

Fair and cooler tonight with scattered frost in mountains. Saturday fair and warmer in the afternoon.

Chiang Kai-Shek Says Seven Best Units Destroyed

But Declares Communists Cannot Conquer China; Asserts Outlook Brighter

Washington, April 9—(AP)—Chiang Kai-Shek said today, seven of his best divisions were destroyed in Manchuria but declared defiantly the communists cannot conquer China.

Chiang spoke deliberately and seriously. The assemblymen in deference to his serious mood, withheld applause. He made no mention of the presidency, which he says he wants to turn over to someone else.

"In North China," he said, "our strength under Gen. Fu Tso-yi is growing. I guarantee within six months to annihilate all communists below the Yellow River in Central China."

On the subject of inflation, the generalissimo declared China is solvent. He said China has enough gold, silver, other assets and U. S. dollar credits to recall all of the Chinese currency afloat.

Chiang said that now, with \$463,000,000 in assistance from the United States, "the prospects of economic life are brighter than ever."

Tarheel Favors Uninstructed N.C. Delegation

Pittboro, N. C., April 9—(AP)—Wilkins P. Horton, chairman of the North Carolina Democratic Executive committee, said here today he favors sending an uninstructed delegation from this state to the party's national convention.

No one can tell what will happen between the time of the state convention May 20 and the national convention, Horton added. For that reason, he said, the North Carolina delegates can best serve the interests of the state's voters if given a free hand at the national convention.

"Veterans for Eisenhower" and other groups in North Carolina are expected to seek decisions for instructed pledged delegates.

Fine Pedestrian In Traffic Case

Winston-Salem, N. C., April 9—(AP)—A pedestrian was fined \$10 and the costs in municipal court here today for a traffic violation when he admitted running into the side of a moving truck on a downtown street.

The first case of its kind here, it will spearhead continued drive against pedestrian traffic violations, warned police captain C. M. Stutts.

Big Doings On Monday

John L. Lewis Will Be In Big Show, Up To His Eyebrows, When Showdown Court Fight Starts Monday; A Little History; Lewis' Argument; What Judge Had To Say

Washington, April 9—(AP)—When John L. Lewis gets mad, he pulls his eyebrows down over his eyes, like half-drawn shades, as if big doings were going on inside.

This creates interest and makes good pictures. But big doings will be going on here Monday. And Lewis will be in them to his eyebrows, whether they're up or down.

Hartley Promises Brakes For Lewis

Congressman Says That If Current Labor Laws Fail To Curb UMW Boss, He Will Act To Strengthen Legislation

Washington, April 9—(AP)—Rep. Hartley (R-N.) said today that if the labor law he helped write fails to "put the brakes" on John L. Lewis, he will act quickly to clamp on stiffer curbs.

Hartley is chairman of the House labor committee. "I'm going to see what the court does to Lewis on Monday," he told a reporter.

"If it develops that the Taft-Hartley law is inadequate to deal with him, I'll proceed with hearings immediately." Lewis is scheduled to appear Monday to "show cause" why he should not face a contempt of court trial for ignoring a back-to-work order. The 26-day-old strike resulted from a dispute over miners' pensions.

The United Mine Workers' chief was cited for contempt Wednesday by Justice T. Alan Goldsborough, the same judge who fined Lewis and his union \$3,519,000 for ignoring a similar strike-restraining order in December, 1946. The Supreme Court later cut the union's penalty to \$700,000 but left Lewis' personal fine at \$10,000.

While court action and possible Anti-Lynch Bill Given Priority

GOP Senators Map Campaign On Civil Rights Fight

Washington, April 9—(AP)—Republican Senators voted today to give a federal anti-lynch bill top priority in the Senate among civil rights measures.

It probably will be offered on the Senate floor in the next few weeks. Senator Taft (R-Ohio) said anti-lynch and anti-discrimination measures because the GOP senators believe it will be the easiest to pass.

He said he believes personally there is a good chance the Senate will obtain debate this time in order to limit a vote. This would prevent a filibuster by Southern Democrats.

Taft is chairman of the Republican Policy committee which suggested this strategy today to a closed conference of all GOP senators.

Senator Millikin (R-Colo.), conference chairman, told reporters a secret ballot was taken on which the Civil Rights measures should come up first.

He said 26 of the 51 Republicans were present and agreed to back the anti-lynch measure. A bill is expected to be reported by the Judiciary committee shortly.

Begs Thief To Return Pictures Of Dead Husband

Knoxville, Tenn., April 9—(AP)—Mrs. L. J. Hunt, TVA employe of Fontana Dam, N. C., appealed today to a Knoxville thief for the return of pictures of her dead soldier husband.

Mrs. Hunt came to Knoxville yesterday to make arrangements for the burial of her husband's body, which arrived a few days ago from Europe.

A thief snatched her purse containing \$29 and pictures of her late husband from beneath her arm. She said she doesn't expect the money to be returned.

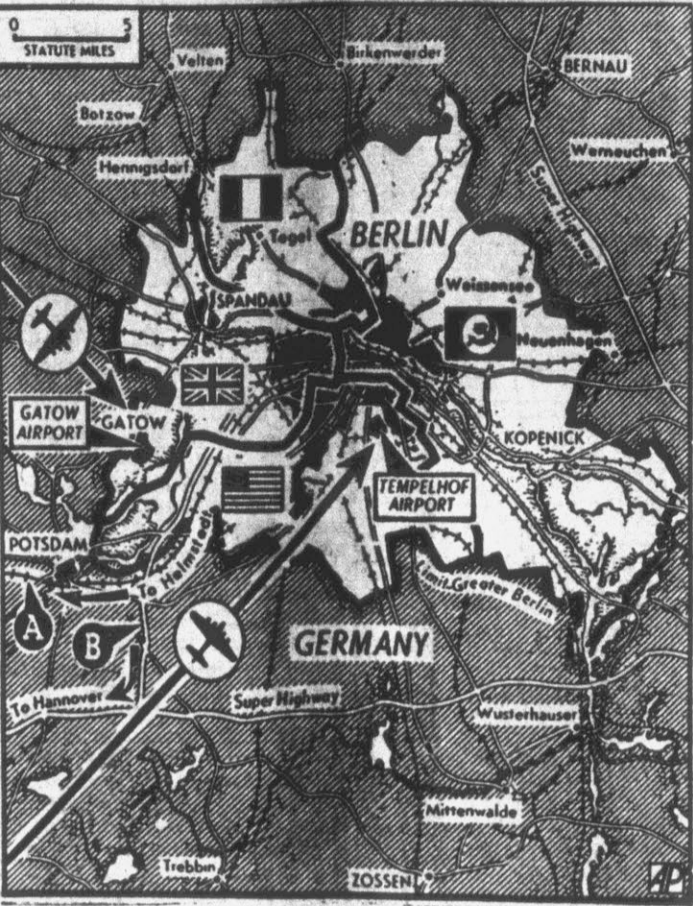

"But please," she appealed to the thief, "mail my pictures to me. They mean nothing to you. But to me they mean everything. I can never replace them."

May Take Stand As Only Witness

Boston, April 9—(AP)—Robert H. Best, former American newsman charged with treason, may testify as the defense's only witness next week.

Counsel indicated yesterday the only other witnesses being considered for defense presentation is Best's sister, Louise. She obtained a leave from her post as head of a Methodist boarding school for girls in Brazil to be near her brother during trial.

U.S. And British Airports In Berlin

This map locates the Tempelhof and Gatow Airports in the American and British sectors of Berlin. The shaded area denotes the surrounding Russian zone, making an island of the city which is under four-power administration. The Berlin-Helmstedt Railway (A) and the Berlin-Hanover Highway (B) are ground links with western Germany.

The Association's complaint contended that Lewis' refusal to recognize the group constituted not only refusal to bargain but an attempt to coerce the operators in the choice of their bargaining agents.

As for the present Taft-Hartley act, President Truman told his news conference late yesterday that the administration will enforce that law to the letter in an effort to end the coal strike.

Hartley said that if he decided a tougher law is necessary his committee's first move will be to act on a proposed amendment to apply the Sherman anti-trust law to labor unions.

Recapture Town

Tel Aviv, Palestine, April 9—(AP) Haganah announced today that strong Jewish forces have recaptured the strategic village of Kastel in a counter attack early today.

Arab forces re-occupied the hilltop stronghold along the Tel Aviv-Jerusalem highway road yesterday after the Jews had held the town for six days.

The announcement said Jewish forces also regained control of nearby villages and vantage points.

Hit Obstacle In Bogota Meeting

Bogota, Colombia, April 9—(AP)—The Pan American Conference bogged down today in its efforts to obtain unanimous support of a resolution against Communism.

A Chilean source said Chile plans to ask the American nations next week to approve her anti-Communist resolution, even if there is no unanimity.

Last week Chile distributed among the delegates a draft calling for condemnation of what it termed foreign-inspired subversive activities. Chile asked the Pan American delegates to suggest changes they might deem necessary.

The Chilean source said the resolution had not been submitted to the conference because efforts still are being made to achieve unanimous approval in advance. Some nations have opposed bringing the matter before the parley unless assurance of such unanimity is obtained.

Further, the Chilean informant said Mexico and Venezuela had not decided whether they will support the resolution in the form it has been suggested by Chile.

The two nations are reported to oppose the conference directing individual governments on what action to take against Communism. Other delegations are said to be against the present wording of the proposed resolution.

Voluntary Controls Are Endorsed By ERP Head

Washington, April 9—(AP)—Foreign Aid Chief Paul G. Hoffman predicted today that voluntary controls will do a "better job" than federal regulation of American industry in meeting the recovery needs of Europe.

Hoffman, president of the Studebaker Corporation, was due to be sworn in as Economic Cooperation administrator today. Chief Justice Vinson arranged to administer the oath in President Truman's office with the cabinet, whose ranks Hoffman joins on an equal footing, looking on.

Twenty Officers Of Hitler's SS Facing Sentence

Death Penalty Appears Inescapable; Responsible For The Deaths Of Millions

Nuernberg, Germany, April 9—(AP)—Twenty officers of Hitler's SS (Elite Guard) were convicted of wholesale murder today in an American finding so biting the death penalty for many seemed inescapable. Sentences will be announced tomorrow morning.

A three-judge court found them guilty on all three counts of an indictment charging the killing of at least a million Jews, Gypsies and other classified by the Nazis as racial undesirables. Only two of the 22 men in the dock were found innocent in any degree.

The judgment was handed down by presiding Judge Michael A. Musmanno of Pittsburgh. He summed up the evidence that the defendants were permitted to operate only a few more days. Spoken for the Roanoke Mills, Patterson Mills, and Rosemary Manufacturing Company said it would take two weeks for coal shipments to reach these plants if the miners should return to the pits immediately.

Meanwhile, the Virginia Electric and Power Company which serves Roanoke Rapids has ordered 50 percent cut in power consumption effective Sunday.

Spokesmen for industrial plants in Greensboro reported the effects of the strike so far have not been felt. Several executives added, however, that this picture may change should their suppliers of raw materials be forced to reduce operations.

Most industries in Winston-Salem are reported as having enough coal to sustain full production for at least three or four more weeks.

Find Elaborate Shinto Ceremony

San Francisco, April 9—(AP)—Temple groups, reed flutes, and a Japanese priest murmuring in his Oriental tongue.

That, reasoned the navy commander and the red-haired girl, was just a beautiful going away ceremony for their departure from Tokyo.

The girl, Miss Elizabeth Church, 28, enrolled as an Oriental language student at the University of Washington, Seattle, after her arrival last fall.

Recently, she translated a document the priest had given her. It was a marriage certificate. And, explained the retired commander, Frederick W. Ebersole, today—

The departure ceremony actually was a Shinto marriage ritual. The marriage was annulled, to the great relief of both, by Superior Judge Alfred J. Pritz here yesterday.

Hoffman Sworn In Today As Chief Of Foreign Aid

Washington, April 9—(AP)—Paul G. Hoffman, who thinks voluntary controls are better than federal regulation of industry, took over today as America's new foreign aid chief.

Immediately after he was sworn into office, Hoffman sat down with President Truman and his cabinet to hear the President's council of economic advisers renew a call for standby rationing and wage-price controls.

Hoffman, president of the Studebaker Corporation, has full cabinet rank in his \$30,000 a year post as Administrator of Economic Cooperation. Chief Justice Fred Vinson administered the oath to the 56-year-old automobile manufacturer in Mr. Truman's office.

Order Reduction In Rail Service

Washington, April 9—(AP)—The government today ordered coal-burning passenger and freight train service cut to half of normal, effective next Thursday midnight.

The office of defense transportation took the action as a result of the soft coal strike. Approximately 70,000 railroads already have been laid off because of curtailments in service.

Today's reduction amounted to a 25 percent cut on top of a previous 25 percent reduction.

Defense Measures Given Precedence Over The Top

Over The Top

Louis Stuart Flecken, chairman of the 1948 Red Cross Fund Campaign for Pitt County, announced today the final quotas attained in the drive for funds which was held during the month of March.

The percentages of attainment are as follows: Greenville 108 percent

Farmland 83 percent

Ayden 96 percent

Falkland 63 percent

Belvoir 52 percent

Grifton 100 percent

Stokes 100 percent

Factious 100 percent

Bell Arthur 76 percent

Winterville 104 percent

Grimesland 102 percent

Bethel 100 percent

Fontaine 100 percent

Quota for county 105 percent

Coal Famine For State Industries

Some Plants May Close Within Week; Others Feel Pinch

By the Associated Press

At least four North Carolina manufacturing plants face closing within the next week because of the coal strike.

Other plants throughout the Carolinas watched their coal supplies closely, but indicated no danger of closing in the immediate future.

Officials of the Pomona Terra Cotta Company, which shut down yesterday for the week, said the plant would suspend operations indefinitely next Wednesday because of the shortage. They said 325 workers at the Vitriol Pipe Manufacturing plant would be unemployed.

At Roanoke Rapids, officials of the plant said the strike would be a "blow" to the plant. The conviction was the most all-embracing in the history of the Nuernberg war crimes trials.

One SS captain was acquitted on two counts—war crimes and crimes against humanity. He was convicted of the third—membership in a criminal organization; namely, the SS and the SD (a department that ran a spy system).

One corporal was found innocent of all three charges because he once quit the SS and got back into it only through the draft.

Convicted of all three counts were four SS generals, 12 colonels, three majors and one lieutenant.

They were commanding officers of the Einsatz Commands. These were units, none of more than 2,000 men, established by Reinhard Heydrich, chief of the security service. They were sent into Russia behind the rampaging German armies to wipe out whole classes of people Hitler and Gestapo Chief Heinrich Himmler thought were better off dead.

Mainly they exterminated Jews. Their own records, introduced in court, showed at least a million slain. The prosecution held that maybe 2,000,000 died from their bullets or in their gas vans.

Two Children In Tub Found Dead

Binghamton, N. Y., April 9—(AP)—Two little girls climbed into a bathtub last night and switched on a radio beside the tub.

Two hours later, Wanda Thompson, 12, and Marlene Monell, 11, were found face-to-face in the tub, dead of electric shock. The radio had fallen from a shelf into the water.

New Western Germany

More And More, It Becomes Apparent That Western Germany Has Been Sealed Off From Sector Occupied By Russia; Acknowledgement Of Split Is Spreading

By DEWITT MacKENZIE

The idea of creating a new German Reich out of the three western zones of allied occupation gathers momentum as it becomes increasingly clear that Russia has sealed off and assumed permanent control of Eastern Germany.

Further striking indications of this trend come from a speech delivered before the German state legislature in the British zone by General Sir Brian Robertson, the military governor. Speaking with the personal approval of British Foreign Secretary Bevin, we are authoritatively informed, Sir Brian said: "Come forward determined to make the best of that larger part of your country which is on the right side of the iron curtain. Make up your minds to stand against these gentlemen who, with democracy on their lips and truncheons behind their backs, would flog your German freedom from you."

Well, that's plain talk. The General didn't mention Communism specifically but there's no doubt that he was talking about them and was advising the Germans to renounce themselves to losing Russian occupation of eastern Germany, together with their capital, at least for the time being. And as I pointed out in a previous column, the inability to reconstitute the country with Berlin as the capital is a major tragedy to the people, not only for sentimental reasons but because it is one of the world's greatest cities and is the hub of European rail transport.

While Sir Brian was making this significant declaration, Maurice Couve de Murville, distinguished French negotiator for German affairs, arrived in Berlin to be the guest of General Lucius Clay, commander of the American zone. Wes Gallagher, (P) chief of bureau in Berlin, tells us that de Murville's trip is interpreted in authoritative quarters as a move to remove the difficulties in way of a merger of the French with the British and American zones. The latter two already have established politico-economic cooperation.

If the western allies decide to combine their three zones, the new Reich will have a population of about 43,000,000 as against some 29,725,000 in the Russian zone. And because of the split, there will have to be a (Continued on Page Three)

Cllo Club Meets

Mrs. Agnes Barrett graciously entertained members of the Cllo Club at her home on Eighth street on Tuesday afternoon of last week. Beautiful arrangements of spring flowers were used throughout the home. Upon arrival of the guests a dessert course followed by demitasse with salted nuts was served by the hostess. Misses Ellen Caldwell and Marguerite Austin assisted the hostess in serving.

Mrs. Barrett introduced Mrs. Calvin Claudel of Greenville and New Orleans who was guest speaker for the afternoon. Mrs. Claudel is a poet and writes under the pen-name of Alice Moser. She has written and has had published a great number of her poems. She is also co-author of "Three Lyric Poets." Mrs. Claudel's talk was tinged with the atmosphere of old New Orleans, in which charming city she lived before coming to North Carolina. Her

40 Years Ago Today

THE DAILY REFLECTOR

April 9, 1908

Many of you know just how provoking it is to gather or buy a mess of greens and find insects all over them. It has been discovered that to put a handful of salt in the water and wash in usual way the insects will all come off.—The Designer for May.

Some of the new hats are so large the wearers will not need to carry parasols.

Your heavy underwear does not feel so uncomfortable today.

North Carolina homes have included the equally charming spot of Chapel Hill, and her poem "Camp Town Meeting at Carboro" reveals Mrs. Claudel's ability to absorb and then portray the local color of whatever community in which she resides. She is truly in tune with both nature and people. Members of the Cllo Club were indeed fortunate to receive her impressions of New Orleans and of North Carolina first hand.

After a short business session, books were exchanged and the club adjourned.—Reported.

Mr. S. D. Bundy to Be Guest Speaker
Mr. Sam D. Bundy, principal of the Farmville High School, will be guest speaker at the annual dinner meeting of Greenville chapter of E. C. T. C. Alumni Association, Friday evening at 7 o'clock at the Barbecue Inn. All alumni are invited to attend and bring their husbands, wives and friends.

"Manikin and Minikin"
Greenville High School Dramateers, under the direction of Mrs. Howard W. Mims, will present "Manikin and Minikin" tonight at the Sheppard Memorial Library as a part of the Art Festival.

The cast includes Janice Owens and Ken Owens, who portray two figurines, Manikin and Minikin. The fantasy tells of Minikin's jealousy of the maid who always dusts Manikin. Manikin pretends indifference, but his true feelings betray him and he confesses his love for Minikin.

Janice Owens, a student of Mrs. J. H. Rose, has previously appeared in many productions including "Mimi Lights a Candle," "Thanksgiving Beats the Dutch," "Happy Journey," "Orchids For Margaret," and "Ever Since Eve." She has taken part in several radio plays.

Ken Owens, who began his dramatic career this year, has played in "Thanksgiving Beats the Dutch," "Family Portrait," and radio plays. Next week the Dramateers will go to Chapel Hill where they will present "Manikin and Minikin," in the State Drama Festival.

Compensation As Well As Anguish For Tall Girls

By CYNTHIA LOWEY
AP Newsfeature Writer

NEW YORK—The forgotten woman of America is a legion of a few million outside damozels. I know; I'm one of them.

There have been reams of publicity about us, and they've tried to turn being tall into something fancy. They've called us Junoesque, Amazons and—this is far and away the nicest—long stemmed American Beauties.

But when you are five feet and seven and over, honey, you're nothing but trouble. As a long stemmed American (note the omission) I will enumerate some of the problems of life encountered. And then when I've finished, I'll listen to the anguished screams from the ladies on the other end of the scale who, I understand, think they have a hard time.

A. Little bitay guys always adore tall girls; great big guys think tiny cuddly five-foot-nothing girls are dream-boys. Dancing with a half-pint is about as enjoyable as a nightmare.

B. Manufacturers of women's clothes think entirely in terms of the average female, the ones who hover around five feet five. This is true, in spite of the fact that clothing advertisements always show a willowy girl who looks to be a good six feet.

C. Our shoulders are broader, our waists are longer and our legs are longer than the average. If a size 16 is our size, it fits in the shoulders, is too high at the waist and then we quietly let down the hem. You can see what the New Look did to us. The average and small girls had some hems to let down. We just shipped everything to charity.

D. Hats are a problem. If you get them too chic and daring, chances are you look like a skyscraper on a stroll. If you go in for something less conspicuous, you look like a pin-head or as if someone had pounded you into you shoulders.

E. That's a vastly telescoped resume of our complaints. But we haven't been entirely ignored. There's Peg Newton, the New York designer, as the grand exception. Miss Newton couldn't forget: she's five feet ten. These are stocking-feet measurements.

Miss Newton has devoted her career to clothes for tall women. Just tall women. And she has evolved a whole philosophy of being tall. She has even found some fine things about it.

"The average woman is short and hippy," she said. "Most tall women have narrow waists and good shoulders. They can, as a group, wear clothes much better than their smaller sisters. But they have to be careful or they'll look like a ship in full sail."

"Tall girls need clothes with about an inch and a half more length in the bodice, and I give them about three and a half more inches in the skirts of size 16 dresses.

Miss Newton advises either long jackets or Eton jackets for suits. That in-between length in Tailleurs is bad. She also likes suits with

GOLDEN—Flowing lines of gold lame fashion this gown worn by Signe Hasso in a recent motion picture.

skirts of contrasting colors — the breaks chop the long sweep from head to toe. Prints should be large, splashy, but the design is best when it has some connection and is not spotty.

Christian Church Announcements
Under the direction of Mrs. Herbert Carter with Mrs. R. R. Wilman at the organ the choir of the Eighth Street Christian Church will sing Sunday morning Knapp's "Open The Gates To The Temple." Communion service to which all Christians are privileged to partake, regardless of denomination, is observed every Sunday morning as a part of the worship service.

At the service at 11 o'clock Sunday the pastor will speak on the theme, "Two Ideologies in One World." The question is which one of these ideologies shall prevail.

The Guild made up of business and professional women will meet on Tuesday evening at 8 o'clock at the home of Mrs. Louella Stancill, 1305 East Third street.

The Christian Youth Fellowship, rejoicing in a most splendid all church social this past Thursday night, will have its regular program at 8:30 Sunday evening at the church.

Diocesan Mite-Box Service to Be Held in Kinston
There will be a diocesan mite-box service held at St. Mary's Episc-

opal Church in Kinston on Sunday, April 11, at 3:30. All Junior choirs of the diocese are expected to be present. Bishop Wright will attend and make a talk for the benefit of the young people. It is a splendid opportunity for the young people to hear the Bishop. All members of St. Paul's Church school that can attend are urged to do so.

European Union Expecting U. S. Military Help

Washington, April 9—(AP)—The projected western European Union now seems sure of strong American military support as a way to strengthen the west against feared Russian expansion.

In the opinion of Washington officials, however, several major problems remain to be worked out, including the precise forms this support may take.

Belgian Premier Paul Henry Spaak who has conferred here this week with President Truman, undersecretary of State Lovett, and other leaders, told a news conference the European nations will ask for military as well as recovery help later on.

First, Spaak said, they want to consolidate their new organization which so far has gone through only the first stages.

Spaak was one of the prime movers in a five-nation meeting at Brussels a month ago which drafted a treaty for economic, political and military cooperation among the western states.

The five nations which did the drafting were Britain, France, Belgium, the Netherlands, and Luxembourg.

The United States, in statements by President Truman and secretary of state Marshall, already is on record as approving the formation of this western bloc.

Also, as Spaak reminded reporters last night, Mr. Truman told Congress on March 17 that this country intends to back up the free nations of Europe in their struggle to maintain their freedom against Communist Russia.

Even before Mr. Truman spoke, State and Defense Department officials had been studying what steps along that line the American government might take. Their studies recently have been intensified, and Lovett told a news conference Wednesday that some definite ideas have now been worked out although no formal policy decision has yet been made.

Victim Of Theft Changes Opinion Of Human Nature

Los Angeles, April 9—(AP)—Twenty-four hours changed blind John R. Sween's opinion of human nature from mighty low to heaven high.

On Wednesday a man pretending he wanted to rent a room at Sween's house stole a table radio that was the blind man's constant source of enjoyment. The man then was reported in the papers.

Yesterday Edward A. Krause, Santa Monica radio dealer, presented a radio to Sween, the 73-year-old Spanish war veteran choked a bit and said: "When some dirty skunk steals something, it's unusual for somebody to replace it."

Then he thought of his wife: "She's out to the store, trying to buy another radio for me; she can't afford it, don't let her do it."

A neighbor found her just in time.

Police In Two States Asked To Join Hunt For Missing Father

Christiansburg, Va., April 9—(AP)—State Police in Virginia and North Carolina have been asked to search for Joseph R. Dunbar, of 208 West Main Street, Christiansburg, Virginia, who has been missing since March 13. His employers, Plough Sales Corporation, of Memphis, Tenn., and his daughter here, Miss Pauline L. Dunbar, last heard from him at Charlotte, N. C., where he sent orders from Hamlet, N. C. for the firm for whom he traveled.

Dunbar is 48 years old, five feet three in height, weighs about 167 pounds, with blue eyes and light hair. He was driving a 1941 black Chevrolet coach, Virginia license 239939 and town of Christiansburg license plates, for 1947.

Pictured above in costume are Ken Owens and Janice Owens, starring in "Manikin and Minikin."

Wallace Resumes Attack On Govm't

Chicago, April 9—(AP)—Henry A. Wallace says "our criminally stupid foreign policy has provided the reasons for labor injunctions."

The government, he says, "knows how to get tough with Russia, the trade unions, and the liberals, and knows how—but won't—get tough with the steel trust."

He told a large audience of CIO Steelworkers and others last night at nearby Gary, Ind., they should join his "New People's Political Party" to fight "the fear-makers and the strong-arm boys."

He said "war hysteria" and the "Truman-Vandenberg-Forrestal remobilization program" is trying to "whip labor into line."

"Every act against labor is taken as a measure of national security and is based on carefully manufactured war threats," he said.

The third party presidential candidate said the steel workers and other laborers are justified in demanding new wage boosts.

But, he declared, "the steel trust and other huge interests are pushing for war to stave off depression and a fall in profits."

Wallace came to Chicago today for a national conference of 400 pro-Wallace leaders from 45 states. They will arrange a convention to nominate him later and choose a name for the third party.

New Western . . .

(Continued from Page One) sweeping and arduous readjustment of the economy of both sections.

The Soviet zone contains Germany's best farmlands, and in pre-war days the rest of the country drew on its heavily for foodstuffs. Western Germany also imported huge quantities of food from eastern Europe and the Balkans—a source from which the west may long be cut-off.

On the other hand, the three western zones contain the bulk of Germany's iron ore and coal, a circumstance which has made them a great steel producing area. The Ruhr is (or was, before the war) one of the world's important industrial centers.

Obviously it will take long to rehabilitate a new Reich and create a fresh economic structure. The war devastation in many parts of western Germany is terrific, especially

Second Fire At Submarine Base

Groton, Conn., April 9—(AP)—A spectacular early morning fire, the second within two months, struck the Navy's submarine base here today.

The blaze, discovered about 1 a.m. (EST) and brought under control within two hours, damaged a three-story building used as a temporary base headquarters since a fire February 11 destroyed the former administration building.

A Navy spokesman said the damage was "not in excess of \$25,000." The fire was confined to the third floor and did not reach the section of the building occupied by the headquarters offices and the administrative offices of "Comsublant" (commander submarines, Atlantic fleet).

The cause of the blazes was undetermined, the Navy spokesman said, although it apparently started in the ceiling.

Steel Output Is Further Reduced

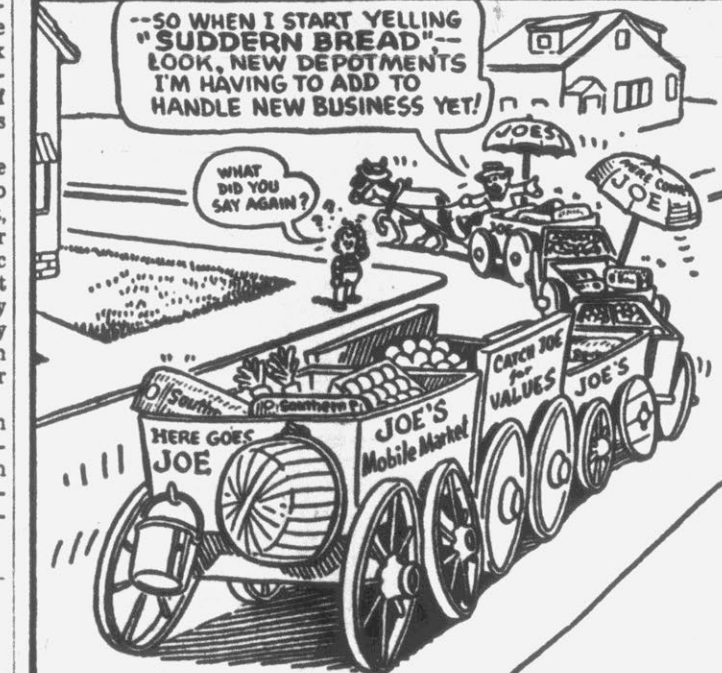

Pittsburgh, April 9—(AP)—The 3-day-old soft coal walkout cut still deeper into steel production today with 37 blast furnaces and 4 open hearths closed down.

Several steel firms reported new setbacks, pushing the total number of workers idle in the industry to 5,000. Steel production for the nation was estimated at 75 to 80 per

Strength FOR THE DAY

GOING UP

There are a lot of people who believe that the way to get along in life is to get hold of the coat tails of somebody who is climbing and hang on for dear life.

The only success worth having, however, is the success we make for ourselves. It is a very nice thing to have someone in authority saying a good word for us, now and again. If, when a man aspires to any promotion, he knows that there are a number of substantial people who will speak enthusiastically in his behalf, the chances for his promotion are, of course, immeasurably increased. But it is to be remembered that these people would not speak a good word for us were it not that we had done something to deserve it. So in reality that sort of thing is not pull; it is the endorsement of those who have found our efforts to their liking.

WASHINGTON LETTER

By JANE EANS

Washington—The Jefferson Memorial, dedicated in April, 1943 to the third president of the United States for whose democratic principles we were then fighting, has been visited by 3,000,000 persons. Today, in the midst of a great war for freedom, we dedicate a shrine to freedom, we dedicate a shrine to the Lincoln Park Zoo. That made me mad. So I thought I would show her. I figured I could outdo any ape.

I got off the bus at the Grand Central Palace where some 70,000 beauty parlor operators are staging the international beauty show. I stomped into a men's salon and found Saul Meth, a makeup artist and hair stylist.

"Give me the whole menu," I said, "from soup to nuts."
"That means," he said, "a haircut, manicure, shampoo, shave, mud pack, tonic, sunlamp treatment, shoe shine and a cold permanent wave."
That slowed me up.

"I don't know about that mud-pack and permanent wave business," I hesitated.
"Don't be foolish," he said. "The mudpack will take the office snot and grime from your skin and leave it glowing like a baby. Your hair is getting thin on top. The wave will make it look like you got twice as much hair. A lot of ex-soldiers are getting mudpack treatments and permanent waves nowadays."

What Is The Palestine Fight All About?

Alvin Bunting Exalted Ruler Of Elks Lodge

By CHESTER WALSH

Greenville Lodge No. 1645, Beneficent and Protective Order of Elks, at a meeting last night, installed J. Alvin Bunting as exalted ruler to succeed Judge Albion Dunn; heard the treasurer's report, showing the lodge to be in a flourishing condition, with a substantial sum set aside for the building fund; that the lodge engage in substantial charities during the year, and increased the membership to more than 200, and received the commendation of the Grand Lodge for its activities in manifesting the "good neighbor spirit."

E. Hoover Taft, a past exalted ruler of the lodge, represented the Grand Lodge of Elks at the installation exercises. Charles E. Blair was installed as esteemed leading knight; Jack W. Barrett, esteemed loyal knight; Jesse R. Moye II, esteemed lecturing knight; P. W. Picklesimer, secretary; David Proctor, treasurer; Bruce Baker, tiler; Joe M. Dreabach inner guard; Dr. Kenneth E. Quiggins, equine; Chester Walsh, chaplain. Judge Albion Dunn was named delegate to the Grand Lodge and J. Alvin Bunting, alternate. S. T. White and W. Z. Morton were named trustees.

Committees for the year are: Restaurant and Foods, Gentry Galloway, chairman; Herman Norris, Samuel Northrop, W. Glenn Scott, "Boyc Jones, Club Activities—Curtis Perkins, chairman; Frank Jolly, O. L. Joyner, W. S. Bost, W. Z. Morton, Perry King, Joe D. Ebum, Lapsation—W. O. Moore, chairman; M. E. Harrington, H. B. Williams, Reinstatement—J. D. Hice, chairman; W. E. James, R. H. The home was beautifully decorated with dogwood, Wistaria and Ivory. Games were played. A delicious course was served to the following: Mr. James Stokes, R. M. Phillips, Charlie Harris, Lemuel Clemons, Sr., Watson Tucker, W. H. Peed, Levy Jones, Charlie Wells, George L. Jenkins, Mrs. Fannie Barrett, Nana Gibbs, Vernon L. Harris, Lillian Jones, Cora Ruffin, Dollie Staten Hattie Donaldson, Mame Dixon, Annie Little, Sarah Bradley, Bettie Reeves, Ellen Wells, Miss Ellen Lovitt, Edith M. Griffin, Mr. and Mrs. Tony Spain and Mr. and Mrs. Jimmie Hyman.

quotation. This club helped unfortunate people of the city this week who were very much in need. They thanked us and said, "May God Bless You All." After the business part of the meeting was over the hostess served a refreshing course of ice cream and cake.

Azalea Festival Gets Under Way In Wilmington

Wilmington, N. C., April 8—(AP)—Wilmington's first Azalea festival got under way today.

The three-day program will be highlighted tomorrow with a parade in the afternoon. Governor R. Gregg Cherry will crown movie starlet Jacqueline White queen of the festival at a coronation ball at Wrightsville Beach tomorrow night.

Today's program called for a flower show and an evening song festival. Conducted tours will be staged Sunday through three showplace plantations—Arlie, Greenfield Park and Orton.

award to the bidder and that the required bond will be executed. In lieu of a certified check or cash for five per cent of the amount of the bid, the bidder may offer a certified check in an amount equal to two per cent and a bid bond in an amount equal to three per cent of the bid, as a guarantee that the contract will be entered into with the Town within ten days after the award to the bidder and that the required bond will be executed. The Town reserves the right to reject any or all bids or to accept the bid or bids that appear to be to the best interest of the Town. No proposal may be withdrawn after the scheduled closing time for the receipt of bids for a period of thirty (30) days.

Hail, Wind And Rain Scattered Over Southland

By the Associated Press
A weather-weary South suffered through hail and high water, wind and heavy rain yesterday.

As a result, one life was lost and property damage was counted in the hundreds of thousands of dollars.

A heavy wind and rain storm accompanied by hail descended on Troy, Ala., last night, toppling power lines and damaging roofs. At the height of the storm a small wooden shack caught fire and a 65-year-old man was burned to death.

Floods were the chief cause of grief in northern Florida. El Dorado, Ark., had trouble with hailstones the size of baseballs.

For 15 minutes the stones bounced off the pavement in the Arkansas city, battered roofs and dented automobile tops and fenders. Department store and home windows were shattered.

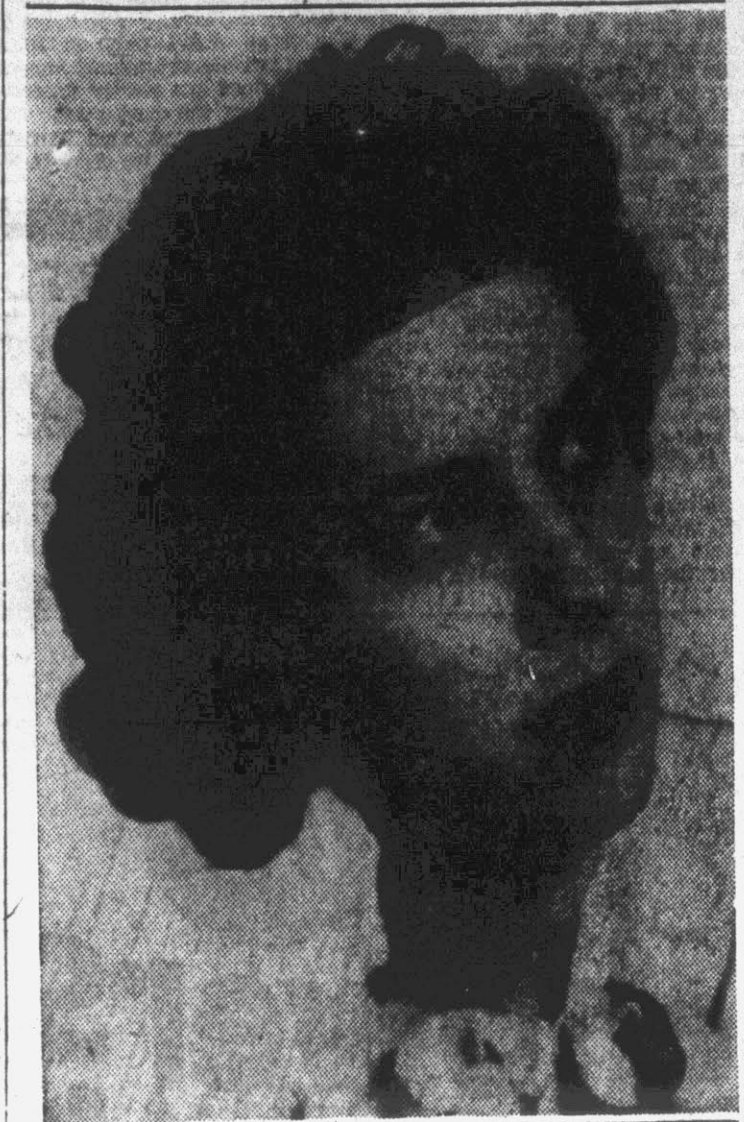

Insurance men in the town estimated the damage at \$1,000,000. One man was struck by one of the stones, but his condition was not serious.

In Florida, the rain-swollen Suwannee River was out of its banks between Ellaville and Dowling Park and at Branford, 20 miles from Live Oak.

Nor were these communities the only ones plagued by the weather. Hail storms broke windows, stripped trees of young foliage and damaged roofs in Athens and Buford, Ga. Chattanooga, Tenn., residents said stones the size of golf balls rattled down.

It was at Little Rock, Ark., that the hail storm whimsically sent stones in the shape of doughnuts plunking against the ground. Little damage was reported.

Soprano With Symphony Here Monday

LOIS McCAULEY

Lois McCauley, 21-year-old lyric soprano, will appear with the North Carolina Symphony under the direction of Dr. Benjamin Swalin as guest soloist at the evening performance in the Wright auditorium here April 12.

Miss McCauley was born in Chapel Hill, but her parents have lately moved to Trenton, N. J. She graduated from the Chapel Hill High School and attended the University of North Carolina, 1942-44. She received her Bachelor of Music degree from the Manhattan school of Music in 1947 where she is now a candidate for the Masters degree.

Included in her selections will be the aria, "Deb Wieni, Non Turdar" by Mozart from "The Marriage of Figaro," Hageman's "Do Not Go My Love," and the Debussy "L'annee en Vain."

Umstead Favors Liquor Election

Raleigh, N. C., April 9—(AP)—U. S. Senator W. B. Umstead announced today that he favors a state-wide referendum on the liquor issue.

Umstead, who is campaigning to retain his senate seat, replied to questions asked him by L. A. Martin of Lexington, executive director of the Allied Church League, Inc.

The Senator also was asked if he favored passage by Congress of a proposed law to prohibit advertising of alcoholic beverages, and replied:

"I am opposed to the advertising of alcoholic beverages in interstate commerce. I think it should be stopped, and I am, therefore, in favor of the Capper Bill which would prevent it."

In reply to a question on a state-wide liquor referendum and a question on whether he would appear before committees of the state legislature to advocate a referendum, Umstead answered:

"I am in favor of a referendum on the liquor question in North Carolina. The matter of a member of the United States Senate appearing before a committee of the North Carolina General Assembly raised, I think, a very serious question of propriety. I have never known this to be done. I would like, therefore, to discuss this with any person who might request that I so appear when the question arises."

Would Register Men Through 30 In Draft Measure

Washington, April 9—(AP)—Facts and figures on draft legislation drawn up by the House Armed Services committee:

All men from 18 through 30, including veterans, would have to register.

But only those 19 through 25 would be liable for two years' service.

Veterans would be exempt from the draft if they served a year or more during World War II. Those veterans with more than 90 days service, but less than a year, would have to join a reserve unit of the army, navy or air force reserve to become exempt.

National Guardsmen and Reservists would have to register, but would not be liable for the draft.

Deferment policy, for dependency, occupation or schooling, would be left to the President to decide.

Promise Plan To Catch Reds In New Legislation

Washington, April 9—(AP)—A catch-all plan for catching Communists was promised today by the House Un-American Activities Committee.

A member who did not want his name used told a reporter the plan will embrace:

An over-all legislation program including complete new bills, amendments to existing laws and recommendations on how the Justice Department should enforce present ones.

Chairman J. Parnell Thomas (R-NJ) has said the committee is working on a report that will rap Attorney General Clark for what Thomas called laxity in enforcing laws.

The committee in all its years never has produced any legislation to curb Communists. It never had the power to do so until the beginning of 1947.

Czech Fugitives Planned Flight Well In Advance

Frankfurt, Germany, April 9—(AP)—The aerial flight of 20 anti-Communist Czechs into Germany was carefully plotted in advance, the fugitives related here today.

A Czech army colonel who once

flew with the British Royal Air Force organized the flight, they said.

Eighteen of the 26 persons aboard the Czech National Airlines plane knew of the plot before they took off from Prague Tuesday, ostensibly headed for Bratislava.

Two decided to join the flight when they learned that the plane had been diverted from its course in midair and flown to a U.S. army base in Germany.

Only six insisted on going back to Czechoslovakia. They left Munich by train today enroute home.

Young Parents Will Attempt To Regain Baby Boy

Los Angeles, April 8—(AP)—The Kunins, Shirleen and Lawrence—stripped of parenthood by two drastic blows—prepared to fight back today.

They indicated through their attorney that they will attempt to regain custody of one-month-old Steven Dale as soon as Mrs. Kunin gets out of prison to which she was sentenced for the death of her first born, two-year-old Denise.

Blow Two which stunned the young parents came yesterday. Superior Judge A. A. Scott ruled both unfit to have further custody and forbade them forever to see their son.

Blow One was the manslaughter conviction of Mrs. Kunin, 25, and sentence of one to 10 years in prison in the hairbrush spanking death of Denise.

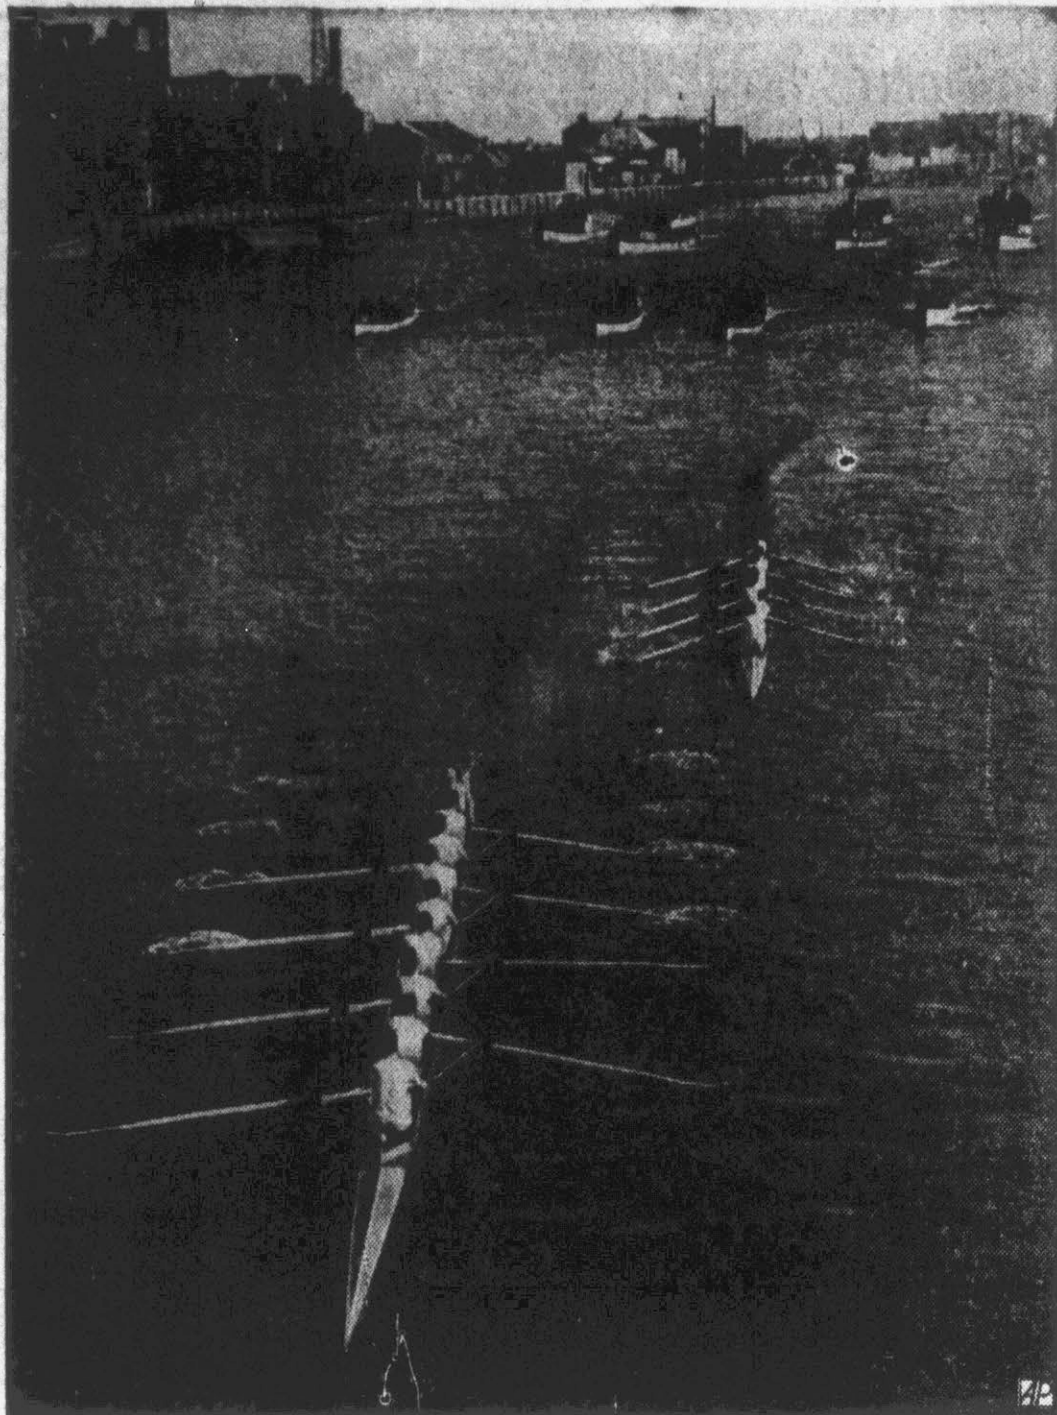

Judge Scott's strongly-worded action brought a quick retort from Richard Maddox, Mrs. Kunin's counsel.

"Legally, I construe this as a temporary decree," declared Maddox. He indicated the Kunins could—and would—press for custody as soon as Mrs. Kunin finishes her term at the women's institution at Tehachapi, at least one year hence.

Meanwhile, the court ordered baby Steven placed in a foster home, his identity legally blanked out. The Kunins won't know to whose home their baby will go, nor will the foster parents know the baby is Shirleen's.

Both parents begged for the boy and cried when Judge Scott said: "You shall never see this baby again."

He added: "I take this action because I am afraid if you were allowed to keep Steven, he would grow up under treatment worse than that given a cur dog."

CAMBRIDGE CREW LEADS—Crew of Cambridge University (foreground) leads Oxford on Thames River in 94th race between the two British schools. Cambridge won the 4 1/2-mile event in record time of 17 minutes and 59 seconds for its 50th victory.

Half Holidays Will Start Here Next Wednesday

The summer half-holidays, sponsored by the Merchants Association, will start this year on Wednesday, April 14, when the stores and other business places will close each Wednesday at noon. Grocery stores will close at 12:30. The mid-week half holidays during the spring and summer are generally observed in Eastern Carolina.

The merchants will feature "Silver Diner Morning Specials," each Wednesday, when the stores will close all change under \$5, in silver dollars. The Guaranty Bank and Trust Company and State Bank and Trust Company are cooperating in the novel venture.

The Merchants Association is sponsoring classes in salesmanship under the supervision of G. C. Frye as a through cooperation of the city schools. Full information may be obtained from Gora S. Powell, executive secretary of the association.

Honor Founder Salvation Army All Over World

One man's birthday will be remembered this week in 97 countries and territories, his name spoken in 102 languages, special observances of the day held in 17,813 corps and outposts throughout the world. A military man only in the sense that he waged all-out war against sin and human misery, General William Booth, the founder of the Salvation Army, was born 119 years ago next Saturday, April 10, at Nottingham, England.

The Greenville post of the Salvation Army was established in 1927. "As was said of the British Empire, we can say today that the sun does not set on the yellow, red and blue flag of the Salvation Army," Major W. H. Stanley of Greenville stated. "That is due to the deep humanity and fearless determina-

tion which impelled William Booth to take up the cause of the forsaken, the outcast and the friendless poor. Out of the little group with which he surrounded himself in the East End London slums has grown a world-wide organization with its heart toward God and its hand stretched out to man. From the little tent in which he held his first meetings, there have since developed hundreds of shelters, hospitals, maternity and children's homes, institutions for the aged, prisoners' aid centers, homes for imberbiates, and food depots for the needy. That which has penetrated into every nation which permits its entry is due to the grace of God and the conviction and determination of General Booth.

William Booth lived to see his lifework firmly established on a worldwide basis of service. As the Salvationists say, "he was promoted to glory" at Hadley Wood, in England, on August 20, 1912, at the age of 83.

Misunderstood, reviled by those who objected to his unorthodox ideas, given no protection by the authorities from the "roughs" who often broke up his first meetings, William Booth kept doggedly on. His predilection for those whom society of that day preferred to ignore brought him little but criticism. And yet he persevered in his conviction that while a man might be down, he was never out, and that in every man, however degraded, there was a spark of good which could be fanned into a flame.

The present world-wide acceptance of the Salvation Army, according to Major Stanley, is the best birthday testimonial which could be given his memory.

Eppes Band And Chorus To Offer Concert April 10

An outdoor band concert will be presented by the C. M. Eppes high school band under the direction of R. H. Lewis on Saturday evening, April 10, at 7:30 o'clock on the lawn of the Agriculture building. Immediately following the band concert a program of choral music will be presented by the C. M. Eppes High School Chorus under the direction of Mrs. W. H. Davenport. The choral program will be held in the Woman's Club.

The band concert will include the following numbers: "Promotion" a march by Chenette; "Warming Up," by Ribble; a group of four marches by Bennett; "The Little Gray Church," by Bennett; "Vanguard," by Hollingsworth; "Eppes High School Fight Song," by Allen and Lewis; and "Airport," by Eisenberg. Included on the school program are the following: "Hallelujah," by Lewandowski and "Morning," by Speaks sung by the Mixed chorus; a vocal solo "Prayer Perfect" by Speaks sung by Doris Lynch; a vocal "Honor, Honor" by Hall Johnson sung by Jean Johnson; two chorus numbers, "Homeland, Dear Homeland," by Gains and "How Shall I Pity Meet Thee," by Hassler sung by the Mixed Chorus.

Both programs are presented as a part of the Community Arts Festival. The public is invited to hear both concerts and to view the art exhibits.

The first skull of the so-called Neanderthal man was discovered in 1866 in Germany.

The United States once had a camel corps for patrolling desert regions in the southwest.

Statistics Show Results Of 1947 Huge Baby Crop

New York, N. Y.—The number of persons expected to reach age 40 from last year's crop of babies, is larger than the total number of children born in any previous year in our history, according to the statisticians of the Metropolitan Life Insurance Company. The explanation of this remarkable fact is that the number of babies born in 1947 set a new high record, and that the outlook for longevity is better than ever before.

The statistics challenge the imagination; for example:

Last year's baby harvest will live a total of 260,000,000 years, which is 67,000,000 more years than if 1900's mortality conditions still prevailed. Looking at it another way, 570,000 more children will survive to school age, 700,000 more to voting age, and 1,000,000 more to the comparatively ripe age of 65, because of the improvement in mortality since the turn of the century.

"This remarkably large saving in life is due in good measure to advances in medical science and public health administration," the statisticians note. "There is every reason to believe that further progress will be made in reducing mortality in our country."

Richard R. Forrest In Aldermen's Race

Richard R. Forrest, 1508 Myrtle Avenue, who has been with the Garris-Evans Lumber Company the past 17 years, has announced his candidacy for the Greenville Board of Aldermen, from the Third Ward, subject to the city primary-election on Monday, May 3. He is a veteran of World War II.

L. M. Buchanan, insurance and real estate agent, is the incumbent.

Unexpected Ally Of Firefighters

Saginaw, Mich., April 8—(AP)—Firemen in nearby Bridgeport had an unexpected ally last night when grass turned out to fight a spring grass fire.

An unseasonable, light snow fell for about half an hour and extinguished the blaze.

Big Doings . . .

(Continued from Page One)

If the judge disagreed, government lawyers then could ask him to issue a new order—this one good for 80 days—to compel the miners to work.

OLD Mr. BOSTON BRAND ROCKING CHAIR BLENDED WHISKEY

\$3.10 4/3 Quart

(Under the Taft-Hartley labor law a judge can issue such an 80-day order if he wishes, after first issuing a 10-day order to work).

Lewis argues this way:

His miners are not striking or violating their contract. The contract itself says they'll work only so long as they're "able and willing."

Right now, Lewis says, they're not "willing" to work. Then he brings in the constitution.

Under the constitution, he says, no man can be compelled to work if he doesn't want to work, meaning if he's not "willing" to work.

Therefore, says Lewis, under the constitution the judge has no right to issue an order—whether it's a 10-day or 80-day order—to force men to work against their will.

That's how Lewis argued back in 1946—that men can't be compelled to work against their will—when the judge disliked the answer and fined him.

At that time Judge Goldsborough said in effect: You may not think I have a constitutional right to issue an order

to your miners to work. But this is a court order.

You're supposed to obey the order, whether you like it or not. Then you can argue about it when the 10 days are up.

The judge didn't pass on the merits of Lewis' constitutional arguments. He fined him and the miners for not obeying the court order.

Besides deciding on what to do about the ignoring of his order this

time, the judge may have to decide on:

1. Whether to issue an 80-day back-to-work order. Government lawyers have asked him to do that.

2. Whether issuing such an order is constitutional because Lewis' lawyers argue: That part of the Taft-Hartley law which says a judge can issue an 80-day work order to make men work against their will is unconstitutional.

Olla Ray Boyd Begins Campaign At Washington

Raleigh, April 9—(AP)—Olla Ray Boyd of Pinetown is scheduled to formally begin his campaign for the Democratic nomination for governor tonight in the John Small High School auditorium at Washington.

Boyd said he expects to present his platform and discuss the issues of the campaign at the meeting. Meanwhile, four other seekers of the nomination in the Democratic primary also dealt themselves a busy day.

Kerr Scott, Oscar Barker, and Charles Johnson are scheduled to participate in the "open house for Democratic voters" at Taylorsville tonight while R. Mayne Albright appeared before informal groups in Randolph County during the day and is slated to attend a joint meeting of civic groups in Sanford tonight. Johnson, who was 57 today, also spoke to Mooresville Kiwanians.

In speeches yesterday, Albright advised the International Relations Club at the Woman's College in Greensboro that "peace is the first responsibility of citizenship." He declared that "the present world crisis demands that we strengthen the United Nations into a limited world government—with Russia if possible, without her if necessary."

Scott spoke before civic organizations in Charlotte and at King Mountain. Johnson, however, had a day of comparative rest; his campaign office workers gave him a one-day premature, surprise birthday party.

Barker also made two speeches during the day, both before Kiwanis groups, one at Durham and the other at Raeford.

Senator William B. Umstead made two talks before civic groups in Charlotte.

The bitter puffs up its loose feathers when danger threatens in order to look more formidable.

INSPECTION IN CHINA—Rear Adm. H. M. Martin (right foreground), commander of U.S. Naval Carrier Division 5, inspects guard of honor of HMS Sussex during the ship's call at the port of Hongkong. At left rear is Commodore of Hongkong, C. L. Robertson.

Cooling Off Period On Eve Of Italian Election

Rome, April 9—(AP)—The cabinet today ordered a 32-hour political cooling off period before Italians vote April 18.

In its last session before the elections the cabinet ordered campaigning to end at midnight April 16. This gives a 32-hour respite before voting starts at 8 a.m. the following Sunday.

Premier Alcide De Gasperi, his bags packed for a last week of campaigning, presided over his anti-Communist cabinet.

In another election decree the cabinet ordered schools closed from April 12 to 22 so students can be used as election aides.

Members heard a report from Interior Minister Mario Scelba on security measures to preserve order during the elections. He has announced 400,000 poll watchers will be assigned to keep the peace.

Rome newspapers reported there may be sensational developments when Vice Premier Rinaldo Ossola holds a news conference tonight. He is leader of the moderate leftist Republican Party.

Communist party headquarters said their leader, Palmiro Togliatti, will not speak publicly again until Sunday, when he opens his final campaign tour with a Milan rally.

The yellow rail bird, a good swimmer, generally swims only at night.

The normal flow of Niagara Falls is 207,000 cubic feet of water a second.

Tojo Described As 'Liberator'

Tokyo, April 9—(AP)—Hideki Tojo was pictured before the international tribunal today as a liberator of Asia whose trial as a criminal violates Allied promises.

That picture was presented in the war prime minister's final summation, read by Defense Counsel George Francis Blewett. It will take nearly three days to complete the 70,000 word argument.

The statement argued that the Allies had promised the Japanese people they would not be enslaved, but the trial was an attempt to enslave the 25 wartime leaders who are being tried.

Tojo, who prepared part of the argument himself, said Japan's aim was "the liberation of the oppressed nations of East Asia"—and it was absurd to call that a crime.

"The United States," he said, "then the most powerful nation not engaged in actual conflict in Europe, was the only bulwark standing between tranquility and turbulence in the Far East."

He reiterated his defense testimony that the United States goaded Japan into attacking. Thereafter, he argued, Japan fought in self defense.

Baptists Enter New Building; Welcome Public

The people of Greenville are cordially invited to the opening of the new educational building of Memorial Baptist Church. An informal reception will be held from 3:00 to 5:00 o'clock Sunday afternoon at which time all who are interested may go through the building and see its appointments. The deacons and their wives, the Woman's Missionary Society, and the officers and teachers of the Sunday school will be present to receive and welcome all who attend.

This building, three stories 50 by 80 feet, is a modern departmentalized Sunday school building, built to accommodate 700 persons, with some additional features for the social life of the congregation. It has a large church parlor, with kitchenette attached, a church office, choir room, pastor's study, and a large kitchen for serving large groups. The cost of the building without furniture was \$83,000. The architect was Frank Benton of Wilson, the contractor, J. L. Batton and Brother of Edenton, and the building committee was N. C. Brooks, chairman; L. A. Stroud, treasurer; J. D. Aman, J. H. Boyd, Jr., E. R. Conway, Jr., Jesse O'Loch, Mrs. L. A. Stroud, Mrs. E. E. Rawl, and the pastor, Rev. Richard E. Hardaway.

Break Precedent In Chicken Theft

Tokyo, April 9—(AP)—Thieves seem to be taking literally this democratic idea about the emperor being only human after all.

They invaded the imperial palace grounds which in the old days was sacred soil—and made off with 15 white Leghorn chickens raised personally by the empress.

KENNEDY'S BUY INTEREST IN FURNITURE STORE

Mr and Mrs. Alfred Kennedy, Jr., have purchased an interest in the Bostic-Sugg Furniture Company, 118 East Third street. They will not be actively connected with the business until later.

Draft Boards In State Prepared For Emergencies

Raleigh, N.C., April 9—(AP)—Adjutant General J. Van B. Metts revealed that steps were taken yesterday to prepare local selective service boards for quick mobilization in the event of an emergency.

The boards were liquidated March 31, 1947, along with others in the nation.

Gen. Metts announced that selective service reserve appointments have been mailed to the members of 155 local boards which functioned during the war and also to the men who served as government appeal agents.

The general emphasized that the reserve appointments resulted from state level planning. He added that some other states have instituted similar plans as the result of discussions "some months ago" with General Lewis B. Hershey, former national director of the selective service.

Hershey is now head of the U.S. Office of Selective Service Records. "This reserve program," Metts declared, "is not occasioned by the current situation abroad, but is part of the long range planning to assure a smooth-working organization if and when needed."

He described the appointments as "a preparedness move for any military emergency."

He said the reserve boards, when notified to organize, will be asked to hold one meeting for the purpose of electing a chairman. Each board has three members.

The local boards are to work in cooperation with the state selective service staff of the National Guard offices recently appointed by the governor.

The whooping crane may have a windpipe as long as five feet.

Shipping Costs By Truck Jump In State Today

Raleigh, April 9—(AP)—The cost of shipping by truck within North Carolina points was scheduled to rise by 10 per cent today.

A 10 per cent increase was agreed on Wednesday following a conference between leading shippers and truckers.

The increases become effective on baled cotton shipments April 22 unless the State Utilities Commission acts to suspend them. Bale cotton shippers who attended Wednesday's conference asked for additional time to study the rates for cotton.

The increases will not apply to cargoes such as fertilizer, building material and unprocessed farm products since rates for these are under investigation.

Open Air Picture Show Will Open Near Here Tonight

The new open air motion picture theater on the Winterville highway, a short distance from the city limits, will open tonight for its first presentation of the latest and best in motion pictures. Manager H. Adler said today. The show will be given in rain or moonlight. The motion picture park is fenced, with the screen at a high elevation to permit a clear view by the audience in their cars parked in the lot. The open air picture show is a novelty in this part of the state.

Rome had more than 800 public baths in the eighth century.

Billfold Found, Man Faints; 'Too Good To Be True'

West Frankfort, Ill., April 9—(AP)—When Janitor Les Burke got to work at a movie theater early yesterday morning an unidentified man was waiting for him.

"I think I lost my billfold in the movie last night," the man told Burke. "There was \$700 in it."

Burke took the man to where he had sat the previous night. The janitor picked up a bulky wallet and handed it to the man.

He promptly fainted. After Burke had doused the man's face with water reviving him, he staggered out of the theater, mumbling: "I must have fainted—it's too good to be true."

THERE'S PLENTY OF TURN-OVER WITH CUSTOMERS LIKE THESE - BUT NOT MUCH PROFIT

THANKS TO AL. MONYEH, ELIZABETH F. N.J.

HAUNTED HOLIDAY

By Cameron Deckery

Chapter 10

Vince strolled into the deserted living room and caught himself wishing the other rooms at Kalani were equally empty. A search might disclose some items of interest. But that was to be left for the enterprising Mr. Johnson.

Idly his fingers snapped on the radio. A news broadcast was just coming on and it soon got around to Simeon Mannley, Vince listened to the usual facts that he already knew then held his breath, frowning as the announcer's crisp impersonal voice went on -

"Long a colorful and powerful figure in the development of the sugar cane industry, Simeon Mannley was a self-made man. His father was the son of the Earl of Wiltonham but was disowned following a notorious scandal of the seventies. With Mary Grover of an equally prominent London family he eloped to the Islands where he became a shipping clerk. Not long after the birth of their third son in 1899 the couple met a tragic death when on a holiday in Hawaii they ventured too close to Kilauea's crater and a large section of rock collapsed plunging them to their deaths. Simeon Mannley began his career . . ."

A small repressed sound made Vince turn; he snapped off the radio.

"Terribly sorry, Julia - I didn't know you were there."

"It's all right, I suppose I'll have to get used to it." For a moment her eyes were far away, her head tilted as though she was trying to catch some remote sound, then her glance returned to him. "Vince, I can't stand this gloomy house another minute! How about going for a swim?"

"Sounds wonderful. Meet you here in five minutes."

Vince and Julia passed the Donovan's sitting on the terrace with their backs against the house as though expecting an attack from the rear; they declined Julia's invitation to join in a swim.

Like all northwest inland beaches Kalani's was rocky but Simeon Mannley had had an area filled in with pure white sand below the summer house and barbecue pit. Further on a pier extended out to a boat house and float. At the south end of the beach a rocky promontory protruded from the bluff into the canal. It made a protection for the cove, catching and holding the sun.

Vince stared at the natural tunnel going through it. "What a queer formation!"

Julia nodded. "Yes, we call it The Devil's Walk because it jags in very deep water that has ended pinnacled rocks just beneath the surface. It's a dangerous place - the path is alwaysaving in."

Julia swam almost as well as Vince. Her body in her flame-colored suit flashed through the water like some tropical fish. When they'd had enough they lay on the float smoking and watching the sun-dappled water.

"I wish we could stay here forever," she said with feeling.

"You wouldn't be an escapist?" Vince ran a towel over his hair.

"She eyed him frankly. "You're wondering how I can be so unemotional over this, aren't you? There's no use pretending I'm sorry because I'm not."

He tried to conceal his surprise. "Well you know the old saying, 'Fate gives us our relatives.' Thank God we can choose our friends."

"That's the way it was with you, Uncle Sim and Aunt Sophie never did approve of my father's marriage. My mother came of old Cape Cod stock, good family but they weren't in Burkes peerage."

She stared off toward a long logging raft that was making slow progress under tow. Her eyes were suddenly as hard as the time-washed stones covering the beach. "Dad was devoted to Mother and knowing the way Uncle Sim and Aunt Sophie felt he kept his relations with them on a strictly business basis. But he must have made her love him more than when he died I went to them."

"Uncle Sim took advantage of his guardianship," she continued. "When Dad died I wanted to join some branch of the service. As my legal guardian he wouldn't give his consent. I threatened to run away and he said that would be too bad because he'd never control my money and I'd never see a cent of it if I disobeyed him. I told him I'd sue him for it and he just laughed and said when lawyers got through with it I wouldn't have any inheritance left."

"Do you think he'd really have gone that far?"

"I don't know. I didn't feel I had the right to take a chance Dad had worked hard for his money and I knew he did it to protect my future."

She shook out the damp ends of her hair and frowned at Vince. "I don't know why I'm telling you all

this."

"You've been bottled up too long. I'll do you good, go ahead."

Better to spillover now, he thought, than speak too freely when Johnson comes. He wanted to warn her but realized it wouldn't be fair to the investigator. After all the man was coming to solve a murder.

"That's all there is, Vince." She rolled over on her back and shielded her eyes. "I'll bet you wish you'd never heard of Kalani."

"Then I'd never heard of Julia Mannley."

"That's hardly just compensation for getting mixed-up in a murder."

"How about letting me be the judge of that?"

Something seemed to grow between them - pleasant something that left them staring at each other in amazed silence then the float began to toss from the wake of a passing motorboat. As they sat up to watch, it made a sharp turn and bore down on them. Vince's warning shout came too late.

(To be continued)

Junior Chamber Sponsors N. C. Symphony Here

By CHESTER WALSH

At the Junior Chamber of Commerce's bi-monthly supper meeting at the Olde Towne Inn last night, J. Van Fleming, Jaycee, chairman of the North Carolina Symphony Orchestra, which appears at the college here next Monday, April 12, for matinee and night concerts, appointed special committees on arrangements to cooperate with General Chairman Charles A. White. The Junior Chamber is sponsoring the concert and has charge of selling the membership tickets. President B. B. Sugg presided.

Following a directors' meeting, the club voted to temporarily table the plan to hold an air show at the Greenville airfield, originally scheduled to be held this month. The Jaycees last year put on what was regarded as the best air show ever staged in the state, and it attracted the largest crowd ever assembled in Pitt County. The Greenville Aero Club, composed of former army, navy and marine pilots, pledged its full cooperation and support.

The Greenville Junior Chamber will be well represented at a district meeting to be held in Wilson April 13-16.

John G. Clark will be guest speaker at the next meeting.

Charles Marston inducted two new members, Jack Howard and Charles Howard.

Elderly Negro Woman Injured By Passing Car

Mrs. Cittle Blount Thigpen, 72-year-old Negro midwife, who lives at a rural point near Greenville, suffered fractures of both legs and other injuries when she stepped from behind one car into the path of a Service Taxicab, driven by Odell Butts, at Fifth and Tyson streets last night about 10 o'clock. Police Chief Buford Drum reported. The injured woman was taken to Pitt General Hospital. She gave her address at Greenville, Route 2.

Police who investigated the accident, quoted witnesses as saying that the taxi was not speeding and that the near-tragedy appeared to be unavoidable. They said the woman, who has been visiting Alberta Little, 510 Tyson street, for a few days, and last night was returning from a visit to a neighbor down the street when the accident occurred. No arrest was made.

The British gallon is almost 30 percent larger than the U.S. gallon.

TAKES RETONGA WHEN HE FEELS RUN-DOWN

Says Retonga Hits The Spot With Him In Relieving Acid Indigestion, Gas On Stomach, Constipation. Takes Famous Gastric Tonic In Spring and Winter.

"I'm not the sick-and-complaining kind of man, but when I do feel out of sorts I turn to Retonga for relief," declares Mr. William L. Nicholson, well-known home-owner and rural mail carrier of Rockingham, N. C. Mr. Nicholson, a member of the Civitan Club and American Legion, gratefully states:

"I've been feeling bad off and on for several years. Usually every Spring and again around Christmas, during the mail rush, I take Retonga to help me along. I would suffer from distress due to sour stomach and acid indigestion. My food

seemed to stop midway and gas pressure in my stomach kept me from getting the proper rest. At times bitter, undigested food particles would come back up in my mouth. I had to take strong laxatives for constipation.

"Retonga just seems to hit the spot with me and bring me the relief I need. I eat, sleep, and feel fine. The nervous indigestion is relieved and I don't have to use those strong laxatives or purgatives now. I am ever grateful for the good Retonga does me and I am happy to pass along to others my wonderful experience with it."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. You can get Retonga at Bisette's Drug Store - Adv.

American House Opens In Berlin

AP Newsfeature

BERLIN - The American Military Government has opened the second "American House" information center, after the first had won patronage which overrode its facilities.

In these centers the Germans have free use of well-stocked American libraries and magazine rooms. They are invited to lectures and films and shown exhibits describing the American scene and the American way of life.

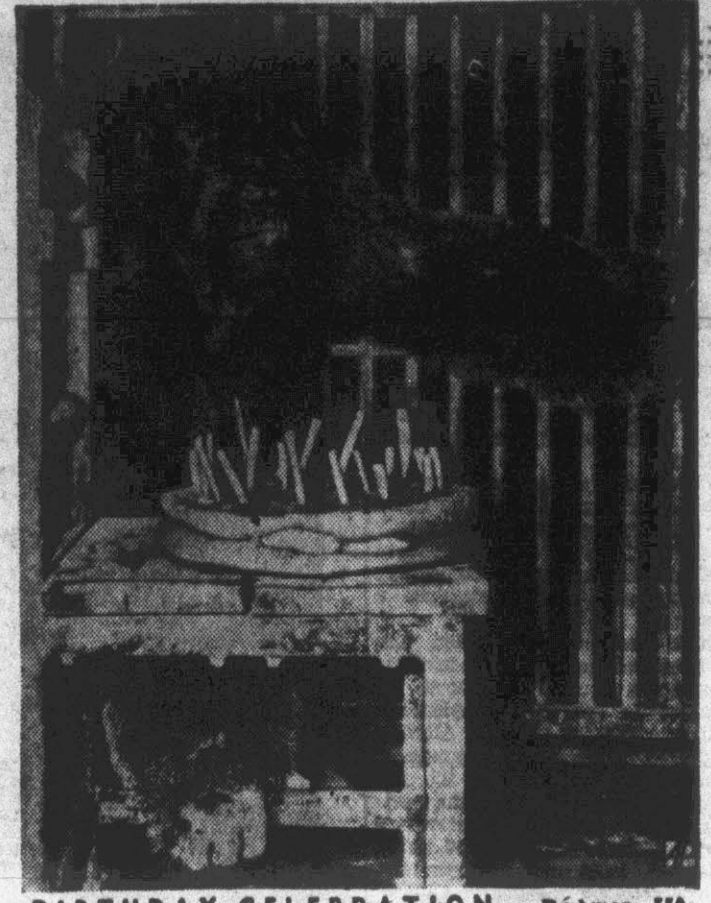

The Russians were first in the field here with their big and well-appointed "House of Soviet Culture," and the Americans are now working hard to outstrip them.

The newest "American House" is directed by Dr. Trude Gunther, Danish-born assistant professor of German literature on leave of absence from Vassar.

The "house" is established in an eight-room former dwelling. She is building a library which eventually will contain 5,000 volumes. On the walls are pictures of New York, Chicago and other American cities, numerous American authors and educational leaders.

In the film rooms are documentary films. In the lecture room German and American speakers appear and mixed discussion groups meet to exchange ideas.

Dr. Gunther also has plans for the formation of a German-American club composed of educators, journalists, and artists. She has found that Germans are hungrier for American fiction and most of the shelves will be filled with such books.

BIRTHDAY CELEBRATION - Bushman, 550-pound gremlin, prepares to enjoy his cake on his 21st birthday at Chicago's Lincoln Park zoo. The cake of bread dough, fruit and vegetables is decorated with carrots and celery.

LUCK WITH SHOES

Berlin - (AP) - Passengers in a Leipzig street car waiting for a train to pass a crossing were given the chance of a German lifetime. A carload of shoes, virtually impossible to buy in Germany, was derailed. Before the police arrived, the car was emptied.

Enjoy CAPUDINE'S quick relief from HEADACHE!

You'll agree that Capudine is wonderfully fast and effective. Relieves so quickly because it's liquid. Follow directions on label.

still the most sought after man in town...

Telephone installation men have a popularity rating that's absolutely top today. Although they have already installed a record number of new telephones, the demand still keeps up at a tremendous pace. They are working at full speed to fill requests for service. Of course, we all hope they'll be popular for other reasons when telephones can again be installed without delay.

Carolina Telephone & Telegraph Co. Inc.

Good Position Open

We have a splendid opening in this area for the man who can qualify. It is a real opportunity to establish a permanent business of your own, offering both future security and immediate earnings in the higher brackets.

All our men work in protected territories. Our product is a patented building specialty readily salable both to old and new homes alike. Practically every home-owner is a prospect.

We prefer a man between 30 and 50. Must have car and be able to invest approximately \$2500 in material inventory. If you are interested in a permanent proposition which assures an aggressive hustler a very substantial income, write full particulars concerning your personal and occupational background, including phone number and address. Write "Business," Box 408, Greenville, N. C.

FOR REMODELING UNDER A PLAN THAT IS EASY TO HANDLE.

MODERNIZE "EASILY."

You can get the money on Modern Home-Improving Mortgage terms, for modernizing your home, now, here! This institution offers to help; by financing sound Home Improvements; and by helpful advice thereto. Now is the time for making your Home modernly convenient and attractive.

Just Six Of Old First Basemen Retain Position

New York, April 9—(AP)—"Who's on first?"

The baseball fan who asks that question this year is going to get a lot of new answers.

In a series of moves almost as confusing as the Abbott and Costello routine, the 16 major league clubs have tried practically everybody except Happy Chandler at first base.

The net result is that only six full time regulars of last year are expected back at their old stands, comes opening day, 1948.

A couple more teams will present players who joined them during the 1947 season. And at least two outfits—the Brooklyn Dodgers and the St. Louis Cardinals—are apt to have most anybody at the initial sack.

Returning in the American League are the aging George McQuinn of the New York Yankees, currently ailing Ferris Fain of the Philadelphia A's, and Mickey Vernon, one time batting king, of the Washington Senators.

In the National League, Johnny Mize of the New York Giants, Eddie Walkus of the Chicago Cubs, and Earl Torgeson of the Boston Braves will be back.

Rookies are certain to man the bag for the Chicago White Sox, the Detroit Tigers, the St. Louis Browns and the Pittsburgh Pirates.

Tony Lupien, who hit .341 for Hollywood in the Pacific Coast League, will be at first for the White Sox. George Vico, a .307 hitter at Portland in the same circuit, will be the Tiger starter, and Chuck Stevens, back after a year at Toledo will start for the Browns. Ed Stevens, once of the Dodgers and more recently of Montreal, will be in the lineup for the Pirates.

The Boston Red Sox have Jake Jones, who played 100 games for them after coming from the White Sox last year. Willard Robinson, a part-timer in 1947, and Ebbie Fletcher, late of the Pirates, will divide the duties in Cleveland.

Caught Catfish On Land With Hook And Line

By CHESTER WALSH

Raymond Duffy, ardent negro fisherman of the old school and a former chef at Hotel Astor in New York City, caught a three-pound catfish today on a hook and line baited with a small eel on the bank of Tar river—five feet from the water's edge. Witnesses testified to his veracity.

While fishing in the river yesterday, Duffy observed many muskrats in the low grounds. Knowing the value of the rodent's pelt, he baited a hook with the eel, tied the line to a sapling and placed the baited hook at a muskrat burrow and left it there. This morning the line was in the water and moving. He thought he had a muskrat, but he didn't. He had caught a catfish on terra firma.

To solve the mystery of how the fish got the bait on shore, Duffy took it some distance from the water and laid it on the ground. That finny creature flopped his tail and he was two feet nearer the water. Another flop of his tail again and he hurried toward the water, with only a few more feet to go to reach the river. Duffy took the string attached to its gills and his grip kept the fish out of the water. Believe it or not, that catfish, in three flops of its tail, had traveled overland nearly five yards toward the water.

Kramer Batters Former Champion

St. Louis, April 9—(AP)—Big Jack Kramer, heir-apparent to Bobby Riggs' pro tennis crown, gave the much-beaten champion another trouncing last night in straight sets, 6-1, 6-4.

As in the 45 other triumphs over Riggs, the lanky Kramer displayed too much speed and power, particularly in his overhead smashes, for Riggs to stand up under. Riggs has beaten Kramer in but 18 matches of their transcontinental tour.

Knee Bears Up For Four Innings Play

Mobile, Ala., April 9—(AP)—Marty Marion, St. Louis Cardinal shortstop, reported no pain today after another test of his ailing knee. Marion played four innings yesterday in Birmingham. Clarence Bears was named to pitch today against Mobile.

Sport Slants

For the benefit of the small group of sports writers seated around the luncheon table, Henry Cotton, British Ryder Cup captain who had arrived here to take part in the Masters tournament at Augusta, Ga., painted a dreary picture of golf in England.

"Many English golf courses are under cultivation for food while others still serve as grazing pastures for sheep," said Cotton. "Petrol is scarce and only courses situated on main bus lines find many golfers playing over them. Due to the labor shortage, there are few caddies and the courses are in the charge of old men. The younger golfers are taken by conscription and, with the shortage of caddies, the source of our turf has been dried up."

"Our pro shops appear to be well stocked with golf equipment but the picture is misleading. The 50 percent tax on golf equipment makes the cost prohibitive and the unfavorable condition in general which restrict play make the British pro's lot an unhappy one. However, we are doing the best we can and I hope to take back a few ideas that will help when I return to England."

Plan Tourney Of Blind Bowlers

18—PLAN TOURNEY

Philadelphia, April 9—(AP)—A national tournament for blind bowlers will be held in Philadelphia on the weekends of July 24-25 and July 31-Aug. 1.

The tournament is being sponsored by the Philadelphia Bowling Council on a 100 percent handicap basis.

The regulations call for at least two members of each five-man team and one member of each doubles combination to be totally blind.

No Bad Effects For Ferris Fain

Clearwater, Fla., April 9—(AP)—First Baseman Ferris Fain apparently is going to be able to go full speed for the Philadelphia Athletics despite his recent knee operation.

Fain played his first full game yesterday since undergoing the knife and showed no effects of the operation. The A's lost to their city rivals, the Phillies, 4-3.

There are 17 varieties of pigeons and doves in the United States.

Hot Pace Set By Lloyd Mangrum

Augusta, Ga., April 9—(AP)—Fifty-six other pros and amateurs completed the 69 shot by Lloyd Mangrum in the opening round of the 12th annual Master's Golf Tournament yesterday with some apprehension as they teed off for the second 18 holes of the 72-hole event today.

Mangrum, whose three-under-par score led the field by one stroke, came here as the leading money winner of the winter tour. A year ago Jimmy Demaret came here as the leading money winner, took the lead on the first round, and held it until the finish. Sixteen players were par or better for yesterday's play over the 7,000 yard layout with its rolling terrain, undulating, sand-isolated greens and tree fringed fairways. Among them were most of the entrants rated outstanding contenders in pre-tournament calculations.

Missing the select circle by one stroke was defending Champion Jimmy Demaret, bracketed with six others at 73, playing with Bobby Jones, making his annual competitive appearance. Demaret was out in 37 and back in par 38. Jones came in with a 76.

One stroke behind the sizzling Mangrum were Claude Harmon, Ed Furgol, Ben Hogan and Herman Kessler, the surprise winner two years ago, and in the 71 bracket were Skee Riegel, national amateur champion; Art Bell, Dick Metz, Chick Harbert, Jim Ferrier, Bobby Locke, the South African threat, and Byron Nelson, a two-time winner.

Frank Shea On The Job Again

Montgomery, Ala., April 9—(AP)—The New York Yankees moved into town today to meet the Montgomery Rebels of the Class B Southeastern League.

Frank Shea, who has been on a rigid reducing diet, pitched six innings against Augusta yesterday and gave up three hits while walking five.

Clearwater, Fla., April 9—(AP)—Richie Ashburn, young outfielder who attracted wide attention in the Phillies spring training camp, is a Phillie regular today.

Phils Manager Ben Chapman announced yesterday the Blue Jays purchased Ashburn from Toronto of the International League but did not disclose the purchase price.

Rocky's Swollen Hands Interfere

Cincinnati, April 9—(AP)—Midweight Champ Rocky Graziano will not be able to appear in a tentatively scheduled 10-rounder here April 22 because of the swollen condition of his hands after Monday night's scrap with Sonny Horne at Washington. Harry Hartman, Cincinnati promoter, reported last night.

Senators Decide Return Orlando

Orlando, Fla., April 9—(AP)—The Washington Senators have signed a contract to return here for spring training for the next five years.

Plans are to erect a new stadium, and ask a national league club—possibly the New York Giants—to share facilities. The Senators break camp today and head north.

The first consumers' cooperative bank was formed in 1866 in Denmark.

Operation Faces Pride Of Boston

Boston, April 9—(AP)—New England's hopes for an American League pennant today rode toward Boston with Ted Williams, hometown bound from New Orleans in a train berth for a possible appendectomy.

The slugging Red Sox outfielder, who missed eleven successive spring training exhibition games because of a back injury and was held out of a 12th because of a cold, is being accompanied north by assistant coach and batting practice pitcher.

They are due here Saturday afternoon and will be met by Dr. Ralph McCarthy, Red Sox physician, who will examine Ted to determine whether an operation is necessary.

After a conference with a New Orleans physician Red Sox officials decided to send "The Kid" home on a train so that he could relax in bed.

Should the American League's triple batting king of 1947 (home runs, runs knocked in, highest average) miss the start of the season it would be the first time since 1941—except for the war years—when he suffered an injured ankle.

That year Ted pinch hit in the opener and then sat on the bench for ten games. However, he went on to bat .406 in 143 games.

Should an operation be necessary it is estimated that Williams and his potent bat would be lost to the strengthened Sox for three to six weeks. His loss would greatly weaken the Boston attack.

Should the American League's triple batting king of 1947 (home runs, runs knocked in, highest average) miss the start of the season it would be the first time since 1941—except for the war years—when he suffered an injured ankle.

That year Ted pinch hit in the opener and then sat on the bench for ten games. However, he went on to bat .406 in 143 games.

Should an operation be necessary it is estimated that Williams and his potent bat would be lost to the strengthened Sox for three to six weeks. His loss would greatly weaken the Boston attack.

Frank Shea On The Job Again

Montgomery, Ala., April 9—(AP)—The New York Yankees moved into town today to meet the Montgomery Rebels of the Class B Southeastern League.

Frank Shea, who has been on a rigid reducing diet, pitched six innings against Augusta yesterday and gave up three hits while walking five.

Rookie Earned Regular Berth

Clearwater, Fla., April 9—(AP)—Richie Ashburn, young outfielder who attracted wide attention in the Phillies spring training camp, is a Phillie regular today.

Phils Manager Ben Chapman announced yesterday the Blue Jays purchased Ashburn from Toronto of the International League but did not disclose the purchase price.

Rocky's Swollen Hands Interfere

Cincinnati, April 9—(AP)—Midweight Champ Rocky Graziano will not be able to appear in a tentatively scheduled 10-rounder here April 22 because of the swollen condition of his hands after Monday night's scrap with Sonny Horne at Washington. Harry Hartman, Cincinnati promoter, reported last night.

Senators Decide Return Orlando

Orlando, Fla., April 9—(AP)—The Washington Senators have signed a contract to return here for spring training for the next five years.

Plans are to erect a new stadium, and ask a national league club—possibly the New York Giants—to share facilities. The Senators break camp today and head north.

The first consumers' cooperative bank was formed in 1866 in Denmark.

FISHING POLE KING—Harry M. Keller of Mayaguez, Puerto Rico, has built a profitable business making deep sea fishing poles from bamboo which grows wild. Here he looks over some of more than 10,000 he has fashioned.

Bucky Harris Hopes Red Sox Tabbed As Top Team

By FRANK ECK

(AP) Newsfeatures Sports Editor

St. Petersburg, Fla.—"What a difference in the team and at this time a year ago," said Bucky Harris as the manager of the World Champion Yankees trimmed his toenails.

"I'm not going to say we can't miss but from all the raves I hear about the Red Sox I hope all the writers pick them to win the pennant."

"Sure they have power. They'll also have pitching. But I wouldn't trade our pitching staff for theirs."

"We have five good starters in Ed Lopat, Allie Reynolds, Frank Shea, Red Embree and Bill Vevers. Spud Chandler, with his ailing right arm, is a question mark but he's been looking good. Bevens had a sore arm the first three weeks in camp but he's coming around."

"Remember this time a year ago? Joe DiMaggio had his heel trouble, we talked about trading Johnny Lindell and Bill Johnson and others for Mickey Vernon of Washington. Glad we didn't. Joe Page was rated fifth among my southpaws and you know what he did to those Dodgers in the World Series."

"My one big problem is Charley Keller who had a spinal disc operation last July and was out the rest of the season. He's been taking it easy this spring. He hasn't run or thrown much, but at the plate he seems like the Keller who hit all those home runs. We're all hopeful he comes around and Charley has a lot of confidence in himself. A lot depends on him although Lindell isn't hard to take."

"We have two fine looking rookie outfielders in Ed Stewart and Cliff Mapes of Kansas City. A lot depends on Keller."

Bucky plans to keep Stewart who hit .358 in 145 games for Kansas City. He was the second leading batter in the league and stole 16 bases. If Keller, who still packs power in his muscular arms, wins back his old left field job, Mapes may return to Kansas City where he hit .308 and 21 home runs.

Harris plans to carry five outfielders. DiMaggio, who is hoping for a good year, and Tommy Henrich are fixtures in center and right, respectively.

The Boy Wonder of the 1924 World Series will go with his championship infield of George McQuinn on first, George Stinnett on second, Phil Rizzuto on short and Johnson on third. Bobby Brown, who set a record with three straight pinch hits in the Series and broke in this spring with a base clearing two bagger

Italians Eye Canada As Market In Lemons

Rome—(AP)—Italian exporters have learned that Canadian purchases of lemons in the United States will be curtailed to reduce the outflow of dollars. More Italian lemons will be bought.

Jock Sutherland Still In Hospital

Cairo, Ill., April 9—(AP)—John B. (Jock) Sutherland, 59, veteran coach of the Pittsburgh football Steelers, remained in a Cairo hospital today for further examination after being found Wednesday in a dazed condition near Bandana, Ky.

Dr. H. P. Russell, Wickliffe, Ky., saw Sutherland last night and reported he was "much better." However, John D. Holahan, general manager of the National Football League Steelers, said physicians would examine Sutherland again today before deciding whether his condition will permit his return to Pittsburgh.

Dr. Russell said in his opinion Sutherland was suffering "from a nervous breakdown brought on by overwork." He said Sutherland "had better rest in the hospital two or three more days before trying the long trip back to Pittsburgh by automobile."

Sutherland, for many years grid coach at the University of Pittsburgh, was brought here after he was found in a dazed condition near Bandana Wednesday. Hotel vouchers found on the veteran coach indicated his last stop had been New Orleans. He had been on a scouting trip in the south.

Touring Dodgers Trounce Asheville While 'Resting'

Asheville, April 9—(AP)—The Brooklyn Dodgers had a chance to rest up today and they needed it—at least the squad which has been touring the Southwest.

The "A" squad got into town about 8 a.m. yesterday after an all-night bus ride through the Smoky Mountains in a driving rain. The club left Tulsa, Okla., by plane but was forced to land at Knoxville, Tenn., and continue the trip by bus.

The Dodgers got to bed about 6:30 a.m. but managed to rouse themselves long enough to whip their Asheville farmhands, 7-2, in the afternoon. They play the Tri-State league club again this afternoon.

Belvoir Man Seeks Commissioner's Job

J. T. Dupree, well known merchant and farmer of Belvoir township, has announced his candidacy for membership on the Pitt County Board of Commissioners, subject to the Democratic Primary May 29, 1948.

Dupree said today that many citizens and friends of Belvoir, realizing that Belvoir has not had a man on the Board of County Commissioners in the past 25 years, urged him to enter the race.

BOTTLING COMPANY

ANNOUNCES

With pleasure the appointment of

Mr. C. K. Beaty and Mr. Joe D Hales

As Manager As Sales Manager

Mr. Beatty has had many years' experience in the bottling business. This experience plus his host of friends and acquaintances in this section makes his coming with us a mutually happy occasion.

Mr. Joe D. Hales, formerly of Goldsboro, has also had many years of experience in the bottling business. His knowledge of the business and his ability to serve well our customers will insure even better service to our many dealers and friends.

Soviet Marshal Leaves Berlin

Berlin, April 9—(AP)—British sources said today Soviet Marshal Sokolovsky has left Berlin, possibly for Moscow.

Sokolovsky is commander of the Russian occupation zone of Germany and the central Soviet figure in the Berlin crisis of Russia and the western powers.

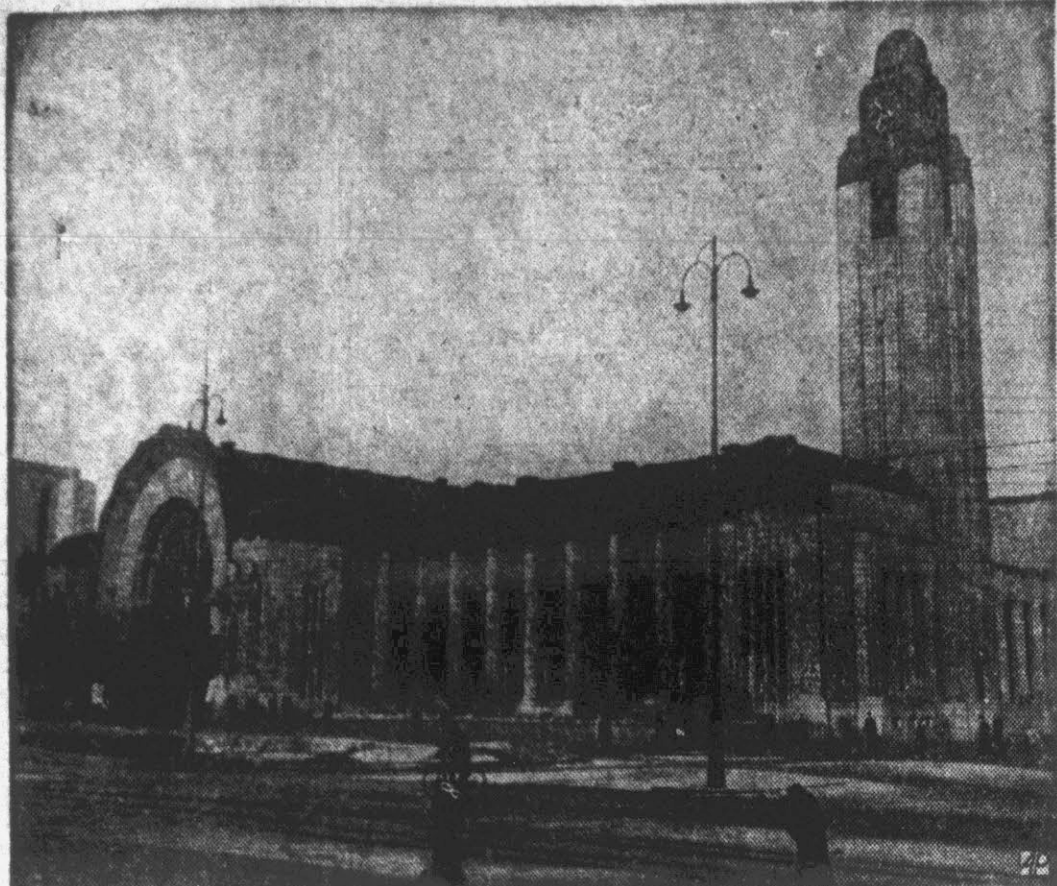

The British delivered today their reply to a Soviet note which refused to offer safety guarantees for air traffic between Berlin and the western zones. Contents of the note were not discussed.

The courier who took the note from the office of Gen. Sir Brian Robertson, the British Commander, to Sokolovsky's headquarters was told the Russian commander was out of town.

Gen. Lucius D. Clay announced earlier there will be no meeting of the allied control council for Germany tomorrow, the regular meeting day.

Clay, United States military governor and council chairman for April, explained that none of the four occupying powers had asked for a session.

This development emphasized the new law to which four-power cooperation has fallen since the Russians operated up their recent campaign to crowd the western allies out of Berlin.

RAILWAY STATION AT HELSINKI—Winter's snow is almost gone from around station in Railway Square at Helsinki's Finland. Entrance to station is at the left.

Way Cleared For Housing Official

Washington, April 9—(AP)—Housing Expediter T. E. Woods, bearing a new vote of confidence from President Truman, appears assured today of another term in the Senate, eventually.

Woods, who administers the federal rent control law, still has not been confirmed for the position to which he was named last fall. The former deputy administrator was moved up when Frank R. Creedon resigned.

Chairman Tobey (R-NH) said the Senate Banking Committee has been holding up action on the nomination pending a recommendation from Senator Cain (R-Wash.) Cain headed the subcommittee which wrote the new rent control law which went into effect April 1.

Before that the nomination had been shelved, presumably so Congress might be assured that Woods saw eye-to-eye with it on how the new law should be interpreted.

Several senators had complained that the housing expediter's office did not administer the 1947 act in accordance with the intent of Congress.

Mr. Truman was asked at his news conference yesterday about publishing reports that he was thinking of withdrawing Woods' nomination, submitted to the Senate for a second time on Jan. 9.

WHOA!—A cart horse, one of more than 300 cart and van horses which paraded during a pageant at Regents Park, London, puts on a display of spirit. Mrs. A. Downing, the driver, appears to be confident she can handle the animal.

Few Worry Over Soldier-Ballots

Washington, April 9—(AP)—Politicians don't have to worry very much about the soldier vote this year.

It will be only a fraction of the 2,691,000 armed forces, ballots cast in the last presidential election and only a drop in the bucket of perhaps fifty million votes to be cast next November.

A survey indicated that on the single basis of voting age, fewer than 60 per cent of the 1,384,000 men and women in the army, navy, air force and marine corps will be eligible to vote.

Moreover, experience shows that nowhere near the total number eligible do vote. In 1944 there were 4,487,000 ballot applications from service people (and this presumably represented less than half of those old enough to vote). Of the total who applied, only 2,891,000 actually marked and mailed their ballots.

There is another difference. In the 1944 presidential year there was a law providing that every person who, if at home would be eligible to vote in presidential and congressional elections, had the right to do the same voting by absentee ballot. This provision no longer exists.

Now a serviceman may vote by absentee ballot only if the laws of his state permit such balloting. Of 33 states which so far have reported to the army, three do not allow absentee voting for any office.

Soviet Ship Is Immune To Suits

Washington, April 9—(AP)—The United States has given in to Russia's claim that a Soviet ship is immune from damage suits filed in this country.

State department officials said today a note to Ambassador Alexander S. Panyushkin conceding the point permitted the passenger vessel Rostia to sail belatedly from New York.

The American note said United States Supreme court rulings upheld the Russian position set forth in Panyushkin's protest last month.

Poultry and Eggs

Raleigh, April 9—(AP)—(NCDA)—Fryers and broilers steady at 38; eggs steady, A large 43-44.

N.Y. Cotton

New York, April 9—(AP)—Cotton futures opened 60 cents a bale higher to 15 cents lower. Noon prices were 45 cents a bale lower to 35 cents higher than the previous close. May 36.67, July 35.96 and October 32.47.

Strike Effects

Pittsburgh, April 9—(AP)—Here was the picture today of industrial effects in the 26-day-old soft coal walkout:

Total idle workers in allied industries: 164,000 including 27,000 anthracite miners out in sympathy strike.

Steel: At least 51,000 idle in basic steel plants; 3,500 in fabricating plants; 37 blast furnaces banked, 104 open hearths shut down.

Transportation: 70,000 railroaders, plus 1,200 to 1,500 seamen and rivermen.

Escapes Located By Fingerprints

Raleigh, N.C., April 9—(AP)—The State Prison Department has been searching almost a year for J. O. Vereen who, with four others, held up a prison camp foreman and escaped by stealing a prison truck.

At the time of the escape from the Randolph County Prison Camp last May, Vereen was serving seven to ten years from Columbus County for storebreaking, larceny and receiving.

Following the escape, Vereen and his fellow fugitives reportedly were involved in a highway robbery and forced a farmer to drive them for a distance in his car.

One of the prisoners who escaped with Vereen has been tried in the kidnaping case and sentenced to 30 years.

Vereen? Chief Prison Inspector Kyle Matthews revealed yesterday he has been in one of the state's prisons for some time. Matthews

Officials Plan Leaf Discussion

Washington, April 9—(AP)—Government tobacco officials will meet next week with flue-cured and burley tobacco growers and warehousemen.

Rep. Harold Cooley (D-NC) said yesterday marketing situations in relation to the tobacco inspection service will be discussed at the series of meetings in North and South Carolina, Virginia and Georgia.

Woods is doing a good job and will continue in it, the Chief Executive said. He added that Woods has been raising thunder with some people who would gouge tenants.

Dr. Paul Jones Announces For State Senate

Dr. Paul E. Jones of Farmville has announced his candidacy for the Senate in the North Carolina General Assembly, subject to the Democratic Primary, May 29.

Also in the race are Arthur B. Corey, incumbent, and Ficklen Arthur, both Greenville.

Dr. Jones was born on a farm near Bethel and graduated from the Bethel School. He attended Richmond College and graduated in dentistry from the Medical College of Virginia in Richmond, Va. He has practiced his profession in Farmville ever since. He has always been active in his profession and in community and state affairs. He was a member of the Pitt County Democratic Executive Committee many years and was chairman seven years. He has been a member of the State Democratic Executive Committee four years. He was active in having Pitt county divided into districts for the election of county commissioners. During his term as chairman the committee was woven into a smooth-working unit. He was a member of Farmville Township school board for 25 years and is now serving a six-year term on the Pitt County board of Education, having been elected after being appointed to serve the unexpired term of the late J. T. Thorne. He was appointed a member of the State Board of Health in 1946.

If Dr. Jones should be elected to the Senate, it will not be the first time he has worked with senators. While in high school he was appointed a page by Senator James L. Fleming. His father was a member of the General Assembly, serving in the House of Representatives.

Nitroglycerine was invented in 1846 by Ascanio Sobrero.
