughest questions in Austrian negotiations to date has been an exact definition of what constitutes German assets in Austria.)

4. That Russia be given from 20 to 40 per cent of the Danube shipping company.

5. That all profits obtained under these conditions may be taken from Austria free of restrictions.

An American spokesman, informed of the Austrian press agency report, commented that these terms do not mention political problems, displaced persons, demilitarization, denazification or border changes, all of which caused deadlocks previously in Austrian negotiations.

He commented that the report "is certainly interesting, but just as certainly is not a solution to all the problems that have to be met."

An Austrian government spokesman said, however, that he believes Austria's hope for a peace treaty is certainly much brighter than ever before.

Ballad Hunter At Trail's End

Greenville, Miss., Jan. 27—(AP)—John A. Lomax, whose quest for the folk songs of America found "Home on the Range," "Goodbye Old Paint" and "The Dying Cowboy," has reached trail's end.

The 80-year-old Texas ballad hunter died in a hospital here last night. He suffered a heart attack last Friday.

A 39-year hunt for the ballads of America took Lomax into every walk of life.

Emergency Board

Washington, Jan. 27—(AP)—President Truman created an emergency board to investigate a wage dispute between the nation's railroads and three unions representing about 125,000 operating workers.

The unions have called a strike for February 1.

Under the railway labor act the President is empowered to appoint a fact-finding board which has 30 days to hold hearings to report back to the White House.

Weigh Oil Export Ban

Washington, Jan. 27—(AP)—Senate and House today weighed separate proposals to stop all oil exports by law while a fuel shortage exists in this country.

Simultaneously a Senate committee suggested that the states fix new low speed driving limits, similar to the 35-mile-an-hour wartime limitation, to save gasoline.

A one-year ban on exports of oil would go into effect under a bill introduced last night by Senator Bridges (R-NH). Declaring himself "disgusted" with what he termed "failure of the administration to help New England and other fuel oil shortage areas, Bridges asserted that the time has come for "direct action" by Congress.

The Commerce Department has allocated about 14,000,000 barrels of oil products for shipment abroad during the first quarter of 1948. Exports in 1947 totaled 167,535,000 barrels.

Great Britain is down for the largest share of this winter's quota including 1,500,000 barrels of motor gasoline, 120,000 of aviation gasoline, 130,000 of kerosene, 1,200,000 of gas oil and distillate fuel oil, and 300,000 of residual fuel oil.

Bridges' measure would block all exports, except those for U. S. military use under penalties ranging up to a \$10,000 fine or two years in prison, or both.

Latest reports brought no increase in the casualty toll, leaving at 27 the number of known dead from the three days of tremors.

Despite the official reports that intensity of the shocks was decreasing, recurring reports that a tidal wave was imminent sent the jittery populace rushing to high ground throughout the day.

Kidnap Story Is Admitted False

Wilmington, Jan. 27—(AP)—The FBI dropped its investigation today of the reported kidnaping of a Norfolk, Va., taxi driver, who told police here he had been forced at pistol point to drive two passengers from Norfolk to Wilmington Sunday.

FBI Agent J. R. Carlson made the announcement, saying the driver admitted his story was a hoax. The driver was listed as James Royce Coffield.

Detective Capt. L. A. Teague said no charges had been lodged against the driver.

Two States On Record For 'Break'

Alabama And Mississippi Threaten Cleavage With National Democratic Party

Atlanta, Jan. 27—(AP)—Two Southern states—Alabama and Mississippi—are considering secession again over the Negro question this time from the National Democratic party.

Both, in brief, say they will not stand by idly if the National Democratic party includes three pro-Negro planks in the 1948 platform. Specifically, both states are against planks favoring an anti-lynching bill, any anti-segregation measures and the Fair Employment Practices Commission Act.

Mississippi brought up the subject of secession first and on an unequivocal basis, while Alabama put the matter on the basis that the national party could go too far.

In his inaugural address, Gov. Fielding I. Wright of Mississippi accused National Democratic leaders of aiming to "wreck the South and our institutions" and declared "the South will no longer tolerate being the target for legislation which would destroy our way of life."

The Mississippi governor said he would regret a break with the national party, but "vital principles . . . transcend party lines."

Immediately after the governor's address, a bill was introduced in the Mississippi Legislature to bind Democrats in primaries to vote for the party's candidates within the state, but absolving them of pledges to support any specific set of candidates in the national election.

If passed the bill would, in effect, permit Mississippi Democrats to bolt the national party.

Alabama's approach to the same situation was less direct. The State Democratic Executive Committee simply passed a resolution saying "there are limits to what can be endured."

The committee's resolution said that if the National Democratic party wrote into the national platform any proposals which would lead to the lowering of the South's racial barriers, Alabama's Democrats would "resist with all their ability . . ."

Financial Tension Eases On Britain's Statement

London, Jan. 27—(AP)—Tension eased off in world financial markets today following Britain's pledge to defend the value of the pound.

Treasury officials worked out measures considered necessary to protect the pound from the repercussions of French devaluation of the franc, which became effective yesterday. The pound is the financial base for much of the world, outside the dollar and the Russian ruble.

Sir Stafford Cripps, chancellor of the exchequer, said that whatever steps were decided upon to support the pound would be taken without advance notice. He gave no hint as to what they might be.

France's action in cheapening her money touched off a boom in gold shares on the British Stock Exchange yesterday. Government securities, however, lost around 400,000,000 in value. The market activity, heaviest since last July, occurred before Sir Stafford's late afternoon announcement to the House of Commons that Britain had no intention of following the French lead.

Financial authorities of Britain and of other European countries most intimately affected served notice that they intend to watch the French money market with extreme care. They fear the possibility of wholesale money leaks despite French promises of control.

Any serious discrepancy between current parity rates for the pound and "soft" currencies and that of cross-rate quotations with the dollar in Paris inevitably will create new economic strains. The authoritative Financial Times said it might even lead to scrapping of the Bretton Woods agreement and creation of similar free markets for hard currencies throughout Europe.

Prices are high in France and France wants us to buy more of her goods by letting us get more for our money.

It has a double reason for that: it wants to keep France prosperous by better trade and its wants to get more dollars into France.

It needs those dollars because it has to buy from us things very important to France, like food.

When we sell to France, we want to be paid in dollars. Why? Because we have more to sell France than France has to sell us. If we took francs, we'd wind up with more francs than we could spend in France.

So France devalued the franc to sell us more of her goods and get more of our dollars to spend here. This all may look simple.

Not quite so simple when francs and dollars start changing hands.

Sen. Taft Predicts Coalition Will Force Cut In Foreign Aid

Washington, Jan. 27—(AP)—President Truman today notified Chairman Marriner S. Eccles of the Federal Reserve Board of Governors that he is designating a new leader for that group.

An exchange of correspondence made public by the White House disclosed that Eccles will remain on the board as vice chairman.

Thomas Bayard McCabe of Philadelphia, was appointed to the board yesterday, but there was no confirmation of reports that he will replace Eccles as chairman.

Washington, Jan. 27—(AP)—Senator Taft (R-Ohio) predicted today a GOP-Democratic Senate coalition will force a cut in the proposed \$6,800,000,000 starting cost of the Marshall Plan.

Taft himself has called for a slash of more than \$2,000,000,000 in the suggested outlay for the first fifteen months of European recovery operations.

"I think there is no doubt that \$6,800,000,000 figure will be cut," the Ohioan told a reporter. "It's just a matter of degree. Some senators want to go farther than others and I don't know what the outcome will be on that point."

This forecast by the chairman of the Senate GOP Policy Committee coincided with reports that a quiet noise count indicates 12 to 18 Democrats may support a foreign aid fund reduction.

To put it over, Taft and other critics of Administration spending estimates said there would have to rally 30 to 35 Republican votes.

Administration lieutenants conceded that they face a stiff fight when the bill goes before the Senate, but expressed confidence the foreign relations committee will approve the \$6,800,000,000 total.

Taft, who advocates management of the recovery program by a single administrator of cabinet rank, said he believes a report by the Brookings Institution to the Senate Foreign Relations Committee last week has solved controversy over that point.

The recommendations of the institution, a privately financed research agency, was that the administrator be responsible only to the President. Under its proposal the secretary of state could carry any objections on policy decisions direct to the President, who would be the final umpire.

Chairman Vandenberg (R-Mich.) of the foreign relations committee has told colleagues he likes the proposal.

Lewis Douglas, ambassador to London and one of the chief public opponents of the Marshall Plan, was reported to have voiced approval of the arrangement in an informal meeting with Democratic senators yesterday.

Douglas has been mentioned as a possible choice for administrator of the program.

Louise Overell May Find Estate Near Depleted

Los Angeles, Jan. 27—(AP)—Eighteen-year-old Louise Overell, acquitted last fall of slaying her parents aboard their yacht, may find she doesn't have much money from their estate when everybody gets through taking a whack at it.

The estate of the late Mr. and Mrs. Walter E. Overell has been appraised at \$436,984, and Louise, sole heir, is receiving her money at the rate of \$500 a month.

Her guardians told Superior Court yesterday that there are more than \$400,000 in creditors' claims against the Overell estate and that other contingent claims may still be filed.

Arrest Ayden Youth On Charge Larceny

Police are holding Jesse Lee Dail, 21-year-old Ayden youth on two charges of breaking, entering and larceny. He is charged with robbing Sutton's Service Station, No. 2 on Dickinson Avenue, and Kinsey Smith's Service Station, near the Farmville fork of the highway, last night. Police said Dail's loot was cigarettes, small change, etc. He will be tried in Police Court Friday morning.

Odum-Paul

The Free Will Baptist Church was the scene of a simple and beautiful wedding when Miss Ruby Lee Paul, daughter of Mr. and Mrs. C. M. Paul of Greenville, was married in a candlelight ceremony to Mr. Charles A. Odum, son of Mr. and Mrs. E. T. Odum of Greenville.

The Rev. C. L. Patrick officiated at the ceremony which took place at 5 o'clock, January 14.

A program of nuptial music was rendered by Curtis Paul, brother of the bride, Danny Odum, brother of the groom, was soloist.
The bride, given in marriage by her brother, Shelburne Paul, wore a suit of winter white gabardine with dark brown and gold accessories. She carried a white prayer book topped with a purple orchid and white satin streamers.
Miss Louise Harris, maid of honor, was the bride's only attendant. She wore a suit of forest green with brown accessories and a corsage of white rose buds.

Wallace Odum was his brother's best man and ushers were Ralph Paul, brother of the bride, and W. T. Cone.

The bride's mother wore a checked black and white suit with a corsage of red roses.

Mrs. Odum, mother of the groom wore a suit of rust gabardine with a corsage of talliesman roses.

Mrs. Odum was a graduate of Greenville High School and has been employed for the past four years with the Stafford Oldsmobile Company.

Mr. Odum attended the Raleigh schools and served three years with the United States Navy.

Immediately following the wedding, the bridal couple left for a wedding trip to Florida.
Following the rehearsal Tuesday evening Misses Marjle and Louise Harris entertained the wedding party and close friends at a cake cutting.

Dr. Clyde A. Erwin OK's Navy Policy

State Superintendent Clyde A. Erwin has announced approval of the navy's recruiting policy as it affects secondary schools. After reading Admiral Sprague's statement of the Navy's recruiting policy, Superintendent Erwin stated that in his opinion the navy offered a splendid opportunity for further training for many young men who had completed high school and who found it impossible to continue their education otherwise. He said that many high school boys who find it impossible to go to college or to obtain suitable vocational training in schools or in industry would find in the navy many splendid educational opportunities.

He also commended highly the policy of the navy's recruiting service making contracts with youths who are enrolled in school only thru the regularly constituted educational channels.

Chi Pi Players To Stage Group Children's Plays

A group of short plays for children will be staged by the Chi Pi Players of East Carolina Teachers College in four performances to be given on March 4-5.

The college players have established the custom of staging annually a dramatic entertainment for children and in the past have given special performances for pupils in the public schools for both white people and negroes in Greenville and for white children in Pitt County schools. As in the past, the Greenville chapter of the American Association for University Women will sponsor and underwrite this year's production.

Because East Carolina is one of the few colleges presenting children's plays regularly as a school-community project and the program therefore has distinctive educational value, the performance on Thursday evening, March 4, has been included on the program centering around the inauguration of Dr. John D. Messick as president of East Carolina. Other performances will include matinees on the campus on Thursday afternoon, March 4, for pupils in the city schools and on Monday afternoon, March 8, for Pitt County school children. A fourth performance will take place at the Epkes School for Negroes on Tuesday afternoon, March 9.

The plays to be given include three short works by the British playwright and poet Rose Fyleman and a pantomime arranged by Dr. Lucile Charles, director of speech and dramatics at East Carolina, with music from Delibes' "Coppelia" ballet.

Dr. Charles will direct the plays. Assisting her will be six student directors—Helen Winslow, Goldsboro; Barbara Reddit, Aurora; Mamie Chandler, Greenville; Alton Finch, Roanoke Rapids; Charles J. Howard, North Wilkesboro; and Hubert Bergeron, Spring Hope.

Stockholders Of Local Bus Line In Annual Meet

The Greenville Transit Company, a local concern composed of Greenville people, who own and operate the city bus line, held its annual stockholders meeting last Friday afternoon, January 23, 1948 at the Sheppard Memorial Library.

James Keel, vice-president, presided over the meeting in the absence of retiring President Godfrey P. Oakley and gave a report of the growth and progress of the bus line over the past year. He told the stockholders that in keeping with the objectives of the firm, to give the people of Greenville better, safer and more economical transportation, the bus line had made several

improvements during 1947. Two new buses had been purchased in order that new routes could be opened and the regular schedules speeded up. In order that the buses could be kept in good operating condition at all times and ready to go in all kinds of weather a bus depot was constructed to house and service equipment. Mr. Keel gave high praise to the city officials for the splendid cooperation the different city departments have given the bus company. A recent check made by insurance investigators stated that the buses were operated safely by competent drivers and each bus given an excellent rating.

Following Mr. Keel's report the annual election of officers was held and the following men elected: president, Dr. J. M. Barrett; vice-president, James Keel; secretary-treasurer, Jake Hadley. Directors—Dr. J. M. Barrett, James Keel, Jake Hadley, David W. Hardee, Jr., James Moya, W. E. Hooker, J. A. Bunting, James R. Worsley, J. D. Hice, H. H. Duncan, W. G. Dunn and Godfrey P. Oakley.

Pirates Bow To Appalachian By 66-47 Score

By JACK HEDGEPEETH
A group of Mountaineers from Appalachian who just couldn't miss handed the ECTC Pirates their first conference loss of the young season last night, 66-47.
The Pirates were definitely off while the visitors seemed to be firing with uncanny accuracy as over two-thirds of their points were made from outside the foul circle on set shots, which the Pirates' defense couldn't halt.
For the first ten minutes the game was nip and tuck and midway the first period the score was tied 10-10. At this point Glenn Causey broke the deadlock with a one-handed push shot to put the Apps in front, where they remained for the rest of the game.
The Apps were ahead at half-time 30-16.
Albert Hiatt, Mountain guard, was top man for the night, sinking nine field goals and one free throw for 19 points.
Roger Thrift and Larry James were best for the losers with twelve points apiece.
The one bright spot for the locals was the comeback of Larry James, who went scoreless for the first half.

Boxing Program To Be Staged At College Gym

"Chunny" Lambeth of the University of North Carolina and Bob "Red" Bailey of the Myrtle Beach, S.C. Boxing Club will battle it out in the main bout of a seven-feature boxing program to be staged in the gymnasium of East Carolina Teachers College on Saturday night, January 31, at 8:00 o'clock.
Lambeth, who fought on the U.N.C. boxing team before the school withdrew from college competition, highlighted his boxing career by going to the Sugar Bowl in New Orleans with the U.N.C. team in 1947 and fought to a draw with Walter Bowe of Syracuse University in New York. Lambeth also went to the finals of the Southern Conference Boxing Tournament in 1947 before losing a close match.
Bob "Red" Bailey, one of the most popular boxers in the Golden Gloves Piedmont Tournaments held in Greensboro each year, has been fighting under the banner of the Myrtle Beach Boxing Club for several years. His home is Thomasville, N.C. Probably his most popular fight

was in the Piedmont Golden Gloves semi-finals in 1947, when he rose from the floor at the count of nine to blast his opponent from the ring in a minute and forty seconds of the first round. At East Carolina Lambeth and Bailey will meet for the first time.
Other bouts on the boxing card will see John Morris, 160 lbs., vs. Joe Buckmaster, 160 lbs., the former from Stella and the latter from Swansboro; James Cozart, 160 lbs., from Oxford vs. "Booty" Hall, 160 lbs., Raleigh; Phipps Dean, 167 lbs., Oxford vs. Joe Lassiter, 169 lbs., Conway; Shorty Smith, 130 lbs., Pennsylvania vs. Michel O'Brien, 127 lbs., Stokes; "Buck" Hansell, 146 lbs., Thomasville vs. Bill Hales, 150 lbs., Norfolk, Va.; and Bob Wheeler, 146 lbs., Oxford vs. Garlan Bailey, 147 lbs., Thomasville.
Also on the program will be two wrestling matches pitting Big Bob Eason, 210 lbs., Tarboro, against John D. Finch, 195 lbs., Oxford; and Gorrell Bass, 185 lbs., Winston-Salem, against "Buddy" Payne, 162 lbs., Thomasville.

Play Tomorrow

The East Carolina Pirates, none the worse following their loss to Appalachian last night, took a heavy work-out today in preparation for the Naval Apprentices of Newport News game tomorrow evening in the College Gym.
The Pirates will be after another win before they move to Wilson Saturday evening to tangle with the A.C.C. Bulldogs, and have high hopes of getting that win at the expense of the Apprentice Basketeers.

but suddenly found his range and swished the bucket for six field goals in the second half. At the start of the season, James was being depended upon heavily, but sickness has had him side-tracked. If his sudden scoring spree was an indication that he is returning to his former style, the Pirates will be strengthened considerably.
In a thrill-packed preliminary contest, the ECTC Outlaws defeated the JV Pirates 39-38 as MacEure of the winners was top man with 14 points.

MacPhail Says No More Baseball In His Life

Bel Air, Md., Jan. 27—(AP)—Larry MacPhail, living the life of a gentleman farmer on his magnificent 600-acre estate near here, swears he never will return to baseball.
"Nineteen years of working 12 to 18 hours a day is enough," declared the former boss of the Yankees as he surveyed the setting sun through the picture window of his vast living room. "I'm through, and you can bet your last dollar on that."
"In a few weeks Jean (Mrs. MacPhail) and I are going to head for Florida, and we're going to sit up in the grandstands down there and eat peanuts and enjoy ourselves for the first time—just watching baseball and not worrying about broken legs. We've invited Sam Breadon to sit with us."

LENOIR RHYNE COACH

Hickory, Jan. 27—(AP)—Art Fabcloth, former backfield man for North Carolina State and Guilford College, has been engaged as head baseball coach at Lenoir Rhyne College and will assist with winter football practice which starts Monday.

Phantoms Take Floor Tonight

GHS Quint Tangles With Elizabeth City Team Here At High School Gym

By SAM NORTROP
Tonight in the local gym the Flying Phantoms of GHS will play host to the Yellow Jacket quint from Elizabeth City in a Northeastern Conference contest.

Both teams will be on the rebound from recent losses to conference foes. Kinston, who has defeated the Greenies twice this year, also holds a 50-7 victory over the Jackets.
By virtue of last Friday's loss the G-Men dropped from second to fourth place in the conference standings and it will take a victory to reinstate them.

Season records make the Farley-men a slight favorite, but the Jackets who have already pulled two upsets over Roanoke Rapids and New Bern are quite capable of pulling another.

Coach Farley will probably start his usual lineup of Minshew and Cox at forwards; Perkins at center; and Sawyer and Allgood at guards.

The Baby Phantoms will be out to extend a 2-game winning streak when they play the Jacket Jayvees in preliminary scrap. Lupton and Frye will probably open at forwards, Clark will work the pilot with Nielson and Aman at the guard slots. The Jayvee game will begin at 7 p.m.

Williams Ekes Out Decision

Philadelphia, Jan. 27—(AP)—Eke Williams says fancy stepping Freddy Dawson of Chicago is the best lightweight title challenger around and the champion wants to give him a crack at the crown.

Williams won a 10-round non-title decision over the Chicago belter last night before a boozing crowd of 1,149 in a preliminary scrap. Lupton and Frye will probably open at forwards, Clark will work the pilot with Nielson and Aman at the guard slots. The Jayvee game will begin at 7 p.m.

State and UNC Prove Cream of Basketball Crop

By THE ASSOCIATED PRESS
N. C. State and the University of North Carolina proved again last night that they are the cream of the state's basketball quintets by completely outclassing their opponents, the Wolfpack burying Hampden-Sydney at Richmond, 98-36, and the Phants whipping VPI at Chapel Hill, 68-35.

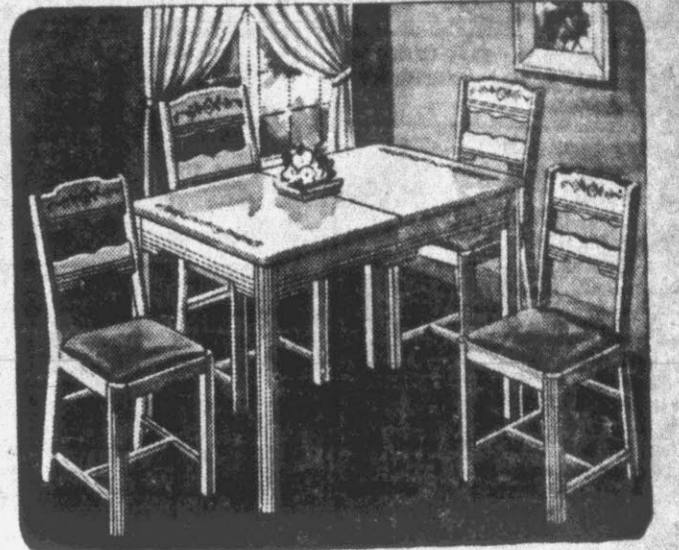

Every player on State's 10-man got in on the scoring parade. Dick Dickey was high man, hitting the rim for 21 points while Jack McComas dripped in 20. The boys from Raleigh led, 46-24, at halftime as they racked up their 16th victory in 18 starts.
VPI threw up a zone defense against UNC. The Phants countered with long set shots, sinking 17 of 27 tries in the first half. A crowd of 4,500 saw guard Mervin Cole lead his team to its 14th win against two defeats by scoring 18 points.
Idle Catawba moved into a first place tie in the North State Conference as Appalachian gave the erstwhile leaders, ECTC, their first conference defeat of the season, a 66-47 lacing.
Davidson, idle for two weeks, returned to the courts against the McCrary Eagles and defeated the semipro, 60-48, while Wingate Junior College licked the visiting Vedado Athletic Club of Havana, Cuba, 46-31, at Wingate.

on a 4-4-2 card;; Judge Frank Knaresborough awarding the verdict to Williams six and four, and Referee Charley Daggert also voting the Williams' ticket, 5-4-1.

KRAMER AHEAD

Chicago, Jan. 27—(AP)—Jack Kramer, challenger for Bobby Riggs' pro tennis crown, won from Don Budge, had fashioned a lead of 12 matches to nine as the touring players today prepared to leave for Florida to resume the series.

A CIRCLE IS THE LONGEST DISTANCE TO NOWHERE...

Some folks run around in circles all their lives, some only now and then. A few speak with condescending pride of their moving in only the best circles. But in every day life we have never heard or seen anyone get any place through walking, running or moving about in any circle of any type. We recommend a straight line to financial security and to home ownership as the most satisfactory direction for most people. Consistent and persistent saving of a part of one's income each week, or month, is a straight sure road for substantial security-loving people to follow. And it is not hard... no harder to do than setting aside so much for rent, food, light, or heat. Saving is a part of the art of living independently without fear of the future.

If you would like to avoid the circle route... make a straight line right here to a friendly financial institution. It could be the best move you ever made as it has been for thousands of other formerly bewildered but solid American citizens. Start that savings account now and let us help you make it grow by paying you regular dividends.

All advertising copy must be received at least one day before publication date. Strength FOR THE DAY THE ONLY SURE ANCHOR. Writes Dr. C. G. Jung of his experience in his famous clinic at Zurich: "Among all my patients in the second half of life—that is to say, over thirty-five—there has not been one whose problem in the last resort was not that of finding a religious outlook on life. It is safe to say that every one of them fell ill because he had lost that which the living religions of every age had given their followers, and none of them has been really healed who did not regain his religious outlook. It seems that side by side with the decline of religious life, the neuroses grow noticeably more frequent. So many people live scared and depressed lives simply because they have no anchorage. They have nothing to hold to within their own souls that when external things sway and fall, these people with unanchored souls go down with them. The Bible speaks of hope in the promise of God as an anchor of the soul, sure and steadfast, and which entereth into that within the veil." (Heb. 8:19). When we have such anchorage, the power of fear no longer dominates us, but "the power of love and of a sound mind."

WASHINGTON LETTER By JANE EADS (First of Four Articles) Washington—It's an old American custom to coin slogans, particularly in politics. Both major parties are now trial-ballooning catchy battle-cries.

Republican headquarters here has no official 1948 slogan yet, but party members everywhere are ballyhooing "Vote Republican—Save What's Left." National Democratic headquarters has been receiving suggestions such as "Be True to Truman." Henry Wallace has a "Peace and Prosperity" promise.

Among the first recorded party slogans after the Revolution was one coined for the Federalists—"Those Who Own the Country Ought to Govern It." By this they meant that men of breeding, education and property should rule rather than the masses.

For a generation the two great political parties were the Federalist, of Alexander Hamilton, and the Republican, which later changed its name to Democratic, headed by Thomas Jefferson.

A Republican slogan was "For Jefferson and Liberty," which came from a popular song of the day. In 1828 the newly-named Democratic party nominated Andrew Jackson under the slogan "The Democracy of numbers against the monied aristocracy of the few."

When Jackson ran for re-election in 1832, his opponents called him "King Andrew the First." He ran on his "Poor Against the Rich" message, vetoing renewal of the charter for the National Bank. Henry Clay campaigned on the issue, calling it a "Manifesto of Anarchy."

In 1836 Martin Van Buren, campaigning on the Jackson platform, defeated William H. "Tippecanoe" Harrison, a War of 1812 general, most generally known as "Little Van," the victor was also called "The Flying Dutchman," the "Red Fox of Kinderhook," "The Little Magician" and "The American Tallyrand."

In the Whig-Democrat campaign in 1840, Harrison defeated Van Buren. His "Tippecanoe and Tyler Too" marked the most successful use of a slogan, drowning out all

Four years later Democrat James Polk used the slogan . . . "Blow the Trumpet, Beat the Drum, Run Clay 'Coons, We Come, We Come." Henry Clay retained old General Harrison's raccoon insignia. Polk Democrats won, calling themselves "coon-skinners."

In this campaign another Democratic slogan was "Fifty-Four or Fight." This epitomized the party's promise to get tough with Britain and demand territory up to the 54 degree-40 minute parallel. ("Tomorrow: 'Free Soil' and 'Black Republicans.'")

Among the first recorded party slogans after the Revolution was one coined for the Federalists—"Those Who Own the Country Ought to Govern It." By this they meant that men of breeding, education and property should rule rather than the masses.

For a generation the two great political parties were the Federalist, of Alexander Hamilton, and the Republican, which later changed its name to Democratic, headed by Thomas Jefferson.

A Republican slogan was "For Jefferson and Liberty," which came from a popular song of the day. In 1828 the newly-named Democratic party nominated Andrew Jackson under the slogan "The Democracy of numbers against the monied aristocracy of the few."

When Jackson ran for re-election in 1832, his opponents called him "King Andrew the First." He ran on his "Poor Against the Rich" message, vetoing renewal of the charter for the National Bank. Henry Clay campaigned on the issue, calling it a "Manifesto of Anarchy."

In 1836 Martin Van Buren, campaigning on the Jackson platform, defeated William H. "Tippecanoe" Harrison, a War of 1812 general, most generally known as "Little Van," the victor was also called "The Flying Dutchman," the "Red Fox of Kinderhook," "The Little Magician" and "The American Tallyrand."

In the Whig-Democrat campaign in 1840, Harrison defeated Van Buren. His "Tippecanoe and Tyler Too" marked the most successful use of a slogan, drowning out all

Warning To Motorists About Laws

By CHESTER WALSH
January 21—less than a week from now—is the deadline for motor vehicle owners to drive with a 1947 license.

Vehicles on the roads and highways after this date are subject to indictment for violating a state law. Official warning from headquarters in Raleigh tells motorists that state highway patrolmen have orders to strictly enforce the law.

Greenville motorists are required to have the city license tags on their vehicles by January 31. A city ordinance provides a penalty for failure to comply with this law.

In the meantime, state inspectors are "carrying on" at the inspection "safety lane" on Broad street, between Center and Long streets. All owners of motor vehicles are required by an act of the recent General Assembly to have their cars or trucks inspected twice in 1948 and once a year thereafter. Motorists taking their cars in for inspection should have ready a dollar bill for the inspection fee, their registration certificate and driver's license, and there should be no one in the vehicle but the driver.

Warning also came out from headquarters in Raleigh that all motorists whose names start with the letters A and B were required by law to go up for renewal of their driver's licenses before December 31 or be liable to arrest for driving without a driver's license. Those who failed to do this may stand the examination now at the City Hall.

The state law requires that motorists whose names start with the letters C and D must now report to the state examiner for a renewal of their licenses.

Incidentally, motorists whose names start with the letters A and B and who have not renewed their licenses are subject to arrest.

Jaycees Make Plans For 1948 Objectives

The Greenville Junior Chamber of Commerce officers and directors, at a recent meeting, mapped and outlined plans for activities and objectives during the year 1948, with newly-elected President B. B. Suggs, Jr. presiding.

The Jaycees received numerous compliments for approving Larry Averette as the "young man of the year 1947" and awarding him the distinguished community service emblem.

Jaycee officials pointed out at the meeting that the past year's activities for the community's progress were outstanding, especially that of sending a delegation to Washington to confer with the head of the Veterans' Administration concerning establishing a new veterans' hospital near Greenville or in Eastern Carolina.

A vote of appreciation was given to Van C. Fleming, immediate past president, for his good work last year.

During the ice ages, the North Sea was all but emptied and when the ice retreated, the Baltic for a time, became a fresh water lake.

First Federal Had Best Year In Its History

By CHESTER WALSH
The First Federal Savings and Loan Association, at the annual meeting of its stockholders, re-elected its officers and directors and had reports of one of the best years in the association's history. Vice-President Guy V. Smith presided for President Dink James, who was in Del Ray, Fla.

Vice-President Smith praised the management of the association for its outstanding work and growth during the year. He commended Secretary-Treasurer A. C. Tadlock for his untiring work and the Appraisal Committee for its excellent work and growth under his supervision.

The officers are Judge Dink James, president; Guy V. Smith, vice-president; A. C. Tadlock, secretary-treasurer, and Mrs. Allie Whitehurst, assistant secretary-treasurer. The directors are Judge James, Guy V. Smith, A. C. Tadlock, J. A. Collins, Alton Barrett, Dr. B. M. Crisp, Dr. M. B. Massey and M. K. Blount. Dr. Crisp and Mr. Blount were elected for three years.

The First Federal Savings and Loan Association gained \$112,225.83 in assets during 1947, made 136 new home-owners in the community and distributed in dividends of \$21,538.82, making the year the most productive in its history. Assets at the close of 1947 totaled \$1,542,030.30. Loans last year totaled \$1,439,039.36.

Secretary-Treasurer Tadlock, in his report, stated that "the practices of the First Federal is to continue to be such that the family of modest means, acquiring a home well within those means despite today's high prices, is our principal borrower."

"We shall make the financing of new home building our special concern and home ownership for veterans a primary reason for the existence of the First Federal Savings and Loan Association," the report stated.

Greenville Out Of Storm With No Accidents

Greenville had some severe windy weather Friday night and Saturday, with sleet and ice interfering with traffic, but we came through the blizzard without any serious accidents, Mayor Jack Boyd said today. "Motorists sensed the danger of travel and drove carefully and the police department was gratified with the fact that no serious accidents occurred."

"Supl. of Street Clyde Mallison and his street workers were prompt to make intersections to make travel safe, and other departments of the city were alert to the need for any emergency. Our people, always conservative, are especially cooperative in time of emergency, and they

H. M. ELLIS

Howard M. Ellis, a native of Beaufort County, was recently appointed head of Agricultural Engineering work for the State College Extension Service. Director I. O. Schaub announced, Ellis, who has served for the past 11 years as Extension Agricultural Engineering specialist at the college, replaces David S. Weaver, who resigned to accept a position as assistant director of the Extension Service. He is a 1929 graduate of State College.

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, nervous, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health!

Mayne Albright Coming To City

R. Mayne Albright of Raleigh, candidate for governor of North Carolina, will visit Greenville in his motor trailer field headquarters. "The Challenger," Wednesday of this week, the trailer will be parked somewhat downtown for the day and be open to visitors. Albright's field headquarters trailer has visited 38 of the state's 100 counties. Pitt County will be the 64th, Bill Speight, Greenville attorney, said today.

Albright was president of the Student Body at the University of North Carolina. He is field secretary in North Carolina for Robert Lee Humber's World Federation Plan. Albright was in the army during World War II and attained the rank of major. He was assigned to the U.S. military government in Italy after the war ended.

Mrs. Hattie Shuff Dies Heart Attack En Route Charlotte

Mrs. Hattie Pitts Shuff, widow of C. W. Shuff, died late Monday afternoon following a heart attack while en route to Charlotte by automobile with her daughter, Mrs. Joseph Smith, Jr.

Funeral services will be held at the home, 1110 East Fifth Street, Thursday morning at 11 o'clock. Burial will be in Greenwood Cemetery.

Mrs. Shuff was born in Winston-Salem, the daughter of Rufus and Eliza Jane Holcomb Pitts. She was married in 1916. They came to Greenville in 1921, where Mr. Shuff was manager of the Imperial Tobacco Company until his death in 1939. Immediate survivors are one daughter, Mrs. Joseph Smith, Jr., and two sons, Charles Shuff III of Raleigh, and Earle Shuff of Winston-Salem, and two grandchildren.

Put In A Dime

The Greenville Rotary Club is sponsoring the movement to have contributors "drop a dime" in a parking meter the remaining days of this month of the "March of Dimes" campaign to raise money to fight infantile paralysis.

The Rotarians are placing signs on the parking meters which read as follows: "Drop a dime in this parking meter for the 'March of Dimes—January 26-31. Sponsored by the Greenville Rotary Club."

Mayor Jack Boyd approved the project and said the dimes will not interfere with the meters, but no parking time will be gained with dimes. At the end of this month the city will deliver the dimes to June H. Rose for the Rotarians' "March of Dimes" fund.

\$100,000 Union Drive Studied

Miami, Fla., Jan. 27—(AP)—The AFL Executive Council today considered spending \$100,000 a year on a nationwide "education and information" program designed to head off unfavorable legislation in the future.

Enactment of the Taft-Hartley Labor-Management Relations Act last summer was credited by council members with the decision to raise the per capita tax on the AFL's 7,600,000 members to a flat three cents. From this fund the educational program will be financed.
