

Albright Given Warm Reception By Large Crowd

Speaker Re-States Appeal For Special Session On School Appropriation

By CHESTER WALSH R. Wayne Albright, challenging candidate for governor of North Carolina in the Democratic primary on Saturday, May 29, addressing a crowd of about 500 persons at the courthouse last night, was given an ovation during his speech and received a reception afterwards that lasted half an hour.

Albright opened his message to the Pitt counties with a quotation from Confucius, "If you throw mud, you lose ground." He said this is a challenging time for the people of North Carolina to meet the opportunities ahead.

"It is a challenging time because we are in the dawn of a new era, and the people of North Carolina will not be satisfied with anything less than the average of governments of all 48 states," Albright declared.

Albright declared that North Carolina has missed the opportunity to do this since the war. He said he advocates an emergency session of the General Assembly. He pointed out the urgent need for providing better programs for farm, education, farm-to-market roads, etc., and said the state needs a competent civil engineer as head of the State Highway Department and a different method of naming district highway commissioners.

"It has been 20 years," Albright said, "since the state has had any reorganization of its state departments." He advocates repeal of the sales tax, and against the piling up of surpluses in the state treasury, and he received considerable applause when he said "the people want fair politics in the democratic way, and they desire the desire that we set our goals and aims higher and then the state will go forward."

Albright and his wife, Frances, have visited all 100 counties in their trailer, "The Challenger." He said he has talked to more than 100,000 persons on his journey to meet face-to-face the people of the state in public places, stores, homes and on the farms.

He drew another burst of applause from the audience when he mentioned the \$12,000 limit can-

Rivers, Harbors, Flood Control Bill Up In House

Washington, May 25 (AP)—A general rivers and harbors and flood control bill authorizing \$107,762,900 of work was set tentatively for House debate today.

The bill would give congressional sanction to 45 specific construction projects in 21 states, but appropriations would have to be provided in separate legislation before work could be started.

Chairman Dondero (R-Mich) of the House Public Works Committee described the bill as a "minor measure" compared with the 1946 omnibus bill authorizing some 1,250,000,000 of waterways work.

The present measure would authorize spending of \$30,887,900 for 31 new rivers and harbors projects and \$22,875,000 for 14 new flood control jobs.

Unique Pay Boost Averts Strike At Chrysler Motors

Detroit, May 25—(AP) General Motors Corp. granted a unique 11-cent an hour wage boost today to avert a strike of its 225,000 CIO Production workers.

The company said the formula would cost it about \$75,000,000 (M) a year. But G-M called it "the new approach to the living cost problem."

A G-M strike had been set for Friday by the CIO United Auto workers. Not only was the walkout averted, but the settlement raised hopes for a quick end to the 14-day-old strike of 75,000 Chrysler Corp. employees.

On the basis of past history, it appeared that the G-M formula may set a 1948 wage pattern in the 1,000,000 man auto industry and other important segments of the nation's economy.

Chrysler has agreed to resume bargaining with the UAW-CIO Wednesday. Their best previous Chrysler offer to the Union was six cents an hour.

The other members of the Auto industry's big three, the Ford Motor Co., is scheduled soon to be talking wages with the Union.

General Motors and the Union were closed for 18 hours before announcing the settlement. It brings the average wage in General Motors' 90 plants to about \$1.81 an hour. The UAW-CIO originally asked G-M for a 25-cent an hour increase.

General Motors would not say whether the wage increase would affect its car prices. The wage formula was unique in the auto industry.

If living costs drop, the worst a G-B employee would take would be a cut back in his base wage to \$1.56 an hour. However, the contract provides that he gets another three cents an hour a year from now regardless of what living costs do.

Thus in the record year of the new contract, his base wage at a minimum would be no less than \$1.59 an hour.

If living costs go up by September, there is no ceiling on the G-M wages. They would be increased by whatever amount living costs rise. A company official said this might total any sum—five cents, 20 cents or higher.

Because of the unique wage adjustment system, there is no provision for wage reopening during the two-year life of the contract. Thus the contract remains in effect until May, 1950.

The President's request was made at a White House conference lasting more than an hour.

The Senate has passed legislation for \$300,000,000 annual federal aid to the states for schools. The House has not acted.

There has been no action in either Senate or House on minimum wage legislation. The present wage-hour law fixes the minimum wage at 40 cents an hour for workers who come under its coverage.

Truman Seeking Education Aids Minimum Wages

Washington, May 25—(AP)—President Truman today asked Democratic congressional leaders to press for passage at this Congress session of federal aid to education and a minimum wage boost to 75 cents an hour.

The President's request was made at a White House conference lasting more than an hour.

The Senate has passed legislation for \$300,000,000 annual federal aid to the states for schools. The House has not acted.

There has been no action in either Senate or House on minimum wage legislation. The present wage-hour law fixes the minimum wage at 40 cents an hour for workers who come under its coverage.

Senator Lucas of Illinois and Representative McCormack of Massachusetts, assistant Democratic leaders in the Senate and House respectively, told reporters after the White House meeting that the President "is tremendously interested in legislation raising the minimum wage from 40 to 75 cents."

Lucas said that it was the opinion of most of the legislators at the meeting that it will be rather difficult to get the minimum wage legislation passed at this session since "we Democrats are in the minority."

Lucas said the education measure is "bottled up in a House committee. It is in the House Labor Committee."

"The President is hopeful that the Republican majority will act to get this bill to the House floor," Lucas added.

Lucas said that the question of sending up a message on labor legislation was not discussed. The President's view on both the measures have been outlined in messages and statements, he commented.

Arabs Discuss Truce Plea As Palestine War Continues

Washington, May 25—(AP)—President Truman touched off a Republican cry of "politics" today with his message calling upon congress to hike social security benefits and let 20,000,000 more people share in them.

He asked that old age payments be upped by at least one-half. And to pay for the increases, the chief executive proposed that the present social security tax not only be boosted by 50 per cent next January but that it apply to an additional \$1,800 of income.

Chairman Reed (R-NY) of a and means sub-committee drafting its own social security expansion bill told reporters:

"He is playing politics with the security program. This will not change our attitude. We are going along on a safe basis."

The subcommittee bill is not expected to propose any general increase in old age benefits. However, it may open the way for about 3,500,000 more people to take part in the program.

Chairman Knutson (R-Minn) of the full Ways and Means group commented: "We are all for these things the President recommends. But so long as he continues to spend hundreds of millions on needless and wasteful projects congress cannot do the things it would like to do."

Rep. Doughton (D-NC), top ranking minority member of the committee said he thinks some changes would be helpful, "but it is a little late in the session now to do much about them."

Senator Taft (Ohio), chairman of the Senate's Republican Policy committee, asserted: "The Democrats were in power for 14 years, and if they had really wanted to change the law they could have done it."

In his message to the lawmakers late yesterday, Mr. Truman said the present program is "seriously inadequate to meet the desperate plight of the aged and needy in a time of inflation."

Arabs resumed shelling Ramat Rehel, the Jewish commune said. The village was taken yesterday in an attack by two Egyptian companies, forces of King Abdullah's Trans-Jordan Legion and Arab irregulars, supported by field guns. Haganah regrouped its forces and counter-attacked. Casualties were reported heavy on both sides.

Prior to their conference at Amman, King Abdullah's capital, Arab leaders indicated they will stop shooting only if Zionists give up the idea of a sovereign Jewish state and disband the Jewish army. The Jews were considered certain to reject such demands.

The UN Security Council last night extended until noon tomorrow, Eastern Standard Time, the deadline for a cease fire in the Arab-Jewish warfare. Egypt and Syria asked the 48-hour extension and no delegates opposed it.

The Arabs are under pressure from the British to stop fighting. A foreign office spokesman in London said Britain had warned the Arab states she expects them to observe the U.N. request.

Failure to comply might lead to suspension of treaty commitments to the Arab states, such as the supplying of arms and military training to King Abdullah's Trans-Jordan Arab Legion, government sources in London said.

Sees Request To Help Arm Europe

Washington, May 25—(AP)—Early House approval of legislation to finance rehabilitation of cotton and wool textile industries in Japan and Germany is predicted by Rep. Winstead (D-Miss.)

A House armed services subcommittee approved the legislation yesterday and Winstead said he expects it to be taken up shortly by the full committee, of which he is member.

"There has been no opposition at all to the bill," he told a reporter. "If any exists, it hasn't shown up."

Sponsored by Senator Eastland (D-Miss.), the bill would set up a \$150,000,000 revolving fund out of which the army would purchase wool and cotton.

The same judge who imposed those fines, T. Alan Goldsborough, will decide next Tuesday whether Lewis should be put under a new court order. This one would be an injunction to keep the UMW boss from continuing to snub President Joseph E. Moody of the Southern Coal Producers Association. Last week's short-lived contract talks broke up over that issue.

Robert N. Denham, general counsel of the National Labor Relations Board, stepped into the case late yesterday at Moody's request.

He filed a complaint against Lewis, accusing him of an unfair labor practice under the Taft-Hartley law. This complaint will be heard by an NLRB trial examiner, a time-consuming process.

So Denham instructed NLRB attorneys to go into Goldsborough's court and ask for (a) an immediate restraining order designed to start the wage talks again within five days and (b) a "show cause" hearing on why an outright injunction should not be issued until the NLRB rules on the unfair labor practice charge.

Goldsborough rejected the first request, but granted the second and set the hearing for June 1.

San Francisco, May 25—(AP)—Lawyer Lloyd McComber says he's a connoisseur. Three health department inspectors agreed today he had a collection, anyway.

The inspectors, investigating his flat on a complaint by McComber's landlady, reported they found: Six rooms jammed from floor to ceiling with everything from fine glass and china to garbage, automobile tires to five-gallon cans broken crates to old fashioned radio horns, and vast nests of shredded newspapers.

The kitchen littered with unwashed dishes, moldy cooked food matches, bottles, rags and newspapers, and four dogs and six kittens bounding about.

Anti-American Feeling Spreads Among Chinese

Shanghai, May 25—(AP)—Anti-Americanism is boiling again in China—this time in protest against United States plans to help Japan back to her feet.

As usual, the new wave of anti-foreign feeling—directed exclusively at the U.S.—is centered in student organizations.

And, as usual, the students are not keeping their eyes on the ball in any too sharp fashion. Saturday several thousand started a demonstration here as a mass protest against America's Japanese policy and by nightfall wound up taking verbal potshots at President Chiang Kai-shek's government.

This is a new angle. It used to be that the Chinese students could start a demonstration against anything under the sun and wind up with an anti-foreign blast. Now they are likely to start with an anti-foreign subject and finish by belaboring their own government.

The present series of demonstrations, which have reached all the way from Peiping to the Yangtze cities of Nanking and Shanghai and are still spreading, revive the anti-Japanese theme which has been one of the postwar stocks in trade of the student movements.

One of the centers of the anti-American movement is St. John's University here. A poll recently conducted showed St. John's students almost unanimously believing that Japanese fascism was being revived by "American reactionaries" who seek control of Far Eastern markets.

Washington, May 25—(AP)—The Senate headed today into a new scrap over soil conservation payments to farmers in the wake of a Democratic victory for bigger allotments.

Over Republican protests and with the decisive help of three GOP members who broke party ranks, the Democrats won approval late yesterday of a proposal to boost payments to \$300,000,000 for the 1949 crop year. The vote on the amendment by Senator Russell (D-Ga.) was 41 to 38.

The House voted only \$225,000,000 for that fund and the Republican-controlled Senate Appropriations Committee went along.

Washington, May 25—(AP)—John L. Lewis' refusal to bargain a new contract with the Southern Coal Producers Association could put him in contempt of court next week for the third time in 18 months.

Lewis and the United Mine Workers already have been fined \$2,130,000 for ignoring back-to-work orders in strikes of December, 1946, and April, 1948.

The same judge who imposed those fines, T. Alan Goldsborough, will decide next Tuesday whether Lewis should be put under a new court order. This one would be an injunction to keep the UMW boss from continuing to snub President Joseph E. Moody of the Southern Coal Producers Association. Last week's short-lived contract talks broke up over that issue.

9:00 p. m.—Greenville White Shrine sponsored dance at Armory.

Honored at Tea

Miss Martha Cammack, supervising teacher in public school music at the Training School, was honor guest at a tea given by Miss Eunice McGee on Saturday afternoon in Ragdale Hall on the college campus. Miss Cammack will be married in June to Dr. Don Scott of Columbus, Ohio.

During the afternoon approximately sixty guests called at Ragdale Hall to extend good wishes to Miss Cammack. Mrs. Herbert Wal-

NEW BONNET — Madame Chiang Kai-shek wears new straw hat at garden party at her home at Nanking, China.

drop, Miss Grayson Waldrop, Miss McGee, and Miss Cammack made up a receiving line and greeted guests at the door. Also assisting in receiving were Mrs. Karl V. Gilbert, and Misses Elizabeth Drake, Elizabeth Walker, Alma Browning and Virlynn Uary.

The parlors were attractively decorated with arrangements of summer flowers. The table from which guests were served was covered with a lace cloth and ornamented with a bowl of white gladioli. Mrs. V. C. Fleming presided at the punch bowl. Miss Cammack is a member of the college faculty and has taught at the Training School on the campus for the past three years. Her marriage to Dr. Scott will take place at her home in Owenton, Kentucky, early in June.

Students Entertain With Supper Students at East Carolina Teachers College now living in the Home Management house of the home economics department entertained a group of guests from the college and the Greenville high school at a buffet supper on last Thursday evening.

President and Mrs. John D. Messick of the college; Miss Alice Strawn and Mrs. Lynwood James, teachers of home economics at the high school; and the following members of the home economics staff at the college were present for the occasion. Mrs. Adelaide E. Bloxton, and Misses Lillah Gaut, Ruth Lambie, Mable Lacy, Mary Poindester, Virlynn Uary, and Nellie F. McGee.

Guests were entertained in the sun room of the Home Management house, where tables were arranged for the supper. The room was decorated with bowls of cut flowers. Hostesses were Jean Bostian, Myrtle Davis, Doris Dawson, Ernestine Warren, Blonnie Stott, Margaret Smith, Edna Squires, and Helen Gaskins, all students at the college.

Birth Announcement Mr. and Mrs. Thurman Vincent of Winterville announce the birth of a daughter, Nancy Lou, on May 23 in Pitt General hospital. Mrs. Vincent is the former Miss Marion Dunn of Greenville.

Birth Announcement Mr. and Mrs. Royston L. Jones, Jr., of Baltimore, Maryland, announce the birth of a son, David Royston, on May 14, 1948. Mrs. Jones is the former Margaret Everette of Belvoir.

Entertains Bridge Club Gritton.—Mrs. Carey Garris was hostess on Thursday night to members of her Contract club at a delightful session, spring flowers were used to decorate the rooms in which the guests were received.

Bridge was played progressively at three tables, the highest scores being compiled by Mrs. Roy Jackson and Mrs. Walter Patrick. Other players were Mrs. Sam Nelson, Mrs. Glendel Tucker, Mrs. Milton Hart, Mrs. Roger Johnson, Mrs. Wiley Gaskins, Mrs. Elmo Smith, Mrs. Edward Hart, Mrs. Nannie McGlendon, Mrs. Ben G. Tucker, Mrs. Edwina Whitley.

During play Mrs. Garris servediced drinks and at the conclusion a sweet course.

United States life insurance companies had more than \$174 billion worth of life insurance in force at the end of 1946.

Merle Norman Cosmetic Studio

POWDER BASE is an important part of your make-up.

- Merle Norman powder base is never greasy.
- It is water-proof and porous. Your skin can eliminate through it.
- It protects your skin against sun, wind and dust.
- An ideal foundation for make-up as well as a protector for those who do not care to make-up.
- Available in SAMPLE form.

U.S. CHARITY FALLS AS INCOME RISES

Psychologist Is Guest Of Rotary

By WYATT BROWN
The emphasis on a materialistic philosophy has caused an unbalance in the three legged tripod of mental, physical and spiritual factors which enter into the creation of the well integrated personality, declared Miss Pattie Frase, clinical psychologist with the local Preconditioned Center for the Blind, in the course of the few remarks to the Greenville Rotary Club last night. Miss Frase was introduced by Program Chairman John G. Fleming upon doing which he took occasion to say many commendatory things about Miss Frase's work at the Center and in the community. Miss Frase is leaving Greenville soon to take up work with the Veterans Hospital at Roanoke, Virginia.

basis of a completely integrated personality was the tripod physical, mental and spiritual. She admitted her colleagues in the field of psychology had been lax in their recognizing of the power outside one's self.

"We are not self sufficient but must admit a 'great personality' outside ourselves," she declared. Then she went on to indicate that limits to the effect of the spiritual in the development of the completely integrated personality were imposed by our limited concept of God.

In discussing the effect of cataclysmic experiences upon personalities Miss Frase said she believed and had been able to maintain among her colleagues that facility of adjustment under extremely harrowing circumstances depended upon the already present personality factors which were simply exaggerated to meet the unusual.

"If in trying to make our personalities stable, we find one of the three legs of the tripod weak, there is liable to be difficulty," she stated. It was then she told how people in the pursuit of a materialistic philosophy had lost many of the fine traits of character that last and really count in making the personality buoyant. "If one leg is off balance, it throws the rest off balance," thus making the creation of a completely integrated personality more difficult. Miss Frase brought out in conclusion, Dr. Paul Jones of the Farmville club was the only visiting Rotarian last night. There were no guests. Bob Bradshaw, club president, presided.

Veterans Encourage 'Poppy Day' May 29

"Pin on a poppy the first thing on Poppy Day!"

This was the appeal of James S. Jenkins, Commander of the Greenville Post of the American Legion, to all war veterans in Greenville, in a statement issued today.

"We can never forget those comrades of ours who lost their lives in war service," the Commander's statement said, "so let us show the world that we remember by wearing a poppy on Poppy Day. We veterans should lead the way in paying tribute to those who didn't come back, so pin on a poppy the first thing on Poppy Day."

"With our poppies we remember, too, those other comrades who are still fighting a battle against wounds and illness in the veterans' hospitals. They made the poppies, and the contributions we make for

the little flowers are for them, their families and the families of the dead. I am sure veterans will set an example of generosity on Poppy Day."

Poppy Day will be observed here and throughout the nation on May 29, the Saturday before Memorial Day, when women of the American Legion Auxiliary and cooperating organizations will offer the memorial flowers on the streets throughout the day.

At Unst Rock north of the Shetland Islands is a lighthouse where a wave once broke up a 196-foot rock formation and the sides of the lighthouse itself stove in a door weighing nearly half a ton.

Highway Patrol Sets Up New Radio Station

Raleigh, N. C., May 25—(AP)—The State Highway patrol has set up a new radio station, MAJ Charles D. Farmer, communications officer, reported. It is three miles south of New Bern on U. S. highway 17. It is the patrol's ninth station.

Variation Of . . .

(Continued from Page One)
two strongest bases in western Europe.
And it was left to tiny but valiant Finland to put an exclamation point

after this anti-Communist resistance at the week-end. Although she sits right under Russia's big guns, President Paasikivi dismissed Communist Minister of the Interior Leino after the Finnish parliament had passed a vote of censure on Leino for permitting the extradition of 20 persons to the Soviet Union, and for police treatment of arrested Finnish officers in 1945. This was high defiance, for the minister of the interior has control of the country's police and therefore is the most powerful member of the premier's official family.

So Moscow, encountering resistance all along the line, tries to create a lull in the storm. But let nobody think that Bolshevism is quitting world revolution.

Strength FOR THE DAY
CHRISTIANITY MAKES THE DIFFERENCE

Some time ago a native Christian minister of Indo China addressed an ecclesiastic gathering. His father and mother were converted to Christianity a little more than a half century ago, and this minister was himself a born Christian. But his grandfather had been a head-hunter, and all during the minister's childhood three skulls hung from the ceiling of the thatched hut in which he grew up. His mother, a devout Christian, the daughter of the old head-hunter, preferred never to remove the skulls. When asked why she did not destroy them she always replied that she wanted to keep them there in order that her children might see the kind of life from which Christianity had rescued them.

The minister grandson of the head-hunter now goes about like the Master he serves, doing good to all men. The grandfather killed his enemies and cut off their heads, with love he destroys them as enemies and, by an unwavering fidelity to everything good, he cultivates them as friends.

Perhaps if we could look into the study of the young minister we should see not heads suspended from the ceiling but hearts—the loving hearts of hundreds of people whom he has led from evil to good, from darkness to light.

Around Capitol Square

By LYNN NISBET

National—The millions of words which have gone through printing presses and radio airwaves about the state Democratic convention, last week dealt chiefly with intra-state affairs or with the state's attitude toward the national administration. The Washington contingent of Democrats who came home for the convention brought some interesting off record comment about the administration attitude toward the states—especially the south. Interpretation of recent events by these Washingtonians gives further evidence that the North Carolina concept has been and is more nearly correct than that of several states farther south.

Serious—Composite of the various conversations runs about like this: President Truman and the official leadership of the National Democratic committee regard the "southern revolt" as serious, but not likely to prove fatal to the party. There is no longer any attempt to laugh it off. President Truman is not himself a fanatic about the much-publicized civil rights program. In fact, there was nothing extreme in his statements of the ten points. He is not backing off from his position, but has no desire to force the issue before public opinion will support it.

Southern—Several of the men voiced opinion that President Truman personally would like to have a southerner as his running mate, but all agreed that is wishful thinking. Consensus is that Truman cannot, under any circumstances hope for the votes of Alabama, Mississippi and South Carolina, either in the convention or the electoral college. There is some possibility of the other southern states finally coming around at Philadelphia, and lively hope they will support the nominee in November, whether it be Truman or someone else. Several of the Washington folks accepted this as their own appraisal, while others passed it along as what they consider majority feeling among the national party leaders.

Republicans—Thomas E. Dewey's victory in Oregon assures him more than a majority of the North Carolina delegation at Philadelphia and practically clinches his nomination for the presidency, in opinion of a leading Raleigh Republican. The man anonymously quoted said he did not want his name used, because he has to deal with all factions in the party, but he based his conclusion on telephone conversations with many national and state party leaders since the Oregon primary. He thinks the Oregon result has offset most of the gains made in this state by Harold Stassen of his home town, Winston-Salem and that it also has picked up additional Tar Heel support. However, he doesn't look for any let up in efforts of the Stassen and Taft people in this state.

Second—North Carolina Republicans do not generally agree with

forecasts of a deadlock and probable emergence of a compromise nominee, a role assigned by some national observers to Senator Arthur Vandenberg of Michigan. There is admittedly prospect of a dark horse vice presidential candidate. Stassen intimated at Winston-Salem he might accept second place with Vandenberg, but belief among Republicans is he would not take second place with either Dewey or Taft. There is more probability of a Dewey-Taft or Taft-Dewey combination. And some state Republicans agree that political expediency may accord Taft and Dewey selection of the vice presidential nominee if neither of the top men cares for it. That may be the case, whether Dewey or Taft heads the ticket or both are left out.

Boyle's Column

By HAL BOYLE

New York—A friend of mine whose father was one of the first men to buy an automobile has just bought a television set himself. This pioneering purchase has brought him to the verge of bankruptcy. It developed that the chief expense in becoming a television addict isn't the initial cost. It's the upkeep of your friends who drop in to watch the set work.

"I've just become a shell for that darned machine," complained my friend. "I made the mistake of bragging. I'd bought one, and the world began beating a path to my door.

"The neighbors next door, the neighbors upstairs, their friends, people I hadn't seen for years—they

savings habit. "The success of the program depends entirely on the way we approach the people," U San Maung, a smiling, smoothly-turned-out little man, told me. "You may have a good program, but we can't wait until the people are educated up to the point of putting part of their income into savings. We must have an intensive promotional campaign like yours to make them savings-conscious immediately." U Thein Maung said they will suggest that their government make use of posters, car cards, billboards, radio and movie shorts, as the U. S. Treasury Department has done.

Burma gained its independence on January 4. The nation has a population of about 20,000,000. The two young men were active in the Anti-Fascist People's Freedom League, which fought for freedom of their country all during the war and which runs the present regime. U San Maung is district Socialist president of the Lower Chin Dwin district of Burma. U Thein Maung is president of the Socialist Party of the Tharrawaddy District. They say Communists have been completely outlawed by their country. The Burmese people, according to the two Mr. Maungs, admire our private enterprise system, our free speech.

all started dropping in. They say they can only stay for a few minutes, but they stick in front of that television screen for hours.

"And all the time I have to run in and out fetching drinks and sandwiches. They've turned my home into a barroom and a restaurant—and I have to foot the bill."

But all pioneers have to face sacrifices. I can remember as a boy when the radio industry and I were both in short pants, there was a period of months when we children couldn't do our evening homework out loud. The noise bothered dad who sat tensely at the dinner table, earphones clamped over his head, trying desperately to bring in Cincinnati with an early crystal set.

Dad never forgave radio when it climbed into a shiny cabinet and found its own voice, making the earphone unnecessary. He rarely listened to it after that. He felt the same contempt for it a retired pony express rider would for a trans-continental train.

Television, the grandson of the old crystal set, is a king of strange offspring still gripped with growing pains. Radio is its proud mammy, Hollywood its dubious pappy. It is a stranger to most Americans today—time magazine estimates only about one out of ten persons has seen a television program—but it won't be a stranger long. Like sex, the income tax, and old man river—it's here to stay.

Television promises either to fortify home life or drive a man out into the street forever.

It'll remove the desire of a lazy man even to get out of bed. He can turn on the television set Sunday morning and watch a minister preach an inspiring sermon. In the afternoon he can still lie there and watch a baseball game without worrying about having a rabid fan in the row behind him drop hot dog crumbs and mustard down his neck. In the evening he can watch the screen show a fire in the next block or turn it off and enjoy a vintage movie—vintage 1919 at present.

No longer will he have the sabbath chore of reading the funnies. He can tell the kids to go stare at a television cartoon.

Television is a powerful weapon for a hostess who wants to entertain a boring guest. But it also threatens to end the small talk of people you really want to listen to. It may do even more than popcorn did to kill the art of conversation.

Today a man can take television or leave it alone. But will he be able to in ten years? It is going in more and more homes and barrooms. It is being tested in theaters and tried out in beauty and billiard parlors, barber shops, trains and yachts.

Soon there may be no place to get away from it except by going to a Turkish bath or slipping into the deep end of a swimming pool in bubbling protest.

But as or now television is a wonderful way to catch up on your movies—some you haven't seen for years and years and years. I always said Ben Turpin and Mabel Normand had a future. Television is proving it.

WASHINGTON LETTER

By JANE EAT'S

Washington—High-powered American promotion methods will be used in a national savings drive which the new republic of Burma is planning to launch shortly.

Two young Burmese gentlemen, members of Burma's National Savings Commission, are returning to Rangoon after a four month's survey of the U. S. Security Savings program, fairly popping with salesmanship ideas. They already thought up a slogan—Bama Lutayal Times-ang—Ngwesu-Kya. That, in English, which the two Rangoon University graduates speak fluently, means "Buy Bonds for Burma Security."

The Burmas, U Thein Maung and U San Maung, say their savings drive will be modeled after ours—including a pay-roll savings plan with certain modifications to suit the Burmese people.

Sent to this country by Burma's Ministry of Finance and Revenue are two Mr. Maungs say they were most impressed by our advertising and promotion methods.

The purposes of their drive, they say, are: 1. To build up a strong financial reserve to provide capital for reconstruction and rebuilding of their war-devastated country. 2. To fight inflation. 3. To inculcate the

Thirteen Bethel Students Given Their Diplomas

"War is neither imminent nor inevitable, if true patriotism will transcend national borders to bring liberty and justice to all people," Dr. C. Sylvester Greene, editor of the Durham Morning Herald, told the graduating class and audience at the closing exercises at Bethel High School last night. Thirteen graduates received diplomas and scholastic awards were made to a number of students throughout the high school.

Introduced by D. J. Whichard, Jr., editor of The Daily Reflector, Dr. Greene, used the "Pledge To The Flag" as the basis of his talk under the title of the "Evolution of a Patriot." The pupil, in the lower grades, he said, "learns to recite the pledge and as he or she progresses in studies there comes a realization of the meaning of the 'Republic for which it stands' a great nation of free people made up of all colors and creeds. 'Finally, with maturity,' he said, 'comes the fuller realization of the guarantee of 'Liberty and Justice to All.' The speaker pointed out that liberty and justice to all must spread beyond national borders to all the people of the world and that with the coming of liberty and justice to all peoples, wars and the dangers of wars will indeed end. He urged the graduates to

ON WAY 'DOWN UNDER'—The New Zealand sailing barque Famir moves through English Channel on way home after loading cargo at London. Destroyer coming alongside is Zephyr, which delivered newspapers and took off mail.

devote their efforts toward real patriotism on an international basis, thereby helping to make the world a better place in which to live.

Diplomas to the following 13 seniors were presented by R. L. Blount, chairman of the Bethel school board:

Alton Ray James, Ann White, Ola Nell Edmondson, Barbara Clark, Marjorie James, Ruby Drew Tetterton, Katherine Council, Walter Clayton Whitley, William Edward Bryant, Clarence Orval Whichard, Samuel Clayton Whitehurst, III, Martin Batchelor, Goodman Whichard.

Awards were made by W. C. Latham, principal of the school, as follows:

Awards to Seniors: Valedictorian: Katherine Council, Salutatorian: Anne White, School Spirit for girls: Ola Nell Edmondson, School Spirit for Boys: Alton Ray James, Most Athletic Girl: Marjorie James, Most Athletic Boy: Walter Whitley, Citizenship:

Clinic Friday

The state orthopaedic clinic will be held Friday in Greenville, the county health department announced today. Hours will be from noon to 4:00 p.m. This clinic takes all types of cripples, free of charge, who are unable to afford private treatments. It has been running for something over ten years, and is now serving a large number of cripples, adults as well as children, in this area.

Goodman Whichard, Home Economics: Merle Manning.

Scholarship Medals: 11th Grade Irene White, Anne Whitehurst, Lois Mizelle, Louise Beverly, and Jo Ann Crisp. 10th Grade: Edgar Barnhill. 9th Grade: Mary Todd Smith. 8th Grade: Jean Cullifer.

In making the scholastic awards Mr. Latham pointed out that despite the strict system of grading used in the school, many pupils were making grades well up into the nineties and that the honor grades presented in most cases were to students whose year's average was around 98 or better.

Commencement marshals were: Anne Whitehurst, Louise Beverly, Irene White, Jo Ann Crisp, Lois Mizelle.

Senior Class Mascots: Jane Crandell and Randy Marshall.

The exercises were opened with the invocation by Rev. J. P. Harris, Sr., and the benediction was by Rev. J. B. Parker.

British Traders Will Get Goods

London—(AP)—The British Government will put no bars in the way of private traders seeking to make a profit from Marshall Plan goods they may buy from the government. And it contemplates no special arrangements for distribution of the goods received under the American aid plan, says Glenvil Hall, Financial Secretary to the Treasury.

Hall says that supplies received under the plan will be used "in the best interests of the country, both socially and economically."

Forest Fire Is Controlled, Then Came The Rain

Rockingham, N. C., May 25—(AP)—Two forest fires in the past 48 hours in this area had residents hoping that last night's shower of rain was a promise of more to come.

The rain came just as forest rangers and about 35 volunteers mastered a two-hour blaze that had swept over 100 acres near

Hamlet, seven miles southeast of here. J. A. Pippin, third district forester, reported.

In juvenile court today, authorities were considering action against three boys in connection with a fire which swept 250 acres Sunday about seven miles south on U. S. highway No. 1.

District Ranger N. T. Faulkner said the fire was "definitely of incendiary origin."

The British House of Commons is part of a group of buildings which cover eight acres, two miles of passages, 100 stairways and more than 1,100 rooms.

In Family Tradition

London—(AP)—Following in the family tradition, Cadet Stuart Booth, great grandson of William Booth who founded and was the first general of the Salvation Army, has been commissioned in the organization. He is a son of Lt. Col. Syclyffe Booth, territorial commander for France, and the grandson of General Bramwell Booth the army's second general.

NEW LIVING ROOM CHAIRS

Berry Bostic & Son

206 East 5th St. — Next Door White Chevrolet Co.

You had to listen hard to hear the mellow, fine-car purr of that heavenly, made-for-Mercury motor. You had to hear it to believe that this 8-cylinder, V-type motor was not in a car far beyond Mercury's price class.

You sat on a flying easy chair with a luxurious "comfort-son" seat cushioning you. You made your own "weather" inside the car—with something they called "Fingertip Weather Control." A controlled flow of fresh, filtered air—no fog on the windshield—no opening to drip water on your stockings. That was comfort you'd dreamed about. That was all-new. That was Mercury!

You saw something exciting! An all-new kind of car beauty—longer, lower, wider—with a poised, graceful silhouette. It was not a "new model" looking pretty much like last year's with its face lifted. You saw the ALL-NEW Mercury in a choice of superb body styles—including the new Six-passenger Coupe and Six-passenger Convertible.

You were happily married to the steering wheel! You felt so safe, so secure, because Mercury didn't "wind-wander" or "over-steer." Mercury took the curves with ease. Its perfect balance, the way it hugged the road, and its fat new super-balloon tires gave you a ride that was smooth as satin.

You tiptoed into a new world of driving pleasure! You knew thrills that—until this year—came only to the owners of the costliest cars. You learned about big new brakes that bring you to a swift, sure, yet gentle stop . . . about all-new beauty, comfort, performance . . . about how really new a car can be! That's Mercury, 1949 Mercury, the ALL-NEW Mercury!

Now you know how new a car can be !

The All-New 1949 Mercury

Greenies Earn 11-4 Victory Against Rocky Mount Leafs

Overcome Two-Run Lead In First Frame And Hold Advantage Behind Brooks' Hurling; Carter's Bat Leads Hitting Attack

By BERT MOYE

Manager Bill Phebus' Greenies registered their first win of the season against the Rocky Mount Leafs here last night with a 11-4 victory behind the effective pitching of Kenneth Brooks, who scattered 10 Rocky Mount hits to notch his second win of the season as against two defeats.

Rocky Mount took a two-run lead in the first frame when McKinley and Fowler walked and came home on Hanley's triple to deep centerfield.

The Greenies scored four runs in the first frame to go out in front, after which they were never headed. Lastres reached first on third baseman Jefferson's error. Phillips doubled to bring him home. Cohen bringing home Phillips. Nash doubled and Nessing's infield out scored Cohen from third with Nash advancing to third and scoring on a wild pitch by Schultz.

The Greenies clinched the victory with one run in the fifth when Lastres tripled and Phillips singled to bring him home. Two more runs were added in the sixth when Nessing reached first on a fielder's choice. Carter doubled, and Sweet singled to bring them home.

Another four-run rally was staged in the eighth on two singles, a triple and two walks. Nash and Ramos walked, Nessing singled to bring home Nash, Carter tripled bringing home Ramos and Nessing and Lastres singled to bring home Carter.

The Leafs scored singletons in the fifth and sixth frames for their other two runs of the game by bunching six of their 10 hits to produce the two runs.

Kenneth Brooks went the entire route for the Greenies and dealt the 10 hits he allowed, really bore down in the pinches. He walked only three men during the game, two of which were in the first frame. He failed to strike out a man, however.

Hanley, Fowler and Denson got two hits each to lead the Leafs attack with Hanley getting a triple for the only extra base hit for the visitors.

Dutch Schultz pitched the first frames and gave up nine hits and seven runs to receive credit for the loss. He was replaced by Helmer at the start of the eighth who allowed three hits and four runs in the lone frame which he forked. Of the 12 hits made by the Greenies, six of them were for extra bases including four two-baggers and two triples.

Emil Carter was the big gun in the attack for the Greenies, collecting a triple and two doubles for four trips to the plate. Lastres got a triple and a single, Phillips, a double and a single, and Nash a double and a single to help out greatly with the cause.

Brooklyn Breaks Into Win Column

Brooklyn, May 25—(AP)—Gladys Gooding pumped out "Happy Days Are Here Again" on the Ebbets Field organ. The famine was over.

It hadn't been a year since the last Dodger victory. It just seemed that long. Not since May 13 had Brooklyn won a ball game.

Now the eight-game losing slump was over. The Brooks were out of the cellar—at least overnight. And wonder of wonders, they used only nine men.

Deep under the stands in the manager's swank office, Leo Durocher was meeting with the scribes. The pressure was off a little bit. "How about tomorrow, Leo?" he was asked. "The same lineup? Now that you have a winner are you going to stick with it?"

"It all depends," he said, "yes, if they (Chicago) use a lefthander. Otherwise, we'll wait and see." "How about Casey?" was the next question, meaning the relief pitcher Hugh Casey.

"He's in bad shape," Leo replied. "Can't get out of bed. I doubt if he'll be able to throw a ball for six weeks. That's why we put him on the inactive list for 60 days. Maybe around the first of August he'll be able to help us."

"In the meantime we're bringing back Willard Ramsdell. You fellows know all about him. We've got to have a pitcher and he's it for now."

Herman Franks Given Starting Post By Mack

Lincoln, Neb., May 25—(AP)—Herman Franks, whose baseball career has run the gamut from player-manager to bullpen catcher, has been given a starting nod by the Philadelphia Athletics.

Franks' performance behind the plate in the second game of Sunday's double header at St. Louis was the deciding factor in the 34-year-old catcher's change in fortune.

Connie Mack, who came here with his A's for an exhibition game against their Lincoln farm club last night, was high on Franks as a result of his handling of hurler Lou Brissie at St. Louis.

"He'll catch some more," said Mack. "In fact, I think he'll be Lou Brissie's regular catcher."

Parker, Patty In French Net Play

Paris, May 25—(AP)—Frankie Parker of Los Angeles moves onto the center court today when singles are contested in the French International tennis championships.

Parker, leading a contingent of seven Americans who set action, plays Gianl Cuccelli of Italy.

Club Directors Order Steps To Build Up Squad

By BERT MOYE
Bob Doty, president and business manager of the Greenville Baseball Club, resigned voluntarily from office this morning.

Reynolds May, vice-president of the club, will act as president until a new president is appointed by the directors. John Adams was named business manager.

The directors appointed a steering committee composed of Gus Forbes, chairman, Ralph Garrett and Guy Smith, with instructions to do everything possible to put a winning team in Greenville.

"The board of directors realize that the club under its setup this year was not up to expectations that the fans were promised, but with the directors of the local club gaining complete control they will do everything in their power to give fans the type of baseball which they are entitled to."

"The directors make an urgent appeal to the local fans to give the club its wholehearted support by attending future home games and letting them know that you want baseball here, because it is only through the cooperation of local fans that the directors can put a winning team on the field."

Race Track Head Has Dope Curbs

(AP) Newsfeatures
Salem, N. H.—Lou Smith, General Manager of Rockingham Park, thinks he knows the way to curbing doping of race horses.

He suggests establishment of a central pharmacy at all tracks, where horsemen would keep all their medicines.

A licensed pharmacist would be on hand 24 hours a day so that the medicine would be available if a horse was taken sick during the night.

"Every horseman has bottle after bottle around his stable," said Smith. "They even keep them for years until they have forgotten what's in some of them. This pharmacy I have in mind would do away with all that."

"During the past few years we've had several cases around the country where stable employees had confessed to stimulating horses with medicines containing narcotics in order to win a bet."

Smith said that from time to time checks could be made of stables where trainers are suspected of doping their horses.

"Should any medicines be found in their possession, they would be guilty of violating the rule requiring them to deposit those medicines in the pharmacy at the very least," the Rockingham race magnate explained.

Baseball Is Still Seen In London

London—(AP)—Even though only a handful of American troops remain in London, there are still baseball games in Hyde Park.

By permission of the Office of Works, U. S. troops maintain a diamond near the Lancaster Gate entrance. U. S. marines and sailors, who have organized a league, play there almost every evening.

McLean Signs As Backfield Coach

Chicago, May 25—(AP)—Ray Scooter McLean, standout halfback for the Chicago Bears for eight seasons, has signed as backfield coach of the Chicago Rockets of the All-American football conference.

The 168-pound McLean joined the pro ranks from Little St. Anselm's College of Manchester, N. H., and played on four national league championship Bear teams. He was the loop's top pass receiver in 1944.

Horses have the largest eyes of all land animals.

Newhouser Again Looking Like A Winner For Tigers

By JOE REICHLER
Associated Press Sports Writer
Detroit's loyal baseball fans were beaming again today. Hal Newhouser, one of their greatest idols since Ty Cobb finally has begun to look like the pitcher he was in 1944, 1945 and 1946.

Those were the years the southpaw star rolled up 80 victories while losing only 27 games.

Hal's return to form began last Wednesday when he hurled a masterful four-hitter against the Boston Red Sox. He followed yesterday with a seven-hit 5-2 triumph over the Washington Senators.

That was only Newhouser's third win of the season. Since he beat the Chicago White Sox in the opening game, he had been shelled from the mound five straight times and had dropped four decisions.

The victory was the Tigers' 16th against as many defeats and strengthened their hold on fourth place. They now enjoy a full game lead over the St. Louis Browns. The defeat dropped the Senators into a sixth place tie with the Boston Red Sox.

The Brooklyn Dodgers were enjoying a new experience today. They were riding high, wide and handsome on a one-game winning streak.

The man responsible for Brooklyn's first success since May 13 was Southpaw Preacher Roe. The Brooks had dropped eight straight to fall into the National League basement.

Roe went the route with an eight-hit 9-4 win over the Cincinnati Reds. Incidentally, it was Roe who won the last Dodger game via a 9-3 score, and then too it was the Reds who were the victims.

The victory pushed the Dodgers up two notches into sixth place, seven percentage points in front of the Chicago Cubs. The Reds dropped into the cellar.

Walter (Monk) Dubiel, who only 10 days ago blanked the New York Giants with three hits, pitched another three-hitter last night as the Phillies whipped the National League-leading St. Louis Cardinals, 6-2 in Philadelphia.

Johnny Blatnik, Philadelphia's fine-looking rookie outfielder, continued his spectacular hitting with a double and triple, driving in two runs. Dubiel also collected two hits and scored twice. Stan Musial's seventh home run accounted for the Cards' runs. Enos Slaughter, Musial's fellow outfielder, failed to hit safely and had his 17-game hitting streak snapped. The loss cut the Cards' first place lead over the New York Giants to two and a half games.

Turnesa Plays Ben Hogan Today For PGA Finals

St. Louis, May 25—(AP)—Firing against the great Ben Hogan of Hershey, Pa., today for the championship prize of \$3,500 in the 30th Professional Golfers' Association tournament was Mike Turnesa of White Plains, N. Y.

Mike was continuing a Turnesa tradition—three times now one of the seven Turnesa brothers have gone into the finals of the PGA.

On the basis of past tournament performances, Hogan figured to win rather handsly today, but Mike was shooting a few extra licks for two of his brothers—Joe and Jim, the Turnesas who failed to win the PGA after reaching the finals in 1927 and 1942, respectively.

Mike, who'll be 40 years old next month and is son number 4 in the Turnesa brood, got into the finals by upsetting Masters Champion Claude Harmon, of Mamaronck, N. Y., 1-up in a rugged 37 hole match yesterday.

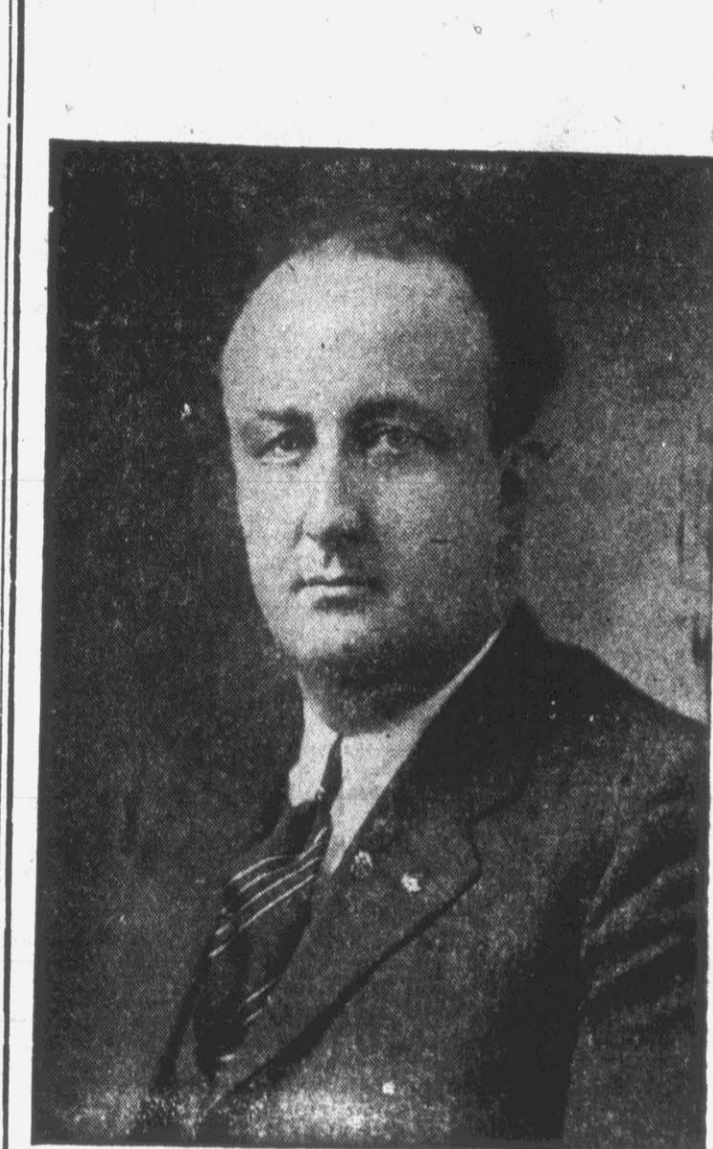

Halt Decline Of U. S. Waterfowl

Baltimore, May 25—(AP)—Last season's reduced kill seems to have halted the decline in America's waterfowl population. Dr. Clarence Cotnam, assistant director of the U. S. Fish and Wildlife Service, said yesterday.

But he said the number of hunters has increased sharply and recommended that states seek federal funds for use in improving wildlife habitats.

BALL GAME THURSDAY
The Greenville Cubs will play Benton's baseball club at Guy Smith Stadium at 7:45 Thursday evening.

Beating Fatal To Prober Of Reds

Long Branch, N.J., May 25—(AP) A 57-year-old American Legion worker, described by Assistant Prosecutor John M. Pillsbury as engaged in collecting data on local Communist activities, was found beaten to death in his hotel room last night.

Pillsbury said the Legion worker, Harold S. Adamson, probably had been attacked outside the hotel but had walked to his room and collapsed. He died of a fractured skull.

Police Chief Thomas J. Marks said the case "looks like murder," and Pillsbury said his office was going along on the investigation on "suspicion of murder."

Adamson was a member of the Americanist Committee of the American Legion in New Jersey. Last November he went to Washington to attend a Legion school on combating subversive activities.

Assistant Prosecutor Pillsbury said Adamson had collected material on Communist workers here and had turned it over to the FBI. The FBI said it had no comment.

Pillsbury said Adamson probably was attacked Saturday night—some

Fall Hogs Called Good Bet For Farm Profits

Des Moines—(AP)—The farmer who breeds for fall pigs this year should be in a favorable position, writes F. A. Kutish, managing editor of "Iowa Farm Science." Hogs appear as the nation's only source for holding up meat output he says. Cattle numbers have been going downhill since 1945, and lamb slaughter never makes up a very large share of the total meat output.

The hog-corn ration is not very favorable today, but things will be different with a good corn crop next fall," Kutish writes. "Odds favor a larger 1948 corn crop than the poor harvest of last fall. Most farmers look at the hog and corn prices at breeding time in making their breeding plans. So we can't expect a sharp increase in hog numbers before the 1949 spring pig crop. That should put the farmer who breeds for fall pigs this year in a favorable position."

Red Oak News

Have you been out on the Farmville Highway recently? If you have, then you have seen all the work being done to the Red Oak Christian Church. "The Little White Church In The Wildwood." The carpenters have been busy for the past two weeks and already they have made great progress. We hope that within the next sixty days to be back in the church for our worship services. We are using the Community center for our services now.

The Service League of Greenville will be served their annual luncheon on Wednesday, May 26, at 1 o'clock by the two circles of the church.

A Weak, Run-Down Feeling Is Often A Warning

That The Red-Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and of color?

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh all out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Record Shows Who Voted Against The Highway Safety Law

By CHESTER WALSH

In some counties of the state Senate Bill No. 166 appears to have become one of the most controversial acts passed by the North Carolina General Assembly. The bill is the one which set up the state motor vehicle inspection program that got under way this year and has aroused varying feelings in the breasts of many motor car owners, numerous state newspapers have stated in their news columns.

Those who voted against the motor vehicle inspection program bill in the House were: Alexander of Cabarrus, Avant of Columbus, Baldwin of Richmond, Barker of Durham, Bender of Jones Blalock of Anson, Bost of Cabarrus, Boswood of Cur-

rituck, Burison of Mitchell, Bynum of Cumberland, Chambers of McDowell, Darden of Washington, Dellinger of Gaston, Edwards of Durham,

Fisher of Buncombe, Gillespie of Transylvania and Halstead of Camden. James of Pasquotank, Jones of Rutherford, Kerr of Warren, Kilpatrick of Pitt, Meekins of Dare, Outlaw of Duplin, Scott of Beaufort, Shelington of Tyrrell, Shore of Yadkin, Simm of Mecklenburg, Snyder of Davidson, Taylor of Wayne, Tompkins of Jackson, Tolisen of Mecklenburg, Uzzell of Rowan, Williamson of Brunswick, Worthington of Pitt and Malone of Franklin county.

Many people in Pitt county are questioning who voted for and who inspected against the motor vehicle inspection Highway Safety bill. The record of the vote from the House Journal is given here so that Pitt countians may know who voted for or against the bill.

Dr. J. D. Messick Was Speaker At Grifton Finals

Friday night brought to a close the commencement exercises of the Grifton High School, when the address was made by Dr. J. D. Messick, president of East Carolina Teachers College of Greenville. His message was based on the Golden Rule and its application. Dr. Messick was introduced by Principal Paul J. Clark. The invocation was said by Rev. E. W. Downing.

The Glee Club under the direction of Miss Betsy Hodges rendered "Eternal Father, Strong to Save." The diplomas were awarded by the chairman of the school board, E. W. Fleming. Those receiving them were John Chapman, John Braxton, Sherman McLawhorn, Alton Clemens, Donald Purser, Willie Ray Lewis, Allen Jones, Elbert Briley, Lib Stallings, Mary Lee Buck, Elise Purser, Margie Miller, Peggy Jones, Edna Earl Westbrook.

Margie Miller was presented the valedictory medal. The salutatory medal went to Elbert Briley, the citizenship to Sherman McLawhorn and the athletic to Allen Jones.

Appropriate music as processional and recessional was played by Mrs. Mae Eure at the piano.

The first British settlers on British Honduras are believed to have been ship-wrecked sailors or pirates, who turned to lumber for their fortunes.

Proclamation

WHEREAS, citizens of the City of Greenville served gallantly in the defense of the United States of America in two world wars and many sacrificed their lives in that service, and

WHEREAS, the memory of those who so died will always be held in highest honor in this city, and will always be a source of patriotic inspiration for us all, and

WHEREAS, this memory is brightened each year and honor paid to the war dead by the wearing of the Memorial Poppy on the Saturday before Memorial Day, now

THEREFORE, I, J. H. Boyd, Jr., Mayor of the City of Greenville, do hereby proclaim Saturday, the twenty-ninth of May, to be Poppy Day in the City of Greenville, and urge all citizens to observe the day by wearing the Memorial Poppy.

J. H. BOYD, JR., Mayor

On next Sunday, which will be the 5th Sunday in May, our hymn festival will be held in the auditorium of the high school in Bell Arthur with the Arthur Christian Church as host. If you enjoy old fashioned hymn singing, then be on hand at 3 o'clock. The six churches

participating will be the Mount Pleasant Church, Sweet Gum Grove, Reedy Branch, Piney Grove, Red Oak and Arthur Christian. Everybody is cordially invited to enjoy this occasion with us.

No Phone Secrecy

Prague—(AP)—Secret telephone numbers, unlisted in the public directories, are on their way out in Czechoslovakia. The ministry of posts said there were more than 7,000 of them in Prague alone, and that they caused a great deal of trouble to the operators. Only special and important subscribers will be permitted to remain unlisted.

V. A. MERRITT AND

Its actions speak as loud as its curves

"LOOK," this fellow said to us. "Anyone with half an eye knows your car's good looking."

"Anyone who ever stands on a street corner for half a moment knows it's big and slick looking and the easiest job of them all to spot."

"What I want to know is what will it do for me? What will I get out of it better than I get elsewhere?"

Well, mister! You left yourself wide open. Because any Buick owner will tell you—

It was Buick, no one but Buick, who put Fireball combustion under your bonnet to give you the liveliest, goin'est bundle of horsepower you ever put your treadle foot to.

It was Buick, no one but Buick, who first floated each of all four wheels on a soft coil spring that's like a sofa cushion between you and the bumps.

It was Buick, no one but Buick, who first stepped out with Safety-Ride rims—rims made wider to lower air pressures and to give you better car control to boot—the widest rims in the industry, in fact.

It was Buick, no one but Buick, who spent the brain-sweat to develop Hi-Poised mounting—a completely new system of engine mounting to take engine sensation and vibration build-up out of your driving ken.

It was Buick, no one but Buick, who wrapped your ride in velvet, paved the roads with plush, and fired this whole gallant traveler with silken power ample enough and lively enough to make you monarch of any highway.

And you say you want thrills—you want fun—you want action. Well, mister—just show some of the latter.

For if get-up-and-go is your dish—you'll get up right now and go see your Buick dealer about getting an order in, with or without a car to trade!

- BUICK alone has all these features:
- * DYNAFLOW DRIVE (Optional, Roadmaster Series)
 - * TAPER-THRU STYLING (Clear and Roadmaster)
 - * VIBRA-SHIELDED RIDE * SAFETY-RIDE RIMS

HELP AMERICA PRODUCE FOR PEACE—TURN IN YOUR...

Wage Dispute To Board Of Inquiry

New York, May 25—(AP)—A wage dispute involving 25,000 long distance telephone workers in 42 states was turned over to a presidential board of inquiry today in an effort to head off a nationwide strike.

President Truman brought the three-man board into existence last week under provisions of the Taft-Hartley law after talks between the union and the American Telephone and Telegraph company broke down.

The union, the CIO American Union of Telephone Workers, has suspended strike plans pending outcome of the board hearings.

The company, meanwhile, announced last night on the eve of the board's first session, that it had signed 13 new contracts—without general wage increases—covering 54,000 employees.

All but two of the new contracts, the announcement said, are for three-year periods.

All but 2,300 of the workers are represented by units of the Communications Workers of America, an unaffiliated, nation wide union, which had demanded a wage rise, the company said. Extent of the boost was not divulged.

The settlements affected Bell System employees in New Jersey, Virginia, Maryland, Illinois, Wisconsin, Indiana and the district of Columbia.

Britain Offers Work In Atomics

London—(AP)—Britain is seeking seven atom scientists to put infinitesimal radioactive isotopes—by-products of an atomic pile—to work.

The isotopes are used in medical research and are equally useful in friction experiments and in solving problems of lubrication. For instance, radioactive iron has been introduced into airplane engines and the amount appearing in the lubricating oil has been used to gauge the extent of wear due to friction. In agriculture, radioactive isotopes will enable research groups to study more closely the processes of growth.

The atom scientist jobs will pay \$1,440 to \$4,880 yearly. Britain's existing atomic pile—called "the gleep"—now is producing only a small quantity of isotopes but a new pile is being put into operation.

Diamond Ring In Milk Cow's Hoof

Portales, N. M., May 25—(AP)—For six years the old milk cow on B. F. Holcomb's farm limped, and for most of that time Holcomb wondered why.

Then Holcomb investigated. Imbedded in the cow's hoof he found a diamond ring—the same one Mrs. Holcomb lost six years ago.

Now Mrs. Holcomb and the cow both feel better.

Shirley Temple's Baby In Debut

Shirley Temple's baby, Linda Susan Agar, now three months old, poses for her first picture with her mother in Hollywood. The baby's father is John Agar who has joined his wife in pursuing movie career. (AP Wirephoto).

'Cat' Invention Claimed By Reds

Moscow—(P)—"Izvestia," says that the first caterpillar tractor was built in 1888 by a Russian. Continuing Soviet press reports on original Russian discoveries and inventions, the paper says Pendor Abramovich Bilov, a self-taught mechanic, built in 1888 the first machines with caterpillar treads and later added to it a steam engine.

Bilov acquired experience, explained "Izvestia," working as a mechanic on a Volga River tug. He was responsible for many improvements in river tugs and other original inventions. He was the son of a serf and ran away to work on the river boats. "Izvestia" criticized the "large Soviet Encyclopedia" for an article stating the caterpillar tractor was invented by the American Holt in 1912 and demanded revision of this "mistake."

Freed On Bond In Theft Of Stamps

Chapel Hill, N. C., May 25—(P)—A University of North Carolina student was free under \$700 bond today on a charge of stealing a \$2,000 stamp collection.

Police Chief W. T. Sloan reported, a hearing will be held in recorder's court here June 1 for Edward T. Haake, University senior from Richmond, Va. He was arrested yesterday, Sloan said.

The collection was taken from the car of Robert Rossfield, graduate student from Montclair, N. J. early this month. Sloan said all the stamps will be recovered.

Hospitals Need Help

London—(AP)—Minister of Health Aneurin Bevan reports that the shortage of attendants is seriously crippling Britain's hospital services. At one time, he says, 61,146 hospital beds were vacant because of staff shortages.

8,000-YEAR-OLD MUSIC

London—(P)—"Lures," believed to be the world's oldest musical instruments, will be shown here next fall in an exhibition of Danish art treasures. Exhibits nearly 8,000 years old will be included in the three-month display, which begins at the Victoria and Albert Museum Oct. 25 with the title "Denmark's Art Treasures Through the Ages."

Honorary Doctorate For John D. Messick

Elon College, May 25—(AP)—Elon College had ended its academic year today after awarding degrees to 77 seniors yesterday.

Honorary doctorates were presented to Gov. William M. Tuck of Virginia, Dr. John D. Messick, president of East Carolina Teachers College and to Dr. A. R. Van Cleave, president of Piedmont College, Demorest, Ga.

Plan For Wedding

Brushton, N. Y., May 25—(AP)—Wedding plans are in the making for a widow who figures she's past 90 and her 37-year-old beau.

Clarence McGee "hasn't been courting me very long," Mrs. Eliza Murray said yesterday. "But Clarence and I like one another well enough to get married and that's just what we plan to do."

"I only feel like 80," she added. She was about 14 when she went to the altar with Charles Murray, she thinks. This will be McGee's first marriage.

McGee sat smiling and nodding while his bride-to-be talked to a

Social Security . . .

(Continued From Page One)

About 2,054,000 men, women and children are now receiving benefits under this old age and survivors' insurance program. That number is divided as follows:

Retired workers over 65—\$30,000; wives, 65 or over, of retired workers—285,000; widows over 65—175,000; widows under 65 with dependent children—138,000; dependent children—525,000.

But President Truman pointed out that the maximum retirement insurance—\$44.80—was fixed back in 1939 when living costs were 70 per cent lower than they are now.

Mr. Truman emphasized that even so the average monthly payment to a retired worker now is not \$44.80 a month but only \$25.00. (That's because of the low salary he made and therefore the low tax he paid).

Since living costs have risen about 70 percent since 1939, the 1939 dollar now is worth only about 58 cents. So that average \$25 monthly insurance check the worker receives now has shrunk to \$14.50 in 1939 terms.

Mr. Truman asked Congress to increase the social security payments

and bring under the coverage of social security the 20,000,000 people now uncovered.

Those 20,000,000 include farm-workers, farmers, self-employed people, domestic servants and people working for non-profit organizations like the Red Cross.

Russian Invents Artificial Hand

Moscow—(P)—A Russian has invented an artificial hand that a blind man could not tell wasn't real when he shook it, says "Trud." The hand was invented by Victor Kononov who lost an arm in military service. The announcement said the Kononov hand can use a hammer, saw, chisel, wrench or axe. It can also be used in driving an automobile writing and picking up anything a human hand can raise.

Hundreds of persons are said to be using the Kononov hand including N. A. Nikitin, the famous circus horse trainer. He carries his whip in this hand.

Inaugurate Head Of Louisburg College

Louisburg, May 25—(AP)—Samuel Holton, a native of Durham, yesterday took office as Louisburg college's 25th president. His inauguration took place just before the 161st annual graduation exercises of the junior college, which is operated by the Methodist Church.

The ocean floor accumulates only about a foot of residue every 50,000 years except on portions near land areas where the accumulation usually is more rapid.

Autopsy Reveals Heavy Beating

Clinton, N.C., May 25—(AP)—Sampson County Coroner J. S. Ayers said today an autopsy report disclosed that Mrs. Irene Gore Rich died yesterday of blows on the abdomen, back and right side.

The 28-year-old Carolina housewife died in a Fayetteville hospital, where she was admitted Sunday night. Sheriff Perry B. Lockerman of Sampson County said the woman's husband had admitted striking her several times last Thursday. The husband, Milton Rich, 30-year-old Garland mechanic, was quoted by the sheriff as saying he did not remember anything else except that he and his wife quarrelled over their three-month-old baby.

The autopsy was performed at Fayetteville upon request of Dr. Ayers, who received a telephone report of the examination today. Rich will be given a preliminary hearing when copies of the autopsy report are received here. An inquest will not be held because the body was not viewed by the Sampson County coroner.

Sheriff Lockerman said Rich, who is being held without privilege of bond, had not asked permission to attend his wife's funeral service at a Kinston funeral home this afternoon (at 4:30).

Mrs. Retha Haddock Died Monday Night

Mrs. Retha Harris Haddock, 47, wife of Lenlar Haddock of near L. C. Venter's Store, in the Black Jack community, died at her home Monday night at 9:40 o'clock following a few hours' critical illness. Funeral services will be held at the home Wednesday afternoon at 3 o'clock by Rev. Walter B. Nobles, Free Will Baptist minister of Winterville. Burial will be in Greenwood cemetery.

Mrs. Haddock was born, reared and spent all of her life in the Black Jack community. She was a member of Black Jack Free Will Baptist Church.

Surviving are her husband; a daughter, Miss Dorothy Haddock, and two sons, Bruce and John R. Haddock, all of the home; two sisters, Mrs. David Stokes of Washington and Mrs. Harvey Brinkley of Kinston, and a brother, Thad Harris of near Calico.

Miss Wethington's Funeral Wednesday

Miss Polly Wethington, 73, died at her home at Piney Neck, near Vanceboro, Monday night at 8:10 o'clock following several days' critical illness. Funeral services will be held at her home Wednesday afternoon at 3 o'clock. Burial will be in the Morris family cemetery nearby.

Miss Wethington was born in Piney Neck and spent all her life there. She was a member of Juniper Chapel Free Will Baptist Church.

Surviving are two brothers, Mack Wethington of Piney Neck, and Spicer Wethington of the home; and a sister, Mrs. Sally Morris of Piney Neck.

40 Years Ago Today

THE DAILY REFLECTOR
May 25, 1905

Today dawned bright and beautiful and with the rising of the sun pealing church bells reminding men that this was the day to declare their manhood for their homes and redeem the state from the evils of whiskey. At 7 o'clock a largely attended prayer meeting was held in the Baptist church, another was held in the Presbyterian Church at 11 o'clock, and the closing service in the Methodist Church at 6, about 10 o'clock this morning a large number of children gathered at the graded school building and were led by the Bryan Grimes Drum Corps in a parade. At every hour of the day the church bells rang to advise the men at the ballot box the women were praying that they might vote right.

Merchants Here Will Cooperate To Boost Market

By CHESTER WALSH

The Merchants Association Board of Directors at a regular monthly meeting at the City Hall last night voted to give full cooperation to the Chamber of Commerce and the Tobacco Board of Trade in a united city-wide effort to promote business and the tobacco market this year. President William H. Taft, who presided, appointed John B. Webb, Jr., Walter L. Harrington and A. Tyson Bilbro a committee to work with the two organizations to formulate plans.

A letter was read from Judson H. Blount, retiring president of the North Carolina Merchants Association, thanking the Greenville directors for a watch presented to him at the recent state convention in Asheville.

Walter L. Harrington, chairman of the membership committee, announced Gaylor's Sport and Hardware firm as a new member of the Merchants Association.

Merchants association and chambers of commerce secretaries from Goldsboro, Kinston, Morehead, Washington, Greenville, Farmville, Tarboro, Rocky Mount, Wilson and Robersonville will meet in Greenville to discuss matters pertaining to their work, especially a uniform advertising agreement.

Charles R. McBrayer, Charles E. Blair, Charles B. Bissette and Larry Everett were appointed a committee to work out plans for this year's Christmas decorations and program.

'Possum Hunt Was An Exciting Chase

'Possum hunting in the city was an exciting pastime for several businessmen in the vicinity of Fifth and Cotanche streets yesterday afternoon. Frank Moseley found the 'possum in the Moseley Electric company's store room. He caught it, but the varmint escaped and headed for an air-conditioning plant, the general Heating and Air-Conditioning company, on Cotanche street. J. D. Hice and Charley Flye chased the 'possum to Fifth street, where motor vehicles slowed up to give it right of way on his journey toward Beik-Tyler's store. The 'possum walked right into the store and headed down an aisle toward the shoe department. When its presence was discovered there was excitement and clerks and patrons sought cover while an employe caught the animal.

Albright . . .

(Continued From Page One)
didates for governor are allowed under the law to spend for expenses of the campaign. Replying to a question from the audience as to how much he has spent, he said about \$3,000, but hopes to spend more. Albright explained the "gag rule" in the House of Representatives, and declared it should be ruled out. He advocates revision of the law.

The speaker restated his appeal for a special session of the General Assembly "to provide immediate relief for schools and for emergency appropriations to sustain disabled persons between the ages of 16 and 65. He solicited the votes of the Pitt counties and promised better government for the people of North Carolina if elected governor of North Carolina in the Democratic primary next Saturday.

"Albright's method of speaking, his friendly and understanding contact with people, his extensive knowledge of governmental affairs and his ready answers to questions, are valuable assets," a prominent Pitt countyman who has attended political meetings for 40 years said after the meeting last night.

The gubernatorial candidate and his trailer, "The Challenger," were in Ayden this morning, then Snow Hill, Kinston, and on to other points.

Police Recover Loot From Feed Mill On Negro's Wash-Line

Police yesterday arrested James Phillips, 25, of 715 Tyson Street and Charles J. Daniels, 21, of 715 Roosevelt street, Negroes, and charged them with the larceny of a quantity of feed bags from the Greenville Feed Mills, Chief Lester D. Page and Detective M. E. Corbett made the arrests. The men were employes at the mill.

The chief said the mill uses chicken feed bags made of cotton dress print materials. After emptying them they may be washed and used for making dresses. The manager of the mill was quoted as saying Phillips had been missing new bags for some time—four or five hundred of them. The investigating officers found a quantity of the bag materials on a clothes line in Phillips' yard. They arrested Phillips and Daniels and recovered some of the bags.

Stolen Hen Wanders Back To Flock; Five Are Still Missing

Polly Williams, colored of No. 6 Greene Street, reported to police that somebody robbed her chicken house of six big hens about daylight today, and that she was told that a man carrying a bag on his shoulder had been seen leaving her premises. Police were unable to find a clue to the robbery. Incidentally, one of Polly's hens wandered back to the coop where the chickens had been housed, making Polly's loss five instead of six chickens. Police suspected that the hen escaped when the chicken thief was removing them from his bag to a coop.

Grain Market

Chicago, May 25—(AP)—Grain futures made modest gains at times in today's board of trade session. Wheat showed some strength on light mill buying, said to reflect sales of flour for export. There was some buying attributed to commission houses against sales of cash wheat to the government. The first car of new wheat arrived at Kansas City, said to be the earliest of record.

At the finish wheat was 1/4 higher to 1/2 lower than yesterday's close, July \$2.34-34 1/4. Corn was unchanged to 1/4 higher, July \$2.13 1/4-13. Oats were 1/4 higher to 1/2 lower July 90 1/4-1/4. Soybeans were 1 to 3 cents lower, July \$3.96-95.

Poultry and Eggs

Raleigh, May 25—(AP)—(NCDA)—Fryers and broilers steady at 38. Eggs steady, A large 48.

Hog Market

Raleigh, May 25—(AP)—(NCDA)—Hogs steady, tops of \$23.00 at Rocky Mount, Greenville, New Bern and Washington. Richmond was steady to weaker, with practical top of \$23.00 and extreme top of \$23.50.

N.Y. Cotton

New York, May 25—(AP)—Cotton futures opened 85 cents a bale higher to 5 cents lower. Noon prices were 70 cents a bale lower to 85 cents higher than the previous close, July 36.89, Oct. 33.37 and Dec. 32.91.

Futures closed 10 cents a bale higher to 85 cents lower than the previous close.

N.Y. Stock Market

New York, May 25—(AP)—Many leading stocks backed away in another irregular market today. Even the favorable response by automobile shares to the General Motors wage settlement failed to stem the decline. Total transactions were around 1,800,000 shares.

FINAL STOCKS
