

Two Police Chiefs Provide New Issue In Berlin Blockade

Red Army Supports Dismissed Police Head; City-Appointed Chief Kept From Office; Conflict May Result In Two Police Forces For Troubled City

Berlin, July 27—(AP)—Two police forces as well as two police chiefs appeared in prospect today for blockaded Berlin.

Communists directly challenged the authority of the Socialist-controlled city government. Paul Markgraf, communist-trained police president, orally to elected municipal government.

Markgraf said he would refuse to yield his office in central police headquarters to Socialist Johannes Stumm, his former deputy whom the city government has appointed as his successor.

Stumm said he would refuse to yield his office in central police headquarters to Socialist Johannes Stumm, his former deputy whom the city government has appointed as his successor.

25-Year-Olds To Be First Called Of Draft Groups

Draft Director Says Others Will Be Taken In Order Of Registration

Washington, July 27—(AP)—Selective service director Lewis B. Hershey announced today that 25 year old men will be drafted first.

Hershey made the announcement after a conference with members of the Senate and House armed services committees.

Hershey conferred for more than an hour with the members of the two committees.

Later he told newsmen that approximately 5,000,000 men will be processed in the first six months of the program, beginning with the 25-year-olds and working down through those in the 22 year age brackets.

Chairman Gurney (R-S.D.) of the Senate armed services committee said that the system established by the selective service board for the selection of draftees is "fair and in accordance with the act."

Chairman Andrews (R-N.Y.) of the House group concurred.

Out of the 5,000,000 (M) men to be processed in age groups 22-25 inclusive, Hershey estimated that only about 70,000 would be actually subject to peacetime service of 21 months.

He called attention to the fact that deferments for various reasons would cut down the number of men available.

The draft director said he has not yet received word from the army as to when or how many men they will require.

He told a news conference last week that the first call probably will not be issued before October 1.

Today Hershey said that if the army should ask for 30,000 men on the first call, selective service probably would have to dip down into the 22 year olds to get that many.

He said he doubts that more than 8,000 25-year-olds are available for service.

Registration of the 25-year olds starts August 30. Succeeding age groups will register in September ending with the 18-year olds on September 15.

Truman Seeks Checks On Mounting Costs Of Living

Message To Congress Asks Limited Price Control And Excess Profits Tax To Avert 'Another Great Depression'; Details Of Price Control Program Left To Be Revealed In Measure He Will Send To Lawmakers

By ERNEST B. VACCARO Washington, July 27—(AP)—President Truman today demanded limited price control and an excess profits tax to help check the rising cost of living and avert "another great depression."

A depression, he said, would scuttle "the world's hope for a lasting peace."

The President coupled a reiterated plea for power to hold wages in line with the price control recommendation. And he personally confronted the politically hostile 80th Congress with six other proposed brakes on spending—among them a return to credit restrictions and standby rationing authority.

"The Communists, both here and abroad, are counting on our present prosperity turning into a depression," the Chief Executive declared.

"They do not believe that we can—or will—put the brakes on high prices. They are counting on an economic collapse in this country."

That, he said, "would cut the ground from under the free nations of Europe."

Mr. Truman addressed a joint meeting of the Senate and House on the second day of the special session he called in the heat of a presidential campaign year.

But his language was far more restrained than it was on his western tour, or in his acceptance speech to the Democratic National Convention. Then he referred repeatedly to the Republican-controlled 80th Congress as one of the worst in the nation's history.

The President did not spell out the details of his price control program. He left that a question to be answered by an administration bill promised later this week—perhaps tomorrow.

But he did say the controls should be authorized for "scarce commodities which basically affect essential industrial production or the cost of living."

That would seem to mean things like steel and meat.

Even before he spoke, GOP leaders massed close to Mr. Truman could pin no real hope for action on more than one or two minor points in his message.

The Chief Executive hit hardest at the rising cost of living. But he led off by saying that another crying need is for more and cheaper housing.

So he called again for passage of the Taft-Henderson-Wagner bill to meet the "acute" housing shortage. "This is the bill we need," he said. "We need it now, not a year from now."

In addition to selective price-wage controls and a return to the wartime excess profits tax at a rate he did not disclose, the President asked Congress to:

- 1. Restore consumer credit controls—such as those which specified down payments and the time in which installment purchases had to be paid off.
- 2. Arm the Federal Reserve Board with more power to regulate "inflationary bank credit."
- 3. Grant him power to regulate speculation on the commodity exchanges.
- 4. Grant him power to impose allocation and inventory control over "scarce commodities which basically affect essential production or the cost of living," the same term he used for his price control proposal.
- 5. Strengthen controls over rent with adequate appropriations for enforcement to prevent "further unwarranted rent increases."
- 6. Give him standby power to ration "those few products in short supply which vitally affect the health and welfare." He said that unless further shortages occur, this authority "might not have to be used at all."

The President asked authority to limit wage increases only where they would "force a break in a price ceiling." Even in this instance an exception would be made if the increases were "essential to remedy hardship, to correct inequities or to prevent an actual lowering of living standards."

Contending that industry has boosted prices in many recent cases where profit margins were "adequate" to absorb the increased labor cost, the President said:

"Rising wages and rising standards of living, based on increasing productivity and a fair distribution of income is the American way. Non-inflationary wage increases can and should continue to be made by free collective bargaining."

As for his entire eight-point cost of living program, Mr. Truman called it a "balanced" way to attack high prices. All eight points, he said, are "necessary to check rising prices and safeguard our economy against the danger of depression."

Aside from his reference to Communists here and abroad counting on an American depression, Mr. Truman made no direct reference to this country's strained relations with Russia.

But he did assert that: "In these tense days, when our strength is being tested all over the world, it would be reckless folly if we failed to act against inflation."

As he had said he would, the chief executive also asked the special session for:

- 1. A new displaced persons bill to provide for the admission of some 500,000 of Europe's war refugees into this country during the next four years, instead of 200,000 in two years as provided in a bill passed at the last session. He asked that Congress wipe out "discriminations" in the current law. He has said it would operate unfairly against Jewish and Catholic displaced persons.
- 2. A federal-aid education bill to provide \$300,000,000 annually to states for education.
- 3. Approval of a \$85,000,000 loan for the construction of a permanent United Nations headquarters in New York City.
- 4. Senate ratification of the international wheat agreement. He said this would "guarantee American farmers an annual export market of 185,000,000 bushels of wheat at a fair price (a maximum of \$2 a bushel) during the next five years."
- 5. Restoration of \$56,000,000 trimmed from proposed appropriations at the last session for power and reclamation projects, including a Tennessee Valley Authority steam generating plant at New Johnsonville, Tenn.
- 6. A more equitable and realistic pay bill for federal employees.
- 7. A bill raising the present 40-cent minimum wage to "at least 75 cents an hour."
- 8. Legislation increasing "by at least 50 per cent" the benefits under the old-age retirement provision of the Social Security law. He said the age at which women can receive benefits should be lowered from 65 to 60 years, and he again asked extension of coverage to groups not now included.

GREENVILLE, S. C., July 27—(AP)—Pilots of six Royal Air Force Vampire jet fighters planned to demonstrate acrobatic maneuvers at the Greenville Air Force base today before Greenville citizens and youth organizations.

Parley By Big Four?

Speculation On Such A Meeting Has Been Accompanied By A Hardening Attitude On The Part Of The Western Allies; 'Last Straw' For Moscow; Door Open To Russia

By DeWITT MacKENZIE Widespread speculation that a parley of the big four foreign ministers (America, Britain, Russia, and France) may be held to try to settle the Berlin crisis has been accompanied by a decided hardening of the western allies' attitude towards the Bolshevik aggression.

The democracies are maneuvering for position in the rapidly developing showdown. They are exemplifying their declaration that they are willing to negotiate but they won't do it under coercion. The attempted coercion in this instance is the brutal food-blockade of the civilian population of western Berlin.

Yesterday the United States and Britain by a done of her own medicine by banning movement of trains to and from the Russian zone of Germany. American officials said "technical difficulties" caused the stoppage, thus repeating the excuse used by the Reds in imposing their blockade.

Furthermore America and Britain are expanding their already huge air services for transport of food and fuel to save the 2,400,000 inhabitants of the democracies' zones. And these old allies are reported ready to defend this service of mercy with force if the Bolsheviks attempt to interfere by force.

What must be the last straw for Moscow, however, is the announcement that the military governments and German political leaders of the three western zones of the Reich have reached final agreement for a unified government of that area, which includes the rich and all-important industrial Ruhr. The Muscovites have fought this program tooth and nail, while refusing to join in creating a government for all Germany. The Russians of course are scheming to absorb Germany into the Soviet bloc and thus pave the way for conquest of the whole of Europe.

Still, the democracies are leaving the door open for Russia to pool its zone with the other three and make a unified Germany. At the same time rumors have been circulating in Berlin and London that there

(Continued on Page Eight)

French Cabinet Includes No Reds

Bidault Dropped As Foreign Minister; Policies Same

Paris, July 27—(AP)—Premier Andre Marie formed a new French Coalition cabinet and today presented its members to President Vincent Auriol.

Like its predecessor, the new cabinet contains no Communists. It is made up of members of parties who favor the cause of the western allies.

The new government contained one major change from the eight cabinets France has had in the past three years. Georges Bidault was dropped as Foreign Minister.

Bidault, who has represented France in all major international conferences since 1945, has been replaced by 62-year-old Robert Schuman, the outgoing Premier, whose cabinet resigned July 19 and precipitated the crisis.

Schuman is a popular Republican (MRP), a party colleague of Bidault. This is no major change in French foreign policy is foreseen.

Marie's announcement came late last night after more than 36 hours of negotiations with the Socialist party. At one point he almost resigned his Premiership.

Marie is a radical Socialist. The party name is in a sense a misnomer. The party is neither radical nor Socialist—in the accepted sense. It is a moderate centrist party.

This fact led Marie to choose as finance minister Paul Reynaud, former Premier and a moderate.

Designation of Reynaud has worried the Socialists, who fear he will pursue a capitalistic line.

Peak Reached?

Raleigh, N. C., July 27—(AP)—Although the total of cases continued to rise, Dr. Roy Norton, State Health officer, today expressed belief that North Carolina's Polio epidemic has reached its peak.

The state board of health today received reports of 33 new cases, which brought to 960 the total reported since Jan. 1.

"Our previous experience has been," Dr. Norton said, "that there is a tendency for the cases to level off about this time of year. There is good reason to believe we have reached the peak and may be able to look forward to a decline in the number of cases reported each day."

Truman Steps In With Own Civil Rights Crusade

Orders FEPC For Federal Workers And Anti-Discrimination Drive In Services

Washington, July 27—(AP)—President Truman took part of the civil rights crusade into his own hands today by ordering an "FEPC" for federal workers and an anti-discrimination drive in the armed forces.

Senator Russell of Georgia, leader of a formally organized bloc of Southern senators, cried out a quick Dixie protest.

He called the twin actions an "unconditional surrender" by the President to the Henry A. Wallace Progressive Party convention and to the threatened civil disobedience campaign of some Negro leaders.

Thus the chief executive and rebellious Dixie Democrats faced each other across even more sharply drawn battlelines.

Republican leaders maneuvered for positions to join the fight once Mr. Truman lays his promised demand for anti-lynch, anti-poll tax and other anti-discrimination laws before the reconvened Congress at 11:30 a.m. (EST).

The President set the tone for the civil rights portion of his message late yesterday by issuing two unheralded executive orders.

The first directed his cabinet officers to see that there is no discrimination within the federal family because of race, color, religion or national origin. It also created a seven-man fair employment board in the Civil Service Commission.

The second order set up a committee on "equality of treatment and opportunity" in the armed services—this policy to be put into effect as soon as possible "without impairing efficiency or morale."

The two orders followed shortly the Dixie organization meeting attended by 19 senators from 11 states. They picked Russell—the Southern candidate for president at the recent Democratic National convention—to lead them.

So it was Russell who whipped out the Dixie reply to the executive orders.

The Georgian said the on to "set up an FEPC in government is nothing but a political sop because Negroes already have 10 per cent of the federal jobs."

And as for the "equality of treatment and opportunity" order, Russell said Mr. Truman had ignored a statement by Gen. Dwight D. Eisenhower that "separate units for the races were better for the efficiency of the armed services as well as for both races."

Defense Treaties Link Soviet And Neighbors

Washington, July 27—(AP)—While assailing American support of Western Europe, Russia and her Eastern European satellites are building a tight network of treaties against "aggression."

The State Department noted this today in publishing as an official document the texts of 22 compacts signed by Moscow or the Soviet bloc states. Others have been completed or are in the making.

The roundup was made before Czechoslovakia and Romania initiated their "treaty of friendship, collaboration and mutual assistance" last week. Russia and Albania are expected to sign up shortly, thereby increasing pressure against Marshal Tito's Yugoslavia in his quarrel with Moscow.

The treaty between the new Communist-run Czech regime and Romania, like most of the others, provides for mutual military support in case either is "dragged into armed conflict" with an aggressive Germany or "with any other state directly or indirectly uniting with Germany."

By the terms of Moscow's propaganda campaign that would appear to include the United States, Britain and France because of their backing of a separate government for Western Germany.

The exchange of pledges among

Berlin Rail Ban Hampers Trade For Netherlands

The Hague, July 27—(AP)—A Netherlands government spokesman expressed regret today at the latest western move in the Berlin crisis.

He said the order banning rail traffic between the western zones and the Soviet zone of Germany "increases the tension between the different zones."

The spokesman, from the Dutch foreign affairs ministry, added: "Not only does it hamper a reciprocal trade in general cargo between the Netherlands and the Soviet zone, but it also does not contribute to the settlement of problems in Germany." If the Netherlands government from her side can help to solve the problem, it will be happy to do so.

Flooded Stadium Fills One Need

Middvale, Utah, July 27—(AP)—The city of Middvale needed a swimming pool and a stadium. Today the city had the pool on the site of the stadium.

As crews were moving the last loads of earth out of the stadium ground, now under construction, they uncovered a spring. The stadium is now flooded.

Bethel Bonds Sold

Raleigh, N. C., July 27—(AP)—The local government commission today sold:

Town of Bethel \$30,000 water, sewer and street bonds, average maturity 8.2 years, to Griffin and Vaden, Inc., Raleigh, at 2.6788 percent interest cost.

Pulitzer Winner Is Dead Today

Provincetown, Mass., July 27—(AP)—Susan Glaspell, Pulitzer prize-winning author and credited with giving Eugene O'Neill his start in the theater, died today. She was 86.

The widow of George Cram Cook with whom she founded the original Provincetown Playhouse where O'Neill's first plays were produced, her "Alison's House" won her the Pulitzer prize. She was the author of a number of other plays and novels.

Little Action Ahead

Don't Expect Congress To Do Much That President Truman Recommends In His Message Today; Republicans Irate; Some Call It Politics; Democrats Getting Blame

By JAMES MARLOW Washington, July 27—(AP)—Don't expect the Republican-controlled Congress to do much that President Truman recommends today.

He's offering Congress an 11-point program on things he says needs to be done for the country's welfare.

They range from what he considers ways for controlling inflation and providing housing to voting a \$85,000,000 loan to building a home for the United Nations in New York.

Of all his recommendations, the one that probably stands the best chance of being carried out is the \$65,000,000 U.N. loan.

The Republicans are burned up at him.

Here at the beginning of the political campaigns, with elections coming up in November, he's called the Republican-controlled Congress back into special session.

Since he says his program is what the country needs, this puts the Congress on the spot of doing what he says or not doing it—but if it doesn't do it, the Republicans will have to explain why to the voters.

One important Republican congressman—

—he doesn't want his name mentioned—said:

"Look at what the President's doing. He comes up before a special session of Congress. He called the session. And we have to sit and listen to him make a speech.

"It's a campaign speech. And he makes it in front of the television cameras and over the radio.

"What a political platform that is. And at our expense. This talk to Congress is a wonderful opening for his own campaign for re-election."

The main point in Mr. Truman's message to Congress today is the cost of living.

And it is that problem of the cost of living—it's now at its highest level in American history—which is causing the Republicans the most concern.

If they do nothing to control it at this special session—and if prices continue to rise between now and November's elections—it probably will cost them votes.

The same Republican said on this point:

(Continued on Page Eight)

Indicate Russian Planes Near Berlin Reinforced

German Press Says More Fighter Craft In Area; Large Army Maneuvers With Big Tanks Going On In Soviet Zone

Berlin, July 27—(AP)—German press reports today said the Russians are increasing substantially the number of fighter planes, including jets, stationed in their zone of Germany, around Berlin.

These reports appeared as the Americans strengthened their combat plane forces at bases in Western Germany. The most recent U. S. additions were 16 jet fighters which reached Fuerstenfeldbruck Sunday.

German reports also said large Soviet summer army maneuvers are taking place in the Russian zone, from the Baltic south to Thuringia. The reports said much armor is involved, including big "Joseph Stalin III" tanks, and strong air support.

The reports were described as 62-ton monsters, perhaps the heaviest in the world.

The official Soviet newspaper, Tshegliche Rundschau, sought today to discredit the British-American blockade-busting air shuttle by a new tactic.

Setting upon the weekend crash of a food-laden American C-47 in Berlin, the paper declared the lives of Berliners are being endangered by "careless American flying."

It claimed "numerous" Germans were injured when the C-47 struck a house.

The Russian censor alighted, however, for all other Russian-controlled papers printed what other German papers have said is the truth—that no Germans living in the street where the crash occurred were hurt, except for one woman who got a slight cut.

warnings of maneuvers by their fighters in the air corridors traversed by British and American transports flying over the Russian land blockade. The Americans said some Russian jets have been seen in these corridors, but that most fighters sighted were the more conventional Yaks.

The reports of the increasing Russian fighter strength and of the Soviet army maneuvers appeared today in the British-licensed newspaper Telegram and in British Military Government's official German language newspaper, Die Welt. Allied authorities had no comment.

40 Years Ago Today

THE DAILY REFLECTOR—July 27, 1908

Miss Lena King left this morning for Virginia Beach.
Mrs. W. J. Boyd of Ayden, spent today here with relatives.
Mrs. Whit Hardee left this morning for Virginia Beach.
E. H. Tait left for Beaufort this afternoon.

W. E. Hooker has returned from Atlantic City and New York.
Thurman Moore went to Wilson this morning.

Mrs. W. S. Galloway has returned from Virginia Beach.
Mrs. H. C. Garner of Newport, N. C., is spending some time with her son, Mr. W. C. Garner, and Mrs. Garner on Eastern street.

Mr. and Mrs. J. B. Kittrell, Jr., have returned from their wedding trip and are living in their new home, 121 Eastern street.

Engagement Announced
Mrs. D. J. Wilson of Stokes announces the engagement of her daughter, Brownie, to Grady Andrews of Newport News, Va., son of W. H. Andrews and the late Mrs. Andrews of Robersonville. The wedding will take place August 18th.

Card of Thanks
We wish to thank each and every one who was so nice to us during the death of our son and husband, Jasper (Jack) L. Cannon.
MOTHER, WIFE, CHILDREN, SISTERS AND BROTHERS.

V. F. W. Auxiliary to Meet
The Ladies Auxiliary of the V. F. W. will have a picnic supper meeting Thursday night at 7:30 at V. F. W. home at the Airport.

Executive Board Junior Woman's Club Will Meet
Mrs. E. K. Willis, president, requests that all new officers, department chairmen and standing committee chairmen meet at an executive board meeting of the Junior Woman's Club Tuesday evening, July 27, at 8 o'clock at the home of Mrs. E. K. Allen, W. 4th St.

Citizens of Tomorrow

The Daily Reflector again presents another in the picture series "Citizens of Tomorrow." Reading from left to right, top row: James E. Whichard, son of Mr. and Mrs. J. H. Whichard, Greenville; Carolyn Robinson, daughter of Mrs. Elizabeth Robinson, Route Six; Jimmy King, son of Mr. and Mrs. W. P. King, Route Two, Bottom row: Marilyn Heath, daughter of Mr. and Mrs. Marion Heath, Grimsland; Teddy Stocks, son of Mr. and Mrs. T. J. Stocks, Greenville; Delores Gladson, daughter of Mr. and Mrs. W. R. Gladson, Greenville.

Dear Judy,

Have you a gripe against the movies? It seems even the most faithful teen-age movie fans manage to find a few things wrong with movieland's cinema offerings.

Here are teen-agers' ten pet movie peeves as revealed in a nationwide polling of 7,500 youngsters recently completed by a Hollywood studio.

- 1. Turning a female sad sack into a raving beauty just by yanking off her horn-rimmed glasses.
- 2. Virtile-type heroes who run the emotional gamut by slouching or unclenching their fists.
- 3. Using near-decrepit men as the grand passion for a sweet-young thing.
- 4. Having every embryo violin genius eke out a living, on the side, as a pugilist.
- 5. Heroines who emerge from earthquakes tidal waves and other disasters with wardrobe unruffled, and tresses unmussed.
- 6. Portraying school youngsters as speaking only live jargon.
- 7. Showing every jam session participant as a swooner.
- 8. Depicting the average co-ed as nursing a secret crush for the football team captain, or the handsome young English teacher.
- 9. Unseen, 100 piece orchestra which rends the air when a singer, alone in a jungle wilderness, bursts into song.

10. Cooley girls who, when their lover asks the question, pop their eyes and murmur—"What do YOU think?"

Eagle Lion executives conducted the survey to shape production plans for "Mickey," the story of a teen-ager. The picture stars 16-year-old Lois Butler, who was plucked from John Marshall high school classroom in Los Angeles for the role.

There is a feminine version of the Woody Woodpecker haircut now being worn by the boys. Whereas the beau brunnets wear their hair brushed up from the ears to form a topknot on top like woody's, the girls form their topknot out of curls. If the topknot slips forward advice is to be nonchalant, actually you'll look more woodpecker-ish with a slipping topknot experts say.

A 4-H club girl will break into the movies any day and who knows she may be another Betty Grable or Dorothy Lamour.

Robert Paige, Hollywood Star, is on a country-wide tour interviewing the 25 girls who were selected from the more than 5,000 applications and photographs received from 4-H club members around the country in a nationwide search for a 4-H club girl to take a major role in a movie. Four girls will be chosen to go to Hollywood to make screen

WOMEN who feel NERVOUS

caused by functional "middle-age" Do you suffer from hot flashes, weak, nervous, irritable clammy feelings—due to the functional "middle-age" period peculiar to women (30-50 yrs.)? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It also has what Doctors call a stomachic tonic effect!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

The picture "The Green Frontier" is based on the lives of everyday people on the farm, and will emphasize the importance of soil conservation and the great value of 4-H club work. It tells about how a young girl wins a sense of achievement and personal independence through 4-H club work. Know how to make your own microscope? If you don't, here's one you can build at home, suggested by manufacturers (A. C. Gilbert) of microscope sets for juveniles. All you do is punch a hole not more than one-eighth of an inch in diameter in cardboard and then place a small round-drop of water in the hole with a medicine dropper. The droplet acts as an effective magnifying lens says the company.

New City Directory To Be Issued Here

A new city directory is planned for Greenville within the next few months. Representatives of the Southern Directory Company of Asheville, publishers of the Greenville Directory, started preliminary work on the new issue Monday of this week.

The need for a new directory is greater now than at any time within the last decade, Chamber of Commerce officials stated, as considerable expansion of the city limits was made on July 1, 1947; the entire city has been re-numbered; many

new homes have been built; and an appreciable number of new businesses have been established since the last directory was published two years ago.

The new directory will also facilitate merchandise and mail deliveries, as it will provide an accurate guide to street and number of Greenville's expanded business and resident population.

There will be a F. T. A.-C. I. O. membership meeting at the Church of God in Christ Thursday night,

July 29, at 7:30. All members are asked to be present as this is a meeting of importance to the rank and file.

C. A. Simmons, chairman.
Mrs. Annie F. Little, Rec.-Sec.

Funeral services for Mr. Henry Stone will be held from Corner Stone Baptist Church, Wednesday at 2 p. m. Rev. J. E. Tillet will officiate. Burial will be in Cooper Field cemetery.

Most living tissue is composed of carbon, oxygen, hydrogen and nitrogen with only small admixtures of other elements.

"EASTERN CAROLINA'S SHOPPING CENTER"

Kindergarten At College To Open In Fall Quarter

A kindergarten for children from five years of age to first-graders will be opened at East Carolina Teachers College at the beginning of the fall quarter in September. Dr. John D. Messick, college president, has announced.

The west wing on the first floor of the Education building, now being reconstructed and redecorated, will house the kindergarten.

Annie Mae Murray, who for several years has been connected with the Fisher Street School in Burlington, will be in charge of the kindergarten. Miss Murray is now at Peabody College, Nashville, Tenn., where in August she will complete work on a master's degree in early childhood and primary education.

The college has had for a number of years a nursery school for children from three to five years of age. Located in the Classroom Building and operated as part of the home economics department, the nursery school has large and attractive quarters and is one of the best equipped in the state. The addition of a kindergarten will enable

the college this fall to give training to two groups of children of pre-school age and to expand the program offered to students interested in early childhood education.

Ruth Lambie of Wilkesburg, Pa., who directed the work of the nursery school during 1947-1948 will return to Greenville in September to resume her work in the home economics department.

Applications for entrance to one kindergarten should be made to Registrar J. K. Long at East Carolina Teachers College. They will be considered in the order in which they are received. Dr. Long is also in charge of enrollments for the nursery school.

Mayne Albright To Open Office

Raleigh, July 27 (AP)—Mayne Albright, who ran third in the Democratic gubernatorial primary, expects to open a law office here about Sept. 1.

Senator-nominate J. M. Broughton offered him a \$10,300 job as administrative assistant. Albright turned it down because "I thought it was time to go into the law business on my own."

Albright was admitted to the bar 12 years ago but has never practiced.

The noise of thunder is caused when air heated by a lightning flash begins to cool and contract and other air rushes in to fill the space.

IN BLOCKADED BERLIN — Youngsters stand on top of a bomb-damaged building near Berlin's Tempelhof Airport to watch a U.S. Air Force Skymaster which has just deposited a cargo of coal for the city during the blockade by Russian forces.

FARMERS' PLANES CUT LINES
Twin Falls, Idaho—(AP)—A new menace to electric power lines in rural areas is the airplane. Idaho Power Company Division Manager Ralph W. Carpenter reports that low-flying planes engaged in dusting growing crops have cut power lines five times this season.

About 18 percent of Americans are engaged in farming.

Diversion Cuts Highway Totals

Raleigh, July 27—North Carolina has 3,907 miles less of good roads than it would have had if all taxes levied especially for use of highways had been devoted to that purpose, according to the National Highway Users Conference.

Albert Bradley, chairman of the conference, has prepared a statement showing that from 1934 through 1946 the nation as a whole lost 95,313 miles of roads by reason of diversion of highway revenue to other purposes. Ohio has been the worst offender, the table shows, with 14,653 miles of roads lost. Texas and Wisconsin followed close behind, with North Carolina in eighth place. Connecticut is charged with three miles and Vermont with seven. Computation was on basis of dividing the amount diverted in any state by the average cost per mile of roads built in the state that year, and authority for the figures is given as the Public Roads Administration.

Highway users have been striving for years to obtain legislation or constitutional amendments prohibiting use of tax money derived specifically for highway purposes to any other use. Except for a brief period during the depression North Carolina has not directly diverted gasoline or license plate taxes away from the highway and public works commission.

Many advocates of non-diversion laws, however, insist that use of highway funds to support the prison department, the highway patrol with its many general police activities, the paroles and probation commissions, actually constitutes diversion. Last year more than two million dollars derived from gasoline and oil inspection fees went directly into the general fund.

Navy Recruiters Get One-Week Recess As Volunteers Sign Up

Lieutenant Commander P. C. Brown, Jr., U.S. Navy, officer in charge, U.S. Navy Recruiting Station, Raleigh, North Carolina, has announced that no men applying for first enlistments in the U.S. Navy would be enlisted during the week of July 26-31.

The recent large influx of volunteers has made it necessary to restrict the flow of personnel to the U.S. Naval Training Centers during the last week of July.

Men re-enlisting and those men with broken service (men who have been discharged for more than three months) will be the only men enlisted by the recruiting service during the above period.

Both Profited

Erie, Pa., July 27 (AP)—Master Sgt. Vincent Petroski, father of three children, needed a house.

The sergeant, who is recruiting for the Army, started to "sell" Earl Easton, 23, on the Army. Easton mentioned he had a five-room house. Petroski really poured on the steam.

New Easton is in the Army. And Petroski has his house.

Van Iderstine And Humber Were Rotary Speakers

By WYATT BROWN

The insurance business as a whole and in particular as to its place in Eastern North Carolina was pictured last night to the Greenville Rotary Club in an address by Robert Van Iderstine, president of the Old North State Insurance Company which has its home office in Greenville. Mr. Van Iderstine was introduced by Rotarian Robert Lee Humber who promoted the idea of a local insurance company and brought the speaker to Greenville to head-up the project. The introducer said he found Van Iderstine in New York City where he had been an insurance executive for 25 years.

Charles Pace was a guest of the club. Dr. John Newborn of the Farmville Rotary Club and T. T. Hammer of the Bristol, Va., club were visiting Rotarians last night. Ercell Webb, vice-president, presided in the absence of the president. In the last few moments of the Rotary hour Mr. Humber was called on to speak about the international situation. He said he did not see that Berlin would necessarily lead to war. The situation there and in Palestine were highly incendiary, he told the Rotarians. Without some form of international political organization instead of predication of the U. S. policy on hostilities we would gradually get closer to the precipice.

World War III he warned would bring the U. S. closer to Socialism for such a war would see further decrease in "venture capital" which the presence of makes it unnecessary for the government to use its credit for investment in production facilities.

The program was presented by Ty Wagner, chairman of the Entertainment committee.

Shanghai Police Round Up Reds

Shanghai—(AP)—Thirty-one factory workers who took part in Communist activities during the last two months have surrendered to police, city officials said. These workers confessed, according to city of-

ficials, they had been hoaxed into joining a red-inspired uprising. They have been released on bail and permitted to continue working. Four others, including a woman, were charged with helping Chinese Communist agents buy ammunition and were brought before the Special Criminal Tribunal for trial.

Irish Pick Top Favorite Films

Dublin—(AP)—The Irish Film Society says the revival of the American film "Strange Incident" was the society's most popular showing of the year. Next in order were three French productions—"Les Disparus de St. Agil," "Les Visiteurs du Soir" and "L'Eternel Retour." Society members voted "Open City," "Odd Man Out" and "Great Expectations" the three best films of the year in the commercial theater.

Elizabeth City Band On Parade

New York, July 27—(AP)—New York is seeing a lot of the Elizabeth City, N. C., high school band—and the Elizabeth City band is a lot to see.

New Yorkers, like people everywhere, like lots of pomp—and the more drum majorettes the better. The Elizabeth City organization has 100 members, including 12 drum majorettes.

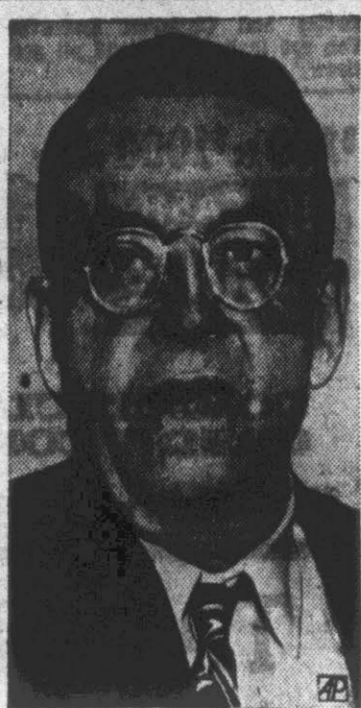

It has been busy almost all the time since it arrived Sunday night to perform the Lions Club's annual convention and it's going to be busier.

Yesterday it played on a main through the streets to Madison Square Garden, site of the convention, and then in the evening it won a prize in a Fifth Avenue parade before some 300,000 New Yorkers.

For three days it will play at the North Carolina Exhibit at Madison Square Garden. In addition, it will put on exhibition drills in the garden arena tonight and tomorrow morning. Tomorrow afternoon it will play for a Lions dinner at the Hotel Taft.

It leaves for home Friday morning.

Bennett said the organization is the official North Carolina state band at the convention and its expenses—\$17,000—are being defrayed by North Carolina Lions.

ADVISER—John Foster Dailles (above) is foreign policy adviser to Gov. Thomas E. Dewey, GOP presidential candidate.

GIRDLE THEFT STRETCHES PATIENCE

San Diego, Calif.—(AP)—Police are looking for a woman's girdle and some boys. The owner reported it was taken from a clothesline at her home. As taken down by police, the report added: "I feel sure that boys took my girdle to make slingshots with."

Approve Hike In Welfare Grants

Raleigh, July 27—(AP)—More than 75,000 children and aged persons in North Carolina who depend on public welfare grants stand to get about \$5 a month more apiece. The state has provided an additional \$340,000, the amount asked by the Welfare Department.

That money, increased by federal and county additions to an estimated total of more than \$2,250,000, will be added to the Welfare Department appropriation for the year ending next June 30.

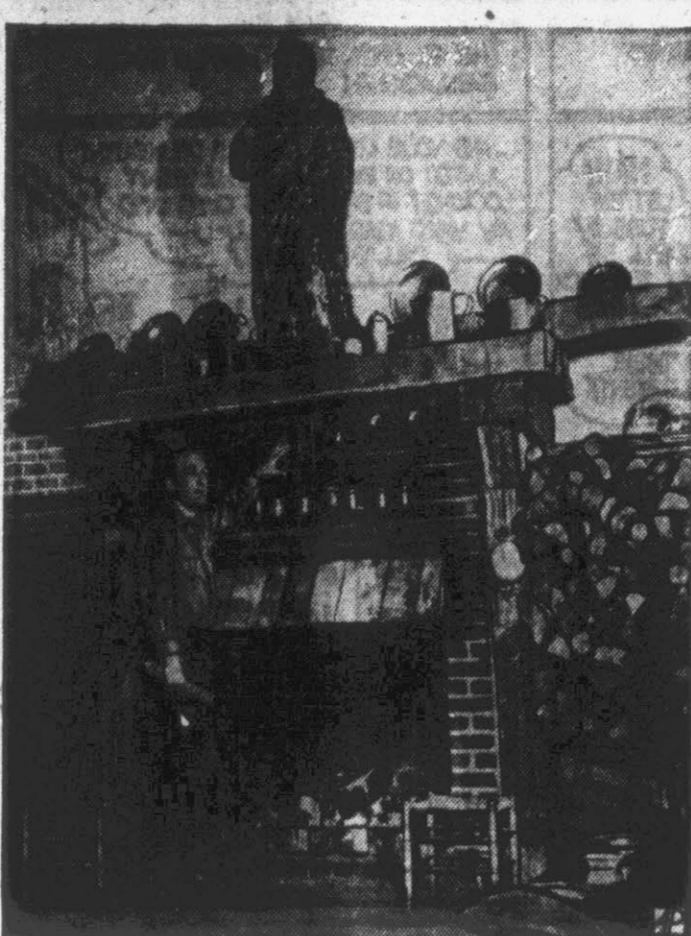

The \$340,000 more was granted yesterday by the Council of State. The council, a sort of cabinet of seven top state officers, advises the governor, especially when the legislature is not in session. The money will come from the state's contingency and reserve fund.

Here is what it will do, the Welfare Department said:

Now 44,384 aged persons get help, but soon the number will be hiked to 47,500. Average grants will be boosted to \$23 from the present \$18 a month.

At present 28,300 children are aided. The new money will help put \$1,800 on the rolls. The dependent children will get an average of \$18 a month. They now receive \$12.50.

A tobacco plant may produce a million or more seed.

HOME-MADE FIREPLACE—Bernard La Motte, an artist, stands beside the fireplace that he built in his New York studio from discarded railroad ties and bricks.

Lights In The Sky

By the ASSOCIATED PRESS

First it was flying saucers, then a mystery plane, and now North Carolinians have reported seeing shooting stars or meteors.

The latest "What is it" also was reported seen in South Carolina and Virginia shortly before 10 o'clock last night.

It was generally agreed that something was seen in the skies moving westward. But from there on you could take your pick from the reports. "It" was red, orange, yellow, green, blue, pink, purple; it was 4,000 feet high, 40,000 feet, several hundred miles.

Newspaper offices, swamped with calls, asked the Associated Press to check with astronomers. Said Robert Coles, assistant curator at New York City's Hayden Planetarium:

"A meteor shower called the 'Delta Aquarid' is due to be visible Wednesday, July 28.

"This date is an average date; the time when it reaches maximum. Such meteor showers could be seen a night or two before or after their maximum dates.

"The Delta Aquarid, however, usually is of a very mild nature.

"But you can't tell. Meteor showers seen under the right conditions could be pretty startling if they lived up a bit. Such meteor showers would be visible in any part of the sky. Most of them are the result of a comet disintegrating. During the summer months such meteor showers are frequently seen."

'Dixiecrats' To Open New Office

Greensboro, N.C., July 27—(AP)—North Carolinians partial to the Dixiecrat cause say they will set up state headquarters in Raleigh in a few days. They plan a campaign to get the states rights Democrats' presidential nominee, Gov. J. Strom Thurmond of South Carolina, on the North Carolina general election ballot.

States righters from Burlington, Charlotte, Fayetteville, Greensboro, Lexington, Mt. Airy and Winston-Salem met here last night. They plan to name a state chairman this week.

As a new political group, the states righters must get the names of 10,000 qualified voters who did not vote in the Democratic primary on a petition by a week from today, Aug. 3.

A spokesman said "in the event we cannot obtain the names in so short a time, we will attempt to conduct a state-wide write-in campaign to have Gov. Thurmond's name placed in the presidential contest."

Persons at the meeting said they were interested in the presidential campaign only, not in putting up candidates for state or congressional offices in North Carolina.

FILM FEATURES

Two movies picturing events at East Carolina Teachers College will be shown on Wednesday evening in the Austin auditorium. They are scheduled as short features preceding the regular film for Wednesday and will begin at 6:50.

The inauguration of Dr. John D. Messick as college president last March is the subject of one of the shorts.

Four Pitt Principals At Drivers' Institute

Four principals of Pitt County schools are attending the Drivers' Training Institute now being conducted at Chapel Hill for North Carolina teachers and principals. A total of thirty-four persons are enrolled for the course.

Ois Forrester, principal of the Pactolus High School and now a graduate student at East Carolina Teachers College, is one of those attending the institute. Others are Newman Lewis, principal at Chhook; Joe Cashwell, principal at Grimesland; and Marian Bailey, principal at Bellarthur.

Red Oak News

Wednesday, July 28, has been set aside as "clean up day" at Red Oak and every church member is urged to give all or a part of that day to your church. Mesdames William May, Lizzie Vandford, Travis Crawford and Thurman Paige will go early in the morning and make the drapes for the choir. There will be electric sewing machines on hand for their use.

Mrs. John Crawford will be out there with two colored men to work on the grounds. The young men of the community will move the church pews back into the church. They have been cleaned and waxed by the ladies. There is much work to be done and we need all the help we can get, so pack up a light lunch, come and prepare to spend the day. Bring some cake or cookies to go with the ice cream and lets do a good job!

Miss Mary McLawhorn of Williamston is spending some time with her aunt, Mrs. Doc Smith.

Mrs. Doc Smith and son, Bobby, spent last Sunday with Mr. and Mrs. J. A. Bowen in Greene County.

Germany's Death Rate Is Lowered

Berlin—(P)—The Germans are making a comeback in health which was undermined by the war. The

American Military government has announced the German death rate for the first time since the end of the war was lower than the pre-war death rate in the Anglo-American zones.

In the twelve months ending in April, the rate dropped in 10.9

deaths per thousand population from 13.4 deaths per thousand in the preceding twelve months. The 1947 death rate in the United States was 10.1 deaths per thousand persons.

A MAN IN THE HOUSE

By Florence Stuart

Chapter 10

Helen was to get her master's degree at the end of the semester, and it turned out she had dropped in to see him to talk over the subject for her required thesis. She had in mind Browning's "The Ring and The Book," a work which Carl agreed with her was too little read and appreciated, a tragedy of early Rome as modern in its implications as any sensational tabloid murder. Carl had a mild passion for Browning, and when Helen brought up the subject, he was quite carried away by his enthusiasm over her idea. The result was that he talked longer than he had intended, and then, when he realized how time was flying, he looked at his watch, broke off suddenly in the middle of a sentence, and said: "I know you want to get started on your paper as soon as possible. I'll tell you what—suppose you drop over to the house later this evening and we'll go into it in more detail. I have some suggestions I'd like to make."

Not until he was nearly home did he realize what he'd done.

For the moment, the importance of the evening had completely slipped his mind. I'm getting to be an absent-minded old idiot, he thought, berating himself soundly for having told the girl to come to the house. Jane was sentimental about anniversaries and she would count on having him completely to herself. Lord, he wondered if she was sore.

When he was less than a block from the house he remembered Jane's earrings. He'd left the box on his desk. Nothing to do but drive back and get them. All this took time, and it was nearly seven when he finally reached home, a little breathless, and feeling vaguely ashamed of himself.

To his surprise, he found Jane dressed to go out.

He smiled at her. "Well," he said, "you look like you're going some place. I might add that you also look pretty enough to eat."

"You're taking me out for dinner. Mind?"

"Of course we'll go out," she said, "if that's what you want. Where shall we go? Had you some place special in mind?"

ways looked after a hard day at school. Tired, in an attractive, wistful sort of way. His eyes held the same tenderness when he looked at her, his smile was as disarming as always.

But it was too late now. She'd started this nonsense and there was nothing left but to go through with it. "Oh, you know Ted Eggleston," she said lightly. "Anyway, you should know him. He's in one of your classes and he's living temporarily with Pauline and —" she laughed—"he'd like to rent a room from us. How would you like us to take a student roomer, darling? And oh— Might as well get this explanation about Ted's flowers over with. She laughed again, a bit more nervously this time. "He sent me those flowers there on the piano."

Carl was studying his drink. "A roomer?" he said. "Mightn't be such a bad idea. We have more rooms than we know what to do with, and some of these lads—" Suddenly he stopped, his expression changing slightly as if her last words had just begun to register.

(To be continued)

AP Newsfeatures

"I thought we'd have a drink here, and then go to the hotel. Their food is usually pretty good. I phoned to have them reserve a table for us."

She glanced around at him, as if she had suddenly remembered something. "Oh, and I invited Pauline Clark to join us. Is that all right with you?"

"Pauline Clark?" Carl stared at his wife, his look so surprised, verging on vague alarm, that Jane had to laugh.

"Yes, Pauline," she said. "She's invited us there several times, so I thought it was time I was inviting her to eat with us. Her husband can't come," she added, "so I told her to bring Ted Eggleston along with her."

Carl took his cocktail and walked over to the divan with it. "And who might Ted Eggleston be?" he inquired.

Jane lit a cigarette. She found that her hands were not quite steady. She had made her arrangements for the evening impulsively and at the last minute, with the idea of hurting Carl.

After Ted had gone, and she had been left alone to brood and to think she had done what many another woman has done on the strength of hearing a bit of idle gossip. Her imagination and her emotions had magnified a trivial and perfectly innocent coincidence into a perfect little monster of ugly significance.

Her feeling of hurt, of having been badly misled if not downright betrayed by Carl, grew and grew the more she thought about it. He's stopped loving me, she thought, and she began to cry. The crying had been interrupted by the ringing of the doorbell, and the arrival of the huge box of flowers Ted had sent her.

The flowers served, for some reason or other, to increase her feeling of resentment against her husband. She stood, sipping her cocktail and watching Carl. He asked her why she didn't sit down and she said she didn't feel like sitting down. She found herself feeling vaguely startled. What startled her was that Carl looked precisely as he al-

Still Rely On Drive For Three-Year Men In Army, Air Force

The Army and the Air Force recruiting campaigns to enlist three-year volunteers will continue without let-up although draft legislation has been passed, M-Sgt. Boswell said here today.

The two services will continue to rely on voluntary enlistments as the principal means of obtaining needed manpower, Sgt. Boswell explained. The Selective Service Act will be used only to make up the difference between authorized strength and the number of volunteers.

"Volunteers are the backbone of our Regular Forces," Sgt. Boswell said. "They furnish the career men, and we cannot have an Army or an Air Force without career men, which come from our volunteers," he said.

Many enlistment choices still are open to three-year volunteers in either of the two services, Sgt. Boswell pointed out.

The number of ton-miles of freight moved per capita over railroads in the United States rose from 285 in 1967 to 1,863 in 1900 and a high point of 5,341 in 1944.

Indians Involved In Series Of Law Suits On Rights

Santa Fe, N. M. (AP)—State and federal courts in New Mexico have broken out with a rash of legal actions involving Indians. At least two of the suits are expected to wind up eventually in the United States Supreme Court.

Involved in the actions are the right of Indians in New Mexico to vote, setting aside lands for Indian use and the power of a tribe to evict a member because of religious beliefs.

In one action filed recently in U. S. district court here, Miguel H. Trujillo, an Isleta living on the Laguna reservation, asks the court to suspend a section of the New Mexico constitution which prohibits voting by Indians "not taxed." Attorneys for various Indian groups have for years contended the vote ban in New Mexico's constitution is a violation of the federal constitution and that Indians here actually are subject to taxation.

Similar actions—seeking to force New Mexico county clerks to register Indians as voters—have been filed in state courts in recent months. All have been rejected by district judges. Most observers believe the Indian vote cases will go to the U. S. Supreme court for final disposition.

Officials of the Bureau of Indian Affairs already have announced they will seek a U. S. Supreme court ruling on another question. It involves the setting aside of lands for use by Indians in New Mexico outside reservation boundaries.

Judge Orrie L. Phillips of the 10th Circuit Court of Appeals recently refused an injunction to restrain a white rancher from grazing his cattle on lands set aside for use by Comanche Indians. He held the action constituted an enlargement of an Indian reservation with an act of Congress which is forbidden by federal law in New Mexico and Arizona. Some 526,000 acres of such land are located in New Mexico.

Still pending in federal court is a suit brought by Viviano Herrera, a Zia, against rulers of his own pueblo. Asking \$3,000 damages, Herrera alleges he was banned from the pueblo because of religious beliefs and because he declined to take part in ceremonial dances.

Sunday night at 8 o'clock prayer service and Christian Endeavor. You are invited to attend all services. U. S. freight trains moved an average of 377 miles in 24 hours in 1945 compared with 247 miles in 1920.

Greenies In Win Column As Kinston Folds; 8-3 Margin

Locals Take Lead In Early Part Of Game And Never Headed; Cohen And McQuillen Big Guns At Bat As Tate Goes Route

After dropping their last three games, the Greenville Greenies slumped back into the win column last night by defeating the Kinston Eagles, 8-3. This was the fifth win of the season by the Greenies over the Eagles.

The Greenies scored in all but two of their eight frames and stayed in the lead throughout the entire game, with never a serious threat by the Eagles.

The Greenies scored singletons in the first, second, third, fifth and seventh frames and in the sixth shored across three runs.

A walk to Nessing and Cohen's double produced the first Greenie run in the first frame, McQuillen's double, Carter's single, Kee's walk and Tate's walk forcing in McQuillen gave the Greenies their second marker in the second frame; two errors, single and fly to deep center field produced the tally in the third; singles by Mauney and Cohen and McQuillen's second double of the night gave the Greenies run in the fifth inning; four singles, a triple and a walk gave the Greenies three runs in the sixth; and walk, error, single and fly to deep center field, gave the Greenies their final tally of the game.

The Eagles scored a line tally in the third on an error, walk and a single and two more runs were added by the Eagles in the eighth on two singles, and a double.

Johnnie Tate pitching his third straight victory, weathered an 11-hit attack by the Eagles but bore down in the pinches. Pete Peters, the Eagles' third sacker, got two doubles in three trips to the plate for the only extra base hits of the game.

Bob Cohen with a double and two singles, McQuillen with two doubles and Sposo and Mauney with two singles each led the 13-hit attack off O'Brien and Birkhead, who pitched the first five and two-thirds innings in which he allowed 11 hits and seven of the eight Greenies runs were credited with the loss, his fourth of the season.

Tonight at 7 o'clock at Guy Smith Stadium the Greenville Greenies and their seventh place pals, the Wilson Tobs, will play a double-header.

Stan Musial Is King Of Swat In Nat'l League

New York, July 27—(AP)—Stan (The M.) Musial, brilliant outfielder of the St. Louis Cardinals, continues to use National League hitters by a commanding margin in the circuit's individual batting derby.

Including games of Sunday, the Cardinal star clipped opposition pitching at a .386 gait, 40 points higher than runner-up Andy Patko of the Chicago Cubs.

Alvin Dark, rookie shortstop of the Boston Braves, took over third place from Richie Ashburn, fleet recruit outfielder of the Philadelphia Phillies.

Dark jumped from .322 to .332 during the week while Ashburn slipped from .340 to .331.

The fifth, sixth and seventh spots among the circuit's top ten hitters were held by members of the front-running Braves.

Stadium Holds 'Em

New York—(AP)—No player ever has hit a ball out of Yankee Stadium but three players have landed drives in the center field bleachers, which are 461 feet away from the plate. The three sluggers were Babe Ruth, Hank Greenberg and Joe DiMaggio.

The Coastal Plain League, which many consider the fastest Class D circuit in the land, may have earned that reputation by the speedy manner in which club managers are tossed around. No less than four club changes have already been noted during the spring and summer months, and it might be mentioned that one-third of the season is still on the books.

Latest development in the "new blood" movement came from New Bern's salty front office, which announced that Harry Soufas, a one-time Rocky Mount diamond boss, had turned in his skipper key to the "interest of the club." To replace him, Tal Abernathy, a veteran of six years of organized baseball, was chosen.

The war on managers started as the result of a most unfortunate incident two days before the Coastal season got under way. Stu Martin, Roanoke Rapids' capable and efficient boss, used his head for a bat in an exhibition game against Norfolk, and didn't even get a single.

Instead, he was sidelined with the bearing for more than six weeks, and his considerable hustle plus a mammoth phone bill before a replacement was made. From Birmingham came Pete Kunis, and the Jays made the opening deadline by a matter of hours.

Then the scene shifted to Greenville, where Phil Bibeus had started his first year of Coastal Plain work. The Greenies had taken spring training out of town, and the press notices coming from their camp had the fans awfully hot. But the Greenies in action failed to live up to their paper reputation, causing an understandable amount of bitterness from the stands.

As a result, Bob Doty, business manager of the club, handed in his resignation and two weeks later Phoebe had also packed his bag. Bob Cohen, popular outfielder, was named as acting skipper, and recently Kelly Kee, a pitcher well-acquainted with Coastal ways, has taken over.

Following the Greenville shakeup, the small but lively town of Wilson began grumbling over the cellarish ways of the Tobs. Maxie Wilson, a veteran lefty who had guided the club to a pennant in 1947, was named as acting skipper, and recently Kelly Kee, a pitcher well-acquainted with Coastal ways, has taken over.

Following the Greenville shakeup, the small but lively town of Wilson began grumbling over the cellarish ways of the Tobs. American Squad In Top Condition

London, July 27—(AP)—Cloudless skies and another spell of hot weather sent confidence spiraling among America's Olympic athletes today.

The track and field squad—spurred by the favorable break in the weather—was reported particularly in peak form.

King George will launch the games Thursday in elaborate ceremonies at Wembley Stadium. The competition proper will get under way Friday with 5,000 athletes from 61 nations viewing in 17 sports.

The first event Friday is the high jump and on the basis of what 19-year-old George Sanich of UCLA did at Uxbridge in the 88-degree heat yesterday the United States appears ready for that specialty.

The lanky exponent of the barrel roll spilled himself over six feet nine and then decided to lay off until Friday.

The Olympic record is six feet, seven and 10-16 inches.

Stanich's feat was just one of a day of stand-out performances in tuneup exercises.

Cliff Bourland, 29-year-old Los Angeles product entered in the 200 meters, sped 300 yards in 30 seconds flat, beating Harrison Dillard of Baldwin-Wallace and Barney Ewell of Lancaster, Pa., two other U. S. dash stars.

The main attraction of the event will be the Harness Horse races. All the racing events held here before have had only three classes of two heats each with only three or four horses in each race; however, the event scheduled for August 1 will have four classes and arrangements have been made to have an extra large field of horses in each race.

The horses that will be here have just returned from the tracks in Virginia, West Virginia, Maryland and other points north of here. It is expected that one of the largest groups of fast trotters and pacers ever assembled here will be stabled at the track for the racing meet.

The classes for the day's racing will be as follows: (1) Classified Trot and Pace, (2) 2:19 Pace, (3) Classified Trot, and (4) Free-for-All Trot and Pace.

Between each harness racing event there will be racing of a different kind for small purses. The events scheduled are bicycle races and pony races.

Following the Greenville shakeup, the small but lively town of Wilson began grumbling over the cellarish ways of the Tobs. Maxie Wilson, a veteran lefty who had guided the club to a pennant in 1947, was named as acting skipper, and recently Kelly Kee, a pitcher well-acquainted with Coastal ways, has taken over.

Sport Slants by Pap

On the days when Robin Roberts is slated to hurl for the Phillies, Babe Alexander, the Blue Jays' publicity relations man, works himself into a lather as he follows every warm-up pitch Roberts throws and then goes through the game pitch by pitch all because Alexander signed Roberts to a Phillies contract right under the noses of the Boston Braves' scouts just when it appeared Boston had the inside track. Alexander's salesmanship did the trick, but a bonus of \$25,000 provided the clincher.

Scouts of the Phillies had tailed Roberts throughout his pitching career at Michigan State College and were satisfied that he was major league timber. But there were several other big league clubs equally interested. The Braves invited Roberts and his parents to spend a week in Chicago, as guests of the Braves, while Robin worked out with the club. The Phillies were scheduled to play at Wrigley Field before the Braves so Roberts was invited to show his wares. When he appeared on the scene and made a favorable impression, Ex-Manager Ben Chapman indicated that he wanted the youngster. Alexander took the hint and went to work.

Alexander hustled young Roberts into the Cubs' offices and got permission to use the phone. He called Roberts' parents and asked the youngster to sell them on signing with the Phillies—for a fat bonus of \$25,000, with no strings attached. Robin's father readily understood that such a sum could provide them with many a week-end in Chicago, so the deal was made.

Philadelphia, July 27—(AP)—Eddie Sawyer, whose success in handling young ball players is legend in these parts, took over the reins of the Philadelphia Phillies today determined to "let the kids play their own game and enjoy themselves."

Sawyer, who is only 37 himself, said that "if they don't enjoy the game they're not worth a dime."

The club announced yesterday that Sawyer was being elevated from the manager's post at Toronto of the Class Triple-A International League to fill the managerial shoes of the Phils.

Sawyer was the man who developed three of the youngsters on the Phils' club this year. The trio already has copped plenty of headlines. The three are Richie Ashburn, Ralph Caballero and Granny Hamner.

Billy Dunn held the Dodgers to three hits and the Lions went back into the lead in the Junior League with a 6 to 3 victory over the boys from Third Street. The Lions could only muster five hits but hit in the pinches. Guy Smith of the Dodgers got a double and single. Pat Sawyer was the only Lion to hit safely twice.

Schedule for Wednesday
Giants vs. Orioles, Training Sch., 9:00 a.m.
Lions vs. Red Sox, Training Sch., 9:00 a.m.

Lesnevich Loses Title In Surprise Upset By Briton

London, July 27—(AP)—Ring-scarred Gus Lesnevich falls for home Friday minus the world light heavyweight championship and his once bright hopes of fighting for the heavyweight crown.

Freddie Mills, battle-browed Briton, scrambled Gus' future last night in a surprise upset. The former carnival clown won the 175-pound crown with a 13-round decision before the largest crowd ever to see a fight in England.

Promoter Jack Solomons packed 46,000 into White City Stadium and grossed around \$300,000.

Lesnevich, twice banged to the canvas and left with ugly gashes around both eyes, immediately announced he was discarding his heavyweight aspirations in favor of another shot at Mills.

Gus' manager, Joe Vella, said he had a contract for a return bout with the 29-year-old Briton. There was talk the fight, which would be the third between the two, might be staged in New York.

Lesnevich scored a tenth round knockout over Mills in 1946.

This time, however, he failed to pack the same authority in his fists after taking off some ten pounds to make weight. He barely squeaked at 174½ while Mills weighed 170½.

Lesnevich rushed Mills in the first round but Freddie landed a right hook that cut the champ's left eye and brought blood. Lesnevich's other eye was soon gashed and the American from that point on seemed unable to grab command of the situation.

Freddie exploded what had been a dull show in the tenth round. He spun Gus with a left, then dropped him for a nine count. Lesnevich rose weakly only to be banged to the canvas again for nine.

Referee Teddy Waltham, the only official, didn't hesitate in giving his verdict. The English crowd exulted. "That's our Freddie!"

The bout was fairly close despite the fact Lesnevich absorbed the bulk of the punishment. The Associated Press score showed Lesnevich to Gus, five to Mills and counted three even.

Mills learned to box in a carnival boxing show. He won the British 175-pound title in 1942 and the European crown last year.

Lesnevich had held the championship since 1941.

Mills is the first British champion in his weight since Philadelphia Jack O'Brien took the title from Bob Fitzsimmons in 1908.

Chicago—(AP)—Only two players ever have hit homers into Chicago's Comiskey Park's center field bleachers. Jimmy Foxx and Hank Greenberg, both right-handed power hitters.

Golf Exhibition Prior To Tourney

Buffalo, N. Y., July 27—(AP)—The class of the nation's goldfom treated the paying customers to a fancy exhibition today as a prelude to the richest western open in history.

It was practice day at Brookfield Country Club, where the 6,000-yard layout has been lengthened and toughened.

The venerable Joe Kirkwood, one of golf's finest trick shot artists, put on his own show as an added attraction.

Tomorrow, the pros will hold a clinic and a driving contest for the enlightenment of the weekend golfer. Thursday they get down to business with \$15,000 at stake.

Ruling favorite, as usual, is Ben Hogan, of Hershey, Pa., also well-considered are Lloyd Mangrum of Los Angeles, second high money winner of the year, and defending champion Johnny Palmer of Badin, N. C.

The rest of the top-dollar crew will be on hand—Robert Locke, Skip Alexander, Jimmy Demaret, Dutch Harrison, Cary Middlecoff, Clayton Haeftner and Chick Harbert.

All-Time High

New York, July 27—(AP)—Major league attendance figures, up roughly seven per cent over last year, are heading toward an all-time high of 21,000,000 paid.

The American League, with its potential \$1,000,000 gross between Cleveland and New York, leads the advance with 6,394,379 customers. The National has drawn 5,844,052. Both totals are unofficial, representing a 13 per cent increase in the American and approximately one per cent in the National.

Through Sunday's games, the majors had drawn 12,238,472 as compared to 11,473,084 at a similar period in 1947. Each represents the first 14 weeks of the season.

ters turned the trick during their American League careers. The wall is 440 feet away from home plate and it 35 feet high.

A Good Smaller Market

Hot dry weather hasn't hurt tobacco as much in the section around Goldsboro as on farms near some of the bigger tobacco market towns.

That should mean better average quality and better prices on the Goldsboro market this year. Goldsboro warehousemen are lined up to provide the best service, unloading help and everything else, in their history.

As always, the Goldsboro News-Argus will report truthfully the prices paid.

Harness Racing At Pamlico Track

Washington, N. C., July 27—The biggest one day racing event ever held in Eastern Carolina will be held on Sunday, August 1 at the Pamlico Race Track near Washington, N. C. beginning at 2:00 p.m.

The main attraction of the event will be the Harness Horse races. All the racing events held here before have had only three classes of two heats each with only three or four horses in each race; however, the event scheduled for August 1 will have four classes and arrangements have been made to have an extra large field of horses in each race.

The horses that will be here have just returned from the tracks in Virginia, West Virginia, Maryland and other points north of here. It is expected that one of the largest groups of fast trotters and pacers ever assembled here will be stabled at the track for the racing meet.

The classes for the day's racing will be as follows: (1) Classified Trot and Pace, (2) 2:19 Pace, (3) Classified Trot, and (4) Free-for-All Trot and Pace.

Between each harness racing event there will be racing of a different kind for small purses. The events scheduled are bicycle races and pony races.

Following the Greenville shakeup, the small but lively town of Wilson began grumbling over the cellarish ways of the Tobs. Maxie Wilson, a veteran lefty who had guided the club to a pennant in 1947, was named as acting skipper, and recently Kelly Kee, a pitcher well-acquainted with Coastal ways, has taken over.

Resignation By Hodges Rumored And Discounted

By LYNN NISBET

Raleigh, July 27.—One of the latest and juiciest primary aftermath rumors is that Brandon P. Hodges, Asheville attorney, plans to resign his nomination as Democratic candidate for state treasurer, and request the executive committee to place the name of Charles M. Johnson on the ticket.

In a telephone conversation from his home Saturday Hodges said there is no basis in fact for the rumor, and credited its origin to some overly enthusiastic friend of Johnson, who had not the nomination for governor to Kerr Scott in a run-off primary. Johnson has filled the post of state treasurer since 1932. He has made no public statement regarding his plans after his current term as treasurer expires on January 1.

Hodges said that contrary to unbounded reports about his resignation, he expects to make a vigorous campaign with other Democratic candidates this fall. His first major appearance since his nomination is scheduled for the state sheriff's convention at Carolina Beach next week.

Capitol square discounted the rumor from the start. It didn't make sense. In the first place, there is doubt the committee would nominate Johnson for another term. He has made an exceptional record as treasurer and undoubtedly could have continued in the office as long as he wanted. He decided instead to enter the race for governor. It

is believed that a majority of the committee members supported him in the race; but Kerr Scott is the upcoming governor and if the committee follows tradition it will string along with him. Scott has done—and may do many more—unorthodox and unexpected things. In view of the type campaign he waged against Johnson, it is inconceivable that he would approve continuing him as treasurer.

So capitol square verdict on the rumor is: Very interesting, but not true.

Expert Believes Worst Is Over In Polio Epidemic

Charlotte, N. C., July 27.—(AP)—A nationally known polio expert says he believes the North Carolina epidemic is "over the hump." This belief was expressed by Dr. Kenneth M. Landauer, assistant medical director of the National Foundation for Infantile Paralysis. Dr. Landauer said hospital progress in North Carolina in the last four years has made the handling of epidemic cases easier. In the 1944 epidemic, he said, state hospitals did not accept polio cases, so a central hospital was built at Hickory to care for the emergency. This year, he said, there are 23 hospitals in the state with good physical therapy with necessary equipment, much of which was provided by the National Foundation.

KIWANIANS TO WILMINGTON Members of the Greenville Kiwanis Club who plan to attend the Seventh Kiwanis Division meeting at Wrightsville Beach next Friday, should get in touch with Secretary Dave Moore for tickets. About a dozen Kiwanians from here are going.

City Recreation Needs Reviewed

Mr. J. H. Rose, superintendent of city schools and Carl Denton, president of the Greenville Youth Group, spoke to the Monday evening meeting of the Greenville Lion's Club on the present recreational facilities of the city and the outlook for the future.

Mr. Rose explained that the problem of youth recreation is not a simple one, and that for a few years at least the city recreation planners will not know exactly what course to steer. However, the problem is an acute one, due to the rapid growth and expansion of our city, and is a problem from which we dare not seek to hide. In operation during the present summer months are four supervised playgrounds with paid workers, each being located to supply the needs, in part, of a particular section of the city. Still needed, however, are at least three others of like caliber in those areas of the city recently taken in by the extended city limits. Mr. Rose paid high tribute to the young people of Greenville and stated that it was incumbent upon the citizens of the city to help our young people to grow up to be the kind of people they wish to become, and this can only be done by providing places of recreation for them during their leisure hours.

Following Mr. Rose, Carl Denton, president of the foundation and organization of the "Teen-Age Club," which now meets in the Recreational Building at the old Rehabilitation Center. The object of the club, said President Denton, is to have teenagers congregate with teen-agers, and to provide the means and facilities for wholesome recreation. Though in the past this club has been in operation only during the summer months, President Denton stated that it was now looking forward to a year-round program.

In their talks, both Mr. Rose and President Denton expressed the hope that this city will be able to strike a positive note and supply the children of our city with the adequate recreational facilities which they so richly deserve.

Lion Withers Harvey presented Lions Vernon Rawls and H. B. Williams with five (5) year perfect attendance pins, thereby bringing to four the number of local Lions wearing this coveted pin.

NEW SWISS COIN Bern, Switzerland.—(AP)—Switzerland has issued a new five-franc coin commemorating the centenary of the Swiss constitution.

Mac's Letter

Tokyo, July 27.—(AP)—Since the war the Japanese have referred to General MacArthur reverently as "Gensai"—Field Marshal. He held that rank in the Philippine army.

Today a telephone call to a labor union office asking for comment on a MacArthur letter to the prime minister brought this rejoinder: "Oh yes, Mac's letter."

Police Court

In Police Court Monday, Dennis E. Sutton paid \$10 for failure to stop at a "stop" sign. Ernest J. McLawhorn paid \$20 for speeding.

Assault on a female: Hubert Ross, six months on the roads, suspended on condition that he pay \$25 and he was placed on probation for two years. Arthur Lee Hocker, colored, \$15 and costs.

Drunk: John Tucker, colored, \$15; Marvin L. Whitley (and disorderly at the Airport Inn), paid \$50; Ollie Wooten, prayer for judgment continued; Cecilia M. Carr, \$15.

Walker Cannon, Jr. paid \$25 for driving without a driver's license. Transporting and possession of whiskey for sale: Walter Cannon, Jr. paid \$100, costs deducted. Sias Nobles paid \$100 for a similar violation.

Little Action . . .

(Continued from Page One) "But how are you going to pass a law at this time to cut down prices?"

He didn't go into the problem of trying to keep prices from going higher than they are now. But he said hopefully: "I think prices will start to come down by November."

The Republican high command in Congress—in House and Senate—hasn't said publicly what it intends to do about Mr. Truman's program, and doesn't intend to say until it has had a chance to examine the message and talk it over.

But the mood of the Republicans—or at least some of them—was shown pretty well yesterday when Congress re-opened for a short time and adjourned until today.

Rep. Frederick C. Smith, Ohio Republican, said that as soon as Mr. Truman delivered his message today Congress ought to quit for the year. In fact, Smith introduced a resolution to adjourn right after Mr. Truman's talk. Before that could happen both Houses of Congress would have to approve. That's unlikely.

And Rep. Bender, another Ohio Republican, blamed present high prices on 18 years of Democratic rule. He summed up his feelings about Mr. Truman's message before he heard it. He said:

"All we'll hear is a campaign speech." I won't be on this, but between now and election time I think you're going to see little action but hear a lot of talk from both sides: the Democrats and Republicans blaming each other for the high cost of living.

Parley By . . .

(Continued from Page One) may be a new conference of the big four foreign ministers.

There even is speculation again that President Truman and Marshal Stalin might meet to try to iron out the crisis. Presidential Secretary Charles G. Ross says Mr. Truman hasn't received any official proposal for such a meeting and his position continues to be that he would be glad to welcome Stalin in Washington but has no intention of leaving America for such a conference.

Time was when Stalin was credited with being the absolute dictator of Russia. But of late observers have noted that the politburo, or controlling body of the Russian Communist party, more and more has been reported as having the last word in theory, it always has been entitled. The politburo includes, besides Stalin, such prominent figures as Marshal Voroshilov, Andrei Zhdanov, V. M. Molotov and Andrei Andrejev. One suspects that the politburo

may have the decision regarding developments in the cold war. The majority views of that body might not agree with those of Stalin.

Baseball Great Dies Suddenly

Oriando, Fla., July 27.—(AP)—Joe Tinker of the double play Tinker-to-Evers-to-Chance baseball fame, died suddenly in a hospital today of respiratory trouble.

Today was the 68th birthday of the famous old Chicago Cub shortstop. Physicians only a few hours before had remarked how well he was. He died at 11:15 a. m. (EST).

Principals Call Off Annual Convention

The North Carolina Principals' Association, scheduled to hold its annual convention at Chapel Hill Wednesday and Thursday of this week, decided several days ago to call it off, as a result of the widespread epidemic of polio in the state.

O. E. Dowd, principal of the Greenville High School and president of the association, said this action was taken after Dr. Clyde A. Erwin, state superintendent of public instruction and university officials authorized it.

N.Y. Cotton

New York, July 27.—(AP)—Cotton futures opened 10 to 30 cents a bale lower.

Noon prices were 5 to 40 cents a bale higher than the previous close. Oct. 32.11, Dec. 32.06 and March 32.03.

Futures closed 35 to 95 cents a bale higher than the previous close.

Open Last Prv. Cl. Oct. 32.06 32.22 32.10 Dec. 32.00 32.15 32.06 March 31.98 32.10 32.00 May 31.81 32.00 31.87 July 31.35 31.56 31.37 Oct. 29.64 29.62 29.55 Middling spot 34.00, up 10.

Grain Market

Chicago, July 27.—(AP)—Oats futures were firm on the board of trade today, but corn and wheat generally were unable to make any headway. Trading was quiet and trade authorities disclosed President Truman's speech as an influence on prices.

Wheat closed 1/4 to 1/2 cent lower than the previous finish, September \$2.29-\$2.29 1/2 corn was 1/4 cent lower to 1/2 higher, September \$1.72 1/2-3/4, oats were up 1/4 to 1/2. September 74 3/4 (rye was off 6 1/2 cents, December \$1.80, and soybeans were down 7/8 to 1 cent—the daily limit—with November \$2.87.

Hog Market

Raleigh, July 27.—(AP)—(NCDA)—Hogs steady, \$27.50 at Kinston, Greenville, New Bern, Wilson, Washington and Richmond.

Poultry and Eggs

Raleigh, July 27.—(AP)—(NCDA)—Poultry steady; fryers and broilers 35; eggs steady, Grade A large 53.

N.Y. Stock Market

New York, July 27.—(AP)—The stock market's response to the president's message to congress today was a gentle advance.

After he spoke the market developed a little more sensitivity to only small demand and prices advanced an outside of around 2 points.

Business was only slightly more active than yesterday's sleepy session with the rate for the full day around 900,000 shares.

"Put yourself in my spot..." Tom went along hanging out of the head mattering something about sleep. I was on the spot, so my first move was to call to the "voice of experience"—Mother. "Don't worry," said Mother, "all your man needs is a comfortable mattress and a good night's sleep. I bought your father a KINGSDOWN years ago." Well, mother certainly knows quality, and some lovely colors and several attractive stripes, my selection was an Old Blue. When Tom spotted it, he had plenty to say about solid sleep. "Now we've got comfort and quality for the rest of my life," said my hero.
