Marshall Outlines U. S. Basic Policy

Thinly Veiled Warning That American Patience Should Not Be Mistaken For Weakness; Serves Notice Will Not Barter Rights Of Other People

Paris, Sept. 23—(AP)—Secretary of State Marshall said today in a thinly veiled warning to the Soviet Union that American patience should not be mistaken for weakness.

Marshall outlined the United States' basic foreign policy in speech to the fall session of the United Nations General Assembly.

He referred to the Russians and their six eastern European satellites as the "small minority" which consistently boycotts the Balkan and Korean U. N. commissions and the "Little Assembly."

"It would be a tragic error," the American declared, "if, because of misunderstanding, the patience of others should be mistaken for weakness."

Marshall served notice the United States will not "compromise the essential principles" or "barter away the rights and freedom of other peoples."

The American statesman spoke just after Gen. Carlos P. Romulo of the Philippines advised the small nations to form a world-wide "third force" to maintain a balance of power in the dispute between the east and west.

Marshall said it was appropriate "that we should here reaffirm our respect for human rights and fundamental freedoms."

Delegates of the United Nations 48 member countries should "renew our determination to develop and protect those rights and freedoms," Marshall said.

"The people of the world, he added, "must not be misled by those who in the name of revolutionary slogans would prevent reconstruction and recovery or hold out the illusion of future well-being at a price of starvation and disorder today."

"Despite the cooperative action of most nations to rebuild peace and well-being," Marshall continued, "tension during the past year has increased. The leaders of other nations are creating a deep rift between their own peoples and the rest of the world community. We must not allow that rift to widen any further and we must redouble our efforts to find a common ground."

He promised that the United States would do everything in its power to reach "a constructive, peaceful settlement to political, non-overlapping which contribute to the present tension and uncertainty."

He called for early peace settlements with Japan and Germany so that those nations "may exist as democratic and peaceful nations subject to safeguards against the revival of military or economic means of aggression and so they may, in due course, demonstrate their qualification for admission to membership in the United Nations."

Arab Government For Palestine Planned In Egypt

Damascus, Syria, Sept. 23—(AP)—The newly formed Arab government for Palestine will be seated at Gaza, in Egyptian-occupied territory on the coastal plain 40 miles south of Tel Aviv, it was announced here today.

Jamal Effendi Hussein, nephew of the exiled Mufti of Jerusalem and one-time chairman of the Palestine Arab party, is the foreign minister, said the Palestine higher executive office here.

The office said the regime will claim jurisdiction over all the Holy Land (which includes the Jewish state of Israel).

Is A War Inevitable?

Should The United States Strike Now, Before Russia Builds Up Its Strength? Analyst Says No; Sees No Indication Of That Belief In American Position

By DeWITT MacKENZIE

What basis, if any, can there be for the view held by some that there is bound to be war between Russia and America eventually and that therefore Uncle Sam would be wise to strike now and not give the Muscovites a chance to build up strength?

From my standpoint there is no foundation whatsoever. I don't believe that a shooting war between the two powers is inevitable.

Obviously there always is danger of war while the great powers are playing at skittles amidst high explosives. Even a mole can see if there should be an explosion, but it should come it might not be premeditated.

As a matter of fact, there is no indication that there is any responsible American executive governmental or military, who has the slightest thought of precipitating a conflict. On the contrary my information is that the policy is to hold Communist aggression where it now is while the democracies are rehabilitated and so gain strength which will put them out of danger.

True, the policy of the western powers also is to be firm and not allow themselves to be pushed

Truman Gets Off To Early Start In Western Tour

Tells Early-Rising Listeners Republicans Helped Farmers By Accident

Aboard Truman Campaign Train, Sept. 23—(AP)—President Truman campaigned for votes today among early-rising Californians with the assurance the Republicans propose only "crumbs for the little fellow."

He told a trainload crowd at Merced—in the heart of the rich San Joaquin Valley farming area—that if the Republicans ever did anything for the farmers, it was an accident and not "on purpose."

It was only 6:45 a. m., Pacific Daylight time, when the President appeared on the platform. He told the crowd Mrs. Truman and Margaret still were not up.

He had made his first appearance at Modesto at 5:50 a. m. to exchange "Good mornings" with a crowd there. He apologized for not being up when the train stopped at Tracy at 5 a. m.

"I didn't get up quite as early as usual," he explained. "I have to get a little sleep. I can't go all day and all night, too."

President Truman tossed into the increasing bitter political campaign a suggestion for a "solid front" on foreign policy while he threw new punches at the Republicans on domestic issues.

For his own part, the chief executive regarded it as "foolish" to overlook problems posed by tactics of the Soviet Union, but he said he did not regard them as "insuperable obstacles to peace."

In solemn tones he told a police estimate crowd of 25,000 persons at San Francisco's city hall that progress toward peace has been "much faster" than it would have been without the United Nations. He said the United Nations one day will bring that peace to the whole world.

Mr. Truman picked San Francisco, where he came in 1945 to witness the signing of the United Nations charter, to voice his faith in the eventual success of the United Nations and his wish to keep foreign policy out of the political campaign.

He said he had never "for one moment" underestimated the multitude of problems which the Soviet Union could cause if that country were unwilling to join with other nations in working for peace.

At the same time, he said he was "firmly convinced that all the plain people in the world want peace" and he has "never regarded the Soviet Union's present policies as insuperable obstacles to peace."

Cominform Said Meeting Now In Russian Crimea

London, Sept. 23—(AP)—The British Foreign office said today the Cominform—Communist International Information Bureau—may be meeting now in the Russian Crimea.

A Foreign office spokesman advanced this theory in response to questions.

He said such reports had been received at the Foreign office and that it had been established definitely that both Anna Pauker, Romania's Foreign Minister, and Klement Gottwald, President of Czechoslovakia, are absent from their capitals. Moscow reported last week that Gottwald was vacationing in the Crimea.

There also have been unconfirmed reports that Georgi Dimitroff, Bulgaria's Premier, is away from Sofia. All three are key members of Cominform.

No Evidence Of Post-War Spying

House Committee Again Attacks Truman Stand On Issue

Washington, Sept. 23—(AP)—The House Un-American Activities Committee has found no evidence "at all" that there has been any spying in this country since the war, a member said last night.

While Rep. Hebert (D-La.) told that to a radio audience (CBS), the committee itself reported it is "progressing nicely" in its investigation of wartime atomic espionage.

Committee members have said frequently that their work was being hampered by President Truman and Attorney General Clark, who have refused to let them see government loyalty records. The same charge has been made in the Senate.

Hebert told newsmen yesterday that he wrote to both GOP Presidential Candidate Thomas E. Dewey and States Rights Candidate J. Strom Thurmond, asking their views on the matter.

He said Thurmond answered that if elected he would "most certainly" end every possible assistance Dewey had not answered said Hebert, adding: "We know where President Truman stands."

The attack on the position taken by Mr. Truman and his cabinet officer was picked up today by Senator Ferguson (R-Mich.) who charged that the President and Clark have thwarted Senate investigators trying to check the government loyalty program.

Ferguson's latest move in his escalating feud with the attorney general came in the form of a 13-page statement which accused Clark of refusing FBI Chief J. Edgar Hoover permission to tell senators what he knows about enemy agents and espionage in the United States.

Asheville Man Is Freed On Bond After Giving Up

Asheville, N. C. Sept. 23—(AP)—Vaughn J. Cannon, wealthy Ashevillean charged with gambling violations, was free today under \$15,000 bond.

Cannon surrendered yesterday to Sheriff Laurence E. Brown and posted bond for his appearance at the October term of Buncombe county Superior court beginning Oct. 18.

Bench warrants were served on Cannon before his release charging him with operation of gambling houses and conspiring to operate gambling houses, and illegal possession and sale of gambling devices.

Last Monday the federal government filed tax liens totaling \$1,451,972 against Cannon, alleging that he was indebted to the government for "additional income taxes" for the years 1943-1947.

An estimate of Cannon's income for the six-year period was not disclosed by Internal Revenue agents.

Begin Offensive Against Rebels

Batavia, Java, Sept. 23—(AP)—The news agency Antara said today the Republican Army began yesterday a three-pronged offensive against Communist troops who have seized the area around Madioen in Central Java.

The agency quoted Republican military authorities as saying the fighting was continuing today at Atngaw, 18 miles northeast of Madioen, and that nearby Magetan still is in Communist hands.

Republican troops were reported fighting off attackers at Madioen airfield.

Governor Would Abolish Poll Tax

Little Rock, Ark., Sept. 23—Gov. Ben Laney wants Arkansas to abolish the poll tax.

In his place, Laney said yesterday an effective system of registration should be set up. Such a system, with "an effective set of regulations," he added, would be a means of enforcing Democratic rules in Arkansas, which have been "junked and ignored."

Constitutional

Chicago, Sept. 23—(AP)—The Federal Circuit Court of Appeals in a two to one decision today held constitutional the portion of the National Labor Relations Act requiring union officials to sign non-Communist affidavits.

Judges Otis Kerner and Sherman Minton upheld the constitutionality of that section of the act. Judge J. Earl Major, in a separate opinion, said he believed the section was unconstitutional.

Step Up Assault On Berlin Mayor

Communists Seek To Drive Out Executive Branch Of Gov't

Berlin, Sept. 23—(AP)—Communists launched a new assault on Berlin's elected city government today. The official Communist press demanded the removal of acting Mayor Ferdinand Friedensburg.

The Communists accused Friedensburg, a Christian Democrat, of "anti-Soviet provocations" which they said no longer could be tolerated.

The new attack indicated a Communist campaign to drive the executive branch of the government from their headquarters in City Hall, which is in the Soviet sector of Berlin. Communist rioters already have driven out the City Assembly and forced it to seek refuge in the British sector.

"They can't bluff or frighten me," Friedensburg told reporters.

He said the Communists apparently are now activating instructions from Moscow on the next move.

Communist leaders already have organized what they term a "democratic bloc" to take over rule of the magistrat (the executive branch of the city government).

Anti-Communists say the Communist bloc is nothing more than an action committee for the seizure of power.

The attack on the acting mayor was a sign the Communists now are ready to step up the pressure.

Church Gives Its Pastor Support

Fayetteville, N.C., Sept. 23—(AP)—The congregation of Immanuel Baptist Church last night gave its pastor, the Rev. Kenneth M. Lindner, a vote of confidence.

The pastor recently was removed as president of the new South River Baptist Ministers Conference because of his views upon the legal sale of beer and wine. Shortly before Cumberland County voted to outlaw the sale of beer and wine Lindner said he favored the legal sale of the beverages as against prohibition, but that he was nevertheless not an advocate.

Dewey Fires Criticism At Handling Soviet Problem

En Route with Dewey to Phoenix, Sept. 23—(AP)—Swinging off the senatorial circuit today, Gov. Thomas E. Dewey fired new barbed criticisms at the Truman administration's dealings with Russia.

As his special train rolled westward toward a fourth formal campaign speech at Phoenix tonight, the Republican presidential nominee appeared ready to try some variations of the theme that Yalta, Potsdam and other decisions gave the Soviets too big a chunk of the world.

He got what his aides regarded as good crowd reaction when he asserted at Santa Fe, N. M., that the GOP's major task "is to get an administration which doesn't play 'footie' with the Communists and the next day say: 'We don't like you.'"

British Plan Organize Reserves In Arms Race

London, Sept. 23—(AP)—Britain plans to organize her ex-service men into a vast reserve pool subject to immediate call to the armed forces in an emergency.

Details of the project, newest in Britain's sudden scramble for rearmament, are expected to be outlined before the House of Commons today by Defense Minister A. V. Alexander.

Plan Remedy For Potato Surplus

If Successful, It May Mean Cheaper Spuds For Buyers

Washington, Sept. 23—(AP)—Agriculture Department officials are drafting a remedy for a potato surplus which has cost the government over \$200,000,000 in price supports the past five years.

If successful, it may mean cheaper spuds for consumers.

The formula under consideration is a combination of lower price supports and a smaller production goal for the 1949 potato crop.

Potato production programs have been one of the government's biggest headaches. A wartime law, aimed at encouraging maximum food production, required the department to support grower prices of potatoes at not less than 90 per cent of the parity levels.

Parity is a legal standard to insure prices fair equally to farmers and those who buy farm products.

This price guarantee, coupled with unusually favorable weather and improved insecticides, has boosted potato production far above the country's needs.

As a result, prices dropped to the support level and the government had to buy and take the market millions of bushels to assure growers the promised cash returns.

Some potatoes were dumped. Some were burned. Some were diverted into livestock feed, alcohol and flour. Others were sent to needy areas abroad.

The program aroused many consumers, who found it hard to justify such actions when food prices were skyrocketing.

Dean Of Light Opera Succumbs

Boston, Sept. 23—(AP)—Eugene C. Cowles, 88, Long Dean of American Light Opera, died last night after a protracted illness.

Cowles retired 18 years ago—but his songs still top the hit parade. A plaintive ballad he composed when he was a light opera star in the '30s—"Forgotten"—is a popular favorite on radio request programs.

Polio Epidemic Still Drags On

Raleigh, Sept. 23—(AP)—Seventeen more cases of polio were reported to the State Board of Health today and the state's case total for the year mounted to 2,138.

Guilford County reported five of the cases, Durham and Rockingham two each, and Buncombe, Burke, Catawba, Cleveland, Johnston, Mecklenburg, New Hanover, and Wayne one each.

Hurricane Heads Seaward Leaving Shambles Behind

An Estimated \$25 Millions In Damages For Florida; Rainbow Marks End

Miami, Fla., Sept. 23—(AP)—A hurricane that left three dead and an estimated \$25,000,000 damage in Florida, swept farther out to sea today as the state began a mammoth cleanup job under a bright sun.

Six other persons were killed and \$3,000,000 damage done by the storm when it raked Cuba before blowing into Florida.

The hurricane was about 250 miles east northeast of Melbourne, Fla., today. It continued to move away from the Atlantic seaboard in a direction between northeast and east northeast at an accelerated speed of 16 miles an hour.

After plying through Florida at a slow eight miles an hour, it crossed the coast line into the ocean near Jensen Beach yesterday. A rare double rainbow marked its end at Miami.

The weather bureau said the storm still packed winds of 100 miles an hour or more near the center. Gales extended outward 200 miles.

Winds diminished along the Florida coast.

The hurricane was expected to pass about 500 miles east of Jacksonville and away from the busy Atlantic coastal shipping lanes.

Tremendous property damage was reported at Key West as in the choice Indian River citrus area and to vegetable crops along the South- and eastern rim of Lake Okechobee.

Key West alone estimated loss at one million dollars, principally to its waterfront and shipping. More than 100 pleasure and commercial boats were sunk. Many were smashed to pieces. A 200-foot dock was swept out to sea and the city's two principal commercial docks badly damaged.

Power and telephone lines were hard hit. The island's sponge and fishing fleet was practically wiped out. Damage to boats alone was estimated at more than \$300,000.

All schools on the island sustained some damage. About 1,000 trees were uprooted in Key West alone. Ten inches of rain fell there.

American Action Rescues Cabinet

Financial Gesture Reportedly 'Saves' The French Premier

Paris, Sept. 23—(AP)—The government decided today to grant French workers a 15 per cent wage increase.

The increase was less than the demands of both Communist and non-Communist unions which have been calling a series of harassing strikes. A two-hour nationwide general strike to support such demands has been scheduled for tomorrow afternoon.

The cabinet decision came amid reports that a timely American financial gesture had saved the government from collapse.

Relief American sources said Premier Henri Queuille's cabinet received a lifeline through an American decision to unfreeze 70,000,000 francs (about \$230,000,000) representing profits from sale of goods furnished France under the European Recovery Program (ERP).

American and French informants said this would enable Queuille to stave off disastrous strikes and resultant cabinet dissolution.

The unions have been demanding an increase from 10,900 to 13,500 francs (about \$45) in the minimum wage level. The increase authorized by the cabinet will advance the minimum to 12,535 a month (about \$41.75). The 15 per cent increase also will apply to special allowances to families.

Berlin Issue May Be Taken To UN

Threatens Suit

Washington, Sept. 23—(AP)—William W. Remington, temporarily suspended commerce department official, today threatened to file a "substantial" libel suit against Miss Elizabeth T. Bentley, confessed former Russian spy.

In testimony before a Senate investigating committee, Miss Bentley named Remington as a man from whom she collected Communist party dues as well as secret government information in wartime. Remington has denied the charges.

Remington said he would base his suit on an NBC television program, "Meet the press," on which Miss Bentley appeared on Sunday, Sept. 12.

At a news conference, Remington made public a letter he has written to Miss Bentley demanding "a satisfactory public retraction" no later than noon, Sept. 24.

After plying through Florida at a slow eight miles an hour, it crossed the coast line into the ocean near Jensen Beach yesterday. A rare double rainbow marked its end at Miami.

Six Of Accused Robbers In Jail

Unable To Post Bonds; Waive Preliminary Hearings

Columbus, Sept. 23—(AP)—Two white men and four Negroes, rounded up in connection with the hold up of the East Carolina Bank branch here Tuesday morning and the theft of \$68,200, waived preliminary hearings before a U. S. commissioner at Plymouth yesterday afternoon and were bound over to the October term of federal court in Washington, D. C. under bonds of \$20,000 each.

The three western envoys who met with Prime Minister Stalin and Soviet Foreign Minister V. M. Molotov in the Kremlin conferred today with their experts on Russian relations and German affairs. These three—U. S. Ambassador Walter Bedell Smith, French Ambassador Yves Chataignier and Special British Envoy Frank Roberts, were preparing ground for the next phase of the dispute over Berlin.

An American delegation source said the U. N. Assembly is "the only logical place to take the Berlin problem after direct negotiations have failed." But delegates from smaller nations echoed Shawcross' pessimism that the U. N. could solve the issue over Russia's objections.

Czech Sentenced To Die; Accused Of Being Spy

Prague, Czechoslovakia, Sept. 23—(AP)—A Czech army captain has been sentenced to death, charged with spying for the British. The government said 33 other persons are under arrest, accused of spying for the United States.

The captain, Rudolf Hrazdilek, was sentenced last night to be hanged for high treason and "crimes against the people's Democratic regime." He was accused of turning information over to a British intelligence agent.

The announcement came during a search for persons circulating anti-government statements charging that former Foreign Minister Jan Masaryk was murdered. The government called Masaryk's death a month after the Communists seized power, a suicide.

A Book For Teachers

"Education For International Understanding In American Schools", Published By NEA; Parents Could Read It With Profit; World-Minded Citizens Necessary

By JAMES MARLOW

Washington, Sept. 23—(AP)—A book of 241 pages has been published particularly for the use of teachers but—

Why? Because some of the things the book suggests teachers can do to make their students world-minded citizens, are things the parents could practice with their children at home.

The book has a long chapter of examples showing how children can be trained to work together, to assume responsibility, to develop understanding of other people's problems and desires, and to learn that people everywhere are brothers.

In addition, it has a long list of books—their names, authors, where you can buy them and how much they cost—that will help people and children to become understanding human beings with a desire for peace.

Roughly, the book points out that there are two problems; one immediate, one long-range.

The immediate one—World problems happening right now and in the next few years have to be handled by people already grown-up.

The long-range one—

Because of the advice the book gives in bringing up children to be

world-minded, parents could read it with profit to their offspring and perhaps to themselves.

### Mrs. Irving Hostess To Inter Se Club

Mrs. Hunter Irving was hostess to the Inter Se club on Tuesday, September 21. A brief business session was held by the president, Mrs. L. M. Buchanan, and the new books were shown to the group by Mrs. Jack Edwards, chairman of the book committee.

Mrs. Wendell Smiley presented a paper on the life and writings of Sigrid Undset. Beginning with an interview held with the famous Scandinavian woman while she was in the United States in 1940, Mrs. Smiley told a little of her background, and the severe apprenticeship she served during her early literary career. She wrote a number of novels on modern marriage before she achieved her greatest success, "Kristin Lavransdatter" and "Master of Hestviken," magnificent historical novels with medieval Norway, in its half-pagan, half-Christian state, as a background. Sigrid Undset stands among the great novelists of all time. Among living novelists, one is prone to rank her next to Thomas Mann. Among Scandinavian novelists she has no peer. Among women novelists she probably stands alone.

Mrs. W. D. Suggs was Mrs. Irving's guest for the afternoon. The hostess served a colorful salad course at the conclusion of the meeting.

### Make Progress In Repair Of County's Courthouse

By CHESTER WALSH  
 V. P. Loftis Company, Charlotte contractor, is making progress on the alterations and repairs at the courthouse, a county official stated today. The Board of County Commissioners recently awarded the firm a contract for \$82,000 to do the work ordered by a recent grand jury.

The clock tower has been repaired and some rusted, galvanized cornices are being replaced. All cornices about the building are to be replaced with copper. The vaults under the court clerk and register of deeds offices are being enlarged and entrances to them will be direct from the offices instead of through the corridor. Windows and doors are to be replaced or repaired.

The plans provide for installation of a woman's rest room adjoining the jury room and better toilet facilities in the basement.

The roof of the court room is to be lowered to improve acoustics and the interior is to be repainted. Several months will be required to complete the work, it is understood.

Plans are now being discussed by the County Commissioners and court officials for holding the three weeks of Superior Court in the court room at the City Hall. The noise of the workmen interferes with court proceedings, it was stated.

### Dixiecrats Join Louisiana Fight

Baton Rouge, La., Sept. 22—(AP)—States' Rights Democratic sympathizers manned the defenses today as Gov. Earl K. Long's supporters in the Louisiana legislature drove toward placing President Truman on the ballot.

A bill to give Mr. Truman a chance at the state's 10 electoral votes in the November general election was introduced last night in the brief opening meeting of a hurriedly called special session.

W. H. (Eva) Talbot, National Democratic committeeman and one-time campaign manager for Governor Long, immediately declared his opposition. He accused Mr. Truman of "fighting a cold civil war against the South."

The States' Righters, he added, are out to take control of the National Democratic Executive committee and of the Democratic delegations in Congress.

Leader Peres, South Louisiana political leader who led the move in the Democratic state central committee to pledge the Louisiana party to the States' Rights candidates instead of Mr. Truman and Senator Barkley, said he was studying the proposal and indicated he objected to a provision that the National committee might qualify candidates in Louisiana.

### Wallace Begins His Final Swing

New York, Sept. 23—(AP)—Henry A. Wallace, Progressive party presidential nominee, left here by chartered plane today on his final major campaign swing. The trip will take him 8,500 miles through 12 states.

Wallace's DC-3 plane, carrying 15 passengers including members of his party and newsmen, will make its first stop in Toledo. The tour also will include appearances in Indiana, Illinois, Texas, California, Washington and Oregon.

### NEGRO GIRL THREATENS TO END LIFE IN RIVER

Cindy Simms, colored, 306 West 12th Street, reported to police late last night that her 13-year-old daughter Cindy Simms, had left home with a threat that she was going to commit suicide in the river. The girl was reported to have been wearing a green dress and a brown coat. The threat was not carried out, police said.

### POLICE CALLED TO QUELL FAMILY ROW LAST NIGHT

Police received a report late last night from an occupant of the house at 521 Vance street that a husband was threatening his wife and children and had driven them out about midnight. Police said that when they arrived there the man was gone and the woman and children had returned.

**29-Mile Bridge Is Proposed For Argentine Study**

Buenos Aires (AP)—If congress agrees, Argentina may make history with a bridge 29 miles long.

Deputy Teodoro Saravia, a government supporter from the inland province of Jujuy, proposed a bridge across the River Plata estuary. It would connect Argentina and Uruguay and eliminate a four-hour ferry trip. The proposed bridge would be supported on piles 12 or 15 feet above the waters of the shallow estuary. Where it crosses the main ship channels, there would be lift bridges.

Saravia's bill did not estimate the cost or say how heavy piers for the lift section could rest on the mud bottom.

**Strength FOR THE DAY**

IT'S TIME PAY-OFF THAT COUNTS

How do you live—satisfactorily or significantly?

There is a difference. A man who makes a million dollars is financially successful; but is his achievement significant? The woman who climbs to the top rung of the social ladder is a success in that particular variety of endeavor; but is her accomplishment significant? The candidate who wins an election, the general who wins a war, the prize fighter who knocks out his opponent are all successful; but of what significance is their success?

What makes an accomplishment significant? The religious man would say that an achievement becomes significant if it glorifies God, enriches the life of the donor, and makes others happy. The socially minded man who is not religious would say that an act is significant if it makes the world a better place in which to live.

Stalin is an extremely successful man; but would you care for that kind of success yourself? Look at the millionaires you know and the social dowagers who go spreading themselves all over the place; would you want to exchange places with them if by so doing you had to be come the kind of people they are? Would you be willing to pay the price some men do to hold office?

There is a thrill to success, but often there is nothing more. When we live significantly, however, the pay-off is real happiness.

everywhere. Everybody has a kind feeling for everybody. The husband speaks softly to his wife, and the wife turns to him rosy eyes. It is a time of balance. It is the equinox, when day and night everywhere are of equal length.

It is the season when life cannot throw a banana peel under anybody's feet.

Chapter 2

"You might as well sit down," the big man said lastly. "We may be around here for a while yet." The audience, nervous from twenty minutes of waiting, subsided gradually into the theater seats. The murmur of their voices swelled a little as the big man took his gaze off them and looked at the corpse.

Walter James said to the girl who had screamed, "There's nothing to worry about at all. The police have the situation well in hand." He sat on the back of a seat, one hand soothingly on her shoulder. She looked up at him gratefully. Though a small man, a perfectly proportioned body gave Walter James the appearance of greater size. A slight quirk to his lips hinted a distant excitement behind the irregular lines of his face. His pale blue eyes glistened under mused brown hair.

The big man flicked his eyes briefly at them. He stood towering above the medical examiner who fussed over the body.

"I'll want that knife when you pull it, Doc. And above all, don't screw up the prints again." He moved his tongue contemplatively over his front teeth.

"Got an aspirin for the young lady?" Walter James asked him. "She's on the shaky side."

"The big detective moved lightly up to him. "The doc'll take care of her as soon as he's through over there."

The girl shuddered. "I'm all right now," she said out of her white face. "May I have a cigarette, please?" She was a youngster—tweed-gutish dress, nice features, penny-colored hair.

"Sorry," said Walter James and dumped one out of his pack. The girl leaned forward, and he lit it for her with the glowing tip of his own. She huddled back in the seat again, keeping her eyes away from the men working over the body.

"It's not very pretty," the big man agreed sympathetically. "How old are you, miss?"

"Nineteen."

"Still going to school?"

"Uh-huh. I go to State."

The big man raised his eyebrows. "Name?"

"Laura Kevin Gilbert," the girl said reluctantly.

Walter James said quickly, "Wait a while, won't you? The kid's shaky. She was parked next to the body when the lights went up."

The big man shifted his gaze. "Who are you?"

"My name is James—Walter James." He puffed smoke at the big man's gray waistline.

"Stick around," the big man advised. He spun on his heel and started down the aisle toward the stage. "Jim, I want you," he snapped over his shoulder.

An elderly plain-clothes man detached himself from the cluster around the body and followed the big man down the aisle. The front few rows of the theater were filled with the show where the body had been found only a few hard souls remained. The big man unbuttoned his coat and leaned back against the runway.

"Folks, I'm Lieutenant Clapp from your police department." He scanned them lightly, almost indifferently. "I don't want to detain any of you any longer than I have to so we'll try to get this over as fast as possible. A little Filipino has been killed back in the last row, probably while the show was on. It looks like murder. If any of you know anything about it, I'd appreciate your telling us right now, in the interests of law and order."

He paused and glanced around expectantly. No one stirred.

"Don't hesitate to speak up if you noticed anything out of order in the last row, around the area where the body is." He paused again. Midway back in the theater, a hand was raised timidly. "Yes?"

A young sailor stood up. "My name's Bill Davis," he said uncertainly.

**'Saloon' Keepers In Slogan Fight**

Madras (AP)—Three Madras barbers who had made a fortune in Malaya returned home and started shops of their own in one of the busiest streets of the city.

The first called his: "The best saloon in India," and the second, to excel his rival, called his: "The best saloon in the world."

The third simply styled his shop: "The best saloon in the street."

In India, saloon means barber shop.

**WASHINGTON LETTER**

Washington—The Board of Trade figures that 1948 will have been the best tourist and convention year the nation's capital ever enjoyed.

By next January it estimates some 3,000,000 tourists and delegates will have visited the city, spending about \$60,000,000.

Outside of government, tourists and conventions constitute the biggest single industry in the city. Clarence Arata, manager of the board's Greater National Capital Committee, told me. "48 looks like it will be on par with 1947, especially since the presidential inaugural ceremonies will bring in large throngs. But 1950 looks colossal, with Washington observing its sesqui-centennial."

As in other years, the biggest influx of visitors to the capital this year was between March 15 and the end of June. This is when folks trek into the city from all over the world to see the famed cherry blossoms. During the Spring vacation period some 4,000 school groups came to town with an average of about 40 youths to a group. About 225 conventions were booked for the calendar year. The biggest of these is this month's 100th anniversary convention of the American Association for the Advancement of Science, with close to 6,000 delegates.

The United Spanish War Veterans, observing their golden anniversary reunion and encampment, brought 4,500 persons to the city. The Daughters of the American Revolution had about 4,000. The Townspeople, meeting here in June, also brought a large delegation.

Mr. Arata told me that the average convention delegate in Washington stays about four and a half days and spends on an average of about \$100. The greatest bulk of delegates come by train, but most tourists travel by bus, or automobile. The Greater National Committee,

**Boyle's Column**

By HAL BOYLE

New York—(P)—There's a new town in the town. Goodbye summer Hello Autumn.

There are few tears along the main stem when old lady summer, a faded beauty with a wilted rose in her teeth, hitches south with the birds.

Everybody's tired of her—her and her tepid act. She's held the spotlight too long. Summer gets the Hollywood treatment here. She meets a tumultuous welcome when she breezes in, and for a few weeks she's the toast of the town. But when it's time for her to go—nobody bothers to go down to the station to see her off. Nope, not even Grover Whalen.

Summer is too much like a fat, over-affectionate aunt, or an antique sweatshirt a man doesn't want to wear and can't get rid of. She insists on hanging around long after nobody wants her, and everybody is weary of her warm and cloying embrace. She always takes her own sweet time in leaving.

But when she goes, scattering limp petals for remembrance, who comes in but autumn? Now there's a season for you. Autumn is just spring after she graduates from finishing school—a wise-eyed knowing girl with wonderful ways.

She wakes up the big city like a musical alarm clock. The weariness and languor wash right out of the people, and they come to life again. You can see it everywhere. The kids trot off to school, and back from their country hideouts stream the fugitives from Manhattan's summer heat, whooping and comparing their suits.

A cool wind sweeps in from the sea and blows away the city's stale breath. The air becomes full of fresh and wonderful smells, and a man would have to have the nose of a bird dog to catalog them all.

Along Broadway the film houses pull down the "no degree cooler inside signs" and begin putting up new ones announcing "the picture of the century." They never say what century. Workmen dust out the empty legitimate theaters, and five hundred playwrights dream of hit shows.

The art galleries start blowing their bugles for the new young Rembrandts they find every year at this season. The auction galleries cheerfully prepare to sell the great gains of wealthy collectors who died during the oppressive summer.

Along fifty-seventh street for "C" of the soprano practicing for her metropolitan opera debut beats against the vocal wall raised by the baritone in the next apartment building. Fifth Avenue, the street of beautiful women, is a clothes-horse parade of fresh glamor.

The workaday world pulses again with hope and promise. The secretary has begun to forget the handsome stranger she met on the summer cruise who talked so charmingly on every subject except marriage. She's decided her old boy friend looks Okay-Doke in his new suit. Besides he's here. The boss ceased to frown, and the office employes hope that Santa Claus look in his eyes foretells a Christmas bond.

Yes, Autumn is magic—magic op-

### Czech Reacts To Movie Criticism

Prague — (AP) — Freedom of speech is muted but not dead on Czechoslovakia and newspaper readers can still write letters to the editor or expressing a preference for American movies over the Russian variety. The newspaper "Mlada Fronta" is a strong Communist supporter, has been campaigning against bad movies, bad music and bad stage shows. It cited the movie "Red Stallion," a western, as an example of the worst type of American movie, which should not be shown in Czechoslovakia. "Mlada Fronta" published the following unsigned letter of reaction:

"You are an ox to start such a campaign. Do you believe you represent the will of the people? Go and have a look at the box office of a cinema where an American picture is running and one where a Russian hot-work is running. There you will see the will of the people. If your campaign results in the withdrawal of American pictures and we are forced to see those Russian patch-ups, then after the war I'll beat you so that you will not forget it until your death."

A survey of titles playing at 17 first class movie theaters in Prague during a week in August showed this breakdown of movies by countries of origin: United States 10, Russia 2, France 2, Czechoslovakia 2.

### Trio Crack Safe In Winfall Store

Elizabeth City, Sept. 23 — (AP) — The safe in Fred Winslow's general store at Winfall, near here, was cracked between 1 and 2 o'clock this morning by three men who escaped with between \$7,000 and \$8,000.

Sheriff Melvin G. Owens of Perquimans County, who was called by a neighbor aroused from his sleep by the noise of cracking the safe, said he was told that three men fled shortly before he reached the scene.

Search is being continued today for the thieves.

### Waitress Is In Coma 125 Days

Payetteville, N. C., Sept. 23 — (AP) — An 18-year-old waitress today entered her 125th day of unconsciousness in Highsmith hospital here.

The patient, Mrs. Vickie Louise Kilby Thelma, was injured in an automobile accident near here last May. She suffered no outward sign of injury. Physicians have described her illness as probably a massive brain injury.

### Surprise!

Marion, Tenn., Sept. 23 — (AP) — Four county jail prisoners who were taken to a church recently to profess religion and by baptism were surprised last night, said Sheriff Earl McKnight, as they sought to dig their way out of a cell.

"We heard them hammering all afternoon," the sheriff added, "but thought we would just wait a while before we went up and let them know we knew it."

### Mrs. Sallie Norris Died In Virginia

Mrs. Sallie Norris, 58, wife of Joe Norris of near Ayden, died at a hospital in Hopewell, Va., at 8 o'clock Wednesday night after being ill several months.

### Lions Map Drive For Blind Work In Monday Meet

At its weekly meeting on Monday night, the local Lions Club devoted the greater portion of its time in mapping out final details for the Blind drive. The funds derived from this drive, which will terminate on September 28, are used to pay a full time Pitt County caseworker for the blind and also to provide aid for sightless persons in our county. It is hoped that all the citizens of our county will respond to this drive as favorably as they have done in the past.

Kenneth Mercer was inducted into the club by Lion Joe Hood, Wilmington, N.C., District Governor of 31 (C).

Junior Lion Rodney Fulcher was a guest at the Monday meeting.

### Cool Weather In Store For State

By the ASSOCIATED PRESS  
Today's Carolina's weather forecast is about what you would expect

this first day of fall. It will be cooler, afternoon temperatures averaging in the mid-seventies, with occasional scattered light rains, the forecaster said.

Rain was predicted in the South Carolina, northeast coastal sections and mountains, and in North Carolina coastal areas.

A hurricane advisory said winds will increase to moderately strong offshore along the Georgia and Carolina coast in connection with a high pressure area to the northwest.

In searches for oil more than 20,000 wells were drilled in 1946, compared with an average of 23,700 during 1942-44.

### Motorbikes Lag In Taking Tests

Raleigh, Sept. 23 — (AP) — If you travel by motorcycle, motor-scooter or motorbike, you'd better head for one of the state's mechanical inspection lanes.

Almost 13,500 of the machines are registered with the Department of Motor Vehicles, and only about one-fifth have been inspected, says Arthur Moore, head of the inspection program.

Maybe, says Moore, owners of the vehicles don't know about the inspection requirement. Maybe, too, they'd better look into it, he thinks.

FROM THE Rector Kitchens

**Pays to Learn to Prepare All Meat Cuts**

Of the hundreds of meat cuts the average home-maker knows but a meager few, possibly ten. What is your score? Have you served good tasting, thrifty lamb neck slices lately, or are you already stumped by this unfamiliar cut? Once your family tastes nicely braised lamb neck slices, they will be calling for MORE, MORE!

No one recognizes it as an economy dish. Braised with onions, assorted vegetables, merely stewed or baked in casserole it comes to the table a flavorful, tempting meat platter with vegetable border—see picture. These chunky, succulent ovals of meat, gently cooked for a long time become as tender as Wilson's Clear Brook Butter. The only bone area is a small central bone which slips out easily after cooking and may be replaced with cauliflower heads.

**Bringing Out Flavors**

A thorough and prolonged browning increases that GOOD lamb flavor in several ways. If 15-20 minutes is devoted to browning, it won't disappoint you and cook right off. You will find Wilson's Bake-Rite or Advance Shortening will do the trick just right in your heaviest, heated skillet. Herbs, garlic and vegetables are added alone or in combination. A sliver of garlic may be inserted, if you like, in

slits made in side of each neck slice. A speck of herbs will heighten the flavor. Favorites to use with lamb are: thyme, parsley, bay leaf, curry, celery salt or marjoram.

**Rich, Rich Gravy**

Add only a small amount of liquid and more only as needed, then quality and flavor will not be diluted. Slow cooking develops a desirable richness. Keep the heat low and let time do the tenderizing. Ummmm!

**Savory Lamb Neck Slices**

Wipe clean with a damp cloth; 6 (about 3 lbs.) Wilson's Lamb Neck Slices cut 1-1 1/4 in. thick

Shake in bag to coat or dip in seasoned flour using:

- 2 tablespoons flour
- 1 teaspoon salt
- 1/4 teaspoon pepper

Slowly brown well, first on one side then other in heavy, pre-heated skillet with:

- 3 tablespoons hot Wilson's Bake-Rite or Advance Shortening
- Add to the browned neck slices:
- 1 tablespoon vinegar
- 1/4 teaspoon dry mustard
- 1 cup water

Cover tightly and bake two hours or more at 325° F., turning meat over once when half done. Or cook on top stove over very low heat. Add vegetables, (your choice) herbs, (if you will) for last 45 minutes of cooking. Use such vegetables, for example as 6 each of onions, sliced carrots, cut up potatoes and turnips, optional. Serves six.

### Baltic Political Refugees Arrive At New York City

New York, Sept. 23—(AP)—Sixty-nine Baltic refugees arrived here by train yesterday from North Carolina where they landed Monday in an 80-foot sailboat after a 3,000 mile ocean voyage.

There were 31 men, 25 women and 13 children, including several babies in the group.

Carrying an assortment of battered straw suitcases, bundles and musical instruments, they were loaded on two buses and taken to Ellis Island to await determination of their status.

The group arrived here under guard of four members of the United States Border Patrol.

The refugees, consisting of 65 Estonians, 65 Latvians, a Polish girl and two Finns, reached Wilmington N. C. after a 70-day crossing from Udevalla, Sweden.

Through Salvation Army officials and others who met the group here, they said they had first fled their Soviet-dominated homeland to Sweden.

Later, they feared the Swedish government might return them to their own countries, so they pooled their resources, obtained a small schooner and set sail for America.

The group is one of several boatloads of political refugees that have reached American shores recently.

So far, the federal government has made no permanent provision for them, but many of those who arrived previously have been freed on bonds posted by Church and Welfare groups pending government action on their cases.

### Workers Vote To Retain Textile Union In Test

Greensboro, Sept. 23—(AP)—A majority of workers voted yesterday to retain the Textile Workers Union of America (CIO) as bargaining agents for employees at Proximity Manufacturing Company here.

It was the first decertification election to be held in this area under the Taft-Hartley Act.

Richard K. Frann, field examiner for the National Labor Relations Board, said 671 votes were cast for the union and 484 against. Of 1,154 ballots, 35 were challenged and voided.

The election was agreed upon recently at a three-way conference of representatives of the union, the company and a group of workers who had petitioned the NLRB for decertification of the T.W.U.A.

### Drugless Health

REGARDLESS of how long you have been a sufferer, and how many medicines you have tried before, you can now have relief if you try **GEO-MINERAL**, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. **GEO-MINERAL** comes from the earth—Nature's laboratory. Contains NO alcohol, NO preservatives, NO oil, NO harmful drugs, NO dopes—It is NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments—highly recommended by the medical profession.

FOR THOUSANDS of years ever since Ebers used the father of medicine, minerals and other natural medicines were a reliable remedy for most of our common ailments. **GEO-MINERAL** will enrich your blood, help to make you strong, full of pep, life and energy. If you suffer from nutritional anemia, nervousness, lack of vitality and energy see what **GEO-MINERAL** will do for you.

### Read What They Say!

### Amazing Results

MEDICAL records show 82% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite, when your eyes feel that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. **GEO-MINERAL** is then what you need.

RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ill. People, on the advice of their doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there twice a year.

### Wonder Minerals

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wonderful springs of Lourdes, France, and famous Therman in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

### Believe Air Gun Key To Mystery Of Zoo Deaths

Barclays—(AP)—Police believe a boy hunter with an air pistol is the key to the mysterious deaths of a leopard and eagle in Barcelona's zoo.

The leopard died from a nasal hemorrhage which mystified the zoo keepers. An autopsy disclosed only a small hole in the animal's upper nose. The eagle's death, following that of the leopard, provided the clue. An expert found a small blood stain above the bird's heart. An autopsy brought forth an airgun lead pellet.

In the investigation that followed, police learned a small boy had loitered around the cages during the time of the deaths of the leopard and the eagle. Witnesses related the boy stayed by himself and, whenever he was approached, hurriedly fled.

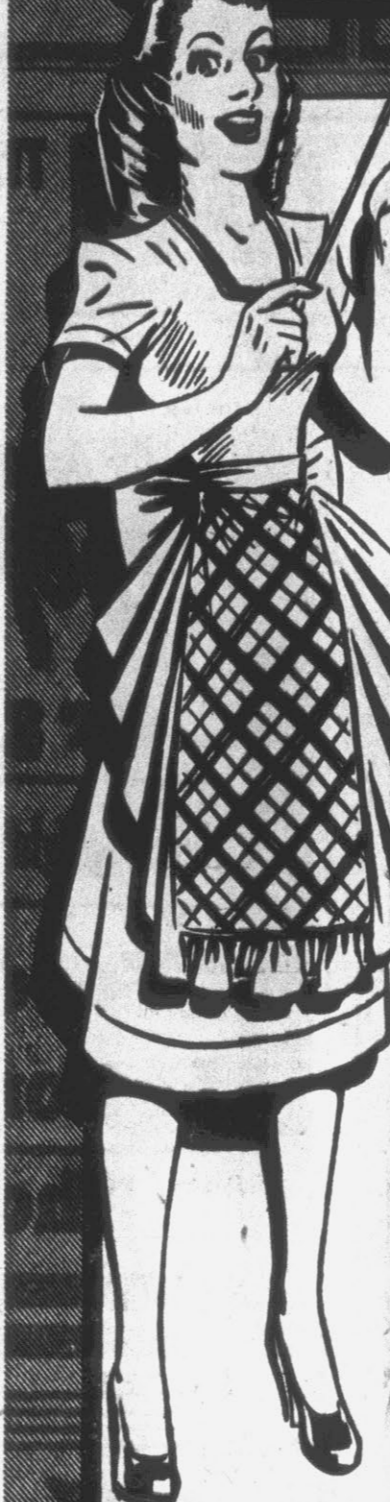

During the middle ages only sorcerers and princes were permitted to wear red.

# Rotarians Held Monday Meeting

By WYATT BROWN

The Rotarians whooped and howled at their regular Monday night meeting when Master of ceremonies Ernie Duff let the lightning of his imagination decide who should afford a theme song. Ernie explained that each business or industry seems to have its theme song today. So he suggested suitable themes for each classification to sing — a substitute was permissible under special circumstances.

The meeting started quite normally with some of that good old Rotary group singing for which the Greenville Club has become so well known. Johnnie Overton, chairman of the Music committee led the group singing.

Next Johnnie called on a quartette to sing "Grandfather's Clock." The quartette was composed of: June Rose, Ernie Duff, Bancroft Moseley and Johnnie Overton.

There the regular dignified type of program was banged into line by Ernie Duff's lightning. First he assigned the theme song "School Days" to all educational members! June Rose, Howard McGinnis, Beecher Flanagan, Carl Adams, Norman Cameron (a guest) Harold Jones (a guest) and Elmer Browning. This was followed by the very edifying song entitled "I Ain't Got Nobody" very appropriately rendered by bachelor John Webb and Bancroft Moseley and James Fleming.

Ty Wagner and Badger Johnson of the automobile persuasion group gave a touching rendition of "Get Out and Get Under." Then two gentlemen engaged in the business of merchandising of beast of burden—Haywood Dall and Jasper Winslow—gave out with "The Gray Mare Ain't What She Used to Be."

Next came a duet composed of John and Ernie Webb of the dairy industry who were given their choice of perpetrating either "No Matter How Hungry a Baby Gets, He Never Cries for His Father" or "Down by the Riverside." It is reliably reported they chose "Down by the Riverside."

The traditional dignity of the banking fraternity had its bout with the theme "The More We Get Together." Engaged in this number were Johnnie Overton, Herbert Waldrop, Joe Moye, Francis Bowen and (by loud oral persuasion not to mention certain brandished weapons) the instigator himself Ernie Duff. Sage advice was evinced by the "sawbones" of the club, Drs. Pace, Irons, Winstead, Bissette, Mewborn (guest) and Jones (guest) came forward with the theme "Don't Pack up Your Troubles in the Old Kit Bag—Call Us," or "God Be With You 'Till We Meet Again."

Foreswearing Calippe and embracing Clio of the couplet due to his sore throat John Fleming did not sing but burst into most agreeable poetry—something about the mathe-

matic of demonstrating affection. All of which seems a far cry from his assigned theme: Mary had a little lamb—but Armour has everything.

That was one program that any participant or listener knew was unrehearsed. There was not a "theme" singer on the program that planned to be heard on any subject last night—in fact, some had to be pulled from fogs of unbelief that it was truly they who were being summoned to carry a tune with Callopo. Too, guests were not spared if they fell in the classification called upon the mat.

Guests of the Club were Dr. F. F. Lide of Shanghai, China; Reverend Linwood Blackburn of Quassus, Angola, Africa; Norman H. Cameron, Dr. R. E. Hardaway, Harold C. Jones and Bo Farley, Visiting Rotarians Paul E. Jones and John Mewborn of the Farmville Club were also guests last night. The program was put on by Johnnie Overton in collusion with Ernie Duff. Ernest L. Willard, Club president presided.

# Pirate Hopes Set Back By Absence Of Two Pivot Men

### Varsity Center Buck Wilson Injured; May Miss Lenoir Rhyme Game; C. O. McMullan Drops From Team

East Carolina Teacher's College's chances in the North State conference suffered a serious set back last night when varsity center Buck Wilson suffered a knee injury in a practice scrimmage session.

The extent of Wilson's injury could not be immediately determined but Head Coach Jim Johnson feared that the big center would be benched for the conference opening tilt with Lenoir Rhyme College at Hickory Saturday night and possibly indefinitely.

Wilson twisted his knee while attempting to block halfback George Wood in yesterday's scrimmage. He was unable to walk from the playing field without assistance.

Adding to the extent of the injury to the team was defensive center C. O. McMullan's voluntarily dropping from the team roster.

McMullan, upon whom Coach Johnson was counting for considerable service this season, did not report for practice yesterday. Johnson gave no reason for McMullan's quitting.

Joe Pollitt of Dover, Ohio, will probably be called upon to fill the shoes vacated by Wilson, Johnson said. There is a possibility that End Stanley Peel will be shifted to the top-heavy slot. Peel played some ball at center before being shifted to end.

Freshman center Promish, who has had little opportunity to show his abilities until now will get to see plenty of action at center, also according to Johnson.

Tonight Coach Johnson and Jack Boone carried their pre-Lenoir Rhyme game practices to the blackboard. The boys were drilled on pass and pass defense in an hour skill practice.

In the afternoon scrimmage the reserves ran single wing plays against the regulars to get them accustomed to the tactics which will be employed by Lenoir Rhyme.

Passed by Fullback Bob Oustrander, the reserves made a number of good gains against the regulars on trap plays.

Among the other reserves showing outstanding abilities in yesterday's scrimmage were Thomas George, guard from Hopewell, Va. and a freshman guard named Bradford.

Bob Bradley, end from Rocky Mount, also outstanding.

Frank Meemie, Michael Kivoch and John Smith sparked the regulars in the scrimmage. Aubrey Heath, a freshman fullback from Elizabeth City, ran with the regulars. He was named by Johnson as a very promising player.

### Walters Out

Philadelphia, Sept. 22—(AP)—Bucky Walters, manager of the Cincinnati Reds, handed Bucky Walters, the pitcher, his release today.

Walters, who replaced Johnny Neun as boss of the Redlegs last month, said he was stepping out of the active playing ranks to make room for Steve Filpovic, ex-Fordham football star who is getting a tryout as a Cincinnati outfielder.

"It doesn't necessarily mean that I've quit as a player," Walters said. "Next season I may get in shape again and I'd like to remind you that I still have hopes of winning those two big games."

Bucky needs two more pitching decisions to join the select list of National League hurlers with 200 victories.

### Feller Back On Pitching Throne

Cleveland, Sept. 22—(AP)—Bob Feller was back on his throne today once again acclaimed as the king of pitchers.

The brilliant Cleveland right-hander, in the most important assignment of his career, showed the baseball world last night that he still had it. He proved to one and all among the third largest crowd in Cleveland history—76,772 wildly cheering rooters—that when the chips were down, he was still the Feller of old, the most feared moundsman of modern times.

For it was Feller who climaxed a tremendous Redskin surge that lifted the club from third to a first place tie in the space of two weeks. It was the former Van Meter, Ia., farm boy who began the drive with a 1-0 victory over the Chicago White Sox Sept. 6, and it was he who kept it going yesterday with a brilliant 5-2 three-hit triumph over the Boston Red Sox.

"It was good to win, especially this one," Feller said while changing into street clothes after the game. "I wanted to win this one more than any other game in my life. It was the big game—the one the club had to win."

"A heel one day and a hero the next," he added. Feller did not expound his remark but it was clear he was referring to the harsh treatment he'd been receiving from the fans this season because of sub-Feller standard performances. Bob also had been irked at what he felt were unjust accusations that he couldn't win the big games.

### Boston Invites Fans To Join In Big Celebration

Boston, Sept. 22—(AP)—Boston baseball fans have been given official permission—even invited—to "blow their top" when the Braves win the National League pennant.

No one in Beantown has any doubt the tribe can be headed now. Acting Mayor Thomas J. Hannon has scrapped all anti-noise ordinances for the day.

It's going to be legal to make as much noise as you want. The city is going to pitch in with its share. Hannon has directed fire sirens be sounded, police and fire boats to let go with whistles and every known municipal noise maker to "give."

"I ask every citizen to join in a public celebration," said the acting mayor in an official proclamation.

### Passing Ace Will Give Up Football

Chicago, Sept. 22—(AP)—Angelo Bertelli, Chicago Rockets' quarterback and passing ace of Notre Dame's 1942 and 1943 eleven, has decided to give up football.

Bertelli suffered a knee injury in an exhibition game before the start of the Rockets' 1947 All America conference season. A spokesman for the team said yesterday Bertelli had decided to quit football because the injury still hampered him in the first four games of this year's campaign.

### Exhibition Crowds

New York—(AP)—The nine pre-season exhibition games between All-America Conference football teams drew 208,114 fans, an average of 23,235 per game, which is a new record for the three-year-old pro circuit. Point totals were 443, or 49.2 per game.

### Gridiron Gossip

By "BOO BOO" BUTLER

Here is a word of warning to those who plan to motor to football games this weekend. This corner knows from personal experience that a lot of money is worth less than a little time. So drive carefully this weekend and see a lot of games this season.

Congratulations to Bill Kittrell who is coaching the Greenville Midgets football team. These boys will be the high school and college players of tomorrow and what they can learn under Kittrell now will be invaluable to them in the future. Here's a salute to Bill Kittrell and better football in the future.

C. O. McMullan and Abb Williams, both lettermen, have dropped from the ECTO football roster to devote their attention to their studies. Both boys will be greatly missed by the Pirates.

This corner is waiting with deep concern the outcome of Buck Wilson's knee he injured in yesterday's scrimmage. The loss, even temporarily, of Wilson will leave a hard slot to fill at center.

Holscher, Kovoich, Bob Oustrander and Pollitt played their usual good brand of ball during yesterday's practice. These Pirates probably will see a lot of action Saturday night at Hickory.

The New Bern high school coach would divulge little information concerning his Bears who play in the Greenville high school team in a Northeastern Conference game Friday. He did say that his squad is lighter than last year when it boasted

### Blomquist Given Grid Clearance

Raleigh, N. C., Sept. 22—(AP)—N. C. State College football fans are breathing easier about the status of one of the team's top ends—Geo. Blomquist.

The big Texas is eligible to play this year, and questioning of his eligibility was all a mistake. It was reported by Dr. H. A. Fisher, chairman of the college athletic council.

He said the question came up when Blomquist's name appeared on a list of ineligible athletes made up by Col. William Couper, Southern conference president. Blomquist's name now has been removed from the list, Dr. Fisher added.

The matter was straightened out last night. Dr. Fisher said a phone call to Southwestern in Texas, where Blomquist played in 1947, settled it. It developed that in 1948 Blomquist did not play until after Nov. 1, when he had entered the Navy's V-12 program.

### 'Blind' Date For California Team

Berkeley, Calif., Sept. 22—(AP)—Coach Lynn Waldorf termed Saturday's grid engagement with Navy a "blind date" as his California Bears boarded a plane today for the Baltimore game.

Thirty-eight players are making the first California football trip to the eastern seaboard since the Atlanta games in a series with Georgia Tech a decade ago.

Waldorf maintained the Navy game is a "blind date" because he hasn't any inside dope on the Middle.

The Washington Redskins' last blanketed the Philadelphia Eagles on Sept. 17, 1938.

# Indians' Pennant Outlook Brighter

### How Long It Stays That Way Depends Largely On Fifth Place Tigers; Indians Have Eight Games To Go, Six Against Detroit

By RALPH BODEN  
Associated Press Sports Writer  
Cleveland's pennant outlook is extremely bright today. How long it stays that way depends directly on the fifth place Detroit Tigers.

# Two Fights For Yankee Stadium

New York, Sept. 23—(AP)—The boxing war moves across the river tonight to the Yankee Stadium where a twentieth century sporting club doubleheader, starring champions Ike Williams and Ray (Sugar) Robinson, ends the outdoor season.

Buried in the billingsal spread over Marcel Cerdan's smashing upset victory, at Jersey City, this attractive outdoor show will be lucky to gross \$100,000. The crowd probably will not be over 15,000 as compared to 19,272 who paid \$254,309.20 for the Cerdan-Zale show which was promoted by the rival tournament of champions.

# Tickets On Sale For GHS Events

Season tickets for all the Greenville high school home athletic events for the '48-'49 school year will go on sale Monday, Principal O. K. Dowd announced today.

Standouts in yesterday's scrimmage were Guy Smith, who broke away for some lengthy gains while running from his tailback position, and Wayne Smiley, 106 pound blocking back, and Ronald Durfim, tackle, were outstanding on defense along with End Billy Best.

# Midgets Turn Out For Drills; Dates Not Fixed

By "BOO BOO" BUTLER  
The Midgets of Greenville high school, coached by Bill Kittrell and assistant Jim Brinson, staged their first scrimmage yesterday afternoon in preparation for a six-game schedule to be announced later.

# Generals Boast Triple Threat In Burly Halfback

Lexington, Va., Sept. 23—(AP)—Triple-threat backs are a rarity these days in the "T" formation, but folks around Washington and Lee university today nominated burly Brian Bell, 207-pound halfback, as the fellow to wear the title without apologies.

# Americans Hold Edge In Canadian Golf Tournament

Vancouver, B. C., Sept. 23—(AP)—Invaders from south of the border had a decided edge today as a field of 126 golfers moved out in the second round of their quest for the Canadian open championship and \$10,000 in prize money.

# Texan Team On Way To Carolina

Austin, Tex., Sept. 23—(AP)—A University of Texas football squad of 39 was headed today for Chapel Hill, N.C., where Saturday they play North Carolina a top inter-sectional game.

# Outdrew Yankees

New York—(AP)—The 22 games played between the Cleveland In-

dians and New York Yankees this season drew 899,216 fans, a new record for a season series. In Cleveland 446,401 saw the teams play 11 games whereas the same number of games attracted 442,809 in Yankee Stadium. The Yankees won the series, 12 games to 10.

## A.F. NORFLEET

Pitcher Herman Wehmeier of the Cincinnati Reds filled in at every position with the exception of shortstop and catcher while a member of the Columbia team in the Class A Sally League in 1946.

In front of the pack after yesterday's opening 18 holes—played on a wet, chill day—were Dick Metz of Virginia Beach, Va., young Bill Nary of Phoenix, Ariz., and Herman Keiser of Springfield, Mo.

Bell, winding up a great athletic career for the Generals this year, will be Coach Art (Pappy) Lewis' big gun in the big blue's opener here Saturday afternoon against Furman.

Six of Cleveland's eight contests are against the Tigers, three in Detroit and three in Cleveland.

Bob Feller, who has had his ups and downs during the season, was selected by Manager Lou Boudreau to pitch the "must" game against the Red Sox last night, and the big boy came through brilliantly.

Feller stopped the Red Sox on three hits and fanned six in winning his fifth straight game and 17th of the season. He held the Sox hitless until the sixth inning, when Birdie Tebbetts doubled and rode home with Boston's first run on losing pitcher Joe Dobson's single.

The Indians raked Dobson for three runs in the first inning to clinch the decision. The big blow was Ken Keltner's 26th home run of the season with one on.

The Yankees also got some great pitching as Lefty Tommy Byrne checked the tall-end White Sox on six safeties and fanned 11. Byrne blanked the White Sox until the ninth inning when two singles, a walk and double spoiled his bid for a shutout.

The pesky Tigers downed the Philadelphia Athletics, 8-1, as Lefty Hal Newhouser scattered seven hits in gaining his 19th victory and 180th of his career.

In the other American League game, the Washington Senators nosed out the St. Louis Browns, 5-4, when Cliff Fannin walked Sherry Robertson with the bases loaded in the tenth inning.

The St. Louis Cardinals and Stan Musial hogged the National League spotlight. The Cards prevented the Boston Braves from clinching their first pennant in 34 years by trouncing them, 8-2.

Jim Peebles, Washington Redskins' veteran end, still carries shrapnel to his leg and hip from his days as an infantryman in Europe.

### Waynick Claims N. C. For Truman

Washington, Sept. 23—(AP)—Admitting one of the liveliest campaigns the state has ever seen, Camp Waynick, North Carolina Democratic chairman, yesterday predicted President Truman will carry the Tar Heel state in November.

Waynick was here to map strategy with national party officials, including Senator J. Howard McGrath (D-MI), chairman, and Treasurer Joe Blythe of Charlotte.

He said the Democratic nominees for Congress will win too, although Republicans are fighting hard for some of their seats.

North Carolina's Democrats, Waynick told a reporter, are fighting for general election votes this year in the summer they usually fight only in the primaries.

One strong factor in the campaign plans, he said, will be the work of the State's Young Democrats. Young Democratic leaders will meet with him in Raleigh Friday night to plan their campaign to help elect the entire party ticket, he said.

Waynick said party leaders particularly want a heavy vote in the eastern part of the state where primary voting is customarily heavier than general election voting.

### Missionary Will Speak Tonight On Indian Work

Tonight at 7:30 o'clock at Memorial Baptist Church Rev. Stanley Smith, Baptist Home Mission Board missionary, will speak on the mission work with the Seminole Indians in Florida. This work has attracted much attention from visitors to Florida who have seen it, and his talk should be of interest to many.

The devotional tonight will be in charge of Dr. E. W. Holmes, pastor of the Farmville Baptist Church, and the Farmville church choir will bring special music.

On Wednesday night a large congregation heard Rev. E. Lowell Spivey, field secretary of the Baptist State Mission Board, speak on state missions. His address was illustrated with many pictures of the various mission projects which were shown on a screen.

The services will continue through Friday night, at which time Dr. Robert Lee Rumber will speak on world conditions and Dr. R. K. Redwine, director of the Baptist Seaside Assembly, will speak on the work there.

The people of Greenville are cordially invited to attend these services.

In 35 years, the Rockefeller Foundation has spent more than \$400,000,000 in virtually every country of the world.

The country has between 3,000 and 4,000 disc jockeys, whose incomes range from \$35 to \$3500 a week.

### Formula.

Belfast—(AP)—Want a life of married bliss? Tell your wife you love her—at least once a day and three times on Sundays and holidays. That's the advice of the Rev. Dr. J. M. McElrath, 55, of the Irish Presbyterian church, who has written an essay on "Love, Courtship and Marriage" to celebrate his diamond wedding. His best tip for wives: Take it easy on cosmetics—"Face powder may attract, but it takes holding powder to retain."

### Actress Regains Consciousness

Hollywood, Sept. 23—(AP)—Actress Rita Johnson has regained consciousness in St. Vincent's hospital after being in a coma for 16 days.

A special nurse said yesterday that Miss Johnson could recognize persons in the hospital room but still was unable to talk. The actress' condition was described as much improved.

Miss Johnson's physician, Dr. Leo Siegel, said nothing has been decided about the possibility of a second brain operation.

The actress was injured Sept. 6. Investigators believe a heavy hair drier fell on her head.

### Predicts Boom In Television Sets

Sun Valley, Idaho, Sept. 23—(AP)—Charles R. Denny, executive vice president of the National Broadcasting Company, predicts that 2,500,000 television sets will be in use in the nation by the end of 1948. He told the network's annual convention yesterday television would emerge as a regular dependable service to the public next year after the novelty aspects have worn off.

### A Real Relief For Stomach Distress, Acid Indigestion

Yes, this fact has been time-tested and proved by Doctors. Better days will be yours, too. So why wait when there is no need to continually swell up like a balloon and feel miserable after every meal. An appetizing portion of SSS Tonic before meals does wonders for the stomach. This famous medicine contains no soda or other alkalis, which usually retard digestion. Instead, SSS Tonic with its highly potent ingredients works to tone-up the stomach so it may release its own digestive juice (hydrochloric acid) to break-up food for body use and tissue repair.

SSS Tonic has helped hundreds of thousands of people, without any organic trouble or focal infection, to really feel better, more vigorous, better able to enjoy living.

Take none less than this effectively-proved medicine to relieve your misery. Take SSS to tone-up your stomach, what the appetite, build-up blood strength! Get SSS Tonic from any Drug Store today. Take Only The Best

### Alps Claim Forty Lives In Season

Bern, Switzerland—(AP)—The Swiss Alps have claimed approximately 40 lives during the current mountaineering season. The season begins in May and ends in mid-September, depending on weather conditions.

The victims ranged all the way from rank novices who plunged to their deaths when they were jured to a perilous spot by the sight of an Edelweiss, to hard-bitten mountaineers who were surprised by bad weather or hit by stones which came hurtling down the mountainside.

One of Switzerland's most experienced guides, Hans Schlunegger of Wengen, and two companions were caught by an avalanche on the Grosshorn and plunged to their deaths, 800 meters down the glacial slopes.

One of the strangest stories to come out of the Jungfrau area was that of a woman climber, who survived two nights in sub-freezing temperatures. Her two men companions froze to death after a blizzard surprised the trio and they were forced to bivouac for the night.

### Snoring Dog Is Blamed In Part For Separation

Cleveland, Sept. 23—(AP)—A dog that snored helped bring an elderly couple into divorce court.

Mrs. Bertha Lewis, 64, insisted on having the pet pooch sleep in their bedroom, and the dog's loud snores deprived him of his slumber. Watkins E. Lewis, 70-year-old shipping clerk told Common Pleas Judge Samuel Gilbert.

When Lewis complained to his wife, he told the judge, she moved to another bedroom.

Mrs. Lewis, who was granted her divorce petition yesterday, said Lewis treated her as a housekeeper and gave her an allowance of only \$10 a week to run the house.

In the Los Angeles area, there are public booths where anybody can get his blood pressure reading for 25 cents.

## Warrant Charges Theft Of Plane

Roanoke Rapids, N. C., Sept. 22—(P)—A warrant was sworn out today for Claude L. Barnes of Roanoke Rapids charged with larceny of an airplane, police chief T. J. Davis reported.

Davis said Barnes chased a Piper Cub training plane, which he allegedly stole from the Halifax County Airport last night, into a pine thicket about five miles southwest of here.

### Contest Prizes Captured By Club Using Teamwork

**AP Newsfeature**  
 San Diego, Calif.—If two heads are better than one, then 30 heads should make the prizes roll in.  
 That is the general idea behind the San Diego contest club. Its 30 members are multiple winners in radio and other contests. Their collection of prizes would fill a display room.  
 A few brought to a meeting by eight members give an idea. They, of course, had to leave the stoves, refrigerators, pianos and other larger items at home. And the automobiles outside.  
 Once a month the club members meet and exchange ideas and compare winnings. It helps them, they say, to keep up a winning average. One success in a hundred tries they consider very good.  
 Most of the members are women, who carry on their contesting between hours of household duties or office work. But a man, C. O. Harper, is the club's most steady winner.  
 Harper, employed in the city police department's identification bureau, has a prize radio in every room of his home. He and Mrs. Harper count on a prize about every week, even if it's only a theater ticket.  
 The club, which is a member of

the National Contesters Association, has other objectives than just winning.  
 Mrs. Leora Deacy, president, says one major purpose is to keep contesting on a high plane by guarding against "rackets or questionable practices."

### Woods Fire Out; Danger Stressed

**Rockingham, N.C., Sept. 23—(AP)**—A forest fire near Lylesville in Anson County was controlled today, but District Forester J. A. Pippin warned residents of surrounding counties that small fires might get out of hand.  
 Pippin said a fire crew had cut off the flames near Lylesville after about 125 acres of timberland had been ruined. Pippin issued a statement asking that all fires, no matter how small, be reported to foresters immediately. He added that woodlands now are so dry that blazes spread unusually rapidly.  
 It is estimated that more than half a million people die in the U.S. every year from causes brought on by high blood pressure.

### Sharp Decrease In Rainfall During The Year

**By CHESTER WALSH**  
 Rainfall in the Greenville area last year up to September 21 totaled 67.40 inches. This year the total rainfall to September 21 was only 39.46 inches, and field and garden crops showed the lack of water.  
 Rainfall this year was nearly 28 inches less than last year.  
 The average rainfall here over the years is about 60 inches.  
 Rainfall from September 1 to the 21st last year totaled 12.74 inches. So far this month this year, the precipitation was only 1.46 inches. The highest temperature recorded here this month was 96 degrees. It was lower last September.  
 The highest temperature here yesterday, a cloudy day, was 76 degrees. Lowest last night was 60 degrees.  
 At one time here during last June the mercury soared to 101 degrees.  
 Mrs. C. E. Madson, weather observer here for the U.S. Department of Commerce, said the first frost occurred in this area last year on October 2.

### Funeral Services For Mrs. Gilbert Friday Afternoon

Funeral services for Mrs. Georgia Gilbert, wife of J. J. Gilbert, will be conducted at the home of Mr. and Mrs. C. Heber Forbes, 811 Cotanche street, at 3 o'clock Friday afternoon by Rev. Robert W. Bradshaw, pastor of Jarvis Memorial Methodist Church. Burial will be in Greenville cemetery.  
 Members of Greenville Chapter No. 149, Order of Eastern Star, will be flower bearers.  
 Mrs. Gilbert died at St. Vincent's hospital in New York City early Wednesday morning following a heart attack two hours earlier.  
 Mrs. Gilbert, daughter of the late Lawrence and Laura Smith Anderson, was born and reared in Greenville. She was employed for several years at the Greenville postoffice. After her marriage to J. J. Gilbert on October 26, 1906, she lived in Panama for several years before returning to Greenville. She was a member of Jarvis Memorial Methodist Church and Order of Eastern Star.  
 Surviving are her husband; two sisters, Mrs. C. Heber Forbes of Greenville and Mrs. D. R. Morgan of Farmville; a brother, Louis C. Anderson of Greenville, and a nephew, Daniel R. Morgan, Jr., of Farmville.

### Mrs. Charles McLawhorn Dies

Mrs. Maggie Barnhill McLawhorn, widow of the late Charles McLawhorn of near Winterville, died at 12:30 today after some months of illness in Pitt General hospital.  
 Funeral arrangements are incomplete.  
 She is survived by two sons, R. H. and Dennis J. McLawhorn, of near Winterville; six daughters; Mrs. Leon W. Tucker and Mrs. Charles V. Wilkerson, both of Greenville; Mrs. Coy L. Forbes, of Stokes; Mrs. J. C. Whitehurst, of Ayden; Mrs. Obed Castelle and Mrs. C. D. Langston, of Winterville.

### Reshuffling Of Armed Services Is Recommended

Washington, Sept. 23 (AP)—A drastic reshuffling of the nation's armed services was recommended by nine members of Congress today by the Hoover Commission on reorganizing the Federal Government.  
 It was learned that the lawmakers proposed:  
 1. A tighter fusing of the army, Navy and Air Force than now exists under the year-old unification plan.  
 2. A cutback in the increasing costs of expanding and maintaining the armed services, which have been running at about \$15,000,000,000 a year.  
 The unannounced meeting of the Congressmen with the reorganization group headed by former President Herbert Hoover took place in the Senate armed service committee room.

### Is A War . . .

(Continued from Page One)  
 forts to overrun Western Europe. She has been daring, greedy and may be expected to continue to do so. However, the consensus of close observers is that Moscow doesn't want war now and has no intention of going far enough to precipitate it.  
 There is one qualification which must be made to the above. Russia's strategy is to spread Communism by strong-arm methods short of involving the Soviet Union in a major war. Should the Communists be successful in this program should they, for example, overrun the rest of the European continent and secure control of southeast Asia — then there is small doubt that there would be war between America and Russia.  
 However, I don't think we have to cross that bridge at this juncture.

### A Book . . .

(Continued from Page One)  
 By training children now in world understanding, they'll be better able to tackle the problems facing them when they grow up.  
 Right now, the book suggests, teachers should:  
 1. Do what they can in their community among adults, by contributing whatever knowledge and ability they have to help their fellow-citizens reach intelligent decisions on public problems.  
 2. Do as much as they can by instructing their students in international problems and responsibilities—to prepare them to be good citizens of this country and the world.  
 The book says:  
 "In the present state of affairs throughout the world, a state of affairs that is likely to prevail for some time, little is being done to convince educators that they must accept this responsibility now.  
 "The need for vigorous action could be no more immediate. It must be emphasized, however, that in spite of the urgent need for educational programs to meet the crisis, we cannot expect to revolutionize our thinking overnight.  
 "Established habits of thought die hard, national prejudices are usually quite deep-seated, and long-range goals are sometimes difficult to keep in view. Time will be required to develop our ideas, and time will be required to show results."

### Hog Market

Raleigh, Sept. 23—(AP)—(NCDA)—Hog prices steady to slightly weaker. Tops of \$29 at Rocky Mount, Tarboro and Wilson; \$28.75 at Kingston, Warsaw and Clinton; \$28.50 at Greenville, Goldsboro, Washington and Richmond.

### Poultry and Eggs

Raleigh, Sept. 23—(AP)—(NCDA)—Fryers and broilers steady at 34 to 35, mostly 34; eggs steady, A large 60.

### ELKS LODGE MEETS TONIGHT

Greenville Lodge No. 1645, Benevolent and Protective Order of Elks, will meet tonight at 8 o'clock. J. Alvin Bunting, exalted ruler, will preside.

In British show business, a singer or musician who performs well is known as a "nice noise."

### Tired Kidneys Often Bring Sleepless Nights

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty urination with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.  
 Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's gives happy relief and will help the 15 million of kidney tubes flush out poisons waste from your blood. Get Doan's Pills.

### Grain Market

Chicago, Sept. 23—(AP)—Rallies were not sustained in the grain pits at the board of trade today. Wheat advanced early on buying attributed to mills against sales of flour to the government. The deferred contracts showing resistance on the declines.  
 Corn eased, the December contract showing greatest weakness. Bookings for the day were placed at 102,000 bushels.  
 At the close wheat was 1/4 lower to 1 1/4 higher than yesterday's close. December \$2.25 1/4. Corn was 1/4 to 1 cent lower, December \$1.40 1/4. Oats were unchanged to 1/4 higher, December 73 1/4. Soybeans were 1/4 to 1 1/2 lower, November \$2.44 1/2 and rye was unchanged to 1 cent higher, December \$1.58.

### N.Y. Cotton

New York, Sept. 23—(AP)—Cotton futures opened unchanged to 25 cents a bale lower.  
 Noon prices were 15 cents a bale lower to 16 cents higher than the previous close. Oct. 31.37, Dec. 30.94, and March 30.74.  
 Futures closed 30 to 60 cents a bale lower than the previous close.
