Truman To Ask More Money For Greece, Turkey

New Sums For Military Assistance Called For In President's Report

Washington, Feb. 16. — (AP)—President Truman told Congress today he will ask more money for military assistance for Greece and Turkey.

Mr. Truman gave this word to the legislators in a report on use of the \$400,000,000 they voted last year to help the Greeks and Turks resist Communism.

He did not say how much more will be asked.

Last year's fund was \$200,000,000 for Greece and \$100,000,000 for Turkey.

In a letter sent to Congress with the report on use of this money, the President said Greece has been subjected "to ever higher increasing pressure" by a Communist minority subservient to "foreign influences."

There was no mention of Russia by name, or of the Russian satellites in the Balkans.

Greek Communist guerrilla forces reportedly have drawn aid from Greece's Communist-dominated neighbors.

Mr. Truman said economic assistance can be given Greece under the proposed European recovery program.

He added: "The European recovery program will not provide, however, for any additional military assistance required for Greece and Turkey, which will, at the appropriate time, be sought from the Congress under Public Law 75."

Public Law 75 is the one under which Greek-Turkey aid funds were voted last year.

The President said of the situation in Greece:

"It is significant that the guerrilla warfare is directed not against the Greek army but against the people of Greece. The deliberate and wanton destruction of Greek villages does not result from military engagements. It is determined and ruthless destruction intended to reduce the economic and social life of the Greek people to such a state that they become charges of an already overburdened state; and to create for them conditions of misery and hardship in the hope that this will make them susceptible to political agitation."

Supreme Court Upholds Federal Rent Controls

Washington, Feb. 16. — (AP)—The Supreme Court today unanimously upheld federal rent controls. Justice Douglas spoke for the court. He said the war power sustains this legislation. "Douglas added:

"What ever may be the consequences when war is officially terminated, the war power does not necessarily end with the cessation of hostilities."

The court's ruling reversed a decision by Federal Judge Paul Jones in Cleveland that Congress cannot exercise its war powers to control rents when "in fact" the nation is at peace.

Jones said Congress lost its rent control powers on Dec. 31, 1946 when President Truman declared hostilities at an end. Jones declared unconstitutional the rent control section of the 1947 housing and rent. The act expires Feb. 29.

PARIS IS SELECTED Lake Success, Feb. 16.—(AP)—Paris has been selected as the site of this year's meeting of the General Assembly, the United Nations announced today.

Eisenhower's Report

Army Chief Of Staff Carries Grave Warning In Final Message; An Encouraging Aspect; Hemispheric Defense; Other Bonds; Importance Of Solidarity

By DEWITT MacKENZIE

General Dwight D. Eisenhower in his final report as U.S. Army chief of staff emphasizes that the solidarity developing among the peoples of North and South America is a significant contribution to security in this hemisphere.

That is a gratifying appraisal—doubly gratifying because it comes from the man whose strategy figured heavily in the winning of the late war. However, he obviously isn't telling us this as an invitation to complacency. On the contrary, he intends it as encouragement for a strengthening of hemispheric solidarity, because he also gives this grave warning:

"If the Mediterranean nations should lose their independence to totalitarianism, 'war x x x' would be close on us." And again: "Our traditional friends in Western Europe are in straitened circumstances and some are threatened with strangulation by a militant political party whose obvious purpose is to promote chaos and insurrection for the advantage of an alien ideology. Were those countries to give up the good light for our common heritage (of liberty and democracy)

of totalitarianism, America's security would be in dire danger."

In short, if the democracies should lose the "cold war" in Europe to aggressive totalitarian Communism, the Western Hemisphere would be next in line of attack. That danger surely ought to be enough to make the nations of North and South America pull together. From the military standpoint solidarity means this, to quote Eisenhower:

"It is evident x x x that a potential aggressor against any nation in either continent would hesitate to launch an attack which he believed would provoke coordinated, hemispheric defense."

The general also points out that the Western Hemisphere is linked with the British Commonwealth and Western Europe in common basic purpose. The bonds among these nations "weigh heavily as a stabilizing influence" toward world peace. It would be a formidable task for any power to defeat the democracies—if they stand together. And Eisenhower calls upon them to agree that a challenge to the existence of one should be recognized as a challenge to all.

Extensive Federal Program Is Laid Before Meeting Of Mayors

New York, Feb. 16.—(AP)—Chestor Bowles, former OPA administrator, today proposed an extensive federal program which he said "can modify, to a major extent, the recession which our past mistakes have made inevitable."

"During the last few weeks," he told the United States conference of mayors, "we have all witnessed what may be the beginning of the second cycle of the old dismal cycle of economic boom and bust."

"The prices of grains have dropped sharply, and so have the prices of many securities. It is possible, of course, that the commodity markets will recover and that confidence will be temporarily restored."

But, Bowles added: "There is one fact that we must all face squarely: We could not possibly expect that our economy could be subjected to the wholly unnecessary inflation of the last year and a half without eventually paying the piper."

"Sometime in the not too distant future—if it has not already started—we will find ourselves moving into a depression of some sort."

Stating that there now are many controls which make an exact duplication of the 1929 depression unlikely, Bowles said that nevertheless "an extremely serious situation can develop." He added:

"Even though the number of unemployed reaches only six or eight million—roughly half the number of 1932—the effects throughout the world would be drastic."

To cushion another depression Bowles proposed the following nine-point program "based on our experience in the past":

1. "Tax cuts all along the line. The time to cut taxes is when purchasing power is beginning to dry up."

2. "An all-out program of slum clearance and housing," building 1,400,000 homes a year.

3. Continue rent controls "for at least another year or two."

4. Broaden social security payments to include self-employed, domestic help and farm workers.

5. Enact a national health insurance plan.

6. "Once a recession begins, we should move ahead promptly with our plans for the development of the Missouri Valley Authority, St. Lawrence Valley Authority, and for similar developments on the other major rivers."

7. "An all-out program for the building of schools. We should extend the principle of our G. I. bill of rights to enable all of our young people who are intellectually qualified to go to college."

8. Increase minimum wages from 40 to "at least" 75 cents an hour.

9. "Pass the European recovery program without crippling amendments as rapidly as possible."

He emphasized that "a recession of some kind will sooner or later be inevitable, and, when it comes, congress and the administration must take strong leadership if we are to keep it from deteriorating into a serious economic collapse."

He also said that "the United States military government for Germany charged today the Russian zone persists in hindering distribution of printed matter sent in from the American zone."

Gen. Lucius D. Clay said this violates four-power agreements pledging the free exchange of information throughout Germany's four zones.

He made the charge in his monthly report on occupation affairs.

The report came a short time after the U.S. and Great Britain announced they are giving the Germans in their zones a central bank and limited permission to make aluminum.

The bank, in Frankfurt, will have power to issue new currency if and when the two allies approve. Aluminum manufacture, considered a war industry, has been forbidden in Germany by four-power agreement.

"There has been and still is great difficulty in attaining distribution within the Soviet zone despite official U.S. protests to the Soviet military administration and a seemingly satisfactory reply," Clay's report said of the information issue.

"U.S. military government, on the other hand, has permitted the distribution in the U.S. zone of German-language printed matter originating in the Soviet zone."

The report recalled various U.S. protests to the Russians. One was when pamphlets were seized which contained a German translation of a speech by U.S. Secretary of State.

Thursday is Dollar Day in Greenville. The Merchants Association is sponsoring the semi-annual retail merchandising event to give shoppers of this city and Eastern Carolina an opportunity to share in the bargains being offered during the Dollar Day sales Thursday.

The three score or more enterprising retail firms, members of the Merchants Association are advertising special \$1 items and nearly everything in the participating stores will be priced low. "You save on every dollar you spend on Dollar Day in Greenville," merchants say.

"Dollar Day" scheduled for an earlier date, had to be postponed on account of the weather. The one day trade event will be held Thursday, February 19—rain, shine sleet to the contrary notwithstanding, Executive Secretary Cora S. Powell said today.

Shoppers from a score or more Eastern Carolina counties are expected to visit Greenville Dollar Day.

Charge Soviet Zone Hindering News Freedom

Violations Of Four-Power Pact On Germany Cited By U. S. Governor

Berlin, Feb. 16.—(AP)—The United States military governor for Germany charged today the Russian zone persists in hindering distribution of printed matter sent in from the American zone.

Gen. Lucius D. Clay said this violates four-power agreements pledging the free exchange of information throughout Germany's four zones.

He made the charge in his monthly report on occupation affairs.

The report came a short time after the U.S. and Great Britain announced they are giving the Germans in their zones a central bank and limited permission to make aluminum.

'First 60 Days Decisive' If War Comes, Declares General

Taft Supporters Claim Candidate Is Leading Dewey

Gains In Midwest And South Encourage Backers; Taft Ends Tour

Chicago, Feb. 16.—(AP)—Backers of Senator Taft (R-Ohio) claimed today enough midwestern and southern strength to put their candidate ahead of Gov. Thomas E. Dewey in early balloting at the June GOP nominating convention.

Taft, scheduling a brief stopover here on his return to Washington from a six-state tour, carefully avoided making any delegate claims.

But supporters said they are confident from what they learned in Illinois, Indiana, Minnesota, Nebraska, Iowa and Colorado that the Ohioan will get the major share of that section's votes at Philadelphia.

The six states will send 163 delegates to the convention. Taft's lieutenants think he will get a minimum of 100 of these in the early balloting.

At the same time they are claiming nearly 150 delegates from nine southern and border states. In this area they say they have top strength in Alabama, Arkansas, Georgia, Louisiana, Missouri, Oklahoma, South Carolina, Texas and Virginia.

If Taft gets all or most of Ohio's 53 delegates in that state's May 4 primary contest with former Gov. Harold E. Stassen of Minnesota, the Senator's backers say he thus will have a backlog of about 300 votes.

They note that this does not take into account strength they say he has in Pennsylvania, with 73 votes, and in the Far West and New England, where they credit him with scattered backing. The Taft camp is planning an intensive campaign in the Midwest section he just covered.

This drive will be centered around Nebraska. There the Ohioan's friends hope to carry the April 13 preferential primary and thus influence the state's 15 delegates in his direction.

Before he left Denver yesterday Taft told a news conference he thinks his chances in the six Midwestern states are "extremely encouraging."

Milder Weather Welcomed After Prolonged Cold

Chicago, Feb. 16.—(AP)—The nation generally was treated to a pleasant, mild brand of weather today.

The Midwest, in particular, had more welcome surcease from the recent prolonged cold weather with temperatures expected to climb to 45 degrees or higher, the warmest of the year in the area.

The Weather Bureau said that virtually all the snow covering, ranging from one to four inches, for several hundred miles west, south and southeast of Chicago will have disappeared by nightfall.

The only severely cold spot on the weather map was in northern New England where the mercury hovered around the zero mark and to 14 below at Caribou, Me. early today. But rising temperatures were forecast for the area.

Helplessly Watched Child Sink Into Ground To Her Death

Riverside, N.J., Feb. 16.—(AP)—Eleven-year-old Dorothy Kenney sank to her death as the ground of a lawn adjoining her home gave way beneath her.

Her eight-year-old brother, Joseph, stood by helplessly yesterday as Dorothy struggled and screamed for help. Dirt, ice and slush piled on top of the girl as she disappeared from sight.

Her body was dug from a hidden well by a fire rescue squad two hours later. Police said apparently recent rains and snows weakened the well covering of leaves that has accumulated through the years.

Pleds Anew To Extend Pensions

Washington, Feb. 16.—(AP)—The Truman administration pleaded anew with Congress today to let more people qualify for old age pensions.

And Rep. Kean (R-N.J.) outlined his own plan to add 20,000,000 workers to the eligible list.

The administration went further. It said the government needs a program covering "all major risks to economic independence" including disability and medical care insurance.

POSTPONE CIVIL COURT The one-week civil term of Superior Court scheduled to convene here today was cancelled on account of the bad condition of dirt roads and the difficulty of jurors and witnesses getting here.

Senator Balks

Washington, Feb. 16.—(AP)—Senator Thomas told Senators investigating grain and cotton speculation today that he doesn't want to be "bothered" any more about his "private activities."

The Oklahoma Democrat, who has admitted speculating on commodity markets, wrote a Senate Appropriations subcommittee that that applies, too, to his assistants.

If he or they are "bothered," he said, "then I shall consider such activity unjustified and unwarranted attacks upon myself and my assistants."

And he said he would regard any further interference with the business of his Senate office as "an insult to the sovereign state of Oklahoma."

Eisenhower's Final Report Is A Warning Against Unpreparedness; Asserts War 'Would Come Close To Us' If Western Europe Falls To Totalitarianism

Washington, Feb. 16.—(AP)—If war comes to America again, the first 60 days will decide the winner, Dwight D. Eisenhower said today.

Eisenhower, now an elder military statesman, said so in his farewell report as Army chief of staff.

The general took a look at matters diplomatic as well as military, however, in writing his final official statement.

He saw the European Recovery Plan fathered by Secretary of State Marshall as vital to "our sister democracies" and to us.

Eisenhower did not mention Russia by name but he said:

1. If the Western European countries were to "become the pawns of totalitarianism, America's security would be in dire danger."

2. If the democracies of the Mediterranean area should fall and that corridor between East and West were blocked, "the effects would be instant and catastrophic."

"War, in such case, would be close to us," Eisenhower declared.

Looking down the purely military road, he predicted:

"Because major nations, in the future, will be armed with weapons of terrifying destructive power, a series of lightning blows might conceivably end a future war at its outset."

In such case, the resulting peace would not be cursed with social chaos produced by widespread devastation of the enemy's land and internal facilities for living.

"A corollary to this is the need for a system of major and alternate or secondary bases around which can be organized, first our own defense against air attack, and next our retaliatory counteroffensive."

"This concept, featuring as it does the hope that in-air power resides the possibility of avoiding long drawn-out and costly land operations, requires the availability of effective land forces; without them, we will have no bases and can seize none speedily. We would be wide open to attack and helpless to do anything positive about it."

Eisenhower said that on any future day of emergency and mobilization this country would need a ground army of 1,500,000 men. But to maintain a regular army of this size would be "prohibitively expensive," he said.

Thus the "only feasible solution is to build the National Guard and organized reserves" to required strength.

"They will be needed at these strengths not a year or two years after a war starts, but on the first day of hostilities," Eisenhower said.

"What we are able or not able to do within 60 days of another war will be decisive in its determination of our ability to carry the war to a successful conclusion."

A day before Eisenhower's report was released, Secretary of Defense Forrestal announced creation of a civilian defense study unit.

Its job will be to suggest plans for protecting the people, cities and industrial plants of the country against the destruction from atomic bombs and germ warfare.

Miner's Outlook Wasn't Changed

Washington, Pa., Feb. 16.—(AP)—Julius Palek's thoughts today are far from the coal mine where he is working as usual.

The 60-year-old miner has been the toast of this mining community since he learned his daughter, Edna, married Palm Beach, Fla.

Subway Blocked By Cable Fire

Philadelphia, Feb. 16.—(AP)—The Broad Street subway was paralyzed during this morning's rush hours by a fire that burned through every power cable in a control station at Fairmount Avenue.

Thousands of Philadelphians were late for work. Hastily-mobilized emergency bus and trolley service aided in the traffic snarl, but crowds gathered at almost every section of the 56-block North Philadelphia route.

Secretary-Treasurer

Christian Science Service  
"Soul" was the subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday, February 15.

The Golden Text, Leviticus 26:11.  
"I will set my tabernacle among you; and my soul shall not abhor you. And I will walk among you, and will be your God, and ye shall be my people."

Among the citations comprising the lesson-sermon were the following from the Bible: "Yes, in the way of thy judgments, O Lord, have we waited for thee; the desire of our soul is to thy name, and to the remembrance of thee." (Isaiah 26:8).

And from the Christian Science Textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Soul and Spirit being one, God and Soul are one, and this one never included in a limited mind or a limited body. Because Soul is immortal, it does not exist in mortality." (Page 335).

ATTEND PREMIERE — Actor Spencer Tracy and daughter, Susie, enter a Hollywood theatre for a movie premiere.

## 40 Years Ago Today

### THE DAILY REFLECTOR

February 16, 1908

Wake county schools have been shortened six weeks because of the absence of dispensary money, and now you may hear anti-prohibitionists shouting for joy. But if schools could be run without whiskey money, then we had better let the schools go.

The Memorial Baptist Church has begun planning for the anniversary service that takes place on the fourth Sunday in March. By that time the handsomely remodeled Sunday school rooms will be ready for use.

## C. R. Swain Died Sanatorium Saturday

C. R. Swain, 58, of Robersonville, died at the East Carolina Sanatorium in Wilson early Saturday night following several months' illness.

Funeral services were conducted at the home of his sister, Mrs. Joe Whitaker, in Williamston at 2:30 this afternoon by Rev. N. J. Ward, Holiness minister of Williamston.

Burial was in the Bowen family cemetery near Williamston.

Mr. Swain was born, reared and spent most of his life in Martin County. He had been a patient in the sanatorium for the past five and a half months. His wife, Mrs. Myrtle Parisher Swain, died September 22, 1941.

Surviving are three sons, Elmer Swain of Bethel, Norman Swain of Union City, N.J., and Robert Swain of Williamston; five daughters, Mrs. James Bowen of Williamston, Mrs. Robert Williams of Merry Hill and Mrs. Robert Edmundson, Mrs. Paul Nelson and Cleo Swain of Stokes; 22 grandchildren; a brother, John Ed Swain of Washington; and five sisters, Mrs. Joe Whitaker, Mrs. James Harrison, Mrs. Hoyt Holliday and Mrs. Buck Clark, all of Williamston, and Mrs. Buck Terry of Belle Glade, Fla.

## Duroc Jersey Hogs Profitable On Farm

College Station, Raleigh, Feb. 16—Henry T. Smith of Fountain, Pitt County, is finding purebred swine breeding a profitable enterprise, according to S. C. Winchester, county agent for the State College Extension Service.

Mr. Smith, a breeder of purebred Duroc Jersey hogs, began raising purebred pigs when he was eight years old under the supervision of his father, Mr. Winchester said.

Last year, he fed and managed six purebred Duroc sows that farrowed an average of 24 pigs and weaned an average of 19 each. Four of the litters qualified for Production Registry with the heaviest litter weighing 412 pounds at 56 days old, Winchester said.

The young farmer attributes his success to individual farrowing pens, temporary grazing, consisting of crimson clover, rye grass, ladino clover, small grains, soybeans and lespedeza, and to a good balanced ration fed in the self feeder at the proper time.

Good feed and management coupled with good blood lines in his herd boar has enabled this young farmer to offer superior hogs to the public, Mr. Winchester said.

## Three Pitt County Schools Open Today

Three of the county schools resumed classes today after being snowbound for over a week. They were Farmville, Ayden and Grifton. Supt. Don H. Conley said the other schools will reopen Wednesday unless bad weather further damages the dirt roads.

Rain snow and freezing weather honeycombed the dirt roads to such an extent that they were almost impassable for a time and made travel dangerous for motor equipment.

# Demand Neutral Go-Between Fix Parley In China

## Communists And American Meet; Four Marines Said Safe And Well

Shanghai, Feb. 16 (AP)—The Chinese Communists demand a "neutral" go-between to arrange a parley for release of four American Marines they hold captive.

This information was taken to Tsingtao by a wartime intelligence officer, Capt. John Bristow, who met the Reds in the little Shantung port of Haiyang two weeks ago.

A reliable informant told this story today:

Bristow landed from an American destroyer in a small boat. He met a Communist spokesman on the beach. The American, who speaks Chinese well, was told the four Marines were safe and well. He asked for their immediate transfer to the ship. The Communists replied that this would have to be arranged by a neutral delegate.

Adm. Charles M. Cooke, Jr., commander of U. S. naval forces in the Western Pacific, and U. S. Ambassador John Leighton Stuart are scheduled to meet in Nanking within 24 hours to discuss the next step. Cooke presumably will acquaint the ambassador with Bristow's story, and will report any conditions the Reds may have attached to the Marines' return.

Bad weather which grounded planes throughout China prevented Stuart's departure from Shanghai and Cooke's from Tsingtao today but they will attempt to reach Nanking tomorrow.

Bristow, the Shanghai informant said, arranged through villagers near Tsingtao to make his beach contact with the Reds.

Haiyang is a small harbor 30 miles northeast of Tsingtao and about 10 miles east of Haiyang, where five Marines were captured Christmas Day.

# Politicians Eye Possible Split In Pennsylvania

## Taft Encouraged By Six-State Tour; Wallace Says Democrats 'Scared'

By the Associated Press

Politicians kept a sharp eye on Pennsylvania today. They want to know what a split among Republican leaders there over the Marshall Plan may mean at the GOP national convention in June.

In other political developments over the weekend:

Senator Taft (R-Ohio) headed back to Washington, "extremely encouraged" by his six-state hunt for convention support.

Henry A. Wallace said the Democratic high command "is scared to death" over his third party presidential candidacy. The former vice president told a labor rally in New York yesterday that is what he thinks is behind Mayor William O'Dwyer's recent suggestion that Wallace return to the Democratic fold.

Chairman Carroll Reece of the Republican national committee, said a two-party system would help the South prevent "infringements upon civil liberties."

And Georgia Democrats postponed their Jackson Day dinner from March 5 to March 9. They thereby raised a new question whether National Chairman J. Howard McGrath would speak as scheduled.

The Pennsylvania Republican split developed when Gov. James H. Duff called for all-out support for the European recovery program which bears the name of Secretary of State Marshall.

Senator Edward Martin, the state's favorite son candidate for the presidential nomination, had said in Chicago earlier last week that the "Marshall Plan in its present form is not the answer." Martin accused the State Department of "deal, doubledeals and double-cross deals."

But Duff, who will head Pennsylvania's 73-man delegation to the convention, disagreed. He told a Founders Day celebration at Temple University Saturday night that Marshall is "one of the most dependable public servants the nation has ever had."

Some politicians said they consider Duff's stand closer to the beliefs of Harold E. Stassen, the former Minnesota governor, than to those of either Taft or Gov. Thomas E. Dewey of New York.

# Robbers Looted Three Schools

Rutherfordton, Feb. 14 (AP)—Authorities in this section today were trying to determine whether three school robberies which netted a total of \$950 were pulled by the

same safecrackers.

The safe at the Rutherfordton-Spindale high school was entered late Tuesday night and \$800 taken. Shelby high school authorities reported that a safe there was found jimmied yesterday, and \$100 stolen. And about \$50 was reported missing from the Forest City high school.

# Well-Trained Arab Units Raid Jewish Villages

Jerusalem, Feb. 16 (AP)—Jews said hundreds of uniformed, well armed Arabs attacked three Jewish settlements early today in the Beisan Valley on the shores of the Jordan.

After a three-hour battle, military units joined the Jewish militia Hagana in turning back the Arabs with many casualties, the informants said.

The attacks started at 4 a. m. against Tirat Zvi, Sde Eliyahu and Ein Hantziv. First reports said a Jew was killed and another wounded at Tirat Zvi, an Orthodox community.

Jewish sources said the attack showed good planning. The Arab troops appeared to have been well trained.

The Arabs had spoken of Feb. 15

as a possible D-Day for the battle against partition, but Sunday passed without signs of an offensive.

# Colored News

The Household of Ruth Lodge will meet Tuesday night, February 17, if the weather is agreeable. All members and the candidates for initiation are expected to meet at 8 p. m.

Mr. Preston H. Brown left this morning for his home in Berkeley, California. He was called home for the funeral of his brother, Grant Brown, Jr.

# Top Films For "Oscar" Award Are Nominated

Hollywood, Feb. 16 (AP)—"Gentleman's Agreement" stands a chance of winning seven "Oscars" when the Academy of Motion Picture Arts and Sciences presents its annual awards March 20.

The picture, a 20th Century Fox production with anti-Semitism as its theme, and seven persons connected with it were nominated in seven categories yesterday.

More than 12,000 members of the motion picture industry participated in the preliminary nominating poll and ballots for final 1947 winners will be mailed to 1,933 members of the academy March 1.

"Gentleman's Agreement" was nominated for the best picture and its stars Gregory Peck and Dorothy McGuire, were named in the best actor and actress competition.

Others connected with the picture who received nominations were: Elia Kazan, for directing; Anne Revere and Celeste Holm, for supporting actresses; Moss Hart, for best written screenplay and Harmon Jones, for film editing.

Close competition is expected all the way down the line, however. Opposing "Gentleman's Agreement" for best picture are "The Bishop's Wife" (Samuel Goldwyn, RKO Radio), "Crossfire" (RKO Radio), "Great Expectations" (J. Arthur Rank, British) and "Miracle on 34th Street" (20th Century Fox).

For the best acting awards, Peck, John Garfield ("Body and Soul"), Ronald Colman ("A Double Life"), William Powell ("Life With Father") and Michael Redgrave ("Mourning Becomes Electra") were named among leading men.

Actresses competing for the coveted award for leading ladies will be "Smash-up, the Story of a Woman" (Loretta Young, "The Farmer's Man"), Miss McGuire, Rosalind Russell ("Daughter"), Susan Hayward Russell ("Mourning Becomes Electra") and Foa Crawford ("Possession").

# Dollar-for-dollar you get most value in a KAISER or a FRAZER!

The Kaiser and the Frazer make it easy to decide where your dollar goes farthest in a motor car. Because K-F's style leadership is so generally accepted, your investment in a Kaiser or a Frazer is protected against obsolescence — for years!

Take riding comfort. K-F's Gliding Ride — one of many advantages of 100% postwar design — goes unchallenged for smoothness and softness.

Take economy and performance; again K-F's up-to-the-minute engineering provides a matchless combination!

Take ease of handling and you'll find effortless mastery of control that you could never have known except in a car of postwar design!

Add up all these exclusive Kaiser-Frazer advantages, then take a good long look and a revealing demonstration drive! You will discover still more for your money's worth — the longer you look and the longer you drive! Come in! We are prepared to give you most in a new car — and most for the car you are driving now, whatever its year or make!

**THE PREMIUM IS YOURS — IN BEAUTY!**

**THE BONUS IS YOURS — IN ECONOMY!**

Own a Kaiser or a Frazer and you own a design that is years ahead! It means more pride of ownership now — and more protection for your investment in the future. K-F cars need no changes to bring them up to date!

When you first streak away in a Kaiser or a Frazer you'd never guess you were driving one of the most economical cars on the road! Take the trip you know best — and you'll find power and gasoline both to spare!

**THE EXTRAS ARE YOURS — ON THE INSIDE!**

**THE TIP IS FROM US TO YOU!**

Be seated, please — in a Kaiser or a Frazer. You'll find extra comfort in seats two inches more than five-feet wide! You'll find extra quality and distinction that will make you proud of upholstery and appointments.

Don't wait! You will never get more for your old car or more in a new car than you can get by trading for a Kaiser or a Frazer today! We are ready and eager to prove that dollar-for-dollar we will give you most value!

### Strength FOR THE DAY

**DIFFERENCES NOT SO GREAT**  
Miguel Cervantes, the Spanish genius who wrote Don Quixote, was a contemporary of William Shakespeare. In fact, they are believed to have died on the same date. We can be almost certain that neither one knew of the existence of the other. Shakespeare as a young man in London probably trembled with the rest of his fellow countrymen as the Spanish Armada approached the English coast; Cervantes, seventeen years Shakespeare's senior, was a government official who in Spain went about collecting money to outfit the Armada. Shakespeare looked upon Philip II of Spain as a monster; Cervantes regarded his monarch as a saint and looked upon England's Queen Elizabeth and her subjects as wretched heretics worthy only of the sword and ragot.

How wonderful these two men were—Cervantes, one of the world's greatest masters of prose; Shakespeare, the unmatched genius in the field of poetry. The outstanding characteristic of both was that they knew life and wrote about it. Could they have set down for a few hours together and have forgotten their national and religious differences, there is every reason to believe that there would have developed between them certainly an admiration and possibly a friendship. In spite of all their differences, they were alike at the core of their being.

### WASHINGTON LETTER

**WASHINGTON**—The seven women members of Congress are toasting their bouquets into the ring again this election year.

Margaret Chase Smith, Republican of Maine, elected to the House to complete her husband's unexpired term in June 1946, and re-elected to succeeding congresses, is out to capture a seat in the Senate.

She is competing against Horace A. Aldrich, the incumbent governor of Maine; Sumner Sewell, a former governor, and the Rev. Alvin F. Beverage, in the Republican primaries June 21.

Mary Norton of New Jersey, dean of women members of Congress and the first to be elected to Congress by the Democratic Party says she had wanted to withdraw from politics and get back into social welfare work.

But her supporters back home wouldn't hear of it, says Rep. Norton, who has been in Congress since 1925 and is now the ranking minority member of the House Committee on Labor. She says she guesses she'll stick it out for another term if elected.

Mrs. Edith Norton Rogers of Lowell, Mass., veteran woman member on the Republican side of the House, says she's also running for re-election and doesn't think she'll ever give up.

She was elected to Congress June 30, 1925, to fill the vacancy caused by her husband's death. Re-elected to all succeeding congresses, she is chairman of the House Veterans Affairs Committee.

Frances P. Bolton, of Ohio, elected in February 1940 to fill the unexpired term of her husband, and thrice re-elected, is a candidate for re-nomination in the primaries May 4.

Handsome Helen Gahagan Douglas of Hollywood, now serving her second term in Congress, expects to enter the Democratic primaries June 1. Former stage and concert star, she is the wife of screen actor Melvyn Douglas.

Mrs. Georgia Lusk, Democrat, New Mexico, first woman elected to Congress from her state, will also seek re-election. She is serving her first term.

5th Parcel: On the south side of 4th Street, between Oak and Ash Streets, located 57.5 feet easterly from Oak Street, being in shape a parallelogram, facing 57.5 feet on 4th Street, with a depth of 140 feet, the same being Lot No. 10 in Block "H" of Wilson Acres Subdivision, as shown by map of the same duly registered in Map Book No. 2 at page 204 of Pitt County Registry. The bidding on this parcel will begin at \$990.00.  
6th Parcel: On the east side of Ash Street, between 4th and 5th Streets, and beginning on the east side of Ash Street 177 feet northerly from the northeast corner of 5th and Ash Streets, and runs thence in an easterly direction, parallel with 5th Street, about 150 feet to the Brown Property; thence N. 18 E. with the western line of the Brown Property about 52 feet to the southeast corner of Lot No. 5 in Block "I," Wilson Acres Subdivision; thence in a westerly direction with the southern line of said Lot No. 5 in said block, parallel with 6th Street, about 163 feet to the eastern line of Ash Street; thence southerly with the eastern line of Ash Street, 50 feet to the beginning, the same being Lot No. 4 in Block "I" of Wilson Acres Subdivision, as shown by the map of the same duly registered in Map Book No. 2 at page 204 of Pitt County Registry. The bidding on this parcel will begin at \$825.00.  
7th Parcel: On the southeast corner of Ash and 4th Streets, being in shape a parallelogram, facing 60 feet on 4th Street and 127 feet on Ash Street, the same being Lot No. 6 in Block "I" of Wilson Acres Subdivision, as shown on map of the same duly registered in Map Book No. 2 at page 204 of Pitt County Registry. The bidding on this parcel will begin at \$835.00. After this parcel and the 8th parcel have been offered separately, the 7th and the 8th parcel will be combined and grouped together and offered as a unit as one parcel, the beginning bid on the two lots as a unit being the aggregate of the bids offered separately.  
8th Parcel: On the south side of 4th Street, between Ash Street and the Brown Property, located 60 feet easterly from Ash Street, being in shape a parallelogram, facing 60 feet on 4th Street, with a depth of 127 feet, the same being Lot No. 7 in Block "I" of Wilson Acres Subdivision, as shown by map of the same duly registered in Map Book No. 2 at page 204 of Pitt County Registry. The bidding on this parcel will begin at \$852.50. This parcel will be offered separately and then will be combined and grouped with 7th parcel, and both parcels offered together as a unit, the beginning bid for the two parcels as one unit being the aggregate of the bids offered separately.  
9th Parcel: On the north side of 4th Street, between Maple and Elm Streets, located 50 feet westerly from the northwest corner of 4th and Elm Streets, facing 60 feet on 4th Street and running back a depth of 115 feet, the same being Lot No. 4 in Block "K" of Wilson Acres Subdivision, as shown by map of the same duly registered in Map Book No. 2 at page 204 of Pitt County Registry. The bidding on this parcel will begin at \$1089.00. After this parcel and the 10th parcel have been offered separately, the 9th and the 10th parcels will be combined and grouped together and offered as a unit as one parcel, the beginning bid on the two lots as a unit being the aggregate of the bids offered separately.  
10th Parcel: On the north side of 4th Street and on the west side of Elm Street, facing 60 feet on 4th Street and 115 feet on Elm Street, the same being Lot No. 5 in Block "K" of Wilson Acres Subdivision, as shown by map of the same duly registered in Map Book No. 2 at page 204 of Pitt County Registry. The bidding on this parcel will begin at \$1205.00. This parcel will be offered separately and then will be combined and grouped with 9th parcel, and both parcels offered together as a unit, the beginning bid for the two parcels as one unit will be the aggregate of the bids offered separately.  
11th Parcel: On the south side of 3rd Street, between Elm and Oak Streets, located 115.2 feet easterly from Elm Street, being in shape a parallelogram, facing 57.5 feet on 3rd Street, with a depth of 115 feet, the same being Lot No. 10 in Block "L" of the Wilson Acres Subdivision, as shown by map of the same duly registered in Map Book No. 2 at page 204 of Pitt County Registry. The bidding on this parcel will begin at \$742.50.  
12th Parcel: On the north side of 4th Street, between Oak and Ash Streets, located 115.2 feet easterly from Oak Street, being in shape a parallelogram, facing 57.5 feet on 4th Street, with a depth of 115 feet, the same being Lot No. 3 in Block "M" of the Wilson Acres Subdivision, as shown by map of the same duly registered in Map Book No. 2 at page 204 of Pitt County Registry. The bidding on this parcel will begin at \$935.00.  
13th Parcel: On the southeast corner of Oak and 3rd Streets, facing 57.5 feet on 3rd Street and 115 feet on Oak Street, the same being Lot No. 8 in Block "M" of Wilson Acres Subdivision, as shown by map of the same duly registered in Map Book 2 at page 204 of Pitt County Registry. The bidding on this par-

cel will begin at \$665.50.  
14th Parcel: On the southeast corner of 3rd and Ash Streets, facing 57.5 feet on 3rd Street and 115 feet on Ash Street, the same being Lot No. 7 in Block "N" of Wilson Acres Subdivision, as shown by map of the same duly registered in Map Book No. 2 at page 204 in office of Register of Deeds. The bidding on this parcel will begin at \$715.00.  
All of said lots are being sold subject to curb and gutter and street pavement assessments where such exists, that is the purchaser assumes and pays the same in addition to the amount bid.  
All highest bidders will be required to make deposit of 10 percent of the amount bid to show good faith and guarantee compliance with bid upon confirmation of the sale by the court.  
This February 9th, 1948.  
JAMES L. EVANS, Commissioner  
Feb 10-23.

ly Registry. The bidding on this parcel will begin at \$1089.00. ### Educators Believe 'Selling' Of U.S. Democracy Best Way Attain Peace

Greensboro, N.C., Feb. 16—(AP)—The best way for the world to achieve permanent peace and economic stability is for the U.S. to demonstrate the workability of democracy and help spread it abroad.

This was the conclusion reached by a panel of six educators at Saturday's concluding session of the three-day Harriet Elliott Social Science Forum at the Woman's College of the University of North Carolina.

The sessions, held jointly with the seventh alumnae seminar, were devoted to the topic "The Current Social Crisis."

The final panel unanimously stressed the necessity of any recovery process preserving the freedom and dignity of the individual. However, there was some disagreement among the members as to the various methods that should be used by governments in helping the world recover from its current dilemma.

"Taking part" were Prof. Otto Klineberg of Columbia University, President Bryan J. Hovde of the new school for social research, New York; Prof. William F. Ogburn of the University of Chicago; Prof. Joseph J. Spengler of Duke; and Prof. Maynard Krueger, also of Chicago.

Questions of monopolies, socialism, unemployment, and industrial management were among the many discussed when the topic was narrowed down to "Is Industrial Capitalism Doomed?"

The panel members agreed that there will never be a time when society will not have capitalistic activities. The panel also agreed that Communism, "capitalism's extreme alternative," restricts human liberties and freedom of action and expression even more than some extremes of capitalism (fascism).

Several members said that government must necessarily take over an increasing number of services in the interest of public welfare.

### Ask For Chapter Of World Federalists At Wake Forest

Wake Forest, N. C., Feb. 16—A group of Wake Forest campus lead-

ARAB—Sheikh Yassin Bakri, commander of an Arab army in Jerusalem's old city which has put some 1,500 old city Jews under siege, looks grim during an interview in which he said "any who come to the walling wall come to death."

ers will soon petition the United World Federalists for authority to create a chapter at the alma mater of the movement's founder, Robert Leo Humber, of Greenville.

Mr. Humber will represent the Wake Forest petition in person at an executive meeting of the United World Federalists in New York this week.

Humber addressed the Wake Forest students at a recent meeting. He pointed out that politically the world situation is reducing itself rapidly to one of two alternatives; annihilation or survival, in suggesting the importance of such student chapters as the one here, he said that "youth is the base of the pyramid on which world peace can be built."

Marcel Humber, Greenville freshman, who is a son of Mr. Humber, was elected chairman of the group, while Barbara Blake, Lincoln Park, R. I., freshman was chosen secretary.

### Robeson Voters Await Hearing

Lumberton, N. C., Feb. 16—(AP)—Unofficial returns showed today that Robeson county drys had won their attempt to stop sale of beer and wine, but the wets planned to go into court next Monday and continue their fight to have the election declared illegal.

Superior Court Judge Leo Carr has ruled that the results are not to be announced officially until at least next Monday. That day he is scheduled to complete a hearing on an injunction obtained by the wets, who claim that the petition for the referendum did not meet legal requirements. In obtaining a temporary restraining order the wets had claimed the petition contained fewer than the required 15 per cent of the registered voters, that some signers had affixed their names more than once, and that minors were among those signing.

Unofficial results from 32 to the 34 precincts in the county showed that the drys had a five to one lead in a total vote of about 6,000. Reports from two outlying precincts, Saddletree and Smith's, were not expected until late today or Tuesday.

### H. V. Staton Died Sunday Duke Hospital

H. V. Staton, 63, civic, educational and business leader of Bethel, and for many years a member of the Board of Trustees of the North Carolina College for Negroes at Durham, died yesterday morning in Duke Hospital.

Funeral services will be held Tuesday afternoon at 3 o'clock at Bethel Methodist Church, conducted by the Rev. W. M. Howard, Jr., pastor, assisted by the Rev. J. O. Long of Plymouth and the Rev. J. R. Edwards of Roanoke Rapids, former pastors, and the Rev. L. D. Holt, pastor of Bethel Baptist Church. Masonic rites will be conducted at the graveside.

Among the honorary pallbearers will be the members of the Bethel Rotary Club, Board of Stewards of the Methodist Church and the Masonic Lodge.

He had been in declining health for several months and entered the hospital on his 63rd birthday.

Staton was a former president of the Farmers and Merchants Bank of Bethel and for a number of years was a member of the Pitt County Board of Commissioners, during which time he was chairman of the board.

He was the first president of the Bethel Rotary Club and one of its founders. He was a former superintendent of the Methodist Sunday school and was a steward of the Methodist Church. He was also an active Shriner.

He was born in Bethel February 13, 1885, son of the late William and Nancy Emma Ward Staton. He attended the Bethel School and later attended the University of North Carolina.

He was married to the former Novella Bunting on November 26, 1908, who survives with three daughters, Mrs. E. Murray Hodges of Norfolk, Va.; Mrs. Robert Weeks of Bethel, and Eleanor Ward Staton of Bethel; two granddaughters; one sister, Mrs. W. J. Carson of Bethel; one brother, V. E. Staton, Sr., of Greenville, and one half-brother, W. G. Keel of Oak City.

### J. T. (Tom) Evans Died Sunday Night

J. T. (Tom) Evans, 73, died Sunday night at 6 o'clock in Pitt General Hospital after being critically ill for 10 days.

Funeral services will be held at his home here Wednesday afternoon at 2 o'clock. Burial will be in the McLashorn family cemetery near Cox's Mill. Rev. C. L. Patrick, Free Will Baptist minister of Greenville, will officiate.

Mr. Evans was born in Pamlico County and came to Pitt County when a young man. He was a mem-

GEORGIAN—Sen. Richard B. Russell (above), Georgia Democrat, is one of the leaders among southerners in Congress who are opposing President Truman's call for civil rights legislation to knock down racial barriers in nation.

ber of Greenville Free Will Baptist Church. He was married to Mary McLashorn in 1894 and she died in 1929. Of this union, surviving are three sons, Harvey Evans and Bruce Evans of Greenville, and Robert Evans of Towanda, Ill.; four daughters, Mrs. Lula Evans of Norfolk, Va., Mrs. David Dixon, Mrs. Hollie Mills, and Mrs. Zula Williams, all of Greenville. In 1932 he was married to Mrs. Alice Stocks Jackson and she survives. Also surviving are 22 grandchildren, nine great-grandchildren; one brother, Robert Evans of Vandemere; one sister, Mrs. Della Boyd of Grimesland.

### Says Office Holders Show Most Concern Over Civil Rights

Birmingham, Ala., Feb. 14—(AP)—The "wide eyed" alarm in the South over President Truman's civil rights program "seems to be confined largely to office holders," Harry S. Ashmore, Arkansas newspaper editor, said here last night.

Ashmore, in charge of the editorial page of the Arkansas Gazette, spoke to a meeting of the Alabama Press Association here for its 77th annual convention.

The editor called for leadership among Southern newspapers in "solving the racial problems we have inherited" by supporting "any practical movement" to increase the ed-

ucational and economic opportunities of all the people of the South.

Colorado's 15 votes in the Republican presidential race.

Electrified Courthouse Clock—An electric motor now operates the clock in the courthouse tower, and the old stem-winding, ladder climbing days are over. The clock will run for two years without attention. An Ohio clock servicing contractor installed the new machinery.

### Taft Tries Luck With Colorado

En Route to Denver with Taft, Feb. 14—(AP)—Senator Taft (R., Ohio), a self-styled "true liberal," tried his political luck today with

Taft has given advance notice that he favors a super-duper air force. He has vigorously opposed universal military training.

### THERE OUGHTA BE A LAW!

St. Paul's Episcopal Church will sit in their pews and at exactly 11:32 1-2 a. m., the Presiding Bishop's voice will be heard, telling of the needs of war-devastated countries in Europe and Asia, and urging Episcopal Church members everywhere to accept their plain duty and privilege of helping these suffering millions. The same scene and the same message will be repeated in thousands of Episcopal churches all over the country at exactly the same time.

The Episcopal Church gave more than a million dollars in 1947 through the Presiding Bishop's Fund for World Relief, and it intends to raise the same amount or more in 1948. The entire new use of radio opens what is expected to be a very brief and highly successful campaign.

At the Sunday service February 29, when Bishop Sherrill's ten-minute address ends, the rector of St. Paul's Church, the Rev. Roscoe C. Hauser, Jr., will tell his people how they may have a part in this program of aid for the distressed, through the Presiding Bishop's Fund. At national Church headquarters in New York City it was stated recently that "Our 1,600,000 people can raise \$1,000,000 for the Presiding Bishop's Fund for World Relief IN ONE DAY if each parish and mission will do its share."

The radio address is "live" that is, it is given by Bishop Sherrill in New York at the time it is heard with the exception of some remote places where the radio hookup is impossible. In such instances, electrical transmissions and phonograph records will be used.

As Episcopal Church people are being told of the forthcoming event, and parish organizations are busily engaged in encouraging attendance it is expected that congregations will be extremely large, so that most members of the Church will hear the message. Certainly well over a million people, seated in Episcopal Churches will hear Bishop Sherrill tell of what he has seen personally in Europe, and what is the Church's task at this critical period in the world's history.

This is the first time radio has been used by any Church in such a way, to convey a message to its whole constituency at one time. Locally, in cooperation with radio station WGTC, the 11 a. m. to 12 noon on Sunday, February 29, will constitute an uninterrupted Episcopal Church Service, with the first thirty minutes of the broadcast originating in St. Paul's Episcopal Church, the next fifteen minutes coming through the Mutual Broadcasting System, and the final fifteen minutes of the hour coming from the local Church.

**LESIE T. DIXON PROMOTED TO CORPORAL IN AAF**  
Private First Class Leslie T. Dixon, United States Air Forces, son of Mrs. Ada Hill Dixon, Route 3, Greenville has been promoted to the grade of Corporal with Hd Sqd AACS Group at Hamilton Field, Calif.

Corporal Dixon enlisted in the Air Forces at Fort Bragg, N. C. October 30th, 1948 and was assigned from there to the Air Forces Aviation Technician School located at Keesler Field, Miss., graduating from there in August, 1947, the Corporal was assigned to flight service duty with the AACS at Hamilton Field, where he serves in the important capacity of Aviation Technician, is the maintenance of the military aircraft assigned to transport duty with AACS.

The 1940 census showed 18.45 per cent of all gainfully employed Americans to be in agriculture with 24.3 per cent in manufacturing.

**THIRTY-THREE YOUNG SIAMESE WOMEN** were recently "capped" as nurses at the Bangkok (Siam) Sanitarium and Hospital of the Seventh Day Adventist Church. Dr. Ralph P. Waddell, physician-in-charge. This was the first class since the war.

**PIE-FACED BANDIT**  
Detroit, Feb. 16—(AP)—Police are looking for a pie-faced bandit. The man tried to snatch Mrs. Charlotte Cloar's purse from under her left arm Sunday as she walked along a street. Mrs. Cloar swung with her right, in which she was carrying a pumpkin pie. "Whoa," gasped the bandit and ran.

Although the ancients apparently knew zinc as a separate metal, the knowledge seems to have been lost in the Middle Ages.

## Women IN THE CHURCH

To bring hope and encouragement to some of the world's 14,000,000 blind people, Miss Helen Keller, perhaps the most noted blind person in the world, will begin a round-the-world speaking trip to the Orient and the Near East, on March 26. She will be accompanied by her lifelong companion and interpreter, Miss Polly Thompson; by the Rev. Dr. Milton T. Stauffer, executive of the John Milton Society, under whose auspices the trip will be made; and by Mrs. Stauffer, R. N., former head of the Nursing School of the Shanghai hospital. The trip will mark the beginning of the world wide expansion of a society hitherto working only in the U. S. in producing Christian literature, in Braille. Countries to be visited are: Australia, New Zealand, China, India, Japan, Korea, Siam, Burma, Egypt, Lebanon, Palestine, Iran and Syria.

The U. S. Congress has approved a measure to provide (until June 30, 1948) \$176,000 for Seward Sanitarium, Seward, Alaska, for continuation of the hospital's service to tuberculous patients assigned by the Alaska Native Service. Before Congress approved the amendment, the staff of the Sanitarium, which is sponsored by the Woman's Society of Christian Service of the Methodist Church, witnessed the tragic return of dangerously ill patients to their homes due to the failure of the Appropriations Committee of Congress to allocate necessary federal funds for their hospitalization. Patients now are being returned to the Sanitarium.

"Women, as homemakers and mothers, play a tremendous part in the history of the world, for out of careful home training come those who accept public tasks with a truly cooperative spirit; who are honest in their efforts and fair in their dealings with others; who follow the true concepts of Christianity," says Mrs. James C. Parker, president of Campfire Girls, Inc. "Camp Fire Girls realize that any true character-building program must include emphasis on spiritual and religious training. This is particularly true of an organization, such as ours, which serves young girls—the future wives and mothers of tomorrow."

Thirty-three young Siamese women were recently "capped" as nurses at the Bangkok (Siam) Sanitarium and Hospital of the Seventh Day Adventist Church. Dr. Ralph P. Waddell, physician-in-charge. This was the first class since the war.

A great crater in northern Arizona is believed to have been formed by the fall of a meteor of an estimated weight of a million tons.

The Dominican Republic is a little smaller than West Virginia.

## Youngster Will Be Buried With His Boots On

Seattle, Feb. 16—(AP)—A blonde four-year-old cowboy will be buried Tuesday as he wanted—with his boots on.

For three months 20 doctors tried to save the life of the youngster, Lowell Lynn Elkins, son of Mr. and Mrs. Jack Elkins, Seattle. His illness was diagnosed as leukemia.

As a last resort radioactive phosphorus was flown here a week ago from the University of California. Two dosages brought no result.

Last Friday the tiny lad, who loved horses and the out-of-doors died.

His desire to be a cowboy grew during his brief life on his parents' stock ranch at Wilson Creek, Wash. On every possible occasion he wore his black suede chaps and vest, black and white boots, miniature six-shooter, green-plaid shirt and studded belt.

Lowell's last wish was that he be buried wearing his beloved cowboy suit.

**EARLY EXTRACTION**  
Memphis, Tenn., Feb. 16—(AP)—They didn't let Billy Hughes, Jr., keep his first tooth very long.

Billy was born at 2:54 o'clock yesterday afternoon. An hour later doctors extracted the tooth when they found it was loose.

A great crater in northern Arizona is believed to have been formed by the fall of a meteor of an estimated weight of a million tons.

The Dominican Republic is a little smaller than West Virginia.

## Aged Cardinal Dies Of Illness

Vatican City, Feb. 16—(AP)—Gennaro Cardinal Granito Pignatelli Di Belmonte, 96-year-old dean of the College of Cardinals of the Roman Catholic Church, died today.

The aged prince of the church who had known five popes in his lifetime, died at 10:13 a.m. (4:13 a.m. Est) in his simply furnished apartment in the historic Vatican Church of Santa Martha.

Somberly robed officials of the church stood quietly in the darkened room, lit only by tall tapers, as he breathed his last.

His death reduced the membership of the College of Cardinals to 60. Its full strength is 70.

Cardinal Pignatelli, second in rank only to Pope Pius XII in the hierarchy of the Church, was stricken with a bladder ailment last week. Because of his great age little hope had been held for his recovery.

Pope Pius visited him last Saturday and gave his blessing and a message of sympathy. Extreme unction also was administered Saturday. He fell into a coma last night.

The Prelate, as Prince of Belmonte, was a member of the Italian aristocracy. As Count of Capertino he held a place in the society of his native Naples before many of his brother cardinals were born.

## Warmer Outlook For Carolinas Says Weatherman

Warmer weather today and tomorrow was the weather man's prediction for North and South Carolina.

Partly cloudy weather was expected generally to prevail over both states.

In most places weekend rain and moderate temperatures removed the last remnants of last week's big snow and ice storm.

High minimum temperatures about the Carolinas today served as possible indicators that winter is waning. Towering Mt. Mitchell in Western North Carolina had a low of 21 degrees—the coldest weather reported in both states. But Asheville, with a minimum of 29, was the only major city in either state reporting a sub-freezing low.

## Pinetops Student Is Elected To Office

Wake Forest, N. C., Feb. 16—John Friday, Dallas center, was elected president of Phi Delta Omega, pre-legal fraternity, at a meeting of the organization this week.

Other newly elected officers are Robert Howren, Rome, Ga., sopho-

## Mass-Produced

(Continued from Page One) the story goes something like this: The industry was asked to do too much, considering its experience. It was like sending a boy on a man's job.

Shortages hit prefabricators worse than other builders. Materials must flow evenly to keep assembly lines going. House manufacturers lacked good contacts with suppliers.

Ancient city building codes often prevented use of new materials that might have helped prefabricators by-pass the problem.

Factory-made houses were supposed to be cheaper to buy. In practice they usually were not. The reasons:

1. It takes volume output to bring savings through factory methods. Prefabricators never got into volume.

2. High material costs plagued them as they did other builders.

3. House manufacturers didn't make enough of the house in the factory. The congressional committee found most produced around 60 per cent in their plants.

Costly items like plumbing, heating and wiring were left to the field. Building codes and labor union rules often were blamed for this situation.

4. Houses were sold through dealer-builders, who took their own profit on them.

# Phantoms And New Bern Play Tonight In Last Game At Home

## UNC Athlete Is Out For Olympic Berth Tryout

Chapel Hill, N. C., Feb. 16—Floyd (Chunk) Simmons, brilliant all-around track and field performer, has withdrawn from the University of North Carolina in order to concentrate on preparing for the Olympic tryouts.

The handsome Charlotte athlete, who holds an assortment of hurdle records and has distinguished himself in other phases of track, is shooting for either a high hurdle or decathlon berth in the international competition at London this summer.

His first activity will be in the national senior A. U. championship in Madison Square Garden next week. He will compete regularly in AAU and indoor events unattached, or affiliated with some athletic club.

Simmons' titles, earned while he was a member of the Carolina track team, include the national AAU junior 110 high hurdles, indoor and outdoor Southern Conference high and low hurdles. He was undefeated in dual competition last year in both these events.

He placed third in the national AAU decathlon last summer and was runner-up in the senior AAU 110-meter high hurdles, earning him a place on the AAU team that toured central and southern Europe in a pre-Olympics good-will tour. On that junket he was defeated in the hurdles.

Simmons' other specialties, besides the hurdles, are the javelin, high jump and broad jump. He is also adept at the other events that make up a track meet.

## 59-56 Victory

Employing a "fast break" offensive, Coach Jim Johnson's Baby Pirates continued their winning ways Saturday night at the expense of the Linsley Sports Team of Williamston, 59-56.

The Pirates, led by Jimmy Futrell, Johnny Smith and Baxter Grey, simply had too much steam for the star-studded Linsley five, who were led by the Goobert League stars, "Tero" Holliday, "Spit" Martin and Bob and Jack Young.

## Mermaid Takes Home Four Swim Championships

Beverly Hills, Calif., Feb. 16—(AP) Florde Suzanne Zimmerman of Portland, Ore., carried home today four titles of the Southern California AAU indoor swimming championships.

The 22-year-old speedster won the 220-yard backstroke and 150-yard individual Medley events last night to bring to four the number of championships she collected in three days of competition at the Multnomah Athletic Club's lone entry.

She edged out a former Portland teammate, Brenda Helsler, now of the Los Angeles Athletic Club, for individual honors by scoring 24 points, enough to give the Multnomah Club third place in the final team standings.

Explosives were first manufactured in Europe about 700 years ago today.

## Visitors At Peak, Locals Face Tough Scramble; Junior Teams Play Preliminary Game At 6:45

After being kept idle all last week by the severe weather conditions, Greenville High takes on the strong New Bern Bears in the local gym tonight at 8:00 p. m. A preliminary game between the Junior teams these schools will get underway at 6:45 p. m.

At the beginning of the season the Bears were picked by many to place first in the loop. They started slowly but have now reached their peak and the Phantoms will have to be at their best if they expect to come out on top. New Bern is led by Russell a tall, high scoring center, who has made life miserable for all opponents during the season. Greenville will bank on Perkins and Allgood, high scoring forwards and a "fast break" offense that they have used to advantage all season. Lack of height has caused the Greensies most of their trouble all season. Good floor play by Cox, Sawyer, Farley and Minshew have enabled the Phantoms to push the leaders all season.

Tickets that were sold for a triple header last Wednesday night will be good for the game tonight. Due to the number of games that will have to be made up no date could be arranged for the games that were to be played for the "Score-board Fund."

## Harvard Signs New Coach To Succeed Harlow

Cambridge, Mass., Feb. 16—(AP)—The herculean labor of restoring ancient Harvard to its once lofty intercollegiate football peak has been placed on the shoulders of 32-year-old Art Valpey, who has had but three years of varsity coaching experience as an assistant at the University of Michigan.

Valpey's acceptance of a three-year contract as successor to the veteran Dick Harlow, who resigned because of ill health two months ago, was announced last night by Athletic Director William J. Bingham. The salary terms were not disclosed.

"After long and careful examination of numerous candidates, I am convinced that Arthur Valpey has a sound background of football and the necessary force and enthusiasm to put over this knowledge to young and eager football players," Bingham said.

The crimson athletic director added that Valpey was highly recommended by Fritz Crisler, Michigan athletic director and head football coach.

Last Friday Bingham submitted the names of two others of the 50-odd who applied for the Harvard gridiron vacancy.

The nine-man committee on the regulation of athletic sports, which has final say on all coaching appointments, voted unanimously for Valpey, who now becomes Harvard's second non-graduate coach since 1881.

## Quadruplets Are 'Doing Fine' On Second Day

Lafayette, Pa., Feb. 16—(AP)—The Zavada quadruplets—three girls and a boy whose coming was forecast by X-ray last November—entered their second day of life today, apparently "doing just fine."

The babies not expected until April were delivered by cesarean section yesterday to Mrs. Barbara Wannan Zavada, 26-year-old wife of a metal works inspector.

The four infants, weighing a total of 11 1/2 pounds, were born within five minutes while their father, Andrew, 35, mopped his brow in the waiting room of the Lathrobe General Hospital.

A half hour after the babies' birth Father Theodore Hodobay of St. Mary's Greek Catholic church came to the hospital to christen the children John Michael, Bernadette Elizabeth, Barbara Rose and Anna Mary.

# Catawbe Cagers Again Take Lead

## ECTC In Three-Way Tie For Fourth Place In North State Race

Greensboro, N.C., Feb. 16—(AP)—The weekend battles in the North State Conference race put the Catawba Indians on top of the heap again.

The Indians climbed back into first place on one victory and an assist from High Point's Panthers. Catawba whipped Lenoir-Rhyne, 59-50, while High Point was collecting a 54-48 decision from Appalachian State, the league leaders.

Appalachian slipped into second place and Elon, with six consecutive loop victories, is right behind. The Christians whipped Western Carolina Teachers by 46-37 Saturday night for their sixth straight win, capping a drive which sent them up from seventh place in the league.

East Carolina Teachers, briefly in the lead a week ago, is currently tied with Lenoir-Rhyne and High Point for fourth place, and Guilford is right behind.

Atlantic Christian took time out from conference competition to whip Norfolk, Va. Naval Training Station, 70-55, Saturday night.

The scramble continues this week with 12 league games on the card. Catawba and Western Carolina tangle at Salisbury in the only game scheduled for tonight.

Here's the rest of the schedule for the week:

Tuesday—ACC at Guilford, Elon at High Point, Catawba at Lenoir-Rhyne.

Wednesday—ACC at WCTC, Lenoir-Rhyne at Appalachian.

Thursday—Guilford at High Point, Elon at ECTC, Atlantic Christian at WCTC.

Saturday—Guilford at Elon, Catawba at Appalachian, Lenoir-Rhyne at High Point, Lynchburg at ACC.

The blonde ballarina completed her "grand slam" of titles yesterday by retaining her world's championship in competition with 29 artists from eight countries.

Previously she had captured the coveted winter Olympics and European crowns.

Three volcanic lakes on the island of Timor are respectively sapphire-blue, opaque turquoise and garnet-red due to chemicals in the waters.

Lightning sometimes literally explodes parts of a tree by turning the moisture in wood cells to steam.

Los Angeles, Feb. 16—(AP)—A wheelchair basketball team of paraplegic combat veterans appealed to President Truman today to "come to our rescue" by permitting three Army hospital staff members to accompany them on a cross-country exhibition tour.

The tour, the veterans said in a telegram to the President, faces cancellation unless a doctor, a coach and a trainer from Birmingham Hospital at nearby Van Nuys are authorized to go along. The veterans said appeals to Veterans Administration officials in Washington for such authorization had been turned down.

The team had planned to compete against other teams in reguention basketball games, played from wheelchairs. The first game is scheduled at Denver next Wednesday and others during the proposed 14-day airplane tour are scheduled at Kansas City, Chicago, Buffalo, Boston, New York, Washington, Richmond, Cincinnati and Memphis. The tour is sponsored by Los Angeles newspapers and radio stations.

## Wheelchair Cage Team Games Face Sudden Let-Down

Los Angeles, Feb. 16—(AP)—A wheelchair basketball team of paraplegic combat veterans appealed to President Truman today to "come to our rescue" by permitting three Army hospital staff members to accompany them on a cross-country exhibition tour.

The tour, the veterans said in a telegram to the President, faces cancellation unless a doctor, a coach and a trainer from Birmingham Hospital at nearby Van Nuys are authorized to go along. The veterans said appeals to Veterans Administration officials in Washington for such authorization had been turned down.

The team had planned to compete against other teams in reguention basketball games, played from wheelchairs. The first game is scheduled at Denver next Wednesday and others during the proposed 14-day airplane tour are scheduled at Kansas City, Chicago, Buffalo, Boston, New York, Washington, Richmond, Cincinnati and Memphis. The tour is sponsored by Los Angeles newspapers and radio stations.

## 1,500 Sailfish Caught In Derby

West Palm Beach, Fla., Feb. 16—(AP)—Approximately 1,500 sailfish were boated during the eleventh annual sailfish derby which ended here yesterday, officials reported.

More than 75 per cent of them were released.

Of the total, 21 measured eight feet or more. The longest was eight feet five inches. It was landed by Eugene Dillahun of the Bronx, N. Y.

## Durochers Married In Second Ceremony

Santa Monica, Calif., Feb. 16—(AP)—Garrulous Leo Durocher of Brooklyn and Film Actress Laraine Day are legally Mr. and Mrs. Durocher in California today.

They were married for the second time last night. Mormon Bishop William Brown performed the ceremony in the presence of relatives only.

## COLTRANE TAKES OFFICE

Raleigh, N.C., Feb. 14—(AP)—D. S. Coltrane was sworn in as commissioner of agriculture at a ceremony in Governor Cherry's office today.

# Pirates Home For Three Game; Thrift Top Scorer

By JACK HEDGEPEETH

The ECTC Pirates, back home after battling through a rough western jaunt, are preparing for a three game slate which sends them against William and Mary Wednesday, Elon Thursday and Erskine Saturday. All games are scheduled for 8 o'clock in Wright gymnasium.

On the week-long western trip, the Pirates were able to get only one win in four starts, but that win gave them a record of four wins against the like number of defeats, good for fourth place in the North State conference standings.

The latest figures released by Frank Hogg, ECTC statistician, show that Roger Thrift, freshman forward, is leading the Pirates in conference scoring. Thrift has racked up 96 points in 8 conference games for a 12 point average, to stay ahead of Charlie "Bill" Moyer who has scored 84 points in eight games for an average of 8 points per game.

Thrift's ability at the charity line has been outstanding, compiling 16 out of 21 free tosses for an average of 76 percent. Jack Everetton leads in individual conference game scoring with 21 points against Lenoir Rhyne, while Charlie "Bill" Moyer hit for 24 against William and Mary in a non-conference tilt. In all games played, C. B. Moyer has scored 216 points for an average of 11.4 percent per game, while Thrift has hit for 180 for a 9.5 percent average per game. Larry James, limited to action because of sickness, has scored 106 points for an average of 8.2 percent, to share runner-up honors.

## Two Rookies Are Signed For Club

Two more rookies at the Bartow Baseball school in Bartow Fla., which is under the supervision of George Stirnweiss, have been signed to a Greenville contract, according to Bob Doty, business manager and president of the Greenville club. The two boys signed are Donald Reo, an infielder from Pittsburgh, Pa., and the other is Kermit Schmidt, a right-handed pitcher. That brings to a total of six rookies and one limited service player signed at the Florida school.

Business Manager Doty also announced that he had sold Bill Lynch second-sacker of the Greensies last season, to the Geneva Club in the Alabama State League. Lynch at the present time is attending the Bartow Baseball School and incidentally is the only Greenie down at the camp at the present time.

# Mr. Doty Stated That Jerry Chitty Came Down For A Few Days But Returned Right Away To Complete His High School Studies.

Mr. Doty stated that Jerry Chitty came down for a few days but returned right away to complete his high school studies. "I don't expect that he will even train with us this year as he doesn't finish until about April 12th. Bill Phebus, Greenville's playing manager, went over his training program with him, and I believe he will be in good shape by the time we reach Greenville, and be ready to go by the time the season opens," stated Mr. Doty.

Mr. Doty stated that the school was going great and that already the school has signed sixty-six boys to major and minor league contracts. He also stated that Harry Soufas, New Bern's manager, was down at the school looking over the situation, and that Soufas had signed a couple of players for the Bears.

## 'Grand Slam' In Skating Titles

Davos Platz, Switzerland, Feb. 16—(AP)—Pretty, 18-year-old Barbara Ann Scott of Canada is now undisputed queen of amateur women figure skaters.

The blonde ballarina completed her "grand slam" of titles yesterday by retaining her world's championship in competition with 29 artists from eight countries.

Previously she had captured the coveted winter Olympics and European crowns.

Three volcanic lakes on the island of Timor are respectively sapphire-blue, opaque turquoise and garnet-red due to chemicals in the waters.

Lightning sometimes literally explodes parts of a tree by turning the moisture in wood cells to steam.

For HEADACHE CAPUDINE LIQUID CAPUDINE

Capudine relieves headache fast because it's liquid. Its ingredients are already dissolved—ready to begin acting on the pain. It also soothes nerve tension due to the pain. Use only as directed. 10c, 30c, 60c.

It's a man's life!

Do you know whether you've got what it takes when the chips are down? There's one good way to find out just how much of a man you are. Enlist in the U. S. Army as a combat soldier. That's tops—the spearhead of the Army's manpower. The world's best training for manhood is in the Infantry, Artillery and Armored Cavalry. Once you've made the grade in those hard-hitting services you'll know what you've got. You'll have firm confidence in your own abilities and resources.

It's a proud feeling to be able to say "I'm a U. S. Army Soldier." There's no more honored title anywhere than that. It stands for the finest fighting man on earth.

The work of a combat soldier isn't easy or soft. But it's vitally important to the peace and security of America. There's satisfaction in it. There's good pay—better than in most civilian jobs. There's the opportunity for excellent training in a wide variety of valuable trades and skills. And there are other things money can't buy—such as rugged, clear-eyed health and the lasting comradeship of real men.

If you're 18 to 34 years old (17 with parents' consent), physically sound and mentally keen—if you'd like to prove to yourself that you measure up as a man—talk over the Combat Forces at your nearest U. S. Army and U. S. Air Force Recruiting Station today!

CAREERS WITH A FUTURE U. S. Army and U. S. Air Force U. S. ARMY SUB-STATION, MUNICIPAL BUILDING, GREENVILLE, N. C.

### Civic Leaders Discuss Youth

### Field Of Non-Instructional Work For Teachers Explained

Opportunities afforded the prospective teacher for experience in working with young people outside the school were discussed by representatives of various city agencies before student teachers and supervising teachers of East Carolina Teachers College last Friday afternoon. Approximately fifty people were present for the meeting in the Education building on the campus. Dr. J. L. Oppelt, director of stu-

dent teaching and placement at the college presided and explained that the program was planned to acquaint students with non-instructional activities ordinarily performed by the teacher in a community. Those taking part in the panel and the organizations which they represented were Mrs. E. L. Henderson, the Girl Scouts; Wyatt Brown, the Boy Scouts; K. T. Futrelle, the Department of Public Welfare; the Rev. Ralph Johnson of the Pentecostal Holiness Church, the Ministerial Association of Greenville; Mrs. Vance Perkins, the city Recreation Commission; and Judge J. W. H. Roberts, the Juvenile Court. Judge Roberts pointed out that children become delinquents usually because of bad conditions in the home and a lack of educational opportunities and said that something should be done for youths before they are involved in difficulties requiring legal action. He told of cooperation between the Juvenile Court and the Welfare Department,

### Flood Warning

A crest of 19 feet of the flood in Tar River is expected to reach here Friday, Mrs. B. T. Clark, observer here for the U. S. Weather Bureau, announced today. The river here at 8 a. m. today was at the 15.8 foot level and steadily rising. A crest of 11 feet is expected at Rocky Mount Friday, and 36 at Tarboro the same day. The Weather Bureau issued a warning for farmers and others to get livestock out of low-grounds at once. Unusually heavy rain and snow here and at upstate points is sending an unusual volume of water towards the sea, and all Eastern Carolina streams are flooding.

The work of which was outlined by Mr. Futrelle. Other speakers pointed out opportunities for service by teachers in the church and in various recreational and instructional programs.

### Anti-Reds Lead In Italian Vote

Rome, Feb. 16—(AP)—Anti-Communist candidates led extreme leftists today in early returns from a local election at Pescara. The voting Sunday was viewed as an important test before Italy's general election next April. Partial returns reported to the ministry of interior gave candidates of anti-Communist political parties a combined vote of 4,353 and Communist-led "popular front" candidates 3,156. A mayor and city council were elected.

### School Support Found 'Unequal'

Washington, Feb. 16—(AP)—The National Education Association said today school support is "grossly inadequate" and schooling opportunities "shamefully" unequal. An association survey reported that school boards face "almost insuperable financial problems," because they have 20 per cent less buying power than before the war. Willard E. Given, the NEA's executive secretary, noted that bills are pending in Congress to give \$500,000,000 in federal aid to needy school districts. But Dr. John K. Norton, one of the survey leaders, estimated it would cost about \$600,000,000 a year to bring per-pupil expenditures in all states up to at least \$99, the current mid-point for the nation as a whole. "The educational crisis is still exceedingly severe," Norton told reporters in discussing the survey this public today. He pointed to these chief findings:

- 1. While in the United States as a whole spending per pupil increased an average of 66 per cent between 1940 and '47, it should have gone up 86 per cent for schools to hold their own.
- 2. Poor schools made the largest percentage gains in per-pupil expenditures but they still are operating at "poverty levels of support."
- 3. Enormous educational inequalities continue to exist, both within individual states and among the states.

### Reject Demand Immediate Entry

Washington, Feb. 16—(AP)—The Supreme Court today refused to order a Negro woman admitted at once to the all-white University of Oklahoma law school. The court issued an order rejecting a demand by Mrs. Ada Lois Sipuel Fisher for immediate admission as a student. The court's order said that the case was in the hands of the Oklahoma state courts and that the Oklahoma courts must rule on the case before the Supreme Court could take any further steps.

### Railroads Get Increased Fares

Washington, Feb. 16—(AP)—The Inter-State Commerce Commission today authorized 96 more railroads to raise basic passenger coach fare 13.63 per cent. The authority was given 86 lines generally operating west of the Mississippi river, and to 11 in the southern states. On five days notice to the public, they may hike basic one-way coach fares from 2.2 cents to 2.5 cents a mile, make proportionate increases in round-trip rates, and increase the minimum coach fare from 10 to 15 cents.

### Marines Set Up In Post Office

Two Marine recruiting sergeants arrived in Greenville today and set up a temporary office in the Greenville Post Office building. They will be on duty here through Feb. 21. Enlistments of young men between the ages of 17 and 29 in the regular Marine Corps, and men between the ages of 17 and 32 in the "Citizens" Marine corps reserve, are being sought. Eligible young men, with or without prior military service, who are interested in becoming a member of either service are invited to visit their office for any information they might desire.

### Dr. Ellen Winston Is Council Speaker

Dr. Ellen Winston of Raleigh, North Carolina commissioner of welfare will be the speaker at a meeting of the Greenville Parent-Teacher Council at the High School library Thursday night at 8 o'clock. She will discuss recreation and outline plans for providing a convenient place and suitable leader for the boys and girls after school hours. Mrs. E. O. Parkinson, council president, will preside. Parents are invited to attend the meeting. The Parent-Teacher Council, or-

### Time In Its Flight Turns Backwards At Flower Shop

An electric clock at Tyson's Flower Shop, 423 West Fourth street, started running backwards, last Friday, the 15th, and continued to "run wind" for about 24 hours, until Mrs. Ray Tyson administered first aid—mechanical aid—to start the time-piece, on a Friday the 18th, caused some uneasiness for a time. It developed that when the fire alarm was sounded for the fire at Curtis Perkins Store on Evans street early Friday the electric lights flickered several times. It was then, Mrs. Tyson said that the timepiece got in reverse gear to turn time backwards in its flight just for a day.

### Iraqi Council Studies Appeal

Baghdad, Iraq, Feb. 16—(AP)—The council of ministers considered today an appeal from President Truman that Iraq use its influence to calm the situation in Palestine. Minister of Education Mohamed Ridha Al Shabibi told a reporter the United States government "should from her side exert an effort to calm the situation in the Middle East areas."

### Charge Soviet . . .

(Continued from Page One)  
George C. Marshall. The military governor's report covering U.S. zone activities through December, also observed that:

- 1. German disarmament and demilitarization in American-occupied territory essentially has been completed.
- 2. Demilitarization is on its last lap. Only five per cent of chargeable cases still are to be wound up.

# URGENT NOTICE To All Gas Customers

Due to an acute shortage in Propane from which your gas is produced, it is highly possible that Greenville will be without gas within the next few days, unless a very strict conservation of gas is observed by every gas consumer.

Every possible effort is being made to maintain service but due to a nationwide shortage of all petroleum products, of which Propane is one, this is a most difficult and uncertain task.

It is not practical to supply gas to the various sections of the city periodically to conserve the dwindling supply, so we must depend on you, as individual customers, to limit your use of gas to an absolute minimum. When the gas supply is exhausted everyone will be without gas simultaneously.

You gas consumers can help to avoid the distress circumstances which would result from the complete exhaustion of the remaining gas supply, by observing these suggestions:

1. Cut your cooking and hot water requirements to an absolute minimum NOW.
2. Do not under any circumstances use your gas range as a source of heat or to supplement your regular source of heat.
3. Residences and business places using gas for heating, carry just as low temperature as possible during the day, and at the very lowest point at night. Eliminate all the space being heated that you can — that is, extra rooms, etc.
4. Use gas in all respects as sparingly as possible, cut out all unnecessary equipment or any equipment you can do without.

You have always been most cooperative in emergencies and again you are urged, and we shall expect and appreciate your full cooperation. In doing so, you will be helping to avoid human suffering.

## Greenville Utilities Commission
