

Fair and slightly warmer tonight. Friday increasing clouds and not much change in temperature.

'All Steps Necessary' To End Coal Strike Promised

Washington, March 25—(AP)—President Truman said today he will take whatever steps are necessary—and possible under the law—to settle the coal strike.

He made that comment to a news conference when asked about the board he has appointed to determine the facts in the dispute.

The board was appointed, Mr. Truman explained, when the Federal Mediation and Conciliation Service failed to get an agreement between the coal industry and the United Mine Workers.

The President said he is following the law when he plans any appeal to the coal miners to return to work.

The fact-finding board has until April 5 to make its report. The President said he believes its members will speed their decision.

"After that?" a reporter asked. The President said when the board reports he will take any action that is necessary under the law.

After the board reports, the government can go to the courts and ask an order halting the strike.

The government was reported drafting new coal savings orders. Federal officials still hoped the United Mine Workers chief would call his 400,000 soft coal miners back to work before the shortage becomes acute. But they were not counting on it.

Instead, they prepared to follow the cut in passenger and freight service on coal burning railroads with a similar order to utilities to slow down their plants.

Dimouts and brownouts to conserve power possibly would result. The same actions were adopted in previous mine strikes.

The freight order, effective next Tuesday, reduces shipments 25 per cent. The Interstate Commerce Commission set up a priority system giving top transport rating to food, fuels, medical supplies and other essential items.

Tax Vote-Switch Talk Rife Among Democrats

Reports That Truman Will Propose New Billions For Defense Prompts Change Of Views Among Congressmen

Washington, March 25—(AP)—Reports that President Truman soon will propose new billions for defense prompted vote-switching talk today among Democrats who cast previous ballots for tax cutting.

Republican leaders insisted, however, that not enough shifts will occur to uphold Mr. Truman's virtually certain veto of their \$4,000,000,000 tax reduction bill.

That measure completed its first trip through Congress yesterday.

To the House rolled up a thumping 289 to 67 tally—51 votes more than the two-thirds majority needed to override a presidential rejection.

The Senate passed the bill on Monday by a count of 78 to 11—or 18 votes to spare if the lineup remains the same on the vote test.

Rep. Cox (D-Ga.), who voted for the tax cut yesterday, raised the possibility today of a wide shift of votes, including his own. He told newsmen:

"Reports now are that the President will ask for a large sum of money for the Air Force and for a new navy, about \$10,000,000,000 more. That would greatly change the whole matter."

"If the President shows Congress that this \$4,000,000,000 is needed to protect this country—and I believe he has understated the world emergency—it is my belief Congress will sustain his veto of the tax bill."

To this Rep. Knutson (R-Minn.), author of the original \$5,500,000,000 tax measure which the Senate passed by a 71-20 vote to two Democratic votes, retorted:

"If the President asks for more billions that will be done in the vain hope of stopping tax reduction. We have been fooled so often it will take something better than that."

Dwight Griswold Reminds Greece Of Friendship

Athens, March 25—(AP)—Dwight P. Griswold, chief of the American Mission of aid to Greece, told Greeks today democracy is as indefensible as the fortress unless it is defended.

Griswold addressed the Greek nation on the anniversary of its independence from Turkey.

He referred to President James Monroe's offer of aid to Greece in the 1821 revolt and said the friendship between the United States and Greece which began then is being affirmed now "in this hour of Greece's need."

"But even as other nations would block up the well-springs of liberty, democratic nations must guard them more zealously than ever before," he said.

What Price Justice?

Does The End Ever Justify The Means? Some Situations Which Will Make You Wonder; What Is Justice? Is It Relative? Do Moral Standards Change?

By JAMES MARLOW

Washington, March 25—(AP)—Would you kill one innocent man to save two men? Would you kill one man to save 100 men—or 1,000,000—who'd otherwise die?

Try the question on your friends. You can break up a party with it. It's getting an argument around here.

Suppose—just to illustrate the question—this happened:

You're standing on a mountain ledge, near a volcano. There's a stranger standing on the volcano's slope. He's doing no wrong.

Down in the valley is a city of 1,000,000 people. They're all strangers to you, too.

Suddenly a crack appears in the volcano. Boiling lava pours out. It will become a flood fast.

Unless you can stop it, the lava will kill the 1,000,000 people in the valley. Although you're safe, they have no escape.

You can save them in only one way: pushing that innocent stranger into the crevice. That will stop the lava flow.

If you do it, he'll die for sure. You kill him by doing it. (You yourself can't jump into the crevice.)

Italy Ready For Yugoslav Talks

Willing To Negotiate Directly With Neighbor On Trieste

Rome, March 25—(AP)—A Foreign Ministry spokesman announced today Italy is willing to negotiate directly with Yugoslavia on the question of Trieste and the free territory.

He added that such negotiations could be considered by the Italian government only in the spirit of the British-French-American note proposing return of the area to Italy.

The announcement was in reply to correspondents' questions on the possibility of direct negotiations.

The three western allies announced Saturday they had proposed to Russia and Italy "that those governments join in agreement on an additional protocol to the treaty of peace with Italy which would place the free territory of Trieste once more under Italian sovereignty."

The Trieste announcement came less than a month before a crucial Italian Parliamentary election, scheduled for April 18.

The people have been without newspaper announcements of political meetings since the Communist Union of Typographers struck for higher pay Sunday midnight, closing about 150 dailies. Crowds at the meetings have dwindled.

De Gasperi told newsmen, however, "the election has been fixed for April 19 and will not suffer any delay."

Marshall Notes Soviet Refusals For Cooperation

Washington, March 25—(AP)—Secretary of State Marshall served notice today that the United States will look on further Russian refusal to cooperate in the allied control council for Germany as "aimed against the unification of Germany."

He did this with a news conference statement which also:

Threw the full weight of American prestige behind General Lucius D. Clay's fight to keep allied machinery in Germany running and behind Clay's determination to remain in Berlin.

Endorsed completely Clay's "stop Russia" political policy which denies the Russian-sponsored German peoples Congress the right to operate in the American area of Germany.

Claims Navy Perfected 'Weapons Of Tomorrow'

New York, March 25—(AP)—Plane maker Glenn L. Martin says the Navy has perfected Guided Missiles that can search out an enemy ship and destroy it "even if it is halfway across the ocean."

"The United States' present-day warfare developments, Martin says, also include a radio-active cloud that will kill anything it touches, new bacteria weapons and an A-bomb far more devastating than those dropped on Japan."

The Navy's Guided Missile is equipped with a homing device which steers it to its target. Martin, head of the plane manufacturing company that bears his name, said at a press conference yesterday.

"We can sink the ship even if it is halfway across the ocean. All we have to do is get our own ships out of the way."

The radio-active, or atomic, cloud is spread by wind, he declared. There's a danger of it backing up on its user if turned loose under weather conditions are not suitable.

"It is effective over a much larger area than is the atom bomb," Martin said, "and might make the area it touches radioactive for an indefinite time."

Martin also mentioned new Bacteria weapons, some of them capable of lying dormant for a time and then "making the victim ill, with an illness from which he does not recover."

If another war comes, the new weapons make it likely that its ultimate course would be determined within 85 days, he said.

Unique 'Strike' By Gas Workers

Rome, March 25—(AP)—Gas workers in six Italian cities began an unusual "strike" today to enforce demands for better working conditions.

They increased the heat units in gas supplies to consumers, thus giving, in effect, a reduction in the price of service.

The "strike" started in Rome, Naples, Florence, Milan, Genoa and Bologna.

PRINTERS STRIKE ENDS

Rome, March 25—(AP)—The national printers' strike ended today. It had deprived Italians of newspapers since Sunday.

Pro-Italian Joy In Trieste

Pro-Italians climb the base of a statue in Trieste Sunday night in a joyful celebration over news that the United States, Great Britain and France have joined in a declaration that the city should be returned to Italy. The topmost celebrant waves a flag. (AP Wirephoto via radio from Rome.)

Rent Control Law Is Submitted Congress

Compromise Measure Results From Joint House-Senate Conference; Would Continue Controls For One More Year

Washington, March 25—(AP)—A rent control bill which would give an emergency court the last word on rent boosts whenever state and federal officials disagree went before Congress for final approval today.

The measure, written by a Senate-House conference committee after the two chambers had passed differing bills, would continue rent controls for one year.

It would also give the federal government the right to set rent ceilings in cities where the housing expediter makes recommendations by a local board for rent hikes or removal of all controls in any area.

As finally drafted after the conference session, the bill would require the court to uphold a local board whose findings were based on "adequate and substantial evidence."

It could uphold the expediter only if the local board's evidence was "not of sufficient weight."

The emergency court would be made up of three or more members of the federal bench, to be named by the Chief Justice of the United States.

General Is Not 'Nervous' About Military Outlook

Frankfurt, Germany, March 25—(AP)—Gen. Lucius D. Clay said today he is "not the least bit nervous" about the military situation in Germany.

"I am not expecting any aggression to break out tomorrow or the next day by any means," the U.S. military governor told a news conference.

Clay said he has no fear that the Russians will close the borders of eastern Germany or the supply highway from the British and American zones to Berlin.

A German newsman said the German people are afraid they will be overrun by Russian troops. Clay replied:

"People everywhere are afraid of war. Nobody as an individual wants war. Let us hope from that fact alone there will be no war."

Discover Body Murder Victim Foot Of Cliff

Chattanooga, Tenn., March 25—(AP)—The body of a man apparently shot and then thrown over a 150-foot cliff, was found last night near a lonely road in nearby Georgia.

The body was discovered by Cliff Broadwater of the Lookout Mountain police after he had been informed by a motorist of a large pool of blood on the Lula Lake road.

C. D. Simmonds of Dalton, Ga., of the Georgia Bureau of Investigation, and Walker County (Ga.) coroner L. W. Cagle said a telegram found in the man's pocket was addressed to Hugh Blanton at Forest City, N. C. Simmonds added, however, that no definite identification of the body had been made.

Cagle said evidence indicated the man had been shot with a shotgun and a trail of blood from the highway to the cliff indicated he had been dragged to the edge and thrown over.

Banker Member Home Loan Board

Winston-Salem, March 25—(AP)—Directors of the Federal Home Loan Bank of Winston-Salem yesterday granted a leave of absence to President O. K. LaRoue to serve as a member of the Home Loan Bank Board in Washington.

LaRoue has been president of the district bank here since 1934. It's one of 11 banks in the Federal Home Loan system.

Slayings Only 300 Yards Apart In Lee County

Sanford, N. C., March 25—(AP)—Sheriff A. Glenn Buchanan of Lee County today was confronted with a second Negro slaying in Sanford, at spots only 300 yards apart.

Caleb Baxter McMillan, 60, shot his wife to death yesterday while six of their 14 children looked on in horror at their farm home, Buchanan said. One charge from a double barreled shotgun struck Mrs. McMillan. She lay in bed, and the other landed in the ceiling. Two sons, Quincy McMillan, a visitor from Gastonia, and Caleb McMillan, Jr., tried to wrench the gun from their father, the sheriff said. The father is still at liberty.

The sheriff said the McMillan home is 300 yards from where he believes Otis McMillan, 51, was shot to death a week ago Monday.

Defense Chiefs Ask Draft Of Men 19-25 Years Of Age

Pro-MacArthur Supporters Step Up Their Drive

'Fumble' In Attempt To Line Up Western States; 'Geography' Cabinet

By the ASSOCIATED PRESS

MacArthur-for-President supporters stepped up their western campaign today but ran into a fumble and a fight.

National headquarters in Washington first announced that the general, if elected, will allot at least four cabinet posts to the west.

Later this was revised to say that such a geographical allocation had only been "recommended." The new version did not say by whom.

Ervin Hohensee, executive secretary of the MacArthur-for-President group, said the distribution would be: Labor to Ohio, Interior to California, Commerce to the northwest, Agriculture to the southwest and the Attorney Generalship to New York.

"Other announcements will follow shortly," the statement said. Hohensee declined to tell a reporter whether MacArthur had authorized the statement.

In California, meanwhile, two groups of the Allied commander's supporters split over plans to enter his name in the state Republican primary June 1.

One group, the "Draft MacArthur for President Club" began to circulate petitions today to get the required signatures. Chairman Allen H. Worcester said 53 party leaders, including former Gov. Frank P. Merriam, had agreed to run as MacArthur delegates to the GOP national convention in Philadelphia.

But Joseph Choate, chairman of the "MacArthur for President Club of California," said his group "repudiates any step designed to place General MacArthur in competition with any 'favorite son' in a primary."

The California Republican party organization is supporting Gov. Earl Warren, also an avowed candidate.

Candidates for places as Democratic national convention delegates from California converged on Sacramento today for an urgent meeting called by State Chairman James Roosevelt.

"Because of the serious political situation, I will appreciate your giving every effort to attend this urgent meeting," Roosevelt telegraphed the 62 candidates.

To Seek Truce

Washington, March 25—(AP)—President Truman said today he has instructed United Nations representative Warren Austin to call Arabs and Jews into a truce conference to halt bloodshed in Palestine.

The President told a news conference the United States reversed its original stand for partition of Palestine because partition could not be enforced without American troops.

Austin, American delegate to the U.N., announced the reversal last Friday. He proposed a temporary United Nations trusteeship over Palestine.

Mr. Truman said the United States proposed the trusteeship to provide a government "to keep the peace."

Britain Rejects USSR Complaint

London, March 25—(AP)—Britain rejected today Russia's protest against the United States-British-French negotiations for rebuilding western Germany's economy.

A firm note to the Soviet government said Great Britain wished "entirely to repudiate the accusations" made by Russia that the negotiations violated the Potsdam agreement.

The note blamed Russia for the breakdown of four-power cooperation for restoring Germany's economic unity.

"In the opinion of His Majesty's government," it said, "responsibility for the frustration of their consistent attempts to promote to the greatest possible extent practical cooperation in Germany, directed to the economic recovery and unity of that country, x x x rests clearly upon the Soviet government."

The refusal of the Soviet government to allow this, conditions to exist in Germany which are essential for the well-being of Europe, has been amply demonstrated by their actions in the control council and the council of foreign ministers and in all aspects of the political and economic discrimination in the Soviet-occupied zone."

Protest Over Talks On Rebuilding Western Germany Rebuffed

London, March 25—(AP)—Britain rejected today Russia's protest against the United States-British-French negotiations for rebuilding western Germany's economy.

A firm note to the Soviet government said Great Britain wished "entirely to repudiate the accusations" made by Russia that the negotiations violated the Potsdam agreement.

The note blamed Russia for the breakdown of four-power cooperation for restoring Germany's economic unity.

Solon Arrested After Shooting

Purcell, Okla., March 25—(AP)—State Rep. Purman Wilson, of Purcell, was arrested today after Jake Miller of Blanchard was shot and killed in Wilson's law office, county attorney Ray G. Wilson announced.

The county attorney said Wilson, Chairman of the House Committee on revenue and taxation in the 21st session of the Oklahoma Legislature, was representing Mrs. Miller in a divorce action.

Welcomes German Parents To U.S.

Fayetteville, N.C., March 25—(AP)—An American soldier and his German parents who hadn't seen each other for a quarter century were reunited last night.

Master Sergeant G. Pagels welcomed his aged father and mother, Mr. and Mrs. Karl Pagels, to his home on the Fort Bragg reservation.

Sgt. Pagels, who came to America in 1923 at the age of 15, had planned to meet his parents at a New York dock Monday, but his young son developed measles and he was unable to go. So the Red Cross sent them to Fayetteville.

Anniversary For UN

Not A Day For Great Rejoicing, But Determination Of UN Delegates To Find Degree Of Success Is Encouraging; House Divided; Charter Revisions Talk

By DeWITT McKENZIE

This is the second anniversary of the first meeting of the United Nations Security Council in America, as you were reminded in this column yesterday by my colleague, Francis W. Carpenter, member of the (A) staff at the headquarters of the peace organization.

It is a day of unalloyed rejoicing and optimism, to speak euphemistically, for things have gone badly during these two years. Still, Carpenter tells us that while the U. N. is passing through perhaps its blackest days, no responsible leader or delegate shows any signs of throwing up his hands and quitting.

That is as should be, for disaster lurks around the corner and we shall have war the day that workers for peace give up in despair. Yet because the affairs of the U. N. are so much at sixes and sevens, many observers are wondering whether the time hasn't arrived to put some fresh line of endeavor into operation to bolster the organization or, let us say, complement it.

The old League of Nations failed in the main because it didn't do

its duty. Some members continued to play power politics, and there were others like Japan and Italy which had aggression in their hearts and deliberately made war for conquest. Japan's invasion of Manchuria in 1931 established the precedent which inspired Mussolini and Hitler to follow suit, but the League temporized with the Japanese case and finally dismissed the matter by telling the Nipponese they were bad lads.

Our new U. N. also has aggression-minded nations among its membership and has become a house divided against itself. We have the Russian Communist bloc on the one side and the Democratic bloc on the other and the differences have become so great the work of the organization has been largely brought to a standstill by the fact that the majority lies with the Democrats. The stalemate has been achieved by Russia's employment of the veto power in the Security Council which alone can take action to prevent or punish aggression.

Because of this impossible situation (Continued on Page Three)

Social and Personal

All items for this page received after 10:00 A. M. will be published the following day. Dial 3356 9:00 A. M. to Noon — 1:00 to 4:30 P. M.

Major and Mrs. J. C. Braxton and children, Judy and Joseph Ashley, of Columbus, Ohio, J. A. Thigpen, Sr., of Florence, S. C., Mrs. G. O. Andrews and Mr. and Mrs. J. M. McCaskill of Winston, visited Mr. and Mrs. G. Otis Britt at their home on the Stokes highway yesterday.

Miss Louise Fleming of New York City is spending a few days with her mother, Mrs. J. L. Fleming.

Miss Eleanor James, a student at Smith College, Northampton, Mass., is spending the Easter holidays here with her parents, Mr. and Mrs. J. B. James, on East Fifth street. Her parents met her in Winston-Salem, where they spent the week-end with their daughter, Mrs. F. F. Willingham.

Mrs. E. B. Ficklen has returned from Duke hospital where she has been a patient for the past five months.

Jarvis Memorial Church
The sacrament of the Lord's Supper will be observed at Jarvis Memorial Church this evening at 7:30. Ministers and members of the Christian Church and the Presbyterian Church are joining with those of Jarvis Memorial Church for the service, and all others in the community are cordially invited to share in the service.

On Good Friday the church will be open all day for any who may wish to enter for meditation and prayer. At 7:30 p. m. the pastor will bring his closing meditation centering around the theme, "What Does It All Mean?"

Hardee Nobles
Mr. and Mrs. R. B. Nobles announce the marriage of their daughter, Lela, to Mr. Randall Hardee on March 22, 1948 in Greenville, N. C. At home, 1802 Myrtle Avenue.

Special Easter Services at Black Jack
The Rev. and Mrs. B. B. Carlyle of Bladenboro will conduct services at the Black Jack Free Will Holiness Church Saturday night, March 27, at 7:30 o'clock, also Sunday at 11 a. m. The Black Jack trio is expected to be present at the Sunday morning service and render special selections appropriate for Easter. The public is invited to attend.

German Club Party
The German club will entertain at an Easter party on Monday, March 29, from 6 until 8 o'clock at the Country Club.

SOCIAL CALENDAR

FRIDAY
6:30 p. m.—Kiwanis Club.
8:30 p. m.—Rehearsal for the Logan-Herring wedding in Immanuel Baptist Church.
9:30 p. m.—Cake cutting honoring the Logan-Herring wedding party at the home of Mr. and Mrs. R. H. Evans, 400 Library St.

SATURDAY
12:00 M.—The wedding of Miss Hilda Herring and Mr. Ben Harrison Logan, Jr., will take place in Immanuel Baptist Church.
12:30 p. m.—Wedding breakfast for the Logan-Herring wedding party and out of town guests at the Woman's Club.
8:30 p. m.—Mrs. A. T. St. Amand and Mrs. J. T. Gaylord will entertain the Rouse-Latane wedding party with a cake cutting at 405 Harding street.

SUNDAY
4:00 p. m.—The wedding of Miss Virginia Rouse and Mr. James A. Latane, Jr., will be held at St. Paul's Episcopal Church.
5:00 p. m.—Mr. and Mrs. T. W. Rouse will entertain the Rouse-Latane wedding party, relatives and out of town guests at their home 405 Harding street.

Engagement Announced

Mr. and Mrs. Joseph J. Zonies of Penns Grove, N. J., have announced the engagement of their daughter, Virginia Dorothea, to Virginia Fowlkes Kasey, son of Mrs. P. Howerton Kasey of South Boston, Va., and the late Mr. Kasey. The wedding will take place in Penns Grove on April 17.

Continues to Recuperate

Mrs. Galen R. Harris, who has been a patient in the Pitt General hospital, has returned to her home near Greenville where she continues to recuperate from injuries sustained as the result of an accidental fall.

Play Presented Last Night

"He Came Seeling," a one-act play by Mary P. Hamlin, was presented by the Wesley Players, Wednesday night, in the annex of Jarvis Memorial Church. The play is the story of a young man who was cured of blindness by Jesus and the price he had to pay for sight—giving up parents, home, friends and even becoming an outcast from the Synagogue, because he chose to be a disciple of Christ.

The play was produced by students, under the direction of Helen Winslow, a student, of Goldsboro. Other students taking part in the production were: William Durham, of Rocky Mount; Susan Smith, Roland Braswell, Goldsboro; Mildred Oakes, Hookerton; Claude B. West, Jr., Greenville; Otis Peelle, Truman Cherry, Washington, N. C.; and A. E. Manning, Jamesville. In charge of stage, bettels, lights: Earl Sawyer, Jamesville; Ophelia Kirven, Sumter, S. C.; costumes, Susan Brinson, New Bern; Betty Heene, Rockingham; Ophelia Kirven, Make-up, Gordon Davis, Beaufort; and A. E. Manning.

A passage from the Scriptures giving the setting of the play was read by William Torrance, of Warsaw, and at the conclusion of the play prayer was led by A. E. Manning. This service was a part of the Holy Week observance of Jarvis Memorial Methodist Church.

HOLY WEEK SERVICES

St. Peter's Catholic Church
Friday—Mass presanctified at 7 a. m. Adoration of the Cross, 2 to 3 p. m. Watching at the Tomb 8:00 p. m. Confessions after the 8 p. m. service.
Saturday—Mass at 7:30.
Easter Sunday—Masses at 8 a. m. and 10 a. m. The 8 a. m. Mass is a High Mass.

Masonic Notice

There will be a Special Communication of Greenville Lodge No. 294 A. F. & A. M. Friday night at 7:30 for work in the Master Mason Degree and to honor the Past Masters. The Past Masters will confer this degree. Members and visiting Master Masons are cordially invited to be with us.

W. HERMAN HARDEE, Master
A. R. HOUSE, Secretary.

40 Years Ago Today

THE DAILY REFLECTOR

March 25, 1908

Spring chickens are on the way. The sunshine is rapidly taking away the mud.
The weather will tune the plow boys' song again.
The girls are going bareheaded and the boys barefooted.
Measles, mumps and whooping cough are not yet extinct.
The steel bridge, the street paving and the training school will make demand for laborers in Greenville.
Two months from today the state will vote prohibition.

Indignation Over Export Policies

Washington, March 25—(AP)—Indignation mounted in Congress today over testimony that American warplane engines and other supplies have been shipped to Russia at a time of critical world tension.

Spurred by disclosures before his House investigating committee, Chairman Rixley (R-Okla.) told reporters these moves are under way:

1. A demand on the department of Commerce for a complete breakdown of all U. S. materials sent to Russia and her satellite nations.
2. An immediate check into reports that boxes and crates marked for shipment to Russia "are lying all over the New York waterfront."

3. A full-scale inquiry into the operations of Moore-McCormack Steamship Lines of New York, described by a witness yesterday as an American firm handling all shipments for Amtorg, the official purchasing agency in this country.

Rixley said committee investigators are "already on the spot" to go over Moore-McCormack's records. He said they also will check reports that 60 Russian-flag ships have been loaded in New York harbor since January 1.

Committee members gasped when Carl Anderson, assistant chief of the State Department's International Resources Division, testified yesterday that the department "has not yet worked out a policy of distinction between shipments to friendly and unfriendly countries."

Rixley said he had been told by Jess Larson, war assets administrator, that an "order came through" yesterday freezing the sale of all surplus aircraft, aircraft equipment and parts in the United States.

Other war officials said they had no such official notice.

Full Support Of Zionist Backers In U.S. Pledged

New York, March 25—(AP)—The full support of the organized Zionist movement in this country has been pledged to the Embryo Jewish State in Palestine by the American Zionist Emergency Council.

The council, in a statement issued last night, said:

"We are heartily in agreement with the Jewish agency for Palestine and Vaad Leumi in categorically rejecting any plan to set up a trusteeship regime for Palestine, as recently proposed by the United States government."

"We pledge our fullest support to the Jewish state and shall back up its struggle for existence in the cru-

Miss Willie Mae Moye, daughter of Mr. and Mrs. William Henry Moye of Winterville, N. C., whose engagement to Joseph Williams Lupton, son of Mr. and Mrs. Theodore Berkley Lupton of Greenville, N. C., is announced by her parents. The wedding will take place in June.

cial months ahead."

The council represents the seven branches of the Zionist movement in this country affiliated with the World Zionist Congress.

Truman Says He Is Not Perturbed Over Opposition

Washington, March 25—(AP)—President Truman said today he is not disturbed by what a reporter described as the "rising revolt" against his nomination this year.

Mr. Truman told a news conference he was correctly reported by Senator Hatch (D-NH) who said a few days ago the President was in the fight to a finish.

Moreover, Mr. Truman predicted

that the Democrats will win in November. He said that was a prophesy. As to those who have walked out (of the administration camp), he suggested to reporters that they wait and see whether they will walk back.

There are about 3,000 species of Mosquitoes.

Liquor Issue Is In Forefront Of State Politics

Raleigh, N.C., March 25—(AP)—The liquor issue has come to the fore in the Democratic gubernatorial nomination race.

Always a controversial topic in North Carolina's big political fights, liquor has been mentioned in inaugural addresses of the last few governors.

Charles M. Johnson, state treasurer who is retaining that post while running for the nomination, has announced that he would recommend a referendum if he is chosen to carry the Democratic banner.

His statement started wide talk on Capitol Hill and throughout the state. Reaction of his wet supporters was awaited.

Meanwhile, Candidate W. Kerr Scott has given no indication as to his stand on the issue. He, as Johnson, has been asked by the Allied Church League how he stands on the topic. Scott said he has been so busy with speaking engagements that he hasn't had time to confer with officials of the league. He returns here tomorrow and may make a statement before the weekend.

Another candidate, R. Mayne Albright, said he does not plan to urge a referendum but will not oppose it if "it is the will of the majority of the people or their representatives."

Oscar Barker of Durham, also in the gubernatorial race, is a personal dry.

Johnson's announcement was appended to his observation of the so-called "gag rule" which has been in effect in the North Carolina House for some years. The rule requires a two-thirds vote of the House to recall a bill from committee or to adopt a minority report of a committee. Dry forces have argued that it was adopted to prevent a state-wide referendum on liquor.

"I am opposed to any rule, by whatever name called, which would preclude the free expression of the people's will," Johnson said. "If elected governor I, as such and as the titular head of the Democratic party, shall recommend against the adoption of any rule which might or could bring about a contrary result."

Kills Self After Hotel Gun Fight

Boston, March 25—(AP)—A man described by police as a deranged army air force veteran barricaded himself in a hotel room early today and in an hour-long, shot punctured siege held off 50 patrolmen before taking his own life.

Police surrounded the Beacon Hill hotel after the man called police headquarters and said:

"My name is John Silva. I'm wanted for murder in San Francisco. Come and get me. I've got enough ammunition to last a week. Nobody's going to take me alive."

Shortly after he died at city hospital he was identified by his father as Harold Benedict, 26, of Somerville. He served four years in China and India during World War II.

Police said he had no police record either here or in California. He had been under treatment at Bedford veterans hospital recently for a mental upset.

During the battle Benedict fired four ineffective shots at patrolmen surrounding the hotel. Five bullets, fired by police, were found imbedded in the walls of his room.

Police said Benedict took his own life after they had been unsuccessful in persuading him to surrender. They flooded his quarters with tear gas during the long siege.

California's nut and fruit acreage in 1944 was 1,588,990 acres which produced \$620,000,000 worth of food.

The tips of a propeller at top speed often surpass the speed of sound.

What Price . . .

(Continued from Page One) a relative thing to be changed to fit changing circumstances?

In this country we have a constitution protecting the rights of

Walks Out

Marshal Vassily D. Sokolovsky (above, Soviet military governor of Berlin, abruptly walked out of a meeting of the council in Berlin Saturday. Sokolovsky and other Russians left the meeting after charging the western powers had proved by their actions "that the control council no longer exists as an organ of government." (AP Wirephoto).

every individual. It says no man shall be deprived of his life without a fair trial.

But suppose someone says at this point:

"Nothing is absolute, neither standards, nor the constitution nor any of its guarantees. The constitution has been set up for the benefit of all the people. But one man's life is not so important as the lives of 1,000,000. I believe in the greatest good for the greatest number."

Is that so? At what price the greatest good for the greatest number? Does that mean a majority of people, living in a society which has guaranteed the same rights to all people, have a right at some time to take away a minority's rights, crush the minority or even kill it?

If standards or constitutional guarantees can be shifted or broken then how can anyone feel safe at any time? Is that a peaceful society or chaos, with no man ever really safe?

Anniversary For . . .

(Continued from Page One) tion there is increasing demand from many quarters for a revision of the U. N. charter or, short of that, for the creation of a new organization comprising the entire Democratic bloc. This bloc would, of course, include the newly formed Western European Union.

Revision of the charter is called for in a resolution introduced by sixteen members of the U. S. House of Representatives—eight Democrats and eight Republicans. This resolution proposes to eliminate the use of the veto on issues of aggression, armament for aggression and admission to membership in the U. N. Russia would be invited to participate in the revised organization.

There are those who are afraid of such a step on the grounds that it would widen the breach between the two worlds. Well, that need no longer be a cause for hesitation, because the division already is complete. We have a Communist world and a Democratic world, and nothing is going to alter that. What we can do, however, is to strengthen the Democratic bloc so that it will be able to withstand Communist aggression—for that's where the aggression lies.

Everything else having been tried, this is the moment for a consolidation of the Democracies. That would strengthen the hand of peace.

Strength FOR THE DAY

TEXTBOOK FOR HUMANITY
Modern publishers of the Bible have long made it a practice to bind the New Testament and the Psalms together. This is as it should be; they belong together.

Christian and Jew alike love the psalms. In these one hundred and fifty beautiful songs is distilled the experience of the race. Nothing in all literature goes as deep into the soul as do these marvelous studies of life, which probe to the very bottom of motives and moral purpose. In them we see God portrayed in every posture. In them we see man—mean, malicious, repentant, aspiring, Godlike. What the psalmist goes through, what I have gone through. The Book of Psalms tells us the things about ourselves we have always known and tried not to face. It also gives us a picture of ourselves as we have secretly hoped we might be. In it God speaks to man, and man holds converse with God.

The New Testament contains 263 quotations from the Old Testament. Of these, 116 are from the psalms. In the early Church, a man could not be admitted to the highest order of the clergy unless he knew the entire Book of Psalms by heart. With the exception of the Gospel of John, no other book of the Bible has laid so compelling a hand on the heart of man as has the Book of Psalms.

GROWTH OF DAIRY INDUSTRY

A small news item yesterday gave the encouraging report that North Carolina dairymen produced 19 and one-half percent more grade A milk last year than in 1946. Imports of milk from other states were reported as showing a decline of from 65,063,749 to 63,880,651 pounds.

The Bureau of the Census says that the number of milk cows in our state increased by over 33 thousand from 1939 to 1944, or an increase of 11 percent. Milk production in that same period jumped from 143 million gallons to 161 million, or 12.6 percent. Which would seem to indicate that production per cow increased as well as the number of milk cows.

Taken as a whole, North Carolina is growing more dairy-conscious, and in this we find encouragement. For if the rest of the state follows this trend, farming in our own section may well be expected to be affected.

There's a lot of room for improvement in this field of farm production in the eastern part of the state. For example, most of the milk consumed in Greenville is imported from Maryland; many other communities are similarly driven to out-of-state markets to fill their dairy needs because production at home is far below their requirements.

The use of money that is spent bringing milk into our state is not kept among our own people—the millions of dollars poured out for this need is a constant drain on the businesses and people of North Carolina. It is senseless, when development of the industry would provide so many blessings to ourselves.

There are big profits in dairy herds, as many farmers in other states have learned. The family cow is also important to the small farm-

Is That All?

I DON'T WANT WAR!

ALL I WANT IS EUROPE- AND ASIA- AND ARABIAN OIL- AND SOUTH AMERICA- AND CENTRAL AMERICA- AND AFRICA- AND

REG. MANNING

er as the family vegetable garden in the proper feeding of the family.

We think our people are progressing in the right direction in the slow growth of the North Carolina dairy industry, but that growth would be considerably spurred by more active interest in the potential and actual profits to be derived therefrom.

WASHINGTON LETTER

Statistical Knowledge Is U. S. Export To Other Americas

Washington—There is a Spanish saying that a country without statistics is blind.

Throughout the western hemisphere the importance of statistics in the national life of a people is now generally recognized. The United States has been compiling statistics for 157 years. Its official census records cover nearly 9,000,000 pages and occupy more than a mile of shelves.

Published data of the 1940 census of population and housing alone comprise more than 40,000 printed pages and include facts relating to more than 131,000,000 persons.

In Latin America, officials say, the census tradition has developed slowly. Thomas F. Corcoran of the Office of the Coordinator of International Statistics, Bureau of the Census, says that at least three nations are still without reliable population data.

"In many others even statistics for such important measures as birth and death rates," he says "are little more than informed approximations."

"One nation has never held a national census of population, and only a few of the American republics have complete data relating to their agriculture and industry."

Statistical agencies of the United States began six years ago to assist other American republics in

organizing and standardizing their statistical services.

In June 1943 the idea for a hemisphere census was proposed by Dr. Alberto Arco Parro, then national director of statistics in Peru, and chairman of the Inter-American Statistical Institute Committee on Demographic Statistics.

This has resulted in a coordinated program for a population census of the Americas to be taken in 1950. A committee composed of representatives of the 21 American nations and Canada held its first meeting here last year.

It was decided then that, insofar as practicable, minimum standards and uniform procedures should be used. This is so that statistics compiled by the individual countries would be comparable.

Mr. Corcoran, who is chief of consultation and training at the Bureau of the Census, says the principal need is for competent technical and professional personnel to conduct the census investigations.

A national census requires large groups of technicians with special skills—geographers, map makers, statisticians, economists and agronomists, for example.

To help meet the need for trained personnel, the training program offered by the U. S. Bureau of the Census under the auspices of the International Committee on Scientific and Cultural Cooperation, has been coordinated with the 1950 Census of the Americas.

Trainees spend a year in the United States studying methods used in the collection and compilation of censuses and census-type statistics.

As far as possible, the training is "tailored" to the individual, with the object of equipping the trainee to direct statistical and census programs back home.

At present, Mr. Corcoran says 27 statistical trainees from 15 of the other American republics are receiving instruction.

Mr. Corcoran says approval of and support to the training program has been given by the United Nations, Inter-American Defense Board, Pan American Union and other international organizations.

And the Economic and Social Council says the 1950 Census is an example of a project that might profitably be undertaken by other areas of the world.

Cubans call tourists their "second sugar crop."

NOTICE OF RESALE OF REAL ESTATE

Whereas, under and by virtue of the power and authority contained in that certain deed of trust of George Mitchell to John F. Burton, Trustee, dated November 1st, 1946, and of record in Book P-24, page 122 of Pitt County Registry, the undersigned Trustee did on Friday, March 5th, 1948, at about 12:00 noon, at the courthouse door in Greenville, Pitt County, N. C., offer for sale the

hereinafter described property to the highest bidder for cash, when and where the said property was bid in at the price of \$7500.00, and a report of said sale was duly made in the office of the Clerk of Superior Court of Pitt County, as appears in Record of Sales by Trustees, Book 8, page 157, as by law provided;

And whereas, the bid has been duly raised and the Clerk of Superior Court has ordered the said Trustee to make a resale of said property as by law provided, now therefore, the undersigned Trustee will again offer for sale to the highest bidder for cash, on Friday, April 2nd, 1948, at about 12:00 noon at the courthouse door in Greenville, Pitt County, N. C., the following described tracts or parcels of land:

First Tract: Bounded on the southwest by Louis Tilghman, on the northwest by the Allen Johnson lands, on the north and east by the Powell and Fleming lands, on the east by the lands of Elias Cox and known as the home place of the said J. W. Wooten and Virginia Wooten, and being the lands conveyed by Shade Wooten to J. W. Wooten, containing one hundred forty acres more or less; being the same lands described in Book G-3, pages 145, 146, and 147, Register of Deeds of Pitt County, N. C., and more particularly described as follows: "A certain tract or parcel of land in the County of Pitt and State of North Carolina, on the north side of Neuse River, and bounded as follows: Beginning at a stake by the fence running N 31 1-8 E 156 4-5 poles to a stake, then N 55 5-8 W 124 poles to a stake, then S 82 1-2 W 146 3-5 poles to a stake, then S 49 3-4 E 180 poles to the beginning, containing 140 acres more or less."

Second Tract: Beginning at a poplar in White's Branch, a corner of Allen Johnson's land in Elias Hazelton's line, thence with Allen Johnson's line N 67 degrees 18' E 495 feet to a stake, a corner of said Allen Johnson's land, thence with said Allen Johnson's line S 58 degrees 10' E 756 feet to stone corner between Allen Johnson's and J. M. Wooten, thence with said J. M. Wooten's line S 48 degrees E 706 feet to a corner in Elias Hazelton's line on the edge of said White's Branch, thence with White's Branch and Elias Hazelton's line N 67 degrees 30' W 1756 feet to the beginning. Being the same tracts of land described in deed from Helen L. Wooten et als to W. C. Harris, as recorded in Book S-20, page 295, Pitt County Registry, and by W. C. Harris and wife, to George W. Knott and wife by deed recorded in Book X-21, page 270, Pitt County Registry. Also by George W. Knott and wife, to Ely J. Perry by deed recorded in Book G-24, page 101, Pitt County Registry.

The bid on the above property will start at \$7925.00.

This 16th day of March, 1948.

JOHN F. BURTON, Trustee.
March 16-17w-6wks.

Easter Season Services Curtailed By Rifle Fire

Jerusalem, March 25 — (AP) — Christians knelt in prayer this holy Thursday in Jerusalem, while around them rifles barked in the bitter strife between Arabs and Jews.

Holy Week worshippers prayed in commemoration of Christ's Last Supper, his betrayal and arrest. While they knelt here gunfire clattered from an Arab village on a hillside where, the Bible says, Judas Iscariot hanged himself.

The danger of death cut to a mere handful the number of Christians of Roman Catholic and Protestant faith who usually participate in daytime services.

At the spot on Mount Zion where Christ is believed by Christians to have had his last supper, pontifical mass was scheduled by Archbishop Msgr. Arthur Hughes, internuncio of the Catholic Church of Cairo. After mass the churchmen planned to walk to the Garden of Gethsemane for prayers at the spot where Christ is believed to have been betrayed by Judas and arrested by Roman soldiers.

Traditional night services in Gethsemane have been cancelled. After dark in Jerusalem has become a dangerous time to roam abroad.

Arab guards, however, have promised immunity to worshippers and will mount a sentry atop the old city wall. It is through a gate in

this wall, the Bible says, that Christ walked on his triumphal reentry into Jerusalem more than nineteen hundred years ago.

It is a day of celebration for the Jews, too. This Thursday is Purim, commemorating the legendary victory of Mordecai and Queen Esther over Haman, the Persian premier of the time of Jewish residence there.

Rehearsals Started For Kiwanis Minstrel

Past President Eli Bloom will have charge of the program at the Kiwanis Club's weekly supper meeting tomorrow night. The program will feature the club's underprivileged child committee's activities. President Nathan C. Brooks will preside.

Bloom, director of the annual Kiwanis minstrel show, started rehearsals last Monday night. The minstrel will be presented two nights during May. All of the proceeds are allotted to underprivileged child work. J. D. Hice is president of this committee.

The three most popular vegetables grown by amateur gardeners are, in order, tomatoes, string or wax beans and onions.

EASTER BONNET—ICING ON IT—Betty Franzen displays cakes, fashioned to resemble Easter bunnies, which are sold in a Seaside Harbor, Mass., bake shop. Some are going to husbands who promised wives new hats for Easter. Shop also anticipates business from persons who want to eat their hats. Striped bunnet at lower right is frosting-coated loaf of bread.

Cherry To Study Phillips' Case

Raleigh, March 25 — (AP) — The case of a Harnett county farmer twice convicted of slaying his wife was scheduled to go to Governor Cherry today for study.

Records of the case of Charlie Phillips, 32, have been under study several days by Paroles Commissioner Hathaway Cross. Unless the governor intervenes, Phillips is scheduled to die in the state's gas chamber April 2. He is on death row at Central prison.

Check your chimney and make sure the winter's accumulation of soot on chimney walls is removed to prevent fires.

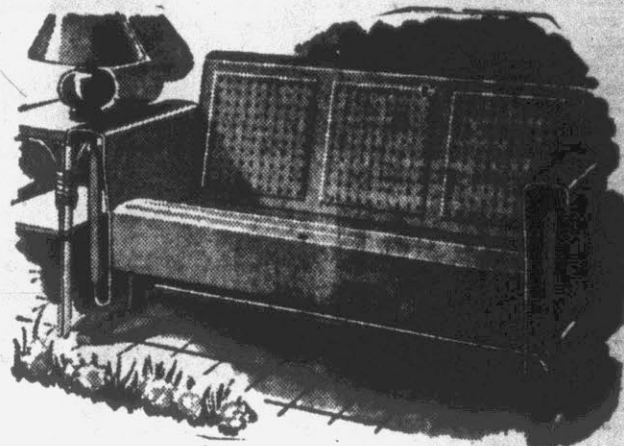

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

No Evidence Of Manchurian Princess Executed As Spy

Tokyo, March 25 — (AP) — The top scientist studying Hiroshima said today the atomic bomb has not damaged that Japanese city since the split second in which it burst. Dr. Philip S. Owen said the long study by the Atomic Bomb Casualty Survey Commission "disclosed no residual radioactivity." He termed "false speculation" that the area would be deadly for possibly 80 years.

He told the Associated Press it "is eight years too soon" to say whether the bomb caused hereditary changes. But he emphasized that, if there are any, they would result from the split second of the blast—not from subsequent atomic action.

He shrugged away previously published reports of luxuriant plant growth, curiously twisted vegetables and twin onions.

"We haven't found any such startling results," he commented. "They could happen anywhere, but in Hiroshima people seize on radioactivity as an explanation. It's probably just potash in the soil, ashes of burned buildings and human bones."

Official casualty figures in the bombing, Aug. 6, 1945, are 78,150 killed. Radiation killed 21.2 percent; the others died from concussion, injuries, infections or perished in burning buildings. Another 19,689 were injured seriously and 44,979 slightly.

Peiping, March 25 — (AP) — A rifle shot ended today the fabulous life of Manchurian Princess Yoshiko Kawashima, convicted as a spy for Japan.

She died without a whimper, prison officials said—and in comparative privacy, as she had wished.

Asked if she had any last wish, she said she would like to write a letter. She wrote it standing, in Japanese. It was to her Japanese foster father, Ninawa Kawashima.

Then the prosecutor announced that her last appeal had been rejected and she would be executed.

The order to kneel followed. Then the executioner fired a single shot into the back of her head.

In the cell she had shared with a Chinese woman opium smoker she left her unfinished autobiography.

Born in Tokyo to Manchurian Prince Su and a Mongolian princess, she was adopted by Kawashima when she was 3. She had never married.

"Men only make trouble for women," she said a few days ago.

She was only 33, but few traces of beauty remained.

She was convicted by a Chinese court last October of wartime espionage.

Earlier this month, she begged for a private execution rather than the public ceremony scheduled at Peiping's Bridge of Heaven.

That would be embarrassing, she contended, for "only real traitors and other criminals are usually shot there."

Communist-Led Trieste Strike

Trieste, March 25 — (AP) — A Communist-led strike started today in the San Marco shipyard.

Between 800 and 1,000 members of the "Labor Union United Syndicate" quit to protest firing of one member. The worker had been fined a day's pay for allowing an unauthorized person into the shipyard to speak to the workers.

The rest of the international port city is quiet, though tense.

Board Of Health Meeting Called

Raleigh, N.C., March 25 — (AP) — The State Board of Health has been called into session here next Wednesday to choose a state health officer to succeed Dr. Carl V. Reynolds.

Dr. Hubert Haywood of Raleigh, chairman of a committee chosen to recommend an appointee, called the meeting. He said a nominee had been selected but the name would not be disclosed until submitted to the board.

Good News For Folks Who Suffer From

- ✓ STOMACH GAS
- ✓ SOUR FOOD TASTE
- ✓ ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous distress. Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients. Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—go with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

VALVE-IN-HEAD is far ahead!

in performance and economy... in ruggedness and reliability!

Here's why "Valve-in-Head Is Far Ahead" in all-round efficiency

- 1 In the world's champion Chevrolet engine, the valves are located in the head of the cylinder, directly over the pistons... hence the name, Valve-in-Head.
- 2 Valve-in-Head design provides faster intake of fuel mixture... and quicker and more complete exhaust of burned gases... all of which contributes to better performance and economy.
- 3 Valve-in-Head design also permits a more compact combustion chamber... and this, together with Chevrolet's "Blue Flame" combustion, means more driving power for the pistons—less

heat loss—and maximum economy.

4 Valve-in-Head engines are inherently easier to cool; and Chevrolet's individual coating of cylinders prevents waste of power—promotes efficient operation—prolongs engine life.

Moreover, with all of the valve mechanism on top of the engine—and therefore readily accessible—service, though seldom needed, is extraordinarily easy and economical.

CHEVROLET Automotive experts and millions of motorists agree: Valve-in-Head is far ahead because it gives an outstanding combination of performance, endurance, dependability and economy... Chevrolet—master builder of this master motor—has proved this by producing more than 20 million Valve-in-Head engines during the past thirty-seven years—engines which hold the distinction of having delivered more billions of miles of satisfaction, to more owners, over a longer period, than any other power-plant built today! Chevrolet's World's Champion Valve-in-Head engine is another powerful reason why **CHEVROLET AND ONLY CHEVROLET IS FIRST**... another convincing proof that only Chevrolet gives **BIG-CAR QUALITY AT LOWEST COST!**

In addition to its World's Champion Valve-in-Head Engine, Chevrolet offers you these other major advantages of Big-Car Quality at Lowest Cost:

- BIG-CAR STYLING AND BEAUTY OF BODY BY FISHER
- BIG-CAR COMFORT OF THE UNITIZED KNEE-ACTION RIDE
- BIG-CAR SAFETY OF FISHBONE CONSTRUCTION AND POSITIVE-ACTION HYDRAULIC BRAKES

CHEVROLET and ONLY CHEVROLET IS FIRST!

Milder Weather Bringing Relief

Chicago, March 25—(AP)—Fair weather and mild temperatures prevailed over most of the central and eastern sections of the country today, further easing flood fears in the principal river valleys.

Rain and snow fell in scattered areas of the mountain and plains states. The precipitation belt appeared headed toward the north central region.

Heaviest snowfall was four inches in Great Falls, while lesser amounts fell in western Utah and over Nevada. The soaking rains which hit drought-stricken areas of California yesterday ended but there were falls in the plains states and in northern Minnesota.

The precipitation in California brought a measure of relief to ranchers and helped late crops, but much more rain is needed to ease the critical irrigation and water problems in the rich agricultural central valley.

Temperatures over the southern, eastern and central states remained above normal. Yesterday's readings were in the 80's in the Gulf region and in the 70's in some parts of the west central states.

Burglar's Family Is Family With Honor

Seattle, March 25—(AP)—Nick Wilson, proprietor of a surplus store, came to work yesterday to find a stack of clothing and radio equipment which were stolen Monday night, plus \$4.

A note explained the money was for a window smashed by the burglar.

"They made me take it back," the note said.

DANGEROUS ESCORTS

Jerusalem, March 25—(AP)—Jewish girls in Palestine are finding it dangerous these days to have American or British boy friends.

Jewish extremists are pouncing on such girls and shaving their heads.

Tired Kidneys Often Bring Sleepless Nights

When disorders of kidney function permit poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, fretting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a brilliant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

"I Save up to 12¢ a pound* and Serve Coffee that Tastes Better!"

Illinois Town Leveled By Terrific Tornado

This is what is left of the main street in Fosterburg, Illinois, in the wake of a tornado that swept through Friday. The unidentified man and woman in the foreground are searching through the ruins of their home. The street was lined with houses before the storm struck. Now, leveled ruins stretch away into the distance. The tornado striking this village of 350 population was one in a series that hit from Texas to Ohio. Many were killed and injured in the storm belt and damage ran into the thousands of dollars. (AP Wirephoto).

Cooley, Deane Explain Votes In Tax Cut Measure

Washington, March 25—(AP)—Two North Carolina Representatives yesterday listed the big federal debt and the big demands on the federal treasury as their reasons for voting against a tax cut.

Reps. Cooley and Deane were among the 64 Democrats who voted against the House-approved tax cutting measure.

Cooley explained his vote by saying, "In view of unusual demands and undetermined demands on the federal treasury as contemplated in the Marshall Plan and in the defense program, I cannot favor a tax cut."

Deane told reporters that "drafting dollars may become as important as drafting men in the serious world situation."

WRONG ADDRESS

Rev. P. H. Mumford wishes to remind the general public that the cutting affair which was reported as taking place at 228 Albemarle Avenue Sunday night, March 21, York Memorial Methodist Church parsonage was erroneously reported. It should have read, "the residence of Mrs. Joana Williams, 226 Albemarle Avenue." I take pleasure in giving the general public a correction of this publication.

Greenville Man Named President Reserve Officers

By CHESTER WALSH

The Pitt-Lenoir Chapter of the Reserve Officers' Association of the United States, at the monthly supper meeting at Caswell Hotel in Kingston last night, Major L. D. Sullivan, AGO, of Greenville, was elected president. E. Booth Marston, Jr., AAF, of Kingston, vice-president, and Capt. William E. Little of Grimsland, secretary - treasurer. Col. T. K. Fountain of Falkland was designated to induct the new officers at the April meeting, which will be held at Respass' place in Greenville in April. Col. Meriwether Lewis, Sr., of Kingston, retiring president, presided.

Attendance was larger than at any meeting of the past year. President Lewis said the seriousness of the international situation has heightened the interest of reserve components of the armed forces everywhere. From information available and recently issued from higher channels, Lewis advised the reserve officers present that larger quantities and variety of active duty training appears to be the outlook for the immediate future.

Apparently Slow In Getting News

Fredericksburg, Va., March 25—(AP)—National Park Service officials here have received a letter from an Australian who apparently is unaware the South rejoined the Union.

His letter seeking information on Southern generals, was addressed to: "The Superintendent, Fredericksburg & Spotsylvania County National Military Park, Fredericksburg, Va., C.S.A. (Confederate States of America)."

Gibraltar has belonged to the British since 1704.

Found \$100 Bill In His Automobile

San Diego, Calif., March 25—(AP)—H. J. Janke found a \$100 bill in his automobile yesterday. It had been there for more than two years.

Janke discovered the bill in the license card container. It turned out on inquiry that it had been left there by the son of a man from whom Janke bought the car two years ago. The son, F. C. Grable, said he had just forgotten about it. Janke gave it back.

Simply Will Not Serve 10 Days

Newark, O., March 25—(AP)—When the judge said, "10 days," Harold Offenbaker, 20, of Newark, gasped.

"For goodness sakes, you aren't going to send me to jail are you?"

"Yes, sir," replied Common Pleas Judge Charles B. Holtsberry.

"I'm not going," Offenbaker cried, jumping from his seat and running out of the room where he appeared on a contempt of court citation.

That was yesterday afternoon. Authorities still sought him today.

Belgian Prince Will Visit U.S.

Brussels, March 25—(AP)—Prince Charles, regent of Belgium, will leave Brussels by plane April 3 for a visit to the United States, a palace communique announced today.

He is scheduled to arrive in Washington the following day and will call on President Truman on April 6. He expects to go to Knoxville, Tenn., April 9 to inspect the Tennessee Valley Authority.

Colorado, the seventh largest state in the union, is approximately the same size as New York state.

Local Support For Hospitals

Durham, March 25—(AP)—Rising hospital costs call for greater financial support from local, state and federal governments.

Such was the consensus of speakers before a meeting of Southern hospital administrators at Duke University yesterday.

"Hospitals in the United States are undergoing the most terrific strain in their history to provide service for the public with revenues that are not adequate for the service the public demands," one speaker, James R. Clark, declared.

Clark, director of the Brooklyn hospital, said the average patient has little conception of the cost of modern hospital service. "Very few," he asserted, "realize that their dollars fall far short of maintaining the service whose benefits they enjoy."

James A. Hamilton, professor of hospital administration at the University of Minnesota, also put forth community and government aid as a solution to rising costs.

*"Believe Me . . .
I'll Never Ask A Friend
To Be My Executor!"*

"When Bill named me as executor under his Will, I know he thought he was paying me a compliment. Now that it's all over, it has turned out to be something of an imposition—though I'm sure he didn't realize it would be.

"Because I knew so little about estate settlement, it cost me a lot of time away from my own business just to find out the details that would be perfectly obvious to anyone experienced in this field. I had to be out of town twice when important matters came up—and some losses to the estate resulted.

This institution is authorized under the laws of North Carolina to act as Executor and Trustee. However, we do not practice law. Your attorney should prepare your Will and advise you on all legal aspects of your Estate Plan.

More and more people are using the service of our Trust Department.

PAINT JOB

Do you know the necessity of having a good priming coat for any exterior paint job? You should—because unsuccessful results may come from neglecting to use a specially-made priming coat such as MOORWHITE PRIMER.

This first coat possesses high hiding qualities. It provides a non-absorbent priming coat that prevents oil absorption from the finishing coat on both new and old wood and cement surfaces. Come in to our store and let us tell you more about this fine product and its effectiveness when used with Moore's House Paint.

Dyer Complains Cards' Catching Is Weakest Link

St. Petersburg, Fla., March 25 — (AP)—In searching for a sore spot on the St. Louis Cardinals you don't hear an "ouch" until you get to the catcher's position. The pain there is excruciating to Manager Eddie Dyer.

"I'm downright envious of teams with catchers such as Phil Masi, Bruce Edwards and Walker Cooper," the drawing Texan moans. "I didn't want to let Cooper go, make no mistake about that. But the circumstances were such it just had to be."

It's an odd situation that presents a team with perhaps the deepest strength in pitching in the National League, but hasn't a good, sound basket to catch what the chuckers throw.

As Dyer explains it, Joe Garagiola can't throw, Del Rice is good against left-handed pitching only. And Del Wilber can't hit right handers and drops the ball often.

That sounds a little complicated, but Dyer means that he has no one man he can stick in there any day against any kind of pitching and forget him. He has to juggle around, trying to get the best man in there on a particular day against the type of opposition to be faced.

If it isn't a running team, he can use Garagiola. If it's a left-handed pitcher, he can use Rice. If he feels he can take a chance on having three strikes muffed, he can use Wilber. Catching really in the only sore spot right now. Dyer would like to use Stan Musial in the outfield if Dick Sisler or someone else can make the grade at first base. But if he has to use Musial at first he's still all right, although in that case it would help if he could uncover another high class outfielder.

However, an outfield in which Enos Slaughter, Terry Moore, Ron Northey, Chuck Diering and Erv Dusak can be switched in and out to best advantage isn't too bad. Just too bad for the other team, that's all.

Kramer Leading By Two-To-One

Birmingham, Ala., March 25 — (AP)—Jack Kramer's mixture of lobs and smashes was too much for Bobby Riggs last night and the former amateur tennis champion scored his 37th victory of their current tour.

The score was 6-4, 7-5. Riggs has won 17 matches so far. Denny Pails defeated Pancho Segura, 7-5, 6-1, in a preliminary match. Riggs teamed with Pails for a 1-6, 6-3, 6-4 decision over Kramer and Segura in a doubles match.

In 1945, more than twenty-three and a quarter billion passengers rode the street cars, trackless trolley coaches and gas buses that make up the nation's urban transit lines.

Vermont was first known as New Connecticut.

Bridge Player Gets A Hand Of Thirteen Spades

Asheville, March 25 — (AP)—Shed a tear for Dick Kaplan, the man who drew the perfect bridge but couldn't make it pay off. Kaplan, local contract bridge expert, was illustrating a point in the game to two of his students, Mr. and Mrs. Robert Flaherty, here last night. He shuffled the cards carefully and dealt them in the conventional manner. He looked at his pupils' hands to drive home his point and then picked up his own. "To my amazement," he reported "I found 13 Spades." Odds against such a deal, according to the Encyclopedia of Sports, are 158,758,389,000 to one.

Announce Dates Sites In Olympic Boxing Contests

Chicago, March 25—(AP)—The U.S. Olympic Committee today announced dates and sites for most of the 11 regional Olympic boxing tests. The first, the National Collegiate Athletic Association championships, will be held at the University of Wisconsin April 1, 2 and 3.

The committee said that each of the regional tests will qualify eight men, one in each weight, for the finals which will be held June 28 and 29 at Boston. From that field 16 survivors will be selected to make up Uncle Sam's Olympic standard bearers.

The committee said the regional tests were set up to provide every amateur boxer in the country an opportunity to try out for the team. It added, however, that boxers must qualify through the regionals for the Boston finals.

Some other regionals, dates and sites of the tournaments and the directors in charge, are as follows: Middle Atlantic region, Jerry P. Looney, Washington, D. C., in charge. Includes Pennsylvania, Delaware, Maryland, District of Columbia, Virginia and West Virginia. Date and site not set.

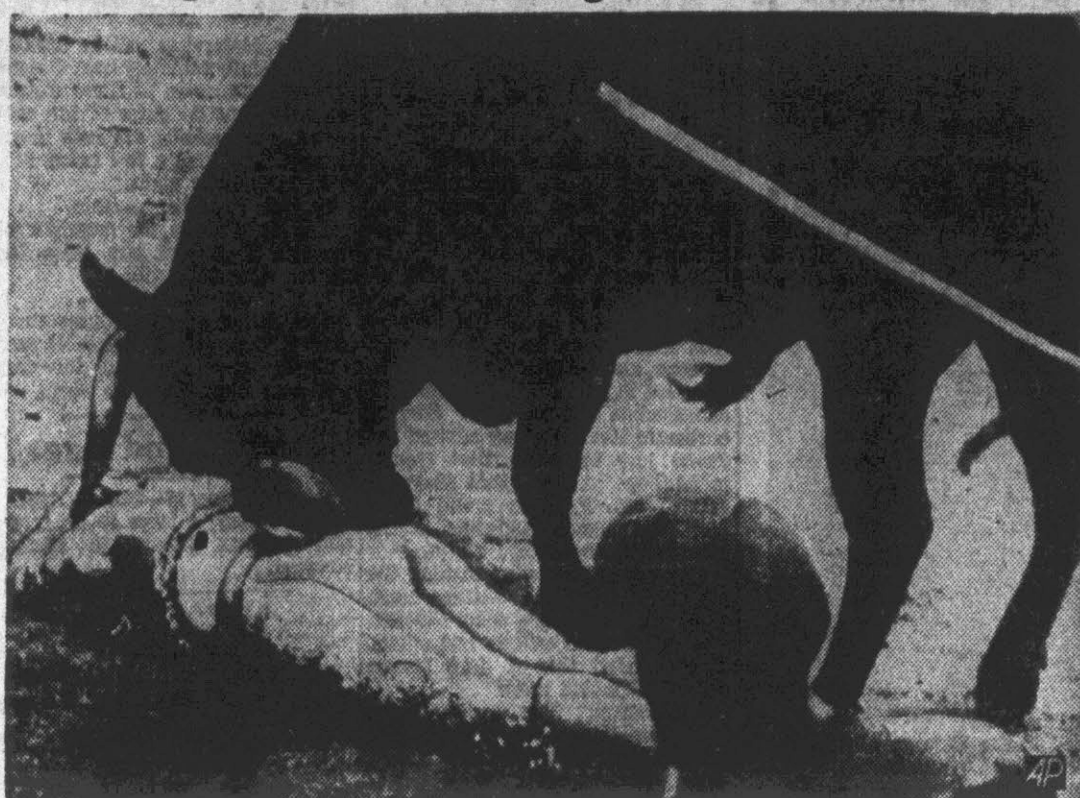

Southern region—date and site not set, directed by F. P. Heard, L.S.U., Baton Rouge, La. Includes North and South Carolina, Tennessee, Georgia, Alabama, Florida and Mississippi.

Southern colored region, where mixed bouts are prohibited by law. Tournament at Jacksonville, Fla., baseball park, June 3-5. Includes North and South Carolina, Tennessee, Georgia, Alabama, Mississippi, Louisiana, Arkansas and Texas.

U.S. Army and Air Forces—will conduct own championships with final bouts on June 11 at Chicago.

U.S. Navy—will conduct own championships with finals set for week of May 2 at San Diego, California.

Goring Horns End A Bullfighter's Debut In Madrid

Agustin (Regaterin) Boto, a bullfighter making his debut in the Plaza at Madrid, Spain, lies face down with the bull trying to sink sharp horns deep into his body. A few moments earlier, the bull had gored Boto in the thigh and tossed him into the air. The stick (right) is held by an attendant trying to drive the bull away. Boto was injured severely. (AP Wirephoto).

Slugging Giants' Rise Is Pegged To Hurling Power

Locke To Play In Charity Game

New York, March 25—(AP)—Bob Locke of South Africa, last year's leading money winning golfer, has accepted an invitation to play in the seventh annual Goodall Round-Robin Tournament at New Rochelle, N.Y., May 8-9, the sponsors announced today.

Locke won last year's event played at Newton Center, Mass. In all, 16 leading professionals will be invited to compete in the event at New Rochelle. The proceeds will go to charity.

East Vs. West In All-Star Game

By BOB MYERS
AP Newfeatures

Phoenix, Ariz.—The New York Giants quit their spring training camp here in even more optimistic spirits than a year ago, and for good reason.

As is well known, the 1947 Giants literally slugged themselves out of the cellar with a record barrage of 221 home runs. They moved into fourth place.

And unless bad luck overtakes them, they figure to finish as well in the 1948 campaign—if not better. How much better, of course, is a prediction conservative Mel Ott declines to make, but he thinks the club has a "chance" to win the pennant.

The overall picture—Tremendous hitting, one of the best infields in the National League (and that includes St. Louis), and half of a battery that takes a back seat to no one.

The other half—the throwing half—might be only fair but could be good. Given something even better and the Ottens will be definite championship contenders.

Top man on the pitching staff is, off his last year's record, tall, well built Larry Jansen, who proved a remarkable surprise in winning 21 games in his freshman year in the big show.

Most of the Giants' official family, including veteran Scout Walter Reuther, who has been helping Ott with the pitchers, see no reason why Jansen, with his control and good head can't duplicate his performance. Give him two or three runs and he is hard to beat.

Interesting, too, will be the efforts of 23-year-old Clint Hartung, the much publicized rookie of the 1947 spring, who started out as an outfielder and was bad, was shifted to the mound and in his first real test threw himself to nine wins against seven defeats. "Threw" is the proper word, because the rookie from Honda, Tex., couldn't do much else.

Opinion seems divided as to his potentialities, but predictions range from 12 wins this year to—and this may surprise you—20 or more games.

Hartung in a sense is a mystery. He whipped the Cubs 3 to 2 in 12 innings and the Cubs still shake their heads over the game, and no less than Ralph Kiner, the homerun king of the loop last year, went 0 for 16 against rangy Clint. Yet some of the club's best fans say Ott has another newcomer in Ray Poat, who turned in a 11-7 season in the International league with Baltimore and then finished the year with 4-3 at New York. He won from the Cardinals and beat the Brooklyn twice, giving fair indication that he can be trusted as a starter this year.

Of the veterans, there is Dave Koslo, who was one of six southpaws in the league to win 15 or more games, and Monty Kennedy, who can look like Newhouse at times and as wild as a hare at others. Both could be of great help, along with Lefty Earl McGowan, who won 17 and dropped 11 for Minneapolis. So can Verne Olsen, a stylish curve ball artist if his arm has recuperated from trouble sustained in the Army. Formerly with the Cubs, Olsen after a three-year layoff might register a surprise come back—and some folks won't be surprised at that.

Ott has three good relief pitchers in Joe Beegs, Ken Tinkle, who was the club's leading fireman last year in 68 trips to the mound, and Sheldon Jones.

On the hope-for side there is Bill Myers, back for another try; steady Hub Andrews, who was with the Giants' Jersey City club last year; Andy Hansen, veteran, hard throwing Jack Hallett and a couple of good youngsters, Francis Hardy and Mario Pione. Veteran Junior Thompson, after a good year at Jersey City, is getting another crack at the Giants, and Ott would be delighted if he makes the grade.

Pitching Arm In First Real Test

Sarasota, Fla., March 25—(AP)—Tex Hughson's question-mark pitching arm gets its first test today when the Boston Red Sox entertain the Cincinnati Reds.

Hughson will have a makeshift Sox lineup behind him. Ted Williams, Vern Stephens, Dom Dimaggio and Bobby Doerr are out minor ailments.

Wild Pitching

San Bernardino, Calif., March 25—(AP)—Manager Zaeh Taylor says wildness of the pitchers is hurting the St. Louis Browns' exhibition record—seven losses and three wins. In the last three games Brownie pitchers have walked 29 batsmen.

Hogan Says Golf Pro Ranks Quiet

Fort Worth, Tex., March 25—(F)—Ben Hogan reports that all is serene in the ranks of the golf professionals. The game's giant also believes the importance of the tournament differs that recently got the golfers more headlines than their winnings.

Little Ben is home to give an alling putter a rest. Since he knows what made it all his confident he can work out the proper cure.

Regarding golf's troubles climaxed with the Henry, Ransom-Norman Von Nida fisticuffs and the inauguration of a Czar at the lower Rio Grande valley open at Harlingen, Tex., last month, Hogan said:

"In a competitive game with livelihood the stakes, tempers are bound to flare now and then."

Recently, however, not a punch has been thrown, he says. Even George Schneider, the tournament chairman who now is the law with the touring golfers, hasn't penalized anybody for anything.

Ben is more worried about his putter than he is any troubles of golf anyway.

From tee to green he's never been better. But his putter has never been worse, otherwise he'd probably be first in everything and well on the way to one of the best seasons any pro golfer ever had.

Hogan quit the tournament trail rest in fourth place in money earnings with \$6,227.50. He's leading for the Vernon trophy.

Singing, Boxing Mix In Ireland

London, March 25—(AP)—Rinty Monaghan, the new world flyweight boxing champion, is an effervescent little Irishman who sings over the prostrate forms of his victims.

His theme song is "When Irish Eyes Are Smiling" and he crooned it Tuesday night at Belfast after hammering Jackie Paterson into a numb hulk in the seventh round of a fight to settle their claims to the world 112-pound title.

Singing got Rinty into the ring. He was admitted to a Belfast fight when only a kid to sing and jib between bouts.

He's been singing more than boxing ever since. He even plans on doing the vaudeville circuit between defenses of his new world title.

His real name is John Joseph Monaghan, but his grandmother nick-named him "Rinty" because in his childhood, his favorite movie hero was Rin Tin Tin, the dog.

Stanky In Lineup

Bradenton, Fla., March 25—(AP)—Eddie Stanky, peddler to the Boston Braves by the Brooklyn Dodgers, is scheduled to get into the Braves' lineup Saturday.

Manager Billy Southworth says he'll probably use Stanky in the exhibition game against Kansas City at Lake Wales.

Has Hitting Streak

Clearwater, Fla., March 25—(AP)—Richie Ashburn, rookie outfielder is continuing his fine hitting streak with the Philadelphia Phillies.

Yesterday it was Ashburn's triple in the eighth that gave the Phils a 3-2 win over the Cincinnati Reds. The rookie has ten hits in his last 12 plate appearances.

Lorine White Gets 2-3 Years Manslaughter

By CHESTER WALSH

In Superior Court yesterday afternoon, Lorine White, Negro, on trial for second degree murder, in connection with the leapfrog slaying of Georgiana Brown, Negro, last September 27, pleaded guilty to manslaughter and the court accepted it.

Judge Henry L. Stevens of Warrenton, presiding, sentenced her to two to three years in the county jail. The trial was started yesterday morning.

Evidence in the case was that Georgiana Brown was the aggressor in an altercation; that she invited Lorine White to come out and fight and that she went; that during the affray Lorine accused Georgiana of not fighting fair; that they went together again and that Georgiana was wounded and could not get up. This occurred on a Saturday night and Georgiana died at a hospital the next night without regaining consciousness.

Police quoted Lorine as telling them that she used an icepick to stab the woman and turned it over to an officer. Another icepick was found stuck in the ground near where Georgiana Brown fell when wounded. Lorine was stabbed slightly in an arm, it was testified.

Attorney John Barker acted as solicitor for Solicitor Dick Bundy, who had been employed by the defendant after the tragedy. Attorney Jack Edwards was counsel for Lorine White.

Judge Stevens, who had imposed a fine of \$500 on two defendants and given them six months in jail for operating a gambling house Wednesday, yesterday revised his judgment as follows:

After W. V. Heath withdrew his appeal, the court fined him \$500 and gave him six months on the roads, sentence suspended on condition that capias may be issued at any time during five years to the sheriff, if of any county in the state if Heath is found in any North Carolina county, except once every two months to visit his aged father for two days at a time, provided he reports to the sheriff his arrival and

departure and travels the most direct route, and he is to pay one-half the court costs.

After Bruce Smith withdrew his appeal, the court fined him \$500 and gave him six months on the roads, road sentence suspended on condition that he be placed on probation for three years and be engaged in a lawful occupation during the period of probation; that he not be found away from his home after 8 p. m. and pay one-half the court costs.

Leonard Hoots, Grover Smith and Heber Sutton, charged with killing a cow on another man's farm, pleaded guilty of cruelty to animals. Hoots was given eight months on the roads. Smith was given eight months on the roads, sentence suspended on condition that he be placed on probation for three years, not be seen off his premises after 8 p. m. during probation and that he pay one-half the court costs. Sutton was fined \$25 for trespass and ordered to pay one-half the court costs.

Weldon Newton, negro youth of near Fountain, convicted of driving drunk, reckless driving and hit-and-run, was given a year on the roads and fined \$100 and costs and his license was ordered revoked for a year. He was ordered to make restitution of \$20 to Earl Gay and \$20 to Charles Dickinson for damage to their cars.

Leroy Langley was not guilty of driving drunk.

Leroy Buck and Berle Harding of Beaufort county paid costs in a case in which they were charged with hunting deer in Pitt county. They did not have a gun, but did have a dog. They were victims of circumstances, court officials said.

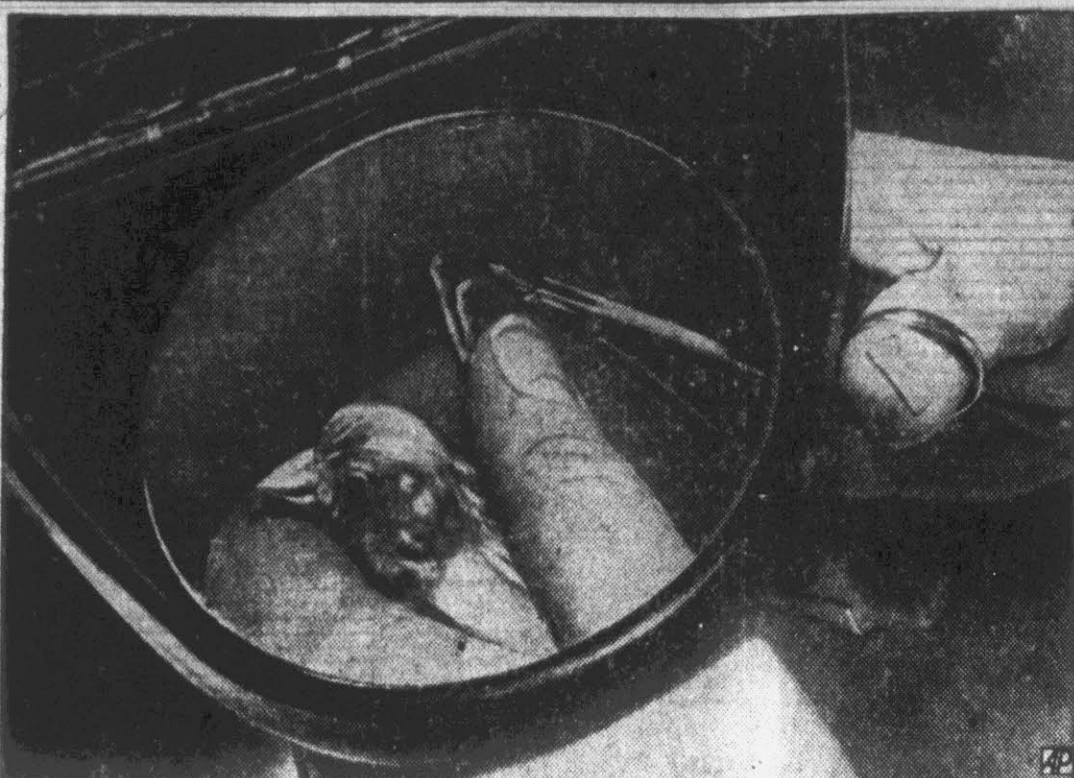

Judge Stevens adjourned the one-week criminal term of court at noon today.

Seven Pigs Get City's Consent

Hickory, N.C., March 25—(AP)—Seven little pigs here won't have to go to market or give up their pen.

Carl Hart, their owner, asked the city council to stretch a point and let him keep his pigs until they are old enough to move. The council recently passed an ordinance against raising pigs in the city.

So the city fathers extended the effective date of the ordinance to April 30. By then, they opined, the Hart pigs will be old enough to take new quarters.

OPERATION TOENAIL—A canary gets its claws trimmed in the Chicago bird clinic of Mrs. Marie Widder where chart and case history are kept on each patient.

Jan Papanek (extreme right), Czechoslovakia's non-Communist delegate, addresses the United Nations Security Council at Lake Success, N. Y., during the fight over his seat. He tells the council that Russia engineered the Communist grab in his country. "God help me, I shall prove this to you," he cried. Andrei A. Gromyko (dark glasses), the Russian Soviet delegate, sits near Papanek. By a count of 9 to 2, the council voted Papanek a seat at the table despite objections from Russia, and the Soviet Ukraine. The new Czech Communist government had sent Dr. Vladimir Houdex to replace Papanek. (AP Wirephoto).

GHS Baseball Team Will Meet Edenton Friday

Greenville High takes on the strong Edenton High School Aces here Friday afternoon at 3:00 p.m. The game will be played at Guy Smith stadium if the field is available, if not, Third Street Park will be the battleground.

The local aggregation lacks experience and will be the underdog since Edenton has one of the stronger teams in the league. In their first game of the season, the Aces overcame the Washington entry by a top-heavy score. In Ed Whinson, who allowed only three hits and struck out 21 men, Edenton has one of the strongest pitchers in the league. The Phantoms didn't look too good in their first outing which ended in a Kingston victory but should be getting stronger as they go along.

Bobby Flye, a young but talented youngster will probably get the starting role on the mound for Greenville.

School Band Will Accompany Star

Lenoir, N. C., March 25—(P)—Lenoir high school's famous band will supply the accompaniment for Metropolitan Opera Star Dorothy Kirsten at a concert next Monday night. What's more, the soprano's brother, George W. Kirsten, Jr., will lead the band.

Kirsten has been assistant leader of the Lenoir band for seven years.

Miss Kirsten's concert will be presented in the gymnasium of Lenoir High school. It seats 1,200.

Alexander Hamilton once lived on Wall Street, in New York City.

Man Beats Wife Theatre Today

A man beat his wife by a margin of over ten minutes getting down to the Pitt Theatre today to see Wallace Berry in the hilarious new movie "ALIAS A GENTLEMAN," which is the feature attraction today and Friday. Cast includes Tom Drake and Dorothy Patrick. —Adv.

Pitt Grand Jury Reports To Court

By CHESTER WALSH

The Pitt County grand jury, in session this week, made its report to Judge Henry L. Stevens in Superior Court yesterday.

The report recommends that all county offices and the jail be painted immediately, inside and outside; that windows be repaired, and that modern and adequate furniture be installed in the judge's and lawyers' consultation rooms. Judge Stevens earlier in the week had advised the grand jury to make these recommendations and see that they are carried out. Previous grand juries had recommended painting of the courthouse, the record showed.

The grand jury, after visiting the County Home and eating lunch there with the judge, court officials, law enforcement officers and others, recommended that a deep freezer unit be installed there.

The grand jury recommended minor repairs at some of the county schools and notified the county superintendent. One Negro school unit in Farmville should be replaced, the report stated, and indicated that bonds had been issued for this project.

After visiting the county farm agent's office the grand jury recommended repairs there, especially some plastering.

The county and other jails were found in good condition.

The grand jury's report paid tribute to the late Solicitor D. M. Clark for his outstanding service, and thanked Solicitor Dick Bundy for his cooperation during this term of criminal court.

B. M. Lewis is foreman of the grand jury.

Defense Chiefs . . .

(Continued from Page One)

be divided this way:

"The army, by 240,000, from 542,000 to 782,000;

"The navy, by 63,000, from 397,000 to 460,000;

"The marine corps, by 11,000, from 81,000 to 92,000;

"The air force, by 35,500, from 364,500 to 400,000."

This would require an additional \$3,000,000,000 outlay, he said, which would be asked of Congress.

Services Today For Infant Died Tuesday

Graveside services will be held in the Cox family cemetery near Greenville this afternoon at three o'clock for the infant daughter of Mr. and Mrs. O. S. Sheckels, 325 Polk street, Raleigh, who died a few hours after birth Tuesday night.

Surviving are her parents.

Mrs. Sheckels is the daughter of the late W. S. and Mrs. Rosa Lee Cox of near Greenville.
