

De Gasperi's Party Takes 2-to-1 Lead In Early Count

First Scattered Returns Presage Communist Defeat; Voting Extremely Heavy In Fateful Italian Election; Set Record In Free Election Percentages

Rome, April 19—(AP)—Premier Alcide De Gasperi's Christian Democracy party took a lead of more than two-to-one over the Communist-led popular front today in first scattered returns from Italy's fateful election.

These returns in the Senate contest, which is being counted first, were mostly from the Rome and Milan areas.

Milan, in the heart of the strongly Leftist north, was giving the anti-Communist Premier's party a comfortable lead over the popular front. Unofficial returns from 86 Milan voting sections gave the Christian Democrats 31,108 the popular front 21,246 and the rightist national block, 206.

The voting was extremely heavy—estimated at 90 per cent of those eligible—and this was regarded as good news for the anti-Communists.

In Rome, two voting precincts a block away from De Gasperi's home gave the Christian Democrats 817, the popular front 1751; and the pro-Fascist Italian Social movement (MSI) 16; Republican, 62; and Nationalist block, 21.

Minister of Interior Mario Scelba announced the voting in this crucial test between Russia and the Western Democracies ended with "tranquillity." He warned against "alarmist news" being circulated by secret radicals and unnamed persons. He said some arrests already had been made.

The polls closed after 21 hours of voting full of meaning for the future of Europe and possibly for the peace of the world.

Officials estimated 90 percent of the 20,000,000 eligible cast ballots. This may be a world record for a free election—and a heavy vote was generally interpreted as favoring anti-Communism.

Scattered returns indicated the Senate vote is counted first, and early returns are expected late tonight. First returns on 574 seats in the chamber of deputies are due tomorrow.

The grim tug-of-war in Italy between Russia and the west, reflected in the bitter and often violent campaign in the past three months, accounted for the heavy turnout. Spotty weather had little effect on the total.

The threat of violence which hung over the two-day voting never materialized. The government had 330,000 armed watchers on duty. Heavy police detachments guarded the streets. Radio-directed tanks, armored cars and jeeps patrolled the cities.

A few exchanges of gunfire around army dumps were heard near Milan in the strongly Leftist North. Government officials minimized these, saying the outbursts were not actually connected with the voting.

The heavy Sunday vote belied fears of some supporters of the Vatican-backed Christian Democratic party that the rain might keep their followers home, while Communists, under orders, flocked to the polls.

Mario Scelba, Christian Democrat Minister of the Interior had warned voters to turn out. He said those whose certificates showed they had not voted were in danger of losing good conduct cards necessary to Italians in travel and business.

Ambulances carried the sick and injured to voting places. Polling booths were set up in hospitals for those who could not go out.

Clearly Seen Hobby

Just Another Weapon

Military Planners Regard Communism As A New Weapon In Hands Of A Nation With Expansionist Ambitions; Basis For This Reasoning; Russian History Study

By ELTON C. FAY

Washington, April 19—(AP)—To the coldly professional eye of the military planner, Communism is just a new weapon in the hands of a nation with expansionist ambitions ten centuries old.

The generals and admirals, whose job it is to defend the United States, leave the arguments about ideologies and political philosophies to others when they hold closed room sessions on Russia. The interest narrows to these questions:

1. What impels the Soviet military ambitions and what geographical direction will they take?

2. How would they be carried out? The thinking goes something like this:

What is now modern Russia started out a thousand years ago as a small principality surrounding the present site of Moscow. The history of expansion began almost immediately.

The growth of Russia from a principality to an empire extending from Middle Europe to the shores of the Pacific resulted from wars and annexations. Some times the pro-

Rate Increase

Washington, April 19—(AP)—The Interstate Commerce Commission today granted the railroad a further temporary freight rate increase estimated to cost the public about \$300,000,000 a year.

Commission officials figured the rate will average about four percent above present rates.

The ICC last October, acting on the railroad's plan for a 30 percent advance in freight rates, authorized a temporary 10 percent increase to meet higher operating costs.

Still another 10 percent temporary increase was granted in January. The additional raise announced today will be effective until the commission passes finally on the plan for permanent upward adjustments.

The new increase may be applied upon 10 days notice to the public.

Masked Bandits Attempt Torture

Escape With \$1,750; Fail To Obtain Safe Combination

Greensboro, April 19—(AP)—A pair of masked bandits who reportedly thought of everything, including milk for the baby and pliers to twist the proprietor's toes, early this morning held up G. F. Waddell, High Point road cafe owner, and made off with about \$1,750 in cash.

According to Deputy Paul Gibson, the Waddells, their baby with them, had closed up their cafe near Sedgewick about midnight and driven some employees home. As they reentered the closed cafe on their return, two masked and gloved men, hiding inside the place, pounced on them.

The deputy quoted the Waddells as saying that one thus conducted Mrs. Waddell and the baby upstairs to the family apartment while the other took Waddell into the cafe proper. Mrs. Waddell and the child proper. Mrs. Waddell and the child proper. Mrs. Waddell and the child proper.

Supreme Court In Effect Rebuffs S.C. Vote Rules

Washington, April 19—(AP)—The Supreme Court in effect today upheld a decision that Negroes have the right to vote in Democratic primaries in South Carolina.

That decision was returned by the U. S. Circuit Court of Appeals in Richmond. It was appealed by party officials of Richland county, S. C. They asked the Supreme Court to review and reverse the decision. They contended the Democratic party in South Carolina is a voluntary political association which can exercise unrestricted choice of membership.

The Supreme Court announced merely that it would not review the lower court findings. The effect of this is to let the findings stand.

Republican Leaders Set To Decide On Keynote

By the ASSOCIATED PRESS

Republican leaders met in Philadelphia today to decide on a keynote for the GOP national convention.

And in the Ohio battle for convention delegates, Harold E. Stassen made ready to open his campaign as Senator Robert Taft returned to Washington after a busy weekend in his own state.

Many names were mentioned for

the keynote post. Those of Senators Arthur H. Vandenberg of Michigan and Eugene B. Millikin of Colorado appeared to be high on the list.

Walter S. Hallahan of West Virginia, chairman of the convention arrangements committee, said it might take two days for the 32-member committee to make a decision.

Besides Vandenberg and Millikin others mentioned include Gov. Dwight H. Green of Illinois and Senators Henry Cabot Lodge, Jr., of Massachusetts, Kenneth S. Wherry of Nebraska and Raymond E. Baldwin of Connecticut.

In Ohio, Stassen is challenging Taft for 23 of the state's 53 convention votes.

Taft told a news conference in Cleveland Saturday he has a "serious fight" on his hands in the May 4 primary. But he added that "things look generally favorable."

In an address at Burton yesterday, the Ohio senator noted that Senator Edward J. Thye was elected in 1946 with Stassen's support. He asserted:

"Stassen could have been in the Senate for the last two years, but he sent another and spent two years campaigning for President. I wish he would help fight the New Deal in Washington."

Huge Air Force Legislation Held Up By Senators

Scan Defense Horizon To Learn What Else Armed Forces May Require

Washington, April 19—(AP)—Two Senate committees held the 70-group air force bill on the runway today while they scanned the horizon to see what else the armed forces need.

Bridges said his committee will not go into the bill until the armed services committee gets new manpower and money estimates from Secretary of Defense Forrestal and decides what to do with the combined draft-UMT bill it is considering.

The question facing Senate leaders is this: how much money can the government spend on national defense next year—the fiscal year beginning July 1—without running into debt?

The House decided by a 343 to 1 last week it could afford to give the air force and the Navy's Bureau of Aeronautics in advance of \$1,984,100,000 right away to speed up war plane purchases.

One section of the bill—an \$822,000,000 amendment—is designed to start the Air Force off toward a goal of 70 combat groups, compared with the 55 groups now contemplated. It would, however, add only a few hundreds of the several thousand planes needed to make up the larger Air Force.

This prompted Chairman Gurney (R-SD) of the Senate Armed Services Committee to predict that a 70-group program would cost \$6,000,000,000 next year on top of the \$14,000,000,000 already proposed for the armed forces. And an outlay of \$20,000,000,000 for defense would put the government back in the red, he said.

Gurney's opposition to the 70-group proposal lined him up with Forrestal and President Truman, both of whom have insisted that the country needs a "balanced" defense program.

But on the other side of the argument, along with a number of Republicans, are Democratic Senators O'Mahoney (Wyo.) and Maybank (SC).

Recognize N.C. Traffic Record

Raleigh, April 19—(AP)—North Carolina's outstanding achievements in reducing traffic fatalities last year has been recognized by the National Safety Council.

The State Department of Motor Vehicles was informed by the Safety Council today that although North Carolina's safety record was not sufficient for it to win one of the major awards, it would receive a special plaque for reducing the death toll on the highways from 1,208 in 1946 to 836 last year.

Encourages Taft In Dispute Over Housing Measure

Democratic Senator Wagner Gives Taft Backing In McCarthy Fight

Washington, April 19—(AP)—A Senate Democrat today pledged full backing to Senator Taft in the Ohio Republican's dispute with Senator McCarthy (R-Wis.) over a long-range housing bill.

The Democratic backing came from Senator Wagner of New York. He, Taft and Senator Ellender (D-La.) are sponsors of a revised version of the original bill bearing their names.

The Senate might vote today on Senate Banking Committee amendments which have Taft's approval.

If adopted—and Taft predicted they would be—they would replace a batch of McCarthy amendments written into the Taft-Ellender-Wagner bill last week.

Taft at that time passed up a separate battle on each of the McCarthy proposals in order to get them on one ballot.

Wagner said in a statement he was "giving my unqualified support" to the Banking Committee amendments. The New Yorker, who has been absent from the Senate for months because of illness, made no direct mention of the McCarthy proposals. But he said:

"Undoubtedly we could make further improvements in this legislation if we added more time to the study, hearings, investigations and legislative drafting which have brought us to the present point."

"But the housing crisis which we are endeavoring to meet has not waited. It is still upon us in full force. It is forcing nearly 3,000,000 families to double up with in-laws and other families. It is making the slums which are the breeding ground for crime and delinquency the environment in which millions of our children are being reared."

"Let us get some experience with comprehensive housing legislation before we think about further refinements."

The bill would authorize a "slum clearance program under federal loans and subsidies."

Pays Tribute To Cuban Republic

Truman Cites Islanders As Inspiration For Today

Washington, April 19—(AP)—President Truman today cited Cuba's struggle for freedom a half century ago as an "inspiration for the hard tasks that confront us in our own time."

"Our own moment of history," the Chief Executive told a joint session of Congress, "also calls for calmness, for courage, for strength, and above all for the steadfast resolution that, come what may, we shall stand for the right."

Mr. Truman's address was prepared for ceremonies marking the 50th anniversary of congressional action declaring Cuba free of Spanish rule.

The President paid tribute to the "valor of the Cuban patriots and American soldiers and sailors who gave liberally of their strength and their blood." He declared:

"The challenge of our time, like the one met so successfully by those we honor today, tests the mettle of men and their institution of government."

He noted that only 90 miles of water separate this country from Cuba and that the two vary greatly in size and strength.

Yet, he went on, "they collaborate harmoniously on a basis of equal sovereignty and independence of action."

Although he mentioned no other countries by name, the President left little doubt that he had Russia and some of her satellites in mind when he added:

"The same harmonious relationship can prevail among all nations provided they possess a genuine desire for peace and firm resolve to respect the freedom and the rights of others."

"This is the truth the whole world should take to heart."

Many New Cars, Trucks In State

Raleigh, April 19—(AP)—New cars and trucks were registered in North Carolina at the rate of 250 a day during March.

The State Motor Vehicles department reported today that 5,511 new cars and 2,295 new trucks were registered during March compared with 3,503 and 1,877 trucks in March last year.

So far this year, 14,464 new cars and 6,123 new trucks have been registered.

Judge Finds Lewis Guilty; Sentence Set For Tuesday

Chilly Reception For Truman Plea Inflation Checks

Congressmen Generally Ignore President's Warnings Of Economic Peril

Washington, April 19—(AP)—President Truman's springtime appeal for inflation controls got the same generally frosty reception in Congress today that his November plea did.

In fact, the chill was more noticeably in some cases, particularly among the Republican majority.

"I think the chances for the President's program are even slimmer now than they were last fall," said Senator Flanders (R-Vt.).

Senator Bridges (R-N.J.) put it this way:

"The possibility of any action now is absolutely nil."

Senator Wherry (Neb.), acting Republican leader, insisted that "the domestic economy picture generally has improved since last fall."

And Senator Capelhart (R-Ind.) commented: "The President must have had his tongue in his cheek when he said inflation is getting worse."

Mr. Truman said that Saturday night in addressing the American Society of Newspaper Editors.

He said "the plain fact is x x x that our economy is in serious danger as a result of high prices and inflation." He asked for action now on the ten-point cost-of-living program he laid before the special session last November 17.

Congress shelved most of it, including a request for standby power to restore wage-price controls and rationing on a limited basis.

Mr. Truman said the program was sound when presented, still is sound, and "even more necessary now" because of such things as the income tax cut, the steel price hike, the coal strike, the multi-billion dollar foreign aid program, and plans for big new military preparedness spending.

"Our domestic economy has been dangerously neglected. It should be neglected no longer," the President said.

"Only if we preserve the soundness of our economy, through prompt and adequate measures to control inflation, can we contribute our full share to a peace in which freedom and democracy will be secure."

Elderly Negro Robbed Of His Life's Savings

By CHESTER WALSH

William Barrett, 77-year-old Negro man who lives in a small cabin in the backyard at 705 Roosevelt street, reported to police Saturday afternoon that he had been robbed of \$600, his life savings. He discovered the theft of the money, he said, shortly after two visitors, Ida Wilkes and William Holloway, his brother, both Negroes, who live in the country.

Chief Buford Drum said police arrested the man and woman shortly afterwards and charged them with larceny. They were in jail today.

The chief quoted Barrett as saying that the couple came to see him; that the man waited outside, and that the woman assisted him in changing some of his clothing. The elderly Negro said he took his wallet containing the \$600 from a trouser pocket and placed it under the pillow on his cot. After the man and woman left he discovered his loss.

An unusual silver dollar, easily recognized by the owner, was found in the woman's possession when arrested. Barrett identified the dollar as his property. The other money had not been recovered at noon today, police stated.

Case Is 'Closed' On Reading Sign

Pasadena, Calif., April 19—(AP)—A police car roared away from the station to investigate a report of a murder or suicide. An excited citizen had telephoned that there was an automobile parked near his house with a sign reading: "Betty is dead."

When Officer D. M. Palmateer looked at the sign the case was closed forthwith. It reads: "Battery is dead."

N.C. Hog Prices In Sudden Slump

Raleigh, April 19—(AP)—Prices dropped from 75 cents to \$1.25 per hundred pounds on North Carolina cash hog buying stations today, the State Department of Agriculture reported.

John A. Winfield, Agriculture Department spokesman, said that the prices slumped in the face of an "extremely heavy run of hogs at leading terminal markets" and that sales on North Carolina markets were light as a result.

Judge Considers Jail For Lewis

Judge Alan T. Goldsborough ruled today that the 29-day mine shutdown was a strike called by John L. Lewis (above). He said the terms "dishonored" and "honored" were words used by Lewis as a code to start and end the walkout.

U. N. Puzzled By American Stand

Statement On Palestine Found Confusing To Delegates

New York, April 19—(AP)—An American statement that the United States will not shoulder alone the burden of solving Palestine's troubles puzzled United Nations assembly delegates today.

The assembly was called into session at 10:30 a.m. EST to admit Burma as the 58th UN member and to buckle down once more to work on the future of the Holy Land.

The American delegation's spokesman declared yesterday that if several countries cannot agree on joint action toward Palestine, there is a possibility no solution can be found for the problem.

He said the U.S. will demand that other countries bear their part of the Palestine load.

"We will not take the lead alone," the spokesman said to newsmen. "We have no intention of getting out in front all by ourselves."

Comments by several delegates to the assembly showed they were waiting for the United States to lay down a formal proposal for a temporary trusteeship over Palestine. The Security Council convened the assembly at the request of the U.S.

But the spokesman said the U.S. delegation does not have a formal proposal and he does not know whether a document is coming to the delegation from the State Department.

To Display Colored Oleo In Fight On Federal Tax

Washington, April 19—(AP)—House members will see oleomargarine in various colors—green, pink, brown, blue and such—when they walk into the chamber next week to vote on repeal of federal taxes on the product. After the oleo decision tobacco will step into the limelight.

Rep. Keefe (R-Wis.) will have charge of the oleo display. He told a reporter it is being shipped to him from Wisconsin. He isn't sure yet, but he may also bring out similarly colored ice cream.

All of this he intends to use to bolster his argument that the margarine taxes should be left strictly alone.

Center of the controversy is the federal tax of 10 cents a pound on margarine colored yellow—like butter. There is a 1-4 cent a pound tax on other margarine as well as other levies on wholesalers and retailers.

"A visual demonstration is better than talking about it," Keefe said.

Two Thugs Find No Profits In Crime-Wave Try

Chicago—(AP)—Robbery has run up against a resistance movement. Two thugs set out on a crime wave that went like this:

They robbed two lone men, but all they got was \$12. They met three others, one at a time, and each of the vigorous victims gave them a boxing lesson. A woman put them to rout by screaming.

They took \$36 from a truck driver. But the driver smashed his heavy truck against their automobile and they had to leave it in the street.

The robbers next tried to take a car from a woman. She told them by hurling away the keys in the darkness. One of the bandits was caught quickly. He had a black eye and a variety of bruises.

London, April 19—(AP)—The British Foreign Office announced today that the United States, Britain and France Open a new series of talks tomorrow on the future of Western Germany.

The three occupying countries first met on the problem of Germany nearly two months ago.

Atomic Test On Proving Grounds

Washington, April 19—(AP)—A test of "an atomic weapon" has been held at the proving grounds on Eniwetok Atoll in the Marshall Islands, the Atomic Energy Commission announced today.

This is the first such test announced since those held at Bikini, also in the Pacific, in 1946.

The commission said that for security reasons the date the test was held is not being announced.

"A classified report of the test results is being made to the joint committee on Atomic Energy of the Congress," the announcement said, adding:

"The test was conducted under full security restrictions of the Atomic Energy Act of 1946, and pursuant to the provisions of the act, the public issuance of further information concerning the test is not permissible at present."

There is nothing in the law to prevent the margarine people from coloring their product a nice jade green, a bright pink or a brown similar to the prevailing color of peanut butter.

"But they don't want this. They want to color it yellow."

He joined with his colleague, Rep. Murray (R-Wis.), in stating that the repeal legislation is not a cinch to pass.

Capital Punishment

England Decides To Abolish Death Penalty For Murder For Trial Period Of Five Years; Notable Experiment; Fear Execution Of Innocent People; Justice

By DEWITT MacKENZIE

England, after a mighty struggle with her conscience over long years, finally has decided through the medium of her House of Commons to abolish capital punishment for murder during the trial period of five years.

The vote for this notable experiment—245 to 222—came after a dramatic seven-hour debate over the question of whether to make or not hang—a penalty which has been exacted for some 800 years. The verdict represented a defeat for government views, though it wasn't a political reverse, since the labor (Socialist) government had given the rank and file of its party the privilege of voting as they saw fit, and even permitted members with mining or ministerial posts to abstain.

The Conservatives, whose leaders were against abolitionism, also split and thus the issue became non-partisan, with Socialists and Conservatives voting according to their personal leanings. It was a remarkable event. The measure still must go through other stages in Commons and must pass the House of Lords.

But the government already has accepted it as law by repealing two men who were about to go to the gallows for murder. They have received life sentences.

In the debate the government fought the measure on the grounds that it was essential for

"Doctrine of Atonement" was the subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday, April 18.

The Golden Text: I Timothy 2:5. "There is one God, and one mediator between God and man, the man Christ Jesus."

Among the citations comprising the lesson-sermon were the following from the Bible: "The sacrifices of God are a broken spirit; a broken and a contrite heart, O God, thou wilt not despise." (Psalm 1:17). And from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Wisdom and Love may require many sacrifices of self to save us from sin. One sacrifice, however great, is insufficient to pay the debt of sin. The stonement requires constant self-immolation on the sinner's part." (Page 23).

In New York

Dr. and Mrs. Ralph Shell left Saturday for the Hotel McAlpin in New York City, where they will be guests of the New York Shoe Manufacturers Board of Trade. On Tuesday evening, April 20th, they will attend a banquet and receive a joint cash prize for winning a contest given recently in the Boot and Shoe Recorder, trade magazine. Their subject was "How to Fit Quality Shoes." Out of six national winners, they were the only southern placements.

Winterville F.H.A. News

The Winterville Future Homemakers held their regular meeting April 12 in the High School library. The president, Gladys Hines, called the meeting to order and the secretary read the minutes. Then the treasurer gave her report. After this, old and new business was discussed. Our advisor, Miss Alva Ray Taylor, talked to us about our going to camp in June. Our president showed us some pictures of emblems, tams, notebook covers and scrapbooks. These are F. H. A. articles designed in our club colors, red and white. A motion was made that we order a scrapbook for our club next year. We are also planning to order notebook covers for our secretary and treasurer to use next year.

After the business, our program chairman, Marjorie Stancill, gave a talk about the F. H. A. Rally which was held in Raleigh, April 3. Peggy Bright and Virginia Worthington also made reports concerning the rally. June Haddock gave another talk, "Get a Head Start on Spring," which was very interesting.

Alma Paromore, chairman of the entertainment committee took charge of the social part of the program. The games which she had planned for us were really enjoyable.

Our F. H. A. girls have had a leap year party in the Teenage club room since you last heard from us. Everyone seemed to have had a grand time. We played games, danced, and had several contests, after which the 40 guests present enjoyed delicious refreshments.

The "Merry Widow" and every other brand of new hat had a good time Easter Sunday, for they could not have picked better weather.

Miss Novella Bunting who had been visiting Mrs. F. J. Forbes returned to school at Winterville Sunday evening.

L. M. Savage returned Saturday from Baltimore.

Miss Lizzie Jones left Saturday morning for a visit to Norfolk.

Local Red Cross Behind Hospital At Scout Camp

The Pitt County Chapter, American Red Cross, set up a Red Cross emergency hospital tent for the more than 1,000 Boy Scouts of Eastern Carolina at the Camporee held here last Friday, Saturday and Sunday.

The emergency hospital was in charge of Mrs. John Warner, chairman of Red Cross Nurses' Aides for Pitt County, assisted by Miss Rachel Wooten and C. W. Willard, chairman of first aid for Pitt county.

The Pitt County Medical Society and Pitt General Hospital cooperated in this project.

The emergency rescue truck from the Greenville fire department was in charge of Fireman Nethercutt, whose help was invaluable, those in charge said.

One hundred and forty boys and Scout leaders were treated for sunburns, sore throats, cuts, bruises, toothache, earache, sprained ankle and wrist. Calls were made to the boys' tents.

Shoplifters Given Long Prison Terms; Recover Some Loot

Manager Hugh T. Smith caught two shoplifters in the act of pilfering merchandise at Smith's Clothing and Ready-to-Wear Store, 500 Dickinson Avenue, Saturday afternoon and turned them over to the police.

They were Sam H. Wilson, 29, of 38 Cooper's Lane, and Cleophus Smooth, 23, of Sylacauga, Ala., both Negroes. They also were charged with shoplifting at White's and Young's stores. Police recovered some of the loot.

In Police Court today, Judge J. W. H. Roberts found Wilson guilty of three charges of larceny and gave him two years on the roads on each charge—six years in all. The court sentenced Smooth to six months on the roads on each charge—18 months in all.

Ex-servicemen who have lost an eye or limb have been taught by Red Cross Volunteer Motor Corps members in California how to drive automobiles.

Three-Day Boy Scout Camporee Ends; Considered Big Success

By CHESTER WALSH

Scout Executive F. E. Self of Wilson said the three-day Boy Scout Camporee in Greenville was a great success—one of the best East Carolina Council had ever held. He praised Greenville people for excellent cooperation in maintaining the camporee and welcoming the Boy Scouts.

Self said no misconduct was reported during the camping period; that none of the boys was seriously ill, and that none was seriously injured. He had the highest praise for the Red Cross first aid station, with Dr. E. B. Aycock and Dr. Fred Irons in charge. Hospital, medical and nursing services were available at all times. They reported satisfactory and other conditions at the camporee as ideal, were grateful for the clear weather and said the health of the campers was excellent. The fire department's rescue truck was stationed near Red Cross headquarters.

The athletic contests were thrilling and they attracted hundreds of Greenville people and out-of-town visitors, many of these parents of Boy Scouts.

The climax to the Camporee came Saturday night when the order of the Arrow Tuscarora Council of Goldsboro put on the impressive campfire ceremony. Frank Meadows of Rocky Mount directed it.

The Rev. Robert W. Bradshaw, Methodist minister, conducted religious services for the boys Sunday morning.

Lowell Powell of Ashok, camp chief, and W. L. Draper of Washington, assistant, were in charge. Penn Watson of Wilson was overall Camporee chairman.

Field executives on duty were George Brown of Roanoke Rapids, Bill Wall of New Bern, H. L. Owens of Rocky Mount, Gene Grimes of Washington and Jack Horgan of Kinston. The Greenville steering committee was composed of J. B. Kittrell, chairman, John G. Fleming, Bill B. Drum, Sherman Parks, E. W. Harvey, Jr. and Willard T. Kyser.

Those who did much to make the Camporee a success were: George C. Henshaw, Alex Mackie,

Camporee officials gave a vote of thanks to the many state highway patrolmen stationed at the camporee. They appeared to enjoy the outing as much as the Boy Scouts. They also thanked the city for providing utilities. A Boy Scout Camporee is a great americanizing institution.

G.H.S. Dramateers Receive Award

Greenville High School Dramateers received the highest rating in play production for their presentation of "Manikin and Minikin" in the State Drama festival held last week in Chapel Hill.

Ken Owens and Janice Owens, members of the high school dramatics class played the roles of Manikin and Minikin, two china figurines seated on a mantel with a gold clock between them.

Mrs. Howard W. Mims, dramatics teacher, directed the play. She was assisted by Alef Collins, student director and Jean Garra, stage manager.

Janice Owens, daughter of Mr. and Mrs. W. F. Owens, is a senior in high school and is a pupil of Mrs. J. H. Rose. She has been outstanding in dramatics in senior high school and appeared last year in the play the Dramateers presented in the drama festival.

Ken Owens, the son of Mr. and Mrs. D. A. Owens, has appeared in several class productions this year, but the part of Manikin was his first major role.

Rookie Pitches Way To Reprieve

Philadelphia, April 19—(AP)—Pitcher Charles (Bubba) Harris is going to remain on the Philadelphia Athletics' hurling staff "at least for now," says Manager Connie Mack.

The A's boss yesterday decided to return Harris to the Lincoln (Neb) team of the Western Association on option—then changed his mind a few hours later.

The decision reversal came after the American leaguers defeated the Philadelphia Phillies, 3-2. Harris pitched the ninth inning retiring the Phils one-two-three.

Encouraged By AAU Wrestlers

Hempstead, N. Y., April 19—(AP)—United States' hopes for a creditable wrestling performance in the Olympic games this year were buoyed by the results of the National Amateur Athletic Union tournament.

The AAU even, which closed Saturday at Hofstra College after three days of marathon struggling, produced a number of outstanding prospects.

LEAVES FOR HOLLAND
Brussels, April 19—(AP)—Mrs. Eleanor Roosevelt left Brussels this morning by automobile for Holland. She is to be a guest of the Dutch royal family.

The South American country of Colombia was once called "New Granada."

Chiang Elected First President

Nanking, April 19—(AP)—Generalissimo Chiang Kai-shek, who said he didn't want the job, was elected China's first constitutional president today with virtually dictatorial powers. He had asked instead to be named premier—but with just such about powers.

In orderly, machine-like procedure which lacked enthusiasm the strong-willed man who has headed the government since 1928 received 2,430 votes in the National Assembly.

Chu Cheng, elderly president of the judicial Yuan (Council), was given 269 votes in an obvious gesture to provide the semblance of a contest. He was in Shanghai.

Chiang was elected to serve six years under the new constitution. He was voted the same broad emergency powers for the "period of national crisis" that he has held.

Outside, shopkeepers began setting off the traditional firecrackers.

Touring Farmers Speak On Europe

Des Moines, Iowa—(AP)—Iowa's touring farmers have now become the talking farmers. It has been estimated that members of the group of 26 farmers who visited Europe last fall have addressed more than 200,000 persons, not counting radio listeners.

Bill Davidson of Stanwood has had engagements from New York to Oklahoma. A number of congressional committees have heard the farmers' view on conditions in Europe.

The four kings pictured on playing cards are David, Alexander, Caesar and Charlemagne.

SENATOR—Sen. Joseph C. O'Mahoney of Wyoming was the only vice-presidential candidate for Democratic nomination in recent Nebraska primary election. A native of Chelsea, Mass., he first became senator by appointment in 1933.

Take Rest From Roulette System

Las Vegas, Nev., April 19—(AP)—Two young roulette players with a "system" they devised in college figured they still were \$700 ahead today after three days of almost continuous playing.

Dr. Roy Walford, 23, San Diego, Calif., and Albert Hibbs, also 23, of Chillicothe, Ohio, have been relieving each other at the Golden Nugget Casino's roulette wheel since 6 p.m. Thursday.

Starting with \$300, they wound up ahead \$1,200 after the first 50 hours of play during which they placed \$2.50 bets on number nine. Saturday they began to lose but said they were still ahead \$700 when they called a temporary halt.

Yesterday at noon, they started

with \$200 and switched to playing 50 cents on number one and zero. At 6 o'clock last night they had \$205.

Last November they won \$12,000 at Reno by consistently playing number nine. They quit after their luck turned out but while still ahead about \$8,000.

The players are using a system they said they worked out as University of Chicago undergraduates.

The earthquake that shook San Francisco in 1906 could be felt for 750 miles from Oregon to Los Angeles and as far east as Nevada.

The Chinese believe playing cards were invented in the 13th century.

The Germans were the first people to use gunpowder in warfare in 1338.

BIG JOB for Earnings

... meeting your

BIG and GROWING NEED for Oil!

The better you live, the more oil you need.

Today—3 million more cars are on the road than pre-war. 1,500,000 more homes have oil heat. Five times as many diesel locomotives now. Twice as many farm tractors and trucks.

More oil spells more progress.

But—this rising need for oil can be met only by modernizing and expanding on a big scale—and in a hurry in spite of today's high costs.

To do this job, Standard Oil Company (New Jersey) and its affiliates are spending one billion dollars in 1947 and 1948 alone—for new wells, plants, tankers, pipelines, storage tanks, and all the other things it takes to get you the oil you need.

That billion dollars is money that goes back into the business from earnings, past and current.

STANDARD OIL COMPANY (NEW JERSEY)

In 1947, for instance, we put 426 million dollars into replacements and expansion. To do this, we:

(1) used all funds set aside to replace worn-out equipment;

(2) ploughed back well over half the year's profits—all that was left after paying dividends; and

(3) dipped heavily into savings put aside in years past to help meet just such needs as we face today.

In the seven years 1940 through 1946, we spent well over one billion dollars for needed equipment, mostly for war needs. Now, in just two years, we are spending another billion dollars. This money comes from the business itself. Money made on the job goes back into the job.

Profits we reinvest for needed production facilities work for everybody. They pay for the capital investment that we must make today to get the oil you need tomorrow.

Strength FOR THE DAY

GOOD HUMOR NEXT TO GODLINESS

We all like men who can see a good joke on themselves and tell it. A very distinguished football coach tells the following: He had just taken charge of a college football team which had not been doing so well. In the locker room before the first game he gave them his best " pep talk." He demanded that they for the sake of the college they loved, they go out and fight to the last ditch to win. He ended his peroration by pointing to a door and saying in dramatic tones: "Now through that door to victory." A few minutes later they fished five of his players out of the swimming pool. He had pointed to the wrong door.

Oh for the guys who in the midst of a sad world can join in a good laugh on themselves. Theodore Roosevelt used to tell with glee how his children said that he tried to be the groom at every wedding and the corpse at every funeral. Lincoln liked above all to tell good stories on himself. When we see the stuffy variety of unimaginative know-nothing who is so serious about maintaining his dignity that he never dares to crack a smile about himself or allow anyone else to do so, we see a man who, as Shakespeare said, "is fit for seasons, stratagems, and spoils." Tyrants are lacking in a sense of humor. Can anyone imagine either Hitler or Stalin laughing at a joke on themselves?

STATE DEPT. SHOULD

CHECK ITS WORKERS

What kind of employees does America send behind the "Iron Curtain"?

The recent story of Robert Magidoff poses that question; for Magidoff, employed as a news correspondent for the National Broadcasting Company, was "de-nounced" as a spy by his one-time secretary, a woman born and reared in these United States.

This secretary, Cecilia Nelson, was also a former employee at the U. S. embassy in Moscow. One would assume that only those who had a deep love for their country and a sense of responsibility for its welfare could be accepted for such a position.

Whether Robert Magidoff was acting as a spy, or not (those in a position to know, emphatically deny it) does not enter into the matter. What is most important is the discovery that we have employees in our government who place their first allegiance to foreign powers rather than to their own homeland.

Pollard Brothers To Open Business Here

Willard and Sam Pollard, sons of T. E. Pollard, will open a new plumbing business here Tuesday, April 20, at 109 E. 12th Street. Experienced in their work, they were until recently employed by the City Plumbing Company; Willard for about ten years, and Sam for two and one-half years.

Their business will be known as the "Pollard Brothers Plumbing Company" and they will devote their efforts to new installations, repairs, installing and adjusting oil heaters, the installing and overhauling electric water pumps in the city or county.

REVERE RIDES AGAIN

Boston, April 17.—Paul Revere will ride the Middlesex route again on Patriot's day—in quest of an antique \$1,000 horseshoe.

This time it will be Ulrick Paul Revere riding in a milk truck over the 17-mile course taken by the famous Revolutionary courier who spread the alarm "the British are coming."

President Truman is president of the American National Red Cross.

It Will Be Harder To Get Him Out

Boyle's Column

New York.—(AP)—Crippled Thomas Sugrue, who has taken more than a quart of Cobra Venom in the last nine years to still his pains, sat in a wheelchair today and talked of God.

"The most important thing in any man's life is his relationship with God," said the luminous-eyed little Irishman, "and this is inextricably bound up with the relation of every other man to God.

"Every man in a real sense is bound to his brother and a man who arrives at Heaven does so leaning on the arm of someone he has helped."

The phone rang. To answer it Sugrue put the receiver to his left ear with his right hand and held it with a hunched shoulder propped up with a wooden Chinese backscratcher.

Afterward he grinned and held up the backscratcher toy which he uses as a kind of extended arm to rake things to him out of reach.

"It's a sort of insurance policy," he said, "if I didn't have it always handy my nose would itch." The backscratcher is only a symbol of the way Tom Sugrue, ex-newspaperman and Magazine writer, has had to adjust himself to life. He was stricken in 1937 at the age of 30 with a combination of Arthritis, Spinal Meningitis and Infantile Paralysis.

He has never walked since. He went to Florida, took fever treatments in which he spent days in a cabinet containing 80 lights that heated his blood to 107 degrees. For two whole years he couldn't lie on his right side. In minute doses he has taken enough pain-killing Cobra Venom—it quiets the nerve ends—to kill three men, if given in mass injections.

"But sick or well, I had my living to make," he said. And he had a wife and daughter to support.

He wrote a novel, "Such Is The Kingdom." He no longer could use a typewriter, and the doctor would let him write longhand only one hour a day.

"So I memorized it, doing the

editing in my head," he said, "and managed to write 1,000 words each day during the one hour."

Then he learned. He wrote a biography, "There Is A River," and in 1946 he produced the best-selling "Starling of the White House."

Last year, working with Handicapped Eddie Condon, he dictated another best-seller, "We Called It Music," in three months.

Now he has completed his autobiography, "Stranger In The Earth," a spiritually stirring story of one man's conquest of fear and pain and his search for God.

Sugrue believes that the purpose of "man's journey through creation is to discover the mind of God, piece by piece, and to know it eventually in its entirety, thus achieving a union or companionship with God."

He said that the evil man sets himself against the will of God, the mystic actively seeks God, but most men just sit down and statically wait for Him to find them. The free religious climate of America, he hopes, will produce "mystics in sufficient numbers to make this country into a spearhead for the world's salvation from international war and a new dark age."

"But I feel deeply that America must achieve a spiritual unity," he said. "It has been a pain within me ever since I can remember that, religiously, we are as broken and scattered as sawdust on a barroom floor."

A disaster to their health breaks the minds and spirits of most men. Sugrue appeared so serene and well armored in his courage, I asked him if he had found God himself.

"No, I have not found God," he said. "I have only gathered together some clues to what I trust may be the right direction. The discovery that has meant most to my life is that I am not constrained to sit waiting for God to come to me, but that I am free to open my eyes, unfold my arms and go out and

search for Him. "I am completely happy. The mere discovery that I am free to move and search for God is all I need to keep me joyful for the rest of my days."

In more than a thousand hospitals, federal and civilian, approximately 50,000 American Red Cross Hospital and Recreation Corps members plan recreation for patients.

Interest In Race For Legislature, County Board

By CHESTER WALSH

The deadline for candidates to file for county offices was 6 p.m. Saturday and there were five late filers. The Democratic Primary will be held Saturday, May 29.

Interest centers in the race for a seat in the State Senate and two seats in the Lower House of the General Assembly and for membership on the Pitt County Board of Commissioners.

Candidates who have filed notice of their candidacy are:

For the Senate—Arthur B. Corey, incumbent, and J. Picklen Arthur of Greenville, and Dr. Paul E. Jones of Farmville.

For the House (vote for two)—Frank Kilpatrick of Ayden and S. O. Worthington of Greenville (incumbents), and Dr. E. L. Henderson of Greenville, and W. Jasper Smith of Bethel.

For Register of Deeds—Charles P. Gaskins.

For Judge Pitt County Recorder's Court—Judge Dink James.

For solicitor Pitt County Recorder's Court—Charles H. Whedbee.

For County Commissioner—J. Vance Perkins of Greenville, District 1; Z. V. Bunting of Bethel and J. T. Dupree of Belvoir, District 2; G. H. Pittman of Falkland and W. C. Wooten of Farmville, District 3; Marvin Smith of Chocod and W. Leslie (King) Elks of Grimesland, District 4; M. Brown Hodges of Grifton, District 5.

For Pitt County School Board—Joseph S. Moye of Greenville, W. M. Woolard, the incumbent, did not file for reelection.

Perkins, Pittman, Marvin Smith and Hodges are incumbent county commissioners.

For justice of the peace—Otis Haddock and Elmer of Chocod Township; C. Vincent of Winterville, Edward F. Switzer of Pactolus, John Ivey Smith of Greenville, T. L. Perkins of Carolina, Willie R.

HELPFUL DUCHESS.—Mrs. Harriet Adducci and children, Marybeth and Edward, use bottles with nipples to help Duchess, their Dalmatian, feed her 11-pup, all-male litter.

George Kittrell of Winterville, Ola H. Wilson of Swift Creek and C. H. Little of Winterville.

For constable—Roy L. Dixon of Chocod, Alton Sugg and W. S. Hamilton of Ayden, J. Gus Stokes of Greenville, H. E. Hill of Pactolus, T. L. Perkins of Carolina, Willie R.

Bel and R. F. Clark of Belvoir.

Pitt County Chairman of Elections J. Henry Harrell said today that the registration books will be open at the usual places, beginning Saturday, May 1, and will close at sunset on Saturday, May 15.

Challenge Day is Saturday, May 22, from 9 a.m. to 3 p.m.

Originally the czars and, until the last decade, the Soviets too had only one instrument to use in their expansionist program—armed force. But the Russian government of today has a new and powerful weapon, the world-wide activities of the Communist party as directed by Moscow.

action to all the bloodshed and hatreds which have attended the world war. The impulse was humanitarian and undoubtedly religion entered into its strongly, for England still remembers the commandment: "Thou shalt not kill." The London Daily Graphic summed the death up like this:

"The British idea of justice, founded not on punishment but on mercy, shone through all the arguments in the House, and those who disagree with the verdict should draw satisfaction from the fact that in a world of relaxed standards Britain keeps her principles high."

The plea about the danger of a miscarriage of justice is a powerful one, since mistakes do happen in trials and an error can't very well be repaired after the condemned has taken the six-foot drop. So far as Britain is concerned, her mistakes probably have been very few in modern times, for my observation is that justice maintains a very even balance, and I've seen numerous murder trials there.

The accused is surrounded with far more protection than is provided in most countries. For example, it is forbidden for the prosecution to mention any previous misdeeds of the prisoner at the bar. He may have been convicted of all costs of crimes but none of them may be cited until after the verdict is given. Then the judge may reveal the facts in event of conviction. And no newspaper or other publication may mention the previous sins of the accused during the current trial.

However, once a person has been convicted of murder the execution follows quickly—generally about three weeks. Appeals are handled speedily. Thus if by any chance the accused has been wrongly convicted, it's just too bad for him.

Just Another . . .

would be world domination. When military men draw maps now of possible future Soviet moves, they trace paths forking out toward Gibraltar; down across the Dardanelles into the oil-rich Middle East; up across Scandinavia to the Arctic island of Spitzbergen and to Greenland; outward from Siberia across Alaska, down into China—and, of course, westward into Europe.

Russian footholds have been won in some spots. The Soviets operate coal concessions in Spitzbergen. Manchurian Communist armies receive aid from Russian leaders.

Applied as a military device, Communism is used to paralyze the ability of another nation to resist by force.

The objectives are two-fold: to cripple the mustering of military forces and the operations of government; and to seize control of industry that would support the military by supplying munitions. These objectives are the tasks of Communist agents infiltrated into key spots.

Should Russia decide to make war on the United States, the high command here would watch for widespread sabotage and control efforts carefully timed with the arrival of bombers and airborne commando-type forces.

The immediate goal of the fifth column would be the telephone, telegraph and radio facilities upon which the military relies to direct the operation of its forces. Transportation routes, power lines, gasoline storage and production centers also would be high priority targets.

Actress Refuses Wear Swim Suit

Hollywood, April 19—(AP)—Lauren Bacall is in the Warner Brothers doghouse because she refused to appear in a movie wearing a bathing suit.

"I'm not a bathing beauty; I'd be embarrassed," the actress wife of Humphrey Bogart said before she put out to sea with Bogey in his boat.

Displaced persons of Europe received the 9,000,000 American Red Cross food parcels which were left over when the war ended.

Tug Is Returning Rescued Seamen

Norfolk, Va., April 19—(AP)—The tug Kevin Moran headed for port today with 26 seamen rescued from life rafts in the stormy Atlantic.

The seamen took to the rafts when their vessel, a drydock under tow by the Moran, snapped its towline yesterday in heavy seas off the North Carolina coast and sank. All of its crew were saved.

The Moran radioed Coast Guard headquarters late yesterday it would head for Norfolk, Southport, N.C., or Morehead City, N.C., depending on weather conditions.

Still afloat was a small tanker which the Coast Guard said apparently was being towed astern the drydock. The Kevin Moran will tow the tanker into port.

The tug and the drydock were enroute from Bermuda to New York when the accident occurred some 300 miles off Cape Hatteras, N.C.

Reserve Officers Plan Meeting Here Thursday Night

By CHESTER WALSH

The Reserve Officers' Association of Pitt and Lenoir Counties will have a supper meeting at Respos' barbecue place, on the Bethel highway, next Thursday night at 7 o'clock. New officers elected at the Kingston meeting some weeks ago will be installed and delegates will be elected to the N.C. Reserve Officers' Association to be held in Raleigh next month. Secretary of War Kenneth R. Royall will be the convention speaker.

The new officers to be inducted are Major L. P. Sullivan of Greenville, president; Major E. B. Marston of Kingston, vice-president; and Capt. W. E. Little of Grimesland, secretary and treasurer.

Reserve officers of both counties are invited to join the association.

Charges Farmer With Shooting Cow For Garden Trespassing

Joe Williams, a farmer who lives near Fountain, values his garden, cultivates it and usually gets a good crop of vegetables from it. A runaway, to-wit, one milk cow, the property of Jesse Knight, Negro farmer, who lives in the same community, allegedly committed depredations in Williams' garden, and he warned him to keep the cow off his premises. The cow went back there Sunday, and Williams shot and killed the trespassing bovine.

Williams and Knight were both arrested. Williams for killing the cow, and Knight for allowing his stock to run at large. They both gave bond for appearance at the next term of County Court.

Women in the Church

For the first time in the history of China "the thoughts and ideas of women are forces to be reckoned with," says Professor Liu En-lan of mission-supported Ginling College, Nanking. "Since the war," Dr. Liu declares, "Chinese women have become released from their traditional bondage as dependents and

Deafened People May Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Belton, Dept. 14 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Belton today.

are becoming as essential as men in earning a livelihood for the family. Another change that has taken place in China is the political attitude of the people. Formerly they simply managed their own affairs, cultivating the land to feed the nation and doing business for the economic life of the country, and they left politics to their leaders. Today they themselves are concerned with the political problems and policies of the nation, and are also feeling concerned enough to enter into political activities. Women, too, are interested and are working to get seats on national and city political councils."

There are 156 foreign students (in addition to Canadians) on the campus of the University of Washington. The Seattle Council of Church Women has entertained most of these young people in their homes on such holidays as Christmas, Easter, and Thanksgiving Day. The hostesses have been delighted with the new friends made, and the students have seen something of American Christian home life to take back with them to many distant parts of the earth, the reports indicate.

Woman's Club Behind Contest In Speaking

The Woman's Club will sponsor the Greenville High School World Peace Oratorical contest on Thursday night, April 22, at 8 o'clock in the club house. The students participating are under the leadership of Mr. R. B. Stirling of the high school faculty. Members of the Lions, Kiwanis and Rotary clubs will act as judges.

Immediately following the contest there will be a panel discussion of the United Nations by four prominent Greenville men.

ever pray for a miracle?

Her husband's out in the waiting room now. Waiting to see if they can stop Cancer from eating out her life. Trying to believe she has a chance. Praying for a miracle.

This time they discovered Cancer in time and he'll be able to take her home.

They're performing many a miracle like this one in hospitals all over the country. But the great miracle millions are praying for is that science will find a cure for all cancer. Last year Cancer killed more than 188,000. Sooner or later it reaches, on the average, into every other home in America. It takes the young as quickly as the old—the rich as surely as the poor.

Next time you see a Cancer donation box, remember it's your chance to buy protection for your friends, your family or perhaps yourself.

Your dimes and dollars help buy more X-Ray and surgical equipment...support laboratory projects to study Cancer...help speed hundreds of scientists in the race to conquer Cancer.

HAUNTED HOLIDAY

Chapter 18

Pebbles slid and crunched beneath their boots as Vince and Johanson trudged along the tide line toward the Oland farm. Since leaving the house the investigator had been sunk in a morose silence but now he pointed at a V formation of ducks silhouetted against the somber sky.

"Look at that, Bonny! They're flying south already!"

"Well Johanson, I'm afraid you're another victim of Manny's."

Johanson grunted and sent a stone skipping across the water.

"The more I learn of that son-of-a-gun the more I wonder why he wasn't murdered long ago. Every member of his family certainly had a motive."

"Except Julia," Vince corrected.

"She had the most obvious reason of all—money."

"Julia has her own inheritance, Manny was just her legal guardian."

Johanson shot him an ironical glance. "I went through his papers, Bonny. Julia didn't inherit so much—about fifty thousand—but with both Manny and Sophie dead and Hugh non compos mentis, she stands to come into a fortune."

"But Julia..."

"Why not? She's very attractive, I'll agree, but you know as well as I do that you can't judge a criminal's insides by his outside."

"A minute ago you were convinced the murderer was Hugh," Vince argued.

"The investigator shrugged. 'I don't know. Everyone insists he's quite harmless, but suppose he had a shock that restored his memory? Wouldn't it be logical for him to blame Manny and his sister for his predicament?'"

"But he'd have no reason to hate Julia."

"A maniac doesn't need a reason, that's why I'm having Julia guarded from now on—she may be next in line for all we know. I'm getting Dr. Zendo over from Seattle to examine Hugh; he's a noted psychiatrist and I've staked my reputation on him more than once."

N. C. Wallacites Get Outside Aid

Winston-Salem, N.C., April 19 — (AP)—North Carolina's Progressive party—a Wallace for president group—has been told it will get \$1,000 before its first convention here next Sunday.

The promise came from the New Jersey Wallace for president committee. It followed a talk in Newark Saturday by William Richardson, an official of the North Carolina party. He said a recent state election board ruling required the party to pay ten cents to investigate each signer of its election petitions. A minimum of 10,000 signers is necessary to get Wallace's name considered for the ballot—and \$1,000 to review the petition—he explained.

Miss Mary Price, state chairman of the new party, has announced plans for the founding convention, and a public mass meeting to follow Sunday afternoon. Both will be in the Liberty tobacco warehouse.

The morning convention will adopt a platform and a plan of organization. And it will elect state officers and delegates to the national third party convention in Philadelphia July 24-25. More than 500 delegates will attend the state convention, Miss Price said.

Sen. Glen Taylor of Idaho, Wallace's running mate, will be main speaker at the public meeting.

Imperial Life Ins. In Meeting Here Friday

New Bern district of the Imperial Life Insurance Company held its meeting here in Greenville at the Air Port Inn last night with M. K. Horner, manager of the New Bern district, and Mr. L. T. New, general manager of the company, lecturing and explaining new contracts and retirement plan going into effect July 5, 1948. Representing the company here are J. M. Galloway, E. E. Harris, J. L. Briley, G. W. Hopkins and V. H. Gaskins, superintendent. The office is in the State Bank Bldg. There were 21 counties represented, all territory east of Goldsboro. About 40 men were present including five superintendents.

Mr. L. T. New, general manager, gave the green light to the Greenville office in contracts, office equipment and man power.

Vince had a vision of Hugh's face contorted in childish terror. "Man, you can't do that! Julia said he was scared to death of dogs!"

"That's too bad," Johanson's voice was wearily merciless. "He may be a class A murderer—we can't take any more chances with him."

Approve 38 New Public Projects

Washington, April 18—(AP)—House subcommittees today approved 38 new flood control and river and harbor projects totaling more than \$36,000,000 in estimated cost.

The action was taken by public works subcommittees. The full committee is expected to act tomorrow.

The subcommittees, headed by Rep. Angell (R-Ore.) and Rep. Earl Wilson (R-Ind.), approved in addition preliminary surveys for 18 other proposed projects.

The new projects require congressional authorization and approval of the President. Then, before work can be undertaken on them, Congress must appropriate the actual money.

Flood control projects in the bill included no Southern states projects. Rivers and harbor projects included:

Norfolk harbor, Va., southern branch of Elizabeth River \$1,730,000; Stumpy Point Bay, N.C. \$32,500; Inland Waterway, Beaufort to Cape Fear River, including waterway to Jacksonville, N.C. \$196,000.

Erwin Amplifies School Program

Raleigh, N.C., April 18—(AP)—Dr. Clyde A. Erwin, state superintendent of public instruction, said today he would push for adoption of minimum year salary of \$2,400 for school teachers.

Erwin, who advocated the \$2,400 minimum for "A" certificate teachers in a speech to the state convention of the N.C. Education Association at Asheville last week, amplified his school program in an interview today.

He said although he did not mention a maximum salary, "I was thinking of increments above that amount of \$100 for each year of experience."

Big War Games Slated On May 8

Pt. McPherson, Ga., April 18—(AP)—About 10,000 troops of the 82nd Airborne division at Ft. Bragg, N. C., will participate in the nation's largest peace-time maneuver since World War II.

The maneuver—termed Exercise Assembly by army officials—will be staged on the Kentucky-Tennessee borders, beginning May 8th.

Late Sports

Boston, April 18—(AP)—Philadelphia's Athletics spoiled the home debut of the highly regarded Red Sox today by shading the Boston club 5-4 in 11 innings before a Patriot's Day morning crowd of 2,609.

The same teams will meet again in an afternoon contest.

Ex-Governor On Tour To Awaken American Public

Winston-Salem, N. C., April 18—(AP)—There is a better than even chance that only 10 per cent of us will be alive in the United States a few years hence, George H. Earle, former Governor of Pennsylvania, said here today.

The former governor, the only Democratic to hold the job in 57 years, was resting at a local hotel before his address tonight in Statesville at an area conference of Lions Clubs.

He has been conducting a personal campaign since his return from Turkey in 1946 to "awaken the American public to the danger of Russian expansion."

"I have come to North Carolina to tell the people of what a frightful menace they face in Russia," he said. "I only hope that 95 per cent of what I say is wrong, but I fear that it isn't."

Eppes Glee Club To Give Concert

The Eppes High school Glee Club will present its annual concert Tuesday night, April 20, 1948 in the Eppes auditorium at eight fifteen o'clock. This aggregation of singers made a fine showing in the District Music Contest on last Wednesday with a rating of one in five events entered. They will be greatly encouraged by your presence at their concert.

A WORKING TIE
Peoria, Ill.—(AP)—A man, says Paul Martens, should dress for his job. He's a clerk in the post office. His yellow tie bears the postal stamp mark: Insured, Eggs, Perishable, Special Delivery, Postage Due, C.O.D., Liquid, Fragile.

TRANSPLANTED TOBACCO
A report to the Daily Reflector today was that Louis Buck had set out tobacco plants on G. C. Buck's farm. This is the first transplanting of tobacco plants reported this year.

Insurance companies lost \$225,000,000 in the San Francisco fire of 1906.

Politician Knows Success Secret To Keep Office

Batavia, Java—(AP)—Politicians looking for a magic formula for staying in office should study the career of Raden Adipati Ario Tjakra-nigrat, 61-year-old Indonesian, for possible clues, though how he does it is not clear.

Before the war he was Dutch-appointed regent of Sampang and Bangliakan, on Madura island.

When the Japanese invaded they appointed him resident governor of all Madura island. He held the office until 1945, when the Japanese surrendered and the Indonesian Republic appointed him to the same job.

When the Dutch recaptured the island in their "police action" of last summer, they appointed as resident, Raden Adipati.

Last February 20, when the semi-autonomous state of Madura was set up, the chosen "chief of state" for the island's 1,000,000 inhabitants was Raden Adipati, of course.

Minstrel Scheduled To Be Presented At Ayden High School

The Veterans' Club of East Carolina Teachers College will present their minstrel, "Follies of 1948," at the Ayden High School auditorium Thursday night, April 22, at 8:15.

Reserved seat tickets may be obtained from W. B. Phillips at Blount-Harvey's store in Greenville. The Ayden Lions' Club is sponsoring the show. The proceeds will be allotted to the Lions' fund for assisting the blind and near-blind.

"Follies of 1948" won high praise from large audiences when it was presented at the college recently.

In charge of the production are Marie Wallace, local dance director, who has had many years' experience as a professional dancing instructor; Ed Bloom, Greenville attorney, who is directing the show, and who has staged seven successful minstrels for the Greenville Kiwanis Club; Jack Hedgepeth, president of the college Veterans' Club, and intern feature in the Follies cast, and Rosalie Brown of Greenville, director of music.

The public is invited to attend the Follies in Ayden. It is for a worthy cause.

ELECTED TO MEMBERSHIP
New York, April 18—(AP)—Two North Carolina daily newspapers were elected to regular membership in the Associated Press today. They are the Lenoir News Topic and the Roanoke-Cowan News of Ahoskie and Mufreesboro.

Masked Bandits . . .

(Continued from Page One)
were reported locked in a closet while the marauder downstairs was attempting to make the proprietor disclose the combination of the safe.

Upon Mrs. Waddell's frantic pleas that her baby would smother in the closet, the upstairs bandit reportedly released her from the stuffy prison and tied her up. Then the man allegedly brought from downstairs a bottle of milk for the baby and tucked the infant snugly into bed. Removing the proprietor's shoes, the man downstairs used pliers to twist Waddell's toes, applied a red-hot knife to the soles of his feet and then jabbed at his face with lighted cigarettes as the owner lay trussed and helpless.

The tactics were purportedly abandoned when Waddell and his wife continued to maintain that they did not know the safe combination.

Hog Market

Raleigh, April 18—(AP)—(NCDA)—Hog prices 75c to \$1.25 weaker. Tops of \$19 at Rocky Mount, Clinton, Warsaw, Lumberton, Chadbourne, Fayetteville, Florence, S. C., and Richmond, Va.; \$18.50 at Greenville, New Bern, Smithfield, Mt. Olive, Goldsboro, Washington, and Jacksonville.

Poultry and Eggs

Raleigh, April 18—(AP)—(NCDA)—Fryers and broilers slightly weaker at 38 with few at 39; eggs, slightly stronger, A large 44-45.

N.Y. Cotton

New York, April 18—(AP)—Cotton futures opened 45 cents to \$1.00 a bale higher. Noon prices were 40 cents to \$1.05 a bale higher than the previous close. May 37.73, July 37.09 and Oct. 33.62.
