Vandenberg Hits Slash In Aid Fund

Labels House Cut In ERP 'Cynical Reversal' Of U.S. Foreign Policy, With 'Meat Axe Technique' Before Senate Appropriations Body

Washington, June 9 (AP)—Senator Vandenberg (R-Mich) today called the House cut in foreign aid funds a "cynical reversal" of American foreign policy...

He said it is a dangerous one which "guts the enterprise" of strengthening Europe against Communism as "insurance" the United States will not have to fight another great war.

With these words, the chairman of the Senate Foreign Relations Committee launched a fight to get from Congress the funds he believes are necessary for foreign aid.

Vandenberg went before the Senate Appropriations Committee singly as a witness. Seated by his side was Senator Barkley of Kentucky, Senate Democratic leader and a member of the Foreign Relations Committee.

Speakers filled the small hearing room to the overflowing.

In slow, measured tones, Vandenberg read a prepared statement which concluded: "I beg of you—for the sake of the hopes by which free men live—that you give ECA (Economic Cooperation Administration) a fair chance."

He earnestly believed to be the national interest of our own United States.

Earnestly, Vandenberg said the declared policies of Congress should not be vetoed in that manner and branded "before the world as capricious, unreliable and impotent."

"I would be the last to say that the figures are unobtainable," Vandenberg went on.

"But I do quarrel, Mr. Chairman with any reductions which subvert the principles and purposes of the original congressional commitment."

I emphatically quarrel with the final, overall, meat-axe technique which arbitrarily spreads the appropriations over 15 instead of 12 months which is equivalent to a horizontal cut of 20 percent and which, in my humble opinion, guts the enterprise.

"In one fell swoop this takes away something like a billion dollars without a scintilla of regard for all of the carefully screened figures upon which all ECA estimates were made and upon which its program must be built."

The ECA is the European Economic Administration, the organization set up to administer the aid-Europe program.

Police Draw Line At Services Rendered

Bangor, Me., June 9 (AP)—Police have to draw the line somewhere. The Bangor force thought the time had come yesterday. A woman telephoned that a setting hen had deserted its eggs and "can an inspector come out and investigate?"

She was advised to consult a poultry expert.

Objectives In Sight

Columnist Warns Against Complacency As Lull In 'Cold War' Becomes Evident; Lenin's Lesson to Communists; Reds Looking for New Means to Attain Goal

By JAMES MARLOW

Washington, June 9 (AP)—The Greeks were about 2,355 years ahead of us.

Back in 407 B. C., when things were getting tough, the city state of Athens let the slaves enlist in the army with the promise of making them citizens.

The U. S. Senate, working on a draft law, has just voted to let 25,000 anti-Communist aliens enlist in the U. S. armed forces with the promise of making them American citizens after five years' service.

History is full of the story of nations hiring aliens to fight for them. Here in the civil war men could escape the draft by hiring substitutes.

Senator Lodge, Massachusetts Republican, offered the alien volunteers idea to the Senate which accepted it, but not without some protest.

Lodge said that every alien—such as anti-Communist Poles and Czechs in Europe—who enlisted, would mean one less American to be drafted.

A soldier hired to fight for a country which is not his own country is called a "mercenary." Lodge said the 25,000 aliens has in mind should not be called mercenaries.

Truman Attacks GOP Leadership And Legislation

Challenges Congress To Stay In Session Until It Acts On His Platform

Aboard Truman Train Enroute to Spokane, Wash., June 9 (AP)—President Truman stripped his western campaign tour of its last traces of "non-political" pretense today.

He did it with a challenge to the Republicans to keep Congress in session until price control, housing and farm bills are passed.

The stops came out last night at Butte, Mont., where he made a slashing attack on the Republican Congressional leadership, mentioning the opposition party for the first time since he left Washington last Thursday.

The President charged that Congress, under Republican domination, had wrecked price control, stymied the housing program, virtually abolished the Labor Department, tried to tear up the Employment Act of 1946, torn the budget apart, and practiced "economy in the reverse."

Congress weakened the Labor Department, Mr. Truman declared, after the Republicans had said in their platform "they were going to make a strong Labor department."

The Republican platform, he added, "is the platform of the Congress now."

"One of our candidates for President has said the best way to control prices was not to buy," Mr. Truman said. He did not identify the candidate, but added, "I guess he would let you starve. I don't know. I am not in that class."

The challenge to Congress to stay on the job was put in these words: "If this Congress goes away without passing an agricultural bill, without passing a housing bill, without doing something about prices, then this Congress has not done anything for the country."

"They should stay there until they get those things done."

The President left immediately after his talk for Washington State. He will inspect Grand Coulee Dam today and top a number of off-the-cuff talks with a major address at Seattle tomorrow.

He will be the guest at Olympia tonight and tomorrow night of Gov. Mon C. Wallgren, frequently talked of as a candidate for the Democratic vice presidential nomination.

Bevin Continues To Look For Agreement On Germany

London, June 9 (AP)—Foreign Secretary Ernest Bevin told the House of Commons today Britain still hopes to bring Russia into the four-power agreement on the future of Germany.

Bevin said Britain has approved recommendations for a Federal Government in western Germany, western power occupation for an indefinite period, and international control of the industrial Ruhr Valley.

The recommendations were put forward by a conference among the United States, Britain, France and the Benelux countries—Belgium, the Netherlands and Luxembourg.

The recommendations were made public Monday.

A Moscow radio commentator charged today that the recommendations meant the west was converting western Germany into "a permanent Anglo-American military base."

In Berlin Russians and Communists urged the Germans to resist the plan, saying "they're taking away the Ruhr."

Intrastate Rates On Pulpwood Increased

Raleigh, N. C., June 9 (AP)—The State Utilities Commission granted Railroads a 20 per cent increase in their intrastate rates for pulpwood in an order handed down yesterday.

The North Carolina pulpwood and Paper Industry, which had been paying \$18.60 per carload for a typical 90-mile rail haul, will pay \$22.32 under the new order.

McGrath Doesn't Think Dixiecrats Need Bolt Party

Washington, June 9 (AP)—Senator McGrath (R-I) said today he doesn't think there will be any reason for Southerners to take a walk at the Democratic convention.

McGrath, who heads the party's National Committee, told a reporter he can't guess what will happen in the case of some states that have instructed their electors not to vote for President Truman.

"But I don't think there will be any reason for any delegation to walk out of the convention," he said. McGrath's statement was taken as pointing to efforts at the Philadelphia meeting to compromise the civil rights issue.

Some Southern delegations have threatened a walkout over Mr. Truman's demand for anti-lynching, anti-tax, anti-job discrimination and anti-segregation laws.

This threat was renewed by a group of Dixie Democrats meeting at Jackson, Miss., yesterday.

The choice of Senator Francis J. Myers of Pennsylvania to head the party's platform committee—where the civil rights contestants will first come to verbal blows—lent weight to the compromise theory.

Myers, a supporter of the President's program, is regarded by colleagues as skilled in working out differences between opposing factions.

With McGrath's backing, he may elect to stand on the 1944 platform declaration that dealt with civil rights only in general terms.

Dewey Makes Hit With Republican Leaders In Maryland; Gets Support

Baltimore, June 9 (AP)—Governor Thomas E. Dewey came to Maryland last night—and apparently made a hit with many of the state's Republican leaders.

He was with 19 of the state's 20 delegates who will go to the national convention in Philadelphia this month—and afterwards observers said that he is assured of at least a good number of the state's 16 convention votes. The 20th delegate was ill.

One delegate, former Mayor Theodore R. McKeldin of Baltimore, said after the reception and dinner: "I never believed all the Repu-

Proposed West Germany State

A six-power western nation conference in London has proposed that the western zone of Germany (shaded area) form a separate federal government. Territory of proposed state includes occupation zones of Great Britain, United States and France. The Ruhr would be internationalized but left a part of new state. (AP Map.)

Accept Program Housing May Be Political Issue

Washington, June 9 (AP)—Secretary of State Marshall announced today American acceptance of the London conference proposals for western Germany.

Marshall called the London plan a "major step" toward the solution of the problems of Germany.

Still Hoping For Russian Support

Washington, June 9 (AP)—A wide open Republican split over housing legislation led Democrats to predict today that home building will be a major issue in the presidential campaign.

Rep. Wolcott of Michigan, Republican chairman of the House Banking Committee, wheeled out his own housing bill after crying "Socialism" as part of the measure Senator Taft of Ohio pushed through the Senate six weeks ago.

"We are bound to hear about this in the political campaigns," said Rep. McConrack of Massachusetts, assistant Democratic leader.

Wolcott's bill leaves out whole sections of the Senate measure sponsored jointly by Senators Taft, Ellender (D-La.) and Wagner (D-N.Y.). These would provide for 500,000 government financed low-rent dwelling units, slum clearance and city redevelopment projects and government-sponsored housing research.

Wolcott aimed his "Socialism" charges at the Public Housing and Slum Clearance provisions.

"Of course I don't think Senator Taft is a Socialist," the Michigan House member told a news conference at which he outlined his substitute bill.

But Wolcott said he thinks part of the Taft-backed measure "fashions the key by which the House of Socialism is opened."

Talk Leaf Mart For Greensboro

Greensboro, June 9 (AP)—A Chamber of Commerce committee will meet June 17 to decide whether to establish a tobacco market in Greensboro.

Three subcommittees will report findings of recent surveys. The central committee may recommend that an effort be launched for opening a market, that such a plan be dropped temporarily, or that the idea be abandoned permanently.

Greensboro has not had a tobacco market in about 20 years.

McGrath Doesn't Think Dixiecrats Need Bolt Party

Washington, June 9 (AP)—Senator McGrath (R-I) said today he doesn't think there will be any reason for Southerners to take a walk at the Democratic convention.

McGrath, who heads the party's National Committee, told a reporter he can't guess what will happen in the case of some states that have instructed their electors not to vote for President Truman.

"But I don't think there will be any reason for any delegation to walk out of the convention," he said. McGrath's statement was taken as pointing to efforts at the Philadelphia meeting to compromise the civil rights issue.

Some Southern delegations have threatened a walkout over Mr. Truman's demand for anti-lynching, anti-tax, anti-job discrimination and anti-segregation laws.

This threat was renewed by a group of Dixie Democrats meeting at Jackson, Miss., yesterday.

The choice of Senator Francis J. Myers of Pennsylvania to head the party's platform committee—where the civil rights contestants will first come to verbal blows—lent weight to the compromise theory.

Myers, a supporter of the President's program, is regarded by colleagues as skilled in working out differences between opposing factions.

With McGrath's backing, he may elect to stand on the 1944 platform declaration that dealt with civil rights only in general terms.

Jews, Arabs Agree To UN Armistice Of Four Weeks

Overtime Session In Senate Draft Fight

Third Straight Day And Night Session Planned By Republicans To Pass Bill; Southern Amendment Beaten

Washington, June 9 (AP)—Southern Democrats were beaten today in their efforts to amend the draft bill to allow enlisted men to serve in separate white or Negro units at their own request.

The Senate rejected by voice vote an amendment sponsored by Senators Russell (D-Ga.) and Maybank (D-SC).

The action came as Republican leaders planned a third straight day and night session in effort to pass the peacetime Selective Service measure and speed it to the House.

Democratic Senators Ellender (La.), McClellan (Ark.) and Eastland (Miss.) supported the Russell-Maybank proposal in speeches before the Senate vote.

The decision was another step in the drawn-out draft-civil rights fight. Several other moves to attach civil rights amendments to the Selective Service bill have been disposed of.

The defeated amendment would have given every enlisted man or draftee in the Army, Navy, Marines or Air Force the right to request service only in units made up of men of his race. If this request was made in writing, officers would have been required to respect it.

In its second overtime session last night, the Senate adopted an amendment to limit the Selective Service law to two years instead of five as originally proposed.

Earlier it approved a provision to permit 25,000 aliens to serve in American armed forces here and abroad. At the end of five years the foreigners would qualify for U.S. citizenship.

In the House, Chairman Leo Al-

len (R-Ill.) of the Rules Committee said "There is a very good chance" his Rules Committee will vote against putting a draft bill up from prompt House debate.

The Republican leadership has been pressing for enactment of the draft measure before the GOP national convention 12 days off.

But Allen said only four committee members now favor sending the bill to the House floor, with four others—including himself—opposed and the positions of the remaining four not yet known.

A Rules Committee turn-down on the measure would mean it would have to be tried out by a petition signed by 218 House members—a device that could be used only if Congress comes back to work after the party conventions.

Both Arab and Jewish spokesmen said today their sides have accepted unconditionally the four-week armistice for Palestine.

Thus an uneasy peace for the war-torn land will begin at 1 a.m. EST Friday, the date fixed by the United Nations mediator, Count Folke Bernadotte. He will try in the four weeks to bring permanent peace between Israel and the seven Arab nations which have vowed to erase the new Jewish state. Talks may be in Istanbul or on the island of Rhodes.

The foreign minister of Trans-Jordan and a representative of the Arab countries in Cairo both said the Arabs accepted without strings.

Authoritative Jewish sources at Lake Success said Israel accepted without condition. Aubrey S. Eban, Israeli representative to the U.N., was understood to have received word his government had accepted.

The NBC reported from freshly bombed Tel Aviv that the Jews also accepted in 1,000 words which summed down to yes. President Chaim Weizmann of Israel had indicated acceptance earlier. He told reporters in Paris "We are, in general, disposed to accept the truce."

Bernadotte is to announce the replies at 3 p.m. EST.

The Arab reply went to the U.N. mediator an hour and a half before his deadline. The Jewish answer was 50 minutes late, possibly due to a splinter bombing of Tel Aviv while the Jewish cabinet considered it.

Bernadotte apparently had solved the differences between Jewish "assumptions" and Arab "explanations" in their original acceptance. The gulf was over immigration, besieged Jerusalem and a number of other points.

While achieving the armistice was a considerable coup for the Swedish count and the U.N., a far greater task lies ahead. That is to solve the difficult variance of Jewish and Arab views. The Arabs have insisted right along that a truce is meaningless while Israel exists.

Weizmann said the little new country would yield none of its sovereignty. He spoke of accepting up to 1,250,000 more Jewish immigrants in the next 10 years. He referred to Israel's crazy-quilt borders as fixed. He predicted British recognition within a month, and recognition by France and the Vatican before long. The United States, Russia and eight other nations have recognized his state.

Foreign Secretary Ernest Bevin said, however, Britain is under no legal obligation to recognize Israel. The formal Arab reply was handed to the U.N. mediator at Cairo during the morning. It was kept secret. But in Amman, Trans-Jordan, Foreign Minister Fawzi Fasha Mulki said all Arab states have accepted Bernadotte's interpretation with no strings.

Bernadotte said rejection or acceptance with conditions would end his effort and that the Palestine issue would be handed back to the U.N. Security Council. Optimism prevailed at Lake Success.

In their original acceptance last week, the Jews had listed "assumptions" and the Arabs "explanations." It was Bernadotte's task to find a medium ground.

Mercenary Soldiers

Senate Votes to Let 25,000 Aliens Serve In U. S. Armed Forces; Analyst Looks Into History Books and Finds Dire Warnings Against Use of Mercenaries

By BELMAN MORIN

Something very like a lull has fallen over the battlefields of the "cold war." But—

Lenin taught the Communists, in the early days of the movement, that pursuing a policy was somewhat like climbing a mountain. He said they would encounter obstacles, and often have to change direction. He predicted the necessity to turn and twist, and even to go downhill, before finding a new path and resuming the climb.

The important thing, said Lenin, was to keep the objective in sight. The front is relatively quiet in Europe today.

Nobody is stopping trains or diving on transport airplanes over Berlin. No new government is under pressure. No new names have been added to the Soviet list of "war mongers." Nobody has been assassinated for quite a while now.

And as you read the transcript of radio Moscow broadcasts, you are struck by the comparative absence of vitriol and vinegar and sulphuric comment. This silence is almost disquieting.

But it does not mean that the Russians have called off the dogs. It means simply that they have encountered the obstacle on the mountain. And for the moment,

they appear to be turning back on the path. In reality, they are merely looking for the new path, the next opportunity.

An American diplomat who has considerable new and first-hand knowledge of Europe and the Russians believes that the obstacle is what he calls "the will to resist."

It is a result, he says, of many different factors, all flowing like small streams, into the main river. The collapse of Czechoslovakia, and the dramatization of it in the death of the well-loved Masaryk, was one. The successful rebuff of Finland to Russia was another. The Italian elections and the failure of the Greek Guerrillas were others.

And the Marshall Plan—of which this diplomat is an ardent proponent—is still another. In his view, he says, the people of Europe with a "will to resist" today, which they did not have three months ago or certainly six months ago. Russia is now confronted, he says, with a United Western Europe. In some places, this unity has been formalized by political agreements. But even where no formal agreements exist, there is, he believes, a purpose of purpose, and this purpose is to resist the Communists. (Continued on Page Four)

Accept Unconditionally; Four-Week Truce To Start Friday; Diplomatic Triumph For Bernadotte; Scheduled To Announce Replies This Afternoon

By The Associated Press

Both Arab and Jewish spokesmen said today their sides have accepted unconditionally the four-week armistice for Palestine.

Thus an uneasy peace for the war-torn land will begin at 1 a.m. EST Friday, the date fixed by the United Nations mediator, Count Folke Bernadotte. He will try in the four weeks to bring permanent peace between Israel and the seven Arab nations which have vowed to erase the new Jewish state. Talks may be in Istanbul or on the island of Rhodes.

The foreign minister of Trans-Jordan and a representative of the Arab countries in Cairo both said the Arabs accepted without strings.

Authoritative Jewish sources at Lake Success said Israel accepted without condition. Aubrey S. Eban, Israeli representative to the U.N., was understood to have received word his government had accepted.

The NBC reported from freshly bombed Tel Aviv that the Jews also accepted in 1,000 words which summed down to yes. President Chaim Weizmann of Israel had indicated acceptance earlier. He told reporters in Paris "We are, in general, disposed to accept the truce."

Bernadotte is to announce the replies at 3 p.m. EST.

The Arab reply went to the U.N. mediator an hour and a half before his deadline. The Jewish answer was 50 minutes late, possibly due to a splinter bombing of Tel Aviv while the Jewish cabinet considered it.

ARMOUR RESIGNS

Washington, June 9 (AP)—Norman Armour was reported today to have resigned as assistant secretary of state for political affairs.

Government officials told a reporter the resignation is effective July 1.

Atlantic City, N. J., June 9 (AP)—Some 500 Shriners, veterans of both World Wars, marched to this city's Soldier's Monument today, fired a volley of shots and left a wreath.

The Memorial ceremony was one of the few serious events on the frolic-filled program of the three-day 74th annual convention of the ancient Arabic order, Nobles of the Mystic Shrine.

Johnson said his travels during the campaign "have convinced me the number of highway commissioners should be increased" and that "the dire situation the various counties should have and are entitled to."

TO BOOST MACARTHUR

Washington, June 9 (AP)—Testimonial banquets for Gen. Douglas MacArthur will be held in a number of key cities in the near future, the MacArthur-for-President national headquarters said today.

Myrtle Beach, S. C., June 9 (AP)—The Bright Belt Tobacco Warehouse Association recommended today that selling time on all five-cured markets be increased the coming season to six hours a day from the five of last year.

The warehousemen closed their three-day annual convention here with adoption of these other resolutions, all by unanimous vote.

Warehouse floor sales remain at 400 piles of tobacco an hour, Maximum poundage a pile be 350 instead of the present 250.

Buyers make efforts to estimate their seasonal requirements beforehand to assure a stable and constant market on all five-cured belts.

The joint warehousemen-grower-buyer marketing committee be continued.

The committee sets marketing procedure and opening dates. The convention recommendations will go to the committee.

Recommendations By Warehousemen

Social and Personal

All items for this page received after 10:00 A. M. will be published the following day. Dial 3366 9:00 A. M. to Noon - 1:00 to 4:30 P. M.

Friends of Mr. J. B. Hardee will be glad to know that he is recovering from a recent illness, and has returned from Waits Hospital in Durham to his home in Greenville, Route 3.

Miss Louise Boswell, daughter of Madam Lee, is a patient in Johns Hopkins Hospital in Baltimore.

Dr. and Mrs. E. L. Henderson attended the graduation of their daughter, Miss Dorothy Nell Henderson, from the university at Chapel Hill on Monday.

Mrs. Paul T. Ricks, Miss Elizabeth Ricks and Master Jimmie Ricks returned Tuesday from a house party at Carolina Beach.

Mrs. Moya Hadley and daughter, Miss Martha Emily Moya Hadley, left today for Myrtle Beach, South Carolina. From Myrtle Beach they will go to Charleston, South Carolina, where they will attend the dances and commencement at The Citadel.

Mr. and Mrs. H. H. Duncan, Mrs. J. W. Higgs and Mrs. Helene Higgs Kirkpatrick spent Sunday and Monday in Durham attending the graduation of Miss Mary Ann Duncan from Duke University.

Mrs. William Thompson of Philadelphia, Pa. will arrive today to visit her aunt, Mrs. Jesse R. Moya, Sr. on West Fifth Street. Mrs. Thompson will be remembered as the former Miss Madeline Brown of Greenville. Mr. and Mrs. Milo Smith, Mr. and Mrs. R. E. Corbett and Miss Jackie Sears attended the graduation of Miss Joyce Corbett from University of North Carolina at Chapel Hill Monday night.

Mr. and Mrs. D. J. Whichard spent Monday in Chapel Hill to attend the graduation of their son, David Whichard, from the university.

Mr. and Mrs. Dink James and children spent the weekend in Chapel Hill and attended the commencement exercises at the university.

Mrs. Blanche Harrington is doing nicely, after undergoing an operation Tuesday in Pitt General Hospital.

Mrs. W. E. Hill Honors Couple Mrs. W. E. Hill entertained at a miscellaneous shower at her home Thursday evening, honoring Mr. and Mrs. Harvey Hill.

The house was decorated with dahlias, hydrangeas, ivy and mixed summer flowers. Punch, mints, nuts, cup cakes and ice cream were served to approximately 30 guests. Many beautiful and useful gifts were received.

The Patient Circle Meets
On Tuesday night, June 8, the Patient Circle of The King's Daughters met with Mrs. W. M. Scales. The president, Mrs. Clara Moya Shackle, presided, opening the meeting with the "Prayer of the Order." Mrs. W. R. Jones gave a most inspiring devotional, reading the 45th Psalm (The King's Daughters Psalm). This was followed with "A Little Parable for Mothers." This was the last meeting for the summer. Plans were made for the September meeting. The Nominating Committee, composed of Mrs. Hortense Moya, Mrs. W. R. Jones and Mrs. C. M. Jones, will report at the September meeting. The Committee on Bible Study will make a report and the new members will be installed.
The Emergency Committee reported that visits had been made during the month and clothing furnished needy.
The new Scrap-Book, Mary Wells, chairman, was presented and was complimented for the good beginning. The Circle voted to send a donation to International King's Daughters for work among the Indians of the United States.
At the State Meeting of The King's Daughters in Rocky Mount on May 18, 19 flowers were given at the memorial service by the Patient Circle in memory of Mrs. Richard Williams. Mrs. Clara Moya Shackle was elected as first vice-president of the State King's Daughters. The Sara Barker Circle of Durham was awarded the Hortense Moya Loving Cup, which was presented for the best year's work.
A social hour followed, with an ice cream being served.

SOCIAL CALENDAR
WEDNESDAY
4:00 p.m.-6:00 p.m.—Miss Peggy Mitchell will entertain at tea honoring Misses Mary Ann Duncan, Ruby Moya and Nancy Hannah, brides-elect.
8:00 p.m.—Greenville White Shrine meets.
8:00 to 10:00—Misses Shirley Savage and Eloise Warren will entertain for Miss Margaret Nisbet, bride-elect.
THURSDAY
1:00 p.m.—Mrs. A. D. Frank will be hostess at a luncheon honoring Miss Sarah Jean Ellis, bride-elect.
3:30 p.m.—George B. Singletary Chapter U.D.C. meets with Mrs. T. Hollingsworth, Mr. R. C. Deal, guest speaker.
7:00 p.m.—B & P Woman's club will meet at the Airport Inn.
8:00 p.m.—Carrie Wilson class of Immanuel Baptist Church meets with Mrs. L. W. Redd.
FRIDAY
4:00 p.m.-5:30 p.m.—Mrs. J. H. Waldrop, Mrs. W. I. Wooten and Miss Lillian Wooten will be hostesses at tea at the home of Mrs. Wooten, honoring Misses Nancy Hannah and Mary Ann Duncan, brides-elect.
6:30 p.m.—Kiwanis Club.
8:00 p.m.—Rehearsal for the Smart-Forrest wedding at the Eighth Street Christian Church.
8:30—Rehearsal for the Kittrell-Nisbet wedding at the First Presbyterian Church.
9:00 p.m.—Cake-cutting for the Smart-Forrest wedding party and out-of-town guests at the Proctor Hotel dining room.
9:15—Miss Edith Nisbet, Mrs. L. B. Kinlaw and Mrs. H. J. Bowden will entertain the wedding party and out-of-town guests for the Kittrell-Nisbet wedding at a supper at the Airport Inn.
SATURDAY
3:30 p.m.—The Smart-Forrest wedding will be solemnized at the Eighth Street Christian Church.
5:30 p.m.—The Kittrell-Nisbet wedding will be solemnized at the First Presbyterian Church.
8:30 p.m.—Rehearsal for the Getsinger-Ellis wedding in Jarvis Memorial Methodist Church.
9:30 p.m.—Miss Dorothy Nell Henderson will entertain the Getsinger-Ellis wedding party at a cake cutting at her home on East Ninth Street.
SUNDAY
4:00 p.m.—The wedding of Miss Sarah Jean Ellis and Mr. John Conrad Getsinger will take place in Jarvis Memorial Methodist Church.

40 Years Ago Today
The Daily Reflector June 9, 1908
On Monday night some of the young men gave a moonlight sail on the yacht Eagle, complimentary to Miss Ann Taylor of Leaksville, who is the guest of Miss Vernessa Smith. On the return an elegant lunch prepared by the young ladies was served.
Among those attending were: Misses Jamie Bryan, Ethel Skinner, Margaret Blow, Alice Blow, Susie Warren, Lillian Whitfield, Lillian Carr, Lillie Tucker and Mary Shelburn, Messrs. Willie Wilson, Bascom Wilson, Mark Turnage, Tom Dupree, Burt James, Andrew Moore, Cecil Cobb and Doc Horne. Mr. and Mrs. F. J. Forbes were chaperones.

R. C. Davenport Is Assigned To ATC In Germany

Wiesbaden, Germany, June 9 — Pfc. Richard C. Davenport, son of Mr. and Mrs. William L. Davenport of 407 Latham Street, Greenville, has recently arrived in Wiesbaden from the United States for assignment with the European Wing of the Air Transport Command.
Pfc. Davenport has been assigned to the Budget and Fiscal Office of ATC, where he is in training as a fiscal clerk assisting in the auditing of accounts for this wing.
The European Wing of ATC operating with the efficiency of a large-scale airline, provides air transportation for military personnel, cargo and mail throughout the European, Mediterranean and Middle East areas.
Previous to enlisting in the Army Air Forces, Davenport was a member of the National Guard in North Carolina.
Pfc. Davenport attended Greenville High School, where he was active in sports—primarily in football. He enlisted in the Air Force in January of this year, receiving his basic training at San Antonio Texas. Davenport joined the Air Transport Command in April, 1948 arriving overseas in May when he was assigned to headquarters in Wiesbaden.

Next Superior Court Here Week August 23

A civil term of Superior Court will be held in Greenville the week of August 23. A mixed term will be held the week of August 30. The mixed term will be devoted largely to trial of criminal cases.
Judge J. Paul Frizzelle of Snow Hill, who is scheduled to ride the Fifth Judicial District Circuit the last six months of this year, is expected to preside.

JAYCEES MEET THURSDAY
The Junior Chamber of Commerce will meet at the Old Towne Inn Thursday night at 6:30. President B. B. Sugg, Jr. will preside.

Dies in Washington, D.C.
Word was received last night of the death of S. B. Carrico, Washington, D.C., father of Mrs. W. S. Wyckoff, Fayetteville, N.C., and Fred Carrico, Greenville and Henderson, N.C.

Jarvis Memorial Vacation School
The Vacation Church School for beginners, primary and junior boys and girls will begin at Jarvis Memorial Church Monday morning, June 14, at 9 o'clock. Boys and girls from age 4 to 11 inclusive are invited to attend and share in the program of the school. The school will last for one week, June 14 to 18, and the sessions each morning will be from 9 to 11:30 o'clock.

Mid-Week Prayer Service
The mid-week prayer service will be held Wednesday evening at 8 o'clock in the Ellington Bible class room of the Jarvis Memorial Church. The pastor will conduct the service.

James R. Carr Signs Up In Marine Corps

James R. Carr, son of Mr. William M. Carr of Rt. No 1, Greenville, enlisted in the U.S. Marine Corps for a period of three years. James will take his basic training at Parris Island, S. C., after completion of basic training, he will be given a ten day furlough before being assigned to a new duty station.
James R. Carr attended the Greenville High School.

SUBSTITUTE DEPUTY
Elmer Haddock of Black Jack is substituting for Deputy Sheriff Jasper Lee Mills who is confined to his home, 1313 Evans Street, Sheriff Ruel W. Tyson said today.

FIRE ALARM LAST NIGHT
Fire last night about 9:15 destroyed an arm chair and did nominal damage by smoke at the home of "Scrap" Proctor, on Ash Street, in the eastern part of the city. The fire occurred while the family was temporarily away from home.

TEEN TALK

'Year Judge'

At a recent luncheon of The Fashion Group in N. Y., five representative teen-agers were invited to speak about themselves and their age group. The girls had something worth while to say, so perhaps other kids would like to pick up the pitch. Here are excerpts of the dope straight from the kids' hen coop. Speaking on "How We Look" Mary Burdell of N. Y. says:

"... Blue jeans are used now only when painting furniture or climbing mountains. We are trying to forget the days of constant slanguage and brother's clothes. On dates we want pretty clothes... bouffant formals, bare shoulders and arms..."

"For sports we dress as simply as possible. White tennis dresses, plain shorts, tailored bathing suits. Our hair is usually worn shoulder length, softly curled, not cluttered with unnecessary pins... sometimes we put it up for very special dates. Our makeup is simple—lipstick and powder."

"I should say that all this isn't what the teen-aged girl likes to wear, but what the teen-aged boy wants the teen-aged girl to wear!" Jane MacLaughlin, of Kennington, Conn., explaining "How We Look To Us" (meaning adults), sounded off, saying:

"Responsibility and experience are the highest barriers between those of my age group and those of yours. Perhaps most of us do not have tragedy slap us in the face, but each teen-ager, to some degree, knows something of an adult's thoughts and fears..."

"Every student in my school is disgruntled with adults because they are not willing to spend money where it is needed. Our school is still only a blueprint. Teen-agers are angry with the adult community which argues against an increased education budget."

And "How Do We Behave?" Let Florence Stoneman tell you.

"We are noisy. Parties are popular. We dance, talk, eat sandwiches, cookies and potato chips and we drink coke and ginger ale. Oh, yes and we sing ballads like 'Frankie and John'..."

"I must admit that we very often do things that seem frivolous. Doesn't every generation? But we are certainly not all juvenile delinquents. We have our own code of ethics that controls our manners and morals. Heavy drinking and heavy petting are pretty much out."

"The World We're Getting—And What We Want" doesn't suit Diane Roen, who says:

"Tomorrow perhaps the entire world, diseased and polluted, will be thrown into our laps, like a baby... and young people all over the world are aware of their responsibility towards it."

"We want to understand each other and help each other. When people get old enough to become senators they pretty often lose their perspective."

"I do not believe... however... that the entire teen-age population should rise up and dictate to the Congress and parliament and ministries of the world."

Barbara Kauder of Somerville N. J., speaking on "The Community We Live In," believes that teen-agers have much more sense than they get credit for. "They are striving for a better way of life by trying to do something about the towns they live in and helping themselves and the towns to find the road to better living."

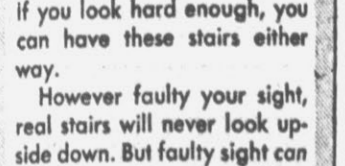

Vivian

Prison Term For Cigarette Theft

Greensboro, June 9—(AP)—A 24-year-old man who admitted stealing a trailer loaded with \$35,000 worth of cigarettes began a five-year prison sentence today.

George Edward Bowman of Winston-Salem receive the sentence in U.S. District Court yesterday after pleading guilty. He was charged with theft of the trailer which was moving in interstate commerce May 23.

ARE THESE STAIRS RIGHT-SIDE UP, OR UPSIDE DOWN?

If you look hard enough, you can have these stairs either way. However faulty your sight, real stairs will never look upside down. But faulty sight can make them hazardous. Many accidents result from defective vision: on stairs, at machines, on the highway, etc. Faulty vision makes work more difficult; robs recreation of enjoyment. Live well: see well. Be sure your sight is right. Have it examined—now.

Earth's Wobble Helps Make Oil

New York—(AP)—The earth's wobbling motion has left its mark in the oil shales of the Rocky Mountains. The wobble is a motion like a top about to stop spinning. The earth takes about 21,000 years for a single wobble. How this motion has recorded itself in the oil shales is told in the latest publication of the Foundation for the Study of Cycles, by Wilmot H. Bradley, of the U. S. Geological Survey.

These oil shales are like layered chocolate cake. About every 21,000 years, two layers of cake were formed, one for oil and one for dry stone. The timing is not quite that precise, but is so close to the earth's wobble that Dr. Bradley suggests it is not a coincidence. He thinks each double layer of rocks recorded one wobble. The proof rests mainly on the fact that the climate changes during one wobble. During half of this time the climate, in the American Rocky latitudes, has short hot summers and winters long and relatively cool. In the other half of this period winters are short and mild and summers long and relatively warm. Dr. Bradley has to explain also the fact that the change from oil to dry stone is sharp. The climate changes, he notes, were certainly not sharp. He recites a little chemistry to show that in spite of gradual climate change, the shift from making one kind of rock to the other might be abrupt.

Improvements Being Made At Courthouse; Clock Gets New Face

By CHESTER WALSH
Paul Morris, local painting contractor and a crew of men have made good progress repainting the courthouse tower and the face of the clock and are expected to complete their work during the next several days. The columns on the balcony of the tower were removed and re-capped and made weather proof. Screens are to be placed in the lattice windows of the tower for protection against birds and pigeons, a county official said. Better illumination for the clock is to be provided.

The present painting contractor will complete his work when he gets to the red tiled roof. Another contractor has the top of "sanding" the outer surface of the building.

The courthouse is to be generally renovated. Arrangements have been made for repainting a considerable part of the interior, including some rooms in the basement. Plans have been drawn for installing a drop ceiling in the Superior Court room. The lower ceiling will considerably improve the acoustics, it is understood.

The ancient Chinese customarily offered a guest in the house a feather glove, indicating warm welcome.

Thunderstorm

Yesterday afternoon's thunderstorm was accompanied by strong wind, much lightning and hail in some sections, but the rainfall recorded at the U.S. Weather Bureau in Greenville was slightly more than half an inch, Mrs. C. E. Maiden, observer here for the Department of Commerce, reported.

Cadets To Visit Air Force Base

Fayetteville, June 9—(AP)—Approximately 700 cadets of the United States Military Academy will visit the base this summer.

Sponsored by the Tactical Air Command to show the future Army and Air Force officers the role of Tactical Air operations in modern warfare, the tour will include Langley AFB, Va., Greenville, AFB, S. C., and Shaw AFB, S. C. in addition to the North Carolina airfield.

The Cadets, all members of the second class at West Point, will be divided into two groups for the purpose of the tour, the first group of 350 arriving at Pope AFB for three days beginning June 21 with the second group following in July.

During their stay at Pope Air Force base, the cadets will be given an extensive demonstration in the use of air power as an aid to ground warfare. Fighters from Turner Air Force base, Ga. and other Ninth Air Force bases will dive-bomb and strafe simulated enemy positions near the airfield while other fighter planes fly high-cover over the "battle area."

Waltzing mice, a rare domesticated breed, are supposedly of Japanese origin.

Firemen Chased Shifting Blaze

Decatur, Ill., June 9—(AP)—Firemen spent ten minutes chasing a fire before they put it out last night. They made it on the fourth try.

The fire was in an empty freight car on an Illinois Central train. By the time the fire engine got to an intersection where the train had been, it had moved on.

The firemen backtracked a block, sped two blocks parallel to the tracks, and dashed down another side street to the railroad intersection.

By the time they got there, the burning car had passed that point. They made two more similar trips before they caught up with the fire. The train's crew, meanwhile, knew

County Agent Warns Cucumber Growers About Downy Mildew

By S. C. Winchester, County Agent
Cucumber downy mildew is on the way. Word has been received through the USDA plant disease forecasting service that the fungus disease is now well established in the Charleston, South Carolina area. On the basis of past experience, it may be expected to reach North Carolina within the next few days. Due to recent rains, conditions are especially favorable for the establishment and spread of downy mildew in

of the blaze, but didn't allow the fire engine was chasing the train. They had kept the train moving, looking for a side street with a fire hydrant.

The freight car's sides were burned up. The firemen were a little hot, too.

of the blaze, but didn't allow the fire engine was chasing the train. They had kept the train moving, looking for a side street with a fire hydrant.

The freight car's sides were burned up. The firemen were a little hot, too.

Money was first milled (stamped with raised borders and fluted or grooved edges) to prevent the fraudulent removal of metal and to protect coins from wear.

In the eighteenth century it was common practice to cut large silver coins into quarters and to use the pieces for change.

Hail Damages Crops In Fields Of Limited Area

By CHESTER WALSH
 Yesterday afternoon's thunderstorm, accompanied by hail and torrential rain in different sections, did much damage to tobacco and other crops in fields over a spotted area. The hail ranged from small marbles to the size of walnuts, the latter having a "ragged edge," as farmers described the most damaging type of hail.

C. L. Hardee, who lives four miles east of Greenville on the Washington highway, reported that hail damaged crops in his neighborhood and that the path of the storm was through the Simpson and Grimesland sections, on toward Beaufort county. Walter Cherry, who lives in the Bell's Forks section, reported considerable damage in that part of the county. Insurance men gave numerous reports this morning indicating that the hail damage was in restricted areas.

Heavy rain, accompanied by strong wind, did some damage, but not to any great extent, farmers said.

The storm, breezing in from the southwest, laid much corn low with heavy wind, and damaged other crops, especially tobacco. The path of the storm zigzag, and its damage was in a limited area. A drop in temperature followed the

storm. A checkup after the storm over a wide area revealed that the hail damage was spotted—here and there.

A checkup with insurance agents revealed that the hail damage was confined to a limited range.

Bill Pruden, assistant Pitt county farm agent, said last night that the tobacco crop in Pitt county will ripen about two weeks ahead of last year.

Five Injured In Odd Train Wreck

Columbus, O., June 8—(AP)—Five passengers of a Pennsylvania Railroad sleeping car were injured—two seriously—in a freak accident in Union Station last night.

The victims were among 17 passengers trapped in the sleeping car of the New York-bound Spirit of St. Louis when two cars were uncoupled and smashed into the engine of the Metropolitan Limited.

The second train was waiting to pull into the station. None of its passengers was injured.

The impact of the crash sprung the doors of the pullman, trapping the 17 passengers in their sleeping compartments of the Spirit of St. Louis.

Firemen, police and railroad workers dug into the wreckage to free the passengers. The Pullman and the observation car were the last two cars on the train.

Injured seriously were E. D. Johnson, 45, of Jennings, Mo., and Charles W. Donker, Baltimore, Md.

More Fertilizer Fails Meet Need

Asheville, June 8—(AP)—Before the war the United States got nine million tons of fertilizer yearly. Today we're getting 17 million tons but it still isn't enough.

That's what Cedric G. Gran, assistant to the president of the American Plant Food Council, told the opening session of the annual convention of the Southern Feed Control officials yesterday.

That's all the group talked about yesterday—fertilizer. Today and tomorrow they will discuss feed and feed control matters.

Gran said the fertilizer industry, despite almost doubled production, still is unable to meet all the demands of American farmers.

"Here in the southeast," he declared, "the most serious problem appears to be the shortage of solid nitrogen materials for top-dressing purposes."

Gran said he saw little hope for relieving the situation because Chilean nitrate imports had been reduced about a half million tons this year under a system of international allocations set up to assist other countries to reestablish their agricultural economies.

Poles Estimate Coal Resources

Warsaw, Poland—(AP)—Polish experts say this nation's coal resources are estimated at from 75,000,000,000 to 80,000,000,000 tons. Ten percent of the deposits are in the Western territories—the lands Poland absorbed from Eastern Germany.

A special commission of mining experts estimated Poland's hard coal resources at 10,500,000,000 tons. The commission said this includes only definitely ascertained deposits in mining claims to a depth of about 3,300 feet.

C. L. Lupton & Co. Is Growing Concern

C. L. Lupton and Company, organized in Greenville last October by Carlisle L. Lupton, formerly of Norfolk, Va., has increased its volume of business to such an extent that larger quarters were needed and the company is now in its own 150 by 50-foot brick and cement block building on the Falkland highway, near the radio station. The company specializes construction, rock wool insulation, weather stripping, asbestos roofing and siding materials, "Alumina" awnings, "Ruco" storm windows, etc. It is agent in this territory for Philips Carey Company, Cincinnati, O., Quaker

City Weather Strip Company, Philadelphia, and other nationally known firms. Lupton was connected with the Stewart Coal Company, building supply dealers, in Norfolk, Va., for many years.

C. L. Lupton and Company is making a substantial contribution to steadily increasing weekly payrolls in Greenville.

Officers Recover Stolen Automobile

Sheriff Paul W. Tyson reported today that H. E. Forrester's car, stolen Sunday night while it was parked near his home in Waterville, has been recovered near Rocky Mount.

The sheriff said the car and two boys, Edward Earl Steppen, 18, of

Greenville, and Alvin Earl Jones, 17, of Ayden, were apprehended near the West Carolina Training School for Boys near Rocky Mount by State Highway Patrolman J. E. Ralls early Monday. He found about 200 pennies and a quantity of cigarettes in the car. Sheriff Tyson and State Patrolman Dick Chadwick brought the car and boys back to Greenville. They are in the county jail, awaiting a hearing before Magistrate H. L. Jenkins today.

Shriners Parade In Atlantic City

Atlantic City, N. J., June 8—(AP)—Some 12,000 costumed Shriners, representing temples in 159 cities of the United States, Canada, Mexico and Panama, marched up this resort's main street today in bright sunshine to open their 74th annual convention.

Shrine officials estimated 50,000 delegates and members of their families were crowded into all the hotel space available for the three-day meeting.

Denies Surplus Of \$170 Millions

Charlotte, June 8—(AP)—There is no such thing as a state surplus of \$170,000,000, Executive Vice President Lloyd Griffin of the North Carolina Citizens Association said today.

Griffin, he added, is a fact which public school teachers and others who are planning drives for extra funds soon will find out.

Griffin told the Charlotte Rotary Club that the actual surplus is much nearer \$72,000,000.

Flue-Cured Tobacco Barn Construction Circular Available

College Station, Raleigh, June 8—"Flue-Cured Tobacco Barn Construction," a new 24-page bulletin containing 17 detailed drawings, has just been released by the State College Extension Service.

The publication was prepared by R. R. Bennett, extension tobacco specialist, who points out that the high fuel and insurance cost involved in curing tobacco emphasizes the importance of proper barn construction.

"In many cases," Bennett declares, "tobacco barns are being operated with holes in the gable ends, openings under the eaves between the rafters, and ridge ventilators that cannot be closed. In practice and under experimental conditions, it has been found that this open condition of the barn is both expensive and unnecessary."

From the standpoint of efficiency and low heat loss, the old log barn is still one of the best if properly constructed, although wasteful of timber, the specialist adds.

The drawings give step-by-step information on the construction of various types of barns. Suggestions for eliminating fire hazards in barn construction appear at the end of the publication.

Persons desiring copies of the bulletin should write the agricultural editor, State College Station, Raleigh, and ask for Extension Circular No. 318.

Pitt Farmers Make Good Showing In 100-Bushel Club

College Station, Raleigh, June 8—Records of the North Carolina 100-Bushel Corn Club for 1947 indicate that good corn yields can be produced in all sections of the State, according to Dr. E. R. Collins, in charge of Extension agronomy at State College.

"Good corn production is not confined to any particular area," Dr. Collins declared. "All sections of North Carolina are capable of producing good yields when recommended practices are followed."

Wake County led the State with 68 farmers who produced 100 or more bushels of corn per acre in 1947, the agronomist asserted. Randolph placed second with 30, McDowell third with 29, and Buncombe and Nash tied for fourth position with 25 each.

Other leading counties were: Alamance, 21; Transylvania, 18; Pasquotank, 17; Wayne, 15; Henderson, Currituck, Franklin and Durham, 14 each; Montgomery, 13; Union, Yancey, Pitt, and Tyrrell, 11 each; Forsyth, 10.

Dr. Collins said, interest in the 200-bushel corn contest for 1948 is increasing each week as additional farmers indicate that they plan to enter the competition. A total of \$3,000 in prize money is being offered.

The American Niagara Falls are about 10 feet higher than the Canadian Falls.

What's the Nimblest Number on the highway?

That's a big question, taking in a lot of territory, and we'd be the last to deny you the right to your opinion.

But, sir — before you slip up behind this tidy SUPER with the idea of giving it the go-by, better figure what you're up against!

It's big, certainly — six-persons roomy and two-tons hefty as it takes to the road.

But take a look at the size of that bonnet — it isn't there just for show! It's filled to the brim with straight-eight power — and a very special kind of power at that.

For Buick's the only car on the road today that puts Fireball power under your treadle foot.

It's the only car in which pistons are specially shaped to roll each tiny fuel charge into a compact ball that lets loose with extra lift and surge.

And that means that this clean-lined fleetster is exactly what it looks like — a star performer.

A nudge on the gas treadle — and it's gone with the wind.

A swing of the wheel, and this low-slung carriage takes curves with the ease and sureness of straightaways.

As for rough spots, even they won't slow you down, so smoothly does this beauty take all kinds of going in its stride.

You can see, of course, how steady it is. How the body rides level and unperturbed while four soft coil springs soak up the jars and jolts.

As for handling, well once you've tried it, we know exactly what you'll do.

You'll see the nearest Buick dealer, with or without a car to trade, and get a firm order in right now.

When better automobiles are built

Residents Evacuated From Flooded Vanport

This is an aerial view of rescue workers evacuating residents from the destroyed city of Vanport, Ore., after flood water suddenly trapped many of the 18,700 residents in their homes. Wrecked buildings and other debris cover the landscape. On the highway in background are buses waiting to carry away survivors. (AP Wirephoto).

Find My Killer

By MANLY WELLMAN

AP News Columns

Chapter 1

The ground glass door had a gold leaf number on it, 1123. Under that was the name J.D. Thatcher. I walked into a room with five chairs, and a window that looked down eleven stories. At the rear was another door, marked PRIVATE. I knocked at that door.

Nobody opened. I listened and after a moment I heard voices, a man's and a woman's, not friendly toward each other. Then the door swung open and out came a tall tanned man with loud checked slacks and a louder checked jacket. Over his shoulder he said, "Think twice, baby. You owe me for the job, whether I do it or not."

"Your employer is dead," said the woman's voice from inside.

"Oh, no. You're my employer. You gave me the job."

"You'll be paid any honest claim when the estate's settled," the woman promised, and came out after him. She was young, and not very tall in her gray tailored suit. "Get in touch with me later," she said, as if trying to be polite, and held out her hand.

He shook his head. "Don't show me your hand without some dough in it," he told her, and then he noticed me. He looked a trifle flustered, as if he thought he shouldn't talk like that to a woman in my presence.

The young woman saw me, too. She looked up with big blue eyes that had something funny about them.

"My name's Jackson Yates," I said. "I sent a wire."

"Come in," she invited, and I followed her into the back office.

"I was answering Mr. Thatcher's query about a bodyguard," I informed her. "Might I see him?"

"I'm J. D. Thatcher," she replied. "Sit down."

I almost fell down instead. She said to me, "If you hadn't come so quickly, I could have saved you a trip for nothing."

I smiled my nicest. "I was afraid of that, so I wired what I did." I pointed to my telegram, lying on her desk. It read: DO NOT PICK

work. So what is it?"

She gave me that two-tone gaze, very calculating. "Richard Ealing didn't commit suicide, Mr. Yates,"

she said slowly. "Now listen carefully, because these facts are important to us. My father drew Ealing's will for him, and it was one of the few tags of legal business I was able to keep hold of after Dad's death. About a month ago, Ealing wrote a codicil—a bequest of five thousand dollars to whoever would find and convict his murderer."

"Convict his murderer?" I repeated, like a stooge in a show. "Just like that? He knew he was going to die?"

"More than that, he knew he was going to be murdered. It looks peculiar, doesn't it? Well then, last week Ealing called up and asked me to find him a bodyguard. I got in touch with all the nearby agencies and police departments—just too late, because he's dead. But here you are. Maybe a big, burly assistant won't be a bad thing for me to have around. As Ealing's lawyer, I'm going to dig into the matter."

She smiled again, and I smiled right back. "Okay, chief," I said. "I'm with you."

(To be continued)

NOTICE OF TRUSTEE'S SALE OF REAL ESTATE

Under and by virtue of the power of sale contained in that certain deed of trust dated April 4, 1946, and executed by H. W. Renfrew and wife, Ann B. Renfrew, to W. H. Woodard, Trustee, of record in Book S-24 at page 190 in the office of the Register of Deeds of Pitt County, N.C., default having been made in the payment of the debt thereby secured and the owner and holder of the debt having called upon the trustee to foreclose said deed of trust, the undersigned trustee will, on Friday, the 9th day of June, 1948, at 12 o'clock, noon, before the courthouse door in Greenville, N.C., expose to public sale and sell to the highest bidder for cash, the following described real estate:

That certain lot or parcel of land lying and being in the City of Greenville, North Carolina, and beginning at the southwest intersection of Eastern and Third Streets and running with the southern boundary of Third Street S. 66-45 E. 105 feet to a stake, a corner; thence S. 22-15 W. 50 feet to a stake, a corner; thence N. 66-45 W. to a stake in the eastern boundary of Eastern Street; thence with the eastern boundary of Eastern Street N. 22-15 E. 50 feet to the point of the beginning, and being Lot No. 7 in Block "G" of the Chatham Circle Subdivision according to survey and map made by H. L. Rivers, C.E., December 20, 1927, and being the same lot conveyed to J. R. Worsley and wife Helen Worsley, by deed of record in the Pitt County Registry in Book E-24 at page 359 to which deed reference is hereby made, and reference is also made to deed from James R. Worsley and wife, Helen Worsley, dated March 31, 1944, to Annie Ruth Bright Renfrew, recorded in Book E-24 at page 408 of said Registry. Also dated December 22, 1944 by H. W. Renfrew and wife, Annie Ruth Bright Renfrew, to Rachel Moore.

The successful bidder at said sale will be required to make a cash deposit of 10 percent of his bid with the Clerk of the Superior Court, or with the trustee, pending confirmation of the sale.

This the 8th day of June, 1948.

W. H. Woodard, Trustee.
Harding & Lee, Attys.

Greenies, Tars Split Twin Bill; Play Here Again Tonight

Blanked In First Tilt, 6-0; Greenies Rally In Nightcap

Sport Slants by Pap

Jack Dianetti of Michigan State won the 800-yard title in the 1946 A.A.U. meet. He has always been a fast runner and in the 1944-45 season he won the 800-yard title in the A.A.U. meet. He is now a member of the Michigan State team.

Little Jack Dianetti, 19-year-old track prodigy of Michigan State from East Rochester, N.Y., trimmed a fine field in winning the half-mile event at the 72nd Intercollegiate A.A.U. track and field championship. The triumph was all the sweeter because the field Dianetti outfitted included Reggie Pearman, the highly-touted New York U. ace who beat the speedy Spartan by inches in the same event at Franklin Field last year.

As a schoolboy in 1946, Dianetti had won the National A.A.U. junior 1,500-meter championship at Randall's Island. He had built up a terrific reputation in the mid West and was looked upon as a fine Olympic prospect. In the 1947 Inter-collegiate, Dianetti met Pearman over the 800-yard route a short time

Johnnie Tate Comes Through In Fine Style In The First Mound Test With The Locals; Double-Header Here Tonight

By BERT MOYE

The Greenville Greenies and the Tarboro Tars split their twin bill over in Tarboro last night with the Tars whitewashing the Greenies 6-0 in the seven-inning opener, and the Greenies coming back to win the nightcap, 7-1.

First Game
The Tars scored enough runs to win the opener in the initial frame when three singles and a double produced two of their runs. Andrewah singled, Urban grounded out to short, Caldwell doubled to bring home Andrewah, Komanecky beat out a blow to short and Hugh Cox singled to send Caldwell home. The Tars put across four runs in the third frame on four successive singles by Urban, Caldwell, Komanecky and Cox aided by a costly error by Riggs.

Johnny Kovalchick went the route for the Greenies and was touched for 10 hits. The loss for Kovalchick was his third of the season. He has five wins. Ralph Caldwell with a double and two singles led the Tars at bat.

Danny Lastris and Joe Nessing with two singles each led the six-hit attack of the Tars' Bill Price.

Second Game
Johnnie Tate, the fifthhander, made his initial appearance on the mound for the Greenies last night and held the Tars to six scattered hits for a 7-2 win over Tarboro in the nightcap.

After scoring one run in the sixth frame on Lastris' walk, Phillip's sacrifice and Bob Cohen's timely single, the Greenies came back in the eighth frame to clinch the win by tallying three runs. Tate led off with a single, Lastris reached first on Price's error, Phillips doubled to bring home Tate and Lastris and Nash singled to bring home Phillips.

The Greenies returned in the top half of the ninth to score three more runs on two hits, three errors, wild pitch and a stolen base.

The Tars put across singletons in the third and eighth frames. In the third Johnson walked, Russell singled and Andrewah singled to bring home Johnson. Their run in the eighth came when Marko tripped and Neville went in to pinch hit for Russell and came through with a single to bring home Marko.

Tate, pitching his initial win for the Greenies, pulled out of some mighty tough holes during the game and stopped threat after threat made by the Tars. He walked three men and struck out a similar number. Marko, Tars' catcher, with a triple and a single was the only Tar to get more than one hit off his offerings.

Joe Nessing with a double and a single was the only Greenie to get more than one hit off Russell and Price.

Here are four good reasons why Connie Mack's Philadelphia Athletics are leading the American League. Left to right: Third Baseman Hank Majeski, First Baseman Ferris Fain, Second Baseman Pete Suder, and Shortstop Eddie Joost. The A's infielders have handled 894 chances this season with only eight errors for an average of .991. (AP Wirephoto).

Graziano And Zale Meet Tonight In Rubber Match

'Satch' Paige Is Still In Top Form

Newark, N. J., June 9.—(AP)—The noisy extrovert, Rocky Graziano, meets stolid Tony Zale in Ruppert Stadium tonight in the rubber match of their violent ring series.

At stake this third time is Rocky's world middleweight championship, won from Zale July 16, 1947, in Chicago. In the first fight, Sept. 27, 1946 in New York's Yankee Stadium, Zale was victor by a knockout.

Both previous battles were bloody, boisterous affairs ending in the sixth round. Odds are 8-1 this one also will not go the full 15 rounds scheduled. The fight starts at 9 p.m., EST.

Betting odds that last week favored Graziano 5 to 12 narrowed on the eve of the clash to 1 to 2. Zale is this age differential is counted Zale's only handicap. As punchers go, there's little to choose between the two.

Graziano weighed 157 and looked sharp after his final light workout yesterday. Zale rested the entire day. He weighed 158 when he wound up training Monday.

The official weigh-in was scheduled at 11 a.m., EST, in the Newark City Hall.

Fair, warm weather after weeks of cold and rain brought a rush of late ticket sales. Promoter Andy Niederreiter predicted a turnout of 22,000 and a gate of \$350,000.

Of this pot the champion is assured \$120,000 or 40 per cent of the net. The challenger is guaranteed \$60,000 or 20 per cent of the net.

San Antonio, Tex.—(AP)—Satchel Paige, the Negro pitcher—still called by many the greatest hurler of all time—will work in about 75 games this year, counting both regular season and barnstorming.

Satchel now says he's 41 years old, which is a little on the ancient side for baseball. But the Satch doesn't look it and he doesn't act it until he has to run.

But all the cunning and the fire still are there in his pitching.

Paige, here to work in an exhibition game, says he has seven good pitches, not counting a slider or an occasional "ephus." He uses a side-arm curve, a sidearm sinker, sidearm fast ball and four overhands—speedball, curve, knuckler and drop. Pitching every night isn't to his liking but he finds it necessary to keep the crowds coming out. Fans want to see the greatest Negro pitcher of the age and he obliges with a stint. Observers say he could be throwing as a relief pitcher in the big league but can make more money hurling as he does. Last season he beat Bob Feller three times out of five.

Below is listed a record of the Greenies to date and the information is based on the records kept by the writer. Of the 26 games lost by the Greenies this season, four have been lost by one run, three by two runs, four by three runs, six by four runs, one by five runs, two by six runs, one by seven runs, one by eight runs, two by nine runs, one by ten runs, one by twelve runs and one by thirteen runs.

Three of the games lost so far by the Greenies this season have been lost in the last two innings; one of the losses was an extra inning game with this being a 14 inning game with Kinston here on April 30 which the Eagles won, 4-3.

Two of the games lost by the Greenies have been won by the opposing teams in the last two innings of play. Six of the losses have been shutouts for the opposing teams with New Bern, Kinston, Rocky Mount, Wilson, Tarboro and Goldsboro each registering a shutout against the Greenies this season.

Greenie's losses this season with other clubs in the league are as follows: Four to Tarboro, four to Rocky Mount, four to Roanoke Rapids, three to New Bern, five to Kinston, six to Goldsboro and two to Wilson.

In the five double-headers which the Greenies have played this season they have lost four of them, and split one. One of the games resulted in an 8-8 deadlock after 18 innings of play.

Of the 18 games won by the Greenies, three have been won by one run, four by two runs, one by three runs, one by four runs, two by five runs, one by six runs, four by seven runs, one by eight runs, and one by nine runs, which was won over Tarboro in a protest upheld by President Ray Goodmon.

Two of the games won by the Greenies have been won in the last two frames, and two of the wins were shutouts by the Greenies with the Wilson Tars being shutout twice by the Greenies here at the local park, 2-0 and 5-0. Also included in the list is an extra inning game won by the Greenies over Kinston in a 10-inning affair at Kinston, 10-9.

Greenie's wins against the other clubs in the league are as follows:—Roanoke Rapids 4, Kinston 3, Wilson 3, Goldsboro, Rocky Mount and New Bern, two each and two over Tarboro.

Johnny Kovalchick with five wins and three losses, has won two from Roanoke Rapids, two from New Bern and one from Tarboro the receiving credit for the win of the protest game). Two of his losses have been to the Kinston Eagles, one to Tarboro.

Louis Arroyo, with five wins and seven losses, has won two from Kinston, two from Goldsboro and one from Rocky Mount. His losses have been two to Kinston and one each from Tarboro, Rocky Mount, New Bern, Wilson and Goldsboro.

Kenneth Brooks with three wins and three losses has won one each from Wilson, Rocky Mount and Roanoke Rapids, and has lost one each to New Bern, Rocky Mount and Roanoke Rapids.

Manager Bill Phebus with one win and two losses (also one tie game pitched) has won his only game from the Kinston Eagles, while he has lost one each to Roanoke Rapids and Wilson.

Junior Yohn with three wins and three losses has won one each from Wilson, Rocky Mount and Roanoke Rapids and has lost one each to Tarboro, Rocky Mount and Goldsboro.

Jerry Chitty with no wins and eight losses has suffered defeat at the hands of Goldsboro four times, Roanoke Rapids two times and one each from Tarboro and Kinston.

Kermit Schmidt and Garland Little, both hurlers having been released, have lost both of their games pitched. Schmidt's loss was to New Bern. Little's loss was to New Bern.

Johnnie Tate, who made his debut last night with the Greenies, on his only game against the Tarboro Tars.

Must Take Rest

Manager Bill Phebus, after undergoing a thorough checkup at the local hospital, has been ordered to take a short rest from his baseball worries. Phebus, who has been in a run-down condition for the past several weeks, has lost 27 pounds since coming to Greenville.

Phebus will leave today to take a three or four day rest and during his absence Bob Cohen, veteran outfielder of the Greenies, will take over the managerial duties.

Greatest Golfing Show Scheduled Open Tomorrow

Los Angeles, June 9.—(AP)—The greatest golfing show on earth, the U. S. Open, gets under way tomorrow on the long, tough Riviera course calculated to stamp the 1946 winner a worthy champion.

It is the most coveted title for all the links domain, bringing together America's finest professionals and amateurs. The field that starts the grueling 72-hole trek, ending Saturday, will be one of the best.

One lone foreign entry, Arthur D'Arcy (Bobby) Locke, from far off Johannesburg, will battle par and this country's finest for top honors.

The round-faced star from South Africa, is no stranger to these parts. He is among the high money winners for the second year, has played this and practically every open tournament course throughout the land and in some quarters is well liked to snatch the U. S. crown.

The winner of the three-day, four-round grind will earn his laurels. One misdeed and the chance most likely will be gone forever. The pace is fast and the abetmaking top demanding for a bobble.

Long hitting Sam Snead of White Sulphur Springs, Va., learned that lesson last year. He missed a putt of 30 1-2 inches last year at St. Louis that cost him the championship. Lew Worsham of Ocklawaha, Fla., tied him for 72 holes and won in the playoff.

Worsham is on hand to defend the title. He may turn back the challenge of a formidable field but the odds stand pretty long against him. He hasn't played back to his form of 1947.

Top Athletes In Collegiate Meet

Minneapolis, June 9.—(AP)—Three athletes who are considered to be this country's best candidates for individual triumphs in the Olympic games at London in August will participate in the National Collegiate Athletic Association's annual meet at the University of Minnesota June 18 and 19.

Winners will go to the Olympics final tryouts.

One of the trio, Harrison Dillard of Baldwin-Wallace, has a time of 13.6 seconds up for consideration as a world record in the 120-yard high hurdles.

That is one-tenth of a second better than the world mark set at Oslo, Norway, in 1936 by Forrest G. Towns of the American Olympic team and equaled by Fred Wolcott in 1940 and again in 1941.

The other two have bettered American college marks this year. Charles Foville, Michigan's shotput ace, turned in a heave of 56 feet, 5 inches in the Big Nine meet at Madison, Wis., May 29. That was 4 1-2 inches farther than the American College record set by Al Bloss of Georgetown in 1940 in Minneapolis.

The world record is 57 feet, one inch, held by Jack Torrance of the American Olympic team who set it in 1934 at Oslo, Norway.

Fortune Gordien of Minnesota has his eyes on the world discus mark, set by Bob Fitch, a fellow Minnesotan. Fitch's mark of 180 feet, 2 3-4 inches was set in June, 1946 at Minneapolis.

AAU Boxer Dies In Tournament; Matches Halted

Salida, Colo., June 9.—(AP)—Lloyd Martinez, 19-year-old Salida boxer, died last night during a bout in the AAU sponsored boxing tournament here.

The cause of death was not immediately determined.

Martinez came out of his corner for the third round of a bout with Lute Quintano when he suddenly lurched around and fell unconscious.

He died an hour later after being rushed to a hospital.

No blows were struck during the third round, Leigh Abbey, editor of the Salida Mail-Record, said: However, Martinez had been knocked down earlier.

Officials postponed the 12 bouts that were to follow the Martinez-Quintano fight.

Lions Rally To Down Athletics

The Lions from W. Greenville rallied for four runs in the top of the sixth inning yesterday just before the storm broke to take the first game played between the Lions and the Athletics by the score of 11-7. The score was tied at 7-7 at the end of the fifth.

Pollard with a triple and a single and Jerry Phillips with a homer and a single were the leaders for the Lions. Joe Taft parked one for the A's in the third and also got a single. Bill Tate also got two hits for the A's, one of them good for two bases to share hitting honors for the day.

Inter-Service Tennis Tourney

Washington, June 9.—(AP)—The 1946 Inter-Service championship tennis tournament, known as the Leach Tennis matches, will be played July 30 and 31 at the army-navy country club in Arlington, Va.

The inter-service sports council announced that the air force, which will participate for the first time as a separate service, will be host. Last year the air force was part of the army, which won the 1947 Leach trophy.

Each of the three services will have ten-man teams entered this year, selected from officers and enlisted men stationed throughout the world.

Reports Surf Fishing Is Good

Atlantic Beach, June 9.—Surf fishing is very good on the beach abreast Sailer Path at this time according to Capt. George Smith who hauls the mails each day from the Bogue Banks fishing community (eight miles west of Atlantic Beach) to Morehead City on the mainland. Especially good results have been had by the surf casters going after bluefish in the surf with light tackle according to Smith. "Some of the parties have landed up to 70 blues in a single afternoon of fishing," he said.

Reports Surf Fishing Is Good

Chicago, June 9.—(AP)—Clyde (Bulldog) Turner, 235-pound star center, today signed for his eighth Chicago Bear season.

Turner came to the Bears in 1940 directly from Hardin-Simmons University. Now 29, the Bulldog promised to report for summer training five pounds lighter than last season's playing weight.

Sports Arena Is Due For Repairs

New York, June 9.—(AP)—With Friday night's scheduled boxing card at Madison Square Garden cancelled, the big sports arena will be closed until July 15 for repairs.

The Twentieth Century Sporting Club called off the 10-round bout between Kid Cavilan of Cuba and Livio Minelli of Italy after the latter fractured his right thumb in training.

A NEW LAWN GRASS FROM THE ORIENT

Plant Zoysia Matrella Lawn Grass and has a permanent, beautiful lawn. This New Grass From The Orient Requires Little or No Artificial Watering. Grows in any soil—sun or shade. Does not die in winter. Prevents weed growth, stops erosion with its ever-thickening carpet. Send name and address for particulars so you can plant at once.

Zoysia Lawn Grass Co.

Box 139, Columbus, Ga.

Before the Christian era, a glove was given to the purchaser of land, taking the place of title and deed to the property.

Girl Scout Camp Opens June 20 On Pamlico River

By CHESTER WALSH

Camp Hardee, on Pamlico River, below Chowocum, will be ready to receive the 36 girl campers for the first two-week period of the summer encampment after the members of the Greenville Rotary Club get through cleaning up and straightening up the camp grounds next Wednesday, June 16. The Rotarians' pet project is getting the Girl Scout camp in order each summer, Mrs. J. Knott Proctor, Greenville Girl Scout commissioner, said today.

The camp opens Sunday, June 20. The first period (two weeks) ends July 4. Girls going to Camp Hardee by train or bus will be met by the Girl Scout truck, "Happy Helen," and taken to camp. A buffet lunch will be awaiting the campers. After lunch the girls will be assigned to their cabins, then there will be boating and swimming on the safe and sandy beach, with accredited life guards on duty. Brownies and younger girls will live in Mohawk Hut. Older girls will be quartered in Cherokee Hut. The camp closes July 31.

Features of Camp Hardee, on a high and wooded bluff overlooking Pamlico river, are the programs to develop strong minds and bodies in the outdoors. Swimming, boating, "cookouts," hiking, arts and crafts, nearby places of interest are other features of the Girl Scout camp. Mrs. E. L. Henderson, executive secretary of the council and business manager of the camp, said.

Camp Hardee is noted for its safety and recreational facilities. A physician and registered nurse are always available. The food and water are the best. The children's health is carefully safeguarded. Miss

Senator Assails Scott's Record In Radio Speech

Raleigh, June 9—(AP)—W. Kerr Scott was labeled a "milkfarmer" and his agricultural record was attacked in a radio address last night by late Senator Rivers D. Johnson of Warsaw.

The state senator spoke on behalf of gubernatorial candidate Charles M. Johnson. The men are not related.

In the first big blast of the campaign leading to the second primary the senator declared over a statewide network that Scott, by calling for a second campaign, will "require the taxpayers to spend another \$100,000 just to see if he can overtake Mr. Johnson's lead."

"I know if things had been reversed," declared the Duplin legislator, "Charles Johnson would not have forced a second primary on our people."

Scott spent the day in the eastern part of the state on organizational work. Senator Johnson called Scott "the favored son of Aiamance Republicans," and recalled that when Scott announced for governor at a rally at Graham, "the press of the state recorded the fact that the meeting was about evenly divided between Democrats and Republicans."

He said Scott "is a master at reversing himself." He charged the former agriculture commissioner with changing his position on the state's good health program and making "vicious attacks" on merchants and civic clubs during the 1947 General Assembly.

The meeting of about 500 of 875 atomic laboratory workers also unanimously authorized their union, the AFL Atomic Trades and Labor Council, to call a strike.

Atomic Workers Rap Lilienthal; Vote For Strike

Oak Ridge, Tenn., June 9—(AP)—Union officials met today at a conference with representatives of the atomic plant operating company their members denounced last night.

The session was another of the series directed at settlement of the lengthy labor dispute at Oak Ridge national laboratory.

It followed a mass meeting of workers who went on record opposing re-confirmation of Atomic Energy Commission members, specifically Chairman David E. Lilienthal "for his open support to the vicious contractor, Carbide and Carbon Chemicals Corporations."

The meeting of about 500 of 875 atomic laboratory workers also unanimously authorized their union, the AFL Atomic Trades and Labor Council, to call a strike.

The meeting of about 500 of 875 atomic laboratory workers also unanimously authorized their union, the AFL Atomic Trades and Labor Council, to call a strike.

Sees Returns On '48 Tobacco Crop

Myrtle Beach, S. C., June 9—(AP)—Southern tobacco growers may look for a favorable financial return on their 1948 crop but not for runaway prices.

That was the opinion left by a tobacco official with the Bright Belt Warehouse Association which ended its annual convention here today.

J. B. Hutson, president of Tobacco Associates, Inc., said in an address yesterday that present indications are for a loan rate four cents a pound higher than last year. Prices, he predicted, "will be near those of 1946 or possibly slightly higher."

All officers were reelected for new terms. They include Fred S. Royster, Henderson, N. C., president; W. Wesley Singletary, Lake City, vice-president; and Guy E. Barnes, Rocky Mount, N. C., secretary-treasurer.

Hutson and L. T. Weeks of Raleigh, manager and secretary of the Flue-Cured Tobacco Cooperative Stabilization Corporation, were principal speakers at yesterday's sessions of the warehousemen, who represent North Carolina, South Carolina, Virginia, Georgia and Florida.

Hutson told the warehousemen that steps are being taken to move substantial quantities of tobacco to Germany, which was virtually removed as a market with the rise of Hitler's war program in the mid-thirties.

Swimming Pool Popular Resort For Young Folks

By CHESTER WALSH

The municipal swimming pool got away to a good start this summer, with weather favoring the aquatic pastime to attract large numbers, especially young people.

W. R. Minchew is manager of the pool. Lucille Laughinghouse is cashier. R. T. Upchurch and Clarence Mangum are life guards. Dorothy Wilson is life guard at the children's pool. A. H. Perry is caretaker of the property.

Alderman Heber B. Tripp, a member of the Parks and Swimming Pool Committee, is in charge of the recreational project.

The swimming pool is open daily from 9 until noon, from 2 to 6 p. m. and from 7 to 9 o'clock at night. Sunday hours are from 2 to 6 p. m.

It has been announced that tickets for children under 12, which formerly were 10 cents and 2 cents tax have been reduced to 9 cents and no federal tax. Rates for children over 12 years is the same—15 cents for a ticket and 3 cents federal tax for one hour's cool privileges.

Plans are being made to provide an instructor for children who want to learn how to swim. Plans also are being made to install a cool drink stand for patrons of the pool and children from Cotanche Street Park.

DOGS ON GUARD
Frankfurt—(AP)—Twenty dogs have been assigned to the Hannau Engineering depot as guards, replacing a number of DP guards. The replacement is on this basis: one man and two dogs to guard an area formerly guarded by two men.

Plan Agreement On Allotment Of War Reparations

London, June 9—(AP)—Official British sources disclosed today they expect a three-power agreement soon opening the way for the United States, Britain and France to resume allocating war reparations to Russia from western Germany.

No allocations to Russia of dismantled war plants—of which she gets 25 percent under the Potsdam agreement—have been made from the three western zones since mid-1946.

The French and British have continued deliveries under allocations made before that time, but the United States have made none since last December, when the big four foreign ministers' London conference on Germany and Austria collapsed.

The refusal was communicated to the British in a letter by Soviet Lt. Gen. M. I. Dravlin. He said that any measures of force against Soviet employees "will lead to undesirable consequences."

The head of Soviet communications in Germany, Lt. Gen. Vorsov, indicated earlier the Russians had no intention of yielding to the British request. The British asked for the building "as soon as possible."

Kiwanians To Meet Presbyterian Church

The Women's Auxiliary of Boyd Memorial Presbyterian Church, on the Falkland highway, will serve the supper for the Kiwanis Club's weekly meeting in the basement of the First Presbyterian Church, at Fifth and Pitt Streets, Friday evening at 6:30. Van C. Fleming, Jr., of the Globe Hardware Company will have charge of the program. President Nathan G. Brooks will preside.

Corporation Buys School Bonds

Erskine Duff, representative of the First Securities Corporation of Durham and Greenville, yesterday was the successful bidder for his company on \$65,000 of Winterville School District bonds for improvements and additions to the white and colored schools there. The Winterville bonds mature May 1, 1950 and through May 1, 1965. The interest cost is 3.16 percent.

The First Securities Corporation also bought \$75,000 of Pactolus School District bonds for construction of a new school building in Pactolus to replace the structure destroyed by fire last October.

Incidentally, the First Securities Corporation, has bought during the past year or two bonds in nearly all of the northeastern counties of the state.

Messick Popular As Graduation Speaker

Dr. John D. Messick, president of East Carolina Teachers College, who has been in great demand as a speaker at commencement exercises in the state this spring, will be at Camp Lejeune tonight, where he will make an address before members of the high school graduating class there. Tomorrow Dr. Messick will be the principal speaker at commencement exercises in Kinston.

The custom of presenting gloves to funeral pallbearers is a survival of an ancient use of gloves as a symbol of high position.

Anderson Wins Demo Nomination For U.S. Senate

Albuquerque, N. M., June 9—(AP)—John J. Dempsey today conceded New Mexico's Democratic nomination for U. S. Senator to former Secretary of Agriculture Clinton P. Anderson.

The former New Mexico governor announced at his home in Santa Fe: "I have wired Mr. Anderson my congratulations this morning. I wish also to express to the people of the state who supported me my sincere thanks."

"It's one of those things," he added. "Everything happens for the best."

When Dempsey issued his statement, he trailed Anderson 15,171 to 23,551 on returns from 416 of the state's 868 precincts.

Rain Needed To Stop Bushfires

Toronto, June 9—(AP)—Rain still appeared the only force likely to check vast bushfires still raging today in northern and northwestern Ontario in Manitoba and in northwestern Quebec.

Some rain early this week helped fire crews but little fell in northern Ontario, where timberland, tinder-dry from the late-spring sun, erupted May 25 into smoke and flame. A soaking downpour throughout the northland is overdue.

Arrest Prowler At Reuther Home

Detroit, June 9—(AP)—Police announced today the arrest of a man who was flashing a flashlight around the windows of the home of Walter P. Reuther, who was gravely wounded by an assailant last April 20.

Police Lieut. Harry Laschen of the special investigation squad identified the man as Charles Kurgan, 46, an auto worker.

The man was taken into custody by police guards who have been stationed at the Reuther home day and night.

Hog Market

Raleigh, June 9—(AP)—(NCDA)—Hog prices steady. Tops of \$22.75 at Rocky Mount; \$23 at Greenville New Bern, Smithfield, Mt. Olive, Goldsboro, Washington, Jacksonville, Clinton, Warsaw, Lumberton, Fayetteville, Florence, and Richmond, Va.

Poultry and Eggs

Raleigh, June 9—(AP)—(NCDA)—Fryers and broilers steady at 38; eggs steady, A large 49.

Grain Market

Chicago, June 9—(AP)—Mill buying gave wheat support on the board of trade today while corn was aided by small supplies of the cash grain in terminal markets. Oats tended to lag, selling fractionally

N.Y. Cotton

New York, June 9—(AP)—Cotton futures opened 45 cents a bale lower to 5 cents higher.

Noon prices were unchanged to 50 cents a bale higher than the previous close. July 36.99, Oct. 33.40 and Dec. 32.79.

Futures closed 20 cents a bale higher to 10 cents lower than the previous close.
