

House Votes Invite Spain Into Aid Plan

Inclusion Of Franco In \$6 Billion Foreign Aid Program Voted By 149 To 52; State Department Opposes Move; Senate's Attitude Still Doubtful

Washington, March 30—(AP)—The House voted 149 to 52 today to invite Franco Spain into the \$6,206,000,000 foreign aid program.

The Foreign Affairs Committee had agreed to include Spain. But Rep. Vorys (R-Ohio), in charge of the aid bill, said the State Department is against it.

And whether the Senate will go along is another question.

In any event, Spain could get in on the program only if she agreed like other participating countries to join in a European recovery program of cooperation and self help.

Spain now is specifically named as eligible to qualify under the bill before the House. Eastern European nations are not.

The door is open for Russia and her satellite nations to come in under the same terms as Spain, by agreeing to terms of the program.

Rep. Hand (R-N.J.) immediately offered an amendment to limit the European program to the 16 nations which have signed up already to work together toward an economic comeback.

It would cancel out the section which would allow Spain and her satellites to come in if they agree to play ball.

Specific inclusion of Spain would have financial implications. The way the program is set up, the European program would be distributed among 16 nations.

Addition of Spain would require some research into Spanish needs and requirements. And that in turn could result either in increasing the total size of the European program or spreading the money among 17 instead of 16 countries.

Rep. Vorys (R-Ohio), in charge of the aid bill, told a reporter the State Department is against this step.

"Probably it is bad politics in western Europe," he said.

"But the way Spain would be included is not good."

Pullman 'Luxury' Charge Increase Blocked By ICC

Washington, March 30—(AP)—The Interstate Commerce Commission today blocked, at least temporarily, proposed higher charges for Pullman "luxury" services.

The Pullman company has estimated the increases to involve about \$3,700,000 (M) a year.

The commission notified Pullman that the suggested changes had not been figured out in relation to mileage so as to avoid discrimination between state and interstate travel. Therefore, ICC said, they would have to be rejected on that ground if formally submitted.

Pullman recently advised the commission that it planned an advance in "luxury" rates ranging as high as 20 per cent, by posting a 30-day notice to the traveling public.

Italian Political Bosses To Confer On Violence

Rome, March 30—(AP)—Italian party leaders, disturbed by two political killings in the Leftist north yesterday, arranged to meet tomorrow to seek remedies for a rash of violence which threatens the campaign trail.

Communist Umberto Terracini, president of the constituent assembly, who arranged the truce in an effort to bar bloodshed in the campaign for the vital April 18 elections, called the meeting.

State-swinging unemployed, some 7,000 strong, marched through the streets of Milan today, demanding work and relief payments. Police stood by anxiously, because of yesterday's widespread outbreaks, but there were no incidents of violence.

The situation was tense as a result of the slaying of two Communists yesterday at Samoglia, 25 miles west of Milan, the Leftist stronghold of the north. Campaigners were mauled, beaten, pelted with overripe fruit and thrown from platforms at other points in the north.

There was street fighting in Bari, in the south, and one man was stabbed. Both Leftists and Rightists were targets of the violence in the north.

Yesterday's violence followed increasing bitterness over Italy's vital April 18 parliamentary elections.

Newspaper accounts said the two Communists were shot when they got into an argument with spectators during a march from one village to another. The injured Rightist reportedly was a national bloc speaker.

Italy's Christian Democrat pre-

POW PROTESTS

Rome, March 30—(AP)—American authorities handed Italy's treasury ministry a \$4,500,000 (M) check today in payment for work by Italian prisoners-of-war in cooperation with U. S. Armed forces.

More Funds For Atomic, Army And Propaganda

House Appropriations Group Also Approves Grants For Various Agencies

Washington, March 30—(AP)—New funds for atomic weapons and research for military road work in Alaska, and for the work with Russia were okayed today by the House Appropriations Committee.

It also approved new grants for relief work in Army-occupied countries and for Veterans' Administration personnel.

The committee recommended a \$332,407,782 bill to meet shortages in funds previously voted for various agencies for the year ending June 30. The bill is scheduled to come before the House for a vote tomorrow or Thursday.

The total is \$66,311,478 below the amount President Truman had asked. Most of the cuts were in funds sought for the Maritime Commission, the Post Office Department and the Air Force clothing budget.

In addition, the committee cancelled \$200,345,000 in money previously appropriated for the Army, mostly for the finance service. The Army itself had proposed a \$150,000,000 cancellation.

Not a penny was cut from the \$150,000,000 asked by the Atomic Energy Commission, all of it in contract authority for which Congress will put up the actual cash later. The new authority boosts to \$650,000,000 the amount the commission will have at its disposal this year.

The committee admonished the commission to "move forward with all possible speed in its research programs, both in the wartime and peacetime uses of the newly discovered secrets."

It acted after Carroll L. Wilson, general manager of the commission, emphasized what he called the urgency of meeting the armed services' requirements for atomic weapons. Most of the new money, Wilson told the committee at a closed door session, "will be directed toward insuring the continuity of production of fissionable materials, the fabrication of these into weapons, and the conduct of research and development."

Without elaboration, Wilson said the military interest "goes far beyond atomic bombs."

Surplus Is Above Truman Estimate

Washington, March 30—(AP)—The government's budget surplus already has climbed nearly \$1,000,000 higher than President Truman estimated it would go by the end of this fiscal year June 30.

The surplus—the excess of income over government spending—stood at \$7,483,588,953.90 today. Mr. Truman's January estimate for the full fiscal year was \$7,483,610,966.

Heavy income tax payments were chiefly responsible.

Big John And Acting

John L. Lewis Can Turn A Phrase That Echoes Of The Classics; A Treasury Of Golden Words In His Text; Who's He Writing For; The Public, Or Miners?

By JAMES MARLOW

Washington, March 30—(AP)—"John L. Lewis... quotes the Bible, Shakespeare and Plato with ease..." A Washington paper said that on Sunday. And on Monday Big John came through. He wrote a note:

"Sir: No action has been taken by this writer or the United Mine Workers of America, as such, which would fall within the purview of the oppressive statutes under which you seek to function. Without indulging in analysis, it is a logical assumption that the cavillings of the bar bench in their attempts to explicate this infamous enactment will consume a tedious time."

What he meant was: "I'm staying away because I haven't done anything—and neither have my miners—that's covered by the law. The lawyers will chew up a lot of time splitting hairs over what that law means."

But John, who pulls on the language like taffy, stretched it out. It was his way of telling the President's fact-finding board he wouldn't be around to talk about his tiff with the coal mine owners. The Taft-Hartley law, now nine

Air Force Lists Strategic Bases

Stars on this map denote U. S. bases which top U. S. Army Air Force officials say could be used in operations against any part of Russia. The officers gave this information to the Senate Armed Services committee in Washington. Air Force Secretary W. Stuart Symington said 29s can take off in limited operations from Alaska and Labrador, bomb any part of Russia, and return to those bases or fly to bases in the Philippines and on Okinawa. Navy Secretary John L. Sullivan reported submarines "not belonging to any nation west of the 'Iron Curtain' have been sighted in the Aleutians (A), in the Johnston Island area (B), and about 200 miles off the U. S. coast (C). (AP Wirephoto Map).

Conference At Bogota Opens This Afternoon

Three Basic Projects Confront Delegates From 21 Pan American Nations; Secretary Marshall 'Greeted' By Reds

Bogota, Colombia, March 30—(AP)—Top diplomats of 21 Pan American nations convene here today for what may prove to be the most important conference in the history of the Western Hemisphere.

President Mariano Ospina Perez of Colombia will open the ninth international conference of American states with a welcoming address this afternoon.

Three basic projects face the delegates: 1. Moulding of the Inter-American system into a strong regional bloc within the framework of the United Nations.

2. Creation of a program of economic aid for Latin America.

3. Enactment of a pact providing for a peaceful solution of differences between the American republics.

Not on the agenda, but certain to play an important role in the discussions are the issues of Communism and colonialism in the Western Hemisphere.

Chile, Paraguay and Cuba have expressed hope the conference will take a stand against Communist infiltration in the Americas.

Some members have contended it is preferable to have each nation settle its own Communist problems. Jose Neves Fontoura, chief delegate from Brazil, told newsmen his country would not bring up the Communist question. But, he added:

"If the matter is brought up by some other delegation, Brazil will take a position consistent with its internal policy of Communism, which culminated with a break of diplomatic relations with Soviet Russia."

Secretary of State George C. Marshall was greeted with Communist posters depicting him as a Nazi when (Continued on Page Ten)

Disturbances In Exchange Strike

Pickets Charge Police In Brief Flare-Up; Order Restored

New York, March 30—(AP)—Violence broke out in the New York Stock and Exchange strikes today as waves of pickets rushed police at the entrance to the New York Stock Exchange.

Men were knocked down, women screamed, some police were thrown to the sidewalk. One detective was picked up, his head bleeding.

Uniformed police swung clubs and calls were sent for ambulances, police emergency squads and patrol wagons.

The skirmish began just before nine o'clock as the pickets lined up before the Exchanges on the second day of the strike in the heart of the world financial center.

The disturbance ended as suddenly as it began and by the 10 a. m. opening hour of the Exchanges, picketing had returned to noisy but orderly procedure.

Police escorted Stock Exchange workers into the building in groups of 50 amid shouts of "moneybags" and "scab" from the pickets.

Less than an hour after the fracas, pickets were distributing a mimeographed sheet with a two-inch headline "police brutality."

Trading began on the Stock Exchange promptly as the bell rang at 10 o'clock. The market started off slowly. Quotations ticker service to outside points operated normally.

Coal-Burning Rail Freight Cut Goes Into Effect

Washington, March 30—(AP)—Railroads operating less than 100 miles of track got a blanket exemption today from the 25 percent cut which has been ordered in coal-burning freight service.

At the same time, the Interstate Commerce Commission postponed until April 15 the effective date of the reduction order so far as it affects iron ore traffic in the Great Lakes region.

Otherwise, the general freight reduction will become effective over the nation at midnight tonight. It was ordered by ICC last week to conserve dwindling supplies of fuel in view of the work stoppage in the soft coal fields.

The Office of Defense Transportation estimated today that probably 23 days of coal supplies remain for railroad use.

May Delay Veto Until Deadline

Washington, March 30—(AP)—President Truman's expected veto of the \$4,800,000,000 tax reduction bill may be delayed until the April 5 deadline for him to act.

Presidential Press Secretary Charles G. Ross said today nothing will be done before Mr. Truman goes to Williamsburg, Va., Friday to receive a degree at the college of William and Mary.

Mr. Truman will return to Washington Saturday. Congress likely will not be in session that day.

OPA's Ghost Is Raised Again In Minds Of Solons

Talk Of Reviving Economic Controls Touched Off By Baruch Testimony

Washington, March 30—(AP)—OPA's restless ghost came back to the halls of Congress today as senators linked inflation dangers to plans for big military spending.

Talk of the possibility of reviving wage-price controls, rationing and other curbs on the domestic economy was touched off by Bernard M. Baruch.

The 77-year-old adviser to presidents shook the gathering dust from the issue by declaring that the cost of America's stop-Russia drive will have a "tremendous impact" on prices and living conditions at home.

The talk got another push from Charles E. Wilson, president of General Electric Company and former vice chairman of the War Production Board.

Wilson said the cost of rearmament, a temporary draft and Universal Military Training could pinch to a point where wartime controls would be necessary whether there is shooting or not.

Wilson and Baruch expressed their views yesterday to the Senate Armed Services Committee, which is nearing a decision on UMT and the draft revival asked by President Truman.

A little over a month ago Baruch turned down a Senate Banking Committee invitation to testify on Mr. Truman's 10-point anti-inflation program. He said then the need for wage-price controls, rationing and other cost-of-living measures had lessened.

Yesterday Baruch came out strong for passing a law now that would put these controls on a hold-in-reserve basis for use when an emergency arose.

Mr. Truman laid the economic program before a special session of Congress last November, together with a plea for stopgap aid to Europe.

Refuse Delay In Korean Election

UN Commission Says Proposal May Be OK'd Later, If Needed

Seoul, March 30—(AP)—The United Nations Commission today rejected an American proposal to delay the May 8 election to form a Korean government in the U. S. zone.

It will approve a postponement later if necessary, the commission informed Lt. Gen. John R. Hodge, U. S. commander of South Korea. Hodge had requested rescheduling the election for May 24. He said the national election committee was having difficulty making arrangements.

The election will be limited to the American zone because the Russians refused to let the U. N. observers enter North Korea. A Soviet-sponsored government is being formed in North Korea with the announced aim of ruling the entire country.

Why the Russians were having Koreans dig trenches along the occupation boundary continued to puzzle Americans. Some said the Russians must be seeking to justify their propaganda that Americans and South Koreans were planning to attack.

Experienced U. S. Army officers said the trenches were tactically worthless. They have been studying the border activities through field glasses since work began March 9. Newsmen saw the digging yesterday.

Officers said the entrenchments would be easy targets for machine guns and mortars fired from the protection of natural terrain on the U. S. side.

Bread Rationed In Holy City

Jerusalem, March 30—(AP)—The Jewish community in Jerusalem began rationing bread today for the first time.

Jews said food supplies in their areas are "dangerously low." Bread has been scarce for several days. Bakeries have stopped offering cakes and pastries.

There appeared to be no similar shortage in Arab sections of the embattled city. The Arabs are supplied over open roads from Arab-held Eastern Palestine and neighboring Arab countries.

China In Danger Says Vandenberg

Washington, March 30—(AP)—Senator Vandenberg (R-Mich.) today urged quick Senate approval of \$463,000,000 aid for China. He said the situation in that country is "touch and go."

Early passage of the measure, he told the Senate, will make possible final conference committee report on all foreign aid by this weekend. The House now is pressing for quick approval of an omnibus foreign aid bill, including aid for China and Europe.

Judge Orders UMW Boss To Appear Before Inquiry Board

Roosevelt Statue Reaches London

A statue of the late President Franklin D. Roosevelt arrives in London, and is unloaded from a truck by a crane in Grosvenor Square. It will stand in the square after unveiling ceremony next month. (AP Wirephoto).

Milk Indictment

Washington, March 30—(AP)—Attorney General Clark today announced the indictment of five corporations and seven persons on a charge of conspiring to fix milk prices in Chattanooga, Tenn.

The justice department said the alleged conspiracy covers both retail and wholesale milk prices.

Churchman Calls For Peace Talk

Opponents Of Administration's Foreign Policy Are Heard

Washington, March 30—(AP)—A new call for personal talks between President Truman and Marshal Stalin to bring about world peace came today from Charles F. Ross, Jr., a leader of the Methodist Church.

Boss, executive secretary of the Methodist Commission on World Peace, told the Senate Armed Services committee:

"We believe the President should be willing to meet in some neutral country, such as Stockholm or Geneva, with Stalin for the purpose of resolving some present Soviet-American problems in order to break the deadlock."

Mr. Truman has said he would be willing to talk with Stalin, if the Russian leader would come to Washington.

Previously, the senators heard Alfonso F. Myers, New York University professor, say the United States should quit trying to out-match Russia in men under arms.

At an afternoon session, the committee planned to hear Henry A. Wallace oppose the draft and military training, as well as this country's foreign policies.

Boss said the 8,500,000 adult members of the Methodist Church are solidly opposed to the adoption of any form of peacetime universal military training, or conscription.

The court, however, excused 64 when they pleaded to be released for various reasons.

The government charges Best prepared commentaries, speeches, talks and announcements for the radio, and recordings for subsequent broadcasts beamed to the United States and other countries.

The alleged overt acts were committed with treasonable intent and were designed to give aid and comfort to the German Reich, the government contends.

The maximum penalty for treason is death.

Pan-American Meeting

Many Diplomatic Observers Regard Bogota Conference As Most Important Meeting Of Its Kind Since First Session In 1890; Why; The Agenda; American UN

By DeWITT MacKENZIE

The Inter-American Conference which is opening today in ancient Bogota, Colombia, is regarded by many diplomatic observers as the most important meeting of its kind since the initial session at Washington in 1890 when the Pan-American Union was organized.

Its importance lies in two reasons: (1) The world crisis caused by the fight between Bolshevism and Democracy calls for an overhauling of hemispheric solidarity; (2) Latin America is on the move and has the urge for economic and political development.

So the 21 republics meeting in the fine old Colombian capital—a setting enriched by 400 years of history—are hopeful of making the inter-American system the strongest association of peace loving nations. That is their hope—but it is recognized that the going may not be easy, for there are numerous controversial problems to be solved. This conference is expected to last some six weeks, and if we need any other indication of its importance we should have it in the fact that not only Secretary of State Marshall but Secretary of Commerce

U. S. Marshals Serve Order For Lewis To Appear This Afternoon; Union Attorneys Fail In Plea For Additional Time To Form Reply

Washington, March 30—(AP)—Justice Edward M. Curran ordered John L. Lewis to appear today before President Truman's board of inquiry into the coal strike at 2 p. m.

Curran acted quickly after Lewis' attorney raised the question of adequate time to reply to the summons and challenged the constitutionality of the Taft-Hartley act.

The order was served on Lewis at UMW headquarters shortly after noon.

Lewis reached his office just before noon and deputy marshals arrived a bit later. One marshal remained in Lewis' office for about 20 minutes. He did not make any announcement when he left.

Charles Ward, Chief Deputy Marshal, announced, however, that Lewis was "served personally" at 12:15 p. m.

Wesley K. Hopkins, attorney for the chief of the United Mine Workers, had argued barely 10 minutes when Curran ruled. Lewis did not appear personally to explain why he should not appear before the board of inquiry.

Curran told Hopkins the court had been lenient in granting Lewis an opportunity to "show cause." The judge said that in his opinion he could have directed Lewis to appear before the board without the formality of today's hearing.

The order for Lewis to appear before the board this afternoon, Curran said, would have to be served on Lewis personally.

This posed a new problem for U. S. Marshals. They had a merry chase yesterday in trying to reach Lewis with the subpoena from the inquiry board, and later the court order to show cause.

Lewis sent four lawyers to Curran's court—Hopkins, Earl Houck, Harrison W. Combs and T. G. Towne.

The attorneys filed into Lewis' big car and were driven by his chauffeur to the court 25 minutes before the deadline set by Federal Judge Richmond B. Keoch for Lewis or his lawyers to "show cause" why he ignored the board's subpoena.

The board is looking into the facts of the pension dispute which has sided some 400,000 soft coal miners since March 15.

The Justice Department asked the Federal Court to compel Lewis to appear before the inquiry board. That was a preliminary move to asking for a court injunction if Lewis continues to defy legal steps spelled out by the Taft-Hartley act for settling "National emergency" disputes.

A year ago Lewis and the UMW had to pay a \$710,000 fine resulting from the November 21, 1946 strike which had been forbidden by court order.

Federal Judge Sherman Minton, chairman of the three-man fact-finding board, indicated that it would report on the strike issues to Mr. Truman today, if possible, to speed an injunction if Lewis remains defiant.

Under the Taft-Hartley act the board must report to the President before he may seek a strike-ending injunction.

Railroads Ready To Pay Indicated Wage Increase

Chicago, March 30—(AP)—The nation's railroads are ready to grant a wage increase of 13 1-2 cents an hour to 125,000 engineers, firemen and switchmen, as recommended by President Truman's fact-finding board.

But the rail brotherhoods representing the workers haven't decided whether they will accept the pay

hike. The Unions, who asked for a 30 per cent wage boost, expressed disappointment over the board's findings.

The general chairman of the Unions will meet in Cleveland next Monday to act on the board's recommendations—which are not mandatory.

If they reject the pay boost the government is expected to seek further discussions. But there will be no strike immediately. Under the railway labor act the Unions are required to continue to work for a 30-day period ending April 28 before leaving their jobs.

Tomorrow the three Unions' wages and the committee will meet in Cleveland to start a study of the board's recommendations. The proposal also includes changes in working rules.

Yesterday wages and rules committees of the Trainmen's Brotherhood and the Conductors' order met in Cleveland to examine the report. They are not involved in the dispute but the considering making new pay demands.

The carriers, announcing acceptance of the recommendations, estimated the wage increase and the cost of 37 changes in working rules, would add \$80,000,000 (M) a year to the railroad's operating cost.

A management spokesman said the carriers "deplored the added cost," but said their action was taken to "uphold the spirit and intent of the railway labor act."

The demonstration in this Leftist stronghold was called by the Communist-dominated Chamber of Labor.

Milan, March 30—(AP)—Some 3,000 slave-swinging unemployed Italians marched through the heart of Milan today demanding relief payments and work.

The demonstration in this Leftist stronghold was called by the Communist-dominated Chamber of Labor.

Social and Personal

All items for this page received after 10:30 A. M. will be published the following day. Dial 3884 9:00 A. M. to Noon - 1:00 to 4:30 P. M.

Mrs. Maude C. Swartz spent the week-end in Fayetteville with her son, Edwin Swartz and Mrs. Swartz, Jr. and family.

Glenn W. Brooks has gone to New York on business. He will return to Greenville about the middle of June.

Mrs. Hazel Mills and Miss Annie Rex Anderson spent the week-end in Durham with Rev. and Mrs. E. D. Johnson.

Mr. and Mrs. David L. Morrill and daughter, Olive Venetia, Edith and Joy have moved in their new home at Morrill Bros. Farms in Beaufort.

Randall Skinner, a student at Presbyterian Junior College, Marion, N. C., has returned after spending Easter holidays with his mother, Mrs. O. C. Hawkins.

Miss Mary Elizabeth Austin and Mrs. Clement Yancy left Monday for Oxford after spending Easter with Mrs. Austin's parents, Mr. and Mrs. Edward Austin.

Birth Announcement
Mr. and Mrs. Charles F. McAndrew, of Greenville, N. C., and Midland, Pa., announce the birth of a son, Charles Francis, Jr., on March 21, at St. Luke's Hospital in Greenville. Mrs. McAndrew is the former Miss Lillian James.

The Ghost Farm
By popular request we are giving a repeat performance of our play, "The Ghost Farm," Thursday night, April 1, at 8 o'clock at the Red Oak Community building. This is a play that will hold you spell-bound from start to finish. A goose-pimple and hair-raising murder mystery thriller. Presented by the Youthful Workers Club of the Red Oak and Piney Grove communities. Remember the date, Thursday night, April 1, at 8 o'clock. Admission, children 25c, adults 50c.

Presbyterian Prayer Meeting
Prayer meeting Wednesday evening at 7:30 o'clock at the First Presbyterian Church. Every officer and member is urged to attend this last service of the church year.

Installation O. E. S. Officers
Greenville Chapter No. 149 of the Eastern Star will hold a public installation of officers in the Masonic Hall tonight at 8 o'clock. There will be a social hour following.

40 Years Ago Today

THE DAILY REFLECTOR
March 30, 1908

Miss Lillian Moore who is teaching school at Weidman, spent Saturday and Sunday at her home in Grimsland.

The gas boat Eagle will run from Greenville to Beihaven Thursday to take Odd Fellows and those accompanying them to the district meeting.

Pretty near time for advertising delinquent taxes.

It was pretty close to frost this morning.

Steps are being taken looking to the organization of a military company here.

If the Democratic candidates keep on telling all they know on each other, there will be nothing left for their Republican opponents to tell.

Following the installation. Friends and chapter members are cordially invited.

Logan-Herring
Easter lilies interspersed with white snapdragons and the delicate tracery of southern smilax formed a beautiful setting Saturday, March 27th, at high noon in the Immanuel Baptist Church for the marriage of Miss Hilda Herring, daughter of Mr. and Mrs. Claud L. Herring, of Ben Harrison Logan, Jr., of Durham and Akron, Ohio.

The ceremony performed by the Rev. J. A. Nelson, pastor of the church, was concluded by the singing of "O Perfect Love," by Mrs. Moye Dail, soloist. Mrs. Dail, accompanied by Mrs. Paul Davenport at the organ, also sang "O Promise Me" and "All For You."

Given in marriage by her father, the bride was lovely in a white lace-trimmed gown with train and veil of illusion fastened to a beaded coronet of tulle and orange blossoms. She carried a bouquet of white orchids and roses showered with valley lilies. Her sister and only attendant, Mrs. Richard Evans, matron of honor, was attired in a bouffant gown of blue silk marquisette with red ribbon bustle the same shade as the American Beauty roses of her bouquet which were tied with wide red satin ribbon in matching tulle.

Winifred Logan of Auburn, Ala., was best man for his brother whose ushers were R. H. Evans, Greenville; Aubrey Allman, Akron; Herbert Deist, Akron; William Waggoner, Akron; Ben Allen Thomas, Winford Thomas, Shelbyville, Ky.

Present for the ceremony were Mr. B. H. Logan, Sr., father of the groom, and also Mrs. Logan, his

Mrs. James Russell Boddard, who before her marriage on March 30, was Miss Jane Branch, daughter of Mr. and Mrs. J. A. Branch of Winterville. Mr. Boddard is the son of Mrs. Carrie Boddard and the late Mr. A. O. Boddard of Winterville.

mother, who wore a powder blue dress with flowered hat in shades of rose and pink and a corsage of pink roses. Mrs. Herring, mother of the bride, was becomingly attired in a aqua dress and brown hat with pleated nylon veiling. Her corsage was of yellow roses.

For her going-away costume the bride chose a black suit with a matching hat and bag of natural straw.

Mrs. Logan, who is the youngest daughter of Mr. and Mrs. Herring, has been living in Raleigh.

She received her education at East Carolina Teachers college and Hardbargers Business School in Raleigh. Mr. Logan was graduated from Akron University after which he served as a captain in the United States army. At present he is a student in the law school of Duke University.

The ceremony was followed by a wedding breakfast given by the bride's parents at the Woman's Club. Covers were laid for eighty-five at tables decorated with bowls of double white tulips and snapdragons connected by trailing smilax.

On the previous evening an after-rehearsal party was given by Mr. and Mrs. Richard Evans at their home on Library street. Tall tapers flanked by crescent-shaped flower arrangements in white formed an effective center piece for the table on which the traditional bridal cake was cut. About forty relatives and friends of the bridal couple here for the wedding attended.

Guests from out-of-town attending the marriage were:

Mr. and Mrs. Tommy Tomlinson, Mrs. Fred Dorsey, Mrs. Willis Thompson, Mrs. Palmer Elliott, Miss Mary Jefferys, Moyle Williams, Mrs. Mary B. Billman, Miss Marjorie Weatherbee, Miss Sibyl Salter, Ed Mattox, Mrs. Chip Potter, Miss Virginia B. Jones, Miss Sarah Ann Baker, Miss Lucy Morrison, of Raleigh.

Mr. and Mrs. Ted Price, W. L. Waggoner, Aubrey P. Allman, Mr. and Mrs. Ben H. Logan, Sr., Herbert Dail, of Akron, Ohio.

Mr. and Mrs. W. F. Jarman, Washington, N. C.; Mr. and Mrs. J. Quincy Adams, North Wilkesboro, N. C.; Mr. and Mrs. Paul Greene, North Wilkesboro, N. C.; Mr. and Mrs. Wallace Caveness, Greensboro, N. C.; Mr. and Mrs. James Doyle, Washington, D. C.; Miss Helen Long, Washington, D. C.; Dr. and Mrs. B. W. Williamson, Hamlet, N. C.; Mrs. Sally Pike, Salem, N. C.; Mrs. Lee Williamson, Clinton, N. C.; Mr. and Mrs. Ben Allen Thomas, Shelbyville, Ky.; Winford Thomas, Shelbyville, Ky.; Ben Allen Thomas, Jr., Shelbyville, Ky.; Winford B. Logan, Auburn, Ala.; Mr. and Mrs. Robert Crutchfield, Chapel Hill, N. C.

In compliment to Miss Hilda Herring, bride-elect, Mrs. Jack Whitley and Mrs. Bill Williams were hostesses at bridge last Wednesday evening at the home of Mrs. Whitley in Hillsdale.

The house was attractively decorated with a profusion of colorful spring flowers.

During the games coca colas and nuts were served and later in the evening the hostesses served an ice course with bridal cakes and mints.

The honor guest was presented a gift of china. The floating prize went to Mrs. Robert Crutchfield. Mrs. Troy Dodson was awarded the high score prize and the second high was won by Mrs. Godfrey Oakley.

GUN-CONSCIOUS
Jerusalem, March 30—(AP)—The Arab mother of twin boys born yesterday in the Damascus Gate neighborhood, which bristles with guns, said today they have been named "Bren" and "Tommy."

Red Oak News

About five o'clock Sunday morning, had you been riding around our community, you would have seen lights popping on here and there in many homes. What were people doing up so early? They were getting ready to go to the tenth annual sunrise service at Red Oak Church. The largest crowd ever to attend our sunrise service was present at five-fifty-three. People from Raleigh and Richmond, who were visiting in the community, from Greenville, Winterville, Piney Grove, Reedy Branch, Twin Oaks Presbyterian, Ballard Presbyterian, Falkland and many other neighboring communities came to worship with us.

The program was highlighted by its simplicity.

An Anthem, "Jesus Is Risen," was rendered by the choir. Mrs. Clara Edwards May, her voice unequalled by anyone many of us think, sang, "Were You There?" The choir was directed by Mrs. May.

Mrs. J. W. Edwards, Mrs. Joe Joyner, Mrs. Bill Jenkins, Mrs. James Allen and Mrs. George Haddock had a part in the program. Mrs. W. T. Fage read the scripture and William S. May and Mrs. Travis Crawford gave the opening and closing prayers. Mrs. B. L. Tyson gave two readings, "How The Great Guest Came" and "The Maid of Emmanu." The children of Red Oak Sunday school enjoyed an Easter egg hunt after Sunday school.

Miss Grace Tripp from Raleigh, Mr. and Mrs. Spooky Morgan of Richmond and Mr. and Mrs. Edgar Denton of Greenville and Durham spent the Easter holidays with their parents.

Mr. and Mrs. Stuart Bragg and Mrs. Lettie Herring of Raleigh are guests of Mrs. Bragg's mother, Mrs. Roy S. Allen.

Mr. and Mrs. Leslie Mansfield and Miss Margaret Bright of Richmond spent the week-end with Mrs. C. W. Bright. Mrs. Bright and the rest of the family went to Fayetteville Sunday to spend the day with Mr. Bright who is a patient in the Veterans hospital.

Almost every part of the common sunflower can be used: oil from its seeds for food; the whole plant chopped up as ensilage; flowers and seeds as a source of honey, and the seed containers, dried, as blotters.

Stray Dogs Kill Chickens; Break Into Hen House

By CHESTER WALSH

Grover R. Tyner, 1113 Evans Street, reported to police at 4 o'clock this morning that five dogs had broken into his chicken house and killed two eight-pound hens and mauled several others. When the police car arrived Tyner had killed one of the dogs.

Police are receiving frequent reports of dogs breaking into chicken houses and killing hens.

R. B. Murphy last midnight reported to police that several dogs barking back of his house, on Harding Street, were making life miserable for sleepers, and asked that something be done to abate the nuisance.

Public sentiment here strongly

favours the Board of Aldermen establishing a dog pound and hiring a dog catcher to rid the city of the wolfish packs of dogs roaming the city all hours of the night and day. One citizen suggested that the dog pound would pay for itself in a short time. Another pointed out that it will be worth the small sum the city would spend for the service if only one person is saved from being bitten by a dog with hydrophobia when the weather gets hot.

Robbers Carry Off Oil Tobacco Curer

Sidney Skinner, 1818 Myrtle Avenue, reported to Greenville police yesterday that someone had broken into his tobacco barn near the baseball park and stolen an oil burning tobacco curer. It was a Dixie Air Burner type. Police are investigating.

Brazilians Nab 10 Foreign Reds

Rio De Janeiro, March 29—(AP)

A high police source said today federal police have arrested 10 foreign Communists on charges of espionage and Communist sabotage.

Those arrested were listed as five Russians, one Argentine, two Poles, one Estonian and one Lithuanian. They were reported to have been working with the Slavic Union Agency, which ostensibly helps Slav immigrants in Brazil.

Although it is commonly believed that strong gales may be expected at the time of the equinox—when the sun apparently crosses the celestial equator—continued observations have failed to show any unusual prevalence of storms at this season.

A fur trading post established by John Jacob Astor in 1805 at Astoria, Oregon, was the first U.S. foothold in the Pacific Northwest.

"Eastern Carolina's Shopping Center"

progress report 1948

Today we have the greatest number of telephones in operation in our history. Daily telephone traffic has far surpassed the busiest rush hours of the war years. Our expansion program for 1948 calls for an even greater number of installations than during the record year of 1947. We are doing everything possible to meet the record demand for service—and, in all fairness, will give first attention to those who are on our waiting list.

Truman Returns To Attack On Henry Wallace

Washington, March 30 — (AP) — Henry A. Wallace came back to the Capital today, hard on the heels of President Truman's thinly veiled suggestion that he take his whole third party movement to Russia.

At the same time anti-Truman Democrats refused to accept as final an official Army declaration that Gen. Dwight D. Eisenhower is no more available to them than to the Republicans.

And on the other side of the political fence, reports bobbed up that Gov. Thomas E. Dewey and Senator Robert A. Taft have agreed to gang up against Harold E. Stassen's bid for Maine's 13 GOP convention votes.

These were the developments, as a time:

Mr. Truman, who less than two weeks ago denounced "Henry Wallace and his Communists," in a St. Patrick's Day speech, took another poke at his ousted cabinet officer and presidential rival. The setting this time was a dinner meeting of Greek-Americans, the Order of Ahepa.

The President was introduced by Dean Alfange of New York who told the audience that Wallace and his followers ought to go to the rocky mountains "in the role of the Greek guerrillas."

Then, Alfange continued, Premier Stalin might recognize the former vice president as "the leader of the free government of the United States."

"The dean has stolen my thunder," Mr. Truman said in his extemporaneous remarks. "I was going to tell you that the Greeks had a Henry Wallace. I was going to tell you that the Greeks had a statesman, an orator, a demagogue. x x x they had the greatest demagogue of all times, Alcibiades."

But, the chief executive continued, "if I had to choose between a Greek conqueror and a Greek liberator, I would choose the liberator. I suggest that they go to the Rocky Mountains—that's the fine country of there. He (sic) ought to go to the country he loves so well and help them against his own country if that's the way he feels."

There was no immediate rejoinder from Wallace.

As for Eisenhower and the boom among southern and northern Democrats to promote him as a substitute candidate for Mr. Truman, the Army's top press relations officer, Maj. Gen. Floyd L. Parks, said all this maneuvering has had no effect upon the retired chief of staff.

Permitting his name to be used rather than insisting upon anonymity as an "Eisenhower spokesman," Parks declared in a statement that "under no conceivable circumstances" will the five star general yield to a Democratic draft.

MENTIONED — Rep. Sam Rayburn of Bonham, Tex., has been mentioned as a possible candidate for vice president on Democratic ticket with President Truman. Rayburn was speaker of the house when Republicans won control of present congress.

Predicts Billion Dollars For Japs

Tokyo, March 30 — (AP) — Prime Minister Hiroshi Ashida predicts Japan will get one billion dollars in foreign aid this year—most of it from the U.S. government.

This is \$210,000,000 more than the total of various amounts reported under discussion in Washington.

Ashida has talked with U.S. Army Undersecretary William Draper, Jr., who is here to look into economic conditions. However, he told a luncheon meeting of Japanese industrialists and businessmen yesterday, this was his "personal calculation."

The U.S. will advance Japan some \$800,000,000 in budgeted, trade revolving and cotton credit funds. (Draper earlier said a total U. S. program of \$790,000,000 is under study in Washington).

One or two private organizations—not specified—may also lend us funds or make investments "bringing total aid to nearly one billion dollars."

There was no comment by Draper or General MacArthur's headquarters.

Ashida said his calculations convince him the pace of Japan's inflation will slow. Full collections of rice quotas and lessened issuance of Bank of Japan notes lead him to believe "our economy this year is expected to be in more favorable position than last year."

Big John . . .

(Continued from Page One)

are for measure."

But Shakespeare couldn't have been thinking of the Taft-Hartley law or any Federal law or even John when he said:

"He arrests him on it; "And follows close the rigour of the statute."

"To make him an example."

No other leader has tested the Taft-Hartley law the way John is doing now. If he doesn't show up in court, or his lawyers for him, the Judge can, as Shakespeare said, make him an example—by jailing him for contempt.

But it's not clear whether Shakespeare would have Okayed the way John pulls and tugs on the language.

Sometimes an overload of words troubled Shakespeare. In King John he said:

"Zounds! I was never so bethumped with words."

"Since I first called by brother's father's name."

And it's a lead-pipe clinch Plato would have been unhappy about John's style. The Greek philosopher said pretty plainly: "Beauty of style and harmony and grace and good rhythm depends on simplicity."

And even though John's a student of the Bible, when he wrote that note to the board he must have forgotten that the book of which said: "Write the vision and make it plain upon tablets, that he may run that readeth it."

You can't run and read John. But who's John writing for? The board, the public or his miners? Maybe it's the miners.

They have plenty of time to sit down and read him. They're not doing anything right now.

The English Channel is about 350 miles long and 100 miles wide at its broadest point and 22 miles at its narrowest.

HAUNTED HOLIDAY

By Cameron Dockery

AP Newscasters

Chapter 1

"Dear Sherlock. Through the Ewings I learned you are recovering from South Pacific duty at Mare Island. It seems your illness is not serious and I am wondering if you would care to visit me here at Kalanui on Hood Canal. I can guarantee scenery and weather. My invitation is not entirely altruistic, I'll explain that if you accept it. Sincerely, Simeon Mannley."

The young naval officer standing at the ferry's railing stared at the heavy return paper then methodically his long tanned fingers tore it into bits and tossed it into the swirling waters of the channel. His lips curved in an amused grin . . .

How like Simeon Mannley that last sentence was! A hook carefully yet capriciously placed to lure him into acceptance. Undoubtedly Mannley meant the "Sherlock" as a gibe at his, Vince Bonny's peace-time bread winning as private investigator yet he wasn't above using those same talents if the occasion arose. Vince had a hunch that was what was meant by the enigmatic invitation.

He didn't know Mannley well. He recalled the old man as he had last seen him four years ago on his Honolulu estate. A large gross man of sixty, big-boned and balding with pale blue eyes that watered easily. His skin was startlingly white for an Islander's yet there were steely muscles beneath it as Vince had observed after sharing a swim in Mannley's private pool.

The ferry warped to a landing and Vince joined the throngs of workers streaming ashore. At the foot of the ramp a young girl stood, her pencil-thin figure exquisite in superbly tailored diaphanous and a curve-hugging silk blouse. Her long golden bob made a tawny aureole about her head in the late afternoon sunlight but her face was shadowed. As Vince drew opposite her she stepped forward, smiling uncertainly.

"Commander Bonny?"

He stopped in surprise. "That's right."

"I'm Julia Mannley. Uncle Sim thought you might be on this boat."

"He must be clairvoyant."

"No, but he has a good secretary. The car is over there."

She guided him to a heavily-chromiumed yellow roadster. As Vince tossed his suitcase in the back and climbed in beside her he studied her approvingly. Black lashes framed her deep gray eyes and accented her smooth tan skin.

She gave a queer throaty little laugh. "Surprised? I am."

"Pleasantly surprised," he corrected. "But what did you expect?"

"Well Uncle Sim told me you were tall with red hair, but when he said Commander, I expected someone older and—well, paunchier."

Vince chuckled. "Commanders come young these days—I'm thirty-one—and malaria bugs declared war on my extra poundage."

"He mentioned you'd been ill. All over it?"

"Haven't had the shakes for a whole month." His dark brown eyes skimmed over her. "How did I happen to miss meeting you when I was in Honolulu?"

"I was living on Hilo then with Dad. He managed the cattle end of the Mannley enterprises." She bit her lip and flushed a bit.

"I thought perhaps it was because you were too young," Vince teased. "Could have been, I was sixteen."

She said coolly: "You don't mind if we stop at the Post Office? Sometimes the mailman forgets us out there."

As she maneuvered the car to a stop Vince looked about him. The town, an industrial one, made shabby by wartime over-expansion was saved from drabness by the magnificence of the scenery around it. The snow-capped Olympic range, blue Puget Sound waters and tall pines vying with colorful Mountain ash.

Returning, Julia put a bundle of mail beside her. Vince couldn't help seeing the top envelope postmarked "Honolulu" and addressed "C. Lukilano."

"A Hawaiian houseguest?" he asked.

"Hardly. There are houseguests but that's Luki, Uncle Sim's valet."

Julia drove well and fast. They sped out of town past small trailer settlements and government housing projects then farms and finally their only surroundings were tall tracts of deep-shadowed timber. Vince frowned.

"I can't picture your uncle burying himself in the Northwest woods."

"It's just a temporary escape from business, we'll probably return to the Islands next month. He couldn't take a Washington winter I'm certain."

They passed through a weird desolate area where a once virgin forest was now a denuded eyecore of charred stumps, struggling new growth and a dried-up river bed. Vince caught himself wondering about Mannley's note and if a mystery would complicate things.

"Be a pal, Julie," he pleaded, "and set me right on the Mannley ménage—it'll take me days to get everyone straightened out otherwise."

"OK, Commander. There's Aunt Sophie; did you meet her four years ago?"

"No, and don't call me Commander. My name is Vince," he said testily.

"Of course . . . Vince," she said placatingly. "Well Aunt Sophie is sixtyish and acts as Uncle Sim's hostess. Then there's Sonia Deveraux, Uncle Sim's current light-o-love; Irving Dukane, 'Duke' for short, a former Island sugar partner of Uncle's, and Doctor Palmer—he's also from Honolulu."

"Hm, quite an interesting-sounding group. I'm glad I came."

Julia smiled. "So am I. How long will you be here Vince?"

"About two weeks then it's either terminal leave or back to duty."

"I should think you'd have wanted to go home."

"Aint gotta home," Vince said slantly. "Not married, no parents, that makes me pretty much of a lone wolf."

"Guess we're in the same boat," she said surprisingly.

(To be continued)

PHOTOGRAPHERS' QUEEN — Pretty Karen Lewis of Wilkes-Barre, Pa., smiles winsomely after being selected "Miss New York Press Photographer." Currently appearing in her first show, the 19-year-old Miss Lewis was chosen from contestants classified as "unknowns" of the entertainment world—those who never have had leading roles in any theatrical production.

The Cost of a Common Cold

The so-called "common cold" has long been causing the public an annual loss of more time and money than all other ailments combined. If you are run-down and your resistance is low, there may be some minor condition unknown to you causing the trouble. Protect yourself against the menace of colds by having your physician check your system without delay. Remember, a "common cold" often results in a prolonged course of influenza or pneumonia.

Strength FOR THE DAY

A MIRACLE TO PONDER

In the Gospel narrative we have the account of our Lord cursing the fig tree. Because of this circumstance, some have attributed to Jesus a petulant show of anger. As a matter of fact it was one of his miracles by which he taught a great lesson.

He came, not expecting to find figs, for we read that this was not the season for figs; but he did expect to find the sweet blossoms which are delicious to the taste. Instead he found only leaves. There was not the slightest promise of fruit.

The fig tree represented the Church of that day. The leaders of this Church were thoroughly worldly and selfish. There was neither in them nor in their institution the slightest promise of fruit. There was an abundance of leaves. The Temple was magnificent and its ritual impressive, but there was no religion there. In cursing the fig tree, Jesus was symbolically passing condemnation on a dead Church.

When the Church in any age becomes decadent, moribund, worldly, the condemnation of Christ rises up to smite it. He would not curse the fig tree if there had been even the slightest promise of fruit upon it. But because it had nothing but outward show he condemned it—a circumstance which Christendom in every age may well ponder.

IS LEND-LEASE AGAIN IN THE OFFING?

The full plan hasn't been pieced together yet, the time isn't ripe, and other problems are more pressing at the moment; but you read of hints and vague rumors about a possible new Lend-Lease.

The only half-spoken theme seems to be that America may find it necessary to become the Arsenal of Democracy again just as she was when free people were in the shadow of another menace.

Lend-Lease won the war against Hitler and his cohorts. Our allies would have fallen before we were ready to effectively build up America's military might, if their own power was not amplified by material sent from these shores. Moreover, the production effort required for Lend-Lease tuned our industrial power to the pitch required for our own successful entry into World War II.

If those who are in a position to know, believe that today's uncertain outlook warrants the revival of Lend-Lease; they should make it unmistakably known to Congress and to the people. The reasoning behind their opinions should be made known so that some sort of action can be accomplished before it is too late.

"Too little and too late" was a common saying in the early days of World War II; and we could easily have lost that war if our preparedness had been two years too late. Let's not make that mistake again.

WE GOT IT, NOW WHAT?
When it comes to the Palestine Problem, we Americans have only ourselves to blame for having it dumped in our laps. We asked for it.

Our politicians and our statesmen alike were prodigal in voicing their disapproval of British methods in

The Little Savage

handling the situation; not only that, our spokesmen offered quite a lot of advice on how it should be done.

The day came when Britain decided to give up the thankless task, and so we stepped forward and offered to carry the ball through the United Nations and settle everything for once and for all.

The idea of Partition was pegged together, and our quarterbacks in the United Nations carried the ball to the one-yard line. Then they learned that their opponents wouldn't count the score if it was pushed over the goal line. Those sort of tactics were bewildering, especially as the fighting in Palestine confirmed the Arabic statements that they would not give up their land even if it meant war.

So our ball club backtracked a bit; decided that while Partition was the ultimate goal, keeping the peace was the greatest need.

The United States has asked for a truce parley between the Arabs and Zionists. It would be a surprising thing if the two antagonists did sit down across the table and talk it over. It would be even more amazing (and most improbable) if something resembling a peaceful settlement came of those talks. The British have been trying

to accomplish that ever since they received the mandate from the League of Nations.

Foreign Minister Ernest Bevin might win a lot of friends over here (or would he?) if he returned all the advice on Palestine we offered him when he and his predecessors "needed" it. Surely not all of those ideas were so bad they couldn't be put to use by their originators.

WASHINGTON LETTER

By JANE EADS

Washington—Some 93,941,000 persons in the United States will be of voting age as of Nov. 1, 1948, according to estimates of the U. S. Census Bureau.

That is 10,000,000 more than were able to vote in the 1940 elections, 4,300,000 more than in 1934. It is also estimated that women will outnumber the men by 1,572,000.

Numerous organizations, including the major political parties, the CIO, the PAC, the Junior Chamber of Commerce and the League of Women Voters, are working on intensive campaigns to get out the vote.

Not only are these outfits interested in getting citizens to the polls in November, but they are working to see that people know what they are voting for. The National Board of the League of Women Voters, at its biennial convention, April 26-30, at Grand Rapids, Mich., will decide how best it may arouse citizens to help solve the crucial problems of the times. The League of Women Voters was born in 1920, on the eve of the victory of the suffrage movement. It was the result of the inspiration of Carrie Chapman Catt that there must be an organization which could help women to become intelligent voters. Miss Anna Lord Strauss, president

says: "The purpose of the League is to promote political responsibility through informed and active participation of citizens in government."

Providing citizens with accurate non-partisan information about candidates, election issues and voting procedure was a league community service early established.

Information booths for voters, questionnaires asking candidates' views, and candidates meetings were new and dramatic devices by which the league attracted community attention from the beginning. To these have been added new techniques; door-bell-ringing campaigns, sandwich boards, sound trucks, movie trailers, increased use of the radio.

Among the most popular aids to voters have been handbooks which in individual leagues have published for all-year-round use. These give facts about the machinery of government, elections and election districts; offices and names of office holders among other information.

The League works through 550 units in 35 states and represents approximately 100,000 women.

Women IN THE CHURCH

by Mary Fowler

Among the 300 foreign students from the overseas mission fields served by the Methodist Church who have been brought to the United States during the past three years for special undergraduate or post-graduate schooling, are 30 young women. These young people are now in colleges and universities in every state in the United States, on scholarships raised by the Methodist Church in its "Crusade for Christ" campaign. They come principally from China, India, Europe, South America and the Philippines. The scholarships are administered jointly by the Board of Missions and the Church's General Board of Education. The two agencies have already allocated \$1,075,000 for the education of these young people and for a smaller group to be trained in their own countries. Methodist Church leaders hope that this scholarship allocation will become a continuing missionary enterprise of the Methodist Church, and that the General Conference will authorize the raising of \$250,000 per year for this work.

The thirtieth anniversary of the founding of the Christian Medical College in Vellore, South India, is being observed this year by scores of church, missionary, medical, and nursing societies throughout the United States and Canada. The College was founded by Dr. Ida Scudder, daughter of American missionaries in India, and is now in the process of expansion so that practically all major American churches in India support its work. Almost all the Christian Indian doctors and nurses of both India and Pakistan are trained there, and it trains also large numbers of Hindu and Moslem medical workers.

Several thousand church women, representing every state and every Protestant denomination, are expected at the Fourth National Biennial Assembly, under the auspices of the United Council of Church Women (156 Fifth Avenue, New York City), to be held in Milwaukee, Wisconsin, November 15 to 18. The call to attend has been issued by Mrs. Harper Sibley, of Rochester, N. Y., Council president, to call women "who have a deep concern for the coming of Christ's Kingdom and want to share in it." A program of platform sessions, with speakers of national note, and with "workshops" on various phases of Christian advance, is being prepared.

Farmers To Take Season In Stride

By CHESTER WALSH

Pitt County farmers are wide awake on what to do during the coming season with the big reduction in tobacco acreage, if what a prominent Greenville tobacco warehouseman said today is correct. The close contact of farmers with the county agent's office, the influence of the 4-H Club boys and girls, and the inspiration to get out there in the field and work on a business-like basis, are contributing factors to what bankers, businessmen, tobaccoists and others believe is going to be a profitable farm crop year, weather permitting.

Snow, sleet and rain caused farmers to get away to a late start early in the year. They waited for snow to melt. Then for the ground to dry enough to work the fields. Then they got to work. A rise over the countryside indicates that farmers in Pitt are on time and ready for the summer's grind. Many of them are going to plant hybrid corn. Generally, they are going to plant tested seed. The more enterprising farmers are going to treat their tobacco plant beds with Fomate for Blue Mold before the killing pest takes a hold of their plants. The county farm agent's office is working co-operatively with the farmers. It has provided information about tobacco plant diseases and suggested remedies. The county agent's staff also is working in other ways with the farmers, and they are passing along suggestions that the farmer grow some small grain, provide more pork meat, and use other means to offset the tobacco acreage reduction.

Guy V. Smith, prominent tobacco warehouseman and businessman, said yesterday, "We don't have to worry about what the farmers of Pitt and adjoining counties are going to do. They are smart. They work, and when the tobacco season opens and harvest time comes for other crops, the Pitt farmers will be right out there in a satisfactory way."

Deny Submarines Seen Off U. S. Coast, Russian

London, March 30—(AP)—Tass, the official Soviet news agency, denied last night that submarines sighted off the United States were Russian.

The agency's dispatch said such reports were an "absurd and grossly slanderous invention, calculated to deceive American public opinion."

John L. Sullivan, U.S. Secretary of the Navy, told a Senate committee last week submarines had been sighted off the American coast which did not belong to any nation "west of the Iron Curtain."

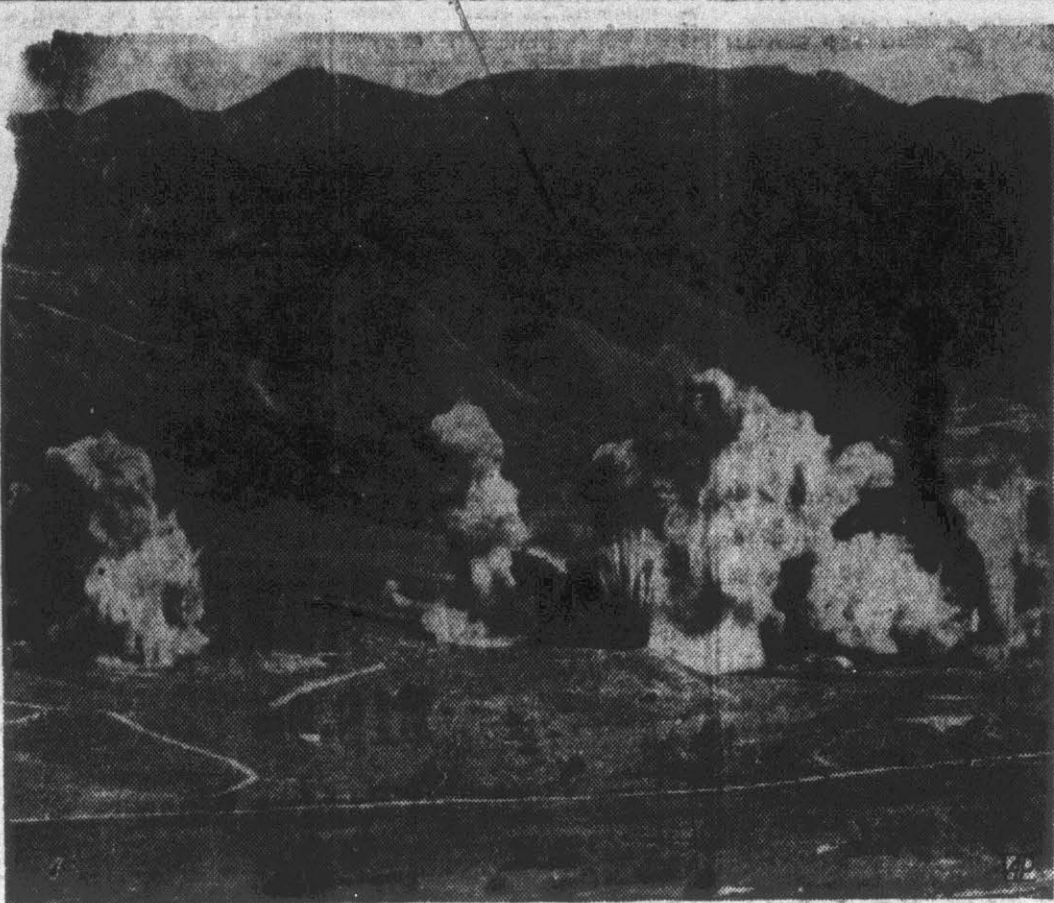

Tass said Sullivan "gave it to be understood that these submarines were Russian ones."

Marriage Licenses

The register of deeds issued marriage licenses to the following couples during the past week:

White: Charles N. Sawyer and Elizabeth Sawyer of Elizabeth City; James R. Harris and Fay Bullock of Greenville; Grover Cleveland Rice and Doris Nobles of Farmville; Richard E. Worthington and Anne D. Worthington of Winterville.

Negro: James L. Atkinson of Farmville and Sadie Ray Wilkes of Greenville; Elbert Cotten of Oak City and Emma Joyner of Hobgood; James Battle, Jr. and Dorothy L. Speight of Farmville; Arlander Langley and Kathleen Roach of near Greenville; James C. Smith and Lottie Bell Grimes of near Winterville.

CALIFORNIA BOMB BURSTS—Live 500-pound bombs, dropped by Marine fighters, explode around tanks and other military targets at Camp Pendleton, Calif. The bomb run was the conclusion of five weeks of intensive maneuvers under simulated wartime conditions.

Is On Submarine's All-Star Cage Team

Jesse T. Williams, seaman, first class, USN, of 1217 Evans St., Greenville, N.C., is serving aboard the submarine USS Sarda at New London, Conn. The Sarda is commanded by Commander Chester W. Nimble, Jr.

Williams was a member of the Sarda's all-star basketball team that compiled a season's record of eight victories in nine games. This is the second consecutive year that the Sarda quintet has captured the championship of the Naval Submarine Base, New London, Conn.

Pan-American . . .

(Continued from Page One)

and military questions. From the standpoint of the Latin American countries the economic aspect is the most important. They have come to the time when they want to develop their industries, whereas their economy thus far has been based on their role as suppliers of raw materials for the big industrial nations.

This economic urge naturally involves outside capital, and that presumably would come largely from the United States. These economic desires have met with general approval from Washington and private capital in the United States. However, America is asking that the Latin countries remove existing restrictions on freedom of action by foreign enterprises. These restrictions are hampering foreign investments which the U.S.A. would like to see. A heavy argument may develop over this at Bogota.

Another issue which is full of dynamite is the demand in important Latin American quarters for abolition of colonialism. Involved in this are the claims by Argentina and Chile to Antarctic territories which Britain also calls her own. Then there is the red hot dispute between Guatemala and England over British Honduras which Guatemala claims. Indeed, the argument involves all the colonial possessions of Britain, France and The Netherlands, including the West Indies, and such big areas as the three Guianas which now are largely undeveloped but undoubtedly possess vast riches.

All these things are likely to harass the conference, but if it achieves greater hemispheric solidarity and economic progress, it will be a vast success.

High Court Will Review Decision

Washington, March 29—(AP)—The Supreme Court agreed today to review a lower court decision which held unconstitutional the Taft-Hartley act's ban on Union political expenditures.

The Justice department asked the high court to review and overturn the decision. The department said the act represents the deliberate judgment of Congress that it is necessary to curb expenditures.

Estimates U.S. Building Needs

Washington, March 29—(AP)—The government's housing chief said today the "best estimates" are that more than 1,000,000,000 sq. ft. new houses and apartments will have to be built in cities and towns in the next 10 years to relieve the housing shortage.

In addition, Raymond M. Foley, federal housing administrator, said that "a substantial amount of houses" will have to be built in farm areas.

U.S. Zion Body Supports Truman

New York, March 29—(AP)—The American Council for Judaism made public yesterday a letter to President Truman expressing support of the United States proposal for a temporary United Nations trusteeship of Palestine.

The letter, signed by Council President Lessing J. Rosenwald, said developments since the U. N. originally approved partition have demonstrated that any attempt to enforce partition at this time would be disastrous.

NAVY "WIDOW"
London, March 30—(AP)—Princess Elizabeth is a navy "widow" now.

Her husband, Prince Philip, began a six-months course at the Royal Naval Staff College at Greenwich today. Like any other student, he must live there without his wife.

The egg-plant, probably a native of southern Asia, is closely related to the potato as a member of the nightshade family.

ESSO STANDARD OIL COMPANY ANNOUNCES

PRICE REDUCTIONS

ON MORE THAN 350 PRODUCTS

The following reductions are effective at once.

Heating Oil and Kerosene.

A special summer "fill-up" discount to September 1st of 7-10 of a cent per gallon below our regular price at time of delivery.

(NOTE: This is to accomplish a double purpose. First, it means dollar savings to our customers. In addition, it should help in the vital job of getting every oil user to have his tank full when cold weather comes. Full tanks at the start of the heating season will help substantially by lessening the effect of transportation and distribution difficulties during the winter months.)

Bottled Gas. (Propane)

A reduction of 1-2 cent per pound in cylinders to all customers.

Farm Tractor Fuel.

A reduction of 1-2 cent per gallon.

Roofing Asphalts.

A reduction of 5 per cent in all grades.

Industrial Lubricants.

More than 325 industrial lubricants, greases and cutting oils reduced by varying amounts up to 25 per cent.

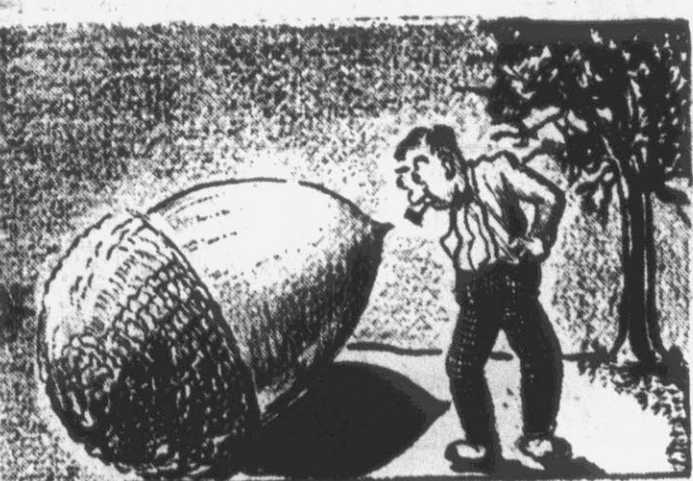

Our gasoline prices are not being reduced. These prices have been held behind the trend of prices generally and are low today as compared to prices of almost all other commodities.

Altogether, we estimate these price reductions will directly benefit more than 1,000,000 consumers of our products. Indirectly, these reductions should help to reduce the cost of living for many millions of people.

For further details, get in touch with your regular supplier of Esso products.

ESSO STANDARD OIL COMPANY

THAT'S AN OAK . . . SON!!

You thought it was an acorn didn't you? Well sometimes, in fact most of the time things are not what they seem. . . .

Take a dollar . . . it may turn out to be a home in disguise.

You save it. You save some more like it. You buy a lot. You get a loan from us and build a house.

So . . . you see a dollar is not just a dollar—it is a symbol. It stands for your future financial well-being.

Certainly it takes time for an acorn to look like an oak. Dollars do not become homes overnight—

But the time and distance is much less than you think.

Easter Party In A Hospital Room

Philadelphia, March 29—(AP)—There was an Easter party yesterday in the hospital room of seven-year-old John Gullie, who lost both legs under the wheels of a locomotive March 12.

His parents were there and the doctors and nurses who have helped him wage a slow but apparently winning battle for life.

The spirit of that party, however, went far beyond the walls of the hospital—out to 36 of the 48 states and even as far as Hawaii.

For surrounding Johnny's bed in St. Luke's and Children's medical Center were gifts of almost every size and description from well-wishers who had read of his plight as they were preparing for their own Easter observance.

Beside his bed was a 30-inch model of a sailing vessel, made by inmates at the Eastern State penitentiary in Philadelphia.

On one bedside table was a television set and across the bed on another table was a radio-record player. There were more than 50 Easter baskets filled with the things an Easter basket should contain.

There were books, clothing, a new wrist watch and hundreds of cards and letters—from Honolulu, Seattle, Louisiana, Wisconsin.

Intensify Search For Two Missing Durham Airmen

Durham, N. C., March 30—(AP)—A search for two Durham residents, missing for a week since taking off in a light plane from the Durham airport, was intensified today.

The missing airmen are Dan K. Bryan, 44, and Philip Pearson.

They were flying a Cessna 140 plane on a training flight to Monroe, La. No reports have been received since they left Durham last Tuesday.

They did not put in at Gainesville, Ga., where they were scheduled to stop for fuel and they are believed to have experienced difficulty and landed either in the South Carolina or Georgia mountains.

National Guard Battery Recruiting New Members Now

Battery C, 690th Field Artillery, North Carolina National Guard, organized in Greenville last October, now has three officers and 36 enlisted men. The battery quota is four officers and 84 enlisted men. The artillery unit drills at the armory, next to the Courthouse, on Wednesday nights at 7:30. Capt. J. E. Tyndall is the commanding officer. Clay A. Burnette of Greenville and Francis Joyce of Farmville are lieutenants, and Sherman Parks of Greenville is first sergeant.

Officers and members of the battery receive regular army pay for drilling. They also receive army pay while in camp. The battery will go to camp at a military reservation sometime in July.

The officers extend an invitation to young men of Pitt County to enlist in Battery C.

HONOR U.S. WAR DEAD—U.S. soldiers fire a salute over Nettuno, Italy, cemetery near the Anzio-Nettuno beach-head site. This was the inaugural ceremony opening repatriation of more than 20,000 U.S. casualties buried in Italy.

Fertilizer May Get Priorities

Washington, March 30—(AP)—Government officials met today to discuss the possibility of putting fertilizer on the list of "musts" that can be hauled during the current railway service curtailment.

Rep. Riley (SC) last night announced that he had held conferences with Interstate Commerce Commission officials and they assured him they will reconsider items that may be added to the "critical list" during the restricted hauling period resulting from the coal mines shutdown.

Riley told a reporter that the country will have a crop shortage unless fertilizer is hauled during the planting time. The congressman said states like South Carolina, where crops are being planted, must have fertilizer or expect small crops.

J. Monroe Johnson, director of defense transportation and a native South Carolinian, ordered coal-burning freight service cut 25 percent effective today except for coal and essentials such as seed, food and medicine.

Begin Removing Body Dead Whale

Manteo, N. C., March 30—(AP)—Norfolk, Va., firm today started removing a 45-foot whale which washed ashore near the Wright Memorial monument on Kill Devil Hill here last night.

The whale, dead and adrift off the Virginia-North Carolina coast for a week, had been sought by several boats since it was first sighted by a ship last week. Coast Guardsmen expressed the belief that it had been killed when hit by a ship.

The Norfolk Tallow Company was permitted by the Coast Guard to claim it.

IN ANCIENT DRESS—A late model automobile is a modern backdrop for two youngsters who wear traditional 18th century finery for a festival on Paris' Champs Elysees.

\$30,000 Damages Negro Orphanage

Oxford, N. C., March 30—(AP)—Damage to a two-story brick dormitory at the N. C. (Negro) orphanage, which was razed by fire yesterday was placed at \$30,000 today.

Orphanage Superintendent T. A. Hamme said the fire apparently started on the second floor and quickly spread through the entire building. Its cause was undetermined.

All 32 children who occupied the dormitory escaped injury.

Tribute To Medical Men 'Doctors' Day'

By CHESTER WALSH

Today—March 30—is nationally observed as "Doctors' Day." The day was set apart many years ago through the suggestion of a wonderful woman who believed that people would rejoice in the privilege of pausing for a moment in silent or other tribute to the brave men and women of the medical profession whose records team with the spirit of the Good Samaritan. In war and pestilence, in peace and prosperity the doctor makes his unending rounds of service for the benefit of humanity. On this day each year special tribute is paid to the country doctor whose life is a daily sacrifice and a labor of love of his fellow-man.

In many places throughout the nation public exercises are held each year in honor of the world's best servers—the medical doctors. In this county today, the Woman's Auxiliary of the Pitt County Medical Society gave testimony of appreciation of the good that the doctors are doing when the members presented each member of the medical profession flowers with inscriptions in tribute to their unselfishness and devotion to duty.

Mrs. Davis L. Moore is president of the auxiliary here.

Mrs. Lucy Clark's Funeral Held Today

Mrs. Lucy Clark, 78, died Sunday afternoon at 3:30 o'clock at the home of a son, Robert Clark, near Simpson. She had been ill for the past three years.

Mrs. Clark, the former Lucy Perry, was born at Old Ford February 25, 1870, daughter of the late Cornelius and Martha Latham Perry. She was a member of the Old Ford Christian Church. Surviving are her husband, Henry Clark and six

Numbers, Names Will Lead Way From Wilderness

By CHESTER WALSH

Residents of Greenville and visitors in the city will have an easier time finding a home, apartment house or some other place when they come to town after James N. Farrow, civil engineer of Raleigh, who was employed by the Greenville Board of Aldermen to make a map of the city, showing each dwelling place of business and vacant lot in Greenville, completes his job. The engineer has done his surveying, assembled his material for a map and now is in Raleigh working on it. He will shortly submit it to the aldermen, Mayor Jack Boyd said today.

Barney Ross Is Joining Up For Palestine Fight

New York, March 30—(AP)—Bar-
ney Ross, former boxing champion
and Marine Corps hero, has joined
the George Washington Legion, an
organization of American volunteers
recruited to fight for the Jewish
state in the Holy Land.

The 30-year-old Ross held the
lightweight, junior welterweight,
and welterweight titles before serv-
ing in the Pacific area with the
marines. On Guadalcanal, he won
the Silver Star and presidential
citation for gallantry.

"It's high time something should
be done for our people in Palestine,"
Ross said yesterday. "Jews can't
hope to be at ease here if there is
unrest over there. I'm ready to
leave immediately if so ordered."

More than 1,000 men, mostly
World War II veterans, have volun-
teered in the last 10 days. Maj.
Samuel Weiser, commander of the
Hebrew Legion in England, said.

Ancient Wisteria And Japonica At The Ed Raul Home

By CHESTER WALSH

Spring flowers spread an almost
unending panorama of beauty in
Greenville and on the suburbs. A
trip over the city is a sightseeing
tour worth making to inspect beau-
tiful yards and gardens. Along roads
and highways yellow jasmine is now
in full profusion of bloom, and
other spring flowers contribute to
the floral picture. The college
grounds is a fairland of flowers.

There is a giant japonica tree in
front of Mr. and Mrs. Ed Raul's
home, Second and Pitt Streets,
which is one of the sights of the
city when in full bloom. This japonica
shrub was planted by the late
Mrs. W. J. Cowell, Miss Martha
Lee Cowell's mother, at the old
Cowell homeplace. On the southern
side of the Raul home is a spread-
ing Lady Banksia yellow rose bush
which covers that side of the house.
It is now beginning to blossom into
rich gold yellow and diffusing its
refreshing fragrance. The vine is
like woven tapestry. Its greenery is
rich and soothing.

On the western side of the Raul
home is a wisteria vine which is
more than half a century old and
in full bloom now, a massive jewel
in the noontday sun.
Greenville is the "garden city."

Oilers, 'Cats On Olympic Squad

New York, March 30—(AP)—The
Phillips Oilers of Bartlesville, Okla.,
and the Wildcats of the University
of Kentucky will furnish 10 of the
14 players on the basketball squad
which goes to London this summer
to represent the United States in
the Olympic games.

In addition, the National AAU
and NCAA titholders, who shot
their way to the finals of the U.S.
Olympic tryouts at Madison Square
Garden last night will meet in an
exhibition series later this year to
help pay expenses of the trip to
the British capital.

Bartlesville flattened the Denver
Nuggets, 69-40, while Kentucky
whipped Baylor University, 77-59, in
the semi-finals. Both victories fol-
lowed the pattern set by the same
teams in the recent finals of the
national AAU and NCAA tourna-
ments.

America's Olympic cage squad will
not be selected officially until to-
morrow night after Bartlesville and
Kentucky clash in the finals of the
tryouts and Denver and Baylor meet
for third place.

The U. S. Olympic Basketball
Committee has invited the Bartles-
ville and Kentucky coaches to rec-
ommend five men each for the Amer-
ican squad, however, and Adolph
Rupp, Wildcats mentor, said last
night he would submit the names of
his regular starters.

Golf Title Play Starts April 8 On Local Links

The annual championship match-
es will be held at the Greenville
Country Club beginning Thursday,
April 8, with qualifying deadline of
April 6. All players are urged to
turn in their qualifying score by
next Tuesday, April 6, according to
Reynolds May, club president. The
top sixteen scores will go into the
championship flights and the remain-
ing will go into flights of eight
each. Many valuable prizes have
been selected by the tourney com-
mittee for the more than a hun-
dred golfers expected to compete.

The undefeated Greenville golf
team will travel to Kinston tomor-
row where it will seek another vic-
tory to protect its first place stand-
ing in the Coastal Golf Association.
Kinston is in second place, having
won two and lost one. All golfers
are urged to be at the Kinston club
house by 12:30 for lunch.

Serving On Tanker

James R. Acree, shipfitter, third
class, USN, brother of Joseph Acree
of Greenville, N.C., is serving aboard
the tanker USS Elkomon.
Acree entered the naval service
Sept. 19, 1944.

**ONLY ONE
MORE DAY**

**The Most Unusual Offer
Ever Made In The
Tire Business!!**

YOUR MONEY BACK IF Super-Cushion TIRES
DON'T GIVE YOU THE SOFTEST RIDE YOU'VE EVER HAD!
YOU RIDE... THEN YOU DECIDE!

Due to the demand for Super-Cushion
tires we are able to make this unusual
offer for only these few more days. Come
in — we'll put a set of Super-Cushion
tires and tubes on your car. Drive it for
one week. Then, if you don't agree they
give you a softer ride than any tire

you've ever owned, we'll replace your
old tires and tubes and give your money
back. Super-Cushion is a remarkable
new kind of tire. Bigger, softer than con-
ventional tires and runs on only 24
pounds of air pressure. It is so superior
that we can afford to make this amazing
offer.

Super-Cushion
TIRES BY
GOODYEAR

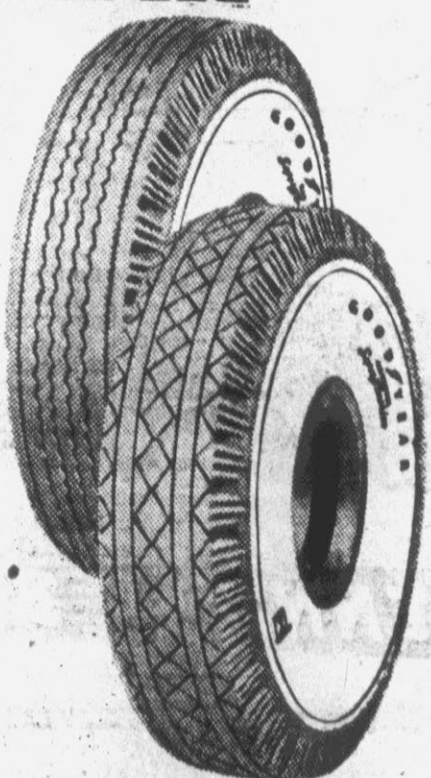

Super-Cushions give you a remarkable new
ease in car handling. Your car hugs the
road, seems to float through traffic, to flow
around curves.

Super-Cushions soak up crosswise jolts, soak
up vibration. Results: less driving fatigue,
less wear and tear on your car, fewer rattles,
fewer repair bills.

Super-Cushions consistently average more
mileage than the best standard tires. More
— they make small cars ride like big ones
... big cars ride better.

Super-Cushions run cooler; and because
they're softer they "roll with the punch",
are harder to cut, bruise or blow out.

Arrange for a Super-Cushion trial on your
car today.

MILLIONS OF SUPER-CUSHIONS ARE NOW IN USE ON NEW AND OLDER CARS

Graziano's Bout Brought About By NBA Official

Washington, March 30—(AP)—If Middleweight Champion Rocky Graziano beats Sonny Horne here next Monday night, he should credit an assist to Col. Harvey L. Miller.

For if it hadn't been for Miller's persistence, the fight—a ten-round non-title bout—might not have been scheduled at all. And Graziano would have stayed where he was—in the very back end of boxing's doghouse.

Miller is executive secretary of the National Boxing Association. He also is an old marine, with 19 years active service and 30 years in the reserve.

As for Graziano, first, he was barred in New York for failing to report a bribe.

Second, he was barred in Illinois because he once went A.W.O.L. when in the Army.

Now he is barred in 15 states, and in Miami, Fla. Several other states have refused to take a stand. They say they will wait until Graziano asks for permission to fight in their states before they rule.

But this record didn't stop Miller. "It seemed to me," he told a reporter today, "that the problem was threefold."

"First, strictly from a boxing standpoint: He was the champ, and the champ ought to lose his title in the ring."

"Second, strictly from a military standpoint: He had served his time at the Army Rehabilitation School at Fort Leavenworth, Kans. They taught him to box there; it was part of his rehabilitation."

"The way I figured it, he had paid his debt-in full."

"Third, from the kid's standpoint: It seemed to me to be plain, simple justice to give Graziano another chance. After all, what did he do? He ran away from the Army after he had been in for only five days, before he even had a uniform."

"They sent him out to pick up orange peels, and he went home."

Continued Miller: "Well, after he was barred, he came down here and talked to the District of Columbia Boxing Commission. He laid his cards on the table—told us everything."

"If there ever was an underprivileged kid, I guess that kid is Graziano. He was raised down on the Lower East Side in New York, and five of the ten Graziano kids died from what must have been malnutrition."

"Graziano himself was fingerprinted the first time when he was nine and a half years old. Imagine that! I saw the tiny little fingerprints. Caught his stealing a bike."

The colonel sighed. "I served in the South Pacific, and nobody wishes more than I that every boxing champ had a helluva fine war record. But you've got to take 'em where you find 'em."

"Incidentally, Horn may win Monday night. He's been a busy boxer lately, whereas Graziano hasn't fought in ten months."

"But win or lose, Graziano will have had his chance."

After Number Five

Tampa, Fla., March 30—(AP)—The Cincinnati Reds go after their fifth straight exhibition victory today, playing the Philadelphia Phillies.

The Reds snapped the St. Louis Cardinal winning streak yesterday behind the six-hit pitching of Walker Cress and Kenny Raffenberger, 4-2. Bobby Adams, second baseman, got three singles in four trips.

At the same time, the Philadelphia Phillies won their fourth straight exhibition game, beating the Cincinnati Reds, 3-1.

The Phillies' victory was aided by a six-hit performance by pitcher Art Houtteman, who pitched a 7-4 win over the Philadelphia Phillies, going the distance and giving Detroit ten wins against 11 defeats.

INSTRUCTION FROM PAST MASTER—Peter Reiser (right), Dodger's outfielder in 1947, gets pointers on covering first base from George Sisler (left) at Vero Beach, Fla. Sisler, considered one of the greatest first basemen of all time, now is a Brooklyn coach. Watching is Duke Snider, who was sent up from the Dodgers training camp with Reiser for special training.

Feller Is Through Aiming For Strikeouts, He Says

Leading League

New York, March 30—(AP)—The Cleveland Indians sport the best record among American League clubs in the "Grapefruit" League play today while the Brooklyn Dodgers continue to set the pace in the National League.

Cleveland won six of seven starts during the week to take over first place from the New York Yankees who won only two out of six games and repped to third.

The Indians have won 12 out of 17 starts for a .706 percentage. The Philadelphia Athletics with a 9-4 record are second with .692 and the Yankees third with .682.

Brooklyn has won all of its 14 starts for a perfect 1.000 mark. However, the Brooks have not yet played a major league opponent.

Yacht Wins All First Prizes In Race To Havana

Havana, Cuba, March 30—(AP)—The Windjammer II, a 76-foot yacht from New Orleans, won all available first prizes in the first big race.

While judges awaited arrival today of remaining craft in the 21-boat field which left St. Petersburg, Fla., at noon Saturday, the Windjammer's work was ended.

It streaked past the finish line at Morro Castle, at the entrance to Havana harbor, in a rainstorm at 4:40 a. m. yesterday. It was far ahead of the field. It won one trophy for being the first to arrive, another for the best time in the entire fleet, a third for the best time in its class a division.

The yacht was completed last year, just too late for the 1947 race. Second in the fleet was the Blue Heron of E. A. Link, of Gananogue, Ont., and third was Stormy Weather, owned by Fred Temple, Toledo, Ohio.

Braves' Outfield Not Very Strong

Bradenton, Fla., March 30—(AP)—If the Boston Braves win the pennant this year, they will do it without an outfield which is particularly strong defensively.

That would be a rare situation, indeed, and Manager Billy Southworth probably is quite aware of it. His club has good power, a fine infield if Alvin Dark comes through at short good catching, and two of the best pitchers in the business in Warren Spahn and Johnny Sain.

The outfielders are not refugees from wheel chairs, but they aren't Joe DiMaggio or Terry Moores, either.

In left field Southworth has the unpredictable Jeff Heath to play when right handers are pitching, and Danny Litwhiler to play against left handers. Heath is 32, give or take a couple of days, and Litwhiler is a year younger. Neither covers an astonishing amount of ground out there.

Jim Russell is a fair centerfielder, and Southworth probably will keep Clint Conatser, a youngster up from Buffalo who has been hitting fast ball pitching well this spring.

Tommy Holmes, not renowned as a speed merchant, will be in right field, apparently all by himself. Holmes is swinging for the fences this year after a couple of years of hitting for percentage, and the results are awaited with interest. He hit 28 home runs in 1945 when the pitching was war quality, then dropped off to six and nine, respectively, the last two years.

If all the oil wells drilled by U.S. oil companies in 1947 could have been placed end to end, they would have passed through the earth two and one-half times.

West Palm Beach, Fla., March 30—(AP)—The Philadelphia Athletics would have a good start toward the American League pennant if Grapefruit League competition counted as the real thing.

The A's won their sixth straight exhibition contest yesterday, beating Toronto of the International League, 5-4. Hurler Carl Scheib helped his own cause by singling Eddie Joost home in the sixth inning.

At the same time, the Philadelphia Phillies won their fourth straight exhibition game, beating the Cincinnati Reds, 3-1.

The Phillies' victory was aided by a six-hit performance by pitcher Art Houtteman, who pitched a 7-4 win over the Philadelphia Phillies, going the distance and giving Detroit ten wins against 11 defeats.

The Phillies' victory was aided by a six-hit performance by pitcher Art Houtteman, who pitched a 7-4 win over the Philadelphia Phillies, going the distance and giving Detroit ten wins against 11 defeats.

Physician Will Examine Ezzard Charles' Back

Easter Parade Drunks Monday In Police Court

By CHESTER WALSH
Thirteen persons were in the Easter Parade before Judge J. W. H. Roberts in Police Court Monday morning on charges of being drunk. The line of march follows:
Carey Atkinson, colored, \$15; Herbert Ross, \$15; Robert Harrington, colored, 30 days in jail; Odell W. Chambers, colored, \$15; Clyde Scott, \$15; George Heath, \$15; William H. Skinner, \$15; Dave Creech, 30 days in jail; Herbert Dixon, colored, \$15; Sylvester Vick, 15; Guilford Burton, colored, \$15; Gene Gibbs, two charges, drunk and disorderly and profane language, 30 days in jail on each charge; William S. Chapman, \$15.
Assault: Raymond Garrow, \$15; Frank J. Anderson, colored, not guilty; Edward J. Elks, paid \$1 on costs.
Assault on a female: Jasper Ray Garris, colored, 60 days in jail.
John Clark, colored, was not guilty of trespass and assault with a deadly weapon.
Non-support: Conway Richardson, colored, ordered to pay \$5 a week to welfare office, and court costs and he was placed on probation for five years.
Reckless driving and insufficient brakes: Bruce E. Smith, \$15.
Speeding: Lester W. Briley, \$20.
Robert L. Moringo, assault with a deadly weapon, \$25 fine and 60 days in jail, capias not to issue outside Greenville. He is allowed to visit the unemployment office once a month.
Assault with a deadly weapon: Isaac Spruill, colored, six months on the road; Fagan Grimes, Jr., colored \$50.

ARTILLERY BATTERY WILL RECRUIT NEW MEMBERS
Battery C, 690th Field Artillery, North Carolina National Guard, will have open house at the armory Wednesday night from 7 to 9:30 to enlist new members. Capt. J. B. Tyndall and the other officers and enlisted men will be there to answer questions. Young men of the county are invited to join. The public is invited to visit the militiamen.

Three times more men have coronary heart trouble than women.

BELL MAKING IN BELGIUM—Here are three steps in the manufacture of a cathedral bell at Causard's Bell Foundry at Tella, Belgium. Left: A workman puts clay on an exterior mold. The interior and exterior molds are then filled with metal to cast the bell. To prevent the casting from splitting when the molten metal is poured in, the exterior mold is buried in earth. Center: A bell is polished with an electric buffer. This device is one of the few pieces of modern equipment that have been added to the foundry since 1830. Right: A craftsman tests the newly-cast bell for tone and pitch by striking it and holding a tuning fork. The bell, weighing more than 3,600 pounds, was engraved by a special process during the casting.

Army And Rebels Locked In Battle

Athens, March 30.—(AP)—Greek army troops were locked in battle today with a large force of Guerrillas in the crucial mountains area about 42 miles north of Salonika, military officials announced.
A dispatch from Salonika said Col. Temple G. Holland of Dallas, Tex., chief of the joint U.S. military advisory planning group with the Greek Third Army Corps, and Gen. Theodore Grigoropoulos, Third Army Commander, had gone to the area to observe operations.

Use of cotton for bags decreased in the United States from 820,000 bales in 1943 to 440,000 bales in 1946 owing to the return of burlap to the market and increased use of paper bags.

Will Ask UN

Lake Success, March 30.—(AP) Warren R. Austin was prepared to ask the United Nations today to order a truce in Palestine. The chief United States delegate also has a resolution in his pocket calling for a special session of the U.N. Assembly on the Palestine problem. His aides said both proposals were ready for presentation to the Security Council this afternoon.
Austin was under direct instructions from President Truman to press for council backing on the cease-fire proposal.

German Grateful For Gifts From Winterville Man

By CHESTER WALSH
The Daily Reflector printed a letter from a former German soldier, in the United States zone of Germany last September which he had addressed to the burgomaster (mayor) of Greenville, soliciting assistance in the way of clothing.
A Winterville man, Ralph C. Crawford, who is employed at the Greenville Equipment company, on Dickinson avenue, responded to the German's appeal and sent him a pair of good quality work shoes and several pairs of socks and wrote him a letter.

Yesterday Crawford received a letter of thanks from Edwin Rossmann, 16 Muhlen, M. Krumm, Hessen, U. S. Zone, Germany. It follows:
"Dear Mr. Crawford: I thank you for the assistance you gave me by sending me shoes and socks. Your letter gave me new hope and faith, though our politics are quite different. You know that we have not yet a peace treaty two and one-half years after the armistice.
"Here in Europe, we live in misery and ruins, but we will not lose our faith in God. If it is possible for you to help me, please send me trousers (knitting wool, yarn or cotton), razor blades, shaving cream and soap, and maybe some fat, dried whole eggs or powdered whole milk, too. I thank you for the assistance. Yours sincerely, Edwin Rossmann."

Greenville Men At Federal Home Loan Bank Convention

Judge Dink James, president A. C. Tadlock, secretary-treasurer, M. K. Blount and J. A. Collins, directors, of the First Federal Savings and Loan Association of Greenville, attended the 15th annual stockholders' meeting of the Federal Home Loan Bank of Winston-Salem in Winston-Salem March 24 and 25. About 300 members were present from the entire district of the Federal Home Loan Bank of Winston-Salem which includes Alabama, District of Columbia, Florida, Georgia, Maryland, North Carolina, South Carolina and Virginia. The meeting was timely, with current events concerning the savings and loan business.
Col. O. K. LaRoue, of Winston-Salem has been appointed to the U. S. Home Loan Bank board by President Truman for the term expiring June 30, 1949. Col. LaRoue is president of the Federal Home Loan Bank of Winston-Salem and he will be a great asset to the Federal Home Loan Bank board.

Chinese Require Own Interpreters

Nanking, March 30.—(AP)—Chinese asked for interpreters today so they could learn what other Chinese are saying at the National Assembly meeting.
It's a matter of dialects.
One Cantonese delegate tried to make himself understood by northerners who speak Mandarin. That brought the official interpreter.
Not all the delegates understood the interpreter.

Further Inquiry Into Soviet Aid

New York, March 30.—(AP)—Rep. Ross Ritzley (R-Okla.), chairman of the House Surplus Property committee, announced today through investigators here that he will subpoena secret letters of a protocol drafted by President Roosevelt giving Russia huge amounts of war material.
Ritzley's statement was issued through Paul P. Morrison, chief investigator of the committee. It said that the committee wanted the letters to determine what U.S. surplus property was involved.
Yesterday Ritzley, who is in Washington, dispatched additional investigators to New York to investigate an anonymous tip that U.S. tanks and anti-aircraft guns have been shipped to Russia.

George Quinn, counsel for the committee, said then that the letter stated the anti-aircraft weapons were boxed and labeled as machinery. He added that he didn't put much stock in the tip, but that "we are not overlooking any angles on the leakage of potential war materials from this country to Russia and her satellites."
Through Quinn, Ritzley released this statement here:
"That I want to know is how long Russia continued to receive these supplies after the war ended.
"The Roosevelt protocol, certainly indicated Russia was slated to get our war material—billions of dollars worth—long after V-E Day.
"The time was practically over when the fourth protocol was issued. Why was it issued? Even the Army and Navy chiefs of staff protested we were dangerously arming Russia."

Conference . . .

(Continued from Page One)
he arrived here yesterday. One set read "Heil Marshall" and was decorated with Nazi swastikas. It was the only Communist manifestation.
A heavy guard was thrown around the presidential palace as delegates arrived. Officials said they feared a possible Communist demonstration.

BICYCLES ON SIDEWALKS
A bicyclist riding on the sidewalk on Albemarle Avenue yesterday afternoon collided with a woman and knocked her down and painfully injured her when she stepped out of the door of the College View Laundry. A similar accident occurred on another street the day before. The law prohibits riding bicycles on sidewalks.

House Votes . . .

(Continued from Page One)
written in would be rather innocuous, so we will go along."
Until the Foreign Affairs Committee considered the Spanish question this morning, House leaders had figured the vote could go either way.
They pushed the accelerator to the floor in what Republican leader Halleck (Ind.) called a "reasonable effort to try to finish the bill by tonight."
With that in mind, the House was called into session two hours ahead of the usual noon (EST) meeting hour.

Rotarians Elect Officers For The Coming Year

By WYATT BROWN
The Greenville Rotarians elected Ernest L. Willard president and E. S. Webb vice president for the coming year last night. Four new members of the board of directors were also elected: Leon Roebuck, R. W. Tyson, Ty Wagner, and S. T. White. Wendell Smiley was re-elected secretary and the treasurer and Lawrence A. Stroud was re-elected also.

In addition to the elections the club heard four members tell "who, what and why" about themselves. The four were: Leon Roebuck, L. A. Stroud, Dr. Stonewall Jackson Phillips and Kenneth Allen. It might be stated that Lawrence Stroud was called upon not because he was a new member needing to let more members know about himself, but because he is actually a charter member of the Rotary club. It seems he has recently been in Florida and some matters about the sojourn—but he would not talk about it "in Greenville," he said. Such a statement thickened the plot a bit. Anyway, it all looked like a plot hatched by some of the fellows he has dealt with in the course of his duties as Sergeant-at-arms.

All three of the others telling "who, what and why" seemed vague on the why but certain of who. The "what" involved school and jobs, the prettiest girl in the world and beautiful babies. Jack Phillips, Phillips county health officer, hit an all time high for honesty—the local doctors may run to cover temporarily—when he told why he chose public health. It seems he decided that keeping people from being sick was more honest than prescribing medicine for the sick and sitting by taking credit while nature took its course.
Guests of the club last night were Herbert Waldrop, Jr., and J. B. Kittrell, Jr. In the absence of president Bob Bradshaw, Ernest Willard, vice president, presided. The program was presented by Roy Martin, chairman of the program committee.

Strawberry Crop Hit Again By Damaging Frost

Wallace, N.C., March 30.—(AP)—North Carolina's commercial strawberry crop was struck by frost last night for the second successive time.
Dr. Charles Dearing, director of the state's coastal plain experiment station, said that it was too early to assess damage from last night's frost but that the cold night before killed about 10 percent of the Blakemores, an early variety of strawberry, and about two percent of other varieties.
Dearing said that before the frost struck the section had "the heaviest bloom I ever saw" and prospects for a fine crop.
"I think in spite of this frost we're going to have a good season," he said. He explained that the cool weather may serve to prevent the berries from ripening at one time and thus might prevent "overloading the market."

Phillips' Fate To Be Known Soon

Raleigh, N. C., March 30.—(AP)—Governor Cherry said today that he expected to reach a decision tomorrow on the fate of Charlie Phillips who is scheduled to die in the gas chamber Friday for murder.
