

Italians Reject Tito's Offer Of Trading Trieste

De Gasperi Given Ovation On His Return; Shooting Scrape On Border

Rome, March 23—(AP)—A Foreign Ministry spokesman said today Italy has flatly rejected Yugoslavia's offer to swap Trieste for the Italian city of Gorizia.

The Western Allies proposed the return of the free territory of Trieste to Italy last Saturday. Yugoslavia countered yesterday with an offer to relinquish her claims on Trieste if Italy will give up Gorizia, to the north.

The spokesman said: "It is clear that Italy cannot accept the separation of a part of Italian flesh bartered for another part of Italian flesh."

The Italian answer came only a few hours after great throngs roaring "Viva Trieste" welcomed Premier Alcide De Gasperi and Foreign Minister Count Carlo Sforza back to Rome.

There was pandemonium at the station as Romans, for the first time, belatedly showed their satisfaction with the Western Allies' proposal to return the free territory of Trieste to Italy. De Gasperi and Sforza were in Turin Saturday when French Foreign Minister Georges Bidault first announced the idea.

A shooting scrape occurred at the border separating the Yugoslav and the U.S.-British zones of Trieste. An Italian policeman was wounded. No immediate reason was given for the shooting.

U.S. officials said Italian police, recruited by the Italian Military Government, were patrolling yesterday inside the British-American zone when the Yugoslavs opened fire with machineguns. The Italians returned the fire with their pistols. There was no report on whether they hit anything.

Growing tension over the situation flared into violence for the second time last night in Milan, where Communists battled government sympathizers. Troops and police strove for more than two hours to restore order after Communists charged into a "Viva Trieste" demonstration.

Sabotage School For Communists Said In Vienna

Vienna, March 23—(AP)—Communist action committees are at tending sabotage schools in a Russian-occupied suburb of Vienna, a highly placed Austrian source said today.

Austrian interior ministry officials said they knew there was a school but did not know what was being taught there. It has been common knowledge here for some time that Austrian Communists, aided by Russian officers, have been conducting schools in the Soviet zone. Earlier reports said the instruction was limited to Communist ideology.

Action committees were the instruments used by Communists in their coup in Czechoslovakia last month.

Hope Is Renewed For Survivors

Kelso, Wash., March 23—(AP)—A report that two red flares were seen in the mountains east of Tillamook, Ore., kindled hopes today that the signals may have been survivors of a missing air force C-47.

Oregon state police at Tillamook said a woman, whom they did not identify, told of seeing the flares burning last night.

A ground party was dispatched to the area, approximately 70 airline miles southwest of Kelso where the search for the California-based transport has been centered.

Policy Gets Tougher

Hardening Attitude Toward Russia Taking Another Stiff Turn; Ban On Shipments To Soviet; Kind Of Goods To Be Exported Will Be Decided; Trade Records

By JAMES MARLOW

Washington, March 23—(AP)—This country's tough attitude toward Russia is taking another stiff turn. That's on the shipment of American goods to Russia. There'll be a ban on any goods that could help Russia militarily.

A government official—in the Commerce Department—said: "1. No shipment of any kind for Russia has been okayed since March 1.

2. This week this government will decide what kind of goods can be shipped.

3. No goods can go if, directly or indirectly, they might help build Russia's military strength.

For instance? He mentioned big power-shovels for opening mines. They might be an indirect military help.

So the ban is sure to fall on heavy industrial machinery, he said. But that kind of ban doesn't mean a ban on harmless goods for Russia. So he expects trade, of a kind, to continue. We import things from Russia, mostly undressed furs and metal for sharpening tools.

Why no shipments okayed for

Italian Women Burn Opposition Leaflets

A group of women gathered around the flames and burns opposition leaflets during a "Court of Peace" demonstration in Rome, Italy. Some 30,000 women of the "Popular Front," Communist and left-wing Socialist bloc formed for the April 18 elections, staged the demonstration. (AP Wirephoto).

Forecasts House Vote Of Over 3-to-1 For Tax Cut

Dewey Asks For Full Crisis Story

GOP Candidate Convinced Can Keep Peace Only By Power

Albany, N. Y., March 23—(AP)—Gov. Thomas E. Dewey demanded today that President Truman's administration give a "full and frank disclosure" of the international crisis.

Calling for a "hard-boiled" program to halt Soviet Communist expansion, Dewey said:

"I'm perfectly convinced that we can only preserve the peace through strength and that war is the last failure of bankrupt diplomacy."

The Governor, a contender for the Republican Presidential nomination, said that Truman administration's foreign policy was "both vacillating and inadequate."

Dewey replied, "No," when asked if the nation were on the verge of war.

The Governor asserted the Truman administration had "deliberately allowed" Russia to retain territory freed by the U.S. armies.

He said the Truman regime "has failed to recognize the nature of this (Soviet) movement in the past or has been unwilling to admit it."

"In either case," he added at a news conference, "the American people are entitled to know the full story."

Dewey said Truman's address to Congress last week "was a good statement as far as it went" but "there was not a full and frank disclosure of the extent of the international situation which affects our interests."

Claims 'Leak' In Agriculture Dept.

Washington, March 23—(AP)—Rep. Andrew R. (Minn.) said today highly secret information "leaked" from the Agriculture Department last September and as a result certain persons "made tremendous sums of money" speculating in fats and oils.

Andersen made the statement when a House committee opened hearings on speculating. He said the committee, which he heads, would develop the story.

Speaker Martin Says Tax Cut Is Certain And Veto Will Be Overridden; Taft Expects Truman Message For Additional Armaments Outlay

Washington, March 23—(AP)—A House vote tomorrow of "more than three to one" will send the \$4,800,000,000 tax cutting bill to President Truman, Speaker Martin predicted today.

Noting the 78 to 11 margin chalked up in the Senate, the Massachusetts Republican declared:

"The tax cut is certain. The veto will be overridden."

But Senator Taft of Ohio, chairman of the Senate's GOP Policy Committee, was less positive.

Nearly everyone on Capitol Hill looks for Mr. Truman to veto the bill.

Taft told a reporter he thinks the President first will send Congress a message urging an additional outlay of between \$2,000,000,000 and \$3,000,000,000 for military preparedness as part of this country's new stop-Russia policy.

"I don't know what effect that will have," Taft said.

However, an Administration official who asked not to be quoted by name agreed with Martin. He said he sees "no chance" that a one-third-plus-one vote can be mustered in the Senate to uphold a veto.

Martin said House Republicans would try to get the Senate tax cut version approved by unanimous consent today.

But Democratic Leader Rayburn, of Texas, served notice he would put a stop to that. Hence it appeared unlikely that the House could get around to a vote until tomorrow.

Rep. Knutson (R-Minn.), author of the original tax cutting bill, announced he is ready to accept the Senate revisions. They trimmed the amount of the tax slash from \$6,500,000,000, as approved by the House, to \$4,800,000,000.

House acceptance of the Senate figure will speed the measure to Mr. Truman. The President used his veto power twice last year to kill two Republican attempts to cut taxes by \$4,000,000,000.

Denmark Limits Soldiers' Leaves During Easter

Copenhagen, March 23—(AP)—The Danish privy council met in secret today after Easter leaves for some of the Danish military were canceled.

The parliamentary foreign committee will meet tomorrow.

Newspapers were asked not to give "sensational display" to the communique canceling leaves.

Asked whether the foreign political situation had prompted the cancellation, Defense Minister Rasmus Hansen said:

"We had found that leave regulation would expose the military in some places where it is necessary to maintain a little preparedness."

Widespread theft of arms from home guard depots has been reported recently.

Average Person Is Eating More

Washington, March 23—(AP)—Americans are really going strong at the dinner table, the U. S. Department of Agriculture said.

Developing Into "War Of Words"

USSR Makes Counter-Charges In Discussion On Czech Coup

Lake Success, March 23—(AP)—Security Council debate on the Communist Coup in Czechoslovakia is developing today into a full-blown war of words between Russia and the western powers.

Beaten back in all efforts to block discussion of the case, the Soviet Union apparently intends to make the most of the opportunity to fling counter charges at the west, principally the United States.

Debate resumes today (2:30 p. m. EST) with U. S. delegate Warren R. Austin and Russia's Andrei A. Gromyko as probable speakers.

The government of Chile started the argument by calling for an inquiry into Russia's role in last month's Communist grab in Prague.

After hearing two speakers denounce Russia yesterday, the Soviet Ukraine kissed off the charges as "a fable."

Ukrainian delegate Vassily A. Tarasenko said the United States—not the Soviet Union—was interfering in the internal affairs of other countries.

He said Greece and Italy were good examples.

"Italy is being made a protectorate of the United States," Tarasenko told the 11-nation council. "The Italian government is serving the interests of the United States. The Italian Communist party is serving the Italian people."

Dr. Vladimir Houdek, new U. N. delegate of the Czechoslovak Communist regime, said his government would not participate in the debate because the Council had no business taking up the case.

House, Senate Team Up To Speed American Aid

Washington, March 23—(AP)—Both branches of Congress teamed up today in the race with time to speed American dollars on a global mission against Communism.

The House turned to debate its \$6,205,000,000 single-package bill carrying military as well as economic help for Europe and Asia.

And in the Senate, the \$275,000,000 fund to supply Greece and Turkey with arms and military know-how headed for possible passage by tonight. In its wake was another to give China \$465,000,000 for both civilian and combat use.

The goal is to lay the whole set of bills before Senate and House conferees by late next week to work out a single legislative weapon for the cold and warm wars alike.

The House meanwhile heard an echo of Mr. Truman's promise that this country has become the protector of free peoples threatened with Communist domination.

Rep. Eaton (R-N.J.) laid the global assistance bill before his colleagues with the declaration that the measure is "the voice of the American people" answering this question: "Is the new world civilization to enslave slavery in every land, with Russia as its instrument of control?"

In a speech prepared for the opening of House debate, the snow-haired chairman of the Foreign Affairs Committee said:

"This is the issue and these are the world-moving forces with which we must deal." Hence, he added, "no sacrifice, no effort is too great for America nor for every other freedom-minded and freedom-loving people to assume."

Tanks, Artillery Rushed By British To Quell Arab-Jewish Fight In Judea

Jerusalem, March 23—(AP)—The British rushed more tanks and artillery into the Judean hills today to smash the fiercest Arab-Jewish battle in Palestine's recent history. The fight has raged four days.

Draft And UMT Gets Support Of Key Committee

Ten Of Senate Armed Services Committee Swing Weight To Truman Plea

Washington, March 23—(AP)—The Senate Armed Services Committee swung its weight today behind President Truman's plea for quick steps to build up America's military forces.

Chairman Gurney (R-SD) reported that 10 of the committee's 13 members already are convinced both a limited draft and Universal Military Training have become an "absolute necessity."

Gurney and nine of his colleagues were the only senators present during a 50-minute meeting behind locked doors with Secretary of State Marshall, Secretary of Defense Forrestal and Secretary of the Army Royal.

Most of what the three secretaries said remained cloaked in complete secrecy. But Gurney did report when the session broke up late yesterday:

1. The United States has drawn no line, and does not intend to draw one, as the final limit for Russian expansion.

2. There was a great deal of general, rather than specific discussion of the "generally critical and more progressively serious situation in Europe."

"It is my firm belief that the committee—those that were here—left the meeting feeling there is an absolute necessity for quick passage of both the draft and UMT measures," Gurney declared.

Senator Bridges (R-NH) added that the members were "impressed with the immediate seriousness of the situation, both as it affects the security of this country and the world."

Bridges is chairman of the Senate Appropriations Committee, to which the armed services must turn for money before the programs can be carried out.

Died Minutes Before Reunion Of Mother, Son

New York, March 23—(AP)—Death stepped in today to kill the joy of reunion between a 68-year-old Kassel, Germany, woman and her ex-GI son.

Mrs. Maria Dente collapsed at a porthole of the Marine Jumper while looking at New York's skyline. A few minutes later the ship's surgeon said she was dead.

The cause was a heart condition probably aggravated by "undue excitement," he said.

When Mrs. Dente died only minutes separated the ship from the pier, where her son, Walter, and his wife, of Franklin Square, were waiting. Dente said he had been trying for three years to get his widowed mother to come to the United States, but that she had declined until "suddenly last July she changed her mind."

'Johnson Day' At Burgaw Tuesday

Raleigh, N. C., March 23—(AP)—A "Johnson-for-governor" day at Burgaw next Tuesday will mark the official opening of Charles M. Johnson's campaign for Governor, his headquarters here announced.

Johnson said he will present his platform at the rally, which is being held in his home town.

Withdraws From Race In Sixth

Raleigh, March 23—(AP)—A. A. McDonald of Durham, Republican candidate for congress in the sixth district primary, today asked that his name be withdrawn from the ballot.

Ralph O. Smith of High Point, a contractor, the only other GOP candidate for the post, will automatically be certified as the Republican nominee.

Drop Support Of Truman's Entry

New York, March 23—(AP)—Three Brooklyn Democratic leaders in districts heavy with Jewish populations and strong New Deal sentiment have announced they will not support Harry S. Truman for the Presidential nomination.

Their dissatisfaction stems from the administration's reversal on Palestine partition.

Only 10 Days To Locate Mountain

Shanghai, March 23—(AP)—Milton Reynolds said today his scientific expedition has only 10 days to find the highest mountain in the world.

The expedition plans to measure Anne Machin, which has been reported higher than Mount Everest.

Soft Coal Dispute Turned Over To President Truman

Declares Truman Will Stand Firm Despite Critics

Senator Hatch Says President Will Fight To The End For Demo Nomination

Washington, March 23—(AP)—Senator Hatch (D-NM) said today President Truman will "fight through to the end" to whatever political fate November has in store.

Hatch denied rumors circulating in Capitol Hill that Mr. Truman—beset by a civil rights revolt of Southern party members and criticized for some foreign policy moves—might step aside at the last moment for another Democratic presidential nominee.

"You can say for me—and I have it directly from the President himself—that Harry Truman will fight through to the end," Hatch told a reporter.

"He has cast aside politics and he doesn't care what happens to him politically. He has told me that he intends to do what he thinks is right, without regard to the political consequences."

Hatch, a close personal friend, said he talked with Mr. Truman on the telephone. He said the President—far from being downhearted at the turn of political events—seemed "exuberant."

The New Mexico senator said he attributed the President's attitude to the decision "to forget all about politics," adding:

"I'm not sure but that's the best kind of politics in the end."

Another senatorial friend said Mr. Truman already is following this course. He noted that the President made a politically unpopular move in approving an anti-Communist bill on the Palestine situation "without regard to politics."

Capitol Hill harvests a new crop of rumors about Mr. Truman's political intentions almost daily.

Most have centered around reports that at the last moment the President would announce that he didn't care to run again and might suggest a successor.

Some of these have stemmed from statements such as that by Senator Sparkman (D-Ala.) last week calling on the President to withdraw.

Propose Britain Become Mediator In World Affairs

London, March 23—(AP)—Nine members of Parliament asked in a resolution today that Great Britain act as mediator between Russia and the United States.

The eight-moderate Laborites and one Independent deemed this necessary until "the progressive transformation of the United Nations into a world government."

To become an acceptable mediator, the resolution said Britain should immediately "divert herself of such military entanglements, cooperation or alliances with either the U.S.S.R. or U.S.A. as might tend to hinder or embarrass its mediating function."

Britain has a 20-year alliance with Russia. She signed last week a 50-year alliance with France and the Benelux countries. She maintains the joint chiefs of staff with the United States.

Background In Berlin

Actions By Russia In Berlin May Kill Hope Of Rebuilding Germany Into Peaceful Nation; Potsdam Pledges Through With Cooperation? Next Step Awaited

By SIGRID ARNE

Russian actions in Berlin the past few days make it look as though another hope may shortly go glimmering: the hope of rebuilding Germany into a healthy, peace-loving nation.

Since the end of the war Berlin has been the place where the four occupying powers—the Americans, the British, French and Russians—have worked together in a council. Each power controls a portion of the city, although Berlin itself lies in the eastern section of Germany which Russia occupies.

But now the Communist papers in Berlin are suggesting that the Westerners get out.

And Saturday the Russian delegate, Marshal V. D. Sokolovsky, walked out of a council meeting.

The Russians claim the three Western powers have broken all their pledges to run Germany as a unit. But that is exactly what the Western powers have thought of the Russians all through 1946 and 1947. The immediate action which angered Sokolovsky was the fact that the British, French and Americans met in London last week to talk about commerce in their three

Announces Dates

County Democratic Executive Committee Chairman John G. Clark, announced today that Democratic precinct meetings will be held at all precinct voting places on Saturday, May 8. The times for these meetings will be announced by the separate precinct chairmen.

On the following Saturday, May 15, the county Democratic convention will be held at noon in the Court House.

On Thursday, May 20, the state Democratic convention will be held at noon in Memorial auditorium in Raleigh.

Rep. Hartley To Fight Monopoly

Will Move Against Lewis Under Provisions Anti-Trust Act

New York, March 23—(AP)—Rep. Fred A. Hartley, Jr. (R-NJ) says he will move against John L. Lewis, head of the United Mine Workers, under provisions of the Sherman Anti-Trust Act.

Hartley said yesterday the UMW, which has staged a work stoppage, is a monopoly "in excess of anything envisioned by industry."

Speaking at a forum luncheon of the Columbia University Club, Hartley said the Taft-Hartley law, of which he was co-author, "may be inadequate to curb John L. Lewis."

"We are going to find," Hartley said, "that in some of its provisions the act is inadequate and not the drastic anti-labor legislation claimed by some union leaders."

Leaders and the coal mine operators, he said, "ganged up to gouge the American public" when they signed a contract with an escape clause allowing the men to quit work.

Hartley said he proposes to introduce an amendment to his law making it a federal offense "to interfere with the civil rights of any person to go to work, to molest him or his family."

"Neither the law as it now stands nor my proposed amendment is intended to break strikes," the congressman declared. "However, it is time we cleared up the confusion existing between the right of a worker to work and the right to strike."

Hartley urged that business men "exhibit more backbone" in demanding their rights under the law.

Claim Famine In Conquered Areas

Shanghai, March 23—(AP)—The Chinese Communists today said large numbers of persons in their areas face starvation.

Their North China News Agency broadcast that nearly half a million people are entering their first big famine in 11 years.

The famine region centers around the provinces of Shensi, Kansu and Minghsia, all the scene of bitter fighting in the past year. The area is the oldest, and most firmly established, Communist-governed territory.

Beer-Wine Votes In Two Counties

Voters of two far-western North Carolina counties—Graham and Swain—voted today on whether they'll continue legal sales of beer and wine. Both referenda were tainted by dry forces. Beer dealers tried last week to prevent the elections through injunctions. Superior Court Judge Don Phillips, sitting at Murphy, permitted today's elections to be held, but he ordered ballot boxes impounded pending hearings April 1 and 5.

Church Condemns Menace Of Reds

Vatican City, March 23—(AP)—The sharpest, most explicit condemnation of Communism to come from any ranking Catholic prelate in Italy yet was made public here today. Looking toward Italy's vital parliamentary elections April 18, Eugene Cardinal Tisserant disclosed he had told priests and parishoners in his archdiocese:

"I think that no menace so grave as atheistic Communism has ever confronted Christian civilization."

Ever since the war ended, the four-power meeting in Berlin have had trouble because the Russian delegate either delayed or refused to agree to plans which the other three approved.

The most annoying difference has been over the use of goods which the Germans themselves produced. A definite plan was laid down for them at Potsdam, where the Americans, British and Russians met in midsummer 1945 to plot Germany's future.

They agreed that any surplus goods turned out by the Germans should be put into a pool. These pooled goods were to be sold abroad to pay for things the Germans would have to import.

The Westerners waited for some move from the Russians to chip in. German food was grown in the Russian sector. But as the months passed no goods ever showed up. The Russians made no reports on what their sector was doing. No officers from the Western powers were permitted to take a good look-see at the Russian sector.

No Presbyterian Prayer Meeting This Week
There will be no prayer meeting at the Presbyterian Church this Wednesday. Members will unite in a Communion service at Jarvis Memorial Methodist Church Thursday evening at 7:30.

Our FARM Folks

By
MRS. VERONA LEE J. LANGFORD
VERNA BELLE LOWERY
L. MARJORIE SHEARIN
Home Demonstration Agents

The Cannons Home Demonstration Club was held on Wednesday, March 10 at 2:30 p. m. at the home of Mrs. David Hardee. We had 20 members present with 2 visitors and one new member, Mrs. Lee Byrd. This was almost 100 per cent attendance. After all reports from each officer was given Mrs. Lonnie Stocks gave a book review on "Lincoln's Other Mary" by Carruthers. Mrs. Wilbur Worthington gave a report on "Nieces of Everyday Living at

which time Table Etiquette was discussed in a most interesting manner. Mrs. J. H. Meeks was chosen our new vice president to succeed Mrs. D. B. Stokes, Jr., who moved out of the community. Mrs. Fred T. Langford gave our demonstration for the month "Fashions in Windows." Mrs. Jasper Hardee and Mrs. David Hardee, our hostesses, served delicious refreshments. The meeting adjourned at 4:30 p. m.

—Mrs. Willis B. Wilson, Sec.

The St. John Home Demonstration Club held its regular meeting in the club house, March 15, at 2:30 o'clock. There were 18 club members present.

Mrs. Lester Garris, a club member from the Littlefield Club, was welcomed as a visitor. Mrs. Paul Dudley gave a very interesting report on "Table Etiquette." In order to raise some money for the club the club members voted to sell a chicken and put the amount realized from the sale in the club treasury.

Mrs. Alton Chapman, Mrs. J. L. Quinerly, Mrs. E. W. Fleming and Mrs. Ray Dudley were appointed as a committee to arrange an exhibit on window display in Grifton during National Home Demonstration Club Week—May 2-8.

The club was happy to have Mrs. Charlie Dudley as new member. Miss Verna Belle Lowery, Assistant Home Agent, gave the demonstration for the afternoon, "Fashions in Windows."

Everyone enjoyed games led by the recreation leader, Mrs. Bruton Harris. Delicious cheese sandwiches, cookies, and iced drinks were served by the hostesses who were Mrs. F. D. Gooding and Mrs. E. D. Moore.

—Mrs. R. H. Smith, Secretary

The Clarke's Neck Home Demonstration Club held their meeting in the home of Mrs. J. W. Andrews. Thursday afternoon, March 17. The meeting was called to order at 2:30 by our vice president, Mrs. Alvin Wagoner. Our president Mrs. Hobart Morgan was absent due to the illness of her baby. Minutes of the January meeting were read and approved. The vice president appointed a committee to write a news article for National Home Demonstration Club Week—May 2-8. Mrs. Guy Andrews gave an interesting

report on "Table Etiquette." Miss Lowery, Assistant Home Agent, gave a most helpful demonstration on "Fashions in Windows." During the social hour the hostess served delicious refreshments.

—Mrs. J. W. Andrews, Secretary

The March meeting of the Seven Pines Home Demonstration club was held on Friday afternoon at 2 president, Mrs. L. E. Garris, opened the meeting with group singing, "My Wild Irish Rose," followed with the club collect. The secretary read the minutes of the previous meeting and called the roll. There were 25 members present and two visitors.

The Educational Leader, Mrs. Jasper Morgan, gave a book report on "Together" by Katherine Tupper Marshall. Mrs. Ferrell Morgan gave a report on "Woman on Her Way" by Faith Baldwin. Mrs. Bert Little gave a very timely and interesting talk and demonstration on "Table Etiquette." The club members voted to make garments for France. Mrs. Russell Meeks reported on our Building Project and also reported a balance of \$200.26 in the Building Fund. The president read a letter from Mrs. Langford in regard to the fine work and splendid cooperation

the men have given in putting the Club House up in such a short time. The plans for our community supper was postponed until a later date. Miss Lowery gave a very helpful and interesting demonstration on "Fashions in Windows."

After a short recreation period the hostess served refreshments. The meeting adjourned to meet in April with Mrs. Roy Jones.

An American armored division in World War II could hurt 400,000 pounds of ammunition in half an hour.

—Mrs. Ichabod Allen, Secretary

WEAK NERVOUS
cranky 'every month'?

Are you troubled by distress of female functional periodic disturbance? Does this make you feel so tired, high-strung, nervous—at such times? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound is made especially for women. It also has what doctors call a stomachic tonic effect! Any drugstore.

Many Homeless As Flood Waters Overflow Rivers

Chicago, March 23—(AP)—Flood waters from many rivers and streams spilled over thousands of acres of land in several east and midwest states today, leaving hundreds in some sections homeless.

Hardest hit by the rampaging waters appeared to be sections of Pennsylvania and communities along the Susquehanna and Chenango rivers in South Central New York.

But there were local floods in Illinois, Indiana, Missouri, Michigan, Iowa, Ohio and Vermont. No heavy rainfall was predicted today for the area menaced by the rising spring waters.

Showers and thunderstorms continued from Missouri eastward across parts of Illinois and Indiana to the Atlantic coast. There were heavy local thundershowers from Kentucky southward into Georgia, Alabama, Tennessee and the Carolinas. Light snow and rain fell in parts of the Pacific northwest.

Fair weather and normal temperatures were general in other regions. In Pennsylvania, the state's three principal rivers were the main threats. The Susquehanna and Delaware overflowed their banks while the Allegheny inched toward flood stage. Many small streams were out of their banks after flash floods and heavy falls of rain Sunday.

In Meadville, one of the communities in western Pennsylvania hardest hit by the surging waters, French

creek still was rising. About 350 families were evacuated.

The veins are blood vessels which return the blood from the capillaries toward the heart.

Day Of Prayer For Zion Groups

New York, Mar. 23—(AP)—Mobilization of Jewish groups throughout the country to fight against abandonment of the Palestine partition policy was planned yesterday by the American Zionist Emergency Council.

The Council said April 8 has been selected as a day of mobilization and prayer in protest of the United States decision to drop partition.

Prayers are planned in the 6,000 Synagogues in this country, and also in Palestine, England, South Africa and Australia.

The first of the commercial steam engines that operated early industrial plants were lubricated with melted beef tallow.

The Girl Scouts of Greenville celebrated their 56th anniversary March 12th. A beautiful birthday party was given at the Rotary building. Mrs. S. M. Crisp, our Juliette Low chairman, did honors to the occasion by decorating the table with her Friendship dolls of many nations. On each end of the table was a lovely Birthday cake, decorated in the Girl Scout colors.

Mrs. J. K. Proctor, commissioner, welcomed all Scouts, Brownies, Leaders, and visitors.

Each troop was represented and gave their part toward the program, showing their art in dancing, songs, and pantomime.

Mrs. E. L. Henderson told the story of Juliette Low and her life with Girl Scouts.

Ice cream and cake were served. The leaders assisted in the serving. About 150 girls were present.

The Rotary Club had the 2nd floor of the building painted as a birthday gift to the Scouts. The Scouts are most grateful for this, and find it a pleasure to meet in so clean and cool an atmosphere. They expressed their thanks to the members of the Rotary Club.

Train Acquires Distinction As A 'Mercy Train'

Wilmington, March 23—(AP)—The crew of Atlantic Coast Line freight train No. 522 has gone humanitarian.

Two weeks ago Conductor J. S. Robinson, on seeing a deer bound hanging by one leg from the top strand of a wire fence, ordered the train stopped. It was stopped between Pollockville and Mayesville, Jones county, while crewmen released the dog which had become entangled as he attempted to leap the barrier.

Last week the train was stopped again while crewmen released a possum bound, whose foot was in the jaws of a steel trap. The trapped dog was in a water hole, half submerged and near exhaustion.

Now they're calling No. 522 the "Mercy Train."

Human beings can see the light of a candle 14 miles away on a clear night.

Vegetarianism came into use about 1847.

Says 'Maturity' Needed In Saving Ideal Of Freedom

In their regular Monday night meeting the members of the Greenville Lions Club heard Dr. E. W. Marshall, Dean of Men at the College, speak on the need of "maturity" in the preservation of freedom in our nation and in our community.

Dr. Marshall, who hails from the freedom loving Republic of Texas, stated that the highest degree of freedom was no more nor less than "an application of the Golden Rule in our living."

In developing his thought in growing to maturity and applying this to our conception of freedom, the speaker said we should "act our ages, intellectually, emotionally, and ethically." He pointed out how the standards in certain professions had declined in recent years and attributed much of this to immaturity.

Lion O. E. (Doctor Galloping) Dowd passed around a brief questionnaire consisting of questions relating to the school system of the state for the members of the club to answer. It was a part of a survey being conducted by the Governor's commission on improving education in the state.

Guests of the club included Lion Joe Westbroom who has recently moved from New Bern to Greenville and Lion B. D. Johnson, manager of the Belk-Tyler store and a charter member of the Greenville Lions Club.

Pelicans tuck their heads against their bodies when they fly.

Chickens can see only during the day. When the light falls, they go to sleep.

Strength FOR THE DAY

DIVERSITY GIVES INTEREST
"What would the world be like if everybody in it were like me?"
The answer is apparent—it would be an awful place. Your personality may be charming, your intellect of the highest order, your character a model for humanity to follow, but what a dull place the world would be if only your type or mine were present in it.

One of the hardest things in the world for some of us to take is the fact that everyone does not see things exactly as we do, or work as we do, or like the things we do. Every family is characterized by widely differing patterns of personality and taste. Some people go to bed early and get up early. Some go to bed late and try to get up early. Some like the temperature of the house kept high, others are suffocated if the temperature gets above sixty-five. Some prefer gardening; others, bridge parties. A man rejoices in a house full of guests; his wife prefers quiet evenings with the family.

No two leaves in the forest are alike. No two persons exactly resemble each other. No two finger prints are the same. The Lord meant the world to be interesting and therefore He made it dazzling with diversity.

LESS MONEY IN CIRCULATION

All of us living here in the nation's tobacco belt had best look forward to having less money in circulation during the coming year.

That 27 per cent cut in tobacco acreage is now an actuality, and it represents a lot of money; farmers and businessmen alike will feel the pinch.

A total of 956,047,431 pounds of tobacco were sold on the North Carolina markets during the recent sales season for a total of \$401,712,171, with an average price of \$42.02 per hundred pounds according to the Federal and State Departments of Agriculture reports.

If the average leaf prices and yield for the coming year is kept at about the same level as the season just completed, that 27 per cent acreage cut will roughly mean \$108,462,285 take out of circulation for use by farmers and all of the businesses which rely on filling the farmers' needs.

Being an almost wholly agricultural community, we look to the farmers to solve this problem by whatever means they have at hand. Surely the acreage not now allotted to tobacco will not be permitted to remain idle. There is money in the land, but non-productive fields are a liability rather than an asset.

If no other course is open, the land which once grew the bright green tobacco plants can be devoted to good pasturage. Livestock is a source of revenue which should not be overlooked, especially in this part of the country where so little attention has been devoted to it.

It may be that reduced tobacco acreage will spur the movement for more diversified farming. If that should be so, even the lean years which might result during the transition from a one-crop economy would be welcome.

WASHINGTON LETTER
By JANE EADS

UNIVERSITY TO OFFER MARSHALL PLAN STUDY IN EUROPE
Washington—Some 300 selected American students will go to summer school abroad this year to study the Marshall Plan in action.

The unique program was instigated by the University of Vermont. Cooperating are the Department of State, the Board of Education of New York City and the governments of Belgium, Great Britain, The Netherlands and France.

The course begins around July 1. The students assemble on the campus of the University of Vermont. From there they will go by bus to Montreal, where they will board a Dutch vessel for France.

Five field trips and a seminar on the Marshall Plan are planned. Seminar lectures will be given at the University of Birmingham, and at the University of Paris.

Field trips will be made to—

1. Belgium, Luxembourg and the Ruhr.
2. Industries and coal mines of northern France and reconstruction work in Normandy.
3. The Saar and Lorraine.
4. Hydro-electric power developments and industries in the French Alps and the Rhone Valley.
5. Brittany (Nantes), Limoges, steel and industrial plants in central France.

The French government has arranged for living quarters in Paris and the British government in Birmingham.

Four foreign governments will provide speakers to give the group a "clear understanding of the role their respective governments intend to play in the European Recovery Program."

Four courses are outlined: (1) Economic, historical and political geography. (2) Economic history of Western Europe since 1900. (3) The European Recovery Program. (4) The seminar on the Marshall Plan.

Under the course on European Recovery, a critical analysis will be made of the Marshall Plan, including proposals of the Paris Conference of the 16 nations and U. S. legislation.

It includes also an analysis of the "American stake in European reconstruction and its impact on world economic and political stabilization."

Applicants for the project must possess either senior standing in a recognized institution of higher learning or be graduate students. They should also have at least one basic course in economics and history or political science or both.

Twelve quarter hours academic credit, or eight semester hours academic credit, applicable toward an undergraduate or graduate degree, will be carried by the four courses.

The approximate cost per student on the trip is estimated at \$535, including visas, tuition, travel and living expenditures abroad.

Faculty members of the University of Vermont as well as members of several other institutions will accompany the group. Inquiries should be addressed to: The Marshall Plan in Action Course, University of Vermont, Burlington, Vt.

Women IN THE CHURCH
By MARY FOWLER

An event unique in evangelical circles in Brazil took place recently when Miss Helen Asher of St. Paul, Minnesota, was commissioned a missionary of the Board of Missions and Church Extension of the Methodist Church. In 1946 Miss Asher went to Brazil for three years as a teacher in Bennett College, Rio de Janeiro, decided to become a "regular" missionary for lifetime service. Dr. James Thoburn Legg, pastor of the Union Church in Rio de Janeiro, and Bishop Cesar Darcooso, commissioner of the Board of Missions, decided to commission her.

The Christian Chinese women in the churches of Canton, South China recently became aware that blind children need more than good care in institutions and education en masse—they needed to feel that they were wanted by someone and that they belonged to a family. So they planned that each child at Ming Sun, the church home for the blind,

would be "adopted" by some church family; and the family take the child small gifts of food and clothing, frequently visiting with him, go with him to school and church, and take him to their own home for a meal or for a weekend. Miss Schaefer the missionary head of Ming Sun, says the plan has worked two wonders; has heightened the morals and happiness of the children, and it has made the "adopting" parents proud and happy with their children.

Dr. Tamaki Uemura, well-known woman pastor and president of the Japanese Y. W. C. A., was asked recently by the Emperor of Japan to attend the palace two days a week to instruct the two royal princesses in Christianity and democracy, in the hope, the Emperor said, "of relieving their melancholy and depression."

Two Sergeants Convicted For Taking Joyride

Balboa, C. Z., March 23—(P)—Two U. S. Army sergeants were convicted last night of swiping a flying fortress for a 1,700-mile joyride over the dangerous Andes from the Galapagos to Venezuela. It was their first time at the controls.

The formal army charges which they were court-martialed was: "Misappropriation of government property."

The court martial which tried the two soldiers—M-Sgt. Glen D. Woods of Muncie, Ind., and S-Sgt. Theodore S. Havens, Jr., of Washington, N. J.—did not announce sentence.

The sergeants were accused of taking the only B-17 in the Galapagos Islands, on the Ecuador 730 miles off the coast of Ecuador, for a jaunt to a field near Caracas on Feb. 23. They said they had planned to go to Trinidad, but ran low on fuel.

Both Woods and Havens had wartime flying experience, but not as pilots. Woods said he flew the plane on the trip, doing just what he had seen pilots do. He said it was easy.

They brought the plane, worth about \$150,000, down in Venezuela without damaging it.

Composing Room Walkout Affects Much Of U. S.

New York, March 23—(AP)—Composing rooms were idle today in most of New York City's commercial print shops in a work stoppage that directly affected nearly one-fourth of all such printing done in the United States.

It was the first work stoppage in 29 years in Manhattan's \$300,000,000-a-year industry, which normally handles about 22 per cent of all the nation's commercial printing, including books, magazines and job work.

Newspapers are not affected.

New York officials of the AFL International Typographical Union characterized the stoppage a "lock-out" by employers.

Two Hands In A Bar Provides Efficiency

Chicago—(AP)—An old man in a tavern asked for a glass of bourbon. Then he ordered a glass of water.

He took a sip of one and stirred it. He took a sip of the other. The two handed tippler noticed he had a round eyed audience.

"One gives me a headache. The other takes it away," he said. "Practical, ain't it?"

Opposes Bundy

C. L. ABERNETHY, JR.

Charles L. Abernethy, Jr., endorsed by the Craven County Association for appointment as solicitor of the Fifth Judicial district following the death of the late Solicitor D. M. Clark, Thursday announced his candidacy for that position in the coming Democratic primary election. A former congressional candidate, he is well known throughout this and adjoining judicial districts.

Born in Carter County, he went to New Bern to live in 1914. After graduating from the New Bern High School he attended the University of North Carolina for two years and then transferred to Harvard University, and graduated from there in 1922. He then entered upon the study of law at Harvard and at Trinity and Wake Forest College, receiving his law license in 1924 and entered into active practice with his father, Congressman Charles L. Abernethy, Sr.

Upon the death of Solicitor Clark he had the unanimous endorsement of the Pamlico County bar as well as that of Craven County, and the endorsement of many other attorneys and outstanding citizens throughout the district.

Educators Told Locale Has Hole In Opportunity

Chicago, March 22—(AP)—Educators were told today that "the accident of birth place is playing too big a part in determining a young person's chances" for college education.

The statement was made in an address by Ernest V. Hollis, chief of the higher education division of the U. S. office of education.

In his speech prepared for the third annual national conference on higher education, Hollis declared that a city youth "has four times the chance" that his rural cousin has of attending college.

"More than one-half of the especially gifted boys and girls who live on farms or in small towns where college facilities are not readily available do not secure any formal schooling after high school graduation," Hollis said.

"The nation is learning that it cannot afford the loss of this superior talent."

He urged co-ordinated planning for better distributed higher education facilities and more effective solution of teaching problems.

Regional coordination, he said, is necessary to make college opportunities available to rural residents and to pattern specialized education.

He said that legislation providing for cooperation of states in supporting colleges or universities on regional bases would permit establishment of needed institutions in some areas where individual states cannot now afford the financial burden.

He said a start toward achieving this end has been made by Governors of 14 southern states.

"The several states standing alone cannot provide adequate education in all of the graduate, professional and technical fields, for either whites or negroes," Hollis said.

"Several of the 14 states are without medical or dental schools for whites and without any appreciable graduate and professional facilities for negroes."

"These circumstances have required many of the most promising people to leave the region in order to attend institutions that are adequately equipped for providing superior graduate and professional education."

Heads Drive

MISS ETHEL HONEYCUTT

If this year's goal of \$150,000 is to be reached by March 21, when the campaign closes officially, the efforts of the campaign chairmen throughout the state will have to be intensified during the next nine days, Miss Ethel Honeycutt, of Chapel Hill, executive secretary of the North Carolina League for Crippled Children, said today.

Miss Honeycutt has directed the organization of the campaign for the last six years.

Explosions And Fire Rock City

Baltimore, March 23—(P)—A fire punctuated by more than 20 explosions rocked southwest Baltimore last night and resulted in one death.

A spectator was crushed when a wall of the burning paint factory toppled.

Seven alarms brought more than 60 pieces of apparatus to the scene, while the towering flames and the repeating blasts attracted some 7,000 spectators.

The explosions, beginning shortly before 11 p. m. rocked a square mile area. One woman was thrown from her bed, while others said they thought "war had begun". Police and firemen evacuated about 35 families from nearby homes.

The flames were brought under control after midnight, but still raged early this morning in the wreckage of the three-story building. It had been occupied by the Baltimore paint and color works.

The dead man was tentatively identified as John Oberweaver, a nearby resident. Injured were two employees who received treatment for burns.

There was no immediate estimate of the damage.

The principal breeds of United States dairy cows are: Ayrshire, Brown Swiss, Guernsey, Holstein and Jersey.

Julius Caesar conceived the idea of one-way streets as traffic aids.

Confirm Move

London, March 23—(P)—The Foreign office reported today the British cabinet has confirmed a decision to surrender the Palestine mandate on May 15 and to withdraw all British troops by Aug. 1.

A spokesman told a news conference the cabinet had considered Palestine problems at length yesterday "in a general way."

The buildings in New York City's Rockefeller Center actually weigh less than the materials excavated in their construction.

Coast fog signals were almost unknown until the middle of the 19th century.

Crews arrived at the Jamestown Colony in America in 1611, and reached the Plymouth Colony in 1620.

PIN-WORMS GO! New Treatment Gets Real Results

Don't let your child suffer the torment of Pin-Worms! Today, thanks to a new, safe, effective treatment, there's no need for surgery or hospitalization. The new treatment has been made possible by the discovery of the cause of the trouble. The new treatment is so simple and so effective that it can be given at home. It is the only treatment that gets the worms out of the system. It is the only treatment that gets the worms out of the system. It is the only treatment that gets the worms out of the system.

Eastertime Is Flowertime

Heavy Eaters Of Argentine Meat

HEAVY EATERS 18

Buenos Aires—(P)—People who live here are proud of Argentine meat—and prove it by eating an average 35 pounds a month each. Since a lot of the three million inhabitants of the city are children, this means the adults eat more than a pound of meat a day. The U. S. average is only three ounces.

The average consumption of meat is nearly twice the bread average—12 pounds of bread per month compared to 25 pounds of meat. One reason is that the great number of Italians here eat spaghetti instead of bread.

Japanese Textile Output Gaining

Tokyo—(AP)—Japanese textile makers produced more than twice as much cotton yarn and fabrics in 1947 as during the preceding year, headquarters reported today.

Cotton fabrics production in 1947 was 661,000,000 square yards compared with 241,000,000 square yards in 1946.

In 1947 cotton yarn production jumped to 266,000,000 pounds from 127,000,000 pounds the previous year.

Raw silk production increased from 88,000 bales in 1946 to 100,000 bales in 1947.

Silk fabric production dropped from a 1946 total of 42,000,000 square yards to 37,000,000 square yards last year.

Japan Lacks Metal

Tokyo—(AP)—Lead production in Japan has reached pre-war levels but the output of all other metals is low or declining, the government says. Shortage of materials and funds are blamed. Iron ore is being produced at only 24 per cent of the pre-war level.

Cow Brought Truce To Arabs And Jews

Jerusalem—(AP)—It happened near Jerusalem.

A cow which had heard nothing of partition troubles escaped from its Jewish owner into Arab territory several miles away.

But the mukhtar (village elder) of the Arab hamlet did not believe in war. He phoned to the Jewish mukhtar of the cow's native village that he would be prepared to return the cow—but how? Soon ten unarmed Arabs drove the animal into no man's land between the two villages and there it was received by ten equally unarmed Jews. They met and parted with mutual peace greetings of "salam," "shalom."

Clay is hydrated aluminum silicate.

Truman 'Shares' In Mihai's Hopes

Washington, March 22—(AP)—Former King Mihai of Romania said after a White House call today that President Truman shares his hope that he will one day return to his throne.

The deposed king told reporters no mention was made about setting up a government-in-exile while he talked with Mr. Truman.

Now's the time to let the men who know your Ford best get it running at its best. Save time, money and trouble with our true Ford service. Here's what we'll do—

- DRAIN AND FLUSH RADIATOR
- CHANGE TO SPRING LUBRICANTS
- ADJUST CARBURETOR
- CLEAN SPARK PLUGS
- CHECK BRAKES

THE BEST SERVICE COSTS LESS AT YOUR FORD DEALER'S!

Your Ford Dealer invites you to listen to the Ford All-Star, Sunday Evening—NBC network. Listen to the Ford Theater, Sunday Afternoons—NBC network. See your newspaper for time and station.

HERE'S THE MOST UNUSUAL OFFER EVER MADE IN THE TIRE BUSINESS!

YOUR MONEY BACK
If Super-Cushion Tires Don't Give You The Softest Ride You've Ever Had!

YOU RIDE....THEN YOU DECIDE!

We mean every word we say—we'll put a set of Super-Cushion tires and tubes on your car. Drive it for one week. Then, if you don't agree they give you a softer ride than any tire you've ever owned, we'll replace them with your old tires and give you money back!

Super-Cushion is a remarkable new kind of tire. Bigger, softer than conventional tires, it runs on only 24 pounds air pressure. It is so superior that we make this amazing trial offer... for a very limited time only due to the great demand for Super-Cushions.

Super-Cushion TIRES BY GOOD YEAR

Super-Cushions give you a remarkable new ease in car handling. Your car hugs the road, seems to float through traffic, to flow around curves.

Super-Cushions soak up crosswise jolts, soak up vibration. Results: less driving fatigue, less wear and tear on your car.

Super-Cushions consistently average more mileage than the best standard tires. More—they make small cars ride like big ones... make big cars ride better.

Super-Cushions run cooler; and because they're softer they "roll with the punch", are harder to cut, bruise or blow out. Arrange now for a Super-Cushion test run on your car.

MILLIONS OF SUPER-CUSHIONS ARE NOW IN USE ON NEW AND OLDER CARS

Judge Stevens Presiding Over Superior Court

By CHESTER WALSH

After convening the one-week criminal term of Superior Court here Monday, Judge Henry L. Stevens of Warsaw told the grand jury he could not charge them, since they already had been charged earlier in the year. The Duplin County jurist, however, did call to the jury's attention the fact that he had learned from members of the bar and previous grand jury reports that the interior of the courthouse needed repairs and repainting. The courtroom had not been repainted in about 18 years, it is understood.

Judge Stevens felicitated W. J. (Dick) Bundy, who succeeded the late David M. Clark as solicitor of the Fifth Judicial District, and who was officiating yesterday in his home county for the first time.

Cases disposed of during the forenoon today:

Leonard Hoots, up on appeal from a lower court on an appeal from a conviction of driving while drunk, through counsel, agreed to abide by the lower court's decision, \$100 and costs, and his driver's license revoked for a year.

In the case of Harry Atkinson, colored, charged with driving drunk and recklessly, Solicitor Bundy told the court there was insufficient evidence to convict Atkinson, and that he would accept a plea of speeding. Atkinson was fined \$25 and costs.

Leslie Lee Dall, three charges of breaking, entering and larceny, was given a year on the roads in each case, the last two sentences to run concurrently with the first.

Prayer for judgment was continued for two years in the case against Cecil B. Keel and Cruise Keel, charged with assault with a deadly weapon with intent to kill.

John B. Taylor was given 18 months on the roads for breaking, entering and larceny.

James B. Parker was not guilty of larceny.

Introduce Bill To Increase Old Age Pensions In U.S.

Washington, March 23—(AP)—A bill to increase the minimum federal contribution to old-age pensions by \$10 for each qualified individual was introduced yesterday by 12 Democratic Senators.

Authors of the proposal include Senators Hoyer (NO) and Johnston and Maybank (SC).

The Senators explained that the state would not be required to match this additional amount under the bill which would require the Federal government to add \$20 instead of \$10 to the state's first \$5 of benefits.

THERE OUGHTA BE A LAW!

Beyond \$25 both would contribute equally.

The bill would make the same provision for aid to the blind and would double the present minimum federal payment for dependent children, the authors said.

Ballard's X Roads News

Mrs. William G. Dunn was hostess to the March meeting of the Presbyterian Women's Auxiliary.

Mrs. C. C. Harris gave the devotional, taken from Matthew, bringing out the thought of the kingdom of God beginning in each individual.

The program on Stewardship was presented by Mrs. Jessie McArthur. The Lord's Prayer was used in closing the program.

At the business session, presided over by Mrs. Annie Planagan, it was decided to sponsor a Stanley party and to have a chicken sale to make some money to make a payment on a piano for the new church.

All the cause secretaries reported that their reports were ready to send in.

The hostess, assisted by Mrs. Tommie Suggs, served refreshments of delicious home made cake and ice cream.

At the March meeting of the Grange, Connor Eagles of the Soil Conservation department of Pitt County gave a very careful and interesting talk on the soil conservation program and illustrated this talk by the use of slides.

Mr. Page of the PHA was also a guest at the meeting and gave a talk on the program he represents. John E. Wilkerson presided over the meeting and the Grange was glad to welcome Mr. Eagles and Mr. Page as new members.

Mr. and Mrs. Edward Keeter of Scotland Neck were guests of Mr. and Mrs. Linwood Baker for several days last week.

Mr. and Mrs. H. R. Hinnant of Micro and Mr. and Mrs. Ray Hart were dinner guests of Mr. and Mrs. J. F. Moye Sunday. Mr. Hinnant is pastor of the Piney Grove Baptist Church.

Mr. and Mrs. Ike Joyner were Ayden visitors Saturday. Friends of Mr. Fab Worthington will be sorry to learn that he is ill at his home. Mr. Worthington is one of the oldest citizens in the Ballard's community, around 85 years old. His wife passed away in December.

John Planagan, student at State college, is home for spring vacation. Mrs. Mamie Ruth Holloway visited her mother, Mrs. W. A. Pollard, Sr., in Farmville last Friday.

James Ellis of Stantonsburg, pastor of the Christian Church at Marlboro, was a dinner guest of Mr. and Mrs. N. C. Vandford Sunday.

Mr. and Mrs. Philip Smith and Mrs. Ida Pearl Smith of Vanceboro and Mr. and Mrs. Ethel Suggs of Greene County visited in the home of Mr. and Mrs. Owen Tyson Sunday.

Miss Mary Elizabeth Worthington, student at King's Business College in Raleigh, spent the week end with her parents, Mr. and Mrs. Chester Worthington.

Mrs. Annie Planagan and John Planagan are spending the week end with Mr. and Mrs. William Gillette in Richmond, Va.

Friends of Mrs. Mark Smith will regret to learn that she remains ill and is at the Smith Clinic in Greenville.

Miss Margaret Lou Hemby, student at Atlantic Christian College in Wilson, spent the week end with her parents, Mr. and Mrs. Earl Hemby.

Miss Mary Elizabeth Nichols was a week end guest of Miss Patsy Pridden at E.C.T.C.

Mrs. Thurman Crawford and Mrs. Cora Crawford visited Mrs. Jim Tucker near Greenville Sunday.

Rumor Bevin And Bidault To See Marshall In April

Paris, March 23—(AP)—Official quarters said today French Foreign Minister Georges Bidault and probably British Foreign Secretary Ernest Bevin will confer with Secretary Marshall in the United States next month.

A British Foreign Office spokesman in London, however, denied the report that such a meeting was planned.

The date of Bidault's trip, French officials said, will depend on Marshall's return from the Pan American Conference at Bogota, Colombia. This is expected to be soon after April 13.

DIE IN REST HOME
Omaha, March 23—(AP)—Fire swept through a rest home here early today taking the lives of five elderly men.

Seven other persons were also hospitalized, some of them in critical condition.

Background . . .

(Continued from Page One)

And while this was happening British and American taxpayers were asked to shell out hundreds of millions to feed the Germans in their area.

At any time the British and Americans could have claimed the Russians were failing to meet their Potsdam pledges.

Instead they trudged faithfully to the council meetings in Berlin and continued to run their sectors as best they could.

Finally, early in 1947, the British and Americans merged their sectors in all business deals to try to cut down the cost to the folks at home. They left the gate open for the Russians, but no Russian knocked.

Last week the American, French and British met in London to talk just about western Germany. American goods will shortly begin to move into Western Europe, and western Germany has to be fitted into the picture because it can contribute steel to the general rebuilding of Europe.

Thereupon Sokolovsky read an angry speech to the council in Berlin and walked out. Yesterday the Russians, being chairmen this month of the council committees in Berlin, called off committee meet-

BAAAAAA-A I'M A LION . . .

January . . . February . . . March . . . and what have you done about getting that home of your own this year?

Does the financing problem have the ferocious appearance of a man-eating lion?

Don't be afraid of it? Tut . . . tut. It may turn out to be a little lamb.

More homes will be built this year than in any other twelve months in United States history. Your home should be one of them.

We would like to help you with the financing.

If you feel like telling us about your needs . . . we're here to listen, suggest and do all we can.

Willard Is Still Rankled By Loss To Jack Dempsey

Honolulu, March 23—(AP)—It was July 4, 1919, and Toledo, Ohio, was broiling under summer sun.

Jess Willard was defending his world heavyweight title against the ferocious challenge of Jack Dempsey. Willard was six feet, six inches, 245 pounds, and Dempsey, 187 pounds and a head shorter.

Nine times the Goliath of boxing toppled. He lurched in pain, bewilderment and despair. Willard was counted out standing up in his corner—cut, bleeding, his face puffed and eyes closed. He had absorbed a beating such as few fighters ever have.

Almost 29 years later Willard retains vivid and bitter memories of his loss of the championship. He is here to fill a month's engagement with a carnival as master of ceremonies. He made about \$1,000,000, most of it from circus and show business and investments after winning the title. The market crash of 1929 cleaned him out.

He accepted that run of bad luck in a philosophical manner. But mention Toledo and his losing fight and the big man bristles.

"I got the works," he said as our ship steamed slowly into the dock.

Pace-Setters

New York, March 23—(AP)—The Brooklyn Dodgers and the New York Yankees continue to set the pace in the National and American Leagues respectively in the "Grapefruit" League today.

Brooklyn, the only club training outside the United States, sports a perfect 10-0 record while the Yanks have won 13 and lost 3 for an impressive .813 percentage.

The Dodgers, however have yet to play a major league team.

"When my second went to inspect Dempsey's bandages, he was shoved away. Everything happened fast. My handlers got the runaround. They were hustled out of the ring and the fight got under way.

"Every time Dempsey hit me it felt like he was using brass knuckles. Boxing gloves couldn't be that hard. Naturally right today I'd be interested to know about the taping job that was done on Dempsey's hands. I think I know what made his hands so hard, but that's water over the wheel now."

Pridefully it seemed, the white hope of many years ago added:

"I went down nine times but Dempsey couldn't knock me out. He never could have stood up under the punishment I did. If conditions had been different, I would have flattened him. Dempsey never saw the day he could have licked me if things had been as I think they should have been."

Marshall Out Trying To Tie Up Game

Rightfielder Willard Marshall of the New York Giants is tagged out by Catcher Joe Tipton of the Cleveland Indians while trying to score the tying run in the eighth inning of an exhibition game in Los Angeles, Calif., Saturday. Marshall attempted to score from second base on a single and didn't quite make it. The Indians won, 6-5. (AP Wirephoto.)

Tiger Dizzy Trout Aiming For Top Hurling Campaign

By FRANK ECK

(P) Newsfeature Sports Editor
Lakeland, Fla.—Paul Howard (Dizzy) Trout the righthanded Lefty Gomez, is looking forward to one of his best seasons with the Detroit Tigers.

A 27-game winner in 1944 when he led the American League with a 2.12 earned run average, Trout claims he is in better shape than ever.

"Last year I weighed between 210 and 215 and now I'm down to 206 and expect to be about when the season opens," says Trout. "I have not been below 200 since 1945."

"I'm doing a lot of running and playing a lot of golf. It's better than sitting in a hotel lobby because the couple of miles you walk on a golf course strengthens your legs. The other day I shot a 78."

Manager Steve O'Neill, one of baseball's more congenial pilots, permits his athletes to play golf.

Most of the Tigers have taken salary cuts some of them the full 25 per cent permitted under the new player-management agreement.

Trout is one who has taken a small cut. In 1946 when he won 17 he drew a reported \$29,000 and last year he got about \$23,000. The Detroit writers say he's down to about \$20,000 now.

"I've only taken a small cut," says Dizzy. "and I will get it back if I have a good year. Make believe I'm not trying. Why I've got a strict diet no potatoes, bread or butter or any starchy foods."

"This is my tenth season coming up and I want to make amends for my 10 and 11 record of last season. It was the first time since 1942 when I won 13 and lost 16 that I've been below .500."

The 32-year-old bespectacled Dizzy is one of the hardest workers in camp. He realizes the Tigers have one of the best pitching staffs in baseball and with Art Houtteman ready to take his regular turn this season the Tigers will have an abundance of starting pitchers.

The Tigers tried to trade Trout. This is another reason for his determination to retain his regular turn on the mound.

He runs and pitches like a rookie trying to make good which brings to mind Dizzy's exploits when he broke in 19 years ago.

"I'll never forget when I pitched here against Brooklyn. I got real wild and walked across four runs. I finally got two out," says Dizzy, "but the bases were loaded and a big hander came up to bat. I took out my little score card that I carried in my pocket and saw that it was Dolph Camilli."

"He seemed to be nervous, and the umpire seemed even more nervous. He kept dusting off the plate with his little brush. I walked off the mound and asked the ump what's the matter?"

"I'm just sweeping the sawdust off the plate. It's coming out of his bat. That's Camilli hitting."

"Mickey Cochrane was catching and he called for a curve, then a fast ball then a curve, but I kept shaking him off. Finally the veins showed in Mickey's neck and he said throw anything, I'll catch you bare-handed."

"Well I threw a fresh pitch I had been working on. It was a fastball. It broke over the plate for a third strike. In the dugout Mickey asked me 'where'd you get that pitch?'"

"I've had it for a long time, but you never called for it," I informed Cochrane."

The other rookie story they like to tell is the time Trout borrowed a policeman's motorcycle. He rode around the park here three times, waving to Manager Cochrane each time.

On the third lap around the park Cochrane said:

"Keep on going, Trout, right out that gate for Toledo."

Dizzy Trout was insulted. He won 14 games for the Toledo Mud Hens that year. Maybe this is another one of those years because Trout is sizing.

Good Start For Beazley, White

Bradenton, Fla., March 23—(AP)—Ernie White and Johnny Beazley, who helped pitch the St. Louis Cardinals to the world championship in 1942, are off to a good start in their comeback bids.

Now toiling for the Boston Braves, the two allowed only one hit in six innings yesterday as the Braves nosed out the Detroit Tigers 2-1.

DUKE NINE UPSET

Gastonia, N. C., March 23—(AP)—North Carolina's big four baseball champions of 1947—Duke—were upset here yesterday, 11-2, by the Rex Mills Spinners in the season's opener for both.

Two Reasons Why Connie Mack Is Pleased Today

West Palm Beach, Fla., March 23—(AP)—Manager Connie Mack of the Philadelphia Athletics had two reasons to be pleased today.

First, he received a letter from First Baseman Ferris Fain, who is recovering from a knee operation at his Richmond, Calif., home, notifying the club he'll be on hand next week.

Secondly Mack was pleased with the fruits of the A's present training methods which may set the pattern for the club's future spring operations.

"I am inclined to believe that weekend games are enough," Mack said.

"Four or five days of hard practice, and then two or three exhibitions form an ideal spring routine. When you play every day, you don't have time to master all the plays you need during the season, and of course, if you don't play at all, you have no way of telling whether the players have mastered their lessons."

To Bear Down On Match-Makers

Chicago, March 23—(P)—The Illinois Athletic Commission plans to beat down on match-makers applying for boxing licenses in the state.

The commission, after a meeting yesterday, said it would not grant any new licenses until it was "satisfied" applying match-makers and their fighters comply with regulations.

This was the only definite action taken at the meeting, which was held ostensibly to study a shutdown of professional boxing until April 7 on request by Governor Dwight Green.

Mize And Kiner In Home Run Race

Stockton, Calif., March 23—(P)—What happens when the regular season starts is an entirely different matter, but so far Johnny Mize is leading Ralph Kiner in home runs.

Mize of the New York Giants has smacked two, one against Bob Feller with the bases full, while the only thing the Pittsburgh outfielder has driven out of the park is his shiny new convertible.

The two wound up in a 51-all tie for the 1947 National League home run championship.

Battle To Draw

Clemson, S. C., March 23—(AP)—Clemson's 1947 Southern NCAA champions and Virginia Tech battled to an 8-8 tie here yesterday.

Darkness called a halt to the Southern conference game after the tenth inning.

Wants Check On Max Schmeling

Rep. McDowell (R-Pa.) said today he is asking the State Department to look into Max Schmeling's plans to make a ring comeback in this country.

Schmeling, world heavyweight boxing champion in the early thirties, announced in Hamburg, Germany, he is seeking permission to enter the United States this summer for a series of bouts.

McDowell told reporters he has asked the visa section of the State Department, which handles such requests, for an explanation. He said he wants to get all the facts possible before deciding whether to oppose the 42-year-old fighter's return.

McDowell is a member of the House Un-American Activities Committee.

"It seems to me a rather shoddy scheme to bring an over-age fighter who certainly has been useful to the fascists into this country to exploit sports followers of the United States," McDowell said.

"Schmeling, when he was heavyweight champion, certainly never objected to being idolized by the Nazis as proof of their master race theories. To all intents and purposes, he paid lip service to the belief that the Germans were to rule the world."

And he said "Schmeling had ample opportunity to know democracy in this country, and he earned a lot of money in a country against which he later fought."

Sliding Pit At Senators' Camp

Orlando, Fla., March 23—(P)—The Washington Senators, who can't count on pounding out as many hits this season as some other clubs, are planning to make the most out of those they get.

Manager Joe Kuhel has installed the first sliding pit at Washington club has seen at spring training in 13 years. "There's no sense kidding ourselves," says Kuhel. "We aren't going to power a lot of runs across the plate. We've got to scramble on the bases to get everything out of what we have."

Davidson Wins

Davidson, N. C., March 23—(P)—Davidson edged Springfield (Mass.) College, 4-3, here yesterday in the opening baseball game of the 1948 season for both teams.

A single by Jake Wade with two out in the last of the ninth sent Jack Burris home with the winning Davidson run.

HUGE OVATION

Madrid, March 23—(P)—Pianist Jose Iturbi got a clamorous ovation last night at his first appearance in his homeland in 13 years. He conducted a Madrid Chamber Orchestra in a concert of Beethoven and Mozart and played the piano.

Kissing the hands of great men was an ancient Greek custom.

Kentucky Cagers Highly Favored

New York, March 23—(AP)—Kentucky's mighty Wildcats were firmly favored to brush past Baylor and win the NCAA basketball championship in Madison Square Garden tonight.

It's a familiar role for both teams. Kentucky was the solid choice to capture the Eastern eliminations and the smooth 'Cats did so handily. Baylor, on the other hand, was rated an underdog in both of its Western playoffs but the battling Bears surprised the opposition in each case.

On the basis of its sensational play in whipping Columbia and Holy Cross, Kentucky has been established a 9 1-2 point favorite over Baylor.

The Southwestern Conference champions polished off Columbia's Ivy League titlists, 76-53, and then dethroned Holy Cross's 1947 NCAA champions, 60-52.

Baylor, first Southwest Conference quintet to reach the NCAA's final round, nipped Washington's Pacific Coast Conference kings, 64-62, and then conquered Kansas State's big seven pennant winners 60-52. In each game the Bears came from behind to win.

Both quintets are in the eight-team Olympic tryout tourney.

Faces Hearing On Two Murder Charges Monday

Mt. Airy, N.C., March 23—(AP)—Lonnie A. Jordan, 50, accused of slaying a woman and her 18-year-old daughter, faces a recorder's court hearing here Monday on two charges of murder.

The 50-year-old Mt. Airy barber was under guard at a hospital here last night where he was being treated for a face wound police said was self-inflicted.

Funeral services, meanwhile, were scheduled for 2 p.m. today near Pulaski, Va., for the two victims of the Sunday night shootings—Mrs. Blanche Roupe, 33, and her daughter, Arlene.

Police Chief Monte Boone quoted statements of the woman's two other children as saying the shootings followed a quarrel between Mrs. Roupe, who is estranged from her husband, and Jordan.

North and South Carolina were separated in 1729.

There's an ultra-luxurious, special extra-long-wheelbase Studebaker Land Cruiser, too—America's first nylon-upholstered car! Come, see the far-advanced Studebaker—1948's most admired and desired new car.

Ford Company's Plans Shape Up

Detroit, March 23—(AP)—The Ford Motor Company's plans to penetrate more deeply into all price fields of the automobile market have begun to take shape.

Two completely new lines of cars in the medium and high price fields were shown privately yesterday to some 1,200 dealers and several hundred news, magazine and radio reporters. They were the new Lincoln and Mercury models.

Similar showings of the new Ford cars also to be completely remodeled, will be made sometime before June 1.

Styling and mechanical details of the new and higher priced units still are being withheld. It may be said, however, that the new Lincoln is being remodeled to emphasize the "new look" in automobile. They are radically different from any car ever built by Ford, pioneer in volume production.

Price schedules also are yet to be announced. Company spokesmen declined to disclose pricing plans but indicated increases may be expected.

Rotarians Given Musical Program Monday Meeting

By WYATT BROWN

The Rotarians were entertained by "Barber Shop" melodies last night at their regular weekly supper meeting when a quartette composed of Tige Gardner, Ed Conway, Aubrey Tilley and James Ray Pitman accompanied at the piano by Mrs. Christine Smith. The quartette rendered one of the programs they have become favorites with. Tige did two of his typical solos "Pray for the Light to Go Out" and "If You Knew Suzy."

Ed Conway, better known as Ed "Bing Crosby" Conway, did one solo "It Had to Be You." The quartette did a series of numbers chosen from the old favorites and one medley number.

Guests of the Club last night included the officers of the Veterans Club at East Carolina Teachers College which is said to be the only such Club in the country. This Club has been organized and incorporated for the purpose of establishing scholarships, putting on entertainments, carrying on of an industrial bank—all this for students and the college. The club is known as a most active and useful organization on the campus. The officers present last night were: Jack Hedgepeth, president, of Rocky Mount; Lynwood Kilpatrick, vice president, of Kinston; Jack Howard, secretary, of Wilkesboro; Ed Casey, Treasurer, of Four Oaks. Frank Harrington was also a guest.

Visiting Rotarians were: Dr. Grady Dixon, Wilbur Ormond, Jack Quinley, S. M. Edwards, Bill Johnson, and T. G. Worthington all of the Ayden club, Jake Lindsay of the Kinston Club, and Shaw Bonner of the Washington Club. The program was presented by John Fleming, chairman of the program committee. Bob Bradshaw, Club president, presided. The Greenville Rotarians will elect their officers for the coming year next Monday night.

NAMED FOR FOURTH TERM

Washington, March 23—(AP)—President Truman today nominated Mrs. Nellie Taylor Ross for her fourth five-year term as director of the mint.

Mrs. Ross, onetime Governor of Wyoming, was first named mint director in 1933.

TESTING BABY'S IQ — After six years research, Dr. A. R. Gilliland of Northwestern University, Evanston, Ill., came up with 40 scientific tests of an infant's IQ. Here he and assistant, Mrs. Rosemary Manke, try four of them on Charlie. Top left: Charlie starts when bell rings. First reaction rates an A. Top right: He grasps teething ring which he should do. Lower left: Baby changes expression when he sees mask. That scores high, too. Lower right: Charlie likes a rattle. Tots shouldn't be indifferent.

Greeks Report New Success

Athens, March 23—(AP)—Greek troops have scored a major victory over guerrilla forces around Mount Olympus and Mount Pieria in the past month, War Minister George Stratos said last night.

In announcing the victory, he declared that "charges made by bad friends of Greece that the army is not fighting are flatly refuted." He did not identify the "bad friends."

Speaking of the new successes and of earlier government victories at Konitsa, Stratos said:

In its second interim report 10 days ago the American aid mission to Greece said failure of the Greek army to take the offensive had increased the strength of the rebels.

In Athens, nine members of a guerrilla unit which has been operating in the Attica area were executed.

Dwight P. Griswold, chief of the U.S. aid mission, was asked in a news conference about recent executions, in view of criticism in the foreign press that many such executions were long delayed.

Griswold said most of those executed were guilty of murders committed in the revolutionary period of late 1944 and early 1945, when bands roamed the capital's streets, killing wantonly. Some have had as many as four trials, he said. He said it would not be correct to call these defendants political prisoners, adding that their crimes were not political murders.

New Laurels For Jean Johnson In Talent Contest

Miss Jean Johnson, a senior of Eppes High School and a member of the C. M. Eppes High school Glee Club, showed unusual artistry in her rendition of "My Hero" from The Chocolate Soldier by Oscar Straus at the Annual Omega Talent Hunt Contest held at Egan Hall, New Bern North Carolina, Friday, March 19. Mr. Donald Smith, head of the music department at New Bern High School lauded this young talented student highly.

She won first place over a group of ten other contestants from Kinston, Wilson, New Bern, Tarboro and Goldsboro. In addition to being awarded a cash prize of fifteen dollars, she and her accompanist will be sent to the finals in Raleigh, April 24 to compete with the winners of the contests held by the twenty-three chapters in the sixth district of Omega Psi Phi Fraternity, Inc. which covers North Carolina and South Carolina.

The winner of this contest will be given an all expense scholarship for one year to the college or university of his or her choice.

Hog Market

Raleigh, Mar. 23—(AP)—(NCDA)—Hog markets weaker, tops of \$20.50 at Rocky Mount, Clinton, Warsaw, Lumberton, Chadbourne, Fayetteville, Florence, S. C., and Richmond, Va.; \$20 at Greenville, New Bern, Smithfield, Mt. Olive, Goldsboro, Washington, Jacksonville, and Pantego.

600th Boatload

Le Havre, France, March 23—(AP)—The 600th boatload of American Interim aid to France arrived here today.

U. S. Ambassador Jefferson Caffery said this brought the total of such aid to 4,800,000 tons since December 18.

Cases Tried At Morning Session Superior Court

By CHESTER WALSH

Judge Henry L. Stevens of Warsaw and Solicitor W. J. (Dick) Bundy made good headway with a heavy criminal docket in Superior Court today.

The following cases were disposed of during the forenoon session today:

John Ivey Spell, convicted of two charges of breaking, entering and larceny, was given nine months on the roads, sentence suspended and he was placed on probation five years, and he is not to be found off his father's premises after 8 p.m. during probation period.

William B. Clark, convicted of breaking, entering and larceny, was given two years on the roads, sentence suspended, and he was placed on probation for five years, and he is not to be found off his premises after 8 p.m. during probation period, unless with his wife or father, and Clark was ordered to pay for the benefit of Paul Scott \$103.95 and court costs by Friday.

Robert T. Eckenrode, convicted of forgery, was given two years in State Prison, sentence suspended, and he

was placed on probation for five years, and he was ordered to pay court costs by September 1.

Willie Davis, larceny, two years on the roads.

Dewey Brooks, assault with a deadly weapon, two years on the roads, sentence suspended provided he execute a deed of trust to J.W.H. Roberts for Leona Stanley for \$750 and pay court costs by Friday.

Collaboration By Finnish Leftists

Helsinki, Finland, March 23—(AP)—The newspaper Helsingin Sanomat said today Socialist parties which collaborate with the Communists will meet in Warsaw to discuss formation of a Socialist International (the date was not stated in this dispatch).

The newspaper said Finland's Socialist Union, which forms a parliamentary bloc with Finnish Com-

munist, has received an invitation signed by Premier Joseph Cyrankiewicz, of Poland. It said this information came from sources close to Aatos Virtanen, new chairman of the Socialist Union party.
