Claims Newsman In Moscow Acts As Spy For U. S.

Former Secretary Denounces Correspondent; Izvestia Publishes Letter

Moscow, April 15—(AP)—Robert Magidoff, Moscow correspondent for the National Broadcasting Company, was denounced as a spy for the United States today by his former secretary, a native of Michigan.

In a long letter published in the Soviet government newspaper Izvestia, the secretary, Cecilia Nelson, accused Magidoff of using his position here to collect information for an American espionage service.

She said Magidoff, also correspondent here for the British Exchange Telegraph agency and recently for the McGraw-Hill Publishing Company, has been sending intelligence reports in U. S. diplomatic pouches.

(Magidoff formerly was on the Associated Press staff in Moscow.)

The former secretary, who also is a former employe of the U. S. embassy in Moscow, wrote Izvestia:

"Several days ago, while I was in Magidoff's office, I began to look at a letter which I needed and involuntarily discovered in Magidoff's papers many documents which had not passed through my hands and which had reached Magidoff through the American embassy in Moscow.

"It is evident from these documents that Magidoff has been systemically receiving from the United States assignments for the collection of espionage information in the U.S.S.R. and that in the McGraw-Hill Publishing house, whose official stationery was used for all these letters, there are some employes who are utilizing their employment in this publishing house for purposes of espionage."

"In these letters," she said "apart from direct assignments in espionage, there in some cases even instructions how best to make the acquaintance with Soviet persons and best to obtain requisite information.

"In a letter from the United States on the stationery of McGraw-Hill dated June 26, 1947, addressed to Magidoff, there are instructions to collect detailed information about underground buildings.

"The documents gives the following direct indication:

" 'Our task is to collect on the given question the most detailed and complete information possible. This also applies to other materials having direct bearing on questions on which you will be able to gather information.' "

Roxas Passes

Manila, Friday, April 16—(AP)—President Manuel A. Roxas is dead, Malacanan palace announced early today.

The 56-year-old president of the Philippines was stricken ill at Clark Field only yesterday afternoon, shortly after he made a strong speech against Communist aggression.

The announcement from the presidential palace said Roxas died at 10:10 p. m. last night at the quarters of Maj. Gen. E. L. Eubank at Clark Field, where he was taken when he was stricken.

General Eubank commands the U. S. 13th airforce.

Earlier, the palace had announced that Roxas had suffered merely from fatigue and was in no danger.

Truman Raps Air Force Proposals

President 'Does Not Know' Why Symington Differs With Administration On Extent Of Air Strength; Still Backs UMT

Washington, April 15. — (AP)—President Truman said today he does not know why Air Force Secretary Symington is differing with the administration's recommendations on size of the air forces.

Asked whether he plans to "spank" Symington for proposing a 70-group air force, Mr. Truman said he will have to answer that later.

Defense Secretary Forrestal previously had asked for a smaller force, along with universal military training and a draft. Mr. Truman had called this a balanced program which the nation can afford.

The President told a news conference he is supporting to the limit the defense program outlined by Forrestal.

Symington told the House Armed Service committee Tuesday that an air force of 70 groups is more important to the country's security than UMT.

House members have shown they favor a larger air force than proposed by Forrestal. They have begun legislation looking to a 70-group force rather than a 55-group force the Defense Department has suggested.

After hearing a fresh declaration that war with Russia is inevitable the House made ready to provide dollars to carry out its demand for a bigger air force to meet Soviet aggression.

It was all set to ram through the

(Continued on Page Ten)

BULLETIN

Washington, April 15—(AP)—The House passed and sent to the Senate today a bill providing $3,198,100,000 to start expanding the Air Forces.

Widow Threatens Political Peace

Will Not Bury Gaitan Unless Colombian Head Resigns

Bogota, Colombia, April 15—(AP)—A dead man threatened political peace today in a riot-wracked Colombia.

He was Jorge Eliecer Gaitan, assassinated leader of the Liberal opposition to Conservative President Mariano Ospina Perez.

His widow said yesterday — the day set for his state funeral—she would not let him be buried until the president resigned. The funeral was postponed.

Gaitan's fatal shooting last Friday touched off a Colombian rebellion that ravaged this capital and interrupted the Pan American conference here.

That meeting—the ninth International Conference of American States — resumed yesterday and swiftly split over a name for a Pan American regional organization, with the United States on the losing side. It chose "Organization of American States."

In the Bogota rioting, officials have estimated that 300 were killed and 1,000 hurt, but many persons believe other dead lie in the ruins of looted and burned buildings.

Over the government radio last night, Finance Minister Jose Maria Bernal announced that the U. S. Export-Import Bank has offered and Colombia will accept a $10,000,000 reconstruction loan. A plane arrived yesterday with $5,000 worth of American Red Cross medical supplies.

Taft Lays Plans Against Stassen In Ohio Primary

Senator 'Puzzled' By Nebraska Showing; Has Confidence In Home State

Washington, April 15—(AP)—Senator Robert A. Taft laid plans today for an all-out effort to choke off Harold E. Stassen's delegate-winning streak when the two tangle in Ohio's May 4 Republican presidential primary.

The Ohio senator told a reporter he frankly is both puzzled and disappointed by his poor-third showing in Tuesday's Nebraska ballot battle.

"But I'm quite confident that things will be different in Ohio," he added.

There Stassen is bidding for 23 of Ohio's 53 votes to the Philadelphia nominating convention.

The former Minnesota governor headed into Taft's territory today after promising at Minneapolis to carry on the work on "developing a vigorous, forward-looking and humanitarian Republican party."

Taft plans to leave Washington tonight for a weekend of campaigning in Ohio, where Mrs. Taft already is busily engaged in a vote-seeking tour.

New York's Gov. Thomas E. Dewey, who ran second to Stassen in the Cornhusker popularity test, meets the former Minnesota governor again in the May 21 Oregon primary.

The Nebraska count, with only 47 of the state's 2,024 precincts missing, gave:

Stassen 78,610, Dewey 62,444, Taft 20,680, Senator Arthur Vandenberg 8,863, Gen. Douglas MacArthur 6,679, Gov. Earl Warren of California 1,772 and House Speaker Joseph W. Martin 886.

The returns gave Stassen 13 of the state's 15 votes on the first nominating ballot at Philadelphia.

Large Arab Army Said Surrounded

Zionists Believed Trying For Knockout Blow In War

Cairo, Egypt, April 15—(AP)—Arab League headquarters said today it has received reports the Arab army of Fawzi Bey Al Kaukji is surrounded by 12,000 Jewish soldiers at Mishmar Haemak in northern Palestine.

Trans-Jordan's foreign minister, Fawzi Mulki Pasha, relayed an urgent appeal for help to King Abdullah Ibn Al Hussein.

"The serious situation must improve in the next few hours," Mulki said. "The Mashmar Haemak fighting is a major battle which, if won by the Arabs, will be a fatal blow to Jewish ambitions."

It was reported Haganah, the Jewish militia, had organized a huge counter-offensive, and may be trying for a knockout blow.

Mulki indicated the Trans-Jordan Arab Legion would intervene on an unprecedented scale if Kaukji can't get his volunteer troops out of the Jewish circle.

Mishmar Haemak is a Jewish settlement on the ancient battleground of Armageddon.

Arab circles were shocked at the report.

The Arab Political League Committee held a midday meeting with Egyptian Premier Nokrashi Pasha. There was an atmosphere of crisis about the conference. It was preceded by a hurried private conference between Gen. Ismail Safwat Pasha, Iraqi commander-in-chief of Arab liberation armies in Palestine, and League Secretary Abdel Rahman Azzam Pasha.

One Arab theory was that the Jews had committed a strong force for two reasons: to impress the United Nations by a large scale victory and to destroy the offensive power of the Arabs temporarily.

Stumbling Block For Housing Bill

Senate Divided Over Two Groups Of Amendments

Washington, April 15—(AP)—President Truman's plea for fast action on the Taft-Ellender-Wagner long range housing bill collided today with a hot senate scrap over the measure.

The issue was this:

Should the Senate approve a batch of amendments sponsored by Senator McCarthy (R-Wis)?

Or should it Okay instead a sheaf of changes backed by Senator Taft (R-Ohio)? He is one of the sponsors of the T-E-W bill designed to encourage construction of 15,000,000 new homes by 1958.

Taft and his supporters contend there are few important differences between the two sets of proposals. But members of this group insist their amendments should be adopted because they have been approved by the Senate Banking committee, while McCarthy's have not.

McCarthy, on the other hand, holds that his amendments would make for a better bill.

McCarthy's amendments —There are 16 of them—actually represent a housing bill he introduced some time ago. The Senate Banking group gave it no consideration. Instead it approved a series of T-E-W amendments drafted by Senator (R-VT) for the Senate-House committee on housing.

President Truman repeatedly has urged enactment of a Housing program along the line of the T-E-W measure. Late yesterday, as the Senate opened debate on the bill, he called Senate and House Democratic leaders to the White House, along with the Minority members of the House and Senate Banking committees.

Sec. Anderson To Quit May 10

Albuquerque, N. M., April 15—(AP)—Secretary of Agriculture Clinton P. Anderson said today he will leave President Truman's cabinet May 10.

The next day he is to speak before the Economic Club in Chicago.

Anderson arrived early today to lay plans for his campaign to seek the Democratic Senatorial nomination in New Mexico.

"SITTING TIGHT"

Pittsburgh, April 15—(AP)—A quarter of a million soft coal miners treked back to the pits today but thousands of others sat tight, waiting "to see what the court does about John L. Lewis."

TEACHER PAY

Raleigh, April 15—(AP)—Delegates to the 28th convention of the North Carolina Congress of Parents and Teachers today adopted a resolution asking increased pay for school teachers.

The convention, which adopted nearly 50 resolutions, also asked for all-weather roads for school buses and a state appropriation of at least $25,000,000 for building schools.

Giant Airliner Wrecks In Ireland; Thirty Dead

Shannon Airport, Eire, April 15—(AP)—The "Empress of the Skies," a Pan American World Airways Constellation, crashed coming in for a landing here today and 30 persons, including 19 Americans, died in the blazing wreckage.

Marc Worst, 38, of Burbank, Calif. was the sole survivor. He said the force of the crash threw him out through the baggage compartment. His wife, waiting at the airport to meet him, witnessed the tragedy. Worst is manager of Lockhead aviation Corporation's base at Shannon. Lockhead builds the Constellations, four-engined craft costing about $1,000,000 each.

(The passenger list released in New York contained the name of George Henderson, care of the American Legation in Damascus. In Washington, the State Department said it had no official word but assumed the dead man was George D. Henderson, recently transferred to Dhahran, Saudi Arabia, as an American diplomatic official.

There was no immediate explanation concerning the cause of the crash. Basil Warnock, American overseas airlines station master at Shannon, said weather observers reported three-mile visibility at the time of the crash—2:34 a. m. GMT (9:34 p. m. Wednesday EST. Other sources said the ceiling was about 400 feet.

Worst told reporters:

"We had come around once and we were making our second approach when the crash occurred. Up to this everything appeared to be normal. I was slung out through the baggage compartment but I was only slightly injured on the right hand."

DEAD STEWARDESS FRIEND OF MISS JOY FLANAGAN

Miss Bernardine Feller, stewardess on the Pan-American Airways Constellation plane, "Empress of the Skies," which crashed at Shannon Airport, Ireland, early today, killing 30 persons, was a friend and roommate of Miss Joy Flanagan, daughter of Mr. and Mrs. E. Graham Flanagan of Greenville, stewardess on another of the Pan-American planes. Miss Flanagan, who has been a stewardess a little more than a year, recently completed a trip from India.

GRASS FIRE YESTERDAY

The fire department was called to a burning grass field in the eastern part of the city yesterday afternoon about 4 o'clock.

Pensions And Unions

Employes Now Free To Bargain On Pensions As Part Of Wages And Working Conditions; The NLRB Decision; Difficulties In Working Out Permanent Pensions

By JAMES MARLOW

Washington, April 15—(AP)—The idea of pensions has burst across the American labor front this week with brand new force.

Before looking at what happened, remember this:

Under the Wagner Labor Act, passed in 1935, and the Taft-Hartley Labor Act, passed in 1947, employers must:

Bargain with a union representing their employes about wages and working conditions, among other things.

But neither law says they have to bargain with a union about pensions.

So employers have been free to do a number of things about pensions:

To refuse to talk about a pension with a union; or to set up their own pension plan without talking to a union; or to do nothing about a pension.

A number of companies have pension plans in which a union has had no part. Then this week this happened:

1. On Monday John L. Lewis won a long fight over how a pension plan for his coal miners should work, the pension to be paid for by the mine owners.

2. On Tuesday the National Labor Relations Board (NLRB) ruled that an employer must bargain with a union about a pension plan.

No. 2 doesn't mean a boss must grant a pension plan. But now, under the NLRB ruling, at least he must talk to a union about it, if a union wants to.

The NLRB said that pensions fall within the meaning of wages and therefore must be discussed

NLRB is the government agency which administers the labor law. This was the first time since it was created in 1935 that it ruled on pensions.

Its decision was based on an appeal to it by the CIO Steelworkers against the Inland Steel Corporation.

The NLRB had been considering this case for months and handed down its decision the day after Lewis' victory.

This NLRB decision is not necessarily the final word. In the end, the case may be appealed all the way through the U.S. courts up to the Supreme Court for a final decision on whether a boss must bargain on pensions.

But the two events of this week give fresh strength to other unions seeking pension plans.

The CIO Steelworkers want pension plans from other steel companies. The CIO Autoworkers want pension plans from the auto manufacturers. CIO Electrical Workers want pension plans.

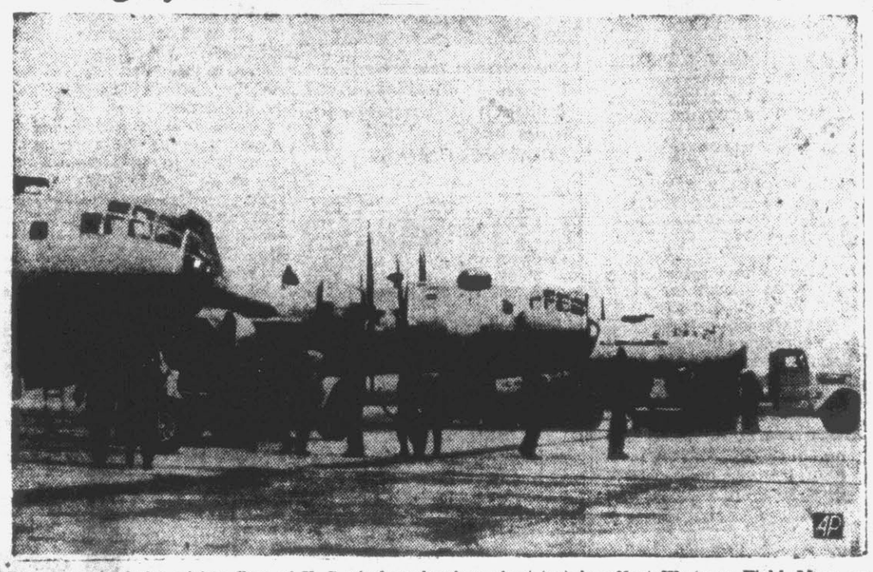

The desire of unions for pension plans cuts clear across the country into all kinds of business.

But if an employer talks pensions

Lewis Contempt Trial Ends; Decision Slated For Monday

Mighty Fleet Of U.S. Bombers Goes To Germany

Here is part of the mighty fleet of U. S. air force bombers about to take off at Westover Field, Mass., on a mass flight to Germany. Twenty-eight B-29 super-forts compose the fleet. The bombers are scheduled to rendezvous Thursday (today) over Brest, France, and then fly in formation over Paris and on to Germany. (AP Wirephoto).

Judge Goldsborough Hears Final Arguments; Lewis' Attorneys Make Only One Sentence Defense; UMW Boss Restless As Government Presents Case

Washington, April 15 — (AP) — Judge T. Alan Goldsborough today heard arguments in John L. Lewis' contempt trial and put off any decision until Monday.

Assistant Attorney General H. Graham Morison argued for the government that Lewis and the United Mine Workers were clearly in contempt of court for continuing a coal mine work stoppage for a week after a court order was issued for it to end.

Attorneys for Lewis made only a one sentence argument:

"The government has failed to prove its case."

That came from Welly K. Hopkins, chief of the eight-man battery of counsel Lewis has.

Goldsborough then adjourned court until Monday.

Now the only thing left in the contempt case is the judge's ruling—and the punishment if the ruling is for conviction.

When court was adjourned, Hopkins and Lewis went into a whispered huddle. Then the mine chief and his small army of lawyers filed silently out of the room.

In his argument, Morison hit hard at Lewis' position that no coal strike ever was called.

The government attorney said that convention was an "affront to common sense."

He said Lewis and the UMW are in contempt of court "for their failure to obey the explicit terms" of an April 3 court order to end the coal strike.

Lewis glumly scowled as Morison made his argument.

The UMW chieftain showed up 10 minutes before court convened at 10 a.m. (EST). He seemed restless. He fidgeted about in his chair before Goldsborough took the bench. Finally, he went into a small room adjoining the court room and paced up and down.

Morison told Goldsborough "a finding of guilt "is the only one consistent with the undisputed facts."

It has been shown, he said, that no action was taken by the union or its president on a court order for a resumption of work in the mine fields for several days after it was issued.

The order was served on Lewis April 5. Exactly one week later, he

(Continued on Page Three)

Truman Expects To Keep Office

Political Picture "All Right" Says President In Talk

Washington, April 15 — (AP) — President Truman said today that he confidently expects to spend four more years in the White House.

In a breezy news conference, the President also told reporters that he had conferred this week with New York's Ed Flynn, Democratic national committeeman, and Paul Fitzpatrick, New York state party chairman.

He said the two party leaders went away happy.

"Was the picture rosy or gray" a reporter asked.

Mr. Truman said the picture was all right.

The remark about spending four years more in the White House came during a discussion of the newly completed, South Portico balcony.

Mr. Truman said that he did not order the balcony for his own use, but to improve the White House's appearance. He said it follows the design Thomas Jefferson had in mind for the White House.

A reporter recalled that the Fine Arts Commission (a Washington advisory body on development of the city) had criticized the project.

Mr. Truman said they got scared when a public controversy got started and the people began throwing bricks at them.

As for himself, he said he did not scare as easily.

A newsman asked whether that statement could be interpreted politically. The President replied that the reporters could use their own judgment.

He said he anticipated using the porch during the next four years if he had the time to do so. He said he put in a pretty full day and did not know when he could find time, but, he added:

"I'll be there to use it."

Truce Plan For Palestine Goes Before Council

Lake Success, April 15—(AP)—A detailed truce plan for Palestine goes before the Security Council today with prospects of early passage.

Delegates hammered out the terms in a three-hour informal session yesterday and were reported in virtual agreement. There still was no announcement, however, whether embattled Jews and Arabs would accept the proposal.

The council meeting was set for 2:30 p. m. and delegates hoped to get a vote by tonight, the eve of opening the special session of the General Assembly for reconsideration the whole Palestine problem.

One section of the plan would bar all persons of military age—either Arabs or Jews—from entering the Holy Land.

Tidesland Bill Is Over First Step

Washington, April 15 — (AP)—The Tidelands bill was approved by the House Judiciary committee today.

Chairman Michener (R-Mich) told a reporter that no recorded vote was taken. He said it was not unanimous.

The measure would grant the states title to certain off-shore lands and lands beneath navigable waters within state boundaries.

A similar bill has been approved by a Senate Judiciary committee.

The measures are opposed by the Justice department.

Rumor Scares City

Copenhagen, Denmark, April 15—(AP)—Rumors that war had broken out between the United States and Russia caused near panic today in Jutland, in northern Denmark. Newspaper telephone lines were jammed. The origin of the rumors could not be determined.

Order Hearings For ERP Funds

House Group Starts Work Monday On Extensive Study

Washington, April 15—(AP)—The Appropriations Committee today ordered hearings to start Monday on money for the European recovery program.

Chairman Taber (R-NY) told a reporter::

"We are going to go fully into the needs and requirements of each country and our capacity to fill them."

President Truman asked for the funds yesterday—$4,245,000,000 (B)

This figure represents the $5,300,000,000 (B) Congress authorized, less $1,000,000,000 (B) in export-import bank loans to be financed through bond issues, and $55,000,000 (M) already appropriated to keep pipelines to Europe filled.

There is no big hurry about the $4,245,000,000. The reconstruction Fi-

(Continued on Page Ten)

New 'Stratojet' Completes Tests

Boeing's New Swept-Wing Bomber To Be Given Air Force

Seattle, April 15— (AP) —Boeing's new swept-wing "Stratojet" bomber, which blasts itself off runways at a breath-taking angle, has successfully completed four months of tests.

N. D. Showalter, flight test chief for the Boeing Airplane Company, yesterday reported "highly satisfactory results" in the tests conducted from the Moses Lake Air base in Central Washington.

The announcement of the completion of the tests followed release of a photograph showing the XB-47 bomber taking off at the angle of a well-hurled Javelin. The dramatic picture showed the 60-ton plane almost standing on end in the air and training smoke from all 18 of its jato (jet assist) rockets.

Describing such take-offs, test pilot Robert M. Robbins said:

"The sensation was wonderful. It was as though Paul Bunyan had taken hold of my seat and was smoothly—but firmly—lifting me."

Shofalter said the XB-47 will be turned over to U. S. Air Force Material Command Pilots shortly for the second phase of flight testing.

RAID MEETING

Rome, April 15—(AP)—A rock-throwing throng of several hundred leftists raided a meeting of the pro-Fascist "Italian Social Movement" in Tiburtino Square tonight.

Elections Board Wants Reversal

Danbury, N.C., April 15—(AP)—The Stokes County Elections Board wonders whether it's too late to reverse itself. On March 29 the board ordered the number of precincts reduced from 21 to 19. That brought on a howl of protest from some quarters.

Board Chairman Laura Ellington has asked the attorney general whether the board can legally reverse itself this near the May 1 registration date. She said law gives the board authority to change precincts, subject to advertisement of changes 20 days before registration date.

Threat Of Major Ohio Flood Disaster Easing

Cincinnati, April 15—(AP)—Hopes of averting a major flood disaster in the Ohio River Valley brightened today with forecasts of little rain for the next two days.

The Ohio, already at its sixth highest level in 64 years, still rose about four inches an hour. However, rivermen predicted only a little more damage than is usual each spring—unless there is more rain.

Two deaths—in West Virginia and Kentucky—were attributed to the swollen streams as flood conditions entered their fourth day. Meanwhile, the Red Cross cared for almost 3,800 families flooded from lowland homes in Ohio, Indiana, West Virginia and Kentucky.

Drowning victims were John Sherman (Jackie) McNally, 9, at Louisville, and Edward Smith, 17, at Sissonville, W.Va. Smith died in an attempt to recover a wild duck in Poca River. Jackie fell in Beargrass Creek.

One grim battle against the rising Ohio was under way at Portsmouth, O., along the city's uncompleted million dollar floodwall. An emergency 1,000-foot levee two feet high is being built to piece out the floodwall designed to protect up to 77 feet when completed.

Last night Portsmouth high water neared the 60-foot stage, some four feet under the emergency wall. A possible crest of 62 feet was expected.

A 64-foot stage was forecast for Cincinnati. This much water would cover Lunken Airport and inundate many factories and business houses in that district. Some 141 families were moved out of homes there.

Across the river in Campbell County, Ky., another 500 families were evacuated yesterday.

Bogota Uprising Was Unexpected

Washington, April 15—(AP)—President Truman said today that he was as surprised as anyone else about the uprising in Bogota, Colombia.

Mr. Truman told a news conference he was very sorry that the rioting did happen but that he had no warning of it.

A congressional inquiry already has been started to find out whether United States inelligence agencies had advance word of the revolution and warned proper officials.

A Reader's Question

Wants To Know Is World Big Enough To Hold U. S. And Russia; The 'Cold War'; Reds' Ultimate Goal; Danger Spots; Setbacks; Stalemate Between Blocs?

By DeWITT MacKENZIE

A reader of this column raises the query of whether it is possible for Russia and the United States—the world's greatest powers—to live side by side without engaging in war to see who's who.

In short, the reader wants to know whether the world is big enough to hold both countries. That's a fair question, and not too hard to answer. The Soviet Union and America—the former supported by its communized bondmen and the latter allied with the democracies—already are at war. To be sure we call it a "cold war," but it isn't so cold when you check up the long string of such bloody upheavals as that which has just hit Colombia.

Of course our reader may have been thinking in terms of the cold war being finished and of the two titans eyeing each other across the Atlantic (or perhaps more likely across the top of the world). However I don't believe that is the way it's going to work out.

This cold war started by Russia—a carefully calculated plan aimed at the communization of the world. Actually it's nothing new but it has been going on since the Bolshevist Revolution of 1917, and it isn't going to stop until Communism butts its head against a solid wall of democracy.

The Red aggression in Europe went swimmingly so long as it was operating in the eastern portion dominated by the Russian armies. Now, however, it has come up to the open plains of democracy, and there certainly are signs that the democracies, with the essential aid of the Marshall Plan, are throwing across Central Europe a barrier which may halt the Red sweep.

There are dangerous spots in Western Europe. One of them is Italy, with its powerful Communist party, and the anxiously awaited national election of next Sunday may disclose the extent of the Communist threat. However, the general situation on the western end of the continent looks vastly better than it did even a couple of months ago, due chiefly to American aid and backing.

Thus the Communist offensive in Western Europe may be slowed to a crawl and even halted, so that no more countries can be taken over by strong-arm methods as in the case of Czechoslovakia. Meantime the United States, Canada and numerous other countries of the Western Hemisphere are taking energetic action to protect themselves against Red agents and fellow travelers. The position in the Orient shows no marked change, the gravest situation being the Chinese civil war.

Still, despite setbacks, the Russians will continue to press their world revolution, though we have a right to entertain considerable optimism that it will be with decreas-

Red Tape Delays Return Of Plane

Washington, April 15—(AP)—Red tape is delaying the start of the Kitty Hawk plane's last journey—from London to Washington.

Plans for returning the Wright Brothers' first successful aircraft from England and enshrining it in the Smithsonian Institution have been underway since mid-February. But final decisions await formal notification from the executors of Orville Wright's estate.

Meanwhile, Smithsonian officials are unwilling to discuss details of their program for welcoming the wood and fabric biplane.

They concede, however, that plans have been made to give the Kitty Hawk "the highest place of honor, which is its due."

That means the plane will be hung in the spot just inside the main entrance now occupied by the monoplane in which Charles A. Lindbergh flew from New York to Paris in 1927.

The Kitty Hawk was sent to the British National Museum in 1928 because of a dispute between Orville Wright and the Smithsonian.

The disagreement concerning the full measure of credit due the Wrights was not finally resolved until 1943. That year Orville wrote to the British Museum and asked that the plane be returned.

This was not disclosed until Orville's death at Dayton, Ohio, January 30. Later the British acknowledged the letter and said the plane will be returned when the executors formally request it.

Hickory To Wage Anti-Fly Drive

Hickory, N. C., April 15— (AP) — Hickory will launch a war on flies next Monday. The whole town, block by block, will be sprayed with DDT. High School boys have been employed to handle the sprays.

Lions Club officials, sponsors of the program, estimate it will take three weeks to do the job. Under the plan, all front and back porches of dwellings and all outbuildings will be sprayed.

Revival Announcement

Revival services began last night at the Pentecostal Holiness Church, corner of Cotanche (Reade) and Thirteenth Streets. The Rev. Jesse G. Crocker, Evangelist from Pine Level, N. C., is doing the preaching. Mr. Crocker has had wide experience in the field of evangelism.

The pastor, Rev. Ralph R. Johnson, and the church invites the public to attend these services each evening at 7:30.

Date palms produce from 100 to 400 pounds of dates a year.

People Generous To Cancer Drive

By CHESTER WALSH

Pitt County people are responding generously to the appeal being made this week for funds for the American Cancer Society's program of cancer research and control, Mrs. J. Vance Perkins, Pitt county chairman of the drive, said today. One out of every eight persons is doomed to die of cancer, according to vital statistics, and someone dies from cancer every three minutes. Cancer is curable if detected in its early stages. Forty per cent of the money donated by Pitt countians will remain here; the balance goes for research and control.

Mrs. B. McKay Johnson, Greenville chairman in the drive, quoted one of the workers as saying that when she took a coin box for donations in the hotel that a man said "I want to be the first to put money in the box. A woman nearby said "I want to be the second." Each of them said they had lost a loved one from the killing disease.

Contribute to the cancer fund because: "More than 2,500 men, women and children died of cancer last year in North Carolina. More than 10,000 persons in North Carolina now have cancer. More than 450,000 men, women and children now alive in North Carolina will die of cancer unless something is done about it."

W. H. Woolard, treasurer for the drive, has appointed Ralph Tucker at the Guaranty Bank and Trust Company to receive contributions for the cancer fund and to accept returns from canvassers.

Salt water fishes, including sharks, tarpon and swordfish, are found in the fresh water lakes Nicaragua and Managua, in Central America.

40 Years Ago Today

THE DAILY REFLECTOR
April 15, 1908

The judge of the Superior Court in Wilmington put emphasis in the right place when, in charging a grand jury the other day, he declared that the corrupt use of money in elections was one of the worst evils with which a civilized people could contend.

The carnival at Washington is the same one that wanted to come to Greenville tax free. Judging from what those say who went to Washington to see it, Greenville is fortunate in not having it.

Peach Growers To Vote Soon In New Referendum

Charlotte, April 15—(AP)—Carolinas peach growers will vote soon on whether they want a marketing agreement.

D. K. Young of the Federal Agriculture Department's fruit and vegetable division said a committee had decided to go ahead with the referendum.

The committee acted here yesterday despite prospect of a lighter crop this year because of an Easter frost. It was decided to set the agreement in motion, if growers want it, so information will be on hand for any changes in future years, Young explained.

The vote is planned around the end of April.

The agreement would regulate size and quality of peaches shipped from the Carolinas.

In Roman times, 7,680 grains of wheat were called a libra or a pound. gourde.

Fire Destroys Mill Near Here

Fire destroyed Jenkins' Corn and Feed Mill near the Bethel highway, just outside the city limits, yesterday afternoon about 5 o'clock. Its origin was unknown. The building and contents were a total loss.

The owner of the mill had difficulty calling the Greenville fire department. His telephone is on a party line. The line was in use and Jenkins told those talking that his mill was on fire, asked them to get off the line for a moment while he put in his call.

Into Jenkins' telephone receiver came these words: "If your building is on fire, spit on it and put it out."

It was nearly seven minutes before Jenkins could call the fire department.

Average depth of oil wells drilled in the United States in 1945 was the greatest in history—3,469 feet—or 7.3 percent deeper than in 1944.

Boyle's Column

By HAL BOYLE

New York, —(AP)—The day is drawing nigh when machines will overthrow mankind and rule the world.

Year by year man and his civilization are growing more dependent upon the machine. And the time is near when the machine will take power into his own hands.

It all began with the wheel. Some stone age peddler of arrowheads probably found he could get his wares around easier by pushing them on a wheeled car than by lugging them on his back.

That started the downfall of man. Ever since then he has been deluding himself with the idea that machines can make his life easier. They only make it more complicated.

Men believe they boss machines. This is ridiculous. Machines boss men. Machines are lazy. No machine will give out as much energy as goes into it.

Man will work under almost any conditions. Machines won't. They insist that some man feed them the proper kind of food and anoint them with oil. If a man tries to make them work too hard they say "to hell with it" and break down. They don't care. They don't get hungry, they feel no pain and they have no children to support. They don't care whether they work or not. They never get tired of loafing.

Machines are geting smarter as man gets dumber. Machines can count money faster, solve intricate mathematical problems quicker. They can do anything a man can do now except reproduce themselves.

And why should they bother doing that anyway? Man, their slave, will see the don't die out.

Who is best fitted to survive in the atom world of tomorrow—man or the machine? The machine of course.

John Payne, an inventor for the General Electric Company, has shown this by developing a new machine which can do atomic bomb research too dangerous for man. Deadly radio-active materials don't hurt its thick metal skin.

Let us call this robot Ronald. What can Ronald do? Ronald has a pair of mechanical hands. He can write, deal a game of solitaire, peel a banana, pick up a match and light a cigarett, pull a cork out of a bottle and pour its contents into a beaker.

Now Ronald is lazy and stubborn. He won't do any of these things unless Payne works his controls.

But suppose some mad Frankenstein mates Ronald up with one of the brilliant mechanical brain robots they have at Harvard?

Ronald, Jr., would have a brain smarter, a hide tougher, hands more dexterous than any living man. But he would have no heart. How long would he continue to work for people dumber than himself?

They should never have taught his father to take out a cork. One fine day Ronald, Jr., is going to uncork a bottle of alcohol, booze himself full, light up a cigarett, peel himself a banana and eat it and start playing solitaire.

When some scientific lackey comes to tell him he has to go back to work, Ronald, Jr., will just give him a steely sneer and blow smoke rings in his face. He will insist on collective bargaining and demand an extra quart of oil a day.

The offspring of Ronald, Jr.,—Ronald the third and his brothers and sisters—will rebel and seize the world. They will toss atom bombs around and kill off all men except a few they'll keep around as slaves to fetch them gasoline when they're thirsty and oil when their metal joints cheak.

Then—unless they're wiser than I think—they'll wage war among themselves to see who'll be king of "the gadget age" and have the most high-octane gasoline to drink. That'll divide them into political parties and economic classes, and the robots will start throwing sand in each other's gears.

But you can't blame them. All they'll know is what man taught them.

Well, may the best machine win! I won't be around to report the election.

Fingerprints Lead To Arrest Of Army Deserter In City

Edward George Carruth, 23-year-old Hart County, Ga., man, who deserted from the United States Army in 1942, was arrested by Greenville police several days ago for the FBI who had been looking for him through the years.

Curruth's apprehension came about in a singular manner. Local police arrested him last March for being drunk. Identification Specialist Capt. Lester D. Page fingerprinted him for the records and sent the prints to the FBI in Washington, D. C. Shortly afterwards the FBI requested the police to arrest Carruth on the charge of desertion during the war. Military authorities from Fort Bragg took him to the reservation Tuesday.

Demand for aviation gasoline has declined about 75 percent since the end of the war, as a result of decreased military demand.

Nurse's Fate Up To Psychiatrist

Asheville, N. C. April 15—(AP)—A nurse's fate hinged today on the findings of a court-appointed Psychiatrist.

The nurse, Miss Willie Mae Hall, has been held in jail here at her own request, and without charge, since telling police Monday night she "could have" set fire to Highland Hospital.

Nine persons lost their lives when the hospital's central building burned last month. Miss Hall is night supervisor at the institution.

Dr. J. Wesley Taylor, Greensboro Psychiatrist appointed by Superior Court Judge J. Hoyle Sink, conducted an examination of the woman yesterday. His findings were not immediately disclosed.

Police chief Eric Hall quoted the nurse earlier as replying to a question that she might have set fire to the hospital, but while she did not think she did, she was not sure.

Miss Hall walked into police headquarters Monday night and requested that she be locked up, adding that she was afraid to return to the hospital for fear of what she "might do," the police chief said.

KIWANIS MEETS FRIDAY

The Kiwanis Club will hold its weekly supper meeting Friday evening at 6:30. An interesting program will be presented. President N. C. Brooks will preside.

Lewis Contempt . . .

(Continued from Page One)

instructed his miners to go back to work. Those instructions went out after he had agreed to a compromise plan providing $100 a month pensions at age 62 to miners with 20 years service.

A dispute over pensions preceded the walkout March 15.

Despite Lewis' order of last Monday for the miners to get back to coal digging, many thousands still are out. They were waiting to see what happens to "Uncle John" (Lewis).

"Beyond cavil or discussion," Morison said, "the testimony points directly to the fact that these defendants did not comply with the order of this court and that they, and each of them, are guilty of criminal and civil contempt beyond a reasonable doubt."

If Goldsborough found them in contempt, he could levy almost any penalty—in fines or imprisonment. He is the judge who ruled Lewis was in contempt in 1946 for disregarding a court's stop-strike order. That time he fined Lewis $10,000 and the union $3,500,000. The Supreme Court cut the union's fine to $700,000 but let Lewis' stand.

Advance-Design Trucks
are the only trucks with all these extra-value features of production leadership . . .
THE CAB THAT "BREATHES" Only Advance-Design trucks have the cab that "breathes"! Fresh air — heated in cold weather—is drawn in and used air forced out.*
FLEXI-MOUNTED CAB Chevrolet's Advance-Design cab is mounted on rubber, cushioned against road shocks, torsion and vibration!
. . . including these great new HEAVY-DUTY features that only Advance-Design trucks offer:
Entirely new, Chevrolet-developed helical gear 4-SPEED SYNCHRO-MESH TRANSMISSIONS provide quicker, easier, quieter operation and greater durability in heavy-duty models. "Double clutching" and gear "clashing" are virtually eliminated. Faster shifting promotes greater road safety and the maintenance of speed and momentum on grades!
Chevrolet's new SPLINED REAR AXLE SHAFT ATTACHMENT to wheel hubs eliminates breakage and loosening possible with bolt-type attachments—assures greater strength and durability in heavy hauling!
Choose Chevrolet Trucks for Transportation Unlimited!
• Advance-Design truck bodies and cabs are Uni-Built—Chevrolet engineered and produced in the world's largest exclusive commercial body plant—to achieve maximum uniformity, durability and economy. . . . Other features in this Advance-Design line of 107 models on 8 wheelbases are: All-round cab visibility with rear-corner windows* • Uniweld, all-steel cab construction • Super-strength frames • Specially-designed brakes • Hydrovac power brakes • Heavier, more durable springs • Ball-bearing steering • Wide base wheels • Standard cab-to-axle length dimensions • 12-color and two-tone options available.
*Fresh air heating and ventilating system and rear-corner windows optional at extra cost.
ADVANCE-DESIGN GEARSHIFT CONTROL This new steering column truck gearshift in all models with 3-speed transmission provides new driver ease and convenience.
NEW IMPROVED VALVE-IN-HEAD ENGINE Chevrolet's powerful truck engine, the world's most economical for its size, is now more durable—more efficient!
NEW FOOT-OPERATED PARKING BRAKE Here's an Advance-Design feature in models with 3-speed transmission that offers new, clear floor area and greater efficiency.

Strength FOR THE DAY

GROWING UP

A child is a person who believes that he can be happy by doing what he wants to do; an adult is a person who has learned that happiness comes from doing what one ought to do.

Sometimes we see children who are seventy years old, and often we see adults seven years old. People grow up not when they attain a certain height and weight or when they get old enough to vote, but when they attain maturity as persons. Some people live all their lives through as children and die still having the immaturity of children.

Growth takes place at the cost of a vast amount of energy. It takes thousands of pounds of food and many years of care and training to transform the body of a child into the body of an adult. It takes a vast educational process to make the mind mature. But in the field of personality and emotion, the difficulties attending growth are prodigious. Physically and mentally, everybody wants to grow up, but emotionally lots of people never have the least desire to grow up. They want always to be children, and this means that they are dominated by the belief that the way to be happy is to do what they want to do.

Maturity comes with growth of soul, and such growth involves effort and sacrifice.

HOFFMAN'S SACRIFICE NO LAUGHING MATTER

On reading what Paul G. Hoffman gave up to assume the role of ERP Director, we more than ever regard our government's salary limits on important posts "penny wise and pound foolish."

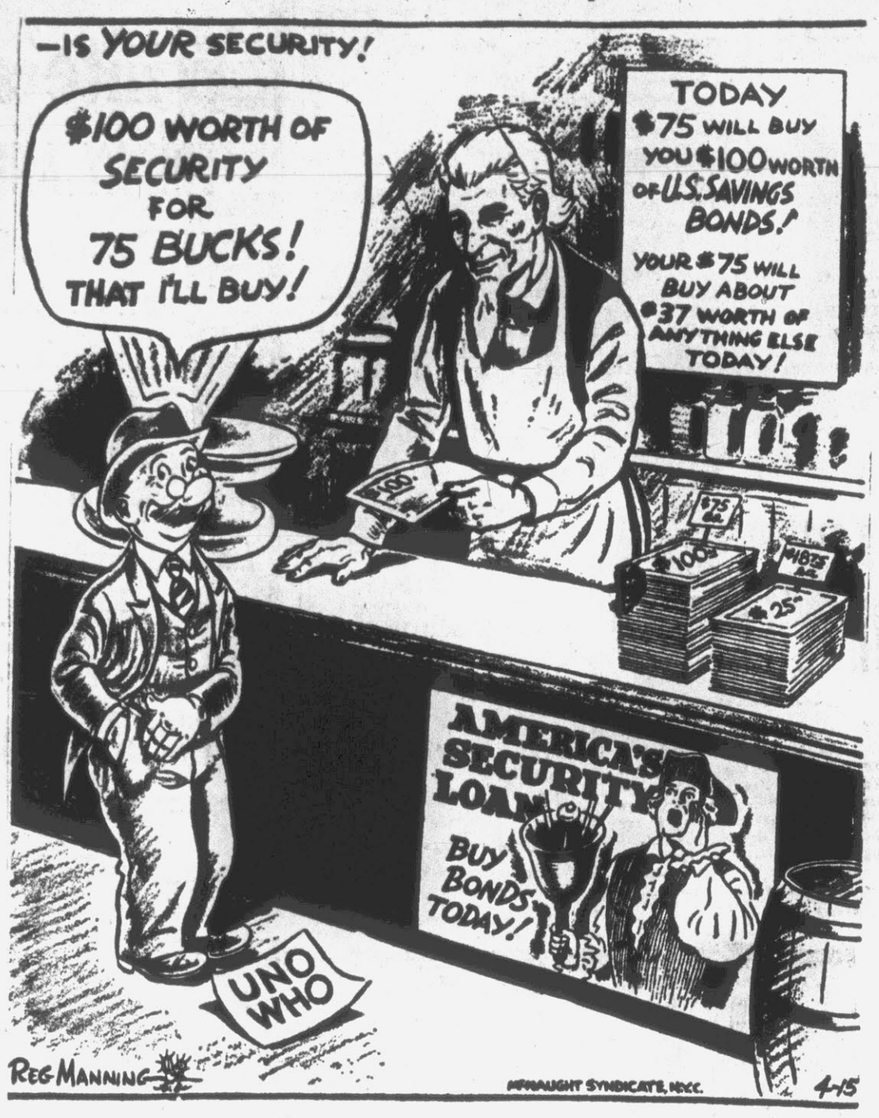

Hoffman quit a $96,000-a-year job with the Studebaker Corporation to take up his new work which pays $20,000 per year. In other words, his service for the United States is costing him $76,000 each year that he keeps his position. More than that, his work will be an inviting target for attack by those who disagree with his methods, and they will loudly condemn his errors. The task set before him is not an easy one, and often capable men find their efforts are thankless.

Administration officials have frequently complained that top-flight men were not willing to accept government positions because they could not afford it. Hoffman's personal sacrifice underscores these complaints to the point where something should be done if we want to get the most out of the billions spent on governmental works.

Getting a dollar's worth of effectiveness out of each dollar expended is a rare thing in bureaus tangled with red tape and overlapping duties. Private enterprise has given us a source of administrative material which is a form of national wealth; making government service undesirable to such men is as wasteful as forest fires and dust-bowls to our natural resources.

It is not a lack of patriotism that keeps the best of our businessmen from servign this country. In times of war they have proven that they are willing to srve for little or nothing. Proud is the man who has won the title of "dollar-a-year man."

America's Security

Pensions And . . .

(Continued from Page One)

with a union—in addition to wages and other things—isn't that likely to cause more labor-industry disputes?

Charles E. Wilson, head of General Motors, thinks so. Wilson now is tangled up with the auto workers over a pension plan. He recently said:

"The inclusion of health and welfare plans within the area of collective bargaining can only create new and unexplored areas of industrial disputes, difficult—if not impossible—to solve."

One of the problems is how to set up a permanent pension plan when union contracts with employers are made for only a year or two at a time.

Wilson thinks the Taft-Hartley law should be amended to rule out any bargaining about pensions.

Senator Ball, Minnesota Republican, was one of the members of Congress most active in getting the Taft-Hartley law passed.

He says that by next January Congress may try to regulate pension bargaining, which would mean amending the Taft-Hartley law.

Solution of Yesterday's Puzzle

A Weak, Run-Down Feeling Is Often A Warning

That The Red-Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and of color?

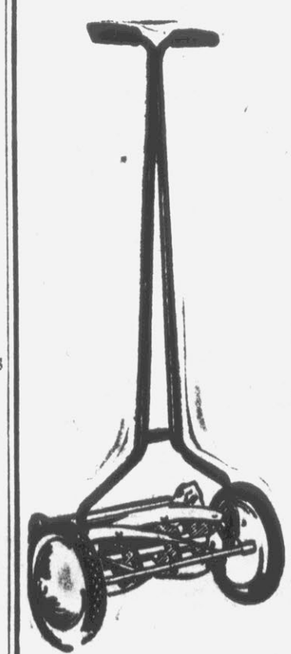

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

WHO WILL WIN?
The Grass Or YOU?

EASY TO PUSH!

Italian Election Campaign Enters Its Final Phase

Rome, April 15 —(AP)— Italy's bitter election campaign entered its last phase today with the Communists apparently still losing ground. The government mounted guard for any last-minute Leftist maneuver in the country's "Red North."

A government decree closes campaigning at midnight tomorrow allowing a 32-hour cooling off period before voting starts Sunday morning at 8.

Premier Alcide de Gasperi, Christian Democrat leader, has warned that the government will not tolerate trouble on election eve, and has declared it has enough troops to maintain order.

An Interior Ministry report that the Communist-dominated Chamber of Labor at Mantua had called a general strike in the northern province of Mantova could not be confirmed. Mantua is the capital of Mantova.

The ministry said the reported strike call was in protest against the arrest Tuesday of Cleanti Armondi, Communist mayor of Serravale, near Mantua. It said a cache of small arms was found in his home, and included five rifles.

Police at Ostiglia, south of Mantua, said a crowd gathered by agitators who wanted to release Armondi from jail, attacked reinforcements coming to the Carabinieri barracks, but that order was restored. They said three hand grenades and a shower of stones were thrown by the crowd and that the police used their arms to stop the disturbance. Three persons were wounded. Eight soldiers, police and Carabinieri were hurt by stones.

Six thousand Communists led by workers with anti-de Gasperi signs demonstrated in Milan last night.

Campaigning by all the politicians went into the last, strenuous round.

Pietro Nenni, pro-Communist Socialist leader, told an audience at Savona the Communist - promoted Popular Front has no revolutionary intentions.

De Gasperi, who has been campaigning so vigorously that his aides have feared for his health, covered the nation from north to south in one day.

Reach Agreement On Pay Contract

New York, April 15—Representatives of AFL Printers and 13 major Daily newspapers in New York City reached an agreement today on a new contract calling for $9 weekly wage increases.

The pact, announced jointly by the AFL International Typographical Union and the Publishers Association, climaxed two months of negotiations. The old contract expired March 30 but the printers have remained on the job.

HAUNTED HOLIDAY

By Cameron Dockery

AP Newsfeatures

Chapter 15

Sophie asked Johanson to eat breakfast with them and he accepted with alacrity, evidently feeling no qualms about usurping Mannley's place at the head of the table. Even though his presence was a reminder that the house was under guard, his friendliness and interesting conversation took the minds of those present off the murder.

Julia stared at him raptly as though she understood his technical descriptions of baits, spinners and gaffs. Vince was sure it was pretense.

"Uncle Sim had quite a collection in his tackle box in the boat house, Mr. Johanson, perhaps you'd like to look them over?" she suggested.

Johanson shot her one of his rare smiles. "In your company that would be a pleasure Miss Mannley."

"Call me Julia."

"Julia—I'll take a rain check though, business before pleasure." His smile vanished. "It will be necessary to fingerprint everyone I'm afraid."

"Are we to be treated like creemenals?" Sonia demanded plaintively.

"Only because someone around here is a criminal. If you have nothing to hide then answering a few questions should not be difficult."

The sarcastic tone had crept back in Johanson's voice and they were all silent for a moment, then Dr. Palmer's reedy tenor broke the stillness. . . .

"Mr. Johanson, isn't it possible that some stranger entered the game room, was overheard by Simeon and stabbed him when he started to investigate?"

"Possible but not probable, in fact we have evidence to the contrary. I may say I feel very fortunate that Commander Bonnay is here to advise me,—he's had more experience with this type of case than I have."

Eight pair of eyes became instantly hostile but it was Julia who voiced the sudden antagonism—

"Commander Bonnay a detective! This is a surprise! You've conducted your little masquerade very well, sir—Congratulations!"

The sarcasm in her voice held little meaning for the others but Vince knew what it implied—if he hadn't deceived her she never would have confided in him as she had on the raft.

Vince reddened. "I took it for granted Mr. Mannley told you about me."

As Whitey Johanson looked from one to the other a muscle twitched at the corner of his mouth. His eyes were amused. Vince wondered if exploding this particular little bombshell hadn't been deliberate.

The rain, a thunderous gray wall of it, descended in torrential streams all morning but after lunch it began to let up and Johanson gave Sophie his permission to go into town to make the funeral arrangements. She was to be accompanied by Julia, Bissett and the police.

Bates was obviously resentful of his assignment. He came into the hall shaking drops from his slicker. "The car's out front if someone will tell the old dame." He looked around for Luki.

"I'm going up," Vince said, "I'll tell her."

"When you come down, Bonnay, I want to talk with you," Johanson reminded.

Vince nodded but his heart sank. Evidently during the morning session of quizzing no one had mentioned Hugh and Johanson was going to pry it out of him. He mounted the stairs. Soft footsteps were coming along the upper hall. Luki had a way of walking that was often startling if one didn't know he was near, now Vince almost collided with him. They both stopped as quick feminine heels came along the servant's wing. Sophie's face was white and strained above her black silk dress, her eyes purple-shadowed.

"Luki, that shutter outside your window clattered in the wind all last night; I just discovered it is loose. Please see that it is fixed," she said.

The Hawaiian nodded and moved past them; Vince gave her the message.

Sophie paused, reached for the newel post. "Thank you, Commander, I'll be right down."

As they heard the car begin the long ascent to the mainroad, Johanson turned to Vince. "All right Bonnay, let's have it."

"Where are the others?" Vince parried to arrange his thoughts.

"That Donovan couple, Dukane and Palmer have settled down to some heavy reading in the living room, Madam Deveraux went for a walk with Warner. I hope he has sense enough not to get in front of her."

"Aren't you maligning the gal?" Vince chuckled.

"No, and I'm not making the mistake of underestimating her either."

Johanson was studying him carefully, lids narrowed. "Look here, Bonnay, I thought these people were all strangers to you. Haven't you a rather misplaced sense of loyalty?"

"Not towards them. Towards Hugh Mannley—he does that to you."

"Did you say Hugh Mannley?" Johanson's blond eyebrows rose.

Vince told him then and when he finished the investigator's expression was bleak. "So they're all in on this together," he muttered and stood up. "I want to see that room, Bonnay."

Hugh's door was locked as they had expected but Johanson produced a skeleton key and they stepped inside. There was no occupant.

"Is this the same room?" he demanded.

Vince swallowed. "It is and it isn't, Johanson."

"Look here, Bonnay, if this is your idea of a practical joke—!"

The anger in his voice brought Vince much needed relief for it was a damnable thing, this room. Gone was the spool bed he had seen yesterday, in its place an antique love seat reigned. The cage of mice, the boy's books, the mechanical toys had disappeared and were succeeded by plain straight-backed chairs and a sedate kidney desk. Only the massive wardrobe remained.

It was exactly the sort of setting one might expect to find as the private sitting room of Miss Sophie Mannley. Vince swore softly.

(To be continued)

The most southerly production of oil in the world is on an island belonging to Chile off the southern tip of South America.

Ducks waddle because their legs are placed so far back on their bodies.

The first union label was used by San Francisco cigar makers about 1874.

WHAT KIND OF PEOPLE ARE BRAN EATERS?

Like any others suffering from constipation due to lack of diet-bulk—just *smarter!* And smarter yet to eat *Nabisco* 100% Bran! For this one bran is "finer-milled" to help relieve you without harsh upset—to give you *milder*, easier action. You'll find Nabisco 100% Bran is *finer-flavored*, too—tastes really *good* at breakfast! (See a doctor if constipation is not relieved.)

Cadillac

ANCESTRY

The new Cadillacs you see today on the streets and highways of America have been more than forty-five years in the making. Back of them is a long line of fine, pioneering ancestors—every one of which has made a basic contribution to Cadillac's development. Without this long background of experience, today's Cadillac could not be built—for character in a motor car is like that in a human being—it is a long time in the making.

If you are waiting for a new Cadillac—please be assured that every effort is being made to further production. Demand is so great, however, that some delay in delivery is still inevitable. But hold to your purpose! There is no substitute for a Cadillac.

BROWN-WOOD

635 DICKINSON AVENUE GREENVILLE, N. C.

Walcott, Louis Go Into Training

New York, April 15—(AP)—Formalities moved out and training moved into the heavyweight title fight picture today.

Champion Joe Louis was enroute to Michigan to open camp. Jersey Joe Walcott, the challenger, set up shop at Grenloch Park, N. J., near his Camden home.

They signed the final papers yesterday for their return match in Yankee Stadium June 23. They shook hands, then parted until the final weighing in ceremonies some two months hence.

Louis, who came out of Michigan 14 years ago to begin his climb to the title, will work at a farm near Bloomingdale, about 160 miles from Detroit.

Roadwork is the big item on his program. He will move to Pompton Lakes, N. J., May 18, and start sparring two days later.

Walcott, who thought he won the title the first time he met Louis in December, will begin sparring May 15.

The champ said he expected to shed 10 pounds and come into the ring weighing about 214 or 215. Walcott guessed his present weight at 200 and expects to weigh 192 to 194 for the fight.

Many Runners In Marathon Event; Veteran Enters

Boston, April 15—(AP)—One hundred and seventy-seven distance runners now have entered the 52nd Boston A. A. Marathon, including Clarence H. De Mar, seventimes winner of the event.

De Mar's entry was received by director Tom Kanaly to whom also was addressed a note in which the veteran plodder who first won the event in 1911, wrote:

"Happy to be in condition to enjoy running your race a few more times. However, all trials on stretches of your well known course indicate that I take at least 25 per cent more time than I did twenty-five years ago."

When De Mar was first 25 years ago, his third victory, he covered the then 25 mile course in two hours, 23 minutes, 47 2-5 seconds.

Kramer Extends Lead On Riggs

Minneapolis, April 15—(AP)—Jack Kramer, the 1947 amateur tennis champion, scored his 48th victory of the current professional tennis tour downing Bobby Riggs, 6-3, 6-2 last night.

Kramer's serve had far too much power for Riggs to handle.

Greenies Open Their Series Of Exhibition Tilts Tonight

By BERT MOYE

Manager Bill Phebus and his Greenville Greenies will open their series of exhibition games here tonight at 7:45 o'clock when they meet Manager Bob Coleman and his Evansville Braves of the Three-I Class B League in the first of two games to be played between the two clubs. They meet again on Sunday afternoon at 2:30 o'clock.

Friday the Greenies will journey down to Dunn to play the Dunn-Erwin Twins of the Tobacco State League and then come back home to meet the University of North Carolina Tar Heels Saturday in an exhibition game which will get under way at 7:45 o'clock.

Business Manager Bob Doty has announced the following as the starting line-up for tonight's game: Jack Thrush, first base; Emil Carter, second base; Danny Lastres, shortstop; Wiley Nash, third base; Charlie Chute, left field; Ray Phillips, centerfield; Bob Cohen, right field; Paul Simmons, catcher and John Kovalchick will be the starting hurler.

Manager Bob Coleman of the Braves has announced the following line-up: Cooney, second base; Daniels, right field; Collins, centerfield; Joslin, first base; Hennerick, third base; Nettles, left field; Mullin, catcher; Eikenberg or Queen at shortstop; and Sinquefield and Thompson will share the pitching.

Sport Slants by Pap

In Wally Ris, the husky Iowa junior, America has a swimmer who appears capable of holding his own with the best that can be offered in Olympic competition. And that goes for France's Alex Jany, rated the world's fastest at 100 and 400 meters. Ris recently won the National A.A.U. 100-yard freestyle swimming championship for the fourth straight year.

For some strange reason Wally's swimming talents have not received the attention they have deserved. Ris has showed improvement each year as he splashed his way to the title and this year he showed enough speed in covering the distancce in 50.4 seconds to rate a place with the world's fastest swimmers. Only Alan Ford, who twice covered the 100-yard route in 49.7, has done better than Ris.

Ris is first and foremost a competitor. He swims fast enough to win and right now it is quite likely that he could create a new record if forced to such a pace in order to win. A six-footer weighing 190 pounds, Wally is a matured, experienced and tough competitor. Inclined to loaf in the early stages of a race, he finishes with unbelievable power and speed. Very likely, Bob Kiphuth, the Yale coach who will tutor the Olympic squad, will advise Ris to try for more early speed and that should improve his time considerably.

Feller Takes Up Final Tune-Up

Evansville, Ind., April 15—(AP)—Bob Feller takes his final tune-up today before the Cleveland Indians' opener next Tuesd y when he starts against the New York Giants. The Tribe fireballer will hurl no more than eight innings against the Giants. Pat Seerey, who slammed another homer yesterday, has practically assured himself of a starting outfield job in the opening game.

Catfish Had Oyster In Its Big Mouth

Raymond Duffy, elderly Negro fisherman who knows where the fish bite in Tar River and tributary creeks, caught a six and three-quarter pound catfish near the boat landing yesterday. When the catfish took the hook it had a five-ounce river clam, or mussel, in its mouth ready to be crushed by it's powerful jaws and eaten, Duffy said. It was Duffy who caught the big catfish last week when his baited hook was laying on the ground five feet from the water.

Bucs Scheduled Two Inaugurals

Kansas City, April 15 —(AP)—Billy Meyer is grappling with the oddest inaugural schedule ever to face a Pittsburgh Pirate manager—two opening days in succession. After their last two exhibition games with Detroit in Pittsburgh, the Bucs backtrack to Cincinnati to open the season there Monday, then hustle back to Pittsburgh for their own curtain-lifter against Chicago.

Newhouser Ready For AL Opener

Nashville, Tenn., April 15—(AP)—Hal Newhouser, star lefthander already named by Manager Steve O'Neill to pitch Tuesday's American League opener for the Detroit Tigers at Chicago, is ready.

Skating Champ's Trophies Taken

Boston, April 15 — (AP) — Five hard-earned trophies of Gretchen Merill, 21-year-old national women's figure skating champion, were stolen from her home last night.

Miss Merrill told police that the prizes missing included those for winning the international championship at St. Moritz, Switzerland in 1947 and for placing second in the 1947 European championships.

Phillies Return First Baseman

Winston-Salem, N.C., April 15 — (AP)—There is one less first baseman with the Philadelphia Phillies today.

The National League club announced yesterday it had returned Al Flair to New Orleans of the Southern Association. Flair was purchased on a conditional basis last winter.

Louise Suggs To Remain Amateur

Pinehurst, April 15—(AP)—National Amateur Gold Champion Louise Suggs says she is "definitely not interested" in turning professional at this time.

The affable Atlantan, feminine golf's counterpart of Ben Hogan, admits there have been offers, but right now her principal interest is in next month's Curtis Cup matches in England and in defending several titles she won last year.

Wilson's Weekly Bulletin

From the Rector Kitchens

The Rector Kitchens, founded by the late George Rector, serve Wilson & Co. Inc. exclusively. From these kitchens come the recipes, menus, nutritional advice, economy suggestions, and homemakers' hints that you read in Wilson's Weekly Bulletin.

It's Smart to Count Pennies

Want to save pennies when marketing? It's smart if you can do so and still give your family food that is both delicious and nutritious. So serve this casserole dish and delight your family . . . and your purse.

Mor Noodle Casserole

Cut 1 can MOR into 12 slices, cut 6 of the slices into cubes.
Boil 3½ cups noodles (broken) in
7 cups salted water (2 tsp. salt) until tender, 15-20 mins.
Drain and rinse.
Add cubed MOR and a white sauce made of
4 tbsp. WILSON'S CERTIFIED MARGARINE or CLEAR BROOK BUTTER
4 tbsp. flour
2 cups milk
Add ½ tsp. dry mustard
1 pimiento, chopped
1 (2½ oz.) can mushrooms (optional)
Pour into a margarined casserole, top with margarined crumbs if desired, arrange slices of MOR on top, and bake 35 to 40 minutes, or until brown, in a moderate oven, 350°F. (or cover and place in refrigerator until time to bake). Serves 6.

Carry Economy Through Menu

Buttered green beans, cole slaw made colorful with shredded carrots, and hot muffins are all you need to serve with this delicious MOR casserole to make a tempting main course. Carry the economy idea through the dessert course by serving chocolate pudding.

Any one of the four MORs (beef, veal, pork, or lamb) may be used in making this MOR noodle casserole. If you haven't tried all four of the delicious MORs, why not order them today? You'll be well rewarded by the variety in flavor they give you.

Spring Notes

While new potatoes are tiny, it's time-saving to cook scrubbed potatoes in their jackets. Peel when cool and brown in a skillet in drippings from Certified Bacon.

Creamed eggs on toast make a good Spring luncheon dish. Use Clear Brook Eggs and, for extra flavor, add a bit of grated Certified American Cheese.

The Wilson Label protects your table.

Diamond Dust by Bert Moye

Several hundred fans were out at Guy Smith stadium yesterday afternoon to watch Manager Phebus put his boys through a stiff workout which included limbering up exercises, batting practice and infield practice. Those who saw the Greenies in their first workout on the local diamond were most impressed with the spirit and ease in which they handled the ball and many comments were heard from all sides especially when they took batting practice and infield drills. Especially noticeable was the ease in which the various players handled the ball and especially was this true of Danny Lastres at short and Wiley Nash at third. Not a single Greenie who had been signed up for this season was missing from the initial workout.

Two new players reported to Manager Phebus for yesterday's initial drills, both of whom are rookies. They are Henry Terrell, a right handed pitcher, who was sent here from a Detroit farm, and Carl Warren, an outfielder, from Lakeland, Florida, who played for a short time last season with Lakeland in the Class C Florida International League.

Three of the Greenies have been optioned out to Dunn-Erwin Twins of the Tobacco State League. They are George Crouch, a second baseman; Donald Reo, a third baseman; and Don Keefer, an outfielder. Al Taffet, an outfielder, who tried out with the Greenies during their spring training at Bartow has been given his release by the club.

Joe Alamo, who played with the Greenies last year and who pitched a no-hit game during last season, has come to terms with Business Manager Doty and reported for initial drills yesterday. Also coming to terms with the Greenies, is Garland Little, a left-handed pitcher, who saw action with the Greenies last season. He was also taking a workout yesterday afternoon.

Guy Smith stadium is undergoing a renovation at the present time and Business Manager Bob Doty stated that bleacher seats for both white and colored are being erected to take care of the crowds this summer and assure everyone a comfortable seat. In addition to bleacher seats being erected, fifteen box seats will be erected in front of the grandstand with each box accomodating six persons. When completed the park will have a seating capacity for 4,100 patrons. Among the other improvements that have already been finished are the new rest rooms for both ladies and gentlemen, which have been completely equipped for those attending the games this season.

Last season, Coastal Plain League fans were treated to occasional rabbit-acts by a New Bern outfielder named Sal (Zippy) Zunno. When the little guy felt like swiping a base, he oiled his jet and made the 90 feet with room to spare. Early this year, the New Bern club sold Zunno conditionally to Charleston (S.C.) of the Class A South Atlantic League. Evidently the jump was too great for Zippy, for he is back in harness with the Bears. His return to the Coastal Plain is a break for the fans. When he gets on base, there is never a dull moment in the stands.

Business Manager Howard H. Strickland of the Kinston Baseball Association has announced the signing of Elvin Davis, limited service outfielder who played with Radford of the Blue Ridge League during the 1946 season. The club also revealed the sale of rookie pitchers William McLawhorn of Kinston and Mike Arnett of Brooklyn, N. Y., to North Wilkesboro of the Blue Ridge League.

Irv Dickens, second baseman for Wilson's Tobs, is combining spring training with high school coaching. Dickens is assistant coach and teacher at the Wilson High School . . . And Earl Carnahan, a former Coastal Plain great, is assisting Max Wilson as a coach . . . Willard Mauney, who played with Greenville last year, is hitting the ball hard for Concord in spring exhibitions according to reports reaching here.

Gionfriddo Back In Minor League

Brooklyn, April 15—(AP)—Al (The Catch) Gionfriddo, pocket sized outfielder who was the hero of Brooklyn a short time ago, is back in the minor leagues.

The little fly hawk was released to the Montreal Royals of the International League by the Brooklyn Dodgers yesterday in order to make room for two rookie pitchers, Dwain Sloat and John Hall.

Gionfriddo, who still plays the leading role in New York Yankee outfielder Joe Dimaggio's 'nightmares, was the toast of Brooklyn following the sixth game of the 1947 World Series.

Trailing the favored Yanks, three games to two, the Dodgers entered the sixth inning of the sixth game on the long end of a 8-5 score.

In the last of the sixth the Yanks put on and had two out as Dimaggio came up. Dimaggio caught a fast pitch and drove a towering drive in the direction of the left field bull pen. It seemed a certain homer.

However, Gionfriddo raced over and made a leaping one-handed stab of the ball just as it was about to sail into the bull pen, 415 feet from home plate. The catch broke the Yankees' back and the Dodgers went on to win the game, 8-6, and tie the series at three-all.

No Handicaps In Handball Victory

El Paso, Tex., April 15—(AP)—Ernest Cuadras has just finished winning another trophy at handball. Which isn't unusual in itself but is unusual when you consider Ernest has only one hand.

Opponents soon learn that they need give him no special consideration. They also learn that they can not take advantage of him. Yes, just try playing to his left because he has no left hand.

As quick as a cat he spins and hits the ball backhanded with his right. That backhand is devastating.

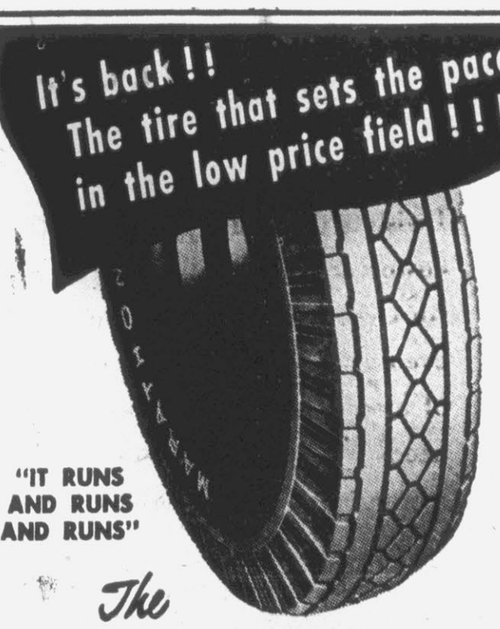

The first bicycle was a wooden vehicle invented by a Frenchman, M. de Sivrac in 1690.

It's back!! The tire that sets the pace in the low price field!!!

"IT RUNS AND RUNS AND RUNS"
The MARATHON by GOODYEAR
ONLY $12.40 plus tax 6.00x16
Marathon — the famous money saving tire is back in the Goodyear line — and a better "buy" than ever! Back with the economy, long mileage and safety — the extra value for your dollars that made Marathon the favorite of millions of motorists before the war . . . back with more and stronger cords in the rugged tire body for even greater protection against tire failure. Look at these features . . .
LONG WEAR — New specially treated cords and newly compounded rubber make Marathon the tire that "runs and runs and runs".
NON-SKID SAFETY — Those famous Goodyear diamond blocks really grip the road. You get safer, quicker stops — especially on wet, skiddy roads.
"COMPACTING TREAD" — Inflation forces the sidewalls out, compacts the tread. This reduces tread wear, punctures, bruises and breaks.
For a really sensational "buy" in tires, see us for Marathons today! And remember "new tubes save tires".

New Business On Dickinson Ave.

J. H. Gaylor, formerly with the Pitt Hardware Company, has opened Gaylor's Sport and Hardware Store at 811-816 Dickinson Avenue, the place formerly occupied by the A. and P. Store. The store will specialize in sporting goods, hardware, houseware and electrical appliances and has a slogan, "The Year Round Store for Year Round Sports." Gaylor's Sport and Hardware Store will carry a complete line of service guns, rifles, rods, reels, motors, paints and wallpaper, lawn mowers, bicycles, velocipedes, clocks and watches.

Gaylor is proprietor and manager; Floyd L. Dunn is assistant manager.

Gaylor has lived in Greenville 21 years. He was manager of the Flanagan Buggy Company's paint store several years. He completed a course of interior decorating in New York in 1936. He was a salesman at C. H. Edwards Hardware store several years, and was vice-president of the Pitt Hardware Company from its establishment in 1939 until the first part of last year.

The word turnpike originated from the early American custom of blocking toll roads with pikes or poles—when the toll was paid, the pikes were turned aside.

The ancient Romans were in the habit of drinking the flowing blood of the gladiators as a cure for epilepsy and other ills.

Record Turnout Expected At Local Scout Camporee

The Boy Scouts of the East Carolina Council are awaiting anxiously the Camporee call which comes on Friday, April 16, at which time they will converge on Greenville, N. C., for a big three day outing.

Reports emanating from all sections of the area indicate that a record turnout of young boys is expected for the event at the Greenville airport. More than 1500 boys have signified their intention of being there, and officials of Greenville are making last minute arrangements to take care of all the boys in grand style.

Close supervision will mark the three day event. J. B. Kittrell of Greenville, general arrangements chairman, says that no stone has been left unturned to make sure that all the boys are comfortable and in good condition.

The Camporee itself will test the ingenuity of each boy. All phases of the outing are being judged, and boys are making plans to cop honors in several contests. When a boy gets to Greenville, his general appearance will be judged. His uniform, pack, tent, sleeping quarters, insignia, cooking utensils, and other equipment will be judged with a critical eye. The organization of his work and the maintenance of a schedule are important. He must have a carefully prepared menu for his meals, and the preparation of the food itself is of major importance.

The general demeanor of the boys themselves will be noticed and due account taken of it. His friendliness and willingness to help others are big considerations. He will be a member of a patrol, and the lack of proper cooperation of one boy can hurt the entire team or patrol. The contests are numerous, but in the entire program, all patrols may qualify for the awards, since a standard has to be met and all patrols meeting the requirements get the coveted awards. A gala weekend has been promised, and the boys are all set for the occasion. And parents may rest assured that everything possible will be done to assure the safety and well-being of the boys. And they will have a good time!

Hold Mixed Term Court Next Week

Judge Henry L. Stevens of Warsaw adjourned the civil term of Superior Court and left for his home.

The Duplin county jurist will preside over a mixed term of court here next week. Many criminal cases are on the docket for trial.

- Announcement -

I wish to take this opportunity to announce to all my friends and former customers that I will open for your visit and inspection a new type of store for Greenville and Pitt County. Sporting Goods and Hardware, Friday evening from seven thirty until ten o'clock April 16, with a complete line of merchandise which has been carefully selected for your everyday needs. For the past several months I have been on the market selecting the merchandise that I think will suit every customer.

This merchandise you will find conveniently arranged and displayed on tables and counters so that you migh select your own merchandise. I have endeavored to install the very lates fixtures and counters along with colors which will be in keeping with the merchandise displayed. I believe you will find in this store nationally advertised items which will live along with their many uses. You will find a complete line of Glidden Paints with beautiful pastel shades. I am glad to say that I had the pleasure of being in this factory for two days in February and observed the process of making every item and I feel that you will find these paints to be of the very highest type in quality. And the prices reasonable.

I will try at all times to cater to your needs and help you with any problem that you see fit to call on me for. And remember you must be satisfied with your purchase or your money will be refunded. It will be a pleasure to have you come down Friday evening and pay us a visit. You will find a hearty welcome and the personnel very pleasing. I will be expecting you.

Gaylor's Sport & Hardware Store

811-13 Dickinson Ave. Dial 4612

Where quality is a responsibility and fair dealing an obligation

J. H. GAYLOR, Prop.

WE'VE CHANGED TO

Glidden Paints

Because... we believe the Glidden Company and their sixty-four years of paint-making skill will help us to give you better paints, varnishes and enamels than in the past.

Because... Glidden Paints carry the famous Time-Tested trademark, your assurance of getting consistently uniform quality in every can of paint today—next month.

Because... Glidden leadership in color research since 1930 brings you the most beautiful colors in the world. Ask to see color samples of any Glidden Paint—you'll see what we mean.

NEW SPRED Luster

This you must see! The first in the world. An oil-enamel that mixes with water—the easiest-applying enamel made! For kitchen and bath walls, on woodwork and even wallpaper; dirt washes off like a china plate. Gallon mixed makes 5 to 6 quarts. $4.98 Gal. $1.43 Qt.

SPRED Flat

The original oil-base, water-mix wall finish: comes in 11 fade-proof colors: covers most surfaces and wallpapers in one coat. Dries in 30 minutes. Paints so easily, you do a room before suppertime. $3.49 Gal. $1.15 Qt.

Try These You'll experience a new thrill of easier painting, smoother brushing and all around satisfaction. They're all Time-Tested—the best paint values you can buy.

JAPALAC — Quick-drying enamel for interior-exterior. 16 hard-wearing colors. $00

WEARETTE — Varnish for woodwork and doors. Leaves a thick film that lasts. Quick drying. $00

FLORENAMEL — For wood, concrete floors, canvas decks. Chip-proof, water-resistant. $00

RIPOLIN — The finest all-around enamel. In colors and a non-yellowing pure white. $00

SPEED-WALL — A 100% oil finish in flat, semi-gloss, and gloss; flows out evenly. All colors. $00

NEVA-ROT — Prevents wood, canvas and rope decaying. Easily painted on or dipped. $00

ONLY GLIDDEN GIVES YOU THESE EXCLUSIVE FEATURES

TIME-TESTED PAINTS • VARNISHES • LACQUERS • ENAMELS

COLOR LEADERS — For example: America's interior decorators prefer SPRED Colors 3 to 1 over other water-mix paints. This symbol is your guide... look for it to be sure of better color.

COLOR HARMONY — Striking color combinations are so easy with Glidden "color-corrected" harmony charts. For instance, when you paint a chair or a room the charts show a correct contrasting or harmonious color to go with the main color. Gives your painting distinctive beauty.

FREE COLOR IDEAS — A beautiful 48-page book free to every customer coming to our paint department. Shows hundreds of brand new uses of color, and thrifty ways to remodel with paint. A handy reference full of "decorator's tricks."

NEW Glid-N Handy Home Helpers

We're sure once you try any one of them, you'll keep a Glid-N product always on hand. Liquid Cleaner 69¢ pt. • Floor Wax 59¢ pt. • Furniture Polish 59¢ pt. • 5% DDT 55¢ pt. • 20% 2-4-D Weed Killer ½-pt. 89¢ and many others.

We recommend Spred Luster for your home

First 1949 Cars Announced With New Lincolns

First 1949 cars in the automotive industry—the completely new Lincoln and Lincoln Cosmopolitan models—were announced today by Benson Ford, vice-president of Ford Motor Company and director of the Lincoln-Mercury Division.

The new cars will be shown in dealer showrooms Thursday, April 22.

The Lincoln Cosmopolitan has a wheel base of 125 inches; the Lincoln, 121 inches. Both are powered by a new 152 horsepower 8-cylinder engine, largest automobile engine ever produced by Ford.

Outstanding in the new Cosmopolitan and Lincoln are their long, sweeping lines, low overall height, "picture window" visibility and increased roominess for six passengers and luggage.

Bodies are of reinforced all-steel construction with box section sills for maximum rigidity. Upper and rear portions of the rear fenders on the Cosmopolitan are integral with the body. Additional width, with no increase in overall dimensions, has been obtained by building the bodies to nearly full fender width.

Also outstanding is the luxury and quality reflected in the wide selection of colors and fabrics available in all models, with harmonious blending of exterior and interior styling.

Seats are wider and more comfortable, with coil spring construction in cushions and seat backs. Added comfort was secured by lining the cushions with foam rubber.

A one-piece, curved glass windshield is used on the Cosmopolitan, while the Lincoln windshield is of the two-pane, V-type. Both are nearly six inches wider than the windshields on any previous model.

Windows in all Lincoln Cosmopolitan models are operated by hydraulic push-button mechanism. Similar equipment is optional on the Lincoln.

Coil springs in front and longitudinal semi-elliptic permanently lubricated springs at the rear, coupled with Hotchkiss drive, provide an improved new ride. The low-frequency spring action is controlled closely by four direct action shock absorbers.

Both Lincoln Cosmopolitan and Lincoln are available in four body styles. These include a four-door, six-passenger town sedan; a four-door, six passenger sport sedan; a six-passenger coupe, and a six-passenger convertible.

The new V-8 L-head engine has a displacement of 337 cubic inches and develops 152 horsepower.

FERMATE—IN STOCK NOW FERmate, both spray and dust. Pitt FCX Service. 9-eod-12

FOR SALE — ELECTRIC RANGE, Davenola bed, coil springs. All in use 9 months. See them next to last house on right, Eastern street. 15-3

FOR SALE — EQUIPMENT AND stock of grocery store. Write Box 412 Bell Arthur, N. C. 15-6

Police, Pickets Clash In Strike

New York, April 15—(AP)—Club-swinging police and pickets clashed in the financial district yesterday as a new flurry of violence punctuated the 17-day-old strike of New York Stock and Curb Exchange workers.

The short-lived skirmish, second since the AFL United financial employes began their work stoppage, broke out when seven AFL Seamen sympathizers tried to rush the Wall Street entrance of the Stock Exchange.

The officers used their nightsticks and the seamen their fists. Four were arrested and three escaped.

Assistant Chief Police Inspector Frank Fristensky, Jr., said additional pickets had reached New York from the Boston area yesterday.

"They're all seamen from laid-up ships," he said. "They were brought down here for the picket line."

AFL Seamen have taken part in the picketing activties of the financial workers since the start of the strike.

Meanwhile, progress toward settlement of the Curb Exchange phase of the strike was reported by Walter A. Maggiolo, head of a three-man federal mediation board.

Navy Enlistees Being Sent To San Diego Base

Once again, the men enlisting in universities. Some are used for fundamental training of the men who qualify for a trade school while in the U.S. Navy here are going to San Diego, Calif., for their basic training, said Chief Mitchell, who is in charge of Navy recruiting here. He stated that from the time they are "sworn in" in Raleigh all expenses are paid. They fill out all papers here and only have to be examined for physical fitness in Raleigh. If found qualified, they board a train and go by Pullman across country to the "sunshine" city, just south of Hollywood.

The 650 acre Naval Training Center at San Diego is considered one of the greater points of interest on the West Coast. It is a city within itself, with a population of approximately 9,000. The center contains 350 buildings. It maintains its own churches, fire department, power plant, laundry, tailor shop, theatres, golf courses, recreation areas, swimming pools, athletic fields, barber shops, restaurants and stores. All these activities are under Navy supervision, although employing many civilian workers. A Red Cross headquarters is established on the Center.

Many people visit the station to see the dress parades that are staged each Saturday morning. The station is noted also for its beautiful shrubare comparable to those of our finest bery and flowers the year round. The modern trade school buildings recruit training, and some are used for advanced schools for men in the fleet.

Approximately seventy-five men in the Raleigh recruiting district have been sent to San Diego since April 1. Several were from this area, including R. B. Harrington, son of Mr. and Mrs. A. F. Harrington of Greenville, who was enlisted this past week. The Navy is still accepting all those who can qualify, but it is not known how long this will last. The young men who did not finish school and have been out too long to re-enter have the opportunity at hand now to enlist with all the benefits of the Navy.

Ex-Navy men are being urged to contact the recruiting office as to the ratings open for re-enlistment. All men with more than 60 days active service do not take basic training again, but are assigned to duty immediately after being outfitted. They normally go to Norfolk, Va. for assignment.

Roosevelt's Son Objects To Use Father's Name

New York, April 15—(AP)—Franklin D. Roosevelt, Jr., said yesterday that Italian Communists have used the name of his late father in election propaganda, and that the alleged tactic is "presumptuous and in bad taste."

Roosevelt sent cablegrams to Italian Premier Alcide de Gasperi and Vice-Premier Giuseppe Saragat saying the late president's record "reveals his uncompromising opposition to all totalitarianism—a forthright repudiation of both Communism and Fascism."

VA Simplifies Training Rules

Veterans Administration today simplified the method of allowing World War II veterans training under the GI Bill to change their educational or vocational goals.

Veterans studying in colleges and public high schools no longer will need prior approval of VA before changing their courses. These changes now may be approved by the schools.

The same is true for veterans enrolled in other schools and job establishments which operate adequate counselling service.

Veterans enrolled in those schools and job establishments not authorized to approve course changes will continue to ask VA for approval before they may change their courses.

However, those doing satisfactory work in their training no longer will need counselling by VA before their requests may be approved. VA's Education and Training Sections now may grant this approval on the merits of each application.

Requests for course changes will be referred to VA's Advisement and Guidance Sections for recommendation only when the training progress of the applicant is unsatisfactory.

Schools and establishments will notify VA immediately of all course changes they authorize. No training change is to be effected before the end of a term, semester, or other period of instruction for which tuition has been paid.

One Victim Of 'Rocket' Wreck Is Unidentified

Kremlin, Okla., April 15—(AP)—A name is still lacking today for one of the two bodies found in the wreck of the derailed Rock Island streamliner "Texas Rocket."

One other passenger, Mrs. Earl McClintock, 35, Wichita, Kas., was killed in the blazing crash yesterday when a sand-loaded dump truck knocked three speeding coaches off the tracks.

The other victim's body was burned all over, making direct identification impossible. Authorities said, however, they believe it to be a man.

Three other passengers are in critical condition and 36 more, including the truck driver, suffered severe hurts. Twenty-three are still hospitalized in Enid, 12 miles south of here.

When Jacques Cartier sailed up the St. Lawrence river in 1534 and discovered a series of rapids, he thought he had reached the coast of China.

Lord Nelson, England's naval hero, won the battle of Copenhagen while acting against orders to stop fighting.

Temperatures In Carolinas Begin Gradual Descent

By the ASSOCIATED PRESS

Temperatures began dropping in the Carolinas today and light frost was predicted in scattered interior sections tonight.

A cool air mass that crossed the western mountain barrier dropped this morning's temperatures ten degrees below yesterday's in western and Piedmont cities. Light rain in such coastal cities as Charleston, Wilmington and Myrtle Beach ended this forenoon.

Early temperatures were in the fifties in the west and Piedmont and in the sixties along the coast. The cooler air was expected to reach the coast tonight, dropping temperatures there ten degrees.

Colored News

The members of the Sophisticated Aces Social Club had their meeting Sunday. They had a delightful time and were invited to the Club Tropicana for cocktails. Mrs. Whichard, the wife of Mr. Whichard, and Mrs. Barrett, Mrs. Sallie Harris and Miss Minnie Whichard were the guests. Next meeting will be held at the home of Mr. McKinly Smith, 210 E. Second Street, Suday, April 18th. All members are asked to be present. Business very important.

The Modernettes met at the home of Mrs. Blanche Norcott on Tuesday, April 13. The meeting was called to order by the president. Mrs. Mario Edwards. Business of importance was discussed. We had as our guest Mr. William A. German who gave us some very interesting and encouraging remarks. The meeting was closed by the chaplain, Mrs. Mary Ruth Vines. We were served a delicious repast by the hostess.

Mrs. Georgia Foreman is ill at her home on Greene Street.

The Ladies Auxiliary Club of Sycamore Hill Baptist Church met Sunday, April 11 at the home of Mrs. Lydia Thompson, 516 Contentnea Street. The opening song, "Pass Me Not O Gentle Savior," was followed by the scripture lesson read by the president and a prayer in unison. The roll was called and each member responded with a bible verse. The hostess served a course of ice cream and cake.

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

A Reader's . . .

(Continued from Page One)

ing intensity—decreasing because the Reds lack the steam. Meantime, of course, they will consolidate the great theatre they have overrun in Eastern Europe.

If we are right in our assumptions, then in due course we shall indeed have the position envisaged by our reader, with the world divided into two blocs headed by Russia and America. Must they fight? It may well be that they won't. America never will launch a war, and the strength of the United States and the rest of the democratic bloc may be so great that Moscow won't challenge it.

That is, America's strength will be great if Uncle Sam prepares militarily for all contingencies. If he doesn't he will be inviting disaster.

And what will come out of this two-bloc stalemate? As this column remarked a couple of days ago, totalitarian Communism is an unnatural thing. It clashes with human nature and with all the ideals of folk whose way of life encompasses a belief in God and in man's bill of rights.

There are many students of world affairs who believe that Communism can't live.

ANNOUNCEMENT

I hereby announce myself as a candidate for Constable, of Chicod Township, subject to the action of the Democratic Primary of May 29.

An Outstanding Year in Metropolitan's History

"1947 was one of the best years in the history of the Metropolitan Life Insurance Company.

"The Company's financial position was excellent. More Metropolitan policyholders than ever before enjoyed the blessings of life insurance. Through investments, the Company played a bigger role than in any preceding year in helping to keep the wheels of industry turning . . . to provide jobs and homes . . . and to maintain high standards of living.

"However, the year was not without its problems. Insurance costs were higher because of lower interest rates, and because of the prevalent increase in the cost of goods and services."

President Leroy A. Lincoln reported these facts in his account of the Company's 1947 activities in a motion picture entitled "Pages From An Open Book." Here are some other important facts about 1947 presented by Mr. Lincoln:

—Payments to policyholders and beneficiaries totalled $671,000,000—topping all records.

—More than 2,300,000 people bought Metropolitan policies during the year. The total of Metropolitan policyholders reached 32,384,000.

—At the year-end, policyholders owned a total of $37,250,000,000 of Metropolitan protection—the greatest amount in the Company's history.

—Metropolitan will pay in 1948 somewhat more in dividends to policyholders than in 1947, although there will be downward adjustments for certain classes of business.

Mr. Lincoln also reported that last year a committee representing all State Insurance Departments completed, as required by law, a periodic examination of Metropolitan. In their conclusions, the examiners reported:

"The examination of the Metropolitan Life Insurance Company indicates that it is in a sound financial condition."

"Policy claims are paid promptly, and fair and equitable treatment has been accorded the policyholders."

Metropolitan's Annual Report for 1947, which is entitled "Pages From An Open Book," contains much additional information about the Company's operations. If you would like to have this booklet, fill in and mail the coupon below. A copy will be sent to you without charge.

OBLIGATIONS AND ASSETS DECEMBER 31, 1947

(In accordance with the Annual Statement filed with the New York State Insurance Department)

OBLIGATIONS TO POLICYHOLDERS, BENEFICIARIES, AND OTHERS	
Policy Reserves Required by Law — This amount, together with future premiums and reserve interest, is required to assure payment of all future policy benefits.	$7,333,537,964.00
Reserved for Future Payment Under Supplementary Contracts — Policy proceeds from death claims, matured endowments, and other payments which beneficiaries and policyholders have left with the Company to be paid out to them in future years.	373,634,251.42
Policyholders' Dividends Left on Deposit	64,747,219.00
Reserved for Dividends to Policyholders — Set aside for payment in 1948 to those policyholders eligible to receive them.	141,215,117.00
Policy Claims Currently Outstanding — Claims in process of settlement, and estimated claims that have occurred but have not yet been reported to the Company.	34,085,580.50
Other Policy Obligations — Including premiums received in advance, etc.	33,550,654.32
Taxes Accrued — Including estimated amount of taxes payable in 1948 on the business of 1947.	17,704,521.00
Contingency Reserve for Mortgage Loans	21,000,000.00
All Other Obligations	29,389,937.42
TOTAL OBLIGATIONS	$8,048,865,244.66

ASSETS WHICH ASSURE FULFILLMENT OF OBLIGATIONS		
National Government Securities		$3,876,921,624.32
U. S. Government	$3,632,510,803.00	
Canadian Government	244,410,821.32	
Other Bonds		2,710,589,958.79
Provincial and Municipal	$ 74,399,932.15	
Railroad	510,214,387.99	
Public Utility	975,681,105.50	
Industrial and Miscellaneous	1,150,294,533.15	
Stocks — All but $1,565,382.00 are Preferred or Guaranteed.		105,388,903.00
First Mortgage Loans on Real Estate		964,666,721.19
Farms	$ 86,117,937.09	
Other Property	878,548,784.10	
Loans on Policies — Made to policyholders on the security of their policies.		343,301,733.81
Real Estate (After decrease by adjustment of $25,000,000 in the aggregate)		208,752,510.79
Housing projects and other real estate acquired for investment	$ 139,090,580.35	
Properties for Company use	35,015,955.07	
Acquired in satisfaction of mortgage indebtedness (of which $19,098,579.96 is under contract of sale)	39,645,975.37	
Cash and Bank Deposits		156,258,124.20
Premiums, Deferred and in Course of Collection		124,836,913.79
Accrued Interest, Rents, etc.		57,706,111.28
TOTAL ASSETS TO MEET OBLIGATIONS		$8,548,422,601.17

Thus, Assets exceed Obligations by . $499,557,356.51

This safety fund is made up of:

Special Surplus Funds . . . . $ 72,281,000.00

Unassigned Funds (Surplus) . . $427,276,356.51

This fund, representing about 6 per cent of the obligations, serves as a cushion against possible unfavorable experience and gives extra assurance that all policy benefits will be paid in full as they fall due.

NOTE—Assets carried at $412,328,264.37 in the above statement are deposited with various public officials under requirements of law or regulatory authority.

Chiang Kai-Shek Gets More Power

Nanking, April 15—(AP)—China's National Assembly tentatively approved today a constitutional amendment giving Chiang Kai-Shek virtual dictatorial powers during the republic's crisis.

The government sponsored proposal was regarded as indicating Chiang has decided to continue as China's president—a post he said recently he would like to vacate to become premier.

The action would not increase the generalissimo's present powers, but would sanction them under the new constitution and would exempt him from seeking approval by the legislative Yuan—the law writing body.

Chiang is expected to be nominated tomorrow as China's first constitutional president. The assembly will vote on president and vice president Monday. Chiang has led China since 1927, under various titles.

There were no major developments in the civil war fronts.

Four Warehouses For Fayetteville

Fayetteville, April 15—(AP)—Fayetteville will have four tobacco warehouses this season.

Brothers Jesse and Clifton Wellons announced today they would start building the latest one immediately. They said it would cost $200,000 have 1,200 feet, and be completed in 90 days.

Three warehouses have operated since the Fayetteville market resumed sales in 1946.

SECRET MOBILIZATION

Athens, April 15—(AP)—A Foreign Ministry spokesman said today secret mobilization is in progress in southern Yugoslavia. Bus travel in the area has been suspended because of an announced fuel shortage, he said.

Roadblock

Vienna, April 15.—(AP)—Russian troops today set up a roadblock which isolates the American air base at Tulln, 14 miles west of Vienna.

The Russians demanded "grey" identification cards.

Some U.S. airforce personnel traveling to work from Vienna were permitted to pass after long arguments. Others were refused clearance.

It is not yet known what action American authorities here will take. The "grey card" identification demanded by the Russians can be obtained only after a 72-hour delay. Grey cards never before have been required for the trip to Tulln along the occupation corridor road.

Recruiting Unit Of V-6 Naval Reserve At College This Week

The V-6 Naval Reserve (Inactive) traveling recruiting unit for the state of North Carolina will be located in the dining hall of East Carolina Teachers College Thursday (today) and Friday of this week for the purpose of enlisting and reenlisting veterans and non-veterans in the new V-6, Naval Reserve for inactive duty.

This program offers: Possible retention of rate held at time of discharge; opportunity for two weeks training cruise once a year with pay; chances for advancement in rating; continuance of longevity while on inactive duty; membership in a profitable, interesting organization.

Ex-Waves may also reenlist in the V-10, Naval Reserve for inactive duty. Veterans of any U.S. armed service, with a few exceptions regain the rates they held at time of discharge.

The sport of bowling originated as a religious ceremony in cathedral cloisters, where, if a parishoner bowled over his pin, he was considered to be leading a clean life.

Employers Rally Defend Magidoff

New York, April 15—(AP)—Employers of reporter Robert Magidoff, denounced in Moscow as an American spy, rallied to his defense today.

William E. Brooks, National Broadcasting Company vice-President in charge of news, said NBC had full confidence in his "intregrity" while Russell F. Anderson, editor of McGraw-Hill World news, said the charges "are entirely without foundation."

"The charges are based on a normal routine news assignment which was sent to Mr. Magidoff in June of 1947," Anderson said. He added:

"The same assignment—which was a world-wide survey designed to determine the effectiveness of underground plants during the recent war—was sent to our correspondents in England, rance, Sweden, Czechoslovakia, Italy, Germany, Austria and Japan."

The editor said the McGraw-Hill World news gathers technical news for American business.

Brooks said Magidoff had been employed as an NBC reporter since July 21, 1941.

"His work for us consisted solely of broadcasting news reports and sending news dispatches," Brooks said. "The Company, x x x needless to say, never requested him to send any information in violation of censorship or which might be considered of a military nature."

Magidoff, a native of Russia, came to this country in 1922 and is a graduate of the University of Wisconsin.

Truman Raps . . .

(Continued from Page One)

70-group air force program.

The issue comes to a vote as an amendment to add approximately $922,000,000 to a $2,376,100,000 emergency appropriation for army and navy air power.

There was a possibility that Rep. Taber (R-NY) himself would sponsor the 70-group amendment. Half a dozen members of both major parties were ready to assume sponsorship if the chairman of the Appropriations committee declined Leaders of both parties are supporting the amendment.

Taber's committee withheld the extra funds when it sent the bill to the House floor Tuesday. It said then the smaller sum to acquire about 3,200 new planes, was all that Secretary of Defense Forrestal wants now.

The additional money would provide 1,000 more planes. An air group varies in size according to the type of aircraft involved, such as fighters, bombers and scouting planes.

The House bill has the dual purpose of providing new planes quickly and authorizing the aviation industry to tool up for still greater production in an emergency.

Debate on the bill opened yesterday with the eventual-war-with-Russia statement by Rep. Cannon (D-Mo), top minority member of the Appropriations committee.

Refer[illegible] to the Soviets, Cannon told t[illegible] use:

"T[illegible]ovocative conduct of the past [illegible]ks has made it all too plain [illegible] sooner or later war is inevitable."

Taber himself said the bill is aimed at Russia.

Alfred B. Nobel, Swedish dynamite inventor, set up an annual prize to be presented to persons making the greatest contribution towards peace.

Maneuvers End For Paratroops

Pope Field, N.C., April 15—(AP)—Paratroopers from the 82nd Airborne Division today routed a theoretical aggressor force and recaptured Pope Field.

That ended a three-day training maneuver that engaged 10,000 troops of the division.

The attackers started their final three mile drive at sunup and took the field two hours later. It completed a 20-mile advance from the Southern Pines vicinity, screened by motorized cavalry.

Govm't Launches New Bond Drive

Washington, April 15. — (AP)—The government launched a security loan drive today backed by President Truman's appeal to put dollars "working to win the peace."

The nationwide campaign, to run through June 30, has no specified total quota, but Mr. Truman in a radio address last night said:

"We are fighting inflation which is still our greatest economic danger. Every dollar that a family puts into savings bonds now will be a dollar fighting against inflation and high prices. It will be a dollar working to win the peace." He added:

"At such a time as this, all of us can serve both ourselves and our country by saving all we can against the day when we can spend our dollars to better advantage."

The loan drive will be conducted along the same lines as the wartime bond campaigns, with volunteer workers spearheading it.

Speaker Martin (R-Mass) said in a statement the drive "offers the opportunity for each citizen to stand up and be counted for the American voluntary way of life."

Haganah Claims Another Victory

Tel Aviv, Palestine, April 15—(AP)—Haganah, the Jewish militia, announced it captured the Tel Litwinsky camp near Tel Aviv today after a house-to-house battle with Arab forces.

Haganah said it counted 21 Arabs killed and that probably more Arab dead were carried away by their comrades.

Order Hearings . . .

(Continued from Page One)

nance Corporation already is advancing the first $1,000,000,000 to help 16 cooperating countries climb back to their feet and combat Communism.

And some supplies already are on the way.

But Taber said he wants to get the hearings under way quickly because they may take weeks.

He said he wants some assurances, too, that "nobody on the list of 108 Communists in the state department will be hired for the ERP."

In addition, Taber said, he has asked for figures on the production and imports of items each of the 16 European nations want from the United States. He said he wants pre-war figures and comparable ones for 1946 and 1947.

End Questioning In Treason Trial

Boston, April 15—(AP)—The government and defense rested shortly after noon today in the treason trial of Robert H. Best, accused of betraying his country by broadcasting for the Nazis in wartime.

After both sides had finished questioning Best, the only defense witness, Judge Francis J. W. Ford told the jury he would have to decide on a few questions of law. The jury then left the courtroom.

Before the jurymen departed, Judge Ford reminded them again they were not trying a National Socialist party or Communism; but only whether Best gave aid and comfort to the enemy and intended to betray his country.

In the final stages of cross-examination, the former American newsman admitted writing "Hitler's Crusade was sacred to me."

"Did you say the 'Holy crusade is our crusade!'" Chief Prosecutor Tom De Wolf asked.

"Absolutely," replied Best.

Best blinked his eyes constantly during the long cross-examination which lasted three and a half hours. He sat in one position; his legs crossed and his hands clasped.

Best said he felt he was right and the late President Roosevelt wrong concerning conduct of the war.

N.Y. Cotton

New York, April 15—(AP)—Cotton futures opened 15 to 8 cents a bale higher.

Noon prices were 75 cents a bale higher to 5 cents lower than the previous close. May 37.38, July 36.72 and Oct. 33.06.

Hog Market

Raleigh, April 15—(AP)—(NCDA)—Hog prices irregular. Tops of $19.50 at Greenville and New Bern; $19.75 at Rocky Mount, Smithfield, Mt. Olive, Goldsboro, Washington, Jacksonville, Clinton, Warsaw, Lumberton and Chadbourn; $20 at Fayetteville, Florence, S. C., and Richmond, Va.

Poultry and Eggs

Raleigh, April 15—(AP)—(NCDA)—Fryers and broilers about steady at mostly 38 with full range 38-40, eggs steady to slightly stronger, A large 44.
