

'Cold War' Goes On Unabated As Time Runs Out

Bidault, De Gasperi Say Peace Possible; Reds Continue Prop- aganda

By the Associated Press
Italian Premier Alcide De Gasperi said today he sees a step towards a United States of Europe in the proposal of three Western powers to return Trieste to Italy.

French Foreign Minister Georges Bidault, who announced the plan Saturday and conferred three hours today with De Gasperi, declared: "Peace is possible. I think that peace is probable and I think if we do what we should, peace is certain."

And yet the cold war between Russia and the West went on unabated.

A chorus of Communist statements on the Trieste proposal arose from the Red states of Yugoslavia, Czechoslovakia and Hungary. The Communists showed concern lest the Trieste pronouncement influence Italy's April 18 elections, in which the Communists are bidding for power.

The Russians were reported making numerous arrests of non-Communists in their zone of Germany. Soviet guards were reported posted every 100 yards along the border of the American-Soviet zone near Hof.

Moscow's Tass agency said the Russian withdrawal in Berlin caused "unusual consternation and complete confusion" among the Western powers.

Political crises from Bulgaria, Hungary, Poland, Romania and Yugoslavia in London added Chile to request inquiries into events in their countries.

Premier Clement Gottwald said he foresees little opposition to the Communist program in Czechoslovakia.

Finland's delegation reached Moscow to negotiate with Russia on a treaty. Prime Minister Stalin asked the little country for an accord of friendship and mutual assistance. Finland was trying to find means to pay Russian claims from their war.

Non-Miners May Ask For Pension

Morgantown, W. Va., March 22 (AP)—District 50, the non-mining section of the United Mine Workers may seek pension plans similar to those now covering many miners, field representative Delmar Hagedorn said yesterday.

Ship Refloated After Ten Days

Norfolk, Va., March 22 (AP)—The motorship Norfolk is afloat again after being aground for 10 days off Cape Lookout, N. C. After being refloated she was anchored off Lookout Light.

The vessel was pulled into deep water early Sunday by the tug Cable. The Norfolk went aground near the Morehead City inlet when she sought safety from a gale off Cape Hatteras.

Orders Inquiry Into Food Prices

Washington, March 22 (AP)—Attorney General Clark today ordered a grand jury to investigate food prices in Chattanooga, Tenn.

The Attorney General announced that he has assigned four special agents to investigate the high prices of food in the city of Chattanooga and especially in the prices of milk.

Democracy Is Slower

This Country Can't Do Much Right Away To Stop Communism; Advantage In Dictatorships; Price Of Democratic Process; United Opinion To Decide On Action

By JAMES MARLOW

Washington, March 22 (AP)—President Truman says the world situation is critical because of the spread of Communism.

But what can this country do to stop it? Not much right away, or for months to come.

Why? It's the price this country pays for what Secretary of State Marshall calls the "democratic process."

Marshall summed it up in a speech at Los Angeles Saturday by saying in effect:

When trouble starts a dictatorship has an advantage over a Democracy—at least in the beginning—because it can act fast.

By its very nature Democracy is slower getting started; divided public opinion; debate; and the whole people, more or less, wanting to be satisfied that what is done ought to be done.

Marshall points out that in a dictatorship a "small group of men may make decisions affecting the lives of millions."

Under the slower Democratic process, the whole people, at least theoretically, take part in the decisions. This is the very core of Democracy.

Senators Call For Secret Data On Cold War With Communism

Washington, March 22 (AP)—Senators called on the Truman Administration today for secret data on the cold war with Communism.

Senator Bridges (R-ME) told a reporter the armed services committee hopes to find out from Secretary of State Marshall and Secretary of Defense Forrestal "of and where he intends to fight."

Both cabinet officers were summoned to a closed room meeting this afternoon. The session was called to consider President Truman's plan for temporary revival of the wartime draft and for immediate enactment of universal military training.

It was to be Marshall's second appearance of the day on Capitol Hill. He was invited to sit in with Senate Foreign Relations Committee members during their final study of a bill to provide \$670,000,000 in economic aid to China.

Just back from a series of West Coast speeches on the Administration's new stop-Russia policy, Marshall faced a busy schedule on top of his Congressional engagements. At the State Department, three critical issues have arisen.

They involve (1) a possible Russian crackdown on the Western powers in Berlin, (2) uncertainty over whether violence may flare in Trieste as a result of the surprise proposal to return that strategic port city to Italy and (3) this country's about-face on the earlier decision to partition Palestine.

As for Marshall's and Forrestal's date with the armed services committee, Bridges said he isn't sure that either will be willing to draw any line in Europe beyond which further Communist encroachment might call for American military action. But the Senator added:

"Even if they don't want to tell

us that, I think we have a right to know in more detail why they need more men in the armed services and what they intend to do with them."

After hearing the two cabinet members, the armed services group may decide whether it wants to go ahead with an inquiry into UMT or shift temporarily for a look at the draft revival proposal.

The draft plan got a week-end nudge from Senator Taft of Ohio, chairman of the Senate's Republican policy committee.

Taft said in a Springfield, Ohio, speech:

"If it can be shown that there is no other way in which to get the men necessary for the force determined to be essential for defense, there seems no escape from setting up temporarily the selective draft machinery."

Court Action Promised If Dispute Not Settled

Federal Officials 'Get Tough' With Lewis And UMW; Legal Club Provided By Taft-Hartley Law

Washington, March 22 (AP)—Court action to end the soft coal shutdown was promised by federal officials today unless:

1. John L. Lewis sends his United Mine Workers back to the pits voluntarily to end the week-old pension "lockout."

2. A meeting of miners and coal operators called by Conciliation Director Cyrus E. Ching (2:30 p.m. EST) produces some progress toward a settlement.

Neither of these possibilities was regarded as likely.

One staunch Lewis lieutenant said in the field: "The miners won't go back to work until they're ordered—until this dispute is settled."

However, some industry representatives, thought Lewis might suddenly call off the pension demonstration today or next Monday to avert a direct showdown under the Taft-Hartley Labor Act.

The legal club which officials say the government has poised for use is provided by the Taft-Hartley Act. It permits a court injunction after a fact-finding board has reported the issues to President Truman.

That procedure, however, would require at least ten days.

Should the court grant an injunction, and should Lewis refuse to comply, he would face another contempt of court fine like that imposed by Justice T. Allen Goldsborough in the strike of November-December, 1946. The Supreme Court finally fixed the fines on Lewis and the union at \$710,000. Goldsborough had proposed \$2,510,000.

Future Events Bear On Tax-Cut

Washington, March 22 (AP)—Senator Morse (R-Ore.) said today that if world conditions get worse Congress may have to recall a proposed tax cut.

Morse told the Senate he will support the reduction but said that if larger military spending becomes necessary, Congress may have to return present tax rates—if it succeeds in writing the tax-cut bill into law.

Morse said he has "personal fears of any drastic tax reduction" but believes the people want tax cuts.

PROFITS SHOW DECLINE

New York, March 22 (AP)—The National Retail Dry Goods Association in a survey today said department store profits declined 21 percent in 1947 compared with 1946.

Child Unharmed While In Deep Well

Atlanta, March 22 (AP)—A frantic father found his 20-month-old daughter floating in a deep well yesterday.

Tiny Patricia Ann House, who had tumbled 30 feet, remained afloat until her father could be lowered on a rope and snatch her to safety.

Patricia, cheerful through it all, was rushed to a hospital, where she was dried off and dismissed. Mother, Mrs. Glenn House, remained a little longer while Doctors treated her for a case of nerves.

Odom Takes Off For China Hop

Ontario, Calif., March 22 (AP)—Round-the-world pilot Bill Odom took off for Honolulu today in the Reynolds scientific plane explorer on the first leg of a return flight to China.

The C-47 transport was flown back to the United States from Shanghai for repairs and arrived at Van Nuys, Calif., March 13.

After a stop at Honolulu, the plane will head for Shanghai to pick up a group of scientists in the expedition of pen maker Milton Reynolds for a later journey to West China.

FM IMPROVEMENTS
New York, March 22 (AP)—New developments expected to result in cheaper and better frequency modulation radio sets were disclosed today at the opening of the annual convention of the Institute of radio engineers.

Strike Holds Up News On Trieste

Many Italian Papers Closed By Strike Of Communist-Led Union

By the Associated Press
Rome, March 22—Italians were deprived of newspaper accounts today of Trieste and the Italian political campaign. More than 1,000 dailies throughout the country were shut down last night by a 24-hour printers' strike for higher pay.

Upward of 100,000 men were called out by their Communist-led union. De Gasperi and Bidault, it was believed, were planning to talk over the political situation in Italy and France, where Communists hid strongly for power.

The Frenchman disclosed in Turin Saturday that the United States, Britain and France propose to give the Adriatic seaport of Trieste back to Italy.

A three-power announcement on Trieste was made later in Washington. The western powers invited Russia and Italy to talk about changing the six-month-old Italian peace treaty, which made Trieste and environs a free territory.

(The Moscow radio said last night "the United States, Britain and France are acting behind the back of the Soviet Union in proposing to revise the peace treaty with Italy.")

Some Italian sources said the western revised the Trieste idea through because it believed Russia had the same plan.

Report Princess Expects Child; Family Silent

London, March 22 (AP)—The People, a widely circulated Sunday newspaper, said Princess Elizabeth is expected to become a mother in October.

It was the first such definite prediction by a British newspaper. It drew the same official "no comment" from Buckingham Palace as similar predictions previously published abroad.

The People said an official announcement cancelling the Princess' public engagements may be "expected at any time in the next few weeks."

"This," it added, "will be necessary in expectation of the Princess becoming a mother in October."

INQUEST SET FOR THURSDAY

Asheville, March 22 (AP)—Dr. P. R. Terry, Buncombe county coroner, will hold an inquest here Thursday in the deaths of the nine victims of the Highland hospital fire.

Rent Control Measure Conferees Meet Today

Washington, March 22 (AP)—House and Senate conferees begin today writing a rent control compromise today—with neither side ready to yield.

The biggest stumbling block is whether to give local rent boards full and final authority to raise ceilings or to lift controls entirely.

The present rent control law expires one week from Wednesday. House members of the conference committee which must resolve differences between the two versions are pledged to fight for such a home rule provision. The Senate is opposed to it.

Chairman Tobey (R-NH) of the Senate Banking Committee called

No Withdrawal From Berlin In Face Of Affront

Soviet Boycott Of Allied Control Council Ignored By General Clay

Berlin, March 22 (AP)—Despite Russia's boycott of four-power government machinery for Germany, the United States occupation chief said today the Americans intend to stay in Berlin.

"We are in Berlin by agreement, just as the Russians are in Saxony and Thuringia (territory conquered by American troops) by agreement," said Gen. Lucius D. Clay, U.S. military governor. "We intend to stay."

The Russians' boycott, which followed their walkout on a meeting of the Allied Control Council Saturday, spread paralysis today through the whole control authority.

In quick succession, acting as chairmen for this month, they canceled meetings of four-power committees which had been scheduled for today. They merely said they were too busy to attend.

By noon they had taken part in only one session with the Western Allies. That was a secretaries' meeting at which the Russians announced there will be no meeting of the allied coordinating committee tomorrow.

Clay's statement was made in an interview. It replied to a request that he comment on the Russian boycott and on renewed suggestions in Russian-controlled newspapers here that the Western powers get out of Berlin.

He was not prepared to say what course the Americans would pursue if the Russian boycott went on.

The Russian chairmen can call off all remaining control authority meetings this month if they want.

Next month, however, chairmanship in all groups rotate to the Americans and they can call meetings.

Truman 'Shares' In Mihai's Hopes

Washington, March 22 (AP)—Former King Mihai of Romania said today a White House call today that President Truman shares his hope that he will one day return to his throne.

The deposed king told reporters no mention was made about setting up a government-in-exile while he talked with Mr. Truman.

Secretary Plans Attend Meeting

Washington, March 22 (AP)—Secretary Marshall is going ahead with plans to leave this weekend for the inter-American conference at Bogota, Colombia.

The State Department press officer, Michael McDermott, told reporters today that Marshall plans to remain through the entire conference which may last six weeks.

Budget Surplus At All-Time High

Washington, March 22 (AP)—The government's budget surplus climbed above \$6,000,000,000 today for the first time in history.

The flood of income tax payments was responsible. These sent the surplus up almost \$1,100,000,000 in three days.

At \$6,121,183,617.36, the surplus was rapidly moving toward the \$7,500,000,000 which President Truman has predicted by the end of this fiscal year, June 30.

Another Major Clash In UN Looms As Czech Question Again Taken Up

Lake Success, March 22 (AP)—Another major clash between Russia and the western powers loomed today as the Security Council returned to the Czechoslovakia question.

The council session was called for 2:30 p.m. (EST) to begin hearing evidence in support of Chile's demands for an investigation of Russia's role in the Feb. 25 Communist coup.

The first session on the Czechoslovak issue was held last Wednesday. At that time the council voted 9 to 2 over Soviet objections, to give the question a thorough airing.

Today's clash is expected to develop

over Chile's request that the council hear testimony from Papanek, Czechoslovakia's anti-Communist delegate, who has been fired by the new Prague government. Papanek contends he still is his country's delegate.

Russia's attitude on hearing Papanek was indicated Wednesday when Soviet Delegate Andrei A. Gromyko attacked him bitterly as a "traitor." Informed quarters said the United States would vote to hear both Papanek and his successor, Dr. Vladimir Houdek.

It was indicated the necessary seven votes would be obtained to override Soviet objections.

War Described 'Not Remote' Possibility Of Third World

Many Slain

Jerusalem, March 22 (AP)—An explosion wrecked the thickly populated Iraq street in the center of the Arab section of Haifa today. A government spokesman said there were "very many casualties."

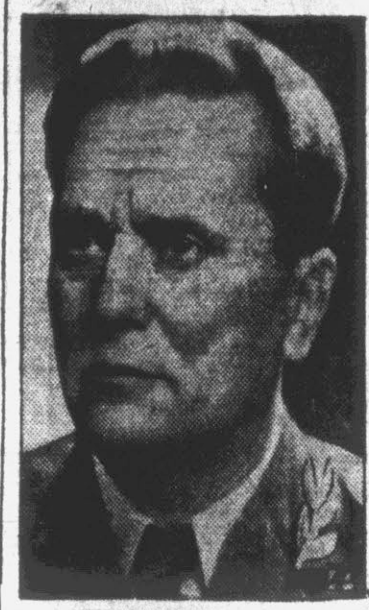

Police said a Jewish truck loaded with explosives penetrated the area section and was blown up.

Witnesses said buildings and houses were damaged "for blocks around."

Many Arabs were believed buried in the wreckage.

Earlier a Haganah source said 20 Arabs and four Jews were killed last night during an Arab attack on the Jewish settlement to Nizanim in southern Palestine.

Files Protest

MARSHAL TITO

Yugoslavia Hits Trieste Proposal

Declare Move Not In The Interests Of Strengthening Peace

London, March 22 (AP)—The Yugoslav government protested to the Western powers today that their proposal on Trieste will not strengthen the peace in central Europe.

Tanjing, official Yugoslav news agency, said a note was presented to the United States, British and French ambassadors in Belgrade by the Yugoslav foreign minister, Stanjko Simic.

Premier Marshal Tito's government made pointed note that the proposal to restore Trieste to Italy came only four weeks before the Italian elections.

It declared:

"The Yugoslav government considers that submitting such a proposal at the time of the pre-electoral campaign in Italy can serve only the fomenting of Communist hatred towards the Yugoslav people and, on the other hand, towards the sharpening of internal political relations in Italy x x x."

"Neither is it in the interests, either of the Italian people itself or the strengthening of peace in this part of Europe."

Rain Costly For Cleveland Zoo

Cleveland, March 22 (AP)—Torrential rains which flooded thousands of homes and disrupted transportation and power service here caused flood damage estimated today at about \$100,000 at Cleveland's zoo.

Supt. Louis Zittel of Brookside park, said eagles, vultures, ostriches, wolves and raccoons perished in flooded compounds. Zoo employees worked through the night to remove animals to higher ground.

Doughton Claims Tax Cut Certain

Washington, March 22 (AP)—Rep. Doughton (D-NC) top Democrat on the House Ways and Means Committee, predicted today taxes will be cut \$4,800,000,000 (B).

He forecast that the Senate bill recommending this amount will pass the House. The Senate is expected to approve the bill late today.

"The Senate bill," he told reporters, "is substantially the same one I tried to get the House Ways and Means committee to accept. x x x I can sell all the way with this bill and I will."

The Yalta Agreements

For Eight Days, Roosevelt, Stalin And Churchill Planned For Peace; The Points Agreed Upon; The Events That Followed; Some Of The Problems Unsolved

By WILLIAM N. OATIS

The time was February, 1945. United States and Russian forces were in Germany. MacArthur was back in the Philippines. Churchill had called upon the German people to surrender. Victory in Europe was only three months ahead, victory in the Pacific only some six months off.

President Roosevelt and Prime Minister Churchill and Stalin met to plan the peace. They talked for eight days (Feb. 4-11). The place was Casar Nicholas II's old summer palace on the Black Sea at Yalta in the Crimea.

The conference came to be called the Crimea conference, the agreement it produced the Yalta accord.

What do those talks mean today—three years and many other international conferences later?

What has survived, in a postwar era of big-power wrangling, of an agreement forged in the heat of a war in which the big powers were allies?

General agreements on the United Nations, Germany, Poland and Yugoslavia were made public two days after the Crimea conference.

Other accords—notably on the U. S. Security Council veto, German reparations, Russia's entry into war on Japan and the price for that—were not disclosed until two years later. The State Department published these March 24, 1947.

Here, in summary, are the points agreed upon at Yalta:

United Nations—to be formed in San Francisco in the spring of 1945. The Big Five to have a veto in the Security Council on important questions.

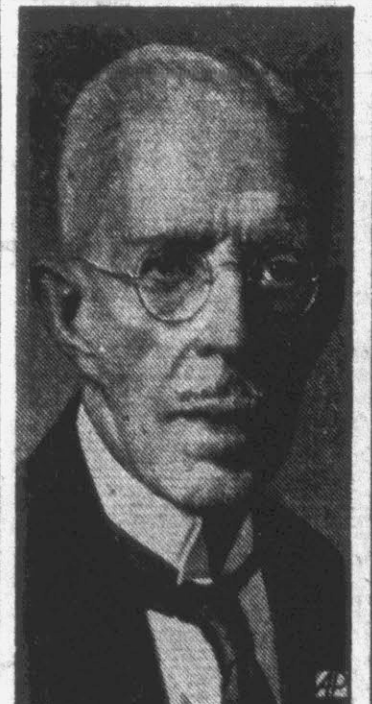

Germany—to be occupied by the four big European powers, each in its own zone, with coordination through a central Berlin control council. To pay reparations "in kind for the losses caused by her to the allied nations."

Poland—to give the eastern third of its territory to Russia in the hope of getting part of eastern Germany in return. To take leaders of the London exile government into its Russian-sponsored provisional government.

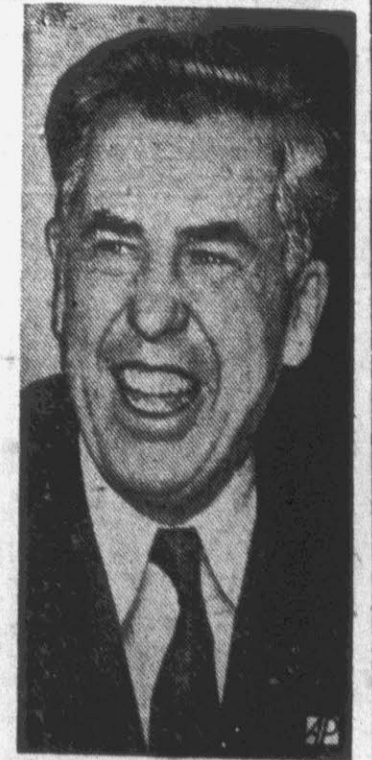

Yugoslavia—Marshal Tito and former Premier Dr. Ivan Subasic to form a coalition government.

Liberated countries—to form a coalition government.

(Continued on Page Five)

KING—King Gustaf V, 89-year-old monarch of Sweden, posed for this picture recently in Stockholm.

CANDIDATE—Henry A. Wallace, new third party presidential candidate, said in New York that he included the fact that his party was going to get on the ballot in California.

More rain and an abundance of it. There was a canoe going right along up Evans street today.

Several car loads of material have arrived for constructing the steel bridge across the river here.

Japan wants a visit from America's touring fleet and the emperor has sent an invitation to that effect.

The Kentucky "night riders" or some of the same stripe, have extended their operations over into Virginia and are making threats against large tobacco growers in the state.

SOCIAL CALENDAR

TUESDAY

4:00 p. m.—Literature Department of the Woman's Club meets at the home of Mrs. W. C. Harris.

8:00 p. m.—St. Elizabeth's chapter of the Episcopal Church meets in the parish house.

8:00 p. m.—Witha Council Degree of Pochahontas meets.

8:00 p. m.—Junior Woman's Club meets in the club house.

FRIDAY

6:30 p. m.—Kiwanis Club.

"The Ghost Farm"
Who murdered Belle Winthrop? Come and help us solve this mystery Wednesday night, March 24, at 8 o'clock at the Red Oak Community center. Admission 25 and 50c.

"The Ghost Farm"
Louetta Waitles declares she is going to be bodaciously "et up" by a ghost at the Red Oak club house Wednesday night, March 24th at 8 o'clock! Don't miss this exciting play. Benefit of Youthful Workers club. Admission 25 and 50c.

Harris-Bullock
Mr. and Mrs. L. M. Bullock request the honor of your presence at the marriage of their daughter, Faye Lorraine Bullock, to James Ray Harris on March 28, in the Parker Chapel Free Will Baptist Church at 5 o'clock.
No invitations sent in town.

Recreation Commission Meets Tonight
There will be a meeting of the Recreation Commission tonight at 8 o'clock at the Woman's Club.

Art Gallery Remains Open
The Greenville Art Gallery will remain open Tuesday, Friday and Saturday nights until 9 o'clock. Oil portraits by Georgia Pearsall Hearne are showing. The Art Gallery is on the second floor of Shepard Memorial library.

Book Club Day to Be Observed
The Book Clubs of Greenville will hold their annual Book Club Day luncheon on April 13 at one o'clock at the Woman's Club. Mrs. W. H. Taft is general chairman. The speaker has not been announced. Last year Mr. I. C. Greer of ballad and folk song fame, rendered an interesting program. Book Club Day has been considered a great event on book club schedules since its beginning in 1941 and members all over the city are looking forward to this event. A cup will be awarded to the club having the highest percentage attendance.

W. C. T. U. Radio Program
Mrs. Briggs will be in charge of the W. C. T. U. Broadcast at 4:45 p. m. tomorrow. At this time Miss Juanita Stokes will sing.

Christian Science Service

"Matter" was the subject of the Lesson-Sermon in all Christian Science Churches and Societies on Sunday March 21.

Golden Text: I John 2:15. "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him."

Among the citations comprising the Lesson-Sermon were the following from the Bible: "Surely every man walketh in a vain shew: surely they are disquieted in vain: he heareth up riches and knoweth not who shall gather them" (Psalm 39: 6). And from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The only fact concerning any material concept is, that it is neither scientific nor eternal, but subject to change and dissolution. The so-called pleasures and pains of matter perish, and they must go out under the blaze of Truth, spiritual sense, and the actuality of being" (Pages 297, 298).

Pre-Easter Services
There will be pre-Easter services each evening at 7:30 at the Greenville Free Will Baptist Church, conducted by different speakers. We cordially invite you to attend.

Harris-Everett
In a simple ceremony the wedding of Miss Elizabeth Whitmore Everett, daughter of Mrs. Simon Justus Everett and the late State Senator Everett of Greenville, to Robert Adrian Harris of Leaksville, son of Mr. and Mrs. R. I. Harris of Arcola, took place Saturday afternoon at 3 o'clock in the First Baptist Church of Raleigh. The Rev. Mr. Norfleet Gardner of Henderson, was the officiating minister.

Dr. Frederick Stanley Smith, organist, presented a program of wedding music prior to and during the ceremony. The bride was given in marriage by her brother, Reuben Oscar Everett of Akron, Ohio.

The bride wore a street length dress of powder blue with high round neck ornamented with bow knots of self material. The dress, an exclusive model, featured front pleum with back drape extending to the hem line. Her hat was an open crown Chinese Pink straw, flower trimmed, with matching veil. She wore pink gloves and carried a bridal bouquet of Sweetheart roses. Her only ornament was a strand of pearls, a gift of the bridegroom.

The best man was Elmer Harris of Arcola, brother of the bridegroom. The ushers were Ralph L. Howland of Charlotte, brother-in-law of the bride, and Willard Harris of Campbell College, brother of the bridegroom.

Mrs. Everett, the bride's mother, wore a powder blue dress of crepe with matching accessories. Her corsage was of pink camellias.

Mrs. Harris, mother of the bridegroom, wore a midnight blue suit accented by a blouse of pink. She wore matching accessories and a corsage of pink camellias.

Immediately following the ceremony the mother of the bride entertained at a reception at the Woman's Club for the families and out-of-town guests.

The reception rooms throughout were decorated with spring flowers. On the mantels tall white candles burned against a background of magnolia leaves, ivy and southern smilax. Mr. and Mrs. Ralph Howland of Charlotte, greeted the guests. Receiving in the front hall were Miss Scotia Moxing of Leaksville and Reuben Oscar Everett of Akron, Ohio. Mrs. Everett and Mrs. Harris welcomed the guests at the drawing room door. Introducing the guests to the receiving line, composed of the bride and bridegroom and their attendants, were Mrs. A. C. Liverman of Scotland Neck and Miss Mary Lou Butler of Kensington, Md.

Serving in the dining room were Miss Florence Pittman of Wilson, Elaine Collins of Leaksville, Miss Helen Thomas of York, S. C., and Miss Vivian Harris, sister of the bridegroom, of Washington, D. C.

Mrs. L. M. Buchanan of Greenville, served punch. The bride and bridegroom cut the cake after which the guests were served cake, decorated mints and nuts. Good-byes were said by Miss Rosina Pittman of Scotland Neck and Miss Rosalyn Harris of Benson.

The couple left for a wedding trip to Florida. After April 3 the couple will be at home in Leaksville.

The bride took her undergraduate work at Meredith College and East Carolina Teachers College. She was graduated from the University of Tennessee with her Masters Degree in Home Economics. During the war she was with the Kaiser Child Service Clubs in Portland, Oregon. She now holds a position in Spray, as girls' director associated with the State Department of Adult Education.

The bridegroom is a graduate of the University of North Carolina, a member of Phi Beta Kappa honor ary society and now heads the cost accounting department of Fieldcrest Mills at Leaksville-Spray. He was a lieutenant in the navy, serving overseas on a minesweeper in World War II.

Among the out-of-town guests were Mr. and Mrs. S. B. Underwood, Jr., and Miss Lella Higgs of Greenville.

Miss Everett was complimented with many social functions by her Leaksville friends.

Mrs. W. B. Weaver of Leaksville entertained on March 3, at a beautifully appointed party. One March 5 Mrs. T. M. Kirkpatrick honored Miss Everett with a six table bridge party. On March 10th Misses Scotia Moxing, Helen Thomas and Gertrude Becker entertained at an elaborate bridal shower.

Several other showers were given by friends associated with Miss Everett in her work. On Friday evening, March 19, Miss Lella Higgs of Greenville, entertained the wedding party at the Rhunlyn home in Raleigh. Covers were laid for ten and a delightful dinner was served.

Mr. and Mrs. R. O. Everett of Durham and Mr. and Mrs. B. B. Everett of Palmyra entertained at an elaborate wedding breakfast Saturday honoring their niece, Miss Everett. Covers were laid for five and a delectable three-course breakfast was served amid a setting of lovely spring flowers. The breakfast was given at the suburban Colonial Pines Hotel in Raleigh.

Masonic Notice
There will be a Special Communication of Greenville Lodge No. 284 A. F. & A. M. Tuesday night at 7:30 for work in the Entered Apprentice Degree. Visiting Master Masons are cordially invited.

**Flood Dangers
Follow On Heels
Of Wind Storms**

Chicago, March 22—(AP)—Floods and threats of floods harassed many towns and rural lowland dwellers in the Midwest and East today. Drenching rains pouring into streams already swollen by melting snow and ice caused overflows in Iowa, Pennsylvania, Vermont and New York.

An emergency crew recruited in Quincy, Ill., was sandbagging levees in an effort to prevent the Mississippi from overflowing 6,000 acres of rich wheatland.

While other communities still staggered from devastating tornadoes of last week, another twister hit the Tinker Air Force base at Oklahoma City Saturday night causing damage estimated at more than \$15,000,000 to aircraft alone. Maj. Gen. Frederick S. Borum, commanding general, listed 52 planes and several buildings destroyed, and other buildings and 50 planes damaged.

At least five northwestern Pennsylvania communities were struck by flash floods following a three-inch rainfall yesterday. Mill Creek overflowed into some sections of the Meadville business district and some families evacuated their homes in Titusville.

E. T. Stevenson, publisher of the Titusville Herald, said "It looks like our worst flood in years but no lives are threatened."

Parts of Warren, Bradford, and Union City also were flooded. An ice jam in East Creek sent five feet of water into a residential section of Rutland, Vt., causing an estimated \$75,000 damage. Some lowland residents along the Susquehanna River near Binghamton, N.Y., were forced to evacuate their homes, and the Black River had overflowed at Lowville, N.Y. An ice jam 15 miles long was reported in the St. Regis River.

**Long Road Term
For Negro With
Criminal Record**

By CHESTER WALSH

In Police Court today, Judge J. W. H. Roberts found Willie S. Jenkins, Negro, guilty of assault with a deadly weapon—a piece of iron—and sentenced him to 12 months at hard labor on the roads.

Testimony was that Jenkins was looking for trouble; that Mack Ebron, his victim, tried to avoid him; that Jenkins continued after him and struck him on the top of his head with the piece of iron, knocking him down, and was continuing his assault when bystanders interfered and Jenkins ran. Police arrested him shortly afterwards. Ebron was treated at a hospital and released.

Solicitor H. Bloom told the court that Jenkins had a notorious court record; that during the past six or seven years he had been in court on such charges as being drunk, drunk and disorderly, assault with a deadly weapon, assault on a female, malicious prosecution, larceny, carrying a concealed weapon, disorderly conduct, trespass, and numerous other law violations.

Red Oak News

Wednesday night, March 24th, is the night we have been looking forward to for a long time. On that night the Youthful Workers club, an organization of young people from the Red Oak and Piney Grove communities will present a most enjoyable play entitled "The Ghost Farm." This is a murder-mystery thriller and will hold you spell-bound from start to finish.

The characters are Mr. and Mrs. Ozias Grubbs, played by Elvy Forrest and Mrs. Lawrence Tyson; Belle Winthrop played by Mrs. Travis Crawford; Lovetta Wattles, played by Joy Tyson; Les McAndrews, Travis Crawford; Beaumont Winthrop, Rev. Lawrence Tyson; Nance O'Malley, the Irish maid, Mrs. Johnnie Cassick; Violet Ashe, Mrs. Elvy Forrest. Johnny Cassick has charge of the lighting and sound effects. The play is under the co-direction of Mesdames R. R. and Leon Tyson. We think it is going to be one of the best entertainments ever given in the community. We want our communities to back us up in this play by coming to see it Wednesday night, March 24th at 8

**Be Quick To Treat
Bronchitis**

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Strength FOR THE DAY

God's Overwhelming Majorities
One of the leaders of the United Nations declared recently that even a few men behind a right idea can achieve almost miraculous results. He remarked that the majority is seldom on the side of selfishness and right dealing. Usually moral ideals have to struggle along with the support of a little handful of rugged and persistent men. But this statesman whose experience in international affairs has been distinguished maintains that a power out of all proportions to one's expectations develops when a few earnest men get behind a right moral ideal and announce their intention to stick there.

Through the ages people will probably point to Gandhi as a little man who by sheer spiritual power alone swayed a nation and made empires tremble. He was the most important and influential figure in Asia, and all this without the support of a single military battalion. We are all inclined to count noses when a moral question is under discussion, but the Lord is interested in no such procedure. God and one man have always made a majority, and always will. One of the great teachings of the resurrection is that God, through one Man, has achieved a decisive triumph against humanity's inveterate evil.

WASHINGTON LETTER
By JANE EATS

SCHOOL LUNCHES ARE BRAIN CHILD OF U.S. BACHELOR
Washington—Because of 12 years' work by a bachelor, millions of school children get a hot noonday meal and milk for a dime or less every school day.

Sen. Richard B. Russell (D-Ga.) saw his hopes realized with the passage of the National School Lunch Act in 1946. Under the act the states are assisted through federal grants-in-aid and other means in operating non-profit school lunch programs.

This year Congress appropriated \$68,000,000 for this purpose. Later Senator Russell asked for a \$6,000,000 deficiency appropriation. He got \$6,000,000.

Despite rising food costs, this amount is less by \$11,000,000 than the sum appropriated for the last school year.

Advocates of the school lunch program say children getting better meals today grow up to be better citizens tomorrow. They develop good food habits which carry them through later years.

There were 50,000 schools participating last year. States have primary responsibility for developing their own programs. For every dollar of federal funds allotted, the law requires the state to spend a dollar. In matching the grants, food and labor supplied by the schools may be counted. Some states in which the average income is lower than the national average also pay less than the federal share.

Senator Russell has spent so much of his life in public service that one of his secretaries says he's "never had time to do any courting."

Born 50 years ago in Winder, Ga., he is one of 13 children and the eldest son of the late chief justice of Georgia. He was 18 years in the Georgia senate, speaker of the state house of representatives four years and governor of the state from June 1931 to January 1933.

He was elected to the U.S. Senate Nov. 8, 1932, to fill the vacancy caused by the death of Sen. William J. Harris. He took his seat Jan. 12, 1933, after the expiration of his term as governor.

During 1933 he was appointed chairman of a congressional committee to visit World War II battlefronts. The trip took nine weeks and covered some 47,000 miles.

Currently, he is leading southern Democrats in the fight against President Truman's civil rights proposal.

Charming, gentle and full of humor, he is much liked by children, especially by his 32 nieces and nephews.

In Washington he divides his time between his hotel apartment and the home of a married sister. Though he is in demand for many social functions, he avoids big dinner parties. He'd settle for a meal of grits and scrambled eggs.

Arizona has a total land area of approximately 114,000 square miles and is the fifth largest state in the nation.

Predict Inroads On Steel Supply

Cleveland, March 21—(AP)—The magazine Steel predicted today further inroads into the tight supply of steel by signs of stepped-up military requirements and further aid to Europe.

"Requirements of the armed forces are due to be substantially increased," the trade magazine said. "Expectations are special emphasis will be placed first on air force needs with reasonably early reflection likely in demand for alloys, special steels, etc."

"So-called industry educational orders for equipment are likely to be stepped up with resulting increased pressure on steel supply."

"What may develop in the way of controls on distribution and possibly price is anyone's guess."

Another adverse factor in the steel supply outlook, the magazine went on, is the coal stoppage. It said production will be cut this week should the coal strike continue.

"Some observers," said Steel, "think the miners may not return to the pits until April 5 after a suspension of three weeks. In event this proves the case steel mill operations will be drastically cut since coal stocks are only fair."

Operate On Hurler

San Francisco, March 20—(AP)—Frank Papish, one of the Chicago White Sox's best hurlers, was operated on yesterday for a recurrence of numbness in the fingers of his pitching hand. A cord in his left shoulder was severed in an attempt to correct the ailment.

The first life boats were designed at the end of the 18th century.

Pfc. Wesley Stocks In Germany; Works At Communications

Kaufbeuren, Germany—Pfc. Wesley C. Stocks, son of Mr. and Mrs. A. J. Stocks, Greenville, North Carolina, has recently been transferred to the 116th Airways and Air Communications Service (AACS) Squadron at Kaufbeuren, Germany. Previous to this Stocks was a teletype mechanic for the 156th AACS Installation and Maintenance Squadron also located at Kaufbeuren, Germany.

Before entering the Air Force on January 10, 1946, Stocks was a student at the Greenville High School. He left the States for overseas duty in August 1946.

The Airways and Air Communications Service mission is to install

NOTICE TO THE PUBLIC

Pursuant to Section 14 of the Zoning Ordinance of the City of Greenville, notice is hereby given that a public hearing will be held before the Mayor and Board of Aldermen at the City Hall in Greenville, N. C., on Thursday, April 1, 1948, at 7:30 o'clock, P. M. on the question of changing the following territory from the Residential District to the Business District:

1. That certain lot located on the northeast corner of Jarvis and Third Streets, beginning at the northeast intersection of said streets, and running northwardly with the east line of Jarvis Street 68.3 feet; thence S. 60-30 E. 100 feet; thence southwardly 12 feet to Third Street; thence S. 89-54 W. 114 feet to the beginning. Being the property on which is located the Third Street Grocery.
2. That certain lot located on the North side of Third Street, beginning at a point in the North line of Third Street 114 feet eastwardly from Jarvis Street, thence Northwardly 105 feet to a corner; thence S. 61 E. 28.3 feet, thence N. 34-30 E. 9.5 feet, thence S. 61 E. 18.3 feet, thence S. 34-30 W. 100 feet to the north line of Third Street; thence westwardly with the north line of Third Street 45 feet to the beginning.

All persons interested in this matter will please attend the hearing. This March 20, 1948. CITY OF GREENVILLE By J. O. Duval, Clerk.

NOTICE

North Carolina
Under and by virtue of the power of sale contained in a certain chattel mortgage executed by Booker T. Whitehurst, dated the 24th day of November, 1947, and recorded in Book 32 at p. 330, in the office of the Register of Deeds of Pitt County, default having been made in the payment of the indebtedness thereby secured and said mortgage being by its terms subject to foreclosure, the undersigned mortgagee will offer for sale at public auction to the highest bidder for cash at the courthouse door in Greenville, North Carolina, at twelve o'clock, noon, on the 10th day of April, 1948, the following article of personal property:

One 1940 Ford Flat Bed Truck, 1-2 T, Motor No. 997-13252, to-

gether with licenses, tires, and all appurtenant equipment.
This 20th day of March, 1948.
HENRY MOYE, JR., Mortgagee.
Sam B. Underwood, Jr., Atty.

NOTICE OF SALE
Pursuant to the provision of G. S. 16-5, notice is hereby given that one 1937 Buick Fordor, Motor No. 43193331, Serial No. 3018814, N. C. License No. 657665; the said automobile having been seized by the undersigned officer while being used in the transportation of intoxicating liquors contrary to law, and the said automobile having been ordered sold by a court of competent jurisdiction, the operator of said automobile, having been tried and found guilty of violation of the laws relating to intoxicating liquors, will be sold by the undersigned sheriff of Pitt County at public auction to the highest bidder for cash at the courthouse door in Greenville, at 12:00 o'clock noon, on Saturday, April 10, 1948.

Any person claiming any interest or lien in or upon said automobile, title thereto having heretofore been vested in one Lewis A. Street, Route 1, Box 317, Greenville, N. C., shall come in and assert his claim on or before April 10, 1948, or be forever barred.

This 20th day of March, 1948.
RUEL W. TYSON,
Sheriff of Pitt County

described and defined as follows:
On the north side of 6th Street, between Oak Street and the Brown Property, and beginning on the north side of 6th Street 270 feet easterly from the northeast corner of the intersection of Oak and 6th Streets, and runs thence northerly, parallel with Oak Street, 140 feet; thence in an easterly direction, parallel with 6th Street, 98.5 feet to the western boundary of the Brown Property; thence S. 18 W. with the Brown property line about 145 feet to the north side of 6th Street; thence westerly with the north side of 6th Street 70 feet to the beginning point, the same being Lot No. 12 in Block "D" of the Wilson Acres Subdivision as indicated by the map of the same duly registered in Map Book No. 2 at page 204 of Pitt County Registry, to which reference is hereby directed for complete and more accurate description.

The bidding will begin at \$913.00. The highest bidder will be required to make deposit of 10 per cent of the amount bid as a guarantee of good faith and compliance with bid upon confirmation by the court.

This March 17, 1948.

Progressives Bitterly Attack Election Rules

Raleigh, March 22.—(AP)—New regulations of the State Board of Elections governing third party organizations in North Carolina stirred a story today.

The executive committee of the Progressive party said the rules could mean "only Hitler-like 'Ja!' elections." It started a legal study to determine what action it could take.

The Progressive party has announced its intention of getting the Henry A. Wallace on the ballot as a presidential candidate.

The party adopted the plan Saturday at a meeting in which it cleared the decks for the May 22 Democratic and Republican primaries. The rules are in addition to statutes applying to third party organizations.

The law requires that for a new party to get on the general election ballot, it must present to the elections board a petition signed by 10,000 qualified voters at least 90 days

before the election. Signers also are required to indicate intention of affiliating with the new party and voting in the election.

Under the new regulations, third party petitioners would not be permitted to vote in the primaries of the state's two recognized parties.

Other rules require that: Chairmen of county boards of election certify that the registration books have been checked to make certain that petition signers are duly registered voters.

Each chairman certify that no signer from his county voted in the primary of any other party in the same year in which the petition was signed.

The names of all signers be stricken from other parties' primary books.

Organizers of a new party pay either to the county chairman or precinct registrar 10 cents for each name for checking signers' names.

Drowned Trying Escape Officers

Mount Holly, N.C., March 22.—(AP)—Police Chief T. A. Dunn said that a Negro running from two officers yesterday was drowned.

The body of Dike Thorne, 25, was recovered shortly afterward. Dunn said he had sent the officers to investigate complaints that several men were creating a disturbance in the Mink Hollow Negro community. Thorne bolted from a group, Dunn said his men told him, and ran to the creek.

Award Surprised Loretta Young

Hollywood, March 22.—(AP)—Loretta Young pointed to the Oscar and cried excitedly to newsmen: "To be perfectly honest, I never expected this in my life. I thought Rosalind would get it."

Rosalind Russell was sitting in the 39th row at the Academy Awards—her fingers stuffed into her ears. Not "saying a prayer," she explained afterward, "but feeling one." When she saw Loretta head for the stage she joined nearly 6,000 other spectators in roaring applause.

Miss Young's receipt of the foot-high gold statuette for the best performance by an actress in 1947 was the big upset of the 20th annual ceremonies of the Academy of Motion Picture Arts and Sciences. She won for her spirited portrayal of a Swedish-accented housemaid who rose to congresswoman in "The Farmer's Daughter."

Rosalind, her good friend, was the favorite in advance speculations—and by four to one in a trade-paper poll—for her depiction of the tragic Lavinia in "Mourning Becomes Electra."

Otherwise, the awards went according to forecast. "Gentleman's Agreement," a dramatic rap at anti-Semitism, was designated the best picture of last year.

Gray and suave Ronald Colman, 57, won his first Oscar in 25 years of stardom in more than 50 pictures as the murderous stage actor in "A Double Life."

Finders Keepers

Champaign, Ill.—(AP)—Careers often hinge on mere chance. Take A. Austin Harding, director of University of Illinois bands. He is known, at 68, as the dean of college band masters. He turned to music as a lad when he found a cornet in his grandfather's barn.

Lorine Moore, senior student nurse at Park View Hospital, Rocky Mount, will represent the Eight District of the State Nurses Association in the judging for the title of "Miss North Carolina Student Nurse 1948." She was chosen recently in district competition at Greenville. The State contest will be held

Railroad Feels Coal Shortage

Charlotte, N.C., March 22.—(AP)—Effects of the coal mines shutdown were felt along the Southern Railway today as 32 passenger trains were taken out of service.

Railway officials explained that the suspension order, which went into effect at midnight, was in compliance with the federal order reducing mileage of coal-burning locomotives. The order followed the walkout by the nation's coal miners.

Negro Home Demonstration News

This month marked a month of challenge for the young people of our 20 4-H Clubs. They took part along with other 4-H Clubs of the U.S. in celebrating National 4-H Club Week. Their theme for this special occasion and through 1948 is "Creating Better Homes Today For a More Responsible Citizenship Tomorrow."

To exemplify this, these young people have already started projects in poultry, gardening, dress making and home management. These young people have that "get going spirit."

This month's demonstration was on Clothing Construction. In every situation the demonstration was carefully chosen to meet the need of that particular group. Many of the small girls made lovely aprons. Instead of purchasing new materials most of the girls used feed bags, old shirts and odd pieces of material, this was a result of beautiful creations. The older girls dwelled more on dress making and all are in for the Dress Revue to take place May 1st.

The following clubs will enter the team demonstration this year on Milk Drinks for Health: Calico, Post Oak, Clemens, Pactolus, Winterville, Griffon, Warren Chapel, Farmville, Falkland and Moye's Chapel. The purpose of this demonstration is to stimulate a desire for a greater production of milk and to show its importance in relation to health.

We hope that this pause for celebration and re-dedication will encourage all other boys and girls between the ages of 10 to 20 to want to learn to do by doing some phase of farming, homemaking or community activity so they can join in the march of developing a more responsible citizenship for the world of tomorrow.

Amelia S. Capehart, Negro Home Dem. Agent.
Margaret E. Hunter, Negro Ass't Home Dem. Agent.

It is estimated there are 250,000 workers employed in the United States processing and delivering dairy products.

Authorities Are Seeking Clue In Death Of Infant

By CHESTER WALSH

Authorities here are investigating the finding of the body of a newborn, fully developed female baby in Tar River at the Greenville port terminal Saturday afternoon.

Pitt County Coroner Griffin H. Rouse said two youths, Harvey Ward Jr. and Mack Ray Bland, discovered the body while fishing. The unclothed baby's body was on the river's bank, where apparently it was stranded when the high water receded.

Coroner Rouse said Dr. S. J. Phillips, Pitt County health officer, said the baby was white and fully mature. It appeared to have been in the water from seven to 14 days. After a post-mortem examination Saturday afternoon the child's lungs were sent to Duke Hospital for examination to determine whether the baby was drowned or dead before it entered the river.

Authorities are continuing their investigation.

Parents Asked For Opinions On School Problem

Raleigh, N.C., March 22.—(AP)—Parents were asked today if they'd be willing to pay more taxes to have better schools for their children in North Carolina.

That was one of the questions in a poll of 90,000 parents and school patrons being made this week by the State Education Commission. The grass-roots study will cover parents of ninth and twelfth grades in each of the state's 100 counties.

Preliminary results will be announced at a commission meeting here April 3. The study is part of a report the commission will make to next year's legislature.

Other questions include how many students a teacher should have in each class, and why some children drop out of school at an early age.

Cupid At Work

Tokyo.—(AP)—U.S. Consular officials estimate that 824 American men in the occupation forces have married Japanese women since May of 1946. Most of the Americans are of Japanese ancestry.

The Yalta . . .

(Continued from Page One)
broadly representative cabinets pledged to "free elections of governments responsive to the will of the people."

Japan—Russia to join in war on Japan on condition she get southern Sakhalin and the Kurile Islands, a lease on Port Arthur naval base, rights in an internationalized port of Dairen and joint operation with China of two Manchurian railroads.

Now here are some of the things that have happened on these points: United Nations—now functioning with 57 members. In peacekeeping, often stymied by big power disagreements. Has had some success in Iranian, Albanian, Indonesian cases, failed so far on Greece.

Germany—still occupied, split widening between Russian zone and Western zones, disagreements frequent in control council. Western officials claim Russia has taken much machinery from her zone and still uses German war-prisoner labor by way of reparations in kind.

Poland—has given Russia her

eastern territory and taken over Germany's. Exiled leaders were taken into the cabinet in June 1945. Vice-Premier Stanislaw Mikolajczyk was the main one. Communist control grew, and in February 1947 he was dropped from the cabinet. Last October he fled from Poland and the Communists were rid of their last outspoken opponent.

Yugoslavia—Premier Marshal Tito, after Yalta, took Dr. Subasic on as foreign minister. But in October 1945 Subasic quit. Tito now is in solid.

Liberated countries—the U.S. and Britain have made many protests in efforts to keep elections pure and free, often accusing the Communists of fraud. But one nation after another has passed under Communist control, in some cases through cabinet manipulations.

Japan—Russia declared war on Japan six days before the Japanese accepted surrender terms. She occupied most of Manchuria and the Chinese Communists took over as the Red Army withdrew. She has all Sakhalin and the Kuriles. She controls Port Arthur and Dairen.

Some of the problems of Yalta still loom big.

Silhouette Symmetry

Your feet will take on added importance with these new, new medium heel black patent sandals . . . light as a feather, yet with all the secret support of the invisible steel arch! Sandals that are different, that are modern.

THERE OUGHTA BE A LAW!

came from Ayden where a collection was recently carried out under the leadership of Harold Edwards.

These materials were received at the New Windsor Center as receipts from the North Carolina "Pill a Ship with Friendship" relief drive were arriving at the rate of 75,000 pounds a week. According to the March 13th report from the Center 332,329 pounds of clothing, shoes, bedding and household goods, gathered largely in the campaign have reached the Center from North Carolina in 1948. As of last week, the Tar Heel state again took the lead in relief giving through Church World Service.

The New Windsor Center, working

at capacity, can sort, pack and ship to port for overseas transportation nearly a million pounds of relief supplies a month. The goal for this year is a steady income of 500,000 pounds a month. To March 13, 828, 115 pounds had been received.

BEER—America's Beverage of Moderation

SELF-REGULATION

By The Brewing Industry

FAVORS all efforts to maintain beer retailing in North Carolina on a level beyond reproach. To that end, this Division regularly informs beer retailers as to the requirements of clean and lawful operation. With equal firmness, the Self-Regulation program . . .

OPPOSES anything that tends to undermine the reputation for careful adherence to law and respect for public opinion that the brewing industry has built up. All this, that the public interest of our State, both social and financial, may best be served.

SAM M. BLOUNT, Director
Suite 606-607 Insurance Building, Raleigh, North Carolina

We're Spending One Thousand Million Dollars...

to meet your growing needs for oil

THE JOB AHEAD is a big job, calling for big plans and big performance.

Right now Standard Oil Company (New Jersey) and its affiliates are modernizing and expanding production and facilities at the greatest rate in their history. Expenditures for 1947 and 1948 alone come to one billion dollars. That's a thousand million dollars!

It is reported that the oil industry as a whole will spend 13 billion dollars over the next few years to do this job.

Why? What's going on?

Last year, this country used more oil than the whole world did in 1939—before World War II.

You're getting 61% more oil products now than pre-war. You're getting 12% more than even the biggest war-time output.

3 million more cars on the road than pre-war—buses and trucks up 25 and 30%! And the average car is using 50 more gallons of gasoline a year than pre-war!

1,500,000 more homes are oil-heated than in 1939!

STANDARD OIL COMPANY (NEW JERSEY)

Farmers have doubled their use of time-saving, work-saving tractors, trucks, and other equipment since pre-war!

And this is all to the good. It spells progress. It's part of America's better and better living standards.

It's part of the amazing fact that oil has supplied 62% of this country's whole vast increase in use of fuel over the past 20 years—for industry, agriculture, homes, and transportation.

But it also means close figuring between present needs and present capacity. Even today's record output doesn't give the extra reserve of available supply we've always had in the American oil business. This will be true until the full effect of the new, expanded facilities is felt.

But the big new supply for your new need is on its way right now. Wells being drilled. Refineries, pipelines, storage tanks built. Billions of dollars working as fast and as hard as skill and resourcefulness and experience can make them work.

The better you live the more oil you need. And the oil for your needs is on the way!

Eight Champion Cage Squads To Meet Saturday

New York, March 22—(AP)—Eight of the country's blue-ribbon professional cage squads will assemble here Saturday for the Olympic trials, but long Ed MacAuley and his St. Louis Sharpshooters will be missing from the firing line.

The Billkens, who won the recent national invitation, were withdrawn from the fast Madison Square Garden field last night by the University's Athletic Board, which decided the boys should stay home and study.

New York University, runnerup to St. Louis in the invitation, figures to get the vacated spot although there's some talk the berth may go to the winner of Thursday night's east-west all-star game.

The Olympic basketball committee will meet tomorrow to decide. Louis Wilke, chairman, previously announced NYU would get the bid if St. Louis refused.

The rest of the field—to be made up of four independent teams and four college combats—is set.

Carrying the independent banner will be the Bartlesville (Okla.) Oilers, national AAU champions, Denver's nuggets and Oakland's bitters, the 2-3 teams in the AAU tourney, and Brooklyn's prospect park Y. M. C. A. winner of the national Y. M. C. A. crown.

The college group will be composed of Kentucky, the Eastern NCAA champion; Baylor, winner of the

Derby Preview

Havre de Grace, Md., March 22—(AP)—With Citation and 40 other leading three-year-olds eligible for Chesapeake stakes here April 17, fans are looking forward to the test as a preview of the Kentucky Derby and Preakness.

Citation, who has won 12 of his 13 races for Warren Wright's Calumet Farm, is expected to enter the \$25,000-added Chesapeake as a prep for the May 1 derby.

Western NCAA playoff; Louisville, NAIB Tiltist, and NYU, if chosen to fill St. Louis' position.

The draw hasn't been made but Olympic plans call for the independents to have it out in one bracket and the college boys in the other with the victors clashing in the final.

Then the Olympic team of 14 men—half independent and half college—will be chosen.

Finals To Begin Tonight For Golden Gloves

New York, March 22—(AP)—Thirty-two crack amateur ringmen—champions and near champions of the Eastern and Western Golden Gloves—begin their final eliminations tonight at the Madison Square Garden in the annual inter-city series.

Eight of the bouts involve winners of the Chicago and New York final eliminations while eight others will pit hand-picked alternate warriors who came close.

The 16-bout card is expected to draw a capacity crowd of more than 18,000.

Shortstops Cluttering Up Phillies' Spring Training

Find Possible Next Mile King

Chicago, March 22—(AP)—Wisconsin's Don Gehrmann may be the successor to Gil Dadds as America's mile-run king.

Gehrmann's 4:12 triumph in the bankers' mile of the Chicago relay Saturday night was overshadowed by Harrison Dillard's record smashing 60-yard high hurdles triumph for his 51st win without defeat.

But some experts among the capacity Chicago Stadium crowd of 16,741 felt that the erstwhile erratic Gehrmann proved he finally has mastered pace making and may give Dadds a run for his money hereafter.

Gehrmann, whose tremendous finish "kick" is probably the best of any American distance performer, ran fourth most of the bankers' mile and then in the final lap cut loose to win by 15 yards from National A.A.U. champion Tommy Quinn.

Penn State's Gerry Karver, the national collegiate champion, finished fourth which is exactly where Gehrmann finished as Karver won the collegiate crown last summer.

Only 19, the 140-pound Gehrmann has been slow learning that there is more to the mile than the finish. Unlike Dadds, who was a spectator at the stadium Saturday night because of his recent attack of mumps, Gehrmann disdains setting the pace.

This caused him considerable embarrassment in the recent big nine indoor meet. He let Michigan's canny Herb Barten get too far out in front in both the mile and half-mile and then found that Barten also had plenty of gas in the stretch—enough to whip the favored Badger in both events.

Mize Opens Up Against Feller For Two Homers

Los Angeles, Calif., March 22—(AP)—Across the continent Polo Grounds rosters were breathing easier today.

They're known all along that their only chance for a National League pennant this year lay in the overpowering bats of their New York Giants.

But the biggest gun—Johnny Mize—had been missing fire all spring. That is, he was until yesterday.

The big first baseman picked on about the best pitcher in the country to open his campaign. He came up against Bobby Feller of the Cleveland Indians with the bases loaded. He promptly unloaded them with his first home run of the year.

Apparently that blow hit Mize in his stride. He came up with one on two innings later and again connected for the circuit.

Handicapped In Olympic Matches

Bethlehem, Pa., March 22—(AP)—American wrestlers will be greatly handicapped by different rules and interpretations in the Olympic matches this summer, say a number of the country's leading college mat coaches.

That consensus of opinion was voiced after the 18 annual NCAA wrestling tournament won by Oklahoma A. & M. over the weekend.

"We should do better than we did in 1936" said Art Griffith, Oklahoma coach, "but it's very hard to produce international champions when you have so little time to acquaint the boys with new rules, interpretations, and strange surroundings."

It takes 1,250 gallons of water to brew a keg of beer.

Deafened People May Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand an enables thousands to enjoy sermons, music and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 6 1450 West 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Beltone today.

By FRANK ECK

AP Newsfeatures Sports Editor

Clearwater, Fla.—Anybody want to buy a shortstop?

For years the Philadelphia Phillies have been so weak at this position that this spring they have nine shortstops in camp.

Six are on the varsity roster, the other three among the minor league contingent of 32 youths the Phillies believe are worth a cool \$2,000,000.

No. 1 shortstop, of course, is Eddie Miller, obtained from Cincinnati for Johnny Wyrostek and cash. Behind him are Ralph Lapointe, who hit 308 in 56 games for the Quakers last season, and Harold (Jackie) Albright.

Then there's Willie (Puddinhead) Jones, 22; Grady Wilson, 28, and Granville Hammer, 20, who this season probably will play for Toronto, the Phillies' No. 1 farm club.

"The case of Rochester," says Nathan (Babe) Alexander, popular Phillies public relations director. "They really had him buried. He was listed as 'G. Homer Wilson' on the draft list and we drafted him. He hit .307 for the Allentown Red Birds and looks good for the future."

But the strangest story of all pertains to Joe O'Connell, 19, from the Bronx. O'Connell; Al Speranza, 22, Long Island City, N.Y.; and Joe Mayer, 20, Lakewood, N.J., are the minor league shortstops owned by the Phils.

In 1946 O'Connell jumped the Americas, Ga., team. Last year he jumped the Carbondale, Pa., club. That was too much for the Phils so Pat Colgan, then Carbondale manager, called the sheriff as a gag.

"A six-foot-one kid weighing 185 pounds left our team," said Colgan. "I want him picked up."

O'Connell was arrested for loitering. He was waiting for a bus.

Colgan, former catcher in the Boston Red Sox chain and present Terre Haute, Ind., manager, went to the jail and got O'Connell out.

"If you ever do this again," said Colgan, "I'll let them keep you for life."

O'Connell says he is obligated to the Phils "for getting him out of jail." The Phils, naturally, never told him it was all a gag and that the kid really has no arrest on his clean record. O'Connell has looked great in B squad games and Ben Chapman, varsity pilot, is high on him.

Speranza, who hit .272 for Schenectady, N.Y., is another young shortstop who looks terrific. He's two inches over six feet and weighs 180. The Dodgers are high on Speranza and O'Connell, both of whom were signed by Joe Labate, ex-Dodger scout who brought Ralph Branca, Hank Behrman and Tom Brown to Ebbets Field.

Mayer graduated from high school only last summer and has been going to Rutgers University.

"That's my boy," said the late Herb Pennock when the Phils' general manager saw Mayer during a 0-0 game at Carbondale. With the bases loaded and none out, Mayer went behind third base, got the ball and made the long throw home for a force out.

The next hit ball went behind second base but Mayer came up with it and started a brilliant double play.

"He's a good left handed hitter and covers ground like a scared rabbit," says Alexander. "The Pirates tried to get him."

"These shortstops are really coming stars. They were all personally scouted by Herb Pennock. How he would have loved to see these kids here in Phillie uniforms."

Pesky Switched To Third Base

Sarasota, Fla., March 22—(AP)—Johnny Pesky of the Boston Red Sox was probably the best surprised of all parties involved when Manager Joe McCarthy announced that Vernon Stephens would play shortstop and Pesky would be shifted to third.

He was so sure it would happen that, when he heard about the deal to bring Stephens to Boston from the St. Louis Browns, he began working on his third base technique.

"Had a hunch it was coming," he explains. "So I started working at third base in a cage—an indoor diamond."

BRISSE SHAPING UP

West Palm Beach, Fla., March 22—(AP)—Rookie Lou Brisse shaped up today as the Philadelphia Athletics' most promising pitcher. Brisse, up from Savannah, pitched and batted the A's to a 5-3 victory over the Philadelphia Phils Sunday in the first of a long spring series between the city rivals.

CARDS LAGGING

St. Petersburg, Fla., March 22—(AP)—The St. Louis Cardinals, still trying to get over the 500 mark in the Grapefruit circuit, met the Boston Red Sox today. The Cards have been held to a total of 10 hits in their last 21 innings by the Philadelphia Phils and the New York Yankees.

Television Will Change Boxing

Philadelphia, March 22—(AP)—Boxing will have to trot out the feather duster and cleaning bucket in the near future, says Abe J. Greene, president of the National Boxing Association.

It's all because of television which "may revolutionize the entire concept of boxing," Greene said yesterday.

Greene says particular attention must be paid to neat attire of boxers, seconds, referees and announcers—and that language and grammar must be correct and proper.

Greene made his comments during an executive committee meeting of the NBA called here over the weekend to consider measures to reduce boxing deaths.

Among the rules which Greene's organization urged states to adopt in order to make the sport universally safe were:

Require an investigation and examination of any boxer who has suffered six straight defeats.

In case a boxer has received a serious concussion he shall not be allowed to box again until he has been examined and passed by a board of at least three commission physicians.

Pirates' Hitting Still In Doldrums

Los Angeles, Calif., March 22—(AP)—Hitting is the big problem for Manager Billy Meyer of the Pittsburgh Pirates. The Bucs broke a three-game losing streak yesterday, but made only five hits in beating the St. Louis Browns, 2-0.

The sluggers will have to hit harder at home, too. The Pirates announced they're raising the screen in Greenberg Gardens from eight to 15 or 16 feet.

Democracy . . .

(Continued from Page One)

the plan. It may take the full House another week to do so.

But that's just the plan they're voting for. After that both Houses will have to vote money to carry out the plan.

It may be months before Europe starts showing the effect of the help it gets under the plan.

Meanwhile, the European Communists will be active. Before many months they may—just may—have taken over Italy, one of the 16 nations, and other countries.

Mr. Truman asked Congress to pass two draft laws: one to build up the armed forces right away; the other to give youths military training.

But opinion in Congress is divided on both ideas. No one knows how long it will take Congress to act on a draft, if it does at all.

(A couple of months before Pearl Harbor Congress was so split on the draft that an extension law passed the House by only one vote.)

But if Congress Okayed a draft law in April, it probably couldn't start working before June. If Congress passes a military training law, it may take a year to start that one

really going. Democrats and Republicans may join forces on a foreign program against Communism. But this is a Presidential election year.

And Congressmen will have to do a lot of thinking about their own re-election and get out and work for it. The public, meanwhile, will have its attention divided between the election and foreign affairs.

New Progressive Party Maps Plan For Convention

Greensboro, March 22—(AP)—North Carolina's recently formed Progressive party was drafting plans today for its first convention. The session is scheduled April 25 in Winston-Salem.

Senator Glenn Taylor of Idaho, who recently left the Democratic party to seek the nomination for vice-president on Henry A. Wallace's third party ticket, will be the convention's principal speaker.

Convention plans were announced here Saturday following a meeting of the party's executive committee.

The Forsyth County committee for Wallace will be in charge for arrangements for the all-day session. Adoption of the party's platform and election of state officials and delegates to the national convention are on the program.

In the Kentucky mountains the flight of a bird into a house is considered a bad luck omen.

Eighty-Four Candidates Filed With N.C. Board Of Elections

Senate Tax-Cut Bill Heading For Heavy Majority

Washington, March 22—(AP)—The House today passed a tax-cutting bill headed for certain passage in the Senate late today.

The bill was due to start at 5 p. m. (EST) on all remaining amendments, then on the bill itself.

GOP leaders predicted enough Democrats would join them to roll up a two-thirds majority for the measure. Most Democrats opposed to the bill agreed that would happen.

But some opponents insisted a two-thirds margin could not be maintained against the veto the Republicans say they expect. It would have to be—in both the Senate and House—to override President Truman's disapproval.

However, Republican hopes that a veto could be killed remained high. It was put into words by the party's newest convert to tax reduction, Senator Morse of Oregon. He told a reporter:

"Overriding a veto is in the bag." The GOP optimism on this point got still another shot in the arm over the week-end.

It came when chairman Knutson (R-Minn.) of the House Ways and Means committee forecast that the House would accept the Senate's \$4,800,000,000 figure without even the usual conference.

The House on February 2 passed a bill to cut taxes \$6,500,000,000. The vote was 297 to 120, a two-thirds margin with some to spare.

Senate Republicans have contended the House figure would have to be pared to less than \$4,000,000,000 on a veto test. Knutson's willingness to go along on this indicated the House would ratify the Senate bill tomorrow and flip the document to Mr. Truman's desk.

Declaring the Republicans are setting on the assumption the President will veto the bill, Knutson added:

"I believe we will override the veto in both Houses unless there is a greater emergency than I now foresee."

He was referring to the world situation.

Pravda Reports 'Panic Policy' In Truman Address

Moscow, March 22—(AP)—Pravda declared today that President Truman's speech to Congress last Wednesday reflected a "panic policy."

It was the first editorial reaction in the Soviet press to the President's strong speech commending adoption of universal military training and re-adoption of the draft.

The President made his speech the Communist party organ declared, because his "election managers demanded fire and brimstone, anti-Communism and war hysteria, as a means of diverting the attention of the American people from the deepening severity of domestic economic difficulties and from the lamentable results of the entire policy of the administration."

Holding Revival At Winterville Church

Rev. J. A. Nelson, pastor of Immanuel Baptist Church at Winterville, is conducting a week's revival at the Winterville Baptist Church. The meetings began yesterday. Dr. E. G. Cole is pastor of the Winterville church. Services will be held each evening at 7:30.

Attendance at Sunday services was gratifying. Special music by an augmented choir and the congregational singing is a feature of the meetings, it was stated. The public is invited to attend.

Police Investigating Mysterious Assault

Police are investigating a case in which Tom White, Negro, of 228 Albemarle Avenue, was seriously wounded at his home early today. Police said who ever attacked the man, he or she, attempted to sterilize him. The injured man was treated at Pitt General Hospital and then was taken to his home.

Police said White declined to tell them the name of his assailant.

BABY SERIOUSLY INJURED IN FALL FROM BED HERE

Ruby McBrayer, 10-months-old daughter of Mr. and Mrs. Charles R. McBrayer, 411 East Eleventh St., who was seriously injured when she fell from a bed yesterday, was taken to Duke Hospital for treatment. Mrs. McBrayer is at the hospital. Mr. McBrayer will go there sometime today. Apparently the baby fell on her head and one side was partly paralyzed.

The male cow-bird is the only black bird with a brown head.

School Walkout At An End Today

Raleigh, March 22—(AP)—With the lists closed, candidates today moved into down-to-earth stages of campaigns leading to the May 29 primaries.

A total of 84 Democrats and Republicans had filed with the State Board of Elections when the deadline rolled around at 4 P.M. Saturday. There were 17 entries on closing day.

Sixteen Democrats won board certification as the party's nominees for the November elections when no opposition developed. Certification also went to 22 Republicans who will have no primary opposition.

That lined up 15 Democratic and three Republican contests to be decided in the primaries.

Six candidates were in the field for the Democratic nomination for governor while George M. Pritchard of Marshall was unopposed as the Republican candidate. The Democrats were: R. Mayne Albright of Raleigh, Oscar Barker of Durham, Olla Ray Boyd of Pinetown, Charles M. Johnson of Raleigh, Kerr Scott of Haw River, and William F. Stanley, Sr., of Kinston.

U. S. Senator W. B. Umstead of Durham and J. M. Broughton of Raleigh will fight it out for the Democratic nomination for Senator while John A. Wilkerson of Washington, N.C., entered the race as the Republican contender.

The Republicans will have a statewide primary to choose between Watt H. Gragg of Boone and G. L. Willard of Kernersville for commissioner of agriculture. L. Y. Ballentine of Varina was unopposed for the Democratic nomination.

Three state officials, Attorney General Harry McMillan, Superintendent of Public Instruction Clyde A. Erwin, and Insurance Commissioner William P. Hodges, are unopposed for the Democratic nominations, but they will have Republican opposition in the general election. The Republican candidates are: Herbert F. Seawell, Jr., of Carthage, attorney general; Buford T. Henderson of Winston-Salem, superintendent of public instruction; and Deems H. Clifton of Clinton, insurance commissioner.

Six of the state's twelve incumbent congressmen are unopposed for the Democratic nomination. The congressmen and their Republican opponents in the general election are: first district, Rep. Herbert Bonner of Washington, N. C., and Zeno L. Ratscliff of Pantego, Republican; second district, Rep. John H. Kerr of Warrenton and J. H. Satterthwaite of Tarboro, Republican; third district, Rep. Graham A. Barden of New Bern and Perry G. Crumpler of Clinton, Republican; fourth district, Harold Cooley of Nashville and Joe A. Johnson of Four Oaks, Republican; ninth district, Rep. Robert L. Doughton of Laurel Springs, and Clyde R. Greene of Boone, Republican; twelfth district, Monroe M. Redden of Hendersonville and John A. Wagner of Asheville, Republican.

Candidates in other races are: Lieutenant governor—Democrats Dan Tompkins of Sylvan and H. P. (Pat) Taylor of Wadesboro; Republican, Kyle Hayes of North Wilkesboro.

Secretary of State — Democrats Thad Eure, incumbent, and John T. Armstrong, both of Raleigh; Republican, James S. Dockery of Rutherfordton.

Auditor — Democrats, Henry L. Bridges of Greensboro, incumbent, and Charles W. Miller of Asheville; Republican, M. V. Hickman of Winston-Salem.

Treasurer—Democrats, J. B. Vogler of Charlotte, Z. V. Frazzelle of Richlands and Brandon Hodges of Asheville, Republican, Ben L. Spence of Siler City.

Commissioner of Labor — Democrats, Forrest H. Shuford of Raleigh, incumbent, and Donald Boone Sherill of Greensboro; Republican, M. K. Harvill of Charlotte.

Associate Supreme Court Justice — Democrat, Sam J. Ervin, Jr., of Morganton, incumbent; Republican Robert H. McNeill of Statesville.

Fifth District Solicitor — Democrats, William J. Bundy of Greenville, incumbent, and Charles L. Abernethy, Jr., of New Bern.

Funeral Services For Edgar E. Nelson

Edgar E. Nelson, 43, son of J. Ed Nelson of Greenville, died suddenly of a heart attack at noon Saturday. He was returning to his home in Jacksonville when he was stricken, and died before arrival at a hospital. Funeral services were conducted at the home in Jacksonville this afternoon at 2 o'clock by the Rev. Leslie Parrish, Methodist minister of Jacksonville. Graveside services were held in Greenville cemetery, in Greenville, at 4:30.

Mr. Nelson was born in Winterville and reared in Greenville. He attended the Greenville schools, lived in Greenville a number of years, and also in Snow Hill before going to Jacksonville to live about five years ago. He had been employed at Camp Lejeune under civil service.

Surviving are his wife, the former Thelma Sylvant of Snow Hill; a son, Herbert E. Nelson; three daughters, Margaret Louise, Sandra Holmes, and Thelma Gayle Nelson, all of the home; his father, J. Ed Nelson of Greenville; five brothers, Julius L., John S., and Richard Douglas Nelson of Los Angeles, Calif.; J. E. Nelson of Rocky Mount and Charles Leslie Nelson of Chapel Hill; five sisters, Mrs. Gus Strayhorn of Wilmington, Mrs. S. J. Strickland of Wilson, Mrs. M. B. Sawyer of Norfolk, Mrs. W. E. Bisset of Greenville and Miss Helen Joyce Nelson of Greenville.

New Floor Covering Service Opens Here

The Greenville Floor Covering Specialty, which opened for business today at 1900 Dickinson avenue, will carry a complete line of all types of floor and wall coverings. R. H. Wallace, W. D. Farmer and P. H. Haskins of Rocky Mount are the owners of the business.

Haskins will manage the Greenville plant. He received his training at the Congoleum-Nairn Company, inland linoleum manufacturers, and is thoroughly experienced in

Josh Turnage Died In Durham Sunday

Mr. J. R. (Josh) Turnage, 68, died Sunday afternoon at Duke hospital in Durham. Funeral services will be held Tuesday afternoon at 2 o'clock at the L. E. Turnage residence on Route 2, Farmville. Burial will be in armville.

Mr. Turnage was born in Farmville, the son of Aaron P. Turnage and Carrie Speight Turnage. He went to Durham as cotton buyer for the Erwin Mills 41 years ago. He was known all over the state for the barbecue dinners he served every Thursday night.

Surviving are six brothers, M. L. and D. L. Turnage of Greenville, C. A. Turnage of Washington, A. C. and L. E. Turnage of Farmville and J. M. Turnage of Richmond Va., and several nieces and nephews.

Do You Like Barbecue?

We think the best barbecue in the world is made in eastern North Carolina.

Two Goldsboro barbecuers who specialize in both pig and chicken are Griffin Barbecue and Scott's Barbecue Cafe. Both advertise in the daily Goldsboro News-Argus. And good 'cue is also found in a number of other Goldsboro cafes.

North Carolina barbecue can't be beat.
