

North and South Carolina—Fair and slightly warmer this afternoon, tonight and Saturday.

Layoffs Affect 230,000 Workers In Auto Industry

Shutdowns Blamed On Steel Shortages Due To Last Coal Walkout

Detroit, June 11—(AP)—Assembly line workers in Ford Motor Co. plants across the nation were in a one-day shutdown today, while a much larger group of General Motors Corp. workers faced a week's layoff starting Monday.

About 230,000 production employees are affected by the curtailments, 200,000 of them at GM and 30,000 at Ford.

Another development on the widespread auto-labor front saw the 13-cent hourly wage increase pattern extended to 10,000 hourly-rated employees of the Packard Motor Car Co.

At the same time, the company added from \$75 to \$200 to the list prices of all its cars, beginning June 14.

The CIO United Auto Workers gave up all other demands on Packard in accepting the 13-cent boost in an agreement extending through Aug. 7, 1950, it was disclosed.

The raise becomes effective June 7 if the pact is ratified by members of UAW-CIO Local 191.

General Motors spokesmen said the layoffs next week could be blamed on steel shortages resulting from the last coal strike.

A lack of production parts was responsible for today's Ford shutdown, company officials said.

At first the GM layoff will affect 50 to 60 plants, including fabricating divisions and all Michigan assembly lines. Other assembly plants eventually may be "compelled to close for about a week," according to a corporation spokesman.

The only Ford assembly line workers to remain on the job today were those at Dallas, Tex., Atlanta, Ga., and Long Beach, Calif.

Work interruptions continued to plague the Briggs Manufacturing Co. while company and union negotiators attempted to reach a wage and contract agreement with pay locals based on the 15-cent pattern.

During a two-hour negotiation session yesterday, the first in three days, UAW leaders promised to halt the series of strikes that has cut down Briggs production all week.

However, the company said 80 workers at the Mel drum plant reported for duty last night but refused to do their jobs. The union had no comment.

Start Talks On Details Of ERP

Washington, June 11—(AP)—The United States today opened negotiations with the Marshall Plan countries on agreements to govern American-European recovery operations.

The British ambassador, Sir Oliver Franks, spent 75 minutes in the first meeting with Assistant Secretary of State Willard Thorpe, the American negotiator.

Franks said afterward: "We had a satisfactory first session. We were actually concerned with trying to determine what differences exist between us on the points of the agreement."

Door Closed To Polish Soldiers

Washington, June 11—(AP)—The House voted down, 77 to 57, today a proposal to admit 18,000 former Polish soldiers to this country.

The Polish soldiers fought against Germany and are now in England. Rep. Lodge (R-Conn.) proposed to open the way for them to come to the United States. He sought to amend legislation which would admit 200,000 homeless Europeans within the next two years.

Republicans And ERP

GOP Has Control Of Both House and Senate, Foreign Aid Plan Approved By Them; Now Disagree Over Amount To Be Spent; Pressure Building Up In Senate

Washington, June 11—(AP)—It's an amazing sight . . . The heat wave among Republicans over what Republicans have done to the Marshall plan for helping Europe.

A couple of months ago both House and Senate okayed the plan. They voted for it after the most searching examination any program has received in recent years.

All last summer and fall—six months altogether—thousands of experts here and abroad had worked on the plan.

Then around Christmashime President Truman handed it to Congress. All the work done by the experts was then examined by the House committee on foreign affairs and the Senate foreign relations committee.

They went over the plan with a microscope. They called in top government officials and experts and questioned them.

Altogether, the two committees spent about six weeks each going over the plan, cutting where they could. Then they turned it over to both Houses for a vote.

Uneasy Peace In Holy Land Begins

Truce Fixed By UN Mediator Generally Observed; Jews, Arabs Make Last-Minute Bids To Improve Military Positions

Cairo, June 11—(AP)—Armed peace for at least four weeks began in Palestine today, bringing with it a glimmer of hope for an end to Arab-Jewish warfare.

Indications from the Holy Land were that the truce fixed by the United Nations mediator was generally observed. However the Arab Legion accused the Jews of killing an Arab soldier in Jerusalem and Jewish Tel Aviv had an air raid alert after the truce deadline, 7 a. m., Eastern Standard Time.

Jews and Arabs made last-minute bids to improve their military positions. The lines will remain stabilized while peace talks are carried out on the island of Rhodes under United Nations sponsorship.

An Israeli communique claimed important successes in a last-minute battle of Jews with the Arab Legion at Latrun for control of the key road from Jerusalem to Tel Aviv. It said Jews attacked in darkness after two nights of heavy artillery and mortar preparation against a rocky hill stronghold held by a full Arab Legion brigade. The Arabs reported in Amman, Trans-

Jordan, that the Jewish attack failed and the Jews lost at least 100 killed and a number of prisoners. The Jews also reported capture of an Arab village and military camp east of Majdal, on the coast south of Tel Aviv, in new operations against an Egyptian spearhead which they said has been cut off. The Egyptians said they raised a siege of Nitsanin near Isdud.

In the north the Syrian army announced the fall of Mishmar Hay Yarden, a Jewish settlement in Upper Galilee. The Syrians previously had reported they had destroyed this settlement. Jewish bombs dropped on the Syrian capital of Damascus.

Tel Aviv's air alert ended a half hour after it sounded. There was no explanation. The drone of a plane could be heard over the city, but no sounds of explosions.

In Beirut, Lebanon, Premier Riad El Solh told newsmen he had word from the front that Lebanese troops, aided by Syrians and Arab volunteers, "attacked successfully, reaching Nazareth and Afula and thus dominating the road from Jenin to Haifa." Haifa is held by the Jews. Jenin is the top of the Arab triangle in north central Palestine.

Trans-Jordan's King Abdullah arranged to visit the Arab-held old city of Jerusalem today, coming in along the Jericho road under arches of palm leaves placed along the highway for his passage. Cheering crowds of Arabs gathered to hail him as the king of Jerusalem.

New Obstacle To Housing Measure

T-E-W Legislation In Hands Of Second Committee

Washington, June 11—(AP)—A surprise Democratic victory in one Republican-dominated House committee today put the fate of long range housing legislation squarely up to a second GOP-controlled group.

Eleven Democrats, voting solidly and with the help of three Republicans, took full charge of the 27-member House Banking Committee late yesterday. That body approved by a 14 to 13 vote, all the major provisions of the Senate-passed Taft-Elmer-Wagner housing bill.

The T-E-W measure aims at bringing about the construction of 15,000,000 homes in 10 years—including 50,000 government-financed, low-rent dwelling units to be operated by local public housing authorities. Sponsors say the main emphasis, however, is on private enterprise, with various government aids.

The housing issue now moves to the House Rules Committee, which must clear all controversial legislation before it can be brought to a vote on the floor.

Rep. Monroney (D-Okla.) said the bill might be "bottlenecked" there. Some Republicans indicated, however, it will get a green light.

Rules Committee Chairman Leo Allen (R-Ill.) made no prediction. He immediately requested a meeting of the House Republican Steering Committee, including Speaker Martin (R-Mass.).

Estimate Number Draft Prospects

Washington, June 11—(AP)—The Census Bureau estimated today there are 2,585,000 non-veterans aged 19 through 25. This is the group that will be tapped for military service under the Senate passed draft bill.

Whites outnumber others about 5 to 1. The bureau did not attempt to say how many of the 2,585,000 have dependents or take into account physical and other factors which might lead to deferments.

Republicans And ERP

GOP Has Control Of Both House and Senate, Foreign Aid Plan Approved By Them; Now Disagree Over Amount To Be Spent; Pressure Building Up In Senate

Washington, June 11—(AP)—It's an amazing sight . . . The heat wave among Republicans over what Republicans have done to the Marshall plan for helping Europe.

A couple of months ago both House and Senate okayed the plan. They voted for it after the most searching examination any program has received in recent years.

All last summer and fall—six months altogether—thousands of experts here and abroad had worked on the plan.

Then around Christmashime President Truman handed it to Congress. All the work done by the experts was then examined by the House committee on foreign affairs and the Senate foreign relations committee.

They went over the plan with a microscope. They called in top government officials and experts and questioned them.

Altogether, the two committees spent about six weeks each going over the plan, cutting where they could. Then they turned it over to both Houses for a vote.

The full membership of the two houses couldn't go into the plan in detail. They had to depend largely on the word of their committees that

Danish Ship Hits Mine; 150 Feared Lost In Sinking

About 250 Passengers And Crew Members Rescued; Vessel Sank Fast

Aalborg, Denmark, June 11—(AP)—A Danish passenger vessel carrying 400 persons struck a mine and sank in the Kattegat early today and at mid-morning 150 of the passengers and crew members still were unaccounted for.

The vessel was the 1,668 ton steamer Kjoebenhavn, owned by the United Steamship company (D. F. D. S.). A company official said most of the passengers not accounted for must be feared drowned.

He said about 250 passengers and crew members had been rescued by 10 a. m. (5 a. m. EST).

The first vessel to reach shore from the scene of the disaster was the Danish tanker Dangulf Lube, which carried 13 severely wounded. She touched at the small Hals harbor at 9 a. m. Ambulances were waiting and the survivors were hurried to the local hospital, where doctors had been standing by since early morning.

The Kjoebenhavn was traveling between Copenhagen and Aalborg when she hit the mine. Aalborg is northwest of Copenhagen across the Kattegat.

The company said the ship went down in 10 minutes, four miles south of the Aalborg by lightship in the northern part of the Kattegat. Early reports to the company, it said, indicated only two lifeboats were lowered before the vessel sank.

Many ships in the area hurried to the scene and one, the Frigga, also owned by the D. F. D. S. Company reported that she had picked up about 200 passengers from the sunken ship. Many of them, the Frigga reported, suffered severe wounds and others were suffering from exposure.

Hoffman Opposes ERP Fund Cuts

Says Europe's Industrial Rebuilding Would Be Hit

Washington, June 11—(AP)—The boss of the European recovery program said today House cuts in ERP funds would virtually "eliminate" plans to spur Europe's industry back on its feet.

"The heart of the cut must fall on the machinery and equipment necessary to restore or increase Europe's productive capacity," Economic Cooperation Administrator Paul G. Hoffman told the Senate Appropriations committee.

"The most productive and the most far-reaching part of the recovery program would for all practical purposes be eliminated."

Hoffman's first formal appeal for restoration of the full \$5,300,000,000 in recovery funds showed that machinery shipments would have to be reduced from \$1,100,000,000 to \$100,000,000 if the Senate upholds the House slash.

The House voted to spread the \$5,300,000,000 over 15 months instead of the 12 months authorized by Congress in setting up ERP. This would have the effect of cutting recovery spending from \$1,000,000,000 to \$2,000,000,000.

In advance of Hoffman's appearance, a Republican member predicted the committee would heed pleas of Senator Vandenberg (R-Mich.) and others and put back most of the cuts made by the House. Vandenberg, chairman of the Senate Foreign Relations committee, had been fighting the reduction since the House acted.

Judge May Yet Have To Settle Pension Dispute

Washington, June 11—(AP)—Justice T. Alan Goldsborough once again may have to use his legal gavel to crack open the months-old pension deadlock between John L. Lewis and the soft coal operators.

Contract negotiations between Lewis and the mine owners were getting nowhere fast, but a fourth session was scheduled today.

Goldsborough prodded the parties into meeting this week by ordering Lewis to include the Southern Coal Producers Association in the contract bargaining. He broke their deadlock on that point, but the pension dispute still stands in the way of agreement.

June 30 is the expiration date of the current contract. Both Lewis and the operators have offered plans for keeping the mines open after that without a new contract—but they can't agree on the arrangements.

Seek Test Vote On U.S. Atomic Control Program

Lake Success, N. Y., June 11—(AP)—The United States demanded today a test vote in the United Nations Security Council on the American atomic control plan.

Action was postponed until Wednesday because Andrei A. Gromyko, chief Russian delegate, said he was not ready to speak. The issue appeared likely to provoke another Russian veto, for Russia has made clear on many occasions she would not approve the U. S. plan.

U. S. deputy Philip C. Jessup made the surprise move and was supported by Britain and Canada. He apparently wanted to place on record a Security rejection of the atomic plan.

House Republicans Stamp 'Must' On Draft Measure

Washington, June 11—(AP)—House Republican leaders stamped an emphatic "must" today on enactment of a peacetime draft law next week.

Encouraged by the whopping 79-10 vote the Senate gave its Selective Service revival bill, House supporters were confident of sending a finished measure to President Truman before adjournment.

Speaker Martin (R-Mass.) told reporters the House bill will be called to the floor Tuesday or Wednesday. He predicted it will pass with only one day of debate. This would contrast with six days and three nights of Senate oratory.

House Rules Chairman Leo E. Allen (R-Ill.) said his committee will meet Monday to vote the House measure "up or down." The bill has been awaiting Rules Committee clearance since May 7.

With adjournment tentatively set for a week from Saturday, the bill cannot be debated in the House unless the Rules Committee approves it.

Hence shortly after the Senate voted in mid-afternoon yesterday, Martin called Allen to a conference. Allen said later Martin had asked him for Rules Committee "cooperation" in getting the House bill to the floor.

Allen then revised an earlier statement that his committee is divided three ways—four members for the bill, four against, and four undecided.

Allen placed his newest tally at six for and six against. He said he will not change his "no" vote to break the tie but two others on his side may.

There are no fundamental differences between the Senate and House bills, but some provisions will have to be compromised.

Both bills would expire in two years, and both would require two years of military service for enough men from through 25 to bring the armed forces up to full authorized strength.

Amendments voted during Senate debate cut the life of that bill from five years to two, tacked on a House-approved measure revamping the court martial systems of the Army and Air Force, and outlawed the poll tax as a requirement for voting by men inducted under the bill.

The Senate also voted to allow recruiting of 25,000 aliens in a "foreign legion" and to reward them with citizenship if their service is with citizenship. There is no similar provision in the House bill.

The Senate turned down a "pull the trigger" feature of the House measure which would require the President to start actual drafting—after a 90-day wait—by proclaiming that the armed services could not get enough men any other day.

Raise Hopes For More Livestock

Grain Prospects Good Says Government

Washington, June 11—(AP)—A government crop report raised hopes today for more meat, dairy and poultry products, and lower prices—in 1949.

The Agriculture Department said the corn crop—raw material for livestock food products—is off to a much better start than a year ago when it turned out to be a near-failure.

Furthermore, wheat prospects turned up enough during May, the department said, to indicate that this crop may be the country's second largest in history. What is used for livestock feed as well as for direct food.

Brightening future meat prospects still further was the prediction of a bumper oats crop and the largest barley crop since 1943.

If the present favorable grain crop outlook continues through to harvest time, the current grain shortage would be eliminated and farmers would be in a position to start expanding livestock numbers again.

Consumers would not feel the full effect before the latter part of next year, however. That is because it takes about a year to convert grains into pork and two to three years into beef. Farm officials say cheaper meat prices cannot be expected until production jumps.

Urges Senate To Help Organize World For Peace

Washington, June 11—(AP)—Senator Vandenberg (R-Mich.) urged the Senate today to help "organize the peace" so this country won't have to use force to help keep the world on an even keel.

Vandenberg asked quick approval of a resolution paving the way for American political and military support to European nations joining hands against possible Communist aggression.

He is chairman of the Senate Foreign Relations committee which drafted the resolution calling for strengthening of United Nations procedures. He said its adoption would show the Senate has not lost sight of the peace problem in voting to draft young men for military service.

"It is necessary to make it plain that we are not preoccupied with bombs and bayonets," Vandenberg said.

Huge Appropriation Bill For Flood Control Work

Washington, June 11—(AP)—A compromise appropriation bill carrying a record \$978,000,000 for hundreds of flood control and navigation projects was presented today for final Congressional action.

The waterways budget for the next 12 months, agreed upon last night by a Senate-House conference committee, is roughly \$158,000,000 greater than the amount granted for the program in the current fiscal year.

The final amount to be voted upon by the Senate and House within the next few days is \$34,000,000 more than originally approved by the

Portland Levee Bursts; 10,000 Acres Flooded

Airport And Other Valuable Property In Lowlands Covered By Water

Portland, Ore., June 11—(AP)—The raging Columbia river today ripped out a dike guarding Portland's \$6,500,000 airport. Floodwaters swept along a valuable 10-mile finger of lowlands eastward from the city's outskirts.

By noon (2:00 p. m., E.S.T.), U. S. Army engineers said, the 10,000-acre area will be flooded and water will be lapping at a secondary dike protecting the \$43,000,000 Reynolds Metals Company aluminum plant at Troutdale. Eight hundred men were battling to save this final barrier.

Inside the doomed area were the mile-square airport, four golf and country clubs, rich commercial farms and homes. They will be covered in spots by water 10 to 12 feet deep, the engineers said.

Three hours after the dawn break the water began to edge over the airport after filling a spiderweb of sloughs in the area.

Once these depressions were wiped out, there was nothing to curb the eastward sweep of water.

Evacuation of the narrow strip—three-fourths to two miles wide—was offered days ago. There was a possibility some residents might have returned despite the danger, but Multnomah county sheriff's officers said they had no reports of anyone being marooned. Coast Guard and Army craft were standing by.

Army engineers said a heavy thunderstorm which drenched the Portland area last night might have contributed to the dike break. The downpour, the engineers said, could have softened up the levee, saturated by three weeks of high water during the Pacific Northwest's most disastrous flood season.

Republicans Will Point To Congressional Work

Taft's Reply

Philadelphia, June 11—(AP)—Senator Robert A. Taft declared today that President Truman's criticism of Congress "is an attack on the principle of representative government itself."

The Ohio Republican said "our gallivanting President" on his current western speaking tour is making "an effort not only to condemn this Congress, but to discredit the institution of Congress."

Suspect Motives Of Mine Owners

Southern Operator Says Stalemate Is Due To Spokesman

Washington, June 11—(AP)—A southern coal operator said today he suspects some coal operators are "angling for a lock-out" in contract talks with John L. Lewis in order to raise coal prices again.

H. K. Cook of Knoxville, Tenn., offered the opinion that "the stalemate (in negotiations) is presently caused by the attitude that Mr. Charles O'Neill, spokesman for the National Coal Operators' group, is taking on the freezing of the 1947 welfare fund account."

Lewis and his United Mine Workers have been deadlocked with suit coal operators over pension fund payments in their efforts to agree on a new contract. The present contract expires June 30.

Cook also took strong exception to a statement yesterday by Rep. Hartley (R-N.J.), House Labor Committee chairman and co-author of the Taft-Hartley act.

Hartley said it is "obvious" that Lewis does not want to make a contract and that the UMW chief is preparing for a strike.

"I do not think that Mr. Hartley has the slightest justification for issuing such a statement. Obviously he is getting his information from biased sources," Cook said in a statement.

Railroad Union Leaders Return To Capitol Hill

Washington, June 11—(AP)—Leaders of three railroad unions—now barred by court injunction from ordering a nationwide strike—marched back to Capitol Hill today seeking help on their labor dispute.

Federal Judge T. Alan Goldsborough yesterday granted the government's motion to change the temporary restraining order issued May 10 against a strike into a longer-lasting injunction.

But Goldsborough said he will hold a further hearing, perhaps next week, to consider again union arguments that he should dismiss the strike ban entirely.

The unions—Engineers, Firemen and Switchmen—contend they are being forced to work on the government-seized railroads against their will.

Westinghouse Offers Terms To Electrical Union

Pittsburgh, June 11—(AP)—The Westinghouse Electric Corporation today announced it had offered three unions a six per cent wage and salary increase, plus an additional paid holiday for hourly paid employees.

A company statement said the offer was the equivalent of a 8.4 cent hourly increase.

The announcement came shortly after Westinghouse and the CIO-United Electrical Workers union resumed negotiations here on a new contract, about 80,000 employees in almost a score of states are affected.

There was no immediate word on the union's reaction to the offer.

Portland Levee Bursts; 10,000 Acres Flooded

Airport And Other Valuable Property In Lowlands Covered By Water

Portland, Ore., June 11—(AP)—The raging Columbia river today ripped out a dike guarding Portland's \$6,500,000 airport. Floodwaters swept along a valuable 10-mile finger of lowlands eastward from the city's outskirts.

By noon (2:00 p. m., E.S.T.), U. S. Army engineers said, the 10,000-acre area will be flooded and water will be lapping at a secondary dike protecting the \$43,000,000 Reynolds Metals Company aluminum plant at Troutdale. Eight hundred men were battling to save this final barrier.

Inside the doomed area were the mile-square airport, four golf and country clubs, rich commercial farms and homes. They will be covered in spots by water 10 to 12 feet deep, the engineers said.

Three hours after the dawn break the water began to edge over the airport after filling a spiderweb of sloughs in the area.

Once these depressions were wiped out, there was nothing to curb the eastward sweep of water.

Evacuation of the narrow strip—three-fourths to two miles wide—was offered days ago. There was a possibility some residents might have returned despite the danger, but Multnomah county sheriff's officers said they had no reports of anyone being marooned. Coast Guard and Army craft were standing by.

Army engineers said a heavy thunderstorm which drenched the Portland area last night might have contributed to the dike break. The downpour, the engineers said, could have softened up the levee, saturated by three weeks of high water during the Pacific Northwest's most disastrous flood season.

Still Is Looking For A Husband

Daytona Beach, Fla., June 11—(AP)—The New York hatcheck girl who wants a husband—if he'll give her \$10,000—is still looking.

Mrs. Dorothy Lawlor says she's going home to New York Monday and that she will not marry Danny Wicker, bar proprietor who invited here.

Yesterday she said Wicker had not produced evidence of possessing the \$10,000. Danny said he and Mrs. Lawlor were not cut out for each other and went to the airport to buy her return ticket.

Third Party Status Will Be Determined

Raleigh, June 11—(AP)—A hearing was tentatively scheduled for late today on whether the Progressive Party has any standing as a political organization in North Carolina.

The hearing is expected to be held before Judge William C. Harris in Wake Superior Court.

Foreign Aid Debate

Arguments for Full Appropriation Originally Authorized for Marshall Plan; Matter of 'National Honor'; Investment May Be Returned By Strong Europe

Harold Stassen appeared before Congress yesterday and argued against the proposal to reduce the billions originally authorized for the Marshall plan. He said he has become a matter of "the national honor of the United States."

The argument is a cogent one. No American would knowingly compromise the National Honor of his country.

But while Stassen was speaking, there probably were people in the committee room for whom his words evoked the memory of Palstaff's notable soliloquy on honor. "What is honor? can it mend a broken leg?" That is a large part of the problem.

The Congressmen who propose to chop more than a billion dollars off the fund originally earmarked for European recovery believe that, economically, the United States may break its leg—or even its back—in attempting to carry the load.

Moreover, House appropriations committee chairman John Taber said in an interview the other night that it isn't necessary to spend so much in Europe.

He cited figures to show that an abundant wheat crop, bigger than in years, will be harvested in France and Italy. His statistics on the pe-

lato yield in Germany were almost startling.

He said he wanted to see "business like methods" employed in formulating the final figure for European recovery funds, and that there has been a great deal of vagueness in the planning, so far.

Certainly it is difficult, in an operation so big and so complex, to know whether you will need five billion, six billion or 18 billion to go ahead successfully. Once arrived on this level, figures work wonders as proofs for both the pro and the con.

But there may be other considerations.</

Findings Committee Meeting
There will be an open meeting of the Findings Committee of Pitt County on Monday evening at eight o'clock in the Sheppard Memorial Library in Greenville. This Committee represents the "dry element" and has been laying the foundation for the organization of a unit of the Allied Church League in the county. Those interested in the dry cause are urged to attend this meeting to further study the question and plan future action. Ministers are invited to represent their churches and laymen to represent their communities.

SOCIAL CALENDAR

SATURDAY

3:30 p.m.—The Smart-Forrest wedding will be solemnized at the Eighth Street Christian Church.
5:00 p.m.—The Kittrell-Nisbet wedding will be solemnized at the First Presbyterian Church.
8:30 p.m.—Rehearsal for the Getsinger-Ellis wedding in Jarvis Memorial Methodist Church.
9:30 p.m.—Miss Dorothy Nell Henderson will entertain the Getsinger-Ellis wedding party at a cake cutting at her home on East Ninth Street.

SUNDAY

4:00 p.m.—The wedding of Miss Sarah Jean Ellis and Mr. John Conrad Getsinger will take place in Jarvis Memorial Methodist Church.

Hollar-Clark Wedding in Everetts Church

Miss Emma Grace Clark, daughter of Mr. and Mrs. Lee Andrew Clark of Everetts, and Robert Paul Hollar, son of Mr. and Mrs. E. Cleveland Hollar of Greenville, were united in marriage June 5 at 8:00 o'clock in the Everetts Christian church. Rev. James M. Perry of Robersonville officiated at the double-ring ceremony.

A program of wedding music was presented by Mrs. Vernon Bunting, cousin of the bride, and L. Bruce Wynne, soloist, both of Williamston.

The bride, given in marriage by her father, wore a gown of bridal satin with silk marquisette yoke outlined with appliqued satin flowers. The fitted bodice was buttoned to the waist in the back with tiny satin-covered buttons. The full-gathered skirt ended with a long train and the sleeves extended into points at the wrists. The finger-tip veil of illusion was caught to a satin-covered scroll. She carried a white purple-throated orchid and showered with lily-of-the-valley. Her only jewelry was a strand of pearls, a gift of the bridegroom.

Mrs. Walter E. Everett of Robersonville, sister of the bride, was matron of honor and Miss Dorothy Hollar of Greenville, sister of the bridegroom, was maid of honor. They wore identical dresses of blue marquisette fashioned with off-shoulder ruffles and full skirts covered with ruffles of self-material. They carried colonial bouquets of yellow gladiolus with matching ribbons. The

addresses were bandeaus of ruffled blue maline centered with tiny yellow flowers.

Miss Ellen Joyce Clark of Everetts, sister of the bride, Miss Ruth Davis of Pikeville, Miss Sybil Beaman of New Bern and Mrs. W. T. Shelton of Bethel were honorary bridesmaids. They wore dresses of pastel shades and wrist bouquets of mixed flowers.

Mr. Hollar was attended by his father as best man. Ushers were Lee Andrew Clark, Jr., of Everetts, brother of the bride, and Walter E. Everett of Robersonville, brother-in-law of the bride.

Miss Polly Bailey of Everetts was mistress of ceremonies.

The bride's mother wore a dinner dress of grey crepe and lace and an orchid corsage. The mother of the bridegroom wore a dinner dress of rose crepe and lace and a purple orchid corsage.

After the ceremony a reception was held at the home of the bride's parents. Guests were greeted by Mr. and Mrs. J. W. Peel and introduced to the receiving line composed of the bride and bridegroom, their parents, and the maid and matron of honor.

Miss Sybil Beaman invited the guests into the dining room where lime ice punch, bridal cakes, and minis were served by Miss Ellen Clark. Miss Ruth Davis, Miss Wren Bailey and Mrs. W. T. Shelton. Mrs. Vernon Bunting presided at the punch bowl and Mrs. James Robert Wynne served the cakes. The table was covered with a madderina linch cloth. An arrangement of white flowers consisting of madonna lilies, fever few and white snapdragons formed the centerpiece which was flanked by burning candles.

Mrs. James A. Wynne directed the guests to the gift room and Miss Polly Bailey presided at the bride's register. Good-byes were said to Mr. and Mrs. C. B. Clark.

Mrs. Hollar was graduated from East Carolina Teachers College at Greenville, N.C. She has taught in the Roanoke Rapids City schools for the past four years.

Mr. Hollar is a graduate of East Carolina Teachers College at Greenville and has done graduate work at Peabody College for Teachers in Nashville, Tennessee. He served four years as a lieutenant in the army and for the past two years has been a member of the Roanoke Rapids High school faculty.

Mr. and Mrs. Hollar left immediately after the reception for a wedding trip to western North Carolina and Tennessee. For traveling the bride wore a green and white printed silk suit with white accessories, and the orchid from her prayer book.

After June 14 the couple will reside in Nashville, Tennessee, where both will attend Peabody College for Teachers.

Following the rehearsal of the wedding Friday night a cake-cutting was given by Mr. and Mrs. Walter E. Everett at their home in Robersonville.

Among the social affairs for the bride during the past few weeks were a tea given on May 1 at Mrs. B. J. Dunning's home in Roanoke Rapids by Mrs. Dunning and Misses Thelma Garris, Elizabeth Lang, Hennie Price and Irene Jordan; a dinner given on May 6 at the Dixie Grill in Roanoke Rapids by Misses Ruth Davis, Marjorie Fleetwood and Mary Guy Boyd; a tea given by Mrs. Herbert Beaman and Miss Sybil Beaman at New Bern on May 15; a bridge party given by Mrs. Vernon Bunting and Mrs. A. P. Barnhill at Mrs. Bunting's home in Williamston on May 22; a bridge party given by Mrs. C. B. Clark and Mrs. Exum Ward on May 29 at Mrs. Clark's home in Williamston; a bridge party given on June 3 by Miss Polly Bailey at her home in Everetts; and a luncheon given by Mrs. W. T. Shelton and Mrs. R. N. Simmons at the Olde Towne Inn in Greenville on June 5.

KIWANIS MEETS TONIGHT

Van C. Fleming will have charge of the program at the Kiwanis Club's weekly supper meeting this evening at 6:30. President Nathan C. Brooks will preside.

Coleman Circle To Meet

The Coleman Circle of Memorial

Baptist Church will meet in the ladies' parlor at the church Monday night at 8 o'clock.

The average person constantly gives off as much heat as a 100 watt electric bulb. This is enough to evaporate one-third of a pint of water an hour.

Announce Engagement
Mr. and Mrs. William Rufus Skinner announce the engagement of their daughter, Geraldine, to Kenneth Eugene Strayhorn, son of Mr. and Mrs. Eugene Winston Strayhorn, of Chapel Hill, N.C. The wedding will take place August 21.

The W.M.S. of Memorial Baptist Church will meet at the church Monday afternoon at 3:30.

Here's a Can of Assurance for a "BANG UP" PAINT JOB

Do you know the necessity of having a good priming coat for any exterior paint job? You should—because unsuccessful results may come from neglecting to use a specially-made priming coat such as MOORWHITE PRIMER.

This first coat possesses high hiding qualities. It provides a non-absorbent priming coat that prevents oil absorption from the finishing coat on both new and old wood and cement surfaces.

Come to our store and let us tell you more about this fine product and its effectiveness when used with Moore's House Paint.

Christian Church Announcements
At the Sunday school hour Sunday morning the various departments which have been conducting a daily vacation Bible school during the past week will present a program as a climax to the school and also

in observance of Children's Day. The theme of both is: "We've a Story to Tell to the Nations." Mrs. J. R. Tripp has been in charge of the junior department, Mrs. J. R. Carrington, the primary, and Mrs. W. L. Allen, the kindergarten. The

following helpers and teachers have assisted these superintendents: Miss Patricia Lyon, Jean Garris, Louise Briley, Betty Sue Harris, Louise Batson, Peggy Bowen, Peggy Barrow, Mary Ann Keel, Peggy Nichols, and

Mollie Hester. At the morning worship hour the pastor will speak on the theme, "God's Time Is Now" and use choir under the direction of Mrs. R. R. Willmann will sing the anthem "Lead Me Lord" by Sebastian Wesley.

The regular Christian Youth Fellowship group will meet at 6:30 Sunday evening and the various young people will be telling about the enthusiastic young people's conference held this past week in Wilson. Two of the young people of this group have dedicated themselves to full time Christian service, Louise Batson and Arturo Cuauhtemoc Andrade.

VISITING DR. QUIGGINS
Dr. Kenneth L. Quiggins has at his guests at his apartment at Mt and Mrs. J. L. Barker's home, on East Third street, his mother, Mrs. William Quiggins of Princeton, Indiana. Dr. Quiggins' nephew, Richard Applas, 12 year old, of Detroit,

Joint Meeting at Immanuel Church
There will be a combined meeting of the Woman's Missionary Society and the circles of Immanuel Baptist Church Monday afternoon at 3:30 at the church. The Claude Wilson Circle will have charge of the program and will also be hostess for the afternoon.

Jefferson Standard Honors N.C. Brooks

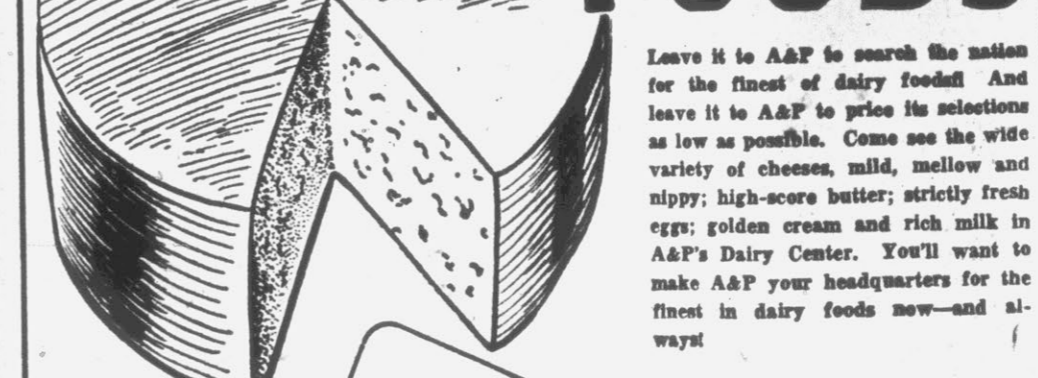

Nathan C. Brooks, agent here for the Jefferson Standard Life Insurance Company of Greensboro, who recently won a prize trip from the company for being the 40th agent among all of the company's representatives in sales of new insurance during the month of May, 1948, left today for points north. Mrs. Brooks accompanied him. They will spend two days in Alexandria, Va., with Mr. Brooks' brother. They will go to Atlantic City, N. J., to attend the Jefferson Standard's convention of agents which opens Sunday. The convention ends on June 16. Then Mr. and Mrs. Brooks will make a tour of the New England states and parts of Canada as guests of the company. They expect to return to Greenville about July 1.

Foreign Aid . . .

(Continued From Page One)
railroads never was returned. But, indirectly, they recovered the original cost, and more, through those other operations. Using those same principles as methods, it may be that the United States, in the years to come, will recover all the Marshall plan money, and more, from a healthy Europe. As I noted above, you can't prove it. Given the statistics, you can both prove and disprove it. Still another consideration—and this relates to Stassen's argument about "National honor"—is the necessity for the United States to win and hold the confidence of the European nations which are in the forefront of this battle.

This is the year 5708 on the Jewish calendar.

A Fable

ONCE UPON A TIME, ALL THE ANIMALS WERE RULED BY A CRUEL LION. THEY LIVED IN POVERTY AND IN VIRTUAL SLAVERY—

WHEN THEY DETHRONED KING LION AND FORMED A DEMOCRACY—

UNDER THE DEMOCRACY ALL WERE MUCH BETTER OFF! OF COURSE, "EQUAL OPPORTUNITY" DID NOT MEAN EQUAL WEALTH. THE BEAVER GOT MORE BECAUSE HE WORKED HARDER—AND HOGS WERE STILL HOGS—AND FOXES WERE FOX—

BUT EVEN THE SHEEP COULD VOTE—SO GRADUALLY RULES WERE IMPROVED TO CURB THE STRONG AND PROTECT THE WEAK—

WHEN THE BEAR URGED A SHORT CUT TO EQUALITY—

EVERYTHING SHOULD BELONG TO ALL THE ANIMALS—EVERYBODY SHOULD BE EQUAL—JOIN MY ISM!

SO THE ANIMALS GAVE UP THEIR DEMOCRACY—ALL PERSONAL PROPERTY WAS TAKEN OVER BY THE GOVERNMENT IN THE NAME OF "ALL THE ANIMALS"—

BUT SOMEBODY HAD TO HEAD THE OPERATION, TO ENFORCE THE RULES—

THE BEAR TOOK OVER THIS JOB!

SO ALL THE ANIMALS BECAME EQUAL—JUST LIKE THEY HAD BEEN UNDER THE KING!

RIGHT BACK WHERE WE STARTED FROM

Strength FOR THE DAY

MIRRORS

Have you ever been to a scientific museum and seen a reverse-image mirror? In a reverse-image mirror, you see not a true image of yourself, but a true image, exactly as other people see you. It is a distinct shock to see this image, so different from a mirror image and from the way you're sure you appear. You suddenly see someone quite unlike the person you have always thought you were. Yet it is this reverse image which is the true picture of you.

Just as we look in the mirror every day and think we know our image by heart, so we look at our daily lives. We're sure we know exactly what we are like. We see, in the mirror image, good intentions and strivings toward a better life. We see the number of times our hearts felt pity—did we express it? Our image shows all those good deeds we intended but never did. We see ourselves as we think we are.

But what would a reverse-image mirror of our lives show? For many of us, the true picture of us as others see us would be unpleasant. People judge us as they see us, not by what we intended to do, but by what we have done already. A reverse-image mirror that showed our lives would stimulate us all to do better.

Kyzer Addresses Junior Chamber

By CHESTER WALSH

The Greenville Junior Chamber of Commerce, at its bi-monthly supper meeting at the Olde Towne Inn last night, heard an interesting talk by Willard T. Kyzer, executive secretary of the Chamber of Commerce, in which the "best informed man in Greenville" outlined the objectives of the senior trade body and commended the Jaycees for their spirited activities for the progress of the community. President B. B. Sugg, Jr., presented the speaker. Kyzer is an honorary member of the Junior Chamber.

President Sugg reported that the recent campaign to boost interest in the Greenville baseball club and sell stock to individuals, rather than have a small group as owners of the club. He said about \$3,500 of shares of baseball stock were sold, and orders are still coming in. He thanked Nelson Brogren, "the voice of the community" and his public address system on his car for leading the parade.

Earl O. Brown, ("E. O.", as he is intimately known) manager of the new Colonial Store on Dickinson Avenue, a former officer of the Clinton Junior Chamber of Commerce, was given a warm reception.

"There's a lot of good material for community service in this Junior Chamber of Commerce, and the people appreciate what you are doing," Secretary Kyzer said in concluding his interesting talk.

Around Capitol Square

SPEECHES — The striking contrast in the first "big speeches" for each side in the gubernatorial runoff has been noted by many Capitol square observers. Opening for Charles Johnson, Senator Rivers Johnson (of the two men are kindfolks, it's too far off to count) launched a vigorous, almost vitriolic, attack upon Kerr Scott. Speaking for himself on Wednesday night, Scott did not mention his opponent but cited reasons why he thought the people should elect him (Scott) as their chief executive. This was almost complete reversal of first primary tactics and has set many people wondering about course of the race from here on out.

LETTERS — Meantime, the candidate headquarters are not sending out many letters. Most of the correspondence is personal and pointed, rather than indiscriminate use of form letters sent to mass mailing lists. Plans of both groups include intensive use of the radio with some newspaper advertising, but with major emphasis placed upon county and precinct organizations.

DEWEY — Third of the avowed supporters of Republican nomination as president to visit North Carolina this summer, but first to include the capital city, was Governor Thomas E. Dewey of New York. Republican leaders gave a breakfast in his honor, and among the guests were many outstanding Democrats. But it was remarked upon by some visiting newspaper men that no state official was present, either in the welcoming party at the train or at the breakfast. Suggestion was made that though all the state officials are Democrats, and Dewey is a Republican candidate, he is still governor of New York, and official gesture would not have been out of place.

"LITTLE TOM" — Some of the Dewey supporters were not pleased at the morning paper reference to him as "Little Tom." They insist that he may be small in physical stature, but that he is really a big man.

CONTRAST — The Dewey visit gave Tar Heels an opportunity to contrasting physical characteristics of the leading presidential aspirants. Harold Stassen is of big frame, ruddy complexion, and despite his bulk dresses almost nattily. Senator Robert Taft is of medium size, unprepossessing manner, and affects garb approaching the slovenly. Dewey is small, with closely clipped black moustache, and fits the description given him some years ago by Alice Longworth: "He looks like the little groom on a wedding cake." Taft by far is the most democratic among a crowd. He speaks to everybody within reach. Stassen and Dewey are more reserved, with Stassen's bulk adding to his dignity.

CHARACTER — A group of Republicans around hotel rooms were discussing these characteristics and agreed that all three candidates get along better when they stay in character. When Stassen or Dewey attempt too much of the free and easy method, it looks affected; and when Taft tries to be reserved he makes flop of it. That's the way a dozen Republicans sized up their

ENJOYS LIFE MORE NOW IN EVERY WAY; FARMER GRATEFUL FOR RETONGA

"I Didn't Feel Like Doing A Day's Work," Says Mr. V. R. Cox. Suffered From Acid Indigestion; Felt Weakened and Run-Down. Retonga Brought Relief.

When a man gets as much pleasure out of life as Mr. V. R. Cox, RFD 7, Greensboro, N.C., he doesn't want sour stomach, restlessness, and other distresses to upset things. Mr. Cox does light truck farming and also trades in livestock. He gratefully states:

"I was afraid to eat any more than I just had to, because after meals excess gas in my stomach made me feel bloated and miserable and at times particles of undigested food would come back up in my throat. I felt so run-down I didn't feel like doing a day's work, and I slept so poorly I'd get up feeling like I hadn't been to bed. I had to use strong purgatives to relieve my sluggish bowels, and every muscle in my body seemed to ache.

"The relief Retonga brought me was wonderful and nothing less. I can now enjoy a square meal such as my wife really knows how to prepare. I sleep soundly, get up rested and ready for a full day's work. My constipation and those muscular aches and pains have been relieved. I am grateful for the splendid relief Retonga gave me, making it possible to carry on my work and to enjoy life in every way."

The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. If the first bottle fails to give you gratifying relief, your money will be refunded. You can get Retonga at Bissette's Drug Store.—Adv.

(Bob) James Sr., and Pauline Whitehurst of Bethel; Ted Steig and Elizabeth Tripp of Greenville; James D. Gilson of Stokes and Sally Carawan of Robersonville; Elmer R. Garris and Frances Harris of near Greenville; Earl Cates and Annie E. Williams of near Greenville; James I. Nichols and Virginia Eastwood of Greenville; B. G. Jackson, Jr., and Pauline Burroughs of near Ayden; John G. Gettsinger and Sarah J. Ellis of Greenville; James B. Allen and Martha E. Baker of Farmville; J. Rex Smith of near Winterville and Mary L. Pilyaw of Roseboro; Durwood Russell of Fountain and Belle McNeill Hathaway of Greenville.

Negro—Haywood Moore and Emma Ebron of Washington; William H. Cotton and Florence Atkinson of Bethel; James McCray and Adele Person of Bethel; Leslie Newby and Helen Ford of Greenville.

Observes 101st Birthday Twice

Wakefield, England—(AP)—Mrs. Ellen Walker has just celebrated her 101st birthday for the second time. She celebrated it last year then checked up and found she was a year younger than she thought.

Mrs. Walker, who keeps house for her 73-year-old bachelor son George, calls him from the fields for lunch by blowing a miniature bugle. "Once I could blow a full-sized army bugle," she says, "but these days haven't enough puff."

Colored News

The Pastor-Aid Club of Sycamore Hill Baptist Church will meet at the home of Mr. Alexander, 128 N. Greens St., Monday night, June 14.

We the members of Selvia Chapel P.W.B. Church wish to thank the city and congregation for rendering such religious service in the revival during the past week and closing one of the best quarterly meetings in many years.

Mrs. Emma J. Thomas from Norfolk and daughter from Philadelphia have returned home after spending the week with her sister, Mrs. Carrie Hines, and attending quarterly meeting.

You are invited to worship with us Sunday, June 13, at Rock Spring Church. This church is located on the Falkland highway about five miles from Greenville.

9:30—Sunday school; Mr. William Tatum, superintendent.

11:00—Sermon by the pastor; subject, "How to Make a Success of Christian Life."

3:00 p.m.—Sermon by the Rev. E. M. Hill, pastor of Mount Calvary Free Will Baptist Church, accompanied by his choir and congrega-

tion. Rev. S. Hemby, pastor Mrs. Mary Jenkins, secty

ings of its own on the Marshall plan.

This was after all the work already done on it and after both Houses had voted for the plan.

Even though the Republican-controlled House had authorized spending \$5,300,000,000 on the plan the first year, Taber's committee decided to cut it down by over a billion dollars.

Did the committee decide to cut so much off this item, so much off that, going down the line in detail? No. It was to be a general cut.

And the House, again unable to get into all details, took Taber's say-so and voted to cut the Marshall plan by over one billion dollars.

This was the same House which, a couple of months ago, took the word of its foreign affairs committee and authorized \$5,300,000,000.

But this cut won't be final unless the Republican-controlled Senate also agrees to lop the billion or so dollars off the plan.

Right away Secretary of State Marshall said the cut would change the plan from one that would help Europe get on its feet to a mere relief plan.

Staunch Republican supporters, like the New York Herald Tribune, denounced the action by the House and urged that the cut be put back.

And four of the top possibilities for Republican nomination for President urged the same thing.

They were governor Dewey of New York, governor Earl Warren of California, Senator Arthur Vandenberg of Michigan, and Harold Stassen of Minnesota.

So here were some of the biggest

guns in the Republican party denouncing what Taber and the House had done. Taber said he won't budge.

But all this pressure probably will persuade the Senate to restore the cut, or most of it, with the House agreeing.

**PROTECT
YOUR
PONTIAC**

WITH PONTIAC SERVICE

**Care that
matches the
car!**

Most Pontiac owners will use nothing but authorized Pontiac Service—because Pontiac Service is so precisely matched to the fine car they are driving.

Our men who work on your car are skilled mechanics trained by factory experts. To them every part is a familiar part; every move a familiar move. The equipment they use is all selected especially to service Pontiacs. This assures low cost, accurate work and peak performance.

And if new parts are required, a large supply of factory-engineered parts is available. Each part fits exactly—just as if it were being used back at the factory.

It's our policy to do only the work you need and order—to do it right and as fast as possible. That saves you time and money and assures you complete satisfaction. Let us serve you regularly.

PROTECT YOUR CAR'S ULTIMATE RESALE VALUE!

It's a well-known fact that used Pontiacs are just as popular as new Pontiacs. They're in great demand everywhere—especially when they're kept in good condition. Be sure that your car stays attractive in every respect by having it serviced regularly. Protective service always pays off.

THEIR OUGHTA BE A LAW

Find My Killer

By MANLY WELLMAN

AP Newsfeatures

Chapter 3

I slid past him and into the house, very official.

"More investigation?" he asked, following me.

"Just routine," I soothed him. "I want to see the place where Mr. Ealing died. Just tell me where it is, and keep watch by this door, Mr.—"

"Kuhl. James Kuhl. I'm a lawyer. Diane—Mrs. Ealing asked me to come and help out. Mr. Ealing was found dead in his gun room, to the left there."

"Who's here besides yourself and Mrs. Ealing?"

"Two servants in the kitchen." "Thanks," I said, and walked back through the house. In the kitchen I found a pudgy man and a pudgy woman, both past middle age. "Police checkup," I told them, and they said they were the yard man and housekeeper, Mr. and Mrs. William Pettigrew. The man had a mitten of bandage on his right hand and I wondered about it but took no time to ask. I wanted to get to the gun room and stepped back into the hall. I found the door, a heavy one that opened inward. Its lock was smashed loose. Somebody had kicked the door open.

I went in. There was dark brown carpeting on the floor and in the center showed a big smear of dried blood. The place was full of guns—modern ones racked like organ pipes

at each other.

"Jim" said Diane Ealing, turning to Kuhl. She was white, and looked sick enough to drop. "Get him out of here."

I went. At the front door he tapped my shoulder with the nose of the derringer.

"Turn around."

I turned. He switched the gun to his left hand, and belted me with his right.

I couldn't quite slip inside the punch. His knuckles, shooting for my jaw, caught me on the left eye.

"That's a souvenir. Now march. Don't come back."

I couldn't argue against the derringer.

J. D. sat in the car. When she saw me, her two-tone eyes lighted up and she smiled happily.

"Who hit you?" she squealed.

I touched my swelling eye. "That man Kuhl."

"Get in," she said, "and tell me if you got anything in there besides the black eye."

While we whizzed back downtown, I told her about the derringer. "Ealing was drilled with a big bullet that didn't go clear through him," I reminded her.

"Police will be holding the death gun," said J. D.

"Then the one I saw will be the mate to it. Those old derringers were sold in pairs. How time flies in your chariot. Here we are in front of our office building."

Up at the office we went on talking. "Now, about Attorney Jim Kuhl," she took up the story. "He

Probe Cause Of Train Accident

Laurel, Md., June 11 — (AP) — Railroad inspectors are trying to find out today why four cars of the Baltimore and Ohio's Diplomat left the rails on a curve here, killing one person and injuring at least 46 others.

They combed the debris along the main line right-of-way beside the Laurel race track and interviewed witnesses. The B and O announced a track crew had been working on the rails in the area.

Eastbound traffic on the line was tied up for more than seven hours after the wreck yesterday.

The locomotive and four cars of the Diplomat — enroute from St. Louis to New York—stayed on the track.

Westbound Local 509 was passing on an adjoining track as the express got into difficulty. Its Diesel engine caught fire after it hit one of the twisted rails. The 509 was enroute to Washington.

John Davenport, 51, of Asbury N. J., a dining car employe aboard the Diplomat, was crushed to death when he jumped out a window and was trapped under the side of the car.

Most of those hurt were in the diner and a coach next to it. The cars bumped along the ties about 100 yards then bounced on their sides.

seems mighty solid with the lovely widow."

"Did Mrs. Unhappy Ealing kill her husband and make it look like suicide? That's another angle."

"And the servants," reminded J. D.

"Still another angle. Then there's Dr. Stokes, the man I met at the morgue."

"The papers say he was present when the body was found," J. D. thought for a moment. "Jack, how much money have you?"

"I must have stashed. Maybe fifty dollars. Why?"

"Because when I gave you a job, I hadn't any money for you. It had better be just a partnership."

"I grinned, to cheer her up. "Full partner?"

"She smiled back. "Junior partner. It's my town. I have the connections. And the case was mine to start with."

"It's a deal. Let's have dinner at a good restaurant to celebrate the new firm."

"She shook her head. "No, let's save money. Buy a steak and bring it to my apartment. I'll cook it for us."

"I did, and she did. And could J. D. Thatcher cook!"

(To be continued)

Scott Acquires Albright Backer

Raleigh, June 11—(AP)—Winston Broadfoot of Wilmington, an original supporter of Mayne Albright's candidacy for governor, was appointed co-chairman of the New Hanover County Scott for Governor Committee yesterday. The announcement came from headquarters here for W. Kerr Scott.

The MARATHON by GOODYEAR

ONLY \$12.40 plus tax 6.00x16

Marathon — the famous money saving tire is back in the Goodyear line — and a better "buy" than ever! Back with the economy, long mileage and safety — the extra value for your dollars that made Marathon the favorite of millions of motorists before the war . . . back with more and stronger cords in the rugged tire body for even greater protection against tire failure. Look at these features . . .

LONG WEAR — New specially treated cords and newly compounded rubber make Marathon the tire that "runs and runs and runs".

NON-SKID SAFETY — Those famous Goodyear diamond blocks really grip the road. You get safer, quicker stops — especially on wet, skiddy roads.

"COMPACTING TREAD" — Inflation forces the sidewalls out, compacts the tread. This reduces tread wear, punctures, bruises and breaks.

For a really sensational "buy" in tires, see us for Marshalls today! And remember "new tubes save tires".

Greenies Trounce Tobs Easily By 4-2 Margin

Locals Take Early Lead, Scoring Winning Run In Third; Errors Plague Wilson Club; Yohn Earns Fourth Win Of Season

By BERT MOYE
The Greenville Greenies defeated the Wilson Tobs, 4-2, in Wilson last night as Junior Yohn scattered 10 hits very effectively among the Tobs. The win for Yohn was his fourth of the season and his second over the Tobs. He has suffered three defeats.
The Greenies scored their runs in four frames with singleton in the first, second, fourth and eighth frames. In the first frame Bob Cohen singled, stole second and came home when Nash hit to third.

Hogan, Worsham Tie First Round

Los Angeles, June 11 — (AP) — Tournament favorite Ben Hogan and defending titleholder Lew Worsham were equal pace setters today as the field teed off in the second round of the U. S. Open Golf championship.
Their opening day 67s chopped four shots off par for the long and exacting Riviera course, but the sterling links performances told only half the story. The other half was the exclusive property of Worsham, the Oakland, Pa. pro with the jutting chin and a determination that crossed up the experts for the time being.
Worsham won the crown a year ago at St. Louis and won it the hard way. He beat out Sam Snead in the playoff after the two had tied with a near record 72-hole total of 282.
In spite of that fine showing, Worsham's stock had fallen when the first-round firing began here yesterday. He was conceded only the barest chance to repeat. The prediction may be borne out when the final round is posted some Saturday. But as the pack of star pros and amateurs started the fairway tees this morning, all eyes were on Worsham tied with Hogan for the lead.

Yohn singled to bring home Nessing. What proved to be the winning run for the Greenies came in the third frame when Sposa singled into right field and Johnny Wolfe allowed the ball to go through his legs for a two-base error. Carter hit to Al Rehm at shortstop and Rehm threw wild to the plate with Sposa scoring. The Greenies scored their final run in the eighth frame when Wiley Nash's timely single drove in Phillips ahead of him.

The Tobs were held scoreless with the exception of the second and the ninth inning when they puffed across singletons.
Junior Yohn in registering his second win over the Tobs, struck out a total of four men and walked two. Al Rehm with two singles, was the only Tob to get more than one hit off the offerings of Yohn.

Charlie Nordmeyer, who went the route for the Tobs held the Greenies to seven hits, but the four errors made by the Tobs helped out the Greenies in their scoring. He struck out two men and walked three.
Wiley Nash and Joe Nessing with two for four trips to the plate, led the seven-hit attack off Nordmeyer.

Bob Feller, chief of the Cleveland Indians' hurling brigade, took one of his infrequent road outings at Washington's Griffith Stadium last week. It was all because of an undershirt, too.
It was the ninth inning of the Cleveland-Washington fray, and with the score deadlocked at 0-0, a brief flurry of wildness found two Nats getting walking papers. The home crowd was on edge, for it would take only a single to push the winning run across.

Then Feller strode from the mound. He conferred with Umpire Jim Boyer and asked for permission to change his undershirt, which was sopping wet from nine hard innings. Boyer agreed, and Feller entered the clubhouse.
When he returned, some five minutes later, the fans let out a mighty raspberry. When he began to warm up all over, they increased their howl. When Bob finally faced the batter, he retired him without any trouble, and went on to pitch scoreless innings. But every time he made a move, the crowd was on his back.

Training School Athletics lost their third game of the season yesterday at Third Street going down before the pitching of Roebuck of the Dodgers. The A's made a battle of it, and had it not been for some sloppy base running might have overcome the Dodgers.
Bowen, with two singles and Roebuck with a triple were the batting leaders for the Dodgers. Evans got two singles for the losers.

The Red Sox continued their winning streak at the expense of the Lions yesterday at W. Greenville. The Sox have yet to lose one and are leading the Junior League. Quinn had a little the better of the pitching battle with Jerry Phillips of the Lions. The game was close all the way with the Sox scoring in the last two innings to win 5-2.
Gene Hudson with two singles and Quinn with a triple were the batting leaders for the winners. Phillips supplied most of the punch for the Lions with a triple and two singles.

Schedule For Monday

Tony Zale Plans Fighting Future On Winning Crown

No Standouts On Team, But The Senators Do Win

Newark, N. J., June 11 — (AP) — The champion who came back, Tony Zale, charted a fighting future today over the prostrate form of Rocky Graziano.
Zale, the underdog, regaining the world's middleweight title by knocking out Graziano, just as he predicted he would, in the third round of their third encounter.
Although 34, Zale immediately proclaimed he would not retire. He offered to fight all comers and declared:
"I feel like I'm going the other way again—back to youth."
Marcel Cerdan of France was the boxer mentioned as Zale's probable next opponent, providing Cerdan takes back the European title from Cyrille Delannott of Belgium July 10.
Both of the previous fights between the pained, silent Zale and the rough and rugged Graziano went six rounds, but Zale needed only half that last night. He floored Graziano after less than a minute of the first round, then lost the second when Rocky came surging back.
But in the third Zale was absolute master. He downed Graziano for the count of seven, twice had him hanging on the ropes, and ended matters with a tremendous left to the head after 1:08 minutes. In between all this punishment Graziano kept on swinging.
Graziano was numbed, bruised, and baffled after he was revived and taken to his dressing room. He received a concussion and for a time his reflexes were gone.
However, he was pronounced "absolutely okay" early today by his manager, Irving Cohen.
Graziano said he never got over the first punch which Zale landed—a left to the temple.
"I never even remembered the last round," he said.

Washington, June 11 — (AP) — Washington's starless Senators are in the first division of the American League—and no one knows exactly why.
They don't have a standout hitter, or a pitcher who is the same as money in U.S. Savings Bonds.
Yet last night they whipped the St. Louis Browns, 5 to 4, for their fourth straight victory.
They are ambling along at a .500 pace, which is something that can't be said of better advertised ball clubs like the Detroit Tigers and the Boston Red Sox.
Why, then, are the Senators doing so well?
Even Joe Kuhel, in his first year as a major league manager, isn't sure.
"The boys seem to take turns getting the hits we need," he said. "Our pitching has been good. Above all we hustle. We're a young ball club, and we know we have to work for what we get."
Box scores and official averages are fine, but they don't tell the whole story.
They don't even hint, for example, that rookie Al Kosar may be as good a second baseman as there is in the league.
For Kosar's average is only around .260. But he's a whiz in the field, and local fans insist his batting average would be around .300 except for one thing: Kosar banged up a hand, but gamely kept right on playing.
Box scores don't mention, either how outfielder Gil Coan, one of the fastest men in baseball, scurries around so that he came all the way in and dived into the box seats in an effort to catch a foul ball.

A double-header is on tap tonight at Guy Smith Stadium when the Tobs and the Greenies meet here tonight with the first game scheduled to get under way at 7 o'clock.
This game is being played for the game that was rained out between the two teams here on the night of May 28th at the bottom of the second inning. The Greenies will also play a single game here on Saturday night when they meet the Rocky Mount Leafs in the first of a two game series.

The New Bern Bears have added two new players recently to their roster. A pitcher, described as being very fast has come from Costa Rica. His name is Israel Tui, who went to the New Bern club upon the recommendation of Pedro Santiago. Bakie Palmer, declared most promising rookie of the 1947 season on the New Bern team, is expected to return to the playing field with a New Bern Uniform in not too far distant future. Palmer, as was Stott, has been in Duke University during the spring. He is an infielder. Reports are that Johnny Foell who was sold by the Greenies to New Bern has now been sold to the Goldsboro Goldbugs.

o-o-o

A General Electric Home Freezer keeps game and fish fresh for months!
THIS YEAR you won't have to gorge on venison until you're ready to swear off hunting, and then hunger for the stuff all the winter.
With a General Electric Home Freezer, you just freeze the fish and game you get. You eat the food you want when you want it.
A General Electric Home Freezer is grand for freezing and storing vegetables and fruits, baked goods, and ice cream. Your wife saves work and you save money on these foods.
To be sure of every satisfaction a home freezer can offer, be sure you get a General Electric.
The sealed-in refrigerating system is the same type as that used in General Electric Refrigerators. More than 1,700,000 of these systems have been in service ten years or more.
In repeated laboratory tests, the General Electric exclusive Perfect Seal cabinet construction proved so efficient that it kept food frozen for several days after the current was shut off.
Do this—today!
Put on your hat, and take your wife by the hand to our store. Let us show you how the General Electric Home Freezer can pay for itself over the years... and what a wonderful convenience it is for you—and for her!

Dewey Winds Up Tour; Goes Home

Charlotte, June 11—(AP)—Gov. Thomas E. Dewey returned to New York today following a 300-mile swing through North Carolina in which he made 13 speeches in 13 hours before about 13,000 persons.

The halless and seemingly tireless aspirant to the White House boarded a midnight train here after a one-day quest for North Carolina's 26 uninstructed delegates to the Republican national convention.

In a day that began with a breakfast meeting at Raleigh, paused at a luncheon in Lexington, and continued through a dinner meeting in Morganton, the Empire State governor:

Lashed out at Communism and the administration's foreign policy; promised the "biggest, fanciest house-cleaning in the history of the federal government; called the U.S. policy in China "an incredibly stupid blunder," and said he favored free enterprise as opposed to government enterprise.

"The Communists," Dewey said "are the nastiest, most disagreeable, most disloyal group of worms the country has ever had. But they are worms and I want to keep them out in the open."

He declared President Truman had not succeeded in two years to clear the Communists from the government.

LED BY 160 VOTES
In the recent Democratic Primary Mervin Smith of Choccolocco led Wayland Hunsucker of Winterville by 160 votes, according to the records, County Board of Elections Chairman J. Henry Harrell said today.

In a story yesterday it was erroneously stated that Smith led by little more than 200 votes.

'Can Do It'

Goldboro, N.C., June 11—(AP)—Eastern North Carolina can build a great dairy industry. It can do it without reducing its tobacco or cotton crop.

That's what John Brown, extension service dairy expert, said in Goldboro last night. He spoke at a dinner honoring 4-H and Future Farmers of America Club members preliminary to the fifth Wayne County Guernsey breeders' cattle show.

Coroner's Jury Finds No Blame In Negro's Death

A coroner's jury at an inquest at the City hall Monday night found that Arthur Lee White, 31-year-old Negro farmer, came to his death by his own reckless driving. Testimony was that White's car crashed into a car driven by Joseph Earle Cannon of Greenville at the intersection of Broadway and Chestnut St. last Saturday night. He died on the way to a hospital. Cannon was exonerated by police and the coroner's jury.

White's car crashed into Cannon's knocking it some distance to the curb. White's car skidded 30 feet after the collision and turned completely around. Two Negro occupants of White's car were injured. A third disappeared. Policemen Pete Peterson and Tommy Gladson investigated the collision.

Name Member ABC Board At Meeting Courthouse Tonight

By CHESTER WALSH
The Board of County Commissioners, County Board of Education and County Board of Health will meet at the courthouse tonight at 7:45 to appoint a member of the Pitt County Alcohol Board of Control. Charles O'H. Horne's term expires at the end of the fiscal year, June 30. Horne is chairman of the ABC Board.

The law provides that the County Board of Commissioners, County Board of Education and County Board of Health shall jointly appoint members of ABC boards.

The County Commissioners also will consider the 1948-49 budget tonight and hear reports from the Board of Education and the Board of Health as to their financial needs for the next fiscal year.

Purchases of Industrial life insurance in the United States in 1947 amount to just over \$4 billion.

Arrest Negro On Charge Stealing Farmer's Cow

By CHESTER WALSH
Deputy Sheriff Loyd Manning, yesterday arrested James Wilks, 30-year-old Negro tenant on the H. L. Roberts farm, across the river, beyond Fleming's Cross Roads, and charged him with the larceny of a cow from his landlord. Wilks is in jail awaiting trial in County court next Tuesday.

The warrant charges Wilks with stealing the cow on June 3 and selling the bovine to the Greenville Packing Company for \$50. Incidentally, the cow had been slaughtered, and Wilks had spent the money, Deputy Manning said.

The owner thought the cow was lost and advertised it over the radio. An official of the Greenville Packing Company heard the broadcast, remembered buying a cow of similar description and contacted the sheriff's office. Loyd (Sherlock Holmes) Manning got busy, did some investigating and when he was through he had a confession from Wilks that he took the cow. Wilks has been a tenant on H. L. Roberts farm a short time.

ATTENDING FUNERAL
Mr. and Mrs. J. E. Miller and Mr. and Mrs. L. S. Spence left today for Newton to attend the funeral of Mrs. C. M. Rowe of Newton, who died early today. Funeral services will be held in Newton Saturday afternoon. Mrs. Rowe was a sister of Mr. Miller and Mrs. Spence.

Hog Market
Raleigh, June 11—(AP)—(NCDA)—Hog prices steady to slightly stronger: Fayetteville and Florence slightly stronger at \$23.50; Rocky Mount, Greenville, New Bern, Smithfield, Mt. Olive, Goldsboro, Washington, Jacksonville, Clinton, Warsaw, Lumberton, and Richmond Va., steady at \$23.25.

Poultry and Eggs
Raleigh, June 11—(AP)—(NCDA)—Fryers and broilers steady at 28¢, eggs steady, A large 49¢.

N.Y. Cotton
New York, June 11—(AP)—Cotton futures opened 30 cents a bale lower to 5 cents higher.

Noon prices were 20 cents a bale higher to 10 cents lower than the previous close. July 36.54, Oct. 33.09 and Dec. 32.54.

The New York Cotton Exchange Service estimated May domestic consumption at 770,000 bales against 830,000 in April and 808,000 in May a year ago. The daily rate of use in May was about 37,100 bales against 37,700 in April and 37,100 in May a year ago. There was one less working day in May compared with a year ago.

Futures closed unchanged to 85 cents a bale lower than the previous close.

Grain Market
Chicago, June 11—(AP)—Feed grains showed strength at times on the board of trade today. Gains ranged to nearly 3 cents in corn around mid-way in the session, but they could not be held through to the close. Late selling caused a large reduction in early gains.

Wheat closed 1/4 to 1 cent lower. July \$2.25 1/2-1/2, corn was 3/4 to 2 cents higher, July \$2.20 1/2-1/2, oats were 1/4-1/2 higher, July 94 1/2-1/2, and soybeans were 4 1/2-7 1/2 lower July \$4.18 1/4.

N.Y. Stock Market
New York, June 11—(AP)—Aircraft issues stepped far in front of the stock market today with gains running to two points. Buying was based on news of a huge government plane purchase program. Volume for the day was at the rate of about 1,300,000 shares.

New highs for the year or longer were posted for Lockheed, Grumman Aircraft, International Nickel, Standard Oil (NJ), and Anderson-Pridemore.

chard Oil.
Dome Mines dropped around a point to the year's low on news of a cut dividend and minus signs appeared in front of Republic Steel, Montgomery Ward, National Distillers, Western Union, Radio Corp., Gulf Oil and Twentieth Century-Fox.
