

Rival Candidates Seek To Bolster Senate Struggle

Truman And Dewey Bid For Victory In Two Key Senatorial Elections

By the Associated Press
President Truman and Gov. Thomas E. Dewey headed their campaign caravans today into key senatorial battlefields in West Virginia and Wyoming.

The outcome of the November elections in these two states may determine which party will win Senate control now held by the Republicans.

Both presidential candidates outlined plans in major talks last night for making this country more productive for all.

Mr. Truman's was based on the election of a Democratic Congress to carry forward his domestic program; Dewey's on a foreign policy blueprint for avoiding another war.

"Give us a Democratic Congress," Mr. Truman told a Louisville audience, "and we will move forward for the benefit of all the people, toward better housing, better medical care, better education—all the things that mean a happier and more secure life for the average American family."

The President said the Republican Congress backed a "vicious" \$3,000,000 campaign by the National Association of Manufacturers to destroy price controls and that today's high prices are the result.

Mr. Truman said the NAM advertised that prices would adjust themselves. They did, he added—"up and up and up."

While the President was discussing the issue of high prices, Dewey was saying in his foreign policy address in Salt Lake City:

"Our greatest domestic issue" is the problem of world peace.

Speaking on the 10th anniversary of the Munich pact, the New York governor declared:

"However much we may desire peace, we cannot buy peace with appeasement."

He then served this notice on Russia: "We do not intend to be bullied or bluffed."

"The best way for us to get along with the Soviet leaders," Dewey said, "is to deal with them as strong equals and by so doing restore their respect for us."

Senator Taft To Speak In Wilson On Dixie Tour

Washington, Oct. 1—(AP)—Senator Robert A. Taft of Ohio will travel south this month for five major Republican campaign talks.

Plans for Taft's tour were announced today by Senator William E. Jenner of Indiana, director of the GOP Campaign Speakers Bureau.

Taft, who lost the presidential nomination contest to Gov. Thomas E. Dewey, will address a Republican rally here next Tuesday night.

His southern schedule: October 11, Nashville, Tenn.; October 13, St. Petersburg, Fla.; October 15, Winston, N.C.; October 16, Winchester, Va.; October 20, Dallas.

Award Medal To Hollywood Actor

Rome, Oct. 1—(P)—Defense Minister Rinaldo Ossola today awarded film actor Douglas Fairbanks, Jr., the Italian military cross for valor.

The award was made for action at Salerno, in September, 1943. Fairbanks was a lieutenant commander in the U. S. Navy, in charge of a patrol party which raided behind the German lines. A force of Italian naval speed boats was under his command.

Aged Aunt Of President Dies

Independence, Mo., Oct. 1—(AP)—President Truman's 99-year-old aunt, Mrs. Joseph T. Noland, died today.

Mrs. Noland, a favorite relative of the President, had been confined to her home since she fell in June 1946, wrenching her back.

Mr. Truman frequently visited his aunt during his trips here. She lived across the street from the President's Independence home.

Greek Rebel Guerrillas Said Gaining Strength

Athens, Oct. 1—(AP)—There are more Communist rebels in Greece today than there were when the civil war broke out two and a half years ago.

Despite recent successes of government troops against the guerrillas of Gen. Markos Vafiadis, the latest general staff estimate fixes rebel strength at more than 30,000.

This is a couple of thousand greater than before recent national victories in the Grammos and Vitsi areas.

Ring Taken From Dog's Stomach

Dr. B. F. Mood (left), veterinarian of Savannah, Ga., displays instrument used to recover a ring valued at \$1,000 from stomach of "Rascal," a frisky cocker spaniel. Miss Jean Hester (right) holds the recovered ring. Her mother, owner of dog and ring, decided there must be some connection between the dog and the disappearance of the ring. X-Ray proved there was. False Alarm

Chicago, Oct. 1—(P)—Two squads of police from Lawndale Station sped to 2330 South Avers Avenue last night to quiet a reported disturbance.

There was none. Instead, Mrs. Anne Haas, 31 was comforting her son, William, 17 months old.

She told police she was in the basement when she heard William screaming. Before he started he had pulled the receiver off the telephone hook. The startled telephone operator called police.

Require Help To House Delegates

Church Convention In November; 600 Delegates Expected

By WYATT BROWN
The "pinch" has arrived according to Rev. Robert W. Bradshaw, pastor of Jarvis Memorial Methodist Church, in reply to some people who said they could take guests or more guests "in a pinch" while Jarvis Memorial is entertaining the 1948 North Carolina Methodist annual conference. Finding homes for about six hundred delegates who must be entertained in Greenville from November 3rd to the 7th, is posing something of a problem for the conference housing committee in spite of the fact that all the other churches in town are cooperating.

More homes are needed. The time is growing short. Inevitably in a task the size of the one of getting so many delegates located in private homes, someone is going to fail to be called who is ready and willing to entertain some preachers for the four nights. Maybe some were out when called even two or three times, some were out of town, others the committee found the telephone busy several times, or for other good reasons have not been reached.

A call to the church office at Jarvis Memorial or to your own church committee or pastor would greatly help get every delegate a host. The situation is not desperate but there is a need for many more homes.

May Talk Import Curb On Spuds From Canada

Washington, Oct. 1—(P)—Rep. August H. Andersen (R-Minn.) said today Canadian and American officials plan to meet soon on the possibility of putting restrictions on imports of Canadian potatoes.

Andersen—chairman of the House food investigation committee—charged two weeks ago that the government was, in effect, supporting the price of Canadian potatoes in spite of a huge domestic surplus.

The Minnesota reported today that up to \$100,000,000 will be spent in price support of American potatoes this year. And, he said, any imports from Canada "cost us just that much more for the support program."

Heroic Tabby Who Survived Blitz Dies; Plaque Tells Story

London, Oct. 1—(P)—Faith, 12-year-old feline heroine of London's blitz, is dead.

The house cat at St. Paul's church in Watling Street, Faith shielded her litter in a corner through bombing and fire which destroyed the church except for a section of a tower since made into a chapel.

A plaque in the chapel records that on Sept. 9, 1940, "roofs and masonry exploded. Four floors fell through in front of Faith; fire, water and ruin were all around her. Yet she stayed calm and steadfast and waited for help."

Beneficial Rain

Rainfall here since September 1 up to 5 a.m. today was 4.1 inches, Mrs. C. E. Maiden, observer here for the U.S. Department of Commerce, reported today.

Lowest temperature last night was 69 degrees. At 5 a.m. today the official thermometer registered 76 degrees.

A singular feature of the recent rains is that the Tar River has been inclined to drop a few inches. It was pointed out that the rain has been slow and drizzling and has been absorbed in the ground, instead of washing into creeks and the river.

Incidentally, the first frost last year occurred on October 2.

Assures Berlin Airlift Will Fill Needs In Winter

U.S. Commandant Sees 'Cold Winter' Ahead, But Can Meet Requirements

Berlin, Oct. 1—(AP)—Berliners took heart today in a western allied promise that they will have adequate stocks of air-borne food and coal this winter.

Col. Frank L. Howley, U. S. commandant in Berlin, said the American-British airlift is defeating the Soviet blockade of the capital and that food and fuel supplies are being increased daily for the 2,000,000 residents of western Berlin.

Howley conceded that "I can see a cold winter ahead for Berlin," when he spoke at a news conference yesterday on the 100th day of the blockade.

He added, however, that "the airlift has been more than meeting Berlin's minimum requirements."

He explained that when the United States and Britain began shipping food and fuel into Berlin from the western zones June 26 there was food on hand for 34 days. Now there is food for 39 days. There is now a 48-day supply of flour, the most essential food item, on hand as compared to 26 days at the start.

And the planes have even gained some ground on the coal supply. An average of 2,300 metric tons of coal is being flown into Berlin every day, Howley said, while the planned consumption is only about 2,100 metric tons.

This, admittedly, will not keep Berlin's industries working at full capacity nor even maintain really comfortable warmth in its homes.

But one German official assured Howley that Berliners were willing to "endure the cold."

"The population knows it cannot and must not sell its freedom for a hot meal," said Gustav Klingenhof, head of the city's economic department.

The French-licensed German newspaper Der Kurier added that "the confidence of the people in the airlift is shown by the fact that up to now only three per cent of the blockaded Berliners have accepted the Russian offer to draw their food in the Soviet sector."

Last night a U. S. military government spokesman broadcast a strong added assurance that the airlift will not let Berliners down this winter.

Polio Epidemic Seen Subsiding

Raleigh, N.C., Oct. 1—(AP)—North Carolina's polio epidemic still is gradually subsiding.

The State Board of Health today received reports of eight new cases for a total of 55 so far this week as compared with 66 in the same period last week and 67 the week before.

The new cases brought the state's total for the year to 2,219.

Award GI Last Medal Of Honor

Washington, Oct. 1—(AP)—The army today named the last medal of honor winner of World War II—a non-com killed in battling the Germans.

Staff Sergeant John W. Minik, who led his platoon through an enemy minefield near Hurlingen, Germany, on November 21, 1944, and who personally killed more than a score of enemy soldiers before he fell dead, was the 292nd and last army or air force recipient of the medal of honor.

The Political Problem

Another Issue Behind The Crisis In Germany Is The Political Future Of That Country; Democracy Or Communism; Zonal Governments; Soviet Disagreement

By JAMES MARLOW

Washington, Oct. 1—(P)—One of the chief causes of the crisis at Berlin now—perhaps the main one—is the question of Germany's political future.

What kind of government shall the Germans have when the four war-time allies—United States, Russia, Britain, France—finally get out of Germany?

Will it be a Democratic government, one that would line up with the western powers against the spread of Communism? Or will it be one that would line up with Russia—one the German Communists could easily take over?

Finding the answer is part of the struggle for power in Europe between Russia and the western democracies.

Right now the Americans, British and French are setting up a German government in their part of Germany. The Russians don't like it, are taking no part, and are furious about it.

Stalin has asked the western powers to stop setting up this German government in their zones. So far they've refused. This situation is behind the tense relations between Russia and the west.

Hope For Pledge

Washington, Oct. 1—(P)—American delegates to the International Monetary Conference have been quietly sounding out the British on their obligations under the \$3,750,000,000 British loan.

Closed conferences have been taking place between sessions of the governing boards of the world bank and the International Monetary fund, diplomatic officials disclosed.

The Governors close their third annual meeting today.

The hub of the British-American talks is the requirement in the British loan agreement that England make the pound sterling freely convertible into dollars in foreign exchange. This requirement was waived temporarily last year with American consent.

There is no belief that England will be able to restore "convertibility" in the near future, but the United States, it is reported, would like to get a pledge from England that she will work toward the goal of convertibility as rapidly as possible.

Attacks Defense Pact Provision

Paris, Oct. 1—(AP)—Gen. Charles de Gaulle said today the five-nation defense pact for Western Europe solves no defense problems because it is centered in London.

"It is wrong to center in London the defense of Europe," De Gaulle said.

"What has been done thus far on this matter, including the Brussels pact and the recent military conference in Paris is not worth much," he said. "It is no solution at all."

The defense ministers of Britain, France, Belgium, the Netherlands and Luxembourg were reported yesterday to have chosen Field Marshal Viscount Montgomery as head of the combined military force of the Western European union.

In London, the Daily Express, published by Lord Beaverbrook, said today "an American general, a man of the caliber of Eisenhower" should have been chosen to head the military forces of the five-nation Western European union.

The Express called Montgomery's selection "a grave blunder" and in an editorial called on the United States to join the union "on terms so clear and so exact that confidence may prevail once more."

"Until this has been done," the editorial said "there can be no assurance of American cooperation in war, no safeguard against a radical outlook as new personalities emerge in Washington."

Prices Revised By Ford Company

Detroit, Oct. 1—(P)—The Ford Motor Company announced today a price decrease of \$15 on Ford club coupes and a \$15 increase in the price of tour sedans.

Vice President J. R. Davis said the adjustment in prices is effective immediately and applies to all of the standard and custom models. Prices of other models remain unchanged.

Insurance Rates Reduced Today

Raleigh, Oct. 1—(AP)—Overall reductions averaging 7.9 per cent in workmen's compensation insurance rates became effective today. Insurance Commissioner William P. Hodges announced today.

Hodges said that the new rates were ordered following the annual review of experience compiled by the North Carolina Compensation and Inspection Bureau.

Demo Rally For First District Planned Oct. 8

The First Congressional district Democratic rally will be held in Washington, Friday, October 8 at the John Small school, Congressman Herbert Bonner has announced.

Outstanding North Carolina Democrats who will be present include Hon. Capus Wayne, state chairman of the Democratic party, Governor-nominate Kerr Scott, Senator Clyde R. Hoey, Senator-nominate J. M. Broughton, and other state-wide as well as county and district candidates.

The program will last about a half hour, Bonner said, and wind up with a barbecue dinner about 7:30 or 8 o'clock.

"I am particular anxious for all good Democrats from the district to attend this meeting," Bonner remarked. "I am confident the occasion will offer an opportunity for the renewal of many friendships and that the messages brought by the speakers will be of great value to our party during the coming campaign."

Naval Units To Call At Piraeus

Athens, Oct. 1—(P)—Units of the U. S. Navy will visit Greece this month, the American Embassy announced today.

Vice-Adm. Forrest P. Sherman, Commander of the United States Sixth Task fleet, sent word a sizeable group of warships—including the Carrier Franklin D. Roosevelt—will call at Piraeus, port of Athens.

Under this kind of centralized government the Communists might be able to worm in, grab the reins, and take over the whole country.

The four allies have talked of the kind of government they want for Germany. They've come up with different ideas:

1. The Russians want a strong, highly centralized government. Such a government could put an iron grip on all Germany, controlling education and information. It could even set up a secret police.

Under the kind of centralized government the Communists might be able to worm in, grab the reins, and take over the whole country.

2. The western powers want a not-to-centralized government for Germany, with the 16 separate states, each with its own legislature, retaining strong powers. Each in that case would be its own boss over things like education and the

Proclamation

Whereas fire claim lives of our citizens each year; and

Whereas many deaths from fire are those of children and the fire causing these deaths could be prevented by eliminating fire hazards; and

Whereas destruction of either industry, business or homes is a vital loss to our city; and

Whereas most of the states and many of the municipalities of the nation have, during the past year, organized and established facilities for more effective fire protection and fire prevention;

Therefore, I, J. H. Boyd, Jr., Mayor of Greenville, do hereby designate the week beginning October 3, 1948, as Fire Prevention Week.

I direct all the municipal agencies of the city governments, and particularly the fire departments and schools, to assist in arousing the public to the seriousness of the fire problem. I earnestly request every citizen to do his part in eliminating all possible cause of fire in his home or in his business. I urge that the school children of this community be given appropriate instructions to inspect their own residence, and that the fire department assist them in this effort.

In witness whereof, I have hereunto set my hand and caused the seal of Greenville, N. C., to be affixed.

Done in the city of Greenville, N. C., this 30th day of September, in the year of our Lord nineteen hundred and forty-eight.

J. H. Boyd, Jr., Mayor.

Twelve Middle Eastern Powers Organizing Bloc

Paris, Oct. 1—(P)—A new bloc of 12 middle eastern nations, which might radically alter the voting line up in the United Nations, was reported in progress of formation today in the Palais de Chaillot.

Foreign Ministers and Chief delegates to U. N. of the nations concerned have scheduled a meeting for tomorrow. A well informed Greek source said a cohesive group will be established at that time.

All 12 nations have shown somewhat anti-Soviet sentiments, and they all stand in the shadow of the Russian Bear. Their more immediate tie is the current situation in Palestine, where members of the Arab league have sought to prevent establishment of a Jewish state.

The member countries occupy adjoining parts of three continents: Europe, Africa, and Asia. They are Greece, Turkey, Afghanistan, Egypt, Ethiopia, Iraq, Iran, Lebanon, Pakistan, Saudi Arabia, Syria, and Yemen.

British To Buy Greek Tobacco

Athens, Oct. 1—(AP)—British representatives have arrived here where they will attempt to purchase 5,000 metric tons of Greek tobacco.

Greek sources said the British are offering 13,000 drachmas per kilo (about \$1.30).

Greek tobacco producers needed 16,000 drachmas to make the sale profitable. Reliable sources said the government is considering a subsidy for the difference, with a tax on luxury imported goods.

Coastal Shipping Strike Threat Has Sudden End

New York, Oct. 1—(AP)—Leaders of some 12,000 Atlantic and Gulf coast ships' officers called off a threatened strike last night, several hours before the midnight deadline.

The announcement was made by Federal Mediator Bernard J. Forman. He said employers' representatives and the A.P. Masters, Mates and Pilots Association had reached agreement on wages and hiring procedure.

The agreement gives the union a six per cent across-the-board wage increase and provides for a compromise hiring clause, Forman said.

Union officials announced the agreement would be submitted to the union membership and that the voting would take about 30 days. During that time there will be no

Spy Hunter Says Need Of Secrecy Saving Suspects

Lawmaker Claims Trials Would Possibly Expose Guarded Atomic Secrets

Washington, Oct. 1—(P)—A top Congressional spy-hunter said today many persons suspected of espionage may never come to trial because of the danger of exposing secrets still closely kept.

Discussing this probability, Rep. McDowell (R-Pa.) acting chairman of the House un-American Activities committee, told reporters a "fundamental change" in American court processes may be necessary.

He said the "maddening" situation shapes up about like this:

1. A "hundred or more" of America's one-time secrets probably have been stolen and handed over to Russia, including information on the atom bomb, jet propulsion and radar.

2. But this country still has many secrets no potential enemy yet has been able to crack. McDowell thinks Russia hasn't got enough information to make an A-bomb.

3. Some spies are believed to be known, or else espionage evidence points strongly toward certain persons. The committee has recommended spy trials for four persons.

4. But to bring all potential spy cases into open court might—in the normal flow of evidence—force into the open many of the well-kept secrets.

McDowell gave an illustration of the situation he said the army found itself in during the war. The government then might easily have put its hands on suspected spies, but to have brought them into court might have required presentation of evidence that America was making atom bombs—a secret fiercely guarded by Germany and Japan.

"It then was the decision on the army, when it discovered it had disloyal people, to let them go free," McDowell said.

"The situation is sufficiently grave that it may be necessary to add to the American system of jurisprudence, such as the rules of evidence, to cope with the situation."

The Pennsylvania did not say specifically what changes he thinks may be necessary to deal with espionage cases. He said he wants to protect the fairness of American courts.

President Urges United Support Community Chest

Louisville, Ky., Oct. 1—(AP)—President Truman last night urged united action in support of the annual community chest campaign to meet a national goal of \$184,000,000.

He spoke over a nationwide hook-up of radio networks, asking the nation to support the campaign in a "practical demonstration of the Democratic faith we profess."

The president spoke for three minutes from his suite at the Seelbach hotel. His remarks were made at the end of a half-hour program officially opening the drive. He had just returned to his hotel after making a major campaign address in the Jefferson county armory.

Mr. Truman asked for voluntary action of a free people, united by sympathy and understanding. Funds raised by "more than a million voluntary workers" will be spent in 1,200 communities for more than 12,000 red feather services, he said.

Canterbury Club In New Activities As Fall Term Begins

Members of the Canterbury Club, organization for Episcopal students attending East Carolina College, have begun this fall a series of activities centering around Friendly Hall, clubhouse in the Parish House of St. Paul's church in Greenville.

Students belonging to the club have just completed painting Friendly Hall, a job performed by volunteer workers in their spare time. New members were entertained at a party last week and welcomed into the organization. The Women's Auxiliary of the church honored the Canterbury Club and Episcopalians on the East Carolina faculty last Thursday evening at an informal social hour. A program of social events and devotional services is scheduled weekly for students.

Alexander Livesay of Rocky Mount sophomore at the college, acting president of the Canterbury Club, is directing activities of the group this year. Working with him are Priscilla Hyman of Washington, N. C., secretary, and David Jones of Greenville, treasurer. Marjorie Gray Dunn of Williamston is director of student work for St. Paul's Episcopal Church.

THE DAILY REFLECTOR
October 1, 1903

October. Tenth month.

Another light shower last night. With October you can look for frost most any time.

The graded school and tobacco warehouses took a holiday today for the circus.

There's a call for contributions to the campaign fund and now is the time to subscribe.

The people of Pitt county are going to hear some good speaking between now and the election. Some of the best speakers in the state will be here.

Special music will be provided by a trio from the Kennedy Memorial Home, a Baptist orphanage near Kinston.

Miss Louise Calphin, chairman of the Isabelle Coleman Circle, is official hostess and reservations for the supper should be made through her, telephone 3058.

Mrs. Chaster Walsh, president, and Miss Grace Smith, secretary report that members from 20 circles from 17 churches in the Association will attend.

ON DEAN'S LIST

Lillian Wooten, of Greenville, student at Duke University, is among the 192 co-eds to be placed on the Dean's List for the Fall semester on the basis of their academic record in 1947-48.

Funeral Jake Tripp

Saturday Afternoon

Jake Tripp, 63, died Thursday afternoon in a Raleigh hospital after an illness of several months. Funeral services will be conducted Saturday at 3:30 p. m. at the Free Will Baptist Church by Rev. C. L. Patrick, pastor, assisted by Rev. Ralph R. Johnson, Holiness minister of Greenville. Burial will be in Greenwood Cemetery.

Mr. Tripp was born and reared in Pitt County. He was married in 1909 to Mary O'Neal of Ballard's Cross Roads. He moved to Bertie County in 1919, returning to Greenville in 1944. He was a member of the Greenville Free Will Baptist Church.

Surviving are his wife; one daughter, Margie O'Neal Tripp; two brothers, J. L. Tripp, Sr. and Jesse B. Tripp, both of Aulander; two sisters, Mrs. Winnie Leitchworth and Mrs. Penny Harris, both of Greenville; and one foster son, Roy Morgan, of Greenville.

Mrs. May E. Early

Died In Virginia

Mrs. May Edna Smith Early died suddenly at her home in Norfolk, Va., Thursday. She was well known in North Carolina and in Greenville. She was for several years conference president of the Woman's Society of Christian Service. She was a sister of Mrs. Robert E. Taylor, 309 Summit street, Greenville.

Mrs. Early was a native of Gates county, the daughter of the late Leroy L. Smith and Edna Norfleet Smith.

Funeral arrangements have not been announced.

Surviving are her husband,

FREE WILL BAPTIST PASTOR

Reverend Robert B. Crawford, formerly of Nashville, Tennessee, began his work with the Greenville Free Will Baptist Church October 1.

Reverend Crawford will preach at both morning and evening services Sunday, October 3. He will leave October 4 for Denver, Colorado, to do some special work assigned to him by the National Association of Free Will Baptists.

Mr. Crawford will return with his family before October 24th to live at the church parsonage, 303 Meade street. The church is located on the corner of Forbes and Eleventh streets.

Charles M. Earley, of Norfolk, Va.; one daughter, Edna Smith Earley, a student at the La Scala Opera in Milan, Italy; one son, Charles M. Earley, Jr., a medical student at Duke University; two sisters, Mrs. M. T. Plyler of Durham, N. C., and Mrs. Robert R. Taylor of Greenville.

Clubwomen Will Answer Russians

New York, Sept. 30 — (AP) — American clubwomen will take to the radio to tell Europeans that American women are not "alcoholics" and "Amazons," as Russian propaganda pictures them.

The announcement was made yesterday at the opening of the 1948-1949 presidents' council meeting of the New York City Federation of Women's Clubs.

The programs will begin in November, according to Mrs. Mark Dummell, radio chairman of the federation.

She said the group has obtained a 15-minute weekly spot on station WRUL.

The shortwave broadcasts over that station, formerly affiliated with the "Voice of America," will have no connection with the "Voice."

"The Russians are spreading slander abroad on American women," Mrs. Dummell said, "showing them as alcoholics, Amazons who rule their men with an iron hand, refuse to have children and, if they do have them, neglect them."

A thick glass filled with hot water is more likely to crack than a thin one.

Urges Students To Avoid Apathy

President John D. Messick of East Carolina Teachers College, speaking to the International Relations Club of the college at its first meeting for the school year last Tuesday evening, urged students to shun an apathetic and complacent attitude toward national and international affairs and to strive for a greater understanding of the forces at work in the world today.

Curtis Phipps of Huntington, W. Va., president of the organization, welcomed members and introduced Dr. Messick to a group of approximately 75 students and faculty members.

Phipps announced affiliation with the Collegiate Council of the United Nations, an organization to promote a study of world affairs, and explained that work of the Collegiate Council would be carried on here by a committee of the East Carolina IRO. Plans to sponsor, with the cooperation of the campus Y. M. C. A., a speaker from the Jewish Chatauqua Society were discussed, and it was agreed to arrange a date during the fall quarter.

Dr. Messick emphasized in his talk an appreciation of other peoples and of their contributions to American culture. He told members of the group that they should study leading ideologies of the present day, especially Communism, endeavor to evaluate them, and combat those in conflict with the democratic way of life.

Club Now Presenting Children's Stories

A radio program of stories for children entitled "Once Upon a Time" was begun this week by members of the Teachers' Playhouse, dramatic club at East Carolina Teachers College and will be broadcast over the facilities of WGTC of Greenville throughout the school year.

The radio series is part of the activities of the Teachers Playhouse, in sponsoring and producing wholesome and entertaining drama for children, a project which has been included in the program of work for the past several years. The stories included will be classics for young people adapted for radio by the college players.

Three-Day Food Handlers School In Greenville Scheduled For Oct. 3-6

A three-day food handlers' school will be conducted in Greenville October 4 through 6 at the Army, sponsored by the Restaurant Operators of Pitt County in cooperation with the Pitt County Health Department and the North Carolina Restaurant Association.

The three-day school will consist of morning and afternoon sessions each day to discuss and point out to restaurant operators and employees the most sanitary and efficient methods of handling food in public eating places. The morning sessions will begin at 9:15 and the afternoon sessions at 3:15.

A program of movies, discussion

groups and talks by sanitary experts have been planned for the school. Outstanding speakers at the school sessions will be M. M. Melvin, executive vice president of the North Carolina Restaurant Association, Dr. Christine Wilton of the science department of E. C. T. C., Walter C. Lackey, district sanitary inspector of the State Board of Health, Sprite Barbee, Jr., senior sanitarian of Edgecombe county and Charles V. Morgan, sanitarian of Pitt county.

Eating establishments of the county which have 100 per cent attendance at the school will be awarded placards to be displayed in their places of business.

Charles Morgan, county sanitarian, said today more than 100 restaurant operators and employees are expected to attend the school.

Cuban President Pardons 'Satira'

Havana, Cuba, Oct. 1—(AP)—Patricia (Satira) Schmidt, exotic dancer who shot and killed her married lover on a yacht in Havana harbor, was pardoned last night by President Grau San Martin.

Patricia, 23, of Toledo, O., who used "Satira" as a professional name, admitted she shot John Lester Mee of Chicago after a violent battle aboard his yacht April 8, 1947.

She pleaded self-defense, saying he beat her and threatened to kill her during an argument which started when she discovered he was married.

Medical examiners said her body had been bruised and scratched, apparently with a wire. The examination disclosed bruises on the chest, back and right thigh.

Satira has been serving a 15-year sentence. She has been in prison since April 13, 1947, the day the 33-year-old Mee died. Mee, an attorney and wartime PT boat commander in the Pacific, had been shot in the neck with a .32 caliber bullet.

The pardon still must be signed by the prime minister and the minister of justice and the decree must be published in the official Gazette before the sultry dancer is released, but these formalities are expected to be completed today.

Testing Service To Offer Exams

Two tests administered by the Educational Testing Service of New York will be given at East Carolina Teachers College this fall under the supervision of Dr. Hazel Taylor, director of the newly established testing center at the college here. Registration two weeks in advance is required for each.

For students who wish to enter medical schools in this country, the Medical College Admission Test will be given; and for those who wish to do graduate work in colleges and universities, the Graduate Record Examination will be given. The tests are prepared and administered by

Penicillin Dust Found Helpful In Treating Colds

Chicago, Oct. 1—(F)—Penicillin dust, inhaled directly into the nose, throat and lungs, has cured symptoms of the common cold in one to three days, three physicians reported today.

Their study, published in the Journal of the American Medical Association, showed:

That of a group of 166 common cold patients treated, 42 per cent were considered cured and 38 per cent showed marked improvement.

"These phenomena cannot be fully explained on the basis of the known properties of penicillin and need further investigation," the doctors said, adding:

"In many instances the penicillin dust seemed to exert a vasoconstrictor (shrinking) action of the mucous membrane of the nose and throat.

"Patients stated that they could breathe more freely through the nose and the stuffiness and congestion of the acute rhinitis (inflammation of the mucous membrane of the nose) often improved immediately after treatment."

"Also, on occasion, the pain of an acutely sore throat was ameliorated in one-half hour to one hour after treatment."

Pending further study, the researchers are assuming that the penicillin dust attacks not the virus that causes the cold, but the bacteria that prolongs it.

Most adults cannot remember things that happened before they were four or five.

Fish apparently obtain about all the water they need through their skins and the food they eat.

Production of steel ingots in the United States in 1947 totalled 84.7 million tons, about five million under the wartime peak.

Strength FOR THE DAY

OVERCOME EVIL WITH GOOD
More than a hundred years ago
Thomas Chalmers, the eloquent
Scottish preacher, delivered a ser-
mon on the topic, "The Expulsive
Power of a New Affection." His
theme was that the way to displace
from the human heart its love for
the world is by exchanging an old
affection for a new one. He held
that it is fruitless to try to drive
an unworthy desire out of the heart
unless one does so by substituting
a new and better desire in place of
the old one. The way to clear the
heart of evil desires is to crowd
them out by a multitude of good
desires. If the heart is set on some-
thing evil, do not make the mis-
take, warned Chalmers, of trying
to drive out that evil by force of
will power alone. Instead, open up
the heart and let the power of new
and better desires surge in, and the
evil things will be swept away.

"The expulsive power of a new
affection." This is something for
everyone to ponder who is wrestling
with some powerful temptation.

Boston.—It was night along
Scollay Square, the Bowery of Bos-
ton.

A small drab man played "My
Wild Irish Rose" on a wheezy ac-
cordion, played the tune without ef-
fort or interest, and it was a sad
thing for an Irishman to hear him.
The frowny cap on the box beside
him held more pennies than quarters.

Only a few passersby moved along
the brightly lit street that is the
poor man's Coney Island of the
nation's Codfish capital. The shoot-
ing gallery, the passport photo shop,
the cheap jewelry stores—all were
empty. Only the bars had customers.

For peace has brought hard times
to Scollay Square, where famous
Beacon street winds down from the
heights of wealth to the depth of
poverty and tawdry glitter.

The people who live at the top of
the hill read the Atlantic monthly.
Those at the bottom read the racing
papers, or study the unhappy patterns
of their past, present and future in
the brown stains left in a cheap ale
glass.

Scollay Square misses the thou-
sands of sailors who crowded it in
wartime, the free-spending seamen
who thronged here during shore
liberty to admire one of puritanical
Boston's more popular cultural
movements—the busy bumps and
grinds of Sally Keith, an anatomical
artist.

Miss Keith, the leading red hot
mama of the Athens of America, is
still loyally keeping her four tas-
sels swinging simultaneously—three
fore and one APT—But her stud-
ence has dwindled.

"Right now it's as quiet as a mil-
lpond here," said a patrolling police-
man. "We don't have hardly any
trouble."

The peacetime depression has been

evil out of the human heart, aver-
red the great Chalmers, is to over-
whelm it with good.

This psychology should appeal to
the modern mind. It is character-
ized by a robust common sense.

Solution of Yesterday's Puzzle

Around Capitol Square

By LYNN NIEBET

MORGANTON.—Democratic
leaders in the tenth congressional
district, like those encountered ear-
lier in the twelfth district, were
highly pleased at the attendance
and zest manifested at the rally
held in Burke county court house.
Here as at Asheville Monday, Gov-
ernor-Nominate Kerr Scott got more
applause than any other speaker.

In both instances it was taken as
evidence that the Democrats present
have forgotten differences which
developed during the primary. Both
meetings were held in communities
which gave Charles M. Johnson pre-
ponderant majorities in June, but
apparently every voting Democrat
in the two districts is strong for
Kerr Scott in November. Next most
vigorous applause was accorded Sen-
ator Clyde Hoey's unequivocal ex-
pression of President Truman and
every candidate on the Democratic
ticket.

PROBLEM.—One wise old wheel-
horse of Democratic battles since
beginning of this century comment-
ed that the problem is not with folks
who attend these rallies. It is with
the rank and file back home. He
recalled that there was as much en-
thusiasm for Al Smith at 1928 ral-
lies as he had seen at the 1948 meet-
ings for Truman. The November
vote didn't bear out the indications
of the October rallies. Political pro-
nouncements are always hazardous,
but interviews with numerous peo-
ple from all the counties between
Tennessee and a line drawn roughly
from Charlotte to the Carolina-Ten-
nessee-Virginia corner failed to dis-
cover much Dixiecrat or States
Right strength, and rather negli-
gent evidence of Wallace support. The
anti-Truman votes in this general

area will mostly be cast for Dewey
and Warren. Majority of those in-
terviewed think there will be less
deflection from the Democratic
ticket by normal Democrats than
was expected a short while ago. But
that doesn't solve the problem. For
the first time in twenty years every
eligible Republican is expected to
vote on November 2. The danger
confronting Democrats is not so
much reflection among their own
ranks as it is the practical certainty
that there are nearly as many—
some folks fear there are more—
Republicans in these counties. Since
1932 they have recognized futility
of voting; they don't think it will
be futile in 1948.

WOMEN.—Mrs. D. A. McCormick,
State Democratic vice chairman,
has been pleased with interest shown
by the women. Attendance at her
conferences held just ahead of the
regular rallies has not been satis-
factory. But the few women who
have attended promise to keep the
home fires burning until election
day. The special job assigned to wo-
men and young Democratic clubs is
to see that every eligible voter is
registered and that he or she gets to
the polls on November 2. The young
Democrats reported at Morganton
that every county in the tenth dis-
trict except Mitchell has been or-
ganized and a local club will be
formed there within the next two
weeks.

AMMUNITION.—Republicans are
picking up some of the things said
by candidates in the Democratic
primary about their opponents. They
are making liberal use of Scott's at-
tack upon the policy of leaving "idle

state money" in banks without in-
terest. Instead of directing their fire
on this point at the state treasurer,
the Republicans are scattering it all
over the field. In some instances
Scott is being charged with part of
the responsibility for alleged poor
business judgment because he was
a member of the Council of State.
In other instances attempt is made
to place responsibility on members
of the general assembly who are
running for re-election. Loomis
Kluttz, Republican candidate for the
house of representatives in Catawba
county, is distributing copies of a
Zebulon Record editorial and layout
which was widely used in the Scott
campaign. And charging that his
Democratic opponent, Harry Van-
derlinde, as a member of the 1947
house is culpable because of failure
to sponsor legislation to correct the
alleged bad practice. Since the Re-
publicans had no primary contests
of importance, the Democrats do
not have that source of ammunition
for the big fight. But the Democrats
are not on the defensive. They are
as vigorous in promoting the virtues
of their program as the Republicans
are attacking it, and to date no
Democratic speaker has adopted an
apologetic attitude.

Jaycees Sponsor College Football Game October 15

By CHESTER WALSH
 A feature of last night's Junior Chamber of Commerce supper meeting was the planning for sponsoring the football game here on October 15 between East Carolina Teachers College and Western Carolina Teachers College at Guy Smith Stadium. Committees were appointed for sale of tickets, advertising and transportation and a "pop" parade preceding the game at Guy Smith Stadium. The transportation committee is "calling all vehicles" to help transport ECTC students to the gridiron contest. There are 1,400 students at the college and only 20 per cent of them have transportation means. It was stated. Dr. N. M. Jorgenson, athletic director at the college, is cooperating with the Jaycees.

Wagner-Marshburn Announces Change In Firm Ownership

By CHESTER WALSH
 The Wagner-Marshburn Motor Co., Inc., is announcing in today's paper that J. Edmund Waldrop has purchased the interest of Col. Owen Marshburn and Mrs. Marshburn in the Wagner-Marshburn Motor Company and that he has assumed an active part in the management of the business. Members of the firm now are Ty Wagner, president, Mrs. R. F. Wagner, vice president, and J. Edmund Waldrop, secretary-treasurer. The company, for the present, will continue to operate under the same name, President Ty Wagner stated. The company was established here during this year as Lincoln and Mercury automobile dealers, in a modern plant on Dickinson Avenue, near the intersection of the Farmville-Winterville highways.

Ed Waldrop graduated from the University of North Carolina in 1935. During that summer he worked for the White Chevrolet Company. In the fall he was employed by Greenville Spinners, Inc., as secretary-treasurer. He joined Battery A, 113th Field Artillery, N. C. National Guard, as a private and when that outfit was inducted into U. S. Army in 1940 and sent to Fort Jackson, Waldrop was first lieutenant. He was in service five years. He was stationed in England for some time and later went into Germany. He received an honorable discharge from the army in August, 1945, and resumed his position with Greenville Spinners, Inc. He is a member of the Board of Aldermen and active in religious, educational and civic affairs.

Junior Ladies Auxiliary held their last meeting at the home of Mrs. Lillian Muriel, Cherry street, at 8 p. m. last Sunday. A large number was in attendance. After the business was transacted a splendid repast was served by Mrs. Muriel of which everyone enjoyed. Our next meeting will be held Sunday, October 3, at the home of Mrs. Mamie P. Hall, McKinley avenue. Every member is urged to attend. Special business of importance.

The Matrons Social Club met at the home of Mrs. Mary Peyton, Bonners avenue, Wednesday evening at 8 p. m. Despite the inclement weather quite a number of the members were present and responded to the roll call with quotations. At the close of the business session, we were feted with a lovely dinner of barbecued chicken, hot rolls and a dainty fruit salad, potato

pie topped with ice cream, to the delight of all present.

Detroit Once Again Stands In Way Of Indians' Triumph

Today's Game First Of Three-Game Series; Two Second Place Clubs Idle; Eight Years Ago Tigers Halted Cleveland

By RALPH BODEN Associated Press Sports Writer

The Detroit Tigers once again stand in the way of Cleveland's bid for its first American League pennant since 1920.

The Indians can assure themselves of at least a tie by beating the Bengals today. It's the first game of Cleveland's three-game series with Detroit.

The front-running Tribe leads Boston and New York by a game and a half. The Cleveland triumphs or one victory plus one defeat for the Yankees and Red Sox will enable the Indians to clinch the pennant.

The only way the Yanks or Red Sox can beat the Indians out is for one of them to win the two remaining games while the Indians lose all of their three. Idle today, the two second place clubs clash in Boston tomorrow in the opener of a two games out throat series.

In order for the race to end in a three way tie Boston and New York would have to divide their two games while Cleveland drops all of its three. Eight years ago the Tigers not only blocked a Cleveland flag drive, but went on to grab the pennant themselves.

This time the Tribe expects to reverse the tables. For the opener today Bob Lemon (20-13) will face the Tigers with Virgil Trucks (13-13) on the hill for the Bengals. Tribe manager Lou Boudreau plans to follow up with Gene Bearden and Bob Feller. Tiger manager Steve O'Neill will counter with Fred Hutchinson and Hal Newhouse.

The Yanks beat the Philadelphia Athletics, 9-7, and the Red Sox knocked off the Washington Senators, 7-3, yesterday to keep their faint flag hopes alive. The Indians had the day off.

Nifty relief pitching on the part of Vic Raschi saved the day for the Yanks. The star Yankee righthander entered the game in the ninth inning with Elmer Valo at bat with a 3-1 count, the bases loaded and one out.

Gridiron Gossip

By "BOO BOO" BUTLER

The Guilford Quakers went through their final hard drills yesterday for their Saturday night encounter with Hampden-Sydney. Offensive, defensive and field-blocking was stressed during the afternoon.

Frank Mock put his Grainger High School Red Devils through stiff workouts this week in preparation for their Northeastern Conference encounter with the Yellow Jackets of Elizabeth City. It will be the third loop game in a row for the Red Devils. Mock's charges have overpowered Roanoke Rapids and Tarboro in their first two games, while the Yellow Jackets have tied their only conference game with Edenton, 7-7.

Today's Games Northeastern Conference

Greenville over Tarboro in Greenville.

The Phantoms will break into the winning colors and Tarboro will still be looking for a victory. Greenville by two touchdowns.

Kinston over Elizabeth City at Elizabeth City.

The Kinston Red Devils wield far too much power for the Yellow Jackets.

Washington over New Bern at Washington.

This should be an easy home victory for the Washington Pam Pack.

Roanoke Rapids and Edenton both have open dates.

North State Conference Games

*Quilford over Hampden Sydney.

*A.C. over Newport News.

*Appalachian over Elon.

*High Point over Catawba.

*Lenoir-Rhyne over Newberry.

*ECFC—open date.

*Non-conference games.

Dr. N. M. Jorgenson announced today that the ECTC-WCTC game will be played on Friday night, October 15, instead of October 16. This game is homecoming and is being sponsored by the local Jaycees.

The Pirates received a day off yesterday because of inclement weather and the gym being occupied.

However, Jim Johnson and Coach Boone called a quarterback skill practice to try to iron out several weaknesses.

In answer to a card received by this column, Bob Cohen, who was very popular with the fans (baseball), has decided to settle down in Greenville and run his Auto Finance Business, located at 921 Dickinson Ave. Bob says, "When you are up my way drop in, and let's talk baseball."

Manager Kelly Koe enlisted in the Army, but his shoes will be filled by Pappy Williams, a very capable replacement. Smoother Brooks has gone to his home in Pa. Billy Woods has returned to school at Carolina.

The Washington Redskins led the National Football League in scoring in 1940—the year they lost to the Chicago Bears in the playoff game, 73-0.

Hack Wilson, with the Chicago Cubs in 1930, drove in a record 130 runs. Lou Gehrig's 184 for the 1931 Yankees still tops the American League in runs batted in.

Yankees Still In Running, Thanks To Young Hurler

Philadelphia, Oct. 1.—(AP)—The New York Yankees still had pennant hopes today thanks to a sparkling clutch performance by their strong armed righthander—Vic Raschi.

Raschi, belted from the box in recent starts, walked out of the bullpen yesterday to turn back a ninth inning Philadelphia Athletics victory bid that would have spelled chaos for New York.

Manager Bucky Harris is hoping that Raschi's clutch effort portends better things for his Yankees as they meet Boston—tomorrow and Sunday—in a series that has a double meaning. Not only is the American League pennant itself hanging in the balance but so is second place.

Boston and New York are deadlocked for second, a game and a half behind front running Cleveland, idle yesterday but a target for the "spoiling" Detroit Tigers today.

Actually neither the Yankees nor the Red Sox can decide this pennant by their own efforts. They need a little help from Lou Boudreau's Cleveland tribe. True, the Bombers and Sox must win to retain any chance whatsoever, but the Indians hold the trump card. They need win only two of their remaining three games and it's all over but the celebrating.

And as Harris put it yesterday, "With Bob Feller in form and Bob Lemon ready to work, all we can do is win and hope."

Court King... Pap

On the eve of the national tennis championship at Forest Hills and following the drab triumph of the United States team in their defense of the Davis Cup against the Australians, the tennis fathers were hoping for a colorful singles champion who might lift the court game from the doldrums which threatened it. There was a crying need for new faces—exciting new faces.

The prayers were answered when Richard (Pancho) Gonzales, a 20-year-old from Los Angeles crashed through to take the singles crown by defeating Eric Sturges of South Africa, in the final. Perhaps the sudden and unexpected triumph of Gonzales sort of took their breath away, and suddenly the tennis fathers began wondering if they didn't have a bit more on their hands than they had bargained for. They were ready to admit that young Gonzales had unlimited potentialities on the tennis courts. He has color and he can play tennis. But his background! Pancho showed great promise as a schoolboy tennis player but he quit high school because he figured it was a waste of time when his mind was only on furthering his tennis education. Because of his hasty action, his entry in Southern California tournaments was unwelcome. So Gonzales promptly joined the Navy. He's only 20 today, and a brilliant future be-ones—as an amateur and a professional. Winning the national singles crown was a big step in the right direction.

Any person or group of persons desiring to make a bid for this franchise are asked to contact John Adams, H. L. Andrews or Smug Respass before October 20, or if they desire may mail their bid to John Adams, Box 204, Greenville, N. C.

Will Hold Inquest Over Dead Boxer

Chicago, Oct. 1.—(AP)—A coroner's jury was summoned today for a special inquest into the ring death of Kid Dinamita, 22-year-old Santo Domingo welterweight boxer. He died yesterday after a 9th round technical knockout at the hands of Bob McQuillar in Chicago Stadium.

Dinamita, whose real name was Felix Gomez, was the second boxer to die as the result of a Chicago bout this year. His death was the sixth ring fatality in the United States in 1948. Sam Baroudi, Akron, O., lightweight, died of a cerebral hemorrhage following a knockout by Ezzard Charles, Cincinnati, 175-pound title challenger, last Feb. 20 in the stadium.

McQuillar, 25, of Port Huron, Mich., was held without charge by police pending outcome of the inquest. Assistant State's Attorney Daniel Ryan said, after preliminary investigation, he believed Gomez's death was accidental.

Play Tonight

If the weather permits, the favored Greenville Phantoms will meet Tarboro tonight in Guy Smith stadium at 8 o'clock. Both teams will be seeking their first conference win.

Tonight's game will find Coach Boley Farley's squad in the best physical condition it has been in since the opening of the season.

Vol Supporters Not Optimistic

Knoxville, Tenn., Oct. 1.—(AP)—Followers of the Tennessee Volunteers are hoping that this Saturday's meeting with the Duke Blue Devils will not be a repeat performance of the Vol-Mississippi State game last week. Tennessee's showing last Saturday was one of the worst in Neyland's reign at the Knoxville institution, thus the Vol supporters are anything but optimistic about this Saturday's clash.

Many things have been blamed for Saturday's poor showing. The blocking and tackling, which has always been a Tennessee trademark, was terrible; the team seemed dead with very little hustle; their timing was bad and the plays were not executed properly.

FIRST DISAPPOINTMENT

Eppeps High School gridders, slated to open their football season last night against Dillard high of Goldsboro, met their first disappointment of the season when the game called off due to inclement weather.

Old Rivals, Tennessee And Duke, Tangle Again

Durham, N. C., Oct. 1.—(AP)—Duke and Tennessee, both former football giants, cross paths here tomorrow. Time was when the Blue Devils and Vols ranked among the best in the nation. But the going has been rough in recent years for these erstwhile Dixie powerhouses. Better things appear in view for both, however, gradual may be their return to the old glory.

The latest renewal of this classic series again matches two of the game's greatest names—Coaches Wallace Wade of Duke and Bob Neyland of Tennessee—two of the staunchest holdouts against the increasingly popular T formation.

Old rivals since Wade sent his great Alabama teams against Tennessee before coming to Duke, they have produced a series of thrilling encounters.

Eleven previous games have seen

Hogan Shares In Three-Way Tie

Portland, Ore., Oct. 1.—(AP)—Always there or thereabouts, Ben Hogan occupied a familiar role at the top today as he teed off in the second round of the 72-hole Portland Open Golf Tournament.

The little man from Hershey, Pa., odds on favorite to win, shared a three-way tie with Fred Haas Jr. of New Orleans, and Gene Webb of Springfield, Mo.

Girl Saves Life Of Child Sinking In Old Tar Pool

Los Angeles, Oct. 1.—(AP)—Ruth Vivian Oriani, 17, saved the life of a two-year-old boy buried to his eyes in the clinging ooze of an old tar pool yesterday.

Ruth, looking for little Larry Stansbury at his mother's request, found him in the muck. She threw down two planks, crawled out 10 feet and pulled his head above the tar. With her fingers she carefully dug tar out of his mouth and nostrils.

She pulled and tugged, got him onto the planks, finally broke to solid ground. Quickly she applied artificial respiration.

About that time the firemen arrived with a respirator.

They hustled rescued and rescuer to the hospital.

Chapter 9

A half-story rudder of tin pro-
claimed in blue and white: J. A.
GILBERT REALTOR.

"That's it," announced the girl.
Walter James wheeled the car in a
U turn and pulled it up in front of
the office. A flagged walk ran past
the corner building to the back of
the lot where another white stucco
building huddled ineffectively behind
two skeletal palms. "My home," said
Laura Gilbert flatly.

Walter James snapped off the
lights. "What's that big job across
the street?"

"Hoover High. I used to go there.
The college is about five miles on
out." She wiggled her fingers east
toward the Laguna mountains and
El Centro and Yuma.

"Studying to be anything?"

"No. What is there to be?"

"You're bitter—even for three A
M."

"I mean it," the girl said, looking
straight ahead. "I want to be some-
thing but I don't know what."

"It's not uncommon," he agreed.
"How about getting married?"

"Most of the girls are looking high
and low for husbands. I've never
seen a husband I wanted. Bob,"
she said, and stopped short to re-
gard him curiously. "You know your
business, don't you?"

Walter James laughed. "Really, I
didn't mean it as business. I'm in-
terested."

"Why? Never mind. Bob New-
comb is editor of 'The Astor'—
that's the college paper—and I work
on 'The Astor' quite a bit. He's a
real guy."

School Budget Provides Increased Teacher Pay

Raleigh, N. C., Oct. 1.—(AP)—A proposed school budget for the 1949-51 biennium providing sizeable increases in teachers' salaries, officials said, was adopted by the State Board of Education yesterday. Details of the proposed budget will not be made public until the board makes its formal request to the advisory budget commission here on Nov. 12. Final action on the budget will be taken by the 1949 legislature.

Controller Paul Reid said that the proposed budget calls for "substantial increases" over appropriations for this biennium. The state is spending a total of \$64,687,295 this year to operate the schools.

The board, informed sources said, included in its proposed budget a request for an appropriation to aid counties in building public schools. It made a similar request two years ago but was turned down by the

General Assembly. On teachers' salaries, the North Carolina Education Association is seeking a salary scale ranging from a minimum of \$2,400 to \$3,800 a year for A-certificated teachers, and Governor nominee Kerr Scott has announced that he favors the NCEA request if State finances permit. It was not known whether the proposed budget provides for the NCEA scale.

The Political . . .

(Continued from Page One)

This would be somewhat similar to the government of the United States. German Communists might find it harder to set up power in 16 separate states than in a highly centralized government.

When the western powers and Russia couldn't agree on a government for Germany—this was months ago—the west started to set up the kind they wanted in their three zones.

They let the Germans there elect representatives to a constituent assembly. The assembly's job is to draw up a constitution and work out details for a German government in the three zones.

Then, if the three western powers approve, they'll let the Germans in those zones elect a regular government. But it will be under control of the three western powers until they quit Germany.

When will that be? No one knows. Maybe not for years. They'd hardly leave while the Russians stay in their zone. If the Russians set up a German government in their zone, Germany will then have two governments and, probably, crisis upon crisis.

Reds Knock Out Airlift Center

Peiping, Oct. 1.—(AP)—The vital Chihnsien airlift today was knocked out by Red gunfire, pro-government reports said.

Chihnsien, South Anchor of the airlift for Mukden, is the second most important government stronghold in Manchuria.

The airlift, some four miles from the modern part of the old-time Manchurian city, had been used a short time earlier to land government reinforcements from Mukden.

The developing battle for all of southeastern Manchuria seemed moving toward a climax. Red infantry, under cover of artillery, broke into the southeast corner of Suichung on the Peiping-Mukden railroad 40 miles inside Manchuria. Bitter fighting raged.

Government warships began shelling Communist troops near Hochiatun on the Manchurian coast 45 miles south of Chihnsien.

Observers here were skeptical of a government report that Communist troops had been cleared in the area between Suichung province's capital of Kwailui and Tsinling 60 miles to the east.

These same reports also told of the arrival of 30,000 troops at Paotow, 90 miles west of Kwailui. They quoted the Paotow Commander as saying he no longer considered the situation there as dangerous.

Hog Prices Hit Skids; Dropped From Peak Level

Raleigh, N. C., Oct. 1.—(AP)—Hog prices have slumped sharply during the past week, John A. Winfield, market newsmen for the State Department of Agriculture, reported today.

Winfield said that since last Friday, top hogs at North Carolina hog buying stations have dropped from levels of \$28.75 to \$29 per hundred pounds down to \$22.75 to \$25.50 per hundred today—a drop of from \$22.25 to \$25.50 per hundred.

The drop, Winfield said, resulted from three factors: consumer resistance to meat prices, prospects of cheaper corn for hog feed, and slight increases in the number of hogs marketed.

Levels of last Friday, Winfield said, were at or near their all-time peaks, and the prices reported today were the lowest since last June.

Says Airplanes Can Help Video

Los Angeles, Oct. 1.—(AP)—Coast-to-coast television? Do it with airplanes, says engineer C. E. Nobles.

He told the Institute of Radio Engineers here yesterday that eight planes flying 400 miles apart at 25,000 feet could bring television programs to 78 per cent of the nation.

His proposed network would have planes flying over Los Angeles, Salt Lake City, Leadville, Colo., in western Nebraska, Kansas City, Chicago, Pittsburgh and New York.

Bedinger Quits As College Head

Red Springs, N. C., Oct. 1.—(AP)—Dr. Henry G. Bedinger has resigned as president of Flora MacDonald College here to become pastor of the Pineville Presbyterian Church.

The resignation, disclosed yesterday, becomes effective at an unannounced date this month.

Dr. Bedinger has been head of the woman's school for the past 18 years.

First Day In School Is Last For Weeks

Winston-Salem, N. C., Oct. 1.—(AP)—It was only the second day of school, but Jane Grace Grubbs, 6, was absent today from the first grade.

Jane had completed her first day in school yesterday and was on her way home. She darted from behind a parked car into the path of one that was approaching. She couldn't go to school today because she has a broken leg.

Southbound Yachts Arriving On Coast

Morehead City, N. C.—An increasing number of southbound pleasure craft are arriving here and mooring at the facilities of Morehead City Yacht Basin to remain until after the "hurricane season" before continuing on to Florida and the West Indies. Morehead City has long been the "hurricane insurance port" for southbound pleasure craft.

Object Lesson

San Francisco, Oct. 1.—(AP)—So you want to know how to deal with the Russians? Here's how Jimmy Allen, 13, a newboy, did it—for \$1.25 cash.

Jimmy, no believer in lend lease, rapped on the door of the house which Soviet Consul General Konstantin Efremov closed here last night to return to Russia.

"I want my money," the boy informed an aide who poked his head out of the front door. The door slammed.

Jimmy withdrew to a prepared position—the sidewalk where he could watch front and side doors.

San Francisco, Oct. 1.—(AP)—So you want to know how to deal with the Russians? Here's how Jimmy Allen, 13, a newboy, did it—for \$1.25 cash.

Jimmy, no believer in lend lease, rapped on the door of the house which Soviet Consul General Konstantin Efremov closed here last night to return to Russia.

"I want my money," the boy informed an aide who poked his head out of the front door. The door slammed.

Jimmy withdrew to a prepared position—the sidewalk where he could watch front and side doors.

An hour passed and then Efremov, his wife and four associates came out of the 30-room consulate and made for two cars. Jimmy advanced.

"I want my money for the newspapers," he said.

Efremov stopped short and regarded Jimmy.

"How much?"

"One buck, two bits."

The Consul General motioned to an aide. The man pulled out his wallet. Jimmy got his money.

Royall Says Army Has Best Health

Washington, Oct. 1.—(AP)—Secretary Kenneth C. Royall claims it sure is a healthy army he has, with sickness and death rates at the lowest peacetime level.

Royall commented in a statement today that "this fact is remarkable in view of the world-wide deployment of troops, with thousands of U. S. soldiers stationed in areas where existing disease hazards are great."

He said many factors contributed to the excellent record:

"For instance, the incidence of venereal disease has been reduced to about one-half of what it was in 1946. Common respiratory diseases, such as colds and sore throats, are at their lowest level of prevalence. Likewise other diseases have been less prevalent—namely insect-borne diseases and the syphilis."

The improved health level, he said, is due largely to "preventive medicine" (methods and treatments, such as vaccines, to prevent contraction of disease) developed in the military medical program.

Royall used the occasion to say again that the army needs 3,900 more medical officers between now and next June.

Georgia Readies Ballot Measure

Atlanta, Oct. 1.—(AP)—The Georgia House of Representatives prepared today to pass, and send to the Governor, a bill opening the General election ballot to all Presidential candidates except Communists.

Gov. M. E. Thompson said he would sign the measure if it reaches him in about the same form it passed the Senate.

The Governor declined to comment on the Senate's refusal to include, as he had asked, two provisions binding Presidential electors to vote for their party nominees.

Want Low Cost Heat?

Cut Fuel Costs up to 25% with a **DUO-THERM** Royal Heater with Power-Air Blower

Why track coal and ashes through the house when you can heat without work or dirt, as you cut fuel oil costs up to 25%? Here's how the Duo-Therm Royal Heater does it:

1. Power-Air Blower keeps more warm air in circulation—saves up to a full gallon of fuel oil out of every 4 you buy! Only Duo-Therm has Power-Air.

2. Duo-Therm's Exclusive Burner mixes air and fuel oil in just the right amounts for clean performance. You get more heat from every drop of oil. No moving parts—it's utterly silent!

3. A Special Waste Stopper is built right into every Duo-Therm. This fuel saving device helps transfer more heat into your home.

4. Finger tip control dial assures you workless, dirtless heat. You just twist the dial and get heat to order. A real money saver in changeable climates.

In addition to the Royal model (shown above) we have a fine line of furniture style cabinet models, made exclusively by Duo-Therm. Drop in. Select the Duo-Therm that will do the best job for you.
