

Plane Orders For Air Force Ready

Buying Orders For 2,727 New Warplanes Being Prepared; Presidential Signature Is All That's Needed To Start Building Air Armada

Washington, May 7—(AP)—The Air Force is ready to buy orders for 2,727 new warplanes today, awaiting only President Truman's signature to start building a 70-group peacetime air armada.

Shortly after the Senate gave a 74 to 2 vote of approval yesterday to a \$3,233,000,000 airpower expansion fund, Air Force officials announced they were warming up their purchasing machinery.

A Senate-House conference committee was expected to act swiftly to compromise minor differences in the bill previously passed by a 343 to 3 vote in the House. The measure then would go to the White House where favorable action seems likely despite the \$322,000,000 added to Mr. Truman's original request.

This was the money tacked on to assure a start toward the 70-group Air Force rather than the 56 groups first planned or the 66-group compromise put forward by Secretary of Defense Forrestal in his plea for a "balanced" military expansion.

While most of the debate centered on the theme that air power is the best defense against attack, a number of lawmakers left no doubt they would like to avoid an election year vote on reviving the draft and setting up Universal Military Training.

Mr. Truman, who asked for both of these, took scathing exception to a substitute manpower plan put forward by Rep. Leo Allen (R-Ind.), chairman of the House Rules Committee.

Allen, whose committee has blocked action on UMT, suggested shelving the draft as well by offering bonuses up to \$1,500 to volunteers.

Mr. Truman told his news conference yesterday this was the most serious proposition he has seen yet.

The Air Force said the new funds will provide for 1,500 jet fighters, 800 reconnaissance, transport, training, rescue and liaison aircraft by 1953.

Even more important, the Air Force statement said, is that the new appropriations will buy "that all-important time for which there is no substitute."

It pointed out that the President's Air Policy Commission has set 1952 as the date when the atom bomb secret could be worked out by other nations. The Air Force said this means that 1948 is the last year in which this nation can start building toward a minimum peacetime Air Force.

Senator Bridges (R-NH) who directed the drive for a bigger and better sky defense frankly stated that the air expansion was designed to counter Russia's superiority in ground forces.

Another Dies In Gas Chamber

Raleigh, May 7—(AP)—North Carolina's gas chamber today took the life of James Leroy Jackson, Burke County Negro convicted of murder.

Jackson, 43-year-old cook, said that he once served as a police officer in Cincinnati, Ohio.

He was convicted in Burke County of murdering and robbing his next door neighbor, David H. Francis, Valdesburg lunch stand operator.

FEEL EARTH TREMORS

Montreal, May 7—(AP)—Earth tremors, lasting for some 10 seconds were felt throughout the island of Montreal today.

Our Reciprocal Trade

Prosperity Follows In Wake Of World Trade; U. S. Policy Is To Stimulate Such Trade; Tariffs Are Issue; See, Marshall's View; Why Make Any Changes?

By JAMES MARLOW

Washington, May 7—(AP)—Secretary of State Marshall says the "key-stone" of our foreign policy is the reciprocal trade agreements act.

That policy right now is to shore the world toward prosperity and at the same time stop spread of Communism.

Because this country is the most prosperous and has the most at stake in stopping Communism it has taken the leadership in world trade. The reciprocal trade agreements act means simply:

We'll let another country sell certain of its goods here by lowering our import taxes on them if that country does the same for some of our goods.

Under the act the State Department can do the tariff-lowering without any say-so from Congress.

Some Republicans want to kill the act or at least change it so Congress can have more to say about what agreements can be made.

Under the act as it is this country has agreements with 41 other nations.

Some of those agreements were made in 1947 in Geneva Switzerland when this country and 22 others worked out deals aimed at better world trade.

The U. S. representatives based their work on the reciprocal trade

Refuse To Name A Neutral Mayor For Jerusalem

British Ask United Nations To Appoint Someone To Key Position

Lake Success, May 7—(AP)—An authoritative source said today Britain has refused to appoint a neutral mayor for Jerusalem and has asked the United Nations to name a man for the job.

This source said British Foreign Minister Bevin notified Trygve Lie, U. N. Secretary-General, of his government's decision early today.

It was said Bevin suggested the president of the U. N. assembly, Dr. Hase Arc of Argentina, appoint a mayor after agreement by the Jewish agency for Palestine and the Arab higher committee.

The assembly voted yesterday to approve appointment of a U. N. commissioner, or mayor, for Jerusalem by the British.

That action came after Francis B. Sayre of the United States told the assembly the British said they could appoint such a man if the U. N. desired.

U. N. delegates immediately began efforts to persuade the agency and the Arab committee to agree on a neutral mayor. This official would take over the administration of Jerusalem after the British end their mandate May 15.

It was understood American officials conferred at length last night with Arthur, Czech Jones, British Colonial secretary. The results of the parley were discussed early today at a session of the United States delegation.

The United States was reported ready to suggest that the U. N. meet through the week-end in the race to meet the May 15 deadline with a peace plan. The British are giving up their rule over Palestine a week from tomorrow.

Friendly Gunmen Hold Up Tavern; Ignore Patrons

Chicago, May 7—(AP)—The two gunmen who walked into the Elm Inn greeted nine customers friendly-like, telling them: "Go right on watching the television. We won't bother you."

They pointed their guns at Ray Helwig, the tavern owner. He beckoned them to take the money in the cash register and a safe. It amounted to \$450.

During the holdup Herbert Neutraut, a delivery man, entered. The two gunmen suggested he separate his personal funds from his collections. He handed them \$12 and kept another roll of bills. They thanked him and asked, "Sure none of this is yours?"

Harriman Flies To Paris Sunday

Washington, May 7—(AP)—Ambassador W. Averell Harriman will leave by plane from LaGuardia Field, New York, Sunday for his first talks in Paris with representatives of the 16 Marshall Plan countries.

The ambassador-at-large will return to Washington in about 10 days. Economic Cooperation Administration Paul G. Hoffman said today.

Markets Hit By Freight Embargo

Raleigh, N. C., May 7—(AP)—An embargo on perishable shipments resulting from the threatened rail strike will cause two North Carolina hog markets to suspend operations. The state department of agriculture reported today.

The Rocky Mount market will be closed tomorrow but will reopen Monday if arrangements can be made to obtain truck transportation, and the Lumberton and Marion, S. C., markets will be closed after today unless railroad transportation is available.

Youths Admit To Stealing Auto

Winston-Salem, N. C., May 7—(AP)—Two Greensboro youths apprehended here early today, have admitted to police they stole the automobile in which they had been riding.

Richard Eugene Dunn, 16, and George Henry Petty, 19, were taken into custody on the outskirts of the city after they and an unidentified woman with them were creating a disturbance because the gas tank of the stolen automobile had run dry, police reported.

QUALITY FOR ERP

Washington, May 7—(AP)—Sweden and Luxembourg today qualified for Marshall plan aid, and aid shipments exceeding \$4,000,000 were approved to four other countries—Denmark, Austria, Greece and the Netherlands.

More Villages In North Palestine Claimed By Jews

Establishing Zionist Government In Waning Days Of British Mandate

Haifa, Palestine, May 7—(P)—Jews claimed today to have seized new territory from northern Palestine Arabs in the waning days of Great Britain's mandate over the Holy Land.

British rule is to end at midnight (5 p. m., EST) a week from tonight. Though the United Nations lately has shied away from its partition plan of last November, the Jews are setting up a government to take over then in the parts they would get under the plan.

The Jewish agency's militia, Hagannah, said last night its men had captured two Arab villages between Nazareth, famed as Christ's boyhood home, and the sea of Galilee, and had taken a hill overlooking Safad, mainly Arab city about ten miles north of the sea.

The villages were Sejera and Arab El Edha. Sejera is west of seaside Tiberias, which Hagannah captured a few weeks ago. Arab El Edha is near 1,920-foot Jebel Et Tur (Mount Tabur), traditional site of Christ's transfiguration.

Hagannah said two Jews were killed and nine wounded and 20 Arabs were left dead in Sejera, and two other Jews died and 16 were wounded in the attack on Arab El Edha, where Arab losses were believed high.

Hagannah said that near the Jewish settlement of Mishmar Haemek, it broke up a few hundred Arab troops, mostly Iraqi volunteers, yesterday. Mishmar Haemek, 15 miles southeast of Haifa, commands the Mount Carmel approach to this Jewish-held city, Palestine's main port.

The British army in Haifa said 70 new cases of typhoid were reported yesterday in Acre to the north, crowded with Arab refugees from Haifa. The army said all persons in Acre were being inoculated.

Eighteen Greeks Executed Today

Athens, May 7—(AP)—Eighteen more persons convicted of murder were reported executed this morning at Aegina Prison just outside of Athens.

Nineteen were executed here yesterday. Thirteen others executed at Athens and 11 at Salonika yesterday brought to 61 the total number of executions within 36 hours and to 213 this week.

Most were convicted of murder during leftist uprisings in 1944.

The British embassy said British Ambassador Sir Clifford Norton had sent a note to Vice Premier Constantinos Triandafyllidis asking "details and explanations" of the recent large-scale executions.

Norton called yesterday on Michael Mavrocordatos, undersecretary to the premier, in connection with the executions.

Both Triandafyllidis and Premier Theodoros Sophoulis said the British embassy had not lodged a protest.

The premier, a liberal, and Triandafyllidis, a populist, now are busy reshuffling the cabinet. Agreement upon four new liberal ministers in the liberal-populist coalition cabinet was announced this morning. New populist members have not yet been agreed upon.

Two-Year Terms Urged As Atomic Compromise

Washington, May 7—(AP)—Potential support lined up in the Senate today behind a compromise proposal to extend the terms of David E. Lilienthal and other atomic energy commissioners for two years.

Senator Vandenberg (R-Mich) said he favors such an extension to avert an "unfortunate" controversy. Senator Taft (R-Ohio) said he probably will go alone.

Vandenberg, the Senate's presiding officer and Taft, chairman of its GOP policy committee, were on opposite sides of last year's long and bitter battle over Lilienthal's confirmation. Vandenberg took a leading role in the successful fight for confirmation.

Chairman Hickenlooper (R-Iowa) of the Senate-House atomic energy committee told a reporter he hopes to lay the compromise plan before the committee early next week.

He and Senator Edwin C. Johnson (D-Colo) also a committee member, are authors of a bill to extend the terms of the present five commission members from August 1, 1948 to July 1, 1950.

President Truman has submitted the nominations of Lilienthal for a new five-year term and of his colleagues for periods ranging from four to one years. The atomic energy act calls for such staggered terms.

It was Taft who first promised a fight against this plan. He suggested 13-month extensions to July 1, 1949, when Republicans hope the White House will be occupied by one of their party.

Churchill Seeking European Council

Would Be First Step Toward Formation Of Council Of Europe; World Organization Envisioned By Wartime Leader

The Hague, May 7—(AP)—Winston Churchill urged today immediate formation of a European assembly as the first step toward a council of Europe free of the jealousies and rivalries of the past.

Churchill asked members of a 22-nation forum to plead with their governments to "create a new Europe" whose united voice can be continuously heard.

The new Council of Europe should be a subordinate but necessary part of the world organization, Churchill said. The world organization of the future, he said, should have three "august but subordinate" regional councils:

1. The Soviet Union.
2. The Council of Europe, including Great Britain, joined with her empire and commonwealth.
3. The Western Hemisphere.

Britain's wartime leader said that the West is gripped and perplexed by the attitude of the Soviet Union. "Without whose active aid the world organization cannot function, nor the shadow of war be lifted from the hearts and minds of men and nations."

A resolution is before the meeting to create a "European deliberative assembly through which views could be exchanged and a common European opinion expressed on problems of the day." The meeting also is asked to create an emergency council to direct joint action for economic recovery and military defense to "preserve democratic freedom."

Churchill is honorary chairman of the meeting.

"We seek nothing less than all Europe," Churchill declared. "Distinguished exiles from Czechoslovakia and almost all the Eastern European nations and also from Spain are present among us."

"We aim at the eventual participation of all the peoples throughout the continent whose society and way of life are not in discord with the charter of human rights and the sincere expression of free democracy. We welcome any country where the people own the government, and not the government the people."

Delegates from all the 16 European nations participating in the Marshall Plan are attending the sessions, being held under the title of "The Congress of Europe." In addition, exiled leaders are present from Yugoslavia, Czechoslovakia, Romania, and Finland, and delegates are here from the Saar Valley, the French occupation zone of Germany and from Spain.

Holy City Truce Talks Continued

Jerusalem, May 7—(AP)—Truce talks were resumed in Jericho today between a three-power U. N. consular truce team and Arab leaders.

Jerusalem is so quiet it appears to be holding its breath for fear of interrupting the negotiations. Not a single shot was heard throughout the city since a pre-dawn skirmish between Jaffa Gai Arab and Yem-in Moshe district Jews.

It is believed by some that the Jews and Arabs have given the truce commission their terms for peace not only in Jerusalem, but in all Palestine. The Jews are asking that the Jerusalem-Tel Aviv road be kept open, and for the deportation of all foreign Arabs.

Arab terms are said to be: That the Jerusalem-Tel Aviv road remains closed, with the agreement that Arabs will bring food and water to Jerusalem; That both Jews and Arabs return to areas they occupied last December 1, before the present fight started; and that the truce be implemented by religious bodies of both sides, assisted by an international force.

Compare Labor Relations In N.C.

Raleigh, May 7—(AP)—Compared to the nation as a whole, labor-management relations in North Carolina last year were comparatively peaceful, Labor Commissioner Forest H. Shuford said today.

Shuford reported that there were 35 strikes in North Carolina last year compared with 3,693 in the nation and that idleness from strikes totaled \$23,910 man days in North Carolina compared with 2,170,000 in the nation.

Leftist Korean Leaders Ask For Voting Boycott

Election Directed By UN In South Korea Faces Possible Terrorism

Seoul, May 7—(AP)—Two South Korean political leaders, newly converted to Russia's plans for governing this occupation divided nation, today asked their followers to boycott the United Nations sponsored election Monday.

Liberal Kimm Kiu-Sic went further. He said in an interview he was not concerned whether terrorism succeeded in disrupting the election—called as a preliminary to giving South Korea self-government.

However, "I do not favor violence," Kimm added.

Lt. Gen. John R. Hodge, commander of U. S. occupied South Korea, repeatedly has charged that Communists have instigated violence to disrupt the election. He further has charged that Communists inspired disorders which have taken 384 lives in the past three months as small groups harassed registration places and police stations.

Hodge called the election, at the direction of the U. N., after Russia declined to permit North Koreans to participate and make it a nationwide vote.

Rightist Kim Koo's opposition was pacific. Through a statement in the Korean press, he asked his followers to oppose the election only by legal means—by staying away from the polls.

Both Kimm and Kim contend the U. N. election would permanently partition Korea.

Kimm, Kim and 13 South Korean Communists returned yesterday from the Soviet's North Korea occupation capital, Pyongyang, where they attended a Communist called Korean Unity Conference.

Kimm said both he and Kim had signed the Pyongyang "joint communiqué" demanding withdrawal of Russian and American occupation troops from Korea.

The communiqué also called for establishment of Korean self-government after a national election.

School Aid Goal Set By Johnson

Raleigh, N. C., May 7—(AP)—Governatorial candidate Charles M. Johnson would help school building construction in the state with "an immediate appropriation" of \$25,000,000.

Candidate Oscar Barker also called for state aid for school building programs, without mentioning any figures, and aspirant R. Mayne Albright called for reorganization of state agencies as a means to "governmental economy and efficiency."

In a radio address out of Wilmington last night, Johnson declared "we find ourselves in need at the present time of a construction program variously estimated at from \$100,000,000 to \$150,000,000. At the present time, the entire cost of school house construction is borne by the local unit x x x."

"I propose an immediate appropriation from the surplus funds of the state of the sum \$25,000,000 in order that we may help the cities and counties of the state catch up with a situation which has become critical."

Albright told the Wadesboro Rotary Club that "like the average yield of corn in North Carolina, there has been no appreciable change in agency organization for the past 20 years."

He called for reorganization of the State Highway Department "with a qualified engineer as its head and with locally-selected rather than politically appointed district commissioners." He also mentioned four other major changes "obviously needed."

Employment For April Increased

Washington, May 7—(AP)—Civilian employment rose by 1,000,000 in April to a total of 58,330,000, the census bureau reported today.

Unemployment declined about 250,000 to 2,195,000.

The upswing in the number of jobs and the drop in unemployment were attributed to seasonal factors—spring planting on the farms, better weather and more outdoor work opportunities.

Name Lawyer To Church Council

Boston, May 7—(AP)—J. Ernest Willis, 50-year-old Chicago Negro lawyer, today was elected to the Methodist Church's Judicial Council.

He is the first of his race to join the council, which passes on the denomination's laws and policies.

He was elected on the first ballot, receiving 373 votes of 800 delegates.

Revise Estimate Of Cotton Crop

Washington, May 7—(AP)—The Agriculture Department, in a revised report, today estimated the 1947 cotton crop at 11,851,000 bales of 500 pounds gross weight.

This was an increase of 157,000 bales over the department's last previous estimate made last December.

Truman, Cabinet Talk Rail Crisis

Blame Russia

Lake Success, May 7—(AP)—The Western powers told the United Nations today that atomic energy control is impossible unless Russia decides to cooperate openly with the rest of the world.

The United States, France and Britain proposed to the U. N. Atomic Energy Commission that the U. N. abandon attempts to set up world atomic controls until Russia changes her present attitude.

The three powers presented their opinions in the form of a report to the Security Council which they urged the commission to approve. If it is approved, the commission will be the first major U. N. organization to acknowledge failure.

Auto Walkout Is Inevitable Claim Union Chieftains

Detroit, May 7—(AP)—The CIO-United Auto Workers, having quit the bargaining table with a bitter blast at Chrysler Corp., pushed ahead today with plans for a strike they now call "inevitable."

State and federal mediators immediately moved forward with hope of bringing the warring parties together again before the strike deadline, set by the UAW at May 12.

Terminating negotiations with Chrysler to be in a "hopeless deadlock," the union broke off the talks yesterday and told the corporation "its attitude is an insult to human decency."

In a formal statement, Norman Matthews, director of the UAW's Chrysler department, said "There is no point in further negotiations and a strike next Wednesday is inevitable" unless the auto makers change their position.

The UAW has demanded a 30-cent an hour wage raise in addition to various fringe demands. Chrysler countered this with a six-cent offer which was withdrawn after the union rejected it. The present average scale is \$1.50 for production workers.

One possible legal barrier remained in the path of the UAW: Michigan's Bonine-Tripp law. Under terms of the law employees must take a strike vote before staging a walk-out in Michigan.

However, the UAW has argued that since Chrysler has plants in California and Indiana the company is an inter-state corporation and not subject to the Bonine-Tripp law.

Even after a state attorney general's ruling that the Chrysler workers must vote under the law, the UAW insisted it was going ahead with plans for the May 12 strike without a vote.

Matthews, in his statement, accused Chrysler of "refusal to bargain in good faith." Because of this, he said, "the responsibility for the present deadlock rests entirely upon the corporation's shoulders."

He added, "It is up to the corporation to choose between a strike on one hand or honest collective bargaining and an honorable and equitable settlement on the other hand."

In rebuttal, a Chrysler spokesman declared, "Chrysler Corporation has bargained in good faith and is willing to continue to do so."

Can't Relax In Korea

Communist Offensive In Europe Has Slowed, But Shouldn't Be Lulled Into Feeling Of Security; Second Front In Asia; Reds Active In Korea; Election Soon

By DeWITT MacKENZIE

We shouldn't allow ourselves to be lulled into any feeling of false security because the Communist offensive in Europe has been slowed down.

It's important to remember that we are not fighting a one-front conflict, but that the Bolsheviks are striking on further fronts. One of the most dangerous situations is in the Orient, where the Reds are pushing their cold-war cautiously but persistently.

The agony of China and the critical position of partitioned Korea are part and parcel of the Red world revolution. Moscow is driving hard to secure control of all Korea, which from a military standpoint is of the highest strategic value. Its possession might have a decisive effect on the outcome of the Chinese Communist revolution and the domination of Manchuria.

Early this week Lt. General John R. Hodge, U. S. military commander in South Korea, declared that a Communist government of all Korea undoubtedly would be announced soon by "North Korean stooges of Soviet masters." The background for that grim prediction was this:

The Russians, who occupy the northern half of the country, recently called a "unity conference" to be held in their territory to frame a

Doctors Fined For Tax Evasion

Raleigh, May 7 (AP)—Dr. Albert G. Woodward, 66, of Goldsboro and Dr. George R. Benton, 69, of Fremont were fined \$5,000 each yesterday for evading federal income taxes.

Both of the elderly Wayne County medical doctors pleaded nolo contendere to one of five counts contained in bills of indictment returned against each. The other counts were dropped.

Federal District Court Judge Don Gilliam said in passing sentence that he was sparing the defendants prison terms in deference to their ages and lack of previous records.

However, he remarked: "I have observed that every one of these large tax dodgers who come before me is rich, sick, dumb, have good reputations, and are thrifty."

Government witnesses said their investigations indicated Dr. Woodward was worth well over \$100,000. He has paid approximately \$138,000 in taxes due, penalties and interest in settling the federal civil claim against him for taxes from 1913 through 1943, Judge Gilliam was informed.

The government contended it has a claim against Dr. Benton totaling more than \$90,000 for taxes, penalties and interest for the period from 1916 through 1944.

W. H. Taft Awards Certificates to 19 Salesmanship Class

By CHESTER WALSH
William H. Taft, president of the Merchants Association, presented certificates to 19 students who had completed a 10-hour course in selling techniques at the conclusion of the classes at Sheppard Memorial Library yesterday afternoon. This ended the second salesmanship class conducted here under the distributive education plan of the Greenville High School and sponsored by the Merchants Association.

G. C. Frye of Chapel Hill, the instructor, stressed the importance of a sales person assisting the customers in making their purchases, extending courtesy and guiding the progressive steps in making a sale, and to always thank the customer. Those who received certificates were Mrs. Katie Adams, Mrs. Dorothy Anderson, Mrs. Blanche W. Jones and Miss Frances Taylor, from McLellan's Store; Mrs. Miriam Whitehurst, Mrs. Eula Lee Hardee and Miss Mary Florence McCallum from Blount-Harvey's Store; Mrs. Clara Jones Gower, Mrs. Irma Dunn Allen and Miss Mildred Davis from Sears-Roebuck; Miss Ethel Mae Ellis, Miss Ruby Hall and Mrs. Vertie King from Bell-Tyler's Store; B. C. Johnson from Bissette's Drug Store; Mrs. Evelyn Smith from the Diana Shop; Mrs. Lucy Nobles, Mrs. Lena Ruth Peaden, Miss Dorothy Worthington from Rose's Store, and Mrs. Roy J. Sutton from Elford's Store.

Mormon Missionaries From Idaho Doing Field Work In City

By CHESTER WALSH
Elder Donald K. Clark of Pocatello, Idaho, and Elder Eugene Higgins of Blackfoot, Idaho, ministers representing the Church of Jesus Christ of Latter Day Saints of Utah, will be doing missionary work among the people of Greenville and Pitt County during the coming summer, they announced upon their arrival here.

They are two of some 4,000 missionaries throughout the world who are called by the church to spend two years of service at their own expense, not receiving any monetary returns from the church or the people with whom they work. They feel that they have a message of great importance to give to the world concerning the restoration of the Gospel, and they are willing that all should have the opportunity of hearing it, they said. It is for this reason that they work not only with the heathen nations, but with all the Christian world as well. The ministers are residing at 911 Evans Street.

Wanted Car For Dance, So Youth Killed Couple

Bryan, O., May 7 (AP)—A 14-year-old Junior High School athlete has admitted he shot and killed a 57-year-old couple because he wanted their automobile for a dance, Sheriff Norman A. Barnes reported today. The Sheriff identified the boy as Ervin Arthur Ingle, who played both football and basketball on Bryan Junior High School teams.

The boy was held without charge today in Williams county jail. Sheriff Barnes said Ervin sobbed out the details of how he shot John Gabriel, a railway mail clerk, and his wife, Pearl; drove their automobile to a boy friend's house and hid the slaying weapon, a pistol, in his own home.

His father, Keith F. Ingle, an employee of a milk company in Bryan, sat by his side throughout the lengthy recital, his face twitching with grief.

Cutter Calls In Injection Fluids From Hospitals

Berkeley, Calif., May 7 (AP)—Cutter Laboratories has asked hospitals to halt the use of several of its preparations because of an unexplained bacterial activity.

The entire line of Cutter's dextrose and other solutions for mass intravenous injections was called in yesterday. The company said mold had been found in a preparation known as dextrose 10 percent in ringer's solution.

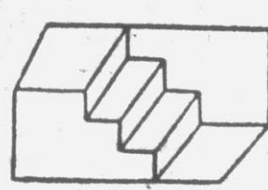

G. W. Montford, a Cutter official, said no fatalities had resulted from the use of the contaminated solution but that it could cause a serious reaction in a sick person.

Triple Murder, Suicide Theory

Chester, S.C., May 7 (AP)—Funeral services for three bachelor brothers and their aged mother, killed in their farmhouse, will be held at 4 p.m. today.

Shotgun blasts and razor slashes took the lives of Mrs. Margaret Howze, 89, and her three sons, Richard, 38, Isaac, 55, and Lucius, 58. Ernest L. Bostic, chief of Chester County's rural police, said he believed it to be a case of triple murder and suicide. He wouldn't discuss the theory further.

Strength FOR THE DAY

THE PHILOSOPHER'S STONE
In medieval times, it was com-
monly believed that somewhere in
nature a substance existed which
would convert any metal into gold.
This substance was called the "phi-
losopher's stone." The alchemists,
who were the chemists of their day,
mixing a little scientific knowledge
with a great deal of superstition,
often spent years in experiments
seeking to produce this marvelous
substance.

Unscrupulous alchemists fre-
quently persuaded gullible persons
to give large sums of money for
these experiments, leading their
victims to believe that soon the
"philosopher's stone" would be dis-
covered. Then both the alchemist
and his backer would be fabulously
rich.

Of course no one ever found a real
"philosopher's stone" which would
change lead into gold. But it is
possible to develop a philosophy of
life which will turn leaden lives in-
to golden ones. Benjamin Franklin
once wrote, "If you know how to
spend less than you get, you have
the philosopher's stone." This, Franklin
felt, was a way to contentment
and contentment is a
very precious quality indeed. Many
of us are discontented because we
see others who have more than we
have—more drive, larger cars, live in
bigger houses, and wear more ex-
pensive clothes. Yet if we would
count the things we have, and make
the most of them, most of us would
find more happiness in our lives
than if we had a real "philosopher's
stone."

PUBLIC FORUM

Discussing Problems Of Interest
to This Community. In All Cases
Names Must Accompany Any
Communication.

To the Editor:

Why are we not more interested
in the personalities and records of
the men now seeking office? Why
do we not have two militant par-
ties? Why are not our candidates
seeking to contact the people and
tell them what they stand for and
ask them what they wish and ex-
pect?

Shall we incorporate the "Gag
Rule"?
Shall we re-elect members of the
General Assembly who bowed to this
flagrant violation of Democracy?

Public office should be sought for
public service. Let us think on these
things.

WASHINGTON LETTER

By JANE EADS

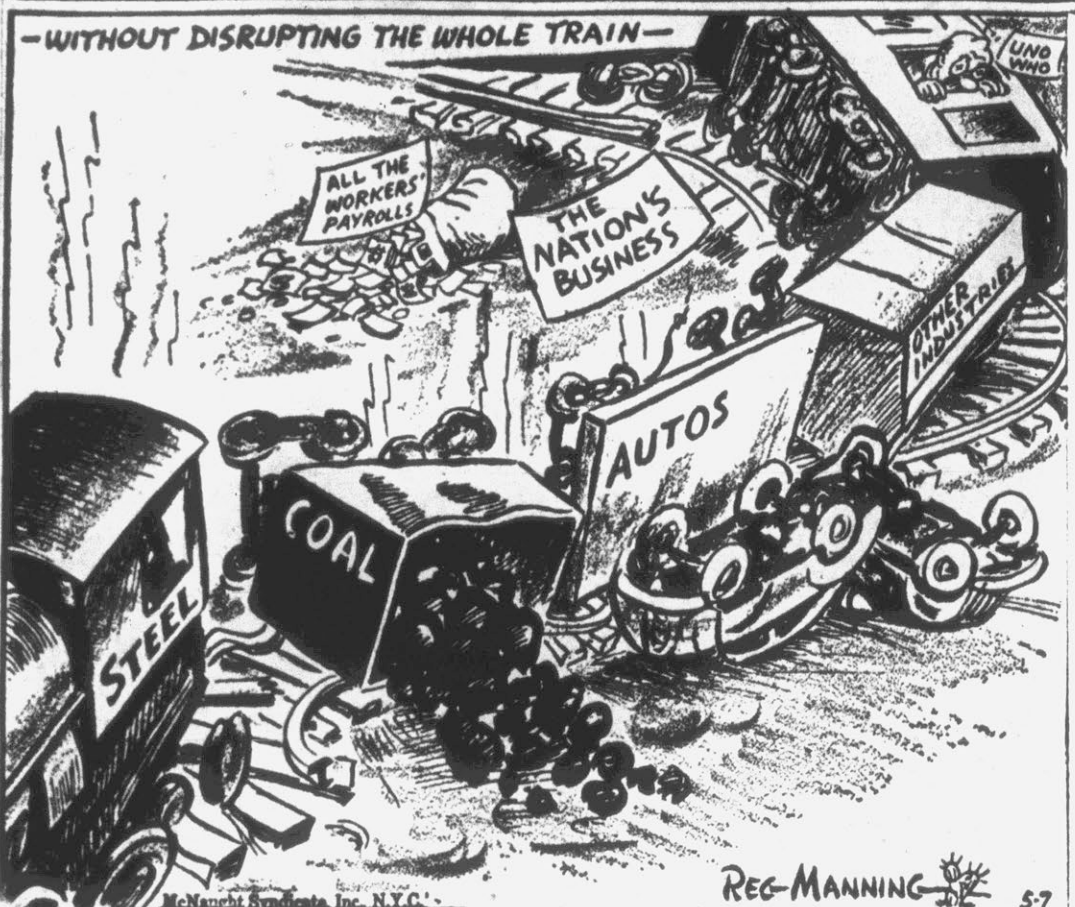

Washington—The Omer Bradleys
are about to move the family fur-
nishings into Quarters No. 1, the
Chief of Staff's residence at Fort
Myer, Va., just vacated by General
and Mrs. Eisenhower. The solid
brick house with its beautiful oval
dining room was first occupied by
Maj. Gen. Charles F. Humphries
from 1903 to 1908. From its wide
veranda one can look down upon the
city of Washington, across the Potomac
River.

Unlike many American housewives
who find moving a chore, Mrs. Bradley
is looking forward to the project.
A little painting and papering
will have to be done, and Mrs. Bradley
says she will have to buy some
new drapes, but that's about all. In
addition to moving, the Bradleys are
also expecting guests. The General's
old West Point classmate, Col. Ed-
ward Sherburne and Mrs. Sherburne
are coming up from Rock Hill, S. C., for a visit. And they are
expecting their son-in-law and
daughter, Captain and Mrs. Henry
Beukema, and their only grandchild
two-year-old "Hank." The three are
coming from Barksdale Field, Shreve-
port, La., where Capt. Beukema
is a B-29 pilot.

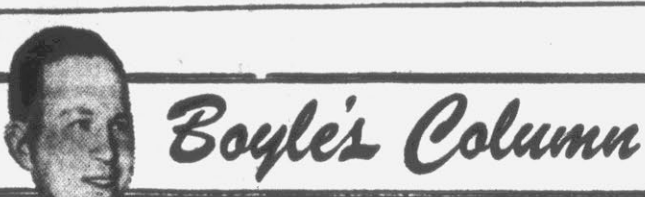

The Bradleys who have known
each other since high school days
in Modesto, Mo., were married in
1916, a year after Omer's graduation.
Mrs. Bradley's first home as an
Army wife was in Yuma, Ariz.,
six miles from the Mexican border,
where her husband, then a lieutenant,
had better duty. Since then
she's set up housekeeping in many
different places... the State of
Washington, the copper mines of
Montana, Camp Dodge in Iowa, Hw-
all, Georgia and West Point, where

Rapid City, S. D. —(P)— You can swear in English—but you can't in Sioux.

The Indians were too simple for

sarcasm.

The English language probably has
some of the most tremendous swear
words ever invented by a civilized
race. But the Sioux tongue is com-
pletely free of impleity. There was
no need for a commandment against
taking the name of their God in
vain. Their language doesn't even
permit it.

This is an odd truth about this
savage but once sternly moral peo-
ple.

The white victors here have a
mock ceremony during which they
initiate visitors into the mythical
"singing tribe of Wahoo." The initia-
tion, conducted in Indian, pledges
the new members to a vow that "the
Black Hills are the best damned
place in the world to live."

But the word "damned" has to
be given in English. The Sioux just
didn't have a word for it.

They are among the few people
in history who have been vanquished
and remain admired by their

and training officers for the cadet
corps. From time to time, she has
also come back to live for a spell
in Washington, D. C.

The General's Lady likes garden-
ing, even thinks it's fun to pull
weeds. Wherever she's lived she's had
a garden. The General helps her
with the digging—until the golf sea-
son starts. Then he's off across the
fairways. He smiles at his wife and
says "Now you take over." Mrs.
Bradley sometimes accompanies her
husband to the golf links, but doesn't
do any playing. After a few golf
lessons 25 years ago, she decided
there were "too many things to do
wrong." Both the General and Mrs.
Bradley like to play bridge. Another
favorite pastime is two-handed
rummy. They keep a running score,
and the General is currently more
than 10,000 points ahead.

Suggest Drastic Allocations And Rationing Plan

Washington, May 6.—(AP)—Com-
pulsory steel allocations to the pe-
troleum industry and perhaps na-
tionwide oil rationing were recom-
mended today by a House commit-
tee unless voluntary efforts improve
the critical oil shortage.

A report released with unanimous
approval of the Armed Services
Committee said:

"The nation is in a grave situa-
tion with respect to its petroleum.
The national defense is in a pre-
carious position. Congress is con-
fronted by decisions on this subject
that are as basic, we believe, as
any matters that have arisen in
recent years."

RETONGA BROUGHT HER HAPPY RELIEF

Felt Uncomfortable and Full After Eating, Slept So Poorly She Awakened With Splitting Headaches. Thanks Retonga For Prompt Relief In Her Case.

"Retonga brought me such happy relief that I am glad to tell others about it," gratefully states Mrs. Mercer C. Grant, respected resident of Raleigh, N.C., in joining the thousands who publicly praise this famous gastric tonic. A member of the Christian Church and active in its circle activities, Mrs. Grant continues about her case:

"I suffered untold distress from nervous indigestion and after eating I would feel so full and uncomfortable I didn't know what to do for

relief. I felt so weakened and run-down that the least bit of exertion would tire me so that I felt completely fagged out. I slept so poorly that in the mornings when I woke up I felt like the top of my head would come off. It lasted so long."

"The relief Retonga brought me was a wonderful experience, for it has helped me more than anything else to relieve the distress I suffered from nervous indigestion. I sleep well at night now and no longer suffer those splitting headaches, and I have regained much of my strength and energy. It is a pleasure to recommend Retonga to anyone suffering the agonies I did."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. If the first bottle fails to give you gratifying relief, your money will be refunded. You can get Retonga at Bissette's Drug Store.

J. M. Broughton 'Mother's Day' At Black Jack

By CHESTER WALSH

Former Governor J. Melvin Broughton of Raleigh will be the speaker at "Mother's Day" exercises at Black Jack Free Will Baptist Church next Sunday night at eight o'clock. Robert Lee Humber of Greenville, nationally known scholar, will officiate at the impressive floral service. "Mother's Day" exercises at Black Jack is one of the most important public occasions of the year in Pitt county and a thousand or more persons attend each year. A public address system will be used this year to carry the program to the hundreds of the expected overflow audience.

Following is the program: Song, "Lead On O King Eternal," by the congregation. Invocation, Rev. J. R. Davidson, pastor of the church. Song, "Church In the Wildwood," by the choir. Duet, "Thoughts of Mother," Mrs. Roy P. Gaskins and Mrs. Henry C. Briley, with Mrs. James Page as accompanist. Two vocal selections by the Bear Grass Trio, Mrs. Roy P. Gaskins, Mrs. H. C. Briley and Miss Nina Lou Page. Two vocal selections, the Conway Quartet, Duet, "That Old Cabin," Mrs. James Page and Nina Lou Page, accompanied by Mrs. Lou Gaskins. Selections by the Bear Grass Trio and the Conway Quartet. Solo, "What Shall We Do With Mother?" Mrs. Roy P. Gaskins.

Rev. J. R. Davidson, the pastor, will present former Gov. Broughton, the principal speaker. Newman Lewis, principal of Chidod High school, will officiate at the ceremony of selecting outstanding mothers, including the oldest couple present, oldest mother, three of the next oldest mothers, youngest mother with baby and the mother with the most children present.

Robert Lee Humber will present the flowers. The exercises will close with the singing of "God Be With You Till We Meet Again" and benediction by J. S. Smith.

Elmer Haddock, Furney V. Gaskins, Linwood Clark and Theron Paramore will be ushers. The public is invited.

Negro 4-H Club News

The Pitt County 4-H club contest was held May 1 at 10 a. m. in the Agricultural building. Eight 4-H clubs were represented in team demonstrations on Milk Drinks for Better Health. Those who participated were: Christine Gardner and Laura Ree Chapman from Grifton 4-H club, Ruth Leary and Annie Williams from Calico, Annie Harris and Pearl Carmon from Warren's Chapel club, Blanch Moore and Pearl Mae Teel from Post Oak club, Annie Bembry and Mae Lily Walston from Falkland, Mary Collins and Emma Jean Fields from Moye's Chapel club, Artrell DuPree and Ann Johnson from Farmville and Ruby Taylor and Rhea Taylor from Winterville club. Winners in the demonstration were: Farmville 4-H club first place, Calico 4-H club second and Moye's Chapel third. There was a difference of one-half between Moye's Chapel and Winterville 4-H club.

All clubs participated in the dress and apron revue. In the high school dress group Marjorie Gay won first place, Mildred White, second place, and Nettie Reatha, third place, all of Farmville 4-H club. In the elementary dress group first place Grace Mathewson, second Morline Bryant, third Virginia Barnes from Farmville 4-H. Daisy Johnson from Rock Spring 4-H club had the best apron.

Music for the program was rendered by Clark's Neck 4-H club with the assistance of Miss Annie R. Edron 4-H leader. Marjorie Gay, president of 4-H Council, delivered the welcome address to the approximately 250 guests present.

The program was brought to a climax with presentation contest winners, recognition of visitors and announcements.

In closing the audience stood and sang "This Little 4-H Light" led by Clark's Neck Club followed by 4-H Club pledge and motto.

Margaret E. Hunter, Negro assistant home demonstration agent.

Visiting Nurse
by Kathleen Harris

Chapter 4

Hildred, being young and pretty and newly awakened to a personal interest in herself, decided she would tell Mamie, in a round about way, at least, some of the thoughts that had so troubled her she had been unable to rest.

She said, "Do you think a woman knows when a man loves her, Mamie? Does he know it himself? Or does she have to tell him—show him some way, opening his blind eyes—make him wake up? Is there such a thing as taking too much for granted—on both sides. I mean—if true love is really there?"

Mamie sat down, on the straight-backed chair. She said, "Don't know as I know what you would call 'true love,' 'cept in story books and picture shows. Never have time for them myself. My first husband was a hard worker and I respected him and married him 'cause I knew he re-pected me and would help me and my family all he could. He died—killed in a factory accident. But I knew he loved me if he never had time for fancy words."

Hildred nodded. She knew something of the hard struggle this rugged woman had had.

"My second husband was no ac-
count—drank all the time till I had to throw him out," Mamie contin-
ued. "He could sure make a body
think he was burning with love if
he wanted something, like the
price of another drink. Yes, you
gotta tell 'em, as well as lead 'em.
It don't pay for her to let him take
her for granted, like you say, never.
Why don't you come right out and
ask the doctor when he means to
get married to you, Hildy?" She
terminated her own reminiscences
with a question that was almost too
abrupt.

"I could hardly do that," she said.
"I guess you are right. I just have
taken too much for granted. Maybe
the doctor has, too. But I woke up
yesterday. I'm going to do something
about it—though what, I haven't
the slightest idea. I'm going to have
dinner with another man this eve-
ning."

"You don't say!" Mamie's eyes
beamed approval from behind the
spectacles. "What's his name and
wherever did you meet him?"

"He was the man—one of them—
who found me yesterday and drove
me back into town," Hildred ex-
plained. "His name is Lanier—Lu-
cien Lanier," she finished, answering
Mamie's last question.

If a bomb had exploded under
Mamie's chair she could not have
looked more startled.

"Lucien Lanier," Mamie was say-
ing, rolling the syllables over and

over. "It musta been him, then.
They say as to how there was talk
of them opening up the big house
again. She's never come back, not
since the old gentleman died and
she took the boy with her and went
to live in foreign parts. To think it
would be him you would be meet-
ing. Hildy. Gold doorknobs, they
say, in every room and the bath
fixtures. I got that straight enough
from Martha, my oldest, when she
was upstairs maid that last winter.
As for the danger, I reckon that
kind is gentlemanly enough when
it comes to fine manners and all
but if I was as pretty and young as
you, that would make me the more
careful."

"You might try explaining a little
more," Hildred suggested, her smile
deepening to show her dimple. This
was one time she could not sort
Mamie's sentences.

"I thought I did explain clear
enough. The old gentleman that
died was Lucien's grandpa, the one
that bought up all that land, hun-
dreds of acres and had such a fine
house built square in the middle of
it."

"The old man's daughter," Mamie
went on, in her own round-about way
of explaining, "married a count that
musta turned out to be no account, like
they say. She came back home soon
after and had the baby. It was a
boy. He gets it all, the whole plan-
tation, 'cause the old grandpa had
been so mad, about the count, I
reckon, he'd made his will leaving it
that way. She—the Countess, only
stayed on until the old man died.
Wonder why he'd come back now,
the boy, he would be a man, of
course, and if he's gonna stay."

Hildred could not answer that, if
the rest was beginning to clear up.
She knew—as did everyone who ever
came here—about the big plantation
with its groves of turpentine and
cypress, as well as the various stories
rumored about the magnificent house
built so far inland that no outsider
had ever so much as glimpsed it.
There were tales, too, about the
owners, but they had mostly died
down as the place had been run so
long by a caretaker and the negroes
employed to work the land. These
made up a small village in them-
selves as they were so many in
number.

Now that she knew who Lucien
Lanier was she was sorry she had
not found some way to refuse his
invitation. "I wish I wasn't going,"
she told Mamie.

"Once won't hurt," Mamie con-
soled her. "The doctor might set up
and take notice if he thought you
was keeping company with the likes
of Lucien Lanier. If only for that,
I'd go—though just this once—if I
was you."

"It'll only be once," Hildred as-
sured her. That would hardly give
Randy reason for jealousy, or to
believe she was being "courted" or
"keeping company." Yet it might
be enough to shake him up a teeny
bit. She wondered what Mamie
meant by saying Mr. Lanier's mother
was a "sight in herself." That
aroused Hildred's curiosity as much
or more, than the prospect of seeing
with her own eyes the grandeur
that, undoubtedly, rumors had in-
creased far beyond reality.

She was decidedly glad she had
bought the blue dress.

Movie Party For Mothers Monday

The Daily Reflector and Pitt The-
atre will hold their annual Mother's
Day party at the Pitt Theatre Mon-
day afternoon May 10, at which time
they will be hosts to all Pitt Coun-
ty Mothers 55 years old or older.
The AA Taxi Company, Greenville
Floral Company and Belk-Tyler Com-
pany are cooperating in the event to
make it more enjoyable for the
mothers.

The doors of the theatre will be
open at 12:45 p. m. and all mothers
of the required age limit will be
admitted free between that time and
1:30 p. m.

The picture for the occasion will
be a comedy "Noose Hangs High"
starring Abbott and Costello. There
will also be special short subjects in-
cluding Rubintoff and his violin.

Mr. Herring of the AA Taxi Com-
pany will furnish free taxis for all
mothers who do not have trans-
portation. Mothers availing them-
selves of this service will please
get their calls in to the taxi com-
pany as early as possible in order
that all trips may be scheduled in
advance.

Upon arrival at the show, Mrs.
Miller of the Greenville Floral Co.,
will present the mothers with a
bouquet. The Belk-Tyler Company
will furnish a special prize for the
oldest mother in attendance.

All mothers of the required age
are cordially invited to attend this
special show in their honor.
Please fill out the coupon below
and use it as your admission ticket.

Kovalchick Hurls Greenies To 7-5 Victory Over Jays

Pitcher Starts Locals' Winning Rally In Sixth With Double; Phillips Homers In Seventh

By BERT MOYE

John Kovalchick pitched the Greenies to a 7-5 victory over the Roanoke Rapids here last night, scattering six hits and striking out seven men. The win for Kovalchick was his second straight of the season, both of which were over the Jays, and put the Greenies out of the cellar as the New Bern Bears defeated the Tobs last night.

The Greenies took a three run lead in the first frame when they chalked up three runs on four hits and an error. Ray Phillips singled, Bob Cohen singled, Fernando Ramos singled to bring home Phillips and stole second, Bill Sweet reached first when Gonzales dropped the ball at first to load the bases and Emil Carter doubled to bring home Cohen and Ramos.

The Jays were held scoreless until the fourth inning when they scored two runs on one hit aided by three errors and had their big inning in the ninth when they rallied for three runs on three hits and a baserunning error.

John Kovalchick started the Greenies' winning three-run rally in the sixth inning with a double. Ray Phillips and Wiley Nash doubled successively behind him for two runs, and Bob Cohen's single drove in another run.

In the seventh the Greenies tallied one more run when Ray Phillips homered over the left field fence after two men were out for the first home run of the season for a Greenie player.

Johnny Kovalchick, in registering his second win over the Jays, held the visitors to three scattered hits up until the ninth frame and walked only one man—that being in the eighth frame after two men were out.

Fred Howell started on the mound for the Jays but ran into trouble in the sixth when the Greenies collected three doubles in a row and he gave over to Andriach who held the Greenies to three hits for the remaining three frames.

Ray Phillips with a homer, double and single in four trips to the plate, led the eleven-hit attack off the Jays' hurlers. Wiley Nash got a double and a single and Cohen and Ramos got two singles apiece to help

Competition For Calumet Comet

Baltimore, May 7.—(AP)—Apparently growing braver with the passage of time, more owners of three-year-olds are coming through with announced intentions to tackle Citation in Pimlico's Preakness.

After the Calumet comet swept through the Kentucky field, there was a strong feeling he had soared off all future competition in the Preakness and Belmont stakes, second and third legs of the mythical triple crown of horse racing.

But yesterday the Pimlico management said it had nine likely candidates besides Citation for the \$100,000 race to be run on May 15.

Latest to send word was Max Hirsch, who said he will be ready with King Ranch's Better Self and A. J. Sackett's Gasparilla.

Another entry listed is C. V. Whitney's Mount Marcy and Vulcan's Forge. The former ran second to My Request in the Wood Memorial at Jamaica two weeks ago, and Vulcan's Forge raced only yesterday at Pimlico, losing by a neck to Orle in a six-furlong test.

The probable field also includes three Maryland hopefuls, Bomar Stable's Piet, W. L. Brann's Escudro and Sylvester W. Labrot Jr.'s Boward.

Piet and Boward ran one-two in the Rai Parr Stakes at Pimlico earlier this week; Escudro's last run-in with Citation was in the Derby, but they didn't get to know each other very well—Escudro was bumped against the fence and ran last.

Mangrum Leads Goodall Tourney

New Rochelle, N. Y., May 7.—(AP) Lloyd Mangrum looked as if he might be a hard man to catch today as he and 15 other of the world's best professional golfers tangled in the second and third rounds of the Goodall Round Robin Tournament at the Wykagyl Country Club.

Mangrum, the national open champion of two years ago and leading money winner of the present season, broke the competitive course record in yesterday's opening round to take the lead with a score of 14.

He had never seen the layout before, yet he blazed his way around in 34-32-66 to crack the previous mark of 67 established five years ago by Byron Nelson.

The Goodall Tournament is played on a "match play" basis, and Mangrum had no help from any soft touches in his foursome in projecting himself into the lead. With better luck in the draw, he might have been another six or eight points further in front today.

Herman Barron, of White Plains, N. Y., who was only a point behind Mangrum starting today's second round with a plus of 13, shot a 70 yesterday. He had the great good luck of playing in the same four-some with Johnny Palmer, of Badin, N. C., who bounced around to a 78 and finished up trailing the star-spangled field at minus 18.

Hundred Miles In Nine Years Is Slow For Pigeon

Cleveland, May 7.—(AP)—After nine years, one of Frank S. Wellman's pigeons has returned from the 100-mile race it started back in 1939.

Appearing well fed, the check-colored bird landed on the loft and promptly slipped inside to take its accustomed perch.

Wellman said the pigeon started the race 100 miles from Cleveland, but he was unable to remember the exact point.

"Not many birds come back after nine years," he commented. "But they do have remarkable memories. This bird either became lost or has been penned up."

Pigeons live to be about 15 years old.

Straight Shooter... by Pap

Jim Ferrier came to this country from Australia in 1940 at the invitation of the United States Golf Association to participate in the national amateur golf championship slated for Chicago. Somewhere along the line signals became crossed and Ferrier was barred by the august body because of his journalistic activities. Stamped a professional, Ferrier decided he might just as well become one. He became a naturalized citizen of the U. S. and spent four years in the Army.

Returning from the service Jim set a qualifying record of 134 in the 1946 PGA championship at Portland, Ore. His 29-34-63 at Portland was the lowest 18-hole score ever posted in the PGA championship test.

Five Straight Wins Boost Athletics Into Loop Lead

(Associated Press Sports Writer) Give a cheer for 85-year-old Connie Mack and his surprising Philadelphia Athletics. Five straight wins, climaxed by a Kayo decision over Bobby Feller, have boosted the A's into the American League lead.

Picked to scramble in the second division with the White Sox, Browns and Senators, the Athletics began to look like serious contenders for a spot among the top four.

It's difficult to put a finger on the reason for the A's success. They are hitting only .246 as a club and the top batter, Pete Suder at .346, is spotted eighth in the order. Only five of the first 14 pitchers went the route. Still they win. Shortstop Eddie Joost, with four homers and a .333 average rates some credit.

Pitching, of course, is bound to be the Athletics' strong point but so are arms and the poor spring form of Bill McCahan and Coleman held them back. Lou Boudreau held them back with the injured leg, helped out with two wins and now Dick Fowler seems ready to carry his share of the load.

Fowler worked only two thirds of an inning on relief before yesterday's 8-5 victory over Cleveland. Arm trouble handicapped him in spring training.

Feller was belted out in the fourth inning, never recovering from a four-run first inning during which Manager Lou Boudreau made two costly errors.

George Vico, Detroit's rookie first baseman, and Biddle Tebbets, the Boston Red Sox' catcher who once played for the Tigers, staged an impromptu fight to enliven the proceedings at Fenway Park. The two players fell when Tebbets tagged Vico as he ran back toward third base as a squeeze play went away.

Vico punched Tebbets' mask and Birdie flung it off. Then he threw a punch. After they had been separated and ejected from the game, they scuffled again in the grandstand tunnel to the dressing rooms.

Although the Red Sox knocked out Hal Newhouse in the first inning. They lost the game to Detroit, 8-3. Hal White Walked in but allowed only four hits in 62-3 innings while the Tigers flattened Jack Kramer with his first loss.

There was an argument in New York too, where the St. Louis Browns claimed Bobby Brown's game-winning homer was a foul ball. The homer, perilously close to the right field foul pole, came with a man on in the eighth for a 6-5 Yankee victory.

Washington pulled up to the 500 mark by shutting out Chicago for

Ezzard Charles Meet Elmer Ray In Ring Tonight

Chicago, May 7.—(AP)—Ezzard Charles, Cincinnati light heavyweight challenger, and Elmer (Violent) Ray, Hastings, Fla., heavyweight contender will meet tonight in Chicago Stadium in a return 10-round bout which has twice been postponed.

It will be the first major professional show in Chicago in 77 days. On the last previous card on Feb. 20, Charles knocked out Sam Baroudi, of Akron in the 10th round. Baroudi died six hours later without regaining consciousness. Tonight's

bout will be the first Charles since his meeting with Baroudi.

Superior Court Term Adpoured

By CHESTER WALSH

In Superior Court yesterday the action instituted by Mrs. Della Pollard of Belvoir against Mrs. Louziana Harris and other heirs of H. B. Bullock of Belvoir concerning an oral agreement allegedly made with Bullock 23 years ago, was settled by compromise. The plaintiff testified that Bullock made an agreement with her 23 years ago that if she would act as housekeeper for his family he would take care of her while she lived and provide a home for her after his death; that he died about a year ago and failed to do so. The defense contended that Mrs. Pollard was amply compensated during Bullock's life-time.

After attorneys for both parties had agreed on a settlement, Judge Luther Hamilton of Morehead City, presiding over the civil term of court, entered a consent judgement that she receive \$600 from the defendants and the Guaranty Bank and Trust Company and that further action be dismissed. The administrator is to pay court costs. At the conclusion of this case, Judge Hamilton adjourned the term. The next civil term of Superior Court will be held here the week of May 17; another civil term is scheduled for May 24, and this will end the spring term of court.

The fall term begins July 1. A criminal term will be held the week of August 30. Judge J. Paul Frizelle of Snow Hill will ride the Fifth Judicial District the remainder of this year.

Rebuff Request For TVA Money

Washington, May 7—(AP)—The House Appropriations committee turned down today an administration request for money to step up the Tennessee Valley authority's out put of electricity.

The action drew the lines for a hot fight on the House floor over public versus private power production. At direct issue is the TVA's request for \$4,000,000 (M) to start work on an \$84,000,000 (M) steam plant to generate electricity that would enable TVA to supply all power demands in the seven-state Tennessee Valley area.

An indication of how bitter the fight may be when the issue reaches the House floor next week was the four-to-three vote of an appropriations subcommittee that first rejected the request.

The three Democratic members of the subcommittee signed a minority report condemning the action as "a backward step" and a possible threat to national defense. But the full committee upheld the convention of the four Republicans on the subcommittee that the steam plant is not necessary. They argued that existing TVA generating facilities are adequate to supply "the foreseeable demands" Congress intended them to supply.

Rare 'Tiglon' Is Born In U.S. Zoo

Salt Lake City, May 7—(AP)—A rare Tiglon—offspring of a lion and Tiger—was born at the Hogle Gardens Zoo yesterday.

Joseph L. Sloan, superintendent of Salt Lake City Parks, said as far as he can learn the hybrid is the first to be born in the United States. A similar one, born in Germany, is in the New York Central Park Zoo, he said, and another is in London, England.

Not In Mood

Philadelphia, May 7—(AP)—Ed Hurst, announcer on a radio giveaway program, says he's heard everything now.

Hurst said he telephoned a Philadelphia housewife and told her he was prepared to send her a radio-phonograph combination valued at \$130 if she could answer the question he was going to ask her.

"I'm right in the middle of my housework and I'm not in the mood to answer any question," the woman snapped as she hung up.

Troops Leave On Joint Maneuvers

Payetteville, May 7—(AP)—Paratroopers of the 82nd Airborne Division and elements of "V" Corps prepared to move out of Fort Bragg today in one of the biggest troop movements since the end of the war.

The destination for the troops is Camp Campbell, Ky., where they will participate in "exercise assembly," a joint maneuver of the Third Army and the Ninth Air Force.

Some 30,000 soldiers are scheduled to roll across the state's highways in 2,000 vehicles on their way to the maneuver area. The big convoys will go by way of Charlotte, Shelby, Asheville, Knoxville, Tenn., and Cookeville, Tenn.

The 600-mile route is expected to be gutted with convoys of vehicles from today through May 12. Approximately 2,000 paratroopers are scheduled to take off Saturday in "Flying Boxcars" for a drop in the Camp Campbell area.

Overnight bivouacs for the motorized caravans are slated for Shelby, Newport, Tenn., and Cookeville.

Grab Weapons In School Battle

Oakland, May 7—(AP)—Girls just will be hair pullers—and with astounding results.

Police broke up a gang fight yesterday involving 350 pupils of Frick and Elmhurst Junior High School by nabbing the leaders—and these weapons:

Two sawed-off baseball bats, four two-foot lengths of pipe, one bicycle pedal fashioned into brass knuckles, one butcher knife and a dozen small metal bars.

Doctors Needed To Free Foot In Pipe

Detroit, May 7—(AP)—Four-year-old Garry Nichols thrust an exploratory foot into a drain pipe yesterday. It stuck there.

Unable to free the youngster, firemen finally dug up the pipe and carried it and Garry to a nearby hospital, where doctors freed the foot. Garry suffered only a few bruises.

Post Reward To Locate Husband

Lugoff, S.C., May 7—(AP)—A \$50 reward was posted today for the husband of a young mother beaten to death yesterday with a hatchet.

The husband, Kershaw County Sheriff G. B. Debruhl said, was last seen leaving their home early yesterday morning, heading toward Wintboro in his car.

Debruhl said he wanted the man, James Boheler, 32, for questioning in the death of Mrs. Lois Jackson Boheler, 26, whose battered body was found on a bloody bed in her home.

First Meeting For Moderators

Annapolis, Md., May 7—(AP)—A cornerstone ceremony yesterday was the occasion of the first official meeting of the moderators of the northern and southern branches of the Presbyterian Church.

Dr. Wilbur Laroe, Jr., of Washington (north) and the Rev. Dr. J. R. Cunningham, of Davidson, N.C. (south) officiated at the dedication of the First Presbyterian Church here as the "naval memorial of the Presbyterian Church in the United States." The congregation includes about 170 midshipmen of the United States Naval Academy.

Grain Market

Chicago, May 7—(AP)—Prices were marked down a couple of cents in wheat and corn on the board of trade at times today. Oats were off fractionally most of the session.

Belief that the railroad strike might be avoided and a private forecast that Kansas still could produce a wheat crop of between 145,000,000 and 150,000,000 bushels contributed to the selling.

Wheat closed 1/4-1/2 lower, May \$2.45 1/4, corn was 1/4 to 2 cents lower, May \$2.22 1/4-\$2.22, oats were 1/4 to 1 cent lower, May \$1.13-\$1.13 1/4, and soybeans were 1 to 8 cents lower, May \$3.89.
