

Partly cloudy tonight and Wednesday. Not much change in temperature.

Army Issues Call For Stevedores On Pacific Coast

Union Ignores Bid; Hiring Halls Bypassed; Termed 'Strikebreaking'

The Army put out a "Help Wanted" sign today for longshore and dock workers but the striking CIO Longshoremen's Union said it will ignore the call.

A spokesman for Harry Bridges, union president, said in San Francisco that the Army had bypassed the hiring hall system and that "it means direct strikebreaking."

Meanwhile, gasoline deliveries to west coast service stations were cut 25 per cent because of a refinery strike and another large AFL teamsters union local threatened to pull off the job in New York.

In the west coast longshore strike the Army had called for qualified dock workers on a "first come first served" basis at 8 a. m. today in San Francisco and said similar calls were being made in other west coast ports.

A union spokesman at longshore headquarters in San Francisco said: "There will be a picket line around the Army employment office this morning and no longshoremen will apply for a job."

Earlier, the union had expressed willingness to handle Army cargoes for the Orient under pre-strike conditions and wages.

The union spokesman said the Army's intention of picking at the post-employment office "means complete bypass of the hiring hall which the Army has used for the past 12 years."

The Army said it decided to deal directly with the union because west coast shipping and stevedoring firms "have declined or have failed to carry out their current contracts to load and transport Army cargo."

The firms have refused to deal with the union until its leaders sign non-Communist affidavits under the Taft-Hartley law.

A Standard Oil spokesman said the striking CIO Oil Workers Union in California retailers had offered to lower its wage demand from 21 cents an hour to 19 cents but that the company had refused. The employers have offered 12 1/2 cents.

Iraq Merchant To Hang For Aid He Gave To Jews

Bagdad, Iraq, Sept. 14—(AP)—One of Iraq's wealthiest merchants, Shafiq A. Agha, today was under sentence of death by hanging on charges that he helped the Jews in Palestine and organized Zionism in Iraq.

The military court which convicted him yesterday also fined him 6,000,000 dinars (about \$20,000,000). The fine is to be collected at once. The death sentence is subject to approval of the King.

Agha was accused, among other things, of purchasing surplus British army material, particularly arms, and of shipping it to Palestine for use by the Jews. He also was accused of bribing agents in Iraq to create internal disturbances and promote hatred against the government.

Hyderabad Issue Before Council

Paris, Sept. 14—(AP)—The United Nations announced today that the Security Council will meet Thursday on the invasion of Hyderabad by India. The request of Hyderabad, by British Sir Alexander Cadogan, president of the Council for September. It will be the first U. N. meeting in the Palais De Chaillot where the General Assembly convenes next week.

The Italian Colonies

Disposal Of Italian Colonies Is Another Sore Spot In World Relations; Vital In World War II, They Would Be Vital In World War III; Situation Explained

By JAMES MARLOW

Washington, Sept. 14—(AP)—This country and Russia peer at each other out of bloodshot eyes in a world grown gloomy.

Berlin's Russians continue to needle and needle, hoping to get us out. We stand doggedly, refusing to go.

No solution is in sight. The problem may be heated into the United Nations' general assembly when it meets in Paris September 21.

The outcome? No one is predicting that. Maybe more talk, more confusion.

Meanwhile, another sore spot is turning an angry color: The Italian colonies. What to do with them? That ulcerous problem, too, probably will be dumped on the U. N. in Paris. No one at this minute is predicting the outcome of that, either.

But here is an ABC on the problem of the colonies since it's all part of the deepening conflict between this country and Russia.

Part of the bad beating Italy took in World War II was lost to her colonies in Africa. They were cornerstones in the empire the beefy Mussolini had kidded himself he was going to build some day.

Record Republican Maine Vote Is Added Worry For Democrats

Washington, Sept. 14—(AP)—A record smashing sweep by Republicans in Maine combined with New States Rights party pressure against congress candidates to give the Democrats more troubles today.

In Maine, Rep. Margaret Chase Smith won the senate seat being vacated by Senator Wallace White with an unofficial margin of 92,850 votes, more than 10,000 greater than the record GOP victory margin set in the 1928 governor's race.

Mrs. Smith immediately tabbed the outcome as "the forerunner of a great Republican national victory."

With this to worry about, regular Democrats also were faced with new pressure by States Rights supporters to get Dixie senate and congress nominees to come out against the Truman-Barkey ticket.

Far to the south, states rights

supporters who have been fighting President Truman's civil rights program brought new pressure in an effort to force Democratic congressional candidates into their camp.

A highly-placed Democratic official, who asked not to be quoted by name, told a reporter that several house members nominated in Democratic primaries have been threatened with November opposition from the States Rights group unless they desert President Truman.

While this attitude prevailed in some sections, in other States Rights party supporters indicated they will not insist that senate and house candidates come out against Mr. Truman.

Senator Olin Johnston of South Carolina told a reporter it is his understanding that congressional candidates in his state will appear on both the regular Democratic and

the States Rights ticket. Gov. J. Strom Thurmond of that state is presidential nominee of the States Rights group.

Regular Democrats counted on a victory today in the Texas state convention, which was expected to endorse the Truman-Barkey slate despite opposition by the Texas States Rights party.

The convention also faced a decision on whether Rep. Lyndon B. Johnson or former Governor Coke Stevenson should be the Democratic nominee for United States Senator.

The party's state executive committee voted last night 29 to 28 to declare Johnson winner by an 87-vote margin in the million-vote primary runoff here August 28. Stevenson, however, indicated he might carry the contest all the way to the senate if the convention upholds Johnson.

Fills Vacancy

Karachi, Pakistan, Sept. 14—(AP)—Kwaja Nazimuddin, former Premier of Bengal, has been appointed acting governor of Pakistan, an official cabinet announcement said today.

He will fill the vacancy caused by the death Saturday of Mahomed Ali Jinnah, founder and first governor-general of the new Muslim Dominion.

Big Four Divided In Paris Meeting

Paris, Sept. 14—(AP)—The United States and Britain accepted today a French proposal to place Somaliland, a former Italian colony in Africa, under Italian trusteeship.

A conference source, announcing this, said the Soviet replied in the council of foreign ministers that Russia wants all the pre-war Italian colonies placed under Italian trusteeship.

Soviet Deputy Foreign Minister Andrei Vishinsky was quoted as saying, however, that Russia opposes the French proposal because no time limit was placed on such a mandate.

Britain, France and the United States also have agreed on a proposal for study by a committee of experts of any problems arising from the four-power meeting here. This also was a French proposal.

Little hope is held out for any overall agreement on the question of the Italian colonies.

With a scant 24 hours left to reach a decision, delegates of the big four powers are not even agreed on whether they have the power to decide the future of Libya, Eritrea and Somaliland. Russia says they haven't.

If no agreement is reached by tomorrow, the issue automatically goes to the United Nations assembly under the terms of the Italian peace treaty.

Western Envoys In Brief Talk With Molotov

Moscow, Sept. 14—(AP)—The three Western envoys conferred with Soviet Foreign Minister V. M. Molotov for about 90 minutes today.

It was the shortest of all 10 four-power meetings held here since the end of July on the German situation.

This was the first four-power meeting in Moscow since Aug. 30. The three Westerners met among themselves just before they went to the Kremlin. The new meeting followed the return of Francois Seydoux, French political adviser in Germany, with reports on the talks held in Berlin by the four military governors.

Truman Says Nation Is Endangered By Tactics

President Truman assailed congress from a new quarter today with a charge that "some politicians are endangering the nation's safety by 'smear' tactics against scientists."

The House Un-American Activities committee—which he did not mention by name—was the obvious target of Mr. Truman's assertion that atomic experts are being driven from the government in these "hazardous times" by "totalitarian and un-American" procedure.

The President stoked up his feud with the House committee, headed by Rep. Thomas (R-N.J.) in an unexpectedly fiery address last night to the annual meeting of the American Association for the Advancement of Science. He termed the talk "non-political."

"Speaking to an audience estimated by Constitution Hall officials at upwards of 2,000, the chief executive asserted that the country's security requires that scientists work 'in an atmosphere free from suspicion, personal insult or political motivation.'"

Their indispensable work, he continued, "may be made impossible by the creation of an atmosphere in which no man feels safe against the public airing of unfounded rumors, gossip and plain vilification."

"Such an atmosphere," he went on, "is un-American—the most un-American we have to contend with today. It is the climate of a totalitarian country in which scientists are expected to change their theories to match changes in the police state's propaganda line."

A short while after Mr. Truman spoke, Dr. Philip M. Morse announced that he had resigned as head of the Brookhaven National Laboratory partly because of the "atmosphere of suspicion" against atomic scientists created by the House group.

Morse said in Belmont, Mass., that he had quit the atomic post July 17 to return to the Massachusetts Institute of Technology as a physics professor. He emphasized that he is in full agreement with the necessity of investigating workers on atomic projects for security reasons, but he assailed the House committee's "manner" of investigating.

Unofficially tabulated returns from 543 of 621 precincts gave Mrs. Smith 144,952 votes to 47,266 for Dr. Adrian H. Scoblen (D).

Payne, in the same precincts, had 133,877 votes and his Democratic opponent, Mayor Louis B. Lausier of Biddeford, 56,589.

Senator Owen Brewster (R) won reelection two years ago with 63.5 percent of the vote—111,215 to 63,799 for his Democratic opponent. Brewster's majority was 47,416.

Mrs. Smith, who succeeds retiring majority floor leader White, attacked President Truman for "too many blunders" in dealing with Russia and blamed high prices, in part, on his "inconsistent, inefficient" administration.

COTTONSEED MILLS BUSIER. Washington, Sept. 14—(AP)—The Census Bureau reported today that cottonseed crushed in August totaled 173,060 tons, compared with 101,917 tons in the corresponding period a year ago.

New Obstacle As Divorce Granted For Hitchcock

West Palm Beach, Fla., Sept. 14—(AP)—A final decree of divorce opens the way today for the wedding of wealthy Francis Hitchcock and Stephanie Saja, a coal miner's daughter, but Hitchcock must face an investigation for perjury.

Judge C. E. Chillingworth signed the order granting Mrs. Marie Hitchcock the divorce from her polo playing husband, and allowed it with an order which stated that Hitchcock may have perjured himself in obtaining a license to wed Miss Saja before the decree was granted.

Judge Chillingworth declared: "It appears that the plaintiff (Hitchcock) may have at a time several days hereto made application to the county judge of Flagler county for a marriage license, which constituted perjury on his part."

The colonies taken by Britain were Libya in North Africa, Eritrea and Italian Somaliland on the east coast of Africa.

Since those colonies are important, one of the questions after the war was: Who gets them for keeps? That was one for the four big allies—U. S., Britain, France and Russia—to work out in a general peace treaty for Italy.

They worked out a peace treaty for Italy all right but they couldn't agree on the colonies.

The peace treaty was approved September 15, 1947, and the big four said this:

If they couldn't reach an agreement on the colonies one year later—by September 15, 1948—the problem would be left to the U. N. t.

Wallace Wonders At Reception To Dixie Proposals

New York, Sept. 14—(AP)—Henry A. Wallace says "the eggs and the hate" that he met in some communities of the South were inspired by his "constructive projects" for the region.

High on his list of projects is a proposal to spend \$4,000,000,000 in federal funds there in four years "for the good of the people of the South and the good of America."

The Progressive party presidential candidate discussed "the eggs and the hate" last night as he began a series of weekly talks over the National Broadcasting Company network.

Reporting on his recent tour of the South and the disturbances that marked it in several places, Wallace asked: "What was it that so infuriated people that they forgot the motto of the constitution and the injunctions of God?"

"I said that a comprehensive program of improvement for the South would greatly strengthen both the South and the nation," he declared.

"I said it was possible to increase the yield of cotton and other crops to protect and encourage the small farmer—especially the 1,400,000 white sharecroppers and the 1,000,000 Negro sharecroppers—who suffer today in such a terrible way."

"I said I wanted to end wage differentials in the South, so that if labor is worth \$1 and four in the north, the same labor is worth \$1 an hour in the South."

"I said I wanted to make certain that a man was paid according to his work and not penalized for the color of his skin or the section of the country in which he lives."

"I said I would like to see twice as high an income from agriculture in the South and twice as much industry."

Wallace said his proposal to spend \$1,000,000,000 a year for four years "the South would cost 'only a tiny fraction of the funds now being sent to re-educate Germany, to familiarize Japan, to support the anti-democratic governments of Greece, Turkey and China.'"

"And it was these proposals—all ways my proposals for constructive projects—which provoked the attacks," Wallace declared. "These were the ideas that brought out the eggs and the hate."

Polio Count Now Stands At 2,037

Raleigh, N. C., Sept. 14—(AP)—The State Board of Health received reports today of 12 new cases of polio and three deaths caused by the disease.

All of the cases were on September onset except one. The epidemic figure for the year now stands at 2,037 cases, including 37 this month and 167 in August.

The death toll stands at 109. All today's deaths were reported from Gaston county.

Building Permits

Building Inspector George Gardner has issued building permits for 16 dwellings, valued at \$105,300 since September 1.

Building permits this year up to today were for 97 dwellings, and 27 commercial buildings, valued at \$1,223,050.

Islanders Clean Up After Hurricane; Damage Light

Miami, Fla., Sept. 14—(AP)—The honeymoon and vacation resort of the Keys cleared away debris today in the wake of a severe hurricane that lashed the area with winds of 123 miles an hour.

No loss of life was reported and property damage was not extensive, according to reports.

The hurricane had winds of 140 miles per hour in a small area near the center and heavy squalls and gales extended outward 200 miles from the center.

It whirled northward at 16 miles an hour and the weather bureau said it probably would make a slow curve to the north northwest, accelerating in a forward movement.

All shipping in its path was advised to exercise extreme caution as the disturbance roared toward the busy north Atlantic shipping lanes.

Chief storm forecaster Grady Norton said at Miami the hurricane apparently would pass out to sea without any effects being felt along the U. S. coast.

Bermuda, about 600 miles off the South Carolina Coast, was lashed by winds up to 123 miles an hour in gusts. Power lines were blown down and highways flooded. Some slate roofs were blown off and fallen trees littered the streets.

Stores opened briefly to permit residents to stock up, then closed again in the face of the howling wind and driving rain. Buses stopped and tourists and residents holed up in hotels and homes until the worst of the blow passed.

Wants Details On ECA Turkish Tobacco Buying

Washington, Sept. 14—(AP)—Senator Cooper (R-Ky) today asked full details on allocation of \$7,000,000 by the Economic Cooperation Administration for purchase of tobacco for bizonal Germany.

The ECA announced approval today of \$4,000,000 to be used for purchasing American tobacco and \$3,000,000 "for Greek-Turkish tobacco" for the U. S. and British occupation zones.

Doubts Berlin To Be 'Final Issue'

Berlin, Sept. 4—(AP)—Gen. Ludovic D. Clay said today: "I don't think war is just around the corner."

The U. S. military governor made the statement to American newsmen who came to Berlin on a special Air Force flight from the United States to view the British-American air lift operation supplying Soviet-blockaded Western Berlin.

Clay added he doubted the Russians "will make Berlin the final issue on the entire German problem."

The American commander predicted that before any forceful actions were attempted to break the 82-day-old Soviet blockade the U. S. would exhaust "all other means at its disposal" to reach agreement.

Clay declined to discuss whether bringing the Berlin question before a council of foreign ministers would mean "negotiation under duress."

He left the impression, however, that the U. S. at least would not be prepared to discuss any other larger German issues with the Russians at such a conference before the blockade was lifted.

A veteran American Military Government official declared today Russia and Communism have already lost the political battle for Berlin.

As a last resort, he said, they have taken to rioting and force.

The Soviet-licensed news agency ADN said today five Germans who took part in the disorders that followed Thursday's giant anti-Communist meeting here had been sentenced to 25 years in prison.

ADN said there is no appeal from

Oil Strikers And Police In Battle

San Francisco, Sept. 14—(AP)—Hundreds of CIO oil refinery strikers fought a rock and tear gas battle with police for two hours today in an unsuccessful effort to keep non-striking maintenance men out of a plant.

A policeman, a highway patrolman and four strikers were hospitalized but none was believed in serious condition.

Cameras of three news photographers were seized and the film exposed. Several photographers were rounded up. An Oakland Tribune reporter was hit by a tear gas bomb.

It was the first mass violence of California's 11-day strike over wages, a strike which has curtailed gasoline supplies up and down the west coast.

Some five pound rocks were flung during the fighting.

Most of the violence occurred at the main gate of the Standard Oil Refinery in Richmond. But it also extended for blocks around the approaches to the plant.

In one melee, Richmond police officer Buford Aubrey was knocked to the ground. Patrol Sergeant Arthur Jacobson of Martinez was badly cut.

The windshield of a police patrol car and several private cars were smashed.

The police fired tear gas guns and threw tear gas bombs. Strikers tossed the bombs back and also threw rocks.

The CIO unionists started massing early this morning after an overnight warning that they were not going to stand peacefully by as they did yesterday while non-strikers went to work.

Actress In Coma For Eighth Day

Hollywood, Sept. 14—(AP)—Screen Actress Rita Johnson was in a coma for the eighth consecutive day at St. Vincent's Hospital.

"No better, no worse," said a hospital report.

She is being kept under an oxygen tent, and penicillin and intravenous feedings are being administered.

The actress collapsed Sept. 6 shortly after a friend called at her home to accompany her to a cocktail party. She muttered something about a hair drier falling on her

Cuba Abolishes Import Controls

Havana, Cuba, Sept. 14—(AP)—President Grau last night signed a decree abolishing Cuba's textile imports control plan.

While the text has not yet been published, it was learned authoritatively that the decree eliminates the objectionable features which prompted the U. S. government to complain to the Geneva economic conference.

N. C. Department Of Legion Fills Offices

Asheville, N. C., Sept. 14—(AP)—Joe W. Grier, Jr. of Charlotte is the new commander of the North Carolina department of the American Legion. Mrs. Karl Broome of Hickory is the auxiliary president.

They and other officers were elected yesterday as the department concluded its annual convention.

Hyderabad Army Resists; Report Stopped Indians

Karachi, Pakistan, Sept. 14—(AP)—A communique from the Hyderabad defense ministry said today Indian troops suffered 1,000 casualties on the first day of their invasion of the Princely State.

(An Indian army communique issued in New Delhi this morning said one Indian column, in western Hyderabad, had lost 100 killed and 150 captured.)

On the northern front, the communique said, the forces of the Muslim Nizam recaptured one village within eight hours after Indian troops took it. An earlier communique received here last night said the Indian advance had been stopped on all fronts.

Today's bulletin said the Indian forces opened 10 fronts in their first onslaught yesterday and that the forces of the Nizam and the Razakars (a private Moslem volunteer group) are evacuating all Moslems from border villages to the interior.

The Hyderabad radio gave the distance of the penetrations by Indian troops thus far as:

Southeast—10 miles; west—four and a half miles; northwest—eight miles.

(Today's Indian communique said columns appearing in from east and west had reached points within 100 miles of Hyderabad City, the State capital.)

Last night's communique gave no details, saying only that Indian troops could make no headway.

(The Indian troops marched across the Hyderabad border at 4 a. m. yesterday to put down what the Indian government called anarchy in the big, south central state. The troops have orders to garrison the state pending a decision as to Hyderabad's future, perhaps by plebiscite.)

When the word spread in Hyderabad that the Indian army had entered the State, there were immediate demonstrations calling for Pakistan to declare war on India. Hyderabad's population of 16,000,000 is about 80 per cent Hindu, but ruled by a Moslem Nizam who has resisted Indian efforts to bring his state into the Indian union. Hyderabad is entirely surrounded by Indian territory.

Tractor-Trailer Drivers Killed

Winston-Salem, N. C., Sept. 14—(AP) Two tractor-trailer drivers burned to death in their cabs this morning after an almost head-on collision near the Cedar Creek bridge, about eight miles east of Mocksville on U. S. highway 158.

State Highway Patrolman T. L. Badgett said at mid-morning that only one of the drivers had been identified. He said the driver was Wayne Wesley Fowler, 32, of Jamestown, who was driving a Highland Container Company truck southwest on the highway.

Warren School Trial Next Week

Warrenton, Sept. 14—(AP)—Trial of the Warren county school superintendent in connection with the use of school funds is expected to begin here next week.

Solicitor Ernest Tyler indicated he either will draw up a warrant and have it served on J. Edward Allen or present a bill of indictment to the Warren grand jury.

"In any event, I anticipate trying him at the September term of court," Tyler asserted. The term starts next Monday.

Fateful Developments

Death Of Pakistan's Governor General And The Invasion Of Hyderabad Could Be Combined Into Situation Which Might Be For Good Or Evil; Brief Analysis

By DeWITT MacKENZIE

The great Indian subcontinent, struggling with the dangerous vicissitudes of its new-found independence from Britain, has been visited with two further fateful developments:

1. Mahomed Ali Jinnah, governor general of the Dominion of Pakistan, has died, thus depriving this Moslem nation of the man who created it and was its moving spirit.

2. The Dominion of India, which is chiefly Hindu in complexion, has invaded the premier princely state of Hyderabad with armed forces and there has been fighting. The declared purpose of this move against the domain of the Nizam, most powerful of all the Indian rulers, is to maintain order. His Exalted Highness, the Nizam, is a Moslem while some four-fifths of his subjects are Hindus.

At first glance these two events might seem to have small relation to each other, and it may indeed be that their paths will not cross. Still, there are elements in them which could combine for either good or evil. The situation is complicated and must be viewed from several angles.

Now with Jinnah gone, there naturally is speculation whether this may ease the situation between the two hostile dominions—may even result in union between the two in a federal government. Sources in New Delhi, capital of India, are speculating along that line.

We now come to another angle. (Continued on Page Ten)

## Mrs. Jacob Charles Whiteford III

Whiteford-Raper

Miss Laura Lynn Raper, daughter of Mr. and Mrs. Barna R. Raper of Lucama, became the bride of Jacob Charles Whiteford, III, son of Mr. and Mrs. Jacob Charles Whiteford, Jr., of Greenville, in a double ring ceremony in Little Rock Free Will Baptist Church Saturday afternoon at five o'clock. The Rev. Milton L. Johnson, pastor of the bride, officiated.

A program of wedding music was rendered by Mrs. L. A. Renfrow, pianist, and Mrs. J. A. Barnes, soloist. The traditional wedding marches were used, and "Claire de Lune" by Debussy was played during the ceremony. Mrs. Barnes sang "The Lord's Prayer" by Malotte as the benediction.

The bride, given in marriage by her father, wore a white gabardine suit with navy accessories. Her hat was white felt with a short veil in back. She carried an arm bouquet of red roses and tuberoses.

Miss Margie Lamm was the bride's only attendant. She wore a wine suit and carried a nosegay tied with pink ribbons.

Jacob Charles Whiteford, Jr., attended his son as best man. The ushers were Charles Raper, Dennis Hall Raper, brothers of the bride; Jack Hedgepeth of Rocky Mount and Bernard West of Greenville.

Mrs. Raper, mother of the bride,

wore a gray dress and a corsage of red roses. Mrs. Whiteford's dress was aqua and her corsage was of Talsman roses.

Immediately following the ceremony Mr. and Mrs. Raper entertained at a reception at their home. The home was beautifully decorated with fall flowers. The mantel and piano were banked with magnolia, leaves and orchid dahlias.

Miss Imettie Raper received and introduced the guests to the receiving line composed of Mr. and Mrs. Raper, Mr. and Mrs. Whiteford, the bride and bridegroom, members of the wedding party and Mrs. Mildred Munn of Wilmington, aunt of the bridegroom.

In the dining room the bridal colors of green and white were carried out. A handsome lace cloth covered the table that was decorated with burning tapers, greenery and white flowers. Punch was served from a bowl at one end of the table by Miss Ruby Ferrell, and Miss Jennie Tyson served iced cakes, nuts and mints.

Miss Geraldine Boswell presided over the register, and Miss Betsy Tyson received in the gift room. Goodbyes were said by Miss Edna Ruth Barnes.

Out-of-town guests present were Mr. and Mrs. Jacob Charles Whiteford, Jr., Mrs. Mildred Munn, Mr. and Mrs. H. L. Ormand, Miss Betsy Flye, Miss Betsy Parkerson, Pete West, C. B. Rowlette, Jr., Mrs. C. B. Rowlette, Miss Caroline Rowlette, Mrs. Gertrude Taylor, Mr. and Mrs. Charles Gaskins and Theodore B. Lupton, all of Greenville; Frank Hogg of New Rochelle, N. Y., Mr. and Mrs. H. N. Key and daughter, Pearl of Raleigh, and Mr. and Mrs. D. F. Odum, Jr., of Mount Olive.

Mrs. Whiteford is a graduate of Lucama high school and attended Woman's College, Greensboro, and East Carolina Teachers college, Greenville, where she graduates this year.

Mr. Whiteford attended East Carolina Teachers College, Greenville, and is connected with Ormand Wholesale company in Greenville.

Miss Imettie Raper entertained members of the Whiteford-Raper wedding party and out-of-town guests at a cake cutting at the home of the bride, Friday evening following the rehearsal.

The dining room was beautiful with its decorations of greenery, white flowers and candles. The table was covered with a lace cloth upon which was a three-tiered wedding cake topped with a miniature bride and bridegroom.

The bride and bridegroom cut the first slice, after which the hostess served cake and punch. Nuts and mints were served by Mrs. D. F. Odum, Jr.

**Birth Announcement**  
Mr. and Mrs. Joseph M. Taft announce the birth of twin sons, Louis Winslow Taft and Edgar Winslow Taft, on Friday, September 10, in Pitt General hospital.

## 40 Years Ago Today

### THE DAILY REFLECTOR

September 14, 1908

Miss Mildred Carr entertained a host of friends most delightfully Thursday afternoon at her home on Greene street at a progressive flinch party. Numerous games of flinch were enjoyed and Miss Gertrude Critcher, winning the most games, was awarded a prize.

At the conclusion of the games dainty refreshments were served in a very pleasing manner by Miss Lillian Carr.

The guests departed for their homes at six o'clock declaring Miss Carr a most successful hostess and congratulating themselves for having spent such an enjoyable afternoon.

Among those present were: Misses Mildred and Lillian Carr, Pattie Wooten, Maude Lee, Gertrude Critcher, Christine Tyson, Ethel Bowling, Sadie Exum, Rubelle and Ernestine Forbes, Lillie Lanier, Amine King and Essie Whitchard.

## Informal Tea Honors Mrs. Kittrell

Mrs. John G. Fleming and Mrs. Jack Edwards, Jr., entertained informally at tea on Thursday afternoon at the Fleming home on East Eleventh street to honor Mrs. J. B. Kittrell, Jr., a recent bride.

Colorful summer flowers were used in decorations and to center the table in the dining room.

Upon arrival the callers were served ice cream and cake in the living room then invited to the coffee table in the dining room over which Mrs. Max Minges presided. She was assisted in serving by Mrs. Sidney Johnson.

Mrs. Kittrell and Miss Mary Elisabeth Austin, bride elect of the fall, were presented corsages.

## Marriage Licenses

Marriage licenses were issued by the register of deeds to the following couples during the past several days:

White: Johnnie H. Deans of Macclesfield and Berdine Dell of Farmville; Naoman Knox of Robersonville and Velma Mills of Grimesland; William Dilda and Amelia P. Knight of Fountain; John A. Powers of Greenville and Lila Lee Williams of Falkland; Clayton Keel, Jr., and Carrie J. Perry of Greenville; James C. Nobles of Winterville and Virginia J. Jackson of Greenville.

Colored: Joseph Dixon, Jr. and Gertrude Hardee of Greenville; Jasper Hardy and Ella Johnson of Greenville; Spencer Moore and Mary T. Joyner of Farmville.

## Brody's presents hard to find half size dresses as Wednesday Star Feature.

This Wednesday, Brody's will display 100 new illusion size dresses, 14 1/2 to 24 1/2, by Maratha Manning and Forever Young. If you wear a half size you are sure to find the style and color that you are looking. See how Maratha Manning uses the new off-side interest to favor the shorter, half size figure! How she tricks the eye into beholding a taller slimmer you! Best of all these dresses are "custom sized," proportion-fitted to do away with costly alterations. If you are hard to fit, see this large selection at Brody's Wednesday. High fashion for half sizes at only half the price you expect to pay for custom fitting dresses, \$10.95 to \$16.95.

### Heavy Docket In Police Court

By CHESTER WALSH  
 In Police Court Monday, Judge J.W.H. Roberts found Daniel R. Early, colored, guilty of operating a bawdy house and gave him six months on the roads, suspended on condition that he pay \$50, costs deducted, and placed him on probation for five years. Early was not guilty of selling beer without a license.

Leroy Tyson, Nathaniel Willoughby, Mary J. Brown and Rosa B. Anderson, all colored, were fined \$25, costs deducted, for fornication and adultery.

Charles A. Edwards paid \$20 for reckless driving and crashing a red light.

Perry W. Thomas paid \$20 for reckless driving, speeding and passing a motor vehicle on a bridge.

Carl B. Fancher paid \$10 for crashing a red light.

Drunk: James Freeman, two charges \$40; Bruce W. Freeman, 30 days in jail; Vernon Lewis, \$15; Turner Joyner, colored, 30 days in jail; David Adams, colored, \$20; Rayfield Sawyer, \$15; Fred Byers, colored, \$15; Dempsey Moore, colored, \$15; Richard Kennedy, colored, \$15.

The case against Hill Payton, colored, charged with failure to have his car inspected, was not pressed with leave.

No operator's license: Lawrence C. Glescom, \$25; Richard Kennedy, colored, \$25.

The case against Columbus Freeman, colored, charged with failure to display inspection sticker, was not pressed.

Lee Roy Bell was not guilty of failure to keep proper lookout. John F. Buck was fined \$15 and ordered to pay the prosecuting witness \$40 for reckless driving and failure to stop at a "stop" sign at Third and Cotacache Streets.

Jim Pettus, a cripple, was given 12 months on the roads for possession of whiskey for sale. The court suspended the sentence and placed him on probation for five years.

Jack Leroy Tripp and Charles H. Little each paid \$20 for speeding.

George House, colored, paid \$20 for assault on a female.

Gambling: Ernest Whichard, Catherine Johnson, James Clemons, Clifton Reeves, Willie W. Parker, James Jones and Amos Cox, all colored, each paid \$10 on costs.

### Perfume 'Bomb' Raid Backfired

Los Angeles, Sept. 14—(AP)—Beverly Hills, Hollywood and downtown Los Angeles have survived a bombing attack. Perfume was the intended weapon.

Ten planes swooped over the three areas yesterday and released what the perfume manufacturer said was \$20,000 worth of his choice product. It sells for \$18 an ounce over the counter.

Each pilot was accompanied by a perfume gunner, scantily clad in black satin and sheer nylons. The gunners were members of a model agency.

But the stunt backfired. The idea man failed to reckon with Los Angeles smog (smoke and fog), and nary a drop was sniffed by residents of Beverly Hills, Los Angeles and Hollywood—where it probably wouldn't have been noticed anyhow. At last reports, prevailing winds were carrying it out to sea. Smell anything over there, Honolulu?

### A Lot Of Beer Went To Waste

Leeds, Eng.—(P)—J. W. Ford, a director of the local Melbourne brewery, thinks somebody around here "has a kink against beer drinking."

The reason, somebody climbed the brewery's 12-foot wall, topped by a barbed wire, and knocked the bungs from 240 casks of beer. Three thousand gallons, worth \$3,600, gurgled down the drain.

### Really Believes In 'Labor' Title

Amherst, N.S., Sept. 14—(AP)—Thomas George Thomas, Labor member of the British Parliament from Wales, really believes in that "labor" designation.

He worked his way to Canada on the lumber ship Hawking to spend a short vacation. He's going back the same way next week.

### 'No Sale', She Says

Detroit, Sept. 14—(AP)—Blonde Georgia Martin refused today to have any part of her father's plan to get her a husband who could pay \$7,000.

"I'm ruined," wailed the 19-year-old secretary.

But George Martin, her 53-year-old father, insisted he "just wanted to make sure that Georgia would be well taken care of if anything happened to me."

He told reporters he was in financial difficulties after being forced to quit work a year ago. At that time Georgia, who needed but two years to complete work for a law

### Keep Conscripts Navy Opens Its Aviation Cadet Training Plan

Hamburg, Germany, Sept. 14—(AP)—The British announced today that conscripts in Britain's armed forces will be retained an extra three months.

Copies of a government announcement were distributed to occupation forces to be read to the men.

The U. S. Navy has officially opened the door to 2,000 Cadets in its Naval Aviation Cadet program, and 650 Aviation Ensigns in corresponding flight training program. Men with two years of college are eligible for training which will lead to a commission in the Naval Reserve with the designation of Naval Aviator, while a limited number of college graduates will be commissioned directly upon entering the Navy. The latter group will be regular navy and will go through flight training as officer students rather than cadets.

All Cadets enlisted under this program will be released to inactive duty to await calls to active duty. They will be permitted to indicate their desired time of entry into flight training, and will be ordered to duty as near as possible to the date specified.

### Driving License Revocations In August Hit 689

Raleigh, N. C., Sept. 14—(P)—During August 689 motorists lost their drivers' licenses through revocation, the state motor vehicles department reported today. In addition, 153 licenses were suspended.

The total of revocations and suspensions since Jan. 1 rose to 7,511.

Drunken driving cost 500 motorists their licenses last month, compared with 798 in August, 1947. Revocations since Jan. 1 for this office reached 5,565.

During last month 831 persons were convicted of reckless driving and 2,856 of speeding.

### Girl Scouts Tell Camp Experience

By WYATT BROWN  
 Seven little Girl Scouts told the Rotarians about their Camp Hardee experience last night. They told it in their own words. Accompanying the Girl Scouts were Mrs. E. L. Henderson and Mrs. Knott Proctor.

Gwynne Johnson told about swimming. Joanna Hardee told about making a stove for camping; Anna Hamrick told about arts and crafts. Lou Cheatham told about "May Day" complete with maypole. Next Nancy Anne Hpot told how she enjoyed walking six miles on a hike; Margaret Moye told about a treasure hunt; Hannah Proctor told how the campers had Christmas during camp complete with stockings, carol singing, turkey dinner and a candle light service.

The campers came in singing a Camp Hardee song and retired singing a farewell song. Mrs. Henderson thanked the Rotarians for their part in Camp Hardee and the Camper-

### Plan For Christmas

The Greenville Merchants Association's Christmas Planning committee will meet at the association's offices at the City Hall Wednesday morning at 10 o'clock. Chairman Charles R. McBrayer will preside.

Incidentally, there are only 86 more shopping days until Christmas. The Yuletide festival comes on a Saturday this year.

Jr., John Eagles of Hookerton. Visiting Rotarians were J. Brantley Speight of Ayden and Leo Grutch of Graham. Sam Underwood was greeted as a new Rotarian last night. E. L. Willard, Club President, presided. The program was presented by the Camp Hardee committee.

## Strength FOR THE DAY

A REFRESHING CHANGE OF EMPHASIS

Arnold Toynbee, in his stupendous book "A Study of History," lays down the proposition—as the result of a lifetime of research—that civilizations disintegrate because of a deficiency in the spiritual life of a nation. By the same token, those nations which make a spiritual emphasis and which are particularly diligent as regards social responsibility, improve and press on to heights of creative achievement. The first sign of decadence in the life of a nation is the deterioration or absence of these necessary spiritual factors.

All this is pregnant with meaning for the students of modern world affairs. Whether are we bent? At the scene today to be evaluated all the factors involved. But certainly we can get some idea of the direction in which we are going if social justice is the prerequisite of national greatness. It is willingness on the part of citizens to sacrifice makes a nation great, if selfishness and love have political as well as moral connotations, then we have better found the policies of modern life.

For a generation or more historical facts have been assessed chiefly from an economic standpoint. It is refreshing to find a great historian such as Toynbee making the spiritual emphasis.

## IT WILL TAKE MORE THAN JUST DOLLARS

Taken as a whole, Americans spend more on educating their children than the people of any other country. It is part of our belief that the better the education, the better life our next generation will enjoy.

The attitude of all may be summed up in the often heard statement of a laborer who tells his listener that while he quit school to go to work, he isn't going to let his children make that mistake; and frequently plans on a college education for his offspring.

Our attention has often and rightfully been called to the dollars - and - cents needs of the American school system.

Colleges and schools, particularly the lower grade schools, are increasingly crowded. Experts tell us that schools will be even more overloaded within the next few years. They base their predictions on population growth and the shifting of population centers. We know that it will take a lot of dollars to adequately provide for the training of our future citizens.

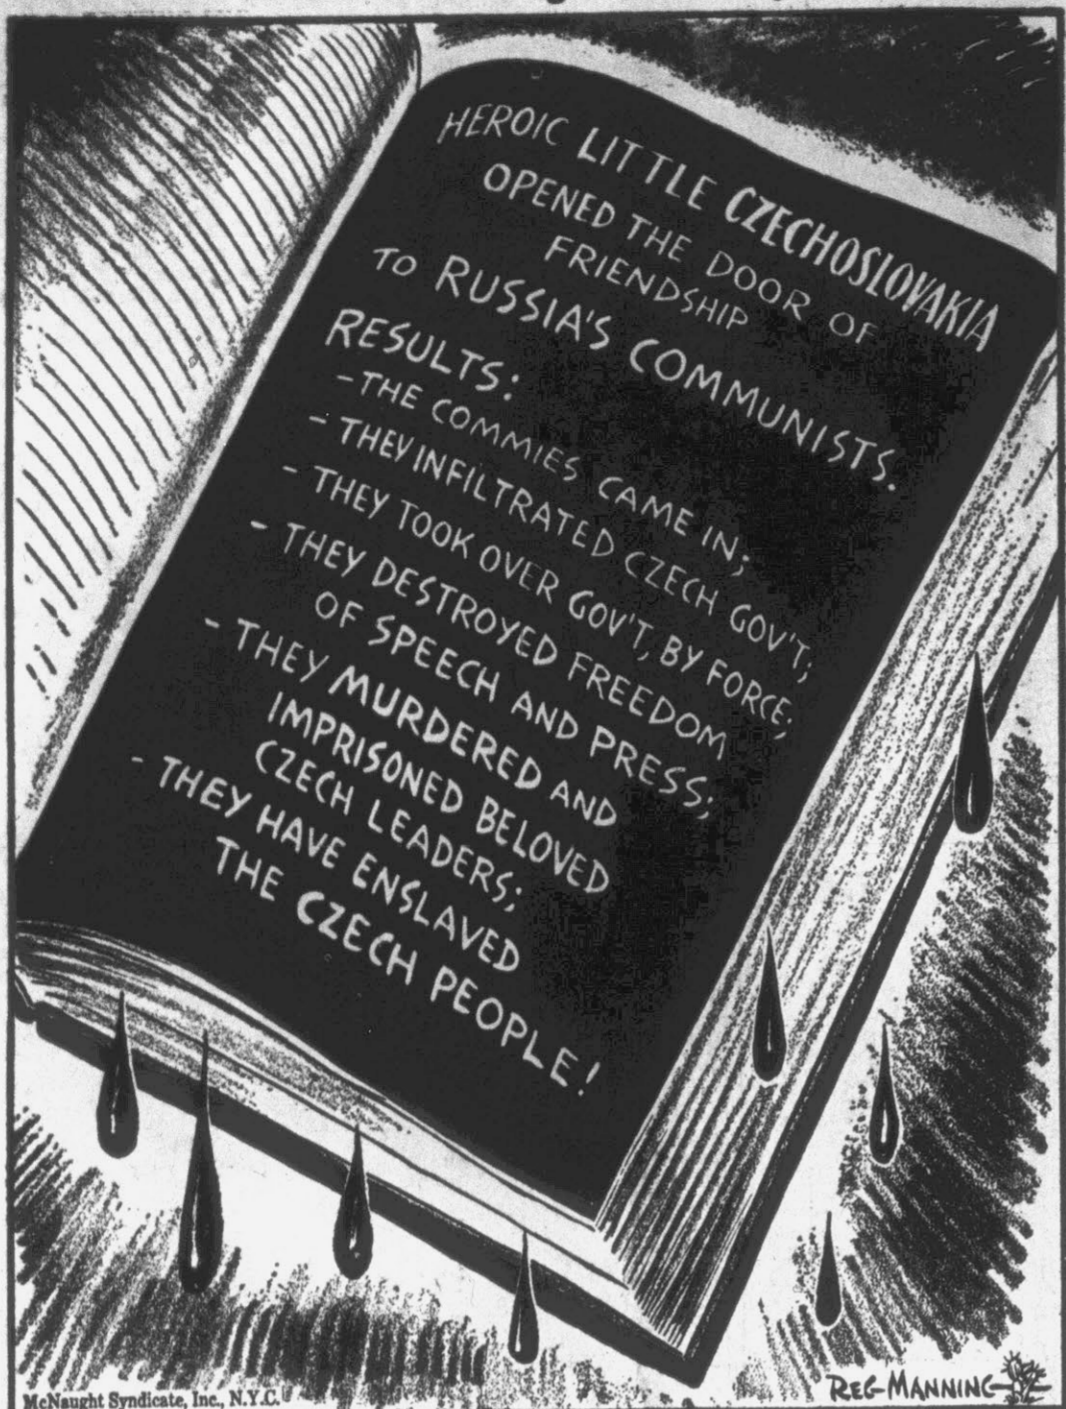

But money isn't everything.

A new school term has started and millions of youngsters have gone back to the classroom. The training they are going to receive will not rely solely on their teachers, but on their parents as well.

The young student, whether six or sixteen, cannot and will not get the most out of his school work without the active cooperation of parents.

There are a lot of ways in which the parents can do their part in helping their children get the full value out of their school years.

## No Blacker Page in History

Probably the simplest and most direct is active membership in Parent-Teacher Associations. We mention this because the National Congress of Parents and Teachers has set a membership goal of six million for the coming year, and October has been designated "Membership Month."

## PUBLIC FORUM

Discussing problems of interest to this community. In all cases names must accompany any communication.

Dear Sirs:

Most cities have a Chamber of Commerce to protect the business man, but who in the world have we got to protect the working men and women. A great many people wonder why there is so many strikes in the country, but it is not hard to figure out when you know a great many business places are robbing you right in broad day light.

A sample of it:  
I went to a garage and when I got my bill there were nearly \$2.00 on the bill that should not be on it. Then I had my wife in the Pitt General hospital and she had two blood transfusions, the blood being donated by friends. I was charged \$15.00 for the matching of the blood and \$50.00 for giving her the blood. In other hospitals they pay \$20.00 for the blood at a blood bank and charge you \$25.00 for the blood and giving it to the person. What Greenville needs is another hospital and people to run it that don't belong to the Jesse James gang.

GEORGE R. ENTWISTLE  
Greenville, Route 4

No method for determining the longitude of a ship at sea was discovered until early in the 18th Century.

The word "nerve" originally meant tendon or sinew.

## Around Capitol Square

JUDGES — Appointment of Col. Peyton McSwain of Shelby as a special judge brings the number of available judges for presiding over terms of superior court to twenty-nine. That includes 21 resident judges of the several judicial districts; seven appointed special judges and one semi-retired emergency judge. (Superior Judge G. V. Cowper and Supreme Court Justice Michael Shenk have emergency status but are not physically able to hold court. Judge Henry Grady is the sole active emergency judge.)

VACANCY — There remains one vacancy in the maximum number of authorized special judges. If court-ordered dockets require that appointment it will be made from the eastern judicial circuit by Governor Cherry, if prior to January 1, and by Governor Scott if after that date. Special judges are appointed under authority of legislative act and their terms end with expiration of the biennial period, the current appointments being until June 30, 1949. The act provides for a maximum of eight, four from the east and four from the west, but they are subject to assignment anywhere in the state.

VARIABLE — The need for additional judges is variable. Governor Cherry in 1945 appointed (or re-appointed) only three special judges, because demand for courts was not so heavy. Since then he has added four others, bringing the total to seven. There are many factors making up the overall need for judges. It is true that some of the regular judges do not have full time work, that terms of court scheduled for a full week run out in two or three days, and that some scheduled terms are canceled. But the constitutional guarantee of speedy trial for offenders does not impose the same obligation upon defendants to be ready for trial, and often it is deemed necessary to justice for cases to be continued. In announcing appointment of Judge McSwain the governor said it had been shown that several terms of court would have to be canceled for lack of a judge—and that would have

## Boyle's Column

By HAL BOYLE  
New York—(AP)—Dobbin lost out to the motor car, but the "iron horse" isn't giving up to the airplane.

This Friday the rails between Chicago and New York will hum with a new railroad answer to the powerful post-war bid by airplane for America's luxury-loving passenger trade.

It is a new and glamorized version by the New York Central of its famous Twentieth Century Limited, for 46 years its crack express train. It will be a traveling art gallery. A passenger can buy an oil painting by a contemporary master from exhibits in the observation cars. He also can pick up a radio-telephone and call London, Tokyo, Bombay or Moscow. The railroad doesn't guarantee, however, who will answer calls put through to the Kremlin.

Each new limited. There will be two trains—will cost \$2,000,000 and consist of a diesel locomotive and sixteen cars. They will make the 960-mile journey to Chicago in 16 hours, averaging 60 miles an hour. The return trip to New York will be faster—15 1/2 hours.

The new trains are lineal descendants of the first Twentieth Century Limited, which started the railroad world back in 1902 by inaugurating a regularly-scheduled 20-hour service between New York and Chicago and guaranteeing to pay every passenger \$1 for each hour the Limited was late.

A British newspaper solemnly warned at that time: "Surely it is only an experiment. The operators will soon find that they are wasting fortunes in keeping their property in condition and then, loving money better than ever notoriety, the 20-hour project will be abandoned."

It wasn't abandoned. The schedule was even cut further. And between June, 1902 and September, 1908 the busy Limiteds carried 3,604,674 passengers and brought in \$139,945,346 in fares.

diplomacy: "The Century will make New York a suburb of Chicago." Travelers in 1902 marveled that the train was electric-lit and carried a barber, valet, maid and a stenographer.

"The trip was kind of routine," said Briggs, recalling the first journey. "We traveled with the windows open, and in the morning when the passengers woke up they looked like they had been made up for a minstrel show."

Airconditioning ended the soot problem in 1924. Briggs also was aboard for the first trip made by the Century in 1938, when it was streamlined. That edition, like the 1948 version, was designed by Henry Dreyfuss and built by Pullman-Standard.

But present innovations for passenger comfort such as foam rubber mattresses, fluorescent lighting, and inter-dial telephones don't interest a veteran trainman like Briggs so much as the new "push button" doors. They swing open at the touch of a hand.

"We used to have to put our whole weight against 'em on the curves," he said. "I hate to think now of all the doors I had to push open in 48 years."

## WASHINGTON LETTER

Washington—A hot noon-day meal and milk for a dime or less will be available every school day again this year to millions of American children under the National School Lunch program.

On the other hand, a lot of "customers had to be turned down because of a shortage of merchandise," officials in the Department of Agriculture, which directs the program, tell me. "More schools need assistance this year, with rising food cost, and there has been an increase in applications, but we had to refuse them because of limited funds," a spokesman said.

Under the National School Lunch Act, passed in 1946, the states are assisted through federal grants-in-

aid and other means in operating non-profit school lunch programs. It is estimated that about 45,000 schools with more than 6,000,000 children participated in the program last year. Congress passed an appropriation for \$75,000,000 for the fiscal year 1948-49.

States have primary responsibility for developing the own programs. For every dollar of federal funds allotted, the law requires the state to spend a dollar. In matching the grants, food and labor supplied by the schools may be counted.

Cutting down the amount of assistance already given, officials point out, would be one way of stretching the program to include more schools. But this, they say, would weaken the program in the poorer schools which are really the ones who most need assistance.

Over 13,000,000 pounds of concentrated orange juice; about 6 1/2 million pounds of non-fat dry milk; 5 1/2 million pounds of American cheese; 8 million pounds of canned tomato juice distributed by the government to the states for school lunches last year. Schools receiving these foods all participating in the school lunch program, and these foods were specially purchased to make up known nutritional deficiencies.

In addition, large quantities of fresh fruits and vegetables, canned fruit juices and dried fruits were distributed for school lunches as a result of Department of Agriculture purchases in connection with the price support program. (These latter foods were not charged against the school lunch program.)

Under the program school lunches must follow a menu pattern set up according to recommendations of the Food and Nutrition Committee of the National Research Foundation.

It has been estimated that less than 8 per cent of American Negroes are of pure African descent.

### Burned Lineman Improving Today

By CHESTER WALSH

Richard E. (Buzz) Parker, lineman for the Greenville Utilities Commission, who narrowly escaped electrocution yesterday morning on a transformer platform on a pole near the Person-Garrett Tobacco Company, when his arm contacted a 5,000-volt electric wire, was improved this morning, a Pitt General hospital physician stated. He received serious burns on his arms and a foot and an injury on the head.

Parker, an experienced lineman, was checking the transformer for trouble when he was shocked. Fire Chief George Gardner and firemen with the hook and ladder truck, and utilities workers, removed the prostrate man from the platform on the pole on an inclined ladder on the truck. Half a dozen men held a stretcher under the ladder and placed him in a Wilkerson ambulance. Chief Gardner, a specialist in first aid and rescue work, accompanied Parker to the hospital. He said Parker, bleeding profusely, manifested great fortitude. Spectators at the scene of the accident were high in their praise of the firemen and utilities workers for their rescue work.

The fire department's emergency rescue truck has figured in some notable work since it was purchased nearly two years ago. On one occasion, when a small boy fell into a well on a farm near here, the firemen, with the truck equipment, saved his life, a physician stated when the youngster was taken to a hospital.

The firemen also have a boat, given to them by R. C. Stokes, Jr., prominent tobacconist, and the craft is powered with an engine for rescue work on the river.

The fire department is called on for all kinds of services and the men respond promptly, Mayor Jack Boyd said today.

### Hail Hutton

London, Sept. 14—(AP)—London critics went overboard in praise of Betty Hutton, American songstress, after her debut at the Palladium Variety Theater last night.

The audience did an unheard of thing—called her back for another encore after the playing of the national anthem, the signal for everyone to go home.

### H. A. Wood Guest Of Local Lions

At its weekly meeting on Monday night the local Lions Club had as its guest speaker Mr. H. A. Wood, executive secretary of the North Carolina Commission for the Blind. Mr. Wood very lucidly explained the various activities which are carried on by the commission. The talk was a most appropriate and timely one, as, beginning on Monday, September 20, the annual membership drive for the Pitt County Association for the Blind will begin. This drive will be concluded on Saturday the 25th.

Mr. Wood explained that there were today over 9,000 persons in North Carolina who were totally blind, 70 percent of which could have been prevented through the proper medical care. The Medical Department of the Commission is concerned with the restoration of vision and the prevention of blindness. As a part of its program, this department has in operation 18 regularly held eye clinics, and, during the year 1947, 120 special eye clinics were held. During the past year alone, 17,630 persons were examined at these clinics, and, where necessary, the proper treatment was administered. Through the medium of proper medical attention, 2,694 persons had their vision restored during 1947.

The Social Service Department of the Commission consists of special case workers for the blind. The object and purpose of this department is three-fold: (1) To aid the individual in becoming adjusted to blindness; (2) to help the family become adjusted to a blind member, and (3) to assist the sightless person to become a participating member of society.

Lastly, there is the Rehabilitation Division of the Commission. This department is concerned with making the individual sightless persons self supporting. To carry out this purpose, the state, in connection with various Lions Clubs, operates many workshops for the blind, in which are employed a great number of sightless persons. For the immediate past three months, the sales of these workshops amounted to more than \$81,000.

In conclusion, Mr. Wood stated that the problem of aid to the blind was not alone the problem of the state or national government, but rather that it was incumbent upon each individual member of society to do his or her part. There is no finer way to thank God for one's sight than to lend a helping hand to someone without sight.

### New Superior Court Judge To Preside Special Term Here

Judge Peyton McSwain of Shelby, recently appointed by Governor Cherry a special judge of Superior Court will preside over a special two-weeks criminal term of court here beginning, Monday, October 4. District Solicitor W. J. (Dick) Bundy and the Board of County Commissioners requested the special term to clear an unusually heavy criminal docket.

### POLICE WILL ATTEND RED CROSS FIRST AID CLASSES

Members of the Greenville police department are enrolling in a Red Cross first aid class which will be held at the City Hall next month. Classes will start October 18 and run through the 29th. They will be held in the afternoon from 2 to 5 o'clock and at night from 7 to 10 o'clock.

### Colored News

Mrs. Mattie Huffine and daughter, Mrs. Bernice House, were called to New York City Sunday because of the death of her sister, Mrs. Olivia Williams. Funeral arrangements are incomplete.

James Hopkins of Columbus, Ohio, spent Sunday with his mother, Mrs. Mamie Hopkins.

# British Farmers Told Tar Heel ERP Aid Will Never Be Repaid

Washington, Sept. 14—(AP)—A young North Carolina tobacco farmer says that British farmers frankly told him that funds the United States is furnishing under the Marshall Plan will never be paid back.

William Shackelford, of Wayne County, N.C., made his report to the U.S. Department of Agriculture Extension Service after a trip to British farms. He and Russell G. Mawby, of Grand Rapids, Mich., were the first of 17 Four-H Clubs members whose farming records them a trip abroad on a plan of exchange with the Young Farmers Federation of England. They left in early June and landed in New York Sunday. British farmers are expected to come over here next year.

The British farmers, he said, talk about the Marshall Plan a lot. They say it's a wonderful help in getting established but they come right out and say they can't keep enough that they raise for themselves. They feel like they're exporting everything. They wonder if government control will nationalize farming.

"They can't quite understand why they should be required to sell all the milk and keep only a pig or two. Shackelford said they ask themselves if the American aid to Europe is creating a scarcity for the British farmers as far as exporting is concerned.

Shackelford told a reporter that he was "something of a curiosity in England because I am a tobacco farmer and cigarettes are so difficult to get over there."

"Often," he said, "I saw 15 or 20 tobacco plants on a farm where the farmer thought he could make cigarettes without curing the plants. Almost every farmer who has been able to get some seed has a few tobacco plants growing. They are anxious to know how it may be raised.

"No wonder they want to plant tobacco," he added, "since cigarettes are selling for 72 cents a package and the English, especially the women, seem to smoke more than Americans even at today's high prices. They stand in long lines for

**IN MINNESOTA SENATE RACE**—Joseph H. Ball (left), Republican incumbent, and Democratic Mayor Hubert Humphrey (right) of Minneapolis are opponents in the race for U.S. Senator from Minnesota.

# Old Belt Prices Above \$50 Mark

Raleigh, Sept. 14—(AP)—The 19 Old Belt flue-cured tobacco markets launched their sales season yesterday with price topping \$50 per hundred.

The Middle, Eastern North Carolina, and Carolinas Border Belt centers meanwhile experienced price rises above Friday's figures, the U.S. and N.C. Departments of Agriculture reported.

Prices for opening day on the 11 Virginia and 9 North Carolina markets of the Old Belt ranged \$3 to \$17 above last season's first day averages, the report said. Most of the tobacco sold for \$52 to \$66 per hundred as the general quality of the offerings showed improvement over that of last year's opening day sales.

The departments reported gains of \$1 to \$4 per hundred on the Middle Belt for most grades compared to Friday's figures. Sales were reported very heavy.

The report also said nearly all grades gained on the Eastern North Carolina belt, with lower quality lugs, primings and nondescript registering substantial increases. These were sold in relatively small volume.

# Federal Officers Move Halt Georgia Dove Hunt

## Fulltime Job

Washington, Sept. 14—(AP)—The Federal officers are marching through Georgia today—in a "war of the doves."

The "invaders," more than 30 officers strong, deployed today in "misses for tomorrow's D-Day attack against all the early bird-hunters they can catch. Supporting the effort will be a one-plane air force.

"We're going to arrest every person we catch hunting doves in that state before December 18," said Albert M. Day, director of the U. S. Fish and Wildlife Service. He added to a reporter:

"We're going to prosecute offenders in federal courts and we're going to ask for the heaviest fines the law will allow."

Day ordered his mobile forces into the Peach State after the Georgia Game and Fish Commission refused

to alter a decision opening the dove-hunting season tomorrow, despite federal regulations which ban shooting until December 18.

If needed, reinforcements will be rushed in, reported Regional Law Enforcement Supervisor Bill Davis in Atlanta.

"We do not wish to embarrass State Director Charles Elliot or any Georgia hunters," Davis said, "but there's a law and it will be enforced."

**DID YOU HEAR THE ONE ABOUT THE TRAVELING SALESMAN—**

**WHO REDUCED HIS EXPENSES 50% BY TRAVELING CAROLINA TRAILWAYS**

their cigarettes or pay higher prices to get them from under the counter."

For the most part Shackelford found British farms, farmhouses and farm incomes much like those in North Carolina. They seem to have more telephones and less electricity but, he said, every farm he visited had a "wireless" (radio).

Many of them, he said, still like a horse better than a tractor.

Shackelford said the war has caused the English farmer to convert many pastures into cropland and small grains such as wheat, oats and barley, grown on this converted soil is bountiful in yield because of the fertility from livestock for hundreds of years.

He said that wheat, for example, averaged between 60 and 95 bushels per acre, and potatoes from 25 to 14 tons per acre. This compares

with a U.S. national average of 17 to 18 bushels of wheat per acre and of about 4 1-2 tons of potatoes per acre.

He said the North Carolina farmer seems to have better crop weather than the British.

He did not see as many run down farm houses among poorer farmers of England as he's seen in his own state but he was amazed at the number of homes which still hang over the open fireplace with a rod to swing the pot around.

He found English farmers have many wrong ideas about American farmers—which he blamed on the movies, especially the idea that every American farm wife has a deluxe kitchen and every farmer can buy a new automobile and old time.

# Fence Post Farm At Oregon State

Portland, Ore., Sept. 14—(AP)—Ever hear of a fence post farm? Oregon State College has one. Dr. Robert D. Graham of the college's forestry school told the American Chemical Society about it today.

On this farm are more than 1,400 fence posts, planted in plots or rows. Their purpose is not to carry fence wire. They are characters in an endurance contest. The college wants to find out what kinds of posts last longest.

Some of the posts, set 20 years ago, are still in the running.

Twenty-five different kinds of posts were set in the ground without receiving preservative treatment. Six other kinds were given various treatments.

Fifteen of the untreated kinds will last less than ten years, Dr. Graham said, but seven of the varieties not treated will hold out for more than 20 years. The treated varieties probably will last even longer.

Many kinds of tropical trees show no annual rings.

# Titanium Metal Is New Discovery

Wilmington, Del., Sept. 14—(AP)—A magic new metal, Titanium, chemical element number 22, which makes wartime smoke screens and the finest white paint, was announced today by the Dupont Company.

Titanium is a natural, silver-white metal, one of the lighter weights, but it never has been made in metallic form before because of the difficulties of extracting it from minerals. The Duponts discovered a chemical process to make the metal.

This metal is hard as iron, strong as stainless steel, and resists rust as well as stainless steel. It is half the weight of iron, and less than twice the weight of aluminum, but is much stronger than aluminum.

Even before any industrial uses have been found, it looks promising for airplanes. And it may be one of the answers to improved jet and rocket speeds running higher than a thousand miles an hour. For it withstands heat and great pressure, two handicaps in making jet and rocket engines. Titanium melts at 3140 degrees Fahrenheit.

This new metal is also plentiful, being number seven in the earth's most abundant metals.

# WARNING! ACT FAST ON PINWORMS

Pin-Worm infection usually spreads like wildfire. And it is now known that the ugly creature, living and growing inside the human body, can cause real distress.

So don't take chances with Pin-Worms. And don't suffer a single needless minute from the misery of the aggravating rectal itch or other troubles caused by the parasite.

Get JAYNE'S P-W at the first sign of Pin-Worms. P-W is a medically sound drug based on an officially recognized principle which has proved so wonderful in dealing with this infection. The small P-W tablets act in a special way to remove Pin-Worms easily and safely.

Ask your druggist: P-W for Pin-Worms!

# Negro Home Demonstration News

There's just 3 steps to remember in getting the maximum grazing from winter pasturage: first, seed early and heavily, fertilize liberally and shift livestock when herbage get short.

A cover crop should cover the land in winter, if it fails to do so then it is of doubtful value.

Make another seeding of turnip salad in September for use in the fall and early winter. Seven top is a good variety.

Time wasted in weeding the tobacco bed can be saved by treating the bed this fall with Cyanimid.

Fight the worms on the collards. If you find you do not have a big crop for the family to last through fall and winter, set out more plants 2 feet apart. Collards should be dusted every week or 10 days in late summer or early fall to do away with worms.

Well 4-H Club boys and girls now that vacation is over, are you ready for school? It is hoped that you have had a check-up by your dentist and that your doctor has given you a clean bill of health.

Dennis D. Dupree, Negro County Agent.

# Alaskan Trip Provided Work, Fun And Profit

Dick Fleming, prominent young man of Greenville, recently returned from Alaska where he spent eight weeks this summer working for the Alaska Railroad company.

Fleming, with Cal Woodard of Wilson, Charles Lambeth of Thomasville and Jack Farmer of Lexington left Wilson June 7 and ten days later were in Fairbanks, Alaska, 5,500 miles away. While traveling across the United States and Canada, the four, all students at the University of North Carolina, spent only \$1 for lodging. Most of the nights were spent in dormitories of colleges and Universities from Ohio to Alberta, Canada.

Prices for food and lodging in the Alaskan towns, Fleming said, were extremely high, food averaging \$1.90 to \$1.90 per meal and a breakfast of ham and eggs costing \$1.50.

Soon after reaching Fairbanks they sold the car, a '46 Chrysler club coupe, for \$2,450 and sent \$2,000 to a friend in North Carolina in payment for the car.

In Fairbanks, Fleming and Woodard secured jobs with the Alaska Railroad company and the other

**TAME**— Chipper the chipmunk shares piece of chocolate with its mistress, Judy Nichols of Phoenix, Ariz.

two boys got jobs with a construction company and went to another part of Alaska.

"We didn't manage to get a job though," Dick said, "until we were broke and had missed a couple of meals in Fairbanks. We were sent to Healy, a little railroad town about 10 miles north of Mt. McKinley, and were given a job called 'Gandy-dancing'—down here we call it railroad maintenance.

"In Healy it was light 24 hours a day so we worked 9 hours a day with the railroad company and then 4 hours a day with another company. Where we were, there was nothing to do but work, eat and sleep."

They were given free lodging by the railroad company and were furnished meals for 75 cents each. "The food was good and the railroad furnished us with all we could eat," Dick commented.

He said the weather for the most part was cold for that time of the year, but was extremely variable with the temperature ranging from 35 degrees to 85 degrees in a single day.

"What kind of men did we meet up there?" said Dick in answer to the question. "Well just about every kind. There were a good many college boys from the States doing the same thing we were, and plenty of others from the U. S. Canada and even the Philippines. They say every man in Alaska has a reason for going there. We went to see the place and make some money, and did both. We were working with an Eskimo who had been married 18 years and had 18 children. I suppose that's a good reason for being in Alaska too."

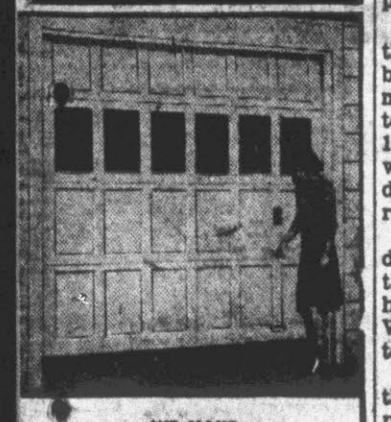

About the middle of August the pair decided to begin heading home, so they managed to get work aboard a small steam ship from Valdez to Cordova and there signed aboard a 40 foot fishing boat for passage to Vunau. After visiting a friend in Juneau for several days, they took a plane to Seattle and then hitchhiked to Los Angeles.

In California they spent a few days sightseeing, then hitch-hiked back to North Carolina in five days and six nights.

"The time we spent in Alaska was plenty of fun," said Dick, "but there was plenty of hard work."

Dick is the son of Mr. and Mrs. John G. Fleming of Greenville.

## Ballard's X Roads News

Ten members and three guests were present at the home of Mrs. C. C. Harris on last Wednesday afternoon at the first meeting since June of the Ballards Home Demonstration club. Mrs. Gilmer Nichols, vice-president, presided.

Three members presented book reviews and in a series of talks on the niceties of everyday living, Mrs. Howard Moye discussed little courtesies to remember at the theater and in public places.

Mr. L. E. Turnage presented the demonstration for the afternoon, "Know Your Shrubbery."

Mrs. Turnage had cuttings from about 15 different kinds of shrubs that she brought from her yard, telling the name of each one and giving a talk on how you could be successful in growing them. She also showed how you could root cuttings successfully from most any kind of shrubbery.

The October meeting will be a continuation of the study of shrubs and landscaping.

At the business meeting the club voted to insure the club house now under construction for \$1,000.

Mrs. Moye reported that the building would be completed as soon as the floor had been laid and the doors and windows installed.

Mrs. Langford, county home agent, announced that achievement day will be observed Nov. 5 and that plans for the day would be made at the council meeting in Greenville, Sept. 14.

Two new members were welcomed, Mrs. P. J. Eiks and Mrs. Jack Tyson.

After adjournment, the hostess, assisted by Mrs. Norman Wooten, served an iced fruit drink, cakes and Rita.

Mr. and Mrs. P. J. Eiks, Mrs. Wiley Crawford, Misses Sue Worthington, Louise, Jo Ann and Letha Tyson, Nannie Sue Eiks, Marianna Holloway and Vins Crawford, Henry Dunn, Louis Holloway and George Hines attended the Youth Revival at Hollywood Presbyterian church last Friday evening. The group sang two numbers.

Miss Edith Tyson left Friday for Black Creek, Wilson county, where she will teach this year.

Miss Marianna Holloway left Monday for Greenville where she will be a student at East Carolina Teachers college.

Mr. and Mrs. George Worthington of Washington, D. C. were week end guests of Mrs. Worthington's mother, Mrs. Verna Joyner.

Mrs. J. F. Moye, Misses Marianna Holloway and Juanita Sugg were Ayden visitors Saturday afternoon.

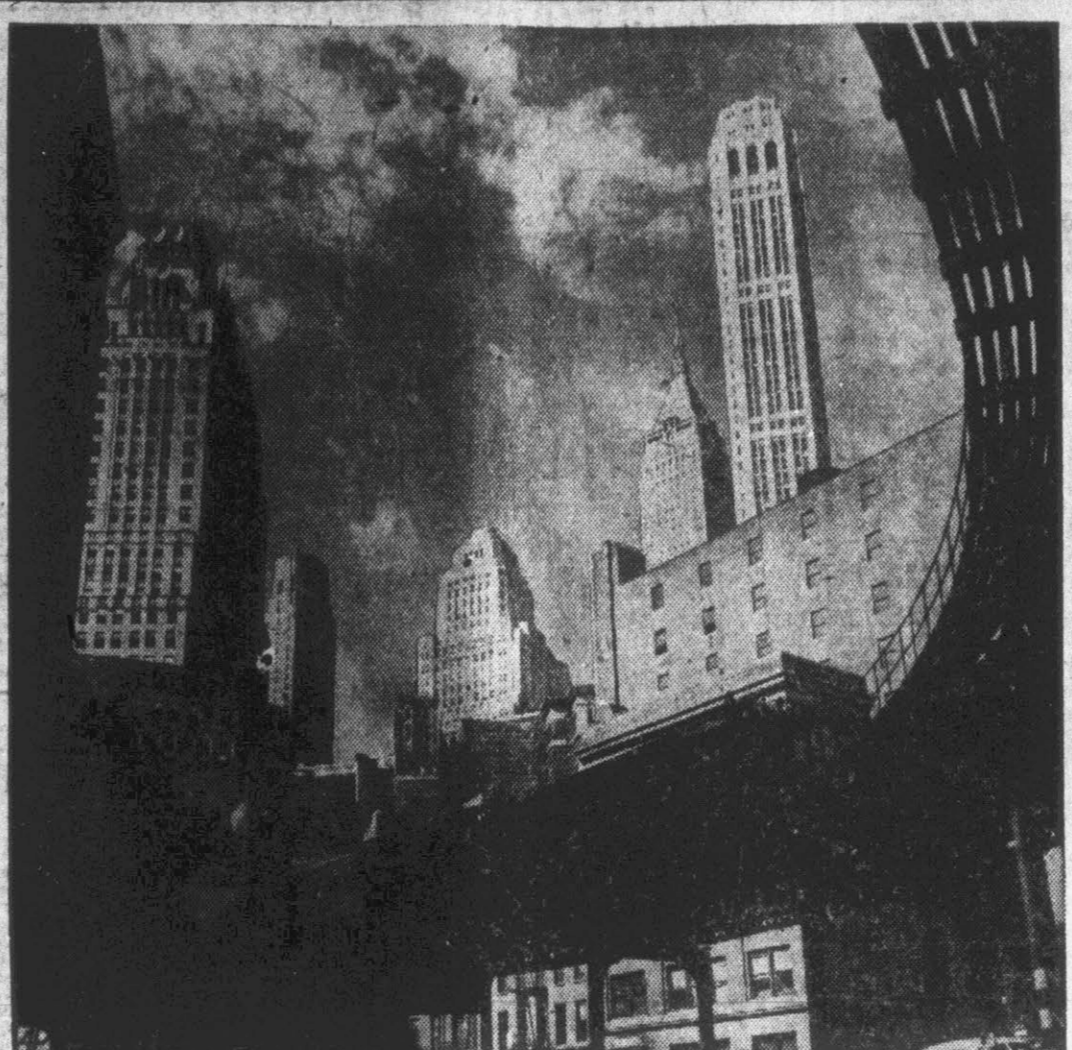

Mr. and Mrs. Gilmer Nichols, Mr. and Mrs. Noah Barber and Mrs. Viola Boyd were Raleigh and Durham visitors Friday.

Mr. and Mrs. P. J. Eiks are attending the meeting of the Synod of the Presbyterian church in Montreat this week.

Miss Betty Pearl Joyner left Monday for Raleigh where she will be a student at the Raleigh School of Commerce.

Mr. and Mrs. Levi Braxton and family and Mr. and Mrs. Robert Darden spent the past week end with Mr. and Mrs. Robert L. Moore in Newport News, Va.

Mrs. E. H. Roberson and sons, Earl and Bennie, of Raeford and

## Hill's Is Offering Free Trip New York

Hill's Men's Shop, 318 Evans street, announced Monday a letter writing contest in which the winner will be given a free trip to New York City, with all expenses paid. The winner can take along a companion of his or her choice, and both will be outfitted from head to toes. The lady's clothes will come from C. Heber Forbes Ladies Shop; shoes and hose from The Bootery, luggage from J. A. Collins and Sons Furniture Store, and if a woman is the winner, her permanent will come from Mrs. Jimmie Dail, operator of the Ideal Beauty Shop.

Hill's will outfit the man with a Hart, Shaffner and Marx suit, Manhattan shirts, tie, underwear, etc. Hill's is also giving second and third prizes, suits of Hart, Shaffner and Marx clothes.

Any person over 16 years of age and not connected with Hill's or the advertising staff of the Daily Reflector or Radio Station WGTC is eligible to compete in the contest. All letters should be addressed to

## Did Not Approve Speed Warnings

Anna, Ill.—(AP)—The Anna Rotary club didn't like the city's new speed warnings. So it wrote city council: "The club feels that these signs are in very poor taste and do not make a very good impression upon visitors to our city. We feel that it would have been more appropriate to read 'Speed limit 20 miles per hour strictly enforced.' Instead, the posted signs read: '20 MI. Per Hr. or SEE the Judge.'"

## Giant Gun That Failed City Is Going Into Scrap

Singapore—(AP)—One of those famous big guns that couldn't save Singapore from the Japanese is going back to England—as scrap metal. The giant 15-inch barrel, located at the eastern end of Singapore island where the colony's new civil military airport is being built, was cut into pieces and is being shipped back to swell Britain's scrapmetal stock pile.

The gun had been put out of action by Royal Engineers when the Japanese fought their way into Singapore in 1942. It had to be removed because it obstructed the new air field runway. The Japanese had started to cut the gun up. They got

**HERITAGE**  
  
Cadillac is the only name in all motordom which has been identified exclusively with fine cars for more than 45 years. During that time many have sought a place in the fine car field—but only Cadillac has remained here continuously, year after year. This great heritage of experience has never been reflected more clearly than in the new Cadillacs you see on the streets and highways.  
For these magnificent new cars stand definitely apart from all other automobiles. Today's Cadillac is distinguished, first of all, by striking originality and beauty of design—and its superb beauty is a true reflection of its inner goodness and magnificent performance. If you have not yet learned the full story of the new Cadillac, we cordially invite you to do so at our showrooms soon.

## Kinston Trims Goldsboro As Tars Take 16-1 Victory

### Eagles Near Finals By Taking Fifth Game From Bugs; Tarboro Collects 20 Hits Off Four Rocky Mount Hurlers For Win

**STANDINGS**

Team	W	L	Pct.
Kinston	3	2	.600
Goldsboro	2	3	.400
Tarboro	2	1	.667
Rocky Mount	2	2	.500

**Tonight's Games**  
Kinston at Goldsboro  
Tarboro-Rocky Mount, not scheduled.

**By BERT MOYE**  
The Kinston Eagles neared the finals in Coastal Plain League play as they went one-up in games won by taking the fifth game of the series from Goldsboro, 3 to 2, while the Tarboro Tars took the Rocky Mount Leafs for a ride in their own back yard by walloping them, 16 to 1, in even their semifinal series between the two clubs.

In the game at Kinston Bill Kaires of the Goldbugs and Pete Pawlowski of the Eagles locked in a hurler's duel during the game, but a game-winning double by Manager Steve Collins proved the undoing in the ninth frame after one man was out.

After Pawlowski had been retired, Bill Jeffries drew a walk and came home on a double to right centerfield. Pete Pawlowski held the Goldbugs to eight hits, struck out four and walked one. Benny Bengoechea with two singles led the eight-hit attack off Pawlowski, while Jack Hussey collected the only extra base hit for the Bugs—a double.

Bill Kaires held the Eagles to seven hits with Pete Peters, Eagles' third baseman, getting two singles to lead the attack.

The Tarboro Tars pounded four Rocky Mount hurlers for 20 hits, including seven doubles and two homers, and squared their semifinal series with the Rocky Mount Leafs 2-2 by trouncing them 16-1 over in Tarboro last night.

The Tarboro Tars put the game on ice in the sixth frame when they brooked home seven runs with Ken Andrews, Tars' second sacker, polishing a four-bagger with two mates aboard to feature in the uprising.

Jake Daniel also contributed a homer to the cause when he hit over the right field wall in the fifth with one mate aboard.

Larry Helmer, the Leafs' ace hurler, lasted only three frames and was credited with the loss. He walked six and allowed 8 hits during his short stay on the mound.

Eddie Neville with two doubles and two singles, Ken Andrews with a homer and two singles and Ray Urban with two doubles and a single were the big guns in the 20-hit attack off the four Rocky Mount hurlers.

Righthander Bill See, who had a 37-4 record during the regular season, limited the Leafs to seven hits in posting his second victory in the playoffs. Manager Turkey Tyson was the only Leaf to get more than one hit off his offerings—collecting two singles in four trips to the plate.

The Rocky Mount-Tarboro series will not be played in Rocky Mount tonight due to the fact that the Rocky Mount High School has a football game scheduled for Rocky Mount Municipal Stadium and the Leafs have no other park to use.

They will resume play on Wednesday night when the two teams meet in Rocky Mount.

**Bears Favored To Spoil Debut**  
New York, Sept. 14—(AP)—The Chicago Bears are favored to spoil the New York Giants home debut tonight in an exhibition game between two National football league rivals, played at the Polo grounds for the benefit of the New York Herald Tribune fresh air fund.

As the two teams do not meet in the regular season, this may be New York's only chance to see the Bears, who have added such collegiate stars as Notre Dame's Johnny Lujack, Bobby Lane of Texas and J. R. Boone of Tulsa to their backfield roster.

Fish have tongues, but they are comparatively immovable swellings in the floor of the mouths.

## Charles Is Given Decision But Not Very Impressive

Washington, Sept. 14—(AP)—There's a growing suspicion that the boxer who succeeds Joe Louis as the heavyweight champion of the world isn't going to be another Louis.

Edward Charles, a light heavy who likes to mix with the big boys, heightened that suspicion last night. True, the Cincinnati boy won a unanimous though close, decision over Jimmy Bivins of Cleveland.

True, too, it was a good performance, with lots of good boxing and a whirlwind ending that brought the crowd of 11,631 to its feet.

But this fact was inescapable: Charles is the next world champion. Bring on whoever you got.

Look over the heavyweight crop, and you'll see the point: lots of good boys, but no Joe Louis in sight, so far.

Certainly Charles looked last night as if he has a long way to go before he can be an impressive heavyweight champion.

In the first place, he isn't big. He weighed 176, or two and a half pounds less than Bivins.

But he said even this weight bothered him. "I feel strong at this weight," he said. "This I got no fire, no pep."

"But a rather surprising statement in view of what had just happened. For in the tenth round the boys threw everything they had at each other, each aiming for the knockout that never came."

Charles was especially effective with his left, using it either to jab or to uppercot. Bivins was at his best in close, where that left couldn't do too much damage.

**Hurricane Wind Carried Divers Through The Air**  
Hamilton, Bermuda, Sept. 14—(AP)—For a real thrill there's nothing like diving off a three-meter board in a full hurricane.

At least, that's what Bruce Harlan of Ohio State, the Olympic and United States National three-meter springboard diving champion, had to say today.

Yesterday afternoon, when the Bermuda hurricane was at its peak, Harlan, along with Hobart Billingsley and the New York Athletic Club water polo team, decided to dive off the board to see how far the wind would take it.

The wind took them half the length of the pool, "and it's a terrific sensation."

**Grapes Growing In The Arctic**  
Stockholm—(AP)—Grapes are growing in "The Land of the Midnight Sun." In Kiruna, in northern Sweden, 120 miles north of the Arctic circle and 16,400 feet above the sea, gardener Einar Eng has been able to keep seven grapevines from freezing to death.

Every year Eng, who is gardener for the big Kiruna-Arctic-Luossavaara mining company, can pick nearly 700 pounds of grapes from his little hot-house vineyard. Because of the intense sunshine during the short northern summer, the "arctic" grapes are reportedly better-tasting than those cultivated in southern Sweden.

**Lots Of End Men**  
New York—(AP)—The end positions on the teams in the All-American football conference should be well manned this campaign with Paul Cleary of Southern California, Hank Foldberg of Army, Len Ford of Michigan, Ike Owens of Illinois, John North of Vanderbilt, Tom Pears of U. C. L. A. and Dan Edwards of Georgia and loop's rookies at the wing posts.

**Face Tough Slate**  
East Lansing, Mich.—(AP)—The ten teams on the 1948 Michigan State College football schedule last fall compiled a record of 53 victories against 37 defeats and one tie for an average of .588. Three of the teams Michigan, Notre Dame and Penn State—each racked up nine victories while going undefeated.

## Gridiron Gossip

Congratulations to Coach Bo Farley and his Greenville Phantoms for their 12 to nothing win over the Jacksonville team last night. Particular mention should be made of the performances put on by Halfback Jimmy Cox and Tailback Thomas Hewitt of Jacksonville.

Orchids are also extended to the Greenville high school band and cheer leaders who were rooting for "dear ole Greenville HI" all the way.

It was noticed that the Edenton football team was well represented at the game. Edenton was over to scout the Greenville club last Friday but the game was rained out. It was heard in the stands that Edenton fans were looking for an easy win over the Greenville club.

The Greenville High School Phantoms beat down a stubborn Jacksonville High squad 12 to nothing last night before some 600 fans on Greenville's Guy Smith Stadium.

Jack's scrappy outfit penetrated Greenville territory but, once, though they fought through Coach Bo Farley's defense, for seven first downs.

Halfback Jimmy Cox scored both Greenville touchdowns. He rammed over from the six late in the third period after left guard Robertson recovered a Jacksonville fumble on the 10.

In the last two minutes of play, left end Edwards blocked an attempt Jacksonville punt and right end Sam Northrop recovered for the Phantoms on the Jacksonville seven. Cox skirted end for the tally. Both extra point attempts failed.

The Phantoms kept the ball within the Jacksonville 40 yard line throughout the first half and repeatedly fought down to within the shadow of the goal posts. Twice in the first period the Phantoms were on the Jacksonville 10. But Coach Tex Lindsey's scrappy little squad held repeatedly in dynamic goal line stands.

The entire Phantom squad played a bangup game, particularly for a season opener. Outstanding for Jacksonville was halfback Thomas Hewitt who starred both on offense and defense. Bob Johnson did a commendable job of ball carrying for the losers.

First downs favored the Phantoms eight to seven. The Phantoms hammered through the Jacksonville defenses for a net of 142 yards while the losers were held to 67.

**Lineups:**

Greenville	Pos.	Jacksonville
Northrop	RE	Simpson
Lee	RT	Mitchell
Fleming	RG	Likens
Conway	C	Venters
Robertson	LG	Hewitt
B. Bland	LT	Potter
Edwards	LE	Howard
Morgan	WB	Johnson
Farley	QB	Swinson
Cox	HB	Hewitt
Bland	FB	Hill

Subs: Greenville: Crawford, Odom, Alligood; Jacksonville: Meadows, Ballinger, and Hitch.

**Musial Resumes Vicious Attack Against Hurlers**  
New York, Sept. 14—(AP)—Stan Musial, the belting beauty of the St. Louis Cardinals, has resumed his vicious attack against National League pitching.

Musial shook off his first batting slump of the season during the past week, whacking 10 hits in 23 trips to the plate including Sunday's games to boost his pace-setting mark from 269 to 373.

The batting urge enabled the Card mauler to take a 40-point lead in the batting derby. Richie Ashburn, rookie outfielder of Philadelphia who is out with a hand injury, took over second place with 333.

Musial's outfield mate, Enos Slaughter, second in the batting race a week ago, tumbled to fifth as his average shriveled from .335 to .328.

**Don Black Still On Critical List**  
Cleveland, Sept. 14—(AP)—Don Black, 30-year-old Cleveland Indian hurler, remained on the hospital's critical list today as a result of a strange injury suffered in a game with the St. Louis Browns.

The heavy-set player of no-hit fame twisted his neck and fell to the plate in pain when he hit a foul in the second inning yesterday. Physicians said he received a hemorrhage near the brain when an aneurysm broke as he swung at the ball.

**Sports Writer Picks Peach For Apple Queen**  
Juanita Thompson (above), high school girl of Dana, N. C., was chosen queen of the 1948 annual North Carolina Apple Harvest Festival at Hendersonville. The judge in the beauty contest who cast the deciding vote for Miss Thompson was Cart "Scoop" Latimer, veteran sports editor of the Greenville (S. C.) News. Said Editor Latimer: "I don't know my apples, but I can pick a peach." Miss Thompson is a blonde, weighs 111, and is 5 feet, 2 inches. She will go to the National Railroad Exposition in Chicago to compete in another beauty contest. (AP Photo).

## Sport Slants by Pap

There must be an easier way of settling a personal feud than racing an opponent the marathon distance of 26 miles, 385 yards but don't try to sell the idea to Gerard Cote or Ted Vogel. Marathoning is their game and that's how they propose to settle the issue.

Cote, a 23-year-old policeman from St. Hyacinthe, Quebec, Canada, won the Boston Marathon for the fourth time last April and in the course of his triumph incurred the displeasure of Vogel, a Tufts College undergraduate, when he led the collegian to the tape by some 44 seconds.

For the first 21 miles, Cote and Vogel raced shoulder to shoulder, and then the Canadian champion pulled away. But not until he had, according to Vogel's story of the incident, bumped Ted several times and splashed his legs with cold water. Cote ridiculed the report and insisted that he had won fairly and squarely.

Last year Vogel romped off with the National A. A. U. mataton championship, a title Cote had won three times previously—in 1940, 1943 and 1946. When Vogel steps up to the starting line to defend his championship his strongest competition is likely to come from Cote and the veteran is determined to prove that his triumph over Vogel was no accident. Cote plans to make this his last year of distance running and another victory in the national championship grind would make his career complete.

**Polo Grounds Prove New Graveyard Pennant Hopes**  
Philadelphia, Sept. 14—(AP)—Joe Lewis may make his retirement as heavyweight boxing champion official today.

The champion is scheduled to attend a dinner of the National Boxing Association tonight at which he may make known whether he plans to keep the retirement pledge made to his mother after he whipped Jersey Joe Walcott in June.

There have been rumors that the Brown Bomber might make one more defense of his crown but he repeatedly has said he was through as a fighter.

**American Yacht Needs One More Victory For Cup**  
Oyster Bay, N. Y., Sept. 14—(AP)—One more victory will give the American defender, "Goose," the international gold cup yachting title.

The American craft, owned by George Nichols of Cold Springs Harbor, N. Y., took the third race of the series yesterday in the waters off the Seawanhaka Corinthian Yacht Club.

Sweden's "Maybe 6th," which was second to the American yacht, will continue to compete for the Gold Cup. Norway's "Elizabeth X" which failed to win in the first three races, has been eliminated from further competition.

**Lightest Man**  
Wake Forest, N. C., Sept. 14—Ed Salley, third string quarterback, is the lightest of the 47 men on the Wake Forest varsity squad this season. Salley, who weighs only 160 pounds, hails from Fayetteville. He is expected to see some action when the Deacons and George Washington open the Southern Conference season here September 18.

**Fans Will Watch Leading Punters**  
New York, Sept. 14—(AP)—When some 60,000 fans jam Krazz Stadium in San Francisco Sunday to watch the 49'ers play the Los Angeles Dons, they'll be watching a toe-toe struggle between the All-America Football Conference's leading punters.

Glenn Dobbs, the long-geared, six-foot-four tallback for the Dons, currently is boasting a 49.3 yard average for 18 punts.

The left-handed, left-footed Frankie Albert of the undefeated 49'ers has booted nine for a 47.7 yard average.

## No Solace For Pirates In 'Light' Marine Team

Richmond, Va., Sept. 14—(AP)—Coach Wallace Wade and his Duke Blue Devil gridders felt mightily in the dumps today. And for good reason.

When the Dukes lined up for practice yesterday, among those who weren't on hand was Fred Folger, Jr., who constitutes a big part of the Blue Devil attack. To his dismay, Wade learned that Folger had suffered a recurrence of a leg injury received during the 1948 baseball season.

Probably the injury will not put the sensational all-conference tailback out of action the entire season. But even a part-time loss of Folger would place the Duke offensive under a terrific handicap, and hit the defensive an equally telling blow.

Folger ranked third in the nation as a punter last season, booting 68 times for an average of 42.8. He is an expert passer, and has been called the best Duke runner since George McAfee was lugging the leather for the Devils in 1939. He was expected to shoulder the burden of Wade's single-wing attack this year.

No less an authority than Wade himself was credited the talented Mt. Airy, N.C., youth with keeping the Dukes' head above water in most of their 1947 games. He was being counted on to spark the Wademen to bigger and better things this fall.

**Fish Farm Will Use Lights To Feed Fish**  
Sydney, Australia—(AP)—Electric lights to attract night-flying insects will help solve the food problem at new 102-acre fish farm which the Victorian (Australia) Fisheries and Game Department is building at Snob's Creek, near Eildon Weir, 75 miles northeast of Melbourne.

**Yesterday's Results**

**NATIONAL LEAGUE**  
New York 5 Pittsburgh 2 (night)

# Printer-Struck Daily Published By Electronics

New York, Sept. 14—(AP)—The printer-struck Journal of Commerce said today it is being printed by a method whereby reporters typeset their own stories at electronic key-boards.

Management of the 121-year-old business news daily said the devices were purchased when negotiations with the AFL International Typographical Union broke down.

A group of 82 composing-room and mailing-room employees walked off their jobs Sunday in a dispute with management. They claimed the stoppage was a "lockout." Editorial workers took over mechanical jobs.

The Journal of Commerce said in an editorial discussing new typesetting processes:

"The union will fall because striking union members will be immediately replaced by printers willing to work and by full utilization of new typesetting processes.

"A number of such processes have been perfected of late to the point where this paper's management feels that the monopolistic and illegal stranglehold of the ITU on the nation's free press can be successfully broken."

The newspaper said in a story describing its current production that "the lifesaver was the dozen electronic keyboards which the management had bought when negotiations with the ITU turned sour.

"These gadgets, long frowned on by the union, slide right over the complex keyboard of the typesetting machine and operate like a typewriter. x x x"

## No Polio Here

There is no polio in Pitt county of Greenville, Dr. J. M. Barrett, acting county health officer said today. Only three polio cases occurred here this year. They were of a mild type, and the patients recovered.

## Former Rotary President Dies

Durham, N. C., Sept. 14—(AP)—Marion Eugene Newsom, 64, former President of Rotary International, died at his home here during the night.

He was a former president of the North Carolina Merchants Association, and was a member of the board of trustees and the executive committee of Duke University. Until recently, he had served as president of the Citizens National Bank here.

## Ardennes Fight Still Disputed

Brussels, (AP)—The Belgian Touring Club wants to erect a special milestone to mark the furthest point west gained by Field Marshal Rundstedt's Ardennes offensive in the winter of 1944-45. But here's the snag. No less than three villages claim the honor—Gelles, Foy-Norte Dame and Achenet. The stone hasn't been erected yet.

Enjoy perfect rest and relaxation, and irresistible comfort, every night on a Spring-Air mattress and box spring. Scientific, Spring-Air inner-spring units provide luxurious "Controlled Comfort" advantages, explained at right. Come in for demonstration and "real inside story" about mattress quality and value.

Spring-Air inner-spring mattresses and matching box springs, each \$49.50

15 Years Guarantee

Home Furniture Store

### SURFACE COMFORT

High quality, pre-compressed cotton felt padding (upholstery) cushions body from spring contact, gives surface softness and "luxury feel" to a Spring-Air mattress.

### CONTOUR COMFORT

The first 1 1/4 turns of special Karr spring coils give soft, luxurious support to all body contours and special buoyancy to lighter parts of the body such as arms and legs.

### SUPPORT COMFORT

Firm support to heavier portions of the body is provided by the middle section of the "hour-glass" spring coils, where spring tension and compression strength are greater.

### SLEEP COMFORT

As many as nine different types of spring coils, scientifically located throughout, keep edges from sagging, prevent side-sway, maintain flexibility... give sleep comfort year-in, year-out.

SENATOR AT WORK — Sen. Charles W. Tobey (right) helps out on Good Roads Day at Temple, N. H. The custom of setting aside one day yearly for citizens to work on the township's roads started 25 years ago. Others are Perley Hadley (left) and Elliott Orcutt.

## Fatal Shock For Burlington Man

Burlington, N. C., Sept. 14—(AP)—Frank A. Boyd, lineman for Duke Power Company, received a fatal shock here this morning at 8:35 during the erection of a power line pole on North Church street.

## Mrs. E. B. Allsbrook Died Early Today

Mrs. Virginia Ives Allsbrook, 64, widow of E. B. Allsbrook, died at her home, 906 Charles street, at 2:20 o'clock this morning after being critically ill for the past several months.

Mrs. Allsbrook was born and reared near Grifton in Pitt County and attended the Grifton schools and the Winterville Academy. She was graduated from the Nursing School at Rocky Mount Sanatorium and did post-graduate work in Philadelphia. She came to Greenville in 1923 to serve as assistant superintendent of Pitt Community hospital at its beginning, and she was married in 1925 to Eugene B. Allsbrook, who died in 1947. She was a member of Immanuel Baptist Church.

## Plenty Greens For Hog Killing Time

By CHESTER WALSH  
A storekeeper here and another in the country said today that they are having an unusually heavy demand for seven-top turnip seed this year. The recent rain invigorated the collar crop and present indications are that there will be an abundance of these succulent greens ready for harvesting when hog-killing time comes with the first cold spell of the winter.

Joe Joyner, vigilant weather ob-

## Fateful . . .

(Continued from Page One)  
and that revolves about the violent and often bloody differences between the Moslems and the Hindus, growing out of religious bitterness. This has cropped up in connection with the invasion of Hyderabad. Masses of demonstrators yesterday marched to the Pakistan prime minister's residence in Karachi and demanded that Pakistan declare war on the Dominion of India because of the Hyderabad affair. You will recall that the Hindu is a Moslem, although the vast majority of his subjects are Hindus.

## The Italian . . .

(Continued from Page One)  
solve.  
For almost a solid year representatives of the big four met, talked and argued about the colonies. They met 50 times. One of the things they talked most about was a trusteeship for the colonies under the U. N.—which means this:  
Italy or one of the big four would have possession of the colonies and run them with the U. N. Watching to see that the job was done all right.

That's the meaning of a trusteeship: Some one nation controls territory under the supervision of the U. N.  
Eventually, although it may be many years, that territory would be given its independence but only when the U. N. decided it could run itself all right.

Russia wanted Libya for itself, under a U. N. trusteeship. With control of Libya, Russia could shut off from the whole eastern Mediterranean any nation with which it might later on go to war.

But then came April, with the Italian elections. Badly wanting the Italian Communists to win that election, Russia reversed herself and suggested this:  
Let Italy have her colonies back under a U. N. trusteeship.

Some diplomats figured this was a move by Russia to gain friends for the Italian Communists among the Italian people.

But the other three of the big four didn't go along on the idea. At least not flatfootedly.

This nation so far has never publicly said what it wanted done with the colonies. Britain and France haven't been very clear, either.

But the deadline for settling the problem is tomorrow—September 15—for unless it's settled by that date, as explained above, it must go to the U. N. assembly which meets next Tuesday.

## LEAVING FOR OPERA

Capt. Lester Jones, of the northeastern district, State Highway Patrol, will leave tomorrow for Washington, D. C., where he will enter Veterans' hospital for an operation.

## Fateful . . .

(Continued from Page One)  
and that revolves about the violent and often bloody differences between the Moslems and the Hindus, growing out of religious bitterness. This has cropped up in connection with the invasion of Hyderabad. Masses of demonstrators yesterday marched to the Pakistan prime minister's residence in Karachi and demanded that Pakistan declare war on the Dominion of India because of the Hyderabad affair. You will recall that the Hindu is a Moslem, although the vast majority of his subjects are Hindus.

True, India had been pressing the Nizam to join his state to the dominion, Hyderabad being the only one of the hundreds of principalities which haven't joined either India or Pakistan. However, there obviously is no real basis for war between Pakistan and India, since Hyderabad lies wholly within India and 80 per cent of its people are Hindus. Moreover, India proposes to leave the question to a popular plebiscite.

Were Jinnah still at the helm, it's safe to say there would be no war over this issue.

## Hog Market

Raleigh, Sept. 14—(AP)—(NCDA)—Hog markets steady, with practical top of \$28. Rocky Mount and Tarboro \$28.25. Greenville and Richmond \$28.

## Poultry and Eggs

Raleigh, Sept. 14—(AP)—(NCDA)—Live poultry steady. Fryers and broilers 34. Eggs steady. A large 58.

## Grain Market

Chicago, Sept. 14—(AP)—Grain futures carried a steady to firm tone at the board of trade today. Corn again dominated trading. Deferred contracts were firm on short covering, while the September contract eased. Traders said that an easier cash corn market, the result of 100,000 bushels of to-arrive bookings, dried up short covering in the September delivery.

At the close wheat was 1/4 higher to 1/2 lower than the previous close, September \$2.24. Corn was 1/4 higher to 1 cent lower, September \$1.73 1/4. Oats were 1/2 to 3/4 higher, September 72 1/2. Rye was 1/4 to 1/2 higher, December \$1.55 1/2 and soybeans were 3/4 to 4/8 lower, November \$2.55.

## N.Y. Cotton

New York, Sept. 14—(AP)—Cotton futures opened 10 to 30 cents a bale lower.  
Noon prices were 10 to 25 cents a bale lower than the previous close. Oct. 31.09, Dec. 30.77 and March 30.60.  
Futures rallied into new high ground for the day on a late flurry of buying by New Orleans and locals. Covering in nearby October, prior to first notice day, disclosed scarcity of offerings and this aided the balance of the market.  
Futures closed 33 to 90 cents a bale higher than the previous close.

## N.Y. Stock Market

New York, Sept. 14—(AP)—Rising stocks held their gains today in a firm market. Early in the day prices pushed up fractions to more than a point and stayed near that level with minor variations. Volume of trading was around 700,000 shares.
