

Considerable cloudiness and little temperature change tonight and Tuesday, with scattered showers and thunderstorms this evening, and again Tuesday afternoon.

No Action Sighted On Anti-Inflation

Special Session Of Congress Limp In Second Week; Filibuster Continues; Conference Suggested For Compromise On Housing Bill

Washington, Aug. 2—(AP)—The special session of Congress limped into its second week today with no anti-inflation legislation clearly in sight and the civil rights filibuster plugging along.

Their crowds stolen by a double barreled hunt for Communists in the government, the two houses still awaited final agreement by Republican leaders on a cost of living program which would not include the price controls or rationing power President Truman asked.

Senator McCarthy (R-Wis) tried meanwhile to stir the GOP leadership into action on housing, No. 2 on Mr. Truman's listing in his call for the "turnip day" session.

McCarthy wrote Senator Taft (R-Ohio) House speaker Martin (R-Mass) and others suggesting a conference to work out a compromise for the Taft-Eliender-Wagner bill passed by the Senate but stuck in House committee.

"I strongly feel that if this Congress adjourns without first having passed workable housing legislation, it will be in admission that we are not solving our No. 1 domestic problem," McCarthy told his Congressional elders.

He said he agrees with a statement by Taft in the Senate last week that the T-E-W bill "in its present form would add to the current inflationary trend."

But the Wisconsin Senator predicted a bill could be drafted which would (1) channel scarce building materials into low cost homes, (2) give tax depreciation incentive for building such homes, (3) standardize building codes, (4) give veterans co-operative expert assistance as well as loans, (5) broaden the market for FHA and veterans' loans and (6) build some slum clearance housing.

The GOP leadership didn't look like it would be stirred on this issue, however. It seemed preoccupied with the problem of deciding whether to give Mr. Truman the installment buying and bank credit curbs he asked—and nothing else.

Senator Capehart (R-Ind) acting chairman, said the Senate banking committee doesn't have any applications from anybody who wants to testify on the President's program, except government officials.

The committee called Paul Porter former OPA administrator, before it today to explain the program. Thomas B. McCabe, chairman of the federal reserve board, has the job before the committee.

The Republicans got ready for formal moves in the Senate against a Southern Democratic filibuster which has tied up a bill to ban state bill taxes in federal elections.

DELAY ACCEPTANCE Budapest, Hungary, Aug. 2—(AP)—The Communist-dominated Parliament delayed today until Tuesday formal acceptance of President Zoltan Tildy's resignation. Deputy Premier Arpad Sasakists is to be chosen president tomorrow.

Hiroshima, And After It is Nearly Three Years Since The First Atomic Bomb Fell; Where Are We Now? World Controls Still A Dream; A Great Future, Or Tragedy Ahead

By JAMES MARLOW Washington, Aug. 2—(AP)—Three years ago next Friday—on Aug. 6, 1945—we dropped a bomb on Hiroshima.

The atomic age had opened, in flames and twisted death. A scientist said on the radio: "This is a very sad day for us. Let us hope we have not placed dynamite in the hands of children."

That was the point. Everyone knew it. When the bomb dropped it burst open the door of the future. What did it hold: terror or abundance?

On that day in 1945 we couldn't see very far through the door, or very clearly, for Hiroshima still was smoking on the threshold.

True, on Aug. 6, 1945, the atom bomb still was all ours. We had the secret. But in a year, five years, ten years other nations would have it.

What then? And where are we now, three years after Hiroshima? About where we were on the day of Hiroshima, speaking militarily. We are making bigger and better bombs, laying in a fine supply just in case.

Mosquitoes

The Greenville Street Department, under direction of Supt. Clyde Mallison, in its mosquito control program to prevent malaria, has spread oil on all open places and ditches which hold water, to prevent the pest's larvae from hatching, Mayor Boyd said today.

The street superintendent requested that persons knowing of any places in the city limits not listed to report them to him. Mallison said Green Mill Run, at the southern edge of the city, has been thoroughly oiled. He suggested that householders and others look over their premises for tin cans, jars bottles or other containers and porch and roof gutters which will hold water for breeding places for mosquitoes.

The mosquito-control campaign was started as a result of a near-epidemic of malaria here.

Japs Charged In Massacre Of 138

Yokohama, Aug. 2—(AP)—Charged with murdering 138 Americans, 16 Japanese went on trial today before a U.S. Eighth Army military commission. The group, accused in the wartime "Palawan massacre," includes two former lieutenant generals.

Allied headquarters prosecutors called the massacre in the southern Philippines Dec. 14, 1944, "one of the most dastardly deeds ever conceived in the minds of so-called civilized men."

This is the story of the massacre as told by American investigators: The Japanese took 150 American soldiers, sailors and marines, who were captured at Corregidor and Bataan, to Palawan to build an airfield. American bombers began attacking the strip. Shortly thereafter, American troops landed on Leyte.

In early December, the Japanese received reports that an American naval task force was near Palawan. They feared an American landing, and decided to kill their prisoners so they could not divulge military information.

On Dec. 14, the Japanese sounded a false air raid alarm and herded prisoners into air raid shelters and foxholes. Then the guards splashed gasoline into the shelters and threw in flaming torches and hand grenades.

American soldiers struggling to escape were shot, bayoneted or cut down with swords or machetes.

Austin, Tex., Aug. 2—(AP)—Texas Dixiecrats are making plans for a direct attack on Gov. Beauford Jester because he opposes a state-wide referendum on the presidency.

Lloyd Price of Fort Worth, a states' rights leader, said yesterday he was drafting a brief that would be submitted at a meeting of the Democratic state committee here Aug. 9.

Price said State Democratic Chairman Robert W. Calvert, Hillsboro, and House Democratic Leader Sam Rayburn of Bonham would be criticized in the brief.

"We will say that Calvert, Jester and Rayburn are disloyal to the rights and interest of their own state," said Price.

The anti-Truman faction was victorious in three of Texas' four biggest county conventions Saturday.

Washington, Aug. 2—(AP)—We're sure Russia knows how to make the bomb, although we hope she still hasn't been able to make it.

And our relations with Russia are the worst they've been in three years. A crisis, some people call it. You hear people talking this way.

Russia has a big army all right. She could overrun Europe in two weeks. And if we tried to get back into Europe it would be like Normandy all over again but—

We have the atomic bomb (hoping she doesn't) and we'd be plastering the Russian cities. And they might get sick of it in a hurry and fold up.

But if this crisis blows over, and in time the Russians have the bomb. And another crisis comes, and—

How did we get to this point, with Hiroshima only three years behind us? Didn't we go to the United Nations and ask them to set up atomic controls and all? We even offered a plan for doing it. What happened? What broke down?

Only the other day President Truman blamed the Russians for blocking the whole business. The Russians and we are now, three years after Hiroshima? About where we were on the day of Hiroshima, speaking militarily. We are making bigger and better bombs, laying in a fine supply just in case.

Budenz Outlines Red Fifth Column

Ex-Communist Says Party Gets Big Financial Take From Hollywood; Describes Setup In America To Senators

Washington, Aug. 2—(AP)—Louis Budenz, reputed Communist, told senators today that the Communist party gets a "very big financial take" from Hollywood.

The former managing editor of the Communist Daily Worker, who quit the Communist party to become a Fordham university professor, testified in a Senate Expenditures subcommittee inquiry into Communist infiltrations into the government.

He described the Communist party of the United States as a "fifth column of Soviet Russia."

He named the late Jacob Golos as head of a highly secret Communist party control commission in this country—an agency he said was used to discipline party members and keep them in line.

Golos was the chief contact with the party for Miss Elizabeth Bentley, admitted one-time Soviet spy, who has testified that she got military secrets from government officials and workers which were channeled to Moscow.

"The Communist party has a slogan," he said. "It is 'You can never resign voluntarily from the party, you must always be expelled.'"

Budenz said the Communist setup is divided into three groups. He listed these as: 1. The underground, or roots of the tree, which he said maintains direct contact with Moscow. He named Gerhart Eisler as an example of a person in this classification.

"We must consider the plane missing, but not lost," a spokesman for the airline said "the search is continuing."

Paris, Aug. 2—(AP)—Air France held out hope today for its huge flying boat which vanished in the South Atlantic early Sunday with 52 persons aboard. None was American.

Warships and planes scouted the area. The 73-ton craft was sent from Martinique to West Africa and was 1,200 miles off Dakar when its last signal was heard shortly after midnight Saturday. A message from Martinique said the plane's last known position was 18-27 north and 28-25 west.

It is believed the six-engine Lecoq plane could remain aloft for several days in a moderate sea. The company speculated that radio failure would explain the fact the plane had sent no radio message since it went down. The craft last reported flying weather good and everything going well.

Air France, the owners, said the list of 40 passengers would be withheld until the plane is found or declared lost officially. The other 12 aboard were Europeans.

Workers are making good progress on the project of widening West Fifth street from Albemarle avenue to the city limits, at the Fair Grounds, Mayor Jack Boyd said today. The much-traveled thoroughfare will be paved 27 feet from curb to curb, with two and one-foot grass plots and five-foot sidewalks. It is a State Highway and Public Works Commission project, with the city cooperating in removal of trees and removal of four buildings. Unnecessary trees have been removed. Bids have been asked for removal of the houses.

The mayor also said the work of widening Dickinson Avenue from the Coast Line tracks to Paris avenue is under way. Some trees will have to be removed on that street to clear the right of way for widening that thoroughfare.

Winston-Salem, Aug. 2—(AP)—Twenty-one Negroes were homeless today after a fire. The Winston-Salem fire department couldn't move yesterday to save a row of six frame houses because of an ordinance it can go outside the city limits only when the area has city water hydrants.

There are no hydrants on Brushy Fork Road in suburban City View, where the fire occurred. A rain came too late to do much good.

Rome, Aug. 2—(AP)—Senator Pietro Secchia and Deputy Luigi Longo took over the leadership of Italy's Communist party today.

The regular leader, Palmiro Togliatti, announced yesterday his retirement from politics until he recovers from wounds suffered at the hands of a would-be assassin. Togliatti left the hospital Saturday.

Both Secchia and Longo are known as firebrands.

Dayton, O., Aug. 2—(AP)—The Ohio National Guard will march in to maintain order if the Uniplex Lens Company wishes to reopen its strike-bound plant, Mayor Louis Lohrey announced today.

He said Gov. Thomas J. Herbert had promised to send in the troops should the company, plagued with violence, try to reopen tomorrow.

The management will decide today whether to attempt it.

Towns Of Border Belt Optimistic Over Leaf Sales

Marketing Season Opens Tomorrow; \$150,000,000 Total Is Anticipated

By the Associated Press Optimism and cheerful anticipation brightened the 18 towns of the Carolinas border belt today as farmers in the area finished preparations for the opening of the flue-cured tobacco marketing season tomorrow (Tuesday).

About \$150,000,000 is expected to flow into the border belt today. An average \$41.84 per hundred pounds was paid last year for 297,919,842 pounds on the belt's markets, and tobacco experts predict even higher prices for this season's crop.

The average \$51.78 paid for offerings on the Georgia-Florida belt markets through the season so far brought observations that border belt tobacco may bring even more than this.

W. P. Hedrick, tobacco marketing specialist of the North Carolina Department of Agriculture, has predicted an opening day price of \$56.50 on the North Carolina markets. Georgia-Florida belt tobacco, sold untiled, brought \$52.53 on the average for the first two days.

Hedrick explains that tobacco sold on the border belt is graded. There is a government differential of four cents per pound in favor of tied tobacco. Commodity Credit Corporation grade price loans for tied tobacco average 43.9 cents per pound.

On July 1, the U.S. Crop Reporting Board indicated a production of 201,275,000 pounds in the border belt area—about 23 percent below last year and the smallest crop since 1943. This year's crop was raised, however, on an average 28 percent less than last year's. But an estimated crop yield of 1,177 pounds per acre, if realized, will offset to a certain extent the acreage production. This yield is 46 pounds per acre more than last year's.

The Flue-Cured Tobacco Marketing Committee made few changes in rules regulating sales. Date of sale will continue at 400 baskets per hour per set of buyers. Each market will sell five hours each sales day. The maximum weight will remain at 250 pounds per basket.

Indications were that border belt activity would not be affected this season by the threatened secession of a group of South Carolina warehouses.

Washington, Aug. 2—(AP)—Sen. Ferguson (R-Mich.) said today a Senate investigating committee will look into "censorship" charges leveled against Oscar Ewing, federal security administrator.

The Michigan senator, who heads a Senate expenditures subcommittee, told reporters the group wants to talk privately to Ewing and his accuser, John W. Studebaker, former commissioner of education.

Studebaker said in a letter that Ewing had ordered that public statements and speeches from the education office be approved in advance by the FSA administrator's staff. He complained that the education office was prohibited by an FSA aide from "exposing the tactics and dangers of Communism" through the schools.

Manila, Aug. 2—(AP)—Two globe circling U.S. B-29 bombers took off from Clark Field today for Japan. The planes landed here this morning after a 13-hour 20-minute nonstop flight from Ceylon.

They will land at Yokota Field in Japan.

Winston-Salem, N.C., Aug. 2—(AP)—A middle-aged couple, Mr. and Mrs. Gordon Ouzts, were found shot to death here last night.

Sheriff Ernie Shore said Ouzts' body was beside a bed in their home. A .38 calibre pistol was found beside Mrs. Ouzts on the bed, Shore reported, adding he believed it to be a case of murder-suicide.

Dr. W. N. Dalton, Forsyth county coroner, ordered an autopsy.

Winston-Salem, N.C., Aug. 2—(AP)—Funeral services will be held here tomorrow for Abram Dalton Jones, veteran editor of the Greensboro Record, who died in a hospital here yesterday.

The World War I veteran, a native of Walnut Cove, had held the editor's post for the last 18 years. He was 58 years old when he died following several weeks of ill health.

Philadelphia, Aug. 2—(AP)—A new recruiting campaign for Waves—lady sailors—will be launched by the U.S. Navy Sept. 15.

Announcement of the enlistment drive was made by Capt. Joy B. Hancock, national director of the Waves, at ceremonies Saturday commemorating the sixth anniversary of the Navy's women's service.

Capt. Hancock said enlistments will be open to high school graduates, age 20 or over.

Envoys Reportedly Will See Stalin In Meeting Tonight

First Case Of Polio Reported In County

Temporary Precautionary Steps Taken; Playgrounds, Teen Age Club Closed; Movies, Ball Park Closed To Kids

By CHESTER WALSH The first case of polio in Pitt County this year was reported today by Dr. S. J. Phillips, county health officer. The illness of Charles McAndrews, Jr., four-month-old son of Mr. and Mrs. Charles McAndrews, Chestnut and Columbia avenue, was diagnosed yesterday afternoon by a local physician as polio.

June H. Rose, chairman of the Pitt County Polio Epidemic Committee, arranged to send the child to Duke Hospital, Durham, yesterday afternoon.

A physician there informed the county health officer today that his diagnosis confirmed the Greenville physician's findings in the case, and gave the opinion that it is a mild case of polio. The Health Department quarantined the McAndrews home today.

The Health Department stated today that this is the first year in several years that one or more cases of polio have not developed by this time in the summer.

Dr. Phillips said there is no cause for alarm, but that this is a time for the use of common sense and ordinary precautions. He advised people to avoid crowds and traveling in polio infected areas and to promptly consult a physician in cases of illness.

Mayor Jack Boyd said the Health Department, School Supt. June H. Dewey and the city administration are cooperating in taking proper preventive precautions. He advised against undue alarm. The mayor has ordered the swimming pool, Teen Age Club, and the playgrounds temporarily closed. Motion picture officials also are cooperating and the various managers have adopted a temporary rule not to sell tickets to children under 16 years old.

It has also been directed that no tickets to local baseball games will be sold to children under sixteen. Authorities are taking these precautions in the interest of the health of the community, they said, and suggested the people give their fullest cooperation.

Washington, Aug. 2—(AP)—GOP presidential candidate Thomas E. Dewey may be keeping hands off the special session of Congress personally, but an effective "grapevine" has been set up in his behalf.

The "grapevine," Republican congressional leaders said today, is Herbert Brownell, Jr., the New York governor's campaign manager. And an appropriate slogan, they added jokingly, would be: "Don't make a move without seeing Herb."

Brownell has set up headquarters in Washington for the Dewey campaign, and party leaders on Capitol Hill have been in frequent contact with him.

"Some of us have talked things over personally with Brownell, and others have conversed with him on the telephone," said GOP House chief counsel, "While the Republican Steering Committee is making the major policy decisions as always, we know what Brownell thinks about them and we assume that he reflects Governor Dewey's sentiments."

"After all," this leader said, "we are trying to bring about Dewey's election as president and it is only good sense to coordinate our actions with his campaign strategy." Speaker Martin, boss of the House, told newsmen the election of Dewey is part of the GOP congressional "cause." But Martin insisted that Dewey has not sought to dictate or even suggest to the leaders what they should do.

Last week some health authorities said they believed the epidemic probably had reached its peak and had begun to level off.

In Asheville yesterday, where an order banning all public gatherings went into effect at 1:00 a. m., all public places, including churches were bare and silent.

At the last minute, officials exempted church services from the quarantine but asked residents of the city to voluntarily give up worship meetings.

Registration Of Cars Is Zooming Raleigh, Aug. 2—(AP)—Motor vehicle registration in North Carolina has, in seven months, already exceeded the 1947 figures, the Motor Vehicles Department announced today.

As of July 30, 883,675 vehicles had been registered in the state for a gain of 53,016 over the same date last year.

DEADLY 'FREAK' Tokyo, Aug. 2—(AP)—Three persons were killed and 86 injured, Kyodo news agency reported, in a brief freakish windstorm today at Kawasaki, between here and nearby Yokohama. There were no reports of allied casualties.

Winston-Salem, N.C., Aug. 2—(AP)—Funeral services will be held here tomorrow for Abram Dalton Jones, veteran editor of the Greensboro Record, who died in a hospital here yesterday.

The World War I veteran, a native of Walnut Cove, had held the editor's post for the last 18 years. He was 58 years old when he died following several weeks of ill health.

Philadelphia, Aug. 2—(AP)—A new recruiting campaign for Waves—lady sailors—will be launched by the U.S. Navy Sept. 15.

No Official Confirmation, But Qualified Sources Indicate Interview May Be Arranged; Progress In Four-Power Talks At Moscow

By EDDY GILMORE Moscow, Aug. 2—(AP)—Qualified sources said today the three Western envoys have requested an interview with Prime Minister Stalin and intimated that such a meeting might be arranged shortly.

Moscow, Aug. 2—(AP)—Diplomats of the U.S., Britain and France visited the Kremlin tonight, obviously for an interview with Prime Minister Stalin seeking a basis to solve east-west differences.

There was no official confirmation. It was apparent at the American, British and French embassies this morning that the three envoys were standing by for some development.

If Stalin should agree to see the envoys and followed previous routine, they probably would see him individually and in this order: American Ambassador Walter Bedell Smith, Frank Roberts, special British envoy, and Yves Chataigneau, the French ambassador.

(The London Star and other newspapers reported today that the three diplomats will meet Stalin tonight to discuss the Berlin crisis and other international affairs.)

The American embassy would not comment on reports that the three envoys had requested an interview with Stalin. It would make no statement among the four great powers.

But this reporter learned that there have been diplomatic developments here which have definitely contributed toward easing the tense international situation. (This dispatch did not give further details of the developments.)

It was learned in reliable quarters that progress already has been made among the four great powers.

The purpose of the current Moscow talks were authoritatively reported to be: 1. Easing of the Berlin situation. 2. Establishing a basis for future four power talks—probably on the foreign ministers level—on Germany and perhaps other outstanding world issues.

The Berlin blockade started in June. The Russians learned access through their surrounding zones by railway, road and canal. The Western powers have been flying enough food for their 2,000,000 or more Berlin Germans, but coal has become increasingly scarce.

Russian newspapers in Berlin said the squeeze will continue unless the anti-Communist elected city government demands for economic control of the whole city. The Reds also indicated that accounts held in banks in the Russian sector of Western Berlin may never be released except at the pleasure of the economic commission of the Soviet zone.

The London Star said the Western diplomats will talk with Stalin about the blockade and other international affairs. The British Press Association said the meeting "may lead to developments of the utmost importance," perhaps a meeting of Stalin, President Truman, Prime Minister Attlee and French Premier Andre Marie.

Seven Union Men Ousted CIO-PAC Madison, Wis., Aug. 2—(AP)—The Wisconsin CIO Political Action Committee yesterday ousted from membership seven labor leaders for "misinforming CIO members" about the Wallace party.

The state group also voted to back the national CIO-PAC in its opposition to Henry Wallace's Progressive Party.

UN's Little Assembly Longer Life And Greater Powers Asked For Infant Of World Organization; What It Has Accomplished; Nations Outside Russian Bloc Working For Peace

By DeWITT MacKENZIE The Little Assembly of the United Nations—comprising all the U. N. membership excepting the Soviet bloc, which has boycotted it—has unanimously recommended that its life be extended by the General Assembly session in Paris this September.

Furthermore it has asked for greater powers—a matter of vast importance, of which more anon.

The Little Assembly, which was the idea of U.S. Secretary of State Marshall, was created at a time when much of the vital effort of the U. N. was being nullified by the persistent use of the veto by Russia.

It was established as a permanent committee of the whole, to carry on the work of the General Assembly between sessions of the latter body.

The Communist bloc charged that this was an effort to by-pass the decisions of the Security Council, in which the Reds could employ the veto. The sponsors of the Little Assembly denied this. It was true, however, that the subsidiary assembly did provide a vehicle free from the bickering and obstruction of the Bolsheviks—not because they were barred but because they chose not to participate.

While the Little Assembly has been engaged largely with routine matters, there was one sensational decision which gave the Russian bloc a chance to yell: "We told you so." This was when the Korean commission reported that it was unable to arrange an election which would include both the Russian zone in the north and the American zone in the south, because of Soviet obstruction. The commission asked for instructions, and the Little Assembly, despite the fears of some that it was exceeding its authority, squared its shoulders and ordered the commission to go ahead with an election in the American zone.

The result has been the establishment of a democratic government in South Korea over the bitter and violent opposition of the Reds. This was the only time that the Little Assembly went to such an extreme. However, that incident made observers sit up and take notice. They saw that if the Little Assembly were given more power it could perform a great service.

Monkey Business

Atlanta, Aug. 2—(AP)—Out in suburban Lakewood Heights there's a monkey that likes to sit atop mailboxes and watch the people go by.

That's just half the story. He also likes to watch people make monkeys out of themselves.

Since he first appeared he's had people climbing trees and rooftops armed with ropes, sticks and bananas. When they beckon, he beckons. When they move, he moves—only he moves faster.

Of course, he brought it all on himself by dropping to the ground occasionally to squeeze the leg of any passerby, particularly women. Their screams just naturally had men climbing trees.

Of late, though, the residents have come to accept the monkey as one of the neighbors, an undesirable one to be sure, but a neighbor. Some figure they could have neighbors not nearly so amusing.

In fact, they believe the monkey is there to stay. Yesterday he was joined by a mate. Nobody knows where either one came from.

One-Sided Danube River Pact Is Near Certainty

Belgrade, Yugoslavia, Aug. 2—(AP)—Russia circulated today a proposed Danube river pact which would give Eastern Europe's Communist dominated states virtually exclusive control over the 1,800-mile long trade artery.

Andre Vishinsky, Russian Deputy Foreign Minister, told the 11-Nation conference he will present the document formally tomorrow.

Its passage is regarded as a certainty, probably without major change. The Communist states outside the western powers seven to three in this meeting, Austria sits as an observer without a vote.

Russia and her neighbors demonstrated their unity on the Danubian question in the first three conference sessions. The conference adopted a rule for a simple majority to govern decisions. France withdrew a proposal that the decisions be made by a two-thirds vote after Vishinsky opposed it.

The plan would give a commission board powers of control over the central European river, from Ulm, in Germany, to the Black sea. The commission would be composed of "one representative from each Danubian state." Thus it would be dominated utterly by the Communists. Presumably the way would be left open for German and Austrian membership if and when peace treaties are signed.

Belgrade, Yugoslavia, Aug. 2—(AP)—Russia circulated today a proposed Danube river pact which would give Eastern Europe's Communist dominated states virtually exclusive control over the 1,800-mile long trade artery.

# Social and Personal

All items for this page received after 10:00 A. M. will be published the following day. Dial 3366 9:00 A. M. to Noon - 1:00 to 4:30 P. M.

Mrs. and Mrs. E. T. Lloyd, Mrs. Bruce Warren and little Miss Hannah Warren are spending this week as guests of Mr. and Mrs. George Sharpe at Crescent Beach, S. C.

Miss Cora Redditt arrived Sunday from New York to spend a month with her mother, Mrs. L. B. Redditt.

Mr. and Mrs. J. Sam Fleming and daughters, Grace and Anna Fleming, Mr. and Mrs. P. O. Allen and son, Jeff, spent the week-end at Pamlico Beach.

Mr. and Mrs. Lewis Ayres announce the marriage of their daughter, Mary to Mr. Donald H. Jenkins.

## SOCIAL CALENDAR

### TUESDAY

8:00 p. m.—Mrs. A. C. Tadlock and Miss Carol Ann Tadlock will entertain bridge honoring Miss Hazel Willford, bride-elect.

8:00 p. m.—St. Elizabeth's chapter of St. Paul's Church meets in the parish house.

8:00 p. m.—Chapter 149 of the Eastern Star meets.

### WEDNESDAY

3:30 p. m.—W. C. T. U. meets at the home of Mrs. Louella Stancill, 1306 E Third street.

8:00 p. m.—Mrs. Robert Thompson will entertain in honor of Miss Geraldine Edwards, bride-elect.

### FRIDAY

6:30 p. m.—Kivans Club. 8:30 p. m.—Rehearsal for Goodall-Edwards wedding in Memorial Baptist Church.

9:30 p. m.—Mrs. Henry Rivers Goodall will entertain at a cake-cutting honoring the Goodall-Edwards wedding party.

### SATURDAY

11:00 a. m.—Miss Doris Brown will be hostess at a coca cola party honoring Miss Geraldine Edwards, bride-elect.

4:00 p. m.—The wedding of Miss Geraldine Edwards and Henry Rivers Goodall, Jr., will take place in Memorial Baptist Church.

4:30 p. m.—Reception for Goodall-Edwards wedding party at the Woman's Club.

son of Mr. and Mrs. H.A. Jenkins of Robersonville, Saturday, July 31, 1948.

Card of Thanks  
The family of the late Mrs. Mary Eliza Ward of Bethel, N. C., wishes to express its deepest appreciation to the many friends whose comforting expressions of sympathy during her recent illness and death will always be remembered with deepest gratitude.

Attention Greenville B. & F. Women's Club Members  
Please pay your club dues to the treasurer, Alya Ray Taylor, by August 10th so that we can have our names listed in the September issue of the Tar Heel Woman. Ruth Meeks, president.

Christian Science Service  
"Love" was the subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday, August 1.

Golden Text: I John 4:18. We have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him.  
Among the citations comprising the lesson-sermon were the following from the Bible: "Oh that men would praise the Lord for His goodness, and for his wonderful works to the children of men! (Psalms 107:31). And from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "All nature teaches God's love to man, but man cannot love God supremely and set his whole affections on spiritual things, while loving the material or trusting in it more than in the spiritual." (Page 326).

Bride-Elect Honored  
Gritton. — Miss Dorothy Glenn Sugg entertained at dinner and bridge at her home on McRae street, Friday evening, honoring Miss Hope Wethington, bride elect. Sharing honors was Miss Jean Scarborough, bride elect of August. The home was decorated throughout with bows of summer flowers in pastel shades, pink predominating. Guests were greeted by the hostess upon arrival and shown their places at individual tables. A two course dinner was served prior to the bridge games. Miss Wethington and Miss Scarborough were presented coronets upon arrival. During progressions Mrs. Nannie McGlohon and Mrs. Thurman J. Williams compiled the highest scores. They were remembered with dainty handkerchiefs. The honor guest was given silver in her chosen pattern. Also a shower of gifts from the guests assembled. Miss Scarborough received a trousseau gift. A kitchen

## 40 Years Ago Today

### THE DAILY REFLECTOR

August 2, 1908

Dow Beaman went to Hobgood Sunday.

Mr. and Mrs. F. J. Forbes spent Sunday at Bethel.

J. W. Higgs and family returned Saturday evening from Virginia Beach.

John Clark, of Tarboro, came in Saturday evening to spend a few days here.

Mrs. George Buchan, of Panama is a guest at Hotel Greenville.

Miss Mattie Moyer King returned home Saturday from a month's visit in Asheville and other western towns.

novelty was given to Mrs. Claud Hart, a recent bride. Guests included the honorees, Mrs. Nannie McGlohon, Mrs. Williams, Mrs. Hart, Mrs. W. I. Blissett, Mrs. Roger Johnson, Mrs. Sam Nelson, Mrs. Cecil Cobb, Mrs. Frederick Cox, Mrs. Fred Stenquist, Miss Mary Worthington, Miss Ida Margaret Hart, Miss Margaret Sugg, Miss Walenah Quinerly, Miss Rebekah Wall, Miss Betsy Hodges, Miss Mary Dawson McCotter, Miss Doris Smith, Miss Maxine Haynes. Mrs. George Sugg, mother of the hostess, assisted in receiving the guests.

W. C. T. U. Notes  
The W. C. T. U. radio broadcast can be heard over WGTC each Tuesday at 4:45 p. m. Mrs. C. T. Mallison is in-charge of these broadcasts for August.

On Tuesday of this week Mrs. Mallison has secured Rev. E. Evans Ulrich, pastor of the Five Points Baptist Church in Wilson, to be our guest radio speaker.

Everyone is urged to listen to

these programs.  
The regular monthly meeting of the W. C. T. U. will be held in the home of Mrs. Luella Stancill, 1306 E. Third street on Wednesday at 3:30. Mrs. Stancill will give the devotional and a thought provoking program is being planned.  
All members and friends are urged to attend.

## List Roosevelt Among War Dead

Sugar Notch, Pa., Aug. 2—(AP)—The 2,300 residents of this eastern Pennsylvania coal mining community have memorialized their 23 World War II dead in a 16-ton statue

and listed one as President Franklin D. Roosevelt.  
A bust of the late President was unveiled by his widow, Mrs. Eleanor Roosevelt.  
A crowd of 5,000 witnessed the ceremonies Saturday.

## Warn Americans To Leave City

Shanghai, Aug. 2—(AP)—Com-

munist ringed Tsinan, Shantung Province capital, with some 200,000 troops today in what appeared to be an all out effort to take the city.

Reports from Tsinan said the city was cut off from the outside, except by air, and that the situation was tense.

American there have been warned to evacuate.

A bear cub is only eight or nine inches long at birth, and weighs about 12 or 15 ounces.

Mary S

Many little girls, like Mary S., miss a lot of fun because their vision is defective. They are nervous and tired and "dull" because their eyes use up so much energy straining to see clearly. If their vision were corrected, they'd feel and act better. And they'd progress much faster in school.

At Five Points

## Freshie

**\$16,500.00**  
**TOTAL CASH PRIZES!**  
Including Dealer Prizes  
This is One Contest that is **Easy to Enter - Easy to Win!**  
ANYONE may enter—any one may win. No complicated rules to follow—no jingles to write—no puzzles to solve!  
Simply do this: Try Orange-Crush, then get an entry blank from your dealer (a plain sheet of paper will do, too).  
**JUST FOLLOW THESE SIMPLE RULES:**  
1 Write the words appearing on neck of the Orange-Crush Brown Bottle.  
2 In 25 words or less, finish this statement: "I like Orange-Crush because..."  
3 Print your name and address and your Orange-Crush dealer's on your entry. Mail it with one Orange-Crush Bottle Cap (wrapped securely) to Orange-Crush Company, Box 6799, Chicago 77, Ill.  
4 All entries must be postmarked by midnight August 15, 1948.  
5 Entries will be judged by Reuben H. Donnelly Corporation. Decisions of judges will be final. Duplicate prizes awarded in case of ties. All entries, contents and ideas therein become the property of the Orange-Crush Company.  
6 Contest open to residents of Continental U. S. except employees of Orange-Crush Company, their bottlers or their employees, their advertising agencies and families. Subject to all Federal and State regulations.  
**SEND IN AS MANY ENTRIES AS YOU WISH, EACH ON A SEPARATE FLAIN SHEET, and each accompanied by one Orange-CRUSH Bottle Cap. Entries will be judged on sincerity and originality.**  
**ENTER THE BIG ORANGE-CRUSH "FIRST-IN-FLAVOR" CONTEST**  
Use Entry Blanks at your Dealer or Plain Sheets of Paper. THIS CONTEST EXPIRES MIDNIGHT, AUG. 15, 1948. Mail to Orange-CRUSH, Box 6799, Chicago 77, Illinois. Remember to enclose Orange-CRUSH bottle cap... securely wrapped.  
\*YOUR DEALER MAY WIN A PRIZE IF HE HAS ASSISTED YOU.

### Mrs. Emily Tripp Buried Greenwood

Funeral services for Mrs. Emma Briley Tripp, 68, wife of J. A. Tripp, 1402 Dickinson Avenue, who died at an Asheville hospital at 9:15 o'clock Saturday morning after being critically ill several months, were conducted from Immanuel Baptist Church this afternoon at 3:30 by the pastor, the Rev. J. A. Nelson, assisted by Rev. Jack Tyson, Methodist minister of Biscoe. Burial was in Greenwood Cemetery.

Mrs. Tripp, daughter of the late Charles and Elizabeth Manning Briley, spent all of her life in Pitt County. She was married to J. A. Tripp in January, 1900, and lived in the Greenville community until about four years ago, when they moved to Greenville. She was a member of Immanuel Baptist Church.

Surviving are her husband; seven sons, Harvey H., W. Arthur, June, William E., Jasper L., Morris and Bruce Ray Tripp, all of Greenville; a daughter, Mrs. J. L. Simmons of Kinston; five grandchildren; and two brothers, C. Heber and J. K.

### The Weather

About a quarter of an inch of rain fell here during a thunderstorm, accompanied by strong wind, about noon today, cooling the atmosphere considerably. The temperature at 8 a. m. today was 80 degrees, and the mercury was in the 90's when the rain came. The highest temperature yesterday was 93 degrees. Little more than one-half an inch of rain fell in the Greenville area during June. About 4 inches fell during July, 2.99 inches, to be correct. The heaviest precipitation in July was on the 19th, when about seven-eighths of an inch of rain fell. Mrs. C. E. Maiden, weather observer here for the U. S. Department of Commerce, reported this afternoon.

Active pallbearers were R. E. Rogers, S. A. Whitehurst, Howard Allen, Godfrey P. Oakley, J. Paul Davenport, Bryan Brown, Hubert Simmons, J. D. Wilson and O. C. White.

### UN's Little . . .

(Continued from Page One) In the interests of peace by handling just such problems. But that isn't all. If the Little Assembly is granted more powers, it will be able to demonstrate whether a peace organization, comprising only the nations outside the Russian bloc, can perform a useful service. That point is running through many minds, for it is becoming increasingly clear that so long as Moscow persists in its world revolution for the spread of Communism there can be no "United Nations" which will function. There can be two separate groups of united nations, but not one.

### Robersonville Man Died In Richmond

Funeral services for Marvin R. Knox, 21, who died at Veteran's Hospital in Richmond, Va., Saturday afternoon, after several weeks' critical illness, will be conducted at the home of his parents, Mr. and Mrs. J. D. Knox of Robersonville Tuesday afternoon at 4 o'clock by Rev. Sidney Boone, Methodist minister of Robersonville, assisted by Rev. Henry Speight, Christian minister of Greenville. Burial will be in the Robersonville cemetery. The Murray R. Cargile post of the American Legion of Robersonville will conduct full military services at the graveside.

Marvin was born and reared in the Flat Swamp section near Robersonville and received his education in the Robersonville schools. He was a veteran of two years' service in the Army.

Surviving are his wife, Mrs. Nettie Smith Knox; his parents; six brothers, Lester of Williamston, Russell, Brasco, J. D., Jr., Namon and Curtis, all of Robersonville; a half-brother, D. A. Knox of Oak City; four sisters, Mrs. Vance Respass, Mrs. James E. Copeland, Magdaline and Mamie Clyde Knox, all of Robersonville.

### Family Reunion Is Called Off Lenoir

The Croom family reunion, scheduled to be held the third Sunday in August at Sandy Bottom Church, in Lenoir County, has been called off as a result of the polio epidemic in the western part of the state, Mrs. A. V. Moore of Winterville, chairman of the Program Committee, announced today. The Croom family settled in the upper part of Lenoir County more than 100 years ago. Reunions were held annually until 1941, when World War II started. They were resumed last year.

### Charge Negro Man Possession Liquor

Pitt County ABC Officers J. M. Ward, J. L. Taylor and Claude Manning, assisted by Police Chief Wheeler of Fountain, arrested Grant Hines Negro, of the Fountain community, during the week-end, with a quantity of whiskey in his possession. Hines was recognized for his appearance in County Recorder's Court Tuesday, Ward said.

### Hiroshima . . .

(Continued from Page One) stans, on their side, say they don't like the kind of plan we offered. So the world is no closer to control of the bomb that it was that day three years ago when the first one made cinders of the Japanese.

Here, at home, we've set up the Atomic Energy Commission. And scientists, in laboratories and universities all over the country, are busy working on the atom for peace and war.

Already there are hints of great revelations in store for us in the peaceful fields of medicine, farming, life itself, and, some years from now, big changes in industry.

We can glimpse those things—a good life, healthy, plenty—more clearly now through the door the bomb blew open at Hiroshima. But—We can see the ugly figure of tragedy in there, too, hiding behind the door with an ax in his hand. Unless we can find a way to skip past him, he'll split us from head to toe.

### Grain Market

Chicago, Aug. 2—(AP)—Grains slid into new low ground in the first few minutes of trading today and spent the rest of the session without doing much of anything. Wheat closed 1 1/2-2 1/2 lower, September \$2.22 1/2-2.22, corn was 1/4-1/2 lower, September \$1.64 1/2-1.64, oats were 1/4 to 1 cent lower, September 7 1/2-1/4, rye was 1/2 lower to 1/4 higher, December \$1.64 1/2, and soybeans were unchanged to 2 cents higher, November \$2.61.

## Strength FOR THE DAY

### HEAVING TREASURE OVERBOARD

English history of the 16th century is studded with the brilliant exploits of Sir Francis Drake. One of his great voyages was with the Golden Hind, a ship which withstood the storms when other ships of the fleet went down and which became the last of the great discoverer of Spanish treasure ships both in the Atlantic and the Pacific. But by the time Drake got across the Pacific with the Golden Hind, the ship was so overburdened with gold and silver and so damaged by her voyage that it appeared doubtful indeed whether Drake and his crew would ever get back home again. At last after they had tinkered with and repaired the ship all they could, they nevertheless faced ruin, and to save themselves they threw six cannons overboard, all their sugar, and a great fortune in silver. Only at the cost of this sacrifice would they reach home.

Through history many civilizations have tried to carry too great a cargo of cannons, sugar, and silver and have sunk as a result. Many people today, if they only knew it, are going to sink hopelessly in the great sea of human destiny because they insist on holding on to what they regard as treasure. The time comes in every life when certain things have to be heaved overboard, and generally they are things to which our hearts cling fondly.

## Around Capitol Square

**MULTIPLE** — It is difficult for budgeters to consider, and for newspaper men to write about, one unit in a multiple-unit system of institutions without taking into account the overall problem. North Carolina is definitely in the "chain store" type of operation with respect to educational, correctional, mental health institutions. The advisory budget commission on the fourth day of the current ten day tour of inspection visited three important institutions but had to give some consideration to needs of a dozen.

**VISITS** — The budgeters looked over the East Carolina Training School for Boys (white) at Rocky Mount, one of five units under the

## Bedtime Horror Story

—AND REMEMBER THESE CAPITALIST MONSTERS ARE WAITING TO GOBBLE YOU UP IF YOU DON'T MIND YOUR UNCLE JOE!

SOVIET PROPAGANDA

THE RUSSIAN PEOPLE

central board of correctional training; the Eastern Tubercular Hospital at Wilson, one of three under a board of trustees; and Elizabeth City Teacher College, one of six independently controlled teacher training colleges, three white and three colored. Although under separate boards these colleges face similar situations which have been consolidated under single boards of control, in that they perform almost identical services on comparable levels.

**ROCKY MOUNT** — The training school here was established about 25 years ago. Present buildings will care for 125-150 boys. The population last year averaged 104.3 (there was some facetious comment about three-tenths of a boy.) The 800-odd acres of land and all buildings are listed at a little over a quarter million dollars. One building will cost that to replace. Boys between the courts and are kept until authorities believe them ready to go home or until they reach 21 years of age. Commitments are increasing and there seems to be need for remodeling two buildings now unfit for use. It is expected that within the next year the school will be asked to take 150 boys. The operating budget this biennium is just under \$150,000 and it was enough because of excellent crop production and provisions supplied by such farm items as 50 beef cattle, 40 dairy cows, 150 hogs and 500 chickens, along with produce from 350 acres of cultivated land. The boys do the farm work and many other chores about the place. But they can't do the major repairs and there has been no money to hire competent instructors in manual arts, or over-see labor to carpentry and other essential jobs to keep the plant at maximum efficiency.

**WILSON** — Chief need at the Eastern Sanatorium, as at others in the state system, is additional beds for patients. There is now a waiting list of 110 applicants in the 50 counties served by this institution, and it was reported that the average waiting time is five to six months. During that period many of the applicants die, or the disease becomes so far advanced they are hopeless cases when admitted. Meantime space originally provided for 40 beds for patients is being occupied by nurses and other staff members, solely because there is nowhere else for them to live. Plans have been tentatively approved for construction of a service center and a wing for Negroes, thus making possible conversion of the present Negro building as a nurses' home or staff house. Work on this project has been delayed, as has all state construction, by high prices and is now jeopardized by the fact appropriations made on basis of 1946 costs will do just about half the job contemplated. The plant is carried on budget valuation list at \$581,892. The 1947 assembly voted \$600,000 for permanent additions, none of which has been spent because of high prices and other restrictions on the plant is over a million and that much more is needed.

**ELIZABETH CITY** — The Negro teachers college here is the only degree-granting college for the case east of Raleigh. Because of lack of adequate provision for maintenance nearly all the buildings are in bad shape, and the budget valuation of \$516,563 is more accurate than listed values at other institutions. Condition of this plant illustrates fallacy of the idea that in many cases the way to save money is not to spend it. A few hundred dollars a year spent on maintenance during the past few years would have saved several thousand dollars in major repairs now. This point will be discussed at subsequent budget meetings, according to some of those in the know.

A dollar in your pocket or purse is a useless thing. It is ready to "take off" and fly away the first chance it gets. But you can clip its wings by depositing it with us. Just an account and make a deposit every pay day.

**RUSTY RILEY**  
By Frank Godwin  
WHAT'S ALL THIS ABOUT YOUR YOUNG FRIEND? WHO IS HE, AND WHAT HAPPENED?  
HE'S JUST A KID, VINCE—AN ORPHAN—NAME'S RUSTY. MR. MILES TOOK HIM FROM THE ORPHANAGE AND GAVE HIM A JOB.  
NOW IT LOOKS AS IF SOMEBODY HAS BEEN CLOCKING BIG BLAZE AND GIVING THE WORKOUT TIME TO THE RACING PAPERS—BUT WITH ONE SECOND ADDED TO THE REAL TIME.  
WHA. I GET IT. SOMEBODY HOPES TO CLEAN UP ON BLAZE BY GETTING LONG ODDS. DO YOU THINK RUSTY IS IN ON IT?  
NO, I DON'T, BUT THE EVIDENCE IS STRONG AGAINST HIM—AND THAT'S WHERE YOU COME IN.

**THIMBLE THEATER — Starring Popeye**

## THERE OUGHTA BE A LAW!

By FAGALY and SHORTEN

## A MAN IN THE HOUSE

By Florence Stuart

Chapter 15

So Ted Eggleston moved in to live with the Whitlers, and if there was one thing that pleased Jane more than another, at the start, it was that Carl seemed to like him so well. She had worried a little about that. Ted was, and anyone could tell it just to meet him, all the things that Carl never had been.

She had been afraid that Carl might put Ted down as a pretty-boy charmer and decide he didn't want that sort of fellow around the house. But when she tried to feel Carl out, approaching the subject in a rather round-about way: "Our Ted certainly knows how to turn on the charm around the gals, doesn't he?" Carl simply laughed. "Ted's all right," he said. "He's a nice kid."

"Not such a kid, Carl. He went through three years of war, saw some of the toughest fighting in the Pacific. And he's only a few years younger than you are."

"He's still just a kid. Maybe he

always will be. You can't always measure age by years and experiences, Jane. It's what impression the years and the experiences have left on you. They seem to have passed Ted over very lightly, unless he's deeper than we think and is burying things inside himself. He may grow up later on, find himself, learn a more adult approach to life. However, he's an extremely likeable boy and I enjoy having him around the house. Don't you?"

"Yes," Jane said. "I do. I think it's swell having him here. If you do."

"Good," Carl said. "I'm perfectly satisfied. In fact, it's something of a relief to me in a way, having Ted here. I get so swamped with details, I have to spend so many evenings working if I'm ever to get the material together for that book. It's sometimes worried me that I have so little time to amuse you or take you out. Ted seems to like to hang around the house evenings and he's company for you. And you seem to enjoy him."

## Auctions Heavy Georgia-Florida

Valdosta, Ga., Aug. 2—(AP)—The first full week of activity at Georgia-Florida fine cured tobacco markets saw auctions of a heavy volume of 44,595,159 pounds for an average of \$51.50 per hundred.

The average was 99 cents less than that during the first two days of this year's marketing, but \$6.78 above that of the first full week of last year's sales.

Season gross sales through Friday reached 61,250,145 pounds for a \$51.78 average, the U.S. Department of Agriculture reported. Sale totals to date, compared with an estimated production of 106,221,000 pounds, indicated that about one-half of the leaf has been marketed.

Most of the advances in prices were recorded for low to good leaf grades, better quality lugs and cutters.

The practical top prices on most markets was \$62, but some reached \$63 and \$64. Most baskets sold at from \$48 to \$58.

## Disease, Hunger Facing Refugees

Calco, Aug. 2—(AP)—Disease and hunger threaten 300,000 to 350,000 Palestine Arab refugees, Sir Raphael Cilento of the United Nations said today.

Sent to the Middle East to survey the refugee problem, Sir Raphael said "There still lingers doubt about the cholera possibility among the refugees but we think and hope it is ended."

He said "There is also malaria in some areas in some seasons."

If the Arabs cannot be sent back to their homes in Palestine, Sir Raphael said they will be resettled "and settlement so far has been a difficult problem." The United Nations Security Council is considering the refugee problem in Lake Success today.

Sir Raphael was accompanying Count Folke Bernadotte, the U.N. mediator, on a six-day tour of Palestine and nearby Arab countries. He said he hopes to set up a plan for meeting the refugees' immediate needs within a week.

The immediate objective, he said, is to find out how many refugees there are, where they are and how they are dispersed.

Jane sat down on a floor cushion and went weak with laughter. "Honestly, Ted," she said. "Honestly. Were you born a screwball, or did you work it out yourself?"

"What do you think?"

He was cute when he went to work with the vacuum cleaner. He could run it with one hand while he rolled and lit a cigarette with the other. Jane couldn't imagine how he did it. "You must teach me to do that, Ted," she said. "Rolling the cigarette, I mean. With one hand. Not that I want to roll my own, even with two hands. But it would be a nice trick to know."

Ted winked at her. "I know a lot of other nice tricks, beautiful."

(To be continued)

## Wm. M. Batchelor Is Taking Part In Cruise

Midshipman William Mac Batchelor, USNR, son of Ed Batchelor of 1406 East Fifth Street, Greenville, is participating in the two month Naval Reserve Officers' Training Cruise aboard the aircraft carrier USS Boxer.

The midshipmen reported aboard the carrier in San Francisco, Calif., and departed for the Hawaiian Islands June 26. During the week spent en route to the islands and for ten additional days the midshipmen underwent intensive training.

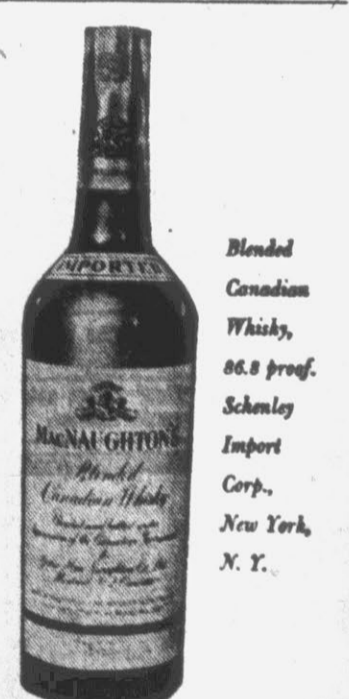

After departing from Pearl Harbor, the Boxer was to proceed to San Diego, Calif., to participate in amphibious operations and training exercises. The midshipmen are scheduled to return to San Francisco, Aug. 21 and then to the colleges and universities from which they came.

## Completes Six Week ROTC Camp Training

Fort Benning, Ga.—Cadet James G. Glenn, 309 Pitt Street, Greenville, has completed the six weeks of this year's Reserve Officers Training Corps Summer Camp and is on the top rung of the ladder that leads to a commission in the Officers Reserve Corps.

This training, in which the cadets put into practical work the theory they had learned in the ROTC units of their colleges and universities, covered all phases of the duties of the Infantry combat soldier and officer. This included all weapons and techniques developed at the Infantry Center since the close of World War II.

# Greenies And Tarboro Split Weekend Games, 2-4, 10-8

time the club was nine games under .500 but with a few changes the club is now in fourth place in the league standings. Fred Pappy Williams of Kinston is pushing Rocky Mount's Turkey Tyson for all-league clowning honors this season. A member of the Cleveland Indians in 1945, Pappy manages to combine his spectacular hitting with a comedy routine that rocks the stands.

Tyson, the former Durham Bull, is a changed man from his last year's ways with umpires. Showed to the gate in the double figures while at Durham, the Rocky Mount pilot has been sent from the field only twice this season for umpire baiting. Former members of the Greenies are hitting at the following clip with their respective clubs: Virgil Payne, 309; Jack Thrush, 277; Joe Parise, 245; Mel Pasteris, 216; Ray Phillips, 262; and Danny Lastres, 254.

Ted Williams is continuing to set a hot pace in the race for individual honors in the majors. The Boston Red Sox slugger boasts a mark of 391. Stan Musial of the St. Louis Cardinals tops the National League with 386. Runners-up in the two leagues are Lou Boudreau of Cleveland in the American, with 355, and Andy Pafo of Chicago in the National, 346.

A bear cub at birth is smaller in proportion to the size of the mother than the young of any other mammal except marsupials.

## Locals Rap Out Seven-Run Second Inning For Sunday's Victory; Locals Held In Check By Bill See Saturday

By BERT MOYE

Manager Kelly Kee and his Greenies split their weekend tilts with the Tarboro Tars, dropping the home game here Saturday night, 4-2, and then on Sunday afternoon took a free-scoring contest from the Tars over in Tarboro, 10-8.

Saturday's Game

The Greenies lost their sixth straight game here Saturday night as the Tarboro Tars took a 4-2 decision over the Greenies behind the two-hit hurling of Bill See, rookie sensation of the Tars' pitching staff. The win for See was his 20th of the season as against 3 losses and was his fifth win of the season over the Greenies.

The Greenies went out in front in the first frame by scoring two markers on one hit, a walk and an error. Wood led off with a walk, Nessing hit to short who threw ball wild to second base in an effort to catch Wood with Nessing taking second and Wood advancing to third, and then Willie Mauney singled into right centerfield to bring them home.

The Tars scored one run in the first frame without a hit. Andrew walked, went to second on a passed ball, advanced to third on Richard's infield out and scored on Kee's wild pitch.

What proved the Tars' winning runs came in the fourth frame when they put across two markers. Komaneky led off with a double, Caldwell reached first on interference by catcher, Cox was walking, Daniel, Urban filed out to left field with Komaneky scoring and Caldwell scored on St. Germain's hit to third forcing Cox at second. One more run was added in the sixth when Cox singled, stole second, Urban singled and St. Germain flew out to deep centerfield with Cox racing home from third.

Kelly Kee went the route for the Greenies and was credited with his fifth straight loss and his second to the Tarboro Tars. He gave up eight hits with Urban and Daniel getting two singles each to lead the visitors' attack.

Bill See went the route for the Tars and allowed the Greenies only two hits: one was Mauney's single in the first inning and the other one in the ninth frame by Joe Spassa, who doubled down the third base line.

Line score:

Tarboro	R	H	E
100	201	000-4	8 2
Greenie	200	000	000-2 2 2

See and Caldwell; Kee and Mauney.

## Athletics Lead American League Four Team Race

By JOE REICHLER (AP Sports Writer)

An ordinary three-cent postage stamp can cover the first four teams in the closest four-team pennant race the American League has enjoyed in its 48 years of operation. Only eight percentage points separate the first four teams.

Here is the picture as it appears today. The Philadelphia Athletics are back in first place, but are only eight points ahead of the fourth place Boston Red Sox. In between are the Cleveland Indians and New York Yankees.

Based on games won and lost, the Red Sox are in a virtual triple tie for second place with the Indians and Yankees. All are one game behind the A's. But once again that old percentage oddity crops up.

The Indians have won 55 and lost 38 for .591 to hold a two-point edge on the Yankees, who have won 56 and lost 39 for .589. The Red Sox have won 47 and lost 40 for .538. Here is how one day's activity scrambled up the junior league's first four teams:

Connie Mack's astounding A's, in second place after Saturday's games, jumped into first by defeating the Tigers in Detroit 4-2 yesterday. The Indians advanced from third to second by sweeping a doubleheader from the Red Sox, 12-2 and 6-1. The double defeat dropped Joe McCarthy's Red Sox from first all the way down to fourth. The Yankees moved up from fourth to third by vanquishing the Chicago White Sox twice, 8-2 and 7-5.

Proof that this is the tightest of all American League races comes

# Brazil's Cagers Take Third Win

London, Aug. 2 (AP)—Brazil scored its third straight victory in the Olympic basketball tournament today, soundly thrashing Britain, 76-11.

The Brazilians mercifully piled up points which will decide entry into the championship elimination tournament if there is a tie in the round robin competition.

The United States' favored forces met Czechoslovakia, the European champion, today in their second test.

Greenville's Largest Credit Jewelers  
406 Evans Street

The following is the schedule for the Greenies for the coming week: Monday, August 2, New Bern at Greenville; Tuesday, August 3, Greenville at New Bern; Wednesday, August 4, Kinston at Greenville; Thursday, August 5, Greenville at Kinston; Friday, August 6, Goldsboro at Greenville; Saturday, August 7, Greenville at Goldsboro (doubleheader); Sunday, August 8, Roanoke Rapids at Greenville.

Here and There—Greenville's new catcher, who caught his first game over in Tarboro yesterday afternoon, was sent to the Greenville club on option from Charleston, South Carolina. Pete Stamos, veteran pitcher of the Goldsboro club, has been given his release.

Virgil Payne, former manager of the Greenies, who is now manager of the Smithfield Leafs in the Tobacco State League, is doing quite a job since taking over the management on May 25. At that

# All-Star College Gridders Drilling

Evanston, Ill., Aug. 2 (AP)—The greatest squad of collegiate football players ever assembled opened drills today at Northwestern's Byche Stadium for the 15th annual all-star game in soldier field Aug. 20.

Head coach Frank Leahy of Notre Dame and his assistants had 70 graduates to mold into formidable units to hurl against the Chicago Cardinals, National League Champs.

The contest already was sold out. At least 100,000 customers will be rooting for their favorites.

Leahy, who guided the all-stars to a 16-0 upset of the Chicago Bears last year, is assisted by Andy Kerr, now at Lebanon Valley after a great career at Colgate; Jeff Cravath, Southern California; Blair Cherry, Texas; Wally Butz, Georgia; and Bob Higgins, Penn State. The Notre Dame coach finds himself blessed with so much talent that it will be difficult to choose the best combinations. He has 15 ends, 14 tackles, 12 guards, eight centers, seven quarterbacks, 11 halfbacks and four fullbacks.

Included in this cluster of stars are virtually the entire Michigan and Notre Dame of last year, both of which were unbeaten and untied—but never played each other.

# Yesterday's Results

NATIONAL LEAGUE	
St. Louis 9	Boston 6
All other games postponed, rain.	
AMERICAN LEAGUE	
Philadelphia 4	Detroit 2
Cleveland 12-6	Boston 2-1
New York 8-7	Chicago 2-5
St. Louis 8-3	Washington 5-4
COASTAL PLAIN LEAGUE	
Roanoke Rapids 7	Rocky Mount 4
Wilson 8	Goldboro 2
Greenville 10	Tarboro 8
Kinston 14	New Bern 7

Eels once were thought to grow out of mud.

big gun in the Tars' 12-hit attack off the three Greenie hurlers.

# LET'S GET IT STRAIGHT

Your pharmacist is a specialist whose function is to prepare and standardize drugs, and to compound your doctor's prescriptions. He is not qualified to diagnose your ailments or to prescribe treatment. Your doctor is thoroughly competent to examine you and to decide on the treatment indicated. He has not been trained to prepare and compound medicines.

In this store we fully recognize the functions and limitations of both the physician and the pharmacist. Our business is compounding prescriptions according to the doctor's orders
