Dewey Campaign Begins Sept. 20

Presidential Nominee To Make Opening Address In Des Moines; Indicates He Will Continue On To West Coast, To Return By Easy Stages Across Country

Albany, N. Y., Sept. 8.—(AP)—Gov. Thomas E. Dewey will open his campaign for the Presidency Sept. 20 with a speech in Des Moines, Iowa.

The Republican Presidential nominee's campaign manager, Herbert Brownell Jr., said in announcing this today that the address would be delivered at Drake Stadium.

The New York Governor will speak from 9 to 9:30 p. m., EST. The address will be broadcast over CBS and Mutual networks.

Dewey plans to leave Albany by train for Des Moines the evening of Sept. 19.

Dewey is not expected to return to Albany immediately after the Des Moines address. Indications are that he will continue to the West Coast.

After West Coast appearances he is expected to make his way back across the country in easy stages, during which he probably will deliver a number of major addresses.

Meanwhile the GOP candidate's campaign strategy on four top issues became apparent after Harold Stassen's speech in Detroit last night assailing President Truman's record.

The issues: Labor, high prices, Communism and Foreign Policy.

In his Detroit address, Stassen sketched a Republican blueprint known to have had the advance approval of Dewey.

Friends of Dewey said he would follow in the picture during the campaign on each of the issues pointed up by the former Governor of Minnesota.

New Bern Gives Pres. Truman An Historic Gavel

Washington, Sept. 8.—(AP)—New Bern, N.C., gave President Truman a gavel today out of this historic cypress tree.

The Rev. Thomas W. Fryer, of New Bern, who presented the gift, told reporters the President said this is perhaps the most historic gavel in his collection.

An inscription on the gavel says it was made from a huge living cypress tree which was standing when Swiss settlers landed to found the town in 1710.

The minister reported the first ship built in the state was launched beneath the tree, that Indian treaties were signed near it, and "of course George Washington passed beneath the tree."

Next week Fryer will take a duplicate gavel to Bern, Switzerland, along with a special edition of the history of New Bern. Four years ago Bern sent an ambassador of good will to New Bern because people from Bern started the colony of New Bern.

Petitions Made In GOP Office

Indianapolis, Sept. 8.—(AP)—H. Clark Springer, Republican state chairman, admitted today that the petition forms on which signatures were obtained to put the states rights Democrats candidates on the Indiana ballot were printed in Republican state headquarters.

Springer said he did not know about the printing until today. He added it was done two weeks ago by an employee as a courtesy to Frank Kimbrell of Mississippi, states rights organizer.

ABC On Berlin Mix-Up

One Crisis After Another In Former German Capital; What Lies Behind Trouble; The Confusion Now Existing; Russian Efforts To Make Life Unhappy For Allies

By JAMES MARLOW

Washington, Sept. 8.—(AP)—This is an ABC on the mix-up in Berlin. There's been one crisis after another in Berlin for months.

The latest arose Monday when German Communists, backed by Russian troops, burst into the City Hall.

Since the war Germany has been divided into four big zones: American, Russian, British, French.

And Berlin, Germany's biggest city, has been divided into four sectors: American, Russian, British, French.

Each nation is sole boss in its own zone and its own sector.

This was agreed on when Germany fell and relations between Russia and the three western nations were pretty good. They're not good now.

(The job of communizing Germany would be duck-soup for the Russians if, short of war, they could get the Americans, British and French out of Berlin and out of Germany altogether.)

Although the four nations have not been able to agree on setting up a new German government for Germany as a whole, in 1946 they agreed to let the people of Berlin have a city government.

So they let the Germans in all four sectors in the city elect an assembly of about 130 members, a kind of legislature, which laid down laws and rules and appointed city officials to carry them out.

(This assembly, of course, remained under the thumb of the four nations which occupied Berlin.)

Three times recently the assembly tried to meet but couldn't because German Communists raised such a rumpus at City Hall. That City Hall, by the way, is in the Russian sector of Berlin, and Berlin is in the Russian zone of Germany.

On Monday the assembly tried to meet again. German Communists, backed by Russian troops who patrolled the streets outside, stormed the City Hall.

All but 34 or 35 of the assembly members were scared so badly that they fled from the City Hall and the Russian sector into the American-British-French sectors. The fugitive assemblymen are talking of carrying on their work there.

Stassen Speech Heralds 'Tough' Political Fight

Declares President Had Made 'A Record Of Failures'; Strong Criticism

Detroit, Sept. 8.—(AP)—The opening Michigan skirmish between Republicans and Democrats forecast today a hot-worked Presidential campaign.

President Truman and Harold E. Stassen, a substitute GOP opponent, handed out some tough political talk in their kickoff speeches in this industrial heart of America.

Battling for Gov. Thomas E. Dewey, the Republican nominee, Stassen fired a salvo of critical words at Mr. Truman last night. Dewey approved the jibes in a telephone call from Albany to Stassen here.

The former Minnesota Governor said the President had made "a record of failures—failures at home and failures abroad."

He called Mr. Truman "a complaining candidate" who used "an extreme demagogic appeal" and who was trying "to benefit politically by deceiving labor."

He said the President had followed Henry A. Wallace's economic theories, adding:

"Wallace followed those who had no faith in America and the American people suffered an inflation."

"With a record of little judgment and less faith," Stassen thundered, "the (President) once again sets himself up as a prophet of doom and attempts to arouse in America an unreasonable, nameless fear of future depression, unemployment and chaos if he is not returned to office."

Stassen was answering some pretty blunt language used about the Republicans by Mr. Truman in his Labor Day appearance in Michigan and Ohio.

The President in his talks didn't call Dewey by name but slammed hard at what he tabbed as GOP "spokesmen of reaction."

He said a reactionary "is a man with a calculating machine where his heart ought to be. He has learned a great deal about how to get his way by observing demagogues and reactionaries in other countries."

Mr. Truman spoke of the "do-nothing" Republican Congress.

He said Senator Robert A. Taft (R-Ohio) had "run out on his own housing bill."

Stassen gave the Republican reply to some of the issues the President had raised. The former Minnesota Governor in turn raised some issues against the Democrats.

Britain Ready To Talk Future Italian Colonies

London, Sept. 8.—(AP)—Britain has notified Russia she is ready to open four-power talks on the future of Italy's pre-war colonies before Sept. 15, the Foreign Office announced today.

The government disclosed its decision in reply to a Russian request for such talks, delivered to Russian Ambassador Georgi Zarubin yesterday and released by the Foreign Office today.

Pointing out that quick action is necessary to meet the Italian treaty deadline of Sept. 15—after which the Italian colony problem must go to the United Nations for decision—the British note asked Russia to suggest a meeting date.

Britain suggested the meetings be held in Paris, where the United Nations assembly convenes Sept. 21.

The controversy reached a burning pitch in a rough and tumble slam-bang campaign contest that today came to the court of last resort—the people's vote in the primary, equivalent to election in Georgia.

The 35-year-old Talmadge received the endorsement of the Ku Klux Klan for his "white supremacy" stand. Cross-burnings in Negro residential sections of Perry and Valdosta marked the primary eve.

The Valdosta display came shortly after Thompson closed his campaign there with a speech predicting victory at the polls.

Pay Increase For Durham Teachers

Durham, Sept. 8.—(AP)—All Durham county school teachers today were in line for pay hikes.

The county commissioners yesterday voted \$72,000 for A. B. C. liquor store funds to county schools for salary supplements and employee of more teachers. City school teachers recently were granted a raise pay following a favorable referendum vote.

A county school supplement election is scheduled, next spring would boost taxes 20 cents a valuation.

DELAYED ACTION

Raleigh, N.C., Sept. 8.—William M. Robbins, who fled he was indicted in 1942 of embezzling \$744.85 while employed in the revenue department, was given a two-year suspended sentence today.

Georgians To Settle Strange Case In Today's Balloting

Atlanta, Sept. 8.—(AP)—Georgians wrote their decision today in the strange case of the two governors.

A record total of 1,195,183, among them 138,870 Negroes, were registered to decide a flaming, 20-month-old issue between Herman Talmadge and Governor M. E. Thompson in a Democratic primary.

These were the "two governors" who blazoned the state in headlines across the continent early in 1947.

First, Talmadge won the job by a legislative vote as successor to his fiery, red-galused father, "Old George," who had been elected in 1946 but died before he could take office.

Thompson, a school man with a Ph.D. degree, claimed the office because he had been elected lieutenant governor. The state Supreme Court backed him up, and Talmadge, after sitting in the governor's chair for three months, left with a defiant "I'll be back."

The two have been at it ever since, bandying back and forth between them such issues as "white supremacy," civil rights, racial segregation and Thompson's record in office.

U. S. Plans Open Immigration To Germanic People

War-Raised Bars Up For More Than 7 Years; Quota Is Second Largest

Washington, Sept. 8.—(AP)—The United States is getting ready to reopen the immigration gates to Germans living in the Reich. The war-raised bars have been up for more than seven years.

The first of 25,957 Germans to be eligible for admission each year will be chosen soon after a mass registration of applicants in the western occupation zones of Germany and Austria.

State Department officials said today the registration may start this month. The actual date will be set as soon as American consular officials give the word that they are ready to handle the inevitable rush.

Two million registration forms have been printed in Switzerland.

The biggest group of applicants is expected to come from the 800,000 or so displaced persons—those left homeless by the war. Congress has voted to admit 205,000 of these during the next two years.

The new legislation also opened the way for restoring the pre-war German quota.

Next to the British, it is the largest of all the national allotments set by the basic 1924 Immigration Act.

The German quota has largely gone begging since the United States broke consular relations with Hitler's Reich in mid-1941. Some refugees and other German citizens living abroad were admitted as immigrants during the war years. But the unused portion could not accumulate.

In voting to admit the 205,000 DP's, Congress wrote in a section specifying that one-half of the restored German quota must be used to admit only persons of German "ethnic origin" who now live in Germany but who were born in Poland, Czechoslovakia, Yugoslavia, Hungary or Romania.

Half of the remainder may be used for displaced persons. Of the total proportion of these so-called "German-ethnics," priority was given to skilled farmers and to those with relatives already in the United States.

Two 'Governors' Meet In Election

Georgians To Settle Strange Case In Today's Balloting

A record total of 1,195,183, among them 138,870 Negroes, were registered to decide a flaming, 20-month-old issue between Herman Talmadge and Governor M. E. Thompson in a Democratic primary.

These were the "two governors" who blazoned the state in headlines across the continent early in 1947.

First, Talmadge won the job by a legislative vote as successor to his fiery, red-galused father, "Old George," who had been elected in 1946 but died before he could take office.

Thompson, a school man with a Ph.D. degree, claimed the office because he had been elected lieutenant governor. The state Supreme Court backed him up, and Talmadge, after sitting in the governor's chair for three months, left with a defiant "I'll be back."

The two have been at it ever since, bandying back and forth between them such issues as "white supremacy," civil rights, racial segregation and Thompson's record in office.

The controversy reached a burning pitch in a rough and tumble slam-bang campaign contest that today came to the court of last resort—the people's vote in the primary, equivalent to election in Georgia.

The 35-year-old Talmadge received the endorsement of the Ku Klux Klan for his "white supremacy" stand. Cross-burnings in Negro residential sections of Perry and Valdosta marked the primary eve.

The Valdosta display came shortly after Thompson closed his campaign there with a speech predicting victory at the polls.

Pay Increase For Durham Teachers

Durham, Sept. 8.—(AP)—All Durham county school teachers today were in line for pay hikes.

The county commissioners yesterday voted \$72,000 for A. B. C. liquor store funds to county schools for salary supplements and employee of more teachers. City school teachers recently were granted a raise pay following a favorable referendum vote.

A county school supplement election is scheduled, next spring would boost taxes 20 cents a valuation.

DELAYED ACTION

Raleigh, N.C., Sept. 8.—William M. Robbins, who fled he was indicted in 1942 of embezzling \$744.85 while employed in the revenue department, was given a two-year suspended sentence today.

Russians Kidnap Western Police

Nineteen Abducted After Promise Of Safe Passage; City Council Meets In West Berlin; Four Governors Deadlocked

Berlin, Sept. 8.—(AP)—Russian gunners and their German police kidnaped 19 policemen from western Berlin today after the Soviet commandant had guaranteed them safe passage from the besieged city hall.

The anti-Communist city council met again in western Berlin and roundly denounced the police kidnappings as a "violation of the laws of humanity."

The council demanded immediate release of the 19, and 19 others who were hauled out of city hall Monday after Communists broke up a council meeting. City hall is in the Russian zone.

Col. Frank Howley, American Commandant of Berlin, called on Russian Maj. Gen. Alexander Proskuriakov, called upon the "entire population of Berlin to protest" the Communist actions.

"Berlin must become a city free of fear and misery," he told the city council, "what good are all the promises when, as we see in these kidnappings, at that even the most primary of human rights are violated?"

The wrath of the anti-Communists and western officials alike centered on the kidnapping of the 19 policemen, who had been on duty at city hall to protect the elected government.

They were taken from a French convoy at the Lustgarten, only a few blocks from the city hall—which is in the Soviet sector of this divided, blacked city.

As the 19 policemen and a German photographer were tumbled into a Russian truck to be hauled away a French officer protested that the Russians were "pulling some funny business."

"You mean this is a plain double cross, don't you?" asked an American reporter.

Yes, snapped the Frenchman. The Germans' release from the encircled city hall had been negotiated by the French.

Police To Watch Benes' Funeral

Prague Jammed With Visitors; Precautions Observed

Prague, Czechoslovakia, Sept. 8.—(AP)—State funeral services will be held under close police surveillance today for former President Eduard Benes.

Possibly 1,000,000 persons have crowded into Prague from the countryside for the funeral. During the night police began turning back trainloads. Motorcade had made the trip in the hope of witnessing the procession were angry and police appeared to fear repercussions in the countryside.

Strict security precautions have been taken throughout Prague following Interior Ministry reports that attempts would be made to "desecrate" the funeral. Sokol—Conservative cultural and gymnastic organization—was mentioned by the ministry as likely to hold demonstrations. Incitement from "abroad" was blamed.

Benes' body was removed this morning from the hall of resistance, where his mourning countrymen had marched past steadily for two days, to the Hall of Fame in Prague museum.

Several thousand persons kept vigil outside the hall to see the body taken away.

Scores of police guarded the center areas of the city. They kept large groups from assembling in the lower part of the square, but let spectators mass around the museum.

Armed police were seen patrolling public buildings, including the post office, which houses international communications.

The capital had been filled for two days with police brought in from all parts of the country and bedded down in schools and other places.

A ROOSEVELT WEDS

Northport, N.Y., Sept. 8.—Edith Kermit Roosevelt, 20-year-old granddaughter of President Theodore Roosevelt, and Alexander Barman, 49, former Russian army general, were married here today.

Cotton Crop Is Estimated Well Ahead Of Last Year

Washington, Sept. 8.—(AP)—A cotton crop of 15,219,000 bales of 500 pounds gross weight was forecast today by the Agriculture Department.

This estimate is 50,000 bales more than the 15,169,000 bales forecast a month ago for seventh largest of record.

It compares also with 11,851,000 bales produced last year and 12,014,000 for the ten-year (1937-46) average.

The department estimated the acreage for harvest at 23,323,000 acres compared with 21,145,000 harvested last year and 23,845,000 for the ten-year average.

The percentage of the acreage in cultivation of July 1 which is expected to be abandoned was put at 1.4 percent. This compares with 1.1 per cent abandonment last year and 1.9 for the ten-year average.

Condition of the cotton crop of Sept. 1 was put at 32 per cent of normal compared with 73 a year ago and 71 for the ten-year average.

The field of lint cotton per acre was indicated at 313.2 pounds compared with 267.3 last year and 254.2 for the ten-year average.

The production of American-Egyptian cotton was indicated at 2,600 bales compared with 2,500 forecast a month ago, 1,200 produced last year and 3,000 for the ten year average.

In an accompanying report, the census bureau said 1,473,245 bales of this year's cotton crop had been ginned up to Sept. 1 compared with 882,109 bales ginned to the same date last year.

Vessel Carrying Circus Tank In Caribbean Sea

Miami, Fla., Sept. 8.—(AP)—A all motor ship carrying a circus tank in the Caribbean Sea Sept. 1, 44 persons, including 35 passengers, are still missing, the Coast Guard was informed today.

The Coast Guard said it had received a message stating that the "Vesuvius" motor vessel, Caribe, had taken up a lifeboat containing nine passengers and three crewmen 770 miles south of Miami and was heading for Caracas, Venezuela.

The report listed eight crew members and 36 passengers of the vessel Caribe, as "missing."

The ship was Mariel, Cuba, Aug. 28 for Cartagena, Colombia, with a complete circus of lions, tigers and other beasts aboard. She was due at Cartagena six days ago.

Search for the ship has been under the 15th Naval Command at Balboa, Canal Zone, with U.S. Navy planes from the Canal Zone, Jamaica and Guantanamo Bay, Cuba participating in the hunt.

The Euzkera, now under Honduran registry, was described as a former yacht used by U.S. President McKinley.

Auriol Summons De Gaullists To Meet New Crisis

General Election Appears Probable In France As Schuman Fails Again

Paris, Sept. 8.—(AP)—President Vincent Auriol called in De Gaullists for the first time today in an effort to solve the French crisis arising from the overthrow of Robert Schuman's 64-hour-old cabinet last night.

A general election seemed probable.

Auriol apparently was trying to get followers of Gen. Charles De Gaulle to join a new national union government until general parliamentary elections can be held. De Gaullists are rightists.

The rightists and the Communists defeated Schuman by six votes, with the aid of a split in the conservative Radical Socialist Party.

The issue was over an \$833 cost of living bonus for French workers, many of whom work for the government in socialized industries.

Schuman's government was the 13th since the war ended and the fourth since the start of last year.

Former Premier Edouard Herriot, a Radical Socialist (conservative) announced he had declined to form a new cabinet because of his failing health.

Herriot, 76, is president of the national assembly. He had "honed" earlier with Socialist President Vincent Auriol.

An announcement issued after the meeting said Herriot told Auriol he felt his work at the national assembly imposed duties he could not do. He added that his health was bad.

Sources close to the president said the only solution now seems to be for a "caretaker" government to meet the nation's urgent economic problems and get ready for new general elections. For such a task, Herriot, 76, a former premier and a Radical Socialist, appeared to be the only man on whom there could be agreement.

Party leaders with whom Auriol conferred this morning said he intends to name a premier at the earliest moment, feeling that the future of France is at stake.

Whoever gets the job will face a growing wave of strikes and labor protests about the high cost of living. He also will have to meet the problem of inflation. Those issues have upset French governments ever since the war.

Negotiate Rail Pay Hike Demand

Chicago, Sept. 8.—(AP)—Railroad labor and management negotiators met today to discuss demands of 1,000,000 non-operating workers for higher wages.

The demands, served on the individual roads in April, are for a revision of the basic work week from 48 to 40 hours without reduction in pay and a wage increase of 24 cents an hour. The unions ask that work beyond eight hours a day Monday through Friday be paid at overtime rates with time and one-half for Saturday work and double time for Sundays and holidays.

G. E. Leitch, president of the order of railroad telegraphers and chairman of the committee representing 16 unions, said the average straight time hourly wage of non-operating employees is \$11.76 or \$56.45 for a 48-hour week.

Non-operating employees are those in the railroad industry not running or switching trains. They are machinists, boiler makers, blacksmiths, carpenters, firemen and others, railway and steamship clerks, maintenance of way employees, telegraphers, signalmen, marine masters, mates and pilots, marine engineers, longshoremen, hotel, restaurant employees and bartenders and yardmasters.

Hunt New Clues Red Infiltration

Washington, Sept. 8.—(AP)—Two congressional groups hunted today for new evidence of Communist activities in the United States.

One began probing into the CIO Fur Workers Union, whose president is an avowed Red. The other, lined up a whole new set of witnesses to go over claims that Soviet-directed spy rings have been operating both in and out of Washington.

Meanwhile, plans were being laid to re-open the Reds-in-Hollywood case before the end of next month.

The fur union investigation was launched by a house labor subcommittee headed by Rep. Max Schwab (R-Mo.). He called (for noon, EST) the first of 40 witnesses slated for hearings expected to last through next week.

Chairman Hartley (R-NJ) of the full labor committee was told of complaints that Communists have gained control of the entire fur processing industry.

These ask-1 to appear first were Joseph Bernstein, attorney for the fur lining manufacturers, and Sol Rosenberg, president of the Fur Manufacturers Association, both of New York.

Union witnesses, expected to appear next week, will be headed by Ben Gold, president of the International Union and a member of the CIO executive board. Gold also is a member of the Communist party's national executive committee.

As this hearing tuned up, the house un-American activities committee settled down for three days of closed-door questioning of between 20 and 25 witnesses in preparation for new public hearings set to begin September 15.

Big Earthquake Recorded; Area Of Fiji Islands

Honolulu, Sept. 8.—(AP)—The Coast and Geodetic Survey reported today it had recorded a big earthquake which probably struck in the area of the Fiji Islands.

The first shock was recorded at 5:17:30 a.m. Honolulu time (10:17:30 Eastern Standard Time) and two hours later the shocks were continuing.

"It is the biggest earthquake I've ever seen since I've been here," said Laurie Burre, operator of the survey seismograph. He estimated the distance at 3,000 miles from Honolulu.

Global Social Unrest

Virtually Entire World Engaged In Social Upheaval; Leftists, Rightists, And Centrists; Royalty In A Changing World; Middle-Of-The-Road Appears Trend

By DeWITT MacKENZIE

This old world of ours is the melting-pot for a weird mixture of humanity.

I've just been studying headlines in the day's newspapers and most of the accounts point in the same direction. Everywhere forces of the "left" and of the "right" are at each others' throats, while unhappy "centrists" battle to keep the pendulum from swinging too far in either direction.

It needs only a quick appraisal to make it clear that virtually the whole globe is involved in a tremendous social upheaval. It takes a more study to enable one to hazard a guess as to where we are headed.

What set your correspondent off on this speculation line of thought was the ascension of the Netherlands throne by Queen Juliana in place of her mother, Queen Wilhelmina, who abdicated because of the weight of years after half a century's reign. It was a moving ceremony, in the presence of European royalty—and it undoubtedly was surrounded by the deep respect and love of the Dutch people as a whole for their Royal House.

Well now, how does Dutch royalty (or any constitutional monarchy, for that matter) fit into the picture of our changing world? We can't forget, of course, that unrest is seething in Holland's rich East Indies, some of which want complete severance from the mother country. That being so, our question calls for a double-barreled answer.

40 Years Ago Today

THE DAILY REFLECTOR
September 8, 1908

On Monday evening Miss Pattie Wooten entertained most royally at her home on Greene street.

The guests were met at the front door by Miss Wooten and George Midgett, of Kinston, and ushered into the spacious hall where delicious fruit punch was served by Miss Mary James and Burney Warren.

Many potted plants, white, pink and red asters, artistically arranged gave the home a most impressive effect. The prize contest was very enjoyable. Each guest was given a card with a paper doll on it with some part of every doll missing. Then the different parts of the dolls were distributed among the guests and the object was to get all of the parts of the doll before any one else.

At a late hour all of the guests were given animal crackers there being two of each kind, which they had to match and go into the dining room with the person having the one they matched.

Delicious refreshments were served. After enjoying much vocal and instrumental music, barn dances, games and conversation guests departed for their homes, declaring Miss Wooten a most delightful hostess.

Mid-Week Prayer Service
The regular mid-week prayer service of Jarvis Memorial Methodist Church will be held this evening at 8 o'clock in the Ellington class room. The pastor will conduct the service.

Jarvis Memorial Choir Practice
The choir of Jarvis Memorial Methodist Church will resume its regular rehearsals on Thursday evening at 8 o'clock at the church. All members are urged to be present.

Troop 30 Meets Thursday Night
Boy Scout Troop No. 30 will meet Thursday night at 8 o'clock at Jarvis Memorial Methodist Church. All old members are urged to attend and bring a new member.

Birth Announcement
Mr. and Mrs. Hinton Best announce the birth of a daughter, Jenny Lynn, on Wednesday, September 1, in Pitt General hospital. Mrs. Best and infant daughter have returned to their home, 311 Pitt street.

Meeting at Library
The Planning Committee of the Greenville Recreation Commission will hold an important meeting at Sheppard Memorial Library Wednesday afternoon at 8 o'clock.

Help relieve distress of MONTHLY FEMALE COMPLAINTS
Are you troubled by distress of female functional periodic disturbances? Does this make you suffer from pain, feel so nervous, tired, at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's has a grand soothing effect on one of women's most important organs!

Teachers College Opens For Fall Quarter; Classes Begin Friday

Girl Scout News

Girl Scout Troop of the Kitty Kats, Jo Howard leader, will begin its meeting September 21.

Announcing Stanley Party
Timothy Church Council will have a "Stanley Party" at the home of Miss Ruth Gardner, Route 2, Ayden, Gardensville, Saturday, September 18, at 7:30 p. m. Benefits will go to the Church Council. The public is invited to attend. Gifts and prizes will be awarded. Mrs. Thelma Hardee will have charge of sales. Mrs. Ernest G. Hardee is chairman of the Ways and Means committee.

Birth Announcement
Mr. and Mrs. Martin Thomas Batchelor of Bethel announce the birth of a son, Martin Thomas, Jr., on Saturday, August 28, at Bass Memorial hospital, Tarboro, N. C. Mrs. Batchelor is the former Miss Elizabeth Strickland of Bethel.

PITT THEATRE HOST TO EAST CAROLINA FRESHMEN
Manager T. Y. Walker will be host at the Pitt Theatre to the freshmen of East Carolina Teachers College at a special showing of the motion picture "Ruthless," Thursday morning at 10:30. It is an annual custom of the management of the theatre to entertain the college freshmen each fall.

CARD OF THANKS
We wish to thank our many friends for their expressions of sympathy shown at the time of the death and funeral of our mother, Mrs. Frank Peyton, on August 28, 1948.

MRS. FRANK PEYTON'S CHILDREN.

Opera Movies In Color Talked As Profit-Source

New York, Sept. 8 — (AP) — The Metropolitan opera may in the future put some of its productions on color movie films.

Charles M. Spofford, president of the Metropolitan Opera Association, said last night that three Hollywood motion picture companies have been conferring with Met officials on such a plan.

He said no arrangements have been concluded, but that negotiations "are coming along pretty well." He said the Met, which recently reversed a decision not to open this coming season because of financial problems, was trying "to build up the non-production side."

Tentative Okay On Milk Control

Raleigh, Sept. 8 — (AP) — The State Milk Commission has given tentative approval to a report declaring North Carolina milk control laws adequate and recommending that their administration continue in the Agriculture Department.

Dr. H. J. Rollins of Albemarle, commission chairman, announced the action following an executive session here yesterday. The commission met to consider recommendations for the 1949 general assembly.

East Carolina Teachers College opened for the fall quarter and began its twentieth annual orientation program for freshmen and other new students on Tuesday of this week. A special four-day program designed to acquaint newcomers with the various phases of campus life is now in progress and will continue through Friday.

Upperclassmen are scheduled to arrive on the campus and to register for courses of instruction on Thursday. Class work for the quarter will begin on Friday, September 10.

No figures on the number of students for the fall quarter are as yet available. Last September 1484 students were registered for work at East Carolina.

Two new features introduced this fall are an orientation course for freshmen and a guidance program for all students attending the college. The orientation course, which will be taught during the fall quarter by ten specially selected faculty members, is designed to aid new students in making satisfactory adjustments to campus life. It will carry three hours of credit and will include such topics as study habits, vocational opportunities, use of the library, extra-curricular activities, and problems of family life. An extensive testing program will be carried out.

A guidance program which was worked out during the past school year and which will include every student attending the college is now being activated and during this week students are holding conferences with faculty advisors and consultants.

Freshmen and transfer students were given an official welcome to the college at an assembly program in the Wright auditorium on Tuesday. President John D. Messick greeted the students and talked on the duties and privileges of college life. Other staff members who spoke included Dean of Women Annie L. Morton, Registrar J. K. Long, Business Manager F. D. Duncan, Dean of Men W. E. Marshall, and Dean Leo W. Jenkins.

Charles D. Connor of New Bern, president of the student government association, presided at a meeting on Tuesday evening at which student officers were introduced to freshmen. A reception sponsored by the faculty, a square dance, and an open house entertainment by the YWCA and the YMCA were social events marking the beginning of the fall quarter.

Take Legal Steps To Enforce Ban Against Carnival In Epidemic

Louisburg, Sept. 8 — (AP) — Franklin county health authorities have taken legal steps to enforce a ban against showing of carnivals during the polio epidemic.

Dr. John B. Turner, county health officer, signed warrants charging Frank W. Carter, Jr., police and fire chief at Franklinton, and nine other persons with violation of the ban.

The warrants grew out of the holding of the annual fireman's fair at Franklinton which got underway Monday. The warrants are returnable before Justice of the Peace J. L. Palmer.

New York's four customs districts handled 46.9 percent of the nation's exports and 47.4 percent of the imports during 1947.

Fractional

Tokyo, Sept. 8 — (AP) — Japanese smokers got good news today.

Their cigarette rations will be increased one-third of a cigarette daily, beginning in December.

Then they will get two cigarettes a day; the ration now is one and two-thirds.

Mrs. Mary Landing Dies After Stroke

Mrs. Mary Ida Landing, 49, wife of Charlie Landing, died at her home near Pactolus Wednesday morning at 1:45. She suffered a stroke of paralysis last Saturday and had been critically ill since that time.

Funeral services will be conducted at Parker's Chapel Free Will Baptist Church Thursday afternoon at 3 o'clock by Rev. D. W. Alexander, Free Will Baptist Minister of Bethel. Burial will be in Greenwood cemetery, Greenville.

The body will be taken to the church one hour prior to the time of services.

IT'S TIME TO SHINE WITH THE SHINE THAT STAYS!

Police Chief Page Warns Citizens 'Magazine Gang'

By CHESTER WALSH

The annual pilgrimage of magazine subscription salesmen are "on the march" in Greenville, but Police Chief Lester D. Page said one of them, who was offensive and decidedly high-pressure, was "making the rounds" here yesterday, is locked up in the city jail.

The chief, who has been on the police force many years and who attended the FBI School for Police in Washington, D.C. today warned householders and others to be on the lookout for the "magazine gang," as one policeman described these visitors who come into the city year after year and work under false pretense.

The police said Larry Averette, one of the founders of the Veterans of Foreign Wars and now an active member, told them that the VFW post had nothing to do with magazine salesmen.

Magazine Salesman No. 1 of this fall season is Harrison H. Appleby of New York, who said he represented the Veterans of Foreign Wars. Detective M. E. Corbett said he went to the home of Mrs. Johnnie Overton on Elm Street yesterday, made his "sales talk" and passed by Mrs. Overton and entered her home.

Police quoted Mrs. Overton as saying she was afraid of the man

Tasty Formula

Tokyo, Sept. 8—(AP)—Want to live to a ripe old age?

Eat millet and wash it down with bean paste soup, advises Professor Masaji Kondo of Tohoku University.

Professor Kondo has just completed a study of the people of Shimazawa village—where practically everybody lives more than 80 years.

They, said Professor Kondo, eat a lot of millet and bean paste soup.

and went to her kitchen to get her checkbook to buy a dollar's worth of magazines, as she described him.

When Mrs. Overton went to the kitchen to get her checkbook, the magazine salesman was right behind her. Later she phoned her husband and he phoned police.

When Detective Corbett and Patrolman Nigh arrived Mrs. Overton told them which way the intruder went. They picked him up and he is charged with trespassing and assault. Police said the magazine prisoner was awaiting arrival of a man named O. M. Edwards, said to be registered at a Washington hotel, to come here and bail him out of jail.

Roadblocks Put Up In Greensboro Area For 3 Men

Raleigh, Sept. 8—(AP)—The State Highway Patrol said roadblocks were put up today at many points around the Greensboro area in an attempt to catch three men believed to have robbed a Virginia bank yesterday.

Three robbers made off with more than \$8,000 from the Farmer's Bank of Elk Creek, Va., yesterday. No one was injured.

The State Highway Patrol said that a 1939 black Ford coupe, whose three occupants seemed "highly nervous," was reported in the Greensboro section this morning.

There were money bags on the back seat of the car, which had W. Va. license plates, the patrol said.

The highway patrol reported that the car was seen several times but that road blocks, put up with the help of a local police, failed to snare it.

Among the points being watched by officers are highway junctions at Burlington, Asheboro, Salisbury, High Point and Thomasville.

Last night a man from Twin Oaks, just south of the Virginia border, reported that he was stopped by three men and asked to push their car, which he was told had become overheated.

The Twin Oaks man said his suspicions were aroused because the car's license plates consisted of Kentucky tags over West Virginia plates.

Play On Friday

Greenville High's Phantoms will open their 1948 season here Friday night at Gray Smith Stadium at 8:00 p.m. The Jacksonville High School will furnish the opposition for the young Phantoms. Originally the schedule called for the Greensies to open their season in Edenton on the 17th.

The strength of this year's Greenville team is hard to determine. Losses from last year's team were heavy but this year's squad is making up their lack of weight and experience by hard work and great spirit.

German Witness An Author Who Write Nothing

Nuernberg, Germany, Sept. 8—(AP)—Col. Werner von Geldern Crisendorff, liaison officer between the German high command and the Foreign Office during the war, was a witness in the ministries war crimes trial today.

The testimony: U.S. Prosecutor Robert M. W. Kempner: "Your job?" "Army officer."

"No, your present occupation?" "Author."

"What have you written?" "Nothing."

"How then do you become an author?"

"Through the English."

"How did the English make you an author?"

"When they held me as prisoner, they asked my occupation. I said I was an army officer. They said I couldn't be one now so how would I like to be an author. I said I wouldn't mind."

Seek Motive For Slaying Of Girl

Jefferson, N. J., Sept. 8—(AP)—Police sought today to find some motive for the slaying of 16-year-old Alberta Sharp.

The girl's body was found yesterday in an abandoned gravel pit near her father's Gloucester County truck farm. Police said she had been shot in the neck and brutally beaten.

The pretty second-year high school pupil disappeared Sunday night after leaving a Jefferson ice cream store where she was employed as a soda fountain clerk two nights a week.

An autopsy performed last night by Dr. J. Earl Wentzell, Gloucester County coroner, disclosed the girl had not been criminally assaulted. When found, the body was fully clothed.

Camden County Prosecutor E. Milton Hannold said a single rifle bullet entered the girl's neck and lodged in the base of the chin. The head was bludgeoned so unmercifully the bullet wound was almost obliterated, he said.

Police are on the lookout for an automobile which was seen in the lane leading to the gravel pit a short time before the girl's body was found.

Edward Ballinger, a farmer, discovered the body yesterday, ending a tireless search of the barren Gloucester county countryside by state police, county authorities and civilians.

Funeral Friday For Mrs. S. H. Williams At Home Of Her Son

Funeral services for Mrs. Samuel H. Williams, who died at her home on West Fourth street, here yesterday, are tentatively set for 10:30 a. m. Friday at the home of her son Dr. Samuel H. Williams, Jr., West Second street, Washington. The funeral hour is contingent upon arrival of another son Capt. James Edwin Williams, U. S. Army, who is en route from his station in Germany by special plane. Burial will follow in Oakdale cemetery, Washington.

The services will be conducted by Rev. C. Freeman Heath, pastor of First Methodist Church, Washington and Rev. Robert W. Bradshaw, pastor of Jarvis Memorial Methodist Church.

Mrs. Williams was born in Washington September 29, 1891, the daughter of William H. and Martha Lewis Rhodes. All of her girlhood was spent in Washington where she was a member of the First Methodist Church. In June 1916 she married Samuel H. Williams and continued to live in Washington until 10 years ago when they moved here where her husband is president of the Greenville Fertilizer Company. Since moving to Greenville she has been a member of Jarvis Memorial Methodist Church. She was a member of Chatham Book club and enjoyed a wide circle of friends here and in Washington.

Survivors, in addition to her husband, include two sons, Dr. Samuel H. Williams Jr., Washington, Captain James Edwin Williams, U. S. Army now stationed in Germany; two sisters, Mrs. C. E. Jordan and Mrs. F. B. Justus, Norfolk, Va.; two brothers, E. P. Rhodes, Washington, and Ronald Rhodes, Norfolk, Va., and three grand children.

Brothers Facing 20-Year Term In Fatal Shooting

Kenansville, N.C., Sept. 8—(AP)—Two brothers face 20 years each in prison on manslaughter convictions in the fatal shooting of Harry Anderson at Bowden last February. A Duplin Superior Court jury returned the manslaughter verdicts yesterday against Joseph and Tony Pinyacello, ending a 7-day trial.

Judge Henry L. Stevens imposed sentence, the maximum penalty for manslaughter.

The wives and sisters of the defendants started sobbing after the verdicts were returned.

State Sen. Rivers Johnson of Warsaw, after the verdicts were returned, asked the jurors for a poll on counts of first and second degree murder against each of the brothers. The jury then returned verdicts of innocent on each of the charges for each defendant.

Offer Firemen's Nerves Relief From Fire Alarm

New York, Sept. 8—(AP)—A new fire alarm system, designed to ease the strain on the jangled nerves of city firemen, goes into effect today.

Formerly, every alarm—an average of 250 a day—sounded in every firehouse, with the firebell clanging an average of 80 times for each alarm.

This clanging, the department said, has been a "decided factor in

Mercury Drops In Part Of U.S.

Chicago, Sept. 8—(AP)—Temperatures tumbled over an area extending from northern Ohio westward to the Pacific coast today but not and humid weather continued in the South and most of the eastern states.

The mercury dropped into the high 30s and low 40s early today over parts of the cool belt. At the same time the readings over Texas were around 80. Yesterday's high mark in Texas was 102 in Laredo.

Hiding Places For Whisky Are Artful Products

High Point, N.C., Sept. 8—(AP)—Sheriff's deputies in this furniture manufacturing center say some of the whisky hiding places they have come across recently do credit to the cabinetmakers art.

Recently they found a clothes wardrobe finished in mahogany to match a four-poster bed. A button in the wardrobe released a catch and allowed the front section, clothes and all, to fold away. That revealed a row of shelves with 80 bottles of whisky.

So carefully built were the whisky compartments in the six-inch fake back that violent shaking of the wardrobe produced not the slightest rattle. Officers estimated it cost about \$800 to build the wardrobe.

Two other prices of double-purpose furniture also have come to light. An upholstered club chair had arms that lifted up to reveal compartments that would hold half a case of whisky apiece. Several folding chairs had whisky compartments.

Tobacco Meeting Set For Wilson

Raleigh, Sept. 8—(AP)—U. S. Department of Agriculture officials have been invited to attend a tobacco conference at Wilson October 28, which the State Grange will sponsor.

Grange Master Harry Caldwell said the conference will discuss reports that Marshall Plan funds are being used to buy Turkish and other foreign-grown tobaccos for countries which normally use flue-cured tobacco.

Global Social ...

(Continued from Page One)

however, Britain herself likes her Royal House, which thus far hasn't presented any ideological problem for her Socialist government.

Of course Royalty and the extreme political left don't mix. We saw what happened to young King Mihai of Romania when the Communists gained control of his country. They ousted him. Here it may be said that a totalitarian party can be quite as oppressive as an absolute monarch.

However, both the Netherlands and Britain at the moment are politically close to the middle-of-the-road, and they find no inconsistency in maintaining Royal Houses. The same is true of most of the other constitutional monarchies of Europe today. The autocracies have been ditched.

This trend among the constitutional monarchies naturally can't be taken as conclusive of what the future will produce. The one thing we do know—and we shall be smart not to forget it—is that the world is in the midst of a social upheaval which is going places. However, we might not be far out in concluding that the global political trend is toward a middle-of-the-road set-up in which all hands will get a fair break.

The word "ton" is derived from "tun," the name of a large cask in which wines were once shipped.

ABC On Berlin ...

(Continued from Page One)

sian sector. They're members of the Socialist Unity Party, made up of Socialists and Communists controlled by the Russians.

So we may yet see two separate assemblies, each claiming to be the only lawful one, trying to work in Berlin. That would add to the confusion.

The confusion started some time ago among the four military governors in Germany. The top representative of each of the four occupying powers is called a military governor.

They had met more or less steadily since the war's end to work out plans for getting Germany on its feet. Their relations grew steadily worse. Last March the Russian governor said the meetings were useless.

He did more. He said the Americans, British and French no longer, by train or truck, could send supplies from their zones of Germany into their sectors of Berlin.

If this blockade had worked the Americans, British and French in Berlin would have been starved out and would have been forced to quit the city and leave it to the Russians, a rich prize.

At first it seemed it might work since Berlin is entirely within the Russian zone and is surrounded by Russian troops.

But the Americans got around the land blockade by sending in supplies by plane, an expensive job. They're still doing it.

The City Hall raid was just one more Russian effort to make life in Germany unhappy for Russia's wartime allies.

Strength FOR THE DAY

BOOK OF BOOKS
As Sir Walter Scott lay on his
deathbed, he said: "Bring me the
book." They asked him which book,
and his answer was, "There is but
one book—bring me the Bible."

This was not the frantic attempt
of a man who had long neglected
spiritual realities to settle matters
between himself and God at the last
minute. Throughout the whole of
his life Sir Walter had been devout
in the finest sense of that term. He
was the kind of man in whom we
can well believe that the Lord takes
delight. So he knew what he was
talking about when he called for the
Book. He had known much trouble
during his long weary years, and
the Bible had comforted him. He
had attained great fame, and the
wise counsel of God's Word had
kept him humble. He needed cour-
age often, and he found it set forth
on the sacred page.

"The word is a lamp unto my feet,
and a light unto my path" (Ps. 119:
105). "All Scripture is given by in-
spiration of God, and is profitable
for doctrine, for reproof, for cor-
rection, for instruction in righteous-
ness" (II Timothy 3:16).

"There is but one book," cries this
man who was so truly good. It had
been Scott's staff on the pilgrimage
his lamp in seasons of darkness. On
his deathbed he cried for the Book
that it might extend him its good
benediction.

Around Capitol Square

By LYNN NISBET

RESPONSIBILITY—Several in-
cidents have occurred within the
past week to raise the issue of re-
sponsibility of persons holding of-
ficial positions within the Demo-
cratic party organization, as related
to the whole question of party reg-
ularity. Discussion was set off by the
statement of William J. Primm, Jr.,
assistant to National Chairman
Howard McGrath, that members of
the national executive committee
who have openly affiliated with the
State's Rights party should resign
their places on the committee. It
was accentuated by announcement
that Miss Beatrice Cobb, national
committeewoman from North Caro-
lina, is leaving next week for out-
side the United States until after the
November election.

RESIGNATION—Substantial ele-
ment in the state Democratic party
thinks Miss Cobb should resign her
position on the national committee
since she will not be able to assist
the election campaign. Point is made
that if ever a committeewoman or
committeewoman is needed on the job
it is during the quadrennial presiden-
tial election periods. Other times
the state organization is expected to
carry the ball, although election of
senators and representatives in the
congress can be as important as el-
ection of a president.

EFFECT—Miss Cobb has indicated
she will not resign, because top folk
in the national committee have said
it might look like refusal to go along
with the Democratic platform and
might be construed as a slap at
President Truman. On the other
hand, many party loyalists argue
that appearance of "running out" on
the campaign might be construed as
more significant than resignation,
since the place could be filled by
someone who would really lend a
hand in behalf of the whole ticket.

DISTINCTION—There is vital dis-
tinction between persons in official
position within the party organiza-
tion and rank and file members.
There was no intimation in the
Primm statement that anybody
should be "read out of the party."
There has been no intimation that
Miss Cobb is not a true and loyal
Democrat. It is known that she has
arranged to have absentee ballots
mailed to her and she will vote the
straight ticket from president down
to constable of her township, just
like the Democratic primaries and
conventions nominated them. As a
member of the party she can do the
job from Europe or Asia as well as
from North Carolina. Some party
leaders point out she cannot from
those points discharge the obligation
of a national committeewoman in
promoting the party's cause.

BOLTER—Governor Strom Thur-
mond of South Carolina, one of the
national committeemen singled out
by Primm, insists he is not a bolter
and has pledged support to every
South Carolina state candidate on
the regular Democratic ticket. As
candidate for the president in the State's
Rights party he is actively oppos-
ing re-election of President Truman
which is the primary objective of
the national committee to which he

McNaught Syndicate, Inc., N.Y.C.

Boyle's Column

New York —(AP)—Trellis Mae
Peeble, like any other housewife,
often complained that "woman's
work is never done."

And like any other husband—
Wilbur Peeble could never under-
stand why.

After all, didn't he get his work
done at the office? Sure.

Sometimes he got a little weary
of hearing his wife complain she
had more to do than clean out than
Congress, more floors to sweep than
a street cleaner on roller skates. And
he got particularly tired of hearing
her complain about the time she
spent doing the laundry and wash-
ing the dishes.

"Okay," he would say, "then we'll
start eating out of a trough. We can
hose it down after every other meal."

But this remark rarely cleared
the air. It only brought into his
wife's eyes a look of quiet murder.

It was Wilbur's contention that
any woman could cut in half the time
she spent doing housework if she
only organized her tasks.

Reading his Sunday newspaper
the other day Wilbur came across a
story by a man who had proved this
to be true. He was a young Navy
commander whose wife had broken
her ankle. For five weeks the com-
mander had run his home and of-
fice both.

Wilbur read a few paragraphs re-
counting this man's victory over wo-
men's age-old problem of house-
cleaning, and how easy he had
found it by discovering time-saving
short cuts. With a yelp of joy Wil-
bur tossed the paper over to his wife.

beauty contests, selection and crown-
ing of apple king and queen, the
square dance for which the commu-
nity is famous, salvaged a successful
show. Co-incidental meeting of the
Western North Carolina weekly
newspaper association and the an-
nual Playford-Redden barbecue were
added drawing cards to bring hun-
dreds of visitors who just ignored the
rain.

PERTINENT—One window display
so pertinent it was almost im-
pertinent. A cellophane parasol
covering an exhibition of fine Hen-
derson county apples bore the in-
scription: "In Hendersonville the
Apple Reigns." A visitor caught with-
out a raincoat tersely quipped: "Bad
spelling."

SUCCESS—Despite the abandon-
ed parade and other outdoor activi-
ties, sponsors refused to call the
Apple Festival a failure. Inside

drew the plans for the house, which
bears a resemblance to the non-
classical Monticello, Jefferson's own
residence. James Hoban, designer of
the White House, and supervising
architect of the Capitol, supervised
its construction.

The house, with its seven state-
ly Roman Columns facing Bull Run
Mountain to the south, was complet-
ed in 1823. Monroe visited there in-
termittently during the two remain-
ing years of his presidency and then
made it his home until the death
of his wife in 1830.

Some scholars believe that it was
at Oak Hill that Monroe drafted the
hands-off policy that bears his name
and which was the bulwark of our
foreign policy for more than a cen-
tury. The estate still remains about
the same size as its original grant.
The main house contains at least
seven pieces of Monroe furniture.
There are also many other places
owned by President Washington,
James Madison and Jefferson, and
two exquisite marble mantel pieces,
gifts of Lafayette to Monroe.

I was one of those curious visitors
poking through the old mansion.
The rooms were permitted to see
were a chamber, dusty and dishe-
veled, with plaster on the floor.
Remnants of furniture were cov-
ered with old sheets. The beauti-
ful old mirrors and handsome crys-
tal chandeliers were clouded with
grime.

Paid His Fine Nine Years Late

Santa Rosa, Calif.—(AP)—Nine
years ago Justice of the Peace L.
E. Fulwider fined a man \$50 for a
traffic violation. The man moved
out of the state without paying it.
Then the other day he turned up
after his unpaid fine had been
found in the records when he tried
to obtain a driver's license.

He said he had thought all along
that his wife had paid it nine years
ago. Judge Fulwider accepted the
explanation—and the \$50.

Tin was one of the earliest metals
discovered and is mentioned several
times in the Bible.

Smokey Says:

One Clue, But It Was Sufficient

Kansas City—(AP)—Police found
it rather easy to trace a driver
after a recent accident near here.
Edward M. Nytor of Lansing,
Kans., reported that his car had
been side-swiped and forced off the
road by a vehicle which, he said,
failed to stop after the accident.
The only tangible clue to the
identity of the driver was his auto-
mobile license tag, which apparently
fell off the car in the impact.

Labor Shortage Is Underscored

Sydney—(AP)—Sydney firms, short
of labor, are offering jobs to mi-
grants by radiogram. As a migrant
ship nears Australia they send "jobs
vacant" radio messages to the ships
for display on notice boards.
A few months ago staff-hungry
employers met ships coming to Syd-
ney. Several found, however, that
other employers had got there first.

Sumatran Beauty Stars In Movie

Singapore—(AP)—Kasma Booty,
the South Seas' first film star, has
completed her second picture. It's
a mystery film called "Chinta"—
or in English, "Love."
The 16-year-old Sumatran beau-
ty's first film, "Chempaka," set at-
tendance records for Malay-langu-
age pictures. She was rushed into
"Chinta" to take advantage of her
box office appeal, unprecedented for
a Malay star.

Colored News

We are asking all members of
York Memorial A. M. E. Zion Sun-
day school to be present Friday
night to hear Rev. King of the A.
M. E. Zion Church in Farmville.
The members of the Sunday school
and the Golden Link club will have
charge of this service. Miss Helen
King will sing a solo and there will
be an address by Mrs. Mary L. Vines.
The public is cordially invited.

The Missionary Union will meet
with Corner Stone Baptist Church
Sunday afternoon at 3 o'clock. Every
church affiliating with this union is
expected to be present.

Miss Mae W. Braswell of New
York City is spending a few days
vacation with her mother, Mrs. A.
B. Taft.

The members of the Missionary
Circle of Sycamore Hill Baptist
Church wish to express their ap-
preciation to the many members
and friends of the church for their
financial cooperation in their re-
cent drive to aid the sick and un-
fortunate.

Friends of Mrs. Anna Carr will be
interested to learn that she is still
very ill at this writing.

Mrs. Mamie Hall spent last
Thursday and Friday with the
Braswell sisters in Rocky Mount.

Friends of Mrs. Mary Hymah will
regret to learn that she is ill and
is at Dr. Kelly and Battle clinic.

Miss America Pageant In Swing; No Bathing Suits

Atlantic City, N. J., Sept. 8.—(AP)—The 1948 Miss America pageant headed toward some sort of a record today—the 55 highly touted contestants hadn't appeared officially yet in their bathing suits.

Full-length evening gowns were the official costume proclaimed by contest authorities as the competition opened with its big Mardi Gras parade yesterday. Today's program called for a show only of talent, with other displays scheduled for succeeding days until the new Miss America is named Saturday night.

The fully dressed beauty parade traversed two crowded miles of boardwalk yesterday under a broiling sun which worried cream-skinned blondes.

Some of the 55 contestants came prepared with parasols, but a number were troubled later with unwanted sunburn after two hours of parading.

The contestants moved along the boardwalk in specially decorated rolling chairs interspersed among 19 motor-driven floats and 19 bands and bugle corps.

Last year's winner, Barbara Walker Hummel, was carried on a float resembling a queen's court. She sat on a golden throne under a canopy of purple and white, acknowledging the cheers of the crowd of 100,000.

Spectators jammed both sides of the boardwalk, hung from billboards, hotel windows and sun decks for a view of the beauties. The parade was just the preliminary to four nights of hard work for the girls.

Before the Saturday night final the girls—who came here as sectional winners from throughout the United States, Canada, Hawaii and

How Dimes Spent

New York, Sept. 8.—(AP)—The March of Dimes fund of the National Foundation for Infantile Paralysis spent \$4,675,971.39 for polio research, education and emergency epidemic aid during the seven-month period ending Dec. 31, 1947.

This was reported yesterday by the Foundation, which said there have been 81,336 cases of infantile paralysis reported in the last five years, compared with only 31,993 cases reported in the previous five years.

Some of the increase, the Foundation said, "may be due to greater knowledge of polio, more accurate diagnosis of the disease and to greater diligence in reporting incidence to the health authorities."

Puerto Rico—will be judged on their talents as well as appearance. The first prize will be one \$5,000 scholarship, and the 14 runnersup will share an additional \$20,000 worth.

Mebane Minister New Moderator Of N. C. Synod

Montreat, Sept. 8.—(AP)—The Rev. N. N. Fleming of Mebane is the new moderator of the Presbyterian Church's North Carolina Synod.

The Mebane minister was named on the first ballot at the opening session of the annual meeting here yesterday.

The synod also endorsed the Allied Church League campaign against alcoholic beverages. The delegates refused, however, to place the organization of the synod budget but recommended voluntary support by all churches.

The meeting continued today. Dr. E. E. Gillespie, of Greensboro, who has headed the synod's home mission work for the last 31 years, was expected to announce his retirement from his post during today's session.

Debate Benefit Of Spy Inquiries Congress Stages

Youngstown, O., Sept. 8.—(AP)—Do Congressional spy investigations serve a good cause in the United States?

To Sen. J. Howard McGrath (D-R.I.) and Jonathan Daniels, editor of the Raleigh, N. C. News and Observer, the answer is no. But Rep. Karl E. Mundt (R-SD) and Sen. Homer Ferguson (R-Mich) say they do.

An "town hall of the air" broadcast (ABC) last night sponsored by the Youngstown Vindicator, Mundt, a member of the House un-American activities committee, said:

"They (Congressional spy probes) are as much in the national interest as investigations by the Federal Bureau of Investigation to detect and avert such crimes as kidnapping."

"The public had been permitted to enjoy a false sense of security entirely ignorant of the fact that Communist spy penetrations had been operating—and undoubtedly are still operating today—in highly strategic positions of the federal government."

Senator McGrath, Democratic National chairman, said spy activities are the proper concern of the FBI and that Congressional committees serve only to spoil its work.

"The Congressional investigations," he said, "have brought fourth no facts or personalities that were not known and adequately dealt with by the executive branches of the government."

Senator Ferguson, head of the Senate investigation committee, spoke from Detroit. Senator McGrath talked in Washington and Mundt and Daniels addressed the Youngstown meeting.

Hill-Billy Singer In Politics Was Grocery Target

Kingsport, Tenn., Sept. 8.—(AP)—Eggs, fruit, and vegetables were hurled at candidates Roy Acuff and B. Carroll Reece, Republican National committeemen, at a political rally here last night.

Acuff, the Hillbilly singer and Republican candidate for Governor, was struck by a grapefruit. Reece, who is running for the United States Senate, was hit by an unidentified missile.

Other missiles striking near Reece scattered the suit of the former Republican National Chairman.

"One sustained shower of the missiles descended on and about the speakers platform and the culprits vanished into the crowd," reported police Chief Charles Still.

Negro Girl Died Of Sheer Neglect Says Pitt County Coroner

By CHESTER WALSH
Vanilla Jenkins, 19-year-old Negro girl, who lived on the Faccett farm, near Grimesland, died last night of sheer neglect, Pitt County Coroner Griffin H. Rouse said today.

The coroner said the woman had been ill, that she saw a physician about two weeks ago and took some medicine. Later she went to a doctor in Washington, who gave her a prescription. She did not have enough money to pay for it, did not take what the doctor prescribed, and she died.

Coroner Rouse, one of the most neighborly and good-natured men in this county, his friends say, was touched by the sadness of this case. He said, "Did you ever notice how many people go to funerals? Well, I'll tell you, my observation is that there are a lot of folks in this world who need the assistance of people while they are sick and still living. You can do a friend, acquaintance or neighbor more good with a bowl of soup or something else to eat and some medicine while they are still alive than you can with flowers at a funeral."

At one time coffee was sold as a medicine and advertised as a cure for many human ailments.

The Chinese regard a child as one year old at birth, and two years old on his first anniversary.

Inquest Murder Victim Tonight

Coroner Griffin H. Rouse will hold an inquest at the Courthouse tonight at 7:30 into the death August 15 of Jasper Clemmons, 45-year-old Negro tenant on Hubert Simmon's farm in Pactolus Township. District Solicitor Dick Bundy will sit in on the hearing.

According to Sheriff Ruel W. Tyson, Levy Haywood Clemmons, Negro tenant on the same farm, but no kin of the dead man, shot Jasper Clemmons while he was in his parked car on the Mason school dirt road, and that when the victim of the shooting fled into woods, Levy Haywood Clemmons followed him as he ran and fired four more bullets in his body, three of them in the back.

Sheriff Tyson and State Highway Patrolman S. G. Gibbs sent the prisoner's pistol and bullets from the dead man's body to the FBI in Washington, D. C., and they said the bullets were fired from Clemmons' pistol. He was arrested last Saturday.

If one female fly started a line of "hatch-proof" eggs they would produce 131,000,000,000,000,000 descendants within six months.

Toll Rises To 5 In Candy Factory Blast

Chicago, Sept. 8.—(AP)—The death toll in yesterday's explosion and fire at the E. J. Brach and Sons candy factory rose to five today.

Milton Seidel, 57, a worker, died in Loretto Hospital today of injuries. Sixteen persons remained in hospitals for treatment of burns or injuries suffered in the mysterious blast and flames.

Patterned for the Particular
and distinguished by DYNAFLOW DRIVE

If you're the kind of person who liked to look behind the labels when you buy, then you're the very person for whom this brawny ROADMASTER was conceived.

We made it big not just for show, but for the very practical benefits in riding qualities to be obtained from bigness.

We gave it our huskiest power plant not simply to get impressive horsepower ratings, but to provide the brilliant action we think a fine car should have.

We mounted each wheel on its own soft, coil spring not merely out of tradition, but

because such springing lays the basis for more uniform comfort for back-seat passenger and driver alike.

We made handling light with a woman's touch in mind, provided deep, soft cushions and smart interior finish in the interests of gracious hospitality.

And finally we reserved for this, the largest and finest of all Buicks, the newest and silkiest form of power transmission.

Only Buick ROADMASTER of all cars on the road has Dynaflo Drive—only this strapping carriage, patterned for the particular

in all details, has the drive in which flowing oil replaces both the usual clutch and the familiar low-second-high gear sequence.

From such things has come a swing to ROADMASTER which makes prompt action advisable in placing a firm order. Your Buick dealer will accept yours either with or without a car to trade.

When better automobiles are built BUICK will build them

Pennant Fever Spreads In Pittsburgh Followers

By RALPH BODEN
Associated Press Sports Writer
Pennant fever is spreading throughout Pittsburgh today for the first time since 1938.
Not since the Pirates blew the pennant to the Chicago Cubs ten years ago in the last week of the season has a Pirate entry been a strong contender for the flag at this stage of the race.
The flag hungry Pirates are in second place today, four games behind the league-leading Boston Braves.
Manager Billy Meyer's hustling crew wrested the runner-up slot from the Brooklyn Dodgers last night, beating the floundering St. Louis Cardinals, 6-2. The Dodgers, who were idle, trail the Pirates by 30 1/2 of a percentage point.
The Pirates have a tough road ahead as only four of their remaining 27 games will be played at Forbes Field. Of their 23 games away from home, 13 of them will be against pennant contending Boston, Brooklyn, St. Louis and New York.
However, obstacles have never bothered the Pirates in the past and Meyer's collection of castoffs figures to be very much in the running the rest of the way.
The venerable Fritz Ostermuller, one-time property of both Brooklyn and St. Louis, topped the Cardinals on seven hits last night as the Pirates made it three in a row over the Cardinals.
Ostermuller held the Cards scoreless until the ninth when Don Lang followed a single by Stan Musial with his fourth home run of the season.
Musial, in the midst of his worst batting slump of the season, lined into a triple play in the first inning. Al Schoendienst walked and Marty Marion singled to start the game. Musial who failed to hit in eight trips against the Pirates on Labor Day, then lined to shortstop Stan Rojek. Rojek stepped on second to double Schoendienst and fired to Johnny Hopp at first time to triple Marion. The three-play killing was the second of the season for the Pirates.
The applause of 36,136 fans had no chance to subside as the Pirates quickly pushed a run home in the bottom half of the first. Rojek was hit by a pitched ball, moved to second on a ground out. The Pirates scored it up in the second, nicking starting and losing pitcher Jim Hearn for two runs on doubles by former Card Clyde Klutts and Rojek and a one-bagger by Hopp. The victory was the Pirates' 12th over the Cards in 19 games.

Tab Winner

Greensboro, Sept. 8 — (AP)—North Carolina's Tar Heels are the choice of the Southern Conference sports writers association to capture the circuit's top football crown.
Writers and sportscasters of the area gave all but one top vote to North Carolina, the association's executive secretary, Smith Barner of the Greensboro Daily News, announced today.
Only South Carolina drew a No. 1 ballot away from the North Carolinians.
William and Mary, last year's conference champion, was rated No. 2 this season.
Duke was placed third, Maryland fourth and Wake Forest and South Carolina tied for fifth.

Gambino Reports To Colts' Camp

Baltimore, Sept. 8 — (AP)—Lu Gambino, big, high-scoring halfback from the University of Maryland, reported to the Baltimore Colts of the All-American professional football conference today.
Lu signed a one year contract at an undisclosed figure yesterday after Maryland officials gave up hope of having him declared eligible for another year of football.
The Southern Conference Executive Committee ruled last week that his one year on the Indiana varsity in 1942 and his 1946 and 1947 football years at Maryland were all that he could play as a collegian.
An attempt was made to have the other 15 schools of the conference hold a special meeting to discuss the affair, but the necessary two-thirds declined to ask for such a meeting.
Both the Colts and the Chicago Bears of the rival National League were after the 200-pounder who scored 114 points in 11 games last season.

Musial In Slump But Leads Loop In Batting Mark

New York, Sept. 8 — (AP)—Stan Musial of the St. Louis Cardinals, although in the midst of his worst batting slump of the season, continues to lead the National League hit parade by a comfortable margin.
The Cardinal cloutier dropped from 382 to 369 as he collected only four hits in 28 trips to the plate during the past eight days according to figures including Monday's games.
Musial's outfield mate, Enos Slaughter, retained his grip on second place with a 335 mark. Rookie Richie Ashburn of the Philadelphia Phillies, out for the rest of the season with a hand injury, trails by two points at 333.
Boston's candidate for rookie of the year honors, Alvin Dark, tacked eight points to his average and is in fourth place at 331, a point ahead of Chicago's Andy Pafko.

Schroeder Says Sports Writers Hoped For Feud

Los Angeles, Sept. 8 — (AP)—Ted Schroeder, happy to be back home after his latest Davis Cup conquest, has a few words for eastern tennis writers.
"Most of the eastern reporters didn't know anything about tennis when we were concerned principally with stirring up a feud between Frankie Parker and myself," Schroeder told a reporter on his plane arrival yesterday.
He excerpted Allison Danzig of the New York Times and Gayle Talbot of the Associated Press from that sweeping statement, then continued: "As a matter of fact there was no trouble at all between Frankie and myself, and neither of us said anything that would give a wrong impression. Whatever went into the eastern papers on this subject was pure fabrication, and they kept at it the whole month I was back there."

Governors Try One-Shot Hunt

Lander, Wyo., Sept. 8 — (AP)—The governors of Arkansas, Wyoming and Colorado set out today to try and bag an antelope with one shot.
The chief executives—Ben Laney of Arkansas, Lee Knous of Colorado and Lester C. Hunt of Wyoming—led their 12 hunting companions in the annual one-shot antelope hunt.
Each of the hunters had only one bullet in his rifle, and the team bagging the most "pronghorns" wins.

Standings

Rattlemakes do not climb trees habitually, but occasionally some species do.

Brissie Says His Game Leg Will Be Stronger In '49

New York, Sept. 8 — (AP)—Lou Brissie says his left leg will be stronger next year.
There are plenty of baseball people who think it is a matter of time before Lou's Philadelphia Athletics would be one of baseball's present day greats. As it is in his first year of major league pitching this big shouldered war veteran has a record of 13 victories and nine defeats with the Athletics, and is pressing Bob Lemon of Cleveland for American League strikeout honors with 124 compared to Lemon's 127.
All he has to pitch with is his head, his strong left arm, and his heart, for he can't pivot on the fragile, war-shattered left leg.
"No, I'm not satisfied," he said today. "My record is just fair. It should be better next year. My leg should be stronger. Now at the end of the season it gets irritated."
Well it might. He was given up as hopeless in the Appennine Mountains in Italy and finally brought back by a medical corps squad leader who said: "Well, he ain't dead yet. Now if we get him back to the tent in time maybe he can die with something over his face."
He had to plead his baseball ambition to keep the surgeons from cutting off the leg. Then, after 23 operations, he started to pitch, supporting himself with a crutch.
Now 24 years old he stiff-leggedly propels his 215 pounds set on a six foot five inch frame, and pitches with the best of them. He has beaten every club except the Yankees and has 2-1 records over both the other contenders, Boston and Cleveland.

Bosox And Yanks In Crucial Series

Boston, Sept. 8 — (P)—Boston's league leading Red Sox and the New York Yankees clash tonight in the first tilt of an important three-game series that may weigh heavily in the outcome of the American league race.
Both clubs will take into the game impressive records—the Soxers have won 22 of their last 26 and the Bombers have copied 21 of their last 25.
The Sox boast a seven-game win streak—including a clean sweep of the brief five-game eastern swing which preceded their return to Fenway park. The New Yorkers had won nine straight until they dropped the nightcap of a labor day doubleheader with the Athletics.
Manager Joe McCarthy will send Sox ace Joe Dobson after the opener tonight before what is certain to be a Fenway Park sellout crowd of upwards of 34,000.
Owner Tom Yawkey will not allow spectators to overflow onto the field, so the conditions for this vital tussle should be good, although the weatherman has predicted possible showers this evening.
Bucky Harris is expected to send Frank (Spec) Shea after the opener. The battle will be the first of eight remaining on the schedule between the two clubs.

'Ponders' Offer Of Match Site

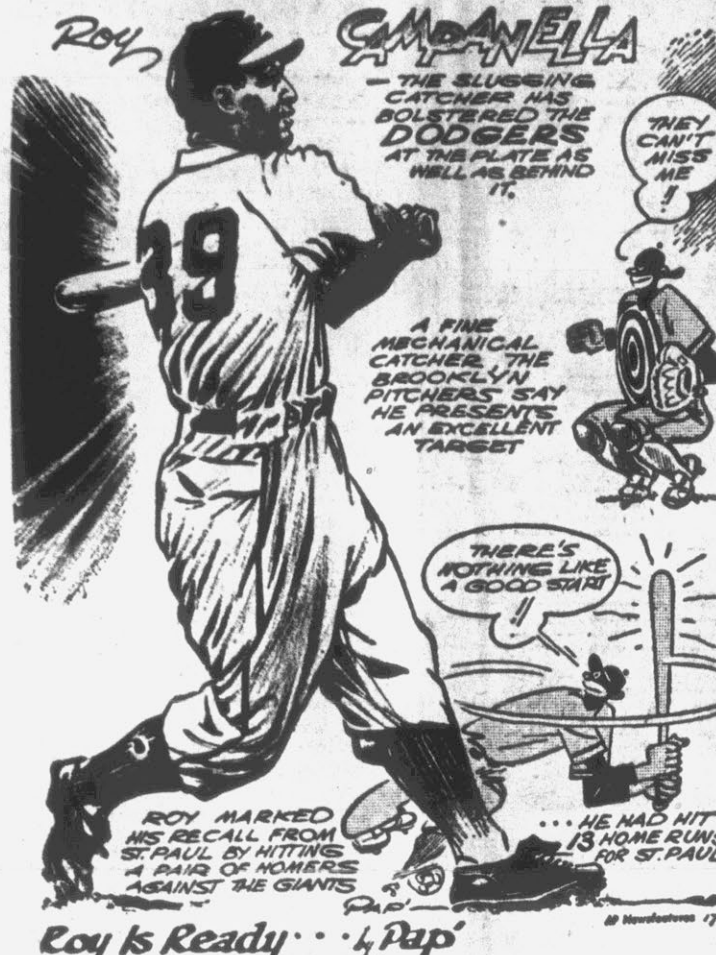

Washington, Sept. 8 — (AP)—The manager of Heavyweight Edward Charles said today he is "pondering" a conditional offer of \$50,000 to make this city the scene of a possible championship match between Charles and the winner of this month's Lesnevich - Walcott fight.
The conditions, said Manager Jake Mintz are these: Charles must win his battle against Jimmy Bivins here September 13 and the National Boxing Association must recognize the winner of the proposed fight as world's champion.
The Texas City, Tex., waterfront explosion killed 468 persons.

Champ-Almost

Bob Davis, freckle-faced and 14, smiles as he holds a glass of jelly he made in his mother's kitchen and which almost won the Iowa State Fair's 1948 jelly making championship at Des Moines. Bob brought eight tempting entries to the fair but a "women only" rule barred him. Officials said the lad's jelly would have won two first prizes. Bob holds junior rifle marksmanship honors and is president of his school science club. He's from Des Moines. (AP Wirephoto).

Sport Slants by Pap

Roy Campanella has established himself with the Brooklyn Dodgers hurlers, and they like to pitch to him. The husky Negro catcher is a whiz when it comes to handling low balls and he presents a nice big target behind the plate. He calls plays and has a great throwing arm—a big league catcher through and through.
Campanella's big bat presents an ever present threat. He got off to a flying start when he was recalled from St. Paul on the eve of the early July series with the New York Giants. Roy pounded out nine hits in 12 times at the bat against Giant pitchers, including a pair of tremendous home runs into the upper left field stands. He is a smart hitter and there are few right-handed National Leaguers who can dump hits into right field with greater finesse.
Roy's whole life has been wrapped up in baseball. Ever since he was big enough to swing a bat he virtually has lived on a baseball diamond. He was playing ball professionally when he was 15. Before he had celebrated his 16th birthday, Roy had junketed all over the country with the Elite Giants of Baltimore. He played ball in Mexico with Jorge Pasquel's Mexican League club, Monterey; in Cuba, Puerto Rico and Venezuela before the Dodgers signed him to a contract and shipped him to Nashua, N. H. He averaged close to 250 games a year combining Negro baseball with winter league ball in the Latin American countries.

'Diamond Dust' Reviews Record Of Greenies At Close Of 1948 Season

By BERT MOYE
Well readers, this column marks the final edition of Diamond Dust for this season; and what a season it has been for the Greenies! For the second year in succession they have ended up in the cellar position. And it is also the third year in which they have ended up in second division play. It all of the 89 losses as against 50 wins, which, incidentally, is the lowest percentage that the Greenies have ended in play since the league was organized in 1934.
In this final column of the season I shall try to give you a picture of the Greenies during the current season as taken from records kept by myself during the season, and as the saying goes the records speak for themselves and figures do not lie.
The season which opened on April 22nd found the Greenies at the bottom of the ladder as they dropped the two opening games to Tarboro. On April 26 they mounted up to tenth place and the next day, April 28, were in a fifth place tie in standings with New Bern and Roanoke Rapids. From April 29 to May 7 they continued in eighth place and then for one day, May 7, were back in seventh place. On May 8th they crawled back into the cellar, a position they held until the 18th when they went up to seventh place. They stayed in seventh place until June 4 when they managed to get into sixth place, then on June 7 found them back in seventh place. They switched from sixth to eighth place from then until July 29th when they finally dropped into the cellar, a position they have been in since and the position which they found themselves in at the end of the season. As you can see from the above they have never been in the first division the entire season.
The Greenville club this year, as in years past, changed managers on three different occasions. Bill Phebus started out at the beginning of the season as the Greenies' manager, a position which he held until June 20 when he resigned. During his stay with the club they won 25 games and lost 35. After Phebus' resignation, Bob Cohen was named temporary manager of the club and filled in this capacity from June 20 to July 16. During his stay as manager the Greenies won 9 and lost 16. The third manager of the Greenies was Kelly Kee, who took over the reins on July 16. Since Kee has been manager the Greenies have won 16 games and suffered 38 losses. It might be well to note here that when Cohen and Kee took over the managership the club at that time was resting in sixth place.
Also during the current season the Greenies changed business managers, with Bob Doty acting as business manager from the start of the season to April 26 and John Adams being business manager from May 26 until the close of the season. During Doty's era as business manager the Greenies had 11 wins and 23 losses. Since John Adams has been business manager the Greenies have won 39 and lost 66.
The record of the Greenies with the other clubs in the league for the past season is as follows: In the lost column they dropped 15 each to Tarboro and Goldsboro; 14 each to Rocky Mount and Kingston; 11 to Wilson; 10 each to Roanoke Rapids and New Bern.
In the win column they defeated Roanoke Rapids 10 times; New Bern and Wilson 9 times each; Kingston and Rocky Mount 6 times each; and Tarboro and Goldsboro five times each. (One of the wins from Tarboro was by forfeit).
During the current season the Greenies have won 26 home games and have lost 44 home games. They have won 24 games away from home and lost 45 away from home.
In the win column they have won 15 games by a one-run margin, 13 by two runs; three by three runs; two by four runs; six by five runs;

Willie Pep Takes On Lightweight

New York, Sept. 8 — (AP)—Willie Pep returns to the scene of his only ring loss in 133 fights Friday night to take on a rough and tumble young lightweight from Brooklyn—Paddy De Marco.
The featherweight champion has met them all in his pro career dating back to 1940 but it's doubtful if he ever has met anybody quite like De Marco.
Paddy never lets you get set. Tireless and aggressive, De Marco swarms, punches, wrestles and bulls his opponent from bell to bell. Of course, he never has been in there with stylish Mr. Pep.
Winner of 31 straight and 32 of 34 since he started boxing in 1945, 20-year-old Paddy scored his most important victories over tough Terry Young in this same ring.
He wasn't old enough to go more than eight rounds the first time he fought Terry Jaan. 30 but now he's 20—and able to go 10. Because he's a lightweight who couldn't make 126 pounds if he had to, this De Marco-Pep scrap will be a non-title go.

lost 8 during the current season. He has won two from Rocky Mount and one each from Roanoke Rapids and New Bern. He has lost two each to New Bern and Tarboro and one each to Wilson, Rocky Mount, Goldsboro and Kingston.
Ken Brooks has four wins against 13 losses. He won two from Roanoke Rapids and one each from Wilson and Rocky Mount. On the other hand he has lost 4 to Rocky Mount, 3 to Roanoke Rapids and two each to Inston, New Bern and Wilson.
The win and loss column of other Greenville hurlers for the season is as follows: Luis Arroyo, 9 wins, 13 losses; Jerry Chitty, 8 losses, no wins; Bill Phebus, won 1, lost 2; Garland Little, one loss, no wins; Kermit Schmidt, one loss, no wins; Danny Lastres, one loss, no wins; Curt Curtis, two wins and three losses; Dante Amoroso, one loss, no wins.
I want to take this opportunity to thank you many readers for the support you have given me in writing this daily column. I only hope that I will be back on the job again next year and that this column will not be written about a losing team but a winner. As soon as official averages for the year come in from the Howe News Bureau they will be carried in the paper for you. So long, everybody.

The holes are put in macaroni by forcing the dough through metal dies containing small holes.

Johnson Finding Answers In Juggling Pirate Line-Up

By BILL LLOYD
The East Carolina Teachers College Pirates began their second week of concentrated practice today, in preparation for their season opener against the Cherry Point Marines on September 17, in Rocky Mount's Municipal stadium.
Coach Jim Johnson gave his men the morning off to register for school, and then sent them through a prolonged afternoon scrimmage, in an effort to "weed the boys from the men."
Franz Holscher of Rocky Mount was given a bit of welcome relief at the quarterback slot today, when Frank Maennle of New Jersey, was shifted into the all important spot. Both are lettermen, but Holscher is expected to get the starting nod from Johnson come September 17th.
The problem of filling in the full-back slot, which was left open when Allen Berry and Henry Borneman withdrew from school last year, seems to be solved in the appearance of Doug Bryant, freshman from Rocky Mount. Starting at halfback, Bryant was shifted to full when he demonstrated his speed was coupled with a bull-headed plunge and shiftiness that is a reminder to onlookers of ECTC's standout, Ellis Fearing. Another Rocky Mount athlete has answered Johnson's call for a capable man to fill the position left by the graduation of Amos Sexton, a standout guard for the past two years. He is Duke Cockrell, a 180 pound lineman who has already won the respect of veteran linemen with his speed and ruggedness.
Both Bryant and Cockrell are the leading contenders at this position. Sandy-haired Jack Hedgepeth, Rocky Mount's gift to ECTC at the pivot position in 1946, and who was kept out of the 1947 campaign because of a serious knee injury is back again and will probably see plenty of action at his old position, barring no further injuries to his troublesome knee.

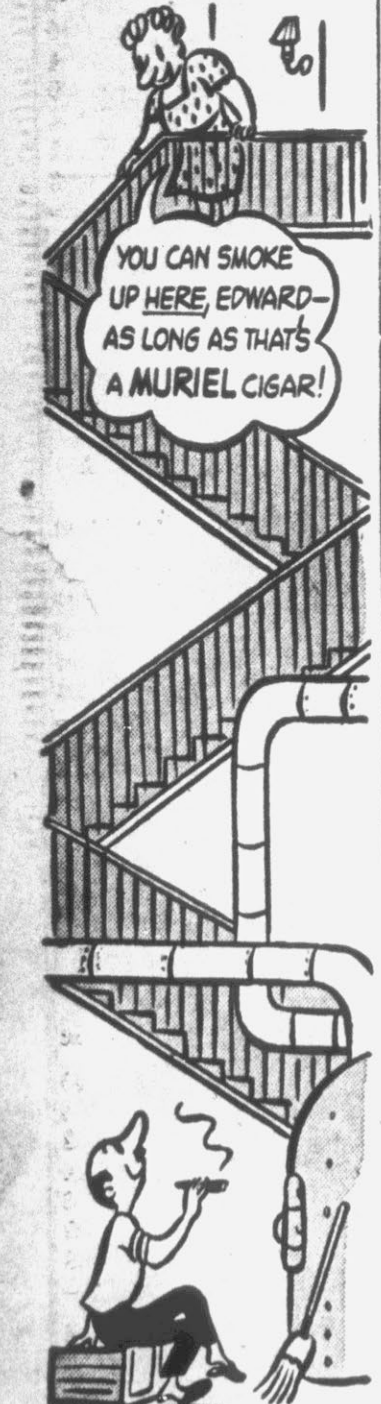

Zale Cautious In Giving Challenger Five Rounds

Chicago, Sept. 8 — (AP)—Middleweight Champion Tony Zale left today for his Jersey City, N.J., battle with Marcel Cerdan Sept. 21 with the uncertain prediction it will take him five rounds to flatten the fancy French challenger.
"I understand Cerdan is a come-on-in fighter," said the sturdy Gary, Ind., beller as he wound up preliminary work for the 15-round title go. "If he is, I'll let him for keeps around the fifth round."
This was quite a change from Tony's pre-fight comment on his rubber bout with Rocky Graziano at Newark last June.
Then, the 34-year old "steel" declared in "manner that he would knock out the then champion three rounds. No ifs, ands, or about it."
And that's exactly what Zale did in regaining the title from the Rock in the finale of their fierce three-bout series.
But Cerdan seems to be a different kettle of ring fish for Tony. He has never seen the Frenchman fight and he is giving Cerdan all the benefit of any doubt concerning the fancy-poking invader's ability to stand up against his crunching two-fisted attack.
"They tell me Cerdan is a better boxer than Graziano," said Tony, "and he's supposed to throw a faster and sharper punch than Rocky."
"If he comes to me, I'll get him."

Boudreau Climbs Nearer Williams' Batting Average

Chicago, Sept. 8 — (AP)—The race for the American League batting crown between Boston's Ted Williams and Cleveland's boss, Lou Boudreau, is as hot as the battle for the league pennant itself.
Williams, who a month ago threatened to make a runaway for his third svast championship, today is only three percentage points ahead of Boudreau. The Beantown slugger dropped one point during the week to 370 while Boudreau gained four to 367.
Thirty points off the pace in third spot with 340 is another Tribesman, Dale Mitchell. Other leaders through Monday's games are Al Zarilla, St. Louis, 325; Bob Dillinger, St. Louis, 319; Luke Appling, Chicago, 316; Hoot Evers, Detroit, and Barney McCosky, Philadelphia, 313 each; Bill Goodman, Boston, 311, and Yogi Berra, New York, 309.
New York state has 290 airports, with about 90 seaplane bases.

Chapter 16

"Smatter?" Buck demanded. "See that horse over there?" McCabe asked, pointing.

Loomis followed Pat's finger, then he nodded. "Uh-huh. What about 'im?" "He's saddled and on the loose. Wonder where 'is rider is?"

They sat in silence for the next minute. . . the riderless horse finally raised his head and whinnied shrilly. Buck straightened up in the saddle.

"Come on," he said and loped forward. Pat followed at arm's length. They rode up to where the other horse waited, then the animal turned and trotted away.

"I got 'n idea he wants us to follow 'im," Buck said.

Again they rode after the other horse. . . they loped southward for a time, then, still following, they went down an incline and pulled up when their guide stopped near a gulch.

Buck swung himself out of the saddle. Pat followed suit. Together they trudged over to the gulch, peered down. Buck stiffened suddenly.

"Smatter?" McCabe demanded. "What'd you see?"

Buck pointed to the ground. There was a trail of blood and they followed it silently. A minute later they found the body of John Snediker.

It was about four o'clock that afternoon when Sheriff Loomis, Deputy McCabe and a third man, a stockily-built man with a leathery face and a thick, sun-bronzed neck that looked like a tree stump, clattered into view from the direction of the road that led to town, cantered past the bunkhouse, glancing fleetingly at a group of Circle-A punchers who were idling in front of it, swerved their mounts and rode off toward the big house. George Akers came striding around the house from the rear. He stopped when he saw them. . . at a word from Loomis the three men rode up to him, pulled up directly in front of him.

"Howdy," the Sheriff said. "You Akers?" "That's right," George answered. "Loomis dismounted. . . at a nod from him Pat and the third man dismounted, too.

"You the Sheriff?" George asked. "Buck flipped his jacket open. . . a silver star that was slightly tarnished was pinned to his shirt front.

"You fellers sure got here in a hurry," George said. "Don't think it's more'n an hour since I sent one of my men 't get you. You musta traveled some."

Loomis and McCabe looked at each other. "You sent 'r us, eh?" Buck mused. "Why?"

"My foreman, Phil Martin's dead," the Sheriff frowned. "Dead?" he repeated. "Y' mean somebody killed 'im?"

"Nope. I think he killed 'imself." "What makes you think so?"

FRESH OYSTERS AT CAPT. B.
Wills and Sons Cafe, 628 Albemarle Ave., Greenville, N. C. 8-3

Grand Jury Indictments For Four In Drugs Case

Los Angeles, Sept. 8—(AP)—Actor Robert Mitchum, Starlet Lila Leeds and two others will be re-booked today on narcotics charges as a result of grand jury indictments issued against them.

The four, including Dancer Vickie Evans and Robin Ford, a real estate agent, were indicted by the county grand jury yesterday on two counts — possessing marijuana and conspiring to possess the drug.

They were arrested last Wednesday when police and federal narcotics officers raided a secluded Hollywood cottage rented by Miss Leeds. Booked on suspicion of violating narcotics laws, they were released on \$1,000 bond each, pending a hearing today on petitions for writs of habeas corpus.

Mitchum, 31-year-old handsome leading man, and the other principals were invited to appear before the grand jury yesterday, but declined to do so. The jurors acted after hearing Capt. Lynn White, head of the police narcotics squad; his assistant, Sgt. Alva Barr, who led the raid; and Jay Allen, police chemist.

Superior Judge Thomas L. Ambrose received the indictments, set bail at \$1,000 each, and ordered the four to be present for arraignment Sept. 15.

Barr described to the grand jury the raid on Miss Leeds' cottage and the seizure of 19 whole and six partly-smoked cigarettes. Allen described their contents as marijuana. "It was not a very good grade of marijuana," the chemist commented. "I would call it a medium mixture."

Pastor Will Ask Church Decision

Fayetteville, N. C., Sept. 8—(AP)—A Baptist minister who believes in legal control of beer and wine sales will ask members of his congregation here tonight whether they still want him in their church.

The Rev. Kenneth M. Lindner said yesterday he was removed as president of the new South River Baptist Ministers conference because of his stand on legal sales.

The minister, who served overseas during World War II as an army chaplain, said he is a total abstemious but believes lawless elements will take over without legal control over beer and wine sales.

Last month, a Cumberland county referendum on whether to continue legal beer and wine sales was won by dry forces.

Lindner said he publicly stated his views on the beer and wine sales at least twice before the county referendum.

He called tonight's meeting of the congregation of the Immanuel Baptist church to recommend that he be asked to resign as pastor.

Tobacco Prices Steady Following Long Weekend

Raleigh, N. C., Sept. 8—(AP)—Futures tobacco yesterday brought steady to slightly higher prices as the markets opened following a Labor Day holiday.

The U. S. and N. C. Agriculture Departments reported slight gains on the middle belt markets. Increases ranged from 1¢ to 3¢ per hundred in most cases.

The report also said some low to good leaf grades gained 1¢ to 2¢ the Eastern North Carolina markets, but losses for other grades cancelled these advances.

On the border belt, the departments reported, most grades held steady or gained slightly. With the increases running between 1¢ and 3¢.

Hunt For Three Bank Robbers Centers In N.C.

Independence, Va., Sept. 8—(AP)—The search for three men who robbed the Farmers' Bank of Elk Creek of approximately \$9,000 centered in North Carolina today.

The robbery occurred shortly after banking hours yesterday when the trio entered the bank, tied and gagged Assistant Cashier Cleve Rhudy and his son, Grover, took the money from the vault and fled. The two men freed themselves and called the police.

Authorities concentrated their search in the area of Twin Oaks, N. C., today after a youth reported seeing a car occupied by three men who resembled the trio of robbers near there.

Zhdanov Dead

Andrei A. Zhdanov, a member of the powerful Politbureau and one of the founders of the Communist Party in the Soviet Union, is dead. Announcement of the death of this leading figure in Soviet and International Communist organizations was contained in a brief bulletin broadcast by the Soviet radio. He had been mentioned as a possible successor to Prime Minister Stalin. (AP Wirephoto).

Medical Tests Prove Grand Relief For Tired, Letdown Feeling

Yes, this is good news for suffering folks who want to regain energy. Better days will be yours, too. So why wait when there is no need to continually feel miserable when you should really enjoy life again.

An appetizing portion of SSS Tonic before meals does wonders for the blood. This famous medicine gets at the seat of the trouble, in nutritional anemia, by building back the blood strength. Thus your blood stream is better able to release energy and freshness to every muscle, fibre, cell. Soon you can tell the difference in the way you feel and look!

SSS Tonic has helped hundreds of thousands of people, without any organic trouble or focal infection, to really feel better, more vigorous, better able to enjoy living. Take none less than this effectively-proved medicine to relieve your misery. Take SSS to build-up your blood strength, whet the appetite, tone-up your stomach. Get SSS Tonic from any Drug Store today.

Rap State Care Mental Patients

Dunn, N. C., Sept. 8—(AP)—Harnett County officials were seeking a showdown today with the state on the admission of a young epileptic girl to the State Hospital at Raleigh.

The Harnett Board of Commissioners yesterday instructed Wilma Williams, county welfare superintendent, to take 12-year-old Fay Yarborough to the Raleigh hospital and to leave her there.

Officials said that the Yarborough family has been trying in vain for a year and a half to get the child admitted to the State Hospital.

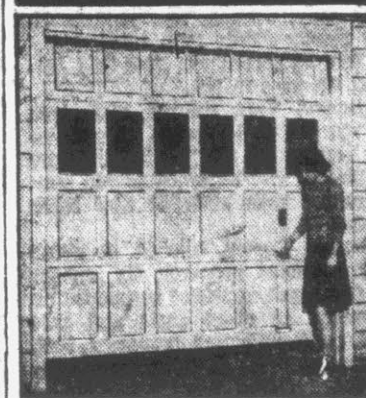

The Harnett commissioners recently adopted a resolution criticizing the state for failure to adequately provide for mental patients.

Governor Cherry replied that the state was doing its best to handle the problem and that emergency cases were being given priority in admission to state hospitals.

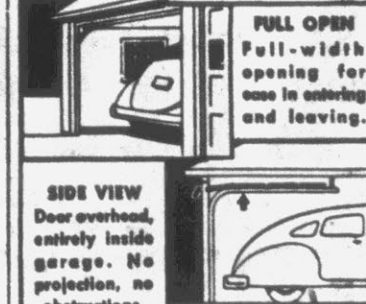

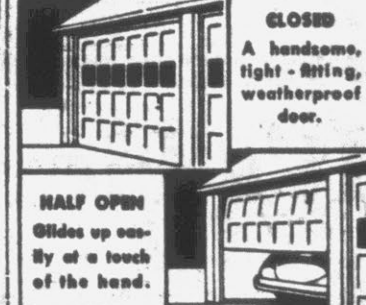

Chairman Fred D. Jackson of the County Board of Welfare said in commenting on the Yarborough child that "if cases like this one, which has been pending a year and a half, isn't an emergency, then I'm at a loss to know what an emergency case is."

According to legend the stimulating effect of coffee was accidentally discovered by an Ethiopian priest who noted that a flock of goats ate some of the berries and then neglected their proper sleep.

GREENVILLE TOBACCO BOARD OF TRADE

Mayor James W. Smith (center), speaking at an overflowing city auditorium at Albany, Ga., extends official welcome to Alice Coachman (arrow), 25-year-old Negro track star who won the Olympic high jump for women. White and Negro civic leaders gathered to praise Miss Coachman

Polish Peasants Feel Red Action

Warsaw, Poland, Sept. 8.—(AP)—The Communists launched a drive today with the avowed aim of destroying "all exploiters and capitalists" among the nation's 13,000,000 peasants.

Reports from usually reliable sources said Communist groups had smashed tractors owned by so-called "rich peasants" in central Poland, and that fences dividing individual farms were being torn down in some areas.

Communist action committees have been sent out to hand peasants the news that their production must be put on a common basis. They also were starting to patch up gaps in the party front caused by what the party leadership has termed "deviations."

Warsaw headquarters, under the leadership of President Boleslaw Bierut, has ordered the Communists to weed out "rightists and nationalists" among the nationalistic-minded peasantry.

Hilary Minc, ministry of industry and commerce, said socialization of farm production will be achieved, but that the cooperation of the peasants must be on their "free will."

He declared that party members who used force against the peasants would be punished.

Woman Charges Man With Entering Home

Jack Ray Moye, colored, is in custody of police under the charge of breaking and entering the home of Ida Mae Latham, colored, 611 Cotanche street, last Sunday morning before daylight.

Police quoted the woman as saying that Moye broke out a screen on a window to enter her house and that he got in bed with two of her small boys to go to sleep. Moye will be tried in police court Friday morning.

Cases Tried In County Court

By CHESTER WALSH
Judge Dunk James disposed of the following cases in Pitt County Recorder's Court Tuesday:

Reckless driving and hit-and-run: George Junior Newton, colored, 60 days on the roads, suspended on payment of costs, and he was ordered not to drive until he gets an operator's license.

Ida Phippen, colored, was given 3 months on the roads for being drunk, disorderly, resisting arrest and assaulting an officer. Judge James suspended sentence on condition that she pay a fine of \$25 and costs and not go to Bethel on a Saturday for six months and she was placed on probation for a year.

Assault with a deadly weapon: Joseph Wooten, colored, two cases, pleaded guilty and was given six months, suspended on condition that he pay \$15 to Dr. Mewborn and \$25 and costs and be of good behavior for two years.

Possession non-tax paid liquor for purpose of sale: Jasper Clemmons, colored, 90 days, suspended on payment of \$50 and not to have anything to do with making liquor for two years.

W. O. Dall, abandonment and non-support, ordered to pay \$15 a month for support of his child.

Larceny: Roy White, continued; Pete Gay, colored, four months on the roads; Eddie Pitt, continued.

Disorderly conduct: Pete Gay, colored, 30 days in jail.

Michael Taft, colored, was given six months on the roads for possessing equipment for the manufacture of liquor. The sentence to run concurrently with sentence now being served.

Bonnie Rogers, colored, disposing of mortgaged property, six months on the roads, sentence suspended on payment of court costs and \$174 to J. L. Peele before January 1, 1949.

Non-support: N. D. Conway, continued.

Rocky Mount Is Site GOP Meet
Raleigh, Sept. 8.—(AP)—North Carolina Republicans will start their eastern district campaign rolling when they meet at Rocky Mount September 16.

The announcement was made here today by the Republican's eastern division headquarters.

The GOP leaders will discuss general political issues, according to a headquarters representative.

Wheat Straw To Make Newsprint

Holyoke, Mass., Sept. 8.—(AP)—Wheat straw has been turned into newsprint which manufacturers say may result in great savings to publishers if capable of running through high-speed presses.

H. L. Kinsley, president of the Kinsley Chemical Co. of Cleveland, Ohio, which developed the process, figures that paper made from 100 per cent wheat straw can be marketed for \$65 to \$72 a ton. Wood pulp newsprint costs in the neighborhood of \$100 a ton.

15 Polio Cases Reported Today

Raleigh, N.C., Sept. 8.—(AP)—One additional polio death and 15 new cases were reported to the State Board of Health today.

The death—of an Alexander County resident—brought the state's death toll for the year to 97. The case total mounted to 1936.

Wake County reported four of the cases, Cleveland County reported three, Alexander two, and the following counties reported one case each: Catawba, Cumberland, Mecklenburg, Onslow, Rowan, and Yadkin.

Resort Protests Contabulary

Myrtle Beach, S. C., Sept. 8.—(AP)—This resort is protesting the placement here of members of the Governor's constabulary.

Mayor Harry Tallevast said today that "our police department is sufficient to enforce the law in our community. x x x There has been conflict between local law enforcement and the constabulary forced upon us by Governor Thurmond. The people here are upset."

Municipal secretary Henry T. Willcox asserted that "we can't understand why he sent them here."

MP's Stoned On Raiding Camp

Frankfurt, Germany, Sept. 8.—(AP)—American military police said today they were stoned yesterday during a raid on a Jewish displaced persons camp at Zellsheim. They said one of the stone throwers was wounded by gunfire.

The military police and American criminal agents arrested 15 camp inmates after seizing 3,000,000 American cigarettes, one and one-half tons of coffee beans, and \$1,300 in American greenbacks.

Police Say Women Fight About Man On Evans Street

Police said a "love triangle" led to a lot of trouble for two persons yesterday. Officers arrested Juanita Jones, 115-B Cotanche Street, and Lovetta Barnes, 110 North Evans

Remember?

Long Beach, Calif., Sept. 8.—(AP)—Ozzie Hamilton Osborne of Long Beach claimed a new flag pole sitting record today.

Osborne, his legs badly swollen from his cramped position atop a pole in an amusement area, clambered down after sitting 52 days, 13 hours and 53 minutes.

Shipwreck Kelly was credited with the former record of 49 days, set at Atlantic City in the 39's. Osborne is a former tight-rope walker.

street, both colored, and charged them with assault with a deadly weapon.

The arresting officer said Juanita was using a fish blade knife and Lovetta had a butcher knife. The altercation occurred outside Webb's Cafe at First and Evans streets. They made threatening gestures, but nobody was hurt, police said.

The two women will be tried in Police Court Friday morning.

New York City has about 600 miles of waterfront.

One leg is stronger and longer in the average human being.

Electricity is being used now on 53 percent of the nation's farms.

Poultry and Eggs

Raleigh, Sept. 8.—(AP)—(NCDA)—Fryers and broilers steady at 34; eggs steady, A large 58.

Grain Market

Chicago, Sept. 8.—(AP)—With the government asking for offers of flour from mills, wheat prices worked higher on the board of trade today.

September corn jumped around erratically, providing most of the market's interest. It had a gain of more than 3 cents at one time, but this was partly lost in late trade. Firmness of September reflected an advance in cash prices.

No. 1 yellow corn selling as high as \$2.06.

Wheat closed 1-1/4 higher, September \$2.22, corn was 1/4 lower to 1 cent higher, September \$1.89. \$1.88, oats were 1/4 lower to 1/2 higher, September 72-72 1/2, rye was unchanged to 1/4 lower, December \$1.54, and soybeans were 1/4-1/2 higher, November \$2.49 1/2.

N.Y. Cotton

New York, Sept. 8.—(AP)—Cotton futures opened unchanged to 30 cents a bale lower.

Noon prices were 15 cents a bale lower to 5 cents higher than the previous close. Oct. 30.66, Dec. 30.66 and March 30.52.

Futures closed 50 to 35 cents a bale higher than the previous close.

	Open	Last	Prv. Cl.
Oct.	30.84	30.94	30.88
Dec.	30.67	30.76	30.69
March	30.52	30.58	30.54
May	30.22	30.32	30.26
July	29.09	29.16	29.13

Middling spot 31.89, up 6.

Hog Market

Raleigh, Sept. 8.—(AP)—(NCDA)

Hog prices irregular. Tops of \$28 at Rocky Mount, Wilson and Fayetteville; \$27.75 at Kinston, Tarboro, Greenville, Goldsboro and Washington.

N.Y. Stock Market

New York, Sept. 8.—(AP)—Stock prices drifted lower today in an unenthusiastic market.

Steel and motors headed the procession down today as they did yesterday. Rails followed. Volume was around 900,000 shares.
