

Zacharias Views War 'Improbable'

Former Intelligence Officer Optimistic For Peace Outlook; Emphasizes Essentials For American Leadership; Tribute To Marshall

Admiral Ellis M. Zacharias speaking before the Pitt County Executives club here last night expressed optimism over the outlook for world peace and declared that he belonged to that group which does not believe that war is imminent or inevitable.

Following a delightful dinner Dr. Messick introduced club officials and their wives and expressed appreciation for the work of various committees in arranging for the first meeting of the club.

In his address and the question and answer period that followed Admiral Zacharias emphasized three essentials on the part of America. If it is to fulfill its mission of world leadership, he stressed the need of a strong enough military force to assure our ability to ward off any aggressor; a central intelligence department in order that all vital information might be adequately evaluated; and greater use of the Voice of America to let the world know the truth and realize that America's aims and objects are nothing that they have to fear.

He pictured the American plan as embodying three distinct objectives for the people of all nations, namely: "the dignity of the individual, freedom of enterprise and personal responsibility. The accomplishments of these objectives," he said, "will bring about and maintain world peace."

Despite the present difficulty in Berlin, the speaker said he believed the matter could be settled amicably and that a future meeting of the Big Four Foreign Ministers

form's drive against the European Recovery Plan. At isolated pits small numbers were returning to the mines, un-molested by strikers. In some Lorraine coal mines there was a slight increase in workers on the job, but in the main Artois-Flanders basin the strike remained almost total.

In Paris, taxis reappeared after a week-long drivers' strike. In eastern France 40,000 iron miners and metal workers returned after a three-week stoppage.

The nationwide coal strike remained the biggest problem. The 11-day walkout of 335,000 miners has cost France almost 1,500,000 tons of coal.

No fighting was reported between idle miners and police, but neither were negotiations underway to end the tieup. Informed labor observers said the Communists, failing to pull off a general rail strike, now were concentrating on keeping the coal strike going. Government officials said the costly stoppage was aiding the Com-

Suspect With No Fingerprints Is Arrested Again

Charlotte, N.C., Oct. 14—(AP)—The man with no fingerprints was arrested again. He is Robert James Pitts, 34, who seven years ago had skin from his body grafted to his fingertips in an effort to remove his prints. The FBI at that time identified him through ridges on his lower finger joints after his arrest in Texas for North Carolina authorities.

Ask Israel Give Report On Probe Count's Murder

Britain, China Also Ask Report On 'Other Factors Affecting The Crime'

Paris, Oct. 14—(AP)—Britain and China demanded in the Security Council today that Israel report quickly on what progress has been made in her investigation of the assassination of Count Folke Bernadotte.

The two powers asked in a draft resolution that Israel also indicate "the measures taken with regard to negligence on the part of officials or other factors affecting the crime."

John J. MacDonald, U. S. Consul and chairman of the three power Consular Truce Commission in Jerusalem, reported to the council that Jewish military governor Bernard Joseph led "a deliberate Jewish campaign to discredit the truce commission and the action mediator," Dr. Ralph Bunche of the United States.

Bunche himself charged before the council that Jewish authorities took insufficient measures to protect Bernadotte. "It unquestionably was a well-planned, carefully timed assassination aimed directly at the life of the mediator," Bunche told the council.

He said Israel authorities have given him no official report on the progress of the investigation of the murder. Bernadotte was killed in Jerusalem Sept. 17 by a group from the Jewish Stern gang. Britain and France were reported ready to submit a resolution calling for tougher U. N. action against Jews and Arab breaking the truce.

Dutch Governor Quits In Protest

Batavia, Java, Oct. 14—(AP)—Dutch officials announced today the resignation of Hubertus J. Van Mook as governor general of Indonesia, effective Nov. 1.

Reliable sources here said Van Mook had resigned chiefly because he had been bypassed and not informed of Dutch government actions in regard to Indonesia during the past two weeks.

Standardized Delinquent Tax Suits Number 28

London, Oct. 14—(AP)—The Daily Express said today the British cabinet has approved refitting every British fighting ship to standardized power plants with those of the United States Navy.

The purpose, the Express said, is to enable the Royal Navy to use American "radar and secret devices" which will not operate on the 50-cycle frequency generating machinery of British ships. U. S. Navy generators work at 60 cycles.

Continued High Tobacco Prices

Market on the Greenville tobacco market are continuing higher than in 26 years and offerings each day continue fairly heavy. Because of the acreage cut of 27 per cent in the 1948 tobacco crop, local tobacco officials are expecting the Greenville market to close early in November.

Prices on the fair and common grades of tobacco are reported by many people closely connected with the market to be at a higher level than ever before in the history of the market, although the top grades are not selling as high as in 1919 when the best tobacco was bringing \$1 to \$1.25 per pound.

Boycott Movies By Ben Hecht

London, Oct. 14—(AP)—British film exhibitors have decided to boycott the work of Ben Hecht, American writer-producer, because of what they term his anti-British attitude on the Palestine question. The Cinema Exhibitors Association, representing nearly 5,000 movie houses, adopted a resolution yesterday asking film distributors to "withdraw from circulation in Britain any films with which Hecht was associated."

Germany's Industries

Destruction Of German War Potential Planned By Allies As Step To Prevent War; Developments; German Industries Needed; How Problem Met Is Important

Back in the late war—the second world conflict started by Germany in a generation—the allies swore a mighty oath they would so thoroughly smash the Reich that never again would it be able to wage aggression. Naturally destruction of the German war potential involved the wiping out of all arsenals and factories capable of material contribution to armaments. Many of these factories were destroyed by bombing, and those which survived were slated by allied agreement to be dismantled and removed as reparations.

Contempt Ruling Confronts ITU In Federal Court

Judge Says Union Did Not Abide By Injunction In Seeking Contracts

Indianapolis, Oct. 14—(AP)—Federal Judge Luther M. Swygert today ruled that the International Typographical Union is in contempt of court because it has insisted on a closed shop in its contracts with newspapers.

The judge, who issued an injunction against the printers union last March 27, did not penalize the union, but ordered it to prove within 10 days that it is abiding by his injunction based on the Taft-Hartley Labor Relations Act.

The union had insisted it was negotiating with newspapers in good faith, but Judge Swygert ruled it had "deliberately attempted since the issuance of the injunction to continue 'closed shop conditions in the newspaper industry.'"

Prisoners Flee Camp; Hunt Is On

State Prison Camp officials, Sheriff's and police officers were continuing their search over Eastern Carolina today for two prisoners who escaped from the State Prison Camp, near Greenville, last night.

Capt. Paul Crawford, prison Superintendent, said the escapes are Virgil Wilson, 24-year-old white convict, sent up from Pitt County to serve 25-30 years for murder in connection with the pistol slaying of a Negro in the Hudson's Crossroads community, about two years ago.

Harvey Stephens, 40, sent up from Durham to serve seven years for assault with a deadly weapon with intent to kill, accompanied Wilson on his jaunt to liberty.

President Says Dewey Lacking In 'Foresight'

Describes Opponent As A 'Risk At A Time Of World Crisis'; Invites All Liberals To Join Democratic Front

Abroad Truman Campaign Train, Oct. 14—President Truman cut a political war path through Minnesota and Wisconsin today, terming his opponent a man lacking "foresight" and a "risk at a time of world crisis."

He took off the gloves last night at St. Paul with a description of Gov. Thomas E. Dewey as a maker of "mealy mouthed political speeches" and a user of empty "catch phrases" like "unity" and "efficiency."

And, in a speech sprinkled with new deal phrases, he declared that the Republicans had changed Joseph H. Ball from a fighter "on the people's side" to one of the "champions of reaction."

Mr. Truman will climax a heavy day of speechmaking today with a major address at 9:40 p. m. (EST) in the ball park at Milwaukee.

His schedule started with a rear platform talk at Mankato and similar off-the-cuff addresses at Rochester and Winona, before moving into Sparta, Wis. for a speech.

At Madison, the Wisconsin capital, the President leaves his train for a drive to the Bruce Stevens Stadium

Security Council Takes Up Berlin Crisis Again Tomorrow; Mediation Hopes Vanish; 'Little Six' Abandon Conciliation Efforts

Paris, Oct. 14—(AP)—Western power delegates met today on the Berlin crisis and authoritative sources said they were framing a joint demand for Security Council action to lift the Soviet blockade.

The council takes up the Berlin issue again tomorrow. Hope vanished for mediation outside the council with Russia's reported rejection of conciliation efforts by the so-called neutral states.

American, British and French delegates studied the Kremlin's answer to the neutral states' mediation efforts. The content of the Soviet note still was not made public, but Western sources said it set back the Berlin dispute to where it was six weeks ago.

The six "neutrals" of the council abandoned their efforts to mediate. Argentine Foreign Minister Juan A. B. Fraga, acting chairman of the council for the Berlin discussions, called the council meeting after receiving a Russian reply to the neutrals on what terms would be acceptable to Moscow.

The Russian answer was not made public. Authoritative sources said it rejected mediation, insisted the Berlin issue was outside the authority of the Security Council, and asked that negotiations revert to the Aug. 30 four-power Moscow agreement. Under this the Russians would raise the blockade, and the Western powers would withdraw their currency from Berlin, leaving only Soviet zone currency under four-power supervision.

Western power spokesmen did not comment on whether the Russian's recent retreat from additional Soviet demands made at the Berlin level of the negotiations, on which the talks broke down. The Russians in Berlin demanded the right to control air traffic to Berlin as part of the currency control.

An informed source said the Russian reply put the situation back where it was when the mediation efforts began. The neutrals—Argentina, Canada, Belgium, Colombia, Syria and China—reportedly, they had proposed lifting of the blockade simultaneously with the calling of a four-power foreign ministers council meeting on Germany.

The United States, Britain and France, holding the blockade as a menace to world peace and within the province of the Security Council, have contended that it must be lifted before a foreign ministers meeting can be convened.

Hoey Predicts N.C. For Truman

Shelby, N.C., Oct. 14—(AP)—Senator Clyde Hoey predicted today that "President Truman will get North Carolina's electoral vote, it can now be said with definite assurance." Hoey has just completed a campaign swing which carried him over most of the state.

The senior North Carolina senator said he had speaking engagements every day until the Nov. 3 election.

Meat Forecasts Over-Optimistic

Washington, Oct. 14—(AP)—Government forecasts of a boost in meat supplies—and lower prices—by late 1949 may be over-optimistic.

Made chiefly by the Agriculture Department, these predictions have been based largely on the fact that, in the present, the relationship between feed prices and livestock prices is very favorable for producing meat animals.

This year's record grain crop has pulled down costs of feed, while livestock prices have remained relatively high.

But reports from the corn belt, where the bulk of the nation's meat supply comes from, indicate that farmers are not jumping in to expand livestock production as much as the department had expected.

These reports say many farmers fear that prices may drop sharply by the time new meat animals can be produced, fattened and marketed.

This view was expressed by Carl C. Malone, Iowa State College economist, before an Agriculture Department farm outlook conference here this week. He was supported by several economists from other western corn belt states.

Farm Improved In Demonstration

Charlotte, N.C., Oct. 14—(AP)—A half million dollars' worth of machinery was put to work on a 120-acre Mecklenburg County farm today in a dawn-to-dusk demonstration of soil conservation.

The farm, owned by George and Murray Kelly, is expected to be created \$20,000 in value during the day. Erosion will be checked, topsoil prepared, the land fertilized and seeded, a well will be dug and a fish pond will be built.

French Strikes Appear Ebbing Except In Coal

Paris, Oct. 14—(AP)—The French Communist strike offensive appeared to be ebbing today, but the costly coal mine tieup continued.

Rail traffic was reported almost normal. Throughout the nation rail workers were going back to their jobs after a week of sporadic walkouts.

In Paris, taxis reappeared after a week-long drivers' strike. In eastern France 40,000 iron miners and metal workers returned after a three-week stoppage.

The nationwide coal strike remained the biggest problem. The 11-day walkout of 335,000 miners has cost France almost 1,500,000 tons of coal.

This lecture is non-political, non-religious, but presents positive proof from present day facts and the Holy Bible to show the real cause of present-day world problems, why God has allowed these delinquent conditions to exist, and how their end is very near at hand. These talks are free to the public and everyone is welcome to attend.

## City Teachers To Hold Meeting Here Tonight

Teachers in the Greenville City schools will meet tonight at 5 o'clock in the Training School cafeteria for the second general meeting for the school year. The first meeting was held on September 3 before the opening of school.

At that meeting plans were projected through a committee for the professional work of the staff for the year. The general theme of study for the year is "How to do a better job teaching reading and spelling in the Greenville City schools and how to overcome reading and spelling difficulties among pupils."

The steering committee for the Professional work during the year is made up of Miss Frances Wahl, Chairman, Miss Agnes Fulmore, Miss Laura Foley, and Mrs. Orren E. Dowd. At the meeting tonight Miss Wahl will preside. The speakers are Miss Dora E. Coats, Miss Annie C. Newell, Dr. Carl Adams and Dr. Allen Hurlburt. There will be discussions on the demonstrations in the use of the telebinocular, ophthalmograph, and audiometer. Subsequent meetings will be held in November, January, February, March and April.

The teachers in the Greenville City Schools realize that one of the problems of modern education is the teaching of reading and spelling, and for years the teachers of the Greenville City schools have worked on these problems individually. This program of Professional Study is intended to give the entire group the benefit of the thinking of each one as well as bringing to the entire group points of view of experts in this field.

### 'Merit Raise' . . .

(Continued from page one) the Supreme Court refused to review—or consider changing—the Circuit Court's ruling.

So the ULRB ruling stands now for all employers covered by the Federal Labor law. To repeat: An employer must bargain on merit raises with the union representing his employees, if the union wants to.

But at this point other questions arise. This is a roundup of questions and answers, with the answers given by the NLRB.

1. Can an employer now continue to grant merit increases to his employees if he doesn't have anything about that in his union contract?

A. Yes. Unless an employer has a contract covering merit raises or unless the union wants to bargain about them, he can continue to grant merit increases.

(This is important to remember since some employers may think, because of the NLRB ruling in the case above, that they no longer can grant merit increases under any circumstances.)

Q. But what of a case where an employer bargains with a union over merit raises and the bargaining breaks down? Can he then, with the bargaining suspended, go ahead and grant merit increases?

A. Yes, provided he doesn't do it to try to smash the union by winning workers away from it. Of course, if he did grant merit raises

after bargaining broke down, the union might complain to the NLRB that he was doing it to break the union.

Q. Suppose a union represents only a majority of the employees in a plant, say only 51 out of 100. Can an employer give the non-union workers merit raises?

A. Yes, just as he's free to give his union workers raises—provided he has no union contract covering merit raises. But once he signs such a contract, anything in the contract that applies to his union workers applies to his non-union workers, too. Why?

Because when a union represents only a majority of workers in a plant, its bargaining covers all the employees, union and non-union alike.

ALCOHOLICS UNANIMOUS—OR ALMOST SO

We spend nine billion dollars a year in this country for liquor. This is three times as much as we spend for education. One of our prominent magazines is authorized for the statement that 4,000,000 people are continuously out of commission because of too much drinking. Two million of these are alcoholics practically disabled, persons unfit for any kind of useful employment. Another 2,000,000 are inebriates, not quite so badly off as the alcoholics but seriously impaired, and many of them suffer from psychiatric and mental disorders.

Two-thirds of the adult population drink, and one-third are total abstainers. Seventeen per cent drink at least three times a week and 48 per cent only occasionally. Three-fourths of the men drink and about 55 per cent of the women.

This is a bad picture, and it gets worse every year. Financially, it looks in the direction of a serious diversion of funds from creative channels. Physically, it looks toward ill health. Mentally, it points in the direction of an increase in the already alarming number of neurotics. Spiritually, it represents the disintegration of the essential values for which religion stands.

The nation is not unanimously alcoholic in its taste but it is fast getting that way.

**Around Capitol Square**

**SERIOUS**—Opinion of several of the actors in the Democratic "tea circus" is that the third district rally at New Bern was attended by more serious folks than any of the preceding eight district meetings. Congressman Graham Barden presented the audience to the state candidates as perhaps not the biggest crowd, but "certainly the best quality you have found in the state." The serious-mindedness was evident among the larger than usual group of women as well as among the men.

**NEW FACES**—Long time attendants at political meetings in the third district commented upon the absence of many men long active in party affairs, and presence of new faces in the crowd. This fact lent support to claims that North Carolina is in midst of some kind of political change, facing a new day. It had been noted at other district meetings that while majority of the people supported Kerr Scott for governor in the late primaries, most of the previously recognized political leaders did not. The experienced leaders are now staying somewhat in the background, lending encouragement and full support to the Democratic ticket and to the new group, but they are not so obviously active around the public political meetings.

**PLEDGE**—Senator-nominate J. M. Broughton cited some of the "firsts" of this congressional district. He said in fisheries, both commercial and sports, the district led all parts of the United States; in potential port development it had amazing possibilities; and in agriculture, particularly with respect to potatoes and trucking crops, it was outstanding. He argued that in each of these phases federal and state co-operation was necessary to prosperity, and appealed for support of the entire Democratic program. Co-operation rather than opposition or conflict between state and national governments offers the only hope for continuation of the farm price support policy, adequate regulation of fish and game, and utilization of shipping facilities, he said, and pledged his efforts to continue the program when he gets to the senate.

**TRIBUTE**—Broughton paid high tribute to the long faithful and efficient service rendered by Capt. John Nelson in developing commercial fisheries, and the captain got a big hand when he was asked to stand up. Broughton also took occasion to commend the statesmanship and fine sportsmanship of Senator William B. Umstead, whom he defeated for the senatorial nomination last May, but who was present at this and most of the previous rallies to speak eloquently for the ticket.

**BIG**—One man in the New Bern audience said the attitude of Broughton and Umstead justified the faith the people had in them during the primary campaign, when it was often said either man would make a dithier man

**Low Man On The Totem Poles**

REG-MANNING

McNaught Syndicate, Inc., N.Y.C.

senator, while joining in commendation of Senator Umstead, this man suggested that it often requires more strength to win gracefully than to lose gracefully, and he thought Broughton entitled to equal commendation on the ground of bigness.

**SETTING**—In the Craven county courthouse, as at other meeting places, the Democrats gathered under portraits of men long distinguished for statesmanship and public service. On the walls were oil paintings of Senator F. M. Simmons, Thomas Warren and two wards; and numerous marble tablets honoring the Richard Dobbs Spaight, elder and younger; Bryans, Shepards, Guions and others whose names were potent in earlier history of North Carolina.

**RECORDED**—Proceedings of the general meeting were not broadcast, but after adjournment the party leaders and candidates were hurried into a small room to make recordings of short statements for later use on radio. This gave what someone has called "the small fry" a chance to be heard. Time does not permit speeches by candidates other than for senate and governor but the recording carried short talks by each of the candidates present.

**WASHINGTON LETTER**

Washington—A campaign to arouse citizens to learn more about the United Nations and how they can help to strengthen it has been launched by the League of Women Voters of the United States through its 630 local groups. In announcing the release of a new publication, "The Citizen and the United Nations," Miss Anna Lord Strauss, president of the national organization, says the women of this country believe the job the UN is performing "has to be done."

The League—a non-partisan organization established in 1920 to encourage citizen participation in our government—has been a kind of "booklet" acknowledging that to most citizens the UN seems far removed from every day happenings. Yet, it adds, the reasons for having a United Nations are not so very different from the familiar reasons for having local, state and national governments here at home.

It says for instance that if you were asked "Why does your town have a government?" you would reply that people in your community have certain needs—fire protection, "in going on to explain why you have a state government you would turn to the services which it performs. When it comes to the coining of money, interstate commerce or the mails, you look beyond state boundaries and your needs are met by the government of your nation.

Saying that many of our problems today extend beyond national frontiers, the booklet says "we have reached the point where regulation between nations is necessary." To the person who says "There is nothing I can do to help the United Nations," the booklet replies:

1. Elect a President, two senators and a congressman committed to strong United States support of the UN.
2. Make known to the President, the secretary of state and the heads of other departments your approval or disapproval of United States policies which affect the UN.
3. Urge the executive and legislative branches of the government to act in both domestic and foreign policies in the spirit of the UN charter, and in fulfillment of our obligations as a member of the UN.
4. Urge your congressman and senators to support particular bills, including appropriation, which are necessary to the successful operation of the UN.
5. Work in your community to spread understanding of the UN, its problems and its needs.

**Govm't Figures To See Tamasha**

Wilson, Oct. 14.—The State Government will move from Raleigh to Wilson for most of the day on October 21 during the Tobacco Tamasha here, it was announced today by the sponsoring Wilson Junior Chamber of Commerce.

Though it was not certain that Governor Cherry could be here on that date, most of the members of his Council of State have indicated that they will be on the scene especially at the barbecue at "Spit-head" Lodge being given to visiting celebrities that noon.

In addition to the Council of State a number of figures on the national scene have been invited, including United States Senate-nominee J.M. Broughton, United States Senators Clyde Hoey and W. B. Umstead and Congressman John H. Kerr of this district.

Those invited from the Council of State in Raleigh include Lieutenant-Governor L. Y. Ballentine; Harry McMullan, Attorney-General; State Treasurer, Charles M. Johnson; Commissioner of Agriculture, D. L. Coltrane; Secretary of State, Thad Bure and State Auditor Henry Bridgers.

Life Magazine will be on hand during the barbecue to record the doings of the North Carolina celebrities for Life Goes to a Party.

**Senior Class Of Ayden High Name New Officers**

The senior class of Ayden high school last week elected Mary Alice Brown class president for the school year and Guy Wilson vice-president. Other officers elected at the class meeting were Arlene Joyner, secretary; Ramona Taylor, treasurer; Joyce Whitehurst, sgt. at arms; Delma Worthington; Lou Dall, reporter.

As one of its chief projects for the year, the class undertook the selling of magazines for the Curtis Publishing Co. and sold over \$1,015 worth of magazines. This was more than twice the goal of \$500 set for the magazine sales, and was the largest amount any class of Ayden high school has sold.

Profits from the magazine sales will be used to finance the class trip to Washington, D.C. next spring.

**Wilson's Weekly Bulletin**  
FROM THE **Rector Kitchens**

For Those Who Dare to Try Something Different!

Our recipes for today may surprise you. Because they are so easy yet so different, let's call them, "Tropical Hashes." If you will dare to experiment, we'll convince you that Wilson's Certified Corned Beef Hash is easily and quickly converted into the piece de resistance of two scrumptious meals. All our taste testers went simply wild about Wilson's Hashes as fixed in these exotic ways with fruits. From now on, Tropical Hashes are going to be their extra-special favorites. They're curious to try Wilson's Certified Corned Beef Hash with each and every fruit as it comes to market.

**Would You?????????**  
If so, you will be forever grateful to the Rector Kitchens for introducing you to such d-e-l-i-c-i-o-u-s quickies.

Only 15-30 minutes from cupboard to table. That is why we always include a can of Wilson's Certified Corned Beef Hash on our "Quickie Shelf."

**Tropical Hashes with Fruits (Clip and File)**  
With Pineapple: Put into an oiled-with-margarine, ovenproof casserole: 1 can Wilson's Certified Corned Beef Hash  
Sprinkle over it: 1/2 teaspoon Cloves (Whole or powdered) 1/2 cup (1/2 oz.) Crushed Pineapple and 1/4 to 1/2 cup brown sugar, firmly packed.  
Four over hash and bake in a moderate oven (375° F.) 15 to 30 minutes, depending on juiciness of pineapple used. When done, it should serve up as shapely spoonfuls of Hash rather than be wet. Wet or soggy Hash is never good!  
With Bananas: Split into halves, then quarters.  
2 firm bananas  
Sauté a golden brown in: 2 tablespoons Wilson's Clear Brook Butter or Certified Margarine.  
Remove fruit from frying pan into which you now put contents of 1 can Wilson's Certified Corned Beef Hash and heat thoroughly. Serve hot with sautéed bananas on top as a garnish.  
For the gourmet touch you may like to serve these hashes with Mock Hollandaise. This is made by mixing equal parts of thick white sauce and Wilson's Mayonnaise adding just a touch of horseradish to your taste.  
\*Women will like the sweeter Hash.

# Pirates Polish Defense In Final Practice For Homecoming

## Bucs In Top Shape; Upset Possible For Friday Tilt

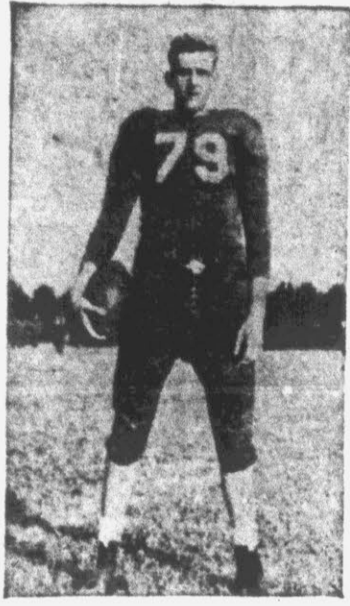

By EUGENE PRICE  
 ECTC's Purple Pirate aggregation tapered off with a light signal drill yesterday afternoon and will work out in light gear today as they conclude preparations for their Friday night homecoming clash with the Catamounts of West Carolina Teachers college.

Today's final session will be devoted to polishing up the Pirate pass defense in anticipation of a strong passing Catamount foe.

In view of their record, yet to be brightened by a victory, the Pirates of ECTC will play the role of underdogs for the fourth time of the season. But some local Pirate followers are looking for a rejuvenated ECTC outfit Friday night and all this week the Pirates have been going through their paces with an upset in their eyes.

An upset it would be should the Pirates win the contest. Coach Tom Young's Catamounts will be waving the scalp of the 1947 Pirate squad. The Pirates bowed to the tune of 28 to nothing last season. This year WCTC has defeated Eastern Tennessee 32 to 12 in a non-conference

### Quarterback

THE MIGHTY MEANNIE. Frank Maennle, ECTC's driving quarterback who will probably do some of the passing Friday night against WCTC. Maennle has been showing up very well on passing and running in practice this week.

## Gridiron Gossip

By "BOO BOO" BUTLER

See the football stars of tomorrow this afternoon at Guy Smith Stadium when the Jr. Varsity of Greenville plays host to the Roanoke Rapids Jr. Varsity. Game time is 4 p.m. The Baby Yellow Jackets are favored over the Baby Phantoms, but I think it will be a toss-up.

The Kinston Red Devils will play New Bern Friday night in a North State Conference tilt. The Red Devils, who are undefeated in conference play, will be looking for their fourth victory.

Question from Greenville: Did Michigan ever play in the Rose Bowl other than in 1948?  
 Ans: Yes. In 1920 Michigan defeated Stanford 49 to 0 and in 1948 Michigan defeated Southern California 49 to 0.

The Pirates went through a light workout today, running through signal drills with light blocking. Buck Wilson, star pivot-man, was in light gear because of a leg injury. Coach Johnson said that Wilson would take it easy for a couple of weeks and that he definitely would not see action Friday night. Joe Pollitt will be the starting center. The probable starting lineup will be: Ends—Worthington and Peele; Tackles—Wyatt and Kilpatrick; Guards—Baggett and Cockrell; Center—Pollitt; Halfbacks—Wood and Kolvick; QB—Mannaele; Fullback—Smith.

There are still tickets left for the ECTC-WCTC football game to be played Friday night in Guy Smith Stadium. Advance tickets can be obtained from any Jaycee.

I would like to take this opportunity to congratulate Jimmy Smith for his cooperation and in the excellent job he is doing in the printing of our football programs. We thank also the merchants and other businessmen who gave us ads.

**Boston Yanks Sign Standout**  
 Boston, Oct. 14—(AP)—The Boston Yanks today picked up Allen Dekebrun, standout Cornell quarterback in 1946, and will use him in their National Football League game against the Pittsburgh Steelers here Sunday.

Yesterday the Yanks signed Ralph Heywood, recently released by the winless Detroit Lions.

## Red Sox Shakeup Continues; More Old Faces Gone

Boston, Oct. 14—(AP)—It's almost a cinch bet Boston Red Sox Owner Tom Yawkey, Vice President Eddie Collins, General Manager Joe Cronin, and Manager Joe McCarthy will be around next season—but don't bet on anyone else except possibly some of the better players.

Yawkey couldn't hide his disappointment over losing the American League pennant, and much of the blame is being passed around to Sox and farm officials.

The shakeup in the Sox organization which began before the club was beaten out in an unprecedented playoff appears likely to continue.

Three members of the organization are gone and the Sox, rejecting all questions, indicate the three resigned.

The three disagree and say, in effect, "We didn't jump, we were pushed."

Latest to go is Del Baker, veteran coach and onetime Detroit Tigers manager, who will be replaced by Hazen (Kiki) Cuyler, erstwhile star National League outfielder and more recently a Southern Association manager. Cuyler played under McCarthy when the latter managed the Chicago Cubs.

The Sox office, reporting the change, said Baker had resigned. At his San Antonio, Tex., home Baker retorted he had been dismissed in a telephone conversation with Cronin.

George (Specs) Toporcer also said he wanted "to stay in baseball" after the Sox said that he had resigned, that his health was poor and that his farm director's job had been filled by Scout Johnny Murphy.

"My health is fine," Toporcer told friends after he had been replaced. Toporcer's resignation—dismissal followed by a few days the firing of Assistant General Manager Phil Troy, who had been with the Sox for 18 years.

Cronin and others in the Sox organization fended off all inquiries concerning Troy. But Troy told close friends:

"Tom Yawkey called me into his office and told me, 'Phil, I hate to do this but you don't fit into our contemplated reorganizational plans.'"

The Sox later announced Troy "no longer is with the club and his duties, without the title of assistant general manager, will be assumed by Richard O'Connell."

## Baseball League Wants Five New Club Managers

Los Angeles, Oct. 14—(AP)—Wanted, by the Pacific Coast Baseball League, five managers.

Five of the league's eight clubs listed vacancies today following the signing by the New York Yankees of Casey Stengel of the Oakland club to pilot the Bombers and Jim (The Milkman) Turner as his coach.

Previously, San Diego and Jimmy (Ripper) Collins parted company and ditto for Jimmy Dykes and Hollywood, and Joe Orango and Sacramento.

Lefty O'Doul of San Francisco Bill Kelly of Los Angeles and Jo Jo White, Seattle, are the three left from last season's campaign.

"We certainly hate to lose two men such as Casey Stengel and Jim Turner. They were real assets to this league," said League President Clarence Rowland.

## Unbeaten Tar Heels Face 'Fired-Up' Rival In State

Chapel Hill, N.C., Oct. 14—(AP)—Unbeaten North Carolina placed atop this week's national poll of newsmen by the Associated Press, runs into another fired-up opponent here Saturday when North Carolina State comes to town.

Carl Snavely's Tar Heels have turned back Texas, Georgia and Wake Forest in that order to run their two-year winning streak to 10 games. In each case the victor went into the game on the heels of a victory the previous week and was gunning for the Carolinians.

Now State, after going without a point in its first two games, playing a scoreless tie with Duke and dropping a 6-0 game to Clemson, appears ready for a major effort by its junior and sophomore dominated squad.

Coach Beattie Feathers, the old Tennessee and Chicago Bear brilliant, turned loose a four-team avalanche last Saturday night and State smacked Davidson, 40-0, in what had been expected to be a tight ball game.

The 40-point total was the third highest in five years for Feathers at State. Beattie's boys had power to burn as a host of fast-stepping backs really turned it on.

Talback Gwyn Fletcher and Bill Thompson did not play due to injuries, but their absence gave two sophomores a chance to star. Ed Mooney, who showed great promise in his debut at Clemson, and Roland Evedand, just up from the B squad, displayed running and passing brilliance that needs only experience to sharpen them.

With the game developing into a rout, Feathers had a chance to clear the bench and also experiment with a few T formation plays as a departure from his strict Tennessee style.

A year ago State, playing nine opponents, had the nation's ninth best total defense record and was

third defending against passing. This despite the fact that North Carolina smacked the Wolfpack, 41-7, for the highest score the Tar Heels ran up since the first game of the series back in 1884. North Carolina has won 27, dropped five and tied six. Since 1927 State has won only two games, one-touchdown decisions in 1941 and '42.

With the scoring punch finally found and a line that has yielded an average gain of 99 yards to date, State may give the howl-minded Tar Heel supporters some anxious moments.

If State needed an added incentive to make life miserable for the Snavelymen that No. 1 national rating should have turned the trick.

## Hogan Leads Way In Golf Tourney At Glendale

Glendale, Calif., Oct. 14—(AP)—Ben Hogan, who hasn't been beaten in tournament play in southern California since January of 1946, heads the parade today as play begins in the \$15,000 Glendale Open.

Hogan finished second that year by Riviera Country Club—nearly as miles go in this area—and proceeded to win the 1947 and 1948 Los Angeles events and then the U.S. National Open at the same course last June.

The Glendale tournament scene is the Oakmont Country Club, a 6700-yard, par 72 layout where the touring pros and a sprinkling of California amateurs will stroke through 72 holes winding up Sunday.

Syracuse University first fielded a football team in 1889.

## Victory Rally Slated Spark Friday Contest

### Sell-Out Crowd For USC-Irish

Los Angeles, Oct. 14—(AP)—The Notre Dame - Southern California football game Dec. 4 has already been pronounced a sell-out. USC ticket manager John Morley said applications received assure a packed crowd and he added that further applications will be turned down. More than 104,000 squeezed into Memorial Coliseum to see the Irish annihilate the Trojans last year.

East Carolina Teachers College's football followers will chant their victory cry tonight when the entire Purple Pirate squad, student body, and followers, meet for a homecoming game pep rally on the east end of the ECTC practice field. Tonight's pre-game pow-wow will set off one of the most colorful celebrations ever to greet a Pirate homecoming contest.

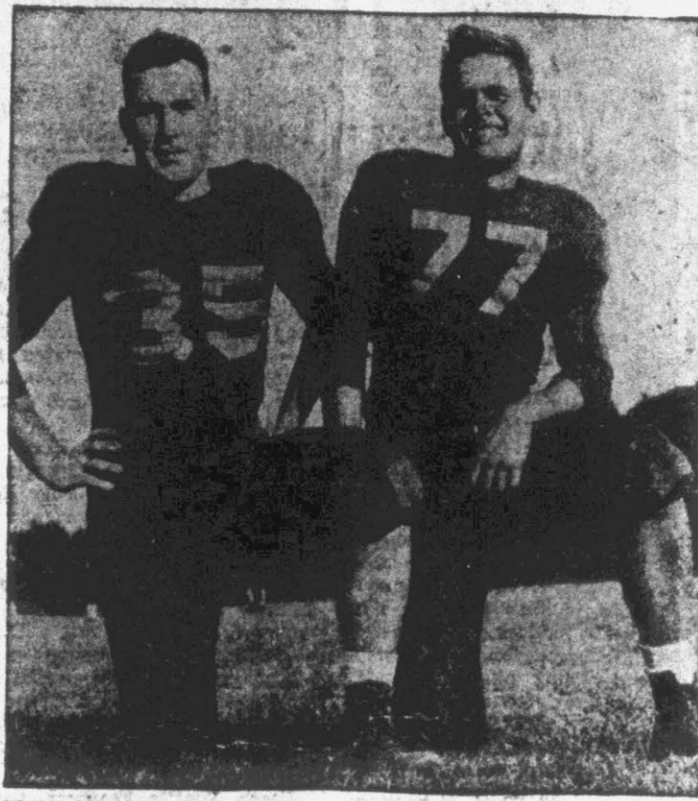

The entire Pirate squad will be introduced to the fans and student body and Coaches Jim Johnson and Jack Boone will be on hand for their remarks concerning Friday night's affray with the West Carolina Teachers College Catamounts. ECTC's crackerjack cheer leaders and cheering section will lend their vocal support to the occasion which will be held around the light of a huge bonfire. The festivities begin at 7 o'clock.

Friday afternoon a big parade, featuring the performances of the ECTC and Greenville high school bands, the complete turnout of both white and colored Boy and Girl Scout units, and hundreds of the ECTC students will file down Fifth Street then through the business district to the courthouse. The parade begins at 3:30 and will be highlighted by a pep rally on the courthouse green. Radio Station WCTC will broadcast the pep rally beginning at 4:15.

H. L. Brown, publicity chairman of the Greenville Junior Chamber of Commerce, announced last night that an airplane, outfitted with a loudspeaker, will be flown all over the county Thursday and Friday publicizing the Friday night contest. The Jaycees have gone all out in their efforts to make good an attempt to get 3,000 fans to the ball game. Brown said last night that even should it rain Guy Smith Stadium will be able to seat at least 2,000 fans comfortably in the grandstand out of the rain.

During halftime at the ball game the ECTC band, sporting its new uniforms, will put on a performance for which it has been practicing every afternoon this week. The Greenville band will be seated on the WCTC side of the playing field to lend their musical support to the visitors in a show of typical Pitt County hospitality.

## Sure To Be In Friday's Game

SURE STARTERS. Co-Captain Johnny Wyatt, of Portsmouth, and Tackle Keith Kilpatrick of Kinston are two Purple Pirate linemen who are sure to be in the game when the starting whistle blows. Other positions may alternate depending on whether the ECTC squad is on offense or defense. Wyatt and Kilpatrick are usually in there for almost the whole game, leading the Pirate forward wall.

## Phantoms Play Elizabeth City In Conference Game

By TOMMIE LUPTON

Tomorrow night, Coach Bo Farley's Green Phantoms travel to Elizabeth City where they tangle with the Yellow Jackets in a North-eastern Conference tilt. Phantom kicker, Joe Allgood, will not see action against the Jackets because of an injury received in the Dunn game.

Sam Northrop, G-man end, who has been out of school because of illness, will see only limited action, if any at all.

The other Green end, Raby Edwards, will probably be out of the line-up because of a nose injury received in the Dunn scrap. The Phantom eleven will be out to get revenge for last year's 33-0 licking.

The Yellow Jackets will be an 18 point favorite over the Phantoms when tilt gets underway. The probable starting line-up will be Conway, center; Fleming and Robertson, guards; Lee and Bland, tackles; Frye and Ward, ends; Morgan, wingback; Farley, blocking back; Bland, fullback; and Cox, tailback.

Coach Honey Johnson's Yellow Jacket squad lost its entire first string backfield last season and only two starting linemen from '47 are seeing action this year. Elizabeth City has been far from impressive this year. The tied Holy Trinity, tied Edenton, lost to Kinston and to Roanoke Rapids.

The Jacket offense will probably be sparked by Garland Anderson, towering fullback from last year's reserves and by Billy Pappendick, a rookie quarterback who has been very impressive this season. In the line the Jackets boast the services of scrapping Bunch McPherson at guard and Big Joe Butler, 185 pounder, at tackle. The remainder of the Jacket forward wall will be composed of last year's reserves and Junior Varsity.

## University Will Fete Boudreau

Champaign, Ill., Oct. 14—(AP)—Lou Boudreau, player-manager of the world's champion Cleveland Indians, will be feted with a "Boudreau Day" by the University of Illinois Oct. 22. Boudreau will appear between halves of the Illinois-Purdue football game at Memorial Stadium. The 31-year-old Illinois graduate will be the second former Illinois athlete honored with a day in his name. The first was the fabulous Red range, "Galloping Ghost" of the gridiron in the 1920's.

## Swimming Star Will Be Honored

Philadelphia, Oct. 14—(AP)—Olympic swimming champion Joe Verdeur will be honored by the La Salle College student body at a rally tomorrow. Mayor Bernard Samuel has proclaimed the day "Joe Verdeur Day." He cited Verdeur's "contribution to the world of sports and in consideration of the world-wide recognition our city has received as a result of his diligent training and spectacular achievements in aquatic sports."

## Mixed Doubles Team Top-Seeded

Mexico City, Oct. 14—(AP)—A U. S. mixed doubles team has been seeded No. 1 for the seventh Pan-American Tennis Tournament opening Saturday. Victor Seixas, Philadelphia, Pa., and Nancy Chaffee, Ventura, Calif., drew the No. 1 honor out of 16 couples. Jaroslav Drobný, Czechoslovakia, and Nelly Landry, France, were seeded No. 2; Eric Sturgess, and Sheila Summers, Union of South Africa, No. 3; and Armando Vega, Mexico, and Dorothy Head, Alameda, Calif., No. 4.

## Flyweight Champ Will Defend Title

New York, Oct. 14—(AP)—Flyweight Champion Rinty Monaghan of Belfast is coming to the United States to defend his 112-pound title against Dado Marino of Honolulu probably at Los Angeles in early January.

This is the first answer to the reorganized Twentieth Century Sporting Club by the rival Tournament of Champions, which will promote the Monaghan-Marino go. Promoter Andy Niederreiter of the T. of C. said he planned to operate in all sections of the country and even in Europe, if the right bouts materialize.

Although details have not been arranged, the Monaghan - Marino bout probably will be staged outdoors at the Los Angeles Coliseum shortly after New Year's Day.

The last flyweight title scrap in America was held at Oakland, Cal., Oct. 4, 1939, when Jackie Jurich defeated Small Montana. At that time Peter Kane was generally accepted, outside the U. S., as world champ. The crown passed to Jackie Paterson of Scotland and was awarded to Monaghan after Paterson, weakened in a weight-making ordeal, failed to go through with a scheduled bout with Monaghan in 1947.

## Pass Defense In Penn Strategy

Philadelphia, Oct. 14—(AP)—Coach George Munger, University of Pennsylvania grid coach, is concentrating on pass defense in hopes of bottling up Gene Rossides, Columbia's great passer, in the Saturday game at Baker Field, New York. Bill Talarico and Harry Injaljan, both difficult to elude on a pass, were employed as defensive halfbacks in a game-length scrimmage which Munger conducted yesterday.

Richard Harris, co-captain of the Texas Longhorns, won all-conference honors at center in 1945 and '46, and was named All-America tackle last season. He is back at the pivot post this campaign.

Rock Stroud, a former star guard for the University of South Carolina Gamecocks, is coaching the freshman squad.

Stan Stree, former Villanova football player who graduated in 1941, is coaching the Philadelphia Naval Base grid team. Of Clemson, S.C. College's 40 varsity football players, 26 are from South Carolina. Authorities estimate that about 44,000 lightning storms occur daily throughout the world. The summit of Mt. Washington in New Hampshire is 6,293 feet above sea level. Eight members of the 1948 Syracuse football team, all war veterans, are married. The University of Alabama fielded its first football team in 1892.

# 21 Opinions By Supreme Court

Raleigh, N. C., Oct. 14—(AP)—The State Supreme court yesterday turned down an attempt to prevent the holding of a beer-wine election in Avery county.

However, while the appeal was being made, the election was held and the Avery voters decided to outlaw the sale of the two beverages.

In a state case, the court upheld the conviction in Mitchell county of Clarence Franklin, who was sentenced to seven to ten years for the slaying of 13-year-old Christine Franklin, his first cousin.

The court found no error in a case in Pasquotank county in which Mrs. Wilma T. Garrett, was awarded a judgment of \$30,000 in a suit against her husband Elton F. Garrett, and Lois Feiler.

A lower court ruling was upheld in a case in which N. C. Rhodes of Wilmington is suing the cities of Asheville and Hendersonville for \$100,000 in the death of his son N. Cecil Rhodes, Jr., young Rhodes was slain by a night watchman at the Asheville-Hendersonville airport on Aug. 6, 1947, while en route home from Mars Hill college, where he was a student.

The court refused to review a case in which Laurie D. Taylor, Jr., 18 sought a writ of Habeas corpus, contending that he was being wrongfully imprisoned because he was denied the benefit of counsel at his trial.

Taylor was charged in Pitt Superior court last January on four counts of first degree burglary, a capital offense, and four counts of larceny. He tendered a plea of guilty to second degree burglary and guilty of larceny and was sentenced to life imprisonment of each of the burglary counts and to 10 years on each of the larceny charges.

Later Taylor sought a writ of habeas corpus, and after a hearing Judge John J. Burney dismissed the writ.

In all the court handed down 21 opinions yesterday. The list of opinions follows:

Garrett vs Garrett, Pasquotank, no error.

MacClure vs Insurance Company, Buncombe, reversed.

Wheless vs Barrett, Edgecomb, no error.

Hunter vs Peterson, Halifax, affirmed.

Cherry vs Andrews, Bertie, reversed.

Medlin vs Powell, et al, Vance, affirmed.

Rhodes vs Asheville, Henderson, affirmed.

Wyatt and White vs Coach Co., Rutherford, no error.

Le et als vs Ledbetter, et al, Henderson, reversed.

State vs Franklin, Mitchell, no error.

State vs Hicks, Lee, no error.

State vs Williams, Lee, reversed.

Potter vs Clark, Admx., Wayne, no error.

Henderson vs Gill, Wilkes, affirmed.

Bus Co. vs Dairy Products, Wilkes, affirmed.

Eiler vs Wall, Avery, appeal dismissed.

Horton vs Ferry, Chatham, reversed.

Garris vs Byrd, Wilkes, error.

Whitaker vs Wade, Wayne modified and affirmed.

In re McKnight, Wake, certiorari denied.

In re Taylor, Wake, certiorari denied.

## Deadly Weapon

**By Wade Miller**

Chapter 20  
"Can he talk now, Doc?" asked Clapp.  
"Sure," said Dr. Stein. "All the stitches are in. Can't have him moving his mouth while I'm putting stitches in. Come back tomorrow, James, and I'll check them. We won't bandage it. Stitches'll come out in about a week."  
"Thanks, Stein," said Walter James, sitting erect on the operating table.  
Clapp grinned. "The Atlanta report came in this morning."  
"I know," said Walter James.  
"The Atlanta outfit gave you a good reference. They said you were a little bloody but ran the squarest private agency they'd ever seen." The big man squinted. "What do you mean, you knew the report was in?"  
"Luz quoted it to me," he said flatly. "Figure that one out."  
"But it's never left homicide!" said Felix.  
"Then check your wire office. You've sprung a leak somewhere."  
Walter James said, "Thanks again, Stein," and the three men went out into the hall. Kevin got up from the bench.  
"Did it hurt, Walter?" She took his hands.  
"No, redhead. Stein's a good man—handy with a needle. I told you it wouldn't show."  
"She regarded his face quizzically. "Maybe not later but it's pretty gruesome right now." She looked at Clapp. "May we go now?" He really ought to get some rest."  
"I'm afraid we have a few things to talk over, Miss Gilbert." He turned to Walter James. "There's a man in my office I want you to meet."  
"I see," said the smaller man. "Will you read magazines for a while, Kevin? I'll try to make this quick."  
Walter James went into the office first. The man who was sitting by Clapp's desk rose briskly to his feet. In front of his ears, bushy black hair had turned iron color. There were flecks of iron in his mustache and his face was all business.  
"Mr. Maslar—Mr. James," said Clapp.  
Walter James smiled and shook hands. "How do you do, Maslar. F.B.I.?"  
Maslar nodded shortly. "I can see you're not at your best right now, James. But I thought we'd all better get together on this as soon as possible."  
Clapp walked around his desk. "I called Maslar as soon as the wires got here this morning. It looks like you've uncovered something, son. Everybody sit down and get comfortable."  
After the scraping of chair legs, Maslar said, "Clapp's briefed me on everything."  
Clapp spoke up, "Suppose you tell us of your fun this morning, James."  
"Thanks," said Walter James. "Esteban Luz owns the Devil's Bar in Tituana. It's a fairly classy lay-out. He's known in his circle as Big Steve and he has a son, Little Steve Luz. The other man I met was named John Darmer. Luz introduced him as his executive manager."  
The F.B.I. man nodded.  
"Luz has had contact with Dr. Boone. He mentioned him as being big and healthy looking. That's as far as he went on the subject."  
Clapp mused. "Then Dr. Boone does exist."  
The slender man blew out smoke. "That's the way I felt. At long last, someone's actually seen him."  
"Anyway, Luz also knew of the Filipino, which wasn't played up much in the papers."  
"That was after I had called him on the XEGG deal," Walter James exchanged glances with Clapp. He leaned forward in his chair, fingers laced tightly together, and stared at the floor. "This is the part I hate. Two nights ago Kevin—the Gilbert girl," he added for Maslar's benefit, "told me why she suspected her father was keeping Shasta Lynn. Gilbert, who is no chaser, goes out one night a week and recently Kevin caught him in a couple

of lies about where. She got suspicious and, nosing around, found the old man had given Shasta Lynn that house in La Mesa as an outright gift plus some money every month. I don't know how much, but enough to dent his bank account. That's the reason Kevin was at the Grand Theater, Clapp. She wanted to take a look at Shasta."  
"I get it," said the big man.  
"Just get it straight. The poor kid doesn't know her father's got a finger in this goof-ball pie. She just happened to pick the night to go scouting that the Filipino was murdered. There was a chance in a million that she'd pick that night and sit next to him, but she did."  
Felix granted, "It never fails."  
Clapp interrupted. "You figure Luz as the boy who gets the marijuanas across the border?"  
"That's it. He probably has trucks

coming across to pick up American liquor and beer. It wouldn't be hard. The border men can't find everything, and they're easier on the regular commercial traffic. I figure Luz gathered it in, Darmer brought it across to the Filipino, the Filipino delivered it to Gilbert and Gilbert sent it on to Atlanta."  
Clapp pursed his lips. "Fair enough."  
"Well, back to what got me this beating. Something Kevin said about her father always listening to the radio—to XEGG—gave me a wild hunch. So in front of Luz, I called the station and asked which specific day every week the Devil's Bar radio advertisements were broadcast." He paused. "And look at me now."  
"That was the answer?"  
"That was one answer. When Luz broadcast his plugs, that was the

The Farm Bureau lists as its purposes getting a fair share of the nation's wealth for the farmers, supporting bills in Congress which will benefit the farmers of the country, and carrying out programs which are designed to help farmers.

### Forsees Larger British Buying

Raleigh, N.C., Oct. 14—(AP)—Larger purchases of American tobacco by the British next year are predicted by J. B. Hutson, president of Tobacco Associates, Inc.

Back from a two-month tour to observe European economic conditions, Hutson said British fine-cured tobacco stocks are getting low, while the average English smoker continues to prefer American tobacco.

He said that regardless of the British government program to cut purchases of American tobacco to a minimum, he feels that British buying will be "substantially more" next year than this year.

British stocks, now large enough to last about a year, will be considerably lower when next year's buying starts, Hutson declared. He said Britain bought only about 260 million pounds from the 1947 and 1948 American crops, compared with prewar purchases of about 200 million pounds a year.

### Germany's . . .

(Continued from page one) view of the part which the Reich can play in European economic recovery. French Foreign Minister Robert Schuman came out in support of this procedure. That was 24 hours after he had talked with Paul Hoffman, U.S. administrator for the European Recovery Program. Meanwhile Hoffman had gone to London for a conference with Foreign Secretary Ernest Bevin, who also is said to have agreed reluctantly to the proposal. Now this doesn't necessarily mean that there will be any alteration in the German reparations program as originally laid down. A review may not change the situation. Still, the mere fact that the western allies appear prepared to reconsider the whole German situation is in itself a momentous development. It isn't going too far, I believe to say that world peace will depend heavily on how this problem is handled. The western democracies may find it possible to meet Moscow's threat by putting Germany on its feet—always, of course, with proper safeguards against the re-creation of a strong war potential in the Reich.

### Zacharias . . .

(Continued from page one) would begin the work of a definite peace treaty for the defeated Axis nations." The world does not wish to see either Germany or Japan again strong militarily and this matter will be seen to in any peace plans worked out," he said. On the subject of possible war between Russia and America, Admiral Zacharias pointed out that Russia does not want a war and is not in position to fight a war, pointing out that America's ability along this line is better than ten to one over Russia. Answering a question as to the possibility of a revolution in Russia he declared that the Russian people are firmly united and that he felt talk of a possible revolution was propaganda of the deposed white Russians who would gladly force us

### Into war if it meant the overthrow of the present Russian regime and their return to power.

Another question as to the possible growth of Communism in this country brought the reply that he believed Communism in America was definitely on the downgrade. He said the American people were jarred into a full realization of the aims and objects of Communism when the a-bomb espionage activities in Canada were revealed and since that time the campaign against Communism in this country is bringing results.

The speaker revealed many personal experiences as chief intelligence officer for the navy and steps taken by the department that had telling effects in bringing an end to the war against Japan. Admiral Zacharias is author of the best seller "Secret Missions" and on each Sunday night at nine o'clock over the Mutual Broadcasting System he presents a dramatization of events of the recent war under the same title.
