

Even Chance Of Steel Accepting Terms By Lewis

Captive Coal Pits Must Have Decision Soon As Miners Due Back Tuesday

Washington, July 2 (AP)—The odds appeared even today that the steel industry would accept John L. Lewis' contract terms for operating its own coal mines.

Well posted industry sources said there is an equal chance that steel would buck the deal made by the rest of the soft coal industry.

It that were to happen, the steel industry has indicated it may sue Lewis United Mine Workers Union in the National Labor Relations Board for demanding a union shop without a prior NLRB election.

The decision could come today. It must come soon because the nation's coal miners, now on their regular vacation, are due to return to work next Tuesday.

Lewis' union newspaper has already hinted that the 30,000 to 40,000 miners in the steel-owned mines may not return if the so-called "captive" pits haven't been signed to the new coal agreement of then.

Such a strike would shut down mines capable of turning out some 6,000,000 tons of coal a year for fueling steel mills. The industry probably could get partial supplies elsewhere, but coal stocks are still short because of the six-week mine strike last spring.

One reason for steel's delay in making known its decision on the Lewis contract seemed to be that it is negotiating new wage terms with the CIO Steelworkers. There have been reports of industry talks this week with CIO President Philip Murray in Pittsburgh.

Earlier this year steel generally accepted a policy of no wage increases and no price increases. It rejected a pay boost for steelworkers for that reason.

But the new agreement Lewis signed with the commercial coal producers calls for a \$1 daily hike in wages for coal miners, plus a doubling of the miners welfare fund royalty to 20 cents a ton.

Steel trade journals now are predicting a steel price increase, which might mean the industry is working out a wage deal of its own.

The "captive" mine people rejected the Lewis contract because their negotiator, HARRY MOSES, said he could not accept the union shop clause.

Tourists Given Assurance Polio No Great Threat

Raleigh, July 2 (AP)—Out-of-state tourists planning vacations in North Carolina's mountain resorts were reassured today that they need not worry over the polio situation.

Bill Sharpe of the State News Bureau, in a letter to Lee Hill, editor of the Miami, Fla., Herald pointed out that counties west of the crest of the Blue Ridge Mountains have reported only three polio cases which is below normal for almost any section of the South.

Sharpe said that instead of a threat, "it would appear that the uplands of North Carolina is a pretty good refuge from the disease."

Fun-Training Is Out No More Education For Veterans On Recreational Pursuits At Government Expense, Is Uncle Sam's Ruling; Background; Investigations; Changes By Lawmakers

By JAMES MARLOW

Washington, July 2 (AP)—Uncle Sam is banning courses of training or education for veterans who want them just for the fun of it.

It doesn't mean a ban on anything that is intended to help a veteran make a living.

If you're a veteran it might be a good idea to read this carefully so you'll get an idea of what you can and can't do from now on.

Start from the beginning: Under the GI Bill of Rights, veterans—at government expense—have been able to take all kinds of courses and training.

They include not only college education but things like dancing, photography, glider-flying, pilot-training, bartending, personality development, banjo playing, singing, public speaking.

Some of the courses pretty clearly have been fun or some other reason not connected with making a living.

About 11 months ago the U.S. Budget Bureau started an investigation of "vocational" training courses.

Investigate Interference With Radio Beams On Berlin Route

Berlin, July 2 (AP)—Air Force officers said today they are investigating possible Soviet interference with the radio beam used by American pilots flying food to blockaded Berlin.

The Air Force officials reported that radio beam interference over the Soviet occupation zone temporarily pulled American pilots off their courses from the west last night.

Washington, July 2 (AP)—Secretary Marshall said today the State Department is consulting congressional leaders and conferring with Britain and France on dealing with the Russian blockade of Berlin.

They said the Russians might claim deviations from course as violations of the air corridors over the Soviet zone, now the life-line to Berlin for the western powers.

The operations officer at Tempelhof airbase quoted several pilots who flew through the American corridor between Frankfurt and Berlin last night as saying they were pulled off course by a strange beam which affected their electrical compasses. They were drawn eastward of Berlin, but all eventually made landings at Tempelhof airfield, in the American sector of the city.

American officials indicated the British-American air lift is beating the Soviet food blockade.

They said that by July 15 the service will have bolstered the western sectors' food stocks enough to assure a supply for their 2,000,000 Germans until September 1.

By that time, they said, enough airborne food to last a month will be piled up in Berlin. Added to the stocks already on hand at the time of the Russian blockade, the officials said, these will give the western sectors a six weeks' supply.

The plane shuttle from Germany's western zones started on a small scale a week ago after the Russians had stopped freight train traffic over the line to Berlin.

The British and American transports have been bringing in great quantities of dehydrated foods and those high in caloric value. They have avoided bulky foods to save space. The planes drone in and out day and night. They are moving in food and other supplies at the rate of 1,100 tons every 24 hours.

The Russians showed no signs of hasty evacuation from the Berlin Kommandatura today. They announced yesterday they were quitting that four-power body. The Soviet staff was still on hand this morning and there was no effort to remove Soviet files and documents, American officials said.

Snow Cleared From Road—In June

A powerful bulldozer pushes aside the top layer of snow on the Lassen Peak highway near Mineral, Calif., as the month of June draws to a close. A regular snow plow follows, packing down the snow left in the wake of the bulldozer. Thirty-foot drifts have delayed opening of the road. (AP Wirephoto).

Attempt Salvage Plans For Peace Mediator Bernadotte Due In Cairo For Talk With Arabs

Cairo, July 2 (AP)—Count Folke Bernadotte is expected in Cairo tomorrow to try to salvage his Palestine peace plans in the face of threatened Arab rejection.

An Arab league informant said this last night after Arab leaders refused to send representatives to Bernadotte's Rhodes headquarters and asked the United Nations Palestine mediator to come here if he wished to talk with them.

Bernadotte visited Jerusalem last night to attempt to solve the problems, including food allotments for the city's 100,000 Jews.

Moshe Shertok, Israeli Foreign Minister also visited Jerusalem yesterday. He discussed trust problems with Jewish civil leaders. Archbishop Guyyuta Testa, Vatican envoy, is also in the Holy City, inspecting religious buildings to determine the damage caused by the recent siege.

A high Arab league source said yesterday the league will turn down Bernadotte's proposals for a permanent Palestine peace and has appointed a committee to draft a reply to the mediator's plan, submitted early this week.

In Montreaux, Switzerland, the executive of the world Jewish Congress called on Jews throughout the world yesterday to join in the struggle for the independence and integrity of Israel.

Georgians Vote For Eisenhower State Demo Convention Urges Truman To Drop From Race

Macon, Ga., July 2 (AP)—Georgia Democrats in a surprise move today swung officially behind Dwight Eisenhower for President and their junior Senator, Richard Russell, for vice president.

At the same time they urged President Truman to withdraw from the 1948 election "to eliminate chaos, confusion and revolt" within the Democratic party, and for the welfare "of the nation and the world."

Resolutions committing Georgia on a 1948 Democratic National ticket were approved in rapid order at the state Democratic convention. The move developed unexpectedly after a series of hotel conferences last night, taking many delegates by surprise.

Leaders said Georgia thus became the first state in the nation to join the draft-Eisenhower movement openly with support of a state convention.

Some Democrats Beat Drums For Summer Session

McGrath Says Pressure On Truman To Call Congress Back To Work

By The Associated Press Some highly placed Democrats began beating the drums today for a special session of congress this summer—and a presidential challenge to the Republicans to deliver on their 1948 platform promises.

McGrath had just issued a formal blast at what he called the "dismal failure" of the GOP-controlled 80th Congress. He said people will remember congress' record when they vote in November.

Rep. Spence of Kentucky, ranking Democrat on the House Banking committee, said he is one of those in favor of a special session call.

Declaring that "the Republican platform reads like an indictment of the Republican congress," Spence added to newsmen:

"The President should call congress back and challenge the Republicans to make good on their platform. He should call upon the Republicans to do something about the high cost of living and about housing."

Senator Sparkman (D-Ala) commented: "It would be rather interesting to see the Republicans challenged to deliver on their platform promises which are completely inconsistent with the record of the 80th congress."

But Chairman Knutson (R-Minn) of the House Ways and Means committee had this to say: "Nothing could be accomplished by a special session, because the President would be sure to veto anything we did. The American people will just have to wait until Dewey gets into the White House."

Gov. Thomas E. Dewey, the 1948 presidential nominee, said after last month's Republican convention he believes it would be an imposition on congress members to call them back at this time.

Complete Count! Biggest Budget Surplus To Date

Raleigh, N. C., July 2 (AP)—Kerr Scott won the Democratic nomination for Governor in Saturday's run-off primary by 35,468 votes, a complete tabulation of returns to the state board of elections showed today.

The returns gave Scott 216,356 to 183,929 for Charles M. Johnson.

Secretary Snyder Says 'True' Surplus Is Over \$8 Billions

Washington, July 2 (AP)—Secretary of Treasury Snyder said today the government's "true" budget surplus for the fiscal year 1948 was \$8,419,469,843.81 (B) by far the biggest in history.

Snyder said the figure represents "the actual excess of receipts over expenditures in the fiscal year," which ended June 30.

By Congressional reckoning it would be \$3,000,000,000 less, Snyder said, reflecting what he called a "bookkeeping switch" ordered by Congress in its closing moments.

What Congress did was to direct the treasury to take \$3,000,000,000 from the past fiscal year's surplus and set it up on the books as an advance credit against spending in the 1949 fiscal year. The money was placed to the credit of the European recovery program yesterday. It will be spent as needs of the program (Continued on Page Eight)

Four Captive Marines Freed By Chinese Reds

Tsingtao, China, July 2 (AP)—Four U. S. Marine fliers held captive by Chinese Communists since April 5 were released today, the navy announced.

They are Lt. Harold W. Hawkins, 25, of 1601 Grand Ave., Kalamazoo, Mich.; M-Sgt. Thomas J. Shaw, 33, Rt. 4 Winfield, La.; T-Sgt. Robert C. White, 25, Norfolk, Va., and Corp. Robert L. Lewis, 19, Rt. 1, Petersburg, N. Y.

The fliers were freed on Communist territory on Shantung Peninsula while on a routine flight. They were captured 18 miles west of here.

Navy officials said they were in good health when returned here today. The navy said negotiations for their release were conducted at Haiyang, 60 miles north of Tsingtao.

Teacher Quality In N.C. Schools Being Improved

Raleigh, N.C., July 2 (AP)—A report presented to the State Board of Education yesterday showed that the trend toward lower standard teachers in the public schools has been reversed.

The report, presented by School Controller Paul Reid, showed there were 19,242 teachers with a certificate and 822 with graduate certificates last year as compared with 19,093 A certificates and 683 graduate certificates in 1946-47.

Reid pointed out that it was the first year since before the war that there had been an increase in teachers holding A certificates. At the same time, Reid noted a reduction in the number holding non-standard certificates from 3,470 in 1946-47 to 3,191 last year.

Grasshoppers Strip Miss. Fields

Here are the ruins of a corn field ravaged by hungry legions of grasshoppers near Bassfield, Miss. The corn stalks are stripped of blades. In the background is a 75-acre pasture from which the "hoppers" cleaned clover and Dallis grass. The invaders attacked fields on a wide front in the Bassfield area. (AP Wirephoto).

Groups Of Demos Open Drives For Candidates

New Yorker Calls For Eisenhower Draft; Three Groups Rally To U. S. Supreme Court Justice Wm. O. Douglas

New York, July 2 (AP)—Former State Supreme Court Justice Jeremiah T. Mahoney, a delegate to the Democratic national convention, urged today that the Democrats draft Gen. Dwight D. Eisenhower for president.

In a letter to Democratic State Chairman Paul Fitzpatrick, Mahoney said he feared that if President Truman is the nominee, "the national Democratic ticket will be overwhelmingly defeated."

Meanwhile, three organizations of Democrats joined in a drive to boost U. S. Supreme Court Justice William O. Douglas for the presidential nomination.

Mahoney wrote that he was "quite certain with Truman as the candidate that many congressmen, state senators, assemblymen and other local officers will be defeated who might have a good chance of winning if there was some Democratic presidential candidate other than Truman."

"I feel that the strongest individual that could possibly run for the presidency on the Democratic ticket is none other than General Eisenhower," Mahoney added.

"There are many of us who feel that if General Eisenhower were actually nominated at the convention, he could not possibly turn down such nomination and that it would be his duty in the interest of all people of the country to accept the nomination."

Simultaneously, the National Young Democracy, for Douglas announced it will lead representatives from 38 states to the Democratic convention to support Douglas.

Trek To Sunnier Climate Brought To Grim Ending

Los Angeles, July 2 (AP)—A cross-country hitchhiking trek in quest of a sunnier climate had ended grimly for a Lenoir, N. C., couple today.

The weary couple, Leory Wilson, 35-year-old laborer, and his wife Helen, 33, were in jail, booked on suspicion of vagrancy and child neglect.

Their two begrimed children went to juvenile hall, awaiting a hearing today to make them wards of the juvenile court.

Sheriff's deputies said they found the family sitting on a curb, singing, praying and weeping.

"I guess we're about at the end of our rope," Wilson told the officers. A heart ailment, he said, forced him to leave Lenoir for a sunnier climate.

Scott Continues Needed Vacation

West Jefferson, July 2 (AP)—W. Kerr Scott, relaxing from the strenuous runoff campaign that made him Democratic gubernatorial nominee, visited the state test farm at Laurel Springs today.

Scott made his first public appearance since the campaign before the West Jefferson Rotary Club last night, outlining some of the things he hopes to accomplish in the governor's chair.

Babson Discusses Politics

Philadelphia, Pa., July 2—Sir Isaac Newton (1642-1725) was one of the world's greatest scientists and a founder of Mechanics, Chemistry, Physics and other sciences. He is especially known for his Law of Action and Reaction which he illustrated by the pendulum, the lever, the spring and later in politics. This law is that all progress has a normal growth line; that as we deviate above this normal line, there must be a corresponding reaction below it, in area.

Political History Since the days of Cain and Abel there has been a constant conflict between those who "have" and those who "have not." As each group got on top, it would abuse its power and a reaction would follow; then the opposing group would get on

Tito Supporters Appeal Directly To Josef Stalin

Yugoslav Communists Ask Soviet Leader To Repudiate Accusations

By The Associated Press London, July 2—Yugoslav Communists appealed directly to Prime Minister Stalin today to repudiate the Cominform charges against Premier Marshal Tito and his leadership.

They repeated their assertion that the Cominform charges were a pack of lies and said Stalin ought to wipe them off the record.

The appeal amounted to a request to Stalin to reverse the policies of one of his right hand men, Andrei A. Ghadanov, secretary of the central committee of the Soviet Communist party and the guiding spirit of the Cominform.

Approximately 15,000 Communists meeting in Belgrade sent a message directly to Stalin which affirmed their faith in Premier Marshal Tito.

They asked Stalin to do everything in his power to bring out the truth in reply to the charges by the Cominform, the nine-nation Communist international information bureau. It has charged Tito and his leaders with being anti-Russian and traitors to Marxism.

The message to Stalin was tender in composition, but the effect was to underline Yugoslav Communist support for Tito.

"Our love towards you and the whole Soviet Union and everything you did for humanity is unlimited, as well as our belief that you will do everything in your power so that the truth will be brought out in a very short time," it said. "Long live your teacher of love towards the Soviet Union, comrade Tito, and long live our big friend, Stalin."

The powerful central committee of the Communist party in Russia has already approved the Cominform blast against Tito. It is hardly possible that the Cominform took its original action without approval of Stalin.

The Communists meeting in Belgrade sent a second telegram to the central Communist committee in Yugoslavia, which has denounced the Cominform charges as lies and slander. The telegram expressed faith in the committee and Tito.

Communists of other countries were lining up with the central committee of the Soviet Communists in opposing Tito and his associates.

Marine Reserves Go Into Training

Washington, June 2 (AP)—The first of about 30,000 marine reservists will begin their second annual summer field training tomorrow.

The training period is two weeks. Training for various units will be staggered over the remainder of the summer.

Reserves from the eastern part of the country will train at Camp Lejeune, N. C., and those from the rest of the country at Camp Pendleton, Calif.

Order Industrial Strikes In Italy

Rome, July 2 (AP)—A series of nationwide industrial strikes began in Italy at noon today. They were called by the Communist-led general confederation of labor.

Leaders of the confederation, which boasts 6,000,000 members, called out "all workers of industry in general" to stage a half-day shutdown for higher pay.

Moral Re-Armament

One Of Chiang Kai-Shek's Right-Hand Men Sees MRA As Big Hope For China And World; Chinese And Americans "Talk Same Language" On Fundamentals

By DeWITT MacKENZIE

China has the biggest population of any nation—more than one-fifth the people of the whole globe. She also carries the greatest burden of tribulation.

She is torn with terrible civil war involving Communism. She is afflicted with an economic crisis which presents a seemingly bottomless pit. Within that pit millions are dying of starvation as they struggle for existence.

Indeed, conditions are so bad that they have baffled not only the home government but all expert efforts to repair by a deeply disturbed America. Therefore it is intriguing to find two Chinese officials turning as a final resort to moral rehabilitation for a solution. They figure they can get further on the basis of brotherly cooperation than by hostilities and the exploitation of one group by another.

Dr. Chen Li-fu, vice-president of the Chinese Parliament and one of Generalissimo Chiang Kai-shek's right-hand men, has been attending the World Assembly for Moral Re-Armament in California as a representative of the Chinese government. This means, of course, that Generalissimo Chiang also subscribes to the idea.

Groups Of Demos Open Drives For Candidates

New Yorker Calls For Eisenhower Draft; Three Groups Rally To U. S. Supreme Court Justice Wm. O. Douglas

New York, July 2 (AP)—Former State Supreme Court Justice Jeremiah T. Mahoney, a delegate to the Democratic national convention, urged today that the Democrats draft Gen. Dwight D. Eisenhower for president.

In a letter to Democratic State Chairman Paul Fitzpatrick, Mahoney said he feared that if President Truman is the nominee, "the national Democratic ticket will be overwhelmingly defeated."

Meanwhile, three organizations of Democrats joined in a drive to boost U. S. Supreme Court Justice William O. Douglas for the presidential nomination.

Mahoney wrote that he was "quite certain with Truman as the candidate that many congressmen, state senators, assemblymen and other local officers will be defeated who might have a good chance of winning if there was some Democratic presidential candidate other than Truman."

"I feel that the strongest individual that could possibly run for the presidency on the Democratic ticket is none other than General Eisenhower," Mahoney added.

"There are many of us who feel that if General Eisenhower were actually nominated at the convention, he could not possibly turn down such nomination and that it would be his duty in the interest of all people of the country to accept the nomination."

Simultaneously, the National Young Democracy, for Douglas announced it will lead representatives from 38 states to the Democratic convention to support Douglas.

Teacher Quality In N.C. Schools Being Improved

Raleigh, N.C., July 2 (AP)—A report presented to the State Board of Education yesterday showed that the trend toward lower standard teachers in the public schools has been reversed.

The report, presented by School Controller Paul Reid, showed there were 19,242 teachers with a certificate and 822 with graduate certificates last year as compared with 19,093 A certificates and 683 graduate certificates in 1946-47.

Reid pointed out that it was the first year since before the war that there had been an increase in teachers holding A certificates. At the same time, Reid noted a reduction in the number holding non-standard certificates from 3,470 in 1946-47 to 3,191 last year.

Fun-Training Is Out No More Education For Veterans On Recreational Pursuits At Government Expense, Is Uncle Sam's Ruling; Background; Investigations; Changes By Lawmakers

Washington, July 2 (AP)—Uncle Sam is banning courses of training or education for veterans who want them just for the fun of it.

It doesn't mean a ban on anything that is intended to help a veteran make a living.

If you're a veteran it might be a good idea to read this carefully so you'll get an idea of what you can and can't do from now on.

Start from the beginning: Under the GI Bill of Rights, veterans—at government expense—have been able to take all kinds of courses and training.

They include not only college education but things like dancing, photography, glider-flying, pilot-training, bartending, personality development, banjo playing, singing, public speaking.

Some of the courses pretty clearly have been fun or some other reason not connected with making a living.

About 11 months ago the U.S. Budget Bureau started an investigation of "vocational" training courses.

The Bureau made a report which said in effect, that some schools were offering courses purely for "recreational, social and leisure-time pursuits."

The Bureau made its report to President Truman. And in his budget message to Congress last January, Mr. Truman said this fun-training was costing the taxpayers a lot of money.

He asked Congress to re-examine the "basic purpose" of the GI Bill of Rights and make what changes it thought should be made.

Congress made some changes—to this extent: It said the Veterans Administration after June 30, 1948, should not pay for any GI training which the VA decides is avocational or recreational.

(Veterans who enrolled for such courses before June 30 can finish them, but no new ones can be undertaken.)

But the problem is: What's avocational or recreational? For example: One man may want to learn dancing just to be a social lion; an

Keys To A Happy Plan

Plan your house as nearly rectangular as possible. A plan that is a simple rectangle gives the most floor space with the least exterior wall and foundation work. Every job or wing involves extra work joining corners and fitting roof valleys and ridges.

A two-story house is usually cheaper to build than the same size dwelling with all rooms on one floor. It takes less foundation, less waste space under roof, heats more efficiently.

Here are some popular dimensions: basement height, cellar floor to surface of first floor, 8 to 9 feet; room height, first floor surface to second floor surface, 9 feet; upstairs, second floor surface to attic floor surface, 8 1-2 feet.

Allow plenty of room for a flight of stairs. Keep stairs far enough from any door to permit it to open freely. Avoid cellar stairs that descend directly from a threshold or doorstep. A platform will prevent accidents. Keep headroom at least uniform at every point in a staircase. Avoid winding stairs with wedge-shaped treads—they're dangerous.

Ample closet space goes far in keeping home life happy. The most common criticisms of a house is lack of closet space. Clothes closets can be shallow, just deep enough for free hanging of clothing on hangers along a rod. People argue about this, but many architects

contend you will throw money away with closets much deeper than 24 to 27 inches. Double bedrooms should have two closets.

In economies of plumbing, plan your bathroom next to the kitchen or directly above it.

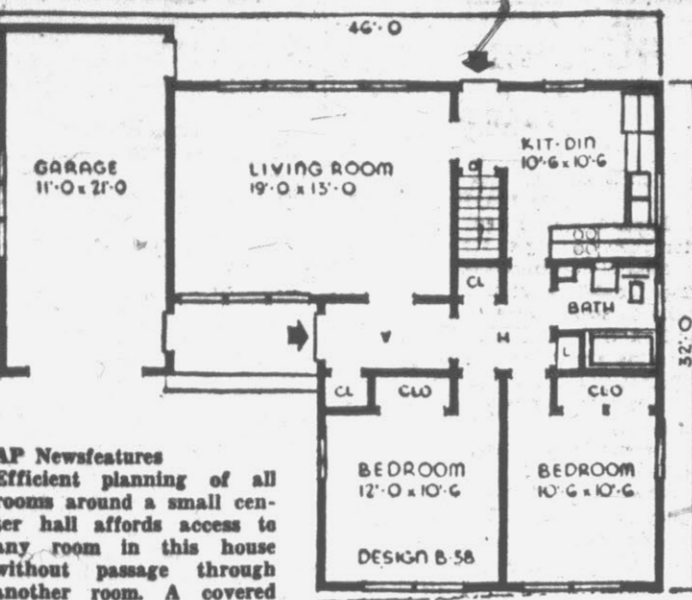

Don't have a bathroom that opens into two bedrooms. It is better to have only one bathroom door opening from a hall.

Don't change your plan after work begins. The place to make changes is in the preliminary drawings. After a contract is signed there is no chance for competitive bids on changes. You pay what the builder asks for such "extras."

HOMES FOR AMERICANS

AP Newsfeatures
 Efficient planning of all rooms around a small center hall affords access to any room in this house without passage through another room. A covered front stoop protects the entrance to the house as well as to the garage. Designed by the Small House Planning Bureau, St. Cloud, Minn., as Plan B-58, this house gains a wide appearance from its attached garage, but the main body of the house covers only 908 square feet. Including a full sized basement there is a volume of 17,252 cubic feet. Plumbing costs are reduced by juxtaposition of kitchen and bath. There is dining space in the kitchen or end of living room where large windows face the garden. A fireplace could be added in the living room-garage wall. The architects suggest frame siding and asphalt shingle roof.

8:00 p. m.—Chapter 149 of the Eastern Star meets.
WEDNESDAY
3:30 p. m.—W. C. T. U. meets with Mrs. W. O. Bilbro.

40 Years Ago Today

THE DAILY REFLECTOR
July 2, 1908
Edward Hearne went to Washington this morning to visit relatives. Miss Lillian Burch left this morning for Wilmington and Wrightsville to spend some time.
Mrs. G. J. Woodward, Miss Annie Perkins and Miss Janie Tyson left Thursday evening for Morehead.
It is not quite so warm, but warm a plenty.
Greenville will not celebrate the 4th.
The profits of the Greenville dispensary for the year ending June 30 were \$20,000. But the people can well afford to give up that profit for the sake of saving the coming generation from falling victims to drink.

St. Paul's Chapters
The chapters of the Woman's Auxiliary of St. Paul's Episcopal Church will meet Tuesday, July 6, as follows:
St. Hilda's Chapter, 4:30 p. m. with Mrs. Earl Forbes.
Mary-Martha Chapter, 4 p. m. at the Parish House.
St. Anne's Chapter, 4 p. m. at the Parish House.
St. Elizabeth's Chapter, 8 p. m. at the Parish House.

Jarvis Memorial Church
Dr. H. E. Myers of the Duke Divinity School faculty will preach at the morning worship service at Jarvis Memorial Methodist Church on Sunday morning. He is preaching in the absence of the pastor who is attending the Southeastern Jurisdictional Conference of the Methodist Church at Columbia, S. C. There will be no evening service.
Sunday school will be held at 9:45 and the Youth Fellowship will meet at 7:00 p. m. The regular mid-week prayer service will be held Wednesday evening at 8 o'clock.

Christian Church Announcements
At the Christian Church Sunday morning Mrs. Paul Davenport will preside at the organ and the hymns of a patriotic nature will be sung. The pastor, Dr. H. G. Haney, will speak on the theme "This Nation Under God."
The intermediates of the Christian Youth Fellowship group are making their preparations for their camp at Fisher's Landing July 28-31. Those desiring to attend will please get in touch with Miss Lyon as July 12 is the deadline for reservations.
The board of officers of the church will meet in the regular July session at the church on Tuesday evening at 7:30.

BUFFET SUPPER
Tarboro.—Mr. and Mrs. John W. Hudson, Jr. and Mr. and Mrs. Paul Warren, Jr. were joint hosts and hostesses to Miss Betty Gaines, bride-elect, and fiance, John B. Kittrell, at a buffet supper Sunday night. At the home of Mr. and Mrs. Hudson forty-five guests enjoyed bountiful and delicious hors d'oeuvres, sandwiches, nuts and drinks. Out-of-town guests included Mr. and Mrs. J. B. Kittrell, father and mother of the groom-elect, and Miss Frances Kittrell, sister of the groom, all of Greenville.

Babson . . .

(Continued from Page One)
a reaction to conservatism. Again the Conservatives abused their power and there was another New Deal under Jackson. These changes alternated up to the conservative regime of Coolidge and Hoover when the masses again revolted and put the New Dealers into power. Now, according to Newton's Law, a conservative government is again due.

It will probably be administered by the Republican Party—not necessarily because its principles are any better; but because of Newton's Law.

Trains, Airplanes and Communism
During the great days of the British Empire when the highest type of men were in control, England ruled the seas, and these leaders—fearful of the Revolutionists across the Channel in France—were determined to have the English people the most prosperous of any nation. Today, the United States is faced with a similar opportunity. Our country has men with excellent minds; we control the ships of the world which make the world so small that Europe is as close to us today as France was to England 100 years ago. Furthermore, our industrialists and labor leaders now realize that the best way of fighting Communism is to have continued prosperity here at home.

Also, a Conservative Party in this country would now have a far greater opportunity for achieving good results than Conservatives ever had before. The Federal Reserve, the Securities & Exchange, the shipping and scores of Commissions, with their tremendous powers, are appointed by the President. Since the Coolidge and Hoover regimes, the real power has been shifted from an unruly Congress to these various Commissions, the members of which are appointed instead of elected. No Conservative Administration could ever have brought about these changes in Government; in fact, they came only through the personality of Franklin Roosevelt and under war conditions. Now, however, the Republican Party if successful in November would inherit these huge powers.

Outlook For Business
Under the above circumstances, it appears that four or more years

Strength FOR THE DAY

BE SURE TO ASK THE RIGHT QUESTION
Does God punish people? The answer is No. Instead, what appears to be punishments are God's attempts — sometimes fruitless — to reform individuals, groups, or nations.

As soon as pain or misfortune overtakes us, the first idea to enter the mind is, "What have I done to deserve this?" Probably nothing. But God has discovered in our lives something which needs correction. When counsel is unheeded, God has to flash his danger signs and do this in such a way that people with our limited intelligence and cramped, selfish souls will heed. Therefore some spectacular act which will snap us into attention.

Many things happen to us which are probably not for purposes of reformation at all. We sometimes have to suffer for acts which others committed. But it must be perfectly apparent to anyone who has lived any length of time and who has looked at life through the eyes of faith that, regardless of why we are required to pass through unpleasant or harrowing experiences, God nevertheless intends that whatever happens to us be made to contribute to our growth and development.

So the question to ask ourselves when trouble overwhelms us is not, "Why did this happen?" but "What is God trying to tell me?"

Around Capitol Square

POLICY—The state board of education was able to devote more than usual amount of time at its regular meeting Thursday to basic questions of policy, despite demands for hearing several delegations and disposing of details about school districts. Lines and assignment of pupils. At some previous meetings these purely local details had occupied time that board members felt should have been devoted to general policy.

INSURANCE — One important item of business was renewing the fire insurance policy on state owned school buses. The lowest rate in history, twelve cents, was fixed on this insurance. While the state board has no real authority over county-owned school buildings, the recent increase of 25 percent in fire insurance premiums on buildings came in for discussion. Board members cited the record of reduction from 61 cents fire rate on buses in 1937 to 12 cents this year as illustration of what can be done through negotiation by the board with insurance companies. Under the subject of fixation by the state insurance department, whereas building risks are.

LUNCHES — Another significant policy item handled by the board concerned operation of lunch rooms. Reported practice of some schools paying principals and teachers out of lunch room funds for services in that connection was vigorously condemned. In effort to encourage use of milk, the plan in effect until a few years ago was re-instated of charging pupils, the same price for a lunch without milk as with it.

LAND — Several separate items dealt with peccan, swamp and sub-marginal lands in eastern Carolina, title to which is vested in the board of education. While each situation required different treatment, general policy was established, to assure that land owned by the state board would not be conveyed for purely speculative purposes. An interesting sidelight on this discussion was the attitude of up-state members. On one item involving soil pumped by the federal government out of sounds and rivers and which is in demand by local speculators Sanford Martin of Forsyth and Mrs. R. S. Ferguson of Alexander in offside comment suggested: "That's our topsoil that has washed down from our hills, and we don't want to give it away."

ASSURANCE — Republicans did not know ahead of their recent national convention who would be their candidates for president and vice president. They got Dewey and Warren. Democrats are not too sure now who will be their candidate for president, although Truman's nomination is almost certain and the vice presidency is wide open. The Wallace party advocates have no such doubts. Known as the "Progressive Party" in North Carolina, the "People's Party" in some other states, and just as a "New Party" in some places, the group has had its candidates picked far in advance of the nominating convention. They will be Henry Wallace for president,

and Glenn Taylor for vice president.

PROGRAM—Official program of the party convention scheduled to be held in Philadelphia the week of July 19, as published in the party's magazine "The Citizen," sets out time of registration of delegates, meetings of committees, nomination of candidates, etc. Then the printed schedule has this item: "July 24—Mass rally, acceptance speeches by Wallace and Taylor, 8:30 p.m., Shiloh Park." Although it is a people's party, dedicated to progressive democracy, the inside controllers have the thing all fixed. The candidates have nominated themselves and in true dictatorship style place their names on the program for acceptance speeches almost a month before the "people," the "progressive democrats," and the "great popular demand" have any opportunity to express their wishes.

Two Weeks Of Free Camping For Boys Who Are Deserving

The Greenville Elks Lodge will send a group of worthy teen-age boys to the Elks Summer Camp for Boys in the mountains of western North Carolina, near Hendersonville, on July 18. There is room for two more deserving boys, who otherwise could not go to a camp. Everything is free, including transportation. The Elks camp has the best facilities for the enjoyment of youngsters and splendid counselors to look after their welfare while in camp for two weeks.

Mr. Heber B. Tripp, chairman of the Elks Camp Committee, will take two more boys. If the reader knows of two deserving boys who want to have two weeks' camping free of all charge, get in touch at once with Mr. Tripp at the General Insurance Agency, 312 Evans Street. He goes to the free camp with the boys, stays there the two weeks, and sees that they get back home safely.

Hydraulic dredges have pumped dredged material for distances of 15,000 to 20,000 feet, discharging it in deep water or behind levees.

Scientists believe the Arctic ice cap is still retreating northward as it has been for 20,000 years or more.

1948 BARGAIN

U.S.D.A. sources reveal that power equipment is one of today's best farm buys. Cost of farm machinery has increased only 38 percent over 1935-39, compared to 240 percent for farm labor. Farm production costs can be reduced by increased mechanization. When it comes to tractor power, the Allis-Chalmers Model B is out in front. It's just the right size to make efficient use of power on such jobs as cultivating, hauling and belt work. Above all, it is reasonably priced.

RUSTY RILEY

Hi, Rusty! I've got news!

Daddy's planning to give you a birthday party. Mrs. Norton is sending out the invitations. Maybe there are some friends you'd like to add to the list.

A party? Golly! No kidding! I don't know any boys here.

MOTHER'S SENDING OUT THOSE INVITATIONS JUST TO PLEASE POP MILES! WELL, I INTEND TO SEE THAT NOBODY COMES TO THAT PARTY!

THIMBLE THEATER — Starring Popeye

MR. ZEERO CAN HAVE THE MERRY RUNT!!

NON! NON! TRYNA THAW TONY!!

WHAT IS IT YOU ARE DOING??

I'LL TAKE CARE OF THIS ONE!!

IN FIVE MINUTES HE'LL BE STIFF!!

Tamed Dame.

AN ALL-GIRL GANG OF PIRATES. AMAZING

MI-OOSH! WHO ARE YOU? WERE NOT PIRATES. WERE WE?

PIRATES. NOW GET ON THAT RADIO AND CONTACT THE "LADY LUCK!"

AND IF I WON'T, A MAN LIKE YOU WOULDN'T HIT A LADY, WOULD YOU?

ARE THERE LADIES PRESENT? GET GOING, OR THE POLICE WILL TAKE OVER.

POLICE?

SAY EXACTLY WHAT I TOLD YOU TO SAY-- NO COPES.

THIRTY-SEVEN CALLING "LADY LUCK," THIRTY-SEVEN CALLING "LADY LUCK."

THE PHANTOM

DADDY DOESN'T KNOW IT, BUT MY LOLLIPOPS CAUGHT IN HIS HAIR

I'LL TRY TO PULL IT OUT!

YIPE

BLONDIE — By Chic Young

WHAT CAN I DO NOW? THE STICK CAME OUT BUT THE CANDY'S STILL STUCK IN YOUR HAIR

THERE'S NOTHING YOU CAN DO

OZARK IKE

HOT DAWG, DINAH... AUSTIN SKELLY DONE SENT ME UP TO PUNCH-HIT

HOPE YUH KIN SCO THAT RUNNIN' FRUM THUD TIE IT UP, OZARK!

Lions Club Has Officers Installed

At its weekly meeting on Monday night, the newly elected officers of the local Lions Club officially took over their tenure of office. The installation ceremony, conducted by Lion Jesse Jones, of Kinston, was most impressive one. Lion Jones gave a talk on the "Qualities of Leadership," in which each newly elected officer was reminded of his duties and the quality of work he must perform for the Club if the local organization is to maintain its lofty position in community leadership. As a closing note, Lion Jones reminded these present that no chain was stronger than its weakest link; that each individual member whatever his task might be, must work harder and more conscientiously than ever before in order that the Greenville Club might steadily progress.

Following Lion Jones, past Secretary Otis Alexander made a report on the activities of the local Club for the past year—a report over which each member might justly be proud. Not only did the Club contribute to and aid in the successful completion of many local drives, but the Greenville Lions took part in many and various national and international drives during the past twelve months. Many local persons, formerly blind, were provided medical services by the local Club, and, as a result, have had their sight totally restored.

Lion Bert Aycock, incoming President, thanked past President Tyson Billro and the other retiring officers for their splendid leadership during the past year and expressed the fervent hope that the club,

Still Counting

Tokyo, July 2.—The U. S. Army first corps announced officially today there were 12,288 casualties in Monday's earthquake at Fukui.

Tactical troops in the disaster area counted 1,995 dead, 2,862 injured seriously, and 8,931 treated for minor injuries, a corps spokesman said.

Building on the foundations laid by past officers, would continue to grow and prosper in leadership and community service.

Storm Puts End To Heat Wave; Mercury At 103

By CHESTER WALSH

The temperature soared to 103 degrees in Greenville last Sunday, and to 102 Monday, according to the Weather Bureau thermometer here. Incidentally, slightly less than three-quarters of an inch of rain fell in this area during the month of June, Mrs. C. E. Maiden, observer here for the U. S. Department of Commerce, reported.

The range of the thermometer during the past week was as follows: Last Friday, 86 degrees; Saturday, 100; Sunday, 103; Monday, 102; Tuesday, 99, and Wednesday, 90 degrees.

Yesterday's thunderstorm, although light, was a lifesaver for field and garden crops. It was cool this morning, with a light northwest breeze.

Colored News

The Matron Social club met Wednesday night June 30, at the home of Mrs. Lydia Thompson. The meeting was open for business. The roll was called by the secretary after which the hostess served a delicious refreshment. The club will meet July 7 at the home of Mrs. Kate Graham, 210 Reade street.

The Matron Social club wishes to announce the ballroom festival given by them at U. S. S. Club (Tropicanna), 407 Bonner Street, Monday night, July 5.

The Sophisticated Aces Social club meeting was postponed Sunday, June 27. The next meeting will be at the home of Mr. James Pollard, Sunday, July 11, at 7 o'clock. The president urges all members to be present.

To the members of the Sophisticated Aces Social Club and guests, I would like to thank you very much for the lovely surprise birthday party that was given me last Friday night at 9 o'clock at the home of Mr. McKinley Smith. I enjoyed it and I hope everyone else did and once more many thanks. (Signed) The president of the Sophisticated Aces Social Club, Mr. Herbert Whitchard, 1812 S. Pitt Street.

York Memorial A. M. E. Zion Church, Rev. F. H. Mumford, pastor, Sunday, 9:45 a. m. Sunday school, W. J. Hester, superintendent, 11:00 a. m. Message by the pastor, Subject, "The Power and Manifestation of the Gospel." Music by the senior choir. We kindly ask that every member register in the drive of the church. Do your part so that the work may go forward.

At 3 p. m. the funeral service for Mr. Lonnie Vine will be held at York Memorial Church.

Wednesday night the pastor and members will worship with the First Baptist Church in their anniversary Thursday night. The same type of service will be rendered at the Phillip Christian Church. All members of this church will please be present at these services.

O give thanks unto the Lord, for he is good, because his mercy endureth forever. Psalms 8:1.

You will find a cordial welcome at York Memorial.

AMERICAN TOBACCO CO. MAKES ANNOUNCEMENT

The American Tobacco Company has announced the appointment of Charles E. Gage as agricultural consultant. Gage, who retired May 31 as Director of the Tobacco Branch of the Production and Marketing Administration of the U. S. Department of Agriculture, was an employee of the Department for more than 42 years. For over 25 years of that time he devoted his attention to the production and marketing of leaf tobacco.

It is expected that Gage, whose office will be located in Washington, D. C., will assume his new duties in the latter part of July.

Order Negro Held For Slaying Man Tuesday Night

At an inquest at the City Hall last night, a coroner's jury ordered Andrew Jenkins, colored, held under 10,000 bond for the grand jury at the August term of Superior Court. Coroner Griffin H. Rous presided. It was testified that Jenkins and Robert Overby, also colored, had an affray in the "Bama section of the city last Tuesday night; that apparently Jenkins got the worst of the fight, and that he went into his cafe, got his shotgun and fired at Overby at close range. The charge struck him over the heart and he died almost instantly, police said.

Loses Wallet And \$1,200 At Pactolus

J. L. Corey, Route 1, Robersonville reported to Greenville police that he lost his wallet near the cucumber market at Pactolus Wednesday and that it contained 12 \$100 bills and his driver's license. The wallet is inscribed with the initials, "J. L. C."

TO THE CITIZENS OF GREENVILLE

As a result of the Bond Election on Monday, June 28th, it is now possible to continue the Improvement Program which is designed to provide Greenville with ample Electric Generating facilities to give reasonable insurance against a power shortage, that is the plans call for a 10,000 K.W. Firm Power Plant, or two 5,000 K.W. Units with one 5,000 K.W. Standby or Spare Unit.

Plans also call for certain extensions to Water and Sanitary Sewer Mains to provide Fire Protection and Sanitary Facilities for the new areas of the City.

These Facilities are most vital for the progress and well-being of our City and must of necessity precede Industrial and Commercial expansion and development; therefore, the plans express a twofold purpose, first the needs of our Community now, and secondly a faith in our continued progress in the future.

The Management wishes to take this opportunity to express its sincere appreciation for your loyal support and cooperation in providing funds necessary for the continuation of the program.

It is our desire to provide our Citizens with uninterrupted service at the lowest practicable cost and to maintain our Electric Plant at the highest efficiency possible, consistent with the best practices.

Your support and cooperation is accepted as an expression of confidence and faith, and we assure you that no effort will be spared to merit your confidence and to justify your faith.

The Management

Find My Killer

By MANLY WELLMAN

Chapter 21
I'd been ready for almost any-
thing but that. "Will you confess
that to the police?" I asked him.
"Why Not? They'll find it out."
"And why," I asked, "did you do
all this?"
"Isn't that a superfluous question,

Yates? I did it to cover my own
guilt. I killed Dick Ealing."
"How did you manage such a
good murder?" I asked him.
"I shot him with his own derrin-
ger and put it in his hand and
closed his fingers around it," said
Kuhl.

"Wait," I said. "When the door
was smashed down, Pettigrew check-
ed the position of the key—in the
lock on the inside of the door. He
called Dr. Stokes' attention to it."
"Well," said Kuhl, "I don't re-
member."

"I needed only the one look at
James Kuhl's face to see that she
had told the truth about what he
was doing and thinking."
"Before you get bitter toward
him," I admonished Diane Ealing,
"just remember how you thought
he was the murderer."
Kuhl swung around to face me,
so savagely that I imagined for a
moment he wanted to bite me.
"What was that, Yates? Just say
that again."

"I was trying to cover up for
you before you came," I said.
"Where were you, Jim?" asked
Diane Ealing sharply. "You tell me,
and at once."
"I was calling on my wife," he
said.

No wonder he'd tried to hold that
back. Diane Ealing was furious with
him on the instant. Her anger ex-
ploded like a shell.

I looked across him at Diane
Ealing, winked at her, then turned
and walked out. As I closed the
front door, I could hear their voices

again, both ringing out at once,
fast and excited.

At the nearest pay phone I called
J. D.'s office. "News, chief," I said.
"Kuhl admitted that he framed Doc
Stokes. I'll go into that in detail
when I get back to the office. Tell
me, where does Kuhl's estranged
wife live? You were calling on her
a couple of days ago."
"She stays with her aunt, Mrs.
Dora Howard, in the Lowell Park
District. Why?"
"I want to talk to her. Give me
the address."
J. D. gave it to me, and directions
how to get to Lowell Park.

At the house with the proper
number I rang a bell and a woman
came to the door.
"Yes," she answered my question,
"I'm Mrs. Kuhl."
I didn't blame Kuhl for wanting
to trade her in on Diane Ealing.
Average height, average figure, av-
erage face, with slacks and sweater
over enough foundation garments
to harness a horse, big thick-soled
wedgie and hair bleached to the
color of raw, new rope done in a
half-do straight out of the funny
papers. "What do you want?" she
asked, in the empty high voice you
hear from the made-up lips of so
many women.

"What I want to ask is about your
husband."
"I haven't any husband any more.
We're separated."
"So I hear. Now, Mrs. Kuhl, who
came to see you the day of the
murder?"
"Jim came. It was about our di-
vorce. He wanted to get it into court
and offered me a settlement. I said
I'd fight the case."
"What time in the afternoon was
this?"
"Two-thirty, maybe."
"You talked long time?"
"An hour and a half or two
hours. We didn't get anywhere."
A little more of that and I thank-
ed her and went out.

Driving back to the office from
that meeting with Mrs. James Kuhl,
I tried to think where I'd go from
there for a new clue and a new
trail. I'd have to clarify things in
a good talk with J. D.

But J. D. met me in the outer
office. She didn't pause for much
more than long enough to put out
her hand for the car keys.
"I'm overdue on a lead of my
own."
"Where away?"
"At Dr. Stokes' home," she said,
and left.

Dr. Stokes. She had said Dr.

DID YOU KNOW

?

That you can have your clothes
damp-washed for 4c per pound,
cash and carry, or 5c per pound,
picked up and delivered, at College
View Cleaners and Laundry?

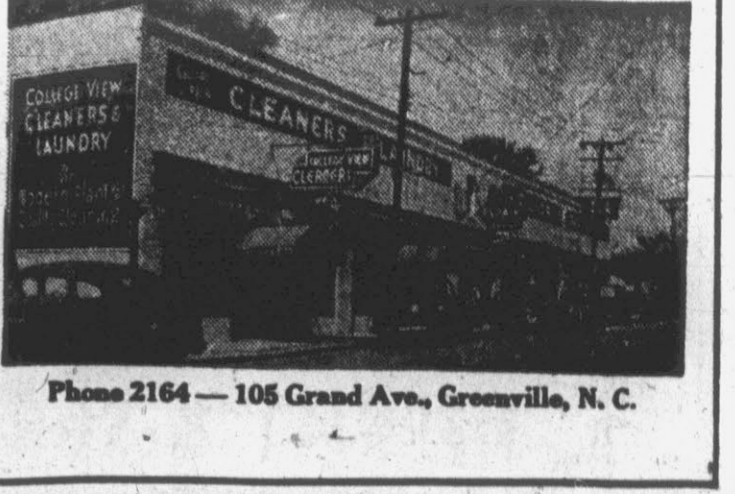

A wet wash bundle is classified into
five different classifications of
clothes.

A different washing formula is set
up for each of these classifications
by washroom technicians who come
into the plant of College View
Cleaners and Laundry each month.
These formulas are strong enough
to give you a clean wash and not too
strong as to break down the tinsile
strength in your clothes causing
them to wear out faster.

Each Washing Formula Has:

3 Suds 7 Minutes Each
3 Hot Rinses 4 Minutes
3 Cold Rinses 4 Minutes

1 Blueing Sour and a germicide that
kill the balance of the germs left in
your clothes if any. Shirts extra at
College View Cleaners and Laun-
dry. A service to fit every family's
budget.

Greenies Win In Overtime Game Against Kinston, 5-4

Will Soon Know If American Can Beat Mckenley

Milwaukee, July 2—(AP)—Three burning Olympic questions may be settled here today and tomorrow when 510 athletes compete in the 60th annual national amateur athletic union track championships.

They are: Can any American challenge Herb Mckenley at 400 meters? Can Gil Dodds come back? Can Clyde (Smackover) Scott beat Harrison Dillard in the 110 meter high hurdles?

The big meet is the second avenue to the final Olympic tryouts at Evanston, Ill., July 9-10. The national collegiate, held two weeks ago, was the other one. This is primarily for the club athletes. Six men in each Olympic event in each meet are entitled to go to the finals, but 66 collegiates who are already qualified are competing here.

These will not count in deciding the six A. U. qualifiers. There is no difficulty in ranking more than six in the distance and field events, but no decision has been reached yet whether additional Olympic tryouts in the sprints and hurdles, where there are only six lanes, will be determined on a time basis or by run-offs.

Showers are forecast tonight and tomorrow, but if they hold off American and even world records will be in peril.

Mckenley said he would aim at an incredible 45.8 in the 400, two tenths of a second better than his own unofficial world mark. He picked Scooter Rucks of South Carolina, National collegiate champion at 47.1, as his foremost opponent.

Braves Order Al Lyons To Report

Boston, July 2—(AP)—The Boston Braves today sent utility infielder Bobby Sturgeon to the Milwaukee Brewers on a 24 hour recall basis and ordered Al Lyons to report to the Tribe from the American Association team.

Princeton, Kent Are Favored In Thames Rowing

Henley-on-Thames, England, July 2—(AP)—Two lightweight American crews from Princeton and Kent School appeared to be the class in the Thames Challenge Cup competition today, but only one can go into the finals.

Princeton's Tigers established themselves as a strong favorite by easily whipping Lincoln College of Oxford yesterday, while the Kent crew from Connecticut was extended to defeat Trinity College of Oxford. Kent won the cup a year ago.

This placed both in the round of eight, but the luck of the draw calls for the Americans to meet tomorrow in the semi-finals if they get by today's opponents.

With no issue of the paper coming out on Saturday or Monday here, with the schedule of play for the Greenies for the balance of this week and next week: Saturday, July 3—Greenville at New Bern; Sunday, July 4—New Bern at GREENVILLE; Monday, July 5—3:00 p.m.—Tarboro at GREENVILLE; Tuesday, July 6—Greenville at Roanoke Rapids; Wednesday, July 7—Rocky Mount at GREENVILLE; Thursday, July 8—Greenville at Rocky Mount (double-header); Friday, July 9—Greenville at Wilson; Saturday, July 10—Wilson at GREENVILLE; Sunday, July 11—Greenville at Goldsboro.

Tonight will be Ladies' Night at Guy Smith Stadium. All ladies with escorts will be admitted free to the Greenville-Roanoke Rapids game which will get underway at 7:45 o'clock.

Jerry Chitty, who had a 10-10 record last season with the Greenies and who this year had lost his first eight starts this season, has been placed on the ineligible list, it was announced by club officials yesterday.

Added to the Greenies' pitching roster is Dante Amorosa, right-handed hurler. Amorosa is a limited service player and played several games with the Amsterdam, N. Y. Club of the Canadian-American Class C League last season. He came direct from the Windsor Club of the Albemarle League to Greenville.

Ray Phillips, popular outfielder of the Greenies, who was placed on the suspended list several days ago is confined most of the time to his bed with a leg injury at his home, 1300 Myrtle Avenue. Hurry and get well, Ray, we miss you at the park.

Stan Mustal is threatening to become the first senior league batter to hit 400 since Bill Terry of the Giants clouted 401 in 1930. The slugging rightfielder of the St. Louis Cards boosted his average to .405 with a fine display of stickwork last week and gained a stranglehold on the loop's batting leadership.

Princeton's Tigers established themselves as a strong favorite by easily whipping Lincoln College of Oxford yesterday, while the Kent crew from Connecticut was extended to defeat Trinity College of Oxford. Kent won the cup a year ago.

This placed both in the round of eight, but the luck of the draw calls for the Americans to meet tomorrow in the semi-finals if they get by today's opponents.

With Two Away And Nesson On Third, Billy Wood's Eleventh-Inning Single Scores Winning Run

By BERT MOYE

Billy Wood's timely single in the eleventh frame after two men were out to bring in Joe Nesson who had reached third via walk, sacrifice and a fielder's choice, gave the Greenies a 5-4 victory over the Kinston Eagles here last night.

The win for the Greenies was their second overtime victory over the Eagles this season and was the fourth win over the Eagles. Kinston has won seven games from the Greenies.

The Greenies went out in front in the first two frames by scoring a singleton in the first frame and shoved across three more runs in the second. Moe Carter's triple and Bob Cohen's timely single produced the first run for the Greenies.

In the second frame Nash and Nesson walked, Riggs singled scoring Nash with Nesson taking third. A wild throw by catcher Pliska down to third trying to catch Nesson resulted in Nesson scoring with Riggs racing to third. Arroyo hit down to third and caught Riggs in a chase between home and third and then when third baseman Peters threw the ball wild to the catcher, Riggs scored.

The Eagles put across a run in the sixth frame when Williams singled and Pliska tripled to bring him home. They forced the game into extra innings when they put across three runs in the top of the eighth on three doubles, a single and a sacrifice to knot the count at four-all.

Luis Arroyo started on the mound for the Greenies and was taken out in the eighth frame with no men out and two men on base. During his seven innings on the mound he yielded 9 hits, 4 runs, walked 3 and struck out 6. Johnny Tate, who went to his rescue in the eighth frame received credit for the win, his third of the season and his first over the Kinston Eagles. During the four frames which he hurled he held the Eagles to two hits, and no runs. Joe Turk, Kinston's leftfielder, with two doubles and a single in five trips to the plate led the 11-hit attack off the two Greenie hurlers.

The Eagles used two hurlers with Rick Causey starting on the mound and being yanked out after two and one-third innings and giving up five hits and four of the Greenie runs. Powell pitching the last eight frames and held the Greenies to three hits but yielded the winning run in the eleventh to get credit for the loss.

Manager Bob Cohen with three singles in five trips to the plate led the eight-hit attack of the Greenies off the two Kinston hurlers.

Early Wynn did a most impressive job last season in turning in 17 triumphs for the seventh place Washington Senators with the results that his name was frequently mentioned during the winter hot stove league sessions in connection with deals. Early had established himself as one of the American league's better hurlers, and it was figured, Owner Clark Griffith might be tempted to part with him while the market was at its peak. But Griffith turned a deaf ear to all offers. He had plans of his own for Wynn.

In the spring of 1947, Wynn reported at training camp blown up to 225 pounds. He worked hard to huff off the extra poundage but failed to get off to an auspicious start. He did finish strong and with an impressive over-all record. Owner Griffith, hoping to help Wynn get off to a flying start this spring, offered the pitcher a fat bonus if he reported at 195 pounds. Early beat the mark by four pounds but ran into all sorts of pitching difficulties. His fast ball had no speed and his curve didn't break. He had little pep, and opposing clubs teed off when he was pitching.

It was not until the season was well underway and Wynn was regaining some of the precious poundage that he began to look like the Wynn of old. He's around 200 pounds now and figures that 205 is his best pitching weight. The streamlined figure may be more fashionable but Wynn is inclined to be chunky, and that's the way he's going to be.

Age Vs. Youth In Motor City Golf

Detroit, July 2—(AP)—It was a fight of age against youth today as the \$15,000 Motor City open golf championship moved into the second round.

With the four-day, 72-hole stroke chase nearing the halfway mark, galleries were carried back to years as 51-year-old Joe Kirkwood, St. Louis, the Philadelphia trick shot star, and 46-year-old Gene Sarason, who has kept kickers in style all this time, showed their heels to most of the youngsters in a star-packed field of 121 of the nation's best pros and amateurs.

Kirkwood, whose last major tournament victories came in the Canadian open and north and south open in 1933, lashed out with an amazing 35-33-68 in yesterday's first round to share a first place tie, three strokes under Meadowbrook Country Club's par of 85-86-71.

Sarason, whose aging legs are struggling to keep pace with his big golfing heart, was just a stroke back with 34-35-68. Heading into the second heat of the four-day 72-hole stroke play test.

They were upholding the "age" end of the struggle. Leading the parade of youths were 24-year-old Gene Dahlstromer of Atlanta, Ga., the Southern amateur champion, 29-year-old Johnny Palmer. The western open champion from Badin, North Carolina, and 30-year-old Marty Furgol, slender blonde whose home is in North Hollywood, Calif. All three were dejected with Kirkwood for the first round lead with sparkling 68's over Meadowbrook's hilly 6,616-yard layout.

Phillies Newest Rookies Playing For Wilmington

Wilmington, Del. July 1—(AP)—The Philadelphia Phillies' two newest rookies will perform for Wilmington's Blue Rocks tonight in an Inter-State League twin bill with the Trenton, N.J., Giants.

Stan Holmieg, \$25,000 bonus outfielder signed by the Phillies after playing the last two seasons with Texas A. & M., will be making his professional baseball debut. He was rated the outstanding hitter in the southwest conference.

Three-Way Tie In Tennis Tourney

Montclair, N.J., July 2—(AP)—The varsity team title, which is almost as important as the individual winner in the eastern intercollegiate tennis championship, was a three-way tie today, but the big red of Cornell ruled favorites to break the deadlock.

Cornell, Yale and the University of Miami, all had nine points as play began in the quarter-final round.

Indians Prefer Playing On Road Because Of Fans

St. Louis, July 2—(AP)—As far as the Cleveland Indians are concerned, "there's no place like away from home."

A veteran member of the Tribe, who asked that his name be withheld, said today "every man on the ball club, though he won't admit it to the press, would rather play ball on the road than have to take that 'gaff' from the super-charged crowd in Cleveland."

"I can speak for just about the whole ball club," he said. "I travel with them and I live with them and I know what they talk about. We just don't play the same kind of ball at home that we do on the road, simply because of the fan reaction there. So we'd rather play on the road where we have better than a 50-50 chance."

The Indians, who now lead the league by only half a game, have won 23 games and lost only eight on the road, holding better than a 500 percentage rating in every other city in the circuit.

But in Cleveland, in nearly the same number of games and against the same opposition, they have an 18-16 record. In their last home stand they won only six and lost nine.

"We're not trying to aibit," the player continued, "we're simply facing facts. On the road, win or lose, we're a better ball club because the pressure isn't there. Not that we mind pressure, but when you get booed at every movement, then it gets a little rough."

"A pitcher throws two or three balls in a row and the crowd hollers: 'What's the matter with him? Get him out of there.' A hitter takes swings and misses and they holler: 'Sit down, ya bum!' But the payoff is when they start yelling to get the ball game over and start the fireworks when we're behind."

"I don't think the crowd reaction has ever been this bad before. It was not good in 1946 and it got worse last year. But this year, probably because we're right in the thick of a pennant fight, we're at a psychological disadvantage in Cleveland because they yapper at every wrong move we make."

First Baseman Makes Put-Out At Third Base

Dallas—Ever hear of a first baseman making a put-out at third base? No one around here hadn't either until Bob Moyer of the Dallas club in the Texas League pulled it. Here's how it happened:

San Antonio had runners on first and second and no outs. Bill Sommers attempted to sacrifice. The ball was a blooper toward third. Oscar Kheiderian rushed in, trying for a shoestring catch. He missed by inches but grabbed the ball and wheeled toward third. The speedy Moyer, who had charged in with the bunt, saw Dee Sanders headed for third and raced to the bag in time to take Kheiderian's throw for a force out.

Americans Slump In British Open

Muirfield, Scotland, July 2—(AP)—Britain's veteran campaigner, Henry Cotton, held a four-stroke lead and America's challengers appeared hopelessly beaten today as 38 survivors teed off for the final 36 holes of the British Open golf tournament.

While United States representatives faltered badly, Cotton added a record-breaking 66 to his previous 71 for a halfway mark of 137. The closest American to him was Arthur Clark, a little-known professional of Huntington, W. Va., who was eight strokes back.

BOY'S LEAGUE BASEBALL

In one of the fastest and best games of the year, the Tigers of Third St. shut out the Greenies from the East End behind the one-hit pitching of Bobby Fye. The game was played in the short time of one hour and fifteen minutes. Joe Clark, pitching for the Greenies, was very effective. He allowed only five hits and struck out five. Bobby Fye hit a triple that scored two runs for the Tigers in the second that meant the ball game. Fred Joseph got a triple and single for the winners.

The Red Sox who made a runaway of the Junior League in the first few weeks of play continued in their slump Thursday morning, losing their third straight game by the score of 11 to 6. Jimmy Pleasants scattered nine hits well and was not in serious trouble until the last inning when the Sox scored four runs. Guy Smith came to his rescue to retire the side without further damage. The game was close until the fourth, in this inning after two men had been retired errors loaded the bases and Jimmy Cheatham promptly unloaded them with a long triple and before the side could be retired three more runs had crossed the plate to give the Dodgers a formidable lead. Billy Bost, Leroy Quinn, Billy Nunn and Dallas Evans all got two hits apiece to lead the Sox at bat. Jimmy Cheatham was the big gun for the winners with two doubles and a triple. George Sideris also got three singles and Tom Smoot and Jackie Cox got two hits each.

Third St.'s Giants made it a clean sweep for the day by out-slugging the Orioles to win 14 to 11. Both teams hit hard and often and the lead changed hands nearly every inning. Four runs in the last inning sewed up the game for the Giants. Kent Lee with a double and three singles and Bobby Watson with three singles led the winners at bat. Hilton Quinn with two singles and a triple and Eddie Farley, Doug Morgan and Joe Clark with two hits each led the attack for the Red Sox.

Yesterday's three second-trial heats didn't produce any real races.

A Slow Starter, But Learns Fast

East Lansing, Mich.—(AP)—Edward (Bud) Erickson, captain of the 1948 Michigan State College baseball team, is the only player on the squad who didn't play high school ball.

Erickson, senior from Dunkirk, N. Y., never laid a hand on a ball until he entered the service. Last year he proved one of the most valuable players for the college, batting .308 and fielding 1,000, as a first baseman.

Semifinals For Olympic Rowing

Princeton, N.J., July 2—(AP)—After two strenuous days of rowing, which served only to eliminate four of the original 11 crews, the experts still were looking for some reliable "dope" today as the Olympic crew tryouts moved into the semifinal stage.

The "repechage" or second-trial system, installed this year for the first time wiped out the upset of the first day and gave two beaten favorites a chance to get even.

Harvard and Yale, beaten the first day after being picked as the east's main hopes, were back in the running through repechage victories. Each was lined up against the crew which had upset it the first time out.

In today's first heat, Yale was slated to meet its conqueror, Princeton, and the only surprise winner of the second day, the West Side Rowing Club of Buffalo, N.Y. Harvard, beaten by Cornell Wednesday, got a second crack at that rival today. The third heat pairing sent Washington against California, a west-coast natural. The three victors will go into the final race tomorrow.

Yesterday's three second-trial heats didn't produce any real races.

Dependents Of Veterans Who Died In Service To Get Larger Pensions

Washington, July 2—(AP)—Widows, children and dependent parents of veterans who died in service are eligible today for pension boosts totaling more than \$30,000,000 a year.

A bill setting up the increased benefits was signed into law by President Truman yesterday. It also raises payments received by widows and dependents of veterans of the regular military establishment who lost their lives because of disabilities resulting from the war.

Here, in order, are the old rates and the payments provided by the new measure:

Widow, \$60 and \$75; widow with one child, \$78 and \$100; widow and

two children, \$93.60 and \$115; widow with three children, \$109.20 and \$130; widow with four children, \$124.80 and \$145; widow with five children, \$140.40 and \$160.

One orphaned child, \$30 and \$38; three, \$57.60 and \$106; four, \$69.60 and \$126; five, \$81.60 and \$146.

One dependent parent, \$54 and \$60; two dependent parents, \$30 and \$35 (each).

If the veteran lost his life during peacetime, the benefits will be 20 per cent less in each case.

SIGN AGREEMENT
Athens, July 2—(AP)—The Greek-American BCA agreement was signed today.

Publishers Set Comic Book Code

New York, July 2—(AP)—A group of comic magazine publishers has agreed not to publish any comics which feature sexiness or sadistic torture, glorify crime or foster religious and racial prejudices.

The new "comics code" was announced yesterday by the Association of Comic Magazine Publishers. Fourteen publishers—who put out 15,000,000 of the 50,000,000 comic books sold monthly in the United States—already have agreed to abide by the code, the association said.

It promised a drive to secure the cooperation of all other comic magazines publishers in the country.

Signers of the code are pledged to devote their cartoon books to "good, wholesome entertainment or education."

The code requires that publishers "in no event include in any magazine comics that may in any way lower the moral standards of those who read them."

The code calls on members to realize their "responsibility to the millions of readers of comic magazines and to the public generally."

Funeral Services For T. A. Etheridge

Funeral services for T. A. Etheridge, who died at his home on Hickory Street here yesterday morning, were held at Eighth Street Christian Church this afternoon at 4 o'clock. Dr. H. G. Haney officiated. The Masons had charge of the services at the grave. Burial was in Greenwood Cemetery.

Surviving are his wife, Mrs. Gladys Pender Etheridge; four daughters, Mrs. Lillian E. Thomas of the home, Mrs. E. L. Stewart of Richmond, Va., Miss Nell Etheridge of Richmond, Va., and Mrs. W. Horace Cooper of Charlotte; one son, Joseph A. Etheridge of the home; two brothers, J. M. and Claude Etheridge of Whitakers; four sisters, Mrs. W. F. Conner of Surver, Pa., Mrs. Henry L. Moore of Durham, Mrs. John M. Sheppard of Newport News, Va., and Mrs. Moses Moyer of Mt. Pleasant.

Governor Opens Tar Heel Pageant

Manteo, N.C., July 2—(AP)—North Carolina's best known pageant, "The Lost Colony," opened for its eighth season last night. More than 1,000 persons saw the opening—the 321st performance of Paul Green's symphonic drama—and heard Governor Cherry declare that the play has become "something of a Tar Heel 'Life With Father'—a pageant with an enduring and fascinating message for all of us."

"This fine drama," the governor said, "contains basic ingredients that all citizens of the new world need to be reminded of over and over again."

"The spectacle of a courageous band of men and women fighting to establish themselves in the wilderness has in it the stuff of a good drama. Performed as it is here on the actual site of that ill-fated expedition, it emphasizes many things all Americans ought to remember about their native land. x x x Before we could inherit the fine institutions of our native land, somebody struggled and sweated and fought and died."

Moral . . .

(Continued from Page One) marked that I supposed he based his statement on the fact that Confucianism and Christianity run parallel on many moral questions. He nodded, and said that because of the similarities it would be easy for the Chinese people as a whole to accept the moral teachings of the West.

Fun-Training . . .

(Continued from Page One) other may want to learn it so he can make a living teaching it.

One man may want to learn photography as a hobby; another may want to make a living at it.

One man may want to learn how to mix drinks so he'll be a good host at his own parties; another may want to learn so he can make a living as a bartender.

One man may want to learn to be a pilot just for the thrill; another may want to learn so he can make a living flying or use flying in his business.

Where is the line drawn there? Who decides?

The Veterans Administration will have to do the deciding in each case when a veteran applies for such training.

At this point that's about the best answer that can be given.

Biggest Budget . . .

(Continued from Page One) arise.

The effect will be to make spending in the new fiscal year seem \$3,000,000,000 lower than it would be otherwise. The shift will bolster the fiscal 1949 budget so as to avert a possible deficit at the year's end June 30, 1949.

Taking either the administration's "true" \$8,419,000,000 figure or the \$5,419,000,000 figure of Congress, the surplus is the second in a row after deficits for the preceding 16 straight years.

Sales Decline For Fertilizer

Raleigh, N. C., July 2—(AP)—Fertilizer sales in North Carolina slackened during the fiscal year which ended June 30, according to figures released today by Agriculture commissioner D. S. Coltrane.

It is the first time since 1939 that the fertilizer sales in the state have decreased over a preceding year.

Middling spot 36.34, off 31.

Grain Market

Chicago, July 2—(AP)—Grains slipped on the board of trade today as rising temperatures in the mid-west forecast an excellent corn growing weekend. The July corn contract was the weakest spot in the pits, dropping around 2 cents at times. Weakness in the cash market was in part responsible for this slump. Premiums at which buyers were willing to take cash corn over the July future were reduced 1 to 3 cents.

Wheat closed 1 1/2 to 1 3/4 lower, July \$2.30 3/4 to 1-2, corn was 3-4 to 3 3/8 lower, July \$2.19, oats were 3-8 to 1 1/2 lower, July 89 3/4 to 7-8, and soybeans were 1 to 2 1/2 lower, July \$4.11.

N. Y. Stock Market

New York, July 2—(AP)—Railway issues steamed in front of the stock market today, followed closely by the oil group. Gains of fractions to well over a point spotted the list.

Spraying Dry Ice From Plane Fails To Cause Rainfall

By CHESTER WALSH
A plane owned by the Jack Rey-

NOW! ANYONE CAN HAVE PLENTY OF HOT WATER QUICK!

HEATS FAST AS GAS

Merely place a portable FAST-WAY Water Heater in a receptacle containing water. Plug in nearest socket. Presto! Heats water quick for bathing, scrubbing, washing, etc. Also cleaning milk separators, etc.—speed depending on quantity. Heats fast as average gas burner. No fire to build or hot water to carry—no running up and down stairs. No dirt, no noise, no noisy fuel bills. Handy! Inexpensive! Now costs less than \$2.25. Caution! Read directions before using.
