Test Of Power Due Wednesday On Czech Case

U.S. Ready To Vote For Debate On Red Coup; Russia Certain To Object

Lake Success, March 15—(AP)—A test of strength between the United States and Russia on Czechoslovakia was forecast today.

The test comes Wednesday when the Security Council decides whether to admit to its calendar Chile's demands for a probe of Russia's alleged part in the coup.

Delegates expressed certainty Russia will oppose bitterly debate on the issue. Some predicted she might stage another walkout as in the Iranian case.

The informants said yesterday the American decision was made after consultations between Chief U. S. Delegate Warren R. Austin and the State Department.

The U. S. stand merely is that a hearing should be given Chile's proposal, they said, and does not commit the U. S. to support any specific council action.

Only seven affirmative votes are needed to assure council consideration of the matter, the big power veto does not apply to admission of cases to the agenda.

A U. N. investigation of the coup first was sought last Wednesday by Dr. Jan Papanek, Czechoslovak anti-Communist delegate. Papanek attacked the new Communist government in Prague and accused Russia of helping the Communists gain control through "threat of the use of military force."

Secretary-General Trygve Lie ruled out the charge as a "non-governmental" move.

Navy Jet Planes Are Success In Carrier Trials

Aboard USS Essex, March 15—(AP)—The navy's new jet bomber is in the progress of conversion to 10-mile-a-minute jet planes.

This was announced today by the navy following history-making trials aboard this big Essex-class aircraft carrier last week, when for the first time navy jet fighters operated from a carrier's flight deck under routine conditions at sea.

The navy said it expects the use of jets will have been expanded throughout the fleet within a year. Initially only fighters will be jet propelled.

Already the navy has two jet fighter squadrons in commission, one on the Pacific coast and one in the Atlantic.

Big Powers Ask Arabs, Jews For Palestine Truce

New York, March 15—(AP)—The big powers today called on Arabs and Jews to agree on a truce for Palestine.

Both the Jewish agency and the Arab committee for Palestine were asked in writing to answer by tomorrow whether they would enter into a cease-fire pact.

The big powers also decided to call on the six Arab countries in the United Nations to agree to cooperate in effecting the truce.

The truce move came after the Arab higher committee repeated before a secret meeting of the big powers that it would not accept the U. N. project to partition the Holy Land.

GIFT TO COLLEGES

Winston-Salem, N.C., March 15—(AP)—President Robert L. Davis, Jr. has announced the Atlas Supply Co. has given \$100,000 to Wake Forest College and the North Carolina Baptist Hospital here.

Undertones Of War

Here Is An Analyst's ABC On The Worried, Angry Talk About Russia; Developments Of The Recent Past; World Situation Is "Very, Very Serious"

By JAMES MARLOW

Washington, March 15—(AP)—This is an ABC on the worried-angry talk—with its undertones of war—about Russia. Start at the beginning and work up in the present.

Russia has pushed westward in Europe bit by bit since World War II. Not directly, with guns. But indirectly, through the work of native Communists who have taken over to each country.

Yugoslavia, Albania, Bulgaria, Hungary, Romania, Poland—all are under Communist control now. All are tied in with Russia. They'd be her allies and front lines in case of war.

Pressure Is On House As ERP Measure Easily Passes Senate

Washington, March 15—(AP)—Safely through the senate, the \$5,300,000,000 European aid program raced without a pause today toward quick challenges in the House.

The pressure for speed is on—to bolster western Europe with American billions against Communism and collapse.

And the House Foreign Affairs committee is in good shape to put on speed. While the Senate has been arguing mid-voting, the committee has been digging deeply into the whole foreign aid problem.

Now it is set for a series of show-down tests. It assembled for its first official look at the Marshall Plan bill which the senate passed 69 to 17 early yesterday morning.

Tomorrow the policy making Republican steering committee meets to have a look itself, and to discuss strategy.

Influential members see a possibility the Foreign Affairs committee may okay a bill by Wednesday and drive it to House passage by Easter, March 28.

The administration wants to start the European program April 1, for the 16 nations which have agreed to help themselves and each other.

What the senate voted was authority to spend \$5,300,000,000 the first year. The money has to be supplied later in a separate appropriation bill.

However, the Senate measure would let the Reconstruction Finance Corporation put up \$1,000,000,000 to get the Marshall plan in immediate operation.

The administration wants particularly to have the program going by the time the Italian election campaign gets well underway. The Communists are determined to make a show of strength in the voting there April 18.

In addition to the European recovery program, the administration has asked for \$78,000,000 in additional military assistance for Greece and Turkey. Secretary of State Marshall has cautioned against putting this into the European aid bill, however, on the grounds it would change the entire character of the program.

Marshall also has asked for \$570,000,000 in economic—not military—help for China.

But backing for military aid for the Chinese came from such persons as Gen. Douglas MacArthur, Lt. Gen. Albert C. Wedemeyer and William C. Bullitt, former ambassador to France and Russia.

Bullitt suggested \$100,000,000. Chairman Bridges (R-NH) of the Senate Appropriations committee told a reporter he favors at least that much.

Suggests West Germany Join In Reconstruction

Bevin Announces Proposal; Portugal Said Sponsoring Spain's Entry; U. S. Ambassador Attends Meeting

Paris, March 15—(AP)—The 16-nation European conference was asked today to include western Germany in the reconstruction plan for the continent.

British Foreign Secretary Ernest Bevin made the proposal. French Foreign Minister Georges Bidault had told the delegates that Europe's "division has become aggravated today in a manner as fearsome as it is unfortunate."

"Europe has been reduced to the 16 nations here," Bidault said.

French occupation officials in Germany announced that German representatives from the French zone will take part in the conference.

Delegates were told that Portugal would propose that Spain also be included under the Marshall plan for European recovery.

Bevin announced a proposal that the Anglo-American zone and the French zone (of Germany) should be fully associated with the work of our continuing organization.

"We must cooperate together or perish individually," he said.

Bevin called for a reduction of European trade barriers and action on "everything possible to promote European economic and social well-being."

He promised the conference nations with overseas territories "will have a special contribution to make." He added that "Europe, in turn, can contribute to the economic success in these overseas territories."

Bidault, as host, welcomed the delegates in the name of liberty. He said:

"The qualified representatives of 16 countries are proclaiming today by their presence that they solemnly confirm their will to work out their own salvation, while insuring liberty, through their friendly and confident cooperation and by aid of the United States."

British Foreign Secretary Ernest Bevin presided. U. S. Ambassador Jefferson Caffery attended.

Tax Returns Are Flooding Office

Greensboro, March 15—(AP)—Income tax returns from thousands of last-minute filers were pouring into the North Carolina district office of the United States Internal Revenue Department here today as the midnight deadline approached.

Officials at the revenue office here ventured the opinion that the volume of returns received in the mail this morning was greater than ever received on any previous day.

A RISING VOTE

Denver—(AP)—The Denver Post took a poll to see whether streetcar riders believe a man should surrender his seat to a feminine fare spender. Forty-two per cent of the men questioned gave a flat "yes" answer but only 27 per cent of the women were as emphatic.

MUSIC TRIUMPHS OVER WAREHOUSE

Miles City, Mont.—(AP)—When no music came out of the church piano, Dick Pemberton went to work with a screw driver. Once he chased out a score or so of mice and sacked up a half of bushel of wheat that somehow got inside, the piano delivered music for the Sunday school class.

Murray Upheld

Washington, March 15—(AP)—Federal Judge Ben Moore today held unconstitutional the Taft Hartley act's ban on union political expenditures.

Twin Goals Set By Czech Rulers

New Legislation And Settling Political Scores Lie Ahead

Prague, March 15—(AP)—The Communist-controlled Czechoslovak government buckled down today to its double program of new legislation and settling old scores with political opponents.

Parliament is still in recess, but committee meetings were called for tomorrow. Special attention centered on the committee which has been asked to strip Vladimir Krajina, Nationalist Socialist leader, and two other deputies of their parliamentary immunities. The most important of the immunities protects them from arrest.

At least 20 persons are under arrest, and others are being sought under charges by the Ministry of the Interior that they conspired with the National Socialists under the direction of Krajina in a spy plot against the police and nationalized industries.

The ministry claims it has evidence found in a search of Krajina's offices and a confession from a local party secretary who killed himself in prison.

Other parliamentary committees will take up additional legislation in the government's program of insurance, nationalization, land revisions and aid for newweds.

In an address, Justice Minister Alexej Cipecka hinted the nation may hold its elections in May. He mentioned May 25 as the probable date.

U.S. Opposed To Elimination Of Veto In Council

Lake Success, March 15—(AP)—The United States declared today it is opposed to complete elimination of the veto in the United Nations Security Council.

The U. S. position was outlined by Philip C. Jessup, American representative in the U. N. Little Assembly. Jessup said this country wants use of the veto drastically restricted by agreement among the big powers, but does not want to abolish the veto.

He told the Little Assembly the United States feels unanimity of the big powers "is a necessity" in decisions involving enforcement of U. N. decisions. He said the veto also corresponds to the political realities of the International situation.

Revolt Sweeping Costa Rica; Gov't Desperate

San Jose, Costa Rica, March 15—(AP)—A desperate Costa Rican government tried today to stem a revolution sweeping the nation. The opposition has virtually isolated the capital.

Seventy-five per cent of San Jose's power plants have been blown up and opposition forces said they were trying to cut the remainder last night. The city's industry is at a virtual standstill. A general sit-down strike has been called for today.

Underground sources say the government has appealed to General Anastasio Somoza, former president and now strongman of Nicaragua, to send help as soon as possible.

Three Nicaraguan planes are here at the Sabana airport with their wing insignia painted out with yellow paint.

Jose Figueres, leader of the revolutionary forces, said over the underground radio he had wiped out half of the mobile unit sent to force him from his hidden mountain stronghold south of Cartago. This unit had been trained by the U. S. Army.

Government troops earlier reported the capture of 11 men at Figueres' stronghold.

President Teodoro Picado Michalski declared martial law Saturday. Fighting began March 1 when Congress annulled the election of Otilio Ulate Blanco, opposition candidate for president. Ulate and 42 followers are reported to have reached Guatemala.

Fiercest Battle Yet Waged In Holy Land Struggle Enters Its Third Day

Jerusalem, March 15—(AP)—The fiercest battle yet waged in the sands of southern Palestine was reported in its third day today with Jewish and Arab fatalities already 36.

Former General Is Sentenced To Term In Prison

Meyers Gets Twenty Months To Five Years; Defense Cites His War Record

Washington, March 15—(AP)—Maj. Gen. Bennett E. Meyers today was sentenced to serve from 20 months to five years in prison.

A federal jury convicted him last Friday on three counts of inducing a former business associate to lie under oath to a Senate committee.

Judge Alexander Holtzoff, when imposing sentence, said the 52-year-old retired general was guilty of a "very grave and serious offense."

The maximum sentence he could have imposed was 30 years.

Meyers stood erect and apparently unmoved, as Judge Holtzoff told him:

"Bennett E. Meyers, it is the judgment of this court that you be imprisoned in an institution to be designated by the attorney general of the United States for a term of not less than 20 months and not more than 5 years."

Meyers was immediately led from the court room by federal marshals. Just before Holtzoff passed sentence, Robert T. Bushnell, attorney for Meyers, pleaded that the court consider Meyers "outstanding" war record.

"I say the punishment this man has already gone through—by being pilloried from coast to coast like a Benedict Arnold—is a punishment greater than it is in this court's power to impose."

Meyers arrived at the court room 15 minutes before the time set for his sentencing.

For the first time he seemed to have lost some of that taunt air he brought throughout the Senate investigation and during his trial.

As he came up the court house steps he kept his head down. Much of the old bounce seemed gone.

Bushnell, asking a "light sentence," read wartime citations to Meyers when he received the Distinguished Service Cross and Legion of Merit.

The Army stripped these decorations from Meyers after Senate investigators developed the story of his private wartime business deals through which the Army officer was getting rich.

"Despite smears and gibes of the prosecution," Bushnell said, "this defendant has had an exceptional and honorable record in the Army of the United States."

"No matter how much he has been buried under seas of mud, his record in the Army of his country during the war—a record that left him a nervous wreck—still stands."

Bushnell filed a motion for a new trial but it was abruptly turned down by the court.

Drives Continue For Eisenhower

New York, March 15—(AP)—Formation of a "People for Eisenhower" organization was announced today by Torrey Stearns former New York city advertising executive.

Stearns said the move was being undertaken without Eisenhower's knowledge. He said he never had met the general and declined to state why this time was chosen for formation of a new draft-Eisenhower movement.

Reverse Verdict By N.C. Courts

Washington, March 15—(AP)—The Supreme Court today overturned the convictions of nine negroes tried on various charges after disorders during a laundry worker's strike in Winston-Salem, N. C.

Attorneys for the negroes appealed their conviction on the ground that negroes had been arbitrarily excluded from jury service during the trial.

In a brief order—without opinion—the court directed reversal of the convictions.

Last Of Jailed Pickets Is Freed

Raleigh, N. C., March 15—(AP)—All of the three persons who went to prison for a picket line flareup at Winston-Salem in 1946 were free today.

Philip M. Koritz, CIO organizer and last of the three to receive a parole, was released from Central prison here Saturday. Prison officials said he would go to Missouri to work with the International Union of Mine, Mill and Smelter Workers.

Soft Coal Mine Stoppages Begin In Support Of Lewis

Truman Vetoes Suggestion For Appeasing Dixie

Possibility Of Southerner On Cabinet Ruled Out As Possible "Boomerang"

Washington, March 15—(AP)—President Truman was said today to have turned down suggestions that he put a Southerner in his cabinet.

Between now and July Mr. Truman must pick a successor to Clinton Anderson. Anderson will quit as secretary of agriculture as soon as Congress ends to run for the Senate in New Mexico.

Some Administration lieutenants were said to have suggested that the President might cool off the Southerners by picking an outstanding agricultural leader from south of the Mason and Dixon line to succeed Anderson.

But Mr. Truman was reliably reported to have vetoed this as an obvious—and probably ineffective—gesture that might boomerang outside the South. The guessing—and it is only that—is that the office will go to a midwesterner.

Attorney General Clark is the only Southerner now serving as a member of the President's official family.

Senator Sparkman (D-Ala.) told a reporter he thinks Dixie would be pleased if it got additional recognition in the cabinet.

Despite his doubts that there will be any such appointment, Sparkman said he thinks the South's overall goal ought to be "a fair share in everything."

The Alabama senator has opposed Mr. Truman's civil rights program, just as have his Southern colleagues. But he wants the issue to be settled within the party.

Seven Southern governors had other ideas, however. They issued a new weekend blast here against the President's plea to Congress for enactment of anti-lynching, anti-poll tax, anti-Jim Crow and anti-job discrimination laws.

The governors said in no uncertain terms they plan to see to it that their states deny their electoral votes to any nominee who backs that program.

'Tragic End' If Support Stopped

Marshall Warns Of Consequences If U.S. Abandons Greece

Washington, March 15—(AP)—Secretary of State Marshall told Senators today that if the United States stops aid to Greece the consequences will be "swift and tragic."

Marshall testified for two hours before the Senate Foreign Relations committee on the administration's request for \$275,000,000 additional military aid for Greece and Turkey.

The secretary said what he had to tell Senators behind closed doors.

"Should we fail to continue our efforts, the consequences would be swift and tragic and they would not be confined to Greece."

In it, Marshall said that "serious as it is, the Greek situation is not without hope."

But he added:

"The danger remains that the Communist-dominated countries of Europe will increase their pressure on Greece just as they have in other directions in Europe. It is the boast of the totalitarian leaders that Democrats are incapable of timely and decisive action."

"Should we fail to continue our efforts, the consequences would be swift and tragic and they would not be confined to Greece."

Aid Would End

Washington, March 15—(AP)—The State Department said today that if Italy goes Communist she will get no further economic aid from the United States.

A statement emphasized that this means the Italian Communist party would be the one to decide whether to shut Italy off from American aid.

Italy has been receiving help under the emergency foreign aid program and is down for aid under the so-called Marshall Plan.

Michael McDermott, press officer, made the announcement on what will happen if Italy goes Communist in the elections next month. He said senate debate on the \$5,300,000,000 European recovery program made it clear the senate opposes aid to any Communist-dominated country.

Defense Chiefs Silent On Talks

Mum On Results Of Four-Day Conference At Key West

Washington, March 15—(AP)—The Army, Navy and Air Force waited today to hear who would do what with which weapons in another war.

Secretary of Defense Forrestal and the top commanders of the three services were expected to provide at least part of the answers, threshold in four days of uninterrupted conference at the Key West, Fla., naval base.

The military chiefs headed back to Washington last night.

The talks, ordered by Forrestal in an attempt to end long-standing arguments over the part each service should have in waging war, were carried on at the "little white house" used occasionally by President Truman.

The same security that shrouds the president cloaked the conferees and no hinting of developments came while the meeting was in progress.

A bare announcement that the talks were concluded last yesterday shed no further light.

Although the session was held against the dark background of strained U. S.-Russian relations, officials insisted the meeting did not reflect any immediate military crisis.

Finns Express Some Doubts On Military Pact

Heisinki, March 15—(AP)—Finland has informed Soviet Russia there are some "doubts" about a military agreement between the two countries. The Finns expressed hope of staying out of International conflicts.

President Juho H. Paasikivi advised Prime Minister Stalain that Finland expects the Russia-proposed treaty of co-operation to be freely considered in the negotiations which open in Moscow next Monday.

These statements were made in Paasikivi's reply to Stalin's invitation to negotiations. It was published today by the Foreign Office, a day after the Moscow press had printed excerpts from it. The letter was sent to Moscow last Tuesday.

MacArthur Club Opens Office

New York, March 15—(AP)—Headquarters for the New York State Veterans Committee for Gen. Douglas MacArthur for President were opened today at Room 1709, 220 East 42nd Street.

The room is in the offices of Frederick A. Sansome, named last week as temporary state chairman of the MacArthur-for-President club.

Two Claimants For Czech Seat

Lake Success, March 15—(AP)—The Prague government today named a new delegate to the United Nations but his anti-Communist predecessor refused to give up the delegation offices.

This new complication came as the United States and Russia headed toward a major clash Wednesday afternoon in the Security Council over the Czechoslovak-Communist question.

The new Czechoslovak delegate is Vladimir Houdek. He called at U. N. headquarters in the forenoon and presented his credentials.

Lake Success, March 15—(AP)—This is an ABC on the worried-angry talk—with its undertones of war—about Russia. Start at the beginning and work up in the present.

Early Surveys Indicate Nearly Half Of Miners Walk Out; Steel Company Mines Begin To Shut Down

Pittsburgh, March 15—(AP)—A soft coal work stoppage supporting John L. Lewis's demand for mines pensions got under way today. Spear-head of the move was in western Pennsylvania, where early surveys indicated nearly one-half of 56,000 miners walked out.

The U. S. Steel Corp. reported nine of its 14 western Pennsylvania pits were closed, with 7,000 miners idle. The corporation expected its coal output would drop today to about 20,000 tons, or one-third of capacity.

The Jones & Laughlin Steel Corp. reported all its Pennsylvania and West Virginia mines were closed, and 4,600 miners idle.

Republic was another steel corporation affected, with three Pennsylvania mines down. The output of steel company-owned pits is used in making fuel for steel mills.

Commercial mines, too, whose production is sold on the open market, began to shut. The giant Pittsburgh coal company reported at least nine of its mines closed. Owners of some independent mines expected the movement to spread.

Walkouts started in other leading coal states—West Virginia, Ohio, Kentucky and Illinois.

An early check showed at least 5,500 of Illinois's estimated 23,000 United Mine Workers idle. Their rival Progressive Mine Workers, estimated at 10,000, were reported working.

Miners said the walkouts backed up demand of Lewis, President of the United Mine Workers, for \$100 monthly pensions for miners.

Two hundred and ten miners reported this morning to a Frick pit at nearby Bridgeville but returned home. The firm's mine at Mine, Pa., a few miles distant, did not open.

The Bridgeville pit produces about 1,800 tons daily. The mine operation about 5,000 tons.

The Bridgeville diggers milled around the mine lamp house but made no attempt to obtain their working lights.

Then as one of the miners "threw away his water"—the traditional signal of a work stoppage in which the miner pours his day's supply of drinking water on the ground—the men walked away toward their homes.

The morning stuns sounded as usual but went unheeded by the miners, the first at 5:30 a. m. to signify work was scheduled today. The second was sounded at 6 a. m. to prepare the miners for work. The third at 6:20 would have sent the first group toward the pits and the final call at 6:45 a. m. was the normal sound to begin operations.

But the miners were on their way home.

Lewis sent word to union locals Friday that operators had "dishonored" the 1947 wage agreement by not agreeing to pay pensions out of the union's welfare fund. He asked the locals to meet and inform him of their reaction to his stand.

The bushy-browed labor leader gave the first hint of possible trouble over pensions when last February 2 he served notice on the operators he felt free to take "independent action."

Portrait Show in Local Art Gallery
An exhibition of portraits painted by Georgia Pearsall Hearne, local artist, opens today in the art gallery on second floor of Sheppard Memorial Library.

The artist, a native Tar Heel, says she has been painting and playing the piano all of her life. From early childhood her interests were centered in art and music. After graduating from Flora Macdonald college she studied in Washington, D. C., and at the Art Students' League in New York specializing in miniature painting under Alice Beckington and oil portraits under Robert Henri. While in New York she also continued her music work in advanced piano playing.

After leaving New York she taught music for a number of years. In 1933 she opened an art studio in Greenville and began work as a professional portrait painter.

Again returning to New York for study her teachers included such well known artists as Richard Lahey and Leon Kroll. Occasionally she paints still lifes, landscapes and flower arrangements, but for the most part she sticks to her portraits.

She has exhibited her work in the Mint Museum in Charlotte, Person Hall Gallery in Chapel Hill, State Art Museum in Raleigh and annually she has a "one-man show" in the Greenville Gallery. For three years she won the S. Clay Williams cup for the best portrait in the annual exhibit sponsored by the North Carolina Federation of Women's Clubs.

Four of her portraits hang in Flora Macdonald college. She has one in the public library in New Bern and one in the Craven county court house. In Greenville she has portraits in the High School library, Sheppard Memorial Library, the Woman's Club and Pitt county court house, in addition to many in offices and homes.

Her reputation as a portrait painter has spread beyond the confines of the state and she is represented in the following states: South Carolina, Virginia, West Virginia, New York, California, Oregon, Washington, Massachusetts, Maryland and in Canada.

The current show contains ten portraits and four landscapes and flowers. The public is cordially invited to visit the gallery for this exhibit. Gallery hours are from 2 until 6 daily, except Sunday. Admission free.

Easter Fashions Take 'Extremes' From New Look

By DOROTHY ROE
Associated Press Fashion Editor

Now that the shouting is over, it appears that Easter fashions in the U. S. A. are going to be much less alarming than earlier reports indicated.

They have a "new look," it's true. But it's a far different silhouette than the droop-shouldered, barrel-skirted affair first proposed by certain Paris designers.

Now that U. S. manufacturers have recovered from the first hysteria over the revolution in fashions, they have turned out for Easter consumption an array of suits and coats as conservative as any timid shopper might demand.

For those who like their tailored clothes in the classic tradition, there are plenty of crisp, slim-skirted suits with either short or long jackets, no exaggerated wasp waists or hip pads, and a general air of good breeding. Just below the calf is the accepted skirt length.

For the more daring, there are still full-skirted, small-waisted outfits, but even most of these the skirt flares have been modified and shoulder pads have been retained.

Fabrics are handsomer than they have been in many years, with all varieties of gabardine well out in front, and navy by all adds the favorite color. Grays, in both worsteds and flannels, are the next best bet and then come muted pastels and sand tones.

Hats are frankly designed to flatter the wearer, and there's nothing freakish or frightening about them, either. Favorite for wear with Easter

suits is the stiff little straw sailor, which may be trimmed with flowers, gay imported taffeta ribbon of veiling. Victorian bonnets are shown for the young and big off-the-face Bretons are definitely in the picture. Delicate pastel tones are preferred for spring hats, to flatter the face and contrast with dark simple suits and coats.

Shoes and handbags are ladylike and handsome. Newest shoes of the season have covered toes and heels, but may be cut far down on the vamp, with perhaps a strap or two to add to the "covered-up" look. Supple kidskins and soft calf and suede leathers are being shown, with fewer platform soles than last year.

Handbags are smaller to fit the general feeling of restraint noticeable throughout the mode, with neat boxy or melon shapes most popular.

The fashion picture for Easter 1948, should soothe the qualms of all those who have dreaded to go shopping for fear of being forced into exaggerated and unbecoming styles. The new clothes are smart, flattering, and modified to the American taste.

Audience Of Nearly 300 Heard Violin And Piano Recital

An audience of approximately 300 music lovers from the college campus, the city, and surrounding areas heard Dr. and Mrs. Karl V. Gilbert in a recital of piano and violin music on Sunday afternoon at East Carolina Teachers College. Solo numbers by both local artists and two selections for violin and piano made up the program for the afternoon.

Particularly pleasing to the audience were the Beethoven Sonata for violin and piano, Op. 12, No. 1; Chopin's Ballade, Op. 23, for piano, a group of selections by modern

His First Loss

Detroit, March 15—(AP)—Robert C. Gaseo is the resuscitation expert of suburban Berkley's Fire Department.

A call for help sent him racing to his own home Sunday to find his three-year-old son, Roger, strangling on a penny balloon.

"I've handled hundreds of such cases and this is the first one I've lost," said the heart-broken father.

The winning student nurse will compete in the state finals at the Capitol in Raleigh on April 20, when Kay Kyzer will be one of the judges.

There are nine districts in the state association and each district will have a contest in the finals at Raleigh.

The meeting in Greenville is sponsored by the Greenville Nurses' Club. Miss Pearl C. Dixon is president.

Mrs. Alton Clapp is general chairman. The judges will be Mrs. Cora S. Powell, Mrs. J. Vance Perkins, O. E. Dewd, Dr. J. L. Winstead and Chester Walsh.

An interesting program, including music, will be presented. Charles Whedbee will be master of ceremonies.

The grand prize for "Miss N. C. Student Nurse" at the final contest in Raleigh on April 20 will be a summer vacation at one of the state's beaches.

The winner will also tour North Carolina colleges, high schools in May, speaking in the interest of the nursing profession. District winners will speak at colleges and schools in their areas.

The contest is designed to stimulate interest in a campaign to recruit 1,000 additional student nurses to meet enrollment quotas for fall classes.

Packers Reject Offer Arbitrate

34—PACKERS REJECT
Chicago, March 15—(AP)—Two of three major meat packers turned down yesterday an offer to arbitrate their wage dispute with the CIO United Packinghouse Workers who have called a nationwide strike for 12:31 a.m. tomorrow.

The arbitration proposal was sent to Swift & Company, the Cudahy Packing Company and Armour & Company but Swift and Cudahy quickly rejected it.

They said they were standing pat on their offer of a nine-cent an hour wage boost. The union, which had originally demanded a 29-cent an hour increase for its 100,000 members, said it would call off the strike if the companies would accept arbitration of the 20 cents difference.

Armour has not replied to the proposal but the union said it would arbitrate with that company alone if it accepted.

Ralph Helstein, union president, said the offer will be kept open until midnight tonight, one minute before the strike is scheduled to start. The proposal, he added, provides that the companies agree to immediate payment of their nine-cent offer retroactive to Jan. 12.

Farmers To Get More For Their Products In First 3 Months

Washington, March 15—(AP)—Farmers will get six percent more for their products during the first three months of this year than last.

The Agriculture Department made this forecast in a report which said farm income would have been higher had many prices not dropped recently.

It said livestock and livestock products probably will yield \$4,100,000,000, or nearly 10 per cent above the first quarter of last year.

Crop receipts may be around \$2,300,000,000, or about the same as last year.

Women Jurors In Superior Court Here This Week

Judge Henry L. Stevens of Warsaw is presiding over a one-week civil term of Superior Court here this week.

The Duplin County jurist, in his remarks to the jurors selected for service this week, expressed pleasure at having two women jurors—Mrs. Ed Batchelor of Greenville and Mrs. Roy Cox of Winterville. The women jurors appeared to be at ease in the courtroom and took keen interest in the proceedings.

Judge Stevens will preside over a one-week criminal term of court here next week. W. J. (Dick) Bundy, recently appointed by Governor Cherry to succeed the late Solicitor David M. Clark, will officiate as solicitor here for the first time next week. He officiated at a mixed civil and criminal term of Carteret County Superior Court in Beaufort last week.

Briley of 112 West 11th St., Greenville, N.C., is serving aboard the barracks ship USS Neuces with Subordinate Group Two, Florida Group, Atlantic Reserve Fleet, at Green Cove Springs, Fla., and is engaged in the inactivating of surplus Navy ships.

Briley, who entered naval service Oct. 21, 1944, and received his recruit training at the Naval Training Center, Bainbridge, Md., previously served aboard the seaplane tender USS Chandeaur and the destroyer escort USS Stanton.

'Pacifist' Pays Portion Of Tax

Yellow Springs, O., March 15—Mrs. Carolina Urie is a pacifist. So she paid only 65.4 per cent of her 1947 federal income tax today.

Mrs. Urie, white-haired widow of a career Navy officer, figures the rest of her tax was earmarked for military expenses.

"As a Christian, I must henceforth refuse to contribute in any way to maintaining the institution of war," she wrote President Truman and the Internal Revenue Department.

Mrs. Urie didn't keep the 34.6 per cent "war tax." She sent the money to four pacifist organizations (every one of them non-profit) and enclosed her contribution receipts with the tax return.

"If they want to send me to jail because I won't pay the other 34.6 percent, that's all right with me," she said. "I'm perfectly willing to go to jail. I'll never pay any more money for war."

Mrs. Urie describes herself as "a Quaker, a pacifist, a social worker and a white-haired widow—a very aged widow, at that." Arthritis keeps her in bed most of the time now, but years ago she was an associate of Jane Addams in Chicago's famed Hull House.

"It's the principle that's important to me," she added. "Obedience to governmental authority can not be unlimited."

Search For Body When Woman's Arm Discovered

York, Pa., March 15—(AP)—Discovery of a woman's arm—believed torn loose while she was still alive—today prompted a search for the rest of her body in the wooded hills along the nearby Susquehanna River.

State police said the arm was brought to the farmyard of Thomas Walker Saturday by a dog that apparently found it nearby.

Dr. Lewis C. Pusch, pathologist at York Hospital, said there were indications the arm had been ripped from the woman's body before she died.

The arm had not been chewed by the dog and was in a good state of preservation, Dr. Pusch said.

June Rose Praises College For Their Aid Music Contest

June H. Rose, superintendent of Greenville city schools, and general chairman of the state music contest for high schools, which was held at East Carolina Teachers College last Friday, gave the highest praise to college officials for excellent cooperation and assistance in making the event a success. He gave particular praise to Dr. R. R. Willman, head of the music department, and Herbert L. Carter, director of the college band.

"You can always count on President Dr. John D. Messick and others at ECTC for assistance in putting across worth while public projects," Rose said.

The expression "clink" is derived from an old prison at Bankside, London, named "The Clink."

Strength FOR THE DAY

SECRET OF HAPPY LIVING
If you have ever been in a section of the world which is below sea level you have no doubt been entirely unaware of the fact, so far as your own feelings were concerned. It is amazing how often people live in areas below sea level and are utterly unconscious of their unique geographical position.

Morally and spiritually, many people often live below sea level without realizing it. They have never been on the mountain tops of peace and confidence, which belief in God establishes in one's heart. They have never known what it means to have an experience of prayer which lifted them up as with eagle's wings and caused them to walk through hours and perhaps days with light and joyful steps.

Faith abides on the mountain tops of life. Although faith is a gift of God, it is true also that we have to do something in order to receive that gift, and strange as it may seem, the thing we have to do is to be willing to receive it. We do not have to perform some great act of moral heroism before God will endow us with faith; instead we have to yield ourselves. We have to be willing to move out of areas which spiritually are below sea level and follow the rough trek of renunciation and self-effacement until we have scaled the mountain peaks of faith.

The secret of life's deepest happiness is sincere religious faith.

TOO MUCH GOVERNMENT?

There's going to come a day when the people will be confronted with a problem of government which has been snowballing for the past few years.

This is it: Just how far should government go in the process of involving itself in personal problems of the individual?

Britain's Socialist government has its "From The Cradle To The Grave" program, which is supposed to guarantee governmental care of the individual from the day he is born to the day he dies. Do we want this?

Americans boast of their "rugged individualism," and we credit it for the growth of our nation from a struggling fringe of civilization to today's leadership in the world. Our people "ask no quarter" in working their various ways through life. We make few concessions to difficulties, and troubles seem only to spur us to greater effort.

But the idea of governmental responsibility for the individual is growing in some quarters, and we must decide some day just how far it should go, and there draw a line.

Governments cannot successfully become so complete as to take away the traits of private initiative or the instincts of self-preservation. It's too much to ask of government; the whole structure would collapse from the burden imposed.

All of us have heard advocacy of socialized medicine and national health insurance; new pension plans and unemployment insurance. These, and other well-intentioned, but impractical theories have been put forward with only partial acceptance.

Opportunities to achieve the goals intended by the

You Talked Me Into It

above items, on the plane of individual enterprise, should be the only responsibility of government in this field.

Insurance companies offer security; there are low-priced medical insurance policies, and those which provide for security when the laborer has passed the age when he is able to work. Retirement plans are offered by the dozen. These things are available, they are not impractical; desire and foresight are the only attributes required to attain them. There is no place for the red-tape entanglement of bureaucracy in these fields.

Opportunity for employment is the keystone to the situation, and that, we believe, government can provide without over-reaching itself.

Abuses in the field of government unemployment benefits, even in these days when business has been crying for more help, are common knowledge to us all. The notorious abuses of the "52-20 Club" are similarly well-known.

All of us are aware of these failings, but how many realize that they are examples of what happens when responsibility is taken from the individual? Many millions of dollars, paid in taxes of the productive worker, is lavishly spent on the drones. Eventually something will

be done about it, we hope. But the longer action is delayed, the more difficult it will be to return to the right-secure path of individual responsibility to both society and to ourselves.

To re-phrase an old saying: Give a Bureaucrat an inch of red tape, and he'll take a mile.

WASHINGTON LETTER

By JANE EADS

HIS GRANDMOTHER BETTERED MIHAJ'S GLAMOR RECORDS

Washington—The visit of beautiful Queen Marie of Romania to this country created a sensation 22 years ago. The American public was not so accustomed to visiting royalty in those days.

There's not anywhere near the to-do over the current visit of her grandson, 26-year-old Mihaj—or Michael, as he is called in English. Nevertheless, the presence here of the handsome young man has stirred the interest and the imagination of the American people.

Headliner in international news because of his recent abdication as king and his whirlwind romance with Princess Anne of Bourbon-Parma, Michael is visiting the U.S. incognito. Any entertaining in his honor will be strictly unofficial.

This is because Michael is actually no longer a ruler, though he says his abdication was forced and that he does not consider it binding.

Michael and his mother, former Queen Helen, accompanied by a retinue of 10, expect to visit factories and industrial plants and sight-see in general. One informant said, however, that Michael and his mother will attempt to raise funds in this country to "help Romanian refugees escape communism."

Queen Marie's trip to this country

in 1926 ostensibly was to dedicate a museum of fine arts built near Seattle, Wash., by Samuel Hill, a Red Cross worker in Romania during World War I.

Her visit nevertheless was credited with being a factor in bringing American investments in Romania up to more than \$25,000,000 by 1930.

Carol, the ex-husband of Queen Helen, is now living in Portugal with Elena Lupescu, whom he married in Brazil this year. It was because of Lupescu that Carol abdicated when Michael was not yet six years old.

Michael succeeded to the throne and a regency took over the government. The young king was more concerned with his toys, his pony and fairy tales.

Carol returned to the throne when Michael was nine, but 10 years later fled from the Nazis. Though Michael again ascended the throne, it was Nazi-dominated Premier Antonescu who ruled the country.

That is—until Aug. 23, 1944, when Michael and a group of young followers overthrew the premier in a coup d'etat and made Romania Hitler's foe.

The Soviets gave Michael the Order of Victory in 1945 for his "courageous act," and President Truman awarded him the Legion of Merit degree of Chief Commander.

Women IN THE CHURCH

By MARY FOWLER

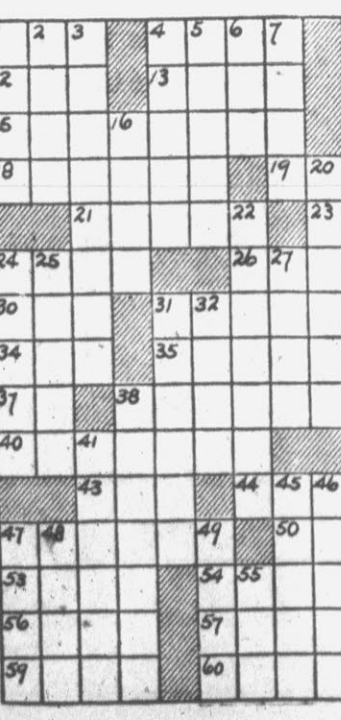

It has been remarked that while women are prominent in the Gospel accounts of the crucifixion and the resurrection of Jesus, and were the first to tell the "Easter news" modern hymn books are almost without Easter and pre-Easter hymns of praise and prayer from the pens of women poets. One notable exception is the Lenten hymn, "Beneath the Cross of Jesus" written by Elizabeth C. Clephane (1830-1899), which has found its way into a number of evangelical hymnals, and is being sung much at this season of the year. The first stanza runs:
"Beneath the cross of Jesus I fain would take my stand,
The shadow of a mighty rock Within a weary land;
A home within the wilderness, A rest upon the way,
From the burning of the noontide heat.
And the burden of the day"
Jewish synagogues and Catholic and Protestant churches will observe the eight days beginning May 2 as "National Family Week," with special services and sermons on either Sunday. According to the Rev. Dr. L. Foster Wood, of Flushing, L. I., in charge of Protestant observances, "National Family Week is a challenge to American people to create

The Young Woman's Christian Association has long been identified with religious, educational, and recreation services in the large cities of the world. But at the recent meeting of the International Y. W. it was decided to undertake new and increased services in rural areas in many countries. It was decided also to work in closer collaboration with the Young Men's Christian in some lands especially in their united work for displaced persons now in central Europe; and to follow displaced persons, especially women and girls, into their new communities and try to fit them into the local life of those communities.

Plant Explosion Fatal For Pair

Louisville, Ky., March 15—(AP)—An explosion at the plant of the International Harvester Company here today killed at least two persons, injured about 26 and trapped 26 others in debris, company officials reported.

Police and firemen, aided by volunteers, dug desperately in the ruins of the 150-by-75-foot brick and steel engine test building to rescue the trapped.

No casualty list was available immediately as the injured, many blackened beyond recognition, were taken to hospitals.

Rescue work was hampered by intense heat from a fire which broke out shortly after the explosion. This was extinguished by city and county firemen.

The explosion occurred as the night shift was leaving and the day shift reporting. Normally about 56 persons work in the plant, which joins the main plant in the rear. Some workers said they believed that two 5,000-gallon fuel tanks underneath the building exploded. At least half of the walls and a large part of the roof caved in with the blast, which shook a large area of the city.

Governor Awaits Revision For Tobacco Acreage

Raleigh, N.C., March 15—(AP)—Governor Cherry today awaited word from Agriculture Secretary Clinton P. Anderson on an appeal for "adequate revision" of this year's fluenced tobacco acreage cut.

The governor said the request, his second, was contained in a telegram dispatched last Thursday.

Previously, Governor Cherry and Senator William B. Umstead asked Anderson for a reduction in the 37.82 per cent acreage cut announced for this year. The North Carolinians were promised, Cherry said, that the Agriculture Department would review the situation "to see if relief could be granted."

New Generator For Washington

Washington, N.C., March 15—(AP)—Residents of little Washington today looked to a generator, hoping it would end a three-month power shortage here.

Municipal Utilities Superintendent John Moss said that work on a 1,200 kilowatt generator was complete and he would test it later today. If the generator, which was damaged last December, works it will give this coastal town near normal power service.

GERMAN ASSETS FREED
Bern, Switzerland—(AP)—The Swiss Federal Council has decided to free the assets of German citizens resident in Switzerland who did not live in Germany between Feb. 16, 1945, and Jan. 1, 1948. Swiss assets of such Germans resident in other countries were also freed, provided the owners were not liable to be deported to Germany.

Students Killed In Plane Wreck

Roxboro, N.C., March 15—(AP)—Three teen-age high school students died in the flames of a burning plane—ten minutes after they had taken off for a Sunday pleasure flight yesterday afternoon.

The plane went into a slow spin at 500 feet and crashed on the old South Boston Va.—Roxboro highway.

Dr. A. F. Nichols, Person County coroner, identified the dead as:

Jack Whitl, 18, popular Roxboro High School athlete who was to report to the Durham Bulls' baseball camp next Monday; 17-year-old Miss Eleanor Hall of Bushy Fork, and the pilot, Luther Edward Whitl, Jack's cousin. The Whitl boys lived at Roxboro Route 2.

Dorsey Ashley, 40, a farmer, was burned slightly on one wrist when the plane's engine burst into flames as he attempted to pull one of the three unconscious victims from the privately-owned cub-type craft.

Whitt said the plane hit the road 50 feet from the spot in his front yard where he was sitting.

Willis Daniel and Jim Perkins, two other farmers who saw the accident, tried to help Ashley, but the three were beaten off by the intense heat from the burning plane.

Tax Deadline

Washington, March 15—(AP)—That income tax deadline is here again.

Returns for 1947 income must be filed by midnight. The same deadline applies to the filing of estimates on 1948 income. In general these estimates must be filed by persons with income of \$5,000 or more or those who expect \$100 or more income from which no tax is withheld.

The Treasury expects \$5,000,000 returns on 1947 income. Most of the \$26,000,000,000 in individual taxes already has been collected through wage withholding or quarterly payments on estimates.

The fact that Congress is working on a tax cut has no bearing on the filing of estimates for 1948. Estimates will be based on the current tax rates.

Miss Mary E. Boyd Died Ayden Sunday

Miss Mary Elizabeth Boyd, 71, died at the home of Mrs. W. J. Boyd, her sister-in-law, in Ayden Sunday afternoon following a short illness. She was the daughter of the late Mary Elizabeth and J. R. Boyd of Edward. She had made her home in Ayden since 1913. Surviving are several half-brothers and half-sisters, nieces and nephews. Funeral arrangements were incomplete pending the arrival of relatives.

Ayden Man Slated To Attend Navy School

Ronald Smith, son of Dr. and Mrs. R. C. Smith of Ayden, successfully completed his examination for enlistment in the U. S. Navy last Thursday. Ronald's high examination mark entitled him to choose one of the Navy's service schools with the assurance that he would be enrolled upon completion of his recruitment.

Navy sources state that he has chosen aviation fundamental school, and that it is possible that he will be enrolled in another school of the aviation branch as soon as he completes the school of his first choice.

Greenville Youth On Tour Dutch Seaport

William H. Baker, Jr., boatswain's mate, second class, USN, son of William S. Baker of Greenville, N. C., visited the Dutch seaport of Rotterdam when the light cruiser USS Spokane paid a courtesy call to the Netherlands. Leaving war-scarred Rotterdam on a specially arranged tour, he visited many of the small towns of the lowland country.

A highlight of the tour was a visit to the Peace Palace in The Hague.

Undertones

(Continued from Page One)
The Day of Masaryk's death Secretary of State Marshall told a news conference here that the world situation had grown "very, very serious."

President Truman followed Marshall by telling his own news conference that his confidence in the prospect of world peace had been somewhat shaken.

But what had just happened in Czechoslovakia and the rest of Europe before then was not all that worried Mr. Truman and Secretary Marshall. They were worried about what lies ahead.

And over the week-end James F. Byrnes, former Secretary of State said: He wants Congress to pass a new draft law right away and enlarge the Air Force to meet a world crisis that "may exist four or five weeks from now."

On April 18 the Italians hold their National election. The Communists are very strong in Italy. There's a chance they may show enough strength to win control of the government or a strong place in it.

Byrnes thought the Communists in Italy might not wait for the elections to try to grab control. They might not want to wait if they thought they'd lose the election.

Communist control of Italy—meaning Russian control—could shut off almost the whole Mediterranean in a crisis. And Greece would be boxed off.

There's a strong Communist party in France. Communists there would feel strengthened—maybe enough to grab for power, too—if fellow-Communists ran Italy, right next door to France.

If France went Communist, all Eu-

rope would be in danger of going the same way or being pressed into it.

Division Of . . .

(Continued from Page One)
in that argument. However, there are other differences. Northern Ireland of course is a part of the United Kingdom—a very important part which England can't afford to lose. Many of the people are of Scotch, Welsh and English descent, so that the racial elements enters into the situation.

Then, too, Northern Ireland is comparatively rich with its ship-building and linen manufacturing, and many of its citizens maintain that if they joined the less prosperous south they would have to carry the burden of taxation for the whole country. That argument—since it hits the pocket-book—is a powerful one.

The division between the two sections often has been demonstrated in astonishing ways. I used to fish for trout and salmon in waters right on the border between the two states, and the constant spontaneous combustion had to be seen to be believed. Raids and retaliations were constant, frequently running to destruction of boats and cottages which often resulted in physical encounters.

That's the atmosphere which has hung over the two countries for generations. Workers for peace constantly have tried to bring the two peoples together, but if there has been progress, it hasn't registered heavily. I should say the position at the moment is about what it was some fifteen years ago when I broached the subject during a chat with the late Lord Craigavon, then prime minister of Northern Ireland. A huge man who towered far above six feet, he was leaning against the mantel in his office, as he exploded: "Union with Southern Ireland—Never! Never! Never! And when I am gone there are other leaders who will take up the fight."

He punctuated this by slamming a fist as big as a ham into the palm of his other hand. It's my guess that were he alive today, the answer would be the same.

Governor Urges Helping Hand In Easter Seals

Raleigh, March 15 — Generous contributions for the work of the North Carolina League for Crippled Children, which opened its annual Easter Seal campaign throughout the State Sunday, March 14, was urged in a statement today by Governor H. Gregg Cherry.

"The League is using one of the most worthwhile services in our State," the Governor's statement said.

Medical care and educational opportunities were provided in the old North State for 3,541 handicapped children last year," the Governor said.

Besides these direct services to individual children, the League also conducted special demonstrations in the field of education for handicapped children," he added.

Governor Cherry said these demonstration projects will be of "inestimable value to the State when special classes for handicapped children can be added to our present public school curriculum," and that the teacher training classes sponsored by the League will make the opening of these classes come years sooner than otherwise would have been possible.

Snow Threatens To Bury Traces Of Plane Wreck

Anchorage, Alaska, March 15 — Storms threatened today to bury the last trace of a crashed Northwest Orient airlines DC-4 which carried 30 persons to their death high up on towering Mount Sanford.

The forecast of bad weather increased the probability that the bodies of the 30 victims will remain entombed on the 16,208-foot peak.

The four-engined airliner, en route from Shanghai to St. Paul, crashed Friday night on a glacier of the mountain 190 miles northeast of here.

Aboard the chartered plane were a crew of six and 24 seamen flying from Shanghai to New York. They were crewmen of the tanker Sunset, of the Overseas Tankship Corp.

Good Stand Tobacco Plants In Robeson

Lumberton, March 15 — Most Robeson County farmers report that they have a good stand of tobacco plants but the plants are very small for this time of year, according to O. P. Owens, county agent for the Extension Service at State College.

He said growers are making plans to control blue mold by either dusting or spraying.

Roy R. Bennett, Extension tobacco specialist at State College, visited the county recently and discussed tobacco production methods with a group of farmers.

Burglar Couldn't Tell Police Station From Restaurant

Valdosta, Ga., March 15—(AP)—Because he apparently couldn't tell a police station from a restaurant, John R. Whittington, 35, of Macon, was in jail today accused of a \$7,250 burglary from a bank depository.

Whittington was identified by police Chief Wilbur Perkerson who said his prisoner walked into the police station with the money after a taxi driver had said it was a restaurant.

The police chief quoted Whittington as saying he placed planks in the chute of the depository vault at the First National Bank and later returned to lift out the bundles which had stopped in the shaft.

Bethel Wins Class B Title At Chapel Hill Tournament

Phebus And Doty Due Here Friday To Get Players

By BERT MOYE

Word received from President Bob Doty yesterday revealed that he, along with Manager Bill Phebus, will arrive in Greenville on Friday, pick up the boys here and return on the following day for Bartow, Fla., where spring training for the Orioles is scheduled to begin on next Sunday.

Players who will meet here and return with them next Saturday are Outfielders Al Taffet and Don Keeter, Pitchers Jerry Chitty and Joe Alamo. Bob Cohen will do his training here in Greenville by permission.

Already reporting at the Bartow camp and who have been working out daily are Catchers Bias and Simmons, Infielders Scobie, Reo, Crouch, and Carter. Manager Bill Phebus has been hired by the Pittsburgh Pirates as one of the instructors at their training base in Bartow and is getting in shape working with the boys daily.

Pitchers Arroyo and Schmidt were chosen to play on an All-Star Puerto Rican team that traveled to the Dominican Republic that played the Dodgers Sunday. They will report at Bartow, along with Pitcher Medina, when training starts next Sunday. Incidentally, Arroyo just threw a six-hit 5-to-2 victory over the Azuadilla team to win the Puerto Rican championship for his team.

Manager Doty also revealed that the signed contracts of Jerry Chitty and Al Taffet had been received. Also Paul Simmons has come to terms. "Pittsburgh is going to give us help in the form of a first baseman, catcher, and two pitchers. All this help will be in the form of limited service men," stated Mr. Doty. "I heard from Chute that he was coming in but so far have not seen him," he added.

Chapel Hill, March 15.—Bethel's class B championship here Saturday night by defeating a scrappy team from Stanley in the final, 43-39. A crowd estimated at around 1,000 witnessed the game.

Bethel reached the finals, representing the East, by defeating Culowise and Richfield, Stanley entered the title contest by eliminating Newport and Jonesville.

Bethel jumped into an 8-4 lead at the end of the first quarter. Stanley's only field goal of that period was kicked up by Forrest Smith, who dumped in a goal from action seconds before the quarter closed.

Midway in the second quarter, Stanley's Ray Hovis got five quick points and the Westerners moved into a 12-9 advantage for the first time in the game. Then Bethel's Frank Hemingway racked up two quick baskets and Coach W. C. Latham's charges forged back into 13-12 edge. When halftime rolled around, Bethel sported a commanding 22-13 lead. All of Bethel's first-half scoring came on goals from action—the Braves missed all their free throw attempts that half.

Bethel got its big guns into play when the last half opened and was enjoying a 28-15 lead when Stanley suddenly started a comeback which chopped Bethel's lead down to 33-28 at the close of the third quarter.

R. J. Reid got a layup and then Ralph Morris hooked for Stanley to open the last stanza and Bethel's lead was reduced to 33-22, with six minutes to go. Ray Hovis got a free toss to knot the count at 33-22, with five minutes to go.

Bethel's P. Hemingway got a push but F. Smith of Stanley got a free toss. Bethel's William Keel got a free throw and the Braves led, 36-34, with two minutes to play. Hemingway got a layup to boost the lead but Stanley's Reid banged home a set and Bethel led by two points with 1:40 remaining. Walter Whitley got a layup to increase Bethel's lead to 41-36, with 1:20 remaining. Max Garrison of Stanley got a free throw and F. Smith got a push shot with less than a minute to play. Stanley then took three unsuccessful shots at the basket and House got a layup as the gun sounded for the end.

Detroit, March 15.—(AP)—With a 2990 count the Peerless Tools of Chicago held command of the American Bowling Congress team event today.

The Chicagoans mustered a series of 948-1080-962 on last night's late shift to move into the lead as Apex Grill of Rochester, N. Y., clicked with 8978 good for second place.

Peerless Tools' middle game was the best of the tourney and their total was only 42 pins shy of last year's best at Los Angeles, a 3032.

Los Angeles, March 15.—(AP)—Jimmy Phelan is all set for the job of head coach of the Los Angeles Dons next fall.

The boss of St. Mary's football has agreed to terms of a contract offered him by the All-America pro league club, sources close to the Dons disclosed. Phelan is expected here in a few days from San Francisco to sign a contract.

Phelan will succeed Dud Degroot, who stepped out late last season when the team was playing in-and-out football.

St. Petersburg, Fla., March 15.—(AP)—The St. Louis Cardinals can win the National League pennant if Stan Musial and Howie Pollet return to their 1946 form and Enos Slaughter escapes injury, Redbird Manager Eddie Dyer predicted today.

"That was the big difference between last year's second place club and my 1946 world champions," Dyer declared.

R. J. Reid got a layup and then Ralph Morris hooked for Stanley to open the last stanza and Bethel's lead was reduced to 33-22, with six minutes to go. Ray Hovis got a free toss to knot the count at 33-22, with five minutes to go.

Bethel's P. Hemingway got a push but F. Smith of Stanley got a free toss. Bethel's William Keel got a free throw and the Braves led, 36-34, with two minutes to play. Hemingway got a layup to boost the lead but Stanley's Reid banged home a set and Bethel led by two points with 1:40 remaining. Walter Whitley got a layup to increase Bethel's lead to 41-36, with 1:20 remaining. Max Garrison of Stanley got a free throw and F. Smith got a push shot with less than a minute to play. Stanley then took three unsuccessful shots at the basket and House got a layup as the gun sounded for the end.

Chapel Hill, March 15.—Bethel's class B championship here Saturday night by defeating a scrappy team from Stanley in the final, 43-39. A crowd estimated at around 1,000 witnessed the game.

Bethel reached the finals, representing the East, by defeating Culowise and Richfield, Stanley entered the title contest by eliminating Newport and Jonesville.

Bethel jumped into an 8-4 lead at the end of the first quarter. Stanley's only field goal of that period was kicked up by Forrest Smith, who dumped in a goal from action seconds before the quarter closed.

Midway in the second quarter, Stanley's Ray Hovis got five quick points and the Westerners moved into a 12-9 advantage for the first time in the game. Then Bethel's Frank Hemingway racked up two quick baskets and Coach W. C. Latham's charges forged back into 13-12 edge. When halftime rolled around, Bethel sported a commanding 22-13 lead. All of Bethel's first-half scoring came on goals from action—the Braves missed all their free throw attempts that half.

No Showmanship Seems Necessary For Tennis Pros

Fort Worth, Tex., March 15.—(AP)—Jack C. Harris, veteran promoter of tennis tours, says the current rout by Jack Kramer of Bobby Riggs settles two things to everybody's satisfaction:

1. You don't have to put on a show to attract a crowd.
2. The fans can't claim there's any idea of a "fix."

Kramer, last year world's champion amateur, is giving Riggs, kingpin of the professionals, a classic licking. In 47 matches to date, the tall Los Angeles product has blasted to 31 victories—18 in the last 21.

Last night Kramer beat Riggs 6-0, 6-0 in 30 minutes here—most decisive defeat ever administered in a top tennis match such as this.

"The tour which will take us to 75 American cities and into Europe aptly demonstrates that showmanship is not necessary in sports," says Harris, the Chicago sporting goods man who takes a leave of absence from his company when he promotes.

"It also shows that any claims he might try to make the matches close just to get the crowds are false. This is strictly tennis and that the people love it is shown by the fact that close to 230,000 have seen the 47 matches thus far. It is the greatest tour in tennis history, well ahead of the 1939 Don Budge-Ellsworth Vines tour, tops until this time."

Harris said that after 38 matches, Kramer's \$50,000 guarantee had been attained and that through his 30 per cent of the proceeds Jack would realize \$75,000 to \$80,000 in the United States. Riggs will make from \$50,000 to \$55,000, he revealed.

"The fact that the loser does not get to make the tour next year is conclusion enough that Riggs is trying to win," Harris declared. "The entire tour, which will take us to India, Australia, South Africa, South America, Europe, Java, Malaya, the Philippines and Hawaii will net Kramer \$110,000 to \$125,000."

Cage Tourneys To Reach Peak In Next 6 Days

New York, March 15.—(AP)—Basketball tournament activity reaches its peak during the next six days. By Saturday night the U. S. Olympic tryout field will be completed.

About 50 games will be played on such scattered fronts as New York, Kansas City, Brooklyn, Denver and Berkeley, Calif.

The University of Louisville won the gruelling 22-team NAIB tournament in Kansas City Saturday night to become the first quintet to qualify for the Olympic tryouts in New York, March 27, 29 and 31.

The winner of the National Invitation tournament in New York Wednesday night will become the second team. And then on Saturday night the final six clubs will be determined. Three will come from the National A. A. U. tournament in Denver, and one each from the Western N. C. A. A. playoffs in Kansas City, the Eastern N. C. A. A. playoffs in New York, and the National Y. M. C. A. tournament in Brooklyn.

Tonight the New York invitation presents its semi-final offerings. New York University meets DePaul in the first game at 8 o'clock (EST) and St. Louis University takes on

Chicago, March 15.—(AP)—The Chicago relays, last of the major indoor track and field shows this season, unfolds Saturday night in Chicago Stadium with most of the nation's record-breakers and Olympic hopefuls competing.

The colorful meet long has been an incubator for record efforts. Ten world's marks have been bettered and 16 tied in the 11 times it has been held.

Saturday's session should follow the pattern. Six national A. A. U. champions and five big nine conference title winners are included in the classy field.

Western Kentucky in the nightcap. NYU squeaked by Texas, 45 to 43, in the final six seconds Saturday night while DePaul decisively whipped North Carolina State, 75 to 64. In spite of these results, the New Yorkers have been installed as one point favorites in tonight's battle.

St. Louis, selected as the outstanding team to visit Madison Square Garden during the regular season, is rated slightly better than one point over the experienced Kentuckians.

Yankees Upset 'Experts' In Training Camp Games

St. Petersburg, Fla., March 15.—(AP)—The New York Yankees have the baseball experts second guessing themselves today.

Before the start of spring training the experts figured the Boston Red Sox as snoo-ins to capture the American League pennant due to the acquisition of some Grade A talent from the St. Louis Browns.

However, the Yanks are burning up the grapefruit league while the Sox are stumbling along. The Yankee pitching is especially hot.

Yesterday the Yanks met the favored Red Sox for the first time and took them into camp, 5-2, in ten innings with Joe DiMaggio's 350-foot three run homer breaking up the game.

It was the first time that Joe McCarthy, former Yankee boss and new Red Sox mentor, bosterminded against his old club.

For nine innings the teams were locked in a scoreless tie. The Sox pushed two runs across in the top of the tenth with the aid of two errors.

With two down and two on in the bottom of the tenth, Tommy Henrich tied the count with a triple. Rookie Hampton Coleman then walked Johnny Lindell and DiMaggio followed with a clout into Tampa Bay to sew it up.

Counting the Yankee "B" squad's 7-1 triumph over the Boston Braves, the Yanks have won seven games

Meeting Stresses New Emphasis In Education

A new emphasis in education for the effective use of the natural and the human resources of North Carolina was called for by speakers participating in the Resource-Use conference held at East Carolina Teachers college on Saturday.

Greater prosperity, better health, and happier living conditions were the goals set up to the program outlined during the session. A wise use of the resources of the state and education aimed at preventing waste and increasing productivity were stressed by almost a score of speakers.

With approximately 100 in attendance, the meeting brought to the campus here representatives from sixteen counties in the eastern section of the state and included among those taking part educators, businessmen, ministers, newspaper men and representatives from a number of county and state agencies.

Dr. Richard Weaver of Chapel Hill, program director of the State Resource-Use Education Commission, and Dr. John D. Messick, president of East Carolina Teachers College, acted as presiding officers at the meeting.

Dr. Clyde A. Erwin, state superintendent of public instruction, explaining resource-use education to the audience, said that the schools, in cooperation with state agencies, have a great part to play in the program now being sponsored in North Carolina. The idea of resource-use, he said, is to give man mastery of the earth on which he lives and to teach people, from youth onward, to conserve the soil and its products for themselves and for future generations.

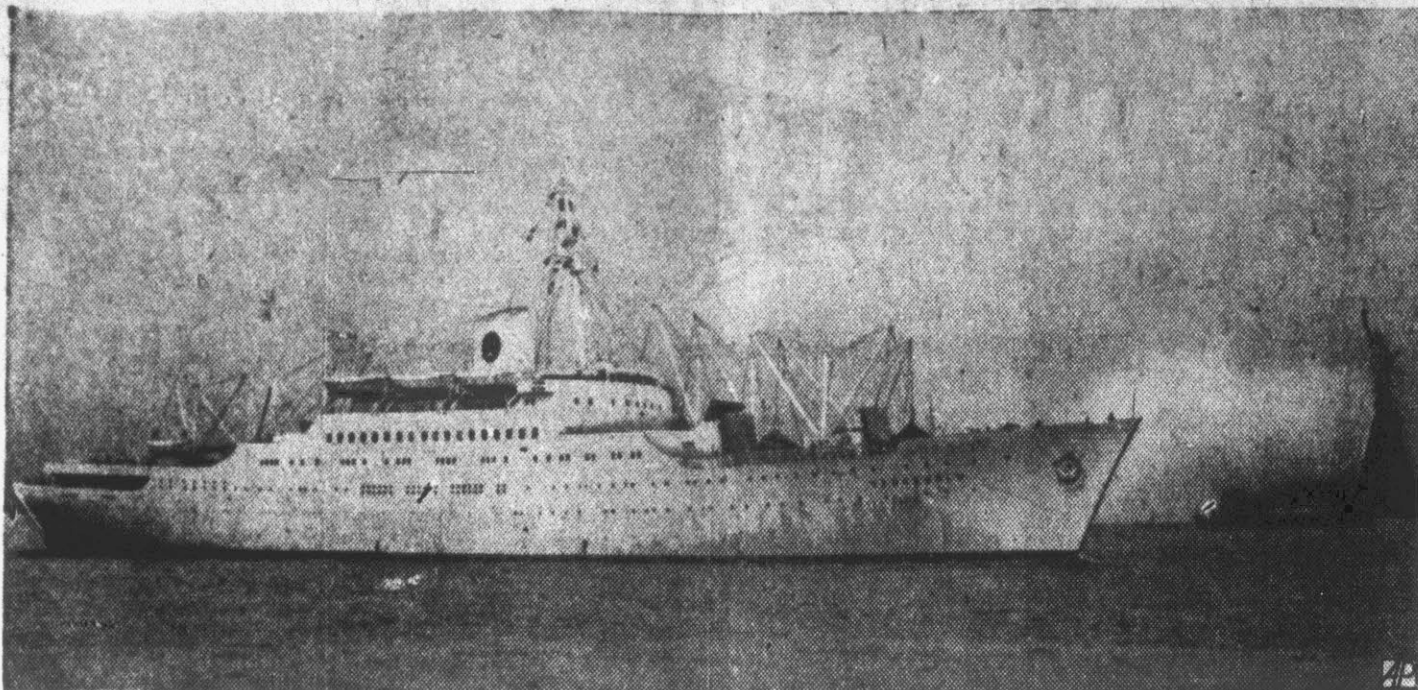

A panel discussion on the improvement of living through school programs was held, in which eight speakers discussed topics included in the present state-wide resource use program. Drs. Weaver, State College, agriculture; E. B. Garrett, Raleigh, soil conservation; Frank Dieter, Durham, city planning and improvement; Charles Spencer, Ra-

leigh, health; Margaret Lane, Raleigh, welfare; Mrs. J. B. Spillman, Greenville, employment; D. H. Conley, Greenville, public schools; and President Messick, teacher training institutions.

Dean Leo W. Jenkins and Dr. Howard J. McGinnis, members of the East Carolina staff, described aspects of the resource-use program offered at the college here. Dean Jenkins gave details of a workshop in science, social studies, and health and physical education which will be included in the summer school column, June 9 to July 16.

A committee, representing many phases of activity in this section, was appointed during the session to plan an educational program to be carried out through the schools of the eastern area of the state. Nominated to serve are K. T. Futral, Greenville, welfare officer; Dr. S. J. Phillips, Greenville, health officer; E. L. Norton, Northampton County, district farm agent; John Parker, Chapel Hill, city planning expert; R. P. Moore, Goldsboro, soil conservationist; Roy Hampton, Plymouth, wildlife conservationist; W. W. MacClesfield, businessman; William Ruffin, Plymouth, representative of industry; Henry Odum, Rocky Mount, recreation director; D. B. Sheffield, Rock Ridge, vocational agriculture teacher; J. C. Manning, Martin county, school superintendent; T. G. Leary, Beaufort, school principal; Emily Burt Person, Tarboro, home economist; Cora Lancaster, Beaufort, school supervisor; Janie Allsbrook, Edgecombe County, county librarian; Louise Dail, Washington, and Elizabeth Hyman, East Carolina Teachers college classroom teachers; Mrs. Paul Davenport, Pactolus, and Mrs. A. L. Martin, Rich Square, leaders in the Parent-Teacher Association; James W. Butler, Goldsboro secretary of Chamber of Commerce; and Florence Cox, Scotland Neck nutritionist.

Representatives of five schools volunteered to put into effect the resource-use program now being

Two Senators In Plane Difficulty

Vassalboro, Me., March 15—(AP)—A plane carrying U.S. Senator Robert A. Taft (R-Ohio) on a campaign swing through Maine crashed today on the ice-covered Kennebec River but the Republican presidential candidate escaped without injury.

Two others with him in the single motored Stinson—Senator Owen Brewster (R-Me.) and Pilot John T. Clark—were not hurt.

Governor Horace A. Hildreth said the plane's engine quit five minutes after the takeoff from the Augusta airport, about 10 miles distant.

The plane was slightly damaged. Senator Brewster said Clark, director of the Maine Aeronautics Commission, "did a great job" in landing the ship.

Taft, Brewster and Clark walked about half a mile with some difficulty through deep snow to the Augusta-Waterville highway. Brewster then telephoned to Hildreth.

Report Increase In Liquor Sales

Raleigh, March 15—(AP)—ABC liquor stores in North Carolina sold \$3,810,291 worth of liquor during February, the State ABC Board reported today.

The sales showed an increase over February of last year when they totaled \$2,971,834, but ABC board officials pointed to the opening of stores in Mecklenburg county, Asheville, Lenoir and Franklin counties as the reason for the increase.

Carolinian And Princess To Wed

Raleigh, N. C., March 15—(AP)—A Tar Heel native and an Egyptian Princess will be married at Washington on April 10, the Raleigh Times said today.

The paper said it was informed by Washington sources that the marriage of Princess Emma Toussou of Egypt and Washington and Cornelius Beckham Bretsch, Raleigh native, probably will be held at the bride's home and that only a few close friends are expected to attend.

Many little girls, like Mary S., miss a lot of fun because their vision is defective. They are nervous and tired and "dull" because their eyes use up so much energy straining to see clearly. If their vision were corrected, they'd feel and act better. And they'd progress much faster in school.

Would Develop Roanoke River Basin This Year

Washington, March 15—(AP)—North Carolinians and Virginians want the federal government to spend \$12,400,000 to develop the Roanoke river basin during the year beginning July 1.

The Roanoke river flood control committee and the Roanoke River Basin Association asked a Senate Appropriations sub-committee today to recommend \$10,200,000 for the Biggs Island reservoir on the Roanoke River to start the Philpott dam on the Smith river.

The House voted \$9,000,000 for continuing the Biggs Island project and \$1,700,000 for Philpott, compared with army engineer recommendations of \$10,200,000 and \$2,200,000, respectively, for the two projects.

It will save the government money in the long run, the groups said, to spend the amount army engineers recommended.

Duke Engineer Funeral Tuesday

Charlotte, N. C., March 15—(AP)—Funeral services will be held here tomorrow morning for 75-year-old Charles Irvine Burkholder, chief engineer and vice-president of Duke Power Co.

Burkholder, a native of Sterling, Ill., had served more than 30 years as vice-president of the Utilites firm up until his death Saturday night. After coming to Charlotte 42 years ago, he pioneered in the hydro-electric development of the Catawba River. Burkholder also was a member of the Duke Power Co. board of directors.

THEY MEET AGAIN

Elizabeth, N.J., March 15—(AP)—Mrs. John Banyasz and Mrs. Sven Swenson became friends on Christmas Day, 1946. They occupied adjoining beds in the maternity section of the Elizabeth General Hospital.

That friendship blossomed anew today. Both women were back in the same beds—and for the same

More Maneuvers For Old Outfits

Fort Bragg, N. C., March 15—(AP)—Maneuvers on the Tennessee-Kentucky border next May will be an old story with a new twist for veterans of the Third Army and Ninth Air Force.

Both outfits teamed up for the drive through France during the recent World War.

With the Twelfth Air Force, they will combine to form an airborne team known as "Task Force Lucky," named as a tribute to the late General George Patton's wartime command, "Lucky Forward" was the code name of Patton's advance headquarters.

Paratroopers of the 82nd Airborne Division will drop on Camp Campbell, Ky., to establish an airhead for launching maneuvers against an "enemy" force supported by "guerrillas" and "fifth columnists."

Lt. Gen. Alvan G. Gillem, Jr., Third Army commander, will be in command of the operations, called "Exercise Assembly."

Task Force Lucky will operate under command of Maj. Gen. Stafford Leroy Irwin, Fifth Corps chief at Fort Bragg.

California ranks next to New York as a consumer of floor and wall tile, accounting for about 15 per cent of total consumption in the United States.
