

Jewish Agency To Carry Out Plans

Will Proceed With Creation Of Jewish Nation In Palestine, U. N. Told, Even If That Body Is Unable To Carry Out Its Own Decision On Partition

Lake Success, March 5—(AP)—The Jewish agency told the United Nations in effect today that it was determined in any event to go ahead with the creation of a Jewish nation in Palestine.

This would be done even if the U. N. is unable to carry out its own partition project, the agency said in a major policy statement to the U. N. Security Council.

Dr. Abba Hillel Silver, chairman of the American section of the agency's executive, told the Council.

"We feel under obligation to make our position unmistakably clear. As far as the Jewish people is concerned, it has accepted the (partition) decision of the United Nations. We regard it as binding and we are resolved to move forward in the spirit of that decision."

"Under the plan there are dates to be met. We must assume that these dates will be met."

"We fully respect the authority of the United Nations but if it is unable to carry out its own decision and as a consequence, the Jewish community of Palestine is confronted with the threat of annihilation, it will be compelled by the considerations of sheer survival, not to speak of the preservation of its rights, to take all the necessary measures which the situation will call for."

The first ballot was expected on an American-drafted proposal that the Council accept the General Assembly's Nov. 29 decision to split the Holy Land into independent Jewish and Arab nations effective next Oct. 1.

U. S. delegate Warren R. Austin told the Council two days ago: "A vote for this paragraph would be a vote for partition as a Palestine solution." After his definition of the issue, only Russia and the Soviet Union supported the United States.

Canada, Belgium and China have said they would oppose such a step at this stage. Syria, the Arab country on the Council, is against any partitioning move. Britain is committed to abstention throughout partition balloting on the ground she cannot support any Palestine solution not acceptable to both Jews and Arabs.

The other major point in the American plan would open Council-directed Big Five consultations on Palestine, including conferences with Jews and Arabs. This section had a better chance of passage, although Russia insists the five big powers should consult outside the orbit of the Council and not bother trying to mediate Jewish-Arab differences at this stage.

632 LOST PERMITS

Raleigh, N. C., March 5—(AP)—Some 632 North Carolina drivers lost their drivers permits during February following convictions for drunken driving, the Motor Vehicles department reported today.

Pitt's Red Cross Drive Nearly Ready To Start

The campaign for raising funds in the Red Cross drive is about ready to start. John G. Fleming, chapter chairman, is again this year heading up the Greenville district. The over-all quota for the county is \$11,119.00. L. S. Picklen is county chairman.

The special gifts committee, under Joseph S. Moye, chairman, will start its solicitation Tuesday, March 9, with a breakfast at the Old Towne Inn. Mr. Moye is getting everything in readiness for an efficient and speedy campaign. To assist Mr. Moye, he has secured the services of W. T. Kyzer who will handle the out-of-town branch firms solicitation. The Lions Club under Gregory P. Oakley, chairman, will solicit the business district.

The women's division under Mrs. Hunter Irving, chairman, will solicit the residential section. The general solicitation for the Greenville district will start Thursday, March 12. Mr. Fleming, who is in charge of the Greenville district, announces the following appointments:

Legionaire Says Election Fever Blocking UMT

Raleigh, N.C., March 5—(AP)—"Election fever" in Congress is preventing consideration of the Universal Military Training bill before that body, National Commander James F. O'Neil of the American Legion told reporters at a press conference in Governor Cherry's office today.

The commander is making a tour of the state and is scheduled to speak today at Durham and Kannapolis.

"This is no time to let politics transcend the public welfare, in the hope that peace will be maintained," the commander said.

Indicating he believes House Speaker Joe Martin is influencing the Rules Committee to keep the bill in committee, the commander said he believes the bill would be passed if it is brought to the floor.

Dogs Are City's Headache Now; Aldermen To Act

Provision Will Be Made When Budget Set Up; Improved Plans Submitted

By CHESTER WALSH
The Board of Aldermen in regular monthly session at the City Hall last night discussed dogs at length, giving particular attention to the roving packs of canines which run at large on streets in violation of a city ordinance.

Alderman L. M. Buchanan's motion to instruct police to halt the owners of dogs running at large to Police Court was carried.

The matter of having a dog catcher and a cage truck and a proper place to impound dogs taken up was referred to the Police Committee. Mayor Jack Boyd stated that there is no provision in this year's budget for financing a dog-catching department, and indicated that provision would be made for this when the budget for the next fiscal year is set up in June.

Mrs. H. A. Goodall and Dr. S. J. Phillips made complaint to the Board of Aldermen against Mrs. F. G. Copeland's dog kennel adjacent to their property. The complaint was referred to the Health and Sanitation Committee. The committee also was instructed to investigate dog pastures and lots in the city limits.

The street department was ordered to promptly install about 100 feet of storm sewer at Myrtle and Washington avenues to eliminate a bad situation at that intersection.

Joseph M. Dresbach submitted an offer of property owners who own the alley, running from Third to Fourth streets and between Washington and Evans streets, to pave the alley if the city would install a storm sewer to take off the surface water and connect the sewer along Fourth street with the Washington Street storm sewer. Mayor Jack Boyd appointed a committee to work out plans for the project.

J. B. Kittrell, who served the unexpired term of Kinchen W. Cobb as a member of the Greenville Utilities Commission after he resigned some time ago, was reappointed.

Vance Overton and Billy Corey submitted to the board a plan to erect a commercial building at Third and Jarvis streets, in a residential section. Mayor Boyd referred this to City Attorney R. B. Lee to ascertain from the city's zoning ordinance the proper legal procedure in the matter and to report back to the board.

C. G. Stancill complained of a "dangerous hothead" on a city-owned lot on the southeast corner of Jarvis and Third streets. It was stated that the city acquired the small strip of land under tax foreclosure and had offered to sell the lot to Stancill on payment of the back (Continued on Page Two)

Women's Division, Mrs. Hunter Irving, chairman; Men's Division, Gregory P. Oakley; City Schools, O. E. Dowd, chairman; College, W. E. Marshall, chairman; Tobacco Industry, A. C. Ruffin, chairman; Rural Area of Greenville, W. F. Young, chairman; Colored Division, Prof. W. H. Davenport, chairman.

The headquarters for the campaign will be at the Chamber of Commerce office.

SWORN IN TODAY
Raleigh, N. C., March 5—(AP)—Thaddeus D. Bryson, Jr., of Bryson City was sworn in today as Solicitor of the 20th Judicial District.

Parity, Price Support

Congress Has A Nice Problem To Solve When Parity And Price Support Laws Come Up For Action; How They Work; Their Importance To Farmers

By JAMES MARLOW

Washington, March 5—(AP)—Nice baby, full of trouble, right in Congress' basket: Parity and farm price support.

They may sound like Greek to city people. But they're important to farmers. Here's an explanation.

Parity simply means equal. And price support means only that the government will buy up crops, if necessary, to keep farm prices from falling too low.

The law says there's parity (equality) between farm prices and other prices when—

A farmer can buy with the money he gets from his crops, the kind and amount of things he could buy in some past time. What past time?

In most cases it's the period of 1909-14, called a base period. Those were good years for farmers. Here's an example of parity:

Say wheat sold for \$1 a bushel in 1909-14. And in that period for \$50 a farmer could buy a certain kind of suit, or tools, or other things.

Say now wheat sells for \$2 a bushel but that suit or those other things sell for \$100. That's all right, there's parity, or equality, there.

The price of the suit has doubled. But so has the price of wheat. The farmer is spending for a suit twice as much as in 1914, the same kind

of suit, but he's earning twice as much.

When there's real equality like that between farm prices and the price of things farmers buy, the government says parity is 100 per cent. Say now that 100 per cent of parity for a bushel of wheat is \$2. What happens if the price of wheat falls below \$2, which means below parity?

The government says that if the price falls below a certain point under \$2 (or parity) it will step in and buy the farmer's wheat or lend him money on it. How far below?

Majority Finns Oppose Russian Military Alliance

But Negotiations On Treaty Of Friendship And Assistance Agreed Upon

Helsinki, Finland, March 5—(AP)—Two minority parties announced their opposition today to entering into a military alliance with Russia. Their stand means that parties representing a majority of the members of Parliament now are aligned against such a tie.

The minority parties—the Conservatives and the Liberals—joined other parties and blocks, however, in approving the opening of negotiations with the Soviet Union on a friendship and mutual assistance pact as suggested last week by Prime Minister Stalin.

The final decision on the answer to Russia now rests with President Juho Paasikivi, a statesman with long experience in dealing with the Russians. Parliament would be required to ratify any treaty after its conclusion.

The Conservatives, with 29 seats in Parliament, and the Liberals, with nine, will deliver their formal response to the president late today. The Social Democrats, with 48 seats, and the Swedish Party, with 15, already have recommended to Paasikivi that he appoint a delegation to negotiate. Together, the four represent 101 of Parliament's 200 seats.

The Popular Front, of Communists and radical Socialists, has urged acceptance of negotiations toward a full military pact. They have 51 parliamentary seats.

The Agrarians, who hold the other 48 seats, are expected to make their stand public some time today.

There were some unconfirmed reports that the president already has drafted his reply to Stalin.

Unions Postpone Atomic Walkout

Bow To Presidential Request; Truman To Name Inquiry Board

Washington, March 5—(AP)—APL unions, bowing to a plea by President Truman, today put off strike plans for at least two weeks at atomic bomb laboratories in Oak Ridge, Tenn.

The President, before leaving Key West, Fla., to return to the capital, took the first step provided in the Taft-Hartley Act for dealing with a national emergency strike threat. He said he was naming a board of inquiry and would ask it to report by March 19.

It was the first time Mr. Truman had made such a move under the act passed over his veto last June 23.

After the board reports, the attorney general could ask for an injunction. If granted this court order would postpone a strike for another 80 days.

The APL unions represent about 900 workers at one of Carbide and Carbon Chemicals Corporation's Oak Ridge plants. The workers had been set to walk out at midnight tonight after week-long contract negotiations seemed hopelessly stalled.

The Carbide and Carbon firm took over from the Monsanto Chemical Company at the Tennessee atomic plant last Monday. The unions had a contract with Monsanto which expired when that company ended its Oak Ridge operations.

SWORN IN TODAY
Raleigh, N. C., March 5—(AP)—Thaddeus D. Bryson, Jr., of Bryson City was sworn in today as Solicitor of the 20th Judicial District.

Parity, Price Support

Congress Has A Nice Problem To Solve When Parity And Price Support Laws Come Up For Action; How They Work; Their Importance To Farmers

By JAMES MARLOW

Washington, March 5—(AP)—Nice baby, full of trouble, right in Congress' basket: Parity and farm price support.

They may sound like Greek to city people. But they're important to farmers. Here's an explanation.

Parity simply means equal. And price support means only that the government will buy up crops, if necessary, to keep farm prices from falling too low.

The law says there's parity (equality) between farm prices and other prices when—

A farmer can buy with the money he gets from his crops, the kind and amount of things he could buy in some past time. What past time?

Say wheat sold for \$1 a bushel in 1909-14. And in that period for \$50 a farmer could buy a certain kind of suit, or tools, or other things.

Headliners At Inauguration

DR. JOHN D. MESSICK

GOV. R. GREGG CHERRY

DR. GEORGE F. ZOOK

DR. HARRY A. SPRAGUE

The principal speakers at events of Saturday, March 6, when Dr. John D. Messick will be inducted into office as president of East Carolina Teachers College, include Governor R. Gregg Cherry of North Carolina; Dr. George Frederick Zook, president of the National Council on Education and Chairman of President Truman's Commission on Higher Education; and President Harry A. Sprague of the State Teachers College, Montclair, New Jersey.

At the inaugural exercises in the morning, Governor Cherry will speak on the educational situation in North Carolina and will trace the development and services of East Carolina Teachers College. Dr. Zook's topic is "Expanding Higher Education." At a luncheon following the inauguration, Dr. Sprague will be principal speaker and will have as his subject "The Teacher Faces World Problems."

Prison Sentence

Washington, March 5—(AP)—Harold Cristoffel, former CIO union officer in Milwaukee, today was sentenced to serve from two to six years in prison for denying under oath he was a Communist.

Before sentencing Cristoffel, Federal District Judge Edward M. Curran turned down a request by John Rogge, chief of defense counsel, for a new trial.

President Flies Back To Capital

Vacation Ends; Cabinet Meeting Set For This Afternoon

Key West, Fla., March 5—(AP)—President Truman left here by air at 9:05 a.m. (EST) today for Washington and an afternoon cabinet meeting.

He was in good spirits as he prepared to face again national and world problems which have mounted during his two weeks absence.

Deeply tanned, he said this was the best vacation he had ever had in Florida. His stay here was preceded by a Caribbean cruise.

He was due in Washington shortly after 2 p.m. (EST). He set the cabinet meeting for 4 p.m.

The President announced he would sign an executive order setting up a fact-finding board to inquire into the situation threatening a strike at the atomic energy plant at Oak Ridge, Tenn.

In addition to his meeting with his cabinet, the first in three weeks, Mr. Truman will hold an early conference with Senator McGrath (D-R.I.), chairman of the Democratic National Committee.

Southern Democratic protests against his civil rights proposals have continued without abatement since he left Washington Feb. 25 for a visit to Puerto Rico and the largely Negro Virgin Islands.

Hold Brothers For Thirty-Four Larceny Charges

Charlotte, March 5—(AP)—Four Charlotte brothers were held today in Mecklenburg county jail on 34 charges of housebreaking and entering and larceny. They are accused of widespread entering of cabins along the Catawba river in Mecklenburg and Gaston counties in North Carolina and York county in South Carolina.

The brothers are Floyd P. Williams, Johnnie Lee Williams, Richard G. Williams and Charlie Williams.

Mecklenburg county police captain Joe Whitley said Johnnie Lee Williams and Floyd P. Williams have been out of jail only a short time after serving almost five years on 26 convictions of larceny from cabins in the same area in 1943.

Tow Boat Sinks Seventeen Lost

Mississippi Current Rolls Boat Over After Hit Piling

Greenville, Miss., March 5—(AP)—Seventeen crewmen were missing today from the towboat Natchez, which struck a bridge piling last night and sank in the treacherous current of the Mississippi river.

The towboat Sohio-Lathonia brought eleven survivors to Greenville today and Capt. William A. Howell, master of the craft, said "there could hardly have been any others" saved from the Natchez crew of 28.

Howell witnessed the end of the Natchez from his pilot house.

"The current caught her and rolled her over," he said. "She went down in about a minute. The men below—firemen, engineer and so on—had no chance. The men picked up were mostly deck crew."

The Sohio-Lathonia picked up nine survivors, of whom two died on board. Four other men, rescued by other boats, were transferred to the Sohio-Lathonia to be brought here.

Howell said he had taken aboard all those picked up by the other boats, the Casablanca and Irene Shatan.

Howell, said the disaster was "by far the worst" in the 12 years he has been on the river. He is 28 years old.

Red Radio Says American Held

San Francisco, March 5—(AP)—The Chinese Communist radio reported today an American was captured February 28 when the Reds seized Yingkow, South Manchurian seaport.

The broadcast, heard here by the Associated Press, did not identify him, but said he was the chief engineer of one of two Chinese ships taken. One of the vessels was described as the "North Pole No. 1," an ice breaker, and the other a 3,500-ton LES, number 105. Both were obtained by China from the United States.

Below Zero In Northern States

Chicago, March 5—(AP)—Temperatures dropped to midwinter levels in some parts of the country today as cold weather chilled air from Colorado to Maine.

The mercury dropped to 25 below in Cadillac, Mich., as clear, cold weather covered the Northern and Eastern sections of the nation. Readings of below zero were reported from New England across much of the Great Lakes area to Eastern North Dakota and along the Continental divide from Montana to Northeastern New Mexico.

One-Day Delay For Conference Of Five Nations

Postponement Due To Late Delegates; Mutual Defense Pact May Be Outcome

Brussels, Belgium, March 5—(AP)—A five-nation conference on a proposed Western European union to buck Communism skipped today's meeting because of the absence of two key delegates.

An official communique, issued at the Belgian Foreign Ministry, said resumption of the conference has been postponed till 9 a.m. (4 a.m. EST) tomorrow.

The postponement was agreed upon, the communique said, because two delegates carrying instructions from their governments have not yet arrived.

The two are Gladwyn Jebb, second British delegate, and M. Chauvel, general secretary of the French Foreign Ministry. Both were held up by a thick fog in the North Sea.

The five neighboring countries previously had intended to take up a draft agreement today, and some conference sources had predicted a general understanding by Sunday.

Belgium, The Netherlands and Luxembourg presented the draft yesterday in the first session of their talks with Great Britain and France, held at the invitation of the two big powers. A communique said it showed "great similarity of views."

Diplomatic circles said last night one outcome probably will be a five-nation treaty of mutual defense for at least 50 years. The British-French Dunkerque pacts is such a treaty.

Yesterday was the first anniversary of the signing of that pact. British Foreign Secretary Ernest Bevin and French Foreign Minister Georges Bidault took the occasion to plead for a union of Western Europe.

Regional School Scheme Nearer

South's Educators Plan To Ask Financing By Foundations

Gainesville, Fla., March 5—(AP)—The South's educators pushed their regional college plan a little further toward actual operation today.

The Council set up a 14-State compact to do the spade work, named in executive committee headed by Gov. Millard Caldwell of Florida.

Gov. Caldwell said he thought it might take as much as \$100,000 to conduct the survey. The Carnegie Corporation and the General Education board will be asked to put up the money.

Until they act on the application, the states will start the ball rolling with contributions from their continuing funds.

Key figures in both the Carnegie Foundation and the General Education Board yesterday endorsed the Southern plan to pool state resources for establishment of the ranking colleges in highly specialized fields which no state alone could afford.

The endorsements came from Owen D. Young, New York industrialist and member of the General Education Board, and Oliver C. Marsh, president of the Carnegie Foundation for the Advancement of Teaching. Both said the Southern plan also would answer Northern needs for specialized training.

Howell, said the disaster was "by far the worst" in the 12 years he has been on the river. He is 28 years old.

Sunshine At Brussels

Too Early To Predict Success Or Failure, But Meeting Of Five Nations To Talk Western European Union Is Historic; Aspects To Proposal; America's Role

By DEWITT MacKENZIE

It isn't often that the sun breaks through the clouds over Europe these days, and there's always blood on the moon at night, but a splash of sunshine is playing about the Brussels conference which is considering a union of Western Europe to halt the advance of aggressive Communism.

It's far too early to make any predictions, of course, for it was only yesterday that the five nations got together—Britain, France, Belgium, The Netherlands and Luxembourg, the last three known as the Benelux countries. Still the very fact that they are meeting is in itself a historic development which might lead to great things—even to the birth of a new Europe in due course.

This conference has been hanging fire for some time—an idea which hadn't quite jelled. It took the Bolshevik assault on helpless Czechoslovakia and the threat to little Finland to bring the five nations together on the jump. For the Czechoslovakian coup was a brutal warning that the Red menace might strike next in Western Europe.

The conference is debating the idea of a treaty and alliance for mutual benefit and protection. There are four aspects to the proposal—political, economic, cultural and military. Of these the military is the most important because the other three can't be implemented until that is taken care of.

In short, the conferees are attacking the problem on the basis that they need American military guarantees, since the United States is the only great power to which they can turn for such support. They have in mind some agreement like the Pan-American pact for mutual assistance against aggression.

The five conferees have started out with the assumption that if they themselves can agree and secure a military guarantee from Washington, the other countries of Western Europe will join. In this way would be created the union of Western European states which British Foreign Secretary Bevin advocated some time ago.

Such a union already has received the nod of approval from America. It is recognized that it would be a perfect complement to the Marshall Plan, and would, in fact, be able to supplant the Marshall project as soon as Western Europe got on its economic feet again.

Reject Proposals On Federal Funds

Refuse Again To Submit Condon's Loyalty Report

Washington, March 5—(AP)—The Commerce Department stuck by its gun today and refused again to hand over to the House un-American Activities its loyalty records on Dr. Edward U. Condon.

John L. Towne, secretary of the Department's loyalty board, came before the committee in response to a subpoena directing that he show up with the papers.

But he didn't have the papers. Nor would he answer questions about them.

Secretary of Commerce Harriman advised the committee by letter last night that the records would not be turned over to the Commerce members. He said that to do so would be "prejudicial" to the public interest.

In this situation:

1. Committee members talked of asking Congress to pass a law forcing Harriman to surrender the papers.

2. Harriman's stand was lambasted in speeches on the House floor by Reps. Mackinnon (R-Minn.), Hoffman (R-Mich.) and Rich (R-Pa.).

Rich said: "The only way we will ever get anything of benefit out of those bureaus downtown is to clean house—Next November."

3. An un-American Activities subcommittee recommended that the full committee hold formal, public hearings on the case of Condon, director of the National Bureau of Standards.

4. Condon himself told reporters that "Oh, certainly" he favors hearings. As a matter of fact, he said, he asked for them last July.

Condon is the 46-year-old Bureau of Standards Director described by an un-American Activities Sub-Committee last Monday as "one of the weakest links" in atomic security.

Condon snapped back that the country has nothing to worry about, that he is "absolutely reliable."

The Bureau tests many of the government's most secret scientific developments.

Asks Congress To Wind Up WAA

Washington, March 5—(AP)—President Truman asked Congress today to wind up the War Assets Administration June 30.

The disposal of remaining domestic surplus war property would be transferred to the Federal Works agency.

Of the original \$40,000,000,000 worth of surplus property, about \$5,400,000,000 will remain to be disposed of at home by June 30.

Reflector Wants Pictures Of All The Youngsters

Social and Personal

All items for this page received after 10:00 A. M. will be published the following day. Dial 3366 9:00 A. M. to Noon — 1:00 to 4:30 P. M.

Mr. and Mrs. Bill Semons left Thursday to visit friends in Florida.

W. M. S. of Memorial Baptist Church The W. M. S. of Memorial Baptist Church will meet Monday afternoon at 3:30 at the church.

Birth Announcement
Mr. and Mrs. Irvin Barber announce the birth of a son, Irvin M. Jr., on February 28, in Pitt General Hospital.

Engagement Announced
Mr. and Mrs. H. S. Moore announce the engagement of their daughter, Margaret Catherine, to Mr. Leslie Gordon Long, of Morehead City.

W. M. S. of Immanuel Church
The W. M. S. of Immanuel Baptist Church will meet Monday afternoon, March 8, at 3:30 o'clock at the church.
All members are urged to be present.

Card of Thanks
We wish to express our appreciation for all the kindnesses shown us at the time of the death of our husband and father, Mr. James E. Whitehurst.
MRS. J. E. WHITEHURST AND FAMILY.

Will Take Leading Role
Miss Rosamond Hooker Nicholson, daughter of Mrs. T. I. Wagner of 802 Evans Street, Greenville, will have a leading role in Ruth Gordon's play "Years Ago" which will be presented by the Dramatic Art Department of Southern Seminary and Junior College, Buena Vista, Virginia. Miss Nicholson is a member of the first year college class and is active in campus affairs.

W. C. T. U. Notes
At the regular W. C. T. U. meeting on March 3, a record attendance and a fine spirit were enjoyed. The president, Mrs. Briggs, presided over an interesting business session in which splendid reports were given. The legislative department, which has been newly organized gave a most inspiring report.

End of Century Club Meets
The End of the Century Club held their regular meeting Tuesday afternoon with Mrs. J. L. Hassell. In spite of heavy downpour of rain practically all members were present.

The hostess, assisted by Mrs. J. L. Little and Mrs. J. B. Spilman, served a salad course with coffee, fruit cake and angel snow balls.

The business session followed, presided over by Mrs. R. C. Stokes in the absence of the president.

Christian Church Announcements
At the Sunday morning service at the Eighth Street Christian Church a trio consisting of Misses Dot Whitley, Alma Whitley and Louise Briley will sing Tchaikovsky's "Legend" and the pastor will speak on the theme, "The Divine Cross in Human History."

The members of the church who are participating in the systematic and city-wide evangelistic visitation are asked to be at the church Sunday afternoon at 5 o'clock for a short conference before they go to the Presbyterian Church for the evening supper and devotional meeting under the direction of Dr. J. M. Pemberton. The actual visitation will be made later in the evening Sunday.

Miss Ona Schindler will speak Sunday evening at 6:30 to the Christian Youth Fellowship continuing the series of vocational studies and a social will follow.

The members of the choir are reminded that there will be a special rehearsal on Sunday afternoon at 2:30.

The students of the Christian Students Association will go to the state prison camp just north of Greenville for a special service Sunday afternoon at four o'clock.

Caveness-Smith
Miss Lena Mae Smith, daughter of Mr. and Mrs. William Richard Smith and Wallace Arthur Caveness, son of Mrs. Lily Caveness and the late E. C. Caveness, were married on February 28 in Immanuel Baptist Church.

Mrs. C. B. Wilkerson of Greensboro, sister of the bride, was matron of honor. She wore a rose taffeta dress and carried a bouquet of yellow snapdragons.

Nettle Irene Crumpler and Sylvia Crumpler of Mebane were junior bridesmaids. They wore aqua taffeta dresses and carried bouquets of pink carnations. Susan Franklin was flower girl. She wore pink taffeta and carried pastel flowers. All girls are nieces of the bride.

Paul Caveness of Asheville, brother of the bridegroom, was best man. Ushers were Fred A. Woods, Clyde A. Jackson, Albert C. Bennett, and T. C. Fitzgerald, Jr., all of Greensboro.

Mrs. Paul Davenport, organist, and Mrs. Margie Doll, soloist, were wedding musicians.

Given in marriage by her father, the bride wore a gown of calla white satin with heart-shaped neckline. The gown was worn by the bride's sister, Mrs. R. V. Morris.

She wore a three-tiered veil attached to a tulle of orange blossoms and she carried a bouquet of white roses centered with a ruby-throated orchid, which she wore with her going-away outfit. For her wedding trip the bride wore a three-piece navy suit with white blouse and gloves and white straw hat.

After the ceremony, the bride's parents entertained at a reception at their home. On Saturday at noon, Mr. and Mrs. C. B. Wilkerson of Greensboro entertained the family

Back in New York, Norma Raymond, blonde 25-year-old singer on the liner Argentina, caused a near riot when the ship visited Buenos Aires recently. Hundreds of "wolves," who are known as "sharks" in the Argentine capital, followed her through the streets on her shopping tour. Police finally rescued her from a besieged dress shop and took her back to the ship

and bridal party at breakfast at the Airport Inn.
The bride's mother wore for the wedding a dusty blue dress and corsage of pink roses. The bridegroom's mother wore an orchid dress, black accessories and corsage of gardenias.

The bride attended BCTO where she majored in commerce. For the past four years, she has been office manager at Wesley Long Hospital in Greensboro.
The bridegroom is employed at the home office of the Pilot Life Insurance Company, Greensboro. He spent three and a half years with the Army Engineers with service in the China-Burma-India Theater.

Visitation Week
March 7-10 is being observed as Visitation Evangelism Week by the churches of the city. Dr. John Pemberton, of Cape May, New Jersey, who served so effectively as leader of this work two years ago, will again be the director and the inspirational speaker for the week.

Visiting teams from the several churches will meet at the Presbyterian Church on Sunday evening at 6 o'clock. Following supper a period of instruction and inspiration will be led by Dr. Pemberton. Then the teams will go out into the community to visit in the homes of people who are not identified with churches in the community.

On Monday, Tuesday, and Wednesday evenings supper meetings will be held at 6:30 at the Jarvis Memorial Methodist Church, the Immanuel Baptist Church, and the Eighth Street Christian Church, respectively. Reports will be made, assignments given, and the visitations made as on Sunday night.

Fewer Calories In Prospect For American People
Washington, March 5 — (AP) — Americans may have to trim 50 calories off their daily diets this year. The Agriculture Department said so today after weighing 1948 food production possibilities.

But this reduced diet would have only 1 per cent fewer calories than last year's. What's more, it still would furnish about 40 per cent more than nutritionists say most people need.

The department said it looks now as though the food supply will provide 3,370 calories, on an average in the American daily diet. Last year consumption averaged 3,420 calories. From 1935 to 1939 it averaged 3,250.

Nutritionists say the average adult doing ordinary work needs about 2,400 calories daily. Heavy workers require more.

SINUS CATARRH SUFFERERS FIND CURE FOR MISERY DUE TO NASAL CONGESTION. SUPPLY RUSHED HERE!

Relief at last from torture of sinus, snoring, hay fever due to nasal congestion is seen today in reports of success with a formula which has the power to reduce nasal congestion. Men and women with agonizing sinus headaches, clogged nostrils, sneezing, hawking and sneezing misery tell of blessed relief after using K. KLOKORONOL.

costs \$3.00, but considering results, this is not expensive, amounts to only pennies per dose. KLOKORONOL (caution, use only as directed) sold with money-back guarantee by Bissette's Drug Store—Mail Orders Filled.

Truman Exit As Demo. Candidate Rebels Demand

Washington, March 5—(AP)—Democratic peace feelers were reported today to have bumped into an unbending Dixie stand that only President Truman's exit can halt the civil rights revolt.

Democratic Chairman J. Howard McGrath, who also is a Rhode Island senator, has been sounding out some of his Southern colleagues on the chances for a compromise.

The party split over Mr. Truman's race equality proposals also is said to have been talked over informally with some senators by Secretary of Labor Schweinfelt, a former senator himself.

Some of those approached said both were told that only Mr. Truman's withdrawal as a potential candidate could bring peace.

McGrath seemingly had little to offer except a return to the 1944

party platform plank on civil rights. That declaration promised only in a general way to bring about greater equality among the races. It contained no specific reference to the anti-poll tax, anti-lynching, anti-job discrimination and anti-Jim Crow measures proposed by the President.

The Southerners were reported to have said, in effect, that this would be fine, but not enough.

What they want, they made it plain, is for Mr. Truman to take himself out of the November election picture. As one Southerner put it to a reporter Mr. Truman has become a personal issue.

McGrath obviously could promise no move by Mr. Truman to get out. In fact, the Democratic chairman has told friends he is as certain as one can be about politics that Mr. Truman is determined to run.

The President is described by friend and foe alike as a stubborn man who won't give up in the face of a fight.

In the Senate, Mississippi's Senator Stennis told Republicans backing the civil rights program that its enactment might result in a wide assortment of "splinter" parties instead of the present two-party system.

TELLS ALL—The senate committee investigation into Howard Hughes' wartime plane contracts took a sensational side-track in testimony by Maj. Gen. Bennett E. Meyers, (above) who told of his ventures into romance and finance.

Ammonia Blast Rocks Building

Pittsburgh, March 5—(AP)—At least one man was killed today in an explosion at the plant of the Denholm Packing Co.

An undetermined number were injured by the blast which reportedly occurred in an ammonia tank. All available ambulances were rushed to the scene at Fifth and Franks-avenue and two fire alarms were sounded.

R. L. Weaver, co-owner of a nearby auto appliance store, said the plant engineer, James Bell, had been killed by the blast.

"I don't know how many were injured but there must have been more than 10," Weaver said. "Some fellows were trapped in the building but there was no fire I could see."

Just a terrific explosion.

The injured were taken to the Pittsburgh hospital, only a few hundred feet from the packing plant.

About 100 employees fled to safety after the explosion rocked the four-story building in the busy east Liberty section. Some of them escaped down firemen's ladders. Ammonia fumes spread over the neighborhood, and several windows were shattered.

Jaycees Active Group; Sponsor Many Projects

By CHESTER WALSH

The Junior Chamber of Commerce at its supper meeting at the Olde Towne Inn last night had the best attendance of the year; installed John Boyd Fleming as a new member; heard Dick Stokes' report that the recent sanction dog show was the best ever held in this state; had an announcement from Attorney Frank Wooten that papers were in order for incorporating the junior chamber; approved a proposal of Washington Jaycee President Jim Hackney and Treasurer Jarl Bowers to revive the high school relay races between Greenville and Washington; heard a favorable report from Van C. Fleming, Jr., and Tommy Sellers about the Jaycee air show to be held here Sunday, April 4, and completed plans for the drive to sell tickets for the North Carolina Symphony, with 65 musicians, which appears in Greenville on April 12.

President Benjamin Bruce Sugg, Jr., presided.

The Junior Chamber approved Assistant Farm Agent Sam J. Weeks' proposal that it buy a baby beef steer at the Rocky Mount Fat Stock Show to encourage Pitt County farm boys, J. N. and J. L. Williams agreed to slaughter the steer and sell the beef, the Jaycees to have the profit. Weeks drew applause when he said "The best crop in Pitt county is the farm boys and girls and that the farmers must diversify to make the farms more profitable." This matter was referred to the Youth Welfare Committee.

Joe Higgs of Chicago and Claude Pope of Greenville were guests.

During the greater part of the American colonial period before the Revolution, there was no fiction written because there was no fiction-reading public.

Start Riot Over Mussolini Film

Rome, March 5—(AP)—A picture of Benito Mussolini flashed on the screen and started a riot in a Naples theater last night.

Dispatches said many applauded as the photograph of the dead Duce appeared in Charlie Chaplin's film, "Monsieur Verdoux."

That started the fight.

A woman and two men were arrested.

Sunshine . . .

(Continued From Page One)

ference with Undersecretary of State Lovett in Washington a couple of days ago. Asked if the United States might underwrite a Western European union, Lovett said a policy decision was being made but couldn't be completed until the results of the Brussels conference were known.

The Brussels parley is faced with the obvious danger that unless there is concerted action to hold the Bolshevik advance, Italy is likely to fall a victim, and France will be in grave danger. Both these are key nations in the Western European structure.

Then there is another fear which is spurring the conference. This is that Russia and the Germans might get together again. The Reds already have made Eastern Germany a part of their empire, and are working night and day to convert the western zones of Germany to Communism. Should the Russians succeed, they might have won a vantage point from which they could overrun all Western Europe.

Parity, . . .

the farmer doesn't pay off the loan within that certain time, the government keeps the wheat.

But doesn't the government sometimes wind up with a lot of farm products on its hands and a lot of money spent? yes.

The government tries to get back money by selling the crops for what it can get. Last year it wound up losing \$42,000,000 although it spent many millions more than that through price support.

Congress passed the laws setting up the price supports. But not all crops get it. For instance, there's no price support for citrus fruits like oranges and grapefruit.

But here are two big kinds of farm products that get price support:

1. Corn, Wheat, Cotton, Tobacco, Rice, Peanuts. These are so-called basic commodities.

2. Hogs, milk, eggs, chickens, potatoes, sweet potatoes, soybeans, dry beans, and some others.

WHY THE RED CROSS NEEDS YOUR HELP IN 1948

Report on 1947:
Miracles of mercy which never could be done without your dollars . . .

3 REMEMBER THE HURRICANE? Fifty-five wind storms required many millions of Red Cross dollars, all outright gifts to afflicted families for the restoring of homes, furnishings, clothing, even the means of livelihood for individuals made destitute by disaster.

6 HOSPITALS NEEDED HELP. 12,900 Nurse's Aides—all volunteers—lightened nurses' work in civilian hospitals, clinics, public health agencies and Red Cross blood donor centers. Red Cross Motor Service, too, made 668,000 calls, carrying convalescents, disaster workers.

1 REMEMBER THE FLOODS? In 50 different floods, the Red Cross saved countless lives by helping to evacuate affected families, by sheltering, feeding, clothing, providing medical care and rehabilitation for thousands of stricken people.

4 VETERANS HAD PROBLEMS. The birth of a baby, death in the family, help needed to pay bills—2,029,007 cases for veterans and their dependents were handled by the Red Cross last year. For counsel, information, financial aid, the Red Cross advanced \$6,441,983.

7 THE NEEDY WERE CLOTHED. Red Cross volunteers produced 2,480,600 garments, 84,500 layettes, and quantities of surgical dressings. The articles were gratefully used in disaster areas, in community institutions, in civilian, military and naval hospitals.

2 REMEMBER THE FIRES? The Red Cross aided 161 times at fires in forests, hotels, tenements, homes. It spent \$1,250,000 in one fire alone to ease the suffering, restore health through hospital and medical care, provide shelter, revive hope for the homeless families.

5 VETERANS NEEDED CARE. In Veterans Administration offices, the Red Cross served 1,095,832 cases involving claims, dependents, personal problems. Over 12,000 Red Cross hospital volunteers cheered veterans with entertainment, companionship, instruction.

8 THE SICK WERE CARED FOR. Red Cross instruction in care of the sick, mother and baby care, and family health brought vital protection to countless homes in many communities. Over 2 million home nursing certificates have now been issued by the Red Cross.

There Is No Investment That Pays You Back So Many Times Over As Your Contribution To The Red Cross Fund. It's Your Red Cross. Keep It Going. Give Generously . . .

Strength FOR THE DAY
GOOD THEORY ALWAYS PRACTICAL

Among the Eskimo the hunter stands first. If there is danger—especially of famine—and the question arises who will receive first consideration, the hunter has precedence over everyone else. Among these people it is not women and children first, but the hunter first. They scoff at our standards, saying that in the Arctic if the hunter is lost there will be nothing to eat for women or children or anyone else. Therefore the one who gets the food eats first, has the largest portion, and is accorded every protection in seasons of jeopardy.

This is altogether different from our idea, which goes under the general caption of chivalry. Among us, women and children are first. When the Titanic sank, the women and children were put into the life boats and the men stayed on the deck and took the consequences.

The difference between the Eskimo view and chivalry is the difference between paganism and Christian idealism. Women-and-children-first may not be the most practical theory in every circumstance, but everyone who has been born into a Christian culture is revolted at the thought of anything else. Furthermore, we are sure that in the long run chivalry will serve practical ends better than any other practice.

LET'S NOT BE OVERCONFIDENT

Like most Pitt County citizens, your editor is reasonably certain that the Red Cross drive which starts Monday will be highly successful. But rather than be overconfident, and thereby possibly forfeiting the success which it deserves, we urge that all our people give, and give generously as they have in the past.

When disaster strikes, a community looks to the Red Cross; and once each year, the Red Cross looks to the American public for the funds which make its work possible.

We never know what the future holds, and a contribu-

tion to the Red Cross is good insurance that should misfortune come, relief will not be far behind. If our own community is so blessed that we never require the helping hand of this organization, at least we know that those who do need help will get it.

The simple charity of the American people for their fellowmen is truly one of the wonders of the world. Whenever and wherever there is hunger and cold, or sickness and suffering, the people give. Even the enemies of war years touch our hearts, and packages and money are sent; not by a government whose generosity is already taxed, but by the people of America themselves.

Whatever our faults as a nation may be, that charity which is a part of the people, more than balances the errors which we make.

So let each give what he can, no one can do more. The Red Cross does not set an impossible goal. This year's Pitt County quota is the same as the amount contributed in 1947. The need may be thousands of miles away, or it may be near, but the point is that when help is needed, an agency stands by with the means to cure the hurt, bind the wounds and lead the stricken ones back to the path of normal living.

WASHINGTON LETTER
By JANE EADS

Washington—The U.S. Fish and Wildlife Service says thousands of deer all over the United States are starving to death.

The extreme weather has made the situation worse, but the snows of winter are not so much the cause as the fact that there are just too many deer.

There are more than 100 U.S. herds of deer. Their ranges vary

in size from a small refuge to half a state. Since the beginning of the century they have pyramided their numbers to the point where they present a problem.

In addition to starvation and malnutrition, in many places they have seriously menaced the range.

Wildlife experts say 47 states have deer, and 30 of these have trouble

of some sort. Kansas is the only deerless state. The Southeast is the only region without deer troubles.

Wisconsin is one of the biggest trouble spots. Utah and parts of Nevada are others.

The U.S. Fish and Wildlife Service estimates there are about 6,340,000 deer.

Aldo Leopold, professor of Wildlife Management, University of Wisconsin, and a member of the Wisconsin State Conservation Commission says in an article in Wildlife Management magazine that nearly half are known to have shown starvation. And nearly half are known to have been reduced by legalized killing of females.

Professor Leopold says:

1. Delay in reduction of overpopulated deer ranges means ultimate shrinkage of both the herd and the range.
2. Reduction is the only remedy. Nothing else works.
3. To accomplish the reduction, female deer must be killed.

Hunters have long been educated to kill just the buck deer, but some states—such as Maine and New Hampshire—have begun killing the female and young deer as well. Their deer populations are now pretty stable.

Many people think if they kill the female deer it will spoil their hunting in the seasons to follow, but wildlife officials point out the deer will die off anyway and in larger numbers where there isn't enough food to go around.

Starvation occurs because the deer kill their natural food plants by overbrowsing. These are then replaced by plants of little or no value.

The smaller deer starve first. Diseases, parasites and killing of weakened animals by natural enemies accompany starvation.

Mild winters, artificial feeding and "down tops" from logging often postpone, but never prevent, the ultimate shrinkage of both the herd and the range.

When deer become too dense, there is no general breaking up a herd unless wild animals attack them. They simply become denser and eventually kill off their food plants and starve.

WARNING TO MOTORISTS
Police today again warned local owners of motor vehicles of the ordinance requiring all locally owned motor vehicles to have city license tags. The licenses may be obtained from the City Clerk at the City Hall for \$1 each. Motorists without the tags will be cited to court.

The effects of climate, soil and other local conditions are so important in tobacco growing that each important tobacco growing district is known for its own type and grade of tobacco.

Mad Pianist Is Still A Patient In Quiet Asylum

Detroit, March 5—(AP)—Out at lonely Elise, the delicate music of the mad pianist still echoes through quiet corridors.

Maestro X still is a patient two years after he startled the music world with his beautiful piano playing.

Dr. T. K. Gruber, superintendent of Wayne County General Hospital at Elise, said he still is completely mad in everything except his music.

"We noted improvement for a time," Dr. Gruber said. "But the improvement has stopped. He just sits or stands and vegetates."

The maestro, whose name never was revealed by the hospital, was a brilliant student of music. He was committed to the asylum a decade ago, suffering a split personality.

As Dr. Gruber describes it, he withdrew from life into a world of his own twisted thoughts. For

Opposes Split

Greensboro, N. C., March 5—(AP)—J. Melville Broughton, a candidate for the Democratic Senatorial nomination, has urged against any split over President Truman's civil rights program.

"Success of the American nation is much more important than the fate of any political party," the former Governor told the Greensboro Kiwanis club yesterday.

many years, the musician was unable to walk, feed himself or perform simple acts.

Then, in the search for a means to bring him back to reality, the hospital turned his attention back to his music.

At first an attendant had to turn the pages of the score. If she didn't, the man would play the same page of notes over and over.

Gradually, Maestro X improved. He appeared before a national education conference. He amazed recognized teachers of music with the beauty and clarity of his piano artistry.

Later he performed in public. Millions heard him play Mozart's difficult "Concerto In D Minor" on a national radio broadcast.

Then he returned to Elise and the obscurity of the insane.

Colder Weather For Carolinians

By the Associated Press
The weatherman today warned Carolinians to expect colder weather tonight and tomorrow.

Occasional light rain was forecast for both states tomorrow, and along the South Carolina coast and the southern portion of North Carolina tonight.

A several days' period of sunshine and moderate temperatures was abruptly ended yesterday when a cold mass of air hit the Carolinas.

Bathing is forbidden among many of the inhabitants of Tibet.

Crew Abandons Sinking Trawler

Norfolk, Va., March 5—(AP)—All four men on the trawler Marilyn abandoned ship in a skiff today just before the fishing craft sank five miles off Oregon Inlet, N. C., the Coast Guard here announced.

The trawler sank when a rescue boat from the Oregon Inlet Coast Guard station was within 100 yards. Her crewmen landed on Pea Island, between the Inlet and Chicamacomico. All four were said to be suffering from exposure.

The Coast Guard sent a physician to Chicamacomico in a helicopter from Elizabeth City, N. C., Coast Guard Air Station.

The Marilyn was owned by Julius Wharton, of Bellhaven, N. C., and operated out of Norfolk.

She sailed from Hampton Roads Tuesday on a routine fishing expedition.

No information was available here on the cause of the sinking or the names of the crewmen.

About 8:30 a. m. the trawler radioed she was sinking fast and could stay afloat only an hour at most. First reports were that five to ten men were aboard but the Coast Guard discovered the craft was manned by four crewmen.

Colored News

March is the month to plant beets, carrots, onions, parsnips, potatoes and radishes to provide root crops, cabbage, mustard, spinach, kale and turnips for green leafy crops.

If garden soils have not been plowed or spaded it is time to get these jobs done at once. A little lime spread over the land after breaking is helpful on acid soil.

Don't be afraid to plant a big garden; your neighbor's garden may fall. Tomato and pepper seeds should be sown in hot beds in order that when the last killing frost in the spring has passed these plants from the hot bed will have an early start.

Start chicks this month. Early chicks pay best. Successful chick raising depends upon sanitary quarters, ample floor space, plenty of good feed and correct brooder temperature.

Peach trees unlike apples should be sprayed before spring while still dormant.

With corn planting season just around the corner, Pitt County farmers have a lot to learn about the ground listening to hear again how to grow 100 bushels or more corn on one acre of land when it used to take 25 or 30. William Spell, Route 2, Greenville, Otis Hawkins, Route 1, Grimesland, and Fred Midgette, Route 2, Greenville, have proven this can be done and they already belong to the one hundred bushel corn club and have received certificates of membership.

The agent along with these farmers attended a two-day meeting held recently at A&T College in Greensboro when this Hundred bushel club was organized. The agent is very proud that Pitt County can boast of these who are members of this club.

Meetings were held last week, Feb. 24-27, in four different communities — Moye's Chapel, Bruce, Whitehurst and Shivers to train neighborhood leaders and discuss the long time program. Food production was discussed and great emphasis was placed on raising more food and feed for the home. At each meeting the agent gave a very timely demonstration on "Milk Production," at which time posters were used to help emphasize the proper way of handling milk and better dairy barn sanitation.

One tractor school was held in the Calico community. The purpose of the school was to train the leaders the proper way of handling, greasing and storing the tractor for future uses.

Six hundred forty-eight 4-H Club boys and girls in Pitt County will take a part in the National 4-H Club Week March 1-7. Young hearts and keen minds of rural boys and girls throughout the United States will turn their thoughts to how boys and girls can work together for a better community and home. Many can testify that the 4-H Club which had its beginning in 1914 certainly has carried out its motto "To Make The Best Better."

Dennis D. Du-Pree,
Negro County Agent.

NAMES PUBLICITY DIRECTOR
Raleigh, March 5—(AP)—Charles M. Johnson, candidate for governor, announced today that Thomas B. Watkins would be his publicity director in his gubernatorial campaign. Watkins is a member of the editorial staff of the Charlotte News.

The waters of the Sea of Galilee are slightly brackish.

Pruning Trees Here For Beauty And Benefit Of Traffic

By CHESTER WALSH
The city street department is now doing its annual spring pruning on trees whose limbs overhang the traffic lanes and obstruct traffic. Supt. Clyde Mallison is in charge of this work and he is having the pruning done with the view of maintaining the beauty of the trees and at the same time removing overhanging branches which interfere with traffic.

As an illustration, the mechanical street sweeper, with the driver perched high up to get a clear view, is hampered by tree limbs. The driver takes some painful drubbing because the sweeper has to go close to the curb. In summertime the driver is a victim of bees, spiders and other bugs in addition to the switch lashing from overhanging tree limbs.

It was pointed out today that freight trucks covered with canvas tarpaulins have been damaged by low hanging tree limbs.

Incidentally, the street department workers are pruning the trees for the benefit of all concerned, and they are not planning to butcher either trees or shrubbery. The vehicle traffic lanes should be clear of obstructions, it was stated.

The electric railways of the United States carried about 15.3 billion passengers in 1922, but only about 8.5 billion in 1940.

The GHS baseball team will start practice Monday afternoon at the Third Street diamond. This will be the first baseball team that the school has had since '46.

Tuesday in the "big day" for the GHS journalism class, because that is the day that they leave for New York to attend the Columbia Scholastic Press Convention.

Under the direction of Miss Deanie Boone Haskett, the tenth grades of GHS are making newspapers in their study of journalism. Two of a series of debates, arranged by Mr. R. B. Starling, have been held during the past two weeks.

Voting has begun for the king and queen, and for the prince and princess of the Coronation Ball. Louise Briley and Al Smith head senior high, while Nancy Proctor and Wiley Gardner lead junior high.

The United States has more than 123,000 miles of petroleum pipelines.

The calorific content of the per capita American diet remained fairly constant from 1920 to 1941.

HOW TO Save
ON FINE FOOD!

Millions of American homemakers are finding the kind of food they want . . . at the prices they like to pay . . . by shopping at A&P stores. They've found that all the top quality, famous brand foods are at A&P . . . and priced at levels they appreciate these days. Whether it's canned goods, meat or poultry, fresh vegetables, or dairy products, A&P has "swell buys." So why not join the thrifty thousands who save on fine foods every day of the week! Always shop at your A&P.

Citizens of Tomorrow

THIS NEWSPAPER
To Publish Pictures of
LOCAL CHILDREN

Pictures of the children of this community are to be published in this newspaper as a special tribute to our young citizens. Tomorrow the responsibility for world destiny will rest heavily upon their shoulders. As Americans, they will meet these responsibilities without faltering. Among them, in the years to come will be many with fame and fortune. But, just as they are right now—with the dawn of a greater tomorrow in their fresh young faces—we, the publishers want a picture of these future professional men and women, teachers, scientists and, who knows, perhaps a future president of this great country. We want to publish these pictures in a forthcoming special feature. So, Mother and Dad, we will need your cooperation to help make this event a colorful and inspiring exhibit!

Arrangements have been made with The Wolts Studios, nationally known children's photographers, to take the pictures for us at the time and place given below. All you have to do is bring your children as our guests. There is no charge or obligation. However, all children must be accompanied by one parent or other guardian.

You do not have to be a subscriber to this newspaper and you do not need to purchase photographs, although you may do so if you wish. Just bring your children down and have the picture taken! Later you will be shown proofs from which you select the pose you prefer having printed in the paper. The pictures will be published at a later date. It is as simple as that!

You can clip these pictures from the paper and thus obtain a memento of childhood which will become a treasured keepsake and memory record for both you and your children when they grow up. Fathers and other relatives in the Armed Forces get a real thrill when they receive the hometown paper containing pictures of the beloved little faces they know so well.

Here is a tip on how to get your child's picture taken promptly. Those with last names beginning with letters from A to M should come Monday, March 8, while those with last names beginning with the remaining letters of the alphabet should come Tuesday, March 9.

The above suggestion is not compulsory but your cooperation will be appreciated.

Below is the time and place to have your children's pictures taken without cost. Woman's Club, Monday and Tuesday, March 8 and 9, 1 to 3 p. m.

THERE OUGHTA BE A LAW!

By FAGALY and SHORTEN

HE'S A FAST GUY WITH A SWINDLE SHEET AND WHAT'S MORE, HE EXPECTS THE BOSS TO TAKE HIS WORD FOR IT--

BUT WHEN IT COMES TO PAYING OUT SOME EXPENSES OF HIS OWN, OBOY! IS HE THE TRUSTING SOUL!

VA Office Here Explains Rates

The Greenville Veterans Administration Office explained today that only veterans pursuing full-time studies in schools, colleges and universities will be entitled to increased subsistence allowances under the new law. Part-time students, on-the-job trainees and others will not be entitled to the increases, according to the VA.

The new payments will be at the monthly rate of \$75 for a veteran without dependents, \$105 for a veteran with one dependent, and \$120 for a veteran with more than one dependent. These higher rates go into effect April 1. However, since subsistence allowance checks are not due until the end of the month, veteran-students will not receive their first checks at the higher rate until early in May.

Veterans entitled to \$75 or \$105 under the new rates will not have to apply for these increased allowances. Their existing applications will supply the VA with all the necessary information unless their dependency status has changed recently. But veteran-students entitled to \$120 because they have more than one dependent will be required to submit information about their additional dependents before payments at the new rate will be made.

Mihai Sails For First U.S. Visit

Southampton, England, March 5 (AP)—Mihai, ex-king of Rumania, sailed aboard the Queen Elizabeth today for his first visit to the United States.

The former monarch told reporters before his departure that "I am very hopeful that one day I will return to my country."

His mother, Queen Helen, accompanied him.

Possibilities In Alcoholic Kick For Car Engines

Omaha, March 5 (AP)—Putting an alcoholic kick into auto engines may bring a day of high-power performance on low-grade gasoline.

Trucks and autos climbing hills in high instead of creeping up in low.

Economical driving on the flat with a ready surge of power when needed.

Part of your power coming from corn cobs, or grains.

These possibilities from use of alcohol as liquid fuel were described today by Dr. G. E. Hilbert, director of the Northern Regional Research Laboratory, U. S. Department of Agriculture, at Peoria, Ill., to the National Farm Chemurgic Council Conference. There are some "ifs and buts."

A gallon of alcohol can be blended with nine gallons of low-grade gasoline to make 10 gallons of premium anti-knock fuel, he said. The blends wouldn't require any changes in engine design or readjustment.

Something different, for the extra burst of power, are gadgets already available which can inject mixtures of alcohol and water. This was done with airplanes during the war. The alcohol injections would take trucks uphill in high.

Such power is needed only occasionally. The rest of the time engines could operate on cheaped, low-octane gasoline. This would save oil reserves, for it takes more crude oil to produce high-octane gasoline.

The biggest "if" is the present high price of alcohol. Dr. Hilbert said. Even if corn cost a dollar a bushel, alcohol would cost 50 cents a gallon under present recovery practices. But this may not mean so much within a few years.

N.C. Farmers To Plant 226,978 Less Leaf Acres

Raleigh, N. C., March 5 (AP)—because of the 27.52 per cent cut in their allotment, North Carolina flue cured tobacco farmers will plant 226,978 less acres this year than they did in 1947.

Secretary of Agriculture Anderson's recent slash limited Tar Heels 601,133 acres this year, compared with 828,111 acres in 1947.

C. L. Hardy of Greene County, with an approximate acreage of 665 acres in Greene and Pitt Counties—compared with last year's allotment of 917 acres—continues to lead the nation in the size of his allotment.

The second largest allotment holder for the year, in the state—and nation—is K. M. Biggs of Robeson County who has approximately 408 acres compared with 1947's approximate acreage of 558.

Per capita annual consumption of cigarettes in the United States increased from 469 in 1921 to 1,550 in 1941.

Stray Dogs Here Cause Trouble; Do Lot Damage

By CHESTER WALSH

Complaints continue to be made to police about damage being done by roving packs of stray dogs over the city streets, on front lawns, in back yards and flower gardens, and also about dogs attacking children.

Looking over a group of 25 such complaints to police, an inquiring reporter learned that one of the complaints was about dogs destroying the cloth on a tobacco bed in the edge of town; another about dogs tearing up clothes hung on a line in a yard to dry; another about larger dogs using their hind legs to scratch up and ruin spring flower beds, and still another about dogs turning over heavy garbage cans and spilling the contents on the ground.

No one has estimated the size of the canine population, but in the still hours from midnight to dawn, the barking and howling of dogs gives the impression that the dog population is excessive. This trouble about dogs, those who have observed the situation believe, comes from the unowned many, flea-bitten and disease-carrying canines. People who own dogs as pets have them trained, inoculated against hydrophobia and keep them close to home. A city ordinance provides a fine for owners of dogs to allow them to roam the streets.

On complaint of citizens, the police have been called on to shoot some dogs, but city officials have ruled against this unless a dog runs mad. Many false rumors have circulated about police shooting dogs. Those that were shot were reported as nuisances and dangerous. It is interesting to observe that nearly all of the policemen like to hunt and some of them own dogs, but they keep them on their own premises.

What Greenville needs to do, dog lovers and others agree, is to have a law that makes it a crime to have a dog taken up and a place to impound canines taken up on streets and to properly care for them a few days until their owners can pay a fee and reclaim them or be destroyed. The police have more important work to do than chase stray dogs, is an expression frequently heard here.

With approach of warm weather, the danger from dogs afflicted with hydrophobia increases. The treatment of a child bitten by a dog is severe and the life of a child is certainly valuable, a dog owner who had his pet inoculated said yesterday.

Early Trial For Gandhi's Killer

New Delhi, March 5 (AP)—A high police official said today he expected Narayan Vinayak Godse to come to trial within the next few weeks on charges that he assassinated Mohandas K. Gandhi Jan. 30.

The official declined to say where the trial would be held. Godse now is being held in Bombay, which investigators have termed the headquarters of a conspiracy against Gandhi's life.

The Nile, second in length of all rivers of the world, is 3,473 miles long.

When the Romans occupied Britain, they used iron nails in their building.

Traffic Toll In State For 1947 Took 836 Lives

Raleigh, March 5 (AP)—During 1947, there were 12,511 accidents on streets and highways in North Carolina which took 836 lives and injured 6,524 persons, a report from the State Motor Vehicles Department showed today.

The 1947 fatality total was 19 per cent lower than in 1946, when 1,028 were killed.

While there was a downward turn in fatalities, total traffic accidents were 22 per cent higher for 1947 than for 1946, when 10,287 accidents were reported.

Last year there were 256 deaths resulting from 220 accidents caused by vehicles overturning or running off the roadway; 234 deaths in 193 collisions accidents; 227 pedestrian deaths; 36 deaths in 25 motor vehicle-train collisions; and 33 deaths in collisions of motor vehicles and bicycles.

Of the total of 21,281 drivers involved in accidents, 59 per cent were guilty of traffic violations and 61 per cent of those involved in fatal accidents were violating traffic laws.

Mecklenburg led all counties in fatalities, with 45, compared with 32 in 1946. Cumberland was second with 37 killed, compared with 27 in 1946, and Wake third, with 34, compared with 33 the year before.

Camden, Clay, Graham and Yancey counties had no fatalities last year. Graham County has not reported a fatality since 1944.

The greatest decrease in deaths was credited to Guilford County with 19 in 1947 as against 55 in 1946.

Charlotte led all cities and towns in fatalities, with 21. Fayetteville was next, with nine, and Winston-Salem third, with seven.

Colored News

York Memorial Church, Rev. P. H. Munford, Pastor.
Sunday, 9:45—Sunday school, W. J. Hester, Superintendent.
11 a. m.—Message by the pastor, subject, "The Struggles and Conflicts of a Christian Soldier. Music by the senior choir."

May we call your attention to the special drive that will begin Sunday at this service. Each member may start reporting to his or her group leader.

Half of the windows have been installed in the church and we are quite sure every member will be happy to see this movement in the church.

At 3 p. m. there will be a special service in the interest of Mrs. Cherry, Mrs. House and Mrs. Maulsby. The pastor will deliver a brief message and the senior choir of Mt. Calvary F. W. B. Church will sing. You will find a cordial welcome from the church that admires visitors.

Called quarterly meeting at Good Hope F. W. B. Church, Winterville, N. C.
9:30—Sunday school, O. C. Bryant, superintendent.
11 o'clock—Sermon by the pastor, Rev. S. Hemby. Subject, "The Immovable Stand of the Christian Family."

3 o'clock—Rev. Hemby will officiate at Phillips Church in Simpson. He will use as his subject: "Wait at the Right Place." He will be accompanied by his choir and congregation of Winterville.

7:30 o'clock—Rev. Hemby will be at English Chapel.
The public is invited to worship with us.

When the Romans occupied Britain, they used iron nails in their building.

Wounded Negro In Serious Condition From Gunshot Wound

Heber Chapman, 30-year-old Negro farm laborer of the Red Oak community, continues in a serious condition at Pitt General Hospital with a gunshot wound in his head. Robert Taft, 35-year-old Negro farm laborer, is being held in jail without bail pending the outcome of Chapman's condition.

Sheriff's deputies arrested Taft last Sunday morning and charged him with shooting Chapman with a sawed-off shotgun at the home

Super Agency Is Virtually Dead

Washington, March 5—(AP)—Senator Taft of Ohio today lined up with Senator Vandenberg of Michigan against trying to set up a new world agency to block Communism. The opposition of the two Republican leaders spelled death for the plan advanced by four of their GOP colleagues, Senators Ball (Minn.), Wherry (Iowa), Hawkes (N.J.) and Cain (Wash.).

Taft is chairman of the Senate Republican Policy Committee. Vandenberg heads the Foreign Relations Committee and is the Senate's presiding officer.

The Super Agency idea was offered as an amendment to the \$5,300,000,000 (B) European recovery program.

It would direct the President to try to create an 11-nation "Supreme Council" outside the United Nations. There would be no veto against the use of armed force to stop "aggression or subversion."

Taft told a reporter he is not willing to surrender the veto power which the United States now has in the United Nations Security Council unless the U. N. charter is rewritten.

Vandenberg, who rejected the plan outright Wednesday, also is oppos-

Below Freezing

Old Man Winter came back to the section last night and sent the temperature down to 28 degrees, four below freezing, for the first time since the recent snow storm.

At 8 a. m. today the mercury at the U. S. Weather Bureau here was 29 degrees, Mrs. C. E. Maiden, the observer, reported. At noon the temperature was 29 degrees, a slight rise while the sky was clear and the sun shining brightly.

ed to junking the big power veto held by Britain, France, Russia, and China.

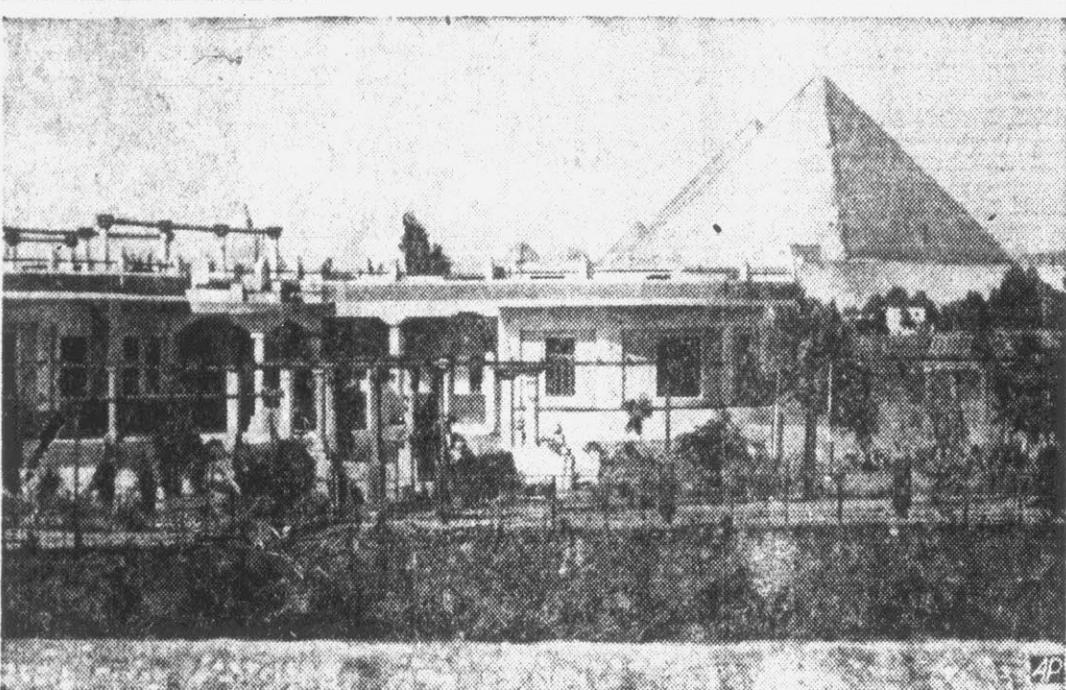

Benes Ill, Says Press Section

Prague, March 5—(AP)—Communist Premier Klement Gottwald's office denied today that President Eduard Benes is being replaced because of illness.

"The President is very tired and it is not known when he can come back to Prague," said Frantisek Necasek, chief of the premier's press section. "We do not know how long he may be ill. There has been no consideration given to any replacement or successor for him and, if any such step is taken, it will be according to the constitution."

INQUISITIVE CHIMP—Doug, the chimpanzee, looks over the newest additions to the lion family at the Dallas, Tex., Marsalis zoo. The female cubs are 6 days old.

EGYPTIAN PAVILION—This modern dancing and dining pavilion was built recently near 5,000-year-old pyramid of Cheops on edge of Sahara desert near Cairo, Egypt.

ACTRESS RECEIVES MEDAL—Madeleine Carroll, film actress, receives the Army's Medal of Freedom from Maj. Gen. T. B. Larkin, quartermaster general, at Washington. She was decorated for her Red Cross service overseas.

Federal Payroll Reverses Trend

Washington, March 5—(AP)—Federal employment rose sharply in January to a 2,000,510 total, Senator Byrd (D-Va.) said today.

This reversed a three-month downward trend, he noted.

In a monthly report to the senate-house economy committee which he heads, Byrd said the largest increase was reported by the military. The army's civilian payroll was up 3,756 persons, the air force's 1,077 and the navy's 352.

Name New Bern Man As Supervisor For Wildlife District

Raleigh, March 5—Willis King, administrative assistant to North Carolina Wildlife Resources Commission, announced today that Mr. Raymond Watson of New Bern has been appointed to the position of district supervisor for Wildlife Resources Commission District No. 2. Mr. Watson replaced Mr. E. P. Keen who resigned to go into private business.

The counties included in District 2 are: Beaufort, Pitt, Green, Lenoir,

Hagannah Claims 30 Arabs Killed

Jerusalem, March 5—(AP)—Hagannah said today 30 Arabs were killed and many were wounded in a four-hour battle with Jews last night on the plains of Sharon between Tel Aviv and Haifa.

The battle erupted when Arabs attacked a Jewish settlement at Magdial on the Tel Aviv-Haifa highway, said a communique of the Jewish militia issued in Tel Aviv.

It was learned in Jerusalem that Fawzi Bey Al Kawkaji, commander of Arab volunteer armies, set up headquarters in a hotel at Nablus, in northern Palestine. Fawzi Bey summoned his district chieftains for conferences.

Arab sources in Tel Aviv say Arab commando forces are concentrated in towns of the Sharon plain, ready to strike when the order is given.

Some believe the plain will be a major battleground of Arabs and Jews.

Romanian Denies Mihai Statement

Bucharest, March 5—(AP)—A Romanian government spokesman denied today that King Mihai was forced to quit his throne, as Mihai asserted in London.

"It seems rather peculiar that it took the ex-king some two months to make up his mind that his hand was forced," the spokesman said.

Hog Market

Raleigh, March 5—(AP)—(NCDA)—Hog markets steady to slightly stronger with tops of \$21.75 at Rocky Mount, Greenville, Smithfield, Mt. Olive, Goldsboro, Washington, Pantego, Clinton, Warsaw, Lumberton, Chadbourn, Fayetteville and Florence, S. C.; Richmond, Va., steady at \$22.

Poultry and Eggs

Raleigh, March 5—(AP)—(NCDA)—Eggs weaker, A large 48; fryers and broilers stronger at 36-40, mostly 39.

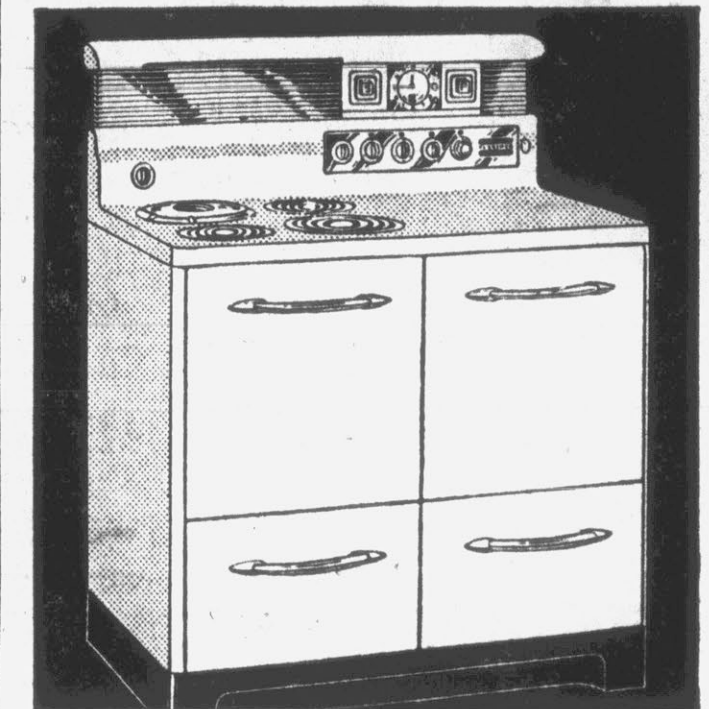

N.Y. Cotton

New York, March 5—(AP)—Cotton futures opened 15 cents a bale higher to 5 cents lower. Noon prices were 35 cents a bale higher to 35 cents lower than the previous close. March 34.02, May 34.14 and July 33.33.
