Declare Russian Currency Is Void In West Berlin

Western Allies Defy Soviet; Separate Currency In Western Zones Of City

Berlin, June 23—(AP)—The western Allies, in defiance of the Russians, declared today that a newly proclaimed Russian currency will be void in the western sectors of Berlin.

They said, in a proclamation to the people of the city, that a separate currency will be introduced in the three western sectors. The announcement was made by the U. S. sponsored radio station, Rias.

The three western commandants for the city ordered all banks and business institutions except food and drug stores closed. A moratorium on debts was ordered.

The Russian order for currency reform in Berlin, announced early this morning, "violates the rules of four-power government," the western power proclamation said.

"The three western occupation powers therefore declare the order over currency reform in Berlin null and void," it said.

The Berlin magistrate, executive body of the city government, decided at a special meeting a short time before not to accept the Russian order for the entire city. It ruled that an occupation commander can issue orders only for his own zone.

Soviet reaction to the step by the western Allies was not immediately apparent. The changeover in currency ordered by the Russians was scheduled to start tomorrow. The orders by the western Allies were effective immediately.

It was the first time in the history of Berlin's three-year occupation that one allied power had openly contemned the order of another.

Bank employees of western sectors were ordered to stand by at their posts. Food and drug stores were instructed to sell their merchandise at the legally regulated prices in West Berlin, the old German currency.

Necessary measures will be taken to introduce legal tender in the French, British and American sectors of Berlin in the new currency of the western occupation zones, the western proclamation said.

Battery To Push For Enlistments In Nat'l Guard

By CHESTER WALSH
Capt. James B. Tyndall, commander of the Greenville battery of the North Carolina National Guard, today received the following communication from Adjutant General J. Van Metts, at Raleigh:

"Though copy of the final selective service bill passed by Congress has not been received, our information is that 17 and 18-year-old men may be accepted for enlistment in the National Guard, but they must register for the draft when they reach their 19th birthday.

"Veterans with less than 12 months of active service—19 to 25—will not be drafted provided they are members of the National Guard. Men other than veterans—ages, 19 to 25—will not be subject to the draft provided they enlist in the National Guard prior to the time the President signs the bill.

"Men—19 to 25—discharged from the National Guard before reaching their 26th birthday, must register and be subject to the draft.

General Metts urged Capt. Tyndall, commander of the Greenville battery, to continue his work of recruiting enlistees. The army here is open all day and from 7:30 to 9:30 p. m. for reception of recruits. A large number of men were enlisted yesterday and last night.

Communist Planners of World Revolution Meet Somewhere In Europe To Talk Strategy; Defensive Outlook Probable Following Setbacks; Moves Short of War

By JAMES MARLOW

Philadelphia, June 23—(AP)—If you could see this Republican convention from the inside, you'd understand how cold politics are.

There are two worlds here: 1. The roar of the crowd, the lights, the music, the singing, the routine chores of the convention itself. 2. The behind-the-scenes dicker-

ing. Take a look at the candidates themselves, the men who will be picked by this convention as the Republican nominee for president.

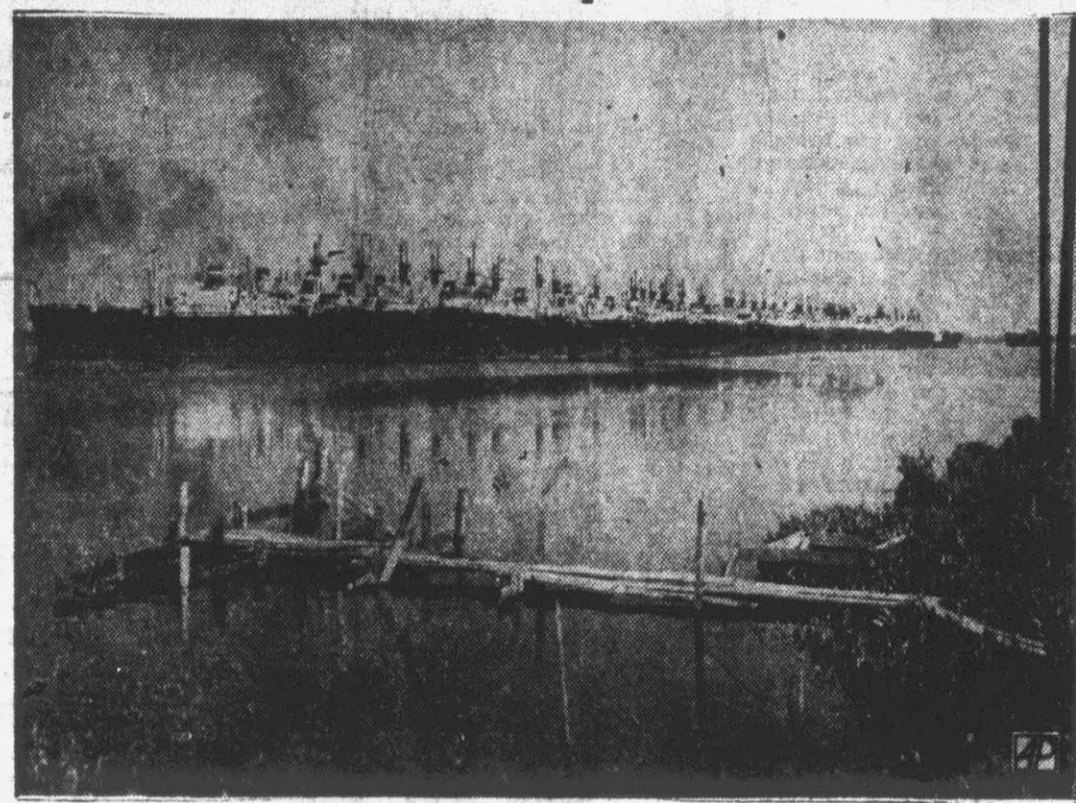

New York's Governor Thomas E. Dewey, Ohio's Senator Robert A. Taft, Minnesota's former Governor Harold E. Stassen, California's Governor Earl Warren, among them.

In the morning the 1,094 delegates flock out to the convention hall for the speeches, the lights, the ordinary business of a convention.

But not one of the candidates shows up there. They stay back in their hotel rooms, with telephones near at hand, and their lieutenants working feverishly.

Their job is to try to win over the support of those delegates who are so busy on the convention floor. The raw and naked desire for political power is wide open here. But it isn't hard to understand

Four Miles Of Reserve Ships In Brunswick River

The lay-up basin in the Brunswick river in North Carolina now contains 367 merchant ships. The number is growing by about 50 vessels a month as Uncle Sam continues to build up his maritime nest egg. The vessels stretch for four miles along the shore. The basin has a capacity for 475 ships. (AP Photo.)

Nat'l Guard For State Is Limited

Authorized Strength Reduced As Recruiting Climbs

Raleigh, N. C., June 23—(AP)—The possibility it may be necessary to halt temporarily National Guard recruiting by some units in the state confronted North Carolina National Guard headquarters here today.

Adjutant General J. Van B. Metts reported that he had received from the National Guard Bureau in Washington orders placing the maximum strength of the North Carolina Guard at 60,653 men in ground units and 391 in air units.

The state guard's authorized strength—a goal which it had hoped to reach in within about two years—is 12,295 ground and 758 air troops.

The development came as local guard units throughout the state were rushed with applications by youths seeking to enlist before the draft act passed by Congress last week becomes effective. The act provides that those who enlist in the guard before President signs it will not be subject to the draft.

Metts said that on June 15 the North Carolina guard ground units had 4,381 men and that he was seeking information on their present strength to learn whether or not the limit placed by the national guard bureau already had been reached.

ELECT PREACHERS

Oberlin, O., June 23—(AP)—The Oberlin Christian Churches' board of home missions, meeting here in joint biennial session with the denomination's general council, today elected the Rev. William Elbert McCormack of Springfield, Mass. as president.

Stassen Claims Dewey Still Lacking Majority

Philadelphia, June 23—(AP)—Harold E. Stassen said today that Gov. Thomas E. Dewey lacks a majority of delegates at the Republican nominating convention.

He made that statement to newsmen immediately after a strategy conference with Senator Robert A. Taft. Stassen and Taft have been talking ways to stop Dewey's drive for the nomination.

Stassen added that a program is developing among candidates other than Dewey for an "open convention."

The implication was that Dewey might be swayed by the nomination through conferences and deals while the others were willing to leave it to open voting in the convention.

Dewey has denied making any "deals." Reporters asked Stassen if candidates other than Dewey will line up behind one of their group. Stassen said this is not planned; that the conferences with Taft were to assure an open convention.

Stassen declared there is "great resentment" among the majority of delegates over the "attempt to swing" Pennsylvania's big delegation behind Dewey.

Senator Ed Martin announced yesterday that he is withdrawing as the favorite-son candidate from Pennsylvania in favor of Dewey.

Stassen called this an attempt to stampede the convention and predicted that it will fail.

He said there will be "other conferences" during the day similar to the two that he and Taft have held in the last 12 hours. He would not say what candidates will attend the strategy sessions, but agreed to meet with reporters again this afternoon to report on developments.

Court Order Banning Mine Workers From Leaving Jobs Is Dropped On Motion By Justice Department

Washington, June 23—(AP)—Justice T. Alan Goldsborough dismissed today his court order banning the United Mine Workers from leaving their jobs.

He acted on a motion by the Justice Department.

When H. Graham Morrison, assistant attorney general, offered the motion the justice commented that the matter in effect had been disposed of yesterday.

Since he referred to his decision upholding John L. Lewis' plan to pay retired miners a \$100 monthly pension.

The court order against a strike was issued by Goldsborough April 21 to end a walkout resulting from dispute over operation of the pension fund.

He issued it after he had fined Lewis and the UMW for contempt of court for failure to obey a temporary order by Federal Judge Matthew F. McGuire banning a strike.

Since this order stemmed from a pension fund dispute in which Goldsborough yesterday upheld Lewis' payment plan, the Justice Department took the position that order would have no effect in halting a work stoppage that might arise.

Soviets Confer With Satellites

Warsaw, June 23—(AP)—Soviet Russia called a surprise conference of her eastern European Satellites to Warsaw today which may map a battle against the western allies' plan to set up a west German state.

Summoned to the parley were: Poland, Czechoslovakia, Bulgaria, Yugoslavia, Romania and Hungary.

Will Discontinue Bible Teaching

Burlington, June 23—(AP)—The Burlington Ministerial Association has voted to discontinue the bible teaching program it sponsored at the high school here.

Spokesmen pointed to "decisive opinions of protestant editors and laymen that bible teaching should be discontinued lest the public think that the churches were defying the law and not practicing the protestant teaching of the separation of church and state."

Four-Hour Fight Between Jewish Army And Irgun

Ammunition - Laden LST Burns As Israeli Forces Battle Irgun Zvai Leumi

Tel Aviv, June 23—(AP)—Israeli mortar fire blasted a munitions ship beached by Irgun Zvai Leumi rebels last night as civil strife shook the new Jewish state of Israel.

The ammo-laden vessel burst into flames, throwing a four-hour battle between Irgun and the army into confusion. Thousands of Tel Aviv residents fled the central water front, scene of the fighting.

Later, persons watching from distant rooftops, said they heard 12 or 15 explosions. Clouds of smoke arose, obscuring the whole area.

Soon afterward an Irgun truck with a loudspeaker toured the city while an announcer proclaimed sarcastically:

"Haganah has achieved a great victory in blowing up our ship."

There were no further reports of Irgun-Israeli fighting on Tel Aviv beach after both sides fled the battle ground in fear of explosions.

A little later truckloads of unarmed Irgun fighters appeared on the city's main streets. Some interpreted this to mean that a deal had been made with the government to end the strife.

The battle began early yesterday when Irgun gun runners beached their munitions ship within a block of the hotel occupied by United Nations truce observers, and the Israeli army rushed platoons of infantry to the waterfront.

Some 40 persons were reported killed or injured in the fighting.

Big Demand For Tobacco Abroad

Virginia Beach, Va., June 23—(AP)—Present indications point to a potential demand in foreign countries for some 600,000,000 pounds of American grown tobacco during the year beginning July 1, the tobacco industry was told today.

"This is substantially more than was exported prior to the war and substantially more than is exported during the year now closing," said J. B. Hutson, president of Tobacco Associates, Inc., Washington.

Addressing the Tobacco Association of the United States and the Leaf Tobacco Exporters Association at the final session of their annual convention, Hutson said:

"Although economic conditions are unsatisfactory in many foreign countries, it is believed that foreign users would purchase this quantity of tobacco if it is available at reasonable prices, provided foreign users are left free to purchase the kind and quality of the commodities that they want."

Hutson said "the jobs of the United States tobacco exporters is to take all practical steps to make this tobacco available and keep the foreign trade advised as to the requirements of our administrative agencies."

Stocks of American grown tobacco in foreign countries are now about 150,000,000 pounds below those of last year, Hutson reported.

Total Of 13 New Polio Cases Are Reported In N.C.

Raleigh, N. C., June 23—(AP)—A total of 13 new cases of infantile paralysis were reported to the state board of health today, bringing the total of new cases for June to 101.

Gulfport county reported five new cases, Alamance and Mecklenburg two each, and Catawba, Cumberland and Scotland one each.

In addition, Alamance county reported two cases that occurred in May. This brought the May total to 69 cases.

The new cases brought the total for the year to 224 cases and the total for the May 1-June 23 period to 170.

In June last year, only three cases of polio were reported in the entire state, and in all of last year 300 cases were reported.

New Jersey Will Vote For Dewey

Philadelphia, June 23—(AP)—Gov. Alfred E. Driscoll of New Jersey today declared for Gov. Thomas E. Dewey of New York for the Republican presidential nomination. He indicated substantial Dewey support from New Jersey would be cast on the second convention ballot.

After a caucus of the New Jersey delegation, Driscoll said New Jersey would support him on the initial ballot but that he personally was "unequivocal" for Dewey's nomination thereafter.

Sen. Vandenberg Consents To Be Named As Candidate

Hoover, Martin Speeches Given Noisy Applause

Philadelphia, June 23—(AP)—Herbert Hoover's sizzling attack on Russian "tyrants" and Speaker Martin's defense of the 80th Congress featured the second night of wildly applauded oratory at the Republican National convention.

The only living former President took out after Soviet leaders in an appeal to his party to lead the interlaced battle against Communism's spread and for an enduring world peace.

The world crisis, he said, is "deeper than some may think."

Hoover was given an enthusiastic 14-minute welcoming ovation by the convention delegates and the crowd.

Martin, presiding officer of the House of Representatives, leaped to the defense of the Republican controlled Congress which President Truman has branded the "second worst" in history.

The Massachusetts lawmaker—himself a dark horse contender for the presidential nomination—said he is "proud" of the record written on Capitol Hill in the last year and half.

Martin spoke in accepting for the third straight time the permanent chairmanship of the GOP National convention.

In his review of world problems, Hoover said this country must continue to help foreign nations in rebuilding from the ravages of war—but not to such an extent as to overburden the American economy.

To weaken the nation's finances in carrying the double load of relief and increased armaments would be playing "Stalin's game," he cautioned, "for his expressed real hope lies in our economic collapse for which his Fifth Columns are busily planning."

The former President called upon the convention to pick candidates who will recognize "we are in a critical battle to safeguard our nation and civilization."

Sues Landlord For Attempts To Make Her Leave

Los Angeles, June 23—(AP)—Mrs. Anna Hagopian, in a damage suit, said her landlord did the following in attempting to evict her:

Padlocked her bathroom door. Tore the kitchen sink from the wall. Removed kitchen fixtures, including the stove.

Turned off the gas. Instituted a course of "force, threats and threats, including three lawsuits," against her.

Mrs. Hagopian, suing landlord M. S. Libarian for \$22,000 damages, said she will all no avail. Her suit stated that she still is living in the apartment with her two young sons.

Republican Platform Is Set Before Convention

Philadelphia, June 23—(AP)—The 1948 GOP platform went before the Republican National convention for ratification today.

Labeled by its chief drafter as "a forthright, forward-looking guide to the American future," the 2400-word document: (a) pledges the party to lead America in global operation for peace; (b) calls for far-reaching domestic legislation and (c) plunges Congress into the thick of the Presidential campaign.

The convention's resolutions chairman, Senator Henry Cabot Lodge, of Massachusetts, was due to present the platform formally to the assembled delegates at today's morning session. Backed by the party's White House aspirants, it appeared certain to sail through the convention without a serious hitch.

Senator Vandenberg called the foreign plank "magnificent." Governor Thomas E. Dewey and Harold E. Stassen said they hadn't had a chance to study the entire platform in detail but gave it their blessing. Senator Taft (R-Ohio) said he likes especially the public housing and civil rights planks.

The next big question is this: Will President Truman call the Republican-controlled Congress into special session this summer with a message challenging the GOP law-

Rushing Harvest Of Potato Crop

Norfolk, Va., June 23—(AP)—Aided by an ample supply of labor and clear weather Tidewater potato growers today were harvesting their 1948 crop at full blast, although some growers were selling to commercial buyers at below support levels to avoid the jam at government buying platforms.

Eastern Shore growers were reported harvesting at about twice the normal rate, with carloads there reaching the 400-per-day point.

Books Open

Registration books are now open at the City Hall and Court House, and will be open through Saturday, for the registering of Greenville citizens who have not heretofore been eligible to participate in city elections or who have moved their place of residence from one precinct to another.

The election to be held Monday, June 28, on the issuance of bonds for the expansion and improving of the Greenville utilities will not require special registration. All regularly registered voters will be eligible.

Atomic Control Battle In Offing

Lake Success, June 23—(AP)—A big battle in the United Nations Assembly between Russia and the western powers over atomic energy control is certain this fall.

That was assured late yesterday when Andrei A. Gromyko, Soviet deputy foreign minister, overrode a majority of the Security Council with Russia's 26th veto.

His act killed the approval by nine council members of an atomic control scheme based on the original plan offered June 14, 1946, by Bernard M. Baruch, then the United States delegate. The Soviet Union also voted against the majority.

The majority followed previously laid plans and followed up the veto, which had been expected, with a resolution calling for the dispatch of records of the two-year atomic deadlock to the Assembly.

Gromyko opposed this resolution also but did not insist on what he said was his right to veto it. He stood aside with Dmitri Z. Manuilov, Soviet Permanent foreign minister, and the records were sent to the assembly by a 9 to 0 vote.

Faris El Khouri of Syria, council chairman for this month, ruled that the United Nations Atomic Energy Commission still had the atomic problem under consideration.

No Agreement In Amazon Meeting

Thomasville, June 23—(AP)—There was no sign today when union and management might again attempt to settle a 15-month old strike at the Amazon Cotton Mills here.

A conference between company officials and representatives of the Textile Workers Union of America (CIO) ended yesterday with no agreement reached.

Three main issues blocked agreement—a return-to-work clause, a paid vacation clause and the check-off system.

BASEMENT EXPLOSION

Winchester, Va., June 23—(AP)—A basement explosion today blew out the street floor of the Rapids department store and injured more than a score of employees and customers. First reports were that none were killed.

By DeWITT MacKENZIE

Somewhere in a secret place within the perpetual twilight behind the iron curtain the Cominform, or Communist General Staff for World Revolution, is meeting for emergency consultation.

So carefully have the details of this conclave been hidden that its locale has been a matter of speculation. Guessing tongues have placed it "somewhere in Poland," "somewhere in Romania," and "somewhere in Czechoslovakia." But advices from usually trustworthy sources say it is in session, and is being attended by such powerful figures as Moscow's A. A. Zhdanov, who is a member of the Russian Politburo, Palmiro Togliatti of Rome, and Jacques Duclos of Paris.

We can take it, I believe, that this important meeting is to consider the situation created by the stone-wall stand of the democracies headed by the United States. Undoubtedly it is closely related to another surprise conference of Soviet satellite states which Moscow has summoned to Warsaw, possibly to devise ways of combating the plan of the western Allies to set up a west German state.

Move Cheers Presidential Hopefuls Who Are Trying To Halt Dewey's Blitz Bid For Early Nomination; New Yorker Gets Another Gain In Missouri

Convention Hall, Philadelphia, June 23—(AP)—Senator Arthur H. Vandenberg gave consent today for his name to be placed formally in nomination for the presidency at the Republican convention.

His move cheered those presidential hopefuls—led by Senator Robert A. Taft and Harold E. Stassen—who were trying desperately to halt Gov. Thomas E. Dewey's blitz bid for the nomination on an early ballot. They figured Vandenberg's name before the convention would hold from Dewey some votes which otherwise might race to him.

Vandenberg stuck by his stand that he is not actively seeking the nomination. But Gov. Kim Sigler of Michigan said he had obtained the senator's consent for him to put up his name.

Dewey's drive got another push this time from Missouri. Senator James P. Kem, chairman of the Missouri delegation, issued this announcement: "I have decided to support Governor Dewey. I look forward to his nomination on an early ballot. I believe he will be the next President of the United States."

Even before Kem's announcement, an Associated Press check indicated Dewey would get 18 of Missouri's 33 votes on the first ballot with others split among three or four candidates.

Asked if he was nominating Vandenberg in the belief Vandenberg can win or as a gesture of respect, Sigler replied, "If I didn't honestly believe there was real hope of winning I would not nominate him."

Sigler made the announcement after Vandenberg had put in his first appearance at the Michigan headquarters.

These workers for the nomination for Vandenberg have been discouraged by his aloof attitude and the Senator made an apologetic little speech.

"I know I am a problem child for you," he told the Michigan group, "but I set my course a year ago and must steer it to the finish."

He said a year ago that he would not seek the nomination, but would not refuse it if it were offered.

The Taft-Stassen moves to head off Dewey kept their backers in an almost continuous round of conferences. The principals themselves were meeting.

Taft and Stassen first met secretly last night. This morning, Taft told reporters "I rather expect I will see him (Stassen) again today, but it is still a little indefinite."

When questioned by newsmen, Taft refused to discuss what had transpired at his secret conferences last night with Stassen and Gov. Earl Warren, of California.

These strategy conferences and maneuverings went forward while the delegates assembled in this big hall for the morning session of the convention's third day.

The big item was the nominating speeches. Balloting will probably not begin until tomorrow although that was not definitely settled. It may begin tonight.

Working with the Taft and Stassen forces in the "stop Dewey" campaign was Gov. Duff of Pennsylvania.

But it was a war council without a commander-in-chief, an army fighting for a half dozen Generals—each with a different idea of the outcome.

And some idea of the task that lay before these disjointed, if determined legions, was furnished by an Associated Press survey of state delegation intentions.

If you will look out on Evans Street in the cool of the afternoon you will see some of the prettiest girls and nicest turnouts in North Carolina.
Mrs. Travis E. Hooker left Monday for a trip to Syracuse, N.Y. and Niagara Falls.
One hundred and fifteen people left here last Sunday morning for a day's outing at Morehead City and this during hard times. People are not to blame for getting a day's outing when they have no public place for rest and recreation in Greenville.

Dance Compliments Bridal Couple

Mr. and Mrs. David W. Mosier entertained informally at a dance on Monday evening at their suburban home on Falkland highway as a compliment to Miss Nancy Hannah and Ensign Sydney Dunn. Harold Grant and his orchestra provided the music for the evening.
Punch was served on the terrace and in the dining room. The dining table, covered with a lace cloth, was lovely with its bridal appointments. The floral centerpiece was composed of white roses, snapdragons, gardenias and larkspur.
Punch, open-faced sandwiches, attractively garnished, cheese straws, individual cakes, mints and nuts were served.
Vases of glads and a variety of summer flowers decorated the spacious home throughout.

The guest list included about 65 of the youngest set and a number of out-of-town guests.

Greenville Men Are Champion Farmers; Grow 26 Vegetables

By CHESTER WALSH

D. H. Edwards and O. E. Waters, in their spare time, have become the champion vegetable gardeners of Pitt County, their friends say. On one-third of an acre of land on Alfred Kennedy's lots at First and Library streets, they are growing 26 varieties of vegetables, and they are rotating the crops as fast as the early vegetables are ready to harvest.

The State College Extension Service recently pointed out a woman in Stanley county who produced 16 different kinds of vegetables in her garden, but Edwards and Waters are the real champion farmers, their neighbors, who are enjoying their surplus vegetables, say. The garden was originally plowed by a horse, but since then the white collar farmers are doing their own cultivating and fighting insect and worm pests. Edwards and Waters are planning to continue rotating their crops and have a supply of seasonal vegetables into the fall and early winter.

Their one-third of an acre garden has produced radishes, squash, cucumbers, English peas, pole butter beans, bush butterbeans, bush snapbeans, pole snapbeans, beets, lettuce, cabbage, collards, dewberries, Irish potatoes, mustard greens, kale, okra, rape, tomatoes, blackeye peas, eggplant, corn, peanuts, onions, hot peppers and bell peppers.

Coy Smith To Run Empire Warehouse

Coy Smith, who has been connected with the Greenville tobacco market for more than 20 years, will operate the Empire Warehouse the coming season. Plans are being worked out for giving the most efficient and satisfactory service to the farmers who sell their tobacco on the Greenville market. Smith said. A competent staff of office and floor men will be on duty, a popular auctioneer will chant the sales. Bill Gleave of Vanceboro will be office manager of the Empire Warehouse this season.

Good Progress On West Fifth Street

Workmen engaged in cutting down trees on West Fifth street to a 35-foot roadbed from curb to curb from Albemarle Avenue on Highway 264 to the city limits were making good progress today. There will be five-foot sidewalks and two and one-half foot grass areas. Several houses are to be moved. All of the work is being done by the State Highway Commission in cooperation with the city of Greenville. Nearly all of the abutting property owners are agreeable to the street improvements, it is understood.

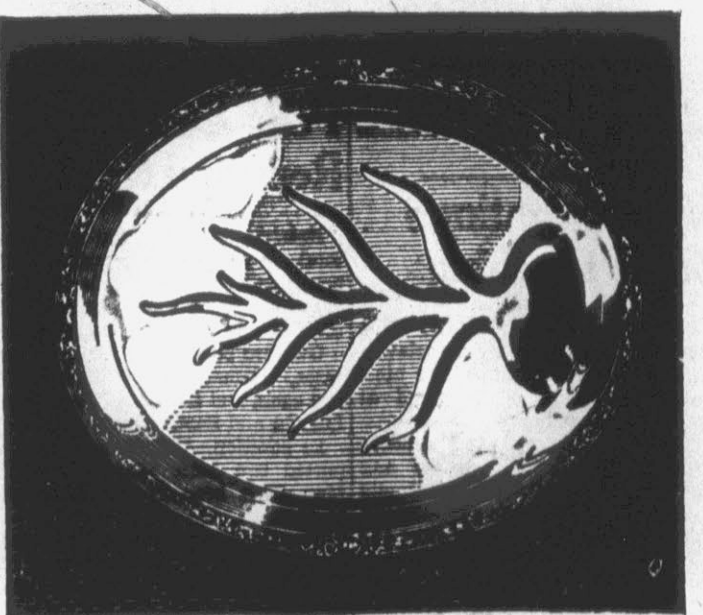

JUNIOR CHAMBER TO MEET

The Junior Chamber of Commerce will meet at the Old Towns Inn Thursday, June 24, at 6:30 p.m. President B. B. Sugg, Jr. will preside.

Air Show Sunday To Be Sponsored By Aero Club

By CHESTER WALSH

Tommy Sellers, former World War II Marine pilot, president of the Greenville Aero Club, a non-profit group, organized for the purpose of arousing interest in aviation in Greenville, said plans are complete for the air show to be held at the Greenville Airport next Sunday afternoon. Some noted pilots are to participate in the air circus.

One of the features of the air show will be the parachute jumping of Jack Huber. In addition to Huber's parachuting from a two-mile altitude, he will make a spectacular jump from a low-flying plane into a fireman's rescue net, provided by the Greenville fire department, Sellers said.

Another feature of Sunday's air show will be Ben Huntley's stunts in a powerful Boeing biplane that was formerly owned by Howard Hughes, noted airplane manufacturer and film and Hollywood producer. Still another feature of the Greenville Aero Club's air show will be the Thrasher brothers' spectacular stunt of taking off and landing on the top of an automobile speeding along the 5,000-foot runway. Phay Daugherty will appear in the stunt features with his Clip-Wing "Great Lake," which flies upside-down much of the time. Another feature will be two airplanes bolted together and flown by one pilot.

The Greenville Aero Club has arranged for plenty of parking space. A distinct feature of Sunday's air show will be the meeting at 10 o'clock at the Airport Inn of the Pilots' Breakfast Club, composed of scores of pilots of the state who

have been invited to fly here and be guests of the Aero Club. Prizes will be given to the pilot flying the longest distance, youngest and oldest pilots, and the pilot with the greatest number of flying hours.

Gets Orders To Cut Nat'l Guard

Phoenix, Ariz., June 23—(AP)—The Arizona Adjutant General said today he had received a Washington communication to reduce the strength of the National Guard.

Arizona's National Guard strength was cut more than 50 percent. The move was announced by Major Gen. A. M. Tuthill, Arizona adjutant general, who said a communication received from the National Guard Bureau in Washington placed a ceiling of 1686 officers and men in the ground forces of the Arizona National Guard and 393 officers and men in the air arm.

Previously the total authorized strength had been 4137. According to General Tuthill, the communication from Washington said it was necessary to reduce the authorized strength because of the lack of federal funds for completion of the guard expansion program.

CORRECTION

The June 15 pictures in the series "Citizens of Tomorrow" erroneously listed Brenda Carole Cox, daughter of Mrs. John W. Williams, 703 E. Fourth street, as the daughter of Mr. and Mrs. Carole Cox.

In acknowledging this mistake, the news editor points an accusing finger at the list furnished him by the company who took the pictures and hopes it won't happen again.

Hoover Dam is higher than the Washington monument.

Funeral Services For James E. Green

Funeral services for James E. Green, 72, prominent citizen of Winterville, who died yesterday morning at the home of Mrs. Alex Evans, where he had lived for many years, were held at the Winterville

Baptist church this afternoon at 3:30 by the pastor, Rev. E. C. Cole. Burial was in the Winterville cemetery.

Mr. Green went to Winterville as the first agent of the Atlantic Coast Line Railroad in 1896, and served as agent until three or four years ago, when he retired. He was president of the Bank of Winterville for about 25 years, and served on the board of directors. He was a large landowner and a stock holder in the Bank of Winterville.

Surviving are several nieces and nephews, among them are Cortez and John W. Green of Williamston.

FLOOD PERIL REDUCED

Canton—(P)—Flood danger to Canton this summer from the waters of the North River is expected to be averted by the repair of the L. U. Pao sluice gates, 90 miles northwest of here, according to Donald W. Gillilan, consulting engineer of the Food and Agricultural Organization of the United Nations.

Recreation For Youngsters Is Popular In City

By CHESTER WALSH

Mrs. J. Vance Perkins, head of community recreation projects here, announced today that work on the "Teen-Age Club" at the old NYA center, in the eastern suburb of Greenville, is now underway. Mrs. J. G. Smith, a graduate of Wake Forest College, who majored in physical education, will be supervisor. She was engaged in recreation work here last summer.

The "Teen-Age Club" needs equipment for the building and will be grateful for donations of furniture, including chairs, settees, tables, lamps, etc. Those willing to hunt in their attics for cast-off furniture and donate it to this worthy cause should communicate with June H. Jose and Alderman Heber Tripp.

The "Teen-Age Club" will meet at Cotanche Street Park Thursday evening at 7:30. All high school students are invited.

Mrs. Perkins reports that attendance at the playgrounds last week was as follows: Third street, 468; 4th and Charles streets, 559; Cotanche street, 572, and West Greenville, 544. New games and story hours have been added to the play areas. Picnics are held on Wednesday afternoon at 5:30 at all of the playgrounds. The supervisors need cigar boxes, scraps of materials, one-pound coffee tins, etc., for the arts and crafts work.

Introducing BISSETTE'S All Cream ICE CREAM

The New, Richer Ice Cream In The Flat-Fifth Package

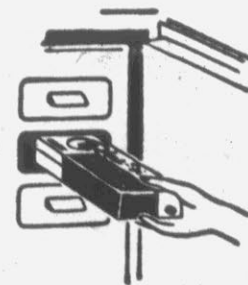

One delicious-bite tells the story. Here is the quality ice cream destined to become "the pride of Eastern Carolina." It's Bissette's All-Cream Ice Cream in the Flat-Fifth package!

All-Cream Ice Cream is the superior quality usually sold only by exclusive shops in metropolitan centers and served by society's most discriminating hostesses. But Bissette with its customary "quality-economy" brings to Eastern Carolina this superior ice cream at only a penny or so more than it costs to buy just ordinary ice cream.

Oh, you'll taste the difference all right. There's just no comparison between All-Cream ICE CREAM and standard commercial ice cream. So come in today. Eat one dish of All-Cream ICE CREAM and you won't be able to resist taking some home for family and friends.

Scott Says Employees Are Threatened By Opponent

Raleigh, N. C., June 23—(AP)—Kerr Scott yesterday promised to free state employees of what he called "bludgeoning" in behalf of his opponent in the Democratic race for governor.

"The bludgeoning of the rank and file of state workers with definite threats that they will lose their jobs or have their small pay cut if I am elected governor is being done all over the state," Scott asserted in a statement.

He promised to "place state employees under an office of personal direction that will free them from political brow-beating. I promise that the schedules for their pay within the limits fixed by legislative authority shall be met regularly up to the maximum."

He also reiterated charges that Johnson "has flooded the state with individual written promises to build specified sections of roads" and has made "secret covenants" to win support.

His opponent has sought by paid advertisement, Scott asserted, "to impeach the action of union labor in connection with this campaign."

"He knows that these workers as a group turned down his candidacy and mine in the first primary to support Mayne Albright," Scott declared.

"Now if labor turns the greater volume of its support to me, it does so in confidence that my open attitude promises a fairer deal for all the people than Johnson's sweeping unpublished promises."

Soldiers Unload Ships At London

London, June 23—(AP)—The Labor Government sent troops to London wharves today to unload food cargoes tied up for 10 days by a wildcat strike of dock workers.

An official statement from Prime Minister Attlee's office said: "As work has not been resumed in the London docks and perishable food needed by the people is in danger of deterioration and waste, the government has decided that it has no alternative in the public interest but to utilize service personnel to safeguard the peoples' food supplies, particularly those of a perishable nature."

The soldiers began unloading the food ships at noon. The decision to use troops was made by a special emergency committee of the cabinet following failure of a back to work movement this morning.

The dock workers walked out 10 days ago in a wildcat strike. They demanded reinstatement of 11 dock workers who were penalized for refusing to handle "dirty cargo" of zinc oxide without extra pay.

Robeson Assails Republicans and Chief Executive
Raleigh, N. C., June 23—(AP)—President Truman and Republicans alike drew fire from singer Paul Robeson here last night over the civil rights question.

He addressed an unsegregated audience of whites and Negroes at a rally in Memorial Auditorium sponsored by the Progressive Party.

Robeson criticized the President for not staying in Washington when, he asserted, he was needed to push his civil rights program through Congress.

"You can't look for hope from Truman," the singer declared. Robeson lashed at the Republican-controlled Congress for "throwing out the civil rights program and the housing bill while making their bargains behind the scenes."

Broker Is Found Guilty By Jury

New York, June 23—(AP)—A Queens county court jury has convicted Isidore Ginsberg, 53, of grand larceny.

The 300-pound lawyer and materials broker once called "the worst of the gray marketeers" at a congressional hearing.

He was found guilty yesterday of accepting \$1,575 from the Crystal Lumber Company, of Winston-Salem, N.C., for a supply of scarce rock lath which he failed to deliver.

Ginsberg, who faces a possible penalty of from one to ten years, will be sentenced July 14.

Officials of the lumber firm testified they paid the money to Ginsberg on the basis of his advertisements that he could obtain the material, but that the shipment never arrived.

Ginsberg testified his efforts to obtain the material were unsuccessful, and that he sought to return the money in installments. The prosecution maintained Ginsberg knew he would not be able to deliver the lath.

Marine Reserves To Demonstrate Mobilization
Cherry Point, June 23—(AP)—The Marine Corp's organized reserve training command will demonstrate here next month just how fast they could act if war were declared.

The annual maneuvers starting at this air base July 10 will involve 3,000 officers and men of reserve squadrons in 27 cities of eastern America.

On the first day of the two-week maneuvers, Cherry Point's transport squadron will gather the personnel from the 27 cities east of the Mississippi which have reserve squadrons. From that day until July 24, the reserves will run their show at Cherry Point.

Each squadron will bring its Corsair fighter planes, their pilots and their ground men. They're all civilians now, but every pilot is a combat veteran.

Catch Weasel In Public Library
Charlotte, June 23—(AP)—That was no bookworm in the Charlotte Public Library, it was a weasel.

The animal was captured by a Negro attendant and set loose last night in a wooded area, a more natural habitat than the book stacks in which it had been frisking for two days.

The weasel had sought refuge in the library from half a dozen persons who chased it up Tryon St.

C.I.O. BACKS KERR SCOTT

Raleigh, N. C.
June 18, 1948.

Honorable Charles M. Johnson
Raleigh, North Carolina.

Dear Mr. Johnson:

There has been a lot of speculation about the labor vote in the second primary. You are entitled to know the facts.

At a recent meeting of the United Labor Political Committee, most of the A.F.L. and R.R. brotherhoods took the position that their membership should not be urged to vote against a candidate unless the record or expressed views of that candidate revealed that he was unfair or antagonistic to the welfare of labor, and that your record did not warrant such action, but on the contrary, you seemed to be acceptable.

The C.I.O. felt that organized labor should endorse your opponent and employ every effort to nominate him on the basis of alleged promises which would enure to the special benefit of the labor movement. Pursuing this position, we understand that leaders in the C.I.O. are endeavoring to line up its membership to vote against you.

We feel that labor's interest must be protected and preserved, and we believe that if you are nominated and elected Governor, you will be fair in this respect. Therefore, we think the C.I.O. view unwise; that it borrows the hazard of defeat and resulting reprisals from other groups, and places labor in the position of attempting to gain political control for special political advantage.

We are endeavoring to be realistic. You are entitled to fair treatment from labor, and labor in turn, will be entitled to fair treatment from you. Hence, we shall not urge our membership to vote for or against either of the candidates for Governor in the second primary, although the C.I.O. is working for your opponent, Kerr Scott.

Cordially yours,

Find My Killer

By MANLY WELLMAN

Chapter 13

As we drove to my hotel, I told Holmgren about the white-flecked button and where I'd found it.

"Even if Doc Stokes was the type of guy whose buttons are always ready to drop off, I know what he was wearing at the time the body was discovered and it wasn't the tweed suit that goes with that button."

"You think the doctor would wear two suits in one day?"

"He would if he wore the first of the two to kill somebody in."

Up in my room I stowed the bundle on a shelf in the closet and picked up the phone and asked for room service.

"Oh, you're in, Mr. Yates," said the desk clerk. "I've some calls for you. Your office, and Mr. Oporto."

"Oporto?" I repeated. The name didn't tell me anything. "Did he leave a number?"

"No. He said to tell you he'd call."

He stuck to that. Nobody could

It was Dr. Stokes, wearing the

not have defended his title or done any other fighting in Pennsylvania. There's a ruling on the State Boxing Commission books that bars honorably discharged veterans from the prize ring in that commonwealth.

That Bill Kennedy was the leading hitter for the Cleveland club at the time of his trade. . . The hurler had collected two bingos in three trips for a fancy .867 average. . . And that Bobby Feller is at the bottom of the heap for Indian chunkers. . . of the eight pitchers on the Tribe roster, Feller's 5-6 record is the worst. . . That it's common talk around the big town that Leo Dursocher is on his last season with the Dodgers and Ray Blades will be big boss in '49.

Bobby Brown, substituting for the injured George Starnweize at second base for the Yankees, collected seven hits in a row during a twin bill with the Senators recently. He made outs on his first and last times at bat.

Ewell Blackwell, the stringy Cincinnati hurler, measured five feet seven inches in his freshman year of high school and in the short span of two years sprouted to the height of six-four. Guess the fairy tale will have to be changed to Jack and the Blackwell-stalk.

Lou Boudreau, Cleveland manager-shortstop, who struck out only ten times in 1947, whiffed for the first time this season, June 11, when he went down on strikes before Joe Page in Cleveland's 10 to 8 victory over the Yankees.

Arroyo Tosses Four-Hit Ball As Locals Take Lead In First Frame And Keep It; Bears' Star Hurler Gives Up 13 Hits

By BERT MOYLE
Luis Arroyo pitched four-hit ball and struck out an even dozen Bears as he registered his ninth win of the season and his second over the New Bern Bears this season in New Bern last night, with a 6-2 score.

Greenville took the lead in the first frame by pushing two runs across after which they were never headed. Ray Phillips singled, stole second, Cohen hit to shortstop who attempted to catch Phillips at third but the throw was late and both runners were safe. Carl McQuillen forced Phillips out at home, and Joe Nesing doubled to bring Cohen and McQuillen home.

Tonight at Guy Smith Stadium the Bears and the Greenies will end their two game series with Johnny Tate slated to take the mound for the Greenies and Ryland Motley on the mound for the Bears. Game time is 7:45.

Greenville scored what proved to be their winning run in the third when Lastres singled, Phillips sacrificed him to second and McQuillen singled to bring him home.

One run was added in the seventh when Sposas singled into centerfield and centerfielder Stott let the ball get away from him with Sposas taking second. He advanced to third on Carter's infield out and scored when Arroyo laid down a perfect bunt for a squeeze play.

Manager Bob Cohen homered over the right field wall, his second of the season, for one of the Greenies' runs in the eighth and Nesing's double and Sposas' timely single accounted for the other tally.

Ernie Sawyer, who made Coastal Plain history last Friday night by pitching an 11-inning no-hitter against Rocky Mount, pitched the route for the Bears and was trounced for 13 hits. Joe Sposas with three for four led the attack for the Greenies.

Carl McQuillen, newly acquired outfielder, making his debut with the Greenies last night got two for four, drove in what proved to be the winning run in the third inning, and handled two chances perfectly.

One of which was against the left field wall of the New Bern park. Lou Kolback got two of the four hits offered by Arroyo to lead the Bear's attack.

BOY'S LEAGUE BASEBALL

The East End Greenies took another close game from the Tigers of Third Street Tuesday afternoon by the score of 7 to 6. The Greenies rallied for five runs in the fifth and sixth innings to eke out the win. The Tigers scored one run in each of the last two innings and had the tying run on third in the final inning when Eddie Tanner fanned and single Joe Sawyer. A double and single led the winners.

The Third Street Giants increased their lead over the Orioles from the Training school by slugging out another easy victory by the score of 12 to 3. Kent Lee allowed the losers only five scattered hits and coasted to an easy victory on his teams hitting and inept fielding of the Orioles. Jody Taylor hit a double and single to lead the Orioles. Bobby Watson, Virginius Haynes and John Sideris got two hits each for the Giants.

The Red Sox continued their winning ways Tuesday morning at the expense of the Dodgers winning by the score of 30 to 15. The Sox were pressed hard in gaining their seventh straight win without a defeat, but like champions they had what it takes to win. They scored nine runs in the fourth to over come a four run defeat and continued to score enough to stay in front of the Dodgers.

Dallas Evans with a homer with the bases full and two singles, Bobby Sawyer with a triple and homer and Harold Edwards and Ike Riddick with three singles were the batting leaders for the winners. George Sideris with a triple and two singles and Guy Smith and Jackie Cox with two singles each were best for the losers.

Schedule for Thursday:
Lions vs Red Sox, Training school 9:30 a. m.
Greenies vs Tigers Third Street 2:30 p. m.

Huskies Win

Poughkeepsie, N. Y., June 23—(AP)—The Huskies from the University of Washington were a good choice for Uncle Sam's Olympic team today.

In yesterday's overcast twilight on the tranquil waters of the Hudson River, they "swept the ditch" as they took all three races in the 46th Poughkeepsie Regatta, winning the varsity, junior varsity and freshman eight-oared crew conflicts.

This morning the varsity boat, with four substitutes, was breaking camp and heading for Princeton, N. J., and the Olympic tryouts.

DiMaggio Thinks Pitching Is Key

Cleveland, June 23—(P)—Jolting Joe DiMaggio's big bat is booming again—but the Yankees' one-man batting show believes "pitching will be the answer" in a three-club race for the American league pennant.

The Yankee heir to Babe Ruth's slugging mantle overhauled Cleveland's Ken Keltner yesterday in the battle for the league home run title with a tremendous 480-foot clout into the upper deck of Cleveland Stadium.

Joe's 16th circuit clout, winding up a one-man spree which lifted New York into second place, was his fifth home in three days.

He also rapped two singles to soar about the 300 mark, and moved within one tally of Ted Williams in the runs-batted-in department.

The league's 1947 most valuable player ignored his slugging feats, however, when asked to predict the Junior Circuit pennant winner.

"It will be a fight down to the wire among the Yankees, Cleveland and Boston—and not necessarily in that order," Joe said.

"I think pitching will be the answer, and the club that gets the best hurling down the stretch should win the pennant."

There are two things to remember in playing the No. 8 iron.

1. With this club your feet should be a little closer together than when using the longer irons.
2. Use a slightly open stance favoring the right foot. This is done by taking the left foot back about 2 or 3 inches from the square stance.

Another slight change in playing the 8 iron is in the pivot. Here the pivoting of your body is restricted somewhat as is the swing which becomes slightly shorter. But the club should still be gripped on the "end." As in all shots, the head should remain steady with your eyes on the ball throughout the entire swing.

By WILL GREENSLAY
New York, June 23—(AP)—Given a break in the weather, a bulky fight-wearer Joe Louis will defend his heavyweight championship against Jersey Joe Walcott tonight in what will mark the end of a boxing era.

It's this intriguing prospect—the last ring appearance of a great champion or an upset victory by the old campaigner from South Jersey—that is expected to lure a crowd of 55,000 into Yankee Stadium.

The 15-round title bout is scheduled to start at 9 p. m., EST.

Twentieth Century Sporting Club officials anticipate a gate of between \$600,000 and \$800,000 with radio and television receipts making it a million dollar affair if skies clear.

The weatherman could offer little comfort on that point. He said intermittent showers that hit the New York area yesterday may clear by evening, permitting the battle to go on under warm, humid conditions.

If postponement is necessary, the bout will be staged Thursday night. Odds favoring Louis dropped to 5 to 12 as the result of a last-minute influx of Walcott money and it's possible they will shrink to 1-3 by ring time.

If you like the champion by a knockout you must lay 7 1/2 to 5. If you figure Walcott can end it before schedule you can back pour sentiments at 4 to 1.

The two principals, both 34 and old as fighters go, spent the next to last day quietly.

Louis, at Pompton Lakes, N. J., indulged in a few exercises, saw a movie and ate a heavy meal. He said there would be no "drying out" as the last time.

Walcott took a five-mile run over the hills around Grenloch, N. J., rested in the afternoon and then motored to New York.

The challenger retired early last night at a mid-town hotel.

They weigh in at noon today. Louis expects to scale 215, the heavyweight fighting weight of his career.

Walcott figures to check in at 195.

Texas Is 'Right' For Southpaws

Shreveport, La.—(AP)—Any fair left-handed pitcher can enjoy success in the Texas League if he can just get the ball over the plate, says Francis Parker, manager of the Shreveport club who has been playing and piloting teams in this circuit for 18 years.

The prevailing southwest wind is the reason.

"It's tough for a right-hander either to get or control a curve into the breeze which usually whips in along the first base line," observes Parker, "but the same wind helps the average southpaw."

Babe Didrickson To Meet 'Jinx'

Chicago, June 23—(P)—Favored Babe Didrickson Zaharias met a youthful jinx opponent, two former champions collided and a couple of Texans—founded in today's second round of the 19th women's western golf tourney.

Dewey To Get Most Of North Carolina Votes

Philadelphia, June 23—(AP)—The South Carolina delegation to the Republican National Convention has pledged its six votes on the first ballot for Senator Taft of Ohio.

An informal poll of the North Carolina delegation indicated Governor Thomas Dewey would get 15 of the state's votes, with four for Taft, two or three each for Speaker Joe Martin and Harold Stassen and one for Senator Vandenberg.

Meanwhile Georgia Republicans, headed by Mayor Roy Foster of Wadley, had passed up the opportunity to force a convention showdown between forces of Gov. Dewey and Senator Taft.

Less than four hours before the convention met last night, Foster, a Taft supporter, announced plans to take to the floor his contest

Pitt Countians Are Asked To Be "Good Samaritans" Now

By CHESTER WALSH

The "Crusade for Children," or "American Overseas Aid and the United Nations Appeal for Children" drive is now under way here and elsewhere in Pitt County, Mrs. J. Vance Perkins, president of the Greenville Woman's Club, pointed out today and she urged charitable inclined persons to make donations for the worthy cause.

The drive has been approved by all agencies here, including churches, schools, Parent-Teacher Associations and civic and fraternal and other organizations. Checks may be made payable to "AOA" or "UNAC". Pitt County people are asked to contribute \$6.276 for relief of children in war-torn countries.

The crusade is nation-wide and plans to collect \$60,000,000 in the United States for starving children of war-devastated countries, Mrs. Perkins said. She quoted President Truman as saying: "Millions of people, particularly children, are helpless and suffering in lands laid waste by the recent war, need assistance now—food and clothing and medicine if they are to survive. We must try to help them through this crisis. I know of no better way than by supporting American Overseas and the United Appeal for Children."

Many outstanding Americans including Edward Arnold, Chester Davis, William Green, Herbert H. Lenman, Henry R. Luce, Edward R. Stettinius, Charles P. Taft, Paul G. Hoffman, Philip Murray, Gerald Swope, Will H. Hays and others are supporting this crusade for child victims of the war, Mrs. Perkins said.

Weiss Not Guilty Of Mistreating Slave Labor As Reported

Nuernberg, Germany, June 23—(AP)—Bernhard Weiss was found guilty by an American war crimes court on Dec. 22 of participating in the procurement of prisoners of war for use in manufacturing railway freight cars which the court held constituted military equipment under the Hague convention.

The court convicted Weiss under count one of the indictment. However, this was the only specific charge on which the court found Weiss guilty. It did not find him guilty of exploiting and mistreating slave laborers as stated by the Associated Press, although these charges are carried under count one of the indictment.

Women Speak In Behalf Johnson

Raleigh, N. C., June 23—(AP)—Support for the candidacy of State Treasurer Charles M. Johnson for Governor was voiced by six North Carolina women in a broadcast here last night.

Mrs. John D. Robinson, director of the women's division of the Johnson campaign, presented the speakers. She said the broadcast was arranged to give a cross-section of North Carolina women an opportunity to express their convictions. "The program went out over a state-wide network."

Grain Market

Chicago, June 23—(AP)—With weather providing the background, grains went off in different directions on the board of trade today. For most of the session wheat was firm and corn weak, but both moved up and down frequently enough to present a confused picture.

Wheat closed 1/4-1/2 higher, July \$2.33 1/4-1/2, corn was 11 to 2 cents lower, July \$2.22 1/4-1/2, oats were 1/4-1/2 lower, July 95 1/2-1/4, and soybeans were 2 cents higher, July \$4.16.

N.Y. Stock Market

New York, June 23—(AP)—Railroad shares hauled the stock market to the highest general price level in 22 months today. Demand for the carriers, many of which sold at peak prices for a year or longer, dominated the market. Buying spread to most other groups, though, notably steels.

Volume for the day was at the rate of around 1,700,000 shares. Nickel Plate (New York, Chicago and St. Louis) was again an outstanding performer with a gain of more than 2 points on top of Tuesday's 5-point advance to a new high for the year.

Other rails hitting 1948 peaks included St. Paul, Kansas City Southern, Frisco, Lackawanna, Erie, Seaboard Airline Railroad, Missouri-Kansas-Texas, Southern Railway and Northern Pacific.

Habit Problem

Hastings, Neb.—(AP)—Habit cost a Hastings man the cigarette lighter which used to grace the dashboard on his car. Accustomed to lighting his cigarettes with matches, he put a cigarette in his mouth, plugged in the new car lighter, took it out, lit his cigarette, then absent-mindedly threw the lighter out the window—as he would a match. A roadside search failed to uncover the lighter.

Warren has been governor of California several times. He has given his state distinguished service.

But with him, as in the case of Dewey, there isn't much more he can do to win prestige. His life is at a climax here.

Stassen alone of all the candidates seems to be the one who can run again for nomination, if he loses out this time.

But where he goes from here—if he doesn't get the nomination—is anybody's guess.

Anybody, with each man's life at a peak here, it is no wonder that they are trying furiously to win the nomination.

But this convention, the speeches and the business of the convention itself are only going through the motions because—

Every one here knows that the real business is being settled quietly behind the scenes.

WGTC Winds Up Its Eighth Year On Air In Greenville

By CHESTER WALSH

The Greenville radio station—WGTC—organized on June 6, 1940, has wound up its eighth year of good-will ambassadorship in Pitt County and over an extensive area of Eastern North Carolina and it is going better than ever.

Its services have ranged all through the gamut of public interest. Its facilities are always available to good causes. Its nationwide hookup with the Mutual Broadcasting System on many of the best programs on the air, its generous allotment of unlimited time to community affairs and its support of all things for the progress and development of the section, are legend and appreciated. Its announcers, particularly "old folks" Charley Whedbee, regularly sing-song cheerfully the advantages and resources of Greenville and this part of North Carolina.

Billy Hodges, manager of WGTC and popular leader in the Lions Club, the Junior Chamber of Commerce, and in church and school work, was in the Reflector office today, hobnobbing with the men in the news room and reminiscing about the great progress Greenville has made in recent years, and he "fireside chatted" about everything except politics. When he came in, he "was bearing gifts" of good will and the "good neighbor" spirit.

Emergency . . .

(Continued from page one)

War. Those conquests—the three Baltic states, Poland, Romania, Bulgaria, Hungary, Yugoslavia, Albania and Czechoslovakia—were achieved by sleight-of-hand, to speak euphemistically.

These "political" victories were carried out under the aegis of the Red armies of occupation. Moscow gained many concessions in those early days because she was one of the major allies and had fought a great fight against the Germans.

However, the democratic world finally is awake to the dangers of the communist revolution. The Marshall Plan is beginning to work. The newly created Western European Union and the American government are to engage in conversations relating to mutual military defense. Even Sweden, Norway and Denmark—sitting under Russia's big guns—have had the courage to hold discussions for joint defense of Scandinavia.

No wonder the Cominform is holding an emergency session. The Red flood would seem to have been checked at least temporarily by democracy's energetic measures.

over a contract talk deadlock.

The miners and operators now are engaged in bargaining for a new wage agreement to replace one expiring June 30.

The talks were resumed last night. The operators have not yet accepted Goldsborough's pension fund stipulation. Lewis has insisted that they do so.

If the mine owners agree to go along, this will mark a long step toward possible successful negotiations to prevent a strike in the soft coal pits next month.

The whole problem of writing a new coal contract to replace the pact expiring in a week hinged on Van Horn's decision because—

If he agreed to permit \$100 pensions out of the fund as Lewis wants, prospects of a new agreement looked bright.

Making Your Will Now Is Simply Looking Ahead For Those You Love

Making your Will now, and naming a competent executor, is no more final than buying a life insurance policy. It is simply looking ahead for those you love and being prepared for the eventuality that some day comes to all of us. It does not mark the end of your affairs: It is rather an indication of your foresightedness.

For Wills can and should be changed as time changes your circumstances. Everyone, young or old, who has accumulated property should take this necessary precaution for disposing of it in accordance with his or her wishes—instead of letting the law take its inflexible course.

A Will is just as important for people with modest estates as for wealthy persons. And this bank is interested in serving as your executor.

The Guaranty Bank and Trust Company is authorized under the laws of North Carolina to act as Executor and Trustee. It does not practice law. Your lawyer should advise you on all the legal aspects of your estate plan, and he should draft your Will.

Once your Will is made, you'll feel more peace-of-mind than you have in years—don't put it off.
