Soft Coal Mines Begin To Re-Open

Many Diggers Return To Pits; Some Pits Still Idle As Miners Await Verdict On John L. Lewis; Coal Production Again Climbing

Pittsburgh, April 13—(AP)—Soft coal production started today with operations estimated at high as 75 percent of normal in some areas.

As diggers happy to be back at work again after their 20-day pension walkout—returned to the pits, the western Pennsylvania Coal Operators Association said at Pittsburgh that at least 26 mines were back in production.

The association said the mines, which normally employ about 10,000 men, were operating with 75 percent of personnel.

Most southern Illinois mines were reported in operation. Extent of operations was put at from 75 percent of normal to normal. Some mines, however, were still closed but others had full crews on the job.

In eastern Pennsylvania, more than 30,000 anthracite miners came back to work, ending a walkout begun a week ago in sympathy with the soft coal diggers.

Coal diggers at three H. C. Frick Coke Co. mines did not answer the summons to morning shifts. These mines included the huge Sobotta city world's largest soft coal mine. The mines, operated as a U. S. Steel subsidiary, employ nearly 2,000 men on day operations.

Montour No. 10 mine of the Pittsburgh Consolidation Coal Co., world's largest commercial producer, also remained idle. This pit at nearby Liberty, Pa., employs 800 miners in highly mechanized operations.

Here and there, principally in western Pennsylvania, a few local unions of the United Mine Workers indicated they would wait and see what happens to their leader, John L. Lewis, under a federal court contempt citation, is scheduled for a hearing Wednesday.

The wait-and-see situation was summed briefly in the case of a 300-member local at Jamison, W. Va., which voted not to return to work before Wednesday. E. C. Barton, president of the local, said the miners felt they would be "letting Lewis down" if they went back before then.

Several western Pennsylvania locals met last night and adjourned without taking action. Most of them scheduled new meetings for today. Both union and mine officials said some mines would operate today but others refused to give names of the mines or coal companies.

"There seems to be a mixed up reaction," said John P. Busarello, president of UMW District 5 (Pittsburgh), which has 27,500 workers, including 16,000 in captive steel-company-owned mines. He predicted 35 percent production in his area.

Paratroops Try Recapture Pope Field In Exercise

Fayetteville, April 13—(AP)—Paratroops of the 82nd airborne division today tried to retake Pope Field from a theoretical enemy force.

It was the beginning of week-long maneuvers, using explosives and blank ammunition.

Ten thousand division troops are taking part in the exercises in a 27-square mile area north and east of Southern Pines on the Fort Bragg reservation.

The maneuvers will get the troops ready for a larger exercise next month. That one is called exercise assembly. It will be a point operation between the Third Army and the Ninth Airforce on the Kentucky-Tennessee border.

GOP 'Big Three' Test Nebraska Strength Today

Heavier Than Usual Primary Voting Is Expected; Red-Baiting Campaign

Omaha, April 12—(AP)—Nebraska Republicans pick from a field of seven candidates today the man they want the GOP national convention to nominate for President in June.

With heavier-than-usual primary voting in prospect, most politicians here thought top choice lies between Harold E. Stassen of Minnesota, Gov. Thomas E. Dewey of New York and Senator Robert A. Taft of Ohio.

These three ended their campaigns with a blaze of oratory directed primarily against Communism. Stassen was the only one here for a personal appearance. Dewey and Taft talked to Nebraska voters only by radio.

But what they said added up to a general attack on the Communists, pinpointed at the Bogota, Colombia, revolt.

Taft, who started Nebraskans months ago by a proposal in Omaha for scaling down farm price support, attacked to his gins in a radio platter broadcast to the state.

The Ohioan said that the farm parity formula must be revised. He added: "The trouble with a flat 90 percent guarantee of parity is that it cannot be carried without production controls."

Taft is dead-set against any major government controls of production or prices. Parity is a formula aimed at giving the farmer the same purchasing power he had in a former favorable period, usually 1909 to 1914.

The Stassen-Dewey-Taft trio generally was looked upon as leaders in the seven-man race for the endorsement of Nebraska's Republicans.

But there were some politicians who forecast that Senator Arthur Vandenberg of Michigan—who says he isn't interested in the nomination—might run well up among the leaders.

Almost no campaigning has been done here for him or for General Douglas MacArthur, Gov. Earl Warren of California, and House Speaker Joseph Martin of Massachusetts.

Reform Group Is Thrown Out

Augusta, Ga., April 13—(AP)—The new city government which a reform group put in here after winning a long campaign against an entrenched political machine was thrown out today by the Georgia Supreme Court on a technicality.

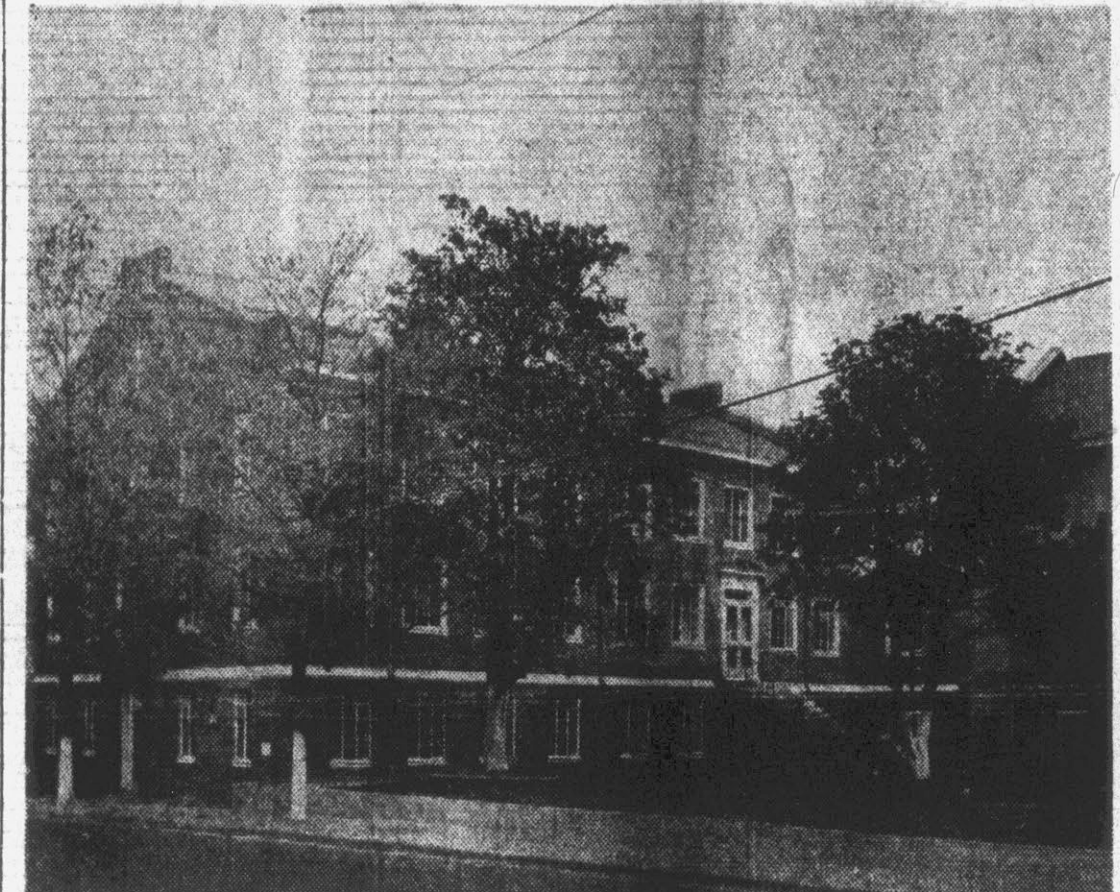

The technicality was the failure of record clerks in the state legislature to attach copy of advertising to the official copy of the act authorizing the new government. The Georgia constitution requires such an attachment.

Here they are, in the order they probably will come up:

1. Whether to find Lewis and his United Mine Workers guilty of contempt of court because they were a week late in obeying a court order to call off the coal strike.

2. Whether to grant the Union's motion to wipe out this court order on the ground that it imposes "involuntary servitude" in violation of the U. S. Constitution.

New Educational Building Completed By Church

The Educational Building above Memorial Baptist Church, Greenville, N. C., was occupied by the Sunday School for the first time Sunday, April 11, 1948.

The building, planned to accommodate 700 in attendance, is a brick and cinderblock structure of three stories 50 by 80 feet, with corridors in the rear connecting it with the church auditorium and the church basement.

On the first floor are a nursery, a nursery class room, a mothers' class room, a beginner department, a primary department and class rooms, rest rooms, store rooms, and a large kitchen.

On the second floor are the church office, pastor's study, choir room, parlor with kitchenette attached, rest rooms, and four large adult class rooms, two of which can be converted into a secondary auditorium.

The third floor has a Junior-Intermediate department with assembly room and eight class rooms, and a young peoples' department with assembly room and six class rooms. Each department has a large closet for supplies.

The ground floor is of cement covered with asphalt tiles. The stairs and two top floor are of oak. Special attention has been given to the lighting of the building. The windows are steel casement windows with automatic opening devices.

The building, unfurnished cost \$58,000. The architect was Frank W. Benton of Wilson, N. C., and the building committee was composed of the following members: N. C. Brooks Chmn.; L. A. Stroud, treasurer; J. D. Aman, J. H. Boyd, Jr., E. R. Conway, Jr., Jesse Smith, Mrs. L. A. Stroud and Mrs. E. E. Rawl. The pastor of the church is the Rev. Richard E. Hardaway.

Self-Government Already Attained

Program Well Advanced Says Jewish Agency Spokesman

Jerusalem, April 13—(AP)—A Jewish agency spokesman declared today self-government has already been attained in Jewish areas of Palestine, more than a month in advance of announced plans.

The Zionist general council decided yesterday to proclaim an independent Jewish state in the Holy Land May 16, the day after the British mandate ends.

"Jewish self-government is already a living tissue," the Jewish agency spokesman said. "This apparently is not realized at Lake Success."

Jewish drivers' licenses were required today in Jewish areas.

Palestine government identity cards, including public information office press credentials, no longer are adequate for passage through Jewish quarters.

Vote Emergency Funds For Warplanes, Guided Missiles

Tribunal Upholds Key Provisions New Labor Law

Non-Communist Affidavits And Union Financial Reports Win Approval

Washington, April 13—(AP)—Splitting 2-1, a special three-judge court today ruled constitutional two key provisions of the Taft-Hartley Labor Act—those requiring union officers to swear they are not Communists and unions to file financial statements.

The provisions apply only to those unions which want to make use of the National Labor Relations Board's machinery. But unions which do not go to NLRB cannot get legal status as exclusive bargaining agent in a plant.

It was the second major court ruling on constitutionality of important provisions of the Taft-Hartley act. On March 13, U. S. District Judge Ben Moore ruled unconstitutional a section forbidding spending of union funds for political purposes. The NLRB has appealed Moore's ruling to the Supreme Court.

In today's ruling, Judges Wilbur K. Miller and Bolitha J. Laws upheld the non-Communist and financial registration provisions. Judge E. Barrett Prettyman dissented.

Robert N. Denham, NLRB general counsel, said the decision "strengthens the hand of the country in dealing with the Communists in labor." He told a reporter that "every effort should be made to expunge Communists from the labor movement."

The case is almost certain to be taken to the Supreme Court.

The court's majority opinion said: "Instead of being convinced beyond reasonable doubt that section 9 (H) of the statute is void for violating the basic law (Constitution), we hold the considered view that the subsection is a constitutional exercise of congressional power to prescribe qualifications which must be possessed by those who ask to enjoy the extraordinary privilege of acting as exclusive bargaining agent."

"It would be unrealistic to say, in the light of all that appears, that the presence of Communists in key positions in labor relations does not constitute a clearly discernible and imminent threat to important national interests."

Renew Inquiry In Hospital Blaze

Hysterical Nurse Questioned In Asheville City Jail

Asheville, N. C., April 13—(AP)—An investigation of Highland Hospital fire, which took the lives of nine women patients March 11, and for which a coroner's jury absolved the hospital and attendants of culpable blame, was renewed here today after Miss Willie Mae Hall, night supervisor of Central Building, voluntarily entered city jail last night "because I am afraid of what I might do."

Miss Hall came to the city jail alone, in an hysterical condition, police said. Chief of Police Eric Hall and Solicitor W. K. McLean were called, as was Dr. Basil T. Bennett, medical director of the hospital.

After six hours of questioning, Miss Hall was transferred to the county jail, where she remained today pending further investigation into her behavior and admissions of "fear" of herself and what she "might do."

"There are six places in Oak Lodge (one of the Highland Hospital patient buildings) I have picked out that could be set fire. I have thought about it so much. I am afraid of what I might do and I want you to lock me up."

Both Chief Hall and Solicitor McLean quoted Miss Hall as making this statement on her arrival at the city police department about nine o'clock last night.

"Did you set fire to Central Building?" Miss Hall was asked.

Must Bargain

Washington, April 13—(AP)—The National Labor Relations Board ruled today that employers must bargain with their employees on pension plans if the employees request it.

The 4-1 decision was the first on this subject in the board's 13-year history.

The four-man majority held that such plans come within the scope of the Taft-Hartley law which requires both employers and unions to bargain collectively "in respect to rates of pay, wages, hours of employment, or other conditions of employment."

The board held that the payment of benefits under pension plans falls within the meaning of "wages."

It said the terms of retirement—such as the age when pensions begin—would come within the category of "conditions of employment."

Russia Building Huge Air Force

Symington Says Soviet Air Program Far Ahead Of U.S.

Washington, April 13—(AP)—Russia is building the greatest air force in the world, Air Secretary Symington told the House armed services committee today.

"They seem to want to reach a decision with us and they want to reach it in the air," he said.

Symington testified on draft legislation. A bill before the committee would authorize a draft to boost the armed forces to 1,944,000 men, about 569,500 more than they now have. The bill would provide for 30 air combat groups compared with 56 at present.

"We know that Russia is building 12 times as many planes as we are," Symington told the committee.

"They are building up the greatest air force in the world."

In response to questions from Rep. Johnson (D-Tex.) Symington said he considers the air force of 70 groups more important to national security than universal military training.

Johnson asked whether production control, such as allocation of steel, might be necessary to build up the air force to 70 groups. Symington said he does not think any controls would be necessary.

Symington said that plans for expanding the air force to 70 groups call for purchase of 2,174 war planes by July 1, 1950. Of these, he added, 1,312 would be purchased in the coming year.

End Restriction On Rail Service

Washington, April 13—(AP)—The government today dropped all restrictions put on train service during the coal strike.

House Appropriations Group Signals Go Ahead For Aviation Industry To Tool Up For Still Greater Output; Money Is Available As Soon As Congress Approves

Washington April 13—(AP)—A \$376,100,000 dip into next year's military funds for an emergency warplane and guided missile program won quick committee approval in Congress today.

Designed as a go-ahead signal for the aviation industry to tool up for still greater output, the surprise money request was okayed in the House Appropriations' group by the committee's locked-door hearings had been assumed to cover only the \$725,000,000 boost in aviation funds asked by President Truman last Thursday.

But the White House followed the with a second request, which remained secret until today. That was because the committee already was in session and the new message was direct to the House Appropriations' group.

Aside from the timing, however, the bigger amount in today's bill represents no increase in the \$14,000,000,000 contemplated for military spending in the year beginning July 1 to back up this country's new stop-Russia policy.

Barring a new emergency, the stop-Russia policy simply will be deducted from the amount that would have been voted later.

The money will, however, be available for use immediately as soon as Congress passes the bill. It is so quick approval in the House tomorrow.

The army and the navy previously have been given about \$8,750,000,000 for the year ending June 30.

The committee said the additional \$2,376,100,000 should be made available immediately to save time and to get the aviation industry under a full head of steam.

Here's how the new money is earmarked:

Air forces: for new spending \$1,223,100,000, including \$58,100,000 cash and \$865,000,000 in contract authority; new cash to pay off previous authorizations; for new spending \$753,000,000, including \$165,000,000 in cash and \$588,000,000 in contract authority; new cash to pay off previous contract authorizations \$150,000,000.

The cash for new air forces spending included \$1,140,000,000 for plane buying, \$10,300,000 for the purpose of controlled missiles, and \$77,800,000 for miscellaneous projects.

For the navy \$738,700,000 is set aside for plane buying, \$9,300,000 for pilotless aircraft, and \$5,000,000 for miscellaneous projects.

No where in the committee's formal report on the bill or in the printed records of its hurried hearings was there any explanation of how many planes would be acquired with the new funds. But the committee said the funds will give the air force the "greatest possible number of the most modern craft at the earliest practicable date commensurate with productive capacity."

The major task, the committee said, is to get orders placed and production started quickly to gain valuable time in the future.

Clear Policeman In Murder Probe

Charlotte, N. C., April 13—(AP)—Charlotte Negro policeman today was cleared of a murder charge in the shooting of another Negro at an Easter dance. The Mecklenburg grand jury returned a no true bill.

The policeman, John Fred Hoffman, had been charged with slaying Jack King at a Negro club in west Charlotte on March 28.

No Opposition To Nomination

Washington, April 13—(AP)—Neither witnesses nor Senators appeared today for a senate committee hearing on the nomination of Judge Wilson Warlick of Newton, N. C., for federal judge of North Carolina's western district.

Only reporters were present as Robert B. Young, judiciary committee staff member, read for the record letters and telegrams for or against Warlick's confirmation.

Opposes Spending E.R.P. Funds To Send Tobacco

Washington, April 13—(AP)—Rep. H. Carl Andersen (R-Minn.) today the people of Europe "want food and not tobacco."

Andersen—a member of the House Appropriations Committee—told a reporter he would seek to strike out some \$275,000,000 earmarked for purchase of tobacco in the recently approved European recovery program.

He also said he would try to stop any tractors or power farm machinery from being sent to Europe.

The attempt will be made, he said, when the request for the actual money to carry out the program goes before the Appropriations Committee.

Andersen was successful in a similar move several months ago when the House accepted his amendment to a money bill to carry out the \$550,000,000 interim aid program, which forbids use of any of the funds for purchase of oil or other petroleum products. The Senate also agreed.

In passing the interim aid bill authorizing the program, Congress had approved purchase of petroleum products.

Commenting on his current drive to outlaw use of any of ERP funds for tobacco purchases, Andersen said:

End Restriction On Rail Service

Washington, April 13—(AP)—The government today dropped all restrictions put on train service during the coal strike.

The cancellation is effective at 4 p. m. (EST) today.

Boomerang For Reds

In The Long Run, Bogota's Uprising May Make World More Conscious Of Communist's Dangers; Red Agents Busy Everywhere, To Take Advantage Of Breaks

By DeWITT MacKENZIE

Some aspects of the bloody and destructive Colombian rebellion remain obscure, but there is at least one clear warning in this upheaval for every free nation:

Communist cells and parties in all countries are so organized as to take quick advantage of untoward events and develop them to harass and, if possible, overthrow governments.

The Bogota government declares that the revolt was of Communist origin. Colombia seems so sure of this that she has taken the extreme step of breaking off diplomatic relations with Moscow. This dramatic move is officially stated to have come after the arrest of two Russian agents.

Cautious observers naturally will await full details before forming final conclusions regarding this complicated crisis which, far more than incidentally, temporarily disrupted the big Inter-American conference in the Colombian capital. However, irrespective of who started the show, there is no dispute but that the Reds were up to their necks in it—at least as soon as it

The Need For Defense

Secretary Of Defense Forrestal Sees Need For Many Trained Men For At Least Fifty Years; A 'Sure' Peace Not In Our Lifetime; Our Diplomacy Needs Backing

By JAMES MARLOW

Washington, April 13—(AP)—Maybe this will shake you awake if you dream the world may be free of the danger of war any time soon.

Secretary of Defense Forrestal: 1. Thinks the United States must keep a huge pool of trained men, in case of war, for at least 50 years. 2. Seems to think it will be a long time before the United Nations is to keep peace in the world.

He says: "Not in our lifetime, or in that of the next generation do I foresee that time when a strong military potential will not be needed to back up our diplomacy."

Dixie Conferees Work On Details Of Future Moves

Atlanta, April 13—(AP)—Democratic leaders of five southern states applied themselves today to the mechanics of putting into effect an anti-Truman civil rights program.

They met yesterday at the call of Chairman W. P. Baskin of South Carolina and re-affirmed that any presidential candidate backing a civil rights program must forfeit Dixie's electoral votes.

After an all-day session behind closed doors, they announced that today they would get down to the details of a "basic, common course of action."

Individual conferees also took a few verbal digs at President Truman's advocacy of federal anti-lynching, anti-poll tax and anti-racial discrimination. They said that if the national convention insists on nominating Truman or anybody else holding similar views, the solid south might "just go fishing on election day."

Inquisitive Dog Jails His Owner

London, April 13—(AP)—Red, an Irish setter, cocked his head curiously at his 16-year-old master buried a package in the back yard.

When the boy left, Red dug up the package and took it to his master's mother. It contained 500 pounds (\$2,000) in 1 pound notes. The mystified mother turned the money over to police.

40 Years Ago Today

THE DAILY REFLECTOR
April 13, 1905

Miss Irma Cobb left this morning for an extended visit to Rockingham and Atlanta.

There is just any amount of complaint about the condition of the approach to the ferry on the north side of the river.

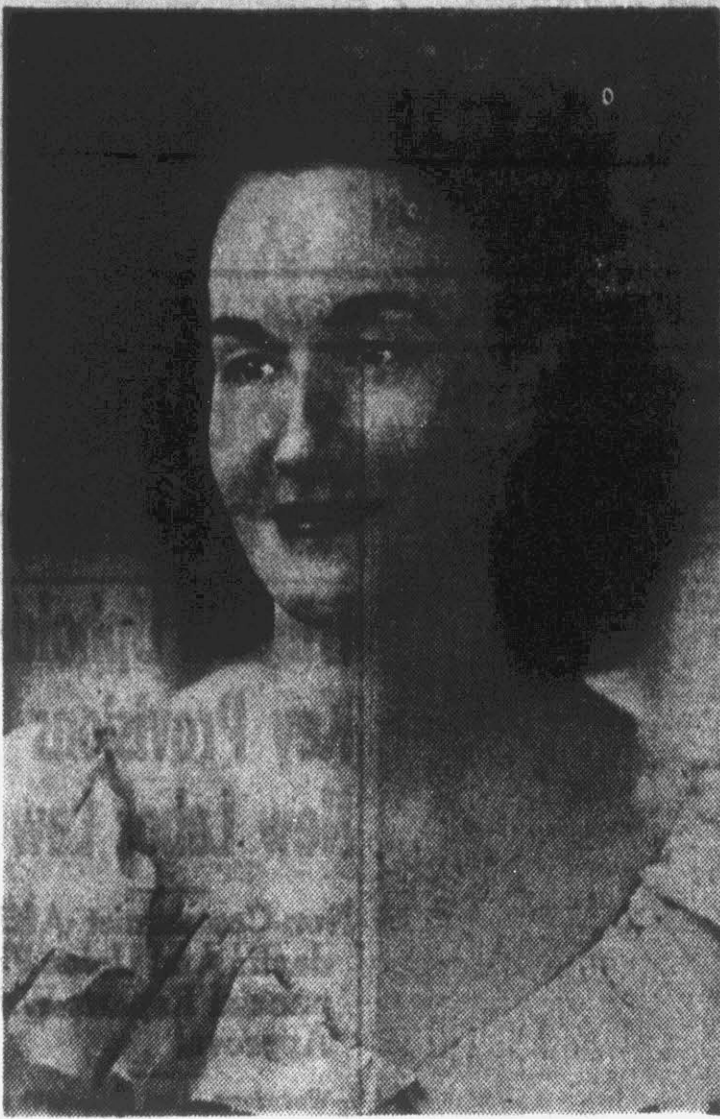

The wind blew hard enough before day this morning to wake people up. Corn planting is nearly over and the wise farmer has put in plenty of it.

"The Ghost Farm," a thrilling murder mystery and comedy at the Armory building, Thursday night, April 15th, at 8 o'clock. Support your National Guard by attending this enjoyable play. Admission, adults 50c, children 25c.

"The Ghost Farm"
Do you have heart trouble? Are you afraid of thunder and lightning? Do goose-bumps rise on you when you see ghosts, spooks, jack-o-lanterns and hants? Do you get weak when you hear blood-curdling screams? Do you nearly faint at the sight of a dead body? If you can truthfully answer "Yes" to all these questions, then just send us the price of a ticket but do not come to see "The Ghost Farm," a murder mystery thriller at the Armory building Thursday night, April 15th, at 8 o'clock. Sponsored by your own National Guard of Greenville! Come and show your support of this fine organization!
Admission 50c adults, children 25c.

U. D. C. to Meet
The George B. Singletary chapter U. D. C. will meet Thursday afternoon at 3:30 with Mrs. J. G. Lautares. Rev. H. Frederick Jones, of Kinston, will be the guest speaker.

Birth Announcement
Mr. and Mrs. R. G. Smith announce the birth of a daughter on April 10, at Pitt General hospital.

Miss Helen Margaret Messick, daughter of Dr. and Mrs. John D. Messick, of Greenville, N. C., whose engagement to Frederick Willets, Jr., of Wilmington, N. C., son of Mr. and Mrs. Frederick Willets, of Wilmington, is announced by her parents. The wedding will take place in early summer.

SOCIAL CALENDAR

TUESDAY

8:00 p. m.—Whitby Council Degree of Pochonias meets.
8:00 p. m.—Circle No. 6 of the Presbyterian Auxiliary meets with Mrs. Earl Stokes.

FRIDAY

4:30 p. m.—Mrs. J. L. Fleming and Mrs. J. L. Winstead will entertain at an informal tea honoring Miss Colleen King, bride-elect.

6:30 p. m.—Kiwanis Club.

Miss Gordon Speaks on "Flower Arrangements"

The Greenville Garden Club held its regular meeting on Friday afternoon with Mrs. Stell presiding. Since the Garden Club's flower show was its contribution to the Fine Arts Festival, no business was brought up.

The flower arrangements displayed on the mantel and throughout the club house were both artistic and beautiful.

Mrs. Marvin Blount, chairman of the program committee, introduced Miss Pauline Gordon, Extension Home Management and House Furnishing Specialist of State College, Raleigh, N. C., who spoke on "Flower Arrangements."

The speaker presented her subject in a most able manner giving timely suggestions for arranging flowers in the home. She said that one teaspoon of chlorox placed in

a quart of water would prevent bacteria from forming in stems of Zinnias, Marigolds and like plants and causing an offensive odor to develop. Her talk was illustrated throughout with her own varied arrangements of flowers.

The American Home Department had charge of the musical part of the program. Mrs. Dink James presented Miss Martha Cammack of the department of music at the college and her Training School Glee Club. These children are beautifully trained. They gave a varied program of songs which showed their exceptional ability.

Mrs. Stell recognized Mrs. E. E. Pittman of Wilson, who is district director of the Garden Club, who spoke briefly. Guests from Ayden, Farmville, Tarboro, Washington and Wilson were also recognized by the chairman.

The Garden Club president thanked the Terra Cotta bulb farms for their wonderful display of tulips in the flower show. These beautiful flowers were given to the churches of the city.

After the meeting adjourned punch was served in the front parlor.

"The Ghost Farm"

An enjoyable play presented by a group of young people known as "The Youthful Workers Club" of the Red Oak and Piney Grove communities and sponsored by the National Guard of Greenville at the Armory building Thursday night, April 15, at 8 o'clock. Your National Guard deserves the whole-hearted support of every citizen of Greenville and surrounding communities. Show them that you are solidly behind them by attending this enjoyable play, Thursday night, April 15th. Admission 50c adults, children 25c. Time 8 o'clock.

HOW DID YOUR HUSBAND ENJOY HIS BREAKFAST BRAN?

Constipation due to lack of diet-bulk may be relieved by eating bran...but Nabisco 100% Bran makes it a real breakfast treat! Better for you, too, because Nabisco 100% Bran is "finer-milled" for milder action—naturally easier on you. Surprise your husband with finer-flavored Nabisco 100% Bran tomorrow! (See a doctor if constipation is not relieved.)

South Stealing Industry Claims New Englander

Lawrence, Mass., April 12—(AP)—Lt. Gov. Arthur W. Coolidge of Massachusetts accuses "Dixie Clag-horns" of trying to steal New England's woolen and worsted industry for the South.

He told the Greater Lawrence Chamber of Commerce last night that New England mills will become "hollow shells" if the "kidnapers" are successful.

"All through the Swans River region," he said, "newspapers, public utilities, community projects and government units are trying to attract industry."

He said that Mississippi, Kentucky and Louisiana are offering "tempting bait" for new industries.

"These razorback hog states," he added, "are operating on the principle of robbing Northern Peter to pay Southern Paul."

He said Louisiana "takes the money which the Bay State taxpayers send to Washington and uses this federal aid to offset the local ten-year tax exemptions which its communities give to industries to migrate from Massachusetts."

"Thus we of Massachusetts are paying for the bullets that are fired to kill our industrial state."

He said that Alabama, Arkansas, Georgia, South Carolina and "some other tobacco road states" return to the federal government "only \$1 for every \$7 they weede from Washington."

New Tax Tables Will Be Sent To N.C. Employers

Greensboro, April 12—(AP)—North Carolina employers may expect to receive copies of new tax tables to be used in calculating employees' deductions from wages for withholding income taxes the latter part of this month.

Since enactment of the new tax law, reducing the liability of most taxpayers, the state offices here of the United States Internal Revenue Bureau have received a number of telephone calls from employers, inquiring as to when they will receive tables for use in figuring withholding taxes under the new rates.

Charles H. Robertson, collector for the district, said he has been notified that he can expect the new tables to arrive at his office April 24 or soon thereafter. They will, in turn, be mailed from the state office to individuals and firms which file withholding returns on income and Social Security taxes.

Wallace's Mother Died Yesterday

Des Moines, April 12—(AP)—Mrs. May Wallace, 80, mother of Henry A. Wallace, third party presidential candidate and former vice president, died yesterday at her home here.

Mrs. Wallace, widow of Henry C. Wallace, secretary of agriculture under Presidents Harding and Coolidge, lived on the outskirts of the nation's political life for 30 years, but took little interest in politics herself.

A CTRESS—Adele Mara of the films wears two-piece costume designed for swimming as well as play.

Mighty Bombers In Long Flight

Westover Air Force Base, Mass., April 12—(AP)—One of the mightiest fleets of U.S. Air Force bombers ever sent overseas took off today for Germany—possibly other stops abroad.

While officials here said the number of B-29s was "classified" information, it was learned that about 30 Superforts make up the fleet attached to the 15th Air Force.

The flight—longest peacetime hop of such large numbers of B-29s in Air Force history—was officially described as "a routine training mission."

Leaving Smoky Hill Air Base in Kansas during the night, the fleet's first bomber piloted by Lt. James T. Boyd, Jr., of Portland, Ore., set down here at 5:48 a.m. (EST) and took off at 7:38 a.m. for Goose Bay to refuel.

The other planes soared in at 15 minute intervals—making only brief stopovers.

The planes will leave Goose Bay independently for Furstenfeldbruck, Germany, approximately 4,500 miles. The big ships will rendezvous over West France. They will fly in formation over Paris and on to Germany.

Three squadrons of the 301st Very Heavy Bombardment Group—the 32nd, 362nd and 363rd—are involved in the flight.

The 362nd will remain in Europe to fly regular missions replacing another squadron now in Europe. The others will return home shortly.

Forecast Major Flood Of Ohio River Due Rains

Huntington, W. Va., April 12—(AP)—A "major flood" of the Ohio River with severe flooding of all its tributaries was forecast today by meteorologist Leroy Stone of the Huntington weather bureau.

He said the river would go above flood level in the Pittsburgh area today, in the Parkersburg, W. Va., Marietta, Ohio, area tonight, and in the Gallipolis, Ohio-Huntington area tomorrow morning.

"The streams will continue to rise," he added, "and the condition is expected to continue for several days." Drenching rains continued over much of the Ohio water shed again last night, and Stone said more was expected today and tonight.

VISITS AZALEA GARDENS
Mrs. H. C. Simmons, Mrs. D. R. House, of Stokes, Mrs. J. L. Simmons of Kinston, Miss Elisabeth Simmons and Mrs. W. G. Leggett visited the azalea gardens in Wilmington yesterday.

Fish Poisoners To Go On Trial

Newland, April 12—(AP)—Three Pineola men, charged with poisoning fish at a state hatchery a year ago, were scheduled to go on trial in Avery Superior Court here today.

Wade, Leon, and Paul Vance are accused of putting poison in a creek used by the state trout hatchery at Linville, damaging \$15,000 worth of stock.

PIN-WORMS NOW CAN BE BEATEN

The misery of Pin-Worms have been known for centuries, and millions of victims have sought a way to deal with this pest that lives inside the human body.

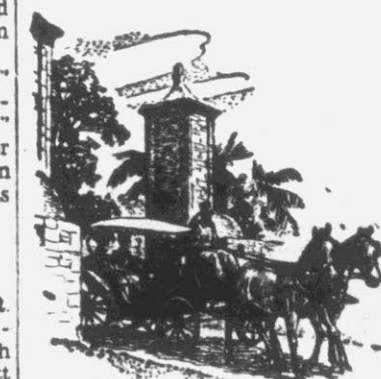

Today, thanks to a special, medically recognized drug a highly effective treatment has been made possible. This drug is the vital ingredient in P-W, the Pin-Worm tablets developed in the laboratories of Dr. D. J. Jayne & Son.

The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. So don't suffer with the embarrassing rectal itch caused by this ugly pest. Ask your druggist for JAYNE'S P-W and follow the directions.

P-W means Pin-Worm relief!

Not Enough To Go Around

Strength FOR THE DAY

RULES OF PRAYER
"And he spoke a parable unto them to the end that men ought always to pray, and not to faint."

At first this seems a quite impossible command. How can people always pray and at the same time attend to their work?

Jesus would have us know that prayer is something more than uttered petition. It is the general set of our lives. The Greek word for prayer used here means to "wish forward." We pray when every detail of our lives is mastered by the urge of spiritual things. In the midst of life's chaos, Jesus declared that men must either pray or faint as confusion about them becomes worse confounded, they must steady their souls with such a continual reliance upon the sovereign power of God that they will be supported, no matter what may happen.

Prayer, therefore, is to be both of a positive and of a negative character. We are always to pray. It is to be a constant activity of our spirits, a continued attitude of earnest desire directed toward God. This is prayer in its positive state. On the other hand, we are not to faint. We are to meet in onslaught of life's circumstances with a devout certainty that God is both willing and able to save us. We are to be assured that God means what He says.

Jesus was unremitting in his insistence that prayer must be a regular habit in a disciple's life.

FIFTH COLUMNS ARE EXPLOSIVE

The recent events in Colombia are worthy of note if only as a basis for speculation. We can only base our surmises on the few known facts, the censored news reports and pronouncements by the Colombian government.

Admittedly these sources are not ideal for arriving at a completely impartial conclusion, but the most conservative evaluations can give us a hazy picture of what has happened.

In Bogota, a conference of American nations was under way. Its purpose was to strengthen the bonds of the nations in this hemisphere; part of the discussions dealt with how to better control Communists.

Such a conference would have no blessing from the Kremlin, for it worked against many of the plans which their master-minds had conceived. It is logical to believe that if it were possible, the Muscovites would have encouraged a revolution if only to upset the Bogota conference.

There were five thousand active Communists in Colombia according to a 1947 survey, and in a population of nearly ten and one-half millions, there is bound to be a considerable number of fellow-travellers.

The Colombian government has said that fifteen foreign agents were virtually 'caught in the act' of abetting the Bogota uprising. That isn't very many, but given the support of an established fifth-column and set them in the midst of a politically inflammable populace, you have the makings of a coup d'etat.

If the Colombian army had not remained loyal to its government, or even had remained passive in the midst of the Bogota explo-

sion, the revolutionists might now be reclaiming the first Communist regime in this hemisphere.

As it was, there were over three hundred killed, and hundreds more wounded; nearly a thousand shops shattered and forty big buildings severely damaged. The city is reported to look like a hang-over from an air raid. Looting and vandalism prevailed for hours; the total cost in dead, wounded and property damage has not yet been arrived at.

If this was truly the result of a fifth column at work, we have a grim yardstick to measure the lengths to which they will go in their fight for power.

WASHINGTON LETTER

By JANE EADS

Washington—Vigorous support of Universal Military Training probably will be voted by more than 5,000 Daughters of the American Revolution, attending their 87th continental congress here later this month. Mrs. Roscoe C. O'Byrne, president general, says the DAR also will take a strong stand to weed out Communism in government and schools and will oppose any lifting of immigration quotas to admit displaced persons to enter this country.

Because of the acute problems facing the country, Mrs. O'Byrne says the national defense mass meeting, usually held in a hotel the evening before the congress, this year will be held in Constitution Hall and will occupy one entire afternoon.

"These are days when all must be defense-minded, realizing our city's interpretation of the term 'national defense' as meaning preparedness for protection and security, and not for aggression," Mrs. O'Byrne says.

"Upholding preparedness does not mean we do not wish peace. But we must keep the balance manifested in the great seal of the United States," Mrs. O'Byrne referred to the 13 leaves of the olive branch in the right claw of the eagle, which stand for peace, and the 13 arrows in the eagle's left claw, which stand for preparedness. "Peace and preparedness form the perfect balance," she says.

As for immigration, the president general has this to say: "With the housing situation as it still is, and with veterans still unemployed, our society believes we must get our house in order before throwing open the gates to the displaced persons of Europe. We believe we should maintain the quota system of 1924. Allied with immigration is naturalization. We do not believe in granting citizenship to illiterates. The right of franchise is a sacred right in our republic."

A \$900,000 building program, the principal project of Mrs. O'Byrne's administration, will be voted upon during the sessions. This provides for a new building to join the Memorial Continental Hall and Constitution Hall. It is desired for much needed office space, the library, museum and the geological research department. If approved, this will be the first DAR building program since Constitution Hall was completed in 1929.

This congress is the first to be held under the new administration which was elected last year. As a result, there will be many fancy breakfasts, luncheons, teas and dinners honoring the new officers.

A DAR husband predicts the orchid supply will suffer heavily, not to mention the roses, carnations and other blooms. Bouquets and corsages carried and worn by DAR delegates are always a big feature of the congress.

No telling what all this will cost, muses the husband. But he figures that if each DAR has only one corsage, at \$5 a throw, local florists will reap close to \$250,000.

Boyle's Column

By HAL BOYLE

New York.—(AP)—America, more than any other country in the world, is a land where people expect something for nothing or a lot for a little.

This philosophy makes for much unhappiness and has its detrimental moral aspects—but it also helps explain our national greatness.

Hated for long, hard labor is international but here in America it amounts to a passion. The result is our industrial civilization.

We like to think that we live by the twin motto—"the used key is always bright" and "early to bed, early to rise, makes a man healthy, wealthy and wise."

But if an unprejudiced man from Mars arrived here to study our way of life he probably would reach the conclusion that our real guiding proverb were:

"Nothing ventured, nothing gained."
2. "All work and no play makes Jack a dull boy."

The desire to get something for nothing, or much for little, is probably one of the most deeply rooted human characteristics.

In wartime this showed up conspicuously in the looking done by all armies, allied as well as enemy. I saw honorable men who had lived all their lives in honesty go delirious with joy as they pawed through rubbish homes for souvenirs of any kind to send the folks back home.

This has always been true, and the only way to change it would be to repeal human nature.

But in Europe the cream has long been drawn off. The common man—except in countries where he is reaching for Communism's promised pie-in-the-sky—is born to the tradition that he must work hard to get little.

In America the cream still stands in the bottle. Some cream at least. The working man still is influenced less by idea of security than by the principle "take a chance—you may strike it rich."

Here the man who lives by brain or hand doesn't want callouses on either. He works chiefly to gain leisure—although he hasn't learned yet how to use his present leisure well. But he wants more time to play and do the things he likes. He wants machines to do the sweating—and what country has more machines, in home or factory? In British offices charwomen still get down on their knees to scrub floors. Here a bored man cleans them quicker by pushing a whirling gadget.

Something for nothing—a lot for a little . . .

Frank Woolworth made millions out of dime store bargains. Men doze at their offices, housewives yawn at their chores—hollow-eyed from staying up late in an attempt to get wealthy by naming "Miss Hush" or "the walking man."

Something for nothing . . . a lot for a little . . .

Whole industries are built on it—Radio, horseracing, auction sales. Slot machines keep the country clubs going, bingo games help build a church fester.

Take a chance—a lot for a little . . . something for nothing . . . A big nation built by big and little gamblers. And why not? "It's a free country."

NOTICE OF SALE
Pitt County
North Carolina

Under and by virtue of the authority contained in the will of the late J. R. Turnage, which will is duly recorded in the office of the Clerk of the Superior Court of Pitt County, North Carolina, the undersigned will sell for cash on April 29, 1948, at 10:30 a. m., in Ayden, North Carolina, the following property:

First Tract: That lot and garage building located on the north side of Third Street in the Town of Ayden, beginning at the northeast corner of the Myers Theater and running thence with the theater property 140 feet; thence in an easterly direction in a line parallel with Third Street 80 feet to an alley; thence with the alley in a southerly direction 140 feet to a point on Third Street; thence with Third Street 80 feet to the beginning, being the building and lot now occupied by the S and E Motor Company and being that property described in that deed recorded in Book X-23 at page 450 of the Pitt County Public Registry.

Second Tract: One vacant lot on the south side of Third Street in the Town of Ayden, said lot being one of the two vacant lots lying between the homes of R. L. Turnage, Sr., and Mrs. L. E. Turnage, and being more particularly described as follows: Beginning at Mrs. L. E. Turnage's northeast corner on Third Street and running thence in a southerly direction 168 feet; thence in an easterly direction in a line parallel with Third Street 70 feet; thence in a northerly direction in a line parallel with the first line

167 1-2 feet to a point on Third Street; thence with Third Street in a westerly direction 70 feet to the beginning. Being described in that deed recorded in Book G-24 at page 355 of the Pitt County Public Registry.

The following personal property:
1 Iron safe, 1 typewriter, 1 adding machine, 1 office desk with drawers, 1 office flat top desk, 1 set steel cabinets with drawers, 1 office chair, 1 steel letter file, 2 small chairs, 2 stool office chairs, 1 small table for stool cabinet, 1 electric fan, 1 electric heater, 2 desk lamps.

The sale of the above real estate will be held on the premises and the sale of the personal property will be held on Lee Street in front of the Ayden Fertilizer and Supply Company.

The undersigned executor reserves the right to reject any and all bids on the real estate.

GUARANTY BANK AND TRUST COMPANY, Executor under the will of J. R. Turnage.

State Symphony Given Ovation By Music Lovers

By CHESTER WALSH

The North Carolina Symphony Orchestra, with Benjamin Swalin conducting, and Lois McCauley as soloist, presented its brilliant concert to an overflow audience at a matinee at East Carolina Teachers College yesterday afternoon.

Music lovers from here and other parts of Eastern Carolina at last night's concert paid wonderful tribute to the distinguished musicians, and the continued applause indicated that Conductor Swalin made many converts for the Symphony by his brilliant directing of the impressive program. It was not the largest audience the symphony orchestra had appeared before, but during the intermission last night the impression prevailed that never has such genuine approval been accorded a musical group in Greenville. The audience was insistent upon the frequent return to the podium of Director Swalin and Lois McCauley, lyric soprano, soloist, back to the stage and the musicians to their feet in acknowledgement of continued waves of applause. At the conclusion of the concert the audience waited for more.

Lois McCauley's entrancing personality won the audience when she appeared on the stage. She sings as though she enjoys the experience.

AT SCHOOL IN RUSSIA—A teacher holds a teddy bear as she tells folk tales to children in a Soviet nursery school as they sit beneath a portrait of Marshal Stalin. The agency which supplied this picture didn't name town in which school is located.

She sang "Deh vieni, non Tardar," from "The Marriage of Figaro," by Mozart; "Do Not Go, My Love," by Hageman, and "Air de Lis, 'L'annee en vain," from "L'enfant Prodigue," and entranced the discriminating audience.

Program
Symphony No. VII, in A major (Opus 92) Beethoven; (1) Rather

sustained, Vivacious; (2) In moderate tempo; (3) Fast, somewhat slower, fast; (4) Lively and spirited.

Intermission
"Natchez on the Hill" by Powell. "Begin the Beguine," by Porter.

Two dances from the ballet, (Gayane) by Khachaturian, (1) "Dance of the Rose Maidens," (2) "Sabre Dance," Waltz, "The Blue Danube," by Strauss.

The Greenville Junior Chamber of Commerce sponsored the Symphony's concert here. Charles A. White is community chairman.

Checking with members of the audience after the concert sentiment was general that the North Carolina Symphony Orchestra has made a warm place in the hearts of music lovers here and that when it appears here next year there will be "stand-room only."

Farmer Jailed For Contempt Of Court

In Superior Court, Judge Henry L. Stevens of Warsaw, presiding over a civil term, sentenced S. G. Harrington, 70-year-old farmer of Ayrden Township, to jail for contempt of court.

Harrington had been subpoenaed for jury duty and failed to report. The judge ordered a capias issued for him. When Harrington was taken into court he was "sassed" and the court and Judge Stevens imposed a

\$25 fine.

"You might as well put me in jail, Judge, for I ain't going to pay that money," Harrington said, chestily.

"He's in your custody, sheriff. Lock him up," Judge Stevens said, and the sheriff did his duty.

Enough Gasoline In Sight For U.S. Vacation Travel

Chicago, April 13—(AP)—There appears sufficient gasoline to meet demands of the nation's motorists for vacation travel, say spokesmen for some of the oil industry firms.

Dr. Robert E. Wilson, chairman of the board of Standard Oil of Indiana, said motorists can expect "sufficient gasoline to handle as much vacation travel as last year, maybe a little more." In a statement, he urged the public to take steps to save gasoline.

Spokesmen for Standard Oil of New Jersey and Shell Oil also agreed there should be enough gasoline for summer automobile use. However, they said there may be times when motorists may have to go shopping at filling stations to fill their tanks.

William C. Askew Funeral Held Today

William Columbus Askew, 73, retired Farmville merchant and Pitt County landowner, died Monday afternoon at Woodard Herring Hospital in Wilson after a long illness. His body was carried from the Farmville Funeral Home to the Emmanuel Episcopal Church, of which he was a member, at 4 p. m. today for final rites. The Rev. J. R. Roundtree, rector, conducted the services and interment was in Hollywood Cemetery.

The son of the late W. C. and Victoria Sugg Askew, he was a lifelong resident of the Farmville community. He was married to the late Betty Belcher of Farmville. Surviving are two daughters, Mrs. J. W. Joyner of Farmville, and Mrs. Bert McCullum of Louisville, Ky.; two sons, C. B. of Farmville, and Harold S. Askew of Wilson; three grandchildren; and a sister, Mrs. Dora H. Keel of Farmville.

Colored News

Rev. P. H. Mumford, reminds the members of York Memorial Church of the leaders meeting tomorrow night at which time all leaders will please bring their class books.

Thursday night, quarterly conference, Dr. T. S. Maulsby, presiding. At this quarter, we will need the presence of all of the members so that we may complete the business. Sunday, 9:45 a. m. — Sunday school, W. J. Hester, superintendent.

11 a. m.—Message by Dr. Maulsby, music by the senior choir, followed by the Holy Communion. At 3 p. m. Dr. L. J. White of James City, his choir and congregation will have charge of this special service. Dr. White is one of our leading ministers. You will enjoy his message.

May I also remind the members that the drive will continue for the next two weeks. This will give those who have not paid your pledge to do so.

God is still calling for workers in his vineyard, will you hear him?

The Junior Club and Usher Board of Phillippi Christian Church met at the home of Mr. and Mrs. Lester Blount Monday evening at 8 o'clock. Business of importance was discussed. Mrs. Blount served a delicious repast consisting of potato salad, ice cream and cake. Mrs. Maggie Rouse assisted Mrs. Blount with the serving.

The first bicycle, invented in 1869, had no steering device, and was pushed by the feet.

Sees America On Verge Of Combat

Chapel Hill, April 13—(AP)—A prediction that America is near war was made here last night at a meeting of a pro-conscription group at the University of North Carolina. Brig. Gen. Madison Pearson, formerly of Washington but now a Chapel Hill resident, declared "I believe we are on the verge of a shooting war, and if such a war starts heaven knows where we'll be—we're so short on personnel. We must have the draft. Voluntary enlistment can't keep abreast of present requirements in personnel."

Boomerang . . .

(Continued from Page One)

In any event, the Bogota explosion isn't likely to do Communism any good. So far as concerns the breaking up of the Inter-American conference—which it's safe to assume was one of the Red aims—that already has been flung back in their faces. U. S. Secretary of State Marshall and other conference leaders are determined to carry on, regardless of the difficulties of lost records and the like, and regardless of where the meetings must be held.

Of course the Colombian outbreak is only a slightly different version of many other developments which we have been witnessing, and which are continuing. Both hemispheres are seething with Red activities. Among the latest developments we have the announcement by the Paraguayan police that they scotched an attempted Communist coup, also aimed at interfering with the Inter-American conference. The police said four Red leaders were arrested. And over in Iran martial law has been imposed in three cities of Mazandaran province on the Caspian Sea, coincident with reports that the month of May has been set by Communists for widespread activity in Iran.

Russia, of course, is reaching for domination of Persia so as to secure the little country's oil fields and access to the Persian Gulf.

Yes, Red agents are busy everywhere. They are the product of thirty years of intensive preparations for world revolution. Those preparations began as soon as the Bolshevik rebellion of 1917 succeeded.

The Need . . .

(Continued from Page One)

UMT.

But he's also one of the highest government officials talking of the future and what he thinks are U. N.'s chances for keeping peace. Wasn't U. N. supposed to set up an international police force to do just that: keep peace in the world? Yes. But the big nations haven't been able to agree on an international police force. There's no sign they will in the foreseeable future.

And he didn't say this country would step in to keep peace if war broke out between two countries. But—

Right now there is only one country besides our own—Russia—big enough and strong enough to endanger world peace with its military strength.

Forrestal didn't say this country will need an armed force big enough to crush Russia. But he did say: We'll need a military potential

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get relieved in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health!

THERE OUGHTA BE A LAW! By FAGALY and SHORTEN

HAUNTED HOLIDAY

By Cameron Dockery

Chapter 13

Even as Vince listened for the crackle of flames the air grew pungent with burning pine and the glow beyond the Devil's Walk heightened.

Ignoring Dr. Palmer's excited, "What is it now?" he sped along the hall knocking on doors. A light crept from under Luke's and he didn't rap and when he turned to Kalani's other wing he suddenly realized that he couldn't awaken Sophie Manny and Hugh. This was no time to expose the secret of the house. Let them keep their mystery intact until the arrival of Whitey Johnson. After all these years what mattered a few hours? Julia, clad in a plaid shirt and

slacks, met him in the hall. In her agitation she seemed to have forgotten yesterday's animosity.

"We've got to get out there, Vince—a timber fire is no joke!"

They had trouble with Bates, the deputy assigned to watch Kalani.

"Now listen, Miss," he argued, "I was ordered to keep you people here. Julia's foot beat an impatient tattoo. "That fire is on our property—you've got to us us protect ourselves. Come with us if you want."

His beefy face reddened. "Jeez, you certainly put it up to me! Hey Warner!" he let out a bellow that brought a lean young assistant out of the darkened living room. "You stay here and watch this room, I'm going to the fire. Come on you two, and no funny business."

Julia guided them along a narrow brush-bordered trail. Clouds of noxious smoke made their eyes water and nostrils smart. The fire was still close to the ground but it leaped from stump to stump with frightening speed. Two strange lumberjacks from the adjoining timber land were already beating at the flames with green alder branches, and the three newcomers set to work grimly with fresh-cut boughs.

They worked silently. Vince was hardly aware that the other members of the household had joined them in desperation and fear that the flames would sweep toward Kalani. Even the Lin Gook family had formed a bucket brigade from the water's edge and were accompanying their work with a strange singsongy chant.

The blaze was now confined to small isolated flares that were quickly stamped out by the expert lumberjacks. Vince straightened his aching back and drew a tired, soot-stained hand across his forehead.

"Are you Bonny?"

The crisp voice brought him around with sudden energy. He nodded.

"I'm Johnson. I understand you are more or less in charge here."

Vince stared uncomprehendingly. The man had materialized out of the smoke-shrouded night like a wraith. He was rather wraithlike in appearance too, his hair, lashes and brows were as pale as underdeveloped corn silk.

"Things were turned over to Bates after the police arrived," said Vince. "I see," Johnson eyed him narrowly then called "Oh Bates, over here."

Bates looked up angrily at the authoritative tone but his expression turned to unalloyed admiration at the sight of Johnson. "The boss!"

"How did this start?" Johnson made a sweeping gesture.

"I'm not sure but I've got a damned good hunch."

The deputy held up an old shirt.

513 Evans St., Greenville, N. C.

Tarboro Shapes Festival Plans

Tarboro, April 13—Plans for Tarboro's biggest festival since pre-war years are shaping up rapidly, with probably 10 or 12 bands lined up for the parade. Definite acceptances have been received from the bands from Wilson, Rocky Mount and Greenville high schools, and tentative acceptances have been received from the bands of Williamston, Plymouth, Washington and Kinston high schools. In addition, invitations to participate have been extended bands from N. C. State Carolina, Duke and Wake Forest. A drill unit has been assumed for the parade from the famed 82nd Airborne Division, and efforts are being made to obtain bands from other units of the armed forces.

The program for the day will consist of the parade, with bands, floats, drill units and local organizations taking part, followed by a band concert in the town Common. Introduction of guests will follow, and the address of the day will be made by Robert K. Christenberry, noted New York Hotelman, who is President of the Astor Hotel in that city. His talk will be followed by a basket picnic supper in the Common, with everyone bringing their own box supper and swapping with neighbors and friends.

Then the crowd will move to the baseball park, where the Tarboro Tars of the Coastal Plain League play their opening home game, against the Greenville Greenies.

Acceptances have been received from Congressman John H. Kerr, Senator Wm. B. Umstead and gubernatorial Candidate Charles Johnson. All other candidates for major offices have been invited, and other acceptances are expected early this week.

The entire occasion is sponsored by the local Merchants Association and Chamber of Commerce, in cooperation with other civic clubs and the City of Tarboro, as a day of good will between the people of Tarboro and their friends in the surrounding country areas and towns.

Free TB Clinic Here This Week

It was announced today by Dr. S. J. Phillips, Pitt County health officer, that the regular monthly Tuberculosis Clinic conducted by the Pitt County Health Department will be held in the offices of the Pitt County Health Department, Greenville, April 16, 2 to 4 p.m.

The clinic is free and open to both white and colored from any part of Pitt County.

These free clinics are made possible through the annual Tuberculosis Seal Sale.

The clinic which will be held Friday afternoon will be conducted by Dr. F. P. Brooks.

Announcement ..

I hereby announce myself as a candidate for Constable of Chicod Township, subject to the action of the Democratic Primary of May 29.

Your vote and support will be appreciated.

ELMER HADDOCK

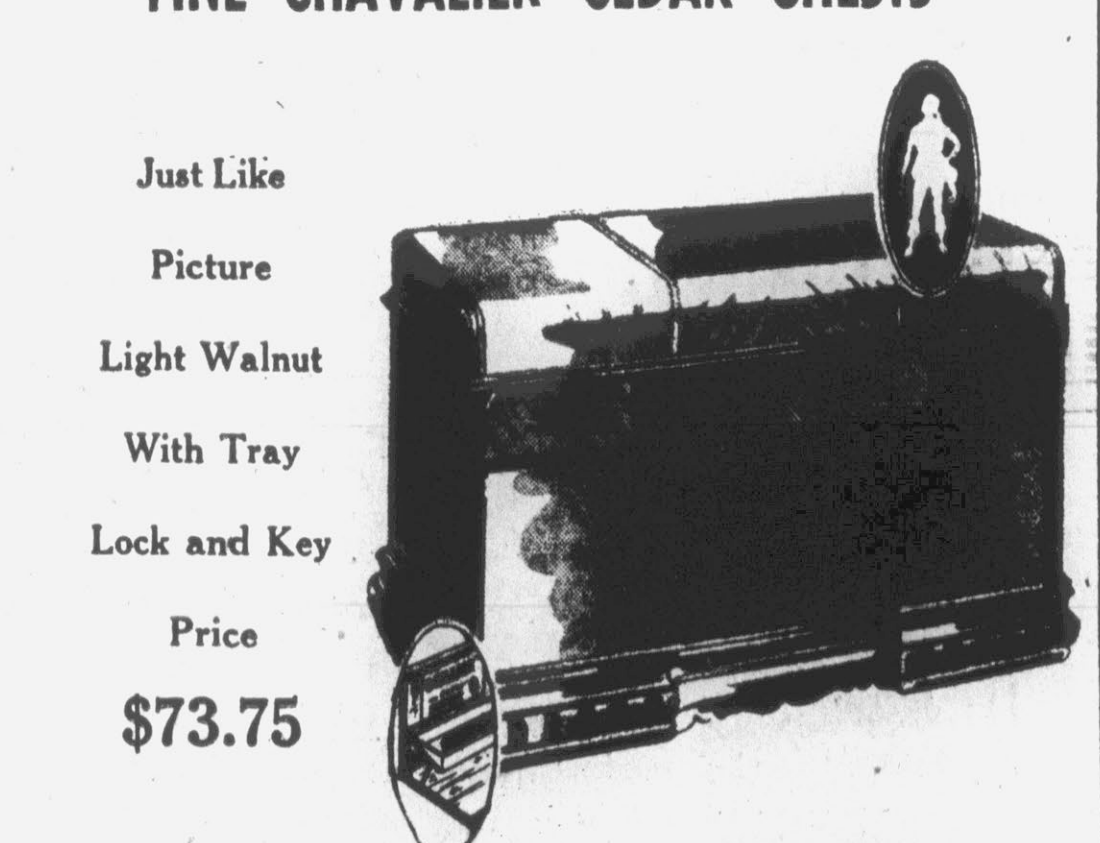

Spring Fever?

If you're not feeling just right, can't enjoy the outdoors, due to a hang-over of winter sluggishness, chances are what you need is good old Calomel.

Calomel, the improved Calomel Compound Tablets, are especially designed to make calomel-taking pleasant, safe and sure. No need to follow Calomel with Sals — they do the complete job. Try Calomel whenever you need a laxative as in spring fever, colds, biliousness due to constipation. You will like them. Follow label directions.

Yankees Set To Repeat Pennant Race Triumph

By JOE REICHLER
New York, April 13—(AP)—The New York Yankees should repeat their 1947 success in the American League pennant race. Unlike last year, however, they will not walk to the championship.

At least two other clubs—Boston and Cleveland—will give the world champions a run for their money. If outfielders Dick Wakefield and Walter (Hot) Evers should regain their freshman form, the Detroit Tigers, with their wealth of pitching, will have plenty to say before the 1948 race is decided.

This quartet should have a monopoly on the first division. Connie Mack's Philadelphia Athletics would stand a chance to dislodge one of those clubs if they had anything to back up their gilt-edged pitching staff.

Behind the A's comes confusion. In Chicago, St. Louis and Washington, the American League probably has three of the poorest looking clubs ever to represent it.

The White Sox have Luke Appling, a fair catching staff, one or two likely looking youngsters and nothing much else. Their hustle and speed should enable them to finish higher than the Senators and Browns. St. Louis' hungry recruits may have enough fire and determination to shove Washington's assorted collection of old timers and minor league graduates into the basement.

Only one week before opening day, the race shapes up something like this:

1. New York; 2. Cleveland; 3. Boston; 4. Detroit; 5. Philadelphia; 6. Chicago; 7. St. Louis; 8. Washington.

Louis Promises Knock-Out Next Walcott Fight

New York, April 13—(AP)—Heavyweight Boxing Champion Joe Louis, on a strict diet of juicy steaks, promises he'll be bigger and tougher for Jersey Joe Walcott June 23.

"I'll knock him out this time," the champ predicted with a cold matter-of-factness after arriving home from Europe yesterday with his handlers, wife Marya and two French poodles named Peter and Paul.

"I don't know what round or how I'll do it but I'll stop Walcott," he added under gentle prodding.

The boys who met Joe on the Queen Elizabeth remarked he looked a bit plumpish.

Joe said he hadn't weighed since he left for his European exhibition tour in late February but he wasn't concerned.

He said he'd had a steak every day while he was gone and he figured he'd weigh around 214 for his return engagement with Walcott in Yankee Stadium.

That's three pounds heavier than he was on Dec. 5 when he picked himself off the floor twice to gain a disputed, split decision over the Jersey veteran.

"I'll be rough and strong this time," the Brown Bomber promised. "I won't dry out for two days like the last time."

Louis, who is supposed to have earned \$80,000 on his continental visit, said Europe didn't have any heavyweights of consequence although an Englishman named Randolph Turpin looked like a "comer."

The champion was to attend a tea-and-crumpets reception today for the benefit of Sydenham Hospital.

Tomorrow noon he and Walcott will sign contracts in the office of Edward Eagan, chairman of the New York State Athletic Commission.

South American electric eels have a 240-cell battery of electricity producing organs.

An electric eel can produce more than 2,000 watts at a given moment. Haiti's unit of currency is the gourde.

Cleveland Catcher... by Pap

If Joe Tipton has the making of a big league catcher, Coach Ruel will bring it out. One of the all-time catching greats, Ruel has taken over the chores of coaching the catchers for the Cleveland Indians after a disappointing fling at managing the St. Louis Browns.

Ruel is mighty high on the chances of Tipton not only sticking with the Indians but winding up as the Cleveland club's first-string catcher before the current season has run its course. First of all, Tipton has demonstrated that he can powder the ball. Last season, he paced the Eastern League sluggers with a batting average of .375, and has a record of having batted .300 or better in each of his four years of minor league play.

Tipton is getting his chance in the big show at the age of 25. He began his professional career in 1941 but took time out for three years of military service. His back-stopping needs a bit of polish but that's where Ruel, one of the all-time catching greats and a capable teacher, comes in. Tipton had a fling at playing the outfield and infield before he turned to catching.

Boston Braves Potential National League Leaders

By JOE REICHLER
New York, April 13—(AP)—Billy Southworth, smart little leader of the Boston Braves, is like the horse which has drawn the No. 1 position at the getway post. He is in an enviable spot.

While Leo Durocher of the defending champion Brooklyn Dodgers and Eddie Dyer of last year's runner-up St. Louis Cardinals are busy watching each other, the canny Southworth is in position to sneak right past those two to give the Braves their first flag in 34 years.

There is no doubt the Braves are an improved club over the 1947 third placers. They definitely rate as the "dark horse" for the National League pennant.

They may not make it, but are almost certain to be a strong factor in the race.

Not only are the Dodgers and Cardinals in danger of being bypassed by the Braves but may find themselves looking up into the heels of the murderous hitting New York Giants. In fact, after touring the Florida regions with most of the clubs for a month, this observer believes that the Dodgers will be hard pressed to stave off Cincinnati's bid for a first-division berth.

Pittsburgh, Philadelphia and Chicago should engage in a wild scramble to stay out of the cellar. The misnamed Cubs? With their aging players, might gain that dubious honor.

In our opinion, the National League race shapes up like this:

1. Boston; 2. New York; 3. St. Louis; 4. Brooklyn; 5. Cincinnati; 6. Pittsburgh; 7. Philadelphia; 8. Chicago.

Why can the Braves finish on top—something they have accomplished only once since 1907? Here are the reasons:

1. Southworth, keen, inspirational manager, is probably the greatest hand of ball players today. Getting the most out of Bob Elliott, Red Barrett, Frank McCormick and Bill Vosselle are some examples. "No team will outthrust us," he insists.
2. A pitching staff that may be the best in the league. It contains the only two 1947 pitchers on one club to reach 20 or more victories. Southworth thinks Warren Spahn and Johnny Sain, 21-game winners last year, will be even better this season. Should Ernie White and Johnny Beasley, two sore-arm pitchers who once brought Southworth a world championship at St. Louis, come through, there should be no stopping the Braves.
3. Heath, obtained from the St. Louis Browns, whacked 27 four-baggers last season.

New York, April 13—(AP)—Louis "Bobo" Newsom, late of the New York Yankees, Washington Senators, Philadelphia Athletics, Brooklyn Dodgers, St. Louis Browns, Detroit Tigers, Boston Red Sox and Chicago Cubs, has sold his talents to still another major league baseball club—the New York Giants.

Rarely in his 17 years in the big time has Bobo picked a club that needed those talents more. The big question now is whether the big righthander can still pitch.

Based on previous performances, he won't have to be at anything like his old time form to win a regular starting berth on the Giants.

The Giants are desperate for pitchers.

Last year their murderers' row banged out a new all-time major league record for home runs. They had power to burn, and burn it they did because only Larry Jansen, a raw rookie, had a respectable chance of emerging victorious when he went out to pitch.

The other guys couldn't win with anything like regularity no matter how many runs the Giants got.

In spite of the quality of their hurling the Giants ended up fourth. This spring they've shown that the home runs are going to be just as frequent, maybe more so. Any pitching improvement would mean a definite pennant threat.

That's where Newsom comes in. He brings with him a lifetime major league record of 205 victories and 213 defeats, the bulk of both in the American League.

Last year with the Senators and the Yankees he had a combined total of 11 wins and 11 losses. He's won at least 11 games in every year but one since 1934. In 1940 with Detroit he won 21.

Greenville High's victory-hungry Phantoms go after their initial victory tonight at the Stadium at 7:30. The jackets from Elizabeth City will furnish the opposition.

The inexperienced Phantoms have had catching and infield trouble all season but have shown some improvement over their early performances. Elizabeth City is considered one of the strongest teams in the conference.

Probable starters for Greenville will be Hugh Hardee, 1b, John Farley, 2b; Billy Jordan, ss; Joe Allgood, 3b; with Bland, Joyner, J. Tanner or Joseph in the outfield. Eddie Tanner will probably start back of the plate with either Bobby Fyfe or Glynn Perkins on the mound.

Phantoms Tangle With Jackets In Bid For Victory

The East Carolina Teachers College tennis team will meet the strong squad from the University of Richmond, Friday, April 16, on the local courts. This will be the second meeting of the two teams, Richmond getting the best of the first by the score of 6-3.

Richmond will have as number-one player, Jerry Cunningham, who played on the Junior Davis Cup team of the city of Richmond. He will meet Wayne Harrison in the feature match of the afternoon.

Keith Hudson will play No. 2; John Heath, No. 3; Robert Williams, No. 4; Garlan Bailey, No. 5; and Charles Moyer, No. 6 positions for East Carolina. The double teams from the college here will be W. Harrison and B. Harrison, No. 1; Hudson and Heath, No. 2; and Bailey and Williams, No. 3.

The matches will start at 1:00 o'clock on the upper college tennis courts. Everyone is invited, and there will be no charge.

Chicod Pitcher Hurls No-Hitter

Chicod, April 12—Spencer's spectacular pitching allowed Chicod to win a 16-1 victory over Winterville on Winterville's diamond. Winterville's score was the result of an error on Chicod.

Hudson led the winners with four for four followed by Mills and Moore each with three for five. Moore took individual hitting honors with a three base hit. Buck pitched for Winterville.

This is six wins out of seven tries for the Chicod team and their first no-hit game.

There are about 1,900 varieties of milkweed in the world.

Foreign Boxers Meet In Chicago

Chicago, April 13—(AP)—A giant organ will boom the national anthems of the U.S., Czechoslovakia, Eire, Italy, France and Belgium tonight heralding the start of the 11th annual International Golden Gloves Amateur Boxing Pageant.

A sellout crowd of more than 20,000 will see the eight invading champions from five countries meet in the Chicago Stadium's flood-lighted ring with Chicago's sluggers. Boxers from six American cities are on the Chicago team.

Umberto Del Carlo, clever Italian lightweight, today was named captain of the Europeans who won their way to the big show in a series of elimination tournaments the last two months.

Dick Guerrero, Chicago welterweight, will be captain of the Americans.

Del Carlo, Middleweight Leon Novy of France and Heavyweight Fernand Botby of Belgium are considered the invaders' strongest contenders. They are expected to set the tempo for their team as it tries to reverse last year's defeat. Europe won only one of eight bouts. Observers predict a much better showing this time.

Before the overwhelming 1947 defeat, Europe's champions and the Americans had been tied in number of fights won, each with 16. This record was compiled since 1937 when the first composite team from Europe was entered. Prior to 1937, Chicago golden gloves met teams from France, Ireland, Poland, Italy and Germany.

Stymie Aims For Million Dollars

New York, April 13—(AP)—Stymie, the world's leading money-winning horse, was back at Jamaica race track today, setting dead aim on a rich stakes program which could make him the first horse to bank a million dollars.

"He's in real good shape and looks like he's ready to run," said Hirsch Jacobs, who trains the chestnut seven-year-old for his wife, Mrs. Ethel D. Jacobs.

The son of Equestrian-Stop Watch, who arrived during a downpour after wintering at Jack Skinner's farm near Middleburg, Va., will make his first major start in the \$25,000-added Excelsior Handicap Saturday.

With his bankroll now \$818,060, victory in this mile and one sixteenth event would get Stymie off to a good start in the 1948 gallop for gold.

The "Cinderella" horse was taken out of a claiming race by Jacobs at Belmont in 1943, and last year alone he won \$289,775 for Mrs. Jacobs.

"You only get one of them in a lifetime," Jacobs said in discussing the horse's chances to boost his earnings to \$1,000,000.

"A million? You can't tell. Horses are perishable goods, very, very perishable."

Yogi Berra Back On Sidelines; Hand Is Injured

Memphis, Tenn., April 13—(AP)—Catcher Yogi Berra of the New York Yankees is back on the sidelines again.

The long-ball hitting receiver had the middle finger of his right hand split by a foul tip in the seventh inning of a game against Birmingham yesterday.

Berra was out of action for a spell in March due to a foot injury. His latest mishap is expected to bench him for at least ten days.

This leaves the catching chores to Gus Niarhos and Charley Silvera as Sherm Lollar, the Yanks' other catcher, is recovering from two split fingers.

Pirates Tounce Norfolk Division William And Mary

The ECTC Pirates tounced the Norfolk Division of William and Mary here yesterday afternoon, 9-2, in a non-conference contest. Ab Williams, sophomore from Elizabeth City, went the full distance for the Pirates, scattering 10 hits effectively.

The Pirates took the lead in the third when two singles, two stolen bases, and an error netted two runs and put the game on ice in the fourth frame when they got three tallies on two singles, a double, and four stolen bases.

Ab Williams, with a double and a single, and Tom Benton, with two singles, led the eight-hit attack off the two visiting hurlers for the Pirates. Wilcox and Gaither each got two hits and tried to set the pace for the Norfolk club.

Score by innings:
William and Mary... 001 000 010-2
ECTC... 002 330 10x-9

Power Strategy Is Paying Off

Durham, N.C., April 13—(AP)—Cincinnati Red Manager Johnny Neun's "big inning" strategy seems to have found a payoff player in left fielder Hank Sauer.

Sauer connected for a grand slam homer as the Reds compiled an eight-run inning and a 9-1 victory over the Boston Red Sox yesterday. Sauer's homer, his tenth, enabled the Reds to overcome a six-run deficit.

Starting Lineup Set For Browns

Wichita Falls, Tex., April 13—(AP)—Manager Zack Taylor of the St. Louis Browns has announced the following players will probably appear in the opening day lineup: Chuck Stevens, first base; Jerry Priddy, second; Eddie Pellagrini, short; Bob Dillinger, third; Whitey Platt, left field; Pete Layden, center; Ken Wood or Al Zarilla, right; and either Lee Moss or Roy Partee, behind the plate.

Meet The Greenies

A dinner at which baseball fans in this community, and this includes you ardent lady fans, may have the opportunity to meet the Greenies, will be held at the Airport Inn on Wednesday evening at 7 o'clock in the private dining room there.

The dinner will be a Dutch affair and the price is \$2.00 per plate. As the crowd will be limited, make your plans to attend now and you are asked to make your reservation by calling 4072.

To you baseball fans who would like to get a look at the Greenies, you will have that chance to do so on Wednesday afternoon as Manager Bill Phebus will put his boys through a workout at the local park starting at two o'clock. The boys are scheduled to arrive some time Wednesday morning and for the first few days will stay at the Proctor Hotel.

Another exhibition game has been added to the Greenies schedule, it was announced by Business Manager Bob Doty. On Sunday afternoon at 2:30 o'clock the Greenies will play the Evansville Club of the Three-I Class B league in their second of an exhibition series between the two clubs. They open their exhibition series by playing the Evansville Braves under the arcs on Thursday night at 7:45 o'clock.

The exhibition game with the University of North Carolina will be played here on Saturday night at 7:45 o'clock at Guy Smith stadium. Be sure to make your plans now to attend this game and see the University in action.

Definite word has come from Joe Alamo, former pitcher of the Greenies, stating that he would report to the local club sometime this week.

Be sure to make your plans to attend the "Meet the Greenies Dinner" to be held at the Airport Inn on Wednesday night at 7 o'clock. Call 4072 now and make your reservations and be sure of a seat. A story of the dinner appears elsewhere on this page.

Coach Jim Johnson's ECTC Pirates have two important contests on their schedule for the week-end when on Friday they meet Appalachian State Teacher's College to be followed on Saturday with a game with Western Carolina Teacher's College. These games are North State Conference contests and game time is 3:00 p.m. at the college park.

At Kinston, Manager Steve Collins is beating his head against the rails wondering about his pitching staff. Depending on new men almost entirely, the Eagles have found the going rather tough in spring exhibitions. Only Tom Wita remains from the mound staff that carried the club to the playoffs last season.

Latest addition to the Rocky Mount Leafs is John Salada, a rookie hurler from Millsboro, Penn. In early drills, reports were good on his chinking.

By the way, don't forget the baseball game to be played out at Guy Smith Stadium tonight, starting at 7:45 o'clock, when Coach Boley Fureley's Greenies play the Elizabeth City Yellow Jackets in a North-Eastern Conference tilt.

The writer of this column is greatly indebted to Mr. Edward W. Hearne, local artist of this city, for the new heading which will appear at the top of this column from now on.

Many thanks to you readers of this column for bringing into the Daily Reflector office the copies of the sports magazines. If you can find any more around the house bring them down. I will see that they are carried out to the picnic camp and given to the boys.

Less than half the cities of the United States of more than 1,000 population have airports.

Forty-seven percent of the counties of the United States have no airport facilities.

Silver Shirter Bids For Release

Terre Haute, Ind., April 13—(AP)—William Dudley Pelley, one time Silver Shirter leader, had a second bid for his release from prison on file today in federal district court here.

A petition for a writ of habeas corpus, filed yesterday in behalf of the former Asheville (N.C.) resident contended nothing was proved in his sedition trial in Indianapolis in 1942 except that he was a "harsh and unremitting foe of Communism."

J. Ellis Overlade, warden of the federal prison here, was named defendant. Pelley is technically in custody of the Terre Haute penitentiary, but has been in Washington for several years under a federal marshal.

The petition contended the prosecutors' remarks to the jury aroused hostility against Pelley. It also alleged the jury was not properly picked because it included no women.

He was convicted of sedition for a publication he issued in Noblesville, Ind., in the pre-war period. He is serving a 15-year term.

Police Court

The following cases were tried in Police Court Monday:

Assault with a deadly weapon: Evelyn Mays, colored, 15; James H. Jones, colored, guilty, appealed; John R. Green, colored, \$50.

Speeding: Nathaniel Arrington, colored, \$20.

Assault on a female: Jesse Thigpen, colored, \$15.

Driving drunk: Davis Gaskins, \$100 and costs and license ordered revoked for a year.

Drunk: Ezekiah Anderson, colored, \$15; Lamb Tyson, colored, \$15.

Non-support: Woodrow Taft, colored, 90 days on the roads.

DANCE FOR CANCER FUND

Touring Players Slated Present 'Pygmalion' Here

The Entertainment Committee of East Carolina Teachers College will present Touring Players, Inc., of New York in George Bernard Shaw's comedy "Pygmalion" at two performances to be given on Wednesday and Thursday evenings of this week at 8 o'clock in the Austin auditorium.

The play will be one of the numbers included on this year's entertainment series at the college. Reservations may now be made by season ticket holders, and tickets and reservations may be obtained by others at the telephone office of the Austin building. The hours are 10 to 12 and 2 to 4.

Touring Players are now scheduled for more than 60 performances in cities and universities throughout the South. The members of the group are experienced actors and actresses who have appeared in outstanding productions in this country and abroad and who got their start as a theatrical unit when they were members of special services during the war years.

At Biarritz American University in France, the nucleus of Touring Players began with the production of "Wintereset," directed by Guthrie McClintic, husband-director of Katherine Cornell, and with Shakespeare's "Richard III," directed by Richard Whorf of M-G-M. Sets for both productions were designed by Mordcai Gorelik and the present designer of the players, Howard Barker.

After working on over 32 productions in occupied territory, the six ex-G.I.'s and four ex-civilian actress technicians formed their aim of taking good, legitimate theatre to those who enjoy it but do not often have the opportunity to see it. Last year the group played 72 towns in the East and the mid-West.

Pitt Bookmobile Schedule Given

The Pitt County Bookmobile schedule for Wednesday, April 14, is as follows: Garris' Store on No. 11, 9:30 a. m.; Littlefield, 10:00 a. m.; Hanrahan, 10:30 a. m.; Griffon School, 11:00 a. m.; Wall's Pharmacy, Griffon, 12:15 p. m.; Quinmerly, 1:30 p. m.; St. Johns, 2:00 p. m.; Corville, 2:30 p. m.; Gardnersville, 3:00 p. m.

The Thursday schedule: J. E. Manning's Store, 9:15 a. m.; Allen's Service Station, 9:40 a. m.; Mrs. Willard Wooten's Home, 10:10 a. m.; Falkland School, 10:40 a. m.; Falkland Post Office, 12:30 p. m.; Jonas Deal's Station, 12:55 p. m.; Guy Moore's Station, 1:15 p. m.; Mrs. Ruby Boyette's home, 1:45 p. m.; King's Cross Roads, 2:15 p. m.; Sevens Pines, 2:45 p. m.; Bruce, 3:15 p. m.

Angry Chinese Criticize Gov't

Nanking, April 13.—(AP)—War weary delegates to the National Assembly today condemned the government as "inefficient, corrupt and unjust" in its conduct of the Civil war.

They angrily shouted for Defense Minister Pai Chung-hai to come forward and defend the government's war record. Delegates paraded to the rostrum in such a determined stream, however, that Pai could not reach the microphone to reply immediately.

They threatened to walk out when the chairman tried to turn the debate to other subjects.

They shoved the finance minister, O. K. Yui, from the microphone when he attempted to report on the economic situation.

Wang Chieh, delegate from Shansi, shouted:

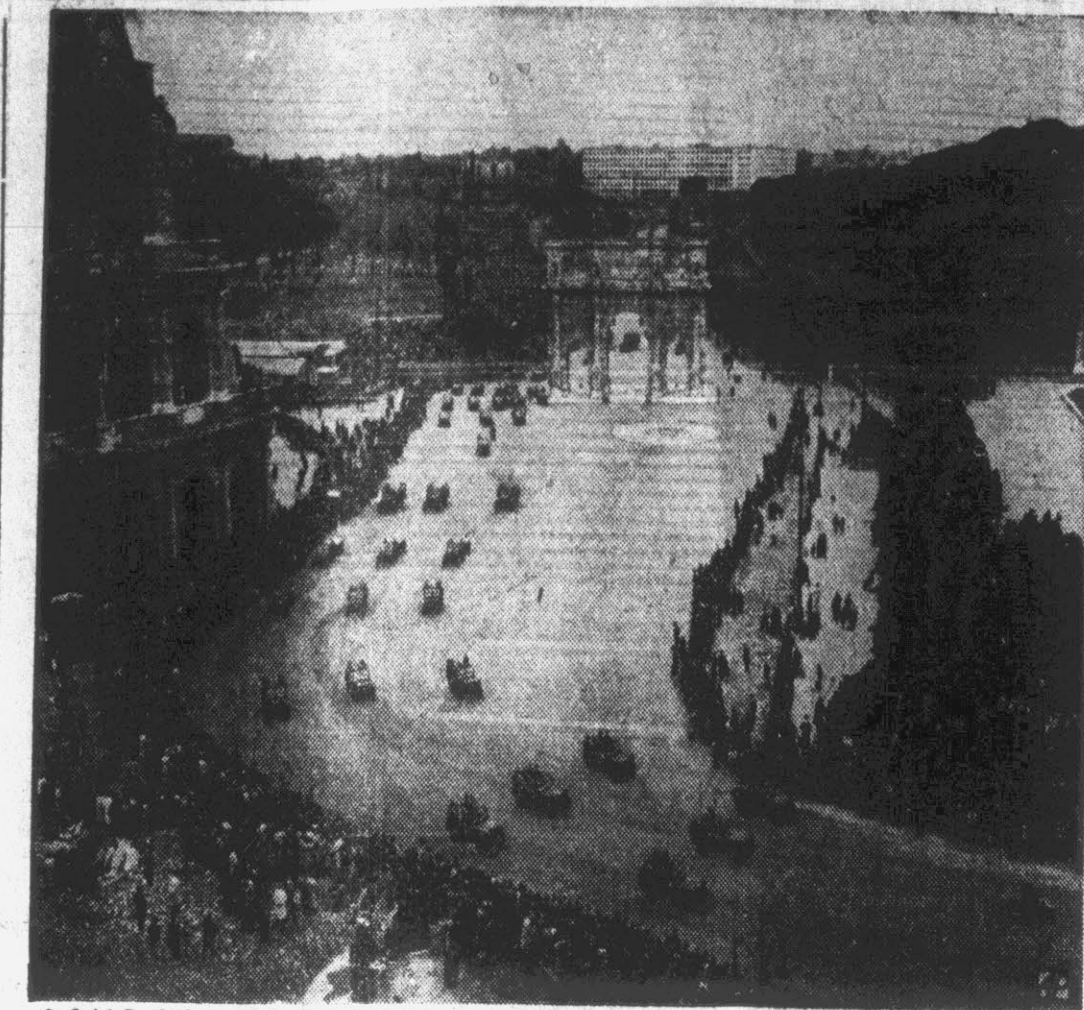

"Lanchow, the only base we have left in South Shansi, has been defended for 36 days by women, youths and students, who killed 4,000 Reds in a brilliant example of the People's force. They were starving.

The government has not spared a single plane to fly in supplies. Thirty-six planes, or one plane making 36 flights, could supply those people and break the Red encirclement. Why is it not done?"

An excited North China delegate shouted:

"The Communists have taken the Northeast, North China, part of Central China. They have crossed the Yellow River and they are crossing the Yangtze and march on Nanking. Why do you attempt to prevent us from speaking on the true military situation?"

The assembly then voted to recall the defense minister "at some later date."

ROME POLICE PARADE—Rome police in jeeps wheel around the Arch of Constantine in a parade to show their strength. Part of the Colosseum is at the right.

Municipal League In Session Here

By CHESTER WALSH
The North Carolina League of Municipalities held a regional meeting at the City Hall here today. Mayor Jack Boyd, who presided, welcomed the visitors. The meeting got under way at 3 o'clock. At the conclusion of the meeting the delegates were guests at a barbecue supper at Respass place across the river at 6 o'clock.

Following is the program: "The North Carolina League of Municipalities," Mayor J. R. Bennett, of Rocky Mount.

Forum: "Current Problems of Our Municipalities—Large and Small." Planning, management and physical: S. Leigh Wilson, field consultant, N. C. League of Municipalities, discussion leader. (a) Refuse collection; (b) Zoning, subdivision control, extension water and sewer lines (c) Parking and traffic.

Discussion: "Problems of finance and taxation—George C. Franklin, general counsel, N. C. League of Municipalities, discussion leader. (a) Defects of present fiscal program. (b) Property Tax. (c) License taxes. (d) Utility service fees. (e) New sources of Revenue.

Discussion: "The 1948 Legislative Aims of the N. C. League of Municipalities. Davetta L. Steed, executive secretary.

Music Festival At Eppes High School

The annual Northeastern District Music Festival will be held at C. M. Eppes Negro High School auditorium tomorrow, beginning at 10 a. m. High school students from Wilson, Kinston, Goldsboro, Selma, Smithfield, New Bern and Greenville will participate. Prof. W. H. Davenport, principal of the school, announced today. D. T. Satchell of Wilson is district chairman.

Dr. Karl Gilbert of the music department, East Carolina Teachers College, and Miss Gene Shindler, Greenville High School Music Department, will be the judges. The public is invited to attend the festival.

Jesse Mills Died After Long Illness

Jesse M. Mills, 76, a farmer, died at his home near Lang's Cross Roads at 6:30 Tuesday morning following several years of declining health.

Funeral services will be held at the home Wednesday afternoon at 4 o'clock. Burial will be in Hollywood cemetery in Farmville.

Mr. Mills was born in Beaufort and reared in Craven county, in the Vanceboro community, and he came to Pitt county about 30 years ago. He had lived in the Falkland and Lang's Cross Roads communities.

Surviving are his wife, Mrs. Emma Huff Mills; two sons, Hyman J. Mills of Belhaven and Elvin W. Mills of the home; three daughters, Mrs. Ethel Haddock of Lang's Cross Roads, Mrs. Vera Bell Mills of Hassell and Mrs. Pannie Garris of Bruce; 27 grandchildren and three great-grandchildren.

RESERVE CORPS MEETING
All officers and enlisted men of the Organized Reserve Corps are requested to attend meeting on the third floor of the City Hall tonight at 8 o'clock.
