

Reach Agreement On Ruhr Controls

Western Powers Agree Upon International Control Of Ruhr And Cooperation To Enlist Western Germany's Assets In Marshall Plan

London, March 6 (AP)—The United States, Britain and France have agreed upon international control of the Ruhr and close cooperation to enlist western Germany's assets in the Marshall Plan.

In conferences here the western powers also agreed that western Germany should have a federal form of government, providing adequate central authority but protecting the rights of the various states.

A communique was issued tonight after the conferences ended. No hard agreement was reached upon merger of the French zone with the United States-British zones of occupation, but responsible officials said decisions reached here will lead to that objective.

The three powers decided Germany will be represented in the international control of the Ruhr. No indication was given whether Russia will be invited to participate.

The Ruhr agreement was in general terms. The specific recommendations were not disclosed. They will be submitted first to the governments concerned.

The three powers adjourned until next month their talks on the role Germany will play in the economic recovery program.

Most of the decisions reached will be sent back to the capitals of the three countries for review before being put into effect. These are expected to play a major part in the conference of 18 nations on the Marshall Plan opening in Paris March 13.

The Benelux countries—Belgium, the Netherlands and Luxembourg—sat in on most of the discussions, which began on Feb. 23.

Since the U.S. first called the meetings, Russia has protested that they violated the Potsdam agreement for unified big-power action on Germany. Czechoslovakia, Poland and Yugoslavia have complained, with Soviet backing, at their being left out. The protests all have met with rejections. The U.S. made the countercharge that Russia had balked economic unification of Germany under the Potsdam agreement.

Fishing Boat Is Breaking Up In Cape Cod Surf

Boston, March 6 (AP)—The Coast Guard reported today that the New Bedford fishing schooner Cape Ann appeared to be breaking up with all hands aboard in heavy surf off Nauset on Cape Cod.

The Coast Guard search and rescue division reported the 82-foot craft probably carried eight to ten men.

The Coast Guard vessel General Greene put out a lifeboat in treacherous seas and was standing by Nauset and Chatham stations also were reported trying to launch duck boats to get to the stricken craft.

New Attempt To Deport Bridges Said In Offing

Attorney General Says Case Not Reopened; CIO Ousts Him From Directorship

San Francisco, March 6 (AP)—The CIO ousted Harry Bridges as northern California regional director yesterday.

And, newspapers reported, a third attempt is to be made to deport the Australian-born longshore labor leader.

In Washington, however, aides of Attorney General Tom Clark said "the Bridges case has not been reopened."

The CIO fired Bridges as northern California regional director yesterday because he went contrary to national CIO policy by supporting Wallace's third party and opposing the Marshall Plan of aid to Europe.

He was warned two weeks ago to get in line with policy of the CIO Executive Committee on the issues or face ouster from the appointive director's position. He was silent on his ouster.

Bridges retains two elective posts. He is president of the CIO International Longshoremen's and Warehousemen's Union and a vice president of the National Executive CIO Council.

Tim Flynn, former member of the board of the CIO Industrial Union of Marine and Shipbuilding Workers and member of the CIO organizing staff, was named Bridges' successor as director for northern California.

The climax of the CIO family fight came as newspapers reported a Justice Department investigator had been sent here "to seek evidence on which to base a third formal effort" to deport Bridges, a native of Australia. He now is a U. S. citizen.

"These reports named the investigator as John Phillips, who was believed enroute here from Los Angeles. Other Justice Department sources here disclosed no information on Phillips' movements."

Declare Soviets Copied U.S. B-29

Seattle, March 6 (AP)—The Boeing Aircraft Company magazine says that Russia apparently has produced a 72-passenger plane copied from the B-29 superfort.

The new Russian TU-70 passenger plane shows at least 20 items that are "exact duplicates" of B-29 parts, the magazine article states. Boeing designers recognized the parts in a newsreel shown in London recently.

New Ears For This Earless Boy

Six-year-old Gary Lang of Manchester, Conn., born without ears, is having ears moulded to his head in a series of operations in Eady's hospital at Newark, N. J. Lacking eardrums, he uses a hearing aid which he calls his "radio." His 18th operation was performed Thursday. (AP Wirephoto).

Dixie Solons Want To Broadcast Reply

Demand Equal Radio Time To Answer Dramatization Of Civil Rights Program; Hoey And Umstead Among Signatories

Washington, March 6 (AP)—Twenty-one Dixie senators today demanded equal radio time to answer a broadcast dramatizing President Truman's civil rights program.

The group, representing 11 Southern states, made the request in a telegram to Dezar Kobak, president of the Mutual Broadcasting Co., noting that the Mutual system is broadcasting a series of programs "to secure these rights."

"In view of the fact so many of your outlets are located in the South we feel you will gladly comply with our request," their telegram said.

Mutual's offices in New York reported that Kobak was on vacation "touring the South." In his absence Robert Swezey, vice president and general manager, issued this statement:

"In the true American spirit we naturally want the subject matter of our broadcasts to receive the fullest possible treatment in the public interest. We will be very glad to consider the request of this group to comment on the President's committee report, which is the basis for these broadcasts."

Schuman Gov't Wins In Seventh Confidence Vote

Paris, March 6 (AP)—Premier Robert Schuman's government won its seventh vote of confidence early today with the defeat of a bill which would have canceled France's forced loan plan.

The assembly rejected the cancellation proposal of Communist leader Jacques Duclos by a 301-to-285 vote.

The forced-loan plan is part of France's "austerity program." It requires Frenchmen to buy 130,000,000 francs (\$1,092,000,000) worth of government bonds or pay the same amount in taxes.

French Announce Seizure Of Arms

Paris, March 6 (AP)—Police said today they had seized five tons of arms destined for Palestine and arrested 15 persons.

Army Officials Question Pilot On Hitler Story

Reports Adolf And Eva Braun Escaped; Bodyguard Tells Of Chain Of Events

Munich, Germany, March 6 (AP)—U. S. Army officials today checked a former German pilot's claim that Adolf Hitler and Eva Braun escaped from Germany near the end of the war.

One American official described "fantastic" the signed statement by Arthur Friedrich Rene Von Angeltte-MacKensen that the couple fled to Denmark in a Junkers 52 transport shortly before Germany surrendered in May, 1945.

In December, 1947, Capt. Peter Baumgart, a former Luftwaffe pilot told a district court in Warsaw that he fled Hitler and a woman he believed to be Eva Braun from besieged Berlin to Denmark on April 28, 1945.

U. S. officers began questioning MacKensen yesterday when they received a tip from a former girl friend, who said she did not believe him.

The 26-year-old MacKensen, who claims to have been a bodyguard of Hitler, said the last he saw of the Fuehrer and Eva Braun was when they took off by plane for Spain. He said he followed but crashed in Southern France.

MacKensen said that he was in the Reich chancellery air-raid shelter in Berlin when Hitler told associates: "A new German government has been formed which is ready to surrender. Gentlemen, it is time to go."

MacKensen said the group rode with a tank escort to Tempelhof airfield. Enroute, he said, one tank was struck by a shell and he saw Martin Bormann, Hitler's deputy, climb out. Bormann's whereabouts are unknown.

The party then flew to Tonder in Southern Denmark in four JU-52's and seven ME-109 fighters, the man said.

"There we landed and Hitler made his last speech x x x," MacKensen said. "We got pay books and were told to try and make it to Malaga in Southern Spain, where everything was ready to receive us."

Senators Ready For Filibuster

Dixie Democrats Arrange To 'Mount Guard' For Surprises

Washington, March 6 (AP)—Dixie Democrats mounted guard in the Senate today ready to filibuster at a moment's notice against any civil rights bill.

Churchill Warns Of Dire Future

London, March 6 (AP)—Winston Churchill said today: "Any thinking man can see that we are all moving into a terrible situation at home and abroad."

Messick Inaugurated Today As New E.C.T.C. President

Gov. Thompson, Of Georgia, Hits Klan Activities

Atlanta, March 6 (AP)—Gov. M. E. Thompson in a strong stand against the Ku Klux Klan today called for laws to end its "meetings of intimidation."

The Georgia governor issued a statement accusing the Klan of delivering the South "into the hands of our enemies," and accused the hooded secret order of aiding Communists and "race baiters."

His denunciation of the Klan was coupled with a restatement of his opposition to proposed federal anti-lynch laws.

The governor referred to recent election-day demonstrations by the Klan in two east-central Georgia counties where Negroes were registered to vote, and declared:

"While our senators and congressmen tell the world that we have enough laws and will enforce them, the Ku Klux Klan by such meetings cut the ground from beneath their feet."

At both rallies, Klan leaders spoke against President Truman's proposed civil rights program and declared themselves for "white supremacy."

Thompson characterized the Klan "type of mind" as anti-Southern and said the Klan itself was giving "aid to the Communists, the race baiters and the radical organizations which are pushing the legislation we deem unwise and unnecessary."

He appealed to "the ministers and good people of our state to see to it that the legislature gives us laws which will permit our courts to prevent such harmful actions and deeds."

European Union Talks Resumed

Discussions On Form Of Treaty May Last Over Weekend

Brussels, March 6 (AP)—A five-nation conference resumed today to consider French-British replies to Benelux proposals for a defense, economic and political treaty.

Problem Left Mainly To U. S. And Russia By Security Council

Lake Success, March 6 (AP)—Solving the Palestine problem seemed today to have been left mainly to the United States and Russia.

Colorful Exercises At College; Gov. R. Gregg Cherry Speaks; Prominent Educators Look To Future; Expansion Of Schools Seen As Trend Of Things To Come

Dr. John Decatur Messick was inaugurated this morning as president of East Carolina Teachers College.

The colorful exercises, in which the new president, a native North Carolinian born and reared in Beaufort County and educated largely in the schools of the state, was inducted into office, brought to the campus a large number of educators and other outstanding men and women from many states in the nation and was highlighted by addresses by Governor R. Gregg Cherry of North Carolina; Dr. George Frederick Zook, president of the National Council on Education and chairman of President Truman's Commission on Higher Education; and Dr. Messick.

In accepting his position as president of East Carolina, Dr. Messick outlined his philosophy as an administrator and pointed out changes which, he said, must be made in our educational system to meet the demands of a new era.

"Many inventions have revolutionized the industrial world," he said, "but no invention has been effected which approaches the prophetic changes predicted for the future with the development and utilization of atomic power. During the recent war the schools had to gear their curriculums overnight to the scientific and social aspects of mechanical warfare. We don't want to be forced into another cataclysm; therefore, education must take on the aspects of a world order. Its concepts have to undergo rigorous transformation."

"We want," he concluded after outlining concepts of education from the nursery schools through the universities, "universal education with a soul. We must have a sound body with impeccable character in a trained mind, which is saturated with the essence of the Golden Rule."

Dr. Zook, a leading figure in American education, outlined the expansion of education in the United States in recent years and pointed ahead to a vast growth of educational opportunities in the future for citizens of the nation.

"The Commission," he said in discussing the five-volume report recently issued by the President's Commission on Higher Education, of which he was chairman, "attempted first of all to seek out and identify the amount and character of education beyond high school graduation which is necessary to preserve, strengthen and safeguard American democracy to perform its heavy responsibilities, both at home and as the leading member of the family of nations."

Pointing out the lack of workers trained technically and professionally, he continued, "By far the largest and most urgent demand for new personnel is in elementary and high school teaching. . . . We must recruit and train nearly 1,000,000 new teachers during the ten years from 1950 to 1960."

The greatest fears of members of the Commission, however, he said, were not concerned primarily with securing an adequate supply of manpower to meet the nation's mechanical and professional needs but with "the question as to whether a sufficient proportion of the people of this country now possess general education of such quality as to insure the preservation and continued development of the democratic way of life to which the nation is dedicated." It is clear, he pointed out, "that we have not availed ourselves of the opportunity to educate more than a small proportion of the later brain-power available in our population. . . . There is plenty of unused native capacity in our population to improve our democracy and make it more equal to the necessities and responsibilities of our times if only we have the vision and courage to plan for it, to invest in it and to carry it through."

Dr. Zook predicted that by 1950 the enrollment in colleges would reach 4,600,000 as compared with 1,250,000 before World War II.

Governor Cherry's address described ignorance among many of the people of this state as "Public Enemy No. 1" in North Carolina and called for richer opportunities of education among the citizens of North Carolina. He said, "Education cannot be unlearned. . . . Statistics and figures from 'Unfinished Business in American Education,' publication of the National Education Association, he stressed the idea that because of migrations from region to region the uneducated citizens of one state were a problem of the entire nation."

Governor Cherry traced the development of East Carolina from the first bill to establish the school, introduced in the legislature in 1908, to the present time.

"Think of the vast possibilities and opportunities which East Carolina Teachers College enjoys," he said in summing up the service of the college. "Greater achievements, greater success, do you fully appreciate the significance of the fact that this is the only State-supported College for the white race east of Raleigh, and, with one exception, the only one." (Continued on Page Three)

Congress And Oratory

Oratory Doesn't Have Much Influence In Lawmaking; Interruptions Spoil A Lot Of Good Speeches; Most Congressmen Have Their Minds Already Made Up On Vote

By JAMES MARLOW

Washington, March 6 (AP)—Here's an old question that keeps coming up: Is the lawmaker in Congress much influenced by oratory?

The answer: not much. You ought to sit in the House or Senate gallery some time and look at a speaker when he gets wound up. It'd get on your nerves. Not that the speech is bad. But it's what happens to the speaker when he tries to make a speech.

There he is, a fistfull of notes and a head full of facts, or at least ideas. He's been working on this speech for weeks, following his phrases, sharpening his points.

Then he gets the floor and he starts. He's good for a minute or two. Then someone else is on his feet saying something: " . . . If the distinguished Senator will permit, I would like to state that in the main I agree but . . ."

Babson Warns Labor

Babson Park, Fla., March 6—A hotel of ten stories usually requires that seven stories be filled with guests before the hotel makes a profit. Income from business above that is mostly profit; but a hotel that is only three-quarters full operates at a loss. Now the same principle applies to business in general.

Until World War II most manufacturers had a fairly low "break-even point," as the above illustration is called. This also applied to merchants and business men in general. In other words, the low break-even point acted as a cushion so that concerns were able to withstand a considerable shrinkage in business before being obliged to operate at a loss or discharge employees.

Continues Talk On Soviet Pact

Helsinki, Finland, March 6 (AP)—President Juho Paasikivi continued to confer today with close advisers before deciding whether to accept Russia's invitation to negotiate.

Legion Planning No Endorsements

Charlotte, N.C., March 6 (AP)—The American Legion will not endorse any presidential candidate, National Commander James F. O'Neil said here today.

Fire Mortars In Haifa City Area

Jerusalem, March 6 (AP)—Jews in Haifa killed five persons and damaged three buildings severely by firing three-inch mortar shells at Arabs in the harbor area today, police said.

Business Outlook

Regional School Plans Approved

Washington, March 6 (AP)—A bill to permit 15 Southern states to set up a joint system of regional schools has won approval of a House judiciary subcommittee with full committee action predicted next week.

Plan Well In Advance For Landscaping Your Home

The matter of landscaping the home grounds is something that should be kept in mind from the time the architect starts plans for the house itself.

Jeanette Minturn, associate in a leading New York landscaping firm has outlined some tips to the home builder on safe, wise planning, as follows:

1. The two most important landscaping considerations are (a) the needs of the family and (b) making the most of the physical characteristics of the plot itself.
2. Decide for the present and the future what areas you want to develop, and how.
3. If you can afford the services of a landscape architect just to make the plan for your grounds, you will probably save money and heartaches.
4. Even with minimum space available, you probably want areas developed so that you will have shady spots to sit, sunny spots to play a service area for deliveries, garbage disposal, laundry space, tool storage, garage space, and, of course a garden or gardens.
5. You don't have to do all your landscaping at once. Do it a little at a time.
6. Plan first to landscape the front of the house—to put your best foot forward. Also try to plant your evergreens early, for they are slow growing.
7. If your house is symmetrical, with the door dead center, you'd probably like a balanced planting.

A box or yew tree either side the front door is good.

8. You'll need some taller trees as well as lower, so don't forget the deciduous which are fast-growing and adaptable.

9. Be careful about your foundation planting. That little evergreen which looks so tiny now may grow up to completely cut off your windows from sunlight or sight.

10. Spot things around the lawn for interest: Perhaps a small, free-standing flowering tree like magnolia, or dogwood.

11. Little potted plants set out on the paved terrace are good ways to get variety and interest because they are changed easily.

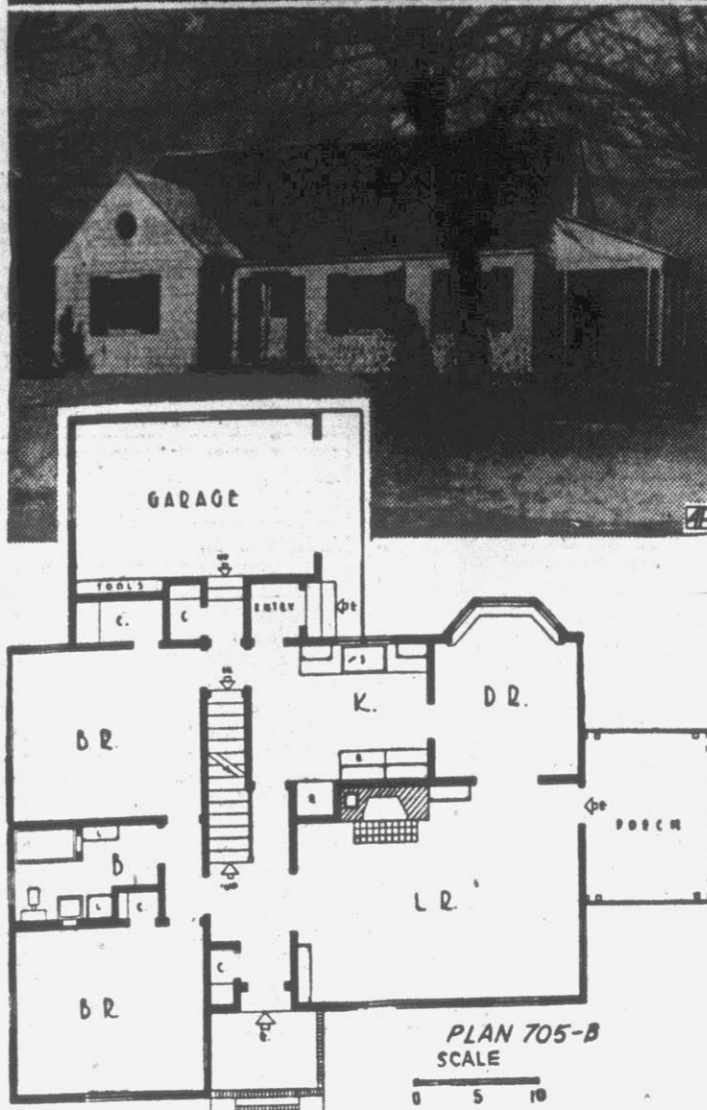

12. Never forget the usefulness of vines. If your house is of brick, take pains not to have the vine flowers clash with the brick's red color.

13. On brick or stone, the best bet is Boston and English ivy, climbing euonymus, climbing hydrangea (this has spectacular large blooms and is best covering a stone wall to be viewed from the distance).

14. On trellises or iron-work, silver lace vine is attractive, and so is clematis. Wisteria, which is temperamental about blooming, is lovely on any wooden house.

15. A fence is the best bet for the service area, although a heavy-leaved screen is good too. Don't forget to have an outside water faucet where it will save your back both for garden and garage uses.

HOMES FOR AMERICANS

A small house with big rooms, this Colonial style home was designed by E. L. Baker, 1525 West High St., Lima, O., as his plan No. 705-B. With a full basement, this dwelling contains approximately 29,000 cubic feet. A center hall gives an efficient layout. A bay window in the dining room captures the morning sun with proper orientation of this plan on the lot. The designer suggests frame construction, wood shingle roof, oak floors and forced air heating, among major specifications.

Home Repairs In U.S. Represent A Major Outlay

New York—(AP)—Repairs for U. S. non farm homes are expected to cost \$2,600,000,000 to \$3,300,000,000 in 1948, says a survey by the Tile Council of America. The survey indicates that of every 100 homes:

- Thirty will be painted either inside or out.
- Twelve will be re-roofed.
- Ten will have heating equipment replaced or rebuilt.

Nine will have major plumbing work done.

Six will have carpentry work done.

Painting and heating work will each take a quarter of the repair money. Fifteen per cent will go for roofs, seven per cent for carpentry and about six per cent for plumbing.

Here's Cleaning Tip For Hardwood Floor

Oak and other hardwood floors, according to many floor maintenance experts, retain a smoother, glossier surface when they are

cleaned with special floor cleaning ers, on the other hand, remove dirt preparations rather than with soap efficiently and coat the surface with and water. The latter, it is said, a thin film of wax which serves may discolor the finish and raise to prevent dirt from being ground the grain of the wood. Floor clean- into the wood.

Jarvis Memorial Church Dr. John Pemberton, of Cape May, New Jersey, leader in the Visitation Evangelism Week in Greenville, will be the preacher at the morning service at Jarvis Memorial Church. His subject will be, "The Time is Now."

Dr. Pemberton made many friends in Greenville when he was here for the Visitation Week two years ago, and they will welcome this opportunity to hear him again.

The pastor will preach at the evening service at 7:30. The public is cordially invited to all services at the church.

F. W. B. Girls Auxiliary The Girls Auxiliary of the Free Will Baptist Church will meet Monday evening at 7:30 with Miss Belva Jackson, 1006 Evans street.

Athenium Book Club Mrs. J. H. Rose was hostess to the Athenium Book club at a delightful luncheon at the Air Port Inn on Tuesday, March 3rd.

Mrs. Rose presented Mrs. J. B. Long as guest speaker. Mrs. Long, in her very charming manner reviewed the book, "Peace of Mind."

Mrs. Knott Proctor presided over a short business session. The club voted to contribute to the "seeds of peace" project. Books were distributed after which the club adjourned.

Girl Scout News

March 12, the 36th anniversary of Girl Scouting in the United States, will be celebrated by a nationwide "giving" party featuring the Girl Scout "Clothes for Friendship" project.

The Greenville Girl Scouts are preparing to do their bit to make the "Clothes for friendship" project a success. On their official birthday they collect their pennies for the Juliette Low World Fund.

They open their drive for collecting clothing to send to foreign countries. In addition to contributing discarded clothing, they will ask mothers to dig into their scrap bags to find every scrap of new material that will make a small child or baby a dress or petticoat. Two colors of material or two fabrics may be combined to make a warm garment.

The Scouts are going to mend and make up the garments for their birthday party at the Rotary Club on Friday afternoon at 3:30. The Rotarians are giving the Scouts a wonderful birthday present—they are painting the upstairs of the club, so we shall have a clean, light place for our troop meetings. Every Scout in Greenville is expected to come.

The colored Scouts will have their birthday parties at their respective schools.

All the Scouts will want to see the Scout movie trailer that Mr. Walker is so kindly showing at the Pitt Theatre during our Birthday Week.

CHICKEN THIEVES ROB MARSHALL CLARK'S COOP Marshall F. Clark, manager of the Greenville Funeral Home, 1212 Dickinson Avenue, reported to police today that a flock of 10 red chickens were stolen from his premises last night.

The thief, he said broke the lock on the coop. Police are investigating.

POLICE ARREST NEGROES FOR AFFRAY ON STREET Police arrested Willie Jordan Barnes, colored, last night on a charge of assault with a deadly weapon. They arrested Wesley J. Barnes, colored, on a charge of assault. The affray occurred on Alameda Avenue, near the colored motion picture theaters.

Picture-Taking Plans Completed

This Monday and Tuesday are the big days for the picture-taking of our youngsters. The Daily Reflector is having pictures taken of all children who are brought by their parents or other guardian to the Woman's Club between 1 p.m. and 8 p.m. absolutely free of charge. The Woltz Studios, of Des Moines, Iowa, nationally known children's photographers, will be in charge. The Daily Reflector wants a picture of your child to print in its forthcoming feature "Citizens of Tomorrow," a series of photographs showing local children. The more we get the better the feature will be, so the cooperation of mothers and fathers is urged.

It often seems to parents that children are little one minute and are grown up the next, so fast does a child's growing stage pass. Here is a splendid opportunity to catch a likeness of your child or children at this present stage for the pleasure you will get out of it in future years and for the pleasure you will enjoy in seeing it in print. You will want to clip it from this, your home town newspaper, and preserve it for the youngster when he or she grows up.

There is absolutely no charge or obligation for taking the pictures. Parents don't even have to be a subscriber to the Daily Reflector, nor even a reader. You do not have to purchase pictures either, though you may obtain additional prints by arranging direct with the studio if you want them. That is entirely up to you. There is no age limit.

Here is a suggestion on how to get your child's picture taken promptly. If your last name begins with any of the letters between A and M, bring your children Monday March 8, N to Z, Tuesday March 9. Don't forget, the hours are from 1 p.m. to 8 p.m. daily. Come early. The above suggestion is not compulsory but your cooperation will be appreciated.

Reject Satellite Advice On Reich

Washington, March 6—(AP)—The United States has told three Russian satellite nations it does not want their advice on Germany.

The three—Czechoslovakia, Yugoslavia and Poland—had asked to be consulted on American policies in dealing with German problems. Undersecretary of State Lovett in a blunt note sent to their embassies here yesterday flatly rejected this bid. And since the Soviet Union had backed the request, Lovett sent a copy of his note to the Russians also.

Brick Wall Falls, Injuring Negro Man

Thomas Moore, Negro laborer employed on the job of tearing down the Haywood Dairy stables on Fourth Street, opposite the Flanagan Buggy Company, suffered a broken leg and arm when a side wall toppled on him yesterday morning about 10 o'clock.

He was taken to Pitt General hospital. An attendant said Moore is getting along nicely.

Messick . . .

(Continued From Page One)

four-year college for whites in this vast eastern area of our State? In these counties are the earliest traditions and the history of our commonwealth. Here are scores of progressive and rapidly growing towns. Here is one of the richest agricultural areas on the entire surface of all, here are some of the finest and most splendid people to be found anywhere at any time.

"To serve in every possible way this section and these people—that is the true function of this college."

The inaugural ceremonies began at 10:40 with an academic procession of the faculty, the Board of Trustees, and more than 100 representatives of colleges, universities, learned societies, and professional organizations. Moving into the Wright Auditorium on the campus to a professional composed for the occasion and played by the college band, the group marched to the stage, where they and other guests were seated during the inauguration.

Dr. Howard McGinnis, chairman of the inauguration committee at the college, presided and presented the delegates to the audience. The invocation and the benediction were by Dr. Leon Edgar Smith, president of Elon College. As chairman of the college Board of Trustees, Dr. Clyde A. Erwin, state superintendent of public instruction, conducted the ceremony inducting Dr. Messick into office.

A luncheon in the North Dining Hall of the college for approximately 300 guests followed the inaugural exercises. Dr. Harry A. Sprague, president of State Teachers College Montclair, New Jersey, was the principal speaker.

Among lesser-used narcotics are derivatives of the thorn-apple, henbane, hops and lettuce.

Tests By TNT

Salt Lake City, March 6—(AP)—Explosive charges of TNT ranging up to 320,000 pounds, will be detonated in a series of tests to determine feasibility of underground war factories, Army engineers have disclosed.

The tests will be made late this year near Grand Junction, Colo., Dugway, Utah, and Castle Dale, Utah. Resident Engineer H. O. Plath, yesterday emphasized that the explosions will be for experimental purposes only. The results will not determine sites for such structures, he said.

Patrolmen Arrest Speeder After Race

State Highway patrolmen arrested Grady Gray Smith, 25, of Winterville, last night about 8 o'clock on the Washington Highway and charged him with speeding at 80 miles an hour.

The officers took up the chase they said, at Fifth and Cotanche street, and were unable to overtake Smith's car until he arrived at the intersection where East Fifth street connects the highway.

CHURCHES

EIGHTH STREET CHRISTIAN Dr. H. G. Haney, Pastor 9:45 a. m.—Sunday School, Robt. S. Moye, Supt. 11:00 a. m.—Morning Worship. 6:30 p. m.—Youth Fellowship.

Citizens of Tomorrow

THIS NEWSPAPER

To Publish Pictures of LOCAL CHILDREN

Pictures of the children of this community are to be published in this newspaper as a special tribute to our young citizens. Tomorrow the responsibility for world destiny will rest heavily upon their shoulders as Americans, they will meet those responsibilities without faltering. Among them, in the years to come will be many with fame and fortune. But, just as they are right now . . . with the dawn of a greater tomorrow in their fresh young faces . . . we, the publishers want a picture of these future professional men and women, teachers, scientists and, who knows, perhaps a future president of this great country. We want to publish these pictures in a forthcoming special feature. So, Mother and Dad, we will need your cooperation to help make this event a colorful and inspiring exhibit!

Arrangements have been made with The Woltz Studios, nationally known children's photographers, to take the pictures for us at the time and place given below. All you have to do is bring your children as our guests. There is no charge or obligation. However, all children must be accompanied by one parent or other guardian. You do not have to be a subscriber to this newspaper and you do not need to purchase photographs, although you may do so if you wish. Just bring your children down and have the picture taken. Later you will be shown proofs from which you select the pose you prefer having printed in the paper. The pictures will be published at a later date. It is as simple as that! You can clip these pictures from the paper and thus obtain a memento of childhood which will become a treasured keepsake and memory record for both you and your children when they grow up. Fathers and other relatives in the Armed Forces get a real thrill when they receive the hometown paper containing pictures of the beloved little faces they know so well. Here is a tip on how to get your child's picture taken promptly. Those with last names beginning with letters from A to M should come Monday, March 8, while those with last names beginning with the remaining letters of the alphabet should come Tuesday, March 9. The above suggestion is not compulsory but your cooperation will be appreciated. Below is the time and place to have your children's pictures taken without cost. Woman's Club, Monday and Tuesday March 8 and 9, 1 to 8 p. m.

P. H. Y. S. each Sunday evening at 6:30. Prayer services each Tuesday and Thursday evening at 7 o'clock.

PRIMITIVE BAPTIST S. B. Denny, pastor. Services at 11 a. m. every first Sunday.

Colored Churches STAMORE HILL BAPTIST Corner First and Green Sts. Rev. J. A. Nimmo, pastor. 8:30 a. m.—Sunday School. W. D. Miller, Supt. 11:00 a. m.—Morning worship. Sermon, "The Water of Life." 6:00 p. m.—B.

Strength FOR THE DAY

THE SOLUTION BEGINS WITH US

Humanism is a movement designed to improve mankind and the world in which he lives. There is a philosophy abroad today known as the philosophy of amelioration. Its aim is to ameliorate, to make better or more tolerable the conditions amid which men live. There have been humanists in every age.

Out of such hopes has come the dream of the Utopia. Sir Thomas More used this term to describe the ideal commonwealth. But very few people realize that the word "Utopia" means that it means literally "no place." Utopia has never existed, and it never will. What we shall have to face until the end of time will be a world order far removed from man's exalted dreams. Utopia means "no place."

WASHINGTON LETTER

By JANE EADS

Washington—The President of the United States lives on a reservation. In recent congressional budget hearings A. E. Demaray, associate director of the National Park Service, explained that the White House was Reservation Number One of the National Capital Parks. Appropriations for the Executive Mansion and grounds are administered by his office. (This does not include expenses of the President's executive offices.)

National Capital Parks did not have this function until the Reorganization Act of 1933, however. It was done formerly through a representative of the War Department.

The President is asking Congress for \$250,700 for White House salaries and operating expenses for the fiscal year beginning July 1. This is in comparison with the \$202,250 allotted for the present fiscal year.

Mr. Demaray explained that the increase asked for 1948 is due to higher costs of living, necessitating an upping of salaries and wages and an increased cost of operating supplies.

"But it remained practically stationary from 1939-1946," Mr. Demaray said.

The entire personnel for the White House alone—from the principal operating engineer, who gets \$3,648, down to the maid who gets \$1,822—numbers 81. This includes gardeners, carpenters, plumbers, painters, housekeeper, butlers, cooks, doorman and housemen.

The requested 1949 appropriation would cover \$1,074 for elevator inspection and maintenance and \$1,260 for laundry service. Increase in cost of supplies, materials and furnishings is listed at \$10,000.

The White House sends its laundry to six different outfits.

"Supplies, materials and furnishings" include such items as flowers, uniforms, pots and pans, electrical and plumbing equipment, paint, dishes, linens, upholstery, curtains and hardware.

Communists Expose Those Subversive Capitalist Boy Scouts

Gov. Kiwanis District Speaks Greenville Club

By CHESTER WALSH

Carolinian District Governor Dr. Eugene J. Coltrane of Brevard paid his visitation to the Greenville Kiwanis Club at its weekly supper meeting last night and made a fine impression on the 80 representative business and professional men who comprise the service club with a plain heart-to-heart talk about Kiwanis International and the important part individual clubs have in the great international organization.

Dr. John D. Messick, president of East Carolina Teachers College, had charge of the program. He delegated Past Lieutenant-Governor Edwin E. Rawl to assume his duties. "Ed Rawl," as he is familiarly known in the Carolinas Kiwanis District, presented Seventh Division Lieutenant - Governor Jack LeGrande of Wilmington. LeGrande praised the Carolinas District governor, and said "Dr. Coltrane, president of Brevard College, has been an outstanding leader in Kiwanis over the years."

Governor Coltrane received such a warm welcome that he did not make a speech. He talked heart-to-heart to the Kiwanians about what Kiwanis clubs and Kiwanis International mean to the "great American way of living."

President Brooks recognized Dr. Messick's special guests: Dr. A. E. Robinson of Washington, D. C. (his father-in-law); Dr. H. A. Sprague, president of New Jersey State Teachers College, Montclair, N. J.; Dr. Virgil Mallory, head of the mathematics department at N.S.T.C. Montclair, N. J.; Prof. A. L. Hook, registrar and head of the physics department of Elon College, (who flew to Greenville in his plane); and June H. Rose, superintendent of Greenville City Schools, and other guests, Dr. J. H. Nicholson of Pitt General Hospital and the two Junior Kiwanians, Rufus Stark and Paul Stokes.

Eli Bloom gave the club's felicitations to Past Kiwanis President W. J. (Dick) Bundy on his appointment by Governor Cherry to succeed the late David M. Clark as solicitor of the Fifth Judicial District.

can be Made at Home." including color, style, construction details, and materials. Mr. W. H. Pruden, Assistant Farm Agent, discussed corn and projects for the remainder of the year with the 4-H boys.

Chico 4-H Club Meet
Our club is very proud of Noah J. Buck who has just received an invitation to join the "100 Bushel Corn Club." At our meeting on March 2, Mr. Pruden presented him a certificate as an associate member for having successfully completed corn project with 89.7 bushels of corn produced per acre. Our club is observing 4-4 week and have already put posters on display.

Lang's 4-H Community Club
Our club met at the home of Pat Jones, daughter of Mr. and Mrs. C. L. Jones, on February 24. After all business was dispensed with, Hazel Garris led the group in games and entertainment. Refreshments were served by the hostess, Mack Mills received a certificate as an associate member of the "100 Bushel Corn Club" for having produced 94.9 bushels of corn per acre in 1947. The club meeting adjourned until March 23 when the club will be held at the home of Dewey Lloyd.

Falkland 4-H Club
The following boys received a certificate as associate members in the "100 Bushel Corn Club": James Langley with 90.0 bushels of corn per acre, Robert Bright with 76.5 bushels per acre, Alton Heath with 75.8 bushels per acre. The club is proud of these members in having this honor bestowed on them.

Farmville 4-H Club News
The boys of the Farmville club received certificates as associate members to the "100 Bushel Corn Club." They are Billy Ray Allen having 88.5 bushels of corn per acre and Teddy Gray Allen having 93.0 bushels of corn per acre. After awarding these certificates the club held its regular meeting, Mr. and Mrs. W. R. Hinson, Mrs. C. G. Morgan, Mrs. J. L. Nanne served refreshments of cocoa, sandwiches and cookies, and was thoroughly enjoyed by all. Mr. Pruden led the group in a square dancing after which the meeting adjourned until March 15.

Drive For Funds For Symphony Orchestra Starts Monday

Pictured above is the North Carolina Symphony Orchestra, conducted by Dr. Benjamin F. Swain, which will appear in Greenville April 12th at Wright auditorium E. C. T. C. campus. A campaign for renewal of memberships and securing of new ones in the North Carolina Symphony Society will be carried out in this community under the sponsorship of the Junior Chamber of Commerce. The drive will start Monday, March 8th and continue through March 18th. Headquarters for the campaign is the Globe Hardware Company. Support the Symphony and the wonderful work they are doing by becoming a member.

J. Archie Rogers, chairman of the Kiwanis Public Affairs Committee read the club's resolution in tribute to Dr. John D. Messick on the eve of his inauguration as president of East Carolina Teachers College. One copy of the resolution goes to Dr. Messick, one on the club's records and the other to the press for publication. The document was signed by Chairman Rogers, W. J. Bundy and H. H. Duncan for the committee.

Director Tige Gardner will entertain at supper at his home next Monday night the Kiwanis officers and directors—an old Kiwanis custom.

A problem for the Kiwanians now is "Who is the Walking Kiwanian" of the Greenville club.

day, however, prices will be so high that the public will stop buying. Then people will be thrown out of work and a crash will come as in the past. The Government can prolong a period of prosperity, but it cannot finally prevent it from falling over the brink.

Owing to this increase in the break-even level, when the next bust comes it will come very suddenly. Instead of employers being able to reduce wages or let people go gradually, as heretofore, they will be forced to shut down quickly without warning. Hence, the next movement in the employment cycle will cause many failures and heart-breaks.

ready for delivery. To this they replied: "In order to offset the attitude of labor leaders, the large manufacturers have now orders in for labor-saving devices which will not be delivered for a year or two. These labor-saving devices will require more electric power than ever before."

The above means that the employment situation may be very bad when the next bust comes unless labor union leaders now turn over a new leaf. If labor is sensible, it will not only cease asking for more

wages, but it will deliver more in production. Members of labor unions should get after their leaders and insist that something be done to check this present dangerous situation.

Per capita annual consumption of cigars in the United States declined from 63 in 1923 to 41 in 1940.

State Meets Duke Tonight In Southern Conference Finals

Complete Plans For Invitational

By BERT MOYE
Everything is set for the Bethel High School Invitational Basketball Tournament for boys, which opens Monday evening at 6:30 o'clock at the Bethel gymnasium.

Ayden and Walstonburg high teams line up for the first battle of the tournament at 6:30 o'clock and this is to be followed by three more games with Bethel against South Edgecombe at 7:30 o'clock; Farmville plays Vanceboro at 8:30 o'clock and Robersonville plays Snow Hill in the final tilt at 9:30 o'clock.

Four teams are seeded in the tournament with the Bethel Indians, hosts for the occasion rating top-seeding. The Robersonville team is seeded second and Vanceboro and Farmville, third and fourth respectively.

Dickey Is Out Of State's Lineup

Raleigh, N.C., March 6—(AP)—N.C. State College's Dick Dickey is through with basketball this season. The offensive leader of State's powerful team has the mumps and will be out for three weeks, Coach Everett Case said today.

His Lucky Charm

New York, March 6—(AP)—Gus Lesnevich is convinced his 61-year-old mother is his good luck charm.
"She had never seen me fight before the fight with Melio Bettina," he said. "But a television set was installed in my house and she watched.
"She told me she wanted to see this one. I told her, because she has a weak heart, not to do it. But she did anyway. That makes it two fights she watched and two quickies for me."
Lesnevich knocked out Bettina in 59 seconds.

Tickets Allotted For N. Y. Tourney

North Carolina State Alumni Association, Raleigh, has notified county alumni officers and members about tickets to the National Invitational basketball tournament which will be played in Madison Square Garden in New York on March 11, 13, 15 and 17.
The director of athletics states, "We have been allotted tickets for the first game in which State College participates (either on the 11th or 13th) and will have tickets for the games on the 15th and 17th if State wins its first game. Tickets are \$2.50, \$3, \$3.50 and \$5.50. Those who plan to attend the tournament should request the General Alumni Association, Raleigh, for authorization to purchase tickets. The Garden has placed a limit of two tickets per game to each purchaser. Authorization card accompanied by remittance may be mailed to Madison Square Garden, where tickets will be held upon call."
Alumni members who desire tickets should write J. L. Von Glehm, director of athletics, State College, Raleigh, N. C.
A message from H. W. (Pop) Taylor, executive director, Raleigh, states that the New York State College Club will meet Friday night, March 12, at 7 p. m., at Hotel Ruisell, 45 Park Avenue, at 37th street. Visiting alumni are invited to attend the alumni meeting. The cost of the meal and tips is \$4. Checks with reservations should be mailed to Charles E. Riedell, 30 Broad street, New York City, or telephone Hanover 2-6195.

McKenley In Last Chance At 600
New York, March 6—(AP)—Herb McKenley, the Jamaican swiftie who owns the U.S. 400-meter title and the world quarter-mile record but never has won a race at 600 yards in Madison Square Garden, gets his last chance of the season tonight.
McKenley will start against five other speedsters in the 29th running of the Casey 600, one of the features of the annual Knights of Columbus games which conclude the Garden's 1948 indoor calendar.

Wolfpack Has Close Victory Over Carolina And Dillon; Duke Comes From Behind To Drop Davidson

Durham, March 6—(AP)—North Carolina State's defending Southern Conference basketball champions have beaten Duke twice this season, but they'd gladly trade both those triumphs for the big one tonight—the championship game of the 25th annual tournament.
Battling North Carolina right down a gruelling stretch run, State advanced with a 55-50 victory in last night's semi-finals while Duke smothered Davidson, 53-37, to gain its place in the title tilt.
State was without the services of forward Dick Dickey, a 432 point operative in 28 regular season games, and his status for tonight's contest is very much in doubt.
Four doctors advised Coach Everett Case to keep the high scoring star out of action when a high fever laid him low.
While the man who was not there figured prominently in the story of the game, the fellow who was there almost turned in the top upset of the campaign personally.
John Dillon, the hook-shooting Southpaw from Savannah, Ga., came up with his biggest night since he dropped into obscurity after winning national acclaim two years ago. "The Hook" earned 19 points, including 11 or 12 fouls, to pull North Carolina twice into a tie in the last 10 minutes.
State, however, dug in and rode out the storm, never actually falling behind.
Center Paul Horvath supplied 12 points, all in the first half, and Capt. Leo Katakavek made most of his 11 in those last crucial 15 minutes, to keep the championship craft on even keel.
The wild affair produced 52 fouls, 27 on Carolina which lost two men on fouls. Five State men had four at the finish.
As for Duke, the Devils found themselves down, 26-24, at the half before a Davidson ball club that looked like a potential finalist.
Then Center Ben Collins took charge for Duke with three fast baskets to open the last half and with Davidson scoring only six points in 16 minutes, school was out.

Blackie Dark Is New Hope For Boston Braves
Bradenton, Fla., March 6—(AP)—Alvin "Blackie" Dark, who almost lost his life from malaria and diphtheria, and turned to sports to build up a shriveled body, seems to be the key to the Boston Braves' fortunes for 1948.
The ex-LSU collegian from Lake Charles, La., can either make or break the Braves. If Dark can fill the bill at shortstop, an old Boston eyesore, the Braves stand a good chance to capture the National League pennant. If he flops, Billy Southworth's men will be lucky to finish as high as they did last year when they trailed Brooklyn and St. Louis.
Southworth was especially pleased with the youngster's ability to execute double plays with Second Baseman Connie Ryan, a fellow Louisianian. Dark appeared tremendously fast and ranged far and wide for ground balls.

Wedemeyer . . .
(Continued from Page One)
ing a pact which they hope would expand into a union of all western Europe. They figure that the absolute essential for success of such a union is a military alliance which would give them the backing of the United States.
So far as China is concerned she is in a state of chaos politically, economically and militarily. Little worth while can be achieved politically or economically until the military situation is ironed out.
The government needs not only material help but, as Wedemeyer points out, the aid of competent military advisers. Economic aid alone "is a question of improving areas and then having opposing forces take them over. That is going on."
The general made it clear that the Chinese Communists are part and parcel of world Communism and not dissociated from the Moscow brand. He didn't say so, but the Chinese National Government frequently has charged that the Chinese Reds are getting help from Russia.

Leland Brissie With Athletics

Leland V. Brissie, Jr., of Ware Shoals, S. C., 6 foot, 4 1-2 inch pitcher for the Philadelphia Athletics, stands on his war-shattered left leg and limbers up his arm in spring training camp at West Palm Beach, Fla. He wears a plastic cast on the leg which was shattered by an exploding shell during World War II fighting in Italy. A southpaw, he won 23 games and lost five for the Savannah, Ga., team in the South Atlantic League last season. He is 24 years old. AP Photo.

Duke May Be Big Season Surprise

New York, March 6—(AP)—Duke may well be the surprise college basketball team of the season.
The Blue Devils, who barely managed to get into the Southern Conference tourney, now have won three straight in the tourney and tonight battle North Carolina State in the final.
A triumph for Duke over N.C. State, already invited to the National Invitation Tourney in New York, would cap a thrilling comeback.

Curtain Going Up In Baseball

New York, March 6—(AP)—The curtain lifts today on seven solid months of major league baseball.
Two exhibition games in the west are the first of more than 1,700 scheduled contests involving the 16 major league clubs between now and October.

Sixteen Bikes On Her Birthday

Portland, Ore., March 6—(AP)—One bicycle ordinarily is enough for a 5-year-old girl, but Sharon Fulton got 16 of them as a birthday gift.
They all came from an aunt, Mrs. James E. Jones of Oklahoma City. Advised by long distance telephone, Mrs. Jones explained it was all a mistake.

Dear Friend:
We in the Hotpoint Institute know you will enjoy your new "Two-Zone" Refrigerator. It is really two appliances in one . . . a refrigerator for fresh foods and a freezer for below-freezing storage. There are new adventures and thrills in store for you, and, as time goes by, you will appreciate your "Two-Zone" Refrigerator more and more.
Experience in our own kitchens and laboratories and in many homes over the country proves that Hotpoint refrigerators represent the best. They are designed to serve as able kitchen partners. They keep food fresh, delicious, and nutritious. They aid in preparing new meal-time delicacies and save extra hours of food buying. All this is combined with a beauty of design and convenience of arrangement that makes a Hotpoint refrigerator a satisfaction to own.
Now on display.

Lesnevich KO's Fox In 1:58 Of Opening Round

New York, March 6—(AP)—The new Gus Lesnevich, a 50-50 boxer turned ring tiger, is the hottest thing around the fight game. Now he can call his own shots.
At the age of 32 when most fighters are looking for the carpet slippers, the durable light heavyweight king can write his own ticket for the future. He used to be a hit-and-get-away guy. Now he pegs bombs, righthanded.
There are rumors he may go to London to pick up some loose change after his explosive first round knockout of Philadelphia Billy Fox in 1:58 last night in Madison Square Garden. Nothing is definite.
Lesnevich may never again fight as a light heavy. He had a terrific tussle with the scales yesterday, paring off four ounces to make the 175-pound limit.
After a few seconds of sparring in mid ring, Gus nipped Billy with a straight right. As the challenger scrambled out of range in confusion he slipped and fell on all fours, taking no count.
Carefully looking for his chance, Gus maneuvered Fox toward his own corner. As Billy threw a right hand, Lesnevich countered with a right to the body.
Then, he threw the book at Billy boy. A right to the head, another, another and six in all. Fox sank to the canvas. He wobbled to his feet at six and Lesnevich rushed after him, tugging at Referee Frank Fullam who was trying to wipe the resin dust off Billy's gloves.
When Fullam let them go at it again, the champ drove home a murderous right that draped well-beaten Billy over the bottom rope. Helpless he rolled to the floor, tried weakly to get up but couldn't make it.

Membership Contest Nets VFW Over 60; 95 Sign Up Again

At Clark's Thursday night, members of the Pacific team in the membership drive had a delicious chicken and barbecue supper at the expense of the Atlantic team. During the last five weeks the two teams have been competing in a membership drive for renewal and new members of the local V. F. W. Post. The contest created much interest and resulted in a substantial increase in membership.
The combined teams secured sixty-four new members and ninety-five continued members. This brings the total membership to two hundred and seventy six active members.
Ell Bloom was present and kept the crowd in an uproar with his anecdotes. He also called on members present to entertain him and several responded with good stories. He commended the VFW for the fine record made since its organization and especially on the behavior at the functions being sponsored. He reported that there had never been a single case in city court involving anyone attending any of the dances, carnivals or the exposition.

Hank Greenberg Still Undecided On Retirement

Tucson, Ariz., March 6—(AP)—A week's workouts with the Cleveland Indians have brought Hank Greenberg no nearer a solution of his personal baseball dilemma.
The former great first baseman and homerun knocker is thinking seriously of retiring from the game for a year just to see what happens. He still firmly intends to have his own big league club one of these days.
For several weeks now Hank has been conferring regularly with Bill Veeck, young president of the Indians, trying to attach himself to the team in an executive capacity. Up to now they have been unable to reach an agreement.
The Indians would very much like to have him as a coach. Manager Lou Boudreau thinks Hank would prove a valuable addition to what already is the highest-salaried (Bill McKenzie and Muddy Ruel) coaching staff in the business.

Golfers With One Arm To Play In Exhibition Here

Jimmy Nichols, the famous Texan born one-armed golfer, will play an exhibition match at the Greenville Golf and Country Club Tuesday, March 9. Jimmy will team with W. L. Allen, club champion, against Harold Thomas and either Simon Moye or Reynolds May. Nichols, a former welterweight fighter, had never played golf prior to an automobile accident in which he lost his right arm. In playing he swings and connects like a righthander, but on the green he puts like a lefthander.
Jimmy will give an exhibition of trick and fancy shots before the match and demonstrate the form and power that enabled him to make a 336 yard hole-in-one while playing at Douglas, Georgia a few years ago.
