Steel Industry Worried Over Coal Stoppages

With Eight Out Of Ten Mines Closed, Big Steel Ponders Conservation Need

Pittsburgh, March 17 (AP)—With eight out of every ten soft coal mines idle, steel industry leaders today pondered how soon to begin slashing production to save fuel.

The work stoppage was three days old. More than 339,000 United Mine workers had left the pits to support John L. Lewis' demand for \$100 monthly miners' pensions.

Steelmen dodged questions about how long they can keep going if the walkout continues. They are in a quandary.

Other industries were just beginning to feel the effects of the walkout. Business was posted at the big Huntington, W. Va., shops of the coal-carrying Chesapeake and Ohio Railroad.

In Chicago, an Illinois Central spokesman said approximately one-third of its traffic is coal. It predicted no layoffs but said some train crews would have to wait longer between runs.

Yesterday an excited policeman burst into the jurist's chambers. It seems Judge Welsh had forgotten his daily gift and the policeman's horse refused to pass the federal building entrance until properly sugared.

RED TAPE TASTES GOOD London, March 17 (AP)—The British Board of Trade wrote a Southampton firm which had filed a license application.

"Please repeat the particulars of the items on page four. Unfortunately, the rats have eaten the application."

Vet Spurns Apartment Offers While At Hotel New York, March 17 (AP)—Offers of apartments are trickling in steadily but Ex-GI Richard Cox is turning them down because they don't meet his specifications—so he, his wife and two small sons still are at the Waldorf-Astoria.

The room rent of \$12.00 a day is mounting up, but the management is being just as patient and polite with the embattled veteran as it is with the whims of its more monied guests.

A four-room up-to-date apartment for \$37.50 to \$40 a month is the dream of Cox, who is protesting fall-ups to get rooms in a veterans housing project or other desirable living quarters.

As a favor to other veterans, he is keeping a list of apartments he has turned down since he moved his wife, Eleanor, 27, and sons, Jimmy, 11-2, and unior, 11-3, into the hotel Saturday.

The hotel has been trying since Monday to persuade him to leave, but he said yesterday he still was sticking to his original plan of paying the hotel \$40 a month and sending the bill for the rest to Mayor William O'Dwyer.

While the Coxes are encamped at the Waldorf, the mayor is in California, recuperating from a recent illness.

Some of the apartments offered are much better— but somewhat more costly—than the \$18-a-month cold-water flat in Brooklyn that the Coxes left for their present fashionable surroundings.

Strikes In Meat, Coal Who Are Involved, And What The Strikers Want; The Public Will Feel Their Effect If Strikes Continue For Long; Coal Supplies, Especially, Said To Be Low

By JAMES MARLOW Washington, March 17 (AP)—This is an ABC on the nation's two big strikes: meat and coal.

You'll feel them, if they last long enough. Meat—the strike started yesterday morning.

Striking—100,000 CIO meat workers across the nation. Affected—all the big meat packing plants, many smaller. About 140 altogether.

The CIO wants a raise of 29 cents an hour. The companies offered 9 cents an hour.

The CIO said it would take 9 cents an hour right now and then let the difference between 9 cents and 29 cents be arbitrated. The owners said no to arbitration.

(Arbitration means both sides would agree on some outsider and let him decide whether the CIO should get more than 9 cents, and how much.)

About 150,000 other meat workers recently settled for a 9-cent raise. They're members of AFL or independent unions.

Those 150,000, since they've settled for 9 cents, are expected to stay on the job.

Other arrests have been for vagrancy, begging and drunkenness. He has never served more than 45 days on any one sentence. (AP Photo.)

ERP Debate By House Leaders

Republicans Strive To Reach Agreements To Meet Deadline

Washington, March 17 (AP)—House Republicans struggled today to reach agreement on the cost, length and handling of the European recovery program in time to meet their own April 1 deadline.

Unable to agree at a meeting yesterday, the GOP Steering Committee called another huddle today to tackle these problems in the Senate-passed bill to help 16 western European nations staff off Communism.

1. Should the \$5,300,000,000 authorized by the Senate for the first year's operation be shaved...

2. Should the whole program be put on a one-year basis as a starter, instead of following the Senate recommendation for a four and one quarter year economic assistance plan?

3. Should Congress set up an independent corporation to handle the entire program instead of giving control mainly to an economic cooperation administration headed by a \$20,000 a year cabinet-rank officer as proposed by the Senate?

Steering committee members reported "sharp cleavage" on all three points, with the Foreign Affairs Committee, which is drafting the legislation, also undecided.

Assistance For Family Offered After Tragedy

Charlotte, N.C., March 17 (AP)—Offers of assistance came today to the destitute family of a 10-year-old girl killed by a switch engine yesterday as she huddled from the rain in a Charlotte underpass.

Mamie Lillian Duncan was buried today in a grave donated by a cemetery. Her father, sister and brother, with whom she had traveled for five days in North Carolina and South Carolina as they sought work, attended the services in new clothes given by the Salvation Army and Charlotte residents.

The father, Henry D. Duncan, 54, of East Marion, N.C., said he had an offer to work here and a room for himself, Hazel, 17, and Alvin, 11. And checks and cash for the family came to the Salvation Army home where they are staying temporarily.

Convict Women Of Burning Dog

Gastonia, N.C., March 17 (AP)—Judge L. B. Hollowell today convicted two women not placing a chlorine solution on a German Shepherd and setting it afire.

Mrs. Bessie Snider, 39, was sentenced to 90 days in jail. She appealed and bond was set at \$300.

Mrs. Maude Hawkins, 52, was given a 30-day suspended sentence, fined \$50 and costs. Her appeal bond was set at \$100.

BALENTINE FILES Raleigh, N.C., March 17 (AP)—Lt. Gov. L. Y. BALENTINE filed with the State board of elections today to enter officially the race for the Democratic nomination for Commissioner of Agriculture.

Five-Power Pact Terms Mutual Aid Announced

Military And Economic Cooperation Are Basis Of Fifty-Year Alliance

London, March 17 (AP)—A newly formed Western alliance of Great Britain, France, Belgium, The Netherlands and Luxembourg pledged today mutual military aid if any one of them is attacked.

The terms of alliance, embracing economic as well as military cooperation, were made public in the capitals of the five nations as their foreign ministers formally signed the pact in Brussels.

The 50-year treaty, forged last week in an atmosphere darkened by the westward advance of Communism, called for quick action to put its objectives of common security and economic recovery into operation. The treaty made partners of the five nations.

The treaty ordered formation of a "consultative council" to operate on a continuing basis.

The council is to meet immediately "to consult with regard to any situation which might constitute a threat to peace x x x."

The treaty's fourth article was the crux of the agreement. It said: "If any of the high contracting parties should be the object of an armed attack in Europe, the other high contracting powers will, in accordance with provisions of Article 51 of the Charter of the United Nations, afford the party so attacked all the military and other aid and assistance in their power."

The five powers did not mention Russia by name.

The text did specify that the consultative council would determine "steps to be taken in case of a renewal by Germany of any aggressive policy."

Significantly, the treaty added: "Or with regard to any situation constituting a danger to economic stability."

In seven points of the preamble to the treaty, the five Western democracies pledged themselves to work together "in maintaining international peace and security and in resisting any policy of aggression."

No Intention To Drop Tax Plans

Washington, March 17 (AP)—Senate finance leaders indicated today that President Truman's message won't change their plans for an income tax cut this year.

Rep. Doughton of North Carolina, senior Democrat on the taxwriting Ways and Means Committee, said, however, that if Congress is going to adopt the President's program "we are going to have to take another look at the tax bill."

DAY FOR THE IRISH

Lawrence, Mass., March 17 (AP)—St. Patrick's Day (AP)—Commissioner of Public Safety Louis J. Scanlon today announced the promotion to lieutenant of these police sergeants:

George C. Sweeney, John J. Casey, Michael F. Shea, John F. Lynch.

OPEN AIR COURTS

Tokyo, March 17 (AP)—Tokyo police set up open air courts on busy downtown streets today, to slap instant fines on jaywalkers, two-on-a-bike riders, reckless drivers and speeders. Fines ranged up to 3,000 yen (\$60). A few officers were taken to jail.

Veteran's Family "Home" At Waldorf

Ex-GI Richard Earl Cox, former newspaper photographer from Chattanooga, Tenn., and his wife, Eleanor, prepare their children for bed in their room in New York's Waldorf-Astoria hotel. The \$63.50 per week army civilian employe and his family walked into the hotel and registered for the \$12.00 per day room in his solution of a tough housing situation. He said he would pay \$40 per month for the room and send the rest of the bill to Mayor William O'Dwyer of New York because the city did not provide his family with quarters in a veterans' housing project. Claim Interim Aid Rescued Europe

Marshall Plan Nations Say Collapse Staved Off By U.S.

Paris, March 17 (AP)—Short term aid from the United States prevented serious collapse in Europe, Representatives of the 16 Marshall plan nations said today.

The interim aid, they said in an official report, enabled stricken countries to pull through. The report added: "This aid was designed with limited objectives and could not modify the situation as a whole."

The French version of the report used the word "brutal" to describe the threatened collapse. The official English translation changed the word to "serious."

One high American official here named France, Austria and Italy as nations rescued by more than \$500,000,000 (million) spent in interim aid.

He added that if these three countries had gone under their would have been no reason to spend the \$5,300,000,000 (billion) now planned as the first year's expense in saving the economic lives of 250,000,000 (million) Europeans under the Marshall plan.

The report said recent developments confirmed forecasts of both the American government and the committee of European economic cooperation (CEEC) and demonstrated that without external aid the economic situation of the European continent would continue to deteriorate.

Meat Tie-Up Is Under Scrutiny

Chicago, March 17 (AP)—The day-old strike of 100,000 CIO Meat Packing Workers came under the official scrutiny of a presidential fact-finding board today.

President Truman, whose earlier pleas to delay the walkout were rejected by union officials, named the board yesterday. It was the first procedure under the Taft-Hartley Labor Act designed to end strikes that imperil the nation's health and safety.

The meat strike, which halved the nation's meat production, may provide a major test of the new labor law.

The three-man board planned its first meeting in Chicago today to begin investigating the wage dispute which led to the work stoppage in about 140 of the nation's major and independent packing plants.

The striking union, CIO United Packing House Workers of America, promised President Truman "every possible cooperation" with the fact-finding board. Similar cooperation was promised by one of the major packing companies.

The board named under a provision of the Taft-Hartley Act has until April 1 to make a written report covering the facts of the dispute to Mr. Truman. It will not make recommendations but after the board reports the President can ask the attorney general to seek an injunction to end the strike.

Prepare Launch New Bond Drive Fight Inflation

Washington, March 17 (AP)—The government prepared today to launch a new attack on inflation with a nationwide security loan drive.

Plans for the offensive — to be staged April 15 through June 30 — will be mapped at a three day conference starting here tomorrow.

The Treasury said today the main emphasis will be directed toward enlisting a vast army of volunteer bond salesmen like those who put over the wartime bond campaigns.

President Truman suggested a stepped-up campaign of bond sales last August as a two-point anti-inflation action that would:

Big Powers Try Again Tonight To Find Answers

Already Have Gone Beyond Time Limit Set For Solution Palestine Split

Lake Success, March 17 (AP)—The big powers will meet tonight for another effort to unscramble the Palestine situation.

They already have run over the 10-day limit set March 5 when the United Nations Security Council asked them to work on the problem.

Their primary goal is to find some way of carrying out partition of the Holy Land, bitterly opposed by the Arabs.

So far, delegates of the United States, Russia, France and China have discussed conciliation, a truce and a finding that the Palestine situation is a threat to world peace.

Debate will be continued (about 6 p.m. EST) after today's Security Council session on Czechoslovakia.

Yesterday delegates held a morning meeting in New York City and a night meeting here with these developments:

1. At the first session a U.N. press officer said the U.S., Russia and France had agreed in principle that there is a threat to world peace in Palestine through continued infiltration of hostile elements across the borders of the Holy Land. China refused to go along on the ground that such a finding was premature and that it laid all the blame on the Arabs rather than bringing out that the Jews also were fighting. Britain boycotted the meeting as usual.

2. Shortly before the second session, Russia's Andrei A. Gromyko said he "misunderstood" that a later meeting was planned. He said he had another engagement and left.

3. France withdrew its approval of the threat-to-peace resolution on the ground that it was premature. The U.S. and France attempted to meet Chinese objections. The result, a U.N. press officer told newsmen, is that the earlier resolution is no longer under direct discussion, that a whole new approach to the threat-to-peace issue is in prospect; and it is an open question now whether any delegates agree.

The newest deadline for the big power report to the Security Council is Friday morning.

Wallace Takes Solons To Task

New York, March 17 (AP)—Henry A. Wallace called on leaders of Congress today to "quell the war hysteria" which he said is being "fanned" by the Truman Administration to bolster the President's chances for re-election.

The third party presidential aspirant made public telegrams which he sent to congressional committees declaring that the "people look to the Congress for calmness and sanity."

Odds In Palestine War

An Analyst Weighs The Chances Of Jews And Arabs; Two Plans Of Campaign; Fight For Communications; What It Will Take To Win; Factors Involved In Victory

By J. M. LONG Jerusalem, March 17 (AP)—The Arabs talk of victory in Palestine in a single, overwhelming onslaught. The Jews speak of a long-drawn, hard campaign to win the state the United Nations mapped.

But what they really mean is that the Arabs hope to win eventually by ceaseless guerrilla tactics which would block the Jewish state from ever coming into actual being—and the Jews hope to clinch victory in quick, decisive blows.

In weighing the chances both sides admit two common factors:

1. That the full scale fight cannot begin until the British pull out, presumably May 15; and (2) that developments yet unforeseen probably will keep the withdrawal from being clear-cut, leaving the British army a still-unknown influence upon the outcome.

Several other conclusions seem warranted by the facts:

1. When the fighting ends it probably will not be upon the frontier mapped at Lake Success—the Jewish state either will take in virtually all Palestine or only a thin coastal enclave from Tel Aviv to Haifa.

2. Neither side anticipates that an international, U.N. enforcement army ever will be sent here.

3. There still is room to believe that a solution by compromise may be found, after some fighting and bloodshed, although at this moment neither side is willing to discuss terms short of total victory.

The Arab plan of campaign is: 1. To wipe out the several score strong Jewish settlements in the mixed Arab-Jew rich farmland country around the Sea of Galilee by attacks from three sides—across the Syrian border from the north, across the Transjordan frontier from the east, and up from the south from the Nabulus-Tulkarm-Jenin triangle already complete Arab control.

2. To seal off the Jewish settlements of the south by cutting and standing astride the only two roads of communication, one through Gaza and the other through Beer-sheba. This is to be done from the northeast by forces now centered around Hebron, and perhaps from the south by Egyptian Arab volunteers crossing from the Sinai desert peninsula.

Dublin Jammed For Celebration

Dublin, March 17 (AP)—Thousands of shamrock-wearing soldiers foisted through Dublin's streets today in the biggest St. Patrick's Day celebration since before the war.

Detachments of all branches of the Irish services marched through the festive city as Irishmen paid tribute to the country's patron saint. Formations of fighter planes dipped in salute over College Green, when President Sean O'Kelly reviewed the parade.

Irish folk crowded churches, and President O'Kelly and his cabinet were in state to high mass.

March 17, 1908  
James Evans came home Tuesday from the University of Chapel Hill, being on the sick list.  
It doesn't cost much to look at a shad, but it is different if you undertake to eat one.  
The first day and a half of the present term of court five divorces were granted.  
Rooms rented for \$5 per month.  
Congress has voted to put the motto "In God we trust" back on our money.  
There is talk of Greenville soon getting some automobiles. No doubt this is in anticipation of paved streets.

**Attention Lydia Wooten Class**  
The Lydia Wooten class of the Methodist Church will meet in the Ellington Bible classroom at the church, Friday evening at 8 o'clock, instead of with Mrs. John Askew. This will be a party for Edna Clark of the Methodist Orphanage, and each one is asked to bring a gift for her.

## Rehearsals Begin For "Follies" With Bloom As Director

Rehearsals for the presentation of the East Carolina Teachers College Veterans Club's "Follies of 1948" are in full swing on the college campus here. Approximately 150 students are being put through their paces nightly by Eli Bloom, Greenville attorney, who is directing the production. The show is a follow-up of last year's successful "Dixieland Minstrel," which was also presented by the Veterans Club and directed by Bloom.

The show is tentatively set for April 6 and 7 in Austin auditorium at the college. It will feature beautiful girls, popular songs, new and original jokes and a number of individual skits.  
Assisting Bloom in training the cast are Mrs. Marie Wallace, local dance instructor and Miss Rosalie Brown of Greenville, who is assisting with music.

**COLLEMAN KIWANIS SPEAKER**  
Don H. Conley, program chairman for this week's Kiwanis supper meeting, announced today that Dr. Coleman of the faculty of East Carolina Teachers College will be the speaker Friday evening at 6:30. In addition, Miss Virginia Belle Cooper will present a musical program.

## Messick Speaks Before Chapter AAU Women

Election of new officers and an address on "Education of Women in the United States" by President John D. Messick of East Carolina Teachers College were the chief events of the meeting of the Greenville Chapter of the American Association of University Women held at the college here on last Monday evening.  
Neil Stallings, faculty member of the health and physical education department at East Carolina, was elected president of the organization and Mrs. D. L. Moore was chosen recording secretary.

Beginning with the early settlers of this country, whose idea of education for women was that they should not "muddle in such things as are proper for men whose minds are stronger," Dr. Messick told of the opening of elementary and secondary schools to girls; the rise of the academy, such as that at Salem, N. C., and the admittance of women to Colleges for men and the founding of colleges exclusively for women. Entrance of women into schools of medicine, law, theology, and technology gave women new opportunities, he said, which were increased with the opening of graduate instruction to women in institutions of higher learning.

"In a very short time," he said, "women have come a long way." "It must be admitted that there are even now a large number of people who consider women mentally inferior to men. In too many cases institutions of learning have failed to meet completely the special requirements of girls. In too many cases education for social responsibility has been neglected where girls are concerned. But the education of women is still advancing. Standards have been raised that will never be lowered."

## Merchants To Plan Promotional Events

The Greenville Merchants Association Trade Promotion Committee will meet in the association's offices in the City Hall Thursday morning at 10 o'clock to discuss and plan future trade promotional events. Charles E. Blair, chairman of the committee, will appreciate suggestions.  
Members of the committee are Charles R. McBrayer, C. A. Plyler, C. A. White, R. C. Duffin, R. F. Thompson and N. I. Bowden.

In the Middle Ages, beer was the chief breakfast drink.

## Junior Chamber To Hold Meet Thursday

The Junior Chamber of Commerce will hold its bi-monthly supper meeting at the Old Towne Inn Thursday night at 6:30. President B. E. Sugg, Jr., will preside.

An important matter of business to be considered concerns the proposed air show to be held at the Greenville airfield on Sunday, April 4.

The ticket committee for the North Carolina Symphony concert to be held here in April reports fair success in selling tickets. The Jaycees hope to sell out the house for this important musical event.

The Junior Chamber of Commerce directors will meet at the Old Towne Inn Thursday afternoon at 5:30.

## MOVIE OF SCHOOL

Raleigh, N. C., March 17—(AP)—The executive committee of the N. C. State College Alumni Association has voted to make a technicolor movie of the school and its history. The film will be about 13 months in the making, said H. W. Taylor, Association executive secretary.

## Rev. Levi Humbles Died Duke Hospital

The Rev. Levi W. Humbles, 56 of near Walstonburg, died at Duke Hospital Monday afternoon following several weeks of serious illness. Funeral services were held from the home this afternoon at 2 o'clock, conducted by the Rev. D. W. Alexander, Free Will Baptist minister of Bethel, assisted by the Rev. Key W. Taylor, Methodist minister of Walstonburg. Burial was in Hollywood cemetery, Farmville.

Surviving are his wife, the former Lula Wooten, a daughter, Grace teacher in the Youngsville School a son, Joseph of the home a brother, S. A. Humbles of near Greenville and two sisters, Mrs. Bessie T. Byrd, and Mrs. Alfred Grimale of Ormondville. The Rev. Mr. Humbles attended the Free Will Baptist Seminary in Ayden and was an ordained Free Will Baptist minister over a period of years. He held pastorates in several churches of surrounding counties. During his later years he farmed and was Sunday school superintendent and teacher of the Men's Bible Class at Howell's Swamp Free Will Baptist Church of which he was a member. He was a member of the Farmville Tribe of Red Men, members of which, together with his Sunday school class, will serve as honorary pallbearers.

### Rate Sluggers Ease Johnson

...ing behind a broken nose, Coach Jim Johnson, ECTC hall mentor, has expressed satisfaction at the early season batting shown by approximately 35 sluggers, who have been at work for the past two weeks. He only casually in camp, Johnson was struck on the nose by a throw while putting his boys through their first infield drill. With the exception of Garlan Litton, outstanding '47 southpaw, and Bill Cayford, shortstop, Johnson, all of last year's squad back is strengthened considerably by several promising newcomers. Frankuzzi, a half-pint shortstop from Chester, N.Y., and Jack Waldorf of Bath are the two men in for the vacant shortstop position.

### Suspend Boxing Bouts In Illinois

Chicago, March 17—(AP)—Repercussions of the ring death in Chicago last month of Sam Baroudi were capped today by suspension of professional boxing in Illinois for 23 days. The shutdown was asked by Gov. Dwight H. Green yesterday and commission chairman Shelton Clark said the request was accepted in "complete accord." The commission meet tomorrow to act formally on the matter. "The 23-day suspension will give us time to put into effect methods of tightening up the boxing code," said Clark. The move climaxes criticism of pro boxing stemming from the death on Feb. 21 of Baroudi, 20-year-old Akron, O., boxer, after his 10th round knockout by Ezzard Charles of Cincinnati. The ban will be lifted April 7, date of the Chicago stadium benefit to raise \$10,000 for Baroudi's parents. The bout will be between Charles and Elmer (Violent) Ray of Minneapolis. The only major boxing show affected by the ban is the 10-round bout between Ray Robinson, world's welterweight champion, and George Abrams of New York, which had been scheduled for the international amphitheater March 31.

### Loop Considers Two New Entries

Baltimore, March 17—(AP)—The Mason-Dixon Conference will consider membership applications from Roanoke and Lynchburg colleges in Virginia and the University of Baltimore at a meeting here April 4. The loop now includes Hampden-Sydney, Randolph-Macon, Bridgewater, American U., Catholic U., Gallaudet, Loyola, Johns Hopkins, Delaware, Mount St. Mary's, Towson, Washington and Western Maryland.

### Sarazen, Hagen Head Up Tourney

Virginia Beach, March 17—(AP)—Gene Sarazen and Walter Hagen were announced today as the non-playing captains who will be the master minds of the Cavalier Specialists Golf Tournament here April 17. Gene and "The Hag" will select the specialists to play each shot in the two-ball, 18-hole match being staged as a part of the \$10,000 tournament here April 16-18. Members of the teams are being selected in a poll of the Golf Writers Association of America.

### St. Louis, NYU Battle Tonight

New York, March 17—(AP)—St. Louis University and New York University, two of college basketball's "runningest" teams, battle this St. Patrick's night in the Invitation Basketball Tourney finals at Madison Square Garden. At stake will be a place in the Olympic trials, and with the odds-makers calling it even-up, it looks like the "luck of the Irish" might determine the winner.

### How Fast?

Warsaw, March 17—(AP)—U. S. Ambassador Stanton Griffis today offered a pair of nylon to the Pole who sets the speed record in a Communist-backed police athletic meet here next week. "I want to see how fast a Communist can run," he said.

### Spring Football Practice Opens At Notre Dame

South Bend, Ind., March 17—(AP)—This being St. Patrick's Day the Fighting Irish of Notre Dame appropriately opened spring football drills. Among the wearers of the green were such fine Fighting Irish as Mike Swistowicz, Red Sitko, John Panelli, Frank Tripucka and others. Coach Frank Leahy, surrounded by nearly 150 big bruisers refrained from being too optimistic about Notre Dame's 1948 chances. Twenty-five lettermen swarmed around the coach, smiling and playfully pawing each other for benefit of the press photographers. Leahy conceded that Notre Dame will be able to field a team next fall, although he lost 12 monogram winners by graduation. "But I'm afraid we'll take some bad beatings," he jovially added. Notre Dame won only nine games last year. That's all it played.

### Cadets Coach Is Tapped By Yale

New Haven, Conn., March 17—(AP)—Herman Hickman, "The Little Giant," from Tennessee, is Yale's new head football coach. Ending a long search for a successor to Howie Odell, Robert J. H. (Bob) Kiphuth, Eli director of athletics, announced Hickman's appointment late yesterday. Odell resigned in January to become head coach at the University of Washington. The massive Hickman, who gained his nickname because of his avoirdupois, thus departs from the U.S. Military Academy at West Point to undertake his first assignment as a head coach.

### FOUND BABY PILLOW

A baby's pillow was found by a pedestrian on Third street, near the Reflector office yesterday afternoon. Apparently it dropped from a baby carriage. The owner will find the pillow at the Reflector office.

### Strikes In . . .

(Continued from Page One) royalty of 10 cents a ton. Van Horn says it can't. He says the plan would mean about \$33,000,000 in pensions the first year, or \$3,000,000 more than is in the fund now. Lewis argues that the pension plan would cost only \$10,000,000 to \$15,000,000 the first year. "There was a third member of the board, Thomas E. Murray. But he quit in January with a blast at both Lewis and Van Horn. He said they refused to budge on their opposite pension views. Yesterday Van Horn asked Lewis to let a federal judge name a new, third member to the board. But Lewis turned down this idea once before. "The miners started being "unwilling" to work after Lewis told them the mine owners had "dishonored" their contract. Meaning: the owners wouldn't agree on his pension plan. The contract was signed last July; it runs until June 30. Van Horn says Lewis is asking for pension benefits for a lot of miners not entitled to them. Roughly, he figures about 28,000 miners would be eligible for a pension under Lewis' plan. Meanwhile, the government says coal supplies are pretty low.

### Odds In . . .

(Continued from Page One) flatland—a position both sides have likened to Anzio beachhead. At its successful utmost, this plan of tactics would reduce the Jewish state to wedge-like coastal enclaves around Tel Aviv and Haifa, with perhaps one endangered road of coastal contact. Few Arabs actually expect ever to be able to reduce this coastal position, with its seaborne supply. But they believe that by squeezing the Jews down to a two-city state, itself under siege, they will have invalidated partition and forced a new, different solution. Jewish military commanders plan to meet this strategy by attack of their own—since defense could not easily hold the Jewish position. This is the attack which they hope will prove decisive. Blows, if possible from three sides against the Arabs' main concentration in the Nabulus-Tulkarm-Jenin triangle. That requires that Haganah retain control of the Tel Aviv-Haifa coastal road; that it holds Jerusalem as a striking base for attack north against Ramallah and Nabulus; and that it keeps control of the broad valley of Esdraelon—the armageddon of the Old Testament—for attack against Jenin and Beisan. Haganah's commanders expect that in this triangle Arab armies can be dealt the blows that would.

## Strength FOR THE DAY

**THE GREAT MIRACLE**  
"Wherefore if any man is in Christ, he is a new creature: the old things are passed away; behold, they are become new."

How true this has been found by everyone who has experienced the regenerating power of the Holy Spirit. When a man accepts Christ as Lord and Savior, he finds his life not simply improving but fundamentally transformed. He becomes a new creature. The things that he formerly loved have passed away, and new interests have come in to take their place; even the best things of life are now suffused with a new glory. Dwight L. Moody declared that when he was converted, not only was his inner life illuminated in a dazzling fashion, but the very appearance of Boston Common, across which he walked, was gorgeously transformed. The reason for this is that all things are of God; and such being the case, when we yield our hearts to Him, we come to see the whole of life in its proper relation to the Creator. "God was in Christ reconciling the world unto himself. . . . On this great fact the hopes and aspirations of millions are founded. The greatest thing God ever did was not to make the world, but to make clean and righteous again the heart of a sinner."

### THE IRISH IN US

Today is the day for the sons of St. Patrick; and if it were possible to count the proud wearers of the Green, the good saint himself would be surprised at how many more there are in America than in old Erin.

It could happen only in America, where people with names like Olafsen, Johansen, Gieger, Versowsky and Cornachio, display the shamrock color with the same fervor as the O'Reileys, Sullivans and McCloskys.

Our people are the greatest mixtures of nationalities that have ever been assimilated under one flag. But the Irish strains are forever apart; they have a heritage not easily forgotten.

### MAKE IT WORK

The United Nations was formed to prevent war, to promote peace and understanding among all peoples.

Its successes have been so few, and failings so many, that it is time to consider whether that organization can ever be effective under the procedure by which it is now run.

Inability to enforce decisions, and much worse, inability to accept or reach solutions to crucial questions, seem to be the principal stumbling blocks. Inaction has been discouragingly obvious.

Under duress, strange alliances were formed in a united effort to defeat the Axis; under duress, five European powers have prepared a union which might never otherwise have come about; under duress, sixteen nations have drawn up an accord for mutual aid, which in other times would have been impossible.

**1310 EVANS STREET**  
Is The New Home Of  
**City Plumbing Co.**

Under duress, the United Nations can be made to work; but will its members recognize in time, the crises to which their stumbling in the dark has brought them?

## Rocky Mount Girl Chosen "Student Nurse Of 1948"

By CHESTER WALSH

At the Eighth District meeting of the State Nurses Association at the Woman's Club Tuesday, Lorine Moore of Park View Hospital, Rocky Mount, was selected to represent the district in the state-wide contest for "Miss North Carolina Student Nurse of 1948."

She is a native of Red Oak. She will represent the district at the state contest in Raleigh on April 29, when Kay Kayser will be one of the judges.

The other contestants were Martha Brantley Dunn of Carolina General Hospital, Wilson; Lida Grey Bisette of Woodward Herring Hospital, Wilson; and Louise Devereaux of Roanoke Rapids Hospital. Emily Morton of Wilson, district president, presided. The meeting was sponsored by the Greenville Nurses Club. Pearl Dixon, president, welcomed the assemblage.

Miss Moore, senior student nurse, was selected on the basis of personal appearance, aptitude for nursing, spirit of service, personality, scholastic standing and leadership. All of the contestants received votes. The judges were Dr. J. L. Winstead, O. E. Dowd, school principal, Mrs. J. Vance Perkins, recreation director; Mrs. Cora S. Powell, Merchants Association; Mrs. Ernul Willis, Junior Woman's Club; Mrs. John Warner, and Chester Walsh, newspaperman. Charles Whedbee of radio station WGTC was master of ceremonies and made the announcements.

Miss Moore, 21, the winner, a striking brunette, has an excellent record. She is from Red Oak. She graduated from the high school there in May, 1944. She ranked in the upper third of her class, having attained an average of 95. She received numerous awards—scholarship medals, one for each of the four high school years. She also won the Charles Palmer Davis Current Events Award. During her entire four years in high school, her conduct and attitude were excellent. As she was too young to enter a nursing school that fall, she was enrolled in the February class at Park View Hospital School of Nursing, Rocky Mount, the following year as a cadet nurse. Not only was she a good student, the record shows, making an average of 93 in her class work, but a splendid nurse, keenly interested in her work, conscientious and reliable at all times, showing good judgment and common sense. She has a capacity for directing others in their work as well as being a leader in student activities. As for personal appearance, Miss Moore shows good taste, is always well groomed, and in her uniform she is always trim, her superiors state.

Those selected as the nine district contestants in the "Miss North Carolina Student Nurse, 1948," are scheduled to make talks at colleges and high schools in their areas, emphasizing the value of nursing as a profession.

## Announce Potato GOP Dinner To Support Prices Set Off "Fight"

Raleigh, N. C., March 17—(AP)—U. S. Department of Agriculture officials today announced basic support prices for the 1948 early and intermediate Irish potato crops ranging from \$2.90 to \$2.65 per hundred weight.

From the start of the season through June, the price will be \$2.90; through July \$2.75; and through August, \$2.65.

These prices are for U. S. No. 1 grade potatoes packed in new burlap and cotton bags and loaded P. O. B. through carrier in carlots and trucklots at North Carolina shipping points.

Prices for potatoes of U. S. No. 1 grade size B and No. 2 grade, 1 7-8 inches minimum diameter are 50 per cent of the support prices for U. S. No. 1 officials said.

G. T. Scott, State director of the production and marketing administration, said these prices reflect 50 per cent of parity as of last Jan. 1. To be eligible for price support, he said, producers must comply with acreage goals, pay a service fee in connection with eligibility establishment and sell their ungraded potatoes—U. S. No. 1 grade size B, U. S. No. 2 grade, or cull potatoes—only to contracting dealers, the department, or to designated, government-approved outlets.

## Few Candidates Are Pro-Truman

New York, March 17—(AP)—The New York Times says a roll of 14 Democrats who will be running for Senate seats in 1948 shows that only three are "willing to stand up and be counted as pro-Truman candidates."

The Washington story by Clayton Knowles says that 13 of the 14 men questioned are incumbents, 10 from the deep South. The other is Secretary of Agriculture Clinton P. Anderson who will seek the Senate seat being vacated by Sen. A. Hatch of New Mexico.

The Spaniards introduced billiards into the United States in 1568.

## Finds Africans Like All Music

Los Angeles, March 17—(AP)—Bach, Beethoven, Boogie—the bushmen of the dark continent like all music. Says Laura Boulton, UCLA music instructor just returned from her ninth expedition to primitive lands.

"The African natives' whole life is intimately bound up with music. Everything they do is to the accompaniment of some rhythm."

Mrs. Boulton combed primitive territory from Cairo to Capetown recording little-known native songs and dances, and her expedition took her from the Belgian Congo through Portuguese West Africa, Southwest African Zululand, Swaziland, Bechuanaland and Basutoland.

"They think their music is better than most of our jazz," Mrs. Boulton told reporters, "but they like our boogie-woogie and they are simply crazy about symphonies. They employ the free-wheeling manner of jazz, one man picking up a note from another and improvising upon it. They create more rhythmic patterns than we do, and their drum playing is much superior to ours."

One night she had her short wave set playing a program of symphony music.

Slowly, the Bushmen crept out of the jungle edging toward her tent. They listened for a while, enraptured. Then, in perfect timing, they began to dance to the seventh symphony of Beethoven.

## Fountain GI Is Preparing Self Enter Seminary

Wiesbaden, Germany—(AP)—The dream of a 27-year-old Air Force soldier in Wiesbaden who seeks to enter a Seminary College with only a sophomore high school education is none the less about to come true, as a result of his three years of study with the U. S. Armed Forces Institute (USAFI).

Sergeant Marvin Webb of the 501st Air Service Group in Wiesbaden—and Fountain, N. C.—who studied his first USAFI course in 1942 during off-duty hours in the far-Pacific, today can proudly display over a dozen USAFI Certificates of Completion with recommendations from USAFI and civil educational authorities that he is issued a high school diploma.

The "GI Professor Quiz" who believes his age is a mild-mannered person who remembers wanting to join the ministry ever since a belated baptism at the age of six. Present overtures for entrance to a seminary college look bright as Webb optimistically picks Wake Forest College as the most promising.

Facing discharge and perhaps a college entrance exam late this fall, Sergeant Webb continues USAFI studies while performing duty as a Troop Information and Education lecturer. Currently he works on USAFI courses 15 and 16, titled: "EM 428, Biology and EM 428, Psychology and Life."

## Markets Seek New Sales Date

Washington, March 17—(AP)—Representatives of four North Carolina middle belt tobacco markets are attempting to open their annual sales earlier this year.

Such a move was disclosed here yesterday when Charles E. Gage, chief of the tobacco section of the Department of Agriculture, said that a group representing Fuquay Springs, Carthage, Sanford and Aberdeen had called on him.

## Hog Market

Raleigh, Mar. 17—(AP)—(NCDA)—Hog markets stronger; tops of \$21 at Rocky Mount, Greenville, Smithfield, Mt. Olive, Goldsboro, Washington, Pantego, Clinton, Warsaw, Lumberton, Chadbourne, Fayetteville and Florence, S. C.; Richmond, Va., \$21.50.

## Poultry and Eggs

Raleigh, Mar. 17—(AP)—(NCDA)—Egg prices steady. A large 44; fryers and broilers steady at 40.

## N.Y. Cotton

New York, March 17—(AP)—Cotton futures opened 5 to 40 cents a bale higher.

Non prices were 40 cents to \$1.40 a bale higher than the previous close. May 34.32, July 33.62 and October 31.04.

(Continued From Page One) action always involves risk.

He said his recommendations at this time for action represent "the most urgent stab towards securing the peace and preventing the war."

The President stressed that the United States will continue to support the United Nations and will try every possible method of reaching international accord.

## Colored News

The Sophisticated Aces Club met at the home of Mrs. Bertha Savage, 212 Short street. The meeting was called to order by the president, Herbert Whitchard, and was led in prayer by McKinley Smith, the chaplain. After business had been discussed the meeting was adjourned by the president and refreshments were served by the hostesses, Miss Annie L. Harris, Miss De Lois Brewington and Miss Elaine Little.

We were first served a delicious cocktail and then a buffet dinner. After dinner we were invited to the club Tropicana by our host, Nathaniel Corbitt. There we had a round table discussion on what we as individuals could do to better our race. We had a talk from James Pollard, who has done quite a bit of traveling in his life. He gave us some very fine points on what we must and can do to better ourselves as well as our race. After the discussion was invited out to the West End tea room where we were served hot spice tea.

The next meeting will be held at the home of Alexander Carr, 1113 Pitt street, Sunday, March 24, at 6 p. m. All members are urged to be present.
