

Considerable cloudiness with scattered showers tonight and Friday.

Italian General Strike Gradually Is Losing Ground

Back-To-Work Movement By Workers; Togliatti, Reported As Improving

Rome, July 15 (AP)—The government said today a "back to work movement" was cracking the general strike clamped on Italy by Communist labor after the attempted assassination of Palmiro Togliatti.

Togliatti, Italy's No. 1 Communist leader, who stands as high with the Soviet Union, was reported improving. A Sicilian law student shot him three times outside the chamber of deputies yesterday.

In addition to the paralyzing general strike the shooting touched off violence which claimed the lives of six persons and injured hundreds more. Disturbances continued today but on a lesser scale than yesterday.

The interior ministry headed by Mario Scelba said Italian workers were beginning to return to their jobs at several places.

This was regarded as certain to stiffen resistance by Premier Alcide De Gasperi to reported demands from the Communist-led General Labor Confederation (CGLI) for Scelba's resignation as the price for ending the strike.

The small liberal party, aligned with De Gasperi's Christian Democrats in the government, assented to the strike as "openly revolutionary in character."

The interior ministry communique described the situation in Italy as "everywhere normal." It said Sicilian railways were operating again and volunteers were manning express routes out of Naples, government offices operating regularly and that there was "partial restoration" of activity in many cities.

Press dispatches told only of disorders at Milan and Turin—Communist strongholds—to match those which swept Italy yesterday and last night.

In Milan police reserves fired shots in the air and used tear gas to subdue thousands of workers gathered around the strike-bound Motta Food Products factory. The police forced the workers to return 12 rifles seized from plant guards.

Spurred by Communist attacks on the government's crowd at Turin, police to back the Christian Democrat newspaper office. Police stopped them.

In Rome, Naples and other places Communist crowds listened to vitriolic attacks on the De Gasperi regime.

Pershing Record Cited By Gen. Jacob L. Devers

Fort Monroe, Va., July 15 (AP)—General John J. Pershing was cited for his devotion to duty in a statement issued today by Gen. Jacob L. Devers, chief of army field forces.

Referring to General Pershing's years of service to the country, General Devers declared that Pershing's "only object in life was the welfare of his country."

The statement recounted General Pershing's record in various responsible positions during his career and described him as "one of the greatest military minds of all times."

Would-Be Building Contractors Tested

Raleigh, July 15 (AP)—Some 71 would-be building contractors took tests for state licenses here today. J. S. Wells, executive secretary of the N.C. Licensing Board for Contractors, said the number of licensed contractors in the state had increased from 381 before the war to nearly 800.

Strategy In Campaign

Truman Carried Fight To Republicans In Challenge To Deliver The Goods; Attempt To Put GOP "Over A Barrel"; Examples Of What You'll Be Hearing About

By JAMES MARLOW

Philadelphia, July 15 (AP)—President Truman has opened his campaign for the presidency with a sharp, tough, fighting challenge to the Republicans to stand and deliver.

He did it today in his speech here to the Democratic convention, accepting the presidential nomination.

Right at the end of his speech he announced that he is calling the Republican-controlled Congress back into special session July 6. That means this:

1. He's going to ask Congress to pass certain laws, such as those aimed at controlling the cost of living.

2. But most of what he said he'll ask for is something which the Republicans—in their own 1948 platform—worked out here three weeks ago—also say needs to be done or studied.

3. That will put the Republicans on the spot of having to deliver on their platform promises which they made in an attempt to win the elections in November.

But before looking any further into Mr. Truman's attempt to put the Republicans over a barrel, this is something to remember as the

Crisis Atmosphere In Downing Street

British Cabinet In Long Session Over Soviet Rejection; Threats To Interfere With Berlin Air-Lift Printed

London, July 15 (AP)—The British cabinet studied for nearly three hours today the Soviet refusal to lift the Berlin blockade. An atmosphere of crisis prevailed.

Foreign Secretary Ernest Bevin emerged from the cabinet meeting at No. 1 Downing Street and went directly to Buckingham Palace to report to the king.

Anxious crowds waited in the block long street outside Prime Minister Attlee's official residence.

Foreign office spokesmen would not comment on the Soviet rejection of the British, French and American notes demanding that the Russians end their ground blockade of Berlin.

In a reply which left the next move up to the western powers the Russians said they were willing to negotiate if the talks concerned all of Germany and not just Berlin.

The western allies had expressed willingness to talk about Berlin only if the blockade were ended.

Berlin, July 15 (AP)—The Russians threatened through their official newspaper today to interfere with U.S. and British planes bringing supplies and food to blockaded Berlin.

German newspapers said the city government was planning to declare a state of emergency.

The possibility of a state of emergency being declared came soon after the Soviet refusal to relieve the siege of Berlin, now in its fourth week.

Taegliche Rundschau, the official Soviet newspaper, printed today threat to the American-British air

24 New Cases Of Polio Reported

Brings Total For State To 608 For The Current Year

Raleigh, N.C., July 15 (AP)—Twenty-four cases of infantile paralysis were reported to the state board of health today, bringing the total of cases in the state for the year to 608.

The new cases made a total of 124 reported this week. There were 40 yesterday, 32 Tuesday and 28 Monday.

Gulford county again reported eight cases. Burke reported four, Gaston three, Catawba and Mecklenburg two each, and Cleveland, Forsyth, Robeson, Rockingham and Stokes one each.

All of today's cases were July onset making the total 195 for the month. The June total stood at 287 cases.

Meanwhile, two children died of polio in a Morganton hospital last night. They were Charles Sprouse, age 4, son of Mr. and Mrs. Charles Sprouse, Sr. of Ruth, and Rebecca Ann Rader, 17 months, daughter of Mr. and Mrs. Eugene Rader of Morganton.

North Carolina's increasing polio incidence has brought a move in Virginia to have travel between the two states reduced.

South Carolina Ballots Went For Sen. Russell

Philadelphia, July 15 (AP)—South Carolina's delegates to the Democratic convention headed home today after making good on their promise not to vote for President Truman's nomination.

The state's 20 votes went to Senator Richard B. Russell of Georgia on the single presidential ballot.

It was a thoroughly angry group of delegates after the convention adopted a strongly-worded civil rights platform plank.

At one time, there was a strong possibility that the South Carolinians might register their protest by walking out like the Alabamians and Mississippians. A delegation caucus, however, decided against quitting the convention. It was agreed to stay and fight by refusing to vote for Mr. Truman.

State Senator R. M. Kennedy, Jr. advocated a walk out and said that he would do so if the other delegates did it was "through." He did not go to the Convention Hall for the long night session.

The delegation determined to vote for Russell after Governor Ben Laney of Arkansas withdrew his candidacy for the presidential nomination.

The vote had been scheduled to be cast for Laney, for whom Governor J. Strom Thurmond had released the delegates pledged to support him.

Epidemic Closes Forestry Camp

Raleigh, July 15 (AP)—The polio epidemic has brought cancellation of the annual forestry camp for farm boys at Singletary Lake. State Forester William K. Beichler announced today.

Beichler said that Dr. Roy Norton, state health officer had recommended that the camp not be held. Some 70 youths had been expected at the camp from August 23-27.

General John J. Pershing Dies In Hospital Today

Aged Former Chief Of Staff Ill Since 1938; Top Ranking Military Man

Washington, July 15 (AP)—General John J. "Blackjack" Pershing, who led American troops to victory in World War I, died early today at the age of 87.

Announcement of the general's death was made by President Truman through White House aides, after he had learned of it upon his return from the Democratic National convention at Philadelphia.

The aged former chief of staff had been ill since February, 1938, when he was stricken at Tucson, Ariz., by a form of rheumatism which affected his heart muscles.

He came close to dying at that time, but rallied with a display of fighting spirit which amazed his physicians.

Since then, he had lived at Walter Reed hospital here, in recent years staying in a wing built especially for him.

Death was caused by a blood clot which reached his lung.

Maj. Gen. George Beach—the hospital commandant, who met Mr. Truman at the train on his arrival from Philadelphia—reported that the underlying cause was "arteriosclerosis" and "auricular fibrillation."

At Pershing's bedside were his son, Warren, his sister, Miss May Pershing, and his longtime physician, Maj. Gen. Shelley Marietta.

As general of the armies, Pershing was the nation's highest-ranking military man. This title has been conferred on only four other American soldiers; Washington, Grant, Sherman and Sheridan.

At the end of the second World War, Pershing received a full report twice a month from General George C. Marshall, his aide of 1917. Pershing had warned that the United States might become embroiled in a second European war as early as April 1937.

At that time, he said: "In view of world conditions today, the United States should be prepared to mobilize half a million men at once, completely equipped with the most modern arms and fully supplied in every particular."

With this army of 500,000 the nation could deal with its enemy while the great civilian army was being trained.

Cherry refused to get excited about the plank although he said "I don't like it."

"A lot of people think they are making law but they are just passing resolutions," he remarked.

The North Carolinians voted unsuccessfully for the states' right plank proposed by the Southern bloc and also voted with the minority against the civil rights state-ment.

Dewey To Set Up Headquarters In Washington, D.C.

New York, July 15 (AP)—Gov. Thomas E. Dewey will establish presidential campaign headquarters in Washington, D.C.—probably next week.

The Republican standard bearer announced this last night after discussing campaign organization plans with Herbert Brownell, Jr., his campaign manager.

Dewey was understood to have warned against any overconfidence in Republican ranks.

The governor had no immediate comment on the nomination of President Truman as his Democratic opponent.

Wiggins Elected Board Chairman For Railroads

New York, July 15 (AP)—A. Lee M. Wiggins, former undersecretary of the treasury, today was elected chairman of the board of both the Atlantic Coast Line railroad and the Louisville and Nashville railroad.

The announcement said Wiggins resigned last week as undersecretary of the treasury. His election as chairman of the two railroads is effective September 1.

He succeeds as chairman Frederick B. Adams, who has held the position for the past four years and who will continue as chairman of the executive committee of both corporations.

U. S. Reaffirms Berlin Policy

Washington, July 15 (AP)—The United States today reaffirmed its defiance of the Russian blockade of Berlin.

The state department made clear there has been no change in American policy despite the Soviet rejection yesterday of the western powers' demands that the blockade be lifted.

Press officer Lincoln White told a news conference the American position has not changed since Secretary of State Marshall asserted on June 30 that "We intend to stay" in Berlin.

Bell Income Has An Upward Trend

New York, July 15 (AP)—Consolidated net income of the American Telephone and Telegraph Co. and its subsidiaries comprising the Bell system totaled \$33,251,260 or \$2.77 a share for the quarter ended May 31. President Leroy A. Wilson reported to stockholders today.

It represented a sharp upturn from the \$28,258,177 or \$1.22 a share for the like quarter of 1947.

President Truman To Call Congress Back To Session

N. C. Delegation Was Divided On Nomination Vote

Majority Of 19 Ballots Went To Senator Russell; 13 Others For Truman

By ALDERMAN DUNCAN Philadelphia, July 15 (AP)—The North Carolina delegation to the Democratic convention divided 19-13 early today in balloting for a presidential nominee.

The majority vote went to Senator Richard B. Russell of Georgia and the others to President Truman.

Only an unofficial tabulation of the delegation's voting was available and it did not tally with the count announced from the floor.

Among some of those listed by a delegation member as voting for Russell were Senators Clyde R. Hoey and William B. Umstead, former senator and governor Cameron Morrison, L. F. McClendon of Greensboro and former governor J. C. B. Ehringhaus.

Governor R. Gregg Cherry, state Democratic chairman William P. Horton, state Democratic National committeeman Joe L. Blythe, national committeewoman Beatrice Cobb, Mrs. O. Roy Gardner, Mrs. Kenneth R. Maxwell, wife of the Secretary of the Army, and Jonathan Daniels of Raleigh were among those shown voting for the President.

J. M. Broughton, Democratic nominee for the Senate, was not recorded on the tally handed to reporters.

Hoey's state's member of the convention platform committee, expressed resentment over the adoption of the strong civil rights plank which he said was rejected in committee three times.

He called the plank "most offensive and objectionable," but said he did not intend to walk out of the party.

Cherry refused to get excited about the plank although he said "I don't like it."

"A lot of people think they are making law but they are just passing resolutions," he remarked.

The North Carolinians voted unsuccessfully for the states' right plank proposed by the Southern bloc and also voted with the minority against the civil rights state-ment.

SBI Agent Told To Quiz Youth On Uren Death

Raleigh, July 15 (AP)—An SBI agent has been ordered to interview a Gastonia youth in a reopening of the investigation of the death of William Uren, 19-year-old Gastonia athlete.

SBI Agent James W. Powell said today that Agent J. W. Jessup of Concord had been asked to interview Russell Wilson, a teammate of Uren who suffered fatal injuries in a fall from a Carolina Beach hotel several weeks ago.

Powell said the SBI had received a report that Wilson had been quoted as saying he "knew something" about circumstances of the fatal fall.

Although the request to Jessup to interview the Gastonia youth was made last week, Powell said no report has been received. He added that Jessup has been busy in court and may not have had time to go to Gastonia yet.

Inspection Tour By Budget Group Starts July 26

Raleigh, July 15 (AP)—The biennial tour of state institutions by the six-member advisory budget commission will begin July 26.

The budget bureau, announcing a schedule for the commission, said the tour will start with a visit to N. C. State College. It will close August 27.

Commission members will examine plant facilities and hear explanations of operations and needs. On their findings will be based their recommendations to the 1949 General Assembly for appropriations.

Hearings on budget requests probably will not be held until after the November election.

330 Showings Of The Lost Colony

Manteo, July 15 (AP)—Last night was the 330th performance of The Lost Colony and 709 persons paid admission to see the show despite a heavy thunderstorm throughout the afternoon and which continued up until near curtain time.

The show went on but just before intermission rain set in again and continued upon to go back to work.

The "captive" miners went down on July 6 when most of the nation's 400,000 soft coal miners returned from their vacation under a new one-year contract which gave them a \$1-a-day boost. The steel companies refused to grant the increase, saying the contract was illegal under the Taft-Hartley Act because it called for a union shop.

Under a union shop miners must join the UMW within a specified period after they are hired.

Convention Selected Them

ALBEN W. BARKLEY HARRY S. TRUMAN The Democratic National Convention at Philadelphia early today nominated President Harry S. Truman as the party's candidate for president in the forthcoming elections. Senator Alben W. Barkley, of Kentucky, was nominated as candidate for the vice-presidency.

Rebel Democrats Gather Saturday

Plan Last Ditch Stand Against Truman And Civil Rights

Birmingham, Ala., July 15 (AP)—Determined opposition to President Truman and the Democratic party's civil rights platform was being planned today by rebellious Southern party members. They will meet here Saturday for a last ditch stand.

The brief proclamation did not formally outline reasons for the call. The President merely directed the members to assemble "to receive such communication as may be made by the executive."

Governor Fielding Wright of Mississippi sounded the official call for a convention of Dixie Democrats to designate a "states rights" Democratic candidate for President in opposition to Harry S. Truman.

The Mississippi governor issued the call soon after all delegates from his state and half those from Alabama walked out of the Philadelphia convention last night in protest against its endorsement of the civil rights program.

Wright, a leader in the Southern revolt faction, told a reporter at the convention, "The Mississippi delegation is on its way to Birmingham. There will be a good many other states represented."

The governor said the conference will suggest a man for the individual Southern states to nominate for President and will write a states' right platform.

Just before the governor's call for a Southern front against the national party's stand, ex-Gov. Frank Dixon of Alabama declared that "The national party has put a knife in the heart of the South." He invited "all good Democrats to attend the Birmingham meeting and register their complaints."

Dramatic Call For July 26 Special Session Is Counter-Attack On Republican Promises; Wins The Nomination On First Ballot, Though Split In Party Ranks

By JACK BELL Philadelphia, July 15—President Truman countered a Democratic civil rights split today with a dramatic call for a July 26 special session of Congress and a smashing attack on what he termed the "poppycock" of Republican promises.

Mr. Truman asked for action within 15 days after the lawmakers meet, on anti-inflation and housing legislation.

An hour before he took the stage of Philadelphia's convention hall early this morning to fling a challenge at the Republicans to make good on their Dewey-Warren platform pledges, Mr. Truman had been nominated by his party on the first ballot.

The vote, indicating the wide breach opened in party ranks by the bitter, last-ditch fight over civil rights was:

President Truman, 947 1-2. Senator Richard Russell of Georgia, 283.

Paul V. McNutt, 1-3 vote. Not voting, 23.

The convention, after a 38-minute ovation for the President, gave Alben W. Barkley of Kentucky, 70-year-old minority leader of the Senate, a unanimous vote for vice president.

Unanimous, that is, except for a group of Mississippi and Alabama delegates. They had walked out earlier over the racial issue—barring their steps to Birmingham, Ala., and a Saturday call for a states' rights convention of their own.

But Mr. Truman took the bit in his teeth in a fighting acceptance speech.

He said he will recommend to the GOP-controlled special session among other things, act on civil rights legislation.

When he addressed Southern delegates, he said, the arm-waving chief executive told the delegates, "Everybody knows that I recommend to the Congress a civil rights program. I did so because I believe it to be my duty under the Constitution."

"Some of the members of my own party disagree violently on this matter but they stand up and do it openly. People can tell where we stand. The Republicans all profess to be for these matters, but the 80th Congress failed to act."

"They had enough men and they had closure (a rule under which Senate debate can be gagged to shut off a filibuster). There were enough people that would vote for closure."

Some Southern Democrats, angry over the convention's adoption of a stiffer civil rights plank than its own platform committee had urged, said they believe the Republicans will lose no time in putting a civil rights bill before the Senate at the special session.

These same Dixie law makers promised the same long-winded debate that has bottled up such moves in the past.

Republicans regarded the prospect of a Democratic filibuster with more glee than they seemed likely to register over Mr. Truman's demand that they solve the housing and inflation problems—and pronto.

BRANCHING WHEAT Moscow—(P)Experimental work on "branching wheat," which "Socialist Agriculture" describes as "wonderfully new type," is being carried on in the USSR.

Last year a small amount of the new wheat was planted in the Borsipolsky region of Kiev. This year about two hectares were planted on a collective farm near Kiev.

Whether Russian gains or loses in the long run depends heavily on whether she overplays her hand in her anxiety to take advantage of the situation.

We have seen that the Communist leadership's first move was to start a wave of strikes sweeping through Italy. There you have the makings of a possible revolution, should Red passions be allowed to run that far by Moscow.

And in neighboring France, whose unhappy government long has been fighting for its life in the face of Communist machinations, the Red flag was flung into this new game sweeping over from Italy. The French Communist party charged that the shooting was "a plot of imperialist war mongers and their agents."

The Bolsheviks are extraordinarily good organizers, and they are opportunists, ever ready to take advantage of any development like the Togliatti affair. They will exploit this shooting as far as they dare. However, Russia definitely doesn't want another major war on her hands now and her activities will be governed by that fundamental

hospital authorities at Soenderborg today to be progressing "satisfactorily," following their car accident yesterday.

Strategy In . . .

(Continued from Page One)

the basic causes of inflation.)
B. Mr. Truman blamed this Congress for failing to pass a strong federal housing bill to wipe out slums and provide low-cost rentals. He said he will ask the special session to act to lower housing prices.

This Congress, just before it quit in June, did pass a housing bill. But Mr. Truman said this is worthless.

(The Republican platform says the government "can and should encourage the building of better homes at less cost" and "recommends federal aid to the states for local slum clearance and low-rental housing programs" when private enterprise can't do the job.)

C. Mr. Truman blamed this Congress for failing to pass a health program that would provide more medical care. So, he said, he'll ask the special session to do that.

(The Republican platform says the Republicans "urge" strengthening of federal-state programs to provide more medical care.)

D. Mr. Truman blamed this Congress for not passing a law that

would bring more people within the benefits of social security. Further, he said, Congress actually knocked 750,000 people out from under the protection of social security. So, he said he will ask Congress to bring more people under social security. (The Republican platform says

the Republicans are for widening social security benefits.)
E. Federal aid to education. Mr. Truman blamed Congress for not voting such help. He had asked it to vote \$300,000,000 in federal money to give that kind of aid. So he's going to ask for federal aid to

education.
(The Republican platform plank on education says "we favor equality of educational opportunity for all and the promotion of education and educational facilities.")

F. Mr. Truman blamed this Congress for not acting on the civil rights program he recommended to it last February. That program included an anti-lynching law, a law wiping out the poll tax, and other things. Such a program would have helped Negroes mostly, and mostly in the South. So he'll ask for action by the special session on civil rights. (The Republican platform calls for "prompt enactment" of a law to stop lynching, an end to the poll tax and other things.)

Those are most of the main points in the campaign outline Mr. Truman gave early today and the problems he's going to drop in the lap of the Republican Congress before the November election.

If the Republican Congress does not act on his recommendations—which will be in some ways in line with their own platform promises or states—he'll certainly use the failure as ammunition for his political campaign against them. If it does, he'll claim the credit for having called them back to work.

Assassination . . .

(Continued from Page One)

fact.
The danger is that the Muscovites might start something they couldn't stop. Suppose, for example, the Communist high command should debate whether this would be an opportune moment to try to start a revolution in Italy and establish a Soviet government. The first thing Moscow would have to ask itself would be: "Could we control such an upheaval or would it be likely to spread and cause another general conflagration?"

The answer to that certainly must be that the gamble would be a terrific risk. On that delicate basis the Reds must decide.

Keep Up Pop with Proteins
During hot weather when appetites are likely to be a little dull, be sure your family eats plenty of proteins. They need as much protein (but not as many calories) when they're lolling around the house as when they're doing physical labor. Meat, milk, and eggs are our best protein foods so don't stint on them if you want good health.

Frankfurters and Potato Salad
Combine 3 cups cooked potatoes, cubed
2 tbsp. minced onion (optional)
3 hard-cooked CLEAR BROOK EGGS, chopped
2 cups sliced celery
1/2 cup green pepper, sliced
1/2 cup WILSON'S MAYONNAISE
Cover and let stand in refrigerator at least 2 hours to allow flavors to mingle.
About 10 minutes before serving, drop 1 1/2 lbs. CERTIFIED FRANK FURTERS in boiling water, cover, remove from heat, and let stand until heated through. Serves 6.

Pop Up Appetite
Piping hot frankfurters and sassy potato salad are a grand combination to pop up tired appetites. Add deviled eggs, tomato wedges, good bread and Wilson's Certified Margarine or Clear Brook Butter and you have a meal everyone will enjoy.
Cold cuts and frankfurters are just as nutritious as the meats you cook at home. They're rich in proteins of the highest quality and contain the same essential B vitamins and important minerals.

Breakfast Tricks
Did you ever serve your breakfast egg in egg nog over dry cereal? It's a pleasant surprise for hot mornings. Be sure to insist on Clear Brook Eggs for that country-fresh flavor.
Waffles are always a treat for breakfast. They can be baked by the time coffee's ready if you mix the dry ingredients the night before. For greatest enjoyment (and to boost the protein in the meal), serve Certified Pure Pork Sausage Links with the waffles.

The Wilson label protects your table.

Sabotage Effort To Save Melons

Lumberton, July 15—(AP)—When Le Roy Ivey, superintendent of a Black Swamp farm, discovered watermelons were being stolen he hit upon a plan.

He had a harmless white powder sprinkled upon melons in the field, then spread the rumor that the melons had been poisoned.

Later when he went to the field, Ivey found his prized melons slashed beyond any degree of useful salvage.

Campaign Button Collecting Hobby

SEATTLE—(AP)—H. C. Glickert is a specialist in the "button-eye view" of presidential campaign history.

His hobby is collecting presidential campaign lapel buttons. While others wait for political speeches, he waits for campaign buttons. "There should be some mighty interesting new buttons coming out," he says.

From previous campaigns he has almost 2,000. He collected more than 20 during this year's pre-convention campaigning.

Everybody's Now Talking About Rain And Crops

By CHESTER WALSH

Hobnobbing with several farmers near Blount-Harvey's store this morning, a reporter casually commented, "That rain was a blessing." One of the farmers said, "Yep, but we didn't have enough." Another in the group said acidly, "You ought to go out in the field, kneel down in a tobacco row and thank the Good Lord for what you got." He's on his way. The others continued the crop and weather talk, and it was developed that unusually freakish weather has prevailed in Pitt county this summer.

General Picked His Grave Site

Washington, July 15—(AP)—Some years ago General John J. Pershing motored across the Potomac to Arlington National Cemetery and selected his own grave site. It was in the midst of the World War I section.

He was accompanied by Maj. Gen. John L. Dewitt, then the Army's quartermaster general, who quoted Pershing as saying:

"Here let me rest among the World War veterans. When the last bugle call is sounded, I want to stand up with my soldiers."

Many thousands of tons of jade are estimated to be deposited in Wyoming, California and Alaska.

Saiced's

There are many places where gardens and especially beans almost dried up, while tobacco and corn struggled to live. Reports from numerous sections of the county were that the crops had had good seasons and there are good stands in some sections.

A farmer was here today from the Bucklesbury section of Lenoir county, between Kinston and LaGrange with some of the finest collards and tomatoes seen here in years. He had little trouble disposing of a truck load of the vegetables and said he is coming back to Greenville Saturday. The collards and tomatoes were grown on heavy black soil, near Neuse river.

Raymond Greene, farmer on William Manning's farm in the Calico Crossroads community of Pitt County, reports that he has the finest stand of tobacco he has had in years. The plants average five feet and the leaves stretch across the roads. Some tobacco between here and Winterville is so small that it will hardly average 50 per cent of a normal crop. Rainy seasons have been relatively good around Ayden, farmers said.

Vegetable gardens generally are a failure, due to dry weather. It appears.

Wildlife Club Will Meet Next Tuesday

WILDLIFE CLUB 14

The Pitt County Chapter of the North Carolina Wildlife Association will have a "dutch" supper meeting at the Airport Inn next Tuesday night, July 20, at 7 o'clock. Vice-President S. T. White will preside for President Jesse R. Moye, who is going to the Georgia tobacco market. A special program will be presented and the meeting will last one hour.

Members and friends of wild life conservation are invited to attend. Those who plan to attend should communicate with Secretary Johnnie Overton at the Guaranty Bank and Trust Company.

Physician Found Dead In Prison

New York, July 15—(AP)—A physician convicted last night of abortion and first-degree manslaughter in the death of Jane Ward, baking

helpless, was found dead today in his Tombs Prison cell. Albert O. Williams, commissioner of correction, said the death of the physician, Dr. Oswald Glasberg, 49, was believed due to poisoning, but that he did not know whether it was a suicide. A keeper found Dr. Glasberg still breathing, but he was pronounced dead when a doctor arrived. An autopsy was ordered.

Here's what you get when you get a Universal Jeep

YOU GET YEAR 'ROUND UTILITY: The Universal "Jeep" works right through the four seasons of the year, giving you the field performance of a light tractor plus the highway performance of a light truck. Its usefulness is not confined to any particular season or to any specific kind of work—the "Jeep" is equally at home whether pulling a plow or handling a tough off-the-road towing or hauling job.

YOU GET CONVENIENCE. The Universal "Jeep" is as easy to drive as a car. Controls are simple and conveniently placed. It has full instrument panel, self starter, conventional pedals and accelerator. You change from 2 to 4-wheel drive by merely shifting transfer-case lever. Powerful sealed-beam headlights give daytime illumination for night field work and highway driving.

YOU GET POWER. The Universal "Jeep" provides three kinds of power; *pulling power* that operates tilling and harvesting equipment at tractor speeds of 2½ to 7 mph; *hauling power* that can carry up to 1200 lbs. or tow a braked load of 2½ tons on or off the road; *portable power* that furnishes up to 30 h.p. for operating all types of splineshaft or belt-driven farm machinery.

YOU GET COMFORT in the field. The Universal "Jeep" has hydraulic shock absorbers and cushion seats to give you day-long comfort when doing tractor work. A top is available that will protect you from sun and rain in summer and keep you snug and comfortable in winter.

YOU GET ECONOMY. The "Jeep" cuts operating and maintenance costs to the bone. Its 4-cylinder engine uses very little gas and oil, gives trouble-free performance. Best of all, the "Jeep" spreads its cost over so many different jobs . . . costs less per job than any other farm vehicle.

YOU GET ALL THIS PLUS 'JEEP' RUGGEDNESS AND DEPENDABILITY.

SEE THE UNIVERSAL 'JEEP' TODAY!

Strength FOR THE DAY

DON'T BLAME OTHERS

Some time ago the newspapers told of a man who came into a hospital with a badly cut and bruised right hand. While they were treating the injuries, the hospital attendants asked how his hand had been hurt. "My car wouldn't start, because I had left the lights on," he replied, "so I got angry and scooped it in the eye to teach it a lesson."

Around Capitol Square

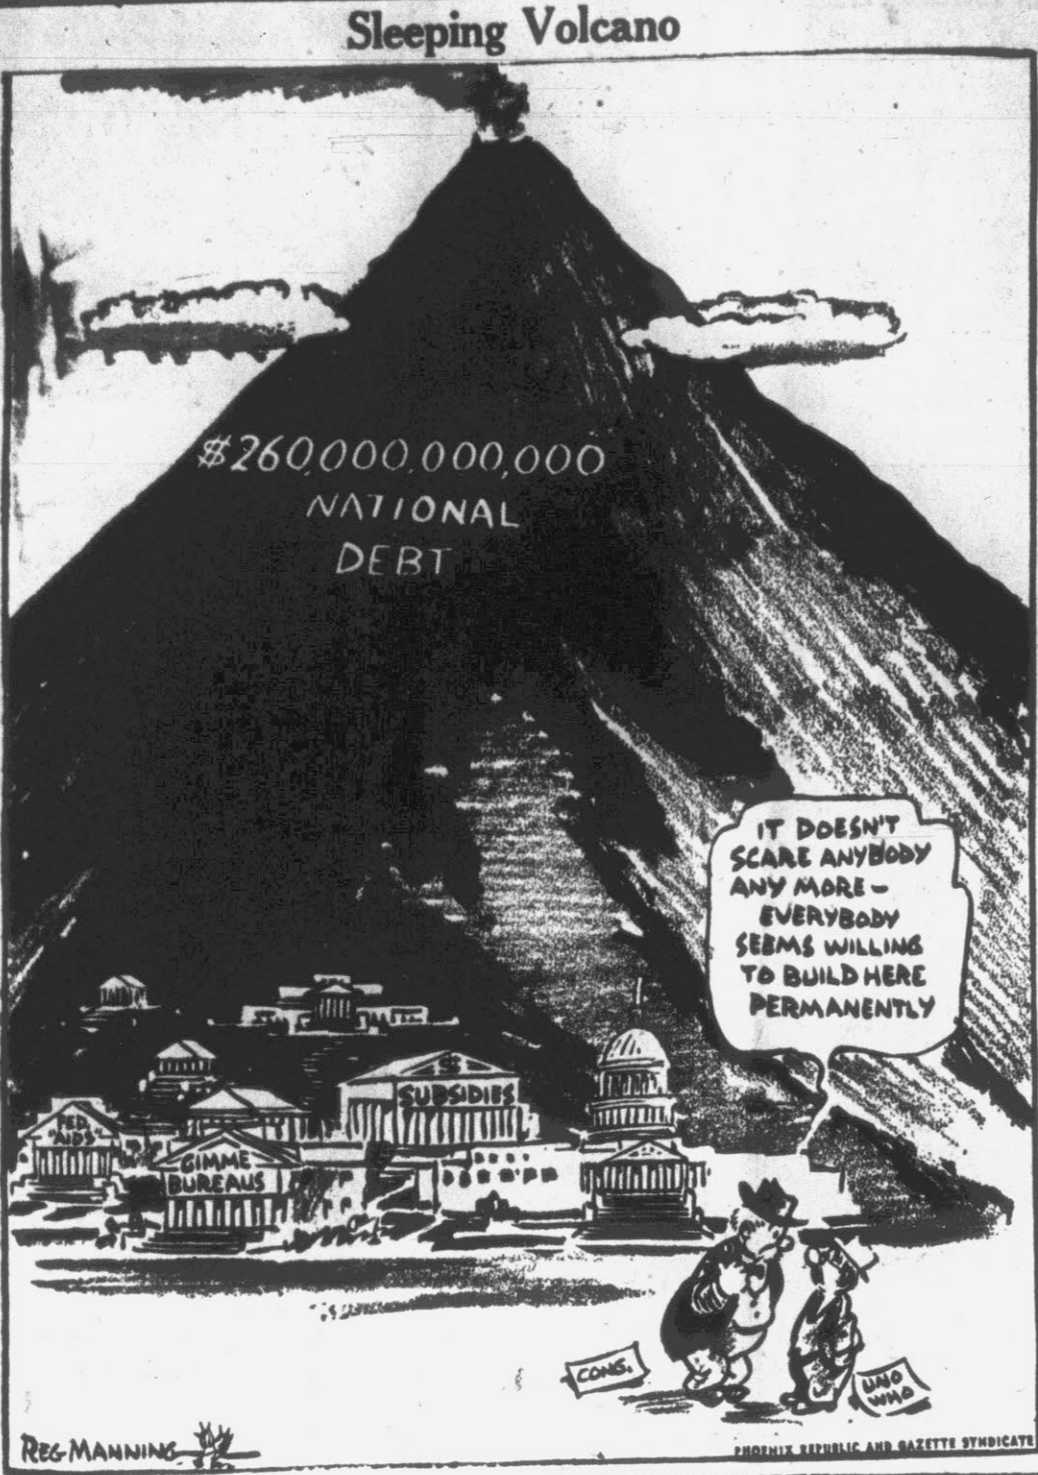

By LYNN NISBET

PRINCIPALS—Elementary public school principals were paid an average of \$2446.41 for the 1945-46 school year, according to data contained in the current issue of State School Facts. That is the latest year for which complete and accurate tabulation has been made.

DIFFERENCE—Negro principals received an average of \$2,500.98 while principals of white schools were paid \$3,438.38. There were 332 white principals and 99 colored, but the better pay for Negroes was due to their average higher training and experience record.

INCREASED—The tables show that from 1936 to 1945 salaries of white principals doubled and that of Negroes trebled. The salaries of all groups were upped approximately 30 per cent during the past two years over the 1945-46 rate.

FOREHANDED—The gossipers are still having a good time reaching incidents of the recent gubernatorial primary campaign. Latest morsel is that Charlie Johnson was so certain of the nomination that some weeks before the primary he requested the local Cadillac dealer to have a new limousine ready for the inaugural parade.

Boyle's Column

By HAL BOYLE

Philadelphia, July 15—(AP)—"People!" Tony said. "I think people don't make sense."

He'd just seen the Democratic convention finish up after three days of heat and speeches and people rushing out to the convention hall and back to their hotels again.

The delegates were everywhere: in the lobbies, on the sidewalks, in the stores but it was in the convention hall that they really suffered.

It was so steaming hot there, through the haze of blinding floodlights and cigarette smoke, they seemed to be hopping around like people in a hot water bottle up to their necks.

Tony actually didn't get out to the convention hall. He was just working in an office and the convention came to town, and he looked at it from the office window mostly.

Christmas eve." He couldn't get used to it, any of it. "People don't make sense," he said. He ran into a cop who had charge of sending out limousines to big shot politicians who wanted to go some place but felt too important to ride in taxicabs.

"I'm getting confused," the cop said, shaking his head. "A big shot from Washington called me and said to send the machine around. I forgot his name. It sounded like Mr. Pistol."

"So the machine goes to his hotel and a man steps up and asks is this the machine for Mr. Pistol. The driver says yes it is. So the man gets in and says to drive him out to the convention hall. And he gets out there."

"But it turns out he ain't Mr. Pistol. Mr. Pistol is still standing out front of his hotel, waiting for the machine to pick him up and he calls me up and bawls me out for being slow."

Tony didn't think there was anything very crazy about this until he said to the cop "but that only happened one time, didn't it?"

Tony. "Alderman Duncan," the man says. "Very good, Alderman," Tony said. "From now on you can call me Statesman Catella."

WASHINGTON LETTER

By JANE EADS

Washington—Of the 13 women expected to run for seats in Congress this year, two are spinsters, three are widows and seven are wives. The youngest is 39 and the oldest 70 plus.

All but four hold college degrees, but these attended special schools, two receiving part of their education abroad. Two of the women candidates are ranchers. There are an actress, a lawyer, a labor organizer, two teachers and three business women.

The 13 candidates come from as many different states; seven east and six west of the Mississippi. Democratic women candidates are Mrs. Norton, 13th Dist. N. J.; Miss Julia Maistia, Curwensville, Pa.; Mrs. Olive Remington Goldman, Urbana, Ill.; Mrs. Barenice Kingsbury, Valier, Mont.; Mrs. Helen Gahagan Douglas, Los Angeles, Calif.; Mrs. Jessie Sanders, Hisea, S. D.; Judge Rita Beck Bosone, Salt Lake City, Utah; and Mrs. Ocie Beady of Holdenville, Okla.

Republican women candidates are Mrs. Rogers, Lowell, Mass.; Mrs. Katherine St. George, Tuxedo Park, N. Y.; Miss Gamill Geneau, 2nd Fla. Dist., and Mrs. Margaret Chase Smith, Skowhegan, Me.

Mrs. Sanders and Mrs. Kingsbury are the rancher wives. Mrs. Douglas is the actress and her husband is movie star Melvyn Douglas. Judge Bosone is the lawyer and the first and only woman police judge in Salt Lake City. Miss Maletta has been a national organizer of the Amalgamated Clothing Workers of America for the past 13 years.

Mr. Sherman says that if such changes were made, it is estimated that enough food for 25 to 30 million additional people could be provided for, compared with the 1946 consumption. "And our average diet would still be adequate," he says.

RUSTY RILEY

Brazil To Develop Rich Jungle Lands

Rio de Janeiro—(AP)—About two hundred young men who graduated from a government school for poor and abandoned children will settle in the wild regions of Central Brazil. The government is planning to recover the rich jungle lands. Those who will go as emigrants from Rio de Janeiro will begin new life there as farmers.

The per-pupil value of public grade and high schools in the U. S. increased almost three fold between 1920 and 1940.

RAF Jets First To Fly Atlantic

Goose Bay, Labrador, July 15—(AP)—Six RAF Vampires streaked across the North Atlantic from Greenland last night, completing the first ocean crossing by jet-powered aircraft. The time from Greenland was two hours and 49 minutes.

The planes, en route from London to New York, arrived here at 8:14 p. m. The pilots were greeted by Lt. Col. David Schilling, who is with the 16 American Shooting Star jets waiting to take off on a west-east ocean hop.

The British jet flight began July 1 from London to Stornoway in the outer Hebrides. There the planes were stalled by bad weather. It was a week before they went on to Iceland.

After another stretch of bad weather, the Vampires took off for Greenland yesterday. The planes now will leave as soon as possible for Montreal and New York. In New York they will take part in an air exposition.

Jasper Cannon Takes Poison To End His Life

Jasper Lee (Jack) Cannon, a painter, ended his life yesterday by taking poison, vapo-cresole, a coal tar product, usually used for pulmonary ailments. Corner Griffin H. Rouse said Cannon took the mixture yesterday morning about 10:30 at his home, 1017 Washington street. He died at Pitt General Hospital yesterday afternoon at 4:45. There will be no inquest.

Funeral services will be conducted from the home, 1017 Washington street, at 3:30 o'clock Friday afternoon by Rev. S. A. Ewart, pastor of Holywood Presbyterian Church near Greenville, assisted by Rev.

ON TIME FOR CHOW — Margery Odell feeds her pet crow, Melvin, which calls promptly at 2 p. m. daily for its rations at her home at West Lake Forest, Chicago suburb.

Walter B. Nobles, Free Will Baptist minister of Winterville. Burial will be in the Cox family cemetery near Cox's Mill. Mr. Cannon spent most of his life in Greenville. He was a member of the First Presbyterian Church of Greenville. Surviving are his wife, Mrs. Sallie Eason Cannon; two sons, Nathan and Walter Lee Cannon and a daughter, Peggy Joyce Cannon, all of the home; his mother, Mrs. Eva Cannon of Greenville; a brother, Herman Cannon of Greenville, and three sisters, Mrs. Herman Smith of the Cox's Mill community and Mrs. A. B. Wingate and Mrs. William T. Wooten of Greenville.

Recreation News

Attendance at the four play areas last week was a little less than it has been. Cotanche 444, Third Street 336, West Greenville 303, 14th Street and Charles 501.

A fair for all children had been planned for Friday but due to the fact that it would bring together children who are not accustomed to playing together Dr. Phillips has advised against this concentration of children in one area. We do not at present have any cases of polio and we do not want to run any risks.

An Honest Man

Atlantic Beach, July 15—Mobile Wade of Morehead City is an honest man. Last week on Atlantic Beach he found a purse containing 28 one-hundred dollar bills. He turned the purse and its contents over to Mayor Newman Willis.

It was not long until Levi Knowles of Rose Hill, an ill-looking man let it be known that he had lost a considerable amount of money. He identified the purse and its contents and same was turned over to him. Levi Knowles became the happiest man of the day at this ocean resort.

Then it was Mobile Wade's time to be happy. Instead of saying thanks and walking away, Levi Knowles rewarded Mobile Wade handsomely, according to the story told by Mayor Willis.

The Teen-Age club at the old N. Y. A. Center is open for young people of Greenville every afternoon from 3 to 6 p. m. and 7:30 to 10:30 p. m. Mrs. W. T. Smith is supervisor, assisted by her husband.

A telephone has been installed for the convenience of parents and students. The number is 4615. The bus company of Greenville is planning a bus schedule, which will furnish boys and girls transportation to and from the center. A piano is needed for the recreation center. Anyone having a piano to give please call the center.

About half the seven million Americans disabled on an average day have already been disabled for at least six months.

It is estimated that 9,243,000 Americans work on cotton farms.

Personal Radios Link Delegates

Copenhagen—(AP)—Each delegate to the Inter-European Radio Wavelength Congress meeting in Copenhagen, received a tiny three tube receiving set to wear in a belt from his shoulder. The congress sessions are translated by interpreters and delegates are able to dial in on their own language to follow the discussion, no matter where they are in town.

The congress, expected to last about two months, will distribute the wavelengths of some 300 stations.

Unique Meat Cases Installed In City

Vance Overton, manager of Overton's Super Value Store and 1312 Evans Street, Greenville, an-

nounces in another column of today's paper the installation of Hussman self-service meat cases for the convenience of the customers. This refrigerator case is one of the first to be installed in Eastern Carolina. The meats are wrapped in cellophane and the customer may examine and select his own cuts. The price is plainly marked on the package, and all the customer has to

do is go to the cashier, pay for the purchase, and there is no waiting, Manager Overton said. J. D. Mumford, manager of the Commercial Refrigeration Division of the First Colony Distributors, Inc., Raleigh, superintended the installation of the cases. The public is invited to visit the store and market and inspect the self-service meat cases.

Most injuries to trees result from frosts late in spring after growth has started—or early in fall before tissues are hardened.

Crops that are planted in ground that is too rich may run to foliage instead of fruit.

Tree trunks may be split open by excessively low temperatures.

Cadillac

SMARTNESS

The smartness which sets the 1948 Cadillac so definitely apart from all other cars, is largely responsible for the remarkable acceptance which this great automobile enjoys. For today's Cadillac is by far the most popular ever built. Naturally, there is much more to recommend the new Cadillac than its external beauty. There is its superb performance, its distinguishing coachcraft, and—above all—the unique Cadillac reputation. For the whole wonderful story, we invite you to inspect these great new cars in our showrooms—today.

BROWN-WOOD

635 Dickinson Ave. — Greenville, N. C.

Ryland Motley, righthander, who was with New Bern all last year as a relief hurler, has been sold outright to Burlington in the Carolina Class C League. Replacing Motley on the pitching staff is Frank Jackovits, veteran hurler from Boston, Mass. . . . Raymond Wisneski and Dick Whitmore, other hurlers who spent brief periods with the New Bern Bears, have also been disposed of by the New Bern Bears. Whitmore was released outright and Wisneski, who was under option from Waterbury, Conn., was returned to that club. . . . Dick Baldwin, a rookie hurler, is also to be taken on the Bears' roster soon. . . . Understand Short Cox will shortly cast aside his Tarboro Tars uniform for the remainder of the season. Fall football practice for the high school is scheduled to get underway and by agreement earlier in the season he'll have to devote full time to that duty, part of his coaching job.

John Pesky, third baseman of the Boston Red Sox, led the American League in total hits each of his first three full seasons. Pesky made 256 hits in 1942, his first year up. Then, after three years in the Navy, he made 206 hits in 1946; and 207 last season.

Wichie Ashburn's single in the third inning off Hank Behrman of the Dodgers, July 6, was his 100th hit of the season. He is the only major leaguer to reach the century mark. Stan Musial had previously cleared for his one-hundredth blow.

Frank Greenberg set a mark for the most homers in one park in a single season, hitting 39 of his 88 in 1936 at Briggs Stadium. Accepting 13 chances in left field and making 11 puts, Tommy McEwen of the Senators equaled the league mark against the Yankees, July 2, but the records will not be set in the books, as they were completed in 13 innings.

Manager Lefty O'Doul, of the San Francisco Seals in the Pacific Coast League, has long been known as "The Man in the Green Suit." O'Doul is also one of the few players who performed for all three New York teams: Yankees, Giants and Dodgers. Lefty was an unspectacular pitcher for the Yanks in 1919, '20, '21, and for the Red Sox in '23. Sent to the Pacific Coast League, he shifted to the outfield, became an outstanding hitter and returned to the majors with the Giants in 1928. With the Phillies in 1929 he hit .390 to lead the league and he again won the batting championship in 1932 by hitting .368 for the Dodgers. He returned to the Giants in 1933, hit .316 for them in '34 and then went back to San Francisco, where he has managed successfully.

All three Games of the Pirate-Cub series at Forbes Field, July 3-4, required the same time—two hours and 22 minutes. And the two Dodgers-Phil games, July 5, were also identical in time, both being at two hours and 37 minutes.

VILLAGE SEES FIRST AUTO
Crenoble, France—(P)—Montfort, a tiny Alpine village near the Italian border, saw its first automobile recently when a contractor from the town of Aiguebelle took a priest and a rural policeman up the mule-tracks to a jeep.

Tars Take Another Game Over Greenies; 5-2 Win In Tarboro

Long Road Trips Begin For Major League Leaders

By TED MEIER
Associated Press Sports Writer
The Cleveland Indians and the Boston Braves, each striving to win their first major league pennant in years, open long road trips today, but the prospect of playing before hostile crowds doesn't faze them. As the majors resumed activity after a three-day lull for the all-star game, a survey showed both the American and National League leaders have won more games on the road than at home. Invading Philadelphia for a twilight-night doubleheader with Connie Mack's amazing Athletics, Cleveland boasted a remarkable 758 percentage on foreign fields. The Indians have lost only eight games on the road while winning 25. At home they have split, winning 20 and losing 20. The Braves, starting their western trip with a doubleheader at Chicago, have won 24 and lost 13 on the road. This is a .649 clip compared to the Braves' home mark 22-18 for 550.

The runnerup Athletics, only .616 points behind Cleveland, likewise are "terrors" on the road. They have won 28 and lost 14 for .667, compared to a home percentage of .526. Detroit is the third team road team in the American League with 22-17 .564 mark. The defending champions, the New York Yankees, are the best at home with 24-12 for .667 compared to a .500 mark on the road.

Pittsburgh, second to Boston in the National League, is below the .500 mark on the road, but gained the runnerup spot by playing the best ball at home .564. Oddly, the defending league champions, Brooklyn, has a mark of .511 on the road, second only to the Braves, but the worst record of any team at home. The Dodgers have won only 13 of 36 games at Ebbets Field for a .361 percentage.

Colt Is Favored In Hambletonian After Victory

New York, July 15—(AP)—Demon Hanover, the Citation of the trotting tracks, seemed certain today to go postward the favorite for the \$60,000 Hambletonian Stake at Garden City, N. Y., Aug. 11. The three-year-old colt, owned by Harrison Hoyt, amateur driver from Bethel, Conn., put on another convincing performance last night when he captured the \$5,000 Adirondack Grand circuit feature at Saratoga, N. Y., raceway. The result left the Connecticut trotting yankee at the head of the list for trotting's Kentucky Derby.

Other prominent contenders facing Demon Hanover will get another chance to improve their rating in the \$10,000 Saratoga trot for three-year-olds July 21.

Took Lead In Second Frame, Never Topped; Locals Pick Up Seven Hits Off Bill See

By BERT MOYE
Manager Bill Hamon's Tarboro Tars registered their eleventh win of the season over the hapless Greenies with a 5-2 win over in Tarboro last night.

The Tars went out in front by scoring two runs in the second frame on two hits and three walks and then clinched the win in the third with a singleton. With one out, Ralph Caldwell was safe when Shortstop Wood tossed his grounder away. Hugh Cox filed to right field and then St. Germain doubled into centerfield.

The Tars scored one run in the sixth frame and one more in the seventh to put the game on ice. Two hits, a walk, aided by a wild pitch, accounted for the run in the sixth frame. An error, sacrifice and a timely single brought in the final run for the Tars in the seventh frame.

The Greenies put across their two runs in the fourth and fifth frames with singletons. In the fourth Phillips doubled, went to third on Wood's infield out and scored on Mauney's fly to deep right field. In the fifth frame, Spossa led off with a single, Carter walked, Riggs hit into a double play, Yohn walked and then Phillips singled into left field to bring home Spossa.

Junior Yohn went the route for the Greenies and suffered his third defeat of the season at the hands of the Tars. Yohn walked eight men and struck out two. Jake Daniel with three singles in five trips to the plate led the nine-hit attack off Yohn.

Rookie Bill See received the route for the Tars and credited for his fifth win of the season over the Greenies as he triumphed steady seventh hit ball. The hurled for See was No. 17 as against three reversals, one of which was at the hands of the Greenies in a previous game.

Ray Phillips, playing back in his centerfield berth last night, got a double and a single. Joe Nessing and Joe Spossa each got two singles to lead the attack off See. Incidentally, Yohn was the other Greenie to get the seventh hit off See.

Britain Looks To 1952 For Better Olympic Showing

By JAMES R. CHAMBERS
London — Britain has nominated almost 200 men and women athletes for the summer Olympics in London.

However, if the host country wins a couple of gold medals it will be satisfied. It doesn't expect to force the Union Jack to the top of the mast above Wembley Stadium very often. This old country is primarily building up for the 1952 games at Helsinki by which time it hopes to have recovered from the lost generation of athletes caused by six years of war.

Still this country does have hopes that a few stars will win firsts in the games starting at Wembley on July 29. Britain's best bets to win gold medals are Jack Holden, veteran marathon runner; Roy Roman and Cathie Gibson of the swimming team; Maureen Gardner, women's 80 meters hurdler; Reg Harris, ace sprint cyclist; Walkers Harold Churcher and Harry Forbes, and Boxer Max Shacklady.

The men's field hockey team could win the event now that India has split into India and Pakistan. At the Berlin games the Indian team won.

Holden 40, a short-stroke runner, is confident in his ability to capture the marathon title. Britain placed second in the marathon at Los Angeles in 1932 and at Berlin in 1936.

Britain, which has always won the 50 kilometers walk, looks to 23-year-old Engineer Harry Forbes, or perhaps Londoner Charles Megnig, to win the gold medal.

Swimmers and Roman, a six foot, four inch medical student and Miss Gibson, a Scottish lass, are the stars. Roy, a butterfly stroke artist, won the 200-meter title in the European championships at Monte Carlo last August. Miss Gibson holds all British free style records for women up to 500 yards.

In cycling, this country, paced by the world sprint champion, Reg Harris, will put out a very solid team. It's been the slogan of the National Cyclist Union that "not one Olympic title will leave Britain." Harris, 19, has completely recovered from a car crash which injured his back and has returned to the track better than ever.

Britain hasn't won an Olympic boxing title since 1924 but this time has very high hopes of doing well as home boxers have trimmed every continental team that has visited there. Brightest star is the new national welter weight champion, two-fisted Max Shacklady, who toppled over the European king of amateur waters, Johnny Ryan, in the recent amateur boxing association championships.

BOY'S LEAGUE BASEBALL

The Lions of Greenville edged out the Red Sox of the Training School yesterday in a very exciting game by the score of 11 to 10. The lions had a four run lead going into the last inning but had to score a run in the home half of the inning to win after the Red Sox had scored four times in the upper half of the inning to tie up the game.

Gene Hudson with three singles and a double and George Phillips and Jimmy Hendrix with two hits each led the attack for the Lions. Harold Edwards got two singles to lead for the losers.

After winning three straight games the Orioles' defense fell apart yesterday at Third St. park and the Giants ran up an easy 21 to 9 victory. The losers outlit the Giants but committed a total of ten errors. Bobby Watson with three singles and a double and Jody Taylor with three singles were the hitting leaders for the Orioles. Kent Lee got a single and double to lead the winners.

Schedule for Friday: Dodgers vs Red Sox, Training Sch. 9:30 a.m. Giants vs Orioles, Training Sch. 2 p.m. Greenies vs Tigers, Third St., 2:30 p.m. Tomatoes and strawberries, when they grow too much foliage, lose vitamin C value.

Sport Slants by Pap

In a desperate move to bolster the Brooklyn Dodgers' attack, Manager Leo Durocher installed three catchers in the line-up. In a move to end all strategic moves, Roy Campanella, recalled from St. Paul, was placed behind the plate, Bruce Edwards, whose arms was troubling him when he made the snap throws from behind the plate, was sent to cover third and Gil Hodges, who had been taking care of the catching chores while Edwards was sidelined, took over at first base. All three are solid sluggers and should more than overbalance any defensive weaknesses they may have.

The switching of Hodges to first base wasn't as drastic as it seems for Gil stands six feet, two and had played there before he was converted into a catcher after coming out of the Marines early in 1946. Hodges first attracted the attention of baseball scouts when he was a student at St. Joseph's college, Indiana. In 1943, he appeared at the Dodgers' tryout school conducted in Indianapolis and was invited to Ebbets Field where the Dodgers, amazed at this long hitting, quickly signed him to a contract. He went into the service and then joined Newport News as a catcher. He led the Piedmont League catchers in 1946 in fielding, and created new records for handling putouts and chances accepted. Last year he was used sparingly by the Dodgers but this season was behind the plate while Edwards was unable to play. When Edwards was ready for action, the Dodgers simply couldn't get along without his hitting so he was installed at first base.

Morehead Sailing Discover Damage Races Underway To Olympic Shell

Morehead City, N. C. July 15—Sailing a five mile course on Bogue Sound in 57 minutes and 45 seconds, Virginia (Sammy) Pou, Raleigh, finished first in the comet class of the initial race of the summer sailing series here on Sunday. Thurlow Wheaton, took the handicapped in 53:55 and won three points while Major C. L. Bright came in first to win two points in the 18-foot class. His time was 1:06:45.

The races, held last Sunday afternoon at 2:30 o'clock were first in a series of weekly sailing events sponsored by Morehead City Sailing Club. The finals of the series will be awarded on Labor Day and include the coveted G. B. Arthur Trophy, the Mayor's Cup, Blue Ribbon Supper Club trophy and others offered by local business firms.

On Sunday, Phil Moore of Greenville finished second in the comet class; the club's commodore, came in second in the handicap and Henry Wade trailed the winner of the 18 foot class. Other point scorers included Edwin Pate, Greenville; Booker Cunningham, Wilson; Eugene Davis, Marshallberg and Sandy McDiamroch, Chapel Hill.

Similar weekly race series are underway in Beaufort, Carteret's oldest town where historical records reflect that sailing races have been held for nearly two centuries.

First Sailfish For Season Yet To Be Caught

Morehead City, July 15 — First sailfish catch of the season in this coastal area is coming late this year. Some have been sighted by parties going to the Gulf Stream and some of the charter boat skippers say they have had the big fighting fish strike their lures and teasers, but so far none have been hooked, or brought aboard, which is the main thing when fishing.

On the other hand amberjack and dolphin have been plentiful this year in the blue waters off Cape Lookout and also other sections of the coastal area. Some large catches have been made of both species and the record breaker, from size standpoint, a 60-pound amberjack was landed a few days ago by Capt. Bill Ballou. Capt. Alfred Pittman, skipper of the Lois Nancy reported catching a wahoo, another fighting tropical fish, a few days ago. Wahoo are seldom taken along the North Carolina coast.

Science Has Major Role In London Olympic Games

By JIM BECKER
AP Newsfeatures Sports Writer
New York — Bred in ancient Greece, the Olympic games this year will be the most modern athletic contests ever held. All sorts of up-to-date, new-fangled gadgets will be used at the Games in London to time and measure the events. Many of the time-honored methods of judging and conducting track meets will be discarded.

At London, Olympic fans won't get to watch officials mount shaky ladders, tape measure in trembling hand, to calculate the exact height in the pole vault. The pole vault standards will be equipped with a pointer and a sliding scale measuring in both meters and feet. They are placed so that they may be read without using ladders.

Science will rule the flat races too. Starting guns will be operated by remote control. This will eliminate one of the problems that has plagued officials at the Olympics are remote dashes. The 100, 200 and 400 meter dashes at the Olympics are staggered, leaving the inside man more than 150 feet away from the runner on the outside. Under that setup the runner on the pole hears the shot starting the race more than a tenth of a second ahead of the outside runner.

The use of remote control firing will bring the gun's report to each runner at the same instant. The starter will take the position where he can best see all the runners. In the event of a disputed finish and past Olympiads have seen several, an almost instantaneous photographic record will be available to the judges. The new photo-timer will be used for this purpose. This gadget gives the exact order of finish of the runners and also times them. It has been used with success in this country. Human timers will give the official clockings, however.

Pinball machine addicts will find the broad jump to their liking. Should a jumper step over the take-off board a special indicator will pop up—like the "tilt" indicator of a pinball machine. There will not be buzzers, bells or colored lights however.

Bumpy sandpits also have been discarded for the Games. A special sand, that type used in iron and steel foundries, will be used. A mechanical leveler, consisting of a metal scraper which slides on rails will straighten out the surface. The special sand also will leave a clean impression of the jumper's heel. Then a hinged frame will carry a hair line exactly over the back edge to give an accurate measurement.

A similar measuring device will aid officials in the weight and javelin throw events. Other refinements: A new type starting block adjustable to the taste of each runner.

Slaps Television For Gate Losses

Philadelphia, July 15 — (AP)—Fight promoter Herman Taylor says he will permit no televising of fights under his direction unless he is insured against financial loss. Taylor, promoter of the lightweight title fight Monday night in which Ike Williams defeated Challenger Beau Jack, said yesterday he sustained a loss of \$10,000.

Blaming his loss on a reduced gate resulting from the fact the fight was televised, Taylor said he had expected to realize a profit of \$50,000. "I've got nothing against television," Taylor said, "don't get me wrong. But I refuse to lose my money for the benefit of television sponsors. Those sponsors should be forced to co-operate with boxing promoters so that they will be insured against loss."

Taylor said he alone was responsible for selling television rights to the Williams-Jack fight. He said he went to a Philadelphia station which obtained a sponsor for \$16,000. The net gate receipts for the bout were \$60,762. Williams received a guarantee of \$30,000 while Jack was given a check for \$13,671.45, equivalent to 22 1/2 per cent.

Other refinements: A new type starting block adjustable to the taste of each runner.

Downpour Helps Fight Peat Fire

Elizabeth City, July 15—(AP)—Although the extent of relief provided was not known early today the heavy downpour of rain late yesterday afternoon and a continued drizzle throughout the night was reported as a welcome help to fire fighters battling the peat fire in Washington county, a fire which has burned over an estimated 8,000 acres since its start from lightning striking a stump on July 6.

Forestry officials conducting the operations to halt the fire said late yesterday that a rainfall of at least five inches was needed to raise the water level in order to be of substantial aid in quenching the fire which is burning under ground in

Court Question

New York, July 15—(AP)—The question of whether organized baseball is a monopoly in violation of the nation's anti-trust laws seemed headed for another session in the U. S. Supreme Court today.

Federal Judge Henry W. Goddard dismissed a \$300,000 damage suit against commissioner A. B. Chandler and other baseball officials yesterday, with a suggestion that the Supreme Court might reverse a 26-year-old opinion if it had the opportunity.

Danny Gardella, former New York Giants player, brought the suit, claiming that a five-year suspension ordered by Chandler deprived him of his livelihood. Gardella was one of several former major leaguers suspended for jumping to the Mexican league in 1946.

Pitt Countians Sentenced In Morals Cases

Kinston, July 15—A trio involved in prostitution charges here last week today had been tried and convicted in Recorder's Court, with each ordered to leave the county for a period of 12 months.

Fred Roach, 49, Pitt county, charged with aiding and abetting in prostitution and drunkenness, was convicted of drunkenness and assessed \$10 fine and court costs.

Roach's daughter, Edith, pleaded guilty to prostitution charges, and drew 12 months in jail, suspended on condition of good behavior, paying of costs, and to report to Pitt County Health Department in Greenville immediately and remain out of Lenoir county for a year.

Hutch Ward, jr., of Pitt county, was convicted of prostitution after Edith took the witness stand against him, and he drew six months suspended on condition of good behavior for one year and payment of costs.

The warrants against Ward and Edith Roach were secured by her father, Fred Roach, but the latter also was implicated when he obtained the papers on a pretext of having them served in another county and then tore them up, Sheriff Sam R. Churchill reported.

Scott Campaign Costs Reported As Over \$17,000

Raleigh, N. C., July 15—(AP)—W. Kerr Scott's successful campaign for the Democratic nomination for governor cost \$17,763.12, according to reports on file in the secretary of state's office.

Scott in a final report yesterday said expenditures in his second primary campaign totaled \$5,993.96 including \$460 spent in his behalf by the North Carolina legislative board of the Brotherhood of Locomotive Firemen and Engineers Asheville.

Previously Scott had reported his primary campaign expenditures of \$11,769.16.

The final report said contributions for the runoff campaign were \$6,773.53.

Negro Proposed As Keynote For Wallace Party

New York, July 15—(AP)—Charles P. Howard, 53-year-old Negro attorney and newspaper publisher of Des Moines, Ia., and prominent for 25 years in Iowa Republican circles will be proposed as the keynote speaker at the New Party convention in Philadelphia, July 23-25.

This was announced today by C. B. Baldwin, campaign manager for Henry A. Wallace.

Baldwin said Howard was a Republican until he resigned from his GOP county central committee early this year to support Wallace. He was an alternate delegate to the Republican national convention in 1932 and three times was chairman of the Negro division of the GOP in Iowa.

Small Fish Story
Bozeman, Mont.—(AP)—Strictly as a gag, Mrs. Lary Kerr entered a 3 1-2 ounce fish in the Bozeman Kiwanis Club's trout derby. The near-minnow won her eight pounds of utter and wool blanket because other women had thought their catches too small to enter and Mrs. Kerr's was the only entry in the distaff division.

STREETCAR HOME—When Roderick and John Devison, brothers of Fairmont, W. Va., moved to Morgantown to attend West Virginia University they bought this old streetcar with them and converted it into a home. Moving the car, building a foundation and installing modern conveniences cost \$2,500. The youths spent considerable time installing drainage tile, concrete footing and a concrete block foundation. They don't expect to have any trouble in selling their home for what it cost them. It is located on Falling Run Road.

Set Record For Sales Of Milk

London — (AP) — Britons are drinking nearly twice as much milk as they did before the war—when they can get it. May sales, unrationed for the last half of the month, set an all time record for consumption: 145,000,000 gallons, the National Milk Marketing Board reported. These sales were 80 percent higher than in May, 1939. Milk rations for adults are two and one half pints per week.

Cremation Stirs Muslim Debate

Singapore—(AP)—The proposal that Singapore build a crematorium is running into opposition from the colony's Muslim minority. "Islam

prohibits cremation of the dead," a Muslim Missionary society official declared. "It is a most contemptible act in the eyes of Islam."

The Society plans to make strong protests against the suggestion of the Singapore municipal commissioner, that the colony save land by burning corpses instead of burying them. Tomatoes grown in the sun develop higher vitamin C values than those grown in the shade of leaves or in cloudy weather.

Cut In Australia Gold Production

Sydney, Australia—(AP)—Gold production in Australia is still declining, although experts say a great fortune is waiting to be mined. The output for April was 61,036 fine ounces valued at \$2,099,530. In March it was 65,007 ounces and in April last year 66,856. Although still greater than during the war years, the

production of gold is lower than prewar figures. In 1936, 1,045,897 fine ounces were produced, but last year the total output was down to 1,088,008 ounces.

Commercial potash deposits in the United States are believed to be adequate for several generations.

Without Painful Backache
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause aching backache, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or costly passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

GOP Setting Up Headquarters In Raleigh Building

Raleigh, N. C., July 15—(AP)—The Republican party today took over quarters in a downtown building here for Eastern North Carolina campaign headquarters. The formal opening is planned for next week. About 50 GOP leaders from the East met here yesterday to make plans for setting up the headquarters.

A committee named at the meeting will meet at Lexington tomorrow to decide upon headquarters personnel. It was announced, on the committee are Algernon Butler of Clinton, Eastern Carolina vice chairman of the state executive committee; John A. Wilkinson of Washington, N. C., GOP nominee for the U. S. Senate; A. L. Perce of Asheboro; Al Parker of Benson; and Butler President of Raleigh.

Pactolus Ruritan Hear Humber On Defending Freedom

"We must assert ourselves, not prepare to defend ourselves," said Robert L. Humber at the Monday night dinner meeting of the Pactolus Ruritan Club. Humber, internationally known advocate of a plan for world federation, said, "The time has come when democracy will be challenged." He said that the greatest thing we can do in our generation is to stamp out war or freedom perishes. He declared that huge sums are being spent to win World War III. "If war comes, socialism follows, and there will be no room for private enterprise." Communism is the opposite of democracy. He stated that we have three freedoms, purchased at a price—intellectual, religious and political. "I am not afraid of the future if democracy will assert itself and formulate a plan," Humber said, "civilization is a partnership and should

be one big family. This heritage of ours says we owe an obligation to humanity—to preserve the freedom of the individual.

"We won't wait for our children to settle this question of freedom, we'll do it now," said our forefathers, according to Humber, they defended a principle. "Every age has its crisis and every crisis has its issue. There is a way to prevent war. There is a principle at stake. It's a challenge we must accept."

"European countries are becoming socialistic," explained the speaker, "because they were devastated by war. Factories, plants, farms and institutions must be rebuilt. Money is gone, railroad stocks, government bonds have no value. Their government must finance loans from friendly countries. The situation lends itself to Communism."

"Our democracy can take the initiative in sustaining freedom of the individual," Humber recalled a statement of Winston Churchill made in 1940, before we entered the war, he said, "Gentlemen, England has the honor to defend civilization alone." Humber said, "There is a way to prevent war; we must accept the challenge."

At the business meeting Gus Briley and Roy Baker were accepted as new members. A motion was passed to purchase 30 additional song books. Robert L. Humber commended his responsive listeners on their work to have the school rebuilt and on their growing interest in civic work. He also paid tribute to William Pitt, for whom the county was named, and expressed the desire to see a memorial to him.

Truman Inspired By Old Epitaphs

Tombstone, Ariz. — (AP) — Epitaphs in Boothill Graveyard are telling some of the story of early Tombstone—the town “too tough to die.”

President Truman gave national prominence to the western role of the cemetery when he paralleled his White House efforts to the life of a cowboy whose headstone reads “Here Lies Jack Williams. He does his damndest.”

Many of the original epitaphs of the men who died with their “boots on” were collected by souvenir hunters before a watch was kept over the graveyard.

Boothill's first group of graves mark the climax of the famous Clanton-Earp feud which ended with blasting gun play 67 years ago. The single marker reads: “Tom McLowery, Frank McLowery, Bill Clanton—Murdered on the streets of Tombstone.” That's the quoted opinion of Clanton sympathizers.

Then there's George Johnson who had a sad demise. He was “Hanged by Mistake,” or so his marker reads. Other hangings weren't accidental with an 1884 head board attesting to the legal execution of Dan Dowd and Sammie, Bill DeLaney, Tex Howard and Dan Kelly. Trial of the five, accused of killing four townspeople during a holdup, was conducted legally, but mob justice had its say.

“Died of Wounds” ends one man's story, with “Ambushed by Apaches” and simply “Killed by Indians” vividly telling another western history chapter. Dumped unceremoniously in his final resting place, a

cowboy's epitaph tells of his death: “John Blair. Died of smallpox. Cowboy threw rope over feet and dragged him to his grave.”

Best Treatment Of Polio Varies With Individuals

New York, July 15—(AP)—The best treatment for infantile paralysis, Dr. William T. Green, of Harvard University told the first international Polio conference today, may vary from person to person and season to season.

“Some reports,” he said, “would indicate that the only poliomyelitis is by the Kenny method. Others have not confirmed this.”

“More recently, use of curare with strenuous manipulation has been advocated. This is described as producing superior results. Others say it is of no value. Likewise, prostigmine, has been advocated as of great value and there are reports it has no effect.”

24 New . . .

(Continued From Page One)

The Virginia request was made in wires sent to Virginia's Governor William Tuck and the State's health commissioner, Dr. J. L. Roper. The telegrams were signed by five Newport News residents.

The message to Tuck urged “your immediate attention with regard to stopping all unnecessary traffic between North Carolina and Virginia due to the serious polio epidemic in Carolina.”

The Virginia peninsula is “particularly vulnerable,” the wire said, because large numbers of North Carolinians work there and travel back and forth on weekends.

Parliament Says Takes 3 Days To Think Clearly

Paris—(AP)—The French Parliament has agreed it takes three days to think clearly.

The assembly, resembling the House of Commons and the House of Representatives, passed a bill authorizing release of a number of government workers. The bill was passed after 32 hours of debate and sent on to the council of the republic for review. The council of the republic can't veto a bill, but is described as a “reflective body,” whose opinion on laws passed by the assembly must be given attention.

The assembly demanded that the bill be treated as “urgent” and be acted upon by the council in the same time as the assembly. The council denounced such pressure tactics and refused to think so fast. A constitution crisis was threatened.

Finally a joint body of the two organizations met and decided that the council could take three days to reflect on a bill. Only after that would it become law arbitrarily. Moreover, it was agreed that the council doesn't have to think on Sunday. If Sunday intervenes as one of the three days, it doesn't count.

Claim Nazareth . . .

threaten the Arab left flank.

A high Israeli army officer in Jerusalem asked: “What do we want with a truce?” An unofficial Jewish spokesman said: “We will accept any truce, of course, but we are disheartened at the prospects of a United Nations truce coming to the aid of the Arabs just when we are beginning to get results from our offensives.”

Abdel Rahman Azzam Pasha, secretary-general of the Arab League, said here the Arab countries were not giving in to pressure put on them by the Western powers to renew the four-week truce that expired last Friday. He said the pressure had been “particularly exerted on Trans-Jordan.”

Zachary Taylor wanted to appoint Abraham Lincoln governor of the Oregon Territory but Mrs. Lincoln disapproved.

Drops Out

Winder, Ga., July 15—(AP)—Senator Richard B. Russell of Georgia, who received 263 rebellious Southern votes for the Democratic Presidential nomination, says he will not take part in the states rights meeting in Birmingham this week.

Furthermore, the state's junior senator said, he would not allow his name to be used as a candidate if bolting Democrats from Southern states decide to offer a states rights nominee in opposition to President Truman and his civil rights platform.

Scattered Rains Bring Relief To Eastern Sectors

Raleigh, N. C., July 15—(AP)—Scattered rains in the Raleigh area early today brought some relief from severe drought conditions which have caused extensive damage to crops.

Frank Parker of the Federal-State Crop Reporting Service said the rains would “help a lot” but were not sufficient to “relieve the situation.”

Garrett Demots, head of the Raleigh Weather Bureau, said early reports indicated that an area west and northwest of Raleigh “received the heaviest amounts of rain” and smaller amounts fell in areas south and southeast of Raleigh.

Demots described the rains as of the shower type and said that they probably were not general over the entire area.

Moscow Pushes Huge Underground System

Moscow—(AP)—Underwater tunnels have been completed for the Moscow ring subway. This new line in the growing underground rapid transit system of the Soviet capital will run, when completed, around the so-called “garden circle” of the city and will link all railway stations at various ends of the capital with one another and with all other subway lines in the city. The ring subway crosses the Moscow River at two points.

Find Body Of Drowning Victim In Croatan Sound

Manteo, July 15—(AP)—The body of James Bass, 16, son of Mr. and Mrs. H. K. Bass of Goldsboro, was found near the spot where he was last seen in the waters of Croatan Sound on the west shore of Roanoke Island Wednesday afternoon about 5 o'clock.

The boy had been missing since the previous day from a Presbyterian church youth camp.

Coast Guard units had been searching for the body and had apparently given up the search yesterday at 2 o'clock when Dare County Farm Agent R. S. Smith made arrangements with Leroy, Alford, Hatton and Dave Midgett to use their boat and crab net. The body was caught in the net after highway patrolmen working under Sgt. William S. Hunt of Elizabeth City had discharged dynamite in the water.

Freed On Bail In Poisoning Case

Clinton, N. C., July 15—(AP)—Mrs. P. R. Naylor of the Tomahawk section of Sampson county has been released on \$10,000 bail after being given a hearing on charges that she killed her husband, Sampson Sheriff Perry B. Lockerman said today. The hearing was held yesterday before Magistrate Charles Jackson.

Sheriff Lockerman said the woman confessed to him that she administered arsenic in her already sick husband's medicine about a week before he died in Duke hospital, on February 2.

Salesmanship In Furniture Field

Chicago, July 15—(AP)—Promotion and salesmanship is re-entering the furniture field in the wake of increased prices and falling demand, spokesmen for the annual summer home furnishings show said today.

A spokesman for the merchandise mart, where one-section of the trade exhibit is being held, said “it's a buyer's market—and buyers are being cautious.”

Rain Brought Forest Fire Under Control

Elizabeth City, July 15—(AP)—The rain late yesterday afternoon, last night and this morning brought the raging forest fire in Washington county under control but not all the fire is out and there remains much to be done unless it rains much more, R. J. Robertson, assistant district forester of the Elizabeth City district, reported at noon today.

Counterfeit Money ‘Good’ Says Judge

Bangkok—(AP)—Counterfeiters are so good in Siam that experts have trouble detecting forgeries. So said a criminal court judge, dismissing a charge that a village medicine man had 49 false notes for the purchase of roots, bark and leaves he used for doctoring.

Since Bank of Siam experts had difficulty telling a counterfeit note from a real one, said the judge, you couldn't expect villagers to spot the bad ones.

Hog Market

Raleigh, July 15—(AP)—(NCDA)—Hog prices steady. Tops of \$27.50 at Kingston; \$27.25 at Rocky Mount; Greenville, New Bern, Smithfield, Mt. Olive, Wilson, Goldsboro, Washington, Jacksonville, Clinton, Warsaw, Lumberton, Fayetteville and Florence.

Poultry and Eggs

Raleigh, July 15—(AP)—(NCDA)—Fryers and broilers steady at 34; eggs steady, A large 51.

Grain Market

Chicago, July 15—(AP)—Grains mostly inched ahead on the board of trade today. The July corn contract spurted as much as 4 cents and ended with a gain of more than 3 cents. Otherwise, price changes were not of much importance in wheat, corn or oats.

Wheat closed 1/4 lower to 1/2 higher, July \$2.27, corn was 1/4 lower to 3/4 higher, July \$2.12-\$2.11, oats were 1/4-1/2 higher, July 90-90 1/2, rye was 1 cent higher, December \$1.88, and soybeans were 5/8-7/8 lower, July \$3.80.

N. Y. Cotton

New York, July 15—(AP)—Cotton futures opened 5 to 20 cents a bale lower.

Noon prices were 15 to 30 cents a bale lower than the previous close. Oct. 32.37, Dec. 32.25 and March 32.21.

Oct.	32.40	32.18	32.42
Dec.	32.28	32.06	32.31
March	32.25	32.03	32.26
May	32.10	31.92	32.14
July	31.59	31.40	31.60
Oct.	29.53	29.47	29.65

Middling spot 34.80, off 42.

N. Y. Stock Market

New York, July 15—(AP)—Heavy selling sent the stock market reeling downward in the last few minutes of trading today.

Closing prices were off fractions to as much as four points. Rails, steels and oils took the worst licking.

Wall Street sources blamed the selling on the Russian note on Berlin and the president's plan to call a special session of the congress.

Volume expanded to close to 1,700,000 shares as the ticker tape raced along to keep up with the sudden burst of activity.

AN INNOVATION FOR GREENVILLE

Overton's Super Value

1312 Evans Street, Greenville
HAS INSTALLED HUSSMANN

Self-Service Meat Cases

A great convenience for the customers. You select your own cut of meat, with the price and the weight plainly marked on it. It accelerates service, enables you to make your purchase without any waiting. The HUSSMANN SELF-SERVICE MEAT CASE IS ALWAYS CLEAN AND SANITARY. Customers appreciate it wherever it is used. These cases are generally found in up-to-date and sanitary markets. The meats are wrapped in cellophane which permits the customer to thoroughly examine the meat, select his choice cut, go to the cashier and pay for it and avoid waiting. You will find greater satisfaction in buying your meats from the Hussmann Self-Service Meat Cases.

We extend to Vance Overton, manager of Overton's Super Value Store and Market our congratulations on his progressive enterprise in installing this case, and we predict an increase in the market's meat sales.
