

Violence Breaks Out In Italy As Election Nears

One Person Killed, Ten Said Injured As Disorders Mar Uneasy Truce

Rome, March 20—(AP)—One person was reported killed and 10 were wounded near Naples yesterday when Communists fought young Government Party members.

Violence also broke out in Rome and other parts of Italy as parties speeded up their campaigning for the April 18 election. Communism is the prime issue.

The fatal clash occurred as Communists reportedly tried to break up a St. Joseph's Day parade of Christian Democratic party youths at Castellamare Di Stabia, south of Naples. When police moved in shots were fired. At least one policeman was reported wounded.

In Rome fighting started yesterday but riot squads restored order. Leftists who had just heard a speech by Communist leader Luigi Longo clashed with moderate Socialists homeward from a meeting. There were no casualties.

These incidents and reported disorders the previous night in Palermo marred the uneasy truce agreed upon by Italy's leading political parties.

Umberto Terracini, Communist president of the constituent assembly, proposed the truce last February. Signers included Christian Democrats, Communists and pro-Communist Socialists.

The pact called for the parties to respect freedom of speech for all adversaries and refrain from disturbing opponents' rallies.

Political orators took advantage of the holiday yesterday to address their followers.

In many Italian cities crowds packed theaters, auditoriums and public squares for hour speeches.

Leftist orators accused Premier Alcide De Gasperi of subservience to the United States and said President Truman was "war mongering."

Followers of De Gasperi acclaimed U. S. aid to Italy and called attention to Russian expansion in eastern Europe.

In Berkeley, Calif. yesterday, Secretary of State George C. Marshall warned that Italy if she put the Communists in power, automatically would cut herself off from American aid.

Reports Capture Of Two Convicts

Raleigh, N. C. March 20—(AP)—Reports of two prisoners was announced today by state prison inspector K. Matthews.

D. B. Johnson, Negro sentenced from Cumberland county in 1935 to 30 years for second degree murder, was arrested yesterday by New York police, Matthews said. Prison records show Johnson escaped in one 1945, from the Randolph county camp.

Willie Monroe, Negro sentenced from Columbus county in 1944 to five years for highway robbery, was picked up yesterday by police at Portsmouth, Va., Matthews reported.

They Keep Home Fire Burning

Bellflower, Ill. — (AP) — If you think your luck is bad because you can't find a home, just read this.

Hap Wallace and his family moved from Farmer City to a house here before they had finished the unpacking job, the place caught fire and burned down.

Case Of Mme. Curie

Why Immigration Officials Held Her Overnight When French Scientist Came To U. S.; Two Departments Control People Who Want To Enter Our Country

By JAMES MARLOW

Washington, March 20—(AP)—Mme. Irene Joliot-Curie got caught on a government fence. She got off it, after some hours.

Mme. Joliot-Curie, famous French scientist, came here as a visitor on a brief lecture trip. She flew from Paris to New York, arriving Thursday.

Instead of letting her right in, as with most visitors, U.S. immigration officials held her overnight.

On Friday she was ordered released by Tom Clark, attorney general. She is in now, for a couple of weeks or so.

How does something like this happen? Two departments of the U.S. government have control over people coming here:

The State Department—through its U.S. consuls in foreign countries; and the Justice Department—through its U.S. Immigration Service here.

Both check on anyone wanting to come in. The consuls are supposed to do it abroad, the immigration officers here. Government officials call this a double fence to keep out undesirable.

Truman And Dewey Meet At St. Patrick's Parade

President Truman (left) shakes hands with Gov. Thomas E. Dewey of New York, a Republican presidential aspirant, on the reviewing stand overlooking New York's St. Patrick's Day parade up Fifth avenue. In the center is John J. Sheahan, chairman of the parade committee. The President flew from Washington to view the parade and address the annual dinner of the Friendly Sons of St. Patrick. (AP Wirephoto).

Meet Deadline On Europe, China Aid

Washington, March 20—(AP)—A \$6,205,000 bill to help Europe and China hold the line against Communism passed successfully past its first House deadline today.

It includes a European recovery program, more military help for Turkey and Greece, and both military and economic aid for China.

And the drive is on for swifter action from here on. Congressional and administration leaders want final action on foreign aid as early as possible before the April 18 Italian elections—in which ERP might be one of the most potent weapons against the Communists.

For an up-to-the-minute report on conditions in Europe, the House Foreign Affairs Committee called Lewis Douglas, ambassador to Britain, into a closed door session.

The committee approved its single package foreign aid bill late yesterday, 15 to 0. That was a day ahead of the deadline Republican leaders had set for committee action.

Debate on the floor is scheduled to start Tuesday. And passage the following week—the target date is March 31—is about as certain as anything can be in Congress.

Then it will be up to Senate and House to get together on one or several foreign aid bills.

What the Foreign Affairs Committee approved in one measure is this:

- 1. For a program to help lift western Europe back to her feet economically, \$5,300,000,000 for the first year, including \$20,000,000 for Trieste.
2. For a similar program of economic aid to China, \$420,000,000.
3. For military aid to Greece and Turkey, an additional \$275,000,000, as requested by the administration.
4. For military aid to China on the same basis as for the Mediterranean countries, \$150,000,000.
The administration had asked for \$570,000,000 for economic help for China. The committee approved the total, but decided \$150,000,000 of it should be for military purposes.

Conference Feature Greensboro, March 20—(AP)—A panel discussion on cooperative training today featured the business education conference here.

Wallace Attacks Communist Label For Followers

New York, March 20—(AP)—President Truman, Henry A. Wallace said, has placed the Communist brand on all those who oppose his policies of "militarism" and "support our right for peace."

The third party presidential candidate spoke over a radio network (MBS) last night in answer to Mr. Truman's St. Patrick's Day declaration that he would not "accept the support of Henry Wallace and his Communists." His broadcast was the second on consecutive nights in reply to the two speeches made last Wednesday by the President.

Wallace accused President Truman of trying to give the impression that only Communists disapprove his policies of "supporting Fascists, kings and reactionaries around the world" and his plans to "draft our young men and militarize the country."

Unopposed state officials are Attorney General Harry McMillan, Superintendent of Public Instruction Clyde A. Erwin, and Commissioner of Insurance William P. Hodges. The Supreme Court justice is Sam Ervin, Jr. of Morganton.

A would-be visitor first must get a visa from the U.S. consul in the country he is leaving. It's a stamp of approval by the consul, saying he sees no reason to keep the visitor out.

No airline or ship can bring in a visitor without a visa. But the visa itself is no guarantee that the visitor can enter when he arrives. Immigration inspectors meet him when he lands. Then they start the second check.

Why the two fences? Why can't the full check be made by the American consul who issues the visa abroad? To this the State Department officials here say:

1. The double fence is set up by law. It gives this country the benefit of checks abroad and here. 2. The system works pretty well. Less than one per cent of last year's 350,000 visitors were turned back by immigration inspectors. A consul overseas has four main grounds on which to refuse a would-be visitor a visa: 1. That he's not really a visitor but is trying to come to stay. (Continued on Page Four)

U. S. Reversal On Palestine Stuns United Nations

Sudden Abandonment Of Partition Plan; UN Trusteeship Now Wanted

Washington, March 20—(AP)—United States sources expressed indignance today that the United Nations will accept the surprise American proposal to abandon the Palestine partition plan.

The reversal of American policy came with dramatic suddenness late yesterday. The United States now wants a temporary U.N. trusteeship over the embattled Holy Land.

Most delegates were stunned by the move and hurriedly called their governments for instructions. Russia, however, announced immediate opposition.

The Jewish Agency for Palestine called the move an "amazing reversal" and added that the Jews will resist trusteeship by force.

Arab delegates smiled and said little. They still demand one independent country in Palestine but welcomed the blow to partition.

The 11-nation Security Council will meet next Wednesday to start debate on the new American stand.

The United States was the strongest supporter of the partition plan when it was pushed through the assembly, 33 to 13, last Nov. 29. At that time the Soviet Union joined with the U.S. in one of the rare instances of American-Russian agreement within the U.N.

It was understood here that the American decision came from the White House and was of cabinet level. American spokesmen dodged queries as to the bipartisan aspects of the move.

The American statement left a loophole for the possible reinstatement of the scheme to split the Holy Land into Jewish and Arab countries by next Oct. 1. However, a high U.N. official said bluntly: "This means the end of partition."

Reports and rumors that Washington was abandoning partition have been current here for some time but in each instance the State Department has issued careful statements of denial.

Warren R. Austin, chief American delegate, presented the proposal at a private session of the Big Five powers and then to the council.

The council was asked to call the special assembly session, endorse the interim trusteeship under the U.N. Trusteeship Council and instruct the U.N. Palestine Commission to give up efforts to put through partition. The commission already has a small advance party in the Holy Land.

Austin anticipated Russian opposition but it is understood to feel that the program is veto-proof.

If the Soviet Union blocks a council call for the special session, the U.S. or any other nation can quickly ask for one and have the 57 members polled. If Foreign Minister Andrei Gromyko whips out vetoes to hold up council acceptance of trusteeship and the stand-by instructions to the Palestine commission, the council could be by-passed and the issues taken to the full assembly.

After the injunction was issued Kenneth L. Scott, Union spokesman, told reporters the Union would "wait out the next 30 days."

"We will not negotiate away the privileges won by collective bargaining. They will have to legislate them away," he said.

The company's position was stated by Thomas E. Lane, Industrial Relations Superintendent for Carbide's Oak Ridge plant.

"We hope that in the period of the next sixty days the several items now in dispute between the company and the Union will be resolved," he said.

Workers On Job At Power Plant

Asheville, March 20—(AP)—The early morning shift reported for work today at the Carolina Power and Light Company after expiration of a union contract at midnight.

Negotiations between the company and the AFL-International Brotherhood of Electrical Workers were suspended yesterday without agreement.

H. F. Adair of Charlotte, international representative of the union, gave no indication at the end of yesterday's conference as to whether a strike would be called.

Name Delegates For Conference

Raleigh, March 20—(AP)—Appointment of six delegates to represent the state at a conference in Washington on state planning for children and youth was announced today by Governor Cherry.

They are: Dr. I. G. Greer of Chapel Hill, Mrs. Ernest B. Hunter of Durham, Dean Ruth Rush of Durham, and Dr. Carl V. Reynolds, Forest H. Shuford and Dr. Ellen Winston, all of Raleigh.

The conference will be held March 30-April 1.

Babson Discusses Tax Reduction

Babson Park, Fla., March 19—Apparently everybody is interested in tax reduction with the exception of President Truman and his immediate friends. The difficulty seems to be that all hands have forgotten what is best for the country and are just playing politics.

Reducing Government Expenses Everybody with whom I talk agrees that it is possible to reduce greatly the Government expenses. This would not only save the taxpayers' money, but it would go a long way towards increasing production and lowering prices. If people now on the Government payroll could be employed to produce more goods or aid in the marketing of the same, it would be a real help in reducing the so-called inflation.

Proposes Trieste's Return To Italy, Treaty Revision

Washington, March 20—(AP)—United States, British and France today proposed the return of the territory of Trieste to Italy through a major revision of the Italian peace treaty.

The proposal was made on behalf of the American government to the Russian and Italian Embassies here at 10 a. m. EST. Trieste is an important port city and ship building center on the Adriatic sea between Italy and Yugoslavia.

Under the Italian peace treaty, Trieste was established as a free territory under the protection of the United Nations.

Today's joint announcement of the western powers said this plan for an independent Trieste is not working out very well.

It said Yugoslavia already has virtually incorporated that area of the territory occupied by Yugoslav troops.

The proposal to "place the free territory of Trieste once more under Italian Sovereignty" apparently is a major move by the Western powers in Italian political strategy. The Italians are to hold a national election April 18 with a Communist bid for power the big issue.

The Western powers' decision to propose return of Trieste to Italy was attributed to main causes:

1. "Discussions in the Security Council have already shown that agreements on the selection of a governor (for Trieste) is impossible." The peace treaty provides that a Government for the new free territory should be chosen by the U. N. Security Council.

2. The three powers "have received abundant evidence to show that the Yugoslav zone has been completely transformed in character and has been virtually incorporated into Yugoslavia by procedures which do not respect the desire expressed by the powers to give an independent and Democratic status to the territory."

The joint statement reviewed the compromise agreement between the Western powers and Russia more than a year ago by which the free territory of Trieste was created and then concluded: "The government of the United States, United Kingdom and France have therefore decided to recommend the return of the free territory of Trieste to Italian Sovereignty as the best solution to meet the Democratic aspirations of the people and make possible the reestablishment of peace and stability in the area."

Inasmuch as the Security Council has assumed the responsibility for the independence and territorial integrity of the free territory of Trieste, the government of the United States, United Kingdom and France will submit to the security council for approval the arrangements to be jointly agreed upon."

Gain Recruits

Washington, March 20—(AP)—Senate Republicans gained new recruits today in their drive to cut income taxes \$4,500,000,000.

Announcement by Senator Morse (R-Or.) that he intends to vote for the bill left little doubt the Republicans would line up solidly for it. And more Democrats pledged their support when the showdown comes on Monday.

The Senate agreed last night to vote on any remaining amendments and the bill itself starting at 5 p. m. (EST) Monday.

Weather Is Key To Crop Outlook

Washington, March 20—(AP)—The weatherman holds one key to how well you'll eat in the year ahead, farming experts say.

An Agriculture Department survey made public yesterday shows farmers are ready to produce big crops—if they get good weather.

Spring has been slow arriving in most sections of the country. Severe winter weather last week left a large part of the United States under a blanket of snow. It will take time for fields to dry. The department said spring hay planting already is delayed in the south.

Last year's spring floods and a summer drought cut farm production, particularly of livestock feed. That's the main reason for declining meat supplies now.

This year farmers are intent on refilling empty feed bins. The first step toward putting more meat on the nation's tables. They plan to plant feed grains on three per cent more land than last year, the survey showed.

The indicated corn acreage is about equal to last year's small acreage. But it is offset by larger acreages of oats and barley—grains which will supply feed in the fall before corn is ready.

The department said a 3,000,000-bushel corn crop is possible. This would top last year's small one by 600,000,000 bushels.

Explains Reason For Resignation

New York, March 20—(AP)—George Washington Hill, Jr., who resigned yesterday as an officer and director of the American Tobacco Company, says that he had "responsibility without authority."

Hill had been serving as vice-president in charge of advertising in the company which his grandfather and father had headed for many years.

Thief Locked In; Took Loot Away

Raleigh, N.C., March 20—(AP)—A thief who apparently left himself locked in a department store here last night made off with between \$1,500 and \$2,000 from the company safe. Chief Detective R. E. Goodwin reported today.

Goodwin said he could find no evidence of a break-in but discovered a broken padlock on the inside of a door. He said the safe was not damaged.

Purchase Plant

Charlotte, N. C., March 20—(AP)—The Jefferson Standard Broadcasting Company, operator of Radio Station WBT here, has bought the manufacturing plant of press wire, Inc., at Hicksville, Long Island, N. Y.

Bulletin

Washington, March 20—(AP)—Coal operators today asked the Federal District Court to name an umpire for the miners' pension dispute that has caused a nationwide strike. Action came shortly after miners' Chief John L. Lewis had agreed to meet with soft coal operators Monday in an attempt to reach a strike settlement.

Nine-State Area Raked By Gales And Tornadoes

Death Toll Mounts To Over 50 And Property Damage In Millions; Illinois Is Hardest Hit By Wave Of Destruction

By the ASSOCIATED PRESS. Dead: at least 52. Injured: more than 300. Property damage: several million dollars.

States hit by tornadoes and strong gales: Illinois, Indiana, Kentucky, Missouri, Michigan, Ohio, Kansas, New York and Pennsylvania.

Chicago, March 20—(AP)—The death toll mounted to more than 50 today in the series of tornadoes and destructive gales which whipped across wide sections of a nine-state area yesterday.

The wave of death and destruction from Texas to New York left more than 300 injured. Hundreds were homeless. Property damage was in the millions.

The storms—striking on the last day of winter—hit hardest in southwestern Illinois near St. Louis, where 41 were reported killed. The storm also formed in Texas Thursday night and moved northward.

Small tornadoes struck sections of Oklahoma and Kansas Thursday night but the trister swept with devastating force yesterday in northern Macoupin County, Ill.

The tornadoes or damaging winds fanned across sections of Missouri, Indiana, Kentucky, Ohio, Michigan, Kansas, Pennsylvania and New York. Today the intense storm center had moved northeastward into Canada.

Four persons were killed in Ohio. Two others lost their lives in Kentucky; two in Missouri and one each in Michigan, Pennsylvania and New York.

The Army and the Red Cross mobilized disaster units and emergency equipment, food and clothing were rushed into the stricken areas. An allotment of \$250,000 was made by the American Red Cross to aid victims in Illinois, Missouri, Indiana and Ohio.

Homes, stores, factories, schools and churches fell before the smashing attack of the tornadoes and gale-like winds. Drenching rains throughout the storm belt added to the suffering and damage. Some towns in Illinois were isolated. Travel was impeded and communications disrupted in many areas.

Court Surprised By Guilty Plea In Murder Trial

Robbinsville, N.C., March 20—(AP) Boone Carver, 32, unexpectedly pleaded guilty to the slaying of State Highway Patrolman Thomas W. Whately yesterday and was sentenced to 28 to 30 years at hard labor.

Carver's plea came near the end of his trial on a second-degree murder charge in Superior Court.

Patrolman Whately was shot to death last December 28 when he went to a house to arrest Carver on an assault charge.

Two other men, Carter Riddle, 25, and Claude Jones, 31, are held in connection with the same case.

The Opposing Forces

As Diplomats Debate Future Of Palestine, Claimants Are On The Move With Military Forces In Holy Land; Here Is An Assessment Of Jewish, Arab Armed Forces

By James Long & Joseph Goodwin

Jerusalem, March 20—(AP)—The Jews have started their fight for a state with two armies, one on the borderline of legality, one still outlawed, but both in battle stations side by side against the Arabs.

Haganah (it means defense) is the official militia of the Jewish Agency, and potentially the future army of a Jewish state. Technically it has not been recognized by the British mandate government. But it exists and operates as a well-armed, armed fighting force, openly, unchallenged.

Irgun Zvai Leumi (it means national military organization) exists and operates just as tangibly—but as a still undercover force, illegal because of its repeated blows at the British.

Despite the unanimity of the two fighting forces in the battle against the Arabs, there are so far unreconcilable differences between them on their policy of action toward the British, and lesser differences on the future expansionism of the Jewish state.

Once at the end of February, they clashed briefly in Gush Katif, Tel Aviv in a "fight within a family" in which 50 persons were hurt. But on the sniper and mortar fire no-man's-land line between Jewish Tel Aviv and Arab Jaffa their gunposts are side by side.

Haganah has a fulltime, paid, regular army basis striking force called Palmach, now up to something more than 10,000 fighting strength. It is backed by a trained, partly armed militia of many thousands more. Recruits, some taken from the militia and others hand picked from newly arriving immigrants, are trained into Palmach at regular intervals comparable to American citizen military training camp courses, but briefed down into 180 hours. Uniforms, manual of arms and drill are basically those of the British army. Irgun is much smaller, tougher, highly organized, trained for special operations. It has perhaps only 5,000 men as an armed force—and this is an estimate only as its spokesman declines to give any figures. It has no camps, but trains in the small, bit-streets near its front-line posts. Quarters is practiced on live targets. (Continued on Page Five)

Plan Your Heat System Carefully When Building

Put on your thinking cap and do some careful planning before you decide on the heating system for your new or modernized house. This is the advice of home heating specialists, who warn that home owners are likely to suffer severe heating headaches unless careful consideration of the proposed heating system is undertaken at the time the rest of the house is planned.

Specialists of the University of Illinois' Small Homes Council assert that it is highly desirable, in new construction especially, to consider the heating plant in relation to the total house construction well before any work is started.

"Careful cooperation between the general contractor and the heating contractor usually will result in savings and in the elimination of much of the mutilation so frequently observed in new construction," the specialists say. "Different systems require completely different installations."

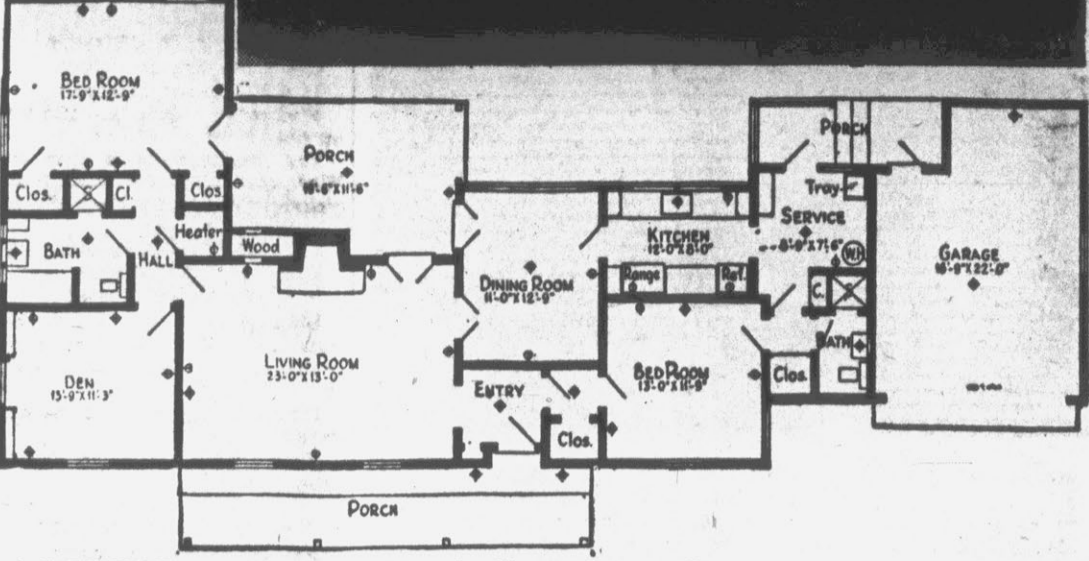

Pipe Placement

For example, if modern heating is anticipated, such as a hot water system with convector-radiators, pipe placement can be planned ahead of time and the framing members of the building can be located to allow for the installation of pipes without the cutting and resultant weakening of the structural frame of the building.

Selection of a hot water system means, in most cases, that space will be available in the basement for construction of a recreation or laundry room. The pipes of a hot water or steam system require little space in contrast to the area needed for ducts for warm air distribution.

By the same token, if convectors are selected as the heating units for each room, the home owner is allowed greater flexibility in planning the appearance of the house interior. Convectors can be recessed into walls if desired. Householders,

of course, like to know of these advantages in advance in order that other features can be planned accordingly.

Additionally, if convectors are employed in the home heating system, more leeway is allowed in planning the decorative schemes of individual rooms. Convectors can be decorated in almost any manner to harmonize with the general decorative plan of rooms in which they are installed.

Planned Selection

Planning in advance, obviously, is of extreme importance if the best heating system for a given home is to be selected and if the most comfortable indoor conditions are to prevail.

So, before construction begins, get

out pencil and paper, call in your figure. But the bureau said it was 7 per cent above that of February, 1947.

All but 1,000 of the new units were privately financed, it added.

Home building activity from November through February was 40 per cent higher than the same period in 1946-47, despite an unusually hard winter. Noticeable gains were reported in New England and the East North Central states.

NO MOVING PARTS IN CONVECTOR

Absence of moving parts practically eliminates repair costs in modern heating units. The new convectors, for example, provide heat by natural convection without employing motors, fans or blowers.

Home Builders In February Began 47,000 Dwellings

Washington, March 19—(AP)—Home builders began work on 47,000 new dwellings in February despite unfavorable weather.

The bureau of labor statistics, in reporting this, noted that the total was six per cent below the January

Literature Department of Meet The Literature Department of the Woman's Club will meet on Tuesday afternoon, March 23, at 4 o'clock at the home of Mrs. W. C. Harris. Mrs. J. H. Rose will give the program. Assistant hostesses are Mrs. K. F. Whitley and Mrs. Nephil Jorgensen.

Chapters of St. Paul's Church The chapters of St. Paul's Woman's Auxiliary will meet in the parish house.

St. Hilda's chapter meets on Monday, March 22, at 4 p. m. Mary-Martha chapter meets on Monday, March 22, at 4 p. m. St. Anne's chapter meets on Monday, March 22 at 4 p. m. St. Elizabeth's chapter will meet Tuesday, March 23, at 8 p. m.

Chatham Book Club Mrs. R. W. Stark was hostess to the Chatham Book club at her home on Eastern Street and greeted each guest upon arrival in her usual gracious manner. Mrs. Sam Glenn was the guest of the afternoon.

Mrs. Charles Blair presided over a short business session after reports from the various committees, the books were exchanged and Mrs. Blair turned the meeting over to Mrs. Frank Bendall, who introduced the Greenville High School Glee club. Misses Dot Stauffer, Frances Bendall, Emily Rice, Martha Kennic, Lytle Bachelor and Betty Ann Young accompanied on the piano by Miss Ona Shindler, gave six very enjoyable selections, two sacred songs and four of popular music. After the conclusion of the program the hostess assisted by Mrs. T. M. Watson served a delicious sweet course with coffee. Reported.

Garden Club Meets The Garden Department of the Woman's club held its regular meeting Friday afternoon, March 19, at 3:30 at the Woman's Club. The meeting was presided over by Mrs. Stiel, the president. The minutes of the previous meeting were read by the secretary, Mrs. N. C. Brooks, and the financial report was given by the treasurer, Mrs. H. L. Andrews. It was reported that \$58.95 were sent to headquarters for seeds of peace to be sent to Europe. A motion was voted on and passed to send letters about the promiscuous trimming of trees throughout the city to the mayor, the board of aldermen, the Water and Light Department, the telephone company and to the Daily Reflector for publication. It was also voted to send a letter to the mayor requesting the city entrances and city plots be cleared immediately. The following committees were appointed: Mrs. R. V. Keel, radio chairman; Mrs. Key Brown, Mrs. Henry Rivers, Mrs. E. W. Harvey, Fine Arts committee.

After the business session, Mrs. T. Hooker introduced Dr. Christine Wilton, of E. C. T. C., who gave a very interesting and informative talk on wild flowers which were related to the camellia family. After this talk, Mrs. Dink James and Miss Agnes Fullilove gave three musical selections accompanied by Mrs. Ona Shindler. Mrs. B. McK. Johnson read several of her poems to the club. At the conclusion of the program, delicious refreshments consisting of spiced tea, sandwiches, cakes, mints and nuts were served. The hostesses for the afternoon were Mrs. T. E. Hooker, Mrs. W. H. Tate, Mrs. C. L. Russ, Mrs. C. C. Hilton, Mrs. J. R. Jackson, Mrs. Andrew Moore and Mrs. J. E. Phelps.

Bethel P. T. A. Meets On Thursday evening, March 18, the Bethel Parent-Teacher Association met for its regular meeting in the elementary school auditorium. Mrs. Clara W. Roberson led the devotional and introduced Mrs. C. G. Garrenton, who gave a very impressive talk on parents' responsibility in helping our children fit themselves into existing conditions. She particularly emphasized the fact that we should teach children to fit a short period of time into a life span, fit the known into the unknown, and fit themselves generally into practical experiences.

Following the devotional, Mrs. S. C. Whitehurst read the minutes of the last meeting and Mrs. James Nicholson, took the attendance count. Mrs. Ralph Carson, president, called attention to the curtains that had been added to the Elementary school stage since the last P. T. A. meeting, stating that this one of the major accomplishments of the organization for the year. She also read a letter pertaining to the preschool clinic.

During the business session, Mrs. Carson appointed a nominating committee to nominate officers for next year. This committee consists of Mrs. Katherine Adams, Mrs. S. D. Dewar and Mrs. Clara W. Roberson. Mrs. C. G. Garrenton expressed her opinion that a committee should be appointed to investigate entertainments sponsored by agencies outside the community, and advertise such entertainments as the committee thinks the community would benefit from. The president appointed this committee after a brief discussion.

Mr. Latham announced the music festival at the high school building April 28, and the chicken supper the senior class is sponsoring April 2. He stated that the tickets are on sale now at \$1 each and urged everyone to buy one.

Before the meeting adjourned, Mrs. Nicholson announced that Miss Frances Warren's fifth grade and Mrs. W. C. Latham's eleventh grade won the attendance prizes.

Mr. and Mrs. Barrett Complimented In compliment to Mr. and Mrs. Alton Barrett, Mr. and Mrs. O. E. Blair entertained at a dinner party Wednesday evening in the banquet room at the Airport Inn. Flower arrangements of Jonquils, Hawthorne, Camellias and Dutch Iris flanked with yellow candles in silver graced the table. Covers were laid for thirty friends of Mr. and Mrs. Barrett. A four course turkey dinner was served, after which dancing was enjoyed. Mrs. Barrett was presented a gift of linen by the hostess.

Inter Se Club The Inter Se Book Club met with Mrs. Hunter Irving on Rotary Avenue, on Tuesday afternoon at 3 o'clock. After a short business session, the meeting was turned over to Dr. Malene Irons, who spoke briefly on "Recent Advances in Medicine." Dr. Irons emphasized that her subject was broad, and the information discussed would vary with the desires of the group.

The recent advances in therapy were pointed out and some of the dangers discussed. Psychosomatic Medicine was given as a valuable advance and the possibilities outlined briefly. After a short question period, a refreshing salad course was served by the hostess, assisted by her daughter, Miss Donna Irving. Guests for the afternoon were Mrs. Virginia Williford and Miss Donna Irving.

Jarvis Memorial Church On Sunday evening at 7:30 the choir of Jarvis Memorial Church will render the cantata, "Olivet to Calvary," by Maunder, to which the public is cordially invited. Holy Week services will be held at the church each evening, Monday through Friday, at 7:30 o'clock. On Monday, Tuesday, and Friday evenings the pastor will lead in meditations centering around the question, "What Does It All Mean?" On Wednesday evening the Wesley Players, the dramatic group of the Wesley Foundation, will present a one-act play, "He Came Seeing."

On Thursday evening the ministers and members of the Presbyterian and Christian Churches will unite with those of Jarvis Memorial Church in a communion service, in which all people of the city are invited to share. All of these services are planned for the purpose of deepening the spiritual life of the community and of helping to make Easter more meaningful. An invitation is extended to the entire community to attend every service.

Resolutions of Respect Whereas, on February twenty-first, one thousand nine hundred and forty-eight, Honorable David M. Clark, died in the city of Richmond, Virginia, and Whereas, Pitt County Post No. 39, of the American Legion, grateful for the splendid services rendered by him to his State and conscious of the loss of his services and fellowship to our Post, desires to show its honor and respect to our beloved fellow-legionnaire and distinguished citizen; Now, therefore, Be it resolved by Pitt County Post No. 39 of the American Legion: That in the death of the Honorable David M. Clark, the State loses a distinguished citizen and a public servant who served his people with fidelity and conspicuous ability for many years. That Post No. 39 of the American Legion takes this method of expressing appreciation for the life and service of this distinguished comrade, and its sympathy for the widow and other members of his family in the great loss and sorrow which so suddenly came upon them. That the Adjutant be directed to record this resolution upon the permanent minutes of Post No. 39, that a copy be forwarded to Mrs. David M. Clark and a copy furnished the Press. Unanimously adopted by standing vote in regular meeting assembled this Tuesday, the 16th day of March, in the Year of Our Lord, 1948. W. J. BUNDY, D. MOORE, JR. JACK EDWARDS, Committee

West Greenville F. T. A. On Wednesday afternoon, March 17 the parents and teachers of West Greenville school met in the school auditorium. The president, Mrs. W. J. Stell, opened the meeting by giving all members a most cordial welcome. Mrs. W. E. Basnight, program chairman, introduced Dr. Jenkins, the speaker for the afternoon. This is Dr. Jenkins' first year as a teacher at East Carolina Teachers College. We were very glad to have him with us. He chose as his subject, "The Classroom of Yesterday, Today and Tomorrow." Mrs. Sherman Parks gave a most beautiful devotional. The minutes were read by Mrs. Ebern Allen. They were approved as read.

The officers for next year are as follows: President, Mrs. C. E. West, Jr.; vice president, Mrs. W. E. Basnight; secretary, Mrs. Ebern Allen; treasurer, Mrs. Georgia Franklin. The second and fourth grades tied for the attendance prize. Both grades are to receive prizes. We adjourned to meet again in April.—Reported.

Strength FOR THE DAY

BODY AND MIND WORK TOGETHER

It is natural to love life. A vibrant, eager desire for life and more life always accompanies mental and spiritual health. When people cease to desire life—unless they are very elderly—they are in a sub-normal and morbid state of mind.

Why do people often fall into the melancholy habit of dwelling on thoughts of death and harboring a desire to die? Almost certainly, those who claim they want to die do not really want to die. They would hold life as tenaciously as anyone else if the matter really became an issue. But indifference to life and the apparent desire to be through with it is almost invariably associated with either chronic or temporary ill health. In a day when so much is being said about the psychological background of many of our ailments, a strong word needs to be said regarding the physiological background of such ills. Bad digestion, sluggish circulation, high or low blood pressure certainly have as much to do with your mental states, if not more, than do the much talked of complexes.

Therefore, if you begin to lose relish in life, ask yourself what you ate yesterday, or better still, what you drank last night. Every body talks today about the influence of mind over body. Let us ponder the influence of body over mind.

WASHINGTON LETTER

By JANE EADS

Washington—Where the chimney swift made its winter home was a puzzling bird mystery for many years. It is a common bird in eastern North America in the summer.

The mystery was solved by marking the birds with numbered bands. There was great excitement in the bird-banding office one day in 1944 when the American embassy at Lima Peru, reported 13 bands had been received from Indians. Records showed they originally had been placed on chimney swifts.

The banded birds had been killed by the Indians on the River Yanayaco which forms the boundary between Peru and Colombia.

Bird-banding is considered one of the most important methods of getting accurate information on living birds today. The Fish and Wildlife Service says the number of banded birds reported in the past 28 years totals more than 5,200,000. Of this number more than 375,000 returns or recovery records, have been reported.

All kinds of native birds are studied by the banding method. Migratory waterfowl have been banded in large numbers at more than 150 stations and have been recovered as far south as the northern part of South America. Small song birds have been banded in still greater numbers, and many interesting facts concerning their movements are being discovered.

The Fish and Wildlife Service issues federal permits to unpaid volunteer operators, who do most of the actual banding. There are two kinds of permits. One permits the trapping for banding purposes, of migratory non-game species. The other covers all migratory game.

Every banding station must in effect be a sanctuary. The service supplies the bands, which come in 11 sizes and are pure aluminum. It provides directions, for banding and for trapping. It does not provide traps or other station equipment, but it does supply its cooperators with specifications that may be followed by persons only moderately skilled in the use of tools.

If you find a banded bird dead, the band should be mailed at once to the Fish and Wildlife Service, Washington 25, D. C. This should be accompanied by information concerning the exact date and place of recovery, how the bird was obtained and the name and address of the bander.

If the bird is still alive, the complete band number should be carefully recorded and the bird released without removing the band.

The service tries to inform each correspondent on the species he reports. However, scores of people submit incorrect transcriptions of band numbers and others forget to give their mailing addresses.

ROMANIANS GREET EX-KING—Members of the Romanian Christian Society Dorul welcome former King Mihai of Romania (right) and his mother, Queen Helen (holding bouquet), at a New York hotel after their arrival from Europe.

Sophie Tucker Is Victim Of Fall

Coral Gables, Fla., March 20 (AP)—Sophie Tucker was confined to a wheelchair today after an entertainment trip to the Veterans Administration hospital.

Miss Tucker slipped while leaving a confinement ward and broke two toes. She was given treatment at the hospital before being removed to Miami Beach, where she is resting.

Babson ...

(Continued from Page One) which veterans are being charged

\$12,000 today could have been built ten years ago for half this sum. Moreover, he would then have had a better house for \$6,000 than he is now paying \$12,000 for. When analyzing the increase, I find that wages have gone up about fifty per cent and that many bricklayers, carpenters and painters are not giving an honest day's work today even at the higher wages. The increase in the cost of materials varies greatly. Cement, for instance, has gone up in most sections only 10 per cent, while lumber has gone up 175 per cent.

The greatest increase is in connection with taxes. Before the war builders' taxes amounted to very little, while today Federal, State and other taxes amount to over half of the building costs. The same in-

crease applies to everybody involved in the preparation and handling of building materials. As a result, of the \$6,000 increase in costs, at least \$3,000 goes to Uncle Sam. This shows the great importance of getting taxes reduced.

Army, Navy and Aircraft Appropriations

We all should heartily get behind President Truman in his demand for more money for defense. Hence, we need a plan whereby the Government can reduce taxes, thereby reducing prices, and at the same time collect the money which President Truman says is required for defense. Of the many suggested solutions I have received, I should like to relay one from John M. Glass, accountant and tax authority of Frostproof, Fla.

It is fair to assume that 90 per cent of the people in this country are honest. Yet, the Government is probably losing five billion dollars a year from ignorance in the making out of tax returns by small businessmen and other individuals. Some money is undoubtedly lost through dishonest returns, but most corporations have their returns made out correctly by accountants.

Increasing Government Income

My very practical suggestion is that if the Government should spend a hundred million dollars annually on publicity, it could get back five billion in stray money. For instance, the owner of every filling station should receive a letter once in three months explaining simply, but very forcefully, what he should deduct and what he should pay. The Government should buy advertising space in the newspapers, as well as use the mails, to impress upon all taxpayers what they should do and warn them of penalties. This would bring in several billions more money without hurting anyone.

There should be nothing politically repugnant to any Congressman in such a campaign. It would treat everyone alike and hurt no one. This plan would enable taxpayers to get the reduction in taxes which we desire and, at the same time, enable the President to have the money which he needs. I hope every reader of this column will cut this out and mail it to his Congressman.

Case Of Curie ...

(Continued from Page One)

2. That he had once been deported from the United States.

3. That this government, at U.S. expense, had to send him home once at his own request because he was penniless.

4. That his presence here would be against this country's interest or safety.

That No. 4 covers a lot of ground. For example: It can be used to keep Communists out.

But when a visitor gets by those four tests—in the opinion of the U.S. consul who gives him a visa—and arrives there, then:

Immigration officers decide whether he should be kept out for any of those same four reasons.

But then—although not the consul alone—can use about 40 other tests before letting a visitor in, the same tests they'd use on any immigrant coming here to live. For example:

Is he immoral? Can he read and write? Does he have tuberculosis? Mme. Joliot-Curie got her visa from the American consul in Paris, but immigration officers stopped her here.

Neither State Department nor Immigration officials will say exactly why. But Watson Miller, head of the Immigration Service, says: "After she landed, immigration officers got hold of some background information they thought sufficient to hold her awhile."

Whatever that information was, Attorney General Clark apparently didn't think it enough to keep her out any longer. So he let her in. Waiting at the New York airport when she arrived were officials of the joint Anti-Fascist Refugee Committee. Clark had previously listed this committee as subversive. Miller said all immigration officers know that.

A spokesman for the committee said Mme. Joliot-Curie had come here to lecture on the "immediate needs of the Spanish Republicans in exile."

Tobacco 'Protected' In Senate's ERP Measure

Washington, March 20 — (AP) — "Tobacco seems to be taken care of adequately in the Senate version of the European recovery program," tobacco-state congressmen said today.

The special congressional tobacco committee and growers, warehousemen and dealers considered the ERP (Marshall Plan) at a meeting today.

Rep. McMillan (D-O), a member of the committee, told a reporter: "It seems best not to spell out tobacco in the bill. The language of the section on protection of domestic economy seems to us to be sufficient to take care of all farm products in the foreign aid program."

Rep. Flannagan (D-Va.), chairman of the special committee, said the group, however, "is carefully going over the bill."

Tobacco leaders in other meetings formulated plans they hoped will increase yearly shipments 25,000,000 pounds above the prewar average of 340,000,000 pounds.

J. B. Hutson, president of Tobacco Associates, Inc., an organization of growers, dealers and warehousemen formed to boost exports, has pointed out "no new machinery is needed to provide tobacco markets in the countries for which foreign aid is proposed under the Marshall Plan."

However, Hutson agreed "it is imperative that some arrangements be made that tobacco continue to flow to western Europe, where three-fourths of American tobacco exports have gone previously."

Spring Is Here; Several Warm Days Predicted

By The Associated Press
Spring came to the Carolinas today.

After the most severe winter Carolinians have undergone in years, Spring officially returned just before noon.

As if to compensate for winter's ice and cold, the weatherman today predicted that temperatures will average seven to ten degrees above normal for the next five days.

It took only a cursory glance today for Carolinians to be convinced that spring had finally arrived. Peach orchards in both states were in full bloom in many instances, and many early spring flowers were in full color.

Last night's low temperatures warm, presaging the coming of spring.

GONE TO DETROIT

Col. Owen Marshburn and T. I. (Ty) Wagner, owners of the new Lincoln-Mercury building on Dickinson Avenue, left today for Detroit, Mich., to attend the world premier showing of Lincoln and Mercury automobiles next week. They will return in about a week.

The semi-liquid surface of the earth's interior, beneath the crust, has a temperature of 2400 degrees F.

CARROLL F. CHAUNCEY

VFW Post Names Its New Officers

Democracy in action was displayed Thursday night when the VFW post held its regular meeting at Clark's and elected officers for another year. Carroll F. Chauncey was elected the third commander of the local VFW.

Chauncey, who served 42 months in service, with 32 months overseas, saw action in the Mediterranean Theater of operations as part of the Middle East Service Forces. He was born here in Pitt County near Pactivol, and for the past number of years has been assistant manager of the J. C. Penney Co.

Other officers elected were: S. J. Waters, senior vice-commander; Charlie P. Gaskins, junior vice-commander; Earl Alder, quartermaster; Malcolm Williams, 3-year trustee; Dr. Fred Irons, Post Surgeon; Rev. Roscoe Hauser, Post Chaplain and Harry Brown, Post Advocate.

Installation of officers will be held at the last meeting in April. A report was given on the VFW Club near the airport. The committee said much work had been accomplished and they hope to have the club ready for use in a few weeks.

Wally Miller Spayn Enlists In U.S.M.C.

Master Sergeant John M. Faulkner, USMC, announced today that Wally Miller Spayn has been accepted by the U. S. Marine Corps for an enlistment period of three years.

The new recruit is the son of Mrs. Elizabeth Spayn, Route 1, Greenville.

Wally will take his training at Parris Island, S. C., after which he will be given ten-day leave before reporting to his new duty station.

Two Men Freed In Murder Trial

Lillington, March 20—(AP)—Two white men were free today following their second degree murder trial in the fatal shooting of a Negro last November 23.

An all-male jury required one ballot and an hour and 27 minutes of deliberation to reach a "not guilty" verdict in the trial of Marvin Matthews, 24, and Wyatt Adams, 23, war veterans from Angier.

They were charged with killing Charlie Smith, 50. Smith was shot to death from a moving automobile as he stood at a roadside following an argument.

Following the trial, Judge W. H. S. Burgwyn asserted: "The verdict is one that I do not think anyone can criticize."

Juror J. A. Hardison, Dunn, said the racial question did not enter into the verdict. "Had the defendants been colored and the victim a white man, the verdict would have been the same," Hardison declared. During the trial the prosecution described Matthews and Adams as "deliberate killers who had appointed themselves to rid the town of Angier of its colored population."

Plane Rams Into Mountainside

Somerset, Pa., March 20—(AP)—A two-motored airplane crashed into a mountainside today and first reports said three were killed.

The guard at the Laurel Hill tunnel on the Pennsylvania Turnpike said he saw the plane ram the wooded hillside about 1-2 mile from the high speed in Pitt County near Pactivol, and for the past number of years has been assistant manager of the J. C. Penney Co.

Other officers elected were: S. J. Waters, senior vice-commander; Charlie P. Gaskins, junior vice-commander; Earl Alder, quartermaster; Malcolm Williams, 3-year trustee; Dr. Fred Irons, Post Surgeon; Rev. Roscoe Hauser, Post Chaplain and Harry Brown, Post Advocate.

Installation of officers will be held at the last meeting in April. A report was given on the VFW Club near the airport. The committee said much work had been accomplished and they hope to have the club ready for use in a few weeks.

'Test-Don't Guess' About Hybrid Corn

College Station, Raleigh, March 20—"Test-don't guess," is the advice of Dr. R. P. Moore, head of the North Carolina Crop Improvement Association, concerning hybrid seed corn carried over from last year's purchase of production.

If year-old seed has been properly stored and protected from insects, it should be as good for seeding purposes this year as last, Dr. Moore said. However, he added, it should be retested prior to sale or use.

Gypsy Rose Lee Weds Her Third Husband

New York, March 20 — (AP) — Gypsy Rose Lee, who turned from strip-teasing to writing, was married yesterday to artist Julio De Diego. It was the ex-dancer's third marriage.

Miss Lee gave her age as 33. De Diego is 47.

Leaders In Today's Battle For Italy

PALMIRO TOGLIATTI Leads Reds in bid for power against right-wing government.

ALCIDE DE GASPERI As premier, his job has been to hold off strong leftist forces.

PIETRO NENNI Leader of pro-communist socialists, he asks a change.

POPE PIUS XII The Catholic Pontiff's statements may influence the vote.

(AP) Newsfeatures

Italy faces a new crisis as its people go to the polls April 18. Communists, allied with one wing of the socialists, hope to overthrow the present government which excludes left wing elements. Catholic influence is strong in backing anti-Communist elements. The Reds have been accused of maintaining their own army in Italy and Catholic organizations are said to include close-knit units of vigorous young men. The dispute between the United States and Russia over the Marshall plan has formed one of the major issues in the election campaign. Both sides have predicted victory for their candidates.

Dr. H. A. Coleman Kiwanis Speaker; Wonderful Talk

By CHESTER WALSH

The nearly one hundred Kiwanians and their guests at the Kiwanis Club's meeting last night gave Dr. H. A. Coleman, social science instructor at East Carolina Teachers College, rapt attention during his brief talk about the dangers of Communism. He explained the ominous conflict between capitalism and the working classes, pointed out the need for controlling communism's spread, and reminded his hearers that Communism is government by dictatorship. Dr. Coleman's message was timely, and the Kiwanians appreciated it. Don H. Conley had charge of the program and presented the speaker.

Miss Virginia Belle Cooper of Ayden and a group of six singers, three boys and three girls, presented an entertaining program of music.

Marvin K. Blount told the Kiwanians of a plan whereby paving of a small stretch of highway, known as 17-A, would shorten the distance between Williamson by 100 miles and draw much of the north-south Florida tourist traffic through the Greenville section. President Brooks referred it to the Public Affairs committee for prompt action.

B. B. Sugg had as his guests Bob Doty, president of the Greenville Baseball Club and Bill Phebus, the manager. They were in the city for a short time on business, and returned to Daytona Beach, Fla., today.

El Bloom will present next week's program. Shelley Beard and Howard Proctor were welcomed as Junior Kiwanians for the month. Regan Jones, H. T. Smith, A. C. Tadlock, Marvin K. Blount and Rev. Leonard Topping had birthdays and contributed a nickel for each year of their respective ages.

Glider planes have traveled a record distance of 465 miles and reached an altitude of four miles.

Shortage Gone?

Los Angeles, March 20—(AP)—A fellow reading the classified advertisements in today's paper said "Well, I'll be doggone, whatever became of the housing shortage," when he came across this one: "For rent — 3-room Apt. All furnished, cry baby welcome."

Cases Tried In Police Court

In Police Court Friday Judge J. W. H. Roberts dismissed the cases against James E. Sutton and John E. Hollowell involving a collision. Sutton was charged with reckless driving and failure to stop at a "stop sign." Hollowell was charged with reckless driving and speeding.

Willie Cooper, colored, paid \$25 for assault with a deadly weapon and \$50 for carrying a concealed weapon and the weapon was ordered destroyed.

Speeding: Brice Sigmon, Jr., \$20; Frank M. Hemingway, \$20; Norwood B. Lewis and Murray G. Leonard each paid \$20.

Clarence B. Tagwell paid \$5 on costs for failure to stop at a "stop sign."

Robert Beaman, convicted of driving while drunk, appealed to Superior Court, bond, \$200.

The case against Harvey Perkins, colored, for failure to give proper arm signal was not prosessed.

Leroy Carawan, following another vehicle too closely, not guilty.

Thomas Smith paid \$25 and costs for driving without a driver's license.

Drunk: Louis Adams, \$20; Claude W. Mills, \$15; Joe Payton, colored \$15; Plum D. Gurganus, \$15.

In 1896 there were only 16 cars registered in the United States. Now there are 25,500,000 cars. It is estimated that there are 14 to 18 square feet of skin on the average adult human body.

Treat Plant Beds For Blue Mold In Early Stages

College Station, Raleigh, March 20—Although no blue mold has been reported in North Carolina tobacco beds to date, Howard R. Garris, Extension plant pathologist of the State College Extension Service, said today farmers should prepare in advance to fight the disease when it does appear.

"We made a survey in three southeastern counties of the state last week, and no blue mold was found," Garris said. "However, it is impossible to predict when the disease will appear. The wise farmer will get his materials and start using them as soon as possible."

The use of Fermate on tobacco beds has not only helped prevent blue mold but has also resulted in better plants, the extension specialist declared. Farmers feel they are benefited whether the disease ever appears or not.

Garris said Fermate may be applied as a spray or as a dust, with equally good results when proper methods are used. The dust treatment is more expensive. The spray is simple to prepare but takes longer for mixing and applying.

Either treatment, the pathologist pointed out, is a preventive rather than a cure and should begin before blue mold appears in the plant bed. The first application should be made when the plants are about the size of a dime.

Treatments should be applied twice a week until plants free of blue mold are assured for transplanting, Garris said. Thus eight to 12 applications are usually needed. Applications of spray or dust that are washed off by rain should be repeated as soon as weather will permit.

Complete instructions on application of Fermate may be obtained by writing Howard R. Garris, Extension plant pathologist, State College Station, Raleigh.

QUEEN—Gertrude DeCombe, Viennese mannequin, will represent Austria in a Paris beauty contest.

The Opposing . . .

(Continued from Page One)

few hundred yards away in the Arab sandbag outposts.

Ten thousand trained Arab soldiers, many with wartime experience in foreign armies, are billeted in hill villages of ancient Samaria. Flanking this army of Yarmuk are other thousands of irregulars who harass Jewish communications and supply lines, and keep the war cauldron boiling in the bloody borderland between Jaffa and Tel Aviv.

Arab strength is being increased daily by new contingents of trainees from the big Katana camp in Syria and by riflemen trained by tribal leaders in their own camps.

The Yarmuk army, commanded by Fawzi Bey El Kaukji, obviously is an efficient fighting machine of

men picked from thousands of volunteers from all over the Arab world. Its men are mostly young, educated, strongly convinced of the right of their cause—and thoroughly trained in use of weapons best adapted to the type warfare they anticipate.

They are well supplied with rifles, pistols, grenades, tommyguns and ammunition. They have small tanks, armored cars, some field artillery, mortars, automatic weapons and plenty of transport for the small mobile units into which they organized.

They are uniformed in American army surplus and well fed. Morale is high.

Politically conscious and convinced by leaders they are fighting a war to prevent occupation of their homeland and "enslavement" by Jewish capital, they are spotting for a fight.

How and when that fight may develop canny leaders are not saying, but many observers express belief Yarmuk may strike as soon as the British leave, sparring down from the Samaritan hills on to the narrow plains of Sharon in an attempt to cut the coast highway and throw a double loop about the Jewish-held crescent along the Mediterranean.

Arab strategists assess Jaffa and the Arab section of Haifa as "weak points" and are pouring command units into those areas to work with irregular forces already active. Explosive irregulars of Sheik Hassan Salameh in the Jaffa-Tel Aviv borderland and Abdul Kader Husseini in the Jerusalem area are expected to tie up large Jewish defense forces and attempt to hold the line in metropolitan areas.

Chinese Movies Feature 'Little Of Everything'

Shanghai - China's 29-year-old movie industry is at its lowest ebb in history and "this in itself is quite an achievement."

The quotation is that of a U.S.-educated Chinese movie distributor, who says "Chinese movies never were known for their quality."

"The ebb, he adds, applies to quality of production, direction, acting, settings, scripts and anything else found around a movie lot.

He and the few independent producers who are left blame everything on government controls, high costs and the undeveloped tastes of most of the Chinese movie-going public.

China's Hollywood has largely come under state control since the end of the war. Officials of the Central Motion Picture Studio, the government-controlled studio combine, admits there's room for improvement.

Indeed there is, replies one distributor. He thinks they might begin their improvement by working over the scripts.

It's impossible to single out one particular theme from the hodge-podge of ideas that go into each Chinese movie, he says.

"You go to see a musical and—if the director has restrained himself—you'll find murder, mystery, sex and politics thrown in for good measure.

"If the director hasn't restrained himself, you may also find a long declamation against the Chinese Communists and scenes from World War II."

Lecture On 'Preview Of Progress' Slated April 1 At College

Dr. Walter A. Dew, widely known speaker on chemical progress as it affects the average American, will talk on "Preview of Progress" at East Carolina Teachers College on April 1 at 8:00 o'clock in the evening in the Austin auditorium. Dr. Dew will demonstrate several score of the newest developments of modern chemical research, some of them yet to be publicly introduced.

The lecture, which is non-technical and of popular interest, will be sponsored by the Science Club of the college. Members of the group and their faculty adviser, J. O. Derrick, have recently completed arrangements for Dr. Dew's appearance on the campus. The lecture will be open to the public.

Dr. Dew is eastern manager of the Extension Division of E. I. du Pont de Nemours and Company, with headquarters at Wilmington, Delaware. During the past 12 months, he has spoken at scores of meetings in many states.

Ted To Return

Sarasota, Fla., March 20—(AP)—Boston Red Sox outfielder Ted Williams is expected to return to the lineup today against the Detroit Tigers. Ted missed his first exhibition game yesterday as he took treatment for a lame back. The Sox plan to use rookie pitchers John (Windy) McAlle, Maurice McDermott and Ellis Deal.

League For Crippled Children Lists Services Provided In Annual Report

Mr. Don H. Conley, treasurer of the Pitt County Chapter of the League for Crippled Children, submitted today the League's annual financial report, itemizing the extent of service provided for handicapped children.

Receipts, including the \$575.20 balance of January 1, 1947, and the Easter Seal Sale for 1947 which netted \$919.46, totaled \$1494.66.

Disbursements were:

- To State Society, \$465.98; service to 66 children in this area totaled \$463.85.
- An itemized account of local League spending is as follows: Transportation for 22 children, (2330 miles) \$82.39; artificial appliances for 13 children, \$132.56; X-rays for 2 children, \$17.50; hospitalization for 1 child, \$50; dental work for 3 children, \$15.00; milk for 1 child (rheumatic fever), \$25.80; glasses, eye services and miscellaneous service for 24 others, \$140.59.

County Chairman K. T. Putrell stated this financial statement covers service to 66 crippled or physically handicapped children, being about equally divided between the sexes. Half of the money from the sale of Easter Seals is sent to the treasurer of the State Chapter. The State Chapter gives substantial donations on cases of rheumatic fever, and gives support and assistance to the outlying poorer counties in the state where very limited funds are available for the crippled or physically defective children.

'Union-Busting' Charged To Firm

Winston-Salem, N. C., March 20—(AP)—The CIO United Tobacco Workers Union has charged in an open letter that the Reynolds Tobacco Company is "hell-bent upon destroying the union."

The letter, addressed to John C. Whittaker, Reynolds vice-president, was made public here last night. It followed a conference of union and company officials.

There was no immediate comment from the company on the union's charges, although the firm has indicated it would stand pat on its refusal to deal with the union after the present contract expires April 30. Spokesmen for both sides indicated this stand was not altered in yesterday's conference.

The union has asked to present its 1948 contract demands. The company contends that the union does not represent its approximately 10,000 employees.

Choir Sings Cantata On Sunday Evening

Tomorrow evening at 7:30 o'clock the choir of the Jarvis Memorial Methodist Church will sing Maunder's beautiful sacred cantata "Olivet to Calvary."

"Olivet to Calvary" tells of our Saviour's last days on earth, some of His wonderful deeds, the Supper of the Passover, Gethsemane, the appearance of the Multitude, His betrayal and forsaking by His disciples, the trial before Pontius Pilate, the march to Calvary and the Crucifixion.

The following will take part: Sopranos—Mrs. J. H. Waldrop, Mrs. John Karsnak, Mrs. Moya Dail, Miss Doris Brown, Miss Norma Hooper and Miss Allison Hearne. Altos—Mrs. H. A. Hendrix, Mrs. E. O. Parkinson, Jr., Miss Alice Foley Jones, and Miss Nina Abernathy. Tenors—Messrs. E. B. McDowell, Harper Darden, and Billy Goodson. Baritone—Messrs Rodney Roberts Rufus Starke, Marshall Starkey and E. O. Parkinson, Jr. Organist: Mrs. Paul Toll.

SWANS FORM HEART - Swans in winter quarters at Theodore Wirth park, Minneapolis, form a near-perfect heart reflection in their pool. Maybe the approach of spring and the mating season had something to do with it.

Filmland Awaits 'Oscar' Awards Slated Tonight

Hollywood, March 20—(AP)—Stars and fans are brushing their formal finery for a common destination tonight—the 20th annual awards ceremony of the Academy of Motion Picture Arts and Sciences.

Handlers assembled powerful searchlights to decorate the night sky. A thousand bleacher seats were ready outside Shrine auditorium for hardy fans who would mass early, with overcoats and lunches, waiting to cheer screen favorites stepping from limousines.

There was general accord that "gentleman's agreement," a dramatic preachment against anti-Semitism, would snag the gold statuette—the Oscar—as best picture of 1947.

Rosalind Russell was the favorite in the best actress division for her performance as the tragic Lavinia in "Mourning Becomes Electra." Other nominees are Dorothy McGuire, Susan Hayward, Joan Crawford and Loretta Young.

Ronald Colman, who played the homicidal tragedian in "A Double Life," seemed the likeliest among actors. But you would get arguments from supporters of Gregory Peck as the magazine writer who posed as a Jew in "Gentleman's Agreement."

There were other boosters for nominee William Powell, Michael Redgrave and John Garfield.

Miss Russell, Colman and "Gentleman's Agreement" won in a poll conducted by the trade paper, Daily Variety, of more than 200 of the 1,933 Academy members whose votes select winners.

Other toppers in the poll: Director Fla. Kazan for "Gentleman's Agreement;" supporting Actress Celeste Holm, same picture; supporting Actor, Edmund Gwenn, "Miracle on 34th street."

Tangle Tonight

Kansas City, March 20—(AP)—Two teams with speed to burn and the will to burn it, Kansas State's Wildcats and Baylor University's Bears, meet in the western regional NCAA playoff finals tonight.

The winner will get a spot in the Olympic trials and a shot at the eastern NCAA representative at New York Tuesday, for the national title.

Holy Cross, defending national champion, and lowering Kentucky, will settle the eastern squabble in Madison Square Garden tonight.

Hold Session On Boxing Safety

Philadelphia, March 20—(AP)—Boxing men from nine states go into session today to map a program of ring safety.

The problem of making the ring safe for fighters tops the agenda of the two-day session of the National Boxing Association's executive committee.

President Abe Green said "It's impossible to prevent all injuries, but we can do something to reduce them."

Among the recommendations the group will consider is that of Leon Rains, Pennsylvania athletic commissioner. The Keystone state body has suggested the following program:

- (1) A 30-day compulsory layoff period for any boxer badly beaten in a bout;
- (2) An X-ray examination of every boxer before he returns to the ring after being knocked out, and (3) an eight count for any boxer knocked down and visibly hurt.

Attending will be representatives from commissions in Pennsylvania, Illinois, Wisconsin, New Jersey, Minnesota, Maryland, Ohio, Rhode Island, Connecticut and the District of Columbia. Other members have sent suggestions.

Dental Patients May Get Relief

San Antonio, Tex., March 20—(AP)—The faster the burr the less the brurr.

That's what they say at Randolph Air Force Base where studies are being made to cut down the shivers, pain and irritation caused by the dentist's drill—or burr.

Lt. Col. Carlos F. Schuessler, in charge of the project, says dental burrs hurt more because they go too slow.

Standard dental equipment rotates the burr at 4,000 revolutions per minute.

He says pain-causing heat generated by the burr is highest at 4,000 r.p.m. At 10,000 r.p.m. the drill generates less heat than it did at 1,000 r.p.m.

Braves Unbeaten

Bradenton, Fla., March 20—(AP)—The Boston Braves, unbeaten in Varsity Grapefruit League competition—today play a return game against the Washington Senators. Manager Billy Southworth has nominated Ed Wright and Al Epperly to hit.

The decrease in heat generated continues until 20,000 r.p.m. The experiments began after aviators complained of freshly-filleted teeth aching at high altitudes. Schuessler and his staff began looking for a way to fill teeth with the least possible irritation.

Pirates Picture Improves; Meyers Aims For Top Deck

By BOB MYERS

Santa Monica, Calif.—Optimism runs high in the Pittsburgh baseball camp as Manager Billy Meyer herds the Buccos through training chores. This is Meyer's debut as a major league manager but if he has any so-called minor league complex, it doesn't show. Asked about it, in fact, Meyer scratched his grey hairs, and said: "No, I guess they play ball up there just about the same as we did in the minors."

The pleasant skipper has spent 39 years in the game, including five years as a major league catcher, and is noted as a skilled tactician, a real student of baseball. The night his appointment was announced, Pittsburgh Baseball Writer Chilly Doyle quoted Joe McCarthy as telling him: "You now have the best manager in the game."

That's high praise, but most sincere, from Marce Joe, and as the pilot of the Yankees in their greater years he had much contact with Meyer, who was the ace of the Yankee farm system, managing, among others, Newark and Kansas City to pennants.

Pittsburgh, or rather some of its players, got out of hand last year and the final day showed them coddling in a tight embrace with the Phillies in the cellar. So anything Meyer does this year can't help but be silk and velvet.

The Pirates aren't merely aiming at getting out of the cellar, however. They've set their eyes on the first division, and many folks think they will make it.

The club has hitting, fielding and the possibility of pitching. Veteran pitchers include Nix Bonham, Ray Ostermuller, Nick Stronovich, Elmer Riddle and a cornucopia of ex-Brooklyns, Vic Lombardi, Kirby Higbe and Skeets Greig.

The outstanding rookie is Bob Chesnes, a \$100,000 purchase off his 23-8 season with Lefty O'Doul's San Francisco club last year. Chesnes had a few chips removed from his elbow during the winter but appears to be all right now.

Pride of the Smoky City, of course, is the outfield, with Ralph (Sl) Homers, Kiner, Dixie Walker, Johnny Hopp, Wally Westlake, Max West and Joe Grace. Grace came from Washington and West is back in the big time after swatting 43 homers for San Diego in the Coast League.

The infield is new in a sense, but Meyer seems untroubled about it. Eddie Stevens, a slugging rookie, replaces Hank Greenberg at first, a keystone combination of Romanus Bagall from Port Worth and Stan Rojek, from Brooklyn, while Frankie Gustine will be back at third. Gusline hit 227 last year, and with Catcher Clyde Klutz' 302, figures materially in the attack.

One of the most talked about rookies is Catcher Eddie Fitz Gerald, who hit 363 with the Coast League's Sacramento Senators last year. Meyer has great faith in young Stevens, up from Montreal, but the veteran West, or Hopp, can handle the bag if needed.

Gone are some of the players who contributed to low morale on the 1943 team, and Meyer is admittedly pleased with the new spirit. He can be a strict disciplinarian but his friends say he has unquestioned ability in handling players, particularly youngsters.

Things are looking up for Pittsburgh.

Two-Man Team

Lakeland, Fla., March 20—(AP)—George Kell and Walter (Hoot) Evers can't do all the work for the Detroit Tigers.

Cincinnati defeated the Bengals yesterday, 5-2, while Kell and Evers got all but two of Detroit's seven hits. Kell is batting .367 in the Grapefruit circuit, and Evers .533.

Lee Savold In Sensational KO

New York, March 20—(AP)—Heavyweight Lee Savold took a deep bow in the center of the boxing stage today, and asked for a fight with Gus Lesnevich, the light heavyweight champion.

That was the immediate outcome of Savold's sensational 54-second, first round knockout over Gino Buonavino last night in Madison Square Garden.

Filling in as a substitute for Jo Baski on 48 hours notice, the 32-year-old ring veteran from Paterson N. J., registered the fastest main event knock out in the Garden's history. Baski had been forced to withdraw because of a bad ankle.

It was Lesnevich, now getting too hefty to make the light heavyweight scale, who held the previous Garden quickie sleep producer mark—59 seconds over Melo Bettina May 23, 1947.

For the deflated Italian champ, on from Bari, it was a bitter setback, his first after 11 straight triumphs in this country.

Savold was making his first ring appearance since last August, when the handsome Italian had been established a 2 to 1 favorite.

The small crowd of 7,109 hardly settled down to the main go, when it was time to go home. The two met in the center of the ring, tossing leather briskly. Savold, just beginning his 15th year in the fist business, jabbed sharp lefts to the Italian's nose, bringing a claret.

Then with Buonavino back against the ropes, Savold saw his opening, crashed over a jarring right to the jaw and the Italian slumped to the canvas, face down. He climbed slowly almost to his knees, then flopped flat on his face at the count of eight by referee Ruby Goldstein. Buonavino weighed 198 1-2, Savold 190.

Abandon Search For Missing Men

Everglades, Fla., March 20—(AP)—Hope was virtually abandoned today for Jockel Al Snider and two fishing companions, missing since March 5.

The Coast Guard, Army and Navy officially ended the search yesterday, withdrawing planes, blimps, boats, trucks and combat teams from the area southeast of here where the search has centered.

Snider, veteran of 10 years in the saddle, was top rider for Calumet Farm and was scheduled to ride Citation in the Kentucky Derby.

Lombardo To Try For Speed Mark

Miami Beach, Fla., March 20—(AP)—Orchestra Leader Guy Lombardo will attempt to set a new American speedboat record for a measured mile on Indian Creek here next Wednesday.

John E. Horsley, national secretary of the American Power Boat Association, said Lombardo will drive his Temp VI, equipped with a new 1,300 horsepower engine.

Lighter And Better

Tampa, Fla., March 20—(AP)—Johnny Hetki, 25 pounds lighter about the waist and chest, looked good today to Manager Johnny Neun of the Cincinnati Reds.

Hetki gave up two hits and one pass in five innings yesterday, guaranteeing Bucky Walters' 5-2 win over Detroit.

SWIMMER—Sally Ann Howes, film actress, wears an attractive two-piece bathing suit of flowered nylon.

Hurdler, Pole Vault Paced KC Track Meet

Cleveland, March 20—(AP)—Hurdler Harrison Dillard of Baldwin Wallace still was the undisputed champion of the country's high hurdlers today.

Beating out the challenge of the Western Conference's top timber-topper, Lloyd Duff of Ohio State, Dillard took most of the boys by racing to his 49th and 50th consecutive victories before 10,853 Cleveland arena fans at the annual Knights of Columbus indoor track meet last night.

Richmond (Boo) Morcom, slender pole vaulter from the University of New Hampshire, edged into the spotlight by soaring 14 feet, 7 3-4 inches from a new meet record in his specialty. Morcom topped his own previous mark of 14 feet, three inches set last year.

Shad And Herring Season Is Advanced

The North Carolina Wildlife Resources Commission announced today that the opening date for the shad and herring fishing season had been advanced in eastern North Carolina to March 18 instead of April 1, as heretofore announced.

The season opened in the southeastern counties, composing District 4, on March 1. This recent action was taken in order to permit the harvesting of early runs of shad and herring.

Borowy On Mound

Oakland, Calif., March 20—(AP)—Hank Borowy, who has been troubled with a sore shoulder, was assigned to pitch for the Chicago Cubs against the Oakland A's today, along with Russ Meyers and Paul Erickson.

Borowy is convinced he is ready to go after pitching in batting practice.

The first woman senator was Mrs. Rebecca Felton of Georgia, who served one day in 1922.

Baseball Season Opens March 23 For High School

By BERT MOYE

Coach Boley Farley's Phantoms of the Greenville High school are working out daily in preparation for their opening game in Northeastern Conference play when they open their schedule by playing the Kingston Grainger High school in the season's opener at Guy Smith Stadium here on Tuesday afternoon at 3:30 o'clock.

The Greenies, who are reviving baseball in the school athletic program after a year's absence, have only one player working out with the team who has seen service with the Greenies. He is Hugh Hardee, who is out for the first base position.

The schedule, as released by Coach Bo Farley, shows a total of 14 games to be played by the Greenies, with seven being played at home and seven away from home. All of the Greenies home games will be played in the afternoon.

The schedule follows: March 23—Kingston, here; March 26—Edenton, here; April 2—Tarboro, here; April 6—Roanoke Rapids, here; April 9—Kingston, there; April 13—Elizabeth City, here; April 16—Washington, there; April 20—New Bern, there; April 23—Washington, here; April 30—Elizabeth City, there; May 4—Edenton, there; May 7—Roanoke Rapids, there; May 11—New Bern, here; May 8—Tarboro, there.

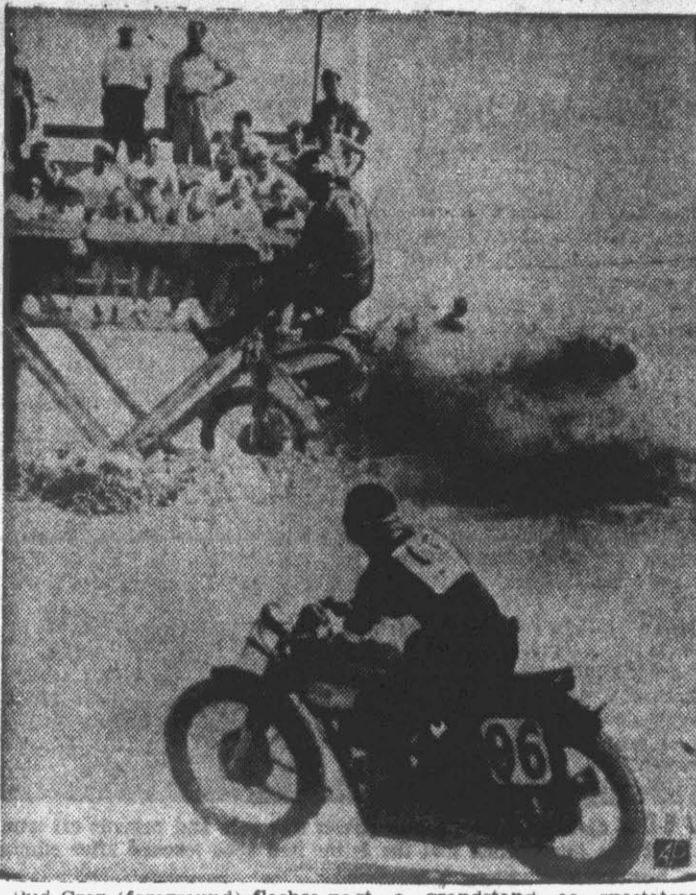

Coach Farley has a total of 22 men who are fighting it out for the various positions on the club. In the pitching department are Bobby Flye, Glynn Perkins, Jack Morgan and "Big" Bland.

Leading candidates for infield positions include Hugh Hardee, Tommy Lupton, Johnny Farley, Bill Jordan, William McLawhorn, Claudius Healy, Ben Robinson, oe Alligood, Danny Odum.

Outfielders who are fighting for berths on the starting nine include Fred Joseph, "Little" Bland, Walter Goor, Jim Tanner and Joyner. The catching hopefuls are Charlie Kittrell, Thad Morgan, Bobby Watson and Bobby Odum.

Amethyst is composed of two Greek words meaning "not to be drunk." The ancients believed this stone would keep the wearer sober.

Raves In Braves' Training Dark, Prendergast Draw

By FRANK ECK

(AP) Newsfeatures Sports Editor Bradenton, Fla.—A lot of the gossip in the Boston Braves camp concerns two minor league stars—Pitcher Jim Prendergast and Shortstop Alvin Dark.

General Manager John Quinn feels they are the two most important additions to the Braves and nearly all the players agree.

"Prendergast is up from Syracuse, where he set the International League on fire last season," says Quinn. "We got him on a conditional sale and will have to make up our mind soon after the season starts as to whether we'll keep him. He has a good chance of sticking."

"As for Dark, we've been sold on him for some time. And we're not only taking the word of the scouts in our organization but the word

of baseball men with other clubs. "Bill Meyer, new Pittsburgh manager, has seen the Rizzutos and Reeses and the likes play shortstop and Meyer thinks we have a real star in Dark. He has the stuff to make good."

"Dark has the disposition and his habits are wonderful. An all-around athlete at Louisiana State University, he should be the answer to our shortstop problem. Why the other day he went out on the golf course and shot a 70. He thinks nothing of it. He has great competitive spirit."

Prendergast is a Brooklyn-born southpaw who won 20 games in the International League last season and had an earned run mark of 308. He pitched 24 complete games, stands one inch over six feet, weighs 188 and is 31.

Dark was an important factor for the Milwaukee Brewers last season and his work at short and at the plate carried right through the Little World Series as the Brewers noed out Syracuse in seven games.

In 149 games with the Brewers, Dark batted .303, passed the league in runs scores with 121 and led in doubles with 49. His extra base power is best reflected in the averages for with 279 total bases he tied Cliff Mages for the loop lead. Mages is the big Kansas City outfielder who is up with the Yankees this spring.

The tip on Dark is that he has so much speed that there are few men in the majors who round first base as well as this 25-year-old led from Lake Charles, La.

"If any outfielder so much as bobbles one of his hits only momentarily you'll find Dark on second base," says Quinn. First baseman East Torgeuse was the fastest man on our team last season and now we're thinking of matching him with Dark in a race sometime this season. After the fans see him I believe such a match race will pack our park."

Ed Stanky from Brooklyn, Jeff Heath from the Browns, Jim Russell from Pittsburgh and Bob Sturgeon, ex-Cub, are others who should help the Braves, Quinn believes.

"We worked five or six weeks on the deal that brought Sturgeon and sent Dick Culler to the Cubs," says Quinn rather boastfully. "If you remember, Sturgeon hit well in 1946 (296 in 100 games) and the Cubs sort of gave up on him after last year when he fell to .254. We know he can play short or second and he's the utility man we need behind Dark at short and Connie Ryan or Stanky at second."

"We have the grandest manager in baseball in Billy Southworth and you'll see a dog fight for the National League pennant."

The Braves finished third last year, eight games behind Brooklyn and there's no reason to believe they can't improve their record with two such important additions as Prendergast and Dark.

Though the President of the United States is commander-in-chief of the Army and Navy, he is not allowed to wear the uniform.

Only Prayer Can Save 3-Year-Old

Mount Airy, March 20—(AP)—The parents of blonde, blue-eyed Joyce Ann Haynes, who said doctors have told them the three-year-old child will die within three months of acute leukemia, today asked national-wide prayers for a miraculous recovery.

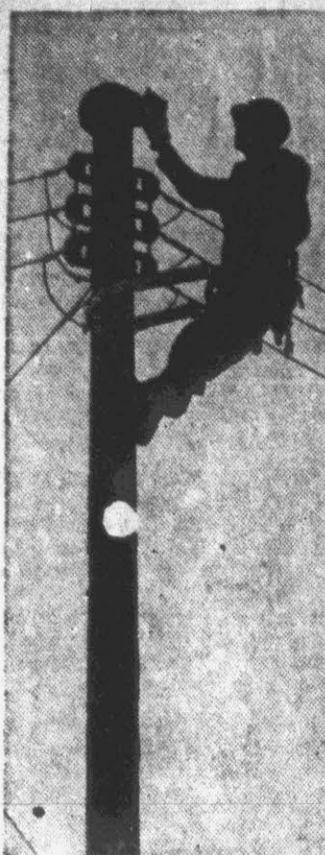

Carl W. Haynes, a textile worker said Joyce Ann, stricken three weeks ago in California, has lost her ability to walk and spends her time playing with dolls and looking at picture books.

Mrs. Haynes said that Joyce Ann told her she overheard a doctor tell a nurse she could not live. "But I don't believe it, do you mama?" the mother said the tot told her.

Joyce Ann's parents said that a doctor at Los Angeles Children's Hospital first told them three weeks ago that she could not live more than three months with the blood disease. The child said she wanted to see her grandparents here, and the family flew to nearby Winston-Salem a week ago. Last Wednesday, the parents said, they took the girl to Winston-Salem's Baptist hospital, and doctors confirmed the diagnosis.

Haynes said his daughter had never been sick before. "It's something we can't understand. All we have left to rely on is prayer."

The women of ancient Greece were harried from the Olympics both as spectators and participants.

POLE SITTER RESCUED—George Strunk climbs power line pole and returns cat named Trouble to her mistress, Mrs. June Adkins, at Akron, O. It was fourth time that the feline had been rescued after climbing to top of the pole.

C. S. Murphy Dies At His Home On Friday

Mr. Charles S. Murphy, 57, died at his home near House's Station Friday evening at 6:15 o'clock following several years of declining health and a week of critical illness. Funeral services will be conducted at the home Sunday afternoon at 3:30 o'clock by Dr. H. G. Haney, pastor of the Eighth Street Christian Church, and burial will follow in Greenwood Cemetery.

Mr. Murphy was born in Greene County and lived there until about 20 years ago, when he moved to Pitt County. He was a farmer and a member of Red Oak Christian Church. He was first married to Miss Louise Manning and surviving this union are three sons: Wayne, of Baltimore, Md.; Joe William of Arlington, Va.; and Dawson of Miami, Fla.; and a daughter, Mrs. Herbert Little of Miami, Fla. In 1940, he was married to Mrs. Hulda Staton Johnson, who survives, along with two stepsons: Van Johnson of Greenville and Earl Johnson of Newport News, Va.; four stepdaughters: Mrs. Julia Paige of Elkin, Mrs. Pete Freeland of Greenville, and Mrs. Dorothy Bolin and Miss Jean Johnson, both of the home; four grandchildren; a sister, Mrs. Nora Dail of Hookerton, and one brother, Lawrence Murphy of Newport News, Va.

The next meeting will be at the home of Mrs. Viola Langley on Pitt Street.

Duke Dean's List Has Four Local Students

Durham, N.C., March 20—According to information released today, four Duke University students who are residents of Greenville were placed on the Dean's List at Duke for this semester. A total of 145 Duke students from North Carolina made the required B average and were given Dean's List standing, entitling them to six class cuts during the present term.

The local students are Peggy Rose Smith, Kathryn Van Nortwick, Lillian Hooker Wooten, and William Phillip Moore, Jr.

GI Vocational Setup Explained

Veterans eligible to attend college under the GI Bill are also entitled to counseling at government expense, E. C. Hemingway, Chief, Vocational Rehabilitation and Education Division of the Veterans Administration's North Carolina Regional Office, said today.

Designed to help veterans select study courses for which they are best suited, this counseling service is available at various colleges throughout the state. Travel expenses to and from these advice centers must be paid by veterans-students studying under the GI Bill.

Explaining the vocational advice setup, Mr. Hemingway said the prescribed pattern in the case of a man who may be college material is first to give him an interest test. This test is designed to identify the type of work or profession the veterans wishes to follow.

The next step, the VA official pointed out, is the college aptitude test to identify the ex-serviceman's proficiency along two lines. If he is proficient in the mathematical-scientific field, he may be encouraged to study engineering, mathematics, physics or chemistry. If he does better on the literary phase of the test, he may be urged to follow college work in the literary and social science fields.

Specific aptitude tests in art, clerical fields, engineering, music, nursing, sales and accounting, and science are also available, Mr. Hemingway declared.

After the veteran has matriculated, guidance service similar to that offered by the VA is also given by many colleges, he explained. The fee for such guidance is included in the regular tuition which the government pays the institution for the veteran's training.

Vocational guidance is optional for students studying under the GI Bill but compulsory for those studying under the Vocational Rehabilitation Act for disabled veterans. However, when a veteran studying under the GI Bill fails his course, he must take guidance tests before he can proceed further.

Vocational guidance is offered veteran-students at the following VA Centers in North Carolina: University of North Carolina, Chapel Hill, North Carolina; North Carolina State College, Raleigh, North Carolina; Catawba College, Salisbury, North Carolina; A & T College, Greensboro, North Carolina; and North Carolina College for Negroes, Durham, North Carolina.

Bandits Conduct A Bargain Sale

Boston, March 20—(AP)—A tipsy gunman offered bargain prices during the course of a holdup at the Charles Liquor Mart last night.

While an accomplice held the owner and a clerk in a back room, the tipsy one waited on several customers—practically giving the stuff away.

Tiring of the job, he called the owner to wait on four customers and made him refuse payment on four quarts.

The pair fled with \$300 spending half an hour in the store.

Hoey Is Against 'Civil Rights'

Washington, March 20—(AP)—

Senator Hoey of North Carolina feels that both Negro and white races would be unfavorably affected by President Truman's anti-segregation proposal.

In a statement to the North Carolina Democratic Club of Washington, Hoey said here last night that the fair employment practice commission bill would deny "sovereign states" to exercise their own rights of determining segregation matters "within their own borders."

Ben Johnson, famous English poet and playwright, is buried in a sitting position in Westminster Abbey.
