## Dewey Wins New Hampshire Test For Nomination

### New Yorker Sweeps Six Of Eight Delegates; Truman, Opposed, Endorsed

Concord, N. H., March 10—(AP)—Gov. Thomas E. Dewey today won the first round in the ballot box fight for the Republican presidential nomination.

The New York governor swept six of the eight delegates in the New Hampshire presidential primary yesterday—the first in the nation in the 1948 campaign.

Showing strength in both rural and urban areas, Dewey beat back the challenge of Harold E. Stassen, only other announced Republican candidate to enter a full slate.

President Truman won endorsement of the Democrats in their primary. He was unopposed.

Dewey was generally favored in this primary—one that politicians held important from a psychological viewpoint.

The Dewey slate captured three of the four delegates elected at large. Leading the vote were two veteran campaigners—former Governor Robert O. Blood, who polled 26,204 votes in the 232 of the 198 precincts already counted, and Governor Charles M. Dale, who 25,414.

The third Dewey man to win in the state-wide contest was Robert Upton, vice chairman of the Republican state committee with 19,837.

Fourth place went to a Stassen delegate—New Hampshire's present Republican national committeeman Frank Sulloway with 19,138 votes.

One interesting sidelight of the primary was the small vote polled by two delegates running pledged to Gen. Dwight D. Eisenhower, although the General had announced he was not interested in politics.

Eisenhower's name appeared on the ballot, however. The best showing of the men running under his banner was 6,094 votes.

## Says TB Can Be Defeated Now

Greensboro, N.C., March 10—(AP)—With leadership and education, tuberculosis can be defeated now.

So said James G. Stone of New York City, an official of the National Tuberculosis Association. He spoke yesterday before North Carolina tuberculosis secretaries, who met again today.

There is enough knowledge of the disease to win it now, Stone said, as he urged a thorough study of local statistics and more development of techniques for combatting TB.

## Pope Stresses Italian Election

Vatican City, March 10—(AP)—Pope Pius XII, in his annual Lenten address to the Rome clergy, told them today it is their right and duty to improve on Catholics "the extraordinary importance" of Italy's elections April 18.

This is considered the Pontiff's reply to his critics in the Communist-dominated "Popular Front," who for weeks have been charging that the church is improperly and illegally intervening in politics.

## Finnish Delegates Said Unwilling To Make Trip

Helsinki, Finland, March 10—(AP)—Several members of Finland's delegation to negotiate with Russia were reported today to have asked in vain to be relieved of their assignment.

They were appointed yesterday to negotiate in Moscow in a Finnish-Russian pact.

Informants said the delegates told President Juho K. Paasikivi they "did not under any circumstances want to go to Moscow."

The President is reported to have cut them off with the remark: "There is no question of whether you have any desire to do this or that. This is a compulsory labor."

The seven-man delegation is expected to leave for Moscow in about 10 days.

While the delegation prepared to negotiate, Helsinki newspapers expressed hope that Moscow would pay due respect to Finnish points of view.

"Stalin has repeatedly shown a special interest for Finland," the independent Helsinki Sanomat said.

## Draft Officials Study Speed-Up On Call-To-Arms

San Francisco, March 10—(AP)—Maj. Gen. Lewis B. Hershey says Selective Service officers are studying such subjects as "How to do it quicker if we have an atomic war."

But he added quickly today, the study program was not prompted by any international crisis.

Recalling that the Selective Service Act expired a year ago, the wartime draft director said the government is training state Selective Service officers to expedite a manpower procurement program in any emergency.

## Exchange Chief Asks Tax Relief

### Schram 'Alarmed' At Loss Of Funds

Washington, March 10—(AP)—President Emil Schram of the New York Stock Exchange asked Congress today for prompt tax relief for business.

Reporting an "alarmed shortage" of funds for investment, Schram said stock exchange trading is down 24 per cent from last year.

His statement was prepared for the Senate Finance Committee, now winding up its hearings on the House-passed bill to cut income taxes \$6,500,000,000.

Without mentioning a specific figure, the exchange president endorsed "substantial" tax cuts. He said:

"A government surplus that gives promise of reaching in excess of \$6,000,000,000 this fiscal year, and a possible figure of some \$12,000,000,000 for this and the coming fiscal year, is ample justification for substantial tax reduction."

But whatever the amount of the tax cut, Schram said, these benefits to business should be written into the bill.

First, a cut in the capital gains tax—a levy on profits made from the sale of stocks, property or other assets—from the present top rate of 25 per cent to 12 1/2 per cent.

Second, an exemption from the normal 1 per cent income tax—but not from the surtax—on income from corporation dividends. Corporation earnings now are taxed twice—once in the form of the company's profits, and again in the form of earnings paid to the stockholder.

The first proposal would cost the Treasury \$165,000,000 a year, Schram said. But by stimulating business, he said, the capital gains proposal would bring "increased revenues to the Treasury." He discounted the danger of inflation.

The following schools are participating in the contests: Kinston, Rocky Mount, Greenville, Hertford, South Edgecombe, Wheat Swamp, Smyrna, Ayden, New Bern, Elizabeth City, Tarboro, Aulander, Elm City, LaGrange, Contantines, Jasper and Wilson.

The judges for the contest today are Paul Young of Chapel Hill, Thane McDonald of Wake Forest College, John Holliday of Queens College.

The judges for the contest on Thursday are Earl Slocum of Chapel Hill, Allen Bone of Durham, James C. Pfohl of Davidson College.

Three judges will judge every event except the piano contests which will be judged by one person only.

Reavis, who resigned from the patrol on request after the charge was made against him, admitted striking the Negro. He said he hit Pierce because he was "wrought up and nervous" after chasing him eight miles along the slippery Ahoskie-Aulander highway.

The two were accused in a warrant sworn out by Cleveland Pierce, Negro filling station operator who earlier in the extended court session was fined \$50 for speeding and reckless driving.

## Target Date

Washington, March 10—(AP)—Congress turned on the steam today in a drive to write the Marshall plan into law by April 16.

This deadline, if met, would throw the weight of the European recovery program into the scales against Communism just eight days ahead of the crucial Italian election.

The target date was announced by Chairman Eaton (R-NJ) of the House Foreign Affairs committee.

Washington, March 10—(AP)—The House Un-American Activities Committee will hold public hearings on the loyalty of Dr. Edward U. Condon, but probably not very soon.

Rep. Nixon (R-Calif.), chairman of a subcommittee which is questioning prospective witnesses privately, said the timing hinges partly on when a federal grand jury in New York completes its investigation of spy activities.

"On many phases of the Condon case, the committee could go ahead without waiting for the grand jury," Nixon told reporters. "But there are parallel interests involved."

"It simply would be prejudicial to everyone, including Dr. Condon, to have facts brought out in public here while they are also being considered by a grand jury in New York," Nixon said.

Condon, head of the government's Bureau of Standards, was accused by the committee last week of having associated "knowingly or unknowingly" with a suspected Russian spy. He has been cleared by the Commerce Department's loyalty board.

Nixon's subcommittee spent almost four hours behind closed doors yesterday quizzing Adrian Fisher, former chairman of the loyalty board; Oliver Short, a board member; and John L. Towne, board secretary.

Robert L. Stripling, chief committee investigator, announced late in the day that there would be no comment from committee members until the testimony of four other Commerce Department witnesses is finished.

Washington, March 10—(AP)—A former State Highway Patrolman last night was fined \$50 for beating a Negro whom he had arrested on a speeding and reckless driving charge.

The former Patrolman, J. W. Reavis, was found guilty of simple assault in Hertford county recorder's court. A second officer, Patrolman John S. Hackett, Jr., however, was acquitted.

The two were accused in a warrant sworn out by Cleveland Pierce, Negro filling station operator who earlier in the extended court session was fined \$50 for speeding and reckless driving.

### Timing Hinges On Completion Spy Activities Investigation

Washington, March 10—(AP)—The cotton council today joined retail grocers in advocating repeal of Federal taxes on margarine.

Both groups told the House Agriculture Committee they are opposed to the levies for reasons of health and economics.

William R. Blake, vice president of the National Cotton Council, said in a statement the special taxes work a hardship against the south.

Blake noted that cottonseed oil, a prime component of margarine, is a major item in the cotton farmers' income. And he said the cotton industry itself looks to an expanded market in seed products to meet the competition from synthetic fibers.

Tyre Taylor, general counsel of the National Association of retail grocers, told the committee that repeal of the taxes on margarine "would help materially" in the fight on inflation.

Taylor said in a prepared statement that the special license fees and taxes placed on margarine dealers are "discriminatory."

He said the government collected \$1,628,594 from grocers last year in license fees. This is 80 per cent of all license fees collected, Taylor testified, and 30 per cent of the total revenue from all special taxes on margarine.

Taylor also said the tax prevents "thousands of retailers from selling margarine at all and thereby denies to millions of consumers x x x a wholesome, economical product with a high nutritive value."

Washington, March 10—(AP)—The military high command will meet this week-end in an effort to agree on the individual part the army, navy and air force should play in event of a war.

Defense Secretary Forrestal told a news conference today about plans for the meeting.

He implied that disagreements exist among the joint chiefs of staff over what role each service should have in strategic planning.

Forrestal said he would ask the commanders of the services to list "those things on which they are in disagreement."

Asked what the next step would be after that, Forrestal replied: "I hope to get them to come to an accommodation of views. If they don't, I'll have to make my own decisions."

## European Union Left Open For Other Countries

### Possibility Of Extending Alliance To Italy Suggested By Ernest Bevin

Brussels, Belgium, March 10—(AP)—Five western European nations negotiating a military alliance agreed in principle today that their union will be open to other countries of the continent.

France and Britain have pushed for a five-power pact open to other nations, and British officials said the Benelux countries—Belgium, the Netherlands and Luxembourg—had accepted this as a basis for discussions.

The Benelux nations, however, cautioned that there still are differences to be bridged in discussing the French-British proposal, submitted late yesterday.

Fernand Van Langenhove, chief Belgian delegate said the proposal affects the fundamental structure of the proposed treaty.

The provision to leave the door open was believed to be designed primarily for Italy. In his first speech proposing a union to check the westward march of Communism, British Foreign Secretary Ernest Bevin had mentioned the possibility of extending such an alliance to the "new Italy."

Such a clause could, however, accommodate any of the Marshall Plan countries which might want to join in the future.

While the Benelux nations do not oppose the extension in principle, they are believed to hold that the best way to build a Union of Western Europe might be to start with a solid core of five closely knit countries which could decide later how to bring in new members. Diplomats of the five nations have completed nearly all the other articles of the treaty.

## Officials Confirm Death Of Masaryk

### Czech Foreign Minister, Son Of Nation's Liberator, Jumps To His Death; People Mourn His Passing

Prague, March 10—(AP)—Jan Masaryk, non-party foreign minister in the new Communist government, killed himself today in a leap from his second story office, the government announced. He was 61.

Gen. Lev Prchala, a Czech resistance leader in London, commented: "Suicide? It is possible."

Masaryk was the son of Thomas Masaryk, founder and first president of the republic. His death took from the Communists the use of the distinguished name. The controlled radio said Masaryk "must have been seriously aggrieved and wounded by the malicious, tendentious attacks made upon him by the Western press."

Officials of the Foreign Ministry, after a period of reluctance to confirm the report, finally announced Masaryk had died at 8 a.m. The government broadcast at noon officially announced the death. It followed the announcement with the solemn requiem music of Anton Dvorak, the great Czech composer.

The government delayed without explanation foreign news agency telegraph circuits for 30 minutes.

The controlled press had quoted Masaryk as telling Czechoslovak army officers last Thursday:

"You can count on me. I am one of you. x x x We must have unity with the Soviet Union. Our place is at their side. We must be grateful if Russia allows us to be there. We made a bloodless revolution and have entered a new phase of history."

Even while Masaryk's body was borne from the courtyard where he fell, Dr. Prokop Drtina, who was minister of justice in the previous cabinet with him, was convalescing from head injuries sustained in what police said was a three-story plunge from his villa.

Masaryk's last public appearance was in the old town square Sunday, when he attended a combined celebration of the 98th birthday anniversary of his late father and the 30th anniversary of a battle in which Czech and Russian troops fought side by side.

Photographs taken then made him appear harassed, haggard and worried.

His body was found in the palace courtyard at about 8 a.m. It was carried away quickly. Neighbors said the lights in Masaryk's offices burned all night.

When the reports of Masaryk's death began to circulate in Prague people assembled in little groups. Some of them were weeping.

Official agencies, including the Ministries of Interior and Information, would say only that they had no detailed information.

The government's controlled Czechoslovak Press Agency said it would be decided later what form the communique would take.

London, March 10—(AP)—The British press used blunt headlines and gutter-line charts today to impress the nation's economic plight upon the people.

Some newspapers expressed belief editorially that despite dire warnings, the full meaning of Britain's financial crisis has not been grasped by the man-on-the-street.

To reach these people, Sir Stafford Cripps, Britain's economic chief, will translate his formal, 30,000-word economic survey of yesterday into "fire-side chat" language in a radio broadcast at 9:15 p.m. (4:15 p.m. EST). The hour is the peak listening time for BBC.

In addition, the government is publishing thousands of copies of an A-B-C version of Cripps' economic White Paper for distribution. It foresees hunger and mass unemployment for Britain in 1948 without Marshall Plan aid.

Even with help from the Marshall Plan, the survey said, the British people must expect less food and "somewhat reduced standards of living throughout this year."

The conservative Daily Graphic doubted whether Cripps' statement would "jolt the man in the workshop back to realities."

A British foreign office spokesman commented to a news conference: "I can only say that nothing could more clearly demonstrate the character of recent events in that country and the betrayal of that country by a small minority taking its orders from abroad than the death by his own hand of the son of the late president of Czechoslovakia, who is warmly remembered by people in this country who were associated with him in the struggle against fascism."

## Violinist And Pianist Present Joint Recital Sunday, March 14

Dr. Karl V. Gilbert, violinist, and Mrs. Margaret Gilbert, pianist, will give a joint recital in the Austin Auditorium of East Carolina Teachers College on Sunday afternoon, March 14, 4 o'clock. The recital is sponsored by the Greenville Music Club and the Department of Music at the college, and will be open to the public.

An interesting program, including selections by Brahms, Chopin, Beethoven, Chaminade, and several modern composers has been arranged for the afternoon.

The recital will be the first of a series of bi-weekly Sunday afternoon programs to be offered on the campus during the remainder of the school year by the East Carolina Department of Music.

Dr. Gilbert, who is a member of the college faculty, and Mrs. Gilbert have lived in Greenville for the past five years and have played before many groups on the campus and in the city. Before coming here to make their home, both had done concert work, particularly with the Gilwin Trio, a group including violin, cello, and piano. Together they have given many sonata recitals.

Dr. Gilbert has studied under noted teachers at the Peabody Conservatory, the Philadelphia Musical Academy, and the Eastern School of Music.

The Pactolus Ruritan Club, at its regular supper meeting at the Community Building in Pactolus, heard reports of various committees which indicated that the rural service club is on the alert and is functioning effectively for the progress of the community. President Noel Lee presided.

**Agricultural Committee Chairman**  
Herman Hill explained the advantages of government farm insurance and suggested that through the county AAA office the insurance will help farmers in many ways.

**Rural Utilities Committee Chairman**  
John Overton reported that the Greenville Utilities Commission is planning to extend the rural electric program east of Pactolus.

**Highway, Street and Building Committee Chairman**  
John Overton reported that the contract for surfacing highway No. 33, between Pactolus and Washington, had been awarded to the Brown Construction Company. The work is to start as soon as the weather improves.

**The Forestry Committee**  
urged farmers and others in rural sections to cooperate with the forest warden in preventing woods fires and advised farmers to plant trees on unproductive land.

President Lee appointed J. P. Davenport, Sr., chairman of the Wildlife Committee, with John Overton and J. P. Davenport, Jr. to assist him.

The Pactolus Ruritan Club is one of the most active in the district.

## Recreation News

All boys between ages of 9 and 14 are asked to meet Bill Kittrell at Third Street school Thursday at 3:30. A city baseball league for boys will be organized. The midget team to represent Greenville in the conference will be picked from the city league. The league will be composed of four teams with two teams playing every day. The team that is picked from these teams to represent the Midgets will practice once a week, on Fridays. Games in the midget league will be played on Saturday afternoon. The parks used for the city league will be Third Street and West Greenville school parks. All parents are urged to see that their boys come if they like baseball.

## Speech Contest Opens Thursday

The annual original oratorical contest sponsored by the American Legion is scheduled for tomorrow night at 7:45 o'clock in the Greenville High School library. Each high school in Pitt County has been invited to send an orator to compete for the four prizes. First award is ten dollars in cash.

Each contestant is to write his own speech, and all orations must discuss the Constitution of the United States. Farmville, Grimsland, Belvoir and Greenville are the only schools that have already entered contestants. Last year Shelley Beard of Greenville won the Pitt County contest and represented the county in the district elimination.

## Funeral Friday Afternoon For Two Soldiers

The remains of the late Sgt. William N. Little, son of Mr. and Mrs. Elias F. Little of Stokes, who was killed in the Marshall Islands in the Pacific April 8, 1944, will arrive in Greenville Thursday morning.

The remains of the late Capt. Jesse B. Gray, son of Mrs. Lucy Gray and the late Mr. Abe Gray of Stokes who was killed in China, March 10, 1945, will arrive in Greenville Friday morning.

Funeral services for Capt. Gray and Sgt. Little will be held in Greenwood Cemetery Friday afternoon.

Services for Capt. Gray will begin at 2:30 and services for Sgt. Little will follow immediately. Dr. H. G. Haney, pastor of Eighth Street Christian Church, will conduct the services. Pallbearers will be members of the Pitt County Post of the American Legion and the Charles Gray Morgan Post No. 7032, Veterans of Foreign Wars.

Capt. Gray was born and reared near Stokes. He graduated from Stokes High School in 1936 and from East Carolina Teachers College in June, 1942. He was a graduate of the first division pilot training program in Greenville and was one of the first to solo at the Greenville Airport after it was opened. He entered the Army in June, 1942, and trained at Selma, Ala., and Craig Field, Ala., before leaving the United States for foreign service in September, 1943. He received combat training in India before becoming a member of the fighting squadron of Col. Clayton B. Gleason's East China Wing of the 14th Air Force in November, 1943. He had completed his combat missions and had received the Air Medal and Oak Leaf Cluster and the Distinguished Flying Cross.

Surviving are his mother, six brothers Sam, Key, Lonnie and Jack Gray, all of the home; Alton Gray, a student at E. C. T. C., and Abram Gray of Parmele, and three sisters, Mrs. Gorfrey P. Oakley of Greenville, Mrs. George Harrison Jr. of Williamston and Miss Lucille Gray, a student at East Carolina Teachers College.

Sgt. Little was born and reared near Stokes and attended Stokes High school. He joined the Army in November, 1936, served three years, and immediately re-enlisted. He went overseas in February, 1942, and was first stationed on the Hawaiian Islands for about a year and a half. He then was sent to the Marshall Islands where he was killed on April

## County FHA In Meeting Tuesday

The Pitt County unit of the Future Homemakers of America met Tuesday, March 9, at 4:00 in the Classroom Building of East Carolina Teachers College.

Audrey Dixon, president, of Chocod, presided. The devotion was led by the Rev. Robert W. Bradshaw, who built his message around the FHA creed.

Officers for the year 1948-49 were elected as follows: vice-president, Betty Smith, of Bethel; treasurer, Betty Jane Bunch, of Greenville; parliamentarian, Alice Grace Sumrell, of Ayden; and song leader, Ruth Little, of Winterville. The president, secretary and historian will be elected at the next meeting.

Each chapter contributed to the program and the meeting was adjourned at 5:40 to meet again at 6:30 as guests of the College Home Economics Club.

Miss Annie Maude Bivins, president of the college club, presided over the meeting. The high spots of the evening included a fashion show by the freshmen and junior clothing classes under the direction of Miss Lila R. Gaut and refreshments served by the college group.

8, 1944, at the age of 24. Surviving are his parents, three brothers: Clarence L. Little of near Greenville; James Little of the home and Kenneth Little of near Stokes, and a sister, Mrs. Harvey Whitehurst of near Stokes.

## Pitt County Farm Men And Women On 'RFD, America'

By CHESTER WALSH

Pitt countians are now being auditioned for appearance on one of the Mutual Broadcasting Company's Thursday night broadcasts of "RFD, America," at 9:30.

T. W. Lewellyn and his wife, originators of the famous "Quis Kids" radio program, are doing the auditioning with the assistance of Pitt County Farm Demonstration Agent Sam C. Winchester. The new farm quiz program which selects its contestants from farm men and women, is broadcast weekly over the 405 Mutual Broadcasting Company's stations. Contestants are from a different state each week. All contestants for this show will be selected from Pitt county.

Lewellyn and his wife, nationally known radio program arrangers, came here last Monday. They will select six or eight farm men and women to appear on an elimination program to be held in this county. The eight contestants will be divided into two teams and they will compete for places on the program.

Three of the participants will be chosen for the national broadcast to be held at a later date in Chicago. They will be invited to Chicago for a three-day visit, ending with the broadcast from the Chicago studios.

## Hospital Committee Makes Report To Pitt Commissioners

The Pitt County Board of Commissioners at a special meeting at the courthouse Monday night heard reports of the Executive Committee of the proposed Pitt County Hospital, informally discussed the plans for the modern hospital, heard a report that the committee had interviewed nine architects about a week ago when they submitted tentative plans for the medical and surgical institution to be financed by the federal and state governments and Pitt County. No definite action was taken.

Reports at the meeting from Charles Stewart Carr, Executive Committee chairman, were complete in detail. Incidentally, Carr has done outstanding work in the interest of the proposed 140-bed hospital for the white and Negro people of Pitt County.

It is expected that the committee will appear before the County Commissioners at their regular meeting next Monday.

## Europe Is On . . .

(Continued From Page One)

"This year will beyond doubt be dominated by the decisions of the U.S. Congress on the grant of aid to Europe for reconstruction. Without further substantial external aid, we can have no hope of recovering equilibrium at a reasonable standard of life within the next few years."

It is interesting to note that Cripps was speaking of American aid for Europe in general. We are warranted in assuming he had in mind that continental recovery is vital to British rehabilitation for the simple

reason that the continent is England's best customer—and she must live by exports.

While the cordly practical Cripps thus was putting on the screws, across the channel the French National Assembly was struggling with Premier Robert Schuman's anti-inflation program. The latest measure approved by the assembly virtually compels Frenchmen to lend money to the government. The law provides heavy taxes for farmers, businessmen and incomes in the upper brackets, while the forced loan section permits escape from taxes by buying an equal amount of government bonds.

Whether that will help France solve her problem remains to be seen. However, it is an indication of extreme determination to pull the country out of its economic crisis. To get the full significance of the forced loan you have to know that the Frenchman is thrifty, and you will find the farmer hoarding his money in the old homestead.

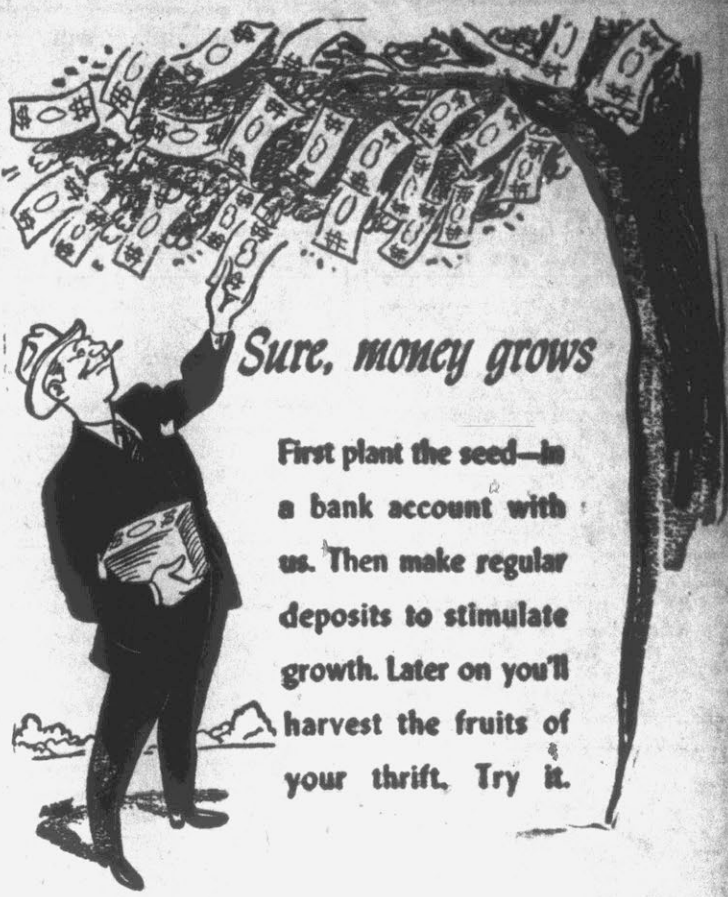

So goes a story which would seem to warrant a fair amount of optimism regarding western European rehabilitation, unless there is a further disruption of peace.

## WOOD'S HYBRID MAKES 135 1/2 BUSHELS AN ACRE!

WOOD'S S-315 yielded 135 1/2 bushels per acre in a 1947 official experiment station test. Increasingly, farmers are getting yields of more than 100 bushels per acre with WOOD'S Hybrid Corn.

21 years of selective breeding here in the South have made these deep-grained, large-eared "V" Hybrids the choice of farmers in the Upper South who want strong and disease resistant corn with a high shelling percent and big yields.

## JEFFERSON STANDARD serves Policyholders from the Carolinas to California..the Great Lakes to the Gulf of Mexico.

IN 1947 Jefferson Standard served a greater number of policyholders than ever before and made substantial gains in volume of new business and financial strength. This achievement is high tribute to the loyal group of field representatives whose skilled services made this record possible. Through their efforts the comforting protection of life insurance was brought to additional thousands of families during the year.

Today's high income taxes and low returns on investments have intensified the problem of estate creation and conservation, thus causing the American people to value more than ever the security and personal satisfaction which life insurance affords. In 1947 FOUR OUT OF FIVE families enjoyed the protection of life insurance. Jefferson Standard provides more than \$745 million of this protection.

### HIGHEST RATE OF INTEREST EARNED

1947 marks the eleventh consecutive year that Jefferson Standard has led all major life insurance companies in rate of interest earned on invested assets.

### HIGHEST RATE OF INTEREST PAID

On funds left in trust—extra income to policyholders and beneficiaries.

### INSURANCE IN FORCE

Now \$747,501,522 which represents an increase of over \$75,000,000 for the year.

### STRONG FINANCIAL POSITION

Assets increased more than \$20,000,000 in 1947 and now total \$199,857,286. Surplus, Capital and Contingency Reserves total \$23,500,000, a new high mark in additional funds for policyholders' protection.

### BENEFITS PAID

Payments to policyholders and beneficiaries aggregated \$8,664,444 in 1947, bringing total payments since organization in 1907 to more than \$167,700,000.

### NEW POLICY PLANS

At the close of 1947 Jefferson Standard made several new policy plans available to the public, including a wide range of policies for children.

### SALES HIGHEST IN HISTORY

Sales of new life insurance in 1947 reached a total of \$118,272,288, a new company record.

## Rushing The Season Is Major Mistake For Garden Planters

**By H. W. HOCHBAUM**  
Extension Service  
U. S. Department of Agriculture  
(Written for The Associated Press)  
Washington—When shall I plant my garden?

That depends first of all where you are, and what you are going to plant. Many, many gardeners make the mistake of planting too early, trying to rush the season.

You can find out from your nearest local weather station what the dates are of the average last freeze, knowing, of course, that vegetables are divided into two groups, the early hardy kinds and those which cannot be planted until all danger of frost is past.

In the first class, beets, broccoli, cabbage, chard, collards, endive, kale, kohlrabi, lettuce, onions, parsley, parsnips and turnips may be sown about March 10 to 15 if the average freeze is April 20. In other words about a month before the "last freeze" date. Garden peas and spinach may even be planted as early as 45 days before the last average freeze date.

But the second group, the tender kinds, must never be put outside until after all danger of frost is past. That means that when the average date of the last freeze is April 20 snap beans and lima beans, cucumbers, okra, summer squash and corn should not be planted until about May 1.

Tomatoes eggplant and peppers would not be fairly safe until about May 10.

Above all, the ground should be finely worked and moist, not wet. How shall we sow? The rows of plants should be straight and spaced evenly apart. That's where an indispensable tool, a garden line, comes

in. Stretched tightly, the gardener takes a stick or hoe handle and makes a shallow trench, not over 1-2 inch deep for the fine seeds like lettuce and carrot.

Remembering what the size of the plant is to be when mature, the skillful gardener is careful not to sow the seeds too thickly. If there is a perceptible slope to the land he has learned also not to run the rows down hill but across the slope.

Before covering the seeds fertilizer may be applied along the side of the seed row.

This is done, while the line is still in place, by scooping out a narrow trench two inches deep, 3 to 4 inches from each side of row. A sprinkling of a commercial garden fertilizer is put in the bottom of this trench.

Soil can then be raked to fill the trench and to cover the seeds lightly. Mark end of row of seeds with a stout narrow stick placed firmly in the ground with the variety and date of planting written with soft pencil on this label.

Then we are ready for the next row measuring evenly from each end of the line stick. Then the whole garden when growing shows that a workmanlike job has been done.

The rows of bush beans, cabbage, collards, broccoli and similar crops should be about 30 inches apart. Beets, early peas, carrots, kohlrabi lettuce, onions, parsnips, parsley and turnips should be about 18 inches apart. Sweet corn should be about 3 feet, also stalked tomatoes and eggplant. Cucumbers require six feet between rows and vine squash eight feet. So sweet corn, squash, cucumbers, melons and other large space requiring kinds are not suited to the small garden.

ized and verified to the undersigned at Greenville, North Carolina, on or before the 18th day of February, 1948, or this notice will be pleaded in bar of their recovery.

All persons indebted to said estate will please make immediate payment.

This 18th day of February, 1948.

**NOTICE OF SALE BY COMMISSIONER**  
Under and by virtue of authority contained in that certain order made by D. T. House, Jr., Clerk Superior Court of Pitt County, on the 12th day of February, 1948, in that action now pending in the Superior Court of Pitt County, entitled "W. C. Whitehurst et al. vs. Ex Parte, the undersigned commissioner will offer for sale and sell at public auction for cash before the courthouse door in Greenville, Pitt County, North Carolina, on Tuesday, the 16th day of March, 1948, at 12:00 noon the following described lands to-wit:

That certain lot or parcel of land lying and being in the Town of Bethel, Pitt County, North Carolina, and bounded on the North by the lands of the heirs of S. T. Carson, on the East by the land of the heirs of MCG. Ford, on the South by the brick store and lot belonging to Mrs. Henrietta Bullock and on the West by Main Street, being the lot formerly owned by S. T. Carson and the same lot which F. J. H. P. Bryan owned for many years and which was conveyed by W. C. Whitehurst to Athleen Whitehurst, R. D. Whitehurst and Julius Brown by deed record in Book C-20 at page 332.

This sale is being made for the purpose of partition between the parties to said proceeding. A deposit of 10 per cent will be required on day of sale.

**NOTICE OF SALE OF LAND BY TRUSTEE**  
Under and by virtue of the power of sale contained in that certain Deed of Trust executed by Roy Ross and wife, Virginia Ross, to W. Lee, Trustee, dated the 16th day of September, 1946, and recorded in Book T-24, at page 471, in the office of the Register of Deeds of Pitt County, North Carolina, default having been made in the payment of the indebtedness thereby secured, the undersigned Trustee will offer for sale at public auction to the highest bidder for cash at the Court House door in Greenville, Pitt County, North Carolina, at 12:00 o'clock, Noon, on Wednesday, March 17, 1948, the property conveyed in said Deed of Trust, described as follows: Beginning at a stake on the south side of Douglas Street, 225.9 feet westerly of the southwest intersection of Douglas Street and Vance Street, said stake being the northeast corner of the James E. Wilson lot; thence in an easterly direction along the southern property line of Douglas Street 38 feet; thence in a southerly direction and parallel to the house on the lot herein conveyed and along the Dock Brown line 93 feet, more or less, to the southern boundary line of Lot No. 4; thence in a westerly direction along the southern boundary of Lots Nos. 4 and 5, 37.4 feet to the James E. Wilson corner; thence along the said James E. Wilson line North 13 East 93.9 feet to the southern property

If the soil tends to bake or crust a very light mulch of straw or pine needles scattered over the seed row will help to bring better germination by preventing a dry crust from forming.

Your local county agricultural extension agent, or the Agricultural Extension Service at your State agricultural college has circulars on gardening which will give more detailed information.

This is done, while the line is still in place, by scooping out a narrow trench two inches deep, 3 to 4 inches from each side of row. A sprinkling of a commercial garden fertilizer is put in the bottom of this trench.

Soil can then be raked to fill the trench and to cover the seeds lightly. Mark end of row of seeds with a stout narrow stick placed firmly in the ground with the variety and date of planting written with soft pencil on this label.

## Bible Classes In State's Schools May Be Affected

Raleigh, N. C., March 10—(AP)—The teaching of Bible classes in public schools of the state may be halted by a U. S. Supreme court ruling.

Although he has not had time to study the ruling, Atty. Gen. Harry McMillan said yesterday, "It may and probably will have a far-reaching effect on Bible teachings in North Carolina."

The Supreme Court opinion, handed down Monday, held that the use of public school systems to help any religious group spread its faith is unconstitutional.

The State Department of Public Instruction estimated that there are between 40 and 50 communities of the state in which Bible classes are taught in public schools.

In these communities Bible teachers are paid by some outside group, usually the local Council of Churches, said A. B. Combs, assistant director of the department's division of instructions.

Combs said the courses are elective and that students receive credit towards graduation. For Bible studies, the department has certified teachers employed to teach Bible classes as Bible teachers, he added.

The court ruling brought a statement from the Rev. Ernest Arnold of Durham, executive secretary of the North Carolina Council of Churches that "we are of the opinion that the program in North Carolina should be continued and it is considered perfectly legal and will be so considered until a case against it is instituted and carried through the North Carolina courts."

Forty types of automobiles will be manufactured in France instead of the 136 models made in the pre-war era.

## New Scout Executive To Visit Meeting Here

ENVOY—Sir Oliver Franks has been appointed the new British minister to the United States.

## Reynolds Plane Arrives In Tokyo

Tokyo, March 10—(AP)—The Reynolds expedition plane, her wing tank leaking, arrived late to night from Shanghai on a perilous return flight to the United States for repairs.

After refueling, Pilot William P. Odom plans to hop to Midway and then to Honolulu. He expects to return to China in about two weeks. As Odom took off at Shanghai in the big flying laboratory, a converted B-24 bomber, Millionaire Milton Reynolds said the pilot "was willing to take the chance" of the trans-Pacific flight.

Oregon is derived from the Indian word meaning place of plenty.

The Greenville District Committee of the Boy Scouts will have a special meeting at the Methodist Church on Thursday night, John G. Fleming, District Chairman, announced today. The time set for the meeting was 8 o'clock.

Freeman E. Self, new Scout Executive for the East Carolina Council, will be making his first official visit to Greenville. He was present for the Cub Scout Banquet several weeks ago. This will be the first time he has met with the District Committee.

Attending the meeting, also, will be John B. Hackney, Deputy Regional Executive. Mr. Hackney is the former Scout Executive of this Council and is well known to Scout leaders in Greenville. This will be his first official visit as a regional representative. Colon McLean of Washington, President of the Council, will be present for the meeting. Mr. Self, Mr. Hackney and Mr. McLean are making a tour of all the Districts in the Council this week.

Mr. Self, newly-elected Scout Executive of the Council, has been connected with Scouting for 25 years. Scout Executive Self, who has headquarters in Wilson and serves 21 Northeastern North Carolina counties, came to the Council from the Georgia-Carolina Council at Augusta, Ga., where he enjoyed outstanding success.

The new Scout leader was born in Savannah, Ga., attended public school in Atlanta, graduated from Georgia Tech and took graduate work at Emory University. He became a Boy Scout in 1923 in Atlanta, gained the rank of Eagle Scout and then became Scoutmaster of his old Troop.

Mr. Self served on the camp staff in the Atlanta Area Camp for nine years, 1927 to 1936, and received his first appointment as Scout Executive in 1936 when he was assigned to the North Georgia Council with headquarters at Rome, Ga. During his time with that Council the membership doubled. He became Scout Executive of the Georgia-Carolina Council in 1943 and in the five years he served there a 50 per cent gain in membership was noted.

Scout Executive Self succeeded John B. Hackney, who was promoted to the post of Deputy Regional Executive.

## Cherry Favors Drama Allotment

Raleigh, N.C., March 10—(AP)—Governor Cherry has indicated he favors an allotment of \$10,000 from state funds for "The Lost Colony."

Following a conference yesterday with members of the Roanoke Island Historical Association, the governor said he would present a request for funds to the council of state at its next meeting.

Under law, the governor and the council of state are authorized to allot up to \$10,000 for production of the historical drama on Roanoke Island if it lost money the previous season.

The request was handed to the governor by a fund-raising committee of the association, which met here to discuss financing of the play.

It needs help in paying off old debts and in getting money to start this year's production, the committee explained, because of a fire which destroyed the waterfront theater at Manteo last summer.

W. D. Carmichael, Jr., of Chapel Hill, committee chairman, said about \$35,000 was needed. Commissioners of Dare County last week promised to furnish \$10,000 of the sum.

## Mrs. Spilman Named To Resource Group

The appointment of Mrs. J. B. Spilman of Greenville to the North Carolina Resource-Use Education Commission was announced yesterday by Governor Cherry.

Mrs. Spilman, who is to represent business and professional women on the commission, will serve at the pleasure of the governor.

She now is in charge of the Greenville office of the State Employment Service, and is a past international representative of the Business and Professional Women's Clubs, having been named to that post by Dr. Lena Madison Phillips. She was named by Governor J. C. B. Ehringhaus as Commissioner of Unemployment Compensation and reappointed by Governor Clyde R. Hoey. She has served as state vice-chairman of the Democratic Executive Committee and also woman's organizer for Clyde R. Hoey in his successful campaign for governor in 1936.

## Chennault Home With Chinese Wife

Gen. Claire Chennault and his young Chinese bride pass through customs office at Minneapolis, Minn., en route by plane from Shanghai to Washington. The famous leader of the "Flying Tigers" in China during World War II will testify before a congressional committee in Washington on American aid to China. The general and his wife explain to a customs inspector that the Department of Agriculture had agreed to let them bring into the country the exotic species of camellia in front of him. Mrs. Chennault will give it to a friend. (AP Wirephoto).

## Judge Says West Estate Must Pay For Long Trial

New Bern, March 10—(AP)—Superior Court Judge J. Paul Frizzelle has ruled that the estate of

the late James N. West should pay the bills for an attempt to nullify West's will.

Attorneys for those seeking to uphold the will today planned to appeal the ruling to the State Supreme Court.

A six-weeks trial of an action by West's son, Millard Stanley West of Wilmington, Ohio, to set aside the will ended in a mistrial last

fall. In the will the younger West was left only \$100 of his father's estate which was estimated to total about \$1,000,000.

Judge Frizzelle ruled that the estate should pay a total of \$30,000 to Stanley West's four attorneys and other costs of the trial.

## J. H. White Promoted To Leaf Supervisor

The Brown and Williamson Tobacco Corporation has announced the promotion of J. Harry White, formerly of Greenville, to general supervisor of leaf at the plant in Winston-Salem.

Mr. White, of 679 Manly street, Winston-Salem was formerly assistant factory manager.

A native of Greenville, Mr. White

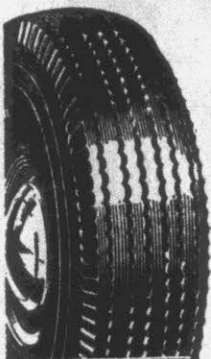

entered the tobacco business here in 1911. He served a number of years in both leaf and manufacturing operations in the U. S., Mexico, Central and South American countries, and in Canada.

In 1927 he returned to this country and later became manager of the Winston-Salem plant of Brown and Williamson. He has been active in civic affairs and is now a member of the North Carolina Ports Authority.

FOR THE DAY**

**SIGNS OF THE TIMES**  
There is a large railroad station  
in this country built more than  
fifty years ago which handles the  
coming and going of automobiles  
better than most modern structures.  
Just at the dawn of the motor ve-  
hicle age, the architect who de-  
signed this station seemed to be  
able to look down the decades of  
a new century and to see what the  
need would be. There is plenty of  
room for all the taxis and private  
automobiles to meet, passengers and  
bring them to the trains. In some  
buildings built within the past  
twenty years, there is always the  
most irritating traffic congestion,  
but not at this station. It is the  
last word in modernity.

Great architects, great statesmen,  
great city planners, great business  
leaders always seem to have vision.  
When circumstances get snarled up  
in community and nation, it is  
usually because the leaders are lack-  
ing in this capacity. We are prone  
to ascribe bad motives to many of  
our leaders who are nothing more  
than men of limited ability who get  
themselves and everybody else into  
all sorts of uncomfortable scrapes  
because they have no vision. They  
cannot look down the months or the  
years or the decades ahead and  
make adequate provision for future  
contingencies. They discern the face  
of the sky, but they cannot discern  
the signs of the times.

**CAN'T UNDERSTAND IT**

There's a lot of amazing  
things about the American  
people, and this amazement  
grows with each year that  
passes as the characteristics  
of our citizens become more  
evident.

Take for instance: It was  
only a short time ago that  
thoughtful people were won-  
dering if the experience of  
an entire country girded for  
war would make us a milita-  
ristic nation. There were  
grounds for this; we were  
victorious, nearly a tenth of  
our population was in uni-  
form, and millions of others  
were engaged in wartime en-  
terprises. The effect of the  
returning servicemen on the  
attitude of a nation was  
bound to be a major influ-  
ence on the future.

What happened? Well,  
the returned veteran went  
back to school or took up his  
life in the community of his  
choice and became a peace-  
loving citizen.

Victory in war brought  
the country a lot of responsi-  
bilities they'd never had be-  
fore — responsibilities that  
necessitated keeping a big-  
ger peace-time army, air  
force and navy than ever be-  
fore; that was a problem.

So the biggest induc-  
ements that could be dreamed  
up were offered to the young  
men to join the services. A  
lot of them did, but the ex-  
perts say not enough, and  
that more will be needed for  
just the routine work of  
keeping the peace.

The lowest grades in the  
armed services were offered  
an opportunity for free col-  
lege education; a pay scale  
that overshadows anything  
a youth fresh from high  
school could match in pri-  
vate enterprise; short work-  
ing hours and a month's va-  
cation with pay; a system of  
retirement benefits which  
promise future security; free  
housing, food, clothing, med-  
ical and dental care; an eco-  
nomical insurance program

and no "roughing it" as was  
endured by the services dur-  
ing the wartime emergency.

This was life in a peace-  
time organization; but  
strangely enough, the ma-  
jority of young men whose  
families were unable to send  
them to college, preferred to  
clerk in grocery stores, drug  
stores; work in lunchrooms,  
or filling stations, or stay  
home on the farm.

They are passing up op-  
portunities for an easy life  
and are satisfied with long  
hours at low pay and fre-  
quently with a small future.

In view of the advantages  
so widely publicized by the  
various branches of service,  
we cannot assume that the  
young men don't know of all  
they are offered; but it  
would appear far more nat-  
ural to us to see long lines  
clamoring to get into the re-  
cruiting stations every day.

It's just one of those sur-  
prising things you run into,  
about American people.

**WASHINGTON  
LETTER**  
By JANE EADS

Washington - It won't be long  
before President Truman's dog "Fel-  
ler" will be romping over the  
grounds of the White House.

The cocker spaniel, sent to the  
President as a Christmas present,  
is outgrowing his puppy habits at  
the home of Brig. Gen. Wallace H.  
Graham at the Army Medical Cen-  
ter.

General Graham, whose main  
task is preserving the health of  
the President and his family, was  
asked to take on "Feller" too, tem-  
porarily.

The Graham family lives in a  
10-room house surrounded by lots of  
ground. Feller gets his morning walk  
early, just like the President, only  
Feller is on a white leather leash.

Nine-year-old Wallace Graham  
takes him for a "constitutional" be-  
fore going to school.

In the afternoons Wallace's sister  
Heather, 8, takes him for a walk.  
Between walks he spends his time  
in a big pen, mostly yapping his  
head off.

"He's just like a baby," says Mrs.  
Graham. "He wants to be petted all  
the time and, like a baby, doesn't  
enjoy being put in a pen. He chews  
everything he can get his teeth into.  
This includes the family's shoes."

Feller was five weeks old when  
he arrived here by air Dec. 21. He  
was the gift of Mrs. Peter Joseph  
Marsden of Galena, Ill., formerly  
a nurse for the President's mother,  
the late Mrs. Martha E. Truman.  
About once a week the general takes  
him to call on the President. These  
visits always create a stir, as Feller  
is much made over by members of  
the White House staff.

Mr. U. A. Sanabria, president of  
a television company which has just  
opened offices in Washington, has  
a yacht named "Airbanas." That's  
Sanabria spelled backwards.

One of the inventors of television,  
Mr. Sanabria is now at work with  
Dr. Lee De Forest, inventor of the  
radio tube, on producing television  
in color.

During the war Mr. Sanabria  
trained Army Signal Corps recruits  
in television and radio. He still has  
some 4,000 GIs under his instruc-  
tion. In addition to his inventive  
work, Mr. Sanabria writes popular  
music.

The Egyptian ambassador and  
Mme. Hassan, who has been called  
the most beautiful woman in Wash-  
ington's diplomatic circle, have re-  
turned to the land of pharaohs and

pyramids after 10 years here.

The envoy has retired to private  
life. The Hassans will make their  
home in Cairo with their two young  
daughters, 4 and 12. Their son, Amr,  
will remain at his studies at Staun-  
ton (Va.) Military Academy.

The Hassans have been one of  
the most popular couples on "Em-  
bassy Row" and Washingtonians  
invited to their fetes counted them-  
selves lucky.

Their farewell reception on Feb.  
11 replaced one of the capital's  
traditional parties, the celebration  
marking the birthday of King Farouk  
I. This event was called off  
because of the Palestine situation.

**Industrialists Seek  
Plant Sites In  
Greenville Section**

Executive Secretary Willard T.  
Kizer of the Chamber of Commerce  
reported today that two industrial-  
ists from a midwestern state were in  
the city recently seeking information  
which may lead to the establish-  
ment here of an important industry.

The two men, in their conference  
with Kizer, said their plant has  
not lost a day in 15 years. They re-  
ferred the Chamber of Commerce  
executive to Dunn and Bradstreet.

The industrialists indicated they  
would expect a building to be erect-  
ed for them on an amortization plan  
over a period of years and said they  
would pay up to 25 per cent of the  
cost in the beginning.

Secretary Kizer said frequent re-  
quests are made of the Chamber of  
Commerce to provide briefs of local  
advantages for industrialists who are  
seeking to establish plants in the  
south.

## Austrian Girl Says Intimidated After GI Shot

Vienna, March 10—(AP)—A 19-year-old Austrian girl, her face still swollen from the blow of a Russian gun butt, said today she underwent questioning by the Russians after her American companion was shot in the back by a Soviet sentry.

Red-haired Elfriede Elias said she was seized by the Russians while trying to give first aid to Pfc. Jack Grunden, 18, of Portland, Ore., the unarmed American who was beaten and shot in a scuffle with Russian soldiers Sunday night.

She said she was taken through a back door of the Russian-occupied Grand Hotel and driven to Russian headquarters. There, she said, she was questioned three times by Russian officers before being released Monday night.

Miss Elias said she had signed a statement dictated by the Russians and was warned:

"If you tell another story to the Americans later on, we will find you, wherever you are, and then you will see what happens to you."

Her story of the incident, as told the Associated Press, has been confirmed by Grunden, now recovering in the 110th Station hospital. This is her version:

Three American soldiers were walking with their Austrian girl friends along the sidewalk of the Parkway bordering the Grand Hotel. Pfc. Joseph Harper (address unavailable) and his girl were leading. Following at some distance were Pvt. Samuel Adelman, of Baltimore Md., and his girl, Grunden and Miss Elias were some 30 yards behind.

A Russian soldier, apparently off duty, ordered Adelman off the sidewalk into the gutter. Grunden saw the argument and rushed up. At the same time a Russian sentry rushed over from the front of the hotel.

The sentry attempted to hit Adelman in the groin with the butt of his rifle. Grunden tried to wrest the weapon away. Grunden was struck on the head with the gun and knocked to his hands and knees. The Russian then shot him in the back.

Harper and his girl raced to the American-occupied Bristol Hotel and called for the international military police patrol and an ambulance. When the police arrived, Miss Elias was trying to give first aid to Grunden. She was grabbed by a Russian captain and hustled toward the Grand hotel.

## U.S. Population Reached Peak At Start Of '48

Washington, March 10—(AP)—The United States population reached a new high of 145,340,000 at the start of this year after 1947 proved the biggest single year of growth in history.

The Census Bureau said today a record number of babies, 3,908,000 were born in 1947.

Continuance of a low death rate and a net immigration of about 215,000 persons also helped the net boost last year.

The 1947 net gain was 2,667,000 persons. That exceeded the previous record increase, attained in 1946, by about 400,000.

The bureau said the U.S. population increased by 10.4 per cent or 13,700,000 persons between April 1, 1940, when the last census was held, and Jan. 1, 1948.

## Visitor Discovers 'Good Neighbor' On Telephone Lines

By CHESTER WALSH

A typically "good neighbor" was discovered in Greenville today and the discoverer made haste to tell a newspaper reporter about it. It's an interesting tale. It revolved the story of the two little children astride a hobby-horse when one of the youngsters said: "If one of us would get off the horse, I could ride better."

It's the same story on party telephone lines, when one party wants to get on the line and spend more time talking than the lucky subscriber who has been holding the line since breakfast.

The discoverer of the telephone "good neighbor" is a newcomer to Greenville. She has a room in a private family and the family is a party phone line. She described her host as a woman who takes an active part in community affairs, especially church and school work.

"She's an understanding person," the newspaperman's informant said, with a smile. "Sometimes she has a list of 15 or 20 names to call about a meeting. She calls three or four, then stops. To give somebody a chance to ring her telephone. Then she finishes her list, with frequent pauses, in the spirit of 'live and let live.'"

Incidentally, there is a message on a page in the middle of the telephone directory which tells a similar story. It's interesting—all telephone users should read it.

An adult ordinarily has 28 pounds of blood, and at each pump heart sends 10 pounds through the veins and arteries.

## Sought Divorce, Wound Up In Jail

Chicago, March 10—(AP)—Edward Christman, 45, a baker, who is seeking a divorce from his wife, Margaret, 43, carried a suitcase of clothing when he appeared before Circuit Judge George M. Fisher yesterday.

The court had ordered Christman to pay \$10 a week temporary support for the couple's child, Flory, 9, pending disposition of Mrs. Christman's suit for separate maintenance.

Christman told Judge Fisher he would starve "or sit out any jail sentence you can give me" unless his wife granted him a divorce. Pointing to his suitcase, he told Judge Fisher:

"I have changes of socks and clothing here. I'll not comply with any court order. I'm prepared to go to jail—and I'll stay there till she gives me a divorce."

Judge Fisher sentenced him to six months in jail.

## Sent To Prison In Jewelry Theft

Gastonia, N.C., March 10—(AP)—A young Gastonia man was under prison sentence today after pleading guilty to larceny of jewelry which he said he pawned to get money for a round of parties.

Guy C. Wesson, 23, manager of the jewelry department at a furniture store here, was sentenced to a prison term ranging from two-and-a-half to five years.

He was charged with larceny of \$11,000 in jewelry from the store in which he worked.

## New York Police Seize Cop-Killer After Manhunt

New York, March 10—(AP)—Seized after an intensive 15-hour manhunt by more than 150 police—touched off by the slaying of a patrolman and the shooting of another—a wounded ex-convict was under arrest for homicide today.

Assistant District Attorney Geo. A. Monaghan said the prisoner, Hugh Coughlin, 22, admitted the slaying in a gun battle in a dark apartment house basement of upper Manhattan.

The cop-killer search started before dawn yesterday and ended last night.

Coughlin had slept soundly in his furnished room a few blocks from the scene for eight hours after the shooting, Monaghan said, while police searched the area. Even Subway service was halted for a time while police, with floodlights, searched the tunnels.

## Human Torch Is Victim In Blaze

Zanesville, O., March 10—(AP)—When kerosene from a blow torch spread over the clothing of James W. Stiles, 19, last night it started a chain of circumstances that caused a \$75,000 fire and took his life.

After Stiles' clothing caught fire, flames spread to the shed he was working in at the Ohio Ferro-Alloys Corp. in nearby Philo. Then a loading platform caught fire, and oil tank exploded, two freight cars on a siding were destroyed and a large building burned down.

Stiles died of burns several hours later.

## Farmers Praying Rain Will Stop

By the Associated Press

Farmers in South Carolina and Georgia gathered in churches today to pray for the rain to stop. The weatherman gave them little solace.

A rain belt extended from upper Florida to Boston. The forecast was for more light rain tomorrow afternoon in the two Carolinas.

The wet, mild spell has prevented farmers from preparing fields for spring crops.

Prayers were held in the Baptist church at Ladson near Charleston and in Georgia cities from Statesboro to Savannah.

## Demo Chairman Rebuffs Wallace

Philadelphia, March 10—(AP)—J. Howard McGrath, Democratic National Committee chairman, last night turned his party's back on Henry Wallace.

Carroll Reece, Republican National Committee chairman, speaking with McGrath at the Philadelphia Bulletin Forum, said that the "Republican party is a united party. It has no Moscow wing."

Predicting that "a united Democratic party" would win the November general election, McGrath sharply criticized what he termed "the impractical liberalism" of Wallace.

"A Henry Wallace can condemn the bi-partisan foreign policy and offer nothing more than abject appeasement to the forces of Godless Communism," McGrath said.

"A Henry Wallace can condone the enslavement of a Hungary and a Czechoslovakia, rationalizing the loss of a nation's liberty by a series of words that mean nothing."

"No party bearing the real responsibility of government can flout the national conscience so glibly can excuse a foreign power so meekly, can abuse it so completely before an alien ideology."

"A Henry Wallace," said McGrath, "can deny the facts of history. He can deny responsibility on the one hand and lay it upon the Democratic party with the other."

## Pressing Search For Convicts Who Made Escape

Robbins, March 10—(AP)—Authorities today pressed a search for two convicts who escaped from a road gang in a break which cost the life of a third prisoner.

Sought were Everett Watts, 27, of Robeson county and Marvin Overman, 32, of Randolph county.

R. D. Taylor, 22, of Lumberton, was killed by Edward Joe Watson, Sheriff C. J. McDonald reported.

McDonald said the three made the break yesterday while assigned to a road gang from the Moore county prison camp near here. A coroner's verdict, the sheriff reported, held that the guard acted in performance of duty.

## Navy Facilities Used In Disaster

Tsingtao, China, March 10—(AP)—The U.S. Navy used all available facilities today to aid hundreds of injured in the tremendous explosion of a Chinese ammunition storehouse—a blast which killed at least 200 Chinese.

Estimates of the number injured ranged to 1,000.

(In Nanking, Vice Adm. Oscar C. Badger, commander of the U. S. Western Pacific Fleet, said no Navy personnel was injured in the explosion.)

## Ed Flynn Backs Harry Truman

New York, March 10—(AP)—Edward J. Flynn, Democratic National committeeman from New York State, yesterday endorsed President Truman for a full four-year term in the White House.

"The Democracy of the State of New York will be behind President Truman 100 per cent," Flynn said.

Flynn returned here Monday after a Florida vacation followed by political conferences in Washington.

James Abbott McNeill Whistler, painter, was expelled from West Point at the age of 20.

## Tax Collectors Are Investigated

Washington, March 10—(AP)—Complaints of "abuse and irregularities" by Deputy Collectors at Roanoke Rapids, N. C., are being investigated by the Internal Revenue Bureau, John W. Edelman, Washington representative of the Textile Workers Union of America, said today.

Paul A. Hankins, Deputy commissioner of the Bureau's accounts and collections unit, said that "such an investigation is always kept confidential." He would not elaborate. Edelman said, however, that Hankins had assured him a probe was under way.

The collectors allegedly questioned active unionists and charged them with mis-statements, Edelman said. TWUA had an organization campaign under way when the alleged incidents occurred early this year.

Edelman wrote Hankins that "during the past 25 years I have been familiar with pretty much every truck device and tactic used by employing interests in Southern mill towns to discourage unionism. But this business of using a deputy collector of the Internal Revenue and his staff as finger men for an employer is something new."

Betty Jane Kroeger, 17-year-old brunette, is in jail at Eminence, Mo., charged with the murder of her parents, Mr. and Mrs. Fred Kroeger, last Tuesday. The bodies were found Saturday night. Both had been shot. The girl left for St. Louis on a shopping trip after the slayings. (AP Wirephoto).

## Auto Inspectors Approved 39,867

Raleigh, March 10—(AP)—A total of 39,867 motor vehicles received approval stickers by the end of February in the state's mechanical inspection program.

During February approval went to 27,366 vehicles while 361 failed on two inspections, the State Motor Vehicles Department reported.

Since the program started in January, no vehicles have been found in such bad condition as to be condemned, officials said.

## Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.
