Tito Supported By Soldiers And His Communists

Marshall Elected Delegate To Fifth Com- munist Party Con- gress Due Soon

Belgrade, Yugoslavia, July 1 — (AP)—The Communists and soldiers of Yugoslavia rallied around Premier Marshal Tito today, giving him strong support in his defiant stand against the Cominform.

Men who fought beside him in his days as a guerrilla leader—the first proletarian division of the Yugoslav army—elected him as a delegate to the fifth Communist Party Congress, where Yugoslavia's political future may well be decided.

Tito showed up in Belgrade yesterday for the first time since the Cominform blast on Monday. He was greeted with shouts of "Tito Tito" from a youth brigade whose work he inspected.

Today the Central Committee of the Communist Party of Yugoslavia received a telegram from the Slovenian Central Committee rejecting the Cominform charges against Tito. Said the Slovenian communists:

"We cannot be shaken for a moment in our confidence in our leadership, the Central Committee and Tito."

The Cominform—the organization of the eastern communist states led by the Soviet Union—charged Tito with conducting a hateful policy toward the Soviet Union and one opposed to accepted communist theory.

The Yugoslav party congress will be held here July 21. In a program for the event published in the communist newspaper Borba yesterday the Yugoslav Central Committee "supplied Yugoslav independence and called for a Balkan bloc of Yugoslavia, Bulgaria and Albania. Bulgaria previously advocated such a bloc."

The army division's action and the communist's telegram backed up Tito in the face of the condemnation of his policies by the Cominform (Communist International Information Bureau).

News reported that messages from the army and the party are manifesting unity and "unlimited confidence" in the present Yugoslav leadership.

The paper said Yugoslav soldiers greet Tito, founder and supreme commander of the army, and hail the "heroic Central Committee," which it pictured as strengthening socialism and the country's economy.

The division that chose Tito to represent it at the party congress was the first unit he formed in 1941, when he was a guerrilla leader. It stayed with him throughout the war.

Mothball Fleet For Battleship USS Wisconsin

Portsmouth, Va., July 1—(AP)—They put the Battleship Wisconsin in mothballs today.

"Lower the commission pennant," ordered Capt. J. M. Higgins of Madison, Wis., skipper of the 45,000-ton ship. "Hail down the colors."

Thus officially the Wisconsin was decommissioned and became a unit of the Norfolk group, Atlantic reserve fleet. The ceremony was held on the ship's fantail before her greatly reduced complement of 400 officers and men. The ship is berthed at the Norfolk Naval shipyard, her decks and bulkheads swathed in preservatives.

Though brief the Wisconsin's career was an active one. She participated in the Leyte, Luzon, Iwo Jima and Okinawa operations and supported third fleet air strikes at the Japanese home islands.

Out-Dated Technique

Political Conventions Still Follow Time-Honored Customs With Much Oratory And Demonstrations; They Don't Win Convention Votes; Nothing Spontaneous

By JAMES MARLOW

Washington, July 1—(AP)—It's about time politicians got a new technique for their political conventions.

It would be a lot easier on the human beings who go to them if the speeches were fewer and shorter. The present method, repeated every four years, is old-fashioned and tiresome: long speeches and wild man demonstrations that don't mean much.

The late Thomas "Fats" Waller, the fat and happy piano player, used to sing a piece called "The Joint Is Jumpin'."

It describes the Republican convention in Philadelphia on the night of Wednesday, June 23, the night of the nominating speeches.

What happened then may have impressed somebody listening over a radio. It didn't win any votes for anyone.

Starting at 9 p.m. and ending around 4 o'clock in the morning, the names of the would-be candidates for president were placed in nomination.

That meant seven hours of speech-making and demonstrating, far beyond the time when anyone there wished he were in bed.

Each person who got up in the

Truman Predicts Victory And Describes Eleanor Roosevelt As An 'Acceptable' Running Mate

By ERNEST B. VACCARO

Washington, July 1—(AP)—President Truman predicted today his own first-ballot nomination by the Democratic National convention. He also predicted victory in November over the Dewey-Warren Republican ticket.

Mr. Truman said it was up to the convention to pick his vice-presidential running mate. He was asked specifically whether Mrs. Franklin D. Roosevelt and Gen. Dwight D. Eisenhower would be acceptable.

To the Mrs. Roosevelt question, the President smiled and replied: Of course, of course. What would you expect me to say to that?

As for Eisenhower, whom some southern Democrats favor drafting for the Presidential nomination, Mr. Truman replied with the suggestion that the question be put to the General.

Mr. Truman described as foolish question number one a reporter's inquiry as to whether he would withdraw from the race.

The President then replied he

would get the Democratic Presidential nomination on the first ballot at the National convention meeting in Philadelphia July 12.

Mr. Truman told a rapid-fire news conference that he was not worried by talk of a southern revolt against him.

The political questioning began when someone remarked that Senator J. Howard McGrath, Democratic National committee chairman, had asserted Mr. Truman would be nominated on the first ballot.

The President said McGrath was correct.

Selection of a vice-presidential candidate, he said, is up to the National convention.

A reporter observed that former Rep. Clare Boothe Luce (R-Conn.) had suggested that the Democrats' only hope was to nominate Mrs. Roosevelt as the President's running mate.

Would Mrs. Roosevelt be acceptable to the President as vice-presidential candidate, this reporter asked.

Mr. Truman replied: Of course, Tony, of course.

Then Mr. Truman asked what the reporter would expect him (the President) to say to that.

(This exchange was with Ernest B. (Tony) Vaccaro of the Associated Press.)

As to whether he would welcome Gen. Dwight D. Eisenhower as a running mate, the President suggested that the question be put to Eisenhower.

Mr. Truman made it plain that he would make the record of the Republican-Dominated 80th Congress an issue in the campaign.

He said the Republicans left many jobs undone when they quit June 20 for their Republican National Convention.

"Will you call a special session?" a newsmen asked.

Mr. Truman said he would not comment on that at this time. He did say that he would tell the people in the coming campaign what he told them on his recent cross-country trip—of what Congress did to them, not for them.

No Bus Service

Tsingtao, China, July 1—(AP)—This city of 800,000 was without public transportation today—the bus company went broke.

The reason: Seventy per cent of the passengers were in uniform and refused to pay fares.

Arabs To Reject Palestine Plans

Replies To Bernadotte Said Now Being In Preparation

Cairo, July 1—(AP)—A high Arab League source said today the league has decided to reject United Nations proposals for a solution of the Palestine question.

Arab and Jewish leaders are separately preparing their answers to Count Folke Bernadotte, the U. N. Mediator, on his proposals for a Holy Land peace.

The league informant said he expected Bernadotte to come to Cairo within the next two days.

Tewfik Abu Houda Pasha, Trans-Jordan prime minister, said today that Bernadotte's proposal provides for annexation of the Arab part of the Holy Land to Trans-Jordan.

Houda Pasha declared this would be tantamount to returning Trans-Jordan to a dependent status, since the proposed new state would be under partial N. N. jurisdiction.

"I have notified the Arab League's political committee," he said, "that Trans-Jordan is a sovereign country and cannot yield any part of its sovereignty."

"I also told the committee Trans-Jordan has no ambition whatever regarding Palestine and only aims at preventing the creation of a Jewish state and partition of the Holy Land."

Houda Pasha said the annexation proposal was a "revival of the old Jewish plan."

Mackenzie King Plans To Resign

Ottawa, July 1—(AP)—Prime Minister W. L. Mackenzie King told Parliament last night he will resign this fall.

He indicated in his farewell address that, in event of war, he would be willing to return to the office. The closing session of Parliament gave the 73-year-old leader an ovation. He took office Oct. 23, 1935.

President Critical, But Signs Housing Measure

Washington, July 1—(AP)—President Truman today signed a Republican-modified housing bill but said the 80th Congress "failed miserably" to meet long-range housing needs.

The President told a news conference the legislation is "practically nothing" at all as a housing bill.

Prices Increased On Tubes, Tires

New York, July 1—(AP)—United States Rubber Co. today raised its tire and tube prices from 5 to 7-1/2 per cent.

The company, first to announce a tire increase, said passenger car tires would be up about 6 per cent, truck tires up 5 per cent and farm tractor tires up 6 to 7-1/2 per cent depending on size. Inner tubes will be 6 per cent higher.

Plan To Step Up Auto Inspection

Regulations Being Drafted; Will Be Ready By Next Week

Raleigh, July 1—(AP)—Regulations to speed up mechanical inspection of motor vehicles are being drafted, the motor vehicles department announced today.

The new regulations probably will be completed the first of next week, the announcement said.

Director Arthur T. Moore of the inspections division pointed out that only 231,243 of 850,771 vehicles registered have been inspected so far this year.

Moore said that the new regulations will require that certain model cars must bear inspection stickers by certain dates.

"By working it out this way," Moore said, "we can be assured that when the end of the year rolls around, all vehicles will be wearing their approved seals."

The inspection law passed by the 1947 General Assembly requires that all vehicles—cars, trucks, trailers, motorcycles, mopeds, etc.—registered in North Carolina must be inspected once during 1948 and twice a year thereafter.

Moore pointed out that the inspection situation is worse in the larger cities where permanent lanes are located.

"There motorists have no excuse for not having their inspections—permanent lanes have been in the larger towns since the first of the year; in rural areas, however, motorists do not have the full-time benefit of a lane, but have to go for inspection when it is in their particular areas."

Battered Tot Is Found Wandering Along Highway

Prescott, Ark., July 1—(AP)—A battered, blond girl about three years old was found wandering in the pre-dawn darkness today on U. S. highway 67 near Emmett, Ark.

The child's front teeth were knocked out and her body was covered with bruises. How she came to be there was not determined.

She was brought to the Prescott hospital by passersby. She said her first name was Mary and that her last name was "Holbert" or "Holford." Her lips were so battered that her speech was unintelligible.

M. H. Wakefield, Dallas, Tex., driver of Strickland Truck Lines, spotted the child on the highway, shortly after 1 a. m. He searched the area for a possible wreck. He found none.

Six Jet Planes Flying Atlantic

Odiham Aerodrome, Eng., July 1—(AP)—Six jet-powered Vampire fighter planes of the Royal Air Force took off today on a flight to Montreal and New York.

The sleek, twin-boomed craft will be the first jets ever to fly the Atlantic. The RAF said the flight is "a serious tactical exercise."

Massacre Laid To Chinese Reds

Nanking, July 1—(AP)—A government spokesman charged today that Chinese Communists massacred 5,000 National troops at Kaifeng.

The spokesman, Gen. Teng Wen-yi, said the 5,000 were machine-gunned on the banks of the Yellow River. They included National soldiers, Kuomintang (National party) members and government workers, he said.

CORONER'S INQUEST INTO FATAL SHOOTING TONIGHT

Pitt County Coroner Griffin H. Rouse will hold an inquest at the City Hall tonight at 7:30 concerning the alleged fatal shooting of Robert Overby, colored, by Andrew Jenkins, colored, in the "Bama section last Monday night. Police said the two men had an affair and that Jenkins, operator of a cafe, shot the man through the heart. Overby died instantly.

Royall Delaying Gov't Contract With Rail Unions

Informing Judge That He Prefers To Await Results Of Steel- man's Efforts

Washington, July 1—(AP)—Army Secretary Kenneth Royall said today he is putting off making a government contract with three railroad unions as long as there is hope of a settlement between the unions and railroad management.

Royall told Justice T. Alan Goldsborough he has preferred to await efforts by presidential assistant John R. Steelman to bring about a settlement of the dispute between the railroads and the unions.

The government has been operating the railroads under a seizure order issued by President Truman May 10. At the same time Goldsborough issued a temporary court ban against a strike by the unions. The unions had planned a walkout May 11.

Goldsborough's hearing today was on a Justice Department request to make permanent his injunction against a strike.

Royall technically is operating the railroads for the government. He said that under the terms of Mr. Steelman's settlement offer he can negotiate a contract with the unions or simply impose changes in working conditions.

The Army secretary said he has preferred to allow time for the White House efforts to settle the dispute.

The unions rejected a 15% cost-of-living pay increase and differed with rail management concerning proposed changes in working rules.

So far Steelman's settlement efforts have been unsuccessful, but Royall said he sees no reason to step in now.

Carl McFarland, attorney for the unions, asked Royall when he intends to exercise his authority to deal with the unions.

Royall declined to "bind myself on future action." Goldsborough did not require the Army secretary to answer the question.

Says Bipartisan Policy Limited

Dewey Views Appli- cation Chiefly In Regards UN

Albany, N.Y., July 1—(AP)—Governor Thomas E. Dewey declared today that a United States bipartisan foreign policy which he said he "founded" in 1944 has applied, in the main, only to United Nations affairs.

At a press conference, the Republican presidential nominee said:

"The bipartisan policy has not been applied in the other fields of foreign affairs in most of which there has been no consultation by the administration with the Republican leadership."

He listed "the other fields of foreign affairs" in which he said there had been no consultation with the Republican leadership as the "Greek-Turkish policy which was handed to the American people without consultation, the Potsdam conference and the entire China policy or lack of one."

"I have been discussing the facts and will draw conclusions when the campaign gets under way," Dewey's statement followed a conference in the executive mansion last night with his foreign affairs adviser, John Foster Dulles.

The candidate explained he did not list the Marshall Plan among the "other fields of foreign affairs" in which there had been no consultation because, "as enacted into law it expressed largely the views of Republican leaders including the pattern I proposed in what I believed was the first speech charting details of the aid to Europe program."

Albanian Radio Condemns Tito

Washington, July 1—(AP)—Government radio monitors reported today that a broadcast from Communist headquarters in Albania said the country stands with Russia in the Communist crisis over Yugoslavia.

The broadcast accused Yugoslav leaders of "open treason."

The Monitoring Service's record of the broadcast was distributed among top officials of the State Department and elsewhere.

Urge Joe Louis Run For Office

Detroit, July 1—(AP)—The Detroit Tribune said today that Joe Louis is being urged to run for a seat in the city council here.

Louis announced his retirement as world's heavyweight champion last week and indicated he might be interested in politics.

The Tribune, a semi-weekly Negro newspaper, said several Negro political leaders and public officials have promised their support to Louis if he should seek a council seat left vacant by a recent resignation.

Russians Withdraw From Four-Power Berlin Gov't

Joint Note

London, July 1—(AP)—Informed Whitehall sources said today the United States, Britain and France have drafted a joint note to Russia demanding an end to her blockade of Berlin and the restoration of four-power rule over the city.

After formal approval has been given to the draft by Secretary of State Marshall, Foreign Secretary Ernest Bevin and Foreign Minister Georges Bidault the note will be sent to the Kremlin, possibly by the weekend, the sources said.

The U. S. and French ambassadors, Lewis Douglas and Rene Massigli, and Sir William Strang, British Foreign Office expert on Germany, put the finishing touches to the Western powers' demand in a two-hour talk today.

A Foreign Office spokesman refused to discuss its contents.

Western Zones Of Germany Get Offer To Unite

U.S., Britain And France Propose For- mation Of Own Fed- eral Gov't

Frankfurt, Germany, July 1—(AP)—The U. S., Britain and France offered the 45,000,000 western Germans the right today to form their own federal government and accept a substitute for a peace treaty.

The government, giving western German officials full power except in foreign relations, probably will come into being early next year. It would unite the three western occupation zones.

The Russians and their satellite states talked last week in Warsaw of establishing an eastern German state. Moscow and German Communists have expressed anger over the plan for western Germany.

German leaders did not immediately accept the proposal made by the western powers' military governors. They asked time to discuss it but there was no question as to whether the offer will be accepted.

The German political leaders of the three zones met with Gen. Lucius D. Clay (U. S.) Sir Brian Robertson (British) and Pierre Koenig (French) at U. S. army headquarters, the former office of the I. C. Farbenindustrie Chemical trust.

They were told they should draft a Democratic constitution on or after Sept. 1, for approval by referendum. The western powers informed them the boundaries of the 11 states of the three zones could be altered to observe "traditional State." They were promised an "occupation statute" in lieu of peace treaty. This would give the new government almost all powers of an independent nation.

The three powers plus Belgium, the Netherlands and Luxembourg had agreed at a recent London conference to form the new state. Other provisions included international control of the coal and steel of the Ruhr, and continued allied occupation until peace is assured.

Clay told the Germans:

"It is our sincere hope that you will be able to develop a government structure which will contribute to the stability of Europe and to the building of a lasting peace."

He stressed that the allied offers are merely proposals. He said German suggestions for changes will be considered.

RESERVE AIRMEN KILLED

Fredericksburg, Va., July 1—(AP)—Five Navy reserve fliers were killed yesterday in the crash of a twin engine transport plane five miles north of here.

EDUCATION BUDGET RISES

Raleigh, N.C., July 1—(AP)—The State Board of Education today adopted a budget contemplating expenditure of \$61,278,703 to operate the public schools this fiscal year. Expenditures last year was estimated at \$57,760,070.

Support Prices For '48 Leaf Crop Is Announced

Washington, July 1—(AP)—Burley rate.

Dark air-cured at 66 2-3 per cent of the burley rate.

Considerably less of this year's crop is expected to be placed under loans than a year ago, the department said. Smaller production and more favorable export markets are expected.

In making this announcement yesterday, officials said the schedule of rates by various grades will be announced later.

Loans to growers through cooperative associations will support prices.

All loans will be made on the basis of official standard grades at a specified rate for each grade, with appropriate differentials for tied and untied tobacco.

The following support programs for other crops this year were also announced:

Burley: Virginia sun-cured and Maryland, at 90 per cent of the Sept. 1 parity price.

Fire-cured at 75 per cent of the

Finland Holding Parliament Vote

Helsinki, July 1—(AP)—Finland, Russia's northwestern neighbor, picks a new parliament in a free and secret election today and tomorrow. The Popular Democrats, comprising the Communists and Socialist Unity party, are expected to lose some of their seats.

Six parties are competing for the 200 seats in the single-house parliament, which serves three years. The Popular Democrats now have 51 seats. Cautious observers say they will keep 47. Strong boosters of other parties forecast they will drop to 35.

CRASH KILLS EIGHT

Brussels, Belgium, July 1—(AP)—Eight persons were killed today in the crash landing of an Italian Airlines plane near the airfield at Keerbergen, Belgium, about midway between Brussels and Antwerp.

American Command- er And Introduction Of Western Curren- cy Into City Blamed For Death Of Kom- mandatura; Slow Starvation Still Fac- ing 2 Million Berlin- ers

Berlin, July 1—(AP)—The Russians quit the Berlin city government today and thus killed the last functioning four-power governing body in Germany.

A British spokesman reported this latest development in the Berlin crisis. He said the Russians withdrew from the Kommandatura, the allied body set up to rule Berlin, with the statement that "the Kommandatura no longer exists."

The spokesman quoted Col. Boris Kellin, the Soviet chief of staff here, as blaming the behavior of Col. Frank Howley, American commander for Berlin, and introduction of the western currency into the city, for the death of the Kommandatura.

But William Babcock, U. S. Deputy commander in Berlin, issued a statement declaring:

"So far as we are concerned, there still is a Quadripartite government of the city and we are ready to maintain it. Before the Russian act can become official, the statement of a very low level officer (Kellin) will have to be confirmed by (Soviet) Marshal Sokolovsky to (U. S.) Gen. Clay."

The fate of the western allies in Berlin, deep inside the Soviet zone and under Russian Food blockade, remained a question. The United States and Britain, publicly committed to withstand all efforts of the Russians to squeeze them from the city, stepped up their flow of transport planes in an effort to break the blockade.

On the diplomatic front, the U. S., Britain and France considered joining forces in a new effort to open up the western sectors of the city, where some 2,000,000 Berliners face slow starvation.

Britain and the U. S. funneled in more than 400 planes yesterday in the greatest air ferrying operation in peacetime history. The Americans had sent 122 transports to the city by late afternoon and more were enroute. The British flew in 100 cargo craft and promised to double the number by the end of the week.

In Washington, U. S. Secretary of State George C. Marshall said "we intend to stay" in Berlin regardless of the Russian blockade. His announcement coincided with a Washington announcement that the number of B-29 superfortresses in Germany is being increased from 10 to 30.

In London, Foreign Secretary Ernest Bevin said the western powers are determined to continue flying food to Berlin despite the risk of trouble with the Russians.

Bevin told the House of Commons the western powers are considering a direct approach to the Kremlin in an attempt to settle the Berlin crisis.

In Paris, Foreign Ministry sources (Continued on Page Ten)

Blythe, Horton Visit President

Washington, July 1—(AP)—Two North Carolina Democrats chatted today with President Truman about Washington weather—not politics—they said after their White House visit.

Joe Blythe of Charlotte, Democratic national committee treasurer, said he and W. P. Horton of Pittsboro, North Carolina, Democratic chairman, spoke to the President as he stood at his office door, bidding some other visitors goodbye.

Bad Tactical Blunder

Explanation Of Kremlin's Mistake In Turning Cominform Against Marshal Tito; Some Suspicious In Washington; Stiffening Of Western Allies Resistance

By DEWITT MACKENZIE

The Muscovite hierarchy clearly has made a mighty bad tactical blunder in sacking its Cominform police-dog on Marshal Tito and the Yugoslav communist captains.

The Cominform has received a kick in the teeth which has done more to convince the western democracies of the Bolshevik dictatorship's vulnerability than any event since the war. Moscow had played the school-yard bully with so little resistance for so long that it had built up a tradition of success. Now in one bad move it has thrown away much of its ill-gained advantage.

The immediate result has been a stiffening of the democratic front. True, some very cautious quarters in Washington have been speculating that the Yugoslav maneuver might be a ruse to arouse western antagonism and then capitalize on it, or to open up Yugoslavia as a channel through which Marshall Plan help could pass into the Soviet zone. Be that as may, if it was intended as a trick, it has failed.

Social and Personal

Little Sandra Bullock, daughter of Mr. and Mrs. J. Raymond Bullock of Ayden, N. C., formerly of Greenville, is improving in Pitt General hospital after being seriously ill for several days.

Benjie James, son of Mr. and Mrs. Solie James, of Stokes, is a patient in Pitt General hospital.

Miss Rachel Brooks left yesterday for Seltito, Mexico, where she will spend six weeks in the International college summer school.

Mrs. Robert Lee Humber, Mrs. Spruill Spain, and Mrs. J. K. Long are attending the South Atlantic regional conference of the American Association of University Women being held at Grove Park Inn, Asheville.

Friends of Mr. John R. Askew will regret to learn that he is a patient in Watt's hospital, Durham.

Miss Ann Smith left this morning for Burlington to attend the wedding of Miss Becky Fogleman as brides maid.

Misses Barbara White and Carolyn Clapp left Saturday for Camp Kanuga, near Hendersonville.

Mrs. Berry Bostic left today for Atlantic Beach to spend the summer.

Mrs. Rex Hodges and children, who have been visiting Mr. and Mrs. Berry Bostic, have returned to their home in Washington.

The many friends of Mr. T. T. Hollingsworth will be glad to know that he is getting along fine following an operation at Pitt General hospital.

Mrs. W. S. Galloway, Mrs. Matt Long and Jimmie Long left today for Virginia Beach to spend several weeks.

The condition of Rev. H. Frederick Jones, who is ill in Memorial General hospital in Kinston is slightly improved.

Mrs. Claude Batts is a patient in Pitt General hospital.

Miss Betty Byrd Warfield of Waynesboro, Pa., is the guest of Miss Rosemond Nicholson.

John Farley, Jimmie Galloway, Iverson Skinner, Edwards Dowd, Marvin Blount, Jr., Walter Reid Perkins, Jr., and Lawrence Perkins left Tuesday for Camp Mishemokwa near Hendersonville.

Vacation Bible School at Ballard's Presbyterian Church

The children and young people of Ballard's Cross Roads have been enjoying Daily Vacation Bible school held by the Presbyterian Church this week. There were 82 enrolled, a large number of these being young people.

The theme was "Christian Living," studied by four groups, the beginners, primary, juniors and young people. Teachers assisting with the school were Mrs. C. C. Harris, Miss Gladys Crawford and Miss Jean Crawford. Directing the music was Mrs. W. B. Crawford.

Refreshments were served every afternoon by the ladies of the Auxiliary.

Miss Leone Falls was superintendent of the Bible school.

Friday evening a picnic was held at the Farmville swimming pool. Children, parents and teachers all had a good time.

The Bible school was concluded with commencement program Sunday morning at the Sunday school of the Presbyterian Church.

Engagement Announced
Mr. and Mrs. Alvah Clyde Howard announce the engagement of their daughter, Thelma Jewel, to Robert Hassel James, son of Mr. and Mrs. Charlie James, Sr., of Stokes. The wedding will take place August 11.

Masonic Notice
There will be an Emergency Communication of Greenville Lodge No. 284 A. F. & A. M. Friday afternoon at 3 o'clock for the purpose of conducting the funeral of our late Brother T. A. Etheridge.

W. HERMAN HARDEE, Master
A. R. HOUSE, Secretary.

Mrs. Charles Laughinghouse Stokes, who before her marriage on Wednesday, June 30, in the Christian Church in Farmville, was Miss Ruby Evans Moye, daughter of Mr. and Mrs. Lawrence Anderson Moye, of Maury. Mr. Stokes is the son of Mr. and Mrs. Richard Carter Stokes, Jr., of Greenville.

40 Years Ago Today

THE DAILY REFLECTOR
July 1, 1908

Misses Mattie Moye King and Elie Brown left this morning for Asheville.

Misses Hennie and Willie Ragsdale left this morning for Hendersonville to spend some time.

Tobacco curing and laying by corn are the order of the day.

Misses Jamie Bryan left this morning for Richmond.

No, sir, Greenville is anything else but a dry town, even if a lot of bad odors can be heard (?) floating around.

Among U. S. Negroes, 55 women died in 1942 in childbirth for every 1000 live births compared with 22 deaths among white women.

May Day In June At Camp Hardee Was Great Event

By CHESTER WALSH

Yesterday was a gala occasion at Camp Hardee. Girl Scout summer camp, on a high bluff overlooking Pamlico River, below Chocowinity, when the campers participated in a "May Day in June" and water carnival. It was an elaborate affair. All of the costumes were made of crepe paper by the girls in camp.

The May Queen and her court were May Pole. Hannah Proctor was queen. Betty Sue Jones was maid of honor. Sylvia Satterthwaite was crown bearer, Nancy Hoot and Betty Campbell were train bearers.

Members of the queen's court were Joanna Hardee, Nina Spence, Ann Hamrich, Pat Thomas, Gwyn

Clark and Helen Hawes.

Court jesters were Elinor Wallace and Susie Ferrell.

May Pole dancers were Patsy Flanagan, Gwen Johnson, Margaret Moye, Dorothy Bullock, Della Davenport, Annette Dunn, Sandra Bethune, Mary Kathryn Johnson, Lou Cheatham, Alice Goodall, Doring Jenkins, Julia Ann Tracy. Other dancers were Nell Rose Wallace, Mary Emory Russ, Shirley Keeter, Mary Ellington Smithwick, Betty Dewey, Mary B. Whitley, Dolly Best, Louise Smaw, Barbara Tingle and Hattie Bethune. Music for the dancing was provided by a phonograph.

The water carnival was an outstanding feature of the "May Day in June" festival. The girls participating executed intricate numbers in the water and on the sandy beach. They demonstrated that they had had excellent training in camp.

Many of the girls who participated in the aquatic events could not swim a stroke when they went to

camp about two weeks ago. Parents and friends of Girl Scouting were special guests, and they were thrilled and pleased with the fine show the youngsters put on.

ACCEPTS POSITION AS SALESMAN AT EFIRD'S

Robert Hassell James, well known in Greenville, has accepted a position as salesman at Efrid's Department Store, on Evans street, near Five Points. He has many friends here and in the county.

JAYCEES MEET JULY 6th
President B. B. Sugg announced today that the Junior Chamber of Commerce has changed the date of its regular supper meeting to Tuesday, July 6. The meeting will be held at the Olde Towne Inn at 6:30 p.m.

The number of faculty members in U. S. college-grade schools increased about 60 per cent between 1930 and 1940.

C. Heber Forbes

Designate Four Polio Epidemic Areas In N.C.

Raleigh, N.C., July 1—(AP)—The advance of infantile paralysis in North Carolina has resulted in designation of four counties as "epidemic areas."

Dr. C. P. Stevick of the State Board of Health said the four are Guilford, Burke, Moore and Cumberland. He added that as yet there is no state-wide epidemic.

"The majority of the cases are still confined to the middle portion of the state," he said. "The extreme western and Eastern parts of the state continue to remain within normal limits."

Reports of 25 new cases of polio to the state board yesterday made the current outbreak the state's third most severe strike of the disease. Through yesterday 309 cases had been reported for the year, as compared with 300 for all of last year. The worst years was 1944, when 873 cases were reported, and the second most severe was 1935, when there were 675 cases.

Eight of the new cases reported yesterday were in Guilford county, which made its total for June reach 27. Burke reported 31 cases during the month, Moore reported three new cases yesterday, making a June total of 14, and Cumberland has reported 13 cases.

The 25 cases brought to 185 the total for June and to 255 the total for May and June.

Police Investigate Series Of Robberies Committed In City

By CHESTER WALSH

Police are investigating a robbery committed at Blount and Taft's office on West Third street Tuesday night, when a robber entered through an unlocked hall door and took about \$575 in currency from an unsafe safe. Some of the bills were of large denomination.

Police are continuing their investigation of the larceny of an electric wood saw valued at \$100 from Eddie Barber's chicken house, near where John Laurens is building his house. The saw belonged to Dr. Herbert Hadley, police said.

A prowler broke into S. M. Burton's home on East 14th street extension about a week ago by prying up a

Begins Season

Manteo, N.C., July 1—(AP)—The Lost Colony historical drama begins its 11th season at the Waterside Theater here tonight. Governor Gregg Cherry will make a short speech. Then this year's first nighters will settle down to see Paul Green's re-enactment of the adventures of Sir Walter Raleigh's colonists who disappeared from the Outer Banks without trace.

There will be 50 performances this season, through Labor Day, Sept. 6. Ticket show will be presented each Wednesday through Sunday, beginning at 8:15 p.m.

Window during the forenoon and thoroughly ransacked the house. He made a corned beef sandwich while there and dropped scraps of the meat in every room during the ransacking. Nothing was missing except the corned beef, police said.

Two-Day Strike Settles Dispute

Chicago, July 1—(AP)—The International Harvester Company and the CIO United Farm Equipment Workers settled a lengthy wage dispute last night, 48 hours after a strike by some 35,000 union members in nine of the company's plants.

The new contract provides for a wage increase of 11 cents an hour and retention of provisions in the old contract.

The union described the settlement with the company as "satisfactory."

Fertilizer May Become 'Atomic'

Raleigh, N.C., July 1—(AP)—"Atomic" fertilizer may be next.

Dr. Nathan Hall, director of a project at N.C. State College, said here that radioactive materials, products of atomic energy development, are being tested for potentialities in helping grow five crops.

All that happened on Wednesday night and early Thursday morning. But nobody at that time could be swept up in emotion to cast a single ballot for anyone. The reason: The voting itself did not, and everyone there knew would not, start until Thursday afternoon. But

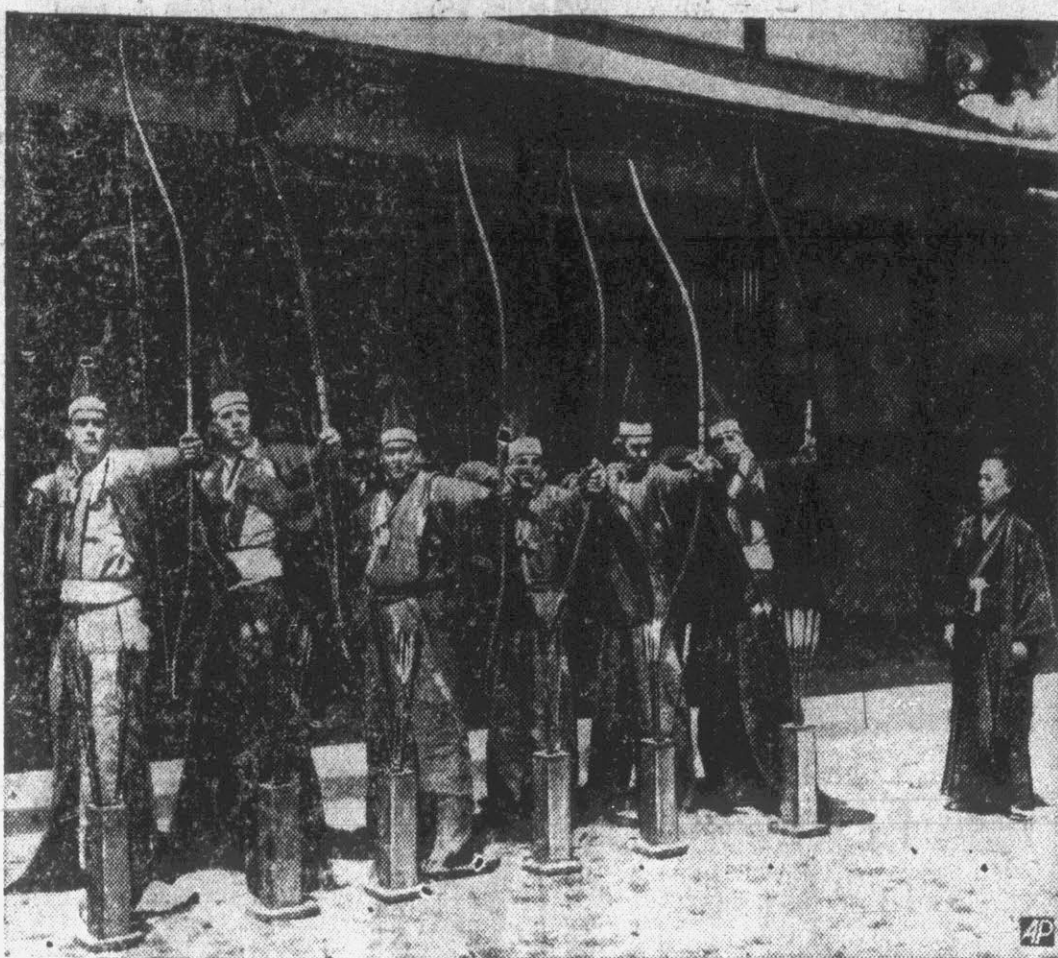

Pay Rises; Work Week Is Reduced

Raleigh, N.C., July 1—(AP)—Hourly pay was up but the average workweek was down in North Carolina industry during May, the State Labor Department reported today.

This resulted in a drop of nearly one per cent in average weekly earnings in May as compared with April.

May averages for all industry were: hourly earnings \$1.01; weekly earnings \$39.65; and work week 39.2 hours.

In boring deep wells, the bottom of the hole gets one degree hotter on the average for every 60 feet of depth.

GI'S IN ANCIENT GUISE—A group of GI's wear dress appropriate to the ancient sport as they learn archery in Japan under the guidance of the country's No. 1 archer, Toshisuke Nara (right). The instructor's school was taken over by the U.S. Army for troops who want to take up the sport. Left to right: Sgt. Martin Bauman, Baltimore; Pvt. Delbert Reed, Columbus, O.; T/5 Earnest Willoughby, Honolulu; Pvt. Raymond Sorensen, Palatine, Ill.; Pvt. William L. Rose, Winters, Calif.; and Pfc. Weldon G. Folwell, Forrest, Ill.

Out-Dated . . .

(Continued from Page One)

thought each parade after a nomination was a spontaneous outburst of joy, all very sudden, for the candidate just placed in nomination. It wasn't.

For example: A swarm of people waited for hours in the basement so they could go upstairs at the right time and put on, or join in, the demonstration for Harold E. Stassen when his name was placed in nomination.

They carried huge Stassen banners and thousands of balloons to give color to their performance when it started.

All that happened on Wednesday night and early Thursday morning. But nobody at that time could be swept up in emotion to cast a single ballot for anyone. The reason:

The voting itself did not, and everyone there knew would not, start until Thursday afternoon. But

it's been customary for years to amid all the excitement, that Dewey put on demonstrations like that, so they were put on.

All this must have been a bit amusing to Gov. Thomas E. Dewey and the political generals running his campaign.

Lakes impounded by dams of the Tennessee Valley Authority have shore lines totalling 10,000 miles.

Picnic on the Porch

After a strenuous Fourth of July, evening finds most of us ready to relax on the porch. A light but tempting supper plus good friends make a good finale for a perfect day.

Assorted Cold Cuts

Back Row: deviled Clear Brook Eggs
 2nd row: cornucopias. To make: Slice Wilson's Certified Luncheon Roll Sausage thinly, roll to form a cornucopia, and fasten with a cocktail pick. Fill with potato salad.
 3rd row: (left to right) three slices each of Wilson's Certified Braunschweiger, Thüringer, and Salami (all cut on the bias for greater attractiveness).
 4th row: half slices of Certified New England Brand Sausage and Certified Bologna.
 5th row: deviled Clear Brook Eggs.

Picnic Plenty

Accompany the platter of assorted cold cuts with rich red tomato wedges topped with Wilson's Mayonnaise, extra potato salad and deviled eggs, potato chips, tasty hot rolls with plenty of Wilson's Certified Margarine or Clear Brook Butter and icy cold watermelon for dessert.

Protein-Rich Egg Salad

Here's a recipe for picnic or home your family will praise: Hard-cook and chill 8 Clear Brook Eggs. Dice eggs and add ½ tsp. salt, ½ tsp. grated onion,

Play It Safe

Community fire displays are much safer than the home variety. So play safe this year. The eye you save may be your own.

Strength FOR THE DAY

MOHAMMED AND THE MOUNTAIN
Psychologists experimenting with rats report that if they confront a rat with two closed doors and put food behind one of them, he will eventually learn to use that same door each time and ignore the other door. If, however, they then begin putting food behind the other door, the rat is lost; he will continue to try the same old door, again and again, until he is so tired and frustrated that he cannot be made to go through any door.

Often we are faced in life with problems which are just as confusing and frustrating to us as the change of doors is to the rat. We batter away at them, trying in the same old way to succeed, and failing each time. We try harder, but we do not try more wisely. Sometimes all we need is a new approach—another door—and we will find that the problem has disappeared all together.

There is always another approach to any problem—possibly many other approaches. We need to realize that what we often need is not more effort, but better effort. Mohammed legend tells that the prophet Mohammed once commanded a mountain to come to him. It did not move. He might have ordered, entreated, begged, or threatened in vain; instead, he solved this problem by a new approach. He went to the mountain.

over the recent primary election. Col. John W. Harrelson, chancellor of State College, added his bit yesterday. He says with Kerr Scott, an alumnus and proven friend of the college, in the governor's office; J. M. Broughton in the senate and Stag Ballentine as commissioner of agriculture, both alumni of Wake Forest but with records of friendly service to State College, the institution has best opportunity in its history to really go forward in leading agricultural development of North Carolina. Dr. Clarence Poe, editor of the Progressive Farmer, thinks both Johnson and Scott should be commended for not broaching during the campaign anything approaching a racial or class issue.

WASHINGTON LETTER

By JANE EADS
Washington—In 1934, Dr. Xenophon P. Smith began to carry out Thomas A. Edison's prophecy—made 71 years ago—that the phonograph he invented would some day be "dandy for recording books for the blind."

Dr. Smith, who says his mother named him Xenophon so he would not be confused with the John and Bill Smiths, launched the Library of Congress "Talking Book Program for the Blind."

Since 1934, more than 1,400 books, including the Bible and "most of the good books, past and present" have been recorded. Before this the library had been turning out books in Braille. The program, which struggled along for years on meager funds, is now becoming under the impetus of a million-dollar appropriation from Congress. The library's Division for the Blind has more than 25,000 talking book machines in use throughout the country. It hopes in a few years to have 65,000.

The machines are furnished free to the blind and they may be kept indefinitely. The user does not have to worry about the upkeep. If something goes wrong the library repairs the machine. If the machine wears out the user gets a new one.

The recordings are lent by library.

Boyle's Column

By HAL BOYLE
Staten Island, N. Y.—(AP)—The ships stand out to sea, and the old men sit on benches on a broad green lawn and watch them go.

Elderly men like these, done with the sea, have been doing this for 115 years on a tree-shaded 100-acre estate bordering New York harbor.

They are old salts washed up on this grassy beach after a lifetime on the deep. Their last anchorage is called "the sailors' snug harbor."

And it is a snug harbor indeed. Because of its retired marines here are like millionaires in one respect—they have no housing shortage. There actually is a shortage of old sailors willing to spend their last years together on the cuff.

"In 1915, our peak year, we had 925 men here," said the home's governor, Capt. Henry R. Patterson, a retired naval officer. "Now we have less than 400."

The "sailors' snug harbor" is a multi-million dollar investment and affords its occupants a pleasanter life than many enjoyed in their years at sea. The home has fifty buildings, including eight main dormitories and mess halls, its own hospital and medical staff and a dairy with sixty milk cows.

It also has its own cemetery. Of the 9,000 seafarers who have retired here, few have left. More than 5,000 are buried on the grounds.

The men get free food, quarters, clothing and a pound of tobacco—either chewing or smoking—a month. Those who want to can also earn \$5 to \$15 a month spending money doing odd jobs around the home.

It is one of the world's most unusual charities. It was created by Captain Robert Richard Randall, a privateer, who died in 1801 and left \$7,500 and a 20-acre farm in Manhattan to found a home for "aged, decrepit and worn-out sailors."

The will was drawn by a famous landlubber—Alexander Hamilton—and he drew it so expertly that relatives tried for 30 years in vain to break it. The home was opened in 1833.

It expanded steadily on the vast income from the property left by Captain Randall, which borders lower Fifth Avenue and has grown to great value. Rent paid by Mark Twain and Grover Whalen for houses or apartments built on the old farm site have helped swell the fund's income.

The original trustees apparently had some hope of winning the retired mariners from the wild ways of their youth, for they built a huge church and a chapel. But a sailor is a hard man to reform at any age.

"The church has become something of a white elephant to us—it is so expensive to repair," admitted Capt. Patterson. "And only about thirty of the men attend services each Sunday."

Their favorite recreation are shooting pool, playing checkers, swapping lies, or just sitting on the benches watching the ships plow seaward.

There is a library of 3,000 volumes, but 70-year-old Capt. Fred Healy, the librarian, said only a few old sailors asked for "good books."

"They don't read sea stories much either," he said, shaking his head. "All they want is westerns—cowboy stories."

Women IN THE CHURCH
by Mary Fowler

Miss Norma Bloomquist, an experienced American educational missionary to Liberia, has been appointed Director of Literacy for all mission agencies in that Republic, and has been assisting Dr. Frank C. Laubach in spreading "the gospel of literacy" on his recent tour. They have interested the educational authorities of Liberia in promoting a campaign to have hundreds of thousands of natives trained to read in their own tongues and to have "each one (who learns to read) teach one." The Firestone plantation authorities have agreed to teach 30,000 of their employees to read and write, and other concerns are taking similar interest. Dr. Laubach has prepared and taught the fundamentals of reading in eight languages used in Liberia: Basco, Mano, Glo, Kpelle, Kru, Vai, Gola, and Grebo.

A statement commending nurses, housemothers and physicians who care for the 100,000 mentally deficient persons in institutions in

United States, and the other numbers outside places of care, was recently adopted by the Federal Council of the Churches of Christ. "Believing that Christian education, appropriately and expertly carried out, is as much a right of these persons as of others with greater capacity of intellect," the statement said, "we commend jointly to the churches and to experts on deficiency the continued study and exploration of the best means that can be found to bring the resources of religious faith to mentally deficient persons."

Of the children who attend Sunday schools in their early years, and then "drop out," 54 percent leave the schools at the ages of 12, 13, and 14, according to a person-to-person survey made in the Baltimore Conference of the Methodist Church. Of those who continue to attend, 31 percent said they were influenced to do so by the attitude and example of their parents; while 68 percent of those who attend Sunday school also remain to participate in the morning service of worship. Of the non-attendees at school, only 12 percent, and these chiefly from the rural areas, gave poor transportation as a factor. "To learn about God" was the principal reason most of those questioned gave for attendance at Sunday school. According to those taking the poll, it was a demonstration that more must be done to enlist adults; if the children are to be interested.

No Vacuum Tubes In New Radio Unveiled Yesterday

Announcement

Principal O. E. Dowd issued the following statement today: "It has always been the policy of Greenville High School to offer courses in the high school curriculum that there is a demand for. A few students and parents have expressed an interest in including Latin I in the course of study next year. All students interested in taking Latin I next year are urged to get in touch immediately with the principal's office, either by calling in person or telephoning 2807. This announcement is being made in order to find out how many students desire Latin I. If enough students are interested in the Latin course, it will be included in the curriculum for the year 1948-49."

Jonathan Daniels To Be Commencement Speaker At College

Jonathan Daniels, editor of the Raleigh News and Observer, has accepted an invitation to speak at commencement exercises at East Carolina Teachers College on Friday, August 22, when the summer session for 1948 will come to a close. Daniels has had a distinguished career and is one of the state's leading journalists. He began work on the News and Observer soon after his graduation from the Columbia University law school. In 1932 he became associate editor of the paper and is now editor-in-chief. Daniels will be the second of the family to speak at an East Carolina commencement. The late Josephus Daniels, his father, delivered the address to graduates of the college in 1903.

New York, July 1—(AP)—A new scientific wonder, a radio set with no vacuum tubes, that plays instantly when turned on, was unveiled yesterday. It is called a transistor.

The heart of this set is a few bits of metal, as big as match heads, these are solid, but they do the same work as radio tubes.

The new set, shown by the Bell Telephone Laboratories, does not need to warm up before it plays. It neither lights nor glows nor produces any heat. Less juice than a flashlight runs it.

The set still is under experiment, and is not soon to be on the market. Bell scientists, who made it, have discovered a new principle of electronics, and expect this principle to have many other uses.

In place of radio tubes, the set uses little metal cylinders, hollow, not much larger than the metal tips of shoe laces. At the base of each is set a match-head size bit of metal that does the trick.

This metal is a semi-conductor. That means it transmits electricity very poorly. But it amplifies the current running into it if the intake and the output wires are attached to the little ball at a spacing about the thickness of a sheet of paper.

The wires are hair-thin. They and the bit of metal at the bottom are all the tube contains.

The metal in this set is Germanium. Several others could have been used.

These bits of metal will not only amplify the same as radio tubes, but will send out radio waves. They will do most things the vacuum tubes do, and some that tubes don't.

In the spring of 1936, and that year students of East Carolina dedicated the college year book to him.

The United States turned out 1,700 ocean-going ships in 1943.

CHOW LINE—Four Queensland Heeler pups line up at wire netting in Melbourne, Australia, and look for their dinner. They are owned by A. Osmotherly of North Kew, Melbourne.

Congresswoman Announces She's Out Of Politics

Ridgefield, Conn., July 1—(AP)—Clare Booth Luce said today that she was through with politics, both as a possible officeholder and campaigner.

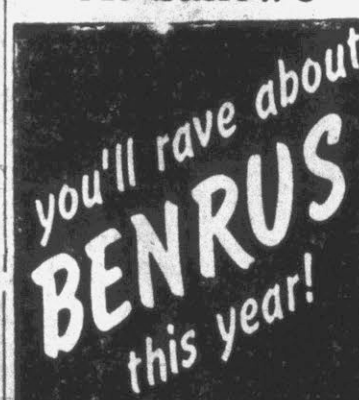

The former Connecticut Congresswoman and writer gave two reasons for her decision. She told the Bridgeport post in an interview that:

First, she feels that the Dewey-Warren Republican ticket is "as good as elected" and does not need her help.

Second, she wants to return to her first love—writing.

Mrs. Luce plans to attend the National Democratic convention as a newspaper writer. That, she said, will be her last personal contact with politics.

Special Course For Reserve Officers To Be Offered By Army

Raleigh, N. C., July 1—The Department of the Army announced today that Reserve Corps Officers and National Guard officers who are not now on active duty may apply for the Officers' Associate course

either Basic, or Advanced, to be conducted at the Medical Field Service School, Brooke Army Medical Center, Fort Sam Houston, Texas, beginning September 9th, 1948. The purpose of the course, it was stated by a Department of the Army spokesman, is to train officers in the technique and operation of the Medical Department, and to bring about an understanding of the problems inherent in the operation of the

Medical Department. Eight weeks in duration, the course will be taken by officers of the Regular Army and officers of the Navy, in addition to the Reserve units. It was said. Further information may be obtained by writing the Senior Instructor, Organized Reserve Corps, Raleigh, N. C.

There are about two and one-quarter billion people in the world.

To Tell Genuine "Leather"—Look for this:

The Tropical Suit hot weather made famous

Genuine NORTHCOOL Slacks - \$9.50

WHEN you buy a Tropical suit—you buy it for coolness. But don't be satisfied with only that. Look at a Genuine NORTHCOOL and learn that coolness is only the beginning of your pleasure. In style, in tailoring, in beauty of patterns and colors—NORTHCOOL reflects the skill, the practical thinking of clothing experts. As a result, NORTHCOOL is as much desired for its distinction as for the coolness and comfort that the wrinkle-resistant fabric assures. Think this over and you'll agree—when you buy the Genuine—you buy the best. That means buy NORTHCOOL.

Eleven Seniors Now Teaching At Training School

Eleven seniors at East Carolina Teachers College are doing student teaching during the first term of the summer session, according to information from the office of student teaching and placement. All are teaching in the Training School on the college campus, and assignments are in grades one through eight.

Frances Wahl, principal of the Training School, and a group of supervising teachers from the training school faculty, are directing the work.

Clarke Stokes of Hertford, who is teaching physical education in grades three through eight, is the only man enrolled this term as a student teacher. Women who have assignments are Mergie Campbell, Raeford; Lillian S. Castor, Rockingham; Elizabeth Cates, Timberlake; Varo H. Davenport, Jamesville; Mary P. Edmonds, Jacksonville, Fla.; Rachel Godwin, Whitakers; Lillian Joyner, Greenville; Minnie Maness, Bear Creek; Verdie Wilson Suggs, Snow Hill and Rowena Tull, Kingston.

KIWANIS CLUB TO HAVE SINGING BEE FRIDAY

Hunter B. Keck, program chairman for Friday night, will present the Kiwanis Quartet in songs at the Kiwanis Club's weekly supper meeting. There will also be a short quiz contest. President Nathan G. Brooks will preside.

Veeck's Prediction On Bob Lemon Is Justified

Cleveland Owner Said Young Hurler Would One Day Be Best In American League, That Was In '46; Made Good Yesterday

By JOE REICHLER

Associated Press Sports Writer

Bob Lemon's no-run-no-hit masterpiece last night made a successful prophet of Cleveland owner Bill Veeck.

The 27-year-old Indian right-hander, who tried his hand at pitching after failing to make the big league grade as an infielder or outfielder, rewarded his boss' faith in him by shutting out the Detroit Tigers 2-0 without allowing a single safety.

The victory, Lemon's 11th of the season and his fifth shutout, did more than increase the Tribe's first place American League margin over the Philadelphia Athletics to a game and a half. It further solidified his position as the mainstay of the Indians' staff which includes the great Bob Feller.

It was in September of 1946 when the writer, in Cleveland for a much publicized Feller-Hal Newhouse pitching duel, sat in Veeck's office discussing the Indians' outlook for '47.

"When you're out to the game today," Veeck said, "keep your eye on a tall, well-built kid who goes by the rather odd name of Lemon. Watch him close, because some day he'll rank alongside of Feller."

"The kid is just a thrower right now," the shrewd head man of the Indians went on. "He doesn't know the first fundamentals of pitching. He doesn't even use a pitcher's toe-plate. But mark my words, this Lemon kid some day will become the best pitcher in the American League."

That was tremendous praise for a lad who had yet to pitch his first complete game in organized baseball, let alone the majors. The strong young native of San Bernardino, Calif., had had only one inning of pitching experience when he joined the Tribe. He worked just one inning for Wilkes Barre in the Eastern League in 1941.

"Boudreau (Manager Lou Boudreau) agrees with me on Lemon," Veeck continued, "with proper handling, Lou thinks Bob can develop into a big winner."

Lemon used mostly in mop-up roles in games that seemed irretrievably lost, wound up the '46 season with a 4-5 won and lost record. He came into his own in '47 winning 11 and losing five although not making his first start until July 31.

Although yesterday's effort was by far his best, Lemon has turned in other brilliant performances this season. He has permitted only four hits in each of his four previous shutouts. He has pitched 12 complete games, the most of any pitcher, and struck out 11 and 10 men in two previous games. He leads the league in strikeouts with 72.

Yankee Gridders Obtain Stellar Passer, Runner

New York, July 1—(AP)—The 1948 version of the New York football Yankees will present the "passing" passer in the All-America Conference along with the "running" runner.

The passer is Wilson "Bud" Schwenk, obtained yesterday from the Baltimore Colts. He joins Urban "Spec" Sanders, tops in the rushing department in the circuit for two years.

Schwenk, who shares the collegiate records for passes attempted and yards gained, wrote new conference marks last year with 327 pass attempts and 168 completions. He's 29 years old and attended Washington University, St. Louis. The Yankees sent Guard Dick Baragan to Baltimore in the deal.

Cage Coach Confides It's All In 'Control'

University, Miss.—(AP)—Hank Iba, crafty basketball coach of the Oklahoma Aggies, twice NCAA champs, gave this advice recently while lecturing at the University of Mississippi coaching school: "There is just one basketball in the game; control it and you'll win."

WATERMELON TIME—Roy Carlton (left) is poised for the kill while Artie Key smiles in anticipation as they prepare to work on a watermelon at Leesburg, Fla.

Indians' No-Hit, No-Run Game Is First in Majors

Detroit, July 1—(AP)—Right-hander Bob Lemon, one of the main reasons the Cleveland Indians are leading the American League, turned in big time baseball's first no-hit, no-run game of 1948 as he blanked the Tigers 2 to 0 last night.

Only three Detroiters reached base—all via walks—as the 27-year-old twirler threw a baffling assortment of stuff at the Bengeis.

Four of them fanned and in the crucial ninth when the Tigers were striving desperately to break Lemon's spell, he really poured it in. The best the Tigers could manage in that inning was two balls dribbled back to the mound for easy putouts. The third batter fanned.

For Lemon, who failed to make the grade with the Indians as a third baseman or an outfielder, the win was the 11th of the season and his fifth shutout. He has lost six games and currently is pushing Bobby Feller for recognition as the No. 1 hurler of the hustling Indians ball club.

A crowd of 49,628 fans saw Lemon turn in his nifty performance and as the game approached its final innings, they were pulling for the Cleveland twirler to complete his no-hit.

The Tigers sent pinchhitter Vic Wertz up to start a rally. He got only a piece of one of Lemon's curves and dribbled it back to the mound. Lemon pounced on it and threw him out.

Eddie Mayo went down swinging and that brought the ever-dangerous George Kell up. Lemon's first pitch was a called strike. His second was a high, wide one that evaded catcher Jim Hegan for ball one.

Then Lemon poured in his fast one and Kell hit it right back to the mound and was an easy out.

The Indians crowded around Lemon, peering at him on the back and shouting. Hundreds of fans swarmed onto the field to shake Lemon's hand, but players and police formed a flying wedge and rushed the big pitcher to the safety of the Cleveland dressing room.

BOY'S LEAGUE BASEBALL

The Lions, W. Greenville's entry in the Junior League continued their winning streak at the expense of the Dodgers of Third Street, Wednesday morning. The Lions slugged out a 11 to 4 win for their third victory in a row. Jersey Phillips of the Lions held the Dodgers to six hits while his teammates were running up the score for an easy victory on eleven hits. Balance was the only Dodger to get two hits. George Phillips with a homer and single, Pat Sawyer with a double and single and Jimmy Hendricks with three singles were the leaders for the Lions.

Third Street Giants sewed up the first half with a 10 to 3 win over the Orioles in the Intermediate League. The Orioles were leading by the score of 3 to 0 in the fourth, then the bottom fell out and before the Giants could be retired eight runs had crossed the plate. The Giants added singletons in the last two innings to make the final score 10 to 3.

Hylton Quinn led the Orioles with two singles. Virginia Haymes with three singles and Julian Wainwright with two singles led the winners at bat.

Schedule for Friday. Giants vs Orioles, Training school 9:30 a. m.

Lions vs Red Sox, Training school 9:30 a. m.

Greenies vs Tigers, Third Street 2:30 p. m.

Five of the first six overtime games played by the Lions this season were 11-inning affairs. The other was a ten-inning game. The Bengals extra-inning record is 4-0 with the Browns and the Red Sox inflicting the defeats.

Sport Slants by Pap

If Clyde Scott has made up his mind to win a birth on the Olympic track and field team which is to represent the United States in London, the officials had better include him in their plans. The All-American football player from Arkansas and Navy established himself as one of the nation's top high hurriers when he romped off with the National Collegiate title in 13.7 seconds to equal the world record in the 100-meter event. Such excellent time-topping sets up Scott as a worthy rival of Harrison Dillard, the Baldwin-Wallace ace who has dominated the hurdling field for the past two years.

Scott was one of the finest all-around athletes ever to attend the Naval Academy. He entered Annapolis in 1944 with a glowing athletic record, rated by many as the finest young athlete ever to come out of the state of Arkansas.

Scott's record in the 100-meter dash was 13.7 seconds. He was a member of the track team. When scholastic difficulties flooded him, Scott returned to the University of Arkansas and continued to shine brightly in football and track.

Scott turned to sports and outdoors to build up his sickly body. As a small boy, his skill with a rifle earned him a local reputation and around Smackover, Ark., he supplied his family with a Christmas turkey each year by buying one shot at a gobbler's head projected above a log at 50 yards. One shot was all he ever needed.

Erratic Play By American Golfers In British Open

Murfield, Scotland, July 1—(AP)—America's shotmakers, off to a scrambling start, must show plenty of improvement today if they're to have chance for the British open golf championship.

All nine of the United States hopes ran into stretches of erratic play—mostly on the putting green—yesterday in the first 18-hole tour of the 72-hole medal test.

Lawson Little turned in the top American performance—a 72, three strokes back of the lead—while Frank Stranahan of Toledo, O., the British amateur winner, registered a horrendous 77.

Other American scores were strong between those two scores, meaning many of the boys will have to step if they're to qualify for the final 36 holes.

The field will be reduced to 40 after the rounds today. The experts figured anything over 148 for the two rounds might not make it.

The first round pace-setters were Sam King and Charlie Ward, members of last year's British Ryder Cup team, and Flory Van Donck, a rangy Belgian, who shared 69's.

Two players were tied at 70—Roberto De Vicenzi of Argentina, and Frank Jowle of Britain.

Knotted at 71 were Henry Cotton of London, who led the 36-hole qualifying with 138; Norman Von Nida of Australia and Reg Horne of London.

Then followed Little, sharing his 72 with Fred Daly, the defending champion of Northern Ireland, and four other pros.

State College, Pa.—The most successful college gymnastics coach in the business will coach the U. S. Olympic gym team this year.

He is Gene Wettstone of Penn State. Only three college teams ever have scored victories in A.A.U. gym competition, and Wettstone's teams have turned the trick all three times. The Union City, N.J., native piloted Penn State to wins in 1941, 1945 and this year.

State topped the famed Swiss Society team by a half point in '45 without benefit of dual meet competition. In addition, Penn State has not known a dual meet defeat since 1944 and has a record of 19 wins one loss and a tie since 1942.

At the State helm since 1940, Wettstone has produced four winners in eastern intercollegiate competition, one national collegiate champion in addition to his A.A.U. champions. His individual totals total 29.

Now 34, Wettstone, former Big Nine all-around champion at Iowa University, coached at Emerson, N. J., high school before accepting his Penn State job. He considers this year's team his best. They won all three big titles for him.

Dr. I. G. Greer, Main Speaker At Conference Here

Dr. I. G. Greer, executive vice president of Business Foundation, Inc., University of North Carolina, will be the principal speaker at a conference on business education to be held at East Carolina Teachers College Friday July 9. Dr. Greer's acceptance of an invitation to speak at a luncheon session of the conference has just been announced by Dr. E. R. Browning, chairman of the department of business education at the college, who is in charge of arranging the program for the meeting.

The conference will bring together educators and leaders in many fields of business for discussion of the employment needs of eastern North Carolina, the training of prospective employees, and opportunities for employment in business and industry in this section of the state.

The chief event of the morning session to be held in the Classroom building on the campus will be a panel discussion on business opportunities and the requirements for successful careers in business. Sixteen speakers representing such fields as banking, manufacturing, chambers of commerce, the civil service, salesmanship, and insurance will participate. Dr. Browning will preside at the panel discussion.

Dr. John D. Messick, East Carolina president, will welcome those attending the conference. Dean Leo W. Jenkins of the college will pre-

side at the luncheon meeting in the north dining room on the campus.

Washington—(AP)—Navy experts say about 90 per cent of airplane accidents are traceable to human error.

Health Officer Sworn In Today

Raleigh, July 1—(AP)—Dr. John William Roy Norton was sworn in as North Carolina's health officer today.

He succeeds Dr. Carl V. Reynolds who retired yesterday after serving as health officer for 14 years.

In a ceremony in the auditorium of the State Laboratory of Hygiene, Dr. Norton was administered the oath by Chief Justice Walter F. Stacy of the State Supreme Court.

In a brief address, Dr. Norton said:

"Much has been accomplished through preventive medicine in the prevention and control of many diseases, including those associated with and formerly very fatal to childhood, the control and prevention of malaria, smallpox, typhoid fever and other human ailments x x x.

"But humanity is still presented with a major health problem, degenerative diseases which attack and kill mostly in middle and late life. Four of these diseases—heart disease, apoplexy, nephritis and cancer—are responsible for more than half the deaths which are occurring in North Carolina x x x.

"And so, there is a great field lying ahead for medicine x x x in which we must do battle with these and other baffling human ailments with a view to finally bringing them under control."

HANDICRAFT WORKER—Mrs. Minnie Buchanan, one of the "Norton, N.C. Weavers" along the handicraft trail in the Southern Appalachians, makes for the tourist trade one of the towels for which the community is noted.

War Dead Slated Arrive Tuesday

New York, July 1—(AP)—The Army transport Carroll Victory is due here Tuesday with the remains of 4,800 American War dead, the first to be returned from Italian battlefields of World War 2.

The port of embarkation said yesterday that most of the 4,800, including many who fell on the Anzio beachhead, originally were buried in the U. S. military cemetery at Nettuno.

Australian New Head Of Rotary

Chicago, July 1—(AP)—Angus S. Mitchell of Melbourne, Australia, today took over his duties as president of Rotary International for the fiscal year 1948-49.

He was elected at Rotary's recent convention in Rio De Janeiro, Brazil.

The organization's board of directors, now meeting at Rotary headquarters in Chicago includes Charles G. Tennent, Asheville, N. C.

Carver Library News

Vacation reading club news—In spite of the heat wave 42 children gathered on the Carver library lawn to organize their club for the summer under the supervision of their librarian. Officers were elected by the group after which the librarian talked to the group about wholesome reading, how to care for books and who can be eligible for certificate this summer.

Mrs. Atkinson made a cardboard tree, with branches but no leaves. Every boy or girl who read and report on three books will print his name on a green leaf and fasten the leaf to the tree. When school opens in September and our reading club closes for the summer we hope the tree will be covered with green leaves. Eight books will bring a red apple, and 15 books a certificate.

All children are eligible. Come and join with us. The theme of the club is "Why hitch your wagon to a star when books will take you just as far? We will meet each Tuesday and Thursday from 5:30 to 6 p. m. The group was served punch and cookies and then they played games for 30 minutes.

OBSERVE NEXT MONDAY AS JULY FOURTH HOLIDAY

The postoffice, banks and county and city offices and business places will observe next Monday as a holiday. July Fourth is Sunday. The Reflector will observe Saturday and Monday as holidays.

Colored News

You are invited to worship with us Sunday, July 4, at the Good Hope Church in Winterville. 9:30 Sunday school. O. C. Bryant, superintendent. 11:00 a. m. Sermon by the pastor, subject, "The Spiritual Growth."

3:00 p. m. Sermon by the pastor of St. Luke, his choir and congregation. Rev. S. Hemby, pastor.

Funeral services for Lonnie Vine will be held Sunday, July 4, at York Memorial Methodist Church on Albemarle avenue at 2 o'clock.

ACTRESS—Alexis Smith, screen actress, wears this hand-knit lacy white jumper, designed and made in London.

we would like

to make a bet

★ We'd like to make a bet that—by 1952—every new car will be built with a welded, rattle-proof unit frame-and-body... just as the Nash "600" is today.

We'd like to bet that—within four years—every new car will have automatic heating and ventilation, as closely as a Nash Conditioned Air System can be followed.

We'd like to bet that—by 1952—every automobile will have the comfort of complete coil-springing on all four wheels... just as the Nash "600" has today.

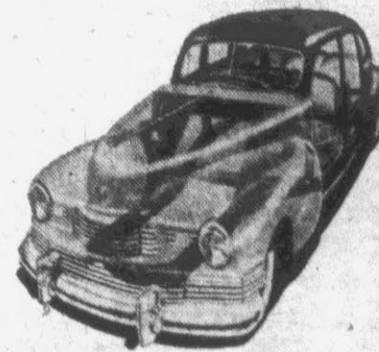

We'd like to bet that—by 1952—every

full-size automobile will be trying for 25 miles to the gallon economy... just what the Nash "600" delivers today at average highway speed.

We'd like to bet that—by 1952—every new car you'll see will have complete headroom and leg-room for all six passengers... as the Nash "600" offers today.

We'd like to make a bet that by every standard you judge an automobile—by quietness of operation, by performance, by ease of handling—you will agree that today's Nash "600" is the pattern of cars to come.

Why not find out?

Product of Nash research and engineering, new Unitized body-frame construction sets the pattern for tomorrow. Built a new way, with frame and body welded into a single steel-girdered unit. It is lighter and immeasurably stronger. 8500 spot welds eliminate noise-making joints.

NOTICE OF HEARING ON CREATION OF FOUNTAIN SCHOOL DISTRICT OF PITT COUNTY

NOTICE IS HEREBY GIVEN that
on Monday, July 19, 1948, at 11:00
A. M., at the office of the Board in
Greenville, North Carolina, the
Board of Education of Pitt County
will hold a public hearing upon
the question of creating a school
district, to be known as the Foun-
tain School District of Pitt County,
comprising the following described
territory located in Pitt County:

Beginning at the point on the
south bank of Tar River where Old
Falkland line touches Tar River;
thence northwest along Tar River
to Edgecombe County line; thence
southwest along Edgecombe County
line and Wilson County line to
Greene County line; thence south-
east along Greene County line to
point where Farmville District joins
Greene County line; thence east
along Farmville School District line
to Toddy Station; thence in an
easterly direction to the junction of
the Falkland and Farmville District
lines; thence north along the Falk-
land District line to Tar River at
the point where old Falkland and
Fountain Districts meet, this being
the beginning; the territory describ-
ed above is the exactly same area
that is contained within the bound-
aries of the Old Fountain School
District.

At the time and place stated above
any taxpayer or other interested
person may appear and be heard.
Dated this 16th day of June, 1948.
D. H. CONLEY, Secretary,
Board of Education of Pitt
County, North Carolina.

June 17, 24-July 1

NOTICE OF HEARING ON CREATION OF BELVOIR- FALKLAND SCHOOL DISTRICT OF PITT COUNTY

NOTICE IS HEREBY GIVEN that
on Monday, July 19, 1948, at 11:00
o'clock A. M., at the office of the
Board in Greenville, North Caro-
lina, the Board of Education of Pitt
County will hold a public hearing
upon the question of creating a
school district, to be known as the
Belvoir-Falkland School District of
Pitt County, comprising the follow-
ing described territory located in
Pitt County:

Beginning at the point where the
Greenville School District crosses
Tar River near Greenville Airport;
thence in a northerly direction to
the mouth of Johnson's Mill Run
on the north side of Tar River;
thence up Johnson's Mill Run in a
northerly direction to the bridge
over said Mill Run at the old River
Road; then with the old River Road
in a southeasterly direction to the
fork of the Old River Road at the
William Whitehead home; thence
with the Old River Road again in a

View Cleaners and Laundry?

A wet wash bundle is classified into
five different classifications of
clothes.

A different washing formula is set
up for each of these classifications
by washroom technicians who come
into the plant of College View
Cleaners and Laundry each month.
These formulas are strong enough
to give you a clean wash and not too
strong as to break down the tinsile
strength in your clothes causing
them to wear out faster.

Each Washing Formula Has:

**3 Suds 7 Minutes Each
3 Hot Rinses 4 Minutes
3 Cold Rinses 4 Minutes**

1 Blueing Sour and a germicide that
kill the balance of the germs left in
your clothes if any. Shirts extra at
College View Cleaners and Laun-
dry. A service to fit every family's
budget.

President Fires Broadside At Absent Congress

By the Associated Press
President Truman fired three new broadsides at the Republican-controlled 80th Congress as the din of anti-Truman firing within the Democratic party grew louder today.

Bills left behind by the departed lawmakers provided the Chief Executive with ammunition for his latest blasts.

He signed appropriations measures for the Tennessee Valley Authority and the Interior Department, plus a separate bill dealing with the Virgin Islands—but only after whipping out separate statements critical of what he regarded as major defects in each one.

Just ahead of that action yesterday, Mr. Truman took time out for a baffle with Democratic National Chairman J. Howard McGrath, who is calling signals for the party's convention due to open a week from Monday in Philadelphia.

McGrath told newsmen he and the President "talked about every phase of the Democratic situation currently being talked about in the newspapers."

That seemed to make it clear that the name of Gen. Dwight D. Eisenhower figured in the White House strategy session.

Senator Olin D. Johnston of South Carolina came back from a 45-minute talk with Eisenhower in New York earlier this week to report that he is "more convinced than ever" that the Columbia University president is the Democrats' "man of the hour."

Another Southern Democrat, Lt. Gov. Handy Ellis of Alabama—who will head his state's delegation to the Philadelphia convention—said at Mobile earlier in the day he would be "tickled to death" to propose Eisenhower at the start of the nominating roll call. But he added that he will yield to Texas—the general's native state—or to Kansas—his official residence.

NEW GRIDER RECORD

Locarno, Switzerland—(AP)—A new glider record for Swiss gliders has been established over the Magadino plain here. Glider pilot Karl Ruckstuhl of Zurich unhooked from a powered craft at 200 meters altitude and his glider attained a total altitude of 4,800 meters.

TEEN TALK

Dear Judy,

(AP) Newsfeatures
Take it easy should be the slogan for kids during the summer months. Too many of them try to bite off more than they can chew. Then, when schooltime rolls around, what they really need is a vacation.

Trying to cram in everything in one day is a sure way to become exhausted. Special days should be set aside for hikes, picnics, tennis, golf, swimming or bicycling.

Often drownings are the direct result of some enervating activity which has been engaged in before the swimming session. If you plan to swim in the afternoon, relax in the morning. Swimming is a hazardous sport in itself if all the rules for safety are not observed.

The American Red Cross advises that because of the high accidental drowning toll, simple but vital precautions be followed.

Whenever you swim, whether in a lake, ocean, river or of swimming hole, if you are a novice, don't attempt swims or stunts you can't handle. You should verify the depths of the water in which you plan to swim. If the water is deeper than you anticipated, don't trust yourself.

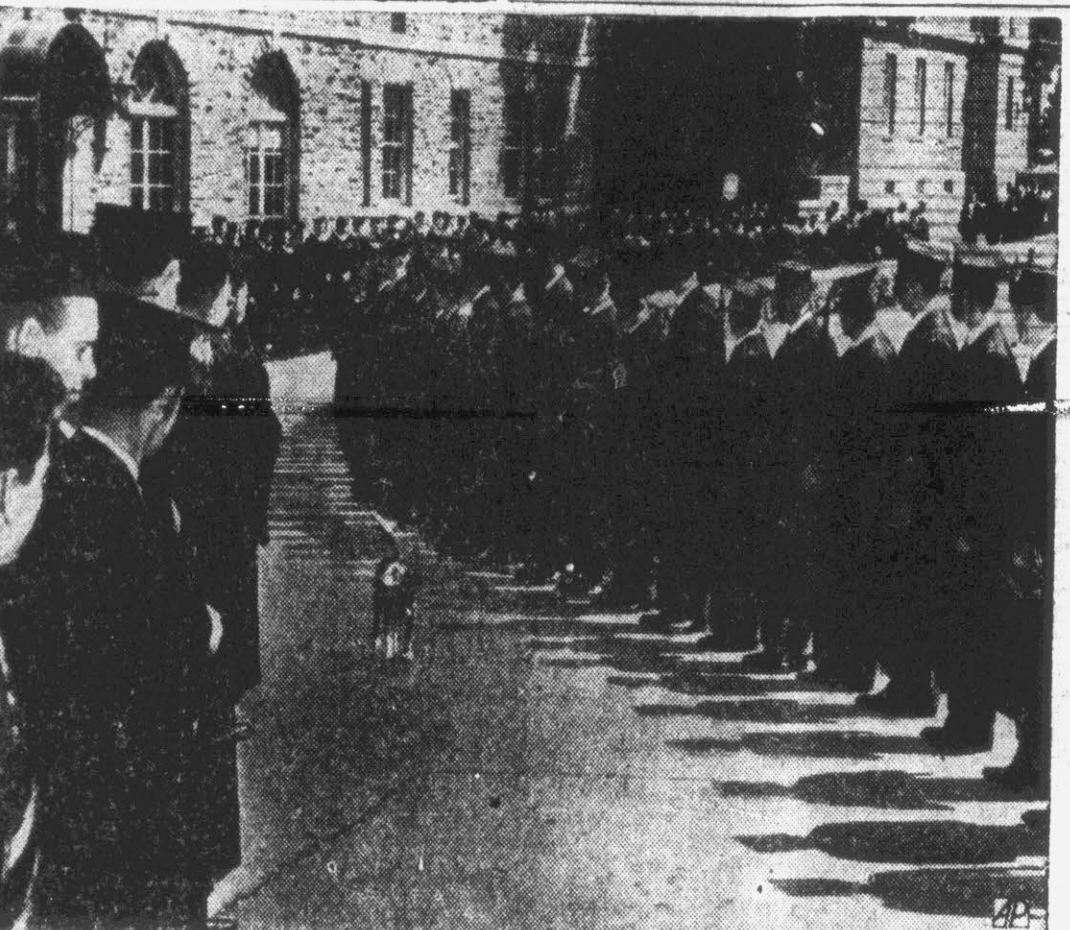

Holes and channels can be dangerous. Diving in shallow water or water of unknown depth can be hazardous. Summer always leaves a large toll of broken teeth, bruised noses, broken necks and backs and fractured skulls. If you want to keep your pretty face intact, be sure of your diving ability. Swimming can be safe for novices if they will refrain from swimming immediately after eating, not swim any distance unless accompanied by a boat, remain within the buoyed lifelines which designate safe swimming areas.

If you get in trouble don't lose your head. Massage or knead a muscle cramp. Turn over and find you are too tired to return to shore.

The water cutup should be taken to task by your gang. Anyone who

FLOWERS FOR HONEYMOONERS—Mr. and Mrs. Peter Hopkinson of London, honeymooning on houseboat at Srinagar, Kashmir, look over flowers brought to boat by local vendors.

CANINE AT COMMENCEMENT—A dog casually moves through two lines of Colgate University graduates during commencement exercises at Hamilton, N. Y. The graduates were awaiting the arrival of university officials and honored guests.

ducks or pushes others under water is a nuisance, and may cause an accident.

Canoe enthusiasts might profit by this advice offered by the Red Cross. When you crawl into a canoe, place both hands on each side of the canoe. Don't try to get into the canoe standing up. You shouldn't change seats in open water or when the canoe is offshore. It should not be overloaded. A 16-foot canoe will take three persons safely. If you should capsize, stick to the canoe which will serve as a life preserver until help arrives.

When hiking or picnicking make sure you have a first aid kit with you. Many a serious cut might have been saved from infection by an antiseptic applied immediately.

Sunlight is a wonderful tonic—but take it in moderation. Don't overdo it. Try to tan gradually and even after you have acquired a good tan, watch your step in the sun.

Poison ivy is another summer dampener. When picnicking watch for dense patches about a foot high, small clumps, climbing plants twining around trees or crawling along fences. The leaves, glossy green and in groups of three, are easily recognized. Strong laundry soap used immediately on the contacted parts will help you if the soap is used before the oil penetrates the skin. Others recommend daubing iodine around the sores and using soda or boric acid powder compressed until a doctor can be consulted.

Vivian

Bad Tactical . . .

(Continued from Page One)
for the formation of a German government out of the American-British-French zones. Russia can pool

her zone with the rest for a new Germany—or stay out. The western allies have become fed up with waiting on the whims of the Bolsheviks.

Meantime the democracies have been analyzing the effects of the revolt by Tito. It recognized there is a possibility that the Russian satellite empire in eastern Europe may be threatened with collapse. The units of that empire have been kept in subjection by police force and have been consolidated by Moscow's domination.

Yugoslavia continues to stand pat in her defiance of Moscow and hints of willingness to deal with west as well as east. Not only that, but she boldly proposes a Balkan bloc with Bulgaria and Albania which long has been closer to Russia than any other Balkan state, properly climbed on the fence between Moscow and Yugoslavia. That must be hard for the Muscovites to swallow.

To cap the climax the gorgeously uniformed and much be-medaled Marshal Tito is reported by the Belgrade radio to have reappeared in the capital. He was as usual theatrical, for he is said to have visited some building sites—about the last thing one would have expected him to do in the midst of the tense crisis. And all this while his own life wouldn't be worth a plugged nickel if his political enemies could get within gunshot of him. Tito is a swaggering dictator in his own right—but he has his points one of which is nerve.

The next move would seem to be up to Moscow.

Russians . . .

(Continued from Page One)
said France has proposed joint American, British and French action to break the blockade. The informants said U. S. officials had expressed verbal approval.

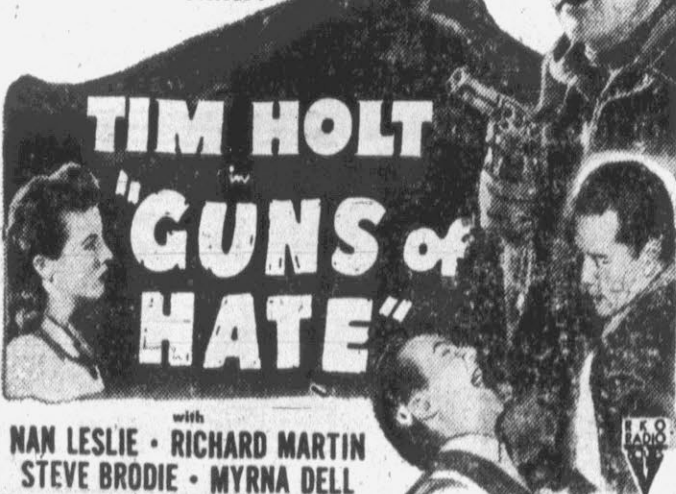

Royal Air Force officials said the British will fly their transports into

T. A. Etheridge Ends Life With Pistol At Home

T. A. Etheridge, former owner of the Rainbow Cleaners Laundry ended his life by shooting himself with a pistol in the back yard of his home on Hickory St. early today.

He shot himself in the head and the bullet came out on the other side, police said.

A cruising police car found the wounded man and radioed to headquarters for an ambulance.

He left a note on the back of an envelope, saying, "I hate to do this, but I cannot go on as things are. Arrived here at 4:20. Haven't slept any." Coroner Griffin H. Rouse said there will be no inquest.

Christian Endeavor Union Meets July 9

The North Carolina Christian Endeavor Union officers and directors in joint session at Thomasville this weekend will complete plans for the 49th annual state convention, to be held at Catawba College, Salisbury, July 9-11. The convention theme is "Serve Christ Now." Dr. Clyde W. Meadows of Chambersburg, Pa., prominent religious leader, will deliver the keynote address.

Pastors of all denominations in North Carolina are invited to attend the convention.

Hog Market

Raleigh, July 1—(AP)—(NCDA)—Hog prices steady to slightly stronger. Tops of \$26.50 at Kinston, Rocky Mount, Wilson and Fayetteville; \$26.25 at Greenville, New Bern, Washington and Richmond.

Poultry and Eggs

Raleigh, July 1—(AP)—(NCDA)—Fryers and broilers steady at 35; eggs, steady to one cent stronger, a large 54.

Grain Market

Chicago, July 1—(AP)—Corn managed to move ahead in an otherwise stagnant grain market today. Commission houses were the main buyers.

Removal of restrictions on brewers' use of grains, small supplies at terminal markets and a more favorable corn-hog feeding ration combined to give support to corn.

In contrast, wheat showed no response to action of the government in offering to buy wheat in store at Kansas City.

Wheat closed unchanged to 1-2 higher, July \$2.32 1-4, corn was 1-8 to 1-2 higher, July \$2.22 3-8 to 1-2, oats were 1 1-4 lower to 1-8 higher, July 91 1-4, and soybeans were 1-2 to 3 1-2 lower, July \$4.13 1-2.

N. Y. Cotton

New York, July 1—(AP)—Cotton futures opened 10 to 60 cents a bale lower.

Noon prices were 45 cents a bale lower to 5 cents higher than the previous close. July 35.25, Oct. 32.58 and Dec. 32.30.

Futures closed at or near the highs for the day.

Mill buying and short covering, which met light offerings caused a late upswing in the market.

Futures closed 50 cents a bale higher to 20 cents lower, than the previous close.

	Open	Last	Prv. Cl.
July	35.26	35.37	35.28
Oct.	32.55	32.63	32.67
Dec.	32.27	32.39	32.36
March	32.10	32.24	32.21
May	31.96	32.03	32.05
July	31.52	31.63	31.63

Middling spot 36.65, off 24.

N. Y. Stock Market

New York, July 1—(AP)—Demand for oil issues expanded late today

in the stock exchange while the balance of the market moved more or less aimlessly. Sales for the entire session were at the rate of about \$80,000 shares. Turnover picked up a bit late in the day when the oils started moving upward.
