

Planners Say Two Million Required

Joint Chiefs Of Staff Believe More Men Would Be Viewed As Step Toward Aggressive War; Recommendations Based On Political And Defense Needs

Washington, April 29—(AP)—The high command, working with foreign policy framers, thinks two million men are enough for defense—that more might be viewed abroad as a move toward aggressive war.

The joint chiefs of staff, it was learned today, used such a diplomatic yardstick to help it measure the size of the recommended peacetime military establishment.

The joint chiefs' organization is composed of the military heads of the Army, Navy and Air Force, plus Adm. William D. Leahy, the chief of staff to the President. They constitute an advisory group to Secretary of Defense Forrestal.

The overall military policy is shaped by the National Security Council which includes President Truman, Secretary of State Marshall, Forrestal and the civilian secretaries of the armed forces. The military planning thus is designed to be geared to the diplomatic thinking by the council.

Forrestal himself disclosed cryptically that factors other than cost are being weighed in the recommendations. In a New York City address he said that the recommendations "might justifiably be viewed as preparation for war."

The joint chiefs, accordingly, made their recommendations for the fighting services within the framework of political as well as military objectives.

There is what they want for a peacetime defensive force (present manpower figures in parentheses): An Army of 337,000 men (340,000) in the regular establishment, 650,000 (250,000) in the National Guard.

The regular army would be organized into 12 divisions, plus 50 battalions of anti-aircraft defense. A Navy of 356,000 regulars (360,000), 220,000 (150,000) organized reserve.

They would maintain about 300 combatant ships including about 16 carriers and 32 air groups. An Air Force of 502,000 men (335,000). The ultimate objective would be a 70-group force at full strength or a little over full strength.

(Forrestal proposed to a Senate committee last week a compromise 60-group plan. Adm. Leahy said this is an interim figure arrived at because four groups—two tactical and two troop carrier—would be used for support of an 837,000-man army. The army, he said, does not presently exist and until it does the four air support groups of 192 planes will not be needed.)

A Marine Corps of 108,000 men, with 40,000 more in the organized reserve. This would be a peacetime force.

Big Pay Increase For Officers Of Textile Union

Atlantic City, N.J., April 29—(AP)—The three top officers of the CIO Textile Workers Union today received pay increases totalling \$15,000 a year.

Some 2,000 delegates to the union's convention approved by standing vote a resolution raising President Emil Rieve's salary from \$10,000 to \$16,000 a year. The same resolution increased Executive Vice President George Baldanzi's pay from \$9,000 to \$13,500 and Secretary-Treasurer William Pollock's from \$8,000 to \$12,500.

Earlier this week the convention approved an increase of per capita tax from 75 cents to a dollar a week for the union's 450,000 members.

Rail Strike Threats

The Unions Involved; Why The Taft-Hartley Law Does Not Apply; The Railway Labor Act; How It Has Worked In This Case; Mediation Board In Picture

By JAMES MARLOW

Washington, April 29—(AP)—Two big railroad unions—the switchmen, and the firemen and engine-men—threaten to strike May 11.

A third big union, the engineers, may strike then, too. All three have been fighting for a pay raise. Such a strike would tie up the country.

Isn't there a law to stop it? No. How come? Wasn't the Taft-Hartley law, passed last summer, supposed to stop a big strike like that?

Wasn't that Taft-Hartley law used a couple of weeks ago to stop John L. Lewis' big coal strike? Why can't it be used in this case?

In the first place, there's no law that says a strike must be stopped permanently. At best a strike can only be delayed a while.

But the Taft-Hartley law does not apply to railroad unions. The law itself says so.

Jews Claim New Victories; Arab Town Captured

Many Flee Troubled Holy Land; Arab Forces Continue Preparations

Jerusalem, April 29—(AP)—The Jews claimed victories today in fights ranging some 15 miles south of the Jordan River Valley from the Sea of Galilee.

Jewish sources in Haifa said that during the night Jews captured the Arab stronghold of Belsan, valley town about 15 miles south of the sea used as a way station by Arab warriors stealing in from Trans-Jordan.

Jewish reports to Jerusalem were that the Jewish militia Haganah routed Arabs in a five-hour battle today and took a police station near Samakh. The Arabs had occupied Samakh at the southern tip of the Sea of Galilee.

The Jewish press charged that Arab Legionnaires coming from Trans-Jordan joined other armed Arabs in yesterday's attack on the Jewish collective settlement of Gusher, but there was no official confirmation.

Fifteen Jews and two Arabs were said to have been killed in various Palestine clashes since last night. In all, 3,445 persons, by unofficial count, have been slain in the Holy Land in the past five months.

People fleeing the troubled Holy Land are streaming southward across the Egyptian border while soldiers, guns and vehicles move northward toward the frontier.

Foreign correspondents noted evidence of both movements on an automobile trip yesterday into Jerusalem from Cairo. Before they left, they got unconfirmed reports that half the more of the Egyptian army had been ordered to be withdrawn just below Palestine.

Northwest of Jerusalem on the coast, Jews striking from all-Jewish Tel Aviv showed determination to go ahead with their attack upon neighboring all-Arab Jaffa in the face of British opposition.

In Amman, Trans-Jordan, Regent Abdul Ilah of Iraq told a reporter last night all Arab countries are agreed to "rescue Palestine" and said their regular armies will act soon. Trans-Jordan's foreign minister said the armies will take action long before May 15—the day the British give up their Holy Land mandate.

Fourteen Injured In Yesterday's Parachute Drops

Fayetteville, N.C., April 29—(AP)—Fourteen men were injured yesterday in a mass jump of 1,500 paratroopers.

The Army, releasing that report today, said no one was killed. Of the 14, only six required hospitalization. Two of them received fractures.

But there were several narrow escapes. The parachute of one did not open and the trooper pulled his emergency chute. The cord within 200 feet of the ground.

The paratroopers were of the famed 82nd Airborne Command. They were rehearsing for "Exercise Assembly" which will be held in May by the Third Army and the Ninth Air Force on the Kentucky-Tennessee border.

TROOPS ON MOVE

Amman, Trans-Jordan, April 29—(AP)—Regent Abdul Ilah of Iraq said today his country's army has started moving from Baghdad toward Palestine and will pass through Trans-Jordan.

When there's a big strike, the government can step in and ask a federal judge to stop a strike for 80 days.

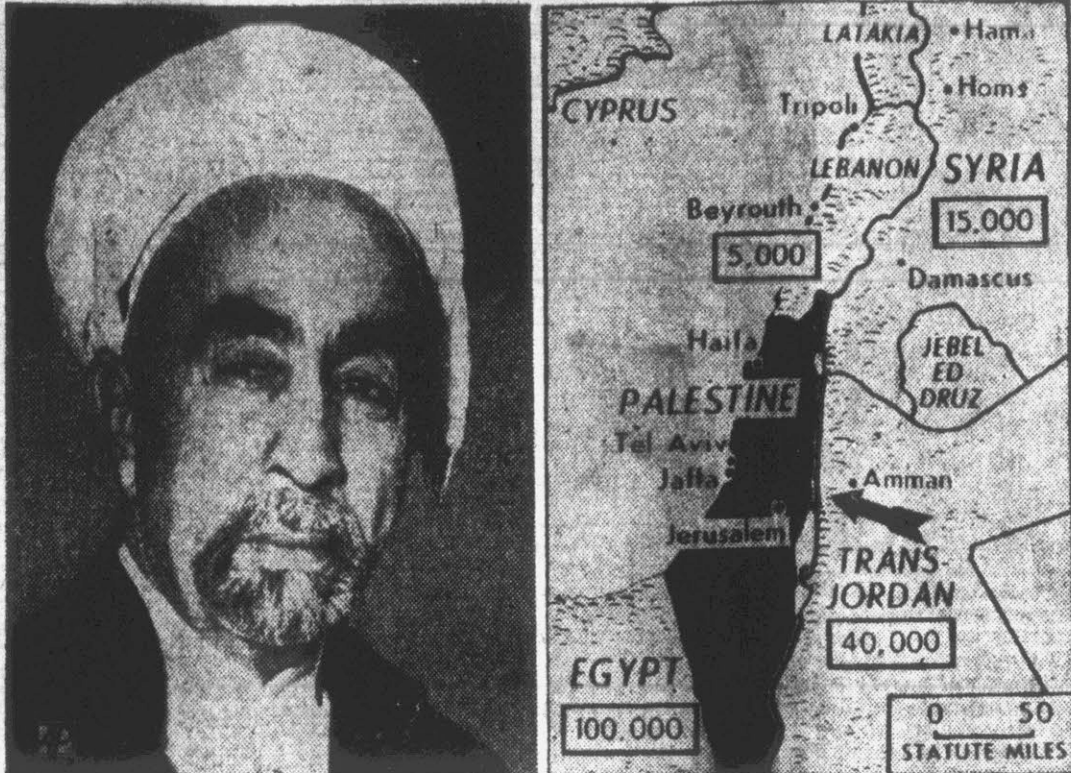

When such an order is issued, it's compulsory. The union must not strike for 80 days. Those 80 days of no strike just mean that much more time for a union and an employer to reach an agreement.

It's different under the Railway Labor Act. It outlines various steps for delaying a strike.

But not one of those steps is compulsory for a railroad or a railroad union. Either side can ignore any, or all, of the steps.

Both sides have always more or less followed all the steps. Public opinion would be against the side which didn't.

Arabs Reported Ready To Invade Palestine

King Abdullah of Trans-Jordan (left) is reported to be getting ready to lead his British-trained Arab Legion into Palestine to fight the Jews. Some 10,000 of his soldiers already are in Palestine on security duty with the British. Boxes on the map at right indicate the approximate numbers of Arab troops available in Lebanon, Syria, Trans-Jordan, and Egypt for the reported invasion of Palestine. The black arrow points to the area north of Jerusalem into which one company of the Arab Legion is reported to have entered "under British orders." (AP Wirephoto.)

Kilgore Attacks GOP Strategy

Says GOP Senators Have Blocked Labor Law Modification

Atlantic City, N. J., April 29—(AP)—U. S. Sen. Harley M. Kilgore (D-W.Va.) said today Senate Republican leaders have "shoved into cubbyholes" bills to repeal and amend the Taft-Hartley Act.

Kilgore, in an address prepared for the CIO Textile Workers Union convention, said some Republican senators want to change the law—"they want to make it worse."

The Senate "has refused even to consider" a bill sponsored by him and others senators to repeal the law. Kilgore said.

"Potentially, labor is a major force in our democratic society, yet actually its voice appears weak on many occasions," Kilgore said. "Through its failure to exercise its true strength, in all fields, in behalf of the American families struggling for a better life, labor has permitted its enemies to capture control of Congress."

"While the corporate profits have climbed steadily," he said, "the average family has been forced to dig deeper and deeper into the family savings. In most cases the money saved during the war years is gone. On the other hand the 'hard-pressed' corporations have grown fatter and fatter."

The convention invited Hyman Gurinsky, who was ousted recently as president of Paterson, N. J., local 75 on charges of Communist activity to give his side of the question today.

In a move unprecedented in the union's nine-year history, Emil Rieve, president, said rules would be suspended to give Gurinsky an opportunity to tell his side of the case to some 2,000 delegates.

Remove Pickets At Fayetteville Plywood Plant

Fayetteville, April 29—(AP)—Pickets of the United Mine Workers of America were withdrawn today from the Thompson Plywood Company. There was no official explanation.

The picket line was established Monday after the company reportedly refused to agree to an election on whether the UMW would be the employees' bargaining agent.

Employers said they would agree to an election only if ordered and conducted by the National Labor Relations Board. The UMW cannot qualify, because its chief, John L. Lewis, has not taken an anti-Communist oath.

The company has been in continuous operation since Monday, despite the picket line. Some members of the line were not employees of the company.

Tobacco Branch Director Slated Retire May 31

Washington, April 29—(AP)—Charles E. Gage, a native of Nebraska, will retire May 31, as director of the Agriculture Department's Tobacco Branch. He has been an employee of the Department for 42 years.

This was announced today by the Department. It said he will be succeeded by James E. Thigpen, now assistant director of the Tobacco Branch. Thigpen is a native of North Carolina.

Thigpen's place will be taken by Stephen E. Wraether, of Kentucky, who is now an assistant in the tobacco Branch.

All He Can Get

Washington, April 29—(AP)—President Truman said today he accepted proposals to combine a temporary draft and a universal training program because it was all he could get out of Congress.

The President told a news conference the idea of blending the draft and universal training was an acceptable compromise. Then he added that it was because it was all he could get. It was, he said, a step in the right direction.

Anti-Communist Bill Is Delayed

Hits Temporary Snag; Appropriations Given Priority

Washington, April 29—(AP)—A bill putting it up to Reds to change their color or face fines and jail terms hit a temporary blockade in the House today.

Backers wanted to get the anti-Communist measure passed next week. Rep. Mundt (R-S.D.) claimed support of "an overwhelming majority for this telling blow against the forces of subversion in America."

But Speaker Martin (R-Mass.) told a reporter bills appropriating money for several government agencies must come first. So the House may not vote until the second week in May. After that it will be up to the Senate to act.

The anti-Red bill was okayed yesterday by the House Un-American Activities committee. Into it went parts of a bill introduced by Mundt, plus a lot of ideas worked out by Rep. Nixon (R-Calif.) and a subcommittee Nixon heads.

"We aren't attempting to outlaw Communist thinking," said a spokesman. "We're trying to get the theory," Nixon told reporters. "Under this bill the Communist party could operate as a legitimate, American political party, above ground and without foreign connections."

"But it would be a crime to continue attempting to establish a Communist totalitarian dictatorship, or to aid and abet such an attempt."

The bill says it is a matter of fact that an international Communist movement is conspiring to set up totalitarian dictatorships through organizations it controls in other countries.

Washington, April 29—(AP)—Price and ration controls should be blue-printed and then looked up as "top secret" with other war plans, a United States Chamber of Commerce leader advised today.

Not until peace efforts fail, said William S. Street of Seattle, should Americans decide they cannot deal "as free men" with their problems at home and their burdens overseas.

"Maybe one of the crucial issues is to stop talking crisis in this country and to start talking confidence," Street told the Chamber as its 56th annual meeting entered its fourth and final day. He is chairman of the organization's economic policy committee.

The country's largest business group endorsed, by unanimous vote, President Truman's national defense program including the temporary draft, universal military training and a bigger army, navy and air force.

But battle flared over a resolution—finally approved—urging paroled-down government powers in developing water power, dam, irrigation and similar projects.

That resolution struck directly at the Tennessee Valley authority and also condemned all proposals for new "authorities" such as those contemplated for the Columbia and Missouri Valleys.

Truman Objects To Atomic Delay

Says Republican Policy Would Bring "Uncertainty"

Washington, April 29—(AP)—President Truman today hit at Republican proposals to give his atomic energy commissioners short-term terms in office. He said that would delay atomic energy development.

Present terms of the five commissioners run out next Aug. 1. Some Republicans are talking of giving them one or two years more in office instead of staggered terms up to five years as provided by present law. They reason that a Republican President may take over next year and want to name new commissioners.

Truman read to a news conference a statement saying that to give the commissioners short terms would "restore the pall of uncertainty that surrounded atomic development for nearly two years after the Japanese surrender."

"Such a proposal," he said, "would have an adverse effect upon the urgent business of pushing ahead in our knowledge and utilization of atomic energy both for use in our economy and for our defense."

He said the commissioners were appointed "without any reference to their political affiliations."

Asked about other Republican proposals to extend the reciprocal trade program for one year, instead of for three as asked by the administration, the President said that is terrible.

He said the nation's foreign policy and European recovery is based on a longer extension of that program. He agreed with a questioner that failure to extend the trade act would make it impossible for Marshall Plan Countries to repay that part of the aid program that is repayable.

British Fire On Irgun Zvai Leumi

Jerusalem, April 29—(AP)—The British struck with artillery and diving planes today at the battered Mentshieh quarter of Jaffa, which Irgun Zvai Leumi captured yesterday after four days fighting with the Arabs.

The promised British counterattack developed as officials of Egypt and Iraq said large parts of their armies were moving on Palestine.

Views Price And Ration Controls As 'War Plans'

Washington, April 29—(AP)—Price and ration controls should be blue-printed and then looked up as "top secret" with other war plans, a United States Chamber of Commerce leader advised today.

Not until peace efforts fail, said William S. Street of Seattle, should Americans decide they cannot deal "as free men" with their problems at home and their burdens overseas.

"Maybe one of the crucial issues is to stop talking crisis in this country and to start talking confidence," Street told the Chamber as its 56th annual meeting entered its fourth and final day. He is chairman of the organization's economic policy committee.

The country's largest business group endorsed, by unanimous vote, President Truman's national defense program including the temporary draft, universal military training and a bigger army, navy and air force.

But battle flared over a resolution—finally approved—urging paroled-down government powers in developing water power, dam, irrigation and similar projects.

President Plans Start Campaign In Chicago Talk

Cross Country Speaking Tour May Include Hunt For His Running-Mate

By the Associated Press
Plans were shaping up today for a cross country speaking tour by President Truman only a month ahead of the Democratic National Convention.

Unless developments in Washington or abroad intervene, Mr. Truman is scheduled to open his personal appearance campaign June 2 in Chicago. There he is to address a Swedish immigration celebration.

Two days later he may visit Omaha where his World War I buddies of the 35th Division will hold their annual reunion. From there he is expected to go to the Pacific Northwest before making the commencement address at the University of California on June 12.

Although not openly ticketed as a political junket, the tour's details are being worked out by Democratic National Chairman J. Howard McGrath.

Mr. Truman's search for a running mate could be tied into the transcontinental travels. Gov. Mon Wallgren of Washington has been mentioned as a likely vice presidential choice. He may play host again to Mr. Truman, who visited him in 1945.

Meanwhile, the President's Republican opponents were off on speaking tours of their own. Harold G. Stassen, the former Minnesota governor who holds the GOP popularity title to date, was in New Jersey to bid for the state's 35 convention votes.

The New Jersey convention slate already has been chosen and pledged to the favorite son, Gov. Alfred E. Driscoll. But Stassen had a luncheon date today with the delegates and other leading state Republicans at Trenton. He spoke on foreign affairs at Princeton last night.

'Brush-Off' For Reds On May-Day

Most Of Western Europe Turns Cold Shoulder On Holiday

London, April 29—(AP)—The Communists will have to celebrate May day on their own this year in most of Western Europe's Democratic capitals.

Socialists and Moderate Labor groups are giving the Communists the cold shoulder as never before in planning for the traditional labor celebration Saturday.

Day was established as an International Labor Holiday in 1890 at a Socialist Congress in Paris. In most countries it has become Labor Day. The Russians have it a National holiday, and this year they plan one of their biggest celebrations in Moscow.

Huge pictures of Lenin, Stalin and other Bolshevik leaders have been placed on buildings, and the city is going all-out in decorations. The Russians are combining celebrations, since May 1 is the third anniversary of the entrance of Russian troops into Berlin.

In Western Europe, however, the Communists generally find themselves snubbed.

Dual celebrations, in some cases for the first time, were called by Communists and non-Communists in London, Oslo, Paris, Berlin, Amsterdam, Brussels and Copenhagen.

Police Guarding Teacher After Threats, Shots

New York, April 29—(AP)—A pretty blonde Brooklyn high school teacher conducted mathematics examinations under police guard today after her home was the target of a fusillade of rifle shots last night.

Only a few minutes before the rifle fire began the mother of Miss Margaret Jokiel, the high school teacher, received two mysterious phone calls from an anonymous woman caller who said:

"If she doesn't pass everyone in mathematics tomorrow something will happen. She'll be pushing in daisies."

Blue-eyed, 24-year-old Miss Jokiel today said "I'm not afraid," as she supervised examinations in the Fort Hamilton high school.

Beside her at all times in classrooms and halls was police Sgt. Geo. J. Noell, an uncle assigned to guard her.

Committee Okays Nominee Sawyer

Washington, April 29—(AP)—The Senate Commerce Committee approved today the nomination of Charles Sawyer, Cincinnati Democrat, to be secretary of commerce. The nomination now goes to the Senate for action.

Mediators Confer With Brotherhood

Oleo Tax Fight Moves To Senate For Final Round

Washington, April 29—(AP)—With oleomargarine better than a two to one victor over butter in the House, the battle of the bread spreads moved into the Senate today.

Opinions differed sharply on what will happen there.

The House yesterday voted 260 to 106 to repeal the 62-year-old federal taxes on oleo. It rejected all dairy bloc efforts to compromise. These would have dropped the taxes but required the packaging of oleo in triangular or circular sticks.

1. Senator Taft (R-Ohio), chairman of the Republican policy committee and presidential aspirant, is on the oleo side. He is expected to drive hard for passage of the tax repealer bill.

2. The Senate Agriculture and Finance committees may wage a tug of war for jurisdiction over the legislation. Dairy state members figure they will have a better chance to bottle up the bill in the Agriculture committee.

Oleo backers already have suffered a preliminary rebuff in the Senate. A move to attach a margarine tax repealer to the income tax reduction bill was beaten 45 to 38. However, this was not accepted as a fair test as Chairman Millikin (R-Colo.) of the Finance committee argued then that the two subjects should not be mixed.

Millikin said today if the oleo bill is sent to his committee he will seek prompt action.

But Senator Thye (R-Minn.), member of the Agriculture committee, told reporters: "We will do our utmost to defeat the bill." He represents one of the great dairy states.

The federal taxes that the legislation aims to kill are:

10 cents a pound on colored oleo; 1-4 cent a pound on uncolored; \$600 a year on manufacturers; \$450 on wholesalers of colored oleo; \$300 on wholesalers of the uncolored product; \$48 on retailers of colored oleo; \$5 on retailers of uncolored.

Arabs Turn Down Police Proposal For Jerusalem

Lake Success, April 29—(AP)—The Arabs today rejected a French proposal for an international volunteer police force for Jerusalem.

The Jews agreed to the proposal for a 1,000-man elite force to safeguard Jerusalem's Holy places under a proposed truce, but the Arab rejection dashed hopes for its establishment.

Jamal Husseini, vice-chairman of the Arab higher committee for Palestine, told the United Nations trusteeship council the Arabs "object to foreign troops being sent to our country." He said the term troops also meant police.

Husseini added that the Arabs would not resist the proposed police force but would never agree to it.

Gov. Proclaims Mother's Day

Raleigh, N.C., April 29—(AP)—Governor Cherry today proclaimed Sunday, May 9, as Mother's Day in North Carolina.

The governor said in his proclamation that Mother's Day was set aside "in appreciation of the love and devotion of our mothers."

Palestine Situation

Gravity Of Crisis Emphasized; Britain Will Not "Sit On Lid" Of Potential Explosion; Time Is Short For UN To Keep Peace; Barrier To Any Truce

By DeWITT MacKENNIE

The gravity of the Palestine situation is emphasized by Britain's emphatic reaffirmation, delivered in Foreign Secretary Bevin's blunt language, that she is determined to withdraw from the Holy Land officially by May 15.

That smashes any hopes still held in United Nations circles that England might be persuaded to continue sitting on the lid. Some of the more optimistic have kept in mind that last October Britain said she would be prepared, under certain conditions, to continue administration of Palestine until independence was achieved if the Jews and Arabs settled their differences. However, Secretary Bevin himself referred to this in his statement to the House of Commons and added:

Meet With Labor Representatives In Final Attempt To Stave Off Railroad Strike; Talks With Management Hinge On Results Of Meeting

Chicago, April 29—(AP)—Federal mediators met with Labor representatives today in a final attempt to head off a nationwide railroad strike on May 11.

Chairman Frank Douglass of the National Railway Mediation Board and Francis A. O'Neill, Jr., a board member, came here from Washington this morning. The strike date was announced yesterday by two brotherhoods of rail operating workers.

Douglass first arranged to meet with labor spokesmen to determine if there is any basis for resolving the wage dispute. Talks with management, he said, hinge on the outcome of the conference with labor.

Talks between labor and management aimed at ending the wage controversy collapsed late Tuesday night.

The strike notice was announced yesterday by the Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of America. The walkout, which would cripple the nation's 226,000-mile railroad system, was set for 6 a. m. a week from next Tuesday.

The Brotherhood of Locomotive Engineers, the third operating Union seeking a 30 per cent wage increase with a minimum of 13 a day and changes in working rules, did not join in the strike notice. A spokesman said his union has "not made up its mind if and when a strike date will be set." He added it was his union's understanding that each brotherhood could act independently.

Wage negotiations between the carriers and the three brotherhoods representing about 150,000 members, collapsed Tuesday night. The Unions had announced a strike call would be issued yesterday.

Although the two Unions which have called a strike represent only a small number of the country's estimated 1,350,000 railroad workers—including 350,

Social and Personal

All items for this page received after 10:00 A. M. will be published the following day. Dial 3395 9:00 A. M. to Noon — 1:00 to 4:30 P. M.

Miss Bratha Reagan is recuperating from a tonsillectomy in Pitt General hospital.

Mrs. Porter Hostess to Round Table
The Round Table had a very enjoyable meeting on Tuesday, April 27, at the Woman's Club with Mrs. Howard G. Porter as hostess. Her guests were Mrs. John Karsnak, Mrs. J. K. Long and Miss Lella Higgs. Mrs. Porter served a sweet course with coffee.

Mrs. E. R. Browning, the president, presided over the business meeting. Reports were given by Mrs. D. L. Moore of the Civics committee and Mrs. D. S. Spain, Jr., of the program committee.

Mrs. J. E. Nobles introduced Mr. C. S. Winchester, farm agent. His talk on "Agriculture and Industry in North Carolina," was most informative and interesting. He stressed the need of raising diversified agricultural products, especially in this section of the state, where the principal occupation is farming.

Mrs. Charles Horne gave news items pertaining to agriculture and health. Mrs. Milton White reported as pronunciation referee.—Reported.

Open House For Young Ladies
Interested in Nursing
Members of the junior and senior classes of the schools of Pitt County, who are interested in the profession of nursing, are invited to open house at Pitt General hospital on Friday afternoon from 3:30 to 4:30. The members of Pitt County Medical Auxiliary will be hostesses.

Because of the crowded conditions at the hospital only girls who are interested in the nursing profession will be expected.

Dixon-Mills
The wedding of Miss Mildred Joyce Mills to Mr. Mack Vernon Dixon will take place in the Free Will Holiness Church in Black Jack on Saturday afternoon, May 1, at 5 o'clock.

SOCIAL CALENDAR

THURSDAY

8:00 p. m.—Fashion and Melody Revue in Austin auditorium sponsored by Business and Professional Women's Club. Benefit of Community Recreation Center.

FRIDAY
6:30 p. m.—Kiwanis Club.

Chilcoid F. H. A. Party Planned
The Home-makers of Chilcoid High School met April 26, at 8 p. m. in the Home Economics building with a few members present.

The meeting opened by everyone standing and repeating the club motto. The old business was discussed on having a Leap Year Party. It is to be on May 8 at the school. The group talked about going to camp, at White Lake. Martha Lee Edwards, Naomi Rouse and Bobbie Ann Smith are planning to go from Chilcoid.

New business was to put pictures of the president and the club members in the paper. The members were reminded of the meeting at E. C. T. C. Friday in Greenville.

The meeting was then adjourned. Very delicious refreshments were served. Three visitors attended the meeting.

Shirley Rose Buck, Reporter.

Chatham Book Club

Mrs. C. A. Bowen entertained the Chatham Book Club at her home on Library street Monday afternoon at 3:30. The house was beautifully decorated with roses and lilies of the valley.

Mrs. L. T. Shotwell, in the absence of the president, presided over a short business session. Mrs. A. C. Ruffin reported on the dinner meeting of the Recreation committee. The books were exchanged.

After the business was concluded, Mrs. Earl Forbes gave an interesting program on the "Life of Milton Hershey." Hershey began as a printer's devil on a small paper; turned to candy making and built up a huge chocolate industry. He founded the Hershey Industrial School for orphan boys at Hershey, Pa., and in 1918 transferred to it his entire wealth.

The hostess assisted by Mrs. Luther Bowling served a delicious sweet course with coffee.

Birth Announcement
Mr. and Mrs. Charles W. Howard, Jr., announce the birth of a daughter, Cynthia Ann, on April 28 in Pitt General hospital.

Attention B. P. W. Members
Please return all tickets tonight—Austin auditorium. Mrs. Margaret Williams, treasurer.

Dr. Lucille Charles Addresses AAUW On Children's Plays

On Monday evening the local branch of the American Association of University Women enjoyed an informal talk on "Behind the Footlights in Producing Children's Plays," by Dr. Lucille Charles of the English Department at E. C. T. C. She reviewed briefly the association of the Chi Pi Players and the A. A. U. W. in bringing plays to the children of Greenville and Pitt county. Approximately 1500 children saw "Snow White and the Seven Dwarfs," then 1500 saw "Family Portrait," but almost 3500 children came to see the four short plays which were given in March of this year by the Chi Pi Players. Dr. Charles also announced in passing that the Chi Pi Players have changed the name of their organization to "The Teachers Playhouse."

Dr. Charles told the group that the first step in producing a play is the choosing of the play itself, and getting the rights and royalties straightened out. Then the casting is done through private tryouts with the director and student directors deciding on the aspirants with the best qualifications for the various roles. After this comes six weeks of practice which means hard work, interspersed with a good deal of fun. During this process students often learn new values and experience a feeling of revelation and fresh evaluation of themselves and their fellow workers in the production.

Following Dr. Charles' talk, a brief business session was held. The branch voted to send wires to our congressmen asking their support of the bill for federal aid to education. Miss Alma Browning gave her report on the messages exchanged and boxes sent to French members of the International Federation of University Women. This committee has done splendid work this year.

Members of the Greenville branch of the A. A. U. W. were reminded of the dinner meeting on Friday, May 14th.

End of Century Club Meets
Mrs. J. L. Little was hostess to the End of the Century Club Tuesday afternoon.

Practically all members were present and as they gathered a delightful sweet course was served followed by nuts, mints, and coffee.

The president, Mrs. J. T. Little, presided over the business session, reports from the various committees were heard. The representative attending the recreation meeting at the Parish House on April 15 told of the proposed plans for a Community Center as a memorial to fallen veterans of both World Wars. The club felt that such a program commends itself to the citizens of this community.

At the close of the business session Mrs. Guy Smith presented Miss Lila Gaut who gave a splendid talk

don't DO that!

LET HIM SLEEP... Don't disturb your baby's sleep, no matter how anxious you are to show him off to company.

on the newer synthetic fabrics and finishes stressing the expanding field from the former textile industry. Miss Gaut's very fine talk aroused the interest of her hearers in the extent that further research in the field of many of the new fabrics will be pursued by the club members. Books were exchanged and the club adjourned to meet May 11.

May Day At A. C. C.

May Day will be observed on the campus of Atlantic Christian College Sunday, May 2nd, at 4 in the afternoon. Elected by the students for queen and king are Miss Thelma Hardin and Mr. Melville Warren. Miss Hardin is the daughter of Mr. and Mrs. Asa J. Hardin of Williamston. She is a member of the senior class and Sigma Tau Chi Sorority. Mr. Warren is the son of Mr. and Mrs. Fred F. Warren of Faison. He is a member of the senior class, Golden Knot Honor Society, and Sigma Alpha Fraternity.

Miss Margaret Hemby of Greenville will be one of the queen's attendants.

Elmer Loftin of Greenville will participate in the court waltz.

Musical Festival Friday
Ayden.—The annual music festival consisting of the following schools: Ayden, Winterville, Grifton, Fountain, Chilcoid and Farmville will be held in the Ayden High School auditorium April 30 at eight o'clock. The public is cordially invited. No admission charge. Following the festival the Ayden student Council is giving a dance in honor of all the contestants in the Ayden gymnasium.

Attention Recreation Planning Committee
The Planning committee for the Recreation Center will meet Thursday night at 8 o'clock at the Episcopal parish house. All members are urged to be present.

Annual German Club Meeting
The annual meeting of the German Club will be held Wednesday, May 5, at 10:30 a. m. at Sheppard Memorial Library. Dues are payable before May to Mrs. Jack Edwards, 711 W. Third street.

Strawberry Festival Gets Under Way In Wallace With Parade
Wallace, N. C., April 29—(AP)—The first annual strawberry jamboree got under way here today with the 56-piece Second Marine Division band from Camp Lejeune launching the two-day festivities with a parade and concert.

A varied recreational program has been arranged to supplement the more serious side of the jamboree. Hog calling, husband calling and greased pig catching contests will be held along with a fashion show. A ball tomorrow night will wind up the program.

A district Future Farmers of America livestock judging contest will be held tomorrow morning.

Prizes Presented In Creative Writing Contest For Pupils

The Creative Arts committee of the American Association of University Women, Greenville branch, has announced the winners of the creative writing contest among Greenville high school students. Prizes were awarded to the following students on Monday evening at Sheppard Memorial library:

Bettie Ann Young—Short story.
Frederick Brooks—Essay—first place in senior high group.
Billy Brady—Essay—first place in junior high group.
Martha Gilbert—Best interview—second place in senior high.
Sam Northrop—Newspaper column—third place in senior high.
Bobby Winberry—Essay—second place in junior high.
Peggy Nichols—Essay—third place in junior high.

The contest had 45 entries from the junior and senior high schools. This response was most gratifying to the sponsoring organization.

Lt. Edwards At Keesler Field

Keesler AFB Miss., April 26—1st Lt. Lester W. Edwards, son of Mr. C. K. Edwards, 300 Student Street, Greenville, N. C., and husband of Mrs. Katherine M. Edwards of Alceville, Ala., has reported to Keesler AFB as a student.

Lt. Edwards received his commission 15 April 1943. He served overseas in the Southwest Pacific theatre of Operations and received the Philippine Liberation with 1 star, Victory Medal, American Defense, Asiatic Pacific Campaign with six stars.

Threaten Tie-Up Agency Funds In Condon-File Duel

Washington, April 29—(AP)—The fight between Congress and the Whitehouse over the loyalty files of Dr. Edward U. Condon threatens to tie up funds for the State, Commerce and Justice Departments.

The money, to finance the three big agencies during the year starting July 1, is carried in a single bill passed by both House and Senate but in slightly different form. That means a conference committee will have to try for a compromise.

But spokesmen for the House Appropriations committee said there will be no move to hurry up the conference unless the Commerce Department retreats from its refusal to turn over the Condon files to the Un-American Activities committee.

The House passed a resolution last week directing the secretary of commerce to surrender an FBI letter relating to Condon's loyalty.

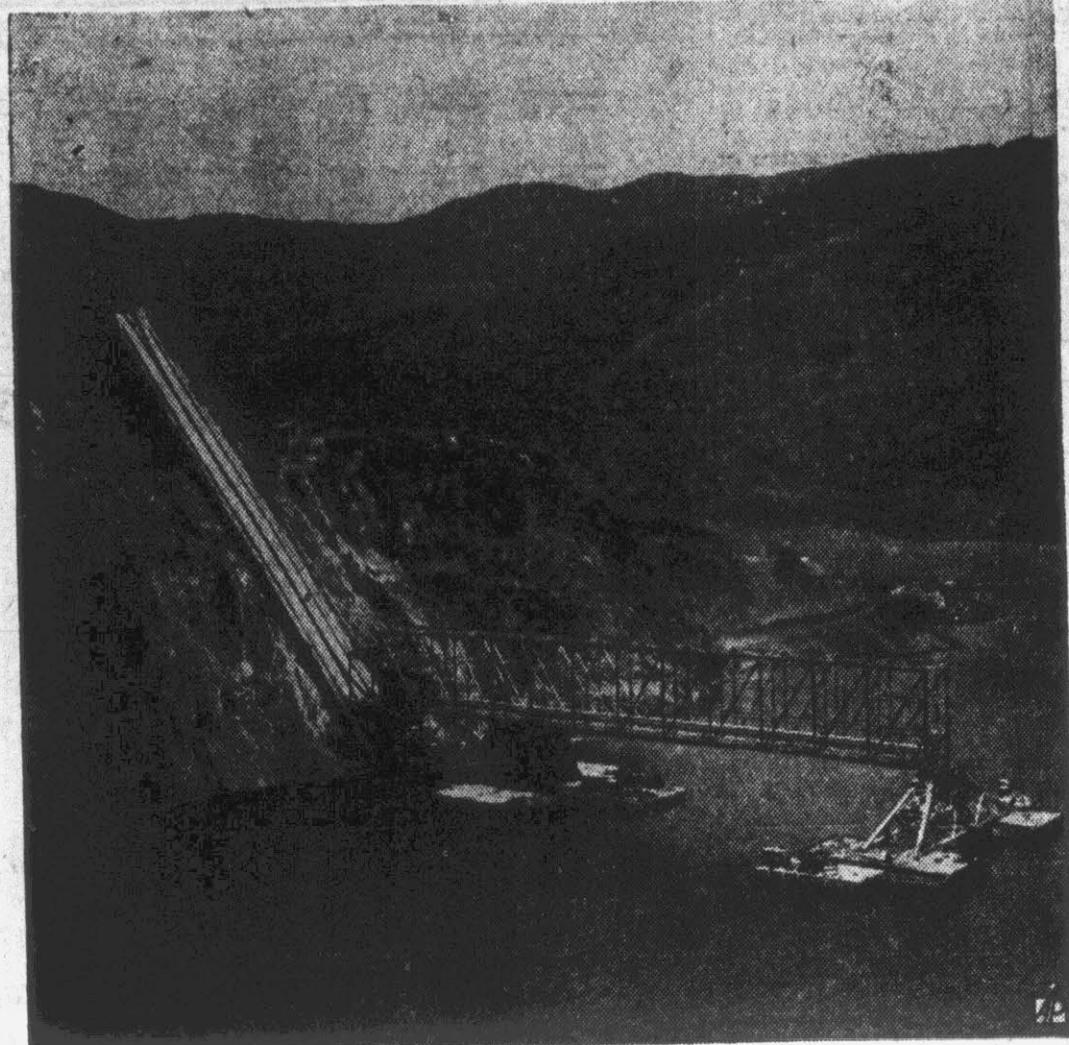

Previously, an Un-American Activities subcommittee had called Condon, head of the Bureau of Standards, one of the weakest links in atomic security. It said he had associated with suspected Soviet spies. In support of the latter charge, it quoted from part of the FBI letter.

But it said it needed the entire letter to make a full inquiry. Condon not only denied the charges but pressed for the full hearing. Shortly after the house directed the Commerce Department to turn over the letter, President Truman indicated to a news conference that the letter would not be forthcoming.

Congressional defenders of the President's position claim the House had no right to try to "invade" the files of the executive branch of the government.

But an Appropriations committee spokesman told reporters: "If that's the way the Commerce Department and the President want to act about it, we'll see how they feel if we decide to hold up their money."

Alma Browning Will Direct 'Workshop'
Alma Browning, faculty member of East Carolina Teachers College and teacher of the fourth grade in the Training School on the campus, will direct a workshop for elementary teachers to be conducted at the Woman's College of the University in Greensboro this summer. The workshop, which will be held during July, will deal with the language arts and will be carried on for the benefit of teachers in the lower grades of the public schools.

TORPEDO LAUNCHER—The Navy uses this newly-built variable angle launcher to fire test torpedoes on a man-made lake behind Morris Dam near Pasadena, Calif.

Palestine . . .

(Continued from Page One)
Palestine. The Arabs declare they won't stand for it, since in due course it would turn the Arab majority into a minority. The Jews, on the other hand, are expecting that the barrier against immigration will be removed when Britain withdraws officially on May 15. That would provide more fighting men. And, what is equally important to them, they also could import military materiel.

Pending the outcome of the negotiations the world at large will get vast satisfaction from the agreement reached by Arab and Jewish representatives to the U.N., to make the walled section of Jerusalem an open city. If this is approved by the warring forces in Palestine it will mean that this ancient portion of the Holy City of three great religions—Christianity, Judaism and Mohammedanism—will be preserved for posterity.

Better yet, let the whole of Jerusalem be declared an open city, under control of a token force provided by the U.N., and let the blue flag of the peace organization fly from the highest pinnacle.

Churchman Raps Critics Of Reds

Boston, April 29—(AP)—Bishop G. Bromley Oxnam attributes what he describes as "declaration of a Holy war on Communism" to those who seek to retain their power, property and prestige.

The New York church leader, addressing the Methodist General Conference last night said: "There is an approach somewhat camouflaged by pious phrasing and scholastic style that in effect is but the declaration of a Holy war on Communism."

"The real purpose that lies behind the war is to retain the power, the prosperity and the prestige possessed by those who advocate it." Bishop Oxnam did not identify those he described as the aggressors. The Bishop's 24,000 word, two and one half hour Episcopal address represented the convictions of the entire Methodist Council of Bishops.

He said Methodism rejects Communism. "But," he added, "we know that the only way to defeat it permanently is to use the freedom of our own Democracy to establish economic justice and racial brotherhood."

The address set forth Methodism's stand on spiritual, National and International issues. It was prepared under supervision of the Council of Bishops who elected Bishop Oxnam to write it more than a year ago.

Homesick, So He Took Automobile

Philadelphia, April 29—(AP)—John Bilanchuk, Jr., wanted to go home. So, he told U.S. Commissioner James N. Molloy yesterday he took a car in Fayetteville, N. C., and started driving for his home in New York.

The 19-year-old Port Bragg, N. C., Army private was held by Molloy in \$2,500 bail for the federal grand jury on charges of violating the federal stolen car act. He was arrested here April 1.

On Honor Roll

Richard C. Wilson, East Carolina Teachers College senior, was omitted by mistake from the honor roll for the winter quarter recently published in the Daily Reflector. Wilson was one of forty-six Pitt County students whose high scholastic record merited the inclusion of their names on the official honor roll issued by the college registrar.

Damaged By Hail

A hail storm Tuesday in the Vanceboro - Washington area did considerable damage to tobacco plants, it was disclosed today.

A. C. Tadlock who was in the storm area returned to Greenville bringing with him some samples of damaged leaf.

Dr. And Mrs. Claudel Present Program As Lecture Club Meets

Dr. Calvin Claudel, faculty member of the department of foreign languages at East Carolina Teachers College, and Mrs. Claudel presented a program of folk tales and folk characters of Louisiana at a meeting of the Faculty Lecture Club of the college on last Monday evening.

Dr. Claudel, who has made a study of the folklore and literature of Louisiana and who is the translator of a number of stories and ballads connected with the subject, told the history and characteristics of Jean Sot, or "Foolish John," and of the smart and the stupid rabbits Bouqui and Lapin. These three, he said, appear not only in the orally transmitted tales of French-speaking Louisianians but also in thousands of stories in many European countries.

A number of tales about these characters and a group of ballads of the Louisiana Negro were read by Mrs. Claudel.

The average church member contributes little more than 30 cents a week to his church.

Elect Officers Of Publications

Editors and business managers of the three student publications at East Carolina Teachers College have been announced by the Publication Board of the college, a group of students and faculty members. These officers, who will head the staffs of the publications for the 1948-1949 term, will begin their duties in May of this year.

Milton Fields of Scotland Neck will serve as editor of the "Tecoan," college year-book. Fields, a GI student, has worked on the year-book staff this year and has assisted with photography for other publications. Several times, as a member of the Jarvis Forensic Club, he has represented East Carolina in intercollegiate debates. J. D. Woodlief of Stovall is the new business manager of the "Tecoan."

Haywood Sellers of Greenville as editor and Marian Ward of Nakina as business manager will head the staff of "Pieces O' Eight," student magazine.

Carl G. Conner of Windsor will be editor of the campus newspaper, "Teco Echo," during the coming year. Conner has served during 1947-1948 as an associate editor of the publication. Betsy Ross Parkerson of Greenville was reappointed as business manager. Conner has announced the appointment of Charles Williams of Erwin as managing editor of the "Teco Echo."

Wilson's Weekly Bulletin

From the Rector Kitchens

Enjoy May Day with Children

Do you remember how much fun you had hanging May baskets as a child? And what a festive day it was when you danced around the May pole in your new Spring finery? Why not revive as much of that spirit as possible for your children? Traditions carried on from generation to generation make home more precious.

Standing Rib Roast

One of the best meats for an extra-special dinner is this Wilson's Certified standing rib roast. Cook it slowly and it will be tender and juicy. You'll be further rewarded with less shrinkage which means more servings per pound. Overcooking also causes meat to be less tender and less juicy than if it is cooked until just done. So it pays to watch both the time and temperature carefully. A six lb. roast will serve 12 people generously.

May Basket Fruit Cup

Surprise your family on May Day by starting dinner with this May basket-fruit cup. To make basket, cut a 1/4-inch strip parallel to top of a grapefruit shell to within 1/4 inch of center on either side. Lift these strips upward and tie together with a small ribbon bow.

Make this lovely strawberry meringue for May Day dinner, too, using Clear Brook Eggs. It's filled with whipped cream mixed with sweetened sliced berries.

Season a Wilson's Certified Rib Roast with salt and pepper. Place fat side up in a shallow pan and, for very best results, insert a meat thermometer so the bulb is in the center of the largest muscle. Place in a slow oven, 300°F., and roast uncovered until the thermometer reading indicates the degree of doneness your family prefers—140°F. for rare beef; 160°F. for medium; 170°F. for well-done beef. If you do not have a thermometer, the table at right will serve as a guide.

Standing Rib Roast 300°F.	Oven Temp.	Degree of Doneness	Time per pound
Well-done	300°F.	Well-done	27-30 min.
Medium	300°F.	Medium	20-25 min.
Rare	300°F.	Rare	15-20 min.

Strength FOR THE DAY

STRENGTH FOR THE DAY ...

PONDER IT A WHILE
The devil's most effective weapon
is fascination. What we do not
have we not only want, but come to
regard it with such burning desire
that the possession of all heaven
and earth will not compensate us if
we cannot have that one thing.

Yet all this is illusion. Men and
women feel that they cannot live
without certain things, and they
take all—sometimes at a terrible
cost—to secure these things. And
when they get them, they marvel at
their disappointment. How could
they have been such fools, they ask
themselves over and over again.
How could anything appear so fas-
cinating in prospect and be so flat
and unsatisfying once it is posses-
sed? Lord Chesterfield, the keen vi-
sionist of his age, wrote these words
of wisdom and bitter disillusionment:
"I have seen the silly rounds of busi-
ness and pleasure and have done
with them all. I have enjoyed all
the pleasures of the world and con-
sequently know their futility, and
do not regret their loss. There real
value is very, very low; but those
who have not experienced them al-
ways overrate them. For myself,
I by no means desire to repeat the
nauseous dose."

The only sure safeguard against
the ravages of such fascination is a
firm hold on the things of life that
really count.

HOW MUCH FOR DEFENSE?

The more one considers
military defense problems,
the more bewildering it be-
comes. No wonder the con-
gressmen who have been
studying the various pro-
grams at first hand have
found themselves confused.

At present, disagreement
exists on minimum require-
ments and how much money
should be, and could be
safely expended without se-
riously upsetting our eco-
nomic balance.

So the prime factor behind
today's arguments is not how
much air power we'd like to
have in order to be prepared,
but how much can we afford
to pay for and support.

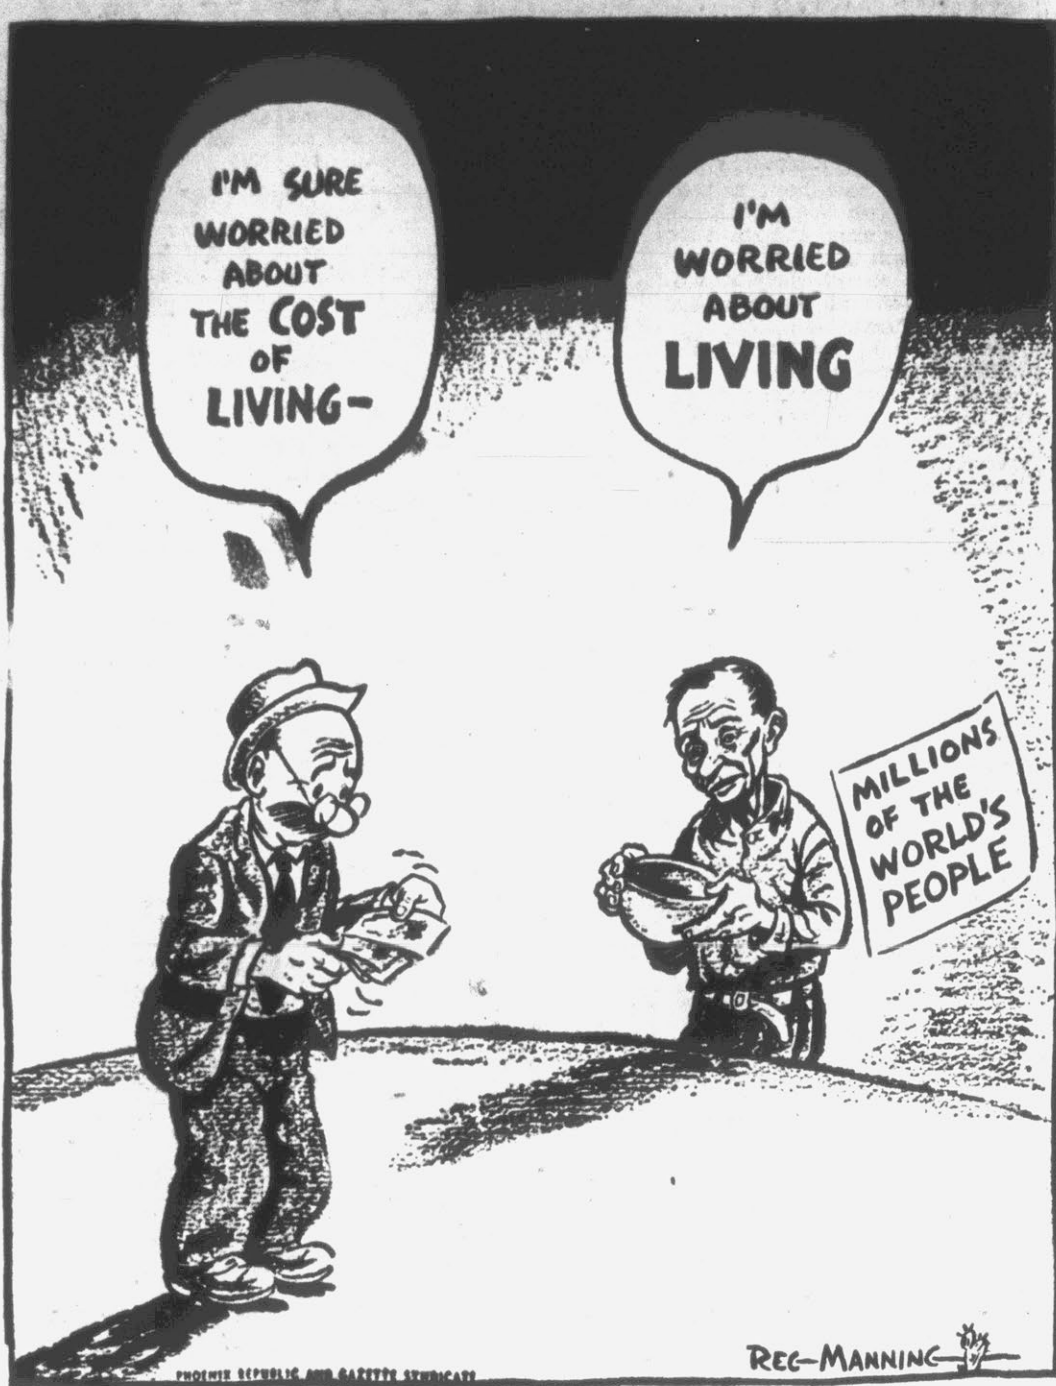

In January, the Presi-
dent's Air Policy Commis-
sion Report and the Joint
Congressional Aviation Pol-
icy Board termed the 70-
Group Air Force program a
vital need and the minimum
force necessary for success-
ful defense. That was months
before the current mobiliza-
tion talk was started.

The strength necessary to
prevent the loss of a war up-
on the outset of hostilities is
our main concern. We can
not depend on being given
time to prepare by our allies;
today it is our own country
which guards the front lines
of Democracy and the degree
of our preparedness is all-
important.

On the other hand, our
economic strength is our
greatest "muscle" which
wins wars and, we hope, can
win the peace. The strain to
which it will be subjected is
the concern of the President
and his advisors. Billions of
dollars tossed into circula-
tion, the renewed displace-
ment of peace-time labor and
industry... those are factors
which if carried too far can
weaken us internally, and to
a degree which could be dis-
astrous.

Air Power does not come
cheaply. Neither does life,

There Is A Difference - - -

Good Advice from Speaker Martin

Washington, D. C.—Republican leader of House of Representatives, shown here looking over Security Loan poster now on display in every community in nation, says savings bonds sales campaign is opportunity for every American to demonstrate faith in future of American way of life.

WASHINGTON LETTER

By JANE EADS

Washington—Harry J. Anslinger, U. S. Commissioner of Narcotics, says the development of synthetic drugs has created a new problem in the control of illicit narcotic traffic. Two of these drugs already have been added to the narcotic laws which Mr. Anslinger's Bureau of Narcotics is required to control as strictly as it does morphine. There are twelve others under study. Some of them, he says will be on the market this year.

"We have now a very new sort of drug revolution that is going on all over the world in the way of new synthetic drugs that have analgesic effects similar to those of morphine," he says and adds that they also have the habit-forming properties of morphine. "In October, after studies made by the Public Health Service and ourselves, the President declared methadon a narcotic drug. That drug has all the properties of morphine and is just as dangerous. We are attempting to control the manufacture and distribution of it."

Mr. Anslinger says the UN Commission on Narcotic Drugs has recommended to the General Assembly a protocol which will limit the manufacturing of these drugs all over the world to medical needs, just as morphine and the other narcotics are limited. In recent hearings before a congressional appropriations committee, Mr. Anslinger said that

50 percent of the illicit narcotic traffic was supplied by smuggling and the other 50 percent came from diversions from legitimate supplies. Smuggling, he told the committee, originated in Mexico, India, Turkey and Iran. Mexico, he said, constituted this country's biggest headache.

Half of our trouble, he says, comes in the form of robberies and burglaries of drug stores in the United States. "Most of the robbers know how to knock off a bank," he says, "but here is something that is worth 100 times its weight in gold." He also said that drugs seized at ports and borders in the fiscal year of 1946 totaled 4,810 ounces and that in the fiscal year of 1947 they totaled 4,891 ounces. He says there has been no substantial increase in most places but that the Mexican border is still alive with smuggling.

The total income for the United States rose from \$76 billion in 1940 to about \$180 billion in 1946.

Baltimore Seeks Stars And Bars For Dedication

Baltimore, April 29—(AP)—This city is advertising for Confederate battle flags—but hold your fire, Yanks.

There's no rebirth of the civil war in prospect; it's just the Monument City getting ready to dedicate another statue.

This one is an enormous job in bronze, depicting generals Robert E. Lee and Stonewall Jackson parting on the night before the battle of Chancellorsville, where Jackson was shot by one of his own troops.

The statue is to be dedicated Saturday, just 85 years after the battle, and the Confederate battle standards are wanted to decorate the site of the unveiling.

In 1939 the United States published 180 million books, the largest part of which were school texts. Before World War I fiction led all other types.

Rail Strike . . .

(Continued from Page One)
(The pay raise dispute between the railroads and the three unions mentioned earlier in this story started last June. On November 24 the mediation board stepped in.)

2. If the mediation board fails—in this case it knew it had failed by mid-January—it asks both sides to accept arbitration.

Arbitration means a board of three or more men, agreed to by both sides, which listens to the arguments and then gives a decision.

That decision is final. It ends the dispute. But—there can be no arbitration unless both sides agree. As pointed out, neither side under the Railway Labor Act has to agree to anything.

(In the case of the three unions in this story, the unions refused to let an arbitration board be set up.)

If arbitration is refused the mediation board tells the President (it did in mid-January.) It tells him there's a national emergency because of the threat of a rail strike.

3. Then the President sets up a board of fact finders. (Mr. Truman did.) And there is not supposed to be a strike—but, again, this is strictly voluntary—for at least 60 days after the fact-finders have been appointed.

The fact-finders recommend a settlement. Neither side has to agree to it. If one side turns it down, the union is free to strike.

In this case the fact-finders recommended the unions accept a pay raise of 15 1-2 cents an hour. The unions turned this down.

They had asked a 30 percent pay increase, with a minimum raise of \$3 a day. Nineteen other railroad unions, not involved in the present

strike threat, had previously accepted a raise of 15 1-2 cents an hour. But once the fact-finders recommendation has been turned down, the Railway Labor Act provides no other step to delay or stop a strike.

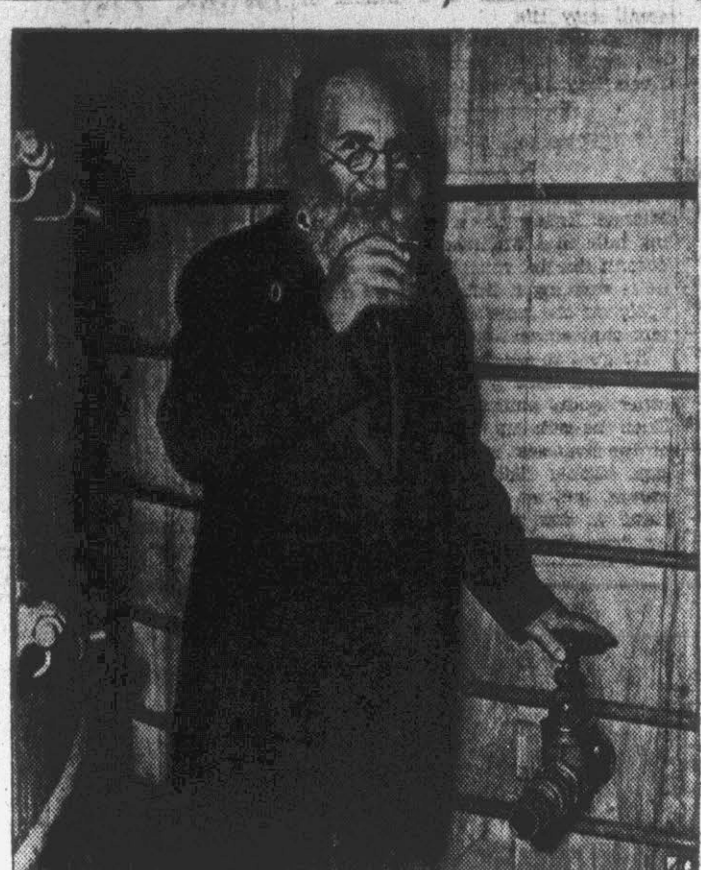

So—after a dispute that started last June, the unions now are free to strike.

The mediation board, on its own, has stepped into the picture again and asked both sides to try to agree. Neither side has to.

Solution of Yesterday's Puzzle

No Lowering Of Movie Qualities Despite Economy

Any adjustments made in Hollywood's economic structure will not affect the quality or number of film productions. All economies which have been made have been logical and in keeping with progressive business methods and will be reflected favorably in the photoplays now about to be released, or in those which will follow later in the year.

Authority for these statements is the fact-finding committee formed by State exhibitors, who, spurred by reports of drastic curtailment which gained wide currency recently, determined to check the situation themselves.

"A quick survey of the photoplays to be shown in Greenville between now and September 1, a period not arbitrarily selected for any particular display or 'drive' refutes absolutely any theory that production values have been at all adversely affected," they said.

Among the outstanding films listed by Manager T. Y. Walker to be shown here in the next few months are:

The State of the Union, film version of the Howard Lindsay-Russell Crouse Pulitzer Prize play, directed by Frank Capra with Spencer Tracy, Katharine Hepburn and Van Johnson.

The Emperor Waltz, Bing Crosby and Joan Fontaine in a musical romance of Vienna in the era of Franz-Josef. In Technicolor.

I Remember Mama, Irene Dunne, Oscar Holmola, Barbara Bel Geddes and Edgar Bergen in the film version of John Van Druten's play hit. Arch of Triumph, Ingrid Bergman, Charles Boyer, Charles Laughton and Louis Calhern in the Erich Maria Remarque best-seller.

Easter Parade, new Irving Berlin musical with Fred Astaire, Judy Garland, Peter Lawford and Ann Miller. In Technicolor.

Winter Meeting, dramatic vehicle for Bette Davis, written by Ethel Vance, author of "Escape."

All My Sons, Edward G. Robinson and Burt Lancaster in the New York Drama Critics Circle Award winner by Arthur Miller.

The Miracle of The Bells, Fred MacMurray, Frank Sinatra and Valli in the popular story by Russell Janney.

The Time of Your Life, James Cagney in William Saroyan's Pulitzer Prize winning comedy.

The Homecoming, Clark Gable and Lana Turner in a pertinent dramatic discussion of the marital situation strained by war.

Rope, James Stewart in a thrill drama, produced and directed by Alfred Hitchcock.

The Pirate, Judy Garland and Gene Kelly sing and dance to Cole Porter tunes. In Technicolor.

Dream Girl, Betty Hutton in the film version of Elmer Rice's long-running comedy.

The Iron Curtain, Dana Andrews and Gene Tierney in a drama about Soviet espionage tactics.

That Lady in Ermine, Ernst Lubitsch's last production with Betty Grable and Douglas Fairbanks, Jr. In Technicolor.

Another Part of The Forest, Fredric March, Ann Blyth and Dan Duryea in Lillian Hellman's sequel to "The Little Foxes."

Key Largo, Humphrey Bogart, Lauren Bacall and Lionel Barrymore in Maxwell Anderson's Broadway hit.

Good Sam, latest production from Leo McCarey with Gary Cooper starring.

The Shamrock Touch, Tyrone Power and Ann Baxter in a fantasy with an Irish background.

Green Grass of Wyoming, outdoors romance with Peggy Cummins, Charles Coburn and Lloyd Nolan.

The Lady From Shanghai, romance and adventure with Rita Hayworth and Orson Welles.

Strategy Works

South Bend, Ind.—(P)—Fisherman Michael Infalt has a favorite fishing hole in a Michigan lake and he doesn't like too much company when he is working it. Infalt has no monopoly on the hole but he has a system that serves the same purpose.

He goes to his favorite spot about dawn and usually finds a flotilla of other boats anchored at the hole. Then he sets up a gasoline burner on the boat seat and fries bacon and eggs. Other fishermen inhale the aroma, get so hungry they can't stand it, and paddle back to shore for breakfast.

Krupa, His Band And Drums, Plays Here For Dance On May 5

Gene Krupa, one of the world's greatest drummers, brings his famous band to Greenville on Wednesday night, May 5, to play for a dance at the Wright Auditorium from 9 till 1. This dance is again being sponsored by the VFW and the Veterans Club at the college. These organizations are going all out in an effort to bring to Greenville the most outstanding bands in the country for the enjoyment of dancers and music lovers.

Krupa, who with Benny Goodman and Tommy Dorsey helped educate the public to the rage of swing music back in 1934, is today one of the most outstanding dance casters in the country. Since leaving Benny Goodman's band to organize his own,

Krupa has made a Paramount picture with his orchestra, has been featured on the radio networks, Columbia recordings, and has played many of the best locations in the country, including the Hotel Pennsylvania, New York Paramount, Hotel Sherman, The Palomar, Chicago Theatre, and Meadowbrook Club in New Jersey.

Featured along with Krupa and his famous drums are, Buddy Hughes, Dolores Hawkins, and the Jazz Trio, with Charlie Kennedy, Alto Sax, and Teddy Napoleon, Piano.

Rock Knocks Fox

Tarentum, Pa.—(P)—It took 30 years of hunting for John Cupso to bag a fox. And then he killed it with a rock.

Cupso was caught without a gun when his prize fox hound, "Bull," tangled with a fox. The veteran hunter picked up a rock and scored

a bulls-eye from 20 feet. The fox was one of the finest specimens taken in this district during the season.

Letters By Girl Helped To Spur Relief Project

Worthington, Minn.—(P)—Tons of relief supplies have been shipped from Worthington to war-shattered Crailsheim, Germany. And about 200 citizens of each town write to each other. It all started when Martha Cashel, 11 years old, began writing to a girl in Finland.

Her parents, Mr. and Mrs. Charles Cashel, after sending gifts to their daughter's friend, sponsored extension of the projects. Crailsheim was chosen through Combined Relief Agencies Licensed to Operate in Germany because it was similar in size

and makeup to Worthington. The idea caught on although some veterans opposed it at first. Worthington sponsors of the plan say it has paid off in exchange of ideas and pleasure at doing good work.

NEW MOSCOW SUBWAY

Moscow—(AP)—In Moscow it has been announced that the first ten kilometers of the "ring" subway for the Soviet capital have been completed. This "ring" is scheduled to go into operation in part next year and in toto by 1950. It will run around the center of the city and connect all the capital's railway stations of which there are twelve.

United States museums increased from 600 in 1910 to 2,500 in 1939.

NOTICE OF ADMINISTRATION Having this day qualified as administrator of the estate of R. L. Little, deceased, this is to notify all persons having claims against the

estate of said decedent, to exhibit itemized and verified statements of account to the undersigned or his attorney, on or before the 26th day of February, 1949, or this notice will be pleaded in bar of their recovery, and persons indebted to the said estate will please make immediate payment to the administrator or his attorney.

This the 26th day of February, 1948.

R. G. LITTLE, Administrator of the estate of R. L. Little, deceased.

Arthur B. Corey, Atty. April 9-11w-6wks.

NOTICE OF STOCKHOLDERS MEETING

The annual meeting of the stockholders of The Home Building and Loan Association will be held on Tuesday, May 4, 1948, at 8 o'clock in the office of the Association.

W. W. LEE, Sec.-Treas. Mon.-Thurs-2wks.

ARE BRAN EATERS LIKE OTHER PEOPLE?

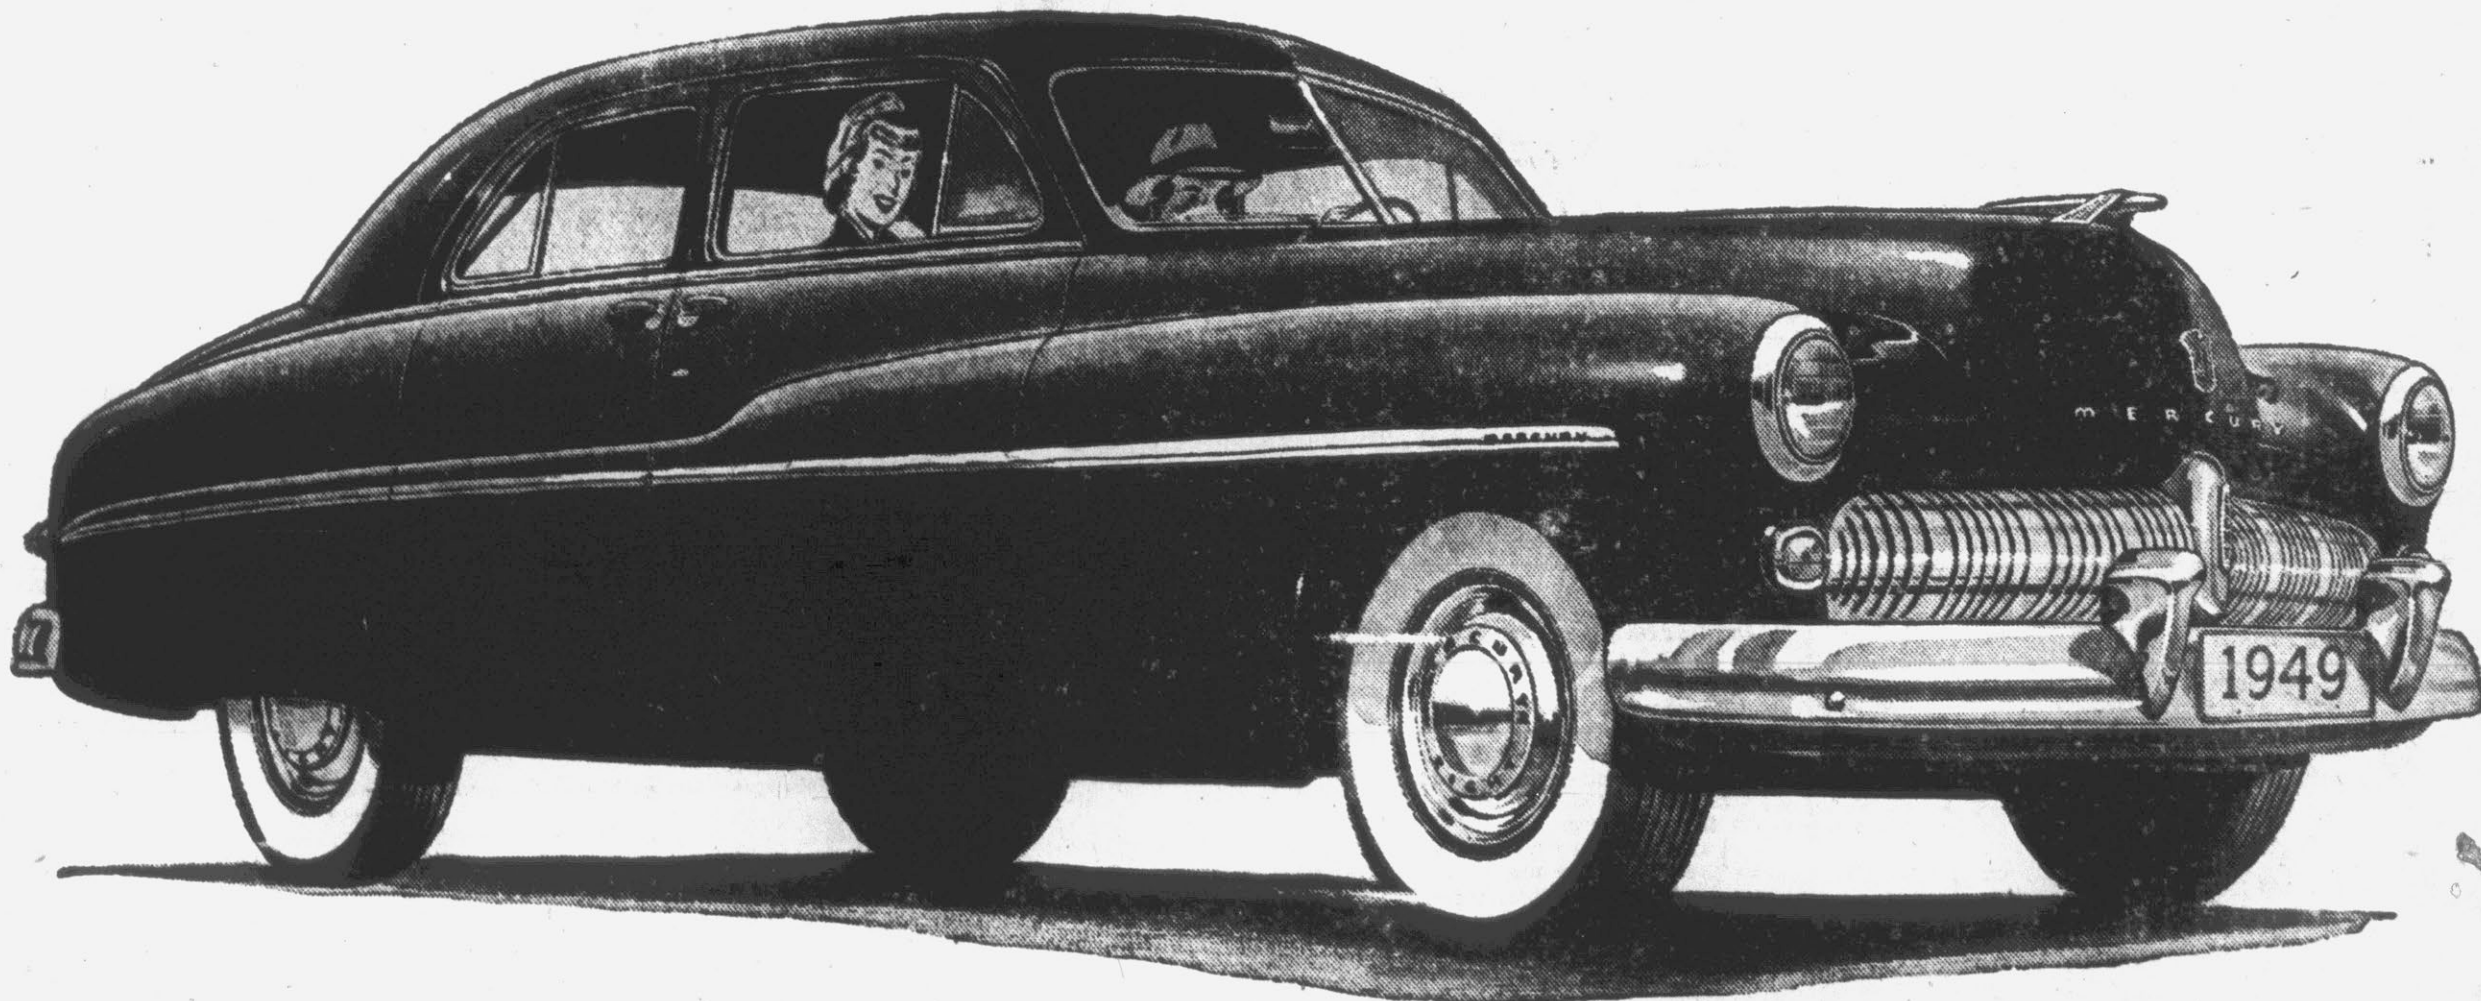

With one difference—they have the good sense to eat bran to help relieve constipation due to insufficient diet-bulk! And if you're one, by all means try Nabisco 100% Bran! This better bran tastes really good...and it's finer-milled to make it gentler-acting, easier on you! Remember, it's Nabisco 100% Bran—best buy in bran! (If constipation continues, see a doctor.)

LINCOLN · MERCURY

Come in Today and meet the

All-New MERCURY

The All-New 1949 Mercury

You've seen a lot of "new models."

Once in a long, long time you see a new car.

Today is one of those times. The 1949 Mercury on our floor is the car.

With your very first look you'll know Mercury is new, all-new. From the front? Mercury is wider, with strikingly handsome grillwork, and exciting new fender treatment completely enclosed in a sleek, graceful, curved-arch silhouette. From the side? Mercury is longer and lower, with a poised-for-flight look that gives an illusion of motion even when the car is standing still. From the back? Mercury has all the luxurious styling you expect to find only in a car far above Mercury's price class.

This 1949 Mercury is a product of 1949-plus engineering. It has a big, rugged frame—with safety, stamina and down-to-earth roadability in every inch of it. There's all-new spring suspension, with a lullaby ride above it.

New safer, wider rims—with new, bigger

super-balloon tires—make shocks and side-sway a thing of the past. There are all-new super-brakes with velvety "STOP" in 'em, and a new 8-cylinder, V-type power plant with get-up-and-"GO" in it—a power plant designed and built exclusively for Mercury! There's even a new, fog-free, leakproof "Fingertip Weather Control" so you can flood the car with fresh, outside air at your will.

It's here, waiting for you to see. All-new beauty, all-new comfort, all-new performance. Every inch and pound is all-new—inside and out, top to bottom, front to back. Available in a choice of superb body styles, including Mercury's all-new Six-passenger Coupe and Six-passenger Convertible.

So...

Before you think of buying a new model, see the ALL-NEW Mercury.

That's the only break this 1949 Mercury asks of you!

Not a "new model"—the

Writings Banned By Nazis Revived

Berlin—(AP)—Writings by German-speaking authors which the Nazis banned and burned for 12 years are now presented to German readers in a best-seller anthology published under the auspices of the American Military Government.

The 215-page book, given a first printing of 60,000 copies here, is titled "Verboten und Verbrannt" (Forbidden and Burned). It contains excerpts from the writings of some 200 authors.

They come back into print now as the four occupying powers are still working on a big book purge of their own, involving the destruction of millions of volumes of Nazi and militaristic literature. This purge is being conducted under an Allied Control Authority order providing for the cleansing of libraries of public and commercial institutions of literature preaching racism and militarism. The banned Nazi books are not burned but pulped to produce new paper for school textbooks and newspapers.

The anthology contains the works of such well-known authors as Thomas and Heinrich Mann, Vicki Baum, Bertolt Brecht, Lion Feuchtwanger, Sigmund Freud, Martin Gumpert, Arthur Koestler, Emil Ludwig, Erich Maria Remarque (excerpts from his banned "All Quiet on the Western Front"); Anna Seghers, poet Fritz Urruh, Franz Werfel, Stefan Zweig and Carl Zuckmayer.

Hungarians Free American Woman

Budapest, Hungary, April 29—(AP)—Miss Elizabeth Pallos, 30, Pittsburgh-born American citizen, was released from prison today. She was convicted of neglecting to report to police on the activities of her employer, a former Associated Press correspondent here.

Miss Pallos plans to return to the United States. She is now the guest of William P. Cochran, counselor of the U. S. Embassy. Cochran said Miss Pallos is in good health and complained only that her cell had been overcrowded, with only two cots for six prisoners.

According to Department of Commerce estimates, expenditures for construction of religious buildings declined from \$139 million in 1929 to \$20 million in 1933 and, after 1935, rose to \$85 million in 1940 and \$58 million in 1941.

TRAINING FOR OLYMPICS—Col. H. M. Llewellyn (retired) and his horse, Kilgeddin, gracefully take a jump during practice at Aldershot, England, for the equestrian events of the Olympic games at Wembley and Aldershot. Kilgeddin was bred in Ireland.

Tar Heel GI Is Facing Charges Attempted Arson

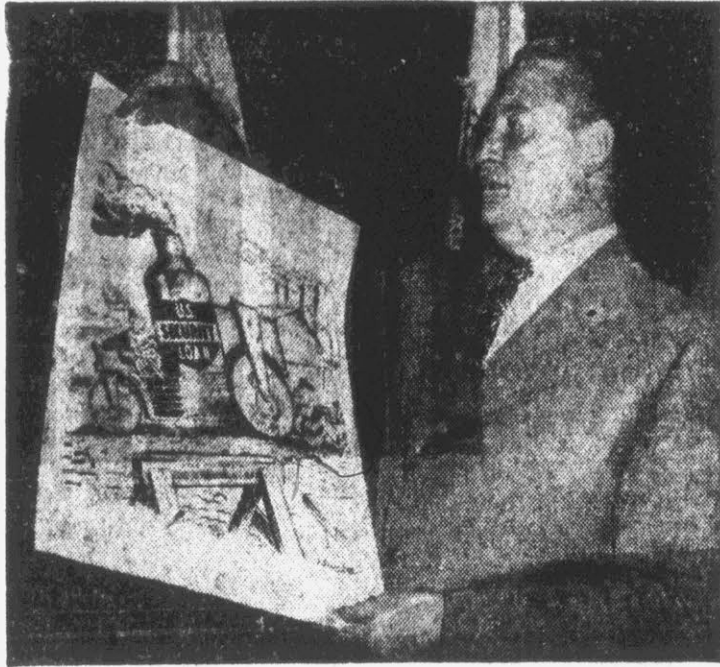

Tokyo, April 29—(AP)—The U. S. First Cavalry division announced today Pvt. Dalton R. Parks of Charlotte, N. C., had been charged with attempted arson in mysterious fires at Camp McGill.

Two American soldiers perished in the burning of two barracks buildings. A week later the camp hospital burned.

Headquarters said Parks, a fire guard at the barracks, was arrested when he was found leaving a room where a pile of papers had been ignited.

The announcement said Parks attempted suicide by slashing his wrist after his arrest.

Savings Bonds Fight Inflation

Washington, D. C.—Secretary of the Interior J. A. Krag agrees with Philadelphia Bulletin cartoonist Alexander in describing United States Savings Bonds as excellent safeguard against rising prices.

Deport Attache From Argentina

Buenos Aires, April 29—(AP)—John Griffith, former cultural attache of the U. S. embassy, was deported today. He had been accused of helping foment the bank clerks strike.

Griffith, 58, was once a professor at the University of Southern California.

Chiropractors Hold Quarterly Meeting

The eastern division of the N. C. State Chiropractor Association held its quarterly meeting yesterday at the Airport Inn. Lectures by Dr. R. Englehardt, of Washington, N. C., on heart diseases, and chiropractic research in cancer by Dr. W. Crawford, of Edenton, were given.

The Ladies Auxiliary met at the home of Mrs. Keuzenkamp. An informal dinner at the Airport Inn closed the session.

The next all state meeting is to be held at Asheville on May 7 and 8.

Potato Growers Apparently Vote Marketing Pact

Raleigh, N. C., April 29—(AP)—Irish potato growers in 41 North Carolina and six Virginia counties apparently have approved a proposed marketing agreement.

G. Tom Scott, state director of the Production and Marketing Administration, in an unofficial announcement yesterday said that approximately 84 percent of the Tar Heel and about 75 percent of the Virginia growers participating in Tuesday's referendum approved the marketing program.

Under the program, potato shipments could be regulated by grade, size and quality. A committee of growers and handlers would administer the agreement.

Final approval of the U. S. secretary of agriculture is necessary before the agreement can be put into operation.

Army Airmen Die In Plane Wreck

Prince Frederick, Md., April 29—(AP)—Three Army airmen were killed yesterday when their training plane crashed in a swamp southeast of here.

Boiling Field officials said the C-45 was en route to the Washington base from Mitchell Field, N. Y. They said no others were aboard.

Chester Mohler, operator of a farm near the scene, said he saw the plane go into a bank, then "drop like a bullet."

Grandma's Baby Technique OK'd

Augusta, Ga., April 29—(AP)—Grandma, it turns out, was right about minding the babies. And now, after all the years, Mama and Papa and the rest of the family are finding it out, says Mrs. L. W. Hughes of Arlington, Tex. Grandma, who—to use Mrs. Hughes' words—used to be "poison" around the kiddies is now as welcome as a lollipop.

Mrs. Hughes is National President of the Congress of Parents and Teachers. She made a speech yesterday to the 700 delegates at the state convention, and here's what she said:

"Grandma used to be poison to parents with young babies and her determination to coddle infants was frowned upon."

"Today, however, all of that is changed. The doctors tell us that babies should be fed when they are hungry, picked up if they cry, and given a full share of the loving-hearted handling for which grandmothers are noted."

"And, as a baby-sitter, grandmother is being enthusiastically welcomed in the home again by young parents."

Mrs. Hughes said that if a baby cries it may be hungry—for food or for affection and close contact with its mother. In either case, she added, its hunger should be satisfied.

Chilly Weather Has Returned To Both Carolinas

By the ASSOCIATED PRESS

Chilly weather came back to the Carolinas today.

An unofficial report from Salisbury last night said light snow and sleet fell there briefly.

The Carolinas this morning were mostly overcast, but clearing weather was promised. The western edges of the sister states were clear but partly cloudy to cloudy weather prevailed in other areas.

Mt. Mitchell had a low temperature of 35 degrees—just three above freezing—and a heavy fog.

M. L. Hamm Enlists In U. S. Marine Corps

Marvin Lee Hamm, son of Mr. Moses L. Hamm, 1001 Grand Ave., Greenville, N. C., enlisted in the U. S. Marine Corps for a period of four years. Pvt. Hamm will take his basic training at Parris Island, S. C.

After completion of basic training he will be given a ten day leave before being transferred to his new duty station.

Before entering the Marine Corps Pvt. Hamm operated a movie projector at one of the local theaters.

The 93,941,000 people eligible to vote in the 1948 United States presidential election exceed those eligible in 1940 by 10 million.

GOP In Senate Prepares Fight On Civil-Rights

Washington, April 29 — (AP) — Senate Republicans began clearing the way today for a show-down fight over civil rights.

The Judiciary Committee ordered a closed door session to begin study of anti-lynching legislation. Senator Ferguson (R-Mich.) told a reporter he expects the group to approve the bill and send it to the floor.

Ferguson is chairman of a three-man subcommittee which drafted the measure he described as "a real anti-lynching bill." It would make it a felony for anyone to take part in a lynching or for any officer to fail to prosecute a lynching mob.

The Republican majority has decided to give the measure priority over other civil rights bills. It was legislation that stirred up a revolt by Southern Democratic politicians.

Another of the measures already has been cleared for possible action by the Senate. The Rules Committee yesterday voted 7 to 2 in favor of a House-approved bill which would outlaw the poll tax as a requirement for voting in federal elections. Of eight states with poll taxes, seven are in the South. The eight are Alabama, Arkansas, New Hampshire, Mississippi, South Carolina, Tennessee, Texas and Virginia. Southern Democrats have threatened to filibuster against passage of the anti-lynching bill or other civil rights legislation.

Fashion Revue Tonight Offers Models, Music

More than 63 models—young girls from Greenville, Winterville, Ayden, Robersonville, and other sections of Pitt County will model more than 75 different types of the newest fashions at the Fashion and Melody Revue tonight at 8 o'clock at Austin Auditorium, East Carolina Teachers College.

The Revue is sponsored by the Business and Professional Women's Club and proceeds will be applied to the \$1,000 pledged by the club for the Greenville Community Memorial Recreation Center.

Fashions for daytime, sport, dress, dancing, weddings, and beach vacations will be furnished by Diana Shops, Inc. Several costumes are being sent from New York especially for this Revue.

James R. Tanner, former chief of police, will serve as master of ceremonies.

Music will be furnished by Christine Smith, pianist, Bill Evans, trumpet, and Don Adcock bass fiddle.

Seven children from the Rose School of the Dance taught by Miss Margaret Rose will present "The Happy Picknickers."

The opening and closing numbers by Emily Rice and Thorburn Whitehurst will give continuity to the program and words for songs have been written by Miss Annie Laura Askew, who is serving as program director. Miss Ada Jones and members of the project committee under the chairmanship of Miss Alva Ray Taylor are assisting in directing the Revue.

All club members are assisting in the sale of tickets. Tickets on sale at the door will be handled by the finance committee through Mrs. Garner, chairman, and Mrs. Margaret Williams, treasurer. Seats are not reserved.

There will be many features of the Fashion and Melody Revue that will be most entertaining and enjoyable while the fashion show itself will be most colorful and interesting.

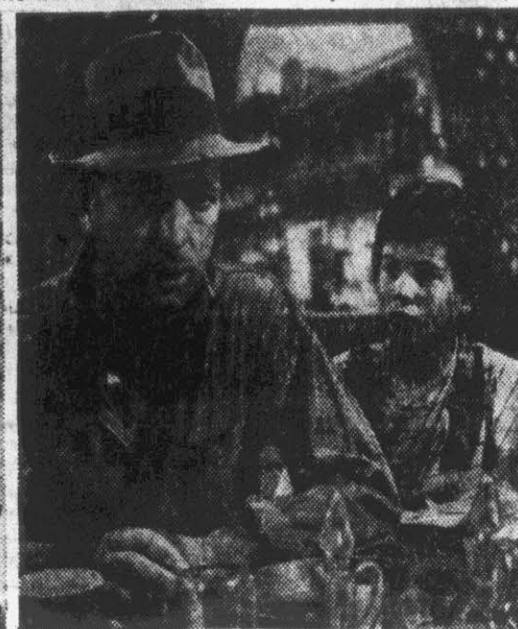

Among the Greenville girls participating as models are Frances Bendall, Ann Morton, Betty Ann Young, Carolyn Rowlett, Betty Morton, Lytle Batchelor, Ann Dunn, Barbara Smith, Alice Jones, Jean Rush, Louise Briley, Edith Nesbitt, Sarah Wooten, Dot Rawl, Linda

THE MOVIE MOOD IS MEXICAN

HOLLYWOOD seemingly has discovered Mexico as a place to make movies, and several new pictures have been shot south of the border. Here are four samples.

"THE FUGITIVE": Henry Fonda plays role of a harassed, persecuted padre.

"TREASURE OF SIERRA MADRE": Humphrey Bogart, as a miner, is corrupted by gold.

"THE PEARL": Based on the John Steinbeck story.

"ADVENTURES OF CASANOVA": Made in Mexico, this tells the story of a peasant's revolt against the King of Naples.

Post Oak School Has Successful Term; Many Achievements

Stokes.—As we approach the end of a very successful term a few of our high lights are herewith mentioned.

Our annual Achievement Day was outstanding with Mrs. Ramsey, North Carolina nutrition specialist from Greensboro, and Prof. H. B. Sugg, supervisor of Pitt County Negro schools providing very helpful addresses to approximately 400 parents, teachers and students. Much credit for this event is given to our county agents, Mrs. Capehart, Miss Clay and Mr. Dupree along with our 4-H club and P. T. A. The regular 4-H Club monthly meetings have proved a decided help to the boys and girls of this school. Teacher sponsor, Mrs. C. K. Lewis.

The boys and girls basketball teams enjoyed a very successful term. Girls winning six of their 11 games. Players are: B. Clark, G. Tyson, D. Chancey, G. Perkins, P. Teel, S. Wilson, S. Chancey, H. Moore, and E. Bunn. This hard-playing team is coached by Mrs. L. K. Simpson. Boys winning 12 of their 14 games. Players: J. Whitfield, H. Adams, S. Ward, R. Moore, J. Adams, B. Eddins, R. Little, J. Carr and C. Charles. Good sportsmanship and team-work was enjoyed by all.

Walkout Ends

New York, April 29—(AP)—A month-long strike against the New York Stock Exchange, marked by numerous disturbances and one major clash involving lay-downs of pickets in the streets, ended today.

United Financial Employees (AFL) voted at a special meeting to return to work and accept the exchange's offer of wage increases pending a city investigation of that one remaining issue. Union estimates placed the number of Stock Exchange employees affected at 950.

The Glee Club has shown its abilities throughout the year. Especially on Achievement day and at the county-wide music festival. Many comments have been forthcoming from audiences.

Mrs. W. G. Williams is directress of this group. Some honor visitors through the year include Supt. D. H. Conley, Mr. W. M. Stokes, member of Pitt County Board of Education, Dr. S. E. Much, a native of Scotland England, Prof. E. A. Elliott, Prof. D. Chance and others.

Our P. T. A. announces its final meeting of the year Monday night, May 4, 1948. Parents will render the program and serve. All. Election of officers will also be had. The teachers and parents wish to thank everyone.

everyone, both white and colored for all help given in making this school year a very successful one.

Gov't Payrolls Jumped In March

Washington, April 29 — (AP) — Senator Byrd (D-Va.) reported today government payrolls increased nearly 500 persons a day during March.

This 17,093 gain brought the total to 2,030,861, he said in a report.

Cat Put In Jail

(P) News Features

It was two weeks in the Denver County jailhouse for Tommy. But he went as a guest, not as an inmate.

Tommy is owned by Joyce Ann Beinhelzel, 12, of Denver. Her mother had to go to a hospital, for two weeks and Joyce Ann went to stay with relatives, but they didn't have room for Tommy. Joyce Ann told her woes to District Judge Joseph E. Cook and the judge "bucked" the question to his friend, Warden Ed Allen of the jail.

Bandits Pay For Drinks And Flee

New York, April 29—(AP)—Four holdupmen held up a Queens bar today, took money from the bartender and three patrons, bought each a drink, paid the bartender and fled.

Two of the four later were captured when they tried to shoot it out with two off-duty policemen who foiled their attempt to hold up another tavern. One of the patrolmen was wounded.

Poisoning Caused Death Of Co-ed

Hillsboro, N. C., April 29—(AP)—A medical specialist's report that the death of a University of North Carolina co-ed was caused by poisoning was in the hands of the coroner here today.

Orange County Coroner H. J. Walker said he would study the finding before signing the death certificate.

Miss Flora Elaine Patton, 24, a senior, died last Friday night shortly after collapsing on the steps of a dormitory in Chapel Hill.

Colored News

The members of the Sophisticated Aces' Club met at the home of Mr. Joyner Savage Sunday, April 25.

The meeting was called to order by the president. The roll was called by Mr. Wilbert Williams, the secretary and was led in prayer by the chaplain, Mr. Kinley Smith.

The next meeting will be held Sunday at the home of Mrs. B. W. Sherrod, 613 Clark street. All members are urged to be present.

Agricultural and forestry experts say that during its short history the United States has lost one third of its topsoil and four-fifths of its standing saw timber.

Tired Kidneys Often Bring Sleepless Nights

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Brilliant Hurling By Little Of No Avail; Locals In Cellar

Citation To Win Says Eck; Can't See Competition

By FRANK ECK
New York—More than 47 percent of the favorites have won the Kentucky Derby. There's little reason to believe Citation will not hike up this percentage by winning on Saturday, May 1.

Citation should go to the post odds on in the 74th running of Col. Matt Winn's run for the roses at Churchill Downs. It may be that he will bet such terrific support at the muzzle windows that he will cause a minus pool in the show wagers.

Racetracks have been known to lose money when Citation runs. In his first 14 starts, the Calumet Farm colt by Bull Lea—Hydraphane—has either been first or second. He won 12 of his first 14, ran second in the other two.

His form has been so consistent that betting men have really plunged on him to finish in the money. In two races within six days at Havre de Grace, the Maryland track lost \$55,468 because of the tremendous support Citation received.

Bettors are guaranteed 10 cents on a dollar in place and show pools. That's better interest than you get in any bank and horsemen are beginning to believe that "it's money in the bank" when Citation runs.

In one of Citation's races the field was small and there was no show pool. But there was a minus place pool when \$142,594 out of a

total place pool of \$150,594 was wagers on Citation. This cost Havre de Grace \$20,226.

Five days previous, Citation cost the track \$15,242 in a minus show pool.

Since only two odds-on favorites out of 24 have finished out of the money in the Derby, Citation money probably will be bet heavily across the board. Ten odds-on choices have been beaten in the Derby but eight of them were either second or third. Of all the post-time Derby favorites only 15 out of 73 have been worse than third.

Citation is the only 3-year-old to show this spring that he can run the Derby distance of one mile and quarter. This should be another reason for him to be heavily played.

GREENIES SCHEDULE

Barring interference by the weatherman, the Greenies play New Bern here tonight; Kinston here Friday night; and then on Saturday the locals play Kinston on their home grounds.

New Bern Scores 2-0 Victory In First Meeting Between Clubs

By BERT MOYE
The New Bern Bears blanked the Greenies, 2-0, last night in New Bern, as Garland Little and Frances Dellinger of the Bears hooked up in a brilliant mound duel between two left-handers. The loss for the Greenies gave them full possession of the cellar position in league standings as two contests were rained out.

The Bears put across one run in the fifth when Stuts led off with a single, Sullivan sacrificed him to second and he then advanced to third on an infield out and Dellinger's timely single drove him home for what proved to be the winning run.

The Bears' other tally came in the eighth frame when Santiago beat out a bunt, stole second, took third as Nash booted Hobgood's grounder and scored as Abernathy grounded out.

Garland Little, receiving credit for his first loss of the season, pitched six-hit ball, walked three and struck out seven Bears. Stuts, Bears' centerfielder, with two singles, was the only man to get more than one hit off his offerings.

Frances Dellinger of the Bears held the Greenies to five scattered hits, with Ray Phillips getting a double for the only extra base knock of the game. Dellinger walked three and struck out four Greenies.

The Greenies return home tonight to play a return game with the Bears, and on Friday night they meet the Kinston Eagles here for the first time this season.

TRIPLE TRAGEDY

Grand Valley, Ontario—(AP)—Triplets, an extremely rare occurrence among standardbred horses, recently were foaled by the mare Mabel Grattan in this Canadian town—but all three were dead upon foaling. Two of the trio, which arrived 82 days ahead of scheduled, were of normal size while the third was not much larger than a cat, although normal in proportions.

PACERS COME TO FORE

New York—(AP)—Pacers once were the ugly ducklings of the horse racing world, but today the top harness money-winning horse in action is a pacer. April Star leads with \$81,876 in winnings.

Wheat is grown in all 46 American states.

Sidelights: — Both teams really played heads-up ball in New Bern last night as fans were treated to thrill after thrill by the brilliant fielding of both clubs. . . . Danny Lastres continued his brilliant playing in the shortstop position handling five chances perfectly. . . . Stuts' Bears' centerfielder, robbed Bill Sweel of what looked a homer in the eighth frame when he leaped over the fence to catch a ball that had traveled approximately 350 feet. . . . Both Clubs made one double play. Bob Cohen went hitless for the first time this season last night after hitting successfully in the first six games. . . . Charlie Chute was out of lineup last night still suffering with a strained muscle in his leg. . . . It is my guess that Larry Baldwin, a former hurler for the Greenies last season, will be on the mound for the Bears when they play at Guy Smith Stadium here tonight at 7:45.

O-O-O

The following are the unofficial batting averages of the Greenie players as compiled from the first six games from box scores appearing in the paper: Bob Cohen, 27 times at bat, 12 hits, .444 percent; Tutterow, three games, two times at bat, one hit, .500 percent; John Kovalchick, two games, three times at bat, one hit, .333 percent; Danny Lastres, 23 times at bat, seven hits, .304 percent; Vernon Blast, two games, seven times at bat, two hits, .286 percent; Luis Arroyo, three games, eight times at bat, two hits, .250 percent; Garland Little, three games, four times at bat, one hit, .250 percent; Bill Sweel, two games, 8 times at bat, 2 hits, .250 percent; Emil Carter, 25 times at bat, six hits, .240 percent; Ray Phillips, 24 times at bat, five hits, .208 percent; Jack Thrush, 17 times at bat, three hits, .177 percent; Mel Pasteris, 10 times at bat, two hits, .200 percent; Wiley Nash, 26 times at bat, five hits, .154 percent; Charlie Chute, 13 times at bat, two hits, .154 percent; Paul Simmons (three games), seven times at bat, one hit, .143 percent; Jerry Chitty (two games), five times at bat, one hit, .200 percent; Brooks and Phebus are the only Greenies that have not collected a hit so far this season. The Greenies as a club have been at bat 212 times, collected 53 hits for an average of .250 percent.

A new Coastal Plain rule adopted by directors recently prevents policemen or others in civilian clothes in the dugouts or on playing field and limits to two the number of bat boys permitted on the field by each club.

Several changes have been made in the Bug roster. Bernard John Zaykoski, veteran southpaw, who was with Smithfield last season, has

Derby Betting May Be Limited Due To Citation

Louisville, Ky., April 29—(AP)—There's a possibility that only win betting will be allowed at Saturday's 74th running of the Kentucky Derby at Churchill Downs. Not since 1905, when only three horses were entered, has a similar situation existed. With the probable field pared to six horses, Churchill Downs officials said they might meet Friday to determine whether they can afford to allow both win and place betting and still pay off at the customary rate of not less than 10 cents on a dollar.

Since two of these six horses from the seemingly unbeatable Calumet Farm, there remain only four entries on which to bet. Show wagering definitely is out.

CLUSTER OF FIRSTS

East Lansing, Mich.—(AP)—Icky Konrad, former Michigan State College wrestler, recently took his first coaching job. It was as coach of the first wrestling team Lansing's Sexton High school ever had. Konrad claimed an unbeaten season by directing Sexton to first place in the first state mat tournament ever held.

When Wilson defeated Kinston, 9-4, June 1, 1941 there were 6 homers in the game, accounting for all but two of the runs. Joe Demasi of Kinston had a grand-slammer, Fred Eason, poled two for Wilson. Carnahan, Dickens and Murphy had one apiece.

Sauer Modest In Batting Success

Cincinnati, April 29—(AP)—Ask a baseball fan about Cincinnati's homerin' Hank Sauer and he'll tell you the big left fielder is banging the ball over National League fences with amazing regularity this spring. But Hank sings a different tune about his four circuit blows which are tops in the National League and the fat 324 pace he is hitting. He says the fellow he replaced—little Augie Galan—is the one who, in a good measure, is responsible.

"Whenever I'm not sure of a pitcher," he declared, "I go to Augie. He sets me right and what's more he tells me all those things I have to know about left field."

Galan, who hit .314 in 194 games for the Reds last year, is riding the bench in favor of Sauer. The 29-year-old pounder clubbed 50 homers for Syracuse in 1947 and finishing the season with a .336 average.

If Sauer, a native of Pittsburgh who now makes his home in Los Angeles, had learned the fine points of fielding a little sooner he believes he would have been in the majors long ago.

"I'm far from being a rookie," he said. "This is my fourth time up. A fellow doesn't like to make excuses but I was always a first baseman until I came up with Cincinnati in 1941. They threw a glove at me and said I was an outfielder."

Mother Of Two Seeks Position On Olympic Team

Philadelphia, April 28—(AP)—Mrs. Consuetta Caruccio Lens, 29-year-old mother of two children, is seeking a spot on the U.S. Women's Olympic Gymnastic Team.

Mrs. Lens, a member of the 1936 Olympic team, said yesterday she plans to compete May 8 when the final Olympic tryouts and National AAU Women's Gymnastic Championships are held at Temple University.

She won her first title, the all-around crown, in her first national meet at the age of 14. Since then she retained that title in 1934 and added the national titles in parallel bars, flying rings and side horse vault.

Whitey Lockman Proves Worth In Giant Slugging

New York, April 29—(AP)—Before Whitey Lockman ever saw a big league game, scouts predicted he would some day become one of the brightest stars in baseball.

That was back in the summer of 1943, after a New York Giant scout had watched the then 16-year-old towhead youngster in action on the sandlots of Charlotte, N. C.

Today, five years later, Lockman has done nothing to change the minds of his backers, despite a series of misfortunes that nearly ruined his major league career hardly before it started.

At 21, with less than 50 big league games under his belt, Lockman already has proven he is the most important addition to the Giants since their pennant winning days of 1936-37.

A southpaw swinger, Whitey is easily the most versatile of the team's long list of sluggers. He has demonstrated he can hit the long ones and the short ones. He can bunt better than any Giant. Rated with Bobby Thomson as the club's fastest, he can beat out infield rollers. And when the third baseman comes in and the left fielder shifts over, he can drop the ball neatly into left field.

After giving a particularly bad performance opening day both at home and in the field, Lockman overcame his nervousness to become one of the leaders of the Giants' vaunted wrecking crew. In nine games, he has slugged out 14 hits in 40 times at bat to build up a .350 batting average. He has hit two doubles, three triples and a home run.

He has driven in nine runs despite his second slot in the batting order. Lockman's biggest day so far was in Boston last Saturday when he reaped out four hits, two of them triples, and drove in seven runs to lead the Giants to a 16-9 victory.

Two days later he roamed far and wide in centerfield to handle seven putouts and also threw out a would-be run-scoring with an accurate peg.

Encouragement For Billy Southworth By Pitchers

Humor Needed

Columbus, O., April 29—(AP)—Umpires should cultivate a sense of humor, and apply it. So said President Frank C. Lane today in his latest set of instructions, warnings and rule interpretations to managers and arbiters of the American Association.

Lane did not elaborate on the "humor" admonition, confining himself to the wording of the first paragraph.

GHS Tracksters Display Form In Raleigh Meet

Five Greenville High tracksters entered the triangular meet yesterday in Raleigh and scored 14 1-2 points. Glenn Perkins took first place in the broad jump. His winning measurement was 20 feet and 2 1-2 inches. Jim Tanner was likewise a 5 pointer with third place in the high hurdles and shot, and a fourth in the discus. George Minshew came in second in the high hurdles and tied for fourth in the high jump. Greenville's other point was won by Spyridon Sideris who placed in the low hurdles. Steve Moss, Greenville's other entrant, failed to place in his events, the 220 yard dash and the high jump.

R. B. Starling of the Greenville High faculty accompanied the five-man team.

The meet was won by Raleigh, an AA school and another AA school, Greensboro, was a close second.

SEE THE WORLD

Fort Wayne—(AP)—Members of the Fort Wayne Zollner Pistons of the National Basketball League did some fast figuring on the number of miles they traveled during the 1947-48 season and discovered that had it all been in a straight line they could have circled the globe—exhibitions, regular season contests and playoff tilts put 25,000 miles on the Fort Wayne speedometer.

Something NEW for a change!

4 MOR meats! 4 MOR varieties! Convenient and economical, too. There's no waste. Buy all 4—beef, lamb, veal and pork.

Hunts Wolves As A Hobby; Seven Greyhounds Used

Tulsa, Okla.—(AP)—J. D. Bradshaw credits his seven greyhounds with the success of this northeastern Oklahoma "wolf extermination" service. "My hounds," he says, "can snap the life right out of the biggest wolf that roams."

Bradshaw doesn't charge for his service. Neither does he collect the

Sport Slants

by Pap

Swinging Star... Pap

Little Louise Suggs has just defeated a strong field to win her third North and South championship. She was looking forward to setting off for England with the other members of the United States Curtis Cup golf team which is to engage the British ladies in a renewal of the international matches, the first since 1938. Rated the nation's No. 1 amateur woman golfer since Babe Didrikson Zaharias moved into the professional ranks, the Atlanta Miss holds an impressive string of championships in addition to the national title. Last year she won the Western open and amateur titles for the second straight time.

Miss Suggs has been playing tournament golf since 1941. Her father, a former professional baseball player with Atlanta and currently a

\$250 bounty the state pays for each wolf bagged. With him, it's a hobby. He began his hunting two years ago after a pack of wolves invaded his farm, mauling two calves and killing several young turkeys.

Bradshaw hunts the wolves in a pickup truck with a hinged tailboard

golf pro at Carrollton, Ga., made no effort to interest his daughter in the game of golf. That was her own idea. She is 24 years old and weighs only 117 pounds. In golfing circles Little Louise is called the Ben Hogan of the girl golfers. Her tee shots have amazing distance; her iron play is crisp and straight and her short game is deadly.

It is the intention of Miss Suggs to remain in England after the Curtis Cup matches to take a crack at the British amateur championship which Babe Didrikson Zaharias won last year but will be unable to defend. Louise has turned a deaf ear to the numerous proffers which have come her way thus far although she does feel that there is a bright future for the woman golfer. Time to think about that later on.

which can be opened in the truck's cab. The dogs ride in the back. "I just drive around a ranch until I spot a wolf," he says. "Then I let the greyhounds out and they pick up the scent and that's all there is to it." He recently accounted for 20 wolves in less than that many trips.

Pro Football Pay Starting Decline

Green Bay, Wis., April 29—(AP)—The honeymoon between professional football players and high salaries is over, says E. L. (Curley) Lambeau, coach of the National League Green Bay Packers for the past 30 years.

Lambeau said his statement followed a contract conference with Tony Canadeo, veteran back who was the leading ground gainer in the National League's western division last year.

Canadeo rejected Lambeau's undisclosed salary offer and walked out, becoming the Packers' first holdout this year. Said Lambeau, "we would like to have Tony with us, but we'll be Okay at left half back if he isn't. It has always been and always will be our policy to pay players as much as possible."

But, Lambeau added, "The honeymoon is over. There is plenty of talent for all teams. Several years ago it was different. The players had the owners on a spot and took advantage of it. But today it is no trick to sign 100 men."

Lambeau declared that in the two professional football leagues last year only four and possibly five teams broke even. He fixed the losses of 13 others "in the millions."

Will Toss Boxing Out Of Garden If Persist Dispute

New York, April 29—(AP)—Ned Irish says he will throw boxing out of Madison Square Garden if fight managers insist on a division of television receipts.

"We will put in professional basketball on Friday nights," the Garden's executive vice-president declared. "We'll televise it and make more money."

The New York Boxing Managers Guild which controls most of the name boxers in the Metropolitan area is boycotting the twentieth century sporting club in a dispute over the television rights.

The managers are asking a split of the receipts both the Twentieth century which sponsors fights at the Garden and St. Nicholas Arena, and from the Garden.

Kansas is the only U.S. state having no deer in the wild state.

94 Entries For International Turf Contest

London—(AP)—The two-mile King George VI stakes at Ascot October 9 will be a real international turf contest.

The 94 entries come from five nations. Black Tarquin and The Senator II, from the English stable of William Woodward of New York, will represent America.

There are 27 entries from France, two from Ireland and two from Italy. The rest are English horses.

It is one of the richest races during the flat season, paying 5,000 pounds (\$20,000) added money in addition to the stakes. With the original entry fee of 25 pounds (\$100) the stakes money is already 2,350 pounds. Horses left in during subsequent stages will pay another 75 pounds.

A's Cheered By News That Valo Back In Lineup

Philadelphia, April 29—(AP)—The Philadelphia Athletics, in the throes of a slump after winning their first three games this season, were cheered by news that right-fielder Elmer Valo will return to action today against the Boston Red Sox.

Valo, 27-year-old veteran from Palmerton, Pa., pulled up with a charley horse while rounding third base in the final pre-season exhibition game with the Philadelphia Phillies.

The loss of Valo for the first eight games made a dent in the A's batting power. His spot was handled by Don White, utility outfielder.

More than 23,000,000 border crossings were made into Canada in 1947.

HAUNTED HOLIDAY

By Cameron Dockery

AP Newsfeature

Chapter 27
Vince Bonney stretched lazily and
the sudden sharp pull of tender
shoulder muscles made him cry out.
His eyes flew open in sheer aston-
ishment.

He was in his own bed and across
the room by the window, hunched
over like a gargoyle was Johanson
in Vince's dressing gown. He looked
anxious.

Vince chuckled. "Have you been
my guardian angel all night, Johan-
son?"

The investigator frowned. "You
had us worried, or rather Julia did
— she's been hovering over you
like a mother hen. Doc Zendo said
you'd recover though when we got
you thawed out."

"Guess the cold made me daze
off. Is Julia O.K.?"

"Right as rain. You did a good
job of keeping her warm," his grin
bordered on a leer. "We just got
you in time however."

Vince's jaws tightened. Freezing
to death in a cold storage room was
hardly a desirable death. "What
made you look there?" he asked.

Hold Third Pitt Music Festival At Bethel High

The third annual Pitt County mu-
sic festival, presented at the Bethel
High School last night, featured
choral renditions by six singularly
talented groups of students, a solo
and numbers by a Tonette band.

Another portion of the music fes-
tival will be presented at the Ayden
High School Friday night at 8 o'-
clock.

The program presented last night,
at Bethel, follows:

"Praise Ye Jehovah," "The Little
Green Valley" and "Old Uncle Ned,"
by the Grimesland High School
Chorus.

"The Children's Prayer," "About
Katy" and "Come Greet the Spring"
by the Belvoir Elementary Chorus.

"Farewell Song," "To a Robin"
and "Daffodils," by the Bethel El-
ementary Chorus.

"Stars of the Summer Night,"
"When Irish Eyes Are Smiling" and
"National Hymn" by the Falkland
Elementary Chorus.

"Old Black Joe," "Brahams" "Lulla-
by" and "Goodnight, Ladies" by the
Belvoir Tonette Band.

"The Old North State" by the
combined Elementary Chorus.

"The Lord's Prayer," by Mrs.
Wadie Ward.

"The Spacious Firmament On
High," "An Irish Love Song" (Lon-
donderry Air), and "All Through
the Night," by the Belvoir High
School Chorus.

"Bless This House," "Blue Skies,"
and "Sweet Mystery of Life," by the
Bethel High School Chorus.

"Battle Hymn of the Republic,"
by the combined High School
Chorus.

Vocational Teachers
Meet College Friday

The vocational home economics
departments of the Ayden, Bethel,
Chicod, Farmville, Greenville, Win-
terville and Grimesland will present
an interesting program at Wright
auditorium at the college Friday af-
ternoon at 2 o'clock. Miss Alva Ray
Taylor is chairman of the arrange-
ments committee. The program will
illustrate the different phases of the
work being done in the various
schools.

The Pitt County vocational teach-
ers are Mrs. Elsie Edwards, Miss
Nora Lee Hinnant, Mrs. Thelma
Page, Miss Ruth Parker, Miss Alice
Strawn, Mrs. Edna T. James, Elea-
nor Watkins and Miss Alva Ray Tay-
lor.

Real Isolation

Sydney, Australia.—(AP)—An aban-
doned hut in western New South
Wales carried this unusual notice on
its door for some years: "Twenty
miles from a neighbor, 40 miles from
a post office, 50 miles from a rail-
way, 50 miles from a pub, 10 miles
from a wood and water, 1000 miles
from a city. Whoever finds farm can
have it. We hope they will settle
down and help pioneer the west. We
would do it ourselves only the mis-
ses wants to see life. She has left for
the city. So have I."

eliminate you. What else happened?"

Vince shut his eyes. His arrival
seemed such a long time ago. He
drew slowly on his cigarette and
described his trip again in detail.

"Then we stopped for a pack-
age of mail and brought it out,"
he said.

"Mail?" Johanson echoed solemn-
ly. "Did you see any of it?"

"Only the top letter postmarked
Honolulu and addressed to Luki."
"You didn't see the addresses be-
hind the letters were distributed?"

"No-o-o, but wait . . . Bissett
did. He must have read them all!"
Johanson began pacing the mul-
berry rug. "Suppose there was some-
thing in one of those letters," he
said jerkily. "Suppose it contained
some disclosure more emotionally
earth-shaking to the recipient than
Sophie's discovery about Eric Bran-
son! Suppose it made the murderer
act that very night!"

"How would we know? He's un-
doubtedly disposed of it by this
time."

"Perhaps, but since the morning
of Simeon Mannley's death all the
waste paper has been collected and
examined; all incoming mail has
been read, and people seldom throw
personal letters away until they've
answered them. If Bissett can only
remember! He must! He should have
a neat clerical type of mind!"

"Well, suppose you quiz him,"
Vince suggested. "Frankly, after last
night's experience, the less I see of
John Bissett the better."

Johanson dressed hurriedly and
left the room muttering to himself.
(To be continued)

Tired, "All-In"—Listless Feeling Brought To Halt

As Vibrant Energy Is Released
To Every Muscle, Fibre, Cell

Do you get up in the mornings still
tired, feel down-and-out all day? Have
you checked-up on your blood strength
lately? Overwork, undue worry, cold, flu
or other illness often wears down the
red-blood-cells.

Every day—every hour—millions of
tiny red-blood-cells must pour forth
from the marrow of your bones to re-
place those that are worn-out. A low
blood count may affect you in several
ways: no appetite, underweight, no
energy, a run-down condition, lack of
resistance to infection and disease.

To get real relief you must keep up
your blood strength. Medical authorities,
by analysis of the blood, have by pos-
itive proof shown that 888 Tonic is
an amazingly effective in building up
low blood strength in non-organic nutri-
tional anemia. This is due to the 888
Tonic formula which contains special
and potent activating ingredients.

Also, 888 Tonic helps you enjoy the
food you eat by increasing the gastric
secretive juice when it is non-organic
too little or scanty—thus the stom-
ach will have little cause to get balky
with gas, bloated and give off that sour
food taste.

Don't wait! Energize your body with
rich, red-blood. Start on 888 Tonic now.
As vigorous blood surges throughout
your whole body, greater freshness and
strength should make you get better,
sleep better, feel better, work better,
play better, have a healthy color glow in
your skin—firm flesh fill out hollow
places. Millions of bottles sold. Get a
bottle from your drug store. See Tests
helps Build Sturdy Health.

Jaycees Schedule Important Meeting

Billy Harrison of Rocky Mount,
unopposed candidate for president
of the North Carolina Junior Cham-
ber of Commerce, will be a special
guest at the Greenville Junior
Chamber's supper meeting at the
Olive Towne Inn Thursday night at
6:30 p. m. The meeting will be ad-
journed in time to permit the mem-
bers to attend the ball game or the
"Fashion Revue" at Austin audi-
torium, sponsored by the Business
and Professional Women's Club.
President B. B. Sugg, Jr., will pre-
side.

The Greenville Jaycees will be
well represented at the Junior
Chamber's state convention in Win-
ston-Salem May 13-15.

Fifteen percent of all grade school
pupils in the United States learn
their three R's in one-room, one-
teacher schools. The average has
16 pupils.

Rebuilding Nazi Navy Yards Announces Meet

Berlin—The Russians are reconstructing the former German naval yards of Wilhelmshaven as a key base on the White Sea in their development of arctic ocean routes, according to the best information available here. Reliable informants say the site selected is Molotovsk near Archangel.

Practically the entire Wilhelmshaven yard, which was the main German base on the North Sea, is going to the Soviet Union as reparations. Dismantlement of its machine, electrical, torpedo, sheet metal, furnace and other shops is proceeding.

Observers here said they were watching "with great interest" Russian development of its far northern sea routes as well as the energy being put into building up waterway routes, particularly from the Baltic to the Black Seas.

Pillau, on the bay of Danzig, has become the Russians' main base for its South Baltic fleet. Here Soviet ships can fuel and take on food. Backing it up is the major repair and building harbor of Koenigsberg. The Schichau shipbuilding yards at Koenigsberg were expanded rapidly by the Germans during the war as Allied bombers flying from England made it more and more difficult to keep up production, particularly of submarines, in yards on the North Sea and the western Baltic. That expansion now is being stepped up by the Russians.

Rostock, the major German port in the Russian occupied zone, is being used by the Russians for minor repairs and as an outlet for the shipment of reparations from the

Soviet zone. General Lucius D. Clay, the American commander-in-chief, recently accused the Russians of building warships at Rostock.

When the remnants of the German fleet were divided among the victors,

More than two thirds of the \$805 million which the American people spent on reading matter in 1940 was spent for newspapers and magazines. The remainder was chiefly for books and maps.

Neutrality Faces Swedish Critics

By LENNAERT STRID
AP Newsfeatures

Stockholm—To the Swedish government the traditional policy of strict neutrality in any international conflict is still good, but an increasing number of Swedes say it is obsolete. The Swedish minister of finance, Ernst Wigforss, recently had to admit in a speech on neutrality that the policy is breaking.

Foreign minister Olof Udden has refused to commit his government to anything except the Marshall plan. He has been criticized for saying east and west were equally dangerous to this country.

The view, which is vigorously propounded by "Dagens Nyheter" and some other newspapers, is that Sweden's chances of escaping any new war are faint. The best course, according to these quarters, is to prepare military and political co-operation with the West in good time. Swedish defense, it is said, is based on the principle of delay till help from abroad arrives. "Why not acknowledge our friends and arrange for that help before the flood comes? After, it may be too late," the alliance enthusiasts say.

But there has been no panic here. Although 3,314 Swedes can immigrate to the U. S. each year, that quota has not been filled for many years. The American embassy in Stockholm has not observed any increase in applications lately.

As for the "scare" of Russia one Swede recalled that American journalists who visited Stockholm during the war used to make fun of the Swedes for their apprehensions in that direction.

"The Swedes have known all the time what the Americans have discovered only recently regarding Russian expansionism. Centuries of wars with the Russians have taught us something. We are not scared, just watchful," he said.

Austria Exports Music, Drama

Vienna—(AP)—Music and drama are high on the list of Austrian exports to the West this year. Trips to Western European nations and the United States are planned for the Vienna Philharmonic Orchestra. In addition, "Danton's Death," the opera composed by young Gottfried von Einem, will be performed in five foreign countries.

"Danton's Death" had its world premier at last year's Salzburg music festival. It will be staged in Stuttgart and Hamburg, Germany, and in Brussels, Paris, Milan, Venice and New York. The Hungarian conductor, Ferenc Fricsay, has been engaged to conduct the opera at the Metropolitan in New York.

This Baby Can Feel No Pain

Judson H. Blount, prominent Greenville business man and president of the North Carolina Merchants Association, announces that the 46th annual convention of the organization will be held at the George Vanderbilt Hotel in Asheville on May 17-18.

Speakers for the annual meeting include R. Flake Shaw of Greensboro, executive vice president of the N.C. Farm Bureau Federation; Dr. C. Sylvester Green of Durham, editor of the Durham Morning Herald; Dr. I. G. Greer of Chapel Hill, executive vice president of the North Carolina Business Foundation; Louis Lipinsky, prominent merchant of Asheville; and Charles M. Isaac of Washington, manager of the Domestic Distribution Department of the U.S. Chamber of Commerce.

Addresses by Dr. Greer and Louis Lipinsky will be concerned with the work of the North Carolina Business Foundation as it is related to merchants' activities, while Mr. Isaac will discuss "The Importance of Distribution in Our Economy." Dr. Green, the banquet speaker, will talk on "Grassroot Hopes for Tomorrow."

The N.C. Association of Credit Women's Breakfast Clubs, which now has 17 active groups in all sections of the state, will hold its annual meeting in conjunction with the merchants convention.

Officers of the North Carolina Merchants Association, which is one of the largest, oldest and most active state merchants organizations in the nation, are Judson H. Blount, Greenville, president; T. M. Driskill, Charlotte, first vice-president; John M. Carroll, Asheville, second vice-president; W. L. Dowell, Raleigh, executive vice president and secretary; Jasper C. Hutto, Lumberton, treasurer; and Thompson Greenwood, Raleigh, assistant secretary.

Important Meeting Next Tuesday Night

A meeting of vital importance to everybody in Greenville will be held at the High School Library next Tuesday night at 8 o'clock, when more than fifty representative men and women will assemble to discuss plans for providing a recreational building and centers for the people of the city.

Dr. C. F. Irons, chairman of the committee, will preside.

Colored News

The City Union Ushers held their eighth anniversary at Corner Stone Free Will Baptist Church Sunday afternoon, April 25. Music was furnished by the Corner Stone choir. The welcome address was given by Mr. Milton Carr. The history of the union was given by Mrs. Gertrude Reeves. A solo by Mrs. Vivian Merrick of Belhaven. A reading by Miss Elizabeth Clemmons. Memorial service for our deceased ushers. A trio by the Dags children. Mr. Willie Williams introduced the speaker, Rev. Churchill Thomas. Mistress of ceremonies, Mrs. L. R. Taylor. Response by Mr. Leroy Barnes. Remarks by Mr. Lemuel Clemmons, president.

Beverly Smith, one-year-old baby, feels no pain as Nurse Helen Zimmerman pricks her arm with a pin in Children's Hospital at Akron, Ohio. The infant has startled doctors because of her inability to feel any pain whatever from burns, bumps or pin pricks. She is said to be one of "four or five" babies ever born with that congenital condition. Beverly is healthy in every respect. She has a normal three-year-old sister, Barbara. (AP Wirephoto).

Firebug Is Using Explosive Torch

Luke, Md., April 29—(AP)—Police in this mountain area are seeking a firebug who uses explosive powder as his "torch."

At least 12 properties have been damaged by incendiary fires since a supply of explosives disappeared from a mine near here. One blaze did \$10,000 damage.

Each of the fires started out with the thick, black smoke common to burning powder.

An explosive powder stick was found Sunday in the control room of the local water tower. Two similar sticks were uncovered last Friday on the property of the West Virginia Pulp and Paper Company plant here.

Burza Hanlin, chief of police at nearby Westport, said all the fires have been started since 100 sticks of explosive powder and a similar number of dynamite sticks fuses and caps were stolen from a Westernport mine operator three months ago.

Hanlin and other law enforcement officers believe the fires, the theft and the planting of explosives at the pulp mill and water tower may be tied together.

They are trying hard to do just that. The firebug may still have a big supply of "torches."

H. T. SMITH

From its styling to its stamina... from its road-action to its ride...
CHEVROLET-and ONLY Chevrolet- IS FIRST!
First in all-round quality in the entire low-price field!
Nowhere else beauty like this! New styling! New colors! New upholstery fabric! All this added to the basic Big-Car luxury of Chevrolet's famous Body by Fisher. Remember—this body is exclusive to Chevrolet and higher-priced cars.
You'll enjoy much greater comfort in Chevrolet for 1948. It brings you the Big-Car riding-smoothness and road-steadiness of the United-Knee-Action Gliding Ride. Another feature found only in Chevrolet and more expensive cars.
how you and your family will enjoy ownership of this newer, smarter, finer Chevrolet for 1948! It brings you BIG-CAR QUALITY—not in one item only, but in every phase of styling, engineering and construction—and brings it to you AT LOWEST COST, as well. That is why more people drive Chevrolets, according to official nationwide registrations—and more people want Chevrolets, according to seven independent nationwide surveys—than any other make of car. That is why you, too, will agree that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value!
Here's power, acceleration and dependability that will thrill the most experienced driver. It's the unique performance with economy of Chevrolet's Valve-in-Head engine—America's most thoroughly proved automotive power plant. Valve-in-Head engines, too, are exclusive to Chevrolet and costlier cars.
Just as you will find no equal for Chevrolet dollar-value, so you will find no equal for our authorized Chevrolet service. Safeguard your transportation by bringing your present car to us for skilled service, now and at regular intervals, pending delivery of your new Chevrolet!

Insane Negro Kills Police Chief, Defies Officers

N. C. Candidates Continue Drives; Stress Schools

Adairville, Ky., April 29—(AP)—An insane Negro shot to death Chief of Police Rufus Barrow, 60, with the officer's own pistol today, then for more than an hour stood off officers before he finally was overpowered.

The Negro, listed as Ed Burke, 20, had been adjudged insane and was in custody of the officer, awaiting a bus to take him to an institution. The prisoner seized the officer's gun, fired and fired shot after shot into his body.

Then the man, waving the gun menacingly, took up a position over the officer's body and defied police and sheriff's deputies to approach him.

The officers refrained immediately from attempting to seize him lest he start shooting into the crowd of several hundred which quickly gathered.

After nearly an hour and a half, the officers kept the man's attention while another Negro Capers Crum-baugh, 45, slipped up behind Burke, flattened him and disarmed him.

day organizational trip in the east. Former Governor J. Melville Broughton did organization work in Craven, Pamlico, Jones and Onslow counties. In a radio speech from Jacksonville, he predicted that North Carolina's ports and waterways will become one of the prime factors in the national security program.

"The teachers of our state have been vested with the job of abolishing illiteracy. You can do the job if the state is willing to back your efforts."

Charles M. Johnson, in a court-house speech at Windsor, urged expansion of state library facilities "to make books available in every nook and corner of the state."

Olia Ray Boyd of Pinetown addressed a meeting at the Pinetown school.

The two candidates for senator also were busy yesterday. Senator William B. Unstead ended a two-

China Elects Its Vice-President

Nanking, April 29—(AP)—Gen. Li Tsung-Jen, new "Lion of the North," was elected vice president of China today.

The office is without power except the right of succession to President Chiang Kai-Shek.

Li, a reform candidate who has bucked Chiang on more than one occasion, roundly defeated the incumbent, Dr. Sun Fo, 1,438 to 1,295. Sun originally was supported by Chiang. But the president, during the election, told the National Assembly delegates to vote as they chose.

Li's election, in a measure, was a minor defeat for the strong Right Wing of the Kuomintang—its first such political defeat in 20 years.

Li campaigned for a change in the Old Order of China. Among his chief supporters was his old comrade, Gen. Pai Chung-Hai, minister of national defense, who risked Chiang's ire to help Li.

Mountain Areas Ask More Funds

Raleigh, N.C., April 29—(AP)—The State Highway Commission received today but took no action on a request from Transylvania County that mountain areas receive a larger share of road building funds.

The commission, at its monthly meeting, also approved low bids on nine of 13 road projects which were received at a letting Tuesday.

District Debate Champs Go Into Finals At UNC

Chapel Hill, April 29—Twelve high school debating teams from 12 schools, each team a district champion on the affirmative or negative will enter the final contests for the Aycock Memorial Cup at the University of North Carolina Thursday.

This will be the 36th annual final contest of the North Carolina Debating Union for the trophy which is provided by the inter-collegiate debaters of the University.

The preliminaries will be held at 7 o'clock Thursday night, the semi-finals will begin at 10 Friday morning, and the final debate is scheduled for 3 p. m. Friday in Gerrard Hall.

The 12 schools and their respective debaters are:

Canton, represented by Patsy Smathers and Betty Ragan, on the affirmative.

Four Oaks, Harvey Cobb and Miriam Lassiter, affirmative.

Maxton, John Hunter LaMotte and Ann M. McLeod, affirmative.

Mount Holly, William Loftin and Sarah Wilson, affirmative.

Relidville, Gene Watts Stokes and Henry Clark, affirmative.

Scotland Neck, Jerry Staton and Albert House, Jr., affirmative.

Forest City, William C. Bostic, III, and Betty Moyer, negative.

Greenville, Rodney Fulcher and Frederick Brooks, negative.

Greenwood, Katie Griffon and Jean Coggins, negative.

Marion, Robert Marks and Betsy Keith Bowman, negative.

Oxford, Jacquetta Baker and Thomas Sneed, negative.

Richard J. Reynolds (Winston-Salem) Ann Crews and Jack Hunter, negative.

Hog Market

Raleigh, April 29—(AP)—(NCDA)—Hog prices steady; tops of \$19.50 at Rocky Mount, Greenville, New Bern, Smithfield, Mt. Olive, Goldsboro, Washington, Jacksonville, Clinton, Warsaw, Lumberton, Ohad-bourn, Fayetteville, Florence, Richmond, steady, practical top \$19.50, extreme top \$20.

Poultry and Eggs

Raleigh, April 29—(AP)—(NCDA)—Fryers and broilers, mostly steady at 38, few at 37; eggs firm, A large 46.

Grain Market

Chicago, April 29—(AP)—A railroad strike threat aided in propping grain prices on the board of trade today, particularly May contracts. But official expressions of optimism over the prospect of avoiding the strike caused the gains to be reduced or eliminated in late dealing.

Wheat closed unchanged to 2 cents higher, May \$2.46 1/2-\$2.47, corn was unchanged to a cent lower, May \$2.21-\$2.21 1/4, oats were 1/4-3/4 lower, May \$1.10 1/2-\$1.11, and soybeans were 1/4 lower to 2 cents higher, May \$4.04.

N.Y. Cotton

New York, April 29—(AP)—Cotton futures opened 65 cents a bale higher to 5 cents lower.

Noon prices were 35 cents a bale higher to 20 cents lower than the previous close. May 37.92, July 37.36 and Oct. 33.12.

Failure of earlier buying to show any follow through encouraged increased selling in cotton futures towards the close, with some new crop deliveries declining into new low ground for the day.

Futures closed 75 cents a bale higher to \$1.00 a bale lower than the previous close.

May	37.98	38.00	37.85
July	37.40	37.38	37.30
Oct.	33.18	32.97	33.15
Dec.	32.48	32.30	32.49
March	32.08	31.97	32.07
May	31.81	31.57	31.77

Middling spot 38.83, up 25.

N.Y. Stock Market

New York, April 29—(AP)—Demand for oil company issues dominated the stock market today. Gains for the oils ranged to more
