Truman Believes Price Controls Will Be Needed

But Republican Leaders Say He Has Little Chance Of Getting Them

Washington, Feb. 13 (AP)—President Truman still thinks the country needs price controls in spite of the severe break in the grain market.

The word from Republican leaders in Congress today is that he still has little chance of getting them. Chairman Wolcott (R-Mich.) of the House Banking Committee went even further. He said Congress may have to start thinking about ways to keep prices from going too far down.

And two GOP senators—Young (N.D.) and Bushfield (S.D.)—asked Congress to repeal a two month old law which they say helped cause the commodity slide. That law specifies there can be no further wheat exports once reserve supplies in this country drop to 150,000,000 bushels.

Wolcott took the view that there will be no harm if Congress waits a couple of weeks to think over the anti-inflation picture before it acts.

He listed one exception: rent control. That should be extended for one month beyond February 29, the date the present law expires. Wolcott told newsmen. Meanwhile, he added, Congress could consider a longer extension.

Wolcott said a two weeks' ban on discussion of other proposals would "let us see where the economy is headed."

"We cannot legislate on economic questions until we know what is happening," he continued. "If this price decline goes too far we may have to give our thought to supporting markets."

But Mr. Truman responded with a positive yes when a reporter at his news conference late yesterday asked him whether the major economic problem facing the country is still inflation, and not deflation.

Furthermore, the Chief Executive said flatly that the market break has not lessened the need for the economic program he outlined to Congress November 17.

Among other things, he asked then for steady power to restore price-wage controls and rationing on a limited basis.

Hammering away at the theme that danger still exists, Mr. Truman told the newsmen before they started questioning him that every dollar saved is a weapon "in the fight against inflation."

Order Eisler To Be Deported

Philadelphia, Feb. 13 (AP)—The Immigration and Naturalization Service has ordered the deportation of Hans Eisler, Hollywood composer. Under the agency's order announced yesterday, Eisler—whose brother, Gerhart, has been described as the "No. 1 Communist in the United States"—was directed to leave the country as soon as possible. The deportation order came after an immigration hearing in New York into a charge that Hans Eisler, who came to the U.S. from Germany in 1941, was a member in Germany of a group advocating the violent overthrow of the U.S. government.

Went To Bed, And 'Didn't Wake Up'

New York, Feb. 13 (AP)—When a policeman forced his way into a strangely silent Queens house last night, a thin, seven-year-old boy in pajamas collapsed in his arms. "Granny went to bed last Thursday (Feb. 5) and didn't wake up," the boy weakly told Patrolman Charles Horn. "Granny" was identified by police as Mrs. Tilly Borman, 70, who had been dead in bed about a week.

Without A Capital 'C'

Columnist Had His Knuckles Rapped For Views Of Gandhi's Religious And Moral Code; Two Experiences In India Illustrate An Invitation To Tolerance

By DEWITT MacKENZIE

By DEWITT MacKENZIE Surely newspaper columnists must have been in mind when it was pointed out in the book of Proverbs that "the way of transgressor is hard."

Your columnist has had his knuckles soundly rapped by a reader for... as expressed at the time of Mahatma Gandhi's assassination. On that tragic occasion I wrote: "Gandhi—I was my friend—the friend of all humanity, for that matter. He was indeed a holy man whose outlook was not restricted by race or dogma. His whole code was summed up in goodness, and he took it where he found it.

"His own life encompassed not only Hinduism, in which he was born, but Christianity, Mohammedanism, and other religions. And he once told me that the greatest influence in his life had been Christ's sermon on the mount."

My reader critic demands how I explain that statement about Gandhi's life encompassing Christianity. "In the light of exodus 20:3—Thou shalt have no other Gods before me."

Well, I'm too old a hand to get

Stockyard Glutted With Cattle As Prices Slump

Cattle pens in Chicago's Union stockyards are jammed as prices slump from 50 cents to \$3.00 per hundred pounds live weight. The livestock market appeared demoralized by the vigorous decline in prices of grains and other commodities. Eighteen thousand cattle were received at the stockyards Monday, and many had not been sold at the end of the day. A spokesman for the National Retail Meat Dealers' association in Chicago said the break in livestock prices would show up on the retail level "by the end of this week." (AP Wirephoto).

GOP Brickbat Shower Loosed Against Truman

Campaign Speakers Make Field Day Raking Presidential Policies; Dewey And Taft Differ Over Extent Of Aiding Europe

By The Associated Press Political brickbats showered down on President Truman from a full battery of Republican campaign speakers today. Another came sailing up from a Southern stronghold of his own Democratic party.

On the side two candidates for the GOP presidential nomination differed publicly over how generous this country should be in helping Europe.

The added attraction featured Gov. Thomas E. Dewey of New York and Senator Taft of Ohio.

Both gave the Truman foreign policy a severe raking, but they split in their discussion of the Marshall plan.

Dewey told a Boston Lincoln Day audience the Foreign policy "should be thrown overboard—lock, stock and barrel." Taft, speaking at St. Paul, blamed it for "the losing of the peace thus far."

However, Dewey said it would be better to give the Administration all it has asked for spending under the Marshall plan than to "limit it with an amount which might fail to do the job."

Taft insisted that Foreign aid spending should be held to essential food and industrial pump-priming. He said he is against inviting the 16 western European nations to "add up their desired imports, subtract their possible exports and hand us a bill for the difference."

Former Governor Harold E. Stassen, of Minnesota, who also is running for the Republican nomination, said in Germantown, Pa., he thinks the Marshall plan should be carried out as finally developed under the leadership of Senator Vandenberg (R-Mich.). Vandenberg is chairman of the Senate Foreign committee.

The Administration wants \$6,800,000,000 to get the Marshall plan under way and finance it for the first 15 months.

California's Governor Earl Warren, who also speaks to the White House, told his Republican listeners at Los Angeles, that if the GOP wants to follow Lincoln it should be the party of the poor and rich alike.

On the racial issue plaguing the Democrats, Warren said that if Lincoln had witnessed...

Chinese Reds Confirm Capture One U. S. Marine

San Francisco, Feb. 13 (AP)—The Chinese Communist radio today announced one of five U. S. Marines captured by the Reds in North China died of wounds.

It charged the United States with active participation in China's civil war.

The broadcast confirmed rumors that one of the Marines, Pfc. Charles J. Brayton, Jr., Governors Island, N. Y., was wounded fatally.

"The unlicensed acts of the United States armed forces and military personnel in various parts of China and their aid to Chiang Kai-Shek in warring civil war are facts known to everyone," said the broadcast.

"This is utterly imperialist, aggressive activity and the great Chinese nation will absolutely not endure this aggression. Since October, 1945, U. S. armed forces and military personnel have continuously carried out aggression and military reconnaissance against the liberated areas, as well as making unreasonable demands."

The broadcast said the five Marines had "advanced against a position" of the Communists near a village north of Tsingtau Christmas day. It said the U. S. Navy had been asked to "apologize."

On previous occasions, U. S. military personnel taken into custody in Communist territory were released unharmed after a few days. This time, said the broadcast, the four surviving Marines would be treated with "clemency" on condition the U. S. guarantees "no recurrence."

Suggest United Nations Speed Up Procedures

Lake Success, Feb. 13 (AP)—The United States and China suggested formally today that the United Nations streamline its procedure for settling international disputes.

The joint proposal, submitted for consideration by the Little Assembly, calls for investigation of specific methods to iron out differences between nations before they reach the Security Council or General Assembly.

Among the types of machinery which might be considered in this connection are panels from which commissions of investigation might be drawn and panels of conciliators for use by parties to a dispute," the proposal said.

The Little Assembly—still boycotted by Russia, White Russia, the Soviet Ukraine, Poland, Yugoslavia and Czechoslovakia—meets again next Thursday.

U.S. War Crimes Charges Dropped

Tokyo, Feb. 13 (AP)—Major war crimes charges against 20 top crust Japanese, including five former members of the Tojo cabinet, have been dropped.

A high authority said tonight Washington accepted recommendations of Chief Prosecutor Joseph B. Keenan that the current trial of Hideo Tojo and 24 other wartime leaders wind up the international proceedings. That trial is nearing an end.

ARAB CONGRESS Cairo, Feb. 13 (AP)—An Arab leader said today a new "Democratic Congress" to handle Palestine Arab civil and military affairs will be formed next month—without elections. He denied it would be a provisional government for an Arab state in the Holy Land.

Prices Irregular After Holiday

Divergent Tendencies In Grain; Stock Activity Moderate

New York, Feb. 13 (AP)—Prices were irregular in the commodity and security markets today after a one-day "breather" in observance of Lincoln's birthday.

Grains showed widely divergent tendencies. Corn swung down as much as the full limit at the start, but wheat and oat deliveries were steady to slightly higher. Corn prices subsequently came back from the lows.

Cotton fell almost \$4 a bale at New York. Shortly after the opening, however, mills began buying and there was a rebound that brought the price about \$3 above the lows at the start.

At New Orleans, cotton was \$1.25 to \$2.60 a bale lower. Stocks were irregular and activity was moderate. Price changes were small.

At Chicago, sellers were holding large amounts of yesterday's price at \$22.75 to \$24.25 a hundred pounds. The best bid shortly after the opening was \$22.50.

The pits hardly more than opened at Chicago when soybeans were offered at the eight cent limit decline on Wednesday's prices.

The question in economic and political circles was whether the problem was inflation or deflation. President Truman saw in the recent commodity price drops a step in the right direction. But inflationary dangers have not been removed by the market decline, he said.

Report Mukden Siege Is Lifted

Peiping, Feb. 13 (AP)—Chinese Communist besiegers of Mukden today were reported in flight.

Pro-government dispatches said air-supported National troops had driven the Reds more than 20 miles from Suchiatun, rail junction seven miles south of Mukden. The siege of Suchiatun was broken yesterday.

Betterment Of Human Costa Ricans Nip Plot;

Greensboro, N.C., Feb. 13 (AP)—Human nature has remained about the same for some 25,000 years, and will remain practically unchanged for another long period, Dr. John Gillin, professor of anthropology at University of North Carolina, declared this morning at the Harriet Elliott social science forum.

Therefore, he said, those who expect a merely solution to current world difficulties to follow some miraculous change in human nature will have to adjust themselves to a long wait.

"Since it seems unlikely that the characteristics of our species and therefore the features of 'human nature' which depend on those characteristics can be readily changed," said Dr. Gillin, "it seems more practical to devote our attention to the potentialities which exist within the

British Trade Railroads For Meat And Grain In Pact With Argentina

Buenos Aires, Feb. 13 (AP)—Britain swapped her railroads in Argentina today for food to eat the rest of the year.

Under a trade treaty signed last night, Britain will get: An assured meat supply of 440,000 tons of beef for the rest of 1948; an assured supply of more than a million and a quarter tons of maize corn for livestock feeding; a market for at least \$40,000,000 worth of such non-essential exports as vegetable and animal oils.

The treaty, fruit of 11 weeks of negotiations, gives Argentina: Twelve thousand miles of railroads, the backbone of her transportation system and Britain's largest investment in South America;

Wheat Farmers Puzzled By Drop In Grain Prices

Growers Point To Continued High Demand; No Signs Of Stampede

Garden City, Kas., Feb. 13 (AP)—Kansas wheat farmers looked across snow covered fields with puzzled frowns today as they sought to fathom the cause for the sudden skid in commodity prices.

In wheat field interviews, the grain growers pointed to continued high demand for wheat and prospects of only a fair 1948 yield as reasons for their inability to understand the week-long market plunge.

But there were no signs of a stampede by the producers to dump their holdings.

The consensus seemed to be that everything will work out all right if other prices come down accordingly. Some thought an immediate investigation was in order. Others said future planning was out of the question "until we see what is going to happen."

John Boyd of near Garden City said he didn't "like it, but we'll tighten our belts. The spring wheat outlook here is far short of what the experts expect. I don't understand the break with demand for wheat still unsatisfied."

L. O. Lile, also of near here, had this to say: "I can't see any reason for the break. It was dirty politics. If other prices come down accordingly, though, everything might work out."

DeWitt Craft, another Garden City grower, said farmers haven't been thrown into panic.

"We've taken enough in paper losses out here to build all the schools and hospitals Garden City needs, but we're still riding with the wheat," he said. "I regret we didn't sell at the peak. Most of us agree we've been riding a price wave and wheat always is the first to break. If other prices follow it down, we won't object."

Elsworth Sherman, who farms near here, expressed belief a "big read was on" to "discredit the western Kansas farmer."

"Last year they've tried to make all western Kansas farmers look like millionaires and they're overplaying their hand. Maybe they think we've got another bumper crop but the average farmer in this territory doesn't expect a 50 percent crop condition this year."

The price break was described by Fred Beck, of Reno County, as "a heavy jolt."

"But," he added, "I believe the price will go up again. It doesn't make sense. Next year's crop doesn't look too good, and frankly, I'm pessimistic over it."

Sheriff Finds Gamblers Gone

West Palm Beach, Fla., Feb. 13 (AP)—The click of dice and the purr of roulette wheels have faded from this Gold Coast resort area, playground of millionaires and shoe clerks.

Sheriff John Kirk of Palm Beach County said late yesterday he had checked 12 establishments and they were closed.

Last Monday a county grand jury reported it found "shocking and astounding" gambling activities in the county. Sheriff Kirk said all 12 places he visited were mentioned in the grand jury report.

A Complete Loss

Fire believed to have started in the boiler room, completely destroyed the Curtis Perkins Clothing Store in the heart of the business district about five-thirty this morning, doing an estimated damage to the building and contents of approximately \$100,000.

The fire was discovered as Police Officer J. E. Hill was making his rounds of the business section. Officer Hill stated that when he first saw the fire in the rear of the building he thought it was a trash fire, but upon investigation found the back part of the two story structure in flames. He immediately turned in the fire alarm and by the

time firemen arrived on the scene the entire building was enveloped in flames.

Firemen fought the stubborn blaze with five streams of water for an hour and a half before bringing it under control, and it was through their heroic efforts the fire was confined to the one building.

The Efrid's Department store and Lauteres Brothers Jewelry Company, adjoining buildings, were filled with smoke from the burning blaze, but otherwise were not damaged.

The building was the property of the late L. B. Garris, Mrs. W. L. Best and Mrs. S. T. White of this city.

First Teeth - False

Seven-year-old Josh Dowdy, III (above), a second grade pupil in school at Columbia, S. C., displays his first set of teeth—false ones. Born without teeth buds, the boy was fitted recently with a set of upper and lower. Josh was also born without sweat glands. He has a hard time keeping cool in summer. (AP Photo).

Winter Loosens Grasp In North

Plain States And Gulf Region Hit By Rain, Sleet And Snow

Chicago, Feb. 13 (AP)—Freezing rain, sleet and snow pelted areas from the plains states to the east Gulf region today as winter's heavy snowfalls and severe cold prompted the placing of a partial embargo on rail freight movement into parts of New England and New York State.

There was an absence of extreme cold weather in the chilled north central and New England areas today. But federal forecasters said a Texas blizzard as temperatures dipped below normal. In Corpus Christi, on the Gulf, the mercury early today slid to five, one degree colder than in far-north Edmonton, Alberta, Can.

Temperatures moderated in the eastern states and were slightly below normal west of the Rockies. Cold continued in most sections of the mountain states. There were some sub-zero readings in Colorado, Wyoming, Utah, Idaho and also in parts of New Mexico and Nebraska.

Florida's temperatures topped the nation's weather map again yesterday with a high of 78 at Jacksonville and 77 at Miami.

Most of the South was drenched with heavy rains. Nearly all of Texas shivered as temperatures dipped far below normal. In Corpus Christi, on the Gulf, the mercury early today slid to five, one degree colder than in far-north Edmonton, Alberta, Can.

One Dead, Ten Missing As Fire Sweeps Dwelling

Utica, N. Y., Feb. 13 (AP)—Ten persons were missing today and one child was known dead after a flash fire that swept a two story frame dwelling near the New York Central railroad tracks in Western Utica.

Fire Chief Leo Barry said 14 other persons had escaped. Three members of one family, who jumped from a second floor window, were hospitalized.

Firemen found the charred body of three-year-old Dana Lois Hoage in the rubble. She was identified by her uncle, Dana Payne, Jr.

The walls of the long, ramshackle building, on Cedar Street, collapsed before most of the second floor occupants could get out, firemen said.

Firemen said they had accounted for 14 people in the hospital and in neighboring houses.

Opening Delayed

Supt. D. H. Conley announced today that because of bad roads it has become necessary to postpone the opening of the county schools until Wednesday, February 18.

It was hoped that roads would improve sufficiently to allow county schools to begin running again Monday, but advices received today indicated that county roads are still impassable in many places.

Mississippi's Democrats Meet

Seek To Spearhead Revolt Against Party Leadership

Jackson, Miss., Feb. 13 (AP)—Shouting rebel yells and waving the Confederate flag, Mississippi Democrats met here yesterday to spearhead a nationwide revolt against their party leadership.

Judge Herbert Holmes of Senatobia, chairman of the State Democratic Executive Committee, said Sen. Harry Byrd (D-Va.) might be asked to head a revolt.

The judge said Senator Byrd, who often has been critical of party leaders, had not been contacted but was being considered for a leading role in the conference authorized yesterday by a mass meeting of 5,000 Mississippians.

Judge Holmes said he will convene the state committee next week to set a date for a conference against President Truman's civil rights program.

He said that Gov. William Tuck of Virginia, who recently said he would give an invitation to visit Jackson "my most serious consideration," was being counted upon for a principal part in the movement.

Yesterday's meeting adopted resolutions opposing the Truman program and warning party leaders that Mississippians will "make every effort within the party to defeat such proposals."

Speaker Walter Sillers of the State House of Representatives, who presented the resolution, said: "I want to join others who have expressed the thought that if the South is not given relief by the party leaders, we should nominate our own candidates for president and vice president and throw our electoral vote to those men."

Washington, Feb. 13 (AP)—Costs of power to come from the \$68,000,000 Buggs Island project in North Carolina and Virginia were discussed with government officials today by public power proponents from the two states.

Eric W. Rodgers of Scotland Neck, N. C., secretary of the Roanoke River Flood Control committee, said private power interests already have talked with federal officials about distribution and power costs.

"We want to be dead sure," Rodgers said, "that the government knows our power position for this wonderful improvement in power in the valley. We don't want private power to beat us to the gun."

Discuss Cost Of Power In Buggs Island Project

London, Feb. 13 (AP)—The War Office announced today that Britain will set up laboratories in the Hiroshima and Kure areas of Japan to study long term effects of the atom bomb.

Both are in the British-occupied zone. Sites are being surveyed by the U. S. National Research Council, the announcement said.

A-Bomb Effects Will Be Studied

Commodity Tradings

You've Been Reading About The Nation's Big Exchanges For A Week, Here's An Explanation Of How It's Done, What's Going On And Some Definitions

By JAMES MARLOW

Washington, Feb. 13 (AP)—Hedging... speculating... selling short... buying long... shares... For a week you've been reading about those things in the big news of the drop in commodity prices. This is an ABC on them.

A commodity is wheat, or corn, or lard, or soybean meal, or cotton, or eggs, or other things like those. In commodity exchanges brokers buy and sell commodities for customers who pay them a fee for each deal.

So through these brokers people buy from one another, or sell to one another, without having any personal dealings at all.

The drop in commodity prices started in the exchanges, not in your grocery store.

There are two main kinds of deals you can make through a broker. Both of them are deals in "futures"—that is, commodities to be delivered at a set time in the future, not at the time the deal is made.

The two kinds are: 1. Speculation—you hope to make a profit by guessing right that prices will go up or down.

British Gov't May Enforce Its Economic Plans

Sir Stafford Cripps Warns Commons; Says Facts Of Case Demand Effort

London, Feb. 13 (AP)—Britain's top economic planner says the Labor government may have to use force to keep down wages and profits.

Sir Stafford Cripps, chancellor of the Exchequer and minister of Economic Affairs, told the House of Commons last night. He urged Britons again to accept voluntary controls.

The French government also moved against price boosts. It sent the National Assembly in Paris a bill to outlaw all price increases since Jan. 15 not justified by production costs. A lawbreaker could be jailed for a year and put out of business.

British unions some 5,000,000 strong have been insisting upon higher pay despite Prime Minister Attlee's hold-the-line plea in last week's government white paper. They are in coal mining, railroading, shipbuilding, engineering and civil service.

Cripps reiterated the appeal for voluntary measures to stem wage and profit rises. Then he asked the House:

"Can we take them in a democratic way by free choice, or are we to demand the imposition of them by force?"

"Unless we exercise restraint," he said, "the sheer facts of the case will demand compulsion, which this government is anxious to avoid."

Sir Stafford asked that wage negotiations either be postponed or "conducted in the light of the principles laid down in the white paper"—that is, no boosts.

He said the government plans to freeze manufacturers' prices and distributors' profits at the December-January level, perhaps in a month or so. This apparently was in response to labor opposition to the wage freeze without compensating profit and price changes.

Meanwhile, the manufacturers and distributors are to hand in plans for voluntary price-and-profit roll-backs on both controlled and non-controlled goods. The freeze will be to hold things steady while they make their plans.

Opinions Differ Over Strength Of UN Request

Lake Success, Feb. 13 (AP)—Differences of opinion were reported today among U.N. Palestine Commission delegates over how strongly they should phrase their request for military help in partitioning the Holy Land.

After intensive discussions, the five-man commission expects to have a report to the Security Council on the subject of international force ready shortly.

Two drafts have been swapped in the midst of debate. A third version is reported virtually completed.

Competent sources emphasize there has been no open split. One group of delegates wants stronger words verging on demands. Another group wants to make the report purely factual.

City Employees Ready To Strike

Durham, N. C., Feb. 13 (AP)—Unionized city employees of Durham were ready today to enforce their demands for wage increases and improved working conditions through strike action, if necessary.

Meeting last night, members of the local city workers Union, a CIO affiliate, unanimously voted to authorize the Union's executive committee to call a strike if such is "necessary to protect the rights and interest of the membership."

## ON THE GO NOW, RETIRED CAPT. THANKS RETONGA

He Had Not Felt Right In Three Years, States Home Owner. Couldn't Eat, Had Little Strength

Happy and grateful men and women all over California are praising Retonga. Among the latest is Captain Guy McGahan (retired), 1101 West 99th St., Los Angeles. Captain McGahan served thirty years in the U.S. Infantry, owns his home, is a Mason and Shriner. Dismissing Retonga Captain McGahan happily declares:

"I hadn't felt like myself for about three years. My digestion got so bad that gas bloated my stomach until I would sometimes have to go to bed for eight to ten hours. Nothing I ate tasted right, I didn't have

much appetite, and when I did eat a good meal I felt doped and growly. I never felt like doing anything that required any effort. My bowels were so sluggish I had to take laxatives every night for a year. I felt shaky and jittery inside, and I seemed to have very little strength.

"Retonga relieved all this distress so remarkably that my food tastes good, I sleep restfully, and the dizziness, jittery feeling and constipation are entirely relieved. I am on the go from morning till night, I feel good, and Retonga deserves the credit."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Accept no substitute. Retonga may be obtained at Bissett's Drug Store—Adv.

## Plan Discussion On Recruitment Of Teachers

### Leaders In Education Invited To Attend ECTC Program In April

Recruitment of teachers for the public schools of North Carolina will be the subject of discussion at a conference to be held at East Carolina Teachers College on Friday and Saturday, April 23 and 24.

Dr. Howard J. McGinnis, director of the Bureau of Field Service at the college has sent letters of invitations to leaders in education in the eastern section of the state, including county and city superintendents, principals, teachers, members of boards of education, and of Parent-Teacher organizations. Dr. McGinnis states that the conference has been under consideration for several months at the college and that keen interest has been shown in it by those connected with the public school system.

The program will include addresses and round-table discussions, and will be based on a three-fold aim for the teacher-recruitment program: securing candidates for teacher training, holding good teachers in the profession, and co-operative planning to maintain an adequate supply of properly qualified teachers in the public schools.

Among the speakers who will take part in the discussions are Dr. Ralph McDonald, executive secretary of the division of higher education of the National Education Association; Dr. John D. Messick, president of East Carolina; O. H. Boettcher, of Snow Hill; and J. R. Brown of Hertford. Others who will appear on the program will be announced later.

The meetings on Friday afternoon and evening will take the form of round-table conferences and will have as their topics, respectively, "The Scope of the Problem of Teachers of High Quality," Saturday's program will include an address by Dr. McDonald on "What Has the Teaching Profession to Offer Prospective Teachers?"

Kiwanis Meeting Postponed President N. C. Brooks has postponed the Kiwanis meeting scheduled for tonight, due to bad weather.

World Day of Prayer The World Day of Prayer has been postponed because of weather conditions and will be held on Friday, February 20 at 10:30 a. m. in St. Paul's Episcopal Church.

Alumni Meeting Postponed The Greenville chapter of E. C. T. C. Alumni will not meet tonight.

Entertains Bridge Club Ayden.—On Friday afternoon at 3 o'clock, Mrs. B. Guy Taylor delightfully entertained her bridge club at her home on Second Street.

The hostess and little Henrietta Taylor, attractively dressed to represent a Valentine, welcomed guests into a living room, which was particularly charming by a magic fire that produced a variety of beautiful flames in a rainbow of all colors. This cast a radiant glow throughout the room.

The home was decorated with red gladioli and artistic arrangements of red berries with winter greenery. Valentine tallies were used.

Ice cocoa colas were served during the game.

After several progressions high score prize, a box of candy was presented to Mrs. D. Gardner, second high, luncheon.

Johnson, while Mrs. R. C. Smith received a box of candy for winning the lucky Valentine.

During the refreshment hour, several piano selections were rendered by little Miss Taylor.

The hostess, assisted by Miss Virginia Belle Cooper served a delicious salad course with hot biscuits, coffee, and pound cake topped with whipped cream, decorated with tiny red hearts.

Those enjoying Mrs. Taylor's hospitality were: Mesdames G. Dixon, R. Johnson, R. Hardee, M. Phillips, S. Pearce, Gardner, Johnson, Smith and Miss Cooper.

Christian Church Announcements On Sunday, February 15 the Disciples of Christ begin the observance of a Week of Compassion in which they renew their active fellowship with the unfortunate peoples of the world. During this week the national brotherhood raises \$500,000 for relief. The Eighth Street Church climaxes the week with an interesting church supper served at the church on Sunday night, February 22, which is open to all members and friends of the church.

Sunday morning at the 11 o'clock service Miss Ruth Lambie will sing as a special solo, "How Lovely Are Thy Dwellings," by Liddle, and the pastor will speak on "An Outstanding Trait In The Nature of God."

TWINS TEACH QUADS—The Cirmelle quadruplets of Philadelphia—(left to right) Eileen, Kathleen, Maureen and Michael—skate for first time in their three years, helped by ice performers, Joanne (left) and Joyce Scotfold, who are twins.

## 40 Years Ago Young Musicians Expected Today

THE DAILY REFLECTOR February 13, 1908

Every time it rains there is more desire for paved streets.

The warmer weather will send skimmers hunting for shad. J. C. Tyson is placing lumber preparatory to building on his lot in Greenville Heights.

J. E. Winslow returned from Raleigh this morning.

A number of young ladies, the sixteeners, will give a Valentine party tonight.

The Woman's Council of the Church will meet on Monday afternoon at 3:30 at the home of Mrs. T. I. Wagner at which time Mrs. J. Brooks Tucker, public spirited woman of Grimesland, will address the Council on "The Relief Needs of Europe." Mrs. Herbert Carter will sing a special number at this meeting.

The Fireside Club of the church will meet on Tuesday night at 8 o'clock at the home of Mr. and Mrs. T. I. Proctor. Miss Pattie Fraze will speak. Assisting hostesses are Mrs. Paul T. Ricks, Mrs. Guy C. Evans, and Mrs. J. R. Carrington.

Mr. and Mrs. Plato Evans are co-presidents of the club this year. The Christian Youth Fellowship will meet at 6:30 Sunday evening and Mrs. J. H. Rose will address the group of young people on dramatics as another vocation for young people. This is the third in a series of vocational addresses for this Sunday evening discussion group.

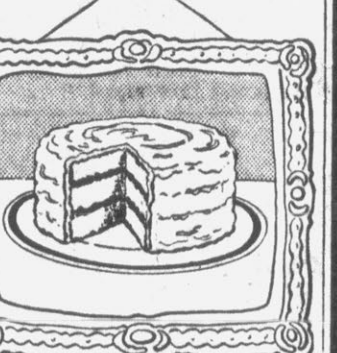

The interdenominational day of prayer has been postponed to meet at the Episcopal Church at 10:30 Friday morning, February 20.

## New Ambassador From Britain

London, Feb. 13.—(AP)—Sir Oliver Franks, Economist and Marshall plan expert, will become British Ambassador to the United States, probably early next May.

The Foreign office, announcing his appointment last night, said he would take up his duties with the retirement of Lord Inverchapel, 42 years a Career diplomat.

## Carlston Warne Is Guest Speaker

Dr. Carlston Warne, chairman of the Board of Directors of the Consumers Union, was guest speaker last Tuesday evening at a joint meeting of the Home Economics club and Phi Sigma Pi national honorary education fraternity for men students, at East Carolina Teachers College.

Dr. Warne talked to a group of students and faculty members on the work of the Consumers Union in testing and evaluating merchandise and in supplying the public with information about goods currently offered for sale.

At present Dr. Warne is a faculty member of Amherst college in Massachusetts and will become head of the department of economics there next fall.

Charles Connor of New Bern, program director for Phi Sigma Pi, in-

## WOMEN who feel NERVOUS

caused by functional "middle-age" Do you suffer from hot flashes, weak, nervous, irritable clammy feelings—due to the functional "middle-age" period peculiar to women (35-55 yrs.)? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It also has what doctors call a stomachic tonic effect. LYDIA E. PINKHAM'S VEGETABLE COMPOUND

# URGENT NOTICE To All Gas Customers

Due to an acute shortage in Propane from which your gas is produced, it is highly possible that Greenville will be without gas within the next few days, unless a very strict conservation of gas is observed by every gas consumer.

Every possible effort is being made to maintain service but due to a nationwide shortage of all petroleum products, of which Propane is one, this is a most difficult and uncertain task.

It is not practical to supply gas to the various sections of the city periodically to conserve the dwindling supply, so we must depend on you, as individual customers, to limit your use of gas to an absolute minimum. When the gas supply is exhausted everyone will be without gas simultaneously.

You gas consumers can help to avoid the distress circumstances which would result from the complete exhaustion of the remaining gas supply, by observing these suggestions:

- 1. Cut your cooking and hot water requirements to an absolute minimum NOW.
2. Do not under any circumstances use your gas range as a source of heat or to supplement your regular source of heat.
3. Residences and business places using gas for heating, carry just as low temperature as possible during the day, and at the very lowest point at night. Eliminate all the space being heated that you can — that is, extra rooms, etc.
4. Use gas in all respects as sparingly as possible, cut out all unnecessary equipment or any equipment you can do without.

You have always been most cooperative in emergencies and again you are urged, and we shall expect and appreciate your full cooperation. In doing so, you will be helping to avoid human suffering.

Greenville Utilities Commission

### CPL Directors To Meet In Kinston Over Schedule

Kinston, Feb. 13.—Coastal Plain League directors will meet at Kinston Hotel at 6:30 tonight to adopt the 1948 schedule and otherwise plan for the coming baseball season. With player limits and salary limits already thrashed out at a meeting in early January, the session should be a harmonious affair with general shop talk featuring: At the January meeting, the Coastal Plain moguls tentatively decided on a 146-game schedule to begin April 27 and end September 6. The salary limit, exclusive of manager, was upped from \$2,250 per year to \$2,600 and the player limit raised from 15 to 17—with one player to be carried as suspended all the time. In raising the player limit, room was made for one more veteran player (more than 46 days in each of three seasons of professional ball). Since the last meeting Rocky Mount has changed managers with Cecil (Turkey) Tyson replacing LeGrant Scott. Greenville elected Bob Doty as president and business manager succeeding Guy Smith and named Raymond W. (Bill) Phibus as manager. Tarboro has renamed Bull Hamon, thus completing the roster of managers.

### World Champion

Davos Platz, Switzerland, Feb. 13.—(AP)—Richard Button, of Englewood, N.J., won the world figure skating championship today. Button, 19, came from behind to outclass a field of 13 skaters from eight countries and thus the world title to the Olympic championship he won last week.

### Britisher Sees Big Season For London Olympics

Lake Success, N.Y., Feb. 13.—(AP)—Phillip Noel-Baker, British diplomat and former Olympic star, sees a big season ahead for Britain in the Olympics at London this summer. Taking time out between diplomatic bouts here at the United Nations Security Council, Noel-Baker reminisced of his days as a middle distance man and talked about Britain's prospects.

"He is a member of the British Olympic Council and holder of a special assignment from Prime Minister Attlee to give governmental help to the Olympic organization committee. These duties are in addition to his regular government post of secretary of commonwealth relations."

Arrangements for the big show which starts July 29 and runs to Aug. 14 at Wembley Stadium are going exceptionally well, he said. "From the way tickets are going," he said, "we will have a sellout of the 80,000 seats at Wembley Stadium and we believe we will have from 30,000 to 40,000 foreign visitors. We've arranged for housing for the competitors at two air force stations and a former army hospital in Richmond Park, which we hope will make everyone feel comfortable."

Did Noel-Baker think the Russians will attend their first Olympic games in many years? "We are assuming they will and we think they will give a good account of themselves," he said. "They have a very fine sprinter who took a first at Oslo last summer."

Now, what did Noel-Baker think about the Americans? "I've never seen anyone like that Gil Dodds," he said. "At the Millrose, he was sheer power all the way. It's a pity he won't be able to run any more this winter because of his illness. Frankly, I wish he had rested up after that 4:05 mile and saved himself for the Olympics."

"We are assuming they will and we think they will give a good account of themselves," he said. "They have a very fine sprinter who took a first at Oslo last summer."

Now, what did Noel-Baker think about the Americans? "I've never seen anyone like that Gil Dodds," he said. "At the Millrose, he was sheer power all the way. It's a pity he won't be able to run any more this winter because of his illness. Frankly, I wish he had rested up after that 4:05 mile and saved himself for the Olympics."

### Good Snow For Winter Carnival

Hanover, N.H., Feb. 13.—(AP)—Dartmouth's 38th annual winter carnival, one of the oldest snow festivals in the nation, welcomed scores of intercollegiate skiers and hundreds of smiling co-eds today. No carnival in the past 20 years had better snow conditions. The hills of Hanover are robed in white. For good measure a fresh snowfall deposited a fine cover on 31 to 40 inches of packed powder that should add zest to the spirited competition. A four-event ski meet finds Dartmouth-defending carnival champion—facing its toughest battle in years.

### Rockefeller And Barbara Sears To Wed Saturday

Palm Beach, Fla., Feb. 13.—(AP)—Winthrop Rockefeller and pretty Barbara Sears have bowed to sentiment—and the law—and will be married Saturday—Valentine's Day. Previously, Rockefeller, one of the heirs to the Oil millions of the late John D. Rockefeller, his grandfather, had planned to wed on Friday the 13th, traditionally the day of bad luck.

The change in plans was announced late yesterday because Florida law requires a 72-hour waiting period from the time of application for a license to the time of the wedding. The time is measured from midnight to midnight.

The ceremony will be held at the home of Mr. and Mrs. Winston Guest, with some 50 close friends in attendance, shortly after midnight Saturday. The Rev. Winslow S. Drummond, pastor of the West Palm Beach Presbyterian church, will officiate.

### Pirates Fall To Appalachian By 65-44 At Doone

By The Associated Press  
The North State Conference saw Appalachian and Catawba fortify their one-two positions with one-sided victories, but the big news was furnished by Guilford.

The eighth-place quarters handed favored High Point a 64-50 setback at Guilford despite the 24-point job of the Panther center, Ted Moran.

High Point had walloped Catawba last Saturday and appeared about to muscle its way into the free-for-all for first place. Guilford grabbed a 29-23 lead at the half and stayed on top as Dick Hall's 15 points sparked the victory.

Leading by only 28-22 at the half, Appalachian racks up 27 points in the last half to whip East Carolina Teachers, 65-44 at Boone. The winners' scoring was well distributed among 10 players. Charley Pope's 13 points leading the way. Thrift of WCTC took Hilda honors with 19.

The victory gave the Apps an 8-3 record, just ahead of runner-up Catawba which leveled at 6-3 after a 54-33 decision over last place Atlantic Christian at Salisbury.

The Indians led by only seven points at the half, 24-17, but a 30-point finish made it easy. Josephs was the winners' leading scorer with 14 points, while Tart's 10 topped ACC.

Tonight's schedule finds Lenoir Rhyne, in third place, at Guilford and WCTC to Elon.

### Bedlington Wins Championship At Kennel Show

New York, Feb. 13.—(AP)—He has the appearance of a lamb, but Champion Rock Ridge Night Rocket, the little Bedlington terrier, proved every inch a fighter as he captured the best in the show award over a field of 2,540 dogs in the 72nd annual Westminster Kennel Club show in Madison Square Garden last night.

The summation given by head judge Samuel Millbank of New York aptly describes this one year and 11 month old grey animal that looks more like a lamb than a dog.

"With the narrowest of skulls, the most perfect of coats, grand expression, a beautiful mover, always alert, he was to me the best dog in the ring," Millbank judged.

### Hollywood May Get Bobo Newsom

Hollywood, Feb. 13.—(AP)—The much traveled Louis (Bobo) Newsom may travel again—to pitch for the Hollywood club of the Pacific Coast Baseball League.

Recently released by the New York Yankees, the veteran right-hander told the Hollywood club he might be interested in coming here if he falls to sign with some other major league team.

The coast league may be a dim memory, but not a new one for Bobo. Back in 1933 he chalked up 30 victories against 11 defeats for the Los Angeles Angels, and still ranks as one of the all-time stars of the circuit.

### Tennis Tourney Site Is Chosen

Charlottesville, Va., Feb. 13.—(AP)—The National Intercollegiate Tennis Tournament will be held here at the University of Virginia for the next five years.

Virginia athletic officials said today they had received notification of the action by the U.S. Lawn Tennis Association which stipulated the school as the tourney site for the next five years and fixed the date of the 1948 tourney for the week beginning June 28.

### Kramer Again Leads Riggs In Tennis Tour

Phoenix, Ariz., Feb. 13.—(AP)—Big Jack Kramer took the lead in the cross-country professional tennis matches with Bobby Riggs last night with a 4-4, 7-9, 6-4 victory.

The victory broke a 13-13 deadlock in matches since the start of the tour.

**OURS NOT THE GLORY**

We flip the electric switch and the room, erstwhile dark, is flooded with light. Did we produce the light? We contributed a little to this end, a very necessary little, but there were a lot of things far beyond our powers to accomplish which had to be done before our hand on the switch meant anything. It took someone's skill to wire the house. Vest engineering plans brought the current to our property line. Behind all this were the huge generators, and back of this the coal fields with its tolling miners. Behind it all was the structure of the physical universe whereby electric current is generated by the breaking of magnetic lines of force. Yet with all this vast array of power and skill there would be no light in the room unless we, or someone, pressed or lifted the switch.

This is a parable on prayer and the marvelous things it achieves. Do we by our praying achieve these things? Well, they would not be achieved unless we prayed—unless we turned on the switch. But back of the switch, back of our praying are powers vastly beyond our ability to create or direct. Our faith and prayers are necessary but spiritual achievement comes about through God's power, not through ours.

**WASHINGTON LETTER**  
By JANE KADS

The Department of the Interior has a "terrific headache" trying to find room for three old line agencies moving back from Chicago, where they've been holding forth since the early days of the war.

More than 100,000 square feet of office space is needed to accommodate the agencies—the Indian Affairs Office, National Park Service and Fish and Wildlife Service.

Others of Secretary Krug's agencies long housed in the building will just have to move over. Bedlam reigns, but squads of moving men are gradually bringing order out of the chaos created by office fixtures piling up in the corridors and the queuing in of the additional personnel.

In addition to the Department's headache, the 400 returning clerks hunting living space have just that many individual naggin-twisters. An official reports that only about 65 percent of the returning workers have succeeded in finding "some sort" of lodging.

"These people don't want tepees," he said. "They want comfortable apartments for their families and decent single rooms."

A housing committee has been set up to help the house-hunters, but Washington seems more crowded today than it was during the war years.

George Hadden, who served on the housing committee when the three agencies moved to Chicago, says that's why more than 140 of the employees in the three outfits show to remain in the Windy City.

Washington has a new Lady Diplomat, Senora Olga Briceo, cultural attache of the Venezuelan embassy. Her many capabilities and talents include playing the guitar and being witty in five different languages.

Before coming to Washington, Senora Briceo was her country's cultural attache in Cuba. She has been a foreign correspondent, a lecturer, a professor. She has also written novels. Currently her name is among those proposed to occupy a chair at the Spanish Royal Academy of History.

Senora Briceo holds the decoration of the "Order of Isabella," bestowed upon her by Spain after she served as cultural delegate to that country in 1936.

She has written six books in Spanish, one of which, "Cocks and Bulls in Caracas," has been translated into English and has gone through its fifth edition.

When Sam Solomon, airlines official, greeted some 150 guests at an Easter roast at his Silver Spring, Md., estate he led them to a clothesline and told them to pick out their own bills.

The bills were made of green paper, and each guest found one with his name on it. The invitation was from 2 p. m. till 9. After swimming, tennis, horseshoes, badminton and what-not, Sam began serving the oysters—baked, fried, raw. He also dished out three different kinds of ham, gobs of shrimp, hot biscuits, doughnuts and...

**Thirteen**

Chicago, Feb. 13—(AP)—It's 13 in many ways today, Friday, the 13th, for Nancy Lindholm. Nancy is 13 years old today; there are 13 letters in her name; the numerals in her street address—5350 North Walcott Avenue—add up to 13; 13 boys and girls will be at her birthday party, and there will be a big cake with 13 candles.

**Cherry Agrees With Regional Schooling Pact**

Raleigh, N. C., Feb. 13—(AP)—Governor Cherry agrees with the Southern governors' pact calling for regional schools and will sign it, unless technical reasons go against his doing so.

He said yesterday he had received a copy of the pact from Gov. Millard Caldwell of Florida, chairman of the governors' committee on regional schools, and would submit it to Attorney General Harry McMillan to determine if there is any legal reason he should not sign it.

Under the plan, Southern states would jointly finance regional schools for white and Negro students.

Governor Cherry said the governors would meet at Gainesville Fla., March 4 to make further plans for the schools. He added that he will attend or send a representative.

**Tribute Paid Karl V. Gilbert In History**

Karl V. Gilbert, of East Carolina Teachers College, has made history. Tribute to his part in the growth and development of Juniata College, Huntington, Pa., is described in an official history of the college, just published.

Entitled "Juniata College, a history of 70 years," the book was written by Dr. C. C. Ellis, president Emeritus, who has spent most of his life on the campus—first as student then as professor, and finally as president.

**NOTICE OF SPECIAL BOND ELECTION AND SUPPLEMENTAL REGISTRATION IN THE TOWN OF WINTERVILLE, NORTH CAROLINA**

A special bond election will be held between 6:30 A. M. and 8:30 P. M., Eastern Standard Time, on Tuesday, March 16, 1948, at which there will be submitted to the qualified voters of the Town of Winterville the following questions:

1. Shall an ordinance passed February 10, 1948, authorizing not exceeding \$3,000 bonds of the Town of Winterville for the purpose of extending the water works system of said Town, including the installation of a new water pump, and a tax for said bonds, be approved?

2. Shall an ordinance passed February 10, 1948, authorizing not exceeding \$23,000 bonds of the Town of Winterville for the purpose of constructing curbs and gutters in said Town, at least one-half of the cost of which improvements is to be specially assessed, and a tax for said bonds, be approved?

Each of the questions hereinabove set forth contains a statement of the purpose for which the bonds are authorized by the ordinance referred to in such question. If said bonds are issued, a tax will be levied for the payment of the principal and interest thereof on all taxable property in the Town of Winterville.

For said election the regular registration books for elections in said Town will be used, and such books will be open for the registration of voters, not theretofore registered, from 9 A. M. until sunset on each day except Sundays and holidays, beginning Saturday, February 21, 1948, and closing Saturday, March 6, 1948. On each Saturday during said period said books will remain open at the polling place, Saturday, March 13, 1948, is Challenge Day. The polling places and the names of the election officers, subject to change as provided by law, are as follows:

Polling Place: Town Hall.  
Registrar: M. A. Woodard.  
Judges: W. L. Hunsucker and A. D. McLawhorn, Jr.  
By order of the Board of Aldermen of the Town of Winterville.  
J. L. ROLLINS, Town Clerk and Treasurer.  
2-13 & 23

**AN ORDINANCE AUTHORIZING \$23,000 BONDS FOR CURBS AND GUTTERS**

Be it ordained by the Board of Aldermen of the Town of Winterville:

Section 1. That the Town of Winterville issue its bonds, pursuant to The Municipal Finance Act, 1921, as amended, in an amount not exceeding \$23,000 for the purpose of constructing curbs and gutters in the Town of Winterville, at least one-half of the cost of which improvements is to be specially assessed.

Section 2. That a tax sufficient to pay the principal and interest of said bonds shall be annually levied and collected.

Section 3. That a statement of the debt of the Town has been filed with the clerk and is open to public inspection.

Section 4. That this ordinance shall take effect when approved by the voters of the Town at an election as provided by law.

The foregoing ordinance was passed on the 10th day of February, 1948, and was first published on the 13th day of February, 1948.

Any action or proceeding questioning the validity of said ordinance must be commenced within thirty days after its first publication.

J. L. ROLLINS, Town Clerk and Treasurer.  
2-13 & 20

# No Objection To European Meet

Washington, Feb. 13.—(AP)—The United States has withdrawn objections to an early meeting of the European Recovery Plan nations.

The State Department said the British and French ambassadors were told that this government has

no objection to a meeting after the end of February.

A proposal for reconvening the 16-nation conference was discouraged last month by the State Department. It took the view that the European aid legislation before Congress was not in suitable form for consideration.

Press Officer Roger Tubby said the two ambassadors were advised Tuesday that the department considered that "a preliminary draft bill indicating one aspect of congressional thought might be ready by the end of this month."

He said this was an estimate that the Senate Foreign Relations Committee might be ready then with a report to the Senate on the \$6,800,000,000 aid asked by President Truman.

The 16-nation conference on European economic cooperation met in Paris last September and drafted a recovery plan based on self-help as proposed by Secretary of State Marshall. Officials said they understood the move to reconvene it was based on a desire to put into effect some of the self-help projects.

During World War II the United States produced about fifty billion eggs annually.

**Irishman Missed His Opportunity**

New York, Feb. 13.—(AP)—A 50-year old Irishman made an unsuccessful bid for Joe Louis' heavyweight title in an unscheduled, punchless tiff at a Broadway night club early today.

Thomas Delaney, the Irishman, landed on the floor after taking a wild swing at Louis' jaw. Witnesses agreed the champion didn't hit his challenger.

Before the swing, Delaney told the champion: "So you're Joe Louis. Well, I'm going to beat Walcott to the title. I'm going to become the first Irish heavyweight champion of the world."

**R. Frank Clark, Sr. Died Friday Morning**

Mr. R. Frank Clark, Sr., 72, died at his home near Shiloh Methodist church in the Belvoir township Friday morning at 10:15 o'clock after 10 weeks of critical illness. Funeral arrangements are incomplete.

Surviving are his wife, Mrs. Pearl Clark; four sons: R. Franks Clark, Jr., of the home, C. D. and L. A. Clark of near the home, and T. M. Clark of Newport News, Va.; two sisters: Mrs. J. A. Moore of Fountain and Mrs. J. R. Shoemaker of Portsmouth, Va.; 23 grandchildren; one great grandchild; four brothers: W. J. Clark of Greenville, C. D. Clark of Wilson and Ashley Clark of Florida, and W. K. Clark of near Belvoir; two sisters: Mrs. Caddie James of Bethel and Mrs. Laura Lewis of Greenville.

**Thaw Is Clearing N.C. Highways; Rivers Rising**

The weather decided today to give North Carolina a break.

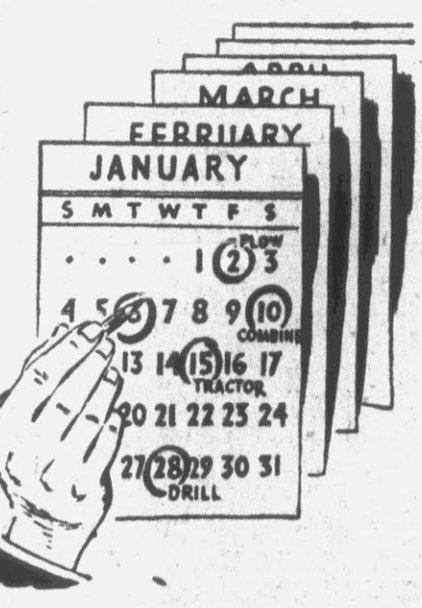

Rains last night, and in some sections today, washed away much of the snow and ice that created hazardous conditions on highways, and contributed to much suffering or inconvenience to families short of fuel oil or coal.

As the thaws came, rivers in Eastern North Carolina started rising but the Weather Bureau in Raleigh said there would be no extensive flood damage.

The Neuse reached 17 feet at Smithfield today and was expected to reach 20 or more at Goldsboro tonight, several feet above flood stage, and high waters were expected along the Cape Fear.

So little is known about the amount of water under the earth that estimates of the depth to which it would flood the land if it were all to gush forth at once vary from 29 to 914 feet.

There's still room for YOUR name on this calendar

• Not only in one place, but several. Actually, we mean your name along with your farm machines that need checking over and repair work before they go into the fields next season.

You see, this calendar is our Early Bird Service Schedule. And by getting a date on it now, we can both be sure that anything from a checkup to a complete overhaul will be done during the months your machines are idle.

That's the best way for both parties concerned. We'll have plenty of time to do a satisfactory, Blue Ribbon Service job. You'll be insured against breakdowns or lost time during busy weeks ahead. See how it pays to be an "Early Bird"? Line up necessary service work with us now!

# Cherry Believed Ready To Crack Campaign Whip

By RALPH W. HOWLAND  
Raleigh, N.C., Feb. 13.—(AP)—It was probable today that Governor Cherry would "crack down" on several of his appointees who are supporting former Governor J. M. Broughton for the U.S. Senate.

Governor Cherry appointed his campaign manager, W. B. Umstead, to the post on the death of Josiah W. Bailey and makes no bones about the fact that he is "all out" for Umstead's election.

The governor of North Carolina appoints scores of officials, many of them to what are considered as "important" state jobs. Among them are the revenue commissioner, parole commissioner (this being a part of the governor's office), chairman of the alcoholic board of control, probation commissioner, and many others.

While the governor had no statement to make on the report, it was learned from sources close to him that he was considering calling in those appointees who are against him "one by one" and to ask them to stay in the fold. It was known that the governor, if those appointees seemed determined to fight him, would ask them for their resignations. Many of the appointees are named "at the pleasure of the governor."

According to Cherry's record, he is a vigorous campaigner. That was shown in his races for the house and senate of this state. He once served as speaker. He has held several high offices in the party.

As the report of Cherry's intent spread over Capitol Hill, there appeared much concern. Hasty conferences were called and in a number of instances, certain officials could not be reached. Either they were "out of town," "at lunch," or their lines stayed busy for a long time.

**Robeson Wets Try Block Vote**

Fayetteville, N. C., Feb. 13.—(AP)—Robeson wet forces went to court today in an attempt to block a bee-wine referendum scheduled for tomorrow.

The wets charge that the petition on which the election is based was signed by non-registered voters, minors and several times by the same signers.

Judge Q. K. Nimocks, Jr., of Fayetteville, issued a temporary order Wednesday which stayed the referendum.

**Colored News**

York Memorial A. M. E. Zion Church Rev. P. H. Mumford, pastor, Sunday 9:45—Sunday school, W. J. Hester, Superintendent.

11 a. m.—Message by the pastor, subject, "The Things Required For Christian Citizenship," followed by the Holy Communion. Music by the senior choir.

I wish to remind the members of the special drive in the interest of the windows. They are here, and in the church. We all know the weather has been of such that no work could be done, therefore we ask every member to do their best in this drive.

The heating plant is all right but there is much work to be done before we can say it is finished, therefore we call upon the entire church to play well their part. Please remember, if this world is to be saved, it must be done through the church.

You will find a cordial welcome at York Memorial.

# Former Ayden Man Dies In Jacksonville

Dixie Ballinger, 57, died in the Onslow County hospital at 12:30 p.m. Thursday following a brief illness. Funeral arrangements are incomplete. Mr. Ballinger was born, reared and spent most of his life in the Ayden community. He went to Jacksonville in 1942. Surviving are his wife, the former Mimie Dennis of Ayden, two sons, J. C. of Raleigh and Carlton Dennis of the home; five daughters, Mrs. John Hollowell of Aurora, Mrs. Thomas C. Carroll of Tennessee, Mrs. William H. Rauls of Jacksonville, Eleanor and Mary Ann Ballinger of the home; 11 grandchildren.

# Commodity

(Continued from Page One)

There's another kind of speculation called "selling short." This is done by people who think prices will drop instead of rise.

You have no wheat at all. You tell your broker to sell for you 5,000 bushels of May wheat futures—wheat that doesn't have to be delivered until May—at whatever the May wheat price is today. Say \$3 a bushel.

Then the price of May futures drops to \$2.50 a bushel. Now you tell your broker to buy 5,000 bushels at \$2.50. Although you had no wheat to start with, now you have some.

So you sell this \$2.50-a-bushel wheat in May for three dollars a bushel—since someone's agreed to pay that for it. Your profit: 50 cents a bushel. You guessed right. The price went down.

But suppose you guessed wrong:

35 Years of Continuous Service in Greenville

You told your broker to sell for you 5,000 bushels of May wheat (which you didn't own) at \$3 a bushel. But the price rose to \$3.50. You would have to buy 5,000 bushels at that high price of \$3.50 to fulfill your agreement to sell at \$3. You would lose 50 cents a bushel.

So you can either win or lose at both kinds of speculation.

**GOP Brickbats** . . .

(Continued from Page One)

coin were alive today he would want the party "to understand and reflect an interest in all of the many racial ancestries that have been melted into the great American citizenship."

The new outburst by Southern Democrats who have been steeking over civil rights proposals from the White House came at Jackson, Miss.

There were 5,000 party members called for a conference of "all true white Jeffersonian Democrats" to consider withholding the South's electoral vote from Mr. Truman in November.
