New Tax Cut Fight Breaks Out Over ERP Bookkeeping

Republicans Insist Way Now Clear For Passage Of Tax-Cutting Bill; Administration Planned Current Budget Surplus For Nat'l Debt

Washington, Feb. 18—(AP)—A new tax cut fight broke out in the Senate today over the idea for shuffling Marshall Plan bookkeeping.

Republican fiscal leaders insisted the way is now clear for passage of a tax cutting bill this year.

But they ran into an argument from Senator Byrd (D-Va.) and other lawmakers.

The Republicans based their optimism on the plan approved by the Senate Foreign Relations Committee to spread the first-year cost of the European Recovery Program over two government bookkeeping years.

The committee earlier had figured that cost at \$5,300,000,000 for the 12 months starting April 1.

Briefly, the plan is this: Three billion dollars would be set aside for the Marshall Plan out of the surplus the government expects to have on hand when the present fiscal year ends June 30.

The Administration figures that surplus at \$7,500,000,000. It also figures that the surplus next year, that is, on June 30, 1949, will be only \$4,800,000,000.

So, by charging \$3,000,000,000 against this year's books, Congress can point to that much more in next year's budget for government spending debt reduction and tax cutting.

The whole thing is a paper proposition. The actual amount of money involved would be the same.

Senator Millikin (R-Colo.), chairman of the tax-writing Senate Finance Committee, sponsored the plan. He said it will improve chances for tax cutting. And he added the Senate will take up a tax cut bill as soon as it gets the Marshall Plan out of the way. That will be sometime next month.

The House already has passed a bill to cut taxes \$4,500,000,000 a year. Millikin's committee plans to start hearings on this bill Monday. It may raise the measure to \$4,500,000,000 or \$4,000,000,000 in a bid for the Democratic support needed to override an expected presidential veto.

Meantime, the Senate was scheduled to open debate today on a related measure. It pledges the Republican-controlled Congress to try to hold federal spending in the next fiscal year to \$37,200,000,000.

That would top \$2,500,000,000 off President Truman's original budget estimate. But Republicans figure the spending ceiling they plan would save more than that, because there have been new expense items since Mr. Truman submitted his estimate.

'Incompatible'

Kassel, Germany, Feb. 18—(AP)—Because he doesn't believe in being a citizen of any country, Henry Martin Noel, Jr., former Harvard student, is living in this bomb-ruined German city.

Noel, 27, renounced his American citizenship to live as a laborer in Germany's thin, post-war economy. Noel entered the American occupation zone of Germany last September after working in France with the U. S. aid to France commission.

He said today he renounced his American citizenship because of his "one world" ideals.

"National interests are incompatible with humanity," he said.

Stamp 'Rush' On Rent Legislation

Senate Republicans To Press For Quick Vote To Extend Law

Washington, Feb. 18—(AP)—Congress stampede "rush" today on legislation to keep rent control alive.

The present rent law dies a week from Sunday.

Senate Republicans agreed at a policy meeting to press for a quick vote on extending the law in modified form no less than a year.

But Rep. Wolcott (R-Mich.) said it is "improbable" that a long-term continuation can clear all hurdles by the February 29 deadline.

Wolcott is chairman of the House Banking committee which handles rent control matters. He told reporters a 30-day stopgap extension probably will be voted first.

The Senate is due to take up a 14-month extension bill on Friday. Wolcott said the House may "take a look" at the Senate bill next week.

Wolcott's committee has approved a bill to extend the present law for 30 days. It told the House it wants time to see what the drop in commodity prices might do to the rent question, if anything.

The bill the Senate takes up Friday would:

1. Continue controls through April 30, 1949.

2. Extending through Dec. 31, 1949, the present authority for rent boosts up to 15 per cent, when voluntary lease agreements were reached between tenant and landlord. However, there could be no new increases on top of 15 per cent hikes arranged under the expiring law.

3. Provide for increases if landlords could prove they were operating without profit.

4. Remove ceilings from houses and apartments renting for \$225 or more a month.

5. Also decontrol rents on rooms in private houses.

40,000TH TAR HEEL

Port Bragg, N.C., Feb. 18—(AP)—The 40,000th North Carolinian to enlist in the Army since the current recruiting drive began on October, 1945, is William T. Owensby, 18, of China Grove. Pvt. Owensby was sworn in today.

De Valera Appears Out As Parliament Gathers

Dublin, Feb. 18—(AP)—Eamon De Valera, the head of Eire's government since 1932, appeared to be through today, as Parliament met to elect a Prime Minister.

John A. Costello, former Attorney General and a leader in the Fine Gael (United Irish) party, is a heavy favorite to be the new Prime Minister. The 56-year-old Dublin attorney is the choice of a five-party

anti-De Valera coalition.

Even De Valera's aides in his own Fianna Fail (government party) privately conceded his defeat.

Fianna Fail is six votes short of the necessary 74-seat Dail (Parliament) majority, having lost its majority in the Feb. 4 General elections.

De Valera had expected to recoup his party and independent votes.

But the gaunt, New York born Prime Minister's hopes were dashed last night when five national labor party deputies suddenly switched to the anti-De Valera Coalition.

Costello supporters said he would get 67 votes of the combined opposition parties plus enough independent votes to give him a majority. There are 12 independents.

Principal opposition seemed to grow from resentment at De Valera's long term in office. De Valera opposed a coalition government in his campaign speeches. He said then he would resign if his party did not get a majority.

Bandits Invade Home Of Socialite; Take \$40,000 In Valuables

Philadelphia, Feb. 18—(AP)—Caleb F. Fox, Jr., socially prominent Philadelphia banker and sportsman, was robbed of \$40,000 in valuables by four masked bandits who invaded his home in suburban Rydal last night, police reported.

The robbers herded the seven persons in the house into a bedroom, tied them up with strips torn from bed sheets and left them there while they ransacked the house.

They found mink and beaver fur coats, diamond and sapphire bracelets, rings, necklaces and watches valued by Fox at around \$25,000. They also took silverware and other valuables which Fox estimated would run the total to nearly \$40,000.

Hagana Doubles Fighting Force For Onslaught

Describe Current Arab Attacks As 'Feints'; Claim Defenses Ready

Jerusalem, Feb. 18—(AP)—Hagana's shock troop striking force has been doubled in the past two months to at least 10,000 men, a staff officer of the Jewish outfit said today.

Full armored units are being prepared to support attack rather than defense.

The officer said Arab attacks to date had been only feints. He added that no onslaught is expected any time soon which would force strategic abandonment of territory allotted by the United Nations to the Jewish state.

Hagana expects Arab attacks on three fronts: against Jewish settlements of Galilee in the north, against the Gaza-Neger area in the south, and against the central coastal stretch in an attempt to separate Tel Aviv and Haifa.

"We are fully aware of the strategic weaknesses of the frontiers of the state established by the United Nations," the officer said. "It has therefore been the job of Hagana to examine these frontiers in view of the likely Arab attack and find the weak places and those likely to bear the brunt of a full scale attack."

"Hagana works on the assumption that so far, the Arab attacks have been very preliminary—only armed reconnaissance. Our defense of the area so far has been sufficient in relation to what has happened on the Arab side."

Asked whether Jews hope to be able to hold all the territory annexed by the United Nations, he replied: "It is the general decision that in the present phase and in the immediate foreseeable future, there will be neither any need nor reason to contract our frontiers nor abandon territory."

Announce Arrest For Deportation

Washington, Feb. 18—(AP)—The Justice Department today announced the arrest for deportation of Beatrice Johnson, described as a promotion manager for the New Masses, New York weekly publication.

The department said Mrs. Johnson had long been active in the Communist party in this country, and that she lacked citizenship.

She was taken into custody under the immigration laws providing for the exclusion of aliens who belong to groups advocating the violent overthrow of the United States government.

"Fiddlin' Bill" Tells How He Killed In Defense

Asheville, N.C., Feb. 18—(AP)—"Fiddlin' Bill" Hensley, a scrawny little old man of the mountains, told a superior court jury today how he killed a man in his cabin Jan. 12.

The 75-year-old, white-mustached violinist testified at his murder trial that he blew the head off of Clarence J. Harwood, 26, with a shotgun as a matter of self defense.

Hensley, widely known as a champion fiddler, said he and Harwood had been drinking liquor and that the younger man beat him about the floor of his cabin in Sleepy Gap in southern Buncombe County.

Hensley said Harwood shot at him four times with a pistol, but missed. When he was able to struggle loose from the young man's grasp, he said, he got a shotgun and killed him.

Reflector Subscription Rate Will Increase March First

Subscribers Will Be Permitted To Renew At Present Rates Between Now And That Date

Beginning March 1 the subscription price for The Daily Reflector will increase to \$8.00 per year for all paid in advance mail subscriptions and subscriptions within the city of Greenville.

The present 30 cents per week carrier delivery price will not be affected at this time by the increase. The privilege of renewing for one year at the present rate is extended all subscribers until the new rate goes into effect March 1.

The rate increase is necessary because of greatly increased production costs in every department of the newspaper together with the addition of new features and wider news coverage.

The overall increased costs of producing the newspaper are far greater in proportion than the proposed increase in subscription rates but it is the desire of the management to hold subscription prices to the minimum in order to make the paper available to every income group in Pitt County.

Under the new schedule of rates a year's subscription will be \$8.00; six months, \$4.25; three months, \$2.25.

Wallace Triumph Stuns Observers

Unexpected Election Results In New York Upsets Politicos; Isaacson Strongly Backed By Wallace And Supporters

New York, Feb. 18—(AP)—The smashing, unexpected triumph of a Henry A. Wallace-backed American Labor party candidate in a special Bronx congressional election handed Democratic party leaders a severe jolt today.

Third party strategists, on the other hand, were elated. Wallace himself, in Tampa, Fla., on a speaking tour, declared: "This proves that the so-called third party can become the first party in 1948."

Leo Isaacson, the ALP nominee, captured yesterday's 24th District contest easily by rolling up more votes than his three opponents combined.

The victory, and especially its size, was amazing to political observers who had eyed the election closely for a hint as to presidential candidate Wallace's power to win votes in the national campaign this year. The Democratic candidate was expected to win handily, since the 24th District has sent members of that party to Congress for years.

New York State Democratic leaders were sharply interested, not only in Wallace's effectiveness but in the strength of the ALP, an important factor in politics in the state for several years.

Several large labor unions dropped out of the ALP last month after it endorsed Wallace's presidential candidacy. In 1944, the party provided more votes for President Roosevelt than his state-wide margin over Gov. Thomas E. Dewey in the battle for New York's 47 electoral votes.

Isaacson, a 38-year-old attorney who will become the second ALP member of Congress, won 22,697 votes. Karl Propper, Democrat, got 12,578; Dean Alfano, Liberal party, 3,840; and Joseph De Nigris, Republican, 1,482.

Wallace campaigned strongly for Isaacson in the battle, assailing particularly policies of the Truman administration with respect to Palestine. The Bronx district has a heavy Jewish population.

ALP orators also appealed to Puerto Ricans in the district by attacking administration actions affecting their native land.

The district is in the stronghold of Edward J. Flynn, Bronx County Democratic leader and former party chairman, who put his organizations solidly behind Propper.

Mayor William O'Dwyer and Mrs. Franklin D. Roosevelt spoke in the district for the Democratic candidate. O'Dwyer in his talk tendered an olive branch to Wallace, inviting the former vice president back into the Democratic party. Wallace spurned the bid and committed the Democrats were "scared to death."

Claims UMT Bill Being Sabotaged

Congressman Accused Of Maneuvers To Prevent Vote In The House

Washington, Feb. 18—(AP)—Henry A. Wallace's successful raid on a Democratic stronghold in New York made grim news for party leaders in the capital today.

Few of them were pretending to laugh off the third party candidate for President any more.

To some Wallace has begun to look like the difference between winning and losing New York's 47 electoral votes next November.

Even those who discounted his showing as a vote-puller in yesterday's special congressional election in the Bronx agreed on one thing: The situation calls for an all out attempt to pull warring Democratic factions together, plus a supreme effort to get out the party vote in the Presidential election.

If the news from New York means that Wallace is going to get a big piece of the American labor party vote it is enough to give any good Democrat the chills.

In 1944 Franklin D. Roosevelt carried New York State over Gov. Thomas E. Dewey by only 300,000 votes—with nearly 500,000 ALP members voting for him. What if most of these go to Wallace in 1948?

Democrats in the Capital were hard put to find much comfort in the figures from the Bronx election.

Rep. Kirwan of Ohio, chairman of the Democratic Congressional Campaign committee, admitted that the showing of Isaacson was "surprising."

However, he said he was "astounded" by the "absolute disappearance" of the Republican party in the district. The GOP nominee got only 4 per cent of the vote yesterday against 19 two years ago.

Retailers Claim Business Hurt By 'Resistance'

Storekeepers Say Sales Dropping Despite Recent Price Reductions

New York, Feb. 18—(AP)—Storekeepers complained today that despite price reductions business has dropped off more than is normal for the lean season.

Customer resistance is becoming more intense, retailers said. Day-to-day purchasing is becoming common.

Just two weeks after the big break began with a slump in grains, retail food prices appear to be steadying.

Price tags in the corner store weren't reacting as quickly to wholesale fluctuations as they did last week.

There was an air of uncertainty and a watchful waiting attitude after the easesing of the commodity markets.

Senator Tobey (R-NH) said in Washington he thought "the edge is off the price problem."

But, he added, his Senate Banking Committee probably will wait and see what happens before acting on anti-inflation legislation.

Committee chairman Wolcott (R-Mich.) took a similar view recently when he proposed a two-week recess on anti-inflation legislation "to see where we are going."

After a two-day rally Saturday and Sunday, wheat and oats fell yesterday in all United States markets. Soybeans were an exception. They pushed ahead 4 to 7 cents.

Hog prices were mostly 25 cents a hundred pounds lower at Chicago yesterday, but wholesale pork was slightly higher in New York and as much as \$1 a hundred pounds higher in Chicago.

Cattle prices were generally somewhat higher, but wholesale beef was lower both at New York and Chicago.

Cotton futures were \$1.55 to \$2.30 a bale lower in New York.

Wholesale butter prices were up as much as 4 cents a pound both at New York and in Chicago.

Poles To Clamp Down On Fliers

Warsaw, Feb. 18—(AP)—Polish government spokesman said today Americans flying into Poland without plane clearances or visas in the future would be subject to one year in jail.

The Poles permitted five U. S. fliers to return to Berlin yesterday after being held overnight because they lacked formal entry papers.

The five had flown U. S. Ambassador Stanton Griffith back to Warsaw from London.

AFL May Give Up Hunt For Political Director

Washington, Feb. 18—(AP)—The AFL may give up its hunt for a political director.

The "Wheeler incident" appears to have soured many top leaders on the idea of hiring a \$20,000 a year outsider to head the AFL's League for Political Education.

After considering at least nine men for that post, the AFL executive council agreed in Miami two weeks ago to choose former Senator Burton K. Wheeler of Montana.

But the reservations Wheeler tackled on after the council thought he had accepted broke up the deal.

The league was set up to avoid conflict with the Taft-Hartley Act on political spending by unions. Its main objective is to try to beat Congress members who voted for the labor law last year.

Wheeler, however, said after his appointment was announced, that a single vote should not be the sole ground for opposing a candidate.

He also said he could not devote full time to league activities because of his law practice in Washington.

That left the AFL where he had been for weeks—looking for a man.

The next decision was left up to the league's 30-man advisory committee, due to meet here March 9.

Today, those who should know say the leadership has just about decided to recommend that the AFL:

1. Proceed with its league activities under the part-time direction

The accident, caused when a passenger train collided with a freight train, occurred near Thumeries, 15 miles from here, just after the passenger train took aboard a number of factory workers there. It was enroute to Douai, six miles away.

Information on atomic energy. Besides developing atomic energy for peaceful uses Lillenthal also is responsible for seeing that atomic weapons are made and stored up.

Because of national security and the secrecy involved in much atomic work, Lillenthal can't say all he knows nor all he thinks.

But he told the radio executives: "I believe it to be a fact: the only solid hope for preventing the use of atomic energy for destruction on a scale that has not yet been disclosed is for peoples everywhere to

to see how the bickering powers solve this one. What looks like a sound compromise is the suggestion that none of the major powers send troops to the Holy Land but that small countries be asked to furnish the manpower while the big fellows provide the equipment. As a matter of fact, military experts believe that there will be no need for a huge fighting force to maintain peace, but that the trick can be turned by moderate manpower equipped with plenty of warplanes, tanks and other materiel.

However that may be, one of the essentials clearly is speed—and more speed.

Certain Victory For Bladen Drys

Elizabethtown, Feb. 18—(AP)—On the basis of unofficial returns, Bladen County dry forces today appeared to hold certain victory over Wets in a beer and wine referendum held yesterday.

With final returns reported from 13 of the county's 15 precincts late last night, these results were shown:

For wine—558
Against wine—2,708
For beer—588
Against beer—2,797

Balloting in the two remaining precincts could not affect the outcome.

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permits rest and sleep, or you are to have your money back. (Adv)

March 15 Is Also Deadline For N. C. Income Tax

Tar Heels were reminded today by the North Carolina Internal Revenue Bureau that March 15 is the deadline for filing state income tax returns.

Every resident having a net income during the income year, in excess of \$1,000 if single, or \$2,000 if a married man living with his wife on December 31, or \$1,000 if a married woman with a separate income must file.

Non-residents, receiving a net income during the income year from within this state in excess of the pro rata exemption as the income in this state relates to the total income, are also required to file.

No joint return for husband and wife may be filed except in cases where the income is received from jointly owned property or stocks. If a joint return is filed, the personal exemption for husband and wife is limited to \$2,000.

An office for the filing of North Carolina individual income tax returns will be opened in the Pitt County Court House on March 5. A member of the bureau will be in Farmville for the purpose of assisting citizens in filing their returns on March 4.

Hunt Continues For 3 Convicts

A man-hunt continued today through eastern North Carolina for three long-term prisoners, who broke away from the Pitt County prison camp near Greenville in two apparently unassociated escapes Monday.

Alarms spread to city and county police officers in eastern counties listed the fugitives as Durwood Gupion, 24, formerly of Henderson; Bynum Robertson, 23, formerly of Davis County; and John Baldwin, 51, formerly of Mt. Airy.

Baldwin was sentenced from Wake County on November 5, 1945, to 10-15 years for possession of burglary tools.

Gupion was sentenced from Vance County in January, 1945, to 5-7 years for breaking, entering and larceny and from Pitt in August, 1946, to 5-7 years for larceny of a car.

Robertson was sentenced from Davis in May, 1941, to 6-10 years for robbery with firearms; from Yadkin in August, 1944, to 18-24 months for larceny of a car; and from Jackson in June, 1945, to 1-3 years for damage to State property.

Robertson would have completed his final term by the middle of May, prison officials said.

Capt. Paul Crawford, superintendent of the prison camp, said Gupion made his getaway while helping to unload a car of asphalt, Baldwin and Robertson escaped from a road gang beyond Stokes. They hired a taxicab at Robersonville and were traced to Tarboro and Rocky Mount, where the trail was lost.

Authorize Fund To Buy Weapons

Tehran, Iran, Feb. 18—(AP)—The Iranian Majlis (Parliament) appropriated funds last night for the purchase of \$10,000,000 worth of arms and ammunition from the United States.

George V. Allen, the retiring U. S. Ambassador to Iran, charged two weeks ago that a Russian protest over the alleged activities of Americans in Iran was "an obvious attempt to exert influence on a matter now before the Iranian Majlis"—the measure to buy the surplus stocks. Iran since has rejected the Soviet protest.

BETHEL BONDS SOLD

CERTIFICATE OF CORPORATION
Raleigh, N.C., Feb. 18—(AP)—Secretary of State Thad Eure yesterday issued certificate of incorporation for the Pitt and Greene Tile Drainage Corporation of Farmville; to buy, sell and operate farm machinery; authorized capital stock \$100,000, subscribed stock \$50 by Lee Erwin, B. F. Lewis and J. C. Parker, all of Farmville, and others.

Farmers Are Behind Time On Plant Beds

Pitt County farmers are busy now preparing tobacco plant beds after a long delay caused by bad weather and wet grounds. More than 10 inches of rain (including the snow and sleet) fell in this area during January and February, delaying preparation of plant beds and midwinter breaking of land. Some plant beds, drowned out, will have to be re-seeded, it is understood.

Rotarians Met Here On Monday

The Greenville Rotary Club held its regular meeting Monday evening, Mr. E. Y. Floyd was the guest speaker.

Guests of the club were: Dal Cox, B. B. Sugg, Arthur Elks of Greenville; S. A. Paramore and S. A. Paramore Jr. of Winterville; and Eugene Smith of Ayden. Visiting Rotarians were: Leroy Rollins, Paul E. Ewell and Dr. Paul Jones of Farmville; Carl Piau and John Bragaw of Washington; Cott Carter and Nat Gooding of New Bern.

President Bob Bradshaw took occasion to indicate just exactly the type of sartorial accoutrement he considered most acceptable for use in attending Rotary meetings—he cited Wendell Smiley's "outfit."

Program Chairman Roy Martin announced that the local Rotary Club would celebrate the 43rd anniversary of Rotary next Monday night with the main feature being an address by Robert Lee Humber, entitled "Rotary's Quest for Peace." Roy also mentioned that Rotarian Humber would give similar addresses at the Rotary Clubs in Washington, Farmville, and Ayden.

The Rotarians gave a round of applause for Fordy Harding who had a birthday Thursday of last week. The program was presented by James Keel, chairman of the Rural Urban Acquaintance Committee. Bob Bradshaw, club president, presided.

One Acre Yields 108 Bushels Corn

College Station, Raleigh, Feb. 17—The belief that 100 bushels of corn could not be produced on one acre was a set fact two years ago in the mind of Mack Barfield, a member of the Chadbourne Junior 4-H Club, says Charles D. Raper, county agent for the State College Extension Service.

Last year the idea was disproved and Mack was the one who did it by producing 185 bushels of corn per acre, Raper said.

The young Columbus County boy produced 46 bushels on his one acre project in 1940, but when he saw other boys receiving awards for producing 100 or more bushels per acre, he was determined to be among them the next year.

He began work on his corn project last spring by broadcasting 800 pounds of 18 per cent superphosphate and 100 pounds of land plaster with 10 one-horse loads of stable manure on the acre plot. He bought his hybrid seed, N. C. 27, and planted them in 42-inch rows, 9 inches in the drill, using 65 pounds of 5-10-5 fertilizer at planting time. Cultivating his corn very shallow only a few times, he applied 50 pounds of nitrogen as a side dresser and laid it by.

Both Mack and his father watched the corn during the growing season and became encouraged at times and discouraged at other times. But last fall when they gathered the corn, they realized that there was a lot of corn on that acre, Raper said.

IS CHURCH ATTENDANCE WORTH WHILE?

A little girl was accustomed to linger after the Sunday school session until her mother came to take her home. One Sunday the youngster went with some of her friends into the church service, and when her mother learned of this she promptly marched into the sanctuary and led the child out. "What in the world possessed you to go into the church service?" asked the mother. And the child replied: "I went in to see God."

Some comment—a bit on the acid side—might be made of those parents who are so afraid that their children may get too much religion. But more pleasant reflection has to do with the child's answer, "I went into church to see God." With childlike simplicity she put the whole matter in one terse sentence. If in going to church we do not see God, we may as well have spared ourselves the time and effort. One quite legitimate reason for going to church is to see our neighbors. Another is to hear good music and to listen to an interesting sermon. But sometimes the music is poor and the sermon uninteresting. What then? Shall we stay away from church?

The reason for going to church is to honor God, and the reward of being there is that we see Him. If we do not see Him, the fault is probably ours, not the preacher's.

WASHINGTON LETTER
By JANE KADES

Washington—Dr. Helen Dwight Reid of the U. S. Office of Education says American teachers and students have an opportunity to build an understanding of democracy in the minds and hearts of a whole generation in Germany.

Dr. Reid is chief of the European Section of the new Division of International Educational Relations of the Office of Education.

"Unconditional surrender has brought this nation responsibility reaching far beyond mere maintenance of order in the territory under our military occupation," she says.

"We have a chance to influence profoundly the thinking of the defeated people, particularly the youth who will grow up to be their leaders tomorrow."

Dr. Reid says she is greatly encouraged by the success of a program to encourage an interchange of correspondence between the youth of Germany and this country. It is sponsored jointly by the State Department and the Office of Education.

Nearly 40,000 young Germans, she says, have responded to the invitation broadcast to them by the State Department's "Voice of America" to enter into correspondence with Americans of similar age and interest.

The letters, addressed to the Division of International Educational Relations, are distributed through schools and colleges to American boys and girls.

"Forty thousand young people," says Dr. Reid, "some too young to have been indoctrinated effectively by the Nazis, some obviously groping for a new way of life now that their Nazi world has crumbled under their reach out eagerly for these promised contacts."

"A vanquished people, whose own great cultural traditions were almost lost in the bitter distortion of the Nazi years, thus freely offer to the youth of America a chance to guide their faltering steps along the democratic path."

"The program," she concludes, "offers a tremendous opportunity for the development of mutual understanding for peace."

Before joining the staff of the Education office, Dr. Reid directed a national program of the American Association of University Women aimed at better international understanding.

She represented the association as a consultant to the United States delegation at the UN conference in San Francisco and was one of those who fought to get the word "education" into the UN charter.

Born in England, the daughter of an American electrical engineer, and educated abroad, Dr. Reid was graduated from Vassar College and received degrees in international law at Radcliffe. She has held several international fellowships and has traveled widely abroad.

In addition, she is one of two women ever invited to lecture be-

fore representatives of 40 countries at the Academy of International Law at The Hague, Netherlands.

NOTICE OF SPECIAL BOND ELECTION AND NEW REGISTRATION PACTOLUS SCHOOL DISTRICT OF PITT COUNTY \$75,000 SCHOOL BONDS

A special election will be held between the hours of 6:30 a. m. and 6:30 p. m., Eastern Standard Time, on Saturday, April 3, 1948, at which there will be submitted to the qualified voters of the Pactolus School District of Pitt County, which comprises the territory hereinafter described, the question of issuing \$75,000 bonds for the purpose of erecting and equipping a new school building in said district to replace a school building destroyed by fire.

The boundary lines of the Pactolus School District of Pitt County are as follows:

Beginning at a point where Tranters Creek enters Tar River and thence North along Tranters Creek to Stokes School District line; thence west along Stokes District line to N. C. Highway No. 11; thence South along N. C. Highway No. 11 to Great Swamp Drainage Canal (Pitt County Drainage District No. 4); thence with said Canal to Eason's Run; thence down Eason's Run to the Point where Tranters Creek enters Tar River, this point being the beginning.

If said bonds shall be issued, a tax will be levied on all taxable property within the Pactolus School District of Pitt County sufficient for the payment of the principal and the interest on said bonds.

A new registration has been ordered and no one will be permitted to

vote unless registered anew. The books for such new registration will remain open from 9:00 A. M. until sunset on each day, except Sundays and holidays, beginning Saturday, March 6, 1948, and closing Saturday night, March 20, 1948. On each Saturday during said registration period said books will be kept open at the polling place.

The polling places and the names of the election officers, subject to change as provided by law, are as follows:

Polling Place: Community Building; Registrar: J. B. Barnhill; alternate: Herman Hill; Judges: J. R. Chauncey, Lee Harris, J. R. Overton, Alt. W. E. Tripp, Alt.

By order of the Board of Commissioners for the County of Pitt.

C. P. GASKINS, Clerk.
Feb. 18-25 & March 2.

NOTICE OF COMMISSIONER'S SALE OF TIMBER AND FARM LANDS

Pursuant to the authority vested in the undersigned Commissioner by an order duly signed and entered on January 16, 1948, by Honorable D. T. House, Jr., Clerk of the Superior Court of Pitt County in a certain special proceeding pending in said court entitled, "Guaranty Bank and Trust Company, Guardian of the estate of Beaman A. Boyd, Vs. Florence E. Boyd and others," the same being S. P. No. 4903 on the Docket of said Court, the undersigned commissioner, will on Wednesday, February 25, 1948, at 12 o'clock, Noon, at the courthouse door in Pitt County, N. C., offer for sale and sell to the highest bidder for cash, subject to confirmation by the Court, the following described timber and lands, to-wit:

1. All of the standing timber of every kind and character of the sizes of 12 inches or more in diameter when measured 12 inches above the general level of the ground, now standing and being on the tracts of land hereinafter described in this notice, with a term of three years granted to the purchaser in which to cut and remove said timber from said land, and the right of ingress and egress thereto upon the roads through said land.

2. (a). That certain tract of land situated in Greenville Township, Pitt County, N. C. lying on the North side of Tar River, beginning at a cypress, corner of the Elihu Briley land, and running S. 7 W. 36 poles and 17 links, thence N. 89 1-2 West 4 poles and 17 links to the canal, thence with said canal S. 15 E. 12 poles, thence S. E. 24 poles and 10 links, thence S. 30 1-2 E. 23 poles to the canal bridge on the road, thence with the road N. 23 1-2 degrees 144 poles to the fork of the road, thence with the fork

road N. 60 W. 26 3-4 poles to Elihu Briley's line, thence with his line S. 2 3-4 W. 50 poles to an oak stump, thence N. 87 1-2 W. 54 poles to the beginning, containing 26 acres, more or less, and being a part of the land described in deed from Wright Jones to Boston N. Boyd and wife, Mary G. Boyd, dated January 14, 1932, and recorded in Book B-19 at page 158, Pitt County Registry.

(b). That certain tract of land in said County and State, beginning at a corner of Lot No. 3 of the Ivey Fleming land division on the road, and running with said lot to House's line, thence S. 52 1-2 E. 18 poles to House's corner, thence S. 26 3-4 E. 26 poles to a stake in House's line, thence S. 21 W. to Kenneth Fleming's corner, thence with his line S. 83 1-4 W. 64 poles to the road, thence with the road to the beginning, containing 50 acres, more or less, and being a part of the land described in deed from Wright Jones and Bettie Jones to Boston N. Boyd and wife, Mary G. Boyd, dated January 14, 1932, and recorded in Book B-19 at page 138, Pitt County Registry.

(c). That certain tract of land in said County and State, lying on the South side of the road and beginning at the corner of Lot No. 3 and running with said lot to David Fleming's line, thence with his line to a stake N. 14 E. on the road, thence with the road to the beginning, containing 22 1-2 acres, more or less, and being a part of the land described in deed from Wright Jones and Bettie Jones to Boston N. Chilean Chief Warns Against Antarctic Claim

Santiago, Chile, Feb. 18—(AP)—Chilean President Gabriel Gonzalez Videla warns that any attempt by a foreign power to seize territory claimed by Chile in the Antarctic will be considered an "aggression against all the nations of the Americas."

Gonzalez Videla made this statement during an address to Chilean troops guarding tiny Greenwich Island, center of a dispute involving Britain and Chile. Britain claims the island. The full text of his remarks—made on arrival there yesterday—was issued here early today.

"The bad habits of antiquated European imperialism," the Chilean president asserted, "threaten with armed violence to seize these lands of ours from Chile and America."

(The text did not say whether his remarks were intended to refer to the Monroe Doctrine of the United States which defines foreign interference in any of the Americas as an unfriendly act and a violation of American peace and safety.)

One Out Of Four

Tokyo, Feb. 18—(AP)—One out of four occidentals captured by the Japanese during the war was killed or died of mistreatment, Lt. Col. T. F. Mornane of Australia told the International War Crimes tribunal today.

Mornane, summing up casualty figures for the prosecution in the War Crimes case against former Premier Hideki Tojo and 24 other war leaders told the court:

The Japanese captured 132,134 American, British and Dutch nationals and 35,156 died or were killed.

The British have protested against Chilean activities in the Antarctic and have announced they will support British Governor Miles Clifford of the Falkland Islands, whose administration covers Greenwich, far down on the rim of Antarctica.

They have sent the 8,000-ton cruiser Negeria into the Antarctic to "show the flag."

London, Feb. 18—(AP)—A high government source said today a three-nation dispute over the Falkland Islands may be turned over to the United Nations.

The informant said, however, that Britain would prefer to see the claim settled privately.

It was not disclosed who would submit the dispute to the U.N.

Scout Banquet Will Be Held Tomorrow Night

Tomorrow night the Boy Scouts of Greenville will gather with fathers for the annual Father and Son Banquet. The banquet was originally scheduled for last Thursday night but bad weather conditions forced its postponement. The program will get underway promptly at 6:30 o'clock at the Woman's Club.

The master of ceremonies will be the chairman of the Greenville district, John G. Fleming. Rev. Robert Bradshaw will make the address of the evening. The Scout movie, "The Scout Trail to Citizenship," will also be shown.

On Friday night the Cub Scouts of Greenville will have their annual Blue and Gold Banquet at the First Presbyterian Church, starting at 7 o'clock. The Dens of both Packs, 9 and 19, will have a part in the program. Unlike the Boy Scouts, the Cubs will bring both their mothers and fathers to their banquet.

Young Speakers Heard By Lions

The Greenville Lions Club was on the verge of going "domestic" in their regular Monday night meeting of the week when they heard about a famous "mother" and a more famous "father" from the third speakers on the program. The third speaker, however, brought the membership back into the thick of things with his word picture of world affairs.

The three speakers were among those who placed in the recent Oratorical Contest at the Greenville High School, sponsored by the local Lions Club. This contest, incidentally, which was originated and sponsored by the Lions Club from its beginning three years ago, has now grown to such proportions with so many participants that a larger hall will have to be found before next year's contest, according to Prof. Bob Starling, who is one of the active leaders.

Hazel Garrick, representing the Farmville High School, told the Lions about Dr. Jane S. McKimmon, the "mother" of 4-H Clubs in North Carolina, and who was always active in Home Demonstration and Farm Women's organizations. She paid high tribute to this outstanding lady in her talk.

Barbara Clement of Greenville chose the Father of our Country as the character of her talk, and she quoted several high praises of George Washington.

Fred Brooks was the final speaker and he brought along the dark paint brush in picturing world conditions. He felt that there was hope for World Peace, providing a World Government could be established in time, and he added a word of praise for the "United World Federalist" organization.

Guests of the club included Carlyle Lupton and A. J. Garrick of Greenville, and Edward Meares of Fairmont. The Junior Lion, R. W. Tyson, Jr., was also present.

In the absence of the Tail-Twister, Godfrey P. Oakley passed the cup around and immediately clipped a dime's worth of commissions out of all of his insurance rivals. The brotherly love of the profession prevailed, however, when the club voted Godfrey into the charmed circle of the 20c limit on fines.

Before the evening was over the Lion's Den looked more like a Navajo wigwam in the process of sending out peace feelers. All of the cigars that were fired up had been presented by Lion Billy Brown to announce the arrival of the new paopose in his domicile.

Medical Care Program Moving Fast In District

Raleigh, N. C., Feb. 18—(AP)—The State Medical Care Commission says its program for Federal-State aid hospital projects is moving faster than that in any other area in the second district, which embraces the Carolinas, Virginia, West Virginia, Maryland and the District of Columbia.

One of its projects, the Commission's executive committee announced after meeting here yesterday, has reached the stage where construction bids may be sought. This is more progress than any other area in the district can claim, it added.

The project is the proposed Pungo District Hospital in Belhaven.

The committee also announced appointment of Bruce K. Jones of Raleigh as hospital construction engineer.

Mrs. Mary Davenport Died In Jamesville

Jamesville.—Mrs. Mary Ella Davenport, widow of J. L. Davenport, died at her home in Jamesville Tuesday morning at 9:45 after several years' illness. Her condition had been critical for about one week.

The daughter of the late Rev. Samuel Moore and Mrs. Nancy Ward Moore, she was born in Pitt County near Bethel on February 12, 1872. In early womanhood she was married to Mr. Davenport and moved to Martin County, locating a few years later in Jamesville where Mr. Davenport was engaged in the mercantile business for a number of years. She was a member of the Methodist Church for more than half a century.

Surviving are ten children, Charlie and Oscar Davenport, Mrs. H. O. Griffin, Mrs. O. W. Hamilton, Mrs. P. C. Blount, Sr., Mrs. H. A. Sexton and Mrs. W. W. Walters, all of Jamesville, Zeno L. Davenport of Gumberry, Mrs. Ernest Edmondson of Hassell, and Mrs. Harvey Manning of Bethel; 12 grandchildren and six great-grandchildren; two sisters, Mrs. R. S. Burnett and Mrs. Charlie James, both of Bethel; several nieces and nephews.

Funeral services will be conducted in the Jamesville Methodist Church Thursday afternoon at 3 o'clock by her pastor, the Rev. B. E. Bingham, assisted by the Rev. W. B. Harrington.

Life On Mars? Don't Know Yet

McDonald Observatory, Fort Davis, Tex., Feb. 18—(AP)—The green spots on Mars may be some lower form of plant life, but they are not plants like the earth's trees and grass.

Astronomers at McDonald Observatory last night failed to give a flat answer to the question of whether there is life on Mars but Dr. Gerard P. Kuiper, director of the observatory, listed several known factors for and against the possibility.

For:
1. There is some water.
2. The temperatures are not too cold.
Against:
So far, it appears the deadly ultra violet rays of the sun would kill any form of plant growth.

Says MacArthur Can Be Elected

San Francisco, Feb. 18—(AP)—Philip LaFollette, thrice governor of Wisconsin and a member of General MacArthur's wartime staff said last night MacArthur would be elected president if nominated by the Republicans.

LaFollette emphasized in an interview that the general had never told him that he would accept the Republican nomination.

"I am convinced MacArthur can beat Truman but I am doubtful other Republican candidates can," said LaFollette.

Paid \$10,000 To Free Gangster

Chicago, Feb. 18—(AP)—Mrs. Charlotte Campagna, wife of a former Capone gangster, says she paid \$10,000 to Attorney Paul Dillon of St. Louis, who once was one of President Truman's campaign managers, to help obtain her husband's parole from federal prison.

Her husband, Louis (Little New York) Campagna and three other former Capone hoodlums, were paroled last August after serving one-third of their 10-year sentences. They were convicted of extorting more than \$1,000,000 from the movie industry.

Mrs. Campagna, testifying yesterday before a congressional subcommittee investigating the paroles of the four, said Dillon presented her with a bill for \$10,000 after he appeared before the group last fall.

Dillon, who had been St. Louis campaign manager for Mr. Truman when he was a candidate for the Senate, testified before the subcommittee last fall that he had helped the four men get out of prison but said he had not received any fee.

You've Stopped... you've Looked... now Listen

IT'S stopped you more than once as its graceful length moves smoothly down the street.

And again and again, you've turned to look at this fashion plate that so plainly proclaims its power and mobility in every line and action.

Now listen to the engineering story that makes this the car of the year,

No gears ever shift in DYNAFLO DRIVE*
In Buick's new Dynaflo Drive, sliding gear transmissions and complex gear-changers are made unnecessary. You simply set a selector lever and step on the gas. The power plant does the rest, adjusting itself to varying road conditions with utter smoothness. You start up—accelerate—climb hills—cruise—stop—start up again—all without touching the selector lever.

*Optional at extra cost on Roadmaster models.

most wanted not only for stunning good looks but for all-round goodness.

You ride here behind Fireball power that is lively and eager and big—and now cradled to the fluid smoothness of still waters running deep.

You relax in big cushioned interiors that are rich and fine in finish—and so blissfully quiet that it seems a whisper can be heard throughout the car.

Your tires are soft pillow cushions, your four springs gentle coils, your rims the sure-footed Safety-Ride kind that only Buick provides.

Your ride is the first one truly shielded against road shudder and shiver by scientific damping of vibration build-up within the car.

And if you choose a ROAD-

MASTER, you can treat yourself to Dynaflo Drive*—a liquid-smooth drive that does away with all gear-shifting—and driving becomes a near-miracle of ease.

You profit, in Buick, from 30-odd new advances—choose from ten sparkling models—select from three series in three wheelbases and four power ratings.

You get style—you get size—you get comfort, quiet and ease—and ever the solid goodness that the name Buick stands for.

So why are you waiting, when waiting only puts off the brightest moment of a motoring lifetime? See your dealer and place your order now.

Specific Answer To Farmers' One-Crop Problem Explained

By WYATT BROWN

A specific and precise answer to the tobacco farmer's plight in view of the cut in acreage and income was given by E. Y. Floyd Monday night to the local Rotary Club when he suggested more corn and small grains together with elevator and green meal mill. Haywood Dall introduced the speaker who he said had come to know everybody in Pitt County due to his connection with the tobacco control program. Mr. Floyd is connected with the Plant Food Society of North Carolina and Virginia.

The speaker first presented the current picture of the Pitt County tobacco farmer. Rural income was cited as "the backbone of the State's economy" as well as of Pitt County. Pitt County, he related, is the biggest producer of flue-cured tobacco in North Carolina and North Carolina is the biggest producer of flue-cured tobacco in the nation.

"We are proud to say we have the soil, the climate, and the 'know-how' to keep the position of the biggest producing County," declared Mr. Floyd.

"The decline in price is not to be confused with a decline in demand—for which foreign countries have no dollars to create into economic demand—because people still want the flue-cured tobacco raised hereabouts because of its superior characteristics and highly flavorful qualities," he said. At the moment the demand that has the dollars to purchase with is being supplied with the quantity which will result in a reasonable price.

In passing he pointed out that following was the tobacco business like all other business goes through a period of upset. Had not the government stabilization under the Steagal amendment been operating, tobacco prices would have suffered just like they did in 1920. Mr. Floyd urged everyone to see that the stabilization program was continued through 1948 and 1949.

To meet the present situation in so far as tobacco itself is concerned, the farmers have organized into Tobacco Associates and have retained the services of experts and capable leaders to carry on every effort to expand the markets and uses of tobacco and do everything possible about the export situation. Everything possible has been done and is being done for tobacco itself.

He requested anyone who had an idea about increasing the market to let it be known for it would gladly be used.

In completing the background, the \$200,000,000 decline in tobacco income for the farmers in 1947 was cited. In 1946 farmers were paid \$36 million for 68 million pounds of tobacco; in 1947 they were paid \$30 million for 70 million pounds. In per centages that was about a 16 per cent cut in farmer buying power.

In normal times farmers have to keep more labor available on the farm to handle tobacco than is needed the year around. So, all the time they need some way to use that labor that would just meet expenses, thus leaving income from tobacco as net income above expense. But especially now, in view of the picture drawn above, Mr. Floyd said farmers must have something to supplement their income.

His first suggestion was the possibility of cotton to supplement income saving. It is in a favorable position for the 1948 market under the stabilization program.

Next he brought up corn. The limits of corn production are not known. He gave as his opinion from traveling over all the corn producing areas of the United States that in this area the farmers have one of the finest corn producing areas. He raised the question of what to do with the corn if more is raised since farmers had some trouble with marketing their crop this year. He proposed using additional corn by feeding it to hogs for he found this a great corn and hog area. He admitted that such an idea would not

suit the special circumstances of a year.

Stating that 600,000 tons of mixed feeds are shipped into North Carolina each year, he suggested that if small grains and corn enough to prevent farmers from having to buy it from outside, the loss from tobacco income would be replaced, right there.

"I know of nothing that would be a greater boost to Greenville than a grain elevator system," declared Mr. Floyd. He had mentioned that one of the disadvantages to Pitt County corn growers is the fact that they suffer some price disadvantage due to moisture content of corn as they market it now. "You have got to have cooperation to get that done, of course. Enough was made on corn this year to put up a 100,000 bushel elevator with drying and storing facilities."

He explained that the elevator would help to stabilize prices by affording farmers to store the corn dried and safe from weavels if the price was not right. He said he saw thousands and thousands of dollars coming to Pitt County from hogs and elevators.

Small grains next engaged the speaker's remarks. As to soil Pitt County could raise a grain of better quality than anywhere if the cultivation were given proper care which he did not doubt could be developed as he observed the know-how in tobacco farming already demonstrated. A further attraction would be that the small grain could be planted to come along in the summer when the farmers were not busy with tobacco and yet have something to sell for income then. Too, the finest kind of hay could be planted to follow the small grain.

It had come to the attention of the speaker that much hay is brought into this section for the use of the farmers. He remarked that another source of supplemental income could be developed by raising hay to sell to replace that brought in from outside the state or even to be sold in other areas.

Mr. Floyd said there would have to be care in choosing strains adaptable to local conditions and farmers would have to learn how to cultivate it. "The way Pitt County farmers have learned how to raise quality tobacco is assurance that they can learn how to raise quality small grains," he said.

He then went into the matter of green leaf meal used in mixed feeds and up to now being imported from the West. Pitt County has never yet produced enough alfalfa or legumes to supply the green meal for mixed feeds. He described such a crop as fitting into the tobacco picture for it is gathered by a cutting machine and thus would require no harvesting to take one away from tending the tobacco.

Floyd declared that \$80,000 would set up a green meal plant that would turn out a ton an hour which could be sold for \$85 per ton. It could be sold to local feed mills that import it from Wisconsin now. If it would bring in \$45 or \$50 an acre on land not used for tobacco, it would help to pay the farm fixed costs.

His last suggestion was that more pastures for livestock be developed. In pastures, livestock feeds itself; otherwise the farmer must add the two or three times a day feeding to the other chores which are fairly heavy during tobacco housing time.

Referring to the limitations of the present one-crop idea he declared, "We are going to have this sort of thing until we get on a more diversified plan—more than one pay day

URGENT NOTICE To All Gas Customers

Due to an acute shortage in Propane from which your gas is produced, it is highly possible that Greenville will be without gas within the next few days, unless a very strict conservation of gas is observed by every gas consumer.

Every possible effort is being made to maintain service but due to a nationwide shortage of all petroleum products, of which Propane is one, this is a most difficult and uncertain task.

It is not practical to supply gas to the various sections of the city periodically to conserve the dwindling supply, so we must depend on you, as individual customers, to limit your use of gas to an absolute minimum. When the gas supply is exhausted everyone will be without gas simultaneously.

You gas consumers can help to avoid the distress circumstances which would result from the complete exhaustion of the remaining gas supply, by observing these suggestions:

1. Cut your cooking and hot water requirements to an absolute minimum NOW.
2. Do not under any circumstances use your gas range as a source of heat or to supplement your regular source of heat.
3. Residences and business places using gas for heating, carry just as low temperature as possible during the day, and at the very lowest point at night. Eliminate all the space being heated that you can — that is, extra rooms, etc.
4. Use gas in all respects as sparingly as possible, cut out all unnecessary equipment or any equipment you can do without.

You have always been most cooperative in emergencies and again you are urged, and we shall expect and appreciate your full cooperation. In doing so, you will be helping to avoid human suffering.

Phantoms Down Edenton 43-22 For Sixth Conference Victory

Northeastern Conference Tourney To Start Feb. 26

The independent Northeastern Athletic Conference begins what should be a red hot basketball tournament at the Wright gymnasium at East Carolina Teachers College with all eight teams in the league participating. The tournament, a three-day affair, will get under way on Thursday night, Feb. 26, and end with the finals on Saturday night.

With the first four seeded teams of almost equal caliber, the tournament winner is just about anybody's guess. Kinston's Red Devils, winner of last year's tournament held here, is given first seeding on the basis of its season's record—which up to the present time is nine wins as against no losses in conference play. Washington's Pam-Pack is ranked next, followed by Greenville and Elizabeth City.

Four games are on tap opening night with the first contest slated at 6:30 o'clock. The pairings for Thursday night are Washington vs. Tarboro; Roanoke Rapids vs. Greenville; New Bern vs. Elizabeth City and the final game of the night will be Kinston and Edenton.

In Friday night the semifinals will be played with the winner of the Kinston-Edenton game playing against the winner of the New Bern-Elizabeth City quintet; and the winner of the Washington-Tarboro game will play the winner of the Roanoke Rapids-Greenville game.

The finals, which will be played on Saturday night, will be preceded by a consolation game to be played by the runners-up.

Trophies will be awarded to the winner and runner-up and gold basketballs will be given players who win the conference championship. Silver basketballs will be given to the runners-up.

Minshew Leads Scoring Parade With 13 Points; Aces Limited To Two Field Goals In Last Half

By SPYRIDON SIDERIS

Greenville's Green Phantoms, led by George Minshew and Glynn Perkins, limited the Edenton Aces to two field goals in the last half and went on to win their sixth conference victory.

The Greens went ahead on a trip by John Farley and from then on, except in the closing minutes of the first half, it was all Greenville. The Phantoms increased that lead to 10-6 at the end of the opening quarter, but the Aces narrowed that to 17-15 at the half.

In the third quarter the locals pushed their margin to 27-15 before the losing club was able to score. George Minshew, lanky forward for the Green squad, turned in one of his best games and led the scoring parade with 13 points. Teaming with Glynn Perkins, who scored 12 points in the second half, they proved to be the big guns both under the basket and in the scoring department.

The Greens were able to hit the basket for 20 goals out of 56 attempts for a percentage of 35.7. On the other hand the Aces connected on only eight buckets out of 47 tries for a 17 per cent average.

Brooklyn Signs Over Half Squad

New York, Feb. 15—(AP)—The Brooklyn Dodgers have more than half their baseball squad signed for 1948 play.

Three more linked contracts were added yesterday, including that of Harry (Cookie) Lavagetto, the pinch-hitting third baseman.

Also signed were Rex Barney, a righthanded pitcher who won five and lost two last season, and Outfielder Duke Snider, a slugger from St. Paul who will get a chance to take over Dixie Walker's old post.

Winner Gets Shot At Title

New York, Feb. 15—(AP)—Ike Williams in a title bout is the surprise prize for the beau Jack-Terry Young winner. Instead of just another show at Madison Square Garden, Friday's lightweight duel now offers rich promise.

Jack, the former Georgia shoe shine boy who will be making his 26th Garden appearance, probably will be at least a 1 to 2 favorite. Twice holder of the world 135-pound championship, the beau will be scrapping for a third chance.

Student Elections Promise Closely Fought Campaigns; Many Candidates

Students at East Carolina Teachers College will go to the polls on Wednesday, February 25, to elect their officers for the 1948-1949 term at the college. The coming election is creating much interest on the campus and candidates for the various offices are staging energetic campaigns through posters, handbills, slogans and personal work.

Candidates for the presidency of the student government association are Charles D. Connor, junior from New Bern, and Thomas E. Casey, sophomore from Goldsboro, Route 1, both outstanding in student affairs on the campus. For first vice president of the organization Robert Chinnis of Wilmington and Floyd Collins of Cerro Gordo are candidates.

Candidates for four major offices of the student government association are unopposed, John Pournaras of Ambridge, Pa., second vice-president; Ann Beddard of Snow Hill, secretary; Joe Tew of Thomasville, student treasurer; and Willie Warner of Thomasville, first assistant treasurer.

Alan Stoddard of Greenville is unopposed as chairman of the Men's Judiciary. The race for vice-chairman is between Oliver P. Hedgepeth of Rocky Mount and Jack Davis of Kinston. George High of Parkley, Va. is unopposed as secretary-treasurer.

No candidates have been announced for the chairmanship of the Women's Judiciary. Rachel Futrelle of Rich Square is opposing Mary

Payne of Washington as vice-chairman; and Esther Parker of Clinton and Marjorie Selby of Dudley are candidates for the office of secretary. Florence Boerckel of Baltimore, Md., is unopposed as treasurer.

Thirteen women students are on the slate for positions as college marshalls, and ten men and women are in the race for a place among the college cheer leaders. A number of other minor offices of the student government association will also be filled during the election.

Robert L. Shufford, Jr., now president of the student government association at the college, is in charge of the election. The slate of candidates was drawn up and announced by the Student Council.

Dog Show Draws Many Entries

The second annual sanctioned match dog show, sponsored by the Junior Chamber of Commerce, to be held here Sunday under the auspices of the Greenville Kennel Club, in the Greenville Armory, is drawing a large number of entries from Virginia, North and South Carolina, and is expected to surpass the first dog show which was staged here last July, according to Richard C. Stokes III, president of the Greenville Kennel Club.

The prize list as announced by the Greenville Kennel Club is as follows:

A Sun Ray Trophy for:
Best dog in match; best of opposite sex to best dog in match; best local dog in match; best of opposite sex to best local dog in match; best dog in sporting group; best dog in house group; best dog in working group; best dog in toy group; and best dog in non-sporting group.

The ribbon prizes will be:
First prize—rose ribbon; second prize—brown ribbon; third prize—light green ribbon; fourth prize—gray ribbon; best of breed or best of variety of breed—orange ribbon; best in match—pink and green ribbon; best of opposite sex to best in match—lavender ribbon.

In the children's handling classes a Sun Ray trophy will be awarded at first prize in Class "A", which includes boys and girls, over 5 and under 10 years of age; and a similar trophy will be awarded for first prize in Class "B", which includes boys and girls over 10 and under 18 years of age.

John R. Hess of Berwyn, Maryland, of the American Kennel Club sanction, will have charge of the judging.

Dewey Brooks Is Held In Shooting

By CHESTER WALSH
Dewey Brooks, middle-aged storekeeper on the Washington highway near the port terminal, was in the county jail today, charged with assaulting with a deadly weapon with intent to kill Mrs. Leona Stanley, 20-year-old Indian who lives in a tent near Brooks' store, shortly after dark last night. A hospital attendant said she is not seriously wounded.

There is some mystery about the shooting, sheriff's deputies said. Brooks and the wounded woman declined to talk. The best information Deputies Loyd Manning and Jasper Lee Mills could get from the woman was that she was cooking supper in her tent when a shotgun blast ripped through the tent, some of the shot wounding her in the back. In the warrant she charges Brooks with the shooting. Authorities said Mrs. Stanley and other Indians have been camping in the neighborhood some time and that they did odd jobs and sold novelties for a living. One of the officers found a discharged shotgun shell at the door of Brooks' place and wadding from the charge between his door and the tent.

Storekeeper Victim Assault Last Night

Sheriff's deputies arrested Audrey Haddock and J. C. Jones and charged them with assaulting with a deadly weapon H. C. Smith, elderly storekeeper in the Clayroot section, last night. The alleged assault occurred in front of Smith's store. The weapon mentioned in the warrant are an auto muffler and a tail pipe.

Haddock and Jones provided \$250 bond each for their release.

Aircraft Carrier Lingers In Boat Accident Vicinity

Aboard the aircraft carrier Midway off Hyeres Roads, France, Feb. 18—(AP)—The Midway will stay here another two days while search is continued for the bodies of eight missing men believed drowned in a launch accident Monday night.

The missing men—one officer, a Marine and six seamen—were part of the big carrier's 2,500-man complement. They were returning from a farewell party given at the small island of Hyeres when the accident occurred 2,500 yards offshore.

Fifty-three other men of the Midway were rescued from the water off the French Riviera.

Investigators aboard ship were trying to learn what caused the accident. Initial reports indicated a freak sea had quickly filled the 50-foot open motor launch "Mid-Three" while leaving it upright and intact. A rescue boat was damaged when it rammed the launch later in the dark.

was Dean R. Waters, fireman, 1-C of Monroe, Mich., engineer on the "Mid-Three." Waters stayed by his post, chest deep in the water until everyone was taken off. He returned with the rescue launch, but did not report as a survivor in order to return on another search boat.

The U.S. Navy in Washington released the names of the eight missing men. It included T-Sgt. Hershel H. Donahue, of the Marines; wife, Mrs. Beatrice D. Donahue, 508 Heritage St., Kinston, N. C.

"UNBLOCK" your DIGESTIVE TRACT And Stop Dosing Your Stomach With Soda and Alkalies

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalies if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

American Legion Amends Its Laws At Regular Meet

Post 39, American Legion, held its regular February dinner meeting at Clark's Place Tuesday night when the principal business consisted of unanimous passage of several amendments to the control and certified accounting for any future business enterprises the post may become a party to.

Considerable interest was manifested in the possibilities of early building of the Legion Hut on the post's Airport Road property. Commander J. S. Jenkins discharged the old building committee and appointed a new committee with a request that a suitable building plan and contract offers be reported back to the March meeting. The Hut Committee members are James R. Worsley, chairman; L. A. McLaughlin, A. H. Duncan, L. B. Gowan and Frank Taylor.

The amendments to the Constitution and By-Laws adopted unanimously follow:

Chapter 6—Sec. 1. At the regular meeting of the Post in April, the Post shall elect a post commander, three post vice-commanders, post finance officer, chaplain; sergeant-at-large; and a post treasurer.

Commander subject to the approval of Sec. 1. Installation of any elected officer shall be held at regular meeting in May.

Chapter 11—Sec. 1. Any project sponsored or operated by the post shall be under full control and supervision of this post and a full account of all funds handled in connection with the project shall be made to this post within 90 days after completion of the project.

Also Post No. 39 shall maintain control and supervision of its property part of any project sponsored or operated by No. 39 jointly with other post or posts or other organizations and full account of all funds handled in connection with such project shall be made to this post within 90 days after completion of such project and in case project is an annual event completion of project shall refer to yearly completion.

Sec. 2. The duties and responsibilities of any committee shall expire at the end of the term of the project or subject and or Executive Committee.

Near Decision On \$30,000,000 Propaganda Fund

Washington, Feb. 18—(AP)—The State Department may get a record \$30,000,000 to fight its world war of words with Russia next year.

The House Appropriations Committee has about decided to recommend that much for the 12 months starting July 1, members said privately today.

This is only \$4,378,000 less than President Truman asked. It is well over double the \$12,400,000 Congress gave the department to tell the American story abroad this year.

The money is for the State Department's "information and educational exchange" program.
