

Considerable cloudiness and continued warm tonight followed by clearing and slightly cooler Friday.

Truman Requests Air Force Funds

Asks Congress For Immediate Appropriation \$735 Millions To Expand Air Arm; House Appropriations Group To Meet And Consider Request

Washington, April 8—(AP)—President Truman asked Congress today for an immediate appropriation of \$735,000,000 for expansion of the air forces.

The House Appropriations committee, to which the President's request was directed, called a special meeting for this afternoon to consider the request. It plans to report to the House next week a bill carrying the new funds.

The additional money is for use during the fiscal year starting July 1.

The President last week notified Congress that such a request would be forthcoming. It is part of an additional \$3,000,000,000 to be sought for overall defense purposes for the next fiscal year.

Of the \$735,000,000 requested, \$195,000,000 would be in cash and \$540,000,000 in contract authorizations for which cash must be furnished later.

The army air forces would receive \$135,000,000 of the new cash and the naval bureau of aeronautics \$60,000,000.

The bigger-and-better air force drive temporarily has shifted aside plans for universal military training. The aerial expansion program moved forward in both House and Senate as lawmakers sought to balance manpower and money demands and yet provide the speediest and most effective national defense.

These were the developments:

1. The House Appropriations committee hauled a \$735,000,000 air force bill onto the legislative runway with assurance from Chairman Tabor (R-N.Y.) of a fast takeoff. Tabor assigned top priority to this item in the \$3,000,000,000 asked by President Truman to augment the \$11,000,000,000 already budgeted for defense. The extra air force funds are for aircraft purchases, research and development.

2. Rep. Chason (R-Mass.) announced his armed services subcommittee would begin hearings on legislation to expand the air force from 85 to 100 combat groups.

3. The Senate armed services committee weighed a "formal request" by Secretary for Air Symington for a 70-group air force.

Members of the Senate committee confided after the closed door session yesterday that they are considering linking the air force expansion with a temporary draft. They indicated UMT action would be delayed for the time being.

Senator Maybank (D-SC) told a reporter: "I think we can work out a plan for the 70-group air combat plan without it being too much."

And Senator Ford (D-Va.) said he will support such an increase if an extra \$1,800,000,000 will cover the cost. He said the armada plan "is something Russia will understand more than anything else."

Another Damage Suit Filed Over Texas City Fire

St. Louis, April 8—(AP)—A \$50,000,000 damage suit will be filed at Galveston, Texas, today against the United States Government by the Monsanto Chemical Company.

A company spokesman said the suit will charge that government negligence in failing to insure proper handling of an explosive was responsible for the disaster at Texas City, Texas, a year ago.

Monsanto's Texas City plant was wrecked in the succession of explosions which started aboard a freighter in the harbor. More than 500 persons were killed and about 3,000 injured.

Coal Strike Problem

An Analysis Of What Has Been Done And What Will Be Done In The Case Of John L. Lewis; Background; Showdown On Monday; What's At Stake; Review

By JAMES MARLOW

Washington April 8—(AP)—Lewis will try to unseat John L. Lewis in case up to date. It's moving to a showdown Monday.

To understand what's happened and what will happen, keep these three key points in mind.

1. The cause of the coal mine shutdown—pensions. After eight months of arguing Lewis and the mine owners couldn't agree on miners' pensions.

2. On March 12 Lewis told the miners the owners had "dishonored" their working contract. The miners quit March 15. They haven't been back since.

3. The big question: Strike or no strike? Lewis argues that the miners are not striking. He says they're simply not "willing" to work.

He says they have the right to stop because their contract says they must work only when they are "willing." That's in the contract.

4. The Taft-Hartley labor law: Lewis hates it. Passed last summer, it says that when the President declares a big strike threatens the public welfare, then—

He must appoint a board of fact-

Russian Marshal Asserts British Report 'Slander'

Turns Down Bid For Air Crash Probe; Warns May 'Protect' Air Traffic

Berlin, April 8—(AP)—Marshal Vasily D. Sokolovsky today blamed a British traffic violation for Monday's Russian-Soviet plane collision. The Russian military commander said that unless he was assured British planes will observe four-power flight rules, he intends to "take measures for the protection of the safety of air traffic over the Soviet occupation zone."

He turned down the idea of a four-power investigation of the crash, which occurred on Berlin's outskirts and killed 15 persons. He favored an inquiry by a Soviet-British commission.

Sokolovsky stated his position in a reply to communications on the crash from his British counterpart, Gen. Sir Brian Robertson. He described the British version of the accident as slander. His letter was published in Tagliche Rundschau, official newspaper of the Soviet military administration.

The marshal's letter reversed the position he took Monday after the accident. At that time he expressed regret and assured Robertson the Russians did not intend to interfere with flights down the allied air corridor to Berlin.

His communication was the latest interchange between Russia and the Western powers since the Soviet military administration instituted rules April 1 restricting allied railroad traffic through the Soviet zone between Berlin and the western zones.

Western sources have interpreted these rules as an attempt to squeeze the Western Allies out of Berlin. The Russians have agreed to a four-power meeting to clarify the restrictions, but no date has been set.

Railroads And Unions To Meet On Pay Dispute

Chicago, April 8—(AP)—Representatives of the nation's railroads and three operating brotherhoods will meet in Chicago next Wednesday in another attempt to resolve their wage dispute and avert a strike.

General chairmen of the engineers, firemen and engine men, and switchmen, who rejected recommendations of a Presidential fact-finding board, had requested the meeting.

The carriers accepted the board's findings of 15 1/2 cents an hour wage boost and changes in some working rules. However, they agreed yesterday to meet with the unions to discuss the panel's report.

The unions, which had asked a 30 per cent pay hike, have stipulated they will negotiate until April 27.

Expect Complete Case In Treason Trial Today

Boston, April 8—(AP)—The government expects to complete presentation of testimony today against Robert M. Best, former American newspaperman, charged with treason.

Prosecutor Tom De Wolfe indicated, however, he would reserve the right to call Edward Sittler, one-time associate of Best's in Germany,

later. Sittler is now under hospital treatment for mumps.

Best, a former resident of Sumter, S. C., is accused of broadcasting Nazi propaganda from Germany during the war.

A doctor informed the court yesterday he would be able to give a more definite decision on Sittler's condition tomorrow.

Federal Judge Francis J. W. Ford considered the possibility of taking the jury to the hospital to hear Sittler's testimony, but finally decided against it. He said it might expose the 14-man panel to contagion.

A group of German witnesses, including an Austrian princess, testified yesterday that Best worked as a news editor and commentator for the Berlin short wave station during the war.

Princess Sofia Zur Lippe-Weissenfeld, said she once observed Best cutting records in a Vienna studio for later broadcast from Berlin.

Other German witnesses who worked as translators identified Best as a co-worker. Most of them said the defendant was anti-Nazi, anti-Semitic, and anti-Communist.

A recorded voice, described by the government as Best's, again sounded through courtroom loudspeakers. It urged Americans to vote for Best as a protest against "the betrayal of America to the kikes by America's renegade No. 1 Franklin D. Roosevelt."

AIR ROUTE TO OPEN

Winston-Salem, N. C. April 8—(AP)—A Wilmington, N. C. April 8—(AP)—A route will be launched by Piedmont Airlines on April 15th, it was announced here yesterday.

The board finally reported to Mr. Truman that Lewis' letter of March 12—three days before the miners stopped work—had "induced" them to stop. Still the miners didn't go back.

On April 9 government lawyers got a federal judge to issue a temporary order—called a restraining order—telling Lewis and the miners to go back to work.

This order was to be in effect 10 (Continued on Page Five)

Figures In Wisconsin Republican Vote Upset

Wisconsin voters went to the polls Tuesday to call the turn on these three Republican presidential candidates in a primary to select 27 state delegates to the Republican National Convention. Left to right: Harold E. Stassen, former Governor of Minnesota; Gov. Thomas E. Dewey of New York; and General Douglas MacArthur. Election results to date indicate a landslide for Stassen. (AP Wirephoto).

Many Idled Due To Coal Walkout

Industries Dependent Upon Coal Especially Hard Hit

Pittsburgh, April 8—(AP)—A state-by-state check today revealed at least 562,000 workers were idle in the 25-day-old soft coal walkout.

The bulk of these were members of John L. Lewis' United Mine Workers—400,000 in the soft coal fields demanding \$100 a month pensions and nearly 25,000 eastern Pennsylvania anthracite miners who walked out this week in sympathy.

The other 137,000 were in related industries crippled by the continuing coal shortage. At least 70,000 railroaders were full-timed together with 45,000 steel workers.

Iron Age estimated that by the end of this week the coal walkout will have caused the loss of 600,000 tons of steel.

Pennsylvania had the largest number idle in related industries—about 25,000 not including the anthracite workers. Bethlehem Steel took the brunt of the cutbacks with 22,500 workers laid off at its Bethlehem and Johnstown plants.

Illinois listed 18,000 to 20,000 workers made idle.

West Virginia had 17,000, Alabama 13,500, Ohio and West Virginia 11,600, New Mexico 11,000, and Maryland 8,000.

Letter Campaign For Eisenhower

Denor, N. C. April 18—(AP)—One hundred thousand North Carolinians will be asked to send letters to Gen. Dwight Eisenhower that he accept draft as a Democratic Presidential candidate.

Tom Broughton, Lenoir insurance man, said the "Veterans for Eisenhower" organization in Washington had appointed him to take care of the mailing in North Carolina. The letters, to be distributed soon, are similar to the wartime draft "greetings."

Hunt 'Wild Man' In Swamp Lands

Payetteville, N. C. April 8—(AP) County officers said today that bloodhounds had been unable to pick up the track of a "wild man" reported seen in bays and swamps bordering the Cape Fear river.

Officer David McNeill disclosed a shad fisherman had reported talking with the heavily bearded, ragged individual who carried no firearm, but wore a big axe. McNeill said he had found several crude camp places the man had lived in. The officer said the fisherman gave the strange man some food, which he gulped down ravenously. The fisherman, McNeill added, said the hermit "had a strange gleam in his eye."

Depression Seen By Grange Chief In Huge Surplus

Los Angeles, April 8—(AP)—The master of the National Grange says the nation is headed for the biggest depression ever.

Addressing a group of insurance men, Albert S. Goss, of Washington, D. C., declared yesterday: "We are piling up a new abnormal food surplus and as soon as we stop furnishing tremendous credits to Europe we will have another collapse of our economy."

"Instead of a depression of the type of 1929 and thereafter, we will have one so tremendous that it could possibly plunge the world into one of its darkest periods. Communism could flood over the world at that time."

Conservation Meet

Wilmington, N. C. April 8—(AP)—A general meeting today opened the three-day spring meeting of the State Board of Conservation and Development.

The board was welcomed to the city by Mayor E. L. White.

Hoffman Digs Into Job Setting Up ERP Staff

Washington, April 8—(AP)—Paul G. Hoffman today pitched into the job of setting up a staff to get the multi-billion dollar European recovery program into operation.

The new ERP boss has 5,000 or more job applications ready for study. But officials expect him to turn to the State Department at the outset for key assistants.

Congress, in voting \$5,300,000,000 to help 16 western European countries help themselves, ruled that the enterprise should be run by an agency independent of the State Department. But that department is the only one with any sizable group of workers familiar with Europe's economic headaches.

One top government official commented that the ERP law permits Hoffman to "borrow, transfer or swipe" the people he needs from any government agency.

Hoffman's most pressing problem is to pick a deputy agreeable to both President Truman and the Senate. Speculation has included the names of Ferdinand Eberstadt, New York banker and wartime government official, and Richard F. Allen, a Red Cross administrator who directed American winter relief for France, Italy and Austria.

Acting with unusual speed, the Senate suspended its rules yesterday to confirm Hoffman as the \$20,000 a year recovery administrator. The Foreign Relations Committee earlier approved Mr. Hoffman's choice of the South Bend, Ind., motor car maker by a 13-0 vote.

CAA Nominee

Washington, April 8—(AP)—President Truman today nominated Delos Wilson Rentzel of Virginia to head the Civil Aeronautics Administration.

He succeeds Theodore F. Wright, who resigned as CAA Administrator.

Rentzel has been chairman of the board and president of Aeronautical Radio Inc.

MacArthur Still In Nebraska Vote

No Hint Of Withdrawal In Statement; Tokyo Puzzled

Tokyo, April 8—(AP)—General MacArthur indicated tonight he would await the results of the Nebraska election next week—at least—before issuing any further statement on his presidential candidacy.

His only comment on the Wisconsin balloting, in which he ran second to Harold E. Stassen, was this brief and uninformative statement:

"One of the things which have made our country great is that men may thus freely speak their individual viewpoints. Let us always preserve it that way."

Observers here could detect no hint of a withdrawal in the statement. Its generalized nature continued the aloofness he has maintained since he announced his availability for "any public duty to which I might be called by the American people." That was March 8.

Nevertheless, today's statement puzzled Tokyo. Some saw in it a measure of disappointment which is apparent among his headquarters supporters—although politics are not generally discussed.

The Japanese appeared surprised by the results. They conceded that the general had lost face.

Board Of Inquiry Submits Report On Meat Strike

Washington, April 8—(AP)—An inquiry board reported to President Truman today in the meat strike, but there was no indication when the report will be made public.

Chairman Nathan P. Feinsinger delivered the report. Under the national emergency provision of the Taft-Hartley Act, the board merely states the issues without recommendations.

The report paves the way for the government to seek a court order halting the strike, as it already has in atomic energy and coal disputes.

The CIO Packing House Workers struck for higher wages March 16. Feinsinger told reporters that between 60,000 and 80,000 are on strike.

Italian Communists Hit American Letter Drive

Rome, April 8—(AP)—The Communist-backed Popular Front attacked today the letter-writing campaign of Italian-Americans urging Communist defeat in the April 18 elections.

Italians in America have sent a flood of letters to Italy, and this attack against them was seen by some as an indication the letters are having considerable effect.

Avanti, the newspaper of the pro-Communist Socialist Front, gave its entire back page to a multi-colored broadside against the letters. It urged that the page be cut out and pasted up as a poster.

Meanwhile, party members hitched up their belts for a final week of campaigning for Italy's vital parliamentary balloting.

Reports from both Communists and anti-Communists as well as from foreign observers indicate the final campaign week may bring some surprises. There are possibilities that sensational last-minute efforts to capture wavering votes may develop.

Communists in Rome have been boasting that the "last big electoral coup will be ours."

A poster said the Christian Democrats might be ready to expose an

Vote Merger Of Denominations

Thomasville, N. C. April 8—(AP)—The annual session of the Southern Synod of the Evangelical and Reformed church has voted for merger of the denomination with the Congregational Christian church.

Delegates voted for merger here yesterday.

The Southern Synod became the first of the Evangelical and Reformed church's 34 Synods to vote on the proposed union.

MacArthur Still In Nebraska Vote

No Hint Of Withdrawal In Statement; Tokyo Puzzled

Tokyo, April 8—(AP)—General MacArthur indicated tonight he would await the results of the Nebraska election next week—at least—before issuing any further statement on his presidential candidacy.

His only comment on the Wisconsin balloting, in which he ran second to Harold E. Stassen, was this brief and uninformative statement:

"One of the things which have made our country great is that men may thus freely speak their individual viewpoints. Let us always preserve it that way."

Observers here could detect no hint of a withdrawal in the statement. Its generalized nature continued the aloofness he has maintained since he announced his availability for "any public duty to which I might be called by the American people." That was March 8.

Fight-To-Finish Over Coal Walkout Will Start Monday

Expect Soviet Veto On Italy Joining UN

Appear Ready To Flash Red Light On Italy And Finland; Gromyko Insists On Admittance Of Kremlin Satellites

New York, April 8—(AP)—A Soviet veto appeared in the cards today for Italy's newest effort to become a member of the United Nations.

From all indications, the Russians are ready to flash the Red Light despite the effect such a move might have on the Italian elections April 18.

There also is a possibility that a Russian veto may block off Finland from U. N. membership, although Finland signed a new friendship and mutual aid pact with the Soviet Union only Tuesday. Burma seemed to be the only country among a dozen applicants with a chance of winning membership.

Russia's Andrei A. Gromyko insists that Italy, Finland, Bulgaria, Romania and Hungary, ex-enemy countries, be admitted in a bloc or not at all. The United States and a majority of the Security Council have turned thumbs down on Romania, Bulgaria and Hungary.

The U. S. is pressing for the admission of Italy and probably will back Finland.

Last year Gromyko vetoed Italy and Finland under this package proposal. Yesterday he told a big five meeting the Russian position is unchanged.

To be successful applicants must get a seven-vote majority of the 11-nation council and at the same time avoid a negative vote (veto) by one of the big powers.

Gromyko also blocked Eire, Portugal, Austria and Trans-Jordan in 1947. Outer Mongolia and Albania, Soviet satellites, were opposed by the western powers and failed to get the necessary seven votes.

Gromyko tossed another trading proposal to the big power delegates. He said he would stop vetoing Trans-Jordan if others would accept outer Mongolia and Albania. Britain immediately said No.

The spokesman said Russia had replied unsatisfactorily to British protests over Monday's collision of a Soviet fighter and a transport arriving from London. Marshal Vasily D. Sokolovsky blamed the British traffic violation for the collision, and said the British version of the incident was a slander.

The spokesman said that the tone of Sokolovsky's reply indicated the Russians were not giving any assurances of safety for planes entering Berlin.

He said it seemed Sokolovsky's written reply appeared to weaken or erase oral assurances which had been previously given by Sokolovsky to British Gen. Sir Brian Robertson when the latter visited him Monday night to make a personal protest on the crash incident.

When asked in what light the British government considered the Soviet reply to Robertson's note, the spokesman said:

"I cannot answer that. There are ladies present."

American officials said the United States will follow suit if the British establish fighter escorts.

S. D. Worthington Seeking Reelection

S. O. Worthington, well known Greenville attorney, who has served five consecutive terms in the Lower House of the North Carolina General Assembly, has again announced his candidacy for the place, subject to the Democratic Primary on May 29. He is a native of Pitt County, the Winterville community. He has practiced law in Greenville since 1921 and has some farming interests. He takes an active part in fraternal, religious, educational and other community affairs.

Italian Communists Hit American Letter Drive

Rome, April 8—(AP)—The Communist-backed Popular Front attacked today the letter-writing campaign of Italian-Americans urging Communist defeat in the April 18 elections.

Italians in America have sent a flood of letters to Italy, and this attack against them was seen by some as an indication the letters are having considerable effect.

Avanti, the newspaper of the pro-Communist Socialist Front, gave its entire back page to a multi-colored broadside against the letters. It urged that the page be cut out and pasted up as a poster.

Mr. and Mrs. Edward Austin and their guests, Mr. and Mrs. Herbert Brockway spent Wednesday in Oxford with Miss Mary Elizabeth Austin. Mr. and Mrs. Brockway returned to their home in Hillsdale, N. J., this morning.

Carson Memorial Class Supper

Tonight
Carson Memorial Bible Class of Jarvis Memorial Methodist Church will have its annual banquet tonight at 7:30 at the Airport Inn.

Notice B & P Club Members
Tickets for the dinner meeting of the Business and Professional Women's Club will be sold at the Masonic Hall tonight.

Miss Kilgo Meets Argentine Ambassador

Miss Susanne Kilgo, who has been spending the spring holidays with her parents, Mr. and Mrs. J. L. Kilgo, has returned to Duke University.

Miss Kilgo recently had the unique pleasure of representing Duke women, with two other young students, and meeting Ambassador Ivanissiwick, from Argentina. He is in the south inspecting the educational system and, as he is a doctor, was especially interested in Duke. The young students thought he was very nice, affable and talkative, and his wife, lovely and charming.

SOCIAL CALENDAR

THURSDAY

7:00 p. m.—The B. & P. Women's Club will hold its regular dinner meeting at Masonic Temple.

8:00 p. m.—Called meeting of V. F. W. Auxiliary in Red Men's hall.

8:00 p. m.—Carrie Wilson Sunday school class of Immanuel Baptist Church meets with Mrs. C. W. Willard.

8:00 p. m.—Second performance of "The Follies of 1945" presented by the Veterans Club of East Carolina Teachers College in Austin auditorium on the campus.

FRIDAY

3:00 p. m.—Greenville Garden Club meets in the Woman's Club.

6:30 p. m.—Kiwanis Club.

7:00 p. m.—Dinner meeting of the Greenville chapter of East Carolina Teachers College Alumni Association at the Bar-Bee-Cue Inn.

8:00 p. m.—Past Matrons and Past Patrons Club, O. E. S. will meet in the Eastern Star room of the Masonic Temple. Mrs. Newman Lewis and Mrs. Urah Cox, hostesses.

Greenville Garden Club

The Greenville Garden Club will have its regular monthly meeting on Friday afternoon at 3 o'clock at the Woman's Club. This meeting will be a special feature of the Art Festival and the American Home Department of the Woman's Club will cooperate with the Garden Club in making this one of the outstanding events of the week. The Garden Clubs from surrounding towns have been invited to attend this meeting.

One of the main features of the afternoon will be the flower show which is being arranged by the Garden Club. A musical program will be presented by Miss Cammack and her Glee Club from the Training School at 3:00 p. m. and immediately following this Miss Pauline Gordon from Raleigh will give a talk and demonstration on flower arrangements. Miss Gordon is connected with the State College Extension Service and is quite well known in her field.

Following the program, there will be a tea in the club house for the guests.

40 Years Ago Today

THE DAILY REFLECTOR

April 5, 1906

Guy Lanier has returned from Richmond.

Mrs. W. S. Moys went to Washington today.

It certainly is dusty. They will soon be dropping corn. The drum corps is putting in some good practicing to be ready for the old soldiers' reunion in May.

Music Club Has Program Tuesday In Waldrop Home

Members of the Greenville Music Club heard a program of songs and of chamber music for flute, clarinet, and piano presented at the regular meeting for April on Tuesday evening at the home of Mrs. J. Herbert Waldrop.

Performers on the program included Donald Adcock, flutist, and William Adcock, clarinetist, both of Durham, and David Gilbert of Greenville, eleven-year-old flutist and pupil in the Training School on the college campus. The three young men are students in the department of music at East Carolina Teachers College and pupils of Herbert L. Carter of the faculty. Mrs. Herbert L. Carter, soprano, sang a group of three numbers. Accompanists were Nina Abernathy of Rocky Mount, East Carolina student, and Elizabeth Drake and Martha Cammack of the college faculty.

Mrs. Paul Davenport, Sr., of Pacolus, program chairman, introduced those on the program and announced the numbers.

At a short business meeting Mrs. Rudolph R. Willman, president of the club, was appointed to attend a meeting of the State Federation of Music Clubs to be held in Greensboro in the spring. Several other representatives of the group are also expected to attend.

Plans for participation in the Community Arts Festival in the city were announced. The club will entertain at a tea on Sunday afternoon at the Woman's Club. At that time a group of original compositions by musicians of this section of the state will be presented, including works by Mrs. Willman, Mrs. Davenport, Dr. R. E. Willman of East Carolina Teachers College faculty, Mrs. Carter, and Miss Allison Hearn of Greenville.

Mrs. J. K. Long, director of the radio committee of the club, reported that three Thursday-evening programs of the classics have been presented over WGTC, local station, and that this week's program will be in charge of D. John O. Reynolds of the college.

18TH ANNUAL FINE ARTS FESTIVAL

Sponsored by The Greenville Woman's Club, the Greenville Music Club, and the Community Art Center.

Exhibits for the festival are in the Art Gallery, second floor of Sheppard Memorial library, on the main floor of the library, in windows in business section of town, and in the Woman's Club.

7:00 p. m.—Band concert, court house lawn, E. C. T. C. band, C. L. Carter, director.

Program, court house lawn, Mrs. J. Vance Perkins, presiding.

7:30 p. m.—Folk dances, groups from Training school, Martha Cammack, director.

Square dance, Vance Corey, promoter, public participating.

Music, courtesy of Levi Evans string band.

Friday

2:00 p. m.—Flower Show, direction Garden Club, Woman's Club, Mrs. W. J. Stell, president, presiding.

Music, Training School Glee Club, Martha Cammack, director.

Demonstration, flower arrangements, Pauline Gordon, Raleigh.

8:00 p. m.—Dramatics and poetry, auditorium, Sheppard Memorial library, Mrs. Dan Vornholt, presiding.

Play, "Manikin and Minikin" High School Dramatic, directed by Mrs. Howard W. Mims.

Poetry—Original compositions, Mrs. Calvin Claudel. Mrs. Claudel is a well known New Orleans poet writing under name of Alice Moser.

Introduction of local and visiting poets.

Saturday

3:00 p. m.—Dress Designs, Woman's Club, Mrs. C. E. Oakley and Miss Ruth Lowery presiding.

Parade of home designed and home made dresses, hats, accessories, by members of Home Demonstration Clubs and others.

7:30 p. m.—Band concert, lawn of Agriculture building, C. M. Eppes High School band, R. H. Lewis, director.

8:00 p. m.—Musical program, Woman's Club, Mrs. J. L. Fleming, presiding. C. M. Eppes High School Glee Club, Mrs. W. H. Davenport, director.

Sunday

3:30 p. m.—Band concert, lawn of Agriculture building, Greenville High School band, E. B. McDowell, director.

4:00 p. m.—Musical program, Woman's Club, Mrs. R. R. Wilman, presiding. A program of original compositions by N. C. composers. Presentation of prizes.

Masonic Notice

There will be a special communication of Greenville Lodge No. 284 A. F. & A. M. tonight at 7:30 for work in the Master Mason degree. Visiting Master Masons are cordially invited.

W. HERMAN HARDEE, Master
A. R. HOUSE, Secretary.

HOT FLASHES?
Are you going thru the functional "middle-age" period peculiar to women (30-40 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Glamour In Office Also Important

By BETTY CLARKE
(P) Newsfeatures Beauty Editor

It is just as important to look pretty in the office as it is to look lovely when dating. Some girls tear around their office looking like sables all day and then at 5 o'clock suddenly emerge as glamor queens.

Little charm aids which can add to your attractiveness should be kept in the desk drawer, and used not just for emergencies, but at frequent intervals during the day.

A bar of soap and a clean towel will come in handy as a quick refresher. Small cotton balls can serve as powder puffs and can be disposed of after they have been utilized. You can get a good supply of these for a few cents and they will prove more sanitary than your dirty powder puff.

Witch hazel is a wonderful pick-me-up when your face is flushed and as an astringent before applying new makeup.

Include in your little grooming kit a clean pair of stockings, an extra dickey or collar and cuff set and a pair of sparkling white gloves. Crisp white accessories always can flatter even a drab office dress which must serve as a last minute date dress.

Be particularly careful of the makeup you wear in the office. The point is to look neat and clean. You don't have to plaster yourself with greasy foundations, mascara, eye shadow and rouge to win the boss' admiration. You may, with this glamor routine, only succeed in making him ill.

Look as pretty as possible by keeping your skin free of skin blemishes. Use powder, a not-too-dark lipstick and brush your hair to a lovely sheen. A light cologne is always permissible to use in the office, but skip the heavy, exotic perfumes.

Dear Judy

Teen-agers in Australia are just as avid fans of screen personalities as kids in this country, says Ron Randell, who happens to be their No. 1 hero. He says:

"Most of our teen-agers are much like American youngsters in their appreciation of stars. It was funny, however, the first time I was rushed by a crowd of kids seeking autographs and heard them sigh in Swoonate style. I had thought up to then that this was a typical American way of greeting a film personality. Of course, our young people and a little bit more subdued than American teen-agers."

The brown-eyed, handsome Ron, who has been in Hollywood two years, loves to refer to each of his fan clubs as "my club" and is just as proud of "his club" as a Yale or Harvard man might be of his.

Once in Australia when there was a magazine poll being conducted to pick the No. 1 film star, Ron's favorite fan club gave him some weak moments. The club, with 900 members, didn't cast ballots. "We just wanted to see if you could win without us," they told Ron. Fortunately, he did.

Allen Ladd is the second choice in Australia with film fans. Rita Hayworth is a popular star with the boys and now that Ron and Rita are making "The Loves of Carmen" together Ron says "the kids will be thrilled."

Teen-agers in Australia are less mature for their age than are Amer-

ican kids. Most youngsters in Australia finish high school at the age of 14, Ron explains, but they start earlier, usually beginning at the age of four. Even though the majority go to work at the completion of their schooling they "do not seem to grow up as fast as American kids," he says.

Australian kids are great fans of Americans. So Ron is currently engaged in making a pictorial study of America to be published for Australians. All the way across country from Hollywood to New York he flicked the shutter of his camera up and down until he had enough to make his book interesting.

Short Out to the New Look... A good way to fix your short skirt to give it that new Parisian look is to insert a band of faille material between waist and skirt and to add a band of the same width at the hem. It depends on the dress, of course, as to your selection of materials. A solid red, green or grey dress can take a band of black or navy blue; a black or navy blue dress can be complemented with a print material.

Sevier

Washington, April 7.—(P)—Coal-burning train service will be cut further next week unless work is resumed in the coal mines, the office of defense transportation said today.

Col. J. Monroe Johnson, ODT director, said in a statement that additional reductions of 25 per cent in both coal-burning passenger and freight service are "imminent."

Approximately 200 companies have been granted licenses to manufacture DDT, the super potent bituminous coal derived insecticide.

Twelve tons of bituminous coal fired in a locomotive will haul more than a million pounds of freight from Detroit to New York.

The little blue heron is two feet long.

Police Clear Rioters In Cairo Police Strike

Armed with rifles and wearing helmets, Egyptian troops hurry through a public square in Cairo in pursuit of fleeing rioters. Rioting and looting broke out in a reign of terror unleashed by underworld elements in Cairo and nearby Alexandria after police went on strike. About 20 persons were killed in the outbreak. (AP Wirephoto via radio from Cairo).

Community Fine Arts Festival Has Auspicious Opening In City Today

Greenville's 1948 Community Fine Arts Festival was opened at Shepard Memorial Library today under auspicious circumstances, with prominent artists and other distinguished visitors present. Attendance was gratifying, especially the presence of many high school students of Eastern Carolina. Mayor Jack Boyd welcomed the visitors.

Distinguished visitors included Mrs. Katherine Pendleton Arrington of Warrenton, president of the State Art Society; Mrs. J. H. Cordon of Raleigh, treasurer; William H. Dietrich of Raleigh; and Robert Lee Humber of Greenville, members of the Executive Committee; Mrs. A. J. Fletcher of Raleigh, first vice-president of the North Carolina Federation of Music Clubs; Mrs. E. Winn Hughes of New Bern, art chairman, and Mrs. J. F. Colwell of Clinton, chairman of the Literature Committee of the North Carolina Federation of Women's Clubs, and others.

A luncheon was given at the Woman's Club at 1 p.m. for distinguished visitors and out-of-town artists, with Mrs. R. M. Garrett as chairman. A tea honoring officials and visiting artists was given at the Woman's Club following the

Tiny Victims Of China Epidemic

Shanghai, April 8 — (AP)— Bodies of 405 Chinese infants were found on Shanghai's streets in the first week of April.

Most of them were victims of an epidemic of measles.

Bodies of 26 adults also were found.

The toll of disease, starvation and cold totals 7,307 for the first three months of the year—6,957 of the victims children.

The willet bird is noted for its unusual nestings.

How They Voted Slot Machines For Local Club

Official records of the Greenville Golf and Country Club reveal the following vote at Tuesday's annual meeting of stockholders on the matter of installation of slot machines at the club. The vote was made by roll call and many members not present voted by proxy.

Favoring Slot Machines

Those personally answering the roll call and voting for installation of the machines were:

James S. Picklen, J. T. Little, J. J. White, W. W. Brown, William Davenport, L. M. Ernest, Jr., Joe D. Exum, Lee Folger, L. W. Gaylord, Jr., R. M. Giles, Lee H. Hannah, Luther Herring, J. Lloyd Horton, S. D. Hooker, Dee Larkin, R. G. Lang, R. W. MacKenzie, Owen Marshburn, Dave Mosier, W. S. Moye, Jr., Jack E. Nobles, Jr., Dr. E. B. Pace, A. C. Ruffin, T. A. Smoot, Jr., Charles C. Skinner, Howard Waldrop, Dr. Dan Wright, J. E. Waldrop, Thomas Webb and Marion O. Blount II.

Those voted in favor of the machines by proxy were:

F. W. Brown, Chas. W. Howard, John R. Hodges, Judson H. Blount, Alton Barrett, J. H. Blount, Jr., C. S. Carr, Jr., John Collins, Jr., W. K. Faison, J. S. Ficklen, Jr., Warren M. Ficklen, Louis Stuart Ficklen, V. C. Fleming, Jr., Gentry Galloway, Dr. Herbert Hadley, Dr. C. F. Irons, Royce Jones, H. Dall Laughinghouse, M. R. Long, J. Roy Martin, Bancroft F. Moseley, Dr. R. T. Moore, J. E. Phelps, E. E. Rawls, Roger Taylor, Louis Tebeau and Tom E. Wilson.

Against Slot Machines

Those personally answering the roll call and voting against installation of the machines were:

M. K. Blount, John G. Clark, J. H. Waldrop, W. L. Allen, Dr. E. B. Aycock, Bruce Baker, Dr. J. M. Barrett, Tyson Bilbro, L. M. Buchanan, E. R. Conway, Dr. S. M. Crisp, H. H. Duncan, I. J. Edwards, L. M. Ernest, P. L. Goodson, Jake Hadley, J. H. Harrell, Dink James, Hunter E. Keck, J. C. Lanier, W. W. Lee, Jesse R. Moye, Jr., H. L. Ormond, J. W. H. Roberts, George B. Shoe, E. S. Webb, and Sam B. Underwood, Jr.

Those voted by proxy against the machines were:

Bessie R. Brown, Dr. W. M. B. Brown, A. M. Moseley, W. H. Woolard, B. B. Sugg, M. L. Adams, C. Heber Forbes, Dr. J. B. Hawes, C. W. Murray, Sam Northrop, W. G. Norman, B. B. Sugg, Jr., R. F. Thompson, W. H. White, John W. Warner, and F. M. Wooten, Jr.

The low-cut, short-sleeved pumps, fashionable today and called D'Orsay pumps, were designed more than 100 years ago by Alfred Guillaume Gabriel, Count D'Orsay, a French painter and sculptor.

Proclamation

"Whereas one of every three who now die of cancer could be saved through early detection and prompt treatment, and

"Whereas it already has been demonstrated that the death rate from cancer, which is responsible for one in every eight deaths, could be reduced by an informed public and existing medical skill, and

"Whereas the people of the City of Greenville always have shown a progressive attitude toward all worthy public health enterprises, therefore, I, J. H. Boyd, Jr., Mayor of the City of Greenville, do hereby proclaim the week of April 11-17 as Cancer Control Week and request that the citizens of this city do observe it as such.

"I further request that all individuals, institutions, businesses and organizations within this city cooperate and assist the American Cancer Society in its campaign during April.

J. H. BOYD, Mayor."

Ashley Garris Died At Home Near Bruce

Mr. Ashley Garris, 71, died at the home of his son, L. E. Garris, near Bruce, at 8:40 o'clock Wednesday night following three months' illness.

Funeral services will be held at the home Friday afternoon at 3 o'clock by Rev. E. S. Coates, Presbyterian minister of Farmville. Burial will be in Hollywood Cemetery in Farmville.

Mr. Garris spent all his life in the Falkland community. He was a member of the Falkland Presbyterian Church. His wife, Mrs. Fannie Corbett Garris, died in 1929.

Surviving are a daughter, Mrs. R. A. Little of Fountain; two sons, L. E. Garris of the home and H. P. Garris of the homeplace; seven grandchildren; five brothers, J. T. Charlie, George, Jodie and Willie Garris; and two sisters, Mrs. Nannie Mayo and Mrs. Bessie Pierce.

Judge Stevens Will Preside Next Week

Judge Henry L. Stevens of Warsaw will preside over a civil term of Superior Court here next week. The Duplin County jurist will preside over a criminal term the week of April 19.

A civil term of court will be held here the week of May 3, the judge to be assigned. A two-weeks civil term will be held here beginning May 17.

Delaware, Maryland, Kentucky and Missouri all were represented in the Confederate congress, although none seceded from the Union during the Civil War.

"Boy Of The Year" Sees New York

Frank Harrison (left), 14-year-old "National Boy of the Year" from Valdosta, Ga., goes sightseeing in New York with Jimmie Jones, director of the Valdosta Boys' Club. Young Harrison, a newsboy and winner of the Junior Citizenship award from the National Boys' Clubs, was given a week's trip to New York for the celebration of National Boys' Club week April 4 to April 11. (AP Wirephoto).

Russo-Finnish . . .

(Continued from Page One)

opment of a situation which would deprive her of control of Finland. That isn't merely a matter of a political issue. It's military.

Moscow regards Finland as an essential base for defense of Russia's northern wing. The Red line across Central Europe was consolidated when Russia took over Czechoslovakia. It remained to deal with the northern and southern wings—Finland in the north, and the Iranian-Turkish-Greek zone on the south. Finland will have been taken care of if her Parliament ratifies the new treaty.

Then of course we mustn't overlook that Finland not only is a sentinel of the northern Baltic Sea but would provide a grand jumping-off place for anybody who wanted, say, to put heavy pressure on Scandinavia. You can bet your last dollar that Sweden and Norway aren't overlooking this fact. Neither are the other countries in that part of Europe and they are worried.

Thus we shall be wise not to give the Soviet "altruism" toward Finland a higher rating than it deserves. The burrowing owl is the only care of if her Parliament ratifies the new treaty.

Strength FOR THE DAY

THERE IT STANDS

As the American army swept across France in the last war, a colonel marching his regiment into action was greatly impressed by something he saw in a church which had been bombed. The whole area was rubble save the huge crucifix depicting the suffering Christ. Believing that this scene of suffering was the same way it impressed him, the colonel gave the command "Eyes right!" As the regiment passed the church, the men looked on this symbol of sacrifice, standing stark and alone amid the rubble of what was once a house of worship.

Amid the rubble of a world wrecked by war, and torn in every generation by selfishness, greed, and lust, the principle of sacrifice set forth by Jesus Christ remains a fact with which men must deal. After everything else is destroyed, that remains. It is the only hope for the rebuilding of a new world. Let men put the principle of sacrifice into operation, let them believe the gospel of Jesus Christ and practice it, and out of the rubble of the present world order will come something new and inspiring.

The cross of Christ stands above the moral wreckage of every age—stark, arresting, challenging.

WE SEE PROGRESS IN OUR BOOKMOBILE

Pitt County's Bookmobile is something in which we can all take pardonable pride. There are only six hundred counties in the United States which have a county-wide service such as we shall enjoy when this library-on-wheels starts rolling on April 12.

Nearly thirty-two million people in America have no such service, nor public libraries within convenient access. Their need has been realized for many years, the first portable library having been operated in 1907. Today the American Library Association is supporting legislation to stimulate state and local interest in this field.

Our own Bookmobile was purchased by donations from Greenville citizens; the county will provide the necessary funds to take care of its future operations. The truck will tour each town, community center and school; bringing the best in literature to each corner of the county.

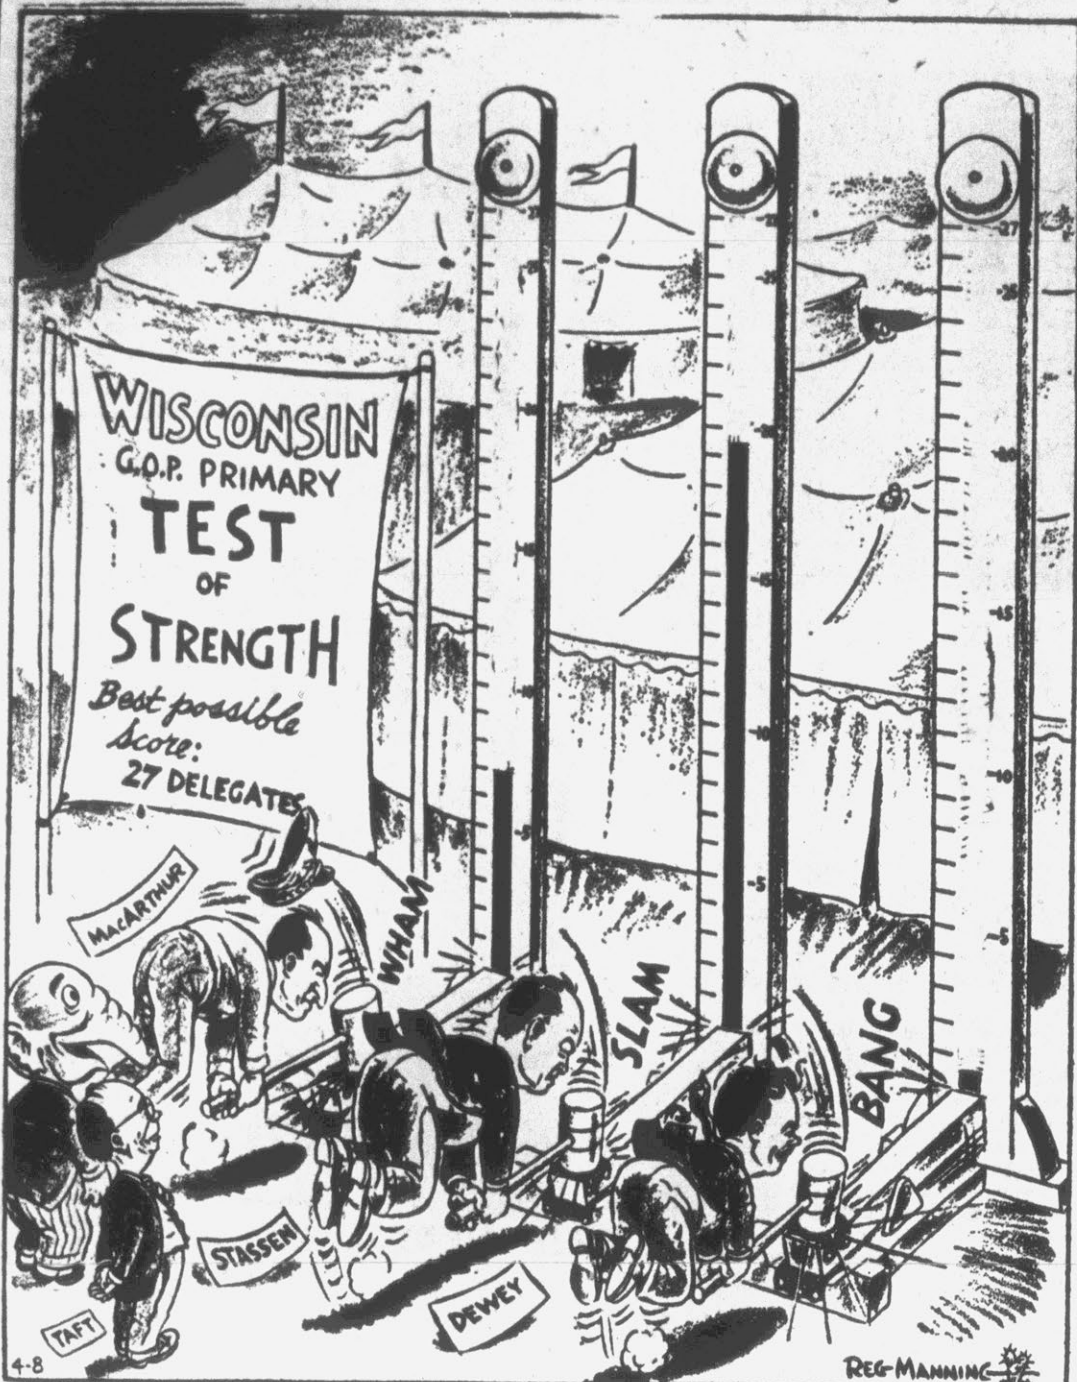

We regard this venture as a major step towards better education as well as entertainment. Carrying books and information on all topics, the cargo of this little truck will prove to be a treasure for the readers whom it will serve.

We owe thanks and congratulations to the far-sighted sponsors of the project for achieving their goal. It would have been easy to quit in the face of difficulties which confronted them.

To the staff of the Shepard Memorial Library, we offer our best wishes in the operation of their work. The services which you will be offering rank high in fulfilling an outstanding need for our citizens.

Charles Dickens and William Makepeace Thackeray who belonged to the same London clubs, and were giants of the Victorian novelists, were personal rivals and in one angry break didn't speak for five years.

How They Compare As of Today

WASHINGTON LETTER

By JANE EADS

Washington—Government is the capitol's largest industry. Visitors bring it its second largest source of income . . . about \$60,000,000 annually. It is estimated some 3,500,000 persons will visit the city during 1948. Guests are already arriving by the hundreds. The flowering of the famed cherry trees is always a top drawing card of the year.

In addition, Washington in 1948 will play host to 200 regional or national conventions, bringing a total of 125,000 people to town. In preparation for all this, the town fathers have just been putting the citizens through an intensive three weeks' "courtesy to visitors" program. Speeches, rallies and contests have encouraged politeness and consideration. The Greater National Capital Committee of the Washington Board of Trade ("always interested in anything that is for the betterment of the city and any activity which brings new business into the area") sponsored the program.

"One of the ideas behind the courtesy program was to make Washington even more attractive to its millions of visitors," says James E. Collier, chairman of the courtesy program. In a pep talk to Washingtonians, Mr. Collier said:

"Washington is known as a great tourist city. These tourists leave millions of dollars here annually. And we all benefit by this added business in the community. Think how many more visitors could be brought here if Washington, besides having a lot of beautiful buildings, could have the reputation of being the world's most courteous city."

Mr. Collier gave a personal demonstration of courtesy by posing for news photographers by laying down his coat in the gutter so that one of our visitors could get over a puddle. In addition to promoting courtesy to visitors, the Greater National Capital Committee sponsors other special events, such as the Cherry Blossom Festival and the Fourth of July celebration.

This last will be a big affair this year. On this Independence Day the city will celebrate the 100th anniversary of the laying of the cornerstone of the Washington Monument. The committee also puts on the International Children's Christmas Broadcast, participates in the planning of the President's Cup Regatta and the Lighter of the Community Christmas tree ceremonies on the White House lawn.

Kinston Prohibits Gambling; Small Crowds At Carnival

Kinston, April 8 — The "Mighty Page Carnival" opened at the show grounds here on East Caswell street Monday night under sponsorship of the Kinston fire department, but the few residents who turned out for the opening found little resemblance of a carnival due to the ban on all gambling and "grille" shows imposed on the carnival by the Lenoir County sheriff's office. Sheriff Sam Churchill said Tuesday that all games of skill which awarded prizes and all girl shows were closed in accordance with state laws. Only the carnival rides and side-shows were open Monday night. Any violation of the ban will lead to arrests of carnival officials and a possible restraining order to close the carnival.

There was some doubt that the carnival would remain in the county for the entire week as scheduled, due to the ban, according to officials.

Poland's Girls Train For Building Trade

Warsaw (AP) — Unmarried women and girls soon will be working as electricians, window glaziers, woodwork painters and stove-smiths in Poland.

The secondary building trades school is giving courses ranging from ten months to two years to put idle females to work. They get 80 slots (80 cents) per day for subsistence and 20 zlotys per hour for all work done while training for certification as "journeymen."

Retired Bishop To Visit Local Episcopal Church

The Rt. Rev. Thomas C. Darst, retired Bishop of the Diocese of East Carolina, will visit Greenville on Sunday and will be the preacher at the 11 a.m. Service of Morning Prayer at St. Paul's Episcopal Church.

Bishop Darst, who has visited Greenville many times in the past, during the years he was the active head of the Diocese, has a host of friends in this vicinity. Since his retirement in 1945, he has lived in the Wilmington area, but has continued to hold services in various churches throughout the whole country. He visited Greenville twice last year, and this is his first visit for this year.

The Bishop will be here over the week-end, and Mrs. Darst will accompany him.

Chileans Push Antarctic Claim

Santiago, Chile (AP) — The National Defense Ministry has named a six-man commission to pick a site for the capital of the "Chilean Antarctic," a mush of which Britain claims as the Falkland Dependencies. President Gabriel Gonzalez Videla chose Navarino, a lonely island inhabited by about 200 persons, mostly sheepherders.

The commission is to map it, locate a site for the capital and find out what it needs in the way of ports, roads and other installations. The inhabitants told the president they would like to have a post office, a bank and a school.

Fur-Bearers Given Diet Of Silk Worms

Moscow (AP) — Hundreds of thousands of rubles are being saved in the Soviet Union by feeding fur-bearing animals with the chrysalis from silkworm cocoons instead of valuable meat.

A Tiflis newspaper said the chrysalis previously had been thrown away.

"It was discovered," said the announcement, "that the quality of the fur as well as the pigmentation was better in animals fed on the chrysalis."

Colored News

The Rose Bud Usher Board of Sycamore Hill Baptist Church will meet Sunday, April 11, at the home of Mrs. Lula Ellison, 149 Nash Street. All members are asked to be present. Miss Fannie Mae Langley, reporter.

York Memorial Church, Rev. P. H. Mumford, pastor. Sunday 11 a. m.—Message by the pastor, Subject, "The Cost of True and Tried Religion." Special music by the senior choir.

May we remind you of the special drive at 11 a. m., at which time all group leaders will make their reports. The windows are finished but there is much work to be done.

7:30 p. m.—Gleaning hour. At this service a special check on the drive will be perfected and the roll will be called.

Wednesday night—Leaders meeting. Friday night—Quarterly conference. Dr. T. B. Maultsby, presiding. The entire church is asked to be present, and share in this second quarterly conference. The general public is cordially invited to register in this spiritual feast.

Arrest Mother Abandoned Baby

Gastonia, N.C., April 8—(AP)—Mrs. Betty Holt, 20, of East Gastonia, has been arrested on charges of abandoning her baby son on a doorstep in Shelby, Sheriff Hoyle Efrid said today.

The warrant was signed by Police Chief W. K. Hardin of Shelby and served by Gastonia officers.

The infant, less than a year old, was discovered on her doorstep Sunday night by Mrs. C. C. McMurry, Sr. It was wrapped in a blanket and milk bottles were left, but there was no note.

Sheriff Efrid said Mr. and Mrs. Frank Shirlen of the New Hope Road had identified the baby as the one they had taken care of for some time at the request of Mrs. Holt. Efrid said Mrs. Holt admitted she had taken the infant on a bus from Gastonia to Shelby, and left it on a convenient doorstep. The child is in a Shelby hospital. Mrs. Holt has been taken to Shelby where she will be given a hearing tomorrow.

Efrid quoted her as saying she had been divorced last month in Gastonia. She has an older girl.

Marines are called leathernecks because in the early days of the organization a leather stock was part of the uniform.

It is estimated that an acre of meadowland contains some 15,000,000 insects.

Mice bring forth as many as 17 litters a year.

North Carolina Symphony Orchestra To Appear In Greenville April 12th

Pictured above is the North Carolina Symphony Orchestra, conducted by Dr. Benjamin F. Swalin, which will appear in Greenville in concert Monday, April 12th at 8 p. m. at Wright auditorium. The orchestra will also give an especially prepared program free of charge for all Pitt County school children under the eighth grade at 2:30 p. m. in Wright auditorium. The concert is sponsored by the Greenville Symphony Society. These memberships will remain on sale the balance of this week from \$2.00 up. Tickets will be on sale at the auditorium the night of the performance for those not already holding membership at \$2.20. There is also a special student membership available for \$1.00. People in Greenville desiring memberships, may call the Globe Hardware Company.

Enrollment For College Grows In Spring Quarter

East Carolina Teachers College has an enrollment for the spring quarter of 1287 students, according to information just released from the office of Dr. J. K. Long, registrar. The figures for this spring show an increase of 164 students over total for the same period in 1947, when the number of students

was 1123. During the fall quarter of 1947 the college had its peak enrollment, with 1401 students attending classes.

As in other quarters during the present school year, men now at the college outnumber women. The total for men students is 689 and for women students, 598.

A count of students by classes indicates that there are 448 freshmen, 331 sophomores, 260 juniors, 187 seniors, 55 graduate students and 6 special students.

No End In Sight For Longest N.C. Labor Dispute

Thomasville, April 8—(AP)—Prospects were dim today for an early settlement of the Amazon cotton mill strike, one of the state's longest industrial disputes.

Representatives of the mill and the CIO's Textile Workers Union of America sat down at the conference table again yesterday, but the day-long session apparently accomplished little.

Spokesmen for both groups said last night that no agreement was reached and that no date for another meeting had been agreed upon.

The strike, which started March 3, 1947, is still in progress. Major issues in the controversy include paid vacations, the check-off system, settlement of pending court cases, the right of the company to petition for a decertification election and conditions under which the strikers will return to work.

America Seeking More Oil From Latin Neighbors

Bogota, Columbia, April 8—The United States, officials said today, wants more oil from Latin America to help overcome a critical shortage.

She is interested in reaching a sound economic agreement in the current ninth Pan American conference in an effort to make Latin America one of her leading petroleum suppliers, they said.

The U. S. now depends heavily upon middle Eastern countries for oil. Innumerable aid, however, that political difficulties in that area and the lack of economical transportation facilities work against boosting middle east production.

The U. S. government was reported to have advised Latin America of this situation and asked that exploration be made for new petroleum sources.

Hijack Airplane; Fly To Freedom

Munich, April 8—(AP)—Twenty passengers aboard a Czech transport plane revolted and forced its flight into the U. S. zone of Germany Tuesday, Czech authorities said today.

The Czech National Air Lines plane, with 26 aboard, landed without warning at an American base near Munich.

The plane was en route from Prague to Bratislava, Slovakia. Acting Czech Consul Dvorak said the pilot was forced at pistol point to leave the controls and was locked in the plane's toilet.

A former Czech pilot who once flew with the British Royal Air Force took over the controls. The plane doubled back on its route and headed for Germany.

When the plane landed at the U. S. Air Force's fighter base at Neuburg the former RAF pilot asked which of the passengers and crew wanted to stay in the American zone.

Six persons, including the plane's original pilot and a woman, said they wanted to go back to Prague. Dvorak said he had issued visas for their return.

Capacity Crowd See Minstrel In Austin Building

By FRANK HOGG
The Veterans Club of East Carolina Teachers College presented last night the "Follies of 1948" before a capacity crowd in the Austin Building on the campus.

From the opening number of "Dixie" to the finale of the national anthem, the crowd was presented with a variety of entertainment, to which they responded enthusiastically. There were many encores during the evening.

Highlighting the minstrel were the black-faced comedians who kept the audience laughing at their jokes and clowning. Joe Buckmaster, ETC-AJ Jolson, gave forth with "April Showers" and "Carry Me Back to Old Virginia." Also among the popular songs were performances by Miriam Harper, Bob Mays, and the Veterans Quartet. Miss Harper sang "Summertime" and Mays sang "One Alone," and together they gave "Desert Song." The Veterans Quartet sang "Dear Old Girl" and "Tantalizing Browns."

The vocal numbers, with the dance routines and the men's chorus, provided two hours of solid entertainment for all.

Tonight at 8:15 will be the final appearance of the cast of the "Follies" in Greenville.

Church Of God Has District Meeting

The Rocky Mount District of the Church of God will meet at the Broad Street Church of God in Greenville tonight at 7:30. The sessions will continue through Friday night. The district includes about a dozen counties. State Overseer Rev. E. W. Williams of Charlotte will preside and deliver a special message. District Overseer Rev. G. F. Carter of Rocky Mount will speak. Rev. I. C. Morris of Greenville is district secretary. R. E. Johnson of Rocky Mount is youth director. Rev. L. I. Hare, pastor of the church, invites all members to attend the meetings.

Coal Strike . . .

(Continued From Page One)
days. After that time the Judge could decide whether to issue the 80-day no-strike order called for in the Taft Hartley law.

But, during those 10 days, the Judge expected Lewis and the miners to obey his order to go back to work. The miners still stayed away. And yesterday three things happened, bringing the showdown next Monday:

1. The Government moved to get Lewis held in contempt of court.
2. Lewis asked the judge to throw out the temporary, no-strike order.
3. The government asked for a more permanent, 80-day no strike order.

The Federal Judge will start action on those three requests Monday. Now take them one at a time to see what they mean.

1. Because the miners hadn't returned to work yesterday—four days after the judge had issued the 10-day, no strike order—government lawyers asked the judge to cite Lewis and his union for contempt of court.

If on Monday the Judge decides Lewis may have been in contempt—Since the miners didn't obey his order to go back to work—he'll order Lewis and his union to stand trial on contempt charges Wednesday, April 14.

(In 1946 Lewis, during a coal strike, ignored a similar, temporary 10-day, no-strike order. The Judge cited him for contempt, tried him, and found him guilty. Lewis was fined \$10,000, his union \$700,000.

(If the Judge again finds Lewis and his union in contempt, he can jail Lewis, or fine him and his union again.)

2. Lewis' lawyers asked the judge to throw out the temporary, 10-day, no strike order. They say it's unconstitutional. They argue:

No court has a right, by issuing such an order, to violate a man's constitutional right not to work if he doesn't want to work. (Lewis argued the same way in 1946.)

3. Federal lawyers asked the judge to issue the 80-day no-strike order—called for in the Taft-Hartley act.

The judge may not be able to handle all three requests on Monday. He may take up the contempt action first.

When Lewis ignored the no-strike order in 1946, he argued the judge had no right to issue it. The judge finding him in contempt, said he should have obeyed it first and argued about it later.

The judge who is going to do the deciding is the same one who socked Lewis and the miners with the big fine in 1946: T. Alan Goldsborough.

Hold Individuals Guilty In Trial Of SS Officers

Nuernberg, Germany, April 8.—(AP)—An American court ruled today that any soldier who murders innocent civilians is just as guilty as those who ordered him to do it.

With this finding, the tribunal wiped away the main defense of 21 SS (Elite Guard) officers charged with killing at least a million Jews, gypsies, communist partisans and "Asiatic inferiors" during Germany's invasion of Russia.

The judgment was handed down by President Judge Michael A. Musmanno of Pittsburgh, Pa. Judge Richard D. Dixon of North Carolina and Judge John J. Spuhrt of Alabama in the so-called "Einsatz Commando" case, which has been called the biggest murder trial in history.

The court said in shocked language, that the case was "beyond the experience of normal man."

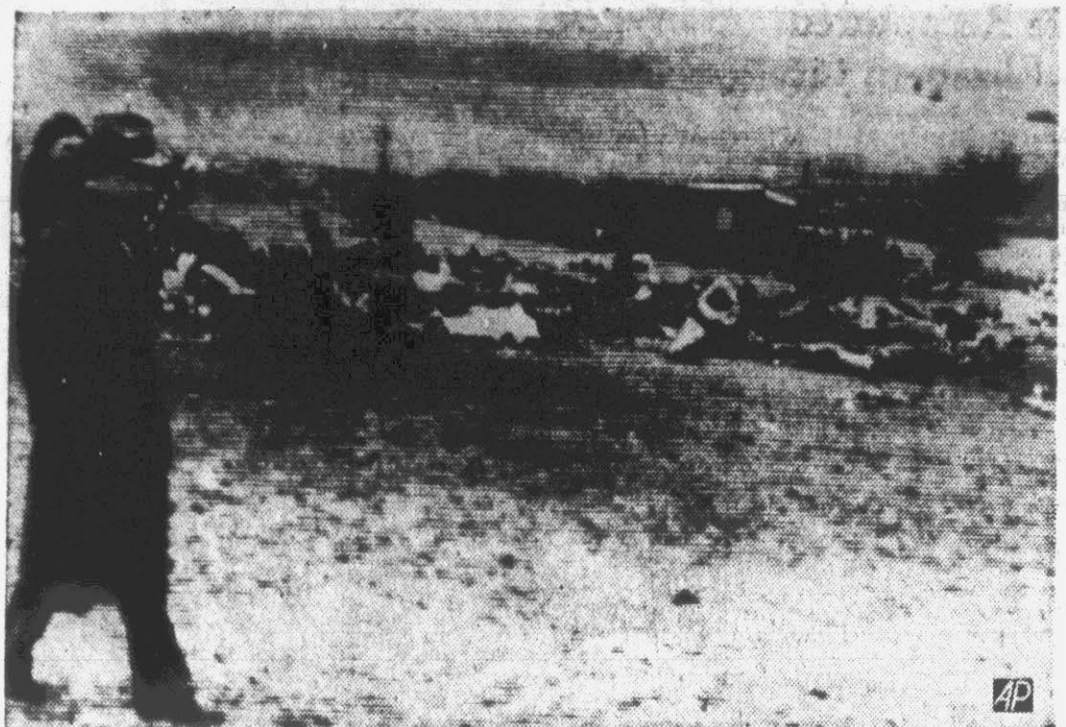

The opinion came in two parts. The second read today found that the slayings had been committed and proved by SS records; that none of the defendants could plead superior orders, else Hitler would be the only war criminal. The court also took time to uphold its authority to make an international decision.

The individual judgments and sentences will be handed down tomorrow.

The defendants, led by Otto Ohlendorf, who admitted 90,000 killings by his group of triggermen, include five SS generals, five colonels, six lieutenant colonels, three majors and three junior officers.

The real name of Lewis Carroll, author of "Alice's Adventures in Wonderland," was Charles Ludwidge Dodgson.

Crash With Red Plane Wrecks British Airliner

The wreckage of a British European Airways transport plane is strewn over the countryside (background) after collision with a Russian fighter plane over Berlin. Fourteen persons aboard the airliner perished. The pilot of the Russian fighter also was killed. Near the wreckage are Russian soldiers and an ambulance. The British plane burst into flames after the collision. (AP Wirephoto via radio from Berlin.)

Weather Delays Farmers In N. C.

Raleigh, N. C., April 8.—(AP)—Because of excessive rainfall, North Carolina farmers are considerably behind schedule in their preparations for their 1948 crops.

A report issued today by the U. S. Weather Bureau and the Federal-State Crop Reporting Service said that during the week ending April 3, farmers in the coastal areas

Truman's Choice To Head ERP

White House sources say Automobile Manufacturer Paul G. Hoffman (above), president of the Studebaker Corporation, is President Truman's choice to direct the multi-billion dollar European Recovery Program. Hoffman lives in South Bend, Ind. (AP Wirephoto.)

Take Americans From Czech Post

Washington, April 8.—(AP)—The United States has withdrawn two members of the Embassy staff at Prague on the demand of the Czechoslovak government.

Diplomatic officials who reported this today said the action came before last week's demand by the United States that the Czechs recall two members of their embassy staff in Washington.

These authorities said, however, there was no direct link between the two cases. Both took place after the Communists won control of Czechoslovakia in February.

The Americans withdrawn from Prague were described as officials of secondary rank. They already have been transferred to other posts. Neither their identity nor that of the Czechs to whom the state department objected, has been disclosed.

The Czech staff members presumably are still in the United States. Officials said it is intended to give them ample time to arrange personal affairs before departing.

Also without disclosing its reasons, the United States has demanded that Romania, another Soviet satellite, transfer a chauffeur from the embassy here. (AP Wirephoto.)

Molotov Ouster Seen Possibility In News Report

London, April 8.—(AP)—News Review, a weekly magazine, says the ouster of V. M. Molotov as Russian foreign minister "may shortly have to be considered as a possibility."

There was no confirmation of this report in other quarters today. Some students of Russian politics classify Molotov as the No. 1 candidate for Prime Minister Stalin's job when Stalin dies.

News Review said Molotov's program was criticized at a February meeting of the Politburo, but Molotov later received a vote of confidence. The Politburo, headed by Stalin, includes the top leaders of the Soviet Union.

News Review gave no source for its information, but said "not much reliable information seeps through the Iron Curtain."

Stassen Assured Of 19 Wisconsin GOP Delegates

Milwaukee, April 8.—(AP)—Harold E. Stassen was assured today of 19 of Wisconsin's 27 National Republican convention delegates.

His victory, which blanked Gov. Thomas E. Dewey of New York, established him as a top contender for the GOP Presidential nomination.

The former Minnesota governor, on the basis of nearly complete unofficial returns, swept all seven delegates-at-large and won 12 district delegate races. Gen. Douglas MacArthur picked up the remaining eight. Gov. Thomas E. Dewey of New York was shut out completely.

News Publisher Is Attack Victim

Joliet, Ill., April 8.—(AP)—A former state legislator, publisher of a newspaper with outspoken political views was reported near death today from a vicious beating.

William R. McCabe, 65, onetime Will County's State's Attorney, was found unconscious last night on a road near his farm home two miles east of Lockport. His skull was fractured. Two legs and one arm were broken.

"Well, they finally got me," were McCabe's first words on regaining consciousness.

He did not elaborate on who "they" might be. Miss Amelia Zelko, his secretary for 18 years and first person to speak with the injured man, said he had been fighting editorially what he considered a corrupt political setup in the county since 1936.

At St. Joseph's hospital here, Dr. Frank J. Chemelick said he found what appeared to be bullet holes in both of McCabe's legs.

Pressure Ahead To Tighten Up U.S. Labor Laws

Washington, April 8.—(AP)—Congress will be under mounting pressure next year to tighten up the Taft-Hartley Labor Act, Senator Ball (R-Minn.) said today.

Among possible changes he mentioned are revival of the government's power to seize struck plants and application of the anti-trust laws to labor unions.

The chairman of the Senate-House watchdog committee set up to observe operation of the 1946 law struck out at what he called administration "bungling" in the current soft coal and meat strikes.

Taft-Ellender Housing Bill Has Chance In Senate

Washington, April 8.—(AP)—Backers of the Taft-Ellender-Wagner long range housing bill pressed today for early Senate action on a newly polished version of the measure.

Senator Flanders (R-Vt.) told reporters he and others pushing the bill have assurances from the Republican leadership that it will be brought up for debate "at a comparatively early date."

The Senate Banking committee voted 7 to 6 late yesterday to amend the bill to bring it in line with recommendations of the House-Senate committee on housing.

The original measure was approved by the committee a year ago. The vote then, too, was 7 to 6.

The bill has been gathering dust ever since.

Cherry Impartial As To Successor

Raleigh, N. C., April 8.—(AP)—Governor Cherry said today that he is maintaining a strictly impartial attitude among the six candidates for the Democratic nomination for Governor.

In response to questions at his news conference, the Governor said that he is not actively supporting any of the six candidates and that if he has a personal choice among them, he had not indicated it.

Wilson's Weekly Bulletin

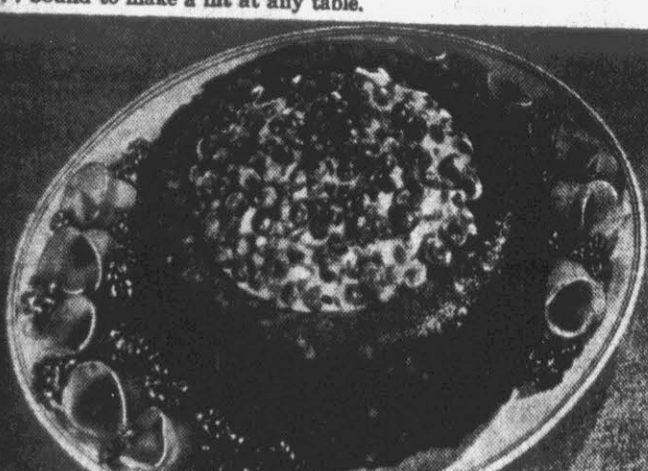

FROM THE Rector Kitchens

The Rector Kitchens, founded by the late George Rector, serve Wilson & Co. Inc. exclusively. From these kitchens come the recipes, menus, nutritional advice, economy suggestions, and home-makers' hints that you read in Wilson's Weekly Bulletin.

Dress Up Simple Meats for Company

Guests for dinner and the food budget already cracked? If that's your problem, solve it by buying ground meat and making the meat loaf shown in party dress below. It's extra-tasty and eye-appealing—bound to make a hit at any table.

Meat Loaf Ring

Combine 4 cups day-old bread crumbs (loosely packed)
1 cup milk, and let stand while preparing remaining ingredients.
A 1 3 tsp. B-V dissolved in 1/4 cup hot water
1 CLEAR BROOK EGG, beaten slightly
1 tsp. salt
1/4 tsp. pepper
3 tbsp. onion, chopped fine
2 lbs. ground meat (1 lb. beef, 1/2 lb. each of pork and veal preferred)
Mix thoroughly and pack firmly into greased ring mold or loaf pan. Place upside-down in a shallow baking pan and bake at 325°F. for 20 minutes. Remove mold and continue baking at 350°F. for 30 minutes. Serves 10.

Garden Favorites

Leaf lettuce is here again (in the garden or on the market) and with it an old favorite—wilted lettuce. Cut 4 slices Wilson's Certified Bacon into small pieces and cook until crisp and brown. Add 2 tbsp. each of vinegar, sugar, and minced onion. Heat slightly and pour over shredded leaf lettuce. Garnish with chopped hard-cooked egg.

Another! New asparagus spears. Dress them with a mock Hollandaise sauce made quickly by heating Wilson's Mayonnaise over boiling water.

Spring Ensemble

Fill the center of the meat loaf ring with creamed new peas and garnish the platter with carrot flowers nestled in beds of parsley.

To make the flowers, shave lengthwise strips from large carrots. Wait until strips become limp; then roll them into funnel shapes, fasten with toothpicks, and chill in ice water. Complete the menu ensemble with a crisp green salad and rhubarb upside-down cake.

The Wilson label protects your table

Announcement

I hereby announce myself as a candidate for re-election as Alderman of the Fifth Ward of the City of Greenville, subject to the action of the primary election to be held May 3rd, 1948. "The Modern Plant"

N. C. Candidates Blanket State In Talk-Campaign

Raleigh, N. C., April 8—(AP)—Political candidates blanketed the state today to meet a schedule of seven speeches.

Three of the addresses were scheduled for Charlotte. Kerr Scott, a candidate for Governor, ended a two day campaign trip in the Wilmington area and flew to the Queen City for a morning talk before the Carolina Warehouse Association. Sen. William B. Umstead, seeking renomination, was booked to address the Charlotte Rotary Club at 12:15 and the Kiwanis club 45 minutes later.

Scott also will speak tonight before the Kiwanis club at Kings Mountain.

Wayne Albright and Oscar Barker, other candidates for Governor, also had engagements. Albright will

speaking tonight before the International Relations Club at the Woman's College, Greensboro. Barker scheduled two speeches—an afternoon talk before the Kiwanis club in his home city of Durham and an evening talk before the Kiwanis club at Raeford.

In a radio speech yesterday, Charles M. Johnson urged that the rural population have "proper representation" on state boards and commissions. As important as the state's natural resources and industries are, he said, "Agriculture still stands as the most important economic factor in the life of our state," and "our state services should be based on that consideration."

Scott told a Southport audience last night that "unwholesome conditions in the state school system can never be rooted out as long as teachers are paid less than farm hands." He said teachers are leaving classrooms for other employment "so fast that it is difficult to hold personnel to teach children in schools."

The state must act quickly, he asserted, to keep the school system "from falling apart."

Albright said in a speech at Dunn yesterday that there is a new spirit of progress alive in North Carolina today and that the people more than the usual politicians are ready to

It Talks, Writes, Draws Pictures

Here's the Miami Herald's automatic facsimile apparatus—a radio that talks, writes or draws pictures by remote pushbutton control. Wild Life Club Is Leading Way In Conservation

By CHESTER WALSH

The Pitt County Wildlife Club, at a supper meeting at the Airport Inn last night enjoyed the showing by Dr. Carl Adams, of East Carolina Teachers College, of a sound motion picture entitled, "The Realm of the Wild," which taught a good lesson on methods of conserving wildlife. The club members discussed at length plans for making recommendations about improving the game and fish laws at a public hearing by the board of commissioners of the N. C. Wildlife Resources Commission in Kinston next Monday at 10 a.m.

The president appointed a committee to represent the Pitt County club. Committeemen are W. H. Woolard, Jesse R. Moye II, Johnny Overton, Frank Kilpatrick, S. T. White and Jimmy Smith. Important matters discussed last night were lay days for hunting; a full-time game warden and four assistants during the hunting season; courtesy to farmers when hunting on their lands; offering prizes to 4-H club members to plant feed crops in the fields on edges of woods for birds, etc. S. T. White, Rufus Keel and Johnny Overton were appointed to make arrangements for this.

President Moye urged as many members as can attend the next meeting of the Wildlife Resources Commission in Winston-Salem on April 22-23.

Rotarian Meet Told Conditions In England Today

Fayetteville, N.C., April 8—(AP)—Conditions in war-famished England were pictured here today at the two-day conference of District 188 of Rotary International.

Tom Benson, second vice president of Rotary International and a native Englishman, was the principal speaker as the delegates from 36 clubs prepared to adjourn the annual session. Benson, a Littlehampton, England, dairy operator, is a member of Great Britain's Food Commission.

Other speakers today included M. S. Hill, Greensboro; Clarence Clark, Clarkston; J. B. Kittrell, Greenville; and Dr. Sylvester Greene, Durham. The conference will close following the annual banquet tonight.

Bunting In Race For Commissioner

Zebulon Vance Bunting, well known farmer and businessman of Bethel, has announced his candidacy for membership on the Pitt County Board of Commissioners to represent the second district, which includes Bethel, Belvoir, Carolina and Pictious townships. He was a member of the Bethel School Board for 25 years, a member of the County Board of Health, a trustee of A. and T. College, Greensboro, and takes an active part in local and state affairs.

W. Jasper Smith of Bethel, a member of the board stated that he will not seek reelection.

The Greenville banks will observe Halifax Day next Monday, April 12 and will be closed.

DID YOU EAT BRAN THIS MORNING?

If you eat bran because your trouble's constipation due to lack of diet-bulk—here's something you should know! Nabisco's 100% Bran is the better-tasting bran—the one bran with such real appetite-appeal you're glad to eat it daily! Nabisco's "finer-milling" method makes this bran gentler-acting, too—pleasantly easy on you. (If constipation continues, see a doctor.)

Ohio Prisoners Are Recaptured In Elizabeth City

Elizabeth City, April 8—(AP)—Two white men who escaped from the Ohio state penitentiary at Waukegan, Ohio, Monday after stealing three revolvers and an automobile, were captured here yesterday afternoon when a service station operator became suspicious when they paid him for gasoline with a sack of pennies.

Richard Wierach, 24, and Paul Battiz, 20, were captured by highway patrolmen after the service station operator had reported his suspicions. Patrolmen found a large quantity of razors, blades, knives, cigarettes, cakes and a fully loaded .32 calibre revolver with a good supply of ammunition in the automobile as well as a sack containing about 500 pennies.

The men, who were turned over to FBI agents, admitted they had

staged a hold up in Newport News, Va., and local officers expressed the belief that the men had pulled other jobs since fleeing from the Ohio prison.

ELKS MEET TONIGHT

"Talk about VALUE," says America

"CHEVROLET and ONLY Chevrolet IS FIRST!"

You'll get much better performance with economy from Chevrolet's world's champion Valve-in-Head engine. It has the finest record of dependability of any automotive power plant and Valve-in-Head engines are exclusive to Chevrolet and more expensive automobiles.

How much more smoothly and steadily Chevrolet rides on all types of roads! Here's the real Big-Car comfort. It's the result of the Uniflex Ride, and this feature, too, is found only on Chevrolet and higher-priced cars.

You'll find that new front-end styling—new colors—new and even more luxurious interiors add still further to the Big-Car beauty of Chevrolet's Bodies by Fisher. They're the world's finest bodies, found only on Chevrolet and higher-priced cars.

You and your family will have Big-Car safety, too. For Chevrolet brings you the three-fold protection of Fisher Uniflex body-construction, the Kneecap-Action Ride, and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and more costly cars.

Yes, from one end of the country to the other, public enthusiasm for the new 1948 Chevrolet points to a great public conviction that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value as in popularity. More people drive Chevrolets, according to official nationwide registrations and more people want Chevrolets, according to seven independent nationwide surveys than any other make of car. You'll understand why when you see this newer, smarter, finer Chevrolet for '48. Your own judgment will tell you that it gives more value... that it alone offers BIG-CAR QUALITY AT LOWEST COST!

As you know, public demand for new 1948 Chevrolets is at the highest level in all Chevrolet history. For that reason, we urge you to keep your present car in good running condition, pending delivery of your new Chevrolet. Come in, get skilled, dependable service, now and at regular intervals.

HAUNTED HOLIDAY

By Cameron Dockery

Chapter 9

The occupants of the big Manny household, guests and servants had gathered before the gargantuan fireplace in the living room. They were silent and obviously tense.

Sophie Manny's reddened eyes were cruelly noticeable against the pallor of her skin but she seemed calm; her small hands were gently folded in her lap.

As Vince began the introductions to the sheriff and attorney someone put a match to the fire and the flames sprang to life removing some of the death like pall that seemed to hover over the group.

Rice cleared his throat uncomfortably. "I'm sorry to say that sometime during the night Mr. Simon Manny was murdered."

No one said anything. The attorney eyed the group narrowly. The fright that had more or less been a permanent expression of the Donovans changed to amazement then dismay. Rice looked discomfited.

"You don't seem surprised Miss Manny," he said to Sophie.

"Dr. Palmer told me an hour ago to ease the shock. I am not surprised."

"That your brother was murdered?"

"No - at your announcement. Where there are police there is usually crime of some sort." Her voice dripped acid. Rice's lips twitched.

"Not necessarily but in this case yes. So far we have no clues. Do any of you have any suggestions that might shed some light on this tragedy?"

There was a stubborn silence.

The attorney cleared his throat. "As the sheriff and I are in the midst of another investigation we are sending for Mr. Johanson, a well-known criminal investigator. He will not arrive until tonight or tomorrow therefore I must ask you to stay in or as near the house as possible." He carefully avoided mentioning that they were all suspects but his meaning was clear.

John Bisset had been leaning forward, his body hunched on a too-small ottoman, his chin cupped in his hands. "Is anything missing?" he said.

"What do you mean?" Rice's pupils shrank to pinpoints.

"Couldn't robbery be the motive? Mr. Manny had a safe full of money."

"A safe? We didn't find a safe," Bisset looked pleased.

"It's a wall affair. I'll be glad to show you. It's in his bedroom."

Inside, Manny's room Bisset pointed out the safe. After the finger-print man had gone over it, the

secretary manipulated the dial and slowly pulled out the cylindrical box. When he peered into it and looked up his face was flushed and smug. "It's gone!" he announced triumphantly.

Rice began to look excited himself. "How much was in it?"

"Twenty thousand dollars in hundreds."

Vince stood watching the little drama with amused eyes. John Bisset's ego was inflating almost visibly; it would be satisfying to puncture it.

"Oh Rice," Vince said, "I'd like to speak to you alone. It's important."

The secretary shot him an annoyed suspicious glare but left the room. Rice looked puzzled. "What's eating you Commander?"

"That money wasn't stolen last night - it disappeared over a week ago."

He told Rice about Manny's invitation and their conversation of the previous evening; this involved mentioning his previous career as a private investigator. His confession seemed to amuse the attorney.

"Well, that nips this little discovery in the bud, doesn't it? And here I thought we had the motive all neatly sewed up." He broke into an irrepressible chuckle. "I want to wish you the best of luck, Bonny."

"Why?"

"Because Johanson is an independent sort of guy. He works best alone. I don't know how he'll take having a former gumshoe at the scene of the crime."

Somehow they got through the morning.

Sophie didn't appear for luncheon and Julia was sitting in her place. "Aunt Sophie asks to be excused. I'm sure you all realize how much of a shock this is for her. Naturally this is an unpleasant situation but I'm sure you all want to cooperate with the police. Please feel free to treat Kalani as your own home. Since it's going to be a nice day you may enjoy swimming. I've asked Luki to serve tea and cocktails at the cove at five."

"Is there anything we can do?" Dukane's deep voice cut in.

Julia shook her head. "I think not, Duke - we'd better just comply with the police - they are our best protection you know."

Slow horror crept over their faces. It was evident that some of them had just realized that a murderer was still at large, might be one of them. Julia blushed painfully and tried to undo her damaging statement.

"I mean, Uncle Sim was rather well-known to the public through the newspapers - I'm afraid his death may attract a lot of morbid-minded people."

But it was too late. Sonia emitted a stifled gasp and got to her feet. "Pardones moi, I haf the headache. I weel go to my room and lie down."

Dr. Palmer's eyes behind his pince-nez examined her professionally.

"I have some sedative tablets," he offered. "Perhaps you'd like to..."

He didn't finish the sentence. Sonia waved his offer aside, her thick lashes coming together in a suspicious stare. "Non, merci, eet weel go away after awhile. I have some asperen een my room, I weel try

Water Shortage Faces Holy City

Jerusalem, April 8-(AP)-This Holy City, already short of food and torn by civil strife, was threatened today with a critical water shortage.

An official announcement said one water supply source, "for the time being, is interrupted." British Mayor Richard Graves appealed to the city's 100,000 inhabitants to use tap and cistern water sparingly.

An unofficial but reliable source said Arab attackers had severed a water pipeline from Ras El Ein, 15 miles northeast of Tel Aviv. Jerusalem's second water source, Ain Farah Springs, is restricted by lack of fuel oil for pumps.

The pipeline parallels the mountainous Jerusalem-Tel Aviv highway, scene of bitter fighting for three months.

A Jewish convoy of about 50 trucks, the second in three days, arrived over that highway today with food for Jerusalem's 100,000 Jews. The Jewish militia Hagannah provided the escort.

Arabs intensified efforts to dislodge Jews from Kastel Village, overlooking the highway five miles west of Jerusalem. Hagannah occupied the village Saturday because Arabs had attacked Jewish convoys from it.

By unofficial tally, 2,428 persons have been slain in Palestine since the United Nations voted for partition last Nov. 29.

Urges U.S. Keep Strength While Supporting UN

Charlotte, N. C. April 8-(AP)-U. S. Senator William B. Umstead told Charlotte Kiwanians today that support of the United Nations does not mean that America should weaken its defenses.

"Until such time as the UN can present world peace and there is obvious intent among all major nations to abide by UN rule," he said, "America must be prepared to defend and preserve its national security."

He linked success of the European recovery program with that of the UN, because each "has the same goal."

If ERP success, he declared, "Democratic forces in the UN will gain stronger, more productive allies who share the same beliefs in the freedom of man, the independence of nations and the desire to maintain peace and justice upon which the

Dog Rated Mention In Obituary Column

London, April 8-(AP)-A dog rated an obituary notice in the personal column of the Sedate Times today.

"Colin and Zee Henderson regretfully inform her many friends that their cocker spaniel Goldie died on April 6 in her 14th year."

Goldie was well known in the fashionable West End, where she accompanied the Hendersons on their evenings out.

The name "dollar" was adopted by Congress in 1786 for the monetary unit of U.S. currency because the Spanish dollar was the chief unit of money circulating in the colonies.

A synthetic straw, treated with water-repellent, has been developed for handbags and hats.

One nylon stocking contains about a mile and a quarter of nylon yarn.

Phillies, Cards In Player Trade; Mutual Benefit

Clearwater, Fla., April 8—(AP)—The Philadelphia Phillies apparently have solved their first base problem and the St. Louis Cardinals obtained promising shortstop insurance in a deal involving Dick Sisler and Ralph Lapointe. The swap was announced late yesterday.

Sisler gives the Phils a long-ball hitting left-handed batter who also can play in the outfield. In Lapointe the Cards get a hustling, hard-hitting shortstop as a possible replacement for the fragile Marty Marion.

The acquisition of Sisler, son of George Sisler of St. Louis Browns fame, also helps Manager Ben Chapman with the problem of what to do with veterans Bert Haas and Roy Cullenbine.

The Philly manager now can go ahead with plans to station Haas definitely at third base and have Cullenbine available for the outfield. Both Haas and Cullenbine were being considered for first base. The Phils also have two other first sackers on the roster — rookie Al Flair and Howard Schultz. Flair probably will be returned to New Orleans. Schultz never has reported.

Sisler came up to the Cards tabbed to play first base when Ray Sanders was sold to the Boston Braves in 1946. He failed as a hitter, however, and was turned into an utility outfielder. Last season he hit .203 in 46 games.

Lapointe gave every promise of developing into a top notch shortstop after the 1946 season with the Phillies' Wilmington, Del. farm club in the Inter-State League.

He opened the 1947 season at short for the Phils but was sent to Baltimore on option when Chapman decided to give Jackie Altight a try at the position. With Baltimore Lapointe hit .271 in 85 games.

Channel Swimmer To Try A Round-Trip

London—(AP)—Tom Blower swam the English Channel once, but he isn't satisfied. He announced that he would attempt this summer to swim both ways, non-stop. It's something no one else has ever accomplished.

Blower, of Nottingham, said he would try the stunt on the first favorable tide after July 26.

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what digestion was, felt strong as an ox? As age advances the "old stomach and the ever-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that 888 Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the 888 Tonic formula which contains special and potent activating ingredients.

Also, 888 Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is not organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Recharge your body with rich, red-blood. Start on 888 Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh all out hollow places. Millions of bottles sold. Get a bottle from your drug store. 888 Tonic helps build sturdy health.

The Gibson Distilling Company, New York, N. Y.

"Don't worry too much about Washington," warns Joe Kuhel, the new manager of the Senators. We'll do all right if a few of our kids come through. Frankly, I haven't thought too much about our chances in the pennant chase, but I'm certain we'll give some of the other clubs a bit of trouble."

Joe Kuhel is discouraged at the outlook of the Senators, he disguises it well. He knew he was taking over a club that finished seventh in the pennant chase last year and in addition lost Stan Spence in a trade with the Boston Red Sox and Buddy Lewis, who went into the auto business. There is a feeling that Washington is headed for eighth place.

Is It Jock?

Cairo, Ill., April 8—(AP)—Officials at St. Mary's hospital here said a man they believed to be Dr. John B. (Jock) Sutherland, 59-year-old head coach of the Pittsburgh Steelers professional football team, is a patient in the hospital today.

The man was found walking in a field at Bandana, Ky., yesterday, Ballard County Jailer R. F. Crice reported. Crice said he appeared to be in a "dazed" condition as if he might be suffering from loss of memory.

Dr. H. F. Russell of Wickliffe, Ky., who took the man to the hospital, said he wasn't sure of the patient's identity.

Giants, Indians Playing In Tour

Albuquerque, N. M., April 8—(AP)—The New York Giants and Cleveland Indians were here today for the first of their 11-game cross country tour. The two teams would tour their Arizona stay in Phoenix yesterday as the Indians overpowered the Giants, 7 to 5. New York pitchers were pounded for 11 hits, good for 21 bases. Bob Muncrief and Lyman Lunde were named to pitch for Cleveland. Pitcher Ed Killeman of the Indians has been sidelined with a sprained ankle.

Grimesland Tops Chicod By 7-5

Chicod, April 7—Chicod lost its first game of the season to Grimesland on the Chicod diamond today. The score was tied at the end of the second inning, but Grimesland made a four point score in the fifth. Chicod's eight errors kept Coach Tyson's nine from rallying.

Houges pitched for the winners, and Spencer for the losers. Moore took the lead for the winners with three for three.

Chicod meets the Winterville team at Winterville on Friday.

Hunters Will Be Heard In Kinston

Tar Heel hunters who wish to have a say-so about the 1948 hunting seasons will have a chance to express their opinions at a series of meetings with Wildlife Resources Commission officials, Clyde P. Patton, Executive Director for the Commission, said today.

Speaking for the Wildlife Resources Commission, he said that the first of three meetings will be held at the county courthouse in Kinston at 11:00 a.m., April 12. The meetings are designed to give North Carolina sportsmen a chance to express their views on how the 1948 hunting regulations should be set up.

Two more get-togethers are scheduled following the Kinston meeting.

The second hearing will be held at Greensboro on April 26, and the final hearing is scheduled for May 10 at Asheville.

"Regulations controlling the take of game birds and animals should be designed to divide the harvestable surplus equally among all citizens who desire to participate in this fine outdoor sport. It must be remembered that breeding stock for next year's season must be saved if we are to perpetuate the species and the sport. Sportsmen are urged to keep those two points in mind when presenting their requests to the Commission at these hearings," Patton said.

Citation Labeled All-Time Great

Havre De Grace, Md., April 8—(AP)—Calumet Farm's Citation is the odds-on choice of trainers here to romp away with three-year-old honors.

Some of them believe he is the all-time great of the American turf. The son of Bull Lea who has won 12 of his 13 races was overweighted by superlatives in a poll of veteran trainers.

All questioned named him as the probable Kentucky Derby winner. Some said flatly that Citation's record to date is more impressive than Man o' War's.

Some sample comments: Jimmy McCre, who has trained many stakes winners for the Shamrock stable: "I can't see anything beating Citation. He looked unbeatable in Florida."

Sid Jacobs, brother of Hirsch Jacobs and trainer of 19 horses: "He is the best three-year-old right now. He's the one to beat but I doubt if anyone will."

Willy Zimmerman, Jeff-lin stable trainer: "Citation is the greatest horse on four legs. Man o' War could not have done what Citation did in Florida this winter against older horses."

Jimmy Stewart, trainer of Dr. Almac, a local derby hopeful: "I think Citation is the best horse in America."

Kentucky Racing Season Opens As Coaltown Starts

Lexington, Ky., April 8—(AP)—The Blue Grass State's colorful horse racing season opens here this afternoon with Calumet Farm's classy sprinter, Coaltown. Due to give a line on his Kentucky Derby prospects.

The speedy son of Bull Lea is matched against some top-notch older horses in the \$10,000 added Phoenix Handicap featuring Keeneland's opening.

He's rated right behind his stablemate, Citation, early favorite for the May 1 Derby which climaxes Kentucky's racing. The Phoenix is a six-furlong dash, and Coaltown has been showing flying heels at short distances.

Trainer "Plain Ben" Jones indicated only a recurrence of whooping cough or a slow track would prevent Coaltown's start today. The cough threatened the speedster's career a year ago. He is untried on poor footing.

Miami Tracks In Business Suit

Miami, Fla., April 8—(AP)—Two other horse racing plants in the Miami area want part of the mid-season business now going to Hialeah.

Gulfstream Park Racing Association filed suit in circuit court here yesterday asking a mandatory order requiring the Florida State Racing Commission to give it and Tropical Park part of the racing dates now allocated to Hialeah Park.

The "moneyed class" is not in the Miami area in great numbers in early December or after April 1. The suit contends, and the court was asked to enjoin the racing commission from fixing dates at the forthcoming summer session.

Coach Casualty In Ball Practice

Burlington, Vt., April 8—(AP)—The Cathedral High School baseball team today reported only one casualty after a strenuous practice session—Coach Don Maley.

The coach was pitching batting practice for his boys when a grounder took a bad hop as he was about to field it. He suffered a badly cut lip.

A short while later he moved over to the batter's box to concentrate on the batters. A bat slipped out of a hitter's hand and struck the coach on the forehead.

HUDDLE AT ANNAPOLIS—George Sauer (right), Navy's new head football coach, gets together with two of his players at the start of spring training at Annapolis. The boys are Bob Horne (left) of Plainview, Tex., and Reaves Baysinger (center) of Syracuse, N. Y.

Baseball Upheaval Soon Minor Loop Prexy Views

By FRANK ECK

(P) Newsfeature Sports Editor
West Palm Beach, Fla.—Frank (Shag) Shaughnessy, president of the International League, predicts a terrific change in the overall baseball picture during the next two years.

"The kids are catching up with the wartime major leaguers who have been playing in the minors. The youngsters will run a lot of these players out of there. Our league was filled with wartime players last year," says Shag.

Shaughnessy is preparing for his 12th season as International League boss. His circuit inaugurates its 65th campaign on April 22.

"I've made two pleasing observations on what I've seen this spring," says Shag. "The youngsters are going to take charge in the majors before long and two of the clubs that will profit by youth are the Brooklyn Dodgers and the Phillies. They have youth in their farm systems."

In about two years you'll see both clubs coming up with strong young teams."

Shaughnessy believes "about a dozen" International League rookies will make the grade in the majors this season. "Dick Whitman and the Negro boy, Roy Campanella, should make it with the Dodgers," says Shag. "There isn't a ball player in our league who can out hustle Whitman. He's not a terrific hitter or fielder but has plenty of hustle. Campanella is a pretty good hitter and catcher." Both Whitman and Campanella starred for Montreal last season.

"Others who should stick," says Shag, "are Allie Clark of Newark, Nippy Jones of Rochester, Hank

Sauer and Howie Fox of Syracuse, Tom Stallcup of Jersey City, Ray Poat of Baltimore and Art Houtteman, Neil Berry, Walter Pierce and Ted Gray of Buffalo.

Clark was up with the Yankees, but was dealt to Cleveland, Jones is with the Cardinals, Sauer, Fox and Stallcup with Cincinnati. Poat with the Giants and the four Buffalo graduates with Detroit.

"Jones may make it at first base with the Cardinals," says Shag. "Sauer with the Reds is a real pull hitter. He blasted 50 homers for Syracuse. Sometimes he gets Moody. He has real power at the plate. Stallcup meant a lot to Jersey City. For a while the team was playing .500 ball and a month later they were 25 games over .500. Stallcup was the reason."

The expression "between the devil and the deep blue sea" originated in 1637 when a Scottish regiment was trapped between the ocean and Swedish artillery fire.

Waivers Sought On Chandler

The New York Yankees announced in St. Petersburg, Fla., Monday that they have asked for waivers on veteran Pitcher Spud Chandler in order to give him his outright release. But Spud is still a hero to his sons, Frank (left), 7, and Richard, 3. They watch admiringly at St. Petersburg as their dad shows them how to grip the ball in pitching. The Georgian had an operation on his ailing pitching arm last October, but apparently it didn't help much. (AP Wire-photo).

To The Voters Of Pitt

Subject to the action of the Democratic Primary to be held May 29th, 1948, I am

a candidate for the nomination as a member of the House of Representatives.

Your vote and active support will be appreciated.

Braves Lose To Pawtucket, 3-2

By BERT MOYE

The Pawtucket Slayers of the New England Class B League registered their second exhibition win here yesterday afternoon as they edged out the Evansville Braves of the Three-I League 3-2. The loss for the Braves was their second straight.

The Slayers spotted the Braves two runs, then knotted the count in the fourth on two walks, a double and a fly to deep centerfield, and came back in the seventh frame to put across what proved their winning run when a walk, infield out and a timely single produced the run.

Johnson, rightfielder, with two singles in three trips to the plate and Whisenant, leftfielder, with a double and a single in four trips to the plate, led the Slayers' attack. Nettles, the Braves' leftfielder, with three for three, was best for the losers.

Score by innings:

Pawtucket	000	200	100	3	6	3
Evansville	011	000	000	2	6	0
Forline	Anderson	(4)	Bush	(7)	and Oates	Altport
(7)	Uhle	Jester	(4)	Hinest	(7)	and Baldwin
Hankowitz	(6)					

YANKS PLAY FARM TEAM

Augusta, Ga., April 8—(AP)—The New York Yankees stopped off here today to meet their Augusta farm team in the first of a week of exhibitions that will bring them to New York April 15. The squad left Florida in good condition with only three men still on the injured list.

Other Obstacles To Get Teachers

Other reasons than low salaries go far toward explaining why the supply of teachers now being trained in North Carolina does not meet the demands of the public schools, Dean Leo W. Jenkins of East Carolina Teachers College told members of the Kiwanis Club in Tarboro at a meeting of the group there last Tuesday evening. The number of teachers for the primary and the grammar grades especially, he said, is inadequate, and the causes of the shortage should be given careful consideration.

Long hours of work and classes that are too large make the life of the teacher an arduous one, Dean Jenkins stated. Many young people, he said, therefore prefer other less strenuous types of work. "The teacher's day never ends," he added, stressing the multiplicity of duties in the community which the teacher is expected to perform. Much of the work in worthy city and county projects is turned over to teachers who are already overworked, he pointed out.

Dean Jenkins told of unsatisfactory conditions in some Parent-Teacher organizations, where responsibilities are not equally divided

between the two groups of members and the major duties are assigned to teachers.

Dean Jenkins cited figures indicating that 100 new teachers will be needed in North Carolina for positions in the lower grades next year. East Carolina Teachers College, he said, will graduate only 27 students trained to fill these places. Figures from other colleges over the nation, he stated, indicate similar unsatisfactory conditions of supply and demand.

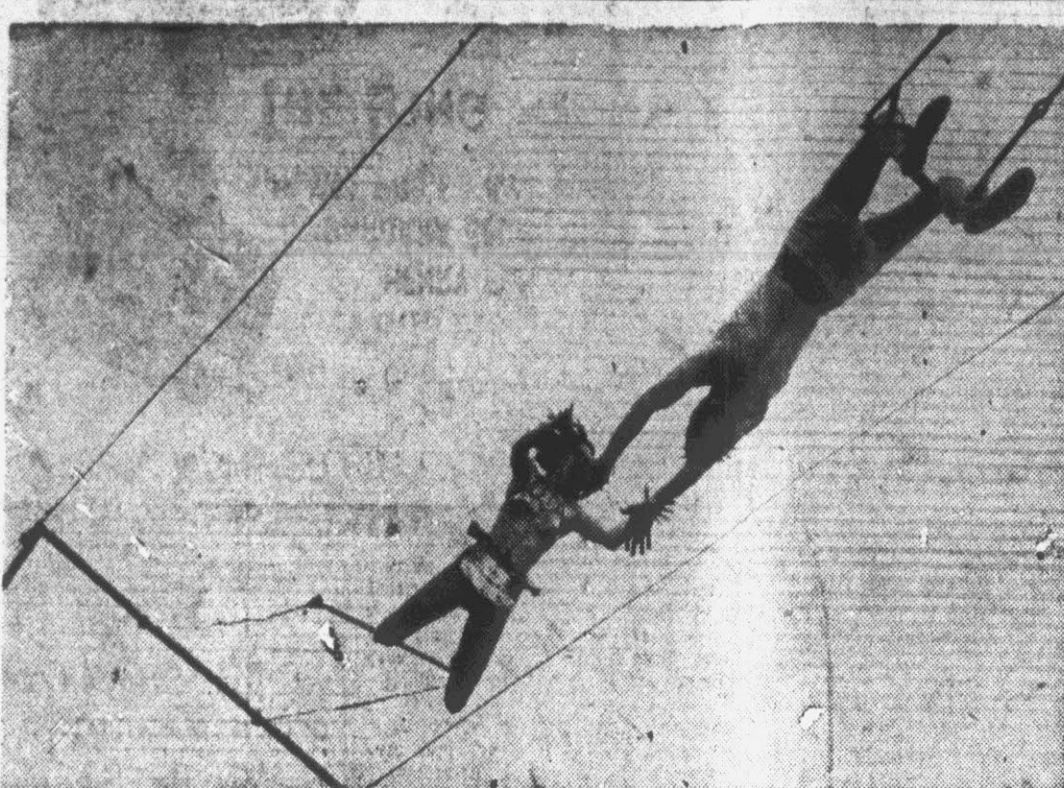

Important Meet At City Hall Next Tuesday

By CHESTER WALSH

Arrangements have been completed for the regional meeting of the League of Municipalities to be held at the City Hall next Tuesday, April 13, at 3 p. m. Mayor Jack Boyd, who will preside, said today.

The program for the afternoon session includes: A welcome by the mayor; a talk, "The North Carolina League of Municipalities," by Mayor J. S. Bennett of Rocky Mount; a forum, "Current Problems of Our Municipalities—Large and Small," led by S. Leigh Wilson, field consultant of the League of Municipalities; an address, "Problems of Finance and Taxation," by George C. Franklin, general counsel for the league; and a discussion, "The 1949 Legislative Aims of the N. C. League of Municipalities," with Davetta L. Steed, executive secretary, leading.

The city administration will be host to the visitors at a barbecue supper at Respass place on the Bethel highway at 6 p. m.

CIRCUS TIME IN TEXAS—Performers in the Gainesville, Tex., Community Circus go through their acts in preparation for starting their annual tour. Top: Evelyn Knaps, 15, soars toward the waiting arms of Paul McGhee, who is the only paid circus hand in the show. All the others are townspeople. Bottom: Varas Brewer, a rancher, puts eight horses through their paces.

Get Lions Share Of Reparations From U. S. Zone

Berlin, April 8.—(AP)—Russia and her satellites have grabbed the lion's share of industrial reparations from the U. S. zone of Germany, Gen. Lucius D. Clay, said in his monthly report today.

The American Military Governor said the U. S. S. R. and Czechoslovakia, Yugoslavia, Poland and Albania, have received 63 percent of the reparations. He based his reckoning in monetary value.

Clay said that in the first two years of the reparations program these countries received from American occupation zone factories 74,783,297 marks worth of equipment. The reparations mark was valued at 40 cents.

This was nearly twice as much as was delivered to 12 western allied nations, which up to March 1 had received equipment with a combined value of 42,412,313 marks.

Dorn To Oppose Maybank In Race

Greenwood, S. C., April 8.—(AP)—Rep. W. J. B. Dorn of South Carolina's Third District will make his first public speech here tonight since announcing Monday he was a candidate for the U. S. Senate.

Dorn, whose announcement charged the "truth is being kept from the American people" in international matters, will oppose Senator Burnet Maybank in the Democratic Primary.

Rep. Dorn, once the youngest state senator in South Carolina's history, quit the legislature to join the armed forces in World War II.

Tea was introduced into Europe from the Orient by the Dutch in 1645.

Berliners Lose Faith In Honesty

(AP Newsfeatures)

Berlin—The confidence game is reaping rich harvests for Berlin crooks, and honest women are its chief victims.

The official Soviet newspaper, "Pravda," Rundschau, surveying Berlin's crime picture, told Berliners that petty thefts could be reduced by 50 per cent if people were "more distrustful."

It had an especially unsympathetic word for man-hungry young women who "after three dances with a new acquaintance take him home and then are astonished if, next day, he has made off with their valuables and perhaps part of their furniture."

Another trick of "attractive young men" who are met through date bureaus is to make off with the coats of their women companions after they are left in dance hall cloak rooms.

Perhaps the most frequent confidence games are played with food ration cards. A "sharpie" will approach a citizen and offer him a plan for getting double his ration on the card. When the guileless person parts with his card—it is for good, for the crook never returns.

Another well-known "operator" is the fake policeman. Rogues cops dupe citizens into opening their homes for searches which eventually cost them dearly—in food, tobacco and money which are confiscated.

Ask Tariff Cuts And End Bars To World Trading

Bogota, Colombia, April 8.—(AP)—The United States asked other American nations today to reduce tariffs and eliminate restrictions to international trade.

The U. S. delegation proposed sweeping amendments to an economic plan now before the Pan-American conference as a means of promoting world economic prosperity.

The suggested modifications are part of a plan to encourage the flow of private U. S. capital to Latin America and increase inter-American trade.

Argentina offered to finance the creation of an inter-American bank to aid in Latin America's economic development. The Argentine delegate said his country is willing to offer capital to establish the bank.

People stricken with cholera, the dreaded disease of India and the Far East, are now being cured with a combination of blood plasma, salt solution, and coal derived sulfadiazine.

Dewey Says U. S. Should Refuse Recognize Coups

En Route with Dewey Through Nebraska, April 8.—(AP)—Thomas E. Dewey demanded today that the United States refuse to recognize the "coups by which nations are taken over from within."

The New York governor, aware of defeat in Nebraska's Tuesday primary might knock the props from under his presidential chances, set a fast pace in the midst of his three-day campaign in the state.

Near-freezing temperatures and a north wind chilled the campaign party as Dewey stopped near Holdrege, Neb., to inspect irrigation works and field ready for spring planting.

RAT POISON MADE FROM SEA ONIONS

Moscow.—(AP)—Sea onions are being developed as mice and rat killers. Soviet scientific institutions are developing the sea onion on a large scale. One onion, it was stated, will kill 10,000 pests, yet it is not harmful to humans.

Fifty-six of the approximately 200 species of geese, ducks and swans are found in the United States.

U. S. Supplying Greek Soldiers

AP Newsfeatures

Athens.—American food is making the Greek soldier one of the best fed fighting men in the world.

Each soldier receives a ration of 3,800 calories daily from the American aid program and this is supplemented by supplies from his own government.

Everything that keeps the Greek army functioning is also supplied by the United States. Guns, ammunition, transport, pack animals, forage, uniforms and communications facilities are provided under the estimated \$175,000,000 expenditure. Of this \$80,000,000 is devoted to purely quartermaster supplies. The remaining \$95,000,000 goes into items that provide firepower.

The best American mountain winter warfar clothing has been provided. Skis, ski boots, parkas and waterproof clothing makes the Greek winter fighters as well equipped as American mountain soldiers during the war.

Greek commando units already have been supplied with the American army combat boots. Thousands more pairs are on order for field and mountain units in forward areas.

Hundreds of jeeps, command cars and trucks have increased the mobility of the army.

Similar allocations of food, arms and other equipment have been made to the navy and air force.

Police State In Civil Rights Bill Claims Umstead

Charlotte, April 8.—(AP)—U. S. Senator William B. Umstead asserted today that enactment of President Truman's civil rights program would result in the American government becoming a "police state."

Listing proposed anti-lynch law, anti-lynching and fair employment practices legislation, Umstead asserted that if they are passed "then in truth and in fact, state lines will have been wiped out and the power reserved to the states in the constitution will no longer exist."

"Then we would have in Washington a police state regulating and controlling the suffrage, the individual liberties and the business of the people in every state in the union," he said.

Hog Market

Raleigh, April 8.—(AP)—(NCDA)—Hog prices steady. Tops of \$20 at Rocky Mount, Washington, Jacksonville, Fayetteville, Florence, S. C. and Richmond, Va.; \$19.75 at Clinton, Warsaw, Lumberton and Chadbourne; \$19.50 at Greenville, New Bern, Smithfield, Mt. Olive, Goldsboro.

Poultry and Eggs

Raleigh, April 8.—(AP)—(NCDA)—Fryers and broilers steady at 38; eggs steady. A large 43-44.

N. Y. Cotton

New York, April 8.—(AP)—Cotton futures opened 25 to 50 cents a bale higher. Noon prices were 50 to 70 cents a bale higher than the previous close. May 36.33, July 36.65 and October 32.52.
