

Pro-American Is Leading Pack In Korean Election

**Syngman Rhee's Fol-
lowers Capture At
Least 61 Seats In Ko-
rean Assembly**

Seoul, May 13—(AP)—Pro-American Dr. Syngman Rhee's followers captured at least 61 of the 200 seats in South Korea's Constituent Assembly.

Dr. Rhee's party, the Society for the Rapid Realization of Korean Independence, won 80 seats and the friendly Dai Dong Youth Party garnered 11 more. Dr. Rhee favors the American form of government for his country.

Tabulators today completed the count from 182 of the 200 precincts that voted in Monday's turbulent election to set up self-government. The Korean Democratic party won 27 seats, miscellaneous groups won 12 and nonaffiliated candidates took 82. Eighteen seats are still to be filled.

Communists boycotted the election and did their best to break it up. Their violence in South Korea since the election machinery was put in motion in February resulted in the deaths of nearly 500 Koreans.

Dr. Rhee was unopposed in his own district after his opponent, Daniel Chai, formerly of Spangfield, Mass., denied a place on the ballot. The national election committee ruled that some of the names on Chai's nominating petition had been forged or obtained falsely. Chai protested to the United Nations committee, sent here to observe the election.

The vote was confined to the American zone after the Russians forbade North Koreans the right to participate.

Dr. Rhee's party entered candidates in nearly all districts. All party candidates elected are rightists. The non-affiliated group includes some middle of the road men and some leftists.

Work Resumed At Tractor Plant A Strike Ends

Peoria, Ill., May 13—(AP)—Operations were resumed today at the sprawling Caterpillar Tractor Co. plant here, about seven hours after the CIO United Farm Equipment Workers union called off a 35-day strike.

The union officials ended the strike shortly before last midnight and ordered the picket lines withdrawn immediately. The action was taken after results of yesterday's NLRB election, from which the union was barred, failed to decide a bargaining agent.

The plant which normally employs about 20,000 workers had been idle since the CIO walkout on April 6. The union was barred from yesterday's bargaining agent election by order of the NLRB because its officers had not signed non-Communist affidavits.

Jaycees Gather For Convention

Winston-Salem, May 13—(AP)—Junior Chamber of Commerce representatives from all over North Carolina began pouring into the city this morning for their three-day state convention.

Between 700 and 1,000 Jaycees are expected to take part in the annual convention before the conclusion of activities Saturday night.

Registration was scheduled to begin at 1 p. m. today. Meetings of state officers and directors will take up most of the afternoon. An informal dance will be held in the Hotel Robert E. Lee ballroom from 9 p. m. until midnight.

Discussing Mundt Bill

**Measure Aimed To Cripple Communist Party In U. S.;
What It Would Do; Sentiment Favors Some Checks On
Reds; Opponents Views; What House Committee Says**

By JAMES MARLOW

Washington, May 13—(P)—The House, this week or next, expects to pass a bill aimed at crippling, if not destroying, the Communist party here.

The House seems sure to pass it, for the House is in a strong anti-Communist mood. The bill, if it became law, would outlaw the Communist party. It was written carefully to avoid doing that.

But it would put tight controls on the party, so tight that in the end the effect might be the same as outlawing the party.

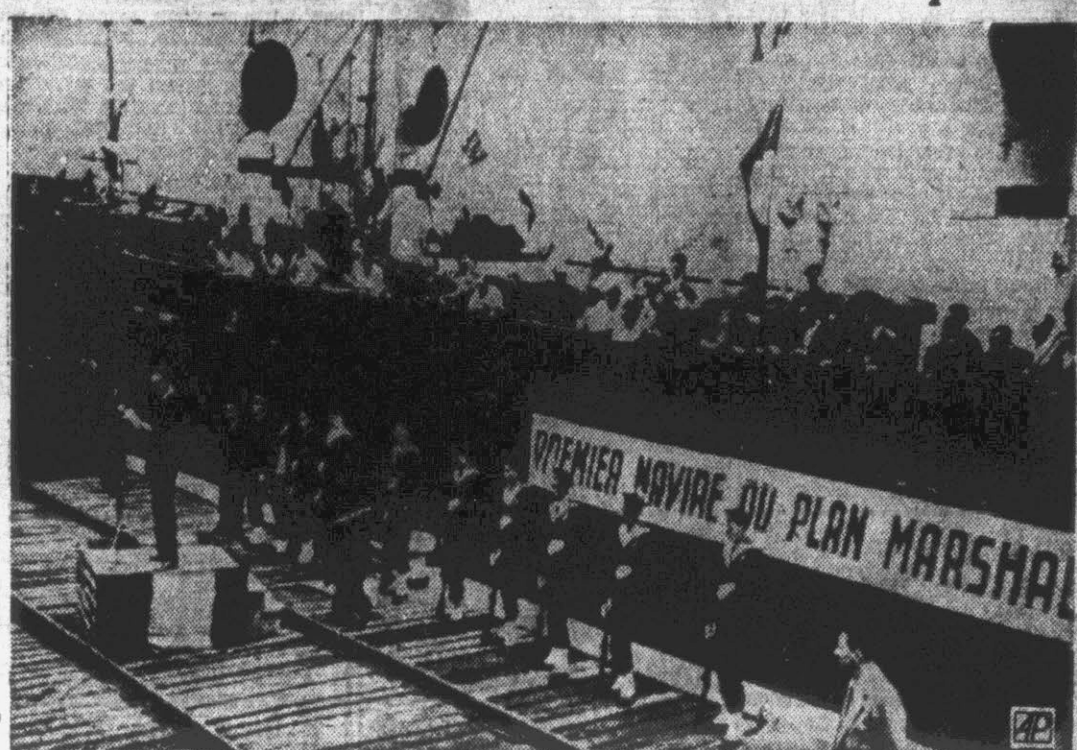

This bill was written by the House un-American Activities Committee. It is called the Mundt Bill, after Rep. Mundt, South Dakota Republican and a member of the committee. He offered the bill weeks ago. But it's not the same bill now, it's been patched and changed and re-written by the committee.

Although it seems certain of House passage, Senate passage is not so sure.

There is plenty of zeal in the Senate, too, to halt Communists abroad and bribe them here.

The Senate is expected to take a colder, longer look at this bill and act slowly, if it acts at all. There's

France Welcomes First Marshall Plan Ship

U. S. Ambassador Jefferson Caffery stands on rostrum at left and addresses throng gathered on a pier at Bordeaux, France, to welcome the S. S. John H. Quick. The vessel is the first to reach France with Marshall Aid Plan supplies. Behind Caffery with his backs to the side of the relief ship are French sailors forming an honor guard. (AP Wirephoto via radio from Paris).

Truman Unmoved By Note Exchange

**President Says His
Hopes For Eventual
Peace Not Increased
By Soviet Exchange;
Emphatically Sup-
ports Marshall State-
ment**

Washington, May 13—(AP)—President Truman said today that his hopes for eventual peace have not been increased by the recent exchange of notes with Russia.

The President told a news conference he is supporting to the limit Secretary of State Marshall's statement that what is essential is that the United States should not be deceived by Soviet promises. He said that the United States should not be deceived by Soviet promises.

President Truman said Marshall covered thoroughly the situation as left by the exchange of notes between Russia and the United States. In response to questions, the President repeated what he has said often before—that he would be glad to meet with Soviet Premier Stalin in Washington.

Asked what the two would talk about at such a meeting, the President said he would let the newsmen know if such a meeting ever came about.

The whole reaction here to Russia's publication of the notes suggests that the change for any real improvement in relations between Russia and the United States hinges on whether there will be a single change in Soviet foreign policy.

INTEREST RATE UNCHANGED
Washington, May 13—(AP)—Secretary of Treasury Snyder today held the interest rate on one-year government securities unchanged through the month of June.

Measure Is Retaliation For South's Oleo Vote

Washington, May 13—(AP)—A midwestern congressman has introduced a bill aimed at the South's peanut growers in another round of the farm bloc split caused by Southern support of oleo tax repeal.

The measure is sponsored by Rep. Mason (R-Ill.). It would lower the

tariff on imported peanuts and thus reduce the South's protective barrier against foreign competition. The bill would slash the tariff on shelled peanuts from the present 7 cents per pound to 2 cents per pound. On unshelled peanuts, the duty would be cut from 4 cents a pound to 1-1/4 cents.

In telling the House the purpose of his bill, Mason stressed his view that the South's espousal of reciprocal trade agreements should make it receptive to the suggested lowering of peanut tariffs.

Then he added: "They (the Southerners) certainly do not think they can eat their cake and eat it, too. Neither should they hang on to the advantages they enjoy at present on their tobacco, peanut and cotton crops."

Mason made no further reference to the recent bitter fight between the butter and oleo forces in the House.

At the time oleo tax repeal won approval in the House, however, congressmen from midwestern and eastern dairy regions threatened retaliation against the South for its part in obtaining passage.

The South backed repeal because cottonseed oil, an ingredient in oleo, is an important by-product of the huge Southern cotton crop.

Survey Pay For Gov't Workers
Washington, May 13—(AP)—The average U. S. government worker now makes \$3,839 a year.

The Civil Service Commission said today after a study of federal pay scales in effect last July. Bills are pending to give some 1,300,000 federal employees a raise. The commission reported 80 percent of the federal job holders make from \$1,500 to \$3,500 a year, 3 percent get less than \$1,500 and the remaining 17 percent earn \$3,500 or more.

(Continued on Page Six)

Wallace Backers Report Setbacks

**Third-Party Educat-
ors Dismissed; Can-
didate Denied Ballot**

Atlanta, May 13—(AP)—Supporters of Henry A. Wallace reported setbacks today on three fronts in the deep South. James Barfoot, the Wallace party's proposed candidate for governor in Georgia, said he had been fired from his assistant professorship at the University of Georgia at Athens, and that he planned to fight the ouster on the principle of academic freedom.

Dean O. C. Aderhold of the College of Education wrote University President Harmon Caldwell that Barfoot's political activities had become so extensive and involved that his effectiveness as a teacher had become impaired.

At Miami, Fla., a meeting of the University of Miami student senate was called for today to discuss the discharge of three instructors who said they were victims of a "political purge."

The three instructors—Dr. Leonard Cohen, Jr., Dr. Charles G. Davis, and Prof. Daniel D. Ashkenas—told a student rally yesterday they were fired because they supported Wallace for President.

The university's vice president, Dr. Jay F. Pearson, invited the three to appeal their case to the board of trustees.

Back in Georgia, the first negro candidate for major political office since Reconstruction days was denied a ballot in Wednesday's Bibb County Democratic primary.

Arab Forces On Way To Border Of Palestine

Damascus, Syria, May 13—(AP)—Syrian tanks and armored cars moved south from Damascus today and troops of three neighboring Arab nations likewise were reported closing in toward Palestine.

The movement got under way less than 36 hours before the British will surrender the Palestine mandate. Official Syrian circles predicted an invasion of the Holy Land early Saturday.

Cheering crowds lined the streets of Damascus as the Syrian forces departed.

From Lebanon came reports that southern garrisons were reinforced and small motorized units were drifting southward.

Travelers from Trans-Jordan said 400 vehicles of an Iraqi brigade were moving westward from Mafrak, Trans-Jordan, toward the Palestine frontier. They said mechanized units of Trans-Jordan's Arab legion were speeding along the main highway between Zerka and the Allenby bridge entrance to the Holy Land.

Asserts Leaders Helping Russia

Washington, May 13—(P)—Ely Culbertson said today American leaders are boosting Russia's chances of world conquest by defending an "impotent" United Nations and letting Soviets build atom bombs "with impunity."

This, he said, is "fantastic unreality" in foreign policy.

The famous bridge expert, who has turned to the field of international politics, told the House Foreign Affairs committee that Russia "will have enough atomic bombs by 1950 to threaten the destruction of scores of American cities."

Warlick Hearing Conducted Today

Washington, May 13—(AP)—Approximately 75 North Carolina Republicans endorsed today the appointment of a Democrat, Judge Wilton Warlick, to be federal judge of the state's western district.

Letters from the Republicans and Democrats, too, favoring Judge Warlick's nomination by President Truman were read at a Senate Judiciary subcommittee hearing by Chairman Langer (R-ND). A few Republicans asked that Senate confirmation be withheld.

Jews Mobilizing For 'Zero Hour'; Precaution Move

**Jewish Independent
State Will Be Pro-
claimed As British
Mandate Ends**

Jerusalem, May 13—(AP)—Jewish forces called upon all trained men and women of fighting age today to mobilize for the "zero hour" in Palestine when a Jewish state is proclaimed.

The state will be proclaimed early tomorrow night, effective one minute after midnight, when the British mandate ends. The Jewish provisional government decided in Tel Aviv to proclaim the state early in the evening to avoid such action on the Jewish Sabbath.

The Jewish mobilization call, issued in Haifa, ordered all men and women between the ages of 18 and 35 who have had any previous military training to report immediately for duty.

Observers said this was a precaution against possible invasion by the neighboring Arab countries. Egypt has imposed a stage of siege to prepare for possible Holy Land action. Syria and Lebanon are clamping down martial law when the mandate ends Friday night.

At the same time the seven-nation Arab League prepared to set up what it called an Arab civil administration, as distinguished from a state, to function in cooperation with occupying Arab forces.

Haifa, the Jewish army planned to take over all Arab Haifa, which adjoins Tel Aviv. Jaffa's Arab emergency committee, set up when the port city's municipal government collapsed last week following Jewish attacks, surrendered Jaffa at 11 a. m. in Tel Aviv, accepting all Jewish terms.

In Cairo, Egypt's cabinet members approved a draft of a royal decree proclaiming martial law for Egypt as a means of supporting possible Egyptian military moves in support of the Palestine Arabs.

A five-man committee in Tel Aviv prepared a draft of the declaration proclaiming the Jewish state.

Major Battle Is Looming In China

**Appear Headed For
Showdown In Fight
For Manchuria**

Peiping, May 13—(AP)—The rag-tag armies of China—both government and Communist—appeared headed today for a showdown in rich, Japanese industrialized Manchuria.

Fighting had started in Mukden's defense perimeter. Changchun, the Manchurian capital, may be evacuated by the government.

(Nanking's Chenli news agency which is often correct in its military dispatches, said Generalissimo Chiang Kai-Shek had secretly ordered the American trained Sixth Army to evacuate Changchun and proceed under heavy air protection to the defense of Mukden.)

Reports said 7,000 Communists attacked Sinitun, 35 miles west of Mukden. Another 80,000 were massed 85 miles south of Mukden.

Government planes attacked the Communist stronghold of Sinitun 70 miles west of Mukden.

Changchun, 40 miles east of Mukden, capital of Jehol province, was under siege from Red troops who poured from the hills of Manchuria.

Mukden's defenders are cut off from China proper with the nearest government force at Chinsien, one-time Japanese industrial city, 125 miles to the south.

New Palestine Plan Submitted For U.N. Action

Lake Success, May 13—(P)—The United States today asked for appointment of a United Nations high commissioner for Palestine in a last-minute effort to force some U. N. action in the Holy Land crisis.

The surprise move came as the U. N. assembly desperately sought to reach an agreement, however small, before the British give up their mandate rule over Palestine at midnight (5 p. m. EST) tomorrow.

The new American plan was announced here by a spokesman shortly after President Truman and Secretary of State Marshall conferred in Washington.

The spokesman said it is hoped to push the proposal through a 12-Nation assembly group by tonight.

Strike Plans

Washington, May 13—(AP)—Plans for a nation-wide strike of long distance telephone workers were set up today by the CIO American Telephone Workers union but the date for a walkout was left open.

The union headed by John J. Meany has been engaged in a wage dispute with the American Telephone and Telegraph Company.

The union represents 23,000 long distance workers in 42 states.

U. S. Aid Limited By Paul Hoffman

**Will Shut Off Economic Aid To Any Euro-
pean Nation Supplying War Machinery To
Russia; Director Outlines Policies**

Washington, May 13—(AP)—The United States will shut off economic aid to any European nation which supplies war machinery to Russia, ERP Director Paul Hoffman said today.

Hoffman said: "We will tell them they must stop it or we won't furnish aid."

The Economic Cooperation administrator was before the Senate Appropriations Committee to ask for the full \$4,245,000,000 balance needed to round out the \$5,300,000,000 Congress has authorized for the recovery program.

The remainder of the sum has been provided for through advances from the Reconstruction Finance Corporation and Congress.

Hoffman explained that relief shipments of food were necessary at the outset but starting July 1, he said, there will be a "considerable shift" to machinery, materials and similar goods designed to spur recovery.

Pleading for freedom of action he told the committee that "we can see only a little way ahead."

ECA must have the right, he said, to drop projects that turn out badly and to add new recovery projects which are promising.

The immediate problem, the former Studebaker president said, is to find "the brains and technical experience" to carry out the recovery effort.

Auto Union Activities Portent Long Walkout

**Agree To Defend
Regional Schools**

Washington, May 13—(P)—Southern Senators decided today they will take on a civil rights fight in the Senate now if backing of anti-segregation laws want to force the issue.

Fifteen Dixie Senators agreed at a meeting that they will try to keep their regional education compact bill before the Senate. A Senate vote was scheduled for this afternoon on a motion to send the measure back to the Judiciary committee.

The civil rights issue is tied in because of a threatened move to add an anti-segregation amendment.

Southern Senator Russell (D-Ga.) said the Southerners would be agreeable, however, to laying their bill aside temporarily for other matters.

Russell said 16 Democrats held a conference in the office of Senator Byrd (D-Ga.) He said all except one announced he would oppose the move to send it back to committee.

"That would be killing the plan for this session," Russell said. "We are relying upon the innate sense of fairness and decent procedure by the Republican Senate leadership for a fair test on the merit."

The bill seeks Congressional approval of an education compact entered into by 15 Southern States as the first step toward creating a series of regional universities.

Dewey, Stassen Go Into Stretch For West Vote

Portland, Ore., May 13—(AP)—Republican leaders Harold E. Stassen and Gov. Thomas E. Dewey headed today into the home stretch of their clear-cut race for this Far West state's presidential preference vote.

Both candidates thumped on the topic of communism last night. Stassen initiated his final drive in an address here in western Oregon. At the same time his New York opponent appeared before a crowd at Pendleton, in the eastern Oregon wheat region. Each has a full schedule of appearance through the state before the ballots are cast May 21.

Still undecided is the time and place for the unprecedented debate the two have agreed to stage.

Stassen reiterated last night his earlier demand that Communist organizations be outlawed "in America and all freedom loving countries."

At Pendleton, Dewey asserted America's food production is the only realistic weapon against the spread of communism in the world.

He predicted the battle against communism is going to be a long tough one. "It is not going to be over in a few months or a few years. Communism has its best chance with people who are hungry, poorly clothed and ill-housed," he said.

President Plans Send Congress Farm Message

Washington, May 13—(AP)—President Truman said today he hopes to send a farm program message to Congress tomorrow.

He told his weekly news conference, however, that he is not ready to announce the appointment of a new secretary of agriculture.

Clinton Anderson resigned Monday as secretary to run for the Senate in New Mexico with the President's blessing.

Mr. Truman gave no indication he will propose in tomorrow's message, regarded as a bid for the farmers' vote.

The Republican-controlled Senate Agriculture Committee got the jump on him yesterday by laying down a long-range farm plan, calling for a revised price support program.

Rail Unions Will Stage Strike If Pact Not Signed

**Brotherhood Officer
Says Wage-Rules
Dispute Must Reach
Settlement**

Washington, May 13—(AP)—The three railroad brotherhoods which called off their threatened nationwide strike Monday night will run the trains as long as the government has control of the railroads.

But the minute the lines are turned back to the carriers, whether in two weeks or two years, they'll call another strike unless an agreement is reached meanwhile in their wage-rules dispute.

That was the word today from one of the top brotherhood men. He talked to a reporter on condition his name would not be disclosed.

This officer said the unions expect the temporary restraining order against the engineers, firemen and switchmen to be made permanent by Federal Judge T. Alan Goldsborough after a hearing next week. This would prevent the unions from striking as long as the government has control.

But, the union leader said, the three brotherhoods still consider as fair and proper their demands for a 30 percent wage increase and 23 changes in working rules.

While Secretary of the Army Royal said yesterday he has no intention of trying to get a wage settlement himself, the brotherhoods say the Army is in a position to settle the dispute if it wants to.

They contend that if the Army, now operating the railroads as the agent for the government, negotiates a satisfactory agreement with the unions, it could say to the individual railroad presidents: "If you want your railroad back, accept this agreement on wages and working rules and we'll turn it over."

Captain Page Is Acting Chief Of Police Of City

Greenville, S. C., May 13—(AP)—Identification and fingerprint specialists at the police department, has been appointed by Mayor Jack Boyd as acting chief of police until the Board of Aldermen fills the vacancy in the near future.

Sentiment here, Mayor Jack Boyd said today, appears to favor the appointment of an out-of-town man, one with considerable experience as a police executive, as chief of the Greenville department.

It was pointed out today by public-spirited citizens that with the growth of the city, increase in population, and the innumerable duties falling within the jurisdiction of the police department, it is important that the Board of Aldermen select an experienced executive for chief of police of Greenville.

City officials today praised the police department for its efficiency and the many improvements made during the past several years. Many of the officers are veterans of World War II.

Find Wreckage In Plane Search

Tampa, Fla., May 13—(AP)—Plane wreckage in the Bahamas Islands was being checked today in a search for a navy amphibian.

Two navy planes were sent to the long island area in the Bahamas where a British official reported finding a wing float and several smaller pieces of a plane which had drifted ashore.

The missing navy ship had 13 persons aboard when it disappeared on a flight from Puerto Rico to Key West, Fla. It was last heard from at 2 a. m. Sunday.

World Wide Sensation

**Private Talk Between U. S. Ambassador And Soviet
Minister Evolved Into Major Development; Molotov
Seized Opportunity But Failed To Cause Stampede**

By DEWITT MacKENISIE

Argument and speculation over the conversation between Soviet Foreign Minister Molotov and American Ambassador Walter Bedell Smith continue to snowball without much indication of where the end may be.

What is said to have started out as an informal and private chat between the two diplomats has both hemispheres by the ears—a development which many observers attribute to smart manipulation by Molotov. It now appears that he acted without consulting Washington in giving to the press a statement which conveyed the idea that the United States had invited Russia to a conference to discuss relations between the two countries—an invitation which the Soviet Union regarded with favor.

Naturally the announcement created a world wide sensation, especially since it placed the United States in the doubtful position of initiating what might be set on by critics as appeasement. Indeed one Communist newspaper in Germany did declare that this showed America was fed up with the cold war. Moreover, British and French gave indications of being considerably miffed at not having been informed by the United States about this important move.

Gradually these statements seem to have had their effect in getting the facts before a much excited Europe. The idea grows among observers that Mr. Molotov slipped across a very hot one, which might easily have put the United States in the position of appearing as an appeaser, but which has been largely countered by quick action.

One of the most extraordinary aspects of the situation is that British

Johnnie Evans of Fitzgerald, Ga., is a guest for several days in the home of Mrs. A. J. Moore, 614 W. Fourth street.

Mrs. D. J. Whitchard, Sr., entered Pitt General hospital for observation and treatment yesterday.

Mrs. Lala Little is visiting her daughter, Mrs. Richard Atkinson, in Kenly.

Mr. and Mrs. Moya Dell returned yesterday from a ten day visit in Hartford, Conn., New York City and Princeton, N. J.

Birth Announcement
Mr. and Mrs. Thomas Gregory Johnson announce the birth of a son, Thomas Gregory, Jr., on Wednesday, May 12 in Pitt General hospital.

Mrs. Johnston is the former Miss Mary Blanche Vincent of Winterville.

Dinner Meeting Friday
The Past Matrons and Past Patrons of Greenville chapter No. 149 O. E. S. will hold a dinner meeting in the Masonic Hall Friday night at 7 o'clock. Past Patrons of the Ayden, Farmville and Grifton chapters will be special guests.

40 Years Ago Today

THE DAILY REFLECTOR
May 12, 1908

About 20 young people had a most delightful excursion on Wednesday, the event being in honor of Miss Verda Waldrop, of Hendersonville. On the gas boat Barley they left Greenville at 9:30 o'clock. A stop was made at Washington for dinner and the trip extended on to the historic town of Bath, where the excursionists spent about two hours. On the return trip supper was served on the boat and another stop made at Washington to attend an entertainment in the opera house.

The trip home was made by moonlight, Greenville being reached about 1 o'clock.

Birth Announcement

Mr. and Mrs. J. W. H. Roberts announce the birth of a son, on Thursday, May 12, in Pitt General hospital.

SOCIAL CALENDAR

THURSDAY
7:30 p. m.—Besses' night dinner of the B. & P. Woman's Club in Masonic Hall.
8:00 p. m.—The Man Who Came to Dinner will be presented in the Austin auditorium in a second performance by the Senior class and the Teachers' Playhouse of the college.

FRIDAY
4:00 p. m. to 6:00 p. m.—Registration for year 1948-49 at St. Raphael's School.
5:30 p. m.—Kiwanis Club.
7:00 p. m.—Past Matrons and Past Patrons of Greenville chapter No. 149 O. E. S. hold dinner meeting in Masonic Hall.

6:00 p. m.—Final performance of the gay comedy "The Man Who Came to Dinner" by the Senior class and the Teachers' Playhouse of East Carolina Teachers College in the Austin auditorium.

SATURDAY
9:30 a. m.—Meeting of Junior Class of Greenville High School at high school auditorium.

Pitt County FFA News
The Pitt County F. F. A. Council had a most enjoyable meeting at Farmville High School May 4, at 4 o'clock.

The meeting was called to order by the president, Irene McGowan. The secretary, Margaret Manning, read the minutes of the last meeting which was held at E. C. T. C. in Greenville March 8. There was no old business, but the registration fee was discussed. Some of the girls thought 25 cents was too much. So it was decided that the money in the treasury was to be held for any emergency and the fee from now on to be 10 cents. Next came the main purpose of the meeting, the election of historian-reporter, secretary, song leader, and president. The candidates were introduced and there were many campaign speeches. They were voted by secret ballot. The outcome of the election was as follows: President, Jane Edwards, Grimesland; secretary, Sue Worthington, Farmville; historian-reporter, Ruth Little, Winterville; and song leader, Nina Lou McGowan, Chocoma.

Mr. Sam Bundy, principal of Farmville High School was the speaker. He delighted us with his humor and wit, but he indelibly impressed upon us the importance of our duty as Future Homemakers of America.

The Greenville chapter had charge of the installation of the new officers. All old officers and new officers were called to practice the service while the others sang songs. The installation was directed by Miss Alice Strawn, home economics teacher of Greenville High School.

The Winterville chapter, having the largest percentage of members present received an egg beater for the Home Economics department. This is the last meeting for this year. Next year let's everyone resolve to go to all the meetings. You can always have fun. If you don't, it's your own fault and it gives us the opportunity to become acquainted with other girls our own age.

—Ruth Little, Reporter.

ELKS MEET TONIGHT

Greenville Lodge No. 1648, Benevolent and Protective Order of Elks, will meet tonight at 8 o'clock. Exalted Ruler J. Alvin Bunting will preside.

TEEN TALK

Dear Judy,

Kids who think they'd like to be movie stars so they wouldn't have to go to school have a big surprise coming to them if they ever do click in movieland. Actually, teen-age movie stars work harder than the average and most of them have very little time for recreation in which other kids engage.

Here's a letter from Lois Butler, 16-year-old Hollywood star:

"If you want to study harder than you've ever studied before, just become a movie star."

"You'll be photographed with Gary Grant and maybe Clark Gable. You'll go to lots of parties. You'll have gowns especially designed for you. Make-up artists and hairdressers will spend hours helping you. You'll go to Palm Springs, or to the snow-covered Sierras, for publicity layouts."

"But—and this is the rub—you'll be boning up on the sub—you'll be at the same time, with no excuses for failing to get the proper grades."

"How do I know? Well, I speak from experience."

"I was a sophomore at John Marshall high school in Los Angeles when the impossible happened. I've always liked to sing, and one time one of the listeners was Bryan Foy, of Eagle Lion Films."

"Would I like to make a screen test? I'm easily persuaded. The next thing I knew Mr. Foy was starring me in 'Mickey'."

"Being a star and having people make a big fuss over you, is a thrill, but it isn't as easy as it looks."

"Because I'm still of school age, I'm subject to all the regulations of the school system."

"I don't attend public school (there isn't time for that) but each day including the time we are actually shooting on a picture, I have to spend a minimum of three hours in class."

"The studio provides a tutor. Mine is Mr. Randolph Van Sooy. I take four subjects—English, literature, Spanish, world history, and geography. And, if I pass, I get regular credit for the work, applying toward a diploma."

"There are frequent breaks between scenes. On each break, instead of relaxing for a bit, you have to report to the school classroom, which is moved right on the sound stage set. And unless the break is 15 minutes or longer it doesn't apply on the three-hour rule."

"Because I'm a singer, too, I try to spend as much time as possible practicing. The studio also provides a vocal coach."

"I enjoy it, but I'm working 10 times harder than I ever did before."

Mrs. Nobles Hostess to Round Table
The Round Table was graciously entertained on Tuesday afternoon by Mrs. J. E. Nobles.

Mrs. E. H. Browning, president, presided over a short business session.

Mrs. Paul Fitzgerald, program leader for the afternoon, presented Dr. W. E. Marshall, dean of men of E. C. T. C. Dr. Marshall gave a most interesting, instructive and inspiring survey of the literature and writers of North Carolina. In his discussion, Dr. Marshall stated that much which is worthwhile has been accomplished in this field and prospects for future accomplishments are bright. The state, whose storehouse contains a wealth of material for writers in every field, challenges her sons and daughters to turn this heritage to really good account.

The Round Table has had for its study topic this year—North Carolina. Many interesting programs have been presented and enjoyed. Dr. Marshall gave a fitting climax to the year's study.

News was given by Mrs. E. E. Rawl and the pronunciation referee's report by Mrs. Milton White.

Mrs. Nobles, assisted by Mrs. Carl Pierce and Mrs. J. B. Smith, served a delicious salad course with food tea.

Two Jap Women
Accuited On Trial
For Crimes In War

Yokohama, May 12 (AP)—An Eighth Army military commission today acquitted two of the only three Japanese women ever tried for war crimes.

The pair, Wakako Hagihara, 29, and Tasuko Ishihara, 30, were charged with participation in the mob murder of Lt. John V. Scanlan, Jr., of Louisville, Ky. He was killed after his P-51 fighter crashed during the war.

A third Japanese woman is charged in the vivisection of a B-29 flier in a separate trial.

GRIMESLAND SCHOOL TO HAVE BARBECUE DINNER FRIDAY

The Grimesland High School Home Economics Department will be host at a barbecue dinner at the school Friday, May 14, at 7:30 p. m. The 10th grade home economics class is sponsoring the dinner as part of their food unit project. A nominal price will be charged for plates. Friends of the school and the public generally is invited to attend.

ASHEVILLE CANDIDATE HERE

Brandon P. Hodges of Asheville, a candidate for state treasurer, was in Greenville today, renewing old acquaintances and shaking hands with old friends. He was attorney for Buncombe county for 10 years and served two terms in the State Senate.

Times harder than I ever did before."

J. E. Nobles

don't DO that!

Don't settle down for an afternoon chat in a crowded restaurant where people are waiting for tables.

day on which one may register in order to vote in the Democratic primary, Saturday, May 22.

Saturday, May 22 will be challenge day—from 9 a. m. to 3 p. m. J. Henry Harrell, chairman of the County Board of Elections, stated.

KIWANIS DIRECTORS TO MEET

John Arthur Collins, member of the Kiwanis Club's Board of Directors, will be host to the officers and directors at a steak supper at Respers' barbecue place, across the river, at 6:30 tonight. President Nathan C. Brooks will preside. It is an old Kiwanis custom for an officer or a director to entertain the group at supper at the monthly meetings.

MANY ATTEND FUNERAL

Funeral services today for Police Chief Horace Buford Drum were largely attended, representatives of law enforcement agencies from many Eastern Carolina cities and towns attending. Services were held at the home on Contentment Avenue. Burial was in Greenwood Cemetery.

Since 1920, motor equipment has replaced enough horses in the U. S. to release 55 million acres formerly used to grow horse feed—about 20 percent of U. S. crop land.

Marie Antoinette prized her collection of lace so highly she divided it among the ladies of her court before she left Versailles for the last time.

The National Safety Council estimates that one-third of the automobiles now on American roads have some mechanical defect which makes them unsafe.

Soviet-American Relations Story Dominates News

Moscow, May 13—(AP)—Soviet-American relations dominated the news today in Russian newspapers and on the radio.

All papers published a synopsis of Secretary of State George C. Marshall's news conference yesterday and President Truman's statement of the day before concerning the diplomatic exchange last week between Ambassador Walter B. Smith and Foreign Minister V. M. Molotov.

All of them also carried Henry Wallace's open letter to Prime Minister Stalin and accounts of his address at Madison Square Garden, New York, Tuesday night, including his six recommended measures for improvement of relations between Russia and the United States.

The Russian people thus were told, in the Truman-Marshall story, that no two-power conference on Soviet-American relations is contemplated by the United States. They also were told, in the Wallace story, that Wallace believes there has been an "extraordinary use of the veto" in the United Nations and that he termed this "a symptom of lack of confidence between the two countries."

Most of the papers, and the radio concentrated on Wallace's com-

ments about the Smith-Molotov exchange.

Goat And Dogs Imitate Mary's Lamb At School

Reading, Pa., May 13—(AP)—The school Mary used to attend in company with her pet lamb had nothing on the Robeson township school near Reading.

A visitor to the Robeson school is apt to see a goat and three dogs in attendance as well as the usual collection of boys and girls.

The goat, "Mary Lou," is brought to classes by Leonard Everhart of nearby Birdsboro, Pa., while the three dogs accompany their masters, Claire Bagley, Donald Ludwig and Lawrence Everhart, Leonard's brother.

"We usually tie Mary Lou to the apple tree," the children's teacher, Mrs. J. William Bagley, said yesterday, "while the boys attend school. During the lunch hour, the animals play with the boys and girls and get all sorts of handouts from their lunch boxes."

"At 3:30," she added, "I don't have to tell any of them that it's time to go home, either."

N.C. Leaf Growers Got \$380,848,000 For Crop In 1947

Raleigh, N. C., May 13—(AP)—North Carolina farmers received a total of \$380,848,000 for their 1947 tobacco crop, the Federal State crop reporting service reported today.

The service, in a final summary of the 1947 crop, said production totaled 907,181,000 pounds, off about two per cent from 1946, and the amount received by farmers was off nearly \$77,000,000 from the \$457,638,000 received for the 1946 crop.

The average price for 1947 was estimated at 42 cents per pound compared with 49.3 cents for the 1946 crop.

(Continued from Page One) Manufacturing Co., which supplies Chrysler plants, laid off 11,000 workers today and said the rest of its work force of 13,000 would be sent home Monday.

With the strike a day old, it was still uncertain whether it would be used as a test of Michigan's new labor law.

The Bouine-Tripp legislation requires a strike vote. The UAW, contending it did not apply because several Chrysler plants are outside Michigan, took strike action without such a vote.

Gov. Kim Sigler ordered the Michigan labor mediation board to find out "if the law is constitutional." Philip Weiss, chairman of the board, asked Prosecutor James B. McNally of Wayne County (Detroit) to take action.

Strength FOR THE DAY

A SCIENTIST SPEAKS ON PRAYER

When a preacher says a good word in behalf of prayer, people pay very little attention, assuming that this is mere professional talk. But when a scientist speaks on this subject, everyone listens.

Dr. Alexis Carrel, one of the most distinguished of living scientists has written this:

"Today, as never before, prayer is a guiding necessity in the lives of men and nations. The lack of emphasis on the religious sense has brought the world to the edge of destruction. Our deepest source of power... has been left miserably undeveloped. If the power of prayer is again released and used in the lives of common men and women; if the spirit of devotion declares its aim clearly and boldly, there is hope that our prayers for a better world will be answered."

The discoveries of science in the physical realm regarding the atomic bomb correspond to the discoveries which are made in the spiritual realm through prayer. The modern scientist has learned how to release atomic energy in matter; the Bible tells us how to release spiritual energy through prayer. It is as Dr. Carrel has declared, "our deepest source of power."

WASHINGTON LETTER

By JANE KAPIS

Washington — Newsmen around town for years have been checked into important press conferences by a ruddy-faced fellow who wears loud ties and slicks his hair back like a ballroom dancer.

"All in," he calls over their heads to the big-wig holding the conference and closes the door behind them. His "quiet please" is a familiar order as the conference gets under way.

He is Bill Donaldson, superintendent of the House of Representatives press gallery, who is said to know more newspapermen than any other person in the country.

The Capitol's Fourth Estate whopped up a shindig at the National Press Club the other night to mark his 35th year of service in the press gallery. Someone read a letter from President Truman. There was back-slapping and warm and friendly eulogizing. A red-haired piano player struck up Bill's favorite, "The Whiffenpoof Song".... Bill sang.

Mr. Truman, who used to be in Congress himself once, wrote to Superintendent Donaldson:

"Dear Bill:
"The newspapermen tell me that they are going to give a dinner in your honor to celebrate your 35 years as the superintendent of the House press gallery. This is exactly what they should do. From my experience, both in the Senate and here in the White House, I know how well you have done your job. I trust you will all have a fine time at the party and that at the end of it nobody will be 'all in.'"

"With my warm regards and all good wishes,

Sincerely yours,

HARRY S. TRUMAN.

Bill Donaldson, now 55, joined the Capitol staff as a page boy. Because he was too tall for service on the floor, he was elected superintendent two years later, by the standing committee of correspondents. Since 1912, he has participated in every national political convention of the major political parties, in charge of press arrangements. For years he has cooperated in checking those admitted to the White House and State Department press conferences.

Around Capitol Square

By LYNN NISBET

Spotted—Reports reaching Raleigh from a relatively small percentage of the 1947 voting precincts indicate that interest in precinct meetings last Saturday was very spotty. Attendance ranged from a scant two dozen in a precinct with more than 2,000 registered voters to better than 150 at one medium-sized precinct in High Point. Similar diverse and spotted interest is evident with respect to the county conventions Saturday of this week. In some counties there is marked apathy and indifference over who will be county chairman, or members of the various party executive committees. In

THE GOVT APPROACH TO FINANCE—

BUT, CHIEF! WHY HIRE MORE STENOS IN THIS DEPT.? THE ONES WE HAVE DON'T HAVE WORK ENOUGH TO KEEP BUSY. WHY NOT HIRE MORE FOR DEPT. 'B'? THEY'RE OVERWORKED IN THERE.

DEPT. 'B' HASN'T GOT ENOUGH IN ITS BUDGET TO HIRE MORE — BUT IN YOUR DEPT. WE FACE A CRISIS — IF YOU DON'T SPEND MORE, YOU MAY END THE YEAR WITH A SURPLUS! IF WE DON'T SPEND IT ALL, THEY'RE LIKELY TO CUT OUR APPROPRIATION NEXT YEAR!

REC-MANNING

McNaught Syndicate, Inc., N.Y.C. 5-19

Boyle's Column

New York—(P)—Fred Sandman used to enjoy lunching with a big ape at the Waldorf-Astoria Hotel.

"The meals were always on the House when we showed up," he said.

The ape, who expected and got the best of service, was Jennie, a chimpanzee. To Sandman, who also helped raise Gargantua, the circus gorilla, Jennie was perhaps the most intelligent creature he handled in 31 years with wild animals.

She could typewrite, eat at a table and use a napkin more daintily than the average night club gorilla of those days. She could also play the piano by ear—her ear.

Whenever Fannie Brice saw us at a hotel, she'd have Jennie come over and sit in her lap," Sandman chuckled.

Today as supervisor of the Central Zoo Sandman is host to 450 caged animals and birds every day, to 50,000 human visitors every Sunday, and to novelist Fannie Hurst once a month.

"She brought me a crow that had been hit by an automobile," he said. "She's always bringing me animals she picked up. Once she brought in two orchid-colored chicks somebody had turned loose in the park after Easter."

Each month Miss Hurst comes by to see her crow-named "Nevermore" after Poe's Raven—is faring. He can walk but hasn't grown back enough tail feathers to fly.

"People bring in all kinds of animals to the Zoo," Sandman said. "They get to be a problem. At least 20 rabbits they bring me each summer."

"Sonny wants to keep them at home but his mama doesn't. I turn them loose in our bird sanctuary here. Then one night some boys climbed over the fence, and the next morning the rabbits are all gone."

Sandman takes particular pride in two animals—Leo, the sway-backed lion, and "Charles F.," one of the few Tigris. Leo had rickets as a

cub, and his legs never developed well. Now he walks like Charley Chaplin and his body looks like a Dashound.

"The Tigris's father was a Tiger and his mother a Lioness."

"He has a nervous habit of chewing off his tail," said the supervisor. "Done it twice now. Probably frustration. He just can't figure out he ever happened."

Many well known figures visit the Central Park Zoo. Dan Topping and Arline Judge used to come regularly. This was before Arline switched to Dan's brother Bob Topping, who recently switched to Lana Turner.

"Lupe Velez liked to come here," said Sandman. "I'd have the Chimps put on a special act for her because she was so fond of them."

Jennie has a short gay fling with a millionaire before her death. "He paid me \$3,500 for her," Sandman smiled. "He'd send his chauffeur and car over for us. We'd go to his home and Jennie would go through her tricks for him."

"He got a big laugh out of watching her. Afterward they'd play tag, running around the room like a couple of kids. Finally, I guess he got tired. He gave me Jennie back as a gift."

I suppose the moral—if any—is that it doesn't pay to monkey with a millionaire.

Politics Enter Czech Schools In Red Regime

Prague—(AP)—If you want to go to college in Czechoslovakia you have to have the right political opinions. Students registered after the political changes in February which made the country Communist dominated, had to answer a questionnaire. Here were five questions, among others, asked of students in one college of Prague university:

Were you organized in some political party in 1947? Did you take part actively in political life in 1947? Did you work for some newspaper or journal, etc., during 1947? Was your mind changed in any way by the political changes of February this year? What was your opinion on the February events and on the situation that resulted thereafter? Make three or four statements on this subject.

The questions were framed by student action committees which governed the political thinking students. In student elections before the February changes, conservative students, chiefly allied with the Czech National Socialist party, won most of the posts.

Wonder Cow Gives 10th Of Million Pounds Of Milk

College Station, Raleigh, May 13—North Carolina State College is the owner of a registered Holstein cow which has further added to her outstanding lifetime production of more than 100,000 pounds of milk. Her name is North Carolina "Aires," and her production records are officially recorded by the Holstein-Friesian Association of America.

In nine yearly milking periods, "Aires" has produced a total of 174,803 pounds of milk and 5,515 pounds of butterfat. Her highest single record was made at the age of 12 years 9 months when she produced 23,802 pounds of milk and 728 pounds of butterfat.

In addition to the outstanding production achievements, this cow has been officially classified "good plus" in type.

All her records were made under supervision of North Carolina State College in cooperation with the Holstein-Friesian Association of America.

Melbourne—(AP)—This city has a woman's bagpipe band of 25. Twelve are pipers and 13 drummers.

Poppy Sales Aid Needy Children

"Aiding needy children of war veterans is one of the things accomplished by the memorial poppy which the American Legion Auxiliary will ask everyone to wear in honor of the war dead on Poppy Day, Saturday, May 29," said Mrs. Sam Worthington, child welfare chairman of the local Auxiliary unit.

"The number of children of veterans needing aid is increasing rapidly," she said, "making it more important than ever to have a generous response to the Poppy Day appeal. The bulk of the contributions will remain right here in Greenville to help our Legion Post and Auxiliary Unit care for needy children of local veterans' families."

"Families of veterans too disabled to do regular work and those of veterans who have died are facing hardship right here in the midst of our prosperous community," Mrs. Worthington continued. "High prices reduce the value of any government compensation they may receive. Mothers or young children face a difficult problem if they must go to work. It is a bitter experience for a man who gave his health and strength in the nation's defense to see that his sacrifices mean suffering for his family."

"I know that we all would like to do something for the families of these men who have done so much for us, and the memorial poppy gives us an opportunity to contribute to their welfare. Money received by the volunteer workers who distribute the poppies goes into Legion and Auxiliary rehabilitation and child welfare funds, where it works for disabled veterans and needy families throughout the year."

"When we honor the dead by wearing their memorial flower, we also help those who are still living in war's dark shadows."

Turkey ships 60 thousand tons of dried fruits a year to the rest of the world.

Youngest Bishop

The Rev. William Jones Gordon, Jr., (above), 30 years old, of Spray, N. C., will be consecrated May 18 as the youngest bishop of the Protestant Episcopal Church. The consecration ceremony will be held in the Church of the Good Shepherd at Raleigh, N. C. He will be bishop of the missionary district of Alaska. (AP Wirephoto).

Chamber Of Commerce Reports On Activities

By CHESTER WALSH

The Greenville Chamber of Commerce's report of last year's activities gives a comprehensive idea of the great work the trade body is doing for Greenville, Pitt county and the section, a review of John B. Webb, Jr.'s report for the year indicates.

The Chamber participated in numerous good-will promotion projects, including advertisements in the News and Observer for East Carolina Teachers College; sponsored a large advertisement in the November issue of North Carolina Education, official NCEA publication and welcoming 1,200 teachers to the district meeting at the college here. Other good-will promotion activities included advertising in the Greenville High School Annual, North Carolina Democratic Club's program, sponsoring of a North Carolina congressional dinner in Washington during the annual U. S. Chamber of Commerce in the Capital City, continuing the chamber's associate membership in the N. C. Farm Bureau Federation; assisting the State Magazine in preparing a story about Greenville and jointly with the Tobacco Board of Trade sponsoring a double-page advertisement in State Magazine, and, with the Tobacco Board of Trade, sponsoring a float in the Shrine ceremonial parade at Morehead City.

The Greenville Chamber of Commerce has been especially active in assisting agricultural agencies to improve the position of the farmers of Pitt county. It sponsored the hybrid corn-growing contest and one of the contestants produced 124.7 bushels to the acre. Eighty-seven projects were entered in the contest. The chamber co-sponsored with the N. C. Swine Breeders' Association and the N. C. Extension Service the sale of 18 pure bred hogs. The trade body participated in a hearing at Rocky Mount, held by a Congressional committee, concerning a long range agricultural program to be presented to Congress.

Incidentally, the Chamber of Commerce supported the city administration in the adoption of a city-wide zoning ordinance; endorsed and worked for the 15c tax levy to supplement teachers' salaries to enable the city school system to maintain its high rank in the state; sponsored the Bookmobile project operated by Sheppard Memorial library; co-operated with the Greenville Fire Department in a 14-point fire prevention program during the last Fire Prevention Week.

As to health and sanitation the Greenville Chamber of Commerce cooperated with the Pitt County Hospital Committee, headed by John G. Clark and C. Stuart Carr. It successfully promoted the \$351,900 county-wide bond issue last September 16 to provide the county's part in the construction of a county general hospital under provisions of the Federal and North Carolina Good Health program. The chamber also endorsed enactment by the 1947 Legislature of the North Carolina Good Health Program, and it cooperated with the Junior Chamber of Commerce in presenting facts to the Veterans' Administration of facilities here for a veterans' hospital.

The Chamber of Commerce last year provided industrial information to 14 firms interested in Greenville as a location for their plants. Lack of existing buildings was the major handicap in securing these industries. They were instrumental in bringing here the Norfolk Tallow Company, located on the Bethel Highway, and the Globe Company, now owned by T. G. Basnight, Jr. The Chamber also has encouraged farmers to grow cucumbers as a spring money crop. The chamber was active in the establishment of a motor rewinding plant here by Roy Cutler and Bill Smith of Plymouth.

The Chamber of Commerce has been extensively active in stimulating interest and providing dependable information of pending legislation in the National Congress. It urged North Carolina Senators and Congressmen to support permanent consolidation of the U. S.

Under Fire

Dr. Mitchell Franklin (above), professor in the law school of Tulane University at New Orleans, has been appointed to the legal staff of the United Nations. The appointment was denounced on the floor of the House in Washington by Rep. F. Edward Herbert of Louisiana. The congressman said the appointment places Dr. Franklin in position to "spread his Communistic venom and anti-American propaganda to the comfort and solace of the Kremlin." (AP Photo).

Employment Service with the Federal Security Agency instead of the Department of Labor, and it opposed combining of the Federal Home Agency with War Liquidation and Subsidized Government Housing Activities. The Chamber supported anti-closed shop legislation, and it urged the State Legislature to equalize taxation on co-operatives and other lines of business, and it urged the support of the Taft-Hartley Labor Relations Act.

The chamber has cooperated with the Merchants Association in trade promotion programs and is active in promoting Greenville as a marketing, trading and banking center. It issues a monthly bulletin of great value to the members and others. The Chamber of Commerce maintains at its offices at Five Points a library of information for businessmen and others.

The trade body opposed the discontinuance of railroad passenger and freight and mail service here. It assisted Nunn's Motor Transfer of this city in securing a franchise to transport unmanufactured agricultural products across state lines, from Pennsylvania to Florida. It supported the application of Carolina Railways for bus service between Norfolk, Va., and Wilmington, via Greenville. It supported the application to the Civil Aeronautics Administration for a high frequency radio range along the coast through New Bern and Wilmington, and to be diverted through Greenville. Through a compromise, a range was diverted through Jamesville into New Bern.

The Chamber of Commerce is vigorously urging restoration of water transportation on Tar River and resumption of use of the Greenville Port Terminal facilities. It is still active about securing air transportation for passengers, freight and express for Greenville. The chamber was influential in obtaining from railroads an agreement to have freight car switching limits extended to the city limits. It cooperates with the Mayor's Emergency Housing Commission in efforts to relieve the

housing shortage.

President John B. Webb's 1947 report of the year's activities shows that the chamber is "on the ball" and active for the development and advancement of the community's interests.

Incidentally, President Charles B. Bisette, 1948 president, said the chamber has a valuable man in Executive Secretary Willard T. Kyzer and he is doing a good job.

Capt. J. E. Williams Sent To Washington

Kindley Air Force, Bermuda, May 13—Capt. James E. Williams, son of Samuel H. Williams, of Greenville, N. C., has been transferred to Washington National Airport, Washington, D. C.

Captain Williams had been stationed at the air transport command's Atlantic Division base in Bermuda, since June 1946, where he was assigned as operations officer.

Police Court

The following cases were tried in Police Court Monday morning:

Larceny: Richard Reeves, colored, 90 days, suspended on payment of \$20 to B. Smith. On a charge of non-support, Reeves was given six months on the roads, sentence suspended on payment of costs and he was placed on probation for three years. He was ordered to pay \$7 a week for support of his family.

Amos V. Harris colored was fined \$25 and costs for reckless driving and driving without an operator's license.

Drunk: Adrian Johnston, \$15; John L. Smith, \$20; Henry Joyner, colored, \$15; Johnny Mabry colored, (and disorderly) 30 days in jail, William J. Smith, colored, \$20; Ed Stocks, \$15; Sam Stocks, \$15.

Ethel C. Lucas, colored paid \$15 for assault with a deadly weapon. W. J. Edwards, worthless check,

pay check and court costs. Norman Chaffin, no driver's license, \$25 and costs.

Paul Coburn, non-support, six months on the roads, suspended on payment of costs and \$10 a week to his family. He was placed on probation for three years.

Morgan Forcham, charged with driving while drunk, was granted a jury trial in Superior Court.

He Likes Eggs; One-Menu Meal For Over A Year

Lake City, Ark.—(AP)—J. P. (Rit) Rittenberry likes eggs. He likes 'em so well he eats 'em morning, noon and night and virtually nothing else. For more than a year now, the elderly widower and caretaker of a cotton gin has eaten fried eggs, sunny-side up, at every meal,

topped off by coffee and toast or plain bread.

He consumed three to four fried eggs each breakfast, lunch and dinner, Monday through Saturday. On Sunday, Rittenberry eats four fried eggs for each meal.

Rittenberry has all his meals in one cafe here. Then he walks in, the waitress never bothers to ask what he wants. She knows. There's one thing about sticking with the same order for each meal, Rittenberry gets quicker service and he doesn't have to mull over a menu.

He pays 10 cents per egg. The cafe has kept a record of Rittenberry's diet and reported that during 1947, he ate 4,058 eggs or 286 dozen. His bill was \$405.80.

Although Formosa was seized by Japan about 50 years ago, the majority of its population are descendants of Chinese who crossed over from the mainland back in the 17th century.

CIO-Pac Plans Political Effort

Atlantic City, N.J., May 13—(AP)—The CIO's Political Action Committee director said today he will have 50,000 assistants in this year's presidential campaign.

Jack Kroll said his PAC "is just getting started" in 154 congressional districts.

Kroll, who is to address the CIO Amalgamated Clothing Workers convention, told a reporter that PAC cannot announce definite plans of action until July.

"We have no presidential candidate," Kroll said. "We must wait until the CIO decides in July which candidate it will back."

Meanwhile, Kroll said, 250,000 CIO members are being organized for full and spare time work in electioneering. They will distribute literature, deliver lectures, and make block-to-block canvasses to urge voters to go to the polls.

A drive is under way again to have every CIO member contribute a dollar to PAC, Kroll said.

Poles Enjoy Big Czech Business

Gdynia, Poland—(AP)—The newspaper "Dziennik Baltycki" says Polish ports have grabbed off the lion's share of Czechoslovakia's imports and exports business. The journal said the Belgian port of Antwerp alone had counted upon handling 1,000,000 to 2,000,000 tons of Czechoslovak shipments in 1948. These, it

HEN MUSCLES IN—A stray cat bore three kittens in a hen's nest at the home of Mr. and Mrs. Frank Reagan of Burbank, Calif. When the cat left for food, she found herself on the outside of the chicken coop (left) while the hen (right) had taken over the job of mothering the kittens. Reagan drove the hen off the nest and moved the kittens outside with their mother.

Hold Out Hopes Of More Nitrate

Washington, May 13—(AP)—Hope for some increase over last year's supply of Chilean Nitrate to southern states was held today by southern congressmen.

Rep. Cooley (D-NC) said the southeastern states will get 75,000 more tons of the nitrate than they received last year. The increased supply, scheduled to arrive within the next two months, will go through Savannah, Ga., Charleston, S. C., and Wilmington, N. C., Cooley told a reporter.

Agriculture officials from North Carolina, South Carolina and Virginia yesterday conferred with a special House Agriculture Fertilizer committee on the critical shortage of solid nitrogen fertilizer.

The group agreed that D. S. Coltrane, commissioner of agriculture for North Carolina, should consult Allied Chemical and Dye Corporation officials in Hopewell, Va., in an effort to obtain more solid nitrogen for farmers of the three states.

Neighbors Rebuild Destroyed Home Of Aged Negro Couple

Suffield, Conn., May 13—(AP)—An elderly Negro couple were today comfortable installed in a new house, built, paid for and insured by their white neighbors to replace a home destroyed by fire.

The couple, Mr. and Mrs. Alonzo Wayne, were left homeless last January. Scarcely had the embers cooled when neighbors began raising funds and recruiting volunteer workers. Yesterday the Waynes moved in the six-room frame dwelling.

The husband, 76-year-old man, once played professional baseball with the Cuban Giants.

Deputies Capture Negro After Chase

By CHESTER WALSH

Sheriff Ruel W. Tyson said today that Grover Cleveland Moyer, 30-year-old Negro farmer on the Hooker Road, never had a chance to eat ham for breakfast this morning. Last night when Frank Phillips reported that a robber had broken into his smokehouse and stolen a side of ham, Deputies Loyd Manning and Jasper Lee Mills got busy. They used the bloodhounds from the State Prison Camp and the trail led to Moyer's home.

Moye, the officers said, and they chased him over fields and through woods and finally ran him down. Search of Moyer's premises revealed the stolen meat in a chicken coop under his house, the sheriff said. All of this in less than an hour and a half. Moyer is in jail awaiting trial in County Recorder's Court.

Discussing Mundt ...

Continued From Page One)

The House un-American Activities committee says the American Communist party:

1. Is part of a world-wide Communist conspiracy and is controlled by the Russian Communist party.

2. Advocates the "overthrow of our government by force and violence."

So far, that's what the committee says. It would have to prove those charges in court if the bill became law. So far the Supreme court has not handed down a decision that would support the committee charges.

But, for the sake of understanding the problem involved in discussing the Communist party, suppose this is true?

Suppose the American Communist party, if allowed to enjoy full Amer-

ican civil liberties, tries to come to power and, once there, crushes civil liberties, outlaws all other political parties.

Should such a party be allowed full civil liberties which everyone else is supposed to have in this country; or should it be crushed now to prevent its ever having a chance to set up a dictatorship here?

But if the American government now, for any reason, can deprive any group of Americans of their civil liberties, may the time not come when the same government will deprive all citizens of those liberties?

Recognizing the problem, the committee says:

"We cannot consistently criticize the Communist government of Europe for suppressing opposition political parties if we resort to the same totalitarian methods here."

But, the committee argues, if the American Communist party cuts its ties with Russia and drops secrecy, there's no reason why it can't have the same liberties as other political parties.

So the restrictions placed on American Communists, under the committee bill, are based on this assumption:

That the American Communist party is part of an International Communist plot to overthrow this government and must be hamstrung although not outlawed.

One of every three school children killed in accidents is killed by an automobile.

Weak, Watery Blood Blamed for Making Men and Women Look and Feel Older

THAN THEIR YEARS

How do you feel at the end of a day? Is that old time pep and drive lacking? Have you checked-up on your blood strength lately? Thousands now regain glowing good looks and vitality through the release of vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a general run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juices when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh all out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Wilson's Weekly Bulletin

The Rector Kitchens, founded by the late George Rector, serves Wilson & Co. Inc. exclusively. From these kitchens come the recipes, menus, nutritional advice, economy suggestions, and home-makers' hints that you read in Wilson's Weekly Bulletin.

Quick Meals for Busy Days

Spring days bring house-cleaning, gardening, summer sewing. In this busy season, it's well to remember that the family still gets hungry and needs good food. So it's well to have in mind several dishes that take only a little time to prepare.

Corned Beef Hash and Eggs

Open 2 cans CERTIFIED CORNED BEEF HASH and spread evenly in a baking dish that has been rubbed with WILSON'S CERTIFIED MARGARINE or CLEAR BROOK BUTTER. With the back of a tablespoon, make six depressions in the hash and break a CLEAR BROOK EGG into each.

Pour 1 tbsp. cream on top of each egg, sprinkle with salt and pepper and bake at 350° F. for 25 minutes or until whites are set. Serves 6.

It's a Quickie

Dinner can be on the table 35 minutes after you start it. The oven will heat while you're preparing the dish above. While it bakes you have 25 minutes to cook a quick vegetable (creamed peas would be an excellent choice for this meal), set the table, prepare a tossed salad, and wash fresh fruit for dessert.

Why not start the meal with a tomato juice cocktail just to assure your family that they're still more important to you than your house.

To save fuel, you could bake custard for next day's dessert while the corned beef hash bakes. Chill and top with a cherry before serving.

Good planning helps a lot in insuring your family good meals on busy days.

The Wilson Label protects your table

Special Notice

You are cordially invited to visit our store Friday, May 14th, to see all the new models in Bendix washers, ironers and dryers. They will be on display and factory representatives will be present to give demonstrations.

Favors To All May We Expect You

Corner Dickinson Ave. & 8th St. Dial 2879

Bulls Protected

Tokyo, May 13—(AP)—Scratch one bull fight.

Tokyo police today cancelled Saturday's scheduled battle royal involving four big bulls dressed in brocade and silk sashes.

The reason: the cops feared the bulls might get hurt. Japanese bull fights are different from those in Spain. Over here the bulls lock horns and fight each other.

Episcopal Meet To Close Today

Goldsboro, May 13—(AP)—A business session today marked the close of the two-day annual convention of the East Carolina Episcopal Diocese.

Principal speakers last night were the Rt. Rev. Thomas N. Carruthers, bishop of the Diocese of South Carolina, and the Rt. Rev. Thomas C. Darst, retired bishop of the Diocese of East Carolina.

Support for reducing the state's three dioceses to two was voiced at a layman's banquet Tuesday night.

Goldsboro Gas Co. To Appear Before N.C. Utilities Body

Raleigh, N.C., May 13—(AP)—The State Utilities Commission has notified the Goldsboro Gas Company to appear here Tuesday and explain why its service should not be improved.

The commission notice stressed that it wants to know why the company should not adjust its rates and operate more efficiently.

The company supplies propane gas for kitchen stoves and similar appliances in the Goldsboro area.

Tiny Jet Plane Rides On Bomber

New York, May 13—(AP)—The Air Force announced today it is ground testing a tiny hitch-hiking jet-propelled fighter designed to ride as escort for super-range bombers. The miniature fighter is the McDonnell XF-85, a radical design adapted to stowage in the bomb bay of a B-36, which is more than ten times as large.

Known as a "parasite" because it is based aboard another airplane, the XF-85 revives a principle tested extensively by the navy some years ago when fighters were carried inside large dirigibles.

The jet plane has a wingspan of 21 feet and is but 15 feet long. It can be fueled and serviced in flight, and can be jettisoned in an emergency.

The plane is powered with a Westinghouse axial flow jet engine capable of 3,000 pounds of thrust. At the top estimated speed of the XF-85, around 650 miles an hour, that thrust would equal about 6,000 horsepower from a piston engine.

No Red Devils In Russian Zone

Berlin—(AP)—Red devils are banned in the Communist-run Russian occupation zone of Germany. The newspaper "Telegraf" says that the city of Potsdam had undertaken a traffic safety campaign which it planned to illustrate with thousands of posters on which danger was represented by a red devil.

"But when the posters were brought to Russian censors for approval," the "Telegraf" says, "they were banned. The censors said the devils were all right but they must not be red. It was suggested that (Nazi) brown would be a better color."

Cattle Fattened With Grapefruit

Lake Alfred, Fla., May 13—(AP)—Good-natured cattle can be fattened on a grapefruit diet.

But, an expert warned in a talk before cattlemen last night, it won't work if the animals have a trace of wildness. Dr. W. G. Kirk, vice-director of Florida's cattle experiment station, said undue excitement seemed to disturb the wild ones. This keeps weight down.

The cattle like the taste of grapefruit—even more so if it's fermented a bit, he said. Dr. Kirk added that meat from grapefruit-fed cattle is as good as western beef.

BRODY'S
Now has Maiden Form Brassiers in Greenville. See them tomorrow.

Notice To The Voters Of Greenville Township

Do not confuse the precincts for the County Election with the wards of the City of Greenville.

All persons living in Greenville Township west of the Bethel Highway and Greene Street and north of Fifth Street and the Falkland Highway, are in Greenville Precinct No. 1 and vote at the Third Street School in Greenville.

All persons in Greenville Township living east of Bethel Highway and Greene Street and north of Fifth Street and the Washington Highway live in Greenville Precinct No. 2 and vote at the courthouse in Greenville.

All persons in Greenville Township living south of Fifth Street and Falkland Highway and west of Greene Street, Dickinson Avenue, and the Ayden Highway, are in Greenville Precinct No. 3 and vote at the Centre Brick Warehouse.

All persons living in Greenville Township south of Fifth Street and Washington Highway and east of Greene Street, Dickinson Avenue, and the Ayden Highway, live in Greenville Precinct No. 4 and vote at the City Hall.

The county registration books are entirely separate from the city registration books or special elections. Do not be confused. Check to see if you are properly registered for county elections.

The last day for registration is May 15, at sunset.

If you have moved from one precinct to another since the last registration, have your name transferred to the books of your present precinct.

Call For Probe Of Police Dept.

Fayetteville, May 13—(AP)—A coroner's jury, investigating a negro prisoner's death, last night called for an investigation of the Fayetteville police department.

The six-man jury which included one negro recommended that the grand jury conduct the proposed investigation. Saying it could not determine the cause of the negro's death, the jury also asked the findings by the State Bureau of Investigation on its probe of the case be turned over to the grand jury.

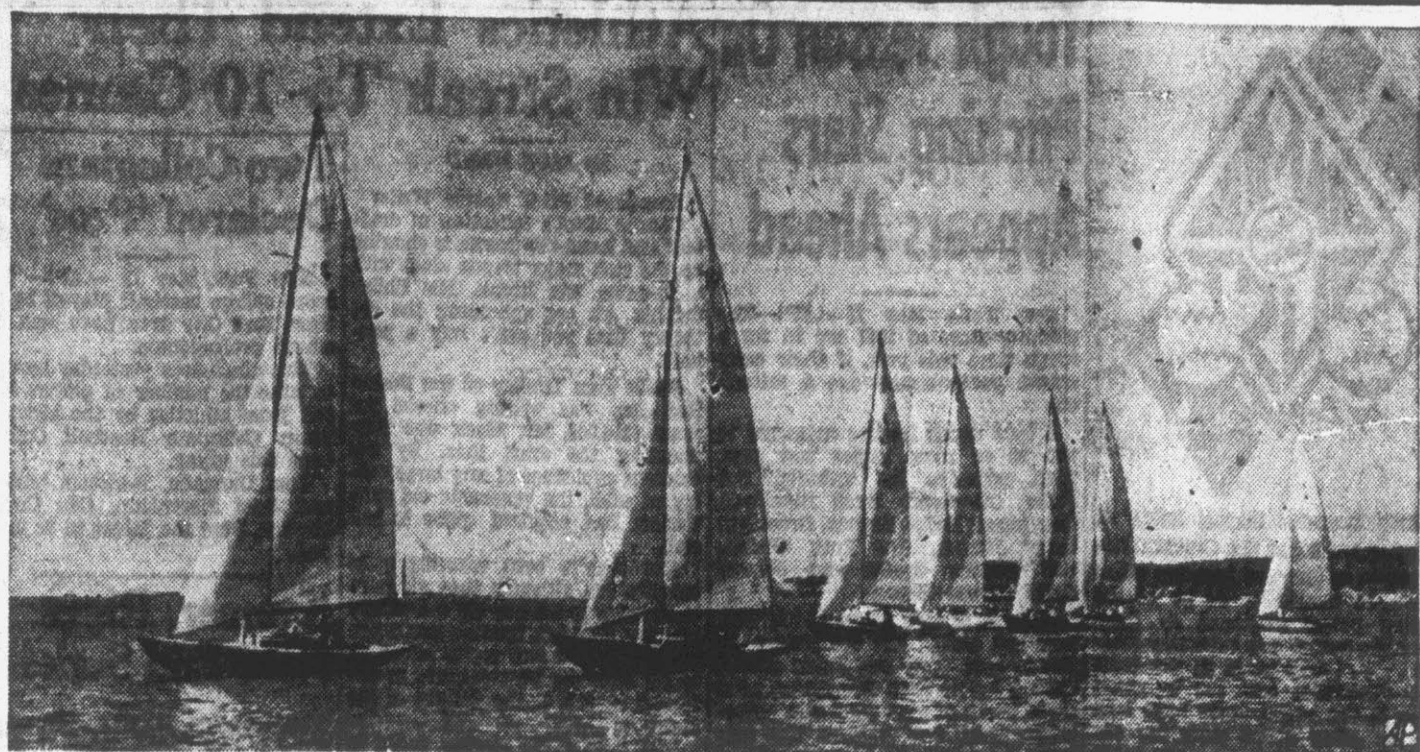

The jury was called by Coroner Joe W. Pinkston to conduct an inquest into the death of Fred Allen Fleming, 37, a Fayetteville musician. Fleming, arrested after he reportedly acted strangely, died in the city jail April 8.

The jury's report said that Fleming was confined for 30 hours without charge and was not given needed medical attention.

Two Fayetteville physicians said at the first coroner's hearing April 16 that Fleming could have died from a blow on the head. A Duke hospital staff physician yesterday testified that the negro died of "disease of the liver."

Dr. John Messick Program Chairman

Dr. John D. Messick, chairman of the Kiwanis Education Committee, will have charge of the program at the Kiwanis Club's weekly supper meeting Friday evening at 6:30. The program will include a sound mo-

tion picture, "Fred Jones, Kiwanian," which is entertaining and informative. President N. C. Brooks will preside.

Kiwanians selling tickets to the minstrel show at the college next Wednesday night, May 19, are expected to settle for their tickets at the meeting Friday night. Tickets are on sale at the office of J. Hicks Corey, real estate and insurance, 515 Dickinson Avenue.

Although Canada is now becoming industrialized, more than half of its population ten years ago was engaged in agriculture.

SKETCHING VETERAN—Mrs. Mildred Bailey Carpenter of St. Louis sketches David N. Brito, disabled Navy veteran, at Brooke General Hospital at San Antonio, Tex. She's one of a corps of volunteers assisting in Hospital Camp Shows activities.

Charge Woman With Taking Big Sum From Lodge

Greenville, S. C., May 13—(AP)—A 29-year-old brunette was held today on charges of taking \$20,438 from a Greenville lodge of the Loy-ol Order of the Moose.

Denying that she had received the money, Mrs. Patricia S. Bates yesterday waived extradition in Charlotte, N. C., and was returned here. She was arrested in Charlotte following a six-months search.

Mrs. Bates was taken into custody on a warrant charging breach of trust with fraudulent intent. She was identified as a former treasurer of the lodge.

Displaying no emotion as she talked with police about the reported shortage, Mrs. Bates said she had quit her job at the club because she suspected a shortage existed. She added that "a lot of people are mixed up in this thing and it has brought me nothing but grief."

POSTMASTERS TO MEET

Atlantic Beach, May 13—(AP)—The North Carolina chapter, National Association of Postmasters, will convene here June 2 for a three-day session.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes
Flush Out Poisonous Waste

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging headache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Bar Association Met S. O. Worthington's Cottage On Pamlico

By CHESTER WALSH

Mr. and Mrs. S. O. Worthington entertained the members of the Pitt County Bar Association at its monthly meeting last night at their cottage at Bayview, on Pamlico River. The cottage is ideally situated in a grove of tall pine trees on a gradually sloping bluff overlooking the river. It has all conveniences for a summer camp and is easily accessible from the highway or river. A sumptuous dinner, including barbecued chicken, country ham, strawberry shortcake and a dozen other good things to eat, and the repeat was attractively served.

James L. Evans, president of the association, presided. The members agreed to send a boy to Boys' State at Chapel Hill this summer and Col. Owen M. Marshburn was appointed to make the arrangements. Numerous legal matters of special interest to the bar were considered. It was announced that Wade Branton of Raleigh, assistant attorney general, will be the speaker at next month's meeting.

Invited guests were: John R. Barker, Eli Bloom, M. K. Blount, Robert Booth of Ayden, Harry Brown, W. J. Bundy, L. G. Cooper, Arthur B. Corey, Thomas G. Dill, Judge Albion Dunn, Jack Edwards, James L. Evans, C. W. Everett of Bethel, T. K. Fountain of Falkland, L. W. Gaylord, L. W. Gaylord, Jr., F. C. Harding, J. H. Harrell, J. B. James, Judge Dink James, Dan H. Jones of Farmville, J. C. Lanier, R. B. Lee, John B. Lewis of Farmville, Col. Owen M. Marshburn, R. T. Martin of Farmville, Judge J. W. H. Roberts, W. M. Speight, E. Hoover Taft, Jr., S. B. Underwood, Jr., Charles Whedbee, C. W. Everett of Bethel, W. L. Whedbee, F. M. Wooten, Jr., and James R. Worsley. Dinner guests were J. R. Cullifer and Cecil White of Bethel and Roy Tripp and Chester Walsh of Greenville.

Aussies Push Power Project

Sydney—(AP)—The Victorian State Government is pushing a vast hydro-electric scheme to supply one-third of the state's power. Known as the Kiewa project, the hydro-electric installations are being built in the mountains, 200 miles north of Melbourne. It will cost an estimated \$80,000,000 and is scheduled to be finished in 1956.

On a drop of 4,000 feet, water will be fed through the tunnels and open channels to six power stations at successively lower levels. When completed Kiewa power stations will have an average annual output of around a billion kilowatt hours.

HOW MANY PEOPLE EAT BRAN?

Maybe you—maybe your neighbor! For anyone who's constipated due to lack of diet-bulk will find that Nabisco 100% Bran helps bring relief. This fiber-flavored bran makes a tasty breakfast dish... and, because of Nabisco's fast-milling process, it's milder-acting—more gentle on you. (Consult a doctor if constipation persists.)

Gallopade Opens Today; Variety Of Big Events

Rocky Mount, May 13—(AP)—A variety of events today opened Rocky Mount's annual Gallopade Spring Festival which will continue through Saturday.

Hundred of visitors enjoyed a baby May Day festival, a pet parade and a costume parade. A carnival street dance will be held tonight.

Tomorrow's program will feature a giant floral parade, air show and coronation ball, with a dog show, horse show and square dance Saturday.

President E. E. (Knocker) Adkins said Governor R. Gregg Cherry, Rep. Harold D. Cooley of the Fourth North Carolina Congressional District, Rep. John H. Kerr of the Second District, and Secretary of State Thad Eure will be present for tomorrow's activities.

Washington, May 13—(AP)—Improvement in the condition of Senator Overton (D-La.), critically ill at Bethesda Naval Hospital, was reported today. Overton underwent an emergency operation May 5 for an intestinal obstruction.

Goldsboro Flattens Locals With 16 Hits And 14 Runs

Claims Citation In Better Shape

Baltimore, May 13—(AP)—As if the other four horses didn't have enough to worry about with Citation and Saturday's Preakness Stakes, word comes up from a man who should know that the Calumet colt is looking sharper today than when he won the Kentucky Derby.

While old Baltimore slowly got itself into the proper frame of mind to entertain the annual Preakness, Calumet's trainer, Jimmy Jones, said his three-year-old star was ready for all comers.

"He's training perfectly, and worked out as sharp as a tack yesterday," Jones said as he hustled his helpers around barn "G" at Pimlico with special attention to the Bull Lea colt many think will go on to become the eighth triple-crown winner in the history of the American turf.

"He is acting better than he has all spring, and I think he is coming up to the Preakness a better horse than he was in the Derby."

That's slight consolation for the owners and trainers of the other four who appear just about ready to cast the die and plunk down \$10,000 tomorrow morning at the entry box. Anxious, more or less, to see if what they heard about the Derby is true.

Brown Bomber Is 34 Today; Rests From Training

Bloomington, Mich., May 13—(AP)—Joe Louis, training here for defense of his world heavyweight championship against Jersey Joe Walcott in New York June 23, throws off diet restrictions today to celebrate his 34th birthday.

Louis' chef for 12 years, Bill Bottoms, has prepared a 30-pound turkey, plus all the trimmings, and a four layer cake for the champion's party to which all camp personnel have been invited.

The Brown Bomber's two children, Jacqueline, five, and Joe, Jr., ten months old, will be honored guests.

Louis will leave for Pompton Lakes, N. J., on Monday to start his boxing program.

Blatnik Sparks Phillies' Hopes

Pittsburgh, May 13—(AP)—Johnny Blatnik, 26-year-old rookie outfielder, is the big reason the fourth-place Philadelphia Phillies have Quaker City fans eyeing a first division berth in the National League.

Even Manager Ben Chapman admits there's a possibility—if Blatnik keeps anywhere near his current pace.

"He's the sparkplug of our team—and I mean sparkplug," Chapman said after watching Blatnik get "four for four" in yesterday's 5-0 win over the Pittsburgh Pirates. In helping the Phils to their fourth straight, Blatnik smashed three singles and a double, driving in two runs.

"The best part of it was that Blatnik was playing under pressure," Chapman said. "His parents were watching him play in the majors for the first time and he wanted to give them a treat. He did just that and all of us on the club got a great bang out of it."

Johnny didn't have much to say. He dressed hurriedly and joined his parents at their nearby Bridgeport home.

Blatnik's performance has come at a crucial time for the Phils. Outfielder Harry Walker, last year's National League batting king, is temporarily out of the lineup.

Roger Williams required all women of Salem to wear veils when attending church meetings.

By BERT MOYE
Manager Bill Herring and his Goldbugs walloped the Greensies, 14-4, here last night, as Tony Polink and Bill Kalres held the Greensies to seven hits, while the visitors pounded three Greenville hurlers for a total of 16 hits.

The Goldbugs put across two runs in the first on a walk and three singles, two more in the third on three singles and a passed ball and two more in the fifth on two walks, two stolen bases, a single and a double which clinched the victory.

The Greensies managed to score one in the first when Phillips reached first on Smith's error. Lastres singled with Phillips taking third who scored on Nessing's infield out. Two runs in the second put the Greensies out in front for the only time during the game. Chitty singled, Phillips singled, Lastres singled to bring home Chitty. Cohen walked to load the bases and Phillips scored on Ramos' infield out. One run in the fourth on errors, stolen base and two walks knotted the count at four all at this point of the game, and ended the scoring for the Greensies for the night.

Goldsboro's big inning was the sixth when they put across six runs on four hits, two errors, two walks and a stolen base which was a steal home by Whitener. Two runs by the Bugs in the eighth ended the scoring for the night when two hits and one error accounted for the final tallies.

Jerry Chitty started on the mound for the Greensies and received credit for the loss, his fifth of the current season. Chitty pitched 4-2-3 innings, allowed six runs, seven hits, Kermit Schmidt relieved him in the fifth with two men on bases and was greeted by Cochran's double. After pitching 2-3 of an inning Kenneth Brooks finished the game.

Tony Polink started on the mound for the Goldbugs but ran into trouble in the fifth frame when he loaded the bases and Bill Kalres came to his rescue and pitched one-hit ball the remainder of the game and held the Greensies scoreless.

Danny Lastres with two singles in five trips to the plate was the only Gremlin to get more than one hit off the offering of the two visiting hurlers.

Ted Jones, catcher, with a double and three singles, Merle Blackwell with three singles, and Red Cochran with a double and two singles led the 16-hit attack off the three Greenville hurlers.

Sport Slants by Pap

Forbes Of Florida . . . by Pap

Bobby Forbes made quite a reputation for himself last season carrying the ball on the gridiron for the University of Florida. The flashy halfback finished in sixth place among the leading collegiate ground gainers, running the ball from scrimmage for a total of 766 yards on 118 attempts. This spring, on the baseball diamond, Forbes has been even more impressive.

Bobby is a first baseman, and a mighty good one. He throws and bats right handed. Most of the season he has been batting around a .366 clip and setting a merry pace for his teammates in scoring runs, not-batted-in, three base hits, doubles, total bases and strike-outs.

With Roanoke Rapids losing to Kinston last night the Greensies had a chance to tie the Jays the cellar but were unable to do so as the hitting power displayed by them the night before was miserably lacking.

Overheard in the press box—Greenville has the strongest team in the league—they have held up the other seven clubs for the past three years. . . . The game last night was halted twice by a downpour of rain—in the second when the Greensies were out front 3-2 and then again in the fourth when the score was knotted at four-all. . . . But after the two delays in the game the Goldbugs went out in front and stayed there the rest of the night.

The decision on the protest filed by Manager Phebus in the game over in Tarboro last Sunday is expected to be forthcoming from President Ray Goodman's office either today or tomorrow. The delay in his decision is due to the fact that his office has been out of his office the past couple of days.

Warren Schroeder, whose .335 batting average led the Goldbugs last year has been recalled from Warsaw and is to report at the end of seven days, or May 17, Business Manager Charles Liles announced yesterday. Liles also announced that Nelson Suitt, a rookie right hander, has been received on option from Sanford of the Tobacco State League.

The following item relative to the fracas over at ECTC when they played the ACO Bulldogs appeared in Jim Fulghum's column of the Wilson Times yesterday and seems to write the final to the affair.

"The Daily Times received a letter from the Publicity Bureau of East Carolina Teachers College yesterday asking and demanding an apology from this column for the tirade against one of the umpires who called the ECTC-ACO game down there last week. We would be glad to print the letter but it is too long for publication and one or two passages from it would not carry the full import of the message. We have no apologies to hand out to ECTC or to Mr. Gurley, the umpire. We wrote as we saw the incident."

This sign hangs in the St. Louis Cardinals' dressing room at Sportsman's Park: "Organization is that art of getting men to respond like thoroughbreds. When you call on a thoroughbred he gives you all the speed, heart and sinew in him. When you call upon a jackass he kicks."

Gets Attention Of Big Leaguers

Fort Worth, Tex., May 13—(AP)—The college baseball player getting the most attention from big league scouts these days is a guy playing out his string on a tail-end ball club. Jim Busby hasn't allowed the lowly estate of his team to give him an inferiority complex. He's clouting a fine .551 in the southwest conference and is the fastest man in the circuit.

The Texas Christian University outfielder has six major league clubs and Buffalo of the International league bidding for his services.

Half of all children between 5 and 15 who are struck by autos are hit when crossing between intersections or coming from behind parked cars.

Tough Season On Pitching Stars Appears Ahead

New York, May 13—(AP)—The pitching stars of 1947 are in for a rough time this year, if their early season performances are a criterion.

A half dozen hurlers managed to win 20 or more games last year. This exclusive list included Bob Feller, Cleveland; Ewell Blackwell, Cincinnati; Ralph Branca, Brooklyn; Larry Jansen, New York Giants; and Warren Spahn and Johnny Sain, Boston Braves.

Not one of this group of big winners has looked like the pitcher he was in 1947. Only Feller and Jansen show a better than 500 rating after three weeks of play. Only one, curveballer Sain, has finished the majority of games he has started.

Here are their records thus far: Blackwell—Two wins and three losses. Kayeod in four of five starts. Feller—Three wins and two losses. Completed only two of five starts.

Branca—Two wins and three losses. Kayeod in three of four starts. Jansen—Three wins and one loss. Kayeod in three of five starts.

Spahn—One win and two losses. Kayeod in two of three starts. Sain—Two wins and two losses. Completed three of five starts.

Rough starts also are being experienced by such 1947 standouts as Hal Newhouse and Dixie Trout, Detroit; Joe Dobson and Dave Ferriss, Boston Red Sox; Frank Shea and Ed Lopat, New York Yankees; George Munger and Murrey Dickson, St. Louis Cardinals; Dutch Leonard, Philadelphia; Kirby Higbe and Vic Lombardi, Pittsburgh; and Mickey Haefer, Washington.

Some blame the pitchers' decline on the lively ball. That may be so, but how do you account for the fact that the Cardinals' Harry Brecheen has slung three shutouts in three starts; that the Phillies' Ken Heintzelman has pitched two scoreless games in two outings; that the Giants' Dave Keno has allowed only one earned run in three games; and that the Yankees' Allie Reynolds has twirled five straight winning games, all complete.

Athletics Extend Their Win Streak To 10 Games

By JACK HAND

Associated Press Sports Writer
Connie Mack's collection of draft-tees and hand-me-downs is showing up the rich major league clubs with a 10-game win streak. His Philadelphia A's are upholding the old theory that you can't buy a pennant.

While Tom Yawkey of the Boston Red Sox was writing checks for some \$350,000, Mr. Mack was busy scanning the draft lists. By the studious avoidance of any large outlay of cash, the venerable old gentleman has acquired quite a ball club.

And they've been winning quite handsly, although they did have to struggle to achieve an 8-4 victory over the St. Louis Browns last night. Three hits and four walks added up to six runs for Philadelphia in the second inning, to the delight of the crowd of 21,763.

Dick Fowler, the starter, faded in the seventh and Mack had to follow reliever Bob Savage with Lou Brissie who worked two hitless innings. The A's thumped loser Cliff Fannin and five successors for 10 hits.

Rain washed out the Yankee stadium meeting of Cleveland and New York with the Yanks leading 3-1 in the home half of the fourth. The postponement nullified a three-run homer by Joe DiMaggio off Gene Bearden in the first inning.

Detroit staged two big innings to beat Washington, 14-9, although Hal Newhouse was knocked from the box for the fourth straight time. Dixie Trout, third of four pitchers, notched the win over reliever Mario Pieretti.

Sherry Robertson, Washington right fielder, wrenched a knee severely when he slipped while chasing a fly in the eighth.

Bobby Doerr's three-run homer in the 10th enabled Boston to grab a 6-5 win from Chicago in dramatic fashion. Cot Deal, who pitched to only two batters, picked up his first major league win at the expense of Earl Harvist.

Rain idled half the National League, the New York at St. Louis and Boston at Chicago games. However, the Pittsburgh Pirates were able to get in a game with the Phillies which dropped them a half game back of the Cardinals.

Bill Donnelly of the Phils handed the Pirates their first shutout of the year, 5-0, allowing only three hits. He was in control all the way with the help of Johnny Blatnik, the rookie outfielder, who had a perfect four-hit day. Ernie Bonham was the loser.

Hank Sauer unloaded his seventh homer, a three-run blast in the last of the ninth, but it wasn't enough. His Cincinnati Reds bowed to Brooklyn, 9-7, in a night game.

Joe Hatten, the first of four Dodger pitchers, was the winner over Johnny Vander Meer, but Leo Durocher had to whistle to the bull pen for Hugh Casey to end it in the ninth.

Pro-Gridgers To Begin Training

Chicago, May 13—(AP)—The Chicago Cardinals, champions of professional football, will start training at Carroll College, Waukegan, Wis., July 30 for their game with the college all-stars at Chicago's Soldier Field, August 20.

Tex Hughson On His Way Back To Minor League

By JOSEPH B. KELLY

Boston, May 13—(AP)—The tall handsome young man who was one of the American League's best pitchers less than two years ago, the fellow who threw more pitches than any other hurler, is on his way back to a Class "B" minor circuit.

"Sure, it's a blow," said sore-armed Tex Hughson after he had been informed that the Red Sox were sending him out.

"It's a blow to any ball player to be sent down. But I'll be back. I'll be around here again."

It is the hope of Sox officials that the hot sun of his native Texas—Hughson is going to Austin of the Big State (Texas) League—and the idea of pitching against less skillful opponents, where the pressure on his arm will be easier, will help the 32-year-old pitcher.

Tex explained that a circulatory deficiency was cured by the first of two operations last winter. An over-developed muscle interfered with a principal vein in his shoulder and neck.

That had bothered him last season and the resultant peculiar motion he had to use to ease the pain caused this lack of circulation aggravated his elbow.

The elbow was operated on later and, said Tex:

"It wasn't the usual operation for pitchers where the elbow is opened and a chip removed.

"There was a growth at the joint, as well as extra tissue that had to be removed. The doctor (George Bennett of Johns Hopkins) told me he couldn't set up a program for me. Just told me 'your elbow will have to be your guide.'"

About nine million industrial workers now have the use of restaurant service in the plants where they work compared with about two and one-half million before World War II.

Two Collegians Declared 'Pros'

New York, May 13—(AP)—Two more college baseball players in the New York City area have been declared professionals.

The disclosures yesterday brought to nine the number of players barred from athletics by the Metropolitan Collegiate Baseball Conference this spring.

Tom Cusumano, Fordham captain, and Sam Piacentino, City College pitcher, were the latest to be dropped.

Kramer, Riggs Near End Series

Philadelphia, May 13—(AP)—Jack Kramer and Bobby Riggs play the 80th match of their 85-match world professional tennis championship series here tomorrow night.

Kramer, who clinched the title many weeks back, leads in the series, 60 matches to 19. The former amateur champ beat Riggs 7-5, 6-3 last night in Madison Square Garden, where the tour started.

Following the singles match, Kramer will team with Pancho Segura against Riggs and Denny Pails in a doubles exhibition.

Golfers 'Hotter' Than Heatwave

Philadelphia, May 13—(AP)—South Africa's Bobby Locke and 103 sandtraps are expected to make it even hotter than the weather for the 118 other participants in the Philadelphia Inquirer's Invitational golf tournament that gets underway today.

Right now Philadelphia is being visited by its first heat wave of the summer and the weatherman can see no let up. The mercury has reached the high 80's on each of the past two days.

Graziano Ready; Working On Left

Ellenville, N.Y., May 13—(AP)—His title fight with Tony Zale still is four weeks away but to a casual observer Middleweight Champion Rocky Graziano looks fit and ready to go.

The rugged, hard-hitting New Yorker is tan and trim after several weeks of training up here in the Catskill Mountains. A natural mid-dleweight, he's close to the 160-pound division limit and probably will enter the ring a few pounds under.

His training camp is pitched at the plush Nevele Country Club, a year-around resort. The guests, mostly honeymooners, give Rocky loud support as he goes through his paces in a ring erected in the club's playhouse.

The clear mountain air bothered the Rock more than his sparring partners' punches for a while. He's more at home in New York's Stillman's Gym, where the air comes through cracks in the windows.

But Graziano has adapted himself to the mountain layout. Each morning he hits the road for a hike and run of 14 miles.

In the afternoon he works in the ring—and work is the word for it. The champ, under the watchful eyes of Co-Manager Jack Healy and Trainer Whitey Blumstein, is con-

trating on strengthening the power of his left hand blows. For Rocky, that's a task. He likes to throw his right hand hard and often. That's his money punch and he knows it.

Exchange Chief Sees No Danger Of Depression

Washington, May 13—(AP)—Emil Schram, president of the New York Stock Exchange, said today that "provided we keep our heads" there is no danger of runaway inflation or a great depression.

"We have emerged from the period of shortages and unless the Congress permits the budget to become unbalanced again, I firmly believe we have already entered the postwar period of stabilization," Schram said in a statement to the Senate-House Economic Committee.

The committee is studying anti-inflation proposals, particularly suggestions to resist bank credit.

German Women In Hunger March

Frankfurt, Germany, May 13—(AP)—German women 5,000 strong marched on Adolf Hitler's former parade ground in Munich today in protest against food shortages.

"We and our children are hungry," they cried. Another 88 paraded before the Coburg city hall demanding an "end of the hunger government."

Appoint Staff Members For Publications

The Publications Board of East Carolina Teachers College recently announced the appointment for the 1948-49 term of editors and business managers for the three student publications at the college: The Tecocoan, year-book; The Tecoco Echo, bi-weekly newspaper; and Pieces O' Eight, quarterly magazine. Those selected are shown above, left to right: J. D. Woodlief, Stovall, business manager of the Tecocoan; Haywood Sellers, Greenville, editor of Pieces O' Eight; Marian Ward, Nakina, business manager of Pieces O' Eight; Betsy Parkerson, Greenville, business manager of The Tecoco Echo; Carl Conner, Windsor, editor of The Tecoco Echo; and Milton Fields, Scotland Neck, editor of The Tecocoan.

World-Wide . . .

(Continued from Page One)

ish Foreign Secretary Bevin came to the aid of the United States with a red hot speech in Parliament. Bevin reportedly was annoyed at the outset because he hadn't been informed in advance about the Molotov-Smith exchange. However, when he learned the facts he swung into action. Without mincing words he gave Moscow a dressing-down for publicizing the Russian and American statements. Said he:

"If the ambassador of a nation cannot discuss quite frankly with the foreign minister of another country without publication, if he cannot do that in order to bring the parties together, then the situation is not only intolerable, but peace is impossible."

Bevin declared he is "anxious for peace, anxious for a settlement with Russia." But he added that there can be no settlement until the ground has been cleared. Only the Communists, he said, are standing in the way of world peace.

So that seems to leave us about where we were before the Molotov-Smith conversation, except that Russia is assured America is always ready to discuss problems through the proper diplomatic agencies.

The airfield at Bogota, Colombia, is known as Techo—the roof—because it is situated at 8,600 feet above sea level.

HOW TO CUT COSTS ON YOUR FARM

...Get a Jeep

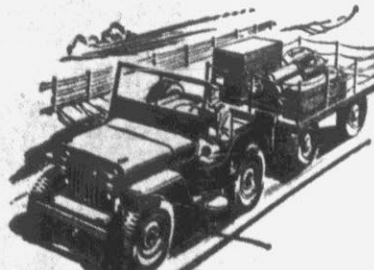

The Universal "Jeep" puts farming on a production basis, spreads its cost over many kinds of work. It lightens the farmer's tasks, works around the clock, does jobs that otherwise would require three or four separate machines.

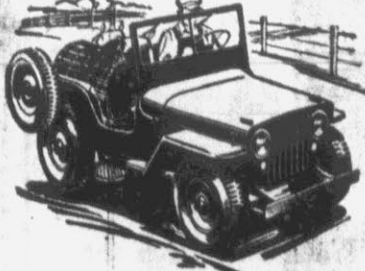

FOR TRACTOR WORK
... The Universal "Jeep" operates hydraulic-lift and pull-type implements —has 4-wheel-drive power and traction for field work, with low speeds of 2 1/2 to 7 m.p.h.

FOR TOWING
The Universal "Jeep" makes a highly-efficient tow truck, capable of towing a braked load of 5,500 lbs., with plenty of reserve for steep grades and heavy going.

FOR HAULING
The Universal "Jeep" carries up to 1,200 lbs. It has 2-wheel drive for conventional travel, 4-wheel drive for bad roads or off-road hauls.

FOR MOBILE POWER
With optional power take-off, the Universal "Jeep" takes power wherever needed, operates many types of belt- and shaft-driven farm equipment.

Baby Crop To Be Second Highest

New York, May 13—(AP)—About 3-
500,000 babies probably will be born
in the United States in 1948, the
statisticians of the Metropolitan
Life Insurance Company forecast on
the basis of data obtained by a ques-
tionnaire survey. This number of
births, if reached, will be the sec-
ond largest in the nation's history,
exceeded only by the record-break-
ing total of 3,910,000 in 1947.

The national birth rate last year
marked a rise of 56 percent since
1933. During the prewar years 1933
to 1940 the birth rate rose only 8
percent, whereas from 1940 to 1947
the increase was 45 percent. The
statisticians attribute the sharp rise
during the war and postwar years to
"favorable economic conditions
and special psychological factors en-
gendered by the war."

The rise in the birth rate from
1933 to 1947 was greatest in the Pa-
cific Coast states, where the rate
doubled. The East North-Central
states recorded an increase of 65
percent, the New England states 62
percent, and the Middle Atlantic
states 60 percent. The South Atlan-
tic region showed the smallest in-
crease—43 percent.

"As a result of the rise of the birth
rate in the Pacific Coast states, and
the record migration into the areas,
these states have been contributing
an increasing proportion of all the
births in the country," the statisti-
cians report. "In 1933 the Pacific
Coast area contributed 5.2 percent
of all births; by 1947 the proportion
had climbed to 9.2 percent."

Give Ovation On Churchill Visit

Oalo, May 13—(AP)—Norwegians
gave Winston Churchill a huge ovation
on his arrival for a five-day
visit.

The wartime prime minister of
England and King Hakon rode
through lines of cheering thou-
sands to the royal palace. Mr.
Churchill and Crown Prince Olav
followed along the flag-decked
streets.

The king entertained the Church-
ills with a dinner at the palace.

TREATY RATIFIED
London, May 12—(AP)—The Mos-
cow radio reported last night that
the Supreme Soviet of the U. S. S.
R. had ratified the Russo-Finish
treaty signed in Moscow April 6.

Velda Solomons, young Australian
who began cycling in order to reach
her war work, became such an ex-
pert bicycle racer that she won 50
races in 1947.

Organ In Mormon Tabernacle Is Being Rebuilt

Salt Lake City—(AP)—One of the
world's most famous musical instru-
ments, the Mormon tabernacle or-
gan, which has been heard by
thousands of visitors to Temple
square and millions of radio lis-
teners in the past quarter century,
will have seven new sections of pipes
installed before the next general
conference of the Latter Saints
(Mormon) church in October. The
total number of pipes will be 10,000,
instead of the present 7,000.

Thorpe B. Isaacson, directing the
remodeling says that the exterior
appearance of the massive organ will
not be altered. Original pipes form-

ing the imposing front of the organ
will be retained. Some of the wood-
en interior pipes built in pioneer
days also will be continued in use.
The organ was built on order of
Brigham Young, pioneer president
of the church, by Joseph H. Ridges,
an English convert, who had lived
for some years in Australia and ac-
cording to legend built the first or-
gan in that country.

RELIGION TAKES WINGS

Boulder, Colo.—(AP)—The Reverend
E. O. Schumacher will fly religion to
three states in an overhauled air
plane which once belonged to the
Navy. The plane was rebuilt by Har-
old A. Grace, local mechanic and
owner. Grace says he will lend the
craft to Schumacher, a licensed pilot
whose evangelical work takes him
to Wyoming and Montana as well as
Colorado. Grace bought the plane
from the government.

"The Most Important Activity Of The State Government Is The School System"

Charles M. Johnson

Vote For CHARLES M. JOHNSON

Whose Qualifications In State Government
Make Him The Best Fitted Man To Be The Next
GOVERNOR
of
NORTH CAROLINA

1. Salaries: "First of all, I wish to see the
State pay salaries that will attract and hold in
the State's service the most competent and
consecrated teachers. To accomplish this,
there must be a substantial increase in teach-
ers' salaries."

3. State School Building Aid: "Some of the
surplus now on hand in the State treasury
should be used in aiding less fortunate com-
munities, particularly rural areas, to provide
adequate school buildings."

5. Additional Progress: "A State School Commission, com-
posed of intelligent and public-spirited citizens, is now making
a thorough survey of our state school system, of our educational
needs and of our ability to meet them. Its recommendations
will have my sympathetic consideration."

2. More Teachers: "We must lighten the
teacher's pupil load . . . A reduction in the
pupil load can be accomplished only through
the employment of more teachers. This will
cost money but it will be money well spent."

4. School Health: "We should have in North
Carolina a school health program that will in-
sure to every child in every section, however
disadvantaged, a fair chance at a healthy start
in life."

File Complaint With Governor

Raleigh, May 13—(AP)—An appeal to Governor Cherry for assistance in connection with alleged discrimination against Negroes trying to register as voters was made here yesterday.

Signed complaints from Negroes that registrars had refused to register them were placed before the governor by Mary Price of Greensboro, state chairman of the Progressive party, and Tinsley L. Spraggins of Raleigh, legal representative of the National Association for the Advancement of Colored People.

The statements said Negroes were being refused the right to register in precincts in nine counties.

The governor told Miss Price that Spraggins could do no more than he already had done—refer the matter to the State Board of Elections, as he had done previously with a letter of complaint from Miss Price.

Raymond Maxwell, secretary of the Elections Board, said the matter would have to come to the board through regular channels—on appeal from County Boards of Elections.

Miss Price said appeal had been carried to six county boards. Counties mentioned in the complaints are Robeson, Brunswick, Nash, Pamlico, Bladen, Transylvania, Craven, Catawba and Edgecombe.

A new complaint which came up in Fairmont, Robeson county, yesterday was denied by Registrar Charles B. Stafford. He said he registered nine Negroes during the day and would continue to "register anybody who can qualify."

March On Capitol To Seek Defeat Of Bill Registering Reds
New York, May 13—(AP)—More than 1,000 persons, representing union, tenant and veteran groups, left Pennsylvania station aboard a 14-car special train today in a "march on Washington" sponsored by the

Committee for Democratic Rights, to seek defeat of the Mundt bill now before Congress.

The bill provides for registration of Communists with the federal government, and places other restrictions on Communist party activity in the United States.

The new British House of Commons now being built from the bomb-blasted ruins of the old one is not expected to be completed before April 1950.

Cool Reception By Lana Turner

London, May 13—(AP)—Honey-mooning Lana Turner rested in the deep quiet of the Savoy Hotel today after a sort of a hectic encounter with the British press.

The British press was pretty much inclined to let her rest. The glamorous blond Hollywood film star arrived yesterday with her new husband, millionaire Henry J. (Bob) Topping, and then administered what the British Press Association called "probably the strangest and most humiliating press conference ever held in Britain."

Six reporters arrived on schedule at 5 p.m. Come back, they were told, in 45 minutes. At 5:45 they were requested to return in 15 minutes. At 7 the six were ushered to Miss Turner's suite. She breezed through the room, said "Hello folks," and vanished down the hall.

Four of the reporters vanished in the other direction but two persistent fellows pursued the star and found her in dancer Eleanor Powell's suite.

"I love the English country," Miss Turner said, according to Press Association's account. "The grass and trees are so wonderfully green, and the tulips particularly and the flowers are so terribly beautiful."

Just about then Topping intervened and asked if that wasn't about enough. The reporters said yes, that was enough.

COMMENCEMENT PROGRAM AT GRIMESLAND SUNDAY AT 3

Commencement exercises at the Grimesland High School will be held at the school next Sunday afternoon, May 16, at 3 o'clock. Rev. Harold J. Dudley, pastor of the First Presbyterian Church, Wilson, will preach the commencement sermon. A special program will be presented. Principal L. L. Murray invites the public to attend.

ACTRESS—Hazel Court, British film actress, models dual-purpose play and swim suit in red, blue and white cotton. Outfit has bolero and skirt, which she holds over right arm.

The scales from a barrel of herring are worth six times more than the fish, in the manufacture of pearl-like plastic sheets.

Lonely Crawfish Spark Industry
Capetown—(AP)—A half million dollar crawfish industry is planned for Tristan De Cunha, one of the loneliest islands in the world. A recent expedition to the island in the middle of the South Atlantic checked the possibilities.
The initial target for an enterprise planned by a union of five fishing companies is 50,000 annual cases of frozen crawfish tails. This will mean catching about 1,500,000 crawfish. Two cold storage plants and a broad social program for the island population are envisaged. A farm program to maintain a healthy diet for the people is planned.

Wilson County To Raise More Swine
College Station, Raleigh, May 13—A program to increase swine production in Wilson county during 1948 has been adopted as one of the main projects of the Wilson Lions Club for the year.
The Agricultural Extension Service and teachers of vocational agriculture are cooperating in the program. The following awards in saving bonds are being made:
Heaviest litter at 56 days of age first prize, \$50, second, \$25, and third \$25.
Heaviest litter at six months of age—first prize, \$50, second, \$25, and third \$25.
Cheapest litter raised—first prize \$75, second \$25, and third \$25.

Chileans Vote Outlawing Reds
Santiago, Chile, May 13—(AP)—The Chamber of Deputies voted general approval last night of a government measure to outlaw the Communist party in Chile. The vote was 93 to 30, with one abstention.
Final chamber approval of the separate articles of the bill is expected tomorrow, after which it goes to the Senate.

CONFERS WITH DOUGLAS
London, May 13—(AP)—W. Averell Harriman, roving deputy administrator of the European Recovery Program, consulted U.S. Ambassador Lewis Douglas today on Britain's immediate needs.

St. Louis was established as a fur trading post in 1764 by Pierre LaCade.

Cadillac

INDIVIDUALITY

Just as the 1948 Cadillac differs from all other cars in the character of its quality and performance—so does it differ in individuality of appearance. More than ever before, Cadillac's inner goodness is now being mirrored in its outward beauty. You can actually see the degree of Cadillac leadership as the car flashes past on the highway. As a result, thousands who have not previously aspired to Cadillac ownership are deciding to make Cadillac their next motor car. Orders placed with dealers in the past few months have broken all records in Cadillac's long history of public approval. Have you seen the new Cadillac? If not, you are welcome to call at our showrooms at any time.

BROWN-WOOD
635 DICKINSON AVENUE — GREENVILLE, N. C.

Undecided As To Amount Military Support Needed

Washington, May 13—(AP)—The Senate Foreign Relations committee is split over how far this country should go in pledging military backing for non-Communist Europe.

That is why the "working paper" resolution Chairman Vandenberg (R-Mich.) has drafted to advise President Truman on possible new moves within the United Nations failed to clear the committee on schedule yesterday.

A Senator familiar with the full background gave a reporter the details today on the understanding he would not be named.

Vandenberg's resolution: (A) stressed the idea of regional defense treaties within the framework of the U. N. charter; (B) calls for this country to take the lead in trying to bring about voluntary discard of the big power veto on most issues short of the use of force; and (C) advises against attempts to revise the U. N. charter itself until all other efforts to strengthen the organization have failed.

Vandenberg has been the Republican leader in all of the major bipartisan moves in international affairs for several years. Most of these have come from the Senate Foreign Relations committee with unswerving 13 to 0 approval.

Inability to get such backing for the latest move caused yesterday's stalemate, the informant said, adding that unanimity may not be reached.

His story of the background and resulting developments is this:

Several weeks ago top-ranking state department officials began conferring with Vandenberg on the idea of a resolution aimed at two main goals.

1. To permit the state department to give some definite answer to western European nations seeking some form of military help from the United States.

2. To silence the clamor in and out of Congress either for revising the United Nations charter to get around Russia's frequent use of the veto or to set up a new world organization with or without the Soviet Union as a member.

Vandenberg promised his cooperation with the understanding that no other major legislation dealing with foreign affairs would be proposed by the administration this year.

Most details of the resolution had

been worked out when the sudden Russian announcement about an exchange of views between this country and the Soviet Union touched off a wave of speculation over the possibility of an easing in Russo-American tensions.

Some Senators took the position that this development gave a "bad timing" flavor to the Vandenberg proposal.

Sam D. Bundy Is Again Principal Farmville School

The Farmville School Board at a recent meeting, reelected Sam D. Bundy principal of the Farmville High School for another year, James B. Lewis, the chairman, announced.

The following members of the faculty were reelected for 1948-49: Antoinette Darden and Margaret Lewis, first grades; Lillian Herring, second grade; Lula Hardy and Mariah Thompson, third grade; Mrs. Marjorie Gaskins and Mrs. Joe Batchelor, fourth grades; Edna Robinson and Hazel Baker, fifth grades; Annie Lee Jones and Mrs. W. E. Joyner, sixth grades; Mrs. L. P. Thomas and Mrs. J. E. Bynum, seventh grades; Grace Whitehurst, eighth grade.

High school teachers reelected were J. L. Johnson, John Dunn, E. P. Bass, Margaret Duke, Ruth Parker, Mrs. Adrian Brown and Mrs. J. B. Joyner.

Mrs. J. M. Wheelless and Ruth Spier tendered their resignations prior to the meeting of the board.

Principal Bundy said he expected other resignations because of change of residence and the new State Board of Education about summer school attendance.

Members of the Farmville School Board are John B. Lewis, chairman; Irvin Morgan, Jr., secretary; John M. Mewborn, Arch J. Flanagan and A. C. Monk, Jr.

Winston-Salem, N. C., May 13—(AP)—Anonymity continued to play the foremost role in the Wake Forest campaign today as one of Winston-Salem's foremost citizens gave \$100,000 to the \$1,500,000 drive.

The donation, announced by P. Hubert Hanes, chairman of the special gifts committee for individuals, brought the campaign total to well over \$900,000.

The contribution was made in securities and followed the anonymous nature of other large gifts already received from individuals and corporations.

TOAST KING AND QUEEN — Jim Duckworth (left), 75-year-old Pearly King of Walworth, London; his wife (right), the Pearly Queen, and their daughter, Mrs. Alice Tolhurst (center) raise their mugs of beer to welcome King George VI and Queen Elizabeth to the Old Kent Road. The Pearlys are an informal group of cockney residents of London's East End.

1948 OLYMPIC'S SITE — London's Wembley Stadium, where this year's Olympic games will be held, is jammed with 90,000 spectators watching a soccer game.

Cabinet Members Of College YWCA Take Over Term Duties

Cabinet members of the YWCA at East Carolina Teachers College for the 1948-1949 term have been appointed and have taken over their duties in the organization.

Students heading committees and serving as cabinet officers are Blonnie Stone, Sims, religious education; Evelyn Kornegay, Seven Springs, forums; Louise Brooks, Falcon YWCA organization; Laura Williamson, Wilson, social service; Mildred Oaks, Hookerton, recreation; Marjorie Thompson, Black Creek, posters; Patricia Williams, Wilmington, publicity; Faye Howard and Peggy Monroe, St. Pauls, properties; Elizabeth Manning, Williamston, social activities; Ethel Clement, Oxford, music; and Peggy Steed, Warsaw, world fellowship.

Also serving on the cabinet will be the recently elected officers of the YWCA. These are Jean Bostian, Wilmington, president; Evangeline Baker, Rocky Mount, vice president; Frances Wilson, Dunn, secretary; and Grace Daniels, Black Creek, treasurer.

Must Be News

Goldboro, N. C., May 13—(AP)—Next to the who, what, when, where and how, the first thing a reporter learns is that if "a man bites a dog that is news."

This must be news: Bryant Langston, 12-month-old son of Mr. and Mrs. George Langston, Wednesday sank his six teeth into the ear of "Trueboy," two-year-old German Pincer. Trueboy bit back, breaking the skin on the baby's cheek. Trueboy won the sobriquet "smartest dog" at the pet show last summer sponsored by the Wayne Recreational Council.

Hold Commencement Exercises Sunday Farmville School

Rev. W. W. Hamilton, pastor of the Washington Baptist Church, will preach the commencement sermon at the Farmville High School next Sunday May 16, at 8 p. m., Principal Sam D. Bundy announced today.

The elementary piano recital will be held Monday, May 17, at 8 p. m. The High School piano recital will be held Thursday, May 20, at 8 p. m.

Dr. J. K. Long of East Carolina Teachers College will deliver the

commencement address Friday night May 21, at 8 p. m. The school officially closes Saturday, May 22.

Court Asked To Reconsider Case

Raleigh, May 13—(AP)—The state supreme court has been asked to reconsider its decision in an elections case in which it held that C. R. Chaplin had been legally elected Tyrrell county superior court clerk. The court's ruling gave the post to Chaplin, a Democrat, over Delmar C. Owens, a Republican.

John A. Wilkinson of Washington, N. C., representing Owens, filed a petition for rehearing.

OIL STOVE FLARES UP

An oil cooking stove in the home economics department at the high school today blazed up about 11:45 and emitted considerable smoke to cause some excitement while a class was in session in the room, but did practically no damage. The entire school was recessed until 1:30 p. m.

Grain Market

Chicago, May 13—(AP)—Grains were lower most of the session on the board of trade today, although they rallied shortly before the close. Some of the late buying in wheat was traced to mills and reflected sales of flour to Holland.

Wheat closed 1/4 lower to 1/2 higher, May \$2.47 1/4-1/2, corn was 1 1/4 to 1 cent lower, May \$2.29 1/2-2/3, oats were 1/4-1/2 lower, May \$1.15 1/2, and soybeans were 7 to 8 cents higher, May \$4.04.

Poultry And Eggs

Raleigh, May 13—(AP)—(NCDA)—Fryers and broilers steady at 38; eggs steady, A large 40.

Hog Market

Raleigh, May 13—(AP)—(NCDA)—Hog prices steady. Tops of \$20.00 at Rocky Mount, Greenville, New Bern and Washington; Richmond, Va., \$20.50.

N.Y. Cotton

New York, May 13—(AP)—Cotton futures opened 46 cents a bale lower to 40 cents higher.

Noon prices were 50 to 95 cents a bale lower than the previous close. May 38.00, July 37.25 and Oct. 33.60. Futures closed 70 cents a bale lower to 20 cents higher than the previous close.

N.Y. Stock Market

New York, May 13—(AP)—Ralls today led a lively stock market to a new average high since early 1948 although many leaders stumbled over more urgent selling.

Transfers of about 1,900,000 shares were the best since April 23.
