

Georgia Senator Sees Shakeup In Democratic Line

Solon Says South Will Have More Voice In Party After Elections

Washington, Feb. 27—(AP)—A shakeup in the embattled Democratic party after the presidential election was predicted today by Senator George (D-Ga.).

Without passing on President Truman's chances in November, George said he believes Southern opponents of Mr. Truman's civil rights program are going to have a great deal to say about the future complexion of their party.

As he spoke Dixie Democrats fought a delaying action in Congress against enactment of the civil rights bill. But in the southern states themselves, the drive to bar Mr. Truman's name on the official ballot gained momentum.

"I think that as a result of this 1948 campaign we will have a chance to reorganize the Democratic party on a basis of sound economic and good government principles," the Georgia senator told a reporter.

"I myself would be quite content to become a member of a minority party, so long as that party is based on sound principles. If it is, it will not remain the minority party for long."

But he said he was "not interested" in any move to make him a "favorite son" candidate for the presidential nomination.

George's statement was taken as an indication of how a number of the Southern lawmakers in Congress look upon their fight with the present leadership of the Democratic party.

Several of them said privately they don't care if Mr. Truman is beaten by a Republican in November. Many are looking to 1952 for a division of political sentiment along what they describe as conservative and liberal lines.

But none of them thought much of a proposal by Rep. Hoffman (R-Mich.) that the Republicans put up a candidate whose opposition to Mr. Truman's anti-lynching, anti-poll tax, anti-discrimination and anti-Communist program would make him acceptable to the South.

"Brazen and contemptible," were the words of Democratic National Chairman J. Howard McGrath used to assail Hoffman's proposal.

"The Republican party once pillaged the prostrate South," he said. "I do not think that today the Republican party will find a strong and healthy South selling itself back into the hands of the party which ravished it."

Woman Dies In Texas Twister

Dallas, Feb. 27. (AP) A woman was burned to death today in the debris of her tornado-wrecked home as twisted struck three Texas communities.

A tornado wrecked the farm of Mr. and Mrs. Patterson near Bartonville early today. Patterson managed to free himself but found one of his wife's arms pinned by a timber.

Unable to free her, he went to a neighbor's a mile away for help. When they returned they found the wreckage had caught fire. Wind-driven flames prevented them from reaching the woman.

Propose 'Lumping' Foreign Aid Sums

Two Senators Also Will Seek Military Aid For Chiang Kai-shek; Marshall Urges Speed In Greek-Turkish Program

Washington, Feb. 27—(AP)—Two top Republicans proposed today that Congress lump military help for China with the \$275,000,000 Secretary of State Marshall asked for Greece and Turkey.

Senators Taft (Ohio) and Bridges (N.H.) told reporters they will suggest that some funds be found to help Chiang Kai-shek's government fight Communists with bullets when the Greek-Turkish proposal comes before the Senate.

Taft heads the Senate's Republican Policy Committee. Bridges is chairman of its appropriations committee which helps decide how wide to open the government's purse.

In letters to both houses, Marshall yesterday said it will be necessary to make an additional \$275,000,000 available to keep the pipelines to Greece and Turkey full of military supplies after April 1.

The cabinet officer coupled with his appeal this warning: that the leaders of Russian expansion are counting on American weariness in helping "far off Mediterranean countries" to let the Communists take over "by default."

Marshall's request for the new aid program was his first major action in the "cold war" with Russia since the Communists seized power in Czechoslovakia.

Actually, it had been decided to ask additional military help for Greece and Turkey before the Czech crisis developed.

But Marshall's letter to Congress conveyed an estimate of the basic issues involved in the whole range of Russian-American conflict in Europe insofar as American determination to carry on is concerned. He wrote:

"The totalitarian groups whose aggressive aims thus far have been frustrated by the continued existence of a free Greece and a free Turkey are convinced that time will play into their hands; their leaders state with assurance that the United States will soon tire of giving aid to far off Mediterranean countries, and that eventually they will be able to take over by default."

The parent CIO invited criminal prosecution and then asked that the provision be declared unconstitutional.

CIO President Philip Murray was indicted Feb. 11.

Today's move on behalf of the UAW, President Walter Reuther, and Secretary-Treasurer Emil Mazyer is a civil suit.

It asks for a "declaratory judgment" that the provision violates the constitutional guarantee of free speech, press, assembly and petition.

It also serves notice that the UAW intends to take part in the 1948 political campaign in many ways—through newspaper publication, distribution of voting records of congressmen, public meetings, radio broadcasts, paid advertisements in daily newspapers, handbills and pamphlets.

The complaint says that Attorney General Clark has "threatened to prosecute" Reuther and other UAW officers. It asks for a temporary injunction to prevent any such prosecutions.

Declares Russia Greater Menace Than A. Hitler

Washington, Feb. 27—(AP)—Secretary of Commerce Harrison declared today that Russia is "a greater menace than Hitler was."

In secret testimony before a House appropriations subcommittee, Harrison said if this country turns its back on the Soviet threat, it will face a situation that is "unmanageable."

"I think we can deal with it today, and I think we can roll the pressure back on this aggressive force," he said. "But if we let them take control of central Europe with its 270,000,000 people, we will face a situation that we cannot deal with. The balance of power, which is now preponderantly in our favor will be against us."

Gen. Gavin Will Leave Ft. Bragg

Fort Bragg, N.C., Feb. 27—(AP)—Maj. Gen. Clovis Byers will arrive at Fort Bragg Monday preparatory to assuming command of the 82nd Airborne Division from Maj. Gen. James M. Gavin.

Byers, 48-year-old Columbus, O., native, has been attached to the staff of Gen. Douglas MacArthur in Japan. Just when he will succeed Gavin has not been announced.

Gavin, of Battle of the Bulge fame, will take over chief of staff of the Fifth Army, with headquarters in Chicago.

CIO-UAW Files Suit Attacking Ban In Labor Law

Second CIO Challenge To Provision Against Union Political Spending

Washington, Feb. 27—(AP)—The CIO United Auto Workers filed a suit in federal court here today attacking the Taft-Hartley Act's ban on union political spending.

The suit contends the ban is unconstitutional and asks that the court issue an injunction to prevent the Justice Department from prosecuting the UAW for any violation of the law.

It is the second CIO court challenge to the provision which prohibits union expenditures in connection with federal elections.

The parent CIO invited criminal prosecution and then asked that the provision be declared unconstitutional.

CIO President Philip Murray was indicted Feb. 11.

Today's move on behalf of the UAW, President Walter Reuther, and Secretary-Treasurer Emil Mazyer is a civil suit.

It asks for a "declaratory judgment" that the provision violates the constitutional guarantee of free speech, press, assembly and petition.

Menace Seen By French Minister

Paris, Feb. 27—(AP)—Foreign Minister Georges Bidault said today the Communist seizure of Czechoslovakia menaces the liberty of the rest of Europe.

He told the national assembly the events in Prague pushed Europe back to where it was when Adolf Hitler was climbing to power.

"An event of incalculable consequence has now rendered futile all the efforts made to liquidate Europe from an intense tyranny," he said.

Except for the extreme left, the house applauded.

Embassy Worker Quits In Protest

Moscow, Feb. 27—(AP)—Annabelle Bucar resigned a job in the U. S. Embassy today, accusing it of directing its policy against the Soviet people.

Benes Swears In Communist Cabinet; Reds Strengthen Hold

Prague, Feb. 27—(AP)—President Edward Benes today swore in a new government loaded with Communists—a cabinet he is reported to have said "could have only evil results."

The frail, weary president received Communist Premier Klement Gottwald and the 12 new members of the cabinet at the Presidential Palace and told them "the decision to accept you was difficult personally for me."

The meeting was polite and stiffly formal. As the President spoke, Communists throughout the country were going ahead with swift determination to reorganize the country's entire industrial, educational and everyday life.

A Presidential secretary said Benes has not resigned, but declined to make any further comment for the time being.

The government radio carried an account of what happened at Krad-

any Palace today. It said Gottwald promised the President his government would be "constitutional, Democratic and Parliamentary," and that he thanked Benes "for your confidence."

A close friend of the President said last night Benes had told Gottwald this new government could have only evil results and that he yielded to Communist pressure only because he feared civil war.

"You're talking to me like Hitler," this informant quoted the President as telling Gottwald.

The cabinet crisis arose when 12 anti-Communist Ministers submitted their resignations last Friday to protest an order of the Communist interior ministry affecting the state security police.

Gottwald, the radio reported, told Benes, "I am sure that Parliament will acknowledge this government, too."

He was quoted as saying he rejected the criticism "of the Foreign countries which were responsible for Munich."

"We have demonstrated to the whole world the principles of Democracy," the broadcast said the Premier told the President.

The radio said President Benes told the cabinet he wished "that your way will be successful and happy."

The power of a revolutionary "action committee" struck, meantime, into the Boy Scout and Girl Guide movement.

An international Boy Scout group was ordered dissolved. It included American boys and other children, chiefly sons of Diplomats. Unconfirmed reports were that the Chief Scout, a Dr. Plajnar, was under arrest.

The Chief Girl Guide, Vlasta Josova, resigned her post.

Housing Program Given Congress

Draft Of Proposed Bill For Ten-Year Plan Before Committee

Washington, Feb. 27—(AP)—A housing program that would cost the government about \$1,000,000,000 (B) the first five years was laid before a Congressional committee today.

Senator McCarthy (R-Wis.) presented the draft of a proposed bill to the House-Senate Housing Committee. He is vice chairman.

The measure is intended to encourage the construction of 1,500,000 new homes a year for the next decade. A big share would be homes for rent to low income families.

To attract investors to construction of this type of dwelling, the bill guarantees a profit of from about 3 1/2 to 5 per cent a year.

If the investor built homes or apartments to rent for less than \$50 in cities of 50,000 or larger population, and less than \$40 in smaller cities, there would be these additional inducements:

1. The income from such projects would be exempt from income tax.

2. A total of 50 per cent depreciation for tax purposes—against other income—would be permitted.

Coal Operators Fear Shutdown

Seek Answer To Lewis' Pension Demand To Avert Crisis

Washington, Feb. 27—(AP)—Soft coal mine owners sought an answer to John L. Lewis' pension demand today to head off a possible new contract crisis.

Lewis, as head of the United Mine Workers, has proposed using the miners' welfare and retirement fund to pay \$100 a month to coal diggers 60 years old who have worked 20 years in the pits.

The fund is growing from a 10 cent a ton royalty under terms of last year's one year contract.

The operators insist the Lewis demand would require a much bigger contribution—perhaps, 50 cents per ton.

Lewis made his proposal to the trustees of the fund. He is one trustee. The neutral member, Thomas E. Murray, quit. The operators' representative is Ezra T. Van Horn.

It was Van Horn who called today's meeting of his colleagues on what once was a nationwide negotiating committee.

The committee was abandoned during Lewis' scuffle with the government in the injunction action against his strike of November-December, 1946.

Van Horn has refused to give any advance hint of the nature of today's conference.

But the producers are known to be fearful of another mine shutdown this spring.

The UMW contract with the soft coal industry expires June 30.

Christmas Mail Arrived Late

Churchville, N. Y., Feb. 27—(AP)—Christmas returned to this Monroe County community today.

Scores of residents received Yuletide greetings, 10-week-old checks or newspapers with the notation "only five more shopping days until Christmas."

The delayed mail was in a bag found by a section gang working one mile west of the New York Central depot yesterday.

Few Suspects In Loyalty Checks

Washington, Feb. 27—(AP)—The FBI in checking the loyalty of some 85,000 federal workers found reason to suspect fewer than 150 of them.

This was made known in hearings published today by the House Appropriations committee.

FBI director J. Edgar Hoover told a subcommittee December 10 his agents had investigated 84,923 employees under the current loyalty program, and had completely cleared 84,780.

Plan Get Names 5,000 Oculists

Chicago, Feb. 27—(AP)—The government, under a federal court ruling, is to obtain the names of all of the 5,000 oculists it charges received rebates on glasses sold to patients between 1938 and 1946.

Federal Judge Walter J. LaBuy, hearing an anti-trust suit against two large companies supplying glasses, yesterday ordered Bausch & Lomb subsidiaries were ordered to submit a list of any physicians who have received more than \$500 in alleged rebates.

Cut \$84 Million In Appropriation Asked By Truman

State, Justice And Commerce Departments Hit As Well As Federal Courts

Washington, Feb. 27—(AP)—The House Appropriations Committee today cut \$84,417,168 from the \$587,837,431 President Truman asked for the State, Justice and Commerce Departments and the federal courts.

This represents a total cut of 14 per cent. By agencies, however, the reductions range from 28 per cent for the Commerce Department to less than one per cent for the Justice Department.

The money is for the fiscal year starting July 1.

Here are the amounts the committee recommended in the bill it sent to the House for debate next week:

State: \$197,217,463, a cut of \$17,101,068, or eight per cent. The budget of the "Voice of America" was cut from \$34,378,000 to \$28,000,000.

Justice: \$116,330,700, a cut of only \$591,300. The FBI received the full \$43,900,000 it asked, and the Anti-Trust Division was given \$161,700 more than the \$3,250,000 it sought. The committee called for more action against "anti-trust activities, particularly as they refer to food, clothing and shelter."

Commerce: \$171,087,000, a cut of \$65,756,500.

Federal judiciary: \$18,785,100, a cut of \$968,300, or five per cent.

The \$503,420,263 total compares with \$632,109,352 given the same agencies for the present year.

In addition to the direct appropriations, the bill includes \$75,400,000 in contract authority—that is, the right to contract for things which will be paid for later.

Of this authority, \$37,800,000 is for the federal-aid airport program, \$12,000,000 for establishment of air navigation facilities, and \$25,600,000 for Philippine rehabilitation work.

In a formal report accompanying the bill, the committee said its investigators found in State Department files the employment histories of 108 former, present and prospective workers indicated to be "poor risks."

It criticized the department for not being "as diligent as it might have been" in selecting personnel, and said committee investigators found that employees of "questionable loyalty" remain uninvestigated.

One of the anonymous cases cited involved a "high ranking" official and an alleged leak of information to Moscow in 1945. The State Department denied this.

The committee also contended that both the State and Commerce Departments have too many high-salaried people on their payrolls.

Koreans Slain In Red-Instigated Raids On Police

Seoul, Feb. 27—(AP)—The U.S. Army reported today 19 Koreans were killed in raids on police bases in south Korea—attacks which American authorities described as communist-inspired.

U. S. occupation headquarters for south Korea said it was not certain whether the figure included the policemen and five or six civilians reported slain yesterday.

The raids were a renewal of outbreaks which U. S. authorities said are aimed at forcing the United Nations commission for Korea to leave the country. Russia denied the commission, entry to its occupation zone in north Korea.

The U. S. Army said 31 raids were conducted on police boxes in Cholla Pukto province. Telephone wires were cut and ties thrown across railroad tracks.

Charges Settled

Raleigh, N.C., Feb. 27—(AP)—Bad check charges against W. F. Stanley, R. have been settled and a warrant sent here from Greensboro is being returned without being served. Chief of Police R. R. Hargrove said today.

Chief Hargrove said that the Guilford County sheriff's office had called him by phone today and told him to return a warrant against Stanley which was received last night because the "case has been settled."

World Approaching Climax For Battle Of Europe Between Totalitarianism And Democracy; Next Few Months Will Tell If Reds Will Fulfill Ambition

By DEWITT MacKENZIE

What can we expect Russia's next move to be, now that a ruthless Bolshevism has established a Czechoslovakia government which is jointly condemned by America, Britain and France as a dictatorship?

This seems to stand out clearly: We rapidly are approaching what looks like the climax of the battle for Europe between totalitarianism and democracy. The next few months are likely to tell the story of whether Russia is to be held along the line which she now occupies, or whether she is to fulfill her ambition to overrun western Europe, thereby making herself mistress of the entire continent.

Russia has consolidated her eastern European empire by taking over Czechoslovakia. Hereafter Czechoslovakia represented a weak spot in the Bolshevik "battle line," because while the little republic is Slavic and so has a bond of blood with eastern Europe, yet she always has thought in terms of western democracy.

And there is more than the political angle involved. Czechoslovakia lies strategically in the very heart of Central Europe, and is rich both in natural resources and in industry. For generations the great military strategists have regarded

this particular area as one of the strongest points on the continent. Well, Russia would seem to have breached out that situation. To be sure there still is plenty of anti-Communist sentiment in her country, as was shown Wednesday night when students demonstrated in protest against the communist coup, and old Prague policemen were in tears as they tried to carry out orders to control the youths. However, such demonstrations are exhibitions of sentiment rather than of armed strength. Moscow has the army by the neck as things now stand.

Therefore communism appears to be well set for further aggression. Both Italy and France certainly are prime objectives. Furthermore we may be sure that the Reds have every intention of ruling Austria in the long run, although that can't be achieved while other allied troops are in occupation.

Far more important, however, the communist strategy apparently contemplates trying to gain control of Italy and France before the Marshall Plan becomes effective, thereby rendering it unworkable. This would tend to make the rest of western Europe vulnerable to Red aggression.

FEELING FINE, ENGINEER GIVES RETONGA CREDIT

"After What It Did For Me I Am Recommending It To All My Friends," Declares Veteran Locomotive Man. Tells About His Own Case.

Hundreds of railroad men are praising Retonga and among them the latest is Mr. E. B. McMillan, a well known retired locomotive engineer of the N. C. & St. L. Ry., who for 44 years ran between Nashville and Chattanooga.

"After what Retonga did for me I am recommending it to all my friends," declares Mr. McMillan, who resides in the Watauga Apts., on Park Ave., Nashville, Tenn. "For about seven years I was subject to attacks of irregular bowels and after these attacks I felt so weak that sometimes I could hardly

navigate at all. My appetite went back on me and what I did eat did not seem to digest properly. I felt fatigued out, restless and out of sorts from head to foot. I spent lots of money on treatments and medicines but seemed to get nowhere.

"Retonga gave me prompt relief after everything else I tried had failed. My appetite returned, food seems to agree with me and I sleep fine every night. I am always ready for a hearty breakfast now, and another day with my friends up town. I feel better than in years, and Retonga deserves the credit."

Why not try this famous medicine? Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Accept no substitute. Retonga may be obtained at Bissette's Drug Store—Adv.

County Home Economics Teachers Meet

On Tuesday afternoon at 4 o'clock the vocational home economics teachers of Pitt County held their regular monthly meeting in the Bethel Home Economics department with Miss Nora Lee Hinnant as hostess.

Annie Maude Bivins extended an invitation to the Pitt County F. H. unit to attend a meeting of the college club on March 9 at 6:30 in the Classroom building at East Carolina Teachers College.

Since the county F. H. A. meeting which was set to be held on February 14 had to be postponed, it was decided to meet at 4 o'clock at the college on March 9 for the purpose of electing new officers and then attend the college meeting.
The discussion for the afternoon centered around the relationship units. Miss Alya Rae Taylor presented activities for the first year level. Miss Alice Strawn presented activities for the second year level and Miss Ruth Parker presented activities for the third year level.

Refreshments were served by the hostess. Those present included Misses Hinnant, Taylor, Strawn, Parker, Mesdames Edna James, Thelma Page, Elsie Edwards, and four student teachers in Greenville high school, Misses Frances Bass, Ann Cottrell, Billie Perry and Annie Maude Bivins.
The meeting adjourned at 5:30 to be held again in Farmville on March 23.

Junior Woman's Club

The Junior Woman's Club met for their regular meeting at the club house, Wednesday, February 25, at 8 p. m. Meeting was called to order by the president, Mrs. Ernie Willis. The secretary's report and treasurer's report were given by Mrs. L. W. Edwards and Miss Helen Perkins, respectively. The club voted to donate money to send seeds to Europe. A letter was read by Mrs. Earl Alder from the French children adopted by the Junior Woman's Club thanking the club for packages they received. A most entertaining program was presented by Miss Miriam Harper, soloist and Mr. Leon Fleming, Jr., pianist, students at East Carolina Teachers College. The meeting was adjourned and delicious refreshments were served by the hostesses, Mesdames Vance Harrington, Clay Burnette, R. W. Fennell and Roger Collins.

Lector Club
On Tuesday afternoon, February 24th, Mrs. E. D. Whitley, Jr., was hostess to members of her book club. Mrs. Herbert Hadley, club president, opened the meeting with a hearty welcome to each member. The roll was called and minutes of the last meeting were read and approved. Mrs. Hadley gave a brief but constructive talk on responsibilities as a club officer. She stated, "A duty, a chore, no matter how small can become a tiresome burden when we shirk our responsibilities to the other fellow's shoulders, but that same duty can be accomplished with ease if we are punctual, willing and cooperative." The nominating committee then submitted the following slate for the 1948-49 officers: President, Mrs. E. D. Whitley, Jr.; Vice president, Mrs. Burney Warren, Jr.; secretary, Mrs. R. W. MacKenzie; treasurer, Mrs. Travis Flanagan; librarian, Mrs. Harold Forbes. Members then voted to accept the slate in its entirety and the new officers will begin their respective duties at the first meeting in March.
The program that followed was the story, music and life of Puccini's famous "Madame Butterfly." In her amiable way, Mrs. Jack Gates presented to our small but appreciative group, this famous opera. For the benefit of those who had never had the privilege of hearing it before, she had selected the recordings of the Arias she thought we would like best. Mrs. Gates told how timely the comparison of our modern day soldier marrying his Japanese wife was to Puccini's Lt. Pinkerton's marriage to Cho-Cho-San. At the conclusion, Mrs. Gates joined the members of the Lector Club for a delicious sweet course served by the hostess.—Reported.

Train Is Derailed In Mid-Raleigh

Raleigh, N. C. Feb. 27.—(AP)—Eight cars of the Seaboard Airline Railroad's crack Florida to New York train, the northbound Silver Meteor, were derailed in the heart of Raleigh early this morning.

Seaboard officials said that the train was traveling at a slow speed in preparation to stopping at Raleigh and that none of the approximately 350 passengers was injured. A special train was made up here to take the passengers on their journey to the north.
The accident occurred at about 1 a. m.

Funds Allotted For Soil Work

According to an announcement by S. L. Dilda, chairman Pitt County Agricultural Conservation Association, the state office of the Production and Marketing Administration has authorized the Pitt County A. C. A. to set aside \$1500 of money allotted for payment of soil-building practices to furnish certain services to farmers in the county. These services include the staking of drainage ditches and line running service for tile drainage. These services are being offered in view of the fact that without such services the practices could not be performed since the services are not available from other sources.

J. R. Harvey Of Grifton Passes

Grifton, Feb. 27.—John Richard Harvey, 77, merchant and landowner who had been active in the political and educational life of Pitt County for a number of years, died yesterday afternoon at 5 o'clock in Memorial General Hospital at Kinston following five years of declining health.

He was president of the J. R. Harvey and Company established here in 1895, and for the past 20 years had been chairman of the Grifton School Board.
For a number of years he was a member of the Board of Trustees of Caswell Training School at Kinston, chairman of the Grifton precinct of the Democratic Party, and member of the Pitt County ABC Board.

Surviving are his wife, Mrs. Emily Pope Harvey; two daughters, Mrs. Richard A. Nelson and Mrs. Thurman J. Williams of Grifton; a sister, Bessie Harvey of Kinston; one brother, Joe B. Harvey of New Bern.
Funeral services will be held from 11 o'clock to 12 noon at the Grifton cemetery. The Rev. Perry Case, Disciples minister of Wilson, and the Rev. Jack Rountree, Episcopal minister of Kinston, will officiate.
Honorary pallbearers will include members of the Grifton School Board.

Board, Pitt County ABC Board members and the Masonic Lodge of Grifton.

Recreation A "Must" Declares Educator

"Recreation today is a must," Dr. Harold Meyer of the University of North Carolina, president of the National Recreation Association, told students at East Carolina Teachers College at an all-college assembly last Wednesday.

Recreational illiteracy is as dangerous, if not more dangerous, than educational illiteracy, said Meyer. Americans, he continued, are suffering from a disease known as boredom.

Urging students who are qualified to go into recreational work, Meyer pointed out the vast need of well-

trained workers in hospitals, industrial shops, churches, and schools.

College Observes Its Anniversary Here March 5

East Carolina Teachers College will celebrate the anniversary of its establishment in 1907 and its forty years of service to education in the state at a Founders' Day program on Friday afternoon, March 5. The exercises will be sponsored by the Alumni Association of the college and will take place in the Austin Auditorium on the campus at 3:00 o'clock. Mrs. Ruth Garner, alumni secretary, is director of the event and has arranged the program for the afternoon.

The Founders' Day exercises will be presented as part of the five-day program to be held on the campus in honor of the inauguration of Dr. John D. Messick as president of East Carolina on Saturday, March 6. Speakers will include Dr. Messick and Robert Lee Humber of Greenville, widely known as an advocate of world federation. Humber who was formerly a student at East Carolina, will give an account of the founding of the college and of its development as a school for the training of teachers. Dr. Messick will outline plans for the institution in

GOP Candidate

Sanford, N.C., Feb. 27—(AP)—E. L. Gavin, Sanford attorney for the past 32 years, announced last night that he will be a candidate on the Republican ticket for Governor of North Carolina.

He is the first gubernatorial candidate to announce formally for the Republican ticket.

Others who will take part in the program will be Mrs. George Grawley of Aurelian Springs, president of the East Carolina Alumni Association, and Mrs. A. J. Moore of Greenville, who was the first president of the organization. A program of songs will be given by the Women's Chorus of the college under the direction of Dan E. Vornholt of the department of music.

A special number of the East Carolina Alumni Bulletin which features Dr. Messick's inauguration and Founders' Day is now being mailed to members of the association.

A pneumatic gun was used for the first time in 1883.

Newton Judge Is In Line For Webb's Position

Newton, N. C., Feb. 27—(AP)—Superior Court Judge Wilson Warlick of Newton is in line for nomination as Federal Judge of the Western North Carolina District succeeding Judge E. Yates Webb of Shelby.

Senator Clyde Hoy of Shelby said in Washington yesterday he would recommend that Warlick be nominated to the post. Webb, 76, who has held the post since 1919, has asked President Truman that he be retired.

Hoy's announcement of his recommendation said it bore the "full approval" of North Carolina's Junior Senator, William B. Umstead of Durham.

Warlick, 55, is a native of Newton. He began law practice here in 1923 after graduating from the University of North Carolina. He saw service in France in the first World War. After the war he served for several years as county and city attorney here.

J. E. Winslow, W. A. Allen Scheduled To Meet With Other Members In Raleigh March 1

J. E. Winslow, Greenville, M. O. Speight, Winterville, and W. A. Allen, Farmville, Pitt County, are among the 75 N. C. Farm Bureau members recently elected by counties to membership in Tobacco Associates, Inc., in accordance with the constitution of the non-profit flour-cured tobacco export group.

The constitution calls for supporting organizations to elect the members of Tobacco Associates. Farm Bureau representatives were elected during the 12th annual state convention in Asheville and they met with other members at 2 p. m. March 1 in Raleigh for Tobacco Associates first annual meeting.

At the convention, Farm Bureau adopted a series of agricultural resolutions, including the following three covering tobacco:

Flue-Cured Tobacco
We endorse and request the continuation of the Tobacco Quota Program, the Commodity Credit Corporation and the Mandatory Loan provision on Tobacco at 30 per cent of parity; the grading and news service on all tobacco markets, this being essential to the marketing of tobacco.

We further request the continuation of a well-rounded state-wide field program of research in all the phases of growing, curing and marketing of tobacco in the interest of growers, for the purpose of improving the yield and quality and reducing the costs of production and marketing, thereby growers to realize more net profit on their tobacco. We urgently request that sufficient funds be provided for the accurate measurement of every acre of tobacco planted in 1948.

The members of the North Carolina Farm Bureau recognize the whole-hearted support of all agencies and organizations in the successful operation of the Flue-Cured Tobacco Cooperation Stabilization Corporation and Tobacco Associates, Inc. and respectfully request the continued support in the years ahead.

Since there is developing an acute shortage of flue sheet material for the manufacture of tobacco flues, we strongly recommend that this material be made available in due time for the manufacture of flues for 1948.

Burley Tobacco
We support the present Burley Tobacco Law with its minimum acreage provision as long as it is satisfactory to the majority of the Burley Tobacco growers.

We respectfully request that study be made in the allotments of Burley Tobacco in the North Carolina area with reference to cropland and other regulations.

Commercial Nicotine
We urge our officers and directors to use their influence for the development and location of a research project in commercial nicotine under the provision of the Hope-Flannagan Bill.

Police Seeking Dream Candidate

Raleigh, N.C., Feb. 27—(AP)—W. F. Stanley, Sr., 40-year-old former Mayor of Kinston who declared he had a dream he "was going to be governor" after paying in cash the \$150 gubernatorial filing fee, today was sought by police on a worthless check charge.

Police Chief R. R. Hargrove said he received a warrant from the Guilford County sheriff last night charging a W. F. Stanley, Sr. with cashing a worthless check for \$200 at the King Cotton Hotel in Greensboro Feb. 2.

Hargrove said that although the warrant gave Stanley's address as "Carolina Inn, Chapel Hill," he nevertheless was seeking the gubernatorial candidate.

Stanley told a reporter Wednesday night, shortly after he filed, that his gubernatorial dream occurred at the Carolina Inn.

Three warrants were filed at Greensboro charging Stanley with cashing three bad checks during this month at the King Cotton for a total of \$362.53, the Guilford County sheriff's office reported.

Stanley is registered at the Carolina Hotel here. He hasn't been to his room since yesterday but his baggage is still there, the hotel reported.

His family at Kinston said it had received a telegram from him in Washington yesterday stating that he was continuing on to New York.

Poultry Industry Expands In State

College Station, Raleigh, Feb. 27—That North Carolina's poultry industry has grown during the past 15 years is evidenced by a report today from C. Brice Ratchford, in charge of Extension Farm Management for the State College Extension Service.

Mr. Ratchford stated that the number of chickens on hand on North Carolina farms increased from 6,400,000 on April 1, 1930 to 10,300,000 on January 1, 1945. There were a few more farms that added chickens to their program during this period, Mr. Ratchford stated, but most of the increase was due to large flocks. The number of farms with less than 50 chickens decreased from 214,414 to 128,659, while the farms with over 400 chickens increased from 294 to 1,338 from 1930 to 1945.

The number of eggs produced during that time increased from 33,600,000 dozen to 61,900,000 dozen.

Strength FOR THE DAY

A CAUSE WORTH DYING FOR
The Presbyterians are engaged in
raising a fund of twenty-seven million
dollars which they call The
Restoration Fund. It is designed
to help rebuild Christian enterprises
the world over.

Recently a prominent Presbyterian
official was standing with a
young minister watching a great
airplane. This craft can go almost
to the ends of the earth without
refueling and can carry hundreds of
persons. It is a military plane, and
its use is anticipated if we have another
war. The young minister pointed to it and said: "There goes
the Restoration Fund." The plane
cost twenty-seven million dollars,
just the sum the Presbyterians are
trying to raise for world-wide religious
work.

Sometimes we get a faint—and in
this case rapidly passing—glimpse
of what blessings might come to the
world if we could do away with war.
One plane, twenty-seven million
dollars. Almost eighty per cent of
the budget which the President recently
submitted to Congress was

That's Odd - -

for wars, past and anticipated.
Think of how much we would be in
pocket if we did not have to support
a military establishment.
But more important, think of
what it would mean to the protection
and enrichment of spiritual values
if war were abolished. War is
as unnecessary as it is wicked,
and we had better do something
about it or die in the attempt.

BACKING DOWN?

The United States was
largely responsible for the
U. N. decision to partition
Palestine; but when Dele-
gate Warren Austin present-

ed this country's position to
the Security Council, it
sounded as though the gov-
ernment were trying to
slough off the responsibility
for the whole thing.

Arab resistance, and the
threat to cut off oil exports
to America would seem to
have made an impression, for
Delegate Austin took the po-
sition that the United States
would stand behind any UN
decision to enforce the peace.
He did not say, "partition."

If Washington backs
down, a United Nations edict
may well collapse. When
next an important decision is
to be made, those who fol-
lowed us once might remem-
ber the outcome, and follow
the leadership of another
power.

NEED AN EXAMPLE

There is no denying the
need for a more widely var-
iegated crop system in
Eastern North Carolina. Ours
is an agricultural commu-
nity, rich in its soil and
with a potential wealth that
has not yet been realized.

Agriculturists and promi-
nent men in many walks of
life have repeatedly spoken
on the need for getting away
from the one-crop economy.
The results, for the most
part, have been disappoint-
ing. Far too many farmers
for whom the proposal would
provide the greatest benefits,
have either ignored it or

were convinced that a "city
feller" was trying to run
their business.

Tobacco has always been
our big cash crop; and per-
haps it is habit or the tobacco
tradition that has blinded the
farmer to the fact that while
other farm produce may not
bring in as much cash, they
do eliminate the spending of
their tobacco profits for
items they can grow them-
selves at a lower cost.

The big farmers and land-
owners could render a ser-
vice to their neighbors and
to the state by leading the
way in crop diversification.
The results of their example
would "sell" the idea to the
smaller landowner or tenant
who must be shown, to be-
lieve.

Our land is fertile; the var-
iety of items a farmer can

WASHINGTON LETTER

By JANE EADS

Washington—It isn't just the
young folks who are leaving the
farms. Whole households are moving
city-ward.

A Bureau of the Census survey
made in April last year shows that
83 per cent of the households of
the United States are now located
in urban areas.
A "household" is defined as in-
cluding "all the persons who oc-
cupy a house, an apartment or
other group of rooms" or a room
that constitutes "separate living
quarters."

It includes the related family
members and also the unrelated
persons, if any, such as lodgers,
servants or hired hands who share
the living quarters. A person living
alone, or a group of unrelated per-
sons sharing the same living ac-
commodations as partners, also con-
stitutes a "household."

There are approximately 39,138,000
households in the United States.
The number on farms went down
sharply to only about 17 per cent
in 1947 from about 20 per cent in
1940 and 22 per cent in 1930.

About 78 per cent of all house-
holds—city and farm—are headed
by males.

That women were the heads of
only about seven per cent of the
farm households is accounted for
by the fact that farm women have
a tendency these days to move to
the city when their marriages are
broken by widowhood or divorce.

One-fourth of the men who are
heads of households are under 35,
another fourth between 35 and 44.
Three-eighths are 45 to 64 and one-

eighth 65 and over.

Veterans of World War II consti-
tuted about 18 per cent of the group.
That is, 6,000,000 homes were headed
by ex-GIs. In addition, about 5,000-
000 households contained one or
more World War II veterans among
their members.

About 77 per cent of the house-
holds had no relatives living under
the same roof, such as parents,
married daughters with their hus-
bands or sons with their wives.

Only about 44 per cent of the
heads of households in April, 1947,
were living in the same house they
occupied in 1940. However, a great
many of them had lived in the
same county.

Other data uncovered by the bu-
reau reveals that there is a ratio
of about three widows to one wid-
ower; that in 1947 about one out
of every 40 persons who had ever
been married was divorced and had
not remarried, that the West has
the lowest proportion of single wo-
men of any region of the country.

Claim Chinese In Mongolian Raid

Moscow, Feb. 26—(AP)—The So-
viet press today carried a Tass dis-
patch which said Chinese troops
made two raids into the Mongolian
Peoples Republic in late January.

According to the Soviet news agency
dispatch, which was prominently
displayed in Moscow papers, the
Chinese raiders captured a Mon-
golian border guard on one occasion,
and killed two guards on the other.

Doughton Says Congressional Delay Jeopardizes Tax Savings

Says If Tax Bill Is Not Passed Before March 15, Date Of Effectiveness Would Be Made At Mid-Year Instead Of Being Retroactive

By FRANK C. ADAMS
From the Washington Bureau of the Daily Reflector
Washington, Feb. 27.—Congress by its delay in voting out a tax reduction bill is jeopardizing the savings income tax-payers should realize between Jan. 1 and June 30 of this year, Rep. Robert E. Doughton, Laurel Springs, said in an interview here today.

gation and ranking Democrats on the Ways and Means Committee said that if the revenue bill, now awaiting hearings before the Senate Finance Committee is not passed before March 15, it is probable that the effective date would be made at mid-year instead of retroactive to January 1. He said the millions of tax refunds that would be made necessary by delay beyond March 15 would discourage the retroactive feature.

Doughton with other members of the committee was invited today by letter from Chairman Harold Knutson (R-Minn.) to offer suggestions and to attend conferences on proposed revision of the entire body of revenue statutes. In the past Knutson, especially with his tax cut bills, has shown little inclination for deliberations—especially from Democratic members.

"Since the House has already voted a 6.5 billion dollar tax reduction measure, I don't see where we can do much elimination of revenue-producing levies including the excise taxes until a final figure is reached," Doughton said.

"I am hopeful that the Senate and the conference between the two Houses will reach a figure around four to 4.5 billions and do that quickly," he added, "such a bill would enable the Treasury to balance the budget; set up a sound fiscal position; retire an impressive part of the staggering national debt and take care of domestic and foreign commitments."

"In my opinion such a measure adopted by a majority of both Houses could be passed over a Presidential veto if the Chief Executive saw fit to turn a tax reduction bill down again. Personally I would vote to override until there was some emergency or some pertinent facts of which I have no knowledge at this time."

Doughton voted against the 6.5 billion bill just as Republicans in committee had defeated his amendment for a 4.5 measure. He said today that a lower figure might be found more in order when the current period of business readjustment begins reflecting a loss of revenue to the government. Despite his advocacy of repeal of many of the excise of "nuisance" taxes, Doughton said he is extremely doubtful if "the course of wisdom permits eliminating any revenue-producing levies until we know where we stand."

The only part of the tax reducer now before Congress which meets with the Tar Heel's unqualified approval is that section providing for the right of married couples in all states to divide community property income. At present only a few states—less than a dozen—enjoy this privilege which often results in individuals making returns in a lower tax bracket at a material savings. Doughton with other Democrats tried at the last session to include the provision in the measure which was finally vetoed by President Truman and then failed on an over-ride in the Senate.

Greenville Elks Lodge Inducts 22 New Members

By CHESTER WALSH
At a meeting of Greenville Lodge No. 1645, Benevolent and Protective Order of Elks, last night, twenty-two candidates were scheduled to be initiated as new members. Twenty-one were inducted in impressive exercises presided over by Exalted Ruler Judge Albion Dunn, Esquire W. W. (Bill) Aycock conducted the candidates through the ritual.

The lodge, organized in 1939, now has more than 200 members. It has a substantial building fund for a lodge home, and annually contributes to worthy charities, especially for the aged and underprivileged youngsters. The Elks' motto is, "The faults of our brothers we write upon the sand; their virtues upon the tablets of love and memory."

The following members were inducted: Perry King, Jack Waters, Carl P. Pierce, William E. Uhley, James A. Johnson, Jr., W. C. Taylor, Judson H. Blount, Jr., R. T. Rogers, Thomas M. Sellers, Ercell Webb, Harry Seaman, Jr., Norman H. Cameron, Charles P. Gaskins, Herbert L. Carter, Tige Gardner, John G. Clark, Erskine Duff, Charles O. H. Little, Dale R. Gidley, Joseph G. Proctor, Thomas W. Rivers and Lee Polger, Jr.

The lodge had the largest attendance since it was organized. Proceeding the meeting, a barbecue supper, with all of the "trimmings," was served about 100 members. A donation of \$50 was authorized for some equipment for the recreation room for the police at the city hall when the officers are off duty. The lodge sends a dozen or more worthy boys to the Elks summer camp in Western Carolina each year.

Officers of the Elks Lodge are: Judge Albion Dunn, exalted ruler; J. Con Lanier, esteemed leading knight; Charles E. Blair, esteemed loyal knight; J. K. Bunting, esteemed lecturing knight; W. W. (Bill) Aycock, exalted; C. A. Bowen, treasurer; Billy Norman, inner guard; Chester Walsh, chaplain; P. L. Picklesimer, secretary, and David Proctor, treasurer.

E. Hoover Taft substituted for Lanier last night.

Warning About Blue Mold In Tobacco Beds

Assistant County Farm Agent Sam J. Weeks issued the following statement today concerning blue mold:

"The severity of blue mold varies from year to year. However, hardly a year passes without losses from the disease. The germs causing the disease are present on old plant bed sites, and are ready to start outbreaks under favorable weather conditions. It is more severe when the night temperatures are between 40 and 65 degrees Fahrenheit, accompanied by cloudy days.

"When attacks of blue mold occur, many plants are killed and those recovering from the disease are much later than normal. When this situation exists, plants are sometimes secured from farms which have such diseases as Black Shank and Granville Wilt present. Both of these dreadful diseases have been introduced into new sections by securing plants that were grown on disease-infested soils.

"Fermate is one of the most popular fungicides now being used. This fungicide can be easily and economically applied. When Fermate is properly used, blue mold can be controlled.

"Fermate can be used either as a spray or as a dust. The Fermate spray or dust should be applied twice each week after the plants are the size of a dime. If it rains between treating days the Fermate should be applied again as soon as it is dry enough.

"If the spray treatment is used, about two pounds of Fermate will be sufficient for 100 square yards of bed for the season. If the dust treatment is used, a mixture containing 15 percent Fermate and 85 percent Pryophyllite should be applied—about 25 pounds of this dust mixture will be sufficient for 100 square yards of bed for the season."

HOW A&P GIVES YOU LOWER FOOD PRICES

During the past week you have noticed lower prices on many important food items in your A&P Food Stores. These prices are a direct reflection of the reduction in the market cost of the food to us, which we are able to put into effect promptly because of three basic policies of conducting our retail business. First, we endeavor to buy our food from primary sources of supply such as farmers, meat packers and grocery manufacturers and move it directly to our stores and warehouses. This keeps down the cost of distribution to us and the price to you at all times. Second, when the cost of food to us goes down we do not wait until we have exhausted supplies on hand, but endeavor to reflect reductions in our retail price promptly. Third, we are food merchants and not food speculators. We do not build up great reserves of food at any time. We are in the market day to day buying food to meet our customers' day to day needs. You can always be sure that A&P prices will follow the market trend and that any further reductions in the cost of food to us will promptly result in lower prices in our stores. You can trust A&P to give you lower prices whenever and wherever it is possible. You can trust A&P to give you the best quality food and the most food for your money.

PONTIAC

GM Hydra-Matic Drive
optional* on all models

Fine Yesterday — Finer Today!

For years, Pontiac has led its field in many of the basic aspects of motor car character.

It has been outstanding in appearance—with its distinctive Silver Streak styling and beautiful bodies by Fisher. It has been consistently praised for its performance—based on smooth, powerful six and eight cylinder engines. It has a record for long life and dependability unsurpassed in the automotive industry.

And now, in the 1948 Pontiac, comes revealing proof of Pontiac's continuing leadership. Not only is the new Pontiac far more beautiful and luxurious—but it offers, as optional equipment on all models, the famous GM Hydra-Matic Drive! This mechanical masterpiece, which eliminates the clutch pedal and makes shifting entirely automatic, is one of the greatest contributions to driving ease and safety in the history of the motor car. And Pontiac is the world's lowest-priced car to make it available to the motoring public.

There are fifteen Pontiac models—each more beautiful and more luxurious than ever—and each an outstanding value. You are cordially invited to see and inspect them today.

Dr. Moore stated that approximat-
ely 2,500 bushels of the certified Roa-
noke variety of soybean and 400
bushels of certified Ogden beans are
now available. Germination of sam-
ples of these seed averaged 90 per
cent, he said.

Davidson, Duke In Vital Games

Richmond, Feb. 27—(AP)—Davidson and Duke will be out to clinch Southern Conference basketball tournament bids tonight. The two clubs are closing their conference slates tonight and need victories to clinch their places in the annual playoffs at Durham, next week end. The Wildcats face the Citadel and Duke has a tougher task in going up against third place North

Protect Record

The Bethel Indians defeated Morehead City, 42-34 Wednesday night and protected their perfect record, boosting it to 29 straight wins. Bethel led, 19-15, at the half and were never headed. In the girls' game, Morehead City won, 30-18. Bethel will play Morehead City Saturday night at 7:30 in Bethel.

Carolina. Davidson with a circuit mark of nine and seven will still have a chance to be counted in should they lose tonight, but the Duke's may be left out if they are defeated. The Blue Devils' now have a mark of seven and six in the race. Another loss could leave them out of the tournament for the first time in the history of the affair.

Although tonight's games will be decisive for those two teams, the actual lineup for the tourney don't shape up definitely until after the results of four games are in Saturday night.

Davidson picked up its ninth conference win last night by trouncing Furman, 75-39. In the only other game involving conference teams Richmond turned in a surprise triumph over Maryland, 64-62.

Phantoms Eliminated By Roanoke Rapids, 33-27

Fourth Seeded Elizabeth City Also Dropped By New Bern In Evening Of Upsets

By SAM NORTHBOP
It was an evening of upsets and near upsets last night in the opening round of play of the NEAC tournament as two seeded teams got bounced out of the championship running. Third seeded Greenville was surprised by the fifth place Roanoke Rapids five, 33-27 and fourth seeded Elizabeth City was stomped by the seventh place New Bern Bears 42-28. In addition to these upsets, second seeded Washington had plenty of trouble subduing the winless Tigers of Tarboro 30-21. Only Kinston came through as expected as they licked the Edenton Aces 40-22.

Coach Bill Sweels' Washington Pam-Pack ran into trouble in last night's opening game as the Tarboro Tigers put up a great fight before going under 30-21. Led by the remarkable floor play of Whitehurst, 5'4" guard, Coach Hugh Cox's winless Tigers battled to a 16-16 deadlock at the half and kept close behind for the remainder of the contest.

Washington's height under the backboards was the telling factor in the win. Ward with 12 points was high man for the Pack while Cobb's 5 was Tarboro's best.

Roanoke Rapids 33-Greenville 27
A sharp shooting Yellow Jacket team from Roanoke Rapids hung up an eleven point lead at half time and coasted from there to a 33-27 upset victory over Coach Bo Farley's Greenville Phantoms in the second contest of last night's opening round.

While the Phantoms couldn't find the basket until after the intermission, the Jays were hitting constantly until they had built up a lead which the Phantoms couldn't overtake. Greenville had run over the Roanokes twice in regular season play. Perkins and Cox got eight apiece for the locals. Warren, Clemmer, and Bryant got the same number for the winners.

New Bern's Bears finally came through as expected, after a weak season, and romped over Elizabeth City's fourth seeded cagers 42-28 in a game marked by many personal fouls.

The whole contest was a scoring duel between Anderson of the losers and New Bern's Russell.

Elizabeth City took a first period lead 13-9 only to have it erased by the Bears in the second stanza and drop behind, 18-17, at the inter-

Players Named To Hall Of Fame

New York, Feb. 27—(AP)—The late Herb Pennock and Harold (Pie) Traynor were voted into baseball's Hall of Fame today by the Baseball Writers Association. Their names will be enrolled in the Cooperstown (N. Y.) Shrine alongside 46 others who were so honored in previous years.

Pennock, the great left-handed pitcher who died Jan. 30 enroute to a National League meeting in New York, led the candidates with 94 votes. Traynor, Pittsburgh's third baseman for 17 years, polled 93 votes. Seventy-five per cent of the vote cast is required for election. This year 121 of some 300 eligible writers returned ballots, making the magic figure 91.

Four men were voted into the Hall of Fame last year. The writers picked Mickey Cochrane, Frank Frisch, Lefty Grove and Carl Hubbell. A special committee also added 11 others who had played in the earlier days.

There is no indication as to whether this special committee will make any additions this year. It is customary for the plaques to be dedicated in mid-July when two major league clubs play an exhibition at Cooperstown, Abner Doubleday's old home town.

Hand Signals To Control Tourney

Salt Lake City, Feb. 27—(AP)—Hand signals—and not whistle-looks—will control play in this basketball tournament.

Eight teams begin play tonight in the third annual Far West basketball tourney for the deaf. Officials explained that the referee will blow his whistle as usual—but for the benefit of the fans alone.

Although way off their usual standard for three periods Kinston's Red Devils romped to a 40-22 win over Edenton's hapless Aces in last night's finale.

After a poor first quarter the Devils began to warm up and after the intermission, led by Bobby Hodges, they began to push in the two-pointers.

Kinston led by only three points at the quarter, ten at the half and then moved on to win easily. Bobby Hodges led the winners with 24 points. Jack Habit bagged 9 for Edenton.

Walcott Agrees To Meet Louis; Will Sign Today

Camden, N. J., Feb. 27—(AP)—The return heavyweight title bout between Champion Joe Louis and Challenger Jersey Joe Walcott is scheduled to become official at 2 p.m. (Eastern Standard Time) today.

Jersey Joe, beaten in a split decision fight last December, announced last night that he had agreed to meet the Brown Bomber at the Yankee Stadium June 23 and would place his name on the contract in the offices of the Twentieth Century Sport Club in New York.

Louis, in England for a series of exhibition bouts, previously had affirmed a return engagement against the 34-year-old Camden, N. J., man who twice floored him in their previous engagement.

Under the terms announced by A. D. Malandra, Walcott's attorney, Jersey Joe will receive 20 per cent of the net receipts and 22 1-2 per cent of the movie rights. Walcott's advisory board, headed by Felix Bocchicchio, who has first call on his services, and Manager Joe Webster, had been holding out for 30 per cent. Louis will receive 40 per cent of the gate and 30 per cent of the movie income.

Walcott also consented to give Louis a return bout in the event he wins the title. If a third fight is necessary, they will split the purse on a 30-30 basis.

"This is one fight we couldn't let go," said Bocchicchio. "We held out as long as possible for a better break but finally agreed to accept the terms of Twentieth Century."

Acceptance by Walcott came at the presentation of the heavyweight "championship" belt to Jersey Joe by the Police Gazette before some 5,000 of his admirers at Convention Hall. The Police Gazette said it believed Walcott beat Louis in December and was rating him the champion.

Outlook Improved By New Fullback

Washington, Feb. 27—(AP)—George Washington University's football prospects got a boost today with the enrollment of Joe Stanislawczyk, a 5 foot 8 inch 210-pound fullback.

Stanislawczyk played high school football at East Conemaugh, Pa., and then with Camp Campbell, Ky., and the 28th Division. Since his discharge, he has been playing with the Potomac State Junior College at Keyser, W. Va. He made the West Virginia all-conference team in 1946 and 1947.

State Students Have Confidence

Raleigh, N.C., Feb. 27—(AP)—Although no official announcement had been made, N.C. State College students were confident today that their high-flying Wolfpack will display its talents in the National Invitational Basketball Tournament.

The students had heard through the grapevine that the Wolfpack, the nation's highest scoring quint, had received an invitation to the tourney and will announce its acceptance during the weekend, probably tomorrow morning.

Chicago, Feb. 27—(AP)—An inquest into the death of Sam Baroudi, 20-year-old Akron, O. boxer, was to be resumed today as plans were made for a benefit fight to raise \$10,000 for the dead youth's parents.

Pirates Lose To Guilford 53-38 In Elkin Games

Elkin, Feb. 27—(AP)—The North State Conference basketball tournament runs off the semi-finals tonight.

Competitors stack up in this manner:
Appalachian* vs Catawba and High Point vs Guilford.

Each of these teams won opening games yesterday. Appalachian beat Elon, 58-45; Guilford topped East Carolina Teachers 53-38; Catawba topped Lenoir Rhyne 59-45.

The High Point-Western Carolina Teachers battle was the piece de resistance of the day's play. High Point won 62-60, but needed all of two overtime periods to do it.

The regular game ended at 51-51 each. The end of the first overtime period found both teams still tied tighter than a grocery store bowling at 56-56. As guntime neared, with the score 60-60, Ted Moran, Freeport, New York, center for High Point, poked a two-pointer through to bring down the curtain on W.C.T.C.

The suggestion was made yesterday by the Carolinas section of the Professional Golfers' Association. The Association plans to recommend formally to Ed Dudley, PGA President, that someone be hired "who will be strong enough to serve as the Judge Landis of Golf."

Cuban And Ike Williams Tangle Tonight In Bout

New York, Feb. 27—(AP)—Kid Gavilan, the Cuban cutup whose boxing style is as intriguing as his name, will try to take the measure of Lightweight Champion Ike Williams in a ten-round non-title bout tonight at Madison Square Garden.

The odds-makers, however, figure he can't do it—despite a seven-pound weight advantage. They've installed Williams a 5-8 favorite.

The Kid will scale around 143 pounds, Williams 132.

Popularity of the unique lad from Havana and the appearance of the Trenton, N.J. world titleholder are expected to lure the largest golden gate of the young year.

This is the first star role in the big arena for Gavilan, whose fancy

footwork and unorthodox let-'em-fly punching have been a crowd-pleaser in preliminary engagements.

Lay Down Law For Newsmen

Prague, Feb. 27—(AP)—The information ministry threatened Foreign newsmen today with action if they violate "good international relations."

American, British, French and Belgian correspondents met with Dr. Oskar Kosta, press chief of the Foreign ministry and press section of the information ministry's press section.

"In case of further violations of international Good Will the ministry of information will have to take proper measures," Kosta told the newsmen.

These measures will be "according to the circumstances." In answer to a question from Seymour Freidman of the New York Herald Tribune,

Gets Approval

Washington, Feb. 27—(AP)—Anti-polit tax legislation was approved today by a senate rules subcommittee which brushed aside a southern senator's demand for hearings.

The measure would let voters ballot in federal elections whether or not they have paid state poll taxes. It is one of the laws President Truman has asked as part of his "civil rights" program.

Kosta said the ministry of information and the Foreign office press section will be sole judges of whether newsmen overstep the bounds of what this new government considers good reporting.

"Why shouldn't we?" put in Dr. Ezen Klinger of the Foreign office press section.

Kosta said Foreign journalists have been permitted to work here freely, but that the freedom has been "misused by certain journalists during the last few days."

He demanded that reporters rely upon official information.

Klinger objected to use of the term "Reds" for Communists and the term "squads" for action committees, whose formation he called a "big political event."

PAYROLL STOLEN

Spartanburg, S. C., Feb. 27—(AP)—Sheriff B. B. Brockman said today the safe at Glendale Mills was robbed of about \$18,000 last night. He said the money was in 500 envelopes and was to have been paid to workers of two shifts today.

Warden Takes Killer Into Home

Canon City, Colo., Feb. 27—(AP)—Admitting "My neck's out," Warden Roy Best has taken a 12-year-old boy killer into his home to rear "like my own kid."

The Colorado State Prison warden said, "No one will lose but me" if his unusual plan fails to rehabilitate Jimmy Melton. The boy was sentenced Wednesday to 12 years to life for killing his 16-year-old sister with five bullets from a rifle.

"I can't put that kid behind bars to be with the toughest thugs and bums in the state," Best declared. "They sent Jimmy here for me to care for. The way I look at it, I can do it my own way."

"Along with Buddy (the warden's 17-year-old nephew), Jimmy's a member of our family. They have adjoining rooms upstairs and Jimmy takes his meals with us."

The warden's home is outside the prison.

"I've got a lot of confidence in that youngster," Best said. "But if this thing works, I'll probably get 30 such cases as this here. And then I'll resign. I'm not running a juvenile delinquency ward."

Greenville Has Airport Marker To Guide Pilots

By CHESTER WALSH

The Greenville Junior Chamber of Commerce, actively engaged in sponsoring worthwhile community projects, is well on its way toward making 1948 a banner year of achievement, it now appears, while only two months of the year have gone by.

The Jaycees recently installed on the roof of a building owned by the E. B. Picklen Tobacco Company, at 10th and Pitt Streets, an airport marker sign, inscribed with "Greenville," compass directions and an arrow, pointing to the airfield across Tar River, President B. B. Sugg said today. The letters on the sign are 10 feet from bottom to top and the sign is about 100 feet long.

The Junior Chamber also is sponsoring a concert in Greenville by the North Carolina Symphony on Monday, April 12.

The Jaycees and the Greenville Aero Club are making plans now for an air show at the airport on Sunday, April 4, similar to the one held here about a year ago, which drew the largest crowd of people ever to assemble at a special event in Pitt County. Tommy Sellers, former marine pilot, is chairman of the arrangements committee.

Veterans Of Foreign Wars Gets Marine Mess Hall As Club

Charles Gray Morgan Post No. 7032, Veterans of Foreign Wars, has leased the mess hall at the Greenville airport which was used by the Marines during World War II as a club house, it was announced today. The members plan to renovate and repair the building by volunteer labor by the members. Walter E. Lewis is post commander. Carroll Chauncey is chairman of the Building Committee.

The club house will be furnished as a place in which to hold meetings, parties, dances, etc. The post meets the first and third Thursdays of each month at 7:30.

Members of the post willing to help in renovating the club house should contact Carroll Chauncey at Penny's store Saturday afternoon.

Virginians Act On Tuck Measure

Richmond, Va., Feb. 27—(AP)—A house of delegates committee today approved unanimously Governor William M. Tuck's plan to keep President Truman's name, if he is renominated, off the presidential ballot in Virginia.

The bill was amended in two major particulars before being approved by the House Privileges and Elections Committee.

Hog Market

Raleigh, Feb. 27—(AP)—(NCDA)—Hog markets weaker, with tops of \$21.75 at Fayetteville, \$21.25 at Rocky Mount, Greenville, Smithfield, Mount Olive, Goldsboro, Washington, Clinton, Warsaw, Lumberton, Chadbourne and Richmond.

Poultry and Eggs

Raleigh, Feb. 27—(AP)—(NCDA)—Eggs steady; A large 35; fryers and broilers steady at 35.

Grain Market

Chicago, Feb. 27—(AP)—A late rally cancelled a good part of early losses in grains on the board of trade today.

Prices dropped as much as 4 1/2 cents at the start. Rains over a wide area of the southwestern winter wheat belt caused the early selling. Wheat paced the decline, but corn and oats also were weak.

About 30 minutes before the close a rally got underway. Flour mills were credited with being buyers of wheat, the first sign of any substantial buying by mills in several

days. Trading became active on the rally.

Wheat closed 1/4 lower to 1/2 higher, May \$2.36-\$2.36 1/2, corn was 1/2 lower to 1/2 higher, May \$2.16 1/2-\$2.16 1/2, oats were unchanged to 1/2 higher, May \$1.06 1/2-\$1.06 1/2, and soybeans were 1 to 2 cents lower, March \$3.48.

N.Y. Cotton

New York, Feb. 27—(AP)—Cotton futures opened 35 cents a bale lower to 5 cents higher.

Noon prices were 95 cents a bale lower to 20 cents higher than the previous close. March 32.40, May 32.42 and July 31.80.

Cotton futures turned firm following early weakness today. Month end covering by mills and short covering by locals met only limited offerings.

In early dealings the market was lower on scattered liquidation, influenced by expectations of a decline in the mid-February cotton parity and issuance of 33 additional March transferable notices.

Rutures closed \$1.30 to \$1.75 a bale higher than the previous close.

N.Y. Stock Market

New York, Feb. 27—(AP)—The direction still was downward for the majority of today's stock market leaders. Good corporate news was more or less ignored and light selling prevailed from the start. Transfers were around 700,000 shares.

Long-Form . . .

(Continued from Page One)

from line 2. Write the result—\$8,500—on line 3.

Line 4—write \$2,500, your total exemptions which in your case were yourself, wife and children. Subtract that \$2,500 from the \$8,500 on line 3. Write the result, \$6,000, on line 5.

That \$6,000 is the only part of your income the government can tax. It's what is left after subtracting your deductions and exemptions from your total \$9,000 income.

Now take up the instruction sheet mentioned earlier in this story. Look at the tax-table on the bottom of page 4. Your taxable \$6,000 will be in the line where it says "over \$4,000 but not over \$6,000."

There you see the tax on the first \$4,000 of your taxable \$6,000 is \$840, plus 26 per cent of the remaining \$2,000, or \$520. Add the \$20 to the \$840. That gives you a total of \$1,360.

Now turn back to page 3 of the long-form. On line 6 write that total, \$1,360. But that isn't the tax you have to pay.

Take 5 per cent of that \$1,360—it's \$68—and write the \$68 on line 7. Now subtract line 7 (\$68) from line 6 (\$1,360) and write the result, \$1,292, on line 8.

That \$1,292 is your total tax, the tax you have to pay. There are a few other steps.

In 1947 you had a raise which made your total salary for the year \$8,500. That raise upset the total tax you had figured, a. the beginning of 1947, you'd owe for that year.

So in 1947 you paid the government \$1,100 in taxes—\$1,000 withheld from your salary and \$100 paid in installments.

But now you find your full tax because of that raise, is \$1,292, instead of the \$1,100 you had thought you'd owe.

So now turn to page 1 of the long form. On line 7, write your total tax, \$1,292. Under that, on the line specified, write the \$1,000 tax the boss withheld from you and the \$100 estimated tax you paid.

Subtract the \$1,100 tax paid from full tax, \$1,292. You write the result \$192, on line 9. That's the tax you still owe.

You must pay that \$192 in full when you file your return with the Internal Revenue Collector by March 15. You're finished.

Tomorrow: Exemptions.
