

Partly cloudy with 10 to 15 change in temperature tonight and Thursday.

Truman Requests House Action On School-Aid Bill

Writes Speaker Martin Stressing 'Crisis'; Measure Approved In Senate

Washington, May 26—(AP)—Saying a "real crisis exists" in American education, President Truman urged the House anew today to pass a Senate bill providing \$300,000,000 in Federal aid for schools.

The Senate-approved measure has been bottled up in the House Labor and Education committee awaiting a go-ahead signal from Republican leaders.

Mr. Truman wrote speaker Martin (R-Mass) that necessary increases for national defense and other activities since the new budget was submitted last January "present no valid reason for delaying Federal aid to education."

"On the contrary," Mr. Truman's letter said, "I consider that such assistance will be a major contribution to the vitality of American Democracy, which is the foundation of all our efforts toward peace and freedom."

Only yesterday at a White House conference, Mr. Truman called on Democratic leaders to press for action at this session on the education bill.

Greenville Rep. Wheeler (D-Ga.) filed a petition seeking to force a showdown on the House floor on the bill. His petition would require signatures of 218 House members to bring the measure out of the committee for a House vote.

Wheeler told the House it would be a national tragedy to hold the legislation back until next year. It provides for grants in aid to the various states for elementary and secondary schools.

GOP leaders have not definitely closed the door on the bill, but have said the rush of business before scheduled adjournment of Congress June 15 may postpone action until next session.

Will End Treaty If Obligations To UN Require

London, May 26—(AP)—Foreign Secretary Ernest Bevin said today Britain's treaty agreement to furnish officers for Trans-Jordan's Arab Legion will end only if it becomes "consistent with our obligations to the United Nations."

In response to questions, Bevin informed the House of Commons that 25 British officers are now serving with the Arab Legion, which has been engaged in the Arab war against the Jews since mid-February.

Just as he did yesterday, Bevin parried a batch of questions on the Holy Land's strife. He is still awaiting an Arab response to the United Nations cease-fire order, he said.

British officials privately expressed concern and astonishment at reports the United States may lend Israel \$90,000,000 or \$100,000,000.

Russians Ready For Settlement

Berlin, May 26 (AP)—The Russians notified American authorities today they are ready to come to a suitable settlement for free exchange of publications between the Soviet and U. S. zones of Germany.

Col. Gordon E. Textor, head of the American information control division, last week banned the importation of Soviet-licensed publications into the American zone in retaliation for wholesale confiscation and other discriminations against American-licensed publications in the Soviet zone.

Mix - Up In Railroads

Three Unions Which Threatened Strike Now Talk of Real Government Seizure and Even Government Ownership Of All Railroads; Unions Would Not Enjoy Gains

Washington, May 26—(AP)—The three railroad unions, which threatened a strike, are up against a stone wall. Now they've suggested a way out for themselves.

They talk of "real" government seizure of the roads and even, in a vague kind of way, speak of the need for the government to buy up and own the railroads.

All this was said at a news conference called last night by the heads of 20 railroad unions. They are backing up the three which threatened to strike.

Before examining what was said, here is some background: The three unions—engineers, firemen and switchmen—have been in dispute with the railroads since last fall.

President Truman appointed a board of fact-finders to look into the dispute. The board suggested a wage settlement. The unions said it was not enough, and threatened to strike.

Malik Gets Acquainted At U.N. Council Session

Jacob A. Malik (center), Russian Soviet deputy foreign minister, sits in with Andrei A. Gromyko (right), Soviet delegate to the United Nations, during a U.N. Security Council session at Lake Success, N. Y. Malik is scheduled to succeed Gromyko when the latter returns to Moscow. At left is Vassili A. Tarasenko, Ukrainian Soviet Socialist Republic representative on the council. (AP Wirephoto).

Negotiators Go Over GM Terms

Possible Use As Basis For Ending Chrysler Strike Threat

Detroit, May 26—(AP)—Terms of General Motors Corporation's history making wage agreement with its CIO Auto Workers were studied today by negotiators seeking today to end the 15-day Chrysler strike.

Representatives of Chrysler Corp and the United Auto Workers returned to the bargaining table today (1 p. m. EST) for the first time since 75,000 production workers walked out May 12.

Michigan's Gov. Kim Sigler asked the resumption of wage talks and arranged the session but he sent no representatives.

The UAW's Chrysler negotiating team—officially demanding a 30-cent hourly wage boost—has given no indication whether it would accept an 11-cent increase geared to the cost of living such as the one that ended a strike threat at General Motors.

Nor has the corporation commented on possibilities of raising its best previous offer of six cents an hour to a figure matching the General Motors commitment in a two-year contract approved yesterday.

But throughout the Auto Industry it was believed the GM-UAW settlement would provide a pattern for future wage negotiations.

It was expected to bring the Chrysler strike to a quick conclusion and have a definite effect on coming wage talks between the Union and the Ford Motor Company, which has suggested a pay cut.

TAKE TOLL OF REBELS

Athens, May 26—(AP)—The government said today 1,854 guerrillas have been killed and 3,290 captured in the spring offensive since April 15. Army casualties were placed at 1,502.

Cotton Shipments For Abroad Are Authorized

Washington, May 26—(AP)—The shipment of \$71,871,000 worth of American cotton to four European countries was authorized today by Economic Cooperation Administrator Paul G. Hoffman.

The transactions mark the first major U. S. financing of material for Europe's textile industry. They will be handled entirely through private trade channels in this country, Hoffman said.

The authorizations included: Italy \$20,400,000; France, \$6,800,000; United Kingdom, \$40,000,000; and Norway, \$271,000.

In addition, the United Kingdom was authorized to purchase \$300,000 worth of cotton lint. The estimated prices are those at the port of embarkation.

The announcement was expected to rally cotton markets which sagged Monday following a week-end request by ECA that foreign countries halt the advance buying of cotton in expectation that ECA would foot the bill.

Anticipatory contracting—mostly by China—was pushing cotton prices higher "unnecessarily," ECA explained at that time. The countries were requested to wait for ECA approval of specific buying programs before placing orders, if they expected ECA to reimburse them.

State Employees Not Worried Over Elections

Raleigh, N.C., May 26—(AP)—State employees are not worried about the outcome of Saturday's primary. Mason E. Swearingen, chairman of the State Employees Association, said today that the four major candidates for the Democratic nomination for governor and most candidates for the General Assembly who replied to a poll favor the association's program.

Benes Ill

London, May 26—(AP)—An official Czechoslovak diplomatic source said today President Edvard Benes is "gravely ill" and is not expected to recover.

The informant said Czechoslovakia's president had two strokes recently.

Benes has been ill for a number of months. A spokesman for the Czechoslovak Embassy would make no formal comment on his condition now, beyond saying that the state of the president's health is "very serious."

Republicans Win Tariff Bill Test

Party-Line House Vote Bars Amendments For Measure

Washington, May 26—(AP)—Amid Democratic shouts of "gag rule," Republicans won the first major test for their tariff bill today when the House voted to bar any amendments.

The vote was 212 to 156. Republicans voted solidly to bar amendments. Democrats solidly to permit them.

That means the House must take the bill "as is" or reject it outright. And the vote forecast it will be taken "as is." Democrats had fought for the right to propose changes.

With this test out of the way, the Republican leadership drove for passage of the measure before nightfall. It would extend the reciprocal trade act for one year and put congressional check-reins on the President's tariff-making powers.

Secretary of State Marshall has said the Republican measure would shake the foundations of America's foreign economic policy. The administration asked a three-year extension of the present reciprocal trade act without change.

Before the vote, House Republican leader Halleck of Indiana accused Marshall of "recklessness" in his statement.

Bill To Clean Up Liberty Statue

Washington, May 26—(AP)—The statute of Liberty is due for a half million dollar beauty treatment.

The House Appropriations committee recommended that amount today to "clean up" Bedloe's Island in New York Harbor on which the statue is located and to install a heating plant in the statue for the comfort of winter visitors.

Rate Increase

An approximate 50 percent increase in our production costs due to improvements in our paper together with rising costs in every department of our operations makes it necessary to increase our advertising rates. We are grateful for the larger volume of business we have received since making our improvements but because of the small margin upon which we have been operating this has not been sufficient to offset the increased costs.

As of June 1 our open-advertising rate will be increased by 20 percent and effective July 1 there will be an upward revision in existing bulk space contracts. We are sure that our advertisers will realize that with the better paper and the increased circulation, they will receive under the new rates an even better value than when the contracts were entered into.

GOP Convention Deadlock Signs

Stassen Adds Forecast; Claims His Chances 'Good'

Washington, May 26—(AP)—New signs pointing to a convention deadlock in the battle for the GOP presidential nomination tumbled today.

Harold E. Stassen, one of three major contenders who have been mashing claims for top delegate billing, added the latest forecast.

Before he took off today on a seven-state swing to scrape the support barrel again, Stassen said it has become apparent that nobody is going to be nominated very early in the Philadelphia balloting.

Bowled over by Gov. Thomas E. Dewey in the Oregon primary last week, Stassen bounced back to claim at a news conference that he still has more first and second choice support for the nomination than either Dewey or Senator Robert A. Taft.

Taft and Dewey backers dispute that vigorously.

But even in their camps there is private acknowledgment that if someone doesn't give way—and that fairly early in the balloting—a dark horse, rather than any one of the three, is likely to get the nomination.

Report Planting Major Part Of 1948 Farm Crops

Raleigh, May 26—(AP)—North Carolina farmers have planted the major part of their 1948 crops, but dry weather has delayed crop growth, the Federal-State Crop Reporting Service and the Weather Bureau reported today.

Reporting on conditions as of May 22, the services reported that from 95 to 100 per cent of tobacco has been transplanted in the border belt, more than 90 per cent in the eastern belt and about 75 per cent in the middle and old belts.

About 98 per cent of the corn crop has been planted in the coastal plain, about 92 per cent in the Piedmont and about 90 per cent in the mountains. "Cool weather and inadequate moisture has resulted in a sizeable acreage of corn being replanted over the state," said the report.

Rate Increase

An approximate 50 percent increase in our production costs due to improvements in our paper together with rising costs in every department of our operations makes it necessary to increase our advertising rates. We are grateful for the larger volume of business we have received since making our improvements but because of the small margin upon which we have been operating this has not been sufficient to offset the increased costs.

As of June 1 our open-advertising rate will be increased by 20 percent and effective July 1 there will be an upward revision in existing bulk space contracts. We are sure that our advertisers will realize that with the better paper and the increased circulation, they will receive under the new rates an even better value than when the contracts were entered into.

State Employees Not Worried Over Elections

Raleigh, N.C., May 26—(AP)—State employees are not worried about the outcome of Saturday's primary. Mason E. Swearingen, chairman of the State Employees Association, said today that the four major candidates for the Democratic nomination for governor and most candidates for the General Assembly who replied to a poll favor the association's program.

The program, he said, includes higher salaries and periodic salary increases, a five-day week, liberalized annual leave, a state personnel director, and a full-time merit system supervisor.

Unions Call For Gov't Purchase Of U S Railroads

20 Unions Behind Proposal; Little Prospect Of Serious Consideration

Washington, May 26—(AP)—A union demand that the government "begin preparations" to buy the railroads seemed to have little prospect today of being taken seriously in official Washington.

A group of 20 railroad unions made the proposal last night. Their own leaders did not entirely agree on how far they want to go with nationalization of the industry.

There was no immediate comment from the White House or government agencies. But observers noted that congress would have to approve a step of this size—a big step toward Socialism—and there are no signs that congress is in any such mood.

Railroad management officials made light of the proposal. W. T. Farley, president of the Association of American Railroads, termed it "an attempt to divert attention" from the fact that three unions—the Engineers, Firemen and Switchmen—rejected the recommendations of an impartial board in the present rail dispute.

Heads of the 20 unions, banded together in the Railway Labor Executives' Association, came to the aid of the Engineers, Firemen and Switchmen last night.

The 20 executives unanimously adopted a bitter resolution. In it, they condemned the government as a "strike-breaking agency" because it seized legal control of the railroads May 10 and thus blocked a scheduled strike by the three unions.

Then they demanded that the government, having taken legal control, now assume "the full responsibilities of operation," take control of revenues, and bargain directly with the unions on wages and working conditions.

Finally they argued that the private operators more than once have shown their inability to maintain satisfactory labor relations and have failed to provide the public with efficient and prompt service.

Therefore, they said, the government should "begin preparations for the transfer of railroad ownership from private interests to the United States government."

This clearly suggested permanent nationalization. If carried to a conclusion it would mean buying the properties outright.

Action On 'Civil Rights' Tied Up

Truman Program Appears Dead Until After Election Time

Washington, May 26—(AP)—The ambitious civil rights program outlined by the Truman Administration last winter appears to be definitely bogged down—at least until after the November elections.

Deep rumblings of dissent echoed through the South when the President's Committee on Civil Rights issued its report last October calling for immediate and decisive action to wipe out segregation and discrimination from American life.

When Mr. Truman followed this up in February with a specific 10-point request for congressional action, full-fledged revolt swept through some Dixie Democratic strongholds.

Republicans were quick to seize on this. They announced they would press for action on such long-pending proposals as anti-lynch, anti-poll tax and anti-job discrimination laws.

But with much high priority legislation still on tap, show-downs have been delayed lest the certain Southern filibusters hopelessly snarl the session in its final weeks.

Some of the newer civil rights proposals have not even been submitted to Congress in bill form by the Administration.

The Justice Department has drafted a bill to create a new civil rights division under an additional assistant attorney general (one of the things Mr. Truman recommended). But the bill is still in the department's files.

Finnish Premier Revises Cabinet To Appease Reds

Helsinki, Finland, May 26—(AP)—President Juho Paasikivi shook up his cabinet today in an effort to end the political crisis arising from Communist strikes.

From 30,000 to 100,000 were on strike in Finland in protest against the dismissal of Yrjo Leino, Communist Minister of Interior, censured by Parliament last week.

Paasikivi appointed Eino Kilpi, of the Communist-Dominated popular democratic coalition, as Minister of Interior succeeding Leino. Lennart Hellas, Agrarian, was named Minister of Education.

UN Cease-Fire Plea Fails To Halt Strife In Palestine

"Mule Express" Outruns Train

Here's the finish of a 35-mile race in which the "Mule Express" came in ahead of the Illinois Central Railroad's passenger train, known as "Old Reluctant," at Greenville, Miss. "Nature Boy," last of four mules ridden in relays from Cleveland, Miss., to Greenville, approaches the finish line with State Legislator Larry Pryor in the saddle. "Old Reluctant" came in three minutes behind "Nature Boy." The race was staged by leaders of the Mississippi Delta country as a publicity stunt to point up their complaints of poor train service. (AP Photo).

May Invoke Law To Avert Ship Tie - Up

Opponents Eager To Debate Draft

Sixty House Members Would 'Jump Gun' On Committee

Washington, May 26—(AP)—Some 60 House members want to speak out against a peacetime draft even before the bill is cleared for House debate.

But rules committee chairman Leo E. Allen (R-Ill.) who reported this today, said his group will call only about 10 to testify against the measure sponsored by Rep. Andrews (R-NY). He said hearings probably will continue through this week.

The Rules committee determines whether or not any legislation is cleared for action by the House. Allen has said the draft measure will not reach the floor before June 1.

(Continued on Page Ten)

Maritime Strike Stated For June 15; Taft-Hartley Law Provisions Subject To Possible Interpretation By Clark

Washington, May 26—(AP)—The government may invoke the Taft-Hartley act's national emergency provisions to head off a threatened all-coast Maritime strike on June 15.

Top officials said today the action is under study because a shipping tieup would block aid shipments to Europe and the far East.

One leading administration labor advocate said the plan being considered is for President Truman to name a seven-man board to make a factual study of all issues involved in disputes raging on the Atlantic, Pacific and Gulf coasts.

Six Unions, five of them CIO and one Independent, have contracts expiring June 15. All want wage boosts, the amounts so far unspecified.

But a major issue, and one

(Continued on Page Ten)

Texans Oppose Truman But Won't Leave Party

Brownwood, Tex., May 26—(AP)—Texas Democrats have given President Truman's leadership the cold shoulder, but they refused to join the Southern anti-civil rights rebellion.

At the Philadelphia convention the Texas delegation will be free to decide whose nomination it favors. It will vote as a unit. The Texans followed an independent course mapped by their own leader, Gov. Beauford H. Jester, in state convention yesterday. It calls for a fight against Truman's civil rights proposals and his nomination, but not for a bolt if he becomes the party nominee.

While Democrats were fighting through a 12 hour and five minute convention, Senator Robert A. Taft picked up 30 Republican national convention votes in the party's state convention at Corpus Christi, Gov. Thomas E. Dewey got two and Harold E. Stassen one. Taft forces controlled the convention from the start.

After a day-long struggle between pro-Truman and anti-Truman factions, the Texas convention took these significant steps:

1. Pledged itself in a body, its delegates and 23 presidential electors to support all party nominees without any ifs.

2. Voted to send its delegation of 50 to the national convention instructed to fight the civil rights proposals, especially the FEPC.

3. Gave its delegation no instructions as to presidential and vice-presidential candidates. This left it free to fight Truman's nomination. It instructed the delegates to battle for restoration of the two-thirds rule.

CAMPAIGN REPORT

Raleigh, N. C., May 26—(AP)—James B. Volger of Charlotte reported to Secretary of State Thad Eure today that his campaign for the Democratic nomination for State Treasurer has cost \$2,745. Volger reported he has received contributions to his campaign fund totaling \$1,500.

Near Deadline On College Fund

Winston-Salem, N. C., May 26—(AP)—The Wake Forest College fund campaign here drew near the final 24-hour period today still shy some \$86,000. Time was running out, but drive officials were not worrying.

The fund, being raised locally, will help the college get established in Winston-Salem when it moves here from Wake Forest.

Turkey And Palestine

Turks Fear Jewish-Arab Conflict May Bring Red Army Into Middle East As Part Of UN Force; Oppose Partition; Foreign Minister Speaks Out Against Aggression

By DEWITT MacKENZIE

The Turks, who are men of action but few words, are doing some quiet worrying for fear the Jewish-Arab conflict may result in Russian troops being sent into the Middle East as part of a United Nations force to reestablish peace.

The advent of Bolshevik fighting men under such circumstances in that strategic area isn't very likely, since America, Britain and France would be dead against it. Still, Turkey's anxiety is understandable because, with Muscovites on her south and Russian dominated Bulgaria on her northern frontier, she would be in a powerful Red vise. And the Turks regard Russia as unfriendly, which is rather a euphemistic understatement of a harsh truth.

As a Moslem nation Turkey opposed the United States plan for a partition of Palestine between the Arabs and the Jews. Since then the Turkish government has sat tight until just now when Foreign Minister Necmeddin Sadak declared during a speech:

"We wish with all our heart that without bloodshed, without setting up in this region a continuous element of disorder and insecurity, a lasting solution could be found leaving the Arabs masters of their rights."

Arab Conditions Unacceptable To Jews; Big Power Spokesman Says Demand May Be Made For World-Wide Diplomatic Break With Arabs

Lake Success, May 26—(AP)—The United Nations demand for a Palestine cease-fire by noon (EST) failed today when the Arabs laid down conditions unacceptable to the Jews.

Arab delegates received instructions from their governments a few minutes before the truce deadline set by the Security Council Monday. The Arab country answers were not read to the council, however, before the time limit expired.

Israel delivered a message to Secretary-General Trygve Lide just five minutes before the deadline saying the Jews had issued a cease-fire effective at 11 a.m. (EST) if the Arabs agreed to stop fighting. The conditions laid down by the Arabs were rejected by a spokesman for the Israel government as impossible.

The Arab conditions were reported to be:

- 1. Stop arming Haganah, the Jewish army.
2. Abandon recognition of the Jewish state.
3. Limitation of Jewish immigration.

The council adjourned at 11:33 a.m. (EST)—just seven minutes before the deadline—without asking the Arabs to read out their reply. The council meets again at 2 p.m. Meanwhile a big power spokesman said a demand may be made for a world-wide diplomatic break with the Arabs.

The council went into session just two hours before the cease-fire deadline. Without any mention of the Palestine question at the outset, the delegates began debate on the India-Pakistan dispute over Kashmir.

Informed quarters said France was particularly anxious for strong action against any country which refused to heed the council's cease-fire appeal. The United States and Russia already have indicated they also favored forceful action.

Florida Elects Fuller Warren As New Governor

Jacksonville, Fla., May 26—(AP)—Unofficially returns from almost all of Florida's 450 precincts named 43-year-old Fuller Warren the apparent winner in yesterday's Democratic runoff primary for governor.

Warren, a Jacksonville attorney, spurred from behind to overcome an early lead established by Dan McCarty, 36-year-old citrus grower of Fort Pierce.

On the basis of reports from 1,421 precincts, Warren had 269,648 votes against 260,680 for McCarty.

Heavily Democratic Florida, Democratic nomination is tantamount to election in the nine-man race for governor in the May 4 primary. Warren polled 183,263 votes and McCarty 161,718.

Near Deadline On College Fund

Winston-Salem, N. C., May 26—(AP)—The Wake Forest College fund campaign here drew near the final 24-hour period today still shy some \$86,000. Time was running out, but drive officials were not worrying.

The fund, being raised locally, will help the college get established in Winston-Salem when it moves here from Wake Forest.

Dr. and Mrs. H. G. Haney left yesterday for Durham where Mrs. Haney will undergo a major operation at Duke hospital.

Mrs. Christine A. Ward is now residing in the home of Mrs. J. E. Wolfe.

Miss Jane Forbes of near Greenville is recovering from an operation in Pitt General hospital Monday night.

Mr. and Mrs. Howard M. Lane and children and Durwood T. Rouse, of Miami, Fla., are guests of Mrs. Mabel Rouse Butler at her home, 131 Summit street.

Mrs. E. Kenneth Allen and daughter, Betty, are visiting relatives in Kentucky and West Virginia.

W. G. (Bill) Rush, who broke his leg Monday morning at Carolina Beach, is getting on nicely and expects to return to his home some time next week.

**Mid-Week Prayer Service**  
Mid-week prayer services will be held Wednesday evening at 8 o'clock in the Ellington Bible class room of Jarvis Memorial Methodist Church. The pastor will conduct the service.

**V. F. W. Auxiliary to Meet**  
The V. F. W. Ladies Auxiliary will meet at 8 o'clock Thursday night in the V. F. W. club hut near the airport.

**Glee Club Practices**  
The alumni of the Greenville High School Glee Club will meet with Miss Shandler for commencement practices on Monday evening at 8 o'clock.

**Card of Appreciation**  
We wish to thank our friends for the kindness shown during the long illness of our son, Mack Lee, and for the sympathy expressed at the time of his death.

MR. and MRS. FRANK B. WHITAKER.

## SOCIAL CALENDAR

### WEDNESDAY

7:45 p. m.—Mrs. W. O. Freeland will present her piano pupils in recital in Sheppard Memorial Library.

8:00 p. m.—Junior Woman's Club meets at the club house.

### THURSDAY

3:30 p. m.—Inter Se Club meets with Mrs. Reynolds May.

8:00 p. m.—Greenville Community Council meets at the high school library.

8:00 p. m.—Mrs. L. H. Robertson, Mrs. Marvin Barnhill and Mrs. Jerome Perkins will entertain at bridge at the home of Mrs. Perkins in Stokes honoring Miss Frances Page, bride-elect.

### FRIDAY

6:30 p. m.—Kivans Club, 8:00 p. m.—Miss Marvel Stokes will entertain at bridge at her home in Stokes honoring Miss Frances Page, bride-elect.

8:00 p. m.—Mrs. W. H. Tolson will present her older piano pupils in recital in Sheppard Memorial Library.

9:00 p. m.—Greenville White Shrine sponsored dance at Armory.

**Miss Page Complimented**  
On Saturday afternoon at 4 o'clock Miss Faye Duval and Mrs. Dick Fye entertained Miss Frances Page, bride-elect, at a cocoa club party at the home of Miss Duval.

The home was decorated throughout with mixed spruce flowers. The hostesses presented Miss Page crystal in her chosen pattern. Miss Sarah Jean Ellis, bride-elect, was also remembered.

A salad course was served to approximately 15 guests.

**Mrs. Charles Doak to Speak to 15th District Presidents**

All of the presidents of the Federation of Women's Clubs in the 15th district will meet Thursday, May 27, at the Greenville Woman's Club for a luncheon meeting.

Mrs. Charles Doak, executive secretary of the North Carolina Federation will speak on the "American Overseas Aid." The United Nations appeal for children. The General Federation is sponsoring this drive and North Carolina will have a part in it.

**To Conclude Music Broadcasts**  
The Greenville Music Club will conclude its series of broadcasts of serious music on Thursday from 3:30 to 4 over WGTG. Dr. Martha Pingel, of the E. C. T. O. faculty will be hostess for the program.

**Birth Announcement**  
Mr. and Mrs. W. A. Heath of Kannapolis, N. C. announce the birth of a son, W. A., Jr., on May 24.

Mrs. Heath is the former Miss Lallah B. Watts, granddaughter of Mrs. James Brown of this city.

Dear Judy,

Bend down, 'cousin, if you really want to squeeze into your bathing suit this year.

Now is the time to roll, stretch and bend; to give up desserts and extra helpings of gravies, potatoes and other fattening foods.

Besides trimming your body down to slyph like proportions, your skin and hair will shine when you curb your diet.

You can lose weight easily with exercise and a good diet. Eat all the green and yellow vegetables put in front of you, raw salads, eggs, whole wheat bread. Drink your quota of milk.

Most girls have hip trouble and that should be the one thing on which to concentrate. Here's that good old tried and true swinging exercise which manages to whittle down bumpy hips if it is done with persistence.

Lie on your back, legs straight, heels together, arms outstretched on a line with the shoulders, abdomen pulled in spine flat against the floor. Kick right leg in air towards ceiling. Hold knee straight and touch right foot to the floor on the left side and stretch to reach the fingertips of the left hand with the right foot.

Bring your leg back to an upright position. Slowly lower your leg to the floor tip, over, up, down.

When you first start this exercise it should be done about 10 times to each side. Later, you will work up to 25 and 50 times and when you notice the improvement in your hips, it will be a pleasure to strive for 75 arc swings.

A good umps and thumps exercise which will not only reduce the hips, but the thighs as well, requires a little more patience and energy but it will pay dividends to any kids ambitious enough to work at it.

Here's how you do it. Lie on your back with knees bent, feet flat on the floor and arms outstretched on a line with the shoulders on the floor. With feet on the floor, drop both knees held close together against the floor so that thighs slap it briskly with a thump. This should be repeated for 50 counts, right, left, right left, working up after a few days to 100 counts.

Good posture is so important to teen-agers that it would be wise to make a full inspection of yourself in a full length mirror to decide what the pitch is in respect to your figure. Make sure the derriere is flat, chest is held high and stomach is pulled in. To test your posture stand against the wall and strive to get your waistline back and in to the wall as much as possible.

The new bathing suits are really super dreamy. Strapless ones demand that every girl have a lovely pair of smooth shoulders. Keep them in shape by oiling them with vegetable oils and lotions made for a winter skin that is begining to be beautified.

## 40 Years Ago Today

THE DAILY REFLECTOR  
May 26, 1908

W. R. Wilson returned today from Chapel Hill.

Tom Dupree attended the A. & M. College commencement at Raleigh and returned today.

Prohibition sweeps the state by 50,000. North Carolina overthrows the manufacture and sale of liquor. Pitt county covers herself in glory by giving nearly 1,000 majority for prohibition.

Carolina has the distinction of being the only township in Pitt county that gave a wet majority. Pactolus came next with a tie vote.

Following the musical numbers Miss Christine Johnson read a paper entitled "Music and Religion" written by Miss Helen Turnage, an organist residing at Ayden, N. C. The beginning of music in the church, the origin of congregational hymn singing through the work of Martin Luther, scriptures that inspired oratorios and hymns and many other interesting and pertinent facts about

the co-development of music and religion were brought out in the paper.

Preceding the program a refreshment course of punch, cookies and nuts was served by the hostesses, Mrs. Louis Harrison, Mrs. L. W. Cherry and Miss Christine Johnson. Bouquets of large peonies decorated the tables. Following the program a short business meeting was held, Mrs. W. H. Woolard presiding in the absence of Mrs. Dan Vornholt. It was decided to hold only one

meeting during the month of May, 1948. The meeting closed with the reading of the Collect of Club Women of America by Mrs. D. L. Moore.

**EXCHANGE DIPLOMATS**  
Moscow, May 26—(AP)—The Soviet press published without comment today an announcement that Russia has agreed to exchange diplomatic representatives with Israel.

In 1940, almost half of all U. S. schools were one-room institutions.

meeting during the month of May, 1948. The meeting closed with the reading of the Collect of Club Women of America by Mrs. D. L. Moore.

Preceding the program a refreshment course of punch, cookies and nuts was served by the hostesses, Mrs. Louis Harrison, Mrs. L. W. Cherry and Miss Christine Johnson. Bouquets of large peonies decorated the tables. Following the program a short business meeting was held, Mrs. W. H. Woolard presiding in the absence of Mrs. Dan Vornholt. It was decided to hold only one

# Reciprocal Trade Based On U. S. Foreign Policies

By ROBERT E. GEIGER  
 Washington—The term "reciprocal trade" will be in the headlines for the next few weeks. That's because the Reciprocal Trade Act passed by a Democratic Congress in 1934 and renewed by later Congresses will expire June 12 unless the present Republican Congress extends it. This act has an important bearing on United States business, manufacturing and farming. If it is not extended the "platform" upon which the U. S. has been conducting much of its international trade collapses.

Here's the background:  
 In 1930 a Republican Congress passed the Smoot-Hawley law. It set up some of the highest tariffs in U. S. history. This law said to foreign nations: You will have to pay this government a certain price to bring certain products into the United States for sale. The effect of this was to increase the price the U. S. public paid for some imported goods. This protected United States citizens who had the same kind of goods to sell but wanted higher prices than foreigners asked in this country.

After we did this other nations set high tariffs on the goods we wanted to sell them. This increased the prices the public in foreign

countries had to pay for American goods. Thus, fewer American goods were exported. The 1934 Democratic Congress changed our system. This was during the depression when this government wanted to start world trade going again. The Democrats set up reciprocal trade agreements. Under this plan, since 1934, we have lowered tariffs by as much as 75 per cent on some goods. Other nations lowered some of their tariffs in return.

Thus we can sell our goods at cheaper prices abroad. Some other nations can sell their goods cheaper in this country. The theory is that this stimulates trade and prosperity. Such trade agreements now can be approved by the President without consulting Congress.

One argument against the act has been this: Some business has been damaged by competition let in under the law. One of the act's chief opponents, Rep. Gearhart (R-Calif.), chairman of a House Ways and Means subcommittee, has been holding closed hearings on extending the act. One proposal is that Congress be given authority to review foreign trade agreements, instead of only the President.

The possibilities are these:

# Sen Vandenberg Again Says 'No'

New Haven, May 26—(AP)—Senator Arthur H. Vandenberg (R-Mich.) once again has said that he has "no desire or intention" to run for president.

The "Young Republicans for Vandenberg," an organization formed by eight Yale law school seniors to mobilize support behind the senator, made public today a letter from Vandenberg asking them to stop. It replied to an "open letter" announcing their campaign.

"No one could be insensible to the very high compliment which you are paying me in your 'open letter,'" Vandenberg wrote the Yale group. "But I am bound to say to you—as to all others—that I have no desire or intention of being a candidate for the presidential nomination."

"I am sure that I can best serve my country by completing my present tour of duty in the Senate. Nonetheless, I am indebted to you and your colleagues for your message and your proposed activity. Under the circumstances, however—and since I have asked my own state of Michigan neither to 'present nor support my name at the convention—I hope you will not persist in your proposed organizational efforts."

1. That Congress may kill the act. This is considered unlikely. 2. That the act will be extended, but nobody knows for how long. President Truman has recommended three years. The Republicans have proposed to extend it only one year, so Congress then may investigate the situation more thoroughly. 3. That the act may be extended but important changes will be made.

A trade conference was held in Geneva all last summer. Twenty-three countries, including the U. S., attended. They worked out a number of agreements. The United States already had proposed a permanent international trade organization (ITO) under the United Nations. Fifty-four nations met in Havana, Cuba, in a conference that lasted from the fall of 1947 until March 1948. They signed an agreement to set up the ITO. But this organization won't exist until Congress and the other nations ratify the agreement and Congress won't act on it until 1949.

# Kindergarten's Brilliant May Queen's Party

By CHESTER WALSH  
 There is a Fairyland and 200 or more parents lived in it yesterday afternoon while the children of Mrs. F. R. Bowen's Kindergarten class beautifully presented the annual May Queen's party in a natural woodland scene on the lawn at 1011 East Fourth street.

Watching the children, excellently trained and exceptionally talented, was a pleasure beyond description. Observing the expressions and moods of the mothers and fathers witnessing the May Day pageant suggested that they were inwardly murmuring, "O time, O time, in thy flight, make me a child again—just for tonight."

Mrs. Bowen's May Day festival next year should be held on the college campus, where a thousand or more may have the opportunity of enjoying the memory of once being children.

Harry Forbes, exceptionally talented and possessed of much histrionic ability, opened the May Day program by singing "What A Wonderful Day!" and announced the coming of the May Queen.

Heralds—Burt Aycock and Steve Redd.

Ladies and gentlemen of the court—Virginia James and Jim Winstead and Margaret Nobles and Jeff Fountain.

Flower girl—Mary May.  
 Queen of May—Louise Glass Picklen.

Train bearers—Stuart Picklen and Erskine Duff.

Old King Cole with His Fiddlers Three was the first to arrive at the party. They entertained the queen by playing on their fiddle and singing for her. They sang, "Oh Susanna." Old King Cole was George Lay White. Fiddlers Three were Burt Aycock, Louis Stanfield and Steve Redd.

Next was Bobby Shaftoe. Charles Van Taft and Curley Locks. Sarah Collins made a speech and sang, "Sailing, Sailing," followed by Mistress Mary Quite Contrary. Mary French Hawes, and flower girls, Mary Linton Goodwin and Sandra Forbes. Mistress Mary sang to her flowers.

Then Tommy Snooks, Billy Goodwin and Bessie Brooks and Mary Harrington came strolling in while singing, "Out Walking on a Sunday

afternoon." Peter Pumpkin Eater, Hoover Taft, came next. The queen questioned him about his wife. He went to his pumpkin shell house, halled his wife, Mary May, and escorted her to the party.

Jack was Erskine Duff and Jill was Nena Duncan, who came skipping in.

Then Bo-Peep, Carole McGowan, came in weeping, looking for her sheep, and was cheered up by Boy Blue, Charles Bass, who played a tune on his horn.

Then Mary, Lee Lang Harrell, came in, carrying her lamb and told the queen how he had followed her to school.

The Farmer in the Dell, Davis Moore, told the queen "How To Plant A Seed" in song.

The Patty Cake Baker's Man, Lloyd Horton, arrived and shared his cakes with the court.

Then one of the King's Men came in bearing a message. Old King Cole read the message and discovered that Humpty Dumpty had been put back together and was coming to the party.

Humpty Dumpty was scheduled to be little John Adams, and to come in on his crutches and sing "I'm A Good Old Egg," but unexpected illness prevented his attendance.

After all had assembled, the group sang "Spring Has Come."

The "Diddle Bird Song" was sung by Billy Goodwin, Harvey Forbes, Loyd Horton and Erskine Duff.

The Rhythm Band played three numbers under leadership of Mary French Hawes, Jim Winstead and Harvey Forbes.

Two dances, the Folk Dance and the May Pole Dance were excellently executed.

The children were then announced by the Court Jester and gave their names in turn.

Mrs. Buster Starkey was accompanist for the songs and dances.

Mrs. Lindsay Savage assisted Mrs. Bowen with the program.

# Girl Scout News

Dear Scouts:  
 We looked on our calendar to discover that this week will be the last week for troop meetings. You have had many good times and some have had a lot of fun learning new things. We are pleased with the number that have earned so many proficiency badges. Every badge that is awarded means that the Scout who receives it has done some intensive work in the field it represents.

Remember that on Friday afternoon at 4 o'clock at the Cotanche Street park, if it is not raining and the high school if it is, we shall have our Court of Awards. We have three girls from Mrs. Lee's Troop No. 1, Marty Hadley, Sara Lee, Mary Ann Stark, and Mildred Sue Taylor from Troop No. 10 who will receive their curved bars, the highest award given in Girl Scouting. Our hats off to these girls for earning this coveted distinction. The next highest awards, the First Class Badges, will be received by Sudie May Spain, Janice Ormond, Magnolia Duckworth and Lilly Fly. Many of the Brownies that flew up just a year ago will get their Second Class Badges. A number of little Brownies that have just grown and grown will fly up to Scout troops.

The friends of Scouting are cordially invited to attend this Court of Awards and let the Scouts share their pleasure with you.

Love,  
 Jane and Sue

The Arctic seas are reported to be about one degree warmer than they were 10 years ago.

# Queen Mother's Birthday Today; Is In Good Health

London, May 26—(AP)—Queen Mother Mary reached 81 today in good health.

She received the congratulations of her household staff shortly after breakfast and then proceeded to read hundreds of messages wishing her well.

Guns boomed out Royal salutes in London, at sea and abroad in her honor. Birthday gifts included a bunch of wildflowers from the school children of Badminton, where the Queen mother spent the war years.

Those near her described her health as excellent, better than last year. They say her appetite is solid, that she likes her regular glass of sherry and an after-dinner cigarette.

**WILL ASK FOR LOAN**  
 Manila, May 26—(AP)—President Eupidio Quirino said today the United States soon would be asked formally for an \$80,000,000 loan to finance hydroelectric projects in the Philippines.

## MR. FARMER

Let us bring your old Tobacco Barn Stokers or Oil Burners up to date with the POSITIVE SAFETY CUT-OFFS, REQUIRED BY THE N. C. STATE DEPARTMENT OF AGRICULTURE, on all new curers. These POSITIVE SAFETY CUT-OFFS, can be installed at very little cost to you, yet assuring you full protection against possible fire loss. Come in today and let us show you how this POSITIVE SAFETY CUT-OFF WILL GIVE YOU THE PROTECTION YOU NEED IN CURING.

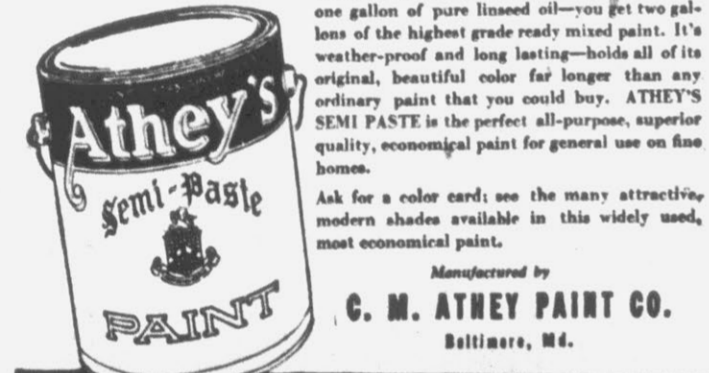

### Greenville Tobacco Curing Co., INCORPORATED

"Complete Curing Service"  
 Stokers, Oil Burners, Tobacco Flues and Sticks

**I know I get my money's worth with Athey's Semi-Paste -one gallon makes two"**

"Two gallons of high grade, ready mixed paint from every gallon can—that's what I get from ATHEY'S SEMI PASTE. I call that real savings—and you couldn't ask for a smoother flowing, better quality, longer lasting paint for almost every paint job you have"

Take one gallon of ATHEY'S SEMI PASTE and one gallon of pure linseed oil—you get two gallons of the highest grade ready mixed paint. It's weather-proof and long lasting—holds all of its original, beautiful color far longer than any ordinary paint that you could buy. ATHEY'S SEMI PASTE is the perfect all-purpose, superior quality, economical paint for general use on fine homes.

Ask for a color card, see the many attractive, modern shades available in this widely used, most economical paint.

**RELIGIOUS EDUCATION IN SCHOOLS**  
Recent court decision nullifying or sharply curtailing religious education programs carried on in cooperation with public schools have made necessary a re-appraisal of the whole problem of religious education and the public school system.

At the outset it can be said that no religious denomination in this day and age has any idea of using the public schools to make converts to its own particular beliefs. There has been complete acceptance on all sides of the fact that the schools are nonsectarian and are secular in character. Nevertheless, all the religious groups co-operating in the religious education programs maintain that some kind of religious instruction is as important in the building of citizenship as the study of algebra, geometry, history and all the rest of the regular curricula. These religious groups do not expect or desire its schools themselves to teach religion; they only desire that the schools will allow religion to be taught on school time by the churches themselves, where the parents of school children desire it.

Surely this is not too much to ask in a country which is supposed to be a nation that believes in God, a nation which has consistently maintained a set of ideals higher than mere materialism.

YES, ALL THOSE WOMEN ARE GOING TO WORK. AS OUR CIVILIZATION PROGRESSES, THE WOMEN ARE TAKING OVER MORE AND MORE OF THE IMPORTANT WORK

McNaught Syndicate, Inc., N.Y.C.

ON OUR ISLAND WE 'WAY AHEAD OF CIVILIZATION!' OUR WIMMENS DO ALL THE WORK!

Reg-Manning

**Boyle's Column**

**By HAL BOYLE**

New York—(AP)—Random cuff notes by the poor man's philosopher: Cheer up. The only man who went through life without getting gravel in his shoe died bare-footed. A fat lady would like to be tried in the balance and found wanting.

If everybody could afford a convertible coupe, fewer people would go to hell in a handwagon. A man afraid to repeat himself rarely will try, try again. One good turn deserves another—but that's no justification for the tornado. Nothing is as non-partisan as a swinging door. The taxpayer puts down his own deductions; the government draws its own conclusions. A man and a woman alone on a raft haven't any ground for scandal. Matrimony is man's long adjustment to the fact that two minds can carry out only a single thought—the wife's. Many a gay dog dies in the present trying to live up to his past. Fear is the advance scout for misfortune. A hangover is just a good time with circles under its eyes. A bachelor believes one can live as well as two. A drawn look is often explained by an overdrawn bank account. The people who give credit where credit is due also employ bill collectors. A cow is a factory built in leather that can't go on strike. We live by our instincts; our neighbors by their prejudices. Where money talks, silence is golden. No man ever caught his second wind lying down. Why worry? Death kills more people than anything. A man is an optimist when he winds his alarm clock, a cynic when it goes off. There is no market for a second-hand love nest. A pretty girl can give a man more ideas than a University. A man who tries to travel two roads ends up with a split personality. What bothers us about the present wave of world unrest is whether it's a permanent wave. The success of the apartment house in modern civilization is the best proof that world peace is also possible. Many a fellow with a poker face has led a joker life. Only a man with a real sense of humor can give a belly laugh on an empty stomach. No wonder they call pigs hogs. Did you ever watch them eat? There are two things that always manage to get together—the right woman and the wrong hat. Take nothing for granted. A bearded man can tell a bare-faced lie. There are more men caught off base at cocktail parties than ball games. But in either case they're likely to get thrown out at home. No man ever ran a country or a saloon with unanimous approval. Wrinkles rankle even the oldest witch. If all men through death sent them to a just reward, many would die with a fire extinguisher in their hands.

### AAUW Dispute To Be Discussed

Washington, May 25—(AP)—The dispute over Negro membership between the American Association of University Women and its Washington branch probably will come up at the annual meeting of state AAUW presidents here June 16-19.

That subject is not officially scheduled for discussion, since the state presidents have nothing to do with policy matters, these are handled by members of the board of national directors, but many directors will attend the state presidents' meeting.

Meanwhile, the national organization has offered to let its Washington branch continue to occupy the jointly-operated club house here for another month while they try to iron out the membership squabble.

This began 18 months ago when the local branch changed its rules to exclude Negroes. The national held that the local had to conform to the AAUW's one qualification for membership—a degree from a college or University approved by the organization.

The national association is seeking to expel the Washington branch. The local group has obtained a preliminary injunction to prevent the ouster until June 15 when arguments will be heard in district court.

**THIS IS NO GAME!**  
Grand Island, Neb.—(AP)—The birthday situation was strictly a seven-come-eleven proposition for the Carl McCullough family during May. The McCulloughs have two daughters, Janice Kay was 11 on the 7th. Karene Sue was 7 on the 11th.

There are about 245,000 grade and high schools in the United States.

### Filling Stations Close In Tax Protest

This filling station on a main highway through New Orleans was closed Monday, along with thousands of others in Louisiana, in protest against the proposed two-cent tax increase on gasoline. Operators throughout the state lettered their filling station windows with notice of the closing. (AP Wirephoto).

### Vote Funds For School Lunches

Washington, May 25—(AP)—The Senate voted \$75,000,000 today for school children's lunches. The money is part of the general farm appropriation bill. It is \$10,000,000 more than the House voted and is only one of several increases approved by the Senators.

#### MEET IN LONDON

London, May 25—(AP)—Foreign Secretary Bevin and U. S. Ambassador Lewis Douglas met again today to seek a joint Anglo-American plan for producing peace in Palestine.

### -- A Final 'Well Done'

With the U. S. First Task Fleet, May 26—(AP)—Two swift, clean torpedo hits sank the U. S. Cruiser Salt Lake City yesterday after bombs, shells and rockets had battered her sturdy hull for hours. The ship was sent to the bottom during gunnery-bombing exercises by the U. S. First Task Fleet off the California coast.

The end came at 1:53 p. m. (PDT) after five hours of intermittent bombardment with everything 15 ships and scores of planes had to offer. The famous old swagbacked fighting ship went down without protest—almost gracefully—as if she welcomed death under fire to destruction in a junk yard.

She rolled over and hid her grotesquely twisted masts and other wounds in the kindly sea. Her stern rose and then she slid beneath the waves, bow first. She went down in 2,000 fathoms, more than two miles, of water. There no diver can ever disturb her.

Adm. C. D. Ramsey, commander of the Pacific fleet, who witnessed the sinking, said: "In general the functioning of material was excellent. The Salt Lake City, a grand veteran of war and peace, has completed her last service. A final well done."

As the Salt Lake City went down, navy committal services were held on the submarine tender Nereus, standing off a couple of miles.

The Salt Lake City was built at Camden, N. J., 19 years ago. She took part in 31 Pacific war engagements. Probably her narrowest escape was in the Lommandorakies fight—the longest surface engagement of the war. Her engines went dead in the running battle with a Japanese force.

She was one of the targets in the Bikini atom bomb tests of two years ago and was still radioactive. A tug towed her out from San Pedro for her final day at sea.

### James S. Ficklen Going to Europe; Will Spend Month

By CHESTER WALSH  
James S. Ficklen, head of the E.R. Ficklen Tobacco Company, and his son, Warren Ficklen, are going to Europe for a month's stay. They will combine business and pleasure on the trip. They will sail from New York on the trans-Atlantic liner Queen Elizabeth next Saturday. They will join L. S. Ficklen and C. S. Carr, Jr., who have been abroad some time, in London. They will visit Ireland and the Continent.

The head of the E. R. Ficklen Tobacco Company, in an interview last night, expressed the opinion that the general demand for American tobacco abroad will steadily improve, and said the outlook for flue-cured and other tobacco sales the coming year is very good.

### Newsman Escape Shell Fragments

Jerusalem, May 24—(Delayed)—(AP)—Seven newsmen had a narrow escape today when a shell exploded in a street as they drove by. The newsmen were Kenneth Bilby, New York Herald Tribune; Robert P. Martin, New York Post; Cornell Acheson, Indianapolis News; John Calder, Reuters; and three members of the Associated Press staff, Bureau Chief Carter L. Davidson and Photographers James Pringle and Tom Fitzsimmons. Shell fragments dented the Associated Press car, but none of the group was hurt.

Melting ice from the Arctic and Antarctic polar ice caps dilutes the oceans in the vicinity and makes them less salty.

### Pitt Soldier To Soon See Alaskan Service

Pope Air Force Base, Fort Bragg N. C.—(Special)—Sgt Alton G. Harris of Greenville, N. C., is being transferred to Hamilton Air Force where he will receive overseas orders to Alaska, Base, Calif., from the 10th Reconnaissance Group at Pope Air Force Base, Fort Bragg, N. C.

Sgt Harris is the son of Mr. and Mrs. Grover C. Harris, of Route 5, Greenville. In the 10th Reconnaissance Group, he was assigned as an instrument specialist in the 1st Tactical Reconnaissance Squadron.

Reactivated last year as part of the new United States Air Force's preparedness program of 70 combat air groups, the 10th Reconnaissance Group is the tactical unit of the 10th Reconnaissance Wing, based at Pope Air Force Base.

From 1940 to 1947, the population of the San Francisco and Oakland areas increased by about 560,000 people.

### Ask If Britain Is Using Dollars To Help Arabs

Senate Appropriations committee today demanded a report on whether Britain is using American recovery dollars to aid the Arabs in their war against the Jews in Palestine.

Paul G. Hoffman, economic cooperation administrator, was asked to make the report as soon as possible. He promised to do so. The question of British aid to Arabs was first raised in the Senate last Friday by Senator Brewster (R-Me). He wanted to know how it is related to the European recovery program being financed by the United States.

Hoffman was a witness before the committee, which is considering appropriations for ERP.

### Spending \$16 Billion For Rehabilitation

Warsaw, Poland—(AP)—Poland plans to spend more than \$16,000,000 this year to rebuild what war destroyed and to develop industries in the lands she absorbed from Eastern Germany. That embraces nearly 300 miles of Baltic coastline, all

of the Silesian area and runs southward into the heart of Lower Silesia, including Wroclaw, formerly German Breslau.

### Orchestra Forgot To Come For Dance

Charleston, S. C., May 25—(AP)—College of Charleston alumni rushed through the annual business meeting last night and then prepared to dance.

An empty bandstand greeted them. Two hours and numerous phone calls later, the orchestra struggled in.

"We forgot," the bandleader said.

### LOOK OUT FOR PIN-WORMS

Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong! And these pests, living inside the human body, can cause real distress. So watch out for the warning signs that may mean Pin-Worms—especially the surprising red bug. Get JAY'S P-W and follow the directions. P-W is the Pin-Worm treatment developed in the laboratories of Dr. D. James Gibson, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. Ask your druggist: P-W for Pin-Worms!

# Greenies Top Rocky Mount 11-4 With Barrage Of Hits

## Sports Writers Say Louis Will Defeat Walcott

New York, May 26.—(AP)—A nationwide poll of sports writers by the Associated Press showed today that 230 who believe Joe Louis will defeat Jersey Joe Walcott against 52 who favor the challenger.

Although Louis won the first fight by a decision, only two writers believe he will repeat the same way in the second round. The odds are 228 to 52 predict a knockout, with the third, fourth, and fifth rounds favored.

Among Walcott's supporters, 32 think he will win by a decision, 10 by a knockout, and 10 by a technical knockout. The poll showed virtually no change in national expert opinion on the fight since the AP too on the 22nd December that showed 80 per cent of the editors favoring Louis. The present poll is 81.5 per cent for Louis.

Many editors pointed to Louis' record in his nine return matches. The champion has always improved on his first performance. Others cited his desire to retire with a perfect record.

Those who pick Louis to win by a knockout and name the round by which he will win are: first—10; second—15; third—41; fourth—45; fifth—15; sixth—25; seventh—23; eighth—81; ninth—4; and eleventh—1. Two did not pick the round but said "early rounds."

The round-by-round vote on Walcott winning by a knockout was: first—1; second—2; third—7; fourth—1; fifth—5; sixth—1; seventh—1; eighth—1; ninth—1; tenth—1; eleventh—1. Four did not name the round.

See Taylor, and Des Moines, Iowa Register and Tribune, and Jack North, the Des Moines Tribune, each declined to name a winner. Said Taylor: "Will pick Louis if he can get in condition. Doubt very much if he can." Said North: "If Louis string rounds into top shape, will string along with the champion; if not along with the challenger."

New York editors, all of whom saw the first Louis-Walcott fight were evenly divided in opinion.

Sidelights—The win over the Leafs last night was the first time this season that the Greenies had won two straight games in a row. The Leafs made two double plays and the Greenies made one. Danny Lastres really pulled a show last night with his brilliant fielding at short and received a nice hand from the Rocky Mount fans. Ray Phillips was forced to go back against the fence several times last night in order to catch the ball. Fernando Ramos was forced out of the game in the seventh frame when he and Nensing executed a double steal and Ramos slid home, injuring his leg. The Leafs had 11 men stranded on bases, the Greenies 7. Bill Sweel is leading the Greenies in the home run division as he smacked his second one of the season over Rocky Mount last night.

Bob Doty, who resigned as president of the club yesterday morning, stated that he was planning to return to his home in Bartow tomorrow and that in all probability he would go back to his old job, that of scouting for the Detroit Tigers. He said that he wished to express his thanks to the many people here for the favors shown him during his stay here, and that during his travels around the country should he come across a player which the Greenies would be able to use would he would always have the interest of the Greenville baseball club at heart.

The action of the directors of the Greenville Baseball Club in naming a steering committee with power to obtain for Greenville a winning team, should be commended by all local followers of the game. But at the same time it is up to the fans here to support the club and show them that they are really behind them and they in return will give Greenville the best team obtainable. Bill Phebus at the present time has a hustling ball team and has now knocked the Rocky Mount Leafs off the top of the league by scoring two straight wins.

Stan Plos has obtained his release from the Tarboro Tars and has returned to his home where he plans to play semi-pro ball. Bill Price is reported to have jumped the Tarboro club. Don Hornmann, the veteran catcher-outfielder the Bugs have been trying to obtain from Raleigh, has been sold to Jackson of the Southeastern League.

A 225-year-old maple tree which was cut down recently showed it had been tapped for maple syrup back in the times of the Indians—there were evidences of gashes made by tomahawks.

## Nash Is Big Gun, Driving In Five Runs; Sweel Hits Homer In Ninth; Junior Yohn Hurls 11-Hit Ball Game

By BERT MOYE  
Manager Bill Phebus' Greenies walloped Rocky Mount 11-4, last night in Rocky Mount as Junior Yohn scattered 11 hits over the route to register his second win of the season for the Greenies. He has three losses. The win was the second straight over Turkey Tyson's Leafs.

The Leafs scored singletons in the first and second frames to take the lead but the Greenies came back in the third frame to knock the count at two-all by chanking up two runs on two hits, a walk and a sacrifice, then came back in the fifth to go out in front, for keep, scoring two runs on two hits and a walk. Phillips walked, Cohen singled, Nash singled to bring home Phillips and Cohen scored on Ramos' infield out.

The Greenies scored in the last three frames of the ball game, making up four runs in the seventh, two in the eighth and one in the ninth. In the seventh Lastres singled, Cohen walked, Sweel walked to load the bases, Ramos hit through shortstop Denson to bring home Lastres and Cohen, Nensing singled to bring home Nash and a double steal by Ramos and Nensing resulted in Ramos scoring in third. In the eighth frame singles by Lastres, Phillips and Nash aided by an error accounted for two runs; and Bill Sweel homered over the left field wall with two men out in the ninth frame, his second of the current season, to account for the final run of the Greenies.

The Leafs managed to put across two runs in the seventh on singles by Martin, Fowler and Tyson.

Wiley Nash with three singles in four trips to the plate, which drove in five of the 13-hit all night was the big gun in the 11-hit all night of the two leaf hurlers, Chuck Hastad and Walt Barton.

Junior Yohn getting his first win against the Leafs this season, pitched 11-hit ball but kept them well scattered. He walked a total of seven men and struck out two. Jefferson, Fowler and Hanley got two hits each to lead the Leafs' attack.

## Citation Aiming At Triple Crown In Belmont Event

Camden, N.J., May 26.—(AP)—Citation, already two-thirds of the way home in quest of the turf's triple crown, was due to stop off at Garden State Park today to make arrangements for picking up \$50,000 or so on Saturday.

The Kentucky Derby and Preakness winner figures to take the rich Jersey stakes as easily as he did the Churchill Downs and Pimlico classics before moving on to New York for the \$100,000 Belmont stakes June 12. The Belmont completes the triple crown.

The son of Bull Lea from Warren Wright's Calumet Farm will be asked to give weight to several of his rivals in the mile and one-quarter test but that doesn't figure to phase the colt which already has won \$423,700.

Helium is believed to be the only substance which will remain in a liquid state at temperatures close to absolute zero.

Hammocks were discovered in America by Columbus. The American Indians called them "hamacs."

Harry (The Cat) Brecheen was making a bold bid to equal the National League record of four straight shutouts which is shared by Grover Cleveland Alexander, of the Phillies, and the famous Cub —Mordecai Brown, Ed Ruelbach and Bill Lee—when Johnny Hopp, a former teammate now playing with the Pirates, broke his string of scoreless innings at 32 and two-thirds by driving a Pittsburgh run across the run. Brecheen scored his fourth straight triumph over the Pirates, 8-3 but his record bid was interrupted.

Brecheen notched his first 1948 victory at the expense of the Cubs, 1-0, and repeated against Chicago, 4-0, in his second effort and then beat the Phillies, allowing only a scratch single. In those three games The Cat allowed no runs, 18 hits, gave two bases on balls and struck out 16.

The amazing Brecheen, pushing to 34, is one of the great mound marvels of the game. Weighing less than 160 pounds and standing five feet, ten inches, he's as tough as rawhide and always hard to beat. He was the star of the 1946 World Series and last season won 16 games for the Red Birds. His triumph over the Pirates put the Cardinals back in first place this year.

## Ben Hogan Takes Second PGA Championship Title

St. Louis, May 26.—(AP)—Stone-faced Ben Hogan, the great little pressure player from Hershey, Pa. can thank a fine iron game for his second Professional Golfers Association championship and a \$3,500 boost to the family bankroll.

Hogan beat veteran Mike Turnesa, of White Plains, N. Y., 7 and 6, yesterday in the finals of the 30th PGA tournament, mainly because he was complete master of his wedge and eight iron.

The prize money valued Hogan's tournament earnings for this year to \$13,897.50 for 49 rounds of play, second only in dollars and cents to Lloyd Mangrum of Chicago, who has picked up \$14,764.99 in 10 more rounds.

Turnesa, one of three brothers who have lost in the finals of PGA tournaments, simply didn't have the strokes to match the sub-par shoveling of the Texas-born Hogan.

With conceded putts, Ben trailed the seven days of golfing over the short and hilly 6,487 yard Norwood Hills Country Club course in 35 under par for the 213 holes that included two rounds of qualifying.

Turnesa often outdove Hogan but performed feebly on many of the greens, although he is regarded as one of the better putters of the game. Three-putt jobs on two greens had a crippling effect on the popular New Yorker.

Always on the inside with his brilliant approach, Hogan trailed only once during the day on the second hole. Turnesa sneaked a 20-foot scoter into the cup. Ben evened the match at the fourth, went ahead on the fifth and from that point never looked back.

## Youth Succumbs To Fall At Beach

Wilmington, N. C., May 26.—(AP)—Bill Uren, Jr., 19, star three-sport Gastonia High school athlete, died early today in James Walker Memorial Hospital from injuries received in a fall at Carolina Beach Sunday.

He never regained consciousness after falling from a second floor beach hotel balcony.

He sustained a deep compound fracture of the skull when he fell apparently in his sleep.

Uren and other members of the Gastonia team were week-ending at the beach in celebration of their winning the state class AA high school baseball championship last Friday.

He was an outstanding pitcher and had been co-captain in basketball and football.

Local police and State Bureau of investigating agents have been investigating the case.

The Gastonia High senior class of which Uren was a member, called off its class day exercises today following word of his death.

## Walcott's Right Foot Infected; Not Worried

Grenock, N. J., May 26.—(AP)—An infected right foot has sidelined Jersey Joe Walcott for a few days but the challenger for Joe Louis' heavyweight boxing crown isn't worried one bit.

"I needed the letup," said Jersey Joe as he lounged about his well appointed Grenock Lake training camp. "I weigh 198 pounds and that's only three and one-half more than when I met Louis last December."

Neither Walcott or his handlers know his foot became infected.

"Just one of those things, probably a splinter," said Trainer Danny Florio. "We didn't pay any attention to it until a couple days ago. Then he went to a doctor yesterday and was ordered to keep off it as much as possible."

## Million Dollar Sports Palace In Barcelona Soon

Barcelona, Spain—A municipal sports palace rivaling the best in Europe is scheduled for construction here soon and officials hope it will be in use by 1950.

Baron de Esponella, deputy mayor of Barcelona, says the sports palace would fill a great need in this city where more than a half million fans attend sports events each Sunday.

Plans call for an indoor stadium with a capacity for 25,000 spectators. It would contain a bicycle racing track about 275 yards long; an indoor foot track, a swimming pool about 100 yards long by 11 yards wide; a basketball court; a court for roller skating hockey; a boxing and wrestling ring, and an ice skating rink 65 yards long by 44 yards wide.

Plans drawn by Javier Barroso, a Madrid architect, have been approved by the municipality. The entire project will cost about \$1,000,000.

## Another Turnesa Opens Defense British Title

Sandwich, England, May 26.—(AP)—Driving into a stiff cross-wind, Willie Turnesa, of White Plains, N. Y., today opened defense of his British Amateur golf title.

Playing with Frank Tatum, of Los Angeles, an Oxford Rhodes scholar, Turnesa halved the 441-yard first hole with a one-over-par five.

"The vacation is over," Turnesa remarked as he teed off. He walked the first two days having drawn a first round bye.

An overnight rain brightened up the fairways which had been hard after a fortnight drought.

The wind hindered Tatum on the first green. His chip shot stopped on a ridge. Thirty seconds later the wind blew it two feet down the slope.

## Top Athlete Jim Thorpe Coaching Kids In Chicago

Chicago.—(AP)—Jim Thorpe is back on the track.

He carries 36 more years and 90 more pounds than he did when he was hailed as the world's greatest athlete at the 1912 Olympic Games in Stockholm.

His age—66—has cut his speed to a dog trot, and his weight—215—keeps him out of the pole vault pit. So he has returned to the sport in the role of a coach.

Thorpe is assistant to the general supervisor of physical activities of the Chicago district. He tours the parks to talk to kids and to teach them the fine arts of running, jumping and tossing the shot and discus. He puts on a white sweater and a baseball cap and works with boys and girls ranging in age from eight to 20.

"I like it," he says.

Thorpe is a man of few words and even fewer expressions. But the broad smile on his face as he jogs down a cinder path with a pack of youngsters at his heels shows he gets a kick out of his new job.

The lads look just the same as they did a generation back.

"But they have better equipment and better facilities than when I was a boy," he says. "And there are more who go in for athletics. That means there will be more competition and more records will be broken."

Thorpe finds it hard to choose his favorite sport. He won decaathlon and pentathlon in the 1912 Olympics. He ranked as an all-time great in college and pro football. He played a fair game of baseball.

"I like 'em all," he says. "But I like fishing and hunting better than anything."

## Innovations For Speedway Autos

Indianapolis—A half-dozen new engineering ideas will be tried out May 31 in the 32nd annual 500-mile automobile race at Indianapolis Speedway, the proving ground for such long-accepted improvements as the low-pressure tire and rear vision mirror.

Some of the innovations will be kept secret by the race car builders. They're especially quiet about gear ratios and fuel formulas. Other experimenters welcome publicity in hope of selling to the major passenger car and truck manufacturers.

One of the new devices is a rubber fuel tank that does not develop leaks from vibrations or burst when a car is wrecked. It was developed by Firestone on bullet-proof aircraft tanks. One advantage is that it can be moulded to fit odd-shaped spaces.

The rubber tank also is lighter than the conventional metal tanks and will give extra fuel capacity to the nine cars that will use it.

Grooved pistons will be used in the Novi specials owned by Lou Welch, Novi, Mich., and designed by W. C. (Bud) Winfield of La Canada, Calif. The piston surfaces are circled by grooves not much bigger than those on a phonograph record. Welch explains that raised portions of the plains that raise a "flow," making a perfect fit in the cylinder.

Anthony Granatelli, Chicago manufacturer of "hot rod" heads, is trying out an external oil cooler and an air scoop comprising the entire frontal area of his chassis.

Hidden flaws in metal parts are being detected by "magnaglo," an extension of the magnaflux tests previously used on all speedway cars. Parts are magnetized, then dipped in a fluorescent liquid. Sub-surface cracks show clearly under infra-red light.

One of the most promising new inventions won't be at the track this year. Don Suttle, Detroit, designed a steam car he believed eliminated the faults of the early steamers. He sent in his entry, then found he couldn't complete the two-cylinder car in time for the race.

## Ray Robinon To Fight In June

Chicago, May 26.—(AP)—Welterweight Champion Ray (Sugar) Robinson and Bernard Doucen of New Orleans will meet in Chicago next month in a title fight.

The proposed date is June 17 at Comiskey Park. The date and site will be acted upon by the Illinois Athletic Commission at its regular meeting Tuesday.

## Night Work At Motor Speedway

Indianapolis, May 26.—(AP)—Garage lights burned all last night at the Indianapolis Motor Speedway as mechanics worked against the deadline for qualifications for the 500-mile Memorial Day auto race next Monday.

Today's time trials, (noon to 6 p.m. CST), are the next-to-last chance to get into the 33-car line-up. Additional qualifications will be run Saturday but it would be too late then to fix any mechanical faults that showed up in the high-speed trial run.

William Frederick Cody, an Iowa youngster, was hired by the Missouri provisioners to supply meat for their railroad builders. Cody earned his nickname, "Buffalo Bill," by killing 4,280 bison in 18 months to feed the gangs.

## Silent On Inquiry

Columbus, O., May 26.—(AP)—Official silence prevailed today in an investigation of a "situation" in the Carolina Baseball League.

Word that an investigation of conditions within the Class-C loop was under way was released this week by George M. Trautman, president of the National Association of Professional Baseball Leagues (the minors).

Trautman disclosed that he had called Barney DeForge, manager and pitcher of the Reidsville Luckies, before him yesterday for questioning.

The minor league boss emphasized that no charges have been made against DeForge and added that he may issue a statement later.

## Pro Netters End 'Initial' Battle

New York.—(AP) Newsfeatures  
The pro tennis battle of the initials is over and the play for pay netters are making plans for their June 12-20 championship at the West Side Tennis Club, Forest Hills.

Jack Kramer, Bobby Riggs, Pancho Segura and Dinny Pails, members of Promoter Jack Harris' touring net circus will enter the competition along with Don Rudge, runner-up of the last two years. Frank Kovacs, Welby Van Horn, Wayne Sabin and other top players.

To enter a player must be a member of the PLTA, the Professional Lawn Tennis Association, backed by the WSTC. In the past, Bill Tilden's PPA, Professional Player's Association, attempted to enter players in the championship and when that group folded, the WPPA, the World's Professional Player's Association, took over.

Headed by Riggs and Rudge, the WPPA appointed Vinnie Richards commissioner of pro tennis. But Riggs was lured away by Harris' gold and when he left, the WPPA folded, leaving the field to the PLTA.

The entries from Riggs, Kramer, Segura and Pails appear to spell a victory for the West Side Club over Harris, who had intended to withhold the players from the competition. This would have destroyed its value at the gate. The players expect to cut up \$25,000 from this year's

## Williams Retains His Boxing Title

Los Angeles, May 26.—(AP)—The Ike Williams camp was happy and the followers of Enrique Bolanos were unhappy—And irate.

That was the aftermath picture of last night's lusterous 15-round lightweight championship fight before a record crowd in which Williams, the champion, retained his title by a split decision over Bolanos, the challenger from Mexico.

Referee Charley Randolph gave his vote to Bolanos, but the two judges, Johnny Indrisano and Frankie Van, voted for the lithe Negro lad from Trenton, N. J.

A crowd estimated at 28,000, which paid a gross gate of \$152,000 witnessed the scrap. The gate receipts broke Los Angeles' old outdoor record of \$128,635 set in 1929 by Mickey Walker and Ace Fudkins.

The fight was action-packed from start to finish. Williams stalked in flatfooted, forever trying to land his well-known knockout wallop, and Bolanos, a shifty, jabbing left hook artist, moved in and out, never letting the champ get set.

Aside from Williams' big round in the tenth, when Bolanos ran smack into a right hand and then fell victim to punishing blows to the head, no round was decided by more than a point.

There were no knockdowns, but both fighters finished the match dripping blood—Williams from the mouth, Bolanos from the nose and from a nasty cut over the left eye he received in the 14th stand.

tourney. Last season the prize money totalled \$10,000.

Many Antarctic icebergs survive for 10 years while the life span of Arctic icebergs runs to about two years.

## Wanted! Men And Women Who Are Hard Of Hearing

To make this simple, no risk hearing test with Oursine drops used with simple syringe. If you are deafened, bothered by ringing, buzzing head noises due to hardened or coagulated eardrums, try the Oursine Home Method test that so many say has enabled them to hear well again. You must hear better after making this simple test or you get your money back at once. Ask about Oursine Ear Drops today at Bissette's Drug Stores.

# Mass Killing Of 500 Prisoners Told By General

By TOM MASTERSON  
Chingchuan, Shensi Province, China, May 26—(AP)—A gruesome story of the massacre of 500 Chinese Communist prisoners by national troops was told today by Gen. Ma Wen-Ting.

Half the prisoners, he said, were taken to a shallow mass grave and killed by his fierce Moslem and Buddhist troops. The others were killed with hand grenades.

Without emotion, the grim visaged Ma described the mass killing. It was carried out last week at Ninghsien, a Kansu province village near here.

"We snopped off one head after another with our big broadswords," Ma said. "We finished the others off with hand grenades."

The prisoners were part of 1,500 taken at Ninghsien where they fled after national troops routed them near Sian.

The general, Deputy Chief of staff of the national 2nd division, said an uprising among the prisoners caused the massacre.

"While we were sorting out Communist regulars from conscripted peasants," he said, "The Communists started an uprising. They shouted 'Mao Tse-Tung' (Chinese Communist leader's name) and 'up with Communism.' They became unmanageable. We were forced to kill them."

The general offered to take me to the shallow mass grave at Ninghsien and show me the bodies. Others in this camp of Moslem and Buddhist Chinese soldiers said the execution started when the Communist soldiers refused to divulge the name of their Commander. They said the 500 were slain before he was identified.

This report conflicted with another that Red Commander Lo Yuan Fa, leader of the fourth column, committed suicide at Ninghsien when the nationals trapped his troops. Those executed were in the fourth column.

## Will Broadcast Debate On Bill

New York, May 26—(AP)—The American Broadcasting Company announced today that it will broadcast a debate between Rep. Mundt (R-SD) and William Z. Foster, National Communist party chairman, over its network from 9:30 to 10 p. m. (EST) next Monday.

The debate will be on the subject, "Should the Mundt-Nixon Bill Be Enacted Into Law?" The legislation is designed to curb subversive activities and is aimed mainly at the Communist party.

U.S. plane production dropped from 350,000 in 1923 to 27,000 in 1932 but was up over 100,000 again in 1938.

## This Man Says He's Jesse James

This aged man at Lawton, Okla., claims he is Jesse James, the oldtime western outlaw. He is looking at an ancient portrait of the James family. Left to right: Jesse James, his mother, and Jesse's brother, Frank James. History records that Jesse was shot to death by Bob Ford in 1882 at St. Joseph, Mo. But the Constitution, Lawton newspaper, says it has proof that the man slain by Ford was Charlie Bigelow. (AP Wirephoto).

## Pleasant Surprise For Kiwanis Club

The Kiwanis Club will meet Friday evening at 6:30. President Nathan C. Brooks will have a very important announcement to make. The Kiwanis minstrel committee is expected to report on the annual show put on for the benefit of the Underprivileged Child Committee's good work among deserving persons. The minstrel, the best the club has yet produced, was a success in every way, the president said.

## Colored News

The Matron's Social Club will meet Wednesday night, May 26, at the home of Mrs. Launa Brewington, 517 Vance street. The club will be entertained by Mrs. Cathrine Wiggins. All members are asked to be present. Mrs. Gertrude Latham, president.

The Ladies Auxiliary club of Sycamore Hill Baptist Church held its regular meeting Sunday at the home of Miss Dollie Kemp, Washington, N. C. The meeting was largely attended with a number of 53. The hostess served a chicken salad course followed by punch, ice cream and cake, which everyone enjoyed.

There will be a F. T. A. C. I. O. membership meeting at 7:30 p. m. Thursday night, May 27, at the Church of God in Christ, the Holiness Church, on Clark Street. All members are asked to be present. A special guest is expected to be here. Annie F. Little, recording secretary.

Senior Class Play "The Open Road," a play especial-

ly adapted for senior class night exercises, will be presented by the graduating class of C. M. Eppes High School tonight at 8:15 in the Eppes auditorium.

## Citizens Averted Students' Strike

Cranberry, N. C., May 26—(AP)—Students returned to their classes at Cranberry High school today after the threat of a mass strike had been removed last night.

A council representing the 430 students of the school agreed to call off the threatened strike at a meeting with 250 citizens, many of them parents of the students.

A committee, headed by Raymond Fields of Elk Park, was appointed to continue efforts toward settlement of differences which resulted in the trouble.

The students voiced strike threat after the district school board members announced they would replace C. A. Bolick as principal. The same action resulted in a strike at the school last year but the students returned after Bolick was renamed principal.

# VOTE FOR W. Jasper Smith

## FOR House Of Representatives

His long experience in county affairs as member of the Board of Education and chairman of the Board of Commissioners well qualifies him for the office.

Your vote and active support will be appreciated.

# "I don't want the settlement of my estate to be Somebody's First Experience"

"A friend once asked me: 'If your life depended on the success of an operation, would you ask a friend or relative to perform it — or would you secure the services of an expert surgeon?'"

"His point was obvious. I've worked hard building up an estate for my family. The success of my plans for them after I am gone — regardless of how well my Will is written — depends a great deal on how efficiently my executor handles and distributes my lifetime's accumulations. I don't want it to be somebody's first experience.

"I want an executor thoroughly experienced in the problems of estate settlement, impartial in judgment, financially responsible, always available when needed, and certain to complete every task connected with my estate.

"That's why I've named the Guaranty Bank and Trust Company. They are qualified to see that a man's plans for his family are carried out, efficiently and economically. That's what I want — and so do you. Why don't you talk to them?"

The Guaranty Bank and Trust Company is authorized under the laws of North Carolina to act as executor and trustee. However, it does not practice law. Your attorney should prepare your Will. He should also advise you on all the legal aspects of your Estate Plan.

More and more people are using the services of our Trust Department.

## THERE OUGHTA BE A LAW!

## Visiting Nurse

by Kathleen Harris

Chapter 20

Mrs. McNaughten had not said how long she planned on being away, but when she had been gone nearly two weeks—with the small apartment so very empty without her—Hildred became somewhat alarmed.

"I'm afraid Mummy is ill, down with one of her spells," she confided to Randy one evening when he drove her home from the clinic and stopped in for awhile. She and Randy were back on the old terms again, good "pals," during their off hours, nurse and doctor while at the clinic.

"If you're worried," Randy suggested, "why don't you call long distance and find out?"

Hildred thought that an excellent suggestion; she knew her mother would never write if anything was wrong, fearing that it would worry her younger daughter.

"I'll hang around," Randy added, throwing his long length on the comfortable old couch. "When you're through—and convinced your mother is all right—we could out to The Barn and have some fried chicken, what do you say?"

Hildred said that was a nice idea; she did not know why, but she dreaded another long, lonesome evening. It was not like her mother to be gone so long without writing regularly; something was wrong, Hildred felt certain.

Her fear was confirmed as soon as the call was put through. "Mother can't talk to you," her sister Ruth said. "She's been sick, Hildy, almost since she came. I've had to make her stay in bed. You know how determined Mother can be."

"Is Mummy very ill? Why, didn't you write and tell me?" Have you had in a good doctor?"

"You know Mother won't have anyone. Besides, she's had a dozen doctors and none of them can find a thing the matter with her." Ruth's tone reminded Hildred of a child on the verge of whining; it said that she was not to blame; things were always against her. "It's nothing to worry about, Hildy—just one of her spells. She wouldn't let me write you."

"I'll come up Saturday," Hildred said. "If she's able I'll bring her back with me, so keep your chin up, Sis. And give Mummy my love and tell her to take it easy."

"That's what she's been doing," Ruth returned.

"I'll be seeing you Saturday then, around supper time. Please make her stay quiet these next few days so she will be able to stand the trip home. Good-bye, Ruth, be seeing you, dear."

"I'll drive you up Saturday," Randy said, much to Hildred's surprise as she hung up. "Now don't start fretting, Hildy. You know your mother gets this way—it can't be much except nerves. Nothing whatever to be alarmed about."

"I can't agree," Hildred shook her head. These spells of her mother's if not so frequent these days, were much worse when they occurred, lasting much longer. "That's nice of you, Randy. That old local makes every stop on the way. It will be much easier to bring Mummy back."

## Side Placement Of Fertilizer Helps Tobacco Plants

College Station, Raleigh, May 26. —Side placement of fertilizer for tobacco was practiced this year for the first time by a number of farmers in Lenoir county, reports F. J. Koonce, Jr., county agent for the State College Extension Service.

Side placement has been recognized for a number of years as the most satisfactory method of applying fertilizer, but its advantages have not been clearly demonstrated on a farm basis until this year.

Farmers using the method have special equipment which enables them to place the fertilizer in two bands on either side of the tobacco plants. The bands of fertilizer are about seven inches apart and about one inch lower than the root of the plant after it is set. The plants are set half-way between the two bands of fertilizer.

This method reduces to a minimum fertilizer injury to the young tobacco plant roots, resulting in a better stand of tobacco and a more rapid growth during the early part of the season.

One of the first farms to use side placement for tobacco in Lenoir County was that of F. A. Garner in the Southwood community. He found the method satisfactory in 1947. This year about 15 additional farmers had the equipment available and tried the new method. All have reported good results thus far.

Koonce asserted that side placement of fertilizer may be desirable

## Belvoir-Falkland High School Holds Closing Exercises

F. H. Hodges, Principal of the Belvoir-Falkland High School announced today that the commencement program had been completed, ending a very successful year of progress for the school.

On Sunday night, May 16, Rev. J. A. Neilson, pastor of Immanuel Baptist church, Greenville, delivered the baccalaureate sermon to the graduates and on Wednesday night the annual class night exercises were held. On Friday May 21 the elementary grades presented an operetta, "Flowers of Our Nation" which was followed by a community picnic and baseball game between the high school team and the local club.

Dr. W. S. Marshall, Dean of Men, at East Carolina Teachers College, delivered the commencement address, his topic being "Citizenship Responsibility and the Price of Peace."

Mr. W. R. Tyson, Chairman of the school board, presented the diplomas to 19 graduates.

Principal Hodges presented honor awards and certificates of merit.

Temperatures in excess of 140 degrees Fahrenheit cannot be tolerated by the human body for any length of time.

road leading to the renovated farmhouse that had been made over into a replica of a big red barn.

Hildred glanced at him sideways. She wished she could see his expression, but dark had descended during their drive. "That doesn't sound like you! You always believe in getting at the root of the trouble." Could Randy be keeping anything from her in regard to his mother?

(To be continued)

## ARE THESE STAIRS RIGHT-SIDE UP, OR UPSIDE DOWN?

for corn, cotton, soy beans, and possibly other crops. He said manufacturers of farm machinery are expected to make more equipment of this type available for the various crops.

U.S. oil wells now average 3,900 feet deep.

# VOTE FOR

## J. Melville Broughton

### For U. S. Senate

- A REAL LEADER
- A CAPABLE, CONSCIENTIOUS WORKER
- A PROVEN FRIEND OF THE FARMER AND SMALL BUSINESS MAN

His record as Governor and private citizen shows clearly that he will be a real leader in the Senate for the interest of all the people of North Carolina. If North Carolina farmers and business men get the federal legislation they need, it will be through a real leader. We cannot make progress with a Senator who only votes for or against legislation originated by someone else.

More and more people are saying every day that he is our best man. Join the crowds.

# VOTE FOR HIM

## Democratic Primary May 29

This space sponsored by the Pitt County friends of J. M. Broughton.

# WAS MR. SCOTT THE FARMERS' FRIEND IN 1939? The Answer Is NO

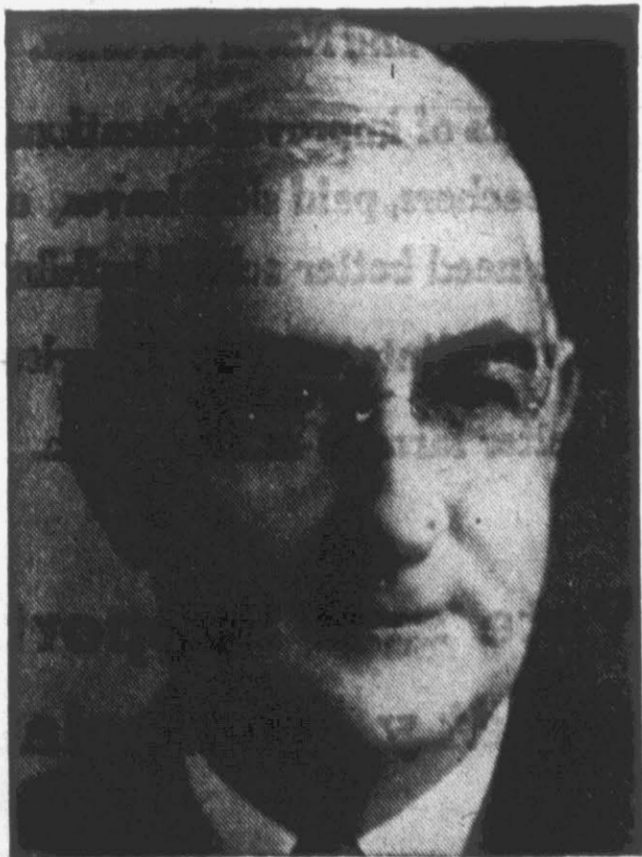

You tobacco farmers of Pitt County well remember the price slump of September 1939 when prices dropped below 11 cents a pound and it was necessary to close the market until steps could be taken to prevent financial disaster.

A meeting of southern farm leaders and government officials was held in Washington, D. C. on the matter. What was Mr. Scott's Attitude toward the farmers' plight?

Time Magazine reporting the meeting in its issue of October 9, 1939, page 58. said:

*"North Carolina's big, handsome Commissioner of Agriculture William Kerr Scott suggested sadistically that the markets be re-opened. The farmers left to squirm."*

Mr. Scott in his campaign for governor of North Carolina is now posing as the farmers' friend. Based on the record we do not believe that the farmers are going to be fooled into swapping their votes for empty promises.

CHARLES M. JOHNSON

*Play Safe—Vote For*  
**CHARLES M. JOHNSON**

An Eastern Carolinian who is in sympathy with Tobacco Farming as well as other vocations of the people of our state.

This contributed by voters who are vitally interested in tobacco farmers of Pitt County.

In Police Court Monday morning William H. Phillips, charged with hit and run and property damage, was not guilty.

Otis H. Smith, charged with vagrancy and being a public nuisance, was found guilty. He appealed to Superior Court.

Drink: William C. Smith, \$15; Jesse J. Stancill, \$15; Fernie G. Laughinghouse; Herman S. Adams, \$15; Alphonso Weaver, colored, \$15; Sam L. Green, colored, \$20. costs deducted.

Speeding: Orange Clemmons, colored, \$20. costs deducted; Joseph E. Cannon, \$20. costs deducted; Ethel C. Lucas, colored, convicted of operating a bawdy house at 217 Center Street, was fined \$50. costs deducted, and ordered to move by July 1.

Fornication and adultery: Edna

**Turkey And . . .**

(Continued from Page One) and his appointment brought from observers the comment that Russia might be getting ready to put the screws on Ankara.

Foreign Minister Sadak may have similar ideas about the ambassador's mission and by showing the red light to try to halt any high pressure activities. Certainly this could be the witching hour for the Russian ghost to walk in the Middle East theatre, especially since the Jewish-Arab situation has been complicated by the differences between the United States and Britain. Communism thrives on trouble.

That doesn't mean the Soviet Union would deliberately embark on ventures which would produce a major war. She doesn't want a major war. However, Moscow hasn't concealed its intention to break into the Mediterranean—if necessary at the expense of Turkey and Greece. She will pursue that objective at all costs short of war.

**N.Y. Cotton**

New York, May 26—(AP)—Cotton futures opened 75 cents a bale higher to 10 cents lower.

Noon prices were 55 cents to \$1.60 a bale higher than the previous close. July 37.12, Oct. 33.73 and Dec. 33.07.

Futures closed \$1.75 to \$2.55 a bale higher than the previous close.

Open	Last	Prv. Cl.
July	36.95	37.30
Oct.	33.52	33.92
Dec.	32.85	33.25
March	32.57	32.90
May	32.20	32.50
July	31.40	31.77

Middling spot 39.00 up 55.

**Hog Market**

Raleigh, May 26—(AP)—(NCDA)—Hog prices steady to slightly stronger. Tops of \$23 at Rocky Mount, Greenville, New Bern, and Washington, \$23.50 at Richmond.

**Poultry and Eggs**

Raleigh, May 26—(AP)—(NCDA)—Fryers and broilers steady at 38; Eggs steady, A large 48.

**Grain Market**

Chicago, May 26—(AP)—A brisk rally which started in wheat spread to other grains on the board of trade today. Prices were up a few cents at times following a slightly lower trend at the opening.

Wheat closed 1/4-1/2 higher, July \$2.34-2.35, corn was 2 to 3/4 higher, July \$2.15-2.15, oats were 1/2 to 2 cents higher, July 92 1/2, and soybeans were 5/4 to 6 1/2 cents higher, July \$4.01 1/2.

**Opponents . . .**

(Continued From Page One) Draft opponents opened their arguments before the committee yesterday. The first two were Reps. Folger (D-NC) and Barden (D-NC).

Folger said sentiment for a peace-time draft is being fostered "by an excess of hysteria in this country." He declared the armed forces "have made no real concentrated effort to get their men by recruiting."

Barden, who said he enlisted in the navy in World War I, told the committee: "It is hard to oppose this at a time when the air is charged with a certain amount of patriotism—some of it real, some synthetic, and some induced, I am afraid, by selfish motives."

But he said a draft would not be necessary if service pay, particularly for enlisted men, were raised.

**Mix-Up In . . .**

(Continued From Page One) Wasn't this saying clearly the unions were urging the government to take over the railroads by buying and owning and running them?

No, the union heads said, it didn't mean that. They said it meant this: The government should "really" seize the roads now—instead of letting the companies run them—and not only settle the present dispute but, in so doing, fix a policy for settling similar disputes in the future.

If the government didn't do this now and fix such a policy, they said, then the government ought to buy up the railroads and run them itself.

At first glance that may shock a lot of people. Government ownership of the railroads in this country, which prides itself on free enterprise, would be a big step toward socialism.

But deep within it is a question which the union heads didn't answer to this writer's satisfaction. American labor unions, including the railroad unions, want what is called "free, collective bargaining" and that includes the right to strike—without any compulsory arbitration.

Compulsory arbitration means simply that the government appoints someone to decide a dispute between a union and an employer. His decision is final. Both sides have to accept it. There can be no strike.

The union heads said last night they don't want compulsory arbitration. But suppose the government steps in now and settles this dispute, giving the unions what they want whether the railroads like it or not.

That would be compulsory arbitration working one way: for the unions and against the railroads.

But it could work the other way too—against the unions.

And if the government owned the roads, the unions could hardly expect to be free to strike. That would be a strike against the government.

Now, without owning the roads at all, the government has stepped in and forbidden the unions to strike.

So in the end, under government ownership, the union would have to accept the government's final wage offer without a strike. That, in effect, would be compulsory arbitration although that's what the union heads said they don't want.

The union heads said they thought even under government ownership they'd be free to strike.

**Name Nebraskan Head Of Atomic Work In Biology**

Washington, May 26—(AP)—Dr. James H. Jensen today was named chief of the Atomic energy commission's biology division.

Jensen, a native of Madison, Neb., has been serving as head of North Carolina State College's pathology department since 1945.

In his new position he will supervise the commission's research in applying atomic energy to the fields of biology and agriculture.

Jensen has spent several years in Cuba and Puerto Rico studying virus diseases affecting sugar cane, grapefruit and other plants. Before joining the North Carolina State faculty he worked at the Nebraska College of Agriculture, specializing in experiments to increase disease resistance of potatoes and beans.

**May Invoke . . .**

(Continued From Page One) hampering negotiations being guided by the Federal Mediation service, is the union hiring hall traditional on all coasts.

Through the hiring halls the Unions for years have supplied employers with union members as seamen and Longshoremen. The trouble now is that employers are balking at continuing the system for fear it is a form of closed shop, banned by the Taft-Hartley act.

The unions are insisting that the hiring halls be continued.

The Labor Department may put the question squarely up to attorney general Clark for an opinion.

One way or another, an official ruling on the legality of the hiring hall would clarify the situation on a principal stumbling block in the negotiations. But there are literally dozens of other issues to be ironed out, including wages.

**Sentence Parent For Offense By Teen-Aged Son**

Winston-Salem, N. C., May 26—(AP)—A father was sentenced today in Municipal court for an offense committed by his 15-year old son.

Municipal court Judge Leroy W. Sams fined Arvel E. Willard \$50 and the costs, gave him a six-month suspended sentence and revoked his driving license for 12 months.

Judge Sams held that Willard was responsible when his son, Harold Willard, hit a vehicle while driving his father's car and failed to stop. The youth went free and his father, who was in the car at the time of the accident, was sentenced on a hit and run reckless driving charge.

For allowing his under-age son to drive his car, the father was fined \$25 and the costs.

During the ice ages the average thickness of ice over much of the northern part of the world was 10,000 feet.
