Britain, France And U.S. Meet Over Tri-Zonia

Conference Is First Formal Acknowledgment Of A Divided World

London, Feb. 23 (AP)—The U.S., Great Britain and France begin a conference today on western Germany's future. It is the first formal diplomatic acknowledgment that the world has divided into two parts.

For the first time, Russia is absent from official talks on the future of the countries—Germany, Italy and Japan—that gambled their military powers upon world conquest and lost. In her empty chair is piled a batch of reasons:

- 1. Inability of the Big Four to get together on a peace treaty for Germany at their Foreign Ministers' Council meeting which ended here in December.
2. U.S. determination to give western Germany a big part in the Marshall Plan for European economic recovery.
3. A plain-spoken Soviet accusation that the Marshall Plan is part of an "imperialistic" American plan to "enslave Europe."
4. Formation of the Communist International Information Bureau (Cominform) eastern European spokesman for Communist-dominated countries—to coordinate an attack upon Western democracies.

Organize Newest Medical Society

Greensboro, N.C., Feb. 23 (AP)—General practitioners from all sections of the state today had organized North Carolina's newest medical society.

Meeting here yesterday, 90 physicians organized the North Carolina branch of the American Academy of General Practitioners. They elected Dr. John R. Bender of Winston-Salem, chairman; Dr. W. A. Sams, Marshall, vice chairman; and Dr. Roscoe McMillan, Red Springs, secretary-treasurer.

Louisiana Demos Plan Big Election Tomorrow

Baton Rouge, La., Feb. 23 (AP)—Louisiana Democrats will nominate a governor and six other state officers tomorrow after one of the most bitter campaigns in the state's history.

The Democratic nomination means election in Louisiana. The race for the gubernatorial nomination has been by far the most discordant—highlighted by charges of income tax fraud, vote buying, ballot box stuffing and a million dollar libel suit.

Seeking the nomination are Earl K. Long, brother of the late Senator Huey P. Long and titular leader of his brother's faction, and Sam H. Jones, Lake Charles Attorney who heads the anti-Long forces.

Both are former Governors. Long served in 1938 and 1940, succeeding from Lieutenant Governor when the Louisiana scandals deposed his predecessor. Jones defeated Long for the nomination in 1940.

Plans Announce Political Stand

Washington, Feb. 23 (AP)—Senator Taylor (D-Idaho) will announce tonight whether he will become Henry A. Wallace's running mate.

Stronger Rent Control Urged By Truman In Special Message

Washington, Feb. 23 (AP)—President Truman today urged a 14-month stronger rent control law, along with extension of financial aid to home building. In a special message to Congress, Mr. Truman asked that this emergency action be coupled with a long-range housing program to produce 1,000,000 dwellings a year for the next decade.

McGrath Claims Party On Trial

Providence, R. I., Feb. 23 (AP)—U. S. Sen. J. Howard McGrath of Rhode Island, chairman of the Democratic National Committee, says that the Truman Administration will stick by its civil rights program despite any opposition.

McGrath told a home state audience of 1,500 Democrats at a Jackson-Jefferson dinner last night that "the Democratic party is on trial," and asked:

"Has it got the fortrightness to stand up for human rights? Speaking of the 'sacred right' under the constitution," McGrath commented: "And we're going to stand up to every man and every group of men that we think are enemies of these sacred rights no matter how numerous they may be. Because in spite of there is righteousness and in righteousness there is virtue."

Work Five Hours Stitching Wound

Phoenixville, Pa., Feb. 23 (AP)—Three doctors labored five hours yesterday to put approximately 150 stitches in the bullet-riddled heart lung, stomach and spleen of a wounded man.

Doctors Robert W. Brant, E. Carlton Jameson and Ralph Shershow, who performed the operation at Phoenixville hospital, said their patient, Walter Wood, 35 of Royersford, Pa., is expected to live.

Hospital superintendent Daniel Gay said state police told him Wood shot himself.

Principles Vindicated

Anthony Eden, Brilliant Young British Statesman, Opposed Appeasement Prior To World War II; How He Stood; Where He Stands Today; Moral Of The Story

Ten years ago a brilliant young British statesman, who had the world at his feet, challenged fate by resigning the great position of Foreign Secretary as a protest against his Prime Minister's policy of appeasing the dictators. We are, of course, speaking of Anthony Eden, then only forty and the youngest man in more than four score years to hold this exalted post. Since then still are folk who cling to appeasement—either because they are muddled or mischievous—we may profit by taking a look at Eden's case.

ing at lower cost, both in the immediate future and for the long run." He set before Congress this five-point objective: 1. "To continue and strengthen rent control. 2. "To stimulate a higher volume of more building on a sustained basis with special emphasis on rental housing, with proper safeguards against possible inflationary effects. 3. "To reduce building costs. 4. "To assist communities in providing low-rent housing for families in the lowest-income groups. 5. "To aid cities in rebuilding and modernizing run-down areas." Less than 15 per cent of the 840,000 new homes built in 1947 were rental units, the President said, and "almost no housing at all was built for low-income families."

Gun-Carrying Troops Patrol City; 52 Believed Killed By Arab Explosion

Jerusalem, Feb. 23 (AP)—Jerusalem was virtually paralyzed today as gun-carrying Arab, British and Jewish patrols a city made bitter and tense by yesterday's bombing of the Jewish sector, in which at least 52 persons died.

Arab leaders said their commandoes set off the two truckloads of explosives which caused the blast but Jews seemed convinced that the British were somehow responsible.

Streets were mined and a triple guard stood duty at British security zone gates and at vital administrative and military buildings.

Security Police Before All Government Buildings; Opposition Speech Partly Stifled; Anti-Communists Arrested; Take Over Radio And Press In Slovakia

Prague, Feb. 23 (AP)—Communists bidding for supreme power put their security police today before all Czechoslovak government buildings and foreign embassies. Opposition speech was at least partly stifled.

Headquarters of the Czech National Socialist Party, one of three which withdrew Friday from the government coalition, was seized by police armed with sub machineguns.

Police, directed by Communist head of the Ministry of Interior, arrested notable foes of the Federation. Dr. Zdenek Marjanko, Ministry of Justice employe who involved a Communist in the perfume box bomb plot last fall against three ministers, was jailed.

Police were looking for Dr. Vladimir Krajina, secretary general of the National Socialist Party, who directed investigations that uncovered the bomb plot. They seized Zdenek Uhl, president of the Medical Students' Union, and Jiri Plank, former head of the Engineers' Union.

### Christian Science Service

"Mind" was the subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday, February 22.

### The Golden Text, I Corinthians 2:15, "Who hath known the mind of the Lord, that he may instruct him?"

Among the citations comprising the lesson-sermon were the following from the Bible: "Let all the earth fear the Lord; let all the inhabitants of the world stand in awe of him. For he spake, and it was done; he commanded, and it stood fast. The counsel of the Lord standeth for ever, the thoughts of his heart to all generations" (Psalm 33: 8, 9, 11). And from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mind is the I am, or infinity. Allness is the measure of the infinite, and nothing less can express God." (Page 336).

### Who Must File . . .

(Continued From Page One) exemption provided — this is important—he didn't have \$500 or more income of his own.

If he had \$500 or more income, you can't claim him as a dependent even though you contributed to more than half his support in 1947.

Say you had a schoolboy son and last year he had \$500 or more income. Say he turned it all over to you, or maybe, kept it himself.

What happens? You can't claim him as a dependent. He has to file his own return, in his own name. But you'll be responsible for paying his tax, if he doesn't.

Now suppose you had a dependent—say a schoolboy son—who had less than \$500 income in 1947. And suppose he kept the money or turned it over to you.

Because his income was under \$500, he doesn't have to file a return. And you don't have to include his income in your return.

If your dependent's income was under \$500 but tax was withheld from any of it, he should file a return. In that way he'll get the tax refunded.

At the same time, in your return, you can claim him as a dependent and get the full \$500 exemption for him.

(The problem of dependents and exemptions will be explained in a later story.)

Some people, besides making a final return on 1947 income by March 15, must do something else by that date, too.

They must start paying a quarterly installment on their estimated tax for 1948. This, too, will be explained in a later story.

Tomorrow: Filing a return on Form W-2, the withholding statement.

## Magnate Quoted 'Willing To Run'

Chicago, Feb. 23—(AP)—The magazine Advertising Age today said Robert R. Young, railroad executive, is willing to run for president. A magazine article quoted Young, chairman of the board of the Chesapeake and Ohio Railway, as saying: "I am primarily concerned with putting the railroads back on their feet, but would be willing to take the bigger job" if it is offered.

### Principles . . .

(Continued From Page One) his love of peace during a fruitless disarmament discussion in Berlin.

Both dictators had a bitter hatred of Eden and made him the object of constant attacks. It wasn't strange, therefore, that the Foreign Secretary finally should reach a point where he either had to break with his chief or abandon the dictates of conscience. Naturally there was only one answer to that, and on February 20, 38, he created a world sensation by resigning.

So Anthony Eden carried on as a plain member of Parliament—but he was a bigger personality in the eyes of the world than ever before. The war clouds continued to gather as Chamberlain pursued his disastrous appeasement. Not long before Hitler invaded Poland (whose independence Britain had guaranteed to defend) Eden said:

"Not only to be tough but to look tough, to talk tough and to act tough is the best contribution we as a people can make to peace today."

After war began Chamberlain called on Eden to serve as dominions Secretary. Then when Churchill became Prime Minister he made Eden War Secretary and later Foreign Secretary again, as well as leader of the House of Commons.

Thus Eden became runner up to Churchill as leader of Britain's powerful conservative party, and the way things now stand, he will inherit the mantle of the elder statesman. Eden is one of the outstanding statesmen of England and, if we assume that the Socialist party hasn't captured the government for all time, he stands a fine chance of becoming Prime Minister some day.

And the moral of our story? Well, one thing, appeasement is terribly dangerous. As for the rest I think we can sum it up in the words of one of Eden's friends: "Anthony Eden is one of those rare men who decided to make a stand on principle, and was vindicated 100 per cent."

### Czech . . .

(Continued From Page One)

Russian vice minister of foreign affairs, recalls the presence of Vishinsky in Bucharest in 1945. Communist Premier Petru Groza seized power in Romania during a visit of Andrei Y. Vishinsky, first vice minister of the Russian foreign ministry. Zorin reached Prague last week for the announced purpose of checking Russian grain deliveries.)

The appearance of police carrying rifles and sub machineguns before foreign embassies was unusual even in Prague. Parliament and all other government buildings were under new groups of guards, some carrying bayoneted rifles and some tommy guns.

The National Socialist party headquarters were seized just before noon. The party is one of three seeking to withdraw from the coalition government headed by the Communist premier, Klement Gottwald.

Two hours after the seizure, the Czech press agency professed to know nothing of the action. The Ministry of Interior, controlled by the Communists, gave no explanation.

Dr. Zdenek Marjanko, an employee of the Ministry of Justice, was arrested earlier. Marjanko worked for the Ministry headed by Prokop Drtina, a National Socialist and one of the 12 anti-Communist ministers who resigned Friday.

President Eduard Benes began new conferences in an effort to save the situation.

# Mukden Shaking To Bombardment Communist Guns

## Blockade Of Manchurian City Tightens As Outpost Captured By Reds

Tsingtao, China, Feb. 23—(AP)—Chinese Communist troops wheeled their big guns close enough to shake hungry, beleaguered Mukden today in their steady advance on the heart of Manchuria.

Military reports and eyewitness accounts showed the desperate plight of the big industrial city.

Government sources in Peiping reported another grave setback—the loss of Faku, 45 miles north of Mukden. Its fall tightened the Communist blockade of Mukden and opened the way for Communist assaults from the north.

The Rev. N. O. Dahlsten, Berrien Springs, Mich., just arrived from Mukden, said whole families there were committing suicide for lack of food.

The Seventh Day Adventist missionary described Mukden as shaking to the bombardment of big guns. He said the Communists evidently would try to capture and hold Mukden.

Other reports told of Communist attacks on a government airbase only a mile and a half from Mukden. The Chinese air force halted all its flights to Mukden. The U.S. State Department advised all dependents of its consular personnel to leave there at once.

Fighting was reported in the suburbs of Penki (Penshu), a major source of Mukden's coal supply. The coal mining center is 35 miles southeast of Mukden. The Communists already had cut the rail line between the two points.

# Public Welfare Officer Speaks

Dr. Elen M. Winston of Raleigh, state supervisor of public welfare, spoke to the Parents-Teachers Council and other group leaders in the library at the high school Thursday night, Feb. 19. Mrs. W. J. Stell presided.

The meeting was opened with a prayer given by Rev. J. A. Neilson. Mrs. Stell gave a brief history of the P.-T. A. City Council.

Miss Frances Wahl, principal of the Training School, introduced Dr. Winston.

Dr. Winston discussed the problem of recreation and juvenile delinquency. She gave several needs necessary to combat child delinquency—food, clothing, shelter and medical care. Eighty-five per cent of the delinquents show symptoms in the school room. Dr. Winston gave two ways by which the state has taken care of these underprivileged children:

1. The adoption program.
  2. Boarding homes. These homes are for children who need a better environment. The number of these children — ill fed, ill clothed, ill housed—is increasing from month to month with the rising cost of living. No one can expect their mothers to provide decent or healthful level of living for them, the present aid grant to dependent children is around eleven dollars per child a month. The minimum cost of taking care of a child is twenty-four dollars per month; consequently, Dr. Winston stated the state needs to increase present aid to dependent children.
- Dr. Winston also stated when children fall ill it is because the community has failed them. Every community should have a year-round program with a paid recreational director. She suggested that we invite Miss Ronnie Sheffield of Raleigh, who is a recreational director, to visit Greenville and evaluate our recreational facilities and outline a good city program.
- Dr. Winston turned the meeting into an open forum at which time she graciously answered questions from the audience.
- She stated that the state had appropriated funds for a Pitt County child welfare case worker.

You may buy your jewels at the button counter this spring. All the glitter of the days when courtiers spent a fortune on jeweled waistcoat buttons has returned in the button originals offered to American women this year. They are made of rhinestones big as a dime look as

If they might cost a king's ransom, but sell at the usual button prices over the notion counters of the nation.

Though these are fake jewels, they recall the era of elegance when Louis XIV spent more than five million dollars on his buttons, having had one set of 75 matched dia-

mond buttons valued at \$120,000.

The new rhinestone buttons match the huge rhinestone jewelry introduced last season by the Paris designer, Christian Dior, and at present sweeping the country. Various designs are being shown, including a sevenstone cluster, a three-stone triangle, a dainty snowflake pattern and single gigantic rhinestones.

# Adjourn Student Congress After 11 Hour Session

A motion for adjournment at 9 o'clock Saturday afternoon brought to a close the two-day student legislative session sponsored by the Greenville High School chapter of the National Forensic League. After eleven hours of legislative activity these young congressmen had enacted 9 laws.

Sixty-two boys and girls represented eight high schools, with Greenville High having seated the largest number of congressmen. The House sessions were held in the Municipal Court Room with 42 members on roll; and the Senators met in the Aldermen's Room with twenty answering the roll call. Girls outnumbered the boys 25 to 37.

Highlights of the Congress would include, among other things, legislative debates on the floor of the two houses. The student congressmen were sincere, active and informed. As the eleven hours of legislative action drew to a close several dynamic personalities were becoming well established in the two chambers.

Mr. Robert Lee Humber's address to the joint session Saturday morning was a challenge to the student congressmen whom he recognized as the generation that faces grave responsibilities.

The luncheon at Airport Inn Saturday was the last "joint session" of the two Houses. R. B. Starling who directed the Congress reported the results of a secret ballot election of outstanding congressmen. In the Senate, Wiley Mitchell, Jr., of Youngsville High School, was first and Senator Alfred Saieed of Greenville was the runner-up.

The House elected Richard Lacy of Johnson City, Tenn., as the outstanding congressman, and he was followed closely by Sam Northrop and Shelley Beard of the local high school. Point leaders for Forensic League credit in the upper House were Frederick Brooks of Greenville and Frances Epperson of Johnson City. Lacy, Beard, and Northrop were point leaders in the House.

Membership certificates in the Greenville High Chapter were awarded to Rodney Fulcher, Ray Sears, Dorothy Wilson, and Bobby Brady. Mrs. Starling delighted the group with twenty minutes of entertaining chalk talk. After the luncheon, congressmen returned to City Hall for the final session.

This was Greenville's first student congress, however. R. B. Starling of the local high school faculty, who served as adviser for the House, announced that it would be an annual affair. Miss Lucy Ethel Price of Johnson City, Tenn., was Senate adviser.

# Reviews French School System

The educational system of France was discussed by Mrs. Robert Lee Humber of Greenville before members of the Association for Childhood Education of East Carolina Teachers College at a meeting held on last Thursday evening in the Education Building on the campus.

In describing French schools from the lower grades through the universities, Mrs. Humber laid particular emphasis on differences from the American system, such as those in the training of teachers, the curricula, attitude toward coeducation and class room management. The talk was illustrated by a series of pictures illustrating the work done in French schools. A round-table discussion followed Mrs. Humber's speech.

Ellen Joyce Clark of Everetts, president of the college ACE, introduced Mrs. Humber. Lucille Blacklock of Timberlake gave a report on work now being done on a treasure chest of books, which later in the spring will be sent to French children.

Mrs. Humber, a native of France, has lived in Greenville for the past several years and is an American citizen. She is the wife of Robert Lee Humber, nationally known as an advocate of world federation. Mrs. Humber is president of the American Association of University Women in North Carolina.

# How Deafened People Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music and friendly companionship. Accepted by the American Medical Association's Council on Physical Therapy. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 22 1450 West 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Beltone today.

# ARE THESE STAIRS RIGHT-SIDE UP,

# OR UPSIDE DOWN

If you look hard enough, you can have these stairs either way. However faulty your sight, real stairs will never look upside down. But faulty sight can make them hazardous. Many accidents result from defective vision on stairs, at machines, on the highway, etc. Faulty vision makes work more difficult; robs recreation of enjoyment. Live well, see well. Be sure your sight is right. Have it examined—now.

**FAITH AND MOUNTAINS**  
We often hear the expression, "Faith that moves mountains." It goes back to our Lord's declaration, "Whosoever shall say unto this mountain, Be thou taken up and cast into the sea; and shall not doubt in his heart, but shall believe that what he saith cometh to pass; he shall have it." (Mark 11:23).

What did Jesus mean in this declaration? He meant precisely what he said. If there was any reason why an actual mountain should be removed and a man of faith wanted it removed and believed it could be removed, the matter of its removal would, in the divine economy, be as easy as the springing up of flowers in May or the falling of leaves in October. But he meant something more than this. Beside the actual mountains, there are in every man's path obstacles of mountainous proportions which keep plans from being effective. The first of these is a disposition to doubt. Believe that you will receive what you ask for, said Jesus, and you shall have it. Get rid of the mountain of doubt and the achievement of prayer is half accomplished.

The other thing that keeps prayer from being answered is an unforgiving heart. "And whosoever ye stand praying," said Jesus, "forgive." If you do not forgive your brother, the Heavenly Father will not forgive you.

**SOLICITOR CLARK**

The death of Solicitor D. M. Clark was more than a loss to those who knew him personally, he will be missed by the entire judicial system of our state and particularly in the Fifth Judicial District. Coming to Greenville forty-one years ago, Dave Clark's tireless energy earned the respect and admiration of his friends. Years of public service soon followed, culminating in his twenty-one years as Solicitor for this District.

During this lengthy stay in office he never once missed a term of court. His devotion to duty was unsurpassed.

Solicitor Clark won the distinction of successfully prosecuting in two of the longest criminal cases in the annals of North Carolina courts.

The record and achievements of Mr. Clark during his tenure of office leaves a fine example for successors to strive to attain.

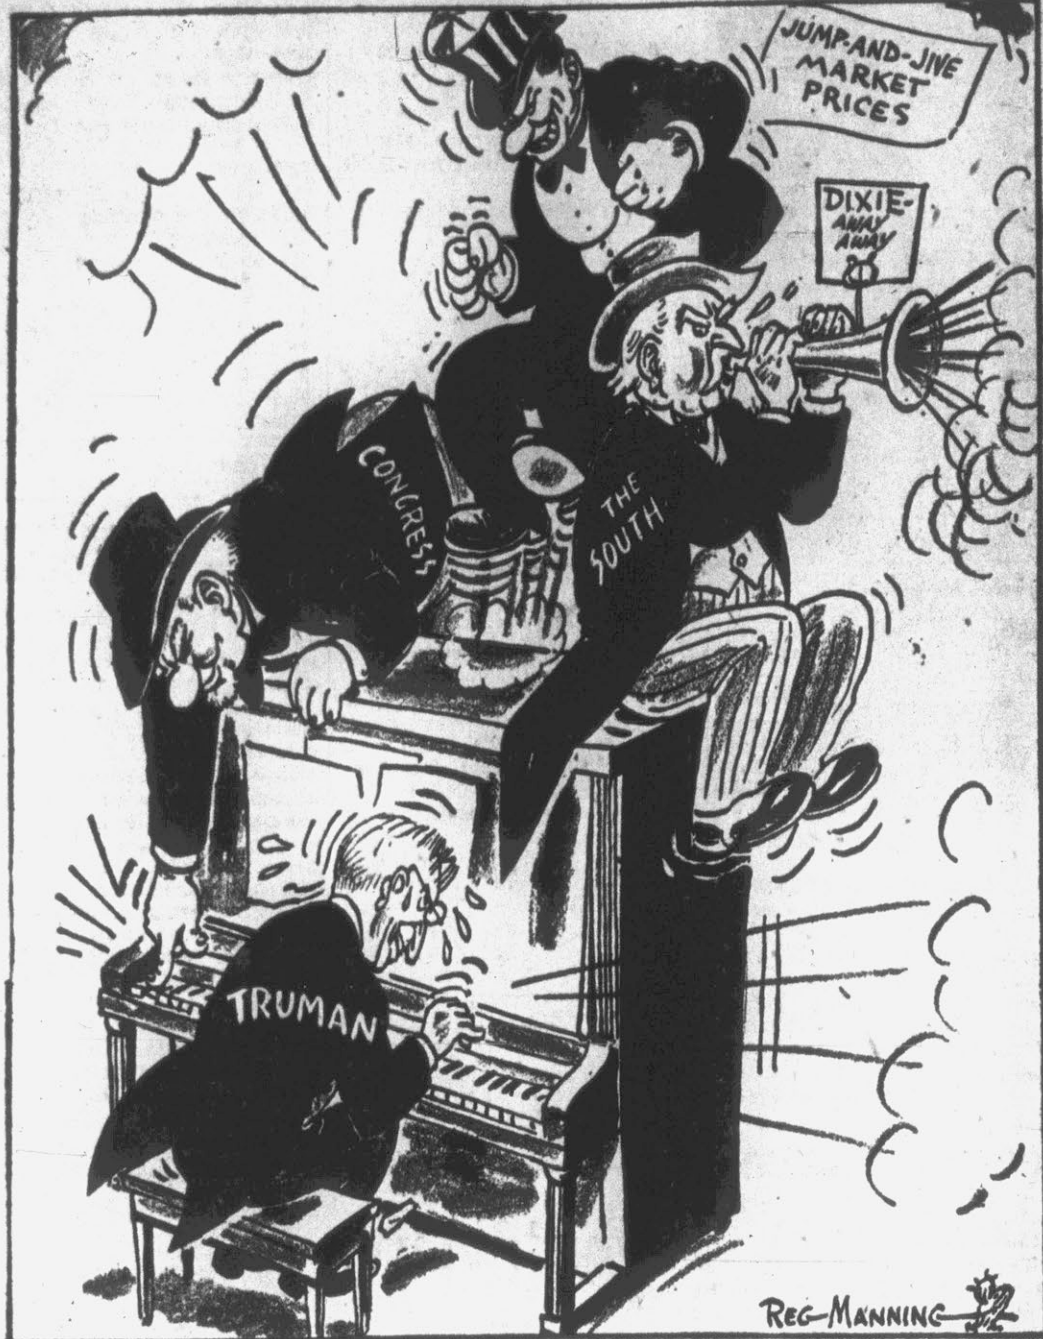

**THE TASK IMPOSSIBLE**

There was no great excitement over the State Department's request two weeks ago for \$570 millions to be used in the rehabilitating and strengthening nationalist China. The announcement was expected, only the amount in question was doubtful.

Previously we editorially observed that if America embarked on such a program for the western powers of Europe, we should see it through; otherwise our own sacrifices to attain this end would go for nothing.

To be consistent, this thought should apply equally as well to China; but all of us know that such a task would be impossible to perform. The most we can hope for, in this instance, is that the aid we can afford to give will be sufficient to bolster Chiang Kai-Shek until the menacing Communist armies

are exhausted and fall back, thus giving the Nationalists time to strengthen themselves in their economy and militarily.

In the end, China must save herself; today's chaos in that country involves a quarter of the world's population, and money alone cannot end all her economic, military and political troubles.

**WASHINGTON LETTER**

By JANE EADS

Washington—A little girl's birthday wish of six years ago has changed the entire course of her parents' lives.

Margaret Hines got a pair of canaries on her sixth birthday. She wanted them to have a family. She was disappointed when told they weren't good breeding birds.

The child's mother, whose name is also Margaret, went out and bought a couple of pair of Hertz Mountain canaries. The two pair had 10 babies. Mrs. Hines bought more breeders and raised 125 canaries that year.

Mrs. Hines who had studied poultry raising at the University of Maryland soon turned over the entire first floor of the Hines 10-room house to the project. Finally her husband, Frank opened a pet shop. Mrs. Hines has 2,000 birds, a growing hobby and a radio program, newly started on a local station. In addition she has many trophies, medals and ribbons her birds have won.

"Just for fun" she also has raised about 100 parakeets, cockatiels and love birds. She also has 500 pigeons a cocker, a dalmatian, a white spitz and a Boston terrier and a flying squirrel named "Weegee." The dogs, she says require more care than all

the birds put together. Mostly, however, she is concentrating on the canaries. She has five different types of show birds. They can sing, "but not pretty," she says. Her song class is divided into

two types... the Hartz Mountain and the American Singer. Singers also are divided into two classes, rollers and choppers. Rollers sing with their mouths closed except on high notes. Choppers sing all the time with their mouths open. Mrs. Hines is attempting to breed rollers with choppers and says she's having good luck.

Mrs. Hines has been breeding canaries with a smaller bird from Venezuela, called the Black hooded Siskin. Its body is a brilliant red, its head and wings black. The birds cost \$100 apiece, "if you can get them," she says, but they sing too.

What Mrs. Hines is aiming for is a red canary.

"Don't smile," she warns. "I've already gotten peach, pink, apricot, salmon and bright orange birds. Now they're running more to a red-copper. We're getting closer and closer and closer all the time."

Also campaigning her re-election is Mrs. George St. George of Tuxedo Park, N. Y., who was elected to Congress in November 1946. She is chairman of the subcommittee of the House Post Office and Civil Service Commission.

# Republicans To Meet In Durham

Winston-Salem, N. C., Feb. 23—(P)—North Carolina Republicans, expressing nothing but optimism, today began drawing plans for their convention in Durham March 18.

Durham was selected for the big GOP pow-wow at meetings held here Saturday, during the party's annual Lincoln Day Dinner program.

Principal speaker for the affair was Rep. Dewey Short (R-Mo.), who told the Republicans that the United States needs assurance that European aid funds will not be diverted to uses which would injure this nation.

Short said the country now lacks this assurance.

"If we are actually going to feed and clothe the world," he declared, "we must have assurance that our aid will not be diverted into dangerous channels—will not be diverted by the Russians as it was under UNRRA and sent to Russia's satellite nations as coming from her."

O. T. Nanney, former Republican candidate from Union Mills, told young Republicans in their convention that a resolution in Congress for investigation of the 1946 elections in North Carolina's 11th district.

Nanney, who was defeated in the 11th district race by Rep. A. L. Bulwinkle, said the resolution is "virtually certain of passing."

# Young Vandals Wrecked School

Shreveport, La., Feb. 23—(AP)—A gang of youthful vandals scrawled "I'm sorry we had to do it" on the blackboards, then wrecked the Alexander grammar school.

A police report on the damage yesterday said 150 window panes had been broken, all pictures smashed, a phonograph machine torn down, bookcases tipped over lamps broken, desks ripped into sections and ink or paint splattered on walls and school records.

The school has approximately 515 pupils in grades one through six.

# Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood extract by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

If your child's heels are wearing out on the inside it's a danger signal of trouble that needs your attention and requires 3rd-Dimension Fitting.

Start checking at once. If length and width are correct, then the trouble is in arch heights and heel heights, two important measurements, in the new principle of 3rd-Dimension Fitting. With 3rd-Dimension Fitting the heel hits exactly in the center. The child walks straight, because the foot treads evenly.

When you buy Pro-tek-tiv Shoes you know that they fit in every dimension—length, width, height.

# Ball Of Fire Hit Plane In Mid-Air

Lisbon, Portugal, Feb. 23—(P)—Crewmen of a British European Airways plane which arrived here from London last night said their ship was hit by a ball of fire in the air. The crewmen said they saw the flaming sphere hurtling towards them in the midst of a storm. They said it bounced off the nose of the plane then cut a hole in the rudder, shaking the ship violently.

# Funeral Services Miss Emily D. Gayle

Miss Emily Dearborn Gayle, 66, died Saturday morning at Pitt General Hospital following a brief illness. Funeral services were held at the Farmville Funeral Home Sunday at 9:30 a.m., conducted by the Rev. E. R. Clegg, pastor of the Farmville Methodist Church, of which Miss Gayle was a member. Graveside services were held at Whiteville at 3:30 p.m. Sunday. The Rev. D. L. Clark, Methodist minister at Whiteville, assisted in the rites.

Surviving are a twin brother, Charles J. B. Gayle of Farmville, and several cousins.

# Amateur Program Will Be Staged

Amateur performers in Greenville and in Pitt and nearby counties will be given an opportunity to show the dance, public speaking, mimicry, sleight-of-hand, and other stunts when the health and physical education department of East Carolina Teachers College stages an amateur hour at 7:30 on Monday evening March 8, in the Wright auditorium on the campus.

# According to present plans, the performance Monday will be the first in a series of similar entertainment features to be offered at the college during the remainder of the school year.

The program is being arranged by the class in Community Recreation under the supervision of Dr. W. B. Nobles, Free Will Baptist minister of Winterville. Burial will be in the Henry Jordan Williams family cemetery near Cox's Mill.

All contests are open to the public. Those who wish to take part in the amateur hour are asked to send their names, addresses, and descriptions of their numbers to Amos Sexton at East Carolina Teachers College not later than March 4.

# Dream Of Early Spring Jarred

By The Associated Press  
Light rain was forecast for the Carolinas today following a week-end freeze that jarred thought of an early spring.

Snow flurries came to western North Carolina on the week-end. Temperatures about freezing are expected tonight in the two states, with warmer weather tomorrow.

# Songs Of Greenville Girl To Be Aired By Raleigh Station

Joan Oppelt of Greenville, sophomore at East Carolina Teachers College has been chosen as one of the young North Carolina musicians who will appear on the Station of Tomorrow program now being featured by station WPTF in Raleigh. Miss Oppelt, a soprano, will broadcast programs of songs on March 6 and March 13 at 6:15 o'clock.

For the past two years she has studied under Dan E. Vornholt of the department of music at the college here and has appeared in programs before college and civic organizations in Greenville. At the college she is a member of the College chorus and of the College Singers, the latter a group of eight talented students of voice. During this school year she is serving as president of the Music Education Club, an organization made up of students specializing in music at the college.

# Show's A Hit Everyone Sleeps

Sydney, Australia—Three hundred persons went to a Sydney, broadcasting studio the other evening to see and hear hypnotist William J. Ousley try to put his radio audience to sleep. Only two saw it through—the rest went to sleep.

Telephone calls to the broadcasting station indicated Ousley put some radio listeners to sleep.

These were some of the complaints of telephone callers: A man said his wife was standing at the window, laughing and throwing all her hats out.

Another said he had told a hypnotized friend to pick carnations from the garden and couldn't stop him. A dog was reported to have fallen asleep.

Most hypnotized listeners, however, were awakened when Ousley told them at the end of the broadcast to laugh at the mental picture of an amusing hat.

The experiment, Ousley told a reporter, was to encourage people to realize they can hypnotize themselves. Auto-hypnosis, he said, enables people to relax completely in to refreshing sleep.

Listeners to his broadcast were told they were going to sleep, that they were relaxing and would soon feel relieved of all their worries. He alternated his instructions with a slow count.

# Aged Conductor Will Ride Again

Kansas City, Feb. 23—(P)—Julius L. Marquette, 85, has spent the last 63 years riding trains as a railroad conductor.

Yesterday he retired from active duty with the Gulf, Mobile and Ohio Railroad—the oldest conductor in his age and point of service.

His future plans? He's going traveling to parts of the United States he hasn't seen by train.

# Mrs. Essie O'Garey Died Here Saturday

Mrs. Essie McGowan O'Garey, 52, died at Pitt General Hospital Saturday afternoon at 4 o'clock after two weeks of critical illness.

Funeral services were conducted from the home near Chicod school this afternoon at 3 o'clock by Rev. W. B. Nobles, Free Will Baptist minister of Winterville. Burial will be in the Henry Jordan Williams family cemetery near Cox's Mill.

Mrs. O'Garey was born and reared near Cox's Mill. She was married December 25, 1912, and was a member of Rose Hill Free Will Baptist Church.

Surviving are her husband, John O'Garey; three daughters, Mrs. D. Patrick Bundy of Farmville and Nancy Lou O'Garey of the home; a son, David Earl O'Garey of Greenville; six grandchildren; a sister, Mrs. Spencer Haddock of Sheldahl; and a brother, Lonnie McGowan of Grifton.

# THIS TWO-FOLD OBLIGATION

Rests on The Beer Retailers of North Carolina

To his fellow citizens, the beer dealer owes law-respecting conduct of a business which they have given him license to operate...

A business, incidentally, that brought \$1,784,821.12 in tax money for the third quarter of 1947 alone, to the counties and municipalities of North Carolina wherein beer is licensed to be sold. (Hereafter, distribution of this tax money will be made annually and local government units will continue to profit generously.)

To the beer industry, the beer retailer owes careful guarding of its good reputation.

Assisting in the fulfilling of these obligations is this Committee's major work. Our program of Self-Regulation, begun in 1939, has had notable success in weeding out those who treated these obligations lightly.

Success, yes—and it has come largely from support given by our North Carolina public, press and law-enforcement agencies. Thank you—and let's continue our cooperative work!

Resource-Use Conference Will Meet March 13 A Resource-Use conference to which representatives from sixteen counties in the eastern section of the state have been invited will take place at East Carolina Teachers College on Saturday, March 13, according to an announcement from the administrative offices of the college.

The conference, which was originally scheduled for January 31, was postponed because of bad road conditions resulting from the recent heavy snowfall in this area. It is one of a series of resource-use conferences being held in various parts of North Carolina at which the natural and human resources of the state, their conservation, and their most effective uses are being considered.

Among the speakers who have been invited to appear on the panel are Dr. Carl V. Reynolds, State Board of Health; John Parker, University of North Carolina; E. K. Blechler, State Forestry division of the North Carolina Department of Agriculture; Dr. Ellen B. Winston, Commissioner of the State Board of Public Welfare; E. B. Garrett, and I. D. Schaub, State College; D. H. Conley, superintendent of the Pitt County Schools; and Mrs. J. B. Spillman, of the State Unemployment Service, Greenville.

Speakers from East Carolina Teachers College will be President John D. Messick, Dean Leo W. Jenkins, and Dr. Howard J. McGinnis, director of field services. They will discuss the work of the college in resource-use education. East Carolina will offer in its curriculum for the first session of the summer school this year a resource-use workshop which will include work in science, social studies, and health.

The conference set for January 31 attracted much attention in this section of the state. Indications are that the March 13 meeting will bring to the college campus here a large group of educators, farmers, business men, ministers, leaders in industry, and editors of newspaper.

# Preliminary Rounds Of Annual County Cage Tournament Open

### Start This Afternoon; Bethel Quint Rules As Favorites; Championship Of County At Stake

By BERT MOYE

Preliminary rounds of the annual Pitt County High School Basketball tournament will get under way at the Wright gymnasium at ECTC this afternoon at 3:30 o'clock as both boys' and girls' teams begin the race for the championship of Pitt County.

The Bethel Indians, with a perfect record in county play this season, rule as the favorite in the boys' division, and are the number one seeded team. The Grifton boys are the runners-up and Ayden is the third seeded team in this division.

In the girls' division, Ayden is the top-seeded team, with Arthur second and Farmville third.

The schedule of play for today's opening rounds is as follows:

3:30—Winterville vs Chitwood Boys  
4:30—Farmville vs Stokes (Girls)  
7:00—Ayden vs Arthur (Boys)  
8:00—Grimesland vs Belvoir (Girls)  
9:00—Grifton vs Grimesland (Boys).

## Pam Pack Tops Phantoms By 33 - 23 Saturday Night Play In Wilson

The ECTC Pirates journey to Wilson tomorrow evening where they meet the Bulldogs of Atlantic Christian College in a North State Conference tilt. It is the final scheduled game of the year for both clubs.

The outcome of the tilt is not only important from the rivalry viewpoint, but will determine in what spot the Pirates are seeded for the North State Conference Tournament in Elkin Thursday, Friday and Saturday of this week.

The Pirates, with a 5-4 record and a percentage of .556, are in third place, a few points ahead of Catawba, with a 7-6 record for a .538 percentage.

By SPYRIDON SIDERIS

Washington High School's Pam Pack overcame an early Greenville lead in the second quarter and went on to post a 33-23 decision over the Phantoms in a game played in Washington Saturday night. It was the fourth loss in Northeastern Conference play for the locals.

The win ended this year's series between the two, Greenville having taken the first game 33-29 in the ECTC gym.

Throughout the first quarter the Green quint had the upper hand, rolling to a 6-2 lead early in the first period. The Pam Pack then set up a light defense and limited the Phantoms to two foul shots for the remaining time in the first half while scoring 12 points to take a 14-3 advantage at the midway mark.

In the second half the Pack pushed its lead to 18-10 before the Greenville club began cutting down the points separating the two. Just before the end of the third quarter the losers came their closest to overcoming the Pamlico city boys, narrowing the lead to 20-18. From this point on the Washington five took over and racked up 13 markers while holding the Phantoms to five points.

On the foul line Greenville displayed what was probably their worst showing of the season, hitting the basket on only three out of 15 attempts.

Center Ward of Washington was one of the mainstays of the Blue and White five, turning in a fine game under both baskets, and pouring in eight points for the winners. George Minshew, lanky forward for the Green aggregation, led the losers in the rebound department.

Scoring honors for the night went once more to Glynn Perkins, who racked up seven field goals for a total of 14 points.

In the junior game the Baby Pack downed the Greenville club 18-13. At halftime the score was tied 9-9 and at the end of the third quarter it was 14-13. During the remaining period the Green team was held scoreless.

## Snavelly To Stay At Chapel Hill

Chapel Hill, N. C., Feb. 23.—(AP)—Carl Snavelly said today he has decided to remain as coach at the University of North Carolina and not accept an offer to become coach of the Los Angeles Dons of the Professional All-America conference.

Snavelly said in a statement that the Dons had made him a "fair and generous" offer but that when "Mrs. Snavelly and I came face to face with the termination of our Carolina Associations and with the thought that the work in which so many of us have joined might be impaired, we simply found ourselves unable to leave."

Although neither Snavelly nor the Dons management made public details of their offer to the veteran Tar Heel coach, it was reported reliably that the offer called for a salary of \$25,000 a year plus a commission. Snavelly is under a five-year contract which has two years to run at North Carolina and his salary is understood to be about \$12,000 a year.

## Plan Match For Boxer's Family

Chicago, Feb. 23.—(AP)—Promoter Jack Begun began making plans today to stage a benefit boxing match to bring financial security for the parents and sister of Sam Baroudi.

Baroudi, whose real name is Crandall, died early Saturday after being knocked out in the tenth and last round of his Chicago stadium fight with Ezzard Charles.

Begun, co-promoter of the bout, said he and his firm would match Charles against "the best possible opponent" and donate "every penny of our profits" to the family of the dead 20-year-old Negro boxer.

The promoting firm includes Irving Schoewald and Jack Hurley.

Charles, leading challenger for Gus Lesnevich's 175 pound championship, and his manager, Jake Mintz, were out of the city today. They will return Friday when the inquest into the ring death will be completed.

Meanwhile, a jury has been instructed by Coroner A. L. Brodie to investigate fully the fatality and suggest improvements of boxing in Illinois. A separate inquiry also was started by Assistant State's Attorney Dan Ryan.

## Fastest Skaters Meet Master

Oslo, Norway, Feb. 23.—(AP)—Europe's fastest skaters had their master today in John Merket, a 132-pound bundle of speed from Minneapolis, Minn.

Merket showed he had endurance in spite of his size in winning the International speedskating championships here yesterday. He finished first in the 1,500 meter event, second in the 500, fourth in the 10,000 (6 1/4 miles) and sixth in the 2,000 meter race during the two-day competition.

## Retirement For Assault Planned Following Race

Miami, Fla., Feb. 23.—(AP)—Assault, the Texas thoroughbred that parlayed a club foot and a champion's heart into a \$625,000 fortune, will be retired from racing effective immediately.

The great chestnut handicap speedster which was voted the "horse of the year" in 1946 after winning the "triple crown" will be sent to Robert J. Kleberg's King Ranch Farm outside of Lexington, Ky.

Thus ends the racing career of a horse whose story-book rise to fame despite a crippled foot is already turf legend.

It would have been a better ending if Assault had won his last race in a dramatic stretch drive. But he didn't. Sent from Columbia, S. C., to compete against his arch rival, Calumet Farm's Armed, Assault ran fifth in the Widener classic, four lengths behind the Golden Gelding.

## Golden Gloves Circus To Open

Chicago, Feb. 23.—(AP)—Amateur boxing's biggest punch bowl—a three ring clouting circus drawing more than 800 swimmers—opens tonight in Chicago stadium. It's the annual Golden Gloves tournament of champions.

During the process of eliminations, about 120 bouts lasting five hours will be held in three rings simultaneously.

## Willie Pep In Top Title Match

Miami, Fla., Feb. 23.—(AP)—Featherweight Champion Willie Pep

## Kramer Extends Lead Over Riggs

Sacramento, Feb. 23.—(AP)—Jack Kramer defeated Bobby Riggs here tonight in straight sets, 6-1, 6-3, to take a 20-15 lead in their professional tennis tour. Approximately 2500 saw the match.

The former amateur king won with apparent ease and never was pushed. Riggs made only a brief showing in the first four games of the second set and then gave way to the superior Kramer.

## Stanford Bids For Grid Team

Palo Alto, Calif., Feb. 23.—(AP)—Stanford, ailing in a football way, bid today for some good grid players.

In a smartly edited brochure, the staid old school points out to athletes the advantages of coming here. The booklet rivals in some respects the National Geographic in make-up. It is a slick job on slick paper. The brochure was permitted only this year by the Pacific Coast conference.

The cover page is an aerial view of the 90,000 seat stadium, full of customers. The back page is a night view of Hoover Library.

## Plan Invitation For Babe Ruth

Raleigh, N. C., Feb. 23.—(AP)—Babe Ruth will be invited to appear in North Carolina next summer in connection with the American Legion's junior baseball program.

Dr. D. R. Perry of Durham, chairman of the Legion's Junior Baseball Commission, said yesterday that the Babe would be asked to make at least two appearances in the state during the baseball season next summer.

## Pirates Defeat Erskine 48-43 In Overtime Tilt

By JACK HEDGEPEETH

The ECTC Pirates, led by Forward Charlie "Bill" Moyer, stayed on the victory trail Saturday night by defeating Erskine, of Erskine, S.C., 48-43 in a thrilling overtime tilt. The game was one of the most unusual ever played on the local hardwood.

Throughout the first half the Pirates couldn't miss and it was not until 12 minutes of playing time had passed before the visitors could score. At that point ECTC led 18-1. With Larry James hitting on his set shot specialties, the Pirates moved steadily ahead, and led at halftime 33-14.

It was a different story in the second half, and Erskine, clicking more smoothly after a slow start, started hitting from all corners of the court, whereas the Pirates, held scoreless for 14 minutes of the second period, watched their lead drop to a mere 4 points 34-30. From this point the game developed into a nip and tuck affair, and with 15 seconds to go Speck Padgett hit on a desperation long one-handed push to tie the game at 40-40. He was fouled on the shot, but missed on the throw and the game continued into an extra period. C. B. Moyer hit on a crisp for the locals and Roger Thrift was good on a free throw to give the Pirates a 3 point lead, but Padgett was good on a set for the visitors to cut the lead to one point. Ben Harrison was good on a gratis throw and C. Moyer followed with two from the free line, and another crisp to ice the game 48-43.

Speck Padgett, Erskine center, capped high scoring honors with 17 points, while C. B. Moyer was high for ECTC with 15.

In the preliminary tilt, the Nashville All-Stars edged out the "Baby Pirates" 63-59 as Eugene Hooks, former Rocky Mount High star, hit for 17 points for the winners. Baxter Gray with 16 was high for the "Baby Pirates."

## Apps Take Lead In North State Conference

By the ASSOCIATED PRESS

Last week's action changed the picture in the North State Conference.

Appalachian moved to the top of the pile with a 10-4 record replacing Catawba.

Bob McGinn of Western Carolina grabbed the lead for the most points scored by pushing his total to 318—three more than his teammate, Bob Tate.

Saturday night conference games, Appalachian ran all over Catawba, 92-61; High Point knocked off Lenoir Rhyne, 65-58, and Elon defeated Guilford, 51-48.

Scores in three non-conference titles were: Davidson 80, Wofford 45; Eastern Carolina Teachers 48, Erskine 45; Atlantic Christian 62, Lynchburg 48.

# Wallace Attacks Policy in China

New York, Feb. 22—(AP)—Henry A. Wallace says "President Truman's request for an additional \$700,000,000 to go to the corrupt Chiang Kai-Shek government is one more phase of our financial and military intervention in China."

The Independent candidate for the White House said in a statement yesterday that U. S. Army officers are training new Chinese Government forces and that American bases "are now being secretly erected in Tientsin and Formosa."

Pressing his charge of military intervention in China by the Truman administration, Wallace said "the Seventh Fleet and other units cruise constantly in Chinese waters. Involved are over 25,000 of our armed services. A total of 271 U. S. naval vessels, and a large quantity of aircraft and other war supplies have been turned over to Chiang Kai-Shek for civil war."

"The situation in China," Wallace declared, "is tragic proof of the inevitable failure of our present foreign policy, of which the Marshall Plan is a part."

"Sending money and military supplies to bolster reactionary government against the will of their peoples serves the cause of reaction and war, not democracy and peace."

SENATOR — Sen. Joseph E. McCarthy (R-Wis.), chairman of the House-Senate housing committee, has predicted that congress will pass a long-range housing bill this year.

# Big Steel Faces Angry Inquiry

Washington, Feb. 22—(AP)—Angry Republicans may raze Big Steel over the costs this week for boosting prices.

The Senate-House Economic Committee has arranged to question three "typical" steel executives at public hearings Thursday.

Chairman Taft (R-Ohio) said Big Steel, Little Steel and independents will be represented. He ruled out any circus atmosphere.

But there are signs that Taft himself feels the steel industry may have put the Republican Congress over a political barrel by boosting some prices after the lawmakers had voted to rely on voluntary action, to keep down the cost of living.

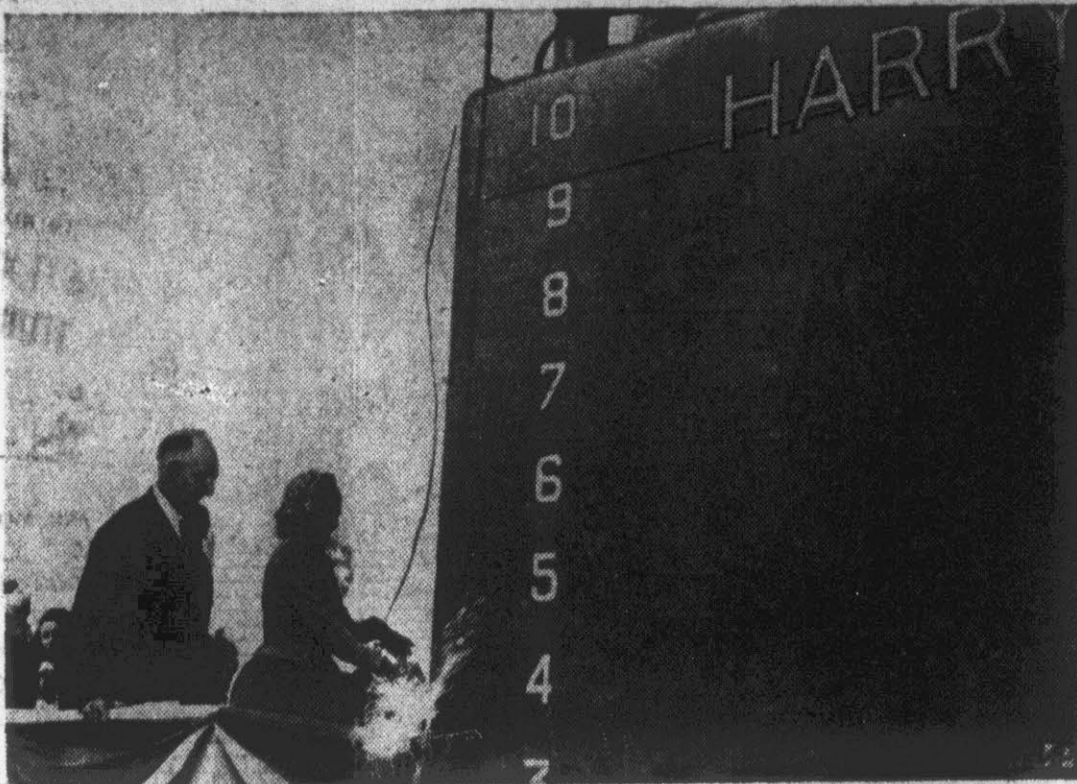

Some Republicans think that steel has given President Truman and the Democrats a new argument for government controls. They blame Big Steel primarily for the price jump.

It came at a time when other commodities showed signs of leveling off. Hence the Republicans were beginning to breathe easier about facing the cost of living as an issue in November.

But steel people may have spoiled it all, the GOP members fear. Their product goes into so many manufactured items that a price boost is likely to be reflected all along the line.

It also adds fuel to organized labor's demands for wage increases. Those, in turn, threaten to keep the inflation cycle going.

CIO President Philip Murray served notice, meanwhile, that his unions will press their twin drive for (1) a new round of wage hikes and (2) an "effective anti-inflation program" in Congress.

# Liquor Sales In 1947 For State Top \$41 Million

Raleigh, Feb. 22—(AP)—A total of \$41,853,234 worth of liquor was sold in North Carolina ABC stores during 1947, the state ABC board reported today.

Durham county led in sales with \$4,788,086 and Wake had \$4,461,382. However, Mecklenburg county where stores were opened last fall, had total sales of \$3,219,293.

The 1947 sales were lower in most counties than in 1946, but the addition of Mecklenburg county and the towns of Asheville, Franklinton and Louisburg to the list of ABC counties made the total for the state higher than in 1946.

Total sales for Pitt county were: \$1,861,885.

# Tax Answers

Can you use your withholding certificate for a tax return this year? Or do you have to use the Long Form 1040? Or may you use the Short Form 1040? Do you have to pay a tax at all? James Marlow, Associated Press columnist, brings you the answers to these and many other questions in a series of 16 articles beginning today (Monday) in The Daily Reflector.

It is estimated that England's population was reduced from about four million to about two million in the great plague of the Fourteenth Century.

Petroleum products were first exported from the United States in 1861, some of them in sailing ships.

# Prosecutor And Judge In Feud

Frankfurt, Germany, Feb. 22—(AP)—The latest war crimes trial, besides sending some German commanders to prison, has resulted in an unprecedented attack by the U. S. prosecutor upon the Iowa judge who presided.

The judge, in turn, is quoted as attacking the prosecution's conduct of the trial.

A newspaperman's charge of wire tapping added today to a situation which is likely to bring smiles to German faces.

This was how it came about, by days:

Thursday—The war crimes tribunal, with three U. S. judges in charge, sentenced German Field Marshal Wilhelm List and other German commanders for war crimes in the killing of hostages in the Balkans.

Friday—Charles F. Wennerstrum, Iowa Supreme Court justice who presided, gave an interview in Nuernberg to Hal Foust of the Chicago Tribune. Foust said the judge was disillusioned; that he felt the war crimes trials were too nationalist in character; and that the prosecution in the most recent trial "failed to maintain objectivity aloof from vindictiveness."

Saturday—The interview had not been published, but Brig. Gen. Telford Taylor, the war crimes prosecutor, somehow learned what it contained.

Sunday—Early in the day the Army's public relations office came out with a Taylor statement blasting Judge Wennerstrum and saying the interview was "subversive of the interests and policies of the United States." Later in the day the Chicago Tribune printed the interview. Its correspondent Foust said "United States Army wire-tapping of press communications appeared evident."

Monday—Judge Wennerstrum's comments on Taylor's charges are awaited. He is enroute to the United States by plane.

Haiti, with 3,000,000 people, is said to be the most densely populated independent nation in the world.

# 'Greyhound' Given Praise By Court For Sleuthing Work

By CHESTER WALSH

In Police Court today, Judge J. W. M. Roberts found probable cause in the case against Johnny B. Taylor, 18-year-old Negro youth, for breaking, entering and larceny at the Quality Cleaners dry cleaning plant on Albemarle Avenue, early last Friday. The court bound Taylor over to the March term of Superior court under \$1,000 bond.

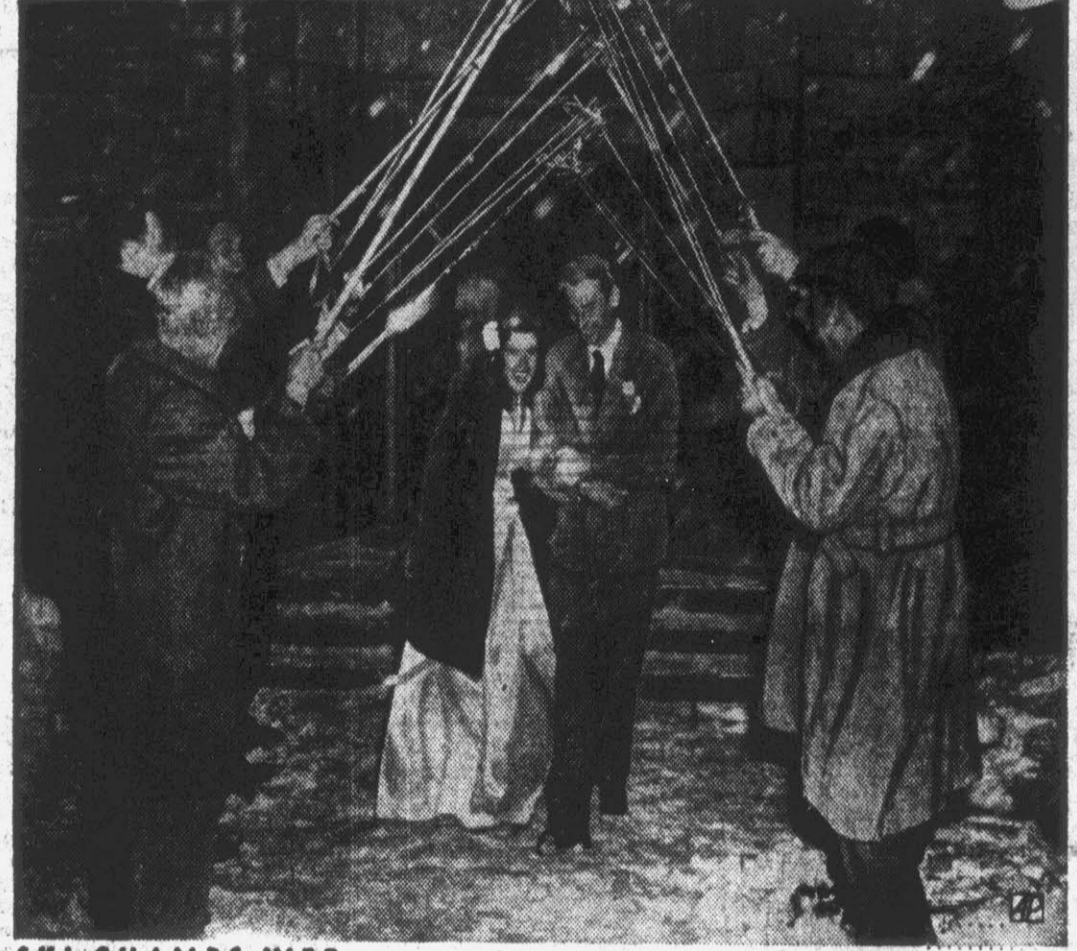

Testimony at the preliminary hearing today was that Policeman Jesse Mills, known to the law-breaking element here as the "Greyhound" because of his fleetness of foot and almost uncanny instinct of knowing which corner a pursued lawbreaker is going to turn in the dark to elude an officer, trailed Taylor to the dry cleaning plant, watched through a window and saw him gathering up clothing, figured the nocturnal prowler would emerge from the back door and waited there.

Taylor opened the door, walked out—right in the arms of the waiting "Greyhound." Policeman Mills is credited with similar sleuthing jobs in "walking his beat" in tobacco town, Judge Roberts and Chief Beauford Drum praised him for all.

# Auto Training Class Popular; Planning Start New Group

The vocational automobile training class for veterans established by the Greenville High School at the old NYA center under the GI Bill of Rights now has its full quota of students, and applications are continuing to be sent in. Supt. June H. Rose said Saturday. Fifteen veterans compose a class. C. J. Moye, long experienced motor vehicle specialist who received training at the Ford factory, is the teacher Mr. Rose said when 15 more veterans apply for enrollment in the school, another class will be started. The present class is conducted from 8 a. m. to 1 p. m. daily. If a new class is started its hours will be from 2 to 7 p. m. daily.

Applications for enrollment should be made at the superintendent's office at the High school.
