THE DAILY REFLECTOR

September 16, 1908

Miss Linda Moore, of Washington, is here visiting relatives and friends. Miss Nannie Bowling returned Wednesday evening from a visit to Oxford, Buffalo Lithia Springs and Durham.

The Maine news is better and better. The Democrats elected 7 out of 18 high sheriffs. Two years ago the Democrats elected 7 out of 31 senators. This year they elected 10.

Woman's Club To Honor Faculties

The faculty of East Carolina Teachers College and the Greenville City Schools will be honored at a reception on September 23 at the club house from 8 to 10 p. m. This reception is given by the Greenville Woman's Club in order that the people of the community may have an opportunity of meeting all the teachers of the city schools and the college. The public is cordially invited to attend. The Woman's Club members feel that this is an opportunity for citizens of Greenville to show their appreciation for these splendid leaders and workers in our community.

From 8 to 9 p. m. the faculty of West Greenville, Third Street, and the Training School with part of the college faculty will be in the receiving line. From 9 to 10 p. m. the Greenville High School and part of the college faculty will be in the receiving line.

Mrs. Stokes Gives Program At Club

Stokes—Mrs. Clifford Whichard was hostess Thursday afternoon to members of the Jane Austen Book Club. Mrs. Gordon Clark, vice president, presided.

The home was decorated with fall flowers.

Mrs. William Stokes read a paper on the "Life of Ellen Glasgow."

After the program, a dessert course was served by the hostess, assisted by Mrs. William Stokes—Reported.

Jarvis Memorial Choir Practice
The choir of Jarvis Memorial Methodist Church will have its regular rehearsal this evening at 8 o'clock at the church. All members are urged to be present.

A six-ton electromagnet has enough magnetic force to lift 13 average-size automobiles.

Mrs. James Clifton Nobles

Nobles-Jackson
Miss Virginia Jackson, daughter of Mr. and Mrs. J. Jackson and the late Mrs. J. Jackson, of Ayden, and Mr. James Clifton Nobles, son of Mrs. C. L. Wainwright, and the late Mr. Clifton Nobles, of Winterville, were united in marriage Sunday afternoon, September 14th at the Ayden Free Will Baptist Church. Rev. Walter Stokes, grandfather of the bridegroom, officiated at a double ring ceremony.

Mrs. Elbert Davidson, organist, and Rudolph James, soloist, presented the wedding music.

The bride given in marriage by her brother, Mr. Clifton Jackson, of Ayden, N. C., wore a gown of slipper satin with fitted bodice and sweetheart neckline. Her veil of illusion fell from a coronet of three pearls and sequins. Her only ornament was a strand of pearls. She carried a white purple-throated orchid and tube roses tied with white satin streamers.

Miss Bernice Jackson of Kinston, N. C., sister of the bride, was maid of honor. She wore a dress of pink taffeta with fitted bodice and off-shoulder neckline with mits and halo of matching material. She carried a colonial bouquet of roses, pompoms, and scattered carnations tied with ribbon of rainbow colors. Bridesmaids were Misses Hazel Harris, of Ayden, and Gladys Hines of Winterville. They wore blue dresses made identical to that of the maid of honor and carried bouquets of gladioli tied with white satin ribbon.

Harold Whitehurst, of the United States Navy, brother of the bridegroom, served as best man.

Ushers were William Jess Jackson of Ayden, brother of the bride, Pittman Hines, of Winterville, cousin of the bridegroom, and Chester Stocks, of Winterville.

Mrs. Jackson, mother of the bride, was dressed in a black crepe dress with black accessories and wore an orchid corsage. Mrs. Whitehurst, mother of the bridegroom, was attired in a green crepe dress with black accessories and wore an orchid corsage.

Immediately following the ceremony, a reception was given at the home of Mr. and Mrs. Clifton Jackson, brother of the bride.

For traveling, Mrs. Nobles was dressed in a cocoa brown wool crepe suit with a white blouse and brown accessories. She wore the orchid corsage lifted from her prayer book.

After their wedding trip to Western North Carolina, they will be at home in Greenville.

Mrs. Nobles is a graduate of Ayden High School and King's Business College in Raleigh. She is now employed at the Carolina Sales Corporation in Greenville.

Mr. Nobles is a graduate of Winterville High School and King's Business College in Raleigh. He is associated with Winterville Cotton Oil Company.

Mrs. David C. Jackson, mother of the bride, and Mrs. Leslie James, sister of the bride, entertained at a cake cutting at the home Saturday night following the rehearsal for the wedding party and out-of-town guests.

Mrs. Taylor Hostess At Dessert Bridge
Mrs. Van Taylor, Jr., entertained at a dessert bridge Thursday at the home of her parents, Mr. and Mrs. Z. Vance Bunting in Bethel, honoring Mrs. Frank Winesette, the former Frances Tucker Andrews.

The dining room table was beautifully covered with a hand-cut linen cloth and centered with a silver bowl of double pink asters flanked by burning pink tapers.

Cake, ice cream, nuts and mints were served buffet style. Miss Elizabeth Andrews served the cake and Mrs. Leland Andrews, mother of the bride, served the ice cream. The house was lovely throughout with bouquets of mixed flowers. The corsage presented to the honoree by her hostess was of double pink asters.

Bridge prizes were awarded to Mrs. R. C. Young, Mrs. E. J. Whitehurst, and Mrs. Robert Weeks.

The bride received gifts from the hostess and family of the hostess in her silver and china.

Twenty-eight guests attended.

Joint Hostesses To The King's Daughters
The Order of King's Daughters met with Mrs. T. T. Hollingsworth, Mrs. Cora Powell and Miss Mary Wells assisting hostesses, on Tuesday night, September 14th. Mrs. W. M. Scales gave a very impressive devotional. The minutes of June meeting were read and the treasurer's report was given. Ten dollars was reported given to Children's Crusade. Much charity work has been done. Report of Nominating Committee was given as follows: President, Mrs. Clara M. Shackell; first vice president, Mrs. Cora Powell; second vice president, Mrs. T. T. Hollingsworth; secretary, Mrs. George Renfrew; treasurer, Miss Martha Lee Cowell; corresponding secretary, Mrs. Ed Harvey.

The Emergency Committee suggested buying coal for the old people for the winter, before it was higher. Two letters were read, one to the Membership Committee, one from Durham about helping organize chapters for younger girls. A note of thanks was read from Mrs. Person, thanking for the flowers the chapter had sent her.

Mrs. Person gave two nice readings for the program, which all enjoyed. Order was closed and most delicious refreshments were served.

Series Of Parties In Bethel Honor Bride and Bride-Elect

Tuesday afternoon Mrs. S. C. Whitehurst was hostess at four tables of bridge at which time she honored Miss Mary Wells Bunting, bride-elect of October, and Mrs. Frank Winesette, a recent bride. Colorful arrangements of flowers were placed throughout the house.

Following the progressions of bridge, a tempting salad course was served by the hostess, assisted by Mrs. Grover Whitehurst and Miss Anne Whitehurst. The hostess presented each of the honor guests a lovely corsage. Miss Bunting received crystal in her pattern as a gift from Mrs. Whitehurst and Mrs. Winesette received a silver dish.

Miss Bunting and Mrs. Winesette were complimented again on Wednesday afternoon when Mrs. L. N. James entertained at her home. Pre-arranged tables for bridge were placed amid artistic arrangements of pink flowers. Following the games of bridge, the hostess served bridal cake and nuts.

Miss Bunting and Mrs. Winesette were presented lovely corsages and silver in their respective patterns. Miss Bunting received the high score prize.

Guests enjoying the occasion were: Miss Bunting, Mrs. Winesette, Mrs. C. B. Rowlette, Jr., Mrs. Harold Staton, Mrs. J. C. Smith, Mrs. W. J. Smith, Mrs. Walter Latham, Mrs. Alton Carson, Mrs. Don Carson, Jr., Mrs. Joe Butterworth, Mrs. X. E. Manning, Mrs. F. L. Blount, Mrs. Robert Moore, Paul Cullifer and Mrs. J. B. Bunting.

Mrs. Don Carson, Sr. and Mrs. Don Carson, Jr. were hostesses Thursday night at a picnic supper on the Rotary House Lawn in honor of Miss Mary Wells Bunting and Mr. Tom Andrews, Jr., whose wedding will take place in early October. Guests were invited for seven o'clock. A delicious supper consisting of barbecue, slaw, salad ham biscuits, and hors d'oeuvres were served to approximately 50 guests. The hostesses presented the honor guests with gifts of silver.

Tuesday at one o'clock, Mrs. Sidney Randolph, Mrs. Holt Evans, and Miss Betsy Ann Evans of Enfield were hostesses at a luncheon at the Ricks Hotel in honor of Miss Mary Wells Bunting, bride-elect of October.

Covers were laid for twelve at a beautifully appointed table. A tempting three course luncheon was served. Miss Bunting was the recipient of a unique brass candleholder.

Would-Be Burglar Is 'Grounded' By Shot

Singapore—(P)—A shot fired in the air brought a would-be burglar affectively to the ground here. He was climbing the fence into a military depot when spotted by a sentry who fired into the air. The frightened fence-climber fell down—and fractured his leg. Now he's in the hospital.

Offer Theory Brain Works On Principal Similar To Electronics

Careful Witness

Dr. Martin D. Kamen (above), nuclear physicist at the faculty of Washington University at St. Louis, tells newsmen in Washington that he will not disclose any atomic energy information to House un-American Activities committee members unless the Atomic Energy Commission assures him "committee members have been cleared for access to such restricted data." (AP Wirephoto).

Washington, Sept. 14 (AP)—Modern scientific discoveries which have made television and lightning calculating machines possible may be old stuff for your brain. A theory offered today to the American Association for the Advancement of Science holds that the brain operates on a complex principal similar to the working of latest electronic devices. Dr. Hudson Hoagland of the Worcester (Mass.) Foundation for Experimental Biology described the theory, which he said is based on experimental studies by a number of investigators, principally Dr. Norbert Wiener of Massachusetts Institute of Technology. Hoagland told reporters this concept might "open the way to a mathematical approach to mental disease and a better understanding of the relation between brain mechanisms and behavior," and possibly to more effective use of electric shock in the treatment of brain disorders. The theory holds that "information—in the form of stimulation from outside—is fed into the brain. An example might be the heat sensation the brain records when a finger is placed on a hot stove. It also could be an impulse activated by looking at a picture. This information which gets to the brain in the same way information is fed on punched cards into a calculating machine, is "stored"—maybe for a fraction of a second, maybe for years—in nerve cells. That's one electrical reaction. The next one comes when you want to remember something or do something. To handle that problem, "brain waves," caused by the constant electrical "firing" of all the cells in the brain, sweep over the special cells where the information is stored—just as a television camera "scans" an image to be transmitted. The result: the calculating machine you wear on your shoulder feeds back the right data, and off you go.

Luxury Fare

Singapore—(AP)—There's no telling what type of fellow passengers you may meet on an airplane—especially when it's from Singapore. A Malayan sun bear, three leopards and four pig-tailed monkeys recently left here by air. Their destination—the London Zoological Society. A customer, however, is a customer. Discrimination was no part of this airline's policy. The four-footed passengers were served meals as daintily as their fellow travelers. The menu for the wild cargo included condensed milk, sandwiches and water, with bananas for the leopards and plain tea instead of water for the monkeys.

Stevedores And Refinery Union Continue Strike

By the ASSOCIATED PRESS In one of the nation's major strikes—the two-week-old work stoppage by CIO longshoremen—the Army prepared to use troops, if necessary, to handle military cargo at strike-bound west coast ports. The troops will be used if enough civilian stevedores do not sign up, said Secretary of the Army Royal in Washington. The Army was charged with "strike-breaking" by Harry Bridges, CIO union leader. The longshoremen's union is boycotting the Army's invitation to load Army supplies.

CIO pickets were in front of the Army employment office at San Francisco and Seattle. Chief issues in the walkout are wages and a union-controlled hiring hall. In the CIO oil refinery workers union strike on the Pacific coast negotiations were resumed in San Francisco between the union and one of the six major struck companies. In Richmond, Calif., scene of fighting at the Standard Oil Company refinery Tuesday, Mayor R. H. Miller said representatives of the striking union and two non-striking unions had agreed to extend indefinitely a "truce" that halted disorders around the plant. Wage negotiations between the union and the other companies have been temporarily recessed at the union's request. The union struck 13 days ago for a 21 cent wage hike above the pay scale of \$1.68 an hour. The companies have offered a pay boost of 12 1/2 cents.

YDC Convenes At Greensboro

Greensboro, N. C., Sept. 16—(AP)—The Young Democratic Clubs of North Carolina open their state convention here late today, prepared to meet a challenge from three other parties that have won places on the general election ballot. As final arrangements for the three-day convention were announced, Republican State Chairman Sim A. De Lapp, in a news statement, invited Democrats to switch. His assistant, James M. Bailey, said the GOP has a chance to elect five U.S. representatives in the state's westernmost congressional districts. The States' Rights Democrats and the Progressives also have won places on the six million general election ballots now being printed. T. Lamar Caudle, of Wadesboro, assistant U.S. attorney general, will be the main speaker at the convention banquet Saturday night. Registration started at 4 p.m. today. The executive committee meets tonight. Final preliminary will be a meeting of past officers early tomorrow, and then the convention will be called to order for its first general session at 2 p.m. The opening keynote will be Daniel K. Edwards of Durham County. Speakers tomorrow night will be Senators William B. Umstead and Clyde R. Hoey, the party candidate for governor, W. Kerr Scott, and State Chairman Capus Waynick.

Observe National Guard Day Today

National Guard Day was celebrated in Greenville today as it was throughout North Carolina, with a display of equipment by the local unit at the former location of the Curtis Perkins store on Evans street. The celebration is in honor of September 16, 1949 when the National Guard units of the states were mobilized for military service. The Greenville field artillery unit became part of the 113th division with which it served during the war. The Greenville National Guard unit, commanded by Capt. James B. Tyndall, is now part of the 690th Field Artillery Battalion. Units from Washington, New Bern and Jacksonville are also in the battalion. The display includes a 155mm howitzer, a tractor armed with a 50 calibre anti-aircraft machine gun jeeps, trucks and radio equipment.

Chance To Avert Phone Walkouts

By The Associated Press Hopes appeared brighter today of averting a threatened nationwide strike by some 25,000 CIO telephone equipment workers. The strike deadline is 5 a. m. (EST) Friday but a federal mediator said after all-night negotiations in New York he was "very optimistic" about a settlement of the wage dispute. Representatives of the CIO Association of Communication Equipment Workers and the Western Electric Company planned to resume sessions this afternoon. "The picture looks very bright," said Thomas B. Stuteal, Federal Mediator. The outlook for an agreement was termed "encouraging" by Henry L. Mayer, Union Attorney, who is participating in the wage negotiations. The Union, whose members install and maintain central-office telephone equipment in 43 states and the District of Columbia, called the strike in support of a 31 cents an hour across-the-board wage increase. Later it was reported to have cut its demand to 11 to 16 cents an hour. Current wages average \$1.15 an hour.

Report Gains On Most Flue-Cured Tobacco Markets

Raleigh, N. C., Sept. 16—(AP)—Gains ranging from \$1 to \$3 per hundred pounds were reported for most of the flue-cured tobacco auctions on the eastern North Carolina belt yesterday. Prices generally declined on three other belts operating in the Virginia Carolina area. Losses for the most part were confined to \$1 to \$2.50 on the old belt. Although some grades lost as much as \$4. Light sales were reported, the latest over-all average figure on the belt was \$52.89 per hundred pounds. Other season averages reported yesterday placed the middle belt at \$50.50 and the border belt, which is winding up its season, at \$59.91.

Peanut Field Day At Test Farm On Friday

Raleigh, N. C., Sept. 16—(AP)—Plans were announced today for peanut field day exercises to be held at the upper Coastal Plain Test Farm near Rocky Mount tomorrow. The announcement was made jointly by the sponsors, the State department of agriculture and the North Carolina Experiment Station.

Typhoon Lashes Honshu; Torrent Of Rain Follows

Tokyo, Sept. 16—(AP)—Ten central Honshu prefectures were lashed by a typhoon tonight as winds up to 60 miles an hour ripped east of metropolitan Tokyo. At least two were dead, three injured and 23 missing in the 10 prefectures, early reports indicated. Torrential rains deluged sections north and west of Tokyo sending rivers on rampages. Thousands of Japanese fled as rivers threatened to engulf their homes. Fears were expressed for the ripening rice crops. Residents of Shimizu, 80 miles south of here, cringed with terror as four storm loosened Japanese vessels were tossed about the harbor where the American freighter Governor Bibbs, was trapped as it loaded explosive ammonium nitrate the type of cargo that wrecked Texas City last year. The center of the storm passed west of the city at 8:30 p.m. (7:30 a.m. EST). Haneda airport reported only slight damage from the high winds. Four American B-29s landed at Misawa airport during the storm. Government trains which had been halted, resumed their schedules. There were frequent power interruptions during the night. The Tone river and its tributaries were causing the most concern north of Tokyo. The public information office of the First Cavalry division announced late in the day 250 Americans in rest hotels in Miyashita and Gora had been isolated by landslides blocking roads. They had rations for eight days, the announcement said. Several hundred troopers on field exercises at the base of Fujiyama reported wind and rain playing havoc with their tents.

Kyzer Returns From Meeting Executives In Western Carolina

By CHESTER WALSH Willard T. Kyzer, executive secretary of the Greenville Chamber of Commerce, who returned yesterday from the annual meeting of the North Carolina Chamber of Commerce Executives' Association at Sylva, said it was an inspiring meeting. The principal towns and cities of the state were represented. President Harry Krus, manager of the Winston-Salem Chamber of Commerce, presided. Jasper Hutto, executive secretary of the Lumberton Chamber of Commerce, was elected president of the state association. Charles L. McCullers, executive secretary of the Kinston Chamber of Commerce, was elected vice-president, and George D. Colclough, manager of the Burlington Chamber of Commerce, was named secretary-treasurer. Willard Kyzer, a past president of the state association, was chairman of the nominating committee and chairman of a panel discussion of "Educational Activities." Mrs. Kyzer accompanied him and visited relatives in Asheville.

Report Auto Mishap Near Fountain When Cars In Collision

Highway patrolmen reported an automobile accident Tuesday afternoon near Fountain. The two cars in the sideswiping collision were damaged, but no one injured, the officers reported. Patrolman S. G. Gibbs who investigated the accident said a car driven by Walter T. Bridgers of Maclefield route one was struck from the rear by a car driven by Albert Guerrero, a marine enroute to Camp Lejeune. The accident, according to the officer's report, occurred while Guerrero was attempting to pass Bridgers. Officers said Guerrero was released under bond after being charged with careless and reckless driving. Damage to the cars was estimated between \$300 and \$400.

Strength FOR THE DAY

DEAD END ON THE PILGRIMAGE

Desires inordinately pursued lead to a dead end. Look at the faces of the people who live only to satisfy selfish desires. Look at the men and women about whom there are whispers that liquor is getting the better of them. Look at the young man starting out in life whose heart seems to thrill at nothing but the prospect of some indulgence. Look at the men and women, middle-aged and beyond, whose thoughts have dwelt only on the things of the flesh. Look at the hardened cynic, not entering the twilight years whose whole thought and energy has been to build up wealth and to do it usually by throttling someone and casting him aside into the ditch.

Is there peace in such lives? Do pleasant memories come in to give their gentle benediction to declining years? People such as these have fervently pressed the pilgrimage of life along a pathway which comes up at last against a dead end. Even then many of them have not learned their lesson. They continue to throw themselves against the dead end wall as if by the fury of their strength they would cast it down. But the road block was put there by hands higher than man's.

The biblical counsel concerning this situation is: "He that soweth unto his own flesh shall of the flesh reap destruction; but he that soweth unto the Spirit, shall of the Spirit reap eternal life." (Gal. 6:8).

PLAYING FOR TIME

It was no surprise that the big four failed to agree on what to do with the Italian colonies in North Africa. The conference was branded 'failure' almost before it convened in Paris.

To begin with, the treaty provided that if no decision was reached on the disposal of Italy's North African empire by September 15, the question would be put before the United Nations. Realizing that, the United States, Britain and France took no action... apparently willing and desiring that such a procedure be followed. The conference was called only a matter of hours before the stipulated deadline and no one but the residents of the Kremlin knew why the meeting was insisted upon.

The western allies are playing a cautious game. They know the military importance of those North African colonies and they have no desire to give up so quickly an area which took much time and effort to wrest from the Axis. Then too, Italy's political future is still uncertain despite the current strength of non-Communists in the government.

It would be no poor guess if we assumed that Britain, France and the U. S. are stalling for time and gambling that by the time any action can be taken by the United Nations, Italy will be much further along the road to prosperity and further from possible Communist control.

More than that, the entire foreign policy of the western powers in the cold war for Europe appears to be based upon the ultimate success of the Marshall Plan. That's the heart of the matter.

Boyle's Column

By HAL BOYLE

New York—If I had a son—if I had a daughter—I'd like them to go to a school that doesn't exist. It is the school I wish I could have gone to when I was a child. I am afraid this school would cost the taxpayers a terrible amount of money. But if there were many schools like it I think they would be worth the money. They would help make the world a better place to be in. And the only way that can be done is to grow up better people.

To begin with I would have one teacher for every five or ten pupils. Their job would be to try to create in the schoolroom the friendly, cooperative atmosphere that is found in the highest type American home.

Perhaps in that way they could learn something worth bringing home and teaching their own parents.

The object of this dream school would be to prepare the pupil for a job. It would be to prepare him to live a happy life with his fellow men. There are plenty of good technical schools he could go to later to learn how to earn a living.

My school would be coeducational. It would have a dormitory, and once a week the pupils would sleep there. They could stay up late, too, and tell stories and play games.

From kindergarten on they would be taught that the finest career possible matrimony. I would try to dissuade the little boys from the idea that marriage is only a sissy thing for women and children.

I would do this by borrowing an orphan infant—mothers often won't lend their babies for school experiments—and let the children of both sexes play together at diapering, feeding and bathing the child. I would keep the orphan around until he was old enough for school, too, so the older children would remember having helped him and look on him as a younger brother.

WASHINGTON LETTER

By JANE EADS

Washington—Twenty years ago this month a little group of women who had lost their sons in World War I banded together in the Capital to form an organization called "The Gold Star Mothers." Today, as the American Gold Star Mothers, Inc., the group has expanded to include the mothers of service men killed in World War II. It boasts about 30 chapters all over the United States with more than 10,000 members. Mrs. Walter D. Boyd of Long Beach, Calif., is president.

Gold Star Mothers Day, set aside for Sept. 26, is observed by special services in many of the nation's churches.

The late Mrs. George Gordon Seibold of Washington, who organized the group of 20 women here in 1928 was the first president. They signed the charter on June 4th that year, but left it open for 19 more mothers throughout the states to come in. Thus, there were 39 founders. The following year chapters were formed in Los Angeles, San Diego, Santa Ana and Long Beach, California. Up until 1946, according to Mrs. Reberta E. Jacobs, one of the founders, and now National Custodian of Records Emeritus, there were between 76 and 79 chapters. The biggest growth has been since World War II.

Mrs. Jacobs, a pert, lively lady of 82, sort of runs the national headquarters office in a local hotel. At least, she's always on hand to answer questions. She says mothers pay \$1 for membership fee and \$1 for annual dues in the organization. Some chapters ask more in dues from their members. Mrs. Jacobs says to be qualified for membership women must be the mother that gave birth to the soldier who sacrificed his life. Stepmother, foster mothers and adopted mothers are not eligible. Death of their son in the service must have been in the line of duty, and they must be American citizens, either by birth or adoption.

The outfit is non-denominational, non-profit, non-political and non-racial. "A mother's a mother," says Mrs. Jacobs when he "went over the top" October 3, 1918, in a battle in France. Only a few days before he had observed his 21st birthday. Her grandson, Charles A. Hance, was badly wounded in World War II while serving in the European theater.

The Gold Star Mothers figured most prominently in the news in 1930 when the government sponsored a pilgrimage of mothers to the graves of their beloved ones in France. On this occasion the government recognized not only the Gold Star Mothers, but non-members and included in the pilgrimage many women who were step-mothers, foster, or adopted mothers, Mrs. Jacobs said.

The mothers chiefly concern themselves with working for and cheering up boys in veterans hospitals through out the country. Mrs. Jacobs can't get around as much as she's like to go she gathers all kinds of Christmas greeting cards and makes little baskets out of them for the hospitalized to keep on bedside tables for cigarettes and other things.

Baby Lightens Royal Portrait

Gurgling Princess Maryke (second from right), youngest daughter of Queen Juliana of the Netherlands, injects a lighter note at otherwise dignified occasion as the new queen and her family pose for official picture following her investiture. Left to right are: Princess Margriet, Juliana, her consort, Prince Bernhard, Princess Maryke and Princess Beatrix. (AP Wirephoto).

Buffalo Boom Urged In Brazil To Help Farmer

Rio De Janeiro—(P)—The Indian buffalo will be the animal of the future in the Amazon valley, says the Brazilian Minister of Agriculture, Daniel de Carvalho. "A big agricultural plan to recover the rich lands of the Amazon region is under way. The buffalo would be a great help to feed farmers. It will give milk and meat. The buffalo lives there at ease. It has found an excellent climate and no other region for natural conditions fit it better," he says.

Buffalo already exist in Brazil. Still their breeding is not yet spread throughout the country. Some herds can be found in the Marajo island, at the mouth of the Amazon River. From this great fluvial island buffalo meat is sent to Belem, a city of 400,000. Small herds are also found in the States of Para, Alagoas, Bahia, Estado do Rio and Minas Gerais.

J. Sears, an expert of the Brazilian Ministry of Agriculture, said he thinks it is a good idea to intensify the breeding of buffaloes in the Amazon region. "The Indian buffalo is the most resistant domesticated animal I know," he said. "It can easily overcome the natural adversities of the jungles. Warm climate is its climate. It never contracts consumption. Its milk has more nourishing value than ordinary milk. These reasons have convinced me that the time has arrived to start with great buffalo herds in the Amazon regions. It will make smoother the hard task of conquering the jungles. It will greatly help man to settle in regions where he would feel safe to get good milk and good meat. Brazil is a tropical country. The Indian buffalo is a tropical animal. So it is, of course, the animal of our hot lands in the Equatorial latitude."

chums. Try to look behind the flaws to see the good. And don't try to use the "analytical" excuse. This is when Mary says of her best chum, Betty, "I'm so crazy about Betty, but I wish she wouldn't be such a drip on a party." If Mary is crazy about Betty, she doesn't point up her flaws to anyone else.

Be reasonable. Don't always be ready with the harsh retort. If someone gives you constructive criticism, accept it in the right spirit. Be sweet. You will always get more with sugar than with vinegar. If someone is jealous of you and shows it, feel sorry for them. You always can win out by ignoring their attitude and being agreeable. This will serve to embarrass them into shelving their hate campaign or it will at least keep others off their hand-wagon.

Be helpful. The Lord didn't give everybody a beautiful brain. Share yours with somebody else. You may save a dumb girl many unhappy moments by ironing out school problems which she cannot grasp in the classroom. If you are smarter than she, how can she ever be serious competition to you, anyway?

Be loyal. If a chum makes a mistake, stick by her. Don't let her down because the school pack has turned up its noses. That is the time when she needs your friendship more than ever.

Be generous. Penny-pinching, budget-minded people always look and act the part. You don't have to give away your last sou. But by sharing with others less fortunate than yourself you are buying happiness, something your miserly school friends can never purchase with their stuffed piggy-banks.

Be courageous. When you are right stick by your guns. Don't back down when the going looks tough. And, always be willing to admit it when you are wrong.

Be wise. Pick the right companions as bosom pals. But don't make enemies, even of those who don't measure up to your expectations.

Be studious. You are at school to study so don't use up your family's hard-earned cash by flitting your time away. You'll lose the respect of your more serious minded friends if you do.

Be a good sport. Learn to play games in the right spirit. To be a good competitor you should always want to win, but don't be a sore loser.

Dear Judge

AP Newsfeatures
Try to make a deposit in your popularity bank every day. You'll be sure to be the belle of the school year.

You don't become popular by wearing the most expensive clothes or by being the prettiest girl in the class or by dating the handsomest man. Popular girls always lead less lives. In lending a helping hand to less resourceful classmates, they build up a great store of friends and their stock goes up on the popularity chart.

What do they get out of it? Most of them find that the inner satisfaction of helping someone and winning friends is by far their biggest reward. Further, they find their own problems seem to melt away. Here are ways you can become popular by the unselfish route:

Be kind. Never hold up a girl to ridicule because she has a small wardrobe and smaller bank account or because her parents do not measure up to yours. She deserves the same chance as the wealthiest and most well-bred girl in school.

Be charitable. Don't engage in gossip about any of your school

Global Bombers Call For, And Will Get, Refueling While In Air

By JAMES J. STERNING

Washington — Flying filling stations are going into business for the trans-global bomber.

Just when and how is an Air Force secret. The military acknowledges, however, that refueling-in-flight experiments have shown three points:

1. It is useable in long-range bombing operations.
2. It will add from 40 to 75 per cent to normal bomber range.
3. It probably can be done high over the arctic wastes.

Many B-29 and B-50 bombers now are being modified for aerial refueling.

The standard B-29 bomber can strike 5,000 miles or more. Its husky off-spring, the B-50 probably will develop a 6,000 or 7,000-mile straight-line reach. Conservative appraisals indicate 8,000 miles and eventually perhaps 10,000 miles for the B-50.

Add up to 75 per cent to those figures and you get a mighty long arm. By great circle or airline route, the farthest spot in the world is 12,500 miles. Bombers will have such range in the foreseeable future with mid-air refueling.

Present refueling systems are improvements on the methods used by endurance fliers 12 to 25 years ago.

Gen. Carl A. Spaatz, retired chief of the air force, commanded the "Question Mark," one of the most famous of the endurance planes which stayed aloft 150 hours in 1928.

Six years later Fred and Al Key of Meridan, Miss., pushed the record to 653 1/2 hours (27 days), and there it rests. Such flights no longer receive official recognition in sporting aviation.

Fueling usually was done by hose.

Tennessee Ours, Reece Tells Dewey

Carroll Reece (left), former Republican national chairman and current candidate for the U. S. senate in Tennessee, visits Albany, N. Y., and tells Gov. Thomas E. Dewey about the political outlook down south. Reece said he thought both he and the Republican presidential nominee would carry Tennessee. (AP Wirephoto).

But in one stunt an automobile sped along under the low-flying plane and a man on the roof handed up cans of gasoline. That would not do, of course, for today's behemoths. They use gasoline by the thousands of gallons.

A bomber uses a tremendous amount of fuel from takeoff to the point of leveling off at its cruising altitude, say 25,000 feet. A B-30 for example, would use around 800 gallons just for the climb. A B-29 would use about three-fourth as much and a B-36 might use twice as much.

But once altitude is reached, the bomber can be throttled back and cruise at an economical speed. A bomber with full tanks at altitude has much more range than one with full tanks at takeoff.

Refueling in flight can be used in another important way. A bomber can take off with less fuel and more bombs. Then, having reached altitude, its fuel tanks can be filled.

The Air Force withholds details of its refueling method, but it is believed to be similar to that used by the British in experiments on trans-Atlantic passenger flights. The British used four Lancasters modified for the tests.

Mirrors Provide Four-Way Video

Cincinnati — (AP) — A television model, suitable, it is claimed, for bus and railway terminals, hotel and theater lobbies, or anywhere where people congregate, has been developed at the University of Cincinnati by Burton Benjamin of Brooklyn, N. Y.

It has four screens in one-fourth normal size and can be encircled with chairs so that up to 100 persons may see the action, according to Benjamin. Another set, twice as large, can be made, he declared.

Complaints of people who like television but "found the set crowded when more than six people were in the room," gave Benjamin his idea for the four-screen model, he said.

Benjamin, a recent industrial design graduate at the university's college of applied arts, said the multi-screen model incorporates a selsyn system of remote control of volume and station selection.

A series of semi-silvered mirrors duplicates the projected image from the cathode ray tube, he added.

Dog Found Way Home Though In Freight Crate

Truckee, Calif. — You hear about a lot of dogs who, when stolen, limp home months later, footsore and weary.

That is not for "Smockey," a freight agent's dog who was stolen and turned up months later, through pure chance, in a freight-crate at the same station.

Freight Agent Earl Stice missed "Smockey," a white and brown Springer Spaniel, but did not despair. "Dogs have walked hundreds of miles to get home, and 'Smockey' is as smart as any of them," he maintained.

Then the other day he unloaded a dog crate from a passing freight train. Inside was a white and brown Springer, and Stice's heart skipped a beat.

"Smockey!" he said hopefully. The dog inside just about tore up the crate upon hearing his name. Stice says some passing stranger picked up "Smockey" and sold him later to a dog-lover in Roseville, 100 miles away. This man decided recently to go hunting in the Truckee region, and shipped "Smockey" ahead by freight.

When he appeared to get "Smockey," there was naturally some pointed conversation with the freight agent. Stice put "Smockey" through his tricks. "Smockey" sat up, rolled over, played dead, between greetings with old Truckee friends. "Okay," said the man from Roseville. "He's your dog."

Ayden Sailor Visits English Lord Mayor

Virgil F. Borney, electronics technician, second class, USN, of Ayden, N. C., 218 is serving abroad the destroyer USS Willard Keith which has visited Brighton, England. While there the crew members of the destroyer were guests of the Lord Mayor or P. F. Friend-James, O. B. E. at a luncheon.

In a message of welcome to the American Naval personnel the Lord Mayor said:

"Brightonians, in common with all Britshers, are not unmindful of the unforgettable cooperation between the two great English-speaking nations during the dark days of the war, and they welcome the opportunity of entertaining visitors from the New World."

The officers and enlisted personnel also attended sports events and dances staged for them by the City of Brighton and in return welcomed the citizenry of the English Channel resort city aboard the destroyer in a series of "open houses" and conducted searchlight displays each night of the visit.

Dr. Rudolph Williams At Music Club Meet

Dr. Rudolph R. Williams, chairman of the department of music at East Carolina Teachers College, attended a meeting of the North Carolina Federation of Music Clubs today and participated in planning a program for the year. Dr. Williams was recently appointed chairman of the department of American composition and North Carolina composers and as part of his duties in the Federation will be in charge of the contest for North Carolina composers which is conducted annually by the organization.

Here is how the British did the job:

The tanker takes a position to the rear and right of the receiver. The receiver plane releases from a housing under its tail a steel cable, tipped by a cone-shaped weight and grapple, or hook. As that hanging line trails out behind a light steel contact line is fired from the tanker. It falls across the hauling line, which then is pulled aboard the tanker.

The fuelling hose is connected to the hauling line and the hose is pulled down to the receiver plane. Meanwhile the tanker has climbed to a position above and slightly behind the receiver. The fuelling hose is 250 feet long.

When fuelling is completed the receiver plane feeds the hose coupling out on the hauling line. This line has a weak link which breaks when the tanker plane turns away.

"Castle" For Cinderella Wedding

"White Castle," (above), beach home of retired Col. and Mrs. Arch Wall at Bilbur-by-the-Sea, Fla., will be the scene of the wedding of Socialite Francis Hitchcock and Stephanie Saja, daughter of a Pennsylvania coal miner. (AP Photo).

Push Export Of Machine Tools

London (AP) Minister of Supply George Strauss says Britain's exports of machine tools are contributing to national recovery and contributing to the prosperity of other nations. "I do not for a moment accept the old argument which one still sometimes hears expressed—that by sending machine tools abroad we are, by reequipping the industries of other countries, enabling them to compete with us and damage us," he says. "If we are to prosper other countries must prosper, too, and prosperity can be achieved nowhere without a measure of industrial productivity."

Still Rely On Horse To Carry The Mail

Sydney, Australia — (AP) — An Australian pack-horse mailman, Jim MacDowell, has ridden 140,000 miles

and spent 5,000 hours in the saddle during the last 15 years delivering mail twice a month to lonely towns in the Cape York Peninsula in Australia's far north-east. Mac Dowall's mail contract has been a fortnightly 300-mile delivery between Coen (160 miles northwest of Cooktown) and Laura (a railroad 50 miles west of Cooktown). He kept that up for 15 years without a holiday.

CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (38 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect!

We are pleased to announce that we have added to our gin equipment . . .

A Cotton Processing Plant

which consists of a Tower Drier and a 6-Drum Cleaner, which means a better cotton sample and more money for your cotton.

Don't take chances on having your staple ruined by inferior gin equipment.

We can handle your cotton through the Pool or Government Loan or buy it.

J. P. Sumrell Gin Co.

Ayden, North Carolina

We will be pleased to take your membership to the Farm Bureau while you are at the gin of ice.

Name Staff Members To Teco Echo At First Meeting Of School Year

Senator-Elect

Rep. Margaret Chase Smith (above), Republican of Maine, was elected U. S. senator in Maine's general election September 13. This picture was made as she voted at Skowhegan, her home town. (AP Wirephoto).

Appointment of staff members for the Teco Echo, student newspaper at East Carolina Teachers College, by Editor Carl Conner of Windsor and a talk by David J. Whichard III of the Greenville Daily Reflector were events of the opening meeting for the 1948-1949 term of editors and reporters for the campus bi-weekly. Twenty-six editors and reporters were present to begin work for the school year.

Whichard, who has recently become a business associate of his father D. J. Whichard, Jr., editor and publisher of the Daily Reflector, discussed with the Teco Echo staff opportunities open to students who participate in school journalistic activities. He was graduated last spring at the school of journalism at the University of North Carolina.

Conner announced the appointment of Charles R. Williams of Erwin as managing editor of the Teco Echo. Williams served as editor of the paper during the summer session of 1948 and last year wrote feature articles and edited a column for the paper. Associate editors will be Richard Taravacha of Sylacuse, N. Y., and Josephine Pinnell of Warrenton. William Lloyd of Thomasville will be sports editor; and Jack Hedgepeth of Rocky Mount, associate sports editor. Mrs. Betsy Parkerson West of Greenville will head the business staff for the school year.

Staff assistants, who will do editorial work, include Elizabeth Manning, Williamston; Curtis Nichols, Bell Arthur; Marian L. Hart, Norfolk, Va.; Louis Hales, Stantonsburg; Ann Wicker, Tarboro; Adelaide Shirley, Greenville; Laura Williamson, Wilson and Jean Taylor, Kinston.

Absenteeism Is Cutting Smokes

Oxford, England—(AP)—An improvement of only one per cent in the absenteeism rate in British coal mines would give us an increase of around two millions tons of coal a year. Alfred Robens, Parliamentary secretary to the ministry of fuel said in a speech here.

"Every ton of coal exported brings enough foreign exchange to buy 123 gallons of petrol or 10,000 cigarettes from the U. S.," he added. If Britain can exceed her coal export target this year the secretary raised the hope that "little extra" might be possible.

Europe has a total population of about 500 million.

Raise Question, Who Will Pay?

Oklahoma City, Sept. 16—(AP)—President Truman may have to pay to hear himself talk when he visits Oklahoma City on Sept. 28.

When State Democratic chiefs arranged to have the President speak at the State Fair they forgot one little thing. That was the fair's sacred, 16-year-old rule against free admissions.

Someone will probably pay 60 cents for the President. But, asks Fair Manager Pete Baker, who picks up the check for his staff of 100?

Vice Charge Sentence Suspended

Mrs. Nancy Fletcher Chorem, daughter of a U. S. career diplomat, smiles happily in New York as she enters an automobile after receiving a suspended sentence in magistrate's court on charges of loitering for purpose of prostitution. At left is George Chorem, her husband, Egyptian cotton broker, who arrived recently from North Africa. (AP Wirephoto).

Red Oak News

"Homecoming Day" will be celebrated at the Red Oak Christian Church next Sunday, September 19, and that will inaugurate a week's revival to be conducted by Rev. Thaddeus Cox of Farmville. Services will begin with Sunday school at 10 o'clock and the Junior Choir, under the direction of Mrs. Bill Jenkins and Mrs. Thurman Paige will render some special songs.

Rev. Harold R. Tyer of Bath, pastor of the church will preach at the morning hour. Mesdames James Allen, Clarissa Edwards, May and Mimi Tripp Denton, soloists, and Mesdames Joe Joyner, Ola Kitzler, Bill Jenkins, Finner Allen, Doc Smith, Travis Crawford, Amos Evans, Thurman Paige, Misses Grace Tripp, Sarah May and Jarvis Tripp, Jr., "I Waited For The Lord," by Mendelssohn. Mrs. May will sing, "The Holy City," at the morning hour.

At 12:30, a picnic dinner will be spread under the shade of the old trees that have watched sentinel over the church for many years.

At 1:30 all who wish to do so will assemble in the church auditorium to enjoy some good old-fashioned singing and after-dinner speeches.

All members of the church are asked to bring a well-filled basket and some sweetened tea.

All our friends are cordially invited to come and worship with us on this glad day and enjoy the fellowship.

Revival services will begin on Sunday night, September 19, 7:45. We hope a large crowd will attend these services as Mr. Cox is well-known and well-liked in our community.

The remodeling program started at the church in the spring has been completed and Red Oak Church members are very proud of what has been accomplished. Two Sunday school rooms, a large vestibule, a steeple and bell, stained glass windows, plastered walls, a choir loft, fresh paint inside and out, floors sanded and waxed and new doors where needed, are some of the many things done. We have also built two rest rooms, recovered our log kitchen, put new cement steps at the back of all buildings, installed a complete new lighting system in all the buildings and built a new sink and table in the kitchen.

In addition to the above, we have cleaned and scrubbed all the buildings where needed, cleaned the grounds and by sheer hard work we have built a low cement wall around the big oak in the yard and by next spring it should be a thing of beauty with all the bulbs and flowers that we will put there.

"Somebody told us that it couldn't be done, but we with a chuckle replied that maybe it couldn't, but we would be the ones who wouldn't say so till we'd tried! And so, at long last, a cherished dream is beginning to be realized by the folks who know and love "The Little White Church in the Wildwood."

On Sunday night, September 12, Circle No. 2 of Red Oak met at the home of Mr. and Mrs. Joe Joyner. It was the first meeting of the year and although the attendance was

small, we feel that much was accomplished. Our new officers are: chairman, Mrs. Bill Jenkins; vice chairman, Mrs. Amos Evans; secretary, Mrs. George Haddock; treasurer, Mrs. Jesse Jordan and program chairman, Mrs. Travis Crawford.

Our new chairman presided and did a very nice job. The meeting was opened by singing "The Old Rugged Cross," after which a scripture was read followed by prayer.

There was much discussion as to the type of program we would have this year. It was decided we would have a book report from time to time on some timely book. We will also have open forum discussions on subjects of local interest.

We were glad that one of our members, Mrs. Jesse Jordan, was able to return home after undergoing successfully an operation.

We were glad that some members brought their husbands along and they chatted with Mr. Joyner in another room and later joined us for refreshments of chocolate nut sandwiches and coffee.

We urged all members of our church who are under 35 to join our circle. Let's make a special effort to do this. We need you and you may find that you need us. Please try to come. Watch this column for the place and date of the next meeting which will be held in October.

Circle No. 1 held its September meeting at the home of Mr. and Mrs. H. R. Allen last Sunday evening. Eighteen members answered the roll call.

A report on the lawn party recently sponsored by the ladies of the church showed about 225 people present with a silver offering of close to \$125.

We are looking forward to and planning our "Harvest Sale" in November.

We were sorry to learn that one of our most loyal church members, Mrs. H. C. Smith, was very ill in Pitt General Hospital. A gift was sent to her from the circle.

Delicious refreshments were served by the host and hostess and their daughter.

Baby eels hatched into flat, transparent bits of life, grow into flat cigar-shaped forms, and then change into their adult form.

To Become Scrap

Tokyo, Sept. 16—(AP)—The last of the Japanese battle fleet will be on the scrap heap by the end of this year.

U. S. Navy spokesmen said today 406 former enemy war craft, ranging from battleships to 20-ton torpedo boats, had already been scrapped. Fifteen more will be cut up before the year ends.

The scrap is being given to the Japanese government for industrial use.

Small, we feel that much was accomplished. Our new officers are: chairman, Mrs. Bill Jenkins; vice chairman, Mrs. Amos Evans; secretary, Mrs. George Haddock; treasurer, Mrs. Jesse Jordan and program chairman, Mrs. Travis Crawford.

Our new chairman presided and did a very nice job. The meeting was opened by singing "The Old Rugged Cross," after which a scripture was read followed by prayer.

Cinderella Girl Weds Hitchcock

Folkston, Ga., Sept. 16—(AP)—Folk playing Francis Hitchcock and tall, willowy Stephany Saja, a Pennsylvania coal miner's daughter, were honeymooning today after a surprise elopement to this South Georgia "Gretna Green."

The 23-year-old bride, who left her native Windber, Pa., and went to New York to become a clerk in a brokerage firm, was married to the balding 30-year-old Hitchcock here last night by Charlton County Judge A. S. McQueen.

A simple single ring civil ceremony was used in the nuptials. It was the first marriage for the bride, the third for the socialite groom.

The last legal barrier to the wedding was removed Tuesday at West Palm Beach, Fla., when Circuit Judge C. E. Chillingworth granted a divorce decree to Mrs. Marie Grammer Hitchcock, the groom's second wife, on her counter suit.

Hitchcock, however, still faces the possibility of a perjury investigation directed by the court at the time the decree was entered. The question raised was whether Hitchcock had perjured himself in obtaining a Florida marriage license by saying he was divorced.

A Georgia license issued by McQueen was used in the wedding here last night.

Wins Divorce On No-Kiss Grounds

Los Angeles, Sept. 16—(AP)—Mrs. Lorraine Rubin, two years without a kiss she says from her husband, has her divorce today.

Mrs. Rubin, 32, won a bitterly contested suit with testimony that Dr. J. Salem Rubin, 48, a urologist, maintained kissing was unsanitary—but spent considerable time with an attractive baby sitter.

After studying the suit six weeks, Superior Judge Otto Emme ruled in favor of Mrs. Rubin and gave her custody of two sons, the family home, \$27,000 worth of community property and \$700 a month support.

Plan New Facilities At Yacht Basin Site

Morehead City—Completed only last year, the Morehead City Yacht Basin has experienced such excellent patronage from pleasure and commercial vessels in its basin and shipyard, that an expansion pro-

gram is now being planned. A huge boat house will be built between the main building and office and the Shipyard and Repair division, according to C. N. Bennett, general manager. This boat house will cost approximately \$18,000, and it will provide under cover facilities for several yachts. Work on the structure will begin immediately. Other building at the yacht basin is planned for next Spring, Bennett stated.

State Employees To Hear Scott

Raleigh, N.C., Sept. 16—(AP)—Governor-nominate Kerr Scott will be the principal speaker at tomorrow's opening session of the two-day convention of the State Employees Association.

The association, formed last year primarily to get demands of state employees into the legislative halls, is headed by Mason E. Swearingin, who will preside over the convention.

Small, we feel that much was accomplished. Our new officers are: chairman, Mrs. Bill Jenkins; vice chairman, Mrs. Amos Evans; secretary, Mrs. George Haddock; treasurer, Mrs. Jesse Jordan and program chairman, Mrs. Travis Crawford.

Our new chairman presided and did a very nice job. The meeting was opened by singing "The Old Rugged Cross," after which a scripture was read followed by prayer.

50 WORDS or LESS ON 'WHY I AM GLAD'

CAME to GREENVILLE

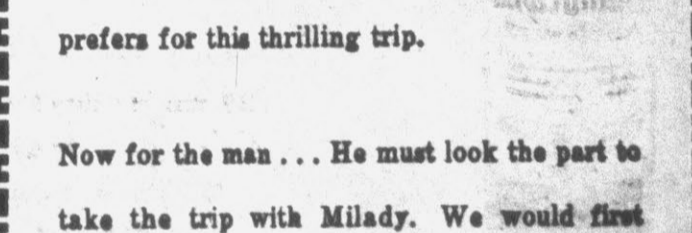

Will win a free trip to New York if your letter is chosen to be the best letter mailed to HILL'S in Greenville. You must be at least 16 years of age to be eligible.

A free trip to New York for one week with expenses paid... an ideal trip for that second honeymoon... or if you are unmarried, you may choose any companion you wish for this exciting adventure.

You may travel by plane, train, or car. Free hotel accommodations... expenses for shows, night clubs, sight-seeing tours, and enjoy the glamor of the night life and thrill to the bright lights on the ever glamorous Broadway.

The free trip to New York entitles Milady to visit the Ideal Beauty Shop and Mrs. Dall will give her a hair-do (as only Mrs. Dall can) which she will always remember... a cold wave permanent... then to C. Heber Forbes Ladies' Shop and select the wardrobe suitable for the trip up to \$100.00 anything she prefers... Then off to The Bootery for her choice of shoes and bag to match, together with two lovely pairs of nylons. She will then be privileged to visit J. A. Collins & Son for the luggage she prefers for this thrilling trip.

Now for the man... He must look the part to take the trip with Milady. We would first send him to the Hotel Proctor Barber Shop and have him fixed up so Milady would be proud of his appearance. Then he may select a complete outfit from

From HAT to SHOES, including a Hart, Shaffner and Marx

SUIT, MANHATTAN SHIRTS, TIES, and UNDERWEAR... any color or quality he may choose. Naturally his expenses will be paid also.

The next two best letters will receive a HART SCHAFFNER & MARX SUIT each.

For every letter we receive, we will issue the writer a credit slip for \$5.00 on any \$50.00 purchase. You may write as many letters as you wish, so get busy and keep the mail rolling to HILL'S in GREENVILLE.

Contest closes midnight November 15th. All letters will become the property of HILL'S.

GOOD NEWS FOR SICK PEOPLE

STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS

and such complaints as Headaches, Nervousness, Acids, Toxins, Loss of Vitality, Energy, Poor Appetite, Underweight, Dizzy Spells.

Drugless Health

Pharmacists, like doctors, know medicine best. Thousands of druggists of high reputation, who now sell Geo-Mineral, report amazing results by its use.

Read What They Say!

"We have sold Geo-Mineral for the last six months and it has been one of the best selling drug items we have ever handled"—say Porter Bros., pharmacists of Concord, N. C. "Users report amazing results in many instances, and we personally believe Geo-Mineral is a good medicine for purposes as indicated, and recommend it to sufferers who have tried other medicines with little if any results. They may discover that Geo-Mineral is what they have probably been needing and looking for—we unhesitatingly recommend it."

"We wish to state that after selling Geo-Mineral for eight months, this product has broken all sales records in the medicine line in our drug store"—reports Jack Wright, owner of Economy Drug Co., Anderson, S. C. "Users report almost miraculous results, helping sufferers with rheumatism, arthritis, weak kidneys, and various stomach ailments. We believe that there exist very few items on the druggists' shelf with the merit of this natural mineral medicine. Of thousands of bottles sold on a quarterly basis, there have been very few returns."

"We not only sell Geo-Mineral"—says G. A. Littlefield, Manager of Smith's Drug Store, Gastonia, N. C.—"but we also recommend it as a natural medicine, and we believe there is none better than Geo-Mineral as a supplement for mineral deficiency. Doctors, hospitals, sanatoriums know the value of natural minerals. We are not surprised at the many users who came back to buy more and told us stories of amazing benefit. We recommend it to our friends, relatives, and beloved ones, and to every one wishing for better health."

100% Guaranteed!

WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.

REGARDLESS of how long you have been suffering, and how many medicines you have tried before, Geo-Mineral may be your remedy. TRY it today! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

Wilson's Weekly Bulletin

FROM THE Rector Kitchens

Easy Does It!

For credible platter and palate performance at low cost you can always count on Wilson's Four MORs. They won't let you down, even if you just slice them plain, as pictured. All four MORs (whether beef, veal, lamb or pork) show true affinity for accompaniments like tomato, cheese, cucumber, potato (both Irish and sweets), greens, and most fall vegetables of the current markets. In addition there are many special platter teams like Mor Lamb and mint jelly, Mor Beef and chili sauce, Mor Pork and apple slices. No need to rack your brain about building menus. Using the Wilson's MORs makes it so EASY!

Tasty Half Hour Dinners Using MOR*

MOR BEEF MENU
Chilled Fruit Juice
Cold Sliced Mor (Beef)
Stuffed Whole Tomatoes using either Sausage or Peas—Celery Salad
Baked or Fried Summer Squash
Potato Chips Peach Gingles
Coffee

MOR LAMB MENU
Chilled Tomato Juice
Cold Sliced Mor (Lamb) Mint Jelly
Hot Garlic Toasted Bread
Frozen Peas and Carrots
Orange gelatin-pineapple-carrot salad mold
Chilled Concord Grapes on Leaf
Tray of Wilson's Certified Cheeses

MOR VEAL MENU
Sliced Orange and Bananas with lemon juice
Cold Sliced MOR (Veal)
Tomato Wedges
Relish tray—carrot, celery sticks or Tossed Green Salad
Savory rice-stuffed Green Peppers
Mint Ice Cream with Chocolate Sauce or Butterscotch Pudding and Coconut Cookies

MOR PORK MENU
Pineapple Juice, Chilled,
Cold Sliced Mor (Pork) Carrot Curli
Cabbage-carrot-peanut Saus
or Waldorf Salad
Buttered Beets with their greens
Orange Ice-cream Applesauce-Cake Squares
Iced Coffee or Tea

*For menu balance and true economy in all menus use Wilson's Certified Margarine for its high vitamin A values, canned milk for cooking and free... milk to drink.

Rector's Favorite Peach Gingles (Clip and file)

Use enough buttered muffin or custard cups to serve your family. Half-fill with sweetened sliced peaches (fresh or canned), dot with Wilson's Clear Brook Butter or Certified Margarine and sprinkle lightly with nutmeg. Place in 350°F. oven while you make batter for top. Mix your favorite gingersnap batter and pour over hot peaches, filling muffin cups only two-thirds full. Return to oven for about 25 minutes to bake gingersnap. Serve slightly warm.

Good to the last crumb.

The Wilson Label protects your table.

"Quality Footwear"

Fire Prevention Is Emphasized By George Gardner

Although National Fire Prevention week does not begin until October 3, the city fire department and the Greenville Chamber of Commerce have undertaken a campaign to prevent fire throughout the year in Greenville.

Fire Chief George Gardner has outlined the following advice to individuals to help minimize property loss and injuries in case of fire in the home.

"If a fire occurs and you are not sure that you can easily extinguish it, call the fire department first and then start to work on the fire. If the fire is out when firemen arrive, they will check to be sure the fire has been thoroughly extinguished."

Many times, Gardner stated, the occupants of a home try to put out the fire before calling firemen, and the blaze gets out of control and the loss is increased by the delay in contacting the fire department. If a fire begins in one room, the doors should be closed to confine the blaze.

"The alarm box nearest the fire should be used and then the person turning in the alarm should remain at the box to direct firemen to the fire. When reporting a fire by phone, call 3116 and be sure to give the exact address of the fire to the fireman and then wait until he repeats it before hanging up."

The fire chief pointed out that each family should have two plans of escape from a house at night in case one way is blocked by fire. It will make the vacating of the building more rapid and lessen the chances of injury caused by the fire, he said. He suggested family fire drills to be sure children as well as adults are aware of the best ways of escaping from a burning house.

Gardner emphasized the danger of gasoline in comparison to other explosives. Statistics show, he said, that gasoline at the correct vaporization is three times more powerful than T. N. T., six times as powerful as nitroglycerin, almost eight times as powerful as dynamite and over nine times as powerful as black powder.

NEW TEETH—Theresa Cotter shows some of 8 teeth she has at age of 7 months, when many babies have but one or two. Her parents are Mr. and Mrs. Paul D. Cotter, Coral Gables, Fla.

Two Sessions In Training Sunday School Teachers

The Episcopal Diocese of East Carolina through its Department of Christian Education is sponsoring two teachers' training meetings for all teachers and superintendents of the Episcopal Sunday Schools in the Diocese of East Carolina next week. The first meeting will take place at Washington, North Carolina on Sept. 21st beginning at 10:30 a. m. and will be held in the Parish House of St. Peter's Church. All teachers, superintendents and clergy of the northern section of the Diocese are invited to attend this meeting.

The second meeting will be held the next day, Sept. 22nd at St. James Church in Wilmington. This meeting is to accommodate the clergy and teachers from the southern section of the Diocese. Both will be opened at 10:30 a. m. with a celebration of the Holy Communion, following which the meetings will be into general sessions which will be closed at 4:00 p. m. with an hour for luncheon at 1 p. m. The meetings will be addressed by Dr. John Heuss of New York City, National Director of religious education for the Episcopal Church in the United States.

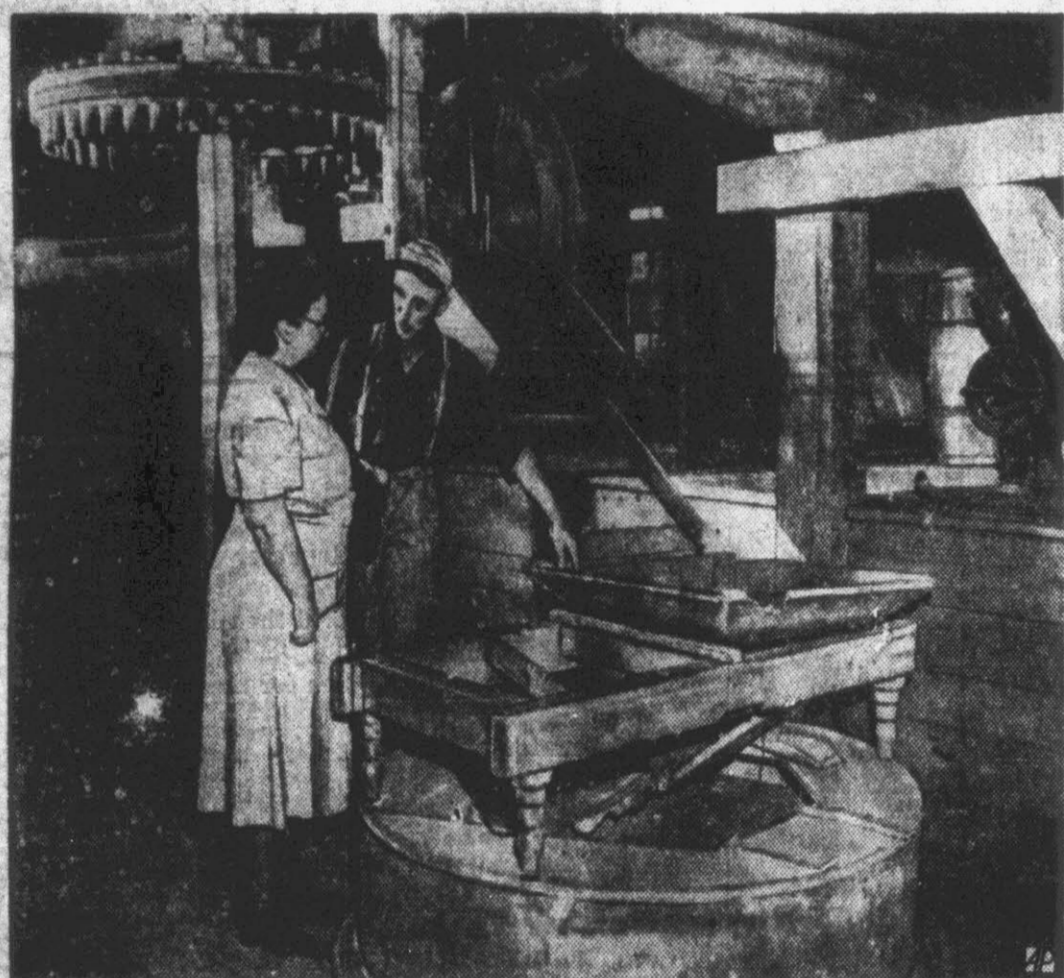

British Students In Debate Tour; Plan To Travel Across U. S.

Bristol, England—(P)—Two British students are setting out in October on a 10,000 mile trip which will take them from coast to coast in the United States debating at American universities. They are James Anthony Cox, 24 year-old ex-marine and son of a Bristol lawyer and Reginald Galer, historian of Birmingham University.

The tour, arranged by the English Speaking Union and the Institute of International Education in the United States, calls for 23 debates, mostly on political subjects at the Universities of California, Oregon, Washington, Wyoming, Nebraska, Iowa, Kansas, Oklahoma, Indiana and Ohio.

Cigarette Hound In Britain Is Invaluable

Berwick, England—(P)—A conspicuous sign in all tobacco shops says, "No cigarettes" but sometimes there are some under the counter. So the talents of Robert Reasley's dog are extremely useful in these days of tobacco famine. He has learned to "retrieve" cigarettes, going right back of the counter to forage. Beasley is smoking regularly.

WASHINGTON'S MILL—Mr. and Mrs. Roy Howell of Indianapolis, Ind., stand beside the burr which was used for grinding corn in the old George Washington grist mill at Dogue Run, Va. The meal came out on floor below, in rear are center elevator shaft and gears.

The old-fashioned horn of plenty never held a thick, juicy steak, yet this is probably the most appropriate symbol for a rich, productive America.

In the last few years, new millions of Americans have found themselves able to buy and enjoy steak and other choice cuts, thus putting a heavy load on demand before supply has had a chance to catch up. As a result, some meat prices have sky-rocketed, but Colonial's profit margin has not increased one red cent!

Although we can't bring prices down, we are trying to serve all our customers by offering a tremendous variety of meats, seafood, choice of inexpensive cuts, seafood, and poultry. All meats U. S. Gov. and poultry, sold with Colonial Stores' own money-back guarantee. Regardless of what you spend, when you buy Colonial Meats, you know they're wholesome, nourishing, delicious!

University Of Miami Planned Provide Out-Of-Doors Feeling

AP Newsfeatures

Coral Gables, Fla.—Planned to give students the feeling of being out-of-doors while in dormitory and classroom, the University of Miami's new main campus is a breeze-swept vista of modernistic buildings, tropical foliage and an 8-acre lake.

Acres of glass which let in the sun take the place of ivy-covered walls, and shaded breezeways supplant the traditional darkened halls.

Much of the \$6,000,000 construction program has been completed on the 265-acre campus, but some work goes on. A student activities building is going up on the lakeside, and landscaping is going forward.

Twenty-nine buildings, of which 21 contain living quarters, have been completed. All were designed by Robert Law Weed, architect, and Miss Marion I. Manley, associate.

Even single rooms have full house-keeping facilities, and some living units have three and-a-half rooms. Lighting fixtures automatically compensate for a decrease of natural light. The individual units are not very large and are set at angles. Should storms come, the individually small panes of glass set in steel frames should withstand its force.

Strangely, the new campus brings the University of Miami "back home." When chartered in 1925, this was to have been the main and only campus. But the Florida boom popped, the depression came on. The University moved into temporary quarters in Coral Gables several miles to the north.

A university building remained a skeleton—and still is. But it will be completed soon and probably will become the liberal arts college. The "temporary" building in Coral Gables proper is the law school, houses advanced laboratories and contains two theaters.

The new main campus is to have many additional buildings, all designed to fit into the scheme of a "University of the Sun."

"Miss America" of 1948 Relaxes

"Miss America" of 1948, 18-year-old Beatrice Shopp of Hopkins, Minn., relaxes at Atlantic City, N. J., beach on the first day of her year-long reign. She won the title in the annual American Beauty Pageant in competition with 64 other girls, and gathered in \$16,000 in prizes. What are her favorite vacations? For one thing, she "loves to clean fish." (AP Wirephoto).

Church Sponsors Radio Series As 'Advertisement'

New York, Sept. 16—(AP)—As part of \$2,000,000 advertising program, the Protestant Episcopal Church will broadcast a series of dramatic plays — without sermons, hymns, biblical readings or prayers.

The people we want to reach would be scared away by religion," said Robert D. Jordan, promotion director of the Church's National Council, in announcing plans for the broadcasts yesterday.

The radio series, to be known as "Great Scenes from Great Plays," will begin Oct. 1 over the Mutual Broadcasting System, he said.

The Snake Who Came To Dinner Lost His Head

Singapore—Twelve feet is a lot of python, especially when it turns up alive in a dining-room at mealtime.

It was 12 feet too many for a local family. They abandoned the table to the uninvited guest.

But there's always somebody who knows what to do.

The Indian policeman on that beat came to the rescue. Laying aside his gun, he calmly borrowed an axe and beheaded the monster.

Start Rescue Of Victims Aboard Wrecked Vessel

New York, Sept. 16—(AP)—Rescue of two score persons from a ship wrecked in the North Atlantic—apparently a hurricane victim—started early today, the Coast Guard reported.

Among those who have promised to attend are the British playwright J. B. Priestley, and the French authors Albert Camus, Jean Glone and Tristan Tzara. The Austrian delegation will be headed by Franz Theodor Czokor, Erich Tesar and Prof. Hans Thirring.

Complains U. S. Supports Price Canadian Spuds

Washington, Sept. 16—(AP)—Rep. August H. Anderson (R-Minn.) said today the government is in effect supporting the price of Canadian potatoes.

"This comes," he told a reporter, "while American taxpayers will be forced to pay up to \$100,000,000 in 1948 for the tremendous surplus of potatoes grown in this country."

Anderson, chairman of a special food investigating committee, added:

"So far this year about 3,500,000 bushels of Canadian potatoes have been shipped into this country under a reduced duty and an additional 3,500,000 bushels will be brought in during the next 60 days.

"Although President Truman has the authority to stop the import of potatoes from Canada, he has not taken such action.

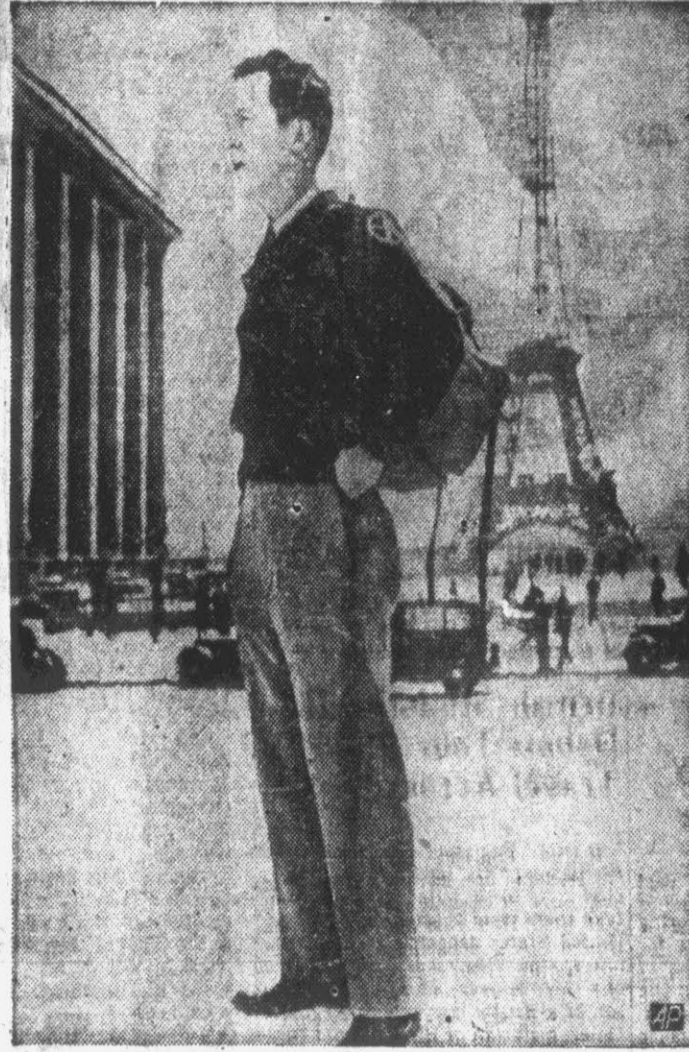

"Unless Mr. Truman takes such action it will mean American taxpayers will be forced to provide more money to buy additional quantities of surplus American potatoes.

"It seems rather strange that the U. S. government is undertaking to support Canadian potatoes and inviting their shipment here when we already have such an enormous surplus which will cost our government from \$85,000,000 to \$100,000,000 this year."

Anderson said Canadian potatoes are now being offered in New York at \$2.75 a hundred pounds "which is less than the U. S. government is paying for No. 1 potatoes under the support program."

... said that every bushel of Canadian potatoes brought in resulted in adding just that much to the surplus here.

He Seeks To Be "World Citizen"

Garry Davis, 28, former U. S. bomber pilot, takes up a position on the grounds of Palais de Cahillot at Paris, France, in bid to become the first United Nations "citizen of the world." He renounced his U. S. citizenship last May 25. The former flier was ordered by France to leave the country by last Saturday midnight. He moved to the grounds which have been ceded to the United Nations as international territory for U. N. meeting September 21. He is the son of Meyer Davis, American orchestra leader who used to play many dance engagements in southern states. (AP Wirephoto via radio from Paris).

Hold Peace Camp In Austrian Zone

Vienna—(AP)—A holiday camp devoted to the ideal of world-wide peace is being held in the British zone of Austria during September.

The "peace camp," sponsored by the Austrian "friends of peace," will be at Weissensee, Carinthia. The group hopes to make the camp an annual affair.

Among those who have promised to attend are the British playwright J. B. Priestley, and the French authors Albert Camus, Jean Glone and Tristan Tzara. The Austrian delegation will be headed by Franz Theodor Czokor, Erich Tesar and Prof. Hans Thirring.

GOP Hold Rally At Rocky Mount

Rocky Mount, Sept. 16—(AP)—Eastern North Carolina Republicans will hold a campaign rally here tonight.

Speakers will include John A. Wilkinson, GOP nominee for the U. S. Senate, and Joel A. Johnson, the party's candidate for Congress in the fourth district, will be the principal speakers.

Sen. Barkley To Speak Sept. 27 At Asheville

Raleigh, Sept. 16—(AP)—Senator Alben W. Barkley, Democratic candidate for vice-president, will sound one of the opening notes in the Tar Heel Democratic drive.

The Kentucky congressman is scheduled to speak tentatively at Asheville, at the 12th congressional district rally Sept. 27.

Capus Waynick, chairman of the State Democratic Executive Committee, announced yesterday Barkley's appearance.

The Asheville gathering will be the first of the 12 congressional district rallies to be held throughout the state before the November general election.

The definite time and place of Barkley's address will be announced later, Waynick said.

Diamond dust used to polish hard metal dies is recovered and used again.

Jury Refuses Fix Blame For 'Holy Spirit' Death

Palmer Rapids, Ont., Sept. 16—(AP)—A coroner's jury refused last night to blame anyone for the "Holy Spirit" death of Violet Gogolin.

Witnesses testified at the inquest that Violet, 18, walked into the Madawaska river and drowned Aug. 22 because she was impelled to do so by the "Holy Spirit."

"I guess," her father told the five-man jury, "it was pleasing to God that way."

The witnesses said Violet's death occurred at the height of a night-long family religious service at Violet's farm home near here. They told the jury she walked into the river after "receiving the blessing" at 4 a. m., at the end of seven hours of "Praising the Lord."

Violet's sister, Viola, 23, stood on the meeting house dias in an ankle-length dress and recounted how she saw her sister die in the moonlight. She testified:

"Violet said, 'Faith is the victory.' She was praising God. I was praising the Lord. Then she walked into the water until it pretty well covered her head."

There was no struggle, Viola said, and Violet did not call for help.

Viola said she went for a boat to help her sister. "But I was pushed back by the spirit."

Other members of Violet's family sat in the meeting house with Bibles clutched tight to their chests. Her 55-year-old father, Henry Gogolin, told the jury he believed the "Holy Spirit Led" Violet to her death.

Viola returned after Violet went into the river, he testified, and told what had happened but the family waited until daylight before going to look for Violet. They saw her body

Never Too Late

East Prairie, Mo.—(AP)—A local railroad agent, A. L. Webb was cleaning out his office desk recently and he came across an unmailed letter. Upon investigation he found that his wife had given him the letter to mail 11 years ago. Rather than face the possible consequences, he mailed it.

In the water, called police and then took the cattle home and done up some chores.

The glare of headlights is the worst hazard for motorists driving at night, one survey shows.

Antiques Hobby Builds Old Sturbridge Village

AP Newsfeatures

Sturbridge, Mass.—Old Sturbridge Village is a lesson in what can happen when one starts to collect antiques.

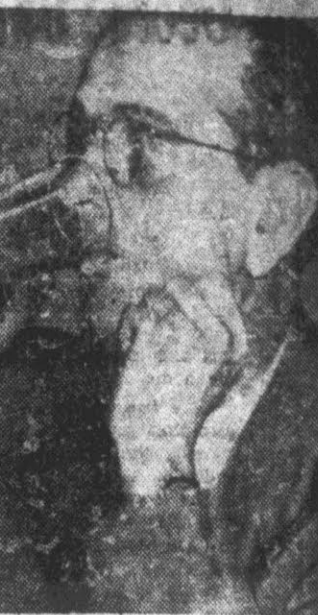

Years ago Albert Wells, Southbridge, Mass., business man, and his brother, Cheney Wells, began to collect old New England furniture and clocks. When the collections grew so big it became evident that either the clocks or the Cheney's would have to move, the brothers started Old Sturbridge Village to house them.

Today it is a kind of a "poor man's Williamsburg"—a living museum which portrays a typical 19th century country town of central New England.

On a 500 acre tract are 28 buildings—houses, barns, general store, grist mill, blacksmith shop, inn, church, etc. Some were built more than 100 years ago and moved to the village. Others are copies. They house collections of furniture, glass, pewter, copper, brass, locks and even a few surreys and fire engines.

Men and women dressed in 19th century garb portray the life and work of the common man in a Yankee village of that day. In the old grist mill a flour-dusted village miller grinds grain. In the blacksmith shop the village anvil rings. In the weave shop a smiling woman throws the shuttle of an old loom. The village, which charges a dollar admission fee, is owned and operated by the Wells family as a hobby. It is directed by Mrs. George Wells, daughter-in-law of Albert

Texas Winner

Rep. Lyndon B. Johnson takes a drink of water while listening to canvass of vote by the Texas State Democratic Executive Committee at Fort Worth which voted to certify him as the party's candidate for the U. S. Senate. He won out in closely contested race with former Gov. Coke R. Stevenson. (AP Wirephoto).

More Taxes And Debts Than Ever Seen in History

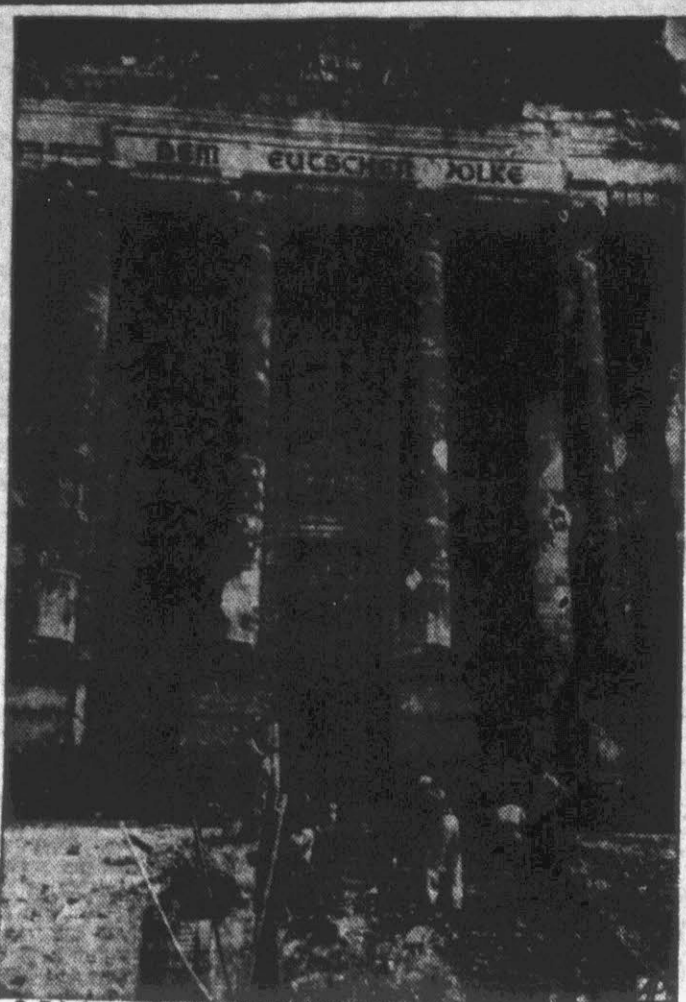

Figures compiled by a committee of U.S. Government experts at Congressional request give a picture of a debt-and-tax ridden world such as has probably never before been seen in history.

This situation from the long-run point of view has a direct bearing on the financial welfare and security of all the peoples of the world, now and for generations to come—their incomes and earning power, their savings, their standards of living, and the whole structure of family life. Thus, though overshadowed for the moment by the struggle to maintain peace, the worldwide extent of the public debt and tax burden makes it a problem of the first magnitude for virtually all nations, large and small.

The major cause of this situation is the war and its astronomical cost. Neutral nations have been severely affected as well as belligerents. The problem for a time showed signs of easing as public expenditures in various nations declined from the peaks with the end of the war, but government outlays, as in this country, are displaying a renewed upturn due to the international situation.

The experts' figures, which are for central governments only, compare the years 1939 and 1946, the latter the latest available. One measure of the global burden is that in nearly a score of nations the tax burden in each one in 1946 was the equivalent of \$1 or more out of every \$4 of their national income in that year. In a few extreme cases the 1946 tax burden was the equivalent of more than half the national income in that year.

The United States, which had been well down on the list before the war, led all nations in the per capita tax burden in 1946 with \$212. Russia was second with \$207, and the United Kingdom third with \$178. In the public debt burden classification, the United States was second only to the United Kingdom in 1946 as against fourth in 1939. The British public debt was the

REICHSTAG CLEANUP—The steps to main entrance of the Reichstag building in Berlin are repaired by Germans in a cleanup of the former government meeting place. The inscription over entrance reads "The German People."

equivalent of \$2.085 per capita in 1946 and that of the United States \$1,830 per capita. Canada was third with \$1,365 per capita.

It is significant to note that in 1939 Germany led the world in the per capita tax burden with \$157, equivalent to approximately \$1 out of every \$3 of German national income in that year. Russia was in second place with \$129 per capita, equivalent to more than \$1 out of every \$4 of Soviet national income in 1939. In contrast, the United States was in 18th place with a 1939 tax burden of \$43 per capita, equivalent to approximately \$1 out of every \$13 of American national income in that year. These figures, in retrospect, indicate the feverish war preparations Germany and Russia were making in 1939 while most of the world still clung to the hope for peace.

Co., has been flown at over 800 miles an hour. The government has not disclosed details of its speed or range.

Designed primarily as a carrier-borne fighter, the ship has folding wings. Its most revolutionary feature is that two air intakes for its single Rolls Royce engine are situated at the wing roots, a patent arrangement enabling the exhaust to be discharged from two positions in the trailing edge instead of from one central exhaust at the tail end of the fuselage. The device allows more room for built-in fuel tanks, thus providing greater range.

Rumor End Of Cotton Controls

Washington, Sept. 15—(AP)—Reports circulated today that Secretary of Agriculture Brannan will issue a statement, perhaps Friday, saying there will be no production controls on the cotton crop next year.

But the government's price support program for cotton is definitely expected to be effective in 1949, one official told a reporter.

Government experts have said privately that, due to lack of control machinery and money, a cotton marketing quota program for 1949 is impractical.

Young Demos To Hear Texan Talk

Greensboro, Sept. 16—Roy G. Baker of Sherman, Texas, President of the Young Democratic Clubs of America, will address a session of the North Carolina Young Democrats State Convention on Saturday, Sept. 18.

Baker will be among a number of the Y. D. C. national officials to attend the Convention, which opens at O. Henry Hotel here Sept. 16 and ends Sept. 18.

Baker, who delivered one of the principal addresses at the Democratic Party's Philadelphia convention, is the author of a comprehensive plan of operations for the party's younger organization during the current campaign.

The plan envisages a number of paid organizers to assist in organization of new local and college clubs where none exist now and to consult with local Y. D. C. leaders in registration and vote campaigns. Another phase of the campaign will include an ambitious program of youth club organization aimed at special groups, including veterans and "first voters."

Baker, an attorney, has been active in Democratic affairs since 1934. He was a member of the national committee of the Y. D. C. organization from Texas in 1946-47 and was elected president in November, 1947 at the Cleveland Convention. He has served as a member of the Texas house of representatives, attorney for the securities and exchange commission, and in 1944 as trial assistant to the district attorney.

Congratulations In Order, Also Warning

Kansas City—(AP)—The Kansas City police department is issuing notes of congratulations to alter-borne couples. But there's a catch. After reading the congratulations, the couple note that the police department does not feel that a procession of honking automobiles is a legitimate part of the wedding ceremony. The note warns that continual honking is a violation of the city's anti-noise ordinances.

France Over-Rich In Many Monuments

Paris—(AP)—France has more historical monuments than she knows what to do with.

The Education Ministry has classified 12,000 cathedrals, chateaux, etc., as historical monuments.

Many erstwhile rich Frenchmen, now fallen upon hard times, have been offering their ancient houses to the government, which has been turning them down for lack of funds to keep them up.

READY FOR UN MEET—Former French Premier Robert Schuman (left) and Secretary Trygve Lie of the United Nations watch operations at a switchboard installed in the Palais de Chaillot in Paris during preparations for next UN General Assembly.

Chinese Deal Netted Employees \$3,250,000

Caryle, Ill.—(AP)—Employees of the weekly Caryle "Union Banner" found their pay envelopes fattened by \$100,000 extra for each—but the "bonus" was in the highly inflated Chinese currency. The editor, Arthur Jenkins, admitted the rag had been pulled on him first. An army captain friend in Nanking had sent with an order for a year's subscription the "payment"—\$3,250,000 Chinese money.

Ontario, Canada, has a lake and river area estimated at 80,000 square miles.

How and When the House Elects A New President

By OLIVER W. DEWOLF
 Washington — You've probably heard a lot of talk in this election year about the possibility a President may be elected by the House of Representatives. This would happen only if none of the Presidential candidates received a majority, 266, of the 531 Electoral College votes cast by the 48 states in December. Then the House would be required under the Constitution to select a President from the three top candidates. The election would be held in January. Each state delegation would have one vote.

The last time the House elected a president was in 1824. Then the electoral vote totaled only 261, divided among 24 states, and four candidates—John Quincy Adams, Andrew Jackson, Henry Clay and William Crawford.

(A commission established by Congress awarded the 1876 election to Rutherford Hayes, a Republican, over Democrat Samuel J. Tilden.)

The 12th amendment, passed in 1804, governed the election. But within its framework the House established some rules for procedure. The rules passed by the House in 1825 were not binding on succeeding Congresses. But they did establish a precedent and shed some light on how the House would set about the job of naming a chief executive.

They required that a member or members from at least two-thirds of the states be present for the balloting. The rule governing the actual balloting was elaborate. House members were grouped together by states, with a ballot box before each group. Each House member present then voted his choice for President, and the ballot was placed in the box provided for his state.

After each state had counted its vote the result was written out in duplicate. The rule provided that if any one of the three candidates received a majority of the state's vote, then his name was to be written on both slips. If no candidate received a majority, then the word "divided" was to be written on them.

After the states had voted the clerk of the House was to call the roll. As the name of each state was called, the sergeant-at-arms presented two ballot boxes to the named delegation, one for the original ballot and one for the duplicate. These boxes were then to be placed on separate tables and counted by tellers representing each of the voting states.

It so happened that in 1824 only one ballot was necessary. Adams received 13 votes, Jackson 7 and Crawford 4. The speaker of the House proclaimed Adams President. Had no candidate received a majority on the first ballot, the voting would have continued until one did.

The "Daily National Intelligencer" of Washington commented at length editorially on the conduct of the election. It noted the "deliberation and calmness" which characterized the conduct of the members of the House; the order and regularity of the proceedings; and the "forebearance on the part of the victors, and the sober resignation of the vanquished friends of the several candidates, on the result being ascertained."

In 1837, when Martin Van Buren was elected President by the Electoral College none of the four vice presidential candidates received the required majority.

In conformance with the Constitution, the Senate then had to choose between the two top candidates—Richard M. Johnson and Francis Granger. The procedure differed radically from that followed in alphabetical order, with each senator voting his choice. Johnson received a majority and was declared elected.

Pineland College Prexy To Retire

WILLIAM JACKSON JONES

Salemberg, Sept. 16. — William Jackson Jones, president of the Pineland College schools here, announced today that he is planning to retire from the position he has held for 40 years.

His resignation, submitted to the Board of Trustees on the eve of the school's 75th anniversary, marks an end of an era for the college and comes as a drive is being launched for \$300,000 to begin a new era of expansion and development.

Abel Warren, president of the board and general chairman of the 75th Anniversary Fund Campaign, said that the trustees have asked President Jones to retain his office until the current phase of the campaign is completed. Mr. Jones has been in declining health for the past few years.

"The Pineland College trustees are keenly aware that it will be a great loss to the school and to Christian education in North Carolina when President Jones retires," Mr. Warren said. "His self-sacrificing devotion to the school which was his child and the students who were as his children will be sorely missed in the future."

Senator-elect J. Melville Broughton, who was a college mate of Mr. Jones at Wake Forest, reflected the sentiment of the state today when he declared that Mr. Jones "has done a monumental work."

Food Prices Hit New High In July

Washington, Sept. 16—(AP)—Cost of food in the family "market basket" spiraled to a new high in July, the Agriculture Department reported yesterday.

Based on the July prices, it would take \$708 to supply a family of three with farm produce for a year. This was one percent above the \$703 June figure, and 11 per cent higher than a year earlier.

Of the \$709, the Department said, the farmer would get \$377 and various middle-men between him and consumer, \$332.

At mid-July the farmer's share of the "market basket" dollar averaged 53 cents, highest since the record-matching share of 55 cents in January. From July, 1947 to July 1948, the farmer's receipts advanced by nearly 15 per cent. During the same period the marketing charges increased over 7 per cent.

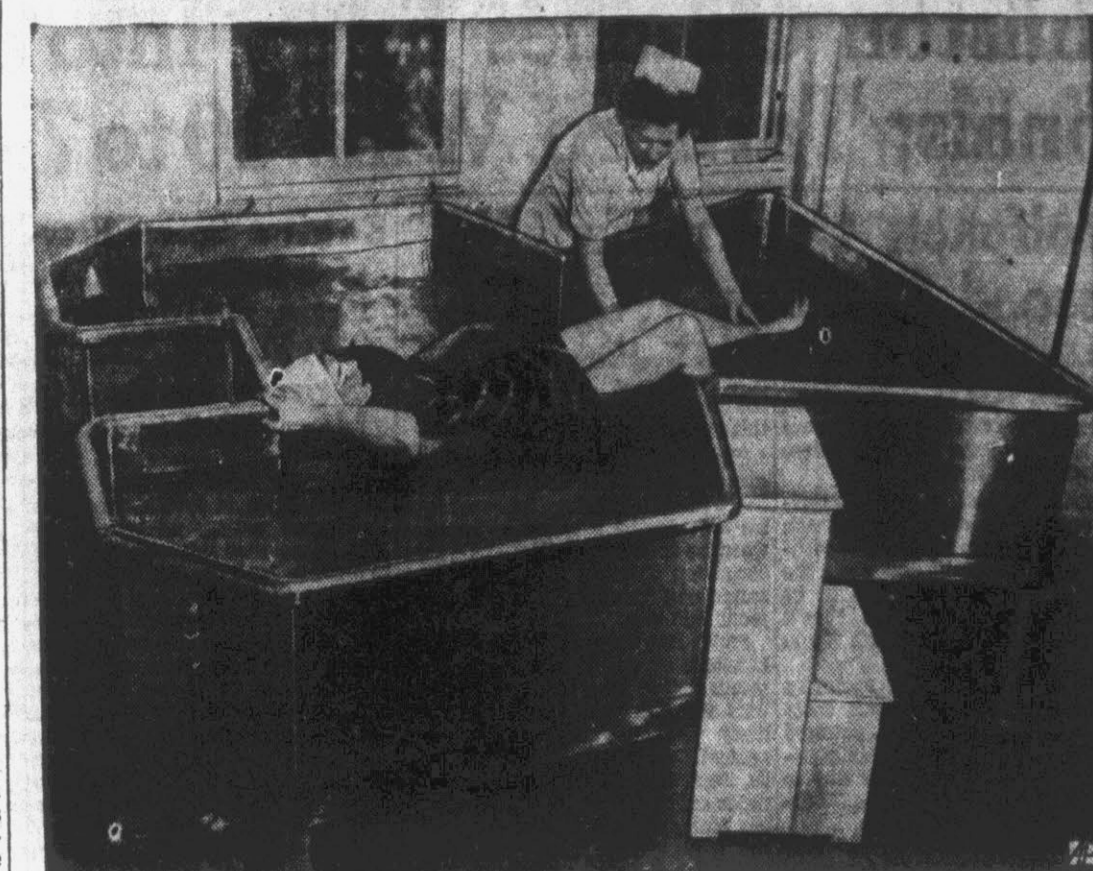

Count Heinrich von Sinsedel (above), 26, a great grandson of Germany's famed Chancellor Otto von Bismark, was called to trial before a U. S. military court at Frankfurt, Germany, Friday on charges of being the Communist "contact man" in western Germany. A former Nazi air pilot, he was captured by the Russians at Stalingrad during the war. It is said he became a rabid Communist during his years of imprisonment by the Russians. (AP Wirephoto.)

Cycling Clubs In Britain Boom As Prices Go Up

London—(AP)—The biggest bicycling boom in Britain's history is now under way. The Cyclist Touring Club reported it has new members coming in at the rate of 500 to 600 each month, and its membership has risen from 3,000 to 47,000 in the past year.

An official of the C. T. C. said shortage of money, higher railway fares and "queues for almost everything" at coastal resorts are responsible for the new generation of cyclists who want the C. T. C. to arrange for them cheap, open air holidays. The C. T. C., which plans cycling tours for its members, either singly or in parties, hopes to have 60,000 members by 1950.

All-Out Effort To Find Missing Pet Was Failure

Kansas City—(AP)—When Mr. and Mrs. D. W. Bishop lose one of their pets they stage a major-scale campaign for its recovery. Recently Snooks, an Irish terrier owned by the Bishops, strayed from a small animal hospital where he had been under treatment. Immediately the recovery machinery was set into motion.

Large and repeated advertisements were placed in newspapers and other public publications throughout the immediate area. Landon Laird, featured Kansas City Star columnist, devoted a column to the dog. And to top it all, the Bishops had 14,000 posters printed. These offering a reward for the recovery of the pet, were distributed from airplanes. Despite the efforts, Snooks has not been found.

If powerful lightning strokes which shatter trees and buildings could be harnessed and sold commercially as electricity, they would be worth less than 50 cents a dozen.

Kinston Clinches Entry Into Finals; Tarboro Wins 10 to 7

Wolfpack Determined No Second Division Wind-Up

Raleigh, Sept. 16—Those sideline experts who relegated North Carolina State's Wolfpack to the second division in the Southern Conference may be in for some surprises before the 1948 season is over.

Despite the loss of three letterman regulars on ineligibility, Coach Beattie Feathers is whipping together a determined outfit and while the Wolfpack may not turn out to be any mountain of strength they'll likely be giving all opponents a run for their money.

The principal cause for optimism on the West Raleigh campus these days has been the high powered spirit and performances of six sophomores, who're well on their way to being important cogs in the Wolfpack attack this season.

Heading the sextet of second-year men vying for starting berths is Guard Charlie Musser of Frankford, W. Va., who made State's varsity as a freshman last year. Behind Musser are a pair of backfield candidates, Tailback Bill Thompson of Winston-Salem and Bob Smith,

Eagles Score Eleventh-Inning Run To Erase Goldsboro; Tarboro Leads In Series With Rocky Mount By 3-2

By BERT MOYE

A timely single by Kinston's Lou Herrington past second base in the 11th frame after two men were out to bring in Joe Turk who opened the inning with a single and had advanced to third via a stolen base and an infield out, gave the Kinston Eagles a 4 to 3 win over the Goldsboro Goldbugs at Kinston last night and put the Eagles into the Coastal Plain League championship series.

In the other semifinal series game the Tarboro Tars took a 3 to 2 lead over the Rocky Mount Leafs in their semifinals series by scoring a 10-7 victory over the Leafs at Rocky Mount.

Lou Herrington, Kinston's veteran righthander, not only battered the Eagles into the championship series but he held the Goldbugs to six hits two of which were for extra bases, as the Eagles edged the Goldbugs 4 to 3 last night.

Simpson started on the mound for the Goldbugs but was relieved after only five batters faced him and Pitcher-Manager Bill Herring took over the reins for the remaining frames and received credit for the loss, his first in the series playoffs. He had defeated the Eagles on two previous occasions in the series.

Joe Turk with three singles and Matt Pliska with a double and a single led the 9-hit attack off Bill Herring.

Warren Schroeder and Jack Hussey each got two singles each to lead the six-hit attack off Lou Herrington.

Score by innings: R H E
Goldsboro 201 000 000-3 6 1
Kinston . 110 100 000-4 9 3
Simpson, Herring and Smith; Herrington and Pliska.

The pennant winning Tarboro Tars took a 3 to 2 lead over the Rocky Mount Leafs in their semifinals playoffs series by scoring a 10-7 victory over in Rocky Mount last night. The Tars need one more win to enter the championship series and meet the Kinston Eagles for the Coastal Plain League championship.

The Tars jumped into an early lead by scoring two runs each in the first and second frames and at the end of six frames had a commanding lead of 5 to 2.

Horace (Red) Benton, the loop's leading winner during the season, started on the mound for the Leafs but was sent to the showers in the seventh frame after he had yielded 11 hits and seven runs. Jack Finch pitched the remainder of the game allowing five hits and three runs. Benton was credited with the loss.

The Leafs threatened in the seventh and eighth frames but Bill See, Tarboro's ace, came to the rescue of Tommy Pritchard in the eighth frame and held off the rally. Pritchard was credited with the win his first in the playoff series.

Dave Fowler, the Leafs' catcher with three singles, and Manager Turkey Tyson and Red Benton with two singles each, led the 13-hit attack off the two Tarboro hurlers.

Ken Andrewah with a double and two singles and Jim Townes with three singles led the 16-hit attack off the two Leaf hurlers.

Score by innings: R H E
Tarboro . 220 011 230-10 16 2
Rocky Mt. . 000 020 230- 7 12 0
Pritchard, See and Caldwell Benton, Finch and Fowler.

Cards' Manager Insists National Race Is Not Won

Philadelphia, Sept. 16—(AP)—Eddie Dyer may be whistling in the dark but he insists the National League pennant race "isn't over yet."

The genial St. Louis Cardinal manager sat in the dugout prior to last night's 2-0 victory over the Phillies and weighed his team's chances of overhauling the pace setting Boston Braves.

"I don't like pulling the old 'while there's life there's hope routine' but as long as the Cards have a mathematical chance to cop, don't sell us short," Dyer said.

The Texas drawing Dyer pointed out that with the exception of the ailing George Kurovski, his club was all in one piece for the first time since the season opened.

"We've got (Marty) Marion back and (Red) Schoendienst, who has missed more than 50 games this year is ready for the drive," said Dyer, adding, "and (George) Munneg and (Murray) Dickson are pitching the kind of ball they're capable of."

"No sir, don't hang the crepe on us yet. In fact I think this pennant won't be decided until the last six games of the season."

The St. Louis boss was reminded that those last six games are with the two clubs in the league which have seasonal edges over the Cards the Chicago Cubs (7-9) and Pittsburgh Pirate (7-12).

"Yes," said Dyer, "and the Cubs will probably pitch (Johnny) Schmitz three times."

The brilliant Cub left hander has beaten the Cardinals five times this year and as Dyer so aptly put it, "All he has to do is toss his glove on the mound and we're half gone."

But getting back to a more serious note, Dyer figured his club is too good to keep on losing to Pittsburgh and Chicago, especially if the chips are down as he expects them to be in the final week of the campaign.

Snively Cheered By End Positions

Chapel Hill, N. C., Sept. 16—Coach Carl Snively has plenty to worry about these days as his North Carolina Tar Heels, blown sky high by battering friends, prepare for their backbreaking 1948 schedule, but at least he can smile when he takes stock of his flank department.

The legend that the Tar Heels are loaded in every position with enormous wealth is a legend and nothing more. They are shy of experienced guards, tackles, centers and backs. An injury and there in any of those slots would knock the team's prospects for a loop.

But Coach Snively himself willingly concedes that Carolina is exceptionally well blessed with superior ends. Here, truly, the squad is three deep plus.

Lettermen on the left side are Art Weiner, Ken Powell, Joe Romano and Fred Bauer. Those to the right are Bob Cox, Mike Rubish and Max Cooke. Some of these terminals are extraordinarily competent at catching passes. Some excel on defense. They are big, rangy and aggressive.

"It's ironical," says Coach Snively "with so many losses of key men off last year's squad, we were hopeful that some of last year's freshmen and new men could plug the holes. And what happens? About the most promising of the new men and the one who may help us most in all things, another end. We need ends like the Giants need sluggers."

Could Be Costly

By RALPH RODEN

Associated Press Sports Writer

The Boston Red Sox inability to hold their own with the cellar dwelling White Sox in Chicago this year could cost them the American League Pennant.

Murdered in Boston's Fenway park where they dropped 10 of 11 games, the White Sox have whipped the league leaders in 7 of 11 games at home.

Ted Lyons' crew yesterday added insult to injury, by handing Joe McCarthy's outfit his worst beating of the season, The White Sox exploded for ten runs in the seventh inning to bludgeon the Red Sox, 17-10.

Louis Undisputed Champ Says NBA

Philadelphia, Sept. 16—(AP)—The National Boxing Association said today there is no 'logical contender' for Joe Louis' heavyweight title.

Following its usual custom in rating fighters, the NBA divided each weight division into four groups—champion, logical contenders, outstanding boxers and honorable mention.

At least one logical contender was listed in every division except the heavyweights. Among the heavies, the NBA named Jersey Joe Walcott, Ezzard Charles, Joe Baksi and Lee Savold as outstanding boxers.

Although Louis has until Dec. 25 to officially notify the NBA whether he'll retire, Abe J. Greene, who yesterday was named to the newly created position of commissioner of boxing, said the Association shortly will announce plans to provide either a new champion or a logical contender for the brown bomber.

Greene said the bout next Tuesday at Jersey City between Walcott and Gus Lesnevich will play an important part in the plans of the NBA to develop a possible successor to Louis. Lesnevich was rated as the logical contender for the light heavyweight title, stripped from him by Freddie Mills of England during the summer.

All Lettermen

Wake Forest, N. C., Sept. 16—An all-letterman backfield is expected to start for Wake Forest when the Deacons open their 1948 season against George Washington here Saturday afternoon at 3 o'clock in Groves Stadium. The foursome consists of Tom Fetzer, quarterback; Bill Gregus, left half; Harry Dowda, right half; and James (Bud Lall), fullback. The quartet will average 185 pounds.

Birds are driven forward in flying by the down beat of their wings.

Coach Johnson Predicts Win Over Cherry Point On Friday

Elated Over Progress Of Squad In Brief Training Period; Mentor Says It Will Take 'Breaks', But Can Win By Few Points

By EUGENE PRICE

Coach Jim Johnson threw odds to the wind yesterday afternoon and predicted that the East Carolina Teachers College Pirates would win over the Cherry Point Marines when the two teams clash in Rocky Mount Memorial Stadium Friday night at eight o'clock.

"We won't win by a big margin, but I think we can beat those boys," Johnson said yesterday after running his ECTC squad through a light signal drill and blocking rehearsal. The Pirates mentor says it may take a few breaks to win but that his team is "looking much better now" and will be fighting to take the contest.

At the close of yesterday's practice there were no injuries to handicap the Pirates and with only light drills on the menu for today, Johnson expects to carry an injury-free ECTC squad to Rocky Mount tomorrow.

Johnson was elated over the progress shown by the team in the past two days. "They have come along nicely in such a short time," he asserted. The Pirates will face the Marines with little more than two weeks of practice behind them. Many of the ECTC players have had only a few days of practice and will not likely see much action tomorrow night.

The Marines have been in training since last spring and are regarded as a very smooth working team. They tied for the Service Conference championship last season whereas the Pirates came out on the short end of a 2-7 record.

The return of Sam Stiel, veteran from Tarboro, yesterday bolstered Pirate hopes for a good passing attack. Stiel, reputedly a glue fingered pass receiver, was late joining the squad because he has been playing baseball. He is under contract to a major league baseball club. Coach Johnson said yesterday that Stiel would probably not be ready for service in Friday night's affair but that he would see plenty of action later in the season.

Pirate coaches are still undecided about the starting lineup to use against Cherry Point. Johnson expects to give all of some 25 freshmen candidates a chance to show their metal in the game.

The ECTC band as well as the Cherry Point band will parade at halftime during the game.

Pirate Schedule

- Sept. 19—Cherry Point at Rocky Mount
 - Sept. 24—Lenoir Rhyne at Hickory
 - Oct. 2—Open Date
 - Oct. 9—Ekon at Elon, N. C.
 - Oct. 16—West Carolina Teachers College at Greenville
 - Oct. 23—Naval Apprentice at Norfolk, Va.
 - Oct. 29—Duke Freshmen at Greenville
 - Nov. 13—High Point at Wilmington
 - Nov. 20—A.C.C. at Greenville
- ** denotes Conference game.
•• denotes afternoon game.

Billy Meyer Has Little Hope Of Catching Boston

New York, Sept. 16—(AP)—Billy Meyer, the realist, would like nothing better than to pull the upset of the year by winning the National League pennant, but the astute Pittsburgh pilot doesn't believe any team will catch the runaway Boston Braves now.

"The schedule is very much in their favor, and with Johnny Sain and Warren Spahn pitching every other day like they've been doing, I don't see how my club or any other team can catch the Braves," he said.

"Boston has only 15 games left to play, most of them at home," he went on. "Except for four games with Cincinnati at Forbes Field, we play all our remaining games on the road."

"Then too, we simply don't have the pitching depth needed to make up that five-game deficit. My staff is tired and overworked. Those doubleheaders in recent days haven't helped either. I was forced to start such veterans like Fritz Ostermuller and Elmer Riddle against Brooklyn yesterday with less than their customary rest. Their work showed it, too."

The grizzled 55-year-old native of Knoxville, Tenn., in his first big league managerial attempt, confessed he was highly satisfied with his team's showing this season. "I never kidded myself. I never had any illusions," he said. "I said so before, and I repeat. I'll consider it a successful season if we wind up in the first division. The play of the boys has far exceeded my fondest hopes, but the team is just not championship calibre."

Back To School For Lou Brissie

Washington, Sept. 16—(AP)—Lou Brissie, pitching star of the Philadelphia Athletics, is going back to school this fall.

The Veterans Administration, in disclosing this today, said Brissie plans to enroll as a junior at Erskine College in Due West, S.C., under the GI Bill.

Gridiron Gossip

By "BOO BOO" BUTLER

Any one who is driving his or her car to the football game in Rocky Mount Friday night and is willing to take some college students, please contact Mr. Cameron Class Room Building, ECTC, Jack Hedgepeth, and Dr. N. M. Jorgenson, Wright Building, ECTC.

John Wyatt, 200 pound tackle from Portsmouth, Va., is seeing his 3rd year with the Pirates. The 22 year old veteran lineman was all-Tide-water, and all state for Wilson High School in Portsmouth, Va., in 1945. He was Captain of the 1947 Pirate team. His teammates rank him as one of the best spirited "Team Men" on the squad. This is the boy to watch for All Conference honors.

John Wyatt, 200 pound tackle from Portsmouth, Va., is seeing his 3rd year with the Pirates. The 22 year old veteran lineman was all-Tide-water, and all state for Wilson High School in Portsmouth, Va., in 1945. He was Captain of the 1947 Pirate team. His teammates rank him as one of the best spirited "Team Men" on the squad. This is the boy to watch for All Conference honors.

Joe Poirer will like to see Joe Poirer given a shot at the Fullback slot while Coach Johnson is shifting his Pirate line up.

Managing the '48 edition of the Pirates is Jack Davis, senior from Kinston. Assisting Davis are Max Garrell, Junior from Tabor City, and Gilbert Carroll, Sophomore from Weldon, and Wilton Summer, Sophomore from Elizabeth City. Davis played two years for the Pirates and due to an injury received, he is unable to play this season.

The new majorettes for the ECTC band have been named for the '48 season. They include: Robert A. Robinson, Drum-Major, from Washington, D. C.; Helen Alderman, majorette, Elizabeth City, who is the only majorette from last year's line; Becky Holcomb, from Kinston; Elsie R. Lewis, from Fairmont; and Lucy Robinson, from Williamston.

Back of the majorettes is a sixty piece band which represents three years of advancement. Herbert L. Carter, Director of the band started out three years ago with twenty pieces and has built it up for what it is today. The band will make their debut in new uniforms tonight as they march down main street for a "pep rally" at the courthouse. The band has been drilling this past week for formations to be used at the ECTC-Cherry Point game to be played at Rocky Mount, Friday night.

Reporting for practice yesterday for the first time were Sam Stiel and Ike Davis, veterans from last years squad. These players are expected to add additional offensive power to the Pirate line up.

Sixteen U.S. states prohibit marriage between white persons and an "Oriental or Mongolian," and six won't issue a license to a white person and an Indian.

Birds' high body temperature (104 to 108 degrees) helps them maintain their high activity.

Co-Captains For Pirate Squad

John Wyatt, 200 pound tackle from Portsmouth, Va., and Franz Holscher, quarterback from Rocky Mount, have been elected co-captains of the East Carolina Teachers College Pirate football squad. It was announced today by Head Coach Jim Johnson.

Wyatt, 22, is entering his third year as varsity lineman with the ECTC eleven. He was captain of last year's squad and "All-State" and "All-Tide-water" tackle in 1945 while playing for the Woodrow Wilson High school in Portsmouth.

Holscher, 26, played reserve quarterback last season with the Pirates. The five foot, six inch, 160 pounder, captured All-State and All-Conference honors at Rocky Mount High in 1939 and 1940. He earned high school letters in football, basketball and track.

Both players are married and Holscher has two children.

Dot Kirby Looks Like Girl To Beat For Title

Pebble Beach, Calif., Sept. 16—(AP)—Tall, easy swinging Dorothy Kirby looked like the girl to beat for the title as eight survivors headed into the fourth round of the Women's National Amateur Golf championship.

The Atlanta Miss, who reached the finals in 1939 and lost to Betty Jameson and again reached the threshold last year at Detroit, only to lose to Louise Suggs, is no sure bet to grab the big prize of women golf.

Ahead of her are such skilled players as Polly Riley, Peggy Kirk, Helen Sigel, Grace Lenency, Mrs. Peggy Holmes, Margaret Gunther and Dorothy's most immediate threat, 24-year-old Beverly Hanson of Fargo, N. D.

Twelve U.S. states have laws forbidding a man from marrying his mother-in-law.

Young Al Tefft Wins 22 Games At Yankee Farm

Blackstone, Va., Sept. 16—(AP)—Slender, 19-year-old Al Tefft spoke in a rather low, modest voice.

"Yes, sir," he said, "I've won 22 games in a row. I'm sorry I had to lose a game just after I joined Blackstone. I had a one-run lead when I went in relief in the eighth. They got two runs in the ninth. And I lost."

The game Tefft lost was played early in June, only a few days after the young righthander came to the Blackstone barriers of the Class D Virginia League.

Since that loss, Al Tefft has methodically notched 22 straight victories, including two in the present Shaughnessy playoffs. And this 5-foot, 10-inch, 170-pound curve ball artist is fast about the most popular fellow around this little Virginia community of some 1,200 inhabitants.

"Sure, I've been scared out there—a couple of times," said Tefft, who pitched seven shutouts. "I thought Emporia was going to break the chain when I was trying for No. 17. And I was sure Petersburg would snap it when I went after No. 19. But ninth-inning rallies won both games."

Tefft, who has pitched a two-hitter, two three-hitters and three four-hitters, thinks his best pitch is "my curve."

"I use it most of the time," he said. "When I get in a jam, I turn to my fast ball."

The story of Tefft's joining Blackstone, a farm club of the New York Yankees, might seem a bit ironical. The St. Louis Cardinals didn't think Tefft was good enough. So he was signed by the Yankees.

Forty-seven states accept adultery as a ground for divorce; 45 recognize desertion; 42, extreme cruelty; 41, conviction for a felony; 39, habitual drunkenness.

Hunting Laws In State Have Few Changes For '48

Hunting season on mourning doves opened in North Carolina today and extends through October 5, according to information received from Pitt County Game Warden J. O. Teel.

The federal regulations on doves this year provide a daily bag limit of 10 birds and also that doves may be hunted only from 12 noon until sunset each day of the open season. Doves may also be taken in this state from January 1 through January 30.

C. E. Spain has been appointed deputy game warden for the county while Warden Teel remains confined to his home in a cast. Teel is expected to resume his duties as warden within the next month.

This season there will be no lay days in North Carolina and game may be taken on all days during the open season. There will be no open season on deer in Pitt County this fall.

State regulations are as follows:

- Bear—October 15 to January 1.
- Deer—October 15 to January 1.
- Russian wild bear—October 15 to January 1.
- Opposum and Raccoon—October 15 to February 15.
- Rabbit—November 25 to January 30.
- Squirrels—October 15 to January 30.
- Quail—November 25 to January 30.
- Turkey (Gobblers only)—November 25 to January 10.
- Ruffed Grouse—November 25 to January 10.
- Ducks—December 10 to January 10.
- Geese—December 10 to January 10.

Bag limits on ducks, geese and quail this season are the same as last year.

Rocky Mount Party Has Record Dolphin Catch At Morehead

Morehead City — Paul E. Parker and a party of 10 anglers from Rocky Mount made a record catch of dolphin here on Monday when they reeled in 109 of the colorful beauties while fishing with Capt. George Bedworth aboard the Otis Purify-owned deep sea cruiser Dolphin.

Largest of the fish scaled at 17 pounds. They were caught near the wreck of the Russian tanker Ashkhabad, which was sent to the bottom off Cape Lookout during the early part of World War II by an enemy submarine. The party was using feather lures and the entire catch was made before 10:30 on Monday morning.

Calumet Earnings Over \$1 Million; Near Record

New York, Sept. 16—(AP)—Calumet Farm, the fabulous Kentucky racing establishment of Warren Wright, was over the \$1,000,000 mark in earnings today for the second straight year.

Furthermore, if all goes well, Citation and Company stands a fair chance to pass its world record of \$1,402,436 for a single stable, set in 1947.

The big punch that again has shoved Calumet past the million mark—something no other racing outfit has accomplished—was provided this season by the sensational Citation.

However, trainer Jimmy Jones sent out some second stringers yesterday to clean up \$26,875 in two races at Belmont park for a grand 1948 total to date of \$1,023,010.

While Citation munched oats in his barn, Coaltown took care of the 79th running of the Jerome Handicap, while his stablemate Free America finished third. C. V. Whitney's mount Mercy was second, five lengths back of Coaltown.

Coaltown's share was \$21,450, with Free America collecting \$2,500 third money. Then, in the seventh race, Whirl Right was right, and bagged another \$2,925 for the Chicago Baking Powder man.

Thus Wright, whose stable has been the top money winner in five of the last seven years, is only \$372,426 short of the record 1947 championship. Plenty of rich stakes are in the offing, and under the program of the Jones Boys—General Manager Ben and Trainer Jimmy—Calumet might shatter the mark.

Bass Eat Fill Of Jap Beetles Falling In River

Hagerstown, Md.—(AP)—The Japanese beetle, whose life in the U. S. is made pleasant by an often-behaved lack of natural enemies, has found a deadfall in the Potomac.

Fishermen here reported that Potomac bass are gorging themselves on the pests falling into the stream from trees alongside it. At least one local angler, Roy Hurd, said he had been using beetle bait with success.

Autopsies on captured bass performed by other fishermen curious to find out why the fish weren't striking well have disclosed bellfuls of beetles. Which might give a clue to Japanese beetle control strategies. All they have to do now, it seems, is to find a way to get the beetles into bass-filled rivers or bass into beetle-filled trees.

Foreign Threat In Nat'l Singles Championship

Forest Hills, N. Y., Sept. 15—(AP)—A new foreign threat appeared on the scene today as play in the men's singles division of the National Tennis championships moved into the quarterfinal round with some of the erstwhile aspirants to the vacant title languishing on the side lines.

The new invader from overseas is Eric Sturgess, the South African champion making his first appearance in the U. S. championships.

Sturgess made his presence felt yesterday when he knocked out second-seeded Billy Talbert of New York in such a manner as to convince the spectators he might go all the way.

The earliest known bird is believed to be a peculiar creature called an Archaeopteryx which lived 125,000,000 years ago.

Important Deal

The deed for one of the most important real estate transactions here in many years was filed yesterday when the Belk-Tyler Co. of Rocky Mount purchased the store at 117 E. Fifth street, near Five Points, occupied for many years by the Belk-Tyler Company's Greenville store, from W. E. Hooper and Company. The price for the valuable property was reported to be between \$85,000 and \$90,000.

B. D. Johnston is manager of the Belk-Tyler store here.

Yankees Tackle Baltimore Colts

New York, Sept. 16—(AP)—The New York Yankees, with Halbock Buddy Young sidelined by injuries, tackle the Baltimore Colts at the Stadium tonight for the second time in the young All America Football Conference season.

Leadership in the Eastern Division will be at stake, as the Yankees hope to bounce back after the Colts handed them a surprise 45-28 defeat in Baltimore two weeks ago.

Gilmer Joins In Redskin Drills

Washington, Sept. 16—(AP)—Harry Gilmer rookie back who has been on the injured list, was able to work out with the Washington Redskins today.

Coach Turk Edwards said Gilmer would not play against the Chicago Bears in an exhibition in Baltimore Sunday. Edwards added that he hopes Gilmer will be ready by the time the Redskins open their regular season, Sept. 26, against the Pittsburgh Steelers here.

Negotiate Over Bowl Broadcasts

Los Angeles, Sept. 15—(AP)—Broadcasting rights for the Pasadena Rose Bowl game apparently are slipping from the National Broadcasting Co. to the rival Columbia Broadcasting System.

Commissioner Victor O. Schmidt of the Pacific coast conference, admitted yesterday that the conference and the Tournament of Roses Association are negotiating with CBS for a contract covering the 1949, 1950 and 1951 New Year's Day games.

Citation Backed By 'Reserves'

New York, Sept. 15—(AP)—Citation and sixteen other three-year-olds were named for the 79th running of the Jerome Handicap at Belmont Park today, but it seemed likely that the Calumet Farm colts would be carried by a pair of reserves.

Jimmy Jones, Calumet trainer entered Citation, Coaltown and Free America in the \$32,000 one mile test after bemoaning the fact last week that Citation had been asked to carry 132 pounds.

Jesse Dail Aboard USN Goodwill Ship

Enos Jessie Dail, fireman, USN, son of Mrs. Ruth Virginia Dail of 1315 Washington street, Greenville, N. C., is among crew members of the heavy cruiser USS Macon to earn a "Well done" from Capt. Olin Scroggins, USN, Commanding Officer, for his part in being a "goodwill ambassador" abroad this summer.

The Macon has returned to the U. S. after completing the Midshipmen's Practice Cruise to Europe and Cuba. Most of the ship's personnel will be granted leave in September, giving them an opportunity to take home stories and souvenirs of places visited during the 10,000 mile trip.

Capt. Scroggins complimented his officers and men for their behavior in foreign ports, saying: "From the number of messages we received from mayors and other dignitaries of cities and countries visited welcoming us to return again, it is evident the object of creating goodwill was accomplished, as well as that of training the midshipmen."

Electric light meters in U. S. homes and industries measure more than 216 million kilowatt-hours each year.

Homes Will Cost 300 Vets Right To Vote In 1948

AP Newstextures

Denver—More than 300 veterans and their families are barred from voting in the 1948 election.

The reason: the land on which they live—part of Fort Logan—belongs to the Veterans Administration.

The Army post is one of the oldest in the west. Still posted on the old barracks walls when World War II started were signs instructing the soldiers not to shoot buffalo from the windows.

It was used as an induction center during the war. Once the war ended, the War Department turned part of it over to the Veterans Administration.

The VA gave a use permit to the Federal Public Housing Authority to operate it as a housing project. That's the gimmick which is keeping the 331 veterans and their families from registering to vote.

Duke Dunbar, deputy state attorney general, says the VA—unlike the FPHA—does not have limited exclusive jurisdiction. That makes it the same as an Army reservation, so the residents can't vote under Colorado law.

Local officials of the VA say they can't transfer title to the land to the FPHA. They say the FPHA blocked preliminary moves in that direction.

C. L. Harrison, attorney for Arapahoe county, in which Fort Logan lies, says the county commissioners will abide by the attorney general's ruling.

Delegations for the American Legion, Veterans of Foreign Wars and other groups have appealed to Gov. Lee Knous to do something about it. Candidates for political office have suggested that the state supreme court be asked for a declaratory provision enabling the veterans to vote.

Wooden airplane propellers can be electroplated to provide resistance to abrasion and warpage.

Shipwrecked Men Scrawl Message

Three men (lower right), stranded on the beach near Cape Spencer, Alaska, after their fishing tender grounded, made this "how others" message in the sand to ask about seven companions from whom they became separated. A Coast Guard cutter rescued all ten of the men. (AP Wirephoto).

Under and by virtue of the power vested in me by that certain order entered by Hon. D. T. House, Jr., Clerk of Superior Court of Pitt County, North Carolina, in the above entitled special proceeding, on September 8, 1948, an up-set or raised bid having been filed, as authorized by law; the undersigned commissioner will, on September 24, 1948, at 12:00 noon, at the courthouse door, in Greenville, North Carolina, offer for sale and sell to the highest bidder for cash the following described real property:

That certain tract or parcel of land lying and being in Swift Creek Township, Pitt County, North Carolina, bounded on the east by the land of Alton Chapman; on the west by the land of Willie Brown; known as the Hugh Kirkman land; on the south by the land of F. N. Kilpatrick; containing 35 acres more or less, and being lot No. 1 in the division of the land of J. B. Kilpatrick and being the identical parcel of land conveyed by N. E. Winslow and wife to Edward Kilpatrick and Isaac Kilpatrick by deed dated November 15, 1917, and recorded in Book Q-12 at page 247 in the office of the Register of Deeds of Pitt County.

This is the identical tract of land sold by the undersigned commissioner on September 1, 1948, at the courthouse door, in Greenville, North Carolina, and during the time in which the law authorized a raised bid, the land of September 1, 1948, on said property was raised and the undersigned commissioner was authorized to re-advertise and re-sell said property.

The successful bidder at said sale will be required to deposit ten percent of his bid with the undersigned, or with the Clerk of the Superior Court of Pitt County, to await confirmation of the sale and to show his good faith in the bidding.

This the 8th day of September, 1948.

THEY OUGHTA BE A LAW!

NOTICE OF SALE

In The Superior Court Before the Clerk

North Carolina
Pitt County
Carrie Whitehurst, individually, and
Guaranty Bank and Trust Com-
pany, Guardian of James White-
hurst and Gordon Whitehurst, In-
fants. Petitioners.

By virtue of the power and au-
thority vested in me by judgment
entered by D. T. House, Jr., Clerk of
Superior Court of Pitt County, in
the above entitled proceeding, same
being Special Proceeding No. 5027
in the office of the Clerk of Super-
ior Court of Pitt County, North
Carolina, I shall offer for sale at
public auction at the courthouse
in Greenville, North Carolina,
to the highest bidder for cash, on
Friday, October 1, 1948, at 12:00
noon, the following described tract
of land in Pictolus Township, Pitt
County, North Carolina:

Beginning at a post oak stump,
formerly the R. D. Harrington cor-
ner, and running thence north 8 east
394 feet, crossing the county road
to the run of Grindie Creek, thence
down Grindie Creek north 81-30 east
560 feet, north 71-30 east 260 feet,
thence south 68-30 east 260 feet to
a stake in the run of Grindie Creek,
thence leaving said creek south 6
west 450 feet, crossing county road
to a pine stump, R. D. Harrington's
corner; thence north 64-30 west 1080
feet to the beginning, containing 99
acres.

The highest bidder at such sale
shall be required to make a deposit
of ten per cent of his bid with the
undersigned or the Clerk of Super-
ior Court of Pitt County to show
his good faith and await confirma-
tion of the sale.

The sale shall be made subject to
confirmation of the court.
This the 31st day of August, 1948.
J. H. HARRELL, Commissioner
Sept. 3-17w-4wks.

NOTICE OF SALE

Under and by virtue of the power
of sale contained in that certain
Deed of Trust executed and deliv-
ered by Sumter Key Norris and wife,
Esther B. Norris, to A. C. Tadlock,

of the Public Registry of Pitt Coun-
ty, default having been made in the
payment of the indebtedness secur-
ed thereby and other terms and pro-
visions of said instrument violated,
the undersigned will offer for sale
and sell to the highest bidder for
cash before the Courthouse door in
Greenville, North Carolina, at 12:00
o'clock noon, Thursday, October 7,
1948, the following described lot or
parcels of land and improvements thereon:

Lying and being situate near the
City of Greenville, North Carolina,
in Greenville Township and on the
east side of N. C. State Highway
leading from Greenville to Kinston
and being Lot 41 in Block "E" in
the subdivision known as Hillside
as shown on plat of survey made
by H. L. Rivers, C. E., in March, 1940,
daily recorded in Map Book 3, at
page 135 of the Pitt County Regis-
trary which plat reference is here-
by made. Reference is also made to
Deed dated November 29, 1945, from
A. C. Tadlock and wife Louise P.
Tadlock to R. W. Davenport, of
record in the Pitt County Registry
in Book R-22, page 422 and being
the same property conveyed by R. W.
Davenport and wife to S. Reynolds
May and wife by deed dated
March 8, 1946, and recorded in Book
O-24, page 278, in the office of the
Register of Deeds of Pitt County,
and being the identical property
conveyed by S. Reynolds May and
wife to the parties of the first part
by deed dated May 11, 1946, and of
record in the Pitt County Registry.
This the 31st day of August, 1948.
A. C. TADLOCK, Trustee.
Dink James, Attorney
Greenville, North Carolina.
September 1-17w-4wks.

High Pockets

by Herbert Shapiro

Chapter 23
When Gay emerged minutes later
Corbin came at once to her side. The
street was dark and quiet. They
started away at a brisk pace. When
a shadow seemed to reach out at
her from within a darkened door-
way, Gay gasped, and Corbin quick-
ly put a protecting arm around
her and guided her on. They neared
the corner presently, stopped when
a drunken man came reeling in
their direction. Corbin, alert as be-
fore, promptly stepped in front of
her and the drunk, staggering up
to him, halted and looked up at
him.

"We-al?" Corbin demanded.
"The man evidently recognized
him, or else the Corbin bulk which
loomed up even bigger in the dis-
torting darkness, cautioned him to
exercise care and judgment. . . . at
any rate he sidestepped with sur-
prising nimbleness, circled around
them hastily and they went on their
way again. Mrs. Sutton's boarding
house was located on the next block.
They walked in silence, stopped
when they reached the white-painted
gate in front of the house.

"Hm," Corbin muttered. "Not a
light lit in the hall danged house.
What'd they do . . . turn in at
sundown? Come on."
Gay caught his arm.

"Around the back," she said. "The
kitchen door's unlatched."
"Oh," he said. He took her arm
again, led her along a dark shad-
owy path that led to the rear.

"Beautiful out, ain't it?" he asked,
nodding skyward. "Moon and every-
thing."
"Sh-h-h!" Gay cautioned him.
"The heck with th'm!" he whis-
pered in her ear. "They're too old
't appreciate a night like this."

"It is beautiful," she whispered in
reply.
"Ordered it just fr you," he said.
"There was a tall, thick-trunked,
full-limbed tree behind the house.
It cast deep black shadows on the
ground below. They stopped within
a few feet of the kitchen door. Gay
smiled up at Corbin.

"I've got to go in now," she said
in a low tone.
"Sure," he said. She knew he
would kiss her and she was not
at all surprised when his big hands
came up, tightened on her arms.
Slowly he drew her to him. She
did not resist him. He caught her
in his arms, crushed her to him,
bent his head and kissed her on
the mouth.

"Mr. Corbin!" she breathed.
"He ordered," he heeded, and he
kissed her again.
"Ted, please," she whispered,
squirming in his arms. "You . . .
you mustn't!"
"Why not?"
"Someone may come out."
He laughed softly.

"They better not!" he said. He
kissed her again, loudly, hungrily.
The kitchen door creaked open and
Gay burst out of his arms, stepped
away from him. "Damn!" he said
aloud.

"We lock the door for the night
at ten o'clock, Mrs. Hollis," a wo-
man's voice said from the darkness
behind the open door. "Come in,
please."
Gay flashed past Corbin, and the
door closed behind her. A key grated
in the lock and a bolt was driven
into place. Corbin tugged viciously
at his pants belt, jerked it up a bit.
"Of all the nights," he muttered
angrily. "This is the night this has
't happen t' me. An' just as I
was . . ."

He turned and his voice trailed
away. He stalked off, swung around

(Continued from Page One)
living ex-President, chairman.
In September 1947 the commission
held the first of its many meetings.
It began calling in the outside ex-
perts and set them up in committees
or "task forces."

Some of these experts formerly
worked for the government; some
are top men in private businesses;
some are college professors.
Twenty-three committees have
been set up. Each has been assigned
to examine a different phase of
government activity. For example:
Veterans affairs, taxation, Indian
affairs, national defense; farming,
federal offices outside Washington,
and so on.

Hoover, for instance, heads the
group studying how the President
can have some of the load taken
off his shoulders. About 100 officials
now report only to him.

In short, this particular group
will look for ways to help the White
House work better, with government
departments and agencies.

As they finish their work, the
committees turn their recommenda-
tions for improving the government
over to the commission.

In January, 1949—after the new
Congress gets started—the commis-
sion will turn over to it a general
recommendation for improving the
government.

Then it will make specific recom-
mendations. The commission goes
out of existence within 90 days after
making its first, general report.

For 40 years—at various times—
Congress and the President have
appointed commissions to find ways
of making the government run bet-
ter.

They made recommendations and
changes followed. But no study has
had the breadth or authority of the
Hoover commission.

It has worked very quietly, with-
out letting out any details of what
it found or thought. If it did, this
being an election year, the politi-
cians might use its findings for
ammunition.

In the middle of the 19th century
the passenger pigeon outnumbered
any other kind of bird on the
North American continent.

The average American today uses
as much petroleum in four minutes
as he did in a year in 1859.

Supergadget To Teach Launching Plane Torpedoes

Alameda, Calif.—(AP)—The Navy
has unveiled a complex supergadget
for teaching pilots how to launch
aerial torpedoes.

With utter realism it simulates
with movies every element of actual
combat except the danger and the
noise.

In the vast Naval Air Station
here, there is an air-conditioned
training arena where the Crall
(after the first model in Scotland)
Aerial Torpedo Attack Trainer is
set up.

Sitting in its cockpit, a student
pilot sees his target rush toward
him as the torpedo bomber which
he is theoretically piloting ap-
proaches at attack speed. He must
steer his "plane" so as to "lead"
the target which moves through the
water, as a hunter leads a flying
bird.

He "drops his pickle" after esti-
mating range and speeds. He watches
the wake of his own torpedo as it
ploughs toward the target.

Over his earphone comes his in-
structor's approving "bingo" or ex-
planation that he has aimed too
far ahead or behind, and how he
has miscalculated.

Lt.-Commander Charles W. Rich,
aviation training officer in the
ground school, says that "this
training actually gives the pilot an
experience that he would otherwise
get only in actual combat."

The whole set-up, including the
air-conditioned arena on which the
complicated synchronized images of
target, sea, weather, and torpedo
waves are projected, has cost about
\$75,000. But Rich says it results
in "tremendous savings in planes,
gasoline, and torpedoes, not to men-
tion human lives."

Forecaster Sees Continued Fair

The weatherman today gave the
green light to opening football games
this week-end. He offered little en-
couragement, however to farmers
of the Carolinas.

His forecast today called for con-
tinued fair weather with no out-
standing changes in temperatures
over the two-state area.

He saw little prospect for rain,
generally needed for late farm crops.

Wins Award For Science Writing

Washington, Sept. 16—(AP)—The
\$1,000 George Westinghouse New-
spaper Science Writing award was
presented today to Frank Carey,
Associated Press reporter.

Carey won the prize for a series
of articles on the drug Chloromycetin,
a new weapon against typhoid
fever and Scrub Typhus.

The American Association for the
Advancement of Science, which
chooses the winner, arranged the
presentation at a luncheon.

Bees Hid Honey In Wall Of House

Helena, Mont.—(AP)—Busy little
bees for the past several years stored
more than 200 pounds of honey in
the house of Mr. and Mrs. Glenn
E. Miller without knowledge. Miller
made the discovery after some way-
ward bees invaded a room and had
to be smoked out. The honey was
found stored in a wall.

The Millers said they had noticed
the bees buzzing about their home
for several years but they thought
they were part of a neighbor's apiary.

Government . . .

(Continued from Page One)
The Pitt County Executives' Club's
Organization Committee will be
guests at a luncheon at Hotel Pro-
ctor Friday at 12:30 and Al Overton,
field director for the Associated
Clubs, will be host. Some of the
most representative business and
professional men of Pitt County
comprise the Organization Com-
mittee.

In his invitation, Field Director
Al Overton said the response to in-
vitations to leading men and women
of the community to become charter
members has been gratifying. At the

Samoans Are Prepared To Govern Themselves

By DOUGLASS LOVELAKE
AP Newsmaster
Pago, American Samoa

The two Samoan, under New Zealand and United States administration, are taking their first steps toward self-government.

Western Samoa convened its new legislative assembly June 2, with a Samoan majority for the first time since Germany took possession in 1900 and New Zealand later took control on a League of Nations mandate.

Eastern Samoa, an American possession since 1900, also has a new type legislature consisting of an upper house of 12 hereditary titles and a lower house of 54 members. It will meet for the first time briefly in November to consider legislative needs and reconvene in January to set on legislation.

The changes, slight as they are, were slow in coming. New Zealand was forced to alter its structure of government in western Samoa when that area passed into trusteeship status. A United Nations mission supplied the prod. And apparently the pressure of American public opinion, critical in some respects of naval rule over a friendly people, has caused the Navy to encourage creation of a legislature closer to Samoan desires.

Administrators of both Samoas, the high commissioner in western Samoa and the naval governor in American Samoa, retain a large measure of control including absolute veto. Nevertheless, Samoan leaders consider the changes significant and have greeted them with highest acclaim.

Naval Gov. Vernon Huber, in a report on American Samoa, said: "The Samoan people consider the establishment of this legislature a matter of utmost importance in their quest for ultimate self-government. They feel that this is the event of greatest importance since the flag of the United States was raised over these islands."

Under the new western Samoa set-up, the assembly may consist of six official members appointed from the New Zealand administrative staff; five elected European (half-caste) members; 11 Samoan members; either elected or appointed as determined by the governor-general of New Zealand; and three *fautua* or paramount chiefs.

The high commissioner may vote in event of a tie. He has veto power, may change any bill and send it back for reconsideration, and may change without legislative approval any bill altering revenues. The assembly may not make laws on defense, external affairs or affecting the title of crown lands, the former German plantations and other lands which passed into New Zealand ownership.

Profits from crown lands, however, now are used for the benefit of Samoans.

American Samoa's legislature replaces the old fono, which consisted of about 50 Samoans, named by districts.

The new house of all, or high chiefs, consists of the 12 highest hereditary titles, but its powers are subordinate to the lower house. Lower house members are chosen by villages in public discussion.

A bill goes to the governor when it passes each house, or when the upper house fails to act on a lower house bill within one day. If the house of all votes against a lower house bill, the latter can call a joint session and demand a vote. Majority approval of the combined membership will send the bill to the governor. Since the lower house has many more members, it holds the whip hand.

Value Multiplied

New York—(AP)—America's most famous train, the Twentieth Century Limited, is being replaced by a new edition which will cost 17 times as much as the original.

In contrast to the \$115,000 cost of the locomotive and five wooden cars which made up the original Century in 1902, each of the two new Centuries now under construction at the Pullman-Standard shops in Chicago will cost \$2,000,000 with Diesel locomotive.

Each section of the New York to Chicago train will have 16 streamlined cars, according to Fred H. Baird, general passenger traffic manager of the New York Central. The trains will have barber shops, valet service, shower baths, train secretaries, radio-telephones for outside calls to any point, and inter-car phones so that passengers can order meals by telephone direct to the diner or page friends.

The original century was replaced by all-steel cars in 1910 and again in 1928 and 1938, when the train went streamlined with the first all-bedroom cars. The new cars will be given such functional names as Cascade Glen and Manhattan Island. In the old days they were given more classical titles, like Decius, Sappho, Petruccio and Benvenuto.

ping and massaged the welts with ointment." "Jackie told me, 'I still love you daddy,'" Hoge related. "These were the last words my son said to me."
