

Considerable cloudiness and showery tonight and Friday.

Legion Witness Says 'Quislings' Trained To Act

Griffith Says Largest Fifth Column Ever Seen Now Existing Within U.S.

Washington, May 27—(AP)—An American Legion leader told Senators today "100,000 trained and seasoned quislings of the Communist front" now threaten the United States.

Paul Griffith, past national Legion commander, made the statement before the Senate Judiciary Committee. He asked speedy Senate approval of the House-passed Mundt-Nixon bill to curb Communists.

"We have today in our midst the largest fifth column of potential spies, saboteurs, demoralizers, traitors, and wreckers ever been in modern times," Griffith said.

He said the 100,000 "quislings are aided and protected" by an "estimated million or more fellow travelers, sympathizers and dupes."

Griffith testified the Communist party is "collecting a war chest" of \$500,000 in an attempt to defeat the Mundt-Nixon bill.

"Every fellow traveler, stooge and deluded dupe has been thrown into the line," he said.

As the three-day hearing opened, Chairman Wiley (R-Wis) ruled out "any political speeches" by Henry Wallace or anybody else. Wallace, third party presidential candidate, has asked to testify against the measure.

Wiley said he intended to see to it that the hearings do not provide an opportunity "for some folks to get political advertising."

He also said the hearings "will not be turned into a three ring circus."

Donald Richberg, lawyer and former new deal administration official, was the first witness. He told the committee it seemed "obviously necessary" to have some legislation against Communist activities in this country.

He said the Mundt-Nixon bill attempts to deal with an organization "that is notoriously engaged in what is a conspiracy against all other forms of government to establish a totalitarian government."

Committee members, Richberg said, are those of "treachery" and "deceit."

Senate Finance Body Approves Oleo Tax Repeal

Washington, May 27—(AP)—The Senate Finance Committee today approved, 12 to 0, the House-passed oleo tax repeal bill.

Chairman Millikin (R-Colo) said the committee wrote in an amendment to require that public eating places which serve colored margarine must post a sign stating "No Oleo" if they do not use it.

Chairman Taft (Ohio) of the Senate Republican Policy Committee said reporters that group will meet tomorrow to decide when to call up the Oleo measure for Senate debate. Taft also is a member of the Finance committee.

Albright Warns Political Upset

Raleigh, N.C., May 27—(AP)—Mayne Albright predicted today that Saturday's primary will result in "the biggest political upset the state of North Carolina has ever seen."

Albright, a candidate for governor, made the prediction in a brief speech at Chapel Hill before his campaign motorcade headed for Charlotte.

GM Wage Agreement

The Three Important Points: Living Costs And Wages; Living Standards Involved In Pay Scale; Three-Month Checkups; A Model For Other Companies And Unions

By JAMES MARLOW

Washington, May 27—(AP)—There are three important points in the agreement General Motors made this week to boost its auto workers wages.

1. It may show the way for other companies and unions to agree on pay raises without strikes or trouble.

(The U. S. Steel Corporation has flatly refused a pay raise; the Ford Motor Company has suggested a pay cut; and workers are striking against the Chrysler Corporation for higher pay.)

2. So far as government and business officials here know this is the first important agreement tied directly to living costs.

(That means workers are given raises to meet living costs. If those costs go down, the workers get a cut; if they go up, they get an other raise.)

3. GM recognizes that workers, besides having to meet living costs, are entitled to pay that will boost their living standards.

In the past couple of years most unions have won pay raises because living costs have risen.

But they weren't tied directly to living costs, in the sense that the pay automatically would go up or down with living costs.

Simply, they were flat raises—

Preparing For AP Coverage Of Primary

International Business Machines, such as this huge tabulator, will be used by the Associated Press Saturday in covering the North Carolina primary election. It will be first time I.B.M. machines have been used for this purpose in the Carolinas. Esso Standard Oil Company made its machines available to the Associated Press for the purpose. H. C. Johnson, Sr. (left), head of the company's tabulating and statistical department at Charlotte, points out a phase of tabulating to AP Chief of Bureau Paul Hansell, AP Day Editor Ralph Howland (right) examines I.B.M. cards used for the work. Vandenberg Asks Old Trade Pacts

Advocates Extension Of Reciprocal Trade Agreements Act In Virtually Present Form; Supporting Demos Heartened In Senate

Washington, May 27—(AP)—Senator Vandenberg (R-Mich) said today the Reciprocal Trade Agreements Act should be extended in virtually its present form.

Vandenberg, chairman of the Senate Foreign Relations Committee, came out flatly against a provision of the House-approved bill giving Congress a veto over future trade agreements.

"As for the length of the extension, Vandenberg said that 'is of no great consequence,' although he prefers two or three years. The measure is amended through the House 234 to 149 by the Republican majority yesterday calls for a one-year extension. The present act is due to expire June 12.

President Truman and Secretary of State Marshall have urged a three-year extension without change in the act. The House disregarded those pleas in cutting the length of time and providing that Congress can veto a trade agreement if it wants to.

Vandenberg spoke out to reporters as Democratic senators laid plans for a last-ditch effort to carry out administration desires.

The Democrats plan to battle for a full three-year extension of the act "as is." If they fail, they hope to get through a bill wiping out the checkmarks put in by the House.

Bitter debate preceded the House roll call. It raged all day long from Secretary Marshall's whereabouts the night before. Senator Alf M. Landon's plea last weekend for his fellow Republicans to abandon their own bill.

Lewis' Stand Endangers Position Of Own Union

Charleston, W.Va., May 27—(AP)—John L. Lewis' refusal to sign a non-Communist affidavit under the Taft-Hartley Act is threatening the position of his United Mine Workers' District 50 as bargaining agent for 4,000 DuPont employees near here.

State Director Joe Jov of the CIO Chemical Workers Union said yesterday the National Labor Relations Board had ordered a new collective bargaining election at the Belle, W. Va., plant of E. I. DuPont de Nemours and Company. He said the NLRB order specified that District 50, bargaining agent at the plant since it won an election two years ago, would be excluded from the new ballot.

The NLRB order pointed out that District 50—Lewis' catch-all organization for workers outside the mining industry—has not complied with certain provisions of the Taft-Hartley Act, and "therefore we shall not place District 50 on the ballot."

The election, which must be held within 30 days, will offer a choice of the CIO group, no union, or the Association of Chemical Employees—an independent union which represented the workers before the UMW was certified as bargaining agent.

Section 9H of the Taft-Hartley Act provides that unions may not use the facilities of the NLRB—including the right to appear on ballots in collective bargaining elections—until their officers have filed affidavits to the effect that they are not Communists. John L. Lewis and the United Mine Workers have never filed such affidavits.

But unions have argued for a long time: If you try to tie in a man's pay directly with living costs, then a worker is always only just about able to make both ends meet.

It doesn't give him any of the money needed for more than just the day-to-day living. For example, saving money to send his children to school or buying special things that are not necessities.

Getting more money than just enough to meet the usual living costs, the unions argue, means a man's living standards are raised.

As his living standards go up he can buy more things which, in turn, means more people employed to make those things, which means prosperity.

General Motors has offered its CIO Auto Workers' Union both sides of that picture by agreeing to an increase of 11 cents an hour. (Continued on Page 16)

End Deadlock On German Program

Six-Nation Talks Near Agreement On Provisional Gov't

London, May 27—(AP)—A six-nation deadlock over western Germany's future was broken today and negotiators appeared headed for final agreement on setting up a provisional German government.

Diplomatic officials said the break—in an economic impasse—came last night when the delegates concurred on broad powers for an international control board over the mineral resources of the Ruhr.

The deadlock, caused by French objection to the plan for reshaping western Germany's future, had threatened to cause failure of the talks—involving the United States, Britain, France, Belgium, the Netherlands and Luxembourg.

Informants said France agreed to the Ruhr international authority for control over allocations of iron, coal and coke after the United States made concessions on French demands that safeguards be set up against the possibility that expanded German production might be used as a war potential. The chief concern of France—twice ravaged by war with Germany in 25 years—has been for her own security.

Last night's agreement was reached after British Secretary Ernest Bevin intervened. Bevin conferred Tuesday with U.S. Ambassador Lewis W. Douglas, chief of the American delegation, and Rene Massigli, French ambassador and head of the French delegation.

Party Treasurer

Washington, May 27—(AP)—Joe L. Blythe, Charlotte, N. C. contractor, today was named treasurer of the Democratic National Committee.

He is Democratic National committeeman for North Carolina and has been a state senator since June. He is 57 and is vice president of a general contracting firm in Charlotte.

Blythe is the second southerner to be named to a committee post in as many days.

Chairman McGrath yesterday announced the appointment of William J. Primm, Jr., formerly of Montgomery, Ala., as one of several executive assistants he will select to take over the duties of Gast-Sullivan, resigned executive director.

Anthracite Coal Parleys Started

UMW Representatives And Hard Coal Operators Meet

Philadelphia, May 27—(AP)—John L. Lewis' United Mine Workers and representatives of the anthracite operators sit down today in an attempt to work out a new hard coal wage agreement.

The present agreement, which expires July 10 on notice given by Lewis to Ralph E. Taggart, covers approximately 80,000 anthracite miners in 225 mines in eight eastern Pennsylvania counties. Taggart is chairman of the anthracite operator's committee.

Today's meeting marks the first contract talks in two years between the UMW and the coal operators. The miners have been working since 1946 under a pact with a provision that either party may give 30 days notice of termination.

Lewis has given no indication of what he will propose in the way of wages and Taggart wouldn't venture a guess.

High on the agenda, however, is expected to be negotiation pertaining to the anthracite health and welfare fund. District committees have proposed the union seek a 40-cent per ton royalty for the welfare fund. The present levy is 10 cents.

Fund Campaign To Move College In Its Last Day

Winston-Salem, May 27—(AP)—The Wake Forest College fund campaign swung into its last day today as the Special Gifts Committee for the campaign announced that it has exceeded its \$750,000 goal by \$28,000.

Special Gifts Chairman Robert M. Hanes announced this morning that \$750,000 has been received from corporations, bringing the previously reported \$728,000 well past the quota.

"This is a remarkable achievement and one which should long be cherished by corporations of this community as a substantial effort in assisting the movement of Wake Forest to this city," Hanes said.

He added that several corporations are still to be heard from, especially those operating in the city but having headquarters elsewhere.

Office Building In Raleigh Sold

Raleigh, N. C., May 27—(AP)—Building Management, Inc., of Wilmington has purchased the Capital Club office building here. It was announced today.

The law firm of Rung and Dell reported that the building sold by the Jefferson Standard Life Insurance Company of Greensboro for \$375,000.

The Wilmington firm also purchased the Murchison building at Wilmington at the same time, it was announced.

Angry Solons Order Inquiry Into U.S. Propaganda Radio

Washington, May 27—(AP)—Angered congressmen ordered a double-barreled investigation today into Voice of America broadcasts they say have labeled and misrepresented the United States.

Senator Ferguson (R-Mich), the Republicans' top investigator, will head one by the Senate.

Rep. Chenoweth (R-Colo) will direct one for the House.

Indignation, anger and amazement were mixed in the congressional reaction to disclosure that the broadcasts have told the world such things as — "New England was founded by hypocrisy and Texas by sin."

The importance attached to the matter was emphasized by the fact that Senator Vandenberg (R-Mich), the Senate's presiding officer and chairman of its Foreign Relations Committee, announced plans for the Senate investigation.

Vandenberg said he is "amazed" by reports of the broadcasts. He conferred with Chairman Aiken of the Expenditures Committee. Aiken named Ferguson to dig into the record.

Chenoweth said a House expenditures subcommittee which he heads will start a general investigation tomorrow.

"We have had a lot of complaints," Chenoweth told newsmen. "We want to find out who is responsible for these programs and for some of the script that has been going out to the taxpayers' expense."

Chenoweth said officials in charge of the foreign information program will be the first witnesses.

The programs which stirred up Congress were prepared and broadcast by the National Broadcasting Company for Voice of America.

Senator Capehart (R-Ind) read some of the scripts to the Senate yesterday.

Sample broadcasts excerpt: "Nevada's two main cities compete with each other because people get married in Las Vegas and divorced in Reno."

From Senator Ferguson (R-Mich): A demand that Congress reject the \$27,000,000 appropriation requested for next year to finance the worldwide radio programs intended to portray the democratic way of life in this country.

From Senator Capehart (R-Ind): A promise to introduce a resolution calling for a top-to-bottom congressional inquiry into the State Department's operation of the information program.

From the National Broadcasting Company, which handled the programs under contract with the department: The writer who turned out the scripts has been fired and the supervisor who reviewed them has been "relieved of his post."

This, however, failed to dispel the storm.

It broke in the Senate late yesterday when Capehart read excerpts from a series of programs broadcast late in 1948 and early this year to South and Central America. The Indiana senator said they purport to deal with life and history in the 48 states as seen through the eyes of two travelers.

One script on Utah referred to Brigham Young, the Mormon leader, as "carrying a bottle of whiskey in one pocket and a cud of chewing tobacco in the other." But, said the script, Young used neither.

By the time Capehart got around to New England and Texas, the whole chamber was fuming.

"This stuff," cried New England Senator Saltonstall (R-Mass.), "This whole thing is saturated with malice," shouted Senator Connally (D-Tex.). "They are saboteurs. They are traitors to their country."

Neither the company nor the union had any comment on the progress of yesterday's talks toward ending a walkout of 75,000 Chrysler workers which began May 12.

However, there was an air of optimism as representatives for both sides prepared to continue their work.

For the second time, the UAW reduced its wage increase demand from 30 to 17 cents yesterday. The company made no official indication that it had upped its previous six-cent hourly offer.

But looming in the background of the wage talks was the 11-cent adjustable increase agreement General Motors Corp. reached Tuesday with the auto workers union.

Observers throughout the industry expected that settlement—which averted a threatened strike of 225,000 GM workers—would furnish a pattern for other contracts with the UAW.

Yesterday the Ford Motor Co., usually bracketed with General Motors and Chrysler to make up the auto industry's big three, informed the union it would be willing to open wage talks June 14.

Although Ford representatives have suggested in a pre-bargaining statement that its UAW production workers take a wage cut, it was believed that the GM agreement might also have its effect on the coming Ford negotiations.

Workers in auto plants operated by the big three make an average of \$1.50 an hour.

Washington, May 27—(AP)—The Truman Administration has sent the Senate Foreign Relations committee a list of Russia's major misdeeds to block a just peace.

It also has pinned an official "propaganda" label on Russia's spring "peace offensive."

The list sent to the senate group is reported authoritatively to cover around three dozen or more violations by Russia of agreements which the Soviet Union has made during recent years with the United States and various other countries.

Secretary of State Marshall sent the list in response to a resolution sponsored in the Senate by Senator Capehart (R-Ind). The resolution asked for the details to support President Truman's statement in a message to congress March 17 that one nation had persistently violated its international agreements and thereby blocked a just world peace.

Apparently none of the violations charged against the Soviet Union is new. What Marshall sought to do was simply to document known violations and to summarize charges against the Soviet Union which had already been made.

The State Department said today the U.S. reply to various Soviet notes of protest was delivered to the Russians by the American embassy in Moscow Tuesday.

A statement released by the department said the Soviets had objected to more than 50 cases of alleged interference with their commercial shipping. The Department said that neither in the Russian notes nor in direct investigation by American authorities has there been evidence of such interference.

The American reply was not given, out in text form here but was summarized in the statement.

It said that Gen. Douglas MacArthur as supreme allied commander in Japan uses air, army and naval forces "to prevent smuggling and illegal entry into Japan."

"Low flying within the limits of safety in conducting this off shore patrol is absolutely necessary for recognition purposes," the State Department said in reporting on the note to Russia.

"These activities serve the interests of the Soviet government, as well as of other nations, concerned with the occupation and control of Japan," the Department contended.

Gunman Wanted Theater Money

Kinston, N. C., May 27—(AP)—Manager Earl Buckner of the Paramount theatre here reported to police that a masked bandit pointed a gun at him last night and made off with \$510 receipts.

Rate Increase

An approximate 50 percent increase in our production costs due to improvements in our paper together with rising costs in every department of our operations makes it necessary to increase our advertising rates. We are grateful for the larger volume of business we have received since making our improvements but because of the small margin upon which we have been operating, this has not been sufficient to offset the increased costs.

As of June 1 our open advertising rate will be increased by 50 percent and effective July 1 existing built space contracts. We are sure that our advertisers will realize that with the better paper and the increased circulation they will receive under the new rates an even better value than when the contracts were entered into.

Wreck Injuries Result In Death

Albemarle, N. C., May 27—(AP)—A highway patrolman died in the Yadkin hospital here today of injuries he suffered in a wreck yesterday.

The patrolman, P. W. Smith, was injured in an accident that occurred while he was chasing a car which had a spotlight burning.

Tragic Failure Of UN

Palestine Fiasco Points Up Disunity In United Nations; America And Britain At Opposite Poles; Attempts Under Way To Reconcile Differences; Joint Policy

By DeWITT MacKENZIE

The failure of the United Nations thus far to achieve a truce in the Arab-Jewish war is tragic for the Holy Land and it's tragic for the peace organization, since it points to disunity within the U.N. itself.

The Arabs, while playing for time by calling on the U.N. to lay down exact terms for a political settlement, wouldn't agree to the truce called for except on conditions which included the demand that recognition of the new Jewish state of Israel be abandoned. This, of course, the Jews wouldn't accept.

So the conflict continues. It swirls about the birthplace of the prince of peace. It rages by the Mount of Olives, which stands for much that is cherished in Christian history—the place where Christ taught the disciples the Lord's Prayer. It is going on within the walls of ancient Jerusalem, where a small Jewish force has been stubbornly clinging to its hazardous position. Shells from Arab guns batter the holy city.

The war is still too young to disclose its trend. Not so the affairs of the United Nations—a house divided against itself. It is clear that if it cannot find a method of halting this new outbreak, its influence in the eyes of the world may drop so low as to render it impotent.

One of the greatest obstacles to peace lies in the fact that America and Britain are lined up on opposite sides. British Foreign Secretary Bevin told the House of Commons yesterday that England will continue to fulfill treaty obligations to furnish officers for the Trans-Jordan Arab Legion unless this becomes "inconsistent with our obligations to the United Nations." On the other hand, observers figured that the Arab rejection of the truce was likely to harden the American stand favoring the Jewish state.

The clash between America and Britain is further seen in the question of an American loan to Israel. Dr. Chaim Weizmann, first president of Israel, stated after a conference at the White House in Washington that President Truman was receptive to a request for a loan of \$50,000,000 to \$100,000,000. This promptly evoked an expression of concern and astonishment from London.

However, the two great democracies certainly aren't allowing the matter to drift without making efforts to reconcile their differences. Foreign Minister Bevin and U.S. Ambassador Lewis Douglas are continuing their anxious search for (Continued on Page 16)

Air Of Optimism In Chrysler And UAW Pay Talks

Union Reduces Wage Increase Demand For Second Time; Expect Settlement

Detroit, May 27—(AP)—Hopes for a quick settlement of the 16-day Chrysler strike rose today as the corporation and its auto workers resumed intensified wage talks after a night's rest.

Negotiations between Chrysler and the CIO United Auto Workers were recessed last night after nearly ten hours of bargaining. Both sides agreed to return to the conference table today.

Neither the company nor the union had any comment on the progress of yesterday's talks toward ending a walkout of 75,000 Chrysler workers which began May 12.

However, there was an air of optimism as representatives for both sides prepared to continue their work.

For the second time, the UAW reduced its wage increase demand from 30 to 17 cents yesterday. The company made no official indication that it had upped its previous six-cent hourly offer.

But looming in the background of the wage talks was the 11-cent adjustable increase agreement General Motors Corp. reached Tuesday with the auto workers union.

Observers throughout the industry expected that settlement—which averted a threatened strike of 225,000 GM workers—would furnish a pattern for other contracts with the UAW.

Yesterday the Ford Motor Co., usually bracketed with General Motors and Chrysler to make up the auto industry's big three, informed the union it would be willing to open wage talks June 14.

Although Ford representatives have suggested in a pre-bargaining statement that its UAW production workers take a wage cut, it was believed that the GM agreement might also have its effect on the coming Ford negotiations.

Workers in auto plants operated by the big three make an average of \$1.50 an hour.

Building In April Goes Over March

Raleigh, N. C., May 27—(AP)—Building projects authorized during April by 77 North Carolina municipalities totalled 1,818. Estimated costs reach \$8,817,370.

The number of permits for April was considerably larger than for March, said C. H. Pritchard, State Labor Department statistics director, but the estimated cost was lower. The cost estimate for March was \$12,970,729.

Residential building increased, he said. The cost of residential projects authorized in April was about \$400,000 less than for March.

Second Protest Sent To Lebanon

Washington, May 27—(AP)—The United States is making a second protest to the government of Lebanon over the seizure of 41 American citizens from the SS Marine Corp last week.

40 Years Ago Today

THE DAILY REFLECTOR
May 27, 1908

Hostesses to Sans Souci Club
Members of the Sans Souci Club were delightfully entertained on Tuesday, May 25th, by Mesdames Will Hooker, Fred Forbes, Haywood Dall, Charles Forbes and Frank Wooten at a luncheon in the private dining room of the Airport Inn.

Toed tomato juice was served from punch bowls upon arrival and the program committee distributed the 1948-49 programs.

Beautiful arrangements of red roses and feverfew were placed throughout the room. Three crystal bowls filled with pastel hydrangeas were used on the long table where the members and several guests were seated.

A most delicious luncheon was served to a record attendance.

Mrs. W. L. Wooten, president, graciously expressed appreciation in behalf of the membership to the hostesses for such a happy occasion and delightful climax to the Sans Souci club year.

The large majority by which prohibition was carried, should settle for good and always the whiskey question in North Carolina.

The colored people of Greenville could not take much hand in voting Tuesday, but they showed their interest in prohibition by holding prayer meetings and ringing their church bells. Those of them who voted put in the dry ticket.

Entertain Ladies of Round Table
The Ladies of the Round Table were entertained Tuesday at their last meeting of the year by Mrs. J. E. Winslow and Mrs. E. E. Rawl at Mrs. Winslow's home. Upon arrival the members and guests were greeted by Mrs. Winslow in her spacious hall and ushered into the drawing-room where Mrs. Rawl introduced the guests and tomato juice was served by Mrs. Milton White.

Artistic arrangements of gladioli, marguerites, larkspur, hydrangeas and snapdragons decorated mantels and tables and were reflected in the many mirrors, creating a charming atmosphere. Six guests were present: Mrs. H. L. Carr, a former charter member of the Round Table, Mrs. J. B. Smith, Miss Frances Wahl, Mrs. Hugh Winslow, Mrs. Norman Winslow and Mrs. Howard Porter. Following the first course in the drawing-room, the group was invited into the library and seated at beautifully appointed tables where a most delectable luncheon was served in the traditional southern manner. After the luncheon Miss Wahl gave a delightful review of the best-seller, "It's Greek to Me," by Willis Snow

Finest Engraved WEDDING STATIONERY, Invitations, Announcements, Reception Cards, At Home Cards, Visiting Cards, Best Jewelry Co. "Your Jeweler"

NEW STUDIO
Marie's School of Dancing will open the fall season in its new building on Fourteenth Street Extension on September 1, however anyone desiring to take ball-room dancing or special work during the summer months can do so by appointment. Phone 4407.

SOCIAL CALENDAR

THURSDAY
8:00 p. m.—Greenville Community Council meets at the high school library.
8:00 p. m.—Mrs. L. H. Robertson, Mrs. Marvin Barnhill and Mrs. Jerome Perkins will entertain at bridge at the home of Mrs. Perkins in Stokes honoring Miss Frances Page, bride-elect.

FRIDAY
6:30 p. m.—Kiwanis Club.
8:00 p. m.—Miss Marvel Stokes will entertain at bridge at her home in Stokes honoring Miss Frances Page, bride-elect.

8:00 p. m.—Mrs. W. H. Tolson will present her older piano pupils in recital in Sheppard Memorial library.
9:00 p. m.—Greenville White Shrine sponsored dance at Armory.

SUNDAY
4:00 p. m.—The 50-piece concert band of East Carolina Teachers College under the direction of Herbert L. Carter of the department of music will present an outdoor concert on the lawn in front of the Austin Building. The public is invited to attend.

To Present Piano Recital
Mrs. W. H. Tolson will present the following pupils in recital Friday night at 8 o'clock in the auditorium of Sheppard Memorial Library: Frances Darden, Ann Brewer, Ann Stokes, Charles Howard, Barbara Cosart, Carter White, Patsey Leichter, Wynette Garner, Al Averette, Carolyn Clapp, Jackie Sears, Nancy Proctor and Peggy Bowen.

Frances Aman, a former pupil of Mrs. Tolson's who has just returned from a year's study at Greensboro College, will play in the recital. The public is invited.

Lytle Batchelor and Ken Owens, pupils of Mrs. Tolson will give a duo-piano concert Friday night over WCFC from 10 to 10:30.

Seay-Morrisette
Mrs. Lillie Warren Morrisette of Newport News, Virginia, daughter of Mrs. A. G. Warren and the late Mr. Warren of Chidoc, and Thomas Richard Seay of Newport News, Va., son of Mrs. W. H. Seay of Buckham, Va., were married in the parsonage of Tabernacle Baptist Church by the Rev. Jack V. Tesh.

Mrs. Willie V. Rowe, sister of the bride, was matron of honor. Mr. Rowe served the groom as best man.

After the wedding, Mr. and Mrs. Seay left by boat to Washington, D. C. and a trip through Skyline Drive and Shenandoah Valley of Virginia.

After May 28, Mr. and Mrs. Seay will be at home in Newport News, Virginia.

Luncheon Honors Miss Hannah
Mrs. Thad Eure, Miss Amecia Eure, Miss Lila Spilman and Miss Betsy Evans honored Miss Nancy Hannah, bride elect of June, at a luncheon on Saturday at the Reynold House on Hillsboro street in Raleigh.

The table was decorated with arrangements of white flowers. Bridal place cards were used and a corsage marked the honoree's place.

A three course luncheon was served. Mrs. Lee Hannah and Mrs. S. W. Dunn, of Greenville were out of town guests.

Miss Hannah received an honor gift of silver.

Hostesses to Wesley Philathea Class
The Wesley Philathea class of the Methodist Church met Monday night at 8 o'clock at the home of Mrs. W. G. Ward. The assisting hostesses were Miss Addie Johnston, Mrs. F. V. Johnston, Mrs. J. D. Swain and Miss Addie Congleton. Mrs. V. P. Scoville, president, opened the meeting. Mrs. J. C. Wooten led the devotional. Her subject, "Birds," the different kinds. She

mentioned several songs with birds and read poems. She asked if we could repeat any Psalm with birds in it. She then led us in prayer. The devotional was very inspiring. The secretary called the roll and collected dues. There were 24 members present. There were several notes of thanks read. A letter from Aunt Annie Parker was read thanking the class for sending the shower of birthday cards she received. After the business a social hour was enjoyed. Miss Chandler introduced nine members of the Wesleyan Foundation who had charge of the program. They entertained us with duets, two short plays, after which the class joined them in singing songs. The hostess served delicious refreshments. We then adjourned.—Reported.

College Band To Give Open-Air Concert Sunday
The concert band of East Carolina Teachers College will present a program of music at 4:00 o'clock Sunday afternoon on the lawn in front of the Austin auditorium. Directed by Herbert L. Carter of the department of music, the band will play a series of varied selections, covering music of different centuries. The public is invited to be present.

Among the numbers to be included on Sunday's program will be "Come, Sweet Death," by Bach; "Sanctus" by Palestrina; "Sabre Dance," by Kachaturian, and selections by Sousa, Goldman, Handy, Prokofiet, and other well-known composers.

Soloists for the concert will be Edward Benson of Rocky Mount, trumpet; Donald Adcock, Durham, piccolo; and Harold Grant, Selma, trombone.

The East Carolina concert band now includes fifty pieces. During the year the group has given a number of public performances. Last Thursday the band received enthusiastic applause when it appeared under Mr. Carter's direction in a program given before students and staff members at a specially called assembly program in the Wright auditorium.

At simulated altitudes of 18,000 feet without use of oxygen men fall at simple problems although they believe they are solving them correctly.

Elect Officers For Remainder Of Year For Forensic Club
The Jarvis Forensic Club of East Carolina Teachers College has elected officers who will lead the activities of the debating society during the remainder of 1948. Frank Toothman of Ayden, sophomore at the college and intercollegiate debater for the club in contests held this year, is the new president of the group.

Other officers chosen are George Hinds, Washington, vice president; Geraldine Amundson, New York City, secretary-treasurer; Richard Holloman, Goldsboro, parliamentarian; George Lassiter, Goldsboro, publicity director and Charles Williams, Erwin, sergeant-at-arms.

Dr. M. N. Posey, faculty adviser of the club this year and coach of intercollegiate debate teams, was given a vote of thanks for his work by members was again chosen to fill his present position in the Jarvis Forensic Club.

Wilson's Weekly Bulletin

From the Rector Kitchens

The Rector Kitchens, founded by the late George Rector, serve Wilson & Co. Inc. exclusively. From these kitchens come the recipes, menus, nutritional advice, economy suggestions, and home-makers' hints that you read in Wilson's Weekly Bulletin.

Picnic Weather Beckons
Warm weather is here and once more the whole out-of-doors is beckoning us to come out and eat—on the porch, in the back yard, or at spacious picnic grounds. Fresh air promotes big appetites so start your menu planning with hearty baked beans, de luxe, pictured below.

Baked Beans de Luxe

Wash and soak overnight in 1 quart of water
2 cups pea beans
Add 1 1/2 tsp. salt, cover and simmer for about 1 hour, adding 6 small onions for the last 20 minutes. Drain, saving the liquid, and transfer the beans to 1 1/2 quart casserole. Mix together 1/4 tsp. dry mustard, 2 tbsps. brown sugar, 1/4 cup molasses, 1/4 cup catsup, 1 1/2 cups bean liquid. Pour over beans in casserole. Add 5 CERTIFIED FRANKFURTERS, cut in inch-length pieces, and mix in carefully. Cover and bake in a slow oven, 325 F., about two hours (adding more water if needed to keep beans moist). Uncover the last half hour and arrange 5 CERTIFIED FRANKFURTERS (remainder from 1 lb.) on the top as shown above. Serves 5.

Ready-to-Serve Picnic
Here's a picnic you can serve anywhere because all the food is ready to serve when it leaves the kitchen. Start with baked beans de luxe, then add potato salad, carrot sticks, radishes, dill pickles, and Boston brown bread. Insulated jugs make good containers for both the beans and potato salad if you're traveling far. For dessert, chocolate cup cakes and bananas.

Picnic Packing Tips
Fill halves of cooked Clear Brook Eggs with deviled egg mixture; then fit halves together for the trip. Cup cakes keep their frosting if it's well hidden. Cut cakes in halves and spread frosting in between. Bake handy individual meat loaves in paper muffin cups. They're easy carrying and easy eating, especially if you add B-V for extra rich meat flavor.

The Wilson label protects your table

Mid-West Still Farming Center

Washington, May 27—(AP)—Twelve states, including nine in the middle west, have 57 per cent of the nation's farm wealth as measured by cash receipts from marketings.

Analysis of the agriculture departments' figures for the full year 1947 shows that these dozen states had cash farm receipts of \$17,172,253,000, while the other 36 states—three-fourths of the total—marked up \$13,002,491,000.

The twelve states, in the order of their farm income status, are Iowa, California, Texas, Illinois, Minnesota, Kansas, Nebraska, Missouri, Indiana, Ohio, Wisconsin and New York.

The disparity in farm wealth between the midwest and other regions is emphasized by a comparison of Iowa's 1947 totals with whole groups of other states.

Iowa's cash farm receipts for the period were \$2,368,962,000, only \$201,463,000 less than the total for the nine-state North Atlantic group which includes 12th ranking New York and 13th ranking Pennsylvania.

The eight states of the South Atlantic region, including 14th place North Carolina, had 1947 cash receipts of \$2,746,447,000, just \$377,485,000 ahead of Iowa alone.

All of the nine midwest states in the top dozen had 1947 income totaling more than \$1,000,000,000 each. California and Texas were also in the billion dollar class, but New York failed to make it.

Citizens Of Tomorrow

The Daily Reflector again presents another in the picture series entitled "Citizens of Tomorrow." Reading from left to right, top row: Jean Miller, daughter of Mr. and Mrs. A. L. Miller, 1016 Reade St.; Michael Corbett, son of Mr. and Mrs. R. W. Corbett, 1114 W. 4th street; Jerry Warren, son of Mr. and Mrs. J. Warren, 1117 W. 4th street. Bottom row: Ann Barbre, daughter of Mr. and Mrs. W. D. Barbre, 211 Eastern street; Sharon Baker, daughter of Mr. and Mrs. J. W. Baker, 304 E. 14th street; Phyllis Boyd, daughter of Mr. and Mrs. J. C. Boyd, 210 E. 9th street.

Speaks Before Farmville C-of-C

Dr. W. E. Marshall, of ECTC, delivered the principal address at the annual banquet of the Farmville Chamber of Commerce and Merchants Association in that city Tuesday night.

Reports to the meeting revealed continued progress of the city of Farmville and the organizations during the year.

Among those from Greenville in attendance were J. H. Blount, immediate past-president of the North Carolina Merchants Association, Charles B. Bisette, president of the Greenville Chamber of Commerce, Willard T. Kyzer, Chamber of Commerce secretary, and Mrs. Cora Powell, secretary of Greenville Merchants Association.

Arab King Pays Surprise Visit To Shrine Sites

In the Old City of Jerusalem, May 27—(AP)—King Abdullah paid a surprise visit to the old city today and prayed at Christian and Moslem shrines.

The monarch of Trans-Jordan made his devotions at the Holy Sepulchre, Calvary and the Mosque of Omar, the holiest shrines of Christendom and Islam.

The king, cheered by 25,000 Arabs, toured the old city. Less than 300 yards away from him in the Jewish Quarter, shells of his Arab Legion's guns crashed into the last holdout row of Jewish army machinegun posts along the southern wall.

Close to the big Hurva Synagogue, demolitions set off by Arab squads spewed smoke and dust into the blazing May sky.

AGING CHOIR
Cardiff, Wales, May 27—(AP)—A women's choir, ranging from 65 to 82 years old, sang for Princess Elizabeth today when she visited Cardiff.

Union Asks Its Views Be Heard On Mundt Bill

Raleigh, N. C., May 27—(AP)—An official of the Food, Tobacco and Agricultural Workers (CIO) has asked for the union to be heard by a Senate committee considering the Mundt-Nixon bill, the measure is designed to put tight restraints on Communist activities.

Karl Korstad, regional director of the union, wired Sen. Wiley (R-Wis) chairman of the Senate Judiciary committee, asking that it allow more than three days of hearings. He asked that Wiley arrange for the union to be heard next week.

Korstad said the bill "contains the most vicious attack against our Democratic way of life since the passage of the Alien and Sedition Acts in the 18th century."

Hitchhiker Run Over By Driver After Lecture

Jackson, Miss., May 27—(AP)—A hitchhiker told state highway police that he was shoved from a moving automobile and then run over by a motorist to whom he had given a lecture on the evils of strong drink.

State Highway Patrolman Billy Jones reported that the hitchhiker 27-year-old Hollie Leroy Meets of Ashland, Ky., was found unconscious with back and chest injuries on a highway late yesterday.

The hitchhiker, Jones said, told him later the motorist became irritated when he countered the offer of a drink with a lecture on the evils of liquor, pushed him from the car, which he then put into reverse, and ran over him.

Wart Science

London—(AP) The Medical Press, British scientific journal, wasn't impressed by American and Belgian treaties on the removal of warts. It commented after a terse review:

"But whatever incomprehensible pontifical utterances roll in unctuous polycyclic didacticism from the lips of the elective cognoscenti, all the vulgar know full well that warts are cured either by pulling them out with adhesive strappings or by burning them with fuming nitric acid or, better, by the charms of witches or, best of all, by the magic of wizards."

A "keeper" ring, a sort of guard ring, was worn by colonial wives because of a superstition that held the loss of a wedding ring meant the loss of a husband.

Indian Looks To South America.

Madras, India—(AP)—Sir C. P. Ramaswami Aiyar says "there is tremendous scope for colonization of Indian nationals in South America." In most parts of South America, he says, there is hardly one house to a square mile and the climate there is more or less like India's.

Aiyar had just returned from a lecture tour of North and South America. He visited Brazil, the Argentine, Peru, Panama and Mexico. He suggested the India government take up the question of Indian colonization with South American governments.

Some three billion tons of land material are dumped into the world's oceans every year by rivers, winds and other agencies.

tor of conservation and development, of Manteo, to Ralph Moody, assistant attorney general, of Murphy. Moody will have to travel farther than any other Raleigh-based state employee so far discovered to cast his vote in the far west may be temporarily stationed in the extreme east, and vice versa. One unconfirmed report is that an employee of the revenue department will have to travel more than a thousand miles to his own expense in order to vote in the primary and get back to his job—and he's gonna do it.

VALUE—Discussion of that item in a small group the other night brought up the question of what a vote is worth. At the allowed rate of six cents a mile, the employee referred to will spend \$60 for travel and a like amount for other expenses, totaling more than a hundred dollars.

WASHINGTON LETTER By JANE EAFS... Washington—The cost of creating has increased along with the cost of living. Anyone who has written a book, composed a ditty, sculpted a bust, written a play, painted a portrait, founded a magazine, prepared an address, plotted a map, snapped a photograph or made a movie will have to pay more to have them copyrighted from now on. Congress has just passed legislation upping the price of fees payable to the Register of Copyrights of the United States.

Boyle's Column

By HAL BOYLE... New York—(AP)—Ah, the simple life, the good old healthy simple life. Everybody agrees it's best—but you can live it in an awfully complicated way.

There was Marie Antoinette, a pretty French queen who never lost her head but once. In her palmy prime she took to heart the back-to-nature advice of Jean Jacques Rousseau, a philosopher who preached the simple life long before Bernarr

who proposed the changes, says the fees are very small compared with the advantages secured. "Your dollars for a monopoly on a work for 28 years which is what a copyright ensures, is small in a market which has become the largest in the world for literary and artistic products," he says.

Sam Bass Warner, register of copyrights, a former professor of criminal law at Harvard University says the number of copyright registrations increased from 154,424 in 1938 to 350,000 last year. "This great increase," he says, is due primarily to a marked growth in the number of musical compositions and periodicals, the two classes which together account for more than half of all registrations.

Prefers 'Young, Strong Man' To Old Age Pension

Brushton, N. Y., May 27—(AP)—A bride nearly a century old settled down today with the "young, strong man" she prefers to a pension.

It was a gay "flusterin'" wedding yesterday for Tiny, crippled Mrs. Eliza Murray and 37-year-old Clarence McGee, even though her wedding ring cost only 50 cents.

The lanky farm hand and his bride spent their wedding night at her modest home in this rural northern New York village near the Canadian border. The day was a special holiday for the 500 residents, by proclamation of the Mayor.

McGee planned to fix a broken wheel on his buggy so that they could have a honeymoon ride.

They weren't doing any public kissing.

Three thousand spectators crowded in and around the little Methodist Church in nearby Moira while McGee slipped the 10-cent store ring on his bride's finger.

"I couldn't kiss her with all o' these people lookin' on," he said, bashfully.

A Dog And A Cat Mother Each Other's Young

A little fox terrier and a black cat take turns about feeding each other's babies at the home of their owner, Douglas Boyd, at Dunedin, Fla. "Tippy" the dog, is the mother of four yipping puppies. "Tar Baby," the cat, has one kitten the same age as the puppies. Both families share the same bed. (AP Wirephoto).

Boy Questioned On Shooting In Pretend 'Holdup'

Los Angeles, May 27—(AP)—Thirteen-year-old Richard Harrell was questioned by police today in the fatal shooting of a schoolmate during a pretended "holdup."

The dead boy, Donald Brooks, 14, was shot below the heart yesterday on the playgrounds of Samuel Gompers Junior High School.

Police said the Harrell youth was showing a 25 calibre pistol to other boys and, when young Brooks approached, said:

"Here comes Donald. Let's pretend to hold him up."

The gun fired, sending a bullet into Donald's chest. He died en route to a hospital. The Harrell boy fled after the shooting and was found six hours later wandering in a dazed fashion.

Death Scene In Play Is Too True

Atlanta, May 27—(AP)—Mrs. Eleanor Milholland, 58, portrayed the role of a patient consulting a doctor in an amateur play here last night.

She collapsed during a scene in the first act. The audience at the Moreland avenue Baptist church thought it a part of the play. A physician was called and pronounced her dead of a heart attack.

Get Welcome Relief From Stomach Gas, Sour Food Taste

Do you feel bloated and miserable after every meal? If so, here is how you may rid yourself of this nervous distress. Thousands have found it the way to be well, cheerful and happy again.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles, else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, rest better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Angry Motorist Hit 'Em With Car

Cleveland, May 27—(AP)—Angered because his wife was walking with another man, a 21-year-old motorist knocked them both down with his car, police said today.

The husband, Clay McCants, Jr., 21, was jailed on an assault and battery charge. His wife, Jennie, also 21, was in a hospital with a

Now She Shops "Cash and Carry" Without Painful Backache

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg aches, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Body Of Drowned Girl Is Sighted From Airplane

Wilmington, May 27—(AP)—The body of 14-year-old Emily Farrior of Wallace was sighted from the air at 6 o'clock this morning by Francis Johnson of Wallace at the edge of the ocean near Station One at Wrightsville Beach.

Miss Farrior, daughter of Mr. and Mrs. William H. Farrior of Wallace was drowned at 11 o'clock Tuesday morning while swimming with a group of 10 girls, whose ages ranged from 10 to 14 years.

More than a hundred persons participated in the search for the girl's body during the two days she was lost. The point at which she was found is approximately a mile north of the point at which she last Tuesday.

Johnson found the girl while patrolling the beach in his light plane. Planes had been used for two days in the search and plans had been made for using the services of a deep sea diver today.

Rotary Official

Charles G. Tennent (above) of Asheville, N.C., was elected first vice president of Rotary International at the convention in Rio de Janeiro. A former newspaper reporter, Tennent is a nurseryman and landscape architect. (AP Photo).

Queen were being married, or as if the richest persons in the world. Let us keep it that way."

Outside after the ceremony, as the couple made their way through rice and confetti, State Troopers kept order.

Smoothing down her blue and white print cotton dress, the bride declared:

"I'm so happy I never thought we would have a wedding like this." McGee, who began courting her shortly after her first husband died last February had little to say.

Mrs. McGee thinks she may lose her old age pension but would "rather have a young, strong man than a pension." She's come to "see to it" that he shaves every day.

German Girls Work In Poland

GORZOW, Poland—(AP)—Young German girls have to work for their daily bread in this former German town of Landsberg. Poles have crews of them at work in the heart of the town, clearing away the debris of war-destroyed buildings. Most of the girls appear to be between 16 and 18 years of age.

NIGHT DRIVING Made SAFER

When You BEAR THE BANNER OF SAFETY Why gamble your life and lives of others when it takes but a few seconds to check headlights, brakes and steering of your car? You can't put an accident off until later... Bear the Banner of Safety and bring your car in TODAY for these simple SAFETY TESTS.

Eddie Dyer Has Same Old Nightmare He Had In 1947

By JACK HAND
(AP Sports Writer)

Life in the Polo Grounds is just a series of nightmares for Manager Eddie Dyer of the St. Louis Cardinals. As far as he's concerned they can bring back polo any day.

All last year his favored Red Birds floundered and played dead when they hit New York. It looks like more of the same in 1948.

Dyer's latest experience was enough to try the patience of a saint. His league-leaders were rolling last night behind a nice 7-3 lead with Ewell Blackmon, the unbeaten star of both leagues, doing the pitching. It looked like money in the bank.

Then the Giants started to break out of their hitting slump. They hit and hit and hit some more. Before the eighth inning was over, eight runs had crossed the plate and the 7-3 lead had changed to a 10-7 deficit.

Bobby Thomson doubled and singled for two hits in the big inning as the Giants chased Pollet, George Mauer and Gerry Staley before coming to a halt for Ken Burkhart. Pollet, who had his first defeat because Dyer called in Mauer as the first sign of serious trouble. Mauer was felled for his second loss.

Still the Cards show a way with a 1-1-2 game lead over New York, despite last night's disaster.

Across the river in Flatbush, Brooklyn customers were more concerned with immediate problems. Catcher Pete Reiser and Catcher Bruce Edwards were lost for an indefinite period and the club views another.

Shortly before midnight the Dodgers again plunged into the cellar as the result of their 4-1 loss to Chicago and Cincinnati's 8-5 win over Boston.

Willard Ramsdell, the knuckle ball pitcher just recalled from Mobile, was nicked for homers by Bill Nicholson and Hal Jefferson in the Dodgers' defeat. Johnny Schmitz calmed the Brooks with six well-scattered hits.

Outside of a homer by Gil Hodges, the small night crowd of 28,888 had little to cheer.

Frank Sauer's 16th homer helped Cincinnati sneak out of last place. The Reds routed Warren Spahn, Boston's southpaw ace, to come from behind.

The Pittsburgh - Philadelphia night game was postponed because of threatening weather.

Once again the American League race is all snarled up in percentages. Cleveland, actually trailing Philadelphia by a half game in a strict application of the win and lost application, still holds first place by percentage points. It's the same old story of a difference in games played.

Cleveland was shut out for the first time this season, collecting only three hits in bowing to Washington, 2-0.

Philadelphia combed the Chicago White Sox, 7-1, in the afternoon when Joe Coleman's five-hit pitching was the fourth straight victory for the rebounding A's.

Detroit "walked" to a 7-3 nod over the New York Yankees when the Yank pitchers passed 10 men. Although touched for 12 hits, Dizzy Trout took the decision from Spec Shea.

It took a double error in the tenth by Catcher Les Moss to enable Boston's Red Sox to down the St. Louis Browns, 5-3. Sam Mele doubled in the tenth and scored when Moss, fielding Don Dimaggio's attempted sacrifice, fumbled the ball and then threw wildly past first base. Joe Dobson was the seven-hit winner over Frank Biscan.

Chapman Leads U. S. Golfers In British Tourney

Sandwich, England, May 27 — (AP)—A flaming score of 29 strokes for the first nine holes by Dick Chapman of Pinehurst, N.C., highlighted the advance of U.S. golfers into the fifth round of the British amateur golf tourney today.

Chapman, poker-faced farmer-publisher, seared the front nine of the 6,728-yard Sandwich course with a card that listed only 10 putts. He two-putted the first hole and used only one tap on the next eight.

So phenomenal was Chapman's shooting that he used only 37 strokes in eliminating Hamilton McInally of Scotland, 9 and 7. Weather conditions were perfect in contrast to yesterday's squalls.

Willie Turnesa of White Plains, N.Y., who defeated Chapman for the 1947 crown, advanced with a 4 and 3 conquest of G. A. Loveday, little known English golfer.

Only Bob Sweeney, part-time Englishman from New York, failed in the advance. He was stopped by S. B. Roberts of Wales, 1 up, after holding a similar advantage on the ninth. Sweeney was bidding for his second title, having won this championship 11 years ago.

Frank Stranahan, defeated golfer from Toledo, Ohio, defeated James Taggart of Ireland, 5 and 3, with relative ease to keep the U.S.'s top three in the race.

Mario Gonzalez of Brazil, who ranks with the American trio as a top threat, shot mediocre golf in defeating Great Britain's Laddie Lucas, 2 and 1.

The fifth round will be played this afternoon.

Joost Sets Two League Records

Philadelphia, May 27 — (AP)—Respected Eddie Joost, sparkplug shortstop of the Philadelphia Athletics, has set two American League records that were lost in the furor over the A's rise to league prominence.

A look in the record books today revealed that Joost has cracked the American League marks for most consecutive errorless games in one season and most consecutive chances accepted without an error for shortstops.

The likeable native of San Francisco has not made an error this year in 31 games, thus eclipsing by six the old record of 25 straight by Frank Crossett of the New Yorkers, June 3-June 29, 1939, and tied by Joe Cronin of the Boston Red Sox, June 16-July 16, of that same year. Joost broke the mark in the A's 26th game last Friday at Detroit.

Joost, described by Connie Mack as his best shortstop since Joe Boley of the pennant winning Athletics of the early 30's, accepted 179 chances (71 putouts, 108 assists) without error during his record breaking spree. This smashed the junior league record of 151 set by Crossett during his 25 game streak.

Carrying the Joost fielding antics back into last season the book revealed Eddie has gone 34 games without an error. The last time an official scorer marked error beside the Joost name was in the second game of a doubleheader Sept. 17, 1947.

Yesterday's Results

Hawaiian Boxer Dies After Bout

Auckland, New Zealand, May 27 — (AP)—Joe Burns, 22, a professional lightweight boxer from Hawaii, died in Auckland Hospital Tuesday from injuries suffered in a bout with Tommy Downes on May 10.

Burns struck his head on the mat when he was knocked out by Downes in the second round. He was taken to a hospital. His condition improved for several days before a relapse occurred.

During the 17th century clergy men were not authorized to perform marriage ceremonies in the American colonies. Magistrates, judges or town clerks officiated.

Walcott In Top Condition; Gets Rest In Training

Greenloch, N.J., May 27 — (AP)—There will be no more training chores this week for Jersey Joe Walcott.

A slight infection on his right foot will keep him from boxing and road work although Dr. Nicholas R. Musulin of Camden, N.J., said yesterday the challenger for Joe Louis' heavyweight crown could box if necessary.

"But he is in such excellent condition that merely as a preventive measure I have advised him to keep off the foot as much as possible for a short time and not to do any boxing the remainder of the week," Dr. Musulin said.

The doctor said Walcott's condition is so far advanced that he is certain the brief interruption will in no way hinder preparation for the June 23 engagement with Louis at the Yankee Stadium.

Thirty Cars Are Ready To Start At Indianapolis

Indianapolis, May 27 — (AP)—Thirty cars were ready today to start in the 500-mile race at the Indianapolis motor speedway Monday.

Seven cars made their ten-mile qualifying runs yesterday to bring the lineup within three of the maximum starting field. The 34 unqualified cars remaining at the track have only Saturday left in which to try for positions.

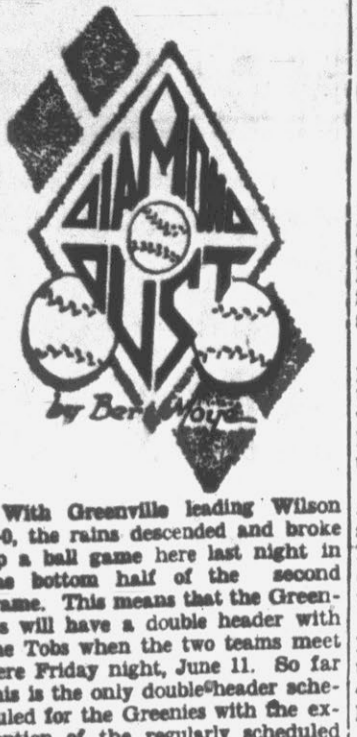

If more than 33 cars pass the qualification test the slowest will be eliminated to hold the field to that number.

Mack Ellings of Burbank, Calif., led yesterday's seven with an average of 127,968 miles a hour in a new four-cylinder Kurtis-Kraft owned by Don Lee, Inc., Los Angeles. His run was good for \$500 and placed him in the eighth row of the starting lineup.

Used Pliers To Catch Pair Of Big Catfish

Goldboro, N. C. — (AP)—Burrell Howell and Albert Vall, Sr., went fishing in Rand's pond, near Clayton, a hollow-ended log floated up to their boat. Howell looked into the hollow end, saw a catfish. Reached in with a pair of pliers and pulled it out. He looked again and there was another. Pulled it out. The fish weighed over two pounds each.

They're Finalists In National PGA Tournament

Mike Turnesa (left) and Ben Hogan (right) matched their golfing skill Tuesday over 36 holes of the rolling Norwood Hills course at St. Louis in the finals of the PGA tournament. In these pictures, made Monday during semi-final rounds, Turnesa blasts from a sand trap onto the green, and Hogan sinks a putt. (AP Wirephotos).

Stymie Again

New York, May 27 — (AP)—Every little bit helps, so Stymie is \$4,875 farther along today toward his first million dollars.

The turd's leading money winner added that amount to his record earnings by winning the mile and a further halloo purse yesterday at Belmont.

This was of cash, small potatoes for Mrs. E. D. Jacobs' veteran campaigner, pushed the horse's earnings to \$849,635.

But the ballot run was mainly just a workout. Stymie's pointing to the \$50,000 Suburban Handicap at Belmont Monday.

Weary Ben Hogan Is Again Favored

Fort Worth, Tex., May 27 — (AP)—The Colonial National Invitation, Golf's all-expense paid junket for the stars, opens its third annual showing today with Ben Hogan, the game's fabulous pine knot, a weary but determined favorite.

Hogan, who played 312 holes at St. Louis in capturing the national PGA, was considered the man to beat as a field of 39 professionals and three amateurs moved out in the first 18 holes of the 72-hole tournament that reaches its close Sunday.

There was little rest for wee Ben, who flew in from St. Louis yesterday morning, snatched a few hours sleep and then whipped around Colonial Country Club's 6,635-yard course in one-under-par 69. "That St. Louis thing just got me into shape," Hogan grinned. But he rode on a motorized "go cart" instead of walking the fairways after each shot.

Hogan, who has put \$13,897.50 into the old sock this year to make him the runner-up money won, will be after the \$3,500 first prize for the third time. He won the other two tournaments with a one-under-par 70.

The tournament, called one of the most exclusive in golf, takes care of all expenses of the players invited to participate.

Pain due to a diseased heart may be felt in parts of the body remote from the heart.

The Pacific Ocean contains more water than all other oceans and seas combined.

Argentine Ring Champ Aims For Ezzard Charles

New York, May 27 — (AP)—Alfredo Lagay, the Argentine light heavyweight champion now campaigning in the United States, and Manager Hymie Wollman have been creating something of a sensation in New York boxing circles.

Lagay wants to fight Ezzard Charles, the No. 1 contender for light heavyweight champion Gus Lesnevich's crown. Now few of the high-rated heavies want to have any part of the Cincinnati cloutier and Lagay's challenge has the boys along Larrup Lane buzzing.

The squat, 185-pound South American, now too heavy to make the lightweight limit, has won all four of his fights in the U.S. His last triumph was a decisive conquest of Tommy Gomez, the highranking Tampa, Fla. heavy, on April 27.

Lagay invaded Tampa for that fight. Wollman was advised by other managers here to have his gladiator fight somebody else and somewhere else. Gomez, they pointed out, was the idol of the cigar city and had an awful wallop.

Fighting Gomez in Tampa they cautioned would be about as bold a move as Battling Siki made when he invaded Dublin on St. Patrick's Day to risk his lightweight crown against Mike McTigue.

Siki lost to the Irishman that festive day 25 days ago.

Lagay had better luck. He knocked Gomez down twice and won the decision easily.

Wollman, a wealthy furrier who manages boxers as a hobby, said he made the match to see if Lagay really had it.

"Now I think the kid is ready. He's 25, a baby compared to some of those old geezers fighting in main events now."

Our Sincere Congratulations To The Class Of '48

At this time the importance of your future is at stake and we hope and trust that you will be successful in any undertaking in which you choose for your career. We suggest the following items that will be appreciated by the Graduating Class of '48.

Dress Sets, black, white and maroon.

Tie clasps and tie chains. Also cuff links suitable for French cuffs.

A large variety of belts to select from.

Sport Shirts in short and long sleeve lengths, in white and colors.

Swim Trunks in all the new materials, and all the wanted styles.

Beach Jackets... These jackets are the newest in style and material.

Dress Shirts in button-down collars with wide spread collars in white, solid and fancy colors.

Summer Pajamas with knee lengths, short sleeves and no collars.

Summer Socks in light and pastel shades...

Summer Bath Robes in a variety of styles and colors.

Swiss Pigeon Flights Limited

Bern, Switzerland — (AP) Carrier pigeons must not fly out of or into Switzerland without special permit of the military department, the Swiss federal council has declared. The military department also was authorized to forbid the training of carrier pigeons within Switzerland if such training was contrary to the political or military interests of the country.

Ill Wind, \$3.25 Worth

Joliet, Ill. — (AP)—The wind blew out the tall light on his automobile, Allen R. Thayer told police when he was arrested for operating a vehicle without a tall light. Thayer explained he was using a kerosene tall light. Police Magistrate Thomas K. Sprague fined him \$3.25 and told him to modernize the car's lighting or he might be arrested again—if the wind is blowing.

Safford set the world record for two-year-olds last year, driving Percy Gray's racer, Knight Dream, a mile race in 2:00 2-5 which cracked Jimmy Creed's mark. Knight Dream won the Lexington Pace in 2:02 2-5 and 2:00 2-5, creating a two year record for two year olds as well as a world record for juveniles.

Safford drove Sidney Hanover to a track record at Roosevelt Raceway for one mile and a sixteenth covering the distance in 2:11 4-5.

Walcott In Top Condition; Gets Rest In Training

Greenloch, N.J., May 27 — (AP)—There will be no more training chores this week for Jersey Joe Walcott.

A slight infection on his right foot will keep him from boxing and road work although Dr. Nicholas R. Musulin of Camden, N.J., said yesterday the challenger for Joe Louis' heavyweight crown could box if necessary.

"But he is in such excellent condition that merely as a preventive measure I have advised him to keep off the foot as much as possible for a short time and not to do any boxing the remainder of the week," Dr. Musulin said.

Joost Sets Two League Records

Philadelphia, May 27 — (AP)—Respected Eddie Joost, sparkplug shortstop of the Philadelphia Athletics, has set two American League records that were lost in the furor over the A's rise to league prominence.

A look in the record books today revealed that Joost has cracked the American League marks for most consecutive errorless games in one season and most consecutive chances accepted without an error for shortstops.

The likeable native of San Francisco has not made an error this year in 31 games, thus eclipsing by six the old record of 25 straight by Frank Crossett of the New Yorkers, June 3-June 29, 1939, and tied by Joe Cronin of the Boston Red Sox, June 16-July 16, of that same year. Joost broke the mark in the A's 26th game last Friday at Detroit.

Joost, described by Connie Mack as his best shortstop since Joe Boley of the pennant winning Athletics of the early 30's, accepted 179 chances (71 putouts, 108 assists) without error during his record breaking spree. This smashed the junior league record of 151 set by Crossett during his 25 game streak.

Carrying the Joost fielding antics back into last season the book revealed Eddie has gone 34 games without an error. The last time an official scorer marked error beside the Joost name was in the second game of a doubleheader Sept. 17, 1947.

Argentine Ring Champ Aims For Ezzard Charles

New York, May 27 — (AP)—Alfredo Lagay, the Argentine light heavyweight champion now campaigning in the United States, and Manager Hymie Wollman have been creating something of a sensation in New York boxing circles.

Lagay wants to fight Ezzard Charles, the No. 1 contender for light heavyweight champion Gus Lesnevich's crown. Now few of the high-rated heavies want to have any part of the Cincinnati cloutier and Lagay's challenge has the boys along Larrup Lane buzzing.

The squat, 185-pound South American, now too heavy to make the lightweight limit, has won all four of his fights in the U.S. His last triumph was a decisive conquest of Tommy Gomez, the highranking Tampa, Fla. heavy, on April 27.

Lagay invaded Tampa for that fight. Wollman was advised by other managers here to have his gladiator fight somebody else and somewhere else. Gomez, they pointed out, was the idol of the cigar city and had an awful wallop.

Fighting Gomez in Tampa they cautioned would be about as bold a move as Battling Siki made when he invaded Dublin on St. Patrick's Day to risk his lightweight crown against Mike McTigue.

Siki lost to the Irishman that festive day 25 days ago.

Lagay had better luck. He knocked Gomez down twice and won the decision easily.

Wollman, a wealthy furrier who manages boxers as a hobby, said he made the match to see if Lagay really had it.

"Now I think the kid is ready. He's 25, a baby compared to some of those old geezers fighting in main events now."

Our Sincere Congratulations To The Class Of '48

At this time the importance of your future is at stake and we hope and trust that you will be successful in any undertaking in which you choose for your career. We suggest the following items that will be appreciated by the Graduating Class of '48.

Dress Sets, black, white and maroon.

Tie clasps and tie chains. Also cuff links suitable for French cuffs.

A large variety of belts to select from.

Sport Shirts in short and long sleeve lengths, in white and colors.

Swim Trunks in all the new materials, and all the wanted styles.

Beach Jackets... These jackets are the newest in style and material.

Dress Shirts in button-down collars with wide spread collars in white, solid and fancy colors.

Summer Pajamas with knee lengths, short sleeves and no collars.

Summer Socks in light and pastel shades...

They're Finalists In National PGA Tournament

Mike Turnesa (left) and Ben Hogan (right) matched their golfing skill Tuesday over 36 holes of the rolling Norwood Hills course at St. Louis in the finals of the PGA tournament. In these pictures, made Monday during semi-final rounds, Turnesa blasts from a sand trap onto the green, and Hogan sinks a putt. (AP Wirephotos).

Stymie Again

New York, May 27 — (AP)—Every little bit helps, so Stymie is \$4,875 farther along today toward his first million dollars.

The turd's leading money winner added that amount to his record earnings by winning the mile and a further halloo purse yesterday at Belmont.

This was of cash, small potatoes for Mrs. E. D. Jacobs' veteran campaigner, pushed the horse's earnings to \$849,635.

But the ballot run was mainly just a workout. Stymie's pointing to the \$50,000 Suburban Handicap at Belmont Monday.

Weary Ben Hogan Is Again Favored

Fort Worth, Tex., May 27 — (AP)—The Colonial National Invitation, Golf's all-expense paid junket for the stars, opens its third annual showing today with Ben Hogan, the game's fabulous pine knot, a weary but determined favorite.

Hogan, who played 312 holes at St. Louis in capturing the national PGA, was considered the man to beat as a field of 39 professionals and three amateurs moved out in the first 18 holes of the 72-hole tournament that reaches its close Sunday.

There was little rest for wee Ben, who flew in from St. Louis yesterday morning, snatched a few hours sleep and then whipped around Colonial Country Club's 6,635-yard course in one-under-par 69. "That St. Louis thing just got me into shape," Hogan grinned. But he rode on a motorized "go cart" instead of walking the fairways after each shot.

Hogan, who has put \$13,897.50 into the old sock this year to make him the runner-up money won, will be after the \$3,500 first prize for the third time. He won the other two tournaments with a one-under-par 70.

The tournament, called one of the most exclusive in golf, takes care of all expenses of the players invited to participate.

Pain due to a diseased heart may be felt in parts of the body remote from the heart.

The Pacific Ocean contains more water than all other oceans and seas combined.

Argentine Ring Champ Aims For Ezzard Charles

New York, May 27 — (AP)—Alfredo Lagay, the Argentine light heavyweight champion now campaigning in the United States, and Manager Hymie Wollman have been creating something of a sensation in New York boxing circles.

Lagay wants to fight Ezzard Charles, the No. 1 contender for light heavyweight champion Gus Lesnevich's crown. Now few of the high-rated heavies want to have any part of the Cincinnati cloutier and Lagay's challenge has the boys along Larrup Lane buzzing.

The squat, 185-pound South American, now too heavy to make the lightweight limit, has won all four of his fights in the U.S. His last triumph was a decisive conquest of Tommy Gomez, the highranking Tampa, Fla. heavy, on April 27.

Lagay invaded Tampa for that fight. Wollman was advised by other managers here to have his gladiator fight somebody else and somewhere else. Gomez, they pointed out, was the idol of the cigar city and had an awful wallop.

Fighting Gomez in Tampa they cautioned would be about as bold a move as Battling Siki made when he invaded Dublin on St. Patrick's Day to risk his lightweight crown against Mike McTigue.

Siki lost to the Irishman that festive day 25 days ago.

Lagay had better luck. He knocked Gomez down twice and won the decision easily.

Wollman, a wealthy furrier who manages boxers as a hobby, said he made the match to see if Lagay really had it.

"Now I think the kid is ready. He's 25, a baby compared to some of those old geezers fighting in main events now."

Swiss Pigeon Flights Limited

Bern, Switzerland — (AP) Carrier pigeons must not fly out of or into Switzerland without special permit of the military department, the Swiss federal council has declared. The military department also was authorized to forbid the training of carrier pigeons within Switzerland if such training was contrary to the political or military interests of the country.

Ill Wind, \$3.25 Worth

Joliet, Ill. — (AP)—The wind blew out the tall light on his automobile, Allen R. Thayer told police when he was arrested for operating a vehicle without a tall light. Thayer explained he was using a kerosene tall light. Police Magistrate Thomas K. Sprague fined him \$3.25 and told him to modernize the car's lighting or he might be arrested again—if the wind is blowing.

Safford set the world record for two-year-olds last year, driving Percy Gray's racer, Knight Dream, a mile race in 2:00 2-5 which cracked Jimmy Creed's mark. Knight Dream won the Lexington Pace in 2:02 2-5 and 2:00 2-5, creating a two year record for two year olds as well as a world record for juveniles.

Safford drove Sidney Hanover to a track record at Roosevelt Raceway for one mile and a sixteenth covering the distance in 2:11 4-5.

Walcott In Top Condition; Gets Rest In Training

Greenloch, N.J., May 27 — (AP)—There will be no more training chores this week for Jersey Joe Walcott.

A slight infection on his right foot will keep him from boxing and road work although Dr. Nicholas R. Musulin of Camden, N.J., said yesterday the challenger for Joe Louis' heavyweight crown could box if necessary.

"But he is in such excellent condition that merely as a preventive measure I have advised him to keep off the foot as much as possible for a short time and not to do any boxing the remainder of the week," Dr. Musulin said.

The doctor said Walcott's condition is so far advanced that he is certain the brief interruption will in no way hinder preparation for the June 23 engagement with Louis at the Yankee Stadium.

Thirty Cars Are Ready To Start At Indianapolis

Indianapolis, May 27 — (AP)—Thirty cars were ready today to start in the 500-mile race at the Indianapolis motor speedway Monday.

Seven cars made their ten-mile qualifying runs yesterday to bring the lineup within three of the maximum starting field. The 34 unqualified cars remaining at the track have only Saturday left in which to try for positions.

If more than 33 cars pass the qualification test the slowest will be eliminated to hold the field to that

AP Maps Plans For Coverage Of Saturday's Vote

Charlotte, N.C., May 17—(AP)—Plans for faster, more accurate coverage of the voting in Saturday's North Carolina primary were outlined today by the Associated Press.

Chief of Bureau Paul Hansell announced that International Business Machines will be used for election tabulation for the first time in the Carolinas. These are complicated machines, normally used in accounting and bookkeeping operations, which streamline the handling of large volumes of figures.

Hansell said I.B.M. tabulation of the election became possible when Esso Standard Oil Company made its machines and facilities available to the Associated Press.

"We have used this system in a number of other states and it has proved to be the fastest known method of tabulation," the bureau chief commented. "While Associated Press election returns have always been known for their accuracy, I believe the inauguration of this system will result in an even higher degree of reliability."

Hundreds of reporters and correspondents will participate in AP's coverage of the primary, while special

staffs in Raleigh and Charlotte will write the stories of the election as they become known through the compilation of returns. Associated Press members will receive these stories and election figures instantly over special leased wires.

Following the usual practice of the cooperative newsgathering organization reporters and correspondents for North Carolina members will collect the returns as rapidly as the votes are counted in the state's 1,952 polling places.

They will telephone these results to a battery of operators in AP's special election bureau to be set up at Esso's Charlotte division office. I.B.M. operators, under the direction of H. C. Johnson, Sr., head of Esso's tabulation and statistical department, will process the figures into cards which operate the big tabulators.

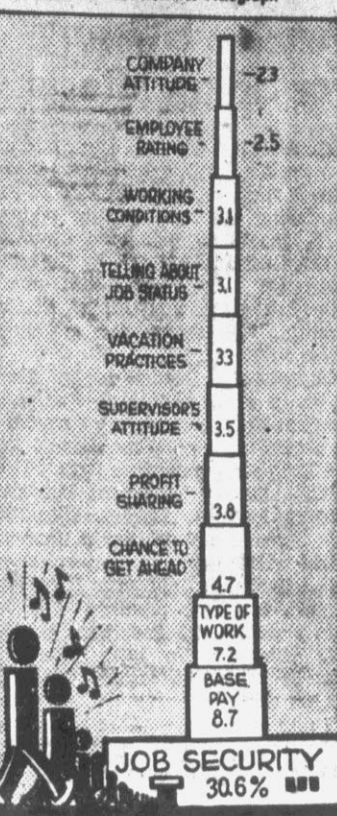

Roger B. Duval, assistant vice-president of the Wachovia Bank & Trust Company, who has helped AP's election tabulation staff for many years, again will supervise the work.

SLOWNESS BUILT INTO BUSES

Worcester, Mass.—(AP)—Officials of Providence, R. I., are taking no chances on sped instincts of their bus drivers. A contract for 112 new electric trolley coaches under construction here by the Pullman-Standard company specifies a speed limit of 30 miles an hour. Special windings on the motors will cut the speed from the usual 40 miles an hour to the new limit.

WHAT MAKES EMPLOYEES HAPPY

An AP Newsfeature Photograph

THE INDUSTRIAL CONFERENCE BOARD polled 6,000 workers in six companies on which among 71 factors they considered most important in keeping them happy in their jobs. Chart shows percentages of workers rating of first importance each of the top 11 factors.

Social Security Regarded As An Insurance Plan

"Social Security is a workingman's insurance policy," said Marshall Barney, manager of the Rocky Mount Social Security office, in an interview yesterday. "I want to make it clear to the public," Barney said, "that Old-Age and Survivors Insurance is not charity. It is insurance. The worker and his employer pay for it entirely."

Several persons calling at the Social Security office have said they didn't "need" these insurance payments. According to the Social Security law, persons who are entitled to payments can get them whether they "need" them or not. But before any payments can be made, the person who is entitled must apply for them and must be otherwise entitled.

"Workmen have already paid for this government insurance," Barney said, "and if they stop working after they are 65 they should come around to collect." The same goes for their families when the worker dies. "The insurance is paid for," he said, "but someone must apply for it before benefits can be paid."

Australia Told Policy Overdone

Melbourne—(AP)—Prof Griffith Taylor, geographer and anthropologist, has warned Australia of dangers in her White Australia policy. He says Australia would antagonize China and Japan to a dangerous degree if she persisted with "petty evictions of people on color grounds."

(Australia in the past two years has deported Chinese, Malaysians, other Asiatics, and one or two American negroes who had been here since the early days of World War II.)

Professor Taylor said one of the biggest reasons for man's troubles is that five months of the world's surface belongs to colored men, but is occupied by white men.

A 'Dress' Affair

Fremont, Neb.—(AP)—Indians here have given the "new look" to tribal regalia. A Fremont store reported the "new" regalia section hands "nearly cleaned out" a previously hard-to-sell item: Midland College sweatshirts that bore the varsity designation, "Warriors," beneath the picture of an Indian brave.

THIS WEEK'S Economy Hint

Liver rates a spot on the list of thrifty meats. And liver takes to onions and savory sauces with a natural affinity.

Here's something new to try on the family:

BARBECUED LIVER AND ONION STACKS

1 1/2 pound liver, sliced 1/4-inch thick (about 6 slices)
4 tablespoons butter or margarine
2 cups sliced onions

Cut liver slices in half. Cook onions in butter or margarine until clear. Heap onto half the liver slices placed in baking pan. Top with remaining slices. Cover and bake at 325 degrees F. for 20 minutes. Spread with barbecue sauce and bake uncovered 10 more minutes. 6 servings.

Suggested thrift menu: Cooked green cabbage, baked potatoes, molded salad, apple turnovers.

N.C. Candidates Start On Last Day Political Ground

Raleigh, May 27.—(AP)—Political candidates set out today for the last day of roadwork before Saturday's primary.

Most of them plan to wind up their traveling by tonight and make their final appeals to voters with radio broadcasts Friday night.

There was a flurry last night in the race for U. S. Senate as former Governor J. Melville Broughton at Kinston asked some questions of his opponent, Senator W. B. Umstead, who "has been hurling questions at me."

Broughton asserted that "farmers have a right to ask each candidate where he was and what he was doing during the critical years of 1938 to 1941, when the farmers of North Carolina were struggling for their economic existence." He said that during this period he had "helped farmers to fight for their program."

J. Con Lanier of Greenville, executive secretary and general counsel for the Leaf Tobacco Exporters' Association, asserted in a radio address, meanwhile, that Broughton has made "misleading claims" in his campaign.

Three statements by Broughton, Lanier said, are "not in accord with the record." These, he said, are that leaf tobacco dealers have opposed the formation of the Flue-Cured Stabilization Corporation; that leaf tobacco dealers have opposed reduction and control of tobacco acreage; and that "he, Mr. Broughton, has been leader in

development of a control program for flue-cured tobacco."

He declared that Broughton had part in efforts in 1933-1934 to establish a tobacco control program either did Mr. Broughton in 1933 for his services when it became necessary to adopt a new control program," Lanier asserted.

In the gubernatorial campaign Oscar Barker said one of his opponents for the nomination has "eased away downright opposition to a state bonus for veterans to a backdoor entrance on the issue."

Mayne Albright, Barker said, has been quoted by newspapers as saying "veterans want no paternal handouts from the state" and later was expressing personal favor for a bonus but saying the question should be submitted to the people in a referendum.

"The veterans deserve a bonus," Barker declared.

Kerr took his campaign for governor to Rowan county, where in a courthouse speech at Salisbury he said the state's economic progress is "outrunning its government." He declared the people are justified in demanding improved state services because of "the greatly increased taxes they are paying."

State Treasurer Charles M. Johnson, also a candidate for governor, said a review of state taxation is "necessary to determine with some degree of finality if certain taxes, instituted some years ago, can now be eliminated in fairness and equity." He spoke at Statesville.

SPRING DEBUT—Mama black bear and her new triplets emerge from den to smell spring dandelions at Brookfield Zoo, Chicago, Cubs, born Jan. 22, weigh 13 pounds each.

Shipbuilders Of Sweden Hunting For Ship Plates

Stockholm—(AP)—Sweden, one of the world's large shipbuilding nations, is facing a crisis because of an impending shortage of ship plates.

K. E. Jacobsson, managing director of Goetaverken—builders of the new motorship "Stockholm"—said upon returning from the United States recently: "No money can get ship plates in the U. S."

Chances for Sweden to get ship plates in other countries—England, Belgium or Germany—are considered almost as slim, a spokesman for the Eriksbergs shipyards says. The recent trade agreement between Sweden and the Bironia specified that Sweden will get 50,000 tons of rolled steel products in exchange for delivery of iron ore. How big a part of these products will be ship plates is still uncertain. Sweden's shipyards in 1947 launched over 50 merchant vessels, totalling 333,100 tons.

My Thanks To The People Of Pitt County

During the past two months it has been my privilege to travel over Pitt County in behalf of my candidacy for Solicitor of the Fifth Judicial District. I shall always be grateful for the cordial way I have been received and the many courtesies extended to me.

This has been my first opportunity to canvass in Pitt County because in years past I was a friend and supporter of Solicitor D. M. Clark whose untimely death concluded a fine record of public service extending over a period of twenty-one years. My unanimous indorsement by the Craven County Bar Association for the solicitor's office came as a complete surprise to me as I had never previously entertained any desire for this honor. However, since I have unselfishly supported Solicitor Clark in the past I feel justified in appealing to his friends in the district to support me at this time.

Sharing the solicitor's office within the six counties of the Fifth Judicial District has created a spirit of neighborliness and good will. Rotating this office has been in keeping with our democratic principles of government and has been of great benefit to the district. Now after twenty-one years it is both reasonable and fair that the solicitor's office be held in Craven County in the lower section of the Fifth Judicial District.

I have many ties with Pitt County. My mother and her parents came from Pitt County and my father served as your solicitor from 1906 to 1918 and when he resigned from that office he supported Honorable J. Lloyd Horton of Farmville, Pitt County, to succeed him in the sincere belief that it was for the best interests of the district to rotate and share the office with Pitt County.

I sincerely believe that my background, training and experience of twenty-four years as an active practicing attorney qualify me for the office of solicitor. I want to be chosen your Solicitor on my qualifications for office and for the more important reason of preserving the principle of rotation in office.

If honored by nomination and election, I shall serve all the people of every section of the district equally, fairly and impartially to the best of my ability. I will deeply appreciate your vote and support in the primary Saturday, May 29, 1948.

Charles L. Abernethy, Jr.

Summer School At High School June And July

Principal O. E. Dowd of the Greenville High School today issued the following announcement which will be of interest:

A summer school session planned for the Greenville High School will open on Monday, June 7, at 9 a. m. All students who have already registered as well as those who are planning to attend this session are to meet in the High School auditorium promptly at 9 a. m. Courses in English, mathematics, and history will be taught in the eighth through the twelfth grades. Miss Deanie Haskett will teach the English, Miss Frances Smith will teach the mathematics and R. B. Starling will probably teach the history. This summer term will run from June 7, to July 16, with the exception of a few courses in English, which will last a little longer.

Those students planning to attend the summer school who have not registered are urged to get in touch with the High School prin-

No Solution For Supply Problem Seen By Oil Men

By LYNN NISBET

Raleigh, May 27.—The problem of supply and demand, particularly distribution, of petroleum heating and power oil is acute; best brains of the petroleum industry are seeking solution, and are hopeful—but not yet successful.

That approximate summary of conclusions at a meeting in Raleigh Wednesday of some 300 representatives of distributors, dealers and consumers of petroleum products. Attendees came from all sections of North Carolina.

Western and Piedmont folks are most concerned about heat and power; easterners are primarily concerned about oil for tobacco curing. All sections of the country are worried about oil for domestic heating next winter.

The conference was sponsored by the Oil Industry Information Committee of North Carolina. Speakers on the program included Governor Cherry and recognized national leaders of the industry. All speakers agreed that production has increased, distribution processes have been expanded and im-

GM And Auto Workers Reach Agreement

A threatened strike of 25,000 General Motors employees was averted as a new two-year contract was agreed on in Detroit. The settlement climaxed 18 hours of almost continuous bargaining with United Automobile Workers-CIO. Looking over the new contract, which provided for an adjustable 11-cent an hour wage increase are: John W. Livingston, UAW-CIO vice president; T. A. Johnstone, assistant director of G.M. dept.-UAW; Harry W. Anderson, General Motors vice president and director of personnel, and Louis Seaton, director of labor relations for General Motors (left to right). (AP Wirephoto).

Vitamins Make Rice Beri-Beri Food Weapon

(AP) Newsfeatures

Manila—Something new has been added to the rice on Bataan—vitamins! It's part of the campaign against beri-beri which is being waged by Brig. Gen. Howard Smith on the U. S. Public Health Service. Twenty-five thousand people in the Philippines die of this disease every year.

Under the vitaminizing program rice grown in the United States undergoes a special process whereby vitamins B-1, B-2 and iron are added. The rice is then dried and mixed again so that the vitamins won't wash out. It is then transported to the Philippines, there to be distributed to various mills.

Philippine farmers, who bring their rice to any one of Bataan's 20 mills have it mixed there with the vitamin-fortified rice from the United States. One grain of treated rice is added to every 200 grains of ordinary polished rice.

Gen. Smith hopes to install processing machines in the Philippines within the next six months.

next September 2-3, according to Jack Kelley, extension swine specialist at State College.

The association also voted to hold its own North Carolina show and sale during the last week of January, 1949, Kelley said.

Walter Kirby of Lincuma is president of the association. F. M. Horton, Zebulon, is vice president and Edward Byrd of Bunn Level is secretary.

Paratroopers To Return To N. C.

Camp Campbell, Ky., May 27.—(AP)—The army's far-famed paratroopers, the 82nd airborne division, were on their way back to North Carolina today.

The division broke camp this morning to return to Fort Bragg after participating in an "Assembly" for the past several weeks.

The paratroopers were part of some 13,000 air force, airborne and ground force troops who took part in the maneuvers ending here yesterday.

TO THE DEMOCRATIC VOTERS WHO READ THE REFLECTOR

H. P. (Pat) Taylor, one of the candidates for Lieutenant Governor on your ticket Saturday, is my nephew. He was reared and trained under the formula of the old Prophet, Micah, Chapter 6, vs. 8: "He hath showed thee, O man, what is good; and what doth the Lord require of thee, but to do justly and to love mercy and to walk humbly with they God." He is a very popular man. I should much like for every one of you to vote for him.

H. S. WARD

Safe Drinking Water Important On Farm

College Station, Raleigh, May 27.—Safe drinking water has been one of the main concerns of Pamlico county home demonstration club members this spring, reports Miss Julia Dell, home demonstration agent for the State College Extension Service.

Since sanitation is one of the important problems in the county, the club members decided they would conduct a water-testing campaign in all the communities which have home demonstration clubs. The goal for the campaign is for every club member to have her family's water supply analyzed for purity.

The chairman of the health committee in each of the clubs is working directly with the County Health Department in ordering containers in which to collect the water samples. These samples are sent to the State Board of Health, for analysis.

There are 273 club members in the county. It is estimated that when the health chairman completes the work in their communities, approximately 350 family water supplies will have been tested.

Club women who have already received water analysis reports from the State Board of Health assert that the campaign has proved to be most worth-while to them as individuals.

Estimates of the lowering of world ocean levels during the ice ages vary from 300 to 2,500 feet.

The Red Sea is the saltiest part of the world's seas with a salt content as high as 42 parts in a thousand.

Wanted: One Yank, To Blow Horn In Moscow

Moscow—(AP)—The only American jazz band in Russia has diminished to a trio—and not a very loud one at that. Organized in 1944 by George F. Kennan, then minister counselor at the United States Embassy, the orchestra consisted of nine loud and flashy pieces. Kennan, now chief of Secretary Marshall's planning section and an old college guitar player, manned the same instrument in the Moscow outfit.

Kennan left Moscow shortly after the band was organized but his place was taken by Navy Radio Operator Harry Sedgley, of Trenton, N. J. Then one by one the members got transferred back home or to other places in the world.

Alarmed over the situation United States Ambassador Walter B. Smith is seeking to do something about it. "I've told them in Washington that when they send us someone new he'd better be able to play something," he says.

Honey Used For Curing Ulcers

Moscow—(AP)—Honey is being used successfully in the Soviet Union to treat stomach ulcers. Says the newspaper "Evening Moscow."

About 350 patients suffering from ulcers have been treated in the Ostoumov, Basman and Moscow garrison hospitals, the paper says.

About 250 grams of honey were given the patients for periods of 14 to 18 days. In many cases pains disappeared after the first day. About 80 per cent of those treated had their ulcers healed by the honey treatment. The article says honey was used during the war in treating wounds and that considerable research and experiment has been since conducted along these lines.

Colored News

On the evening of May 30, 8 p. m., the choir of Wynn's Chapel Baptist Church, Whitehurst, N. C., will sponsor its annual choir festival. Many various choirs are expected to be present to appear on the program. We are inviting all song-lovers to worship with us. Such choirs as Cornerstone of Williamston, Mount Calvary Senior Choir of Greenville and others.

Charlie Best, president of Wynn's Chapel Senior Choir.

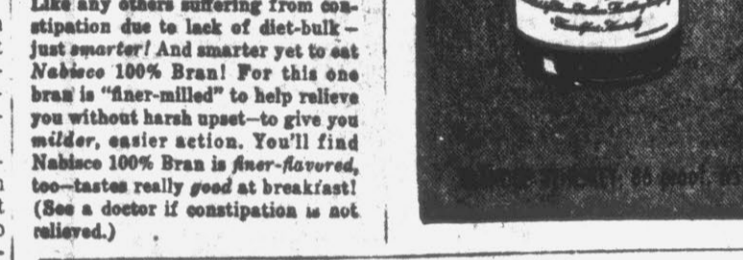

The last great advance of ice during the ice ages is estimated to have covered one-fifth of the earth's surface.

Poland China Hogs To Enter Contests

College Station, Raleigh, May 27.—Members of the North Carolina Poland China Breeders' Association, meeting in Smithfield recently, made plans to enter 10 bred gilts, four open gilts, and two boars in the North Carolina-South Carolina Poland China type conference and sale to be held at Florence, S. C.

WHAT KIND OF PEOPLE ARE BRAN EATERS?

Like any others suffering from constipation due to lack of diet-bulk—just smarter! And smarter yet to eat Nabisco 100% Bran! For this one bran is "finer-milled" to help relieve you without harsh upset—to give you finer, easier action. You'll find Nabisco 100% Bran is finer-flavored, too—tastes really good at breakfast! (See a doctor if constipation is not relieved.)

Whee! there's that ZIP again!

Men who know Buicks thoroughly see that all the different points that need it are properly supplied with exactly the right kind and right amount of lubricant.

You're away knowing your car is protected and set to roll smoothly and dependably with lubrication that has been matched to the mileage you have driven.

SEE YOUR BUICK DEALER REGULARLY FOR LUBRICARE

No wonder you grin! There's that zoom again—that go—that flashing spirit that you know is built in Buicks. There's that split-second answer to your call for power, the feather-light response to your finger that makes your two-ton honey handle like a baby buggy.

This is what happens when a Buick is cared for by men who know Buicks best—men who know the height of spirit a Buick can reach and how to bring it out.

Buick men have a way with Buicks no one else can have. That's only natural. Whatever they do, they do as the designers and builders of Buick say it should be done. They use Buick-approved checks and tools. And when time and miles finally take their toll in wear, they have right at hand a stock of Buick-engineered replacement parts.

Wheel in and they'll sweeten your engine to bring out all its surge and go. They'll steady your car's easy gait and make steering limber. They'll even take out your worn engine and give you new-car zing and power with a factory-fresh Fireball.

See for yourself. Bring your car in and get real, understanding Buick car care. You can't buy it anywhere else—and job for job it doesn't cost you a penny more.

JOHNSON IS THE MAN FOR GOVERNOR

Subject To Democratic Primary, May 29th

Charles M. Johnson is a thoroughly qualified candidate for Governor by reason of his long experience and training while performing many and varied services to the people of North Carolina.

Johnson was born on a farm, owns a farm and is behind the farmer 100 per cent. He understands their problems and will do something about them. He advocates an adequate system of All Weather farm to market roads and Improvement of Marketing conditions.

He offered a broadened and improved educational program with \$2,400 minimum salary, grants in aid to school building and other educational improvements so vital to the state's future progress. He favors too salary increases for state employees. He has approved the Medical Care Program, advocates welfare improvements, expanded facilities for the mentally ill, improved library services. Mr. Johnson stands for the conservation and development of the state's agriculture, industries, and other resources. His program of progress can be financed without increased taxes.

His policies are sound and those of a practical business man, and have been thoroughly aired during his cleanly-conducted progressive campaign.

JOHNSON'S RECORD of SERVICE

Proof Of His Qualifications For Governor

A veteran, having served as a sergeant in World War I. Twice elected State Treasurer of North Carolina, winning in each of North Carolina's 100 Counties. He serves as chairman of the following commissions: Banking Commission, Teachers and State Employment Retirement Commission, and Local Government Commission. He is a member of the State Board of Assessment, State Board of Education, Council of State Veterans' Loan Board, Law Enforcement Officers' Benefit Fund. Member and Treasurer of the Sinking Fund Commission, and the American Legion. He is a Deacon and Treasurer in the Presbyterian Church.

Wife, Children, Are Now On Sale

Hempstead, N. Y., May 26—(AP)—An attractive 28-year-old blonde divorcee today offered herself "For Sale" as a wife to a man with \$10,000 and willing to support her and her two small children.

Several hours after Mrs. Dorothy Lawlor of Hempstead made the offer in a feature story published in the Hempstead Newsday she said she had received 14 calls from men who told her they had the money to put up. She said she will begin interviewing them tonight.

"I'll make up my mind within a week," she said. "I have just enough money to last me that long."

Her offer appeared in a story after the newspaper had refused this ad:

"Wife for sale. Divorcee, blonde, attractive, wants man to marry and support her and two children. Must be willing and able to make immediate \$10,000 cash settlement."

Married at 15 and divorced eight years ago, Mrs. Lawlor claimed that her former husband refused to support her and her children, Dorothy, 11, and Tommy, 10. She works part time as a registered nurse and has a job as hat check girl in a night club.

"I just don't believe in love," she said. "But surely, somewhere, there must be a man who wants a wife and two fine children. Perhaps we could learn to love each other after a time."

She said she has admirers and "could get married tomorrow, but the cash isn't there."

Louisiana's New Senator Seated

Louisiana's new U. S. senator, W. C. FEAZEL (right), takes his seat in Washington with his Louisiana colleague, Senator Allen J. Ellender (left), and Mrs. Earl K. Long, wife of the Louisiana governor, after taking his seat. He succeeds the late Senator John H. Overton. Senator Feazel is a wealthy oil man from Shreveport and Monroe. (AP Wirephoto.)

UNBITTEN POSTMAN
Lincoln, Ill.—(AP)—After carrying the mail for 44 years, John M. Knochel of Lincoln has retired with a postman's dream of a record—he wasn't bitten by a dog once.

One excessive meal can initiate an attack in a heart already in bad shape.

Superstition Is Delaying Work Of Demolition

Prague—(AP) One wall stands in the middle of a razed area in Chrunutov, 60 miles west of Prague—a monument to superstition. The town council planned to demolish a group of buildings, many of them erected in the 16th and 17th centuries.

Most of the workmen were Slovaks and Gypsies, both loaded down with centuries of superstition. When they came to the mysterious wall a stone fell from the top and broke a workman's leg. Another workman uncovered a stone on which was carved the relief of a woman's face. A moment later another stone, with a carving of a dog's head on it, was found.

Then a rumor swept through labor gang that a tube containing an ancient letter had been found which recorded that on that spot a nun had been buried alive with her pet dog. Anyone who disturbed the spot of the grave would be punished by death—so the rumor ran, and work stopped.

In vain, foremen pointed out that

Japanese Churchmen Will Go To England

London—(AP)—Three Japanese bishops will be among the 323 delegates to the Lambeth conference of Anglican bishops—the first since 1930—when it convenes in July. They are the first Japanese churchmen to be granted exit permits since the war. British occupation troops have contributed the cost of their journey.

The bishops are Yashiro, Yanagihara and Makita. They were invited by the Archbishop of Canterbury who will be their sponsor. Chinese, Maori, Singalesse and African bishops also will attend the conference.

Many Europeans of the middle ages believed each month of the year was under the influence of some precious stone; January, the garnet; February, the amethyst, and so on. The superstitions survive to this day.

Try Explosives To Combat Hail In Switzerland

Bern, Switzerland—(AP)—The Swiss agricultural department will undertake experiments in blasting hailstorms out of the sky. The experiments, the department announces, are planned where tobacco plantations have been subject to seasonal damage by hailstorms.

In the fruit-growing areas of western Switzerland, for some years rockets and shells have been shot into hail clouds in an effort to break them up before they loosed their load on vineyards and orchards. The ground defenses have been made mostly by small communities, and local authorities have not been able to agree to the efficiency of their methods. For one thing, the vineyards and orchards to be protected were scattered, sometimes separated by mountains, and it was impossible accurately to measure the results. The Magadino plain frequently visited by hailstorms, and the tobacco fields there, highly susceptible to hail damage, are expected to be a better proving ground.

Scattered Rains Will Help Farms

By The Associated Press
The phrase "right as rain" today had the approval of smiling Carolina farmers.

Scattered thundershowers, mostly over the east portion, were predicted today. It will be the fourth straight day that rain has fallen to benefit farmers. Previously they had been worried—rainfall for the first three weeks of May had been below normal.

CAST YOUR BALLOT FOR
Wayland Hunsucker
OF WINTERVILLE
For
County Commissioner

District No. 4 — Winterville, Grimesland and Chicod

At the Democratic Primary, Saturday, May 29

Friends of Mr. Hunsucker who are supporting him for election as a member of the Pitt County Board of Commissioners, point to his record as Mayor of Winterville for 12 years, and he was for a time the youngest mayor of a town or city in the United States.

During his administration Winterville made exceptional progress. The lighting system was extended. Water and sewage projects were installed; the town lived within its budget and practiced a policy of economy, but steady progress. Wayland Hunsucker has lived all his life in Pitt County. He has been successful in conducting his own business as well as that of the Town of Winterville. He is for progress and advancement of the interest of the farmers and others in the great county of Pitt. He is a trustee of the Winterville Baptist Church; a member of the Site Committee for the Pitt County Hospital and one of the hospital trustees.

Wayland Hunsucker of Winterville promises the citizens of Pitt County that if he is elected a member of the Board of County Commissioners at the Democratic Primary on Saturday, May 29th, he will give the office his best personal service and the benefit of his administration as mayor of Winterville during a long period.

A vote for Wayland Hunsucker for County Commissioner at the Democratic Primary on May 29 will be a vote for progress, advancement and prosperity for the people of Pitt County.

Vote for Wayland Hunsucker of Winterville for the Pitt County Board of Commissioners at the Primary, May 29

(This advertisement paid for by Friends of Wayland Hunsucker.)

SENATOR
Wm. B. UMSTEAD'S
Position Is Clear On
These Vital National
And International
Issues!

Farm Program
While a member of Congress 1933-38 devoted much time and effort to development of present national farm policy and program. Strongly supported and voted for A. A. Bell Conservation Act, R. E. A. Farm Tenant Purchase Act, and Tobacco Control Act. As Senator, has continued active support of farm program and progressive farm legislation. In Senate speech (June 26, 1947), vigorously protested House-approved slashes in agricultural appropriations. Fought to get larger, more equitable N. C. potato allotment for 1948 — and won. Strongly supported re-examination of proposed tobacco acreage reduction in hopes of helping tobacco growers. Worked successfully to help get five-cured tobacco in European Recovery Program.

Taft-Hartley Law
Senator Umstead voted for the Taft-Hartley Bill when it passed the Senate because he believes the substance of the bill was necessary to maintain the proper balance between labor and management. Most national legislation is a matter of compromise and the Taft-Hartley Law is no exception. However, the pressing necessity to amend the Wagner Labor Act was obvious from the demand of the people of the nation for protection of the general welfare.

While a member of Congress, 1933-38, he voted for the Wagner Labor Act, the Wage and Hour Law, the Social Security Act, the Walsh-Healey Act and other legislation beneficial to labor which passed during the first six years of the Roosevelt Administration.

United Nations
"Despite many serious handicaps, the UN has made substantial progress and still represents a great opportunity for the establishment of permanent world peace and security. The UN: has active support of majority of world's nations; represents by far the greatest part of the world's population, military and industrial power and national resources. It is the hope of a free world capable of solving critical world problems; a maintaining world peace and security; favors abolition of veto power in UN organization; opposes aggression and admissions to UN by aggressors; favors strong safeguards against aggression; and the creation of a world armament control under supreme command of the UN Security Council."

World Peace and National Security
"The greatest problem confronting America and the world is the establishment and maintenance of world peace. The active threat of totalitarian power and aggression has made it necessary for America to increase its efforts to strengthen the United Nations, provide a long-range recovery program for faltering, war-weakened European democracies and build and maintain an adequate national defense program. Our citizens' understanding of the necessity for American participation in foreign affairs is of great importance in our efforts to bring peace and stability to a troubled world.

"By exerting our maximum efforts to help our nation and the world we will memorialize the sacrifices made by our heroic dead of both world wars. If a shrine be needed for these brave men and women, it should be a structure of permanent and ever-lasting peace and goodwill among the nations of the world."

So-Called Civil Rights Program
Opposes this program on the basis of its highly questionable legality and practicality. Believes the Anti-Lynching Bill, the Anti-Poll Tax Bill and FEPC Bill constitute an unwarranted invasion of state sovereignty and go beyond the limits clearly fixed by the U. S. Constitution. "I am unalterably opposed to this program. When the Federal Government is given the power to determine who shall vote and take charge of elections; when it takes over the police power now exercised by the States and units thereof, and when it is given the power to interfere with and pass upon the hiring and firing of the employees of every employer engaged in a business affecting commerce, then in truth and in fact, State Rights will have been wiped out and the power reserved to the States in the Constitution will no longer exist."

European Recovery Program
Voted for emergency interim-aid for winter relief in Europe and for long-range European Recovery Program. "American promoter of a successful ERP will strengthen the United Nations, make a great contribution toward world peace and help promote democracy in a world threatened by totalitarian aggression. The ERP is not only vital to the economy of western Europe, but it is also an active counterforce against Communist infiltration of European democracies. A successful ERP will result in stronger, more productive allies for world democratic forces. It will strengthen the UN because the UN is based upon a concept of free and independent nations. ERP has the same goal."

Federal Aid To Education
His first job on graduating from University of North Carolina was teaching high school in Elizabethtown. Always remained interested in education and the problems of public schools. An early supporter of federal aid to education, he voted for the recent \$300,000,000 federal aid to education bill which passed the Senate and is now before the House. Stressed that he supports federal aid to public schools without federal control of school systems created. Maintains that difference in wealth and income of various states tends to impose an unequal burden in developing effective public school systems. N. C. spends more money for education in proportion to its income than many other states. Its expenditure per pupil is still low when compared with other states. We have also paid too little attention to our teachers and to their problems and difficulties."

Veterans
A combat veteran of World War I and member of American Legion and VFW, the Senator has always been deeply interested in the welfare of all former servicemen. Works closely with Veterans Administration and has helped many N. C. veterans with their personal problems. In recent speech he said: "The active participation of World War I and II veterans in all local, state and national affairs has been heartening evidence of their faith in the future of America. Veterans have proven their good citizenship in peace and war, demonstrating clearly that the young men of America can meet the challenging responsibilities of penitence citizenship as well as war-time service."

Communism
"Communism is a grave threat to the American form of government and to the American system of individual freedom and justice. This threat can be met only by firm decisions and a willingness to adopt the measures necessary to halt its aggressive infiltration into free nations. Communism thrives on ignorance, chaos, dissension and confusion. Democracy grows and becomes effective in an atmosphere of intelligence, free enterprise, law and order and respect for the individual rights of man and the dignity of the human soul. If the march of Communism across Europe should engulf the remaining free nations there, the very survival of America would be at stake just as surely as it has been during any period of our history."

Public Health
He has always supported and will continue to support needed legislation for better public health. Actively supported the Hill-Burton Act, Federal money-allocating legislation which made the Great Health Program possible in N. C. Also actively drafted the Good Health Act which passed the N. C. General Assembly. Stated in a recent speech: "Schools and roads were the first two great steps taken by N. C. during this century. The Medical Care Program is the third great progressive step taken, and I predict it will bring a new day in medical care and better health conditions. It is clear that the people of N. C. are determined that every child born in the State shall have the opportunity to develop an educated, trained mind in a sound body. Good health and good education are essential parts of our planning for better citizens and a better State."

Drops U. S. Citizenship For 'Citizen Of World'

Paris, May 26—(AP)—Garry Davis, 36, Broadway actor, said today he has renounced his American citizenship to become a citizen of the world.

Davis, a wartime bomber pilot and an orchestra leader Meyer Davis, said in an interview he plans to go to Germany to work on rebuilding the German nation.

"After all, I'm responsible for some of the damage there," he said.

Another American, Henry Martyn Noel, Jr., a former Harvard student, recently renounced his citizenship to work as a bricklayer in Germany.

Davis' home is in Philadelphia. He said he last appeared on Broadway in the musical comedy, "Three To Make Ready." His immediate plans are uncertain because he has no papers, little money and no apparent means of getting into Germany, he said. The U.S. embassy told him he could not go without a passport.

The actor spent 38 months in the army. He crash landed in a B-17 bomber during a raid on the German atomic testing plant at Peenemuende in July, 1944, and escaped to Sweden.

Davis said he feels the world is in a state of "international anarchy" in which sovereign nations are moving swiftly toward a final war, and added:

"I no longer find it compatible with my inner convictions to contribute to this anarchy, and thus be a party to the inevitable annihilation of our civilization, by remaining solely loyal to one of these sovereign nation states."

Some Europeans throw fruit instead of rice at newlyweds.

German Grateful To Greenville Woman For Gift Package

By CHESTER WALSH
In response to a letter from Edwin Robmanth of Hessen, Germany, in the United States zone, published in the Daily Reflector several months ago, Mrs. C. M. Jones, 508 East Fourth Street, sent a box of food and clothing to the former German soldier, and she had a lot of pleasure doing it, she said. Mrs. Jones recently received a letter from the German, dated April 27, in which he thanked her for her "good neighbor spirit," and told of the hardships and suffering of the German people in war-devastated cities and towns.

The letter follows:
"Dear Mrs. Jones: I thank you for your package and for your assistance in sending me a package of clothing and food. Your package gave me new hope and faith. Here in Europe we live in misery and ruts, but we will not lose faith in God. If it is possible for you to help me, please send me some knitting wool (navy blue) and some darning cotton and thread. Dear Mrs. Jones, I thank you once more for your assistance. Yours sincerely, Edwin Robmanth, 10 Muhlhelm-Main, Virumst. 12, Hessen, Germany, United States Zone."

Determination of latitude by "shooting" stars is sometimes rendered incorrect by gravitation of surrounding mountains. The accepted position for Tokyo was incorrect by about 1,000 feet for many years because of this factor.

Gavel Men For The Convention

Senator Alben Barkley (left) of Kentucky and Rep. Sam Rayburn of Texas discuss gavel technique in Washington after they were chosen to direct the Democratic National Convention. Barkley will deliver the keynote address, and Rayburn will be permanent chairman. (AP Wirephoto).

Dangerous Practice Of Trailing Fire Department Trucks

By CHESTER WALSH
In Police Court Monday, Joseph E. Cannon, charged with speeding behind a fire truck on the way to an alarm in the eastern part of the city last Saturday night, was fined \$20.

A city ordinance provides a heavy penalty for motor or other vehicles to obstruct the fire department on the way to a fire or at the scene.

Police have been instructed to rigidly enforce this law and arrest all offenders. It was testified in court Monday that cars trailing the fire truck also interfered with police cars en route to assist the firemen. It is a dangerous practice of motorists, police pointed out today. The law requires all vehicles on the route of the firemen to go to the curb and park five minutes. Another danger of motorists trailing the firemen is that they interfere with the volunteer firemen responding to the alarm. Volunteer firemen's cars bear signs identifying them as firemen which give them right of way in responding to a fire alarm.

Swiss Storks Said Now Nearly Extinct

Zurich, Switzerland—(AP)—The stork is likely to become non-existent in Switzerland, the "Ornithological Observer" warns. The periodical says there were only eight nests in Switzerland last season, and only five broods resulted, with 20 young. One of the babies was killed when it came in contact with a high-voltage electric line. At Schlattigen, where a pair of storks raised five young, other storks attacked the family. One of the aggressors was killed in the fight.

To The Voters Of Pitt County

I hereby solicit your vote and support for re-election for a second term for County Commissioner, Fourth District, in the Democratic Primary May 29.

I promise, if re-elected, I will continue to serve faithfully and to the best of my ability, the best interest of all the people of Pitt County.

Your vote and support will be gratefully appreciated.

J. F. ARTHUR

VOTE

FOR

FRANK M. KILPATRICK

For Re-Election To The House Of Representatives

As your Representative from Pitt County in the 1947 session of the General Assembly, Mr. Kilpatrick made an outstanding record. His legislative record shows that:

He was author of the bill that pays jurors \$5.00 a day now instead of \$3.00. This bill has been in effect since last July.

- He was co-sponsor of the bill that eliminates women from jury service unless they wish to serve.
- He was co-author of the bill and worked diligently to set up a new organization for the wildlife of our state.
- He helped sponsor the bill that strengthened our stabilization act, by creating a fund to expand world markets for our tobacco.
- He supported the health program in its entirety.
- He supported the bill increasing the salaries of our school teachers and state employees.
- As a member of the Appropriations Committee he was instrumental in obtaining the sum of \$275,000 which has been set aside for a boys' dormitory at ECTC.
- Author of the bill that increased the benefits for Pitt County police protective association.
- Mr. Kilpatrick is in favor of the highest degree of highway safety, but opposed the highway inspection law because of unreasonable and foolish rules and laws that are a burden and unnecessary expense. He thinks the grandfather's clause should be worked with the rules of driver's licenses.

Mr. Kilpatrick's support of the above measures were in response to what he considered the will of the people of Pitt County. On this record he is asking the support of Pitt County voters in the primary Saturday May 29. He pledges his support of all legislation that will be for the best interest of Pitt County.

It is with deep regret that he has been unable to see each and every one of you personally.

Being a farmer he knows you will understand his position and forgive him of any seeming neglect.

On his past record, it is his hope and desire that you go to the polls Saturday, May 29th, and cast your vote for Frank M. Kilpatrick for House of Representatives.

This Advertisement Paid For By Pitt County Friends Of
FRANK M. KILPATRICK

Here Is The Record

Who Do You Think Will

Make the Best Governor?

Scott vs. Johnson

SCOTT

SCOTT — Resigned State job as Commissioner of Agriculture to run for Governor.

SCOTT — People's candidate.

SCOTT — For tax relief for worker, farmer and small business man.

SCOTT — Against going into debt with millions of tax-payers' money hoarded in banks and drawing no interest.

SCOTT — Got interest for tax-payers on surplus funds Department of Agriculture.

SCOTT — Against Gag Rule that prevents majority rule in Legislature.

SCOTT — Knows what it is to meet private payroll and to PAY taxes.

SCOTT — Has no big money chains around his neck — no skeletons in his closet.

SCOTT — Says what he means and means what he says — Says he's for better schools AND VOTED FOR THEM in Alamance County election, March 9.

SCOTT — Hasn't gone about State Promising political jobs for support.

SCOTT — Hasn't promised roads for votes.

SCOTT — Will revitalize State Government, open the windows and let in fresh air in Raleigh. Scott will scrape off the political barnacles.

JOHNSON

JOHNSON — Hanging on to State job as Treasurer and campaigning at tax-payer's expense.

JOHNSON — Machine candidate.

JOHNSON — "Nothing to be done about the sales tax."

JOHNSON — For plunging State into debt with hundred million dollar bond issue.

JOHNSON — Cost tax-payers millions by letting \$170,000,000 pile up in banks without interest.

JOHNSON — Managed by men who presided over Gag Rule Legislatures.

JOHNSON — Always on public payroll.

JOHNSON — Backed by big banks and powerful lobbies.

JOHNSON — Says he's for better schools, BUT DIDN'T VOTE for them in better school election in Raleigh, April 10.

JOHNSON — Would have to enlarge capitol if he made good on all promises made for him.

JOHNSON — His henchmen demand support for machine in exchange for roads built with tax-payers' money.

JOHNSON — Would have to keep the old guard tax-eaters and increase their number.

THIS IS THE YEAR TO ELECT A GOVERNOR PICKED BY THE PEOPLE, NOT THE POLITICIANS.

THERE OUGHTA TO BE A LAW!

Visiting Nurse

by Kathleen Harris

Chapter 21
"Your mother is not a young woman, Hildred. Suppose it were a brain tumor—an operation might not be easy on her at her age."
"You mean she wouldn't come out of it?" Such fear as she had never known gripped Hildred's heart, so that she could not get out of the car though Randy was holding the door for her.
"I didn't say that." He took her by an arm now and helped her out. His gray eyes smiled down into hers and he gave her a little shake as if he'd put her feet—and herself—

firmly on the ground. "I told you, in the beginning, not to start fretting—and look at you! Your mother has had these spells for years—ever since your father was killed, as you've often told me. She always comes out of them nicely—she told me only a short while ago that they seem much further apart lately."
"But they last longer and are worse." How could she shut out worry where her mother was concerned? "All right, Randy, I won't fret—not any more this evening, anyway!" That could not help any and it was not fair to Randy. But Hildred determined that she would see if anything could be done about that brain specialist in Atlanta. Randy ought to be able to help—he would if she persisted—since his recent connection with that big hospital there.

She would have to phone and tell Lucien that she could not come this weekend. Poor Jimmy, she would have to disappoint him, too—unless Lucien had Robin fetch him without her.
Randy sat looking at her. His tone was bantering, he gave her his wide grin, which because it was so rare and also so completely winning.

"You're pretty enough, as girls go, Hildred—but who can hope to catch the spirit within, or behind your pretty face. You've got a lot of it, you know!"
"Sometimes I could use more," she returned, with that defiant toss of her blonde head. "I don't suppose you mean that as flattery, Doctor."
"I don't believe in spouting the opposite sex." His grin widened. "Heaven knows they are vain enough as it is."

"You seem to have a low opinion of the fair sex. One would think that you had been crossed in love."
"I have." His eyes smiled into hers. "Have you forgotten that you turned me down when I asked you to marry me? A low opinion? I think women are angels, all of them. Only I have been too busy all my life to test that theory."
This was dangerous ground—Hildred felt that delicate color of hers spreading into her cheeks. "You should take time, then. All work and no play—you know what is said about that."

"Oh, I know I'm a dull fellow," Randy returned. "I must seem extremely so to you now that you know Mr. Lanier."
Could that mean he was a trifle slipshod? But he had let opportunity slip by; he had not said anything more. Oh! how she wished something would happen to make him wake up.

Something was to do that very thing—but of course, as she could not see into the future Hildred could not know that.
Lucien was much disappointed that she could not come the following Saturday, when she phoned him to explain that she had to go after her mother, who had been ill. But he also was most understanding and sympathetic.

If proof were needed of that he gave it by asking if there was not something he could do. "Would you like to have Robin drive you up to get your mother?" Lucien asked. "You can't bring her back on the train if she's not feeling well," Hildred explained, further, that she already had been offered the use of a friend's car. "Doctor Baird is driving me up," she said, thanking Lucien.

"What is this Doctor Baird like?" Lucien asked. His voice held its mocking quality, even over the wire. "I hope he is not young and handsome, Hildred."
"Oh, but he is! Decidedly so!"
"Aha... now I shall be envious of him! No wonder you are always saying Doctor Baird says this, or Doctor Baird says that. You are always quoting him, you know, my dear."
"Am I? Well, he's my boss, you know."
"I don't like the idea of your having a boss." Lucien's tone was his firm, authoritative one. "What does he say about your mother, this remarkable doctor of yours? Why doesn't he do something for her so she'll not have these headaches?" Hildred told him that Randy did not think there was anything to be done.

"There's always something!" It was plain Lucien had no patience with that. He surprised Hildred by adding now, "We shall look into it, my dear—I promise you!"
She said, "You seem to think you must take on all my responsibilities, Lucien. But it's kind of you, I do appreciate it, more than I can say."
"I like to do so," he returned promptly. "It gives me more pleasure than I possibly can tell you. And that reminds me, Hildred, I have something to tell you. But I had meant to do so Saturday. Now it must wait until your return."
"I believe you like to keep me in suspense! But I will be a good

girl and wait, as you ask." She wondered, nevertheless, what—or who—it was about Jimmy? His cousin, Dodo? But no use trying to guess. Lucien liked to do everything in his own way.
However, when next Hildred saw Lucien he had two things, each of great importance to tell her, instead of just one. Each was to be a big surprise, in its way. Each was to affect that future far more than she could have foreseen.
(To be continued)

Navy's Trading Shows Profits

Honolulu (AP)—The Navy's Pacific island trading posts made a half million dollars in its first five months—enough to pay back what the company borrowed to go into business Jan. 1. Officials of the corporation, the Island Trading Co., credit the record high price of copra. They deal with the Trust Territory of the Pacific, an area of 2,000,000 square miles including the Marshalls, Carolines and Marianas.
"Actually, the Island Trading Co. is a non-profit organization for rehabilitating island economy," explains its treasurer Comdr. Kenneth White. "But to operate successfully, we have had to put the company on a sound financial basis. About half of the \$500,000 made by the company can be considered a Navy subsidy in free shipping, salaries for Navy men operating the business and assistance in financing."

PATIENCE—AFTER 30 YEARS
Weymouth, England (AP)—Eighty years old, Henry Holah spent 30 hours adrift at sea in a small motor boat after the engine broke down. "I wasn't unduly alarmed," he told coast guard rescuers. "I've been in tight spots before."

German Friends Found Expensive

Frankfurt (AP)—Loitering women are being arrested in this headquarters-city of the American Occupation Army at the rate of 250 a week, the provost marshal's office reports. The office said about 40 percent of the women suffered from venereal disease.
German police are cooperating with military police in ridding the streets of prostitutes, but lack of hospital space prohibits adequate care for them, the report says. An increase was reported in the number of persons "rolled"—cases in which the victims spent night with a new-found acquaintance and awoke to find money, watch, clothing and friend missing. The office said Americans should be "more selective" in making acquaintances.

Blames Russia For Breakdown

Washington, May 26 (AP)—Secretary of State Marshall today blamed Russia for the latest failure of the allied powers to negotiate an Austrian independence treaty.
Completion of the pact, he indicated, would be a test of the Soviets' expressed desire for a better international relations.
Marshall also told a news conference the United States has formally proposed to Britain, France and Russia that a conference on international navigation of the Danube river be opened in Belgrade, Yugoslavia, July 30.
Buffalo in the United States has increased from 500 to 6,000 since 1905.

Notice Of Sale Of 1947 Real Estate Taxes; City Of Greenville, N. C.

Pursuant to Section 1715, Chapter 310 Public Laws of North Carolina Session 1941, and by order of the Board of Aldermen, I will on Monday, June 14, 1948, in front of the courthouse door in the city of Greenville, North Carolina, expose for sale to the highest bidder for cash, the following Real Estate for delinquent taxes for the year 1947. Penalty in the amount of 3 per cent has already accumulated on these taxes, and interest at 6 per cent per annum will be charged until taxes are paid.

To The Voters Of Pitt County

Food Price Average Up Though Supply Is Good

New York, May 27—(AP)—Food prices increased on an average this week and were above the level of a month ago, although still under their January peaks.

Retail stores reported customers in many sections had increased purchases of fresh vegetables, fruits and fish, there was a good market for cheaper meat cuts, poultry and canned and frozen foods. Demand for bakery products was reported slightly lower.

Wholesalers said sales were high and meat foods were in ample supply. Retailers were buying large quantities of frozen foods. Demand for dried fruit packs slackened, but reports that the government would buy the 1947 surplus kept prices up.

Food producers reported slight seasonal gains in output. Production of butter, cheese and flour increased. End of the packing house strike in most plants sent meat production up. Only a few retail outlets reflected any change in meat prices.

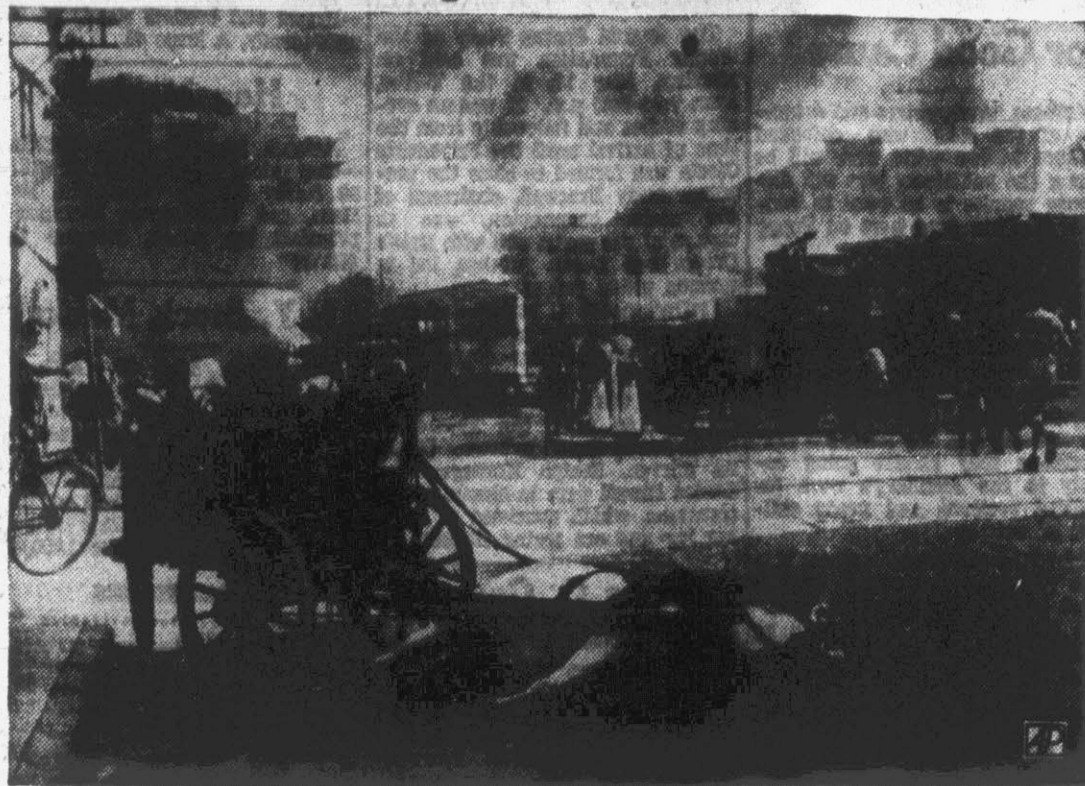

A spot check by the American Institute of Food Distribution showed food gains and large markets reporting dollar sales volume nearly 1 per cent above last year. Neighborhood and country stores reported sales up 7 per cent.

Wholesalers said their customer had resumed buying earlier than last season.

"Most chains are getting a little higher prices," the institute reported. "Independents are securing a little more business as families become less concerned about saving money."

Frozen food industry spokesmen said that in the last seven months more frozen foods were moved out of cold storage than during any like period in the last seven years. They added that customers are taking home more packages of meat fruit and vegetable items than at any time in the industry's history.

Air Raid Brings Death And Fire To Tel Aviv

Remnants of Tel Aviv, Israel, race toward the bus station after it was set afire during a raid by the Egyptian air force. Forty persons were reported killed and 60 injured in the city. A victim of the raid was this horse lying dead in the street. It is still hitched to its cart. (AP Wirephoto).

Negro Farmers And Farm Women Make Excellent Record

College Station, Raleigh, May 27.—Onston County Negro farm men and women displayed 127 hams and 3 community projects at the first fair and Corn Show held in Smithfield May 24 and 25, according to R. Johnson, Negro county agent of the State College Extension Service.

The show, second of its type ever held in the state, was attended by a large crowd of farm people who took keen interest in the exhibits and the discussions which were given during the day by extension specialists from State College.

Fifty-seven of the hams were placed in the blue ribbon group, 42 in the red ribbon class, and 28 in the white ribbon group. The hams weighed approximately 3,300 pounds and were valued at more than \$2,000.

Scorn Competition In Art Of Making Music

Quincy, Ill.—(AP)—Larry Long, his toy banjo, and his curbstone music makers weren't going to be

outdone by mixed choruses from six large high schools. The high school choruses were performing in the auditorium here. Between numbers, Larry and his gang—ranging in age from 3 to 7—filled in with entertainment from their bandstand on the curbstone near the auditorium.

Study Tennessee, Learn Democracy

Hamburg—It's a long way from Tennessee to Hamburg. But Tennessee is the only place where their way of life has helped children here find the true meaning of the word "democracy."

The word was brought to Germany by the victorious allies. A night school is now in progress to teach school children was supported by the German education branch of the British zone.

They broadcast to the schools a dramatic series dealing the story of the Tennessee valley authority and the story told now in the very year 1948, Hitler began a reign of force in Germany. The late President Roosevelt started this voluntary school. The broadcast pointed out that the valley plan's motto was "we force no one."

There is now one school taught to TVA ideas.

The boys aged 14 to 18 listened to the broadcasts, studied German papers on the subject, and went to scale models of the dam projects drawn from data given in the broadcast and books. Their motto in clay showed emotion in the valley and the present course of the river. Then there was an illuminated model naming the dams.

Their exhibit carried a slogan, "TVA—An Example of Democratic Planning."

HOST—Gov. Mon C. Wallgren of Washington will be host at Olympia to President Truman when the chief executive tours the Pacific Northwest following a speech at the University of California in June. The two are old friends.

Traffic Deaths In State Decline

Raleigh, N. C., May 27—(AP)—Traffic accidents in North Carolina claimed the lives of 51 persons in April, the motor vehicle department reported today.

This was a decrease of 19 per cent over the April 1947, death toll of 63.

The April report brought traffic accidents for 1948 to 4,883 with 191 persons killed and 2,055 injured.

During the same four month period last year, 286 persons were killed and 1,869 were injured in 3,478 accidents.

Motor vehicle officials said they looked favorably on the April report because there was a seven per cent increase in motor vehicle registrations and an 11 per cent increase in miles traveled compared with last April.

Fayetteville, with two deaths, led the cities for highway fatalities last month, while Rowan led the counties, with four killed.

Hill's Offers Their Sincere Congratulations And Best Wishes To The Class of 1948

It is customary on this occasion to remember graduates with a gift. Therefore we suggest the following items.

- Pajamas
- Dress Shirts
- Sport Shirts
- Handkerchiefs, white and colored
- Hikoek Belts
- Jewelry
- Wallets
- Neck Wear
- Sportsmen's Lotion
- Sportsmen's Lotion Sets

Civil Service Test For Position In VA

CIVIL SERVICE

A Civil Service examination for Dental Hygienist and Dental Technician positions, salaries from \$2100 per annum, is now open in the Veterans Administration. It was stated today by the Secretary of the Board of U. S. Civil Service Examiners, at the local post office.

The examination is being held by the Board of U. S. Civil Service Examiners, Veterans Administration Branch No. 4, 900 North Lombardy Street, Richmond, Va., to fill positions in Veterans Administration field establishments located in the District of Columbia and the states of Maryland, North Carolina, Virginia and West Virginia. Applications will be received by the Executive Secretary of that Board until the needs of the service have been met.

No written test is required in this examination. Applicants will be rated on the basis of their education, training and experience as described in their application. In order to qualify, applicants must possess appropriate training or experience relevant to the duties of the positions.

Complete information and application blanks may be obtained from the Secretary of the local U. S. Civil Service Board at the local post office.

THEY COULDN'T WIN DEBATE

London—(AP)—The Lancashire county public assistance committee debated long before deciding not to appropriate \$1048 in football pool winnings of six indigent inmates in a public institution. Then they found that the money had been spent, anyway.

Weather Outlook Is Still The Same

By the ASSOCIATED PRESS
Weather conditions in the Carolinas will continue today and tomorrow about the same as they've been since the beginning of the week — scattered thundershowers and fairly comfortable temperatures — the forecaster said.

His prediction was approved by farmers, for things have improved for them since Sunday. Some rain has fallen every day since Sunday after a dry spell the first three weeks in May.

Yesterday the rain was heaviest in mountain areas, with 76 inches falling at Mt. Mitchell. Other readings for the 24 hours ended at 7:30 a.m. today: Raleigh 32, Greensboro trace, Spartanburg 32, Charleston 30, Columbia trace, and Myrtle Beach 50.

Temperatures through Saturday morning will continue to range from afternoon maximums in the high 60's and low 70's to overnight minimums in the low 60's, the forecaster said.

The extended forecast said the thundershowers would continue in coastal areas through Saturday.

Science Club Takes Annual Trip To Coast

Members of the Science Club at East Carolina Teachers College spent part of last week-end enjoying their annual trip to the coast of North Carolina. Twenty-nine students and three faculty members of the group visited Morehead City, the outer banks, Shackleford Island, and Cape Lookout and made a trip through the inland waterway. Observations of scientific interest were made along the way and specimens of aquatic life along the coast were collected.

Honor Girl Scouts At Cotanche Park Friday Afternoon

By CHESTER WALSH
The Girl Scout Court of Awards will be held at Cotanche Street Park Friday afternoon at 4 o'clock weather permitting. If the weather is bad the exercises will be held at the High School. Several girls are to be presented Curved Bars, the highest Girl Scout honor. First and second class badges will be awarded to a number of girls.

The program will be interesting and impressive. It will be inspiring to parents to attend and have a close-up contact with the Girl Scouts and the fine women who are serving as leaders and in other capacities. Following is the program: Mrs. J. Knott Proctor, Girl Scout commissioner, will welcome the assembly after the "flag ceremony"; Jo Howard will be master of ceremonies.

Awarding of Proficiency Badges — Troop 4 Mrs. Carl Adams; Troop 10 Mrs. Gherman Taylor; Troop 12 Mrs. E. L. Henderson.

Awarding of Brownie Wings — Troop 6 Mrs. Thurston Ellington; Troop 2 Mrs. J. E. McLane; Troop 9 Mrs. Tom Wilson and Mrs. E. D. Whitley; Troop 5 Mrs. Louis Gaylord, Jr.

Awarding of Badges of Rank — Second Class Troop 19 Mrs. N. S. Beard; Troop 3, Jo Howard and Ann Jackson. First Class Rank — Troop 1 Mrs. R. L. Lee; Troop 12 Mrs. E. L. Henderson.

Awarding of Curved Bar — Troop 1 Mrs. R. L. Lee; Troop 10 Mrs. Gherman Taylor. The Friendship Circle and the singing of "America," the last stanza to be chanted as a prayer, will complete the Court of Honor exercises.

Friends of Girl Scouting and the public are invited.

U.S. buses, subways and streetcars carried 13 billion passengers in 1940, 18 billion in 1942 and 23 billion in 1945.

William O. Flye Dies At Hospital In Oteen

Mr. William O. Flye, 51, of Kinston, died Tuesday morning at the Veterans Hospital, Oteen, N. C., following an illness for seven months. Funeral services were held at the Johnson's Funeral Home in Rocky Mount this afternoon at 3:30 o'clock by Elder R. B. Denson, Primitive Baptist Minister of Rocky Mount, and burial was in Pine View Cemetery in Rocky Mount.

Mr. Flye, an employee of the Atlantic Coast Line Railroad Company, was located in Greenville for a number of years before transferring to Kinston with the same firm in 1931.

Surviving are his mother, Mrs. J. W. Flye of Kinston, a daughter, Miss Frances Flye of Wilson, two sons: W. O. Flye Jr. and Jimmy Flye of Kinston, and a brother, Paul L. Flye of Greenville.

Migrant Workers To Help Harvest

Goldboro, May 27—(AP)—Seven thousand migrant workers from along the Atlantic seaboard will invade North Carolina next week to help a like number of local help harvest the state's Irish potato crop, according to the State Employment Service.

An estimated 30,000 acres of spuds have been planted in the concentrated area which includes Wayne, Duplin, Pitt, Carteret, Pamlico, Beaufort, Tyrell, Hyde, Pasquotank, Camden and Currituck counties.

E. L. Adams Dies At Home In Black Jack

Mr. E. L. (Lid) Adams, 61, died at his home at Black Jack Wednesday night at 8:15 o'clock following three weeks of illness. Funeral services will be conducted at the Black Jack Free Will Holiness Church Friday afternoon at three o'clock by the Rev. D. J. Little, Holiness minister of Sanford, assisted by the Rev. B. B. Carlyle, Holiness minister of Bladenboro, and burial will be in the churchyard. Members of the Snodden Hudson Bible Class will be honorary pall bearers. The body will be carried to the church one hour prior to the time of service.

Mr. Adams was born and reared near Shelmerdine, and for the past 26 years he had operated a store at Black Jack. He was a member of the Black Jack Free Will Holiness Church.

Surviving are his wife, Mrs. Helen Buck Adams; a son, Eugene Adams of the home; six daughters: Mrs. Glenn Gaskins, Mrs. Elmer Dixon and Mrs. Calvin Mills, all of near Black Jack, Mrs. Blaney Taylor of Chocowinity, and Misses Louise and Mildred Adams of Greenville, and six grandchildren.

GM Wage . . .

(Continued From Page One)
this way:
1. Eight of the 11 cents to make up for an increase in living costs.
2. The other three cents as an "annual improvement factor" to increase the standard of living of workers.

The contract is for two years. In that time the workers may lose some of the eight cents or get more than eight cents, depending on whether living costs in those two years go up or down.

But in that two-year period they will not lose any of the three cents given them to boost their living standards.

Next year, in fact, they'll get another three-cents living standard raise, no matter what happens to living costs.

Yet, even if the bottom falls out of living costs in the next two years, the GM workers will not lose all of the eight cents they get now as a living cost increase. This is how it works:

GM figures now the straight hourly pay of its average auto worker is \$1.50.

With the new, total 11-cent raise—eight for living costs, three for living standards—He will now make \$1.61 an hour.

Every three months GM and the Union will look at the government's figures on living costs.

If they've gone up in the previous three months, the workers will get a living cost raise in addition to their eight-cent living cost raise. But what if living costs have gone down in those three months?

In that case the workers get some of their eight cents taken away but the company agrees never, in the next two years, to take away more than five of the eight cents. So here's where the GM workers will stand:

He's getting \$1.50 now, will get three cents this year and another three next year for living standards, a total of \$1.56.

To that \$1.56 is added eight cents for living costs. Total: \$1.64. If living costs hit bottom and GM takes back five of the eight cents, leaving the worker three, at the end of two years he'll still be making \$1.59.

To Sell Poppies Here Saturday For Good Cause

Mothers, wives, sisters and daughters of the men who defended America in two world wars will be among the volunteers who will distribute poppies to be worn in honor of the war dead here on Poppy Day, Saturday, May 29.

Mrs. T. K. Fountain, Poppy Chairman of the Greenville unit of the American Legion Auxiliary, has reported an enthusiastic response to her call for Poppy Day volunteers from the families of veterans of both wars. All will serve without pay or reward of any kind, the contributions they receive going entirely to the Auxiliary's work for disabled veterans and needy children of veterans.

"Many of our poppy workers this year will be young women distributing poppies for the first time," said Mrs. Fountain. "They will be largely wives of World War II veterans who have recently come into our Auxiliary and are taking up their share of our work for the disabled and dependent families. They know the growing need among World War II families and I am sure they will be among our most energetic workers."

"Side by side with the younger women will be our older members, women of World War I families. They have been Poppy Day volunteers for many years and have seen the poppy funds bring aid to veterans and their families year in and year out. They, too, know how rapidly the number of disabled veterans and needy children of veterans is increasing, and they will be back on the streets this Poppy Day to help bring in increased funds for the Auxiliary's work of mercy and relief."

"Our junior members, too, will have a part in Poppy Day. They are daughters and young sisters of veterans and they are learning early to serve for the welfare of their community and country."

"These public-spirited women and girls will be on the streets throughout the day on Poppy Day offering their veteran-made memorial flowers for everyone to wear. I hope everyone will greet them in the same spirit they are showing and help make the day truly one of remembrance of the war dead and aid for the war's living victims."

Collision At Tenth And Charles Streets

Police arrested Harold Humphrey of Farmville and Edward L. Corey of near Grimesland yesterday afternoon about 4:40 and charged them with failure to keep a proper lookout when their cars collided at 10th and Charles streets. None of the occupants was injured. Both cars were damaged. Officers Gladson and Peterson investigated the collision.

Tragic Failure . . .

(Continued From Page One)
ways and means of restoring peace in Palestine. And it is only fair to say that the problem is complicated and far from easy of solution.

Meantime France is said to be anxious for strong action by the U.N. against any countries refusing to heed the Security Council's appeal to cease fire. This is in line with American and Russian attitudes. London is reported to have advised Paris not to be hasty, and the British foreign office stated yesterday that Britain, France, Belgium, the Netherlands and Luxembourg—who recently formed an alliance—were consulting to find a joint policy regarding Palestine.

As things stand, the fate of the Holy Land depends on how long it takes the great powers to compose their own divergencies and bring the full weight of the United Nations to bear against the rupture of peace in Palestine.

Hold Spring Party Of Wesley Foundation

The annual Spring Party of the Wesley Foundation was held on Monday, May 17, in the Y-Hut, from 7:30-9:30 p.m. It was an evening of fun and fellowship from the time of arrival until the Friendship Circle was formed to close the program. Andy Braswell, chairman of the social commission, was in charge of the party, and with Bettie Croom and Susan Brinson, led in various group games.

William D. Gaynor Of Fountain Dies

William D. Gaynor, 63, prominent farmer of the Fountain community, died at his home in Fountain Wednesday night following several months of serious illness.

Funeral services will be held from the home on Friday morning at 11 o'clock conducted by Rev. R. L. West, pastor of the Fountain Baptist Church, of which he was a member. Burial will be in the Queen Anne cemetery in Fountain.

Surviving are his wife, the former Minnie Wooten; a daughter, Mrs. Eugene Hamric of the home; three sons, Terry W., Louis E. and Julian C. all of Fountain. Five grandsons, a sister, Mrs. D. E. Gurganus of Norfolk, Va. and two brothers, E. F. of Farmville and Lloyd of Richmond.

COMMUNITY COUNCIL MEET THURSDAY NIGHT

The Greenville Community Council will meet at the library at the High School Thursday night at 8 o'clock to discuss plans for providing a community center and playgrounds for the city. Dr. C. Fred Irons, the chairman, will preside.

Patrol Catches Third Escapee

Asheville, N.C., May 27—(AP)—The third of six escaped convicts of the Burnsville State Prison Camp was captured six miles south of Old Fort shortly before noon today. Reuben Thomas, 37, was hitchhiking toward Asheville at the time State Highway patrolmen apprehended him.

Crisis Confronts . . .

(Continued From Page One)
er its ties with the Arabs and go along with such a program. Russia and France favor the vigorous policy.

A spokesman for a big power delegation predicted there would be extended debate at Lake Success over the Arab move but that the Council eventually would take strong action.

Grain Market

Chicago, May 27—(AP)—Soybeans spurted as much as the eight-cent daily limit in an otherwise quiet and lower market on the board of trade today. The buying in soybeans followed action of the Senate Finance committee in approving unanimously a bill to repeal federal taxes on oleomargarine.

Wheat closed 1/4-3/4 lower, July \$2.34-1/4, corn was 1/8-1/4 lower, July \$2.14-1/4, oats were 1/8-1/4 lower, July 91-1/4, and soybeans were 6 to 8 cents higher, July \$4.00-1/2.

N. Y. Cotton

New York, May 27—(AP)—Cotton futures opened 25 cents to 60 cents a bale lower.

Noon prices were 20 to 80 cents a bale lower than the previous close. July 37.26, Oct. 33.30 and Dec. 33.10. Futures closed \$1.00 to \$1.95 a bale lower than the previous close.

Open Last Piv. Cl.
July 37.23 37.10 37.30
Oct. 33.84 33.55 33.92
Dec. 33.13 32.86 33.25
March 32.85 32.55 32.90
May 32.52 32.23 32.60
July 31.70 31.52 31.77

Middling spot 38.85, off 15.

March 17th is the anniversary of the death, not the birth, of St. Patrick.

Poultry and Eggs

Raleigh, May 27—(AP)—(NCDA)—Fryers and broilers steady at 38; eggs steady, A large 48.

Hog Market

Raleigh, May 27—(AP)—(NCDA)—Hog prices weaker. Tops of \$22.50 at Rocky Mount, Greenville, New Bern, and Washington, Richmond, practical top \$22.50, extreme top \$22.75.

N. Y. Stock Market

New York, May 27—(AP)—An early burst of buying enthusiasm soon wore off in the stock market today. Late in the day gains and losses of fractions to around a point were in fairly close balance. Earlier the industrial group had advanced to a high point since August 1946. Turnover was about 1,800,000 shares.
